(g) Upon the filing of a petition under subdivision (d) or (f), the court shall grant an order, directed to the persons and returnable on such notice as the court may require, to show cause why the relief prayed for in the petition should not be granted and, in due course, grant such relief as the court finds to be in the best interests of the minor.

3919. (a) A minor who has attained the age of 14 years, the minor's guardian of the person or legal representative, an adult member of the minor's family, a transferor, or a transferor's legal representative may petition the court for any of the following:

(1) An accounting by the custodian or the custodian's legal representative.

(2) A determination of responsibility, as between the custodial property and the custodian personally, for claims against the custodial property unless the responsibility has been adjudicated in an action under Section 3917 to which the minor or the minor's legal representative was a party.

(b) A successor custodian may petition the court for an accounting by the predecessor custodian.

(c) The court, in a proceeding under this part or in any other proceeding, may require or permit the custodian or the custodian's legal representative to account.

(d) If a custodian is removed under subdivision (f) of Section 3918, the court shall require an accounting and order delivery of the custodial property and records to the successor custodian and the execution of all instruments required for transfer of the custodial property.

(e) The right to petition for an accounting shall continue for one year after the filing of a final accounting by the custodian or the custodian's legal representative and delivery of the custodial property to the minor or the minor's estate.

3920. The custodian shall transfer in an appropriate manner the custodial property to the minor or to the minor's estate upon the earlier of the following:

(a) The minor's attainment of 18 years of age unless the time of transfer of the custodial property to the minor is delayed under Section 3920.5 to a time after the time the minor attains the age of 18 years.

(b) The time specified in the transfer pursuant to Section 3909 if the time of transfer of the custodial property to the minor is delayed under Section 3920.5 to a time after the time the minor attains the age of 18 years.

(c) The minor's death.

3920.5. (a) Subject to the requirements and limitations of this section, the time for transfer to the minor of custodial property transferred under or pursuant to Section 3903, 3904, or 3905 may be delayed until a specified time after the time the minor attains the age of 18 years, which time shall be specified in the transfer pursuant to Section 3909.

(b) To specify a delayed time for transfer to the minor of the custodial property, the words "as custodian for

_____ until age
(Name of Minor)

_____
(Age for Delivery of Property to Minor)

under the California Uniform Transfers to Minors Act" shall be substituted in substance for the words "as custodian for

_____ under the California
(Name of Minor)

Uniform Transfers to Minors Act" in making the transfer pursuant to Section 3909.

(c) The time for transfer to the minor of custodial property transferred under or pursuant to Section 3903 or 3905 may be delayed under this section only if the governing will or trust or nomination

provides in substance that the custodianship is to continue until the time the minor attains a specified age, which time may not be later than the time the minor attains 25 years of age, and in that case the governing will or trust or nomination shall determine the time to be specified in the transfer pursuant to Section 3909.

(d) The time for transfer to the minor of custodial property transferred by the irrevocable exercise of a power of appointment under Section 3904 may be delayed under this section only if the transfer pursuant to Section 3909 provides in substance that the custodianship is to continue until the time the minor attains a specified age, which time may not be later than the time the minor attains 25 years of age.

(e) The time for transfer to the minor of custodial property transferred by irrevocable gift under Section 3904 may be delayed under this section only if the transfer pursuant to Section 3909 provides in substance that the custodianship is to continue until the time the minor attains a specified age, which time may not be later than the time the minor attains 21 years of age.

(f) If the transfer pursuant to Section 3909 does not specify any age, the time for the transfer of the custodial property to the minor under Section 3920 is the time when the minor attains 18 years of age.

(g) If the transfer pursuant to Section 3909 provides in substance that the duration of the custodianship is for a time longer than the maximum time permitted by this section for the duration of a custodianship created by that type of transfer, the custodianship shall be deemed to continue only until the time the minor attains the maximum age permitted by this section for the duration of a custodianship created by that type of transfer.

3921. Subject to the power of the court to transfer actions and proceedings as provided in the Code of Civil Procedure, a petition filed under this part shall be heard and proceedings thereon held in the superior court in the proper county, which shall be determined as follows:

(a) If the minor resides in this state, in either of the following counties:

(1) Where the minor resides.

(2) Where the custodian resides.

(b) If the minor does not reside within this state, in any of the following counties:

(1) Where the transferor resides.

(2) Where the custodian resides.

(3) Where the estate of a deceased or legally incapacitated custodian is being administered.

(4) Where a parent of the minor resides.

(c) If neither the minor, nor the transferor, nor any parent resides within this state, and no estate of a deceased or legally incapacitated custodian is being administered within this state, in any county.

3922. This part applies to a transfer within the scope of Section 3902 made on or after January 1, 1985, if either of the following

requirements is satisfied:

(a) The transfer purports to have been made under the California Uniform Gifts to Minors Act.

(b) The instrument by which the transfer purports to have been made uses in substance the designation "as custodian under the Uniform Gifts to Minors Act" or "as custodian under the Uniform Transfers to Minors Act" of any other state, and the application of this part is necessary to validate the transfer.

3923. (a) As used in this section, "California Uniform Gifts to Minors Act" means former Article 4 (commencing with Section 1154) of Chapter 3 of Title 4 of Part 4 of Division 2 of the Civil Code.

(b) Any transfer of custodial property, as now defined in this part, made before January 1, 1985, is validated, notwithstanding that there was no specific authority in the California Uniform Gifts to Minors Act for the coverage of custodial property of that kind or for a transfer from that source at the time the transfer was made.

(c) This part applies to all transfers made before January 1, 1985, in a manner and form prescribed in the California Uniform Gifts to Minors Act, except insofar as the application impairs constitutionally vested rights.

(d) To the extent that this part, by virtue of subdivision (c), does not apply to transfers made in a manner prescribed in the California Uniform Gifts to Minors Act or to the powers, duties, and immunities conferred by transfers in that manner upon custodians and persons dealing with custodians, the repeal of the California Uniform Gifts to Minors Act does not affect those transfers or those powers, duties, and immunities.

3924. This part shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this part among states enacting it.

3925. This part shall not be construed as providing an exclusive method for making gifts or other transfers to minors.

SEC. 9.2. Section 6245 of the Probate Code is amended to read:

6245. The mandatory clauses of all California statutory wills are as follows:

(a) INTESTATE DISPOSITION. If the testator has not made an effective disposition of the residuary estate, the executor shall distribute it to the testator's heirs at law, their identities and respective shares to be determined according to the laws of the State of California in effect on the date of the testator's death relating to intestate succession.

(b) POWERS OF EXECUTOR. (1) In addition to any powers now or hereafter conferred upon executors by law, including all powers granted under the Independent Administration of Estates Act, the executor shall have the power to: (A) sell estate assets at public or private sale, for cash or on credit terms, (B) lease estate assets without restriction as to duration, and (C) invest any surplus moneys of the estate in real or personal property, as the executor deems advisable.

(2) The executor may distribute estate assets otherwise distributable to a minor beneficiary to (A) the guardian of the minor's person or estate, (B) any adult person with whom the minor resides and who has the care, custody, or control of the minor, or (C) a custodian, serving on behalf of the minor under the Uniform Gifts to Minors Act of any state or the Uniform Transfers to Minors Act of any state.

The executor is free of liability and is discharged from any further accountability for distributing assets in compliance with the provisions of this paragraph.

(3) On any distribution of assets from the estate, the executor shall have the discretion to partition, allot, and distribute the assets (A) in kind, including undivided interests in an asset or in any part of it, or (B) partly in cash and partly in kind, or (C) entirely in cash. If a distribution is being made to more than one beneficiary, the executor shall have the discretion to distribute assets among them on a pro rata or non-pro rata basis, with the assets valued as of the date of distribution.

(c) POWERS OF GUARDIAN. A guardian of the person nominated in the California statutory will shall have the same authority with respect to the person of the ward as a parent having legal custody of a child would have. A guardian of the estate nominated in a California statutory will shall have all of the powers conferred by law. All powers granted to guardians in this paragraph may be exercised without court authorization.

SEC. 9.3. Section 6246 of the Probate Code is amended to read:

6246. In addition to the mandatory clauses contained in Section 6245, the California statutory will with trust form shall also incorporate the following mandatory clauses:

(a) INEFFECTIVE DISPOSITION. If, at the termination of any trust created in the California statutory will with trust, there is no effective disposition of the remaining trust assets, then the trustee shall distribute those assets to the testator's then living heirs at law, their identities and respective shares to be determined as though the testator had died on the date of the trust's termination and according to the laws of the State of California then in effect relating to intestate succession.

(b) POWERS OF TRUSTEE. (1) In addition to any powers now or hereafter conferred upon trustees by law, the trustee shall have all the powers listed in Section 1120.2. The trustee may exercise those powers without court authorization.

(2) In addition to the powers granted in the foregoing paragraph, the trustee may:

(A) Hire and pay from the trust the fees of investment advisors, accountants, tax advisors, agents, attorneys, and other assistants for the administration of the trust and for the management of any trust asset and for any litigation affecting the trust.

(B) On any distribution of assets from the trust, the trustee shall have the discretion to partition, allot, and distribute the assets (i) in

kind, including undivided interests in an asset or in any part of it, or (ii) partly in cash and partly in kind, or (iii) entirely in cash. If a distribution is being made to more than one beneficiary, the trustee shall have the discretion to distribute assets among them on a pro rata or non-pro rata basis, with the assets valued as of the date of distribution.

(C) The trustee may, upon termination of the trust, distribute assets to a custodian for a minor beneficiary under the Uniform Gifts to Minors Act of any state or the Uniform Transfers to Minors Act of any state.

(3) The trustee is free of liability and is discharged from any further accountability for distributing assets in compliance with the provisions of this paragraph.

(c) TRUST ADMINISTRATIVE PROVISIONS. The following provisions shall apply to any trust created by a California statutory will with trust:

(1) The interests of trust beneficiaries are not transferable by voluntary or involuntary assignment or by operation of law and shall be free from the claims of creditors and from attachment, execution, bankruptcy, or other legal process to the fullest extent permissible by law.

(2) The trustee is entitled to reasonable compensation for ordinary and extraordinary services, and for all services in connection with the complete or partial termination of any trust created by this will.

(3) All persons who have any interest in a trust under a California statutory will with trust are bound by all discretionary determinations the trustee makes in good faith under the authority granted in the California statutory will with trust.

SEC. 9.5. The heading of Chapter 9 (commencing with Section 6340) of Part 1 of Division 6 of the Probate Code is amended to read:

CHAPTER 9. DEVISE SUBJECT TO CALIFORNIA UNIFORM TRANSFERS TO MINORS ACT

SEC. 10. Section 6340 of the Probate Code is repealed.

SEC. 11. Section 6341 of the Probate Code is amended to read:

6341. If a testator's will provides that devised property shall be paid or delivered or transferred to a custodian subject to the California Uniform Gifts to Minors Act or the California Uniform Transfers to Minors Act:

(a) All of the provisions of the California Uniform Transfers to Minors Act, Part 9 (commencing with Section 3900) of Division 4, including, but not limited to, the definitions and the provisions concerning powers, rights, and immunities contained in that act, are applicable to the devise during the period prior to distribution of the property.

(b) Unless the will clearly requires otherwise, if the person named as the beneficiary for whose benefit the custodial property is to be

held attains the age at which the custodianship was to terminate prior to the order of distribution, the devise shall be deemed to be a direct devise to the person named as the beneficiary for whose benefit the custodial property was to be held.

(c) The executor or administrator of the testator's estate, upon entry of an order for distribution, shall make distribution pursuant to the order for distribution by transferring the devised property in the form and manner provided by the California Uniform Transfers to Minors Act.

(d) If a vacancy in the custodianship exists prior to full distribution of the devised property by the executor or administrator, a successor custodian shall be appointed for any undistributed property in the manner provided by the California Uniform Transfers to Minors Act.

SEC. 12. Section 6342 of the Probate Code is repealed.

SEC. 13. Section 6343 of the Probate Code is repealed.

SEC. 14. Section 6344 of the Probate Code is repealed.

SEC. 15. Section 6346 of the Probate Code is repealed.

SEC. 16. Section 6348 of the Probate Code is amended to read:

6348. Until distribution of the property pursuant to an order for distribution is completed, the court in which administration of the estate of the testator is pending has exclusive jurisdiction over all proceedings and matters concerning undistributed property, including, but not limited to, the appointment, declination, resignation, removal, bonding, and compensation of, and the delivery or transfer of the undistributed property to, a custodian. After distribution of any property is completed, the court has no further jurisdiction over the distributed property and the property shall be held subject to the California Uniform Transfers to Minors Act.

SEC. 17. Section 6349 of the Probate Code is amended to read:

6349. (a) This chapter shall not be construed as providing an exclusive method for making devises to or for the benefit of minors.

(b) Nothing in this chapter limits any provision of the California Uniform Transfers to Minors Act, Part 9 (commencing with Section 3900) of Division 4.

CHAPTER 244

An act to add Section 43002.2 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 43002.2 is added to the Health and Safety Code, to read:

43002.2. The state board shall waive the provisions of this division on a case-by-case basis for the purpose of allowing the importation of vehicles designed only for use for disabled persons.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act relating to importation of special vehicles for disabled persons to take effect as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 245

An act to add Section 10101.5 to the Health and Safety Code, relating to vital statistics.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 10101.5 is added to the Health and Safety Code, to read:

10101.5. For those live births occurring in a hospital, and upon a parent's request, a footprint shall be taken of the child prior to discharge from the facility and shall be made available to the parents. The footprint shall be placed on a sheet of paper which is separate from the birth certificate, shall only be prepared for the parents prior to discharge from the hospital, and need not be retained or kept on file.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 246

An act to repeal Sections 39036, 43003, and 43103 of the Health and Safety Code, and to amend Sections 4000.1 and 24007 of, and to repeal Section 9250.5 of, the Vehicle Code, relating to air pollution.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 39036 of the Health and Safety Code is repealed.

SEC. 2. Section 43003 of the Health and Safety Code is repealed.

SEC. 3. Section 43103 of the Health and Safety Code is repealed.

SEC. 4. Section 4000.1 of the Vehicle Code is amended to read:

4000.1. (a) Except as otherwise provided in subdivision (b), (c), or (d) of this section, or subdivision (b) of Section 43654 of the Health and Safety Code, the department shall require upon initial registration, and upon transfer of ownership and registration, of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and upon registration of a motor vehicle previously registered outside this state which is subject to those provisions of the Health and Safety Code, a valid certificate of compliance or a certificate of noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code or with Section 9889.18 or 9889.56 of the Business and Professions Code.

(b) With respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, the department shall accept a statement completed pursuant to subdivision (b) of Section 24007 in lieu of the certificate of compliance.

(c) For purposes of determining the validity of a certificate of compliance or noncompliance submitted in compliance with the requirements of this section, the definitions of new and used motor vehicle contained in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code control.

(d) Subdivision (a) does not apply to a transfer of ownership and registration when:

(1) The transferor is either the parent, grandparent, child, grandchild, or spouse of the transferee.

(2) A vehicle registered to a sole proprietorship is transferred to the proprietor as owner.

(3) The transfer is between companies whose principal business is leasing vehicles, if there is no change in the lessee or operator of the vehicle.

(e) The State Air Resources Board, under Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code,

may exempt designated classifications of motor vehicles from the provisions of subdivision (a) as it deems necessary, and shall notify the department of that action.

SEC. 5. Section 9250.5 of the Vehicle Code is repealed.

SEC. 6. Section 24007 of the Vehicle Code is amended to read:

24007. (a) No dealer or person holding a retail seller's permit shall sell a new or used vehicle which is not in compliance with the provisions of this code and departmental regulations adopted pursuant to this code, unless the vehicle is (1) sold to another dealer, (2) sold for the purpose of being wrecked or dismantled, or (3) sold exclusively for off-highway use.

(b) No person shall sell, or offer or deliver for sale, to the ultimate purchaser a new or used motor vehicle, as those terms are defined in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code, subject to Part 5 (commencing with Section 43000) of that Division 26 which is not in compliance with the provisions of that Part 5 and the rules and regulations of the State Air Resources Board, unless the vehicle is either (1) sold to a dealer, or (2) sold for the purpose of being wrecked or dismantled. With each application for initial registration of a new motor vehicle or transfer of registration of a motor vehicle subject to that Part 5, a dealer shall transmit to the Department of Motor Vehicles a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that the vehicle is properly equipped with a certified device or devices which are in proper operating condition and which are in compliance with the provisions of that Part 5 and the rules and regulations of the state board.

With respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, a dealer may transmit, in lieu of a certificate of compliance, a statement, in a form and containing information deemed necessary and appropriate by the Director of Motor Vehicles and the Executive Officer of the State Air Resources Board, to attest to the vehicles compliance with the provisions of that Chapter 2. The statement shall be certified under penalty of perjury, and shall be signed by the dealer or the dealer's authorized representative.

CHAPTER 247

An act to amend Sections 3014, 3060, and 25650.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 3014 of the Vehicle Code is amended to read:

3014. The department shall provide the board with the services, as secretary, of a qualified, trained person, who shall, subject to civil service requirements, devote as much time as may be necessary to discharge the functions of the board as herein provided. In addition, the board may appoint an assistant secretary, who shall be exempt from civil service. The department, in addition, shall provide the board with the necessary personnel, office space, equipment, supplies, and services which, in the opinion of the board, may be necessary to administer this chapter. However, the board may contract with the department or another state agency for office space, equipment, supplies, and services, as determined by the board to be appropriate, for the administration of this chapter.

SEC. 2. Section 3060 of the Vehicle Code is amended to read:

3060. Notwithstanding Section 20999.1 of the Business and Professions Code or the terms of any franchise, no franchisor shall terminate or refuse to continue any existing franchise unless all of the following conditions are met:

(a) The franchisee and the board have received written notice from the franchisor as follows:

(1) Sixty days before the effective date thereof setting forth the specific grounds for termination or refusal to continue.

(2) Fifteen days before the effective date thereof setting forth the specific grounds with respect to any of the following:

(A) Transfer of any ownership or interest in the franchise without the consent of the franchisor, which consent shall not be unreasonably withheld.

(B) Misrepresentation by the franchisee in applying for the franchise.

(C) Insolvency of the franchisee, or filing of any petition by or against the franchisee under any bankruptcy or receivership law.

(D) Any unfair business practice after written warning thereof.

(E) Failure of the motor vehicle dealer to conduct its customary sales and service operations during its customary hours of business for seven consecutive business days, giving rise to a good faith belief on the part of the franchisor that the motor vehicle dealer is in fact going out of business, except for circumstances beyond the direct control of the motor vehicle dealer or by order of the department.

(3) The written notice shall contain, on the first page thereof, a conspicuous statement which reads as follows: "NOTICE TO DEALER: You may be entitled to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing on your protest under the terms of the California Vehicle Code if you oppose this action. It is important that you act promptly."

(b) The board finds that there is good cause for termination or refusal to continue, following a hearing called pursuant to Section

3066. The franchisee may file a protest with the board within 30 days after receiving a 60-day notice or within 10 days after receiving a 15-day notice. When a protest is filed, the board shall advise the franchisor that a timely protest has been filed, that a hearing is required pursuant to Section 3066, and that the franchisor may not terminate or refuse to continue until the board makes its findings.

(c) The franchisor has received the written consent of the franchisee, or the appropriate period for filing a protest has elapsed.

The franchisor shall not modify or replace a franchise with a succeeding franchise if the modification or replacement would substantially affect the franchisee's sales or service obligations or investment, unless the franchisor has first given the board and each affected franchisee notice thereof at least 60 days in advance of the modification or replacement. Within 30 days of receipt of the notice, a franchisee may file a protest with the board and the modification or replacement does not become effective until there is a finding by the board that there is good cause for the modification or replacement. If, however, a replacement franchise is the successor franchise to an expiring or expired term franchise, the prior franchise shall continue in effect until resolution of the protest by the board. In the event of multiple protests, hearings shall be consolidated to expedite the disposition of the issue.

SEC. 3. Section 25650.5 of the Vehicle Code is amended to read:

25650.5. Every motorcycle manufactured and first registered on and after January 1, 1978, shall be equipped with at least one and not more than two headlamps which automatically turn on when the engine of the motorcycle is started and which remain lighted as long as the engine is running. This section does not preclude equipping motorcycles used as authorized emergency vehicles with a switch to be used to turn off the headlamp during emergency situations or when the light would interfere with law enforcement, if the switch is removed prior to resale of the motorcycle.

CHAPTER 248

An act to amend Sections 2842 and 2843 of the Business and Professions Code, relating to healing arts.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2842 of the Business and Professions Code is amended to read:

2842. Each member of the board shall be a citizen of the United States and a resident of the State of California. Three members shall be duly licensed vocational nurses who have been licensed for a

period of not less than three years prior to appointment, one of whom shall be active in the practice of vocational nursing engaged primarily in direct patient care with at least three continuous years of experience in skilled nursing facilities which are not associated with a hospital and who shall not be engaged as a teacher or administrator of a nursing education program under the provisions of this chapter; two members shall be licensed psychiatric technicians, each of whom shall have had not less than five years' experience in a psychiatric hospital, or in a psychiatric unit of a hospital licensed by the Department of Health Services, or a private institution licensed by the Department of Health Services; one member shall be a licensed vocational nurse or registered nurse who shall have had not less than five years' experience as a teacher or administrator in an accredited school of vocational nursing; and five members shall be public members who are not licentiates of the board or any other board under this division or of any board referred to in Sections 1000 and 3600.

No person may serve as a member of the board for more than two consecutive terms.

Per diem and expenses of members of the board who are licensed psychiatric technicians shall be paid solely from revenues received pursuant to the provisions of Chapter 10 (commencing with Section 4500) of Division 2.

SEC. 2. Section 2843 of the Business and Professions Code is amended to read:

2843. Members of the board shall be appointed for a term of four years. Vacancies occurring shall be filled by appointment for the unexpired term.

Appointments to such office shall be for a term of four years expiring on June 1st.

The Governor shall appoint three of the public members and the licensed members of the board qualified as provided in Section 2842. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member, and their initial appointment shall be made to fill, respectively, the first and second public member vacancies which occur on or after January 1, 1983.

The first vacancy in the office of a vocational nurse member after the effective date of amendments to Section 2842 made by the 1983 portion of the 1983–84 session of the Legislature shall be filled by a vocational nurse with at least three years' experience in skilled nursing facilities as specified in Section 2842.

SEC. 3. The Legislature recognizes that there is an increased need in the state for provision of care by registered nurses to geriatric and chronically ill patients. Further, the Legislature finds that there exists a need for an appropriate emphasis in the core curricula approved by the Board of Registered Nursing for California's schools of nursing in the care and treatment of geriatric and chronically ill patients. Further, the Legislature finds that this geriatric and chronically ill training and education should include

both didactical and clinical courses and that wherever practical this training should be conducted in settings devoted exclusively to the care of geriatric and chronically ill patients, including, but not limited to, freestanding long-term care facilities, hospice programs, and home health agencies. The Legislature also finds and declares that increased dialogue, communication, and input between the Board of Registered Nursing and representatives of nurses employed in freestanding long-term care facilities are important in an effort to obtain their expertise when the board undertakes action which impacts the care provided to California's geriatric and chronically ill population.

CHAPTER 249

An act to amend Sections 5120, 5120.110, and 5120.150 of the Civil Code, relating to family law.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 5120 of the Civil Code is amended to read:

5120. Neither the separate property of a spouse nor the earnings of the spouse after marriage is liable for the debts of the other spouse contracted or incurred before the marriage, including a child support obligation of the other spouse that does not arise out of the marriage. After the earnings of the spouse are paid, they remain not liable so long as they are held in a deposit account in which the other spouse has no right of withdrawal and are uncommingled with other community property, except property insignificant in amount. As used in this section, "deposit account" has the meaning prescribed in Section 9105 of the Commercial Code, and "earnings" means compensation for personal services performed, whether as an employee or otherwise.

SEC. 2. Section 5120.110 of the Civil Code, as added by Assembly Bill 1460 of the 1983–84 Regular Session, is amended to read:

5120.110. (a) Except as otherwise expressly provided by statute, the community property is liable for a debt incurred by either spouse before or during marriage, regardless which spouse has the management and control of the property and regardless whether one or both spouses are parties to the debt or to a judgment for the debt.

(b) The earnings of a married person during marriage are not liable for a debt incurred by the person's spouse before marriage. After the earnings of the married person are paid, they remain not liable so long as they are held in a deposit account in which the person's spouse has no right of withdrawal and are uncommingled

with other community property, except property insignificant in amount. As used in this subdivision, "deposit account" has the meaning prescribed in Section 9105 of the Commercial Code, and "earnings" means compensation for personal services performed, whether as an employee or otherwise.

SEC. 3. Section 5120.150, as added to the Civil Code by Assembly Bill 1460 of the 1983–84 Regular Session, is amended to read:

5120.150. (a) For the purpose of this chapter, a child or spousal support obligation of a married person that does not arise out of the marriage shall be treated as a debt incurred before marriage, regardless whether a court order for support is made or modified before or during marriage and regardless whether any installment payment on the obligation accrues before or during marriage.

(b) If community property is applied to the satisfaction of a child or spousal support obligation of a married person that does not arise out of the marriage, at a time when nonexempt separate income of the person is available but is not applied to the satisfaction of the obligation, the community is entitled to reimbursement from the person in the amount of the separate income, not exceeding the community property so applied.

(c) Nothing in this section limits the matters a court may take into consideration in determining or modifying the amount of a support order, including, but not limited to, the earnings of the spouses of the parties.

SEC. 4. Section 1 of this act shall not become operative if Assembly Bill 1460 is enacted and becomes effective January 1, 1985, and repeals Section 5120 of the Civil Code.

SEC. 5. Sections 2 and 3 of this act shall be operative only if Assembly Bill 1460 is enacted and becomes effective January 1, 1985, and this bill is enacted after Assembly Bill 1460.

CHAPTER 250

An act to amend Sections 4205 and 4205.1 of the Civil Code, to add Section 1952.3 to the Code of Civil Procedure, to amend Section 69503 of, to add Section 26830.1 to, and to repeal Section 26804 of, the Government Code, and to amend Section 21152 of the Public Resources Code, relating to county and court clerks.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 26, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 4205 of the Civil Code is amended to read:

4205. Marriage may be solemnized by any judge or retired judge, commissioner of civil marriages or retired commissioner of civil marriages, commissioner or retired commissioner, or assistant

commissioner of a court of record or justice court in this state or by any priest, minister, or rabbi of any religious denomination, of the age of 18 years or over.

A marriage may also be solemnized by a judge who has resigned from office.

SEC. 2. Section 4205.1 of the Civil Code is amended to read:

4205.1. In any county the county clerk is designated as a commissioner of civil marriages. The commissioner of civil marriages may appoint deputy commissioners of civil marriages who may solemnize marriages under the direction of the commissioner of civil marriages and shall perform such other duties as the commissioner may direct.

SEC. 3. Section 1952.3 is added to the Code of Civil Procedure, to read:

1952.3. Notwithstanding any other provision of the law, the court, on its own motion, may order the destruction or other disposition of any exhibit or deposition introduced in the trial of a civil action or proceeding or filed in the action or proceeding that, if appeal has not been taken from the decision of the court in the action or proceeding, remains in the custody of the court or clerk five years after time for appeal has expired, or, if appeal has been taken, remains in the custody of the court or clerk five years after final determination thereof, or that remains in the custody of the court or clerk for a period of five years after any of the following:

(a) A motion for a new trial has been granted and a memorandum to set the case for trial has not been filed, or a motion to set for trial has not been made within five years.

(b) The filing of a remittitur, if the action or proceeding, after appeal, has been remanded to the trial court for a new trial and has not been brought to trial within five years from the filing date of the remittitur.

(c) The dismissal of the action or proceeding.

In addition, the court on its own motion, may order the destruction or other disposition of any exhibit or deposition that remains in the custody of the court or clerk for a period of 10 years after the introduction or filing of the action or proceeding if, in the discretion of the court, the exhibitor deposition should be disposed of or destroyed.

The order shall be entered in the register of actions of each case in which the order is made.

No exhibit or deposition shall be ordered destroyed or otherwise disposed of pursuant to the provisions of this section if a party to the action or proceeding files a written notice with the court requesting the preservation of any exhibit or deposition for a stated time, but not to exceed three years. The exhibit or deposition may be destroyed after that time unless another notice is filed.

Any sealed file shall be retained for at least two years after the date on which destruction would otherwise be authorized pursuant to this section.

SEC. 4. Section 26804 of the Government Code is repealed.

SEC. 5. Section 26830.1 is added to the Government Code, to read:

26830.1. The fee for filing an application for renewal of a judgment pursuant to Section 683.150 of the Code of Civil Procedure shall be the amount as may be established by the board of supervisors, but not exceeding the actual cost of providing the service.

SEC. 6. Section 69503 of the Government Code is amended to read:

69503. (a) Notwithstanding any other provision of law relating to the destruction of court records, after complying with the requirements of subdivisions (c) and (d), the county clerk may cause to be destroyed any documents, records, instruments, books, depositions, transcripts, or other papers filed in any action or proceeding in the superior court or otherwise filed in his or her office pursuant to law, if the action or proceeding in which the papers were filed is not pending or on appeal in any court and any of the following events have occurred:

(1) The dismissal of the entire action has been entered.

(2) A period of three years has elapsed since a deposition or a transcript of a preliminary hearing or coroner's inquest was filed.

(3) A period of five years has elapsed since the papers in a domestic relations action or proceeding were filed.

(4) A period of five years has elapsed since the papers in any other action or proceeding were filed.

(b) Notwithstanding any other provision of law relating to the destruction of court records, after complying with the requirements of subdivision (c), the county clerk may cause to be destroyed any will delivered to him or her pursuant to Section 320 of the Probate Code, if a period of eight years has elapsed since the delivery of the will.

(c) The county clerk shall maintain for the use of the public a microphotographic film print or copy of each will, document, record, instrument, book, deposition, transcript, or other paper so destroyed, prepared pursuant to the procedure specified in Sections 1531 and 1551 of the Evidence Code. The county clerk shall promptly seal and store at least one original negative of each microphotographic film print or copy in a manner and place that reasonably assures its preservation indefinitely against loss, theft, defacement, or destruction.

(d) The county clerk may microfilm only the documents listed below, which microfilm shall be permanently retained. Documents not listed may be destroyed pursuant to subdivision (a) or (b), except for criminal, probate, and adoption records which shall be microfilmed prior to their destruction.

(1) Domestic relations:

(A) Petitions for dissolution, legal separation, or nullity.

(B) Interlocutory judgments of dissolution.

(C) Final judgments of dissolution, legal separation, or nullity.

(D) Any orders or modifications signed by a judge which amend the interlocutory or final judgment.

(E) Financial declarations.

(F) Petitions to establish paternity and orders establishing paternity.

(G) Confessions of judgment.

(H) Reciprocal support documents.

(I) Minute orders.

(2) Civil:

(A) All civil complaints, cross-complaints, petitions, responses, orders signed by a judge, judgments, offer to compromise, order to compromise, and bank deposit and withdrawal records.

(B) Dismissal orders.

(C) Satisfactions of judgment.

(D) Confessions of judgment.

(E) Requests for default.

(F) Minute orders.

(G) Stipulated judgments.

SEC. 7. Section 21152 of the Public Resources Code is amended to read:

21152. (a) Whenever a local agency approves or determines to carry out a project which is subject to this division, it shall file notice of the approval or the determination with the county clerk of the county, or counties, in which the project will be located. The notice shall indicate the determination of the local agency whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division.

(b) Whenever a local agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out the project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file notice of the determination with the county clerk of the county, or counties, in which the project will be located. Any notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the local agency responsible for making the determination that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the local agency.

(c) All notices filed pursuant to this section shall be available for public inspection, and shall be posted on a weekly basis in the office of the county clerk. Each notice shall remain posted for a period of 30 days, and thereafter may be destroyed.

SEC. 8. Section 21152 of the Public Resources Code is amended to read:

21152. (a) Whenever a local agency approves or determines to carry out a project which is subject to this division, it shall file notice of the approval or the determination within three working days of the action with the county clerk of the county, or counties, in which the project will be located. The notice shall indicate the determination of the local agency whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division.

(b) Whenever a local agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out the project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file notice of the determination with the county clerk of the county, or counties, in which the project will be located. Any notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the local agency responsible for making the determination that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the local agency.

(c) All notices filed pursuant to this section shall be available for public inspection, and shall be posted on a weekly basis in the office of the county clerk. Each notice shall remain posted for a period of 30 days, and thereafter may be destroyed.

SEC. 9. Section 8 of this bill incorporates amendments to Section 21152 of the Public Resources Code proposed by both this bill and SB 682. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 21152 of the Public Resources Code, and (3) this bill is enacted after SB 682, in which case Section 8 of this bill shall not become operative.

SEC. 10. Section 5 of this bill, shall not become operative if AB 2295 is chaptered after this bill and amends Section 26830 of the Government Code.

CHAPTER 251

An act to add Section 741 to the Public Resources Code, relating to forestry.

[Became law without Governor's signature Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 741 is added to the Public Resources Code, to read:

741. (a) The board shall appoint a Range Management Advisory Committee and shall consult with the advisory committee on rangeland resource issues under consideration by the board.

(b) The advisory committee shall consist of 11 members who shall be selected as follows:

(1) Two members of the general public, who have an interest and background in the conservation of range resources or special knowledge in the protection of range and brushland soils and watersheds.

(2) One member nominated by the Watershed Fire Council of Southern California.

(3) One member nominated by the California Association of Resource Conservation Districts.

(4) Seven members nominated by organizations representing owners of range and brushlands.

(c) Members of the advisory committee shall serve without compensation.

(d) The Secretary of the Resources Agency may consult with the advisory committee on rangeland resource issues.

CHAPTER 252

An act to amend Sections 3701, 3702, and 3850 of, to add Section 3701.5 to, to add Article 2.5 (commencing with Section 3740) to Chapter 4 of Part 1 of Division 4 of, and to repeal Section 3704 of, the Labor Code, relating to workers' compensation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 3701 of the Labor Code is amended to read:

3701. The director shall require a private self-insuring employer to deposit a surety bond, or, in trust, cash, securities, cash and securities, cash and a surety bond, or an irrevocable letter of credit, approved by the director, and in an amount determined by the director to secure incurred liabilities for the payment of compensation, as defined in Section 3207. The minimum deposit shall be two hundred thousand dollars ($200,000) or 125 percent of the private self-insurer's liability for the payment of compensation, whichever is greater. Within 60 days of filing its report with the director, and in no event later than May 1, each private self-insured

employer shall deposit security so that the total security equals not less than 125 percent of the total accrued liability reported.

(a) Surety bonds and documents showing issuance of any irrevocable letter of credit shall be deposited with the director.

(b) Securities shall be deposited with the Treasurer. Securities shall be accepted by the Treasurer for deposit and shall be withdrawn only upon written order of the director.

(c) Cash shall be deposited in a financial institution approved by the director, and in the account assigned to the director. Cash shall be withdrawn only upon written order of the director.

(d) The private self-insured employer loses all right, title, and interest in, and any rights to control, all assets or obligations posted as security. However, the director shall return to a private self-insured employer all amounts which are determined, in the director's discretion, to be in excess of that needed to ensure the administration and payment of any future claims.

SEC. 2. Section 3701.5 is added to the Labor Code, to read:

3701.5. (a) If the director determines that a private self-insured employer has failed to pay workers' compensation as required by this division, the security deposit shall be utilized to administer and pay the employer's compensation obligations.

(b) If the director determines the security deposit has not been immediately made available for the payment of compensation, the director shall determine the method of payment and claims administration as appropriate, which may include, but is not limited to, administration and payment by a surety, by an adjusting agency, or through the Self-Insurers' Security Fund, or any combination thereof.

(c) If the director determines the payment of benefits and claims administration shall be made through the Self-Insurers' Security Fund, the fund shall commence payment of the private self-insured employer's obligations for which it is liable under Section 3743 within 30 days of notification. Payments shall be made to claimants whose entitlement to benefits can be ascertained by the fund, with or without proceedings before the appeals board.

(d) The director shall promptly audit an employer upon making a determination under subdivision (a) or (b). The employer, any excess insurer, and any adjusting agency shall provide any relevant information in their possession. If the audit results in a preliminary estimate that liabilities exceed the amount of the security deposit, the director shall direct the custodian of the security deposit to liquidate it and provide all proceeds to the Self-Insurers' Security Fund. If the preliminary estimate is that liabilities are less than the security deposit, the director shall ensure the administration and payment of compensation pursuant to subdivision (b).

(e) The payment of benefits by the Self-Insurers' Security Fund from security deposit proceeds shall release and discharge any custodian of the security deposit, or surety, and the self-insured employer, from liability to fulfill obligations to provide those same

benefits as compensation. Payment by a surety constitutes a full release of the surety's liability under the bond to the extent of that payment, and entitles the surety to full reimbursement by the principal or his or her estate, including necessary attorney fees and other costs and expenses, without prior claim or proceedings on the part of the injured employee or other beneficiaries.

(f) The director shall advise the Self-Insurers' Security Fund promptly after receipt of information indicating that a private self-insured employer may be unable to meet its compensation obligations. The director shall also advise the Self-Insurers' Security Fund of all determinations and directives made or issued pursuant to this section.

(g) Disputes between or among a surety, any custodian of the security deposit, or the Self-Insurers' Security Fund shall be resolved by the director. An appeal from the director's decision or determination may be taken to the appeals board. The appeals board may, in its discretion, assign the matter to a referee pursuant to Sections 5309 and 5310. Payment of claims from the security deposit shall not be stayed pending the resolution of the disputes unless and until the appeals board issues an order staying a decision or detemination of the director.

SEC. 3. Section 3702 of the Labor Code is amended to read:

3702. (a) A certificate of consent to self-insure may be revoked by the director at any time for good cause after a hearing. Good cause includes, among other things, the impairment of the solvency of the employer to the extent that there is a marked reduction of the employer's financial strength, failure to maintain a security deposit as required by Section 3701, failure to pay assessments of the Self-Insurers' Security Fund, frequent or flagrant violations of state safety and health orders, the failure or inability of the employer to fulfill his or her obligations, or the practice by the employer or his or her agent in charge of the administration of obligations under this division of any of the following:

(1) Habitually and as a matter of practice and custom inducing claimants for compensation to accept less than the compensation due or making it necessary for them to resort to proceedings against the employer to secure the compensation due.

(2) Discharging his or her compensation obligations in a dishonest manner.

(3) Discharging his or her compensation obligations in such a manner as to cause injury to the public or those dealing with the employer.

(b) Where revocation is in part based upon the director's finding of a marked reduction of the employer's financial strength or the failure or inability of the employer to fulfill his or her obligations, or a practice of discharging obligations in a dishonest manner, it is a condition precedent to the employer's challenge or appeal of the revocation that the employer have in effect insurance against liability to pay compensation.

SEC. 4. Section 3704 of the Labor Code is repealed.

SEC. 5. Article 2.5 (commencing with Section 3740) is added to Chapter 4 of Part 1 of Division 4 of the Labor Code, to read:

Article 2.5. Self-Insurers' Security Fund

3740. It is the intent of the Legislature in enacting this article to provide for the continuation of workers' compensation benefits delayed due to the failure of a private self-insured employer to meet its compensation obligations when the employers' security deposit is either inadequate or not immediately accessible for the payment of benefits. The Legislature finds and declares that the establishment of the Self-Insurers' Security Fund is a necessary component of a complete system of workers' compensation, required by Section 4 of Article XIV of the California Constitution, to have adequate provisions for the comfort, health and safety, and general welfare of any and all workers and their dependents to the extent of relieving the consequences of any industrial injury or death, and full provision for securing the payment of compensation.

3741. As used in this article:

(a) "Director" means the Director of Industrial Relations.

(b) "Private self-insurer" means a private employer which has secured the payment of compensation pursuant to subdivision (b) of Section 3700.

(c) "Insolvent self-insurer" means a private self-insurer who has failed to pay compensation and whose security deposit has been called by the director pursuant to Section 3701.5.

(d) "Fund" means the Self-Insurers' Security Fund established pursuant to Section 3742.

(e) "Trustees" means the Board of Trustees of the Self-Insurers' Security Fund.

(f) "Member" means a private self-insurer which participates in the Self-Insurers' Security Fund.

3742. (a) The Self-Insurers' Security Fund shall be established as a Nonprofit Mutual Benefit Corporation pursuant to Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code and this article. If any provision of the Nonprofit Mutual Benefit Corporation Law conflicts with any provision of this article, the provisions of this article shall apply. Each private self-insurer shall participate as a member in the fund as a condition of maintaining its certificate of consent to self-insure.

(b) The fund shall be governed by a seven member Board of Trustees. The director shall be an ex officio member, with full powers as trustee. The remaining six trustees shall be representatives of private self-insurers. The initial self-insurer trustees shall be appointed by the director to two-year terms within 30 days of the effective date of this article. Thereafter, the self-insurer trustees shall be elected by the members of the fund, each member having one vote. Three of the trustees initially elected by the members shall

serve two-year terms, and three shall serve four-year terms. Thereafter, trustees shall be elected to four-year terms, and shall serve until their successors are elected and assume office pursuant to the bylaws of the fund.

(c) The fund shall establish such bylaws as are necessary to effectuate the purposes of this article and to carry out the responsibilities of the fund. The fund may carry out its responsibilities directly or by contract, and may purchase such services and insurance and borrow such funds as it deems necessary for the protection of the members and their employees.

3743. (a) Upon order of the director pursuant to Section 3701.5, the fund shall assume the workers' compensation obligations of an insolvent self-insurer.

(b) Notwithstanding subdivision (a), the fund shall not be liable for the payment of any penalties assessed for any act or omission on the part of any person other than the fund, including, but not limited to, the penalties provided in Section 132a, 3706, 4553, 4554, 4556, 4557, 4558, 4601.5, 5814, or 5814.1.

(c) The fund shall be a party in interest in all proceedings involving compensation claims against an insolvent self-insurer whose compensation obligations have been paid or assumed by the fund. The fund shall have the same rights and defenses as the insolvent self-insurer, including, but not limited to, all of the following:

(1) To appear, defend, and appeal claims.

(2) To receive notice of, investigate, adjust, compromise, settle, and pay claims.

(3) To investigate, handle, and deny claims.

3744. (a) The fund shall have the right and obligation to obtain reimbursement from an insolvent self-insurer up to the amount of the self-insurer's workers' compensation obligations paid and assumed by the fund, including reasonable administrative and legal costs. This right includes, but is not limited to, a right to claim for wages and other necessities of life advanced to claimants as subrogee of the claimants in any action to collect against the self-insured as debtor.

(b) The fund shall have the right and obligation to obtain from the security deposit of an insolvent self-insurer the amount of the self-insurer's compensation obligations, including reasonable administrative and legal costs, paid or assumed by the fund. Reimbursement of administrative costs, including legal costs, shall be subject to approval of the director. The fund shall be a party in interest in any action to obtain the security deposit for the payment of compensation obligations of an insolvent self-insurer.

(c) The fund shall have the right to bring an action against any person to recover compensation paid and liability assumed by the fund.

(d) The fund may be a party in interest in any action brought by any other person seeking damages resulting from the failure of an

insolvent self-insurer to pay workers' compensation required pursuant to this division.

3745. (a) The fund shall maintain cash, readily marketable securities, or other assets, or a line of credit, approved by the director, sufficient to immediately continue the payment of the compensation obligations of an insolvent self-insurer pending assessment of the members. The director may establish the minimum amount to be maintained by, or immediately available to, the fund for this purpose.

(b) The fund may assess each of its members a pro rata share of the funding necessary to carry out the purposes of this article. However, no member shall be assessed at one time in excess of 1.5 percent of the benefits paid by the member for claims incurred during the previous calendar year as a self-insurer, and total annual assessments in any calendar year shall not exceed 2 percent of the benefits paid for claims incurred during the previous calendar year. Funds obtained by assessments pursuant to this subdivision may only be used for the purposes of this article.

(c) A private employer which has ceased to be a self-insurer shall continue to be liable for all assessments made pursuant to this section for a period of three years from the date its certificate of consent to self-insure was withdrawn, revoked, or surrendered. Assessments of these employers shall be based on the benefits paid by the employer during the last full calendar year of self-insurance on claims incurred during that year.

(d) The trustees shall certify to the director the collection and receipt of all moneys from assessments, noting any delinquencies. The trustees shall take any action deemed appropriate to collect any delinquent assessments.

3746. The trustees shall annually contract for an independent certified audit of the financial activities of the fund. An annual report on the financial status of the fund as of June 30 shall be submitted to the director and to each member.

3747. This article shall be known and may be referred to as the "Young-La Follette Self-Insurers' Security Act."

SEC. 6. Section 3850 of the Labor Code is amended to read:

3850. As used in this chapter:

(a) "Employee" includes the person injured and any other person to whom a claim accrues by reason of the injury or death of the former.

(b) "Employer" includes insurer as defined in this division.

(c) "Employer" also includes the Self-Insurers' Security Fund, where the employer's compensation obligations have been assumed pursuant to Section 3743.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for and insure the continuation of workers' compensation benefits to employees of private self-insured employers at the earliest possible time and without undue delay, it is necessary for this act to take effect immediately.

CHAPTER 253

An act to add and repeal Section 146.5 of the Military and Veterans Code, relating to military affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 146.5 is added to the Military and Veterans Code, to read:

146.5. (a) The Legislature finds and declares as follows:

(1) The summer games of the XXIII Olympiad will take place in the City and the County of Los Angeles and surrounding counties of southern California during the summer of 1984, the first time in over 50 years that the Summer Olympic Games will be held within the United States.

(2) As a consequence, world attention will be focused on the State of California during that period, and many visitors from around the world will attend the 1984 Summer Olympic Games.

(3) The safety and security of visitors, Olympic participants, and citizens of this state will be of utmost public concern and will require a prudent enhancement of public safety services.

(4) State, county, and city public safety agencies will require special and technical augmentation services which can be provided through the Military Department.

(5) The United States Department of Defense has agreed to fund certain services which can be provided by the Military Department to support these public safety agencies, thus relieving the state of any financial burden for these services.

(b) The Governor may call into active service of the state such portion of the active militia to serve for such periods and under the command of such officers as he deems necessary to prepare for and provide logistical military support to public safety agencies in connection with the 1984 Summer Olympic Games. For these purposes, logistical support includes, but is not limited to, assistance to public safety agencies with planning, communications,

transportation, emergency medical care, food service, and maintenance of equipment.

(c) Unless the Governor makes a declaration pursuant to Section 143 or 146, no member of the active militia shall engage in any law enforcement activity, including, but not limited to, the prevention or investigation of any criminal act which would normally be the responsibility of a peace officer and the arrest or detention of any person suspected of committing a criminal act. Nothing in this subdivision prohibits a member of the active militia from the arrest or detention of any person committing a criminal act in the presence of the member.

(d) The Adjutant General shall actively seek federal funding for purposes of this section and may enter into agreements with the federal government, which provide for direct federal funding or federal fund reimbursement to the state, for such services as the Military Department may furnish to public safety agencies in connection with the 1984 Summer Olympic Games. Except as provided by this section, the Adjutant General may exercise the same command, administrative, logistical and fiscal procedures and authorities as if he were acting under Section 146.

(e) All members of the active militia called to duty under this section have the same rights, benefits, privileges, duties, and responsibilities as they would if called into active service under Section 146.

(f) This section shall remain in effect only until January 1, 1985, and as of that date is repealed, unless a later enacted statute which is enacted on or before January 1, 1985, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Military Department may plan for and provide support services to public safety agencies for the 1984 Summer Olympic Games which are to be funded by the United States Department of Defense, it is necessary that this act take effect immediately.

CHAPTER 254

An act to add Section 2270.5 to the Public Resources Code, relating to surface mining.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2770.5 is added to the Public Resources Code, to read:

2770.5. Whenever surface mining operations are proposed in the 100-year flood plain for any stream, as shown in Zone A of Flood Insurance Rate Maps issued by the Federal Emergency Management Agency, and within one mile, upstream or downstream, of any state highway bridge, the lead agency receiving the application for the issuance or renewal of a permit to conduct the surface mining operations shall notify the Department of Transportation that the application has been received. The Department of Transportation shall have a period of not more than 45 days to review and comment on the proposed surface mining operations with respect to any potential damage to the state highway bridge from the proposed surface mining operations. The lead agency shall not issue or renew the permit until the Department of Transportation has submitted its comments or until 45 days from the date the application for the permit was submitted, whichever occurs first.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 255

An act to amend Section 22658 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 27, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 22658 of the Vehicle Code is amended to read:

22658. (a) The owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a

vehicle parked on the property to the nearest public garage, if (1) there is displayed, in plain view at all entrances to the property, a sign of a size specified by ordinance prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, or (2) the lot or parcel upon which the vehicle is parked is improved with a single family dwelling.

(b) The person causing removal of such vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner thereof, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of a vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section shall not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property is liable for any storage or towing charges whenever there has been a failure to post a sign if and as required by subdivision (a).

(f) No person shall cause the removal of any vehicle from a privately owned and operated fee-paid parking facility until at least 12 hours after the expiration of the period for which the fee is paid for the vehicle. This subdivision does not apply to any parking space or stall rented to a person and reserved or otherwise clearly marked or designated for the use of that person.

(g) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this

section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle pursuant to subdivision (d) and (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(h) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

CHAPTER 256

An act to add Chapter 4 (commencing with Section 27500) to, and to repeal Chapter 6 (commencing with Section 28190), Chapter 11 (commencing with Section 28520), and Chapter 14 (commencing with Section 28800) of Division 22 of, the Health and Safety Code, relating to food facilities.

[Approved by Governor June 26, 1984. Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 27500) is added to Division 22 of the Health and Safety Code, to read:

CHAPTER 4. CALIFORNIA UNIFORM RETAIL FOOD FACILITIES LAW

Article 1. Declaration of Policy and General Provisions

27500. This chapter shall be known and may be cited as the California Uniform Retail Food Facilities Law.

27501. The Legislature finds and declares that the public health interest requires that there be uniform statewide health and sanitation standards for retail food facilities to assure the people of this state that food will be pure, safe, and unadulterated. It is the intention of the Legislature to occupy the whole field of health and sanitation standards for these food facilities, and the standards set forth in this chapter and regulations adopted pursuant to its provisions shall be exclusive of all local health and sanitation standards relating to these facilities.

27502. The State Department of Health Services shall adopt regulations to implement and administer the provisions of this chapter.

27503. Nothing in this chapter shall prohibit a local governing body from adopting an evaluation or grading system for food facilities, from adopting an employee health certification or employee training program, from prohibiting any type of food

facility, or from regulating food facilities, operations, construction, or the provision of patron toilet and handwashing facilities, not covered by this chapter.

27504. In all laws and regulations, references to Chapter 6 (commencing with Section 28190), Chapter 11 (commencing with Section 28520), and Chapter 14 (commencing with Section 28800), of Division 22 of the Health and Safety Code, or to the California Bakery Sanitation Law, the California Restaurant Act, and the Retail Food Production and Marketing Establishments Law, shall mean Chapter 4 (commencing with Section 27500) of Division 22 or the California Uniform Retail Food Facilities Law.

27505. Primary responsibility for enforcement of the provisions of this chapter shall be with local health agencies. Nothing in this chapter shall prevent the department from taking any necessary program or enforcement actions for the protection of the public health and safety.

Whenever the enforcement of the requirements of this chapter by any local enforcement agency is satisfactory to the department, the enforcement of the provisions of this chapter shall not be duplicated by the department. The department may investigate to determine satisfactory enforcement of this chapter by a local enforcement agency.

27506. Any construction, alteration, remodeling, or installation of a food establishment pursuant to this chapter shall be in accordance with applicable building codes.

Article 2. Definitions

27510. "Adulterated" means food which bears or contains any poisonous or deleterious substance which may render the food impure or injurious to health.

27511. "Approved" means acceptable to the department or health authority based on a determination of conformity with current public health principles, practices, and generally recognized industry standards.

27512. "Certified farmers' market" means a location certified by the county agricultural commissioner and operated as specified in Article 6.5 (commencing with Section 1392) of Title 3 of the California Administrative Code.

27513. "Commissary" means a food establishment in which food, containers, equipment, or supplies are stored or handled for use in vehicles, mobile food preparation units, food carts, or vending machines.

27515. "Employee" means any person working in a food facility covered by this chapter.

27516. "Enforcement agency" means the State Department of Health Services and all local health agencies.

27517. "Enforcement officer" means the director, agents, or sanitarians appointed by the Director of Health Services, and all local

health officers, directors of environmental health, and their duly authorized registered sanitarians and assistant sanitarians.

27518. "Equipment" means all cooking units, hoods, cutting blocks, processing machines, tables, refrigerators, sinks, dish machines, steam tables, and other items used in a food facility.

27519. "Food" means any raw or processed substance, ice, beverage, or ingredient intended to be used as food, drink, confection, or condiment for human consumption.

27520. "Food establishment" means any room, building, or place, or portion thereof, maintained, used, or operated for the purpose of storing, preparing, serving, manufacturing, packaging, transporting, salvaging, or otherwise handling food at the retail level. "Food establishment" includes a grocery store as defined in Section 27523.5.

"Food establishment" does not include a commercial food processing establishment as defined in Section 28280.1, at the wholesale level, a vehicle, vending machine, satellite food distribution facility, temporary food facility, open-air barbecue, certified farmers' market, or mobile food preparation unit; a cooperative arrangement wherein no permanent facilities are used for storing or handling food; a private home; or a church, private club, or other nonprofit association which gives or sells food at occasional events defined in Section 27528.

27521. "Food facility" means food establishment, vehicle, vending machine, produce stand, temporary food facility, satellite food distribution facility, and mobile food preparation unit as defined in Section 27526. Food facility also includes places used in conjunction with these operations, including, but not limited to, storage facilities for food-related utensils, equipment, and materials.

27522. "Food preparation" means packaging, processing, or any operation which changes the form, flavor, or consistency of food, but does not include trimming of produce.

27523. "Frozen food" means a food maintained at a temperature at which all moisture therein is in a solid state, not to exceed O degrees Celsius (32 degrees Fahrenheit).

27523.5. "Grocery store" means any room, building, or place, or portion thereof, maintained, used, or operated for, or in conjunction with, the retail sale of staple foodstocks, meats, and other foods, and household supplies, by a retail grocer.

27524. "Hot dog" means a whole cured, cooked sausage that is skinless or stuffed in a casing and which is also known as a frankfurter, frank, furter, wiener, red hot, vienna, bologna, garlic bologna, or knockwurst.

27525. "Impound" means the legal control exercised by the enforcement officer over the use, sale, disposal, or removal of any food or equipment.

27526. "Mobile food preparation unit" means any vehicle or portable food service unit upon which food is prepared for service, sale, or distribution at retail. Mobile food preparation unit shall not include vehicles from which prepackaged food or approved

unpackaged food is sold or offered for sale as prescribed by Article 11 (commencing with Section 27670).

27527. "Multiservice utensil" means a utensil manufactured and aproved for use more than one time by any person.

27528. "Occasional event" means an event which occurs not more than three days in any 90-day period.

27528.5. "Open-air barbecue facility" means an unenclosed facility for barbecuing food which is operated by a food establishment.

27529. "Permit" means a written authorization to operate issued by a local enforcement officer.

27530. "Person" means any individual, firm, partnership, joint venture, association, corporation, estate, trust, receiver, syndicate, city, county, or other political subdivision, or any other group or combination acting as a unit.

27531. "Potentially hazardous food" means food capable of supporting rapid and progressive growth of microorganisms that may cause food infections or intoxications. Potentially hazardous food does not include edible shell eggs.

27532. "Produce" means any fruit or vegetable in its raw or natural state.

27533. "Produce stand" means a food establishment which has one side open to the outside air during business hours and which sells, offers for sale, or gives away only produce or shell eggs, or both.

27534. "Refrigeration unit" means a mechanical unit which extracts heat from an area through liquification and evaporation of a fluid by a compressor, flame, or thermoelectric device. Refrigeration unit also includes a cold plate permanently connected to a compressor or any other unit approved by the department.

27535. "Remodeled" means construction, building, or repair to the food facility that requires a permit from the local building authority.

27536. "Retail" means the storing, preparing, serving, manufacturing, packaging, transporting, salvaging, or otherwise handling food for dispensing or sale directly to the consumer.

27536.5. "Satellite food distribution facility" means a location where only prepackaged, unit servings of food are distributed, which have been prepared or stored in an approved food facility operated by a school, governmental agency, or nonprofit organization.

27537. "Single service utensil" means a utensil which is manufactured and approved for use only once and which shall be discarded after use.

27538. "Temporary food facility" means a food facility operating out of temporary facilities approved by the enforcement officer at a fixed location for a period of time not to exceed 14 days in any 90-day period in conjunction with a single event or celebration.

27539. "Utensil" means any kitchenware, tableware, cutlery, glassware, container, implement, high chair tray, or other item with which food comes in contact during storage, transportation, display,

preparation, serving, sale, or through use by an employee or consumer.

27540. "Vehicle" means any motorized or nonmotorized conveyance or portable food service unit upon which prepackaged food or approved unpackaged food is sold or offered for sale at retail. "Vehicle" does not include a mobile food preparation unit as defined in Section 27526.

27541. "Vending machine" means any self-service device which, upon insertion of money or tokens, dispenses food without the necessity of replenishing the device between each vending operation. "Vending machine" does not include any such device dispensing exclusively peanuts, nuts, popcorn, ballgum, or hard candy; prepackaged candy, cookies, crackers, or similar snacks and beverages which are not potentially hazardous as defined in Section 27531, and prepackaged ice.

Article 3. Plan Review and Permits

27550. A person proposing to build or remodel a food facility shall submit complete plans and specifications to the local enforcement agency for review and approval pursuant to the requirements of this chapter. The plans shall be approved or rejected within 20 working days after receipt by the local enforcement agency and the applicant shall be notified of the decision. Unless the plans are approved or rejected within 20 working days, they shall be deemed approved. The building department shall not issue a building permit for a food facility until after it has received plan approval by the local enforcement officer.

27551. Except as otherwise provided for in this section, a food facility shall not be open for business without a valid permit. A food facility which is in existence on January 1, 1985, that does not possess a valid permit on that date may be open for business without a valid permit, but shall apply for a permit on forms, and within a period not to exceed six months, prescribed by the local enforcement agency.

A permit shall be issued by the local enforcement agency when investigation has determined that the proposed facility and its method of operation will conform to the requirements of this chapter. A permit, once issued, is nontransferable. A permit shall be valid only for the person, location, type of food sales, or distribution activity approved and, unless suspended or revoked for cause, for the time period indicated.

Any fee for the permit and related services shall be determined by the local governing body . Fees shall be sufficient to cover the actual expenses of administering and enforcing this program. All moneys collected as fees shall be expended in carrying out the provisions of this chapter.

A permit shall be posted in a conspicuous place in the food facility or in the office of a vending machine business.

Article 4. Enforcement and Inspection

27560. Enforcement officers are charged with the enforcement of this chapter and all regulations adopted pursuant to it.

An enforcement officer may enter, inspect, issue citations, and secure any sample, photographs, or other evidence from any food facility, or any facility suspected of being a food facility, for the purpose of enforcing this chapter. A written report of the inspection shall be made and a copy shall be supplied or mailed to the owner, manager, or operator of the food facility.

27561. (a) Based upon inspection findings or other evidence, an enforcement officer may do any of the following:

(1) Impound any food which is found to be, or suspected of being, contaminated or adulterated.

(2) Impound equipment or utensils which are found to be unsanitary or in such disrepair that food, equipment, or utensils may become contaminated or adulterated. The enforcement officer may attach a tag to such food, equipment or utensils which shall be removed only by the enforcement officer following verification that the condition has been corrected.

(b) No food, equipment, or utensils impounded pursuant to subdivision (a) shall be used unless the impoundment has been released.

(c) Within 30 days the enforcement agency that has impounded the food, equipment, or utensils pursuant to subdivision (a) shall commence proceedings to release the impounded materials or to seek administrative or legal remedy for its disposition.

27562. Any person who violates any provision of this chapter or regulation adopted pursuant to this chapter is guilty of a misdemeanor. Each offense shall be punished by a fine of not less than twenty-five dollars ($25) or more than one thousand dollars ($1,000) or by imprisonment in the county jail for a term not exceeding six months, or by both such fine and imprisonment.

27563. The owner, manager, or operator of any food facility is responsible for any violation by an employee of any provision of this chapter. Each day the violation occurs shall be a separate and distinct offense.

27564. A violation of any provision of this chapter relating to facilities held in common or shared by more than one food facility shall be deemed a violation for which the owner or operator of each food facility is responsible.

Article 5. Permit Suspension or Revocation

27580. Any permit may be suspended or revoked by a local enforcement officer for a violation of this chapter. Any food facility for which the permit has been suspended shall close and remain closed until the permit has been reinstated. Any food facility for which the permit has been revoked shall close and remain closed

until a new permit has been issued.

Whenever a local enforcement officer finds that a food facility is not in compliance with the requirements of this chapter, a written notice to comply shall be issued to the permittee. If the permittee fails to comply, the local enforcement officer shall issue to the permittee a notice setting forth the acts or omissions with which the permittee is charged, and informing him or her of a right to a hearing, if requested, to show cause why the permit should not be suspended or revoked. A written request for a hearing shall be made by the permittee within 15 calendar days after receipt of the notice. A failure to request a hearing within 15 calendar days after receipt of the notice shall be deemed a waiver of the right to a hearing. When circumstances warrant, the hearing officer may order a hearing at any reasonable time within this 15-day period to expedite the permit suspension or revocation process.

The hearing shall be held within 15 calendar days of the receipt of a request for a hearing. Upon written request of the permittee, the hearing officer may postpone any hearing date, if circumstances warrant such action.

27581. At the conclusion of the hearing, the hearing officer shall issue a written notice of decision to the permittee within five working days following the hearing. In the event of a suspension or revocation, the notice shall specify the acts or omissions with which the permittee is charged, and shall state the terms of the suspension or that the permit has been revoked.

27582. (a) If any immediate danger to the public health or safety is found, unless the danger is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility immediately closed. Immediate danger to the public health and safety means any condition, based upon inspection findings or other evidence, that can cause food infection, food intoxication, disease transmission, or hazardous condition, including, but not limited to, unsafe food temperature, sewage contamination, nonpotable water supply, or an employee who is a carrier of a communicable disease.

(b) Whenever a permit is suspended as the result of an immediate danger to the public health or safety, the enforcement officer shall issue to the permittee a notice setting forth the acts or omissions with which the permittee is charged, specifying the pertinent code section, and informing the permittee of the right to a hearing.

(c) At any time within 15 calendar days after service of a notice pursuant to subdivision (b), the permittee may request in writing a hearing before a hearing officer to show cause why the permit suspension is not warranted. The hearing shall be held within 15 calendar days of the receipt of a request for a hearing. A failure to request a hearing within 15 calendar days shall be deemed a waiver of the right to such hearing.

27583. The enforcement agency may, after providing opportunity for a hearing, modify, suspend, or revoke a permit for

serious or repeated violations of any of the requirements of this code or for interference in the performance of the duty of the enforcement officer.

27584. A permit may be reinstated or a new permit issued if the enforcement agency determines that conditions which prompted the suspension or revocation no longer exist.

Article 6. General Sanitation Requirements

27590. This article governs general sanitation requirements for food facilities as defined in this chapter.

27591. All food shall be manufactured, produced, prepared, compounded, packed, stored, transported, kept for sale, and served so as to be pure, free from contamination, adulteration, and spoilage; shall have been obtained from approved sources; shall otherwise be fully fit for human consumption; and shall conform to the applicable provisions of the Sherman Food, Drug, and Cosmetic Law (Division 21 (commencing with Section 26000)).

Article 7. Sanitation Requirements for Food Facilities

27600. This article governs sanitation requirements for food facilities as defined in this chapter.

27601. All potentially hazardous food shall be held at or below 7 degrees Celsius (45 degrees Fahrenheit) or shall be kept at or above 60 degrees Celsius (140 degrees Fahrenheit) at all times. A thermometer accurate to plus or minus 1 degree Celsius (2 degrees Fahrenheit) shall be provided for each refrigeration unit, shall be located to indicate the air temperature in the warmest part of the unit and, except for vending machines, shall be affixed to be readily visible. Containers of potentially hazardous food displayed for service may be placed in an ice bed or held by a similar means which maintains the food at or below 7 degrees Celsius (45 degrees Fahrenheit). Except for vending machines, an accurate easily readable metal probe thermometer suitable for measuring the temperature of food shall be readily available on the premises.

27602. Raw duck, which otherwise would be readily perishable, shall be exempt from the provisions of Section 27601 for a period not to exceed two hours, if the duck will subsequently be cooked at or above a temperature of 177 degrees Celsius (350 degrees Fahrenheit) for at least 60 minutes.

(a) Whole Chinese-style roast duck shall be exempted from Section 27601 for a period not to exceed four hours after the duck is prepared, since the methods used to prepare these foods inhibit the growth of microorganisms which can cause food infections or food intoxications.

Nothing in this section shall be construed to supersede any provision of this chapter except the provisions specified in this section.

(b) For the purpose of this section, "Chinese-style roast duck" shall include, but is not limited to, Chinese-style barbeque duck, dry hung duck, and Peking duck. Chinese-style roast duck means duck which is prepared as follows:

(1) The abdominal cavity is cleaned.

(2) The duck is marinated.

(3) The cavity is closed prior to cooking.

(4) The duck is roasted at a temperature of 177 degrees Celsius (350 degrees Fahrenheit) or more for at least 60 minutes.

27603. All food shall be prepared, stored, displayed, dispensed, placed, transported, sold, and served as to be protected from dirt, vermin, unnecessary handling, droplet contamination, overhead leakage, or other contamination.

27604. (a) No unpackaged food which has been served to any person or returned from any eating area shall be served again or used in the preparation of other food. No food prepared or stored in a private home shall be used, stored, served, offered for sale, sold, or given away in a food facility.

(b) Except as provided in subdivision (c) of Section 27621, every bakery product shall have a protective wrapping which shall bear a label which complies with the labeling requirements prescribed by the Sherman Food, Drug, and Cosmetic Law (Division 21 (commencing with Section 26000)). Bakery products sold directly to a restaurant, catering service, retail bakery, or sold over the counter directly to the consumer by the manufacturer or bakery distributor shall be exempt from the provisions of this subdivision. French style, hearth-baked, or hard-crusted loaves and rolls shall be considered properly wrapped if contained in an open-end bag of sufficient size to enclose the loaves or rolls.

27605. All employees preparing, serving, or handling food or utensils shall wear clean, washable outer garments, or other clean uniforms, and shall keep their hands clean. All such employees shall wash their hands and arms with cleanser and warm water before commencing work, immediately after using toilet facilities, and at other times as are necessary to prevent contamination of food. Legible signs shall be posted in each toilet room directing attention to this requirement. All such employees shall wear hairnets, caps, or other suitable coverings to confine all hair when required to prevent the contamination of food or utensils. Employees serving food shall use tongs or other implements, rather than their hands. No employee shall expectorate or use tobacco in any form in any area where food is prepared or utensils are cleaned or stored. No employee shall commit any act which may result in contamination or adulteration of any food, food contact surface, or utensil. The employer shall post and maintain "No Smoking" signs in food preparation, food storage, utensil cleaning, and utensil storage areas.

When information as to the possibility of disease transmission is presented to an enforcement officer, he or she shall investigate conditions and take appropriate action. The enforcement officer

may, after investigation and for reasonable cause, require any or all of the following measures to be taken:

(a) The immediate exclusion of any employee from the affected food facility.

(b) The immediate closing of the food facility until, in the opinion of the enforcement officer, no further danger of disease outbreak exists. Any appeal of the closure shall be made in writing within five days to the applicable enforcement agency.

(c) A medical examination of any employee, with such laboratory examination as may be indicated. Should a medical examination be refused by an employee, the enforcement officer may require the immediate exclusion of the refusing employee from that or any other food facility until an acceptable medical or laboratory examination shows that the employee is not affected with a disease in a communicable form.

27606. No insecticide, rodenticide, or other poisonous substance shall be stored in any food preparation area, except in a separate enclosure provided for that purpose. All poisonous substances, detergents, bleaches, cleaning compounds, or any other injurious or poisonous material shall be specifically and plainly labeled as to contents and hazardous use and shall be stored only in their original, labeled container. No such product shall be used or stored in a manner as to cause contamination or adulteration of food, food contact surfaces, or utensils.

27607. A food facility shall at all times be so constructed, equipped, maintained, and operated as to prevent the entrance and harborage of animals, birds, and vermin, including, but not limited to, rodents and insects.

27608. Each food facility shall be provided with such facilities and equipment as are necessary to store or dispose of all waste material. All food waste and rubbish containing food waste shall be kept in leakproof and rodentproof containers covered with close-fitting lids, except that containers kept inside establishments need not be covered during periods of use. All food waste and rubbish shall be removed and disposed of in a sanitary manner as frequently as may be necessary to prevent the creation of a nuisance. Putrescible waste, when stored in waste receptacles commonly known as bins or dumpsters, shall first be placed in a disposable bag which is impervious to moisture and of a strength equal to or exceeding National Sanitation Foundation Standard Number 31 or 32, as applicable, and then sealed.

27609. The premises of each food facility shall be kept clean and free of litter, rubbish, and vermin.

27610. (a) Except as otherwise provided in subdivision (b), no live animal, bird, or fowl shall be kept or allowed in any food facility.

(b) Subdivision (a) shall not apply to dogs being used by the blind, signal dogs, service dogs, such dogs in training under proper supervision, or to dogs under the control of uniformed law enforcement officers or of uniformed employees of a private patrol

service who are licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, while these employees are acting within the course and scope of their employment as private patrolmen. All such dogs shall be excluded from food preparation and utensil wash areas. Aquariums and aviaries shall be allowed if enclosed so as not to create a public health problem.

27611. All food facilities and all equipment, utensils, and facilities shall be kept clean, fully operative, and in good repair.

27612. Frozen food shall be kept frozen except as provided in Section 27622.

27613. (a) Manual sanitization shall be accomplished in the final sanitizing rinse by one of the following:

(1) Contact with a solution of 100 ppm available chlorine solution for 30 seconds.

(2) Contact with a solution of 25 ppm available iodine for one minute.

(3) Contact with a solution of 200 ppm quaternary ammonium for one minute.

(4) Contact with water of at least 80 degrees Celsius (180 degrees Fahrenheit) for 30 seconds.

(b) In-place sanitizing shall be as in paragraph (1), (2), (3), or (4) of subdivision (a).

(c) Other methods may be used if approved by the department.

(d) Testing equipment and materials shall be provided to adequately measure the applicable sanitization method.

27614. All new and replacement equipment shall meet or be equivalent to applicable National Sanitation Foundation (NSF) standards or, in the absence of applicable NSF standards, be approved by the enforcement officer.

27615. Each food facility wherein sulfiting agents are added to food to preserve natural appearance and freshness shall have conspicuously displayed and easily readable signs, labels, or menu statements to inform customers of that use. Sulfites shall not be added to potentially hazardous foods.

Article 8. Sanitation Requirements for Food Establishments

27620. This article governs sanitation requirements for food establishments, as defined in this chapter.

27621. (a) Adequate and suitable space shall be provided for the storage of food. Except for large or bulky food containers, all food shall be stored at least 15 centimeters (6 inches) off the floor or under such other conditions as are approved. Containers may be stored on dollies, racks, or pallets not meeting this height requirement, provided these items are easily movable. All cartons, boxes, or other materials used in the packaging of any food shall be protected at all times from dirt, vermin, and other forms of contamination or adulteration. All returned or damaged food products and food

products from which the label has been removed shall be separated and stored in a separate area and in such a manner as to prevent adulteration of other foods and shall not contribute to a vermin problem. Bulk food not stored in original packaging shall be stored in containers identifying the food by common name.

(b) A display of unpackaged food shall be shielded so as to intercept a direct line between the customer's mouth and the food being displayed, or shall be in a self-service container which has a tight-fitting, securely attached lid. This subdivision shall not apply to produce sold or given away in retail grocery stores, produce stands, or commissaries.

(c) Unpackaged processed food, except potentially hazardous food as defined in Section 27531, may be displayed and sold in bulk in self-service containers in grocery stores, if all of the following conditions are satisfied:

(1) Each self-service container has a utensil with a handle for dispensing the product, or the food may be dispensed from approved mechanical dispensers.

(2) A label is conspicuously displayed in plain view of the customer and securely attached to each self-service container, or in clear relationship thereto, which contains all of the following:

(A) The common name of the product.

(B) A declaration of the ingredients used by their common or usual name in descending order of predominance by weight. This declaration shall be provided in writing to the food establishment by the manufacturer, packer, or distributor.

(3) Nonfood items shall be displayed and stored in an area separate from food.

(d) Unpackaged processed food may be displayed and sold in bulk in other than self-service containers if both of the following conditions are satisfied:

(1) The food is served by an employee of the food establishment directly to a consumer.

(2) The food is displayed in clean, sanitary, and covered or otherwise protected containers.

(e) If the director makes a specific finding that a disease is actually transmitted by the method of dispensing unpackaged processed foods, as prescribed by this section, the director may establish by regulation greater restrictions on the sale of such food than are required by this section. These regulations shall bear directly on the specific relationship between the disease actually transmitted and the dispensing methods permitted by this section.

27622. (a) All frozen food shall be kept at a temperature which will keep the food in the frozen state until ready for processing or preparation. No food which has been thawed shall be refrozen unless it has been cooked or processed.

(b) Potentially hazardous frozen foods shall be thawed only:

(1) In refrigeration units.

(2) Under potable running water of sufficient velocity to flush

loose food particles into the sink drain.

(3) In a microwave oven.

(4) As part of the cooking process.

27623. (a) All utensils and equipment shall be scrapped, cleaned, or sanitized as circumstances require.

(b) All food establishments in which food is prepared or in which multiservice kitchen utensils are used shall have at least a two-compartment metal sink with two integral metal drainboards. The sink compartments and drainboards shall be large enough to accommodate the largest utensil used. A one-compartment utensil sink which is in use on January 1, 1985, may be continued in use until replaced.

(c) All food establishments in which multiservice consumer utensils are used shall clean such utensils in one of the following ways:

(1) Handwashing of utensils using a three-compartment metal sink with dual integral metal drainboards where the utensils are first washed by hot water and a cleanser until they are clean, then rinsed in clear, hot water before being immersed in a final warm solution meeting the requirements of Section 27613.

(2) Machine washing of utensils in machines using a hot water or chemical sanitizing rinse shall conform to National Sanitation Foundation (NSF) standards, and shall be installed and operated in accordance with those standards. The machines shall be of a type, and shall be installed and operated as approved by the department. The velocity, quantity, and distribution of the washwater, type and concentration of detergent used therein, and the time the utensils are exposed to the water, shall be such as to clean the utensils. The quantity and pressure of rinse water and the time of exposure shall be such as to provide bactericidal effectiveness equivalent to that provided by compliance with NSF standards, or more restrictive standards if approved by the department. All new spray-type dish machines designed for hot water sanitizing shall be equipped with a self-sealing temperature and pressure test plug. The test plug shall be located immediately upstream of the rinse manifold in a horizontal position and on the machine exterior.

(3) A two-compartment metal sink, having metal drainboards, equipped for hot water sanitization, which is in use on January 1, 1985, may be continued in use until replaced.

(4) Other methods may be used after approval by the department.

(d) Hot and cold water under pressure shall be provided through a mixing valve to each sink compartment in all food establishments constructed on or after January 1, 1985.

(e) All utensil washing equipment, except undercounter dish machines, shall be provided with two integral metal drainboards of adequate size and construction. One such drainboard shall be attached at the point of entry for soiled items and one shall be attached at the point of exit for cleaned and sanitized items. Where an undercounter dish machine is used, there shall be two metal

drainboards, one for soiled utensils and one for clean utensils, located adjacent to the machine. The drainboards shall be sloped and drained to an approved waste receptor. This requirement may be satisfied by using the drainboards appurtenant to sinks as required in subdivision (b) and paragraph (1) of subdivision (c), if such facilities are located adjacent to the machine.

(f) The handling of cleaned and soiled utensils, equipment, and kitchenware shall be undertaken in such a manner as to preclude possible contamination of cleaned items with soiled items.

(g) All utensils, display cases, windows, counters, shelves, tables, refrigeration units, sinks, dishwashing machines, and other equipment or utensils used in the preparation, sale, service, and display of food shall be made of nontoxic, noncorrosive materials, shall be constructed, installed, and maintained to be easily cleaned, and shall be kept clean and in good repair.

(h) Utensils and equipment shall be handled and stored so as to be protected from contamination. Single-service utensils shall be obtained only in sanitary containers or approved sanitary dispensers, stored in a clean, dry place until used, handled in a sanitary manner, and used once only.

27624. An adequate, protected, pressurized, potable supply of hot water, at least 47 degrees Celsius (120 degrees Fahrenheit), and cold water shall be provided. The water supply shall be from a water system approved by the health officer. Any hose used for conveying potable water shall be constructed of nontoxic materials, shall be used for no other purpose, and shall be clearly labeled as to its use. The hose shall be stored and used so as to be kept free of contamination.

27625. All plumbing and plumbing fixtures shall be installed in compliance with local plumbing ordinances, shall be maintained so as to prevent any contamination, and shall be kept clean, fully operative, and in good repair.

All liquid wastes shall be disposed of through the plumbing system which shall discharge into the public sewerage or into an approved private sewage disposal system.

All steam tables, ice machines and bins, food preparation sinks, display cases, and other similar equipment which discharge liquid waste shall have this waste conveyed by a closed system, such as by a tube or rigid pipe, to an approved sewer line and disposed therein by an indirect connection. Drainage from refrigeration units shall be conducted in a sanitary manner to a floor sink or other approved device by an indirect connection or to a properly installed and functioning evaporator. Indirect waste receptors shall be located to be readily accessible for inspection and cleaning. Dishwashing machines may be connected directly to the sewer immediately downstream from a floor drain or they may be drained through an approved indirect connection.

27626. In each food establishment constructed or extensively remodeled on or after January 1, 1985, there shall be provided clean

toilet facilities in good repair for use by employees. The number of toilet facilities required shall be in accordance with local building and plumbing ordinances. Toilet facilities whose construction begins on or after January 1, 1985, and which are provided for use by patrons, shall be so situated that patrons do not pass through food preparation, food storage, or utensil washing areas. Toilet rooms shall be separated from other portions of the food establishment by well-fitting, self-closing doors or by other methods approved by the enforcement officer. Toilet rooms shall not be used for the storage of food, equipment, or supplies. Toilet tissue shall be provided in a permanently installed dispenser at each toilet.

27627. Handwashing facilities shall be provided within or adjacent to toilet rooms and shall be equipped with an adequate supply of hot and cold running water under pressure. Facilities constructed on or after January 1, 1985, shall have such water provided from a combination faucet, or water from a premixing faucet which supplies warm water for a minimum of 10 seconds while both hands are free for washing. The number of handwashing facilities required shall be in accordance with local building and plumbing ordinances. Handwashing cleanser and single-use sanitary towels or hot-air blowers shall be provided in dispensers at, or adjacent to, handwashing facilities. Food establishments beginning construction or extensive remodeling on or after January 1, 1985, shall provide facilities exclusively for handwashing within, or adjacent to, each kitchen.

27627.3. Clean toilet facilities, in good repair, shall be provided for patrons, guests, or invitees on property used in connection with, or in, each grocery store with more than 20,000 square feet of floor space.

For the purposes of this section, the gas pump area of a service station which is maintained in conjunction with a grocery store shall not be considered as property used in connection with the grocery store or be considered in determining the square footage of floorspace of the grocery store.

There shall be at least one separate toilet facility for men and one separate toilet facility for women. Toilet rooms shall be separated by well-fitted, self-closing doors that prevent passage of flies, dust, or odors.

Handwashing facilities, in good repair, shall be provided for patrons, guests, or invitees within or adjacent to toilet rooms and shall be equipped with hot and cold running water. Handwashing detergent or soap and sanitary towels or hot-air blowers shall be provided at handwashing facilities in permanently installed dispensing devices. Notwithstanding any other provision of law, other than Section 27627.5, a violation of this section shall be an infraction.

27627.5. The requirements of Section 27627.3 for restroom facilities which are accessible to patrons, guests, or invitees on the property may be satisfied by permitting access by those persons to

the toilet and handwashing facilities which are required by other provisions of this chapter.

However, if the requirements of Section 27627.3 are satisfied by permitting access by those persons to the toilet and handwashing facilities which are required by other provisions of this chapter, a violation of these provisions shall be a misdemeanor punishable pursuant to Section 27562.

27627.7. Sections 27627.3 and 27627.5 apply only to grocery stores as to which construction is commenced on or after July 1, 1984.

27628. A room, enclosure, or designated area, separated from toilets, food storage, food preparation areas, and utensil washing areas, shall be provided where employees may change and store clothes. No employee shall store clothing or personal effects in any other area on the premises.

27629. Ventilation shall be provided to remove gases, odors, steam, heat, grease, vapors, or smoke from the food establishment.

All areas shall have sufficient ventilation to facilitate proper food storage and to provide a reasonable condition of comfort for any employee, consistent with the job performed by the employee. On or after January 1, 1985, there shall be provided mechanical exhaust ventilation at or above all newly installed cooking equipment as required in Article 10.4 (commencing with Section 13670) of Title 17 of, and Chapter 4-20 (commencing with Section 4-2000) of Part 4 of Title 24 of, the California Administrative Code.

The provisions of this section shall not apply to cooking equipment when such equipment has been submitted to the department for evaluation, and it has found that the equipment does not produce toxic gases, smoke, grease, vapors, and heat when operated under conditions recommended by the manufacturer.

Toilet rooms shall be vented to the outside air by means of an openable, screened window, an air shaft, or a light-switch-activated exhaust fan, consistent with the requirements of local building codes.

27630. Each food establishment, except produce stands, shall be fully enclosed in a building consisting of floors, walls, and overhead structure which meet the minimum standards prescribed by this chapter. Food establishments which are not fully enclosed on all sides and which are in operation on January 1, 1985, shall not be required to meet the requirement for a fully enclosed structure pursuant to this section. This section shall not be construed to require the enclosure of dining areas or open-air barbecue facilities.

27631. (a) Except in dining areas and as otherwise provided in subdivision (d), the floor surfaces in all areas in which food is prepared, packaged, or stored, where any utensil is washed, where refuse or garbage is stored, and where janitorial facilities are located, and in all toilet and handwashing areas, shall be smooth and of such durable construction and nonabsorbent material as to be easily cleaned.

These floor surfaces shall be coved at the juncture of the floor and wall with a 10 millimeter (⅜ inch) minimum radius coving and shall

extend up the wall at least 15 centimeters (6 inches) except in areas where food is stored only in unopened bottles, cans, cartons, sacks, or other original shipping containers.

(b) Upon new construction or extensive remodeling on or after January 1, 1985, floor drains shall be installed as follows:

(1) In floors that are water-flushed for cleaning.

(2) In areas where pressure spray methods for cleaning equipment are used.

Floor surfaces in areas pursuant to this subdivision shall be sloped 1:50 to the floor drains.

(c) Upon new construction or extensive remodeling on or after January 1, 1985, floor sinks, funnel drains, or equivalent devices shall be installed to receive discharges of water or other fluid waste from equipment.

(d) Except for dining and serving areas, the use of sawdust, wood shavings, peanut hulls, or similar materials is prohibited.

(e) This section shall not prohibit the use of approved dust-arresting floor sweeping and cleaning compounds during floor cleaning operations or the use of approved anti-slip floor materials in areas where necessary for safety reasons.

(f) Food establishments which are in operation on January 1, 1985, and in which sawdust is used as an absorbent in meat holding units may continue this use until the floor is replaced.

27632. The walls and ceilings of all rooms, except for bars, rooms where food is stored in unopened containers, and dining areas, shall be of a durable, smooth, nonabsorbent, washable surface. Walls and ceilings of food preparation and utensil washing areas and interior surfaces of walk-in refrigeration units shall also be light-colored. Wall areas adjacent to bar sinks shall be smooth and easily cleanable. Acoustical paneling may be utilized providing it is installed not less than 1.8 meters (6 feet) above the floor. Any perforations shall not penetrate the entire depth of the panel, shall not be greater than 3 millimeters (⅛ inch) in any dimension, and shall not comprise more than 25 percent of the exposed panel surface. The paneling shall otherwise meet the requirements of this section.

Conduits of all types shall be installed within walls as practicable. When otherwise installed, they shall be mounted or enclosed so as to facilitate cleaning.

27633. Adequate and suitable space shall be provided for the storage of clean linens, including apparel, towels, and cleaning cloths.

Soiled linens, apparel, towels, tablecloths, and cleaning cloths shall be kept in cleanable containers provided only for this purpose and shall not be reused until they have been laundered.

27634. (a) A room, area, or cabinet separated from any food preparation or storage area, or utensil washing or storage area, shall be provided for the storage of cleaning equipment and supplies, such as mops, buckets, brooms, cleansers, and waxes.

(b) Any food establishment constructed or extensively remodeled on or after January 1, 1985, shall be equipped with at least one of the

following to be used exclusively for general cleaning purposes and for the disposal of mop bucket wastes and other liquid wastes:

(1) A one-compartment, nonporous janitorial sink.

(2) A slab, basin, or floor constructed of concrete or equivalent material, curbed and sloped to a drain. Such facilities shall be connected to approved sewerage and provided with hot and cold running water through a mixing valve and protected with a backflow protection device.

27635. In every room and area in which any food is prepared, manufactured, processed, or packaged, or in which utensils are cleaned, sufficient natural or artificial lighting shall be provided to produce an intensity of not less than 215 lux (20 footcandles) as measured 76 centimeters (30 inches) above the floor, except that the working surfaces on which alcoholic beverages are prepared or where utensils used in the preparation or service of alcoholic beverages are cleaned, shall be provided with at least 108 lux (10 footcandles) of light. Food and utensil storage rooms, refrigeration storage, and toilet and dressing rooms shall be provided with at least 108 lux (10 footcandles) of light. Light fixtures in areas where food is prepared or where open food is stored or where utensils are cleaned shall be of shatterproof construction or shall be protected with shatterproof shields and shall be readily cleanable.

During general cleanup activities, at least 215 lux (20 footcandles) of light, measured 76 centimeters (30 inches) above the floor, shall be provided in the area being cleaned, including, but not limited to, areas where alcoholic beverages are prepared or served.

27636. No sleeping accommodations shall be maintained or kept in any room where food is prepared, stored, or sold. All living and sleeping quarters shall be separated from the food establishment. No door or other opening shall be permitted in the partition which separates the food establishment from the living or sleeping quarters.

27637. (a) The department shall adopt and approve first aid instructions designed and intended for use in removing food which may become stuck in a person's throat. These instructions shall be limited to first aid techniques not involving the use of any physical instrument or device inserted into the victim's mouth or throat.

(b) The department shall supply to the proprietor of every on-site eating establishment adopted and approved instructions pursuant to subdivision (a). The proprietor shall post the instructions in a conspicuous place or places, which may include an employee notice board, in order that the instructions may be consulted by anyone attempting to provide relief to a victim in a choking emergency.

(c) In the absence of other evidence of noncompliance with this section, the fact that the instructions were not posted as required by this section at the time of a choking emergency shall not in and of itself subject the proprietor or his or her employees or independent contractors to liability in any civil action for damages for personal injuries or wrongful death arising from a choking emergency.

(d) Nothing in this section shall impose any obligation on any

person to remove, assist in removing, or attempt to remove food which has become stuck in another person's throat. In any action for damages for personal injuries or wrongful death, neither the proprietor nor any person who removes, assists in removing, or attempts to remove such food in accordance with instructions adopted by the department shall be liable for any civil damages as a result of any acts or omissions by such person in rendering emergency assistance.

Article 9. Open-air Barbecue Facilities

27640. This article governs sanitation requirements for open-air barbecue facilities as defined in this chapter.

27641. Notwithstanding the provisions of this chapter, neither the state department nor any city, county, or city and county shall require the enclosure of an open-air barbecue facility if the appropriate enforcement officer determines that the barbecue facility meets all of the following requirements:

(a) The facility is operated on the same premises as, in reasonable proximity to, and in conjunction with, a food establishment.

(b) All food waste and rubbish containing food waste is handled in accordance with the requirements of Section 27608.

(c) The facility is operated in compliance with the provisions of Articles 6 (commencing with Section 27590) and 7 (commencing with Section 27600), except for Sections 27607, 27610, and 27613.

(d) The multiuse utensils and equipment used in conjunction with the open-air barbecue facility are made of nontoxic materials, are constructed and maintained in a manner so they can be easily cleaned, and are kept clean and in good repair.

(e) Food and beverages served out of doors are dispensed from units approved by the enforcement officer. No other food may be prepared or stored in the out of doors, except for food cooked on the open-air barbecue unit.

(f) No live animals, birds, or fowl are kept or allowed in an area within 20 feet of any area where food or beverage is prepared, stored, kept, or served. This subdivision does not apply to guide dogs used by the blind, signal dogs used by deaf persons or persons whose hearing is impaired, service dogs used by physically handicapped persons, or dogs used by uniformed employees of private patrol operators and operators of a private patrol service who are licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, while those employees are acting within the course and scope of their employment as private patrolmen.

As used in this subdivision, "guide dog," "signal dog," and "service dog" have the meanings specified in Section 54.1 of the Civil Code.

(g) If the barbecue facility is a permanent structure, it is equipped with an impervious and easily cleaned floor surface that extends a minimum of five feet from the open-air barbecue facility on all open

sides.

(h) The barbecue facility is located in an area reasonably protected from dust, as determined by the enforcement officer.

(i) The barbecue facility is not operated in, or out of, any motor vehicle or in any area or location that may constitute a fire hazard, as determined by the enforcement officer.

(j) Sanitary facilities, including, but not limited to, toilet facilities and handwashing facilities shall be available for use within 200 feet of the barbecue facility and shall comply with all provisions of this chapter. Sanitary facilities that do not meet the requirements of this chapter shall not be located closer to the barbecue facility than the sanitary facilities required to be provided by this section.

27642. No air pollution control district or air quality management district shall require the enclosure of an open-air barbecue facility if the appropriate enforcement officer determines that the barbecue facility meets all requirements prescribed by Section 27641.

Article 10. Vending Machines

27650. This article governs sanitation requirements for vending machines as defined in this chapter.

27651. Each vending machine or machine location shall have posted in a prominent place a sign indicating the owner's name, address, and telephone number.

27652. All food shall be stored and packaged in clean, protected containers, and handled, transported, and vended in a sanitary manner. Wet storage of packaged products is prohibited.

Potentially hazardous food shall be dispensed to the consumer in the original package into which it was placed at the commissary or processing plant. Bulk potentially hazardous food is prohibited.

27653. All food contact surfaces shall be cleaned and sanitized either in place in a machine so designed and approved or by removing from the machine and cleaning and sanitizing at an approved facility.

All food contact surfaces when removed from the machine after cleaning and sanitizing shall be protected from contamination before being returned to the machine.

A record of cleaning and sanitizing shall be maintained by the operator in each machine and shall be current for at least the past 30 days.

27654. Single-service containers which are used in machines dispensing products in bulk, shall be obtained in sanitary packages, shall be stored in a clean, dry place until used, and shall be handled in a sanitary manner. The containers shall be stored in the original package until introduced into the container magazine or dispenser of the vending machine. The containers stored within the vending machine shall be protected from manual contact, dirt, vermin, and other contamination.

27655. Each vending machine shall be located in a room, area, or

space which shall minimize the potential for contamination of food. The floor area upon which vending machines are located shall be smooth, of cleanable construction, and capable of withstanding repeated washing and scrubbing.

27656. Water used in vending machines shall be potable.

27657. While in transit to machine locations, food, single-service containers, and equipment shall be protected from dirt, vermin, and other contamination.

27658. On or after January 1, 1985, all vending machines shall be constructed in accordance with National Sanitation Foundation or National Automatic Merchandizing Association standards, or the equivalent thereof.

27659. Vending machines shall meet all the requirements of Article 6 (commencing with Section 27590) and applicable sections of Article 7 (commencing with Section 27600).

Article 11. Vehicles

27670. This article governs sanitation requirements for vehicles as defined in this chapter.

27671. The name, address, and telephone number of the owner, operator, permittee, business name, or commissary shall be clearly and permanently indicated on both sides of a vehicle exterior. The name shall be in letters at least 8 centimeters (3 inches) high and shall have strokes at least 1 centimeter (⅜ inch) wide, and shall be of a color contrasting with the vehicle exterior. Letters for address and telephone numbers shall not be less than 2.5 centimeters (1 inch) high.

27672. (a) Equipment on a vehicle, including the interior of cabinet units or compartments, shall be equipped so as to have smooth, easily accessible, and easily cleanable surfaces. Unfinished wooden surfaces are not permitted. Construction joints shall be tightly fitted and sealed so as to be readily cleanable. Equipment, including utensils, shall be constructed of nontoxic materials and shall be readily cleanable.

(b) All food displayed, sold, or offered for sale from vehicles shall be prepackaged at a facility approved by the enforcement agency except as provided in Sections 27673 and 27675.

(c) During operation, no food shall be stored, displayed, or served from any place other than the vehicle.

(d) Food condiments shall be protected from contamination and, where available for self-service, shall be prepackaged or available only from approved dispensing devices.

(e) During transportation and storage, food and food contact surfaces shall be protected from contamination.

(f) All vehicles shall operate out of a commissary or other facility approved by the enforcement agency. Vehicles shall report to the commissary at least once each operating day for cleaning and servicing operations. In addition, vehicles whereon nonprepackaged

hot dogs are handled shall be properly stored at a commissary or other facility approved by the enforcement agency so as to be protected from unclean or unsanitary conditions.

(g) Food products remaining after each day's operation shall be stored only in an approved food facility.

(h) Utensils and equipment shall be handled and stored so as to be protected from contamination. Single-service utensils shall be obtained only in sanitary containers or approved sanitary dispensers, stored in a clean, dry place until used, handled in a sanitary manner, and used once only.

(i) All waste water shall be drained to an approved water receptor.

(j) Potentially hazardous foods shall be maintained at or below 7 degrees Celsius (45 degrees Fahrenheit) or at or above 60 degrees Celsius (140 degrees Fahrenheit) at all times.

(k) Vehicular food sales shall be conducted within 60 meters (200 feet) of approved and readily available toilet and handwashing facilities or as otherwise approved by the enforcement officer to ensure proper sanitary facilities are available to the vehicle employee.

27673. (a) The following foods may be sold from vehicles in an unpackaged state, provided the storage, display, and dispensing methods are approved by the enforcement agency:

(1) Popcorn.

(2) Nuts.

(3) Produce.

(4) Pretzels and similar bakery products.

(5) Candy.

(6) Hot dogs.

(7) Snowcones.

(8) Whole fish and whole aquatic invertebrates.

(b) Hot and cold beverages which are not potentially hazardous, as defined in Section 27531, may be sold from approved bulk dispensing units.

(c) Vehicles selling or offering for sale nonprepackaged foods except produce and approved beverages shall be equipped with a food compartment as specified in subdivision (a) of Section 27675. In addition, those vehicles handling nonprepackaged hot dogs shall comply with subdivisions (b), (c), (d) and (e) of Section 27675. Those vehicles handling unpackaged whole fish and aquatic invertebrates shall comply with subdivision (e) of Section 27675, for drainage of waste water from display and storage compartments.

27674. All potentially hazardous food shall be prepackaged in an approved facility except as provided in Section 27675. A tamale shall be considered prepackaged if dispensed to the customer in its original, inedible wrapper.

27675. Vehicles on which nonprepackaged hot dogs are sold or offered for sale shall, in addition to the requirements of Section 27672, be constructed and equipped as follows:

(a) The food compartment shall be completely closed. The opening to the food compartment shall be sufficiently large to permit food assembly and service operations and shall be provided with a tightly fitted closure which, when closed, protects interior surfaces from dust, debris, and vermin. All food compartments and food contact surfaces shall be constructed so as to be smooth, easily accessible, and easily cleanable.

(b) A one-compartment metal sink furnished with warm running water which is at least 38 degrees Celsius (101 degrees Fahrenheit) and cold water. The sink shall be of a size suitable for washing hands and utensils.

(c) Handwashing cleanser and single-service towels.

(d) A water supply tank of at least 18 liters (5 gallons) capacity.

(e) A waste water tank of at least 28 liters (7.5 gallons) capacity.

27676. Vehicles on which nonprepackaged hot dogs are sold or offered for sale that operate exclusively on premises wherein approved toilet, handwashing, and utensil washing facilities are readily available and within 60 meters (200 feet) shall be exempt from the requirements of subdivisions (b) through (e) of Section 27675.

Article 12. Mobile Food Preparation Units and Commissaries

27790. This article governs sanitation requirements for mobile food preparation units and commissaries as defined in this chapter.

27791. All mobile food preparation units and commissaries shall meet the applicable requirements in Article 6 (commencing with Section 27590), Article 7 (commencing with Section 27600), and Article 8 (commencing with Section 27620), unless specifically exempted from any of these provisions as provided in this article, and shall meet the provisions of Article 10 (commencing with Section 13600) of, and Article 10.1 (commencing with Section T17-13611) of subchapter 2 of Chapter 5 of Part 1 of Title 17 of the California Administrative Code. Mobile food preparation units shall be exempt from the requirements of Sections 27626 and 27628, and subdivision (b) of Section 27634.

Article 13. Temporary Food Facilities

27800. This article governs sanitation requirements for temporary food facilities as defined in this chapter.

27801. (a) Floors shall be smooth and cleanable. The use of sawdust or similar materials is prohibited.

(b) Walls and ceilings shall be constructed of either wood, canvas, plastic, or similar material and fine mesh fly screening and shall completely enclose the facility. Facilities wherein all food and beverage is prepackaged at a facility approved by the local enforcement officer shall not be required to be fully enclosed with fly screening. Food service openings shall be equipped with

tightfitting closures to minimize the entrance of insects.

(c) Except where all food and beverage is prepackaged, handwashing and utensil washing facilities approved by the enforcement officer shall be provided within temporary food facilities.

(d) Facilities for the sanitary disposal of all liquid waste shall be subject to the approval of the enforcement officer.

(e) At least one toilet facility for each 15 employees shall be provided within 60 meters (200 feet) of each temporary food facility.

(f) Food contact surfaces shall be smooth, easily cleanable, and nonabsorbent.

27802. (a) All food shall be prepared in a food establishment or on the premises of a temporary food facility. No food or beverage stored or prepared in a private home may be offered for sale, sold, or given away from a temporary food facility.

(b) All food and beverage shall be protected at all times from unnecessary handling and shall be stored, displayed and served so as to be protected from contamination.

(c) Potentially hazardous food and beverage shall be maintained at or below 7 degrees Celsius (45 degrees Fahrenheit) or at or above 60 degrees Celsius (140 degrees Fahrenheit) at all times.

(d) Ice used in beverages shall be protected from contamination and shall be maintained separate from ice used for refrigeration purposes.

(e) All food and food containers shall be stored off the floor on shelving or pallets located within the facility.

(f) Smoking is prohibited in temporary food facilities.

(g) Live animals, birds, or fowl are not permitted in temporary food facilities

(h) All garbage shall be disposed of in a manner approved by the enforcement officer.

(i) Employees preparing or handling food shall wear clean clothing and shall keep their hands clean at all times.

27803. The enforcement officer may establish additional structural or operational requirements as necessary to ensure that food is of a safe and sanitary quality.

Article 14. Produce Stands

27820. This article governs sanitation requirements for produce stands as defined in this chapter.

27821. (a) Produce stands operated by a producer selling or offering for sale produce or shell eggs, or both, are exempt from the provisions of this chapter, provided the produce stand is operated on premises controlled by the producer.

(b) For purposes of this section, "producer" means a person or entity who produces shell eggs, fruits, nuts, or vegetables by practice of the agricultural arts upon land which the person or entity controls.

All other produce stands shall meet the requirements of Articles

6 (commencing with Section 27590), 7 (commencing with Section 27600), and 8 (commencing with Section 27620), except for the following:

(a) All food shall be stored at least 46 centimeters (18 inches) off the floor, except that food stored in a walk-in refrigeration unit shall be stored at least 13 centimeters (5 inches) off the floor.

(b) Food preparation is prohibited.

(c) Unpackaged prepared foods, other than trimmed produce, shall not be kept at such food establishments. This shall not apply to retail dairy processing rooms.

Article 15. Certified Farmers' Markets

27830. This article governs general sanitation requirements for certified farmers' markets, as defined in this chapter.

27831. Certified farmers' markets shall meet the provisions of Article 6 (commencing with Section 27590) and, in addition, shall meet all of the following requirements:

(a) All food shall be stored at least 15 centimeters (6 inches) off the floor or ground or under any other conditions which are approved.

(b) Food preparation is prohibited.

(c) Approved toilet and handwashing facilities shall be available within 60 meters (200 feet) of the premises of the certified farmers' market or as approved by the enforcement officer.

(d) No live animals, birds, or fowl are kept or allowed within 6 meters (20 feet) of any area where food is stored or held for sale. This subdivision does not apply to guide dogs, signal dogs, or service dogs when used within the meaning specified by Section 54.1 of the Civil Code.

(e) All garbage and rubbish shall be stored, and disposed of, in a manner approved by the enforcement officer.

Article 16. Satellite Food Distribution Facilities

27840. This article governs general sanitation requirements for satellite food distribution facilities as defined in this chapter.

27841. All satellite food distribution facilities shall be subject to the applicable provisions of Article 6 (commencing with Section 27590) and Article 7 (commencing with Section 27600) and, in addition, shall meet all of the following requirements:

(a) All utensils and equipment shall be scrapped, cleaned, or sanitized as circumstances require.

(b) Utensils and equipment shall be handled and stored so as to be protected from contamination. Single-service utensils shall be contained only in sanitary containers or approved sanitary dispensers, stored in a clean, dry place until used, handled in a sanitary manner, and used once only.

SEC. 2. Chapter 6 (commencing with Section 28190) of Division

22 of the Health and Safety Code is repealed.

SEC. 3. Chapter 11 (commencing with Section 28520) of Division 22 of the Health and Safety Code is repealed.

SEC. 4. Chapter 14 (commencing with Section 28800) of Division 22 of the Health and Safety Code is repealed.

SEC. 5. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 257

An act to add Article 9.6 (commencing with Section 31144) to Chapter 1 of Part 5 of Division 12 of the Water Code, relating to water districts, and in this connection, to create the Pajaro Valley Water Management Agency, prescribing its boundaries, organization, operation, management, financing, and other powers and duties, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1984 Filed with Secretary of State June 27, 1984.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Pajaro Valley Water Management Agency Act.

Article 1. Legislative Findings

Sec. 101. The Legislature hereby finds and declares that the management of the water resources within the Pajaro Valley Water Management Agency for agricultural, municipal, industrial, and other beneficial uses is in the public interest and that the creation of a water agency pursuant to this act is for the common benefit of all water users within the agency.

Sec. 102. Water resource management activities carried out under this act in the public interest shall recognize the following objectives:

(a) Local groundwater resources should be managed toward the avoidance and eventual prevention of conditions of long-term overdraft, land subsidence, and water quality degradation.

(b) Local economies should be built and sustained on reliable, long-term supplies and not long-term overdraft as a source of water supply.

(c) Water management programs should include reasonable measures to prevent further increases in the amount of long-term overdraft and to accomplish continuing reduction in long-term overdraft, realizing that an immediate reduction in long-term overdraft may cause severe economic loss and hardship.

(d) Conservation and economically efficient management of water resources are necessary to meet the needs of agriculture, industry, and urban communities. Economic efficiency requires that water users pay their full proportionate share of the costs of developing and delivering water. Property taxes shall not be used for payment of these costs. Agricultural uses shall have priority over other uses under this act within the constraints of state law.

(e) Water conservation programs appropriately include the ability of a water management agency to recognize existing beneficial uses, and to acquire, buy, and transfer water and water rights in the furtherance of its purposes.

(f) The purpose of this agency is to efficiently and economically manage existing and supplemental water supplies in order to prevent further increase in, and to accomplish continuing reduction of, long-term overdraft and to provide and insure sufficient water supplies for present and anticipated needs within the boundaries of the agency.

(g) It is anticipated that long-term overdraft problems may not be solved unless supplemental water supplies are provided. The water management agency should, in an efficient and economically feasible manner, utilize supplemental water and available underground storage and should manage the groundwater supplies to meet the future needs of the basin.

Article 2. Boundaries

Sec. 201. For the purposes of this act, the boundaries of the Pajaro Valley Water Management Agency are as follows:

(a) The northern boundary of the agency is as follows:

Commencing at the Pacific Ocean and the most southerly boundary of the Soquel Creek County Water District and beginning at a point at the intersection of the south boundary of county road by deed recorded in Volume 294 of Official Records, Page 211, Santa Cruz County Records; that point being also at the mean high water line as shown and delineated on Record of Survey filed in Book 33 of Maps, Page 81, Santa Cruz County Records; thence from that point of beginning along the south boundary of that county road N. 77° 46' 50" E. 179.76 to Station One as shown on that map; thence S. 29° 29'

44" E. 946.39 feet to the northwest corner of Tract 295, Place De Mer, Unit No. 1, as shown on the map filed for record in Volume 37 of Maps, Page 52, Santa Cruz Records; thence along the north. boundary of that tract North 86° 33' 26" E. 537.60 feet to a station; thence along a curve to the left having a radius of 100.00 feet, through a central angle of 65° 05', an arc distance of 113.59 feet; thence N. 21° 28' 26" E. 247.42 feet to a station; thence along a curve to the left having a radius of 20.00 feet, through a central angle of 84° 54' 06" an arc distance of 29.64 feet to a point on the south boundary of San Andreas Road; thence northeasterly 70.00 feet more or less to the southeast corner of the lands of Bruce McBain by deed recorded in Volume 1787 of Official Records, Page 374, Santa Cruz County Records; thence along the east boundary of those lands of McBain produced N. 21° 30' 40" E. 480 feet (scaled) to a station on the north boundary of the Southern Pacific Railroad; thence along the northerly boundary of the Southern Pacific Railroad in a northwesterly direction to its intersection with a line, from which Station No. 28 on the centerline of San Andreas Road, as shown on the Map of Tract No. 1, La Selva Beach, filed January 26, 1936, in Map Book 26, Page 2, Santa Cruz County Records, bears N. 6° 45' E.; thence N. 6° 45' E. 1100' (scaled) to Station No. 28; thence N. 3° 15' E. 511.50 feet to Station No. 29; thence N. 46° 30' E. 259.38 feet; thence leaving the San Andreas Road S. 80° 30' E. 198.00 feet; thence N. 61° 30' E. 591.36 feet to a station; thence N. 89° E. 353.10 feet to a gate post; thence N. 52° 15' E. 755.04 feet to a stake from which an oak tree bears N. 12° E. 40.92 feet distant; thence N. 18° W. 233.64 feet to a station; thence N. 48° 30' W. 264.00 feet to a station; thence N. 44° E. 2072.40 feet to a station; thence S. 51° E. 842.16 feet to a station in the Watertank Road; thence northeasterly along Watertank Road to and across State Highway Route 56-D (Highway 1) to the northeasterly line of State Highway Route 56-D; thence along the northeasterly line of State Highway Route 56-D to its intersection near Freedom Boulevard with the southerly boundary of the Central Water District (formerly called the Central Santa Cruz County Water District); thence easterly along the southerly boundary of the Central Water District to and across Freedom Boulevard to Pleasant Valley Road; thence along Pleasant Valley Road and the boundary of the Central Water District to the point where the Central Water District boundary leaves Pleasant Valley Road in an easterly direction; thence following the Central Water District boundary easterly, northerly, and westerly to Pleasant Valley Road; thence northerly along the easterly line of Pleasant Valley Road to the southwest corner of land of Billye L. Heath as described in the deed recorded on December 21, 1965, in Volume 1736, Page 155 Official Records of Santa Cruz County; thence easterly along the southerly boundary of the land of Billye L. Heath, which is also a boundary of the Central Water District, and continuing along the easterly boundary of Central Water District to most northeasterly point (Y) of the Central Water District; thence continuing on the extension of the easterly

course of the boundary of the Central Water District which passes through point Y to the point of its intersection with the southerly line of Section 2, T. 11 S. R. 1 E., M. D. B. & M.; thence easterly along the south line of Section 2 to the east line of Section 2, then north along the east line of Section 2 and of Section 36, T. 10 S, R. 1 E., M. D. B. & M., to the north line of Section 36; thence east along the north line of Section 36, and 31 and 32, T. 10 S., R. 2 E., M. D. B. & M.; thence southerly along the easterly line of Section 32 to the south line of Section 32; thence east along the projection of the south line of Section 32 to Hazel Dell Road; thence southerly along Hazel Dell Road to Gaffey Road; thence southeasterly along Gaffey Road to Hecker Pass Road (State Route 152); thence northerly along Hecker Pass Road to the Santa Cruz County line; thence southerly along the Santa Cruz County line to the intersection of the Santa Cruz County line with the San Benito County line; thence northwesterly along the Santa Cruz County line to Carpenteria Road, then southwesterly along Carpenteria Road to San Juan Road.

(b) The southern and eastern boundary of the agency is as follows:

Beginning at a point on the high water line of Monterey Bay, Monterey County, California, that point being also the most southwesterly corner of Lot 3, Block 23 as shown in Book 413, Page 2, Assessors Map, County of Monterey; along the southerly line of that Lot 3 easterly to the southeasterly corner of that Lot 3, that corner being also the westerly right-of-way boundary line of State Highway No. 1; thence crossing that state highway easterly to the most southwesterly corner of Lot 4, Block 23 as shown in Book 413, Page 2, Assessors Map, County of Monterey, that corner being also the easterly right-of-way of that state highway; thence along the southerly boundary line of that Lot 4, northeasterly to the most southeasterly corner of that Lot 4, that corner being also the most southwesterly corner of Lot 2, Block 41, Book 413, Page 4, Assessors Map, County of Monterey; thence along the southeasterly boundary line of that Lot 2 northeasterly to the most northeasterly corner of that Lot 2, that corner being also a point on the southerly boundary of Lot 13, Block 14, Book 413, Page 1, Assessors Map, County of Monterey; thence northwesterly to the southeast corner of Lot 14, Block 14, Book 413, Page 1, Assessors Map, County of Monterey; thence along the easterly boundary of said Lot 14 northerly to the northeasterly corner of that Lot 14, that corner being also the most southeasterly corner of Lot 4, Block 23, Book 412, Page 2, Assessors Map, County of Monterey, that corner also being the westerly bank of Elkhorn Slough; thence along the westerly bank of Elkhorn Slough northwesterly and northeasterly to the intersection of that westerly bank with the westerly right-of-way line of Elkhorn Road, a county road; thence crossing that county road along a direct line easterly to the easterly right-of-way of that County Road; thence along the easterly line of that county road southeasterly to the intersection of that county road right-of-way line and the southerly boundary of Lot 5, Block 22, Book 412, Page 2, Assessors Map, County of Monterey;

thence along the southerly boundary of that Lot 5 easterly to the most southeasterly corner of that Lot 5, that corner being also a point on the southwesterly boundary of Lot 19, Block 11, Book 181, Page 1, Assessors Map, County of Monterey; thence along the southerly boundary line of that Lot 19 easterly to the most southeasterly corner of that Lot 19, that corner being also a point on the westerly line of Lot 4, Block 11, Book 181, Page 1, Assessors Map, County of Monterey; thence along the northerly boundary of Lot 4 and westerly boundary of Lot 5, Book 181, Page 1, Assessors Map, County of Monterey, northerly and southeasterly to the southeasterly corner of that Lot 5; thence along a direct line southeasterly to the most southwesterly corner of Lot 12, Block 11, Book 181, Page 1, Assessors Map, County of Monterey; thence along the southerly boundary of Lots 12 and 13, Block 11, Book 181, Page 1, of that map; southeasterly to the most southeasterly corner of that Lot 13, that corner being also the most westerly corner of Lot 14, Block 151, Book 129, Page 15, Assessors Map, County of Monterey; thence along the southerly boundary of Lots 14 and 15, Block 151, of that map southeasterly to the most southeasterly corner of that Lot 15, that corner being also the most northwesterly corner of Lot 1, Block 161, Book 129, Page 16, Assessors Map, County of Monterey; thence along the northerly boundary line of Lots 1, 2, 31, 37, 38, 5, 22, 23, 34, 35, 36, 28, and 30 southeasterly to the most northeasterly corner of that Lot 30; thence in a direct line southeasterly to a point on the easterly right-of-way line of San Miguel Canyon Road, a county road, that point being also the most southerly corner of Lot 19, Block 252, Book 127, Page 25, Assessors Map, County of Monterey; thence along the easterly boundary line of Lots 19, 82, and 83 of that map northeasterly to the most northeasterly corner of that Lot 83, that corner being also the southerly right-of-way line of Maher Road, a county road; thence in a direct line northeasterly to a point on the northerly right-of-way line of that Maher Road, that point being also the most southwesterly corner of Lot 10, Block 101, Book 181, Page 10, Assessors Map, County of Monterey; thence along the southerly boundary line of Lots 10 and 1 of that map westerly to the most easterly corner of that Lot 1, that corner being also a point on the westerly boundary of Lot 1, Block 22, Book 181, Page 22, Assessors Map, County of Monterey; thence along the westerly boundary of that Lot 1 northerly to the most northerly corner of that Lot 1, that corner being also the southwesterly corner of Lot 6, Block 131, Book 181, Page 13, Assessors Map, County of Monterey; thence along the westerly boundary of Lots 6 and 5 of that map northwesterly to the most northwesterly corner of that Lot 5, that corner being also the most southwesterly corner of Lot 15, Block 121, Book 181, Page 12, Assessors Map, County of Monterey; thence northerly along the westerly boundary of that Lot 15 to the northwesterly corner of that Lot 15, that corner being the most southwesterly corner of Lot 1 of that map, thence along the southerly boundary of that Lot 1 easterly to the southeasterly corner of that Lot 1; thence along the easterly boundary of that Lot 1

northerly to the intersection of that easterly boundary with the centerline of San Juan Road, a county road; thence along the centerline of that county road northeasterly to the intersection with the centerline Carpenteria Road, a county road; thence along the centerline of that county road northeasterly to the intersection of that centerline with the southerly boundary of the Aromas Water District; thence along the boundary of that district northeasterly and westerly to its intersection with the centerline of Carpenteria Road; thence along the centerline of that road northerly to the intersection of that road with the Santa Cruz County line.

Article 3. Definitions

Sec. 301. Unless the context otherwise requires, the definitions in this article govern the construction of this act.

Sec. 302. "Agency" means the Pajaro Valley Water Management Agency.

Sec. 303. "Available supply" means the quantity of groundwater which can be withdrawn annually from the groundwater basin without resulting in or materially aggravating conditions of long-term overdraft, subsidence, or groundwater quality degradation. Available supply of the groundwater basin includes the average annual natural water supply, any temporary surplus, imported water or other water which has been spread to the basin or otherwise added to the basin, and return flows to the basin attributable to these sources reaching the groundwater basin in the course of use.

Sec. 304. "Board of directors" or "board" means the governing body of the agency as provided in Section 402.

Sec. 305. "Extraction" means the act of obtaining groundwater by pumping or other controlled means.

Sec. 306. "Extraction facility" means any device or method for the extraction of groundwater within the groundwater basin.

Sec. 307. "Groundwater" means water beneath the surface of the earth within the zone below the water table in which the soil is completely saturated with water. "Groundwater" does not include any water which, on the effective date of this act, is subject to appropriation under Part 2 (commencing with Section 1200) of Division 2 of the Water Code.

Sec. 308. "Groundwater basin" means the groundwater basin within the boundaries of the agency and any subbasins located therein.

Sec. 309. "Groundwater management plan" means a plan which identifies groundwater management objectives and recommmends measures to implement those objectives toward the efficient, economic, and equitable use of groundwater resources within the basin. The plan shall consider the characteristics of the groundwater basin, groundwater conditions and problems, existing natural and supplemental water supplies, present and anticipated water use

within the basin, and the land use policies of applicable city and county general plans.

Sec. 310. "Groundwater rights adjudication" means the determination of substantially all rights in the groundwater basin or the area subject to the adjudication.

Sec. 311. "Operator" means the person who operates an extraction facility. "Operator" also means the person to whom the extraction facility is assessed by the county assessor or, if not separately assessed, the person who owns the land upon which an extraction facility is located.

Sec. 312. "Overdraft" means the condition of the groundwater basin where the average annual amount of water extracted exceeds the average annual supply of fresh water to the basin, plus any temporary surplus.

Sec. 313. "Person" includes any state or local governmental agency, private corporation, firm, partnership, individual, group of individuals, or, to the extent authorized by law, any federal agency.

Sec. 314. "Program" means a groundwater management program prepared by the agency pursuant to this act.

Sec. 315. "Replenishment" means spreading water over a permeable area for the purpose of allowing it to percolate to the groundwater basin, or otherwise adding water to the groundwater basin, which without that effort would not augment the groundwater supply.

Sec. 316. "Supplemental water" means surface water or groundwater imported from outside the watershed or watersheds of the groundwater basin and flood waters that are conserved and saved within the watershed or watersheds which would otherwise have been lost or would not have reached the groundwater basin.

Sec. 317. "Temporary surplus" means the amount of water than can be extracted from the groundwater basin, without adversely affecting the available supply of the groundwater basin, to provide storage space for natural recharge that would be lost during wet years if it could not be stored in the groundwater basin.

Sec. 318. "Water year" means the period from October 1 of one calendar year to September 30 of the following calendar year.

Sec. 319. "Well interference" means a substantial reduction in the production of an existing facility due to a substantial nonseasonal water level decline in a localized area caused by pumping from extraction facilities in close proximity to one another.

Article 4. General Provision

Sec. 401. (a) There shall be submitted to the registered voters within the agency at the general election, to be held throughout the state on the sixth day of November 1984, the question of whether the agency shall be organized and shall exercise its power in accordance with the provisions of this act.

(b) There shall be printed on the ballot at the election the

following question:

"Shall the Pajaro Valley Water Management Agency be organized and exercise its powers in accordance with the provisions of the Pajaro Valley Water Management Agency Law?"

Following the question shall be the words "Yes" and "No" on separate lines with a voting square at the right of each, in which the voter shall indicate by stamping a cross (+) his or her vote for or against the proposition.

(c) If a majority of the voters voting on the proposition vote in its favor, the agency shall begin to function and to exercise its powers upon the organization of the board of directors as provided in Section 402.

(d) If a majority of the voters voting on the proposition do not vote in its favor, another election on the proposition shall be held within the agency upon the petition of 10 percent of the voters within the proposed agency boundaries. Petitions may be circulated for that purpose not earlier than six months after the previous election.

Sec. 402. The agency shall be governed by the board of directors. The board shall consist of seven members selected in accordance with this act. Each member of the board shall be a voter of and a resident within the agency. Four members of the board shall be elected as provided in Section 403. Three members of the board shall be appointed. The appointed members of the board shall reside within the jurisdiction of the appointing power, shall derive at least 51 percent of their net income from the production of agricultural products, as certified by affidavit, and shall be appointed by the following agencies: one member each by the Board of Supervisors of Monterey County, the Board of Supervisors of Santa Cruz County, and the City of Watsonville. The appointments may be made from lists of not less than three nor more than five persons submitted to the appointing power for each vacancy by the Santa Cruz County Farm Bureau and the Monterey County Farm Bureau.

Sec. 403. The initial elected members of the board shall be elected at large by the voters of the agency at the November 6, 1984, formation elections. The elected members shall thereafter be elected by division as provided in this act.

Sec. 404. The term of office of each elected member of the board shall be four years, except that after the initial election, the two directors receiving the highest number of votes shall serve for four years, and the other two directors shall serve two years. Thereafter, all elected directors shall serve for four years. The term of office for an appointed member of the board shall be two years. A vacancy in the office of a member of the board shall be filled pursuant to Section 1780 of the Government Code, and a vacancy in the term of office of an appointed member shall be filled by the appointing power. The qualification of voters and the election of the members of the board shall be in accordance with the provisions of the Uniform District Elections Law (Part 3 (commencing with Section 23500) of Division

14 of the Elections Code) except as otherwise provided in this act.

Sec. 405. The agency shall, by resolution adopted by a majority of the members of the board at least 140 days before the next general district election, be divided into four divisions. All directors thereafter elected by division shall be residents of their division and shall be registered voters at the time of their election and during their term of office.

Sec. 406. After the adoption of the resolution by the board to establish divisions in the agency, the board of directors shall establish the boundaries of the divisions on the basis of equalizing as nearly as practicable the number of registered voters in each division. The board shall from time to time reestablish the boundaries on that basis. The creation or modification of divisions does not affect the term of any director until his or her term expires.

Sec. 407. At the first election of directors following the adoption of the resolution by the board establishing divisions, the number of directors to be elected shall correspond with the number of directors whose terms expire. The directors whose terms have not expired shall serve their unexpired terms under the qualifications to hold office that existed prior to the adoption of the resolution establishing divisions. The division in which elections shall be held two years after the formation of the district shall be selected from those divisions which are not represented by the directors who were elected to four-year terms. In that first election and in all subsequent elections, the form of the ballot and the conduct of the election shall be governed by the Uniform District Election Law for resident voting districts.

Sec. 408. The board shall hold its first meeting as soon as possible after the election of the first members of the board. The board shall elect one of its members chairman, and shall thereupon provide for the time and place of holding its meetings and the manner in which special meetings may be called upon adequate notice to the public. At the first meeting in the month of January of each year, or at the next meeting following the creation of a vacancy in the office of chairman, the board shall choose one of its members to be chairman and one of its members to be vice chairman.

Sec. 409. The chairman of the board shall preside at all meetings of the board. In the case of the absence or inability to act of the chairman or vice chairman, the members present shall by a resolution entered in the records of the board, select one of their number to act as temporary chairman.

Sec. 410. A majority of the members of the board shall constitute a quorum for the transaction of business. On all ordinances, the roll shall be called and the ayes and noes recorded in the records of the board. Resolutions and motions may be adopted by voice vote, but on demand of any member, the roll shall be called. Except as otherwise provided in this act, no ordinance, resolution, or motion shall be passed nor become effective without the affirmative vote of the majority of the members of the board.

Sec. 411. Each director may receive compensation in an amount not to exceed one hundred dollars ($100) per day for each day's attendance at meetings of the board or for each day's service rendered as a director by request of the board, not exceeding a total of two days in any calendar month, together with any expenses incurred in the performance of his or her duties required or authorized by the board.

Sec. 412. The board shall designate a depository or depositories to have the custody of funds of the district. All funds of the district deposited with any depository shall be secured as required by law.

Sec. 413. Notwithstanding Section 56039 of the Government Code, the agency shall be deemed to be a "district" within the provisions of the District Reorganization Act of 1965 (Division 1 (commencing with Section 56000) of Title 6 of the Government Code), and all proceedings for the annexation or detachment of territory to or from the district shall be conducted in the manner therein provided and all the provisions of that act shall apply to the district.

Sec. 414. The agency may exclude from any of the requirements of this act any class of persons who extract or consume a minimum amount of water. Any such exemption shall be subject to periodic review.

Article 5. Powers of the Agency

Sec. 501. The agency shall exercise the powers granted by this act for the purposes of water management within the boundaries of the agency, together with any powers as may be reasonably implied, necessary, and proper to carry out the objectives and purposes of the agency.

Sec. 502. The agency, before adopting any regulation, shall make a finding that the public necessity requires the action, and the resolution or ordinance enacted shall state the ultimate facts upon which the finding is based.

Sec. 503. The agency may carry on technical and other necessary investigations of all kinds and collect data necessary to carry out the provisions of this act. The agency shall have the right of accesss to all properties within the agency to the extent permitted by the United States Constitution and the California Constitution.

Sec. 504. The agency may cooperate and contract with federal, state, and local governmental agencies in the conduct and performance of all investigations, studies, and data collection.

Sec. 505. All investigations and studies carried out by or on behalf of the agency shall be conducted by licensed engineers or experts in groundwater geology or hydrology. The agency shall not implement groundwater management programs until the board of directors has received the recommendations of its engineers, consultants, and staff.

Sec. 506. The agency shall prepare annually a report on

groundwater supplies and conditions in the district, including groundwater management objectives and a plan of implementation of those objectives. If restrictions on operators of extraction facilities have been imposed during the previous year, the annual report shall also include specific findings which state all of the following:

(a) Any changes in static groundwater levels during the prior 12 months.

(b) The factual reasons why those restrictions should continue into the following year.

Sec. 507. The agency shall have the power of eminent domain to acquire within the agency property necessary for carrying out the powers and purposes of the district, except that the agency shall not have power to acquire by condemnation publicly owned property held or used for the development, storage, or distribution of water for public use.

Sec. 508. The agency shall be an appropriate body to apply for and administer any public or private grants and programs which affect the water resources of the agency.

Sec. 509. The agency may sue and be sued.

Sec. 510. The agency may do any of the following:

(a) Enter into contracts and employ and retain personal services. The board may cause construction or other work to be performed or carried out by contracts or by the agency under its own supervision.

(b) Contract for and perform contracts with public entities for the performance of administration of the agency and perform or contract for the performance of tests, studies, and investigations as necessary and proper to carry out the objects and purposes of the agency.

(c) All contracts for the construction of any unit of work or for any services estimated to cost over $10,000 shall be let to the lowest responsible bidder in accordance with the provisions prescribed by Chapter 2 (commencing with Section 20100) of Part 3 of Division 2 of the Public Contract Code. If the cost of the project or service will not exceed $10,000 the agency may have the work done by force account. The agency may purchase in the open market, without advertising for bids thereof, materials and supplies for use in any work either under contract or by force account.

(d) Create, establish, and maintain such offices and positions as the board may determine are necessary and convenient for the transaction of the business of the agency.

Sec. 511. The agency may, by resolution adopted by the board, issue negotiable promissory notes to acquire funds for any agency purpose or purposes. Any issue of promissory notes shall bear interest at a rate not exceeding 10 percent per year and shall mature over a period not exceeding five years from the date thereof. The aggregate principal amount of such notes outstanding at any one time shall not exceed three hundred thousand dollars ($300,000).

Sec. 512. Any city or county having land use jurisdiction over a development project which proposes to use water that has been

extracted from aquifers underlying the agency or diverted from surface sources within the boundaries of the agency shall notify the agency of the proposed project.

Sec. 513. After adoption of a groundwater management plan, the agency shall notify appropriate land use agencies of the management techniques recommended by the groundwater management plan.

Sec. 514. If a land use project requires a permit from the agency, the agency shall submit the permit and any conditions of the permit to the appropriate land use agencies.

Sec. 515. Prior to approving any project, as defined in Section 21065 of the Public Resources Code, the agency directors shall make a finding that the project is consistent with applicable city and county general plans.

Sec. 516. The agency shall have prevailing authority over any special district within the boundaries of the agency which exercises any of the powers enumerated in this act.

Article 6. Registration of Groundwater Extraction Facilities

Sec. 601. The agency may, by ordinance, require extraction facilities to be registered with the agency and, if required by the board of directors, measured with a water flow measuring device installed and calibrated by the agency or, at its option, by the extraction facility operator. The agency may also require any new extraction facility which is constructed, existing extraction facility which is deepened, or abandoned extraction facility which is reactivated to be registered with the agency within 30 days of completion of construction, deepening, or reactivation, and, if required by the board of directors, equipped with a water flow measuring device.

Sec. 602. In addition to other information which the agency may require, the agency may require for each registered extraction facility information as to the operator of each extraction facility, the owner of the land upon which each extraction facility is located, and a general description of the equipment associated with each extraction facility and the location of each water extraction facility.

Sec. 603. The agency may, by ordinance, require the operator of each extraction facility to file annually with the agency an annual groundwater extraction statement that contains, but is not limited to, the following information:

(a) Total extraction in acre-feet of water from the extraction facility for the preceding year.

(b) The static groundwater level for the extraction facility.

(c) A description of the location of the extraction facility.

(d) The soil and crop types for agricultural uses. The acreage served by the extraction facility.

(e) The method of measuring or computing groundwater extraction.

Each groundwater extraction statement shall be verified by a

written declaration under penalty of perjury that the information contained in the statement is true and correct. The operator of an extraction facility which has been permanently abandoned after the effective date of this act shall give written notice of the abandonment to the agency.

Sec. 604. The board may, by ordinance, establish reasonable methods to be used in computing the amount of water extracted by extraction facilities other than by a water flow meter. These methods may be based upon any or all or a combination of the following criteria:

(a) The size of water-producing facility discharge opening.

(b) The area served by the water-producing facility.

(c) The number of persons served by the water-producing facility.

(d) The use of land served by the water-producing facility.

(e) The crops grown on land served by the water-producing facility.

(f) Any other criteria which may be used to determine with reasonable accuracy the amount of water produced from a water-producing facility.

Article 7. Groundwater Management

Sec. 701. Within six months after the formation of the agency, the board of directors shall give notice and hold a public hearing to receive evidence of the need to perform a groundwater basin study. Upon conclusion of the hearing and after consideration of any relevant comments, the board of directors may determine that the performance of a groundwater basin study is necessary to meet the purposes, goals, and objectives of the agency.

Sec. 702. If, upon receipt of the recommendations of its engineers, consultants, and staff, the board of directors determines that groundwater management activities may be necessary, the board of directors shall give notice of and hold a hearing to receive evidence on the need for a management plan and on the form and scope of the proposed management activities.

If, upon conclusion of the hearing, and consideration of any relevant investigations, studies, or results, the board of directors determines that management in the form proposed is necessary for the sound management of the groundwater within the groundwater basin, the agency may, by ordinance, exercise any of the powers set forth in this act, subject to subdivisions (d), (f), and (g) of Section 102.

Sec. 703. The agency may regulate groundwater replenishment programs and recapture supplemental groundwater resulting from these programs within the agency as provided by this act, subject to subdivisions (d), (f), and (g) of Section 102. The agency shall have the power to determine the amount of groundwater basin storage space available and to allocate groundwater basin storage space

within the groundwater basin after completion of the groundwater basin study.

Sec. 704. The agency or other persons pursuant to an agreement with the agency shall have the sole right to store, recapture, distribute, and sell supplemental water in the groundwater basin, subject to subdivisions (d), (f), and (g) of Section 102.

Sec. 705. The agency may commence and prosecute actions to enjoin unreasonable uses or methods of use of water within the agency or outside of the agency to the extent those uses or methods of use affect the groundwater supply within the agency.

Sec. 706. The agency may impose spacing requirements on new extraction facility construction to minimize well interference.

Sec. 707. The agency may, at the request of an operator of an extraction facility, and after notice to all affected persons, convene a hearing to ascertain if the legal rights of a complaining operator have been infringed through well interference by the extractions of an adjacent operator within the agency.

Sec. 708. If the board finds at the hearing that well interference exists, the board may impose reasonable operating regulations on extraction facilities to minimize well interference. The regulations may, where feasible, require pumpers to operate on a rotation basis. Rotations shall not be deemed feasible if they would require an overlying owner to construct a new well to irrigate the acreage being irrigated by a single existing well.

Sec. 709. The agency may store water in and recapture water from surface reservoirs or groundwater basins within the agency.

Sec. 710. The agency may purchase and import water into the agency subject to subdivisions (d), (f), and (g) of Section 102, except that no water shall be imported into the agency for other than agricultural purposes.

Sec. 711. The agency, in order to improve and protect the quality of water supplies may treat, inject, extract, or otherwise control water, including, but not limited to, control of extractions, and construction of wells and drainage facilities. These powers shall include the right to regulate, limit, or suspend extractions from extraction facilities, the construction of new extraction facilities, the enlarging of existing facilities, or the reactivation of abandoned extraction facilities.

Limitation, control, or prohibition related to extraction shall be instituted only after the board has made factual findings that the limitation, control, or prohibition is necessary.

Sec. 712. (a) If the agency limits or suspends extractions within the basin or within a subbasin by operators of extraction facilities, rights to the use of the available supply of groundwater shall be allocated primarily on the basis of the amount of water used by the operator as a percentage of the total amount of water being used within the agency. The agency may adjust any figure so arrived at up or down for any of the following factors:

(1) The number of acres actually irrigated compared to the

number of acres owned or leased, for a period of three years.

(2) Water used in relation to best management practices for the use being made of the water.

(3) Wasteful or inefficient use.

(4) Reasonable need.

(5) Any other factor that the agency reasonably feels it should consider in order to reach an equitable distribution.

(b) Notwithstanding any other provision of this act, the agency shall not regulate existing extraction or physically import water into the basin until the agency has adopted a groundwater management plan. However, the board may reserve water to be imported from a state or federal water development project, or express an intent to import water, prior to the preparation of a groundwater management plan. The board may also restrict existing extractors prior to the adoption of a management plan, anytime after the end of the first full water year after the formation of the agency, if it has determined at a noticed public hearing that a substantial reduction in the water quantity or quality has taken place within the preceding water year which creates a substantial threat to the water supply of the entire basin.

Sec. 713. (a) If the agency limits or suspends extraction by operators of extraction facilities, no operator may extract increased amounts of groundwater from an existing, new, enlarged, or reactivated extraction facility, until the operator has applied for and received a permit from the agency.

(b) The agency shall grant, at the earliest date possible, the permit upon a showing by the applicant that the applicant has acquired from existing permitted extractors, water entitlement equivalent to the amount of water the applicant seeks to extract in the permit application.

(c) This section shall not be construed as preventing an operator of an extraction facility from replacing an extraction facility with another extraction facility so long as the amount of water used is not increased.

Sec. 714. The agency shall have the power to take all affirmative steps necessary to replenish and augment the water supply within its territory. In the event the agency imposes restrictions on the operation of extraction facilities, the agency shall purchase, or capture, and distribute supplemental water at the earliest date possible, subject to subdivisions (d), (f), and (g) of Section 102.

Article 8. Bonds and Zones of Benefit

Sec. 801. The agency may use, and may issue bonds in accordance with, the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code), the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the

Streets and Highways Code), or the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) for the construction of any facilities authorized to be constructed by the agency under the provisions of this act.

Sec. 802. (a) "Zone of benefit" means an area, including, but not limited to, subbasins, within the agency which will benefit from planning, studies, or any management program undertaken by the agency in a manner different from other areas or subbasins within the district.

(b) The board may establish zones of benefit within the agency for purposes of Section 801 and to institute works or projects for any purpose authorized by this act. The zones shall be established by a resolution of the board which shall fix a time and place for a public hearing on the resolution and shall prescribe the boundaries of the zones. Notice of the hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published or circulated within the agency.

(c) The board of directors may amend zone of benefit boundaries by annexing property to or by withdrawing property from a zone, or may divide a zone into two or more zones. Resolutions of the board of directors shall describe the boundaries of the amended or divided zones.

Sec. 803. (a) At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written and oral objections to the proposed work or project, to the proposed methods and amounts of financing the work or project, and to the inclusion or exclusion of property within the proposed zone or participating zones.

(b) If, in the judgment of the board, evidence given at the public hearing indicates that changes in the proposed work or project or the methods and amounts of financing the work or project are necessary or desirable, the board may, at the conclusion of the hearing, adopt a resolution making changes in the proposed work or project and the methods and amounts of financing the work or project.

(c) At the conclusion of the hearing, unless the board abandons the proposed work or project, it shall exclude from the zone or participating zones all property which, in the judgment of the board, will not be benefited by the proposed work or project.

Sec. 804. If, prior to the conclusion of the hearing, a written protest is filed with the board against the proposed work or project which is signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, within the zone or within any of the participating zones for which the work or project was initiated, or by the holders of title to a majority of the assessed valuation of the real property within the zone or any of the participating zones, the proceedings relating to the work or project shall be terminated and a new hearing shall be conducted before the board may proceed with the work or project.

The new hearing may not be held until at least six months following the termination.

Article 9. Financial Provisions

Sec. 901. Any person who seeks to install, activate, or expand the production of a water extraction facility within the agency shall pay to the agency a fee set by the board of directors, by ordinance, representing the person's share of the agency's contribution to the maintenance of a basin supply sufficient to meet the new or expanded demand. This impact fee shall be collected only after the agency has implemented its management plan and is in addition to any other agency's service, connection, or extraction permit fee. The fees collected under this section may be used for any valid purpose as determined by the board of directors.

Sec. 902. The agency may, by ordinance, fix charges upon land within the agency for the purpose of paying the costs of initiating, carrying on, and completing any of the powers, projects, and purposes for which the agency is organized. The charge may be imposed on landowners within the district for benefits received by landowners from improved water management and planning.

Sec. 903. Before fixing the charges, the board of directors shall, after notice and hearing, find and determine the need for the charges for the purpose of paying the costs of these activities, and the amount of the charges for the purpose of paying the costs of these activities, and the amount of the charges to be imposed. The charges shall not exceed five dollars ($5) per acre per year for each acre of land. However, the agency may vary the minimum charges collected on the basis of benefit accruing to the land as a result of the actions of the agency. The amount collected in any single year by means of the charge shall not exceed three hundred thousand dollars ($300,000).

Sec. 904. The board of directors may establish schedules varying the charge according to the likelihood that the land will benefit from improved water management and planning charges. The initial schedule of charges may be amended only after a public hearing by a five-sevenths vote of the board of directors.

Sec. 905. Charges may be collected pursuant to this article commencing with the 1984–85 fiscal year.

Sec. 906. A penalty of 7 percent of any charge shall accrue where any charge remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the agency or any part thereof is located is required by law to levy the amount of taxes required for county purposes.

Sec. 907. The amount of the unpaid charge plus the penalty shall be added to the tax levied annually upon the land subject to the charge. The amount of the unpaid charge plus the penalty shall constitute a lien on that land as of the same time and in the same manner as does the tax lien securing annual property taxes.

Sec. 908. At least 15 days before the first day of the month in which the board of supervisors of each affected county is required by law to levy the amount of taxes required for county purposes, the board of directors shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of each parcel of land within the agency upon which a charge remains unpaid, together with the amount of the unpaid charge plus penalty.

Sec. 909. On or before the 15th day of May of each year, the board shall estimate and determine the annual amount of money required for the agency and shall adopt a preliminary budget which shall be detailed in conformity with the Uniform Accounting Procedures for the districts set forth in the California Administrative Code.

Sec. 910. On or before the 15th day of May of each year the board shall publish a notice stating the following:

(a) The preliminary budget has been adopted and is available at a time and at a place within the agency, specified in the notice, for inspection by the voters.

(b) On a specified date and at a specified time and place, the board shall meet for the purpose of fixing the final budget, and that any taxpayer may appear and be heard regarding the increase, decrease, or omission of any item of the budget or for the inclusion of additional items.

Sec. 911. The notice required by Section 910 shall be published pursuant to Section 6066 of the Government Code in at least one newspaper published in the agency. The first publication shall be at least two weeks prior to the date specified for the meeting of the board. The notice shall be posted in three public places in the territory of the agency not less than two weeks prior to the date specified for the meeting of the board. No other notice of the meeting need be given.

Sec. 912. At the time and place designated in the published notice for the meeting, any person may appear and be heard regarding the increase, decrease, or omission of any item of the budget or for the inclusion of any additional items.

Sec. 913. All moneys collected by the agency pursuant to this act shall be placed in an account and shall be available without regard to fiscal year for expenditure by the agency in carrying out its water management functions pursuant to this act.

Article 10. Groundwater Augmentation Charges

Sec. 1001. The agency may, by ordinance, levy groundwater augmentation charges on the extraction of groundwater from all extraction facilities within the agency for the purposes of paying the costs of purchasing, capturing, storing, and distributing supplemental water for use within the boundaries of the agency.

Sec. 1002. (a) Before the levy of groundwater augmentation charges, the board of directors shall, after notice and hearings, find and determine the amount of water which is required for the

replenishment or enhancement of groundwater supplies in the agency and the sum of money necessary for that purpose, and the activities required to prepare or implement any groundwater management program for the agency. The finding shall include all of the findings enumerated in Section 75574 of the Water Code.

(b) That determination shall be made on the basis of the hearing record, any relevant reports, and the agency's engineering investigation. The investigation shall include all of the following:

(1) Information for the consideration of the board in its determination of the annual overdraft.

(2) Information for the consideration of the board in its determination of the accumulated overdraft as of the last day of the preceding water year.

(3) A report as to the total production of water from the groundwater supplies for the preceding water year.

(4) An estimate of the annual overdraft for the current water year and for the ensuing water year.

(5) The amount of water the agency is obligated to purchase during the ensuing water year, and a recommendation as to the quantity of water needed for surface delivery and for replenishment of the groundwater supplies for the ensuing year.

(6) Such other information as the board desires.

Sec. 1003. The groundwater augmentation charges shall not exceed 15 percent of the highest charges for water levied by any multiple water supply system with more than 5,000 service connections in the agency.

Sec. 1004. If any person fails to pay the applicable groundwater augmentation charge when due, the agency shall charge and collect interest at the rate of 1½ percent each month on the delinquent amount of the groundwater augmentation charge. In addition, the agency may exercise any of the provisions of Article 5 (commencing with Section 75630) of Chapter 3 of Part 9 of Division 21 of the Water Code for the purpose of collecting delinquent groundwater charges.

Article 11. Enforcement Powers

Sec. 1101. Upon the failure of any person to comply with any of the provisions of this act, including, but not limited to, registration of extraction facilities and installation of measuring devices, filing of statements, payment of augmentation charges, or payment of management charges, or upon failure of any person to comply with any ordinance duly adopted by the board of directors pursuant to this act, the agency may petition the superior court of a county in which the territory of the agency lies for a temporary restraining order or preliminary or permanent injunction prohibiting the person from operating an extraction facility or for such other injunctive relief as may be appropriate.

Sec. 1102. The right to proceed for injunctive relief is an additional right to those which may be provided elsewhere in this act

or otherwise allowed by law. The agency shall not be required to provide an undertaking or bond as a condition of a grant of injunctive relief.

Sec. 1103. In any action brought pursuant to this act in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it shall not be necessary to allege or prove at any stage of proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued, or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without those allegations and without that proof.

Sec. 1104. The agency may petition the superior court of a county in which the territory of the agency lies to recover any sums due to the agency pursuant to any provision of this act. The agency shall make that request only after a hearing with due notice of the hearing given to all affected persons.

Sec. 1105. Remedies under this article are in addition to, and do not supersede or limit, any and all other remedies, civil or criminal.

Sec. 1106. In order to preserve and manage the groundwater resources within the agency, the agency may also commence, maintain, intervene in, defend, compromise, and assume the costs and expenses of legal actions and administrative proceedings now or hereafter begun involving surface and groundwater, including, but not limited to, a groundwater rights adjudication.

Sec. 1107. If any court is petitioned to adjudicate the groundwater basin or any part thereof, whether the petition is filed by the agency or by any person, the court shall base judgment, ruling, or findings of fact primarily on the amount of water used by the operator as a percentage of the total amount of water available for use in the basin or subbasin. In order to reach an equitable distribution, the court may adjust any amounts so arrived at for any of the following factors:

(a) Wasteful or inefficient use.

(b) Reasonable need.

(c) Reduction or suspension of extractions required within the boundaries of the agency.

(d) Any other factor that the court feels it should consider in order to reach an equitable distribution.

Sec. 1108. Any person who intentionally violates any provision of this act or any agency ordinance may also be liable civilly to the agency for a sum not to exceed one thousand dollars ($1,000) per day for each day of that violation, in addition to any other penalties that may be prescribed by law.

SEC. 2. Article 9.6 (commencing with Section 31144) is added to Chapter 1 of Part 5 of Division 12 of the Water Code, to read:

Article 9.6. Lompico County Water District

31144. In addition to the other powers provided by law, the Lompico County Water District, Santa Cruz County, shall have all of the following powers and shall promptly and effectively exercise such powers as may be appropriate to ensure that onsite waste water disposal systems, as defined in Section 6952 of the Health and Safety Code, along the San Lorenzo River do not pollute the river, its tributaries, and groundwater:

(a) To carry on technical and other investigations, examinations, or tests, of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to the water supply, use of water, water quality, nuisance, pollution, waste, and contamination of water within the district as those activities relate to the use of public, combined, or private onsite waste water disposal systems.

(b) To require all persons discharging from onsite waste water disposal systems within the district to register the system with the district, and to charge annual registration fees in such amount as will defray all or a portion of the costs of exercising the powers provided in this article. Applications for permits for onsite waste water disposal systems within the district to the County of Santa Cruz shall be referred to the district for the district's review and comment.

(c) To adopt and enforce regulations for onsite waste water disposal systems within the district, after holding a public hearing on reasonable notice thereof, to control and enhance the quality of the ground and surface waters of the district, in order to eliminate the pollution, waste, and contamination of water flowing into, through, or originating within watercourses, both natural and artificial, within the district, to prevent contamination, nuisance, pollution, or otherwise rendering unfit for beneficial use the surface or groundwater used or useful in the district, and to expend such amounts as are necessary to exercise these powers from the funds of the district. The regulations shall not be in conflict with state law or county ordinances.

31144.1. The district shall immediately do all such acts as are reasonably necessary to secure compliance with any federal, state, regional, or local law, order, regulation, or rule relating to water pollution or discharges from onsite waste water disposal systems within the area of the district. For that purpose, any authorized representative of the district, upon presentation of his credentials, or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, or with the permission of the owner, shall have the right of entry to any premises on which an onsite waste water disposal system is located for the purpose of inspecting the system, including securing samples of discharges therefrom, or any records required to be maintained in connection therewith by federal, state, or local law, order, regulation, or rule.

31144.2. (a) Violation of any of the provisions of a district regulation adopted pursuant to Section 31144 may be abated as a public nuisance by the district, and the board of directors may by regulation establish a procedure for the abatement of such a nuisance and to assess the cost of abatement to the violator. If the violator maintains the nuisance upon real property in which the violator has a fee title interest, the assessment shall constitute a lien upon the real property.

(b) The amount of any costs incurred by the district in abating such a nuisance upon real property shall be added to the annual taxes next levied upon the real property subject to abatement and shall constitute a lien upon that real property as of the same time and in the same manner as does the tax lien securing those annual taxes. All laws applicable to the levy, collection, and enforcement of district taxes shall be applicable to the assessment, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attached thereon, prior to the date on which the first installment of those taxes would become delinquent, then a lien which would otherwise be imposed by this section shall not attach to the real property and the delinquent and unpaid charges relating to the property shall be transferred to the unsecured roll for collection. Any amounts of those assessments collected are to be credited to the funds of the district from which the costs of abatement were expended.

31144.3. (a) The owner of any real property upon which is located an onsite waste water disposal system, which system is subject to abatement as a public nuisance by the district, may request the district to replace or repair the system, as necessary. If replacement or repair is feasible, the board of directors, in its sole discretion, may provide for the necessary replacement or repair work.

(b) The person or persons employed by the board of directors to do the work shall have a lien, subject to the provisions of subdivision (b) of Section 31144.2, for work done and materials furnished, and the work done and materials furnished shall be deemed to have been done and furnished at the request of the owner. The district, in the discretion of the board of directors, may pay all, or any part, of the cost or price of the work done and materials furnished; and, to the extent that the district pays the cost or price of the work done and materials furnished, the district shall succeed to and have all the rights, including, but not limited to, the lien, of the person or persons employed to do the work against the real property and the owner.

(c) As an alternative power to the enforcement of the lien provided in subdivision (b), the board of directors may, by ordinance adopted by two-thirds vote of the members, fix the costs of replacement or repair; fix the times at which the costs shall become due; provide prior to the replacement or repair for the payment of the costs in installments over a period not to exceed 15 years;

establish a rate of interest not to exceed 8 percent per annum, to be charged on the unpaid balance of the costs; and provide that the amount of the costs and the interest shall constitute a lien, subject to the provisions of subdivision (b) of Section 31144.2, against the respective lots or parcels upon which the work is done.

(d) With the written consent of the owner and the lienholder, if other than the district, the board of directors may issue an improvement bond pursuant to the improvement bond provisions of the Improvement Act of 1911 (Part 5 (commencing with Section 6400) of Division 7 of the Streets and Highways Code), to represent and be secured by the lien established pursuant to subdivision (b). The bond may be delivered to the lienholder if other than the district or may be sold by the board of directors at public or private sale. The amount of the bond shall be the amount of the lien, including incidental expenses allowable under the Improvement Act of 1911. The bond term and interest rate shall be determined by the board of directors within the limits established by the Improvement Act of 1911 and other applicable provisions of law.

31144.4. In order to avoid duplication, either the district or the County of Santa Cruz may contract with the other party for any services or activities authorized to be performed pursuant to this article.

31144.5. (a) Whenever, in the opinion of the board of directors, the public interest or convenience may require, the board of directors may undertake any work necessary or incidental to the prevention, mitigation, abatement, or control of water pollution from public, combined, or private onsite waste water disposal systems, or to repair damages resulting therefrom.

(b) For purposes of this section, "water pollution" means actual or threatened pollution to the San Lorenzo River and its tributaries, ground and surface waters of the district, and water flowing into, through, or originating within watercourses, both natural and artificial, within the district.

(c) The work may be performed on private property with the prior written consent of the owner thereof, if the board of directors of the district, in the resolution of intention, determines that it is in the public interest to do so.

(d) The work or improvement shall be done and the cost thereof assessed and collected in accordance with the procedures of the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code), or the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code).

31144.6. Any violation of a regulation of the district adopted pursuant to Section 31144 is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500), or imprisonment in the county jail not to exceed 60 days, or by both that fine and imprisonment.

Each day of the violation shall constitute a separate offense. Any violation or threatened violation of a regulation of the district may also be enjoined by civil suit.

SEC. 3. The Legislature hereby finds and declares that a unique situation exists within the Lompico County Water District because of a large transient population, extensive use of private septic systems, land topography and population density that create special problems for sewage treatment and disposal, remoteness to other urbanized areas in the county, an immediate need to meet water quality control laws and the health and safety requirements of the district inhabitants, and the existence of a public agency capable of performing the needed public service. The Legislature further finds and declares that a general act cannot be made applicable to this unique situation and that it is, therefore, necessary to enact this special act relating to the Lompico County Water District.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order (1) to provide for the sound management of the groundwater resources of the Pajaro Valley which are suffering from special problems which immediately threaten the continued availability of groundwater in those basins, and to protect the agriculture and the economic well-being of that valley which are dependent on the groundwater resources, and (2) to repair and abate water pollution damage in the Lompico County Water District as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 258

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1984, Filed with Secretary of State June 27, 1984]

I object to the following appropriations contained in Assembly Bill No. 2313·

Section 1 30

Section 1.30 extends for one year continuous appropriations which are contained in various laws.

I am modifying Section 1 30 to exclude the extension of the continuous appropriation provided in Government Code Section 16100 for personal property tax subventions as provided in Government Code Sections 16111, 16115 and 16115 5.

The Budget I proposed in January eliminated the Personal Property Tax Relief subvention in FY 1984–85 as one component of a major restructuring of local government finance This subvention has been difficult for both the State and local agencies to track from one year to the next and in reality no longer operates as a reimbursement for the actual value of lost property tax revenues Instead, I proposed legislation to repeal this subvention and provide reliable and predictable funding sources in its place However, at this time, the Legislature has not acted to establish these replacement funding sources.

I am asking the Legislature to enact legislation which will provide local governments with the proposed replacement revenues.

Item 0110-001-001—For support of Senate. I reduce this item from $56,838,000 to $41,012,000 by reducing:

(d) Contingent Expenses from $54,447,000 to $38,621,000

I am reducing this item at the request of the Senate President pro Tempore and the Senate Minority Floor Leader. The Legislature should implement this reduction in a manner consistent with the provisions of Proposition 24. I will be glad to cooperate should any additional technical fiscal measure be required and requested by the Democrat and Republican leadership.

Item 0120-011-001—For support of Assembly. I reduce this item from $74,885,000 to $53,666,750 by reducing·

(d) Contingent Expenses from $69,913,000 to $48,694,750.

I am reducing this item at the request of the Speaker of the Assembly and the Assembly Minority Floor Leader The Legislature should implement this reduction in a manner consistent with the provisions of Proposition 24. I will be glad to cooperate should any additional technical fiscal measure be required and requested by the Democrat and Republican leadership.

Item 0565-001-001—For support of the Commission on Industrial Innovation. I eliminate this item.

I am eliminating this item because the Commission duplicates functions performed by the Department of Economic and Business Development.

Item 0660-101-890—For local assistance, Office of Economic Opportunity. I reduce this item from $110,955,000 to $110,055,000 by reducing:

(b) 40—Community Services from $27,801,000 to $26,901,000.

I am reducing this item by $900,000 because I do not believe it is appropriate to take away funds appropriated by Congress to help the aged and poor pay for the high cost of gas and electricity and use these funds for additional support of selected community action agencies and the Community Services Block Grant (CSBG) Program.

I believe that it is appropriate to implement the goals of Chapter 4, of the 1983 First Extraordinary Session, which requires that CSBG funds be distributed based on

specified low-income population data. However, in recognition that specified agencies will be adversely impacted by the shift in funds, I am retaining that language which requires only two-thirds of the change, thereby providing one additional year of transition. I also am directing the Office of Economic Opportunity to work with those agencies adversely affected to develop alternatives which may mitigate further the impact of Chapter 4.

I also am eliminating budget act language (Provision 6) that requires OEO to establish a fourth migrant farm worker district because I believe existing migrant farm worker districts are able to provide effective services. In addition, this proposal would result in increased administrative costs with uncertain program benefits.

Item 0660-111-890—For local assistance, Office of Economic Opportunity. I eliminate this item.

I am eliminating this item because it is premature to establish program priorities for Petroleum Violation Escrow Account funds before the level and availability of funding are known

Item 0820-001-001—For support of the Department of Justice. I reduce this item from $100,660,000 to $99,741,000 by reducing:

(e) 40—Criminal Law from $20,651,000 to $19,732,000.

I am reducing $919,000 and 18 positions from this item for establishment and expansion of a major fraud unit Although I believe that prosecution of major fraud cases is primarily a local responsibility, local agencies may lack the expertise and resources needed to handle these cases Therefore, I have retained $900,000 and 17 positions to provide increased expertise and multi-jurisdictional coordination in this area and will monitor the department's progress to assess subsequent needs.

Item 0820-001-014—For support of the Department of Justice. I eliminate this item.

I am eliminating this item because litigation of toxic waste violations is primarily the responsibility of local district attorneys. However, if the workload for toxic control enforcement should develop which supports the need for additional positions for the Department of Justice, these positions can be administratively established by the Department of Finance during the year.

Item 0820-001-465—For support of the Department of Justice. I eliminate this item.

I am eliminating this item because I believe that utility rate litigation can be conducted satisfactorily from existing resources in the Department of Justice. In addition, I believe that the Public Utilities Commission has the primary constitutional responsibility to approve fair and equitable rates.

Item 0840-001-001—For support of State Controller. I reduce this item from $43,887,000 to $43,837,000 by reducing·

(a) Personal Services from $36,898,000 to $36,858,000, and

(b) Operating Expenses and Equipment from $20,545,000 to $20,535,000.

I am vetoing this funding since Chapter 1054/83 provided support for the Controller's duties under this act and because the use of additional General Fund support would not benefit the State.

Item 0860-001-001—For support of State Board of Equalization I reduce this item from $72,629,000 to $72,128,000 by reducing·

(a) Personal Services from $87,368,000 to $86,888,000, and

(b) Operating Expense and Equipment from $22,650,000 to $22,629,000.

This reduction includes $501,000 and 26 limited term positions added by the Legislature for the collection of delinquent sales and use taxes. It is not clear that additional staff in this activity will result in increased revenue. Other factors, including the state of the economy, can have a greater impact on gains or losses of revenue independent of additional collection efforts. The budget provides the Board with an increase in General Funds of nearly 5 percent over the 1983–84 fiscal year. In addition, I believe the Board has sufficient staff and can prioritize existing workload to assure that its functions are carried out.

Item 0890-001-001—For support of the Secretary of State. I reduce this item from $13,667,000 to $13,562,000 by reducing:

(a) Personal Services from $7,906,000 to 7,860,000, and

(b) Operating Expenses and equipment from $3,681,000 to $3,622,000.

I am allowing an increase of $29,000 and one position for increased workload in the notary public investigations function. I am also providing an augmentation of $51,000 and three positions to accommodate increased workload in the Uniform Commercial Code Program.

I am reducing $58,000 to lease additional space for archive storage at the existing facility because needs and costs have not been fully developed and reviewed. I expect a plan to be available for consideration for the 1985–86 fiscal year budget.

Item 1100-001-001—For support of Museum of Science and Industry. I reduce this item from $7,129,000 to $6,978,000 by reducing:

(a) Personal Services from $4,076,000 to $3,940,000, and

(b) Operating Expense and Equipment from $3,072,000 to $3,057,000.

I am reducing this item by $151,000 and six positions to provide increased security for the Afro-American History and Culture Museum. A combination of staff and security equipment designed to provide adequate security for the entire museum complex has been included in the budget. However, I am asking the Museum to work jointly with the State Police to assess the security requirements of the museum complex and take necessary administrative actions to assure the security of the facility and its exhibits.

Item 1140-006-001—For support of State Athletic Commission. I reduce this item from $625,000 to $516,000.

I am reducing a legislative augmentation by $109,000 and two positions to reflect the recommendations of a recent Auditor General report which was not available when the Legislature considered this item. I am retaining an augmentation of $62,000 for three limited term clerical positions to eliminate backlogs and increase the protection of boxers. This brings the budget increase to 20 percent for 1984–85 over the 1983–84 funding level.

Item 1390-046-758—For support of Board of Medical Quality Assurance. I reduce this item from $13,073,000 to $11,986,000 by reducing:

(a) 63.10-010—Board of Medical Quality Assurance from $13,516,000 to $12,429,000.

I am reducing this item by $1,087,000 and two positions. This reduction includes $87,000 and two positions to provide enforcement related to foreign-trained doctors. Three positions are retained to carry out the proposed enforcement activities. Additionally, I am reducing $1,000,000 for continuing education because the need for these funds was not demonstrated.

I eliminate Provisions 1 and 2, which would link the expenditure of enforcement funds to that of continuing education and provide for contracting with the Legislature, to reflect my veto of the funds provided for continuing education.

Item 1700-001-001—For support of the Department of Fair Employment and Housing. I reduce this item from $8,855,000 to $8,655,000 by reducing:

(a) 50—Administration of Civil Rights Law from $9,025,000 to $8,825,000

I am reducing this item by $200,000 for the funding provided to handle child discrimination in housing cases. The department includes this as normal workload, and it can be accomplished within existing resources.

I eliminate the language of Provision 3 which would require that $200,000 shall be used exclusively for the processing of complaints relating to unlawful discrimination against families with children to reflect my veto of the funds provided for this purpose.

Item 1760-001-344—For support of Department of General Services. I reduce this item from $1,400,000 to $1,339,000.

I am reducing a legislative augmentation for staff increases in the Office of Local Assistance by $61,000 because the need for additional positions has not been clearly demonstrated. However, I am retaining $61,000 of the augmentation to fund positions shown to be needed by the study of office procedures and workload standards currently being conducted by the Department of General Services.

Item 1760-001-666—For support of Department of General Services. I reduce this item from $235,608,000 to $235,012,000 by reducing:

(a) Personal Services from $126,818,000 to $126,470,000,

(b) Operating Expenses and Equipment from $176,197,000 to $175,791,000,

(i) Amount payable from the State School Building Aid Fund (Item 1760-001-739)

from −$742,000 to −$700,000,

(k) Amount payable from the State School Deferred Maintenance Fund (Item 1760-001-961) from −$318,000 to −$263,000, and

(*l*) Amount payable from the State School Lease Purchase Fund (Item 1760-001-344) from −$1,400,000 to −$1,339,000,

and by eliminating Provisions 6 and 7.

I am eliminating a legislative augmentation of $371,000 to forgive amounts owed the Service Revolving Fund from the Handicapped Access Account. The deficit in the Account should be recovered by increased fees, not by shifting the problem to another fund. I eliminate the language of Provisions 6 and 7 which was added by the Legislature because the corresponding appropriation for this language has been eliminated.

I am also changing the schedules in this item to reflect reductions totaling $158,000 in Items 1760-001-344, 1760-001-739, and 1760-001-961 which are payable to this item. In making these reductions, I am retaining funding for five of the ten positions added by the Legislature for the Office of Local Assistance. These positions will be established to the extent that the need for them is demonstrated by the study of the procedures and workload standards, which is currently being conducted by the Department of General Services.

I am also eliminating a legislative augmentation of $225,000 for seven additional State Police Officer positions. I am directing the department to assess security requirements in San Jose and take necessary administrative actions to assure the security of the State facility.

Item 1760-001-739—For support of Department of General Services. I reduce this item from $742,000 to $700,000.

I am reducing a legislative augmentation for staff increases in the Office of Local Assistance by $42,000 because the need for additional positions has not been clearly demonstrated. However, I am retaining $42,000 of the augmentation to fund positions shown to be needed by the Study of Office Procedures and Workload Standards currently being conducted by the Department of General Services.

Item 1760-001-961—For support of Department of General Services. I reduce this item from $318,000 to $263,000.

I am reducing a legislative augmentation for staff increases in the Office of Local Assistance by $55,000 because the need for additional positions has not been clearly demonstrated. However, I am retaining $55,000 of the augmentation to fund any positions shown to be needed by the Study of Office Procedures and Workload Standards currently being conducted by the Department of General Services.

Item 1760-301-036—For capital outlay, Department of General Services. I reduce this item from $10,999,000 to $5,121,000 by eliminating:

(7) Sacramento—acquisition, preliminary plans, working drawings, and construction for Sacramento parking garage ($5,878,000).

I am eliminating this project and its associated control language. The provision related to legislative control of the operation of this garage constitutes an unacceptable encroachment upon Executive authority.

Item 1900-001-001—For support of the Public Employees' Retirement System. I reduce this item from $59,000 to $57,000 by reducing:

(a) 10—Retirement from $24,000 to $23,000, and

(b) 20—Social Security from $35,000 to $34,000.

My action on this item conforms with the reduction in Item 1900-001-830.

Item 1900-001-815—For support of the Public Employees' Retirement System. I reduce this item from $212,000 to $210,000.

My action on this item conforms with the reduction in Item 1900-001-830.

Item 1900-001-820—For support of the Public Employees' Retirement System. I reduce this item from $151,000 to $150,000.

My action on this item conforms with the reduction in Item 1900-001-830.

Item 1900-001-830—For support of the Public Employees' Retirement System. I reduce this item from $29,177,000 to $28,265,000 by reducing:

(a) 10—Retirement from $27,850,000 to $26,957,000,

(b) 20—Social Security from $573,000 to $562,000,
(c) 40—PERS System Redesign Project from $882,000 to $874,000,
(d) 50.01—Administration from $15,865,000 to $15,481,000, and
(e) 50.02—Distributed Administration from −$15,191,000 to −$14,807,000.

Much of this augmentation was requested in anticipation of potential legislative mandates. Administrative costs of those bills should be contained in the appropriate legislation. A satisfactory workplan was not submitted to justify an additional $850,000 to implement the findings of a recent management study. The $250,000 provided in the budget to bring about the suggested changes is adequate.

I eliminate Provision 1 which is no longer necessary with the veto of this funding.

Item 1900-001-950—For support of the Public Employees' Retirement System. I reduce this item from $2,634,000 to $2,600,000 by reducing:

(b) 30—Health Benefits from $2,647,000 to $2,613,000.

My action on this item conforms with the reduction in Item 1900-001-830.

Item 1920-001-835—For support of State Teachers' Retirement System. I reduce this item from $12,595,000 to $12,215,000 by reducing:

(a) 100000—Personal Services from $8,375,000 to $8,125,000, and
(b) 300000—Operating Expenses and Equipment from $4,637,000 to $4,507,000.

I am retaining $173,000 and 8 positions for a one-year limited term to meet workload issues which are currently being met through the use of overtime. All other policy changes and resultant staffing proposed in this augmentation should be handled through the normal review process

Item 1960-001-001—For support of Department of Veterans' Affairs. I eliminate the language contained in Provision 4.

I am deleting Provision 4 which would require redirection of $50,000 from other programs to fund AB 3443. Costs associated with the bill should be funded through an appropriation in the legislation

Item 2180-001-001—For support of Department of Corporations.

I am eliminating the following language contained in item 2180-001-001 which would prohibit the Commissioner of Corporations from receiving a salary each month if medical surveys in the Health Care Service Plan program are not conducted in accordance with the timetable to be determined:

"The Governor may impose sanctions, including but not limited to, withholding the salary of the director of the department for any month in which the reporting and survey requirements are not met, for failure to meet the reporting and survey requirements."

I am eliminating budget act language that may prohibit payment of the Director's salary because it is an infringement on the separation of powers in that it usurps executive branch authority to effectively administer this office. Furthermore, the language in inappropriately punitive and does not provide adequate relief for justifiable, unforeseen delays in the medical survey process.

Item 2200-001-001—For support of the Department of Economic and Business Development. I reduce this item from $12,834,000 to $11,899,000 by reducing.

(d) 50—Small Business Development from $6,125,000 to $5,190,000.

I am reducing this item by $935,000 to eliminate a legislative augmentation that would have funded a new urban regional corporation and provided additional loan guarantee funds. There currently exist three urban corporations, one located in the Bay Area. Also, consideration of adding new corporations should be based on the ability of the existing corporations to become independent of State funding.

I am also deleting a portion of the language contained in Provision 2 which specifies the distribution of the $935,000 augmentation:

"up to $185,000 shall be for administrative support and $750,000 shall be for loan guarantees to support a new regional corporation in San Francisco, and"

Item 2660-001-140—For support of the Department of Transportation Advanced Methanol Research Project. I eliminate this item.

This item would fund the first phase of a three-phase advanced methanol engine research project However, there is no assurance that such an engine, if developed, would be marketable. Additionally, private industry currently has major incentives to

develop and produce energy-efficient engines due to State and Federal clean air standards, Federal mileage vs. fuel consumption target levels, and the Federal "gas guzzler" tax which taxes automobiles that consume fuel over an acceptable level. Therefore, State financing is not required.

Item 2660-051-047—For support of the Department of Transportation. I eliminate this item.

In 1984–85, the Transportation Planning and Development Account (TP & D) is facing a potential deficit situation. By eliminating this item, this $2 million will remain in the Abandoned Railroad Account, to be used for various rail service projects This amount could offset TP & D expenditures for similar projects and would minimize any deficit and assure adequate funding for the other budgeted transportation projects

As a general principle, I do not favor diverting special funds to maintain the General Fund.

Item 2660-301-046—For capital outlay of the Department of Transportation. I reduce this item from $5,300,000 to $3,300,000 by eliminating funding for the San Francisco to Monterey (Del Monte) rail upgrade ($2,000,000), by reducing·

(1) 30—Total Mass Transportation from $12,037,000 to $10,037,000.

I am vetoing $2 million for the upgrading of the San Francisco to Monterey Rail lines since the successful development and use of the rail service is contingent upon several requirements that cannot be met. The major pertinent factors are

1. Whether the rail system could extend to the San Francisco central business district,

2. Whether an agreement could be reasonably and successfully negotiated with Southern Pacific Railroad Company which owns the rail lines;

3. Whether local matching funds in the amount of 50 percent of costs would be made available; and

4. Whether funding would be available for the upgrading (approximately $4.5 million), annual operating cost ($4 million), and purchase of the equipment (several million dollars, no cost estimates available).

It appears unlikely that the first three conditions can be met. In addition, funding is currently not available for the operating and equipment acquisition costs.

I am also taking conforming action on language Provision 1 to reduce the specified dollar amount from $5,300,000 to $3,300,000.

Item 2720-001-044—For support of Department of the California Highway Patrol. I reduce this item from $351,108,802 to $346,613,802 by reducing

(a) 10—Traffic Management from $315,650,143 to $311,494,143,

(b) 20—Regulation and Inspection from $31,662,000 to $31,358,000,

(c) 30—Vehicle Ownership Security from $7,317,000 to $7,282,000,

(d) 40.01—Administration from $78,582,000 to $78,204,000 and

(e) 40 02—Distributed Administration from −$78,582,000 to −$78,204,000.

I am reducing this item by $4,495,000 which will eliminate a $4,276,000 salary increase for nonrepresented uniformed California Highway Patrol (CHP) personnel I am eliminating this augmentation, as I did in the 1983–84 Budget Act, because I continue to maintain employee compensation increases should be provided through the statewide compensation increases eleswhere in the budget rather than through individual departmental appropriations.

Further, these personnel received an 11 percent compensation increase in 1983–84 They are also included in the 1984–85 Governor's Budget employee compensation package for up to another 10 percent This vetoed augmentation could have provided another 14 percent for a total compensation increase of up to 35 percent since July 1, 1983 I believe the past increases and the statewide compensation increases contained in this budget are reasonable and adequate at this time.

Also included in this reduction are:

$173,000 for the continuation of the Statewide Hazardous Materials training I am eliminating this augmentation because I believe CHP currently has the ability to maintain emergency toxic spill readiness and to provide the CHP traffic officer training from existing resources. If other State and local agencies require CHP training of this nature it should be incorporated as part of the CHP's ongoing reimbursed training efforts.

$45,000 for the purchase of ultrasonic thickness gauges for use in the inspection of cargo tanks hauling hazardous materials I am eliminating this augmentation because the CHP has an equipment budget for 1984–85 of $14 million. These gauges can be funded from within this resource.

$1,000 for membership dues for the Multi-Highway Association I am eliminating this augmentation because these dues can be funded from within the CHP's existing resources.

I eliminate the language of Provisions 8, 9, and 11 which were added by the Legislature because the corresponding appropriations for these provisions have been eliminated.

Item 3360-001-033—For support of State Energy Conservation and Development Commission. I reduce this item from $6,179,000 to $5,366,000

I am reducing this item by $813,000 because the Commission has indicated that there is adequate staff to carry out the statutory responsibilities in the area of non-residential building standards. This reduction conforms to my reduction in Item 3360-001-465.

Item 3360-001-465—For support of State Energy Conservation and Development Commission. I reduce this item from $22,110,000 to $21,859,000 by reducing:

(a) Personal Services from $13,601,000 to $13,299,000,

(b) Operating Expenses and Equipment from $7,624,000 to $6,862,000, and

(d) Amount Payable from the Energy Conservation and Assistance Account (Item 3360-001-033) from −$6,179,000 to −$5,366,000.

I am reducing this item by $251,000 and the scheduled expenditures that flow through this item by $813,000 to reflect the following actions

I am eliminating $251,000, 4 8 personnel years and Provision 3 of the control language which were added to increase the Commission's activities in residential building standards; and elimination of $813,000 and 3 3 personnel years which were added to increase the Commission's activities in non-residential building standards. The Commission has indicated that there is adequate staff to carry out the statutory responsibilities in the area of building standards.

Item 3540-001-001—For support of Department of Forestry.

I am eliminating 69 6 personnel years added by the Legislature in the Schedule A Program I am also eliminating the control language in Provision 8 that prohibits the department from redirecting existing positions to Schedule A activities The department has already adopted a plan that will enable it to fulfill its Schedule A contract requirements for the 1984–85 fiscal year and therefore, does not need these additional 69.6 personnel years. Further, the control language constitutes an undue restriction on the department's administrative options. In addition, the Department of Forestry and the Department of Finance have initiated a cooperative study to review the Schedule A Program and evaluate the need for additional staff. This study will be completed in time to be considered prior to development of the 1985–86 Governor's Budget.

I am also eliminating the control language in Provision 5 regarding payment of Bureau of Land Management billings. This language jeopardizes the coordinated response effort that has served both the State and federal governments so well. Cancellation of these contracts is not in the best interest of the State of California.

Finally, I am eliminating the following control language regarding the Gonzaga Conservation Camp.

"The Department of Forestry and the Department of Corrections are authorized, instead, to locate this camp facility at any of the following locations: Coe Ranch Headquarters, Coit Camp No. 1, Coit Camp No. 2, Dowdy Ranch, Hoover Lake, Paradise Flat, Upper San Antone Valley, Little Panoche Detention Reservoir, Pacheco Summit, Old Stanislaus Road Camp, or Old Road Camp, New Coalinga, Fresno County, or another location in Merced County that is acceptable to the board of supervisors and the appropriate Senate and Assembly representatives, or another county within the state that is acceptable to the board of supervisors and the appropriate Senate and Assembly representatives."

This language improperly delegates to members of the Legislature and local

government the executive authority to site camps and restricts the department's ability to review all options.

Item 3540-001-140—For support of the Department of Forestry. I reduce this item from $3,445,000 to $3,295,000 by eliminating:

(b) Forest Genetic Resources ($150,000).

I am reducing this item by $150,000 by eliminating the augmentation for the gene resources project. This project should be submitted for consideration during the normal budget process where a thorough analysis and evaluation of its merits can be achieved. I am also eliminating the budget control language relating to the gene resources project as a conforming action

Item 3540-001-928—For support of Department of Forestry I am eliminating Provision 1.

I am eliminating Provision 1 added by the Legislature that would require $659,000 from this item be used for the Urban Forestry Program. If the department, within its existing statutory authority, deems that certain urban forestry activities are of sufficient priority to be warranted, they should be allowed the flexibility to fund such activities at an appropriate level and not be restricted by one amount as this language would provide

Item 3600-001-001—For support of Department of Fish and Game. I reduce this item from $5,800,000 to $3,931,000.

This technical change corrects an error in the budget act and provides conformity with legislative intent

Item 3600-001-140—For support of Department of Fish and Game. I reduce this item from $6,375,000 to $6,175,000

I am reducing this item by the $200,000 and 6 personnel year legislative augmentation which was made to the environmental review and evaluation program The department already has a staff level of 43.6 personnel years for this activity which is sufficient to fulfill its statutory mandates. It has achieved program efficiencies through a more selective, in-depth review of projects

My action reduces the amount payable from this item to Item 3600-001-200

Item 3600-001-200—For support of the Department of Fish and Game. I reduce this item from $52,232,000 to $51,229,000 by reducing·

(a) Personal Services from $44,246,000 to $44,076,000,

(b) Operating Expenses and Equipment from $37,312,000 to $36,279,000, and

(e) Amount Payable from the California Environmental License Plate Fund (3600-001-140) from −$6,375,000 to −$6,175,000.

I am reducing this item by $743,000 for wildlife habitat improvement projects on federal lands While these projects may have merit, the Fish and Game Preservation Fund may not have sufficient reserves to support this program in addition to adequately funding Fish and Game's ongoing and future fish and wildlife activities

I am also eliminating the legislative augmentation of $90,000 for a fisheries enhancement study of Santa Monica Bay. This same study is being proposed in AB 2642 Funding for the program should be contained in the bill

Further, I am eliminating the legislative augmentation of $170,000 for an expanded artificial reef program This same program is being proposed in AB 3462. Funding for the program should be contained in the bill.

Finally, I am reducing the amount payable from Item 3600-001-140 to conform with my action taken on that item, including the reduction of 6 personnel years in the department's environmental review and evaluation program The department already has a staff level of 43 6 personnel years for this activity which is sufficient to carry out its responsibilities

Item 3640-301-036—For capital outlay, Wildlife Conservation Board I eliminate this item

I am eliminating this item in the amount of $1,500,000 for habitat acquisition near Half Moon Bay The Board has $3,000,000 available for habitat acquisitions without restriction on project selection and can acquire ecological reserves based on study of statewide priorities This project can be funded if it is found to be a priority

Item 3640-301-140—For capital outlay, Wildlife Conservation Board. I am

eliminating budget control Provision 3 related to Greater Sandhill Crane habitat because the Wildlife Conservation Board needs to retain the ability to acquire ecological reserves based on study of statewide priorities. The Board has $3,000,000 available for habitat acquisitions without restriction on project selection. This project can be funded if it is found to be of sufficient priority.

Item 3760-001-140—For support of the State Coastal Conservancy. I eliminate this item.

I am eliminating this item in the amount of $355,000 for the support of an artifical seaweed project because the merits of such a project providing shoreline protection have not been demonstrated. This eliminates the amount payable from this item to Item 3760-001-565.

Item 3760-001-565—For support of the State Coastal Conservancy. I change this item by reducing.

(b) Operating expenses and equipment from $1,244,000 to $864,000 and

(d) Reimbursements from −$310,000 to −$285,000, and by eliminating:

(e) Amount payable from the California Environmental License Plate Fund (Item 3760-001-140) (−$355,000).

I am eliminating $355,000 from the amount payable from the California Environmental License Plate Fund and $25,000 in additional reimbursements for the support of an artifical seaweed project for beach erosion control purposes because the merits of this project have not been demonstrated. I am reducing these subitems to correspond to Item 3760-001-140

Item 3790-001-001—For support of Department of Parks and Recreation. I reduce this item from $66,355,000 to $66,245,000 by reducing·

(a) Personal Services from $74,943,000 to $74,863,000, and

(b) Operating Expenses and Equipment from $30,779,000 to $30,649,000,

and by eliminating

(h) Amount payable from the California Environmental License Plate Fund (Item 3790-001-140) (−$100,000).

I am reducing this item by $110,000 to reflect the following actions·

Reduction of an augmentation of $260,000 and 5 positions to $180,000 and 2 positions for the department to implement a system to catalog and preserve the department's art and artifact holdings This is an appropriate funding level for the preliminary phase of such a project. I believe it is premature to initiate this multi-year program at the higher level before it has been adequately and appropriately planned.

Elimination of an augmentation of $30,000 in operating expenses for a recreation assessment study to determine the feasibility of future development and concessionaires at Franks Tract SRA. Studies such as these are part of the department's normal operation, and an augmentation is not required.

Also, elimination of the amount payable from Item 3790-001-140 to conform with my action taken on that item.

Item 3790-001-140—For support of Department of Parks and Recreation. I eliminate this item.

I am eliminating this item, which is for a toxic materials study, because I do not believe that this is an appropriate function to be assigned to the Department of Parks and Recreation. This kind of study is more properly a responsibility of the Department of Health Services, which already has undertaken work in this area.

Item 3790-101-140—For local assistance, Department of Parks and Recreation. I reduce this item from $1,510,281 to $1,235,281 by eliminating

(5) City of Sacramento, Sacramento History Center ($275,000).

I am eliminating this local assistance grant because the project would be more appropriately funded from a source such as the Special Account for Capital Outlay. I would be willing to sign legislation containing such an appropriation.

Item 3790-301-036—For capital outlay, Department of Parks and Recreation I reduce this item from $31,586,000 to $22,486,000 by eliminating:

(9.5) Gilroy Hot Springs—Acquisition option ($100,000),

(24.5) Santa Monica Mountains Area—Acquisition ($9,000,000).

I am eliminating the augmentation of $100,000 for the Gilroy Hot Springs acquisition

option and the related language because this project is fully funded from the 1984 bond fund, subject to the statutory approval process that I have cited in my message under Item 3790-301-722.

I am eliminating the augmentation of $9,000,000 for the Santa Monica Mountains Area acquisition because the scope and relative priority of this project has not been established nor has any urgency for 1984–85 funding been demonstrated.

I am approving the augmentation of $100,000 for the Motion Picture Museum to fund the preliminary work necessary for this project. It is my understanding that private funds will be utilized for project completion.

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I reduce this item from $14,911,000 to $8,911,000 by eliminating:

(2) Cascade Ranch-acquisition ($6,000,000).

This project, at its $6,000,000 cost, would constitute too great a first-year impact on the $145 million total available for State parks in the California Parks and Recreational Facilities Act of 1984. It is too early in the project nomination and selection process outlined in that Act to remove this amount of funding from possible allocation during those deliberations.

I am approving the remaining projects, which are less costly, subject to the condition that the Public Works Board is not to allocate funding until those projects have complied with the California Park and Recreational Facilities Act of 1984 and been approved by the Secretary of the Resources Agency.

The California Park and Recreational Facilities Act of 1984 (Proposition 18) outlined a process which would be followed for nominating projects, making comparative evaluations, and establishing priority lists of nominated projects. The process also called for public hearings by the Parks and Recreation Commission so that individuals, citizen groups, and other public agencies, as well as members of the Legislature, could nominate projects. This process was established in recognition that funds would be limited and that all projects should be considered before any expenditures are made. While it is possible that some of these projects are appropriately funded out of this bond fund, the fund allocation decision should not be made until the projects in question are evaluated with all other nominated projects.

Item 3790-301-742—For capital outlay, Department of Parks and Recreation. I am reducing this item from $4,533,000 to $4,483,000 by eliminating:

(5) Folsom Lake SRA-Lake Natomas Indian Museum ($50,000).

I am eliminating the augmentation of $50,000 for a study to determine the feasibility of an Indian museum at Lake Natomas because the department, with the support of its Native American Advisory Committee, has identified locations for regional Indian museums and Native American village sites throughout the State. The tribal Indian group from this region supports the regional museum already underway at Indian Grinding Rock State Historic Park.

Item 3860-001-140—For support of the Department of Water Resources. I reduce this item from $1,038,000 to $888,000.

I am eliminating this legislative augmentation of $150,000 for an urban creek revitalization program. An earlier pilot project demonstrated that the federal, local, and private sectors can implement this program without State assistance. Further, this same program is being proposed in AB 3789. Any funding for the program should be contained in the bill

Item 3940-001-001—For support of State Water Resources Control Board. I reduce this item from $17,243,000 to $16,733,000 by reducing:

(a) 10—Water Quality from $15,777,000 to $14,387,000, and

(e) Reimbursements from −$4,617,000 to −$3,737,000

I am retaining a legislative augmentation of $50,000 for a study of pollution problems and possible solutions regarding the New River, and I am directing the Board to use these funds to contract for the study rather than employ additional staff for the short duration of the study.

I am eliminating a legislative augmentation of $400,000 and 6.9 personnel years which would provide contingency funding and staffing for AB 3667, which establishes a State waste water pretreatment program. Funding for this new program should be contained in the enabling legislation.

I am eliminating a legislative augmentation of $110,000 which would provide contingency funding for SB 2193. Funding for this new groundwater protection program should be provided in the enabling legislation. I am also eliminating Provision 2 of the control language which relates to this augmentation.

In considering the Legislature's augmentation to deal with groundwater contamination, I am retaining funds in Item 3940-001-014, and I am eliminating reimbursements in this item to be received from increased waste discharge fees. I have already included an additional 13.3 personnel years in the Board's budget to permit the Board to implement a new, aggressive program for updating waste discharge orders. I believe it is more appropriate to deal with other activities addressed by the Legislature's augmentation with the funds appropriated from the Hazardous Waste Control Account. Therefore, I am including a $1,000,000 augmentation to that item (Item 3940-001-014) for this purpose. I am also eliminating Provisions 3 through 7 of the control language to conform to my action on this item.

Item 3940-001-014—For support of State Water Resources Control Board. I reduce this item from $2,362,000 to $1,362,000 by reducing:

Program 10—Water Quality from $2,362,000 to $1,362,000, and by modifying Provision 1.

I am eliminating a legislative augmentation of $300,000 and 5.7 personnel years to update waste discharge orders. The Budget already includes 69.7 personnel years for this effort. The case for staffing beyond this level has not been made. I am eliminating a legislative augmentation of $150,000 and 2.9 personnel years to issue new waste discharge orders. The Board is currently streamlining regulatory activities which will preclude the need for additional staff.

I am retaining $750,000 of a $1,100,000 augmentation included by the Legislature for the regional boards to conduct inspections and other enforcement activities. I am also retaining $250,000 of a $450,000 augmentation to ensure that the regional boards will be able to clean-up toxic waste sites. The State Water Resources Control Board agrees that this will provide the regional boards a substantial level of resources for 1984–85. As I indicated in my proposed budget, I am supporting a Toxic Substances Bond Act to facilitate clean up of toxic waste sites. This budget also includes substantial resources which I proposed for monitoring underground tanks. These new programs together with these augmentations will permit the State and regional boards to significantly enhance ground water protection. Consistent with the control language accompanying this augmentation, I am directing the Secretary of Environmental Affairs to work with the State Water Resources Control Board to identify specific tasks and activities which will be undertaken with these resources so these efforts can begin in January 1985, as anticipated in the program described by the Legislature.

In line with my action on this item, I am making the following changes to Provision 1 of the control language:

1 ~~$2,000,000~~ *$1,000,000* of the funds appropriated shall be used to establish positions in the Regional Water Quality Control Boards on or after January 1, 1985 ~~, according to the following schedule:~~ .

~~(a) 18 positions for waste discharge orders.~~

~~(b) 35 positions for inspections.~~

~~(c) 9 positions for enforcement.~~

~~(d) 18 positions for the toxics program.~~

Item 3940-001-140—For support of the State Water Resources Control Board, I eliminate this item.

I am eliminating this item which appropriates funds to continue a study on the potential construction uses for municipal waste treatment sludge. State participation in this study was intended for the first phase only, which will be completed by June 30, 1984. Continuation of this study should be funded by the private sector.

Item 4130-001-632—For support of the Health and Welfare Agency

Data Center. I reduce this item from $28,323,000 to $27,931,000.

This technical change corrects an error in the budget act and provides conformity with legislative intent.

Item 4140-001-001—For support of Office of Statewide Health Planning and Development. I reduce this item from $977,242 to $900,000 by reducing:

(a) 100000 Personal Services from $6,817,473 to $6,695,025,

(b) 300000 Operating Expenses and Equipment from $6,778,571 to $6,771,371, and

(g) Amount payable from Federal Trust Fund from −$1,778,406 to −$1,726,000.

I am eliminating the $77,242 legislative augmentation to add five positions for the Health Professions Career Opportunity Program (HPCOP) and the National Health Service Corps Program. These programs are operating successfully with existing staff and resources including 10 positions and approximately $600,000. In the future, the Health Professions Career Opportunity Program will continue to provide the necessary conferences and technical assistance statewide to increase the enrollment of minority students in medical schools.

I am also eliminating the following language relative to this augmentation:

"The Office of Statewide Health Planning and Development shall maintain an adequately staffed office to conduct Health Professions Career Opportunity Program and National Health Services Corps Program activities in southern California."

"The Office of Statewide Health Planning and Development shall establish a distinct Division of Shortage Area Health Professional Development containing the Health Professions Career Opportunity Program and the National Health Services Corps Program."

Item 4140-001-890—For support of Office of Statewide Health Planning and Development. I reduce this item from $1,778,406 to $1,726,000.

I am eliminating the $52,406 legislative augmentation to increase activities of the National Health Services Corps Program. The Federal Government establishes the level of service and funding for this program. Existing resources will enable the Office of Statewide Health Planning and Development to meet current program objectives. We do not anticipate receiving any additional Federal funds. This action is consistent with the action in Item 4140-001-001.

Item 4170-101-001—For local asistance, Department of Aging. I reduce this item from $16,345,000 to $9,461,000 by reducing:

(a) 10—Nutrition from $9,958,000 to $6,156,000, and

(1) 10.10—Congregate Nutrition from ($8,721,000) to ($5,223,000),

(2) 10.20—Home Delivered Nutrition from ($1,237,000) to ($933,000), and

(b) 30—Supportive Services and Centers from $5,428,000 to

$2,346,000.

I am reducing $5,674,000 because my proposed budget already includes sufficient General Fund augmentations to provide a 4 percent increase in total funds available for senior nutrition services. I believe the equity funding issue among the 33 Planning and Service Areas should be resolved by allocating any additional Federal funds received to those PSAs that are underfunded.

I also eliminate the following language relative to this item since this veto makes the language unnecessary:

"2. Of the amount available for Planning and Service Area No. 1, $80,000 shall be allocated to the Senior Nutrition and Volunteer Program."

I am reducing $960,000 from Supportive Services and Centers because it is inappropriate for the General Fund to provide a discretionary cost-of-living increase for programs that are primarily federally funded.

In addition, I am reducing $250,000 from the Ombudsman program because the Administration's budget increase of $700,000, which almost doubles the program, is sufficient to substantially enhance this activity. The new program level of over $1.6 million General Fund which I requested will enable the Ombudsman program to respond to a greater number of facility residents. As a result, complaint investigation and resolution will be enhanced and more volunteers will be recruited into the program.

I also amend the "$950,000" cited in Provision 3 to be "$700,000" which is consistent with my veto.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from $65,427,000 to $63,925,000 by reducing:

(a) 10—Alcohol Program from $34,103,000 to 33,320,000, and

(b) 20—Drug Program from $34,074,000 to $33,355,000.

I am reducing $1,502,000 for discretionary cost-of-living adjustment (COLA). This reduced level will provide $1,849,000 for a 3 percent COLA for local alcohol and drug treatment services which is consistent with the lower rate of inflation.

Item 4260-001-001—For support of Department of Health Services. I reduce this item from $100,965,961 to $96,880,011 by reducing:

(a) Personal Services from $132,890,253 to $131,020,474,

(b) Operating Expenses and Equipment from $92,201,901 to $89,183,344,

(d) Transfer to the Health Care Deposit Fund from $36,433,391 to $36,162,047,

(g) Amount Payable from the Health Care Deposit Fund from −$105,103,576 to −$104,479,493,

(h) Amount payable from the Hazardous Waste Control Account from −$11,433,348 to −$10,146,000, and

(o) Amount payable from the Local Health Capital Expenditure Account from −$294,433 to −$217,000,

and by eliminating

(r) Contingency Reserve $915,134.

I am taking the following actions:

Eliminating $271,344 from the funds provided to implement the settlement of the lawsuit, *Jackson* v *Rank*. Based on the contractual arrangements developed among the Department of Health Services, Employment Development Department, and the Department of Social Services, costs for implementation will be less than originally estimated.

Eliminating a legislative augmentation of $150,000 for operating expenses related to a study to compare cost-of-living adjustments granted with adjustments actually provided by long term care facilities in past years. This information is currently available from annual cost reports. Additionally, a study will not ensure that nursing homes appropriately allocate future COLA allocations to salary increases.

Also eliminating the following language relative to this augmentation:

> "The department shall conduct a skilled nursing facility expenditure study. For the "Salaries, Wages and Benefits" component of annual Medi-Cal rate increases for skilled nursing facilities, the study shall compare both the annual percentage increases provided in this component, including other rate adjustments, and the annual aggregate Medi-Cal rate increase to the percentage of average hourly wage and benefit increases paid to non-administrative employees by employee classification for the period beginning with the 1979–80 fiscal year through the most current fiscal year for which long-term health care facility cost reports have been submitted. For the three other components of the annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in each component and the annual aggregate Medi-Cal rate increase to the average percentage changes in actual expenditures by skilled nursing facilities for the major elements of each of the three components for the same time period as above. Skilled nursing facilities shall be required to make available all necessary and appropriate records. The study shall compare these factors on a statewide and regional basis consistent with Medi-Cal reimbursement categories."

Approving a legislative augmentation of six positions and $260,366 in order to provide assistance to local water purveyors who are experiencing contamination of their drinking water supplies. Our drinking water must be safe. To that end, last year I signed into law, Chapter 881, Statutes of 1983 (AB 1803), requiring the Department of Health Services to evaluate each public water system to determine the potential for water contamination. The Department of Health Services would then notify the public water systems of the specific contaminants to be analyzed and would require a plan of correction

be developed and approved by the Department of Health Services. At the time I signed this legislation, I indicated that the Department believed the anticipated workload could be absorbed within existing resources. However, I feel that this effort is important enough that I am approving this augmentation in order to provide greater assistance in the monitoring and control of water contamination problems.

Eliminating a legislative augmentation of $1,225,081 and 26 positions which were added for the planning, development and actual implementation of drinking water standards. This workload should more properly be addressed once the initial review discussed above is completed.

Eliminating the following language relative to this augmentation:

"The department shall, develop, at a minimum, two primary drinking water standards (maximum contaminant levels) during fiscal year 1984–85 from among the following organic chemicals: trichloroethylene (TCE), 1, 1, 1, trichloroethane (TCA), perchloroethylene (PCE) and dibromochloropropane (DBCP); and develop five action levels (health advisories) during fiscal year 1984–85. Primary drinking water standards (maximum contaminant levels) may be developed, in addition to the above, in lieu of action levels (health advisories) as appropriate. Further, the department shall submit a report to the fiscal committees by March 1, 1985, that presents a plan for the development of primary drinking water standards (maximum contaminant levels) for 10 additional chemicals in fiscal year 1985–86. The report shall detail the staffing resources needed to implement the plan."

Eliminating a legislative augmentation of $365,134 which was added on a contingency basis in the event Federal funding decreases for the drinking water program. I do not support contingency budgeting. If Federal funding decreases, we should review this issue in a separate bill.

Also eliminating the following language relative to this augmentation:

"$365,000 of the amount appropriated in this item is a contingency reserve and shall only be expended if the federal support for the drinking water program is insufficient to fully support the program and staffing of 37 positions."

Approving a $300,000 legislative augmentation to allow the Department of Health Services to purchase highly specialized equipment for toxic analyses. The purchase of this equipment will enable the department to increase the effectiveness and productivity of existing staff by providing more timely analyses of field samples. I am, therefore, eliminating the $299,423 and 7.5 positions for the Food and Drug Program added by the Legislature since this equipment will enable existing staff to manage the anticipated workload.

Eliminating a legislative augmentation of $291,968 and five

positions which were added to develop a health effects analysis and toxicological review for toxic air contaminants. Since the Legislature eliminated the Air Resources Board increases which this augmentation was for, it is no longer necessary. Additionally, the Department of Health Services indicated that the workload could be absorbed within existing resources. I am also eliminating the three positions which were to be redirected for this purpose.

Approving a $1 million legislative augmentation which was added for Acquired Immune Deficiency Syndrome (AIDS). I believe this additional funding can be effectively used for epidemiological purposes, laboratory screening, continuation of the AIDS registry, as well as information and education programs relative to the dangers of AIDS. I am eliminating, however, three positions associated with this augmentation as I believe the workload can be contracted for instead of using State staff.

Eliminating a legislative augmentation of $100,000 which was added to provide research grants for Chemical Hypersensitivity Syndrome. This activity is currently the subject of proposed legislation, AB 3587, and the need for an augmentation to fund chemical hypersensitivity grants should be included and considered in that legislation.

Also eliminating the following language relative to this augmentation:

"Of the funds appropriated by this item, $100,000 shall be used for the following:

(1) Studies and surveys to examine epidemiologic, neurotoxic, genetic, enzymatic, and immunologic characteristics of chemical hypersensitivity.

(2) Research programs which would evaluate environmental design, soft technology, materials, and retrofitting of residences.

(3) Technical assistance grants to develop applications and proposals in order to procure Federal funds and private foundation grants.

Eliminating $1,383,000 of a legislative augmentation of $1,900,000 which was added to expand the current Tumor Registry to specified counties. The Legislature adopted supplemental language requiring the Department of Health Services to study the feasibility of expanding the registry statewide. This study is to include costs and benefits of expanding the registry, the use of the registry, implementation schedule, alternatives and which counties should be included. This study is to be completed and reported to the Legislature by December 31, 1984. It would be premature to augment this item for substantially expanding the registry until the study is complete. However, I am approving the remaining $517,000 which will enable the Department of Health Services to add Orange County to the current registry. I believe it is appropriate to include Orange County (1) because of its proximity to Los Angeles County, which is already included in the registry program and (2) due to the

highly industrial nature of Orange County.

Item 4260-001-014—For support of the Department of Health Services. I reduce this item from $11,433,348 to $10,146,000.

I am eliminating the following:

The $550,000 legislative augmentation to provide contingency funding for the Hazardous Materials Laboratory. It is not necessary. With the development of more efficient resources and through additional staff training, workload increases in the laboratory can be met within existing resources. I am also eliminating the following language relative to this augmentation:

> $550,000 of the funds appropriated by this item shall be held in reserve for the Hazardous Materials Laboratory. No funds shall be spent from the reserve until 30 days after the Director of the Department of Finance has provided notification to the Joint Legislative Budget Committee of the following: (a) an analysis of the laboratory workload, (b) the policies of the Toxic Substances Control Division to efficiently utilize laboratory services, and (c) an expenditure plan for contracts, staffing and equipment."

The $95,562 and three-position legislative augmentation to expand the Hazardous Waste Information System. I have already included in the Budget four new positions to meet increased workload in processing manifests and have not seen any additional justification for this legislative increase. I am also eliminating the following language relative to this augmentation:

> "The Department shall not fill three new positions for the Hazardous Waste Information System (HWIS) until it has submitted, by October 1, 1984, a report to the Joint Legislative Budget Committee on the HWIS which consists of the following:
>
> (a) A workplan, showing how the Department will reduce the suspense file; send out error letters to generators who have submitted incomplete manifests; and ensure that the data files are updated on a regular basis.
>
> (b) An allocation plan specifying to which HWIS functions seven new positions will be applied.
>
> (c) Procedures for prosecuting individuals pursuant to subdivision (a) of Section 25189 of the Health and Safety Code for failing to accurately complete manifests.

The $200,000 legislative augmentation to develop a training curriculum for State and local health officials in the inspection of hazardous waste facilities and enforcement of hazardous waste laws. A portion of this funding which would be used to pay registration fees should be funded from local registration fees and not from this item. In addition, technical assistance is now provided in other State programs. Moreover, explanation of State laws is not a part of this type of State assistance, and I do not believe it would be appropriate to make an exception in this area. I am also eliminating the following language relative to this augmentation:

> "Of the funds appropriated in this item, $200,000 shall be allocated

to the California Specialized Training Institute in San Luis Obispo to develop a curriculum and training program for State and local environmental health officials in the inspection of hazardous waste facilities and enforcement of the Hazardous Waste Permitting Program. In developing the training program, the institute shall, to the extent practical, utilize elements of existing training efforts developed by the U.S. Environmental Protection Agency, State or local agencies which would be applicable to such an investigative, surveillance type of training program."

A legislative augmentation of $125,794 and three positions to develop alternative technologies to landfill disposal of hazardous wastes. I am working with the Legislature on legislation which would establish projects to assist in the recycling or treating of hazardous wastes. I believe that this is an appropriate approach to developing alternative technology.

A legislative augmentation of $315,992 and nine positions to continue the Abandoned Site Project. The regions most likely to have severe problems have been already identified. Our major emphasis now should be to clean up these sites which pose the most serious threats to public health and safety. As I indicated in my proposed budget, I am supporting a Toxic Substances Bond Act to be placed on the November ballot for voter approval. This Bond Act will provide $300 million to take remedial action on up to 100 hazardous waste sites throughout the State.

Item 4260-001-890—For support of Department of Health Services. I reduce this item from $266,890,128 to $266,537,389 by reducing:

(e) Transfer to HCDF from $68,138,242 to $67,785,503.

I am vetoing $352,739 from the funds provided to implement the settlement of the lawsuit, *Jackson* v *Rank*. Based on the contractual arrangements developed between the Department of Health Services, the Employment Development Department and the Department of Social Services, costs for implementation will be less than originally estimated, and these funds will not be needed.

Item 4260-001-900—For support of Department of Health Services. I reduce this item from $294,433 to $217,000.

I am eliminating the legislative augmentation of $77,433 and 2 positions because the workload justification for this activity has not yet been developed. Adequate staff can be established for support of capital facilities improvements once the actual level of need for this purpose is determined.

Item 4260-101-001—For local assistance, Department of Health Services. I reduce this item from $1,867,520,000 to $1,856,761,000 by reducing:

(a) 50.10—County Administration from $50,252,000 to $44,633,000, and

(b) 50.11—Medical Care and Services from $1,844,764,000 to $1,839,624,000.

While I am approving the $6,360,000 augmentation for restoration

of nonsteroidal drugs, I am eliminating the $1,598,000 legislative augmentation to allow all FDA-approved nonsteroidal anti-inflammatory drugs to be included in the Medi-Cal drug formulary. Under current State law the Medi-Cal drug formulary does not include drugs for which there are therapeutically equivalent alternatives that are less costly. In addition, the Department of Health Services is reticent about adding new FDA-approved drugs to the formularly until they have been proven safe in widespread use. Therefore, I do not believe it is desirable to make all of these drugs available through the formulary based solely on FDA approval.

In addition, I am:

Eliminating the $3,385,000 legislative augmentation to reimburse nursing homes for providing laundry and haircut services to Medi-Cal beneficiaries. Instead, I support an alternative proposal now being considered by the Legislature to increase the personal and incidental needs allowance of Medi-Cal beneficiaries in long-term care facilities. This increased allowance may be used for laundry and haircut services, or for other needs. I believe this proposal is more equitable, since it would benefit all Medi-Cal beneficiaries in long-term care facilities, and it would permit them to decide how to best meet their personal needs.

Eliminating the $157,000 legislative augmentation to continue the Municipal Health Services Project. The project receives a reimbursement rate which exceeds the rate paid to other Medi-Cal providers. The clients of the project can receive equivalent services from other providers at a lower cost to the State.

Striking the following language relative to this augmentation:

"Of the amounts appropriated in this item and Item 4260-101-890, $314,000 shall be expended for the Robert Wood Johnson Foundation Municipal Health Services Pilot Project in Santa Clara County only if the project is granted an extension of its pilot project contract through Federal fiscal year 1984–85 from the Federal Health Care Financing Administration."

Eliminating the $5,619,000 augmentation which would allow counties to be exempted from sanctions under certain circumstances if their denial rate for Medi-Cal applications exceeds the rate established in Chapter 1594/82 (SB 2012). The Health and Welfare Agency has not made any finding that exceptions to this statute are warranted.

Striking the language relative to the funds appropriated for this purpose as contained in Provision 19 of this item.

Item 4260-101-890—For local assistance, Department of Health Services. I reduce this item from $1,975,945,915 to $1,970,806,915 by reducing:

(b) 50.11—Medical Care and Services from $1,894,755,915 to $1,889,616,915.

While I am approving the $6,360,000 for restoration of nonsteroidal

drugs, I am eliminating the $1,598,000 legislative augmentation to add all FDA approved nonsteroidal anti-inflammatory drugs to the Medi-Cal drug formulary. Under current State Law the Medi-Cal drug formulary does not include drugs for which there are therapeutically equivalent alternatives that are less costly. In addition, the Department of Health Services is cautious about adding new FDA approved drugs to the formulary until they have been proven safe in widespread use. Therefore, I do not feel it is desirable to make all of these drugs available through the formulary based solely on FDA approval.

I am also eliminating the $3,384,000 legislative augmentation to reimburse nursing homes for providing laundry and haircut services to Medi-Cal beneficiaries. Instead, I support an alternative proposal to increase the personal and incidental needs allowance of Medi-Cal beneficiaries in long-term care facilities. This increased allowance may be used for laundry and haircut services, or for other needs. I believe this proposal is more equitable, since it would benefit all Medi-Cal beneficiaries in long-term care facilities, and it would permit them to decide how to best meet their personal needs.

I am eliminating the $157,000 legislative augmentation to continue the Municipal Health Services Project. This project receives a reimbursement rate which exceeds the rate paid to other Medi-Cal providers. The clients of this project can receive equivalent services from other providers at a lower cost to the State.

These reductions are consistent with my action in Item 4260-101-001.

Item 4260-106-001—For Local Assistance, Department of Health Services. I reduce this item from $115,093,902 to $94,088,902 by reducing:

(a) Health Protection from $244,000 to $157,000,
(b) Community Health Service from $3,255,000 to $2,114,000,
(c) County Health Services from $42,895,000 to $29,817,000,
(d) Rural Health from $410,000 to $228,000,
(e) Medical Care and Services from $66,561,902 to $60,812,902, and
(f) County Administration from $1,728,000 to $960,000.

I am eliminating $21,005,000 of the discretionary COLA increase added by the Legislature for public health services and Medi-Cal. The 1984–85 Budget will provide $78,594,902 (for a 3 percent COLA). I am supporting a 3 percent increase for discretionary cost-of-living adjustment rather than the 2 percent I originally proposed in January. While I believe that the moderating inflation rate reduces the need for large COLAs, the bettering economy and the control over expenditures represented in this budget make this increase possible. All discretionary COLAs have been increased from 2 percent to 3 percent.

I am also eliminating the following language relative to this augmentation:

"Funds appropriated in this item shall first go to make

cost-of-living adjustments for adult day health centers. Reimbursements for adult day health centers shall be $34.45."

Although I am eliminating the augmentation for adult day health centers at this time, actual rate adjustments may be necessary and should be considered following a rate study.

Item 4260-106-890—For cost-of-living increases, Department of Health Services. I reduce this item from $64,461,901 to $57,716,901 by reducing:

(a) Medical Care and Services from $62,803,901 to $56,795,901 and

(b) County Administration from $1,658,000 to $921,000.

I am eliminating $6,745,000 of the discretionary cost-of-living adjustment (COLA) for Medi-Cal. The final budget provides $57,716,901 in new money for a 3 percent COLA, which is consistent with the lower rate of inflation.

Item 4260-111-001—For local assistance, Department of Health Services. I reduce this item from $1,004,797,224 to $955,546,224 by reducing:

(b) 11—Health Protection from $4,172,000 to $3,371,000,

(c) 20—Community Health Services from $112,356,000 to $95,656,000,

(d) 25—County Health Services from $878,211,224 to $848,211,224, and

(e) 40—Rural Health Services from $10,058,000 to $8,308,000.

I am taking the following actions:

Eliminating the $1,750,000 legislative augmentation for the Rural Health Services program as I believe the current level of $7.8 million provided in the budget is adequate. My budget will provide funding for approximately 58 Rural Health, Farmworker and Indian Health Clinics throughout the State including the clinics addressed by this augmentation which will be eligible for funding under this program.

Approving a $513,000 legislative augmentation to fund the Farmworker Health Insurance Project. This project will provide the State's 60 percent share for health premiums and will ensure that farmworkers have adequate access to health services.

Also eliminating the following language relative to this augmentation:

"Of the amount provided in this item, $250,000 shall be used for the development of farmworker health services in high-need area or areas.

Of the amount provided in this item, $100,000 shall go to the El Progreso Del Diseirto Clinic in Coachella Valley, $400,000 shall be for augmentations to existing contractors and $250,000 shall be for new program starts.

Of the amount provided in this item, $250,000 shall be used for the development of American Indian Health Services projects in the high-need areas of Kern County and San Diego County. In the event that the funds provided for in this item are not used by these two areas, the department shall fund new projects in other areas

of high need.

Of the amount provided in this item, $500,000 shall be used to provide a program of American Indian Health education, prevention, and outreach. In determining the allocation of these funds, the department shall establish a request-for-proposal process that shall require a competitive application from eligible providers."

Eliminating the legislative augmentations of $401,000 for the Dental Disease Prevention Program and $400,000 for the Preventive Health Care for the Aged program. I am supporting legislation now before the Legislature which would transfer these programs to local control. I believe that these augmentations should continue to be considered in the legislation.

Eliminating the $9,500,000 legislative augmentation for the Family Planning Program. I am supporting legislation now before the Legislature which would transfer this program to local control. I believe that this augmentation should continue to be considered in that legislation.

Approving an augmentation to the Child Health and Disability Prevention Program to allow the Department of Health Services to provide an additional health assessment per child. This assessment is to be performed early in the child's life. However, based upon an estimate of the cost of this additional service, only $2.5 million of the augmentation is necessary. Therefore, I am eliminating $2.5 million of the $5 million the Legislature added for this purpose. I am also instructing the department to use these funds so that the maximum number of children receive a second health assessment.

Eliminating the $4.7 million augmentation for the Primary Care Grants-in-Aid program. The budget already proposes $1.3 million to assist in stabilizing health care operational costs of clinics experiencing financial difficulty. If the State is to begin buying out a portion of the primary care clinics' ongoing costs, as suggested by this augmentation, such a major policy change should be considered in separate legislation.

Eliminating $30 million of the legislative augmentation to the Medically Indigent Adult Program because there is currently no clear way to measure and justify the level of additional need in this area. However, I am approving a $1,250,000 augmentation for the following purposes:

(1) $250,000 for transfer to Item 4260-001-001 to be used as needed to design a data collection system for the Medically Indigent Services Program. The system shall be designed in consultation with the Legislative Analyst's Office, the County Supervisor's Association of California and the California Association of Public Hospitals.

(2) $1,000,000 to be allocated to counties as needed to implement the data collection system.

Also eliminating the following language relative to the $30 million

augmentation:

"$20,000,000 shall be allocated by the Department of Health Services (DHS) to counties that demonstrate to the department that they are experiencing funding short-falls in serving medically indigent persons covered under Section 17000 of the Welfare and Institutions Code and/or are incapable of providing services due to lack of funds, for their medically indigent services programs.

$10,000,000 shall be allocated by the DHS to counties that have demonstrated to the department a need for funds using data collected under the data collection system specified in Section (i)."

Item 4300-001-001—For support of Department of Developmental Services.

I am eliminating reference to the $50,000 funding requirement contained in the language which directs the Department to contract with the California Hispanic Council on Developmental Disabilities. The elimination of the specific requirement that the total funding come from the department will allow the department to continue to receive alternative funding sources in support of the Fiesta Educativa Conference.

Item 4300-101-001—For local assistance, Department of Developmental Services. I reduce this item from $279,492,342 to $275,896,342 by reducing:

(fxx) Community Placement from $5,983,000 to $5,440,000, and

(g) Special Adjustment Cost-of-Living Adjustment from $11,103,000 to $8,050,000.

This item is increased from $220 million in 1983–84 to $276 million in 1984–85, a 27 percent funding increase in recognition of caseload growth and includes special adjustments for residential care services ($16 million), day program activities ($2 million) and specialized services ($1.9 million)—in all $56 million in increased spending.

I am reducing the Community Placement Plan by $543,000. This reduction in General Fund support is possible since the Program Development Fund has $543,000 available for expenditure above and beyond the 5 percent reserve established by the Legislature. I am directing the department to submit a Section 28 Letter to the Legislature requesting expenditure authority for the Community Placement Plan which provides for the placement of State hospital residents into the community.

I am also reducing $3,053,000 from the discretionary cost-of-living adjustment (COLA). The final budget will provide an additional $8,050,000 for a 3 percent COLA to provide additional support services for persons with developmental disabilities.

Item 4300-111-001—For local assistance, Department of Developmental Services. I reduce this item from $353,144,000 to $353,043,000 by reducing:

(c) 97.10—Special Adjustment—Cost-of-Living Adjustment from $227,000 to $126,000.

I am reducing $101,000 from the discretionary cost-of-living adjustment (COLA). The budget will provide $126,000 for a 3 percent increase consistent with the lower rate of inflation.

Item 4440-101-001—For local assistance, Department of Mental Health. I reduce this item from $371,870,000 to $364,007,000 by changing:

(a) Community Services from $386,971,000 to $389,745,000, and

(ax) Community Residential Treatment System from $25,830,000 to $15,193,000.

I am eliminating the $250,000 legislative augmentation for local mental health primary prevention projects. I believe that these projects should be supported from the sale of property confiscated during drug related arrests as prescribed within Chapters 1280 and 1289 of the Statutes of 1982. I have been informed that sufficient revenues will be available from these sources to support these program services during 1984–85.

I am eliminating $7,613,000 for discretionary cost-of-living adjustment (COLA). Our final budget still will provide $9,516,000 for a 3 percent COLA for local mental health programs which is consistent with the lower rate of inflation.

I am also eliminating Provision 9 which requires COLA funding in excess of 2 percent to be allocated on an equity basis and used for expanding only certain local mental health services. I believe that this language constitutes an appropriation and that the use of COLA funding is not appropriate to expand programs of special interest. Also, the allocation of COLA funding on an equity basis would provide a disproportionate cost-of-living allocation to the counties.

Item 4440-111-001—For local assistance, Department of Mental Health. I eliminate this item.

I am eliminating the $10,467,000 legislative augmentation for local mental health Community Residential Treatment System (CRTS) services which is indirectly funded from the State's Special Account for Capital Outlay (SAFCO). SAFCO funds should be restricted to one-time capital outlay expenditures and not redirected to expand ongoing program services. The budget contains $412.8 million for local programs for 1984–85. This includes a funding increase of $35 million to local mental health programs. Funds may be used to expand the CRTS programs as determined necessary by local mental health program.

Item 5100-001-870—For support of Employment Development Department. I reduce this item from $320,041,608 to $318,482,321 by reducing:

(a) 10—Employment and Employment Related Services from $127,878,608 to $126,319,321,

(a) (1) Employment and Employment Related Services from $152,881,608 to $143,557,321,

(a) (2) Reimbursements from −$25,003,000 to −$17,238,000,

(b) (1) 20—Tax Collection and Benefit Payments from

$194,256,000 to $194,006,000, and

(b) (2) 20—Reimbursements from −$2,093,000 to −$1,843,000.

The reduction of $7,765,000 and 171.9 positions from reimbursements will promote local control of certain employment service aspects of the Job Training Partnership Act while, at the same time, providing 52 positions within the Employment Development Department to assist those smaller local agencies where State involvement is warranted. The reduction also complies with the Federal government's direction to reduce State involvement in programs which are more appropriately conducted at the local level.

I am reducing Employment Services by $1,559,287 because that amount of Federal discretionary funding was diverted from its proposed use by the Legislature during recent budget deliberations. As a result, I believe there was not sufficient time to evaluate possible alternatives and the effects of the actions on clients. A review will be conducted during the early part of the 1984–85 fiscal year to determine whether other uses might be appropriate. The Legislature will be advised of our proposed use of the money through the Section 28 process.

I am also eliminating Provision 5 of this item since it specifies which projects are to be funded with the $1,559,287 in discretionary money.

I am reducing benefit payments by $250,000. Chapter 490, Statutes of 1983 (SB 813) makes available $250,000 annually for the cost of unemployment insurance benefits for certain employees of the State Special Schools. Additional funding is not required.

Item 5100-101-908—For Local Assistance, Employment Development Department. I reduce this item from $29,270,000 to $29,020,000.

I am reducing benefit payments by $250,000. Chapter 490, Statutes of 1983 makes available $250,000 annually for the cost of unemployment insurance benefits for certain employees of the State Special Schools. Additional funding is not required.

Item 5100-111-185—For local assistance, Employment Development Department. I eliminate this item.

I am eliminating this item, which was added by the Legislature to provide child care services to Job Training and Employment Act (JTPA) clients. I support the need for child care services as evidenced by my signing AB 1162 last year. That bill should provide several million dollars in child care funds when it is implemented later this summer.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from $56,399,000 to $54,957,000 by reducing:

(a) 10—Vocational Rehabilitation Services from $394,000 to $295,000,

(b) 20—Habilitation Services from $52,300,000 to $51,129,000, and

(c) 30—Support of Community Facilities from $3,705,000 to

$3,533,000.

I am reducing the $194,000 augmentation for the Center for the Partially Sighted to $100,000. I support this program and, therefore, am providing for a 50 percent increase above the 1983–84 budgeted level. In addition. the Budget contains $13 million for services to the blind and visually impaired.

I am also reducing $89,000 for Independent Living Centers (ILCs). I already have provided $3.4 million in local assistance for 22 ILCs. These funds will provide each ILC a base allocation of approximately $60,000 to provide basic counseling, advocacy, and employment training services, and additional program funds on a specified client per capita basis. In addition, I am eliminating Provision 2 relative to the $89,000 augmentation.

I am reducing $1,259,000 from the discretionary cost-of-living adjustment (COLA). The budget will still provide $1,573,000 for a 3 percent COLA for additional support for the disabled.

Item 5180-001-001—For support of Department of Social Services. I reduce this item from $50,781,000 to $48,781,000 by reducing:

(c) 30—Community Care licensing from $18,372,000 to $16,372,000.

I am reducing $2,000,000 for a new child day care ombudsman program because there is pending legislation, SB 1754, that contains provisions to establish this program. The new program area within Community Care Licensing should be subject to normal policy consideration and review through the legislative process. The care of our children is of the highest priority, and I have had an Administration group working on this subject. We will be working with the Legislature to craft a bill which appropriately addresses this subject.

I also eliminate the following language relative to this item since this veto makes the language unnecessary:

"5. Of the funds appropriated by this item, $2,000,000 are for a Child Day Care Center Ombudsman Program."

Item 5180-101-001—For Local Assistance, Department of Social Services. I reduce this item from $1,553,282,000 to $1,543,506,000 by reducing:

(a) 10.04.005—Aid to Families with Dependent Children from $1,536,163,000 to $1,526,387,000.

I am reducing this item by $9,776,000. This augmentation would have reversed current State policy and regulations regarding the effective date of the first Aid to Families with Dependent Children (AFDC) aid payment. Current law provides that the beginning date-of-aid for an AFDC recipient is the day of eligibility or the first of the following month, but not later than 30 days from the date of application. The intent of the AFDC program is to provide for cash assistance to meet current need. Since no payment is made to an AFDC recipient until eligibility is determined, aid payment would not begin any sooner under the legislative proposal. However, in the

event an AFDC recipient has a demonstrated need, prior to authorization, the program can provide for immediate need payments for eligibles before the date of authorization.

Item 5180-101-866—For local assistance, Department of Social Services. I reduce this item from $1,679,823,000 to $1,669,438,000 by reducing:

(a) 10.04.005—Aid to Families with Dependent Children from $1,660,675,000 to $1,650,290,000.

I am reducing this item by $10,385,000 to correspond with action in Item 5180-101-001 which would maintain current regulations for date of the first AFDC aid payment.

Item 5180-141-001—For local assistance, Department of Social Services. I reduce this item from $117,240,000 to $114,240,000.

I am reducing this item by $3,000,000 to eliminate the augmentation for the Welfare Employment Services Program. The proposed demonstration project would be in conflict with current policy that AFDC recipients should be required to participate in Work Incentive (WIN) program activities that will enable them to become employed as quickly as possible. As such, this program represents a major policy change which should be accomplished through policy legislation.

I also eliminate the following language relative to this item since this veto makes the language unnecessary:

> "7. Upon request of the Department of Social Services, the Director of Finance shall transfer an additional amount not to exceed $3,000,000 to Item 5180-001-001 to enable the department to reimburse the Employment Development Department for services provided pursuant to an interagency agreement required to implement the Welfare Employment Services and Training Program."

Item 5180-151-001—For local assistance, Department of Social Services. I reduce this item from $219,624,700 to $197,200,500 by reducing:

(a) 20.30—Other County Social Services from $35,362,600 to $14,828,400,

(a) (1) 20.30.010—Child Welfare Services Grant from $35,362,600 to $14,828,400,

(b) 20.35—Specialized Adult Services from $151,217,700 to $149,327,700, and

(b) (3) 20.35.250—Access Assistance for the Deaf from $4,436,100 to $2,546,100.

I am reducing this item by $20,534,200 for Child Welfare Services in the Other County Social Services (OCSS) Program. Chapter 978, Statutes of 1982 (SB 14), made major changes to child welfare services programs and was only fully implemented on October 1, 1983. There is insufficient data on which to base an augmentation at this time. Also, according to the Department of Social Services' estimate the caseload is fully funded, and there is no justification for

any further augmentation for 1984–85.

In addition, the department has informed me that a considerable amount of this augmentation may be used to fund prior year COLAs. Since the Legislature rejected my proposal to fund prior year COLAs in the high priority areas of AFDC and Food Stamp administration, I believe it is inappropriate to fund what are essentially prior year COLAs in the OCSS area. However, I believe that the entire issue of prior year COLAs is of sufficient importance that I will be asking the department to review it very carefully so that it can be dealt with comprehensively as part of the 1985–86 budget process.

In addition, I am reducing this item by $1,890,000 for Access Assistance for the Deaf. The department has made a commitment to prepare a comprehensive statewide evaluation of the service needs for consideration as part of the 1985–86 budget and it would be premature to double the budget before the department can assess the total statewide need. I am providing $410,000 to fund the four service areas that the Legislature has determined to be of the highest priority for the 1984–85 fiscal year. Additional changes to the program can be considered in conjunction with the statewide evaluation mentioned above.

Item 5180-181-001—For local assistance, Department of Social Services. I reduce this item from $226,612,000 to $204,533,000 by reducing:

(b) 20—Social Services Program from $26,612,000 to $15,104,000,

(c) 30—Community Care Licensing from $405,000 to $226,000,

(d) 10.04.005—Aid to Families with Dependent Children from $93,493,000 to $85,835,000, and

(e) 10.20—County Administration from $6,151,000 to $3,417,000.

This reduction maintains a discretionary cost-of-living (COLA) increase in this item of $20,978,000 which will provide a 3 percent COLA more in line with the rate of inflation. In light of the rate increase of approximately 9 percent already included in the budget for Foster Family Homes, I am eliminating the cost-of-living increase of $4,054,000 for this program from this item.

Item 5180-181-866—For local assistance, Department of Social Services. I reduce this item from $121,380,000 to $117,675,000 by reducing:

(b) 20—Social Services Programs from $1,603,000 to $891,000,

(d) 10.04.005—Aid to Families with Dependent Children from $101,279,000 to $98,351,000, and

(f) 30—Community Care Licensing from $146,000 to $81,000.

This reduction maintains a discretionary cost-of-living (COLA) increase in this item of $18,788,000 which will provide a 3 percent COLA, more in line with the rate of inflation. In light of the rate increase of approximately 9 percent already included in the budget for Foster Family Homes, I am eliminating the cost-of-living increase of $1,316,000 from this item.

Item 5180-490—Reappropriation, Department of Social Services.

I support the need for beginning an In-Home Supportive Services (IHSS) demonstration project but believe that the total amount of the reappropriations added by the Legislature to fund IHSS Demonstration Projects in San Diego and Santa Cruz Counties is not needed to provide a reasonable demonstration. Therefore, I am eliminating the $2,000,000 reappropriation from Item 5180-151-001, Budget Act of 1983.

In addition, I am reducing the $3,000,000 reappropriated by this item from Item 5180-151-001 (b) (1) and Item 5180-181-001 (c) Budget Act of 1983 to $850,000 to fund only the Santa Cruz County project and only for one year rather than for three years as stated in this item. I believe that the San Diego project is duplicative of the Santa Cruz project and, therefore, unnecessary. In addition, I believe that funding for only the first year in Santa Cruz should be provided at this time. This will enable the Administration and the Legislature to review the results of the first year before deciding on the appropriate funding level for the second year.

I am, therefore, revising the language in this item as follows:

5180-490—Reappropriation, Department of Social Services. On the effective date of this act, notwithstanding any other provisions of law, any unencumbered balances of the appropriation provided in Chapter 1398, Statutes of 1982, is reappropriated for Demonstration Programs, Item 5180-151-001 (e) of this act, and shall be available for expenditure until June 30, 1985.

Reappropriation, Department of Social Services. Notwithstanding any other provisions of law, on the effective date of this act, up to ~~$3,000,000~~ *$850,000* of the unencumbered balances of the appropriations provided in Item 5180-151-001 (b) (1) and Item 5180-181-001 (c), Budget Act of 1983, ~~and up to $2,000,000 of the unencumbered balance of the appropriation provided in Item 5180/151/001, Budget Act of 1983,~~ are hereby reappropriated to fund a ~~three~~ *one*-year pilot project in Santa Cruz County ~~($2,500,000) and the first year of a three year pilot project in San Diego County ($2,500,000)~~, as authorized by Section 12314 of the Welfare and Institutions Code.

~~These funds shall be used first to fund pilot projects in San Diego and Santa Cruz Counties. If either of these counties are unable to use these funds, the remaining funds shall be available in 1984/85 for other counties that apply to the Department of Social Services for the same purpose.~~

Item 5240-311-724—For Capital Outlay, Department of Corrections.

I am eliminating budget control language Provision 4, added by the Legislature, that would restrict expenditure of appropriated funds (except for studies and master planning) for a new prison authorized to be built in Amador County. The language would require a property acquisition for which funds were not appropriated; would require annexation of the prison site by the City

of Ione, a circumstance beyond the State's control; and would foreclose water supply and sewage treatment options that may be available to the State. These provisions constitute undue restrictions upon Executive authority in siting this prison facility.

Item 6100-001-001—For support of Department of Education. I reduce this item from $27,346,000 to $25,811,000 by reducing:

(a) 10—Instruction from $6,964,000 to $6,889,000,

(1) 10—Total Instruction from $9,085,000 to $9,010,000,

(b) 20—Instructional Support from $10,086,000 to $9,236,000,

(1) 20—Total Instructional Support from $10,404,000 to $9,554,000,

(d) 41.00—Executive Management and Special Services from $5,456,000 to $4,846,000, and

(1) 41.00—Total Executive Management and Special Services from $5,694,000 to $5,084,000.

I am eliminating $75,000 provided for support of genetic disease training required by Chapter 685, Statutes of 1981. We believe that the $144,000 which has been annually provided since 1981–82 to the Department of Education for this purpose is sufficient to continue these workshops.

In addition, I am eliminating the $800,000 augmentation for the full development of the Golden State Examination. The two subject matter examinations funded by SB 813 should be developed before expansion of the program is considered.

I am also eliminating the $50,000 augmentation for the publication of the "Educational Futures" handbook. The Department of Education should fund this endeavor from within existing resources or again seek private sector funding.

I am reducing the amount provided for CALSTARS program modifications by $60,000. The remaining $436,000 will provide for first year programming efforts and will be sufficient to allow State staff to make the indicated modifications within two years.

In addition to the above, I am making reductions of $150,000 in the department's travel allotment and $400,000 in the consultant and professional services allotment. The travel allotment was not reduced corresponding to the reduction in staffing made by the department in the current year. Also, for the past two years, actual expenditures for consultant services have resulted in savings over the scheduled amount far in excess of the reduction I am making in this appropriation.

Item 6100-006-001—For support of State Special Schools. I reduce this item from $33,871,000 to $31,921,000 by reducing:

(a) Instruction from $36,811,000 to $34,861,000.

I am eliminating the $250,000 augmentation for the cost of unemployment insurance benefits for the nonprofessional employees of the State Special Schools. SB 813 provides an annual appropriation of $250,000 for these costs and the additional Budget Act appropriation is not necessary.

I am also eliminating the $1,700,000 augmentation intended to

replace lost revenues from districts for a portion of the costs of pupils placed in the State Special Schools. The imposition of a charge to school districts provides a necessary fiscal incentive to make appropriate student placements and should result in the most efficient use of the Schools' services. It is my intention that reimbursements be scheduled from the districts for such costs.

I am also deleting the language in Provision 2 because the corresponding appropriation has been eliminated.

With these reductions, the State Special Schools will still be able to pay the cost of unemployment insurance benefits from the SB 813 appropriation. In addition, continuing the statutory requirement that school districts contribute to the cost of pupils placed in the State Special Schools will provide for the most efficient use of the State Special Schools.

Item 6100-011-001—For support of Department of Education, California State Library. I reduce this item from $7,892,000 to $7,427,000 by reducing:

(a) Library Services from $7,905,000 to $7,440,000.

I am eliminating $307,000 and 6.0 positions which the Legislature added to this item for microfilming services at the State Library. I recognize the value of services such as these; however, I believe that the $415,000 remaining in the budget for preservation and microfilming services will provide a reasonable level of support for this long-term program.

In addition, I am reducing this item by $158,000 and 6.5 positions which were added by the Legislature to allow the State Library to increase its current hours of operation and extend its services to the general public. I am making these reductions because I believe that the State Library is more than adequately serving the constituency which it is required to serve within its current operating schedule. In addition, I do not believe that it is necessary to extend the library's services and collections, directly to the general public, since its collections are currently available to the general public through local libraries as a service of the inter-library loan program.

I am accepting the augmentation of $212,000 and the continuation of one position added by the Legislature to support the administration of the Adult Literacy Program, funded in Item 6100-211-001, in consideration of the significance of this problem and apparent early signs of program success. Continuation beyond the 1984–85 fiscal year will depend upon the results of a program effectiveness review.

Item 6100-025-001—For support of Federation of California Minority Radio Stations. I reduce this item from $1,000,000 to $125,000.

The goal of this Administration is to encourage public radio and television stations to seek funding from viewers, foundations and other private sources. However, I am convinced that some one-time assistance is necessary during the 1984–85 fiscal year for these radio

stations to enable them to pursue other sources of funding for on-going operations. Therefore, I am reducing this item to provide an augmentation of $125,000 to the Department of Education for allocation to the Federation of California Minority Radio Stations.

I am also deleting Provision 1 because the corresponding appropriation has been reduced.

Item 6100-101-001—For local assistance, Department of Education. I reduce this item from $6,182,596,000 to $5,995,331,000 by reducing:

(a) Program 10.10—School Apportionments, for the purposes of subdivision (f) of Section 42238 of the Education Code, from $5,647,083,000 to $5,465,083,000.

(i) Program 10.10—Instruction, for Regional Occupational Centers and Programs from $171,484,000 to $167,619,000.

(k) Program 10.10—School Apportionments, for minimum revenue guarantees, as specified in Provision 13 of this item, from $7,600,000 to $6,200,000.

I am reducing this item by $187,265,000. I am reducing $182,000,000 of the $5,647,083,000 appropriated for the apportionment of State general-purpose aid to K–12 school districts. Since the Legislature has not yet acted to reallocate the proceeds of the supplemental property tax roll to all local jurisdictions, K–12 school districts will be receiving $182 million of State subventions that were intended to replace the reallocated property taxes. Therefore, I am reducing the appropriation by this amount in recognition of K–12 receiving these additional property taxes. In addition, I am once again asking the Legislature to enact legislation on local government finance. When such legislation is enacted, this amount will be available for appropriation to schools to replace any redirected property taxes and to guarantee continued full support for K–12 education programs.

I am reducing $3,865,000 of the $7,729,000 augmentation provided for a statewide 5 percent growth in Regional Occupational Centers and Programs. During the past two years, State funding for Regional Occupational Centers and Programs (ROC/Ps) has increased by more than $20 million to support an 8.5 percent growth rate in the program during 1982–83 and a 10 percent rate of growth in 11th and 12th grade ROC/P pupils during 1983–84. Because of the priority SB 813 placed on serving pupils 16 to 18 years of age enrolled in Regional Occupational Centers and Programs, and the less than 2 percent estimated growth in high school enrollment, an increase of $3,864,000 will provide the support necessary to meet the needs of ROC/Ps in 1984–85 and, consistent with SB 813, allow these programs to receive additional funding for increasing the amount of instructional time provided to participating students.

I am reducing $1,400,000 of the $7,600,000 provided for minimum revenue guarantees. The remaining $6,200,000 is sufficient to fully fund the 100 percent minimum revenue guarantee provided by Provision 13 of this item. Because of the special circumstances of those K–12 school districts that would receive the minimum revenue

guarantee in 1984–85, I am retaining full funding for the continuation of this adjustment during the budget year. This provides one additional year for these school districts to adjust to the policies established by SB 813, which phased out this revenue adjustment. I will not support the continuation of a 100 percent minimum revenue guarantee beyond the 1984–85 fiscal year.

Despite these reductions, my budget provides a $1 billion increase in 1984–85 general-purpose funds, including funds budgeted in Item 6100-226-001, for K–12 school districts. This represents a 12.3 percent increase above the 1983–84 expenditure level and a 22.9 percent increase above the 1982–83 expenditure level.

Item 6100-109-001—For local assistance, Department of Education-Tenth Grade Counseling. I reduce this item from $6,724,000 to $6,600,000.

I am eliminating the $124,000 augmentation to fund the California Career Center. The Services provided by the center are available through the staff development program funded in Item 6100-191-001. I am also deleting the language in Provision 2 because the corresponding appropriation has been eliminated.

The remaining budget provides over $6 million in new resources for tenth grade counseling emphasis.

Item 6100-161-001—For local assistance, Department of Education. I reduce this item from $801,217,000 to $693,217,000. I delete the language in Provision 4 and Provisions 6 through 10.

I am eliminating the following:

$12,000,000 legislative augmentation to expand the infant program. Under current law, only those infant programs which operated in 1980–81 and received State or Federal aid are mandated to continue. My budget fully funds those mandated programs.

$24,300,000 legislative augmentation for restoration of instructional aides. This is consistent with the intent of Chapter 1094, Statutes of 1981 (SB 769), which limited the entitlements for instructional aides.

$5,200,000 legislative augmentation for leveling up of support services ratios. This is consistent with the intent of Chapter 1094, Statutes of 1981 (SB 769), which reduced support services ratios.

$33,000,000 legislative augmentation for low incidence disability funding. Funds are currently provided for these services within the special education entitlement. This is consistent with the Master Plan for Special Education.

$33,500,000 legislative augmentation for the buy-out of the local general fund contribution. Any reduction to the local general fund contribution would not result in additional money for special education but would constitute an increase to general purpose apportionments and, therefore, a windfall gain to districts receiving the buy-out funds.

Despite these reductions in augmentations my expenditure plan will provide a total of $1.3 billion for the Special Education Program. Included in this total is $10 million for the first growth in the program

since 1981–82 and $39.4 million to fully fund the 1983–84 special education entitlements, currently included in the deficiency bill. Of that amount, $25.2 million is for special transportation.

To conform to the action above, I am eliminating the language in Provisions 4, 6, 7, 8, 9, and 10.

Item 6100-181-001—For local assistance, Educational Technology. I reduce this item from $30,250,000 to $15,250,000.

I am reducing $15,000,000 of the $23,578,000 augmentation for increased funding of the Computer Education Act of 1983. The $15 million remaining, which is an $8.6 million increase over my January 10 budget, will provide for the acquisition of hardware and software for almost 10 percent of the State's classrooms to provide the background skills necessary for employment in an increasingly technological society and for state-of-the-art instructional tools. SB 813 provided $500,000 for the program for 1983–84. It is my intention that teacher training in educational technology be provided by means of the funding resources contained in the staff development program.

Item 6100-191-001—For local assistance, Department of Education. I reduce this item from $69,329,000 to $66,329,000 by eliminating:

(i) Summer School Teacher Training ($3,000,000).

I am eliminating the $3 million augmentation for Summer School Teacher Training. Despite this veto, my budget contains an increase of $5.5 million for general staff development provided by the Teacher Education and Computer Centers. This represents an 88 percent increase above the level provided in 1983–84. In addition, programs established by SB 813, such as the Mentor Teacher Program and Teacher Instructional Improvement Grants, which I have funded, add another $47.9 million for expansion of the staff development program.

Item 6100-192-001—For local assistance, Mathematics, Engineering, and Science Achievement (MESA). I reduce this item from $1,751,000 to $1,391,000.

I am reducing this item by $360,000 because an adjustment to reflect inflation impact for prior years is unwarranted. I am retaining an augmentation of $40,000 for the Mathematics, Engineering, and Science Achievement (MESA) program to provide the same discretionary inflation adjustment being provided to other such categorical programs.

Item 6100-196-001—For local assistance, Department of Education. I reduce this item from $265,209,000 to $263,459,000 by reducing:

(a) 30.10.010-Preschool from $32,661,000 to $32,161,000, and

(b) 30.10.020-Child Care Services from $239,268,000 to $238,268,000.

and by eliminating

(d) Child Care Quality Development ($250,000).

While I support the need for child care services, I am eliminating the $500,000 legislative augmentation for Preschool Child Care and

the $1,000,000 increase in child care services because the experience of past years indicates that there will be an amount, in excess of the $1,500,000 augmentation, in unclaimed child care funds in the 1983–84 fiscal year which will be available in the 1984–85 fiscal year for these purposes.

I am also eliminating $250,000 for Child Care Quality Development because this project duplicates the responsibility of the Department of Social Services to develop standards for licensed child care facilities and the review of those facilities.

I am also deleting the language in Provisions 13, 14, and 15 because the corresponding appropriations have been reduced or eliminated.

The remaining budget of more than $263 million, combined with administrative program changes, should provide the additional resources to meet increased demand for child care services.

Item 6100-221-001—For local assistance, Department of Education, California State Library. I reduce this item from $27,900,000 to $12,000,000.

I am reducing this item by $15,900,000 to the level originally proposed in the Budget. I believe that the remaining amount of $12,000,000, which is twice the current level of State support, allows for reasonable growth in the second year of the Public Library Foundation Program.

Item 6100-226-001—For local assistance, State Department of Education. I reduce this item from $671,529,000 to $642,634,000 by reducing:

(a) (2.) Small School District Transportation Aid from $1,096,000 to $557,000,

(a) (6.) Transportation from $15,598,000 to $8,060,000,

(a) (8.) Regional Occupational Centers and Programs from $10,206,000 to $9,978,000,

(c) American Indian Education Centers from $47,000 to $24,000,

(d) Native American Indian Education from $20,000 to $10,000,

(e) Economic Impact Aid from $10,740,000 to $5,461,000,

(i) Curriculum Services—Educational Technology Program from $69,000 to $35,000,

(m) Foster Youth Services from $45,000 to $23,000,

(n) School Improvement Program from $10,176,000 to $5,174,000,

(o) Staff Development from $639,000 to $325,000,

(p) Preschool Education from $1,898,000 to $965,000,

(q) Child Care Services from $13,647,000 to $6,939,000,

(s) Urban Impact Aid from $3,626,000 to $1,844,000,

(t) Meade Aid from $569,000 to $289,000, and

(u) Statewide Library Support from $413,000 to $210,000.

I am reducing the cost-of-living adjustment for K–12 education programs by $28,667,000 to reflect a 5.9 percent COLA for all programs with statutory cost-of-living adjustments, Apprentice Programs, Regional Occupational Centers and Programs, Adults in Correctional Facilities, the Miller-Unruh Reading Program, and

Demonstration Programs in Reading and Math. Additionally, my budget provides a 3 percent COLA for all other programs.

I am also reducing this item by $228,000 to conform to the reduction of funding for Regional Occupational Centers and Programs ADA growth made to Item 6100-101-001.

Although I am reducing $29 million from the COLA augmentation, my budget provides a 5.9 percent COLA for programs with statutory COLAs. My budget also provides a 5.9 percent COLA for programs with a substantial portion of costs tied to salaries and benefits of school employees and a 3 percent COLA for other discretionary programs. These increases, which amount to $300 million, are in addition to the $900 million I provided in my budget to implement the second-year costs of SB 813. Additionally, through this budget, I will have provided an average 19.7 percent increase in State funding per pupil in California, which amounts to $3 billion in increased funding, for the two-year period that I have been in office.

Item 6360-001-001—For support of Commission on Teacher Credentialing. I eliminate this item.

I am eliminating the General Fund appropriation of $877,000 for professional standards and development of bilingual exams in the Commission on Teacher Credentialing. The Teacher Credentials Fund was established to support all activities of the Commission on Teacher Credentialing. These activities can be funded through existing Teacher Credentials Fund revenue sources and do not require a General Fund appropriation.

Item 6440-001-001—For support of University of California. I reduce this item from $1,249,985,000 to $1,247,134,000 by reducing:

(a) Support from $1,243,375,000 to $1,240,824,000, and

(d) Center for Global Peace from $500,000 to $200,000.

I am eliminating legislative augmentations of $2,000,000 and 92 positions for janitorial services and $526,000 and 16 positions for the Lawrence Hall of Science at Berkeley. The University will retain 1,295 janitorial positions and maintain a $6,000,000 program at the Lawrence Hall of Science. I am also eliminating the legislative augmentation of $25,000 for Asian studies. These programs are funded adequately from existing General Funds and University sources. The Regents have an established method of requesting support for University activities. These requests have not received internal University review or the assessment of priority within the University's programs.

In addition, I am reducing $300,000 from the legislative augmentation of $500,000 for the Center for Global Peace. This increase of $200,000 when added to the current University Budget of $500,000 will provide a 40 percent increase for this program.

In addition, I am eliminating the language which provides for a contingency appropriation of $64.8 million for the University of California Retirement System for 1984–85. I clearly support full funding of the retirement system and provided the necessary funds

in the budget proposal, but this alternative proposed by the Legislature is an unacceptable method of providing the necessary funds. The funds are not available to the Retirement System in 1984–85 and may not be available in 1985–86 under the contingent language. Therefore, I am setting aside in a separate reserve sufficient funds to finance a non-contingent appropriation for the University of California Retirement System to assure the system the funds necessary to maintain its acturial soundness. I will support legislation which would appropriate these funds to the UCRS for 1984–85.

Item 6440-016-001—For support of University of California. I eliminate this item.

Salary inequity adjustments should be resolved through the collective bargaining process. I have provided funds for up to a 10 percent compensation increase with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases including salary inequity adjustments.

Item 6600-001-001—For support of Hastings College of the Law.

I am eliminating language Provision 2 which provides for a contingency appropriation of $453,000 for the University of California Retirement System (UCRS) for 1984–85. I clearly support full funding of the retirement system and provided the necessary funds in the budget proposal but this alternative proposed by the Legislature is an unacceptable method of providing the necessary funds.

The funds are not available to the Retirement System in 1984–85 and may not be available in 1985–86 under the contingent language. Therefore, I am setting aside in a separate reserve sufficient funds to finance a noncontingent appropriation for the University of California Retirement System to assure the system the funds necessary to maintain its actuarial soundness. I will support legislation which would appropriate these funds to the UCRS for 1984–85.

Item 6600-016-001—For support of Hastings College of the Law. I eliminate this item.

Salary inequity adjustments should be resolved through the collective bargaining process. I have provided funds for up to a 10 percent compensation increase with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases including salary inequity adjustments.

Item 6610-001-001—For support of California State University. I reduce this item from $1,016,201,000 to $1,015,808,000 by reducing:

(a) Instruction from $725,280,000 to $725,180,000,

(c) Academic Support from $140,778,000 to $140,505,000, and

(e) Institutional Support from $279,651,000 to $279,631,000.

I am reducing the $100,000 legislative augmentation for a study of successful teaching practices and a program of partnerships between high schools and colleges/universities to promote achievement of

linguistic minorities. A number of successful studies have already been conducted and I question the need for an additional study. The Governor's Budget includes over $450 million for compensatory education in K-12 and academic improvement programs in the postsecondary education segment to address the problem. An alternative approach to adding more money may be to evaluate the existing expenditure of funds and make appropriate modifications to current statutes and programs.

I am reducing legislative augmentations in Academic Support by $273,000. This reduction includes $163,000 and 1.4 positions for a Survey Research Center at the Chico campus. This augmentation shifts to CSU a previously legislative-funded activity of unknown priority within the scope of CSU's programs. Also included in the reduction is $110,000 and 2 positions for an additional Labor Archive at the San Francisco campus. I am leaving in one position and $65,000, the same State funding as included in CSU's budget for the Southern California Labor Archive. I am accordingly reducing the $175,000 cited in Provision 10 to $65,000.

I am reducing the $20,000 legislative augmentation to Institutional Support for a youth leadership conference which should be funded by the sponsoring organizations.

Item 6610-011-001—For support of California State University. I reduce this item from $13,441,000 to $12,332,000.

I am reducing $1,109,000 from this item since it represents funds in excess of the level CSU needs for its State University Fee grant program, based upon recent re-estimates by CSU. I am also deleting the corresponding language (Provision 2) directing the use of the $1.1 million excess funds and the language reappropriating current year savings for financial aid related to other mandatory fees, approximately $1.3 million (Provision 3). The CSU General Fund appropriations include over $31 million for financial aid and fee reductions. Coupled with other State and Federal aid, the budget makes a reasonable attempt to address student financial aid needs. Further, the vetoed $1.3 million reappropriation in Provision 3 will be reappropriated by Item 6610-490 for critically needed replacement of instructional equipment, deferred maintenance and special repair projects.

Item 6610-021-001—For support of California State University. I reduce this item from $22,722,000 to $22,422,000 by reducing:

(b) Institutional Support from $10,672,000 to $10,372,000.

I am reducing this item by $300,000 because this amount exceeds CSU's request. The balance of the $10,372,000 in the budget provides sufficient funding for CSU's deferred maintenance priority projects.

Item 6610-031-001—For support of California State University. I reduce this item from $111,261,000 to $101,861,000 by reducing:

(10) Unallocated Salary Increase from $111,261,000 to $101,861,000.

I am reducing the legislative augmentation of $11,300,000 for

faculty compensation and benefits by $9,400,000. I am correspondingly reducing the $11,300,000 in Provision 5 to $1,900,000. The remaining $101,861,000 provides for up to a 10 percent general compensation package plus a special 1 percent January 1, 1985 faculty salary adjustment. This amount should permit CSU to begin to address its hard-to-hire problems.

Item 6610-033-001—For support of California State University. I eliminate this item.

Salary inequity adjustments should be resolved through the collective bargaining process. I have provided funds for up to a 10 percent general compensation package, plus a special 1 percent January 1, 1985 faculty salary adjustment, with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases.

Item 6610-301-146—For capital outlay, Trustees of California State University. I reduce this item from $25,996,000 to $25,264,000, by reducing:

(7) Moss Landing Marine Lab—equipment, from $244,000 to $185,000,

(12) Humboldt State—for equipment, engineering building, from $217,000 to $175,000,

and by eliminating

(32) Polytechnic University, Pomona—Music and Faculty Office Building ($174,000),

(33) Stanislaus—Library Addition II ($89,000),

(34) Los Angeles—Remodel Fine Arts Building ($123,000),

(36) Humboldt State—Business and support services building ($95,000), and

(41) Northridge—Science Building addition ($150,000).

I am reducing this item by a total of $732,000. The equipment requests for categories (7) and (12) are being reduced to reflect the initial complement for laboratories; the balance of equipment required should be funded from support funds. The projects I am deleting were not included in the budget request for the California State University. They are not priority projects for 1984–85 and would require future year funding of $26.9 million. I am therefore deferring these new starts in order to avoid over-commitment of capital outlay construction funds in 1985–86. This deferral will not have a detrimental effect on state educational programs.

Item 6860-001-001—For support of California Maritime Academy. I reduce this item from $4,929,000 to $4,874,000 by reducing:

(a) Personal Services from $4,319,797 to $4,264,000, and

(b) Operating Expenses and Equipment from $3,174,203 to $3,168,000.

I am reducing this item by $55,000 and two personnel years. The affirmative action/outreach effort proposed by the Legislature can be accomplished with the $90,000 and two personnel years left in the item for this purpose.

If needed, additional resources could be redirected from the Academy's nine position Counseling and Guidance Unit.

Item 6870-101-001—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from $1,136,210,000 to $1,092,739,000 by reducing:

(a) 10-Apportionments from $1,074,989,000 to $1,035,689,000,

(b) 20.10.010—Community College Extended Opportunity Programs and Services from $27,836,000 to $25,663,000,

(c) 20.10.020—Disabled Students from $24,459,000 to $22,534,000,

(d) 20.20.020—Partial Financing of the Academic Senate for the Community Colleges from $76,000 to $70,000, and

(e) 20.30.020—Instructional Improvement, for Transfer to the Community College Fund for Instructional Improvement from $850,000 to $783,000.

This reduction of $43,471,000 consists of:

A reduction of $39,300,000 for apportionments. Even with this reduction, community colleges will receive a 10 percent program increase for all funds over 1983–84 funding. This level of funding will provide the colleges sufficient resources to restore course offerings eliminated in 1983–84 and is consistent with the funding requirements called for in AB 1xx.

A reduction of $4,171,000 added by the Legislature for 1983–84 and 1984–85 cost-of-living adjustments. I do not believe it is appropriate to fund a cost-of-living adjustment for 1983–84 during 1984–85. I am providing a 3 percent cost-of-living adjustment for 1984–85 which will give these programs $49 million for operation costs.

Item 6870-101-909—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from $1,034,000 to $967,000.

This action conforms to the reduction made in Item 6870-101-001 to (e) Instructional Improvement.

It reflects a reduction of $67,000 provided by the Legislature for 1983–84 and 1984–85 cost-of-living adjustments. The 3 percent cost-of-living adjustment provided by my budget will provide $967,000 for the Instructional Improvement program.

I am also adjusting the language in this item so that up to $783,000 is available for allocation for grants. The remaining amount in this appropriation is for Instructional Improvement loans to community colleges.

Item 6870-111-001—For local assistance, Board of Governors of the Community Colleges. I reduce this item from $14,333,000 to $2,150,000 by reducing:

(b) 20.10.010—Extended Opportunity Programs and Services from $2,100,000 to $1,050,000, and

(c) 20.10.020—Disabled Students from $2,200,000 to $1,100,000, and by eliminating

(a) 10—Apportionments ($33,000), and

(d) 20.10.040—Community College Matriculation ($10,000,000).

I am eliminating the $33,000 requested for the Mendocino-Lake Community College District timber falling program because I believe it is inappropriate to fund individual instructional programs that are a district's priority.

I am eliminating the $10 million provided to fund AB 2638 because funding for legislation should properly be contained in the bill. I am in general support of the concept of matriculation and would be willing to consider legislation to implement these services that will help ensure student success in the community colleges.

The remaining reduction of $2,150,000 consists of:

A reduction of $1,050,000 for the EOPS Program. Information suggests that there are a number of students attending community colleges who would benefit from the services provided by the EOPS Program who are currently not being served. The funds provided here, along with the $25.7 million in Item 6870-101-001 which includes a 3 percent cost-of-living adjustment, will provide the EOPS Program an 8.2 percent increase over 1983–84. This should provide the necessary funding to assist a greater number of students in meeting their educational goals. I will ask the Chancellor to provide evaluation data so that we may assess the effectiveness of this program in light of recently modified program regulations.

A reduction of $1,100,000 for Disabled Students Program. The increased funding provided here, along with the $22.5 million in Item 6870-101-001 which includes a 3 percent cost-of-living adjustment, will provide the Disabled Students Program an 8.0 percent program increase over 1983–84. This should allow for program expansion so that additional students may be provided services.

Item 8100-001-001—For support of Office of Criminal Justice Planning. I reduce this item from $2,349,000 to $2,259,000 by reducing:

(b) Operating Expenses and Equipment from $1,551,000 to $1,461,000.

I am reducing $90,000 from this item for the three neighborhood watch training conferences. This program expansion is being proposed in AB 3917. Funding for the program should be contained in the bill.

Item 8100-101-001—For local assistance, Office of Criminal Justice Planning. I reduce this item from $10,575,000 to $10,425,000 by reducing:

(c) California Community Crime Resistance Program from $1,303,000 to $1,153,000.

I am reducing this item by $150,000 for the Volunteer Anti-Crime Patrol Project. I believe that the current grant award process allows for appropriate consideration of projects such as this and adequate resources are available in the California Community Crime Resistance Program. I am also directing the Office of Criminal Justice Planning to work with local projects to develop proposals that would meet the criteria for funding under this program.

Item 8140-001-001—For support of Office of State Public Defender. I reduce this item from $8,025,000 to $5,025,000.

I am reducing $3,000,000 and 74 positions from this item to reflect my intent that the office handle only the most complex and sensitive cases. The remaining cases will be handled by court appointed counsel through the judiciary. I believe it is in the State's best interest to maximize a prudent balance between cases handled by the State Public Defender and cases handled by private counsel without compromising the State's responsibility to provide effective representation for indigent appellants. The judiciary's budget has been augmented to handle an increased number of cases. I am retaining $210,000 and three positions in this item to allow appointment of regional office chiefs and provide funding for a pilot automation system to improve data collection and facilitiate program evaluation.

Item 8160-111-001—For local assistance, Assistance to Counties for Defense of Indigents. I reduce this item from $4,775,000 to $4,000,000 by eliminating:

(a) Public Defender Assistance ($775,000).

I am vetoing these funds for Public Defender Assistance. Funds for this activity should be considered in the broad context of total fiscal relief provided for counties. Legislation now pending is designed to address overall local fiscal needs. This subvention represents less than one percent of the amount annually expended by county public defenders.

Item 8220-001-001—For support of Motion Picture Council. I reduce this item from $140,000 to $40,000 by reducing:

(a) Operating Expense and Equipment from $90,000 to $40,000, and by eliminating

(b) Unallocated Increase $50,000,

and the following provisions:

1. The amount appropriated by Schedule (b) shall be available for expenditure only if insufficient revenues are collected by the Motion Picture Council to fully fund Item 8220-001-942 and the Director of Finance determines that this amount is necessary for the Motion Picture Council to properly carry out its activity.

3. Of the amount appropriated by this item, $50,000 shall be available for the purpose of conducting a study of the motion picture industry.

I am eliminating the $100,000 augmentation which was to provide funding for the study of the Motion Picture Industry and the contingency fund because this should more appropriately be funded by resources other than the General Fund.

I have retained the funds for consultant services for the purpose of locating and cataloguing materials and memorabilia for a State motion picture museum.

Provisions 1 and 3. I am eliminating these provisions to correspond to the above reduction in the appropriation.

Item 8260-001-001—For support of California Arts Council. I reduce this item from $2,257,000 to $2,243,000 by reducing:

(b) Operating Expenses and Equipment from $623,000 to $609,000.

I am eliminating funds transferred from personal services to operating expenses and equipment by the Legislature to pay rent for the Los Angeles office. In its present location, the office is rent-free, and there appears to be no reason to move it to another location which would necessitate an increase in government expenditures.

Item 8260-101-001—For local assistance, California Arts Council. I reduce this item from $9,570,000 to $8,070,000 and eliminate the following provisions:

2. Of the funds appropriated by this item in excess of $6,570,000, 24 percent shall be allocated to the Artists in Residence Program and 76 percent shall be allocated to the Organizational Grants Program.

3. The council shall notify the Chairperson of the Joint Legislative Budget Committee regarding the council's proposed expenditure of funds appropriated by this item for the Interagency Arts Program at least 30 days prior to expenditure therefor.

4. Of the funds appropriated by this item, 5 percent shall be expended for a new program for the support of ethnic and minority art organizations and artists. The Council shall not exclude such organizations and artists from eligibility for grants under existing programs.

I am reducing this item by $1,500,000, and directing that the remaining $1,500,000 of the augmentation go to increase the grants program. In total, this would mean that $8,070,000, which represents an increase of 38 percent over the 1983–84 fiscal year, is available from the General Fund for grants.

In addition, I am eliminating Provision 2 to correspond to the above reduction in the appropriation. The provision was intended to apply solely to the augmentation of $3 million which has been reduced to $1,500,000.

I am eliminating Provision 3 because it appears to be unnecessary. The Council's plans for the expenditure of funds in the Interagency Arts program had not been finalized at the time the budget was discussed before the fiscal subcommittees in each house. However, these plans have been made by the Council since that time.

I am eliminating Provision 4 because it appears to be premature. Supplemental language directs the Council to identify the ethnic and geographical distributions of its applicants, panels, and grants, to identify problems, and to propose solutions. This study is especially relevant since the Council has recently changed its eligibility requirements for grant applicants, reducing the length of time an organization has to be in existence from three years to two years. This may increase the number of minority organizations receiving funding under current policies.

Item 8290-001-001—For support of California Public Broadcasting

Commission. I eliminate this item.

In the Budget Act of 1983, I eliminated funding for the Public Broadcasting Commission. At that time, I indicated that public broadcasting stations should seek additional funding from their principal traditional supporters. I continue to feel that it more appropriate for public broadcasting support to come from viewers, foundations and other private sources.

Item 8300-001-001—For support of Agricultural Labor Relations Board. I reduce this item from $8,606,000 to $7,515,000 by reducing:

(a) 10—Board Administration from $4,649,000 to $3,558,000.

and by eliminating the following provisions:

1. The board shall establish a special compliance enforcement unit under the direction of the Executive Secretary. The unit shall consist of eight field examiners, six attorneys, and two clericals and these 16 positions shall be in addition to the positions authorized in the 1984–85 budget as proposed. The compliance enforcement unit shall be charged with eliminating backlogged compliance cases and shall report on its progress to the Joint Legislative Budget Committee by January 30, 1985, and June 30, 1985.

2. The board shall establish a unit consisting of one attorney and one field examiner, under the direction of the Executive Secretary, which shall (a) develop and complete a compliance manual, (b) establish workload standards, and (c) implement a computerized tracking system for all compliance, unfair labor practices, and elections cases before the board. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed. The board shall report on the unit's progress to the Joint Legislative Budget Committee by January 1, 1985.

3. The board shall assign one additional attorney to each board member who has only one attorney. These positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.

4. The board shall assign two additional attorneys to the Executive Secretary to handle elections objections. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.

5. The board shall assign two additional attorneys to the Solicitor to handle appeals. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.

This reduction includes $1,091,000 and 24 additional positions because workload information has not been provided to support funding for the expanded level of staffing. The 1983–84 Veto Message requested the board to modify policies and procedures and develop new efficiencies. The board has not implemented this request. In addition, Provisions 1 through 5 are eliminated because the augmentation is reduced in its entirety.

Item 8350-001-001—For support of Department of Industrial Relations. I reduce this item from $86,832,000 to $83,418,000 by

reducing:

(c) 30—Preventing, Disputes Under Workers' Compensation Law from $39,594,000 to $38,394,000,

(d) 40—Prevention of Industrial Injuries and Deaths to California Workers from $16,096,000 to $15,298,000,

(e) 50—Enforcement of Laws Relating to Wages, Houfs, and conditions of Employment from $18,849,000 to $17,433,000, and

and by eliminating the following provisions:

1. Of the funds appropriated by category (c), $1,000,000 shall be expended on a priority basis by filling all vacant referee teams in Long Beach, Ventura, and Los Angeles, and by adding a referee team in Salinas before these funds are expended for other referee teams.

3. Of the positions authorized in category (d) and allocated to the Elevator Inspection Unit, two Associate Safety Engineer positions, one Office Services Supervisor I position, and one Office Technician position shall be limited to a term of two years.

5. Of the amount that is appropriate in Schedule (e), program 50, $235,000 shall be used to provide computer equipment in each district office of the Division of Labor Standards Enforcement for purposes of automating the division's management information system.

I am reducing the Department of Industrial Relations Budget by $3,414,000 to eliminate certain augmentations made to the Governor's Budget as amended by Department of Finance letter. This includes $1,200,000 in the Division of Industrial Accidents, $798,000 in the Division of Occupational Safety and Health, and $1,416,000 in the Division of Labor Standards Enforcement. The reduction is composed of, first, 59.5 positions and $2,089,000 which was reduced in 1983–84 and subsequently restored by the Legislature. However, all indications are that the current level of authorized staffing in the department is adequate to meet projected workload. Second, I have reduced $1,200,000 from the augmentation to lower salary savings in the department, leaving $438,000 to reduce Cal-OSHA salary savings from 10.3 percent to 5.4 percent. This augmentation will reduce salary savings from 6.2 percent to 5.3 percent in the department as a whole. Third, I have reduced 5 positions and $125,000 added to fund AB 3097. This appropriation is more properly made through the bill itself, rather than through the budget act. These reductions will not reduce field enforcement in the area of worker safety and health or in the area of labor standards field enforcement.

Even with these reductions the 1984–85 budget for the department represents a General Fund increase of 18.5 percent over the 1983–84 budget.

I am eliminating provision 1 to correspond to the reduction made above in the Division of Industrial Accidents. The average workload in the locations specified in provision 1 is no greater than that found in other offices. I am not eliminating Provision 2 which requires the

development of workload standards and the assignment of judges in a way consistent with those standards. This process will make staffing consistent with workload in all offices.

I am eliminating Provision 3 to correspond to the reduction made above in the Division of Occupational Safety and Health. This provision was added solely to apply to the Elevator Unit augmentation.

I am also eliminating Provision 5 to correspond to the reduction made above in the Division of Labor Standards Enforcement. The department is currently developing an automation plan which is scheduled to be completed this fall. It would be premature to specify what equipment should be purchased or how much should be spent on this effort prior to the completion of this plan.

Item 8350-001-890—For support of Department of Industrial Relations. I reduce this item from $18,428,000 to $17,769,000 by reducing:

(a) 40—Prevention of Industrial Injuries and Deaths to California Workers from $16,767,000 to $16,108,000.

I am reducing federal funds for the Department of Industrial Relations by $659,000 to correspond to General Fund reductions made in Item 8350-001-001. All of these federal funds are in the Division of Occupational Safety and Health. However, there is no reduction in field enforcement staff in this program. In addition, I have left $437,000 to match the General Fund augmentation reducing salary savings in Cal-OSHA.

Item 8570-001-001—For support of Department of Food and Agriculture. I reduce this item from $43,739,000 to $43,064,000 by reducing:

(a) 10—Pesticide Regulatory Program from $8,053,000 to $7,735,000,

(b) 20—Plant Pest and Disease Prevention from $18,370,000 to $18,120,000,

(d) 30—Agricultural Marketing Services from $3,636,000 to $3,586,000, and

(k) 80—General Agriculture Activities and Emergency Funding from $180,000 to $123,000,

and by eliminating the following provision:

2. Of the amount appropriated in category (b), up to $50,000 shall be available to support expenditures related to the predator program trapping activities in Sonoma County.

I am reducing the Department of Food and Agriculture's Budget by $675,000 to eliminate certain augmentations made to the Governor's Budget as amended by a Department of Finance Letter. This reduction includes $268,000 for the study of airborne toxic contaminants, $50,000 for the Pesticide Use Enforcement Program, $100,000 for Cherry Disease, $100,000 for Blackline Walnut Disease, $50,000 for the Predator Control Program, $50,000 for a Certified Farmer's Market Study, and $57,000 for the administration of the

Ethanol Loan Program.

Support for these programs should be funded from resources other than the General Fund.

I have retained $1,160,000 for the Agricultural Energy and Technology Project and the purchase of four gas chromatographs.

I am eliminating Provision 2 because there is no justification to support the expenditure of $50,000 of General Funds for predator program trapping activities in Sonoma County.

Item 8570-011-112—For support of Department of Food and Agriculture. I eliminate this item, and the following provision:

1. The funds appropriated in this item shall be available to support the costs related to AB 2635 of the 1983–84 Regular Session of the Legislature, if AB 2635 is enacted.

This deletion includes $550,000 for pesticide alternative research and $500,000 for Exotic Pest Research. There is legislation regarding these programs (AB 2635) and the funding should be contained in the bill.

I am eliminating Provision 1 to conform to the action above.

Item 8660-001-412—For support of Public Utilities Commission. I reduce this item from $12,791,000 to $12,760,000 by reducing:

(a) Personal Services from $35,538,369 to $35,468,369,

(b) Operating Expenses and Equipment from $13,567,631 to $13,547,631,

(h) Amount Payable From the Public Utilities Commission Transportation Reimbursement Account From −$2,871,000 to −$2,863,000, and

(i) Amount Payable from the Public Utilities Commission Utilities Reimbursement Account from −$26,357,000 to −$26,306,000.

I am reducing this item by $31,000 and 1.4 personnel years, eliminating Provision 4, and reducing the scheduled expenditures that flow through this item by $59,000 to eliminate funding for AB 3391 which is pending before the Legislature. If the Legislature passes AB 3391, it should provide funding within the bill.

Item 8660-001-461—For support of Public Utilities Commission. I reduce this unscheduled item from $2,871,000 to $2,863,000.

I am reducing this item by $8,000 to eliminate funding for AB 3391 which is pending before the Legislature. If the Legislature passes AB 3391, it should provide funding within the bill. This action conforms to my action in Item 8660-001-412.

Item 8660-001-462—For support of Public Utilities Commission. I reduce this unscheduled item from $26,357,000 to $26,306,000.

I am reducing this item by $51,000 to eliminate funding for AB 3391 which is pending before the Legislature. If the Legislature passes AB 3391, it should provide funding within the bill. This action conforms to my action in Item 8660-001-412.

Item 8780-001-001—For support of Commission on California State Government Organization and Economy. I reduce this item from $635,500 to $342,000.

Finance staff has not had an opportunity to evaluate the effectiveness of the proposed studies which would be funded by these monies. We will review these programs during the 1985–86 budget preparation. Staff is aware that two areas the Commission has been requested to study have been studied extensively by various organizations in the past.

Item 8820-001-001—For support of Commission on the Status of Women. I reduce this item from $605,900 to $593,900 by reducing:

(b) Operating Expenses and Equipment from $236,800 to $224,800, and

(2) Comparable Worth Task Force from $79,900 to $67,900.

This reduction includes the $12,000 augmentation by the Legislature for the Comparable Worth Task Force. The budget contains $68,000 to support the work of the task force. This is the amount requested by the task force.

Item 8910-001-001—For support of the Office of Administrative Law. I am eliminating Provision 3 from this item.

I am eliminating budget act language that prohibits payment of the Director's salary because it is an infringement on the separation of powers in that it usurps executive branch authority to effectively administer this office. Furthermore, the language is inappropriately punitive and does not provide adequate relief for justifiable, unforeseen delays in the regulatory process.

Item 8940-001-807—For support of the Military Department. I eliminate this item. I am eliminating this item because it unnecessarily creates a special contingency fund for emergency missions. Funding should continue to be provided at the end of each fiscal year based on specific needs.

Item 8940-021-001—For support of Military Department. I eliminate this item.

I am eliminating this item because it unnecessarily creates a special contingency fund for emergency missions.

Item 9800-001-001—For support of Employee Compensation. I reduce this item from $253,428,000 to $220,331,000 by eliminating:

(b) Comparable worth ($27,097,000), and

(c) Salary inequity increases ($6,000,000).

I am deleting these augmentations to the employee compensation item as I have provided funds for up to a ten percent salary and benefit increase which I believe sufficient to attract and retain competent and dedicated employees and to address salary inequities. For employees covered by collective bargaining, the distribution of these funds will be based upon negotiations between employee representatives and the State within the collection bargaining process.

Inequity adjustments, including adjustments for female dominated classes, are a subject of current negotiations. Under present law no such adjustments may be made without the agreement of employee unions.

I am also eliminating Provisions 4 and 5, of this item, relating to comparable worth and salary inequity adjustments. The criteria set forth in this language, which restricts the use of funds for the subject purposes, are also negotiable.

Item 9800-001-494—For support of Employee Compensation. I reduce this item from $141,686,000 to $122,471,000 by eliminating:

(b)—Comparable worth ($16,000,000), and

(c)—Salary inequities increases ($3,215,000).

This $19,215,000 augmentation of various special funds for comparable worth and salary inequity adjustments is reduced for the same reasons stated in my action on Item 9800-001-001.

Accordingly, I am also eliminating Budget Act Language Provisions 4 and 5, of this item, relating to comparable worth and salary inequity adjustments.

Item 9800-001-988—For support of Employee Compensation. I reduce this item from $118,099,000 to $102,083,000 by eliminating:

(b)—Comparable worth ($14,000,000), and

(c)—Salary inequity increases ($2,016,000).

This $16,016,000 augmentation of nongovernmental funds for comparable worth and salary inequity adjustments is reduced for the same reasons stated in my action on Item 9800-001-001.

Accordingly, I am also eliminating Budget Act Language Provisions 4 and 5, of this item, relating to comparable worth and salary inequity adjustments.

SEC. 11.15—I eliminate this section.

I recognize the need to provide additional resources for the construction of new school facilities. However, I cannot support the contingent appropriation of budgetary reserves and savings as authorized by this section. This action precludes utilizing these reserves for unforseen contingencies and emergencies. In addition, I feel that this section begins allocating future resources too far in advance. I believe that revenue derived from the sale of bonds is a more appropriate source of funds for this purpose. Therefore, I will be working with the Legislature to see that a school construction bond measure of an appropriate amount is placed before the electorate in November to address the needs for new school construction funds.

SEC. 11.50

I eliminate general control subsections as follows:

SEC. 11.50. ~~(a) Notwithstanding any other provisions of law, on the effective date of this act, the unappropriated balances in the Energy and Resources Fund, and the Energy and Resources Accounts in the Energy and Resources Fund shall be transferred to the General Fund.~~

(b) For the 1984–85 fiscal year, in lieu of the allocations which would otherwise be made pursuant to subdivision (e) of Section 6217 of the Public Resources Code ~~and the subdivisions following~~, the following allocations shall be made ~~in the following order~~:

(1) To the Capital Outlay Fund for Public Higher Education the amount of ~~$105,700,000~~ *$104,968,000*.

(2) Up to 5 percent of the amounts deposited in the State School Building Lease-Purchase Fund may be spent in accordance with Sections 17785 to 17795, inclusive, of the Education Code (Emergency School Classroom Law of 1979, Ch. 282, Stats. 1979).

~~(3) To the Special Account for Capital Outlay, the amount of $103,938,000.~~

~~(4) An amount of up to $24,674,000 shall be deposited in the unappropriated surplus of the General Fund. This transfer shall be in lieu of any transfer pursuant to Section 6 of Chapter 904 of the Statutes of 1980.~~

I am eliminating the transfer of tidelands oil revenues to the General Fund. As a general principle, I do not favor diverting special funds to maintain the General Fund. I believe there is a need to provide additional resources for the construction of new school facilities, and I will support legislation to provide an additional $50 million in one-time funding from the tidelands oil revenues for the State School Building Lease Purchase Fund in 1984–85.

SEC. 27.00

I am eliminating part (b) of this section. I am eliminating budget act language that prohibits payment of directors' salaries because it is an infringement on the separation of powers in that it usurps executive branch authority to effectively administer State government. Furthermore, the language is inappropriately punitive.

With the above deletions and reductions, I hereby approve Assembly Bill No. 2313.

GEORGE DEUKMEJIAN, Governor
June 27,1984

SECTION 1.00 This act shall be known and may be cited as the "Budget Act of 1984."

SEC. 1.30. Section 13340 of the Government Code is amended to read:

13340. On and after July 1, 1985, no moneys in any fund which, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), it is the intent of the Legislature that this act reflect, and follow as closely as possible, the Governor's Budget including programs itemized therein. It is also the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to

all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity have been brought together and are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, and the distribution of any unallocated amounts within an appropriation. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1984–85 fiscal year beginning July 1, 1984, and ending June 30, 1985. Appropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1984–85, 1985–86 and 1986–87 fiscal years, except that appropriations for studies, planning, and working drawings, and minor capital outlay shall, except as provided herein, be available for expenditure only during the 1984–85 fiscal year. In addition, every appropriation made in this act for construction, or working drawings and construction, that has not been allocated or transferred by the Director of Finance on or before June 30, 1985, shall, except as provided herein, revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund

created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

LEGISLATIVE/JUDICIAL/EXECUTIVE

Legislative

Item		Amount
0110-001-001—For support of Senate		$56,838,000
Schedule:		
(a) 101001-Salaries of Senators	1,373,000	
(b) 317295-Mileage	2,000	
(c) 317292-Expenses	712,000	
(d) 500000-Contingent Expenses	54,447,000	
(e) 317296-Automotive Expenses	304,000	

Provisions:

1. The funds appropriated in Schedule (d) are for contingent expenses of the Senate, including personal services for officers, clerks and all other employees, and legislative committees thereof composed in whole or in part of Members of the Senate, and for support of joint services and joint house operations as provided in Part 2 (commencing with Section 10200) of Division 2 of Title 2 of the Government Code, to be transferred by the State Controller to the Senate Contingent Fund.

1.5. Funds appropriated by this item may be used for support of joint services and joint house operations provided for in Part 2 (commencing with Section 10200) of Division 2 of Title 2 of the Government Code for which an item is set forth in this act or which are funded under Item 0130-021-001, if they are transferred to the appropriate item either by resolution of the Senate Rules Committee or by resolution of the Senate.

2. The funds appropriated in Schedule (e) are for contingent expenses of the Senate relating to the lease, maintenance, repair, insurance, and other costs of operating automobiles for the use of Members of the Senate, to be transferred by the State Controller to the Senate Contingent Fund.

0120-011-001—For support of Assembly		74,885,000
Schedule:		
(a) 101001-Salaries of Assemblymen	2,730,000	
(b) 317295-Mileage	6,000	
(c) 317292-Expenses	1,424,000	
(d) 500000-Contingent Expenses	69,913,000	
(e) 317296-Automotive Expenses	812,000	

Item Amount

Provisions:

1. The funds appropriated in Schedule (d) are for contingent expenses of the Assembly including personal services for officers, clerks and all other employees, and legislative committees thereof composed in whole or in part of Members of the Assembly, and for support of joint services and joint house operations as provided in Part 2 (commencing with Section 10200) of Division 2 of Title 2 of the Government Code, to be transferred by the State Controller to the Assembly Contingent Fund.

1.5. Funds appropriated by this Item may be used for support of joint services and joint house operations provided for in Part 2 (commencing with Section 10200) of Division 2 of Title 2 of the Government Code for which an item is set forth in this act or which are funded under Item 0130-021-001, if they are transferred to the appropriate item either by resolution of the Assembly Rules Committee or by resolution of the Assembly.

2. The funds appropriated in Schedule (e) are for contingent expenses of the Assembly relating to the lease, maintenance, repair, insurance, and other costs of operating automobiles for the use of Members of the Assembly, to be transferred by the State Controller to the Assembly Contingent Fund.

0130-021-001—For support of joint expenses of the Legislature 0

Schedule:

(a) 317292-Expenses of Joint Committees	18,978,000
(b) 312241-Legislative Printing	7,697,000
(c) Revision of Penal Code	263,000
(d) Reimbursements	−26,938,000

Provisions:

1. The funds appropriated in category (a) are for the expenses of joint committees and their members and for any charges, expenses, or claims they may incur, available without regard to fiscal years, to be paid on certification of chairpersons of the committees to which allocations have been made by statute or concurrent resolution or by resolution of the Joint Rules Committee.

Item Amount

2. The funds appropriated in category (b) are for legislative printing, binding, duplicating, mailing and other necessary expenses; and in addition thereto, any amounts received from the sale of legislative publications and notwithstanding any other provision of Section 2 of this act, this appropriation shall be available without regard to fiscal years. Funds appropriated by this item shall not be expended for the purpose of providing the compilation of any California code or portion thereof in computer usable form, except as expressly authorized in writing by the Joint Rules Committee.
3. Funds shown in category (d) may be transferred from the Assembly Contingent Fund, by resolution of the Assembly or resolution of the Assembly Rules Committee, and the Senate Contingent Fund, by resolution of the Senate or resolution of the Senate Rules Committee.

0160-001-001—For support of Legislative Counsel Bureau 0

Schedule:

(a) Support 18,304,000
(b) Reimbursements ..... −18,304,000

Provisions:

1. The funds in category (b) are in addition to any other funds which may be made available and may be transferred from the Assembly Contingent Fund, by resolution of the Assembly or resolution of the Assembly Rules Committee, and the Senate Contingent Fund, by resolution of the Senate or resolution of the Senate Rules Committee.

0170-001-001—For support of California Law Revision Commission 0

Schedule:

(a) Support 450,000
(b) Reimbursements ..... −450,000

Provisions:

1. The funds in category (b) are in addition to any other funds which may be made available and may be transferred from the Assembly Contingent Fund, by resolution of the Assembly or resolution of the Assembly Rules Committee, and the Senate Contingent Fund, by resolution of the Senate or resolution of the Senate Rules Committee.

0180-001-001—For support of California Commission on Uniform State Laws 0

Item Amount

Schedule:

(a) Support 58,000

(b) Reimbursements ..... −58,000

Provisions:

1. The funds in category (b) are in addition to any other funds which may be made available and may be transferred from the Assembly Contingent Fund, by resolution of the Assembly or resolution of the Assembly Rules Committee, and the Senate Contingent Fund, by resolution of the Senate or resolution of the Senate Rules Committee.

Judicial

0250-001-001—For support of Judiciary 51,172,000

Schedule:

(a) 10-Supreme Court 6,776,000

(b) 20-Courts of Appeal 36,843,000

(c) 30-Judicial Council 7,854,000

(d) 40-Commission on Judicial Performance 305,000

(e) Amount payable from Item 0250-001-001, Budget Act of 1982, as reappropriated by Item 0250-490 of the Budget Act of 1983 and Item 0250-490 of this act ..... −606,000

Provisions:

1. Notwithstanding Section 6.50 of this act, the funds appropriated or scheduled in this item may be allocated or reallocated among categories by order of the Judicial Council; however, any allocation or reallocation by the Judicial Council shall be reported to the Director of Finance.

0250-001-044—For support of Judiciary, Program 30, Judicial Council, for implementing uniformity and consistency of procedure in traffic courts, payable from the Motor Vehicle Account, State Transportation Fund... 60,000

0250-101-001—For reimbursement of any county, in whose superior court a judge of the municipal court of another county is assigned to sit and which is required by subdivision (b) of Section 68540 of the Government Code to reimburse the other county from which such assignment is made, of the cost of the regular salary of a municipal court judge (as specified in subdivision (b) of Section 68202 and in

Item Amount

Section 68203 of the Government Code) for that period of time while serving on assignment in its superior court; and for payment to any county, in whose superior court a judge of its municipal court is assigned to sit, of the cost of the regular salary of a municipal court judge (as specified in subdivision (b) of Section 68202 and in Section 68203 of the Government Code) for that period of time while serving on assignment in its superior court; and for payment to any county of the cost of the regular salary of a municipal court judge (as specified in subdivision (b) of Section 68202 and in Section 68203 of the Government Code) for that period of time its municipal court judge serves on assignment on an appellate court; and for payment to any county of the transportation expenses of a judge assigned to sit on a municipal court to replace an absent municipal court judge who has been assigned to sit on a superior court or an appellate court, Program 30, Judicial Council, for payment by the State Controller 243,000

0250-301-036—For capital outlay, Judiciary, payable from the Special Account for Capital Outlay 852,000

Schedule:

(1) Fresno—preliminary plans, working drawings and construct remodeling and expansion of office space	335,000
(2) Minor projects	178,000
(3) San Francisco State Building—remodel facilities (design development)	193,000
(4) Orange County Courthouse—remodel facilities (design development, preliminary plans, and working drawings)	146,000

Provisions:

1. Any lease agreement entered into by the Judicial Council for use of the Orange County Courthouse shall have a firm term of occupation of not less than 20 years.

0250-490—Reappropriation, Judiciary. On the effective date of this act, notwithstanding any other provision of law, the unencumbered balances of the appropriations provided in the following citations are reappropriated for the following purposes and shall be available for expenditure until June 30, 1985:

Item Amount

001—General Fund

(a) Item 0250-001-001, Budget Act of 1982, as reappropriated by Item 0250-490 of the Budget Act of 1983, for transfer to Item 0250-001-001, to be used for purchase of equipment, general expenses, and facilities operations, not to exceed $605,600.

Provisions:

1. The amount available for reappropriation shall be limited to the amount of one-time-only operating expenses for the Sixth District Court of Appeal not expended in the 1983–84 fiscal year.

0250-495—Reversions, Judicial. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the fund from which the appropriation was made:

001—General Fund

(1) Subdivision (a) of Section 2 of Chapter 158, Statutes of 1978—court interpreter study.

0390-001-001—For support, for transfer by the State Controller to the Judges' Retirement Fund, for Supreme Court and appellate court judges 846,000

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between Item 0390-001-001 and Item 0390-101-001.

0390-101-001—For local assistance, for transfer by the State Controller to the Judges' Retirement Fund for superior court and municipal court judges 9,547,000

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between Item 0390-001-001 and Item 0390-101-001.

0420-101-001—For local assistance, for state's share of salaries of judges of superior courts as provided by Section 68206 of the Government Code 38,817,000

Provisions:

1. Any funds which are unexpended due to vacancies in judgeships may be expended by the Judicial Council as follows:

Item Amount

(a) For extra compensation, expenses, and staff for judges assigned by the Chairperson of the Judicial Council, except that no funds shall be expended under this provision until the Judicial Council notifies the Controller that it has expended at least $525,000 for extra compensation, expenses, and staff for assigned judges from Item 0250-001-001.

(b) For expenses of judges assigned by the Chairperson of the Judicial Council, other necessary judicial officers and employees, and facilities in coordination proceedings under Code of Civil Procedure Section 404.8.

0440-101-001—For local assistance, for payment to counties for disbursement as a $60,000 block grant for each of the superior court judgeships created by statutes enacted since January 1, 1973 9,480,000

Provisions:

1. None of the funds appropriated by this item shall be disbursed as block grants for the 10 judgeships established by Chapter 1311, Statutes of 1974; the four judgeships established by Chapter 748, Statutes of 1981; one of the three judgeships established by Chapter 498, Statutes of 1982; the three judgeships established by Chapter 1574, Statutes of 1982; the three judgeships established by Chapter 1575, Statutes of 1982; and the judgeship established by Chapter 1576, Statutes of 1982.

0460-001-001—For support, for state's share of cost for membership in National Center for State Courts, Judicial Council of California 50,000

Executive

0500-001-001—For support of Governor and of Governor's office 4,760,000

Schedule:

(a) Support	4,645,000
(b) Governor's Residence (Support)	25,000
(c) Governor's Residence (Rental)	60,000
(d) Special Contingent Expenses	30,000

Provisions:

1. This appropriation is exempt from the provisions of Sections 925.6, 12410, and 13320 of the Government Code.

0510-001-001—For support of Secretary for State and Consumer Services 612,000

Item		Amount
Schedule:		
(a) Support	632,000	
(b) Reimbursements	−20,000	
0520-001-001—For support of Secretary for Business, Transportation, and Housing, Program 10		304,000
0520-001-044—For support of Secretary for Business, Transportation, and Housing, payable from the Motor Vehicle Account, State Transportation Fund		504,000
Schedule:		
(a) 10-Administration of Business, Transportation and Housing Agency	1,021,000	
(b) Reimbursements	−517,000	
Provisions:		
1. No funds appropriated by this item shall be expended by the agency after February 1, 1985, for borrowed exempt positions unless a bill is introduced by January 31, 1985, to statutorily establish all currently utilized exempt positions. No borrowed positions other than those borrowed by the agency on April 24, 1984, may be borrowed during the 1984–85 fiscal year.		
0530-001-001—For support of Secretary for Health and Welfare		9,281,267
Schedule:		
(a) Support	16,987,219	
(b) Reimbursements	−7,705,952	
Provisions:		
1. Funds shall not be expended for support of the Health and Welfare Agency until it satisfactorily complies with the following requirements which were set forth in the 1983 Budget Act:		
(a) Submittal to the Legislature of an action plan which shows what steps need to be taken, who is responsible for each one, a timetable, and funding that is necessary to implement a gatekeeper program.		
(b) Documentation that a waiver request for Title XIX of the Social Security Act has been submitted to the federal government. This provision does not apply to the Multipurpose Senior Services Program.		
0540-001-001—For support of Secretary for Resources		1,074,000
Schedule:		
(a) 10-Administration of Resources Agency	1,108,000	
(b) Reimbursements	−14,000	

Item		Amount
0540-001-140—For support of Secretary for Resources, Program 10—Administration of Resources Agency, payable from the California Environmental License Plate Fund		380,000
0550-001-001—For support of Secretary for Youth and Adult Correctional Agency, Program 10—Correctional Programs		645,000
0565-001-001—For support of the Commission on Industrial Innovation		200,000
0580-001-001—For support of Office of California/Mexico Affairs		224,000
Schedule:		
(a) 100000-Personal Services	149,000	
(b) 300000-Operating Expenses and Equipment	75,000	
0585-001-001—For transfer by the State Controller from the General Fund to the California State World Trade Commission Fund for support of the California State World Trade Commission		443,000
0585-001-981—For support of the California State World Trade Commission, payable from the California State World Trade Commission Fund		443,000
Schedule:		
(a) 100000-Personal Services	317,000	
(b) 300000-Operating Expenses and Equipment	126,000	
0650-001-001—For support of Office of Planning and Research		3,299,000
Schedule:		
(a) 11-State Planning and Policy Development	3,358,000	
(b) Reimbursements	−59,000	
Provisions:		
1. OPR shall provide staff support to and fund the minor, direct expenses of members of the California Commission on Industrial Innovation.		
0650-001-890—For support, Office of Planning and Research, Program 11, State Planning and Policy Development, payable from the Federal Trust Fund		500,000
Provisions:		
1. An amount equal to a maximum of 20 percent of Item 0650-101-890 may be transferred between Item 0650-101-890 and Item 0650-001-890 in order to adjust these appropriations to conform to the federal grant award.		

Item		Amount
0650-101-890—For local assistance, Office of Planning and Research, Program 11.35, California Energy Extension Service payable from the Federal Trust Fund		125,000
Provisions:		
1. An amount equal to a maximum of 20 percent of Item 0650-101-890 may be transferred between this item and Item 0650-001-890 in order to adjust these appropriations to conform to the federal grant award.		
0660-001-001—For support of Office of Economic Opportunity		80,000
(a) 100000-Personal Services	38,000	
(b) 300000-Operating Expenses and Equipment	42,000	
0660-001-890—For support of Office of Economic Opportunity, payable from the Federal Trust Fund		8,559,000
Schedule:		
(a) 100000-Personal Services	4,711,000	
(b) 300000-Operating Expenses and Equipment	3,848,000	
Provisions:		
1. On a federal fiscal year basis, the office shall make the following program allocations for the community services block grant, as a percentage of the total block grant:		
(a) Administration	5 percent	
(b) Discretionary funds	5 percent	
The office shall provide the State Controller with the dollar value of these allocation limits, as they relate to the appropriation in this item, at the beginning of the state fiscal year, and shall update this information whenever necessary to reflect federal revisions to the grant.		
2. Notwithstanding Section 16367.5(b) of the Government Code, the office may expend $4,528,000 of the LIHEAP block grant for state administrative costs, adjusted for any allocations made by the Department of Finance for employee compensation and price increases. Any other proposed increase to LIHEAP state administrative costs for the 1984–85 state fiscal year, even if based on a higher, revised grant level and within the 5 percent allowed by Section 16367.5(b), shall be approved pursuant to Section 28 of this act and in no event shall result in the office's state administrative costs for LIHEAP exceeding 7.5 percent of the total LI-		

Item Amount

HEAP grant.

3. The report required under Section 12783 of the Government Code from the Office of Economic Opportunity to the Legislature shall include, but not be limited to, for 1984–85, statistical and procedural information on the status of all applications filed with the Office of Economic Opportunity for the Low Income Home Energy Assistance Program's cash payment program including: (a) the timely distribution of direct payments to eligible applicants, (b) incomplete applications, (c) denied applications, (d) appealed applications, and (e) the issuance or reissuance of single-party warrants.

0660-011-890—For support of Office of Economic Opportunity, to be transferred to the Social Welfare Federal Fund, payable from the Federal Trust Fund ..... (8,583,000)

0660-101-890—For local assistance, Office of Economic Opportunity for assistance to individuals and payments to service providers, payable from the Federal Trust Fund 110,955,000

Schedule:

(a) 20-Energy Programs 83,154,000

(b) 40-Community Services 27,801,000

Provisions:

1. On a federal fiscal year basis, the office shall make the following program allocations for the community services block grant as a percentage of the total block grant:

(a) Migrant and seasonal farm workers ..... 10 percent

(b) Native American Indian programs 3.9 percent

(c) Rural areas without community action agencies ..... 2.1 percent

(d) Community action agencies ..... 74 percent

All grantees under the community services block grant program shall be subject to standard state contracting procedures required under the program.

2. The office shall provide the State Controller with the dollar value of these allocation limits, as they relate to the appropriation in this item, at the beginning of the state fiscal year, and shall update this information whenever necessary to reflect federal revisions to the grant.

Item Amount

3. In order to support any new community action agency (CAA), the OEO may transfer from the allocation for areas without CAAs a share of funds that is equal to the proportion of low-income individuals living in the new CAA area compared to the low-income population in all areas without a CAA.
4. The Legislature recognizes that action must be taken to mitigate the loss of funds to some CAAs that results from implementing the provisions of Chapter 4 of the 1983–84 First Extraordinary Session. Of the total funding adjustment planned by the OEO to establish CAA allocations based on the low-income population in each area, the OEO shall only adjust local allocations by ⅔ of the adjustment amount.

   In addition to the regular allocation made to CAAs in 1984–85, the following agencies shall receive additional support, as follows:

(a) Berkeley	$39,413
(b) Oakland	106,239
(c) ACAP	21,709
(d) Contra Costa	84,192
(e) Imperial	7,921
(f) Long Beach	55,331
(g) Foothill	41,549
(h) San Francisco	432,471
(i) San Joaquin	8,598
(j) Santa Clara	5,103
(k) Solano	29,474

5. Rural areas without CAAs shall receive additional support in the amount of $68,000.
6. The OEO shall create a fourth migrant farmworker district in 1984–85. The OEO shall submit a report outlining the plan for the fourth district to the Legislature 30 days before implementing the fourth district.
7. The OEO and representatives of Native American Indian agencies shall formally request an opinion from the Office of the Attorney General concerning whether a tribal government of an Indian reservation is, under federal law, eligible for direct community services block grant funding as a political subdivision of the state. The OEO shall provide direct community services block grant support to eligible Native American Indian agencies as quickly as possible.

Item Amount

8. Within the total amount of funds received by the Office of Economic Opportunity from the federal Department of Energy, $300,000, or less if limited by federal law, shall be used to develop an outreach and education program in weatherization and energy conservation.
9. If the OEO proposes to contract for services which are in the nature of economic development and job training or job creation, as part of the discretionary community service block grant funds, the OEO shall coordinate these efforts with the Employment Development Department, the Job Training Coordination Council, and the Department of Economic and Business Development. The coordination shall involve as a minimum the opportunity to review and comment by these entities on any RFPs or criteria by which respondents to these RFPs are evaluated.

The OEO shall, as part of its annual 1985 community service block grant report to the Legislature, prepare a statement documenting how this coordination took place for the allocation of funds in fiscal year 1984–85.

0660-111-890—For local assistance, Office of Economic Opportunity 2,810,000

Provisions:

1. Of the total appropriation, $2,000,000 shall be used for weatherization activities, contingent upon availability of federal Petroleum Violation Escrow Account Funds.
2. Of the total appropriation, $810,000 shall be used to educate low-income recipients of federal energy assistance regarding energy conservation practices, contingent upon availability of federal Petroleum Violation Escrow Account Funds.
3. It is the intent of the Legislature that if Petroleum Violation Escrow Account Funds become available, the programs described in Provisions 1 and 2 shall receive first priority for funding.

0690-001-001—For support of Office of Emergency Services, California Emergency Council and Advisory Committees 7,023,000

Schedule:

(a) 100000-Personal Services 2,665,000
(b) 300000-Operating Expenses and Equipment 4,622,000

Item		Amount
(c) 400000-Special Item of Expense, Depreciation and Amortization (Microwave)	1,000	
(d) Reimbursements	−265,000	

Provisions:

1. Funds appropriated by this item may be reduced by the Director of Finance, after giving notice to the Chairman of the Joint Legislative Budget Committee, by the amount of federal funds made available for the purposes of this item in excess of the federal funds scheduled in Item 0690-001-890.
2. The office shall charge tuition for all training offered through the California Training Institute.

0690-001-029—For support of Office of Emergency Services, California Emergency Council and Advisory Committee, payable from the Nuclear Planning Assessment Special Account		287,000
(a) 100000-Personal Services	175,000	
(b) 300000-Operating Expenses and Equipment	112,000	
0690-001-890—For support of Office of Emergency Services, California Emergency Council and Advisory Committee, payable from the Federal Trust Fund		3,359,000
(a) 100000-Personal Services	2,097,000	
(b) 300000-Operating Expenses and Equipment	1,262,000	

Provisions:

1. No funds, either state or federal, shall be expended by any state agency for developing or implementing "crisis relocation planning," or for any planning whose primary or exclusive purpose is to effect a mass evacuation of California's civilian population, in the event of the threat of a nuclear war.

   If, as a result of this section, the Federal Emergency Management Agency (FEMA) withholds other federal funds whose purposes are the support of California's emergency planning and preparedness for civilian and natural disasters, and if the court of original jurisdiction upholds the legality of such action by FEMA, then the implementation of this section shall be suspended until judicial appeals have been exhausted or Congress prohibits this action by FEMA.

Item		Amount
0690-101-001—For transfer by the Controller from the General Fund to the Public Facilities Account, Natural Disaster Assistance Fund, for local assistance, Office of Emergency Services		11,635,000

(h) Reimbursements	−20,990,000	

Item Amount

Provisions:

1. The Attorney General shall submit to the Legislature and the Governor the quarterly and annual reports which he or she submits to the federal government on the activities of the Medi-Cal Fraud Unit.
2. Notwithstanding any other provision of law, the Department of Justice may purchase vehicles of any type or class, which in the judgment of the Attorney General or his designee are necessary to the performance of the investigatory and enforcement responsibilities of the Department of Justice, from the funds appropriated for that purpose in this item.
3. Any funds received by the Department of Justice as reimbursements for legal services provided by the Civil Law Program in excess of $12,630,000, and by the Public Rights Program in excess of $1,933,000, plus amounts for employee compensation adjustments, shall revert to the unappropriated surplus of the General Fund unless the Director of Finance authorizes the expenditure of the reimbursements and notification of the additional expenditure authority is provided to the Legislature pursuant to Section 28.00.
4. $474,000 shall be repaid to the General Fund from the Narcotics Assistance and Relinquishment by Criminal Offender (NARCO) Fund upon determination by the Department of Finance that sufficient funds are available in the NARCO Fund, pursuant to Section 11493 of the Health and Safety Code.

0820-001-012—For support of Department of Justice, Public Rights, Program 45, payable from the Attorney General's Antitrust Account, General Fund .. 381,000

Item Amount

(j) Amount payable from nongovernmental cost funds, Retail Sales Tax Fund (Item 0840-001-988) ..... —132,000

Provisions:

1. The appropriation made by this item shall be in lieu of any allocation made pursuant to subdivision (b) of Section 30462 of the Revenue and Taxation Code during the 1984–85 fiscal year and no funds shall be allocated to the State Controller pursuant to Section 30462 during the 1984–85 fiscal year.
2. The funds appropriated in Schedule (c) are for refunding of payments of taxes, licenses, fees and other receipts which have been erroneously collected and deposited in the General Fund for the refund of which no other provision is made by law, for refunding of amounts withheld and deposited in a fund in the State Treasury to any person who is determined to be liable to a taxpayer by reason of withholding and transmitting payments of taxes, interest, and penalties for the refund of which no other provision is made by law, and for payment of prior judgments, liens or encumbrances pursuant to Section 12516 of the Government Code; provided further, that expenditures made under Schedule (c) of this item shall be charged to the year in which the warrant is issued by the State Controller.
3. The appropriation made by this item shall be in lieu of the appropriation in Section 1564 of the Code of Civil Procedure for all costs, expenses, or obligations connected with the administration of the Unclaimed Property Law, with the exception of payment of owners' or holders' claims pursuant to Section 1540, 1542, 1560, or 1561 of that code.
4. The Controller shall consolidate all inheritance and gift tax administration activities in the Sacramento office as of June 30, 1985.

0840-001-041—For support of State Controller, to be transferred to Item 0840-001-001, payable from the Aeronautics Account, State Transportation Fund.. 229,000

0840-001-061—For support of State Controller, to be transferred to Item 0840-001-001, payable from the Motor Vehicle Fuel Account, Transportation Tax Fund 2,051,000

0840-001-739—For support of State Controller, to be transferred to Item 0840-001-001, payable from the State School Building Aid Fund 304,000

Item		Amount
0840-001-890—For support of State Controller, to be transferred to Item 0840-001-001, payable from the Federal Trust Fund		1,100,000
0840-001-903—For support of State Controller, to be transferred to Item 0840-001-001, payable from the Assessment Fund		116,000
0840-001-988—For support of State Controller, to be transferred to Item 0840-001-001, payable from nongovernmental cost funds (Retail Sales Tax Fund)		132,000
0860-001-001—For support of State Board of Equalization		72,629,000
Schedule:		
(a) 100000-Personal Services	87,368,000	
(b) 300000-Operating Expenses and Equipment	22,650,000	
(c) Reimbursements	−30,394,000	
(d) Amount payable from the Energy Resources Programs Account General Fund (Item 0860-001-465)	−70,000	
(e) Amount payable from the State Emergency Telephone Number Special Account, General Fund (Item 0860-001-022)	−89,000	
(f) Amount payable from the Motor Vehicle Fuel Account, Transportation Tax Fund (Item 0860-001-061)	−3,812,000

(i) Amount payable from the Universal Telephone Service Fund (Item 0860-001-415)	−91,000	

Provisions:

1. The State Board of Equalization shall use the effectiveness criterion of net assessments per dollar of cost for the purpose of audit selection and resource allocation processes and in reporting accomplishments to the Legislature. The board may use other criteria in evaluating the effectiveness of other aspects of the audit program. The board shall select audits and allocate audit resources solely on the basis of incremental or marginal net assessments expected to be produced. Nothing in this proviso shall require

Item Amount

the board to individually rank each audit eligible account against all other eligible accounts or preclude the board from selecting audits for training purposes, or from allocating audit staff to verify claims for refund or to meet necessary management information needs.

2. The $1,170,000 appropriated from the Motor Vehicle License Fee Account, Transportation Tax Fund, shall be allocated as follows:
   (a) $1,060,000 for funding 50 percent of the direct cost of local property tax monitoring and assessment practices survey activities.
   (b) $110,000 for funding 50 percent of the direct cost of the Legal Entity Ownership Program.

   The Controller shall deduct the amount appropriated in Item 0860-001-064 from the amount allocated to cities and counties pursuant to Section 11005 of the Revenue and Taxation Code.
3. The Director of Finance shall reduce the amount appropriated by this item by the amount of total charges levied pursuant to Section 7204.3 of the Revenue and Taxation Code which exceeds $21,238,000 and the amount of total charges levied pursuant to Section 7273 of the Revenue and Taxation Code which exceeds $8,461,000.

Schedule:	
(a) 30-Contractors' State License Board 15,856,000	
(b) Reimbursements ..... −43,000	

Provisions:

1. No funds appropriated by this item may be expended for any services of the Attorney General which are in excess of the amounts budgeted therefor sooner than 30 days after written notification by the Department of Finance to the Chairperson of the Joint Legislative Budget Committee.
2. In expending funds appropriated pursuant to this item, the board shall give first priority to completing complaint mediation and investigation of all consumer complaints and complaints from industry sources. The board shall give second priority to investigation of applications at the level of 3 percent of all applications received by the board.

   No other complaints and investigations shall be processed if either of the following exists:

   (a) Consumer complaints are not mediated or investigated within a median time of 90 days of receipt by the board.
   (b) Application investigations are not completed within 90 days of receipt by the board.
3. The board shall report quarterly to the Joint Legislative Budget Committee all of the following:

   (a) The number of consumer complaints and application investigations.
   (b) The median time expended by the board in closing consumer complaints.
   (c) The number of application investigations

Item Amount

that exceed 90 days.

(d) If other complaints have been mediated or investigated during the quarter and consumer complaints or application investigations are not being completed within 90 days, the board shall report the type and number of those cases, as well as the reasons for their priority treatment.

4. For purposes of Provisions 2 and 3:

(a) "Consumer complaint" means a complaint which is directly received from the public.

(b) "Completed mediation" means a complaint that is closed, or referred to formal investigation, by a consumer services representative.

(c) "Completed investigation" means a complaint that has been investigated by a deputy registrar and is closed or awaiting formal disciplinary action.

5. (a) The board shall contract with the Department of Finance for the performance of a comprehensive management study of the board. The Department of Finance shall utilize a private consultant to perform the study. A total of $217,000 is provided in this item for this study. The report of the consultant, including recommendations, shall be provided to the Department of Finance and the board by November 30, 1984. The board shall transmit the report and any proposed plans for implementation of recommendations to the Department of Finance, the Joint Legislative Budget Committee, and the fiscal committee in each house by December 15, 1984.

(b) The board, in conjunction with the Department of Consumer Affairs, shall continue to develop workload standards. The board and the Department of Consumer Affairs shall confer with the consultant conducting the management study and shall make available all data collected to the consultant. The management consultant shall review the current standards and those under development. The consultant shall include in the management study recommendations on whether the board should adopt performance standards for individual employees or

Item		Amount
adopt organizational productivity goals which individual employees would not be required to meet.

Item Amount

Provisions:

1. The division shall notify the fiscal committees of the Legislature and the Joint Legislative Budget Committee on a quarterly basis of all contracts which have been executed for the development of consumer information publications. This information shall include (a) a description of the publication, (b) anticipated distribution and audience targeted for the publication, (c) anticipated public benefit to be achieved by the publication, and (d) the cost of the contract and the cost of publications.
2. In expending funds appropriated pursuant to this item, the division shall not engage in activities whose primary beneficiary is a constituent agency of the department.
3. The division shall report the following to the fiscal committees and the Joint Legislative Budget Committee on a quarterly basis:
   (a) The number of bills tracked by the legislative unit.
   (b) The number of bills on which the department has taken a position.
   (c) A list of the division-sponsored bills proposed and approved.
   (d) The number and type of publications for which the division has received requests.
   (e) The number and type of publications printed and reprinted.
   (f) The number of appearances by department staff at legislative and administrative hearings.
   (g) The number and type of legal actions performed by the legal services unit.

1640-086-702—For support of Division of Consumer Services, Department of Consumer Affairs, Program 93, payable from the Consumer Affairs Fund 612,000

1650-088-001—For support of Consumer Advisory Council, Department of Consumer Affairs, Program 92 87,000

1655-090-702—For support of Department of Consumer Affairs, payable from the Consumer Affairs Fund 1,362,000

Schedule:

(a)	94.01.010-Division of Administration	7,219,000
(b)	94.01.020-Division of Investigation	3,268,000
(c)	94.01.030-Building Maintenance and Operation	1,362,000
(d)	94.02-Distributed Administration	−10,262,000

Item Amount

(e) Reimbursements ..... —225,000

Provisions:

1. No augmentation of, or reduction to, the amount of funds allocated in this item for the Division of Investigation shall be made for the purpose of transferring investigative functions or positions to or from boards, bureaus, and commissions within the department prior to the submission of a comprehensive proposal on the location and management of investigations and inspections within the department. This proposal is to be submitted to the Legislature by December 1, 1984. Any transfer of investigative positions or functions shall also be subject to the requirements of Section 28.00. These restrictions shall not apply to the transfer of positions to the Structural Pest Control Board as authorized in this act.

1655-092-494—For allocation by executive order of the Department of Finance, from the special funds of the boards, bureaus, committees and commissions of the Department of Consumer Affairs, for pro rata charges for word processing equipment 105,000

1655-301-702—For capital outlay, Department of Consumer Affairs, payable from the Consumer Affairs Fund 377,000

Schedule:

(1) Sacramento-preliminary plans, working drawings and construct modifications to air conditioning system..... 377,000

Provisions:

1. All funds provided by this item shall revert to the Consumer Affairs Fund if construction contracts for modifications to the headquarters building air conditioning system have not been signed by January 1, 1985.

1700-001-001—For support of Department of Fair Employment and Housing..... 8,855,000

Schedule:

(a) 50-Administration of Civil Rights Law 9,025,000

(d) Reimbursements ..... —170,000

Item	Amount
Provisions:	
1. The department shall not enter into any contract with the federal government for processing more than 6,000 federal cases, unless the federal government reimburses the department for the full costs of processing every case in excess of 6,000.	
2. The department shall not enter into any contract with the federal government to require the department to resolve any specific number of cases through settlement procedures.	
3. Of the funds appropriated by this item, $200,000 shall be used exclusively for the processing of complaints relating to unlawful discrimination against families with children.	
1700-001-890—For support of Department of Fair Employment and Housing, payable from the Federal Trust Fund	2,079,000
Schedule:	
50-Administration of Civil Rights Laws 2,079,000	
1700-011-001—For expenditure by the Department of Fair Employment and Housing for the sole purpose of repaying a loan made to the department during the 1980–81 fiscal year from the Emergency Fund (Item 491 Budget Act of 1980), the sum of $560,000 is hereby appropriated	($560,000)
1705-001-001—For support of the Fair Employment and Housing Commission	640,000
(a) 100000-Personal Services 539,000	
(b) 300000-Operating Expenses and Equipment 101,000	
1710-001-001—For support of State Fire Marshal	3,706,000
Schedule:	
(a) 100000-Personal Services 5,139,000	
(b) 300000-Operating Expenses and Equipment 2,529,000	
(c) Reimbursements −2,374,000

(e) Amount payable from the Hazardous Liquid Pipeline Safety Fund (Item 1710-001-209) −800,000	
(f) Amount payable from the California Fireworks Licensing Fund (Item 1710-001-199) −423,000	
1710-001-198—For support of the State Fire Marshal, payable from the California Fire Services Training and Education Fund	365,000

Item		Amount
1710-001-199—For support of the State Fire Marshal, payable from the California Fireworks Licensing Fund		423,000
1710-001-209—For support of the State Fire Marshal, payable from the Hazardous Liquid Pipeline Safety Fund		800,000
1730-001-001—For support of Franchise Tax Board		98,640,000
Schedule:		
(a) 100000-Personal Services	78,253,000	
(b) 300000-Operating Expenses and Equipment	22,818,000	
(c) Reimbursements	−2,361,000	
(d) Amount payable from the California Election Campaign Fund (Item 1730-001-905)	−18,000	
(e) Amount payable from the State Children's Trust Fund (Item 1730-001-803)	−13,000	
(f) Amount payable from the Rare Fish, Wildlife, and Plant Species Conservation and Enhancement Account, Fish and Game Preservation Fund (Item 1730-001-201)	−13,000	
(g) Amount payable from the U.S. Olympic Committee Fund (Item 1730-001-800)	−13,000	
(h) Amount payable from the California Seniors Fund (Item 1730-001-983)	−13,000	

Provisions:

1. The Franchise Tax Board shall use the effectiveness criterion of net assessments per dollar cost in its audit selection and resource allocation processes and in reporting accomplishments to the Legislature. The board may use other criteria in evaluating the effectiveness of other aspects of the audit program. The board shall select audits and allocate audit resources solely on the basis of the incremental or marginal net assessments expected to be produced. Nothing in this proviso shall require the board to individually rank each return or preclude the board from conducting sample or discovery audits to the extent necessary.

1730-001-201—For support of Franchise Tax Board, to be transferred to Item 1730-001-001, payable from the Rare Fish, Wildlife, and Plant Species Conservation and Enhancement Account, Fish and Game Preservation Fund	13,000

Item	Amount
1730-001-800—For support of Franchise Tax Board, to be transferred to Item 1730-001-001, payable from the U.S. Olympic Committee Fund	13,000
1730-001-803—For support of Franchise Tax Board, to be transferred to Item 1730-001-001, payable from the State Children's Trust Fund	13,000
1730-001-905—For support of Franchise Tax Board, to be transferred to Item 1730-001-001, payable from the California Election Campaign Fund	18,000
1730-001-983—For support of Franchise Tax Board, to be transferred to Item 1730-001-001, payable from the California Seniors Fund	13,000
1760-001-001—For support of the Department of General Services to be transferred to Item 1760-001-666	7,389,000

Provisions:

1. In addition to the funds available in this item, any amounts received from the sale of the Governor's Budget and related publications funded from this item are available for expenditure.
2. Of the amount appropriated in this item, $323,000 shall not be expended until the Department of Finance notifies the Controller that these funds are necessary in order to provide additional residential security for the Governor.
3. Up to $1,000,000 of the amount appropriated in this item shall be available for security improvements in the State Capitol complex. Notwithstanding Section 6.00, these funds may be used for alterations, support costs, or capital outlay purposes with the written approval of the Director of Finance and the approval of the Joint Rules Committee evidenced by a resolution of the committee.

1760-001-002—For support of the Department of General Services, for activities other than the Office of State Printing, payable from the Property Acquisition Law Account, General Fund	640,000
1760-001-003—For support of Department of General Services for activities other than the Office of State Printing, payable from Motor Vehicle Parking Facilities Moneys Account, General Fund	2,125,000
1760-001-006—For support of Department of General Services for activities other than the Office of State Printing, payable from the Access for Handicapped Account, General Fund	331,000

Item	Amount
1760-001-022—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from State Emergency Telephone Number Account, General Fund	730,000
1760-001-026—For support of the Department of General Services for activities other than the Office of State Printing, payable from the State Motor Vehicle Insurance Account, General Fund	6,124,000
1760-001-120—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from School Building Program Account, Architecture Public Building Fund	997,000
1760-001-122—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from Hospital Plan Checking Account, Architecture Public Building Fund	2,972,000
1760-001-344—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the State School Building Lease Purchase Fund	1,400,000
1760-001-450—For support of Department of General Services for activities other than the Office of State Printing, payable from the Seismic Gas Valve Certification Fund	69,000
1760-001-465—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the Energy Resources Programs Account, General Fund	1,053,000
1760-001-494—For augmentation for the state's contribution for the cost of insurance benefits for employees designated as managers by the Department of Personnel Administration	124,000

Provisions:

1. The funds herein appropriated are to be allocated by the Department of Finance to the several offices, departments, boards, bureaus, commissions and other state agencies in augmentation of their respective appropriations for support or for other purposes, in such amount as will make available for each designated manager in the state service, whose compensation, or portion thereof, is chargeable to special funds, to receive any life insurance benefit provided pursuant to

Item Amount

Government Code Section 19849.11.

1760-001-602—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the Architecture Revolving Fund.... 9,935,000

Provisions:

1. The appropriation from the Architecture Revolving Fund Item 1760-001-602 is for expenditure by the Office of State Architect for the purposes specified in Section 14957 of the Government Code.
2. Any balances in the Architecture Revolving Fund continue to be appropriated by and subject to Section 14957 of the Government Code, and are available for construction and for augmentation of this appropriation. During the 1984–85 fiscal year the Office of State Architect, Department of General Services, shall maintain expenditures for staff to a level commensurate with the funds necessary to maintain a staff sufficient to perform a basic architectural and engineering services workload volume of $52,700,000, as projected to June 30, 1985.
3. Within 60 days of the enactment of this act, notice shall be given to the Joint Legislative Budget Committee of the revisions necessary to the budget of the Department of General Services funded from the Architecture Revolving Fund to reflect the changes made to capital outlay project funding by the Legislature. The Director of Finance shall, pursuant to Section 28 of this act, revise the appropriations contained in this item to coincide with the revisions reported by the department.

1760-001-666—For support of Department of General Services, payable from the Service Revolving Fund 235,608,000

Schedule:

(a)	100000-Personal Services	126,818,000
(b)	300000-Operating Expenses and Equipment	176,197,000
(c)	Amount payable from the General Fund (Item 1760-001-001)	−7,389,000
(d)	Amount payable from the State Emergency Telephone Number Account, General Fund (Item 1760-001-022)	−730,000

Item	Amount
(e) Amount payable from the School Building Program Account, Architecture Public Building Fund (Item 1760-001-120)	−997,000
(e.1) Amount payable from the Hospital Plan Checking Account, Architecture Public Building Fund (Item 1760-001-122)	−2,972,000
(f) Amount payable from the Energy Resources Programs Account, General Fund (Item 1760-001-465)	−1,053,000
(g) Amount payable from the Architecture Revolving Fund (Item 1760-001-602)	−9,935,000
(h) Amount payable from the Surplus Personal Property Revolving Fund (Item 1760-001-688)	−2,491,000
(i) Amount payable from the State School Building Aid Fund (Item 1760-001-739)	−742,000
(j) Amount payable from the Federal Trust Fund (Item 1760-001-890)	−100,000
(k) Amount payable from the State School Deferred Maintenance Fund (Item 1760-001-961)	−318,000
(*l*) Amount payable from the State School Lease Purchase Fund (Item 1760-001-344)	−1,400,000
(m) Distributed services	−40,154,000
(n) Amount payable from the General Fund (Item 1760-031-001)	−126,000
(o) Unallocated	1,000,000

Provisions:

1. From any balance in the Service Revolving Fund, the Director of General Services, with the approval of the Director of Finance, may expend funds in excess of the amount appropriated in this item for the purchase of office copier machines. Any such amounts authorized by the Director of Finance for the purchase of officer copier machines are hereby appropriated from the Service Revolving Fund as a loan to be repaid upon such terms and conditions as prescribed by the Director of Finance.
2. Temporary help and overtime authorizations for the Structural Safety Section shall not be transferred to any other section of the Office of the State Architect, or to any other division of the Department of General Services.

Item Amount

3. No more than $36,711,000 appropriated in this item may be expended for support of the Office of State Printing.
4. Purchase of any equipment for the Office of State Printing, except as provided for in this item, is subject to Section 28 of this act.
5. Any surplus resulting from legislative printing shall be shown as reimbursements to Item 0130-021-001 of this act.
6. The amount appropriated under this item from the Service Revolving Fund shall include transfer of sufficient funds to the Access for Handicapped Account of the General Fund to eliminate the deficit in the account existing on July 1, 1984, as determined by the Department of Finance. No later than December 1, 1984, the Director of Finance shall advise the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee in each house of the amount transferred to the account.
7. The Department of General Services, Office of State Architect, shall establish the filing fee for the Office of the State Architect Handicapped Plan Checking activity at a rate which reflects the cost to review individual projects for compliance with handicapped access regulations. No later than December 1, 1984, the Department of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committee in each house on the filing fee collected and costs incurred for each project which has been reviewed by the Office of State Architect since imposition of the new filing fee rate schedule.
8. None of the funds appropriated in this item may be expended to operate the gasification plant in Sacramento unless the Department of General Services determines that it is economical to do so. The Department of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house on a quarterly basis beginning October 1, 1984, on the status of the gasification plant and the department's determination of any savings achieved by operation of the gasification plant.

Item Amount

9. The budget for the 1985–86 fiscal year for two program elements of this budget item shall be prepared using a zero-base budget technique. The Department of Finance and the Department of General Services shall select the two program elements.

10. Of the amount appropriated in category (b), $100,000 is available as needed exclusively for funding a management study of the Office of Procurement. The Department of General Services shall prepare a Request for Proposal (RFP) for a thorough management study of the administration of the Office of Procurement. The RFP shall be reviewed and approved by Department of Finance, the Joint Legislative Budget Committee, and the legislative fiscal committees. The study shall include, but need not be limited to, an analysis of, and recommendations for, improving the effectiveness and efficiency of the following aspects of the office's administration and operation:

(a) Management:
  (1) Function.
  (2) Commitment authority.
  (3) Procedures for making and implementing decisions.

(b) Staffing:
  (1) Total personnel years.
  (2) Position levels.
  (3) Function.

(c) Data Processing:
  (1) Data Systems.
  (2) Bid sourcing.
  (3) Purchase order tracking.

The Department of General Services shall include in the specifications of the RFP that the contractor shall submit a preliminary report to the Department of Finance, the Department of General Services, the Joint Legislative Budget Committee, and the legislative fiscal committees by December 31, 1984, and a final report to the Department of General Services, the Department of Finance, the Joint Legislative Budget Committee, and the legislative fiscal committees by January 31, 1985.

Item	Amount
1760-001-688—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the Surplus Personal Property Revolving Fund	2,491,000
1760-001-739—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the State School Building Aid Fund	742,000
1760-001-890—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the Federal Trust Fund	100,000
1760-001-961—For support of Department of General Services for activities other than the Office of State Printing, to be transferred to Item 1760-001-666, payable from the State School Deferred Maintenance Fund	318,000
1760-001-988—For augmentation for the state's contribution for the cost of insurance benefits for employees designated as managers by the Department of Personnel Administration	104,000

Provisions:

1. The funds herein appropriated are to be allocated by the Department of Finance to the several offices, departments, boards, bureaus, commissions and other state agencies in augmentation of their respective appropriations for support or for other purposes, in such amount as will make available for each designated manager in the state service, whose compensation, or portion thereof, is chargeable to nongovernmental cost funds, to receive any life insurance benefit provided pursuant to Government Code Section 19849.11.

1760-011-666—For augmentation of the Service Revolving Fund, to be transferred by the State Controller in such amounts and at such times as funds are made available. Upon approval of the State Board of Control, the State Controller shall transfer to this item from any appropriation made from the General Fund, or any special fund, by the provisions of this act that part of such appropriation which is intended to be used and is available, for the purchase or replacement of automobiles and reproduction equipment, and provided, any funds in the Service Revolving Fund may be used to purchase equipment from the General Fund or special funds

Item		Amount
of the State at the depreciated value at the time of purchase payable at the option of the Service Revolving Fund over the remaining depreciation period.		
1760-021-001—For augmentation for the state's contribution for the cost of insurance benefits for employees designated as managers by the Department of Personnel Administration		214,000
Provisions:		
1. The funds herein appropriated are to be allocated by the Department of Finance to the several offices, departments, boards, bureaus, commissions and other state agencies in augmentation of their respective appropriations for support or for other purposes, in such amount as will make available for each designated manager in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, to receive any life insurance benefit provided pursuant to Government Code Section 19849.11.

(10) Sacramento-preliminary plans for Site 5	525,000
(11) Statewide elevator modifications —construct seismic safety modifications	897,000

Provisions:

1. Notwithstanding the provisions of Section 2.00 of this act, the funds appropriated in category (2) of this item shall be available for expenditure during the 1984–85 and 1985–86 fiscal years.
2. Any savings which remain following completion of any individual project in category (3) may be transferred to any other project in category (3) where additional funds are required to complete the project.
3. No part of the funds allocated in this item may be used for the planning or construction of a parking garage on the blocks bound by 14th, 15th, "N" and "O" streets or 15th, 16th, "L" and "N" streets in Sacramento.
4. The operation of the garage funded under category (7) of this item shall be under the direct control of the Legislature.

1760-311-036—For capital outlay, Department of General Services, replacement of PCB-contaminated equipment, payable from the Special Account for Capital Outlay 2,333,000

Provisions:

1. The funds in this item shall be available for expenditure only to comply with final regulations adopted by the Environmental Protection Agency concerning PCB items located in mechanical equipment/switch-gear rooms.

1760-321-036—For capital outlay, Department of General Services, payable from the Special Account for Capital Outlay 580,000

Item Amount

Schedule:

(2) Statewide—Replacement and repair leaking PCB fluids 480,000

(3) Statewide—On-site PCB storage facilities 100,000

Provisions:

1. The funds in category (2) shall not be available for expenditure until the Department of General Services reports to the Legislature on how the disposal of PCB items under this item will be coordinated with other PCB disposal activities planned by the department.

1760-490—Reappropriation, Department of General Services. Notwithstanding any other provisions of law, the unencumbered balances, on the effective date of this act, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in the appropriations, and shall be available for expenditure until June 30, 1985:

036—Special Account for Capital Outlay

(1) Item 1760-311-036, Budget Act of 1983—Replacement of PCB-contaminated equipment.

Provisions:

1. The funds reappropriated under this item shall not be available for expenditure until the Department of General Services submits a report to the Legislature describing the reasons for delays in this project.

1880-001-001—For support of State Personnel Board.... 21,722,000

Schedule:

(a) 10-Merit System Administration .. 21,729,000

(b) 20-Appeals 2,167,000

(c) 40-Local Government Services 1,217,000

(d) 50.01-Administrative Services..... 3,879,000

(e) 50.02-Distributed Administrative Services ..... −3,765,000

(f) Reimbursements..... −3,505,000

Provisions:

1. None of the funds specified in Program 10 for the jobs program, exclusive of COD participants who are clients of the Department of Rehabilitation, shall be used for defraying the payroll cost of a participant unless the employer of the participant pays at least 20 percent of such payroll cost.

Item Amount

2. To maximize the use of federal funds in the state, the State Personnel Board shall enter into an agreement with the Department of Rehabilitation for transfer of $1,687,000 of the funds appropriated in category (a), which the department shall use to match available Rehabilitation "110" federal funds; provided further, that the interagency agreement shall require the Department of Rehabilitation to purchase on-the-job training services from the State Personnel Board in the amount of $1,687,000, to be paid from these matched funds, and to provide the State Personnel Board $345,000 of these matched funds to support administrative activities and related costs in the board's disabled unit.
3. Salary increases for trainees in the career opportunities development program shall be equivalent to such increases granted state civil service employees of similar classifications within the same bargaining unit for the 1984–85 fiscal year.
4. The State Personnel Board may receive unbudgeted reimbursements from state agencies pursuant to interagency agreements for the provision of additional personnel services only upon approval of the Director of Finance and notification to the Legislature pursuant to the provisions of Section 28, except for reimbursements for which funding originates from nonstate sources.

1880-001-677—For support of State Personnel Board, Program 40-Local Government Services, payable from the Cooperative Personnel Services Revolving Fund 1,151,000

Provisions:	
1. The appropriation made by this item is for support of the Board of Administration pursuant to Section 22840 of the Government Code.	
1900-001-962—For support of Board of Administration of the Public Employees' Retirement System, Program 10-Retirement, payable from the Volunteer Firefighters Length of Service Award System Fund	63,000
1920-001-835—For support of State Teachers' Retirement System, payable from the State Teachers' Retirement Fund	12,595,000

Item		Amount
Schedule:		
(a) 100000-Personal Services	8,375,000	
(b) 300000-Operating Expenses and Equipment	4,637,000	
(c) Reimbursements	−258,000	
(d) Amount payable from the Teacher Tax Sheltered Annuity Fund (Item 1920-001-963)	−62,000	
(e) Amount payable from the Retirees' Purchasing Power Protection Account in the State Teachers' Retirement Fund pursuant to Section 24701 of the Education Code	−97,000	
Provisions:		
1. The amount budgeted for reimbursements shall be reviewed during March 1985 by the Department of Finance, based on actual reimbursements received by the State Teachers' Retirement System through the end of February 1985, and shall be adjusted by the Department of Finance for such actual experience, to the extent that the annualized amount based on actual reimbursements exceed the budgeted amount, with a corresponding reduction in the appropriation from the State Teachers' Retirement Fund.		
1920-001-963—For support of State Teachers' Retirement System, to be transferred to Item 1920-001-835 payable from the Teacher Tax Sheltered Annuity Fund		62,000
Provisions:		
1. This appropriation is for costs incurred in operating the tax-sheltered annuity program pursuant to Section 22231 of the Education Code.		
1960-001-001—For support of Department of Veterans Affairs		2,140,000
Schedule:		
(a) 100000-Personal Services	2,265,000	
(b) 300000-Operating Expenses and Equipment	391,000	
(c) Educational Assistance to Veterans' Dependents	459,000	
(d) Amounts payable from the Veterans' Farm and Home Building Fund of 1943 (Item 1960-001-592)	−813,000	
(e) Reimbursements	−124,000	

Item	Amount
(f) Amounts payable from the California National Guard Farm and Home Building Fund of 1978.....	−38,000

Provisions:

1. Expenditures pursuant to Schedule (c) are for educational assistance to veterans' dependents, Department of Veterans Affairs, to be expended under the provisions of Sections 890 through 899 of the Military and Veterans Code provided, that no funds appropriated by this item, except as specified, may be expended to provide financial assistance for the education of dependents of non-California veterans killed or totally disabled as a result of active military service and of non-California servicemen currently missing in action.
2. This restriction shall not apply to dependents receiving such financial assistance in, or prior to, fiscal year 1978–79. Provided further, that "non-California veteran" means persons not meeting the requirements of Section 980 of the Military and Veterans Code.
3. No funds shall be expended for educational assistance program grants to persons whose family incomes exceed the following limits:
   (a) $25,000 for three or fewer family members.
   (b) $27,000 for four family members.
   (c) $29,000 for five family members.
   (d) $31,000 for six or more family members.
   (e) $33,000 for three or more family members, if at least two members are attending college.

   As used in this provision, the term "family member" shall include only the dependent applicant; the parents, either natural or adoptive, of the dependent applicant; the dependent brothers and sisters, either natural or adoptive, of the dependent applicant; the spouse of the dependent applicant, if married; and any other persons who are dependent upon the family income for more than 50 percent of their support. The term "family income" shall include only the income of the dependent applicant; the parents, either natural or adoptive, of the dependent applicant; and, if married, the spouse of the dependent applicant; and shall mean "adjusted gross income" as that term is defined in Section 17072 of the Revenue and Taxation Code.

Item Amount

4. If AB 3443 of the 1983–84 Regular Session, relating to Agent Orange, is enacted, then $50,000 of this item shall be redirected, without adversely affecting other programs, to be used exclusively for purposes specified in Section 698 of the Military and Veterans Code regarding services to Vietnam veterans and others who may have been exposed to toxic herbicides while serving in Vietnam.

1960-001-592—For support of Department of Veterans' Affairs to be transferred to Item 1960-001-001 payable from the Veterans' Farm and Home Building Fund of 1943 813,000

1960-101-001—For local assistance, Department of Veterans Affairs, for contribution to counties toward compensation and expenses of county service officers, to be expended in accordance with Section 972 of the Military and Veterans Code 1,000,000

1970-011-001—For support of Veterans' Home of California 17,934,000

Schedule:

(a) 30-Care of Sick and Disabled Veterans 21,753,000

(b) Reimbursements ..... −3,819,000

Provisions:

1. This appropriation shall be reduced by the amount of any federal funds received in excess of $11,126,000 appropriated by Item 1970-011-890 in a manner prescribed by the Department of Finance, unless expenditure of these funds is authorized by the Department of Finance. This authorization shall not become effective sooner than 30 days after notification, in writing, of the Joint Legislative Budget Committee or a lesser time, which the chairman of the committee or his or her designee may, in each instance, each instance, determine.
2. Notwithstanding provision 1, this appropriation shall be reduced by any funds up to $720,000 received pursuant to accelerated billing following implementation of the automated financial information system in a manner prescribed by the Department of Finance.
3. Any reduction to this appropriation as a result of the receipt of additional federal funds pursuant to provision 1 or 2 above shall be allocated on the basis of 85 percent General Fund and 15 percent reimbursement.

Item	Amount
1970-011-890—For support of Veterans' Home of California, Program 30, payable from the Federal Trust Fund	11,126,000

Provisions:

1. Any reimbursements of federal funds received by the Veterans' Home of California in excess of the amounts set forth in this item shall revert to the unappropriated surplus of the General Fund in a manner prescribed by the Department of Finance, unless expenditure of such funds is authorized by the Department of Finance. Such authorization shall not become effective sooner than 30 days after notification in writing of the Joint Legislative Budget Committee or such lesser time as the committee or its designee may, in each instance, determine.

1970-301-036—For capital outlay, Veterans' Home of California, Department of Veterans Affairs payable from the Special Account for Capital Outlay	3,967,000

Schedule:

(1) 80.90-Minor Projects	438,000
(2) 80.20.010-Construct Hospital Addition-Acute Care Facility	2,617,000
(3) 80.20.020-Preliminary plans and working drawings for air conditioning in the Hospital Addition-Acute Care Facility	58,000
(4) 80.30.010-Preliminary plans and working drawings to remodel Section A (Domiciliary)	188,000
(5) 80.30.030-Preliminary plans and working drawings to remodel Section C (Domiciliary)	185,000

(7) 80.30.060-Preliminary plans to correct code deficiencies in Section F	84,000
(8) 80.40.030-Preliminary plans, working drawings and construction to redesign and install storm drainage system	324,000

Provisions:

1. The funds in category (3) shall not be expended unless the department has notified the Department of Finance that the Third Party Cogeneration Project will not provide a cooling system for the Hospital Addition-Acute Care Facility provided in Category 2.

Item Amount

2. No contract for construction of any project related to the Department of Veterans Affairs' master plan shall be entered into prior to the department obtaining a written commitment from the federal government to fund either 65 percent of the project cost as approved by the federal government or the maximum amount available to the State.
3. The funds in category (2) for construction of the Hospital Addition, Acute Care Facility, shall revert to the unappropriated balance in the Special Account for Capital Outlay if the federal government does not provide the maximum amount of federal funds available to the State for this project.
4. The funds for working drawings in categories (4), (5), and (6) shall not be allocated sooner than 30 days after the Department of Veterans Affairs has submitted completed preliminary plans to the chairperson of the fiscal committee of each house and the Chairperson of the Joint Legislative Budget Committee.

1970-301-890—For capital outlay, Veterans' Home of California, Department of Veterans Affairs payable from the Federal Trust Fund 6,185,000

Schedule:

2120-001-117—For support of Alcoholic Beverage Control Appeals Board, Program 10, payable from the Alcoholic Beverage Control Appeals Fund 225,000

Provisions:

1. The $21,600 provided in this item for board members shall not be used to pay claims for days worked by members after the effective date of any law which provides salaries for board members.

Item		Amount
2120-011-117—For support of Alcoholic Beverage Control Appeals Board, to be transferred to the General Fund for repayment of the loan, and interest thereon, made by Item 2120-001-001, Budget Act of 1982, payable from the Alcoholic Beverage Control Appeals Fund		90,000
2140-001-136—For support of State Banking Department, payable from the State Banking Fund		7,768,000
Schedule:		
(a) 100000-Personal Services	6,229,000	
(b) 300000-Operating Expenses and Equipment	1,700,000	
(c) Reimbursements	−100,000	
(d) Amount payable from the Local Agency Deposit Security Fund (Item 2140-001-240)	−61,000	
2140-001-240—For support of State Banking Department, payable from the Local Agency Deposit Security Fund		61,000
2180-001-001—For support of Department of Corporations		7,626,000
Schedule:		
(a) 100000-Personal Services	11,967,000	
(b) 300000-Operating Expenses and Equipment	2,779,000	
(c) Reimbursements	−7,120,000	

Provisions:

1. Notwithstanding the provisions of Section 1382 of the Health and Safety Code, any payments received pursuant to that section shall be credited to this item as reimbursements and are hereby appropriated for the purposes of this item.
2. The department shall submit a report to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the fiscal committees of the Legislature, and the Director of Finance by December 1, 1984, evaluating the cost-effectiveness of the department's proposed computer-assisted legal research system. Based on the results of the report, one attorney position shall be limited-term and shall be deleted on December 31, 1984, unless the department can justify retaining the position for the last half of the 1984–85 fiscal year.
3. The department shall follow the proposed staffing plan for its Lender Fiduciary Program in the 1984–85 fiscal year, as outlined in the Governor's Budget.

Item Amount

4. The department shall schedule the Program 30 —Health Care Service Plan Program in the following manner:

Health Care Service Plan Program		1,759,000
(a) Licensing element	868,000	
(b) Financial element	377,000	
(c) Medical element ..	207,000	
(d) Enforcement element	307,000	

5. The budget for the Health Care Service Plan Program in the 1985–86 fiscal year shall be prepared using a zero-based budgeting approach. A report using a zero-based budgeting approach shall be submitted to the chairpersons of the fiscal committees of the Legislature and the Chairperson of the Joint Legislative Budget Committee by December 1, 1984.

6. (a) On or before September 1, 1984, the department shall revise the medical survey procedures to provide in-depth, on-site surveys, which shall include a review of patient records in a manner which shall ensure confidentiality.

   (b) On or before September 1, 1984, the department shall develop a timetable of its plans to reduce the backlog of surveys in order to meet the statutory requirement of conducting surveys every 5 years.

   (c) The department shall provide quarterly reports to the Joint Legislative Budget Committee on the surveys conducted in the previous quarter. These reports shall compare the amount of actual work completed to the amount of work required in the timetable developed pursuant to subdivision (b).

   (d) The Governor may impose sanctions, including but not limited to, withholding the salary of the director of the department for any month in which the reporting and survey requirements are not met, for failure to meet the reporting and survey requirements.

2200-001-001—For support of Department of Economic and Business Development.....		12,834,000
Schedule:		
(a) 10-Business and Industrial Development	2,493,000

2240-101-942—For local assistance, Department of Housing and Community Development, Program 20—Community Affairs, payable from the Special Deposit Fund	800,000

Item		Amount
2240-101-980—For local assistance, Department of Housing and Community Development, Program 20—Community Affairs, payable from the Urban Housing Development Loan Fund		2,625,000
2270-001-457—For support of California Mortgage Bond Allocation Committee, payable from the Mortgage Bond Allocation Fee Account, General Fund		15,000
2290-001-217—For support of Department of Insurance, payable from the Insurance Fund		17,913,000
Schedule:		
(a) 10-Regulation of Insurance Companies and Insurance Producers	16,934,000	
(b) 20-Fraud Control	831,000	
(c) 30-Tax Collection and Audit	148,000	
(d) 40.01-Administration	4,002,000	
(e) 40.02-Distributed Administration	−4,002,000	
Provisions:		
1. Pursuant to paragraph (3) of subdivision (a) of, and subdivision (c) of, Section 12975.8 of the Insurance Code, the balance remaining in the Insurance Fund at the end of the 1983–84 fiscal year shall be carried forward to the 1984–85 fiscal year to the extent necessary to cover expenditures and cash flow needs. Any remaining funds which are surplus to cash flow needs shall revert to the General Fund.		
2320-001-317—For support of Department of Real Estate, payable from the Real Estate Fund		18,417,000
Schedule:		
(a) 100000-Personal Services	12,148,000	
(b) 300000-Operating Expenses and Equipment	4,837,000	
(c) Education and Research	672,000	
(d) Recovery Act	1,000,000	
(e) Reimbursements	−240,000	
Provisions:		
1. The Director of Finance may authorize the expenditure of $295,000 appropriated by this item for the establishment of 10 personnel years of temporary help only after written notification of the necessity is given to the Chairperson of the Joint Legislative Budget Committee.		
2. The $472,000 appropriated for education and research shall not be expended unless the department utilizes competitive bidding procedures for the awarding of all contracts and unless the department develops a list of proposed education and research projects indicating the need		

Item Amount

and estimated expenditures for these activities, and submits this list to the Director of Finance and the Chairperson of the Joint Legislative Budget Committee on or before September 1, 1984.

3. Of the $200,000 appropriated to the department from the Education and Research Account to support the real estate centers at the University of California at Berkeley and Los Angeles, $100,000 shall not be available for expenditure until the Department of Real Estate submits, by November 15, 1984, to the Chairpersons of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee, a report consisting of the following: (1) a report on past activities and a plan for the University of California's real estate centers regarding access to and dissemination of real estate related research information and studies to the state university system, community colleges, real estate licensees and licensee trainees, and other interested institutions and parties and (2) the department's planned alternatives and recommendations for providing increased funding and resources to community colleges for real estate license education and training.

2320-495—Reversion, Department of Real Estate. Notwithstanding any other provisions of law, as of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the fund from which the appropriation was made:

317—Real Estate Fund

(1) Item 232-001-317(c), Budget Act of 1982—Education and Research, provided that the amount reverted shall be 472,000

2320-496—Reversions, Department of Real Estate. As of June 30, 1984, the unexpended balance of the $200,000 and accrued interest thereon, provided to the Student Aid Commission pursuant to subdivision (c) of Section 10465.2 of the Business and Professions Code shall revert to the Real Estate Fund.

2340-001-337—For support of Department of Savings and Loan, payable from the Savings Association Special Regulatory Fund 4,260,000

Schedule:

(a) 100000-Personal Services 3,242,000

Item		Amount
(b) 300000-Operating Expenses and Equipment	1,018,000	
Provisions:		
1. No funds appropriated by this item shall be expended unless the department establishes procedures to assure that it will be fully reimbursed for the cost of providing employee parking during the 1984–85 fiscal year.		
2600-001-042—For support of California Transportation Commission, Program 10, payable from the State Highway Account, State Transportation Fund		117,000
2600-001-046—For support of California Transportation Commission, Program 10, payable from the Transportation Planning and Development Account, State Transportation Fund		956,000
Provisions:		
1. Of the $234,000 appropriated for consulting and professional services, the California Transportation Commission shall, not less than 30 days prior to expending funds for any contract over $10,000, notify the chairpersons of the fiscal committees and the Joint Legislative Budget Committee. This notification shall include a statement as to the objective of the contract, a summary discussion of the work to be performed, and the time requirements and various cost elements for the contracted services.		
2660-001-041—For support of Department of Transportation, Program 10—Aeronautics, payable from the Aeronautics Account, State Transportation Fund		1,813,000
2660-001-042—For support of Department of Transportation, payable from the State Highway Account, State Transportation Fund		682,538,000
Schedule:		
(a) 20-Highway Transportation	682,429,000	
20.10-Rehabilitation	(45,609,000)	
20.20-Operational Improvements	(60,284,000)

(c) 50—Administration		

Item Amount

50.01-Undistributed Administration.....294,745,000
50.02-Distributed Administration.....294,745,000

Provisions:

1. For Program 20—Highways, up to 10 percent of any of the amounts scheduled within the program as appropriated from the State Highway Account, State Transportation Fund, Item 2660-001-042, may be transferred to Item 2660-101-042 or Item 2660-301-042 as authorized under the provisions of Section 168 of the Streets and Highways Code.
2. For Program 20—Highway funds appropriated by this item shall be available for support of those projects which have been included in a State Transportation Improvement Plan adopted by the California Transportation Commission.
3. For Program 20—The department shall notify the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee at least 20 days prior to spending funds to expand activities above budgeted levels or to implement a new activity not identified in the budget, including any such expenditures to be funded through a transfer of money from other expenditure categories or programs, except in the case of emergency snow or storm damage work increases.
4. For Program 20—The amount spent for implementing the Computer Aided Design and Drafting (CADD) system shall not exceed that amount approved by the State Office of Information Technology (SOIT) in its review of the amended Feasibility Study Report (FSR). The amount approved by SOIT is hereby authorized for expenditure. Any amounts left in the appropriations for that purpose shall revert to the State Highway Account. Any approved amount in excess of the appropriation is authorized for expenditure no sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees, and when the proper funding is secured.

Item Amount

5. For Program 20—$2,700,000 appropriated in this item shall be expended only for the necessary equipment to implement a distributed data processing project (a) only after the State Office of Information Technology has reviewed and approved a feasibility study report for the statewide implementation of the project and (b) no sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees, and submitted the Feasibility Study Report for committee review. The report shall address, among other things, (a) the extent of potential equipment redundancy resulting from the implementation of various computer automation projects within the department, (b) the equipment and personnel needs of all districts as a whole to implement the project, and (c) the impact of the project on the financing and operation of the Teale Data Center.
6. For Program 20—The Department of Transportation shall review its current policy for placement of freeway and highway directional signing and shall report to the Legislature by September 1, 1984, with any appropriate recommendations for change. The policy shall be reviewed by the Transportation Committees in the Assembly and the Senate, and, upon completion of such review, shall be enforced by the department in a fair and equitable manner consistent with unique community circumstances.
7. For Program 20—The department shall take steps to locate a toxic and hazardous substances cleanup response team in the Santa Barbara area.

2660-001-045—For support of Department of Transportation, Program 20—Highway Transportation, payable from the Bicycle Lane Account, State Transportation Fund 10,000

2660-001-046—For support of Department of Transportation, payable from the Transportation Planning and Development Account, State Transportation Fund 28,665,000

Schedule:

(a) 30-Mass Transportation 21,346,000

(1) 30-Total Mass Transportation 41,854,000

Item			Amount
	(2) Reimbursements	−20,124,000	
	(3) Reimbursements-Section 7204.4 of the Revenue and Taxation Code	−384,000	
(b)	40-Transportation Planning		7,319,000
	(1) 40-Total Transportation Planning.....	9,613,000	
	(2) Reimbursements ..	−2,294,000	

Provisions:

1. Notwithstanding any other provisions of law, the Department's Transit Management Assistance and State Transit Assistance activities, which are not payable from federal funds, shall be payable from the funds made available pursuant to Section 99312 of the Public Utilities Code.
2. For Program 30—$12,828,000 of the funds appropriated in this item shall be allocated by the California Transportation Commission pursuant to Section 99316 of the Public Utilities Code.
3. For Program 30—No funds appropriated to prepare project reports or perform engineering work to rehabilitate commuter rail stations between San Francisco and San Jose shall be spent unless sufficient funds are available in Item 2660-101-046 for allocation by the California Transportation Commission for transit capital improvements to finance the rehabilitation projects according to the priority list adopted pursuant to Section 99318.2 of the Public Utilities Code.

   If sufficient funds are not made available, the project report and engineering funds shall not be spent for any other purpose and shall revert to the unappropriated surplus of the Transportation Planning and Development Account in the State Transportation Fund.
4. For Program 30—Of the amount of funds available in this item, a total of $50,000 shall be granted under contract by the Department to the San Bernardino Associated Governments to perform a financial and preliminary engineering feasibility study on an aerial bus transit system in the San Bernardino Mountains. This grant shall be made available only if San Bernardino Associated Governments can match these funds with at least $150,000 in local or federal funds of

Item Amount

their own.

2660-001-047—For support of Department of Transportation, Program 30—Mass Transportation, payable from the Abandoned Railroad Account, State Transportation Fund 96,000

2660-001-140—For support of the Department of Transportation, Program 20, Highway Transportation, payable from the California Environmental License Plate Fund 350,000

Provisions:

1. The department shall spend up to $350,000 for support of the Advanced Methanol Engine Research Project. The funds appropriated for this project are for purposes of contracting for Phase 1 of a planned three-phase project for the research and development of advanced methanol engine technology, with the objective of influencing future automotive engine technology in the year 1990 and beyond. This project shall be administered by the Department of Transportation and coordinated technically with the Air Resources Board. A final report to the Legislature on the results of Phase 1, with recommendations or the advisability of undertaking and funding subsequent phases, shall be submitted by December 1, 1985. Project status and performance reports shall be submitted to the Legislature every six months following the start of the project. Specifically, this project shall consist of the following phases:

   (i) Phase 1 shall provide for laboratory-applied research of the advanced methanol engine technology with single-cylinder tests, computer modeling, and multiple-cylinder tests on a static dynamometer test stand. In this phase, the advanced methanol engine technology being researched shall consist of, but not be limited to, a methanol-fueled, lean combustion, staged-ignition system with microprocessor feedback controls over mixture ratio and ignition timing. The Department of Transportation and Air Resources Board shall have the authority to plan and change, as necessary, all testing requirements and system elements.

   (ii) Phase 2 shall provide for preprototype testing of the advanced methanol engine, with multiple-cylinder engines with after-treat-

Item Amount

ment of emissions, if necessary, on a chassis dynamometer test stand and, also, with preliminary road tests on modified vehicles. As in Phase 1, the testing requirements system elements shall be subject to planning and direction by Caltrans and the Air Resources Board.

(iii) Phase 3 shall provide for road tests of prototype engines and after-treatment systems in modified vehicles under a wide range of operating conditions. This phase of development is envisioned as being conducted by automotive engine and vehicle manufacturers in response to state air quality standards and control requirements for mobile sources.

All special equipment purchased by the contractor with state contract funds during Phase 1 and subsequent phases of this project shall be the property of the state.

2660-001-890—For support of Department of Transportation, payable from the Federal Trust Fund 133,917,000

Schedule:

(a) 10-Aeronautics 25,000

(b) 20-Highway Transportation 108,858,000

20.10-Rehabilitation.. (16,833,000)

20.20-Operational Improvements ..... (21,140,000)

20.40-Program Development ..... (12,994,000)

20.50-New Facilities.. (57,891,000)

(c) 30-Mass Transportation 25,034,000

Provisions:

1. For Program 20—Highway Transportation, up to 10 percent of any of the amounts scheduled within the program as appropriated from the Federal Trust Fund, Item 2660-001-890, may be transferred to Item 2660-101-890 or Item 2660-301-890 as authorized under the provisions of Section 168 of the Streets and Highways Code.
2. For Program 20—Highway Transportation, funds appropriated in this item shall be available for support of those projects which have been included in a State Transportation Improvement Plan adopted by the California Transportation Commission.

Item Amount

3. For Program 20—Highway Transportation, for purposes of the Streets and Highways Code, all expenditures from this item shall be deemed to be expenditures from the State Highway Account, State Transportation Fund.
4. For Program 20—Highway Transportation, federal funds received may be from any federal source, and shall be deposited in the Federal Trust Fund. Any federal reimbursements shall be credited to the account from which the expenditures were originally made.
5. Any state funds appropriated for any activity for which funds are no longer needed because of the receipt of federal funds in excess of the amount appropriated by this act for such an activity, shall not be encumbered for any purpose and shall revert to the unappropriated surplus of the fund from which the appropriation was made.
6. For Program 30—Mass Transportation. The amount appropriated by this item for Ridesharing (30.80), shall be reduced by $1, with a maximum reduction of $1,500,000, for each dollar that is transferred in fiscal year 1984–85 to the Ridesharing and Alternative Transportation Fund from the General Fund pursuant to subdivision (b) of Section 5 of Chapter 502, Statutes of 1982, as amended. Implementation of this provision shall be accomplished by a budget revision.

2660-011-041—For transfer by the State Controller from the Aeronautics Account, State Transportation Fund (041), to the Transportation Planning and Development Account, State Transportation Fund (046), as prescribed by Section 21682.5 of the Public Utilities Code ..... (30,000)

2660-021-042—For transfer by the State Controller from the State Highway Account, State Transportation Fund (042), to the Transportation Planning and Development Account, State Transportation Fund (046) as prescribed by Section 194 of the Streets and Highways Code ..... (10,016,000)

2660-031-042—(a) There is hereby appropriated, from the reserve account established pursuant to subdivision (b) of Section 71 of Chapter 161 of the Statutes of 1979 in the State Highway Account in the State Transportation Fund, to the State Highway Account, for expenditure by the Department

Item Amount

of Transportation, an amount sufficient to fund the appropriations to the Department of Transportation made by this act.

It is the intent of the Legislature that all available revenues in the State Highway Account, including the reserve account, be used for the specific purposes authorized and in the order of receipt (first available—first used).

(b) There is hereby appropriated, on June 30, 1985, to the reserve account established pursuant to subdivision (b) of Section 71 of Chapter 161 of the Statutes of 1979 in the State Highway Account, all money in or due to the State Highway Account on the date which is not appropriated as of that date, to be available for expenditure only upon appropriation in the Budget Act.

2660-041-047—For transfer by the Controller from the Abandoned Railroad Account, State Transportation Fund to the Transportation Planning and Development Account, State Transportation Fund (1,500,000)

2660-051-047—For transfer by the Controller from the Abandoned Railroad Account, State Transportation Fund (047) to the General Fund 2,000,000

2660-101-041—For local assistance, Department of Transportation, Program 10—Aeronautics, payable from the Aeronautics Account, State Transportation Fund 1,600,000

2660-101-042—For local assistance, Department of Transportation, payable from the State Highway Account, State Transportation Fund 93,869,000

Schedule:

(a) 20-Highway Transportation..... 29,000,000
20.30-Local Assistance..... (29,000,000)

(2) Section 71(c)(2)(C), Chapter 161, Statutes of 1979.

Item Amount

(3) Item 266-101-046, Budget Act of 1981—BART Vehicle Firehardening Project, and MTDB South Line Double Tracking and LBV Purchase Project.

2660-491—Reappropriation—Department of Transportation for Program 20—Highway Transportation. Notwithstanding any other provisions of law, and in accordance with subdivision (c), Section 16304 of the Government Code, the unliquidated encumbrances of prior year local assistance appropriations from the State Highway Account, State Transportation Fund are reappropriated without regard to fiscal year, to enable continuing liquidation of these encumbrances, and to allow project savings to be available for other local assistance highway projects previously funded from the same appropriation.

2660-495—Notwithstanding any other provisions of law, the unencumbered and unobligated balance of the capital outlay appropriations provided in the following citations shall revert, on the effective date of this act, to the unappropriated surplus of the fund from which the appropriation was made. The unliquidated encumbrances plus whatever portion thereof is specified in this item are continued for expenditure until June 30, 1985. The funds continued for expenditure from the capital outlay appropriations in the following citations shall be available for allocation by the California Transportation Commission to any project whether or not included in an adopted State Transportation Improvement Program:

042—For Program 20—Highway Transportation, payable from the State Highway Account, State Transportation Fund

(1) Item 160.1, Budget Act of 1977—$200,000
(2) Item 447, Budget Act of 1978—$200,000
(3) Item 453, Budget Act of 1979—$200,000
(4) Item 513, Budget Act of 1980—$500,000
(5) Item 266-301-042, Budget Act of 1981—$400,000

890—For Program 20—Highway Transportation, payable from the Federal Trust Fund

(1) Item 266-301-890, Budget Act of 1981—$600,000

Item Amount

2660-496—Reversion, Department of Transportation. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations, or the portions thereof as specified in this item, shall revert to the unappropriated surplus of the fund from which the appropriation was made, provided that the amount reverted shall not exceed the amount, as determined by the Director of Finance pursuant to Section 16.00 of this act, needed in the Transportation Planning and Development Account, State Transportation Fund, to fund the total 1984–85 fiscal year appropriations and allocations from that account:

047—Abandoned Railroad Account, State Transportation Fund

(1) Item 2660-301-047, Budget Act of 1983—$2,482,000

2660-497—Reversion, Department of Transporation. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations, or the portions thereof as specified in this item, shall revert to the unappropriated surplus of the the fund from which the appropriation was made:

046—Transportation Planning and Development Account, State Transportation Fund

(1) Item 266-101-046, Budget Act of 1981—$3,300,000

2700-001-044—For support of Office of Traffic Safety, payable from the Motor Vehicle Account, State Transportation Fund 233,000

Schedule:

(a) State Operations	5,637,000
(b) Reimbursements	−54,000
(c) Amount payable from the First Offender Program Evaluation Fund (Item 2700-001-464)	−250,000
(d) Amount payable from the Federal Trust Fund (Item 2700-001-890) ..	−5,100,000

Provisions:

1. The amount of any contract awarded by the Office of Traffic Safety for an evaluation of first-offender programs shall be subject to the availability of funds in the First Offender Program Evaluation Fund in the 1984–85 fiscal year.

2700-001-464—For support of Office of Traffic Safety, to be transferred to Item 2700-001-044, payable from the First Offender Program Evaluation Fund..... 250,000

Item Amount

Provisions:

1. The amount of any contract awarded by the Office of Traffic Safety for an evaluation of first offender programs shall be subject to the availability of funds in the First Offender Program Evaluation Fund in the 1984–85 fiscal year.

2700-001-890—For support of Office of Traffic Safety, to be transferred to Item 2700-001-044, payable from the Federal Trust Fund, not subject to the provisions of Section 28 5,100,000

2700-101-890—For local assistance, Office of Traffic Safety, payable from the Federal Trust Fund, not subject to the provisions of Section 28 3,400,000

2720-001-001—For support of Department of the California Highway Patrol 483,911

2720-001-044—For support of Department of the California Highway Patrol, payable from the Motor Vehicle Account, State Transportation Fund 351,108,802

Schedule:

(a) 10-Traffic Management 315,650,143
(b) 20-Regulation and Inspection..... 31,662,000
(c) 30-Vehicle Ownership Security 7,317,000
(d) 40.01-Administration..... 78,582,000
(e) 40.02-Distributed Administration.. —78,582,000
(f) Reimbursements..... —3,520,341

Provisions:

1. None of the $1,000,000 provided as part of a gasoline reserve shall be expended unless and until authorized in writing by the Director of Finance.
2. None of the $147,500 appropriated for the purchase of 59 replacement terminals at the Los Angeles Communication Center shall be expended unless and until the State Office of Information Technology has reviewed and approved a feasibility study report and the bid specifications associated with the terminals.
3. None of the $170,000 appropriated for reroofing the CHP headquarters building in Sacramento shall be expended unless and until a moisture contour map of the roof surface has been prepared.
4. A rental reserve of $359,000 shall be established for the Arrowhead, El Centro, Newhall, San Andreas, Trinity River, and West Los Angeles offices that are proposed to be purchased in the 1984–85 fiscal year. If actual leasing costs are less than the amount of reserves provided in this

Item Amount

item, any unencumbered balance of that reserve amount shall not be encumbered for any other purpose and shall revert to the Motor Vehicle Account, State Transportation Fund.

5. If AB 2198 of the 1983–84 Regular Session is enacted, the amount appropriated by this item shall be reduced by the Director of Finance by the amount of any funds made available pursuant to any appropriation contained in that bill made from the Olympic Reflectorized License Plate Account in the State Transportation Fund to the Department of the California Highway Patrol for the purpose of providing security, traffic control, and law enforcement in relation to the 1984 Olympic Games.
6. The Department of the California Highway Patrol shall pursue all reasonable means to obtain reimbursement for any costs directly attributable to the 1984 Summer Olympics.
7. None of the funds appropriated from the Motor Vehicle Account for traffic management operations related to the 1984 Summer Olympics may be used for providing security services at the 100-kilometer cycling event to be held in Los Angeles and Orange Counties. If any such costs are incurred, full reimbursement shall be secured from the Los Angeles Olympics Organizing Committee.
8. $45,000 of the funds appropriated to the regulation and inspection function shall be utilized to purchase 10 ultrasonic thickness gauges and to reimburse the department for training associated with their use.
9. $173,000 of the funds appropriated in this item shall be for the continuation of the Statewide Hazardous Materials Training.
10. The two percent salary adjustment provided to Sergeants and Lieutenants of the California Highway Patrol in compliance with Section 19827 of the Government Code shall be retroactive to April 1, 1984, and payable from salary savings identified by the department.
11. The $4,276,000 appropriated in this item for cost-of-living adjustments shall be used to provide salary increases for non-represented uniformed personnel in accordance with Section 19827 of the Government Code.

Item	Amount
2720-001-050—For support of Department of the California Highway Patrol, Program 10—Traffic Management, payable from the California Highway Patrol Law Enforcement Account, State Transportation Fund	30,554,000
2720-001-890—For support of Department of the California Highway Patrol, Program 10—Traffic Management, payable from the Federal Trust Fund	180,000
2720-011-044—For payments of deficiencies in appropriations for the Department of the California Highway Patrol, Program 97 Unallocated, which may be authorized by the Director of Finance, with the consent of the Governor, payable from the Motor Vehicle Account, State Transportation Fund	(2,000,000)

Provisions:

1. The Director of Finance shall report allocations from this item in the same manner as required for reporting allocations from Item 9840-001-494 of this act.

2720-021-044—For Department of the California Highway Patrol, for advance authority for the department to incur automotive equipment purchase obligations in an amount not to exceed $5,000,000 during the 1984–85 fiscal year, for delivery beginning in the 1985–86 fiscal year, payable from the Motor Vehicle Account, State Transportation Fund	(5,000,000)
2720-301-044—For Capital Outlay, Department of California Highway Patrol, payable from the Motor Vehicle Account, State Transportation Fund	5,280,000

Schedule:

(1) 50.20 Minor Projects	683,000
(2) 50.10.021.004-Property Options and Appraisals—Various Areas	35,000
(4) 50.10.039.001-Trinity River—Purchase of Leased Facility	1,123,000
(6) 50.10.031.003-Oakland—Construction	1,211,000
(7) 50.10.043.001-San Andreas—Purchase of Leased Facility	455,000
(8) 50.10.045.001-Arrowhead—Purchase of Leased Facility	870,000
(9) 50.10.047.001-El Centro—Purchase of Leased Facility	903,000

Provisions:

1. The funds appropriated in category (2) shall be used only in connection with projects which are to be included in the Budget submitted by the Governor for the 1985–86 fiscal year.

Item Amount

2. The Director of General Services, acting on behalf of the Department of the California Highway Patrol, may enter into a lease with a purchase option agreement for the purpose of providing adequate office and parking facilities for an area office in Glendale for 75 traffic officers. However, no lease may be entered into unless the agreement is approved by the State Public Works Board and unless the Chairman of the Joint Legislative Budget Committee, or his or her designee, has been provided a 20-day review of the proposed agreement. The proposed agreement is expected to exceed $2 million at the first purchase option date.
3. The Director of General Services, acting on behalf of the Department of the California Highway Patrol, may enter into a lease with a purchase option agreement for the purpose of providing adequate office and parking facilities for a division office in San Diego with 35 uniform and 55 non-uniform personnel. However, no lease may be entered into unless the agreement is approved by the State Public Works Board and unless the Chairman of the Joint Legislative Budget Committee, or his or her designee, has been provided a 20-day review of the proposed agreement. The proposed agreement is expected to exceed $2 million at the first purchase option date.
4. The Director of General Services, acting on behalf of the Department of the California Highway Patrol, may enter into a lease with a purchase option agreement for the purpose of providing adequate office and parking facilities for an inland division office in San Bernardino with 30 uniform and 20 non-uniform personnel. However, no lease may be entered into unless the agreement is approved by the State Public Works Board and unless the Chairman of the Joint Legislative Budget Committee, or his or her designee, has been provided a 20-day review of the proposed agreement. The proposed agreement is expected to exceed $2 million at the first purchase option date.

Item Amount

2720-490—Reappropriation, California Highway Patrol. Notwithstanding any other provisions of law, the unencumbered balances, on the effective date of this act, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in those appropriations and shall be available for expenditure until June 30, 1985:

044—Motor Vehicle Account, State Transportation Fund.

(1) Item 2720-301-044 (i), Budget Act of 1982, reappropriated by Item 2720-490 of the Budget Act of 1983—Site acquisition and preliminary plans —Golden Gate Division Communications Center and Division Office.

2740-001-001—For support of Department of Motor Vehicles, Program 21—Driver Licensing and Control, and Personal Identification 67,000

Provisions:

1. The funds appropriated from this item are for anatomical donor designation program and petit jury panel selection.

2740-001-044—For support of Department of Motor Vehicles, payable from the Motor Vehicle Account, State Transportation Fund 167,130,036

Schedule:

(a) 11-Vehicle and Vessel Registration and Titling		63,003,036

2760-001-178—For support of Traffic Adjudication Board, Program 10, Program Administration, payable from the Driver Training Penalty Assessment Fund 1,527,000

2780-001-683—For support of Stephen P. Teale Data Center, Business, Transportation and Housing Agency, payable from the Stephen P. Teale Data Center Revolving Fund 43,069,791

(a) Support	43,104,791
(b) Reimbursements	−35,000

Provisions:

1. Notwithstanding any other provision of law, the Director of Finance may authorize expenditures for the data center in excess of the amount appropriated not sooner than 30 days after notification in writing of the necessity therefore is provided to the chairpersons of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee, or not sooner than

Item Amount

whatever lesser time the chairperson of the committee, or his or her designees, may in each instance determine.

2. The funds appropriated ($726,000) in this item for replacement of the V5 CPU shall not be expended until the Department of Finance's State Office of Information Technology (SOIT) has reviewed and approved a Feasibility Study Report for this project.

RESOURCES

3110-001-001—To the Resources Agency, Special Resources Programs, Program 30—Sea Grant Program, for grants to public and private higher education for use as a maximum of two-thirds of the local matching share for projects under the National Sea Grant College and Program Act of 1966. 500,000

Provisions:

1. The amount appropriated in this item is in lieu of any amount which would otherwise be received pursuant to Section 6217 of the Public Resources Code.

3110-101-001—For local assistance, Special Resources Program, Program 10—Tahoe Regional Planning Agency 361,000

Provisions:

1. California governing board members shall be reimbursed for travel costs and per diem expenses according to rates established by the Department of Personnel Administration for members of part-time boards and commissions. Board member reimbursement for automobile rentals shall be limited to economy-model automobiles.

3110-101-140—For local assistance, Special Resources Programs, Program 10—Tahoe Regional Planning Agency, payable from the California Environmental License Plate Fund 67,000

Provisions:

1. The $67,000 appropriated by this item for establishment of in-stream flow standards in the Tahoe Basin shall be used by the Tahoe Regional Planning Agency to contract with the Department of Fish and Game for field work and technical services pursuant to an interagency agreement.

3125-001-001—For support of the California Tahoe Conservancy 433,000

Item Amount

Provisions:

1. Funds appropriated by this item shall not be available for expenditure unless and until legislation is enacted: (1) fulfilling the requirements of Section 66957 of the Government Code; and (2) providing the California Tahoe Conservancy with the necessary statutory authority to implement the Lake Tahoe Acquisition Bond Act.

3125-001-720—For support of the California Tahoe Conservancy, payable from the Lake Tahoe Acquisition Fund 300,000

Provisions:

1. Of the amount appropriated by this item, up to $45,000 is for transfer to the General Fund, on order of the Director of Finance, for the purpose of reimbursing the General Fund for startup costs incurred by the Resources Agency during the 1983–84 fiscal year.
2. Funds appropriated by this item shall not be available for expenditure unless and until legislation is enacted: (1) fulfilling the requirements of Section 66957 of the Government Code; and (2) providing the California Tahoe Conservancy with the necessary statutory authority to implement the Lake Tahoe Acquisition Bond Act.
3. Notwithstanding Section 66906.7 (b) of the Government Code, as amended by Chapter 833, Statutes of 1980, the funds appropriated by this item shall be used for support of the California Tahoe Conservancy.

3125-301-720—For capital outlay, California Tahoe Conservancy, payable from the Lake Tahoe Acquisitions Fund 20,000,000

Schedule:

(a) Land acquisition pursuant to subdivision (a) of Section 66957 of the Government Code 15,000,000

(b) Land acquisition pursuant to subdivisions (a), (b), and (c) of Section 66957 of the Government Code 5,000,000

Provisions:

1. The acquisition of real property or interests with funds appropriated by this item is not subject to the Property Acquisition Law when the value is less than $250,000 and, therefore, is not subject to Public Works Board approval.

Item Amount

2. In the event that legislation is enacted giving the California Tahoe Conservancy authority to award grants to local public agencies, state agencies, federal agencies, and nonprofit organizations, the funds provided by this item may be used for grants as specified in that legislation.
3. Funds appropriated by this item shall not be available for expenditure unless and until legislation is enacted (a) fulfilling the requirements of Section 66957 of the Government Code and (b) providing the California Tahoe Conservancy with the necessary statutory authority to implement the Lake Tahoe Acquisitions Bond Act.

3300-001-021—For loans to the State Assistance Fund for Energy, California Business and Industrial Development Corporation to be disbursed by the State Controller pursuant to Sections 32820 through 32823 of the Financial Code, payable from the State Energy Loan Fund Account, General Fund 1,250,000

3310-001-731—For support of California Alternative Energy Source Financing Authority, payable from the California Alternative Energy Authority Fund..... 128,000

3340-001-001—For support of California Conservation Corps 25,447,000

Schedule:

(a) 10-Training and Work Program:		
(1) 10.10-Orientation and Training Center	2,880,000	
(2) 10.20-Base and Fire Centers	29,187,000	
(3) 10.30-Energy Program	443,000	
(b) 20.01-Administration.....		2,900,000
(c) 20.02-Distributed Administration..		−2,900,000
(d) Reimbursements		−7,063,000

Provisions:

1. The Department of Finance shall separately identify, in supplemental schedules to the 1985–86 Governor's Budget, the amount of corps member salary savings.
2. $140,000 budgeted for automation may be encumbered no sooner than 30 days after the Department of Finance has provided the Joint Legislative Budget Committee with a feasibility report in support of further automation. The feasibility report shall have been approved by the Department of Finance and prepared in ac-

(b) 300000-Operating Expenses and Equipment	17,877,000	
(c) Reimbursements	−648,000	
(d) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 3400-001-044)	−27,749,000	
(e) Amount payable from the Air Pollution Control Fund (Item 3400-001-115)	−3,640,000	
(f) Amount payable from the Vehicle Inspection Fund (Item 3400-001-420)	−236,000	
(h) Amount payable from the Energy Resources Programs Account, General Fund (Item 3400-001-465)	−159,000	
(i) Amount payable from the Federal Trust Fund (Item 3400-001-890)	−2,488,000	

Item		Amount
3400-001-044—For support of State Air Resources Board, to be transferred to Item 3400-001-001, payable from the Motor Vehicle Account, State Transportation Fund		27,749,000
3400-001-115—For support of State Air Resources Board, to be transferred to Item 3400-001-001, payable from the Air Pollution Control Fund		3,640,000
3400-001-420—For support of State Air Resources Board, to be transferred to Item 3400-001-001, payable from the Vehicle Inspection Fund		236,000
3400-001-465—For support of State Air Resources Board, to be transferred to Item 3400-001-001, payable from the Energy Resources Programs Account, General Fund		159,000
3400-001-890—For support of State Air Resources Board, to be transferred to Item 3400-001-001, payable from the Federal Trust Fund		2,488,000
3400-101-044—For local assistance, State Air Resources Board, for assistance to counties in the operation of local air pollution control districts, payable from the Motor Vehicle Account, State Transportation Fund		6,741,000
3460-001-001—For support of Colorado River Board of California		211,000
Schedule:		
(a) 100000-Personal Services	517,000	
(b) 300000-Operating Expenses and Equipment	133,000	
(c) Reimbursements	−431,000	
(d) Amount payable from the California Environmental License Plate Fund (Item 3460-001-140)	−8,000	
3460-001-140—For support of Colorado River Board, to be transferred to Item 3460-001-001, payable from the California Environmental License Plate Fund		8,000
Provisions:		
1. The funds appropriated by this item are for the Salinity Control Forum.		
3480-001-001—For support of Department of Conservation		11,346,000
Schedule:		
(a) 10-Geologic Hazards and Mineral Resources Conservation	5,959,000	
(b) 20-Oil, Gas, and Geothermal Protection	6,308,000	
(c) 30-Special Services for Resources Protection	198,000	
(d) 40.01-Administration	3,625,000	
(e) 40.02-Distributed Administration	−3,625,000	

Item Amount

(f) Reimbursements ..... −1,119,000

Provisions:

1. The amount available for expenditure from this item shall be reduced by any amount expended by the department in the 1983–84 fiscal year to relocate the San Francisco office of the Division of Mines and Geology.
2. Any federal funds made available for the Soil Conservation Advisory Committee program shall replace funds appropriated by this item on a dollar-for-dollar basis, with the funds appropriated by this item to remain unexpended by the department.

3480-001-035—For support of Department of Conservation, Program 10—Geologic Hazards and Mineral Resources Conservation, payable from the Surface Mining and Reclamation Account, General Fund 1,461,000

Provisions:

1. Any unexpended balance of funds appropriated to the Surface Mining and Reclamation Account in the General Fund pursuant to Chapter 800, Statutes of 1980, shall be made available in the 1984–85 fiscal year for any salary and staff benefit increases which may be appropriated by the Legislature.
2. Any salary and staff benefit increases which apply to the Surface Mining and Reclamation Act shall be paid from the Surface Mining and Reclamation Account in the General Fund.

3480-001-042—For support of Department of Conservation, Program 10—Geologic Hazards and Mineral Resources Conservation, payable from the State Highway Account, State Transportation Fund 12,000

Provisions:

1. The funds appropriated by this item are for the state's share of the California Institute of Technology seismograph network.

3480-001-144—For support of Department of Conservation, Program 10—Geologic Hazards and Mineral Resources Conservation, payable from the California Water Fund 12,000

Provisions:

1. The funds appropriated by this item are for the state's share of the California Institute of Technology seismograph network.

3480-001-398—For support of Department of Conservation, Program 10—Geologic Hazards and Mineral Resources Conservation, payable from the Strong-Motion Instrumentation Program Fund 1,658,000

Item	Amount
Provisions:	
1. The funds appropriated by this item are to be used in carrying out the functions of the Strong-Motion Instrumentation Program.	
3480-001-472—For support of Department of Conservation, Program 30—Special Services for Resources Protection, payable from the Farmlands Mapping Account, General Fund	450,000
Provisions:	
1. The funds appropriated by this item are to be used for the Farmland Mapping and Monitoring Program pursuant to the provisions of Chapter 864, Statutes of 1983.	
3480-001-890—For support of Department of Conservation, Program 10—Geologic Hazards and Mineral Resources Conservation, payable from the Federal Trust Fund	136,000
Provisions:	
1. Any federal funds received for seismic studies which further mutual state and federal study objectives shall replace state funds in category (a) of Item 3480-001-001 to the extent authorized in the federal grants and agreements.	
3540-001-001—For support of Department of Forestry	140,161,000
Schedule:	
(a) 11-Fire Protection 174,396,000	
(b) 12-Resource Management 11,117,000	
(c) 20.01-Administration 12,527,000	
(d) 20.02-Distributed Administration −12,527,000	
(e) Reimbursements ..... −45,352,000	
Provisions:	
1. An amount not more than $100,000 in emergency fire suppression and detection costs and related emergency revegetation costs may be expended from the amounts appropriated for Schedule (a) without approval of the Department of Finance.	
2. Of the funds appropriated in Schedule (a), $5,000,000 is for allocation by the Director of Finance.	
3. No funds appropriated to the Department of Forestry by this or any other act shall be used to provide assistance in planning or carrying out prescribed burning projects conducted on U.S. Forest Service or Bureau of Land Management lands unless those agencies agree, in writing, to indemnify the state for all suppression costs incurred in the event the fire escapes.	

Item Amount

4. Of the $598,000 appropriated in Schedule (c) for the automated information system, no funds shall be expended for purchase of equipment prior to review and approval of the evaluation plan and the report on the 1983–84 pilot project by the Department of Finance.
5. (a) The department (CDF) shall receive written assurance from the Bureau of Land Management (BLM) as follows:
   (i) The BLM will reimburse the state by June 30, 1985, for the $5,118,070 in unpaid billings remaining from emergency fire suppression services provided by CDF to the BLM during previous years.
   (ii) Funds to make this payment have been appropriated.
   (iii) Full payment has been approved by the appropriate federal control agencies.

   (b) In the event that CDF does not receive these written assurances on or before January 1, 1985, CDF shall terminate its cooperative agreement with:
   (i) BLM, under which CDF provides fire protection services to 2.3 million acres of BLM lands in California.
   (ii) The U.S. Forest Service (USFS), under which USFS provides fire protection services to 4 million acres of state responsibility land located within or adjacent to national forests in California.
6. In the event legislation is enacted that (1) allows the Director of Forestry to charge local agencies a percentage of the base salary cost for state personnel providing local fire protection services pursuant to Amador Plan agreements and (2) results in an increase in the amount of reimbursements to the Department of Forestry for these services during the 1984–85 fiscal year, the Director of Finance shall estimate the amount of the additional contract payments and notify the Chairperson of the Joint Legislative Budget Committee of the estimated amount.

Item Amount

No sooner than 10 days after the notification, the Director of Finance shall certify the amount to the Controller. The Controller shall, within 30 days after the receipt of the certification, transfer from the appropriation provided by this item to the unappropriated surplus of the General Fund an amount as certified by the Director of Finance. This section shall not apply to increases in payments to the Department of Forestry resulting from changes in the level of service or new contract agreements.

7. The Department of Forestry shall not establish a new inmate conservation camp at the Gonzaga site located near San Luis Reservoir and east of Pacheco Pass. The Department of Forestry and the Department of Corrections are authorized, instead, to locate this camp facility at any of the following locations: Coe Ranch Headquarters, Coit Camp No. 1, Coit Camp No. 2, Dowdy Ranch, Hoover Lake, Paradise Flat, Upper San Antone Valley, Little Panoche Detention Reservoir, Pacheco Summit, Old Stanislaus Road Camp, or Old Road Camp, New Coalinga, Fresno County, or another location in Merced County that is acceptable to the board of supervisors and the appropriate Senate and Assembly representatives, or another county within the state that is acceptable to the board of supervisors and the appropriate Senate and Assembly representatives.

8. The Department of Forestry shall (1) fulfill the terms of all its existing Schedule A local fire protection agreements and (2) hire as many qualified fire control personnel as are necessary to provide a total of an additional 69.6 personnel-years of staff for Schedule A fire protection operations during the 1984–85 fiscal year.

Under no circumstances shall the department redirect or abolish any other filled or vacant positions currently authorized for Schedule B fire protection activities or other state operations, for purposes of fulfilling the terms of the above Schedule A fire protection agreements.

3540-001-140—For support of Department of Forestry, Program 12—Resource Management, payable from the California Environmental License Plate Fund 3,445,000

Schedule:

(a) 12-Resource Management 3,295,000

Item Amount

(b) Forest Genetic Resources 150,000

Provisions:

1. The funds appropriated in category (a) of this item are for vegetation management and pro rata.
2. The funds appropriated in category (b) of this item shall be used to contract for forest genetic research. The Department of Forestry shall issue a request for proposals and award the contract through the competitive bidding process. The contract shall be awarded to the lowest responsible bidder.
3. The funds appropriated in category (b) of this item shall be allocated for the following:
   (a) Initiation and enhancement of tree breeding projects involving the California Tree Improvement Association (CTIA). The Department of Forestry shall seek the advice of the Technical Committee of the CTIA regarding which projects to support ($50,000).
   (b) Conservation of endangered genetic resource collections of Monterey pine and Monterey cypress in California, and development of a long-term conservation plan for native Monterey cypress and Monterey pine populations. This project will be carried out by an organization that has field and laboratory experience with the genetic resources of these two species; and has control of, or access to, the genetic resource collections of these two species in California ($25,000).
   (c) Forest genetic resources projects of broad interest ($75,000).
4. The funds allocated pursuant to provision 3(c) shall be available for encumbrance in both the 1984–85 and 1985–86 fiscal years.
5. Of the funds allocated in provision 3(c), up to $75,000 shall be available for expenditure in the same proportion that the projects receive up to $225,000 from nonstate sources.
6. If the requirements of provision 5 are met, the projects carried out under provision 3(c) shall be among the following:
   (a) Documentation of nursery and forest practices affecting genetic resources in the western United States and Canada.

Item	Amount
(b) Development of state-of-the-art guidelines for nursery and forest practices affecting genetic resources in the western United States and Canada.	
(c) Projects within the areas ranked as high priorities in a State of California 1983 survey of state forestry agencies, the U.S. Forest Service, industry, conservation organizations, and academics throughout the western United States and Canada.	
The Department of Forestry shall seek advice from representatives of the forestry industry, conservation organizations, the U.S. Forest Service, the National Council on Gene Resources, and academia regarding the quality of the proposed projects.	
3540-001-300—For support of Department of Forestry, Program 12—Resource Management, payable from the Professional Forester Registration Fund	89,000
Provisions:	
1. The funds appropriated by this item are for carrying out the function of forester registration.	
3540-001-890—For support of Department of Forestry, payable from the Federal Trust Fund	2,306,000
Schedule:	
(a) 11-Fire Protection, State Responsibility 1,751,000	
(b) 12-Resource Management 555,000	
3540-001-928—For support of Department of Forestry, Program 12—Resource Management, payable from the Forest Resources Improvement Fund	6,970,000
Provisions:	
1. Of the funds appropriated by this item, $659,000 shall be utilized for the Urban Forestry Program.	
2. Of the funds appropriated by this item, $834,000 shall be utilized for Timber Harvest Plan review activities required by the Forest Practices Act.	
3540-001-940—For support of Department of Forestry, Program 12—Resource Management, payable from the Renewable Resources Investment Fund	834,000
Provisions:	
1. The funds appropriated by this item are for watershed mapping, soil erosion studies, and timber harvest plan review.	
3540-001-965—For support of Department of Forestry, Program 12—Resource Management, payable from the Timber Tax Fund	20,000

Item		Amount
3540-011-928—For transfer to the General Fund, in accordance with subdivision (a) of Section 4799.13 of the Public Resources Code, for the costs of operation of the State forests for the period July 1, 1984 through June 30, 1985, payable from the Forest Resources Improvement Fund		(1,397,000)
3540-301-036—For capital outlay, Department of Forestry, Program 30—Capital Outlay, payable from the Special Account for Capital Outlay		2,636,000
Schedule:		
(1) Minor projects	776,000	
(2) Statewide opportunity purchases	15,000	
(3) Kneeland Helitack Base—acquisition	45,000	
(4) Felton Ranger Unit Headquarters—acquisition	63,000	
(5) Miramonte Conservation Camp—acquisition	9,000	
(6) Redding Forest Fire Station—construct and equip replacement station	1,208,000	
(7) Perris Ranger Unit Headquarters—working drawings, construct and equip replacement auto shop	483,000	
(8) Deluz Forest Fire Station—preliminary plans and working drawings for replacement station	25,000	
(9) Saratoga Summit Forest Fire Station—preliminary plans for apparatus building	12,000	
3540-301-666—For capital outlay, Department of Forestry, Program 30—Capital outlay, payable from the Service Revolving Fund		18,000
Schedule:		
(1) Redding Forest Fire Station—additional working drawings for replacement station	18,000	
3560-001-001—For support of State Lands Commission		11,225,000
Schedule:		
(a) 100000-Personal Services	9,628,000	
(b) 300000-Operating Expenses and Equipment	2,430,000	
(c) Reimbursements	−833,000	
Provisions:		

Item Amount

1. Notwithstanding the provisions of Section 4(d) Chapter 138, Statutes of 1964, 1st Extraordinary Session, all Commission costs for administering Long Beach Tidelands, exclusive of any Attorney General charges, shall be included in revenues deposited into the General Fund pursuant to Public Resources Code Section 6217(a) (2).
2. All costs incurred to manage State School Lands shall be deducted from the revenues produced by those lands and deposited into the General Fund pursuant to Chapter 1213 of the Statutes of 1983.
3. Before any expenditures are made procuring EDP equipment, the State Lands Commission must adhere to all State Administrative Manual requirements relating to EDP, including obtaining Department of Finance approval of a Feasibility Study Report, and any additional requirements which the Department of Finance determines to be necessary, including preparation of a data processing master plan. Additionally, at least 30 days before any expenditures are made for procuring EDP equipment, the Department of Finance shall certify to the Chairperson of the Joint Legislative Budget Committee that all State Administrative Manual requirements have been met and that the system for which the equipment is purchased is both necessary and cost-effective.

3580-001-001—For support of Seismic Safety Commission, Program 10—Seismic Safety 403,000

3600-001-001—For support of Department of Fish and Game, to be transferred to Item 3600-001-200..... 5,800,000

3600-001-140—For support of Department of Fish and Game, to be transferred to Item 3600-001-200, payable from the California Environmental License Plate Fund..... 6,375,000

Provisions:

1. None of the $105,000 appropriated by this item for construction of the Buena Vista Lagoon wier shall be encumbered until (a) all contract engineering work financed by the Coastal Conservancy is completed and (b) 30 days after the Director of Finance notifies the Chairperson of the Joint Legislative Budget Committee, or whatever lesser time the chairperson designates, that the Department of Fish and Game has approved the project. The notification of the

Item Amount

Director of Finance shall include, but need not be limited to, a report by the Department of Fish and Game describing how the project will enhance wetland habitat, as well as providing flood control benefits.

2. $60,000 of the amount appropriated by this item shall be available for encumbrance by the Department of Fish and Game pursuant to a memorandum of understanding with any nonprofit organization authorized by the Fish and Game Commission pursuant to Section 4700 of the Fish and Game Code for research into the causes of mortality of bighorn lambs. The funds shall be encumbered on a matching basis such that $1 of the funds appropriated in this item shall be encumbered for every $2 raised from nonstate sources during the period January 1, 1984, through December 31, 1984, by the nonprofit organization that has entered into the memorandum of understanding with the department. All funds so encumbered shall be expended solely for the direct benefit of bighorn sheep in the State of California. The department may perform whatever audits are necessary to carry out the requirements of this paragraph.

3. $150,000 of the amount appropriated by this item for wildlife habitat improvement on federal lands shall be used by the Department of Fish and Game for a pilot marsh project at the Kern National Wildlife Refuge.

3600-001-200—For support of Department of Fish and Game, payable from the Fish and Game Preservation Fund 52,232,000

Schedule:

(a) 100000-Personal Services	44,246,000
(b) 300000-Operating Expenses and Equipment	37,312,000
(c) Reimbursements	−5,841,000
(d) Amount payable from the General Fund (Item 3600-001-001)	−3,931,000
(dx) Amount payable from the General Fund (Item 3600-011-001)	−1,914,000
(e) Amount payable from the California Environmental License Plate Fund (Item 3600-001-140)	−6,375,000
(f) Amount payable from the Federal Trust Fund (Item 3600-001-890)	−10,130,000

Item Amount

(g) Amount payable from the Renewable Resources Investment Fund (Item 3600-001-940) ..... −1,135,000

Provisions:

1. The amount appropriated by this item may be increased with the approval of and under the conditions set by the Department of Finance to meet current obligations proposed to be funded by categories (c) and (f) of this item. This increased authorization may not be used to expand services or create new obligations.

   Reimbursements received under categories (c) and (f) of this item shall be used in repayment of any funds utilized to meet current obligations pursuant to this provision.

2. Notwithstanding Sections 711 and 712 of the Fish and Game Code, funds appropriated by this item shall be utilized for support of the Sea Otter Research Project because a benefit of this study will be information applicable to the protection of the abalone and clam fisheries.

3. In abolishing the 49 authorized positions pursuant to the Governor's 3 percent reduction in the number of state employees, the department shall not eliminate any warden positions from its Wildlife Protection Program. Funds originally proposed for redirection to increase expenditures for equipment shall instead be utilized to restore the five warden positions scheduled for elimination.

3600-001-890—For support of Department of Fish and Game, to be transferred to Item 3600-001-200, payable from the Federal Trust Fund 10,130,000

3600-001-940—For support of Department of Fish and Game, to be transferred to Item 3600-001-200, payable from the Renewable Resources Investment Fund 1,135,000

3600-011-001—For support of Department of Fish and Game, for the Upper Newport Bay Project, to be transferred to Item 3600-001-200 1,914,000

Provisions:

1. Of the funds provided in this item, an amount not to exceed $87,000 shall be for architectural and engineering services, $170,000 shall be for equipment, and the remaining balance of $1,657,000 shall be for related restoration contract work.

Item		Amount
2. Funds for restoration work shall be subject to allocation by the State Public Works Board, pursuant to Section 13332.11 of the Government Code and Chapter 808 of the Statutes of 1982, except that the Upper Newport Bay restoration project shall be exempt from review by the Office of the State Architect and the board may not augment the amount appropriated for the project.		
3. 75 percent of any federal disaster funds received in 1984–85 by the state for storm damage repairs at Upper Newport Bay, which are included in the scope of "Unit 1" restoration work, shall be used to reduce the amount provided to the department by this item. The balance of any such federal funds shall be used to reduce the required contribution by local agencies to finance their share of "Unit 1" costs in 1984–85.		
3600-301-036—For capital outlay, Department of Fish and Game, payable from the Special Account for Capital Outlay		60,000
Schedule:		
(1) Minor projects	60,000	
3600-301-140—For capital outlay, Department of Fish and Game, payable from the California Environmental License Plate Fund		25,000
Schedule:		
(1) Mad River Hatchery-Fish Screen —preliminary plans and working drawings	25,000	
3600-301-200—For capital outlay, Department of Fish and Game, payable from the Fish and Game Preservation Fund		2,832,000
Schedule:		
(1) Minor projects	443,000	
(2) Project planning	40,000	
(3) Hot Creek Hatchery—modernization (Phase I)	2,150,000	
(4) Amount payable from the Federal Trust Fund (Item 3600-301-890)	−61,000	
(5) Habitat Acquisition	260,000	
(a) China Point, Siskiyou County		
(b) Blue Ridge Ecological Reserve, Tulare County		
(c) Imperial Wildlife Area, Imperial County		

Item		Amount
(d) Soda Lake, San Luis Obispo County		
Provisions:		
1. The Department of Fish and Game may modify the schedule in category (5) to acquire a different parcel if the department deems such a change is in the best interest of the state, provided that the Chairman of the Joint Legislative Budget Committee, or his or her designee, has been provided a 30-day advance review of the proposed change.		
3600-301-890—For capital outlay, Department of Fish and Game, to be transferred to Item 3600-301-200, payable from the Federal Trust Fund		61,000
3640-001-447—For support of Wildlife Conservation Board, payable from the Wildlife Restoration Fund		485,000
Schedule:		
(a) 100000-Personal Services	372,000	
(b) 300000-Operating Expenses and Equipment	113,000	
Provisions:		
1. In the event that Federal Land and Water Conservation Funds are received in reimbursement for administrative costs associated with bond projects, an amount equal thereto from the Wildlife Restoration Fund shall not be utilized for support of the Wildlife Conservation Board.		
2. The Wildlife Conservation Board is hereby authorized to use its existing staff to assist the United States Bureau of Land Management in carrying out exchanges of federal land for privately held lands that complement state efforts to secure suitable habitat for bighorn sheep.		
3640-301-036—For capital outlay, Wildlife Conservation Board, payable from the Special Account for Capital Outlay		1,500,000
Schedule:		
(1) Habitat acquisition-Half Moon Bay	1,500,000	
3640-301-140—For capital outlay, Wildlife Conservation Board, payable from the California Environmental License Plate Fund		3,000,000
Schedule:		
(1) Land acquisition and development—ecological reserves	3,000,000	

Item Amount

Provisions:

1. The funds in category (1) are provided in accordance with the provisions of the Wildlife Conservation Law of 1947 and, therefore, shall not be subject to Public Works Board review.
2. It is the intent of the Legislature that funds appropriated by this item shall be replaced on a dollar-for-dollar basis to the extent possible by Olympic reflectorized license plate revenue deposited in the Environmental License Plate Fund pursuant to Chapter 1289, Statutes of 1983, or subsequently enacted amendments.
3. Of the funds appropriated in this item, $400,000 shall be used for acquisition of and development of ecological reserves for the Greater Sandhill Crane.

3640-301-447—For capital outlay, Wildlife Conservation Board, payable from the Wildlife Restoration Fund, in lieu of the appropriation made by the Wildlife Conservation Law of 1947 3,129,000

Schedule:

(1) Minor projects			715,000
(2) Project planning			20,000
(3) Land acquisitions			1,394,000
(4) Pier development projects			1,000,000
(a) Avila Pier reconstruction		500,000	
(b) Pier 7		500,000	

Provisions:

1. The funds in this appropriation are provided in accordance with the provisions of the Wildlife Conservation Law of 1947 and therefore, shall not be subject to Public Works Board review.
2. If the Department of Finance receives a request from the Wildlife Conservation Board to augment the amount approved in categories (2) to (3), inclusive within the schedule of this item by transfer from one or more of those categories within such schedule, no such transfer shall be approved any sooner than 30 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee, or his or her designee, of the Department's intent to approve the transfer, or not sooner than such lesser time as may be specified by the Chairperson of the Joint Legislative Budget Committee, or his or her designee.

Item		Amount
3. Any savings which remain following completion of any individual project in category (4) may be transferred to any other project in category (4) where additional funds are required to complete the project.		
3680-001-001—For support of Department of Boating and Waterways, to be transferred to Item 3680-001-516		226,000
3680-001-516—For support of Department of Boating and Waterways, payable from the Harbors and Watercraft Revolving Fund		3,164,000
Schedule:		
(a) 100000-Personal Services	2,130,000	
(b) 300000-Operating Expenses and Equipment	1,105,000	
(c) Aquatic Plant Control	150,000	
(d) Feasibility Determinations	20,000	
(e) Boating Safety Financial Assistance	225,000	
(f) Reimbursements	−15,000	
(g) Amount payable from the General Fund (Item 3680-001-001)	−226,000	
(h) Amount payable from the Federal Trust Fund (Item 3680-001-890)	−225,000	
Provisions:		
1. The funds appropriated in category (e) for Boating Safety Financial Assistance shall be expended in accordance with Federal law.		
3680-001-890—For support of Department of Boating and Waterways, to be transferred to Item 3680-001-516, payable from the Federal Trust Fund		225,000
3680-101-001—For Local Assistance, Department of Boating and Waterways, for beach erosion control projects, payable from the General Fund		2,885,000
Schedule:		
(a) Imperial Beach Project—San Diego County	1,355,000	
(b) Pacifica Shore Project—San Mateo County	1,530,000	
Provisions:		
None of the funds appropriated in categories (a) through (b) of this item shall be encumbered by the Department of Boating and Waterways unless and until the department receives a legally binding commitment from a local public agency to provide for at least that portion of the costs of the project as included in the proposed 1984–85 Governor's Budget.		

Item			Amount
3680-101-140—For local assistance, Department of Boating and Waterways, for a beach erosion control project, payable from the Environmental License Plate Fund			275,000
Schedule:			
(a) Robert Crown Park-Alameda County		275,000	
3680-101-516—For local assistance, Department of Boating and Waterways, payable from the Harbors and Watercraft Revolving Fund			18,483,000
Schedule:			
(a) Launching facility grants		3,933,000	
(1) Boyd Pump, Sutter County	115,000		
(2) Clark Springs	342,000		
(3) Crescent City	100,000		
(4) Dana Basin, City of San Diego	320,000

(4) Oceanside Marina	900,000		
(5) Oyster Point Marina	1,000,000		
(6) Pillar Point Marina	2,000,000		

Item		Amount
(7) Planning Loans	100,000	
(8) Santa Barbara Marina	1,600,000	
(9) South Beach, San Francisco	1,500,000	
(10) City of Vallejo	600,000	
(11) Emergency Loans	100,000	
(c) Boating safety and enforcement ..		3,200,000
(d) Boating safety financial assistance		227,000
(e) Amount payable from the Federal Trust Fund (Item 3680-101-890) ..		−227,000

Provisions:

1. The funds appropriated in category (a) are for grants to cities, counties, districts, or other public agencies pursuant to Sections 72.5 and 72.7 of the Harbors and Navigation Code to be used for construction and development of small craft launching facilities and floating restrooms.
2. The funds appropriated in category (b) are for loans to be made to cities, counties, or districts pursuant to Sections 70.2 and 71.4 of the Harbors and Navigation Code, Department of Boating and Waterways.
3. The funds appropriated in category (b) (11) are for allocation by the Director of Finance to provide for repairs, authorized by the Director of Finance, of damage at small craft harbor facilities constructed pursuant to Sections 70.2 and 71.4 of the Harbors and Navigation Code, caused by emergency conditions, including but not limited to tidal waves or severe storms, and for payment of deficiencies in appropriations for the Department of Boating and Waterways which may be authorized by the Director of Finance.
4. No funds appropriated in categories (a) and (b) shall be encumbered or expended unless and until an environmental impact report is completed and approved for the project.
5. The funds appropriated in category (c) are for boating safety and enforcement programs pursuant to Section 663.7 of the Harbors and Navigation Code.
6. The funds appropriated in category (d) for Boating Safety Financial Assistance shall be expended in accordance with Federal law.

Item Amount

7. No funds appropriated in category (b) shall be expended unless and until all project permits from the appropriate state and federal agencies are received, except for those funds that are necessary to obtain project permits.

3680-101-890—For local assistance, Department of Boating and Waterways, to be transferred to Item 3680-101-516, payable from the Federal Trust Fund 227,000

3680-301-516—For capital outlay, Department of Boating and Waterways, payable from the Harbors and Watercraft Revolving Fund 710,000

Schedule:

(1) Project Planning 20,000

(2) Minor projects 690,000

3720-001-001—For support of California Coastal Commission 5,632,000

Schedule:

(a) 100000-Personal Services 4,857,000

(b) 300000-Operating Expenses and Equipment 2,850,000

(c) Reimbursements ..... −40,000

(d) Amount payable from the California Environmental License Plate Fund (Item 3720-001-140) ..... −284,000

(e) Amount payable from the Federal Trust Fund (Item 3720-001-890) .. −1,751,000

Provisions:

1. The commission shall, to the extent legally possible, utilize categorical exclusions, permit exemptions, and administrative permits authorized by Division 20 (commencing with Section 30000) of the Public Resources Code to reduce the commission's regulatory workload and to achieve overall cost savings to the state.
2. The commission shall, to the extent resources are available, undertake efforts to expedite the transfer to local governments of coastal development permit authority pursuant to Division 20 (commencing with Section 30000) of the Public Resources Code by providing training and any other assistance it deems appropriate to assist local governments in the assumption of this coastal permit responsibility.

3720-001-140—For support of California Coastal Commission, to be transferred to Item 3720-001-001, payable from the California Environmental License Plate Fund 284,000

Schedule:

(a) Coastal access projects 200,000

Item		Amount
(b) Coastal Resource Information Center/Guide to Coastal Resources	84,000	
Provisions:		
1. The commission shall endeavor to secure federal funds to support the establishment of the Coastal Resource Information Center and the publication of the Guide to Coastal Resources. If federal funds become available, the commission shall utilize these funds prior to expending the funds appropriated in schedule (b). Not more than $84,000 from all sources shall be expended in 1984–85 for the establishment of the Coastal Resource Information Center and the publication of the Guide to Coastal Resources.		
3720-001-890—For support of California Coastal Commission, to be transferred to Item 3720-001-001, payable from the Federal Trust Fund		1,751,000
3720-101-001—For local assistance, California Coastal Commission		280,000
Schedule:		
(a) Assistance to Local Planning Agencies	419,000	
(b) Amount payable from the Federal Trust Fund (Item 3720-101-890)	−139,000	
Provisions:		
1. The funds appropriated are for coastal planning assistance as provided in Section 16 of Chapter 1330 of the Statutes of 1976, as amended by Section 28 of Chapter 1331 of the Statutes of 1976.		
3720-101-890—For local assistance, California Coastal Commission, for assistance to local planning agencies, to be transferred to Item 3720-101-001, payable from the Federal Trust Fund		139,000
3760-001-140—For support of State Coastal Conservancy, for the artificial seaweed project, to be transferred to Item 3670-001-565, payable from the California Environmental License Plate Fund		355,000
3760-001-565—For support of State Coastal Conservancy, payable from the State Coastal Conservancy Fund		2,246,000
Schedule:		
(a) 100000 Personal Services	1,429,000	
(b) 300000 Operating Expenses and Equipment	1,244,000	
(c) 454632 Preproject feasibility planning	238,000	
(d) Reimbursements	−310,000	

Item Amount

(e) Amount payable from the California Environmental License Plate Fund (Item 3760-001-140) ..... —355,000

3760-301-565—For capital outlay and local assistance, State Coastal Conservancy, payable from the State Coastal Conservancy Fund, for the purposes set forth in subdivisions (a), (b), (c), (d), and (e) of Section 5096.125 of the Public Resources Code..... 1,553,000

Provisions:

1. Expenditures of funds for local assistance grants and grants to nonprofit organizations are exempt from State Public Works Board review.
2. No funds may be encumbered unless and until each project and the plan therefor is approved by the State Coastal Conservancy and, if required, is reviewed, approved, or certified by the California Coastal Commission, pursuant to Section 31152, 31206, 31208, 31213, 31255, 31258, or 31263, or any combination thereof, of the Public Resources Code.
3. Upon the receipt of any federal reimbursement applicable to any of the projects specified, such reimbursement is hereby appropriated for expenditure by the State Coastal Conservancy for the types of projects specified in this item.
4. Priority shall be given to implementation of a program to restore public recreational facilities in major urban areas and to provide and restore low- and moderate-income recreational opportunities, especially recreational piers and wharves, pursuant to Sections 31300 to 31311, inclusive, of the Public Resources Code, with a high priority given to restoration of those piers severely damaged during the 1982–83 winter storms.

3760-490—Reappropriations, State Coastal Conservancy. Notwithstanding any other provisions of law, the unencumbered balances, on the effective date of this act, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in such appropriations, and shall be available for expenditure until June 30, 1985:

721—Parklands Fund

(1) Item 376-101-721, Budget Act of 1981. For local assistance, pursuant to category (2) of subdivision (c) of Section 5096.151 of the Public Resources Code.

Item Amount

Provisions:

1. The funds appropriated in this item shall be used for grants to counties, cities and districts for the acquisition, development, rehabilitation, or restoration of real property, or the acquisition of any interest in real property, necessary for the implementation of local coastal programs; for the implementation of projects in San Francisco Bay, as defined in subdivisions (a) and (b) of Section 31006, of the Public Resources Code.
2. Of the funds appropriated in Item 376-101-721, Budget Act of 1981, an amount not to exceed $248,000 shall be available for the renovation and restoration of the Manhattan Beach Pier.

(2) Item 376-301-721, Budget Act of 1981. For capital outlay, pursuant to category (2) of subdivision (c) of, and subdivision (d) of, Section 5096.151 of the Public Resources Code, payable from the Parklands Fund of 1980.

Provisions:

1. Of the funds appropriated in Item 376-301-721, Budget Act of 1981, an amount not to exceed $1,000,000 is available for implementation of projects in the coastal zone of the Santa Monica Mountains Zone, as described in Section 33105 of the Public Resources Code.
2. Of the funds appropriated in Item 376-301-721, Budget Act of 1981, an amount not to exceed $500,000 is available to implement a public access program at the Hollister Ranch in Santa Barbara County pursuant to Sections 30610.3 and 30610.8 of the Public Resources Code. Notwithstanding the provisions of subdivision (d) of Section 30610.8 of the Public Resources Code, all in-lieu fees received pursuant to Section 30610.8 of the Public Resources Code shall be credited as a reimbursement to the reappropriation made by this category.
3. The expenditures of funds for local assistance grants and grants to nonprofit organizations are exempt from State Public Works Board review.
4. No funds may be encumbered unless and until each project and the plan therefor is approved by the State Coastal Conservancy, and, if required, is reviewed, approved, or certified by the California Coastal Commission, pursuant to Section 31152, 31206, 31208, 31213, 31255, 31258,

Item Amount

or 31263, or any combination thereof, of the Public Resources Code.

5. Upon the receipt of any federal reimbursement applicable to any of the projects specified, such reimbursement is hereby appropriated for expenditure by the State Coastal Conservancy for the types of projects specified in this item.
6. Priority shall be given to implementation of a program to restore public recreational facilities in major urban areas and to provide and restore low- and moderate-income recreational opportunities, especially recreational piers and wharves, pursuant to Sections 31300 to 31311, inclusive, of the Public Resources Code, with a high priority given to restoration of those piers severely damaged during the 1982–83 winter storms.

(3) Item 3760-101-721, Budget Act of 1982. For local assistance, pursuant to category (2) of subdivision (c) of Section 5096.151 of the Public Resources Code.

Provisions:

1. The funds appropriated in this item shall be used for grants to counties, cities and districts for the acquisition, development, rehabilitation, or restoration of real property, or the acquisition of any interest in real property, necessary for the implementation of local coastal programs; for the implementation of projects in San Francisco Bay, as defined in subdivisions (a) and (b) of Section 31006, of the Public Resources Code.

3790-001-001—For support of Department of Parks and Recreation 66,355,000

Schedule:

(a) 100000-Personal Services	74,943,000
(b) 300000-Operating Expenses and Equipment	30,779,000
(bx) Special Item of Expense-Rehabilitation of camping facilities	200,000
(c) Reimbursements	−6,749,000
(d) Amount payable from the Off-Highway Vehicle Fund (Item 3790-001-263)	−4,068,000
(e) Amount payable from the State Parks and Recreation Fund (Item 3790-001-392)	−26,930,000

Item	Amount
(f) Amount payable from the Harbors and Watercraft Revolving Fund (Item 3790-001-516)	−280,000
(g) Amount payable from the Federal Trust Fund (Item 3790-001-890)	−1,440,000
(h) Amount payable from the California Environmental License Plate Fund (Item 3790-001-140)	−100,000

Provisions:

1. Contracts for outside legal services related to land acquisition projects are exempt from approval by the Attorney General. The fees for those services shall not exceed the amount of fees normally charged by the Attorney General.
2. Of the $700,000 appropriated in this item for the State Capitol interpretive program, $400,000 shall be used for support of the Capitol and Capitol tour guide program in cooperation with the Joint Rules Committee.

3790-001-140—For support of Department of Parks and Recreation, to be transferred to Item 3790-001-001, payable from the California Environmental License Plate Fund	100,000
3790-001-263—For support of Department of Parks and Recreation, to be transferred to Item 3790-001-001, payable from the Off-Highway Vehicle Fund	4,068,000
3790-001-392—For support of Department of Parks and Recreation, to be transferred to Item 3790-001-001, payable from the State Park and Recreation Fund	26,930,000
3790-001-516—For support of Department of Parks and Recreation, to be transferred to Item 3790-001-001, payable from the Harbors and Watercraft Revolving Fund	280,000

Provisions:

1. The funds appropriated in this item are pursuant to subdivision (d) of Section 663.7 of the Harbors and Navigation Code, Harbors and Watercraft Revolving Fund.

3790-001-890—For support of Department of Parks and Recreation, to be transferred to Item 3790-001-001, payable from the Federal Trust Fund	1,440,000

3790-011-062—For transfer by the State Controller from the Highways Users Tax Account in the Transportation Tax Fund to the State Parks and Recreation Fund, as prescribed by subdivision (a) of Section 2107.7 of the Streets and Highways Code for the support of the Department of Parks and Recreation, for expenditure by the department for main-

Item		Amount
tenance and repair of highways in units of the State park systems; payable from the Highway Users Tax Account, Transportation Tax Fund		(1,500,000)
3790-101-036—For local assistance, Department of Parks and Recreation, payable from the Special Account for Capital Outlay		256,000
Schedule:		
(1) Urban Fishing Grants-Evans Lake	256,000	
3790-101-140—For local assistance, Department of Parks and Recreation, payable from the California Environmental License Plate Fund		1,510,281
Schedule:		
(1) Cities of Brea, Fullerton, and Placentia, Tri-City Park	755,281	
(3) Greater Vallejo Recreation District, Blue Rock Springs Park	300,000	
(4) City of Berkeley, Echo Lake Environmental Center and Cazadero Music and Arts Center	180,000	
(5) City of Sacramento, Sacramento History Center	275,000	
3790-101-263—For grants to cities, counties, or special districts, and for cooperative agreements with federal agencies, as specified in Division 5 (commencing with Section 5001) of the Public Resources Code, Department of Parks and Recreation, payable from the Off-Highway Vehicle Fund, to be available for expenditure during the 1984–85, 1985–86, and 1986–87 fiscal years		5,030,000
Schedule:		
(2) County of Placer, Rubicon Road Access	170,000

(10) Hearst San Simeon SHM—climate control study		81,000
(11) Hearst San Simeon SHM—continuing restoration.....		705,000
(12) Henry W. Coe SP—acquisition and development.....		300,000
(13) Humboldt Redwoods SP—working drawings and construct bank protection		950,000
(14) Indio Hills Palms—acquisition		410,000
(16) Malakoff Diggins SHP—sediment runoff study		75,000
(17) Minor projects		3,370,000
(a) Handicapped retrofit	200,000	
(b) Enroute camping	100,000	
(c) Retrofit visitor services facilities ..	200,000	
(d) Statewide minor projects.....	2,000,000	
(f) Natural systems rehabilitation	770,000	
(g) Energy conservation retrofits	100,000	
(18) Mokelumne River Project—acquisition		175,000
(18.5) Motion Picture Museum-site selection study		100,000
(19) Mt. San Jacinto—acquisition.....		570,000
(20) Pfeiffer Big Sur Project—working drawings and construct sewage treatment improvements.....		220,000
(23) San Diego Coast SB—construct day use parking and rehabilitation		1,768,000
(24) San Mateo Coast SB—construct access improvements		932,000

Item		Amount
(24.5) Santa Monica Mountains Area-acquisition		9,000,000
(27) Statewide storm damage repairs		1,030,000
(28) Statewide pier inspections—working drawings and emergency repairs		100,000
(29) Statewide replacement or rehabilitation of existing facilities		2,475,000
(a) San Clemente Campground-rehabilitation of campground	1,521,000	
(b) Manresa SB-repair and resurface parking lot	639,000	
(c) El Capitan SB-replacement of water lines	110,000	
(d) Van Damme SB-replacement of water lines	205,000	
(30) Woodson Bridge SRA—erosion control study		12,000

Provisions:

1. None of the funds appropriated for acquisition of parklands in this item shall be expended on the purchase of real property until the State Public Works Board has determined that the procedures and criteria established by the Attorney General relating to implied dedication and public prescriptive rights or claims have been complied with in the investigations and appraisals of the Department of General Services. All material relating to implied dedication and public prescriptive rights or claims shall be retained in the files of the Department of General Services and shall be available for postaudit on a selective basis by the Attorney General.
2. None of the funds appropriated in category (18) of this item for the acquisition of lands for inclusion in the Mokelumne River Project shall be encumbered unless and until an agreement is entered into with the U.S. Bureau of Land Management, or any other nonstate agency or department, for that nonstate entity to operate and maintain the project at no additional cost to the state.

Item Amount

4. Prior to approving preliminary plans for Phase II of the Ano Nuevo project which is funded in category (2), the State Public Works Board shall determine the amount of savings resulting from the construction bid award for Phase I of the project (funded by Item 3790-301-721(q) of the Budget Act of 1983) and shall transfer the savings to the unappropriated surplus of the Parklands Fund of 1980, pursuant to Section 16351.5 of the Government Code.
5. Funds appropriated in Category (5) for acquisitions as additions to the Chino Hills State Park shall be encumbered subject to the following conditions:
   (a) The Shell Oil property which the state has an option to purchase for $2.55 million shall be the first priority for acquisition by the Department of Parks and Recreation.
   (b) A portion of the property commonly known as the Rimpau parcel, which the state has an option to purchase, shall be the second priority for acquisition by the Department of Parks and Recreation. However, a maximum of $2 million shall be expended from this item to purchase that portion of the option lands consisting of approximately 300 acres of land directly contiguous with existing state ownership, shown as parcels numbers 6, 7, 8 on the Department of Parks and Recreation acquisition drawing number 17539. If the owner has not reached agreement with the Department of Parks and Recreation on the basis of terms specified in this section by November 1, 1984, funds that would have been available for the acquisition of the property are hereby reappropriated for the acquisition of properties commonly known as Chevron, Lamb, Hobbs, Brown, or any other high priority property in the Chino Hills project area.
6. The funds provided in category (9.5) for Gilroy Hot Springs shall be effective only if the California Park and Recreational Facilities Act of 1984 is not approved by the electorate during the 1984 calendar year or only if the provisions of Item 3790-301-722 do not become operative. If that Bond Act is approved, and the provisions of Item 3790-301-722 become operative, the State

Item Amount

Public Works Board shall revert the funds provided in this category.

7. Funds appropriated in category (24.5) for acquisition of lands in the Santa Monica Mountains Area shall be limited to $9 million and, notwithstanding Section 16352 of the Government Code, shall not be augmented.

3790-301-140—For capital outlay, Department of Parks and Recreation, payable from the California Environmental License Plate Fund 526,000

Schedule:

(1)	Kings Beach SRA—facility improvements	286,000
(2)	South Yuba Independence Trail—acquisition	240,000

3790-301-263—For capital outlay, Department of Parks and Recreation, payable from the Off-Highway Vehicle Fund 4,914,000

Schedule:

(1)	Carnegie SVRA—construct initial development	2,893,000
(3)	Ocotillo Wells SVRA—construct initial development	1,584,000
(4)	Minor projects	327,000
(5)	Preliminary planning	10,000
(6)	Opportunity purchases	100,000

Provisions:

1. Funds appropriated in category (6) for opportunity purchases are available for acquisition of lands contiguous to lands of the State Vehicular Recreation Area and Trail System from willing sellers only. No funds for an opportunity acquisition may be encumbered until the specific acquisition has been approved by the Off-Highway Motor Vehicle Recreation Commission.
2. Prior to Public Works Board approval of the preliminary plans for the Carnegie SVRA Initial Development Project, the board shall ascertain all of the following:
   (a) That the department has secured input from an advisory committee composed of local landowners and off-highway vehicle enthusiasts.
   (b) That adequate protection against brush fires has been included in the preliminary plans.
   (c) That overnight facilities are included in the

Item Amount

preliminary plans, only if there are provisions for 24-hour staffing for the park.

(d) That adequate protection for erosion control shall be included in the preliminary plans for the project. The soil conservation service shall be consulted in developing an erosion control plan.

(e) That provisions for mesh net fencing along the perimeter boundary of the unit have been included in the preliminary plans for the project.

PARKLANDS FUND OF 1980

PROGRAM

3790-301-721—For capital outlay, Department of Parks and Recreation, payable from the Parklands Fund of 1980 1,876,000

Schedule:

(1) Design and construction planning 1,876,000

PARKLANDS ACQUISITION AND DEVELOPMENT PROGRAM OF 1984

3790-301-722—For capital outlay, Department of Parks and Recreation, payable from the Parklands Fund of 1984 14,911,000

Schedule:

(1) Gilroy Hot Springs—acquisition ..		2,000,000
(2) Cascade Ranch—acquisition		6,000,000
(3) Candlestick Point State Recreation Area—working drawings and construct day-use, parking and landscaping		1,660,000
(6) Colonel Allensworth SHP—building reconstruction		200,000
(9.7) Governor's Mansion—restoration and renovation		400,000
(22) Preliminary planning		125,000
(25) Seccombe Lake SURA—phase II development		3,176,000
(26) Statewide acquisition costs		1,100,000
(a) Acquisition costs ..	115,000	
(b) Prebudget appraisals	95,000	
(c) In-holdings.....	320,000	
(d) Opportunity purchases	570,000	

Item Amount

(27.5) Little Franks Tract SRA—storm damage repair 250,000

Provisions:

1. None of the funds appropriated for acquisition of parklands in this item shall be expended on the purchase of real property until the State Public Works Board has determined that the procedures and criteria established by the Attorney General relating to implied dedication and public prescriptive rights or claims have been complied with in the investigations and appraisals of the Department of General Services. All material relating to implied dedication and public prescriptive rights or claims shall be retained in the files of the Department of General Services and shall be available for postaudit on a selective basis by the Attorney General.
2. Notwithstanding Section 2.00 of this act, funds, appropriated in category (26) for acquisition costs, prebudget appraisals, in-holding and opportunity purchases shall be available for expenditure only during the 1984–85 fiscal year.
3. None of the funds appropriated in category (25) for Seccombe Lake State Urban Recreation Area may be encumbered until the Department of Parks and Recreation revises the general development plan for this park and approves a final general development plan that can be fully implemented without additional state funds for acquisition or development beyond the amounts appropriated in this item and in prior outstanding appropriations.

   It is the intent of the Legislature that the funds provided in this item shall be the final state allocation for acquisition or development at Seccombe Lake SURA and that no additional state funds shall be provided for acquisition or development at that unit.
4. No funds appropriated pursuant to category (27.5) for the repair of levees at Little Franks Tract shall be available for expenditure until all funds provided by the Federal Emergency Management Agency for the 1984–85 fiscal year for the repair of Little Franks Tract levees have been encumbered.

Item Amount

RECREATION AND FISH AND WILDLIFE ENHANCEMENT FUND

3790-301-728—For capital outlay, Department of Parks and Recreation, payable from the Recreation and Fish and Wildlife Enhancement Fund 750,000
Schedule:

(8) Item 379-301-392(aa), Budget Act of 1981, Relocation Expenses.

(9) Item 3790-301-392(f), Budget Act of 1982, Minor Projects.

(10) Item 3790-301-392(j), Budget Act of 1982, Statewide—working drawings and construct storm damage.

721—Parklands Fund of 1980:

(1) Item 379-301-721(f-3), Budget Act of 1981, Minor Projects: volunteer projects.

(2) Item 379-301-721(b), Budget Act of 1981, Humboldt Lagoons—acquisition.

(3) Item 379-301-721(j), Budget Act of 1981, Chino Hills Project—acquisition.

(4) Item 379-301-721(*l*), Budget Act of 1981, Mount Diablo—acquisition.

(6) Item 379-301-721(r), Budget Act of 1981, Angel Island SP—construction of day-use facilities.

(7) Item 3790-301-721(d), Budget Act of 1982, Bidwell River Park—acquisition.

(8) Item 3790-301-721(g), Budget Act of 1982, El Presidio de Santa Barbara—acquisition.

Item Amount

(9) Item 3790-301-721 (*l*), Budget Act of 1982, Indio Hills Palms—acquisition.

(10) Item 3790-301-721 (t), Budget Act of 1982, San Pedro Beach—acquisition.

(11) Item 3790-301-721 (v), Budget Act of 1982, Santa Susana Mountains Project—acquisition.

(12) Item 3790-301-721 (w-4), Budget Act of 1982, Minor Projects: Volunteer Projects.

(13) Item 3790-301-721 (cc), Budget Act of 1982, Chino Hills Project—acquisition.

(14) Item 3790-301-721 (nn), Budget Act of 1982, Chino Hills Project—acquisition.

(15) Item 3790-301-721 (zz), Budget Act of 1982, South Monterey Bay Dunes—acquisition.

(16) Item 3790-301-721 (f), Budget Act of 1983, Statewide—preliminary planning.

(17) Item 3790-301-721 (m-1), Budget Act of 1983, Minor Projects: Handicap Retrofit.

(19) Item 3790-301-721 (m-3), Budget Act of 1983, Minor Projects: Environmental Camping.

(21) Item 3790-301-721 (n), Budget Act of 1983, Design and Construction Planning.

(21.1) Item 3790-301-721 (h), Budget Act of 1983, San Diego Coast SB—working drawings and construct day use parking and rehabilitation, except that the amount reverted shall be $525,000.

728—Recreation and Fish and Wildlife Enhancement Fund:

(1) Item 3790-301-728 (a), Budget Act of 1983, Design and Construction Planning.

732—State Beach, Park, Recreational, and Historical Facilities Fund of 1964:

(1) Item 3790-301-732 (a), Budget Act of 1983, Design and Construction Planning.

733—State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974:

(1) Item 435 (g), Budget Act of 1977, Fort Ross SHP—Kuskov House restoration, interpretation, archaeology.

(2) Item 435 (q), Budget Act of 1977, Topanga SP —trails, sanitary facilities, parking, working drawings, and construction.

(3) Item 503 (*l*), Budget Act of 1978, San Juan Bautista SHP—Plaza Hotel restoration.

(4) Item 578 (b), Budget Act of 1980, Angel Island —sewer construction.

Item Amount

(5) Item 3790-301-733(b), Budget Act of 1983, Old Sacramento SHP—planning for a new orientation film at the State Railroad Museum.

(6) Item 3790-301-733(c), Budget Act of 1983, Design and Construction Planning.

742—State Urban and Coastal Park Fund:

(2) Item 585(n), Budget Act of 1980, El Capitan SB—land acquisition.

(3) Item 3790-301-742(a), Budget Act of 1983, project planning and design.

(4) Item 3790-301-742(d), Budget Act of 1983, California Agricultural Museum—study.

952—State Park Contingent Fund:

(1) Item 3790-301-952(c), Budget Act of 1982, Jedediah Smith Redwoods SP.

3790-496—Reversion, Department of Parks and Recreation. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the fund from which the appropriation was made.

263—Off-Highway Vehicle Fund:

(1) Chapter 759, Statutes of 1979, Riverside County, De Anza Cycle Park.

(2) Item 235.2(a), Budget Act of 1979. U.S. Forest Service, Los Padres National Forest OHV Facilities.

(3) Item 235.2(b), Budget Act of 1979. Bureau of Land Management, Bakersfield District OHV Facilities.

(4) Item 235.2(c), Budget Act of 1979. Bureau of Land Management, Inter-District OHV Facilities.

(5) Item 235.2(d), Budget Act of 1979. Bureau of Land Management, Riverside District OHV Facilities.

(6) Item 235.2(e), Budget Act of 1979. Bureau of Land Management, Folsom District OHV Facilities.

(7) Item 260.1(g), Budget Act of 1980. City of Marysville, Riverfront Off-Highway Vehicle Park.

(8) Item 260.1(i), Budget Act of 1980. U.S. Forest Service, Lake Tahoe Basin Management Unit, OHV Facilities.

(9) Item 260.1(j), Budget Act of 1980. U.S. Forest Service, Inyo National Forest OHV Facilities.

Item Amount

(10) Item 260.1 (k), Budget Act of 1980. U.S. Forest Service, El Dorado National Forest OHV Facilities.

(11) Item 260.1 (*l*), Budget Act of 1980. U.S. Forest Service, Sierra National Forest OHV Facilities.

(12) Item 260.1 (o), Budget Act of 1980. Bureau of Land Management, Folsom District OHV Facilities.

(13) Item 260.1 (p), Budget Act of 1980. Bureau of Land Management, Bakersfield District OHV Facilities.

(14) Item 260.1 (r), Budget Act of 1980. Bureau of Land Management, Riverside District OHV Facilities.

(15) Item 3790-101-263 (b), Budget Act of 1982. County of Los Angeles, Baldwin Park OHV Park.

(16) Item 3790-101-263 (d), Budget Act of 1982. City of Porterville, Porterville Regional OHV Park.

721—Parklands Fund of 1980:

(1) Item 379-101-721 (c) (278.15), Budget Act of 1981, County of Orange, Montecito Community Center.

(2) Item 379-101-721 (c) (359), Budget Act of 1981, City of Upland, Eleventh Street Park.

(3) Item 379-101-721 (c) (366), Budget Act of 1981, City of Lemon Grove, Eppick Park.

(4) Item 379-101-721 (c) (476.2), Budget Act of 1981, City of Modesto, Roselle Neighborhood Park.

(5) Item 3790-101-721 (b) (42), Budget Act of 1983, City of Garden Grove, Parks Rehabilitation.

(6) Item 379-101-721 (c) (28), Budget Act of 1981, Hayward Area Recreation and Park District, Tenneyson Swim Center.

(7) Item 379-101-721 (c) (115), Budget Act of 1981, Westside Recreation and Park District, Main Street Recreation Center.

(8) Item 379-101-721 (c) (178), Budget Act of 1981, County of Los Angeles, Malibu Beaches.

(9) Item 379-101-721 (c) (186), Budget Act of 1981, City of Maywood, Maywood Park.

(10) Item 379-101-721 (c) (195), Budget Act of 1981, City of Pasadena, Allendale Park.

(11) Item 379-101-721 (c) (201), Budget Act of 1981, City of Rosemead, Zapopan Center.

Item Amount

(12) Item 379-101-721 (c) (360.3) Budget Act of 1981, Hesperia Recreation and Park District, Hesperia High School Park.
(13) Item 379-101-721 (c) (343), Budget Act of 1981, City of Ontario, Colony Park.
(14) Item 379-101-721 (c) (344), Budget Act of 1981, City of Ontario, DeAnga Park.
(15) Item 379-101-721 (c) (506), Budget Act of 1981, County of Ventura, Oakbrook Regional Park.
(16) Item 3790-101-721 (b) (70), Budget Act of 1982, City of Fullerton, West Coyote Hills Park.
(17) Item 3790-101-721 (b) (122), Budget Act of 1982, City of Capitola, Noble Gulch Park.
(18) Item 3790-101-721 (b) (127), Budget Act of 1982, County of Santa Cruz, Veteran's Memorial Building.
(19) Item 3790-101-721 (b) (64), Budget Act of 1983, City of Santa Barbara, Skofield Park.

742—State, Urban, and Coastal Park Fund:
(1) Item 3790-101-742 (10), Budget Act of 1983, City of Walnut, Butterfield Park.

3810-001-001—For support of Santa Monica Mountains Conservancy 279,000

Schedule:

(a) 100000-Personal Services	323,000
(b) 300000-Operating Expenses and Equipment	282,000
(c) Amount payable from the Santa Monica Mountains Conservancy Fund (Item 3810-001-941)	−211,000
(d) Amount payable from the Special Account for Capital Outlay (Item 3810-301-036)	−100,000
(e) Amount payable from the Parklands Fund of 1984 (Item 3810-301-722)	−15,000

Provisions:

1. The Santa Monica Mountains Conservancy shall include in each contract transferring title of state property to the National Park Service a provision which assures that the property will be operated and maintained in a manner suitable for public park and recreational use.

3810-001-941—For support of the Santa Monica Mountains Conservancy, to be transferred to Item 3810-001-001, payable from the Santa Monica Mountains Conservancy Fund 211,000

Item		Amount
3810-301-036—For capital outlay and local assistance, Santa Monica Mountains Conservancy, payable from the Special Account for Capital Outlay, General Fund		5,000,000
Schedule:		
(a) Arroyo Sequit Ranch—Acquisition	1,650,000	
(b) Lower Corral Canyon—Acquisition	2,700,000	
(c) Capital Outlay and Local Assistance Grants pursuant to Division 23 of the Public Resources Code	550,000	
(d) Project planning and design, to be transferred to Item 3810-001-001	100,000	

Provisions:

1. The Conservancy may transfer funds between categories (a) and (b), and from category (c) to augment categories (a) and (b), not sooner than 30 days following notification in writing by the Director of Finance to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the joint committee, or his or her designee, may determine.
2. In the event that the Conservancy finds that a project in category (a) or (b) can be completed for less than the anticipated amounts, or cannot be completed, funds may be redirected to other projects, not sooner than 30 days following notification in writing by the Director of Finance to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the joint committee, or his or her designee, may determine.

PARKLANDS ACQUISITION AND DEVELOPMENT PROGRAM OF 1984

3810-301-722—For capital outlay, Santa Monica Mountains Conservancy, payable from the Parklands Fund of 1984		2,285,000
Schedule:		
(e) Deer Creek Ranch—Acquisition	2,285,000	
3810-301-941—For capital outlay and local assistance grants, payable from the Santa Monica Mountains Conservancy Fund		700,000

Item		Amount
Schedule:		
(a) Capital Outlay and grants pursuant to Division 23 of the Public Resources Code	700,000	
Provisions:		
1. An amount not to exceed $60,000 shall be transferred to Item 3810-001-001 to provide for project planning and design costs associated with this item. This amount shall be transferred not sooner than 30 days following notification in writing by the Director of Finance to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee, or a lesser time as designated by the chairperson of the joint committee, or his or her designee, may determine.		
3820-001-001—For support of San Francisco Bay Conservation and Development Commission		1,067,000
Schedule:		
(a) 100000-Personal Services	900,000	
(b) 300000-Operating Expenses and Equipment	342,000	
(c) Reimbursements	−175,000	
3860-001-001—For support of Department of Water Resources		22,438,000
Schedule:		
(a) 10-Continuing Formulation of the California Water Plan	11,419,000	
(b) 20-Implementation of the State Water Resources Development System	270,000	
(c) 30-Public Safety and Prevention of Damage	13,604,000	
(d) 40-Services	3,848,000	
(e) 50.01-Management and Administration	23,687,000	
(f) 50.02-Distributed Management and Administration	−23,687,000	
Reimbursements	−6,703,000	
Provisions:		
1. The amounts appropriated in Items 3860-001-001 to 3860-001-940, inclusive, shall be transferred to the Water Resources Revolving Fund (691) for direct expenditure in such amounts as the Department of Finance may authorize, including cooperative work with other agencies. The money so transferred shall be placed in a special		

Item Amount

account in that fund and shall not be available for expenditure after June 30, 1985. Any unencumbered balances shall be returned to the appropriate funds as of June 30, 1985. Expenditures for technical services and general management charged to programs from all support appropriations for the Department of Water Resources in this act shall not exceed $16,820,000 and $9,541,000, respectively, without prior approval of the Department of Finance.

3. Of the $200,000 appropriated by this item in Program 10 for Urban Landscaping Water Conservation, first priority shall be given to contracts with other state agencies for this program activity. The Department of Finance may transfer any of the remaining funds to Item 3860-101-001 for the purpose of making local assistance grants available for this water conservation activity.
4. Notwithstanding provisions of Chapter 40 of the Statutes of 1983, $212,000 of the amount appropriated under category (c) of this item shall be expended as needed by the Department of Water Resources for the control and removal of flood waters at Lake Elsinore during 1984–85.

3860-001-140—For support of Department of Water Resources, Program 10—Continuing Formulation of the California Water Plan, payable from the California Environmental License Plate Fund 1,038,000

Provisions:

1. Provision 1 of Item 3860-001-001 shall also be applicable to this item.

3860-001-890—For support of Department of Water Resources, payable from the Federal Trust Fund 549,000

Schedule:

(a) 10-Continuing Formulation of the California Water Plan	231,000
(b) 30-Public Safety and Prevention of Damage	266,000
(c) 40-Services	52,000

Provisions:

1. Provision 1 of Item 3860-001-001 shall also be applicable to this item.

3860-001-940—For support of Department of Water Resources, Program 10—Continuing Formulation of the California Water Plan, payable from the Renewable Resources Investment Fund 402,000

Provisions:

1. Provision 1 of Item 3860-001-001 shall also be applicable to this item.

Item Amount

3860-101-001—For local assistance, Department of Water Resources, Program 30—Public Safety and Prevention of Damage 18,200,000

Provisions:

1. For expenditure by the Department of Water Resources, in accordance with Chapter 1 (commencing with Section 12570), 2 (commencing with Section 12639), 3 (commencing with Section 12800), 3.5 (commencing with Section 12840), and 4 (commencing with Section 12850) of Part 6 of Division 6 of the Water Code, for payment of, and for reimbursement for necessary advances made for, the cost of cooperation by the state for major flood control projects adopted by the Legislature, for small flood control projects approved under Section 12750 of the Water Code, and for watershed protection and flood prevention projects as authorized pursuant to Chapter 4 (commencing with Section 12850) of Part 6 of Division 6 of the Water Code, and administrative costs.
2. The funds appropriated by this item are available only for payment of claims for reimbursement which have been audited by the Controller's office or for partial payment (90 percent of the amount recommended by the Department of Water Resources) of claims for reimbursement which have been under review for nine months. No expenditures shall be made until the local organizations give assurances that they will maintain and operate the projects after completion in a manner which will accomplish the purposes for which the projects were authorized and constructed and as may be required by the federal agencies concerned and the Department of Water Resources, and that the local organizations will hold and save the State of California free from damages or claims due to the construction, installation, or operation of the project.

3860-301-001—For Capital Outlay, Department of Water Resources 250,000

Schedule:

(a) San Joaquin River Channel Project 250,000

Item Amount

Provisions:

1. The funds appropriated in this item shall be expended only if AB 3397 is chaptered during the 1983–84 Regular Session and there is an appropriation of federal funds for this project.

3860-301-036—For capital outlay, Department of Water Resources, payable from the Special Account for Capital Outlay 4,460,000

Schedule:

(1) Minor Projects
  (a) Knights Landing Outfall Gates 75,000
(2) Sacramento-San Joaquin River Bank Protection Program 2,150,000
(3) Fairfield Stream Group Project.... 2,235,000

Provisions:

1. The amount appropriated in category (2) of this item is for acquisition of land, easements and rights-of-way, including but not limited to, borrow pit, spoil areas and easements for levees, clearing, flood control works and flowage, and for appraisals, surveys, and engineering studies necessary for the completion or operation of the projects in the Sacramento and San Joaquin watersheds as authorized by Section 8617.1 and Chapters 1 (commencing with Section 12570), 2 (commencing with Section 12639), 3 (commencing with Section 12800), 3.5 (commencing with Section 12840), and 4 (commencing with Section 12850) of Part 6 of Division 6 of the Water Code; and for advances to the federal government or payments to the federal government or others for incidental construction or reconstruction items which are an obligation of the state in connection with the completion or operation of the following projects and for materials and necessary construction, reconstruction, relocation, or alterations to highways, railroads, bridges, powerlines, communication lines, pipelines, irrigation works and other structures and facilities and for appraisals, surveys, and engineering studies incidental thereto.
2. Of the funds appropriated in project (a) of category (1) of this item, $18,000 shall be for the support of 0.2 personnel years.

Item Amount

3. Notwithstanding the provisions of Section 2.00, the amounts appropriated in categories (2) and (3) of this item shall be available for expenditure only during the 1984–85 fiscal year.

3860-495—Reversion, Department of Water Resources. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the fund from which the appropriation was made.

742—State, Urban and Coastal Park Fund.

(1) Item 3860-301-742(b), Budget Act of 1982, Oroville Wildlife Area—land acquisition.

3940-001-001—For support of State Water Resources Control Board 17,243,000

Schedule:

(a) 10-Water Quality	15,777,000
(b) 20-Water Rights	6,083,000
(c) 30.01-Administration	3,849,000
(d) 30.02-Distributed Administration	−3,849,000
(e) Reimbursements	−4,617,000

Provisions:

1. Before any expenditures are made to expand or enhance the AWRIS project the State Water Resources Control Board must adhere to all State Administrative Manual requirements relating to EDP, including obtaining Department of Finance approval of a Feasibility Study Report, a Critical Design Review and any additional requirements which the Department of Finance determines to be necessary. In addition, the $317,000 budgeted for enhancement of the AWRIS project may be encumbered not sooner than 30 days after the Department of Finance has provided the Joint Legislative Budget Committee with an approved feasibility report in support of further automation, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.
2. $110,000 of the amount appropriated for category (a) 10-Water Quality shall be used for the implementation of SB 2193 of the 1983–84 Regular Session if the bill is enacted into law.
3. $800,000 of the funds appropriated by this item shall be used to establish positions in the Regional Water Control Boards on or after January 1, 1985, according to the following schedule:
   (a) 23 positions for waste discharge orders.
   (b) 9 positions for fee collection.

Item Amount

4. By November 1, 1984, the State Board shall submit a detailed work plan for each of the Regional Water Quality Control Boards to the Joint Legislative Budget Committee. Each work plan shall include workload standards for all major regulatory activities relating to:
   (a) The update or revision of all waste discharge requirements that are more than five years old and the update of requirements for high-priority facilities.
   (b) The issuance of waste discharge requirements to all facilities which treat, store or dispose of hazardous wastes.
   (c) The review and analysis of self-monitoring reports.
   (d) The development of inspection guidelines, a three-year inspection schedule, and detailed procedures for following up on violations discovered during inspections.
   (e) Procedures for responding to complaints and tips about illegal discharges of pollutants.
   (f) Investigation of toxic dump sites which are suspected sources of groundwater resulting from the production, use and disposal of toxic substances.
   (g) The identification and mitigation of all major threats to groundwater resulting from the production, use and disposal of toxic substances.
   (h) The supervision of all major cleanup projects at hazardous waste sites for which the regional board has the lead responsibility.
5. Expenditure of the funds specified in Provision 3, shall occur not sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.
6. $80,000 of the funds appropriated by this item shall be transferred to the Commission on Government Organization and Economy for an independent study on how to eliminate the overlapping responsibilities of the Department of Health Services and the Regional Water Qual-

Item Amount

ity Control Boards in the regulation of hazardous waste facilities. The commission shall develop specific recommendations to classify the respective responsibilities of the two agencies, eliminate duplication in permitting, inspections, enforcement and cleanup of hazardous waste sites, and ensure that both regulatory programs are primarily fee supported.

3940-001-014—For support of State Water Resources Control Board, Program 10—Water Quality, payable from the Hazardous Waste Control Account, General Fund 2,362,000

Provisions:

1. $2,000,000 of the funds appropriated shall be used to establish positions in the Regional Water Quality Control Boards on or after January 1, 1985, according to the following schedule:
   (a) 18 positions for waste discharge orders.
   (b) 35 positions for inspections.
   (c) 9 positions for enforcement.
   (d) 18 positions for the toxics program.
2. Expenditure of the funds identified by Provision 1 shall occur no sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

3940-001-140—For support of State Water Resources Control Board, Program 10—Water Quality, payable from the Environmental License Plate Fund 135,000

3940-001-475—For support of State Water Resources Control Board, Program 10-Water Quality, payable from the Underground Storage Tank Fund 601,000

Provisions:

1. Pursuant to Subdivision (b) of Section 25283.3 of the Health and Safety Code, the Legislature hereby determines that the surcharge to be included in the fee paid to a local agency by each person who submits an application for a permit to operate an underground storage tank shall be $28 per tank, during the 1984–85 fiscal year. This surcharge shall be transmitted to the State Water Resources Control Board and deposited in this Underground Storage Tank Fund.

Item Amount

2. Pursuant to subdivision (b) of Section 25283.3 of the Health and Safety Code, the Legislature hereby determines that the surcharge to be included in the fee paid to a local agency by each person who submits an application for a permit to operate an underground storage tank shall be $69 per tank, during the 1984–85 fiscal year. However, if legislation is enacted during the 1983–84 Regular Session which eliminates the surcharge exemption status for localities which adopted ordinances prior to January 1, 1984, or changes the date by which localities must have adopted their ordinances from January 1, 1984, to July 1, 1983, the amount of the surcharge shall be $28 per tank. If such legislation is enacted during the 1983–84 Regular Session, the $28 surcharge shall apply to all tanks permitted during the 1984–85 fiscal year, except in any locality which may still be exempt from the surcharge under the terms of such legislation. Any person who has already paid the $69 surcharge shall be refunded the difference of $41. This surcharge shall be transmitted to the State Water Resources Control Board and deposited in the Underground Storage Tank Fund.

3940-001-476—For support of State Water Resources Control Board, Program 10—Water Quality, payable from the Underground Container Inventory Account, General Fund 617,000

3940-001-890—For support of State Water Resources Control Board, Program 10—Water Quality, payable from the Federal Trust Fund 12,291,000

3940-011-001—For transfer to the Underground Storage Tank Fund upon written approval of the Department of Finance, to provide operating funds for support of the State Water Resources Control Board for the program authorized by the enactment of Chapter 1046, Statutes of 1983 550,000

Provisions:

1. The amount available for transfer pursuant to this item shall be a long-term loan to be repaid by the Underground Storage Tank Fund from revenues received from operations.

   Repayment of this loan shall include interest at the rate earned on moneys invested in the Pooled Money Investment Account during the duration of the loan.

Item Amount

2. The transfer to the Underground Storage Tank Fund shall be made only upon written approval of the Department of Finance and not sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee of the intended transfer, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

3940-101-001—For local assistance, State Water Resources Control Board, for the San Diego Treatment Facility to be used as a match for federal funds to investigate sewage in the Tijuana River.. 5,500,000

Provisions:

1. The funds appropriated in this item shall only be used for a 10 percent match of federal funds available for the first phase of constructing an interim solution to the pollution problem in the Tijuana River created but not mitigated in Mexico.
2. The funds appropriated in this item shall only be used if the Department of Finance determines that no other funding is available for the same purpose.
3. State participation in this first phase of solving the pollution problem in the Tijuana River is intended as a one-time effort to protect the health of the people of the state and should not be construed as a commitment of any continued state participation in any additional solutions to this international problem.
4. Funds made available from this item shall be repaid from the proceeds of bonds sold pursuant to the Clean Water Bond Law of 1984 if the Clean Water Bond Law of 1984 authorizes the expenditure of bond proceeds for the purpose of this item and the bond law is approved by the electorate at the November 2, 1984, General Election.

HEALTH AND WELFARE

4100-001-890—For support of the State Council on Developmental Disabilities, payable from the Federal Trust Fund 3,434,000

Schedule:

(a) 100000-Personal Services 477,000

(b) 300000-Operating Expenses and Equipment 476,000

Item		Amount
(c) 400000-Special Items of Expense (Community Program Development)	649,000	
(d) 400000-Special Items of Expense (Allocation for Area Boards)	1,832,000	
Provisions:		
(1) In the event federal funds are available to the State Council in excess of the amounts appropriated in this item, the additional funds shall be used only for the following purposes, unless the funds are specifically designated by federal law for other purposes:		
(a) To augment the allocation to the Program Development Fund.		
(b) To fund the costs of salary and benefit increases approved by the Legislature that exceed the Budget Act appropriation.		
4110-001-001—For support of Area Boards on Developmental Disabilities		0
Schedule:		
(a) 100000-Personal Services	1,188,000	
(b) 300000-Operating Expenses and Equipment	644,000	
(c) Reimbursements	−1,832,000	
4120-001-001—For support of Emergency Medical Services Authority, Program 10		656,000
Provisions:		
1. The Emergency Medical Services (EMS) Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the EMS system by nonresidents, (b) local agencies shall provide matching funds of at least $1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall use a competitive process to award the funds and shall monitor the use of the funds by recipients to assure that these funds are used in an appropriate manner.		
4120-001-890—For support of Emergency Medical Services Authority, Program 10, payable from the Federal Trust Fund		153,000

Item	Amount
4120-101-001—For local assistance, Emergency Medical Services Authority, Program 10, grants to local agencies	698,000
Provisions:	
1. Of the amount appropriated by this item, $250,000 shall be allocated to Northern California Emergency Medical Services, Inc., in accordance with guidelines for state-funded grants to local agencies established by the Emergency Medical Services Authority. The remaining portion of the $250,000 which is not allocated to this agency shall revert to the General Fund.	
4120-101-890—For local assistance, Emergency Medical Services Authority Program 10, payable from the Federal Trust Fund	1,572,000
4130-001-632—For support of the Health and Welfare Agency Data Center, payable from the Health and Welfare Agency Data Center Revolving Fund	28,323,000
Provisions:	
1. Notwithstanding any other provision of law, the Director of Finance may authorize expenditures for the Health and Welfare Agency Data Center in excess of the amount appropriated, no sooner than 30 days after notification in writing of the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee, or no sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.	
4140-001-001—For support of Office of Statewide Health Planning and Development	977,242
Schedule:	
(a) 100000-Personal Services	6,817,473
(b) 300000-Operating Expenses and Equipment	6,778,571
(d) Reimbursements	−3,031,000
(e) Amount payable from the Health Facilities Construction Loan Insurance Fund (Health and Safety Code Section 436.26)	−647,000
(f) Amount payable from the Hospital Building Account, Architecture Public Building Fund, (Item 4140-001-121)	−7,162,396
(g) Amount payable from the Federal Trust Fund (Item 4140-001-890)	−1,778,406

Item Amount

Provisions:

1. The Office of Statewide Health Planning and Development shall maintain an adequately staffed office to conduct Health Professions Career Opportunity Program and National Health Services Corps Program activities in southern California.
2. The Office of Statewide Health Planning and Development shall establish a distinct Division of Shortage Area Health Professional Development containing the Health Professions Career Opportunity Program and the National Health Services Corps Program.
3. The Office of Statewide Health Planning and Development shall report monthly, beginning August 1, 1984, to the committees in each house that consider appropriations and to the Joint Legislative Budget Committee on the progress in achieving the goals of the Seismic Safety Act (Chapter 303, Statutes of 1982).

   These reports shall include, but not be limited to, the numbers and types of employees hired during the reporting period, the number of inspections completed pursuant to the act, the number of inspections not completed together with the reasons therefor, the amount of fees collected and expended, and the types of projects submitted to the office for review and inspection.

   The office shall also inform the Legislature of any delays in the hiring or contracting process which could impede the implementation of the Seismic Safety Act and the reasons for such delays.

4140-001-121—For support of Office of Statewide Health Planning and Development, to be transferred to Item 4140-001-001, payable from the Hospital Building Account, Architecture Public Building Fund (Health and Safety Code Section 15047) 7,162,396

4140-001-890—For support of Office of Statewide Health Planning and Development, to be transferred to Item 4140-001-001, payable from the Federal Trust Fund 1,778,406

4140-101-001—For local assistance, Office of Statewide Health Planning and Development for Health Professions Development (Family Physician Training) 2,880,000

Item		Amount
Provisions:		
1. Notwithstanding the provisions of Section 2 of this act, the funds appropriated in this item for contracts with: accredited medical schools, programs which train primary care physician's assistants, hospitals or other health care delivery systems located in California, which meet the standards of the Health Manpower Policy Commission established pursuant to Chapter 1 (commencing with Section 69270) of Part 42 of Division 5 of Title 3 of the Education Code, shall be available for fiscal years 1985–86, 1986–87, and 1987–88. The amount appropriated by this item shall only be used for such contracts which commence on or after July 1, 1984.		
4170-001-001—For support of Department of Aging		1,973,000
(a) 10-Nutrition	1,174,000	
(b) 30-Supportive Services and Centers	619,000	
(c) 40-Special Projects	181,000	
(d) 50.01-Administration	3,170,000	
(e) 50.02-Distributed Administration..	−3,170,000	
(f) Reimbursements	−1,000	
Provisions:		
1. The Director of the Department of Finance may authorize the transfer of funds between this item and Item 4170-101-001 no sooner than 30 days after written notification to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the Joint Legislative Budget Committee may determine of: (1) the amount of the proposed transfer; (2) an identification of the purposes for which the funds will be used; (3) documentation that the proposed activities must be carried out in the current year and that no other funds are available for their support; and (4) the impact of any transfer on the level of services.		
2. The department, in consultation with the California Commission on Aging, the Triple "A" Advisory Council of California, the California Association of Area Agencies on Aging, and representatives of provider groups, shall review the existing Intrastate Funding Formula for the allocation of state and federal funds provided for programs under Title III of the Older Americans		

Item			Amount
Act. The department shall update the formula in accordance with federal regulations and shall submit a report thereon to the chairperson of the fiscal committee of each house and the Chairperson of the Joint Legislative Budget Committee no later than December 1, 1984.			
4170-001-890—For support of Department of Aging, payable from the Federal Trust Fund			1,869,000
(a) 10-Nutrition		897,000	
(b) 20-Senior Community Employment Service		251,000	
(c) 30-Supportive Services and Centers		642,000	
(d) 40-Special Projects		79,000	
Provisions:			
1. The Director of the Department of Finance may authorize the transfer of funds between this item and Item 4170-101-890 no sooner than 30 days after written notification to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee may determine of: (1) the amount of the proposed transfer; (2) an identification of the purposes for which the funds will be used; (3) documentation that the proposed activities must be carried out in the current year and that no other funds are available for their support; and (4) the impact of any transfer on the level of services.			
4170-101-001—For local assistance, Department of Aging			16,345,000
Schedule:			
(a) 10-Nutrition		9,958,000	
(1) 10.10-Congregate nutrition	8,721,000		
(2) 10.20-Home delivered nutrition	1,237,000		
(b) 30-Supportive Services and Centers (for match)		5,428,000	
(c) 40-Special Projects		959,000	
Provisions:			
1. Provision 1 of Item 4170-001-001 is also applicable to this item.			
2. Of the amount available for Planning and Service Area No. 1, $80,000 shall be allocated to the Senior Nutrition and Volunteer Program.			

Item Amount

3. The department shall develop an allocation formula, in consultation with the California Long Term Care Ombudsman Association, for the $950,000 for local ombudsman programs which includes the following factors:
   (a) A baseline amount of $25,000 for every program.
   (b) The number of facilities within the program's jurisdiction.
   (c) The number of residents to be served in those facilities.
   (d) The geographical distances and barriers that consume time, mileage, and staff costs. These considerations include the possible alternatives of satellite or branch offices to reduce these costs, to improve ready response, and to enhance community involvement.
4. Of the funds appropriated by this item, Program 30, $450,000 shall be for the purposes of SB 1803 of the 1983–84 Regular Session, if chaptered. Otherwise, this amount shall be unavailable for expenditure and shall revert to the General Fund.
5. Of the funds appropriated by this item, $183,000, which was transferred from Item 4170-001-001, shall be used to provide direct services to seniors, but shall not be used for administration of Area Agencies on Aging.
6. Funds appropriated in this item to provide a 4 percent cost-of-living adjustment to senior nutrition programs shall not be allocated to Planning and Service Areas Nos. 1, 2, and 13, which have received special allocations in previous years. In taking this action, it is the intent of the Legislature to restrict funding increases to the specified areas until an equitable statewide allocation of funds has been achieved.

4170-101-890—For local assistance, Department of Aging, payable from the Federal Trust Fund..... 72,078,000

Schedule:

(a) 10-Nutrition		44,948,000
(1) 10.10-Congregate nutrition	37,291,000	
(2) 10.20-Home delivered nutrition	7,657,000	
(b) 20-Senior Community Employment Service		4,827,000

Item Amount

(c) 30-Supportive Services and Centers 22,213,000
(d) 40-Special Projects 90,000

Provisions:

1. Provision 1 of Item 4170-001-890 is also applicable to this item.
2. If federal Title III funds, which are not otherwise budgeted by this act, are received for services provided during the 1984–85 fiscal year, these federal funds shall be used to achieve a more equitable distribution of funds among Planning and Service Areas statewide.
3. Of the funds appropriated by this item, $246,000 was transferred from Item 4170-001-890. These funds shall be used to provide direct services to seniors and shall not be used for administration of Area Agencies on Aging.
4. Of the funds appropriated by this item for Area Agencies on Aging, $75,000 shall be for travel and advocacy expenses incurred by the Triple "A" Advisory Council.

4180-001-001—For support of Commission on Aging, Program 10 216,000

Provisions:

1. The amount appropriated in this item for the California Senior Legislature shall be reduced by ½ of the total amount of any private contributions made to the commission for the California Senior Legislature which are in excess of $33,000.

4180-001-890—For support of Commission on Aging, Program 10, payable from the Federal Trust Fund 181,000

Provisions:

1. The amount appropriated in this item shall not be reduced as a result of the reduction of funds for support of the Department of Aging, Item 4170-001-890, made pursuant to the provisions of Section 1321.195 of Title 45 of the Code of Federal Regulations.

4200-001-001—For support of Department of Alcohol and Drug Programs 6,562,000

Schedule:

(a) 10-Alcohol Program..... 3,123,000
(b) 20-Drug Program 3,897,000
(c) 30.01-State administration 4,127,000
(d) 30.02-State administration—distributed ..... −4,127,000
(e) Reimbursements ..... −458,000

Item Amount

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this appropriation and Item 4200-101-001.
2. Of the funds appropriated by this item, $961,000 shall be allocated pursuant to Sections 11965 to 11969, inclusive, of the Health and Safety Code to support the School-Community Primary Prevention Program.

4200-001-890—For support of Department of Alcohol and Drug Programs, payable from the Federal Trust Fund 2,689,000

Schedule:

(a) 10-Alcohol Program..... 1,173,000
(b) 20-Drug Program 1,516,000

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this appropriation and Item 4200-101-890.

4200-101-001—For local assistance, Department of Alcohol and Drug Programs..... 65,427,000

Schedule:

(a) 10-Alcohol Program..... 34,103,000
(b) 20-Drug Program 34,074,000
(c) Reimbursements ..... −2,750,000

Provisions:

1. The Department of Finance may order, and the State Controller shall transfer such funds as are necessary between this appropriation and Department of Mental Health appropriation 4440-101-001 for purposes of reimbursing the costs of Local Assistance, for the Drug Program.
2. Provision 1 of Item 4200-001-001 is also applicable to this item.
3. The Director of Alcohol and Drug Programs shall submit a report to the Legislature no later than December 1, 1984, on the allocation of funds to local drug programs. The report shall include, but need not be limited to: (a) a proposed formula for equitable allocations of drug program funds to counties and (b) a plan for achieving more equitable distribution of funds statewide. The report shall also address the distribution of funding among various segments of the population, particularly considering sex and ethnicity, and between alcohol

Item Amount

programs and drug programs. The Association of County Drug Administrators, the County Supervisors' Association of California, and relevent constituency groups shall participate in the development of the formula and plan.

4. The Director of Alcohol and Drug Programs shall submit a report to the Legislature no later than December 1, 1984, on the allocation of funds to local alcohol programs. The report shall include, but need not be limited to: (a) a proposed formula for equitable allocations of alcohol program funds to counties and (b) a plan for achieving more equitable distribution of funds statewide. The report shall also address the distribution of funding among various segments of the population, particularly considering sex and ethnicity, and between alcohol programs and drug programs. The Association of County Alcohol Administrators, the County Supervisors' Association of California, and relevant constituency groups shall participate in the development of the formula and plan.

4200-101-890—For local assistance, Department of Alcohol and Drug Programs, payable from the Federal Trust Fund 28,321,000

Schedule:

(a) 10-Alcohol Program..... 9,735,000

(b) 20-Drug Program 18,586,000

Provisions:

1. Provision 1 of Item 4200-001-890 is also applicable to this item.

4220-001-001—For support of Child Development Programs Advisory Committee appointed pursuant to Section 8254 of the Education Code 137,000

4220-001-890—For support of Child Development Programs Advisory Committee, payable from the Federal Trust Fund 44,000

4260-001-001—For support of Department of Health Services 100,965,961

Schedule:

(a) 100000-Personal Services 132,890,253

(b) 300000-Operating expenses and equipment..... 92,201,901

(d) Transfer to the Health Care Deposit Fund..... 36,433,391

(e) Reimbursements ..... −8,799,729

(g) Amount payable from the Health Care Deposit Fund..... −105,103,576

Item	Amount
(h) Amount payable from the Hazardous Waste Control Account, General Fund (Item 4260-001-014)	−11,433,348
(i) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 4260-001-044)	−298,000
(j) Amounts payable from the Genetic Disease Testing Fund (Item 4260-001-203)	−12,667,238
(k) Amount payable from the Sanitary Registration Fund (Item 4260-001-335)	−81,000
(*l*) Amount payable from the Hazardous Substances Account, General Fund (Item 4260-001-455)	−10,000,000
(m) Amount payable from the Federal Trust Fund (Item 4260-001-890)	−11,896,997
(n) Amount payable from the County Health Services Fund (Item 4260-001-898)	−110,397
(o) Amount payable from the Local Health Capital Expenditure Account (Item 4260-001-900)	−294,433
(q) Amount payable from County Medical Services Program Account	−790,000
(r) Contingency Reserve	915,134

Provisions:

1. Should any additional federal funds become available to support venereal disease programs currently operated pursuant to state law by the Department of Health Services, such funds shall be used in lieu of funds appropriated by this item for the same purpose to the extent consistent with federal law or regulations.
2. Departmental fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code as added by Chapter 1012, Statutes of 1980, and Chapter 327, Statutes of 1982 shall be increased at a rate of 6.0 percent effective January 1, 1985, for each 1 percent increase in employee compensation granted in the Budget Act, 0.6 percent shall be added to the fee adjustment.

Item Amount

3. Departmental fees subject to the annual fee increase provisions of Section 116 of the Health and Safety Code as added by Chapter 327, Statutes of 1982 shall be increased at a rate of 3.17 percent effective January 1, 1985. For each 1 percent increase in employee compensation granted in the Budget Act, 0.87 percent shall be added to the fee adjustment.
4. Effective July 1, 1984, the annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care/rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital is $13.10 per bed.
5. Effective July 1, 1984, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $56.50 per licensed bed.
6. The department shall, develop, at a minimum, two primary drinking water standards (maximum contaminant levels) during fiscal year 1984–85 from among the following organic chemicals: trichloroethylene (TCE), 1, 1, 1 trichloroethane (TCA), perchloroethylene (PCE) and dibromochloropropane (DBCP); and develop five action levels (health advisories) during fiscal year 1984–85. Primary drinking water standards (maximum contaminant levels) may be developed, in addition to the above, in lieu of action levels (health advisories) as appropriate. Further, the department shall submit a report to the fiscal committees by March 1, 1985, that presents a plan for the development of primary drinking water standards (maximum contaminant levels) for ten additional chemicals in fiscal year 1985–86. The report shall detail the staffing resources needed to implement the plan.
7. $365,000 of the amount appropriated in this item is a contingency reserve and shall only be expended if the federal support for the drinking water program is insufficient to fully support the program and staffing of 37 positions.

Item Amount

8. The Department of Health Services shall complete a study which identifies types or categories of hazardous wastes which should not be placed in or onto the land due to the toxicity, persistence, mobility or bioaccumulative properties of the waste. The department shall adopt regulations by June 30, 1985, to restrict these wastes from land disposal.
9. $34,211 of the amount appropriated in this item shall be used to pay court awarded attorney fees in the court cases of Mandel vs. Myers and ACLU vs. State because the courts ordered payment of the fees prior to the establishment of Item 9810-001-001.
10. The department shall submit, by December 31, 1984, a report describing the responsibilities of the Epidemiological Studies Section and assessing the type and number of staff needed during the next five years to carry out an effective research and consultation program. The report shall include but not be limited to a discussion of the following activities:
    (a) Implementation of the department's cancer policy.
    (b) Conducting health studies and developing enforceable standards for toxic air contaminants.
    (c) Assessments on pesticide health hazards.
    (d) Expansion of the birth defects monitoring program.
    (e) Research and development of maximum contaminant levels and action levels for toxic contaminants in drinking water.
    (f) Health studies at toxic dump sites and the evaluation of cleanup alternatives.
    (g) Ongoing advice and assistance to the Toxic Substances Control Division concerning health hazards at hazardous waste facilities, sampling requirements for site characterization, and cleanup standards for contaminated sites.

    During the 1984–85 fiscal year, the department shall not eliminate, transfer, redirect, or reclassify any scientific, medical, or toxicological positions established by the Legislature without notifying the chairperson of the fiscal committees of both houses, 30 days prior.

Item Amount

11. The department shall not expend any of the $1,193,000 ($581,000 General Fund) for ACLAIMS until the feasibility study report has been reviewed and approved by the State Office of Information Technology.
12. The department shall continue the nurse certification program and shall:
    (a) Continue refinement of the present examination and conduct at least two testing cycles for eligible applicants during fiscal year 1984–85;
    (b) Provide that applicants who have previously failed the examination with proper safeguards to protect the integrity and validity of the examination.
13. Of the funds appropriated by this item, $100,000 shall be used for the following:
    (1) Studies and surveys to examine epidemiologic, neurotoxic, genetic, enzymatic, and immunologic characteristics of chemical hypersensitivity.
    (2) Research programs which would evaluate environmental design, soft technology, materials, and retrofitting of residences.
    (3) Technical assistance grants to develop applications and proposals in order to procure federal funds and private foundation grants.
14. The Department of Health Services, in consultation with the Joint Legislative Budget Committee and the Department of Finance shall conduct a workload study of the treatment authorization request processing function and develop staffing standards for use in the 1985–86 budget process. These standards shall be based on limiting the processing time for treatment authorization requests to five days from the day the request is received by the Department of Health Services.
15. The department shall conduct a skilled nursing facility expenditure study. For the "Salaries, Wages and Benefits" component of annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in this component, including other rate adjustments, and the annual aggregate Medi-Cal rate increase to the percentage of average hourly wage and benefit

Item Amount

increases paid to nonadministrative employees by employee classification for the period beginning with the 1979–80 fiscal year through the most current fiscal year for which long-term health care facility cost reports have been submitted. For the three other components of the annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in each component and the annual aggregate Medi-Cal rate increase to the average percentage changes in actual expenditures by skilled nursing facilities for the major elements of each of the three components for the same time period as above. Skilled nursing facilities shall be required to make available all necessary and appropriate records. The study shall compare these factors on a statewide and regional basis consistent with Medi-Cal reimbursement categories.

16. The Department of Finance shall report to the Joint Legislative Budget Committee and the fiscal committees 30 days prior to expenditure of any funds appropriated for workload increases associated with the case of Jackson v. Bank. It is the intent of the Legislature that department staffing levels increase to meet the permanent workload increases mandated by this court case. Intermittent or temporary workload increase may be met through contractual agreements.
17. $1 million of the funds appropriated in this item shall be used for the purposes specified by Chapter 1257, Statutes of 1983. The Department of Health Services may use these funds to hire staff to carry out the purposes specified by that act, subject to the limitation imposed by Section 199.5 of the Health and Safety Code.
18. Departmental fees subject to the annual fee adjustment pursuant to Section 115(a) of the Health and Safety Code, added by Chapter 327, Statutes of 1982, shall be decreased by 0.46 percent effective January 1, 1985. For each 1 percent increase in employee compensation granted in the 1984 Budget Act, 0.5 percent shall be added to the fee adjustment. Thus, a 1 percent employee compensation increase would result in a 0.04 percent increase in fees

Item Amount

and a 10 percent increase in employee compensation would result in a 4.54 percent increase in fees.

19. The department shall use $200,000 appropriated in this item to conduct the first phase of a multi-year study of pipe permeation. The study shall include the following: (a) all types of pipe used to convey potable water, (b) an evaluation of existing and proposed regulations relating to the use of water supply pipes, (c) an assessment of the need for soil testing by water utilities and land developers prior to the installation of such pipes, and (d) an assessment of the need for additional controls on the placement of water supply pipes in soil contaminated by toxic substances. The department shall submit to the Joint Legislative Budget Committee:
    (a) A formal protocol for the study by August 1, 1984; and
    (b) A progress report on the conduct of the study by February 1, 1985.
20. The Department of Health Services shall complete a study which identifies types or categories of hazardous wastes which should not be placed in or onto the land due to the toxicity, persistence, mobility or bioaccumulative properties of the waste. The department shall develop regulations by June 30, 1985, and adopt regulations by April 1, 1986, to restrict these wastes from land disposal.

4260-001-014—For support of Department of Health Services, for transfer to Item 4260-001-001, payable from the Hazardous Waste Control Account, General Fund 11,433,348

Provisions:

1. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services payable from the Hazardous Waste Control Account, General Fund.
2. Of the funds appropriated in this item, $200,000 shall be allocated to the California Specialized Training Institute in San Luis Obispo to develop a curriculum and training program for state and local environmental health officials in the inspection of hazardous waste facilities and enforcement of the hazardous waste permitting

Item Amount

program. In developing the training program, the institute shall, to the extent practical, utilize elements of existing training efforts developed by the U.S. Environmental Protection Agency, state or local agencies which would be applicable to such an investigative, surveillance type of training program.

5. Funds appropriated to continue the existing Abandoned Site Project shall be reduced by an amount equal to the amount of all federal funds received for the identification and analysis of abandoned toxic dump sites.
6. The department shall not fill three new positions for the Hazardous Waste Information System (HWIS) until it has submitted, by October 1, 1984, a report to the Joint Legislative Budget Committee on the HWIS which consists of the following:
   (a) A workplan, showing how the department will reduce the suspense file; send out error letters to generators who have submitted incomplete manifests; and ensure that the data files are updated on a regular basis.
   (b) An allocation plan specifying to which HWIS functions seven new positions will be applied.
   (c) Procedures for prosecuting individuals pursuant to subdivision (a) of Section 25189 of the Health and Safety Code for failing to accurately complete manifests.

4260-001-044—For support of Department of Health Services, for transfer to Item 4260-001-001, payable from the Motor Vehicle Account, State Transportation Fund 298,000

4260-001-203—For support of Department of Health Services, for transfer to Item 4260-001-001 payable from the Genetic Disease Testing Fund 12,667,238

Provisions:

1. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services, payable from the Genetic Disease Testing Fund.
2. The 24.5 positions for the Neural Tube Defects Program shall be permanent positions.
3. All positions associated with the Neural Tube Defects Program shall be exempt from all administratively mandated hiring freezes.

Item	Amount
4260-001-335—For support of Department of Health Services, for transfer to Item 4260-001-001, payable from the Sanitarian Registration Fund	81,000

Provisions:

1. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services, payable from the Sanitarian Registration Fund.

4260-001-455—For support of Department of Health Services, for transfer to Item 4260-001-001, payable from the Hazardous Substance Account, General Fund	10,000,000

Schedule:

(a) For transfer to Item 4260-001-001	9,645,000
(b) Superfund Special Projects	21,800,000
(c) Amount payable from Item 4260-001-890	−21,800,000
(e) Victim compensation	355,000

Provisions:

1. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services, payable from the Hazardous Substances Account, General Fund.
2. Changes in allocations among the various sites identified to receive cleanup funds are not subject to the provisions of Section 28 of the Budget Act.
3. The department shall submit to the fiscal committees and the Joint Legislative Budget Committee a community relations plan for each Superfund-supported site prior to expenditure of state or nonstate remedial contract funds.

4260-001-890—For support of Department of Health Services, payable from the Federal Trust Fund	266,890,128

Schedule:

(a) Special Projects	165,054,889
(b) Superfund Special Projects	21,800,000
(d) Transfer to Item 4260-001-001	11,896,997
(e) Transfer to the Health Care Deposit Fund	68,138,242

Provisions:

1. Funds appropriated in this item for support of public health programs shall be transferred to the Public Health Federal Fund.
2. Funds appropriated in Subschedule (B) of the Item are for transfer to Item 4260-001-455.

Item Amount

3. In developing contracts with hypertension control areas for the 1984–85 fiscal year, the department shall ensure that the hypertension control areas subcontract with the Asian Pacific Islanders Task Force on High Blood Pressure Education and Control, the East Los Angeles Health Task Force, and the Martin Luther King-Drew Medical Center for not less than $60,000 each.

4260-001-898—For support of the Department of Health Services, for transfer to Item 4260-001-001, payable from the County Health Services Fund 110,397

Provisions:

1. The limitations of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Department of Health Services payable from the County Health Services Fund.

4260-001-900—For support of Department of Health Services, in lieu of the amounts which would otherwise be appropriated in the Local Health Capital Expenditure Account of the County Health Services Fund pursuant to Chapter 1351, Statutes of 1980, for transfer to Item 4260-001-001, payable from the Local Health Capital Expenditure Account 294,433

Provisions:

1. The limitations of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Department of Health Services, payable from the Local Health Capital Expenditure Account.

4260-005-001—For support, Department of Health Services, to provide for the Infant Botulism Program 449,249

4260-101-001—For local assistance, Department of Health Services, Medical Assistance Program, payable from the Health Care Deposit Fund (912) after transfer from the General Fund 1,867,520,000

(a) 50.10-Eligibility (County Administration)	50,252,000	
(b) 50.11-Benefits (Medical Care and Services)	1,844,764,000	
(c) 50.50-Fiscal Intermediary Management	7,148,000	
(d) Amount payable from County Health Services Fund (Item 4260-001-898)	−257,000	
(e) Reimbursement	−34,387,000	

Provisions:

Item Amount

1. After June 30, 1985, a transfer to the Health Care Deposit Fund from this item shall be permitted to meet the total General Fund obligation incurred pursuant to this item.

Notwithstanding other provisions of this act or other state law, up to $47,906,682 in federal funds received as payments during 1984–85 for reduced federal sharing ratios, and up to $36,340,784 in federal funds received during 1984–85 for Aid to the Totally Disabled, related to prior-year expenditures under Section 14157 of the Welfare and Institutions Code for expenditures for health care services pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, and up to $5,619,000 received from counties during 1984–85 as reimbursements for General Fund expenditures related to excess denial rates in prior years, are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care services, county administration and fiscal intermediary as follows:

(a) 50.10-Eligibility (County Administration) 7,456,284
(b) 50.11-Benefits (Medical Care and Services) 81,713,284
(c) 50.50-Fiscal Intermediary Management 696,898

2. Notwithstanding any other provision of law, both the Federal and non-Federal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
3. Notwithstanding any other provision of law, accounts receivable, for recoveries as described in proviso 2 above, shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the State Con-

Item Amount

troller to the General Fund without regard to the appropriation from which it was drawn.

4. The Department of Health Services shall reimburse hospitals operated by the University of California for medical teaching purposes, where the University is responsible for the operating costs of such a hospital, at rates for services to Medi-Cal patients which result in the minimum General Fund liability for the care of such patients.
5. Without regard to fiscal year, the General Fund shall make a loan available not to exceed a cumulative total of $45 million to be transferred as needed to the Health Care Deposit Fund to meet cash needs. Such loans are subject to repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of $45 million shall be processed in the manner prescribed by Section 16351 of the Government Code.
6. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation which could result in increased costs in the Medi-Cal program only after approval by the Department of Finance as to the availability of funds; and any rule or regulation adopted by the Director of Health Services and any communication which revises the Medi-Cal program shall only be effective from and after the date upon which it is approved as to availability of funds by the Department of Finance.
7. No funds appropriated by this item shall be used for payment to any provider of durable medical equipment under a pilot program in Fresno and Madera Counties operating pursuant to Article 7 (commencing with Section 14490) of Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, who sells its services or goods outside the geographic area of the pilot program without complying with the treatment authorization request procedure of the Department of Health Services.

Item Amount

10. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, such funds, subject to notification to the chairperson of the Joint legislative Budget committee are hereby appropriated and shall be expended as soon as practicable for the State's share of payments for medical care and services, county administration and fiscal intermediary services.
11. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.
12. The department, through the county administration cost control plan, shall continue the permanent reductions to county allocations that reflect the savings which resulted from MEDS implementation.
14. Change orders to the fiscal intermediary contract for amounts exceeding $250,000 shall be approved by the Department of Finance not sooner than 30 days after written notification of the change order is provided to the chairperson of the committee in each house which considers appropriations, the chairperson of the committee in each house which considers bills relating to public health and welfare, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate.

    If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the committee in each house which considers appropriations and

Item Amount

to the Chairperson of the Joint Legislative Budget Committee. This notification shall include proposed corrective action, including an implementation schedule and whether the potential or actual change represents a decrease in federal funding.

15. The transfer of amounts from one category in this item to another category shall not exceed 3 percent of the amount scheduled for the receiving category. No augmentation of amounts available for expenditure in any category shall be made sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in such instance determine.
16. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1,000,000 or more.
17. Of the amounts appropriated in this item and Item 4260-101-890, $314,000 shall be expended for the Robert Wood Johnson Foundation Municipal Health Services Pilot Project in Santa Clara County only if the project is granted an extension of its pilot project contract through federal fiscal year 1984–85 from the federal Health Care Financing Administration.
18. Notwithstanding any other provision of law, the Department of Health Services shall not assess fiscal sanctions against any county during 1984–85 based solely upon a state established error rate standard. The department shall pass on to counties any federal sanction imposed upon the state based on the following program:
    (a) The department shall institute an eligibility quality control program to verify the eligibility determination of a sample of persons in each county granted Medi-Cal eligibility under Section 14005.4, 14005.7,

Item Amount

or 14005.8 or Article 4.4 (commencing with Section 14140) of the Welfare and Institutions Code.

(b) A review period shall be defined as one year and shall coincide with the federal fiscal year. The department shall draw a random sample of cases for each period. The random sample shall be drawn to ensure a minimum number of cases reviewed in each county in each review period according to the following:

(1) All cases shall be sampled in any county with less than 50 Medi-Cal cases.

(2) 50 cases in any county with 0.01% to 0.50% of the Medi-Cal cases.

(3) 75 cases in any county with 0.51% to 1.00% of the Medi-Cal cases.

(4) 100 cases in any county with 1.01% to 3.00% of the Medi-Cal cases.

(5) 125 cases in any county with 3.01% to 10.00% of the Medi-Cal cases.

(6) 650 cases in any county with more than 10.00% of the Medi-Cal cases.

(c) When family members maintain separate residences, but eligibility is determined as a single unit because of the provisions of Section 14008, the county to which the parent or parents reside shall determine the eligibility for the entire unit.

(d) In administering the provisions of law and regulations related to eligibility determination, the director shall impose such fiscal penalties as provided by this section to assure adequate county administrative performance.

(e) The director shall hold counties financially liable for payments made on behalf of ineligible persons or persons with an incorrect share of costs.

When a sampled case is found to include an ineligible person or a person with an incorrect share of cost, written notification will be sent to the county department which describes the error and requests a written response within two weeks. The county must indicate whether it agrees or disagrees with the findings. If the county disagrees, the department reevaluates the

Item Amount

error findings, taking into considerations any additional facts contained in the county's response. The county is again notified of the department's findings. If the county continues to disagree with the error findings, the county may appeal to the Chief, Audits and Investigations Division, requesting that the department review the case and render a final decision. The director may reduce or waive the fiscal liability of a county if the department is unable to meet the minimum sample requirements as earlier defined or if an individual county experienced a natural disaster, job actions, or other occurrences which impacted the findings in an individual county as determined by the director.

(f) The department shall utilize the methodology detailed in this subsection to establish counties' fiscal penalties. The department shall determine each county's case error rate for each review period by dividing the number of cases reviewed in that county found in error by the number of cases reviewed in that county. State caused errors shall not be included in this calculation. Case error rates shall be arrayed from highest to lowest. From this array the department shall determine the percentage of counties liable as follows:

(1) The 60% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 0.01% to 1.00%.

(2) The 70% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 1.01% to 2.00%.

(3) The 80% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 2.01% to 3.00%.

(4) The 90% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 3.01% to 4.00%.

(5) All counties shall be liable if the state's dollar error rate exceeds the federal

Item Amount

standard by 4.01% or more.

As used herein the state's dollar error rate means the Medicaid dollar error rate reported to the department by the Department of Health and Human Services. The term federal standard means the Medicaid dollar error rate standard to which the state is held accountable.

For each county determined liable, the department shall calculate a penalty multiple which shall be the product of a liable county's case error rate multiplied by the liable county's percentage of statewide Medi-Cal cases. Each county's fiscal penalty shall be the product of a county's penalty multiple divided by the sum of all penalty multiples, multiplied times the penalty bank. The penalty bank includes all federal fiscal sanctions, federal withholds, federal disallowances, and any associated General Fund expenditures, minus the value of any state caused errors.

If after the department has assessed fiscal penalties to counties the federal government reduces or eliminates any federal fiscal sanction, federal withhold, or federal disallowances, the department shall reduce or eliminate the corresponding fiscal penalty assessment including any associated General Fund expenditures to liable counties.

(g) When a county welfare department contravenes state eligibility processing regulations and written instructions in a way that produces increased program benefits or administrative expenses but does not result in an increase in the federal eligibility dollar error rate, the director shall recoup from that county the additional administrative or program benefit costs above those which would have been incurred had that county not contravened the established state eligibility processing regulations and written instructions. This provision shall not be construed to interfere with the rights of counties to outstation eligibility staff.

(h) When counties are determined liable for

Item Amount

fiscal penalties under this section, individual county corrective action plans as prescribed by the department will be required from all counties which exceed a 10% case error rate.

If no counties are determined liable for fiscal penalties under this section, the department shall require corrective action plans from all counties which exceed a 10% case error rate.

(i) Any penalties imposed under this system shall be collected through direct repayment from liable counties rather than through any reduction in funds otherwise due to counties.

The State Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code to implement this program. The adoption of such regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding any provision of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services to implement this program shall not be subject to any review, approval, or disapproval by the Office of Administrative Law at any stage of the rulemaking process. These regulations shall become effective immediately upon filing with the Secretary of State.

19. Notwithstanding any other provision of law, the period for determination of base denial rates pursuant to Chapter 1594 of the Statutes of 1982 shall be state fiscal year 1981–82. In addition, $5,619,000 appropriated in this item for payment to counties with approved denial rates in excess of those stipulated by Chapter 1594 of the Statutes of 1982 shall not be expended until:

(a) The department, in consultation with the County Welfare Directors Association and County Supervisors Association of Califor-

Item Amount

nia, develops guidelines for county appeals in cases of excess denial rates. The guidelines shall be submitted to the Department of Finance by September 1, 1984, and shall include both of the following:

(1) A requirement that counties must submit data to prove the existence of special circumstances in order to be refunded all or part of the excess denial rate recovery. Counties desiring to appeal to the Department of Health Services shall report the existence of special circumstances in accordance within the established criteria with 60 days of notification by the department of the proposed funding withhold. The department shall make recommendations to the Department of Finance regarding the existence of special circumstances in counties within 120 days of notification to the counties of proposed funding withholds.

(2) The conditions under which an appeal may be submitted and an explanation of the information necessary to make a determination of special circumstances.

(b) The Department of Finance reports to the Joint Legislative Budget Committee and the fiscal committees 30 days prior to expenditure of the funds on its finding of the existence of special circumstances and the amount to be withheld from each county. Any funds withheld will revert to the General Fund. The Department of Health Services shall report to the chairpersons of the fiscal committees of each house and to the Chairperson of the Joint Legislative Budget Committee by March 15, 1985, regarding the feasibility of continuing the excess denial rate withhold policy established by Chapter 1594 of the Statutes of 1982.

Item Amount

20. Notwithstanding any other provision of law, the Department of Health Services shall not implement any prudent purchase of products project sooner than 30 days after notification to the chairpersons of the fiscal committees of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee. This notification shall include a description of the project and detailed information regarding associated costs and benefits.
21. None of the funds appropriated by this shall be used to pay for induced abortions. The exclusion means for paying for induced abortions shall be through the appropriation made in Item 4260-105-001.

4260-101-890—For local assistance, Department of Health Services, Medical Assistance Program, payable from the Health Care Deposit Fund (912) after transfer from the Federal Trust Fund 1,975,945,915

Schedule:

(a) 50.10-Eligibility (County Administration) 61,271,000
(b) 50.11-Benefits (Medical Care and Services) 1,894,755,915
(c) 50.50-Fiscal Intermediary Management 19,919,000

Provisions:

1. Provisions 2, 3, 6 to 12, inclusive, 14, 15, and 17, contained in Item 4260-101-001 are also applicable to this item.

4260-105-001—For abortions, Department of Health Services Medical Assistance Program, payable to the Special Financing Fund 11,902,000

Provisions:

1. This item shall be the sole source of general funds for abortions.
2. The expenditures of funds appropriated by this item for induced abortions shall be limited for persons eligible for the Medi-Cal program to the extent that federal matching funds are available for these purposes; except that, regardless of whether federal matching funds are available, funds may be provided for induced abortions for these persons under any of the following circumstances:
   (a) Where the life of a woman would be endangered if the pregnancy were allowed to con-

Item	Amount
tinue, and when so certified under penalty of perjury by two physicians, one of whom, where practicable, is a specialist in the affected medical discipline, and documentation thereof is provided with the claim for payment.	
(b) Where the pregnancy results from an act punishable under Section 261 of the Penal Code, and this act has been reported, within 60 days of its occurrence, to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs during the first trimester.	
(c) Where the pregnancy results from an act punishable under Section 261.5 of the Penal Code, and the female is under 18 years of age, and the abortion is performed no later than the first trimester, provided that the female's parent or guardian or, if none, an adult of the female's choice, is notified at least five days prior to the abortion by the physician who performs the abortion. Regulations governing the notice requirement shall be promulgated by the Director of Health Services.	
(d) Where the pregnancy results from an act punishable under Section 285 of the Penal Code, and this act has been reported to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs not later than during the second trimester.	
(e) Where it is determined by prenatal studies limited to amniocentesis, fetal blood sampling, fetal angiography, ultrasound, x-ray, or maternal blood examination that the woman will give birth to a child with severe genetic or congenital abnormality and the abortion occurs not later than the second trimester.	
3. (a) The provider's claim for payment for abortion services shall be accompanied by documentation which specifies the circumstances under which the abortion was performed. Claims without this documentation shall not be paid.	

Item Amount

(b) In every case, prior to abortion, the provider shall make available to the woman appropriate counseling regarding the situation, complications, risks, benefits, and alternatives.

(c) By May 1, 1985, the Department of Health Services shall provide the Legislature a report listing the number of abortions theretofore paid for during the fiscal year 1984–85 pursuant to this act. The report shall specify the number of abortions performed under each category, and further specify the reasons or conditions within each category which qualified the particular pregnancy for the abortion and payment pursuant to this provision.

4. Nothing in this item shall be interpreted to prohibit payment for drugs or devices to prevent implantation of the fertilized ovum.
5. Limitation on payment for abortions provided for in this item shall apply only to abortions performed after August 15, 1984.
6. None of the funds appropriated by any other item in this act shall be used to pay for abortions.
7. The Controller shall place all funds appropriated by this item into the Special Financing Fund, which is hereby created. Henceforth, the director shall direct payment, and the Controller shall draw warrants for payments as allowed by this item, only from the Special Financing Fund.
8. As promptly as possible, the director shall notify providers and beneficiaries of the restrictions imposed by this item. The restrictions upon providers and beneficiaries shall become effective as soon as practicable after they receive notice from the director.
9. If any provision of this item or the application thereof to any person or circumstances is held invalid, this invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

4260-106-001—For cost-of-living increases, Department of Health Services, to be transferred to and in augmentation of programs upon approval of the Department of Finance, in accordance with the following Schedule 115,093,902

Item Amount

Schedule:

(a) 11-Health Protection (for transfer to Item 426-111-001) 244,000

(b) 20-Community Health Services (for transfer to Item 426-111-001) 3,255,000

(c) 25-County Health Services (for transfer to Item 426-111-001) 42,895,000

(d) 40-Rural Health (for transfer to Item 426-111-001) 410,000

(e) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-001) 66,561,902

(f) 50.10-Eligibility (County Administration) (for transfer to Item 4260-101-001) 1,728,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, General Fund money appropriated by this item for Program 50.10, County Administration, shall be used solely to support the General Fund share of cost-of-living increases granted by each county based on the actual increases granted in 1984–85 as applied to the costs allowable under the 1983–84 administrative cost control plan.
2. Funds appropriated in this item shall first go to make cost-of-living adjustments for adult day health centers. Reimbursements for adult day health centers shall be $34.45.
3. Providers who received rate reductions pursuant to Sections 77, 78, and 79 of Chapter 1594, Statutes of 1982 shall receive a 2 percent cost-of-living adjustment (COLA) in addition to the funds provided to partially restore the rate reductions.

4260-106-890—For cost-of-living increases, Department of Health Services, to be transferred to and in augmentation of programs upon approval of the Department of Finance, in accordance with the following schedule 64,461,901

Schedule:

(a) 50.11 Benefits (Medical Care and Services) (For transfer to Item 4260-101-890) 62,803,901

(b) 50.10 Eligibility (County Administration) (For transfer to Item 4260-101-890) 1,658,000

Item Amount

Provisions:

1. Provisions 2 and 3 of Item 4260-106-001 are also applicable to this item.

4260-111-001—For local assistance, Department of Health Services 1,004,797,224

Schedule:

(b) 11-Health Protection 4,172,000
(c) 20-Community Health Services 112,356,000
(d) 25-County Health Services 878,211,224
(e) 40-Rural Health Services 10,058,000

Provisions:

1. Program 11-Health Protection:
   (a) Should influenza vaccine, or funding for influenza vaccine, become available to the State, such resources or funds shall be used in lieu of equivalent funds appropriated from the General Fund for such purpose to the extent that the same target population is served.
2. Program 20-Community Health Services:
   (a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this State.
   (b) Collections of family repayments (a) by CCS in excess of $750,000 and (b) by GHPP in excess of $70,000 shall be used to offset the General Fund appropriation to those programs.
   (c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder.
3. Program 25. County Health Services:
   (a) The director shall withhold, in part or in whole, payment of County Health Services funds to a local jurisdiction, unless the re-

Item Amount

ports specified in Section 16716 of the Welfare and Institutions Code are submitted to the department by November 15 of each fiscal year.

The department shall provide data and analysis of these reports by April 15 of each fiscal year to the chairpersons of the fiscal committees of the Legislature and the Joint Legislative Budget Committee.

(b) To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities:

1. Public health emergencies..	400,000
2. Distressed county hospitals	350,000
3. Refugee health programs	350,000
4. Computerization of county information processing	450,000
5. County-clinic linkage projects	250,000
6. Elder care projects.....	400,000

If the funding applications of local jurisdictions request fewer funds by category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of the priorities established above.

(c) Of the amount appropriated in this Item, $1,047,000 shall be for transfer for the following purposes:

(1) $790,000 to Item 4260-001-001 for support of the County Medical Services Program

(2) $257,000 to Item 4260-101-001 for processing the County Medical Services Program's provider claims through the Medi-Cal Fiscal Intermediary.

(d) The Department of Health Services shall conduct at least one capital projects funding cycle during fiscal year 1984–85 utilizing funds available in the Local Health Capital Expenditure Account. The department shall notify the Joint Legislative Budget Committee and the two fiscal committees of the legislature of the specific projects selected for funding, the amount of funds

Item Amount

awarded each project, and the specific procedures and criteria utilized in selecting the projects 30 days before any Local Health Capital Expenditure Account funds are awarded to any applicant.

(e) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.

(f) Of the funds appropriated in this item for deposit in the Medically Indigent Services Account:

(i) $20,000,000 shall be allocated by the Department of Health Services (DHS) to counties that demonstrate to the department that they are experiencing funding shortfalls in serving medically indigent persons covered under Section 17000 of the Welfare and Institutions Code or are incapable of providing services, due to lack of funds, for their medically indigent services programs.

(ii) $250,000 shall be for transfer to Item 4260-001-001 and used as needed to design a data collection system for the Medically Indigent Services program. The system shall be designed in consultation with the Legislative Analyst's Office, the County Supervisor's Association of California, and the California Association of Public Hospitals.

(iii) $1,000,000 shall be allocated to counties as needed to implement the data collection system specified in Section (i).

(iv) $10,000,000 shall be allocated by the DHS to counties that have demonstrated to the department a need for funds using data collected under the data collection system specified in Section (i).

No funds shall be allocated pursuant to paragraphs (ii), (iii), and (iv) sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget

Item Amount

Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in such instance determine.

(g) In determining the allocation of its medically indigent services funds, Los Angeles County shall give priority to personnel increases at the Hubert Humphrey Health Center to reduce patient waiting times and to speed up evaluation of patients from drug abuse programs served by the health center.

4. Program 40-Rural Health Services

(a) Of the amount appropriated in this item, $513,000 shall be used for health insurance premiums for the Farmworker Health Insurance Pilot Project. The department shall do all of the following:

(i) Authorize expenditure of funds for the project only after the project budget is made public and the department conducts a public hearing on the project in the project area.

(ii) Notify the Rural Health Advisory Committee and the Seasonal Agricultural Workers Advisory Committee of the hearing date.

(iii) Allocate no other state or federal funds for the project.

(iv) Ensure that the project complies with the following requirements:

(aa) The project shall be operated in the counties of San Joaquin, Stanislaus, Merced, Madera, and Fresno, serve a minimum of 5,000 individuals and be based on a capitation model.

(bb) The project shall offer participation to any licensed primary care clinic within the pilot area which is funded either through state rural health funds or under Section 329 or 330 of the United States Public Health Act.

(cc) The project shall not apply for or use funds appropriated under Section 329 or 330 of the United States Public Health Act.

Application for enrollment in the insurance system may be initiated by the farmworker, recognized farmworker employee representative, grower, or grower association. Growers eli-

Item Amount

gible for participation in this program shall be family farm employers with no more than 15 farmworker employees at any one time.

(b) Of the amount provided in this item, $250,000 shall be used for the development of farmworker health services in high-need area or areas.

(c) Of the amount provided in this item, $100,000 shall go to El Progeso Del Diseirto Clinic in Coachella Valley, $400,000 shall be for augmentations to existing contractors, and $250,000 shall be for new program starts.

(d) Of the amount provided in this item, $250,000 shall be used for the development of American Indian health services projects in the high-need areas of Kern County and San Diego County. In the event that the funds provided for in this item are not used by these two areas, the department shall fund new projects in other areas of high need.

(e) Of the amount provided in this item, $500,000 shall be used to provide a program of American Indian health education, prevention, and outreach. In determining the allocation of these funds, the department shall establish a request-for-proposal process that shall require a competitive application from eligible providers.

4260-111-890—For local assistance, Department of Health Services, for transfer to the Public Health Federal Fund payable from the Federal Trust Fund 22,123,504

Schedule:

(a) 20-Community Health Services 21,657,504

(b) 25-County Health Services 466,000

Provisions:

1. Provisions (2) (a) and (2) (c) of Item 4260-111-001 are also applicable to this item.
2. $4,627,000 of the amount appropriated in this item shall be allocated to the Maternal and Child Health Program for allocation to providers meeting the requirements of Chapter 1112, Statutes of 1982.

4260-301-036—For capital outlay, Department of Health Services, payable from the Special Account for Capital Outlay 1,580,000

Schedule:

(1) 94.50.010-Minor Projects..... 629,000

Item	Amount
(2) 94.70.040-Autoclave Replacement —Phases IV and V	709,000
(3) 94.80.010—Los Angeles Laboratory: Fire and Life Safety Modifications, Preliminary Plans, Working Drawings, and Construction	242,000

4260-490—Reappropriation, Department of Health Services.

(1) Notwithstanding Section 25330.2 of the Health and Safety Code, or any other provisions of law, on the effective date of this act, the appropriations provided in the following citations are reappropriated for the purposes provided for in the appropriation, unless otherwise specified, and shall be available for encumbrance and expenditure until June 30, 1985:

001—General Fund

For the purposes of Article 5 (commencing with Section 25350) of the Health and Safety Code, the unencumbered and encumbered but unexpended balance in Item 4260-001-001, Budget Act of 1983, for Superfund program activities, payable from Item 4260-001-455, Budget Act of 1983.

455—Hazardous Substances Account

For the purposes of Article 5 (commencing with Section 25350) of the Health and Safety Code, the unencumbered and encumbered but unexpended balance of Item 4260-001-455, Budget Act of 1983, for Superfund program activities.

890—Federal Trust Fund

For the purposes of Article 5 (commencing with Section 25350) of the Health and Safety Code, the unencumbered and encumbered but unexpended balance of funds actually received or awarded for remedial action in Item 4260-001-890, Budget Act of 1983, shall be available for transfer to Item 4260-001-455.

(2) Reappropriated funds may not be authorized for encumbrance or expenditure sooner than 30 days after notification in writing of the necessity therefor to the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the committee, or his or her designee, may in each instance determine.

Item Amount

(3) Notwithstanding section (2) above, expenditure of (a) funds to liquidate encumbrances made in the year of the initial appropriation or (b) funds that are proposed to be used for site-specific remedial action contracts shall not be subject to the above notification requirement.

4260-491—Reappropriation, Department of Health Services. Notwithstanding any other provision of law, the unencumbered balance as of June 30, 1984, in category (f) (1) of Item 4260-111-001 of the Budget Act of 1981, is hereby reappropriated for transfer to the Local Health Capital Expenditure Account for local health capital improvements.

4260-495—Reversion, Department of Health Services. As of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the fund from which the appropriation was made:

001—General Fund

(1) Chapter 215, Statutes of 1977, Special Medical Care program—hemophilia
(2) Chapter 1134, Statutes of 1979, Dental Disease Prevention
(3) Chapter 533, Statutes of 1980, Genetic Disease Testing
(4) Chapter 911, Statutes of 1980, Adult Day Health Care
(5) Chapter 1161, Statutes of 1980, Hazardous Waste: disposal sites
(6) Chapter 756, Statutes of 1981, Hazardous waste site cleanup-loan
(7) Chapter 204, Statutes of 1982, Health: birth defects
(8) Chapter 478, Statutes of 1982, Adult day health care programs
(9) Chapter 1461, Statutes of 1982, Drug utilization and peer review committees (Pilot Project)

4270-001-001—For support, California Medical Assistance Commission 872,000

Schedule:

(a) 100000-Personal Services 1,138,000
(b) 300000-Operating Expenses and Equipment 532,000
(c) Reimbursements ..... −798,000

4300-001-001—For support of Department of Developmental Services 15,890,000

Item Amount

Schedule:

(a) 10-Community Services Program 8,679,000

(b) 20-State Hospital Services Program 8,226,000

(c) 35.01-Administration 13,048,000

(d) 35.02-Distributed Administration −13,048,000

(e) Reimbursements ..... −1,015,000

Provisions:

1. Under order of the Director of Finance, the Controller shall transfer funds as are necessary between this item and Item 4300-101-001 to provide for the continuing costs of fair hearings.
2. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between Item 4300-101-001 and Item 4300-001-001 for costs related to the transition of casemanagement responsibilities from the Continuing Care Services Section offices to the regional centers.
3. The 13 positions proposed for phase-out in the Continuing Care Services Section on July 1, 1985, shall be limited-term positions through June 30, 1985.
4. Of the funds appropriated by this item, $50,000 shall be allocated by the department to the California State Hispanic Council on Developmental Disabilities for the purpose of Fiesta Educativa.

4300-001-172—For support of Department of Developmental Services, Program 10 Community Services Program, payable from the Developmental Disabilities Program Development Fund 185,000

4300-001-890—For support of Department of Developmental Services, Program 20—State Hospital Services Program, payable from the Federal Trust Fund 66,000

Provisions:

1. Upon order of the Department of Finance, the Controller shall transfer such funds as are necessary between this item and Item 4300-101-890.

4300-101-001—For local assistance, Department of Developmental Services 279,492,342

Schedule:

10.10.020-Purchase of services ..... (183,530,342)

Item	Amount
(c) 10.10.020.010-Out-of-home care	66,640,342
(d) 10.10.020.020-Day programs	40,001,000
(e) 10.10.020.050-Other services	76,889,000
Medical Services .....(3,140,000)	
Camps and Respite.....(7,412,000)	
Transportation .....(22,580,000)	
Specialized Services ..(25,788,000)	
All Other Services.....(17,969,000)	
(f) 10.20.030-Cultural center for the handicapped	135,000
(fxx) 10.30-Community Placement	5,983,000
(g) 97.10-Special Adjustment Cost-of-Living Adjustment	11,103,000

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between Item 4300-101-001 and Item 4300-111-001. Provided further, that the Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the State's share of expenditures for developmental services provided to persons eligible under the California Medical Assistance Program.
2. Notwithstanding any other provision of law, the Director of the Department of Developmental Services, in consultation with the State Council on Developmental Disabilities, shall establish priorities for expenditure of funds budgeted for the regional center program. Priorities for categories (a) to (e), inclusive, insofar as is possible shall be consistent with the Lanterman Developmental Disabilities Services Act. Guidelines developed by the Department of Developmental Services, based on these priorities shall govern the authorization for and expenditure of funds to insure that program level is within budgeted authority. Compliance with priorities shall be monitored prospectively and by postaudit by the Department of Developmental Services.
3. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between Item 4300-101-001 and Item 4300-001-001 for costs related to the transition of casemanagement responsibilities from the Continuing Care Services Section offices to the regional centers.

Item Amount

4. Funds appropriated in category (g) for cost-of-living increases are to be allocated to categories (a) through (f).
5. Notwithstanding any other provision of law, the Department of Developmental Services shall not allocate, reallocate, or transfer funds to any regional centers or the Cultural Center for the Handicapped for the purpose of cost-of-living adjustments in excess of that provided for by the Budget Act for this item. Any cost-of-living increase granted for personal and nonpersonal services which exceeds the percentage increase authorized by this Budget Act or any other salary adjustments provided by the regional centers and the Cultural Center for the Handicapped shall be funded within the allocation pursuant to the Budget Act.
6. The department shall use the mechanisms for consolidating and coordinating social service transportation services established pursuant to Chapter 1120 of the Statutes of 1979, in coordinating transportation services for the developmentally disabled.
7. (a) In order to ensure that services to eligible clients are available throughout the contract period, it is the intent of the Legislature in enacting this provision that each regional center administer the contract within the level of funding available pursuant to Sections 4621 and 4633 of the Welfare and Institutions Code and this act. If additional funds are appropriated by the Legislature, the Department of Developmental Services shall revise the contract amounts. The regional centers shall then administer the contracts within the revised contract amounts.

To carry out the intent of this provision, each regional center contract shall include provisions which ensure the regional center will provide services to eligible clients within the funds available in the contract throughout the contract term. If the regional center or the Director of Developmental Services determines that there are insufficient funds in a regional center contract for the provision of client services, the regional center shall continue to administer

Item Amount

the contract within the funds provided and use the interdisciplinary team process, with emphasis on the individual client and without actions involving categorical reductions, in order to eliminate the funding deficiency.

(b) Recognizing the needs of the developmentally disabled and the funding limitations imposed by the annual Budget Act, the Department of Developmental Services and the Association of Regional Center Agencies shall jointly develop standards for the purchase of services and allocation methods as will ensure, to the extent possible, equity among all regional centers with regard to the nature and amount of services purchased for clients. The department and the association shall consult with the State Council on Developmental Disabilities and the Organization of Area Boards in this process.

(c) The Director of Developmental Services shall, within 30 days after the end of each quarter, submit a report of the financial status of all regional centers and their operations to the Joint Legislative Budget Committee. The report shall:

(1) Identify all projections of regional center budget deficits during the quarter.

(2) Analyze the accuracy of each identified deficit projection.

(3) Analyze the feasibility of eliminating the projected deficits by reductions in expenditures, reallocations of appropriated funds, and budget augmentation.

(4) Indicate the actions planned to eliminate the projected deficits, including a description of the impact of such actions on the receipt of services needed by regional center clients during the remainder of the fiscal year.

4300-101-172—For local assistance, Department of Developmental Services, Program 10-Community Services Program, payable from the Developmental Disabilities Program Development Fund 2,647,000

Schedule:

(b) Program development 1,152,000

Item Amount

(1) 10.20.010-Program development..... 2,170,000
(2) Reimbursements .. −1,018,000
(c) Prevention..... 1,000,000
(d) 10.30-Community placement 495,000

Provisions

1. Program development projects funded during 1984–85 shall be evaluated by the Department of Developmental Services at the end of Fiscal Year 1984–85. A determination shall be made whether funding should continue under Item 4300-101-001.
2. In the 1985–86 program development funding cycle, priority consideration shall be given to using at least 33 percent of the funds, but in no case an amount less than that spent in fiscal year 1983–84, for developing new programs to place state hospital residents suitable for placement into the community. The department, State Council on Developmental Disabilities, and Organization of Area Boards shall develop an expedited program development funding process to award contracts. The new programs shall be designed to meet the needs of specific state hospital clients and shall include a detailed implementation timetable.

4300-101-890—For local assistance, Department of Developmental Services, Program 20, State Hospital Services Program, payable from the Federal Trust Fund 834,000

Provisions:

1. Upon order of the Department of Finance, the Controller shall transfer such funds as are necessary between this item and Item 4300-001-890.

4300-111-001—For local assistance, Department of Developmental Services, for State Hospitals 353,144,000

Schedule:

(a) 20-State Hospital Services Program 461,509,000
(b) Reimbursements ..... −108,592,000
(c) 97.10-Special Adjustment—Cost-of-Living adjustment 227,000

Provisions:

1. Upon order of the Department of Finance, the Controller shall transfer such funds as are necessary between this item and Items 4300-101-001, 4440-011-001, and 4440-101-001.

(e) Reimbursements	−3,770,000	
Provisions:		
1. To the extent feasible, the Department of Mental Health shall collect, from any existing and available source, facility specific data on length of stay and cost per episode by inpatient diagnosis for hospitals funded through the Short-Doyle program. This data shall be utilized by the Department to identify and establish norms for		

Item Amount

lengths of stay and cost per episode.

2. A county may elect to directly provide protective social services in lieu of purchasing such services from the Department of Mental Health if the guidelines of the Department of Mental Health which were applied to counties so electing prior to July 1, 1980, are applied. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Department of Finance, the Controller shall transfer between this item and Item 4440-101-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.

4440-001-890—For support of Department of Mental Health, Community Services, Program 10, payable from the Federal Trust Fund 535,000

4440-011-001—For support of the State Hospitals, Department of Mental Health 87,006,887

Schedule:

(a) 20.20 Penal Code and Judicially Committed 87,006,887

(b) 20.30 Other State Hospital Services 20,400,000

(c) Reimbursements ..... —20,400,000

Provisions:

1. The amounts appropriated above are for support of the hospitals for the mentally ill for judicially committed patients and patients committed pursuant to the Penal Code.

2. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Items 4200-101-001, 4300-111-001, 4440-121-001, 5240-001-001, and 5460-001-001.

3. Of the amount appropriated by this act, $3,000,000 shall be designated for the creation of model treatment programs. Implementation of model treatment programs shall not begin until (a) wards seeking to operate a model program have submitted program designs specifying the kinds of clientele to be served, the estimated length of stay of clients in the program, treatment methods to be utilized to achieve improvements in the client's level of functioning, weekly schedule of treatment activities by employee classifi-

Item Amount

cation, the average number of hours per week clients will spend in each treatment activity, workload estimates that justify the number and classifications of positions requested, and justification for equipment requests, and (b) the department has received and approved the material submitted by the wards. The funds shall not be used for other purposes nor shall more than 209 positions be administratively established for this purpose. Not more than one-third of the wards shall receive staff increases from these funds. The wards selected for augmented staffing shall receive the full complement of staff needed to operate the model programs as approved by the department.

4. The department may transfer up to $300,000 to Item 4440-101-001 for expansion of aftercare programs for Penal Code patients released from state hospitals. Additional aftercare program slots may be funded only if they will result in the placement of otherwise release-ready Penal Code clients and if the 1984–85 staff savings in the state hospitals from reduced population will fully offset the cost of expansion of the aftercare program.

5. The Department of Finance shall notify the Joint Legislative Budget Committee 30 days prior to the establishment of the treatment positions for the mentally disordered sex offender pilot project. The notification shall include (a) a weekly schedule of treatment and treatment-related activities for each job classification (b) job descriptions setting forth the specific duties of the various employee classifications, (c) workload estimates that justify the need for the number of positions requested in each classification, and (d) justification for equipment requested.

4440-101-001—For local assistance, Department of Mental Health 371,870,000

Schedule:

(a) 10-Community Services 386,971,000

(ax) 10.10.010-Community Residential Treatment System 25,830,000

(b) Reimbursements ..... −40,931,000

Item Amount

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code, Department of Mental Health, and in addition, any amounts transferred from the Health Care Deposit Fund shall augment and be available for expenditure for the purposes specified above.
2. The Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.
3. Upon order of the Department of Finance, the Controller shall transfer between this item and Item 4440-121-001 those funds which are necessary to provide for overuse of allocated state hospital days. Other transfers between this item and Item 4440-121-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the committee, or his/her designee, may in each instance determine.
4. County Short-Doyle planning estimates, allocations or reallocations to counties shall be approved by the Department of Finance and certified by the Department of Mental Health as to the source and availability of funds, and that such action would not create a deficiency.
5. The department may allocate $4.97 million plus the cost-of-living provided local mental health services, from the General Fund to support patch programs only to the extent that federal funds are not available for the programs in 1984–85. In the event that federal funds do become available, the department shall revert that amount to the General Fund.

Item Amount

6. The department shall make semi-annual and annual adjustments to local mental health services allocations to the extent that the department's projections indicate that a county will use more state hospital days than the department has allocated to it. The department may authorize counties to establish agreements pooling state hospital days, but shall make semi-annual and annual adjustments to their allocations if the department's projections indicate that the counties' state hospital use will exceed their combined total.
7. The department shall allocate $41,200,000 in new funds for local programs as follows: $20,300,000 for inflationary adjustments and $20,900,000 for equity adjustments.

   It is the intent of the Legislature that to the extent that program reductions have been made in the following programs in the last two fiscal years, counties shall consider allocating funds to restore programs in the following priority order:
   (a) Community residential treatment services.
   (b) Case management services.
   (c) Services to children and youth.
   (d) All other services.

   The Department of Mental Health shall monitor and report to the Legislature the extent to which the above programs are funded.
8. Notwithstanding any other provisions of law, if revenues become available from Chapter 1289, Statutes of 1982, or Chapter 948, Statutes of 1983, or both, for mental health programs, the first $250,000 shall be deposited in the General Fund. Any other revenues available from these sources shall be used to expand the primary prevention program.
9. Allocation increases to counties in an amount equal to the difference between recommended 2 percent cost-of-living adjustment and a cost-of-living adjustment ultimately agreed upon by the Legislature and approved by the Governor shall be allocated to counties in accordance with the equitable distribution formula and expended by counties for community residential treatment system (CRTS) programs as specified in Section 5450 of the Welfare and Institutions Code or expanded case management services or expanded mobile crisis services. Counties shall not use

Item Amount

these funds to replace current program services. Counties shall apply to the CRTS committee for program approval within 60 days of the budget approval by the Governor. The committee shall render a decision and recommendation to the Director of Mental Health within 30 days of receipt of a county proposal. If the committee does not act within 30 days, the proposal shall be decided by the Director of Mental Health without committee recommendation.

10. The department shall not transfer funds appropriated for community residential treatment system to the community services category or to any other item of the Budget Act.
11. A county may elect to directly provide protective social services in lieu of purchasing such services from the Department of Mental Health if the guidelines of the Department of Mental Health that were applied to counties so electing prior to July 1, 1980, are applied. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Department of Finance, the Controller shall transfer between this item and Item 4440-001-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.
12. In the event that the amount appropriated by this item is less than appropriations for fiscal year 1983–84 or funds in addition to the appropriation in this act become available in 1984–85, the department shall increase or decrease county allocations by utilizing the poverty/population model in order to reduce funding inequities among counties.

4440-101-890—For support of Department of Mental Health, Program 10, Community Services, payable from the Federal Trust Fund..... 13,554,000

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code. In addition, any amounts transferred from the Health Care Deposit Fund

Item Amount

shall augment and be available for expenditure for these purposes.

2. The Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.
3. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Item 4200-101-890.
4. County Short-Doyle planning estimates, allocations or reallocations to counties shall be approved by the Department of Finance and certified by the Department of Mental Health as to the source and availability of funds, and that such action would not create a deficiency.
5. The Department of Mental Health may authorize advance payments of federal ADAMH block grant funds on a monthly basis to the counties for grantees. Such advance payments may not exceed one-twelfth of the individual grant award for 1984–85. No General Fund money may be used in making grant awards under the provisions the federal ADAMH block grant.
6. The least possible amount of block grant funds shall be utilized for purposes of administration at both the state, local and direct provider levels. The department's administrative expenditures shall not exceed 10 percent of any block grant.

4440-111-001—For local assistance, Department of Mental Health—10.10.010—Community Residential Treatment Centers (CRTS) 10,467,000

Provisions:

1. The funds appropriated in this item are to be allocated for equity adjustments, on a county by county basis, and to be used by counties, on a program application basis, to fund services for children and youth that strengthen the local non-hospital community-based Community Residential Treatment Systems (CRTS) continuum. Counties shall apply to the Community Residential Treatment System Committee for program approval within 60 days of the budget approval by the Governor. The committee shall render a decision and recommendation to the director of the Department of Mental Health

Item Amount

within 30 days of receipt of a county proposal. If the committee does not act within 30 days, the proposal shall be approved or disapproved by the director of the Department of Mental Health without committee recommendation.

4440-121-001—For local assistance, Department of Mental Health, 20.10—Lanterman-Petris-Short Act 142,671,093

Provisions:

1. Upon order of the Director of Finance, the Controller shall transfer funds as are necessary between this item and Items 4300-111-001, 4440-011-001, and 4440-101-001 for overuse of state hospital days. Other transfers of funds between this item and Item 4440-101-001 shall not be made sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the committee, or his/her designee, may in each instance determine.
2. Of the amount appropriated by this act, $3,000,000 shall be designated for the creation of model treatment programs. Implementation of model treatment programs shall not begin until (a) wards seeking to operate a model program have submitted program designs specifying the kinds of clientele to be served, the specific goals for client improvement, the estimated length of stay of clients in the program, treatment methods to be utilized to achieve improvements in the clients' level of functioning, weekly schedule of treatment activities by employee classification, the average number of hours per week clients will spend in each treatment activity, workload estimates that justify the number and classifications of positions requested, and justification for equipment requests, and (b) the department has received and approved the material submitted by the wards. The funds shall not be used for other purposes nor shall more than 209 positions be administratively established for this purpose.

   Not more than one-third of the wards shall receive staff increases from these funds. The wards selected for augmented staffing shall receive the full complement of staff needed to

Item	Amount
operate the model programs as approved by the department.	
4440-301-036—For capital outlay, Department of Mental Health, payable from the Special Account for Capital Outlay	3,863,000
Schedule:	
(1) 55.35.140.641—Metropolitan State Hospital—Fire and Life Safety and Environmental Improvements, CTW Building—Preliminary Plans and Working Drawings	195,000
(2) 55.35.120.641—Metropolitan State Hospital—Upgrade Electrical Distribution System—Preliminary Plans and Working Drawings	127,000
(3) 55.45.095.010—Patton State Hospital—Security Improvements—Preliminary Plans, Working Drawings, and Construction	1,719,000
(4) 55.18.110.641—Atascadero State Hospital—Heating and Air Conditioning Patient Occupied Buildings—Working Drawings	535,000
(5) 55.45.120.060—Patton State Hospital—Install Emergency Electrical Power, Phase 2—Preliminary Plans, Working Drawings, and Construction	495,000
(7) 55.35.140.642—Metropolitan State Hospital—Fire and Life Safety and Environmental Improvements, R&T Building—Preliminary Plans	100,000
(8) 55.45.140.641—Patton State Hospital—Fire and Life Safety and Environmental Improvements, Building U—Preliminary Plans	100,000
(9) 55.10.010.621—Minor Projects	592,000

Provision:

1. The design of the project funded in category (2) at Metropolitan State Hospital shall incorporate the planned future use of the 200 and 300 units instead of current building usage.
2. Work performed on the project funded by category (3) shall be done in priority order with the proposed landscape screening to be completed last and only if funds within this appropriation are sufficient to complete the work.

Item Amount

3. The security improvements at Patton State Hospital are of high priority, and the Office of the State Architect shall undertake the project and shall expedite construction.

5100-001-001—For support of Employment Development Department 35,886,000

Schedule:

(a) 10-Employment and Employment Related Services 18,090,000
(b) 20-Tax Collections and Benefit Payments 17,796,000
(c) 30.01-General Administration 29,524,000
(d) 30.02-Distributed General Administration ..... −29,524,000

Provisions:

1. The State Controller shall transfer funds appropriated by this item only at such times as federal funds are deposited in the Unemployment Administration Fund and no transfer so made shall exceed 12.5 percent of the amount of federal funds so deposited; and provided further, that the amount available for transfer shall be reduced by the amount in cash or in-kind available from other sources as the State's share of the Work Incentive Program (WIN), as determined by the Employment Development Department and certified to the State Controller.
2. Up to $420,000 of the funds appropriated in this item shall be provided as reimbursements to Item 8940-001-001 for the California Innovative Military Projects and Career Training (IMPACT) Program, except that these funds shall not be provided to the Military Department as reimbursements and shall be available to the Employment Development Department for expenditure for the Employment Preparation Program to the extent that the Military Department receives from local agencies funds to offset costs scheduled in Item 8940-001-001.
3. $300,000 of the amount appropriated in the item shall be used by the Employment Development Department to fund Supported Work for long-term AFDC recipients as authorized by Chapter 1077, Statutes of 1981. The contractor shall agree to all the following conditions to reduce administrative cost and increase job placements:
   (a) There shall be no more than one supervisor for every five participants.

Item Amount

(b) The average length of training shall be no more than five months.

(c) 55 percent of the participants shall be placed in "outstationing" assignment, as defined by the department.

(d) 50 percent of the enrollees shall enter employment.

5100-001-184—For support of Employment Development Department, Tax Collections and Benefit Payments, Program 20, payable from the Employment Development Department Benefit Audit Fund 1,000,000

Provisions:

1. The Employment Development Department (EDD) may spend a total of $3,275,000 for benefit fraud activities from the Benefit Audit Fund and the EDD Contingent Fund. In the event that revenues accruing to the Benefit Audit Fund exceed the budgeted level, the excess is hereby appropriated to the Director of Finance, to be used to augment this item, for expenditure on benefit fraud activities, on order of the Director of Finance. Item 5100-001-185, payable from the EDD Contingent Fund, shall also be reduced by an equal amount budgeted for the same purpose.

5100-001-185—For Support of Employment Development Department, payable from the Employment Development Contingent Fund 11,684,323

Schedule:

(a) 10-Employment and Employment Related Services	1,223,000
(b) 20-Tax Collections and Benefit Payments	9,130,323
(c) 30.01-General Administration	1,331,000

Provisions:

1. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated pursuant to Section 1586 of the Unemployment Insurance Code.
2. Notwithstanding the provisions of Item 9840-001-494, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item.

Item Amount

3. Notwithstanding any other provision of law, the State Controller shall transfer to the General Fund the unencumbered balance in the Employment Development Contingent Fund as of June 30, 1985, which is in excess of the $1,000,000 reserve required by Section 1590 of the Unemployment Insurance Code.
4. The Employment Development Department is prohibited from spending funds appropriated by this item for automating the statewide payment system in the Unemployment Insurance program until the State Office of Information Technology submits to the Chairperson of the fiscal committee in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee a written explanation of the reasons for its approval of the Feasibility Study Report on the automation of the statewide Unemployment Insurance Payment System.

5100-001-514—For support of Employment Development Department, payable from the Employment Training Fund 55,000,000

Schedule:

(a) 20-Tax Collections and Benefit Payments 1,493,000
(b) 50-Employment Training Fund Panel 53,507,000
  (1) Administrative 4,235,000
  (2) Training 49,272,000

Provisions:

1. Notwithstanding Section 2 of this act, any unexpended moneys in the Employment Training Fund on June 30, 1984, shall remain available for allocation, without regard to fiscal years, by the Employment Training Panel for job training contracts and shall not be reverted to the Unemployment Insurance Fund.
2. All activities to market, negotiate, or otherwise locate employers or other agencies interested in providing training with funds supplied by the Employment Training Panel shall be supported with funds allocated for the administration of the Employment Training Panel.

5100-001-588—For support of Employment Development Department, Program 20—Tax Collections and Benefit Payments, payable from the Unemployment Compensation Disability Fund 52,157,000

Item Amount

Provisions:

1. The Department of Employment Development shall submit on October 1 and April 20, to the Department of Finance for its review and approval, an estimate including the assumptions and calculations underlying EDD projections for support expenditures from this item. The Department of Finance shall approve, or modify, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not approve or modify in writing, the assumptions underlying all estimates within 15 working days, the Employment Development Department shall consider the assumptions and calculations approved as submitted. If the Department of Finance determines that the estimate of support expenditures differ by the amount appropriated by this item, the Director of Finance shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this Budget Act appropriation and the DOF approved estimate. This item is not subject to the provisions of Section 28.00.

5100-001-870—For support of Employment Development Department, payable from the Unemployment Administration Fund—Federal 320,041,608

Schedule:

(a) 10-Employment and Employment Related Services 127,878,608
  (1) 10-Employment and Employment Related Services....152,881,608
  (2) 10-Reimbursements .....−25,003,000

(b) 20-Tax Collection and Benefit Payments 192,163,000
  (1) 20-Tax Collection and Benefit Payments 194,256,000
  (2) 20-Reimbursements .....−2,093,000

(c) 30.01-General Administration 0
  (1) 30.01-General Administration 242,000
  (2) 30.01-Reimbursements ..... −242,000

Item Amount

Provisions:

1. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated pursuant to Section 1555 of the Unemployment Insurance Code.
2. The Employment Development Department (EDD) shall submit on October 1, 1984, and April 20, 1985, to the Department of Finance for its review and approval an estimate including the assumptions and calculations underlying EDD projections for support expenditures for the Unemployment Insurance program from this item. The Department of Finance shall approve, or modify, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not approve or modify in writing the assumptions underlying all estimates within 15 working days, the Employment Development Department shall consider the assumptions and calculations approved as submitted. If the Department of Finance determines that the estimate of support expenditures differs by the amount appropriated by this item, the Director of Finance shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this appropriation and the Department of Finance approved estimate for the Unemployment Insurance program. Revisions for the support of the Unemployment Insurance program are not subject to the provisions of Section 28.00.
3. The department shall develop a program in conjunction with its data processing activities to efficiently share job order information among field offices within the same labor market.
4. The department shall develop procedures for maximizing the sharing of job orders among field offices within the same labor market, and for advising job seekers that each individual field office does not necessarily share job order information.
5. Of the funds appropriated by this item, the Employment Development Department shall spend discretionary Employment Services Funds made available under subdivision (b) of Section 7 of the Wagner-Peyser Act for the following activities:

Item Amount

(a) No more than $500,000 shall be allocated to the Unemployed Youth-Job Track Model.
(b) $167,000 shall be allocated to contract with county veteran's service organizations.
(c) $1,014,803 shall be allocated to the Local Job Market Information Services Program.
(d) $459,000 shall be allocated for the automation of job order sharing of EDD field offices in the major cities in the Central Valley.
(e) $783,000 shall be transferred to the California Conservation Corps to provide funding for the capitalized Nonresidential Program serving ethnic minority youth.

6. $327,796 of the department's discretionary employment services funds appropriated in this item, shall be allocated to the Employment Development Department for staff and support of the California Agriculture Employment Work Group activities and contract administrative services, and $1,000,000 shall be allocated for agriculture career training and related project development and coordination to the Job Training Partnership Act, Title IV, Section 402, Community Based Organizations programs in California. The California Agricultural Employment Work Group may serve as an advisory group to coordinate projects developed with these and other appropriate Employment Training Panel and Job Training Partnership Act Funds.

5100-001-908—For Support of Employment Development Department, for Program 20—Tax Collections and Benefit Payments, payable from the School Employees Fund 567,000

Provisions:

1. Notwithstanding the provisions of Item 9840-001-988, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item.
2. Funds appropriated in this Item are in lieu of the amounts which would have otherwise been appropriated pursuant to Section 822 of the Unemployment Insurance Code.
3. Provision 1 of Item 5100-001-588 is also applicable to this item.

Item	Amount
5100-001-932—For Support of Employment Development Department, for Program 20—Tax Collections and Benefit Payments, payable from the Local Public Entity Employees Fund	266,000

Provisions:

1. Notwithstanding the provisions of Item 9840-001-988, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item.
2. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated pursuant to Section 847 of the Unemployment Insurance Code.
3. Provision 1 of Item 5100-001-588 is also applicable to this item.

5100-001-979—For support of state programs under the Job Training Partnership Act, Employment Development Department, payable from the Consolidated Work Program Fund		76,506,000
Schedule:		
(a) 60.10-Council	2,207,000	
(b) 60.20-Incentive and Technical Assistance	12,406,000	
(c) 60.30-Older Workers	6,209,000	
(d) 60.40-Educational Linkages	16,556,000	
(e) 60.50-Administration	8,159,000	
(f) 60.60-Displaced Workers	18,149,000	
(g) 60.61-Displaced Workers-Discretionary Funds	12,058,000	
(h) 60.65-Veterans	762,000	

Provisions:

1. The Job Training Coordinating Council shall apply to the federal government to allow the state to receive and administer Title IV-E funds for veterans' employment programs.
2. The State Job Training Coordinating Council shall expend $265,000 of the funds appropriated in Schedule 60.10 of this item on a subcontract to be administered by the Employment Development Department for Deaf Self-Help to provide employment services for the deaf and hearing impaired in selected department field offices. Contracted employment services shall include complete communication services for all counseling, job development, job placement and followup activities.

Item Amount

3. Up to $188,000 of the funds appropriated in this item shall be provided as reimbursements to Item 8940-001-001 for the California Innovative Military Projects and Career Training (IMPACT) Program, except that these funds shall not be provided to the Military Department as reimbursements and shall be available to the Employment Development Department for expenditure for the Job Training Partnership Act Program to the extent that the Military Department receives from local agencies funds to offset costs scheduled in Item 8940-001-001.

5100-011-890—For support of Employment Development Department, payable from the Federal Trust Fund, for transfer to the Unemployment Administration Fund ..... (320,041,608)

5100-021-890—For support of Employment Development Department, payable from the Federal Trust Fund, for transfer to the Consolidated Work Program Fund 81,486,000

(b) 20-Habilitation Services	1,414,000
(c) 30-Support of Community Facilities	288,000
(d) 40.01-Administration	10,513,000
(e) 40.02-Distributed Administration	−10,513,000
(f) Reimbursements	−4,084,000

Provisions:

1. (a) It is the intent of the Legislature that Project Interdependence be continued as a Research and Demonstration program in the Department of Rehabilitation. The primary goal of Project Interdependence shall be to demonstrate that effective cooperation between state agencies and the private sector will substantially contribute to services to high school students with disabilities and groups who will benefit from assistance in career choices, employment opportunities, and employer and community acceptance, and will meet the broad goals of the California Public Education Rehabilitation systems in state and federal law. This goal shall be accomplished in part by encouraging the full integration of students with disabilities into all school and community activities. These activities shall include, but shall not be limited to, improved cooperative working relations between rehabilitation and education administration and service staff, disability awareness and positive attitude training, community service learning projects, career counseling and exploration, access surveys and barrier removal, technology exhibitions, civic and cultural public information programs, classes and other school organizations or community organizations, or both, and team building efforts. To the extent allowable under federal law, students served in the project shall include high school students who might benefit from referral for rehabilitation services or who may be Department of Rehabilitation youth clients and students from the mainstream high school population, or both, who are mutually concerned with contributing time and effort to achieve the goals of Project Interdependence.

Item Amount

(b) Financial support for the project shall be established from the Federal Vocational Rehabilitation Act and other funds, state general funds, education funds, and from private sector cash and in-kind public service contributions. Any private contributions solicited, to the extent allowable under state and federal law, shall only be used to augment and not supplant any other state and federal funds.

The Department of Rehabilitation shall include the project in its annual state plan, support appropriate statewide Department of Rehabilitation field operations staff to receive training in Project Interdependence and to follow up by providing the students with disabilities, local school district staff, and employers with vocational rehabilitation services and resources, as deemed appropriate.

It is the intent of the Legislature that state general funds only be used where the activities of the project cannot be supported by other sources of federal financial participation. The Department of Rehabilitation shall seek any necessary federal waivers to maintain maximum federal financial participation.

(c) The Departments of Rehabilitation and Education shall develop and maintain an interagency agreement, which shall be revised as needed and which shall govern the operation of the project.

(d) The project director shall prepare an annual plan as part of the interagency agreement projecting the activities, budget, individuals responsible for meeting program objectives, and expected outcomes of the project to meet the mandates of the Department of Rehabilitation and the Department of Education.

(e) The project director shall report to the Legislature annually each April 1 regarding:

(1) The utilization of moneys set forth in the Budget.

(2) Achievements and problems encountered in the administration, financing, and operation of the project.

Item Amount

(3) Follow through and involvement of professional staff from the Department of Rehabilitation and the Department of Education.

(4) The impact upon individuals served, benefits realized by schools, the Department of Rehabilitation, private corporations involved, and any measurable public attitude change.

(f) A public/private partnership Project Interdependence Board shall be established and maintained to provide policy oversight and prospective annual review of fiscal and program planning, and to make recommendations to the project in the design and assistance of public and private financial support.

(g) The project shall establish a separate bank account outside the State Treasury for the purposes of depositing and disbursing funds from private sources, to the extent allowable under state and federal law. The Project Interdependence Board shall recommend to the project director criteria and necessary safeguards for this separate account consistent with the the accountability and flexibility needed to administer and finance the project with private contributions.

5160-001-890—For support of Department of Rehabilitation, payable from the Federal Trust Fund 79,481,000

Schedule:

(a) 10-Vocational Rehabilitation Services 77,164,000

(b) 30-Support of Community Facilities 2,317,000

Provisions:

1. Funds appropriated by this item for the support of the Client Assistance Project may be encumbered not sooner than 30 days after written notification is provided the chairman of the fiscal committee in each house and the Chairman of the Joint Legislative Budget Committee. In the notification, the Department of Rehabilitation shall provide the Legislature with all of the following information:

(a) The activities supported by these funds.

(b) The agencies proposed to receive funds under this proposal.

Item		Amount
(c) The way in which the Department of Rehabilitation determined local program allocations.		
5160-101-001—For local assistance, Department of Rehabilitation		56,399,000
Schedule:		
(a) 10-Vocational Rehabilitation Services	394,000	
(b) 20-Habilitation Services	52,300,000	
(c) 30-Support of Community Facilities	3,705,000	
Provisions:		
1. The amount appropriated in this item for support of independent living centers shall not be awarded to any center which does not provide a 10 percent cash match from nonstate sources, except for those centers which have been in operation for two years or less.		
2. Funds appropriated in this item shall be allocated in such a manner as to ensure that no independent living center will receive less than it received in the 1983–84 fiscal year with the minimum allocation to be not less than $100,000 per center.		
5180-001-001—For support of Department of Social Services		50,781,000
Schedule:		
(a) 10-Welfare Program Operations	16,164,000	
(b) 20-Social Services Programs	12,974,000	
(c) 30-Community Care Licensing	18,372,000	
(d) 40-Disability Evaluation Program	6,335,000	
(e) 50-Services to Other Agencies	4,562,000	
(f) 60.01-Administration	50,126,000	
(g) 60.02-Distributed Administration	−50,126,000	
(h) Reimbursements	−7,626,000	
Provisions:		
1. The Director of Finance may authorize the transfer of General Fund moneys from Item 5180-001-001(c) to Item 5180-161-001, Program 30, Community Care Licensing, in order to allow counties to perform the facilities evaluation function.		
2. Of the funds appropriated by this item, $19,080 are for tort payments (attorney fees pursuant to Section 10962 of the Welfare and Institutions Code).		

Item Amount

3. The Legislature intends that the Department of Social Services exert maximum possible effort toward obtaining enhanced federal funds participation in the state support costs and county administrative costs of each of the projects included in the Standardized Automated Welfare System (SAWS) plan. The Director of Finance shall notify the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee of the receipt of enhanced federal funds participation for the SAWS projects. The notice shall provide for increases in the federal funds appropriated in Items 5180-001-866 and 5180-141-866 and offsetting reductions in the General Fund amount appropriated in this item and Item 5180-141-001 for the SAWS projects to reflect the increased rate of federal funds participation.
4. It is the intent of the Legislature in providing funds for Community Care Licensing that the department conduct inspections of community care facilities that emphasize direct personal contact with facility clients in addition to physical plant inspections of the facility and records.
5. Of the funds appropriated by this item, $2,000,000 are for a Child Day Care Center Ombudsman Program.

5180-001-866—For support of Department of Social Services, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund 106,062,000

Schedule:

(a) 10-Welfare Program Operations ..	28,284,000
(b) 20-Social Services Programs	4,653,000
(c) 30-Community Care Licensing	1,366,000
(d) 40-Disability Evaluation Program	71,633,000
(e) 50-Services to Other Agencies	126,000

Provisions:

1. The Director of Finance may authorize the transfer of Federal Funds from Item 5180-001-866(c) to Item 5180-161-866, Program 30, Community Care Licensing, in order to allow counties to perform the facilities evaluation function.

5180-101-001—For Local Assistance, Department of Social Services, Program 10.04—Payments for Children 1,553,282,000

Schedule:

(a) 10.04.005-Aid to Families with Dependent Children	1,536,163,000

Item		Amount
(b) 10.04.010-Child Support Incentives		11,365,000
(1) For Transfer to the Interstate Collections Incentive Fund for funding of Item 5180-102-919	(620,000)	
(2) For Transfer to the Support Enforcement Incentive Fund for funding of Item 5180-101-957	(10,745,000)	
(c) 10.04.015-Aid for Adoption of Children/Adoption Assistance Program		5,754,000

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

   Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law,

Item Amount

or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1984, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in program 10.04, Aid to Families with Dependent Children Program shall fully cover the State share of aid payments and for services under such programs for the 1984–85 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

Amounts realized from the counties as the re-

Item Amount

sult of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1984–85 fiscal year which are within or in excess of amounts appropriated in this act for that year.

   If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $85,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

6. The Department of Social Services shall enter into an agreement with the Employment Development Department to provide for the transfer of all or a portion of the welfare grants for the participants in subsidized employment programs operated by the Employment Development Department pursuant to Chapter 1077 of the Statutes of 1981, and Chapter 1080 of the Statutes of 1981.

Item Amount

7. $6,451,000 of the amount appropriated in this item and $2,999,000 of the amount appropriated in Item 5180-101-866 shall be used to increase foster care home rates.

$7,034,000 of the amount appropriated in this item and $1,646,000 of the amount appropriated in Item 5180-101-866 shall be used to increase group home rates. Groups homes in existence since fiscal year 1982–83 shall be eligible to receive up to a 9.97 percent increase to be reflected in their rates. Group homes in existence since fiscal year 1983–84 shall be eligible to receive up to a 1.7 percent increase.

8. Upon request of the State Department of Social Services, the Director of Finance shall transfer such funds as are necessary to implement the Asset Clearance Match program on a statewide basis as follows: from this item to Item 5180-001-001 an amount up to $156,000; and from this item to Item 5180-141-001, an amount up to $124,000; and from Item 5180-101-866 to Item 5180-001-866 an amount up to $155,000; and from Item 5180-101-866 to Item 5180-141-866 an amount up to $456,000.

The Department of Social Services may also establish positions necessary to implement this program after July 1, 1984.

5180-101-866—For local assistance, Department of Social Services, Program 10.04—Payments for Children, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund 1,679,823,000

Schedule:

(a) 10.04.005-Aid to Families with Dependent Children		1,660,675,000
(b) 10.04.010-Child Support Incentives		18,183,000
(1) For transfer to Interstate Collection Incentive Fund for funding of Item 5180-102-919	(992,000)	
(2) For transfer to Support Enforcement Incentive fund for funding of Item 5180-101-957	(17,191,000)	
(c) 10.04.015-Aid for Adoption of Children/Adoption Assistance Program		965,000

Item Amount

Provisions:

1. The federal share of programs funded by this item is not subject to the provisions of Section 28.00.
2. Provisions 1 through 6, inclusive, of Item 5180-101-001 are also applicable to this item.

5180-101-919—For local assistance, Department of Social Services, Program 10.04—Interstate Collections Incentive Fund 600,000

5180-101-957—For local assistance, Department of Social Services, Program 10.04.010—Child Support Incentives, payable from the Support Enforcement Incentive Fund 27,936,000

Schedule:

(a) Amount payable to the counties .. 27,365,000

5180-102-919—For Local Assistance, Department of Social Services, Program 10.04.010 Child Support Incentives, payable from the Interstate Collection Incentive Fund 1,612,000

5180-111-001—For local assistance, Department of Social Services, Program 10.08—SSI/SSP 1,096,645,000

Provisions:

1. Provision 1 of Item 5180-101-001 is also applicable to this item.

5180-111-866—For local assistance, Department of Social Services, Program 10.08—SSI/SSP, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund 5,288,000

Provisions:

1. Provision 1 of Item 5180-101-001 is also applicable to this item.

5180-121-001—For local assistance, Department of Social Services, Program 10.12—Special Adult Programs 1,500,000

Provisions:

1. Provision 1 of Item 5180-101-001 is also applicable to this item.
2. The Department of Social Services shall establish and maintain an allocation plan whereby costs of administering grants under the special circumstances program will be reasonable and effectively controlled within the amount appropriated therefor. In developing the plan, the department shall consider the relative cost of administering the grants and ways to reduce administrative costs. Allocations to each county shall be based on the plan. The department shall not allocate funds to cover county costs overruns

Item	Amount
which result from county failure to meet the requirements of the plan. The proposed allocation plan shall become effective no sooner than 30 days after it is submitted to the Chairperson of the Joint Legislative Budget Committee.	
5180-121-866—For local assistance, Department of Social Services, Program 10.12—Special Adult Programs, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund	52,000
Provisions:	
1. Provision 1 of Item 5180-101-001 is also applicable to this item.	
5180-131-866—For local assistance, Department of Social Services, Program 10.24—Refugee Cash Assistance Programs, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund	56,842,000
5180-141-001—For local assistance, Department of Social Services, Program 10.20—County Administration	117,240,000
Provisions:	
1. The Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Department of Finance may authorize the transfer of funds from Items 5180-141-001 and 5180-141-866, to Items 5180-001-001 and 5180-001-866 for this purpose.	
2. During the 1984–85 fiscal year, pursuant to Sections 15204.5 and 18906 of the Welfare and Institutions Code, the Department of Social Services shall continue the implementation of a plan whereby costs for county administration for AFDC and Food Stamp Programs will be effectively controlled within the total state funds appropriated for Program 10.20, County Administration.	
Notwithstanding any provisions of the Welfare and Institutions Code to the contrary, the total amount of state funds available to the counties for administration of the programs specified in Program 10.20, County Administration, shall be limited to the amount appropriated for that program.	

Item Amount

4. Notwithstanding any other provisions of law, the Department of Social Services may withhold state financial support of a county's automated welfare operations if the county does not provide a fiscal accounting of such operations in the form and manner as may be requested by the department. Provided further, that the Department of Social Services may enter into an agreement with a county wherein state financial support for the development or modification of county-automated welfare operations is conditioned upon the realization of savings projected by the county.
5. Provision 1 of Item 5180-101-001 is also applicable to this item.
6. All counties with State Department of Social Services approved Early Fraud Prevention/Detection Programs shall refer to a fraud investigation only after applicants have completed and signed the application for aid. If eligibility for assistance is established, such referral and investigation shall not delay the receipt of aid, including immediate need payments.

   It is the intent of the Legislature that no intimidation based on fraud allegations shall occur whether by referral, or threat of referral, prior to the completion of the application for aid. Whenever an application is withdrawn because of a fraud referral, such withdrawal shall be documented by a caseworker and the county shall keep records of all such withdrawals.

   For those applicants withdrawing, the caseworker shall give the applicant a complaint form that may be mailed to the county by the applicant. The county shall keep copies of all complaints.

   The department shall approve county proposals which provide satisfactory results regardless of the personnel classifications utilized. No proposal shall be approved that includes the employment of uniformed investigators. Counties shall give first priority for hiring additional fraud detection specialists to those county employees who have been laid off as a result of funding cuts and shall provide the necessary training to these individuals in order for them to carry out the duties of the position.

   The department shall submit by January 1,

Item Amount

1985, a report to the Joint Legislative Budget Committee and the fiscal committees describing the methodology used to calculate the savings by this project.

The department shall also submit a report to the Joint Legislative Budget Committee by April 15, 1985, describing the following: summaries of county programs; the costs of the program in each county; the number of applications in each county; the number of cases referred in each county; the number of investigations; the number of cases denied or withdrawn; the number of cases referred to the District Attorney's Office for prosecution; the actual savings generated by this program since its implementation. Additionally, any complaints received by the county regarding the county programs shall be included in the report.

The department shall have an Early Welfare Fraud Detection Advisory Committee that shall review all plans submitted to the department prior to approval by the department, and the department shall take into consideration the comments of the committee prior to approving or rejecting the county plan. The committee shall be composed of two persons appointed by the California Welfare Fraud Investigators Association, two persons appointed by the California Welfare Directors Association, two persons appointed by social services labor unions, and two persons appointed by the Coalition of California Welfare Rights Organizations. The committee shall meet not more than quarterly and make such reports as it deems appropriate to the Legislature and the director of the department. The committee may also hold hearings regarding the effectiveness of the program, including for the purposes of receiving views of persons wishing to express their opinions about the program.

The department shall reimburse members for their travel and per diem expenses.

7. Upon request of the Department of Social Services, the Director of Finance shall transfer an additional amount not to exceed $3,000,000 to Item 5180-001-001 to enable the department to reimburse the Employment Development Department for services provided pursuant to an

Item Amount

interagency agreement required to implement the Welfare Employment Services and Training Program.

5180-141-866—For local assistance, Department of Social Services, Program 10.20—County Administration payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund..... 332,243,000

Provisions:

1. Provisions 1 through 5, of Item 5180-141-001 are also applicable to this item.

5180-151-001—For local assistance, Department of Social Services, Program 20—Social Services Programs 219,624,700

Schedule:

(a) 20.30-Other County Social Services		35,362,600
(1) 20.30.010 Child Welfare Services Grant	35,362,600	
(b) 20.35-Specialized Adult Services		151,217,700
(1) 20.35.220 In-Home Supportive Services	144,677,600	
(2) 20.35.240 Maternity Care	2,104,000	
(3) 20.35.250 Access Assistance for the Deaf	4,436,100	
(c) 20.40-Specialized Family and Children's Services		355,000
(d) 20.42-Adoptions		23,935,700
(e) 20.44-Demonstration Programs		8,753,700

Provisions:

1. The amounts contained in this schedule are for Social Services Programs, for the cost of special social service programs for which federal grants in aid are made to the state; for grants or services to local agencies for the extension of child welfare services as provided by Chapter 5 (commencing with Section 16500) Part 4, Division 9 of the Welfare and Institutions Code; for the cost of the adoption programs and care of children, to be expended in accordance with the provisions of Chapter 2 (commencing with Section 16100) of Part 4 of Division 9 of the Welfare and Institutions Code; for the costs incurred by counties, including, but not limited to, the required matching funds, for in-home supportive

Item Amount

services as provided by Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code; and for the cost of statewide demonstration programs.

2. Provision 1 of Item 5180-101-001 is also applicable to this item.
3. In accordance with the provisions of Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, $315,940,606, consisting of $144,677,600 scheduled in (b)(1) of this item, $165,650,000 scheduled in (b)(1) of Item 5180-151-866 and $5,613,000 in county funds is the designated level of funding for the In-Home Supportive Services Program for fiscal year 1984–85.
4. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Finance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
5. The funds allocated for the Child Welfare Services (CWS) shall be be allocated to the counties based on a cost control plan. In preparing the cost control plan for fiscal year 1984–85, the department shall consult with the counties, and, to the extent possible, use allocation factors used in fiscal year 1983–84 to allocate CWS funds. For fiscal year 1984–85, each county shall receive not less than the amount of CWS funds the county received in fiscal year 1983–84.

   The Department of Social Services shall base the allocation of CWS funds on the amounts appropriated in category (a)(1) and category (a)(1) of Item 5180-151-866.

   The department shall, in conjunction with representatives of county government, develop an allocation methodology for implementation by July 1, 1985, which appropriates funds for

Item Amount

CWS on the basis of caseload and workload measurements established by the Department for Emergency Response, Family Maintenance, Family Reunification Program and Permanent Placement components of Chapter 978, Statutes of 1982.

It is the intent of the Legislature to provide counties with sufficient flexibility to manage their programs efficiently. Thus, a county may allocate a different amount for CWS than what is contained in the department's cost control plan, as long as it provides the department with acceptable documentation that the changes can be accomplished without reducing the level of services initially funded for CWS.

To do so, the county must notify the Director of Social Services in writing of its intent to fund CWS at a different level than included in the cost control plan. The notification shall include (a) the amount of the proposed transfer; (b) an identification of the purposes for which the funds will be used; and (c) the impact of any transfer on the level of services affected.

If the total amount of transfers from the counties are different from the amount appropriated by this act, the department shall notify the Department of Finance.

The Director of Finance may authorize the transfer of funds between those appropriated for CWS and those appropriated for In-Home Supportive Services (IHSS) administration, information and referral, adult and optional services no sooner than 30 days after written notification to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee. The notification shall include (1) the amount of proposed transfer; (2) an identification of the purposes for which the funds will be used; (3) the impact of any transfer on the level of services; and (4) documentation that the transfer can be accomplished without reducing the level of services initially funded by this act for CWS.

Item Amount

6. The CWS allocation plan for 1984–85 shall provide each county with as much flexibility in determining how to use the funds provided for these programs as is consistent with current law and regulation. The plan shall advise each county the caseload and workload measurements that the department used in developing the plan, but shall allow the county to determine its own social worker workloads according to local needs and conditions, consistent with the funding available and to the extent that the minimum service levels established in current law and regulation are provided.
7. No later than 30 days before allocation of funds to public adoption agencies are made, the Department of Social Services shall submit to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee a plan for allocating the funds appropriated under this item for the relinquishment adoption program. The amount of the allocation shall be based on each public adoption agency's caseload, and shall be allocated in the following manner:

   All agencies shall receive caseload-based allocations. Prior to making the allocation, the department shall review the efficiency of each agency as measured by the number of placements per adoption worker Full-Time Equivalents (FTE) during the most recent one-year period for which information is available at the time the plan is submitted. An agency shall be considered to have maintained a high level of efficiency if its placements to FTE ratio is at or above the statewide average.

   Agencies that have performed at efficiency levels that are less than the statewide average shall receive funds on the condition that each agency agrees to meet an efficiency goal established by the Department.

   For each agency, the goal shall be expressed in terms of either (a) the number of placements that the agency shall make per adoption worker FTE, or (b) a percentage by which the agency will increase its placements per FTE during 1984–85. In establishing this efficiency goal, the department shall consider whether the agency's low-efficiency level is due to (a) unusual charac-

Item Amount

teristics of the local judicial system; (b) the number of hard-to-place children in the agency's caseload; or (c) a lack of availability of adoptive homes in the agencies' jurisdiction. If the department determines that the reason for an agency's low-efficiency level is either the local judicial system or a lack of availability of adoptive homes, the department shall develop, in cooperation with the affected agency, a corrective action plan to address these problems and shall submit these plans to the Legislature by December 1, 1984. In addition to the allocation plan, the department shall submit a report to the Legislature by December 1, 1984, which identifies a statewide goal for the number of children to be placed in the relinquishment adoption program during 1984–85 and the resulting backlog of children who are expected to be under adoptive study and receiving adoption services, but not yet placed in adoptive homes by the end of 1984–85.

8. Funds provided by this act to fund programs authorized by Chapter 1398, Statutes of 1982, shall be used to supplement, not supplant, services provided pursuant to Section 16501 of the Welfare and Institutions Code to create a continuum of services.
9. All contracts funded in 1983–84 under the authority of Chapter 1398, Statutes of 1982 shall be extended through the contract amendment process with the following exceptions:
   (1) Indirect services may be rebid to direct services by counties.
   (2) Counties offering services through public agencies may rebid to private, non-profit agencies.
   (3) Contracts which are subject to termination as determined by performance agreements in the contract.
   (4) Contracts that are no longer meeting local need priorities as determined by the board of supervisors pursuant to a public hearing process.
   (5) An existing contractor notifies the county of intention not to continue as a service provider.

   New or amended contracts shall be subject to the approval of the Department of Social Serv-

Item Amount

ices. All contracts shall have a termination date no later than June 30, 1985.

Nothing in this language precludes counties from rebidding contracts if other sources of funds are utilized to fund programs initially funded by Chapter 1398, Statutes of 1982.

The department shall develop a performance evaluation method which shall be implemented by February 1, 1985, to determine the effectiveness of Chapter 1398, Statutes of 1982 projects. This evaluation method will include effectiveness measures of overall project performance with regard to client outcomes, community impacts, program activity costs and the types and extent of services offered. The evaluation method will develop information about how well private contract projects are coordinated in needs assessment planning and case referral with public child welfare services agencies.

10. The respite care demonstration projects shall be funded in 1984–85, and thereafter shall be considered for funding as part of the ongoing program authorized by Chapter 1398, Statutes of 1982.
11. It is the intent of the Legislature that of the $1,000,000 appropriated in this item for the purpose of innovative projects carried out through contract with the Office of Criminal Justice Planning pursuant to Chapter 1398, Statutes of 1982, first consideration shall be given to those projects funded in the 1983–84 fiscal year.
12. Of the funds appropriated in category (b) (3), up to $360,000 shall be made available for support of access assistance services in San Bernardino and Riverside Counties.
13. Of the funds appropriated in category (b) (3), up to $50,000 shall be made available for support of access assistance services in Tulare and Kings Counties.

5180-151-866—For local assistance, Department of Social Services, Program 20—Social Services Programs payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund 393,271,500

Schedule:

(a) 20.30-Other County Social Services 180,175,000

(1) 20.30.010 Child Welfare Services Grant 129,832,000

Item			Amount
(2) 20.30.030 County Services Block Grant	50,343,000		
(b) 20.35-Specialized Adult Services			165,650,000
(1) 20.35.220 In-Home Supportive Services	165,650,000		
(c) 20.40-Specialized Family and Children Services			14,600,000
(1) 20.40.260-Work Incentive Program	10,100,000		
(2) 20.40.267 Job Partnership Training Act	4,500,000		
(d) 20.42-Adoptions			19,500
(e) 20.44-Demonstration Programs			359,000
(f) 20.45-Refugee Assistance Services			32,468,000

Provisions:

1. Provisions 1 and 3 of Item 5180-151-001 and provision 1 of Item 5180-101-001 are also applicable to this item.
2. Any unexpended funds from the Job Training Partnership Act available for child care programs in 1983–84 shall be available for expenditure in 1984–85 for the same purpose.
3. It is the intent of the Legislature in appropriating social services funds for refugees that the Department of Social Services shall develop guidelines for counties and shall execute the transfer of contract administration responsibilities in the following manner:
   (a) Prior to October 1, 1984, the Department shall work jointly with the county Board of Supervisors to develop plans of services, continue contracts which are performing satisfactorily for fiscal year 1984–85 without disrupting services, and evaluate programs in a manner consistent with this provision. Counties are encouraged to evaluate existing projects to determine their effectiveness. In addition, if, in consultation with the counties, it is determined that programs that were not extended by DSS for the period of April 1, 1984, to October 1, 1984, should be renewed, then such renewal shall be allowed. If a county finds that a project is not performing adequately, it can recommend to DSS that new Requests for Proposals be

Item Amount

issued in that county.

(b) County plans shall be developed with the significant participation and input by the local private sector, the refugee community, and other interested parties. The Board of Supervisors of each county or, in San Francisco, the Mayor may appoint a county planning group for this purpose.

Requests for Proposals and accompanying procedures, including contract compliance, shall be simplified to the extent feasible to facilitate a wider participation by refugee community-based organizations.

(c) Projects should attempt to facilitate refugee leadership development. Priority funding should be given to refugee community-based organizations if they demonstrate the capacity to implement the proposed programs.

(d) The department shall review and approve county plans to ensure compliance with these requirements.

4. The Department of Social Services (DSS) shall issue a Request for Proposals (RFP) for Mutual Assistance Agencies (MAA) capacity building utilizing federal MAA incentive funds available to California. This RFP shall be developed and administered by DSS with the ultimate objective of making MAAs more competitive in seeking funds to serve refugees. Particular emphasis in the RFP shall be placed on successful MAAs assisting other MAAs. Predicated on federal approvals, the contracts shall commence on October 1, 1984, so that MAAs are in a better position to compete for federal funds for fiscal year 1985–86.

5. It is the intent of the Legislature in appropriating targeted assistance funds for refugees that the Department of Social Services (DSS) shall administer these funds in such a manner to insure that the result is direct services aimed at increased employment of refugees and resulting in greater economic self-sufficiency and reduced dependency on welfare. It is further the intent of the Legislature to help refugees acquire the capacity and develop the leadership necessary to their integration in the mainstream of American society. The department shall de-

Item Amount

velop guidelines and planning requirements for the administration of these funds in the following manner:

(a) Provide maximum flexibility to counties for economic development proposals relative to local conditions (i.e., farm technology in Fresno, computer technology in Santa Clara).

(b) Provide economic development that yields tangible benefits (i.e., training projects should be tied to job commitments).

(c) Priority should be to provide innovative projects for economic self-sufficiency.

(d) Encourage projects which maximize the use of voluntary contributions or loans for capital improvements to be used in conjunction with targeted assistance funds as an overall package.

(e) Projects should attempt to facilitate refugee leadership development. Priority funding should be given to refugee community-based organizations if they demonstrate the capacity to implement the proposed programs. A refugee community-based organization is defined as an organization in which the majority of administrative, management and policy-making positions are held by refugees.

(f) Requests for proposals and accompanying procedures, including contract compliance, shall be simplified to the extent feasible to facilitate a wider participation by refugee community-based organizations.

(g) Development of local plans must have significant participation by and input from the local private sector, the Private Industry Council, the refugee community, and other interested parties, before the department shall approve local plans.

6. The department shall (with the assistance of the State Personnel Board and the Department of Personnel Administration) contract with up to one person per county in the Office of Refugee Services to work closely with the counties and projects in implementing the targeted assistance program. These individuals should have some experience in communities and their economic development. These individuals shall be

Item Amount

responsible for helping refugee community-based organizations acquire and develop the capacity to compete for and operate service programs. These individuals shall also help counties in the planning and ongoing evaluation processes.

The amount of fund set aside for this purpose shall not exceed one-half of the amount appropriated for state administrative costs of the Targeted Assistance Program. This paragraph is conditional upon availability of federal funds for the Targeted Assistance Program.

5180-161-001—For local assistance, Department of Social Services, Program 30—Community Care Licensing 7,515,000

Provisions:

1. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-001, Program 30—Community Care Licensing, in order to allow the state to perform the facilities evaluation function in the event the counties fail to perform such function, or to provide an equitable funding between the state and the counties based on recent caseload estimates. By December 1, 1984, the Department of Social Services shall report to the Legislature the actual and anticipated Family Day Care caseloads and any actions necessary to adjust state and county budgets.

5180-161-866—For local assistance, Department of Social Services, Program 30—Community Care Licensing, payable from the Social Welfare Federal Fund after transfer from the Federal Trust Fund 2,707,000

Provisions:

1. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-866, Program 30, Community Care Licensing, in order to allow the state to perform the facilities evaluation function in the event the counties fail to perform such function.

5180-181-001—For local assistance, Department of Social Services, Program 97.10—Special Adjustments —Cost-of-Living Adjustments, to be transferred to and in augmentation of programs, upon approval of the Department of Finance, effective July 1, 1984, in accordance with the following schedule 226,612,000

Item	Amount
Schedule:	
(a) 10.08—SSI/SSP (for transfer to Item 5180-111-001 to provide a statutory cost of living increase) ..	99,951,000
(b) 20—Social Services Program (for transfer to Item 5180-151-001 to provide a 5.4 percent cost of living increase)	26,612,000
(c) 30—Community Care Licensing (for transfer to Item 5180-161-001 to provide a 5.4 percent cost of living increase)	405,000
(d) 10.04.005—Aid to Families with Dependent Children (for transfer to Item 5180-101-001 to provide a statutory cost-of-living increase) ..	93,493,000
(e) 10.20—County Administration (for transfer to Item 5180-141-001 to provide a cost-of-living increase)	6,151,000

Provisions:

1. Funds appropriated under this item are to be used only for an In-Home Supportive Services (IHSS) provider wage and benefit cost-of-living adjustment. All counties shall grant cost-of-living adjustments (COLAs) to its IHSS providers. The amount of COLA for any individual provider(s) is to be decided by the county, but, the allocation to each individual county pursuant to this section shall not be affected by the provider COLA given in any county.

   The COLA shall apply to wages beginning July 1, 1984. If for any reason payment cannot begin on the next scheduled payday after July 1, 1984, waivers shall be granted to the counties to allow for retroactive paychecks back to July 1, 1984. In counties which contract with private provider companies for IHSS, provisions shall be made to pass through the COLA to the contract homemakers effective July 1, 1984.

2. Notwithstanding any other provision of law to the contrary, General Fund money appropriated by this item for Program 10.20, County Administration, shall be used solely to support the General Fund share of cost-of-living increases granted by each county based on the actual increases granted in 1984–85 as applied to the costs allowable under the 1983–84 administrative cost

5180-490—Reappropriation, Department of Social Services. On the effective date of this act, notwithstanding any other provisions of law, any unencumbered balances of the appropriation provided in Chapter 1398, Statutes of 1982, is reappropriated for Demonstration Programs, Item 5180-151-001 (e) of this act, and shall be available for expenditure until June 30, 1985.

Reappropriation, Department of Social Services. Notwithstanding any other provisions of law, on the effective date of this act, up to $3,000,000 of the unencumbered balances of the appropriations provided in Item 5180-151-001 (b) (1) and Item 5180-181-001 (c), Budget Act of 1983, and up to $2,000,000 of the unencumbered balance of the appropriation provided in Item 5180-151-001, Budget Act of 1983,

Item Amount

are hereby reappropriated to fund a three-year pilot project in Santa Cruz County ($2,500,000) and the first year of a three-year pilot project in San Diego County ($2,500,000), as authorized by Section 12314 of the Welfare and Institutions Code.

These funds shall be used first to fund pilot projects in San Diego and Santa Cruz Counties. If either of these counties are unable to use these funds, the remaining funds shall be available in 1984–85 for other counties that apply to the Department of Social Services for the same purposes.

5190-001-142—For support of California Health Facilities Commission, in accordance with the provisions of Part 1.7 (commencing with Section 440) of Division 1 of the Health and Safety Code, payable from the California Health Facilities Commission Fund 3,880,000

Schedule:

(a) 100000-Personal Services 2,515,000
(b) 300000-Operating Expenses and Equipment 1,470,000
(c) Reimbursements ..... −105,000

Provisions:

1. In adopting its assessment fee rates for hospitals and long term care facilities, the commission shall update its expenditures and revenue projections based on the most recent information available and shall provide for a contingency reserve not to exceed $200,000.

YOUTH AND ADULT CORRECTIONAL AGENCY

5240-001-001—For support of Department of Corrections..... 703,222,000

Schedule:

(a) 21-Institution Program 649,514,000
(b) 31-Community Correctional Program 66,152,000
(c) 41.01-Administration 56,798,000
(d) 41.02-Distributed Administration −56,798,000
(e) Reimbursements ..... −12,444,000

Provisions:

1. Funds appropriated to accommodate projected institutional population levels in excess of those which actually materialize, if any, shall revert to the General Fund, unless the encumbrance of such funds is authorized by the Department of Finance, not sooner than 30 days after notification in writing of the necessity therefor, to the

Item Amount

chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee.

2. The amount not to exceed $1,294,000 is appropriated from the General Fund for payment of worker's compensation claims of inmates pursuant to Sections 3364.55, 3365, and 3370 of the Labor Code and Section 2700 of the Penal Code; and for payment of unemployment insurance and disability insurance claims of, and for support of Department of Corrections, Employment Development Department, and California Unemployment Insurance Appeals Board for claims of inmates pursuant to Chapter 5.8 (commencing with Section 1480) of Part 1 of Division 1 of the Unemployment Insurance Code, Department of Corrections provided, that expenditures made pursuant to this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.
3. The department shall report to the Legislature by December 1, 1984, on the amount of reimbursement that the Prison Industry Authority will pay to the department during 1984–85. The Department of Finance may schedule any reimbursement from the Prison Industry Authority that exceeds the amount already scheduled in this item. The Department of Finance shall unallot funds equaling the increased reimbursement. Any funds so unallotted shall revert to the General Fund.
4. The department shall audit the duties performed by correctional officer positions designated as search and escort and report to the Legislature findings by December 1, 1984. The positions designated as search and escort for purposes of such audit shall be made limited term positions which terminate as of June 30, 1985, unless the audit justifies the need of such designated positions.
5. Notwithstanding any other provision of law, at least 30 days prior to entering into any contract, or amending any existing contract, by the Department of Corrections for program management services, the director shall submit the proposed contract to the chairpersons of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee, or prior to what-

Item Amount

ever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Program management services include all services provided by the department's capital expenditure managers (Kitchell CEM or any successor) to assist in the planning and implementation of the department's new prison construction program.

6. The department shall phase out, beginning January 1, 1985, positions currently justified because of the need to move higher risk inmates to facilities not designated to house such inmates. These positions shall also be made limited term positions terminating as of June 30, 1985, or sooner. The existing inmate classification system, the basis of such inmate movement, is currently being reevaluated and, as revised, will serve as the basis for the phased reduction.
7. The department shall implement and evaluate a urine testing pilot project within currently budgeted resources to validate the use of new drug testing technology for use as evidence in court.
8. The positions and associated funds to staff nine new prisons in 1984 are approved and authorized. No positions may be filled prior to 30-day advance notification of the Joint Legislative Budget Committee, the fiscal committees, and the Joint Prison Committee. The approval of these positions in this act is not approval of any specific staffing pattern for these institutions, which must, under current law, be approved by the Joint Prison Committee.
9. An amount not to exceed $200,000 is appropriated for the department to develop and implement, as part of its prison construction program, a community relations plan to solicit and receive public comments from including, but not limited to, neighborhood groups and organizations, PTA's, citizens' advisory councils, and church groups regarding the placement and construction of correctional facilities in local communities. The department is authorized to hire consultants to the extent necessary to assist the department in this function.

5240-001-890—For support of Department of Corrections payable from Federal Trust Fund 199,000

Item Amount

Schedule:

(a) 21-Institution Program 188,000

(b) 31-Community Correctional Program 11,000

5240-001-917—For support of Department of Corrections, Program 21—Institution Program, payable from the Inmate Welfare Fund 12,030,000

Provisions:

1. Additional expenditures may be made from the Inmate Welfare Fund for purposes of this item if revenue is available and in accordance with Section 28.
2. The limitations of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Inmate Welfare Fund.

5240-101-001—For local assistance, Department of Corrections 17,704,000

Schedule:

(a) 21-Institution Program 4,836,000

(b) 31-Community Correctional Program 12,868,000

Provisions:

1. The amount of $394,000 is appropriated from the General Fund for transportation of prisoners to and between state prisons, including the return of parole violators to prison and for the conveying of persons under provisions of Division 3 (commencing with Section 3000) of the Welfare and Institutions Code and the Western Interstate Corrections compact (commencing with Section 11190 of the Penal Code), in accordance with the provisions of Section 26749 of the Government Code. Provided, that claims made against this item of appropriation shall be filed by the local jurisdictions within six months after the end of the month in which such transportation costs were incurred; and provided further, that expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.

   Provided further, that claims filed by the counties directly with the State Controller may be paid by the Controller.

Item Amount

2. The amount of $12,868,000 is appropriated from the General Fund for reimbursement to counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code, Department of Corrections provided, that expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.
3. The amount of $1,674,000 is appropriated from the General Fund for expenses of returning fugitives from justice from outside the state, in accordance with the provisions of Sections 1389, 1549 and 1557 of the Penal Code provided, that expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller, and any restitution received by the state for such expenses be credited to the appropriation of the year in which the State Controller's receipt is issued.

   Provided further, that claims filed by the counties directly with the State Controller may be paid by the Controller.
4. The amount of $2,768,000 is appropriated from the General Fund for court costs and county charges, payable under Sections 4700 and 4700.5 of the Penal Code, in connection with coroners' services and trials of inmates charges with commission of a crime or crimes while incarcerated in a state institution or prison under the Department of Corrections provided, that claims filed payable under Section 6005 of the Penal Code may be paid by the Department of Corrections from funds appropriated by this item. Provided further, that claims made against this item of appropriation shall be filed by the local jurisdictions within six months after the end of the month in which such court costs and county charges were incurred; and provided further, that expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.

   Provided further, that claims filed by the counties directly with the State Controller may be paid by the Controller.

1. Funds in category (2) shall not be available for expenditure until a permit to operate the Rose Valley Camp is granted by the United States Forest Service.		

EDUCATION

6100-001-001—For support of Department of Education			27,346,000
Schedule:			
(a) 10-Instruction		6,964,000	
(1) 10-Total Instruction	9,085,000		
(2) Reimbursements	−2,121,000		
(b) 20-Instructional Support		10,086,000	
(1) 20-Total Instructional Support	10,404,000		
(2) Reimbursements	−318,000		
(c) 30-Special Programs		4,840,000	
(d) 41.00-Executive Management and Special Services		5,456,000	
(1) 41.00-Total Executive Management and Special Services	5,694,000		
(2) Reimbursements	−238,000		

Item Amount

(e) 42.01-Department Management and Special Services 20,046,000

(f) 42.02-Distributed Department Management and Special Services—20,046,000

Provisions:

10-Instruction:

1. Notwithstanding Section 33403 of the Education Code, or any other provision of law, no funds appropriated pursuant to this act shall be used by the Department of Education to prepare evaluation reports on the following programs during the 1984–85 fiscal year:
   (a) Professional development and program improvement centers.
   (b) Indian education centers.
   (c) Alternative schools.
   (d) Bilingual teacher corps.
   (e) Demonstration programs in reading and mathematics.

20-Instructional Support:

1.5. $550,000 of the funds appropriated in this item shall be used only for the development and implementation of the 10th grade CAP test and shall be expended only upon the approval of the Director of Finance. None of these funds shall be used by the Department of Education for the development of a test format which permits the reporting of scores on an individual student basis.

30-Special Programs:

2. $883,000 of the funds appropriated in this item in lieu of the appropriation made by subdivision (b) of Section 41312, and in lieu of the apportionment of funds specified in Section 41353, of the Education Code, for the State administrative expenses related to the child nutrition program and nutrition education projects.

40-Department Management and Special Services:

3. $72,000 of the funds included in this item shall be utilized for California's participation in the Education Commission of the States.
4. $575,000 of the funds included in this item shall be available only for the state's defense costs in the Serrano litigation and shall be expended only upon the approval of the Director of Finance.

Item	Amount
5. $104,000 of the amount appropriated by this item is in lieu of the amount which would otherwise be provided pursuant to Sections 41304 and 41904 of the Education Code for the purpose of administering the driver training program specified in Item 6100-171-178.	
6. Prior to granting a contract for the purpose of Article 8 (commencing with Section 60700) of Chapter 5 of Part 33 of the Education Code, the Superintendent of Public Instruction shall appoint an independent panel composed of educational practitioners and persons with expertise in assessment procedures to review proposals and make recommendations regarding the Golden State Examination contract award. The Request for Proposals shall be so framed as both to permit and encourage alternative strategies for achieving the statutorily-defined objectives of the Golden State Examination.	
6100-001-140—For support of Department of Education Program 20.10—Curriculum Services payable from the California Environmental License Plate Fund	106,000
6100-001-178—For support of the Department of Education, Program 20—Instructional Support, for the purpose of conducting school bus driver instructor training as provided in Section 1204 of the California Administrative Code, payable from the Driver Training Penalty Assessment Fund	317,000
6100-001-305—For support of Department of Education, Program 30.30—Postsecondary Education, payable from the Private Postsecondary Education Administration Fund	719,000
Provisions:	
1. Funds provided by this item are for support of the Office of Private Postsecondary Education and the Private Postsecondary Education Council pursuant to Chapter 791, Statutes of 1981.	
6100-001-344—For support of Department of Education, Program 20—Instructional Support, payable from the State School Building Lease-Purchase Fund	596,000
6100-001-680—For support of Department of Education, for the California State Agency for Surplus Property, Program 30.50—Surplus Property, payable from the Surplus Property Revolving Fund	26,998,000

Item Amount

Provisions:

1. Expenditures in excess of $10,400,000 may be made from the Surplus Property Revolving Fund for purposes of this item only if revenue is available from service and handling charges assessed by the Office of Surplus Property, and following notification to the Department of Finance and the Joint Legislative Budget Committee.

   Service and handling charges assessed to reimburse these additional expenditures shall not exceed, on average, $2.50 per unit of U.S. Department of Agriculture food donated, or, alternatively, an amount approved by the U.S. Department of Agriculture. The Office of Surplus Property may assess additional charges only as needed to reimburse the production costs of state processed donated foods.

6100-001-890—For support of Department of Education, payable from the Federal Trust Fund 37,829,000

Schedule:

(a) 10-Instruction	15,146,000
(b) 20-Instructional Support	10,107,000
(c) 30-Special Programs	11,719,000
(d) 41.00-Executive Management and Special Services	857,000

Provisions:

1. Of the funds appropriated in this item, $1,167,391 of the 1984–85 Federal Vocational Education Act funds shall be transferred to the community colleges by means of interagency agreements. These funds shall be used by the community colleges for the administration of vocational education programs.
2. In the event that legislation is enacted authorizing the transfer of authority for the Federal Emergency Food Distribution program from the Department of Education to another state agency or department, all funds appropriated in this item for the program shall be transferred from the Department of Education to the state agency or department specified, on the effective date of such legislation.

6100-006-001—For support of Department of Education as allocated by the Department of Education to the State Special Schools..... 33,871,000

Schedule:

(a) 10-Instruction	36,811,000
(b) Reimbursements	−2,940,000

Item Amount

Provisions:

1. On or before January 15 of each year the Superintendent of each State Special School shall report to each district the estimated payment for the fiscal year pursuant to Education Code Section 59300. The State Controller shall withhold from the State School Fund in the first principal apportionment of that fiscal year the amount due from each school district as reported to the Controller by the Superintendent of Public Instruction. The amount withheld shall be transferred from the State School Fund to Item 6100-006-001 which supports the State Special Schools. The Superintendent of Public Instruction is authorized to adjust the estimated payments required after the close of the fiscal year by reporting to the State Controller the information needed to make the adjustment.
2. Notwithstanding Section 59300 of the Education Code, no district shall be required to pay any part of the cost of pupils attending a state-operated special school.

6100-007-001—For support of Department of Education as allocated by the Department of Education to the State Special Schools for student transportation allowances 503,000

Provisions:

1. Funds appropriated in this item are in lieu of funds which would otherwise be transferred from the General Fund to Section A of the State School Fund in accordance with provisions of Section 14007 and 41301.5 of the Education Code.

6100-011-001—For support of Department of Education, California State Library, Division of Libraries, and California Library Services Board 7,892,000

Schedule:

(a) 50-Library Services 7,905,000
(b) Reimbursements ..... −13,000

6100-011-890—For support of Department of Education, California State Library, Program 50—Library Services, payable from the Federal Trust Fund 1,593,000

6100-015-001—For support of Department of Education instructional materials warehousing and shipping costs, Program 20.20.020—Instructional Materials Management and Distribution 253,000

Item Amount

Provisions:

1. Funds appropriated by this item are for transfer by the Controller, to the State Instructional Materials Fund, for allocation during the 1984–85 fiscal year, pursuant to Article 3 (commencing with Section 60240) of Chapter 2 of Part 33 of the Education Code. These funds shall be transferred to the State Instructional Materials Fund by the Controller in amounts claimed by the Department of Education, and the remaining balance, if any, shall be transferred to the State Instructional Materials Fund on June 30, 1985.
2. Funds appropriated by this item for the Instructional Materials Management and Distribution Program shall be transferred for direct disbursement by the Department of Education from the State Instructional Materials Fund.

6100-025-001—For support of Department of Education as allocated by the Department of Education to the Federation of California Minority Radio Stations for educational programming 1,000,000

Provisions:

1. The funds appropriated by this item shall be available for expenditure only to the extent that funds are needed to make a total of $1,000,000 available in this item and in Item 8290-001-001 for the purpose of providing grants to minority-operated public radio stations.

6100-101-001—For local assistance, Department of Education, for transfer to Section A of the State School Fund, Program 10.10—School Apportionments..... 6,182,596,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1984–85 fiscal year pursuant to Sections 14002, 14004, and 41301 of the Education Code, an amount as needed, in addition to sums accruing to Section A of the State School Fund from other sources for the purposes specified herein, for apportionment pursuant to Section 8153, Section 42238, Section 42239, Section 42240, Section 42240.1, Section 42241.7, Section 42243.7, Section 45023.4, Article 8 (commencing with Section 46200) of Chapter

Item	Amount
2 of Part 26, Article 11 (commencing with Section 49550) of Chapter 9 of Part 27, and Article 1 (commencing with Section 52300) of Chapter 9 of Part 28, of the Education Code.	
2. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item and the amounts appropriated in Item 6100-226-001 for transfer to this Item shall be the maximum amount allocated for the purposes specified herein. The Superintendent of Public Instruction shall apportion funds appropriated in this item according to the following schedule:	
Schedule:	
(a) Program 10.10—School Apportionments, for the purposes of Section 42238 of the Education Code	5,647,083,000
(b) Program 10.10—School Apportionments, in addition to the amount scheduled in category (a) of this Provision, for the purposes of subdivision (f) of Section 42238 of the Education Code	13,423,000
(c) Program 10.10—School Apportionments, for Small School District Transportation Aid, for the purposes of Section 42240 and Section 42240.1 of the Education Code	18,569,000
(d) Program 10.10—School Apportionments, for Meals for Needy Pupils programs, for the purposes of Article 11 (commencing with Section 49550) of Chapter 9 of Part 27 of the Education Code	20,558,000
(e) Program 10.10—School Apportionments, for apprentice programs, for the purposes of Section 8153 of the Education Code	3,221,000
(f) Program 10.10—School Apportionments, for summer school programs, for the purposes of Section 42239 of the Education Code	18,532,000
(g) Program 10.10—School Apportionments, for the purpose of Section 45023.4 of the Education Code	24,800,000

Item	Amount
(h) Program 10.10—School Apportionments, for the purpose of Article 8 (commencing with Section 46200) of Chapter 2 of Part 26 of the Education Code	246,336,000
(i) Program 10.10—Instruction, for Regional Occupational Centers and Programs, for the purposes of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28, of the Education Code, as specified in Provision 3 of this item	171,484,000
(j) Program 10.10—School Apportionments, to fund settlement agreements with Fullerton and Rowland School Districts pursuant to Provision 11 of this item	10,990,000
(k) Program 10.10—School Apportionments, for minimum revenue guarantees, as specified in Provision 13 of this item	7,600,000

3. Notwithstanding Section 41241.2 of the Education Code, the Superintendent of Public Instruction shall allocate the funds appropriated in category (d) of Provision 2 of this item, as augmented by transfers from Item 6100-226-001 of this Act, in the following manner:
   (a) Add to each school district's revenue limit computed pursuant to Section 42238 of the Education Code for the 1984–85 fiscal year the amount computed in the 1983–84 fiscal year for Meals for Needy Pupils programs (Article 11 (commencing with Section 49950) of Chapter 9 of Part 27) multiplied by 1.06 and as adjusted for pupil participation.
4. For the 1984–85 fiscal year, the Superintendent of Public Instruction shall allocate the funds appropriated in schedule (i) of Provision 2 of this item in the following manner:
   (a) The Superintendent of Public Instruction shall certify for apportionment to each ROC/P in the 1984–85 fiscal year an amount calculated as follows:
      (1) Multiply the ROC/P's 1982–83 base revenue limit per unit of average daily attendance determined pursuant to subdivisions (a) and (b) of Provision 4

Item Amount

of Item 6100-101-001 of Chapter 326, Statutes of 1982, increased by 6 percent by the ROC/P's 1984–85 fiscal year annual average daily attendance that is equal to or less than the ROC/P's annual average daily attendance in the 1981–82 fiscal year.

(2) For annual average daily attendance in the 1984–85 fiscal year that is greater than the annual average daily attendance in the 1981–82 fiscal year, add to the amount certified pursuant to paragraph (1) of this subdivision an amount equal to the statewide average revenue limit per unit of average daily attendance determined pursuant to paragraph (2) of subdivision (c) of Provision 4 of Item 6100-101-001 of Chapter 326, Statutes of 1982 increased by 6 percent, multiplied by the difference in annual average daily attendance between the 1981–82 and 1984–85 fiscal years.

(b) If the amount claimed for apportionment to ROC/Ps is greater than the amount appropriated for such claims, the Superintendent of Public Instruction shall compute an allowable growth factor for each district, county office, or joint powers agency operating regional occupational centers and programs according to the following formula:

$$G = \left[\frac{(F \times 0.10 \times H) + (F \times 0.05 \times A)}{(H + A)} \times P \right] + (L \times P)$$

where:

(1) "G" is the allowable growth factor for the 1983–84 fiscal year.

(2) "H" is the 1981–82 fiscal year high school average daily attendance in the ROC/P.

(3) "A" is the 1981–82 fiscal year adult average daily attendance in the ROC/P.

(4) "F" is the difference between 1.0 and the quotient of subdivision (h) of Provision 4 of Item 6100-101-001 of the

Item Amount

Budget Act of 1982, divided by the sum of paragraphs (2) and (3) of subdivision (g) of Provision 4 of that item.

(5) "L" is any average daily attendance allocated to the ROC/P in 1982–83 pursuant to subdivision (h) of Provision 4 of Item 6100-101-001 of the Budget Act of 1982.

(6) "P" is equal to 1.10 or such lesser number as may be determined by the Superintendent of Public Instruction after allocating the funds specified in subdivision (f) of this provision.

Any reduction in allocations shall apply only to the claims of districts, county offices, or joint powers agencies on account of average daily attendance in ROC/Ps in excess of the amount computed by the following formula: $(H + A) \times (1.0 + G)$ where the symbols are as defined above.

(c) The funds appropriated pursuant to category (i) of Provision 2 of this item shall be allocated by the Superintendent of Public Instruction to each school district or county office of education operating the ROC/P based on the school district's or county office of education's 1983–84 prorata share of the funds being allocated.

(d) Notwithstanding any other provision of law, the funds allocated pursuant to this provision from category (i) of Provision 2 of this item and funds provided in Schedule (a) (8) of Item 6100-226-001 of this act shall be the only funds allocated for the purpose of funding average daily attendance in ROC/Ps. A school district which is part of a joint powers ROC/P may claim average daily attendance in 1984–85 because of participation of pupils in an ROC/P only in accordance with this provision.

(e) An amount not to exceed $200,000 from the funds specified in schedule (i) of Provision 2 of this item shall be allocated by the Superintendent of Public Instruction to fund additional units of average daily attendance in ROC/Ps, at the rate specified for growth average daily attendance in paragraph (2) of subdivision (a) of this pro-

Item Amount

vision, which experienced annexation of service territory not previously included in a ROC/P during 1982–83.

(f) For purposes of Section 2558 of the Education Code, the Superintendent of Public Instruction shall deduct from the funding entitlement of each ROC/P operated by a county office of education, as determined pursuant to Provision 4, any local revenue which would otherwise be deemed restricted and not available for expenditure in the current fiscal year pursuant to subdivision (d) of that section. The local revenue so deducted shall be utilized by the county office of education for support of the ROC/P. This subdivision is declaratory of existing law applicable during the 1982–83 fiscal year.

(h) Notwithstanding any other provision of law, from funds appropriated pursuant to schedule (i), the Superintendent of Public Instruction may allocate up to $581,000 for regional occupational centers and programs which have below average participation rates, as measured by the ratio of the units of average daily attendance in the regional occupational center or program to the units of average daily attendance in grades 9 to 12, inclusive, of the participating school districts, and which are located in areas which have unemployment rates in excess of 15 percent as most recently determined by the Department of Employment Development. The superintendent shall consider need in allocating the growth units of average daily attendance authorized by this provision, and shall utilize the rate per unit of average daily attendance prescribed by subparagraph (2) of paragraph (a) of Provision 4 of this item.

5. In the event of a deficiency in the appropriation made in schedule (a) of Provision 2 of this item, or in Item 6100-106-001, the Superintendent of Public Instruction may transfer funds between this item and Item 6100-106-001 with the approval of the Director of Finance. The Superintendent shall adjust the apportionments made from funds appropriated for the purposes specified in schedule (a) of Provision 2 of this item

Item Amount

and in Item 6100-106-001 so that the deficit factor applied to the funding entitlements is the same for each of the programs funded by such appropriations.

6. Notwithstanding Section 8154 of the Education Code, or any other provision of law, the funds specified in schedule (e) of Provision 2 of this item and schedule (a) (4) of Item 6100-226-001 shall be the only funds available for the apprentice programs operated by K–12 school districts and county offices of education.
7. Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $3.25 per hour. For purposes of this division, each hour of teaching time may include up to 10 minutes for passing time and breaks.
8. If the Department of Education submits to the Department of Finance a budget revision to reallocate funds among the categories in Provision 2 of this item, the Department of Finance shall approve or disapprove the budget revision within 10 working days of the date of submission.
9. For the purposes of computing school district revenue limits pursuant to Section 42238 of the Education Code for the 1984–85 fiscal year, in no event shall the base revenue limit per unit of average daily attendance for a school district computed pursuant to subdivision (b) of Section 42238 of the Education Code exceed the product of the revenue limit amount computed pursuant to Section 42238 in the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance computed pursuant to Section 42238.5, times the sum of one plus twice the statewide average percentage cost-of-living adjustment provided for K–12 revenue limits in the 1984–85 fiscal year.
10. In the event that the 1985 May Revision reestimate of expenditures for K–12 school district apportionments indicates that the amount appropriated in this item exceeds the amount required to fully fund those apportionments, the Director of Finance shall notify the Joint Legislative Budget Committee of the estimated

Item Amount

amount that may be reduced from the appropriation in this item, but not to exceed a reduction of $30,000,000. No sooner than 10 days after notification, the Director of Finance shall certify the amount to the Controller. The Controller shall, within 30 days of the receipt of the certification, revert from the appropriation provided in this item to the unappropriated surplus of the General Fund an amount as certified by the Director of Finance.

11. The funds provided in category (j) of Provision 2 of this item shall, at the direction of the Superintendent of Public Instruction, be paid by the Controller as follows:
    (a) An amount not to exceed $8,261,688 for purposes of the Settlement Agreement entered into on March 4, 1983, by and between Fullerton Union High School District and the Superintendent of Public Instruction of the State of California in connection with that action otherwise known as Fullerton Union High School District, et al. v. Wilson Riles, Superintendent of of Public Instruction, et al., Orange County Superior Court No. 33-46-93.
    (b) An amount not to exceed $2,727,539 for purposes of the Settlement Agreement entered into on March 4, 1983, by and between Rowland Unified School District and the Superintendent of Public Instruction of the State of California in connection with that action otherwise known as Rowland Unified School District, et al. v. Wilson Riles, Superintendent of Public Instruction, et al., Los Angeles County Superior Court No. C 323-905.
12. Notwithstanding any other provision of law to the contrary, the Superintendent of Public Instruction shall, in the 1984–85 fiscal year, reduce the amount of regular school apportionments provided each school district by the amount of funding, if any, which that school district receives pursuant to either of the following: (1) the Settlement Agreement entered into on March 4, 1983, by and between the Fullerton Union High School District and the State Department of Education of the State of California, the Superintendent of Public Instruc-

Item Amount

tion of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Fullerton Union High School District, et al., v. Wilson Riles, Superintendent of Public Instruction, et al., Orange County Superior Court No. 33-46-93; or (2) the Settlement Agreement entered into on March 4, 1983, by and between the Rowland Unified School District and the State Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Rowland Unified School District, et al., v. Wilson Riles, Superintendent of Public Instruction, et al., Los Angeles Superior Court No. C 323-905.

13. The Superintendent of Public Instruction shall allocate the funds appropriated in category (k) by making the following computations for each school district:
    (a) For the 1983–84 fiscal year, the amount computed pursuant to subdivision (d) or (e), as appropriate, of Section 42238 of the Education Code, plus the amounts computed pursuant to subdivisions (f) and (g) of Section 42238 of the Education Code as it read in the 1983–84 fiscal year.
    (b) For the 1984–85 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment prescribed by Section 42238.1 of the Education Code, plus the amount computed pursuant to subdivision (f) of Section 42238 of the Education Code.
    (c) Subtract the amount determined in paragraph (b) from the amount determined in paragraph (a). If the amount is greater than zero, except as provided in paragraph (d), the Superintendent of Public Instruction shall add the amount to the school district revenue limit.
    (d) In no event shall the amount added to the school district's revenue limit pursuant to paragraph (c) allow any district to receive an amount per unit of average daily attendance which exceeds 1.5 times the

Item		Amount
statewide average revenue limit per unit of average daily attendance for that type of district.		
6100-101-890—For local assistance, Department of Education, Federal Block Grant payable from the Federal Trust Fund		35,718,000
Schedule:		
(a) 10-Instruction	33,637,000	
(b) 20-Instructional support	2,081,000	
(c) 41-Executive management and special services	30,000	
(d) Reimbursements	−30,000	
Provisions:		
1. $200,000 of the funds appropriated by this item shall be allocated as a grant by the Superintendent of Public Instruction to a private, nonprofit foundation for the purpose of conducting a program on youth and the administration of justice in at least 15 school districts. These funds shall be allocated in four equal installments during the 1984–85 fiscal year on September 1, December 1, February 1, and May 1.		
2. $240,000 of the funds appropriated by this item shall be allocated as a grant by the Superintendent of Public Instruction to the Los Angeles, Santa Clara, and Butte Counties Offices of Education ($80,000 each) for purposes of supporting the state's 3 Centers for Educational Improvement during the 1984–85 fiscal year.		
3. $155,000 of the funds appropriated by this item shall be allocated as a grant by the Superintendent of Public Instruction to the Orange County Office of Education for the purpose of supporting that county's exemplary programs during the 1984–85 fiscal year.		
6100-101-945—For local assistance, Department of Education, Program 30.20—Child Nutrition, payable from the State Child Nutrition Fund		26,803,000
6100-106-001—For local assistance, Department of Education for transer to Section A of the State School Fund, for the purposes of Sections 1909, 2553.5, and 2558 of the Education Code, Program 10.10—School Apportionments		70,891,000

Item Amount

Provision:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1984–85 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 3 (commencing with Section 2550) of Chapter 12 of Part 2, of the Education Code, excluding amounts for Regional Occupational Centers and Programs and Apprentice Programs operated by County Superintendents of Schools.
2. In the event of a deficiency in the appropriation made in schedule (a) of provision 2 of Item 6100-101-001, or in this item, the Superintendent of Public Instruction may transfer funds between Item 6100-101-001 and this item with the approval of the Director of Finance. The superintendent shall adjust the apportionments made from funds appropriated for the purposes specified in schedule (a) of provision 2 of Item 6100-101-001 and in this item, so that the deficit factor applied to the funding entitlements is the same for each of the programs funded by these appropriations.
3. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item and in subschedule (a) (7) of Item 6100-226-001 shall be the maximum amount allocated for the purposes of Article 3 (commencing with Section 2550) of Chapter 12 of Part 2 of the Education Code.

6100-107-001—For local assistance, Department of Education, Program 20.70.040—Education Improvement Incentive Program for purposes of Article 2.5 (commencing with Section 54650) of Chapter 9 of Part 29 of the Education Code 15,000,000

Provision:

1. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item shall be the maximum amount allocated for the purposes of Article 2.5 (commencing with Section 54650) of Chapter 9 of Part 29 of the

Item	Amount
Education Code.	
6100-109-001—For local assistance, Department of Education, Program 20.60.020—Tenth Grade Counseling Program, for the purposes of Section 48431.7 of the Education Code	6,724,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item shall be the maximum amount allocated for the purposes of Section 48431.7 of the Education Code.
2. Of the funds appropriated by this item, $124,000 shall be available for allocation to the California Career Center. These funds shall not be available for expenditure unless an equal amount in matching funds is obtained for this program on or before June 30, 1985. The match may include in-kind support and revenues of the California Career Center.

   If less than $124,000 in matching funds is obtained, the amount allocated for this program shall be reduced to the amount of matching funds provided. Upon certification by the California Career Center of available matching funds, the Superintendent of Public Instruction shall allocate the amount specified.

6100-111-001—For local assistance, Department of Education, for transfer to Section A of the State School Fund, Program 10.10—School Apportionments	242,181,000

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1984–85 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 10 (commencing with Section 41850) of Chapter 5 of Part 24 and Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24 of the Education Code.
2. The Superintendent of Public Instruction shall apportion funds appropriated in this item according to the following schedule:

Schedule:

Item Amount

(a) Program 10.10-School Apportionments, for the purposes of Article 10 (commencing with Section 41850) of Chapter 5 of Part 24 of the Education Code 239,181,000

(b) Program 10.10-School Apportionments, for the purposes of Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24 of the Education Code 3,000,000

3. Notwithstanding any provision of law to the contrary, the funds provided in category (a) of provision 2 of this item and in subschedule (a) (6) of Item 6100-226-001 shall be the only funds provided for the purposes of Article 10 (commencing with Section 41850) of Chapter 5 of Part 24 of the Education Code, and shall be apportioned to school districts and county superintendents of schools pursuant to Section 41851 of the Education Code.

4. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (b) of provision 2 of this item shall be the maximum amount allocated for the purposes of Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24 of the Education Code.

6. Home-to-home transportation shall include transportation to and from related student services required by the individualized education programs for pupils with exceptional needs.

6100-114-001—For local assistance, Department of Education, for transfer to the State Controller, for reimbursement of claims received pursuant to Section 42243.6 of the Education Code, Program 10.10—School Apportionments 154,416,000

Provisions:

1. Funds appropriated by this item are for reimbursement of amounts necessary to pay costs of integration programs in districts initially mandated by the courts, as defined in Section 2205 of the Revenue and Taxation Code pursuant to any final court order issued after January 1, 1978.

2. The State Controller shall allocate funds appropriated in this item in accordance with the provisions of Section 42243.6. Pursuant to the provisions of Section 42243.8 of the Education Code, the State Controller shall reimburse claims, including claims for prior-year costs, re-

Item Amount

ceived pursuant to Section 42243.6 of the Education Code only from funds appropriated specifically for that purpose by the Legislature. Any amount of claims in excess of the appropriation may be referred to the State Board of Control for review and possible inclusion in a subsequent claims bill.

3. The State Controller shall forward to the Board of Control any claims received pursuant to Section 42243.6 of the Education Code for reimbursement of the costs of mandated activities not previously funded through a Budget Act appropriation or Board of Control claims bill. The Board of Control, upon receipt of such claims shall review all such claims to determine whether (1) a court, Federal, or initiative-enacted mandate exists, and (2) the costs are reasonable and necessary to satisfy the mandate. Based on its review the Board shall include in an omnibus claims bill an amount for reimbursement of reasonable and necessary costs.

6100-116-001—For local assistance, Department of Education, Program 20.60.030—School Improvement Program 182,757,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund for direct disbursement by the Department of Education in lieu of the appropriations made for the 1984–85 fiscal year pursuant to subdivisions (a) and (b) of Section 75 of Chapter 894 of the Statutes of 1977, for the purpose of making allowances for the School Improvement Program and notwithstanding the third paragraph of Section 87 of Chapter 894 of the Statutes of 1977, and pursuant to Article 4 (commencing with Section 52046) of Chapter 6 of Part 28 of the Education Code according to the following schedule:

(a) 20.60.030.010—For the purpose of making allowances for kindergarten and grades 1 to 6, inclusive.... 155,305,000

(b) 20.60.030.020—For the purpose of making allowances for grades 7 to 12, inclusive..... 27,452,000

Item Amount

2. The Department of Education shall allocate the funds scheduled above to each district eligible to receive an allowance on the basis of the per unit of average daily attendance amounts specified in subdivision (b) of Section 52046 of the Education Code, adjusted on a pro rata basis to conform to the amounts scheduled above.
3. The Department of Education may make adjustments in the above schedule. Such adjustments shall be reported to the Department of Finance and the Joint Legislative Budget Committee.
4. The Department of Education shall promote the legislative intent for equalized funding, as specified in Section 52048 of the Education Code, for kindergarten and grades 1 through 6 in the allocation of funds scheduled above.
5. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item and in subschedule (n) of Item 6100-226-001 shall be the maximum amount allocated for the purposes of Chapter 6 (commencing with Section 52000) of Part 28 of Division 4 of the Education Code.

6100-118-001—For local assistance, Department of Education, Program 10.70—Vocational Education in lieu of the amount which would otherwise be appropriated pursuant to subdivision (b) of Section 19632 of the Business and Professions Code..... 500,000

6100-119-001—For local assistance, Department of Education, for the purposes of Article 2.3 of Part 27 (commencing with Section 48643) and Chapter 6 (commencing with Section 58800) of Part 31 of the Education Code and Section 903.7 of the Welfare and Institutions Code, to be allocated according to the following schedule:

Program 20.40-Supplementary Program Services.. 6,885,000

Schedule:

(a) 20.40.060-Foster Youth Services....	759,000
(b) 20.40.070-Opportunity Classes and Programs	4,126,000
(c) 20.40.090-Specialized Secondary Programs	2,000,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (b) shall be the maximum amount allocated for the purposes of Article 2.3 of Part 27 (commencing with Section 48643) of the Educa-

Item Amount

tion Code.

2. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (c) shall be the maximum amount allocated for the purposes of Chapter 6 (commencing with Section 58800) of Part 31 of the Education Code.
3. Notwithstanding Section 48644 of the Education Code, funds allocated to school districts for the expansion of opportunity classes and programs shall not exceed $400 per unit of average daily attendance (ADA), based on the additional enrollment in these classes and programs above the 1982-83 enrollment levels, expressed in terms of ADA.

6100-121-001—For local assistance, Department of Education, Program 10.30.070 Economic Impact Aid .. 182,041,000

Provisions:

1. Funds appropriated by this item for the Economic Impact Aid Program are for transfer by the State Controller to Section A of the State School Fund for direct disbursement by the Department of Education, for the purposes of the Economic Impact Aid Program, pursuant to Chapter 1 (commencing with Section 54000) of Part 29 of the Education Code. $16,575,347 of the funds in excess of $165,465,609 shall be allocated by the Superintendent of Public Instruction, pursuant to Section 54041 of the Education Code, to a limited number of districts with high concentrations of limited- and non-English-speaking pupils and other Economic Impact Aid pupils that receive insufficient funds through the Economic Impact Aid formula. The dollar amounts specified in the immediately preceding sentence shall be adjusted appropriately to reflect any additional funding provided in Item 6100-226-001 for a cost-of-living adjustment. No district receiving funds from the Economic Impact Aid Program shall be allocated less than $5,000, adjusted annually and cumulatively from 1980-81 by the same percentage adjustment for cost-of-living as the Economic Impact Aid Program received.

Item Amount

2. From funds appropriated by this item, the State Department of Education may pay to the United States Department of Education an amount up to $2,500,000, in settlement of the final audit determination identified as ACN 00002-09, Education Appeal Board Case No. 2-(57)-80. The State Department of Education shall reduce the local assistance amount otherwise to be provided pursuant to this item to the school districts identified in the audit by multiplying the settlement amount paid by the ratio that the amount of the final audit determination relating to each district bears to the total amount of the final audit determination. The amount which is repaid to the state under the provisions of Section 456 of the General Education Provisions Act (20 U.S.C. 1234e) shall be apportioned to those districts in the same ratio, and shall be expended by the districts in accordance with the settlement agreement entered into between the State Department of Education and the United States Department of Education in Education Appeal Board Case No. 2-(57)-80.

6100-124-001—For local assistance, Department of Education, Program 10.80.010—Gifted and Talented, for the purposes of Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code.. 17,848,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for the 1984–85 fiscal year pursuant to Section 14002 of the Education Code.

6100-126-001—For local assistance, Department of Education, Program 20.10.035—Miller-Unruh Reading Program 17,153,000

Provisions:

1. Funds appropriated by this item are for the Special Elementary School Reading Instruction Program pursuant to Chapter 2 (commencing with Section 54100) of Part 29 of the Education Code.

6100-131-001—For local assistance, Department of Education, Program 10.30.051—Native American Indian Education 337,000

6100-136-890—For local assistance, Department of Education, Program 10.30.060—Chapter I-ECIA—payable from the Federal Trust Fund 323,415,000

Item Amount

6100-141-890—For local assistance, Department of Education, Program 10.30.010—ECIA Chapter I–Migrant Education, payable from the Federal Trust Fund 73,651,000

Provisions:

1. All school districts, county offices of education, and community college districts shall, upon request, make facilities available, at cost (including, but not limited to, the pro rata cost of janitorial services and other maintenance activities, utilities, and security services, as well as the cost of making any special repairs directly attributable to the migrant summer school programs), and, if available, facilities suitable for the summer climate for the operation of migrant summer school programs. The Superintendent may allow neighboring districts jointly to offer facilities if he determines that the use of one district's facilities for an area will adequately meet the needs of the migrant summer school program for the entire area. If the Superintendent of Public Instruction determines that requests from legitimate prospective users of such facilities were denied without due cause, the superintendent shall assess a penalty of one thousand dollars ($1,000). The penalty amount shall be returned to Section A of the State School Fund.
2. The Department of Education may use up to $120,000 of the funds appropriated by this item to contract for a study of the socioeconomic status, migration patterns, and educational needs of the state's migrant farm workers. No contract may be entered into without the prior review of the Legislative Analyst and the approval of the Department of Finance.

6100-146-001—For local assistance, Department of Education, Program 10.30.040—Demonstration Programs in Reading and Mathematics 3,771,000

Provisions:

1. Funds appropriated by this item are for demonstration programs in reading and mathematics pursuant to Chapter 4 (commencing with Section 58600) of Part 31 of the Education Code.

6100-151-001—For local assistance, Department of Education, Program 10.30.050—American Indian Education Centers 795,000

Item Amount

Provisions:

1. Funds appropriated by this item for Indian Education Centers are limited to carrying out the provisions of Article 6 (commencing with Section 33380) of Chapter 3 of Part 20 of Division 2 of Title 2 of the Education Code.

6100-156-001—For local assistance, Department of Education 166,385,000

Schedule.

(a) 10.50 Adult Education 166,476,000

(b) Reimbursements ..... −91,000

Provisions:

1. $166,385,000 of the funds appropriated by this item in category (a) are in lieu of the amounts which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1984–85 fiscal year pursuant to Sections 14002, 14004 and 41301 of the Education Code, and are for transfer to Section A of the State School Fund, for the purposes of Section 52616 of the Education Code.

2. Notwithstanding Section 52616 of the Education Code, the average daily attendance used in computing each district's 1984–85 block entitlement shall be the lesser of 105 percent of the district's 1981–82 adult block entitlement average daily attendance computed pursuant to paragraph (1) of subdivision (b) of Section 52616 of the Education Code, excluding average daily attendance in regional occupational centers and programs, or the district's reported 1984–85 annual adult average daily attendance, excluding average daily attendance in regional occupational centers and programs.

5. Notwithstanding any other provision of law to the contrary, the amounts appropriated in subschedule (a) of this Item and in subschedule (f) (1) of Item 6100-226-001 shall be the maximum amount allocated for the purposes of Section 52616 of the Education Code.

6100-156-890—For local assistance, Department of Education, Program 10.50—Adult Education, payable from the Federal Trust Fund..... 9,288,000

6100-158-001—For local assistance, Department of Education, for transfer to Section A of the State School Fund in lieu of the amount which would otherwise be appropriated pursuant to Section 41841.5 of the Education Code—Adults in Correctional Facilities 1,271,000

Item Amount

6100-161-001—For local assistance, Department of Education, Program 10.60—Special Education Programs for Exceptional Children 801,217,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1984–85 fiscal year pursuant to Sections 14002 and 41301 of the Education Code, for apportionment pursuant to Part 30 of the Education Code, superseding all prior law.
2. No more than $350,000 of the funds appropriated by this item may be used for in-service training for special education teachers.
3. Funds included for the purposes of Article 9 (commencing with Section 56780) of Chapter 7 of Part 30 of the Education Code shall not exceed $27,218,000.
4. Of the amount appropriated in this item, $33,000,000 shall be available for apportionment at a rate of $560 per pupil with a "low incidence disability" as defined by Section 56026.5 of the Education Code.
5. Of the amount appropriated in this item, $10,000,000 shall be available for program growth pursuant to Section 56728.6 of the Education Code. The funds allocated pursuant to this provision shall be the only funds available in this item for program growth.
6. Of the amount appropriated in this item, $12,000,000 shall be available for expansion of handicapped infant programs conducted pursuant to Chapter 4.4 (commencing with Section 56425) of Part 30 of the Education Code.
7. Of the amount appropriated in this item, $24,300,000 shall be available for the following purposes:
   (a) Funding instructional aides pursuant to Section 56728 of the Education Code, notwithstanding the 0.85 factor specified in that section.
   (b) Providing an increase of 5 percent in the number of instructional aides authorized for special classes pursuant to Section 56760 of the Education Code.

Item Amount

(c) Providing instructional aides for resource specialists pursuant to Section 56362 of the Education Code.

8. Notwithstanding Section 56754 of the Education Code, $33,500,000 of the appropriation in this item shall be available for replacement of 20 percent of the local general fund contribution required by Section 56754.

9. Of the amount appropriated in this item, $5,200,000 shall be available for funding an increase in the support service ratios pursuant to subdivision (c) of Section 56737 of the Education Code. The increases shall be provided by increasing the support service ratios to the lesser of the statewide average or 125 percent of the district's prior support service ratio.

10. Notwithstanding Section 56722 of the Education Code, the Superintendent of Public Instruction shall adjust the unit rates specified in that section to permit the allocation of funds prescribed by provisions 4 to 9, inclusive.

6100-161-890—For local assistance, Department of Education, payable from the Federal Trust Fund, Program 10.60—Special Education Programs for Exceptional Children 89,522,000

Provisions:

1. The amount appropriated in this item shall be allocated in accordance with the following schedule:

(a) 10.60.050.010-PL 94-142, local entitlements	74,991,000
(b) 10.60.050.020-PL 94-142, direct and indirect instructional services approved in the state plan	10,440,000
(c) 10.60.050.030-Pre-School Incentive Grant Program	2,400,000
(d) 10.60.030.000-EHA, Title VI-C, Deaf-Blind Center	1,485,000
(e) 10.60.050.040-EHA, Title VI-D, Handicapped Personnel Preparation Grants	206,000

2. If the funds for Part B of the Education for All Handicapped Act, exclusive of the Pre-School Incentive Grant, which are actually received by the State exceed $90,177,000, at least 75 percent of the funds received in excess of $90,177,000 shall be allocated for local entitlements. Of the remaining funds received in excess of $90,177,-

Item Amount

000 not allocated for local entitlements, an amount not to exceed $2,350,000 shall be used for the following prioritized purposes:

(a) Instructional personnel service units for local education agencies which have experienced growth in Licensed Children Institutions population since 1981–82 1,000,000

(b) Infant programs pursuant to Section 56425 of the Education Code 1,000,000

(c) Operation of programs for handicapped pupils in Santa Clara County at the Tympany Center .. 350,000

6100-166-001—For local assistance, Department of Education, for the purpose of the Federal Job Training Partnership Act of 1982 ..... - 0 -

Schedule:

(a) 10.70 Vocational Education 13,325,000

(b) Reimbursements ..... –13,325,000

6100-166-890—For local assistance, Department of Education, Program 10.70—Vocational Education, payable from the Federal Trust Fund 58,048,000

Provisions:

1. Of the funds appropriated in this item, $26,295,-477 of the 1984–85 Federal Vocational Education Act funds shall be transferred to the community colleges by means of interagency agreements for the purpose of funding vocational education programs in community colleges.

6100-167-001—For local assistance, Department of Education, Program 10.70—Vocational Education, for the purpose of Article 7.5 (commencing with Section 52460) of Chapter 9 of Part 28 of Division 4 of the Education Code 3,000,000

Provisions:

1. Of the amount appropriated in this item, $130,-000 shall be available for Project Life Labs.

6100-171-178—For local assistance, Department of Education, Program 10.80.020—Driver Training, payable from the Driver Training Penalty Assessment Fund, for transfer to Section A of the State School Fund 19,500,000

Provisions:

1. Notwithstanding the provisions of Sections 41304, 41306, and Article 12 (commencing with Section 41900) of Chapter 5 of Part 24 of the Education Code, funding for driver training programs during 1984–85 shall be made exclu-

Item Amount

sively from funds appropriated in this item. These funds shall be transferred by the State Controller to Section A of the State School Fund in amounts as needed by the Department of Education.

2. The Department of Education shall allocate these funds among all participating school districts, county offices of education, and the California Youth Authority in accordance with the provisions of Article 12 (commencing with Section 41900) of Chapter 5 of Part 24 of the Education Code.

6100-176-890—For local assistance, Department of Education, Program 10.40.030—Transition Program for Refugee Children payable from the Federal Trust Fund 5,565,000

6100-181-001—For local assistance, Department of Education, for Educational Technology, Program 20.10—Curriculum Services 30,250,000

Provisions:

1. In lieu of the amount that would be provided by Section 52484 of the Education Code, or any other provision of law to the contrary, an amount not to exceed $250,000 from the funds specified in this item, increased by the amount provided in Item 6100-226-001 for the Institute for Computer Technology, shall be available for funding average daily attendance of the Institute for Computer Technology in accordance with Article 8 (commencing with Section 52480) of Chapter 9 of Part 28 of the Education Code.

6100-181-140—For local assistance, Department of Education, Program 20.10—Curriculum Services, payable from the California Environmental License Plate Fund 394,000

Provisions:

1. Of the funds appropriated in this item, $40,000 shall be allocated to the Elizabeth Terwilliger Nature Foundation.

6100-186-001—For local assistance, Department of Education, Program 20.20.020—Instructional Materials Management and Distribution 58,967,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller, in lieu of the appropriation provided for in Section 60246 of the Education Code, to the State Instructional Materials Fund, for allocation during the 1984–85 fiscal year for

Item Amount

the purchase of instructional materials for Kindergarten through grades 8, pursuant to Article 3 (commencing with Section 60240) of Chapter 2 of Part 33 of the Education Code. These funds shall be transferred to the State Instructional Materials Fund by the Controller in amounts claimed by the Department of Education, and the remaining balance, if any, shall be transferred to the State Instructional Materials Fund on June 30, 1985.

2. Funds appropriated by this item for the Instructional Materials Management and Distribution Program shall be transferred for direct disbursement by the Department of Education from the State Instructional Materials Fund.
3. Notwithstanding the provisions of Part 33 (commencing with Section 60000) of the Education Code, and pursuant to the August 27, 1981 decision of the California Supreme Court in California Teachers' Association vs. Riles, no part of the funds appropriated herein shall be used to provide instructional materials for nonpublic schools or students.
4. No pupil textbooks shall be adopted by the State Board of Education and no funds shall be available to finance contracts for textbooks in which the royalty amount exceeds 55 percent of the completed book bid, which is the total cost less sales tax less all freight. Royalty amounts payable shall be adjusted in subsequent years in conformance with the Consumer Price Index—All Items, of the Bureau of Labor Statistics of the United States Department of Labor, provided that such adjustment shall occur only when the completed book bid is revised, pursuant to Sections 60201 and 60223 of the Education Code.
5. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item and in category (k) of Item 6100-226-001 shall be the maximum amount allocated for the purpose of Section 60246 of the Education Code.
6. Notwithstanding any other provision of law for the 1984–85 fiscal year, the cash allotments pursuant to paragraph (2) of subdivision (a) of Section 60242 of the Education Code, the allowances pursuant to subdivision (b) of Section 60242 of the Education Code, and the apportionments pursuant to Section 60247 of the

Item Amount

Education Code, as added by Chapter 498 of the Statutes of 1983, shall be made in full in the form of single payments to eligible school districts not later than September 15, 1984.

6100-187-001—For local assistance, Department of Education, Program 20.20.020—Instructional Materials Management and Distribution 18,381,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to the State Instructional Materials Fund, for allocation during the 1984–85 fiscal year for the purchase of instructional materials for grades 9 through 12, pursuant to Sections 60247 through 60249, inclusive, of the Education Code. These funds shall be transferred to the State Instructional Materials Fund by the Controller in amounts claimed by the Department of Education, and the remaining balance, if any, shall be transferred to the State Instructional Materials Fund on June 30, 1985.
2. Funds appropriated by this item for the Instructional Materials Management and Distribution Program shall be transferred for direct disbursement by the Department of Education from the State Instructional Materials Fund.
3. Notwithstanding the provisions of Part 33 (commencing with Section 60000) of the Education Code, and pursuant to the August 27, 1981 decision of the California Supreme Court in California Teachers' Association vs. Riles, no part of the funds appropriated herein shall be used to provide instructional materials for nonpublic schools or students.
4. No pupil textbooks shall be adopted by the State Board of Education and no funds shall be available to finance contracts for textbooks for which the royalty amount exceeds 55 percent of the completed book bid, which is the total cost less sales tax less all freight. Royalty amounts payable shall be adjusted in subsequent years in conformance with the Consumer Price Index—All Items, of the Bureau of Labor Statistics of the United States Department of Labor, provided that such adjustment shall occur only when the completed book bid is revised, pursuant to Sections 60201 and 60223 of the Education Code.

Item Amount

5. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this Item and in subschedule (*l*) of Item 6100-226-001 shall be the maximum amount allocated for the purpose of Section 60247 of the Education Code.
6. Notwithstanding any other provision of law, the cash allotments made pursuant to paragraph (2) of subdivision (a) of Section 60242 of the Education Code, the allowances made pursuant to subdivision (b) of Section 60242 of the Education Code, and the apportionments made pursuant to Section 60247 of the Education Code shall be made in full in the form of single payments to eligible school districts not later than September 15, 1984.

6100-191-001—For local assistance, Department of Education, Program 20.60—Staff Development 69,329,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund, for direct disbursement by the Department of Education, in lieu of the amount which would otherwise be appropriated for staff development pursuant to subdivision (a) of Section 74 of Chapter 894 of the Statutes of 1977. Funds appropriated in this item are for the purpose of making allowances pursuant to Article 1 (commencing with Section 44670) and Chapter 3.1 of Part 25, Article 10 (commencing with Section 44630) of Chapter 3 of Part 25, Article 4 (commencing with Section 52180) of Chapter 7 of Part 28 of the Education Code, Article 3 (commencing with Section 44681) of Chapter 3.1 of Part 25 of the Education Code, Chapter 3.15 (commencing with Section 44689.5) of Part 25 of the Education Code, Chapter 3.4 (commencing with Section 44750) of Part 25 of the Education Code, Article 4 (commencing with Section 44490 of Chapter 3 of Part 25 of the Education Code, Chapter 3.3 (commencing with Section 44700) of Part 25 of the Education Code, and Article 2 (commencing with Section 44680) of Chapter 3.1 of Part 25 of the Education Code, according to the following schedule:

(a) 20.60.010-Administrator Training and Evaluation Program 2,000,000
(b) 20.60.010-Pilot Projects for Administrative Personnel 250,000

Item	Amount
(c) 20.60.010-Pilot Projects to Strengthen Personnel & Management	250,000
(d) 20.60.050-Mentor Teacher Program	30,800,000
(e) 20.60.060-School Personnel Staff Development	3,369,000
(f) 20.60.060-Teacher Instructional Improvement Grants	17,100,000
(g) 20.60.070-Bilingual Teacher Training	779,000
(h) 20.60.090-Teacher Education and Computer Centers	11,781,000
(i) 20.60.050-Summer School Teacher Training	3,000,000

1. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (a) of this Item shall be the maximum amount allocated for the purposes of Article 3 (commencing with Section 44681) of Chapter 3.1 of Part 25 of the Education Code.
2. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (b) of this Item shall be the maximum amount allocated for the purposes of Chapter 3.15 (commencing with Section 44689.5) of Part 25 of the Education Code.
3. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (c) of this Item shall be the maximum amount allocated for the purposes of Chapter 3.4 (commencing with Section 44750) of Part 25 of the Education Code.
4. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (d) of this Item shall be the maximum amount allocated for the purposes of Article 4 (commencing with Section 44490) of Chapter 3 of Part 25 of the Education Code.
5. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (f) of this Item shall be the maximum amount allocated for the purposes of Chapter 3.3 (commencing with Section 44700) of Part 25 of the Education Code.

Item Amount

6. Notwithstanding any other provision of law to the contrary, the amount appropriated in subschedule (h) of this Item shall be the maximum amount allocated for the purposes of Article 2 (commencing with Section 44680) of Chapter 3.1 of Part 25 of the Education Code.
7. Funds appropriated in subschedules e and f of this item for staff development activities shall aid teachers and site administrators across the curriculum, including support for science, mathematics, computer education, reading, writing, the humanities, and the arts. Funding proposals developed by Teacher Education Centers and local school site councils shall specify what varieties of curriculum areas, teachers and site administrators will be assisted. Curriculum-wide staff development in areas other than mathematics and science skills shall be supported in each of 15 regions by funds appropriated in this item.

6100-192-001—For local assistance, Department of Education Program 20.60.100—Mathematics, Engineering, and Science Achievement (MESA) 1,751,000

Provisions:

1. The funds appropriated by this item shall not be available for expenditure unless $675,500 in matching funds are obtained for this program on or before June 30, 1985.

   If less than $675,000 in matching funds are obtained, then the amount allocated for this program shall be reduced to the amount of matching funds provided. The reduction shall be applied pro rata. Upon certification by the program of available matching funds, the Superintendent of Public Instruction shall transfer the amount specified to the Mathematics, Engineering Science Achievement Program.

6100-196-001—For local assistance, Department of Education 265,209,000

Schedule:

(a)	30.10.010-Preschool	32,661,000
(b)	30.10.020-Child Care Services.....	239,268,000
(c)	Reimbursements	−6,970,000
(d)	Child Care Quality Development	250,000

Item Amount

Provisions:

1. Funds appropriated by this item, in category (a), are for apportionment to school districts and other eligible agencies maintaining preschool programs pursuant to Article 7, Chapter 2 (commencing with Section 8235) of Part 6 of the Education Code. Cost-of-living increases provided for in category (p) of Item 6100-226-001 for preschool programs shall be distributed on a pro rata basis except as otherwise provided in that item.
2. Funds appropriated by this item in category (b) and $1,957,000 appropriated from the Federal Trust Fund, Item 6100-196-890, are for child development programs, for allocation to school districts and other eligible agencies maintaining children's centers and child care programs pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code according to the following schedule:

(a) 30.10.020.001-General child development programs	187,718,000
(b) 30.10.020.002-Campus children's centers	5,538,000
(c) 30.10.020.003-High-school-age parenting and infant development	4,625,000
(d) 30.10.020.004-Migrant day care	5,996,000
(e) 30.10.020.005-Special allowances for rent	388,000
(f) 30.10.020.006-Special allowances for handicapped	651,000
(g) 30.10.020.007-Alternative payment program	17,585,000
(h) 30.10.020.008-Resource and referral	5,111,000
(i) 30.10.020.009-Campus child care tax bailout	3,686,000
(j) 30.10.020.010-Protective services	1,000,000

Funds scheduled in category (a) of this provision for county child care services shall be allocated subject to the requirements of Education Code Section 8279.

Item Amount

3. Funds appropriated in Item 6100-226-001, category (q) for cost-of-living increases for child development programs shall be distributed on a pro rata basis among categories (a) through (i) inclusive, of provision 2 except as otherwise provided in Item 6100-226-001.
4. Community college districts which levied child development permissive override taxes pursuant to Sections 8329 and 8330 of the Education Code in the 1977–78 fiscal year and received fiscal relief through Chapter 282 of the Statutes of 1979 shall not receive reimbursement for child care services from the superintendent in excess of 75 percent of the average daily enrollment funding standards for campus child care programs. Campus child care programs operated by the University of California, California State University and Colleges, and community colleges that did not levy a permissive override tax in the 1977–78 fiscal year shall receive reimbursement from the superintendent which equals 100 percent of the average daily enrollment funding standards for campus child care programs.
5. The $3,686,000 appropriated by this item for Campus child care tax bailout shall be allocated by the Department of Education on order of the Chancellor of the California Community Colleges. The Chancellor shall order the allocation of these funds to community college districts which levied child care permissive override taxes in 1977–78 pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child development programs.
6. Notwithstanding any other provision of law, agencies maintaining child care and child development programs in migrant housing centers shall be responsible to the local housing agency contracting with the state, for use of facilities within the migrant housing center.

Item Amount

7. Notwithstanding the provisions of Section 8262 of the Education Code and Sections 14616 and 14780 of the Government Code, the Superintendent of Public Instruction may enter into and execute local agreements for allocation of the funds appropriated in category (b) of this item and, to the extent permissible under federal law, for allocation of the funds appropriated in Item 6100-196-890 to any public or private entity or agency for (a) the delivery of child care and development services or (b) the furnishing of property, facilities, personnel, supplies, equipment, or administrative services related to the delivery of child care and development services. Prior to entering into or executing such local agreements, however, the Department of Education shall obtain approval from the Department of General Services and the Department of Finance as to the form and general content thereof. Such agreements may only be made for the delivery of child care and development services, or the furnishing of property, facilities, personnel, supplies, equipment, or administrative services related thereto, which conform to the provisions of Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code, excluding Section 8262.
8. Fees collected pursuant to subdivision (f) of Section 8263 of the Education Code shall be allocated as follows:
   (a) The child care and development agency collecting the fee shall be entitled to keep 10 percent of the fee to defer the cost of collection.
   (b) The balance of the fees collected shall be submitted to the State Department of Education for distribution as follows:
      (1) First, to reimburse the Department of Social Services for AFDC General Fund costs for the increase in AFDC grants resulting from the provisions of subdivision (f) of Section 8263 of the Education Code.
      (2) Second, to reimburse the child care and development agencies which collected the fees pursuant to subdivision (f) of Section 8263 of the Education Code, for providing services to addi-

Item Amount

tional eligible families.

(3) Finally, any remaining funds shall be transferred to the local child care and employment fund in accordance with the formula established pursuant to Section 15053 of the Unemployment Insurance Code.

9. Until such time as new funding procedures are established by the State Department of Education, the following reimbursement factors shall remain in effect:
   (a) Under 4 hours per day: 50% of the full-time daily rate.
   (b) 4 to under 6½ hours: 75% of the full-time daily rate.
   (c) 6½ to under 10½ hours: 100% of the full-time daily rate.
   (d) 10½ hours and over: 150% of the full-time daily rate.
10. Notwithstanding any provisions of law to the contrary, the State Department of Education shall reimburse School-Age Parenting and Infant Development Program on the basis of reimbursable costs incurred, and service level, not to exceed the amount specified in the contract.
11. Repayments of loans made pursuant to Section 8277.2 of the Education Code, for minor capital outlay expenditures by a local child care and development agency to renovate or repair child care facilities owned by the state or a local government or nonprofit, nonsectarian agency to meet state and local health and safety standards, shall be reimbursable as actual and allowable costs. These reimbursable costs shall not exceed the maximum amount established by the contract between the Office of Child Development and the contracting agency, and shall be allowable provided that the agency shall not reduce the level of services provided to children. No expenditure in excess of $500 may be made unless approved in writing in advance by the Office of Child Development.

Item Amount

12. The State Department of Education shall allocate from the above schedule an amount, not to exceed $300,000, for the training of child development teachers who work with migrant and other language minority pupils. The training shall (a) provide for college course credit, (b) utilize, to the extent appropriate, bilingual instructors and be conducted through a multicultural approach, and (c) be cost effective.

    The State Department of Education shall select an agency or consortium to provide the training through a Request-for-Proposal (RFP) process.

13. The $1,000,000 appropriated by this item for Protective Services Child Care shall be used to fund respite child care as defined by subdivision (aa) of Section 8208 of the Education Code. Payment for services may be made according to rates established by contacts between the State Department of Education and the contracting agencies, and administrative costs shall be reimbursed in accordance with guidelines established by the State Department of Education for alternative payment programs.

14. Of the amount appropriated in category (a), $500,000 shall be used only to fund expanded enrollment in state preschool programs in those areas in which the Superintendent of Public Instruction determines such expansion is necessary on the basis of increases in the population eligible to participate in the program.

15. The $250,000 appropriated in category (d) shall be used by the State Department of Education to fund an assessment of the quality of child care services in Contra Costa County.

6100-196-890—For local assistance, Department of Education, Program 30.10—Child Development, payable from the Federal Trust Fund 1,957,000

6100-201-001—For local assistance, Department of Education, Program 30.20—Child Nutrition 26,803,000

Provisions:

Item Amount

1. Funds appropriated by this item are for child nutrition programs pursuant to the provisions of Section 41311 and clause (3) of subdivision (a) of Section 41312 of the Education Code; and that claims for reimbursement of meals pursuant to this appropriation shall be submitted by school districts not later than September 30, 1985, to be eligible for reimbursement.
2. Notwithstanding any other provisions of law, funds appropriated by this item shall be available for allocation in accordance with provisions of Section 49536 of the Education Code, except that such allocation shall not be made on the basis of all meals served but shall be made on the basis of the number of meals that are served and which qualify as free or reduced priced meals in accordance with provisions of Sections 49501, 49550, and 49552 of the Education Code.
3. Notwithstanding provisions of Section 49536 of the Education Code, the adjustment in 1984–85 to the 1983–84 reimbursement rate for meals for needy pupils shall be limited to the amount provided in this act in lieu of the cost adjustment factor based on the "Food Away from Home Index".

6100-201-890—For local assistance, Department of Education, Program 30.20—Child Nutrition, payable from the Federal Trust Fund. 369,767,000

Provisions:

1. The State Department of Education shall, upon request of any Child Care Food Program Sponsor, review all audits of such Child Care Food Program sponsors conducted for the period of October 1, 1977, through September 30, 1981, to identify those with exceptions relating to menu pattern issues or meal production issues, or both. Those audits shall be reevaluated and adjustments shall be made to related audit findings where sponsors have demonstrated or demonstrate appropriate corrective action.

   Outstanding audit exceptions involving eligibility, shift, or other recordkeeping for which alternate documentation is currently being accepted, for the years 1977 through 1981, shall be adjusted in accordance with the current audit practices based on new information provided by the sponsoring agency.

   Upon enactment of this act, the Department

Item Amount

of Education shall solicit the above information from all sponsors whose audits are affected by this provision and shall allow the affected sponsors 60 days to respond from the date of such solicitation. However, all affected sponsors shall be notified of the result of the review no later than December 31, 1984. The department shall suspend collection of audit exceptions from all sponsors affected by the above provisions until reevaluations and adjustments have been completed.

In the period necessary to effectuate the above actions, the department shall not cancel, rescind, or otherwise jeopardize the Child Care Food Program meal service to existing agencies covered under this item unless there is evidence of fraud.

6100-206-001—For local assistance, Department of Education, Program 30.40—Urban Impact Aid, for transfer to Section A of the State School Fund, for the purposes of Section 54060 of the Education Code 70,699,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and in subschedule (s) of Item 6100-226-001 shall be the maximum amount allocated for the purposes of Section 54060 of the Education Code.

Schedule:

(a) 10.60.010—For unified school districts pursuant to subdivision (a) of Section 54060 of the Education Code 61,483,000

(b) 10.60.020—For nonunified school districts pursuant to subdivision (b) of Section 54060 of the Education Code 9,216,000

2. Notwithstanding Section 54060 of the Education Code, the Superintendent of Public Instruction shall determine nonunified districts eligibility for, and allocations of, funds appropriated by subcategory (b) by applying the formulas specified in Section 54060 of the Education Code to (1) 1983–84 data on average daily attendance and AFDC counts and (2) the most recent Racial and Ethnic Survey.

Item	Amount
6100-207-001—For local assistance, Department of Education, Program 30.40—Meade Aid, for transfer to Section A of the State School Fund, for the purpose of Section 54061 of the Education Code	9,646,000
Provisions:	
1. Funds appropriated in this item are in lieu of the amount which would otherwise be appropriated pursuant to Section 54058 of the Education Code.	
6100-209-001—For local assistance, Department of Education, for transfer to the Controller for reimbursement of claims received pursuant to Section 44944 of the Education Code, Program 10.10—School Apportionments	18,000
6100-211-001—For local assistance, Department of Education, California State Library, Program 50.20—Statewide Library Support and Development	9,635,000
Provisions:	
1. Funds appropriated by this item are for allocation by the California Library Services Board to eligible libraries and library systems pursuant to Chapter 4 (commencing with Section 18700) of Part 11 of the Education Code.	
6100-211-890—For local assistance, Department of Education, California State Library, Program 50.20—Statewide Library Support and Development, payable from the Federal Trust Fund	6,162,000
6100-221-001—For local assistance, Department of Education, California State Library, Program 50.20—Statewide Library Support and Development—Public Library Foundation Program	27,900,000
6100-222-001—For local assistance, Department of Education, for the purpose of Chapter 3 of Part 7 (commencing with Section 10200) of the Education Code—Program 20.60.020 Youth Suicide Prevention Program	300,000
6100-224-001—For local assistance of Department of Education, Program 10.10—School Apportionments, for Transfer to Section A of the State School Fund, for the purposes of Sections 17717.7 and 17857 of the Education Code, incentive payments for utilizing alternatives to new construction and year-round schools	7,687,000

Item Amount

Provisions:

1. Notwithstanding any other provision of law to the contrary, the funds appropriated in this item shall be the only funds allocated as incentive payments for year-round school operations and for incentive payments for utilizing alternatives to new construction.
2. Any eligible school district shall be permitted to receive funds pursuant to either Section 17717.7 or 17857 of the Education Code, but not pursuant to both sections.
3. Notwithstanding any other provision of law, if a district receives state reimbursement specifically attributable to the cost of operating schools on a year-round basis pursuant to a court-ordered or voluntary desegregation program, the district shall be eligible for any portion or all of the allowances for incentive payments under this item for the 1984–85 fiscal year only to the extent that the district incurs costs in 1984–85 specifically attributed to operating schools on a year-round basis, as audited and approved by the Controller, that exceed claims submitted for state reimbursement and deemed to be allowable costs by the Controller for such year-round operation pursuant to Sections 17739, 42243.6, and 42249 of the Education Code for the 1984–85 fiscal year. Funds received pursuant to this item for year-round school incentives shall be used for costs solely attributable to operating schools on a year-round basis. Funds may be distributed during the 1984–85 fiscal year pursuant to the requirements of the previous two sentences. However, the Controller shall audit and may make adjustments to the funds distributed under this item in future years.

6100-226-001—For local assistance, Department of Education, for cost of living increases, payable from the General Fund, to be transferred by the Department of Education upon approval by the Department of Finance 671,529,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, the funds appropriated in this item shall be the only funds available for cost-of-living increases and inflation adjustments provided for K–12 education programs in the 1984–85 fiscal year.

Item	Amount
The funds appropriated in this item are available for transfer to other items in this act according to the following schedule:	
Schedule:	
(a) 10.10—School Apportionments:	
(1) K–12 Districts, for the purpose of paragraph (1) of subdivision (b) of Section 42238 of the Education Code (for transfer to Item 6100-101-001)	494,799,000
(2) Small School District Transportation Aid, for the purposes of Section 42240 and Section 42240.1 of the Education Code (for transfer to Item 6100-101-001)	1,096,000
(3) Meals for Needy Pupils Programs, for the purposes of Article 11 (commencing with Section 49550) of Chapter 9 of Part 27 of the Education Code (for transfer to Item 6100-101-001)	1,213,000
(4) Apprentice Programs, for the purpose of Section 8153 of the Education Code (for transfer to Item 6100-101-001)	190,000
(5) Summer School Programs, for the purpose of Section 42239 of the Education Code (for transfer to Item 6100-101-001)	2,261,000
(6) Transportation, for the purpose of subdivision (b) of Section 41856 of the Education Code (for transfer to Item 6100-111-001)	15,598,000
(7) K–12 County Offices of Education, in lieu of the amount which would otherwise be appropriated for the purposes of Section 2557 and paragraph (2) of subdivision (a) of Section 2551.3 of the Education Code (for transfer to Item 6100-106-001)	9,403,000
(8) Regional Occupational Centers and Programs, for the purpose of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code, in lieu of the amount which would otherwise be appropriated for inflation adjustments pursuant to Sections	

Item		Amount
	2557 and 42238 of the Education Code (for transfer to Item 6100-101-001)	10,206,000
(b)	10.30.040—Demonstration Programs in Reading and Mathematics (for transfer to Item 6100-146-001)	222,000
(c)	10.30.50—American Indian Education Centers (for transfer to Item 6100-151-001)	47,000
(d)	10.30.051—Native American Indian Education (for transfer to Item 6100-131-001)	20,000
(e)	10.30.070—Economic Impact Aid (for transfer to Item 6100-121-001)	10,740,000
(f)	10.50—Adult Education:	
(1)	In lieu of the amount which would otherwise be appropriated for the purpose of subdivision (a) of Section 52616 of the Education Code (for transfer to Item 6100-156-001)	13,279,000
(2)	Adults in Correctional Facilities, for the purpose of Section 41481.5 of the Education Code (For transfer to Item 6100-158-001)	75,000
(g)	10.60—Special Education:	
(1)	In lieu of the amount which would otherwise be appropriated for the purpose of Section 56723 of the Education Code (for transfer to Item 6100-161-001)	71,468,000
(2)	In lieu of the amount which would otherwise be appropriated for the purpose of Section 56782 of the Education Code (for transfer to Item 6100-161-001)	1,637,000
(h)	10.80.010—Gifted and Talented Program, in lieu of the amount which would otherwise be appropriated for purposes of Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code (for transfer to Item 6100-124-001)	1,052,000
(i)	20.10.025—Curriculum Services—Educational Technology Program (for transfer to Item 6100-181-001)	69,000
(j)	20.10.035—Miller-Unruh Reading Program (for transfer to Item 6100-126-001)	1,013,000

Item	Amount
(k) 20.20.020—Instructional Materials Management and Distribution for Kindergarten through grade 8, in lieu of the amount which would otherwise be appropriated for inflation adjustments pursuant to Section 60246 of the Education Code (for transfer to Item 6100-186-001)	3,479,000
(*l*) 20.20.020—Instructional Materials Management and Distribution for grades 9–12 (for transfer to Item 6100-187-001)	1,068,000
(m) 20.40.060—Foster Youth Services for the purpose of Section 903 of the Welfare and Institutions Code (for transfer to Item 6100-119-001(a))	45,000
(n) 20.60.030—School Improvement Program (for transfer to Item 6100-116-001)	10,176,000
(o) 20.60.050—Staff Development (for transfer to Item 6100-191-001)	639,000
(p) 30.10.10—Preschool Education (for transfer to Item 6100-196-001)	1,898,000
(q) 30.10.20—Child Care Services (for transfer to Item 6100-196-001)	13,647,000
(r) 30.20—Child Nutrition, in lieu of the amount which would otherwise be appropriated for the purpose of Section 49536 of the Education Code (for transfer to Item 6100-201-001)	1,581,000
(s) 30.40—Urban Impact Aid (for transfer to subdivision (a) of Item 6100-206-001)	3,626,000
(t) 30.40—Meade Aid (for transfer to Item 6100-207-001)	569,000
(u) 50.20—Statewide Library Support and Development (for transfer to Item 6100-211-001)	413,000
3. The Department of Education shall apportion inflation allowances to juvenile hall programs on the basis of equal dollar amounts per ADA for each program.	
6100-301-680—For Capital Outlay, Department of Education, Program 90.50—Office of Surplus Property, payable from the Surplus Property Revolving Fund	780,000

Item Amount

Schedule:

(a) Modifications to Pomona Warehouse 780,000

Provisions:

1. No funds appropriated for modifications to the Pomona Warehouse shall be expended for working drawings or construction until completion of a study of the state's donated food distribution program. Any modifications to the Pomona Warehouse shall be based upon that study.
2. Construction of the modifications to the Pomona Warehouse shall be contracted by the state and shall be competitively bid.

6100-490—Reappropriation, Department of Education. Notwithstanding any other provision of law, on the effective date of this act, the specified balances of the appropriations provided in the following citations, are reappropriated for the purposes provided for in such appropriations and any additional purposes provided in this section, and shall be available for expenditure until June 30, 1985:

001—General Fund

(1) Item 6100-146-001, Budget Act of 1983, the undisbursed balance, for the performance of evaluations and dissemination activities for Demonstration Programs in Reading and Mathematics.

(2) Chapter 498 of the Statutes of 1983, subdivision (a) (13) of Section 41301.3 of the Education Code, the undisbursed balance, for the purpose of validating test content for the Golden State Examination Program.

(3) Item 6100-121-001, Budget Act of 1983, $625,000 for settlement of the final audit determination identified as ACN 00002-09, Education Appeal Board Case No. 2-(57)-80.

036—Special Account for Capital Outlay

(1) The unencumbered balance of Section 35 of Chapter 1302 of the Statutes of 1983, for the purposes provided in Section 23.4 of Chapter 798 of the Statutes of 1980, as amended by Section 15.5 of Chapter 209 of the Statutes of 1982, relating to the renovation and repair of child care facilities to ensure compliance with state and local health and safety standards and acquisition and lease of relocatable facilities.

Item		Amount
(2) The unencumbered balance of Section 23.4 of Chapter 798 of the Statutes of 1980, as amended by Section 15.5 of Chapter 209 of the Statutes of 1982, for the purposes specified in Sections 8277.1 to 8277.7, inclusive, of the Education Code, relating to the renovation and repair of child care facilities to ensure compliance with state and local health and safety standards and acquisition and lease of relocatable facilities.		
6300-101-001—For transfer to the State Teachers' Retirement Fund for the State Teachers' Retirement System		512,345,000
(a) Provisions of Education Code Sections 23401 and 23402	301,032,000	
(b) Restoration of funds withheld from the Budget Act of 1983 due to the fiscal crisis in the General Fund	211,313,000	
6300-111-001—For transfer to the Retirees' Purchasing Power Protection Account within the State Teachers' Retirement Fund pursuant to Section 24701 of the Education Code, for the payment of increased annual cost-of-living adjustments for retirants, disabilitants, and beneficiaries in excess of the 2-percent adjustment authorized by Section 22131 of the Education Code		40,400,000
6320-001-001—For support of California Advisory Council on Vocational Education		26,000
Schedule:		
(a) 100000-Personal Services	17,000	
(b) 300000-Operating Expenses and Equipment	9,000	
6320-001-890—For support of California Advisory Council on Vocational Education, payable from the Federal Trust Fund		200,000
Schedule:		
(a) 100000-Personal Services	139,000	
(b) 300000-Operating Expenses and Equipment	61,000	
6330-001-890—For support of the California Occupational Information Coordinating Committee payable from the Federal Trust Fund		125,000
6360-001-001—For support of Commission on Teacher Credentialing, Professional Standards for Certificated Personnel and Exam Development		877,000
Schedule:		
(a) 100000-Personal Services	179,000	

Item	Amount
(b) 300000-Operating Expenses and Equipment 698,000	
6360-001-407—For support of Commission on Teacher Credentialing, payable from the Teacher Credentials Fund	4,671,000
Schedule:	
(a) 100000-Personal Services 2,663,000	
(b) 300000-Operating Expenses and Equipment 2,008,000	

Provisions:

1. The provisions applicable to Item 9840-001-494 shall not apply to the authorization of a deficiency for the purpose of funding professional standards review for the Commission on Teacher Credentialing, and the Director of Finance may authorize a deficiency expenditure for that purpose pursuant to Section 11006 of the Government Code, except that any authorizations for additional expenditures shall be subject to Section 28 of this act.
2. The Department of Finance is authorized to augment the commission's budget in an amount necessary to pay the actual amounts charged by the Department of Justice for fingerprint processing.
3. The commission shall report to the Legislature on January 31, 1985, on the number of credential applications received and the number of credential applications projected to be reviewed and processed for the remainder of the 1984–85 fiscal year. If the projected number of credential applications to be processed is less than 85,000, the Department of Finance shall reduce the number of authorized positions for the commission in the licensing operation in an amount proportional to the difference between 85,000 and the number of credential applications projected to be processed, and report this reduction to the Legislature within 30 days of the date on which the reduction occurs. If the projected number of credential applications to be processed exceeds 85,000, the Department of finance shall augment the number of authorized positions for the commission in the licensing operation in an amount proportional to the difference between 85,000 and the number of credential applications projected to be processed, and report this augmentation to the Legislature within 30 days of the

Item Amount

date on which the augmentation occurs.

If at any time during the fiscal year, the average credential processing turn around time exceeds 45 calendar days, the Department of Finance shall augment the number of authorized positions to assist in lowering the turnaround time to less than 30 days, and report this augmentation to the Legislature within 30 days of the date on which the augmentation occurs.

6420-001-001—For support of California Postsecondary Education Commission 2,869,000

Schedule:

(a)	100000-Personal Services	2,063,000
(b)	300000-Operating Expenses and Equipment	816,000
(c)	Amount payable from the Federal Trust Fund (Item 6420-001-890) ..	−10,000

Provisions:

1. Of the amount appropriated in schedule (b), $262,000 may be expended for office automation including word processing equipment and installation. Before any expenditures are made relating to this acquisition, the California Postsecondary Education Commission shall adhere to all State Administrative Manual requirements relating to EDP, including Department of Finance approval of a Feasibility Study Report, the procurement document and the resultant contract for acquisition, and any additional requirements which the Department of Finance determines to be necessary to insure that this project is completed in an efficient manner. Upon acquisition of this equipment, the California Postsecondary Education Commission shall conduct a study to evaluate the increased benefits derived from the use of this equipment. This study shall be submitted to the Department of Finance in accordance with an evaluation plan contained in the Commission's Feasibility Study Report.
2. Of the amount appropriated in this item, $44,000 shall be available for expenditure to conduct a review of the Guaranteed Student Loan Program upon passage of SR 34.

6420-001-890—For support of California Postsecondary Education Commission, to be transferred to Item 6420-001-001, payable from the Federal Trust Fund 10,000

6440-001-001—For support of University of California.. 1,249,985,000

Item	Amount
Schedule:	
(a) Support	1,243,375,000
(b) Charles Drew Medical Program	5,365,000
(c) Podiatry Program	745,000
(d) Center for Global Peace	500,000

Provisions:

1. The appropriations from these funds are exempt from Section 31 of this act.
2. None of the funds appropriated may be expended to initiate major capital outlay projects, either by contract or lease-purchase agreement, without prior legislative approval, except for cogeneration and energy conservation projects. Exempted projects shall be reported under the provisions of Section 28 of this act.
3. The funds appropriated in category (b) are for support of University of California program of clinical health sciences education, research, and public service, conducted in conjunction with the Charles R. Drew Postgraduate Medical School, as provided for in Sections 1, 2, and 3 of Chapter 1140 of the Statutes of 1973.
4. The University of California shall ensure by adequate controls that funds appropriated by schedule (b) are expended solely for the support of such programs.
5. The funds appropriated by schedule (c) are for support of a program of basic and clinical health science education and primary health care delivery research in the field of podiatry, University of California, to be conducted in conjunction with the California College of Podiatric Medicine as provided for in Sections 1 and 4, inclusive, of Chapter 1497, Statutes of 1974.
6. Of the amount in schedule (a), $2,629,957 shall be available for expenditure only for support of the Northern and Southern Occupational Health Centers as established by a contract entered into with the Department of Industrial Relations pursuant to Section 50.8 of the Labor Code.
7. Of the amount in category (a), $2,900,000 shall be available for expenditure to support research of Acquired Immune Deficiency Syndrome.

Item Amount

8. $4,080,000 of the amount in Schedule (a) shall be available only for microelectronics research, and shall be expended subject to the oversight and policy direction of a committee, to be appointed by the president of the university and to consist of equal numbers of state government, university, and electronics or semiconductor, or both, industry representatives, for the purposes of advancing appropriate research and graduate education in microelectronics research, including innovative research in microelectronics technology, its applications in computer and information sciences, and its necessary antecedents in other physical science disciplines.

   The expenditure of the $4,080,000 available for microelectronic research shall also be subject to the following conditions:

   (1) The university may utilize no more than $204,000 of the $4,080,000 for administrative and related costs.

   (2) The university may utilize a portion of the $4,080,000 as support for graduate student education and related professional teaching support.

   (3) To the extent possible, expenditures subject to the limits in paragraphs (1) and (2) shall be reimbursed through the joint research projects specified in paragraph (4).

   (4) The balance of the appropriation shall be used to fund industry/academic joint research projects for the policy purposes noted above, on a project-by-project basis, with a one-to-one match in total from the $4,080,000 and an industry contribution respectively.

9. No funds appropriated by this act may be used by the Regents of the University of California to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

Item Amount

10. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when the Director of Finance certifies that the systemwide enrollment of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the university was based; provided, that no increased expenditure may exceed $6,000,000 in the aggregate for both the University of California and the California State University or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

In the event that the systemwide enrollment of the University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

For purposes of this provision, graduate enrollments of the University of California shall be excluded from all calculations.

Item Amount

11. It is the intent of the Legislature and executive branch in enacting this act that the University of California teaching hospitals suffer no fiscal penalties in the 1984–85 fiscal year as a result of the Medicare cost reimbursement limits issued pursuant to the authority of paragraph (1) of subsection (v) of Section 1861 of the Social Security Act (para. (1), subsec. (v), Sec. 1395x, Title 42, U.S.C.) and the Medi-Cal program cost reimbursement limits issued pursuant to the authority of Sections 14105, 14106, and 14124.5 of the Welfare and Institutions Code, and defined in Section 51508 of Title 22 of the California Administrative Code. Therefore, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring a teaching hospital fiscal emergency, authorize the accelerated expenditure, on a loan basis, of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent of the equivalent dollar amount for the 1984–85 fiscal year, as is determined for each hospital, which is related to the difference in the reimbursement rates allowed by the Medicare and Medi-Cal programs and the reimbursement rates claimed by the University of California. In considering such supplemental appropriation, the financial condition of each hospital shall be taken into account. Provided further, that the University of California will appeal for exceptions to these limits pursuant to procedures for requesting such appeals; provided further, that no increased expenditure may exceed $2,450,000 or be authorized sooner than 30 days after notification in writing of the necessity therefor is made to the person of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his designee, may in such instance determine.

Any funds provided under the authority of this section shall be repaid to the fund from which they were derived with the proceeds of the claims appealed, regardless of fiscal year, as

Item Amount

decisions on cost reimbursement limits which gave rise to their authorization permit repayment of the loan. It is the intent of the Legislature that provisions for repayment of any loan balances shall be determined after the procedures for requesting appeals have been exhausted and all decisions are rendered. The university shall report annually in its budget on the status of such appeals.

12. Of the amount in category (a), $2,000,000 shall not be available for expenditure unless the encumbrance of these funds is authorized by the Department of Finance not sooner than 30 days after receipt of the university's long-term computer plan by the chairman of the committee in each house which considers the University of California appropriations and the Chairperson of the Joint Legislative Budget Committee. The long-term computer plan shall include:
    (1) A detailed process to estimate the instructional computer needs of the university. This process shall take into account the competing demands on student time across all disciplines in the student's educational program.
    (2) A detailed process to allocate instructional computing resources to faculty and students.
    (3) A description of the process to monitor and control the allocation plan.
13. The Regents of the University of California shall report to the Legislature no later than December 31, 1984, on the hiring practices of its faculty. The report shall include, at a minimum, the following:
    (1) A detailed description of the requirements used in selecting faculty members.
    (2) The impact that the selection criteria in (1) above has on the pool of minority and women candidates for faculty positions.
    (3) A detailed description of the pool of applicants for faculty positions by race, sex, educational, and, if possible, income background.
    (4) The rationale for requiring a Ph.D. as a criterion for selecting faculty members.

Item	Amount
14. If the sum of the unappropriated surplus in the General Fund and the unexpended balance of the Reserve for Economic Uncertainty on June 30, 1985, as reported in the State of California Preliminary Annual Report—Accrual Basis, is in excess of $400,453,000, then, notwithstanding Section 2.00, the excess over $400,453,000 up to a maximum of $64,800,000 is hereby appropriated from the General Fund to the Regents of the University of California for deposit in the University of California Retirement Fund. The appropriation shall be operative 30 days after the issuance of the Controller's Preliminary Annual Report. If the sum of the unappropriated surplus in the General Fund and the unexpended balance of the Reserve for Economic Uncertainty on June 30, 1985, as reported by the Controller in the Preliminary Annual Report, is less than or equal to $465,253,000, then the difference between the amount appropriated by this provision and $64,800,000 which otherwise would have been applied toward employer contributions to the University of California Retirement System, is hereby deferred for the 1984–85 fiscal year and will be amortized by supplemental appropriations to be included in the Budget Act for the 1985–86 fiscal year and each subsequent year thereafter, for a period not to exceed 30 years. These supplemental appropriations will be in addition to other appropriations for the support of the university and will be in amounts which, in total, will be the actuarial equivalent of the amount deferred pursuant to this act.	
6440-001-046—For support of University of California, Institute of Transportation Studies, payable from the Transportation Planning and Development Account, State Transportation Fund	940,000
6440-001-144—For support of University of California, Research in Mosquito Control, payable from the California Water Fund	100,000
6440-006-001—For support of the University of California, in addition to, and in augmentation of Item 6440-001-001, Program 45, Student Financial Aid, to provide financial aid to needy students attending the University of California, according to the nationally accepted needs analysis methodology	11,094,000
6440-011-001—For support of University of California, for augmentation for employee compensation	115,470,000

Item Amount

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6440-001-001, in such amounts as will make sufficient money available for each employee of the University of California whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1984, by the Regents of the University of California.
2. Amounts proposed for employee compensation increases constitute the total increase in compensation for all employees of the University of California for the 1984-85 fiscal year. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Regents of the University of California for employees of the University of California, in accordance with salary and benefit schedules established by the Regents of the University of California.
3. Of the funds appropriated in this item, $10,940,000 shall be for a 4 percent faculty salary increase effective January 1, 1985.

6440-016-001—For support of University of California for augmentation for employee compensation 10,762,000

Schedule:

55-Provisions for Allocation..... 10,762,000

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6440-001-001 or allocations for support or for other purposes, in such amounts as will make sufficient money available for each employee of the University of California whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1984, by the Regents of the University of California.

Item Amount

2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Regents of the University of California for employees of the University of California, in accordance with salary and benefit schedules established by the regents of the university.
3. Of the funds appropriated in this item, $10,637,000 shall be for a comparable worth pay and equity program for nonfaculty staff, to alleviate the disparity in wages paid to men and women employed in comparable job classifications and within the same job classifications.
4. Of the funds appropriated in this item, up to $125,000 shall be for a comparable worth pay and equity study to be conducted by the University of California or a private consultant, but in either instance in consultation with the California Postsecondary Education Commission, and completed by December 1, 1984. If the study is conducted by a private consultant, the consultant shall be selected by an award process which includes criteria developed through consultation between the University of California and the California Postsecondary Education Commission. The study shall identify the specific classifications to be targeted, recommend percentage salary increases and the amount of funds required to provide such percentage increases. The study shall consider both comparability across classifications and pay equity within classifications. The scope of this study shall include Hastings College of Law.
5. No funds appropriated in this item for comparable worth pay and equity salaries shall be encumbered sooner than 30 days after submittal of the comparable worth pay and equity study and notification of the University of California's comparable worth pay and equity program to the Department of Finance and the Joint Legislative Budget Committee of the programmatic, administrative and funding details of the comparable worth pay and equity program.
6. None of the funds appropriated in this item shall be allocated or expended until subjected to negotiation between the University of California and recognized bargaining representatives.

Item		Amount
6440-301-146—For capital outlay, University of California, payable from the Capital Outlay Fund for Public Higher Education		50,513,000
Schedule:		
Universitywide:		
(1) Minor capital outlay	8,000,000	
(2) Project programming and preliminary plans	200,000	
Davis Health Sciences:		
(3) Annual payment toward the purchase of Sacramento Medical Center	200,000	
Santa Barbara Campus:		
(4) Contribution toward sewage treatment plant improvement	570,000	
Universitywide:		
(5) Working drawings and construct southern regional library compact shelving facility	13,997,000	
San Diego Campus:		
(6) Preliminary plans and working drawings for engineering building, Unit 1	1,450,000	
Los Angeles Campus:		
(7) Construct alterations to Schoenberg Hall	1,126,000	
San Francisco Campus:		
(8) Working drawings and construct animal care facility improvements	1,736,000	
Berkeley Campus:		
(9) Working drawings and construct animal facility corrections, Step 2	865,000	
Irvine Campus:		
(10) Preliminary plans and working drawings for engineering laboratory facility	223,000	
(11) Equip Charles R. Drew Postgraduate Medical School, Clinical Sciences Building, 3rd floor addition	1,470,000

(12) Correct California Administrative Code deficiencies, elevators, Step 2	785,000	
Berkeley Campus:		
(13) Correct California Administrative Code deficiencies, school of law building	489,000	
San Francisco Campus:		

Item	Amount
(14) Correct California Administrative Code deficiencies, high rise fire protection	2,440,000
(15) Correct California Administrative Code deficiencies, elevators	1,250,000
Los Angeles Campus:	
(16) Preliminary plans for law school addition and alterations	300,000
Berkeley Campus:	
(17) Initial planning study for life science building renovation	350,000
Los Angeles Campus:	
(18) Preliminary plans for school of engineering and applied science expansion	982,000
San Diego—Health Services:	
(19) Planning for seismic structural corrections, UCMC	75,000
Irvine—Health Sciences:	
(20) Construct diagnostic service module, UCIMC	3,141,000
Berkeley Campus:	
(21) Correct deficiencies in Cory Hall utilities systems	1,059,000
Riverside Campus:	
(22) Construct and equip nematode isolation and quarantine facility	743,000
Irvine Campus:	
(23) Working drawings and construct main library alterations	496,000
Los Angeles Campus:	
(24) Planning and working drawings for multi-media learning laboratory	150,000
San Diego Marine Sciences:	
(25) Planning and working drawings for SIO—seawater supply system and pier replacement	185,000
Berkeley Campus:	
(26) Working drawings and correct California Administrative Code deficiencies, Asbestos Hazard in State buildings, Step 1	1,200,000
(27) Working drawings and correct California Administrative Code deficiencies, elevators, Step 3	436,000
Los Angeles Campus:	

Item	Amount
(28) Working drawings and correct California Administrative Code deficiencies, high rise fire	634,000
(29) Preliminary plans and working drawings for correction of California Administrative Code deficiencies, elevators	218,000
Berkeley Campus:	
(30) Construction, campus energy conservation, air recirculation	279,000
(31) Install variable speed fans, Step 1, campus energy conservation	801,000
Irvine Campus:	
(34) Construct economizer units, central plant	224,000
Riverside Campus:	
(35) Working drawings and construct energy conservation, building retrofit, Phase I	290,000
San Francisco Campus:	
(36) Working drawings and construct energy conservation, Step 1	703,000
Santa Barbara Campus:	
Berkeley Campus:	
(38) Correct California Administrative Code deficiencies (handicapped), Step 2	130,000
Davis Campus:	
(39) Correct California Administrative Code deficiencies (handicapped access) Step 2	490,000
Riverside Campus:	
(40) Improve handicapped access, Step 1	302,000
San Diego Campus:	
(41) Correct California Administrative Code deficiencies, handicapped access, Step 1	200,000
Santa Cruz Campus:	
(42) Correct California Administrative Code deficiencies, handicapped access, Step 2	285,000
Berkeley Campus:	
(43) Working drawings and correct California Administrative Code deficiencies, handicapped access, Step 3	479,000
Santa Barbara Campus:	

Item	Amount
(44) Working drawings and correct California Administrative Code deficiencies, elevators, handicapped, Step 2	241,000
Santa Cruz Campus:	
(45) Working drawings and correct California Administrative Code deficiencies, handicapped access, Step 3	427,000
San Diego Campus:	
(46) Working drawings and construct elevator, Muir College building	493,000
San Diego—Marine Sciences:	
(47) Construct extension to SIO seawall, Step 2	399,000

Provisions:

1. Funds appropriated for project (2) shall be released only for those major capital outlay projects for working drawings and construction which are anticipated to be included in the 1985–86 Governor's Budget, except that a maximum of $100,000 shall be available for expenditure on July 1, 1984, for utility and site development and for development of environmental impact reports for major capital outlay projects, and for development of benefit/cost analyses of planning alternatives for proposed 1986–87 capital outlay projects.
2. Funds appropriated for project (17) shall be available for detailed programming and cost analysis associated with the planned renovation of the Life Science Building on the Berkeley Campus. The university shall (1) identify the most cost-effective alteration project to house the programs to be located in this building, and (2) maximize use of existing space to meet needs without alterations. In approving these funds, the Legislature is not approving the project scope or cost estimates submitted by the university in support of its original request for funding of an initial planning study for renovating this building.

6440-301-525—For capital outlay, State Public Works Board, payable from the proceeds from the sale of High Technology Education Revenue Bonds for the construction of University of California facilities pursuant to Chapter 1268, Statutes of 1983 59,655,000

Schedule:

Berkeley Campus:

Item	Amount
(1) Working drawings and construct life science building addition	41,429,000
Santa Barbara Campus:	
(2) Construct engineering building Unit 2	18,226,000

Provisions:

1. In addition to the cost of construction, the State Public Works Board may authorize any additional amounts necessary to pay the costs of financing, including interest, during construction of the project and the cost of issuance of permanent financing after completion of the project.
2. The State Public Works Board may authorize the augmentation of the cost of the construction of the engineering building at Santa Barbara (category (2)) under the board's authority under the Government Code.
3. No construction funds appropriated in category (1) for a Life Science Building Addition shall be expended unless all of the following occur:
   (a) The University of California reports to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committees which consider appropriations that the complaint (Animal Welfare Act Docket No. 283) filed by the United States Department of Agriculture (USDA) against the Regents of the University of California regarding the conditions of animal facilities on the Berkeley campus has been resolved to the satisfaction of the Department of Agriculture by means of a consent decree or other appropriate method.
   (b) The University of California reports to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees which consider appropriations, that the USDA, upon inspection of UC Berkeley animal facilities, certifies that UC Berkeley has achieved a level of compliance with the Animal Welfare Act (7 U.S. Code 2121, et seq.) which is acceptable.
   (c) The University of California develops and transmits to the USDA, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committees which consider appropriations a plan to eliminate, by September 30, 1984, any re-

Item Amount

maining violations of the Animal Welfare Act which the USDA deemed undesirable but acceptable, excluding violations related to capital facility improvements.

(d) The University of California reports to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committees which consider appropriations, that all of the following have occurred:

(1) UC Berkeley has established and commenced operation of centralized storage and distribution of animal cages, feed, and bedding.

(2) UC Berkeley has completed training of all existing animal technicians and animal technician supervisors in the appropriate standards and protocols required by the USDA, American Association for Accreditation of Laboratory Animal Care (AAALAC), and the National Institutes of Health (NIH).

(3) UC Berkeley has developed and implemented an ongoing, regular program of training for new animal technicians and animal technician supervisors.

(4) UC Berkeley has instituted a continuing program of regular inspection of all animal facilities by campus veterinary staff which includes documentation of observed conditions.

4. The funds appropriated in this item for the Berkeley campus, Life Sciences Building Addition, shall be allocated by the Department of Finance in accordance with the schedule and expenditure plan developed by the University using the "Early Delivery System" design and construction technique. The proposed procedures shall provide adequate information at the completion of the preliminary planning to justify all construction funding requirements for this project. The construction amount approved for this project is based on the costs and schedules developed through the Early Delivery System procedures without regard to the base construction cost index established for projects budgeted in the 1984–85 Governor's Budget.

The Early Delivery System implementation phase shall be developed with sufficient cost

Item Amount

control procedures so that any funds appropriated for this project shall not require augmentation in excess of 5 percent by administrative action pursuant to Section 16352 of the Government Code. The University shall submit a report on a quarterly basis to the Department of Finance and the Joint Legislative Budget Committee on the progress of the Early Delivery System. The report shall include the most recent information on the anticipated project cost and implementation schedule.

6440-301-718—For capital outlay, University of California, payable from the Health Sciences Facilities Construction Program Fund, for construction of the Irvine Health Sciences diagnostic service module, UCIMC 226,000

Provisions:

1. To the extent that additional funding becomes available for this project from the Health Facilities Construction Program Fund by means of interest or otherwise, the appropriation made by category (20) of Item 6440-301-146 shall be reduced by an equivalent amount.

6440-401—The Regents of the University of California shall not undertake any project funded from the Health Sciences Hospital Reserve Fund, which is in excess of $200,000, unless the scope and cost of any such project is approved by the Director of Finance and 30 days written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine. Any project funded from the Health Sciences Hospital Reserve Fund, of less than $200,000, shall be reported to the Chairperson of the Joint Legislative Budget Committee by December 1 of each fiscal year. For purposes of this section the definition of a project does not include equipment projects. Any urgent project concerned with patient life or safety may proceed without prior approval or notification but such project shall be identified in the report provided each December 1.

Item Amount

6440-490—Reappropriation, University of California. Notwithstanding any other provision of law, the unencumbered balance, as of June 30, 1984, of the appropriation made in Item 6440-001-001 of the Budget Act of 1983, is hereby reappropriated for replacement of instructional equipment, deferred maintenance, and special repair projects, and shall be available for encumbrance until June 30, 1985.

Provision:

The University of California shall report to the Department of Finance and the Joint Legislative Budget Committee the amount of the unencumbered balance, on June 30, 1984, of Item 6440-001-001 of the Budget Act of 1983, by September 30, 1984, and the expenditures made pursuant to this item by September 30, 1985.

6600-001-001—For support of Hastings College of the Law 8,029,000

Schedule:

(a) 100000-Personal Services	7,523,000
(b) 300000-Operating Expenses and Equipment	2,595,000
(c) 400000-Special Items of Expense ..	1,240,000
(d) Reimbursements	−2,534,000
(e) Amount payable from the Federal Trust Fund (Item 6600-001-890) ..	−795,000

Provisions:

1. The appropriations from these funds are exempt from Section 31.00 of this Act.
2. If the sum of the unappropriated surplus in the General Fund and the unexpended balance of the Reserve for Economic Uncertainty on June 30, 1985, as reported in the State of California Preliminary Annual Report—Accrual Basis, is in excess of $400,000,000, then, notwithstanding Section 2.00, the amount of the excess over $400,000,000 up to a maximum of $453,000 is hereby appropriated from the General Fund to the Directors of the Hastings College of the Law for deposit in the University of California Retirement Fund. Such appropriation shall be operative 30 days after the issuance of the Controller's Preliminary Annual report.

   If the sum of the unappropriated surplus in the General Fund and the unexpended balance of the Reserve for Economic Uncertainty on June 30, 1985, as reported by the Controller in the Preliminary Annual Report is less than or

Item Amount

equal to $400,453,000, then the difference between the amount appropriated by this provision and $453,000 which otherwise would have been applied toward employer contributions to the University of California Retirement System, is hereby deferred for the 1984–85 fiscal year and will be amortized by supplemental appropriations to be included in the Budget Act for the 1985–86 fiscal year and each subsequent year thereafter, for a period not to exceed 30 years. These supplemental appropriations will be in addition to other appropriations for the support of Hastings College of the Law and will be in amounts which, in total, will be the actuarial equivalent of the amount deferred pursuant to this act.

6600-001-890—For support of Hastings College of the Law, to be transferred to Item 6600-001-001, amount payable from the Federal Trust Fund 795,000

6600-006-001—For support of Hastings College of the Law, in addition to, and in augmentation of Item 6600-001-001, Program 40, Student Services, to provide financial aid to needy students attending Hastings College of the Law, according to the nationally accepted needs analysis methodology 247,000

6600-011-001—For support of Hastings College of the Law, for augmentation for employee compensation 862,000

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6600-001-001 or allocations for support or for other purposes, in such amounts as will make sufficient money available for each employee of Hastings College of the Law whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increase provided on or after July 1, 1984, by the Directors of Hastings College of the Law.
2. Amounts proposed for employee compensation increases constitute the total increase in compensation for employees of Hastings College of the Law for the 1984–85 fiscal year. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Directors of Hast-

Item Amount

ings College of the Law for the employees of Hastings College of the Law in accordance with salary and benefit schedules established by the Directors of Hastings College of the Law.

3. Of the funds appropriated in this item, $86,000 shall be for a 4 percent faculty salary increase effective January 1, 1985.

6600-016-001—For support of Hastings College of the Law, for augmentation for employee compensation 79,000

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6600-001-001 or allocations for support or for other purposes, in such amounts as will make sufficient money available for each employee of the Hastings College of the Law whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1984, by the Directors of the Hastings College of the Law.
2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Directors of the Hastings College of the Law for employees of the Hastings College of the Law, in accordance with salary and benefit schedules established by the Directors of the Hastings College of the Law.
3. The funds appropriated in this item shall be for a comparable worth pay and equity program for nonfaculty staff, to alleviate the disparity in wages paid to men and women employed in comparable job classifications and within the same job classifications.
4. No funds appropriated in this item for comparable worth pay and equity salaries shall be encumbered sooner than 30 days after submittal of the comparable worth pay and equity study as provided for in Item 6440-016-001 and notification of the Hastings College of the Law's comparable worth pay and equity program to the Department of Finance and the Joint Legislative Budget Committee of the programmatic, administrative, and funding details of the comparable worth pay and equity program.

Item Amount

5. None of the funds appropriated in this item shall be allocated or expended until subjected to negotiation between the Hastings College of the Law and recognized bargaining representatives.

6600-301-146—For capital outlay, Hastings College of the Law, payable from the Capital Outlay Fund for Public Higher Education, minor capital outlay..... 331,000

6610-001-001—For support of Trustees of the California State University and the California State University 1,016,201,000

Schedule:

(a) 01-Instruction	725,280,000
(b) 03-Public Service	875,000
(c) 04-Academic Support	140,778,000
(d) 05-Student Service	94,127,000
(e) 06-Institutional Support	279,651,000
(f) 07-Independent Operations	41,480,000
(h) Reimbursements	-266,197,000
(i) Special Adjustment—Cost-of-Living Increase	207,000

Provisions:

1. The funds appropriated in this item shall be subject to the provisions of Section 13320 of the Government Code and applicable Budget Act restrictions with the following exceptions:
   (a) The trustees may transfer excess salary savings funds from the salary savings reserve allotments to expenditure allotments provided such transfers do not exceed 20 percent of salary savings. Excess salary savings funds are those in excess of the amount budgeted.
   (b) The trustees may approve transfer of funds between one or more of the programs for which funds are appropriated for the support of the California State University.

   Any transfer of funds made under the above exceptions shall be reported to the Department of Finance and Joint Legislative Budget Committee within 30 days after the end of each quarter in which such transfer was approved.
2. The funds appropriated in this item may be reallocated upon order of the Trustees of the California State University subject to being reported to the Department of Finance; provided that no instructional faculty positions authorized for the 1984–85 fiscal year shall be used for administration, administrative assistance, department

Item Amount

chairmanships, or noninstructional research.

3. No portion of the funds appropriated in this item for instructionally related activities may be expended for intercollegiate athletics.
4. No funds appropriated in this item or Item 6610-021-001 or Item 6610-301-146 may be used by the Trustees of the California State University to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.
5. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the California State University because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State University declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when the Director of Finance certifies that the systemwide enrollment of the California State University exceeds by 2 percent or more the enrollment upon which the budget for the state university was based; provided, that no increased expenditure may exceed $6,000,000 in the aggregate for both the California State University and the University of California or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

   In the event that the systemwide enrollment of the California State University is under the

Item Amount

budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

Based upon fall annualized full-time equivalent (FTE) students, all surplus funds withdrawn from any campus consistent with the policy of the California State University (CSU) system due to fluctuations in student enrollments, shall be returned:

(a) To campuses with enrollments in excess of the budgeted level consistent with the CSU policy and

(b) To all campuses for allocation to the programs of "Instruction" and "Academic Support".

"Surplus" is defined as those funds in excess of that returned to the state pursuant to this section. No exceptions to the above prescribed allocation may be made unless prior approval is given by the Department of Finance and is reported to the Chairperson of the Joint Legislative Budget Committee, and the financial necessity of any such exception shall be identified.

6. Of the amount available in this item for Academic Support, instructional computing, $2,000,000 related to the replacement, upgrade, and associated software for local timesharing systems shall not be available for expenditure without prior approval of the Feasibility Study reports by the State Office of Information Technology (SOIT) in the Department of Finance and notification of the approval to the Joint Legislative Budget Committee.

Item Amount

7. Of the amount available in this item, $250,000 shall be used to obtain a consultant to work with a group of senior, experienced faculty and administrators who are systemwide decision-makers to assist with the (1) identification of general functional administrative system requirements and functional specifications for needed administrative support systems; (2) determination of required changes in the Division of Information Systems' Administrative Systems Group; and (3) establishment of improved planning in the Division of Information Systems. The California State University shall provide a plan to the Department of Finance by June 1, 1984, showing how it will use the consultant. The plan shall include clear checkpoints and deliverables and be approved by the Department of Finance, with notification of approval to the Joint Legislative Budget Committee, before such funds may be expended.
8. Of the funds appropriated in this item, $100,000 shall be to study successful teaching practices to meet the educational needs of underachieving students in secondary schools, particularly those from linguistic minority backgrounds. The chancellor may utilize these funds for development of research partnership programs with participating high schools, contingent on the passage of AB 3995 of the 1983–84 Regular Session.
10. Of the funds appropriated in this item, $175,000 shall be for the Labor Archives at California State University, San Francisco.

6610-001-890—For support of Trustees of the California State University and the California State University for Student Service Program 05, payable from the Federal Trust Fund 52,821,000

6610-011-001—For support of Trustees of the California State University and the California State University, in addition to and in augmentation of Item 6610-001-001, Program 05—Student Service, to provide financial aid to California State University students 13,441,000

Provisions:

1. The funds appropriated in this item shall be used to provide financial aid to needy students according to the nationally accepted needs analysis methodology.

Item Amount

2. The funds appropriated in this item shall be first used to provide financial aid related to the State University Fee. To the extent that funds are available, financial aid grants shall be used to offset other mandatory fees.
3. Notwithstanding Item 6610-490 or any other provision of law, the unencumbered balance, as of June 30, 1984, of the appropriations made in Item 6610-001-001 or 6610-011-001 of the Budget Act of 1983 for the State University Grant Program is hereby reappropriated to and in augmentation of this item.

6610-021-001—For support of Trustees of the California State University and the California State University, in addition to and in augmentation of Item 6610-001-001, Programs 01 and 06 respectively 22,722,000

Schedule:

(a) 01-Instruction (replacement of instructional equipment) 11,868,000
(b) 06-Institutional Support (deferred maintenance and special repair projects) 10,672,000
(c) 06-Institutional Support (preliminary plans and working drawings to renovate the chemistry laboratories at Long Beach State University) 182,000

Provisions:

1. Notwithstanding the provisions of Section 2.00 of this act, the funds appropriated by Category (b) shall be available for expenditure until June 30, 1986.
2. The funds appropriated by category (c) shall be available only if funds for this project are not appropriated in Item 6610-301-146.

6610-031-001—For support of Trustees of the California State University and the California State University, for augmentation for employee compensation 111,261,000

Schedule:

10-Unallocated Salary Increase 111,261,000

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6610-001-001 or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer

Item Amount

or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1984, by the Trustees of the California State University.

2. Amounts proposed for employee compensation increases constitute the total increase in compensation for all employees of the California State University for the 1984–85 fiscal year. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Trustees of the California State University in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining in units not yet certified, or in units that are certified but are not bargaining for a 1984–85 memorandum of understanding as of the date of this act, in accordance with salary and benefit schedules established by the Trustees of the California State University.
3. Of the funds appropriated in this item, $2,920,000 shall be for a one percent faculty salary increase effective January 1, 1985.
4. The Trustees of the California State University shall not use funds appropriated in this item to fund the $4,500,000 continuation costs for 1983–84.
5. Of the funds appropriated by this item, $11,300,000 shall be available to the Trustees of the California State University for augmentation of faculty compensation and benefits.

6610-033-001—For support of Trustees of the California State University and the California State University, for augmentation for employee compensation 8,624,000

Schedule:

10-Unallocated Salary Increase 8,624,000

Provisions:

1. The funds appropriated in this item are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6610-001-001 or allocations for support or for other purposes, in amounts which will make sufficient money available for each employee of the California State University whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases

Item Amount

provided on or after July 1, 1984, by the Trustees of the California State University.

2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Trustees of the California State University for employees of the California State University in accordance with salary and benefit schedules established by the trustees of the university.
3. Of the funds appropriated in this item, $8,499,000 shall be for a comparable worth pay and equity program for nonfaculty staff, to alleviate the disparity in wages paid to men and women employed in comparable job classifications and within the same job classifications.
4. Of the funds appropriated in this item, up to $125,000 shall be for a comparable worth pay and equity study to be conducted by California State University in consultation with the California Postsecondary Education Commission, and completed by December 1, 1984. If the study is conducted by a private consultant, the consultant shall be selected by an award process which includes criteria developed through consultation between California State University and the California Postsecondary Education Commission. The study shall identify the specific classifications to be targeted, recommend percentage salary increases and the amount of funds required to provide such percentage increases. The study shall consider both comparability across classifications and pay equity within classifications.
5. No funds appropriated in this item for comparable worth pay and equity salaries shall be encumbered sooner than 30 days after submittal of the comparable worth pay and equity study and notification of California State University's comparable worth pay and equity program to the Department of Finance and the Joint Legislative Budget Committee of the programmatic, administrative and funding details of the comparable worth pay and equity program.
6. None of the funds appropriated in this item shall be allocated or expended until subjected to negotiation between California State University and recognized bargaining representatives.

Item		Amount
6610-301-146—For capital outlay, Trustees of California State University and the California State University, payable from the Capital Outlay Fund for Public Higher Education		25,996,000

State University, Northridge:	
(41) 06.82.056-Preliminary plans and working drawings, Science Building addition	150,000

Provisions:

1. Notwithstanding the provisions of Section 2.00 of this act, the appropriations made for equipment items shall be available for expenditure only during the 1984–85 and 1985–86 fiscal years.
2. Withdrawals shall be as required to meet current obligations as certified by the Trustees of the California State University.
3. Funds appropriated in category (1) shall be available only for those major capital outlay projects for which working drawing funds or working drawings and construction funds are expected to be included in the 1985–86 Governor's Budget, and upon approval of the Depart-

Item Amount

ment of Finance.

4. Prior to December 1, 1984, the CSU shall submit its completed library space study to the California Postsecondary Education Commission for review and comment. The CSU shall by February 1, 1985, submit a final report, including the commission's comments, to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee.
5. At least 20 days prior to State Public Works Board approval of preliminary plans for the project funded under category (19), remodeling of the San Francisco Business Building, the Chancellor's office shall submit to the chairperson of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee (a) the preliminary plans and cost estimate including the specific costs associated with construction of specialized seminar classrooms and (b) the planned utilization of these facilities.

6610-490—Reappropriation, California State University. Notwithstanding any other provision of law, the unencumbered balance, as of June 30, 1984, of the appropriation made in Item 6610-001-001 of the Budget Act of 1983, is hereby reappropriated for replacement of instructional equipment, deferred maintenance, and special repair projects, and shall be available for encumbrance until June 30, 1985. Provisions:

1. The California State University shall report to the Department of Finance and the Joint Legislative Budget Committee the amount of the unencumbered balance, on June 30, 1984, of Item 6610-001-001 of the Budget Act of 1983, by September 30, 1984, and the expenditures made pursuant to this item by September 30, 1985.

6860-001-001—For support of California Maritime Academy		4,929,000
Schedule:		
(a) 100000-Personal Services	4,312,797	
(b) 300000-Operating Expenses and Equipment	3,174,203	
(c) Reimbursements	−1,927,000	
(d) Amount payable from the California Maritime Academy Continuing Education Revenue Fund (Item 6860-001-519)	−127,000	

Item Amount

(e) Amount payable from the Federal Trust Fund (Item 6860-001-890) .. —504,000

Provisions:

1. Of the funds appropriated by this item, $416,000 shall be available for fuel oil purchases for the operation of the training ship, The Golden Bear. To the extent that federal funds become available for this purpose, the Director of Finance shall unallot and revert to the General Fund an amount of up to $416,000 and increase the amount of reimbursements scheduled in this item by a corresponding amount. The Director of Finance shall report these changes to the Joint Legislative Budget Committee.
2. Of the funds appropriated by this item, $349,000 shall be available for expenditure only if the Department of Finance approves a feasibility study report which specifies the scope and cost of the rubble mound seawall and the Department of Finance notifies the Joint Legislative Budget Committee of that approval.

6860-001-519—For support of California Maritime Academy, to be transferred to Item 6860-001-001, payable from the California Maritime Academy Continuing Education Revenue Fund 127,000

6860-001-890—For support of California Maritime Academy, to be transferred to Item 6860-001-001, payable from the Federal Trust Fund 504,000

Provisions:

1. The Department of Finance shall increase the funds appropriated in this item by the amount of federal funds received in 1984–85 for the purchase of fuel oil.

6860-301-146—For capital outlay, California Maritime Academy, payable from the Capital Outlay Fund for Public Higher Education 333,000

Schedule:

(1) Preliminary plans, working drawings, and construction of faculty office addition 173,000
(2) Minor projects 160,000

6870-001-001—For support of Board of Governors of the California Community Colleges 5,149,000

Schedule:

(a) 10-Apportionments 1,237,000
(b) 20-Special Services and Operations 5,769,000
(c) 30.01-Administration 2,556,000
(d) 30.02-Administration—

Item Amount

Distributed ..... −2,556,000
(e) Reimbursements ..... −1,857,000
Provisions:
1. Of the amount appropriated in this item, $40,000 is provided for State Operations in support of Instructional Improvement programs in lieu of any amount which otherwise would be appropriated for that purpose pursuant to Education Code Sections 84383 and 84384.
2. Of the amount appropriated in this item, $25,000 is provided for State Operations in support of the Cooperative Agencies Resources for Education program in accordance with the provisions of Chapter 1029, Statutes of 1982.
3. Upon certification by the Chancellor, the Controller shall transfer up to $90,000 from the amount appropriated in category (a) of Item 6870-101-001 to this item for the purpose of funding a Washington, D.C. office. This office shall be established for the purpose of representing the California Community Colleges before the various federal agencies and the Congress. Funds transferred pursuant to this provision shall not be considered in the calculation of any apportionment deficit.

6870-001-165—For support of Board of Governors of the California Community Colleges, Program 20.20.010 —Special Services and Operations—Faculty and Administrative Credentials, payable from the Community College Credentials Fund 527,000
Provisions:
1. Subject to the conditions of Article 4 (commencing with Section 87271) of Chapter 2 of Part 51 of the Education Code, and based on increases in credential applications, Item 6870-001-165 may be increased subject to the approval of the Department of Finance and notification of the Joint Legislative Budget Committee in accordance with the provisions of Section 28.00 of this act.

6870-101-001—For local assistance, Board of Governors of the California Community Colleges 1,136,210,000
Schedule:
(a) 10-Apportionments 1,074,989,000
(b) 20.10.010-Community College Extended Opportunity Programs and Services 27,836,000
(c) 20.10.020-Disabled Students 24,459,000

Item	Amount
(d) 20.20.020-Partial Financing of the Academic Senate for the Community Colleges	76,000
(e) 20.30.020-Instructional Improvement, for Transfer to the Community College fund for Instructional Improvement	850,000
(f) 20.40.020-Deferred maintenance	8,000,000
(g) 20.30.030-Vocational Education Special Projects	3,076,000
(h) Reimbursements	−3,076,000

Provisions:

1. The funds appropriated in Schedule (b) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund for activities conducted under the provisions of Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code. The Board of Governors shall allocate funds on a priority basis and to local programs on the basis of need for student services and financial aid.
2. The funds appropriated in Schedule (e) shall be expended only for grants.
3. The funds appropriated in Schedule (a) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund, in lieu of the amount which otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund for the 1984–85 fiscal year pursuant to Section 14020 of the Education Code, as needed, in addition to the sums accruing to Section B of the State School Fund from other sources for the purposes specified in this item for apportionment pursuant to Chapter 4.5 of Part 50 of the Education Code.
4. The funds appropriated in Schedule (c) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund, in lieu of the amount which otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund for the 1984–85 fiscal year pursuant to Section 14020 of the Education Code, for funding the excess direct instructional cost of providing special facilities, special education materials, educational assistance, mobility

Item Amount

assistance, transportation, program accountability, program developmental services for handicapped students enrolled at community colleges, and for state hospital programs.

5. Of the amount appropriated in Schedule (a), up to $10,245,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8153 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program unless that program has been approved by the Chancellor.
6. Of the amount in Schedule (b), $450,000 is provided for local assistance in support of the Cooperative Agencies Resources for Education program in accordance with the provisions of Chapter 1029, Statutes of 1982.
7. Of the amount in Schedule (a), up to $1,900,000 may be allocated by the Chancellor for the funding of employer-based job training programs of the type funded pursuant to Provision 12 of Item 6870-101-001 of the Budget Act of 1982. These programs shall be consistent with the intent of that provision and with the criteria adopted by the Board of Governors for allocating funds under that provision.
8. Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of three dollars and twenty-five cents ($3.25) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

6870-101-909—For local assistance Board of Governors of the California Community Colleges Program 20.30.020—Instructional Improvement and Innovation, payable from the Community College Fund for Instructional Improvement 1,034,000

Item Amount

Provisions:

1. Of the amount appropriated by this item, not more than $850,000 shall be allocated for grants and not more than $184,000 shall be allocated for loans.

6870-111-001—For local assistance, Board of Governors of the California Community Colleges 14,333,000

Schedule:

(a) 10-Apportionments 33,000
(b) 20.10.010-Extended Opportunity Programs and Services..... 2,100,000
(c) 20.10.020-Disabled Students 2,200,000
(d) 20.10.040-Community College Matriculation 10,000,000

Provisions:

1. Notwithstanding any other provisions of law, the funds appropriated in Schedule (a) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund for allocation by the Chancellor of the California Community Colleges to the Mendocino-Lake Community College District for its timber falling program.
2. The funds appropriated in Schedule (b) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund for activities conducted under the provisions of Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code. The Board of Governors shall allocate funds on a priority basis and to local programs on the basis of need for student services and financial aid.
3. The funds appropriated in Schedule (c) are for transfer by the State Controller during the 1984–85 fiscal year to Section B of the State School Fund, in lieu of the amount which otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund for the 1984–85 fiscal year pursuant to Section 14020 of the Education Code, for funding the excess direct instructional cost of providing special facilities, special education materials, educational assistance, mobility assistance, transportation, program accountability, program developmental services for handicapped students enrolled at community colleges, and for state hospital programs.

Item	Amount
Notwithstanding any other provisions of law, none of these funds may be expended for providing services to learning disabled or developmentally disabled students.	
4. The funds appropriated in Schedule (d) shall be available for expenditure only if AB 2638 of the 1983–84 Regular Session is enacted.	
6870-301-146—For capital outlay, Board of Governors of the California Community Colleges, to be allocated, by the Board of Governors of the California Community Colleges to community college districts for expenditure by such districts, as set forth in the schedule below, payable from the Capital Outlay Fund for Public Higher Education.....	24,727,000
Schedule:

Provisions:

1. Notwithstanding the provisions of Section 2.00 of this Act, the appropriations made for equipment items shall be available for expenditure only during the 1984–85 and 1985–86 fiscal years.
2. Each district's required matching share of funding for projects included in this item shall be determined in accordance with provisions of Sections 81838 and 81831(c) of the Education Code, except that "excluded funds" defined in Section 81838(c) shall be interpreted as district funds exclusively and shall also include moneys designated as district matching funds for projects included in prior Budget Acts and moneys designated for one hundred (100) percent district funded projects approved by the Chancellor's Office prior to July 1, 1983 for which no qualification regarding future eligibility for State funds was given.
3. In the event that the project funded in category (23), designated in the East Drain Alternative 2 Project as a detention basin, is used for nonstate facilities, the Palomar Community College District shall transfer $221,000 from its funds to the Controller, for deposit in the Capital Outlay Fund for Public Higher Education.

3.1. Funds appropriated in categories (32), (33), and (34) shall not be available for expenditure sooner than 30 days following notification by the Director of Finance to the Joint Legislative Budget Committee and chairpersons of the fiscal committees of both houses that these expenditures are justified. The basis of the director's decision shall be the California Post-

Item Amount

secondary Education Commission's review and favorable recommendation of categories (32), (33), and (34) in accordance with the provisions of Section 66904 of the Education Code and Resolution 23-78 adopted by the commission on September 11, 1978.

The commission's recommendation shall be based on, but not limited to, consideration of the following factors:

(a) Enrollment projections for each campus within the district's boundaries.

(b) Alternatives to construction of a new campus.

(c) Involvement of the surrounding educational instructions and the local community during the planning process.

(d) Consideration of commuting time and public transportation service within the district boundaries and the immediate service area of the proposed campus.

(e) Academic program descriptions proposed for the campus and justification for establishing these programs on the proposed campus.

(f) Description of the physical, social, and demographic characteristics of the location proposed for the new campus.

(g) Provisions to facilitate access for economically, educationally, and socially disadvantaged students.

(h) Need for construction of a new campus in fiscal year 1984–85.

(i) Provisions to promote and maintain an ethnic balance in instructional programs on both campuses based on the district population in order that both campuses would have the same type and quality of instructional programs.

(j) Assurances that the district will function with a single administrative unit and that there will be no duplication of administrative programs or services on both campuses.

4. Funds appropriated in category (45) shall be available only for those major capital outlay projects for which working drawings funds or working drawings and construction funds are reasonably expected to be included in the 1985–86 Governor's Budget.

Item Amount

5. On or before December 1, 1984, the Board of Governors of the California Community Colleges shall review its current study of library operations in light of recent technological developments and, if determined to be viable, shall submit its completed library space study to the California Postsecondary Education Commission for review and comment. The Board of Governors of the California Community Colleges shall, by February 1, 1985, submit a final report, including the comments of the California Postsecondary Education Commission, to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee.

COMMUNITY COLLEGE CONSTRUCTION BOND ACT PROGRAM

6870-301-736—For capital outlay, Board of Governors of the California Community Colleges, to be allocated by the Board of Governors of the California Community Colleges to community college districts for expenditure by such districts, as set forth in the schedule below, payable from the State Construction Program Fund 270,000

Schedule:

Cerritos Community College District	
Cerritos College:	
(1) 40.07.010.010-Removal of Architectural Barriers to the Physically Handicapped	59,000
San Diego Community College District	
Midway Adult Center:	
(2) 40.47.090.010-Removal of Architectural Barriers to the Physically Handicapped	34,000
Clairemont Mesa Adult Center:	
(3) 40.47.050.010-Removal of Architectural Barriers to the Physically Handicapped	8,000
Centre City Adult Center:	
(4) 40.47.040.010-Removal of Architectural Barriers to the Physically Handicapped	169,000

Item Amount

Provisions:

1. Each district's required matching share of funding for projects included in this item shall be determined in accordance with provisions of Section 81838 and subdivision (c) of Section 81831 of the Education Code, except that "excluded funds" defined in subdivisions (c) of Section 81838 shall be interpreted as district funds exclusively and shall also include moneys designated as district matching funds for projects included in prior Budget Acts and moneys designated for 100 percent district funded projects approved by the Chancellor's Office prior to July 1, 1983, for which no qualification regarding future eligibility for state funds was given.
2. These funds, or so much thereof as may be necessary, are hereby appropriated for expenditures only for programs which have been approved pursuant to the provisions of the Community College Construction Act of 1980 (Chapter 4 (commencing with Section 81800) of Part 49 of the Education Code) as contemplated by the Community College Construction Program Bond Act of 1972 (Sections 1 to 10, inclusive, of Chapter 937 of the Statutes of 1971). All such appropriations shall be paid out of the State Construction Program Fund.
3. The funds appropriated in category (2), (3), or (4) of this item shall be available for expenditure only if the Chancellor's office determines that the facility was recommended as a new off-campus center by the California Postsecondary Education Commission pursuant to Section 66904 of the Education Code, or that the facility existed as an educational facility of the San Diego Community College District prior to the enactment of Section 66904 of the Education Code and is otherwise eligible for state funding.

6870-490—Reappropriation, Board of Governors of the California Community Colleges. Notwithstanding any other provision of law, the unencumbered balance, as of June 30, 1984, of the appropriation made in Item 6870-101-146 of the Budget Act of 1983, is hereby reappropriated for deferred maintenance and special repair projects, authorized pursuant to provisions of Section 84660 of the Education Code, and shall be available for encumbrance until June

Item		Amount
30, 1985.		
7980-001-001—For support of the Student Aid Commission		5,191,000
Schedule:		
(a) 100000-Personal Services	4,405,000	
(b) 300000-Operating Expenses and Equipment	7,241,000	
(c) Amount payable from the State Guaranteed Loan Reserve Fund (Item 7980-001-951)	−6,455,000	
Provisions:		
1. Of the funds appropriated by category (b), $75,076 shall be available for expenditure to conduct program reviews of the loan programs at a selected number of institutions which have default rates above 15 percent.		
2. An interagency agreement shall be executed between the Student Aid Commission and the Office of the Legislative Analyst, which shall provide for the transfer of $100,000 of the amount appropriated in category (b) to the Office of the Legislative Analyst. The Office of the Legislative Analyst shall expend that amount, or as much thereof as may be necessary, for the purpose of contracting with an individual, group of individuals, firm, or organization deemed qualified and competent by the Legislative Analyst to study and develop recommendations concerning the management of the Student Aid Commission and for the purpose of paying any overhead costs associated with the supervision of the contract.		
7980-001-951—For support of the Student Aid Commission, to be transferred to Item 7980-001-001, payable from the State Guaranteed Loan Reserve Fund		6,455,000
Provisions:		
1. The funds appropriated in this item are for the following:		
a. State Guaranteed Student Loan Program	68,000	
b. State Guaranteed Student Loan Program, for purposes of Chapter 1201, Statutes of 1977	6,387,000	

Item Amount

2. Notwithstanding the provisions of Item 9840-001-988, the Director of Finance may authorize deficiencies pursuant to Section 11006 of the Government Code from funds appropriated from the State Guaranteed Loan Reserve Fund pursuant to Section 69766 of the Education Code.

7980-011-951—To the Student Aid Commission, Program 50, purchase of defaulted student loans, payable from the State Guaranteed Loan Reserve Fund 79,421,000

Provisions:

1. Notwithstanding the provisions of Item 9840-001-988 the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item.
2. No authorization may become effective sooner than 10 days after notification in writing to the Joint Legislative Budget Committee.

7980-011-890—To the Student Aid Commission, Program 50, for transfer to the State Guaranteed Loan Reserve Fund, payable from the Federal Trust Fund 77,240,000

Provisions:

1. Any Federal funds received by the Student Aid Commission in excess of the amount set forth in this item shall be transferred to the State Guaranteed Loan Reserve Fund in a manner prescribed by the Department of Finance. No authorization may become effective sooner than 30 days after the notification in writing to the Joint Legislative Budget Committee, or such lesser time as the Committee, or its designee, may in each instance determine.

7980-101-001—For local assistance, Student Aid Commission 85,270,000

Schedule:

(a) Scholarships (Cal Grant (a))	62,520,000
(b) College Opportunity Grants (Cal Grant (b))	26,159,000
(c) Occupational Education and Training Grants (Cal Grant (c))	2,746,000
(d) Fellowships for Graduate Study ..	2,721,000
(e) Dependents of Deceased or Disabled Peace Officers Grants	8,000
(f) Bilingual Teacher Grants	2,786,000
(g) Amount payable from the Federal Trust Fund (Item 7980-101-890) ..	—11,670,000

Item Amount

Provisions:

1. Funds appropriated in categories (a) through (c) are for awards in the Cal Grant Program under provisions of Article 3 (commencing with Section 69530), of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code, Student Aid Commission.
2. The funds appropriated in categories (d) through (f) are for grant awards and graduate fellowship awards under provisions of Article 2 (commencing with Section 52150) of Chapter 7 of Part 28 of the Education Code and under provisions of Article 9 (commencing with Section 69670) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code, and for scholarship awards under provisions of Section 4709 of the Labor Code, Student Aid Commission.
3. Upon order of the Director of Finance, the State Controller shall transfer funds as necessary between categories (a) through (f) to accommodate program changes, not sooner than 30 days after written notification by the Director of Finance of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than whatever lesser time the committee, or its designee, may in each instance determine.
4. If federal trust funds for the 1984–85 fiscal year exceed budgeted levels, the funds appropriated shall, to the extent allowable by federal law, be reduced on a dollar-per-dollar basis.
5. Eligibility for money appropriated by this item is limited to students who demonstrate financial need according to nationally accepted needs analysis methodologies, who meet other Student Aid Commission eligibility criteria, and whose income or family's gross income does not exceed the ceilings established by the Student Aid Commission for recipients for the 1983–84 award year.

7980-101-890—For local assistance, Student Aid Commission, to be transferred to Item 7980-101-001, payable from the Federal Trust Fund 11,670,000

8100-001-001—For support of the Office of Criminal Justice Planning 2,349,000

Schedule:

(a) 100000-Personal Services 2,184,000

(b) 300000-Operating Expenses and Equipment 1,551,000

Item	Amount
(c) Amount payable from the Federal Trust Fund (Item 8100-001-890) ..	−374,000
(d) Amount payable from Chapter 917, Statutes of 1980	−35,000
(e) Amount payable from Local Public Prosecutors and Public Defenders Training Fund (Item 8100-001-241)	−68,000
(f) Amount payable from Victim Witness Assistance Fund (Item 8100-001-425)	−909,000

Provisions:

1. Funds scheduled for the Gang Violence Suppression Program shall be available for expenditure only if the Office of Criminal Justice Planning makes available federal matching dollars such that the total program expenditure is 25 percent federal funds and 75 percent state funds.
2. Of the funds appropriated in this item, $90,000 shall be available to conduct three regional neighborhood watch leadership and training conferences. One conference shall be held in southern California, one shall be held in central California, and one shall be held in northern California. The conferences shall be sponsored by the Office of Criminal Justice Planning in cooperation with the Department of Justice. The conferences shall include the dissemination of information on the identification and prevention of domestic violence, including child abuse.

8100-001-241—For support of the Office of Criminal Justice Planning, to be transferred to Item 8100-001-001, payable from the Local Public Prosecutors and Public Defenders Training Fund	68,000
8100-001-425—For support of the Office of Criminal Justice Planning, to be transferred to Item 8100-001-001, payable from the Victim/Witness Assistance Fund	909,000
8100-001-890—For support of the Office of Criminal Justice Planning, to be transferred to Item 8100-001-001 payable from the Federal Trust Fund	374,000
8100-011-890—For support of the Office of Criminal Justice Planning, allocation of federal grants, payable from Federal Trust Fund	1,500,000

Item		Amount
8100-101-001—For local assistance, Program 50, Local Project Awards, Office of Criminal Justice Planning		10,575,000
(a) 50.10—California Career Criminal Prosecution Program, to be allocated pursuant to Chapter 2.3 (commencing with Section 999b) of Title 6 of Part 2 of the Penal Code	4,112,000	
(b) 50.20—California Career Criminal Apprehension Program	2,500,000	
(c) 50.50—California Community Crime Resistance Program, to be allocated pursuant to Chapter 5 (commencing with Section 13840) of Title 6 of Part 4 of the Penal Code	1,303,000	
(d) 50.55—Suppression of Drug Abuse in Schools Program	1,910,000	
(e) 50.65—California Gang Violence Suppression Program	750,000	

Provisions:

1. The amount appropriated in Schedule (a) shall only be awarded to local governmental entities which provide a minimum 10 percent local cash match for the State General Fund amount allocated.
2. Funds scheduled for the Gang Violence Suppression Program shall be available for expenditure only if the Office of Criminal Justice Planning makes available federal matching dollars so that the total program expenditure is 25 percent federal funds and 75 percent state funds.
3. Of the funds appropriated in category (c), $200,000 shall be available for projects which have a major emphasis on domestic violence.
4. Of the funds appropriated in category (c), $150,000 shall be available for a demonstration project by the United Community and Housing Development Corporation to provide technical assistance to volunteer anticrime patrols. The Office of Criminal Justice Planning shall evaluate the effectiveness of the program and shall submit its findings prior to the hearings on the 1985–86 Budget Bill. The Office of Criminal Justice Planning may transfer up to $7,500 from category (c) to support its administrative activi-

8260-001-001—For support of California Arts Council		2,257,000
Schedule:		
(a) 100000 Personal services	1,634,000	
(b) 300000 Operating expenses and equipment	623,000	

Item Amount

Provisions:

1. One and one-half positions (One Director's Special Assistant and one-half Office Assistant) shall be redirected to provide outreach activities for enhancing accessibility for minority and ethnic artists and art organizations. This program shall be centered in the Los Angeles office of the council.

8260-001-890—For support of the California Arts Council, payable from the Federal Trust Fund 39,000

8260-101-001—For local assistance, California Arts Council for grants and subventions 9,570,000

Provisions:

1. Funds appropriated for the local organization development, and support to prominent organizations program elements shall not be expended unless the grant recipient provides a dollar-for-dollar cash match; provided that for grants to individual artists, no matching funds shall be required.
2. Of the funds appropriated by this item in excess of $6,570,000, 24 percent shall be allocated to the Artists in Residence Program and 76 percent shall be allocated to the Organizational Grants Program.
3. The council shall notify the Chairperson of the Joint Legislative Budget Committee regarding the council's proposed expenditure of funds appropriated by this item for the Interagency Arts Program at least 30 days prior to expenditure therefor.
4. Of the funds appropriated by this item, 5 percent shall be expended for a new program for the support of ethnic and minority art organizations and artists. The council shall not exclude such organizations and artists from eligibility for grants under existing programs.

8260-101-890—For local assistance, California Arts Council payable from the Federal Trust Fund..... 848,000

Schedule:

Provisions:

1. Any organization applying for a grant under the support to prominent organizations element of the organizational grants program may not receive a grant under the artistic and administrative development element of the organizational grants program.

Item Amount

2. Any organization applying for a grant under the artistic and administrative development element of the organizational grants program may not receive a grant under the support to prominent organizations element of the organizational grants program.
3. Funds appropriated for the artistic and administrative development and support to prominent organizations program elements shall not be expended unless the grant recipient provides a dollar for dollar cash match; provided, that for grants to individual artists no matching funds shall be required.

8280-001-001—For support of Native American Heritage Commission 220,000

Schedule:

(a) 100000-Personal Services	151,000
(b) 300000-Operating Expenses and Equipment	99,000
(c) Reimbursements	−30,000

8290-001-001—For support of the California Public Broadcasting Commission 4,000,000

Schedule:

(a) 100000-Personal Services	259,000
(b) 300000-Operating Expenses and Equipment	319,000
(c) Grants to Public Broadcasting Stations.....	3,422,000

Provisions:

1. Notwithstanding the provisions of Section 8836 of the Government Code, funds made available under category (c) are to be allocated by the California Public Broadcasting Commission without a required reserve for local community broadcast operations.
2. Of the amount appropriated under category (c), no less than $1,000,000 shall be allocated to minority-operated public broadcast facilities.
3. Of the amount appropriated under this item, $210,000 shall be dedicated to assisting independent producers of public broadcasting programs, to be allocated by an independent producers peer review panel. If this item is reduced, funds allocated for independent producers shall be reduced proportionately to the overall item reduction.

8300-001-001—For support of Agricultural Labor Relations Board 8,606,000

Item	Amount
Schedule:	
(a) 10-Board Administration	4,649,000
(b) 20-General Counsel Administration	3,957,000
(c) 30.01-Administrative Services	699,000
(d) 30.02-Distributed Administrative Services	−699,000

Provisions:

1. The board shall establish a special compliance enforcement unit under the direction of the Executive Secretary. The unit shall consist of eight field examiners, six attorneys, and two clericals and these 16 positions shall be in addition to the positions authorized in the 1984–85 budget as proposed. The compliance enforcement unit shall be charged with eliminating backlogged compliance cases and shall report on its progress to the Joint Legislative Budget Committee by January 30, 1985, and June 30, 1985.
2. The board shall establish a unit consisting of one attorney and one field examiner, under the direction of the Executive Secretary, which shall (a) develop and complete a compliance manual, (b) establish workload standards, and (c) implement a computerized tracking system for all compliance, unfair labor practices, and elections cases before the board. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed. The board shall report on the unit's progress to the Joint Legislative Budget Committee by January 1, 1985.
3. The board shall assign one additional attorney to each board member who has only one attorney. These positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.
4. The board shall assign two additional attorneys to the Executive Secretary to handle elections objections. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.
5. The board shall assign two additional attorneys to the Solicitor to handle appeals. These two positions shall be in addition to the positions authorized in the 1984–85 budget as proposed.
6. The board shall reduce funds allocated to its administrative services unit by $95,000 and one Staff Services Manager I position shall be deleted as a part of the reduction.

Item		Amount
8320-001-001—For support of Public Employment Relations Board		4,959,000
Schedule:		
(a) 10-Dispute Resolution	4,045,000	
(b) 20-Representation	914,000	
(c) 30.01-Administration	992,000	
(d) 30.02-Distributed Administration	−992,000	

8320-490—Reappropriation, Public Employment Relations Board. Notwithstanding any other provisions of law, on the effective date of this act, the unencumbered balances, or a portion thereof as may be specified in this section, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in such appropriations and any additional purposes provided for in this section, and shall be available for expenditure until June 30, 1985:

General Fund:

(1) Item 375, Budget Act of 1979, for support of the Public Employment Relations Board under Item 8320-001-001, not to exceed $80,000.

Provisions:

1. None of the funds reappropriated by category (1) for transfer to Item 8320-001-001 shall be transferred to Item 8320-001-001 unless and until authorized in writing by the Department of Finance.

8350-001-001—For support of Department of Industrial Relations		86,832,000
Schedule:		
(a) 10-Regulation of Workers' Compensation Self-Insurance Plans	1,232,000	
(b) 20-Conciliation of Employer-Employee Disputes	1,590,000	
(c) 30-Preventing, Settling, Adjudicating and Administrating Disputes under Workers' Compensation Laws	39,594,000	
(d) 40-The Prevention of Industrial Injuries and Deaths of California Workers	16,096,000	
(e) 50-Enforcement and Promulgation of Laws Relating to Wages, Hours, and Conditions of Employment, and Licensing and Adjudication	18,849,000	
(f) 60-Promotion, Development and Administration of Apprenticeship and other on-the-job training	4,536,000	

Item	Amount
(g) 70-Labor Force Research and Data Dissemination	1,766,000
(h) 80-Payment of claims, wages, and contingencies for transfer to the Uninsured Employers Fund	6,216,000
(i) 94.01-Administration	9,475,000
(j) 94.02-Distributed Administration	−9,475,000
(k) Reimbursements	−3,047,000

Provisions:

1. Of the funds appropriated by category (c), $1,000,000 shall be expended on a priority basis by filling all vacant referee teams in Long Beach, Ventura, and Los Angeles, and by adding a referee team in Salinas before these funds are expended for other referee teams.
2. The Workers' Compensation Appeals Board shall develop workload standards so that it may evaluate the productivity of its workers' compensation judges. After it has developed these workload standards and required workers' compensation judges to be scheduled in hearings at least 24 hours per week, the division shall review the allocation of workers' compensation judges among its district offices and transfer positions from offices that appear to be overstaffed to offices that are understaffed.
3. Of the positions authorized in category (d) and allocated to the Elevator Inspection Unit, two Associate Safety Engineer positions, one Office Services Supervisor I position, and one Office Technician position shall be limited to a term of two years.
4. Funds approved for the Division of Occupational Safety and Health, and allocated to the Research and Standards Development Unit for the purpose of developing standards for conditions and substances posing a threat to worker health and safety shall be allocated first to the development of standards for substances or conditions which pose the greatest or most imminent potential health or safety risk.
5. Of the amount appropriated in category (e), Program 50, $235,000 shall be used to provide computer equipment in each district office of the Division of Labor Standards Enforcement for purposes of automating the division's management information system.

8380-001-001—For support of the Department of Personnel Administration		2,551,000
Schedule:		
(a) 100000-Personal Services	4,123,000	

Item		Amount
(b) 300000-Operating Expenses and Equipment	1,436,000	
(c) Reparation payments	373,000	
(d) Reimbursements	−2,991,000	
(e) Amount payable from the Deferred Compensation Plan Fund (Item 8380-001-915)	−390,000	

Provisions:

1. $373,000 of the funds appropriated for category (c) are for reparation of salary losses during 1942–47 by persons dismissed from State Civil Service as a result of Chapter 49, Statutes of California, passed at the First Extra Session of the Fifty-Fourth Legislature, 1941–1942 (SCR 15).
2. $38,000 of the funds appropriated for category (b) are for data processing equipment and shall not be expended until a data processing master plan is approved by the Department of Finance.
3. $17,000 of the funds appropriated for category (b) are for facilities operation and shall not be expended unless and until the need for additional space is certified by the Division of Space Management in the Department of General Services and the encumbrance of these funds is authorized by the Department of Finance.
4. On or before January 1 of each year, the Department of Personnel Administration shall submit to the Legislature a report containing the department's findings relating to classifications which have a high vacancy or turnover rate, or both.

8380-001-915—For support of the Department of Personnel Administration, to be transferred to Item 8380-001-001, payable from the Deferred Compensation Plan Fund		390,000
8450-001-001—For support of Workers' Compensation Benefit Program, for payment of the additional compensation for subsequent injuries provided for by Sections 4750 through 4755 of the Labor Code		4,135,000
Schedule:		
(a) Payment of Claims	3,169,000	
(b) Support, State Compensation Insurance Fund	263,000	
(c) Pre-Litigation Expenses	150,000	
(d) For Transfer to Item 8350-001-001, Support, Department of Industrial Relations	553,000	

Item Amount

Provisions:

1. This item shall not be construed as a limitation on expenditures provided by Item 8450-001-016.
2. The amount available from this item shall not be available for expenditure at any time that funds appropriated by Item 8450-001-016 are available for expenditure.
3. At the end of fiscal year 1984–85, any expenditures made from the General Fund against this appropriation item shall be reduced by any amounts remaining available from the funds appropriated by Item 8450-001-016.

8450-001-016—For payment of workers' compensation benefits for subsequent injuries, payable from the account for Subsequent Injuries Moneys, General Fund 2,081,000

8460-101-001—For local assistance, Disaster Service Workers 415,000

Provisions:

1. This item is for furnishing of workers' compensation to disaster service workers and their dependents, in accordance with the provisions of Section 3201 through 6002 of the Labor Code, including the reimbursing of the State Compensation Insurance Fund for the cost of services as adjusting agent, Governor's Office, Office of Emergency Services. The State Compensation Insurance Fund may draw from the State Treasury out of the appropriation made by this item, without at the time presenting vouchers and itemized statements, any portion of the appropriation contained in this item, to be used as a cash revolving fund. Expenditures made from the revolving fund in payment of claims for workers' compensation and adjusting services are excepted from the operation of Section 925.6 of the Government Code. Reimbursement of the revolving fund for such expenditures shall be made upon presentation to the State Controller of an abstract or statement of such expenditures. Such abstract or statement shall be in such form as the State Controller requires.

8500-001-152—For support of Board of Chiropractic Examiners, Program 10, payable from the State Board of Chiropractic Examiners Fund 687,000

8510-001-264—For support of Board of Osteopathic Examiners of the State of California, Program 10, payable from the Contingency Fund of the Board of Osteopathic Examiners 352,000

Item		Amount
Provisions:		
1. No funds appropriated by this item may be used to support the board's legal actions against seating two public members on the board.		
8530-001-290—For support of Board of Pilot Commissioners for the Bays of San Francisco, San Pablo and Suisun, Program 10, payable from the Board of Pilot Commissioners' Special Fund		80,000
8540-001-114—For support of California Auctioneer Commission, Program 10, payable from the Auctioneer Commission Special Fund		115,000
8550-001-191—For support of California Horse Racing Board, payable from the Fair and Exposition Fund		1,591,000
Schedule:		
(a) 100000-Personal Services	2,137,000	
(b) 300000-Operating Expenses and Equipment	950,000	
(c) Special item of expense	1,650,000	
(d) Reimbursements	−1,070,000	
(e) Amount payable from the California Standardbred Sires Stakes Fund Account, Special Deposit Fund pursuant to the Business and Professions Code, Section 19619(e)	−1,700,000	
(f) Amount payable from the Racetrack Security Account, Special Deposit Fund (Item 8550-001-942)	−376,000	
Provisions:		
1. Of the amount appropriated by this item, the unexpended balance, if any, shall revert to the General Fund.		
2. Of the amount appropriated in this item, up to $323,000 shall be available for expenditure no sooner than 30 days after the California Horse Racing Board submits an amended Feasibility Study Report of the automated record keeping system to the Joint Legislative Budget Committee. The amended Feasibility Study Report shall not be submitted to the committee until the Department of Finance's Office of Information Technology (OIT) has reviewed and approved the amended report. The amount appropriated by this item shall be reduced by the amount of any difference between $323,000 and the amount found to be needed by the amended Feasibility Study Report.		

Item	Amount
8550-001-942—For support of the California Horse Racing Board, to be transferred to Item 8550-001-191, payable from the Racetrack Security Account, Special Deposit Fund	376,000

Item Amount

Provisions:

1. The Board of Control shall not routinely notify all local agencies and school districts regarding its proceedings. However, for each of its meetings the board shall notify all parties whose claims or proposals are scheduled for consideration and any party requesting notice of such proceedings.

8700-001-214—For support of State Board of Control Program 11.20.010—Victims of Crimes, for Board of Control support services pursuant to Chapter 5 (commencing with Section 13959) of Part 4 of Division 3 of Title 2 of the Government Code, payable from the Restitution Fund 2,841,000

Provisions:

1. The Board of Control shall report to the Joint Legislative Budget Committee within 30 days after the end of each quarter of the fiscal year during which the Victims of Violent Crimes claims backlog increases.

8730-001-001—For support of Commission on State Finance 549,000

8780-001-001—For support of Commission on California State Government Organization and Economy 635,500

8800-001-001—For support of memberships 372,300

Schedule:

(a)	Council of State Governments.....	178,300
(b)	National Conference of State Legislatures.....	194,000

8820-001-001—For support of Commission on the Status of Women 605,900

Schedule:

(a)	100000-Personal Services	387,100
(b)	300000-Operating Expenses and Equipment	236,800
(1)	Commission on the Status of Women.....	156,900
(2)	Comparable Worth Task Force....	79,900
(c)	900000—Reimbursements	−18,000

Provisions:

1. The Comparable Worth Task Force (established by ACR 37, Resolution Chapter 111 of 1983) shall be housed in the California Commission on the Status of Women for the purpose of cooperatively addressing the issue of comparable worth. The Task Force shall have the authority to determine how funds budgeted for its operation shall be allocated, and to develop a work plan for

Item	Amount
the completion of its duties. The Task Force shall also have the authority to determine the procedural rules by which its business shall be conducted, including the authority to permit its members to designate proxy representation on the Task Force. In accordance with Section 7 of the Government Code, legislators serving on the Task Force may designate legislative staff as their authorized representatives.	
8860-001-001—For support of Department of Finance	22,030,000
Schedule:	
(a) 10-Annual Financial Plan	7,730,000
(b) 20-Program and Information System Assessments	5,314,000
(c) 30.10.001-CFIS Data Base	979,000
(d) 30.10.002-CALSTARS	5,215,000
(e) 30.10.004-Planning and Systems Support	273,000
(f) 30.20 through 30.50-Other Supportive Data Program Activities	2,811,000
(g) 40.01-Administration	2,899,000
(h) 40.02-Distributed Administration	−2,876,000
(i) Reimbursements	−315,000
Provisions:	
1. The funds appropriated for CFIS/CALSTARS (Programs 30.10.001 through 30.10.004) shall be transferred by the State Controller, upon order of the Department of Finance, or made available by the Department of Finance as a reimbursement, to other items and departments for CFIS/CALSTARS related activities by the Department of Finance.	
2. The funds appropriated in this Act for purposes of CALSTARS related data processing costs may be transferred between any items in this Act by the State Controller upon order of the Director of Finance. Any funds so transferred shall be used only for support of CALSTARS related data processing costs incurred.	
3. The funds appropriated in Programs 30.10.001 through 30.10.004 shall be used for support of activities provided for in Chapter 1284 of the Statutes of 1978.	

Item Amount

4. Of the funds appropriated in this item, $400,000 may be expended for consulting services relating to telecommunications and data-processing security no sooner than 30 days after written notification is provided to the fiscal committees and the Joint Legislative Budget Committee (JLBC) or whatever lesser time the Chairperson of the JLBC shall determine.
5. No electronic data processing projects may be given sole source approval any sooner than 30 days after written notification of intention to grant sole source approval is provided to the fiscal committees and the Joint Legislative Budget Committee (JLBC) or any sooner than whatever lesser time the Chairperson of the JLBC shall determine.
6. Of the funds appropriated in this item for support of the Program Evaluation Unit (Program 20.10), $568,000 shall be expended no sooner than 30 days, or no sooner than whatever lesser time the chairperson of the Joint Legislature Budget Committee (JLBC) may determine, after the department submits to the legislative fiscal committees and to the JLBC a report on the unit's purpose, effectiveness, and accomplishments.
7. The Office of Information Technology (office) shall not have organizational responsibilities for the development or management of information technology programs, including the California Fiscal Information System (CFIS), within the Department of Finance (department). In addition, the office shall not be responsible for approving any data-processing systems within the department. The department shall not implement any change in systems which would have otherwise required approval by the office sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee or whatever lesser time the chairperson of the Joint Legislative Budget Committee, or his or her designee may determine.

8910-001-001—For support of Office of Administrative Law 2,436,000

Schedule:

(a) 100000-Personal Services 1,971,000

(b) 300000-Operating Expenses and Equipment 465,000

Item Amount

Provisions:

1. $100,000 of the amount appropriated for operating expenses and equipment is for consultant and professional services and shall not be expended until a contract to reformat the California Administrative Code is approved by the Department of General Services and the encumbrance is authorized by the Department of Finance.
2. The Office of Administrative Law shall provide quarterly reports to the Legislature on the status of existing Orders to Show Cause and any new Orders to Show Cause issued during the preceding quarter.
3. No funds appropriated by this act may be used to pay the salary of the Director of the Office of Administrative Law for any month that the office fails to meet its planned timeline submitted to the Legislature on May 9, 1984, concerning the implementation of the provisions of Section 11347.5 of the Government Code, and the implementation of the provisions of Section 11349.1 of the Government Code, unless the delays in implementation are due to public comment input.

8940-001-001—For support of Military Department 16,302,000

Schedule:

(a) 10-Army National Guard	12,534,000
(b) 20-Air National Guard	2,026,000
(c) 30.01-Office of the Adjutant General	3,983,000
(d) 30.02-Distributed Office of Adjutant General	−3,983,000
(e) 35-Military Support to Civil Authority	968,000
(f) 40-Military Retirement	1,873,000
(g) 71-California Innovative Military Projects and Career Training	885,000
(h) Reimbursements	−1,984,000

Provisions:

1. No expenditures shall be made from this appropriation as a substitution for personnel, equipment, facilities, or other assistance, or for any portion thereof, which in the absence of such expenditure, or of this appropriation, would be available to the Adjutant General of the State Military Forces, the California National Guard or the California National Guard Reserve from

Item Amount

the federal government.

2. The appropriation for Program 40 shall be for military retirements, in accordance with the provisions of Sections 228 and 256 of the Military and Veterans Code, Military Department.
3. Expenditure authority for $608,000 in reimbursements from the Employment Development Department as provided in category (h) of this item, shall be offset by reimbursements from local agencies to the extent that the Military Department receives from such agencies' funds to offset costs scheduled in category (g) of this item.

8940-001-130—For support of the Military Department, Program 10, Army National Guard, payable from the AWOL Program Abatement Fund 2,000

Provisions:

1. Provided that funds shall be expended in accordance with the provisions of Chapter 563, Statutes of 1982.

8940-001-807—For support of the Military Department, payable from the Military Emergency Revolving Fund 100,000

Schedule:

(a) 35-Military Support to Civil Authority 100,000

Provisions:

1. The Military Emergency Revolving Fund is hereby created.
2. Upon expenditures of any of these funds, the department shall notify the Department of Finance within 5 days and the Director of Finance shall notify the Joint Legislative Budget Committee within 30 days.
3. Any reimbursements received for emergency services shall be deposited into the Military Emergency Revolving Fund and are hereby appropriated for expenditure.
4. For purposes of this item, "emergency" is defined pursuant to Section 8558 of the Government Code.

8940-001-890—For support of Military Department, payable from the Federal Trust Fund 12,204,000

Schedule:

(a) 10-Army National Guard 8,180,000
(b) 20-Air National Guard 4,024,000

8940-011-001—For support of the Military Department 90,000

Schedule:

(a) 10-Army National Guard 90,000

Item		Amount
Provisions:		
1. No expenditures shall be made from this appropriation until sufficient revenues or income from armories have been deposited into the State Treasury to the credit of the General Fund pursuant to the Military and Veterans Code Section 431 (c).		
8940-021-001—For transfer by the State Controller from the General Fund to the Military Emergency Revolving Fund, which is created by Item 8940-001-807, for support of the Military Department		100,000
8940-301-036—For capital outlay, Military Department, payable from the Special Account for Capital Outlay		1,440,000
Schedule:		
(1) 70.10-Project planning, working drawings and supervision of construction financed from federal funds	515,000	
(2) 70.90-Minor Projects	310,000	
(3) 70.20-Armory Building Fresno—construction	615,000	
Provisions:		
1. The funds provided in category 3 of this item are a loan, to be repaid to the Special Account for Capital Outlay from the first proceeds received by the Armory Fund from the disposal of unused armories. The repayment shall include interest at a rate to be established in accordance with Section 16314 of the Government Code. The Armory Fund is hereby appropriated to the extent necessary to repay this loan and interest.		
8940-301-890—For capital outlay, Military Department, payable from the Federal Trust Fund		4,091,000
Schedule:		
(1) 70.90-Minor Projects	64,000	
(2) 70.20-Armory Building Fresno—Construction	1,477,000	
(4) 70.50-Other federal construction funds	2,550,000	
9100-101-001—For local assistance, Tax Relief		847,786,000
Schedule:		
(a) 10-Senior Citizens' Property Tax Assistance	7,920,000	
(b) 20-Senior Citizens' Property Tax Deferral Program	9,300,000	
(c) 30-Senior Citizen Renters' Tax Assistance	32,130,000	

Item	Amount
(d) 50-Homeowners' Property Tax Relief	334,500,000
(e) 60-Subvention for Open Space	13,200,000
(f) 70-Payments to Local Government for Sales and Property Tax Revenue Loss	3,638,000
(g) 80-Renters' Tax Relief	447,000,000
(h) 90-Substandard Housing	98,000

Provisions:

1. Schedule (a) is for property tax assistance to homeowner claimants in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), of Division 2 of the Revenue and Taxation Code, Franchise Tax Board.

   Any unexpended balance in schedule (a) may be used to make payments to senior citizen renter claimants under schedule (c).
2. Schedule (b) is for property tax postponement and assistance to claimants, in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), Division 2 of the Revenue and Taxation Code, State Controller. The appropriation made by this schedule shall be in lieu of the appropriation for the same purpose contained in Section 16100 of the Government Code.
3. Schedule (c) is for property tax assistance to renter claimants, in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), of Division 2 of the Revenue and Taxation Code, Franchise Tax Board.

   Any unexpended balance in schedule (c) may be used to make payments to senior citizen homeowner claimants under schedule (a).
4. Schedule (d) is for reimbursement to local taxing authorities for revenue lost by reason of the homeowners' property tax exemption granted pursuant to subdivision (k) of Section 3 of Article XIII of the Constitution, Controller. The appropriation made by this schedule shall be in lieu of the appropriation required pursuant to Section 25 of Article XIII of the Constitution and the appropriation for the same purposes con-

Item Amount

tained in Section 16120 of the Government Code.

5. Schedule (e) is for providing reimbursement to local taxing authorities for revenue lost by reason of the assessment of open-space lands under Sections 423, 423.3, and 423.5 of the Revenue and Taxation Code, and in accordance with the provisions of Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code, State Controller. The appropriation made by this schedule shall be in lieu of the appropriation for the same purpose contained in Section 16100 or 16140 of the Government Code, and may not be augmented.
6. Schedule (f) is for reimbursement to local taxing authorities for revenue lost in accordance with the provisions of Sections 2229 and 2230 of the Revenue and Taxation Code, State Controller and, provided that the reimbursement for property tax revenue loss resulting from the restricted valuation of land under a wildlife habitat contract pursuant to Chapter 1165, Statutes of 1973, shall be based on a comparison between the value of the land computed pursuant to Section 423.7 of the Revenue and Taxation Code and the value of the land computed pursuant to Section 110.1 of the Revenue and Taxation Code.
7. Schedule (g) is for transfer by the Controller, as needed, to the Tax Relief and Refund Account, General Fund, for the purpose of providing credits and refunds to renters as required by Section 17053.5 of the Revenue and Taxation Code, Franchise Tax Board.
8. Schedule (h) is for transfer by the Controller to the Local Agency Code Enforcement and Rehabilitation Fund, for the purpose of providing funds to defray costs incurred in the enforcement of local housing code provisions and to fund housing rehabilitation programs for persons and families of low and moderate income as defined in Section 50093 of the Health and Safety Code, to be allocated to local agencies prorated on the basis of their share of disallowed deductions which resulted from the agencies' proceedings.

   This amount is in lieu of any statutory requirements.

9620-001-001—For payment of interest, on order of the Director of Finance, for any General Fund loan .. 1,000,000

Item Amount

Provisions:

1. The Director of Finance, the Controller, and the Treasurer shall satisfy any need of the General Fund for borrowed funds in a manner consistent with the Legislature's objective of obtaining the lowest possible rate of interest on this borrowing.
2. If legislation is enacted during the 1983–84 Regular Session to provide state authority for short-term external borrowing, the state fiscal officers shall use external borrowing rather than borrowing from internal state funds whenever it is economically advantageous to the General Fund. Any surplus balance in this item resulting from the use of external borrowing shall revert to the unappropriated surplus of the General Fund.
3. In the event that interest expenses related to internal borrowing exceed the amount appropriated in this item, there is hereby appropriated any amounts necessary to pay the interest. Moneys appropriated herein shall not be expended prior to 30 days after the Department of Finance notifies the Joint Legislative Budget Committee of the amount(s) necessary or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee may determine.

9650-001-001—For the state's contribution for the cost of a health benefits plan and dental care premiums, for annuitants and other employees, in accordance with Sections 22825.7, 22828, 22829 and 22952 of the Government Code, or provided for in a memorandum of understanding pursuant to Section 3517.6 of the Government Code, which was agreed to prior to September 1, 1982, and which is not chargeable to any other appropriation 89,965,000

Schedule:

(a) Health benefit premiums 82,406,000

(b) Dental care premiums..... 7,559,000

9680-101-001—For local assistance, State mandated local programs, for reimbursement, in accordance with the provisions of subdivision (a) of Section 2231 of the Revenue and Taxation Code, of the costs of any new program or increased level of service of an existing program mandated by statute or executive order, State Controller 75,990,000

Schedule:

(uux) 91.00.128.180—Involuntary lien notices	990,000

Provisions:

1. Except as provided in 9 and 10 below, allocations to the appropriate local entities shall be made by the State Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of such costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 2231 of the Revenue and Taxation Code.
2. The funds provided by Schedule (g) are to provide reimbursement, pursuant to Section 16100.6 of the Government Code, to local governments caused by the provisions of Section 6555 of the Elections Code.
3. The appropriation made by this item for Schedule (g) is in augmentation of, and in addition to, the funds continuously appropriated to the State Controller by Section 16100 of the Government Code.
4. The funds provided in Schedule (h) are for reimbursement of net costs to local government associated with the implementation of Chapter 704 of the Statutes of 1975, relating to voter registration and voting procedures, in accordance with Section 91 of that Chapter, for such costs incurred during the 1983–84 fiscal year and that the Secretary of State shall determine the maximum reimbursement available to each local jurisdiction (and shall so advise the State Controller) for voter outreach programs which have been adopted and implemented pursuant to Section 304 of the Elections Code. The max-

Item Amount

imum reimbursement available to each local jurisdiction for voter outreach purposes shall be based on the proportional number of unregistered voters within each local jurisdiction as determined by the Secretary of State. For purposes of this provision "net costs" are defined to be voter outreach expenditures up to the allowable maximum reimbursement plus other reasonable costs, less realized savings related to Chapter 704 of the Statutes of 1975.

5. Prior to the payment of any claim funded by Schedule (h) the State Controller shall confer with the Secretary of State to determine whether the cost for which reimbursement is sought is properly reimbursable under Section 91 of Chapter 704 of the Statutes of 1975.
6. The State Controller pursuant to Section 12410 of the Government Code, shall audit claims submitted by counties pursuant to reimbursements made pursuant to Schedules (g) and (h).
7. The funds appropriated in Schedule (i) may be expended only to reimburse mandated costs in excess of any revenues distributed pursuant to Schedule (h) of Item 9100-101-001.
8. The funds appropriated in Schedule (o) are for coastal planning assistance as provided in Section 16 of Chapter 1330 of the Statutes of 1976, as amended by Section 28 of Chapter 1331 of the Statutes of 1976.
9. Notwithstanding any other provision of law to the contrary, the funds appropriated in Schedules aa, bb, cc, dd, ee, and ff are for transfer to the Department of Social Services for reimbursement of costs which relate to activities of the Department of Social Services, of any new program or increased level of service of an existing program mandated by statute or by executive regulation.
10. The funds appropriated in Schedules oo, pp and qq are for transfer to the State Teachers' Retirement Fund for the State Teachers' Retirement System for reimbursement of costs incurred pursuant to Chapter 89, Statutes of 1974, Chapter 1036, Statutes of 1979 and Chapter 1286, Statutes of 1980.

Item Amount

11. Claims for prior year costs may be paid from this item; and provided further, that expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.
12. If the Director of Finance, upon the advice and recommendation of the State Controller, determines that, because of provision 11 of this item the appropriation made pursuant to this item will be insufficient to fund the expenditures for the state mandated local programs authorized by the Legislature in this item, the Director shall so report to the Legislature, and 30 days after the report is made, the amount of the appropriation made by this item shall be increased by the amount of the excess unless and until otherwise provided by law.
13. If any of the scheduled amounts are insufficient to provide full reimbursement of costs, the State Controller may, upon notifying the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein, except those as provided in provision 9. No order may be issued pursuant to this provision unless written notification of the necessity therefor is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee.
14. Reimbursements to local agencies from category (ii) shall be in the amount of actual costs incurred rather than on a unit cost basis as in the past. Claims for reimbursement submitted to the State Controller's Office are to separately delineate the cost of three separate activities: (1) initial notifications to the parents of students who have not satisfactorily completed a proficiency examination; (2) conferences conducted with parents; and (3) a second notification to parents who did not respond to the initial notification.

    The State Controller's Office shall analyze actual cost data submitted and when the data are sufficient, these data shall be used as the basis for development of revised unit cost reimbursement rates.

Item Amount

The State Controller's Office shall not honor claims for reimbursement from category (ii) of costs incurred notifying the parents of special education students of these students' test results.

9680-101-214—For local assistance, State mandated local programs, for reimbursement, in accordance with the provisions of subdivision (a) of Section 2231 of the Revenue and Taxation Code, for costs incurred by local agencies pursuant to the provisions of Chapter 1123 of the Statutes of 1977, payable from the Restitution Fund, State Controller 80,000

Provisions:

1. Allocations to the appropriate local agencies shall be made by the Controller in accordance with the provisions of Chapter 1123 of the Statutes of 1977 and of subdivision (d) of Section 2231 of the Revenue and Taxation Code.
2. Claims for prior year costs may be paid from this item. Expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the State Controller.
3. If the Director of Finance, upon the advice and recommendation of the State Controller, determines that, because of provision 2 of this item, the appropriation made pursuant to this item will be insufficient to fund the expenditures for the state mandated local programs authorized by the Legislature in this item, the Director shall so report to the Legislature. At the time the report is made, the amount of the appropriation made by this item shall be increased by the amount of the excess unless and until otherwise provided by law.
4. Prior to the payment of any claim from funds appropriated in this item, the Controller shall require a certification that the claimant has attempted to recover its costs using the procedures specified in Sections 1203.1 and 1203.1b of the Penal Code.

9680-495—Reversion, State Mandated Local Programs

As of June 30, 1983, the unencumbered balance of the appropriations provided in Chapter 1090, Statutes of 1981, Chapter 28, Statutes of 1982, and Chapter 1586, Statutes of 1982, shall revert to the unappropriated surplus of the fund from which the appropriation was made: 001—General Fund.

9800-001-001—For augmentation for Employee Compensation 253,428,000

Item Amount

Schedule:

(a) Compensation increases..... 220,331,000
(b) Comparable worth 27,097,000
(c) Salary inequity increases 6,000,000

Provisions:

1. The funds appropriated in category (a) are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1984, by the Department of Personnel Administration, or the Directors of Hastings College of Law, as the case may be.
2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the several state offices, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining in accordance with salary and benefit schedules established by the Department of Personnel Administration in accordance with Section 19826 of the Government Code.
4. The funds appropriated in category (c) shall be authorized by the Department of Personnel Administration, through the bargaining process, for special salary inequity increases if (a) 20 percent of the positions were unfilled for at least six months due to a department's inability to recruit new employees, or (b) 20 percent of the employees in a particular class or classes left state service during the last 12 months, or (c) a salary lag of 20 percent exists based on wages paid for comparable employment in other governmental jurisdictions and the private sector for classes which require specialized expertise typified by higher education and/or professional licensure, or specialized training, such as law enforcement or fire protection.
5. The funds appropriated in category (b) are to

Item Amount

be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with provisions of Section 19827.2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, the Assembly Committee on Rules, the State Committee on Rules, the Joint Rules Committee, the Joint Legislative Audit Committee, and the Joint Legislative Budget Committee, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, and each officer or employee of either house of the Legislature or joint committee thereof, to receive any such pay equity adjustments provided by the Department of Personnel Administration, or any committee of the Legislature responsible for establishing salaries for officers and employees of the Legislature, as the case may be. Appropriated funds are to be allocated proportionally (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications within each of these units, and, (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees.

Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1984–85 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to July 1, 1984.

Item Amount

Funds appropriated for pay equity adjustments related to comparability of the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding, or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of of the Government Code.

6. Of the funds appropriated in category (a), $3,726,000 shall be transferred to Item 011-001-001 and $4,636,000 shall be transferred to Item 0120-011-001. Funds transferred pursuant to this provision shall be available for encumbrance for the same programs and purposes for which appropriations for the items to which they are transferred have been made by this act.
7. Where memoranda of understanding have not been approved prior to passage of this act, the current compensation and benefit levels shall remain in effect until superseded by approved memoranda of understanding.

9800-001-494—For augmentation for Employee Compensation payable from other-unallocated special funds 141,686,000

Schedule:

(a) Compensation increases..... 122,471,000
(b) Comparable worth 16,000,000
(c) Salary inequity increases 3,215,000

Provisions:

1. The funds appropriated in category (a) are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to special funds, to receive any such increases provided on or after July 1, 1984, by the Department of Personnel Administration.

Item Amount

2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the several state offices, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining in accordance with salary and benefit schedules established by the Department of Personnel Administration in accordance with Section 19826 of the Government Code.
4. The funds appropriated in category (c) shall be authorized by the Department of Personnel Administration, through the bargaining process, for special salary inequity increases if (a) 20 percent of the positions in a particular class or classes were unfilled for at least six months due to a department's inability to recruit new employees, or (b) 20 percent of the employees in a particular class or classes left state service during the last 12 months, or (c) a salary lag of 20 percent exists based on wages paid for comparable employment in other governmental jurisdictions and the private sector for classes which require specialized expertise typified by higher education or professional licensure, or both, or specialized training, such as law enforcement or fire protection.
5. The funds appropriated in category (b) are to be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with the provisions of Section 19827.2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to nongovernmental cost funds, to receive any such pay equity adjustments provided by the Department of Personnel Administration. Appropriated funds are to be allocated proportionally (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications

Item Amount

within each of these units, and, (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees.

Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1984–85 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to July 1, 1984.

Funds appropriated for pay equity adjustments related to comparability of the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding, or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of the Government Code.

6. Where memoranda of understanding have not been approved prior to passage of this act, the current compensation and benefit levels shall remain in effect until superseded by approved memoranda of understanding.

9800-001-988—For augmentation for Employee Compensation, payable from other-unallocated nongovernmental cost funds 118,099,000

Schedule:

(a) Compensation increases..... 102,083,000
(b) Comparable worth 14,000,000
(c) Salary inequity increases 2,016,000

Provisions:

1. The funds appropriated in category (a) are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in

Item Amount

such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to nongovernmental cost funds, to receive any such increases provided on or after July 1, 1984, by the Department of Personnel Administration.

2. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the several state offices, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Personnel Administration in accordance with Section 19826 of the Government Code.

4. The funds appropriated in category (c) shall be authorized by the Department of Personnel Administration, through the bargaining process, for special salary inequity increases if: (1) 20 percent of the positions were unfilled for at least 6 months due to a department's inability to recruit new employees; or (2) 20 percent of the employees in a particular class or classes left state service during the last 12 months; or (3) a salary lag of 20 percent exists, based on wages paid for comparable employment in other governmental jurisdictions and the private sector for classes which require specialized expertise typified by higher education, professional licensure, or specialized training, such as law enforcement or fire protection.

5. The funds appropriated in category (b) are to be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with the provisions of Section 19827.2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to nongovernmental cost funds, to receive any such pay equity adjust-

Item Amount

ments provided by the Department of Personnel Administration. Appropriated funds are to be allocated proportionally (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications within each of these units, and, (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees.

Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1984–85 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to July 1, 1984.

Funds appropriated for pay equity adjustments related to comparability of the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding, or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of of the Government Code.

6. Where memoranda of understanding have not been approved prior to passage of this act, the current compensation and benefit levels shall remain in effect until superseded by approved memoranda of understanding.

9800-490—Reappropriation, Augmentation for Employee Compensation. On the effective date of this act, notwithstanding any other provisions of law, the appropriations provided in the following citations are reappropriated for the purposes provided for in the appropriation and related to the settlement of Theroux et al. v. State of California. These funds shall be available for encumbrance and expenditure until June 30, 1985, unless otherwise specified:

Item	Amount
(1) 001—General Fund (Chapter 192, Statutes of 1979)—Employee Compensation	3,320,000
(2) 494—Special Funds (Chapter 192, Statutes of 1979)—Employee Compensation	745,000
(3) 988—Nongovernmental Cost Funds (Chapter 192, Statutes of 1979)—Employee Compensation	935,000

9810-001-001—For payment of attorney fee claims, settlements, compromises, and judgments against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus or commissions, supported from the General Fund, but only pursuant to the provisions of Code of Civil Procedure Section 1021.5, the "private attorney general" doctrine, or the "substantial benefit" doctrine 200,000

Provisions:

1. Expenditures from this item shall be made by the Controller, subject to the approval of the Department of Finance, and shall be charged to the fiscal year in which the disbursement is issued.
2. Expenditures from this item shall not exceed an hourly rate which equals the rate charged by the Attorney General of the State of California at the time the warrant is issued or at the time judgment is entered, whichever is earlier.
3. Notwithstanding the maximum hourly rate specified above, no expenditure from this item shall be made in excess of $50,000 for a single action.
4. No payment shall be made by the Controller from this item except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney fees incurred in connection with a single action.
5. The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committees in each house when funds from this item have been exhausted, or when there are insufficient funds to satisfy a claim completely. This report shall list the known unsatisfied claims, and the amount of each of these claims.

Item	Amount
9810-001-494—For payment of attorney fee claims, settlements, compromises, and judgments against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus or commissions, supported from special funds, but only pursuant to the provisions of Code of Civil Procedure Section 1021.5, the "private attorney general" doctrine, or the "substantial benefit" doctrine	100,000
Provisions:	
1. Provisions 1, 2, 3, 4 and 5 for Item 9810-001-001 are also applicable to this item.	
9810-001-988—For payment of attorney fee claims, settlements, compromises, and judgments against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus or commissions, supported from nongovernmental cost funds but only pursuant to the provisions of Code of Civil Procedure Section 1021.5, the "private attorney general" doctrine, or the "substantial benefit" doctrine	100,000
Provisions:	
1. Provisions 1, 2, 3, 4 and 5 for Item 9810-001-001 are also applicable to this item.	
9840-001-001—For reserve for contingencies or emergencies	1,500,000
Provisions:	
1. The funds appropriated for reserve for contingencies or emergencies are to be expended only on written authorization of the Department of Finance for contingencies or emergencies.	
2. Contingencies within the meaning of these funds are defined as proposed expenditures arising from unexpected conditions or losses for which no appropriation, or insufficient appropriation, has been made by law and which, in the judgment of the Director of Finance, constitute cases of actual necessity. Emergencies within the meaning of this item are hereby defined as proposed expenditures arising from unexpected conditions or losses for which no appropriation, or insufficient appropriation, has been made by law and which in the judgment of the Director of Finance require immediate action to avert undesirable consequences or to preserve the public peace, health or safety.	

Item Amount

3. Emergency and contingency expenditure authorizations and deficiency expenditure authorizations shall be limited to purposes which have been specifically approved by the Legislature in budget acts or other legislation, except that not more than $200,000 of each fund may be expended for purposes for which no such specific prior authorizations exist.
4. Authorizations for expenditures or deficiency expenditures arising from a contingency shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or no sooner than such lesser time as the committee, or its designee, may in each instance determine.
5. For expenditure authorizations or deficiency expenditure authorizations arising from an emergency, the Director of Finance shall file with the Joint Legislative Budget Committee within 10 days after approval, copies of all executive orders and allotment promises for emergency-related encumbrance or expenditure authorizations stating the reasons for, and the amount of, all such authorizations, except that any emergency augmentation from this item to any program in excess of 10 percent of the amount authorized for expenditure in the 1984–85 fiscal year for such program shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee or no sooner than such lesser time as the committee, or its designee, may in each instance determine, except that no such limit shall apply if the Director of Finance states in writing to the Chairman of the Joint Legislative Budget Committee the necessity and urgency for the allocation which, in the judgment of the director, makes prior approval impractical.

9840-001-494—For reserve for contingencies or emergencies, payable from unallocated special funds .. 1,500,000

Provisions:

1. Provisions 1, 2, 3, 4 and 5 for Item 9840-001-001 are also applicable to this item.

Item Amount

2. For the reserve for contingencies or emergencies, payable from special funds, there are hereby appropriated from each such special fund such sums as are necessary to meet contingencies, or emergencies, to be expended only on written authorization of the Director of Finance and that no deficiencies shall be authorized by the Director of Finance in any appropriation of money from special funds made by this act for the 1984–85 fiscal year under the provisions of Section 11006 of the Government Code; provided, that accounts, special accounts, and funds in the General Fund, which are treated as other governmental cost funds for accounting and budgeting purposes in accordance with Section 13303 of the Government Code, shall be considered to be special funds within the meaning of this item.

9840-001-988—For reserve for contingencies or emergencies, payable from unallocated nongovernmental cost funds 1,500,000

Provisions:

1. Provisions 1, 2, 3, 4 and 5 for Item 9840-001-001 are also applicable to this item.
2. For reserve for contingencies or emergencies, payable from nongovernmental cost funds, there is hereby appropriated from each such nongovernmental cost fund which is subject to control or limited by this act such sums as are necessary to meet contingencies or emergencies, to be expended only on written authorization of the Director of Finance and, that no deficiencies shall be authorized by the Director of Finance in any appropriation of money from nongovernmental cost funds made by this act for the 1984–85 fiscal year under the provisions of Section 11006 of the Government Code.

9840-011-001—For Reserves for Contingencies or Emergencies (Loans) ..... (2,500,000)

Provisions:

1. This appropriation is for loans that may be made to state agencies which derive their support from the General Fund or from sources other than the General Fund, upon such terms and conditions for repayment as may be prescribed by the Department of Finance and any sum so loaned shall, if ordered by the Department of Finance, be transferred by the State Controller

Item Amount

to the fund from which the support of the agency is derived.

2. No loan shall be made which requires repayment from a future legislative appropriation.
3. Authorizations for loans shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or no sooner than a lesser time which the committee, or its designee, may in each instance determine, except that this limit shall not apply if the Director of Finance states in writing to the Chairman of the Joint Legislative Budget Committee the necessity and urgency for the loan which, in the judgment of the director, makes prior approval impractical.
4. Within 10 days after approval, the Director of Finance shall file with the Joint Legislative Budget Committee copies of all executive orders for loans stating the reasons for, and the amount of, all of these authorizations.

9840-490—Reappropriation, Reserve for Contingencies or Emergencies. As of June 30, 1984, the unexpended balances of the appropriations made by Items 9840-001-001, 9840-001-494 and 9840-001-988, Budget Act of 1983, shall revert to the unappropriated surplus of the General Fund, special funds and nongovernmental costs funds, respectively.

As of July 1, 1984, the amounts reverted as of June 30, 1984, for Items 9840-001-001, 9840-001-494 and 9840-001-988, Budget Act of 1983, are reappropriated and shall be available until June 30, 1985, and may be expended on written authorization of the Department of Finance issued on or before said date, for contingencies and emergencies, within the meaning of said items, occurring during the 1983–84 fiscal year.

9860-301-036—For Statewide Capital Outlay, payable from the Special Account for Capital Outlay 500,000

Provisions:

1. These funds are to be allocated by the Department of Finance to state agencies and the amount appropriated in this item is not to be construed as a commitment by the Legislature as to the amount of capital outlay funds it will appropriate in any future fiscal year.

9860-301-146—For statewide capital outlay, payable from the Capital Outlay Fund for Public Higher Education 500,000

Item	Amount
Schedule:	
(1) Matching funds for energy grants, Federal Schools and Hospital Grants Program, working drawings and construction	500,000

Provisions:

1. These funds are to be allocated by the Department of Finance to the University of California, the California State University, the California Community Colleges, and the California Maritime Academy based on notification of acceptance of grant funding under the Federal Schools and Hospitals Grants Program.
2. The Department of Finance, 30 days prior to allocation of funds appropriated under this item, shall report the proposed allocation to the Chairman of the Joint Legislative Budget Committee and to the chairperson of the committee in each house which considers appropriations.

GENERAL SECTIONS
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 1984, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category, program, or project included in the schedule shall be limited to the amount specified for such category, program, or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to such schedules "category",

"program", or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of Law in Item 6600-001-001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs) and all other proper expenses;

(c) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings;

(e) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(f) "Minor projects" include construction, improvements and equipment projects not specifically set forth in the schedule;

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in such schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1984–85," submitted by the Governor to the Legislature at the 1984 portion of the 1984–85

Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 3.50. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to such appropriation from which salaries and wages are paid: worker's compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Retirement Fund as provided by Sections 23000 and 23400 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782 and 20783 of the Government Code, the state's contribution to the Public Employees' Contingency Reserve Fund and the state's contribution for the cost of health benefits plans as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 23000 and 23400 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the Public Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 4.00. Notwithstanding any other provisions of law, the employer's contributions for the 1984–85 fiscal year, which is

chargeable to an appropriation made in this act, with respect to each state officer and employee or an annuitant who was in such employment or office, including an academic position with a California State University or College, or is a survivor of such person, or is an annuitant, shall be $86 for basic and related major medical plans with respect to employees or annuitants enrolled for self alone, or $167 for an employee or annuitant so enrolled for self and one family member, or $209 for an employee or annuitant so enrolled for self and two or more family members, or, if less, the amount necessary to pay the cost of such person's enrollment, including the enrollment of such person's family members, in a health benefits plan or plans.

SEC. 4.10. Notwithstanding any other provision of this act, the Director of Finance shall reduce the 1984–85 appropriations made by this act of those state agencies that budgeted the employer's contribution for health insurance premiums at the maximum designated state contribution rate. Any funds unallocated by the Director of Finance for this purpose shall be transferred by the Controller to the fund from which the appropriation was made. For purposes of this section, the cost of premiums refers to the combination of the (1) premium cost charged by the provider, (2) administrative costs expressed as a percent of the premium costs as authorized by Section 22826 of the Government Code, and (3) Public Employees' Contingency Reserve Fund expressed as a percent of the premium costs and authorized by Section 22826 of the Government Code.

SEC. 4.20. (a) Notwithstanding any other provisions of law, the employers' contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22826 of the Government Code, shall be 0.7 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses and 2.0 percent of the gross health insurance premium paid by the employer and employee for the Public Employees' Contingency Reserve Fund.

(b) The Director of Finance shall transfer the amounts budgeted in the 1984–85 fiscal year by state agencies for contributions to the Public Employees' Contingency Reserve Fund pursuant to Section 22826 of the Government Code to the Augmentation for Employee Compensation Item. To the extent that these budgeted amounts are in excess of the total contributions required in subdivision (a), the excess shall be reverted to the funding sources from which they were contributed.

(c) The Controller shall revert the unencumbered balance in the Public Employees' Contingency Reserve Fund as of June 30, 1984, to the state and local funds which contributed to the balance. The amounts to be reverted shall be determined by the Department of Finance, in conjunction with the Office of the Legislative Analyst.

SEC. 5.00. No funds appropriated by this act may be used to pay court-awarded attorney's fees unless payment of such fees is either:

(a) Specifically authorized and set forth in an item or section of this act; or

(b) Expressly authorized by a statutory provision other than Section 1021.5 of the Code of Civil Procedure.

Provided that this section shall not be construed as making an appropriation of funds for the payment of court-awarded attorney's fees.

SEC. 5.50. The Director of General Services shall, within 30 days of approving any contracts and interagency agreements for consultant or personal services so notify the Chairperson of the Joint Legislative Budget Committee.

SEC. 6.00. None of the funds appropriated for support purposes under Section 2 of this act may be encumbered for any project for the alteration of a state building requiring total expenditures of $10,000 or more unless the Director of Finance determines that the proposed alteration is critical and that it is necessary to proceed using funds appropriated for support purposes. The maximum cost of any such project shall not exceed $150,000, and any approved critical project shall be reported to the Chairperson of the Joint Legislative Budget Committee or his or her designee, not less than 30 days prior to requesting bids for the project. The report shall detail those factors which make the project so critical that it must proceed using support funds.

SEC. 6.50. (a) The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category, program, or project designated in any schedule set forth for such appropriation by transfer from any of the other designated categories, programs, or projects within the same schedule. The Department of Finance shall furnish the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding quarter.

(b) Augmentations of amounts available for expenditure for a category, program, or project designated in any line of any schedule for personal services or operating expenses and equipment set forth for such appropriation by transfer from any of the other designated categories, programs, or projects within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those support appropriations made herein which are $2,000,000 or less.

(2) $400,000 of the amount so scheduled on that line for those support appropriations made herein which are more than $2,000,000 but equal to or less than $4,000,000.

(3) 10 percent of the amount so scheduled on that line for those support appropriations made herein which are more than $4,000,000.

(4) The Department of Transportation Highway Program shall be

limited to a schedule change of 10 percent.

(c) Any transfer in excess of $100,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 7.20. (a) No funds appropriated by this act may be expended for a commercial insurance policy unless the coverage is either required by law or necessary in order to ensure that a particular state governmental function can be performed. The policy may not be purchased without the review and approval of the Department of General Services, and it may not by purchased any sooner than 30 days after the Chairman of the Joint Legislative Budget Committee has been notified regarding the necessity of the insurance policy, or not sooner than whatever lesser time the chairman may in each instance determine.

(b) Notwithstanding any other provision of this act, the Department of Finance shall reduce the appropriations of all state departments by the amounts allotted for the purchase of elective commercial insurance policies, and revert the unallotted amounts to their original funding sources. The Department of Finance shall have the authority to exempt departments from the provisions of this subdivision in cases where the funds appropriated for the purchase of an elective commercial insurance policy have been approved for expenditure under the provisions of subdivision (a).

SEC. 7.50. Whenever an expenditure is authorized from the reserve for contingencies and emergencies, from price increase funds, from employee benefits or special salary adjustments funds, from total equivalent compensation funds, from the salary increase funds, or from a fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 8.50. (a) In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated, from the Federal Trust Fund for expenditure or for transfer to and disbursement from the State Treasury Fund established for the purpose of receiving such federal assistance subject to any provisions of this act which are applicable to the expenditure of such funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed

by the state are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairperson of the committee in each house which considers appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include a plan of reduced expenditures for the federal block grant programs affected. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) In addition, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees, within 30 days after notification from the federal government, in the event that federal funds for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act. Notification shall include an estimate of (a) the amount of federal funds available or anticipated, (b) state fiscal year 1984–85 expenditures for each program affected by the reduction, and (c) the effect of reduced funding on service levels authorized by this act.

SEC. 8.51. Each state agency shall, by certification to the State Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 9.00. The Supplemental Report of the Committee of Conference on the Budget Bill, which contains agreed language on statements of intent or requests for studies and which was submitted to the Senate and Assembly concurrently with consideration of the Budget Bill for the 1984–85 fiscal year, reflects the intent of the Legislature in enacting the Budget Act of 1984 and should be interpreted as such by the various agencies of state government affected by the statements contained in the report. The Legislative Analyst shall transmit copies of the report to all agencies to which statements of intent and requests for studies are directed in order that each may be fully informed of the intent of the Legislature.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained herein for acquisition of property pursuant to the Property Acquisition Law shall be limited to the amount specified for such costs in the Supplemental Report of the Committee on Conference on the 1984 Budget Act. Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized existing law. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

SEC. 9.50. Unless otherwise stated herein, all reappropriations

for capital outlay from the General Fund shall be payable from the Special Account for Capital Outlay.

SEC. 11.10. Notwithstanding any other provisions of law, an amount not to exceed $100,000,000 shall be transferred from the moneys deposited pursuant to Section 6217 of the Public Resources Code to the State School Building Lease-Purchase Fund for the 1984–85 fiscal year. This appropriation shall be made to the extent of funds available after allocations have been made pursuant to subdivisions (a) to (e), inclusive, of Section 6217.

The transfer made by this section shall be in lieu of any appropriation pursuant to Section 37 of Chapter 169, Statutes of 1981.

SEC. 11.15. If the sum of the unappropriated surplus in the General Fund and the unexpended balance of the Reserve for Economic Uncertainty on June 30, 1985, as reported in the State of California Preliminary Annual Report—Accrual Basis, is in excess of $465,253,000, then, notwithstanding Section 2.00, the amount of the excess over $465,253,000 up to a maximum of $100,000,000 is hereby appropriated from the General Fund for deposit in the State School Building Lease-Purchase Fund. This appropriation shall be operative 30 days after the issuance of the Controller's Preliminary Annual Report.

SEC. 11.20. Notwithstanding Section 6 of Chapter 904, Statutes of 1980, no funds shall be transferred in the 1984–85 fiscal year from the Special Account for Capital Outlay to the General Fund for the purposes of making energy tax refunds provided for in that Chapter.

SEC. 11.50. (a) Notwithstanding any other provisions of law, on the effective date of this act, the unappropriated balances in the Energy and Resources Fund, and the Energy and Resources Accounts in the Energy and Resources Fund shall be transferred to the General Fund.

(b) For the 1984–85 fiscal year, in lieu of the allocations which would otherwise be made pursuant to subdivision (e) of Section 6217 of the Public Resources Code and the subdivisions following, the following allocations shall be made in the following order:

(1) To the Capital Outlay Fund for Public Higher Education the amount of $105,700,000.

(2) Up to 5 percent of the amounts deposited in the State School Building Lease-Purchase Fund may be spent in accordance with Sections 17785 to 17795, inclusive, of the Education Code (Emergency School Classroom Law of 1979, Ch. 282, Stats. 1979).

(3) To the Special Account for Capital Outlay, the amount of $103,938,000.

(4) An amount of up to $24,674,000 shall be deposited in the unappropriated surplus of the General Fund. This transfer shall be in lieu of any transfer pursuant to Section 6 of Chapter 904 of the Statutes of 1980.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of $21.792 billion for 1984–85. Any judicial action or proceeding

to attack, review, set aside, void or annul the "appropriations limit" for the 1984–85 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. (a) The contingency reserve for economic uncertainties established within the General Fund by Section 12.3 of the Budget Act of 1980 is hereby continued in existence. This reserve represents a reserve fund within the meaning of Section 5 of Article XIII B of the California Constitution. Notwithstanding Sections 16310 and 16314 of the Government Code, the Controller, may transfer as necessary from the contingency reserve for economic uncertainties or from the Special Accounts in the General Fund to the General Fund such amounts as are needed to meet cash needs of the General Fund. The Controller shall return all such moneys so transferred without payment of interest as soon as there are sufficient moneys in the General Fund.

(b) The State Controller shall transfer from the contingency reserve for economic uncertainties to the unappropriated balance of the General Fund an amount necessary to eliminate any General Fund deficit as of June 30, 1984 or as of June 30, 1985. The amount of transfer for each fiscal year shall be determined on the basis of the State of California Preliminary Annual Report—Accrual Basis, for such fiscal year. Any subsequent adjustments shall be determined jointly by the State Controller and the Director of Finance.

(c) There is hereby appropriated from the General Fund for transfer to the Controller upon order of the Director of Finance, to the contingency reserve for economic uncertainties, an amount necessary to bring the balance up to 3 percent of the General Fund expenditures included in the 1984 Budget Act, as of July 1, 1984.

(d) For budgeting and accounting purposes, any appropriations heretofore or hereafter made specifically from the contingency reserve for economic uncertainties by this act or any other act, other than appropriations contained in this section, shall be deemed an appropriation from the General Fund.

(e) There is hereby appropriated from the General Fund, without regard to fiscal years, for transfer by the State Controller to the contingency reserve for economic uncertainties as of June 30, 1985, the lesser of the following amounts:

(1) The unencumbered balance in the General Fund.

(2) The difference between the state's 1984–85 "appropriations subject to limitation" and its "appropriation limit" as defined in Section 8 of Article XIII B of the California Constitution and established in this act, as jointly estimated by the Legislative Analyst's Office and the Department of Finance.

SEC. 12.50. (a) The contingency reserve for economic uncertainties established within each special fund by Section 12.35 of the Budget Act of 1981 is hereby continued in existence. These reserves represent reserve funds within the meaning of Section 5 of Article XIII B of the California Constitution.

(b) There is hereby appropriated from each reserve account in

each special fund, an amount sufficient to fund any appropriation made by this act or other statute from the fund in which the reserve account is established.

(c) There is hereby appropriated on June 30, 1985, the unappropriated balance in each special fund to the reserve account in that special fund.

SEC. 13.00. Notwithstanding any other provisions of law, expenditures under Item 0160-001-001 of this act or any appropriation in augmentation of such item shall be exempt from the provisions of Chapter 7 (commencing with Section 11700) of Part 1 of, Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Chapter 3 (commencing with Section 14250) of Part 5 of, and Chapter 6 (commencing with Section 14780) of Part 5.5 of, Division 3 of Title 2 of, the Government Code, Division 2 (commencing with Section 10100) of the Public Contract Code, subdivision (a) of Section 713 of Title 2 of the California Administrative Code and Section 5.50 of this act, and may be expended as set forth in the Governor's Budget, or for such other purposes, including expenditures for such number of positions in various classifications as may be authorized by the Joint Committee on Rules.

Notwithstanding any other provisions of law, the unencumbered balances as of June 30, 1984, of the appropriations made by Items 0160-001-001 and 0180-001-001 of the Budget Act of 1983 are reappropriated and shall be available for encumbrance until June 30, 1985, for the same programs and purposes for which appropriations for these items have been made by this act. The appropriations for those items in the Budget Act of 1983 shall be reduced by the amount of the balances which are reappropriated, and the appropriations for these items in this act shall be so increased.

SEC. 13.50. The first $600,000 in revenues in the Antitrust Account within the Department of Justice shall be transferred to the General Fund.

BUSINESS, TRANSPORTATION AND HOUSING

(a) If, after July 1, 1984, the Director of Finance makes a finding that funds in the Transportation Planning and Development Account, State Transportation Fund, during the 1984–85 fiscal year are less than the total 1984–85 appropriations and allocations from the account, Item 2660-041-047 and Item 2660-496 shall be operative.

(b) If, after funds are transferred to the Transportation Planning and Development Account from the Abandoned Railroad Account, funds in the Transportation Planning and Development Account are less than the total 1984–85 apportionments and allocations from the account, the Director of Finance shall unallot sufficient funds to make total allotments from the account equal to the funds in the account. The unallotments shall be made no sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committees of

the impact of such unallotments on individual projects, programs, and activities authorized in this act or other enacted legislation.

SEC. 16.00 If funds in the Transportation Planning and Development Account, State Transportation Fund, during the 1984–85 fiscal year are less than total 1984–85 appropriations and allocations from the account, the Director of Finance shall unallot sufficient funds to make total allotments from the account equal to the funds in the account. The unallotments shall be made no sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of the impact of such unallotments on individual projects, programs, and activities authorized in this act or other enacted legislation.

SEC. 17.00. (a) There is hereby appropriated to the Secretary of the Business, Transportation and Housing Agency from the Transportation Planning and Development Account in the State Transportation Fund, 60 percent of the revenues transferred into the Transportation Planning and Development Account in the State Transportation Fund pursuant to paragraph (1) of subdivision (a) of, and subdivision (e) of, Section 7102 of the Revenue and Taxation Code during the 1984–85 fiscal year for allocation in the 1984–85 fiscal year pursuant to subdivision (b).

(b) (1) 70 percent of the appropriation made in subdivision (a) shall be allocated pursuant to Section 99313 of the Public Utilities Code.

(2) 30 percent of the appropriation made in subdivision (a) shall be allocated pursuant to Section 99314 of the Public Utilities Code.

RESOURCES

SEC. 18.10. No expenditure from an appropriation made by this act to the Department of Parks and Recreation shall be made to modify, execute, or approve an operating lease, or an operating agreement with any local entity or any nonprofit corporation, unless either of the following has occurred:

(1) The Legislature has reviewed the lease, or agreement as part of the support or capital outlay budget of the Department of Parks and Recreation and expressed approval of the expenditure from an appropriation made by this act through the supplemental language report.

(2) The State Public Works Board has approved the lease, or an agreement not sooner than 20 days after the Director of Finance has provided written notification to the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Assembly Ways and Means Committee, and the Chairperson of the Senate Finance Committee, and upon a determination by the board that the proposal could not have reasonably been presented to the Legislature through the annual budget process.

The Department of Parks and Recreation shall include with the

proposed lease or agreement sufficient documentation to enable the Legislature, or the board, as the case may be, to evaluate fully the estimated operating costs and revenues and all terms upon which the lease or agreement is proposed to be entered into. Specifically, the documentation shall identify (1) any anticipated costs to the state for operation or development under the agreement and the anticipated state share of total operation and development costs and (2) the anticipated annual revenues, net of operation costs, for the unit and the state's share of these revenues.

SEC. 18.20. Funds appropriated for acquisition and development for the East Bay Shoreline Project in Item 3790-301-721(ee) of the Budget Act of 1982, Item 3790-301-742(f) of the Budget Act of 1983, and Item 3790-301-036(7) of this act may be used for the purposes of planning for the entire project and for planning and development of those lands which are under ownership of a public agency.

Prior to approval by the State Public Works Board of preliminary plans for the development, the Department of Parks and Recreation shall provide to the board, and to the Chairpersons of the Senate Finance Committee, the Assembly Ways and Means Committee, and the Joint Legislative Budget Committee:

(1) The agreements between the department and the local agencies involved (i.e., the cities of Albany and Berkeley, respectively) which provide for the necessary state interest or leasehold, or both, in the properties.

(2) The department's plans for agreements with the cities that provide for the operation and maintenance of the park project or projects at no cost to the state by the cities until an integrated shoreline park is developed linking the sites in the two cities.

SEC. 18.30. Notwithstanding any other provisions of law, on the effective date of this act, the unencumbered balance of the Bagley Conservation Fund shall be transferred to the State Park and Recreation Fund.

EDUCATION

SEC. 24.00. For the 1984–85 fiscal year, the oil and mineral revenues from federal lands which are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for K-12 district regular apportionments and 15 percent to Section B of the fund exclusively for community college regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.10. Notwithstanding the provisions of Section 1464 of the Penal Code, added by Chapter 530, Statutes of 1980, and Sections

42050 and 42052(a) of the Vehicle Code, as amended by Chapter 530, Statutes of 1980, and Section 41304 of the Education Code, the Controller shall transfer the unencumbered balance in the Driver Training Penalty Assessment Fund on June 30, 1985, to the General Fund.

SEC. 24.50. Notwithstanding any provision of law to the contrary, no funds appropriated by this act, or by any act enacted prior to the enactment of this act, shall be deemed appropriated or available for expenditure for purposes of claims arising from Section 46140 of the Education Code as it read prior to the enactment of Chapter 1230 of the Statutes of 1977, except for appropriations provided to fund the Settlement Agreement entered into on March 4, 1983, by and between the Fullerton Union High School District and the Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Fullerton Union High School District, et al. v. Wilson Riles, Superintendent of Public Instruction, et al., Orange County Superior Court No. 33-46-93; and the Settlement Agreement entered into on March 4, 1983, by and between Rowland Unified School District and the Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Rowland Unified School District, et al., v. Wilson Riles, Superintendent of Public Instruction, et al., Los Angeles Superior Court No. C 323905.

GENERAL GOVERNMENT

SEC. 26.00. No funds appropriated by this act shall be encumbered for the purpose of funding any increased state costs or local governmental costs, or both such costs, arising from the issuance of an executive order as defined in Section 2209 of the Revenue and Taxation Code or subject to the provisions of Section 2231 of the Revenue and Taxation Code, unless (a) such funds to be encumbered are appropriated for such purpose, or (b) notification in writing of the necessity of the encumbrance of funds available to the state agency, department, board, bureau, office, or commission is given by the Department of Finance, at least 30 days before such encumbrance is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, determines.

SEC. 27.00. (a) No person shall approve the creation of deficiencies pursuant to Section 11006 of the Government Code, or approve the expenditure of funds at rates which will require a deficiency appropriation, unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee not later than 30 days prior to the effective date of the

approval, except for an approval for an emergency expenditure or an approval which is due to caseload increases in Medi-Cal, subsistence grants, school districts and county superintendents of schools, developmental services, state mental hospitals, the University of California, the California State University, tax relief, California Children's Services, unemployment insurance and disability insurance, or youth or adult correctional facilities. Approvals for an emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee not later than 10 days after the effective date of the approval. As used in this subdivision, "emergency expenditure" means a proposed expenditure arising from unexpected conditions or losses for which no appropriation, or insufficient appropriation, has been made by law and which in the judgment of the Director of Finance requires immediate action to avert undesirable consequences or to preserve the public peace, health, or safety. The writing required by this subdivision shall state the reason for and amount of the deficiency.

(b) The director of the department or other entity of state government which is the employer of any person who fails to comply with subdivision (a) shall have his or her compensation from the state or any agency thereof reduced by an amount equal to one day's compensation for each day that the person fails to comply with subdivision (a).

SEC. 28.00. (a) The Director of Finance may authorize the augmentation of the amount available for expenditure for any category or program in the schedule set forth for any appropriation in this act or any additional category or program in the amount of any funds which he or she estimates will be received by an officer, department, division, bureau, or other agency during the 1984–85 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he or she determines has not been taken into consideration in the schedule or is in excess of the amount so taken into consideration.

(b) The Director of Finance may also reduce any category or program whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(c) The following augmentations or reductions may not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine:

(1) Augmentations or reductions which either are (a) in excess of $100,000 or (b) are in excess of 10% of the amount available for expenditure in the affected category or program.

(2) Any other augmentations which the Director of Finance

determines constitute an increase in the level of services above that authorized by this act or other existing law or are for a new program not identified in this act as such.

(3) Any other reductions which the Director of Finance determines constitute a decrease in the level of service below that authorized by this act or other existing law.

(d) Any personnel action which is dependent on funds subject to the provisions of this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section too late for inclusion in the Governor's Budget for the 1985–86 fiscal year shall remain in effect for such period as the director may determine in each instance, but in no event after June 30, 1986.

(e) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the expenditure.

(2) A determination whether the expenditure, if federally funded, is specifically designed to be one-time, a continuing federal obligation, or one that the state is required (or expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces existing state expenditures.

(4) A determination whether the expenditure has previously been considered at some point in the legislative process and has been denied; and, if denied, for what reasons.

(f) All increased expenditures from department indirect cost funds in excess of the amount budgeted in this act or identified in a prior Section 28 notification are subject to the reporting requirements of this section.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 31.00. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code

requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his/her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $2,000 per month. He/she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section during the 1984–85 fiscal year shall terminate on June 30, 1985, except that those positions which have been (a) included in the 1985–86 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1985–86 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1985–86 fiscal year, provided such positions are shown in the 1986–87 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1985–86 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. A copy of this document shall be submitted to the Department of Finance upon request. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any 1984–85 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other salary action(s) unless the Department of Finance certifies to the salary setting authority prior to the adoption of such action(s) that funds are available to pay the increased salary

or wage resulting therefrom. Provided, that prior to certification the Department of Finance shall determine whether such increase in salary range or salary action will require supplemental funding in the 1985–86 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or such lesser time as the chairman of the committee, or his designee, determines.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32.00. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable both personally and on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairman of the Joint Legislative Budget Committee, and the chairman of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 33.20. Notwithstanding any other provisions of law, the sum of $3,000,000 is hereby appropriated from the General Fund for payment to the 48th District Agricultural Association for the purpose of restoring funds transferred pursuant to Section 19.22 of Chapter 326 of the Statutes of 1982. These funds shall be used for site development and program enhancement.

SEC. 34.00. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.00. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 1984–85 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be available for expenditure commencing not later than July 1, 1984. It is therefore necessary that this act go into immediate effect.

INDEX BY BUDGET TITLE

SEC. 99.00. The following provides an index to the appropriations and related provisions of this act, by organization in alphabetical order, with the code number of the affected organization. The organization code is the first four numbers of any item number in this act. For ease of reference, the appropriation items in this act are organized in numerical order, and all of the appropriation items for any one organization are adjacent to one another.

CHAPTER 259

An act to add Section 30241.5 to the Public Resources Code, relating to coastal zone.

[Approved by Governor June 27, 1984 Filed with Secretary of State June 28, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 30241.5 is added to the Public Resources Code, to read:

30241.5. (a) If the viability of existing agricultural uses is an issue pursuant to subdivision (b) of Section 30241 as to any local coastal program or amendment to any certified local coastal program submitted for review and approval under this division, the determination of "viability" shall include, but not be limited to, consideration of an economic feasibility evaluation containing at least both of the following elements:

(1) An analysis of the gross revenue from the agricultural products grown in the area for the five years immediately preceding the date of the filing of a proposed local coastal program or an amendment to any local coastal program.

(2) An analysis of the operational expenses, excluding the cost of land, associated with the production of the agricultural products grown in the area for the five years immediately preceding the date of the filing of a proposed local coastal program or an amendment to any local coastal program.

For purposes of this subdivision, "area" means a geographic area of sufficient size to provide an accurate evaluation of the economic feasibility of agricultural uses for those lands included in the local coastal program or in the proposed amendment to a certified local coastal program.

(b) The economic feasibility evaluation required by subdivision (a) shall be submitted to the commission, by the local government, as part of its submittal of a local coastal program or an amendment

to any local coastal program. If the local government determines that it does not have the staff with the necessary expertise to conduct the economic feasibility evaluation, the evaluation may be conducted under agreement with the local government by a consultant selected jointly by local government and the executive director of the commission.

CHAPTER 260

An act to amend Sections 328, 626, 650, 651 and 652 of, and to add Sections 328.3, 331.5, 652.5, and 655.5 to, the Welfare and Institutions Code, relating to minors.

[Approved by Governor June 27, 1984. Filed with Secretary of State June 28, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 328 of the Welfare and Institutions Code is amended to read:

328. Whenever the probation officer has cause to believe that there was or is within the county, or residing therein, a person within the provisions of Section 300, the probation officer shall immediately make such investigation as he or she deems necessary to determine whether child welfare services should be offered to the family and whether proceedings in the juvenile court should be commenced. If the probation officer determines that it is appropriate to offer these services to the family, the probation officer shall make a referral to these services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9.

However, this section does not require an investigation by the probation officer with respect to a minor delivered or referred to any agency pursuant to Section 307.5.

The probation officer shall interview any minor four years of age or older who is a subject of an investigation, and who is in juvenile hall or other custodial facility, or has been removed to a foster home, to ascertain the minor's view of the home environment. If proceedings are commenced, the probation officer shall include the substance of the interview in any written report submitted at an adjudicatory hearing, or if no report is then received in evidence, the probation officer shall include the substance of the interview in the social study required by Section 358.

SEC. 2. Section 328.3 is added to the Welfare and Institutions Code, to read:

328.3. Whenever any officer refers or delivers a minor pursuant to Section 307.5, the agency to which the minor is referred shall immediately make such investigation as it deems necessary to determine what disposition of the referral or delivery should be

made. If the referral agency does not initiate a service program on behalf of a minor referred to the agency within 20 calendar days, or initiate a service program on behalf of a minor delivered to the agency within 10 calendar days, that agency shall immediately notify the referring officer of that decision in writing. The referral agency shall retain a copy of that written notification for 30 days.

SEC. 3. Section 331.5 is added to the Welfare and Institutions Code, to read:

331.5. When any officer has referred or delivered a minor to an agency pursuant to Section 307.5, and that agency does not initiate a service program for the minor within the time periods required by Section 328.3, the referring agency may, within 10 court days following receipt of the notification from the referral agency, apply to the probation officer for a review of that decision.

SEC. 4. Section 626 of the Welfare and Institutions Code is amended to read:

626. An officer who takes a minor into temporary custody under the provisions of Section 625 may do any of the following:

(a) Release the minor.

(b) Deliver or refer the minor to a public or private agency with which the city or county has an agreement or plan to provide shelter care, counseling, or diversion services to minors so delivered.

(c) Prepare in duplicate a written notice to appear before the probation officer of the county in which the minor was taken into custody at a time and place specified in the notice. The notice shall also contain a concise statement of the reasons the minor was taken into custody. The officer shall deliver one copy of the notice to the minor or to a parent, guardian, or responsible relative of the minor and may require the minor or the minor's parent, guardian, or relative, or both, to sign a written promise to appear at the time and place designated in the notice. Upon the execution of the promise to appear, the officer shall immediately release the minor. The officer shall, as soon as practicable, file one copy of the notice with the probation officer.

(d) Take the minor without unnecessary delay before the probation officer of the county in which the minor was taken into custody, or in which the minor resides, or in which the acts take place or the circumstances exist which are alleged to bring the minor within the provisions of Section 601 or 602, and deliver the custody of the minor to the probation officer. In no case shall the officer delay the delivery of the minor to the probation officer for more than 24 hours if the minor has been taken into custody without a warrant on the belief that the minor has committed a misdemeanor.

In determining which disposition of the minor to make, the officer shall prefer the alternative which least restricts the minor's freedom of movement, provided that alternative is compatible with the best interests of the minor and the community.

SEC. 5. Section 650 of the Welfare and Institutions Code is amended to read:

650. (a) A proceeding in the juvenile court to declare a minor a dependent child of the court or a ward of the court under Section 601 is commenced by the filing with the court, by the probation officer, of a petition, in conformity with the requirements of this article.

(b) A proceeding in the juvenile court to declare a minor a ward of the court under Section 602 is commenced by the filing with the court, by the prosecuting attorney as petitioner, of a petition, in conformity with the requirements of this article.

SEC. 6. Section 651 of the Welfare and Institutions Code is amended to read:

651. Proceedings under this chapter may be commenced either in the juvenile court for the county in which a minor resides, or in which a minor is found, or in which the circumstances exist or acts take place to bring a minor within the provisions of Section 601 or 602.

SEC. 7. Section 652 of the Welfare and Institutions Code is amended to read:

652. Whenever the probation officer has cause to believe that there was or is within the county, or residing therein, a person within the provisions of Section 601 or 602, the probation officer shall immediately make such investigation as he or she deems necessary to determine whether proceedings in the juvenile court should be commenced. However, this section does not require an investigation by the probation officer with respect to a minor delivered or referred to an agency pursuant to subdivision (c) of Section 626.

SEC. 8. Section 652.5 is added to the Welfare and Institutions Code, to read:

652.5. Whenever an officer refers or delivers a minor pursuant to subdivision (c) of Section 626, the agency to which the minor is referred or delivered shall immediately make such investigation as that agency deems necessary to determine what disposition of the minor that agency shall make and intitiate a service program for the minor when appropriate. If the referral agency does not initiate a service program on behalf of a minor referred to the agency within 20 calendar days, or initiate a service program on behalf of a minor delivered to the agency within 10 days, that agency shall immediately notify the referring officer of that decision in writing. The referral agency shall retain a copy of that written notification for 30 days.

SEC. 9. Section 655.5 is added to the Welfare and Institutions Code, to read:

655.5. When an officer has referred or delivered a minor pursuant to subdivision (b) of Section 626, and the referral agency does not initiate a service program for the minor within the time periods required by Section 652.5, the referring agency may within 10 court days following receipt of the notification by the referral agency, apply to the probation officer for a review of that decision.

CHAPTER 261

An act to add and repeal Section 19531.5 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1984. Filed with Secretary of State June 28, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 19531.5 is added to the Business and Professions Code, to read:

19531.5. Notwithstanding Section 19531, the board may, for the 1984 year, allocate in the southern zone any part of the 15 weeks of harness racing authorized for allocation in the central zone.

This section shall remain in effect only until January 1, 1985, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1985, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow reallocation of harness racing dates so that revenues to the state can be maximized, it is necessary that this act take effect immediately.

CHAPTER 262

An act to add Section 12541.1 to the Health and Safety Code, relating to fireworks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1984. Filed with Secretary of State June 29, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 12541.1 is added to the Health and Safety Code, to read:

12541.1. (a) A special district which provides fire protection, prevention, or suppression services may adopt an ordinance or regulation to prohibit or regulate the sale, use, or discharge of fireworks within that special district.

(b) If the county or city in which any area of the special district is located has adopted an ordinance or regulation to prohibit or regulate the sale, use, or discharge of fireworks within that county or city, the ordinance or regulation adopted by the county or city shall

prevail over the ordinance or regulation adopted by the special district within any area of the special district which is within that county or city, and only the ordinance or regulation adopted by the county or city shall be operative in that area of the special district.

(c) If any area of a special district encompasses lands which are a state responsibility area, as defined in Sections 4125 and 4126 of the Public Resources Code, any regulation or prohibition of the state with respect to the sale, use, or discharge of fireworks within the state responsibility area shall prevail over any ordinance or regulation of the special district within that area.

SEC. 2. Section 1 of this act shall not become operative unless SB 2333 is enacted on or before January 1, 1985, and as enacted amends Section 12541 of the Health and Safety Code and in that case, Section 1 of this act shall become operative on the effective date of this act or SB 2333, whichever is later.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may take effect prior to July 4, 1984, it is necessary for this act to take effect immediately.

CHAPTER 263

An act to amend Section 11580.26 of the Insurance Code, relating to uninsured motorists, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1984. Filed with Secretary of State June 29, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.26 of the Insurance Code is amended to read:

11580.26. (a) Except where a named insured has agreed pursuant to Section 11580.2 to delete the coverages provided by that section, no policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except where the policy provides insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, and except a policy insuring a commercial vehicle as defined in Section 260 of the Vehicle Code, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless a named insured has been offered the following coverage:

(1) Where the policy of motor vehicle liability insurance includes collision coverage as defined in subdivision (d) of Section 660, coverage which provides that the deductible amount, if any, to be paid by the named insured under the collision coverage shall be payable by the insurer in the event of collision involving a vehicle owned by the named insured and insured under the policy and an uninsured motor vehicle.

(2) Where the policy of motor vehicle liability insurance does not include collision coverage as defined in subdivision (d) of Section 660, coverage for property damage to the insured motor vehicle, but not including personal property contained therein, caused by the owner or operator of an uninsured motor vehicle. As used in this subdivision, "property damage" means payment for loss or damage to the insured motor vehicle resulting from collision, not to exceed its actual cash value or three thousand five hundred dollars ($3,500), whichever is less, for which loss or damage the insured is legally entitled to recover from the owner or operator of an uninsured motor vehicle. Property damage does not include compensation for loss of use of the motor vehicle. As used in this subdivision, the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist property damage coverage or endorsement applies.

(b) Every payment by an insurer under either coverage provided in paragraphs (1) and (2) of subdivision (a) shall be payable under the terms and conditions set forth in the policy, and shall be made only where the collision involves actual, direct physical contact between the insured and the uninsured motor vehicle and the owner or operator of the uninsured motor vehicle is identified or the uninsured motor vehicle is identified by its license number, provided that the insured or someone on his or her behalf shall have reported the accident within three business days to his or her insurer or their agent and, provided further, that it is also determined by the insured and insurer or, in the event of disagreement, by arbitration conducted by a single neutral arbitrator, when the insured has formally instituted arbitration proceedings within one year from the date of the accident, that the insured is legally entitled to recover the amount of such payments for property damage from the owner or operator of the uninsured motor vehicle. No cause of action shall exist against either an insured or insurer from exercising the right to request arbitration of a claim under this section or Section 11580.2.

(c) Any named insured, prior to or subsequent to the issuance or renewal of a policy, may elect not to accept the type of coverage provided by this section or may elect to waive this coverage when a motor vehicle is used or operated by a person or persons designated by name. That election shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force and shall continue to be so binding, with respect to any continuation or renewal of the policy, or with respect to any other policy which extends, changes, supersedes, or replaces the policy

issued to the named insured by the same insurer or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage, with respect to the use of any motor vehicle, is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis.

(d) An insurer paying a claim under any coverage required by this section shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the damage to the insured motor vehicle to the extent that payment was made. Such action may be brought within three years from the date that payment was made pursuant to this section.

(e) As used in this section, the term "uninsured motor vehicle" means any motor vehicle with respect to the ownership, maintenance, or use of which there is no property damage liability insurance or bond applicable at the time of the accident, or there is applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder, except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no property damage liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof. A motor vehicle which has at least the minimum property damage liability limits required pursuant to Section 16056 of the Vehicle Code shall not be held to be an uninsured motor vehicle even when such property damage liability limits are not sufficient to compensate for all property damage caused by the owner or operator of the vehicle. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned or operated by any insured or any resident of the named insured's household or self-insured within the meaning of the financial responsibility provisions of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any government, or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence for premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads. As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the

insurer making the payment shall, to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

(f) The offer of coverage required by this section shall be made only for policies issued or renewed on or after July 1, 1984.

(g) Any insurer whose insured has made a claim under either coverage provided in paragraphs (1) and (2) of subdivision (a), and that claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the property damage. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation until 30 days after the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(h) This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act may apply to policies of insurance which will be subject to the requirements of Section 11580.26 of the Insurance Code on July 1, 1984, and in order to clarify the requirements of that section before they become applicable to those policies, and in order to provide for the protection of motorists in this state, it is necessary that this act take effect immediately.

CHAPTER 264

An act to amend Section 14087.2 of, and to add and repeal Section 14087.21 of, the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1984. Filed with Secretary of State June 29, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 14087.2 of the Welfare and Institutions Code is amended to read:

14087.2. It is the intent of the Legislature that children's hospitals need not contract under the provisions of this article until October 31, 1984. Services provided by these hospitals prior to November 1, 1984, shall be reimbursed according to the state plan in effect on January 1, 1984. Children's hospitals are defined as those hospitals where 30 percent of the infants and children served by the single

institution qualify for Medi-Cal payment systems and the institution serves primarily children.

If such a hospital elects to contract pursuant to this article in the 1982–83 or 1983–84 fiscal year, the negotiator shall give consideration to the special services provided in such hospitals, such as those services provided to children. The California Medical Assistance Commission shall continue to extend such consideration to such hospitals following the 1983–84 fiscal year. By February 1, 1984, the commission shall report to the Legislature on the feasibility of concluding hospital negotiations with these hospitals.

SEC. 2. Section 14087.21 is added to the Welfare and Institutions Code, to read:

14087.21. Commencing November 1, 1984, reimbursement under the state plan to children's hospitals shall be on a basis that reflects the relative severity of pediatric diagnostic case types. For the purposes of this section, "children's hospital" means those hospitals where 30 percent of the infants and children served by the single institution qualify for Medi-Cal payment systems, and the institution serves primarily children.

The commission shall report to the Legislature by March 30, 1987, on its findings on the reimbursement methodology based on case mix adjustments under the provisions of this section.

This section shall remain in effect until November 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, changes or eliminates that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that children's hospitals, which constitute a unique tertiary referral resource, will continue to provide care to patients receiving Medi-Cal, it is essential that this act take effect immediately.

CHAPTER 265

An act to amend Section 1203.1d of, to add Section 1203.1f to, and to add and repeal Section 1203.1e of the Penal Code, relating to parole.

[Approved by Governor June 28, 1984 Filed with Secretary of State June 29, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1d of the Penal Code is amended to read:

1203.1d. In determining the amount of an order made pursuant

to this code requiring a defendant to make reparation or restitution to a victim of a crime, to pay any money as reimbursement for legal assistance provided by the court, to pay any cost of probation or probation investigation, or to pay any cost of jail or other confinement, the court, after determining the amount of any fine and penalty assessments, shall first determine the amount of restitution to any victim to be ordered, then the amount of any reimbursement for legal costs, then the amount of any reimbursement for probation or incarceration costs, and, lastly, the amount of any reimbursement for parole supervision costs.

SEC. 2. 1203.1e is added to the Penal Code, to read:

1203.1e. (a) In any case in which a defendant is ordered to serve a period of confinement in a county jail or other local detention facility, and the defendant is eligible to be released on parole by the county board of parole commissioners, the court shall, after a hearing, make a determination of the ability of the person to pay all or a portion of the reasonable cost of providing parole supervision. The reasonable cost of those services shall not exceed the amount determined to be the actual average cost of providing parole supervision.

(b) If the court determines that the person has the ability to pay all or part of the costs, the court may set the amount to be reimbursed and order the person to pay that sum to the county in the manner in which the court believes reasonable and compatible with the person's financial ability. In making a determination of whether a person has the ability to pay, the court shall take into account the amount of any fine imposed upon the person and any amount the person has been ordered to pay in restitution.

If practicable, the court shall order payments to be made on a monthly basis as directed by the court. Execution may be issued on the order in the same manner as a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

(c) For the purposes of this section, "ability to pay" means the overall capability of the person to reimburse the costs, or a portion of the costs, of providing parole supervision and shall include, but shall not be limited to, consideration of all of the following factors:

(1) Present financial position.

(2) Reasonably discernible future financial position. In no event shall the board consider a period of more than six months from the date of the hearing for purposes of determining reasonably discernible future financial position.

(3) Likelihood that the person shall be able to obtain employment within the six-month period from the date of the hearing.

(4) Any other factor or factors which may bear upon the person's financial capability to reimburse the county for the costs.

(d) At any time during the pendency of the order made under this section, a person against whom an order has been made may petition the court to modify or vacate its previous order on the grounds of a change of circumstances with regard to the person's

ability to pay. The court shall advise the person of this right at the time of making the order.

(e) All sums paid by any person pursuant to this section shall be deposited in the general fund of the county.

(f) The parole of any person shall not be denied or revoked in whole or in part based upon the inability or failure to pay under this section.

(g) The county board of parole commissioners shall not have access to offender financial data prior to the rendering of any parole decision.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 3. Section 1203.1f is added to the Penal Code, to read:

1203.1f. If practicable, the court shall consolidate the ability to pay determination hearings authorized pursuant to Sections 987.8, 1203.1b, 1203.1c, and 1203.1e into one proceeding, and the determination of ability to pay made at the consolidated hearing may be used for all purposes relating to these listed sections.

CHAPTER 266

An act relating to the 1984 Olympic games, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1984. Filed with Secretary of State June 29, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The sum of one million two hundred thousand dollars ($1,200,000) is hereby appropriated from the Olympic Reflectorized License Plate Account in the State Transportation Fund to the Department of the California Highway Patrol for the purpose of providing security, traffic control, and law enforcement in relation to the 1984 Olympic games.

The amounts disbursed under this appropriation shall be from the next moneys which are deposited in the Olympic Reflectorized License Plate Account pursuant to subdivision (d) of Section 21191 of the Public Resources Code after the funds are available to comply with Sections 10, 11, 12, 13, 14, and 15 of Chapter 1289 of the Statutes of 1983.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the onstitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the planning and implementation of security,

traffic control, and law enforcement by the Department of the California Highway Patrol in relation to the 1984 Olympic games at Los Angeles, it is necessary that this act take effect immediately.

CHAPTER 267

An act making an appropriation in augmentation of Items 9840-001-001, 9840-001-494, and 9840-001-988 of the Budget Act of 1983, relating to deficiencies, to take effect immediately, usual current expenses.

[Approved by Governor June 29, 1984. Filed with Secretary of State June 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The sum of one hundred fifty-eight million three hundred fifty-one thousand dollars ($158,351,000) is hereby appropriated for expenditure in the 1983–84 fiscal year in augmentation of, and for the purposes of contingencies or emergencies as provided in, Items 9840-001-001, 9840-001-494, and 9840-001-988 of the Budget Act of 1983 as follows:

(a) From the General Fund to the Reserve for contingencies or emergencies in Item 9840-001-001	$134,060,000
(b) From special funds to the reserve for contingencies or emergencies in Item 9840-001-494	$ 20,652,000
(c) From nongovernmental cost funds to the reserve for contingencies or emergencies in Item 9840-001-988	$ 3,639,000

SEC. 2. The Director of Finance may withhold authorization for expenditure of funds provided in Section 1 of this act until such time and to the extent that preliminary estimates of potential deficiencies are verified.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 268

An act to amend Sections 151, 7124.6, and 18632 of, and to add Sections 165 and 2197 to, the Business and Professions Code. to amend Sections 1410 and 1415 of the Code of Civil Procedure, to amend Sections 14125 and 25600 of the Corporations Code, to amend Sections 17857, 33101, 39619.5, 41304, 41306, 41900, 41909, 42238,

42238.7, 42238.8, 45023.4, 46200, 46201, 49406, 51852, 69532, and 78305 of, to amend, repeal, and add Section 56728.6 of, to add Sections 42122.5, 46140.1, 46205, and 69513.5 to, to add Chapter 3 (commencing with Section 14500) to Part 9 of, to repeal and add Sections 41850 and 41852 of, and to repeal Sections 41020.5, 52484, 89910, and 94122 of, the Education Code, to amend Sections 214, 235, 3106, and 8002 of the Financial Code, to amend Section 102 of, to add Section 12795.5 to, and to repeal Article 6 (commencing with Section 500) of Chapter 3 of Part 1 of Division 1 of, the Food and Agricultural Code, to amend Sections 9108, 11791, 12016, 12439, 13340, 13943.2, 16113, 17300, 17301, 17302, 19996.32, 19996.33, 19996.34, 19996.37, 19996.39, and 22826 of, to add Sections 7507.5, 12431, 13305, 17313, and 20817 to, and to repeal Sections 12151, 12401, 12501, 12802, 13003, 14004, 14604, 17312, and 68842 of, the Government Code, to amend Sections 289.7, 25174, 25174.1, 25174.6, 25174.9, 25345, 25347, 25381, 25382, 44060, and 44061 of, to add Sections 272, 13146.2, and 15075 to, to repeal and add Sections 25174.7 and 25174.8 of, and to repeal Sections 25174.2 and 25371 of, the Health and Safety Code, to repeal Section 12907 of the Insurance Code, to amend Section 1046 of, and to repeal Sections 77 and 165 of, the Military and Veterans Code, to amend Section 1851.5 of the Probate Code, to amend Section 6217 of, and to repeal Sections 502, 602, 702, 25208, and 26407 of, the Public Resources Code, to amend Sections 17052.8, 19286.7, and 23601.5 of the Revenue and Taxation Code, to amend Section 183 of the Streets and Highways Code, to amend Section 5302 of, to add Section 307 to, and to repeal Section 312 of, the Unemployment Insurance Code, to amend Sections 1504, 2107, 2110, and 2112 of, and to add Section 3050.5 to, the Vehicle Code, to amend Section 13260 of, and to repeal Sections 121 and 180 of, the Water Code, to amend Sections 4456.5, 4782, 10815, 10818, 10819, 10820, 10822, 10823, 11025, 11056, 11311, 13002, 13004, 13005, 14154, 15200 (as amended by Section 127.5 and by Section 127.6 of Chapter 323 of the Statutes of 1983), and 16715 of, to amend the heading of Chapter 4.1 (commencing with Section 10815) of Part 2 of Division 9 of, to add Sections 4024, 4432, 9306.6, 9354, 10614, 11462.2, 14100.5, 14105.9, 14110.4, 14157.6, and 14158.5 to, to add Article 3.8 (commencing with Section 11347) to Chapter 2 of Part 3 of Division 9 of, to add and repeal Sections 9312 and 9313 of, and to repeal Sections 4783 and 11027 of, the Welfare and Institutions Code, to amend Section 7 of Chapter 1274 of the Statutes of 1982, to amend Section 5 of Chapter 171 of the Statutes of 1983, to amend Section 3 of Chapter 1321 of the Statutes of 1983, to repeal Section 6 of Chapter 904 of the Statutes of 1980, and to repeal Section 63 of Chapter 10 of the 1983–84 First Extraordinary Session, relating to fiscal affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1984. Filed with Secretary of State June 30, 1984.]

Senate Bill No. 1379 is the Budget Implementation Act. It is an integral part of the

Budget process. I have made a number of reductions in appropriations and sections contained in the Budget Act. In order to fully implement my actions, I must also make conforming changes in this bill.

On that basis, I object to the following sections contained in Senate Bill No. 1379.

Section 0.3

I am eliminating this section which would require an appropriation for the Board of Medical Quality Assurance to contract for an educational and technical assistance program for physicians.

I have reduced Budget Act Item 1390-046-758 by $1,000,000 for support of the Board of Medical Quality Assurance. The action was taken on the basis that it is the Board's responsibility to regulate and license, not to provide education and technical assistance.

The elimination of this section conforms to my action on the Budget.

Section 18.5

I am eliminating the provisions related to space in a state parking garage.

I have reduced Budget Act Item 1760-301-036 by $5,878,000 to eliminate funds for acquisition, preliminary plans, working drawings, and construction for a Sacramento parking garage.

The elimination of this section conforms to my actions on the Budget.

Section 23.6

I am eliminating the extension of the sunset date for continuous appropriations.

The Budget Act for 1984-85 contains the same provision. Because the Budget Act is for one year, it is a more appropriate placement for this provision.

Section 30

I am modifying this section in the following manner:

(e) I am reducing the transfer to the Capital Outlay Fund for Public Higher Education for 1984–85 from $105,700,000 to $104,968,000

(g) I am eliminating this provision

(h) I am deleting - ", the amount of one hundred three million nine hundred thirty-eight thousand dollars ($103,938,000)."

(i) I am reducing the amount to be deposited in the appropriated surplus of the General Fund from a maximum of twenty-four million six hundred seventy-four thousand dollars ($24,674,000) to one dollar ($1).

The effect of these adjustments will be to retain within tidelands revenues sufficient funds to provide $50 million for K-12 school construction should the Legislature act to provide the authority.

These actions are conforming to my actions on the Budget in Section 11.50

Sections 37.1 and 37.2

I am eliminating the Intrastate Funding Formula for allocation of additional nutrition funds.

I have reduced Budget Act Item 4170-101-001 by $5,674,000 because my proposed budget included sufficient General Fund augmentations to provide a 4 percent increase in total funds available for senior nutrition services. Also, I believe the equity funding issue among the 33 Planning and Service Areas (PSA) should be resolved by allocating any additional Federal funds received to those PSAs that are underfunded.

The elimination of this section conforms to my actions on the Budget.

Section 45.5

I am eliminating the adjustment relating to beginning date of aid for AFDC recipients.

I have reduced Budget Act Item 5180-101-001 by $9,776,000 and Budget Act Item 5180-101-866 by $10,385,000 to maintain current policies regarding effective date of aid.

Current law provides that the beginning date of aid for an AFDC recipient is the day of eligibility or the first of the following month, but not later than 30 days from the date of application The intent of the AFDC Program is to provide for cash assistance to meet current needs. As a matter of fact no payment is made to an AFDC recipient until eligibility is determined, aid payments would not begin any sooner under the legislative proposal.

The elimination of this section conforms to my actions on the Budget.

Section 47.5

I am eliminating the Welfare Employment Services and Training Project

I have reduced Budget Act Item 5180-141-001 by $3,000,000 to eliminate funding for the Welfare Employment Services and Training Project. The project would conflict with current policy which provides that AFDC recipients be required to participate in Work Incentive (WIN) programs that would enable them to become employed as quickly as possible.

The elimination of this section conforms to my actions on the Budget.

Section 54.3

I am eliminating the legislative augmentation to allow all FDA approved nonsteroidal anti-inflammatory drugs to be included in the Medi-Cal Drug Formulary.

I have reduced Budget Act Items 4260-101-001 and 4260-101-890 by $1,558,000 each. These items were intended to fund the requirement that all FDA approved nonsteroidal anti-inflammatory drugs be included in the Medi-Cal Drug Formulary. I do not feel it is desirable to make all of these drugs available through the formulary based solely on FDA approval until they have been proven safe in widespread use.

The elimination of this section conforms to my actions on the Budget.

Section 54.35

I am eliminating the legislative augmentation to reimburse nursing homes for providing laundry and haircut services to Medi-Cal beneficiaries

I have reduced $3,885,000 in Budget Act Item 4260-101-001 and $3,885,000 in Budget Act Item 4260-101-890 because I support an alternative proposal now being considered by the Legislature to increase the personal and incidental needs allowance of Medi-Cal beneficiaries in long-term care facilities. The increased allowance now being considered may be used for laundry, haircut or other needs. I believe this alternative proposal would more equitably benefit all Medi-Cal beneficiaries by permitting them to decide how to best meet their personal needs.

The elimination of this section conforms to my actions on the Budget.

Section 67 9

I am eliminating this section which would require the Department of Forestry to add 69.6 personnel years to its Schedule A fire protection program and would limit its administrative authority under the Schedule B fire protection program.

I have eliminated Provision 8 in Budget Act Item 3540-001-001 which contains similar provisions.

The Department of Forestry has adopted a plan which will enable it to fulfill its Schedule A requirements for the 1984–85 fiscal year. The constraints placed on the Executive Branch in Schedule B regarding the use of personnel is an unconstitutional infringement on the Executive Branch's authority to manage State programs.

The elimination of this section conforms to my actions on the Budget.

Section 67.92

I am eliminating contracting with county veterans organizations for job services by the Employment Development Department.

I have reduced Budget Act Item 5100-001-870 by $167,000 which was intented to fund contracts with local veterans groups. A review will be conducted during the early part of the 1984–85 fiscal year to determine the appropriate uses of these federal funds.

The elimination of this section conforms to my actions on the Budget.

Section 67.93

I am eliminating this section which appropriates $587,000 for support of the Contractors' State License Board.

This item was considered and rejected by the Budget Conference Committee during its deliberations. I believe the Board can meet its responsibility by achieving the level of productivity that existed at the beginning of the 1983–84 Fiscal Year.

With the above reductions and deletions, I approve Senate Bill No. 1379.

George Deukmejian, Governor

The people of the State of California do enact as follows:

SECTION 0.1. Section 151 of the Business and Professions Code is amended to read:

151. The director is appointed by the Governor and holds office at the Governor's pleasure. The director shall receive the annual

salary provided for by Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code, and his or her necessary traveling expenses.

SEC. 0.2. Section 165 is added to the Business and Professions Code, to read:

165. Notwithstanding any other provision of law, no board, bureau, committee, commission, or program in the Department of Consumer Affairs shall submit to the Legislature any fiscal impact analysis relating to legislation pending before the Legislature until the analysis has been submitted to the Director of Consumer Affairs, or his or her designee, for review and comment. The boards, bureaus, committees, commissions, and programs shall include the comments of the director when submitting any fiscal impact analysis to the Legislature. This section shall not be construed to prohibit boards, bureaus, committees, commissions, and programs from responding to direct requests for fiscal data from Members of the Legislature or their staffs. In those instances it shall be the responsibility of boards, bureaus, committees, commissions, and programs to also transmit that information to the director, or his or her designee, within five working days.

SEC. 0.3. Section 2197 is added to the Business and Professions Code, to read:

The board shall contract by September 1, 1984, for the design and implementation of an educational and technical assistance program for physicians on Medi-Cal regulations, health maintenance organizations, and preferred provider organizations.

SEC. 0.4. Section 7124.6 of the Business and Professions Code is amended to read:

7124.6. (a) Notwithstanding Section 7124.5 or any other provision of law, the board shall not be precluded from disclosing to the public general information regarding complaints filed against a licensee. Information regarding the number of any complaints filed against a licensee which are under investigation or which have been resolved shall not be disclosed. Information regarding the nature of any complaints filed against a licensee may be included in any disclosure statement. Any disclosure statement regarding a complaint against a licensee which is under investigation shall inform the requester that, pending complete investigation, no conclusions or judgments as to the validity of any complaint may be assumed.

(b) In the event the board discloses information regarding complaints filed against a licensee, pursuant to subdivision (a), the board shall, in addition, disclose the number, and may disclose the nature, of any citations issued to a licensee pursuant to the provisions of Article 7.

(c) The board may also disclose information relating to any disciplinary action filed pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) For the purposes of this section, "general information regarding complaints" is limited to a statement as to whether or not

there are, at the time a request for disclosure of information is made, any complaints filed against a licensee which are under investigation, and as to whether, within the year prior to the time a request for disclosure of information is made, any substantiated complaints filed against a licensee have been resolved, mediated, or settled.

(e) Nothing in this section shall be construed to limit any right provided under Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(f) Not later than January 1, 1985, the Legislative Analyst, in cooperation with the Contractors' State License Board and the Department of Consumer Affairs, shall report to the Legislature on the effectiveness of this section.

(g) This section shall remain in effect only until July 1, 1985, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1985, deletes or extends that date.

SEC. 0.5. Section 18632 of the Business and Professions Code is amended to read:

18632. (a) All moneys received by the commission under the provisions of this chapter shall be accounted for and reported by detailed statements furnished by the commission to the Controller at least once a month, and at the same time such moneys shall be remitted to the Treasurer and shall be deposited in the General Fund.

(b) The Athletic Commission Fund in the State Treasury is abolished and, on the effective date of amendments made to this section at the 1984 portion of the 1983–84 Regular Session of the Legislature, the Controller shall transfer the balance in that fund to the General Fund.

SEC. 1. Section 1410 of the Code of Civil Procedure is amended to read:

1410. The Attorney General shall, from time to time, commence actions on behalf of the state for the purpose of having it adjudged that title to unclaimed property to which the state has become entitled by escheat has vested in the state, and for the purpose of having it adjudged that property has been actually abandoned or that the owner thereof has died and there is no person entitled thereto and the same has escheated and vested in the state. Such actions shall be brought in the Superior Court for the County of Sacramento; except that if any real property covered by the petition is not situated in the County of Sacramento, an action respecting the real property shall be commenced in the superior court for the county in which such real property or any part thereof is situated. The Attorney General shall cause to be recorded in the office of the county recorder of the county in which the real property is situated, a notice of the pendency of the petition containing the names of the parties, and the object of the action and a description of the property in the county affected thereby. From the time of filing such notice for record only, shall a purchaser or encumbrancer of the property affected thereby be deemed to have constructive notice of the

pendency of the action, and only of the pendency against parties designated by their real names.

Such action shall be commenced by filing a petition. The provisions of Section 1420, relating to the facts to be set forth in the petition, joinder of parties and causes of action, and the provisions of Section 1423, relating to appearances and pleadings, shall be applicable to any proceeding had under this section.

Upon the filing of the petition, the court shall make an order requiring all persons interested in the property or estate to appear on a day not more than 90 days nor less than 60 days from the date of the order and show cause, if any they have, why title to the property should not vest in the State of California.

Service of process in such actions shall be made by delivery of a copy of the order, together with a copy of the petition, to each person who claims title to any property covered by the petition and who is known to the Attorney General or the Controller or who has theretofore filed in the office of the Controller a written request for such service of process, stating his name and address, including street number, or post-office box number, if any, and by publishing the order at least once a week for two consecutive weeks in a newspaper published in the county in which the action is filed, the last publication to be at least 10 days prior to the date set for the hearing.

Upon completion of the service of process, as provided in this section, the court shall have full and complete jurisdiction over the estate, the property, and the person of everyone having or claiming any interest in the property, and shall have full and complete jursidiction to hear and determine the issues therein, and to render an appropriate judgment.

In addition to the foregoing publication of the order, a notice shall be given by publication, at least once a week for two successive weeks in a newspaper published in the county from which the property was forwarded to the State Treasury or is situated, of each estate and item of property from such county or situated in such county in excess of one thousand dollars ($1,000). Such notice shall state that a petition has been filed and an order made as hereinbefore provided and shall list each estate and item in excess of one thousand dollars ($1,000) and show the amount of the property, if money, or a description thereof, if other than money, and the name of the owner or claimant and his last known address. Any omission or defect in the giving of such additional notice shall not affect the jurisdiction of the court.

If it appears from the facts found or admitted that the state is entitled to the property or any part thereof mentioned in the petition, judgment shall be rendered that title to such property or part thereof, as the case may be, has vested in the state by escheat.

No costs of suit shall be allowed against any party in any action or proceeding had under this section.

SEC. 2. Section 1415 of the Code of Civil Procedure is amended to read:

1415. Whenever any money or other personal property of a value of one thousand dollars ($1,000) or less has heretofore been, or is hereafter, deposited in the State Treasury and the same is subject to being declared escheated to the state or being declared vested in the state as abandoned property, or otherwise, under any laws of this state, in lieu of the procedure provided for elsewhere in this chapter, the Controller may, from time to time, prepare a return listing such property and give notice thereof in the manner hereinafter provided. Such return shall list each item and show (1) the amount of the property, if money, or a description thereof if other than money; (2) the name of the owner or claimant and his last known address, if known; (3) the name and address of the person delivering the property to the State Treasury, if known but where the property is received from an estate, only the name of the decedent together with the name of the county and the number of the proceeding need be given; (4) the facts and circumstances by virtue of which it is claimed the property has escheated or vested in the state; and (5) such other information as the Controller may desire to include to assist in identifying each item.

When such return has been completed, the Controller shall prepare, date, and attach thereto a notice that the property listed in the return has escheated or vested in the state. Copies of such return and notice shall then be displayed and be open to public inspection during business hours in at least three offices of the Controller, one in the City of Sacramento, one in the City and County of San Francisco, and one in the City of Los Angeles.

The Controller shall then cause notice to be given by publication in one newspaper of general circulation published in the City of Sacramento, and also by publication in one newspaper of general circulation published in the City and County of San Francisco, and also by publication in one newspaper of general circulation published in the City of Los Angeles, at least once each calendar week for two consecutive weeks, that said return and notice that the property listed in the return has escheated or vested in the state has been prepared and is on display and open to public inspection during business hours, giving the addresses and room numbers of the locations where the same may be inspected.

Such publication shall be made within 90 days after attaching the notice to the return. Notice by such publication shall be deemed completed 120 days after attaching the notice to the return.

Within five years after such notice by publication is completed, any person entitled to such property may claim it in the manner provided in Chapter 3 of this title. All persons who fail to make such claim within the time limited are forever barred; saving, however, to infants and persons of unsound mind, the right to appear and claim such property at any time within the time limited, or within one year after their respective disabilities cease.

SEC. 2.2. Section 14125 of the Corporations Code is amended to read:

14125. (a) Within 30 days after the effective date of this article each of the small business development corporations operating as of June 30, 1979, with urban business lending experience and the small business development corporation operating as of June 30, 1979, with agricultural lending experience shall designate itself as an urban development corporation or a rural development corporation. In the event that such a regional corporation declines to be an urban development corporation or rural development corporation, the board may authorize the establishment of a new regional corporation which will become an urban development corporation or rural development corporation within six months of such designation. To qualify for consideration as a regional corporation, an organization must have had a minimum of two years' experience in small business finance, management, and technical assistance. Regional corporations operating as of June 30, 1979, which decline to become urban development corporations or rural development corporations shall become ineligible to receive further state funds pursuant to this chapter six months after the decision.

(b) The regional corporations designated as urban development corporations or rural development corporations shall within a reasonable period of time take action to amend their articles of incorporation and bylaws to conform to the provisions of this article.

(c) No later than March 1, 1980, or 30 days after designation as an urban development corporation or rural development corporation whichever is sooner the urban development corporations and rural development corporations shall submit to the board a plan for an urban or rural development program which is independent of state funding pursuant to this chapter within five years. The board shall notify the urban development corporation or rural development corporation of its acceptance or rejection for cause of the plan within 60 days of submission. Upon acceptance by the board, the plan shall be the basis for all the urban development corporations' or rural development corporations' funding pursuant to this chapter. Until the plan is accepted by the board the urban development corporation or rural development corporation designee shall continue to operate as a regional corporation as defined in Articles 1 through 13 of Chapter 1.

(d) The state, through the Office of Small Business Development, shall continue to have jurisdiction and to exercise supervision over urban development corporations and rural development corporations which have achieved independence from state administrative funding. The state shall have the right to review and approve the activities and expenditure of funds of those urban development corporations and rural development corporations to ensure conformity with the provisions and intent of the Small Business Corporation Law and the regulations thereof. The use of state funds paid out to the corporation loan guarantee fund and the return on those funds from investment pursuant to Section 14044 is conditional pursuant to Sections 14025 and 14044.1. Each corporation

shall enter into a written signed agreement with the state at the beginning of each fiscal year. The agreement shall govern the activities in which the corporations engage, the investment of state funds and its return, and the budgeted administrative expenses the corporations may incur. In the event the state and corporation do not reach an agreement, or the state finds the corporation has violated the terms of an active agreement, the state may take action under Sections 14025 and 14044.1 or other action as appropriate.

SEC. 2.5. Section 25600 of the Corporations Code is amended to read:

25600. There is in the state government, in the Business and Transportation Agency a Department of Corporations, which shall administer the provisions of this division. The chief officer of the Department of Corporations is the Commissioner of Corporations. The commissioner shall be appointed by the Governor and shall hold office at the pleasure of the Governor. He or she shall receive an annual salary as fixed in the Government Code. Within 15 days from the time of his or her appointment the commissioner shall take and subscribe to the constitutional oath of office and file it in the office of the Secretary of State.

Whenever the term "Division of Corporations" is used in the law, it means the Department of Corporations.

SEC. 3.5. Chapter 3 (commencing with Section 14500) is added to Part 9 of the Education Code, to read:

CHAPTER 3. FINANCIAL AND COMPLIANCE AUDITS

14500. It is the intent of the Legislature in enacting this chapter to promote accountability over public educational funding by establishing a new program to review and report on financial and compliance audits of school districts and the offices of county superintendents of schools. It is further the intent of the Legislature that the Controller shall have the primary responsibility for implementing and overseeing the program.

14501. (a) As used in this chapter, "financial and compliance audit" shall be consistent with the definition provided in the "Standards for Audits of Governmental Organizations, Programs, Activities, and Functions" promulgated by the Comptroller General of the United States. Financial and compliance audits conducted under this chapter shall fulfill federal single audit requirements.

(b) As used in this chapter, "compliance audit" means an audit which ascertains and verifies whether or not funds provided through apportionment, contract, or grant, either federal or state, have been expended as required by law or regulation.

14502. The Controller, in consultation with the Department of Finance and the State Department of Education, shall develop a plan to review and report on financial and compliance audits. The plan shall commence with the 1984–85 fiscal year for audits of school districts and the offices of county superintendents of schools. The

Controller, in consultation with the Department of Finance and the State Department of Education, shall prescribe the statements and other information to be included in the audit reports filed with the state and shall develop an audit guide to carry out the purposes of this chapter. Prior to the issuance of the audit guide, the Controller shall submit a copy of the audit guide to the Department of Finance for review to ensure all compliance requirements are properly included.

14503. Financial and compliance audits shall be performed in accordance with General Accounting Office standards for financial and compliance audits. The audit guide prepared by the Controller shall be used in the performance of these audits.

14504. In order to determine the practicability and effectiveness of the audits and audit guide, the Controller shall, on an annual basis, review and monitor the audit reports performed by independent auditors. The Controller shall determine whether audit reports are in conformance with reporting provisions of the audit guide and shall provide notification to each school district, office of the county superintendent of schools, the Superintendent of Public Instruction, and the auditor regarding each determination. The school district or the county superintendent of schools contracting for the financial and compliance audit shall include a statement which will provide the Controller access to audit working papers.

14505. The governing board of each school district and each office of the county superintendent of schools shall include in their contracts for audits a provision to withhold 5 percent of the audit fee until the Controller certifies that the audit report conforms to the reporting provisions of the audit guide.

14506. The Controller shall conduct any additional audits which are necessary to carry out his or her duties and responsibilities under this code and the Government Code. Nothing in this chapter shall be construed to authorize any local educational agency, or any subcontractor or subrecipient, to constrain, in any manner, the Controller from carrying out any additional audits. However, to the extent that the required financial and compliance audits provide the Controller with the information necessary to carry out his or her responsibilities, the Controller shall plan additional audits as appropriate to avoid any unnecessary duplication of audit efforts. In performing these additional audits, the Controller shall, to the extent deemed appropriate under the circumstances, build upon the work performed during the required financial and compliance audit. The Controller shall not bill the school district or the county superintendent of schools for the costs of these additional audits.

14507. The Controller shall report to the State Department of Education by June 30 of each year in order to apprise the department of school districts and offices of county superintendents of schools which are not in compliance with the applicable statutes and regulations. The Controller's report shall categorize audit exception by types and shall identify the reasons for the exceptions. The reasons

may be the legislative intent or language is unclear or the administrative requirement is not feasible. The Controller shall make recommendations as to what action should be taken by the department. Before issuing the report, the Controller shall allow the school district or the county superintendent of schools specified in the report a reasonable period of time to review and comment on the section of the report affecting them.

14508. The Controller shall submit a report to the Legislature on or before June 30 of each year regarding any recommendations made to the State Department of Education under Section 14507.

SEC. 4. Section 17857 of the Education Code is amended to read:

17857. Commencing with the 1984–85 fiscal year, and each fiscal year thereafter, from the Budget Act appropriation made available for that purpose, the Controller shall transfer to Section A of the State School Fund for apportionment by the Superintendent of Public Instruction the amount certified by the State Allocation Board pursuant to subdivision (b) of Section 17854 for allocation pursuant to this chapter.

SEC. 4.2. Section 33101 of the Education Code is amended to read:

33101. The annual salary of the Superintendent of Public Instruction is provided for by Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4.3. Section 39619.5 of the Education Code is amended to read:

39619.5. Notwithstanding the limitations of Section 39619, the State Allocation Board may each year reserve an amount not to exceed 10 percent of the funds transferred from any source to the State School Deferred Maintenance Fund for apportionments to school districts, in addition to the apportionments made pursuant to Section 39619, in instances of extreme hardship. An extreme hardship shall exist in a school district when the State Allocation Board determines the existence of all of the following:

(1) That the district has deposited in its deferred maintenance fund an amount equal to at least 0.5 percent of the total general funds budgeted by the district for the fiscal year, exclusive of any amounts budgeted for capital outlay or debt service.

(2) That the district has a critical project on its five-year plan which if not completed in one year could result in serious damage to the remainder of the facility or would result in a serious hazard to the health and safety of the pupils attending the facility.

(3) That the total funds deposited by the district and the state pursuant to Section 39619 are insufficient to complete the project.

As a result of the determination made in the preceding paragraph, the State Allocation Board may increase the apportionment to a school district by such amount as it determines necessary to complete the critical project, provided the district agrees that state apportionments pursuant to Section 39619 in future years will be reduced to offset the increased apportionment.

SEC. 4.35. Section 41020.5 of the Education Code is repealed.

SEC. 4.4. Section 41304 of the Education Code is amended to read:

41304. (a) There is appropriated annually from the Driver Training Penalty Assessment Fund to the General Fund in the State Treasury and from the General Fund to the department a sum as necessary to establish and maintain a unit for driver instruction within the State Department of Education as set forth in Section 41904.

(b) In addition, subject to the provisions of Section 41305, there shall be provided from the General Fund to the State School Fund in each fiscal year such sum as the Superintendent of Public Instruction shall certify as necessary to reimburse school districts, county superintendents of schools, the California Youth Authority and the State Department of Education for the actual cost of instructing pupils in the operation of motor vehicles.

The amount shall not exceed eighty dollars ($80) per pupil instructed in the laboratory phase of driver education in accordance with the rules and regulations of the State Board of Education.

(c) Subject to the provisions of Section 41305, there shall also be provided the sum the Superintendent of Public Instruction shall certify as necessary to reimburse school districts, county superintendents of schools, the California Youth Authority and the State Department of Education for the actual cost of replacing vehicles and simulators used exclusively in the laboratory phase of driver education programs, but the amount shall not exceed three-fourths of that part of the actual cost of instructing pupils in the laboratory phase of driver education during the preceding fiscal year which was: (1) in excess of eighty dollars ($80) per pupil instructed, and (2) expended by the district, the county superintendent of schools, the California Youth Authority and the State Department of Education in replacing the vehicles and simulators. Reimbursement for vehicles shall be computed for only that portion of the total mileage used exclusively in the laboratory phase of driver education programs.

(d) For purposes of computing reimbursement, whenever a school district, a county superintendent of schools, the California Youth Authority, or the State Department of Education replaces a driver training vehicle or simulator purchased by the district with a vehicle or simulator that is a gift or loan, the purchase price of the new or acquired equipment shall be deemed to be the market value of the vehicle or simulator acquired through a gift or loan.

A simulator is any device approved by the State Department of Education to be used in classrooms for purposes of laboratory instruction under simulated driving conditions.

SEC. 4.5. Section 41306 of the Education Code is amended to read:

41306. The Superintendent of Public Instruction shall also allow as otherwise provided in Section 41304 for the driver training

instruction necessary to be safely tested for a driver's license at the Department of Motor Vehicles, those physically handicapped pupils, mentally retarded pupils who come within the provisions of Section 56501, and educationally handicapped pupils who are in attendance in a public secondary school in California which offers such qualified instruction, and who may qualify for a driver's license, or other license, issued by the California Department of Motor Vehicles, a total allowance not to exceed two hundred forty-seven dollars ($247) including the reimbursement provisions set forth in Section 41900 to each school district and county superintendent of schools. All driver training for pupils herein described must be provided by qualified teachers, as defined by Sections 41906 and 41907. The provisions of this section may not be applied if reimbursement allowable under Sections 41900 to 41912, inclusive, is sufficient to meet the total cost of instruction as herein described.

It is the intent of the Legislature that driver training instruction be provided pupils as a part of the high school curriculum, and the Legislature finds and declares that exceptional children are entitled to the benefit of such instruction so far as their individual capabilities permit, understanding that those pupils herein described often require individualized and amplified driver training instruction in order to succeed in becoming safe operators of motor vehicles. Since without a means of self-transportation much of the overall program of education and rehabilitation provided for by the Legislature would be of little avail to the person without the mobility required to become a productive and well-adjusted member of society, the Legislature further declares that it is incumbent upon the state to share in the cost of providing a most needed and desirable program of driver training instruction for these exceptional children.

SEC. 4.7. Section 41850 of the Education Code is repealed.

SEC. 4.8. Section 41850 is added to the Education Code, to read:

41850. (a) Apportionments made pursuant to this article shall only be made for transportation, as defined in this section.

(b) As used in this article, "transportation" includes all of the following:

(1) The transportation of pupils between their homes and the regular full-time day school they attend, as provided by a school district or county superintendent of schools.

(2) The payment of moneys by a school district or county superintendent of schools to parents or guardians of pupils made in lieu of providing for the transportation of pupils between their homes and the regular full-time day schools they attend.

(3) Providing board and lodging to pupils by a school district or county superintendent of schools made in lieu of providing for the transportation of pupils between their homes and the regular full-time day schools they attend.

(4) The transportation of pupils between the regular full-time day schools they would attend and the regular full-time occupational training classes they attend, as provided by a regional occupational

center or program.

(c) For purposes of this article, the computation of the allowances provided to a regional occupational center or program shall be subject to all of the following:

(1) A regional occupational center or program shall receive no allowance for 50 percent of the total transportation costs.

(2) A regional occupational center or program shall be eligible for a transportation allowance only if the total transportation costs exceed 10 percent of the total operational budget of the regional occupational center or program.

(3) A regional occupational center or program eligible for a transportation allowance pursuant to paragraph (2) shall receive an amount equal to one-third of the transportation costs subject to reimbursement.

(d) For the 1984–85 fiscal year, as used in this article, "transportation" includes the transportation of individuals with exceptional needs, as specified in their individualized education program.

(e) Commencing with the 1985–86 fiscal year, as used in this article, "transportation" includes the transportation of individuals with exceptional needs only for home-to-school transportation purposes, and shall exclude the transportation of individuals with exceptional needs for purposes other than home-to-school transportation, as specified in their individualized education program. Program-related transportation costs shall be funded as a part of the Special Education Master Plan, as specified in Article 8 (commencing with Section 56770) of Chapter 7 of Part 30.

SEC. 5.2. Section 41852 of the Education Code is repealed.

SEC. 5.3. Section 41852 is added to the Education Code, to read:

41852. (a) Any school district or county superintendent of schools which receives a transportation apportionment in the 1984–85 fiscal year, or any fiscal year thereafter, shall establish a restricted home-to-school transportation account within its general fund. The district or county superintendent shall deposit in the restricted home-to-school transportation account all transportation apportionments received pursuant to this article in any fiscal year and any other funds at the option of the district or county superintendent. Any funds remaining in the restricted home-to-school transportation account at the end of the fiscal year may remain in the restricted home-to-school transportation account for expenditure in subsequent fiscal years or may be transferred to the pupil transportation equipment fund.

(b) Any school district or county superintendent of schools may establish a pupil transportation equipment fund. The fund shall receive all state and local funds designated for acquisition, rehabilitation, or replacement of pupil transportation equipment. Funds deposited in the pupil transportation equipment fund shall be used exclusively for acquisition, rehabilitation and replacement of pupil transportation equipment, except as provided in Section 51853.

SEC. 5.5. Section 41900 of the Education Code is amended to read:

41900. The Superintendent of Public Instruction shall allow to each school district maintaining a high school or high schools, county superintendent of schools, the California Youth Authority, and the State Department of Education an amount equal to the actual cost, but not in excess of eighty dollars ($80) per pupil instructed in the laboratory phase of driver education during the preceding fiscal year in accordance with Sections 41902 and 41905 and with regulations set forth by the State Board of Education to the districts, county superintendents of schools, the California Youth Authority, and the State Department of Education for instructing pupils in the laboratory phase of driver education.

SEC. 5.7. Section 41909 of the Education Code is amended to read:

41909. The Superintendent of Public Instruction shall make an additional allowance to each school district maintaining a high school or high schools, each county superintendent of schools, the California Youth Authority, and the State Department of Education as reimbursement for the actual expense of replacing vehicles used exclusively in automobile driver training programs and of replacing simulators used in such programs, but the amount shall not exceed three-fourths of that part of the actual cost of instructing pupils in automobile driver training during the preceding fiscal year which was: (1) in excess of eighty dollars ($80) per pupil instructed, and (2) expended by the district, the county superintendent of schools, California Youth Authority, or State Department of Education replacing the vehicles and simulators. Reimbursement for vehicle shall be computed for only that portion of the total mileage used exclusively in driver training programs.

For purposes of computing reimbursement, whenever a school district, a county superintendent of schools, the California Youth Authority, or the State Department of Education replaces a driver training vehicle or simulator purchased by the district, the county superintendent of schools, California Youth Authority, or Department of Education with a vehicle or simulator that is a gift or loan, the purchase price of the new or acquired equipment shall be deemed to be the market value of the vehicle or simulator acquired through a gift or loan.

SEC. 5.8. Section 42122.5 is added to the Education Code, to read:

42122.5. (a) There is hereby established a fiscal administration study group to develop reasonable recommendations for changes in the Education Code that will strengthen the fiscal integrity of school districts and offices of county superintendent of schools.

(b) The membership of the study group shall be comprised of all of the following persons or their designees:

(1) The Superintendent of Public Instruction, who shall be the chairperson.

(2) The Controller.

(3) The Director of Finance.

(c) The study group shall consult with representatives of both the public and private sector in developing its recommendations.

(d) The study group shall examine the following recommendations made by the Controller to strengthen the fiscal integrity of school districts and offices of county superintendent of schools:

(1) Enact legislation to mandate that a fixed percentage of the adopted budget be set aside as a reserve in order to prevent school districts and offices of county superintendent of schools from budgeting themselves into financial difficulty.

(2) Amend the Education Code to require that each governing board of a school district establish an audit committee, including, but not limited to, a member from the governing board, the school district management, and the county superintendent's office. The county superintendent would also be required to establish an audit committee, including, but not limited to, a representative from the county superintendent's office, the county board of education, and the county board of supervisors. The committees' responsibilities would include the selection of the auditor and the dissemination and review of the draft report and final report, and the dissemination and review of the management letter at the conclusion of the audit.

(3) Revise the Education Code to require the county superintendent to followup on any corrective action recommended by the school district's auditor, to require the Superintendent of Public Instruction to followup on any corrective action recommended by the office of county superintendent of schools auditor, and to require the Superintendent of Public Instruction to periodically conduct management surveys of the county superintendents to assess their effectiveness in performing monitoring activities of school districts.

(4) Enact legislation to mandate that the annual financial audit report for school districts and offices of county superintendent of schools contain a three-year projection of anticipated revenues and expenditures.

(e) The study group may examine other related areas of interest to strengthen the fiscal integrity of school districts and offices of county superintendent of schools.

(f) On or before January 31, 1985, the chairperson of the study group shall submit a report to the Legislature. The report shall describe the study group's progress to date, including problems the group has identified, the solutions implemented, and the solutions proposed but not yet implemented. The report shall also describe obstacles to implementation that the study group has encountered.

SEC. 6. Section 42238 of the Education Code, as added by Section 20.4 of Chapter 498 of the Statutes of 1983, is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this

section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1984–85 fiscal year only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for district subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c)

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in subdivisions (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those

contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions which would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions which would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds which were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(i) This section shall become operative July 1, 1984.

SEC. 8. Section 42238.7 of the Education Code is amended to read:

42238.7. (a) In the 1984–85 fiscal year, for each school district which increased in that fiscal year the length of its school year pursuant to Section 46200, the amount computed pursuant to Section 42238 shall be increased by the amount computed pursuant to Section 46200.

(b) This section shall remain in effect only until July 1, 1985, and as of that date is repealed, unless a later enacted statute which is chaptered before July 1, 1985, deletes or extends that date.

SEC. 9. Section 42238.8 of the Education Code is amended to read:

42238.8. (a) In the 1984–85, 1985–86, and 1986–87 fiscal years, any school district which offers at least the amounts of instructional time specified in Section 46201 for the applicable fiscal year shall increase the amount computed pursuant to Section 42238 in that fiscal year by the product of the amount computed for the school district pursuant to Section 46201 in that fiscal year.

(b) This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1987, deletes of extends that date.

SEC. 11. Section 45023.4 of the Education Code is amended to read:

45023.4. (a) The governing board of any school district, county superintendent of schools, or county board of education may, in the 1983–84, 1984–85, or 1985–86 fiscal years, increase, for teachers meeting the requirements specified herein, the salary on its adopted certificated employee salary schedule for the then current fiscal year as specified in subdivision (b). For purposes of this section, any teacher for whom the governing board, county superintendent of schools, or county board of education may increase salaries shall meet all of the following criteria:

(1) Hold a valid California teaching credential.

(2) Possess a baccalaureate or higher degree.

(3) Receive a salary paid from the general fund of the district or county office.

(b) The governing board, county superintendent of schools, or county board of education shall perform the following computations:

(1) The governing board, county superintendent of schools, or county board of education shall compute an amount equal to the amount of the lowest salary on the salary schedule for a certificated employee meeting the criteria in subdivision (a) for the then current fiscal year multiplied by 1.10 but not to exceed an annual salary of eighteen thousand dollars ($18,000) in the 1983–84 school year, adjusted in the 1984–85 and 1985–86 school years by the same percentage increase made in base revenue limits for a unified school

district with over 1,500 units of average daily attendance.

(2) The governing board, county superintendent of schools, or county board of education shall increase to the amount computed in paragraph (1) the salary of any certificated employee meeting the criteria in subdivision (a) whose salary on the salary schedule for the then current fiscal year is less than the amount computed in paragraph (1).

(c) Each school district or county office of education which increases salaries pursuant to subdivision (b) shall receive reimbursement for the cost of the increase as follows:

(1) Total the salaries of all certificated employees receiving increased salaries pursuant to subdivision (b).

(2) Total all salaries, based on the salary schedule for the then current fiscal year, of all certificated employees receiving increased salaries pursuant to subdivision (b).

(3) Subtract the amount in paragraph (2) from the amount in paragraph (1).

(4) Multiply the amount in paragraph (3) by the district's State Teachers' Retirement System contribution rate.

(5) In the then current fiscal year, the revenue limit of the district calculated pursuant to Section 42238 or of the county office of education calculated pursuant to Section 2550 may be increased by an amount equal to the sum of the amounts in paragraphs (3) and (4).

(6) For the 1984–85, 1985–86, and 1986–87 fiscal years, any school district or county office of education which received reimbursement pursuant to this subdivision in the prior fiscal year, and which certifies to the Superintendent of Public Instruction that its salary schedule continues to reflect the adjustment authorized by this section, shall divide the amount added to revenue limit pursuant to paragraph (5) by the second principal apportionment regular average daily attendance for the prior fiscal year, and shall add that quotient to the base revenue limit per unit of average daily attendance for the then current fiscal year.

(d) A school district or county office of education shall receive reimbursement pursuant to subdivision (c) only if it certifies to the Superintendent of Public Instruction that the increase of teachers' salaries pursuant to this section does not require the district or county office of education to increase the salaries of other teachers.

SEC. 12. Section 46140.1 is added to the Education Code, to read:

46140.1. It is the intent of the Legislature that the term "pupil in a vocational education program occupationally organized and conducted under federal approval," as used in Section 46140 as it read prior to the enactment of Chapter 1230 of the Statutes of 1977, applies only to pupils in regional occupational programs and centers.

Notwithstanding any provision of law to the contrary, no funds appropriated by any act enacted prior to or after the enactment of this section, shall be deemed appropriated or available for expenditure for purposes of claims for attendance of pupils in

vocational education programs occupationally organized and conducted under federal approval, other than for attendance of pupils in regional occupational centers or programs, arising from Section 46140 as it read prior to the enactment of Chapter 1230 of the Statutes of 1977, except for appropriations to fund the Settlement Agreement entered into on March 4, 1983, by and between the Fullerton Union High School District and the State Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Fullerton Union High School District, et al. v. Wilson Riles, Superintendent of Public Instruction, et al., Orange County Superior Court No. 33-46-93; and the Settlement Agreement entered into on March 4, 1983, by and between Rowland Unified School District and the State Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Rowland Unified School District, et al., v. Wilson Riles, Superintendent of Public Instruction, et al., Los Angeles Superior Court No. C 323905.

SEC. 13. Section 46200 of the Education Code is amended to read:

46200. (a) In the 1984–85 fiscal year, for each school district which certifies to the Superintendent of Public Instruction that it offers 180 days or more of instruction per school year, the Superintendent of Public Instruction shall determine an amount equal to thirty-five dollars ($35) per unit of current year second principal apportionment regular average daily attendance, exclusive of adult average daily attendance, the average daily attendance of pupils while participating in regional occupational centers or programs, and average daily attendance for pupils attending summer school. A year-round school shall be deemed to be in compliance with the 180-day requirement if it certifies to the Superintendent of Public Instruction that it is a year-round school and maintains its school for five more days, or the equivalent thereof, than maintained in the 1982–83 fiscal year.

(b) For any school district which received an apportionment pursuant to subdivision (a) and which offers less than 180 days of instruction in the 1985–86 fiscal year or any fiscal year thereafter, and which does not provide the minimum number of instructional minutes specified in subdivision (a) of Section 46201 for that fiscal year, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year by an amount attributable to the increase received pursuant to subdivision (a), as adjusted in fiscal years subsequent to the 1984–85 fiscal year.

SEC. 14. Section 46201 of the Education Code is amended to read:

46201. (a) In each of the 1984–85, 1985–86, and 1986–87 fiscal years, for each school district which certifies to the Superintendent of Public Instruction that it offers at least the amount of instructional

time specified in this subdivision, the Superintendent of Public Instruction shall determine an amount equal to twenty dollars ($20) per unit of current year second principal apportionment regular average daily attendance in kindergarten and grades 1 to 8, inclusive, and forty dollars ($40) per unit of current year second principal apportionment regular average daily attendance in grades 9 to 12, inclusive. This section shall not apply to adult average daily attendance, the average daily attendance for pupils attending summer school, alternative school, regional occupational centers and programs, continuation high schools, or opportunity schools, and the attendance of pupils while participating in community college or independent study programs.

(1) In the 1984–85 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(B) One-third of the difference between the number of minutes specified for that grade level in paragraph (3) and the number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(2) In the 1985–86 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(B) Two-thirds of the difference between the number of minutes specified for that grade level in paragraph (3) and the number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(3) In the 1986–87 fiscal year:

(A) 36,000 minutes in kindergarten.

(B) 50,400 minutes in grades 1 to 3, inclusive.

(C) 54,000 minutes in grades 4 to 8, inclusive.

(D) 64,800 minutes in grades 9 to 12, inclusive.

(b) If any of the amounts of instructional time specified in paragraph (3) of subdivision (a) is a lesser number of minutes for that grade level than actually provided by the district in the same grade in the 1982–83 fiscal year, the 1982–83 fiscal year number of minutes for that grade level shall instead be the requirement for the purposes of subdivision paragraphs (1), (2), and (3) of (a).

(c) Each school district which receives an apportionment pursuant to subdivision (a) in a fiscal year shall, in the subsequent fiscal year, add the amount received per pupil to the district's base revenue limit per unit of average daily attendance.

(d) For any school district which receives an apportionment pursuant to subdivision (a) in the 1984–85 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (1) of subdivision (a) in the 1985–86 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue

limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1985–86 fiscal year base revenue limit per unit of average daily attendance pursuant to subdivision (c), as adjusted in the 1985–86 fiscal year and fiscal years thereafter.

For each school district which receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1986–87 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year base revenue limit per unit of average daily attendance pursuant to subdivision (c), as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

For each school district which receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (3) of subdivision (a) in the 1987–88 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to subdivision (c), as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

SEC. 14.1. Section 46205 is added to the Education Code, to read:

46205. For purposes of this article, instructional time for school districts conducting early-late reading programs in grades 1 through 8 shall be computed by adding the total amount of instructional time provided in each portion of the early-late reading programs to the amount of instructional time offered when all pupils in the class are scheduled to attend. It is not the intent of the Legislature to disrupt or restrict early-late reading programs for pupils in grades 1 through 8.

This section shall be applicable only if the early-late reading program was in operation during the 1983–84 fiscal year, except that the Superintendent of Public Instruction may approve, based on educational reasons, the application of this section to programs commencing operation after the 1983–84 fiscal year.

SEC. 14.2. Section 49406 of the Education Code is amended to read:

49406. (a) Except as provided in subdivision (h), no person shall be initially employed by a school district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he or she is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and

Professions Code. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

The district superintendent or his or her designee may exempt, for a period not to exceed 60 days following termination of the pregnancy, a pregnant employee from the requirement that a positive intradermal tuberculin test be followed by an X-ray of the lungs.

(b) Thereafter, all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer.

(c) After the examination, each employee shall cause to be on file with the district superintendent of schools a certificate from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. The county board of education may require, by rule, that all their certificates be filed in the office of the county superintendent of schools or shall require their files be maintained in the office of the county superintendent of schools if a majority of the governing boards of the districts within the county so petition the county board of education, except that in either case a district or districts with a common board having an average daily attendance of 60,000 or more may elect to maintain the files for its employees in that district. "Certificate," as used in this section means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the American Lung Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section. Nothing in this section shall prevent the governing board from establishing a rule requiring a more extensive physical examination than required by this section, but the rule shall provide for reimbursement on the same basis as required in this section.

(d) This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse that person in a like manner prescribed in this section for employees.

(e) The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for such examination that is reimbursable to employees of the district complying with the provisions of this section.

(f) At the discretion of the governing board, this section shall not

apply to those employees not requiring certification qualifications who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils.

The governing board may, however, require an examination described in subdivision (2) and may, as a contract condition, require the examination of persons employed under contract, other than those persons specified in subdivision (a), if the board believes the presence of these persons in and around school premises would constitute a health hazard to pupils.

(g) If the governing board of a school district determines by resolution, after hearing, that the health of pupils in the district would not be jeopardized thereby, the provisions of this section shall not apply to any employee of the district who files an affidavit stating that he or she adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his or her knowledge and belief he or she is free from active tuberculosis. If at any time there should be probable cause to believe that the affiant is afflicted with active tuberculosis, he or she may be excluded from service until the governing board of the employing district is satisfied that he or she is not so afflicted.

(h) A person who transfers his or her employment from one school or school district to another shall be deemed to meet the requirements of subdivision (a) if that person can produce a certificate which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him or her that it has a certificate on file which contains that showing.

A person who transfers his or her employment from a private or parochial elementary school, secondary school, or nursery school to a school or school district subject to this section shall be deemed to meet the requirements of subdivision (a) if that person can produce a certificate as provided for in Section 3450 of the Health and Safety Code which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him or her that it has a certificate on file which contains that showing.

(i) Any governing board or county superintendent of schools providing for the transportation of pupils under contract authorized by Section 39800, 39801, or any other provision of law shall require as a condition of the contract the examination for active tuberculosis, as provided by subdivision (a), of all drivers transporting these pupils, provided that private contracted drivers who transport these pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

SEC. 14.4. Section 51852 of the Education Code is amended to read:

51852. A course of instruction in the laboratory phase of driver education shall include, for each student enrolled in the class, instruction under one of the following plans:

(a) Plan One. A minimum of 12 hours allocated as follows:

(1) A minimum of six hours of on-street behind-the-wheel practice driving instruction in a dual-control automobile with a qualified instructor.

(2) A minimum of six hours in a dual-control automobile with a qualified instructor for the purposes of observation. Practice driving on an off-street multiple-car driving range approved by the department under the supervision of a qualified instructor may be substituted for all or part of the observation time.

(b) Plan Two. A minimum of 24 hours allocated as follows:

(1) Three hours of on-street behind-the-wheel practice driving instruction in a dual-control automobile with a qualified instructor.

(2) Six hours in a dual-control automobile with a qualified instructor for the purposes of observation. Practice driving on an off-street multiple-car driving range approved by the department under the supervision of a qualified instructor may be substituted for all or part of the observation time.

(3) Twelve hours of instruction by a qualified instructor in a driving simulator approved by the department.

(4) At least three additional hours of instruction specified in one or more of paragraphs 1 through 3 of this subdivision.

(c) Plan Three. A minimum of 24 hours allocated as follows:

(1) Three hours of on-street behind-the-wheel practice driving instruction in a dual-control automobile with a qualified instructor.

(2) Six hours in a dual-control automobile with a qualified instructor for the purpose of observation.

(3) Twelve hours of instruction by a qualified instructor on an off-street multiple-car driving range.

(4) At least three additional hours of instruction specified in one or more of paragraphs 1 through 3 of this subdivision.

(d) Plan Four. A minimum of 24 hours allocated as follows:

(1) Two hours of on-street behind-the-wheel practice driving instruction in a dual-control automobile with a qualified instructor.

(2) Four hours in a dual-control automobile with a qualified instructor for the purpose of observation.

(3) Eighteen hours of instruction by a qualified instructor in a driving simulator approved by the department and on an off-street multiple-car driving range. The governing board of the district shall establish the proportion of time to be utilized in simulators and on the off-street multiple-car driving range.

(e) Plan Five. Competency-based driver training which means a program in which all students receive instruction based on assessed individual needs in order to meet a common level of program performance criteria. The Superintendent of Public Instruction shall adopt rules and regulations concerning program requirements for competency-based driver training programs.

For purposes of this section, one hour means 60 minutes including passing time.

Any deviation from the standard use of a simulator or off-street multiple-car driving range, or both, shall have prior approval by the Department of Education before the school district, county superintendent of schools, the California Youth Authority, or the Department of Education can be reimbursed for the students trained.

SEC. 15. Section 52484 of the Education Code is repealed.

SEC. 16.24. Section 56728.6 of the Education Code is amended to read:

56728.6. Notwithstanding subdivision (d) of Section 56760 for the 1981–82, 1982–83, and 1983–84 fiscal years, in any semester a district, county office, or special education services region shall only be eligible for state funding of instructional personnel service units in excess of the number of instructional personnel service units for which it received state funding the prior semester in any of the three instructional service settings if both of the following conditions are met:

(a) The prior semester unduplicated count divided by the prior semester number of instructional personnel service units in an appropriate setting or settings is greater than or equal to the following:

Special day classes - 9.

Resource specialist programs - 22.

Designated instructional services - 22.

(b) The difference between the current semester and December 1980 unduplicated count divided by the difference between the current semester and 1980–81 second principal apportionment period number of instructional personnel service units in the appropriate setting or settings is greater than or equal to the following:

Special day classes and centers - 6.

Resource specialist programs - 16.

Designated instructional services - 16.

(c) The criteria in subdivisions (a) and (b) shall first be applied to the individual district or county office desiring to add instructional personnel services units. If the individual district or county office fails to satisfy both criteria, they may then be applied across all districts and county offices within the local plan.

(d) Special education services regions which included 30,000 or fewer regular average daily attendance and which had less than 25 average daily attendance per square mile in the the 1980–81 fiscal year shall be eligible to apply to the Superintendent of Public Instruction for a waiver of the provisions of this section. The waiver request shall be acted upon by the superintendent within 30 days, and shall be valid for a period of three years. If the superintendent fails to act upon the waiver request within 30 days, the waiver shall be operative for a period of one year.

(e) This section shall remain in effect only until June 30, 1984, and as of that date is repealed unless a later enacted statute, which is chaptered before June 30, 1984, deletes or extends that date.

SEC. 16.25. Section 56728.6 is added to the Education Code, to read:

56728.6. (a) Notwithstanding subdivision (d) of Section 56760, in the 1984–85 fiscal year and each fiscal year thereafter, a special education local plan area shall be eligible for state funding of those instructional personnel service units operated and fundable at the second principal apportionment of the prior fiscal year, so long as the unduplicated pupil count divided by the number of instructional personnel units is equal to or greater than the following:

(1) For special classes and centers - 9.

(2) For resource specialist programs - 21.

(3) For designated instruction and services - 20.

(b) Notwithstanding subdivision (d) of Section 56760, in the 1984–85 fiscal year and each fiscal year thereafter, a special education local plan area shall be eligible for state funding of instructional personnel service units in excess of the number of instructional personnel service units operated and fundable at the second principal apportionment of the prior fiscal year only with the authorization of the Superintendent of Public Instruction.

(1) The superintendent shall not authorize additional units for a special education local plan area if, for that special education local plan area, the percentage of pupils in kindergarten and grades 1 through 12 enrolled in special education programs would exceed 10 percent.

(2) The superintendent shall not authorize additional units for a special education local plan area if, for that special education local plan area, the ratio of pupils in kindergarten and grades 1 through 12 receiving a specific instructional service would exceed the following:

(A) For special classes and centers - 0.028 percent.

(B) For resource specialist programs - 0.040 percent.

(C) For designated instruction services - 0.042 percent.

(c) The Superintendent of Public Instruction shall base the authorization of funding for special education local plan areas pursuant to this section, including the reallocation of instructional personnel service units, upon criteria which shall include, but not be limited to, all of the following:

(1) Changes in the total number of pupils enrolled in kindergarten and grades 1 through 12.

(2) High and low average caseloads per instructional personnel service unit for each instructional setting.

(3) Lower-than-average and higher-than-average percentages of pupils in kindergarten and grades 1 through 12 who are currently enrolled in special education programs.

(d) A special education local plan area may apply for, and the superintendent may grant, a waiver of any of the standards and

criteria specified in this section if compliance would prevent the provision of a free, appropriate public education or would create undue hardship. In granting the waivers, the superintendent shall consider the following:

(1) Pupil density of 25 or fewer units of average daily attendance per square mile in local plan areas of 30,000 or fewer average daily attendance.

(2) The location of licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities within the boundaries of a local plan if 5 percent or more of the local plan's unduplicated pupil count resides in those facilities.

(e) For the purpose of this section, a special education local plan area may apply for, and the superintendent may grant, a waiver of the standards specified in paragraph (2) of subdivision (b) if the waiver is programmatically justified.

(f) For the 1984–85 fiscal year only, a special education local plan area may apply for, and the superintendent may grant, a waiver of any of the standards and criteria specified in this section if either of the following applies:

(1) Compliance would require the termination of a contract employee in violation of Section 44949 or 44955.

(2) The special education local plan area's duplicated pupil count divided by the number of designated instruction and service units is equal to or greater than 39.

(g) By authorizing units pursuant to this subdivision, the superintendent shall not increase the statewide total number of instructional personnel service units for purposes of state apportionments unless an appropriation specifically for growth in the number of instructional personnel service units is made in the annual Budget Act or other legislation. If such an appropriation is made, units authorized by the superintendent pursuant to this subdivision that result in an increase in the statewide total number of instructional personnel service units are subject to the following restrictions:

(1) The units shall be funded only by such appropriation and no other funds may be apportioned for the units.

(2) All units shall be fully funded pursuant to Chapter 7 (commencing with Section 56700) of Part 30.

(h) This section shall become operative July 1, 1984.

SEC. 16.38. Section 69513.5 is added to the Education Code, to read:

69513.5. In no event shall the director of the commission, any employee of the commission, or any individual retained by the commission serve as chairperson or a member of an advisory committee of the commission. This prohibition shall include, but not be limited to, all advisory committees established by statute and all advisory committees established by the commission.

SEC. 16.4. Section 69532 of the Education Code is amended to read:

69532. There shall be 25,320 new Cal Grant awards for first-time recipients for the 1984–85 fiscal year, and for each fiscal year thereafter. Such grants shall be allocated as follows:

(a) 16,400 awards for the 1984–85 fiscal year, and each fiscal year thereafter, to be utilized for tuition and student fees pursuant to Section 69536.

(b) 7,500 awards for the 1984–85 fiscal year, and for each fiscal year thereafter, to be utilized for tuition, student fees, and subsistence costs pursuant to Section 69538.

(c) 1,420 awards for the 1984–85 fiscal year and each fiscal year thereafter, to be utilized for occupational or technical training pursuant to Sections 69539 through 69543.

The budget required by the State Constitution to be submitted by the Governor at each regular session of the Legislature shall take into consideration the amount of federal funds available through State Student Incentive Grants for the Cal Grant awards.

SEC. 16.43. Section 78305 of the Education Code is amended to read:

78305. Governing boards shall not expend state General Fund moneys to establish and maintain community service classes. Governing boards may charge students enrolled in community service classes a fee not to exceed the cost of maintaining community service classes, or may provide instruction in community service classes for remuneration by contract, or with contributions or donations of individuals or groups. The board of governors shall adopt guidelines defining the acceptable reimbursable costs for which a fee may be charged.

SEC. 16.45. Section 89910 of the Education Code is repealed.

SEC. 16.47. Section 94122 of the Education Code is repealed.

SEC. 16.5. Section 214 of the Financial Code is amended to read:

214. Before entering upon the duties of his office the superintendent shall take and subscribe to the constitutional oath of office and file the same with the Secretary of State.

SEC. 16.6. Section 235 of the Financial Code is amended to read:

235. If the superintendent is unable to perform his duties for more than 30 consecutive days or if the office of the superintendent becomes vacant, the chief deputy shall have all the powers and duties of the superintendent until the return or recovery of the superintendent, or, in case of a vacancy, until a new superintendent is appointed by the Governor and qualifies to hold office.

SEC. 16.7. Section 3106 of the Financial Code is amended to read:

3106. The superintendent, from time to time, under his official seal, may appoint one or more special deputy superintendents as his agent or agents with the powers specified in the certificate of appointment to assist him in the duty of conservation or of liquidation and distribution. The certificate of appointment shall be filed in the office of the superintendent and a certified copy in the office of the clerk of the county in which the head office of the bank is located. The superintendent may employ such counsel and

procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of the bank and for that purpose may retain such of the officers or employees of the bank as he may deem necessary.

SEC. 16.8. Section 8002 of the Financial Code is amended to read:

8002. (a) Before entering upon the duties of his or her office, the commissioner shall take and subscribe an oath of office.

SEC. 16.9. Section 102 of the Food and Agricultural Code is amended to read:

102. The department is under the control of a civil executive officer known as the Director of Food and Agriculture who shall receive the salary provided for by Chapter 6 (commencing with Section 11550) of Part 1 of Division 3 of Title 2 of the Government Code. He or she shall be appointed by, and hold office at the pleasure of, the Governor.

SEC. 16.91. Article 6 (commencing with Section 500) of Chapter 3 of Part 1 of Division 1 of the Food and Agricultural Code is repealed.

SEC. 16.92. Section 12795.5 is added to the Food and Agricultural Code, to read:

12795.5. The Ethanol Fuel Revolving Account in the Department of Food and Agriculture Fund is hereby continued in existence and renamed the Agricultural Pest Control Research Account.

SEC. 16.95. Section 7507.5 is added to the Government Code, to read:

7507.5. It is the intent of the Legislature that the Regents of the University of California provide written notice to the Legislature of any proposed changes to retirement plan benefits, employer or employee contribution rates, or actuarial assumptions affecting the University of California Retirement System, at least 60 days prior to the effective date thereof. The written notice shall be provided to the Joint Legislative Budget Committee and the fiscal subcommittees and shall consist of:

(a) A description and explanation of each specific proposed change to the benefit structure, contribution rates, or actuarial assumptions.

(b) The actuarial impact upon future annual costs of each proposed change.

SEC. 18.5. Section 9108 of the Government Code is amended to read:

9108. The first floor of the annex of the State Capitol is excepted from the provisions of this article. Such excepted space shall continue under the control of the Department of General Services. All other space in the State Capitol Building and all annexes and additions thereto, and all space in the state parking garage, as funded pursuant to Item 1760-301-036 of the Budget Act of 1984, shall be allocated from time to time by the Joint Rules Committee in accordance with its determination of the needs of the Legislature and the two houses thereof. Said committee shall allocate such space as it determines to

be necessary for facilities and agencies dealing with the Legislature as a whole, including but not limited to press quarters, billrooms, telephone rooms, and offices for the Legislative Counsel and for committees created by the two houses jointly. Said committee shall allocate to the Senate and Assembly, respectively, the space it determines to be needed by such houses and their committees and the officers, employees, and attachés thereof. The space thus allocated to the Senate and to the Assembly shall be allotted from time to time by the Senate Rules Committee and the Assembly Rules Committee, respectively.

SEC. 20.5. Section 11791 of the Government Code is amended to read:

11791. The provisions of this chapter shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the Constitution, or the Legislature.

SEC. 21. Section 12016 of the Government Code is amended to read:

12016. (a) The Budget required by the State Constitution to be submitted by the Governor at each regular session of the Legislature shall be submitted within the first 10 days thereof and shall contain a complete plan and itemized statement of all proposed expenditures of the state provided by existing law or recommended by him or her, and all of its institutions, departments, boards, bureaus, commissions, officers, employees and other agencies, and of all estimated revenues, for the ensuing fiscal year, together with a comparison, as to each item of revenues and expenditures, with the actual revenues and expenditures for the last completed fiscal year and the estimated revenues and expenditures for the existing fiscal year.

(b) The Governor, or the Department of Finance acting on his or her behalf, shall make appropriate changes in his or her budget request to reflect any modification in the organization or functions of state government proposed under Article 7.5 (commencing with Section 12080) of Chapter 1 of this part prior to the passage of the Budget.

(c) The provisions of this section shall apply to the budgets for all the following departments and agencies only with respect to the budgets of these departments and agencies for the 1979–80, 1980–81, and 1981–82 fiscal years:

(1) Employment Development Department.
(2) State Department of Education.
(3) California State University.
(4) Department of Water Resources.
(5) Department of Transportation.
(6) State Department of Health Services.
(7) State Department of Social Services.
(8) Department of Motor Vehicles.

(d) The provisions of this section shall apply to the budgets of all

other state entities only with respect to the budgets of those entities until the time the provisions of Sections 12412.1, 13300, 13337, and 13338 become applicable to those entities.

(e) The California State University shall not be subject to the provisions of Sections 12412.1, 13300, 13337, and 13338 related to the implementation of the California Fiscal Information System until the 1986–87 fiscal year.

(f) This section shall remain in effect only until the provisions of Sections 12412.1, 13300, 13337, and 13338 become applicable to those other state entities, and as of that date is repealed, unless a later enacted statute which is chaptered before that date, deletes or extends the date.

SEC. 21.1. Section 12151 of the Government Code is repealed.

SEC. 21.2. Section 12401 of the Government Code is repealed.

SEC. 21.5. Section 12431 is added to the Government Code, to read:

12431. Prior to the payment of any claim from funds appropriated pursuant to Section 7 of Chapter 1123 of the Statutes of 1977, the Controller shall require the claimant to certify in writing that it has attempted to recover its costs pursuant to Sections 1203.1 and 1203.1b of the Penal Code.

SEC. 22. Section 12439 of the Government Code is amended to read:

12439. The Controller shall abolish, effective July 1, any state position which was vacant continuously during the period between October 1 and June 30 of the preceding fiscal year. Those positions which were vacant for the last nine months of a fiscal year because of a hiring freeze in effect during part or all of the nine-month period shall also be abolished unless the need for continuing these positions is provided in written notice to, and approval is granted by, the Director of Finance. The only exceptions to this abolishment are those positions exempt from civil service or those instructional and instruction-related positions authorized for the California State University. No money appropriated by the subsequent Budget Act shall be used to pay the salary of any otherwise authorized state position which is abolished pursuant to this section.

The Controller, no later than the following August 1 of each succeeding fiscal year, shall notify in writing the Department of Finance of any authorized state position which was vacant continuously during such period.

The Controller, no later than the following December 1 of each succeeding fiscal year, shall furnish the Joint Legislative Budget Committee a report on all positions as of July 1 which were unfilled continuously during the period between October 1 and June 30 of the preceding fiscal year.

SEC. 23.2. Section 12501 of the Government Code is repealed.

SEC. 23.3. Section 12802 of the Government Code is repealed.

SEC. 23.4. Section 13003 of the Government Code is repealed.

SEC. 23.5. Section 13305 is added to the Government Code, to

read:

13305. The department shall provide an annual report to the Legislature on tax expenditures. The report shall include each of the following:

(a) A comprehensive list of tax expenditures.

(b) Additional detail on individual categories of tax expenditures.

(c) Historical information on the enactment and repeal of tax expenditures.

SEC. 23.6. Section 13340 of the Government Code is amended to read:

13340. On and after July 1, 1985, no moneys in any fund which, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

SEC. 24. Section 13943.2 of the Government Code is amended to read:

13943.2. Upon authorization of the board a state agency may refrain from collecting taxes, licenses, fees, or money owing to the state for any reason where the amount to be collected is fifty dollars ($50) or less. State agencies desiring to secure such authorization shall file an application therefor with the board accompanied by a statement of circumstances. Nothing contained in this section shall be construed as releasing any person from the payment of any money due the state.

SEC. 25.2. Section 14004 of the Government Code is repealed.

SEC. 25.8. Section 14604 of the Government Code is repealed.

SEC. 27. Section 16113 of the Government Code is amended to read:

16113. (a) Each county auditor shall file a claim with the Controller on or before the last day of August of each year for reimbursement to local governmental agencies for the tax loss attributable to property on the unsecured roll by reason of the reduced assessment ratio of commercial passenger fishing vessels provided for in subdivision (c) of Section 227 of the Revenue and Taxation Code.

(b) Each county auditor shall file a claim with the Controller on or before October 31 of each fiscal year for reimbursement to local governmental agencies for the tax loss attributable to property on the secured roll by reason of the reduced assessment ratio of commercial passenger fishing vessels provided for in subdivision (c) of Section 227 of the Revenue and Taxation Code.

(c) For the 1980–81 fiscal year, and fiscal years thereafter, the amount the state shall reimburse local governmental jurisdictions for revenue loss by reason of the exemption for business inventories provided for in Section 219 of the Revenue and Taxation Code, and for livestock as provided for in Section 5523 of that code, shall be computed as follows:

(1) For the 1980–81 fiscal year, the sum of the reimbursements for

all local governmental jurisdictions within a county shall equal twice the amount of money that would have been allocated for the 1979–80 fiscal year to the jurisdictions if the inventory exemption reimbursement had been predicated on the jurisdictions' share of the proceeds from a countywide property tax rate of four dollars ($4) per one hundred dollars ($100) of assessed valuation including the amount these jurisdictions would have received if that amount had not been subtracted pursuant to the provisions of Section 16117, plus 170 percent of the livestock exemption reimbursement for the 1979–80 fiscal year, with the resulting total sum to be increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(2) For the 1981–82 fiscal year the sum of the reimbursements for all local governmental jurisdictions within a county shall be equal to the reimbursement computed for the prior fiscal year, multiplied by 1.0292.

(3) For the 1982–83 fiscal year and each fiscal year thereafter, the sum of the reimbursements for all local governmental jurisdictions within a county shall be equal to the reimbursement computed for the prior fiscal year.

(d) (1) With respect to the 1980–81 fiscal year and each fiscal year thereafter, each county auditor shall file a claim with the Controller on or before October 31 of each fiscal year for reimbursement to local jurisdictions for the amount computed pursuant to subdivision (c).

(2) Proceeds received from the Controller pursuant to these claims shall be apportioned by the auditor to local governmental jurisdictions as property tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(e) For purposes of this section, "State Reimbursement for Inventory Tax Factor" means:

(1) For cities, counties, and special districts: the percentage change in cost of living (as determined pursuant to Section 2212 of the Revenue and Taxation Code) plus the percentage change in the population of the city, county, or special district (as determined pursuant to Section 2227 or 2228 of the Revenue and Taxation Code). The percentage change in the population of a redevelopment agency shall be the percentage change in the population of the city or county in which the redevelopment agency is located.

(2) For school districts, county superintendents of schools and community college districts: the percentage change in the cost of living (as determined pursuant to Section 2212 of the Revenue and Taxation Code) plus the percentage change in the ADA of the school district or community college district.

(f) For the 1982–83 fiscal year, the claim filed pursuant to this section shall not include any reimbursement for any special district identified as an enterprise special district in the State Controller's Annual Report on 1979–80 Financial Transactions of Special Districts, except for districts which provide transit services or operate an

airport. The amounts to be allocated by the auditor to local jurisdictions other than these districts shall equal the amounts allocated to those jurisdictions for the 1981–82 fiscal year.

(g) (1) For the 1983–84 fiscal year and each fiscal year thereafter, the payment made pursuant to this section shall not include any reimbursement attributable to property taxes supporting enterprise-related activities of any special district identified as an enterprise special district in the most recent Controller's Annual Report on Financial Transactions of Special Districts, except for districts which provide transit services or operate an airport.

(2) Notwithstanding the provisions of paragraph (2) of subdivision (d), for the 1983–84 fiscal year, the amounts paid as reimbursement pursuant to this section to be allocated by the auditor to local agencies, as defined by Section 95 of the Revenue and Taxation Code, other than enterprise special districts, as defined in paragraph (1) of this subdivision, shall be in proportion to the amounts allocated to those agencies for the prior fiscal year, as determined by the Director of Finance, adjusted pursuant to paragraph (3) of subdivision (c). The auditor shall adjust the allocation of these amounts, if necessary, to reflect agreements entered into pursuant to Section 99, 99.1, or 99.2 of the Revenue and Taxation Code. No reimbursement shall be made pursuant to subdivision (c) to school entities, as defined by Section 95 of the Revenue and Taxation Code, for the 1983–84 fiscal year or for any fiscal year thereafter.

(3) This subdivision shall be inapplicable to redevelopment agencies.

SEC. 27.02. Section 17300 of the Government Code is amended to read:

17300. Whenever the Controller determines that moneys in the General Fund are, or are expected to be, insufficient for the payment of all appropriations by the Legislature which are required to be paid in the then current fiscal year out of the General Fund, the Controller, based upon his estimate of the probable income to the General Fund during the then current fiscal year and the probable dates of receipt thereof, may draw a demand or demands against appropriations made from the General Fund to be paid in the then current fiscal year prior to the receipt of the income, and deliver the same to the Treasurer. The Treausrer shall register the same for nonpayment and notify the Controller. The Controller shall then notify the Pooled Money Investment Board of the registered demand or demands. The board shall then advise the Governor of the registered demand or demands and of the board's determination as to whether, and the extent to which, any transfers should then be made to the General Fund from other funds or accounts pursuant to Section 16310. Unless the Governor otherwise directs the board within five working days after the notification to the Governor, the board may then authorize the Treasurer to issue and sell notes of the State of California representing the registered demand or demands.

Notes shall be issued only to raise funds in an amount sufficient to satisfy the Controller's registered demand or demands.

SEC. 27.03. Section 17301 of the Government Code is amended to read:

17301. Notes authorized to be issued may be sold by the Treasurer from time to time on a negotiated or a competitive bid basis as the Treasurer shall deem advisable. The Treasurer shall pay the notes and the interest thereon from moneys in the General Fund.

SEC. 27.04. Section 17302 of the Government Code is amended to read:

17302. The issuance of any notes pursuant to this part shall be authorized by a resolution adopted by the Treasurer with the approval of the Controller. Any note (a) may be negotiable, (b) may be payable to order or to bearer, (c) may be in any denomination, (d) shall be payable not later than the last day of the fiscal year in which the note has been issued and shall not be renewable beyond that date, (e) may bear interest at a rate or rates to be determined as provided by the resolution and payable as provided therein, (f) may be payable on a fixed date or upon demand of the holder of the note, and (g) may be made subject to prepayment or redemption at the option of the state or at the option of the holder.

27.06. Section 17312 of the Government Code is repealed.

SEC. 27.07. Section 17313 is added to the Government Code, to read:

17313. It is the intent of the Legislature that this part shall, in all respects, fall within the procedures validated by, and meet the requirements for constitutionality set forth in, the California Supreme Court cases of Riley v. Johnson, (1933), 219 Cal. 513, Riley v. Johnson, (1936), 6 Cal. 2d 529, and Flournoy v. Priest, (1971), 5 Cal. 3d 350.

SEC. 27.11. Section 19996.32 of the Government Code is amended to read:

19996.32. Any state employee, or legislative employee, who is a state miscellaneous member working standard hours on a full-time basis, other than a university member, of the Public Employees' Retirement System and who has attained the age of 62 years and is eligible to retire pursuant to Article 1 (commencing with Section 20950) of Chapter 8 of Part 3 may elect to participate in reduced worktime for partial service retirement pursuant to this article, provided that the participation may be modified only pursuant to Section 19996.37.

SEC. 27.12. Section 19996.33 of the Government Code is amended to read:

19996.33. "Reduced worktime for partial service retirement" means any arrangement of worktime agreeable to both the appointing authority and the employee which aggregates no less, on a monthly basis, than a 20 percent reduction nor more than a 60 percent reduction from what would in that classification be considered full-time employment, combined with the concurrent

payment of proportionally reduced compensation and proportionally reduced retirement benefits. As used in this section, and Section 19996.37, "appointing authority" means, with respect to legislative employees, the Joint Rules Committee, the Joint Legislative Budget Committee, the Joint Legislative Audit Committee, the Senate Rules Committee, and the Assembly Rules Committee.

SEC. 27.13. Section 19996.34 of the Government Code is amended to read:

19996.34. It is the policy of the state that reduced worktime for partial service retirement shall be made available to state employees and legislative employees eligible pursuant to Section 19996.32 who do not desire to work standard working hours on a full-time basis. Further, it is the intent of the Legislature that nothing in this act shall be used to reduce the number of full-time equivalency positions authorized to any department.

SEC. 27.14. Section 19996.37 of the Government Code is amended to read:

19996.37. (a) A permanent state employee or legislative employee who voluntarily reduces his or her worktime for partial service retirement pursuant to this article shall, upon request and subject to subdivision (b), be given priority for returning to a full-time work schedule to the extent that such full-time work is available; provided, that any employee who so voluntarily returns to full-time work shall be ineligible for five years thereafter to again participate pursuant to this article. The appointing authority may require a participating employee to return to full-time employment only if a state of emergency has been declared pursuant to Section 8558 which affects the area of the state in which the employee works.

(b) A state employee or a legislative employee who is participating pursuant to this article in reduced worktime for partial service retirement may: (1) elect only once in each fiscal year to further reduce his or her worktime; (2) elect only once in five years to increase his or her worktime to another less than full-time schedule.

SEC. 27.15. Section 19996.39 of the Government Code is amended to read:

19996.39. All persons employed in reduced worktime positions for partial service retirement pursuant to this article, shall receive proportionally reduced compensation and, on a pro rata basis, except for benefits provided under the Public Employees' Medical and Hospital Care Act, the State Employees' Dental Care Act, and the California Dental Service program, all benefits customarily available to full-time employees of state agencies in similar classes or positions. With regard to benefits provided under the Public Employees' Medical and Hospital Care Act, persons employed in reduced worktime positions for partial service retirement shall receive the same benefits as are provided by law for employees under the same circumstances who are employed, full time. The department may,

for purposes of administrative efficiency, treat the class of partially retired employees as fully employed with respect to health care benefits, provided that such administrative treatment does not impair the level of benefits to which the class would be entitled if treated administratively another way.

SEC. 27.16. Section 20817 is added to the Government Code, to read:

20817. Notwithstanding any other provisions of this part, whenever the employer, by formal action, determines that because of an impending curtailment of, or change in the manner of, performing service, the best interests of the state would be served by encouraging the retirement of legislative employees, and that sufficient economies could be realized to offset any cost to the employer resulting from this section, an additional two years of service shall be credited to legislative employees who are members, pursuant to Section 20364, if the following conditions exist:

(a) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the operative date of the formal action of the employer which shall specify such period.

(b) The employer transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without that service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

The amount of service credit shall be two years regardless of credited service.

Any member who qualifies under this section, upon subsequent reentry to the system shall forfeit the service credit acquired under this section.

This section shall not be applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the operative date of the formal action of the employer or if the member is not eligible to retire without the additional credit available under this section.

As used in this section, "employer" means the Joint Rules Committee, the Joint Legislative Budget Committee, the Joint Legislative Audit Committee, the Senate Rules Committee, and the Assembly Rules Committee, with respect to their respective employees.

SEC. 27.2. Section 22826 of the Government Code is amended to read:

22826. The State of California shall, in addition to the contributions required by Section 22825, contribute additional amounts necessary to provide funds for the administration of this part, and for the establishment and continuation of the Public

Employees' Contingency Reserve Fund.

The additional contributions shall be in amounts reasonably adequate to pay the administrative expenses and to establish and maintain the Public Employees' Contingency Reserve Fund, as determined by the board and as adopted by the Legislature in an appropriate control section of the annual Budget Act, but shall not exceed, for each employee or annuitant, the following amounts:

(1) For administrative expenses—2 percent of the total of the contributions made by the employee or annuitant, and the state on behalf of the employee or annuitant, under a plan.

(2) For the Public Employees' Contingency Reserve Fund—3 percent of the total of the contributions made by the employee or annuitant, and the state on behalf of the employee or annuitant, under a plan to and including June 30, 1978, and 4 percent thereafter.

SEC. 27.4. Section 68842 of the Government Code is repealed.

SEC. 27.55. Section 272 is added to the Health and Safety Code, to read:

272. If the recipient of services provided by the California Children's Services program, his or her guardian, conservator, personal representative, estate, or survivors, or any of them brings an action against a third person who may be liable for the injury, notice of institution of legal proceedings, notice of settlement, and all other notices required by this code shall be given to the State Director of Health Services in Sacramento except in cases where the director specifies that notice shall be given to the Attorney General or to county-managed California Children's Services programs. All of these notices shall be given by the attorney retained to assert the beneficiary's claim, or by the injured party beneficiary, his or her guardian, conservator, personal representative, estate, or survivors, if no attorney is retained.

SEC. 27.56. Section 289.7 of the Health and Safety Code is amended to read:

289.7. (a) Laboratories licensed by the Department of Health Services shall not offer the maternal serum-alpha fetoprotein screening test for prenatal detection of neural tube defects of the fetus until the department has developed regulations, under the authorization granted by Section 151. However, laboratories providing this testing, as of July 21, 1983, may continue to provide this testing until these regulations become operative. The State Department of Health Services shall promulgate regulations pursuant to this section.

(b) The adoption of regulations pursuant to this section shall be deemed to be an emergency, and necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding subdivision (h) of Section 11346.1 and Section 11349.6 of the Government Code, the Director of the Department of Health Services shall transmit regulations adopted pursuant to this section directly to the Secretary of State for filing. The regulations shall be filed by the Secretary of State as emergency regulations and

shall become effective immediately.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state department pursuant to this section shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the state department.

SEC. 27.57. Section 13146.2 is added to the Health and Safety Code, to read:

13146.2. (a) Every city or county fire department or district providing fire protection services required by Sections 13145 and 13146 to enforce building standards adopted by the State Fire Marshal and other regulations of the State Fire Marshal shall, annually, inspect all structures subject to subdivision (b) of Section 17921, except dwellings, for compliance with building standards and other regulations of the State Fire Marshal.

(b) A city, county, or district which inspects a structure pursuant to subdivision (a) may charge and collect a fee for the inspection from the owner of the structure in an amount, as determined by the city, county, or district, sufficient to pay its costs of that inspection.

SEC. 27.58. Section 15075 is added to the Health and Safety Code, to read:

15075. Notwithstanding any other provision of law, plans for the construction or alteration of any hospital building, or any building specified in Section 15071, which are prepared by or under the supervision of the Department of General Services shall not require the review and approval of the statewide office. In lieu of review and approval by the statewide office, the Department of General Services shall certify to the statewide office that the plans are in full conformance with all applicable building standards and the requirements of this chapter. The Department of General Services shall also observe all aspects of construction and alteration, including the architectural, structural, mechanical, plumbing and electrical systems.

It is the intent of the Legislature that projects developed by, or under the supervision of, the Department of General Services shall still meet all applicable building standards published in the State Building Standards Code relating to the regulation of hospital projects where applicable, and all regulations adopted pursuant to this chapter and all other applicable state laws.

SEC. 27.59. Section 25174 of the Health and Safety Code is amended to read:

25174. (a) Each person who disposes of hazardous wastes onsite, or who submits the hazardous waste for disposal offsite, shall pay a fee directly to the State Board of Equalization for disposal of those wastes. The director shall establish a schedule of the fees to be paid to the State Board of Equalization by the operator for disposal of hazardous or extremely hazardous waste, which shall provide revenues which shall not exceed the amount necessary, but shall be

sufficient, to cover all costs incurred in the administration of this chapter and to provide a 5 percent operating reserve. The fees shall be deposited by the State Board of Equalization in the Hazardous Waste Control Account in the General Fund. The funds deposited in that account are continuously appropriated for expenditure without regard to fiscal years for the following purposes:

(1) To the State Board of Equalization to pay refunds of fees collected pursuant to Section 43051 of the Revenue and Taxation Code.

(2) To the department to carry out the provisions of this chapter.

(b) This section shall become operative on January 1, 1985.

SEC. 27.6. Section 25174.1 of the Health and Safety Code is amended to read:

25174.1. Funds deposited in the Hazardous Waste Control Account pursuant to Section 25174 may also be used for all the following:

(a) Covering the costs of environmental epidemiology and health effects studies related to toxic substances, including extremely hazardous waste, as defined in Section 25115, and hazardous waste, as defined in Section 25117.

(b) Support of the Toxic Substance Enforcement program in the Office of the Attorney General.

SEC. 27.61. Section 25174.2 of the Health and Safety Code, as added by Chapter 496 of the Statutes of 1982, is repealed.

SEC. 27.62. Section 25174.6 of the Health and Safety Code is amended to read:

25174.6. (a) Except as otherwise provided in Section 25174.9, the fee provided pursuant to Section 25174 to be paid, until December 31, 1984, by the operators of onsite and offsite hazardous waste facilities for each ton, or fraction thereof, of hazardous waste which the operator disposes of on land or applies to land, shall be at the following rates, and, on or after January 1, 1985, the fee provided pursuant to Section 25174 to be paid by persons disposing of hazardous waste onsite, or submitting hazardous waste for disposal offsite, for each ton, or fraction thereof, of hazardous waste disposed of on land or applied to land, shall be at the following rates:

(1) Two dollars and forty-eight cents ($2.48) for each ton, or fraction thereof, for up to the first 3,500 tons of hazardous waste disposed of, or submitted for offsite disposal, per month, except as provided in subdivision (f), which is not subject to Subchapter III (commencing with Section 6921) of Chapter 82 of Title 42 of the United States Code, pursuant to subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4), or hazardous waste for which the Administrator of the Environmental Protection Agency has determined that regulation is unwarranted, as specified in subparagraph (C) of paragraph (2) of, and subparagraph (c) of paragraph (3) of, subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee

specified in paragraph (3) or (4). Except as provided in subdivision (f), any of this hazardous waste disposed of, or submitted for offsite disposal, which exceeds 3,500 tons per month, is exempt from any fee imposed by this section.

(2) Two dollars and forty-eight cents ($2.48) for each ton, or fraction thereof, for up to the first 3,500 tons, of hazardous waste disposed of, or submitted for offsite disposal, per month, except as provided in subdivision (f), which result from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and the overburden from the mining of uranium ore and which is not otherwise subject to the fee specified in paragraph (3) or (4). Except as provided in subdivision (f), any of this hazardous waste disposed of, or submitted for offsite disposal, which exceeds 3,500 tons per month is exempt from any fee imposed by this section.

(3) Nineteen dollars and eighty-four cents ($19.84) for each ton, or fraction thereof, of extremely hazardous waste.

(4) Nineteen dollars and eighty-four cents ($19.84) for each ton, or fraction thereof, of restricted hazardous wastes listed in Section 66900 of Title 22 of the California Administrative Code.

(5) Fifty cents ($0.50) for each ton or fraction thereof of solid hazardous waste residues resulting from incineration or other controlled chemical or physical treatment processes if the department determines that the processes alter the physical properties of the waste being incinerated or treated and effectively remove all free liquids and volatile organic constituents from the waste being incinerated or treated.

(6) Nine dollars and ninety-two cents ($9.92) for each ton, or fraction thereof, for up to the first 3,500 tons of hazardous waste disposed of, or submitted for offsite disposal, per month, of hazardous waste, except as provided in subdivision (f), which is not otherwise subject to the fees specified in paragraph (1), (2), (3), (4) or (5).

(b) The amount of fees payable to the State Board of Equalization pursuant to this section shall be calculated using the total wet weight, measured in tons or fractions thereof, of the hazardous waste in the form in which the hazardous waste existed at the time of disposal, submission for disposal, or application to land using the land disposal methods defined in Section 66122 of Title 22 of the California Administrative Code.

(c) Notwithstanding subdivision (a), the fee rate for hazardous waste disposed of, or submitted for offsite disposal, into a surface impoundment which is double lined, meets the criteria specified in paragraph (1), and for which a report has not been submitted pursuant to paragraph (2), is ninety-nine cents ($0.99) for each ton or fraction thereof, of hazardous waste so disposed of or submitted for disposal. The owner or operator of the surface impoundment shall certify to the State Board of Equalization that the requirements of subparagraphs (A), (B), (C), (D), and (E) of paragraph (1) have been met before the fee rate specified in this subdivision may be

applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment.

(1) This subdivision applies only to hazardous waste disposed of, or submitted for disposal, into a surface impoundment which meets all the following criteria:

(A) The surface impoundment is double lined and is equipped with a leachate collection system which is in place and in operation, and complies with existing federal and state regulations and guidance documents published by the United States Environmental Protection Agency prior to July 1, 1984.

(B) The surface impoundment has in place and in operation a minimum of one up-gradient and two down-gradient monitoring wells capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment.

(C) The surface impoundment has in place and in operation a vadose zone monitoring system capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment from the impoundment into the zone between the surface and the water table.

(D) The surface impoundment has an enforceable site closure plan which initiates closure of the impoundment within 12 years after the surface impoundment is certified pursuant to this subdivision. This plan shall require the surface impoundment, and any surrounding soils contaminated by the impoundment, to be returned to a nonhazardous condition within five years of initiating closure.

(E) The owner or operator has submitted to the department and to the California Regional Water Quality Control Board documentation demonstrating full compliance with subparagraphs (A), (B), (C), and (D).

(2) Upon discovering that, or receiving notification that, a surface impoundment certified for the fee rate specified in this subdivision has leaked or overflowed, and that there is migration into the vadose zone or into the waters of the state, the owner or operator of the surface impoundment shall report the migration to the department and the California Regional Water Quality Control Board within 24 hours after the migration or unauthorized release has been detected. The owner or operator shall transmit a full written report to the department and the regional board within five working days after the detection of the migration. The reporting requirements imposed by this paragraph are in addition to any requirements which may be imposed by Section 13271 of the Water Code. Unless the regional board, or its executive officer, determines that the presence of the hazardous waste constituents in the migration do not pose any short-term or long-term, present or potential, hazards to human health or the environment, the regional board shall issue a cease and desist order pursuant to Section 13301 of the Water Code prohibiting any discharge into the surface impoundment and shall take any other actions which are necessary.

(3) After a surface impoundment has been the subject of a report specified in paragraph (2), the fee rate specified in this subdivision for hazardous waste disposed of, or submitted for disposal, into that surface impoundment shall not apply and the fees shall be calculated pursuant to subdivision (a). The fee rate specified in this subdivision may again be applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment only after the department and the California Regional Water Quality Control Board determines that hazardous constituents are no longer migrating from the surface impoundment, and that there is no significant potential for them to migrate from the surface impoundment into the vadose zone or into the waters of the state, so that the presence of the hazardous constituents poses, or would pose, a present or potential hazard to human health or the environment.

(d) All fees imposed by this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(e) The fees specified in subdivision (a) shall be effective commencing July 1, 1984, and shall remain in effect only until April 1, 1985.

(f) The monthly tonnage limits on the amount of hazardous waste subject to the fee imposed by this section shall remain in effect only until February 1, 1985, and after that date the fees specified in this section shall apply to all amounts of the hazardous waste disposed of, or submitted for offsite disposal, per month.

SEC. 27.63. Section 25174.7 of the Health and Safety Code is repealed.

SEC. 27.635. Section 25174.7 is added to the Health and Safety Code, to read:

25174.7. (a) The fees provided for in Sections 25174 and 25174.6 do not apply to hazardous wastes which result when a state or local agency, or its contractor, removes or remedies a release of hazardous waste caused by another person. This subdivision applies to all acts performed by a state or local agency, or its contractor, on or after July 1, 1984.

(b) This subdivision does not prevent the department from recovering an amount equal to the full cost of the fees specified in Sections 25174 and 25174.6 from any person responsible for a release of hazardous waste, which has been removed or remedied by a state or local agency, or its contractor. This subdivision shall not limit the department's remedies pursuant to any other provision of law.

SEC. 27.64. Section 25174.8 of the Health and Safety Code is repealed.

SEC. 27.645. Section 25174.8 is added to the Health and Safety Code, to read:

25174.8. Any person who owns or operates a site which is contaminated with hazardous wastes, and who has a written agreement with the department to voluntarily clean up and remove

contaminated soils or sludges from the site, may request that these soils or sludges be exempted by the department from the fees specified in Sections 25174 and 25174.6. The department may exempt from these fees those soils or sludges removed from the site which exceed 2,500 tons per month, and which are removed or transferred to an authorized facility, if all of the following applies:

(a) No disposal of hazardous wastes has occurred at the site undergoing cleanup, or on any portion of the site, from July 1, 1983 to July 1, 1985.

(b) The department has approved a site mitigation and cleanup plan submitted by the owner or operator of the site.

(c) The department determines that granting this exemption will not discourage the use of waste treatment or destruction technologies that would otherwise be economically feasible.

SEC. 27.65. Section 25174.9 of the Health and Safety Code is amended to read:

25174.9. Notwithstanding any other provision of law, the department may, by emergency regulation, increase the amount of the fee established pursuant to Section 25174 or 25174.6 if it determines that the fees established are insufficient to fund the appropriations from the Hazardous Waste Control Account enacted by the Legislature in the annual Budget Act and to provide for a 5 percent operating reserve.

For purposes of the Administrative Procedure Act, the adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these regulations shall not be subject to review, approval, or repeal by the Office of Administrative Law and shall remain in effect only until April 1, 1985.

SEC. 27.66. Section 25345 of the Health and Safety Code is amended to read:

25345. (a) There is hereby imposed a tax, payable annually, and to be collected by the board, upon each ton or fraction thereof, of waste and material specified in Section 25342, according to the formula specified herein. The board shall set the base tax rate upon the waste and material specified in Section 25342 in accordance with the following formula:

$$\text{Base tax rate} = \frac{10{,}000{,}000}{(0.15W_1 + W_2 + 2W_3 + 0.01W_4)}$$

where:

(1) W_1 is the total amount in tons of waste and material specified in subdivision (a) of Section 25344.

(2) W_2 is the total amount in tons of waste specified in subdivision (b) of Section 25344.

(3) W_3 is the total amount in tons of waste specified in subdivision (c) of Section 25344.

(4) W_4 is the total amount in tons of waste specified in subdivision (d) of Section 25344.

(b) On or before May 1 of each year, using the formula specified in subdivision (a), the board shall determine the base tax rate for the current year.

(c) The tax imposed upon each person subject to Section 25342 shall be assessed according to the following formula:

$$\text{Tax} = (\text{base tax rate}) \times (0.15\ P_1 + P_2 + 2P_3 + 0.01P_4)$$

where:

(1) "Base tax rate" equals the figure determined pursuant to subdivision (a).

(2) P_1 is the amount in tons of waste and material specified by the person pursuant to subdivision (a) of Section 25342.

(3) P_2 is the amount in tons of waste specified by the person pursuant to subdivision (b) of Section 25342.

(4) P_3 is the total amount in tons of waste specified by the person pursuant to subdivision (c) of Section 25342.

(5) P_4 is the total amount in tons of waste specified by the person pursuant to subdivision (d) of Section 25342.

(d) On or before May 1 of each year, the board shall send to each person subject to Section 25342 a notice of assessment.

(e) On or before July 1 of each year, each person subject to Section 25342 shall pay to the board the amount of the assessment as stated in the notice. The tax under this chapter shall not be imposed again on hazardous waste or extremely hazardous waste if the waste, or any portion thereof, is removed subsequently to another place for disposal and if the person has paid the amount of assessment for the waste in accordance with this section before the removal thereof.

(f) Notwithstanding any other provision of this section, hazardous wastes disposed of into an injection well during the 1981 calendar year shall be subject to a tax rate that does not exceed 26.4 percent of the base tax rate, as determined in subdivision (a), per ton or fraction thereof.

(g) For purposes of this article, the following definitions apply:

(1) "Injection well" means a bored, drilled or driven shaft, whose depth is greater than the largest surface dimension, and which is used to inject hazardous waste into an underground formation. Injection well does not mean any well located in class I or a class II–I disposal site, as defined in Sections 2510 and 2511 of Title 23 of the California Administrative Code, on September 25, 1981.

(2) "Formation" means a body of rock characterized by a degree of lithologic homogenity which is prevailingly, but not necessarily, tabular and is mappable on the earth's surface or

traceable in the subsurface.

(3) "Landfarm" means a waste management technique, conducted within a hazardous waste facility which has received a hazardous waste facilities permit or has obtained interim status pursuant to Article 9 (commencing with Section 25200) of Chapter 6.5 of Division 20, or pursuant to Section 6925 of Title 42 of the United States Code. This waste management technique consists of applying oily wastes, biodegradable wastes, or both wastes onto land and incorporating them into the surface of the soil and, by controlling critical parameters of alkalinity and acidity, moisture content, and soil texture, enhancing the aerobic biodegradation of the waste into carbon dioxide, water, and humus. Landfarming is a managed process which changes the physical, chemical, or biological composition of hydrocarbon wastes, and it does not include any other land disposal practices, including, but not limited to, landfilling or codisposal.

(h) The taxes assessed for the 1983 calendar year and due July 1, 1984, and the taxes assessed in all subsequent years, shall be determined pursuant to this section, as amended in the 1984 portion of the 1983–84 Regular Session of the Legislature.

SEC. 27.67. Section 25347 of the Health and Safety Code is amended to read:

25347. (a) In no event shall the total taxes collected in any one fiscal year pursuant to this chapter exceed ten million dollars ($10,000,000). The calculation of the maximum tax for the tax assessed for the 1983 calendar year and due July 1, 1984, and the taxes assessed in all subsequent years, shall be determined pursuant to this section, as amended in the 1983–84 Regular Session of the Legislature.

(b) This section shall not be construed to prevent the board from collecting any taxes which are not paid when due, or from issuing any determination or redetermination pursuant to Sections 43201 and 43304 of the Revenue and Taxation Code. Any such determination of taxes shall be at the tax rates established pursuant to Section 25345 of this code for the period for which the determination is issued.

SEC. 27.68. Section 25371 of the Health and Safety Code is repealed.

SEC. 27.69. Section 25381 of the Health and Safety Code is amended to read:

25381. The board shall adopt, and revise when appropriate, all rules and regulations necessary to implement the provisions of this article, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions specified in Sections 25372 and 25373 and regulations that specify the proof necessary to establish a loss compensable pursuant to this article.

(a) Claims approved by the board under the provisions of this article shall be paid from the state account.

(b) The Legislature may appropriate up to two million dollars ($2,000,000) annually from the state account to be used by the board for the payment of awards pursuant to this article.

(c) Claims against or presented to the board shall not be paid in excess of the amount of money appropriated for this purpose from the state account. These claims shall be paid only when additional money is collected, appropriated, or otherwise added to that account.

SEC. 27.70. Section 25382 of the Health and Safety Code is amended to read:

25382. The board may expend from the state account those sums of money as are reasonably necessary to administer and carry out this article.

SEC. 27.71. Section 44060 of the Health and Safety Code is amended to read:

44060. The department shall prescribe the form of the certificate of compliance or noncompliance. The department shall charge a fee to licensed test stations and repair stations for the issuance by the department to the stations of certificate of compliance or noncompliance forms. The fee charged shall be calculated to allow funding of the department and any other state agency directly involved in the implementation of the motor vehicle inspection program, and shall not exceed the amount reasonably necessary to fund the operation of the program, including all responsibilities, requirements, and obligations imposed upon the department or any of those state agencies by this chapter, which are not otherwise recoverable by license fees pursuant to Section 44034. In no event shall the fee for each certificate of compliance or noncompliance exceed six dollars ($6). It is the intent of the Legislature that the Vehicle Inspection Fund shall maintain a prudent surplus. If the surplus exceeds reasonable costs of administration of the program, the department shall, by regulation, prescribe a lower fee for the certificate of compliance or noncompliance.

SEC. 27.72. Section 44061 of the Health and Safety Code is amended to read:

44061. The fees collected by the department pursuant to Sections 44034 and 44060, and penalties collected pursuant to Section 44050, shall be deposited in the Vehicle Inspection Fund in accordance with the procedures established by the department, and shall be available to the department and any other state agency directly involved in the implementation of the motor vehicle inspection program to carry out its functions and duties specified in this chapter or in any other law, upon appropriation by the Legislature.

SEC. 27.75. Section 12907 of the Insurance Code is repealed.

SEC. 27.8. Section 77 of the Military and Veterans Code is repealed.

SEC. 27.9. Section 165 of the Military and Veterans Code is

repealed.

SEC. 28.4. Section 1046 of the Military and Veterans Code is amended to read:

1046. If it appears necessary or proper that a guardian or conservator of the estate of a veteran be appointed, the court in its discretion may, upon application of the commandant, acting through his designated officer, appoint the home as guardian or conservator of such estate and cause letters of guardianship or conservatorship of such estate to be issued to the home.

For the purposes of this chapter, the home is made a corporation and, acting through an officer designated by the commandant, may act as guardian or conservator of estates, assignee, receiver, depositary or trustee, under appointment of any court or by authority of any law of this state, and transact business in such capacity in like manner as an individual, and for this purpose may sue and be sued in any of the courts of this state.

The home shall be appointed as guardian, conservator, assignee, receiver, depositary, or trustee without bond. The home shall receive such reasonable fees as shall be allowable for its expenses for filing fees and attorneys' fees. The fees paid to the home may be used as a trust account from which may be drawn expenses for filing fees and attorneys' fees in all estates it undertakes to administer. Whenever the balance remaining in the trust account exceeds a sum deemed necessary by the commandant for the payment of the filing fees and attorneys' fees incurred in the various estates, the excess shall be paid annually into the post fund of the home.

The home when acting as guardian or conservator of a veteran may deposit the funds of the estate in the special deposit fund of the home, and may invest and reinvest the funds in securities which are legal investments for savings banks in this state.

SEC. 29. Section 1851.5 of the Probate Code is amended to read:

1851.5. (a) Promptly following the close of each fiscal year, the Controller shall determine the statewide average cost per investigation or review by a court investigator incurred by a county pursuant to Sections 1826, 1850, and 1851 during each fiscal year.

(b) Except as provided in Section 6102 of the Government Code, each county shall annually assess the estate of each conservatee in the county for any investigation or review conducted by a court investigator at county expense with respect to that person pursuant to Section 1826, 1850, or 1851, at the rate determined by the Controller pursuant to subdivision (a). No assessment may be collected except upon termination of the conservatorship by death or court order. A county may waive any or all of an assessment against an estate, on the basis of hardship, where the conservatorship of a living person is terminated by court order.

(c) Any amount otherwise owing to a county pursuant to Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code for costs incurred by the county for the costs of investigation or review by court investigators pursuant to Sections 1826, 1850, and 1851 shall be reduced by the amount of any assessments actually collected during the fiscal year pursuant to subdivision (b).

SEC. 29.2. Section 502 of the Public Resources Code is repealed.

SEC. 29.4. Section 602 of the Public Resources Code is repealed.

SEC. 29.6. Section 702 of the Public Resources Code is repealed.

SEC. 30. Section 6217 of the Public Resources Code, as amended by Section 2 of Chapter 1311 of the Statutes of 1983, is amended to read:

6217. With the exception of revenues derived from state school lands and from sources described in Sections 6217.6, 6301.5, 6301.6, 6855, and 8551 to 8558, inclusive, and Section 6406 (insofar as the proceeds are from property which has been distributed or escheated to the state in connection with unclaimed estates of deceased persons), the commission shall deposit in the State Treasury all revenues, moneys, and remittances received by it under this division, and under Chapter 138 of the Statutes of 1964, First Extraordinary Session, and such sums shall be applied to the following obligations in the following order:

(a) To the General Fund such revenue as necessary to provide in any fiscal year for the following:

(1) Payment of refunds, authorized by the commission and approved by the State Board of Control, out of appropriations made for that purpose by the Legislature.

(2) Payment of expenditures of the commission as provided in the annual Budget Act approved by the Legislature.

(3) Payments to cities and counties of the amounts specified in Section 6817 for the purposes specified in that section, and the revenues so deposited are appropriated for such purpose.

(4) Payments to cities and counties of the amounts agreed to pursuant to the provisions of Section 6875.

(b) To the California Water Fund each fiscal year the amount of twenty-five million dollars ($25,000,000).

(c) To the Central Valley Water Project Construction Fund each fiscal year the amount of five million dollars ($5,000,000).

(d) To the Resources Agency, the amount of five hundred thousand dollars ($500,000) for each of the fiscal years 1984–85, 1985–86, 1986–87, 1987–88, and 1988–89 for distribution for public and private higher education for use as up to two-thirds of the local matching share for projects under the National Sea Grant College and Program Act of 1966 (P.L. 89-688) approved, upon the recommendation of the advisory panel appointed pursuant to this

section, by the Secretary of the Resources Agency or his or her designee. During the 1988–89 fiscal year, the Legislature shall consider recommendations from the Secretary of the Resources Agency and other interested parties on the benefits to the people of the State of California derived from this program and shall determine whether or not to continue similar appropriations for subsequent fiscal years.

There shall be an advisory panel to the Secretary of the Resources Agency consisting of 13 members, which shall do all of the following:

(1) Identify state needs which might be met through Sea Grant research projects, including, but not limited to, such fields as living marine resources, aquaculture, ocean engineering, marine minerals, public recreation, coastal physical processes and coastal and ocean resources planning and management, and marine data acquisition and dissemination, establish priorities for those needs, and transmit those needs and priorities to the Legislature not later than January 1 of each year and include them in all announcements of proposals for grants in the following fiscal year.

(2) Review all applications for funding under this section and make recommendations based upon the priorities it establishes.

(3) Periodically review progress on sea grant research projects subsequent to their approval and funding under this section.

(4) Make recommendations to the Secretary of the Resources Agency with respect to the implementation of this section.

The Secretary of the Resources Agency shall appoint the following members of the advisory panel, who shall serve at the pleasure of the secretary:

(1) A representative of the Department of Boating and Waterways.

(2) A representative of the Department of Conservation.

(3) A representative of the Department of Fish and Game.

(4) The executive director of the California Coastal Commission or his or her designee.

(5) A representative of the fish industry.

(6) A representative of the aquaculture industry.

(7) A representative of the ocean engineering industry.

(8) A representative of the University of California.

(9) A representative of the California State University.

(10) A representative of a private California institution of higher education which is participating in the National Sea Grant Program.

(11) A representative of the State Lands Commission.

The Senate Committee on Rules shall appoint one Member of the Senate to the panel, who shall serve at the pleasure of the Senate Committee on Rules.

The Speaker of the Assembly shall appoint one Member of the Assembly to the panel, who shall serve at the pleasure of the Speaker. This member shall not be of the same political party as

the member appointed by the Senate Committee on Rules.

The Secretary of the Resources Agency shall designate one member of the panel to serve as its chairman. Panel members shall serve without compensation.

The Sea Grant research projects selected for state support under this section shall have a clearly defined benefit to the people of the State of California. The Legislature hereby finds and declares that the funding provided by this section is needed to stimulate the development and utilization of ocean and coastal resources by working constructively with private sector firms and individuals. Nothing in this section shall be construed to preclude the application for funding of any project which would be eligible for funding under the terms of the National Sea Grant College and Program Act of 1966.

(e) To the Capital Outlay Fund for Public Higher Education for the 1984–85 fiscal year the amount of one hundred five million seven hundred thousand dollars ($105,700,000), and for each fiscal year thereafter, the amount necessary to provide for an unencumbered balance available for appropriation on July 1 of each fiscal year of one hundred twenty-five million dollars ($125,000,000).

(f) (1) To the State School Building Lease-Purchase Fund, for each of the fiscal years 1985–86, 1986–87, 1987–88, and 1988–89, the amount of one hundred twenty-five million dollars ($125,000,000).

(2) For the fiscal years 1984–85, 1985–86, 1986–87, 1987–88, and 1988–89, up to 5 percent of the amounts deposited in the State School Building Lease-Purchase Fund pursuant to this section or any other provision of law may be spent in accordance with Sections 17785 to 17795, inclusive, of the Education Code (Emergency School Classroom Law of 1979).

(g) To the Energy and Resources Fund each fiscal year, commencing with the 1985–86 fiscal year, the amount of sixty-five million dollars ($65,000,000).

(h) To the Special Account for Capital Outlay, the amount of one hundred three million nine hundred thirty-eight thousand dollars ($103,938,000).

(i) An amount of up to twenty-four million six hundred seventy-four thousand dollars ($24,674,000) shall be deposited in the unappropriated surplus of the General Fund. For the 1984–85 fiscal year, this transfer shall be in lieu of any transfer pursuant to Section 6 of Chapter 904 of the Statutes of 1980.

The commission may, with the approval of the State Board of Control, authorize the refund of moneys received or collected by it illegally or by mistake, inadvertence, or error. Claims authorized by the commission and approved by the State Board of Control shall be filed with the Controller and the Controller shall draw his warrant against the General Fund in payment of such refund from any appropriation made for that purpose.

All references in any law to Section 6816 shall be deemed to

refer to this section.

SEC. 30.3. Section 25208 of the Public Resources Code is repealed.

SEC. 30.5. Section 26407 of the Public Resources Code is repealed.

SEC. 31.2. Section 17052.8 of the Revenue and Taxation Code is amended to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039, an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars ($6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the

energy conservation measures.

(4) (A) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(B) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided for in this part, except the credits provided in Sections 17053.5, 17061, and 18551.1, such taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars ($15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars ($30,000), in the taxable year in which the credit provided in this section is claimed. This subparagraph shall not apply to taxable years beginning on or after January 1, 1982.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars ($6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this

section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding taxable years until that credit is used.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and

state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(g) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (a), of the costs, notwithstanding the carryover provisions of subdivision (e).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes, and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (f):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistance heating.

(I) Ventilation cooling fans, attic ventilators, and economizer systems.

(J) Heat pumps and water heating heat pumps (including those which use are, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises, other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(N) For newly constructed dwellings:

(i) Storm or thermal windows or doors for the exterior of dwellings.

(ii) Evaporative coolers.

(iii) Heat absorbing or heat reflective glazed windows and door materials.

(iv) Exterior shading devices.

(v) Movable insulation such as shutters or thermal drapes.

(vi) Load management devices.

(vii) Floor insulation.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units, and (G), (H), (I), (J), (L), (M), and (N) installed in any premises, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date set forth in this paragraph.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F), installed in premises other than multifamily dwelling units, and (K) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

Any unused credit may be used beyond the date specified on the same basis and to the same extent as permitted under the law in effect immediately prior to that date.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan"

means the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17253. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(k) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(*l*) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (h).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 31.35. Section 19286.7 of the Revenue and Taxation Code is amended to read:

19286.7. Notwithstanding any other provision of law, the State Department of Social Services shall annually inform the Franchise Tax Board of the names and social security numbers of all applicants for or recipients of public social services programs.

The Franchise Tax Board, upon receipt of such information,

shall inform the State Department of Social Services of any such applicant or recipient who received interest or dividends within the prior calendar year, as reflected on magnetic tape information returns supplied to the Franchise Tax Board by payors, or on the magnetic tape prepared by the Franchise Tax Board which reflects paper information returns supplied to the Franchise Tax Board by payors. In addition, the Franchise Tax Board shall provide, from those sources, the State Department of Social Services with information identifying the amount of the interest or dividends paid, and the address and the name of the payor thereof.

The Franchise Tax Board shall return all information received from the State Department of Social Services after completing the exchange of information with the State Department of Social Services.

SEC. 31.4. Section 23601.5 of the Revenue and Taxation Code is amended to read:

23601.5. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit, provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state return for the income year in which the energy conservation measures were installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the year in which the energy conservation measures were installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that year.

(3) With regard to premises in California which are owned by the taxpayer, other than a dwelling, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars ($6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measure.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars ($6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this

section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 income year. The remaining portion of the credit shall be carried over to succeeding income years until that credit is used.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(e) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined

effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (a), of the costs, notwithstanding the carryover provisions of subdivision (c).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (d):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistence

heating.

(I) Ventilation cooling fans; attic ventilators, and economizer systems.

(J) Heat pumps and water heating heat pumps (including those which use air, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows),

controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(N) For newly constructed dwellings:

(i) Storm or thermal windows or doors for the exterior of dwellings.

(ii) Evaporative coolers.

(iii) Heat absorbing or heat reflective glazed windows and door materials.

(iv) Exterior shading devices.

(v) Movable insulation such as shutters or thermal drapes.

(vi) Load management devices.

(vii) Floor insulation.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units, and (G), (H), (I), (J), (L), (M), and (N) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date set forth in this paragraph.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in premises other than multifamily dwelling units, and (K) installed in any premises, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1986.

Any unused credit may be used beyond the date specified on the same basis and to the same extent as permitted under the law in effect immediately prior to that date.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the

Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 24349.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the income year in which the energy conservation measure was installed or any prior income year.

(i) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(j) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to any energy conservation measure required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (f).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 31.6. Section 183 of the Streets and Highways Code is amended to read:

183. (a) All money in the State Highway Account in the State Transportation Fund derived from federal sources or from appropriations to other state agencies, or deposited in the account by local agencies or by others, is continuously appropriated to, and shall be available for expenditure by, the department for the purposes for which the money was made available.

Unless otherwise expressly provided for by law, none of the balance of the money in the State Highway Account shall be expended until it has been specifically appropriated by the Legislature or made available pursuant to Section 13322 of the Government Code.

The Budget Act appropriations shall be made on a program basis only and shall not identify the specific capital outlay projects to be funded. The commission shall be responsible for allocating the funds to specific projects within the budget program categories, except that all funds described in Chapter 5

(commencing with Section 2200) of Division 3 shall be allocated on a program basis to the department for allocation pursuant to that chapter.

(b) Notwithstanding subdivision (a), commencing with the 1985–86 Budget, the department shall submit with its budget requests a detailed description of the acquisition, improvement, and construction of office building projects to the Legislature for review. The total amount appropriated for those projects shall be identified as a separate line item in the Budget Act. Funds appropriated for those projects shall be allocated by the commission only for projects which have been approved by the Legislature. Minor projects are to be defined consistent with Section 167. The commission may substitute for approved minor projects, if the total sum of minor projects is within the amount approved by the Legislature.

SEC. 31.7. Section 307 is added to the Unemployment Insurance Code, to read:

307. The department shall provide, upon the request of any person or entity, any or all of the department's rules, regulations, guidelines, bulletins, manuals, standards of general application, or the departmental responsibilities under any state or federal law, along with any subscription service necessary to assure prompt receipt of additional amendments to any of the above materials. The department shall charge a fee to cover (1) the costs of reproducing the materials and (2) postage associated with a subscription service; however, one free copy of the materials shall be provided to each state legislator, upon request.

Any documents properly classified as confidential shall be exempt from the requirements of this section.

SEC. 31.8. Section 312 of the Unemployment Insurance Code is repealed.

SEC. 31.95. Section 5302 of the Unemployment Insurance Code is amended to read:

5302. (a) Whenever a registrant fails or refuses to appear for appraisal, or a certified registrant fails or refuses to accept employment or to otherwise participate in a work incentive or employment preparation program, the department shall determine whether the individual had good cause for the failure or refusal.

(b) The department shall exhaust efforts toward conciliatory resolution of disputes before it issues a notice of intended deregistration. The department shall inform the individual what may constitute good cause in writing on the same notice which informed him or her that an issue exists concerning his or her failure or refusal to cooperate or participate. The notice of unresolved issues, which are issues prior to the potential issuance of a notice of intended deregistration, shall clearly specify the action or actions that resulted in the unresolved issue, the proposed steps that the registrant may take towards conciliatory

resolution, and the right to offer a counter proposal towards conciliatory resolution, including the names and addresses of the local legal services office and welfare right office, if any, who can assist him or her with conciliation. The purpose of this effort is to encourage the participant to continue in the Work Incentive Program or Employment Preparation Program. The conciliatory effort shall begin no later than 10 days following the date of failure or refusal to participate as determined in subdivision (a). The conciliation effort may continue for a period not to exceed 30 days. However, the registrant, upon written request, may terminate this period sooner when he or she believes that conciliation will not resolve the dispute. If the registrant refuses to meet the conditions of the conciliation plan, the department may terminate the plan earlier. Upon meeting the agreed upon conciliation plan, the department shall inform the registrant of his or her successful completion of the plan in writing.

SEC. 32.2. Section 1504 of the Vehicle Code is amended to read:

1504. The department is under the control of a civil executive officer known as the Director of Motor Vehicles. The director shall be appointed by, and hold office at the pleasure of, the Governor.

SEC. 32.3. Section 2107 of the Vehicle Code is amended to read:

2107. The department is under the control of a civil executive officer, known as the Commissioner of the California Highway Patrol. The commissioner shall be appointed by the Governor with the advice and consent of the Senate to serve at the pleasure of the Governor, and shall have resided within the State continuously for at least five years immediately preceding his appointment.

SEC. 32.4. Section 2110 of the Vehicle Code is amended to read:

2110. The Assistant Commissioner of the California Highway Patrol shall be appointed by the commissioner, subject to the approval of the Governor, pursuant to the provisions of Article XXIV of the State Constitution.

SEC. 32.5. Section 2112 of the Vehicle Code is amended to read:

2112. The chief administrative officer of the department shall be appointed by the commissioner subject to the approval of the Governor, pursuant to the provisions of Article XXIV of the State Constitution.

SEC. 32.55. Section 3050.5 is added to the Vehicle Code, to read:

3050.5. Pursuant to Section 3016, the board shall establish a fee for the filing of any appeal, protest, or petition pursuant to this chapter.

SEC. 32.6. Section 121 of the Water Code is repealed.

SEC. 32.7. Section 180 of the Water Code is repealed.

SEC. 32.8. Section 13260 of the Water Code is amended to read:

13260. (a) Any person discharging waste or proposing to discharge waste within any region that could affect the quality of the waters of the state, other than into a community sewer system, and any person who is a citizen, domiciliary, or political agency or entity of this state discharging waste or proposing to discharge waste outside the boundaries of the state in a manner that could affect the quality of the waters of the state within any region, shall file with the regional board of that region a report of the discharge, containing such information as may be required by the board. No report need be filed when such requirement is waived pursuant to Section 13269.

(b) Every such person discharging waste shall file with the regional board of that region a report of any material change or proposed change in the character, location, or volume of the discharge.

(c) Each report under this section shall be sworn to or submitted under penalty of perjury.

(d) Each report under this section shall be accompanied by a filing fee of not to exceed fifty thousand dollars ($50,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved and shall be reasonably related to the costs to the regional board.

(e) When a report filed by any person pursuant to this section is not adequate in the judgment of the regional board, the board may require such person to supply such additional information as it deems necessary.

SEC. 33. Section 4024 is added to the Welfare and Institutions Code, to read:

4024. The State Department of Mental Health proposed allocations for level-of-care staffing in state hospitals that serve persons with mental disabilities shall be submitted to the Department of Finance for review and approval in July and again on a quarterly basis. Each quarterly report shall include an analysis of client characteristics of admissions and discharges in addition to information on any changes in characteristics of current residents.

The State Department of Mental Health shall submit by January 1 and May 1 to the Department of Finance for its approval: (a) all assumptions underlying estimates of state hospital mentally disabled population; and (b) a comparison of the actual and estimated population levels for the year to date. If the actual population differs from the estimated population by 50 or more, the department shall include in its reports an analysis of the causes of the change and the fiscal impact. The Department of Finance shall approve or modify the assumptions underlying all population estimates within 15 working days of their submission. If the Department of Finance does not approve or modify the

assumptions by such date, the assumptions, as presented by the submitting department, shall be deemed to be accepted by the Department of Finance as of that date. The estimates of populations and the comparison of actual versus estimated population levels shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance.

The Department of Finance shall also make available to the Joint Legislative Budget Committee a listing of all of the approved assumptions and the impact of each assumption, as well as all supporting data provided by the State Department of Mental Health or developed independently by the Department of Finance. However, such departmental estimates, assumptions, and other supporting data as have been prepared shall be forwarded to the Joint Legislative Budget Committee not later than January 15 or May 15 by the State Department of Mental Health in the event this information has not been released earlier.

SEC. 34. Section 4432 is added to the Welfare and Institutions Code, to read:

4432. The State Department of Developmental Services proposed allocations for level-of-care staffing in state hospitals that serve persons with developmental disabilities shall be submitted to the Department of Finance for review and approval in July and again on a quarterly basis. Each quarterly report shall include an analysis of client characteristics of admissions and discharges in addition to information on any changes in characteristics of current residents.

The State Department of Developmental Services shall submit by January 1 and May 1 to the Department of Finance for its approval: (a) all assumptions underlying estimates of state hospital developmentally disabled population; and (b) a comparison of the actual and estimated population levels for the year to date. If the actual population differs from the estimated population by 50 or more, the department shall include in its reports an analysis of the causes of the change and the fiscal impact. The Department of Finance shall approve or modify the assumptions underlying all population estimates within 15 working days of their submission. If the Department of Finance does not approve or modify the assumptions by such date, the assumptions, as presented by the submitting department, shall be deemed to be accepted by the Department of Finance as of that date. The estimates of populations and the comparison of actual versus estimated population levels shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance.

The Department of Finance shall also make available to the Joint Legislative Budget Committee a listing of all of the approved assumptions and the impact of each assumption, as well as all supporting data provided by the State Department of

Developmental Services or developed independently by the Department of Finance. However, such departmental estimates, assumptions, and other supporting data as have been prepared shall be forwarded to the Joint Legislative Budget Committee not later than January 15 or May 15 by the State Department of Developmental Services in the event this information has not been released earlier.

SEC. 36.5. Section 4456.5 of the Welfare and Institutions Code is amended to read:

4456.5. (a) The security of patients committed pursuant to Section 1026 of, and Chapter 6 (commencing with Section 1367) of Title 10 of Part 2 of, the Penal Code, and former Sections 6316 and 6321 of the Welfare and Institutions Code, at Patton State Hospital shall be the responsibility of the Director of the Department of Corrections.

(b) The Department of Corrections and the State Department of Mental Health shall jointly develop a plan to transfer all patients committed to Patton State Hospital pursuant to the provisions in subdivision (a) from Patton State Hospital no later than January 1, 1986, and shall transmit this plan to the Senate Committee on Judiciary and to the Assembly Committee on Criminal Justice, and to the Senate Health and Welfare Committee and Assembly Health Committee by June 30, 1983. The plan shall address whether the transferred patients shall be moved to other state hospitals or to correctional facilities, or both, for commitment and treatment.

(c) Notwithstanding any other provision of law, the State Department of Mental Health shall house no more than 1,034 patients at Patton State Hospital that have been committed pursuant to Section 1026 of, and Chapter 6 (commencing with Section 1367) of Title 10 of Part 2 of, the Penal Code, and former Sections 6316 and 6321 of the Welfare and Institutions Code.

(d) This section shall remain in effect only until all patients committed, pursuant to the provisions enumerated in subdivision (a), have been removed from Patton State Hospital and shall have no force or effect on or after that date.

SEC. 36.6. Section 4782 of the Welfare and Institutions Code is amended to read:

4782. Parents of children under the age of 18 years who are receiving 24-hour out-of-home care services through a regional center or who are residents of a state hospital or on leave from the state hospital shall be required to pay a fee depending upon their ability to pay, but not to exceed (1) the cost of caring for a normal child at home, as determined by the Director of Developmental Services, or (2) the cost of services provided, whichever is less. The State Department of Developmental Services shall determine, assess, and collect all parental fees in the manner as provided in Section 7513.2. The method of determination of the amount of the fee shall be the same, whether the child is placed

in the state hospital or in a public or private community facility. In no event, however, shall parents be charged for diagnosis or counseling services received through the regional centers.

SEC. 37. Section 4783 of the Welfare and Institutions Code is repealed.

SEC. 37.02. Section 9306.6 is added to the Welfare and Institutions Code, to read:

9306.6. The department shall administer the 8.5 percent administrative cost limitation as defined in paragraph 1 of subsection (d) of Section 304 of the federal Older Americans Act (42 U.S.C. Sec. 3024 (d) (1)), on a statewide basis. This allocation shall be based on notices of grant award.

The formula to be used for the allocation of those funds shall be as follows:

(a) Each planning and service area shall receive a base allocation of fifty thousand dollars ($50,000).

(b) The remainder of the funds available up to the 8.5 percent statewide limitation shall be distributed to area agencies on aging on the basis of the number of persons over the age of 60 years per planning and service area.

It is the intent of the Legislature that in the event that an area agency on aging chooses to use other sources of funds for the administration of its area plan, the federal money made available to that area agency on aging for administration shall be used for the provision of direct services within its planning and service area.

SEC. 37.1. Section 9312 is added to the Welfare and Institutions Code, to read:

9312. For the 1984–85 fiscal year, the department shall, utilizing federal or state funds, or both, provide funds for programs provided for under Title III of the federal Older Americans Act (42 U.S.C. Sec. 3021, et seq.) excluding reimbursements provided by the U.S Department of Agriculture and the funds provided in the Budget Act of 1984 for cost-of-living adjustment for Title III B of the Older Americans Act to each planning and service area, as follows:

(a) (1) The amount of seven hundred thirteen thousand six hundred twenty-seven dollars ($713,627) shall be provided to planning and service area No. 1.

(2) The amount of one million five hundred fourteen thousand eight hundred eighteen dollars ($1,514,818) shall be provided to planning and service area No. 2.

(3) The amount of one million two hundred five thousand five hundred fifteen dollars ($1,205,515) shall be provided to planning and service area No. 13.

(b) For all planning and service areas except those referred to in subdivision (a), funds shall be provided using the following formula:

(1) The department shall determine the amount of federal and

state local assistance funds which would have been allocable under the terms of Items 4170-101-001 and 4170-101-890 of the Governor's Budget as amended by a letter from the Department of Finance dated April 11, 1984, for programs provided for under Title III of the federal Older Americans Act, (42 U.S.C. Sec. 3021, et seq.), and shall subtract from this amount the sum of three million four hundred thirty-three thousand nine hundred sixty dollars ($3,433,960).

(2) Each planning and service area shall receive an amount of funds equal to the amount of funds for programs under Title III of the federal Older Americans Act which was allocated to that planning and service area for the 1979–80 fiscal year, as indicated in the Intrastate Funding formula contained in the state plan submitted to the federal government for the 1983–84 fiscal year.

(3) An amount of funds which equals the difference between the total amount allocated under paragraph (2), and the amount derived under paragraph (1) shall be allocated as follows:

(A) Fifty percent of the amount derived under paragraph (3) shall be allocated to each planning and service area in proportion to each planning and service area's portion of the state's population of persons who are both recipients of aid under the State Supplementary Program provided for in Chapter 3 (commencing with Section 12000) of Part 3 of Division 9, and who are 65 years of age or older.

(B) The remaining 50 percent of the amount derived under paragraph (3) shall be allocated to each planning and service area in proportion to each planning and service area's portion of the state's population of persons who are both not recipients of aid under the State Supplementary Program, and who are 60 years of age or older.

(4) If any planning and service area receives an amount of funds under the formula provided for in paragraphs (2) and (3) which is less than the planning and service area would have received under the planning estimate issued by the department and dated January 17, 1984, as adjusted to reflect the Department of Finance letter referred to in paragraph (1), the department shall provide that planning and service area with the amount of funds equal to the difference between the amount provided pursuant to paragraphs (2) and (3) and the amount which would have been received under the planning estimate as adjusted by the Department of Finance letter.

(5) The department shall also provide additional funding to planning and service areas in order to ensure that each planning and service area shall receive an amount of funds under this subdivision which equals at least 5 percent in excess of the planning and service areas allocation under paragraphs (2) and (3).

(c) The amounts specified in subdivision (a) shall be adjusted to reflect the administrative base defined in Section 9306.6.

(d) Within each planning and service area priority for distributing new funds shall be given to low income and minority neighborhoods and to serve the frail elderly.

This section shall become inoperative on July 1, 1985, and, as of January 1, 1986, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1986, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 37.2. Section 9313 is added to the Welfare and Institutions Code, to read:

9313. For the 1985–86 fiscal year, the department shall, utilizing federal or state funds, or both, provide funds for programs provided for under Title III of the federal Older Americans Act (42 U.S.C. Sec. 3021, et seq.) to each planning and service area as follows:

(a) The same amount shall be provided to planning and service areas No. 1, 2, and 13 as they received in the 1984–85 fiscal year.

(b) For all planning and service areas except for those referred to in subdivision (a), funds shall be provided using the following formula:

(1) The department shall determine the total amount of funds allocated pursuant to Section 9312 for the 1984–85 fiscal year and shall subtract from this amount the sum of the funds provided to planning and service areas No. 1, 2, and 13 as specified in subdivision (a).

(2) Each planning and service area shall receive an amount of funds equal to the amount of funds for programs under Title III of the federal Older Americans Act which was allocated to that planning and service area for the 1979–80 fiscal year, as indicated in the Intrastate Funding formula contained in the state plan submitted to the federal government for the 1983–84 fiscal year.

(3) An amount of funds which equals the difference between the total amount allocated under paragraph (2), and the amount derived under paragraph (1) shall be allocated as follows:

(A) Fifty percent of the amount derived under paragraph (3) shall be allocated to each planning and service area in proportion to each planning and service area's portion of the state's population of persons who are both recipients of aid under the State Supplementary Program, provided for in Chapter 3 (commencing with Section 12000) of Part 3 of Division 9, and who are 65 years of age or older.

(B) The remaining 50 percent of the amount derived under paragraph (3) shall be allocated to each planning and service area in proportion to each planning and service area's portion of the state's population of persons who are both not recipients under the State Supplementary Program and who are 60 years of age or older.

(c) (1) The department shall determine the percentage difference between the amount received by planning and service area No. 3, under its total allocation pursuant to Section 9312 for

the 1984–85 fiscal year, and the amount provided in the 1984–85 Budget Act as a cost-of-living increase for programs under Title III B of the Older Americans Act and which has not been included in Section 9312, and the amount received by planning service area No. 3, under subdivision (b).

(2) In addition to the allocations made pursuant to subdivision (b), each planning and service area, except for planning and service areas No. 1, 2, 3, and 13, shall receive a percentage increase in excess of the amount allocated to that planning and service area pursuant to subdivision (b) in the amount of the percentage figure determined under paragraph (1).

(c) The amounts specified in subdivision (a) shall be adjusted to reflect the administrative base defined in Section 9306.6.

(d) Within each planning and service area priority for distributing new funds shall be given to low income and minority neighborhoods and to serve the frail elderly.

This section shall become inoperative on July 1, 1986, and, as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 37.6. Section 9354 is added to the Welfare and Institutions Code, to read:

9354. (a) All planning and service areas shall use no more than 10 percent of their annual total baseline allocation received pursuant to Title III B (42 U.S.C. Sec. 303(d)) for program development, advocacy, and coordination.

(b) Area agencies on aging shall not use state match funds for the purpose of program development, advocacy, and coordination.

(c) Program development activities are those activities which either establish a new service or improve, expand, or integrate existing services. These activities shall achieve a specific goal or objective and occur within a specific time frame.

(d) Of the allowable 10 percent available for program development, advocacy, and coordination activities, at least 20 percent shall be budgeted for advocacy activities by area agency on aging advisory councils.

(e) All other activities not specifically budgeted as advocacy, but undertaken on behalf of advisory council operations, shall be charged to area plan administration and shall be subject to any limitations on the amount of funds which are allocated for administration of the area plan.

SEC. 38. Section 10614 is added to the Welfare and Institutions Code, to read:

10614. (a) The department shall annually submit by September 10 of each year and March 1 of the following year, to the Department of Finance for its approval, all assumptions underlying all estimates related to all of the following:

(1) Average monthly caseload for each of the categorical aid

programs.

(2) Average grant for each of the categorical aid programs.

(3) Total estimated expenditures for each of the categorical aid programs.

(4) Savings or costs associated with all regulatory or statutory changes.

(b) The Department of Finance shall approve or modify the assumptions underlying all estimates within 15 working days of their submission. If the Department of Finance does not approve or modify the assumptions by such date, the assumptions as presented by the submitting department shall be deemed to be accepted by the Department of Finance as of that date.

(c) Assumptions shall be released to the legislative fiscal committees immediately following approval or modification by the Department of Finance. The department shall identify those premises to which either of the following apply:

(1) Have been discontinued since the previous estimate was submitted.

(2) Have been placed in the basic cost line of the estimate package.

(d) The department shall submit an estimate of expenditures for each of the categorical aid programs to the Department of Finance by November 1 of each year and April 20 of the following year. Each estimate shall contain a concise statement identifying applicable estimate components, such as caseload, unit cost, implementation date, whether it is a new or continuing premise, and other assumptions necessary to support the estimate. The submittal shall include a projection of the fiscal impact of each of the approved assumptions related to a regulatory, statutory, or policy change; a detailed explanation of any changes to the base estimate projections from the previous estimate; and a projection of the fiscal impact of such change to the base estimate.

(e) (1) The department shall submit to the Department of Finance, as part of the estimates compiled November 1 each year, a brief narrative description of the methodological steps employed in arriving at all of the following:

(A) The basic grant costs for the Aid to Families with Dependent Children program and State Supplementary Program.

(B) The basic administrative costs for the Aid to Families with Dependent Children program and Food Stamp program.

(C) All cost estimates for the In-Home Supportive Services program.

(D) Any cost estimate for new regulations or legislation which exceeds 2 percent of the total cost of the affected program.

(2) These methodological discussions shall be forwarded to the Joint Legislative Budget Committee and the fiscal committees along with the November 1 annual estimates of expenditures. In addition, the department shall, upon request, develop and make available brief written narratives of the steps taken to arrive at

specified estimates. Copies of the written narratives, working papers, and data employed in the construction of any estimate used to prepare the Governor's Budget shall be made available by the State Department of Social Services upon request to the Joint Legislative Budget Committee or the Department of Finance.

(f) In the event that the methodological steps employed in arriving at those estimates in May differ from those used in November of the preceding year, the department shall submit a brief narrative description of the revised methodology to the Department of Finance, the Joint Legislative Budget Committee. and the fiscal committees, along with other materials included in the annual May revision of expenditure estimates.

(g) The estimates of average monthly caseloads, average monthly grants, total estimated expenditures (including administrative expenditures and savings or costs associated with all regulatory or statutory changes), as well as all supporting data provided by the department or developed independently by the Department of Finance, shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance. These departmental estimates, assumptions, and other supporting data as have been prepared shall, however, be forwarded annually to the Joint Legislative Budget Committee not later than January 10 and May 15 by the department if this information has not been released earlier by the Department of Finance.

SEC. 39.5. The heading of Chapter 4.1 (commencing with Section 10815) of Part 2 of Division 9 of the Welfare and Institutions Code is amended to read:

CHAPTER 4.1. STATEWIDE AUTOMATED WELFARE SYSTEM

SEC. 40.5. Section 10815 of the Welfare and Institutions Code is amended to read:

10815. The department shall ensure the efficient, effective, and equitable administration of public assistance programs by implementing statewide, in accordance with the provisions of this chapter a statewide automated welfare system based upon state-mandated standards for the following public assistance programs: Aid to Families with Dependent Children-unemployed parents, Aid to Families with Dependent Children-family group, Aid to Families with Dependent Children-foster care, food stamps, Medi-Cal eligibility, aid for adoption of children, special adult programs, and, to the extent feasible, social services and child support enforcement programs.

SEC. 40.7. Section 10818 of the Welfare and Institutions Code is amended to read:

10818. The department shall submit to the Joint Legislative Budget Committee by August 1, 1984, a detailed work plan for the implementation of the statewide automated welfare system. The work plan shall include at least the following:

(a) A detailed description of the functions to be performed by the system.

(b) The sequence of the functions to be assumed by the system, and the dates on which the functions would be assumed.

(c) The long-range design goals for California's welfare computer systems.

(d) The cost of the equipment and the administrative costs of implementing the system.

(e) The impact of such a system on the administration of such public assistance programs.

(f) Mechanisms by which the savings resulting from computer systems development can be recouped through reduced welfare administrative costs.

(g) A detailed description of how the data will be collected, stored, and disseminated to protect the privacy of individuals to ensure the confidentiality of such data.

(h) Recommendations for necessary legislative changes to implement the system.

The department shall provide to the counties no later than July 15, 1984, copies of the draft of the detailed work plan. The counties may submit no later than August 15, 1984, to the Joint Legislative Budget Committee their comments and recommendations on the detailed work plan.

SEC. 40.9. Section 10819 of the Welfare and Institutions Code is amended to read:

10819. The department may test the system in several counties prior to actual statewide implementation. Criteria in selecting county test sites may include high dollar error rates for overpayments and payments to ineligibles, high administrative unit costs, size of county, and scope of data-processing activities.

The department may delay implementation of the system in counties where not cost effective. If the implementation is delayed in such counties, the counties shall make available their data on a timely basis so that a statewide file on public assistance recipients can be maintained.

SEC. 41.2. Section 10820 of the Welfare and Institutions Code is amended to read:

10820. To ensure statewide uniformity in program administration, the department shall do the following:

(a) Develop and publish an exclusive manual of standards procedures for use by county welfare departments in their daily administration of public assistance programs.

(b) Provide a comprehensive training package for the use of the uniform standards manual.

(c) Develop standard forms to use with the statewide automated welfare system.

SEC. 41.5. Section 10822 of the Welfare and Institutions Code is amended to read:

10822. The department shall provide an annual report to the

Legislature on March 1, 1985, and March 1 of each year thereafter, on the progress in implementing the system.

Such a report shall contain at least the following information:

(a) The functions assumed by the system.

(b) The effectiveness of the system as measured by dollar error rates.

(c) The costs and savings of the system.

(d) The fiscal impact of the system on the administration of such public assistance programs.

(e) The impact of the system on fraud detection, and reduction in duplicate payments.

(f) The responsiveness of the system in meeting recipient's needs.

(g) Recommendations for further legislative action.

(h) Any revisions in the long-range plan that will affect the objectives to be accomplished in the following year.

SEC. 41.7. Section 10823 of the Welfare and Institutions Code is amended to read:

10823. Nothing in this chapter shall be construed to reduce or otherwise impair the authority of the State Department of Health Services under Sections 10740 and 14100.1 as the single state agency responsible for administration of the medical assistance program. However, the State Department of Social Services shall develop and implement a statewide automated welfare system for the public assistance programs as provided in Section 10815. The department, in developing this system, shall recognize and utilize to the extent feasible, the centralized Medi-Cal eligibility system now maintained by the State Department of Health Services, and shall ensure that the fully implemented system shall meet those Medi-Cal program requirements deemed necessary by the State Department of Health Services. Both departments shall coordinate their efforts to ensure the mutual benefits of the statewide automated welfare system.

SEC. 44.5. Section 11025 of the Welfare and Institutions Code is amended to read:

11025. The State Department of Social Services shall utilize the records of the Franchise Tax Board to match interest, dividends, and other income against reported income of applicants for and recipients of aid or public social services under this division. When the State Department of Social Services has determined that the income reported by an applicant or recipient does not agree with the information received from the Franchise Tax Board, the State Department of Social Services shall refer the information to the appropriate agency. Any and all documents and records which result from the matching of records with the Franchise Tax Board shall be subject to the confidentiality requirements of Section 10850. Information not referred to the appropriate agency shall be destroyed by the State Department of Social Services.

This section shall not be construed to supersede the

requirements and protections in the California Right to Financial Privacy Act under Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code in obtaining information in possession of any financial institution.

SEC. 44.7. Section 11027 of the Welfare and Institutions Code is repealed.

SEC. 45.5. Section 11056 of the Welfare and Institutions Code is amended to read:

11056. If the applicant is determined to be eligible, aid shall be granted from the date of application if authorizing action by the eligibility worker is taken in that month; or the beginning date of aid is the first of the month following the date of application only if the authorizing action is taken by the eligibility worker at a later date.

The county at the time of receiving an application for public assistance shall determine and verify whether the applicant needs immediate assistance. If it is determined that the applicant is eligible for public assistance, and a signed affirmation is on file to this effect, aid shall be granted immediately. If subsequent investigation establishes ineligibility, the cost of such assistance shall be shared by the state and county in accordance with the applicable sharing ratio after federal contributions are deducted.

The director shall, within 30 days after the enactment of SB 1379 of the 1983–84 Regular Session, adopt regulations implementing this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the director in order to implement this section shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 46.5. Section 11311 of the Welfare and Institutions Code is amended to read:

11311. The Employment Development Department, in consultation with the State Department of Social Services, shall contract with San Diego County, at the county's option, to provide experimental work experience assignments for unemployed parents receiving aid under this chapter who have completed job search assistance workshops and are still unemployed and for whom such work experience assignments are appropriate based upon an assessment by the county under contract with the Employment Development Department. Primary participants

will be the designated unemployed parent from two-parent AFDC families.

A work experience assignment shall provide all of the following:

(a) Appropriate standards for health, safety, and other conditions applicable to the performance of work.

(b) Assignments which do not result in displacement of persons currently employed (including reduction in overtime pay), the filling of established unfilled position vacancies, or infringement upon promotional opportunities, which would otherwise be available to currently employed regular employees by any actions taken on behalf of a participant in other than an entry-level position, prior to compliance with applicable personnel procedures and collective bargaining agreements.

(c) Reasonable conditions of work, taking into account the geographic region, the residence of the participants, and the proficiency of the participants.

(d) Participants shall not be required to travel an unreasonable distance from their homes or remain away from their homes overnight.

(e) The maximum number of hours in any month that a participant may be required to work is that number which equals the amount of aid payable with respect to the family of which the individual is a member divided by the greater of the federal or the applicable minimum wage. In no event shall the hours of required work exceed 32 hours in four days of any given workweek, the fifth day of the workweek remaining for job search.

(f) Transportation and other costs reasonably necessary and directly related to participation in the assignment.

(g) An assignment shall not be developed in response to, or be associated with, the existence of a strike, lockout, or other bona fide labor dispute, or be in violation of any existing collective bargaining agreement between employees and employers.

(h) An assignment shall not be developed through replacement of a person in a position that has been created by termination or layoff of a person for purposes of this section.

(i) A person shall not be required to accept a work experience assignment if the assignment would result in the removal of the individual from an accredited educational institution, if the individual is enrolled in nine or more semester units toward the attainment of a degree or a certification.

The purpose of the work experience experiment shall be to determine the usefulness of such an approach in achieving the eventual employment of the unemployed parent.

The work experience assignment shall be in public and private nonprofit agencies which meet the requirements of subdivision (e) of Section 5007.5 of the Unemployment Insurance Code.

The County of San Diego shall be responsible for the nonfederal costs of all work-related expenses.

Notwithstanding Section 11308, if a principal wage earner is

sanctioned due to failure to meet the requirements of this section, failure to meet these requirements shall not affect the eligibility for aid of any other member of the family unit. This paragraph shall not be operative if it is found to jeopardize federal financial participation for the remaining portions of the program authorized by this section provided that the federal government issues a final order and the state has exhausted all available remedies.

From whatever state or federal funds are appropriated to support community work experience programs, funds shall be allocated sufficient to meet the child care needs of eligible participants, including those participants with school age children who are in need of care before or after school hours.

This section shall be operative after December 31, 1984, only if the State Department of Social Services uses its best efforts to secure the necessary federal waivers to implement the demonstration program authorized by Article 3.8 (commencing with Section 11347) of this chapter and the director so certifies to the Joint Legislative Budget Committee and the fiscal committee of each house of the Legislature by that date.

This section shall remain in effect only until July 1, 1985, and on that date is repealed.

SEC. 47.5. Article 3.8 (commencing with Section 11347) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.8. Welfare Employment Services and Training Program

11347. This program shall be referred to as the Welfare Employment Services and Training Program.

11347.1. The Legislature finds and declares:

(a) Although many recipients of aid under this chapter would prefer to be economically independent of public assistance, many barriers to attaining that goal exist.

(b) The existing system of employment and training programs for recipients of aid under this chapter is inadequate to help recipients overcome these barriers to employment, which include lack of adequate child care, transportation, education, training, and work experience.

(c) A system of employment services tailored to the individual needs and work histories of recipients may have more success in helping recipients to become self-sufficient.

(d) Work-for-benefit, or workfare, programs may not provide for long-term economic independence of recipients of aid under this chapter, and may therefore not be a viable alternative to the existing system.

It is therefore the intent of the Legislature to test an alternative to both workfare and the existing system, in order to determine

the relative cost-effectiveness of each in attaining the goal of economic independence for recipients of aid under this chapter.

11347.2. As used in this article, "department" refers to the State Department of Social Services and "program" means the Welfare Employment Services and Training Program.

The department, in cooperation with the Employment Development Department, shall conduct a demonstration program in Sacramento to test the program described in this article. The purpose of this test is to determine the effectiveness of a comprehensive system of employment and training programs in assisting recipients of aid under this chapter find employment in unsubsidized jobs and eventually attain economic self-sufficiency.

To the extent permitted under federal law, the department shall operate the program, as a Work Incentive Demonstration Program in accordance with the provisions of Section 445 of the federal Social Security Act as amended (42 U.S.C. Sec. 645). The department shall seek the appropriate waivers necessary to implement the provisions of this article.

11347.3. (a) Any applicant for or recipient of aid under this chapter, including unemployed applicants and recipients of aid pursuant to subdivision (b) of Section 11201, shall be entitled to participate voluntarily in the program. If the number of available positions in the program is limited, the county welfare department may give priority in selecting participants to those deemed most employable or able to benefit from this program.

(b) Registration for the program shall be conducted at the county welfare office on the day of application for aid, or as soon thereafter as possible.

11347.4. (a) Every applicant and recipient who volunteers to participate in employment and training programs shall follow the procedures outlined in this article.

(b) Upon registration into the program at the county welfare department, all participants shall be apprised of their obligations and responsibilities with respect to employment and shall be informed of the type of employment, training, and related supportive services available to them. These applicants and recipients shall also be informed of their right to appeals, fair hearings, and the conciliation process. This orientation shall occur on the day of registration, and shall be provided in writing as well as verbally.

(c) Following the orientation session, the county shall schedule the participant for an appraisal interview on the day of orientation or as soon thereafter as possible, at a time mutually convenient to the participant and the worker. The participant shall receive a written notice of the time, date, and location of the appraisal interview, if it is not held on the day of registration.

The purpose of the appraisal interview is to determine the individual's educational and employment background, potential

for employment, and need for supportive services necessary for participation in the program. An explanation of the Employment Plan required in Section 11347.5 and the program components listed in Section 11347.6 shall be provided at this time.

11347.5. (a) An employment plan shall be developed for each participant. This plan shall be the basis for the individual's participation in the program and shall be jointly developed by the department and the participant. The plan shall contain the progressive steps necessary for each participant to achieve the final goal of seeking and obtaining self-sustaining unsubsidized employment. The plan shall clearly identify the specific skill or skills which the participant is expected to acquire in each step of the plan and the length of time necessary for each step. Career goals identified for a participant shall be consistent with the results of the assessment and with options available to program participants.

(b) Assessment and career counseling shall be provided prior to the development of the employment plan. The purpose of this assessment and counseling is to help the participant focus on career goals and to identify the educational, training or job placement and training options which will help in the attainment of those goals. The results of the assessment and career counseling shall be used in developing the employment plan.

(c) The employment plan shall also identify the supportive services necessary for the participant's effective participation in the program, as identified in the appraisal interview. Participation in the program shall be deferred until the time that all supportive services so identified have been provided. In no event shall the participant be required to use his or her aid grant, income, or resources to pay for the costs of participation, including child care and transportation costs. The costs of these services shall be advanced to a participant, unless expressly waived in writing by him or her. In the first month of participation, a standard allowance of one hundred sixty dollars ($160) for child care and three dollars ($3) per day for transportation shall be advanced to participants. Participants shall be required to keep accurate records of actual expenses for these services. After the first month of participation, advances shall be based on actual expenses, not to exceed two hundred dollars ($200) per month per child. At the county welfare department's discretion, higher amounts may be advanced for care of infants, for care of children with special needs, and for other special circumstances warranting a higher amount.

(d) The employment plan, and any modifications as described in Section 11347.6, shall be a written document signed by both the department and the participant to indicate mutual agreement to the plan. The participant shall receive one copy of the plan and the original shall be retained by the department. A copy of the plan shall also be provided to the agency administering the

component to which a participant is assigned, pursuant to Section 11347.7. The plan shall become effective three working days after both parties sign the plan.

11347.6. The employment plan may be changed or modified within three working days after the participant and department sign the plan, and at any subsequent time upon the request of the participant, subject to the conditions contained in this section. Changes or modifications may be made to the plan:

(a) At any time if both the department and the participant agree to the change or modification.

(b) Within three working days after the original agreement to the plan.

(c) For up to two changes requested by the participant. After the second change made pursuant to this subdivision, the participant shall undergo the assessment and career counseling provided for in subdivision (b) of Section 11347.5 if this service has not already been provided. The employment plan may then be changed to reflect the results of the assessment and counseling if both the department and the participant are in agreement. If the department and the participant do not agree, the participant shall abide by the most recent version of the employment plan. An appeal may be filed by the participant.

(d) At any time for good cause. Examples of good cause include a change in a participant's family circumstances such as death of a spouse or parent who was providing care for a child, physical incapacity of the individual for a temporary period, change of residence such that commuting to an assignment requires more than two hours round trip time, and other changes that require a change in the employment plan.

(e) At the time that the plan is reviewed by the department and participant. The review shall be conducted on a quarterly basis, to the extent feasible, and no less frequently than every six months, in a joint meeting of the two parties to determine whether the plan is still appropriate to leading the participant toward economic independence.

11347.7. Components to which a participant may be assigned in the employment plan may include, but not be limited to all of the following:

(a) Programs operated pursuant to the Family Economic Security Act, as authorized by Division 8 (commencing with Section 15000) of the Unemployment Insurance Code.

(b) The Child Care Work Experience Program, as authorized by Section 11310.5.

(c) The Supported Work Program, as authorized by Article 3.3 (commencing with Section 11321).

(d) The Employment Search Program, as authorized by Section 11325.

(e) The California Welfare Employment Skills Training Act, as authorized by Article 3.7 (commencing with Section 11340).

(f) The Youth Employment and Development Act, as authorized by Chapter 2.5 (commencing with Section 9800) of Part 1 of Division 3 of the Unemployment Insurance Code.

(g) The California Work-Site Education and Training Act, as authorized by Chapter 2.7 (commencing with Section 9900) of Part 1 of Division 3 of the Unemployment Insurance Code.

(h) The Job Agent Program, as authorized by Article 3 (commencing with Section 9700) of Chapter 2 of Part 1 of Division 3 of the Unemployment Insurance Code.

(i) The Career Opportunities Development Program, as authorized by Division 4 (commencing with Section 12000) of the Unemployment Insurance Code.

(j) The Service Center Program, as authorized by Executive Order 66-11.

(k) The Employment Training Program, as authorized by Chapter 3.5 (commencing with Section 10200) of Part 1 of Division 3 of the Unemployment Insurance Code.

(*l*) Vocational education, as authorized by Chapter 9 (commencing with Section 52300) of Part 28 of Division 4 of Title 2 of the Education Code.

(m) Adult education, as authorized by Chapter 10 (commencing with Section 52500) of Part 28 of Division 4 of Title 2 of the Education Code.

(n) The Cooperative Agencies Resources for Education Program, as authorized by Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code.

(o) Community college and other educational programs, to the extent that they provide specific employment skills training that can be completed within a sufficient period of time to achieve economic independence. Referrals shall not be made to programs that are not consistent with the employability plan developed pursuant to this section. As used in this subdivision, "sufficient period of time" shall not exceed the limitations specified in Section 11347.8.

(p) Any other employment, training, or educational program available on a voluntary basis to persons eligible for aid under this chapter.

11347.8. When an applicant or recipient is enrolled in an educational institution, including a college or university, a vocational training course, or other job program which the recipient and the department agree in the employment plan will lead to economic independence, the recipient's course of study shall be deemed to be an adequate employability plan. In this case, the recipient shall be reassessed annually and shall be given the appropriate job search services upon completion of his or her course of study. In no case shall the course of study extend beyond a period of 18 months from the time an applicant or recipient registers to participate in the Welfare Employment Services and

Training Program.

11347.9. (a) Participation in the program shall be subject to, among other things, the availability of supportive services necessary for participation and the availability of openings in components contained in the employment plan. If the agreed to component activity is unavailable due to a waiting list, the participant may either be placed on the waiting list and wait until a slot is available or may request a reappraisal interview and a modification of the employment plan.

(b) Participation in a chosen component activity is required of all participants unless good cause, as defined in Section 11348 exists.

11348. For purposes of this article, good cause for failure to participate or cooperate, for terminating employment or training for employment, for reducing earnings from employment or reducing training for employment, or for failure to accept or refusal to accept an offer of employment or training for employment, exists in, but is not limited to, all of the following situations:

(a) An assignment, job referral or job does not meet appropriate work and training criteria in that:

(1) The employment, offer of employment, activity or other training for employment discriminates in terms of age, sex, race, religion, ethnic origin, or physical or mental handicap.

(2) The employment or offer of employment exceeds the daily or weekly hours of work customary to the occupation.

(3) The employment, offer of employment, activity or other training for employment requires travel to and from the place of employment, activity or other training and one's home that exceeds a total of two hours in round trip time, exclusive of the time necessary to transport family members to a school or place providing care; or when walking is the only available means of transportation, and the round trip is more than two miles, exclusive of the mileage necessary to accompany family members to a school or a place providing care.

(4) The employment, offer of employment, activity or other training for employment involves conditions and specific responsibilities that impair the individual's physical or mental health or are not related to the individual's capability to perform the task on a regular basis.

(5) The employment, offer of employment, activity or other training for employment involves conditions that are in violation of applicable health and safety standards.

(6) The employment, offer of employment or work activity does not provide for worker's compensation insurance.

(7) The employment, offer of employment or work activity is a result of, or results in any of the following:

(A) Displacement of persons currently employed, including reduction in overtime pay, or the filling of established unfilled

position vacancies.

(B) A participant is assigned to perform work in any position in which any other person is on layoff.

(C) A participant is assigned to perform work resulting from the termination of employment of any regular employee, or resulting from a reduction of workforce by the employer.

(D) Promotional opportunities which would otherwise be available to currently employed regular employees are infringed upon by any actions taken on behalf of a participant, or a regular job is filled by a participant in other than an entry-level position prior to compliance with applicable personnel procedures and collective bargaining agreements.

(E) A participant is assigned to perform any work customarily performed by any position within a recognized collective bargaining unit.

(F) The assignment is developed in response to, or is associated with, the existence of a strike, lockout, or other bona fide labor dispute, or violates any existing collective bargaining agreement between employees and employers.

(8) The employment, offer of employment, activity or other training is not within the scope of the employment plan.

(9) Accepting the employment, offer of employment or work activity would cause the individual to violate the terms of his or her union membership.

(10) Accepting the employment, offer of employment or work activity would cause an interruption in a program in process under the Welfare Employment Services and Training Program, or would prevent the individual from returning to his or her regular job within a reasonable time, unless the job offer provides either of the following:

(A) employment and sufficient income to lead to self-support and the job offer is within the scope of the employment plan.

(B) Temporary employment while the individual is waiting for reemployment in his or her regular job.

(11) The employment or offer of employment is at a wage level that results in a net loss of income, in accordance with subdivision (l).

(b) The individual is temporarily physically incapacitated or suffers temporary physical illness.

(c) The individual is required to appear in a court proceeding or is incarcerated.

(d) The individual is suffering a family crisis or changed individual family circumstance as evidenced, for example, by the death of a spouse, parent or child or an illness of a spouse, parent or child which requires the individual's immediate attention.

(e) Inclement weather or other act of nature precludes individual and other persons similarly situated from traveling to an activity.

(f) There is a breakdown in transportation arrangements with

no ready access to alternate transportation.

(g) The individual needs any other necessary social service not specifically mentioned.

(h) An individual refuses to accept major medical services even if such refusal precludes participation in the program.

(i) Suitable state licensed child care is totally unavailable, or unavailable during the individual's hours of training or employment including commuting time, or arrangements for child care have broken down or have been interrupted. This exemption shall include the unavailability of suitable special needs child care for identified special needs children, such as handicapped or retarded children or the unavailability of suitable child care for children with other specific needs.

(j) An individual is engaged in employment or training that is consistent with the employability objectives of the program, and prior notification and approval from the worker has been received.

(k) Any reason other than those specified above, including but not limited to appearance at job interviews, when the reason is appropriate and reasonable under the circumstances.

(*l*) Net loss of income would occur pursuant to the conditions provided for in this paragraph, if an offer of employment is accepted. Net loss of income shall be deemed to occur whenever the gross monthly earnings from a job, less any income disregards applicable to persons eligible for aid under this chapter, equal an amount less than 175 percent of the appropriate minimum basic standard of adequate care, as specified in Section 11452, adjusted for cost-of-living adjustments pursuant to Section 11453.

For purposes of computing the income disregards, the actual costs of child care, transportation, and other mandatory work-related expenses shall be used.

11348.1. (a) Whenever a participant fails or refuses to accept employment or to otherwise participate in the program, the department shall determine whether the individual had good cause, as defined in Section 11348, for the failure or refusal.

(b) The department shall exhaust efforts toward conciliatory resolution of disputes before sanctions are applied. The purpose of this effort is to encourage participation in the program. If the participant agrees to again participate or cooperate, all further efforts toward conciliation in this subdivision shall cease.

(c) If the department determines that good cause does not exist, and the participant has not agreed to participate or cooperate as provided in subdivision (b), a written notice shall be sent to the participant within five working days of that determination. This notice shall contain all of the following information:

(1) Notification that conciliation efforts have started.

(2) A listing of participant actions that initiated the conciliation efforts.

(3) The day and time of an appointment with departmental staff.

(4) Advisement of the availability of legal services if the participant desires them.

(5) At the time of the appointment, the participant shall be advised of remedies available to resolve the dispute.

(d) The conciliatory effort shall begin no later than 10 days following the date of failure or refusal to participate. The conciliation effort may continue for a period not to exceed 30 days. The participant, however, upon written request, may terminate this period sooner when he or she believes that conciliation will not resolve the dispute. The department shall advise the participant of the right to terminate the conciliation effort and, when necessary, assist the participant in preparing a written request to do so.

(e) If conciliation efforts are terminated or if the participant is dissatisfied with the results of the conciliation effort, he or she may request a state hearing on the issue as authorized by Chapter 7 (commencing with Section 10950) of Part 2.

11348.2. (a) At the conclusion of conciliation efforts, the department shall apply the following sanctions to an individual who fails, or refuses to accept, employment, or to otherwise participate in the program, without good cause, as defined in Section 11349:

(1) For the first occurrence, the individual shall not be allowed to participate in the program for three payment months.

(2) For the second or subsequent occurrence, the individual shall not be allowed to participate for six payment months.

(b) During the sanction period specified in subdivision (a), the following sanctions shall also apply:

(1) If the individual is a caretaker relative or principal wage earner receiving aid under this chapter, his or her needs shall not be taken into account in determining the family's need for assistance, and assistance in the form of protective or vendor payments shall be provided to the remaining members of the assistance unit. Under these circumstances, the caretaker relative may not be the protective payee.

(2) If the individual is the only dependent child in the family, assistance for the family shall be denied.

(3) If the individual is one of several dependent children in the family, assistance for the individual shall be denied and his or her needs shall not be taken into account in determining the family's need for assistance.

(4) If an individual would have been exempt from registration for the Work Incentive Program pursuant to subdivision (b) of Section 11310, and is a recipient of aid under this chapter and has failed or refused to participate in the Welfare Employment Services and Training Program without good cause, the sanctions specified in subdivision (a) shall apply, but the sanctions specified

in subdivision (b) shall not apply.

(d) For the purposes of this section, the term "principal wage earner" shall be defined as the parent who earns the greatest amount of income during the two-year period immediately preceding application for benefits.

(e) The sanctions provided by this section shall become effective on the first day of the first payment month that the sanctioned individual's needs are removed from aid under this chapter.

(f) If the participant has requested a state hearing pursuant to subdivision (e) of Section 11348.1, sanctions shall be applied, if warranted, only upon the conclusion of the hearing.

To assure that available funding sources are adequately utilized to carry out the provisions of this article, the department and the Employment Development Department shall implement the procedures set forth in those articles in a manner which will ensure the most efficient use of federal funding available under the Work Incentive Program established pursuant to Part C of Title IV of the federal Social Security Act (42 U.S.C. Sec. 630, et seq.), the Employment Search Assistance program, including federal funding available for supportive services, as authorized by provisions of PL 97-248, the Job Training Partnership Act established by PL 97-300, and other federal and state funding available through the consolidated work program fund established pursuant to Section 15082 of the Unemployment Insurance Code.

In addition to those sources, the department shall, for the purposes of securing or providing supportive services, including child care, transportation, job search assistance, and subsidized employment and training necessary to enable employable persons to enter the job market, enter into agreements to utilize the resources of all appropriate state and federal employment and welfare programs.

11348.4. The demonstration program required by this article shall be conducted for a period of three years. The department shall notify the Legislature, 90 days prior to implementing the program, of the plans for implementing the documentation projects in the counties selected.

Prior to the implementation of the program, and no less frequently than annually thereafter, the department shall report to the Legislature on the plan for implementing the provisions of this article. The annual report shall be submitted to the Joint Legislative Budget Committee and to the appropriate policy and fiscal committees of both houses. The report shall include, but not be limited to, all of the following data:

(a) The number of applicants and recipients participating in each component of the program.

(b) The number of participants entering employment from each component.

(c) The average wage of participants entering employment,

both subsidized and unsubsidized, by component.

(d) The types of jobs, both subsidized and unsubsidized, obtained by participants, by component.

(e) The duration of employment in jobs, both subsidized and unsubsidized, by component.

(f) The average cost per participant, by component.

(g) The average cost per employed participant, by component.

(h) The number of and reason for terminations, by component.

SEC. 50.1. Section 11462.2 is added to the Welfare and Institutions Code, to read:

11462.2. Notwithstanding Section 11462, when the director determines that a rate established pursuant to that section for a multistate group home facility which operates in more than two states and which provides high impact adventure programs and which first offered these programs in the State of Arizona, is less than the established national rate for the multistate group home facility, and when the director determines that the multistate group home facility is otherwise licensed but would not be available due to the operation of Section 11462, the director may at his or her discretion establish a rate comparable to the rate paid in other states.

SEC. 50.3. Section 13002 of the Welfare and Institutions Code is amended to read:

13002. From the funds described in Section 13001 each county shall receive three allocations. One allocation shall fund the In-Home Support Services program pursuant to Article 7 (commencing with Section 12300) of Chapter 3. The second allocation shall be for support of Child Welfare Services as defined in Chapter 5 (commencing with Section 16500 of Part 4). This allocation shall be known as the Child Welfare Services Grant. The third allocation shall be for support of protective services and foster care services for adults, In-Home Supportive Services Administration, information and referral services, transportation to and from health care facilities, and other services directed at the five national goals specified in Section 13003. This allocation shall be known as the County Services Block Grant. No reduction shall be made in the combined total of the funds allocated through the Child Welfare Services Grant and the County Services Block Grant so as to allocate less funds than were allocated in the prior year unless the board of supervisors has made such a reduction at a regularly scheduled meeting. The notice of such action must be provided at least seven days prior to the meeting at which such action is to be taken. Such notice shall be provided in the same manner as the county provides notice for its regularly scheduled meetings. Funds from the Child Welfare Services Grant and the County Services Block Grant allocations shall be available only when matched by county funds pursuant to the provisions of Part 1.5 (commencing with Section 10100).

SEC. 50.5. Section 13004 of the Welfare and Institutions Code

is amended to read:

13004. Counties, in expending the County Services Block Grant allocation shall provide (a) protective services and foster care services for adults pursuant to Section 12251, (b) information and referral services, (c) In-Home Supportive Services Administration, and (d) transportation to and from health care facilities, or the location of other health care providers, when there is an urgent need for health care and transportation which is not otherwise available from other resources. These transportation services shall be maintained at least at the level provided by counties, as part of health-related services as provided for in Section 12251, on September 30, 1981.

SEC. 51.5. Section 13005 of the Welfare and Institutions Code is amended to read:

13005. Counties, after expending the County Services Block Grant allocation for the priorities specified in Section 13004 may expend any remaining funds for other services directed at the five goals specified in Section 13003.

SEC. 54.2. Section 14100.5 is added to the Welfare and Institutions Code, to read:

14100.5. The department shall prepare and submit Medi-Cal program assumptions and estimates to the Department of Finance. The purpose of the assumptions and estimates shall be to clearly identify changes within the Medi-Cal program which have policy or fiscal implications, and to produce reliable forecasts of Medi-Cal expenditures.

Medi-Cal program assumptions and estimates shall be organized by and correspond to Budget Act or Budget Bill item numbers, separately identifying expenditures for all of the following:

(a) Purchase of medical care and services.
(b) Rate increases.
(c) County administration.
(d) Fiscal intermediary services.

Estimates and assumptions shall indicate state and federal, as well as total, funds expended.

The department shall submit, by September 10 and March 1 of each year, to the Department of Finance for its approval, all assumptions underlying all Medi-Cal program estimates. The Department of Finance shall approve or modify, in writing, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not so approve or modify the assumptions by that date, the assumptions, as presented by the department, shall be deemed to be approved by the Department of Finance as of that date.

The department shall submit an estimate of Medi-Cal program expenditures to the Department of Finance by November 1 of each year, and April 20 of each year. All approved estimates and supporting data provided by the department or developed independently by the Department of Finance, shall be made

available to the legislative fiscal committees following approval by the Department of Finance. However, departmental estimates with supporting data shall be forwarded to the legislative fiscal committees on or about January 10 and May 15 of each year in the event this information has not been released earlier.

Each Medi-Cal assumption shall contain a clear narrative description of the statutory, regulatory, or policy change, or other change, that has occurred or will occur which affects Medi-Cal program expenditures or which is of policy importance. Each assumption shall include a cost estimate which contains relevant workload, caseload, unit cost and other data or information needed to support the estimate.

The assumptions related to purchase of medical care and services shall include a section with a nontechnical description of the major variables used to produce a base projection. This section shall further contain an estimate of the fiscal impact of the use of these variables. The estimates related to purchase of medical care and services shall include current and budget year base projections of eligibles, users, expenditures and cost per user by quarter with sufficient past actual data to permit evaluation of the projections. The projections shall be prepared by service category and aid category. The Department of Finance shall identify a high, mid, and low range of Medi-Cal service expenditures, which shall be accompanied by assumptions, when the estimates are released to the Legislature.

The assumptions or estimates related to fiscal intermediary services shall contain a narrative description of how the forecasts are prepared. Sufficient historical workload by claim type and expenditure data shall accompany the forecasts to permit evaluation. Change orders to the fiscal intermediary contract shall be fully described and costs estimated. In addition, important modifications to the Medi-Cal claims processing system not associated with change orders shall be described and, if appropriate, costs or savings, estimated.

Assumptions or estimates related to Medi-Cal county administration costs shall contain a narrative description of how the forecast was prepared. Current and budget year estimates by county shall be prepared. The estimates shall compare past actual and projected workload and expenditures in a format which will permit evaluation of forecasts. Changes in expenditure estimates for individual counties resulting from allocation of funds or other factors shall be identified in subsequent estimates. Unallocated funds and funds for special projects or special problems shall be separately identified. The department shall compare budgeted and actual expenditures by county as soon as the information from county quarterly costs reports becomes available.

The estimates shall compare budgeted to implemented rate increases for the current year. The comparisons shall be by provider category and shall compare budgeted to implemented

increases in terms of percentage increases, date of implementation, and revised estimated cost.

SEC. 54.3. Section 14105.9 is added to the Welfare and Institutions Code, to read:

14105.9. Notwithstanding any other provision of law, all nonsteroid anti-inflammatory drugs approved by the federal Food and Drug Administration shall be included in the Medi-Cal Drug Formulary.

SEC. 54.35. Section 14110.4 is added to the Welfare and Institutions Code, to read:

14110.4. (a) All laundry services for all apparel, linen, garments, towels, and hospital gowns shall be provided by a skilled nursing or intermediate care facility at no cost to a recipient under this chapter. These laundry services shall be considered as part of the basic care provided by the facility under the daily rate provided for pursuant to this chapter. A skilled nursing or intermediate care facility may, however, charge the patient a fee to provide special dry cleaning or treatment for a garment needing this care, when the garment is owned by the patient and when the regular laundry service is not appropriate.

(b) A skilled nursing or intermediate care facility shall provide a periodic hair trim as part of its care for all patients who are recipients under this chapter. This service shall be included as part of the daily rate provided for pursuant to this chapter. A skilled nursing or intermediate care facility may, however, charge a fee for beauty shop services for patients who request special treatments or styling of their hair.

(c) If necessary to establish eligibility for federal participation, the director shall, no later than October 1, 1984, conduct a rate study and shall adjust rates accordingly.

SEC. 54.6. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for such administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs which are incurred by performing eligibility determinations at county hospitals, or which are incurred due to the outstationing of any other eligibility function. Reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for

administrative cost control for the Aid to Families with Dependent Children (AFDC), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns which result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer and allocate state funds for county administration in a uniform and consistent manner.

Nothing in the provisions of this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner which would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

SEC. 56.2. Section 14157.6 is added to the Welfare and Institutions Code, to read:

14157.6. Notwithstanding any other provision of law, any federal and county funds, excluding county funds used for the purposes of Section 4011.1 of the Penal Code, received under the provisions of Section 14157 during each fiscal year, as reimbursement for expenditures for health care services authorized under this chapter made from funds transferred to the Health Care Deposit Fund from the General Fund in prior years, shall be transferred from the Health Care Deposit Fund to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these federal and county funds are hereby appropriated from the General Fund to the Health Care Deposit Fund and shall be expended as soon as practicable, but not sooner than 30 days after notification in writing of the necessity therefor, to the chairperson of the committee in each house which considers appropriations, and the Joint Legislative Budget Committee, for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.

SEC. 56.4. Section 14158.5 is added to the Welfare and Institutions Code, to read:

14158.5. Funds appropriated for purposes of this chapter and Chapter 8 (commencing with Section 14200), shall fully cover and shall not exceed the state's share of payments under this chapter and Chapter 8 (commencing with Section 14200), for the costs of medical care and services, county administration, and fiscal intermediary services. The state's share of the costs of medical care and services, county administration, and fiscal intermediary services shall be determined pursuant to a plan approved by the Director of Finance and certified to by the director.

SEC. 56.7. Section 15200 of the Welfare and Institutions Code, as amended by Section 127.5 of Chapter 323 of the Statutes of 1983, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting available federal funds, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e) of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sums specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the support and maintenance of needy children, 95 percent of the sum necessary for the adequate care of each child pursuant to subdivision (d) of Section 11450 for the period July 1, 1979, to December 31, 1985.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall remain in effect only until December 31, 1986, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1986, deletes or extends such date.

SEC. 56.8. Section 15200 of the Welfare and Institutions Code, as amended by Section 127.6 of Chapter 323 of the Statutes of 1983, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting federal funds available, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e), of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sum specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the adequate care of each child pursuant to subdivision (d) of Section 11450 the following amounts:

(1) The sum necessary for the adequate care of each child but not to exceed in any month the product of one hundred twenty dollars ($120) multiplied by the number of children in each county receiving foster care. The state shall pay 67.5 percent and the county shall pay 32.5 percent of the aid furnished for the adequate care of such children.

(2) The state shall reimburse counties for the nonfederal costs of providing an additional twelve dollars and fifty cents ($12.50) a month per eligible child to foster parents. In addition the state may, at its discretion, pay on a pro rata basis from funds specifically appropriated in the Budget Act additional aid for the adequate care of foster children receiving aid under subdivision (d) of Section 11450.

The financial benefit accruing from the additional funds available under this paragraph shall be passed on to foster parents

in order to more adequately reimburse foster parents for their expense, and to enable counties to more readily recruit and retain a selection of homes suited to the diversified needs of the individual child, and the counties shall not substitute the additional state funds received under this paragraph for county funds being expended for foster care at the time when this section takes effect.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall become operative on January 1, 1987.

SEC. 56.9. The Board of Control shall calculate the amount of savings accruing to each county as a result of the operation of Sections 56.7 and 56.8 of this act and shall offset these savings against any costs incurred by that county which would otherwise be reimbursable by the state pursuant to the provisions of Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code.

SEC. 57.8. Section 16715 of the Welfare and Institutions Code is amended to read:

16715. (a) The Local Health Capital Expenditure Account is hereby created in the County Health Services Fund. Moneys in the Local Health Capital Expenditure Account shall be expended by the State Department of Health Services, as specified in this section, to (1) provide financial assistance to local jurisdictions to fund capital expenditures for local health facilities and equipment thereof, including new facilities and equipment and the replacement or modernization of existing facilities and equipment, and (2) defray the department's administrative costs in providing technical assistance to local jurisdictions relative to financing these capital improvements, for which purpose the department shall establish a special personnel unit. Moneys in the Local Health Capital Expenditure Account shall be available for encumbrance without regard to fiscal year.

As used in this section, "local health facility" means any facility owned or operated by a local jurisdiction for the provision of county health services.

(b) The State Department of Health Services shall provide financial assistance to local jurisdictions pursuant to this section in the form of direct loans or grants. Any grant under this section shall not exceed 50 percent of the cost of the project to be financed. The remainder of the cost of the project may be financed with any moneys available to the local jurisdiction for this purpose, including a loan or other financing method.

Loans under this section may be made for an amount not exceeding 80 percent of the project costs, for a term not exceeding 40 years, and shall bear interest on the unpaid principal balance at a rate to be computed annually, which shall be the same as the average rate returned by the Pooled Money Investment Board for

the past five fiscal years immediately preceding the year in which the loan payment is made. The State Department of Health Services shall not require loans under this section to be secured or insured, but shall require as a condition of making a loan that there be a feasible plan for repayment.

The extent to which state assistance under this section shall be in the form of grants or loans, and the discretionary terms of this assistance, shall be established by the State Department of Health Services, as will best serve the needs of each health service area in improving the availability or quality of county health care services. It is the intent of the Legislature that, in providing financial assistance under this section, the State Department of Health Services shall endeavor to equalize the availability of this assistance on the basis of need throughout all geographic areas of the state. In allocating financial assistance, the amount of effort being made by a local jurisdiction to serve all its residents in a comprehensive and efficient manner shall also be considered.

(c) Any local jurisdiction desiring assistance for financing an eligible project under this section shall submit an application to the State Department of Health Services and concurrently transmit a copy thereof to the area health planning agency for the health service area in which the applicant local jurisdiction is located. The area health planning agency shall hold one or more public hearings on the application and shall transmit its recommendation to the State Director of Health Services, who shall make the final decision.

(d) The State Department of Health Services shall develop criteria for use by the department and area health planning agencies in reviewing applications for assistance under this section. The criteria shall be developed in consultation with area health planning agencies, the Office of Statewide Health Planning and Development, the California Conference of Local Health Officers, the County Supervisors' Association of California, and the California Hospital Association, and shall include, but not be limited to, the following:

(1) Consistency of the proposed project with the county health services plan and with the local jurisdiction's long-range development plan.

(2) Consistency of the proposed project with the health systems plan and annual implementation plan developed for the area pursuant to federal Public Law 93-641, as amended.

(3) The extent to which the project will facilitate access of county indigents to health care services, particularly primary health services.

(4) The immediate and long-term financial feasibility of the project, taking into consideration all forms of assistance proposed to be obtained for the project.

(5) In the case of modernization projects, the extent of physical deterioration of the facilities or equipment to be improved,

remodeled, or replaced.

(6) The adequacy of the county health services plan in meeting basic public health needs and the personal health needs of indigents.

(7) The extent to which the local jurisdiction is moving towards a more organized or efficient system of health care delivery.

(8) The extent to which the project is required to eliminate or prevent imminent safety hazards, as defined by federal, state, or local laws or regulations, or to comply with state licensure standards, or to comply with accreditation standards.

(9) The extent to which funds from the Local Health Capital Expenditure Account will be utilized to attract other sources of capital funding for county health facilities.

(e) The State Department of Health Services shall disburse financial assistance under this section pursuant to a contract with the recipient local jurisdiction, which shall specify the conditions of the grant or loan. These conditions may include provisions which assure compliance with the health care objectives for which the application was approved or given priority.

SEC. 60. Section 6 of Chapter 904 of the Statutes of 1980 is repealed.

SEC. 60.1. Section 7 of Chapter 1274 of the Statutes of 1982, as amended by Chapter 323 of the Statutes of 1983, is amended to read:

Sec. 7. On or before July 1, 1983, the State Board of Equalization shall certify to the Controller the amount of refund due to each claimant pursuant to this act. The total amount of money to be available for refunds pursuant to this act shall not exceed one million two hundred thousand dollars ($1,200,000). If the total amount of claims exceeds one million two hundred thousand dollars ($1,200,000), the board shall determine the pro rata share due each claimant based on the proportion each claim bears to the total amount of claims and shall report that amount for certification.

No interest shall be paid on any refund of taxes made pursuant to this act.

There shall be transferred from the General Fund to the Computer Software Refund Fund, which is hereby created, the sum of one million two hundred thousand dollars ($1,200,000), which is hereby appropriated to the Controller, to provide refunds pursuant to this section. The Controller shall pay refunds pursuant to this act on or before September 15, 1984.

SEC. 62. Section 5 of Chapter 171 of the Statutes of 1983 is amended to read:

Sec. 5. (a) The sum of four hundred fifty thousand dollars ($450,000) is hereby appropriated from the Special Account for Capital Outlay to Section A of the State School Fund for allocation by the Superintendent of Public Instruction as a loan to the South Whittier School District.

(b) The South Whittier School District shall repay the amount appropriated in subdivision (a), together with interest at a rate based on the rate of the Pooled Money Investment Account as of the date of the disbursement of funds to the district, in accordance with Section 41310 of the Education Code, in four installments to be paid in the 1984–85, 1985–86, 1986–87, and 1987–88 fiscal years. The entire amount of the loan, plus interest, shall be repaid by June 30, 1988, although the district may accelerate the loan repayments if it determines that conditions will allow an accelerated repayment.

(c) Due to unique circumstances concerning the South Whittier School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 64.5. Section 63 of Chapter 10 of the 1983–84 First Extraordinary Session is repealed.

SEC. 66. For the 1984–85 fiscal year, the Department of Health Services shall increase Medi-Cal reimbursement rates by 5.55 percent of the rates in effect on June 30, 1984, for those providers which received rate reductions pursuant to Sections 77, 78, and 79 of Chapter 1594 of the Statutes of 1982 and continued by Section 149 of Chapter 323 of the Statutes of 1983. The remaining rate reductions shall remain in effect during the 1984–85 fiscal year. In addition, these rates may be increased by any cost-of-living increase or other rate adjustment included in the Budget Act of 1984 or any other appropriation which changes the level of funding for Medi-Cal services. The utilization control and reimbursement limitations, and service limitations, reductions, or eliminations provided for in Sections 77, 78, and 79 of Chapter 1594 of the Statutes of 1982 and extended by Section 149 of Chapter 323 of the Statutes of 1983, except as modified by a later enacted statute, shall remain in effect during the 1984–85 fiscal year.

The Legislature finds and declares that the 10 percent reduction in expenditures for dental services below the levels in effect on June 30, 1982, which was originally enacted by Section 53 of Chapter 328 of the Statutes of 1982, as amended by Section 77 of Chapter 1594 of the Statutes of 1982, and applied to the 1983–84 fiscal year pursuant to Section 149 of Chapter 323 of the Statutes of 1983, has been implemented by the State Department of Health Services in a manner which has created a reduction of 11.54 percent in expenditures for provider reimbursements during the 1983–84 fiscal year. The Legislature further finds and declares that this 11.54 percent reduction has caused hardship to providers of dental services. The State Department of Health Services shall, therefore, take whatever actions are necessary to ensure that the reduction in expenditures for provider reimbursement, pursuant to this provision, for the 1984–85 fiscal year, and each fiscal year thereafter in which this reduction remains in effect, will be limited to a reduction of 10 percent.

SEC. 66.3. A supplemental payment in addition to the rate determined pursuant to Section 11460 of the Welfare and Institutions Code shall be made to foster care providers in an amount determined by the Legislature in the 1984–85 Budget Act.

SEC. 66.5. Notwithstanding any provision of law to the contrary, the Superintendent of Public Instruction shall recalculate the revenue limit of each school district for the 1981–82 and 1982–83 fiscal years to make appropriate adjustments in the minimum revenue guarantee applicable in those fiscal years to reflect changes in the units of average daily attendance for pupils enrolled in programs and classes maintained by the county office of education. These recalculated revenue limits for the 1981–82 and 1982–83 fiscal years shall be applicable only where their use would generate additional revenues to the school district for those fiscal years.

SEC. 66.7. Pursuant to Section 5080.18 of the Public Resources Code, the Legislature hereby authorizes the term of the concession contract for Pan Pacific Park that is approved as part of the Department of Parks and Recreation's budget in the Budget Act of 1984 to exceed 20 years, if necessary to secure financing of the leasehold improvements to be made pursuant to the contract. However, in no event shall the authorized term of the contract extend beyond March 20, 2028.

SEC. 66.8. Notwithstanding any other provision of law, the repayment of principal and interest on loans for ethanol production facilities made pursuant to former Article 6 (commencing with Section 500) of Chapter 3 of Part 1 of Division 1 of the Food and Agricultural Code shall be deposited in the Agriculture Pest Control Research Account to carry out the purposes of AB 2635 of the 1983–84 Regular Session.

SEC. 67. (a) The Legislature finds and declares as follows:

(1) In the 1981–82 fiscal year approximately $4,500,000 was transferred from the Department of Food and Agriculture Fund to the General Cash Revolving Fund pursuant to Section 16381 of the Government Code.

In the 1982–83 fiscal year approximately $24,600,000 was transferred from the Department of Food and Agriculture Fund to the General Cash Revolving Fund pursuant to Section 16310 of the Government Code.

(2) These funds were eventually reimbursed to the Department of Food and Agriculture Fund.

(3) These funds generated nine hundred sixty-two thousand three hundred and one dollars ($962,301) in interest income while in the General Cash Revolving Fund and this interest income was not deposited in the Department of Food and Agriculture Fund.

(b) The sum of nine hundred sixty-two thousand three hundred and one dollars ($962,301) is hereby appropriated from the General Fund to the Department of Food and Agriculture Fund.

The Controller shall allocate the funds appropriated by this section to the accounts and programs in the Department of Food and Agriculture Fund from which the moneys were initially transferred.

SEC. 67.7. The Legislature finds and declares that Chapter 1060 of the Statutes of 1980 contains mandates, but that the mandates are not reimbursable. It is the intent of the Legislature that no state funds be appropriated for reimbursement of costs incurred as a result of that statute.

SEC. 67.8. The Legislature finds and declares that Chapter 1435 of the Statutes of 1974 was enacted prior to the adoption of Article XIII B of the California Constitution and that reimbursement for any mandates contained therein can be denied under existing statutory provisions. It is the intent of the Legislature that no state funds be appropriated for reimbursement of costs which may have been incurred as a result of that statute.

SEC. 67.9. The Department of Forestry shall (a) fulfill the terms of all its existing Schedule A local fire protection agreements and (b) hire as many qualified fire control personnel as are necessary to provide a total of an additional 69.6 personnel years of staff for Schedule A fire protection operations during the 1984–85 fiscal year.

Under no circumstances shall the department redirect or abolish any other filled or vacant positions currently authorized for Schedule B fire protection activities or other state operations, for the purposes of fulfilling the terms of the above Schedule A fire protection agreements.

The department shall not cancel or refuse to renew any Schedule A fire protection agreements with any local governmental agency unless that local governmental agency has substantially failed to comply with provisions of the agremeent or requests cancellation of agreement.

SEC. 67.91. The State Department of Health Services shall adopt regulations implementing the provisions of Section 54.35 of this act as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the State Department of Health Services in order to implement the provisions shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become

effective immediately upon filing with the Secretary of State.

SEC. 67.92. The Employment Development Department, through a proposal process, shall allocate funds provided in Item 5100-001-870 of the Budget Act of 1984 for use in local veterans employment services project development efforts in conjunction with local service delivery areas operating under the federal Job Training Partnership Act and local field offices of the Employment Development Department. No funds appropriated by Item 5100-001-870 of the Budget Act of 1984 shall be allocated to fund direct placement services.

The Joint Legislative Budget Committee shall report to the Legislature by March 1, 1985, on this program, together with recommendations regarding continuation of the program.

This section shall remain in effect only until June 30, 1985, and as of that date is repealed.

SEC. 67.93. The sum of five hundred eighty-seven thousand dollars ($587,000) is hereby appropriated from the Contractors' License Fund to the Contractors' State License Board for the employment of 15 deputy registrars II during the 1984–85 fiscal year, who shall be limited-term employees.

SEC. 68.3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 68.4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 68.5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 69. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 70. The provisions of this act shall not become operative unless and until the Budget Act of 1984 becomes law.

SEC. 71. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go

into immediate effect. The facts constituting the necessity are:

In order that this act, which would provide necessary statutory adjustments to implement the Budget Act of 1984, may take effect during the 1984–85 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 269

An act to amend Sections 53312, 53313.5, 53314.3, 53316, 53317, 53318, 53319, 53320, 53321, 53324, 53325, 53325.1, 53325.5, 53328, 53329, 53330, 53330.5, 53332, 53334, 53337, 53340, 53351, 53353.5, 53358, 53359, and 53361.4 of, to amend the heading of Article 3 (commencing with Section 53330) of Chapter 2.5 of Part 1 of Division 2 of Title 5 of, to amend and renumber Sections 53325.3, 53325.4, and 53327 of, to add Sections 53313, 53313.6, 53313.7, 53316.2, 53316.4, 53316.6, 53322.4, 53325.3, 53325.7, 53341, 53362, 53362.5, 53363, 53363.2, 53363.5, 53363.7, 53363.8, 53363.9, 53364, 53364.2, and 53365.7 to, to add Article 3.5 (commencing with Section 53339) to Chapter 2.5 of Part 1 of Division 2 of Title 5 of, to repeal Sections 53326, 53353, 53362, 53363, 53363.5, and 53364 of, and to repeal Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of, the Government Code, relating to community facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, as added by Chapter 1439 of the Statutes of 1982, is repealed.

SEC. 2. Section 53312 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53312. When any proceedings are commenced under this chapter for the establishment of a community facilities district or for providing additional types of facilities and services within an established community facilities district, the provisions of this chapter shall prevail. A community facilities district is a legally constituted governmental entity established for the purpose of financing specific facilities and activities within definitely defined boundaries.

SEC. 2.1. Section 53313 is added to the Government Code, to read:

53313. A community facilities district may be established under this chapter to provide any one or more of the following types of additional services within an area:

(a) Police protection services, including, but not limited to,

criminal justice services. However, criminal justice services shall be limited to providing services for jails, detention facilities, and juvenile halls.

(b) Fire protection and suppression services, and ambulance and paramedic services.

(c) Recreation program services and the operation and maintenance of parks and parkways. A special tax may be levied for this purpose only upon approval of the voters as specified in subdivision (b) of Section 53328.

(d) Flood and storm protection services, including, but not limited to, the operation and maintenance of storm drainage systems.

A community facilities district may only provide the services authorized in this section to the extent that they are in addition to those provided in the territory of the district before the district was created, and may not supplant those services already available within that territory.

SEC. 2.3. Section 53313.5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53313.5. A community facilities district may also provide for the purchase, construction, expansion, or rehabilitation of any real or other tangible property with an estimated useful life of five years or longer which is necessary to meet increased demands placed upon local agencies as the result of development or rehabilitation occurring within the district. For example, a community facilities district may provide facilities, including, but not limited to, the following:

(a) Local park, recreation, or parkway facilities.

(b) Elementary and secondary school sites and structures provided that the facilities meet the building area and cost standards established by the State Allocation Board.

(c) Libraries.

(d) The district may also finance the construction of natural gas pipeline facilities, telephone lines, and facilities for the transmission or distribution of electrical energy to provide access to those services to customers who do not have access to those services. The district may contract with a public utility to utilize those facilities to provide a particular service and to reimburse the district for the cost of the facilities. Any reimbursement made to the district shall be utilized to reduce or minimize the special tax levied within the district.

(e) Any other governmental facilities which the legislative body creating the community facilities district is authorized by law to construct, own, or operate. However, the district shall not operate or maintain or, except as otherwise provided in subdivision (d), have any ownership interest in any facilities for the transmission or distribution of natural gas, telephone service, or electrical energy.

SEC. 2.5. Section 53313.6 is added to the Government Code, to read:

53313.6. The legislative body may provide for adjustments in ad

valorem property taxes pursuant to Section 53313.7 within a community facilities district only after making the following findings at the conclusion of the public hearing held pursuant to Article 2 (commencing with Section 53318):

(a) That an ad valorem property tax is levied on property within a proposed community facilities district for the exclusive purpose of paying principal or interest on bonds or other indebtedness, including state school building loans, incurred to finance construction of capital facilities.

(b) That capital facilities to be financed and constructed by the community facilities district will provide the same services to the territory of the community facilities district as were provided by the capital facilities mentioned in subdivision (a).

SEC. 2.7. Section 53313.7 is added to the Government Code, to read:

53313.7. Upon making the findings pursuant to Section 53313.6, the legislative body may, with the concurrence of the legislative body which levied the property tax described in subdivision (a) of Section 53313.6, by ordinance, determine that the total annual amount of ad valorem property tax revenue due from parcels within the proposed community facilities district, for purposes of paying principal and interest on the debt identified in Section 53313.6, shall not be increased after the date on which the community facilities district is created, or after a later date determined by the legislative body creating the community facilities district with the concurrence of the legislative body which levied the property tax in question.

SEC. 3. Section 53314.3 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53314.3. In the first fiscal year in which a special tax or charge is levied for any facility or for any services in a community facilities district or a zone within a community facilities district, the legislative body shall include in the levy a sum sufficient to repay to the legislative body the amounts transferred to that area or zone pursuant to Section 53314. The amounts borrowed, with interest, shall be retransferred to the proper fund or funds from the first available receipts from the special levy in that area or zone.

Notwithstanding the above provisions, the legislative body may, by a resolution adopted no later than the time of the first levy, extend the repayment of the transferred funds over a period of time not to exceed three consecutive years, in which event the levy and each subsequent levy shall include a sum sufficient to repay the amount specified by the legislative body for the year of the levy.

SEC. 4. Section 53316 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53316. This chapter applies to all cities, counties, or districts insofar as those entities have the power to install any of the facilities or provide any of the services authorized under this chapter. The officers of cities, counties, or districts who have similar powers and duties, as determined by the legislative body of the city, county, or

district, as the municipal officers referred to in this chapter shall have the powers and duties given by this chapter to the municipal officials. Where no similar officer exists, the legislative body of the city, county, or district shall, by resolution, appoint a person or designate an officer to perform the duties under this chapter.

SEC. 5. Section 53316.2 is added to the Government Code, to read:

53316.2. (a) The legislative bodies of two or more local agencies or community facilities districts, or any combination thereof, may enter into a joint exercise of powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 to exercise any power authorized by this chapter if the legislative body of each entity adopts a resolution declaring that such a joint agreement would be beneficial to the residents of that entity.

(b) Notwithstanding Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, a contracting party may use the proceeds of any special tax or charge levied pursuant to this chapter or of any bonds or other indebtedness issued pursuant to this chapter to provide facilities or services which that contracting party is otherwise authorized by law to provide, even though another contracting party does not have the power to provide those facilities or services.

SEC. 6. Section 53316.4 is added to the Government Code, to read:

53316.4. The agreement entered into pursuant to Section 53316.2 shall contain a description of the facilities and services to be provided under the agreement, and any real or tangible property which is to be purchased, constructed, expanded, or rehabilitated.

SEC. 7. Section 53316.6 is added to the Government Code, to read:

53316.6. The agreement entered into pursuant to Section 53316.2 may provide for the division of responsibility to provide any of the facilities or services among the entities entering into the agreement. The agreement shall provide for the allocation and distribution of the proceeds of any special tax levy among the parties to the agreement.

SEC. 8. Section 53317 of the Government Code, as added by Chapter 1451 of the Statutes of 1982 and as amended by Section 2 of Chapter 609 of the Statutes of 1983, is further amended to read:

53317. Unless the context otherwise requires, the definitions contained in this article shall govern the construction of this chapter.

(a) "Clerk" means the clerk of the legislative body of a local agency.

(b) "Community facilities district" means the district of land in which public facilities and authorized services are to be provided, and in which special taxes and charges may be levied pursuant to this chapter to pay for those facilities and services.

(c) "Debt" means any binding obligation to repay a sum of money, including obligations in the form of bonds, certificates of participation, long-term leases, loans from government agencies, or

loans from banks, other financial institutions, private businesses, or individuals.

(d) "Landowner" or "owner of land" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of the land by the legislative body. The legislative body has no obligation to obtain other information as to the ownership of the land, and its determination of ownership shall be final and conclusive for the purposes of this chapter.

(e) "Legislative body" means the legislative body or governing board of any local agency.

(f) "Local agency" means any city or county, whether general law or chartered, special district, school district, joint powers entity created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, or any other municipal corporation or district.

(g) "Services" means the provision of police and fire protection services, recreation programs, the operation and maintenance of parks and parkways, and the provision of flood and storm protection services, including, but not limited to, the operation and maintenance of storm drainage systems. "Services" includes the performance by employees of functions, operations, maintenance, and repair activities.

SEC. 8.4. Section 53318 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53318. Proceedings for the establishment of a community facilities district may be instituted by the legislative body on its own initiative and shall be instituted by the legislative body when any of the following occurs:

(a) A written request for the establishment of a district, signed by two members of the legislative body, describing the boundaries of the territory which is proposed for inclusion in the area and specifying the type or types of facilities and services to be provided within the area, is filed with the legislative body.

(b) A petition requesting the institution of such proceeding signed by the requisite number of registered voters, as specified in subdivision (d) of Section 53319, is filed with the clerk of the legislative body. The petition may consist of any number of separate instruments, each of which shall comply with all of the requirements of the petition. except as to the number of signatures.

(c) A petition requesting the institution of such proceedings signed by landowners owning the requisite portion of the area of the proposed district, as specified in subdivision (d) of Section 53319, is filed with the clerk of the legislative body.

(d) The written request filed pursuant to subdivision (a) and the petitions filed pursuant to subdivisions (b) and (c) shall be accompanied by the payment of a fee in an amount which the legislative body determines is sufficient to compensate the legislative body for all costs incurred in conducting proceedings to create a district pursuant to this chapter.

SEC. 8.8. Section 53319 of the Government Code, as added by

Chapter 1451 of the Statutes of 1982, is amended to read:

53319. A petition requesting the institution of proceedings for the establishment of a community facilities district shall do all of the following:

(a) Request the legislative body to institute proceedings to establish a community facilities district pursuant to this chapter.

(b) Describe the boundaries of the territory which is proposed for inclusion in the district.

(c) State the type or types of facilities and services to be provided within the area

(d) Be signed by not less than 10 percent of the registered voters residing within the territory proposed to be included within the district or by owners of not less than 10 percent of the area of land proposed to be included within the district. If the legislative body finds that the petition is signed by the requisite number of registered voters residing within the territory proposed to be included within the district or by the requisite number of owners of land proposed to be included within the district, that finding shall be final and conclusive.

SEC. 9. Section 53320 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53320. Within 40 days after either a written request by two members of the legislative body or a petition requesting the institution of proceedings for the establishment of a community facilities district is filed with it, the legislative body shall adopt a resolution of intention to establish a community facilities district in the form specified in Section 53321.

SEC. 10. Section 53321 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53321. Proceedings for the establishment of a community facilities district shall be instituted by the adoption of a resolution of intention to establish the district which shall do all of the following:

(a) State that a community facilities district is proposed to be established under the terms of this chapter and describe the boundaries of the territory proposed for inclusion in the district.

(b) State the name proposed for the district in substantially the following form: "Community Facilities District No. _____."

(c) State the type or types of public facilities and services proposed to be provided within the district pursuant to this chapter.

(d) State that, except where funds are otherwise available, a special tax sufficient to pay for all such facilities and services will be annually levied within such area. The resolution shall specify the rate and method of apportionment of the special tax in sufficient detail to allow each landowner or resident within the proposed district to estimate the annual amount that he or she will have to pay.

(e) Make a finding that the proposed facility is necessary to meet increased demands put upon the local agency as a result of the new development or rehabilitation.

(f) Fix a time and place for a public hearing on the establishment

of the district which shall be not less than 30 nor more than 60 days after the adoption of the resolution.

(g) Describe any adjustment in property taxation to pay prior indebtedness pursuant to Sections 53313.6 and 53313.7.

SEC. 11. Section 53322.4 is added to the Government Code, to read:

53322.4. The clerk of the legislative body shall also give notice of the hearing by first-class mail to each registered voter and to each landowner within the proposed district. This notice shall be mailed at least 15 days before the hearing and shall contain the same information as is required to be contained in the notice published pursuant to Section 53322.

SEC. 12. Section 53324 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53324. If 50 percent or more of the registered voters, or six registered voters, whichever is more, residing within the territory proposed to be included in the district, or the owners of one-half or more of the area of the land in the territory proposed to be included in the district, file written protests against the establishment of the district, the legislative body shall abandon the proposed establishment of the community facilities district.

If such majority protests of the registered voters or of the landowners are only against the furnishing of a specified type or types of facilities or services within the district, or against levying a specified special tax, those types of facilities or services or the specified special tax shall be eliminated from the resolution finally establishing the district.

SEC. 13. Section 53325 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53325. The hearing may be continued from time to time, but shall be completed within 30 days. At the conclusion of the hearing, the legislative body may abandon the proposed establishment of the community facilities district or may, after passing upon all protests, determine to proceed with establishing the district.

SEC. 14. Section 53325.1 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53325.1. (a) If the legislative body determines to establish the district, it shall adopt a resolution of formation establishing the district. The resolution of formation shall contain all of the information required to be included in the resolution of intention to establish the district specified in Section 53321. If a special tax is proposed to be levied in the district to pay for any facilities or services and the special tax has not been eliminated by majority protest pursuant to Section 53324, the resolution shall state that fact and shall identify any facilities or services proposed to be funded with the special tax.

(b) Prior to adopting the resolution of formation pursuant to subdivision (a), the legislative body shall determine whether all prior proceedings were valid and in conformity with the

requirements of this chapter. If the legislative body determines that all prior proceedings were valid and in conformity with the requirements of this chapter, it shall make a finding to that effect and that finding shall be final and conclusive.

SEC. 15. Section 53325.3 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended and renumbered to read:

53326. The legislative body shall then submit the levy of any special taxes to the qualified electors of the proposed community facilities district in the next general election or in a special election to be held, notwithstanding any other requirement contained in the Elections Code, at least 90 days, but not more than 180 days, following the close of the protest hearing, whichever election date occurs first. If 12 or more registered voters reside within the territory of the proposed community facilities district at the time of the close of the protest hearing, and for at least the preceding 90 days, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district, each landowner having one vote for each acre or portion thereof of land that he or she owns within the proposed community facilities district. Ballots for a special election for this purpose may be distributed to qualified electors by mail with return postage prepaid.

SEC. 15.5. Section 53325.3 is added to the Government Code, to read:

53325.3. A tax imposed pursuant to this chapter is a special tax and not a special assessment, and there is no requirement that the tax be apportioned on the basis of benefit to any property. However, a special tax levied pursuant to this chapter may be on or based on benefit received by parcels of real property, the cost of making facilities or authorized services available to each parcel, or other reasonable basis as determined by the legislative body. A special tax apportioned on any of these bases shall not be construed to be on or based upon the ownership of real property.

SEC. 16. Section 53325.4 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended and renumbered to read:

53327. Except as otherwise provided in this chapter, the provisions of the Uniform District Election Law, Part 3 (commencing with Section 23500) of Division 14 of the Elections Code, insofar as they may be applicable, shall govern all elections conducted pursuant to this chapter.

SEC. 16.5. Section 53325.5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53325.5. (a) A community facilities district may include areas of territory that are not contiguous.

(b) In establishing the boundaries of the district, the legislative body may alter the exterior boundaries of the district to include less territory than that described in the notice of the hearing but it may

not include any territory not described in the notice of the hearing.

SEC. 17. Section 53325.7 is added to the Government Code, to read:

53325.7. The legislative body may submit a proposition to establish or change the appropriations limit, as defined by subdivision (h) of Section 8 of Article XIII B of the California Constitution, of a community facilities district to the qualified electors of a proposed or established district. The proposition establishing or changing the appropriations limit shall become effective if approved by the voters voting on the proposition and shall be adjusted for changes in the cost of living and changes in populations, as defined by Section 7901, and in accordance with Section 1 of Article XIII B of the California Constitution.

SEC. 18. Section 53326 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 19. Section 53327 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended and renumbered to read:

53321.5. At the time of the adoption of the resolution of intention to establish a community facilities district, the legislative body shall direct each of its officers who is or will be responsible for providing one or more of the proposed types of public facilities or services within the district, if it is established, to study the proposed district and, at or before the time of the hearing, file a report with the legislative body containing a brief description of the public facilities and services by type which will in his or her opinion be required to adequately meet the needs of the district and his or her estimate of the cost of providing those public facilities and services. All of those reports shall be made a part of the record of the hearing on the resolution of intention to establish the district.

SEC. 20. Section 53328 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53328. (a) Except as otherwise provided in subdivision (b), after the canvass of returns of any election pursuant to Section 53326, the legislative body may levy any special tax as specified in the resolution of formation adopted pursuant to subdivision (a) of Section 53325.1 within the territory of the district if two-thirds of the voters voting upon the question of levying the tax vote in favor of levying that tax.

(b) A special tax may be levied to provide the services specified in subdivision (c) of Section 53313 only if two-thirds of the voters voting upon the question of levying a tax for that purpose, or 100 voters, whichever is more, vote in favor of levying a tax for that purpose.

SEC. 21. Section 53329 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53329. After the canvass of returns of any election conducted pursuant to Section 53326, the legislative body shall take no further action with respect to levying any specified special tax within the community facilities district for one year from the date of the

election if the question of levying that specified special tax fails to receive approval by two-thirds of the voters voting upon the question.

SEC. 21.5. Section 53330.5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53330.5. Upon approval of a special tax pursuant to Article 2 (commencing with Section 53318), the special tax may be levied only at the rate and may be apportioned only in the manner specified in the resolution proposing establishment of the district, except as provided in this article, and except that the legislative body may levy the special tax at a rate lower than that specified in the resolution. In addition, the special tax may be levied only so long as it is needed to pay the principal and interest on debt incurred in order to construct facilities under authority of this chapter, or so long as it is needed to pay for services or the construction of facilities authorized by this chapter.

SEC. 22. The heading of Article 3 (commencing with Section 53330) of Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

Article 3. Extension of Authorized Facilities and Services and Changes in Special Taxes

SEC. 23. Section 53330 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53330. Upon the establishment of a community facilities district only the types of public facilities and services specified in the resolution of formation may be authorized or provided in the district under the authority of this chapter, except as provided in this article.

SEC. 23.4. Section 53332 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53332. (a) If a petition signed by 25 percent or more of the registered voters residing in the district, or by the owners of 25 percent or more of the territory within the district, is filed with the legislative body requesting that proceedings be commenced for the furnishing of specified additional types of public facilities or services or that provision of specified public service be reduced or terminated or that new special taxes be levied, or that any existing special tax be reduced or terminated, the legislative body shall within 40 days thereafter adopt a resolution of intention in the form specified in Section 53334 to make those changes within the community facilities district except that an existing special tax being used to pay off any debt incurred in order to build or acquire capital facilities under this chapter shall not be reduced or terminated if doing so would interfere with the timely retirement of that debt.

(b) Any such petition filed by landowners shall be accompanied by the payment of such fee as the legislative body determines. That fee may be imposed in an amount sufficient to compensate the

legislative body for all costs incurred in conducting proceedings to change the district pursuant to this article.

SEC. 23.7. Section 53334 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53334. The resolution of intention to alter the types of public facilities and services provided within an established community facilities district, or to levy a new special tax or special taxes, or to alter the rate or method of apportionment of an existing special tax, shall do all of the following:

(a) State the name of the area.

(b) Generally describe the territory included in the area.

(c) Specify the changes in public facilities and services which it is proposed to provide within the district.

(d) Specify any new special taxes which would be levied to pay for new or existing facilities and services and any proposed alteration to the rate or method of apportionment of an existing special tax.

(e) Fix a time and place for a hearing upon the resolution which shall not be less than 30 or more than 60 days after the adoption of the resolution of intention.

SEC. 24. Section 53337 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53337. If 50 percent or more of the registered voters, or six registered voters, whichever is more, residing within the district, or the owners of one-half or more of the area of the land in the territory included in the district file written protests against changing the public facilities or services provided within the district, those changes in the facilities or services shall be eliminated from the resolution ordering changes in the types of public facilities or services to be provided within the district.

If 50 percent or more of the registered voters, or six registered voters, whichever is more, residing within the district, or the owners of one-half or more of the area of the land in the territory included in the district file written protests against the levying of any additional special taxes within the district, or against a proposed alteration to an existing special tax within the district, those changes shall be eliminated from the resolution ordering the additional taxes.

SEC. 25. Article 3.5 (commencing with Section 53339) is added to Chapter 2.5 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 3.5. Annexation of Territory

53339. The legislative body of a community facilities district may annex territory to an existing community facilities district as provided in this article. The annexed territory need not be contiguous to territory included in the existing community facilities district.

53339.2. If the legislative body of a community facilities district determines that public convenience and necessity require that

territory be added to an existing community facilities district, or if the voters residing within certain territory or landowners request the legislative body to include territory within the district, the legislative body may adopt a resolution of intention to annex the territory.

53339.3. The resolution of intention to annex the territory shall do all of the following:

(a) State the name of the existing community facilities district.

(b) Generally describe the territory included in the existing district and the territory proposed to be annexed.

(c) Specify the types of public facilities and services provided pursuant to this chapter in the existing district and the types of public facilities and services to be provided in the territory proposed to be annexed; and include a plan for sharing facilities and providing services that will be provided in common within the existing district and the territory proposed to be annexed.

(d) Specify any special taxes which would be levied within the territory proposed to be annexed to pay for public facilities and services provided pursuant to this chapter within that territory. A special tax proposed to pay for services to be supplied within the territory proposed to be annexed shall be equal to any special tax levied to pay for the same services in the existing district, except that a higher or lower tax may be levied within the territory proposed to be annexed to the extent that the actual cost of providing the services in that territory is higher or lower than the cost of providing those services in the existing district. A special tax proposed to pay for public facilities financed with bonds secured by the existing community facilities district shall be the same as the tax levied in the existing district for that purpose, except that a higher special tax may be levied for that purpose within the territory proposed to be annexed to compensate for the interest and principal previously paid by the existing community facilities district, less any depreciation allocable to the public facility.

(e) Specify any alteration in the special tax rate levied within the existing community facilities district as a result of the proposed annexation. The maximum tax rate in the existing community facilities district may not be increased as a result of proceedings pursuant to this article.

(f) Fix a time and place for a hearing upon the resolution which shall not be less than 30 nor more than 60 days after the adoption by the legislative body of the resolution of intention to annex territory pursuant to Section 53339.2.

53339.4. The clerk of the legislative body shall give notice of the hearing in the same manner and within the same time as provided for the giving of notice of a hearing on a resolution of intention to establish a community facilities district, as required by Section 53322. The notice required by Section 53322.4 shall be mailed to the registered voters and landowners within the territory proposed to be annexed.

The notice shall do all of the following:

(a) Contain the text of the resolution.

(b) State the time and place for the hearing.

(c) State that at the hearing the testimony of all interested persons for or against the annexation of territory to the community facilities district or the levying of special taxes within the territory proposed to be annexed will be heard.

53339.5. At the hearing, protests against the proposals described in the resolution of intention may be made orally by any interested person. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities or defects to which objection is made. All written protests shall be filed with the clerk of the legislative body prior to the time fixed for the hearing. The legislative body may waive any irregularities in the form or content of any written protest and at the hearing may correct minor defects in the proceedings. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

53339.6. If 50 percent or more of the registered voters, or six registered voters, whichever is more, residing within the existing community facilities district, or if 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the territory proposed for annexation, or if the owners of one-half or more of the area of land in the territory included in the existing district, or if the owners of one-half or more of the area of land in the territory proposed to be annexed, file written protests against the proposed addition of territory to the existing community facilities district, the legislative body shall abandon the proposed annexation of that territory to the community facilities district.

53339.7. The hearing may be continued from time to time, but shall be completed within 30 days. At the conclusion of the hearing, the legislative body may abandon the proceedings or may, after passing upon all protests, submit the question of levying a special tax within the area proposed to be annexed to the existing community facilities district to the qualified electors of the area proposed to be annexed as specified in Article 2 (commencing with Section 53318).

53339.8. After the canvass of returns of any election conducted in accordance with Section 53339.7, the legislative body shall determine that the area proposed to be annexed is added to and part of the existing community facilities district with full legal effect, and the legislative body may levy any special tax within the annexed territory, as specified in the resolution of intention to annex adopted pursuant to Section 53339.2, if two-thirds of the voters voting on the proposition vote in favor of levying the special tax.

53339.9. After the canvass of returns of any election conducted in accordance with Section 53339.7, the legislative body shall take no further action on annexing the territory proposed to be annexed to the community facilities district if less than two-thirds of the voters voting on the proposition vote in favor of levying the special tax.

SEC. 26. Section 53340 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53340. After a community facilities district has been created and authorized to levy specified special taxes pursuant to Article 2 (commencing with Section 53318), Article 3 (commencing with Section 53330), or Article 3.5 (commencing with Section 53339), the legislative body may, by ordinance, levy the special taxes at the rate and apportion them in the manner specified in the resolution adopted pursuant to Article 2 (commencing with Section 53318), Article 3 (commencing with Section 53330), or Article 3.5 (commencing with Section 53339), except that the legislative body may levy the special tax at a lower rate. Properties or entities of the state, federal, or other local governments shall be exempt from any such special tax. The proceeds of any special tax may only be used to pay, in whole or part, the cost of providing public facilities and services pursuant to this chapter. The special tax may be collected in the same manner as ordinary ad valorem property taxes are collected and may be subject to the same penalties and the same procedure and sale in case of delinquency as provided for ad valorem taxes, or another procedure may be adopted if the legislative body prefers. The tax collector may deduct the reasonable administrative costs incurred in collecting the special tax.

SEC. 26.5. Section 53341 is added to the Government Code, to read:

53341. Any action or proceeding to attack, review, set aside, void, or annul the levy of a special tax or an increase in a special tax pursuant to this chapter shall be commenced within 30 days after the special tax is approved by the voters. Any appeal from a final judgment in that action or proceeding shall be perfected within 30 days after the entry of judgment.

SEC. 26.7. Section 53351 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53351. After the legislative body has made its determination pursuant to Section 53350, if it deems it necessary to incur the bonded indebtedness, it shall by resolution state all of the following:

(a) That it deems it necessary to incur the bonded indebtedness.

(b) The purpose for which the bonded indebtedness will be incurred.

(c) Either of the following in accordance with its previous determination:

(1) That the whole of the district will pay for the bonded indebtedness.

(2) That a portion of the district will pay for the bonded indebtedness, which portion shall be described in the resolution of the board made pursuant to Section 53350.

(d) The amount of debt to be incurred.

(e) The maximum term the bonds to be issued shall run before maturity, which term shall not exceed 40 years.

(f) The maximum annual rate of interest to be paid, payable

annually or semiannually, or in part annually and in part semiannually.

(g) That the proposition will be submitted to the voters.

(h) The date of the special community facilities district election (which may be consolidated with a general or special district election including an election to levy a special tax) at which time the proposition shall be submitted to the voters.

(i) If the election is not conducted by mail ballot, the hours between which the polls shall be open; the boundaries of voting precincts within the district or portion of the district benefitted by incurring the bonded indebtedness; the location of polling places; and the names of the officers selected to conduct the election in each precinct, who shall consist of one judge, one inspector, and two clerks.

SEC. 26.9. Section 53353 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 27. Section 53353.5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53353.5. (a) Propositions relating to the levy of a special tax, the incurring of bonded indebtedness, or to establish or change an appropriations limit, or any combination thereof, under this chapter, may be combined into one ballot proposition as determined by the legislative body.

(b) The amendment of this section enacted by the Statutes of 1984 does not constitute a change in, but is declaratory of and a clarification of, the existing law.

SEC. 27.3. Section 53358 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53358. Each year at the time the legislative body fixes and levies special taxes and charges for the community facilities district it shall also fix and levy that amount of special taxes and charges within the community facilities district which is required for the payment of the principal of and interest on any outstanding bonded debt of the community facilities district becoming due and payable during the ensuing year, including any necessary replenishment of bond reserve funds or other reserve funds. The special tax or charge shall be levied and collected by the same officers and at the same time and in the same manner that all other special taxes and charges are levied and collected for the community facilities district. The special taxes and charges shall not exceed the authority granted by Article 2 (commencing with Section 53318) and Article 3 (commencing with Section 53330). All of the collections shall be paid into the community facilities district bond fund and reserve fund for the particular community facilities district and shall be used solely for the payment of the principal of and interest on the outstanding bonds of the community facilities district.

SEC. 27.5. Section 53359 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53359. An action to determine the validity of bonds issued

pursuant to this chapter or the validity of any special taxes levied pursuant to this chapter may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 27.7. Section 53361.4 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is amended to read:

53361.4. Whenever the legislative body declares by resolution that it deems it desirable that any bonds issued or to be issued by the community facilities district or an improvement area within the district should be certified by the Treasurer as provided in this section, or if the community facilities district was established by the legislative body of a special district that is required to seek certification of its bonds by the Treasurer pursuant to the District Securities Investigation Law or other provisions of law, the legislative body shall file a certified copy of the resolution with the Treasurer and the bonds described in the resolution shall then be subject to investigation and certification by the Treasurer. If, in the opinion of the Treasurer, the bonds are adequately secured and the revenues and other funds applicable to the payment of the bonds are, or upon the acquisition, construction, or improvement of the enterprise for which the bonds were or are to be issued, will be sufficient to pay the principal of and interest on the bonds, the Treasurer shall certify that the bonds are legal investments for all trust funds, for the funds of all insurance companies, the state school funds, and any funds, other than funds of savings banks, which may be invested in bonds of cities, counties, cities and counties, school districts, or municipalities in the state.

SEC. 28. Section 53362 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 29. Section 53362 is added to the Government Code, to read:

53362. The legislative body may, by resolution, issue new bonds to refund any or all of the district bonds outstanding or improvement area bonds outstanding that have been issued pursuant to this article.

SEC. 30. Section 53362.5 is added to the Government Code, to read:

53362.5. Refunding bonds shall not be issued if the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds exceeds the total net interest cost to maturity on the bonds to be refunded plus the principal amount of the bonds to be refunded. Subject to such limitations, the principal amount of the refunding bonds may be more than, less than, or the same as the principal amount of the bonds to be refunded.

SEC. 31. Section 53363 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 32. Section 53363 is added to the Government Code, to read:

53363. Except as otherwise provided in this article, the legislative body may issue refunding bonds without repeating any of the procedures required for the approval of the original bond issue, if the legislative body determines that it would be prudent in the

management of its fiscal affairs to issue the refunding bonds.

SEC. 33. Section 53363.2 is added to the Government Code, to read:

53363.2. If the legislative body determines to issue refunding bonds pursuant to this article it shall adopt a resolution providing for their issuance. The resolution shall:

(a) Describe the bonds being refunded and state the date on which it is anticipated that the exchange or purchase necessary to effect the refunding will occur.

(b) Fix the date of the refunding bonds.

(c) Designate the denomination or denominations of the refunding bonds.

(d) Fix the minimum rate or rates of interest to be paid on the refunding bonds.

(e) Fix the maturity dates of the refunding bonds, which shall not exceed the latest maturity date of the bonds being refunded.

(f) Designate the place or places of payment of principal and interest on the refunding bonds and on the bonds to be refunded.

(g) Describe the form of the refunding bonds.

(h) State the designated costs of issuing the refunded bonds, as defined by Section 53363.8.

SEC. 34. Section 53363.5 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 35. Section 53363.5 is added to the Government Code, to read:

53363.5. Any refunding bonds issued pursuant to this article may be exchanged for the bonds to be refunded on such basis as the legislative body determines is for the benefit of the district, but shall be issued in compliance with Section 53362.5. As an alternative to exchanging the refunding bonds for the bonds to be refunded, the legislative body may sell the refunding bonds at public or private sale. The proceeds of any sale of refunding bonds for cash shall be placed in the treasury of the local agency to the credit of a fund to be established for the purpose of refunding the bonds to be refunded, which fund shall be designated the "funding fund," and the proceeds of the sale shall be applied only as permitted by this article. The funds shall be secured and may be invested in accordance with any other laws applicable to the funds of the local agency.

SEC. 36. Section 53363.7 is added to the Government Code, to read:

53363.7. The designated costs of issuing the refunding bonds, as defined by Section 53363.8, may be paid by the purchaser of the refunding bonds or may be paid from any other legally available source, including any available revenues of the legislative body, the proceeds of sale of the refunding bonds, the interest or other gain derived from the investment of any of the proceeds of sale of the refunding bonds, or any combination thereof, as determined by the legislative body. However, any amounts paid by the local agency other than from the proceeds of sale of the refunding bonds or from

interest or other gains derived from the investment of the proceeds of sale shall be added to the total net interest cost to maturity on the refunding bonds in determining whether the issuance of the refunding bonds complies with Section 53362.5.

SEC. 37. Section 53363.8 is added to the Government Code, to read:

53363.8. For purposes of this article, the term "designated costs of issuing the refunding bonds" means any of the following costs and expenses designated by the legislative body in the resolution providing for the issuance of the refunding bonds:

(a) All expenses incident to the calling, retiring, or paying of the bonds to be refunded and incident to the issuance of refunding bonds, including the charges of any agent in connection with the issuance of the refunding bonds or in connection with the redemption or retirement of the bonds to be refunded.

(b) Either of the following:

(1) The interest upon the refunding bonds from the date of sale of the refunding bonds to the date of payment of the bonds to be refunded out of the proceeds of the sale of the refunding bonds or to the date upon which the bonds to be refunded will be paid pursuant to call or agreement with the holders of the bonds.

(2) The interest upon the bonds to be refunded from the date of sale of the refunding bonds to the date of payment of the bonds to be refunded or to the date upon which the bonds to be refunded will be paid pursuant to call or agreement with the holders of the bonds.

(c) Any premium necessary in the calling or retiring of the bonds to be refunded.

SEC. 38. Section 53363.9 is added to the Government Code, to read:

53363.9. The proceeds and investments in the "funding fund" shall be in an amount sufficient to meet either the requirements of paragraph (a) or paragraph (b) at the time of issuance of the refunding bonds, as certified by a certified public accountant licensed to practice in this state:

(a) The proceeds and investments, together with any interest or other gain to be derived from any such investment, shall be in an amount sufficient to pay the principal, interest, and redemption premiums, if any, on the refunded bonds as they become due or at designated dates prior to maturity and the designated costs of issuance of the refunding bonds.

(b) The proceeds and investments, together with any interest or other gain to be derived from any such investment, shall be in an amount sufficient to pay the principal, interest, and redemption premiums, if any, on the refunding bonds prior to the maturity of the bonds to be refunded or prior to a designated date or dates before the maturity of the bonds to be refunded, the principal and any redemption premiums due on the refunded bonds at maturity or upon that designated date or dates, and the designated costs of issuance of the refunding bonds.

SEC. 39. Section 53364 of the Government Code, as added by Chapter 1451 of the Statutes of 1982, is repealed.

SEC. 40. Section 53364 is added to the Government Code, to read:

53364. Following the issuance of any refunding bonds pursuant to this article, the treasurer of the local agency shall provide for the payment of principal and interest on the refunding bonds in the same manner as for the bonds being refunded. Payments on the refunding bonds may be made from the "refunding fund" or from the redemption fund established for the bonds being refunded. However, the bonds being refunded shall have a priority claim on funds in the redemption fund.

SEC. 41. Section 53364.2 is added to the Government Code, to read:

53364.2. Any savings achieved through the issuance of refunding bonds shall be used by the legislative body to reduce the special taxes which were levied to retire the bonds being refunded. At the time the legislative body makes a determination to issue the refunding bonds, it shall determine and cause to be made any reductions in the annual tax levy in the district, which reductions shall be made on a pro rata basis.

SEC. 42. Section 53365.7 is added to the Government Code, to read:

53365.7. (a) The legislative body may, by resolution and without the necessity of calling and holding an election, borrow money in anticipation of the sale of bonds which have been authorized pursuant to this article, but which have not been sold and delivered, issue negotiable bond anticipation notes therefor, and renew the notes from time to time. The maximum maturity of any such notes, including the renewals thereof, shall not exceed five years from the date of delivery of the original notes.

(b) The principal and interest on the notes may be paid from any money available for their payment. Any portion of the principal or interest which is due and payable shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued.

(c) The proceeds of notes issued pursuant to this section may be used for any purpose for which the bonds in anticipation of which the notes were issued may be used.

(d) The notes shall not be issued in any amount in excess of the aggregate amount of bonds which the legislative body has been authorized to issue, less the amount of any bonds of such authorized issue which have been previously sold and less the amount of other bond anticipation notes issued previously and outstanding at that time.

(e) The legislative body may, in its resolution authorizing the issuance of notes, provide that the note shall be subject to call and redemption prior to maturity, at the option of the district, at such price or prices as may be fixed in the resolution, but not to exceed a premium of 6 percent of the par value of the note so subject to redemption. The resolution shall fix the method of giving notice of

redemption to the holders of notes to be redeemed and the price or prices at which the note shall be subject to redemption. Any notes that are subject to call and redemption prior to maturity shall contain a recital to that effect on their face and no note shall be subject to call or redemption prior to its fixed maturity date unless it contains that recital.

(f) The notes shall be issued and sold in the same manner as the bonds.

(g) The notes and the resolution or resolutions authorizing the same may contain any provisions, conditions, or limitations which a resolution of the legislative body authorizing the issuance of bonds may contain.

(h) The legislative body shall, in its resolution authorizing the issuance of notes, provide a remedy if the anticipated bonds cannot be sold at the time or in the amount specified in the resolution, or if any default occurs with respect to the notes. Any remedy which is so provided shall limit the obligations of property owners within the community facilities district to the special tax authorized and levied pursuant to this chapter, except that the legislative body may enter into an agreement with any of the property owners within the district pledging some or all of the real property of those property owners who are a party to the agreement as additional security for the notes. The legislative body may authorize the levy of a supplemental special tax in an amount sufficient to secure a note issued pursuant to this section, if that special tax is fully described as to the rate, method of apportionment, and conditions under which it may be levied in the resolution of intention prepared pursuant to Section 53321. This special tax shall be subject to the procedures and voting requirements for any special tax levied under the authority of this chapter.

SEC. 42.5. Any proceedings initiated to create a community facilities district prior to the effective date of this act may be conducted in accordance with this act, as nearly as is practicable, as if this act had been in effect when the proceedings were commenced.

SEC. 43. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 44. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify and streamline the Mello-Roos Community Facilities Act of 1982 as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 270

An act to amend Sections 35400.5, 35555, and 36101 of, and to add Sections 267, 4021, and 35100.5 to, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 267 is added to the Vehicle Code, to read:

267. A cotton module mover is a motortruck or a semitrailer which is equipped with a self-loading conveyor bed and which is designed and used exclusively to transport field manufactured cotton modules to a cotton gin.

SEC. 2. Section 4021 is added to the Vehicle Code, to read:

4021. Any vehicle is exempt from registration that is designed or altered for, and used exclusively for, the refueling of aircraft at a public airport, if the vehicle is operated upon a highway under the control of a local authority for a continuous distance not exceeding one-quarter mile each way to and from a bulk fuel storage facility.

SEC. 3. Section 35100.5 is added to the Vehicle Code, to read:

35100.5. The total outside width of a cotton module mover operated on the highways pursuant to Section 35555 and the load thereon shall not exceed 130 inches in width. However, a county board of supervisors, with respect to any or all county highways within its jurisdiction or any portion thereof, may by resolution prohibit or limit the operation of cotton module movers exceeding the maximum width specified in Section 35100.

SEC. 4. Section 35400.5 of the Vehicle Code is amended to read:

35400.5. Subdivision (a) of Section 35400 does not apply to a motortruck used solely as a cotton module mover and which does not exceed 48 feet in length.

SEC. 5. Section 35555 of the Vehicle Code is amended to read:

During the period commencing October 1 of each year and ending January 31 of the following year, the weight limitations of Section 35551 do not apply to any cotton module mover or any truck tractor pulling a semitrailer that is a cotton module mover, when operated as follows:

(a) Laterally across a state highway.

(b) Upon any county highway within the Counties of Fresno, Imperial, Kern, Kings, Madera, Merced, Riverside, San Benito, San Bernardino, and Tulare, except as prohibited or limited on county highways or portions thereof by resolution of the county board of supervisors having jurisdiction.

SEC. 6. Section 36005 of the Vehicle Code is amended to read:

36005. Implement of husbandry includes, but is not limited to:

(a) A lift-carrier or other vehicle designed and used exclusively for the lifting and carrying of implements of husbandry or tools used exclusively for the production or harvesting of agricultural products, when operated or moved upon a highway.

(b) A trailer of the tip-bed type when used exclusively in the transportation of other implements of husbandry or tools used exclusively for the production or harvesting of agricultural products.

(c) A one-axle trailer of the tip-bed type when used exclusively in the transportation of other implements of husbandry or tools used exclusively for the production or harvesting of agricultural products.

(d) A two-wheeled trailer having no bed, and designed and used solely for transporting a hay loader.

(e) A spray or fertilizer applicator rig designed and used exclusively for spraying or fertilizing in the conduct of agricultural operations.

(f) A nurse rig or equipment auxiliary to the use of and designed or modified for the fueling, repairing, or loading of a spray rig or an airplane used for the dusting, spraying, fertilizing, or seeding of crops.

(g) A row duster.

(h) A wagon or van used exclusively for carrying products of farming from one part of a farm to another part thereof, or from one farm to another farm, and used solely for agricultural purposes, including any van used in harvesting alfalfa or cotton, which is only incidentally operated or moved on a highway as a trailer.

(i) A wagon or portable house on wheels used solely by shepherds as a permanent residence in connection with sheepraising operations and moved from one part of a ranch to another part thereof or from one ranch to another ranch, which is only incidentally operated or moved on a highway as a trailer.

(j) A trap wagon moved from one part of a ranch to another part of the same ranch or from one ranch to another, which is only incidentally operated or moved on a highway.

(k) Any vehicle which is operated upon a highway only for the purpose of transporting agricultural products and is in no event operated along a highway for a total distance greater than one mile from the point of origin of the trip.

(*l*) A portable honey-extracting trailer or semitrailer.

(m) A fertilizer nurse tank or trailer that is not self-propelled and which is moved unladen on the highway and auxiliary to the use of a spray or fertilizer applicator rig.

(n) Any cotton trailer when used on the highways for the exclusive purpose of transporting cotton from a farm to a cotton gin, and returning the empty trailer to such farm, except that Section 36125 shall apply to such trailers.

(o) A truck tractor or truck tractor and semitrailer combination specified in this subdivision which is owned by a farmer and operated on the highways, (1) only incidental to a farming operation, (2) not for compensation, and (3) for a distance of not more than two miles

(on the highway) each way. This subdivision applies only to truck tractors with a manufacturer's gross vehicle weight rating over 10,000 pounds that are equipped with all-wheel drive and off-highway traction tires on all wheels, and only to semitrailers used in combination with such a truck tractor and exclusively in production or harvesting of melons or tomatoes. The vehicles specified in this section shall not be operated in excess of 25 miles per hour on the highways.

SEC. 7. Section 36101 of the Vehicle Code is amended to read:

36101. The following farm vehicles are exempt from registration, if they have and display an identification plate as specified in Section 36125, and the vehicles shall not be deemed to be implements of husbandry and they shall be subject to all equipment and device requirements as if registered:

(a) A motor vehicle of a size so as to require a permit under Section 35780 owned and operated by a farmer, designed and used exclusively for carrying or returning empty from carrying feed and seed products of farming, and used on a highway between one part of a farm to another part thereof or from one farm to another farm.

(b) A vehicle equipped with a water tank owned by a farmer and used exclusively to service his or her own implements of husbandry.

(c) A water tank truck which is used exclusively for sprinkling water on dirt roads providing access to agricultural fields and which is only incidentally operated or moved on a highway.

(d) A cotton module mover, as defined in Section 267.

(e) A trailer which is equipped with a plenum chamber for the drying of agricultural commodities.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact urgently needed changes before the 1984 harvest season, it is necessary that this act take effect immediately.

CHAPTER 271

An act to amend Section 97.6 of the Revenue and Taxation Code, to amend Sections 130, 131, 134, 222, 225, 226, 239.3, and 308 of, to add Sections 124.5, 134.5, 134.6, 134.7, 134.8, and 134.9 to, and to add Chapter 7 (commencing with Section 296) to Part 5 of, the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), and to add Sections 8.3, 8.4, and 8.5 to, and to repeal and add Section 8 of, the Riverside County Flood Control and Water Conservation District (Chapter 1122 of the Statutes of 1945), relating to special districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 97.6 of the Revenue and Taxation Code is amended to read:

97.6. (a) For the 1983–84 and 1984–85 fiscal years, no local agency shall impose a property tax rate pursuant to subdivision (a) of Section 93 for other than bonded indebtedness which is in excess of the rate, if any, imposed in the 1982–83 fiscal year or imposed for the 1983–84 fiscal year pursuant to a budget resolution adopted on or before July 1, 1983, which contemplated the levy of an additional property tax rate for pension system costs, whichever rate is higher, for other than bonded indebtedness. This section shall be deemed to be a maximum tax rate pursuant to Section 20 of Article XIII of the California Constitution.

(b) If a local agency imposes a rate in excess of the maximum rate authorized by subdivision (a), the amount of property tax allocated to the agency pursuant to this chapter shall be reduced by one dollar ($1) for each one dollar ($1) of property tax revenue attributable to the excess rate.

(c) Any property tax revenue which has been subtracted from a local agency's allocation pursuant to subdivision (b) shall be allocated to elementary, high school, and unified school districts within the agency's jurisdiction in proportion to the average daily attendance of each such district.

(d) As used in this section, "bonded indebtedness" means any bond obligation of a local government which was approved by the voters of such jurisdiction prior to July 1, 1978.

(e) This section shall not apply to taxes levied to meet obligations to make payments to either the State of California under contracts for the sale, delivery, or use of water entered into pursuant to the California Water Resources Development Bond Act, which is provided for in Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of the Water Code, or the United States under

voter-approved contracts for the sale, delivery, or use of water or for repayment of voter-approved obligations for the construction, maintenance, or operation of water conservation, treatment, or distribution facilities.

(f) All metropolitan water districts formed pursuant to the Metropolitan Water District Act (Ch. 209, Stats. 1969), shall submit a report to the Legislature on or before March 31, 1984, detailing its program to reduce the reliance of the district on the property taxes and to assure that the property tax burden is equitably distributed.

(g) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 97.6 of the Revenue and Taxation Code, as added by Section 3 of Chapter 491 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 124.5 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

124.5. Subject only to the exception in this section and notwithstanding any other provision of law, commencing with the 1990–91 fiscal year any ad valorem property tax levied by a district on taxable property in the district, other than special taxes levied and collected pursuant to annexation proceedings pursuant to Articles 1 (commencing with Section 350), 2 (commencing with Section 360), 3 (commencing with Section 370), and 6 (commencing with Section 405) of Chapter 1 of Part 7, shall not exceed the composite amount required to pay (1) the principal and interest on general obligation bonded indebtedness of the district and (2) that portion of the district's payment obligation under a water service contract with the state which is reasonably allocable, as determined by the district, to the payment by the state of principal and interest on bonds issued pursuant to the California Water Resources Development Bond Act as of the effective date of this section and used to finance construction of facilities for the benefit of the district. The restrictions contained in this section do not apply if the board of directors of the district, following a hearing held to consider that issue, finds that a tax in excess of these restrictions is essential to the fiscal integrity of the district, and written notice of the hearing is filed with the offices of the Speaker of the Assembly and the President pro Tempore of the Senate at least 10 days prior to that date of the hearing.

SEC. 2.5. Section 130 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 130. A district may do all of the following:

(a) Acquire water and water rights within or without the state.

(b) Develop, store, and transport water.

(c) Provide, sell, and deliver water at wholesale for municipal and domestic uses and purposes.

(d) Fix the rates for water, and the amount of any water standby or availability service charge or assessment. Any such water standby or availability service charge or assessment shall be deemed to be amounts paid by the member public agency to the district on tax assessments.

(e) Acquire, construct, operate, and maintain any and all works, facilities, improvements, and property necessary or convenient to the exercise of the powers granted by this section.

SEC. 3. Section 131 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 131. (a) A district may provide, sell, and deliver water and water service to the United States of America or to any board, department or agency thereof or to the State of California for any use or purpose pursuant to contract therefor. The contract may be for permanent service, but shall provide for the furnishing of the water or water service upon terms and conditions and at rates which will apportion an equitable share of the capital cost and operating expense of the district's works to the contractee. Every contract shall provide that at the end of five years from the date of its execution and every three years thereafter there shall be such readjustment of the contract, upon the demand of either party thereto, either upward or downward as to rates, as the board of directors of the district may find to be just and reasonable in order to effectuate the equitable apportionment of the capital costs and operating expense.

(b) A district may provide, sell, and deliver water and water service, by a contract not to exceed 50 years, to any private corporation or public agency, or combination thereof, for use in connection with, or ancillary to, the generation of electric power at plants which are located outside of the district but which generate power the major portion of which is used directly, or indirectly through exchange, within the district, or for pumping, producing, treating, or reclaiming water for use within the district. The contracts shall not aggregate more than 100,000 acre-feet of water from the Colorado River and more than 60,000 acre-feet of water from the State Water Resources Development System in any one year during that period. Every contract shall provide that agricultural waste water, brackish ground water, or other water not suitable for domestic, municipal, or agricultural purposes shall be utilized for powerplant cooling to the extent practicable, and if not immediately available, the waste or brackish water, as it becomes available and to the extent practicable, shall replace the fresh water then being used for that purpose. The water and water service shall be furnished by the district at charges not less than those corporations or agencies would pay in general taxes to the district, the substantial equivalent of what those corporations or agencies would pay, directly or indirectly, as a result of a service charge or assessment imposed by and within the district, and the water rate of the district applicable to the classification of water delivered to those plants if the plants were located within the district, and in the case

of a public agency within the district, if the plants were located within that agency. No contract shall be entered into pursuant to this subdivision to provide, sell, and deliver water and water service for use within the service area of any agency which has a contract with the State of California for a water supply under the State Water Resources Development System without the prior written consent of that agency and the Director of Water Resources of the State of California.

(c) All water contracted for under this section shall be deemed not to be surplus water available for sale pursuant to Section 132. For purposes of this section the term "public agency" shall mean a county, city, district, local agency, public authority or public corporation.

SEC. 4. Section 134 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 134. The board, so far as practicable, shall fix such rate or rates for water as will result in revenue which, together with revenue from any water standby or availability service charge or assessment, will pay the operating expenses of the district, provide for repairs and maintenance, provide for payment of the purchase price or other charges for property or services or other rights acquired by the district, and provide for the payment of the interest and principal of the bonded debt subject to the applicable provisions of this act authorizing the issuance and retirement of the bonds. Those rates, subject to the provisions of this chapter, shall be uniform for like classes of service throughout the district.

SEC. 5. Section 134.5 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 134.5. (a) The board may, from time to time, impose a water standby or availability service charge within a district. The amount of revenue to be raised by the service charge shall be as determined by the board.

(b) Allocation of the service charge among member public agencies shall be in accordance with a method established by ordinance or resolution of the board. Factors that may be considered include, but are not limited to, historical water deliveries by a district; projected water service demands by member public agencies of a district; contracted water service demands by member public agencies of a district; service connection capacity; acreage; property parcels; population, and assessed valuation, or a combination thereof.

(c) The service charge may be collected from the member public agencies of a district. As an alternative, a district may impose a service charge as a standby charge against individual parcels within the district. In implementing this alternative, a district may exercise the powers of a county water district under Section 31031 of the Water Code, except that, notwithstanding Section 31031 of the Water Code, a district may (1) raise the standby charge rate above ten dollars ($10) per year by a majority vote of the board, and (2) after

taking into account the factors specified in subdivision (b), fix different standby charge rates for parcels situated within different member public agencies.

(d) Before imposing or changing any water standby or availability service charge pursuant to this section, a district shall give written notice to each member public agency not less than 45 days prior to final adoption of the imposition or change.

(e) As an alternative to the two methods set forth in subdivision (c), a district, at the option of its board, may convert the charge to a benefit assessment to be levied pursuant to Sections 134.6 to 134.9, inclusive.

SEC. 6. Section 134.6 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 134.6. (a) The board may by ordinance or resolution, adopted after notice and public hearing, determine and propose for adoption, subject to the approval of the voters as provided in subdivision (e), an annual water standby or availability assessment on each parcel of real property within the jurisdiction of each member public agency of the district, except that the board shall not impose an assessment upon a federal or state governmental agency or another local agency.

(b) The board may establish zones or areas of benefit within the district or within its member public agencies and may restrict the imposition of the assessments to areas lying within one or more of the zones or areas of benefit established within the district or within its member public agencies.

(c) The benefit assessment shall be levied on a parcel, class of improvement to property, or use of property basis, or a combination thereof, within the boundaries of the district, member public agency, zone, or area of benefit.

(d) The assessment may be levied against any parcel, improvement, or use of property to which water service, through a member public agency, may be made available, directly or indirectly, whether or not that service is actually used.

(e) An ordinance or resolution adopted pursuant to subdivision (a) shall be submitted to the eligible voters within the district and shall take effect upon approval of the proposition by a majority of the voters voting on the proposition. The election shall be held and conducted substantially in accordance with Article 2 (commencing with Section 210) of Chapter 1 of Part 5.

SEC. 7. Section 134.7 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 134.7. (a) For the first fiscal year in which a benefit assessment is proposed to be levied pursuant to this act, the board shall cause a written report to be prepared and filed with the executive secretary of the district which shall contain all of the following information:

(1) A description of the service proposed to be financed through the revenue derived from the assessment.

(2) A description of each lot or parcel of property proposed to be subject to the benefit assessment. The assessor's parcel number shall be a sufficient description of the parcel.

(3) The amount of the proposed assessment for each parcel.

(4) The basis and schedule of the assessment.

(b) The executive secretary shall cause notice of the filing of the report and of a time, date, and place of hearing thereon to be published pursuant to Section 6066 of the Government Code and posted in at least one public place within the jurisdiction of each affected member public agency.

(c) At the hearing the board shall hear and consider all protests. At the conclusion of the hearing, the board may adopt, revise, change, reduce, or modify the proposed assessment. The board shall make a determination upon the assessment, as described in the report or as determined at the hearing, and shall, by ordinance or resolution, determine the proposed assessment.

SEC. 8. Section 134.8 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 134.8. (a) The board may provide for the collection of the assessment in the same manner, and subject to the same penalties and priority of lien, as other charges and taxes fixed by and collected on behalf of the district, except that if for the first year the assessment is levied the real property on which the assessment is levied has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of county taxes would become delinquent, the confirmed assessment shall not result in a lien against the real property but shall be transferred to the unsecured roll.

(b) If the assessments are collected by the county, the county may deduct its reasonable costs incurred for the service before remittal of the balance to the treasury of the district.

SEC. 9. Section 134.9 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 134.9. In levying benefit assessments pursuant to Section 134.6, the board may use any of the provisions of the Benefit Assessment Act of 1982 (Chapter 6.1 (commencing with Section 54701) of Part 1 of Division 2 of Title 5 of the Government Code), the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), or the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) as a means for imposing and collecting the assessments.

SEC. 11. Section 222 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 222. The bonds shall be issued in the denominations as the board may determine, and shall be payable on the day and at the place or places fixed in the bonds and with interest at the rates specified therein, which rates shall not exceed 7 percent per annum

payable at the time or times as the board determines, unless the board determines, by a two-thirds vote of the total vote of the board, that the interests of the district and the public interest or necessity require that the bonds be sold subject to a higher maximum rate in order to obtain needed funds.

SEC. 12. Section 225 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 225. Unless the board determines by a two-thirds vote of the total vote of the board that the interests of the district and the public interest or necessity require that the provisions of this section and Section 226 be waived, so that the bonds may be sold at private sale upon such terms and conditions as the board may deem necessary, convenient, or desirable, the bonds shall not be sold at a price less than the par value thereof, together with accrued interest to the date of delivery, nor until notice calling for bids therefor shall have been published in a newspaper of general circulation published and circulated in the county in which the principal place of business of the district is located. The notice shall state the time for the receipt of the bids, which shall not be less than 10 days after the publication thereof. The notice may offer the bonds at a fixed interest rate or with the interest rate or rates undetermined, in which event the bids shall contain a statement of the rate or rates of interest at which the bidder will take the bonds and pay par value or more therefor, together with accrued interest.

SEC. 13. Section 226 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 226. Unless the board has made the determination, as authorized in Section 225, to conduct a private sale, bids for the bonds shall be opened publicly, and the results publicly announced. The bonds shall be sold to the bidder whose bid will result in the lowest net interest cost. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received and either readvertise or sell the bonds at private sale.

SEC. 14. Section 239.3 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 239.3. (a) The phrase "any public improvement or works of the district" in Section 237 and the phrase "properties, work and facilities of the district" in Section 238 shall be deemed to include, without limitation, works facilities, improvements, and property of the district for the provision, generation, and delivery of hydroelectric power pursuant to Chapter 2.5 (commencing with Section 137) of Part 4.

(b) In addition, the phrase "the payment of funds for any part of the capital costs of any public improvement or works of any public entity or agency" in Section 237 and the phrase "properties, works and facilities of the district" in Section 238 shall be deemed to include, without limitation, works, facilities, improvements, and property of a private corporation to the extent required for the

provision, generation, wheeling, and delivery of hydroelectric power by the district

(c) The acquisition and construction of those works, facilities, improvements, and property for either of the purposes specified in subdivision (a) or (b) shall be deemed to be a purpose for which revenue bonds, whether heretofore or hereafter authorized pursuant to this chapter, may be issued and sold.

SEC. 15. Chapter 7 (commencing with Section 296) is added to Part 5 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

CHAPTER 7. SHORT-TERM REVENUE CERTIFICATES

Sec. 296. A district may pursuant to this chapter borrow money and incur indebtedness from time to time for any of the purposes for which it is authorized by law to spend money. The indebtedness shall be evidenced by short-term revenue certificates issued in the manner and subject to the limitations set forth in this chapter. A district may also borrow money and incur indebtedness to pay the principal or interest on certificates issued pursuant to this chapter.

Sec. 297. Certificates issued by a district pursuant to this chapter may be negotiable or nonnegotiable, and all certificates shall be, and shall recite upon their face that they are, payable, both as to principal and interest, out of any revenues of the district which are made security for the certificates pursuant to an indenture or resolution duly adopted by the board of directors. The word "revenues" as used in this chapter shall refer to any revenues derived from the sale of water and power, annexation charges (whether collected through tax levies or otherwise), grants, available tax revenues, or any other legally available funds. In no event shall any such resolution or indenture preclude payment from the proceeds of sale of other certificates issued pursuant to this chapter or from amounts drawn on bank, or other financial institution, lines of credit pursuant to Section 299.1, or from any other lawfully available source of funds.

Sec. 298. In order to exercise the power to borrow money pursuant to this chapter, the board shall adopt a resolution or approve an indenture authorizing the sale and issuance of certificates for that purpose, which resolution or indenture shall specify all of the following:

(a) The purpose or purposes for which the proposed certificates are to be issued.

(b) The maximum principal amount of the certificates which may be outstanding at any one time.

(c) The maximum interest cost, to be determined in the manner specified in the resolution, to be incurred through the issuance of the certificates.

(d) The maximum maturities of the certificates which shall not exceed 270 days from the date of issue.

(e) The obligations to certificate holders while certificates are

outstanding.

Sec. 299. The board may also provide, in its discretion, for any of the following:

(a) The times of the sale and issuance of the certificates, the manner of sale and issuance (either through public or private sale), the amounts of the certificates, the maturities of the certificates, the rate of interest, the rate or discount from par, and any other terms and conditions deemed appropriate by the board or by the general manager of the district or any other officer designated by the board.

(b) The appointment of one or more banks or trust companies, either inside or outside the state, as depository for safekeeping and as agent for the delivery of, and the payment of, the certificates.

(c) The employment of one or more persons or firms to assist the district in the sale of the certificates, whether as sales agents, dealer managers, or in some other comparable capacity.

(d) The refunding of the certificates from time to time without further action by the board, unless and until the board specifically revokes that authority to refund.

(e) Other terms and conditions the board may deem appropriate.

Sec. 299.1. The board may arrange for a bank, or other financial institution, line of credit for (1) the purpose of providing an additional source of repayment for indebtedness incurred under this chapter and any interest thereon or (2) the purpose of borrowing for any purpose for which short-term revenue certificates could be issued under this chapter. Amounts drawn on the lines of credit may be evidenced by negotiable or nonnegotiable promissory notes or other evidences of indebtedness. The board is authorized to use any of the provisions of this chapter in connection with the entering into of the line of credit, borrowing thereunder, or repaying of the borrowings.

SEC. 16. Section 308 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 308. If from any cause the income and revenue of the district shall be inadequate to pay the interest or principal (including sinking fund requirements, if any) of any bonds issued under Chapters 1, 2, and 3 of Part 5, except bonds payable only out of income derived from special taxes levied and collected pursuant to annexation proceedings pursuant to Articles 1, 2, 3, and 6 of Chapter 1 of Part 7, as the same become due, the board shall, at the time of fixing the tax levy, pursuant to Section 307, and in the same manner provided for such tax levy, levy and collect annually until such bonds shall be paid or until there shall be a sum in the treasury of the district set apart for such purposes sufficient to meet all sums coming due for such interest or principal, a tax, in addition to all other taxes levied for district purposes, sufficient to pay the annual interest on such bonds and such part of the principal as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from previous levies or other revenues of the district. Taxes so levied and collected shall be

used for no purpose other than the payment of such interest or principal, except that in case a tax is levied, as above stated, for any authorized but unsold bonds, and such bonds are not so issued and sold or such tax for any other reason is not required for such purpose, the proceeds from the tax so levied shall be applied to the payment of interest or principal, on any bonds authorized by the electors then outstanding or subsequently issued. In addition to the foregoing, taxes shall also be levied to meet the required of any resolution adopted pursuant to Section 287.

SEC. 18. Section 8 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is repealed.

SEC. 19. Section 8 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 8. Zone six shall comprise all that territory and area included within the following described boundaries:

Beginning at the northeast corner of Section 3, T2S, R6E, S.B.B. & M.;

Thence south on section lines, 2 miles to the section corner;

Thence east on section lines, 2 miles to the southeast corner of Section 12, T2S, R6E, S.B.B. & M.;

Thence north to the southwest corner of Section 7, T2S, R7E, S.B.B. & M.;

Thence east on section lines, 4 miles to the section corner;

Thence south on section lines, 3 miles to the section corner;

Thence east on section lines, 2 miles to the section corner;

Thence south on section lines, 2 miles to the southwest corner of Section 6, T3S, R8E, S.B.B. & M.;

Thence east on section lines, 2 miles to the section corner;

Thence south on section lines, 2 miles to the section corner;

Thence east on section lines, 3 miles to the section corner;

Thence south on section lines, 2 miles to the southeast corner of Section 26, T3S, R8E, S.B.B. & M.;

Thence west on section lines, 3 miles to the section corner;

Thence south on the section line, 1 mile to the southeast corner of Section 32, T3S, R8E, S.B.B. & M.;

Thence west on section lines, 14 miles to the northwest corner of Section 6, T4S, R6E, S.B.B. & M.;

Thence south on section lines, 1 mile to the section corner;

Thence west on section lines, 2 miles to the section corner;

Thence north on the section line, ½ mile to the northeast corner of the south ½ of Section 3, T4S, R5E, S.B.B. & M.;

Thence west on the north boundary of the south ½ of Section 3, 1 mile to the northwest corner thereof;

Thence north on the section line, ½ mile to the northwest corner of Section 3;

Thence west on the section line, ½ mile to the southeast corner of the southwest ¼ of Section 33, T3S, R5E, S.B.B. & M.;

Thence north ½ mile to the northeast corner of the southwest ¼;

Thence west ½ mile to the northwest corner of the southwest ¼;

Thence north on the section line, ½ mile to the northwest corner of Section 33;

Thence west on the section line, 1 mile to the section corner;

Thence north on the section line, 1 mile to the section corner;

Thence west on section lines, 2 miles to the section corner;

Thence north on the section line, 1 mile to the section corner;

Thence west on section lines, 5 miles to the northwest corner of Section 19, T3S, R4E, S.B.B. & M.;

Thence south on the west line of Section 19 to the intersection of the west line with the centerline of State Highway Route 111;

Thence southeasterly along the centerline of State Highway Route 111, through Sections 19, 30, 29, 32, to the intersection of the centerline with the southwesterly prolongation of the southeasterly line parcel 6070-2B in Section 33 as shown on Record of Survey filed October 8, 1969, in Record of Surveys Book 54 pages 53 to 55, inclusive, records of Riverside County;

Thence northeasterly along the southwesterly prolongation and the southeasterly line of parcel 6070-2B to a point on the west line of Section 34, T3S, R4E, S.B.B. & M.;

Thence north 00° 24′ 15″ east along the west line of Section 34 a distance of 204.88 feet to a point on a line that is parallel with and 5.00 feet southerly from the southerly line of parcel 6070-1A as shown on the Record of Survey;

Thence on the parallel line, north 72° 31′ 48″ east 62.84 feet to the beginning of a tangent curve, concave to the southeast, and having a radius of 9915.00 feet with the radius point being identical to the radius point of curve "B" as shown on the Record of Survey;

Thence easterly along the arc of the curve through a central angle of 17° 21′ 32″ a distance of 3003.95 feet to the end of the curve;

Thence north 89° 53′ 20″ east 2252.93 feet to a point on the east line of Section 34;

Thence north 00° 09′ 40″ east along the east line a distance of 35.00 feet, more or less, to the southwesterly right-of-way line of the Whitewater River Channel as shown by Coachella Valley County Water District drawing 1500-18, dated January 13, 1961;

Thence southerly and southeasterly along the southwesterly right-of-way of the Whitewater River Channel, in Sections 35 and 36, T3S, R4E; Section 1, T4S, R4E; Sections 6, 7, 8, 17, 20, and 28, T4S, R5E, as shown by the Coachella Valley County Water District drawing numbers 1500-18, dated January 13, 1961, 1500-17, dated October 17, 1966, 1500-16, dated December 8, 1959, 1500-15, dated July 23, 1968, the drawings also being on file in map file 800-N in the office of the County Surveyor, to a point on the southwesterly right-of-way line, as shown on drawing 1500-15, that is the end of a 4500.00 foot radius curve from which a radial line bears north 66° 21′ 23″ east;

Thence leaving the right-of-way of the Whitewater River Channel, south 23° 28′ 37″ east 269.00 feet to the beginning of a tangent curve,

concave to the northeast and having a radius of 3176.06 feet;

Thence southeasterly along the arc of the curve through a central angle of 23° 01′ 15″ a distance of 1276.11 feet to the end of the curve and to a point on the southwesterly right-of-way line of the Whitewater River Channel being the end of a 3000.00 foot radius curve with a radial line that bears north 43° 20′ 08″ east as shown on drawing 1500-15;

Thence south 46° 39′ 52″ east along the right-of-way line as shown on drawing 1500-15, a distance of 5435.43 feet to a point on the east line of Section 33, T4S, R5E, S.B.B. & M.;

Thence southerly along the easterly line of Section 33 to a point on the southeasterly right-of-way line of that certain easement granted to the Riverside County Flood Control and Water Conservation District by deed recorded in Book 826, Page 140, of the official records, Records of Riverside County;

Thence southwesterly along the southeasterly line of that easement to a point on the north line of Section 4 T5S, R5E, S.B.B. & M.;

Thence easterly along the north line of that section to the northeast corner of Section 4;

Thence south along section lines, 12 miles to the southwest corner of Section 34, T6S, R5E, S.B.B. & M.;

Thence west along the township line to the northwest corner of Section 3, T7S, R5E, S.B.B. & M.;

Thence south on section lines, 3 miles to the southwest corner of Section 15, T7S, R5E, S.B.B. & M.;

Thence west along section lines, 3 miles, more or less, to the southwest corner of Section 18, T7S, R5E, S.B.B. & M.;

Thence north on section lines, 3 miles to the northeast corner of Section 1, T7S, R4E, S.B.B. & M.;

Thence west on section lines to the southwest corner of Section 31, T6S, R4E, S.B.B. & M.;

Thence north on section lines, 12 miles to the southeast corner of Section 36, T4S, R3E, S.B.B. & M.;

Thence west on section lines, 4 miles to the section corner;

Thence north on section lines, 4 miles to the section corner;

Thence west on section lines, 2 miles to the southwest corner of Section 7, T4S, R3E, S.B.B. & M.;

Thence north on section lines, 14 miles to a point on the northerly boundary of the County of Riverside at the northwest corner of Section 6, T2S, R3E, S.B.B. & M.;

Thence east on the northerly boundary of Riverside County, 22 miles to the point of beginning.

SEC. 20. Section 8.3 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 8.3. The territory annexed to Zone 6 of the district by the repeal and reenactment of Section 8 during the 1984 portion of the 1983–84 Regular Session of the Legislature shall be liable for the

payment of benefit assessments approved by the voters of Zone 6 and levied, or to be levied, pursuant to Chapter 6.1 (commencing with Section 54071) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 21. Section 8.4 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 8.4. The annexation of territory to Zone 6 of the district by the repeal and reenactment of Section 8 during the 1984 portion of the 1983–84 Regular Session of the Legislature is conditioned upon the detachment of that territory from the Coachella Valley Water District pursuant to Division 1 (commencing with Section 56000) of Title 6 of the Government Code, with that detachment and annexation being complete and effective on the date of recording by the executive officer of the local agency formation commission of a certified copy of the certificate of completion of the detachment proceedings with the county recorder in accordance with Section 56453 of the Government Code, or on any other date fixed in the terms and conditions of the detachment proceedings in accordance with Section 56456 of the Government Code.

SEC. 22. Section 8.5 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 8.5. The territory annexed to Zone 6 of the district by the repeal and reenactment of Section 8 during the 1984 portion of the 1983–84 Regular Session of the Legislature is subject to jurisdictional rights, duties, limitations, and liabilities as prescribed pursuant to Chapter 9 (commencing with Section 56470) of Part 5 of Division 1 of Title 6 of the Government Code.

SEC. 23. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 24. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The amendment to Section 97.6 of the Revenue and Taxation Code made by Chapter 1324 of the Statutes of 1983 contained a restriction on the tax rate that may be levied by a metropolitan water district during the 1984–85 and 1985–86 fiscal years, while at the same time relieving other local agencies which must meet obligations to make payments to the state or federal government pursuant to specified contracts from any such tax rate limitations. The effect of the limitation on a metropolitan water district which has such a contract under the California Water Resources Development Bond Act may be to impair the state's bonding ability and, at the same time, cause

the district to increase its wholesale water rates inordinately to the detriment of the ultimate consumer. In order to overcome these effects as soon as possible to facilitate local agency planning, it is necessary that this act take effect immediately.

CHAPTER 272

An act to amend Section 11463 of, and to add and repeal Section 11462.3 of, the Welfare and Institutions Code, relating to facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984 Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 11462.3 is added to the Welfare and Institutions Code, to read:

11462.3. Notwithstanding subdivision (d) of Section 11462, nonprofit organizations which did not participate in the Federal Insurance Contributions Act prior to January 1, 1984, shall receive an increase in 1983–84 fiscal year payments to reflect the cost of the employer contributions required by Section 102 of the Social Security Amendments of 1983 (Public Law 98-21). The amount of the increase shall be calculated by using 1983 salaries as the base. The department shall determine the amount of the rate supplement in conjunction with the 1984–85 fiscal year ratesetting process and shall notify counties to retroactively adjust the 1983-84 fiscal year payments in a form and manner determined by the department.

This section shall remain in effect until January 1, 1991, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 2. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop and implement a ratesetting system for homefinding agencies to be effective no later than July 1, 1985.

No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with homefinding agencies, which exceed the percentage cost-of-living increase provided in any fiscal year beginning on or after July 1, 1982, to persons eligible for aid under subdivision (a) of Section 11450.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is

recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Group homes in California have unexpectedly been required by the federal government to participate in the Social Security Program. Because this cost is not currently a state-reimbursed operational expense, many group homes are threatened by closure. In order to prevent this, it is necessary that this act take effect immediately.

CHAPTER 273

An act to amend Section 23789 of, and to repeal and add Section 24310 of, the Business and Professions Code, relating to alcoholic beverages, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984 Filed with Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 23789 of the Business and Professions Code is amended to read:

23789. The department is specifically authorized to refuse the issuance, other than renewal or ownership transfer, of on-sale retail licenses for premises located within the immediate vicinity of churches and hospitals.

The department is further specifically authorized to refuse the issuance, other than renewal or ownership transfer, of on-sale retail licenses for premises located within at least 600 feet of schools and public playgrounds or nonprofit youth facilities, including, but not limited to, facilities serving girl scouts, boy scouts, or campfire girls. This distance shall be measured pursuant to rules of the department.

SEC. 2. Section 24310 of the Business and Professions Code is repealed.

SEC. 3. Section 24310 is added to the Business and Professions Code, to read:

24310. (a) Any person requesting a transcript from the department in a case on appeal to the Alcoholic Beverage Control Appeals Board, shall pay the transcript cost specified in Section 69950 of the Government Code. Any actual cost in excess thereof shall be paid by the Appeals Board from the Alcoholic Beverage Control

Appeals Fund.

(b) A party in a case on appeal to the Appeals Board who, in 1983 or 1984, has paid that portion of the transcript fee in excess of the fee specified in Section 69950 of the Government Code shall be refunded that excess by payment from the Alcoholic Beverage Control Appeals Fund, providing the Appeals Board has not issued a dismissal or other final decision in the case on appeal.

SEC. 4. If any provision of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 5. For the purpose of Section 24310 of the Business and Professions Code, as added by Section 3 of this act, the sum of thirty-five thousand dollars ($35,000) is hereby appropriated from the Alcoholic Beverage Control Appeals Fund to the Alcoholic Beverage Control Appeals Board in augmentation of Item 2120-001-117 of the 1983 Budget Act (Chapter 324, Statutes of 1983), and the sum of forty-nine thousand three hundred dollars ($49,300) is hereby appropriated from the Alcoholic Beverage Control Appeals Fund to the Alcoholic Beverage Control Appeals Board in augmentation of Item 2120-001-117 of the 1984 Budget Act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since the Legislature has declared in Section 23001 of the Business and Professions Code that the subject matter of the Alcoholic Beverage Control Act involves, in the highest degree, the economic, social, and moral well-being and the safety of the state and all of its people, it is necessary that the appeals process involved in cases brought under the act be expeditious and, in order for the provisions of this act to become operative during the 1983–84 fiscal year, it is therefore necessary that this act take effect immediately.

CHAPTER 274

An act to to amend Sections 32033, 72247, 72252, 72640, 82305.6, 84700, 84701, 84704, 84705, and 84706 of, to amend and repeal Section 84362 of, and to repeal and add Section 82305.5 of, the Education Code, and to amend Sections 19 and 21 of Chapter 1 of the 1983–84 Second Extraordinary Session, relating to community colleges, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984 Filed with
Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 32033 of the Education Code, as amended by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

32033. The eye protective devices may be sold to the pupils and teachers at a price which shall not exceed the actual cost of the eye protective devices to the school or governing board.

This section shall not apply to the governing board of a community college district; however, this section shall not be construed as prohibiting the governing board of a community college district from offering eye protective devices for sale to students and employees who voluntarily choose to purchase those devices from the district.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 32033 of the Education Code, as added by Section 2 of Chapter 1010 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 72247 of the Education Code, as amended by Chapter 55 of the Statutes of 1984, is amended to read:

72247. (a) The governing board of a community college district may require of students in attendance in grades 13 and 14 and employees of the district, the payment of a fee, in an amount not to exceed twenty dollars ($20) per semester or forty dollars ($40) per regular school year to be fixed by the board, for parking services.

The fee shall only be required of students and employees using parking services.

(b) The governing board of a community college district may also require the payment of a fee, to be fixed by the governing board, for the use of parking services by persons other than students and employees.

(c) All parking fees collected shall be deposited in the designated fund of the district in accordance with the California Community Colleges Budget and Accounting Manual and shall be expended only for parking services or for purposes of reducing the costs to students and employees of the college of using public transportation to and from the college.

Fees collected for use of parking services provided for by investment of student body funds under the authority of Section 76064 shall be deposited in a designated fund in accordance with the California Community Colleges Budget and Accounting Manual for repayment to the student organization.

"Parking services," as used in this section, means the purchase, construction, and operation and maintenance of parking facilities for vehicles and motor vehicles as defined by Sections 415 and 670 of the Vehicle Code, and the reduction of costs to students and employees of using public transportation to and from the college.

In no event may the fee required pursuant to this section exceed the actual cost of providing parking services.

SEC. 3. Section 72252 of the Education Code, as added by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

72252. (a) Commencing with the semester, term, or quarter which begins after July 31, 1984, the governing board of each community college district shall charge each student a fee, pursuant to the provisions of this section.

(b) The fee prescribed by this section shall equal fifty dollars ($50) per semester for students enrolled in classes totaling six or more credit semester units, and five dollars ($5) per unit per semester for students enrolled in classes totaling less than six credit semester units.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district which does not collect the fees prescribed by this section.

(e) The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711.

(f) The fee requirements of this section shall be defrayed pursuant to Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary program, or the General Assistance Program.

(g) The requirements of Section 69534 shall apply to financial aid applicants enrolling in six or more credit semester units, but shall not apply to financial aid applicants who seek aid only for the fees required by this section and who enroll for less than six credit semester units. The chancellor shall prescribe a financial aid application for students enrolling in less than six credit semester units.

(h) The board of governors shall adopt regulations implementing the provisions of this section as regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(i) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 4. Section 72640 of the Education Code, as amended by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

72640. The governing board of a community college district may:

(a) Conduct field trips or excursions in connection with courses of instruction or school-related social, educational, cultural, athletic, or college band activities to and from places in the state, any other state, the District of Columbia, or a foreign country for students enrolled in a college. A field trip or excursion to and from a foreign country may be permitted to familiarize students with the language, history, geography, natural sciences, and other studies relative to the district's course of study for such pupils.

(b) Engage such instructors, supervisors, and other personnel as desire to contribute their services over and above the normal period for which they are employed by the district, if necessary, and provide equipment and supplies for such field trip or excursion.

(c) Transport by use of district equipment, contract to provide transportation, or arrange transportation by the use of other equipment, of students, instructors, supervisors or other personnel to and from places in the state, any other state, the District of Columbia, or a foreign country where such excursions and field trips are being conducted; provided that, when district equipment is used, the governing board shall secure liability insurance, and if travel is to and from a foreign country, such liability insurance shall be secured from a carrier licensed to transact insurance business in such foreign country.

(d) Provide supervision of students involved in field trips or excursions by certificated employees of the district.

No student shall be required to pay a fee to participate in an instructionally related field trip or excursion within the state.

No student shall be prevented from making the field trip or excursion because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for students in need of them.

No group shall be authorized to take a field trip or excursion authorized by this section if any student who is a member of such an identifiable group will be excluded from participation in the field trip or excursion because of lack of sufficient funds.

No expenses of students participating in a field trip or excursion to any other state, the District of Columbia, or a foreign country authorized by this section shall be paid with district funds. Expenses of instructors, chaperons, and other personnel participating in a field

trip or excursion authorized by this section may be paid from district funds, and the district may pay from district funds all incidental expenses for the use of district equipment during a field trip or excursion authorized by this section.

The attendance or participation of a student in a field trip or excursion authorized by this section shall be considered attendance for the purpose of crediting attendance for apportionments from the State School Fund in the fiscal year. Credited attendance resulting from such field trip or excursion shall be limited to the amount of attendance which would have accrued had the students not been engaged in the field trip or excursion. No more contact hours shall be generated by a field trip or excursion than if the class were held on campus.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

(e) Nothing in this section shall be construed to require the governing board of a community college district to pay the costs of meals, lodging, and other incidental expenses for students participating in field trips and excursions. The costs of meals and lodging are incidental in nature and shall not be applied in determining the funds necessary for a student to participate in a field trip or excursion.

(f) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 72640 of the Education Code, as amended by Section 76 of Chapter 797 of the Statutes of 1979, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 5. Section 82305.5 of the Education Code is repealed.

SEC. 6. Section 82305.5 is added to the Education Code, to read:

82305.5. The governing board of a community college district may contract for the transportation of matriculated or enrolled adults, or provide transportation to adults in district-owned equipment for educational purposes other than to and from school.

Any district which contracts to provide or provides transportation to adults pursuant to this section may charge adults all or part of the costs of contracting for or providing those transportation services.

This section shall become operative January 1, 1988.

SEC. 7. Section 82305.6 of the Education Code, as added by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

82305.6. When the governing board of a community college

district provides for the transportation of students to and from community colleges, the governing board of the district may require the parents and guardians of all or some of the students transported, to pay a portion of the cost of such transportation in an amount determined by the governing board. The amount determined by the board shall be no greater than that paid for transportation on a common carrier or municipally owned transit system by other students in the district who do not use the transportation provided by the district. The governing board shall exempt from the charges students of parents and guardians who are indigent as set forth in rules and regulations adopted by the board. No charge under this section shall be made for the transportation of handicapped students. Nothing in this section shall be construed to sanction, perpetuate, or promote the racial or ethnic segregation of students in the community colleges.

SEC. 8. Section 84362 of the Education Code is amended to read:

84362. For purposes of this section:

(a) "Salaries of classroom instructors" and "instructors" shall have the same meaning as prescribed by Section 84031. However, the cost of all health and welfare benefits provided to the instructors by the community college district shall be included within the meaning of salaries of classroom instructors.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) for certificated salaries other than certificated salaries for student transportation, food services, and community services; classified salaries other than classified salaries for student transportation, food services, and community services; employee benefits other than employee benefits for student transportation personnel, food services personnel, and community services personnel; books, supplies, and equipment replacement other than for student transportation and food services; and community services, contracted services, and other operating expenses other than for student transportation, food services, and community services. "Current expense of education," for purposes of this section, shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the Accounting Manual for California Community Colleges), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any instructor salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government

pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress or the amount expended by a community college from state or federal funds received by the community college for grants to community college students or for the employment of community college students. Districts which levied a health services fee in the 1983–84 fiscal year and are subject to Section 72246.5 shall not include health services expenditures in calculating the current expense of education.

There shall be expended during each fiscal year for payment of salaries of classroom instructors by a community college district, 50 percent of the district's current expense of education.

If the board of governors determines that a district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom instructors during the preceding fiscal year, the board shall, in apportionments made to the district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the board of governors shall be deposited in the county treasury to the credit of the community college district, but shall be unavailable for expenditure by the district pending the determination to be made by the board of governors on any application for exemption which may be submitted to the board of governors. In the event it appears to the governing board of a community college district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom instructors in excess of the salaries of classroom instructors paid by other districts of comparable type and functioning under comparable conditions, the governing board may, with the written approval of the county superintendent of schools having jurisdiction over the district, apply to the board of governors in writing not later than September 15th of the immediately succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section.

Immediately upon applying for such exemption, the governing board shall provide the exclusive representative of the district's certificated employees or, if none exists, the district or college academic senate, and all certificated employee organizations eligible for payroll dues deduction, with a copy of such application. The exclusive representative, or the district or college academic senate, and all certificated employee organizations eligible for payroll dues deduction, within 30 days of its receipt of such application, may transmit to the board of governors a written statement opposing such application, setting forth reasons for its opposition.

Upon receipt of such application, duly approved, and of such statement of opposition, if any, the board of governors shall grant the district exemption for any amount that is less than one thousand dollars ($1,000). If the amount is one thousand dollars ($1,000) or

more, the board of governors may grant the district exemption from such requirement for the fiscal year for which the application is made if a majority of all the members of the board of governors finds, in writing, that the district will in fact suffer serious hardship or will have to pay salaries of classroom instructors in excess of those paid by other districts of comparable type and functioning under comparable conditions unless the district is granted an exemption. If such exemption is granted, the designated moneys shall be immediately available for expenditure by the community college district governing board. If no application for exemption is made or exemption is denied, the board of governors shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom instructors during the next fiscal year.

The board of governors shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. It may require the submission during the school year, by community college district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

(c) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 84362 of the Education Code, as amended by Section 296 of Chapter 470 of the Statutes of 1981, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 9. Section 84700 of the Education Code, as amended by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

84700. For the 1983–84 fiscal year, and each fiscal year thereafter, the chancellor shall apportion state aid to community college districts according to the following procedure:

(a) The fiscal year revenues for each community college district shall be the noncredit base revenues as defined in subdivision (d) of Section 84701, plus the credit base revenues as defined in subdivision (e) of Section 84701, plus the average daily attendance adjustments based on incremental cost adjustments prescribed in Sections 84702 and 84702.5, plus the equalization adjustment specified in Section 84703, plus the inflation adjustment specified in Section 84704, plus the equalization adjustment specified in Section 84705.

(b) For each community college district, the chancellor shall subtract from the revenues determined pursuant to subdivision (a), the local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption and including 98 percent of the fee revenues collected pursuant to Section 72252 and of moneys received for fees defrayed pursuant to subdivision (f) of Section 72252, and motor vehicle license fees received pursuant to

Section 11003 4 of the Revenue and Taxation Code, and timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code. The remainder shall be the state general apportionment for each district.

(c) The chancellor shall adjust the amount determined pursuant to subdivision (b) to provide for prior year adjustments required pursuant to Section 84330.

(d) The chancellor may, upon the demonstrated need of any community college district for increased levels of allocations of state funds in any month based on district expenditure patterns and cash flow needs, adjust the allocations provided in subdivision (e), provided that the total of the allocations to be made between July 1 and February 1 shall not exceed 70 percent.

(e) Warrants shall be drawn on the State Treasury by the Controller in favor of the treasurer of each county for the allocations certified by the Chancellor of the California Community Colleges for the period of July through January in accordance with the following schedule, as may be adjusted by the chancellor in accordance with provisions of subdivision (d):

(1) Eight percent of district eligibility shall be allocated in July.

(2) Eight percent of district eligibility shall be allocated in August.

(3) Twelve percent of district eligibility shall be allocated in September.

(4) Ten percent of district eligibility shall be allocated in October.

(5) Nine percent of district eligibility shall be allocated in November.

(6) Five percent of district eligibility shall be allocated in December.

(7) Eight percent of district eligibility shall be allocated in January.

SEC. 10. Section 84701 of the Education Code, as amended by Chapter 1 of the 1983–84 Second Extraordinary Session, is amended to read:

84701. (a) The base 1983–84 fiscal year revenues for each community college district shall be the revenue computed for the 1982–83 fiscal year pursuant to Article 3 (commencing with Section 84620) less the adjustments made pursuant to paragraphs (1), (2), and (3) of subdivision (b) of Section 84630.5 and the adjustments made pursuant to Provisions 4 and 11 of Item 6870-101-001 of the Budget Act of 1982.

(b) For the 1984–85 fiscal year the base revenues for each community college district shall be the sum of revenues computed for the 1983–84 fiscal year pursuant to subdivision (a) of Section 84701, and Sections 84703, 84704, and 84705. For the 1985–86 fiscal year and each fiscal year thereafter, the base revenues for each community college district shall be the revenues received for the preceding fiscal year in accordance with Section 84700, plus any unfunded shortage in local revenues identified pursuant to the provisions of Section 84712.

(c) The base fiscal year average daily attendance for each community college district shall be the average daily attendance of the preceding fiscal year computed pursuant to Section 84500 as adjusted by Section 84895, if applicable, which, pursuant to the Budget Act or any other act, received full funding, less the adjustment for declining average daily attendance pursuant to Section 84702 in the preceding fiscal year.

(d) The noncredit base revenues for each community college district shall be equal to the units of funded noncredit average daily attendance within the base fiscal year average daily attendance determined pursuant to subdivision (c), multiplied by one thousand one hundred dollars ($1,100) plus applicable inflation adjustments for preceding years subsequent to the 1982–83 fiscal year.

(e) The credit base revenues for each community college district shall be equal to the district's base revenues determined pursuant to subdivision (a) or (b) as appropriate, less the district's noncredit base revenue determined pursuant to subdivision (d), and less the adjustments for declining average daily attendance pursuant to Sections 84702, 84702.5, and 84704 in the preceding fiscal year.

(f) (1) Funded noncredit average daily attendance for a community college district, for a fiscal year, shall be the lesser of the actual number of noncredit average daily attendance generated for that year or the sum of the noncredit average daily attendance funded for the preceding fiscal year plus allowable increases in noncredit average daily attendance based on the percentage of increase allowance provided for the district through provisions of Section 84706.

(2) However, if the actual number of credit average daily attendance for the district is less than the sum of the number of credit average daily attendance funded for the preceding fiscal year plus allowable increases in credit average daily attendance based on the percentage of increase allowance provided in Section 84706, then the difference, represented in numbers of average daily attendance, shall be added to the number of funded noncredit average daily attendance determined pursuant to paragraph (1).

The number of funded noncredit average daily attendance so increased shall be greater than the sum of the number of noncredit average daily attendance funded for the preceding fiscal year plus allowable increases in noncredit average daily attendance based on the percentage of increase allowance provided for the district through provisions of Section 84706 but not greater than the actual number of noncredit average daily attendance generated.

(g) In establishing a district's funded credit and noncredit base average daily attendance for the 1983–84 fiscal year, the chancellor shall do both of the following:

(1) Calculate the ratios of total actual credit and noncredit average daily attendance generated to total actual average daily attendance generated in the 1982–83 fiscal year for the district.

(2) Apply the ratios calculated pursuant to paragraph (1) to the

district's total average daily attendance for which the district received funding in the 1982–83 fiscal year.

(h) For fiscal year 1983–84, upon request of any district with credit and noncredit average daily attendance and which in the 1982–83 fiscal year generated a total average daily attendance exceeding 110 percent of its total funded average daily attendance, the chancellor may authorize an increase in the total base funded average daily attendance of the district by an amount not to exceed 5 percent of the district's 1982–83 fiscal year funded average daily attendance. The authorized adjustment shall be further limited by an amount of average daily attendance not greater than that average daily attendance for the district that exceeded 110 percent of the district's funded average daily attendance.

(i) For purposes of determining each district's prior fiscal year revenues per unit of credit average daily attendance, each district's credit base revenues determined pursuant to subdivision (e) shall be divided by the credit base average daily attendance portion of the base fiscal year average daily attendance determined pursuant to subdivision (c).

(j) For purposes of this article, a district's funded average daily attendance for any fiscal year is equal to the district's base average daily attendance determined pursuant to subdivision (c) plus any fully funded increases in average daily attendance actually generated in that fiscal year subject to the provisions of Section 84706.

SEC. 11. *Section 84704 of the Education Code is amended to read:*

84704. (a) The base revenues for each community college district shall be adjusted by the product of the following:

(1) The ratio of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, for the fourth calendar quarter of the latest available year to the fourth calendar quarter of the prior year rounded to hundredths.

(2) The noncredit base revenue per unit of noncredit average daily attendance computed pursuant to Section 84701.

(3) The district's funded noncredit average daily attendance for the current fiscal year.

(b) For districts reporting 3,001 or more units of credit average daily attendance for the prior fiscal year, the base revenues shall be adjusted by the product of the following:

(1) The ratio of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, for the fourth calendar quarter of the latest available year to the fourth calendar quarter of the prior year rounded to hundredths.

(2) The average revenue per unit of credit average daily attendance for all districts reporting 3,001 or more units of credit average daily attendance for the prior fiscal year or the district's revenue per unit of credit average daily attendance for the prior

fiscal year, whichever is greater.

(3) The district's current year funded credit average daily attendance.

(c) For districts reporting less than 3,001 units of credit average daily attendance for the prior fiscal year, the base revenues shall be adjusted by the product of the following:

(1) The ratio of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, for the fourth calendar quarter of the latest available year to the fourth calendar quarter of the prior year rounded to hundredths.

(2) The average revenue per unit of credit average daily attendance for all districts which received state general apportionment funds in the prior fiscal year pursuant to provisions of Section 84620 or 84700, and reporting less than 3,001 units of credit average daily attendance for the prior fiscal year as adjusted pursuant to subdivision (d) or the revenue per unit of credit average daily attendance for the district for the prior fiscal year, whichever is greater.

(3) The district's current fiscal year funded credit average daily attendance.

(d) The small district factor shall be equal to the formula:

$$\frac{a + bx + cx^2}{d}$$

(1) The value of "a" is 3,481.923 less the difference between 2,051.9775 and the prior year statewide average revenue per unit of credit average daily attendance for districts reporting more than 3,001 units of credit average daily attendance.

(2) The value of "b" is −0.783406.

(3) The value of "c" is 0.0001022525.

(4) The value of "d" is the prior year statewide average revenue per unit of credit average daily attendance for districts reporting less than 3,001 units of credit average daily attendance.

(5) The value of "x" is the district's base credit average daily attendance.

(e) For the 1983–84 fiscal year only, a factor of 0.06 shall be used in subdivisions (a), (b), and (c) in lieu of the percentage change in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services.

(f) Adjustments made pursuant to this section in any fiscal year shall be made only if, and to the extent that, the chancellor determines that sufficient funds are appropriated to the community colleges for inflation adjustments, and equalization adjustments pursuant to Section 84705, to be made in that fiscal year.

SEC. 12. Section 84705 of the Education Code is amended to

read:

84705. The base revenues for low revenue community college districts shall be adjusted for equalization as follows:

(1) Compute an amount equal to 10 percent of the statewide total adjustment computed for credit average daily attendance in Section 84704. For the 1983–84 fiscal year only, the amount calculated pursuant to this paragraph shall be reduced by an amount equal to the sum of the differences between 90 percent and 91 percent of the prior year average revenues per unit of credit average daily attendance pursuant to Section 84703 for districts reporting fewer than 3,001 units of credit average daily attendance and for districts reporting 3,001 or more units of credit average daily attendance.

(2) The amount computed in paragraph (1) shall be allocated to raise the revenue per unit of credit average daily attendance of low revenue community college districts to the highest common level possible in relation to the amounts specified in subparagraph (A) or (B).

(A) For districts reporting 3,001 or more units of credit average daily attendance in the prior fiscal year, the prior fiscal year statewide average revenue per unit of credit average daily attendance.

(B) For districts reporting fewer than 3,001 units of credit average daily attendance, the prior fiscal year statewide average revenue per unit of credit average daily attendance, adjusted by the small district factor specified in subdivision (d) of Section 84704.

SEC. 13. Section 84706 of the Education Code is amended to read:

84706. (a) For the purpose of this article, average daily attendance shall include only the attendance of state residents, except as provided in Section 78462, attending within the district. All attendance of all students shall be reported in accordance with instructions provided by the chancellor.

(b) Community college districts shall be allowed to increase their funded average daily attendance over the prior year as determined by the chancellor in accordance with the following procedures:

(1) For the 1983–84 fiscal year, districts may be allowed to increase their funded average daily attendance to the level funded in the 1981–82 fiscal year less the adjustments made pursuant to Provision 11 of Item 6870-101-001 of the Budget Act of 1982. Increases for each district provided by this paragraph shall be in addition to the increases provided by paragraphs (2) and (4) and shall be allowed only to the extent that increases in statewide average daily attendance provided by this section, exclusive of paragraph (4), does not exceed the rate of change of the adult population of the state as determined by the Department of Finance, or funds remain available statewide pursuant to

paragraph (3).

(2) Increases in statewide average daily attendance shall be based on the rate of change of the adult population of the state as determined by the Department of Finance. The allocation of changes on a district-by-district basis shall be determined by the chancellor, based on such factors as the rate of change in the adult population, as determined by the Department of Finance, unemployment, refugee population, and adult participation in the district. The chancellor shall allocate at least 0.01 times the base average daily attendance of the district or 100 units of average daily attendance, whichever is greater, unless adjusted pursuant to paragraph (5) of this subdivision.

The statewide adult population percentage change reported by the Department of Finance shall be based on the resident adult population 18 years of age and older and shall be consistent with actual and projected adult population data reported for like purposes. The percentage change of the adult population of the community college districts shall be compatible with the changes reported for the statewide adult population and shall be determined within the geographic boundaries of the district which shall be consistent with the geographic boundaries used to determine the assessed valuation of property within the district.

The allocation of allowable increases in average daily attendance on a district-by-district basis shall not exceed a reasonable anticipated normal growth for any district, based on information that the chancellor may receive from the district.

(3) The level of funding available for increases in average daily attendance for each district, based on increases specified in paragraph (2), shall be the sum of the following:

(A) The percentage of allowable increase in average daily attendance specified in paragraph (2) times the level of base noncredit average daily attendance of the current fiscal year times the incremental cost rate specified in subdivision (a) of Section 84702.5.

(B) The percentage of allowable increase in average daily attendance specified in paragraph (2) times the level of base credit average daily attendance of the current fiscal year times the incremental cost rate specified in subdivision (b) of Section 84702.5.

(4) The chancellor shall allocate additional increases in average daily attendance for program growth in areas of statewide concern that are funded in the annual Budget Act or any other act of the Legislature, based on criteria adopted for those allocations.

(5) In the event of a deficit in funding for workload increases, all allowable increases in average daily attendance provided by this section shall be reduced proportionally.

(c) All increases in funded credited average daily attendance shall be accounted for in the following categories of the course classification system of the community colleges, as determined by

the chancellor:

(1) Units of average daily attendance in courses that provide transfer credit to a baccalaureate-awarding institution.

(2) Units of average daily attendance in occupational education and vocational and technical programs and courses.

(3) Units of average daily attendance which prepare students for courses identified in paragraphs (1) and (2).

SEC. 14. Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session is amended to read:

Sec. 19. (a) There is hereby appropriated the following sums to the Board of Governors of the California Community Colleges for the purpose of providing financial aid funds directly to low-income students who cannot afford to pay the fee specified in Section 72252 of the Education Code, and for the purpose of defraying fees pursuant to subdivision (f) of Section 72252:

Period	Amount
July 1, 1984 to June 30, 1985	$15,000,000
July 1, 1985 to June 30, 1986	15,000,000
July 1, 1986 to June 30, 1987	15,000,000
July 1, 1987 to January 1, 1988	7,500,000

(b) The chancellor shall allocate the funds appropriated by subdivision (a) to community college districts. In prescribing the manner of allocation, the chancellor shall endeavor to ensure that students with similar characteristics shall be treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the chancellor shall consider the number of financial aid recipients in each district and the availability of federal and other state financial aid resources.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in Section 72252 of the Education Code, and only in an amount equal to the fee actually charged the student pursuant to that section. In addition, the chancellor shall pay districts the amount of fees defrayed pursuant to subdivision (f) of Section 72252.

(d) Districts which receive an allocation of funds pursuant to this section shall utilize appropriate financial need criteria for the distribution of the funds. These criteria may include, but are not limited to, nationally accepted needs analysis methodologies, evidence of need based upon the receipt of public assistance, or other reasonable methods.

(e) The chancellor shall submit a plan made pursuant to subdivision (b) to the California Postsecondary Education Commission, the Legislative Analyst, and to the fiscal and education policy committees of each house of the Legislature by June 15, 1984.

The California Postsecondary Education Commission shall review the plan and submit its recommendations to the fiscal and education

policy committees of each house of the Legislature.

(f) If the amount appropriated pursuant to this section exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252, the excess shall revert to the General Fund.

(g) If the amount needed for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252 and to pay districts for the total amount of fees defrayed pursuant to subdivision (f) of Section 72252 is greater than the amount appropriated by this section, the chancellor shall certify to the Department of Finance the amount of the additional funds which are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or otherwise.

SEC. 15. Section 21 of Chapter 1 of the 1983–84 Second Extraordinary Session is amended to read:

Sec. 21. Upon certification by the Director of the Department of Finance to the Controller of the necessity of the funds, a sum not to exceed one hundred fifteen thousand dollars ($115,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for the 1984–85 fiscal year, for the purpose of carrying out the study required by Section 17 of this act.

The chancellor shall enter into an interagency agreement with the California Postsecondary Education Commission to reimburse the commission for the cost of carrying out the duties imposed upon the commission by Section 17 of this act.

SEC. 16. (a) Notwithstanding Section 23 of Chapter 1 of the 1983–84 Second Extraordinary Session, Section 21 of Chapter 1 of the 1983–84 Second Extraordinary Session shall become operative on May 18, 1984, or on the effective date of this act, whichever is later.

(b) Notwithstanding Section 23 of Chapter 1 of the 1983–84 Second Extraordinary Session, the Board of Governors shall, prior to July 1, 1984, adopt regulations for the implementation of the provisions of Section 72252 of the Education Code in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 17. The sum of one hundred fifteen thousand dollars ($115,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for the 1983–84 fiscal year, for the purpose of carrying out the study required by Section 17 of Chapter 1 of the 1983–84 Second Extraordinary Session.

The chancellor shall enter into an interagency agreement with the California Postsecondary Education Commission to reimburse the commission for the cost of carrying out the duties imposed upon the commission by Section 17 of Chapter 1 of the 1983–84 Second Extraordinary Session.

SEC. 18. (a) Sections 1 to 5, inclusive, and Sections 7 to 14, inclusive, of this act shall become operative on July 1, 1984, or on the effective date of this act, whichever is later.

(b) Sections 8 and 15 of this act shall become operative on May 18, 1984, or on the effective date of this act, whichever is later.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the law at the earliest possible time, and so facilitate the orderly administration of community colleges, it is necessary that this act take effect immediately.

CHAPTER 275

An act to add Section 1799.107 to the Health and Safety Code, relating to emergency services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1799.107 is added to the Health and Safety Code, to read:

1799.107. (a) The Legislature finds and declares that a threat to the public health and safety exists whenever there is a need for emergency services and that public entities and emergency rescue personnel should be encouraged to provide emergency services. To that end, a qualified immunity from liability shall be provided for public entities and emergency rescue personnel providing emergency services.

(b) Except as provided in Article 1 (commencing with Section 17000) of Chapter 1 of Division 9 of the Vehicle Code, neither a public entity nor emergency rescue personnel shall be liable for any injury caused by an action taken by the emergency rescue personnel acting within the scope of their employment to provide emergency services, unless the action taken was performed in bad faith or in a grossly negligent manner.

(c) For purposes of this section, it shall be presumed that the action taken when providing emergency services was performed in good faith and without gross negligence. This presumption shall be one affecting the burden of proof.

(d) For purposes of this section, "emergency rescue personnel" means any person who is an officer, employee, or member of a fire department or fire protection or firefighting agency of the federal government, the State of California, a city, county, city and county, district, or other public or municipal corporation or political subdivision of this state, whether such person is a volunteer or partly paid or fully paid, while he or she is actually engaged in providing

emergency services as defined by subdivision (e).

(e) For purposes of this section, "emergency services" includes, but is not limited to, first aid and medical services, rescue procedures and transportation, or other related activities necessary to insure the health or safety of a person in imminent peril.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Emergency services cannot continue to be provided unless the fear of liability is removed.

CHAPTER 276

An act to amend Sections 4453.5, 13200.5, and 22348 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 4453.5 of the Vehicle Code is amended to read:

4453.5. In the case of leased vehicles, the lessor and the lessee shall be shown on the registration card as the owner and the user of a vehicle, and the department shall designate their relationships upon the card and the ownership certificate by the words "lessor" and "lessee" and shall designate thereon the address of the lessee.

Transfers of ownership involving vehicles as described in the preceding paragraph may be effected upon the signature release by either the lessor or the lessee when the application for transfer is accompanied by a statement of facts that the party signatory is the owner of the vehicle and entitled to transfer the vehicle.

SEC. 2. Section 13200.5 of the Vehicle Code is amended to read:

13200.5. Whenever any person licensed under this code is convicted of a violation of subdivision (b) of Section 22348, the court may, unless this code makes mandatory a revocation by the department, suspend the privilege of the person to operate a motor vehicle for a period of not to exceed 30 days.

SEC. 3. Section 22348 of the Vehicle Code is amended to read:

22348. (a) Notwithstanding Section 22349, 22356, or any other provision of this chapter, no person shall drive a vehicle upon a highway at a speed greater than 55 miles per hour.

(b) Any person who drives a vehicle upon a highway at a speed greater than 100 miles per hour is guilty of an infraction punishable, as follows:

(1) Upon a first conviction of a violation of this subdivision, by a

fine of not to exceed five hundred dollars ($500). The court may also suspend the privilege of the person to operate a motor vehicle for a period not to exceed 30 days pursuant to Section 13200.5.

(2) Upon a conviction under this subdivision of an offense which occurred within three years of a prior offense resulting in a conviction of an offense under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13355.

(3) Upon a conviction under this subdivision of an offense which occurred within five years of two or more prior offenses resulting in convictions of offenses under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (b) of Section 13355.

(c) Any vehicle subject to Section 22406 shall be driven in a lane designated pursuant to Section 21655, or if no lane has been so designated, in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb. When overtaking and passing another vehicle proceeding in the same direction, the drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under this code. If, however, specific lane or lanes have not been designated on a divided highway having four or more clearly marked lanes for traffic in one direction, any such vehicle may also be driven in the lane to the immediate left of the right-hand lane, unless otherwise prohibited under this code. This subdivision does not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering into or exiting from a highway or to a driver who is required necessarily to drive in a lane other than the right-hand lane to continue on his intended route.

(d) This section shall remain in effect 120 days from the date that the 55-mile-per-hour national maximum speed limit, as specified in Section 154 of Title 23 of the United States Code, is repealed.

CHAPTER 277

An act to repeal Sections 19019, 19019.1, 19019.2, 19021, 19022, and 19023 of, and Article 3 (commencing with Section 19550) and Article 4 (commencing with Section 19600) of Chapter 6 of Part 2 of Division 10 of, the Welfare and Institutions Code, relating to blind persons.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 19019 of the Welfare and Institutions Code is repealed.

SEC. 2. Section 19019.1 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 19019.2 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 19021 of the Welfare and Institutions Code is repealed.

SEC. 5. Section 19022 of the Welfare and Institutions Code is repealed.

SEC. 6. Section 19023 of the Welfare and Institutions Code is repealed.

SEC. 7. Article 3 (commencing with Section 19550) of Chapter 6 of Part 2 of Division 10 of the Welfare and Institutions Code is repealed.

SEC. 8. Article 4 (commencing with Section 19600) of Chapter 6 of Part 2 of Division 10 of the Welfare and Institutions Code is repealed.

CHAPTER 278

An act to amend Sections 3013, 3107, 3200, 3203, 3208, 3211, 3227, 3228, 3403.5, 3712, 3721, 3725, and 3771 of the Public Resources Code, relating to oil and gas.

[Approved by Governor July 2, 1984 Filed with Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 3013 of the Public Resources Code is amended to read:

3013. This division shall be liberally construed to meet its purposes, and the director and the supervisor shall have all powers, including the authority to adopt rules and regulations, which may be necessary to carry out the purposes of this division.

SEC. 2. Section 3107 of the Public Resources Code is amended to read:

3107. A district deputy in each district, designated by the supervisor, shall collect all necessary information regarding the oil and gas wells in the district, with a view to determining the presence of oil and gas sands and the location and extent of strata bearing water suitable for irrigation or domestic purposes that might be affected. The district deputy shall prepare maps and other accessories necessary to determine the presence of oil and gas sands and the location and extent of strata bearing water suitable for

irrigation or domestic purposes or surface water suitable for those purposes. This work shall be done with the view to advising the operators as to the best means of protecting the oil and gas sands and the water-bearing strata and surface water, and with a view to aiding the supervisor in ordering tests or repair work at wells. All this data shall be kept on file in the office of the district deputy of the respective district.

SEC. 3. Section 3200 of the Public Resources Code is amended to read:

3200. Every owner or operator of any well shall designate an agent, giving his or her address, who resides in this state, to receive and accept service of all orders, notices, and processes of the supervisor or any court of law. Every person so appointing an agent shall, within five days after the termination of the agency, notify the supervisor, in writing, of the termination, and unless operations are discontinued, shall appoint a new agent.

SEC. 4. Section 3203 of the Public Resources Code is amended to read:

3203. The owner or operator of any well shall, before commencing the work of drilling the well, file with the supervisor or the district deputy a written notice of intention to commence drilling. Drilling shall not commence until approval is given by the supervisor or the district deputy; if the supervisor or the district deputy fails to give the owner or operator written response to the notice within 10 working days, that failure shall be considered as an approval of the notice and the notice shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor. If operations have not commenced within one year of receipt of the notice, the notice shall be deemed canceled. The notice shall contain the following:

(a) The location and elevation above sea level of the floor of the proposed derrick and drill rig.

(b) The number or other designation by which the well shall be known. That number or designation shall be subject to the approval of the supervisor.

(c) The owner's or operator's estimate of the depths between which production will be attempted.

(d) Any other pertinent data the supervisor may require.

After the completion of any well, this section shall also apply, as far as may be, to the deepening or redrilling of the well, any operation involving the plugging of the well, or any operations permanently altering in any manner the casing of the well. The number or designation of any well, and the number or designation specified for any well in a notice filed as required by this section, shall not be changed without first obtaining a written consent of the supervisor.

SEC. 5. Section 3208 of the Public Resources Code is amended to read:

3208. For the purposes of Section 3207, a well is properly completed to production of oil or gas when it has been shown, to the

satisfaction of the supervisor, that the manner of producing oil or gas therefrom is satisfactory and that the well has maintained production of oil or gas for a continuous six-month period. A well is properly abandoned when it has been shown, to the satisfaction of the supervisor, that all proper steps have been taken to isolate all oil-bearing or gas-bearing strata encountered in the well, and to protect underground or surface water suitable for irrigation or farm or domestic purposes from the infiltration or addition of any detrimental substance and to prevent subsequent damage to life, health, property, and other resources.

SEC. 6. Section 3211 of the Public Resources Code is amended to read:

3211. The log shall show the character and depth of the formation passed through or encountered in the drilling of the well. The log shall show completely the amounts, kinds, and size of casing used, the depth at which oil-bearing or gas-bearing strata are encountered, the depth and character of the strata, and whether all water overlying and underlying the oil-bearing or gas-bearing strata was successfully and permanently shut off so as to prevent the percolation or penetration of water into the oil-bearing or gas-bearing strata; and whether strata bearing water that might be suitable for irrigation or domestic purposes are properly protected from the infiltration or addition of detrimental substances from the well.

SEC. 7. Section 3227 of the Public Resources Code is amended to read:

3227. The owner of any well shall file with the supervisor, on or before the last day of each month, for the last preceding calendar month, a statement, in the form designated by the supervisor, showing all of the following:

(a) The amount of oil and gas produced from each well during the period indicated, together with the gravity of the oil, the amount of water produced from each well, estimated in accordance with methods approved by the supervisor, and the number of days during which fluid was produced from each well.

(b) The number of wells drilling, producing, injecting, or idle, that are owned or operated by the person.

(c) What disposition was made of the gas produced from each field, including the names of persons, if any, to whom the gas was delivered, and any other information regarding the gas and its disposition that the supervisor may require.

(d) What disposition was made of the water produced from each field, and the amount of fluid or gas injected into each well used for enhanced recovery, underground storage of hydrocarbons, or waste water disposal and any other information regarding those wells that the supervisor may require.

Any operator that produces oil by the application of mining or other unconventional techniques shall file a report with the supervisor, on or before March 1 of each year, showing the amount of oil produced by those techniques in the preceding calendar year.

Upon request and making a satisfactory showing therefor, a longer filing period may be established by the supervisor for any particular owner or operator.

SEC. 8. Section 3228 of the Public Resources Code is amended to read:

3228. Before abandoning any well in accordance with methods approved by the supervisor or the district deputy, and under his or her direction, the owner or operator shall isolate all oil-bearing or gas-bearing strata encountered in the well and shall use every effort and endeavor to protect any underground or surface water suitable for irrigation or domestic purposes from the infiltration or addition of any detrimental substances.

SEC. 9. Section 3403.5 of the Public Resources Code is amended to read:

3403.5. (a) The Legislature finds that there are underground storage facilities for gas that utilize depleted or partially depleted oil or gas reservoirs. Purchased gas, usually from out of state, is injected for storage and withdrawn during peak load periods. The supervisor is required to maintain surveillance over these facilities to insure that the original reserves are not lost, that drilling of new wells is conducted properly, and that no damage occurs to the environment by reason of injection and withdrawal of gas.

(b) In order to help support the regulatory effort of the supervisor, there shall be imposed an annual charge computed at a uniform rate based on the number of wells used to inject and withdraw gas from an underground storage facility during the preceding calendar year. The charge shall defray the costs incurred by the state in conducting the activities described in this section.

SEC. 10. Section 3712 of the Public Resources Code is amended to read:

3712. This chapter shall be liberally construed to meet its purposes, and the director and the supervisor shall have all powers which may be necessary to carry out the purposes of this chapter, including the authority to adopt rules and regulations.

SEC. 11. Section 3721 of the Public Resources Code is amended to read:

3721. Every owner or operator of any well shall designate an agent, giving his or her address, who resides in this state, to receive and accept all orders, notices, and processes of the supervisor or any court of law. Every person so appointing an agent shall, within five days after the termination of the agency, notify the supervisor, in writing, of such termination, and unless operations are discontinued, shall appoint a new agent.

SEC. 12. Section 3725 of the Public Resources Code is amended to read:

3725. Every person who engages in the drilling, redrilling, deepening, maintaining, or abandoning of any well, except a low-temperature geothermal well, shall file with the supervisor an individual indemnity bond in the sum of twenty-five thousand

dollars ($25,000) for each well drilled, redrilled, deepened, maintained, or abandoned. The bond shall be filed with the supervisor at the time of the filing of the notice of intention to drill, redrill, deepen, maintain, or abandon, as provided in Section 3724 or 3724.1. The bond shall be executed by the person, as principal, and by an authorized surety company, as surety, conditioned that the principal named in the bond shall faithfully comply with all the provisions of this chapter, in drilling, redrilling, deepening, maintaining, or abandoning any well or wells covered by the bond, and shall secure the state against all losses, charges, and expenses incurred by it to obtain such compliance by the principal named in the bond.

The conditions of the bond shall be stated in substantially the following language:

"If _____, the above bounden principal, shall well and truly comply with all the provisions of Chapter 4 (commencing with Section 3700) of Division 3 of the Public Resources Code and shall obey all lawful orders of the State Oil and Gas Supervisor, or his or her district deputy or deputies, if not appealed as provided in that chapter, or upon affirmance thereof by the Director of Conservation, if appealed thereto, and shall pay all charges, costs, and expenses incurred by the supervisor or his or her district deputy or deputies in respect of the well or wells or the property or properties of the principal, or assessed against the well or wells or the property or properties of the principal, in pursuance of the provisions of that chapter, then this obligation shall be void; otherwise, it shall remain in full force and effect."

SEC. 13. Section 3771 of the Public Resources Code is amended to read:

3771. In case of the failure or neglect on the part of any person to comply with any order of the supervisor or the director, or any subpoena, or upon the refusal of any witness to testify to any matter regarding which the person may lawfully be interrogated, or upon refusal or neglect to appear and attend at any proceeding or hearing on the day specified, after having received a written notice of not less than 10 days prior to the proceeding or hearing, or upon the person's failure, refusal or neglect to produce books, papers, or documents as demanded in the order or subpoena upon that day, that failure, refusal or neglect constitutes a misdemeanor. Each day's further failure, refusal, or neglect is a separate and distinct offense.

The district attorney of the county in which the proceeding, hearing, or investigation is to be held, shall prosecute any person guilty of violating this section by continuous prosecution until the person appears or attends or produces the books, papers, or documents, or complies with the subpoena or order of the supervisor or the director.

CHAPTER 279

An act to amend Sections 23903 and 23909 of the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor July 2, 1984. Filed with Secretary of State July 3, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 23903 of the Education Code is amended to read:

23903. The board may authorize payment of a disability allowance to any member who is qualified upon application by the member, the guardian or conservator, or the employer, if the application is made during any one of the following periods:

(a) While the member is on a compensated leave of absence.

(b) While the member is physically or mentally incapacitated for performance of his or her duty and the incapacity has been continuous from the last day for which compensation was paid to the member.

(c) While the member is on a leave of absence without compensation. granted for reason other than mental or physical incapacity for performance of his or her duty, and within four months after the last day of employment for which compensation was paid to the member, or within 12 months while on an official district leave to study at an approved college or university.

(d) Within four months after the termination of the member's employment in a position requiring membership in the system, if the application was not made under subdivision (b) and was not made more than four months after the last day for which compensation was paid to the member.

(e) A member with children who becomes disabled prior to age 60, and whose sick leave will extend beyond age 60, may be awarded a disability allowance with an effective date after age 60, if application is filed prior to attaining age 60.

(f) The member is not applying for a disability allowance because of a physical or mental condition which existed at the time the most recent membership in this system commenced and which remains substantially unchanged at the time of application.

On receipt of an application for disability allowance, the system may order a medical examination of a member to determine whether the member is incapacitated for further service. The medical examination shall be conducted by a physician selected by the board and the board shall pay all reasonable costs associated with the examination. If the applicant for disability allowance refuses to submit to the required medical examination, the application for disability allowance shall be canceled. The applicant shall either remain in this state, or return to this state at the applicant's own

expense, to undergo the initial evaluations or examinations or the application shall be disallowed, unless this requirement is waived by the board.

SEC. 2. Section 23909 of the Education Code is amended to read:

23909. The board may require any member receiving a disability allowance to undergo medical examination at such times as it deems necessary. The board may authorize the medical examination to be conducted and reported by the treating source of the member at the expense of the member and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. The board shall, in scheduling medical examinations, give consideration to the interests and convenience of the member receiving the disability allowance. If the examination, together with other available information, shows to the satisfaction of the board that the member is no longer disabled, the disability allowance shall cease. Should the member refuse to submit to medical examination, as herein provided, payments to the member under the disability shall be discontinued and all rights of the member in the disability allowance shall be revoked.

CHAPTER 280

An act to amend Sections 20013, 20013.5, 20014, 20016, 20742, 20983.5, 21022, 21101, 21252.02, 21263, 21290.5, 21292.6, 21293, and 21363 of, and to add Sections 20017.10, 20017.95, 20017.96, 20017.97, 20017.98, 20017.99, 20602.93, 20607, 20803.3, 20980.4, 21292.1, 22013.95, 22013.96, and 22013.97 to, the Government Code, relating to the Public Employees' Retirement System, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 1984. Filed with Secretary of State July 3, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 20013 of the Government Code is amended to read:

20013. (a) "Member" means an employee who has qualified for membership in the Public Employees' Retirement System and on whose behalf an employer has become obligated to pay contributions.

(b) "State member" includes:

(1) State miscellaneous members.

(2) University members.

(3) Patrol members.

(4) State safety members.

(5) State industrial members.

(6) State peace officer/firefighter members.

(c) "Local member" includes:

(1) Local miscellaneous members.

(2) Local safety members.

(d) "School member" includes all employees within the jurisdiction of a school employer, other than local policemen.

SEC. 2. Section 20013.5 of the Government Code is amended to read:

20013.5. "Member classification" means either:

(a) Miscellaneous member classification, which includes state miscellaneous members, university members, local miscellaneous members, state industrial members, and school members; or

(b) Safety member classification, which includes patrol members, state peace officer/firefighter members, state safety members, and local safety members.

SEC. 3. Section 20014 of the Government Code is amended to read:

20014. "State miscellaneous member" includes all members employed by the state and university, except industrial, patrol, state peace officer/firefighter, and state safety members.

SEC. 4. Section 20016 of the Government Code is amended to read:

20016. "State industrial member" includes all state employees appointed by the Governor or by the Director of Corrections or the Board of Prison Terms or the Department of the Youth Authority or the Youthful Offender Board and employed in the state prisons or facilities of the Department of Corrections or the Department of the Youth Authority, or employed in the Division of Adult Paroles as chief, deputy chief, agents, or officers, and all parole agents or officers appointed by the Board of Prison Terms under the State Civil Service Act, any parole agents or officers appointed by the Board of Trustees of the California Institution for Women, the members of the Board of Prison Terms, and the members of the Board of Trustees of the California Institution for Women except such employees who are state safety members or state peace officer/firefighter members.

Except as expressly otherwise provided, the provisions of this part applicable to state miscellaneous members apply to state industrial members.

The provisions of this part providing industrial death and disability benefits to state industrial members shall also apply to any other state employee whose death or disability results from an injury which is a direct consequence of a violent act perpetrated on his person by an inmate of a state prison, correctional school or facility of the Department of Corrections or the Youth Authority or a parolee therefrom subject to the same conditions prescribed by Section 20038.6.

SEC. 5. Section 20017.10 is added to the Government Code, to read:

20017.10. "State safety member" includes all persons specified in this article by employer, classification, or duties performed, except persons in those classes defined as "peace officer/firefighter members."

SEC. 5.5. Section 20017.95 is added to the Government Code, to read:

20017.95. "State peace officer/firefighter member" means:

(a) All persons in the Department of Alcoholic Beverage Control, the Board of Prison Terms, the Department of Consumer Affairs, the Department of Developmental Services, the Department of Health Services, the Horse Racing Board, the Department of Industrial Relations, the Department of Insurance, the Department of Mental Health, the Department of Motor Vehicles, the Department of Social Services employed with the class title of Special Investigator (Class Code 8553), Senior Special Investigator (Class Code 8550), Investigator Trainee (Class Code 8555), and Investigator Assistant (Class Code 8554) which have been designated as peace officers as defined in Sections 830.2 and 830.3 of the Penal Code.

(b) All persons within the Department of Justice who are state employees as defined in subdivision (c) of Section 3513 and who have been designated as peace officers and performing investigative duties.

(c) All persons in the Department of Parks and Recreation employed with the class title of Park Ranger (Intermittent) (Class Code 0984) which have been designated as peace officers as defined in Sections 830.2 and 830.3 of the Penal Code.

Any person so designated may elect, within 90 days of notification by the board, to remain subject to the service retirement benefit and compulsory retirement age applicable prior to the effective date of this section by filing an irrevocable notice of election with the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

SEC. 6. Section 20017.96 is added to the Government Code, to read:

20017.96. "State peace officer/firefighter member" also includes officers and employees with the following class titles of:

Class Code	Classification
9694	Board Coordinating Parole Agent, Youthful Offender Parole Board
9774	Correctional Case Worker Trainee
9649	Correctional Program Supervisor
9903	Correctional Counselor II
9904	Correctional Counselor I
9662	Correctional Officer
9658	Correctional Officer Trainee
9911	Case Work Specialist, Youth Authority

9579	Group Supervisor
9578	Group Supervisor Trainee
8217	Medical Technical Assistant, Correctional Facility
9701	Parole Agent I, Youth Authority
9765	Parole Agent I, Adult Parole
9696	Parole Agent II, Youth Authority
9763	Parole Agent II, Adult Parole
9776	Parole Service Associate
8215	Senior Medical Technical Assistant
9590	Transportation Officer, Youth Authority
9581	Youth Counselor
6875	Air Operations Officer I
6877	Air Operations Officer I, Maintenance
6882	Air Operations Officer II, Maintenance
1050	Air Operations Officer III-Maintenance
1053	Air Operations Officer III
1056	Air Operations Officer II
1077	Fire Apparatus Engineer
1074	Fire Captain
1072	Fire Control Aid
1069	Fire Crew Supervisor
1082	Firefighter, California Department of Forestry
1083	Seasonal firefighter, California Department of Forestry
1046	Forestry Helicopter Pilot
1047	Fire Prevention Officer I
1049	Fire Prevention Officer II
1054	Forester I
1060	Forestry Aid
6387	Heavy Fire Equipment Operator
1055	Junior Forester
8997	Arson/Bomb Investigator
8972	Deputy State Fire Marshal II
8975	Deputy State Fire Marshal I
9043	Food and Drug Investigator I
9039	Food and Drug Investigator II
9042	Food and Drug Investigator III
9001	Firefighter/Correctional Institutions
8416	Lt. Fish and Game Patrol Boat
0992	Life Guard
1992	Museum Security Officer I
0890	Park Safety/Enforcement Specialist
8359	Sgt. California State Police
8464	State Police Officer
0983	State Park Ranger I
0981	State Park Technician
8358	State Security Officer

8989	Supervisor Firefighter/Security Guard
8410	Warden/Pilot Fish and Game
8990	Firefighter/Security Guard
8979	Firefighter
8421	Fish and Game Warden
8418	Fish and Game Patrol, Lieutenant
9028	Food and Drug Program Coordinator
9007	Food Technology Specialist
9088	Fire Service Training Specialist I
9089	Fire Service Training Specialist II
9090	Fire Service Training Specialist III
1937	Hospital Peace Officer I
9013	Deputy State Fire Marshal III Specialist
8567	Investigator Trainee, Food and Agriculture
0989	Aquatic Specialist
0982	State Park Ranger Trainee

Any person so designated may elect, within 90 days of notification by the board, to remain subject to the service retirement benefit and compulsory retirement age applicable prior to the effective date of this section by filing an irrevocable notice of election with the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

SEC. 7. Section 20017.97 is added to the Government Code, to read:

20017.97. "State peace officer/firefighter member" also means:

(a) All persons in the Department of Corporations, Office of the Controller, and the Public Employees' Retirement System employed on a full-time permanent basis with the class title of Special Investigator (Class Code 8553), Senior Special Investigator (Class Code 8550), Investigator Trainee (Class Code 8555) and Investigator Assistant (Class Code 8554) who have been designated as peace officers as defined in Sections 830.2 and 830.3 of the Penal Code.

(b) All persons employed on a full-time permanent basis with the class title of Sergeant State Fair Police (Class Code 1946), State Fair Police Officer (Class Code 1945), Senior Investigator, Structural Pest Control Board (Class Code 8821), Investigator Structural Pest Control Board (Class Code 8802), District Representative I and II, Division of Codes and Standards (Class Codes 8960 and 8958), Deputy Registrar of Contractors I and II (Class Codes 8793 and 8792), Polygraph Examiners, California Youth Authority (Class Code 8542), or Community Services Consultant I (Class Code 9717) who have been designated as peace officers as defined in Sections 830.2, 830.3, and 830.5 of the Penal Code.

(c) All persons employed on a full-time permanent basis with the class title of Deputy State Fire Marshal Intern (Class Code 8980).

Any person so designated may elect, within 90 days of notification by the board, to remain subject to the service retirement benefit and

compulsory retirement age applicable prior to the effective date of this section by filing an irrevocable notice of election with the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

This section shall not become applicable to any member so designated until such time as a ruling or regulation authorizing the inclusion of persons so designated within the definition of "policeman or fireman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act.

SEC. 8. Section 20017.98 is added to the Government Code, to read:

20017.98. "State peace officer/firefighter member" means all members who are full-time permanent employees represented in Corrections Unit No. 6, Protective Services and Public Safety Unit No. 7, and Firefighters Unit No. 8 and are employed after the operative date of this section in class titles which are designated as peace officer as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code or are firefighters whose principal duties consist of active firefighting/fire suppression.

A member who is employed in a position that is reclassified from state miscellaneous to state peace officer/firefighter pursuant to this section, may make an irrevocable election in writing to remain subject to the miscellaneous service retirement benefit and compulsory retirement age by filing a notice of the election with the board within 90 days of notification by the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

This section shall not become applicable to any member included in a classification until such time as a ruling or regulation authorizing the inclusion of persons employed in that classification within the definition of "policeman or fireman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act.

SEC. 9. Section 20017.99 is added to the Government Code, to read:

20017.99. "State peace officer/firefighter member" also includes state officers and employees who have been designated as a peace officer as defined in Sections 830.1, 830.2, 830.3, 830.4, and 830.5 of the Penal Code, except patrol members, or a firefighter whose principal duties consist of active firefighting/fire suppression, who are either excluded from the definition of state employee in subdivision (c) of Section 3513 or is a supervisory employee as defined in Section 3522.1, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, provided, that those officers and employees have responsibility for the direct supervision of state peace officer/firefighter personnel specified in Sections 20017.95, 20017.96, 20017.97, and 20017.98. The Department of Personnel Administration shall, on an annual basis, determine which classes meet the above conditions and are not classes specified

in Sections 20017.95, 20017.96, 20017.97, and 20017.98, and report its findings to the Legislature and to the Public Employees' Retirement System, to be effective July 1 of each year.

Any person so designated may elect, within 90 days of notification by the board, to remain subject to the service retirement benefit and compulsory retirement age applicable prior to the effective date of this section by filing an irrevocable notice of election with the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

This section shall not become applicable to any member so designated until such time as a ruling or regulation authorizing the inclusion of persons so designated within the definition of "policeman or fireman" is issued by the federal agency for purposes of Section 218(d)(5)(A) of the Social Security Act.

SEC. 10. Section 20602.93 is added to the Government Code, to read:

20602.93. Whenever a person becomes a state peace officer/firefighter member as a result of an amendment to this part defining state peace officer/firefighter member, the rate of contribution provided for state peace officer/firefighter shall apply only to compensation paid the person for service on and after the effective date of the amendment.

SEC. 11. Section 20607 is added to the Government Code, to read:

20607. The normal rate of contribution for state peace officer/firefighter members shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid those members.

SEC. 12. Section 20742 of the Government Code is amended to read:

20742. Notwithstanding any other provision of this part, the state's contribution to the Public Employees' Retirement Fund during fiscal year 1984–85 is a sum equal to the percentages of compensation paid the following categories:

(a) 18.267 percent with respect to state miscellaneous members.

(b) 19.976 percent with respect to state industrial members.

(c) 20.518 percent with respect to state safety members.

(d) 25.292 percent with respect to state patrol members.

(e) 24.310 percent with respect to state peace officer/firefighter members.

SEC. 13. Section 20803.3 is added to the Government Code, to read:

20803.3. "State peace officer/firefighter service" means service rendered as a state peace officer/firefighter member only while receiving compensation for that service, except as provided in Article 4 (commencing with Section 20890) of this chapter. It also includes service rendered in an employment in which persons have since become state peace officer/firefighter members.

SEC. 14. Section 20980.4 is added to the Government Code, to

read:

20980.4. Every state peace officer/firefighter member shall be retired on the first day of the calendar month succeeding that in which he or she attains age 60, unless the member has elected to remain subject to the service retirement benefit and compulsory retirement age applicable prior to the effective date of this section. Every member who has attained age 60 when he or she becomes a peace officer/firefighter member shall be retired on the first day of the following month.

SEC. 15. Section 20983.5 of the Government Code is amended to read:

20983.5. Every state member, other than a patrol, state peace officer/firefighter (unless the peace officer/firefighter member elected to remain subject to the state miscellaneous or industrial service retirement benefit and compulsory retirement age), or state safety member, and who has attained age 70, and all such persons who are reinstated from retirement and who are over age 70 at the time of their reinstatement, or who are first employed after age 70, shall have the right to delay retirement and to continue in employment upon certification of the member's eligibility to continue in employment by the department or agency head or other appropriate supervisor pursuant to rules and regulations adopted by the State Personnel Board, the Regents of the University of California, or the Trustees of the State Universities or Colleges with respect to employees under their respective jurisdictions. The rules and regulations shall also provide for an appeal in cases when eligibility is denied. The appeal shall be directly to the entity or its designated representative. Certificates of eligibility may be limited for a time period of one or more years, and may be renewed from time to time upon expiration.

"Eligibility," for purposes of this section, shall mean job performance of standard or above.

The board shall identify all members who are approaching age 70 and shall notify the member and his or her employer of the member's option to continue in employment under this section. Upon receipt of the initial certificate of eligibility by the board from the employer, a member shall be continued in membership and shall be entitled to all of the rights and subject to all of the liabilities arising from this membership, including the obligation to pay contributions and the right to receive additional service credit.

The board shall not process subsequent certificates of eligibility, and notwithstanding any other provisions of law, a member who continues in membership pursuant to this section shall thereafter be retired for service only upon his or her voluntary application for retirement, and the effective date of the retirement shall be the date following the last date for which salary is payable or any subsequent date specified by the member.

A member who continues or has continued in employment under this section may thereafter retire with less than five years of service.

A member who attains age 67 prior to January 1, 1982, may retire with less than five years of service.

SEC. 16. Section 21022 of the Government Code is amended to read:

21022. Any patrol, state safety member, state industrial, state peace officer/firefighter, or local safety member incapacitated for the performance of duty as the result of an industrial disability shall be retired for disability, pursuant to this chapter, regardless of age or amount of service.

SEC. 18. Section 21101 of the Government Code is amended to read:

21101. The board may reinstate a person from retirement upon (a) his or her application to the board for reinstatement; (b) the determination of the board, based upon medical examination, that he or she is not incapacitated for the duties to be assigned to him or her; and (c) the determination of the board that his or her age at the date of application for reinstatement is at least six months less than the age of compulsory retirement for service applicable to members of the class or category in which it is proposed to employ him or her. The provisions of clause (c) of this section shall apply only to patrol, state peace officer/firefighters, and safety members. The effective date of such reinstatement for purposes of this article shall be the first day of compensated employment following approval of reinstatement.

SEC. 19. Section 21252.02 of the Government Code is amended to read:

21252.02. The combined current and prior service pensions for state peace officer/firefighter members subject to this section with respect to state peace officer/firefighter service which is subject to the provisions of this section is a pension derived from the contributions of the employer sufficient when added to the service retirement annuity which is derived from the accumulated normal contributions of the state peace officer/firefighter member at the date of his or her retirement to equal the fraction of one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter-year, in the following table, multiplied by the number of years of state peace officer/firefighter service subject to this section with which he or she is credited at retirement.

Age at retirement	Fraction
50	1.0000
50¼	1.0125
50½	1.0250
50¾	1.0375
51	1.0500
51¼	1.0625
51½	1.0750
51¾	1.0875

52	1.1000
52¼	1.1125
52½	1.1250
52¾	1.1375
53	1.1500
53¼	1.1625
53½	1.1750
53¾	1.1875
54	1.2000
54¼	1.2125
54½	1.2250
54¾	1.2375
55 and over	1.2500

In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer, or this section and Section 21252.6, and would otherwise exceed such maximum, the pension payable with respect to each section or employer shall be reduced in the same proportion as the allowance bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

This section shall be applicable only to the state peace officer/firefighter members who are represented in Corrections Unit No. 6, Protective Services and Public Safety Unit No. 7, and Firefighters Unit No. 8.

This section may be applied to related supervisory classes for the respective bargaining units specified in this section.

This section shall be operative with respect to members in each of the bargaining units specified in this section only if a memorandum of understanding is reached between the state and the exclusive bargaining agent in the respective unit pursuant to the State Employer-Employee Relations Act, Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, which specifically agrees to the provisions of this section and which is approved by the Legislature pursuant to law.

Nothing in this section or in any other provision of law affected by the bill amending this section in 1984 of the 1983–84 Regular Session of the Legislature shall be construed as authorizing any future

negotiation with respect to whether or not any bargaining unit specified in this section whose memorandum of understanding was previously approved by the Legislature pursuant to law and this section, shall continue to remain within the state peace officer/firefighter membership category.

The operative date of this section with respect to members in each of the bargaining units specified in this section shall be as provided for in the memorandum of understanding.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section with respect to the bargaining unit of the person.

This section shall be known as, and may be cited as the State Peace Officers' and Fire Fighters' Retirement Act.

Notwithstanding any of the foregoing provisions of this section, this section shall not in any event become operative with respect to or apply to any bargaining unit specified in this section or any employee in any bargaining unit specified in this section unless and until the effective date of a subsequent statute in which the Legislature establishes the related employer and employee contribution rates.

The Legislature reserves the right to subsequently modify or amend this part in order to completely effectuate the intent and purposes of this section and the right to not provide any new comparable advantages if disadvantages to employees result from any such modification or amendment.

SEC. 20. Section 21263 of the Government Code is amended to read:

21263. Upon the death of a patrol, state peace officer/firefighter, or state safety member whose retirement for service or disability is effective on or after the operative date of this section, a monthly allowance derived from employer contributions equal to a percentage of the amount of his or her retirement allowance as it was at his or her death based on service credited to him or her as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions of the member, shall be paid to the surviving spouse throughout life or until remarriage. The percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon the death or remarriage of the surviving spouse, the allowance shall be paid collectively to every unmarried child of the deceased member who has not attained age 18, or who is disabled by a condition which disabled that child prior to attaining age 18 and which has continued without interruption after age 18, until the disability ceases. If, at the time of the retired member's death, there is no eligible surviving spouse or children, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him or her for support. If, on the effective date of his or her retirement, the member has no surviving spouse, eligible children,

or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his or her retirement and ending on the date of his or her death.

SEC. 21. Section 21290.5 of the Government Code is amended to read:

21290.5. Upon retirement for nonindustrial disability, a patrol member or local safety member subject to Section 21252.01 or a state peace officer/firefighter who has attained age 50, or a state safety member who has attained age 55, shall receive his or her service retirement allowance.

SEC. 22. Section 21292.1 is added to the Government Code, to read:

21292.1. Upon retirement of a state peace officer/firefighter member for industrial disability the member shall receive a disability allowance of 50 percent of his or her final compensation plus an annuity purchased with his or her accumulated additional contributions, if any, or, if qualified for service retirement, the member shall receive his or her service retirement allowance if the allowance, after deducting such annuity, is greater.

SEC. 24. Section 21292.6 of the Government Code is amended to read:

21292.6. Notwithstanding any other provision of this part, the industrial disability retirement allowance of a member whose membership commenced after January 1, 1980, in the category of membership in which the member was serving at the time of suffering the disability or incurring the disease causing retirement for industrial disability, shall not exceed the service retirement allowance that would be payable as a result of service in that category of membership if the member's service had continued to age 55, if a patrol, state peace officer/firefighter member, state safety, or local safety member, or age 63, if any other category of member.

This section shall not be applicable to a member who is subject to Section 21307, or a member whose disability results from an injury which is a direct consequence of a violent act perpetrated upon his person or occurs during the performance of those portions of his duties which are particularly hazardous and dangerous.

SEC. 25. Section 21293 of the Government Code is amended to read:

21293. The disability retirement allowance for a patrol, state safety, state peace officer/firefighter, state industrial, or local safety member retired because of industrial disability shall be derived from his or her accumulated normal contributions and the contributions of his or her employer.

SEC. 26. Section 21363 of the Government Code is amended to read:

21363. The special death benefit is payable if the deceased was a

patrol, state peace officer/firefighter, state safety, state industrial or local safety member, if his death was industrial and if there is a survivor who qualifies under subdivision (b) of Section 21364. The Workers' Compensation Appeals Board, using the same procedures as in workers' compensation hearings, shall in disputed cases determine whether the death of a member was industrial.

The jurisdiction of the Workers' Compensation Appeals Board shall be limited solely to the issue of industrial causation, and this section shall not be construed to authorize the Workers' Compensation Appeals Board to award costs against the system pursuant to Section 4600, 5811, or any other provision of the Labor Code.

SEC. 27. Section 22013.95 is added to the Government Code, to read:

22013.95. (a) "Policeman" or "fireman," as used in this part, also includes persons employed in positions set forth in Section 20017.97, provided, such designation is not contrary to any definition, ruling, or regulation relating to the term "policeman" or "fireman" issued by the federal agency for the purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

(b) This section shall not become operative until such time as a ruling or regulation authorizing the inclusion of persons employed in classifications set forth in Section 20017.97 within the definition of "policeman" or "fireman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

SEC. 28. Section 22013.96 is added to the Government Code, to read:

22013.96. (a) "Policeman" or "fireman," as used in this part, also includes persons employed in positions set forth in Section 20017.98, provided, such designation is not contrary to any definition, ruling, or regulation relating to the term "policeman" or "fireman" issued by the federal agency for the purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

(b) This section shall not become operative until such time as a ruling or regulation authorizing the inclusion of persons employed in classifications set forth in Section 20017.98 within the definition of "policeman" or "fireman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

SEC. 29. Section 22013.97 is added to the Government Code, to read:

22013.97. (a) "Policeman" or "fireman," as used in this part, also includes persons employed in positions set forth in Sections 20017.99; provided, such designation is not contrary to any definition, ruling, or regulation relating to the term "policeman" or "fireman" issued by the federal agency for the purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

(b) This section shall not become operative until such time as a ruling or regulation authorizing the inclusion of persons employed in

classifications set forth in Section 20017.99 within the definition of "policeman" or "fireman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act (42 U.S.C. Sec. 418(d) (5) (A)).

SEC. 30. It is the intent of the Legislature in enacting this statute to implement Section 21252.02 of the Government Code, as added by Chapter 1318 of the Statutes of 1983.

SEC. 31. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 32. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the benefits conferred upon employees by this act may take effect by July 1, 1984, it is necessary that this act take effect immediately.

CHAPTER 281

An act to amend Sections 597w, 597y, and 597z of, and to repeal Section 597x of, the Penal Code, relating to animals.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 597w of the Penal Code is amended to read:

597w. No person, peace officer, officer of a humane society, or officer of a pound or animal regulation department of a public agency shall kill any dog or cat by the use of any high-altitude decompression chamber or nitrogen gas.

SEC. 2. Section 597x of the Penal Code is repealed.

SEC. 3. Section 597y of the Penal Code is amended to read:

597y. Any violation of Section 597u, 597v, or 597w shall be a misdemeanor.

SEC. 4. Section 597z of the Penal Code is amended to read:

597z. A humane officer appointed under Section 607f of the Civil Code or the State Sealer may enter any facility utilizing a carbon monoxide gas chamber for the purpose of inspecting the operation of such facility to determine whether there is compliance with Section 597u.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and

Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because it is the intent of the Legislature that local agencies, at their option, use less expensive means of euthanasia which are still available after the enactment of this act. Further, this act does not mandate the use of any more expensive euthanasia methods. Therefore, the State Board of Control shall not approve any claims based on the use of more expensive euthanasia methods.

CHAPTER 282

An act to amend Sections 5 and 6 of Chapter 1143 of the Statutes of 1982, relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of Chapter 1143 of the Statutes of 1982 is amended to read:

Sec. 5. Notwithstanding any other provision of law, the governing board of the Mendocino-Lake Community College District may continue to use until the completion of the permanent campus of Mendocino College, or until June 30, 1990, whichever occurs first, existing buildings leased by the district located at 1055 North State Street, Ukiah, California; 205 North Bush Street, Ukiah, California; 151 Laws Avenue, Ukiah, California; 798 North State Street, Ukiah, California; 1060 North State Street, Ukiah, California; 203 South Main Street, Ukiah, California; 966 Mazzoni Street, Ukiah, California; 195 Brush Street, Ukiah, California; 525 North Main Street, Lakeport, California; 11 Marin Street, Willits, California; 197 Franklin Street, Willits, California. During the period of use authorized by this section, the buildings shall not be subject to Article 7 (commencing with Section 81130) or Article 8 (commencing with Section 81160) of Chapter 1 of Part 49 of the Education Code.

SEC. 2. Section 6 of Chapter 1143 of the Statutes of 1982 is amended to read:

Sec. 6. Notwithstanding any other provision of law, the governing board of the Lake Tahoe Community College District may continue to use until June 30, 1990, existing buildings leased by the district

located at 970 Lodi Avenue, South Lake Tahoe, California; 980 Brockway, South Lake Tahoe, California; and 2659 Lake Tahoe Boulevard, South Lake Tahoe, California. During the period of use authorized by this section, the buildings shall not be subject to Article 7 (commencing with Section 81130) or Article 8 (commencing with Section 81160) of Chapter 1 of Part 49 of the Education Code.

SEC. 3. Notwithstanding any other provision of law, the governing board of the Saddleback Community College District may continue to lease and use until the acquisition of alternate facilities, or until June 30, 1990, whichever occurs first, the existing portable structures presently being used for the bookstore and student center at the North Campus of the Saddleback Community College District located at 5500 Irvine Center Drive, Irvine, California. During the period of use authorized by this section, the buildings shall not be subject to Article 7 (commencing with Section 81130) or Article 8 (commencing with Section 81160) of Chapter 1 of Part 49 of the Education Code.

SEC. 4. Notwithstanding Section 39227 of the Education Code, the governing board of the Ferndale Elementary School District may use, until June 30, 1990, an existing building at the Ferndale Elementary School which is a wood-frame structure and for which the district is seeking funds for repair. During the period of use authorized by this section, the building shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue school programs until new buildings for school use are constructed, it is necessary for this act to take effect immediately.

CHAPTER 283

An act to amend Sections 8045.8 and 8046 of the Fish and Game Code, relating to fish.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 8045.8 of the Fish and Game Code is amended to read:

8045.8. Every person operating under a license issued pursuant to this article shall, in addition to the license fee and the tax required under Section 8045, pay an additional privilege tax of eighty-seven

hundredths cent ($0.0087) for each pound or fraction thereof of herring for roe which is purchased, received, or taken by him. The moneys collected by the department pursuant to this section shall be expended for research and management activities to maintain and enhance the herring resource within the waters of the state.

This section shall remain in effect only until January 1, 1990, and as of that date, is repealed, unless a later enacted statute which is enacted before January 1, 1990, deletes or extends that date.

SEC. 2. Section 8046 of the Fish and Game Code is amended to read:

8046. Every person operating under a license issued pursuant to this article shall, in addition to the license fee and the tax required under Section 8045, pay an additional privilege tax of one cent ($0.01) for each pound, or fraction thereof, of thresher shark or bonito (mako) shark purchased, received, or taken by him or her. The moneys collected by the department pursuant to this section shall be expended solely for purposes of the study required by and the costs of administering Article 16 (commencing with Section 8560) of Chapter 2 of this part.

Collection of the privilege tax imposed by this section shall begin on October 1, 1980.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

CHAPTER 284

An act to add Section 1304 to the Penal Code, relating to bail.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 1304 is added to the Penal Code, to read:

1304. Any bail, or moneys or bonds deposited in lieu of bail, or any equity in real property as security in lieu of bail, or any agreement whereby the defendant is released on his or her own recognizance shall be exonerated two years from the effective date of the initial bond, provided that the court is informed in writing at least 60 days prior to 2 years after the initial bond of the fact that the bond is to be exonerated, or unless the court determines otherwise and informs the party executing the bail of the reasons that the bail is not exonerated.

CHAPTER 285

An act to amend Section 3074.3 of the Labor Code, relating to apprenticeship.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 3074.3 of the Labor Code is amended to read:

3074.3. In providing related and supplemental instruction pursuant to Section 3074, and notwithstanding any provisions of the Education Code, the Superintendent of Public Instruction and the Chancellor of the California Community Colleges shall recognize registration in an apprenticeship program approved by the Division of Apprenticeship Standards in the Department of Industrial Relations as an acceptable prerequisite to enrollment into such related and supplemental classes.

CHAPTER 286

An act to add Section 66451.6 to the Government Code, relating to mobilehome parks.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 66451.6 is added to the Government Code, to read:

66451.6. No fee shall be charged by a local agency as a condition to the approval of a tentative, final, or parcel map for a subdivision, or a division of land which is not a subdivision, which consists of the conversion of a mobilehome park to condominium or stock cooperative ownership interests, except regulatory fees charged for the issuance of a permit and those fees authorized by Section 66451.2.

CHAPTER 287

An act to amend Sections 5116, 5402, 5601, 5621, 5709, 5713, 5800, 5801, 5802, 5806, 6003, 6500, 6520, 6652, 6661, 6950, 7000, 7300, 7450, 7500, 7503, 7504, 7505, 7650, 8004, 8006, 8031, 8034, 8035, 8156, 8501, and 8502 of, to amend the heading of Article 3 (commencing with Section 7300) of Chapter 6 of, to amend and renumber Section 6460, to

amend the headings of Article 2 (commencing with Section 8050), Article 3 (commencing with Section 8150), Article 4 (commencing with Section 8200), Article 5 (commencing with Section 8225), and Article 6 (commencing with Section 8250) of Chapter 7 of Division 2 of, to add Sections 5205.5, 5606, 5613, 5614, 5615, 5616, 5617, 5618, 5655, and 7455 to, to add Article 10 (commencing with Section 7700) to Chapter 6 of Division 2 of, to repeal Sections 5125, 6506, and 7301 of, the Financial Code, and to amend Sections 11346.1 and 11346.2 of the Government Code, relating to financial institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 5116 of the Financial Code is amended to read:

5116. "Savings account" means that part of the savings liability of an association that is credited to the holder of the account. A savings account may be referred to as a deposit. For the purposes of Article 4 (commencing with Section 6725) through Article 10 (commencing with Section 7000), inclusive, of Chapter 5 of this division, the term "savings account" includes shares, share accounts, and savings deposits of federal associations.

SEC. 1.5. Section 5125 of the Financial Code is repealed.

SEC. 2. Section 5205.5 is added to the Financial Code, to read:

5205.5. (a) All references in this division to financial statements, balance sheets, income statements, and statements of changes in financial position of an association and all references to assets, liabilities, earnings, retained earnings, shareholders' equity, and similar accounting items of an association, mean financial statements or items prepared or determined in conformity with generally accepted accounting principles then applicable which fairly present in conformity with generally accepted accounting principles the matters that they purport to present, subject to any specific accounting treatment required by any provision of this division, or by any regulation or order issued under this division.

(b) The commissioner may, by regulation or order, require that any financial statement or accounting item of an association be prepared or determined in a manner other than in conformity with generally accepted accounting principles if it is found that the other manner of preparation or determination is necessary or appropriate to carry out the purposes or provisions of this division.

SEC. 3. Section 5402 of the Financial Code is amended to read:

5402. (a) The commissioner may impose conditions in an organizing permit concerning the deposit in escrow of funds collected pursuant to the permit, the manner of expenditure of the funds, and any other conditions deemed reasonable and necessary or

advisable for the protection of the public, the subscribers, and the organizers.

(b) Contributions of organization expenses may be repaid to organizers on a pro rata basis by the association in amounts not to exceed its net income from operations after provision for statutory reserves.

SEC. 3.5. Section 5601 of the Financial Code is amended to read:

5601. Before a certificate of authority is issued, the capital of the association shall be paid into the association and, in the case of stock, shall be the sum of the par or initially stated value of all shares of capital stock, plus the initial paid-in surplus. The minimum required capital shall be established by regulations, or instructions, issued by the commissioner.

SEC. 4. Section 5606 is added to the Financial Code, to read:

5606. (a) An association or foreign association, as defined in Section 8500, prior to doing business in this state, shall obtain and maintain insurance of its savings accounts by either (1) the Federal Savings and Loan Insurance Corporation; or (2) any agency of this state established for the purpose of insuring savings accounts of associations.

(b) Any contract of insurance obtained under paragraph (2) of subdivision (a) shall be written upon substantially the same basis as to form, amount, coverage, maturity, voluntary and involuntary termination and other provisions as the insurance contract provided at that time by the Federal Savings and Loan Insurance Corporation and shall comply with any further requirements that the commissioner may establish by regulation.

(c) The commissioner may enforce any statutes or regulations of the Federal Savings and Loan Insurance Corporation, (12 U.S.C. Sec. 1724 et seq. and 12 C.F.R. Sec. 561 et seq.) as these statutes and regulations apply to associations.

SEC. 5. Section 5613 is added to the Financial Code, to read:

5613. No association shall sell, except upon a sale for a delinquent assessment made in accordance with the provisions of the General Corporation Law, or offer for sale, or take subscriptions for, or issue any of its stock, until the association has applied for and obtained from the commissioner a permit authorizing it to sell capital stock.

SEC. 6. Section 5614 is added to the Financial Code, to read:

5614. No issued and outstanding stock of an association shall be sold or offered for sale to the public, nor shall subscriptions be solicited or taken for those sales, until the association or the selling stockholders have applied for and obtained from the commissioner a permit authorizing the sale of the capital stock.

This section shall not apply to an offering involving less than 10 percent of the issued and outstanding capital stock of an association and less than five hundred thousand dollars ($500,000), nor to an offering made under a registration statement filed under the Securities Act of 1933.

SEC. 7. Section 5615 is added to the Financial Code, to read:

5615. An application for a permit to sell capital stock shall be in writing, verified as provided in the Code of Civil Procedure for the verification of pleadings, and shall be filed in the office of the commissioner by the association or the selling stockholders. The application shall include the following:

(a) Regarding the association.

(1) The names and addresses of its officers.

(2) The location of its office.

(3) A balance sheet or statement of its financial condition as of a date within 90 days of the filing date.

(4) A copy of all minutes of any proceedings of its directors, shareholders, or stockholders relating to or affecting the issue of such stock.

(b) Regarding the offering.

(1) A brief description of the method by which the stock is to be offered for sale, including the offering price and the underwriting commissions and expense, if any.

(2) A copy of a prospectus or advertisement or other description of the stock prepared for distribution or publication in accordance with requirements prescribed by the commissioner.

(3) A copy of any contract concerning the sale of the stock.

(4) With respect to any permit issued pursuant to Section 5614, the names and addresses of the selling stockholders and of the officers of any selling corporation and the partners of any selling partnership.

(c) Such additional information as the commissioner may require.

SEC. 8. Section 5616 is added to the Financial Code, to read:

5616. Upon the filing of the application for a permit to sell capital stock, the commissioner shall examine the application and other papers and documents filed therewith, and he or she may make a detailed examination, audit, and investigation of the association and its affairs. If the commissioner finds that the proposed plan for the issue and sale of such stock is fair, just, and equitable the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of its stock in such amounts and for such considerations and upon such terms and conditions as the commissioner may provide in the permit. If the commissioner does not so find, the commissioner shall deny the application and notify the applicant in writing of his or her decision.

SEC. 9. Section 5617 is added to the Financial Code, to read:

5617. Every permit to sell capital stock shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the stock permitted to be issued.

SEC. 10. Section 5618 is added to the Financial Code, to read:

5618. The commissioner may amend, alter, or revoke any permit issued by the commissioner, or temporarily suspend the rights of the association under such permit.

SEC. 11. Section 5621 of the Financial Code is amended to read:

5621. With the approval of the commissioner, a mutual association may amend its articles of incorporation to authorize the issuance of stock and may issue stock. Any amendment to the articles of incorporation and bylaws of an association which for the first time authorizes it to issue stock must be approved by the vote or written assent of a majority of the total votes of members outstanding, except that such an amendment shall require approval only of the commissioner and board of directors of an association if the commissioner finds that grounds exist for the appointment of a conservator for the association pursuant to subdivision (a) of Section 8225. An amendment to the articles of incorporation of an association pursuant to this section may include provisions with respect to the surplus, reserves, and undivided profits of such association and in such case the surplus, reserves, and undivided profits shall be retained and disposed of in accordance with such provisions.

SEC. 12. Section 5655 is added to the Financial Code, to read:

5655. No association shall advertise or hold itself out to the public as a bank. This subdivision shall not be construed to prohibit an association which is a savings bank from advertising or holding itself out to the public as a "savings bank."

SEC. 12.5. Section 5709 of the Financial Code is amended to read:

5709. Any federal association may convert itself into an association by following the procedure set forth in Sections 5710 through 5718.

SEC. 12.7. Section 5713 of the Financial Code is amended to read:

5713. After a meeting as provided for in Section 5710, the federal association shall take or cause to be taken such action as shall make it an association in the manner prescribed and authorized by this division. The directors shall file the documents and take such proceedings as are required by this division in the case of the original incorporation of an association. No association incorporated by conversion from a federal association is required to comply with any of the provisions of law or any regulations promulgated by the commissioner relating to the minimum amounts of capital required to be subscribed in connection with the original incorporation of an association under this division.

SEC. 13. Section 5800 of the Financial Code is amended to read:

5800. For the purposes of this article the following words and phrases shall have the following meanings:

(a) "Savings and loan holding company" means any person that either, directly or indirectly, or acting in concert with one or more other persons:

(1) Owns, controls, or holds with power to vote, or holds proxies to vote:

(A) Where the association or savings and loan holding company has fewer than 500 stockholders or members, 25 percent or more of the outstanding voting capital stock of any capital stock association or savings and loan holding company or 25 percent or more of the total number of votes or proxies of votes eligible to be cast by the

members of any mutual association located in this state.

(B) Where the association or savings and loan holding company has at least 500 stockholders or members, 10 percent or more of the outstanding voting capital stock of any capital stock association or savings and loan holding company or 10 percent or more of the total number of votes or proxies of votes eligible to be cast by the members of any mutual association located in this state.

(2) Controls in any manner, whether by the holding of proxies or otherwise, the election of a majority of the directors of any association or savings and loan holding company located in this state.

(b) Notwithstanding subdivision (a), an individual or group of individuals shall not be deemed to be a "savings and loan holding company" solely because an individual or group of individuals solicits, holds, or votes proxies in an association if, at the time of receiving the proxies, the individual or group of individuals serve as directors of the association and solicited or received the proxies pursuant to authorization by the board of directors of the association.

(c) "Subsidiary" of a person means any person, except an individual that is directly or indirectly owned, controlled, or otherwise held by that person to the extent or in the manner described in the preceding subdivision.

(d) "Completed application" means an application to become a savings and loan holding company, as filed with the commissioner, together with any amendments by the applicant, additional information requested in writing by the commissioner, and accompanied by the applicable filing fee pursuant to Section 9001. If the additional required information is not received within 30 days of the date of the request, the commissioner may consider the application complete upon written notice to the applicant.

SEC. 14. Section 5801 of the Financial Code is amended to read:

5801. No person may become a savings and loan holding company unless the commissioner approves a completed application. The commissioner shall issue a decision on a completed application within 60 days of its filing, unless good cause is shown why a decision cannot be made within 60 days. The application shall be in a form prescribed by the commissioner, contain the following information and any additional information that the commissioner may determine by regulation to be necessary or appropriate to preserve the public interest, the integrity of the state's savings association system, and to protect the interests of savings account holders, borrowers, and stockholders resident in this state:

(a) The identity, experience, and financial and managerial resources of each acquiring person by whom or on whose behalf the application is made.

(b) The terms, conditions, and method of any proposed acquisition, including copies of all tender offers used or to be used in connection with any proposed acquisition of capital stock.

(c) The source, kind, and amount of the consideration used or to be used in making the acquisition, and, if any part of the

consideration has been or is to be borrowed or otherwise obtained for the purpose of making the acquisition, a description of the transaction and the names of all participating persons.

(d) Any plans or proposals that any acquiring person may have to liquidate or convert the association or savings and loan holding company, to sell its assets or merge it with any company, to change the number of its employees in this state or the terms and conditions of their employment, or to make any other substantial change in its business, corporate structure, management or employees upon becoming a holding company.

(e) The names of those officers and directors that the acquiring person proposes to install in any change of managements, and for each of those officers and directors a financial statement, a description of experience in savings association related matters, and a statement as to whether the officer or director ever has been found guilty of misrepresentation, fraud, or financial misdealings.

SEC. 14.5. Section 5802 of the Financial Code is amended to read:

5802. The commissioner shall within 60 days after the date of filing of a completed application, unless good cause is shown why approval could not be made within 60 days, approve the application with any conditions reasonably necessary or advisable in the public interest, or deny the application upon a finding of any of the following:

(a) The acquisition, under any federal or state law, would substantially lessen competition or would in any manner be in restraint of trade or would result in a monopoly, or would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the savings association business in any part of the state unless the commissioner also finds that the anticompetitive effects of the proposed acquisition clearly are outweighed in the public interest by the probable effect of the acquisition in meeting the convenience and needs of the community that the association serves.

(b) The financial condition of any acquiring person might jeopardize the financial stability of the association or the savings and loan holding company sought to be acquired or might prejudice the interest of the savings account holders, borrowers, or stockholders of the association or is not in the public interest.

(c) The plan or proposal under which the acquiring person intends to liquidate the savings association or the savings and loan holding company, to sell its assets or to merge it with any person or association, or to make any other major change in its business or corporate structure or management, is not fair and reasonable to the association, its savings account holders, borrowers, or resident stockholders, or would tend to impair the integrity of the state's savings association system, or is not in the public interest.

(d) The competence, experience, integrity, or resources of any acquiring person does not indicate that approval would be in the interest of the association, its savings account holders, borrowers, or

resident stockholders or of the community that the association serves.

(e) The requirements of this article have not been met.

(f) The acquisition would violate state or federal law or the commissioner determines that approval is not in the public interest.

SEC. 14.6. Section 5806 of the Financial Code is amended to read:

5806. Each savings and loan holding company, which is a company, shall pay an initial and an annual registration fee of five hundred dollars ($500) if the registrant's association subsidiaries have total assets of up to one hundred million dollars ($100,000,000) or one thousand dollars ($1,000) if the subsidiaries have total assets of one hundred million dollars ($100,000,000) or more.

SEC. 14.7. Section 6003 of the Financial Code is amended to read:

6003. In the consideration of all questions requiring action by the members of a mutual association, each member shall be entitled to cast one vote for each one hundred dollars ($100), or fraction thereof, of the withdrawal value of his or her savings account or accounts. No member, however, shall be entitled to cast more than 1,000 votes nor shall votes be cumulated for the election of directors.

SEC. 15. Section 6460 of the Financial Code is amended and renumbered to read:

6458. (a) Any association may cause any or all records of the association to be copied or reproduced by any photostatic, photographic, or microfilming process that correctly and permanently copies, reproduces, or forms a medium for copying or reproducing the original record on a film or other durable material.

(b) Any copy or reproduction made under subdivision (a) shall be deemed to be an original record for all purposes and shall be treated as an original record in all courts or administrative agencies for the purpose of its admissibility in evidence.

(c) A facsimile, exemplification, or certified copy of any copy made pursuant to subdivision (a), or a reproduction produced from a film record, shall, for all purposes, be deemed a facsimile, exemplification, or certified copy of the original record.

SEC. 16. Section 6500 of the Financial Code is amended to read:

6500. (a) Each association incorporated pursuant to or operating under the provisions of this division shall have all the powers enumerated, authorized, and permitted by this division and other rights, privileges, and powers, and may engage in any activities singly or with others, that are incidental to or reasonably necessary or appropriate for the accomplishment of the objects and purposes of the association, as provided by this division. Among others, and except as otherwise limited by the provisions of this division, each association shall have the powers set out in this chapter. Associations shall be subject to the provisions of the General Corporation Law (Division 1 (commencing with Section 100) Title 1 of the Corporations Code) and shall also have all the powers and privileges provided in the General Corporation Law of this state to other corporations except those powers and privileges that are expressly

denied to associations in this division. If any provision of the General Corporation Law is inconsistent with any provision of this division, the provisions of this division shall prevail.

(b) All references in this division to the General Corporation Law mean the General Corporation Law effective January 1, 1977, and any subsequent amendments thereto.

(c) In the application of Chapter 23 (commencing with Section 2300) of the Corporations Code to associations, the definition of effective date in Section 2300 is January 1, 1978.

SEC. 17. Section 6506 of the Financial Code is repealed.

SEC. 18. Section 6520 of the Financial Code is amended to read:

6520. An association or service corporation may act as an agent for others except that an association may not act as an insurer or transact insurance as agent for an insurer. Any savings and loan association holding company or any service corporation that acts as an agent of an insurer shall conform to the requirements of Section 7455 and Section 770.1 of the Insurance Code.

SEC. 19. Section 6652 of the Financial Code is amended to read:

6652. (a) Upon the filing with an association by the savings account holder of record as shown by the books of the association, or by the holder's legal representative, of an affidavit to the effect that the evidence of account, if any, has been lost or destroyed, and that the account has not been pledged or assigned in whole or in part, the association shall issue a new evidence of account, if applicable, in the name of the holder of record.

(b) The new evidence of account may state that it is issued in lieu of the one lost or destroyed and that the association shall not be liable for the loss or destruction of the original evidence of account.

(c) The association may require an indemnification or a bond in an amount it deems sufficient to indemnify the association against any loss which might result from the issuance of a new evidence of account under this section.

SEC. 20. Section 6661 of the Financial Code is amended to read:

6661. Notice to an association or federal association of an adverse claim to a savings account of, or to personal property held for the account of, any person shall be disregarded, and the association or federal association, notwithstanding the notice, shall honor withdrawal applications and shall pay withdrawals and interest to the person or persons to whose credit the account stands or shall deliver the property to or upon the order of the person for whose account the property is held, without any liability on the part of the association or federal association; subject, however, to the exceptions provided in subdivisions (a) and (b):

(a) If an adverse claimant delivers to the association or federal association at the office at which the account is carried or the property held an affidavit of the claimant stating that of the claimant's own knowledge the person to whose credit the deposit stands or for whose account the property is held is a fiduciary for the adverse claimant and that the claimant has reason to believe the

fiduciary is about to misappropriate the account or the property, and stating the facts upon which the claim of fiduciary relationship and the belief are founded, the association or federal association shall refuse to pay withdrawals or interest on the account and shall refuse to deliver the property for a period of not more than three court days (including the day of delivery) from the date that the association or federal association received the adverse claimant's affidavit, without liability on its part and without liability for the sufficiency or truth of the facts alleged in the affidavit.

(b) If at any time, either before, after, or in the absence of the filing of an affidavit by the adverse claimant, the adverse claimant procures and serves upon the association or federal association at the office at which the account is carried or the property held a restraining order, injunction, or other appropriate order against the association or federal association from a court of competent jurisdiction in an action in which the adverse claimant and all persons in whose names the account stands or for whose account the property is held are the parties, the association or federal association shall comply with the order or injunction, without liability on its part.

(c) The provisions of this section shall be applicable even though the name of the person appearing on the books to whose credit the account stands or for whose account the property is held is modified by a qualifying or descriptive term such as "agent," "trustee," or other word or phrase indicating that the person may hold the account or property in a fiduciary capacity.

SEC. 21. Section 6950 of the Financial Code is amended to read:

6950. (a) When a savings account is held in any association or federal association by a person who dies while a resident of another state or country, the account, together with additions and interest, or any part of it, shall be exempt from any taxation otherwise imposed by this state and may be paid to the administrator or executor appointed in the state or country where the account holder resided at the time of death or other claimant under the Probate Code, provided the administration, executor or other claimant has furnished the association or federal association with all of the documentation required under applicable provisions of the Probate Code and evidence of ownership of the account, if any, issued under Section 6652.

(b) Upon payment or delivery to the administrator, executor, or other claimant after receipt of the documents specified in subdivision (a), the association or federal association is released and discharged to the same extent as if the payment or delivery had been made to a legally qualified resident executor or administrator, and is not required to account for the application or disposition of the property.

SEC. 22. Section 7000 of the Financial Code is amended to read:

7000. (a) Administrators, executors, custodians, conservators, guardians, trustees, and other fiduciaries, insurance companies, business and manufacturing companies, banks, trust companies,

credit unions, and other types of similar financial organizations, charitable, educational, eleemosynary and public corporations, funds and organizations, and municipalities and other public corporations and bodies, and public officials are specifically authorized and empowered to invest funds held by them, without any order of any court, in savings accounts of associations and federal associations and the investments are legal investments for those funds.

(b) No association shall have on deposit at any one time funds of the State of California, of the cities, counties, and other political subdivisions of the state, and of the public corporations and districts of the state, that, in the aggregate, exceed in amount 400 percent of its statutory net worth. The amount of funds on deposit secured by surety bonds shall not at any time, in the aggregate, exceed 100 percent of statutory net worth.

(c) An association or federal association may act as a depositary or fiscal agent for the holding or handling of public funds notwithstanding the fact that a member of the legislative body or an officer or employee of the depositor is an officer, employee, or stockholder of the association or federal association, or of a savings and loan holding company or service corporation of the association or federal association.

(d) Under this section a member of a legislative body, or an officer or employee shall not be deemed "interested in any contract" as that phrase is used in Section 1090 of the Government Code, if that person's sole interest is the fact that the person is an officer, employee, or stockholder of the association or federal association selected to act as depositary, paying agent, or fiscal agent or of its savings and loan holding company or service corporation.

(e) An officer or employee of a local public agency shall be deemed to have only a "remote interest" in a contract, as that term is used in Section 1091 of the Government Code, where the contract is entered into without competitive bidding under a procedure established by law, if the sole interest is that of an officer, director, or employee, of an association or federal association or savings and loan holding company or service corporation of the association or federal association with which a party to the contract has the relationship of borrower or depositor, debtor, or creditor, and if the conditions of subdivision (a) of Section 1091 of the Government Code are met.

SEC. 23. The heading of Article 3 (commencing with Section 7300) of Chapter 6 of Division 2 is amended to read:

Article 3. Investment in Business Property

SEC. 24. Section 7300 of the Financial Code is amended to read:

7300. (a) Each association shall have power to invest in real property, tangible personal property and interests in real property for the conduct of the business of the association, or its service corporation, which power shall include the ownership of stock of a

wholly owned subsidiary corporation having as its exclusive activity the ownership and management of the property or interests.

(b) As used in this section, the term "real property" includes structures or buildings located on land owned in fee or held under a lease or sublease by the association with an unexpired term, including extensions or renewals that are automatically effective or may be exercised at the association's option, of 25 years at the date of execution by the association of the lease or sublease.

SEC. 25. Section 7301 of the Financial Code is repealed.

SEC. 26. Section 7450 of the Financial Code is amended to read:

7450. (a) An association may make any loan authorized by this division, but the association shall first determine that the type, amount, purpose, and repayment provisions of the loan in relation to the borrower's resources and credit standing support the reasonable belief that the loan will be financially sound and will be repaid according to its terms, and that the loan is not otherwise unlawful.

(b) Subject to any regulations of the commissioner, an association may make loans to any director or officer or to any parent or subsidiary.

SEC. 27. Section 7455 is added to the Financial Code, to read:

7455. No association or director, officer, or employee of an association shall require, as a condition to the granting of any loan or the extension of any other service by the association, that the borrower or any other person undertake a contract of insurance with any specific company, agency, or individual.

SEC. 28. Section 7500 of the Financial Code is amended to read:

7500. (a) Subject to limitations, if any, within this chapter, an association may originate, invest in, sell, purchase, service, participate, or otherwise deal in (including brokerage or warehousing) loans made on the security of residential or nonresidential real estate, or interests in such loans.

(b) No investment in a real estate loan shall be made until a qualified person or persons approved by the board of directors shall have made a physical inspection and submitted a signed appraisal of the value of the real estate securing the loan, or in the case of a purchased loan. have reviewed and approved the appraisal report in support of the loan.

SEC. 29. Section 7503 of the Financial Code is amended to read:

7503. Except as specified by the loan contract or by Section 2954.8 of the Civil Code, an association shall have no obligation to pay interest to the borrower upon funds credited to an impound, trust, or other type of account for payment of taxes, insurance, or other charges relating to the property, or to invest them for the benefit of the borrower, unless the funds have been placed in an interest bearing savings account under the terms of the loan contract.

SEC. 30. Section 7504 of the Financial Code is amended to read:

7504. Notwithstanding any other provision of law, an association may adjust the interest rate, payment, balance, or term-to-maturity on any loan secured by real property as authorized by the loan

contract, subject to the limitations of subdivision (b) and Section 341 of P.L. 97-320 (H.R. 6267, the Garn-St. Germain Depository Institutions Act of 1982).

(a) For the purposes of this section:

(1) "Fully amortized loan" means a loan in which, at inception of the loan, the entire principal balance, together with accrued interest, shall be payable with the scheduled term of the loan in substantially equal installments (excepting the last payment, which may be smaller than a regular scheduled payment).

(2) "Home loans" means loans made on the security of one- to four-unit residential dwellings (including condominiums and cooperatives), combinations of such dwellings and business property (where no more than 20 percent of the total appraised value of the real estate is attributable to the business use), farm residences and combinations of farm residences and commercial farm real property.

(3) "Nonamortized loan" means a loan in which none of the principal balance shall be payable prior to the maturity of the loan.

(4) "Open end line of credit" means a loan plan in which the association reasonably contemplates repeated transactions; the association may impose interest from time to time on the unpaid principal of the loan plan, and the amount of credit that may be extended to the borrower during the term of the loan plan (up to any limit set by the association) is generally made available to the extent that any outstanding principal balance is repaid.

(5) "Partially amortized loan" means a loan in which some but not all of the principal balance, together with accrued interest, shall be payable prior to the maturity of the loan.

(6) "Reverse annuity mortgage" means an instrument which provides for periodic payments to be made to a homeowner based on accumulated equity. The payments are made monthly directly by the association, or are made through the purchase of an annuity from an insurance company. The loan becomes due on a specified date after disbursement of the entire principal amount of the loan or when a specified event occurs, such as sale of the property or death of the borrower. The interest rate on this instrument may be fixed, or may be adjusted periodically as provided by this section.

(b) Adjustments to the interest rate, payment, balance, or term-to-maturity on home loans shall be subject to the limitations of this subdivision.

(1) The loan term shall not exceed 40 years, with interest payable at least semiannually, except as expressly authorized by this section.

(2) The loan balance for other than nonamortized and open end line of credit loans shall be repayable in at least semiannual installments; provided, that loans on the security of farm residences and combinations of farm residences and commercial farm real property may be repayable in annual installments.

(3) The loan may be fully amortized, partially amortized, nonamortized, a reverse annuity mortgage, or an open end line of credit loan. The loan contract may provide for the deferral of

principal and capitalization of a portion of interest, or of all interest, in the case of loans to natural persons secured by borrower-occupied real property and on which periodic advances are being made.

(4) (A) At origination, the loan-to-value ratio may not exceed the maximum permitted for that class of loans, as determined by the association's board of directors (but not more than 100 percent). During the term of the loan, the loan-to-value ratio may increase above the maximum percentage otherwise permissible if the increase results from an adjustment described in paragraph (3) or (5). The commissioner shall assume continued compliance with applicable loan-to-value limitations where the original loan-to-value ratio met the requirements of this paragraph, but in no event may the loan balance exceed 125 percent of the original appraised value of the security property during the term of the loan unless pursuant to clause (i) of subparagraph (B) of paragraph (5) of subdivision (b) or unless the loan contract provides that the payment shall be adjusted at least once every five years, beginning no later than the 10th year of the loan, to a level sufficient to amortize the loan at the then existing interest rate and loan balance over the remaining term of the loan.

(B) If, at maturity of a loan secured by a home that provides for adjustments pursuant to paragraph (3) or (5), the ratio of the loan balance to the current market value of the security property exceeds the maximum permissible amount, the association may offer to refinance the loan if (i) that portion of the unpaid balance of the refinanced loan that exceeds 80 percent of the property's value is insured or guaranteed by a mortgage insurance company that the Federal Home Loan Mortgage Corporation has determined to be a "qualified private insurer"; provided, however, that any unpaid loan balance secured by a pledged savings account shall not be required to be guaranteed or insured under this provision, and (ii) the loan contract for the refinanced loan requires that, in addition to full or partial amortization of the loan, the pro rata portion, based on the number of installments due annually, of estimated annual taxes and assessments on the security property be paid in advance to the association with each installment payment.

(5) For any home loan secured by borrower-occupied property, adjustments to the interest rate, payment, balance, or term-to-maturity shall comply with the limitations of this paragraph.

(A) Adjustments to the interest rate shall correspond directly to the movement of an interest rate index or of a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, which index is readily available to, and verifiable by, the borrower and is beyond the direct control of the association. An association also may increase the interest rate pursuant to a formula or schedule that specifies the amount of the increase and the time at which it may be made and which is set forth in the loan contract. An association, in its sole discretion, may decrease the interest rate at any time.

(B) Adjustments to the payment and the loan balance that do not reflect an interest rate adjustment may be made if: (i) the adjustments reflect a change in a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, is readily available to and verifiable by the borrower, and is beyond the direct control of the association; (ii) in the case of a payment adjustment, the adjustment reflects a change in the loan balance or is made pursuant to a formula, or to a schedule specifying the percentage or dollar change in the payment as set forth in the loan contract; or (iii) in the case of an open end line of credit loan, the adjustment reflects an advance taken by the borrower under the line of credit, or a payment made by the borrowers, that is permitted by the loan contract.

(C) Any combination of indices or a moving average of index values may be used as an index, and an association (i) may use more than one index during the term of a loan, if set forth in the loan contract and (ii) may provide for the selection of a substitute index by the association in the event the index being used is no longer available to or verifiable by the borrower or as otherwise provided in the loan contract.

(D) At least 30 but not more than 120 days prior to an adjustment to the interest rate, payment, balance, or term-to-maturity, and at least 90 but not more than 120 days prior to the expected maturity of a nonamortizing or partially amortizing loan (including a loan with a "call" provision pursuant to subparagraph (E) of paragraph (5) of subdivision (b)), an association shall provide the borrower with notice of the adjustment or of maturity. However, where the loan contract provides that changes in the interest rate shall occur more frequently than changes in the payment, the association need not notify the borrower of changes in the interest rate, or of changes in the loan balance or term resulting from an interest rate change, until notice of a payment adjustment is given. (For purposes of notification, a payment adjustment is considered to occur as of the date of the interest rate change immediately preceding the due date of the adjusted payment.) In addition, where the loan contract sets out a schedule of interest or payment adjustments, notice need not be given of interest or payment changes made pursuant to that schedule. In the case of an open end line of credit loan, notice of an adjustment to the payment or the balance need not be given if the adjustment reflects advances taken by the borrower under the line of credit, payments made by the borrower or interest rate changes and notice of a change in the interest rate permitted by the loan contract need not be given.

(E) The loan term may be adjusted only to reflect a change in the interest rate, the payment or the loan balance. A loan contract may provide an association with the right to call the loan due and payable either after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage.

(6) Not later than three business days following receipt of a

written application an association shall disclose to each applicant for a home loan made pursuant to the provisions of this section and which is secured by property occupied by the borrower the information specified by this paragraph. These disclosures shall be provided for all such loans that are directly originated by the association, for loans purchased from an affiliate (as defined in 12 C.F.R., Sec. 583.15), and for loans purchased from an unaffiliated entity pursuant to a written agreement to purchase loans not yet originated. The disclosures shall be in one or more documents other than the loan documents and shall be in plain language. The purpose of this disclosure requirement is to insure full understanding of the operation of the loan for which the individual is applying. The disclosures do not constitute a commitment on the part of an association to make a loan to the applicant. The disclosure material provided to an applicant shall include at least all of the following information as is relevant to the type of loan being offered:

(A) Whether the loan contract contains a due-on-sale clause and, if so, what rights the association has under the clause.

(B) A statement about whether the loan contract authorizes the imposition of a late charge or a prepayment charge and, if so, the amount of the charge or the manner in which it is to be determined. If the amount of the charge may vary over the term of the loan, the association shall indicate the approximate minimum and maximum amounts that may be imposed for a loan of the same type and with an initial balance comparable to that of the borrower.

(C) If the loan contract provides for impound payments relating to the security property, a statement explaining the purpose of requiring impound payments, how the amount of the impound payment is established, and the rights of the association if the borrower fails to pay the impound payments.

(D) The term-to-maturity, if known or the manner in which the term will be established.

(E) The initial interest rate, if known, or the manner in which the initial interest rate will be established.

(F) The amount of the initial payment, if known, and an explanation of how the amount of the payment is determined by reference to the initial loan balance, the interest rate, and the term over which the balance is scheduled to be repaid.

(G) If the interest rate, the payment, the loan balance, or the term-to-maturity may be adjusted, a full explanation of how the adjustments may be made, including identification of the index or indices to be used, and how index values may be obtained by the borrower, and how the adjustment of one item may affect the others.

(H) What information will be contained in each notice of an adjustment and, in the case of a nonamortized or partially amortized loan (including a loan giving the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage), in the notice of maturity, and how far in advance of an

adjustment or maturity each notice will be provided.

(I) A description of all contractual contingencies, other than those arising from the borrower's breach or nonperformance of an obligation under the loan contract, under which the loan may become due or which may result in a forced sale of the home.

(J) In the case of a nonamortized or partially amortized loan, unless the association unconditionally obligates itself to refinance the loan, a statement that a large payment will be due at maturity of the loan and that the association is under no obligation to refinance the loan; if the loan gives the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or upon the occurrence of a specified event external to the loan, a statement that a large payment may be due at such time and that the association is not obligated to refinance the loan.

(K) An example of the interaction of all variable features of the loan over any period of time.

(7) For any home loan secured by borrower-occupied property and on which the interest rate may be adjusted pursuant to paragraph (5), an association may not impose a prepayment charge on any prepayment made within 90 days of a required notice of an interest rate increase with respect to the loan.

(8) If federal law or regulation governing home loans originated by federal savings and loan associations is repealed or revised in any manner which renders it other than technically or nonsubstantively more restrictive and limited in scope than the provisions of this section, as determined in a finding by the commissioner, then the provisions of this section shall also be so restricted, within one year from the date of the finding, by regulations adopted by the commissioner pursuant to Section 8054.

SEC. 30.5. Section 7505 of the Financial Code is amended to read:

7505. (a) Notwithstanding any other provision of law, an association may originate, invest in, sell, purchase, service, participate, or otherwise deal in loans (including construction loans) on the security of real property for primarily residential (other than a one- to four-unit dwelling) or nonresidential use, subject to the limitations of this section.

(b) An association's aggregate investment in real property loans for primarily nonresidential use under this section shall not exceed 40 percent of assets.

SEC. 31. Section 7650 of the Financial Code is amended to read:

7650. (a) Except as provided in subdivision (b), nothing in this division or the laws of this state shall be construed as denying to an association the right to invest its funds, operate a business, manage or deal in property, or take any other action over whatever period of time may reasonably be necessary to avoid loss on a loan or investment made or an obligation created in good faith.

(b) Associations which do not meet the requirements of Section 6475 shall not take any action pursuant to this section without first

obtaining approval, in writing, from the commissioner.

SEC. 32. Article 10 (commencing with Section 7700) is added to Chapter 6 of Division 2 of the Financial Code, to read:

Article 10. Leasing

7700. (a) Subject to regulations issued by the commissioner, an association may invest in tangible personal property, including without limitation, vehicles, mobilehomes, machinery, equipment, or furniture, and may hold the property for rental or sale.

(b) Investment under this section is limited to not in excess of 10 percent of the total assets of the association.

SEC. 33. Section 8004 of the Financial Code is amended to read:

8004. One confidential employee, who holds office at the pleasure of the commissioner, shall not be subject to any state civil service laws specified in Chapter 1 (commencing with Section 18500) of Part 2 of Division 5 of Title 2 of the Government Code.

SEC. 34. Section 8006 of the Financial Code is amended to read:

8006. The commissioner may require at any time, of any deputy, examiner, or other employee of the department, an official bond in an amount that the commissioner deems necessary. The premiums for these bonds shall be an expense of the department.

SEC. 35. Section 8031 of the Financial Code is amended to read:

8031. The proportion of operating costs and expenses to be assessed against each association shall be determined and prescribed by the commissioner by regulation. The total amount assessed for all associations, together with any existing surplus, shall not exceed the amount of the budget for the ensuing fiscal year plus a reasonable reserve for contingencies.

SEC. 36. Section 8034 of the Financial Code is amended to read:

8034. (a) If a new domestic association is formed and licensed during a fiscal year, the initial assessment provided for by this article shall be computed on the same basis as if such new association had been a licensed association and assessed on or before the 20th day of June in the fiscal year preceding the initial assessment except that the initial assessment shall be based on the assets of the new association at the time of issuance of its certificate of authority and, except as provided in subdivision (b), the assessment shall be reduced, if the certificate of authority is not issued in July, by one-twelfth for each full month of the fiscal year which has expired at the time of issuance of the license and shall be payable in full on the date of issuance.

(b) In the levy and collection of an assessment under this article, no association shall be assessed for, or be permitted to pay less than five hundred dollars ($500) for the unexpired portion of the fiscal year in which the domestic association is formed.

SEC. 36.7. Section 8035 of the Financial Code is amended to read:

8035. If any domestic association proposes to acquire the assets of any federal association or any state or national bank by transfer,

conversion, or otherwise, the initial assessment provided for by this article shall be computed on the same basis as if the federal association or state or national bank had been an association and assessed on or before the 20th day of June in the fiscal year preceding the initial assessment, except that the initial assessment shall be based on the assets of the federal association or of the state or national bank, as shown by the institution's report to the Federal Home Loan Bank, the Superintendent of Banks, or the Comptroller of the Currency, respectively, next preceding the 20th day of June in the fiscal year preceding the initial assessment and the assessment shall be reduced, if the certificate of authority is not issued in July, by one-twelfth for each full month of the fiscal year which has expired at the time of the issuance of the certificate of authority and shall be payable in full on the date of issuance.

SEC. 37. The heading of Article 2 (commencing with Section 8050) of Chapter 7 of Division 2 of the Financial Code is amended and renumbered to read:

Article 3. General Supervisory Powers and Duties of Commissioner

SEC. 38. The heading of Article 3 (commencing with Section 8150) of Chapter 7 of Division 2 of the Financial Code is amended and renumbered to read:

Article 4. Reports and Examinations

SEC. 39. Section 8156 of the Financial Code is amended to read:

8156. (a) Each association shall at least annually cause its books and accounts to be audited at its own expense by a certified or other public accountant or firm of certified or other public accountants selected by the association and approved by the commissioner.

(b) The annual audit shall cover the calendar year unless the association or commissioner fixes a different period pursuant to Section 6453.

SEC. 40. The heading of Article 4 (commencing with Section 8200) of Chapter 7 of Division 2 of the Financial Code is amended and renumbered to read:

Article 5. Enforcement

SEC. 41. The heading of Article 5 (commencing with Section 8225) of Chapter 7 of Division 2 of the Financial Code is amended and renumbered to read:

Article 6. Conservatorship

SEC. 42. The heading of Article 6 (commencing with Section 8250) of Chapter 7 of Division 2 of the Financial Code is amended

and renumbered to read:

Article 7. Receivership

SEC. 43. Section 8501 of the Financial Code is amended to read:

8501. No foreign association, unless it is a foreign association that was licensed to do so as of September 15, 1935, or an entity arising out of the rehabilitation, readjustment, consolidation, merger, or reorganization of any foreign association licensed to do so as of September 15, 1935, shall do any business of an association.

SEC. 44. Section 8502 of the Financial Code is amended to read:

8502. The commissioner shall obtain an injunction or take any other action necessary to prevent any foreign association from unlawfully doing any business of an association in this state.

SEC. 45. Section 11346.1 of the Government Code is amended to read:

11346.1. (a) The provisions of this article shall not apply to any regulation not required to be filed with the Secretary of State under this chapter, and only this section and Sections 11346.2 and 11349.6 shall apply to any regulation prescribing an agency's organization or procedure or to an emergency regulation adopted pursuant to subdivision (b), or to any regulation adopted under Section 8054 of the Financial Code.

(b) Except as provided in subdivision (c), if a state agency makes a finding that the adoption of a regulation or order of repeal is necessary for the immediate preservation of the public peace, health and safety or general welfare, the regulation or order of repeal may be adopted as an emergency regulation or order of repeal.

Any finding of an emergency shall include a written statement which contains the information required by paragraphs (2) to (6), inclusive, of subdivision (a) of Section 11346.5 and a description of the specific facts showing the need for immediate action. The enactment of an urgency statute shall not, in and of itself, constitute a need for immediate action.

The statement and the regulation or order of repeal shall be filed immediately with the Office of Administrative Law. The statement or order of repeal shall be published in the next issue of the California Administrative Notice Register, which shall be delivered to each Member of the Legislature and to each standing committee. The regulation shall be published in the next issue of the California Administrative Code Supplement.

(c) (1) Notwithstanding any other provision of the law, no board or commission shall have the power to adopt an emergency regulation to interpret, implement, or make specific provisions of the law relating to campaign disclosure except by a unanimous vote of all members of such board or commission present at the proceeding at which such regulation is adopted.

(2) Notwithstanding any other provision of law, no emergency regulation which is a building standard, as defined in Section 18909

of the Health and Safety Code, shall be filed, nor shall such building standard be effective, unless such building standards are submitted to the State Building Standards Commission, and are approved and filed pursuant to the provisions of Sections 18937 and 18938 of the Health and Safety Code.

(d) The emergency regulation or order of repeal shall become effective upon filing or upon any later date specified by the state agency in a written instrument filed with, or as a part of, the regulation or order of repeal.

(e) No regulation adopted as an emergency regulation shall remain in effect more than 120 days unless the adopting agency has complied with Sections 11346.4 to 11346.8, inclusive, prior to the adoption of the emergency regulation, or has, within the 120-day period, completed the regulation adoption process by formally adopting the emergency regulation or any amendments thereto, pursuant to the provisions of this chapter. The adopting agency, prior to the expiration of the 120-day period, shall transmit to the office for filing with the Secretary of State the adopted regulation, the rulemaking file, and a certification that either Sections 11346.4 to 11346.8, inclusive, were complied with prior to adoption, or that there was compliance with the provisions of this section within the 120-day period.

(f) In the event an emergency regulation was filed as an amendment to an existing regulation, upon failure of the adopting agency to comply with subdivision (e) as provided above, the regulation as it existed prior to such emergency amendment shall thereupon become effective and after notice to the adopting agency by the Office of Administrative Law shall be reprinted in the California Administrative Code in the place of such emergency amendment.

(g) In the event a regulation is originally adopted and filed as an emergency and the adopting agency fails to comply with subdivision (e), such failure shall constitute a repeal thereof and after notice to the adopting agency by the Office of Administrative Law, shall be deleted.

(h) A regulation originally adopted as an emergency regulation, or an emergency regulation substantially equivalent thereto which is readopted as an emergency regulation, shall not be filed with the Secretary of State as an emergency regulation except with the express prior approval of the Director of the Office of Administrative Law.

SEC. 46. Section 11346.2 of the Government Code is amended to read:

11346.2. A regulation or an order of repeal required to be filed with the Secretary of State shall become effective on the 30th day after the date of filing unless:

(a) Otherwise specifically provided by the statute pursuant to which the regulation or order of repeal was adopted, in which event it becomes effective on the day prescribed by such statute.

(b) It is a regulation prescribing an agency's organization or procedure, or a regulation adopted under Section 8054 of the Financial Code, in which event it shall become effective upon filing or upon any later date specified by the state agency in a written instrument filed with, or as part of, the regulation or order of repeal.

(c) A later date is prescribed by the state agency in a written instrument filed with, or as part of, the regulation or order of repeal.

(d) The agency makes a written request to the office demonstrating good cause for an earlier effective date, in which case the office may prescribe an earlier date.

SEC. 47. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Division 2 (commencing with Section 5000) of the Financial Code was repealed and added by Assembly Bill 1434 (Chapter 1091, 1983 Statutes) and Senate Bill 341 (Chapter 1176, 1983 Statutes) to completely revise that area of the law governing regulation of state savings associations. A substantial number of technical deficiencies or unintentional deletions have been determined to be in immediate need of correction in order to retain the necessary consistency in the law and appropriate regulatory authority of the Savings and Loan Commissioner. In order to preserve certainty in the operating environment of state savings associations as to the services they may offer to the public, and to preserve the commissioner's regulatory authority in several key areas, it is essential that this act take effect immediately.

CHAPTER 288

An act to amend Sections 224t, 224u, 224v, and 227 of the Civil Code, and to amend Section 2, and to repeal Section 12, of Chapter 1162 of the Statutes of 1983, relating to adoptions.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 224t of the Civil Code is amended to read:

224t. Notwithstanding any other provision of law, the State Department of Social Services or the licensed adoption agency which made the report required by Section 224s shall, upon the request of a person who has been adopted pursuant to this chapter and who has attained the age of 18 or who presents a certified copy of his or her marriage certificate, or upon the request of the adoptive parent of a person under the age of 18 who has been adopted pursuant to this chapter, provide that person with a copy of the medical report

required by Section 224s in the manner that the department shall prescribe by regulation. A person who is denied access to a medical report pursuant to the regulations adopted pursuant to this section may petition the superior court for review of the reasonableness of the department's or licensed adoption agency's decision. The names and addresses of any persons contained in the report shall be removed therefrom unless the person requesting the report has previously received the information pursuant to subdivision (b) of Section 227.

SEC. 2. Section 224u of the Civil Code is amended to read:

224u. Whenever the parental rights of a birth parent are terminated pursuant to Section 232 or 7017, the licensed agency responsible for the adoptive placement of the child or the State Department of Social Services shall send a written notice to the birth parent, if his or her address is known, which shall contain the following statement:

"You are encouraged to keep this agency informed of your current address in order to permit a response to any inquiry concerning medical or social history made by or on behalf of the child who was the subject of the court action terminating parental rights."

SEC. 3. Section 224v of the Civil Code is amended to read:

224v. (a) The State Department of Social Services shall adopt a statement to be presented to the birth parents at the time the relinquishment or consent to adoption is signed and to adoptive parents at the time of the home study which shall, in a clear and concise manner, in words calculated to assure the confidence of the birth parent in the integrity of the adoption process, communicate to the birth parent of a child that is the subject of an adoption petition all of the following facts:

(1) It is in the best interest of the child that the birth parent keep the department or the licensed adoption agency to whom the child was relinquished for adoption informed of any health problems that the parent develops that could affect the child.

(2) It is extremely important that the birth parent keep his or her address current with the department or the licensed adoption agency to whom the child was relinquished for adoption in order to permit a response to any inquiries to the department or licensed adoption agency concerning medical or social history.

(3) Section 227 of the Civil Code authorizes a person who has been adopted and who attains the age of 21 to petition the State Department of Social Services or the licensed adoption agency that joined in the petition for his or her adoption to obtain the name and address of his or her birth parent; consequently it is of the utmost importance that the birth parent indicate whether or not he or she wishes his or her name and address to be so disclosed by checking the appropriate box provided on the form.

(4) The relinquishment or consent will be filed in the office of the county clerk of the county in which the adoption takes place and that it is not open to inspection by any persons other than the parties to

the adoption proceedings, their attorneys, and the State Department of Social Services, except upon order of the judge of the superior court.

(5) The birth parent may change his or her decision as to whether or not he or she wishes his or her name and address disclosed, at any time, by sending a notarized letter to that effect, by registered mail, return receipt requested, to the State Department of Social Services or to the licensed adoption agency that joined in the petition for adoption.

(b) The State Department of Social Services shall adopt a form to be signed by the birth parents at the time the relinquishment or consent to adoption is signed which shall provide as follows:

"Section 227 of the Civil Code authorizes a person who has been adopted and who attains the age of 21 to petition the State Department of Social Services or the licensed adoption agency that joined in the petition for his or her adoption to obtain the name and address of his or her birth parent. Indicate by checking one of the boxes below whether or not you wish your name and address to be so disclosed:

☐ YES
☐ NO"
☐ UNCERTAIN AT THIS TIME; WILL NOTIFY AGENCY AT LATER DATE

SEC. 4. Section 227 of the Civil Code is amended to read:

227. (a) The person or persons desiring to adopt a child, and the child proposed to be adopted, shall appear before the court; however, if the adoptive parent is then commissioned or enlisted in the military service, or auxiliary thereof, of the United States, or of any of its allies, or in the American Red Cross, so that it is impossible or impracticable, because of the adoptive parent's absence from the State of California, or otherwise, for him or her to make an appearance in person, and the circumstances are established by satisfactory evidence, the appearance may be made for the adoptive parent by his or her counsel, commissioned and empowered in writing so to do. The power of attorney may be incorporated in the petition for adoption. The court shall examine all persons appearing before it pursuant to this section. The examination of each such person shall be conducted separately but within the physical presence of each such other person or persons unless the court, in its discretion, shall order otherwise. The party or parties adopting shall execute or acknowledge an agreement in writing that the child shall be treated in all respects as the lawful child of the party or parties. If satisfied that the interest of that child will be promoted by the adoption, the court may thereupon make and enter a decree of adoption of the child by the adopting parent or parents, and the child and the adopting parents shall thereupon and thereafter sustain toward each other the legal relationship of parent and child and have

all the rights and be subject to all the duties of that relation. In a case where the adopting parent is permitted to appear by counsel, the agreement may be executed and acknowledged by the counsel for the absent party, or may be executed by the absent party before a notary public, or any other person authorized to take acknowledgments including the persons authorized by Sections 1183 and 1183.5. In any case where the adoptive parent is permitted to appear by counsel, or otherwise, the court may, in its discretion, cause an examination of the adoptive parent, other interested party, or witness to be made upon deposition, as it deems necessary. The deposition shall be taken upon commission, as prescribed by the Code of Civil Procedure, and the expense thereof shall be borne by the petitioner. The petition, relinquishment, agreement, order, report to the court from any investigating agency, and any power of attorney and deposition shall be filed in the office of the county clerk and shall not be open to inspection by any other than the parties to the action and their attorneys and the State Department of Social Services, except upon the written authority of the judge of the superior court. A judge of the superior court shall not authorize anyone to inspect the petition relinquishment, agreement, order, report to the court from any investigating agency, or power of attorney or deposition or any portion of any such documents except in exceptional circumstances and for good cause approaching the necessitous. The petitioner may be required to pay the expenses for preparing the copies of the documents to be inspected.

Upon written request of any party to the action and upon the order of any judge of the superior court, the county clerk shall not provide any documents referred to in this section for inspection or copying to any other person, unless the name of the birth parents of the child or any information tending to identify the birth parents of the child is deleted from the documents or copies thereof.

Upon the request of the adoptive parents or the child, a county clerk may issue a certificate of adoption which states the date and place of adoption, the birthday of the child, the name of the adoptive parents, and the name which the child has taken. Unless the child has been adopted by a stepparent, the certificate shall not state the name of the birth parents of the child.

The provisions of this section permitting an adoptive parent, who is commissioned or enlisted in the military service, or auxiliary thereof, of the United States, or of any of it allies, or in the American Red Cross, to make an appearance through his or her counsel, commissioned and empowered in writing to do so, are equally applicable to the spouse of an adoptive parent who resides with the adoptive parent outside of this state.

Where, pursuant to this section, neither adoptive parent need appear before the court, the child proposed to be adopted need not appear. If the law otherwise requires that the child execute any document during the course of the hearing, the child may do so by and through counsel. Where none of the parties appear, no order of

adoption shall be made by the court until after a report has been filed with the court pursuant to Section 226.6.

(b) The State Department of Social Services or a licensed adoption agency shall, (1) upon request of a person who has been adopted pursuant to this chapter and who has attained the age of 21, disclose the identity of the birth parent or parents of the person and the most current address of the birth parent or parents as shown in the records of the department or licensed adoption agency, if the birth parent or parents have indicated consent to the disclosure in writing; and (2) upon request of the birth parent of a person who has been adopted pursuant to this chapter and who has attained the age of 21, disclose the adopted name of the adoptee and his or her most current address as shown in the records of the department or licensed adoption agency if the adult adoptee has indicated in writing, pursuant to the registration program developed by the State Department of Social Services, that he or she wishes his or her name and address to be disclosed. The department or licensed adoption agency also shall disclose the identity of a birth parent and his or her most current address as shown in the records of the department or licensed adoption agency upon the request of the adoptive parent of a person under the age of 21 who has been adopted pursuant to this chapter, upon the finding by the department or licensed adoption agency that a medical necessity or other extraordinary circumstances justify the disclosure.

The form of the request required by this section shall be prescribed by the State Department of Social Services, shall provide for an affidavit to be executed by the requester that to the best of his or her knowledge he or she is an adoptee; that he or she is the birth parent of an adoptee; or that he or she is the adoptive parent of an adoptee. The department may adopt regulations requiring such additional means of identification from a requester as it deems necessary. The request shall advise an adoptee that if he or she so consents, his or her adoptive parents will be notified of the filing of the request prior to the release of the name and address of his or her birth parent.

The provisions of this subdivision shall not be applicable where a birth parent or an adoptee has indicated that he or she does not wish his or her name or address to be disclosed.

The department shall either respond to a request for information pursuant to this section or forward the request to a licensed adoption agency pursuant to subdivision (c) within 20 working days of its receipt of the request.

The provisions of this subdivision shall apply only to those adoptions in which the relinquishment for or consent to adoption was signed on or after January 1, 1984.

(c) The department may forward requests for information pursuant to this section to any licensed adoption agency that was a party to the adoption.

(d) Notwithstanding any other provision of law, the department

shall announce the availability of the present method of arranging contact among an adult adoptee, his or her birth parent, and any living adoptive parent authorized by Section 230.6 utilizing a means of communication appropriate to effectively inform the public.

(e) The State Department of Social Services or licensed adoption agency may charge a reasonable fee, in an amount established by the department by regulation to cover the costs of processing requests for information generated pursuant to subdivision (b). The revenue resulting from the fees so charged shall be utilized by the department or licensed adoption agency to increase existing staff as needed to process these requests. Fees received by the department shall be deposited in the Adoption Information Fund. This revenue shall be in addition to any other funds appropriated in support of the state adoption program.

The department or licensed adoption agency shall waive the fees authorized by this section for any person who is receiving public assistance pursuant to Part 3 (commencing with Section 11000) of Division 9 of the Welfare and Institutions Code.

SEC. 5. Section 2 of Chapter 1162 of the Statutes of 1983 is amended to read:

Sec. 2. The Legislature finds and declares that once parental rights have been terminated and a child is legally free for adoption, all contacts between an adoptee and his or her birth parents, usually are permanently severed. When this occurs, often there is no effective way to reestablish contact because of cost problems, tracing difficulties, and the confidentiality of records.

In this regard, the Legislature recognizes that in order to provide adequate and timely medical care for an adoptee, an adopting parent needs complete medical background information on both the adoptee and the adoptee's birth parents, not only to secure timely and appropriate medical care for the adoptee but to make vital personal, health, and family decisions.

Furthermore, the Legislature also recognizes that as a result of the permanent severence of the relationship between the adoptee and his or her birth parents, the adoptee also may suffer substantial emotional or physical illness resulting from an inability to satisfy personal needs concerning his or her origins, self-identity, and family medical history.

Accordingly, it is the purpose of this act to insure that complete medical background information of both a routine and nonroutine nature, if available, with regard to both the adoptee and the adoptee's birth parents is transmitted to the adopting parents at the time the adoptee is placed for adoption and that the medical background information is also available to the adoptee when he or she reaches 18 years of age or is emancipated by reason of marriage. It is also the purpose of this act to establish a procedure whereby a birth parent may petition the State Department of Social Services for disclosure of the identity and last known address of his or her son or daughter who has been adopted and who has reached the age of 21;

whereby an adoptee who has attained the age of 21 may petition for the identity and last known address of his or her birth parent; and where the adoptive parent of an adoptee who is under the age of 21 may petition on behalf of the adoptee for the identity and last known address of the adoptee's birth parent, while providing safeguards respecting the right of privacy of all of such persons.

It is the intention of the Legislature that the costs incurred by the State Department of Social Services and licensed adoption agencies pursuant to programs established by this act under subdivision (b) of Section 227 of the Civil Code shall be funded by fees charged by those agencies as established by the State Department of Social Services by regulation.

SEC. 6. Section 12 of Chapter 1162 of the Statutes of 1983 is repealed.

CHAPTER 289

An act to amend Section 1633 of the Business and Professions Code, relating to dentistry.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 1633 of the Business and Professions Code is amended to read:

1633. When an applicant for a license has received a grading of 85 percent or above in any given subject, he or she shall be exempt from reexamination on that subject in subsequent examinations before the board within two years after the examination on which the applicant received the exemption.

In December 1987, the board shall arrange for an independent, objective evaluation to be performed regarding the dental licensure examination, the costs of which shall be paid for by the board.

The evaluation report shall be addressed to the Legislature and shall include at least the following items:

(a) A complete description of the board's grading policies and examination scoring procedures used for the years 1984 to 1987, inclusive.

(b) Using standard methods of test validation, an analysis of the degree to which the new licensure examination, established in 1984 by the board, is an improvement over the previous examination used by the board in 1982 and 1983.

(c) A statistical distribution of the percentage of candidates' scores in the different scoring categories used by the board from 1981 to 1987, inclusive, to grade the performance of candidates on the examination.

(d) A statistical comparison of the final scores and scores for each section of the examination for candidates taking the licensure examination for the years 1981 to 1987, inclusive.

(e) An analysis of the statistical validity and reliability of the licensure examination, and of the appropriateness of the scoring procedures and grading policies used by the board.

(f) A statistical analysis of the relationship, if any, between the candidates' final scores and section scores and the candidates' age, sex, ethnicity, and educational background for the years 1981 to 1987, inclusive.

CHAPTER 290

An act to amend Section 17920.7 of the Health and Safety Code, relating to building standards.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 17920.7 of the Health and Safety Code is amended to read:

17920.7. (a) Except as provided in Section 18930, the State Fire Marshal shall adopt, amend, and repeal fire safety rules and regulations, and, except as otherwise provided in this part, the State Fire Marshal shall enforce building standards published in the State Building Standards Code and those other rules and regulations adopted by the State Fire Marshal for the provision of structural fire safety and fire-resistant exits in multiple-story structures existing on January 1, 1975, let for human habitation including, and limited to, apartment houses, hotels, and motels wherein rooms used for sleeping are let above the ground floor. The State Fire Marshal shall adopt, amend, or repeal and shall submit building standards for approval pursuant to the provisions of Chapter 4 (commencing with Section 18935) of Part 2.5. The rules and regulations and building standards shall provide adequate safety to the occupants and the general public, and shall be consistent with the requirements contained in subdivisions (d), (e), (f), (g), (h), (i), (k), and (*l*) of Section 1215 of Chapter 12 of the appendix of the Uniform Building Code, 1979 edition, as adopted by the International Conference of Building Officials.

Except as provided in Section 18930, the department, with the written approval of the State Fire Marshal, may allow reasonable exceptions to subdivisions (e) and (g) of Section 1215 to permit the continued use of existing stairs and to subdivision (*l*) of Section 1215 to permit equivalent protection in lieu of occupancy separations. However, the exceptions shall not impair occupant safety and shall

be consistent with the legislative intent of this section.

The building standards adopted by the State Fire Marshal and submitted for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 shall not require that interior stairs and vertical openings be enclosed in two-story buildings.

(b) Notwithstanding the provisions of subdivision (a), any city, county, or city and county may adopt building standards for structural fire safety and fire-resistant exits in structures subject to this section. However, those building standards shall be substantially equivalent in fire safety to the building standards published in the State Building Standards Code. Each city, county, or city and county adopting alternative standards shall submit a detailed statement, with supporting data, to the State Fire Marshal demonstrating the equivalency of the alternate standards to the state building standards and other regulations adopted by the State Fire Marshal. The State Fire Marshal shall make a finding as to the equivalency of alternate local standards to such requirements. It is the intention of the Legislature that the building standards adopted and published in the State Building Standards Code shall be consistent with the requirements for new construction contained in the Uniform Building Code, 1979 edition, as adopted by the International Conference of Building Officials, except as otherwise required by state or federal law.

(c) The provisions of this section shall not apply to any apartment house, hotel, or motel existing on May 14, 1979, having floors, as measured from the top of the floor surface, used for human occupancy located more than 75 feet above the lowest floor level having building access which is subject to the provisions of Chapter 3 (commencing with Section 13210) of Part 2 of Division 12 relating to high rise buildings existing on May 14, 1979.

(d) The enforcement agency shall make inspections to the extent necessary to identify the structures within its jurisdiction in violation of the rules and regulations adopted by the State Fire Marshal pursuant to this section, and all structures subject to the provisions of this section shall be conformed to the requirements contained in those regulations.

CHAPTER 291

An act to amend Sections 783, 1350, and 1351 of the Civil Code, relating to condominiums.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 783 of the Civil Code is amended to read:

783. A condominium is an estate in real property consisting of an undivided interest in common in a portion of a parcel of real property together with a separate interest in space, the boundaries of which are described on a recorded final map, parcel map, condominium plan or other document in sufficient detail to locate all boundaries thereof. The area within such boundaries may be filled with air, earth, or water or any combination thereof and need not be physically attached to land except by easements for access and, if necessary, support. The description of such space may refer to (i) boundaries described in the recorded final map, parcel map, condominium plan or other document; (ii) physical boundaries, either in existence, or to be constructed, such as walls, floors and ceilings of a structure or portion thereof; (iii) an entire structure containing one or more separate interests in space; or (iv) any combination thereof. The portion of the parcel of real property held in undivided interest may be all of the real property of an existing parcel or lot (except for the separate interests in space) or may include a particular three-dimensional portion thereof, the boundaries of which are described on a recorded final map, parcel map, condominium plan or other document. The area within the boundaries may be filled with air, earth, or water, or any combination thereof, and need not be physically attached to land except by easements for access and, if necessary, support. A condominium may include in addition a separate interest in other portions of such real property.

Such estate may, with respect to the duration of its enjoyment, be either (1) an estate of inheritance or perpetual estate, (2) an estate for life, (3) an estate for years, such as a leasehold or a subleasehold, or (4) any combination of the foregoing.

SEC. 2. Section 1350 of the Civil Code is amended to read:

1350. As used in this title unless the context otherwise requires:

1. "Condominium" means a condominium as defined in Section 783 of the Civil Code.

2. "Unit" means the elements of a condominium which are not owned in common with the owners of other condominiums in the project.

3. "Project" means the entire parcel of real property divided, or to be divided into condominiums, including all structures thereon.

4. "Common areas" means the entire project excepting all units therein granted or reserved.

5. "To divide" real property means to divide the ownership thereof by conveying one or more condominiums therein but less than the whole thereof.

6. "Condominium plan" means a document or instrument meeting the requirements of Section 1351.

SEC. 3. Section 1351 of the Civil Code is amended to read:

1351. The provisions of this chapter shall apply to real property divided or to be divided into condominiums only if there shall be recorded in the county in which such property lies a condominium plan consisting of (i) a description or survey map of the project which shall refer to or show sufficient monumentation on the ground to locate applicable boundaries, (ii) a three-dimensional description of such property (one or more dimensions of which may extend for an indefinite distance upwards or downwards in sufficient detail to identify the common areas and each separate interest in space), and (iii) a certificate consenting to the recordation of such plan pursuant to this chapter signed and acknowledged by the record owner of fee title to such property and, in the case of a condominium which will terminate upon the termination of an estate for years, by the lessor and lessee of such an estate for years, by all life tenants and remainder interests when such property is subject to a life estate and by either the trustee or the beneficiary of each recorded deed of trust, and the mortgagee of each recorded mortgage encumbering the property. Such condominium plan may be amended or revoked by a subsequently acknowledged recorded instrument executed by all the persons whose signatures would be required to record a condominium plan pursuant to this section. Until recordation of a revocation, the provisions of this chapter shall continue to apply to such property.

CHAPTER 292

An act to amend Section 25866 of the Health and Safety Code, relating to radiation.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 25866 of the Health and Safety Code is amended to read:

25866. (a) Any person who intentionally or through gross negligence violates any provision of this chapter, or any rule or regulation adopted pursuant thereto, or who fails or refuses to comply with a cease and desist order or other order of the department issued thereunder, which action causes a substantial danger to the health of others, shall be liable for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation or, for continuing intentional violations, for each day that violation continues.

(b) The remedies under this section are in addition to, and do not supersede or limit, any and all other remedies, civil or criminal.

CHAPTER 293

An act to add Sections 51006 and 51007 to the Education Code, relating to education.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 51006 is added to the Education Code, to read:

51006. The Legislature finds that the increasing integration of computers and computer technology into our economy has profound implications for our society, and equally important implications for state educational policy.

The Legislature also finds that the methods of distribution of computer resources in the public schools will have a substantial effect upon the state's ability to meet the economic, political, and social challenges of the new technological era. Without adequate and early exposure to a basic computer education and computer resources, many students may be placed at a significant disadvantage in their opportunities to secure success in academics and the job market in the future. As females compose 51 percent of the student population in the state's public elementary and secondary schools, and ethnic minorities constitute over one-third of that population, it is imperative that California adopt a policy to ensure equitable access to technological education programs.

SEC. 2. Section 51007 is added to the Education Code, to read:

51007. (a) It is the policy of the State of California that all students enrolled in the state's public elementary and secondary schools, regardless of race, creed, color, national origin, gender, physical disability, geographic location, or socioeconomic background, shall have equitable access to educational programs designed to strengthen technological skills, including, but not limited to, computer education programs.

(b) It is the intent of the Legislature that state appropriations for educational programs designed to strengthen technological skills, including, but not limited to, computer education programs, shall have the goal of ensuring equitable access to those programs for all students.

(c) It is the intent of the Legislature that this section shall not be construed to preclude funding of programs designed to serve certain categories of students as part of the state's efforts to target areas of high need.

CHAPTER 294

An act to add Section 2064.1 to the Business and Professions Code, relating to medicine.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2064.1 is added to the Business and Professions Code, to read:

2064.1. Notwithstanding the provisions of Section 2064 or any other provisions of this chapter, a regularly matriculated student undertaking a course of professional instruction in a medical school approved by the American Osteopathic Association or the Board of Osteopathic Examiners is eligible for enrollment in elective clerkships or preceptorships in any medical school or clinical training program in this state.

CHAPTER 295

An act to amend Sections 37220 and 37227.5 of the Education Code, and to amend Sections 6700, 6701, and 19853 of the Government Code, relating to state holidays.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 37220 of the Education Code is amended to read:

37220. Except as otherwise provided, the public schools shall continue in session or close on specified holidays as follows:

(a) The public schools shall close on January 1st, the third Monday in January known as "Dr. Martin Luther King, Jr. Day," February 12th known as "Lincoln Day," the third Monday in February known as "Washington Day," the last Monday in May known as "Memorial Day," July 4th, the first Monday in September known as "Labor Day," November 11th known as "Veterans Day," that Thursday in November proclaimed by the President as "Thanksgiving Day," and December 25th. However, the governing board of a school district may elect to celebrate Veterans Day on the Friday or Monday of the week in which November 11th occurs.

(b) The Governor in appointing any other day for a public fast, thanksgiving, or holiday may provide whether the public schools shall close on the day. If the Governor does not provide whether the

public schools shall close, they shall continue in session on all special or limited holidays appointed by the Governor, but shall close on all other days appointed by the Governor for a public fast, thanksgiving, or holiday.

(c) The public schools shall close on every day appointed by the President as a public fast, thanksgiving, or holiday, unless it is a special or limited holiday.

(d) The public schools shall continue in session on all legal holidays other than those designated by or pursuant to this section and shall hold proper exercises commemorating the day.

(e) When any of the holidays on which the schools would be closed fall on Sunday, the public schools shall close on the Monday following.

(f) When any of the holidays on which the schools would be closed fall on Saturday, the public schools shall close on the preceding Friday, and that Friday shall be declared a state holiday.

(g) If any holiday on which the public schools are required to close pursuant to subdivision (a) occurs under federal law on a date different than the date specified in subdivision (a), the governing board of any school district may close the public schools of the district on the date recognized by federal law and maintain classes on the date specified in subdivision (a).

(h) Nothing in this section is to be interpreted as authorizing a school district governing board to maintain schools in its district for a lesser number of days during the school year than the minimum established by law.

SEC. 2. Section 37227.5 of the Education Code is amended to read:

37227.5. All public schools and educational institutions throughout the state shall hold, on the Friday before the third Monday in January of each year, suitable exercises commemorating, and directing attention to the history of, the civil rights movement in the United States, and particularly the role therein of Dr. Martin Luther King, Jr.

SEC. 3. Section 6700 of the Government Code is amended to read:

6700. The holidays in this state are:

(a) Every Sunday.

(b) January 1st.

(c) The third Monday in January, known as "Dr. Martin Luther King, Jr. Day."

(d) February 12th, known as "Lincoln Day."

(e) The third Monday in February.

(f) The last Monday in May.

(g) July 4th.

(h) First Monday in September.

(i) September 9th, known as "Admission Day."

(j) The second Monday in October, known as "Columbus Day."

(k) November 11th, known as "Veterans Day."

(*l*) December 25th.

(m) Good Friday from 12 noon until 3 p.m.

(n) Every day appointed by the President or Governor for a public fast, thanksgiving, or holiday.

Except for the Thursday in November appointed as Thanksgiving Day, this subdivision and subdivision (c) shall not apply to a city, county, or district unless made applicable by charter, or by ordinance or resolution of the governing body thereof.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

The board of supervisors of any county may, by ordinance or resolution, alter the date of any holiday designated in subdivision (c), (d), (e), (g), (h), (i), (j), or (k) applicable to the superior, municipal, and justice courts in that county. Provided, however, that any such altered holiday shall not be considered a holiday or a day on which a court is not in session for purposes of taking criminal defendants before a magistrate, as provided in Section 825 of the Penal Code.

SEC. 4. Section 6701 of the Government Code is amended to read:

6701. If January 1st, February 12th, July 4th, September 9th, November 11th, or December 25th falls upon a Sunday, the Monday following is a holiday. If November 11th falls upon a Saturday, the preceding Friday is a holiday.

If any holiday designated in Section 6700 falls on a Saturday, the board of supervisors of any county may by ordinance or resolution provide that an alternate day shall be a holiday for the employees of the county and the superior, municipal, and justice courts in the county.

SEC. 5. Section 19853 of the Government Code is amended to read:

19853. (a) Except as provided in subdivision (c), all employees shall be entitled to the following holidays: the first day of January, the third Monday in January, the 12th day of February, the third Monday in February, the last Monday in May, the fourth day of July, the first Monday in September, the ninth day of September, the second Monday in October, the 11th day of November, the 25th day of December, the day chosen by an employee pursuant to the provisions of Section 19854, and every day appointed by the Governor of this state for a public fast, thanksgiving, or holiday.

When a day herein listed falls on a Sunday, the following Monday shall be deemed to be the holiday in lieu of the day observed. If November 11th falls upon a Saturday, the preceding Friday shall be

deemed to be the holiday in lieu of the day observed. Any employee who may be required to work on any of the holidays herein mentioned, and who does work on any of these holidays, shall be entitled to be paid compensation or given compensating time off for that work within the meaning of this article. For the purpose of computing the number of hours worked, time during which an employee is excused from work because of holidays, sick leave, vacation, or compensating time off, shall be considered as time worked by the employee.

(b) If the provisions of this subdivision are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(c) Any employee, who is either excluded from the definition of state employee in subdivision (c) of Section 3513, or is a supervisory employee, as defined in Section 3522.1, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, shall be entitled to the following holidays, with pay, in addition to any official state holiday appointed by the Governor:

(1) January 1, the third Monday in January, February 12, the third Monday in February, the last Monday in May, July 4, the first Monday in September, September 9, the second Monday in October, November 11, Thanksgiving Day, December 25, and any personal holiday chosen pursuant to Section 19854. The employer may require an employee to provide five working days' advance notice before taking any personal holiday.

(2) When November 11 falls on a Saturday, employees shall be entitled to the preceding Friday as a holiday with pay.

(3) When a holiday, other than November 11, falls on a Saturday, an employee shall be entitled to holiday credit. The holiday credit shall be accrued on the actual date of the holiday and shall be used within the same fiscal year.

(4) When a holiday falls on Sunday, employees shall be entitled to the following Monday as a holiday with pay.

(5) Employees who are required to work on a holiday shall be entitled to pay or compensating time off for this work in accordance with their classification's assigned workweek group.

CHAPTER 296

An act to amend Section 117.8 of the Code of Civil Procedure, relating to judgments.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 117.8 of the Code of Civil Procedure is amended to read:

117.8. (a) Except as hereinafter provided, the judgment shall be conclusive upon the plaintiff. If the plaintiff failed to appear and judgment against the plaintiff was entered, the plaintiff may file within 30 days after the clerk has mailed by first-class mail, notice of entry of judgment, a motion to vacate the judgment. Upon a showing of good cause, the court may grant the motion, and if all parties are present, and agree, may hear the matter without recalendaring. If the defendant is not present, the judge shall hear the motion in his or her absence. If the motion is granted, the judge or clerk shall reset the matter and notice it in accordance with Section 116.4.

(b) The defendant may appeal the judgment to the superior court in the county in which the matter was heard, provided that, if the defendant seeks any affirmative relief by way of a claim in the small claims court, he shall not have the right to appeal from the judgment on the claim.

(c) If the defendant did not appear at the hearing in the small claims court, as a prerequisite to appeal, the defendant shall have (1) filed, within 30 days after the clerk has mailed by first-class mail notice of entry of judgment, a motion in the small claims court to vacate the judgment, and (2) appeared at any hearing on the motion, or have submitted written justification for not appearing at such hearing and written evidence in support of the motion. In addition the court must have denied or failed to decide the motion within 60 days after it was filed.

(d) If the defendant appeared at the hearing in the small claims court on the motion to vacate the judgment, or has submitted a written justification for not appearing and written evidence in support of the motion, and the motion was denied or not decided within 60 days, the defendant may appeal to the superior court only as to the denial of the motion to vacate the judgment. If the superior court finds that the defendant's motion to vacate the judgment should have been granted, the superior court may hear the defendant's appeal without recalendaring the matter, provided the defendant has previously complied with the practice and procedure established pursuant to Section 117.10.

(e) If the defendant was not properly served pursuant to Section 116.4 and did not appear at the hearing in the small claims court, the

defendant may move to vacate the judgment within 180 days after he or she discovers or should have discovered that judgment was entered against him or her. Such motion shall be supported by declaration under penalty of perjury. The court may stay enforcement of the judgment pending a hearing and determination of the motion. The notice of motion and supporting declaration shall be on simple nontechnical forms approved or adopted by the Judicial Council.

CHAPTER 297

An act to add Article 5 (commencing with Section 1801) to Chapter 9 of Part 1 of Division 1 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to confirm the authority of the Public Utilities Commission in proceedings commenced on or prior to December 31, 1984, to make awards to participants pursuant to existing rules and regulations of the commission and to require that for proceedings commenced on and after January 1, 1985, awards to customers shall be made pursuant to this act.

SEC. 2. Article 5 (commencing with Section 1801) is added to Chapter 9 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 5. Intervenor's Fees and Expenses

1801. The purpose of this article is to provide compensation for reasonable advocate's fees, reasonable expert witness fees, and other reasonable costs to public utility customers of participation or intervention in any hearing or proceeding of the commission for the purpose of modifying a rate or establishing a fact or rule that may influence a rate.

1802. As used in this article:

(a) "Compensation" means payment for all or part, as determined by the commission, of reasonable advocate's fees, reasonable expert witness fees, and other reasonable costs of participation or intervention in a hearing or proceeding for the purpose of modifying a rate or establishing a fact or rule that may influence a rate, and includes the fees and costs of obtaining judicial review, if any.

(b) "Expert witness fees" means recorded or billed costs incurred by a customer for an expert witness.

(c) "Other reasonable costs" means reasonable out-of-pocket

expenses incurred by a customer not exceeding 25 percent of the total or reasonable advocate's fees and expert witness fees awarded.

(d) "Party" means any interested party, respondent public utility, or commission staff in a hearing or proceeding for the purpose of modifying a rate or establishing a fact or rule that may influence a rate.

(e) "Customer" means any participant representing consumers, customers, or subscribers of any electrical, gas, telephone, telegraph, or water corporation subject to the jurisdiction of the commission; any representative who has been authorized by a customer; or any representative of a group or organization authorized pursuant to its articles of incorporation or bylaws to represent the interests of residential customers; but does not include any state, federal, or local government agency, any publicly owned public utility, or any entity which in the commission's opinion was established or formed by a local government entity for the purpose of participating in a commission proceeding.

(f) "Significant financial hardship" means both of the following:

(1) That, in the judgment of the commission, the customer has or represents an interest not otherwise adequately represented, representation of which is necessary for a fair determination of the proceeding.

(2) Either that the customer cannot afford to pay the costs of effective participation, including advocate's fees, expert witness fees and other reasonable costs of participation and the cost of obtaining judicial review, or that, in the case of a group or organization, the economic interest of the individual members of the group or organization is small in comparison to the costs of effective participation in the proceeding.

(g) "Substantial contribution" means that, in the judgment of the commission, the customer's presentation has substantially assisted the commission in the making of its order or decision because the order or decision has adopted in whole or in part one or more factual contentions, legal contentions, or specific policy or procedural recommendations presented by the customer.

1803. The commission may award reasonable advocate's fees, reasonable expert witness fees, and other reasonable costs of participation or intervention in a hearing or proceeding for the purpose of modifying a rate or establishing a fact or rule that may influence a rate to any customer who complies with Section 1804 and satisfies all of the following requirements:

(a) The customer's presentation makes a substantial contribution to the adoption, in whole or in part, of the commission's order or decision.

(b) Participation or intervention without an award of fees or costs imposes a significant financial hardship.

1804. (a) A customer seeking an award under this article shall file, within 30 days of the first prehearing conference or within 45 days after the close of the evidentiary record, and serve on all parties

to the hearing or proceeding, a request for finding of eligibility for compensation In cases where no prehearing conference is scheduled or where the commission anticipates the proceeding will take less than 30 days, the commission may determine the procedure to be used for filing these requests. The request shall include all of the following:

(1) A showing by the customer that participation in the hearing or proceeding would pose a significant financial hardship.

(2) A statement of issues the customer intends to raise in the hearing or proceeding.

(3) An estimate of the compensation that will be sought.

(4) A budget for the customer's presentation.

Within 30 days after service of the request for a finding of eligibility for compensation, the commission may direct its staff to file, and may permit any other interested party to file, a statement responding to the request, including a discussion of the appropriateness of a common legal representative.

(b) The commission shall thereafter issue a ruling determining whether the customer is eligible for an award of compensation. The ruling shall address whether a showing of significant financial hardship has been made and may include a discussion of whether it is determined appropriate to designate a common legal representative pursuant to Section 1805.

(c) Following issuance of a final order or decision by the commission in the hearing or proceeding, a customer who has been found by the commission, pursuant to subdivision (b), to be eligible for an award of compensation may file within 30 days a request for an award. The request shall include, at a minimum, a detailed description of services and expenditures and a description of the customer's substantial contribution to the hearing or proceeding. The request shall be served on all parties to the hearing or proceeding. Within 30 days after service of the request, the commission staff may file, and any other party may file, a response to the request.

(d) The commission may audit the records and books of the customer to the extent necessary to verify the basis for the award. The commission shall preserve the confidentiality of the customer's records in making its audit. Within 20 days after completion of the audit, if any, the commission shall direct that an audit report shall be prepared and filed. Any other party may file a response to the audit report within 20 days thereafter.

(e) Within 75 days after the filing of a request for compensation pursuant to subdivision (c), or within 50 days after the filing of an audit report, whichever occurs later, the commission shall issue a decision that determines whether or not the customer has made a substantial contribution to the final order or decision in the hearing or proceeding. If the commission finds that the customer requesting compensation has made a substantial contribution, the commission shall describe this substantial contribution and shall determine the

amount of compensation to be paid pursuant to Section 1806.

1805. The commission may, as specified in Section 1804, designate, if determined appropriate, a common legal representative. In cases where the commission designates a common legal representative, no compensation shall be awarded to customers with the same or similar interests who participate or intervene in the hearing or proceeding.

1806. The computation of compensation awarded pursuant to Section 1804 shall take into consideration the compensation paid to persons of comparable training and experience who offer similar services. The compensation awarded may not, in any case, exceed the market value of services paid by the commission or the public utility, whichever is greater, to persons of comparable training and experience who are offering similar services.

1807. Any award made under this article shall be paid by the public utility which is the subject of the hearing, investigation, or proceeding, as determined by the commission, within 30 days. Notwithstanding any other provision of law, any award paid by a public utility pursuant to this article shall be allowed by the commission as an expense for the purpose of establishing rates of the public utility by way of a dollar-for-dollar adjustment to rates imposed by the commission immediately on the determination of the amount of the award, so that the amount of the award shall be fully recovered within one year from the date of the award.

1808. The commission shall deny any award to any customer who attempts to delay or obstruct the orderly and timely fulfillment of the commission's responsibilities.

CHAPTER 298

An act to add Section 987.785 to the Military and Veterans Code, relating to veterans' farm and home purchase.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.785 is added to the Military and Veterans Code, to read:

987.785. Whenever the department cancels a contract and takes possession of a property pursuant to Section 987.77 and elects to sell the property covered by a forfeited contract, the department may, at its option, establish a procedure for listing the property for sale, together with similarly located properties, with a licensed real estate broker. The department may, in this connection, prepare schedules of properties available for sale by geographic areas and may offer a schedule from time to time to any licensed real estate broker within

the geographic area covered by the schedule for a fee which shall be sufficient to cover the costs to the department in compiling the schedules and making them available. If the department enters into a real estate listing agreement, exclusive or otherwise, with a licensed real estate broker, the department shall cooperate with the broker in all customary respects and make the property available at reasonable times for inspections by prospective purchasers.

CHAPTER 299

An act to amend Section 798.51 of the Civil Code, relating to mobilehomes.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.51 of the Civil Code is amended to read:

798.51. The management shall meet and consult with the homeowners, upon written request, within 30 days of the request, either individually, collectively, or with representatives of a group of homeowners who have signed a request to be so represented on the following matters:

(a) Amendments to park rules and regulations.

(b) Standards for maintenance of physical improvements in the park.

(c) Addition, alteration, or deletion of service, equipment or physical improvements.

Any collective meeting shall be conducted only after notice thereof has been given to all the requesting homeowners 10 days or more before the meeting.

CHAPTER 300

An act to add Section 626.1 to the Penal Code, relating to schools.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 626.1 is added to the Penal Code, to read:

626.1. (a) It is the intent of the Legislature in enacting this section to ensure that students, parents, and all school officials and employees have access to a concise, easily understandable summary of California penal and civil law pertaining to crimes committed

against persons or property on school grounds.

(b) On or before June 30, 1985, the Attorney General shall prepare and present to the Superintendent of Public Instruction, a report, written in easily understandable language, that contains a complete summary, with statutory citations, of California penal and civil law pertaining to crimes committed against persons or property on school grounds. The report shall include, but not be limited to, all reporting requirements pertaining to these crimes, the sanctions for failure to report, an explanation as to what constitutes an act of violence or vandalism, an explanation of the procedure by which any person or the school may initiate the prosecution of offenders for these crimes or seek recovery for injury or damages for these crimes, an explanation of parental liability for injury or property damages resulting from the intentional acts of a minor, and an explanation of any right to benefits as a consequence of injury or damage resulting from these crimes. The Attorney General shall periodically, but no less than once every two years, update this report to reflect changes in the law.

(c) Upon receipt of the report pursuant to subdivision (b) from the Attorney General, the Superintendent of Public Instruction shall provide for the expeditious duplication and distribution of this report to all superintendents of school districts and shall request the superintendents to do both of the following:

(1) Ensure that a copy of the report is posted and available on request at every school site in each district.

(2) Include an explanation of the report and notice of its availability in the next regular communication sent by the school to each parent or guardian.

CHAPTER 301

An act to amend Sections 18551 and 18551.1 of the Health and Safety Code, relating to mobilehomes.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 18551 of the Health and Safety Code is amended to read:

18551. The department shall establish regulations for manufactured home, mobilehome, and commercial coach foundation systems which shall be applicable throughout the state. When established, these regulations supersede any ordinance enacted by any city, county, or city and county applicable to manufactured home, mobilehome, and commercial coach foundation systems. The department may approve alternate

foundations systems to those provided by regulation where the department is satisfied of equivalent performance. The department shall document approval of alternate systems by its stamp of approval on the plans and specifications for the alternate foundation system.

(a) Prior to installation of a manufactured home, mobilehome, or commercial coach on a foundation system, the manufactured home, mobilehome, or commercial coach owner or a licensed contractor shall obtain a building permit from the appropriate local agency. To obtain a permit, the owner or contractor shall provide the following:

(1) Written evidence acceptable to the local agency that the manufactured home, mobilehome, or, commercial coach owner owns, holds title to, or is purchasing the real property where the mobilehome is to be installed on a foundation system. A lease held by the manufactured home, mobilehome, or commercial coach owners, which is transferable, for the exclusive use of the real property where the manufactured home, mobilehome, or commercial coach is to be installed, shall be deemed to comply with this paragraph if the lease is for a term of 35 years or more, or if less than 35 years, for a term mutually agreed upon by the lessor and lessee, and the term of the lease is not revocable at the discretion of the lessor except for cause, as described in subdivisions 2 to 5, inclusive, of Section 1161 of the Code of Civil Procedure.

(2) Written evidence acceptable to the local agency that the registered owner owns the manufactured home, mobilehome, or commercial coach free of any liens or encumbrances or, in the event that the legal owner is not the registered owner, or liens and encumbrances exist on the manufactured home, mobilehome, or commercial coach, written evidence provided by the legal owner and any lienors or encumbrancers that the legal owner, lienor, or encumbrancer consents to the attachment of the manufactured home, mobilehome, or commercial coach upon the discharge of any personal lien, which may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

(3) Plans and specifications required by department regulations or a department-approved alternate for the manufactured home, mobilehome, or commercial coach foundation system.

(4) The manufactured home, mobilehome, or commercial coach manufacturer's installation instructions, or plans and specifications signed by a California licensed architect or engineer covering the installation of an individual manufactured home, mobilehome, or commercial coach in the absence of the manufactured home, mobilehome, or commercial coach manufacturer's instructions.

(5) Building permit fees established by ordinance of the city, county, or city and county of the appropriate local agency.

(6) A fee payable to the department in the amount of eleven dollars ($11) for each transportable section of the manufactured home, mobilehome, or commercial coach, which shall be immediately transmitted to the department with a copy of the building permit and any other information concerning the

manufactured home, mobilehome, or commercial coach which the department may prescribe on forms provided by the department.

On the same day that the certificate of occupancy for the manufactured home, mobilehome, or commercial coach is issued by the appropriate local agency, the local agency shall record with the county recorder of the county in which the real property is situated, on which the manufactured home, mobilehome, or commercial coach has been installed, a document naming the owner of the real property, describing the real property with certainty, and stating that a manufactured home, mobilehome, or commercial coach has been affixed to such real property by installation on a foundation system pursuant to this section.

When recorded, the document referred to above shall be indexed by the county recorder to the named owner and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

If the manufactured home, mobilehome, or commercial coach is registered with the department, the local agency shall notify the department that the manufactured home, mobilehome, or commercial coach has been installed on a foundation system.

Fees received by the department pursuant to this subdivision shall be deposited in the Mobilehome-Manufactured Home Revolving Fund established under subdivision (a) of Section 18016. To the extent these fees are utilized for enforcement of consumer protections, the provisions of subdivision (b) of Section 18016.5 shall not apply.

(b) The department shall adopt regulations providing for the cancellation of registration of a manufactured home, mobilehome, or commercial coach which is permanently attached to the ground on a foundation system pursuant to this section. The regulations shall provide for the surrender to the department of the certificate of title and other indicia of registration. For the purposes of this subdivision, permanent affixation to a foundation system shall be deemed to have occurred on the day a certificate of occupancy is issued to the manufactured home, mobilehome, or commercial coach owner and the document referred to in paragraph (6) of subdivision (a) is recorded. Cancellation shall be effective as of that date and the department shall enter such cancellation on its records upon receipt of a copy of the certificate of occupancy. This subdivision shall not be construed to affect the application of existing laws, or the department's regulations or procedures with regard to the cancellation of registration, except as to the requirement therefor and the effective date thereof.

(c) Once installed on a foundation system in compliance with the provisions of subdivisions (a) and (b), a manufactured home, mobilehome, or commercial coach shall be deemed a fixture and a real property improvement to the real property to which it is affixed. Physical removal of the manufactured home, mobilehome, or commercial coach shall thereafter be prohibited without the consent

of all persons or entities who, at the time of removal, have title to any estate or interest in the real property to which the manufactured home, mobilehome, or commercial coach is affixed.

For the purposes of this part:

(1) "Physical removal" shall include, without limitation, the unattaching of the manufactured home, mobilehome, or commercial coach from the foundation system, except for temporary purposes of repair or improvement thereto.

(2) Consent to removal shall not be required from the owners of rights-of-way or easements or the owners of subsurface rights or interests in or to minerals, including, but not limited to, oil, gas, or other hydrocarbon substances.

(d) At least 30 days prior to a legal removal of the manufactured home, mobilehome, or commercial coach from the foundation system and transportation away from the real property to which it was formerly affixed, the manufactured home, mobilehome, or commercial coach owner shall notify the department and the county assessor of the intended removal of the manufactured home, mobilehome, or commercial coach. The department shall require written evidence that the necessary consents have been obtained pursuant to this section and shall require application for either a transportation permit or manufactured home, mobilehome, or commercial coach registration as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the manufactured home, mobilehome, or commercial coach shall be deemed to have become personal property and subject to all laws governing the same as applicable to a manufactured home, mobilehome, or commercial coach.

(e) Notwithstanding any other provision of law, any manufactured home, mobilehome, or commercial coach installed on a foundation system, attached, or otherwise permanently affixed to, real property without compliance with the provisions of subdivisions (a) and (b), shall not be deemed a fixture or improvement to the real property. This subdivision shall not be construed to affect the application of sales and use or property taxes.

(f) Once installed on a foundation system, a manufactured home, mobilehome, or commercial coach shall be subject to state enforced health and safety standards for manufactured homes, mobilehomes, or commercial coaches enforced pursuant to Section 18020.

(g) No local agency shall require that any manufactured home, mobilehome, or commercial coach currently on private property be placed on a foundation system.

SEC. 2. Section 18551.1 of the Health and Safety Code is amended to read:

18551.1. (a) Any mobilehome park, the construction of which is completed on or after January 1, 1982, may, subject to Section 18551, be constructed in a manner which will enable manufactured homes and mobilehomes sited in the park to be placed upon a foundation system, and manufactured homes and mobilehomes sited in the park

may be placed upon foundation systems.

(b) Notwithstanding subdivision (a), any manufactured home or mobilehome originally sited on or after January 1, 1985, in a mobilehome park constructed prior to January 1, 1982, may be placed upon a foundation system, subject to the requirements of Section 18551.

CHAPTER 302

An act to add Section 25539.10 to the Government Code, relating to county property.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 25539.10 is added to the Government Code, to read:

25539.10. Notwithstanding any other provision of law, the board of supervisors of a county of the 15th class may sell, trade, or lease property near the county courthouse in conjunction with a lease-purchase agreement for a replacement facility through an open and competitive request-for-proposal process.

SEC. 2. The Legislature finds that unique and special circumstances exist in San Joaquin County for which a general statute cannot be made applicable. The San Joaquin County Human Services Agency is housed in the Hotel Stockton, a historical landmark, which is owned by the county. The Human Services Agency has outgrown the Hotel Stockton. The Hotel Stockton is not appropriate housing for the Human Services Agency. The Hotel Stockton is at the head of the channel and suitable for renovation as commercial property. Because the hotel is the cornerstone of downtown Stockton, and because of the hotel's unique location and the county's need for additional space elsewhere, it is desirable for San Joaquin County to elicit proposals for a lease-purchase of a new building for its Human Services Agency and to sell, trade, or lease the hotel in accordance with Section 1 of this act.

CHAPTER 303

An act to amend Sections 14100, 14103, 14400, 14401, 14456, 14800, 14862, 14900, and 15151 of, and to amend and renumber Section 14907 of, the Financial Code, relating to credit unions.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 14100 of the Financial Code is amended to read:

14100. Credit unions shall be incorporated under this division in the same manner as, and exercise the powers of, corporations under the Nonprofit Mutual Benefit Corporation Law of this state, except as otherwise provided in this division.

SEC. 2. Section 14103 of the Financial Code is amended to read:

14103. The bylaws shall prescribe the manner in which the business of the credit union shall be conducted with reference to the following matters:

(a) The purpose of the credit union.

(b) The qualification for membership.

(c) Determination of the month, time and place of the annual meeting; the manner of conducting meetings; the method by which members shall be notified of meetings; and the number of members which shall constitute a quorum.

(d) The authorized number of directors, the number of directors necessary to constitute a quorum, and the powers and duties of officers elected by the directors.

(e) The membership, powers, and duties of the supervisory committee.

(f) The membership, powers, and duties of the credit committee or if applicable, the general powers, responsibilities and duties of the credit manager.

(g) The manner in which the regular reserve shall be accumulated.

(h) The manner in which the bylaws may be amended.

SEC. 3. Section 14400 of the Financial Code is amended to read:

14400. (a) The savings capital of a credit union shall consist of the payments made by members on shares.

The credit union shares may be structured to include shares with a par value and shares with no par value.

The par value of credit union shares and the stated value of credit union shares without a par value shall be set out in the credit union's written savings capital structure policy pursuant to Section 14862.

(b) The equity capital of the credit union shall consist of all consideration paid for memberships in the credit union, all entrance fees paid to become a member of a credit union, all moneys held in the credit union's regular reserve account, all dues, fees, and assessments paid by credit union members and held in any contingency reserve account established by the credit union's board of directors or at the direction of the commissioner, and all retained earnings in the credit union's undivided profits account less all losses in excess of the credit union's regular reserve account and all share

capital.

SEC. 4. Section 14401 of the Financial Code is amended to read:

14401. A credit union may borrow money from any source in an aggregate amount not to exceed 50 percent of the paid-in and unimpaired capital and surplus of the credit union. Loans from the National Credit Union Central Liquity Facility (12 U.S.C. Section 1795 and following) shall not be included in computing the aggregate borrowings of a credit union. For the purposes of this division, "certificate for funds" means borrowed money.

SEC. 5. Section 14456 of the Financial Code is amended to read:

14456. Unless the bylaws expressly reserve any or all of the following duties to the members, the directors have all of the following special duties:

(a) To act upon all applications for membership. The directors may delegate the power to approve applications for new membership to the chairman of a membership committee or to an executive committee.

(b) To expel members for any of the following causes:

(1) Conviction of a criminal offense involving moral turpitude.

(2) Failure to carry out contracts, agreements or obligations with the credit union.

(3) Refusal to comply with the provisions of this division or of the bylaws.

Any members who are expelled by the board of directors have the right to appeal therefrom to the members, in which event, after hearing, the order of suspension may be revoked by a two-thirds vote of the members present at a special meeting to consider the matter.

(c) To determine from time to time the interest rate on loans and to authorize the payment of interest refunds to borrowing members.

(d) To fix the maximum number of shares which may be held by, and the maximum amount which may be loaned to, any one member.

(e) To declare dividends on shares in accordance with the credit union's written capital structure policy and to determine the interest rate or rates which will be paid on certificates for funds.

(f) To amend the bylaws, except where membership approval is required.

(g) To fill vacancies in the board of directors or credit committee, and to temporarily fill vacancies caused by the suspension of any member of the board of directors, or any or all members of the credit committee, pending a meeting of the members to determine whether to affirm such suspension and vacate the office, or to reinstate such member or members.

(h) To direct the deposit or investment of funds, except loans to members.

(i) To designate alternate members of the credit committee who shall serve in the absence or inability of the regular members to perform their duties.

(j) To perform or authorize any action not inconsistent with law

or regulation and not specifically reserved by the bylaws for the members, and to perform such other duties as the bylaws may prescribe.

SEC. 6. Section 14800 of the Financial Code is amended to read:

14800. (a) Every credit union may admit to membership those persons qualified for membership: (1) upon the purchase of a membership in the credit union as provided in the credit union bylaws; or (2) upon payment of an entrance fee established from time to time by the board of directors; or (3) upon the purchase of one or more shares in the credit union as provided in the credit union's bylaws.

(b) No officer, director, committee member, or employee of any credit union shall approve a person for admission to membership or admit an applicant for membership in the credit union or extend any benefit or service of the credit union to any person, either directly or indirectly, unless that person is admitted to membership in the credit union pursuant to subdivision (a).

(c) Nothing in subdivisions (a) and (b) shall be construed to limit the powers of a credit union to engage in joint service programs or business relationships for the benefit of their members where some incidental benefit may flow to third parties to the transaction or the authority for a credit union to engage in joint loan programs pursuant to Section 14959.

SEC. 7. Section 14862 of the Financial Code is amended to read:

14862. The board of directors shall establish from time to time a written savings capital structure policy which shall set out the various terms and conditions upon which credit union shares may be issued, paid for, transferred, and withdrawn. The savings capital structure policy may provide for different rates, maturities and minimum share account balances, subject to the rules of the commissioner for the credit union's share capital and the terms and conditions on which dividends may be calculated and paid to member's purchasing credit union shares. The savings capital structure policy shall have as its goal avoiding instability in the credit union's structure and thereby ensuring that credit union members have an adequate source of funds for loans and receive a fair return on member share capital.

SEC. 8. Section 14900 of the Financial Code is amended to read:

14900. (a) The board of directors of any credit union may declare dividends at such intervals, in accordance with such formula, and for such periods as provided in the written savings capital structure policy.

(b) Dividends need not be paid on a share account having less than the minimum balance prescribed in the bylaws.

SEC. 9. Section 14907 of the Financial Code is amended and renumbered to read:

14905. Amounts paid or credited by a credit union to its members or depositors on or before the 30th day after the close of its income year shall be deemed for all purposes as paid or credited by the credit

union upon the last day of the income year. This section is applicable only to credit unions as entities and does not apply to the members or depositors thereof.

SEC. 10. Section 15151 of the Financial Code is amended to read:

15151. A credit union shall maintain a current written schedule or schedules containing all of the following:

(1) The amount or, if no amount can be stated, the method of determining the amount of each charge which the credit union may impose on an account.

(2) Provisions in the credit union's written capital policy statement relating to the frequency, method that will be used in calculating, and the conditions under which dividends will be paid, including any provision for nonpayment of dividends on deposits made after the beginning of the dividend payment period or withdrawn before the end of such period.

(3) If the rate of dividend may vary, the circumstances under which a variation may occur and the method of determining the new rate of interest.

(4) The effective date thereof.

The schedule or schedules shall be available for inspection by the credit union members or prospective members at each branch office in California at which such accounts are maintained and written materials setting forth the information contained in such schedule shall be displayed and be available to the credit union members or prospective members in an area of the credit union which is open to the credit union members or prospective members. The schedule or schedules and written materials need not contain information relating to an account for an unincorporated association of natural persons.

CHAPTER 304

An act to amend Sections 19983 and 19991 of, and to add Sections 19969.3 and 19991.3 to, the Health and Safety Code, relating to factory-built housing.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 19969.3 is added to the Health and Safety Code, to read:

19969.3. "Design approval agency" is a private organization meeting the requirements of department regulations to perform evaluation of factory-built housing plans and specifications.

SEC. 2. Section 19983 of the Health and Safety Code is amended to read:

19983. Nothing in this part shall be construed to prevent the department from delegating by written contract its enforcement authority to local government agencies or from approving design approval agencies, as provided in Section 19991.3.

SEC. 3. Section 19991 of the Health and Safety Code is amended to read:

19991. The department shall enforce every provision of this part, the building standards published in the State Building Standards Code relating to factory-built housing, and the other regulations adopted pursuant to the provisions of this part, except as provided in Sections 19991.1, 19991.3, and 19992.

SEC. 4. Section 19991.3 is added to the Health and Safety Code, to read:

19991.3. The department shall provide by regulation for qualification and disqualification of design approval agencies to perform approval of factory-built housing plans and specifications, and the approvals of those agencies shall be deemed the equivalent of department approval. The regulations for qualification of design approval agencies shall specifically provide for the absence of any conflict of interest between manufacturers and design approval agencies and for department oversight of design approval agency performance.

CHAPTER 305

An act to amend Section 19140 of the Government Code, relating to State Civil Service.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 19140 of the Government Code is amended to read:

19140. In addition to reinstatement required under any other section, an appointing power may in his or her discretion, reinstate any person having probationary or permanent status who was separated from his or her position (a) by resignation, (b) by service retirement, (c) by termination from limited-term, temporary, career executive assignment, or exempt appointment, (d) under Section 19996.2, or (e) without a break in continuity of state service to accept another civil service or exempt appointment. Reinstatement shall be undertaken subject to all of the following:

(a) Subject to board rule.

(b) Within three years if the employee, at the time of separation was a member of the California Highway Patrol.

For reinstatement after separation, for members of the California

Highway Patrol, the time spent (1) in a position which is exempt from civil service or (2) as a temporary employee in another governmental agency engaged in a technical cooperation program under an agreement approved by the state or (3) in a recognized military service, shall not be considered in computing the three-year period.

(c) Subject to certification regarding eligibility pursuant to Section 20983.5, if applicable.

(d) To any vacant position as follows:

(1) In the class vacated or from which separated, or,

(2) In a lower class in the same series, or,

(3) In a lower class in a related series requiring similar types of qualifications, knowledge, and abilities, or,

(4) In another class having substantially similar duties, responsibilities, and qualifications, and substantially the same salary range.

An employee separated from state service by layoff, or by resignation in lieu of layoff, may be reinstated at the discretion of the appointing power; provided, however, that the reinstatement shall be subject to the requirements of this section and shall not be to a position that is specifically subject to the employee's reemployment list eligibility.

CHAPTER 306

An act to amend Section 66412 of the Government Code, relating to subdivisions.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 66412 of the Government Code is amended to read:

66412. This division shall be inapplicable to:

(a) The financing or leasing of apartments, offices, stores or similar space within apartment buildings, industrial buildings, commercial buildings, mobilehome parks, or trailer parks.

(b) Mineral, oil or gas leases.

(c) Land dedicated for cemetery purposes under the Health and Safety Code.

(d) A lot line adjustment between two or more existing adjacent parcels, where the land taken from one parcel is added to an adjacent parcel, and where a greater number of parcels than originally existed is not thereby created, provided the lot line adjustment is approved by the local agency, or advisory agency.

(e) Boundary line or exchange agreements to which the State

Lands Commission or a local agency holding a trust grant of tide and submerged lands is a party.

(f) Any separate assessment under Section 2188.7 of the Revenue and Taxation Code.

(g) Unless a parcel or final map was approved by the legislative body of a local agency, the conversion of a community apartment project, as defined in Section 11004 of the Business and Professions Code, to a condominium, as defined in Section 783 of the Civil Code, but only if all of the following requirements are met:

(1) At least 75 percent of the units in the project were occupied by record owners of the project on March 31, 1982.

(2) A final or parcel map of the project was properly recorded, if the property was subdivided, as defined in Section 66424, after January 1, 1964, with all of the conditions of that map remaining in effect after the conversion.

(3) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for such certification.

(h) Unless a parcel or final map was approved by the legislative body of a local agency, the conversion of a stock cooperative, as defined in Section 11003.2 of the Business and Professions Code, to a condominium, as defined in Section 783 of the Civil Code, but only if all of the following requirements are met:

(1) At least 51 percent of the units in the cooperative were occupied by stockholders of the cooperative on January 1, 1981, or individually owned by stockholders of the cooperative on January 1, 1981. As used in this paragraph a cooperative unit is "individually owned" if and only if the stockholder of such unit owns or partially owns an interest in no more than one unit in the cooperative.

(2) No more than 25 percent of the shares of the cooperative were owned by any one person, as defined in Section 17, including an incorporator or director of the cooperative, on January 1, 1981.

(3) A person renting a unit in a cooperative shall be entitled at the time of conversion to all tenant rights in state or local law, including, but not limited to, rights respecting first refusal, notice, and displacement and relocation benefits.

(4) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for such certification.

(i) The leasing of, or the granting of an easement to, a parcel of land, or any portion or portions thereof, in conjunction with the financing, erection, and sale or lease of a windpowered electrical generation device on the land, if the project is subject to discretionary action by the advisory agency or legislative body.

CHAPTER 307

An act to add Section 8961.5 to the Health and Safety Code, relating to public cemetery districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 8961.5 is added to the Health and Safety Code, to read:

8961.5. (a) Notwithstanding Sections 8961 and 8961.1, the trustees may permit any cemetery maintained by the district to be used for the burial within the ground of any deceased nonresident of the district if the decedent died while serving on active duty in the armed forces or active militia or while in the line of duty as a peace officer or fireman, and if all of the following conditions are met:

(1) The trustees determine that the cemetery has adequate space for the foreseeable future.

(2) The district has established an endowment care fund which requires at least the minimum deposit set forth in Section 8738.

(3) The district requires the payment of a nonresident fee established pursuant to Section 8894.

(b) As used in this section, the following definitions shall control:

(1) "Armed forces" has the meaning set forth in Section 18540 of the Government Code.

(2) "Active militia" has the meaning set forth in Section 120 of the Military and Veterans Code.

(3) "Peace officer" has the meaning set forth in Section 830 of the Penal Code.

(4) "Fireman" has the meaning set forth in Section 217 of this code.

SEC. 2. Notwithstanding Sections 8961, 8961.1, and 8961.5 of the Health and Safety Code, the trustees of the Newcastle-Rocklin-Loomis-Gold Hill Cemetery District may permit any cemetery maintained by the district to be used for the burial within the ground of any deceased nonresident of the district if the decedent died while serving on active duty in the armed forces. As used in this section, "armed forces" has the meaning set forth in Section 18540 of the Government Code. This section applies to burials which occurred between November 15, 1983, and the effective date of this act.

SEC. 3. The Legislature finds and declares that a special law is necessary for purposes of Section 2 and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the

Newcastle-Rocklin-Loomis-Gold Hill Cemetery District which permitted the burial of a deceased nonresident who had died while serving on active duty in the armed forces.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Current law generally precludes the burial of deceased nonresidents in cemeteries of public districts. In order to permit the burial of deceased nonresident military personnel, peace officers, and firemen in these cemeteries at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 308

An act to amend Section 24200 of the Education Code, relating to teachers' retirement.

[Approved by Governor July 5, 1984 Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 24200 of the Education Code is amended to read:

24200. Any member prior to the effective date of the member's retirement may elect an option which is an actuarially modified retirement allowance payable throughout the life of the member and his or her option beneficiary as follows:

(a) Option 2. Upon the retirant's death, the modified retirement allowance equal to the modified amount the retirant was receiving shall be paid to the option beneficiary; or

(b) Option 3. Upon the retirant's death, one-half of the modified retirement allowance the retirant was receiving shall be paid to the option beneficiary; or

(c) Option 4. The modified retirement allowance shall be paid to the retirant so long as both the retirant and the option beneficiary are living. Upon the death of either the retirant or the option beneficiary, two-thirds of the modified retirement allowance shall be paid to the surviving retirant or the surviving option beneficiary; or

(d) Option 5. The modified retirement allowance shall be paid to the retirant so long as both the retirant and the option beneficiary are living. Upon the death of either the retirant or the option beneficiary, one-half of the modified retirement allowance shall be paid to the surviving retirant or surviving option beneficiary.

The option beneficiary, for purposes of this section, shall have been nominated by the retirant by written designation duly executed and filed with the system at the time of the member's retirement.

A member may revoke or change his election of an option at any time prior to the effective date of the member's retirement. A member may change his or her preretirement election of Option 2 or Option 3 made pursuant to Section 24203 to either Option 4 or Option 5 without the allowance reduction as prescribed in Section 24205 provided the change is made on or after January 1, 1984, and prior to January 1, 1985, and prior to his or her retirement.

CHAPTER 309

An act to add Chapter 1.6 (commencing with Section 15364.50) to Part 6.7 of Division 3 of Title 2 of the Government Code, relating to tourism, and making an appropriation therefor.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.6 (commencing with Section 15364.50) is added to Part 6.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 1.6. CALIFORNIA TOURISM POLICY ACT

15364.50. The Legislature finds and declares that:

(a) Tourism is a major source of jobs, income, and tax revenues in California, and the expansion of this industry is vital to the overall growth of California's economy.

(b) The tourism, travel, and recreational industries are important to the state, not only because of the numbers of people they serve and the vast human, financial, and physical resources they employ, but because of the benefits which tourism, recreation, and related activities confer on individuals and on society as a whole.

(c) There is a need to invest state resources to provide a more effective means of promoting and marketing travel to, and within, the state, and to optimize the considerable investment of time, energy, capital, and resources being made by the tourism industry.

(d) Existing state government involvement in tourism and related activities needs to be better coordinated at the state level, as well as with local government and the private sector, if the economic and employment benefits of the industry are to be maximized.

(e) The entire state could benefit from promotion of lesser known and underutilized destinations within the state and additional state resources may be effectively utilized to assist such localities in order that they can participate in, and benefit from, a tourism promotion.

15364.51. It is the intention of the Legislature in enacting this part to do all of the following:

(a) Reaffirm a commitment to the fostering of the economic activity inherent in tourism promotion as delineated as a mandate to the Department of Economic and Business Development and to the Office of Tourism.

(b) To provide for an effective means of promoting and marketing the State of California as a destination for tourists on a worldwide basis, to provide the private sector with a more effective means of promoting tourism efforts and a forum for removing obstacles to overall tourism growth in order for California to remain competitive in the world tourism marketplace.

(c) Optimize the contribution of the tourism-related industries to the state's economic prosperity and to expand employment opportunities.

(d) Make the opportunity for, and benefits of, tourism in the state accessible to its residents and visitors and insure that present and future generations are afforded adequate tourism resources and attractions.

(e) Encourage the preservation and use of California historic and scenic environments to enhance the state's appeal as a destination for domestic and international tourism.

(f) Encourage California residents to take maximum advantage of travel and tourism opportunities within the State of California by enabling them to obtain accurate, timely, up-to-date travel and tourism information benefiting both urban and rural travelers in various regions of the state.

(g) Contribute to personal growth, health, education, and intercultural appreciation of the geography, history, arts, and ethnicity of the State of California.

(h) Encourage the free and welcome entry of individuals traveling to the state in order to enhance international understanding and goodwill, consistent with immigration laws, the laws protecting the public health, and laws governing the importation of goods into the United States and state law.

(i) Encourage investment in new tourism facilities and renovation of older facilities.

(j) Assist in the collection, analysis, and timely dissemination of data which accurately measure the economic and social impact of tourism to, and within, the state in order to facilitate planning in the public and private sectors.

(k) Harmonize, to the maximum extent possible, all state activities in support of tourism and recreation with the needs of the general public, local governments, and the private sector, and to give leadership to all concerned with tourism in California.

15364.52. (a) There is hereby created in state government a California Tourism Commission, located within the Department of Economic and Business Development, which shall consist of the Secretary of the Business, Transportation and Housing Agency, who shall serve as the chairperson of the commission; the Director of the Department of Economic and Business Development, who shall

serve as vice chairperson of the commission and nine other members appointed as follows:

(1) Five members shall be appointed by the Governor who are able persons, professionally active in the tourism industry representing diverse segments of that industry.

(2) One Member of the Senate shall be appointed by the Senate Rules Committee and one Member of the Assembly shall be appointed by the Speaker of the Assembly. These members shall be ex officio, nonvoting members of the commission.

(3) Two members, who are able persons professionally active in the tourism industry representing diverse segments of that industry, shall be appointed one each by the Senate Rules Committee and the Speaker of the Assembly.

(b) The Director of the Office of Tourism shall serve as secretary to the commission, and shall keep the minutes and records of all commission meetings and provide staff and whatever supportive services necessary to the activities of the commission.

(c) The commission shall meet quarterly and at other such times and places as the chairperson may designate for the purpose of transacting the commission's business. Each commission member shall serve without compensation but shall be reimbursed for traveling and other expenses necessarily incurred in the performance of duties.

(d) The commission shall, in cooperation with the Office of Tourism, the department, and the agency, adopt, and annually update, a tourism marketing plan for the State of California. The plan shall, to the extent practical and feasible, do all of the following:

(1) Serve as a guide for effectuating the California Tourism Policy Act, within available resources.

(2) Include an assessment of the activities and accomplishments of the Office of Tourism.

(3) Outline the intended program of tourism promotion and visitor service activities for the oncoming year.

(4) Delineate the ways, means, and programs by which tourism shall be promoted, including such cost-effective marketing methods and techniques as are to be employed.

(5) Identify resources as are reasonably necessary, from all sources both public and private, to accomplish such promotion and marketing activities.

(6) Identify and articulate cooperative or shared cost programs, or opportunities for such ventures, with private entities.

(7) Contain other information, data, or recommendations which may be germane to the marketing efforts of California pursuant to the intent of this act.

(e) The commission, in cooperation with the Office of Tourism, may convene such committees consisting of qualified professionals and experts in various segments of the tourism industry as may be required to aid in the preparation of, or revision of, the marketing plan, or parts thereof, and as may from time to time be appropriate

to further the purposes of this act.

(f) The commission shall work to the maximum extent practicable with those private associations, nonprofit corporations, organizations, or other private entities whose purpose includes the promotion of California tourism.

(g) Members of the California Tourism Commission and the staff of the Office of Tourism, when traveling to foreign countries or attending international travel trade shows, shall do so in cooperation with the California State World Trade Commission to preserve its ambassadorial function.

15364.53. In addition to those functions of the Office of Tourism specified in Section 15334, the Office of Tourism:

(a) May from time to time convene interagency committees, consisting of representatives of such units of state government as might be required to devise recommendations to identify and solve problems of tourism promotion.

(b) Shall take advantage of particular promotional opportunities as may be presented.

(c) Shall facilitate travel and visitorship to, and within, California to the maximum extent feasible.

(d) May identify and assist in the development of a user-directed, computer-based, public-access information system serving the needs of the traveling and tourist public in urban and rural areas in California.

(e) Shall develop and publish research to determine sources and characteristics of present and future visitors to California and measure the effectiveness of marketing and service programs.

(f) Shall represent the state at domestic and international travel trade shows which provide an opportunity to promote a significant amount of travel to, and within, California.

(g) Shall cooperate with the United States Travel and Tourism Administration in the development and the promotion of the United States as a destination for international tourism.

(h) Shall implement the Tourism Marketing Plan.

15364.54. The Office of Tourism shall prepare and submit an annual report to the Governor, the Legislature, and the California Tourism Commission. The first report shall be submitted by March 15, 1985. Subsequent reports shall be submitted by December 31 of each year. Each report shall do all of the following:

(a) Detail the tourism marketing plan which has been adopted for the upcoming fiscal year.

(b) Assess the overall benefits and effectiveness of the tourism marketing and advertising program.

(c) Include documentation of the directly attributable benefits of the marketing program to all of the following:

(1) California's tourism industry.

(2) Employment in California.

(3) State and local tax revenues.

(4) The state's lesser known and underutilized destinations.

(d) Identify additional data which needs to be collected to further and adequately assess the benefits of the program.

(e) Establish standarized and accurate methods to annually measure California's share of the domestic and international tourism markets and assess the impact of the marketing program in terms of California's changing market share.

15364.55. State agencies and departments may, in their discretion, detail to temporary duty with the office, such personnel as the director may request for carrying out the purposes of this act, each such detail to be without loss of seniority, pay or other employee status.

15364.56. None of the money appropriated in category (b) of Item 2200-001-001 of the Budget Act of 1984 for the Tourism Marketing Program shall be used to independently promote or feature, in paid advertising, any elected official.

SEC. 2. The sum of three million dollars ($3,000,000) is hereby appropriated from the General Fund to the Department of Economic and Business Development, in augmentation of category (b) of Item 2200-001-001 of the Budget Act of 1984, for the purposes of Chapter 1.6 (commencing with Section 15364.50) of Part 6.7 of Division 3 of Title 2 of the Government Code.

CHAPTER 310

An act to add Section 53531.1 to the Government Code, and to amend Section 30705 of the Public Resources Code, relating to governmental agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 53531.1 is added to the Government Code, to read:

53531.1. (a) The Legislature hereby finds and declares that, in enacting and amending Sections 53530 and 53531, the intent has been, and continues to be, to provide general authority to local agencies to issue bonds bearing interest at the coupon rate specified in Section 53531, as amended from time to time. This general authority is intended to be in addition to, and not limited by, specific provisions authorizing bonds of particular local agencies. Due to the general application of Section 53531, it has been unnecessary to amend the numerous statutes which contain their own specific maximum interest rates. This section contains the intent of the Legislature in previously enacting and amending Sections 53530 and 53531 and does not affect Section 53532 or 53533. This section does not

constitute a change in, but is declaratory of, the existing law in effect since 1969.

(b) All bonds of any local agency issued prior to the effective date of this section, and bearing interest at coupon rates within the maximum rate specified in Section 53531, as in effect at the time of issuance, are legal, valid, and binding obligations of the local agency.

(c) The authority provided to all local agencies in Section 53531 to issue bonds bearing interest at a coupon rate in accordance with that section is in addition to, and not limited by, any power or limitation made applicable to local agencies by any other law enacted before or on or after the effective date of this section, unless the other law specifically provides otherwise.

SEC. 2. Section 30705 of the Public Resources Code is amended to read:

30705. (a) Water areas may be diked, filled, or dredged when consistent with a certified port master plan only for the following:

(1) Construction, deepening, widening, lengthening, or maintenance of ship channel approaches, ship channels, turning basins, berthing areas, and facilities that are required for the safety and the accommodation of commerce and vessels to be served by port facilities.

(2) New or expanded facilities or waterfront land for port-related facilities.

(3) New or expanded commercial fishing facilities or recreational boating facilities.

(4) Incidental public service purposes, including, but not limited to, burying cables or pipes or inspection of piers and maintenance of existing intake and outfall lines.

(5) Mineral extraction, including sand for restoring beaches, except in biologically sensitive areas.

(6) Restoration purposes or creation of new habitat areas.

(7) Nature study, mariculture, or similar resource-dependent activities.

(8) Minor fill for improving shoreline appearance or public access to the water.

(b) The design and location of new or expanded facilities shall, to the extent practicable, take advantage of existing water depths, water circulation, siltation patterns, and means available to reduce controllable sedimentation so as to diminish the need for future dredging.

(c) Dredging shall be planned, scheduled, and carried out to minimize disruption to fish and bird breeding and migrations, marine habitats, and water circulation. Bottom sediments or sediment elutriate shall be analyzed for toxicants prior to dredging or mining, and where water quality standards are met, dredge spoils may be deposited in open coastal water sites designated to minimize potential adverse impacts on marine organisms, or in confined coastal waters designated as fill sites by the master plan where the spoil can be isolated and contained, or in fill basins on upland sites.

Dredge material shall not be transported from coastal waters into estuarine or fresh water areas for disposal.

(d) For water areas to be diked, filled, or dredged, the commission shall balance and consider socioeconomic and environmental factors.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

A court decision has created great uncertainty with respect to the validity of bonds of local agencies and is undermining the market for these bonds. In order to remove the uncertainty caused by this decision and its damaging effects, and also to better protect water areas within specified ports without delay, it is necessary that this act take effect immediately.

CHAPTER 311

An act to amend Sections 877.6, 1710.15, 1710.20, 1710.25, and 1710.35 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 6, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 877.6 of the Code of Civil Procedure is amended to read:

877.6. (a) Any party to an action wherein it is alleged that two or more parties are joint tortfeasors shall be entitled to a hearing on the issue of the good faith of a settlement entered into by the plaintiff or other claimant and one or more alleged tortfeasors, upon giving notice thereof in the manner provided in Sections 1010 and 1011 at least 20 days before the hearing. Upon a showing of good cause, the court may shorten the time for giving the required notice to permit the determination of the issue to be made before the commencement of the trial of the action, or before the verdict or judgment if settlement is made after the trial has commenced.

(b) The issue of the good faith of a settlement may be determined by the court on the basis of affidavits served with the notice of hearing, and any counteraffidavits filed in response thereto, or the court may, in its discretion, receive other evidence at the hearing.

(c) A determination by the court that the settlement was made in good faith shall bar any other joint tortfeasor from any further claims against the settling tortfeasor for equitable comparative contribution, or partial or comparative indemnity, based on comparative negligence or comparative fault.

(d) The party asserting the lack of good faith shall have the burden of proof on that issue.

(e) When a determination of the good faith or lack of good faith of a settlement is made, any party aggrieved by the determination may petition the proper court to review the determination by writ of mandate. The petition for writ of mandate shall be filed within 20 days after service of written notice of the determination, or within such additional time not exceeding 20 days as the trial court may allow.

(1) The court shall, within 30 days of the receipt of all materials to be filed by the parties, determine whether or not the court will hear the writ and notify the parties of its determination.

(2) If the court grants a hearing on the writ, the hearing shall be given special precedence over all other civil matters on the calendar of the court except those matters to which equal or greater precedence on the calendar is granted by law.

The running of any period of time after which an action would be subject to dismissal pursuant to Section 583 shall be tolled during the period of review of a determination pursuant to this subdivision.

SEC. 2. Section 1710.15 of the Code of Civil Procedure is amended to read:

1710.15. (a) A judgment creditor may apply for the entry of a judgment based on a sister state judgment by filing an application pursuant to Section 1710.20.

(b) The application shall be executed under oath and shall include all of the following:

(1) A statement that an action in this state on the sister state judgment is not barred by the applicable statute of limitations.

(2) A statement, based on the applicant's information and belief, that no stay of enforcement of the sister state judgment is currently in effect in the sister state.

(3) A statement of the amount remaining unpaid under the sister state judgment and, if accrued interest on the sister state judgment is to be included in the California judgment, a statement of the amount of interest accrued on the sister state judgment (computed at the rate of interest applicable to the judgment under the law of the sister state), a statement of the rate of interest applicable to the judgment under the law of the sister state, and a citation to the law of the sister state establishing such rate of interest.

(4) A statement that no action based on the sister state judgment is currently pending in any court in this state and that no judgment based on the sister state judgment has previously been entered in any proceeding in this state.

(5) Where the judgment debtor is an individual, a statement setting forth the name and last known residence address of the judgment debtor. Where the judgment debtor is a corporation, a statement of the corporation's name, place of incorporation, and whether the corporation, if foreign, has qualified to do business in this state under the provisions of Chapter 21 (commencing with Section 2100) of Division 1 of Title 1 of the Corporations Code. Where the judgment debtor is a partnership, a statement of the

name of the partnership, whether it is a foreign partnership, and, if it is a foreign partnership, whether it has filed a statement pursuant to Section 15700 of the Corporations Code designating an agent for service of process. Except for facts which are matters of public record in this state, the statements required by this paragraph may be made on the basis of the judgment creditor's information and belief.

(6) A statement setting forth the name and address of the judgment creditor.

(c) A properly authenticated copy of the sister state judgment shall be attached to the application.

SEC. 3. Section 1710.20 of the Code of Civil Procedure is amended to read:

1710.20. (a) The application shall be filed in a municipal or justice court in all cases in which the sister state judgment amounts to fifteen thousand dollars ($15,000) or less and in a superior court in all other cases.

(b) Subject to the power of the court to transfer proceedings under this chapter pursuant to Title 4 (commencing with Section 392) of Part 2, the proper county for the filing of an application is any of the following:

(1) The county in which any judgment debtor resides; or

(2) If no judgment debtor is a resident, any county in this state.

SEC. 4. Section 1710.25 of the Code of Civil Procedure is amended to read:

1710.25. (a) Upon the filing of the application, the clerk shall enter a judgment based upon the application for the total of the following amounts as shown therein:

(1) The amount remaining unpaid under the sister state judgment.

(2) The amount of interest accrued on the sister state judgment (computed at the rate of interest applicable to the judgment under the law of the sister state).

(3) The amount of the fee for filing the application for entry of the sister state judgment.

(b) Entry shall be made in the same manner as entry of an original judgment of the court. From the time of entry, interest shall accrue on the judgment so entered at the rate of interest applicable to a judgment entered in this state.

SEC. 5. Section 1710.35 of the Code of Civil Procedure is amended to read:

1710.35. Except as otherwise provided in this chapter, a judgment entered pursuant to this chapter shall have the same effect as an original money judgment of the court and may be enforced or satisfied in like manner.

CHAPTER 312

An act to amend Sections 2410, 2416, 2421, 2433, 2434, and 2437 of, to add Section 2432.5 to, and to add Chapter 4 (commencing with Section 2500) to Title 9 of Part 4 of Division 3 of, the Civil Code, relating to powers of attorney.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 2410 of the Civil Code is amended to read:

2410. As used in this article:

(a) "Attorney in fact" means an attorney in fact designated in a power of attorney.

(b) "Durable power of attorney for health care" means a durable power of attorney to the extent that it authorizes an attorney in fact to make health care decisions, as defined in Section 2430, for the principal.

(c) "Power of attorney" means a written power of attorney, durable or otherwise, which designates for a natural person an attorney in fact. For the purposes of this article, a power of attorney does not include a proxy given by a person to another person with respect to the exercise of voting rights that is governed by any other statute of California.

(d) "Principal" means the natural person who has designated another as his or her attorney in fact in a power of attorney.

SEC. 2. Section 2416 of the Civil Code is amended to read:

2416. The court may dismiss a petition when it appears that the proceeding is not necessary for the protection of the interests of the principal or the principal's estate and shall stay or dismiss the proceeding in whole or in part when required by Section 410.30 of the Code of Civil Procedure.

SEC. 3. Section 2421 of the Civil Code is amended to read:

2421. (a) Except as provided in subdivisions (b), (c), and (d), a power of attorney may expressly eliminate the authority of any person listed in Section 2411 to petition the court under this article for any one or more of the purposes enumerated in Section 2412 or 2412.5 if both of the following requirements are met:

(1) The power of attorney is executed by the principal at a time when the principal has the advice of a lawyer authorized to practice law in the state where the power of attorney is executed.

(2) The principal's lawyer signs a certificate stating in substance: "I am a lawyer authorized to practice law in the state where this power of attorney was executed, and the principal was my client at the time this power of attorney was executed. I have advised my client concerning his or her rights in connection with this power of attorney and the applicable law and the consequences of signing or

not signing this power of attorney, and my client, after being so advised, has executed this power of attorney."

(b) Notwithstanding any provision of the power of attorney, except as provided in subdivision (c), the conservator of the estate of the principal may petition the court under this article for any one or more of the purposes enumerated in Section 2412.

(c) Notwithstanding any provision of the power of attorney, in the case of a durable power of attorney for health care, the conservator of the person of the principal may petition the court under this article for any of the purposes enumerated in subdivisions (a), (c), and (d) of Section 2412.5.

(d) Notwithstanding any provision of the power of attorney, in the case of a durable power of attorney for health care, the attorney in fact may petition the court under this article for any of the purposes enumerated in subdivisions (a) and (b) of Section 2412.5.

SEC. 4. Section 2432.5 is added to the Civil Code, to read:

2432.5. Notwithstanding subdivision (b) of Section 2432, an employee of the treating health care provider or an employee of an operator of a community care facility may be designated as the attorney in fact to make health care decisions under a durable power of attorney if (a) the employee so designated is a relative of the principal by blood, marriage, or adoption, and (b) the other requirements of this article are satisfied.

SEC. 5. Section 2433 of the Civil Code is amended to read:

2433. (a) A printed form of a durable power of attorney for health care sold in this state for use by a person who does not have the advice of legal counsel shall provide no other authority than the authority to make health care decisions on behalf of the principal and shall include the following notice in 10-point boldface type:

WARNING TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. It creates a durable power of attorney for health care. Before executing this document, you should know these important facts:

This document gives the person you designate as your attorney in fact the power to make health care decisions for you, subject to any limitations or statement of your desires that you include in this document. The power to make health care decisions for you may include consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. You may state in this document any types of treatment or placements that you do not desire.

The person you designate in this document has a duty to act consistent with your desires as stated in this document or otherwise made known or, if your desires are unknown, to act in your best interests.

Except as you otherwise specify in this document, the power of the person you designate to make health care decisions for you may

include the power to consent to your doctor not giving treatment or stopping treatment which would keep you alive.

Unless you specify a shorter period in this document, this power will exist for seven years from the date you execute this document and, if you are unable to make health care decisions for yourself at the time when this seven-year period ends, this power will continue to exist until the time when you become able to make health care decisions for yourself.

Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped if you object.

You have the right to revoke the appointment of the person designated in this document by notifying that person of the revocation orally or in writing.

You have the right to revoke the authority granted to the person designated in this document to make health care decisions for you by notifying the treating physician, hospital, or other health care provider orally or in writing.

The person designated in this document to make health care decisions for you has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

(b) The printed form described in subdivision (a) shall also include the following notice: "This power of attorney will not be valid for making health care decisions unless it is either (1) signed by two qualified witnesses who are personally known to you and who are present when you sign or acknowledge your signature or (2) acknowledged before a notary public in California."

(c) A durable power of attorney prepared in this state that permits the attorney in fact to make health care decisions and that is not a printed form shall include one of the following:

(1) The substance of the statements provided for in subdivision (a) in capital letters.

(2) A certificate signed by the principal's lawyer stating: "I am a lawyer authorized to practice law in the state where this power of attorney was executed, and the principal was my client at the time this power of attorney was executed. I have advised my client concerning his or her rights in connection with this power of attorney and the applicable law and the consequences of signing or not signing this power of attorney, and my client, after being so advised, has executed this power of attorney."

(d) If a durable power of attorney includes the certificate provided for in paragraph (2) of subdivision (c) and permits the attorney in fact to make health care decisions for the principal, the

applicable law of which the client is to be advised by the lawyer signing the certificate includes, but is not limited to, the matters listed in subdivision (a).

SEC. 6. Section 2434 of the Civil Code is amended to read:

2434. (a) Unless the durable power of attorney provides otherwise, the attorney in fact designated in a durable power of attorney for health care who is known to the health care provider to be available and willing to make health care decisions has priority over any other person to act for the principal in all matters of health care decisions, but the attorney in fact does not have authority to make a particular health care decision if the principal is able to give informed consent with respect to that decision.

(b) Subject to any limitations in the durable power of attorney, the attorney in fact designated in a durable power of attorney for health care may make health care decisions for the principal, before or after the death of the principal, to the same extent as the principal could make health care decisions for himself or herself if the principal had the capacity to do so, including; (1) making a disposition under the Uniform Anatomical Gift Act, Chapter 3.5 (commencing with Section 7150.5) of Part 1 of Division 7 of the Health and Safety Code, (2) authorizing an autopsy under Section 7113 of the Health and Safety Code, and (3) directing the disposition of remains under Section 7100 of the Health and Safety Code. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act consistent with the desires of the principal as expressed in the durable power of attorney or otherwise made known to the attorney in fact at any time or, if the principal's desires are unknown, to act in the best interests of the principal.

(c) Nothing in this article affects any right the person designated as attorney in fact may have, apart from the durable power of attorney for health care, to make or participate in the making of health care decisions on behalf of the principal.

SEC. 7. Section 2437 of the Civil Code is amended to read:

2437. (a) At any time while the principal has the capacity to give a durable power of attorney for health care, the principal may do any of the following:

(1) Revoke the appointment of the attorney in fact under the durable power of attorney for health care by notifying the attorney in fact orally or in writing.

(2) Revoke the authority granted to the attorney in fact to make health care decisions by notifying the health care provider orally or in writing.

(b) If the principal notifies the health care provider orally or in writing that the authority granted to the attorney in fact to make health care decisions is revoked, the health care provider shall make the notification a part of the principal's medical records and shall make a reasonable effort to notify the attorney in fact of the revocation.

(c) It is presumed that the principal has the capacity to revoke a durable power of attorney for health care. This presumption is a presumption affecting the burden of proof.

(d) Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

(e) Unless the durable power of attorney expressly provides otherwise, if after executing a durable power of attorney for health care the principal's marriage is dissolved or annulled, the dissolution or annulment revokes any designation of the former spouse as an attorney in fact to make health care decisions for the principal. If any designation is revoked solely by this subdivision, it is revived by the principal's remarriage to the former spouse.

(f) If authority granted by a durable power of attorney for health care is revoked under this section, a person is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney unless the person has actual knowledge of the revocation.

SEC. 8. Chapter 4 (commencing with Section 2500) is added to Title 9 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 4. STATUTORY FORM DURABLE POWER OF ATTORNEY FOR HEALTH CARE

2500. The use of the following form in the creation of a durable power of attorney for health care under Article 5 (commencing with Section 2430) of Chapter 2 is lawful, and when used, the power of attorney shall be construed in accordance with the provisions of this chapter and shall be subject to the provisions of Article 5 (commencing with Section 2430) of Chapter 2.

STATUTORY FORM DURABLE POWER OF ATTORNEY FOR HEALTH CARE
(California Civil Code Section 2500)

WARNING TO PERSON EXECUTING THIS DOCUMENT

THIS IS AN IMPORTANT LEGAL DOCUMENT WHICH IS AUTHORIZED BY THE KEENE HEALTH CARE AGENT ACT. BEFORE EXECUTING THIS DOCUMENT, YOU SHOULD KNOW THESE IMPORTANT FACTS:

THIS DOCUMENT GIVES THE PERSON YOU DESIGNATE AS YOUR AGENT (THE ATTORNEY IN FACT) THE POWER TO MAKE HEALTH CARE DECISIONS FOR YOU. YOUR AGENT MUST ACT CONSISTENTLY WITH YOUR DESIRES AS STATED IN THIS DOCUMENT OR OTHERWISE MADE KNOWN.

EXCEPT AS YOU OTHERWISE SPECIFY IN THIS DOCUMENT, THIS DOCUMENT GIVES YOUR AGENT THE

POWER TO CONSENT TO YOUR DOCTOR NOT GIVING TREATMENT OR STOPPING TREATMENT NECESSARY TO KEEP YOU ALIVE.

NOTWITHSTANDING THIS DOCUMENT, YOU HAVE THE RIGHT TO MAKE MEDICAL AND OTHER HEALTH CARE DECISIONS FOR YOURSELF SO LONG AS YOU CAN GIVE INFORMED CONSENT WITH RESPECT TO THE PARTICULAR DECISION. IN ADDITION, NO TREATMENT MAY BE GIVEN TO YOU OVER YOUR OBJECTION AT THE TIME, AND HEALTH CARE NECESSARY TO KEEP YOU ALIVE MAY NOT BE STOPPED OR WITHHELD IF YOU OBJECT AT THE TIME.

THIS DOCUMENT GIVES YOUR AGENT AUTHORITY TO CONSENT, TO REFUSE TO CONSENT, OR TO WITHDRAW CONSENT TO ANY CARE, TREATMENT, SERVICE, OR PROCEDURE TO MAINTAIN, DIAGNOSE, OR TREAT A PHYSICAL OR MENTAL CONDITION. THIS POWER IS SUBJECT TO ANY STATEMENT OF YOUR DESIRES AND ANY LIMITATIONS THAT YOU INCLUDE IN THIS DOCUMENT. YOU MAY STATE IN THIS DOCUMENT ANY TYPES OF TREATMENT THAT YOU DO NOT DESIRE. IN ADDITION, A COURT CAN TAKE AWAY THE POWER OF YOUR AGENT TO MAKE HEALTH CARE DECISIONS FOR YOU IF YOUR AGENT (1) AUTHORIZES ANYTHING THAT IS ILLEGAL, (2) ACTS CONTRARY TO YOUR KNOWN DESIRES, OR (3) WHERE YOUR DESIRES ARE NOT KNOWN, DOES ANYTHING THAT IS CLEARLY CONTRARY TO YOUR BEST INTERESTS.

UNLESS YOU SPECIFY A SHORTER PERIOD IN THIS DOCUMENT, THIS POWER WILL EXIST FOR SEVEN YEARS FROM THE DATE YOU EXECUTE THIS DOCUMENT AND, IF YOU ARE UNABLE TO MAKE HEALTH CARE DECISIONS FOR YOURSELF AT THE TIME WHEN THIS SEVEN-YEAR PERIOD ENDS, THIS POWER WILL CONTINUE TO EXIST UNTIL THE TIME WHEN YOU BECOME ABLE TO MAKE HEALTH CARE DECISIONS FOR YOURSELF.

YOU HAVE THE RIGHT TO REVOKE THE AUTHORITY OF YOUR AGENT BY NOTIFYING YOUR AGENT OR YOUR TREATING DOCTOR, HOSPITAL, OR OTHER HEALTH CARE PROVIDER ORALLY OR IN WRITING OF THE REVOCATION.

YOUR AGENT HAS THE RIGHT TO EXAMINE YOUR MEDICAL RECORDS AND TO CONSENT TO THEIR DISCLOSURE UNLESS YOU LIMIT THIS RIGHT IN THIS DOCUMENT.

UNLESS YOU OTHERWISE SPECIFY IN THIS DOCUMENT, THIS DOCUMENT GIVES YOUR AGENT THE POWER AFTER YOU DIE TO DONATE YOUR BODY OR PARTS THEREOF FOR TRANSPLANT OR THERAPEUTIC OR EDUCATIONAL OR SCIENTIFIC PURPOSES.

THIS DOCUMENT REVOKES ANY PRIOR DURABLE POWER OF ATTORNEY FOR HEALTH CARE.

YOU SHOULD CAREFULLY READ AND FOLLOW THE WITNESSING PROCEDURE DESCRIBED AT THE END OF THIS FORM. THIS DOCUMENT WILL NOT BE VALID UNLESS YOU COMPLY WITH THE WITNESSING PROCEDURE.

IF THERE IS ANYTHING IN THIS DOCUMENT THAT YOU DO NOT UNDERSTAND, YOU SHOULD ASK A LAWYER TO EXPLAIN IT TO YOU.

YOUR AGENT MAY NEED THIS DOCUMENT IMMEDIATELY IN CASE OF AN EMERGENCY THAT REQUIRES A DECISION CONCERNING YOUR HEALTH CARE. EITHER KEEP THIS DOCUMENT WHERE IT IS IMMEDIATELY AVAILABLE TO YOUR AGENT AND ALTERNATE AGENTS OR GIVE EACH OF THEM AN EXECUTED COPY OF THIS DOCUMENT. YOU MAY ALSO WANT TO GIVE YOUR DOCTOR AN EXECUTED COPY OF THIS DOCUMENT.

DO NOT USE THIS FORM IF YOU ARE A CONSERVATEE UNDER THE LANTERMAN-PETRIS-SHORT ACT AND YOU WANT TO APPOINT YOUR CONSERVATOR AS YOUR AGENT. YOU CAN DO THAT ONLY IF THE APPOINTMENT DOCUMENT INCLUDES A CERTIFICATE OF YOUR ATTORNEY.

1. DESIGNATION OF HEALTH CARE AGENT. I, _____

_____

(Insert your name and address)

do hereby designate and appoint _____

_____

(Insert name, address, and telephone number of one individual only as your agent to make health care decisions for you. None of the following may be designated as your agent: (1) your treating health care provider, (2) a nonrelative employee of your treating health care provider, (3) an operator of a community care facility, or (4) a nonrelative employee of an operator of a community care facility)

as my attorney in fact (agent) to make health care decisions for me as authorized in this document. For the purposes of this document, "health care decision" means consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat an individual's physical or mental condition.

2. CREATION OF DURABLE POWER OF ATTORNEY FOR HEALTH CARE. By this document I intend to create a durable power of attorney for health care under Sections 2430 to 2443, inclusive, of the California Civil Code. This power of attorney is authorized by the Keene Health Care Agent Act and shall be construed in accordance with the provisions of Sections 2500 to 2506, inclusive, of the California Civil Code. This power of attorney shall not be affected by my subsequent incapacity.

3. GENERAL STATEMENT OF AUTHORITY GRANTED. Subject to any limitations in this document, I hereby grant to my agent full power and authority to make health care decisions for me

to the same extent that I could make such decisions for myself if I had the capacity to do so. In exercising this authority, my agent shall make health care decisions that are consistent with my desires as stated in this document or otherwise made known to my agent, including, but not limited to, my desires concerning obtaining or refusing or withdrawing life-prolonging care, treatment, services, and procedures.

(If you want to limit the authority of your agent to make health care decisions for you, you can state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") below. You can indicate your desires by including a statement of your desires in the same paragraph.)

4. STATEMENT OF DESIRES, SPECIAL PROVISIONS, AND LIMITATIONS.

(Your agent must make health care decisions that are consistent with your known desires. You can, but are not required to, state your desires in the space provided below. You should consider whether you want to include a statement of your desires concerning life-prolonging care, treatment, services, and procedures. You can also include a statement of your desires concerning other matters relating to your health care. You can also make your desires known to your agent by discussing your desires with your agent or by some other means If there are any types of treatment that you do not want to be used, you should state them in the space below. If you want to limit in any other way the authority given your agent by this document, you should state the limits in the space below. If you do not state any limits, your agent will have broad powers to make health care decisions for you, except to the extent that there are limits provided by law.)

In exercising the authority under this durable power of attorney for health care, my agent shall act consistently with my desires as stated below and is subject to the special provisions and limitations stated below:

(a) Statement of desires concerning life-prolonging care, treatment, services, and procedures:

_____

_____

_____

_____

_____

_____

_____

_____

(b) Additional statement of desires, special provisions, and limitations: _____

_____

_____

_____

_____

_____

_____

_____

_____

(You may attach additional pages if you need more space to complete your statement. If you attach additional pages, you must date and sign EACH of the additional pages at the same time you date and sign this document)

5. INSPECTION AND DISCLOSURE OF INFORMATION RELATING TO MY PHYSICAL OR MENTAL HEALTH. Subject to any limitations in this document, my agent has the power and authority to do all of the following:

(a) Request, review, and receive any information, verbal or written, regarding my physical or mental health, including, but not limited to, medical and hospital records.

(b) Execute on my behalf any releases or other documents that may be required in order to obtain this information.

(c) Consent to the disclosure of this information.

(If you want to limit the authority of your agent to receive and disclose information relating to your health, you must state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") above.)

6. SIGNING DOCUMENTS, WAIVERS, AND RELEASES. Where necessary to implement the health care decisions that my agent is authorized by this document to make, my agent has the power and authority to execute on my behalf all of the following:

(a) Documents titled or purporting to be a "Refusal to Permit Treatment" and "Leaving Hospital Against Medical Advice."

(b) Any necessary waiver or release from liability required by a hospital or physician.

7. UNIFORM ANATOMICAL GIFT ACT. Subject to any limitations in this document, my agent has the power and authority to make a disposition of a part or parts of my body under the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code).

(If you want to limit the authority of your agent to make a disposition under the Uniform Anatomical Gift Act, you must state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") above.)

8. DURATION.

(Unless you specify a shorter period in the space below, this power of attorney will exist for seven years from the date you execute this document and, if you are unable to make health care decisions for yourself at the time when this seven-year period ends, the power will continue to exist until the time when you become able to make health care decisions for yourself.)

This durable power of attorney for health care expires on _____

(Fill in this space ONLY if you want the authority of your agent to end EARLIER than the seven-year period described above)

9. DESIGNATION OF ALTERNATE AGENTS.

(You are not required to designate any alternate agents but you may do so Any alternate agent you designate will be able to make the same health care decisions as the agent you designated in paragraph 1, above, in the event that agent is unable or

ineligible to act as your agent. If the agent you designated is your spouse, he or she becomes ineligible to act as your agent if your marriage is dissolved.)

If the person designated as my agent in paragraph 1 is not available or becomes ineligible to act as my agent to make a health care decision for me or loses the mental capacity to make health care decisions for me, or if I revoke that person's appointment or authority to act as my agent to make health care decisions for me, then I designate and appoint the following persons to serve as my agent to make health care decisions for me as authorized in this document, such persons to serve in the order listed below:

A. First Alternate Agent _____

_____

(Insert name, address, and telephone number of first alternate agent)

B. Second Alternate Agent _____

_____

(Insert name, address, and telephone number of second alternate agent)

10. NOMINATION OF CONSERVATOR OF PERSON.

(A conservator of the person may be appointed for you if a court decides that one should be appointed. The conservator is responsible for your physical care, which under some circumstances includes making health care decisions for you. You are not required to nominate a conservator but you may do so. The court will appoint the person you nominate unless that would be contrary to your best interests You may, but are not required to, nominate as your conservator the same person you named in paragraph 1 as your health care agent You can nominate an individual as your conservator by completing the space below.)

If a conservator of the person is to be appointed for me, I nominate the following individual to serve as conservator of the person _____

_____

(Insert name and address of person nominated as conservator of the person)

11. PRIOR DESIGNATIONS REVOKED. I revoke any prior durable power of attorney for health care.

DATE AND SIGNATURE OF PRINCIPAL

(YOU MUST DATE AND SIGN THIS POWER OF ATTORNEY)

I sign my name to this Statutory Form Durable Power of Attorney for Health Care on _____ at
(Date)

_____, _____.
(City) (State)

_____
(You sign here)

(THIS POWER OF ATTORNEY WILL NOT BE VALID UNLESS IT IS SIGNED BY TWO QUALIFIED WITNESSES WHO ARE PRESENT WHEN YOU SIGN OR ACKNOWLEDGE YOUR SIGNATURE IF YOU HAVE ATTACHED ANY

ADDITIONAL PAGES TO THIS FORM, YOU MUST DATE AND SIGN EACH OF THE ADDITIONAL PAGES AT THE SAME TIME YOU DATE AND SIGN THIS POWER OF ATTORNEY.)

STATEMENT OF WITNESSES

(This document must be witnessed by two qualified adult witnesses. None of the following may be used as a witness: (1) a person you designate as your agent or alternate agent, (2) a health care provider, (3) an employee of a health care provider, (4) the operator of a community care facility, (5) an employee of an operator of a community care facility At least one of the witnesses must make the additional declaration set out following the place where the witnesses sign.)

I declare under penalty of perjury under the laws of California that the person who signed or acknowledged this document is personally known to me (or proved to me on the basis of convincing evidence) to be the principal, that the principal signed or acknowledged this durable power of attorney in my presence, that the principal appears to be of sound mind and under no duress, fraud, or undue influence, that I am not the person appointed as attorney in fact by this document, and that I am not a health care provider, an employee of a health care provider, the operator of a community care facility, nor an employee of an operator of a community care facility.

Signature: _____ Residence Address: _____
Print Name: _____ _____
Date: _____ _____

Signature: _____ Residence Address: _____
Print Name: _____ _____
Date: _____ _____

(AT LEAST ONE OF THE ABOVE WITNESSES MUST ALSO SIGN THE FOLLOWING DECLARATION.)

I further declare under penalty of perjury under the laws of California that I am not related to the principal by blood, marriage, or adoption, and, to the best of my knowledge, I am not entitled to any part of the estate of the principal upon the death of the principal under a will now existing or by operation of law.

Signature: _____

Signature: _____

STATEMENT OF PATIENT ADVOCATE OR OMBUDSMAN

(If you are a patient in a skilled nursing facility, one of the witnesses must be a patient advocate or ombudsman The following statement is required only if you are a patient in a skilled nursing facility--a health care facility that provides the following basic services: skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis. The patient advocate or ombudsman must sign both parts of the "Statement of Witnesses" above AND must

also sign the following statement.)

I further declare under penalty of perjury under the laws of California that I am a patient advocate or ombudsman as designated by the State Department of Aging and that I am serving as a witness as required by subdivision (f) of Section 2432 of the Civil Code.

Signature: _____

2501. (a) Notwithstanding Section 2433, except as provided in subdivision (b), a statutory form durable power of attorney for health care, to be valid, shall contain, in not less than 10-point boldface type or a reasonable equivalent thereof, the warning statement which is printed in capital letters at the beginning of Section 2500.

(b) Subdivision (a) does not apply if the statutory form durable power of attorney for health care contains a certificate signed by the principal's lawyer stating: "I am a lawyer authorized to practice law in the state where this power of attorney was executed, and the principal was my client at the time when this power of attorney was executed. I have advised my client concerning his or her rights in connection with this power of attorney and the applicable law and the consequences of signing or not signing this power of attorney, and my client, after being so advised, has executed this power of attorney."

2502. (a) Notwithstanding paragraph (2) of subdivision (a) of Section 2432, a statutory form durable power of attorney for health care is valid, and the designated attorney in fact may make health care decisions pursuant to such authority, only if it (1) contains the date of its execution, (2) is signed by the principal, and (3) is signed by two qualified witnesses, each of whom executes, under penalty of perjury, the declaration set out in the first paragraph of the "Statement of Witnesses" in the form set out in Section 2500, and one of whom also executes the declaration under penalty of perjury set out in the second paragraph of the "Statement of Witnesses" in the form set out in Section 2500.

(b) Nothing in this section excuses compliance with the special requirements imposed by subdivisions (c) and (f) of Section 2432.

2503. (a) Subject to subdivisions (b), (c), and (d), a power of attorney is a "statutory form durable power of attorney for health care," as this phrase is used in this chapter, if it meets both of the following requirements:

(1) It meets the requirements of Sections 2501 and 2502.

(2) It includes the exact wording of the text of paragraphs 1, 2, 3, and 4 of the form set out in Section 2500.

(b) A statutory form durable power of attorney for health care may include one or more or all of paragraphs 5 to 11, inclusive, of the form set out in Section 2500.

(c) A printed statutory form durable power of attorney for

health care sold or otherwise distributed in this state for use by a person who does not have the advice of legal counsel shall contain the exact wording of the form set out in Section 2500, including the warning and instructions, and nothing else. Nothing in this subdivision prohibits selling or otherwise distributing with the printed form (1) material that explains the form and its use if such material is separate from the printed form itself and is not a part of the form executed by the principal or (2) one or more additional pages that are separate from the printed form itself that a person may attach to the printed form as provided in subdivision (d) if the person so chooses.

(d) If one or more additional pages are attached to a statutory form durable power of attorney for health care as a statement, or additional statement, to be a part of subparagraph (a) or (b), or both, of paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") of the form set forth in Section 2500, each of the additional pages shall be dated and signed by the principal at the same time the principal dates and signs the statutory form durable power of attorney for health care.

2504. In a statutory form durable power of attorney for health care, the language conferring general authority with respect to "health care decisions" authorizes the attorney in fact to select and discharge physicians, dentists, nurses, therapists, and other health care professionals as the attorney in fact determines necessary to carry out the health care decisions the attorney in fact is authorized by the power of attorney to make.

2505. If a document described in paragraph 5 or 6 of the form set out in Section 2500 is executed on behalf of the principal by the attorney in fact in the exercise of authority granted to the attorney in fact by paragraph 5 or 6 of the form set out in Section 2500, the document has the same effect as if the principal had executed the document at the same time and under the same circumstances and had the capacity to execute the document at that time.

2506. If the authority of the attorney in fact under the statutory form durable power of attorney for health care is terminated by the court under Article 4 (commencing with Section 2410) of Chapter 2, an alternate agent designated in the statutory form durable power of attorney for health care is not authorized to act as the attorney in fact unless the court so orders. In the order terminating the authority of the attorney in fact to make health care decisions for the principal, the court shall authorize the alternate agent, if any, designated in the statutory form durable power of attorney for health care to act as the attorney in fact to make health care decisions for the principal under the durable power of attorney for health care unless the court finds that authorizing that alternate agent to make health care decisions for the principal would not be in the best interests of the principal.

2507. Nothing in this chapter affects or limits the use of any other form for a durable power of attorney for health care. Any

form complying with the requirements of Article 5 (commencing with Section 2430) of Chapter 2 may be used in lieu of the form provided by Section 2500, and none of the provisions of this chapter apply if such other form is used.

2508. This chapter shall be known and may be cited as the Keene Health Care Agent Act.

SEC. 9. The amendments of Sections 2421 and 2433 of the Civil Code made by this act apply only to a power of attorney executed on or after January 1, 1985, and do not affect the validity of a power of attorney executed prior to that date.

CHAPTER 313

An act relating to seismic safety, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 6, 1984]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The state's major metropolitan areas are subject to potentially devastating large magnitude earthquakes and earth scientists estimate that there is a high probability that one or more large earthquakes will occur in California between now and the end of the century.

(b) Section 8895.1 of the Government Code requires the Seismic Safety Commission, in conjunction with other local, state, and federal agencies, to undertake a program to prepare the state for responding to a major earthquake prediction. This program was to be implemented on a prototype basis in one area of the state, if it is useful for application in other areas of the state upon its completion.

(c) Through the work of the Seismic Safety Commission's Southern California Earthquake Preparedness Project, prototype plans, planning processes, and educational materials have been developed to enable local jurisdictions to accelerate comprehensive earthquake preparedness activities and the initial phase of an effort modeled on the Southern California Earthquake Preparedness Project has been undertaken in the San Francisco Bay area.

SEC. 2. It is the intent of the Legislature that the work of the Southern California Earthquake Preparedness Project be continued for a period of three years to further comprehensive earthquake preparedness planning in southern California and that a similar effort be carried out in the San Francisco Bay area.

SEC. 3. The objectives of the preparedness projects established by this act are all of the following:

(a) Promote comprehensive earthquake preparedness actions by local jurisdictions, volunteer agencies and associations, and the private sector in southern and northern California.

(b) Provide planning assistance and coordination in the development of improved regional response capabilities for predicted or unpredicted major earthquakes, including programs of tests and exercises.

(c) Provide technical and planning assistance to local jurisdictions in the development and implementation of programs of hazard mitigation and prevention to reduce earthquake vulnerability.

(d) Establish a local incentive grant program to promote demonstration projects in comprehensive earthquake preparedness. Those demonstration projects shall be for activities not supported by existing local, state, or federal programs or funding sources. Local jurisdictions submitting grant applications shall provide matching funds or in-kind contributions, or both, which are 50 percent of the total grant request. The Executive Director of the Seismic Safety Commission and the Director of the Office of Emergency Services shall jointly select from among applications submitted, those projects to be supported through this incentive program.

(e) All plans and programs shall be voluntary and shall not be imposed on or required of any local jurisdiction, volunteer agency or association, or private sector entity.

SEC. 4. As used in this act, "local jurisdiction" means a city, county, city and county, district, or council of governments.

SEC. 5. The earthquake preparedness activities established under this act shall be carried out as a joint project of the Seismic Safety Commission and the Office of Emergency Services and shall utilize scientific information and recommendations provided by the Department of Conservation. The Seismic Safety Commission shall provide the administrative management of the preparedness project in northern California, and the Office of Emergency Services shall provide the administrative management of the preparedness project in southern California. Other arrangements relating to the coordination of the preparedness activities established under this act shall be made, through mutual agreement, by the Executive Director of the Seismic Safety Commission and the Director of the Office of Emergency Services.

SEC. 6. The sum of seven hundred fifty thousand dollars ($750,000) is hereby appropriated from the General Fund for the 1984–1985 fiscal year, to be allocated three hundred seventy-five thousand dollars ($375,000) to the Seismic Safety Commission and three hundred seventy-five thousand dollars ($375,000) to the Office of Emergency Services for the purpose of furthering conprehensive earthquake preparedness in southern and northern California.

However, those funds shall not be encumbered unless and until the Seismic Safety Commission and the Office of Emergency Services each receive matching federal assistance funds.

SEC. 7. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may become operative on July 1, 1984, the beginning of the 1984–85 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 314

An act to add Section 11895 to the Public Utilities Code, relating to municipal utility districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 11895 is added to the Public Utilities Code, to read:

11895. A district may, by resolution adopted by a majority of the board, change its name. A certified copy of the resolution changing the name of the district shall be recorded in each county included in whole or in part within the district and shall be transmitted to the Secretary of State and the Treasurer.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for a municipal utility district which alters or expands its services or the territory served by it to promptly adopt a name in keeping with the nature of its services rendered for the public benefit, it is necessary that this act take effect immediately.

CHAPTER 315

An act to amend Section 26980 of the Government Code, relating to county officers.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 9, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 26980 of the Government Code is amended to read:

26980. The board of supervisors of any county may establish the

office of director of finance.

(a) The board of supervisors shall submit to the electors of the county the question of whether the office of director of finance shall be established. If a majority of the voters voting on the question at such election favor the establishment of the office, the board of supervisors shall, by ordinance, create the office.

(b) The board of supervisors at that election may also submit to the voters the question of whether the office, if so established, shall be elective, or appointed by the board of supervisors. If a majority of the voters voting on the question favor making the office elective, the board of supervisors shall, in the ordinance creating the office, make it an elective one.

CHAPTER 316

An act to amend Section 3073 of the Labor Code, relating to apprenticeship.

[Approved by Governor July 6, 1984 Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 3073 of the Labor Code is amended to read:

3073. The Chief of the Division of Apprenticeship Standards, or his or her duly authorized representative, shall administer the provisions of this chapter; act as secretary of the California Apprenticeship Council; cooperate in the development of apprenticeship programs and may advise with them on problems affecting apprenticeship standards; shall audit all selection and disciplinary proceedings of apprentices or prospective apprentices; may enter joint agreements with the Employment Development Department outreach education and employment programs, and educational institutions on the operation of apprenticeship information centers, including positive efforts to achieve information on equal opportunity and affirmative action programs for women and minorities; shall supervise and recommend apprenticeship agreements as to these standards and perform such other duties associated therewith as the California Apprenticeship Council may recommend. The chief shall coordinate the exchange, by the California Apprenticeship Council, the apprenticeship program sponsors, the Fair Employment and Housing Commission, community organizations, and other interested persons, of information on available minorities and women who may serve as apprentices.

CHAPTER 317

An act to add Section 277 to the Civil Code, and to add Section 399 to the Welfare and Institutions Code, relating to foster care.

[Approved by Governor July 6, 1984 Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 277 is added to the Civil Code, to read:

277. Any minor being considered for placement in a foster home shall have the right to make a brief statement to the court making a decision on placement. The court may disregard any preferences expressed by the minor. The minor's right to make a statement shall not be limited to the initial placement, but shall continue for any proceedings concerning continued placement or a decision to return to parental custody.

SEC. 2. Section 399 is added to the Welfare and Institutions Code, to read:

399. Any minor being considered for placement in a foster home shall have the right to make a brief statement to the court making a decision on placement. The court may disregard any preferences expressed by the minor. The minor's right to make a statement shall not be limited to the initial placement, but shall continue for any proceedings concerning continued placement or a decision to return to parental custody.

CHAPTER 318

An act to amend Sections 70045.6, 73433, 73433.1, 73434, 73435, 73436, and 73437 of the Government Code, relating to courts.

[Approved by Governor July 6, 1984 Filed with Secretary of State July 9, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 70045.6 of the Government Code is amended to read:

70045.6. (a) In Kern County each regular reporter shall be paid a biweekly salary of one thousand two hundred five dollars and eighty-one cents ($1,205.81). The court reporter shall be paid biweekly pursuant to the payroll procedures in effect in the County of Kern.

(b) Beginning January 1, 1980, the board of supervisors may adjust the salary of each regular official reporter as part of its county employee compensation plan. Any adjustment to reporter salaries

shall be effective on the same date as the effective date of the board's action to adjust compensation of other county employees. Any adjustment shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

(c) In addition to the compensation provided for in this section, each regular official reporter shall be entitled to and shall receive, on the same basis as other county employees, the same benefits and privileges with respect to retirement, group insurance, sick leave, and vacations. Court reporters shall observe the same holidays as other court employees. For the purposes of determining participation in the county retirement system, the salary provided for such reporters in this section shall be deemed their entire compensation.

(d) Each pro tempore official reporter shall be paid one hundred dollars ($100) a day for the days he or she is actually on duty under order of the court.

SEC. 2. Section 73433 of the Government Code is amended to read:

73433. There shall be one clerk-administrator in each municipal court who shall be appointed by and serve at the pleasure of a majority of the judges of the court to which the clerk-administrator is appointed. In a court with less than three judges, the presiding judge shall appoint the clerk-administrator of the court. The clerk-administrator of the East Kern Municipal Court shall receive the biweekly salary specified in range 46.1 of the salary schedule. The clerk-administrator of the West Kern Municipal Court shall receive the biweekly salary specified in range 51.9 of the salary schedule. The salary of the West Kern Municipal Court clerk-administrator shall be not less than 12 full range steps higher than the salary range in which the position of chief deputy court clerk is compensated.

SEC. 3. Section 73433.1 of the Government Code is amended to read:

73433.1. There shall be one assistant clerk-administrator in the West Kern Municipal Court who shall be appointed by and serve at the pleasure of the majority of the judges of the court. The assistant clerk-administrator shall receive the biweekly salary specified in range 47.9 of the salary schedule.

SEC. 4. Section 73434 of the Government Code is amended to read:

73434. There shall be one judicial secretary in the West Kern Municipal Court who shall be appointed by and serve at the pleasure of a majority of the judges of the court. The judicial secretary shall receive a biweekly salary specified in range 38.8 of the salary schedule.

SEC. 5. Section 73435 of the Government Code is amended to read:

73435. The clerk-administrator of the West Kern Municipal Court may appoint:

(a) Three chief deputy court clerks who shall act as the supervisors of the civil, criminal, and traffic divisions of the court and each of whom shall receive the biweekly salary specified in range 39.3 of the salary schedule.

(b) Five deputy court clerks III, each of whom shall receive the biweekly salary specified in range 37.4 of the salary schedule.

(c) Sixteen municipal courtroom clerks or junior municipal courtroom clerks, each of whom shall receive the biweekly salary specified in ranges 37.4 and 34.6, respectively, of the salary schedule.

Junior municipal courtroom clerk shall be the entrance position to courtroom clerk. The clerk-administrator, with the concurrence of the presiding judge, may advance any junior municipal courtroom clerk to the position of municipal courtroom clerk without further examination, if the junior municipal courtroom clerk has served for six months and otherwise meets the qualifications for municipal courtroom clerk and if the presiding judge is satisfied with the junior municipal courtroom clerk's performance during the six-month period.

(d) One data entry operator III who shall receive the biweekly salary specified in range 34.3 of the salary schedule.

(e) Three data entry operators II or I, each of whom shall receive the biweekly salary specified in ranges 32.3 and 30.3, respectively, of the salary schedule. Data entry operator I shall be the entrance position to the data entry operator series. The clerk-administrator may advance any data entry operator I to the position of data entry operator II without further examination if the data entry operator I has served for one year and otherwise meets the qualifications for data entry operator II.

(f) One account clerk IV who shall receive the biweekly salary specified in range 36.9 of the salary schedule.

(g) One account clerk III who shall receive the biweekly salary specified in range 34.1 of the salary schedule.

(h) Six account clerks II or I each of whom shall receive the biweekly salary specified in ranges 31.4 and 28.6, respectively, of the salary schedule. Account clerk I shall be the entrance position to the account clerk series. The clerk-administrator may advance any account clerk I to the position of account clerk II without further examination if the account clerk I has served for one year and otherwise meets the qualifications for account clerk II.

(i) Twenty-nine full-time deputy court clerks II, I, or junior deputy court clerks, each of whom shall receive the biweekly salary specified in ranges 34.6, 30.6, and 27.8, respectively, of the salary schedule.

Junior deputy court clerk shall be the entrance position to the clerk's staff. The clerk-administrator may advance any junior deputy court clerk to the position of deputy court clerk I without further examination, if the junior deputy has served for six months and otherwise meets the qualifications for deputy court clerk I. The clerk-administrator may advance any deputy court clerk I to the

position of deputy court clerk II without further examination if the deputy court clerk I has served for six months and otherwise meets the qualifications for deputy court clerk II.

(j) One secretary who shall receive the biweekly salary specified in range 35.5 of the salary schedule.

(k) One legal clerk I who shall receive the biweekly salary specified in range 36.0 of the salary schedule.

(*l*) One records clerk who shall receive the biweekly salary specified in range 34.1 of the salary schedule.

(m) One accountant II or I who shall receive the biweekly salary specified in range 43.6 or 40.9, respectively, of the salary schedule.

(n) Two recording technicians, each of whom shall receive the biweekly salary specified in range 35.6 of the salary ordinance.

SEC. 6. Section 73436 of the Government Code is amended to read:

73436. The clerk-administrator of the East Kern Municipal Court may appoint:

(a) Three deputy court clerks III, each of whom shall receive the biweekly salary specified in range 37.4 of the salary schedule.

(b) Ten full-time and three part-time deputy court clerks II, I, or junior deputy court clerks, each of whom shall receive the biweekly salary specified in ranges 34.6, 30.6, and 27.8, respectively, of the salary schedule.

Junior deputy court clerk shall be the entrance position to the clerk's staff. The clerk-administrator may advance any junior deputy court clerk to the position of deputy court clerk I without further examination, if the junior deputy has served for six months and otherwise meets the qualifications for deputy court clerk I. The clerk-administrator may advance any deputy court clerk I to the position of deputy court clerk II without further examination if the deputy court clerk I has served for six months and otherwise meets the qualifications for deputy court clerk II.

SEC. 7. Section 73437 of the Government Code is amended to read:

73437. (a) Whenever reference to a numbered salary range of the salary schedule is made in any section of this article, the schedule of salary ranges found in the salary ordinance of the County of Kern in effect on January 1, 1984, shall apply. The employees of the municipal courts shall be paid biweekly pursuant to the payroll procedures in effect in the County of Kern.

(b) The minimum salary for each position shall normally be "step A" for the position. If it is difficult to secure qualified personnel at that step or if a person of unusual qualifications is engaged, the court or the clerk-administrator may hire at any step of the salary range applicable to the position.

(c) Any employee who is promoted or whose position is reclassified from one class position to a higher class position shall be placed in the step level of the higher class salary range which most closely approximates a one-step increase from the former position,

except that such increase shall not exceed an amount equivalent to 1.4 steps in the salary schedule. In the event the "A" step of the higher class position is greater than a 1.4-step increase over the salary of the employee in the lower class position, the employee shall be placed at the "A" step in the salary range of the higher class position.

(d) The Board of Supervisors of the County of Kern may adjust the salaries paid to employees of the municipal courts as part of its county employee compensation plan. Such adjustment shall be effective on the same date as the effective date of the action of the board of supervisors to adjust compensation of other county employees. Any adjustment shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

(e) In addition to the compensation provided in this article, the attachés of the municipal court shall receive, and they shall be entitled to, the same vacations, sick leaves, and similar privileges and benefits as are now or may hereafter be provided for the employees of the County of Kern, including the right to participate in any group, accident, health or life insurance plan adopted by the Board of Supervisors of the County of Kern.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 319

An act to amend Sections 70059.7, 74642, 74643, 74644, 74645, and 74647 of the Government Code, relating to courts.

[Approved by Governor July 6, 1984 Filed with Secretary of State July 9, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 70059.7 of the Government Code is amended to read:

70059.7. In Santa Barbara County each regular official reporter shall be paid a biweekly salary which shall be one thousand two hundred twenty-two dollars and seventy-two cents ($1,222.72) which salary shall include payment for services in reporting all proceedings in the superior court, before the grand jury, and before coroners' inquests.

Reporters pro tempore shall be paid at the per diem rate of one hundred twenty-one dollars and ten cents ($121.10) for the days they are actually on duty under order of the court, and shall receive from

the county their necessary traveling and other expenses when necessarily called from other counties. Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1986, unless ratified by statute by the Legislature prior to that date.

In such a county, the fee required by Section 70053 shall be ten dollars ($10).

In addition to any fee otherwise required, in all contested civil trials wherein the services of a court reporter have been requested by any party to the action, a per diem fee shall be charged to the party requesting such service, or, at the discretion of the court, to the parties on a pro rata basis, for each day of court reporting service or portion thereof, equal to the per diem rate established for pro tempore reporters of the court. If the court assesses the reporter's fee on a pro rata basis, the reporter and fee attached thereto may be waived upon the timely stipulation of all parties. Fees in long-cause civil trials shall be posted with the clerk's office no later than 14 days prior to the date set for master calendar. Fees in short-cause civil trials of one day or less, shall be posted with the clerk's office no later than seven days prior to the date set for the short-cause calendar.

SEC. 2. Section 74642 of the Government Code is amended to read:

74642. Within the South Coast Judicial District there shall be the following officers, attachés, and employees:

South Coast Municipal Court		Salary Range
2	Account Clerk II	286
1	Account Clerk III	313
1	Assistant Clerk-Admin Officer-SB	420
1	Clerk-Admin Officer-SB	474

SEC. 5. Section 74645 of the Government Code is amended to read:

74645. (a) It is the purpose of this section to provide compensation for municipal court employees and officers which is comparable to that paid to county employees holding equal or comparable positions in the Santa Barbara classified service as such comparability is determined by the Santa Barbara County Board of Supervisors.

(b) Whenever reference to a numbered salary range is made in any section of this article, the schedule and the salary ordinance of the County of Santa Barbara in effect January 1, 1984, shall apply.

(c) If the board of supervisors adopts a revised salary schedule for county employees, the new schedule shall apply equally to employees of municipal courts and marshals' offices and conversion to the new schedule shall be made for such employees in the same manner on the same date as for the classified service.

(d) Notwithstanding any of the provisions of this article, the salary and benefits of municipal court employees and officers shall be changed in the same manner and at the same rate as a salary and benefit change is effective for other permanent county classified positions. Employees and officers of the municipal court shall be entitled to all employee benefits as they are provided and made applicable to positions within the classified service pursuant to Santa Barbara County ordinances or resolutions, to the extent that the benefits are not contrary to state law.

(e) All matters affecting the administration of salary and benefits, the selection, appointment, and reclassification of such municipal court officers and employees in those positions which they hold which are not specifically determined by the provision of state law shall be governed by the personnel ordinances and resolutions of the Board of Supervisors of the County of Santa Barbara.

(f) Nothing in this article shall be construed to place marshals' or clerks' offices, their employees and attachés under the civil service system of Santa Barbara County but such employees and attachés may be placed under that civil service system by court rule adopted by the judges of their respective courts.

(g) Any changes in compensation made pursuant to this section shall be on an interim basis and shall expire January 1 of the second calendar year following such changes unless ratified by the Legislature.

SEC. 6. Section 74647 of the Government Code is amended to read:

74647. (a) Full-time official reporters appointed by the majority of the judges of the municipal court pursuant to the provisions of Section 72194 and so designated, shall be attachés of the court and shall receive a biweekly salary in accordance with the provisions of Section 70059.7. Such salary shall be paid at the same times and according to the same procedures as salaries of employees of the County of Santa Barbara. During the hours when the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law and shall not engage in or solicit to engage in any other employment in their professional capacity.

(b) The judges of the court may appoint as many part-time additional reporters as the business of the court requires. The additional reporters shall be known as official reporters pro tempore, and they shall serve without salary but shall receive, for reporting, fees at the per diem rate fixed by Section 70059.7. Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1986, unless ratified by statute by the Legislature prior to that date. In criminal cases such fees upon order of the court shall be a charge against the general fund of the county.

(c) An official reporter when not engaged in the performance of duties of the municipal court, may be appointed to serve as such reporter for the Santa Barbara County Grand Jury or in any other court in the County of Santa Barbara.

SEC. 7. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 320

An act to amend Section 5080.32 of the Public Resources Code, relating to parks and recreation.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 5080.32 of the Public Resources Code is amended to read:

5080.32. All revenues received from lands subject to an

agreement entered into pursuant to this article shall be expended only for the care, maintenance, operation, administration, improvement, or development of the unit of the state park system in which the lands from which the revenues were derived are located and any recreational trail providing access to those lands. However, where a local agency operates more than one unit of the state park system under an agreement pursuant to this article, revenues received in excess of the care, maintenance, operation, administration, improvement, or development of one unit may be utilized for those purposes at other units of the state park system operated by the local agency. This section applies to all agreements in force on January 1, 1983, and any agreement that may subsequently be entered into.

CHAPTER 321

An act to amend Sections 768, 816.5, 1062, and 1073 of, and to amend and renumber Section 3523 of, the Public Utilities Code, relating to carriers.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 768 of the Public Utilities Code is amended to read:

768. The commission may, after a hearing, require every public utility to construct, maintain, and operate its line, plant, system, equipment, apparatus, tracks, and premises in a manner so as to promote and safeguard the health and safety of its employees, passengers, customers, and the public. The commission may prescribe, among other things, the installation, use, maintenance, and operation of appropriate safety or other devices or appliances, including interlocking and other protective devices at grade crossings or junctions and block or other systems of signaling. The commission may establish uniform or other standards of construction and equipment, and require the performance of any other act which the health or safety of its employees, passengers, customers, or the public may demand. The commission shall not, however, regulate the safety of operation of passenger stage corporations or highway common carriers.

SEC. 2. Section 816.5 of the Public Utilities Code is amended to read:

816.5. Nothing in this article or in Article 6 (commencing with Section 851) requires a common carrier by railroad subject to the Interstate Commerce Act (49 U.S.C. Sec. 10101 et seq.), a highway common carrier, cement carrier, or passenger stage corporation to

secure from the commission authority to execute any conditional sales contract for the purchase of motor vehicle or railroad equipment or any note or chattel mortgage on that equipment securing the payment of all, or any part, of the purchase price.

SEC. 3. Section 1062 of the Public Utilities Code is amended to read:

1062. The commission may do all of the following:

(a) Supervise and regulate every highway common carrier and cement carrier in this state.

(b) Fix the rates, fares, charges, classifications, and rules of those carriers.

(c) Regulate the accounts and service of each of those carriers, and require the filing of annual and other reports and of other data by them.

(d) Supervise and regulate those carriers in all other matters affecting the relationship between them and the shipping public.

The commission, by general order or otherwise, may prescribe rules applicable to highway common carriers and cement carriers. The commission may make orders and prescribe rules affecting highway common carriers and cement carriers, notwithstanding any ordinance or permit of any city, city and county, or county, and in case of conflict between such order or rule of the commission and any local ordinance or permit, the order or rule of the commission prevails.

SEC. 4. Section 1073 of the Public Utilities Code is amended to read:

1073. The commission may, upon its own motion or upon application of any interested party, after a hearing, require any highway common carrier or cement carrier to procure and maintain cargo insurance in the amounts and upon the terms as the commission may determine.

SEC. 5. Section 3523 of the Public Utilities Code, as added by Chapter 821 of the Statutes of 1979, is amended and renumbered to read:

3524. "Heavy-specialized carrier" means any person or corporation engaged in the transportation for compensation over any public highway in this state of any commodity, the transportation or handling of which because of width, length, height, weight, shape, or size requires special authority from a governmental agency regulating the use of highways, roads, or streets, in any motor vehicle or combination of vehicles.

CHAPTER 322

An act to amend Section 13112 of the Health and Safety Code, relating to the State Fire Marshal.

[Approved by Governor July 6, 1984 Filed with Secretary of State July 9, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 13112 of the Health and Safety Code is amended to read:

13112. Every person who violates any provision of this chapter, or any order, rule, or regulation made pursuant to this chapter, is guilty of a misdemeanor punishable by a fine of not less than one hundred dollars ($100) or more than five hundred dollars ($500), or by imprisonment for not more than six months, or by both.

A person is guilty of a separate offense each day during which he or she commits, continues, or permits a violation of any provision of, or any order, rule, or regulation made pursuant to, this chapter.

CHAPTER 323

An act to amend Section 14026.5 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor July 6, 1984. Filed with Secretary of State July 9, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 14026.5 of the Welfare and Institutions Code is amended to read:

14026.5. (a) The State Director of Health Services shall issue Medi-Cal cards to peace officers or persons working under such officers' immediate supervision for the purpose of conducting investigations of Medi-Cal fraud, or a violation of the Medical Practice Act as set forth at Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, upon an order of a magistrate issued pursuant to subdivision (c).

(b) Nothing in this section shall be construed to mean that it is the exclusive method for conducting investigations for Medi-Cal fraud or for violations of the Medical Practice Act as set forth at Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(c) A magistrate may issue an order for the issuance of Medi-Cal cards to peace officers upon a showing of reasonable suspicion that the person being investigated has committed or is committing

Medi-Cal fraud or a violation of the Medical Practice Act as set forth in Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. As used in this section, "reasonable suspicion" means that the peace officer subjectively entertains such a suspicion and that it is objectively reasonable for him to do so. The facts must be those which would cause any reasonable peace officer in a like position, drawing when appropriate on his training and experience, to suspect the same criminal activity and the same involvement by the person in question. A showing of reasonable suspicion may be made either by written statement under penalty of perjury or by oral statement taken under oath, recorded and transcribed.

(d) The State Department of Health Services shall report to the Legislature every six months commencing June 1, 1981, on the utilization of Medi-Cal cards issued pursuant to this section. The report shall include, among other matters, a description of the types of criminal investigations conducted pursuant thereto.

CHAPTER 324

An act to amend Sections 9908.7, 9909, 9920, 9924, 9926, 9984, 9989.4, and 9995 of, and to add Section 9988.1 to, the Business and Professions Code, relating to employment agencies.

[Approved by Governor July 9, 1984 Filed with Secretary of State July 10, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 9908.7 of the Business and Professions Code is amended to read:

9908.7. As used in this chapter, "bureau" means the Bureau of Personnel Services.

SEC. 2. Section 9909 of the Business and Professions Code is amended to read:

9909. As used in this chapter, "board" means the California Advisory Board to the Bureau of Personnel Services.

SEC. 3. Section 9920 of the Business and Professions Code is amended to read:

9920. There is in the Department of Consumer Affairs a Bureau of Personnel Services under the supervision and control of the Chief of the Bureau of Personnel Services.

SEC. 4. Section 9924 of the Business and Professions Code is amended to read:

9924. (a) With the approval of the director, the chief may adopt rules and regulations necessary for the administration of this chapter and declaring the policy of the bureau.

(b) On or before July 1, 1983, the bureau shall adopt and place into

effect written operating guidelines for complaint-handling procedures, which shall include, but not be limited to, the following factors:

(1) Determination that the complaint is within the jurisdiction of the bureau and the licensing act.

(2) All complaints shall be submitted to the bureau in writing.

(3) The bureau shall contact all employers, applicants and agencies involved in a complaint, and such contacts shall be summarized in writing by the bureau employee making such contact.

(4) The disposition of a complaint shall be transmitted in writing to the employers, applicants and agencies involved.

(5) An annual notice to licensees of disciplinary procedures.

The guidelines shall be adopted following a public hearing conducted by the California Advisory Board to the Bureau of Personnel Services, for which the public and the industry shall be given notice and invited to testify.

SEC. 5. Section 9926 of the Business and Professions Code is amended to read:

9926. There is in the Bureau of Personnel Services a California Advisory Board to the Bureau of Personnel Services, which consists of seven members.

SEC. 6. Section 9984 of the Business and Professions Code is amended to read:

9984. (a) Every employment agency shall give to every applicant for employment from whom a fee or deposit is to be received a contract or receipt, in which is stated all of the following:

(1) The name, address and telephone number of the employment agency.

(2) The name and address of the person giving the order for help, the date and consecutive number of the receipt of such order by the agency, and its manner of transmission.

(3) The date and consecutive number of issuing the contract.

(4) The name of the applicant, the name and address of the person to whom the applicant is sent for employment, and the address where the applicant is to report for employment.

(5) The amount of the fee to be charged and to be collected from the applicant and the amount of the fee paid or advanced by the prospective employer and by whom paid or advanced.

(6) The kind of work or employment.

(7) The daily hours of work; the wages or salary, including any consideration or privilege.

(8) If any labor trouble exists at the place of employment, that fact shall be stated in the contract.

(9) Any other term, condition, or understanding agreed upon between the agency and the applicant.

(b) There shall be printed on the face of the contract in type no smaller than 10-point bold the following: "This agency is licensed by the Bureau of Personnel Services of the State of California, 1333

Howe Avenue, Sacramento, California. Inquiries concerning your contract may be sent to this address." At the bottom of the contract there shall appear a notice to the effect that the contract is the property of the applicant and shall not be taken from him.

(c) The employment agency shall in such contract undertake to repay the applicant the fee in the event the applicant fails to accept employment.

(d) Every such contract or receipt shall be made and numbered consecutively in original and duplicate, both to be signed by the applicant and the person acting for the employment agency. The original shall be given to the applicant and the duplicate shall be kept on file at the agency.

(e) The provisions of this section shall not apply to employer-retained agencies.

SEC. 7. Section 9988.1 is added to the Business and Professions Code, to read:

9988.1. No babysitting, domestic or other employment agency which procures babysitting or domestic employment for employers shall refer babysitters or domestics for any employment without first conducting a personal interview of the applicant and making a reasonable effort to verify the experience or training of the applicant.

SEC. 8. Section 9989.4 of the Business and Professions Code is amended to read:

9989.4. (a) Prior to the acceptance of a fee from a job seeker, a licensee shall provide the job seeker with a written contract which shall include at least the following:

(1) The name of the licensee and the addresses and telephone numbers of the principal office or location of the licensee providing the listing to the job seeker.

(2) Acknowledgement of receipt of the fee, including the amount.

(3) A description of the service to be performed by the licensee, including significant conditions, restrictions, and limitations where applicable.

(4) The job seeker's specifications for the employment opportunity, including, but not limited to, the following:

(A) Type of job.

(B) Interests of job seeker.

(C) Qualifications of job seeker.

(D) Salary, benefits, and other conditions of employment.

(E) Location of job.

(5) The contract expiration date, which shall not be later than 90 days from the date of execution of the contract.

(6) A clause setting forth the right to a full refund of the fee paid in advance as provided in Section 9989.5.

(7) The signature of the licensee or of the designated agent or employee acting on behalf of the licensee.

(8) There shall be printed on the face of the contract in type no smaller than 10-point bold the following: "This agency is licensed by

the Bureau of Personnel Services of the State of California, 1333 Howe Avenue, Sacramento, California. Inquiries concerning your contract may be sent to this address." At the bottom of the contract there shall appear a notice to the effect that the contract is the property of the applicant and shall not be taken from the applicant.

(b) Every contract or receipt shall be made and numbered consecutively in original and duplicate, both to be signed by the applicant and the person acting for the employment agency. The original shall be given to the applicant and the duplicate shall be kept on file at the agency.

(c) The form of contract proposed to be used by a licensee to effect compliance with this section shall be filed with the bureau prior to use. Any modification of a form previously filed with the bureau, including a change in the name or business address of the licensee, shall also be filed prior to use.

(d) If a job seeker first contacts the licensee by telephone from a distance of more than 50 miles from the nearest office of the service the licensee shall not be in violation of this section by taking credit card information from the job seeker by telephone for the purpose of charging the credit card account of the job seeker for the fee, if the licensee furnishes the information specified in subdivision (a) during the same telephone conversation and mails written confirmation and a list of available employment opportunities to the job seeker no later than the next business day.

SEC. 9. Section 9995 of the Business and Professions Code is amended to read:

9995. The bureau shall receive and account for all fees and revenues derived from the operation of this chapter and, at the end of each month, shall report such fees and revenues to the State Controller and shall pay it to the State Treasurer, who shall keep the fees and revenues in a separate fund known as the Bureau of Personnel Services Fund. The fees and revenues contained in this fund are appropriated, without regard to fiscal years, for carrying out the provisions of this chapter.

SEC. 10. Nothing in this act shall be construed as requiring the Bureau of Personnel Services to immediately discontinue using preprinted forms, licenses, certificates, or other documents which may contain the title "Bureau of Employment Agencies." These supplies may continue to be used until the inventory is depleted.

CHAPTER 325

An act to amend Section 22658 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 9, 1984. Filed with Secretary of State July 10, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 22658 of the Vehicle Code is amended to read:

22658. (a) The owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a vehicle parked on the property to the nearest public garage, if (1) there is displayed, in plain view at all entrances to the property, a sign of a size specified by ordinance prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, or (2) the lot or parcel upon which the vehicle is parked is improved with a single family dwelling.

(b) The person causing removal of the vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner thereof, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property is liable for any storage or towing charges whenever there has been a failure to post a sign if and as required by subdivision (a).

CHAPTER 326

An act to amend Section 13353 of the Vehicle Code, relating to driver's licenses.

[Approved by Governor July 9, 1984. Filed with Secretary of State July 10, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 13353 of the Vehicle Code is amended to read:

13353. (a) (1) Any person who drives a motor vehicle shall be deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the noncompletion of, the required chemical testing will result in (A) the suspension of the person's privilege to operate a motor vehicle for a period of six months, (B) the suspension of the person's privilege to operate a motor vehicle for a period of one year if the person has previously been convicted of a violation of Section 23152, 23153, or 23103 as specified in Section 23103.5 within five years of the date of the refusal, or (C) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the person has previously been convicted of two or more violations of Section 23152, 23153, or 23103 as specified in Section 23103.5 within five years of the date of the refusal.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person shall have the choice of whether the test shall be of his or her blood, breath, or urine, and the person shall be advised by the officer that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall then have the choice of submitting to and completing any of the remaining tests or test, and the person shall be advised by the officer that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person shall have the choice of whether the test shall be of his or her blood, breath, or urine, and the person shall be advised by the officer that he or she has that choice.

A person who chooses to submit to a breath test may also be

required to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person shall have the choice of submitting to and completing a blood or urine test, and shall be advised by the officer that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall then have the choice of submitting to and completing the other remaining test, and the person shall be advised by the officer that the person has that choice.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person shall have the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The person shall also be advised by the officer that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and shall also be advised by the officer that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal shall be deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension of his or her privilege to operate a motor vehicle. Any person who is dead shall be deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) If any person refuses the officer's request to submit to, or fails to complete, a chemical test or tests, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153 and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall (1) suspend the person's privilege to operate a motor vehicle for a period of six months, (2) suspend the person's

privilege to operate a motor vehicle for a period of one year if the person has previously been convicted of a violation of Section 23152, 23153, or 23103 as specified in Section 23103.5 within five years of the date of the refusal, or (3) revoke the person's privilege to operate a motor vehicle for a period for three years if the person has previously been convicted of two or more violations of Section 23152, 23153, or 23103 as specified in Section 23103.5 within five years of the date of the refusal. The officer's sworn statement shall be submitted on a form furnished or approved by the department. The suspension or revocation shall not become effective until 10 days after the giving of written notice thereof, as provided for in subdivision (c).

(c) (1) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person was placed under arrest, whether the person refused to submit to, or did not complete, the test or tests after being requested by a peace officer, and whether, except for the persons described in subdivision (a) who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.
