14195.6. The department shall develop procedures to implement the utilization control standards established by the Medi-Cal

Therapeutic Drug Utilization and Review Committee pursuant to Section 14195.5. The procedures shall include an examination of at least the following aspects of prescription services claims:

(a) Compatibility of medication to diagnosis.

(b) Overprescribing of drugs.

(c) Prescription of contraindicated or noncompatibility drugs.

(d) Drug underutilization.

14195.7. The provisions of this article shall not apply to any services being rendered by a provider in conjunction with any capitated rate contract or primary care case management contract negotiated pursuant to this chapter or Chapter 8 (commencing with Section 14200) by either the department or the commission.

14195.75. In the event that AB 3888 is enacted during the 1983–84 Regular Session, Sections 14195.3, 14195.4, 14195.5, 14195.6, and 14195.7 of the Welfare and Institutions Code, as contained in this article, shall not become effective, and it is the intent of the Legislature that a Therapeutic Drug Utilization and Review Program and Committee as described in AB 3888, shall be implemented in the pilot program established by this article.

14195.8. The department shall submit to the Legislature its plans for implementation of the pilot projects by March 31, 1985, and shall commence operation of these projects by July 1, 1985.

14195.9. The department shall, utilizing the request for proposal process, select a contractor on a bid basis to provide an evaluation of the pilot projects established under this article. The report shall be submitted to the Assembly Committee on Aging and Long-Term Care by July 1, 1988. The report shall include tracking and analysis of 25 drugs commonly used by elderly and disabled persons. The report shall also include an analysis of the effectiveness of an open formulary-therapeutic drug utilization review system on minimizing acute care and long-term care admissions.

SEC. 3. The department shall adopt any regulations as are necessary to implement the provisions of Section 3 of this act. These regulations shall be adopted as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code and, for the purposes of the Administrative Procedure Act, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare and shall not be subject to the review, approval, modification, or repeal by the Office of Administrative Law pursuant to any provisions of Chapter 3.5.

Any provision of this act which is in conflict with any federal statute or regulation shall be inapplicable to the extent of the conflict, but the remainder of the provisions shall be unaffected to the extent no conflict exists.

The department shall seek all federal waivers necessary to implement the provisions of this act. The provisions for which federal waivers cannot be obtained shall not be implemented, but provisions for which waivers are either obtained or found to be unnecessary

shall be unaffected by the inability to obtain federal waivers for the other provisions.

If any provisions of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

CHAPTER 1623

An act to add and repeal Section 9726 of the Welfare and Institutions Code, relating to the State Long-Term Care Ombudsman, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this measure, that a statewide, toll-free telephone hotline be available in one location to receive calls and provide responses as appropriate, including referrals, concerning crises in community care facilities and long-term health care facilities. The Department of Aging shall consider alternative and innovative approaches in implementing the toll-free hotline, including contracting with individuals to staff the hotline.

SEC. 2. Section 9726 is added to the Welfare and Institutions Code, to read:

9726. (a) The Office of the State Long-Term Care Ombudsman in the Department of Aging shall estalish a toll-free telephone hotline in Sacramento, to receive telephone calls concerning any crises discovered by any person in a community care facility, including family day care homes for children licensed under Chapter 3.6 (commencing with Section 1597.50) of Division 2 of the Health and Safety Code, or in a long-term health care facility.

The telephone hotline established under this section shall be operated to include at least all of the following:

(1) The telephone hotline shall be available 24 hours a day, seven days a week.

(2) The operator shall respond to a crisis call by contacting the appropriate office, agency, or individual in the local community in which the crisis occurred.

(3) The toll-free hotline telephone number shall be posted conspicuously in either the facility foyer, lobby, residents' activity room, or other conspicuous location easily accessible to residents in each licensed facility by the licensee. The Office of the State Long-Term Care Ombudsman shall issue, in conjunction with the

Health Services, guidelines concerning the posting of the toll-free number. The posting shall, at a minimum, include the purpose of the hotline number.

(b) The Office of the State Long-Term Care Ombudsman shall respond to hotline telephone calls involving adult residents of community care facilities and residents of long-term health care facilities in a manner consistent with the federal Older Americans Act and the provisions of this chapter. As a response to hotline telephone calls concerning community care facilities for children, including family day care homes for children, the office shall refer the matter or the caller, or both, to the appropriate county child protective services agency or local law enforcement agency or to the State Department of Social Services. Neither the State Department of Aging nor the Office of the State Long-Term Care Ombudsman may respond beyond providing information and referrals to hotline callers concerning community care facilities for children.

(c) The toll-free telephone shall be staffed in a manner consistent with available resources in the department. The department may contract for the services of individuals to staff the telephone hotline. The department shall seek to provide opportunities for older persons to be employed to staff the hotline. The State Department of Health Services and the State Department of Social Services, and other appropriate departments, shall make available to the department and the Office of the State Long-Term Care Ombudsman training and technical assistance as needed.

(d) The State Long-Term Care Ombudsman shall submit a report to the Legislature by July 1, 1987, including all of the following:

(1) An assessment of the effectiveness of the hotline.

(2) A summary of the significant problems, if any, encountered in establishment and operation of the hotline, and their resolution.

(3) Recommendations for the continuation of the hotline.

(e) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Department of Aging, in order to implement Section 9726 of the Welfare and Institutions Code. Future funding for the provisions of Section 9726 of the Welfare and Institutions Code shall be subject to the appropriations made in the Budget Act.

CHAPTER 1624

An act to repeal and add Section 14571 of the Welfare and Institutions Code, relating to day care.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 14571 of the Welfare and Institutions Code is repealed.

SEC. 2. Section 14571 is added to the Welfare and Institutions Code, to read:

14571. The department, in consultation with the Association of Adult Day Services, shall develop a rate methodology. The methodology shall take into consideration all allowable costs associated with providing adult day health care services and shall examine, at a minimum the use of adders to the base rate, the method of billing, and the reimbursement for the initial assessment. In order to determine adult day health care costs, a uniform data collection system shall be developed by January 1, 1985. The cost report from their previous fiscal year shall be submitted by adult day health care centers to the department by April 1, 1985. The completed rate methodology shall be delivered to the Legislature by January 1, 1986, for review. If adult day health care centers submit the required cost reports later than April 1, 1985, the department's deadline for submission of a rate methodology shall be extended for an equivalent period of time. Once a methodology has been approved by the department, it shall be the basis of future annual rate reviews.

Until a reimbursement methodology is implemented for fiscal audit purposes, adult day health centers shall be reimbursed by the state at the maximum approved center daily Medi-Cal rate or actual uncompensated costs, whichever is less. Costs shall be determined based on the per diem costs incurred in the provision of required services without regard to any component amounts.

Payment shall be for services provided during the preceding month in accordance with an approved individualized plan of care. Until a rate methodology is established and approved by the Legislature, billing shall be submitted directly to the department. Additionally, the department shall establish a reasonable rate of reimbursement for the initial assessment.

Nothing in this section shall preclude the department from entering into specific prospective budgeting and reimbursement agreements with providers.

CHAPTER 1625

An act to amend Sections 1420, 1428, and 1432 of, and to add Sections 1422.7, 1432.1, and 1534.5 to, the Health and Safety Code, and to add Sections 9726.1 and 9732 to the Welfare and Institutions Code, relating to health.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1420 of the Health and Safety Code is amended to read:

1420. (a) Upon receipt of a complaint, the state department shall assign an inspector to make a preliminary review of the complaint and shall notify the complainant of the name of the inspector. Unless the state department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection or investigation within 10 working days of the receipt of the complaint. In either event, the complainant shall be promptly informed of the state department's proposed course of action. Upon the request of either the complainant or the state department, the complainant or his or her representative, or both, may be allowed to accompany the inspector to the site of the alleged violations during his or her tour of the facility, unless the inspector determines that the privacy of any patient would be violated thereby.

When conducting an onsite inspection or investigation pursuant to this section, the state department shall collect and evaluate all available evidence and may issue a citation based upon, but not limited to, any or all of the following:

(1) Observed conditions.

(2) Statements of witnesses.

(3) Facility records.

(b) Upon being notified of the state department's determination as a result of the inspection or investigation, a complainant who is dissatisfied with the state department's determination, regarding a matter which would pose a threat to the health, safety, security, welfare, or rights of a resident, shall be notified by the state department of the right to an informal conference, as set forth in this section, and, may, within five business days after receipt of the notice, notify the director in writing of his or her request for an informal conference with the designee of the director for the county in which the long-term health care facility which is the subject of the complaint is located. The long-term health care facility may participate as a party in this informal conference. The director's designee shall notify the complainant and licensee of his or her determination within 10 working days after the informal conference

and shall apprise the complainant and licensee in writing of the appeal rights provided in subdivision (c).

(c) If the complainant is dissatisfied with the determination of the director's designee in the county in which the facility is located, the complainant may, within five days after receipt of this determination, notify in writing the Deputy Director of the Licensing and Certification Division of the state department, who shall review the facts that led to both determinations. Based upon this review, the Deputy Director of the Licensing and Certification Division of the state department shall make his or her own determination and notify the complainant and the facility within 30 days.

(d) Any citation issued as a result of a conference or review, as described in subdivision (b) or (c), shall be issued and served upon the facility within three days of the final determination, excluding Saturday, Sunday, and holidays, unless the licensee agrees in writing to an extension of this time. Service shall be effected either personally or by registered or certified mail. A copy of the citation shall also be sent to each complainant.

SEC. 2. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If a licensee desires to contest a class "AA," a class "A" citation, or a citation alleging a class "B" violation and either a class AA or class A violation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for citation review conference with the designee of the director for the county in which the cited long-term health care facility is located. The director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after a citation review conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review.

(b) If a licensee notifies the director that he or she intends to contest a class "AA," a class "A" citation, or a citation alleging a class

"B" violation and either a class "AA" or class "A" violation the director shall immediately notify the Attorney General. Upon notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the court of competent jurisdiction for the county in which the long-term health care facility is located.

(c) If a licensee desires to contest a class "B" citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation (1) notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located; or (2) notify the director in writing of the licensee's intent to adjudicate the validity of the citation in the municipal court in the county in which the long-term health care facility is located. If requested by the licensee, the director's designee shall hold, within five business days from the receipt of the request a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he shall state with particularity in writing his or her reasons for that action and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal court in the county in which the long-term health care facility is located. The action shall be filed no later than 60 calendar days after a licensee notifies the director that he or she intends to contest a citation, or, in the event a citation review conference is held, no later than 60 calendar days after a licensee notifies the director of his or her intent to contest the decision of the director's designee. If a judicial appeal is prosecuted under the provisions of this subdivision, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation or the decision made by the director's designee within the time specified in this subdivision, or fails to file a civil action within the time specified in this subdivision, the citation or the decision by the director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject

to further administrative review. If a licensee prosecutes a judicial appeal of a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department.

(d) The person designated by the director to conduct the citation review conference shall not be an employee of the state department who is regularly assigned to the district licensing office from which the citation originated.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference.

(1) The complainant and his or her designated representative.

(2) A personal health care provider, designated by the resident.

(3) A personal attorney, only if the long-term health care facility has an attorney present.

(4) Any person representing the office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(f) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to:

(1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability.

(4) The good-faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(g) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second or subsequent violation

occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" violation is a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(h) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(i) Actions brought under the provisions of this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing any such proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.

(j) If the citation is dismissed or reduced, the state department shall take action immediately to ensure that the public records reflect in a prominent manner that the citation was dismissed or reduced.

(k) Upon a licensee notifying the director of its intent to contest one or more citations or decisions made following a citation review conference where the total penalties do not exceed fifteen thousand dollars ($15,000), either the state or the licensee may elect to submit the matter to binding arbitration. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the petitioner's election, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. The decision of the arbitrator shall be based upon substantive law and shall be binding on all parties, subject to judicial review. This review shall be limited to whether there was substantial evidence to support the decision of the arbitrator.

The arbitrator shall determine which of the parties are financially liable for arbitration costs based upon the position each took at the commencement of the arbitration proceedings compared to the decision of the arbitrator.

The retention of, renewal of, or application for, a license to operate a skilled nursing facility or intermediate care facility shall, for purposes of the administration of this chapter, be deemed a written agreement to arbitrate contested citations within the meaning of

Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Without extending the time for commencement of these hearings, the provisions of Section 1283.05 of the Code of Civil Procedure shall be applicable to all proceedings to arbitrate citations issued pursuant to this chapter, except that depositions may be noticed and taken without prior approval of the arbitrator.

Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this subdivision. Any costs or penalties assessed pursuant to the provisions of this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this provision, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients of the facility.

SEC. 3. Section 1422.7 is added to the Health and Safety Code, to read:

1422.7. The state department shall provide the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, with copies of inspection reports for long-term health care facilities upon request. The state department shall provide the office with copies of all class "AA," "A," and "B" citations issued.

SEC. 4. Section 1432 of the Health and Safety Code is amended to read:

1432. (a) No licensee shall discriminate or retaliate in any manner against any patient or any employee in its long-term health care facility on the basis or for the reason that the patient or the employee or any other person has presented a grievance or complaint, or has initiated or cooperated in any investigation or proceeding of any governmental entity relating to care, services, or conditions at that facility. A licensee who violates this section is subject to a civil penalty of no more than ten thousand dollars ($10,000), to be assessed by the director and collected in the manner provided in Section 1430.

(b) Any attempt to expel a patient from a long-term health care facility, or any type of discriminatory treatment of a patient by whom, or upon whose behalf, a grievance or complaint has been submitted, directly or indirectly, to any governmental entity or received by a facility administrator or any proceeding instituted under or related to this chapter within 180 days of the filing of the complaint or the institution of the action, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

(c) Any attempt to terminate the employment, or other discriminatory treatment, of any employee who has presented a grievance or complaint or has initiated, participated, or cooperated in any investigation or proceeding of any governmental entity as specified in subdivision (a), and where the facility or licensee had

knowledge of the employee's initiation, participation, or cooperation, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation if it occurs within 120 days of the filing of the grievance or complaint, or the institution of the action.

(d) Presumptions provided for in subdivisions (b) and (c) shall be presumptions affecting the burden of producing evidence as provided in Section 603 of the Evidence Code.

(e) Where the civil penalty assessed is one thousand dollars ($1,000) or less, the violation shall be issued and enforced in the same manner as a class "B" violation, except in no case shall the penalty be trebled. Where the civil penalty assesed is in excess of one thousand dollars ($1,000), the violation shall be issued and enforced in the same manner as a class "A" violation, except in no case shall the penalty be trebled.

(f) Any person who willfully violates this section is guilty of an infraction punishable by a fine of not more than ten thousand dollars ($10,000).

(g) A licensee who violates this section is subject to a civil penalty or a criminal fine, but not both.

(h) Each long-term health care facility shall prominently post in a facility location accessible to staff, patients, and visitors written notice of the right to request an inspection pursuant to Section 1419, the procedure for doing so, including the right to remain anonymous, and the prohibition against retaliation.

SEC. 4.5. Section 1432.1 is added to the Health and Safety Code, to read:

1432.1. No licensee shall be cited for any violation caused by any person licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code) if the person is independent of, and not connected with, the licensee and the licensee shows that he or she has exercised reasonable care and diligence in notifying these persons of their duty to the patients in the licensee's long-term health care facility.

SEC. 5. Section 1534.5 is added to the Health and Safety Code, to read:

1534.5. The state department shall provide the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, with copies of inspection reports for community care facilities upon request.

SEC. 6. Section 9726.1 is added to the Welfare and Institutions Code, to read:

9726.1. The office, as defined in subdivision (c) of Section 9701, may do any or all of the following:

(a) Advise the public of any inspection report, statements of deficiency, and plans of correction for any long-term care facilities within its service area.

(b) Promote visitation programs to long-term health care facilities within its service area.

(c) Establish and assist in the development of resident, family, and

friends' councils.

(d) Sponsor other community involvement in long-term health care facilities.

(e) Present community education and training programs to long-term health care facilities, human service workers, families, and the general public about long-term care and residents' rights issues.

(f) Those programs created under the provisions of this section which are held in a facility shall be developed in consultation with the facility. If the facility and the ombudsman cannot agree on these programs, the State Long-Term Care Ombudsman may assist in resolving the dispute.

SEC. 7. Section 9732 is added to the Welfare and Institutions Code, to read:

9732. Any person who willfully interferes with any lawful action of the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, is subject to a civil penalty of no more than one thousand dollars ($1,000) to be assessed by the Director of Aging who shall initiate the action upon the request of the office to collect the penalties in the jurisdiction in which the facility is located.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8.5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 9. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1626

An act to add and repeal Chapter 4.7 (commencing with Section 9390) of Division 8.5 of the Welfare and Institutions Code, relating to community care facilities, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there is an increasing recognition of the need to develop quality, cost-effective and less restrictive alternatives to institutional care, and that attention has turned to the community-based licensed community care facility as a vital link in the continuum of long-term care. The community care facility is a less expensive, less restrictive alternative to the licensed skilled nursing facility and intermediate care facility, which needs to be maintained and supported.

It is the intent of the Legislature to explore the use of community care facilities as an alternative to moving frail, elderly people into more costly and restrictive skilled nursing and intermediate care facilities by establishing the Community Care Facility Demonstration Project for the Elderly. It is also the intent of the Legislature that this project utilize a case management system which will link residents of community care facilities to the full range of available community services and that program participants be:

(a) At-risk clients who meet Medi-Cal criteria for admission to an intermediate care facility or skilled nursing facility.

(b) Able to benefit from a less restrictive care setting.

(c) Able to respond to care as called for by this project.

SEC. 2. Chapter 4.7 (commencing with Section 9390) is added to Division 8.5 of the Welfare and Institutions Code, to read:

CHAPTER 4.7. COMMUNITY CARE FACILITY DEMONSTRATION PROJECT FOR THE ELDERLY

9390. (a) There is hereby established the Community Care Facility Demonstration Project for the Elderly in accordance with the provisions of this section. The Multipurpose Senior Services Program shall administer the Community Care Facilities Demonstration Project for the Elderly. The Multipurpose Senior Services Program may contract with the State Department of Health Services for the utilization of funds from the Health Care Deposit Fund upon determination that the demonstration project qualifies for federal financial participation as stipulated in subdivision (e).

(b) The Multipurpose Senior Services Program shall contract with two local Multipurpose Senior Services Program sites to serve as demonstration sites. One site shall be in the northern and one in the southern part of the state. The sites shall be selected through a request for proposal process.

(c) The project shall serve a selected number of frail elderly persons, whose current medical assessment does not indicate the need for long-term intermediate or skilled nursing care . "Frail elderly persons," for purposes of this chapter, means those persons

as defined in Section 9111 who meet current Medi-Cal criteria for being "certified" or "certifiable" for admission into intermediate or skilled nursing care facilities, and whom a physician has determined may remain in a community care facility with services as provided for by this section. Participating facilities shall be limited to those licensed community care facilities serving adults, as defined in Section 80001 of Title 22 of the California Administrative Code. During the demonstration project a total of 120 persons at any one time shall be served in the two local Multipurpose Senior Services Program sites selected for participation under this chapter. Personal care services shall be purchased through the use of funds appropriated for purposes of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9. Participation by a person or a community care facility shall be voluntary. Personal care provided pursuant to this chapter shall supplement, and not replace, personal care provided by community care facilities pursuant to statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. This supplemental care shall be provided only when the level of care needed by a person participating under this chapter exceeds that which can be provided by the community care facility pursuant to existing statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. Determination as to the necessary level of care shall be based on an assessment of need performed initially, and at six-month intervals thereafter by the case manager.

(d) The pilot project shall be operated for a period of three years. The Multipurpose Senior Services Program shall submit an evaluation of this project to the Legislature not later than July 1, 1988. The evaluation shall do all of the following:

(1) Describe the service providers and the services they provide and compare them to services provided to persons within skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while residing in their own homes.

(2) Describe the program participants and compare them to those residing in skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while in their own homes.

(3) Contain a description of the criteria used to select participants and compare them to criteria used to determine who would be more suitably cared for in skilled nursing or intermediate care facilities.

(4) Compare the total governmental costs incurred for persons participating in this project with the costs of care provided by skilled nursing facilities.

(5) Assess the extent to which the demonstration project, in fact, did delay or prevent care in an intermediate or skilled nursing facility and the cost effectiveness of the project.

(e) Implementation of the demonstration project is dependent

upon the availability of federal financial participation for the services to be provided.

Implementation of the project shall be subject to receipt of required waivers or waiver amendments. Use of existing federal waivers and existing program authority shall be the first priority for implementation of this chapter. The Multipurpose Senior Services Program shall seek new waivers from the federal government if implementation cannot be carried out through existing waivers or existing categorical programs. The Secretary of the Health and Welfare Agency shall have the authority to waive existing state statutes or regulations at the request of the Multipurpose Senior Services Program that would prohibit or restrict the ability of the Multipurpose Senior Services Program to provide for the services authorized by this section.

(f) This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute chaptered prior to January 1, 1989, extends or deletes that date. This demonstration project shall not be extended or expanded unless conclusive evidence has been presented to the Legislature showing that it has been cost-effective and can be replicated.

SEC. 3. Notwithstanding Section 13340 of the Government Code, the sum of five hundred ninety-five thousand dollars ($595,000) is hereby appropriated from the General Fund and shall be made available for encumbrance, without regard to fiscal years to the Health and Welfare Agency in order to implement the provisions of this act.

CHAPTER 1627

An act to add Section 1250.4 to the Health and Safety Code, relating to health facilities.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250.4 is added to the Health and Safety Code, to read:

1250.4. (a) The Legislature finds and declares that many persons who have progressively disabling disorders, such as Alzheimer's disease, need services in a secure environment.

It is, therefore, the intent of the Legislature that skilled nursing services provided for these persons be provided in a distinct part of a freestanding skilled nursing facility.

(b) Freestanding skilled nursing facilities may provide services in a secure environment for persons with progressively disabling diseases, as described in subdivision (c), in a distinct part of the

facility. This distinct part shall be a designated area of the skilled nursing facility or the entire skilled nursing facility.

(c) "Persons with progressively disabling diseases," for the purposes of this section, means persons with Alzheimer's disease, Huntington's Chorea, or Olivopontocerebellar Ataxia (OPCA) disorders and who exhibit behavior problems such as combativeness, verbal or behavioral abusiveness or other acute or chronic disabling disorders, or wandering, which are not suitable for placement and care in a skilled nursing facility which does not provide a secure environment.

(d) "Secure environment," as used in this section, means any skilled nursing facility or distinct part of a skilled nursing facility which restricts egress from the building, a distinct part of the building, or the grounds of the building, in a manner approved by the State Fire Marshal and the state department.

(e) Nothing in this section permits the placement of any person with a progressively disabling disease in a facility providing a secure environment that is not otherwise authorized under other provisions of law.

This section shall become operative July 1, 1985.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1628

An act to add Section 1435.5 to the Health and Safety Code, and to add Section 14134.6 to the Welfare and Institutions Code, relating to long-term health care facilities.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1435.5 is added to the Health and Safety Code, to read:

1435.5. (a) When a long-term health care facility has its license suspended or revoked, has been placed in receivership, suffers a criminal conviction, is issued an injunction, or has federal sanctions imposed against it, the director shall issue a press release to newspapers and other media in the city, county, or city and county in which the facility is located, explaining the action taken and the

conditions upon which the action is predicated, along with any additional detail the director deems appropriate. The director shall review and consider issuance of a press release, as described above, if there are uncontested citations of the long-term health care facility, or if an accusation for license revocation or suspension is filed against the facility, or if the state department takes other action to protect the residents of the facility.

(b) The state department shall develop guidelines concerning the issuance of press releases pursuant to this section. These guidelines shall include criteria for distribution of the releases to a variety of media for purposes of yielding the best coverage. Criteria shall also be developed in the guidelines with respect to the content of the release.

(c) The state department shall also develop guidelines for a broader policy of press releases, including, but not limited to, issuing releases on regulatory developments, volunteer opportunities, how to select a nursing home, where to report complaints, and awards for excellent facilities and programs, and may issue press releases pursuant to the provisions of these guidelines.

SEC. 2. Section 14134.6 is added to the Welfare and Institutions Code, to read:

14134.6. Long-term health care facilities may charge a resident only the actual price paid by the facility for goods and services actually supplied to the resident and may not charge for hospital gowns. Facilities in the original contract shall inform residents of charges for personal laundry and drycleaning, haircuts, beautician services, manicures, pedicures, phone calls, television rental, and any other services payable by the resident. The facility shall also inform residents of any changes in those charges, and shall indicate on a resident's bill every good, product, service, and medication for which the resident is being charged, including, if the patient is a senior citizen, whether or not a senior discount was obtained on the medication.

CHAPTER 1629

An act to amend Section 1422 of, and to add Section 1422.5 to, the Health and Safety Code, relating to health care facilities.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1422 of the Health and Safety Code is amended to read:

1422. (a) The Legislature finds and declares that it is the public policy of this state to assure that long-term health care facilities

provide the highest level of care possible. The Legislature further finds that inspections are the most effective means of furthering this policy. It is not the intent of the Legislature by the amendment of subdivision (b) enacted by Chapter 1597 of the Statutes of 1982 to reduce in any way the resources available to the state department for inspections, but rather to provide the state department with the greatest flexibility to concentrate its resources where they can be most effective.

(b) Without providing notice of these inspections, the state department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to Section 1419, conduct inspections annually, except with regard to those facilities which have no class AA, class A, or class B violations in the past 12 months. The state department shall also conduct inspections as may be necessary to assure the health, safety, and security of patients in long-term health care facilities. Every facility shall be inspected at least once every two years.

The state department shall submit to the federal Department of Health and Human Services on or before July 1, 1985, for review and approval, a request to implement a three-year pilot program designed to lessen the predictability of the long-term health care facility inspection process. Two components of the pilot program shall be (1) the elimination of the present practice of entering into a one-year certification agreement, and (2) the conduct of segmented inspections of a sample of facilities with poor inspection records, as defined by the state department. At the conclusion of the pilot project, an analysis of both components shall be conducted by the state department to determine effectiveness in reducing inspection predictability and the respective cost benefits. Implementation of this pilot project is contingent upon federal approval. The state department shall report annually to the Legislature on the progress of the pilot project with a final report at the end of the third year

(c) Except as otherwise provided in subdivision (b), the state department shall conduct unannounced direct patient care inspections at least annually to inspect physician and surgeon services, nursing services, pharmacy services, dietary services, and activity programs of all the long-term health care facilities. Facilities evidencing repeated serious problems in complying with this chapter or a history of poor performance, or both, shall be subject to periodic unannounced direct patient care inspections during the inspection year. The direct patient care inspections shall assist the state department in the prioritization of its efforts to correct facility deficiencies.

(d) All long-term health care facilities shall report to the state department any changes in the nursing home administrator or the director of nursing services within 10 calendar days of the changes.

(e) Within 90 days after the receipt of notice of a change in the nursing home administrator or the director of nursing services, the

state department may conduct an abbreviated inspection of the long-term health care facilities.

SEC. 2. Section 1422.5 is added to the Health and Safety Code, to read:

1422.5. (a) The state department shall develop and establish a consumer information service system to provide updated and accurate information to the general public and consumers regarding long-term care facilities in their communities. The consumer information service system shall include, but need not be limited to, all of the following elements:

(1) An on-line inquiry system accessible through a statewide toll-free "800" number.

(2) Long-term health care facility profiles, with data on services provided, a history of citations and complaints for the last two full survey cycles, and a summary of care trends and change of ownership covering the most recent four-year period.

Information regarding complaints for which an onsite inspection is required pursuant to Section 1420 shall include the action taken, the date of action, the response of the facility, the current status of the action, and the results of any appeals.

(b) Where feasible, the state department shall interface the consumer information service system with its proposed Automated Certification and Licensure Information Management System.

(c) It is the intent of the Legislature that the state department, in developing and establishing the system pursuant to subdivision (a), maximize the use of available federal funds.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1630

An act to amend Sections 50512 and 50533.2 of, to add Sections 50533.4 and 50533.5 to, to add Chapter 5.5 (commencing with Section 51260) to Part 3 of Division 31 of, and to repeal Sections 50533.4 and 50533.5 of, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 50512 of the Health and Safety Code is amended to read:

50512. The department may provide technical assistance and aid to governmental agencies, nonprofit corporations, and housing sponsors for the purpose of providing the benefits of assisted housing to very low income households and persons and families of low or moderate income which are handicapped or in which the head of household has been previously confined to institutional care. Subject to the availability of staff resources, the department shall coordinate its technical assistance activities and loan and grant programs in order to increase participation and understanding of those activities and programs by public and private groups and individuals seeking to expand or improve housing opportunities for the elderly or handicapped.

SEC. 1.5. Section 50533.2 of the Health and Safety Code is amended to read:

50533.2. (a) The department shall administer the Senior Citizens' Shared Housing Program and select nonprofit organizations to establish or continue programs that assist seniors in finding other seniors and nonseniors with whom to share existing housing units.

(b) Not less than 90 percent of the funds available pursuant to this chapter shall be allocated by the department for the establishment or continuance of programs described in subdivision (a). The department may make up to 10 percent of the funds available to nonprofit organizations that have operational shared housing programs and which demonstrate the capability to provide technical assistance to other nonprofit corporations inexperienced in the operation of shared housing programs which intend to establish those programs in areas where there is a demonstrated need for those programs and where no programs of this type exist, as determined by the department.

SEC. 2. Section 50533.4 of the Health and Safety Code is repealed.

SEC. 3. Section 50533.4 is added to the Health and Safety Code, to read:

50533.4. (a) The department shall establish criteria to analyze the effectiveness of proposals made by nonprofit organizations which seek funds pursuant to this chapter. Those criteria shall include, but not be limited to, all of the following:

(1) At least 50 percent of those individuals expected to change their living arrangements from that of living alone to sharing existing housing shall be seniors.

(2) Seniors assisted in finding shared living arrangements shall be expected to experience a reduced cost of living, which is less than the

cost of institutionalization, due to their change in living arrangements.

(3) Nonprofit organizations shall provide an equal match of funds. However, no match of funds shall be required if the department determines that a nonprofit organization has the capability to carry out the purposes specified in this chapter, was organized within the preceding 12 months, and is unable to provide the equal match of funds.

(b) The department shall consult with the Department of Aging with respect to the administration of the Senior Citizens' Shared Housing Program, including, but not limited to, administrative activities related to the solicitation and review of proposals and the award of funds.

SEC. 4. Section 50533.5 of the Health and Safety Code is repealed.

SEC. 5. Section 50533.5 is added to the Health and Safety Code, to read:

50533.5. Funds allocated to nonprofit organizations pursuant to this chapter shall be utilized only for staff and office operation costs. No nonprofit organization shall receive more than fifty thousand dollars ($50,000) in any calendar year. The department may utilize funds appropriated for the purposes of this chapter for administrative costs incurred in order to implement this chapter.

SEC. 6. Chapter 5.5 (commencing with Section 51260) is added to Part 3 of Division 31 of the Health and Safety Code, to read:

CHAPTER 5.5. SECOND UNIT FINANCING

51260. The Legislature finds and declares that the primary goals of this chapter are to:

(a) Increase the state's supply of rental units for lower income households.

(b) Help persons and families of low or moderate income meet their escalating housing costs or special housing needs by adding an independent dwelling unit to their existing single-family home.

(c) Make more efficient use of the existing underutilized housing stock.

51261. The following definitions apply to this chapter:

(a) "Local housing agency" means a redevelopment agency formed pursuant to Part 1 (commencing with Section 33000) of Division 24, a community development commission formed pursuant to Part 1.7 (commencing with Section 34100) of Division 24, and a housing authority formed pursuant to Part 2 (commencing with Section 34200) of Division 24, or a city, county, or city and county authorized to issue mortgage revenue bonds to finance multifamily rental housing developments or provide home mortgages pursuant to Part 5 (commencing with Section 52000).

(b) "Second unit" has the same meaning as prescribed by Section 65852.2 of the Government Code.

51262. The agency shall develop a program for financing the

development of second units to serve the housing needs of lower income households and shall implement that program on or before January 1, 1986. The agency may utilize whatever funds are available and which are authorized to be utilized for the purposes of this chapter, including proceeds from the issuance of revenue bonds by the agency. The proceeds from any revenue bonds issued for the purposes of this chapter shall be deposited in a special account in the fund.

51263. The agency may contract, subject to the availability of funds, with a qualified mortgage lender or a local housing agency to provide loans consistent with the requirements of this section for the development of second units, and the rehabilitation of primary units, as necessary. Loans shall bear interest at a rate of at least 6 percent per annum on the unpaid principal balance. However, the agency may reduce or eliminate interest payments on a loan for any period or, alternatively, defer interest on principal payments until the loan is repaid, or both, if the agency determines that such action is necessary to meet the housing needs of lower income tenants. The term of the loan shall not exceed 30 years.

51264. In connection with contracts entered into pursuant to Section 51263, the agency shall initially establish rents which may be altered from time to time, as may be necessary to assure affordable rents for lower income households occupying the second units and to the extent consistent with the requirements for repayment of any funds loaned pursuant to this chapter. The rents shall be regulated for at least 10 years or the term of the loan, whichever is longer.

51265. The agency shall do all of the following:

(a) Determine whether priority shall be given to loans for second units that are:

(1) To be occupied by elderly or handicapped.

(2) Attached to existing housing.

(3) Detached from existing housing.

(4) Conversions of existing space.

(b) Establish such other criteria for priority for loans as the agency determines necessary to carry out this chapter.

51266. The unit shall be located within a city, county, or city and county which has permitted the construction of the unit pursuant to a special use permit, conditional use permit, or ordinance as prescribed by Section 65852.2 of the Government Code.

51267. The agency may contract, subject to restrictions on the funds being used, with the department to administer the program pursuant to this chapter.

51268. (a) If the agency is unable to implement this chapter, it shall report the reasons for its inability to implement this chapter to the Legislature on or before July 1, 1986, and recommend changes in this chapter that would enable the agency to implement the program provided in this chapter.

(b) The agency shall also report to the Legislature and the Governor on or before July 1, 1986, and annually thereafter, on the

administration and implementation of the program established pursuant to this chapter.

SEC. 7. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Department of Housing and Community Development for the purpose of carrying out the Senior Citizens' Shared Housing Program established pursuant to Chapter 3.6 (commencing with Section 50533) of Part 2 of Division 31 of the Health and Safety Code.

CHAPTER 1631

An act to amend Sections 1327, 1329, 1331, 1422, and 1432 of, and to add Sections 1329.5 and 1432.1 to, the Health and Safety Code, relating to long-term health care facilities.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1327 of the Health and Safety Code is amended to read:

1327. Whenever circumstances exist indicating that continued management of a long-term health care facility by the current licensee would present a substantial probability or imminent danger of serious physical harm or death to the patients, or there exists in the facility a condition in substantial violation of this chapter or the rules and regulations adopted pursuant to this chapter, or the facility exhibits a pattern or practice of habitual violation of this chapter or the rules and regulations adopted pursuant thereto, or the facility is closing or intends to terminate operation as a licensed long-term health care facility and adequate arrangements for relocation of residents have not been made at least 30 days prior to the closing or termination, the director may petition the superior court for the county in which the long-term health care facility is located for an order appointing a receiver to temporarily operate the long-term health care facility in accordance with this article.

The petition shall allege the facts upon which the action is based and shall be supported by an affidavit of the director. A copy of the petition and affidavits, together with an order to appear and show cause why temporary authority to operate the long-term health care facility should not be vested in a receiver pursuant to this article, shall be delivered to the licensee, administrator, or a responsible person at the facility to the attention of the licensee and administrator. The order shall specify a hearing date, which shall be not less than five, nor more than 10, days following delivery of the petition and order upon the licensee, except that the court may shorten or lengthen the time upon a showing of just cause.

At the time of the hearing, the state department shall advise the licensee of the name of the proposed receiver. The receiver shall be a licensed nursing home administrator or other responsible person or entity, as determined by the court, and shall have sufficient background and experience in management and finances to ensure compliance with orders issued by the court. The owner, licensee, or administrator shall not be appointed as the receiver unless authorized by the court.

If at the conclusion of the hearing, which may include oral testimony and cross-examination at the option of any party, the court determines that adequate grounds exist for the appointment of a receiver and that there is no other reasonably available remedy to protect the patients, the court may issue an order appointing a receiver to temporarily operate the long-term health care facility and enjoining the licensee from interfering with the receiver in the conduct of his or her duties. The court shall in any such proceedings make written findings of fact and conclusions of law, and shall require an appropriate bond to be filed by the receiver and paid for by the licensee. The bond shall be in an amount necessary to protect the licensee in the event of any failure on the part of the receiver to act in a reasonable manner. The bond requirement may be waived by the licensee.

The court may permit the licensee to participate in the continued operation of the facility during the pendency of any receivership ordered pursuant to this section and shall issue an order detailing the nature and scope of participation.

Failure of the licensee to appear at the hearing on the petition shall constitute an admission of all factual allegations contained in the petition for purposes of these proceedings only.

The licensee shall receive notice and a copy of the application each time the receiver applies to the court or the state department for instructions regarding his or her duties under the provisions of this article, when an accounting pursuant to Section 1330 is submitted, and when a report pursuant to Section 1332 or other report is submitted. The licensee shall have an opportunity to present objections or otherwise participate in any such proceeding.

SEC. 2. Section 1329 of the Health and Safety Code is amended to read:

1329. (a) The receiver appointed pursuant to this article:

(1) May exercise those powers and shall perform those duties ordered by the court, in addition to other duties provided by statute.

(2) Shall operate the facility in such a manner as to assure safety and adequate health care for the residents.

(3) Shall have the same rights to possession of the building in which the facility is located, and of all goods and fixtures in the building at the time the petition for receivership is filed, as the licensee and administrator would have had if the receiver had not been appointed.

(4) May use the funds, building, fixtures, furnishings, and any

accompanying consumable goods in the provision of care and services to residents and to any other persons receiving services from the facility at the time the petition for receivership was filed.

(5) Shall take title to all revenue coming to the facility in the name of the receiver who shall use it for the following purposes in descending order of priority:

(A) To pay wages to staff. The receiver shall have full power to hire, direct, manage, and discharge employees of the facility, subject to any contractual rights they may have. The receiver shall pay employees at the same rate of compensation, including benefits, that the employees would have received from the licensee.

(B) To preserve patient funds. The receiver shall be entitled to, and shall take, possession of all property or assets of residents which are in the possession of the licensee or operator of the facility. The receiver shall preserve all property, assets, and records of residents of which the receiver takes possession.

(C) To contract for such outside services as may be needed for the operation of the long-term health care facility. Any contract for outside services in excess of three thousand dollars ($3,000) shall be approved by the court.

(D) To pay commercial creditors of the long-term health care facility. Except as provided in Section 1329.5, the receiver shall honor all leases, mortgages, and secured transactions affecting the building in which the facility is located and all goods and fixtures in the building of which the receiver has taken possession, but only to the extent of payments which, in the case of a rental agreement, are for the use of the property during the period of receivership, or which, in the case of a purchase agreement, come due during the period of receivership.

(E) To receive a salary, as approved by the court.

(F) To do all things necessary and proper to maintain and operate the facility in accordance with sound fiscal policies. The receiver shall take such action as is reasonably necessary to protect or conserve the assets or property of which the receiver takes possession and may use such assets or property only in the performance of the powers and duties set out in this section and by order of the court.

(G) To maintain a reasonable return on the licensee's investment.

(b) A person who is served with notice of an order of the court appointing a receiver and of the receiver's name and address shall be liable to pay the receiver, rather than the licensee, for any goods or services provided by the long-term health care facility after the date of the order. The receiver shall give a receipt for each such payment and shall keep a copy of each receipt on file. The receiver shall deposit amounts received in a special account and shall use this account for all disbursements. Payment to the receiver pursuant to this subdivision shall discharge the obligation to the extent of the payment and shall not thereafter be the basis of a claim by the licensee or any other person. A resident may not be discharged nor

may any contract or rights be forfeited or impaired, nor may any forfeiture be effected or liability increased, by reason of an omission to pay the licensee, operator, or other person a sum paid to the receiver pursuant to this subdivision.

(c) Nothing contained in this section shall be construed to suspend, during the temporary management by the receiver, any obligation of the licensee for payment of local, state, or federal taxes. No licensee may be held liable for acts or omissions of the receiver during the term of the temporary management.

(d) Upon petition of the receiver, the court may order immediate payment to the receiver for past services which have been rendered and billed, and the court may also order a sum not to exceed one month's advance payment to the receiver of any sums that will become payable under the Medi-Cal program.

SEC. 3. Section 1329.5 is added to the Health and Safety Code, to read:

1329.5. (a) A receiver may not be required to honor any lease, mortgage, secured transaction or other wholly or partially executory contract entered into by the owners or operators of the facility if both of the following criteria are met:

(1) The person seeking payment under the agreement was an operator or controlling person of the facility, as determined by the receiver, or was an affiliate of the operator or controlling person at the time the agreement was made.

(2) The rent, price, or rate of interest required to be paid under the agreement was substantially in excess of a reasonable rent, price, or rate of interest at the time the contract was entered into, as determined by the court.

(b) If the receiver is in possession of real estate or goods subject to a lease, mortgage, or security interest which the receiver is permitted to avoid pursuant to subdivision (a), and if the real estate or goods are necessary for the continued operation of the facility, the receiver may apply to the court to set a reasonable rent, price, or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing on this application within 15 days. The receiver shall send notice of the application to any known owner of the property involved at least 10 days prior to the hearing.

Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or possession of the goods or real estate, subject to the lease or mortgage, which is brought by any person who received the notice required by this subdivision. However, payment by the receiver of the amount determined by the court to be reasonable shall not relieve the owner or operator of the facility from any liability for the difference between the amount paid by the receiver and the amount due under the original lease, mortgage, or security interest.

SEC. 3.5. Section 1331 of the Health and Safety Code is amended to read:

1331. (a) The receiver shall be appointed for an initial period of not more than six months. The initial six-month period may be extended for additional periods not exceeding six months, as determined by the court pursuant to this section. At the end of four months, the receiver shall report to the court on its assessment of the probability that the long-term health care facility will meet state standards for operation by the end of the initial six-month period and will continue to maintain compliance with those standards after termination of the receiver's management. If it appears that the facility cannot be brought into compliance with state standards within the initial six-month period, the court shall take appropriate action as follows:

(1) Extend the receiver's management for an additional six months if there is a substantial likelihood that the facility will meet state standards within that period and will maintain compliance with the standards after termination of the receiver's management. The receiver shall report to the court in writing upon the facility's progress at the end of six weeks of any extension ordered pursuant to this paragraph.

(2) Order the director to revoke or temporarily suspend, or both, the license pursuant to Section 1296 and extend the receiver's management for the period necessary to transfer patients in accordance with the transfer plan, but in no event for more than six months from the date of the initial appointment of a receiver or 14 days, whichever is greater.

(b) If it appears at the end of six weeks of an extension ordered pursuant to paragraph (1) of subdivision (a) that the facility cannot be brought into compliance with state standards for operation or that it will not maintain compliance with those standards after the receiver's management is terminated, the court shall take appropriate action as specified in paragraph (2) of subdivision (a).

(c) In evaluating the probability that a long-term health care facility will maintain compliance with state standards of operation after the termination of receiver management ordered by the court, the court shall consider at least the following factors:

(1) The duration, frequency, and severity of past violations.

(2) Past and current violations in other long-term health care facilities operated by the licensee.

(3) Efforts by the licensee to prevent and correct past violations.

(4) The financial ability of the licensee to operate in compliance with state standards.

(5) The licensee's willingness and ability to comply with the rehabilitation plan established pursuant to subdivision (d).

(6) The recommendations and reports of the receiver.

(d) Management of a long-term health care facility operated by a receiver pursuant to this article shall not be returned to the licensee or to any agent or employee of the licensee unless a written rehabilitation plan is approved by the court and the plan specifies actions to be taken by the licensee to improve the management of,

and the patient care provided by, the facility and to secure and maintain compliance with state standards for operation. The state department shall monitor the facility's conformity with the rehabilitation plan. Failure to follow the plan shall be grounds for license revocation or suspension pursuant to Article 5 (commencing with Section 1294).

(e) The owner of the facility may at any time sell, lease, or close the facility, subject to the following provisions:

(1) If the owner closes the facility, or the sale or lease results in the closure of the facility, the court shall determine if a transfer plan is necessary. If the court so determines, the court shall adopt and implement a transfer plan of not more than 30 days.

(2) If the licensee proposes to sell or lease the facility and the facility will continue to operate as a long-term health care facility, the court and the state department shall reevaluate any proposed transfer plan. If the court and the state department determine that the sale or lease of the facility will result in compliance with licensing standards, the transfer plan and the receivership shall, subject to such conditions that the court may impose and enforce, be terminated upon the effective date of the sale or lease.

SEC. 4. Section 1422 of the Health and Safety Code is amended to read:

1422. (a) The Legislature finds and declares that it is the public policy of this state to assure that long-term health care facilities provide the highest level of care possible. The Legislature further finds that inspections are the most effective means of furthering this policy. It is not the intent of the Legislature by the amendment of subdivision (b) enacted by Chapter 1595 of the Statutes of 1982 to reduce in any way the resources available to the state department for inspections, but rather to provide the state department with the greatest flexibility to concentrate its resources where they can be most effective.

(b) Without providing notice of these inspections, the state department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to Section 1419, conduct inspections annually, except with regard to those facilities which have no class "AA", class "A", or class "B" violations in the past twelve months. The state department shall also conduct inspections as may be necessary to assure the health, safety, and security of patients in long-term health care facilities. Every facility shall be inspected at least once every two years.

The state department shall submit to the federal Department of Health and Human Services on or before July 1, 1985, for review and approval, a request to implement a three-year pilot program designed to lessen the predictability of the long-term health care facility inspection process. Two components of the pilot program shall be (1) the elimination of the present practice of entering into a one-year certification agreement, and (2) the conduct of segmented inspections of a sample of facilities with poor inspection

records, as defined by the state department. At the conclusion of the pilot project, an analysis of both components shall be conducted by the state department to determine effectiveness in reducing inspection predictability and the respective cost benefits. Implementation of this pilot project is contingent upon federal approval. The state department shall report annually to the Legislature on progress of the pilot project with a final report at the end of the third year.

(c) Except as otherwise provided in subdivision (b), the state department shall conduct unannounced direct patient care inspections at least annually to inspect physician and surgeon services, nursing services, pharmacy services, dietary services, and activity programs of all the long-term health care facilities. Facilities evidencing repeated serious problems in complying with this chapter or a history of poor performance, or both, shall be subject to periodic unannounced direct patient care inspections during the inspection year. The direct patient care inspections shall assist the state department in the prioritization of its efforts to correct facility deficiencies.

(d) All long-term health care facilities shall report to the state department any changes in the nursing home administrator or the director of nursing services within 10 calendar days of such changes.

(e) Within 90 days after the receipt of notice of a change in the nursing home administrator or the director of nursing services, the state department may conduct an abbreviated inspection of the long-term health care facilities.

SEC. 5. Section 1432 of the Health and Safety Code is amended to read:

1432. (a) No licensee shall discriminate or retaliate in any manner against any patient or any employee in its long-term health care facility on the basis or for the reason that the patient or the employee or any other person has presented a grievance or complaint, or has initiated or cooperated in any investigation or proceeding of any governmental entity relating to care, services, or conditions at that facility. A licensee who violates this section is subject to a civil penalty of no more than ten thousand dollars ($10,000), to be assessed by the director and collected in the manner provided in Section 1430.

(b) Any attempt to expel a patient from a long-term health care facility, or any type of discriminatory treatment of a patient by whom, or upon whose behalf, a grievance or complaint has been submitted, directly or indirectly, to any governmental entity or received by a long-term health care facility administrator or any proceeding instituted under or related to this chapter within 180 days of the filing of the complaint or the institution of the action, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

(c) Any attempt to terminate the employment, or other discriminatory treatment, of any employee who has presented a

grievance or complaint or has initiated, participated, or cooperated in any investigation or proceeding of any governmental entity as specified in subdivision (a), and where the facility or licensee had knowledge of the employee's initiation, participation, or cooperation, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation if it occurs within 120 days of the filing of the grievance or complaint, or the institution of the action.

(d) Presumptions provided for in subdivisions (b) and (c) shall be presumptions affecting the burden of producing evidence as provided in Section 603 of the Evidence Code.

(e) Where the civil penalty assessed is one thousand dollars ($1000) or less, the violation shall be issued and enforced in the same manner as a class "B" violation, except in no case shall the penalty be trebled. Where the civil penalty assessed is in excess of one thousand dollars ($1000), the violation shall be issued and enforced in the same manner as a class "A" violation, except in no case shall the penalty be trebled.

(f) Any person who willfully violates this section is guilty of an infraction punishable by a fine of not more than ten thousand dollars ($10,000).

(g) A licensee who violates this section is subject to a civil penalty or a criminal fine, but not both.

(h) Each long-term health care facility shall prominently post in a facility location accessible to staff, patients, and visitors written notice of the right to request an inspection pursuant to Section 1419, the procedure for doing so, including the right to remain anonymous, and the prohibition against retaliation.

SEC. 6. Section 1432.1 is added to the Health and Safety Code, to read:

1432.1. No licensee shall be cited for any violation caused by any person licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code) if the person is independent of, and not connected with, the licensee and the licensee shows that he or she has exercised reasonable care and diligence in notifying these persons of their duty to the patients in the licensee's long-term health care facility.

SEC. 7. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act

creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 9. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1632

An act to amend Sections 1420 and 1428 of, and to add Sections 1422.7 and 1534.5 to, the Health and Safety Code, and to add Sections 9726.1 and 9732 to the Welfare and Institutions Code, relating to health facilities, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 1420 of the Health and Safety Code is amended to read:

1420. (a) Upon receipt of a complaint, the state department shall assign an inspector to make a preliminary review of the complaint and shall notify the complainant of the name of the inspector. Unless the state department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection or investigation within 10 working days of the receipt of the complaint. In either event, the complainant shall be promptly informed of the state department's proposed course of action. Upon the request of either the complainant or the state department, the complainant or his or her representative, or both, may be allowed to accompany the inspector to the site of the alleged violations during his or her tour of the facility, unless the inspector determines that the privacy of any patient would be violated thereby.

When conducting an onsite inspection or investigation pursuant to this section, the state department shall collect and evaluate all available evidence and may issue a citation based upon, but not limited to, all of the following:

(1) Observed conditions.

(2) Statements of witnesses.

(3) Facility records.

(b) Upon being notified of the state department's determination as a result of the inspection or investigation, a complainant who is dissatisfied with the state department's determination, regarding a matter which would pose a threat to the health, safety, security, welfare, or rights of a resident, shall be notified by the state

department of the right to an informal conference, as set forth in this section, and may, within five business days after receipt of the notice, notify the director in writing of his or her request for an informal conference with the designee of the director for the county in which the long-term health care facility which is the subject of the complaint is located. The long-term health care facility may participate as a party in this informal conference. The director's designee shall notify the complainant and licensee of his or her determination within 10 working days after the informal conference and shall apprise the complainant and licensee in writing of the appeal rights provided in subdivision (c).

(c) If the complainant is dissatisfied with the determination of the director's designee in the county in which the facility is located, the complainant may, within five days after receipt of this determination, notify in writing the Deputy Director of the Licensing and Certification Division of the state department, who shall review the facts that led to both determinations. Based upon this review, the Deputy Director of the Licensing and Certification Division of the state department shall make his or her own determination and notify the complainant and the facility within 30 days.

(d) Any citation issued as a result of a conference or review provided for in subdivision (b) or (c) shall be issued and served upon the facility within three days of the final determination, excluding Saturday, Sunday, and holidays, unless the licensee agrees in writing to an extension of this time. Service shall be effected either personally or by registered or certified mail. A copy of the citation shall also be sent to each complainant.

SEC. 2. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If a licensee desires to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class AA or class A violation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located. The director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director

in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after a citation review conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review.

(b) If a licensee notifies the director that he or she intends to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation, the director shall immediately notify the Attorney General. Upon notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the court of competent jurisdiction for the county in which the long-term health care facility is located.

(c) If a licensee desires to contest a class "B" citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation (1) notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located; or (2) notify the director in writing of the licensee's intent to adjudicate the validity of the citation in the municipal court in the county in which the long-term health care facility is located. If requested by the licensee, the director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal court in the county in which the long-term health care facility is located. The action shall be filed no later than 60 calendar days after a licensee notifies the director that he or she intends to contest a citation, or, in the event a citation review conference is held, no later than 60 calendar days after a licensee notifies the director of his or her intent to contest the decision of the director's designee. If a judicial appeal is prosecuted under the provisions of this subdivision, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met

the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation or the decision made by the director's designee within the time specified in this subdivision, or fails to file a civil action within the time specified in this subdivision, the citation or the decision by the director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review. If a licensee prosecutes a judicial appeal of a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department.

(d) The person designated by the director to conduct the citation review conference shall not be an employee of the state department who is regularly assigned to the district licensing office from which the citation originated.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference.

(1) The complainant and his or her designated representative.

(2) A personal health care provider, designated by the resident.

(3) A personal attorney, only if the long-term health care facility has an attorney present.

(4) Any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institution Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents' council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(f) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:

(1) The probability and severity of the risk which the violation

presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability.

(4) The good-faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(g) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second or subsequent violation occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" violation is a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(h) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(i) Actions brought under the provisions of this chapter shall be set for trial at the earliest possible date and shall take precendence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing any such proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.

(j) If the citation is dismissed or reduced, the state department shall take action immediately to ensure that the public records reflect in a prominent manner that the citation was dismissed or reduced.

(k) Upon a licensee notifying the director of its intent to contest one or more citations or decisions made following a citation review conference where the total penalties do not exceed fifteen thousand dollars ($15,000), either the state or the licensee may elect to submit the matter to binding arbitration. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the petitioner's election, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. The decision of the arbitrator shall be based upon substantive law and shall be binding on all parties, subject to judicial review. This review

shall be limited to whether there was substantial evidence to support the decision of the arbitrator.

The arbitrator shall determine which of the parties are financially liable for arbitration costs based upon the position each took at the commencement of the arbitration proceedings compared to the decision of the arbitrator.

The retention of, renewal of, or application for, a license to operate a skilled nursing facility or intermediate care facility shall, for purposes of the administration of this chapter, be deemed a written agreement to arbitrate contested citations within the meaning of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Without extending the time for commencement of these hearings, the provisions of Section 1283.05 of the Code of Civil Procedure shall be applicable to all proceedings to arbitrate citations issued pursuant to this chapter, except that depositions may be noticed and taken without prior approval of the arbitrator.

Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this subdivision. Any costs or penalties assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this provision, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients of the facility.

SEC. 3. Section 1422.7 is added to the Health and Safety Code, to read:

1422.7. The state department shall provide the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, with copies of inspection reports for long-term health care facilities upon request. The state department shall provide the office with copies of all class "AA," "A," and "B" citations issued.

SEC. 4. Section 1534.5 is added to the Health and Safety Code, to read:

1534.5. The state department shall provide the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, with copies of inspection reports for community care facilities upon request.

SEC. 5. Section 9726.1 is added to the Welfare and Institutions Code, to read:

9726.1. The office, as defined in subdivision (c) of Section 9701, may do any or all of the following:

(a) Advise the public of any inspection report, statements of deficiency, and plans of correction for any long-term health care facilities within its service area.

(b) Promote visitation programs to long-term health care facilities within its service area.

(c) Establish and assist in the development of resident, family, and friends' councils.

(d) Sponsor other community involvement in long-term health care facilities.

(e) Present community education and training programs to long-term health care facilities, human service workers, families, and the general public about long-term care and residents' rights issues.

(f) Those programs created under the provisions of this section which are held in a facility shall be developed in consultation with the facility. If the facility and the ombudsman cannot agree on these programs, the State Long-Term Care Ombudsman may assist in resolving the dispute.

SEC. 6. Section 9732 is added to the Welfare and Institutions Code, to read:

9732. Any person who willfully interferes with any lawful action of the office, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, is subject to a civil penalty of no more than one thousand dollars ($1,000) to be assessed by the Director of Aging who shall initiate the action, upon the request of the office, to collect the penalties in the jurisdiction in which the facility is located.

SEC. 7. The sum of two hundred eight thousand five hundred dollars ($208,500) is hereby appropriated from the General Fund to the Office of the State Long-Term Care Ombudsman for purposes of carrying out the provisions of Section 9726.1 of the Welfare and Institutions Code.

SEC. 8. Sections 1 to 7, inclusive of this act shall not become operative unless Assembly Bill No. 2909 of the 1983–84 Regular Session is chaptered and becomes effective on or before January 1, 1985.

CHAPTER 1633

An act to amend Section 647 of the Penal Code, relating to crimes.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who engages in any act of prostitution. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself and to account for his presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands such identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, toluene, or any such poison, in such a condition that he is unable to exercise care for his own safety or the safety of others, or by reason of his being under the influence of intoxicating liquor, any drug, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, toluene, or any such poison, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(ff) When a person has violated subdivision (f) of this section, a peace officer, if he is reasonably able to do so, shall place the person, or cause him to be placed, in civil protective custody. Such person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to such placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(g) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant thereof. As used in the subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(h) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window

of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.

(i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading; and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he has served a period of not less than 45 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading; and, if two or more of such previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he has served a period of not less than 90 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1634

An act to amend Section 261 of the Penal Code, relating to crimes.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 261 of the Penal Code is amended to read:

261. Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of mental disease, defect, or disorder or because of physical disability, of giving consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disease, defect, or disorder or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating, narcotic, or anaesthetic substance, administered by or with the privity of the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused.

(5) Where a person submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or

eliminates a crime or infraction.

CHAPTER 1635

An act to amend Sections 2237, 2238, 2239, 2762, 2878.5, 2960, 4035, 4035.2, 4036.2, 4036.4, 4227, 4229, 4230, 4353, 4358, 4362, 4363, 4521, 4883, 4955, 6581, 7431, and 24200.5 of the Business and Professions Code, to amend Sections 44011, 44345, 44346, 44425, 44436, 44836, 44940, 45123, 76033, 87009, 87011, 87290, 87335, 87405, 88022, and 89535 of the Education Code, to amend Sections 818.7, 18935, and 19572 of the Government Code, to amend Sections 11350, 11351, 11352, 11353, 11354, 11355, 11361.5, 11364, 11364.5, 11365, 11366, 11370, 11373, 11377, 11378, 11378.5, 11379, 11379.5, 11380, 11380.5, 11382, 11383, 11550, 11591, and 26665 of, to add Sections 11054, 11055, 11056, 11057, 11058, and 11375 to, to repeal Sections 11007, 11054, 11055, 11056, 11057, 11058, 11150.5, 11375, and 11376 of, the Health and Safety Code, to amend Section 10369.12 of the Insurance Code, to amend Sections 222, 261, 647, 849, 1237, 1466, 2772, 2790, 4573, 4573.5, 4573.6, and 6102 of the Penal Code, to amend Section 21407.5 of the Public Utilities Code, to amend Sections 1803, 1808.5, and 13202 of the Vehicle Code, and to amend Sections 330, 654, 708, 1001.5, 5340, 5342, 5343, and 5344 of, to repeal and add Section 5341 of, and to amend the heading of Article 8 (commencing with Section 5340) of Chapter 2 of Part 1 of Division 5 of, the Welfare and Institutions Code, relating to crimes.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2237 of the Business and Professions Code is amended to read:

2237. (a) The conviction of a charge of violating any federal statutes or regulations or any statute or regulation of this state, regulating dangerous drugs or controlled substances, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section.

(b) Discipline may be ordered in accordance with Section 2227 or the Division of Licensing may order the denial of the license when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

SEC. 2. Section 2238 of the Business and Professions Code is amended to read:

2238. A violation of any federal statute or federal regulation or any of the statutes or regulations of this state regulating dangerous drugs or controlled substances constitutes unprofessional conduct.

SEC. 3. Section 2239 of the Business and Professions Code is amended to read:

2239. (a) The use or prescribing for or administering to himself or herself, of any controlled substance; or the use of any of the dangerous drugs specified in Section 4211, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely or more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this section, or any combination thereof, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct.

(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The Division of Medical Quality may order discipline of the licensee in accordance with Section 2227 or the Division of Licensing may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

SEC. 4. Section 2762 of the Business and Professions Code is amended to read:

2762. In addition to other acts constituting unprofessional conduct within the meaning of this chapter it is unprofessional conduct for a person licensed under this chapter to do any of the following:

(a) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist, or podiatrist administer to himself or herself, or furnish or administer to another, any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of the Business and Professions Code.

(b) Use any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of the Business and Professions Code, or alcoholic beverages, to an extent or in a manner dangerous or injurious to himself or herself, any other person, or the

public or to the extent that such use impairs his or her ability to conduct with safety to the public the practice authorized by his or her license.

(c) Be convicted of a criminal offense involving the prescription, consumption, or self-administration of any of the substances described in subdivisions (a) and (b) of this section, or the possession of, or falsification of a record pertaining to, the substances described in subdivision (a) of this section, in which event the record of the conviction is conclusive evidence thereof.

(d) Be committed or confined by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in subdivisions (a) and (b) of this section, in which event the court order of commitment or confinement is prima facie evidence of such commitment or confinement.

(e) Falsify, or make grossly incorrect, grossly inconsistent, or unintelligible entries in any hospital, patient, or other record pertaining to the substances described in subdivision (a) of this section.

SEC. 5. Section 2878.5 of the Business and Professions Code is amended to read:

2878.5. In addition to other acts constituting unprofessional conduct within the meaning of this chapter it is unprofessional conduct for a person licensed under this chapter to do any of the following:

(a) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist or podiatrist administer to himself or herself or furnish or administer to another, any controlled substance as defined in Division 10 of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of this code.

(b) Use any controlled substance as defined in Division 10 of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of this code, or alcoholic beverages, to an extent or in a manner dangerous or injurious to himself or herself, any other person, or the public, or to the extent that such use impairs his or her ability to conduct with safety to the public the practice authorized by his or her license.

(c) Be convicted of a criminal offense involving possession of any narcotic or dangerous drug, or the prescription, consumption, or self-administration of any of the substances described in subdivisions (a) and (b) of this section, in which event the record of the conviction is conclusive evidence thereof.

(d) Be committed or confined by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in subdivisions (a) and (b) of this section, in which event the court order of commitment or confinement is prima facie evidence of such commitment or confinement.

(e) Falsify, or make grossly incorrect, grossly inconsistent, or

unintelligible entries in any hospital, patient, or other record pertaining to narcotics or dangerous drugs as specified in subdivision (b).

SEC. 6. Section 2960 of the Business and Professions Code is amended to read:

2960. The committee may order the denial of an application for licensure, or issue a license with terms and conditions, or, as to any licensee, order the suspension for a period not exceeding one year, or the revocation of, or the imposition of probationary conditions upon, a licensee for any of the following causes:

(a) Conviction of a crime substantially related to the qualifications, functions or duties of a psychologist or psychological assistant.

(b) Use of any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or dangerous drug, or any alcoholic beverage to an extent or in a manner dangerous to himself or herself, any other person, or the public, or to an extent that such use impairs his or her ability to perform the work of a psychologist with safety to the public.

(c) Fraudulently or neglectfully misrepresenting the type or status of license or registration actually held.

(d) Impersonating another person holding a psychology license or allowing another person to use his or her license or registration.

(e) Using fraud or deception in applying for a license or registration or in passing the examination provided for in this chapter.

(f) Accepting commissions or rebates or other forms of remuneration for referring persons to other professionals.

(g) Violating Section 17500.

(h) Willful, unauthorized communication of information received in professional confidence.

(i) Violating any rule of professional conduct promulgated by the committee and set forth in regulations duly adopted under this chapter.

(j) Being grossly negligent in the practice of his or her profession.

(k) Violating any of the provisions of this chapter or regulations duly adopted thereunder.

(*l*) The aiding or abetting of any person to engage in the unlawful practice of psychology.

(m) The suspension, revocation or imposition of probationary conditions by another state of a license or certificate to practice psychology or as a psychological assistant issued by that state to a person also holding a license or registration issued under this chapter if the act for which the disciplinary action was taken constitutes a violation of this section.

(n) The commission of any dishonest, corrupt, or fraudulent act or any act of sexual abuse, or sexual relations with a patient, or sexual misconduct which is substantially related to the qualifications, functions or duties of a psychologist or psychological assistant.

(o) Functioning outside of his or her particular field or fields of competence as established by his or her education, training, and experience.

SEC. 7. Section 4035 of the Business and Professions Code is amended to read:

4035. Pharmacy is an area, place, or premises in which the profession of pharmacy is practiced and where prescriptions are compounded. "Pharmacy" includes, but is not limited to, any area, place, or premises described in a permit issued by the board by reference to plans filed with and approved by the board wherein controlled substances or dangerous drugs or dangerous devices, as they are herein defined, are stored, possessed, prepared, manufactured, derived, compounded, or repackaged, and from which the controlled substances or dangerous drugs or dangerous devices are furnished, sold, or dispensed at retail.

"Pharmacy" shall not include any area in a facility licensed by the State Department of Health Services where floor supplies, ward supplies, operating room supplies, or emergency room supplies of drugs or dangerous devices are stored or possessed solely for treatment of patients registered for treatment in the facility or for treatment of patients receiving emergency care in the facility.

"Controlled substances or dangerous drugs or dangerous devices" as used herein shall include, but is not limited to, all controlled substances, drugs, or devices which are included within one or more of the following classifications:

(a) Drugs or devices bearing the legend, "Caution, federal law prohibits dispensing without prescription," or words of similar import.

(b) Controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

(c) Drugs or devices enumerated in Section 4211.

(d) Hypodermic syringes and needles, or other drugs or devices, the sale of which is restricted by law to a registered pharmacist.

Neither this section nor any other provision of law shall be construed as prohibiting a pharmacy from furnishing a prescription drug or device to a licensed health care facility for storage in a secured emergency pharmaceutical supplies container maintained within the facility in accordance with facility regulations of the State Department of Health Services set forth in Title 22 of the California Administrative Code.

SEC. 8. Section 4035.2 of the Business and Professions Code is amended to read:

4035.2. No person other than a registered pharmacist as defined in Section 4037 or an intern pharmacist as defined in Section 4038.1 or an authorized officer of the law or a person authorized to prescribe as provided by Section 4036 shall be permitted in that area, place or premises described in the permit issued by the board pursuant to Section 4035 wherein controlled substances or dangerous drugs or dangerous devices as therein defined are stored, possessed,

prepared, manufactured, derived, compounded, or repackaged, except that a registered pharmacist shall be responsible for any individual who enters the pharmacy as described in Section 4035 for the purposes of receiving consultation from the pharmacist or of performing clerical, inventory control, housekeeping, delivery, maintenance or similar functions relating to the pharmacy, if the registered pharmacist remains present in the pharmacy during all times as such authorized individual is present.

The board may by regulation establish reasonable security measures consistent with this section in order to prevent unauthorized persons from gaining access to such area, place or premises or to the controlled substances or dangerous drugs or dangerous devices therein.

SEC. 9. Section 4036.2 of the Business and Professions Code is amended to read:

4036.2. Notwithstanding any other provision of law, a prescriber may authorize his or her employee on his or her behalf to orally transmit a prescription to the furnisher. The furnisher shall record the name of the employee of the prescriber who transmits the order.

This section shall not apply to orders for Schedule II controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

SEC. 10. Section 4036.4 of the Business and Professions Code is amended to read:

4036.4. Notwithstanding any other provision of law, a registered pharmacist, registered nurse, licensed vocational nurse, licensed psychiatric technician, or other healing arts licentiate, if so authorized by administrative regulation, who is employed by or serves as a consultant for a licensed skilled nursing, intermediate care or other health care facility, may orally transmit to the furnisher a prescription lawfully ordered by a person authorized to prescribe drugs or devices pursuant to Section 4036. The furnisher shall record the name of the person who transmits the order. This section shall not apply to orders for Schedule II controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

In enacting this section, the Legislature recognizes and affirms the role of the Department of Health Services in regulating drug order processing requirements for licensed health care facilities as set forth in Title 22 of the California Administrative Code as they may be amended from time to time.

SEC. 11. Section 4227 of the Business and Professions Code is amended to read:

4227. (a) No person shall furnish any dangerous drug except upon the prescription of a physician, dentist, podiatrist, or veterinarian.

(b) The provisions of this section do not apply to the furnishing of any dangerous drug by a manufacturer or wholesaler or pharmacy to each other or to a physician, dentist, podiatrist, or veterinarian, or

to a laboratory under sales and purchase records that correctly give the date, the names and addresses of the supplier and the buyer, the drug and its quantity.

(c) A registered pharmacist, or a person exempted pursuant to Section 4050.7, may distribute dangerous drugs and devices directly to hemodialysis patients pursuant to regulations promulgated by the board. The board shall promulgate such regulations as are necessary to insure the safe distribution of such drugs and devices to hemodialysis patients without interruption of supply including, but not limited to, the following: vendor licensing, records and labeling, patient receipts, patient training, report records, specific product and quantity limitations, verification order forms, reports and supplies, adequate establishment facilities, and reports to the board. A person who violates a regulation promulgated pursuant to this subdivision shall be liable upon order of the board to surrender his or her personal license. These penalties shall be in addition to penalties which may be imposed pursuant to Sections 4389 and 4350.5. If the board finds any hemodialysis drugs or devices distributed pursuant to this subdivision to be ineffective or unsafe for the intended use, the board may institute immediate recall of any or all of such drugs or devices distributed to individual patients.

(d) Home hemodialysis patients who receive any drugs or devices pursuant to subdivision (c) shall have completed a full course of home training given by a renal dialysis center accredited by the State Department of Health Services. The physician and surgeon prescribing the hemodialysis products shall submit proof satisfactory to the manufacturer or wholesaler that the patient has completed such program.

(e) A registered pharmacist may furnish a dangerous drug authorized for use pursuant to Section 2620.3 to a physical therapist or may furnish a topical pharmaceutical agent authorized for use pursuant to subdivision (e) of Section 3041 to an optometrist. A record containing the date, name and address of the buyer, and name and quantity of the drug shall be maintained. The provisions of this subdivision shall not be construed to authorize the furnishing of a controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

SEC. 11.5. Section 4227 of the Business and Professions Code is amended to read:

4227. (a) No person shall furnish any dangerous drug except upon the prescription of a physician, dentist, podiatrist, veterinarian, or nurse practitioner.

(b) The provisions of this section do not apply to the furnishing of any dangerous drug by a manufacturer or wholesaler or pharmacy to each other or to a physician, dentist, podiatrist, veterinarian, or to a laboratory under sales and purchase records that correctly give the date, the names and addresses of the supplier and the buyer, the drug and its quantity.

(c) A registered pharmacist, or a person exempted pursuant to

Section 4050.7, may distribute dangerous drugs and devices directly to hemodialysis patients pursuant to regulations promulgated by the board. The board shall promulgate such regulations as are necessary to insure the safe distribution of such drugs and devices to hemodialysis patients without interruption of supply including, but not limited to, the following: vendor licensing, records and labeling, patient receipts, patient training, report records, specific product and quantity limitations, verification order forms, reports and supplies, adequate establishment facilities, and reports to the board. A person who violates a regulation promulgated pursuant to this subdivision shall be liable upon order of the board to surrender his or her personal license. These penalties shall be in addition to penalties which may be imposed pursuant to Sections 4389 and 4350.5. If the board finds any hemodialysis drugs or devices distributed pursuant to this subdivision to be ineffective or unsafe for the intended use, the board may institute immediate recall of any or all of such drugs or devices distributed to individual patients.

(d) Home hemodialysis patients who receive any drugs or devices pursuant to subdivision (c) shall have completed a full course of home training given by a renal dialysis center accredited by the State Department of Health Services. The physician and surgeon prescribing the hemodialysis products shall submit proof satisfactory to the manufacturer or wholesaler that the patient has completed such program.

(e) A registered pharmacist may furnish a dangerous drug authorized for use pursuant to Section 2620.3 to a physical therapist or may furnish a topical pharmaceutical agent authorized for use pursuant to subdivision (e) of Section 3041 to an optometrist. A record containing the date, name and address of the buyer, and name and quantity of the drug shall be maintained. The provisions of this subdivision shall not be construed to authorize the furnishing of a controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

SEC. 12. Section 4229 of the Business and Professions Code is amended to read:

4229. No prescription for any dangerous drug may be refilled except upon authorization of the prescriber which may be given orally or at the time of giving the original prescription. No prescription for any dangerous drug which is a controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code may be designated refillable as needed.

SEC. 13. Section 4230 of the Business and Professions Code is amended to read:

4230. No person shall have in possession any controlled substance, except that furnished to such person upon the prescription of a physician, dentist, podiatrist, or veterinarian. The provisions of this section do not apply to the possession of any controlled substance by a manufacturer or wholesaler or a pharmacy or physician or podiatrist or dentist or veterinarian, when in stock in containers

correctly labeled with the name and address of the supplier or producer.

SEC. 14. Section 4353 of the Business and Professions Code is amended to read:

4353. The administering to himself or herself, of any controlled substance, or the use of any of the dangerous drugs specified by Section 4211 of this code, or of alcoholic beverages to the extent or in such manner as to be dangerous or injurious to a person holding a certificate, license, permit, registration or exemption under this chapter, or to any other person or to the public, or to the extent that such use impairs the ability of such person so holding a certificate, license, permit, registration or exemption to conduct with safety to the public the practice authorized by such certificate, license, permit, registration or exemption or the conviction of more than one misdemeanor or any felony involving the use, consumption or self-administration of any of the substances referred to in this section or any combination thereof, constitutes unprofessional conduct within the meaning of this chapter.

SEC. 15. Section 4358 of the Business and Professions Code is amended to read:

4358. The conviction of or cash compromise of a charge of violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code regulating controlled substances, or the conviction of a violation of the statutes of this state, regulating controlled substances, or dangerous drugs, constitutes unprofessional conduct within the meaning of this chapter. The record of the conviction or compromise is conclusive evidence of such unprofessional conduct. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The board may order the certificate, license, permit, registration or exemption suspended or revoked, or may decline to issue a certificate, license, permit, registration or exemption, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

SEC. 16. Section 4362 of the Business and Professions Code is amended to read:

4362. Except as otherwise authorized by law, knowingly selling, furnishing, giving away or administering or offering to sell, furnish, give away or administer any Schedule I or II controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code to a habitué or addict constitutes unprofessional conduct within the meaning of this chapter.

SEC. 17. Section 4363 of the Business and Professions Code is

amended to read:

4363. The violation of any of the statutes of this state regulating controlled substances and dangerous drugs constitutes unprofessional conduct within the meaning of this chapter.

SEC. 18. Section 4521 of the Business and Professions Code is amended to read:

4521. The board may suspend or revoke a license issued under this chapter for any of the following reasons:

(a) Unprofessional conduct, which includes but is not limited to any of the following:

(1) Incompetence or gross negligence in carrying out usual psychiatric technician functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 (commencing with Section 2000) of Division 2 of this code, the record of conviction being conclusive evidence thereof.

(3) The use of advertising relating to psychiatric technician services which violates Section 17500 of this code.

(4) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist, or podiatrist administer to himself or herself or furnish or administer to another, any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of the Business and Professions Code.

(5) Use any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of the Business and Professions Code, or alcoholic beverages, to an extent or in a manner dangerous or injurious to himself or herself, any other person, or the public or to the extent that such use impairs his or her ability to conduct with safety to the public the practice authorized by his or her license.

(6) Be convicted of a criminal offense involving the falsification of records concerning prescription, possession, or consumption of any of the substances described in paragraphs (4) and (5) of this subdivision, in which event the record of the conviction is conclusive evidence of such conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(7) Be committed or confined by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in paragraphs (4) and (5) of this subdivision, in which event the court order of commitment or confinement is prima facie evidence of such commitment or confinement.

(8) Falsify, or make grossly incorrect, grossly inconsistent, or unintelligible entries in any hospital, patient, or other record pertaining to the substances described in paragraph (4) of this

subdivision.

(b) Procuring a certificate or license by fraud, misrepresentation or mistake.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision or terms of this chapter.

(e) Giving any false statement or information in connection with an application.

(f) Conviction of any offense substantially related to the qualifications, functions, and duties of a psychiatric technician, in which event the record of the conviction shall be conclusive evidence of such conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required by this chapter.

(h) Impersonating another practitioner, or permitting another person to use his or her certificate or license.

(i) The use of excessive force upon or the mistreatment or abuse of any patient.

(j) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of or arranging for a violation of any of the provisions of Article 13 (commencing with Section 2360) of Chapter 5 of Division 2.

SEC. 19. Section 4883 of the Business and Professions Code is amended to read:

4883. The board may deny, revoke, or suspend a license or assess a fine as provided in Section 4875 for any of the following:

(a) Conviction of a crime substantially related to the qualifications, functions, or duties of veterinary medicine, surgery, or dentistry, in which case the record of such conviction shall be conclusive evidence.

(b) For having professional connection with or lending one's name to any illegal practitioner of veterinary medicine and the various branches thereof.

(c) Violation or attempting to violate, directly or indirectly, any of the provisions of this chapter.

(d) Fraud or dishonesty in applying, treating or reporting on tuberculin or other biological tests.

(e) Employment of anyone but a veterinarian licensed in the State of California to demonstrate the use of biologics in the treatment of animals.

(f) False or misleading advertising having for its purpose or intent deception or fraud.

(g) Unprofessional conduct, which includes, but is not limited to, the following:

(1) Conviction of a charge of violating any federal statutes or rules

or any statute or rule of this state, regulating dangerous drugs or controlled substances. The record of the conviction is conclusive evidence thereof. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The board may order the license suspended or revoked, or assess a fine, or decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

(2) The use of or prescribing for or administering to himself or herself, any controlled substance; or the use of any of the dangerous drugs specified in Section 4211 of this code, or of alcoholic beverages to the extent, or in such a manner as to be dangerous or injurious to a person licensed under this chapter, or to any other person or to the public, or to the extent that such use impairs the ability of such person so licensed to conduct with safety the practice authorized by the license; or the conviction of more than one misdemeanor or any felony involving the use, consumption or self-administration of any of the substances referred to in this section or any combination thereof and the record of the conviction is conclusive evidence; a plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section; the board may order the license suspended or revoked or assess a fine, or may decline to issue a license, when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

(3) A violation of any federal statute, or rule or regulation or any of the statutes or rules or regulations of this state regulating dangerous drugs or controlled substances.

(h) Failure to keep one's premises and all equipment therein in a clean and sanitary condition.

(i) Fraud, deception, negligence, or incompetence in the practice of veterinary medicine.

(j) Aiding or abetting in any acts which are in violation of any of the provisions of this chapter.

(k) The employment of fraud, misrepresentation, or deception in obtaining such license.

(*l*) The revocation by a sister state or territory of a license or certificate by virtue of which one is licensed to practice veterinary medicine in that state or territory;

(m) Conviction on a charge of cruelty to animals.

(n) Disciplinary action taken by any public agency for any act substantially related to the practice of veterinary medicine.

SEC. 20. Section 4955 of the Business and Professions Code is amended to read:

4955. The committee may deny, suspend, or revoke, or impose probationary conditions upon, the certificate of any acupuncturist if he or she is guilty of unprofessional conduct which has endangered or is likely to endanger the health, safety, or welfare of the public.

Such unprofessional conduct shall include the following:

(a) Securing a certificate by fraud or deceit.

(b) Committing a fraudulent or dishonest act as an acupuncturist resulting in substantial injury to another.

(c) Using any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or dangerous drug, or alcoholic beverage to an extent or in a manner dangerous to himself or herself, or to any other person, or to the public, and to an extent that such use impairs his or her ability to engage in the practice of acupuncture with safety to the public.

(d) Conviction of a crime substantially related to the qualifications, functions, or duties of an acupuncturist, the record of conviction being conclusive evidence thereof.

(e) Improper advertising.

(f) Violating or conspiring to violate the terms of this chapter.

SEC. 21. Section 6581 of the Business and Professions Code is amended to read:

6581. Habitual drunkenness or habitual addiction to the use of any controlled substance constitutes a cause for disciplinary action.

SEC. 21.5. Section 6581 of the Business and Professions Code is amended and renumbered to read:

6574. Habitual drunkenness or habitual addiction to the use of any controlled substance constitutes a cause for disciplinary action.

SEC. 22. Section 7431 of the Business and Professions Code is amended to read:

7431. The grounds for disciplinary action are as follows:

(a) Failure of a person, firm or corporation operating a cosmetological establishment or school of cosmetology or engaged in the practice of cosmetology or any of its branches to comply with the requirements of this chapter.

(b) Failure to comply with the rules governing sanitary conditions, adopted by the board and approved by the State Department of Health, for the regulation of cosmetological establishments, schools of cosmetology or the practice of cosmetology.

(c) Failure to comply with the rules adopted by the board for the regulation of cosmetological establishments, schools of cosmetology, or the practice of cosmetology.

(d) Obtaining practice in cosmetology, or any branch thereof, or money, or any other thing of value, by fraudulent misrepresentation.

(e) Gross negligence.

(f) Repeated similar negligent acts.

(g) Incompetence.

(h) Continued practice by a person knowingly having an infectious or contagious disease.

(i) Habitual drunkenness, or addiction to the use of any controlled substance.

(j) Advertisement by means of knowingly false or deceptive statements.

(k) Permitting a certificate of registration or license to be used where the holder is not personally, actively and continuously engaged in business.

(*l*) Failure to display the license or sanitary rules and regulations in a conspicuous place.

(m) Conviction of any crime substantially related to the qualifications, functions, or duties of the registration or license holder, in which case the record of conviction or a certified copy, shall be conclusive evidence thereof.

(n) Engaging, outside of a licensed school of cosmetology or cosmetological establishment and for compensation in any form whatever, in any practice for which a license is required under this chapter, except that when such service is necessary because of the illness or other physical incapacity of the person with respect to whom it is performed, it may be performed by a licensee obtained for the purpose from a licensed cosmetological establishment.

(o) Any action or conduct which would have warranted the denial of a certificate or license.

SEC. 23. Section 24200.5 of the Business and Professions Code is amended to read:

24200.5. Notwithstanding the provisions of Section 24200, the department shall revoke a license upon any of the following grounds:

(a) If a retail licensee has knowingly permitted the illegal sale, or negotiations for such sales, of controlled substances or dangerous drugs upon his licensed premises. Successive sales, or negotiations for such sales, over any continuous period of time shall be deemed evidence of such permission. As used in this section, "controlled substances" shall have the same meaning as is given that term in Article 1 (commencing with Section 11000) of Chapter 1 of Division 10 of the Health and Safety Code, and "dangerous drugs" shall have the same meaning as is given that term in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of this code.

(b) If the licensee has employed or permitted any persons to solicit or encourage others, directly or indirectly, to buy them drinks in the licensed premises under any commission, percentage, salary, or other profit-sharing plan, scheme, or conspiracy.

SEC. 24. Section 44011 of the Education Code is amended to read:

44011. "Controlled substance offense" as used in Sections 44346, 44425, 44436, 44836, and 45123 means any one or more of the following offenses:

(a) Any offense in Sections 11350 to 11355, inclusive, 11366, 11368, 11377 to 11382, inclusive, and 11550 of the Health and Safety Code.

(b) Any offense committed or attempted in any other state or against the laws of the United States which, if committed or attempted in this state, would have been punished as one or more of the above-mentioned offenses.

(c) Any offense committed under former Sections 11500 to 11503, inclusive, 11557, 11715, and 11721 of the Health and Safety Code.

(d) Any attempt to commit any of the above-mentioned offenses.

SEC. 25. Section 44345 of the Education Code is amended to read:

44345. The commission may deny any application for the issuance of a credential or for the renewal of a credential made by any applicant who falls under any of the following categories:

(a) Lacks the qualifications which are prescribed by law or regulations adopted by the commission pursuant thereto.

(b) Is physically or mentally so disabled as to be rendered unfit to perform the duties authorized by the credential for which he or she applies. However, the mere fact that an applicant has sought or received psychiatric treatment shall not be considered as preliminary evidence of mental disability and shall not provoke special scrutiny of such applicant's qualifications for a credential.

(c) Is addicted to the use of intoxicating beverages to excess.

(d) Is addicted to the use of controlled substances.

(e) Has committed any act involving moral turpitude.

(f) Has had a certification document revoked.

(g) Has intentionally practiced or attempted to practice any material deception or fraud in his or her application.

(h) Fails or refuses to furnish reasonable evidence of identification or good moral character.

(i) Has been convicted of any offense defined in subdivision 1 of Section 314 of the Penal Code prior to September 7, 1955.

Any denial pursuant to subdivisions (a) to (e), inclusive, shall be based upon reasons related to the applicant's fitness to teach or fitness to perform other duties for which that applicant is certificated, or competence to perform the duties which the credential would authorize the applicant to perform.

SEC. 26. Section 44346 of the Education Code is amended to read:

44346. (a) The commission shall deny any application for the issuance of a credential or for the renewal of a credential made by any applicant who comes within any of the following classes:

(1) Has been determined to be a sexual psychopath under the provisions of Article 1 (commencing with Section 6300), Chapter 2, Part 2, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state.

(2) Has been convicted of any sex offense as defined in Section 44010.

(3) Has been convicted of a controlled substance offense as defined in Section 44011.

(b) Notwithstanding paragraphs (2) and (3) of subdivision (a), no

person shall be denied a credential solely on the basis that he or she has been convicted of a crime specified in paragraphs (2) and (3) of subdivision (a) if the person has obtained a certificate of rehabilitation under Section 4852.01 and following of the Penal Code, and if his or her probation has been terminated and the information or accusation has been dismissed pursuant to Section 1203.4 of the Penal Code.

(c) Notwithstanding paragraph (3) of subdivision (a) or subdivision (b), the commission may issue a credential to a person convicted of a controlled substance offense as defined in Section 44011 if the commission determines from the evidence presented that the person has been rehabilitated for at least five years, or has received a certificate of rehabilitation and pardon pursuant to Section 4852.01 of the Penal Code, or if the accusation or information against the person has been dismissed and he or she has been released from all disabilities and penalties resulting from the offense pursuant to Section 1203.4 of the Penal Code.

SEC. 27. Section 44425 of the Education Code is amended to read:

44425. Whenever the holder of any credential issued by the State Board of Education or the Commission for Teacher Preparation and Licensing has been convicted of any sex offense as defined in Section 44010 or controlled substance offense as defined in Section 44011, the commission shall forthwith suspend the credential. If the conviction is reversed and the holder is acquitted of the offense in a new trial or the charges against him or her are dismissed, the commission shall forthwith terminate the suspension of the credential. When the conviction becomes final or when imposition of sentence is suspended, the commission shall forthwith revoke the credential.

SEC. 28. Section 44436 of the Education Code is amended to read:

44436. Whenever the holder of a certificate issued by a county board of education has been convicted of any sex offense as defined in Section 44010 or controlled substance offense as defined in Section 44011, the county board of education shall forthwith suspend the certificate. If the conviction is reversed and the holder is acquitted of the offense in a new trial or the charges against him or her are dismissed, the board shall forthwith terminate the suspension of the certificate. When the conviction becomes final or when imposition of sentence is suspended, the board shall forthwith revoke the certificate.

SEC. 29. Section 44836 of the Education Code is amended to read:

44836. Governing boards of school districts shall not employ or retain in employment persons in public school service who have been convicted of any sex offense as defined in Section 44010 or controlled substance offense as defined in Section 44011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter.

However, a governing board may employ a person convicted of a controlled substance offense in a position requiring certification

qualifications if such person holds an appropriate credential issued by the Commission for Teacher Preparation and Licensing.

SEC. 30. Section 44940 of the Education Code is amended to read:

44940. Whenever any certificated employee of a school district is charged with the commission of any sex offense as defined in Section 44010 by complaint, information, or indictment filed in a court of competent jurisdiction, the governing board of the school district shall immediately place the employee upon compulsory leave of absence for a period of time extending for not more than 10 days after the date of the entry of the judgment in the proceedings. Such employee's teaching or service credential shall be automatically suspended for the same period of time. The governing board of the school district may extend the compulsory leave of absence of the employee beyond such period by giving notice to the employee within 10 days after the entry of judgment in the proceedings that the employee will be dismissed at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in this article.

Any employee placed upon compulsory leave of absence pursuant to this section shall continue to be paid his or her regular salary during the period of his or her compulsory leave of absence if and during such time as he or she furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him or her during the period of the compulsory leave of absence in case the employee is convicted of such charges, or fails or refuses to return to service following an acquittal of the offense or dismissal of the charges. If the employee is acquitted of the offense, or the charges against the employee are dismissed, the school district shall reimburse the employee for the cost of the bond upon his or her return to service in the school district.

If the employee does not elect to furnish bond, or other security acceptable to the governing board of the district, and if the employee is acquitted of the offense, or the charges against him or her are dismissed, the school district shall pay to the employee his or her full compensation for the period of the compulsory leave of absence upon his or her return to service in the school district.

Whenever any certificated employee of a school district is charged with the commission of any controlled substance offense as defined in Section 44011 or 87011, or a violation of Section 261.5 of the Penal Code, Sections 11357 to 11361, inclusive, 11363, or 11364 of the Health and Safety Code, insofar as such sections relate to any controlled substances except marijuana, mescaline, peyote, or tetrahydrocannabinols, by complaint, information, or indictment filed in a court of competent jurisdiction, the governing board of the school district may immediately place the employee upon compulsory leave in accordance with the procedure in this section.

Any action taken pursuant to this section by a governing board

shall be reported immediately to the Commission for Teacher Preparation and Licensing. The commission shall give priority to the investigation and resolution of such cases.

SEC. 31. Section 45123 of the Education Code is amended to read:

45123. No person shall be employed or retained in employment by a school district who has been convicted of any sex offense as defined in Section 44010 or controlled substance offense as defined in Section 44011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter.

Further, the governing board of a school district may employ a person convicted of a controlled substance offense if the governing board of the school district determines, from the evidence presented, that the person has been rehabilitated for at least five years.

The governing board shall determine the type and manner of presentation of the evidence, and the determination of the governing board as to whether or not the person has been rehabilitated is final.

SEC. 32. Section 76033 of the Education Code is amended to read:

76033. As used in this article, "good cause" includes, but is not limited to, the following offenses:

(a) Continued disruptive behavior, continued willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, college personnel.

(b) Assault, battery, or any threat of force or violence upon a student or college personnel.

(c) Willful misconduct which results in injury or death to a student or college personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the district.

(d) The use, sale, or possession on campus of, or presence on campus under the influence of, any controlled substance, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code.

(e) Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the governing board.

(f) Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.

SEC. 33. Section 87009 of the Education Code is amended to read:

87009. A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury is deemed to be a conviction within the meaning of Sections 87335, 87405, and 88022 of this code, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information. The record of such conviction of a sex offense as defined in Section 87010 or of a controlled substance offense defined in Section 87011 shall be

sufficient proof of conviction of a crime involving moral turpitude for the purposes of Sections 87453, 87467, 87484, and 87732 to 87939, inclusive, relating to the dismissal of permanent employees.

SEC. 34. Section 87011 of the Education Code is amended to read:

87011. "Controlled substance offense" as used in Sections 87290, 87335, 87405, and 88022 means any one or more of the following offenses:

(a) Any offense in Sections 11350 to 11355, inclusive, 11366, 11368, 11377 to 11382, inclusive, and 11550 of the Health and Safety Code.

(b) Any offense committed or attempted in any other state or against the laws of the United States which, if committed or attempted in this state, would have been punished as one or more of the above-mentioned offenses.

(c) Any offense committed under former Sections 11500 to 11503, inclusive, 11557, 11715, and 11721 of the Health and Safety Code.

(d) Any attempt to commit any of the above-mentioned offenses.

SEC. 35. Section 87290 of the Education Code is amended to read:

87290. (a) The Board of Governors of the California Community Colleges shall deny any application for the issuance of a credential authorized by this article made by any applicant who comes within any of the following classes:

(1) Has been determined to be a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300), Chapter 2, Part 2, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state.

(2) Has been convicted of any sex offense as defined in Section 87010.

(3) Has been convicted of a controlled substance offense as defined in Section 87011.

(b) Notwithstanding paragraphs (2) and (3) of subdivision (a), no person shall be denied a credential solely on the basis that he or she has been convicted of a crime specified in paragraphs (2) and (3) of subdivision (a) if he or she has obtained or applied for a certificate of rehabilitation under Section 4852.01 and following of the Penal Code, and if his or her probation has been terminated and the information or accusation has been dismissed pursuant to Section 1203.4 of the Penal Code.

(c) Notwithstanding paragraph (3) of subdivision (a) or subdivision (b), the board of governors may issue a credential to a person convicted of a controlled substance offense as defined in Section 87011 if the board of governors determines from the evidence presented that the person has been rehabilitated for at least five years, or has received a certificate of rehabilitation and pardon pursuant to Section 4852.01 of the Penal Code, or if the accusation or information against the person has been dismissed and he or she has been released from all disabilities and penalties resulting from the offense pursuant to Section 1203.4 of the Penal Code.

SEC. 36. Section 87335 of the Education Code is amended to read:

87335. Whenever the holder of any credential issued by the board

of governors or the State Board of Education has been convicted of any sex offense as defined in Section 87010 or controlled substance offense as defined in Section 87011, the board of governors shall forthwith suspend the credential. If the conviction is reversed and the holder is acquitted of the offense in a new trial or the charges against him or her are dismissed, the board of governors shall forthwith terminate the suspension of the credential. When the conviction becomes final or when imposition of sentence is suspended, the board of governors shall forthwith revoke the credential.

SEC. 37. Section 87405 of the Education Code is amended to read:

87405. Governing boards of commmunity college districts shall not employ or retain in employment persons in public school service who have been convicted of any sex offense as defined in Section 87010 or controlled substance offense as defined in Section 87011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter.

However, a governing board may employ a person convicted of a controlled substance offense in a position requiring certification qualifications if such a person holds an appropriate credential issued by the board of governors.

SEC. 38. Section 88022 of the Education Code is amended to read:

88022. No person shall be employed or retained in employment by a community college district who has been convicted of any sex offense as defined in Section 87010 or controlled substance offense as defined in Section 87011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter.

Further, the governing board of a community college district may employ a person convicted of a controlled substance offense if the governing board of the district determines, from the evidence presented, that the person has been rehabilitated for at least five years.

The governing board shall determine the type and manner of presentation of the evidence, and the determination of the governing board as to whether or not the person has been rehabilitated is final.

SEC. 39. Section 89535 of the Education Code is amended to read:

89535. Any permanent or probationary employee may be dismissed, demoted, or suspended for the following causes:

(a) Immoral conduct.
(b) Unprofessional conduct.
(c) Dishonesty.
(d) Incompetency.
(e) Addiction to the use of controlled substances.
(f) Failure or refusal to perform the normal and reasonable duties

of the position.

(g) Conviction of a felony or conviction of any misdemeanor involving moral turpitude.

(h) Fraud in securing appointment.

(i) Drunkenness on duty.

SEC. 40. Section 818.7 of the Government Code is amended to read:

818.7. No board, commission, or any public officer or employee of the state or of any district, county, city and county, or city is liable for any damage or injury to any person resulting from the publication of any reports, records, prints, or photographs of or concerning any person convicted of violation of any law relating to the use, sale, or possession of controlled substances, when such publication is to school authorities for use in instruction on the subject of controlled substances or to any person when used for the purpose of general education. However, the name of any person concerning whom any such reports, records, prints, or photographs are used shall be kept confidential and every reasonable effort shall be made to maintain as confidential any information which may tend to identify such person.

SEC. 41. Section 18935 of the Government Code is amended to read:

18935. The board may refuse to examine or, after examination, may refuse to declare as an eligible or may withhold or withdraw from certification, prior to appointment, anyone who comes under any of the following categories:

(a) Lacks any of the requirements established by the board for the examination or position for which he or she applies.

(b) At the time of examination has permanent status in a position of equal or higher class than the examination or position for which he or she applies.

(c) Is physically or mentally so disabled as to be rendered unfit to perform the duties of the position to which he or she seeks appointment.

(d) Is addicted to the use of intoxicating beverages to excess.

(e) Is addicted to the use of controlled substances.

(f) Has been convicted of a felony, or convicted of a misdemeanor involving moral turpitude.

(g) Has been guilty of infamous or notoriously disgraceful conduct.

(h) Has been dismissed from any position for any cause which would be a cause for dismissal from the state service.

(i) Has resigned from any position not in good standing or in order to avoid dismissal.

(j) Has intentionally attempted to practice any deception or fraud in his or her application, in his or her examination or in securing his or her eligibility.

(k) Has waived appointment three times after certification from the same employment list.

(*l*) Has failed to reply within a reasonable time, as specified by the board, to communications concerning his or her availability for employment.

(m) Has made himself or herself unavailable for employment by requesting that his or her name be withheld from certification.

(n) Is, in accordance with board rule, found to be unsuited or not qualified for employment.

SEC. 42. Section 19572 of the Government Code is amended to read:

19572. Each of the following constitutes cause for discipline of an employee, or person whose name appears on any employment list:

(a) Fraud in securing appointment.

(b) Incompetency.

(c) Inefficiency.

(d) Inexcusable neglect of duty.

(e) Insubordination.

(f) Dishonesty.

(g) Drunkenness on duty.

(h) Intemperance.

(i) Addiction to the use of controlled substances.

(j) Inexcusable absence without leave.

(k) Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or a conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section.

(*l*) Immorality.

(m) Discourteous treatment of the public or other employees.

(n) Improper political activity.

(o) Willful disobedience.

(p) Misuse of state property.

(q) Violation of this part or board rule.

(r) Violation of the prohibitions set forth in accordance with Section 19990.

(s) Refusal to take and subscribe any oath or affirmation which is required by law in connection with his or her employment.

(t) Other failure of good behavior either during or outside of duty hours which is of such a nature that it causes discredit to his or her agency or his or her employment.

(u) Any negligence, recklessness, or intentional act which results in the death of a patient of a state hospital serving the mentally disabled or the developmentally disabled.

(v) The use during duty hours, for training or target practice, of any material which is not authorized therefor by the appointing power.

SEC. 42.5. Section 19572 of the Government Code is amended to read:

19572. Each of the following constitutes cause for discipline of an employee, or person whose name appears on any employment list:

(a) Fraud in securing appointment.
(b) Incompetency.
(c) Inefficiency.
(d) Inexcusable neglect of duty.
(e) Insubordination.
(f) Dishonesty.
(g) Drunkenness on duty.
(h) Intemperance.
(i) Addiction to the use of controlled substances.
(j) Inexcusable absence without leave.
(k) Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or a conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section.
(*l*) Immorality.
(m) Discourteous treatment of the public or other employees.
(n) Improper political activity.
(o) Willful disobedience.
(p) Misuse of state property.
(q) Violation of this part or board rule.
(r) Violation of the prohibitions set forth in accordance with Section 19990.
(s) Refusal to take and subscribe any oath or affirmation which is required by law in connection with the employment.
(t) Other failure of good behavior either during or outside of duty hours which is of such a nature that it causes discredit to the appointing authority or the person's employment.
(u) Any negligence, recklessness, or intentional act which results in the death of a patient of a state hospital serving the mentally disabled or the developmentally disabled.
(v) The use during duty hours, for training or target practice, of any material which is not authorized therefor by the appointing power.
(w) Unlawful discrimination, including harassment, on the basis of race, religious creed, color, national origin, ancestry, physical handicap, marital status, sex, or age, against the public or other employees while acting in the capacity of a state employee.
(x) Unlawful retaliation against any other state officer or employee or member of the public who in good faith reports, discloses, divulges, or otherwise brings to the attention of, the Attorney General, or any other appropriate authority, any facts or information relative to actual or suspected violation of any law of this state or the United States occurring on the job or directly related thereto.
SEC. 43. Section 11007 of the Health and Safety Code is repealed.
SEC. 44. Section 11054 of the Health and Safety Code is repealed.
SEC. 44.5. Section 11054 is added to the Health and Safety Code, to read:

11054. (a) The controlled substances listed in this section are included in Schedule I.

(b) Opiates. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of those isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Acetylmethadol.
(2) Allylprodine.
(3) Alphacetylmethadol.
(4) Alphameprodine.
(5) Alphamethadol.
(6) Alpha-methylfentanyl.
(7) Benzethidine.
(8) Betacetylmethadol.
(9) Betameprodine.
(10) Betamethadol.
(11) Betaprodine.
(12) Clonitazene.
(13) Destromoramide.
(14) Diampromide.
(15) Diethylthiambutene.
(16) Ditenoxin.
(17) Dimenoxadol.
(18) Dimepheptanol.
(19) Dimethylthiambutene.
(20) Dioxaphetyl butyrate.
(21) Dipipanone.
(22) Ethylmethylthiambutene.
(23) Etonitazene.
(24) Etoxendine.
(25) Furethidine.
(26) Hydroxypethidine.
(27) Ketobemidone.
(28) Levomoramide.
(29) Levophenacylmorphan.
(30) Morpheridine.
(31) Noracymethadol.
(32) Norlevorphanol.
(33) Normethadone.
(34) Norpipanone.
(35) Phenadoxone.
(36) Phenampromide.
(37) Phenomorphan.
(38) Phenoperidine.
(39) Piritramide.
(40) Proheptazine.
(41) Properidine.
(42) Propiram.

(43) Racemoramide.
(44) Sufentanil.
(45) Tilidine.
(46) Trimeperidine.

(c) Opium derivatives. Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Acetorphine.
(2) Acetyldihydrocodeine.
(3) Benzylmorphine.
(4) Codeine methylbromide.
(5) Codeine-N-Oxide.
(6) Cyprenorphine.
(7) Desomorphine.
(8) Dihydromorphine.
(9) Drotebanol.
(10) Etorphine (except hydrochloride salt)
(11) Heroin.
(12) Hydromorphinol.
(13) Methyldesorphine.
(14) Methyldihydromorphine.
(15) Morphine methylbromide.
(16) Morphine methylsulfonate.
(17) Morphine-N-Oxide.
(18) Myrophine.
(19) Nicorphine.
(20) Nicomorphine.
(21) Normorphine.
(22) Pholcodine.
(23) Thebacon.

(d) Hallucinogenic substances. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation, which contains any quantity of the following hallucinogenic substances, or which contains any of its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation (for purposes of this subdivision only, the term "isomer" includes the optical, position, and geometric isomers):

(1) 4-bromo-2,5 dimethoxy-amphetamine — Some trade or other names: 4-bromo-2,5-dimethoxy-alpha-methylphenethylamine; 4-bromo-2,5-DMA.

(2) 2,5-dimethoxyamphetamine — Some trade or other names: 2,5-dimethoxy-alpha-methylphenethylamine; 2,5-DMA.

(3) 4-methoxyamphetamine — Some trade or other names: 4-methoxy-alpha-methylphenethylamine, paramethoxyamphetamine, PMA.

(4) 5-methoxy-3,4-methylenedioxy-amphetamine.

(5) 4-methyl-2,5-dimethoxy-amphetamine — Some trade or other names: 4-methyl-2,5 dimethoxy-alpha-methylphenethylamine; "DOM"; and "STP".

(6) 3,4-methylenedixoy amphetamine.

(7) 3,4,5-trimethoxy amphetamine.

(8) Bufotenine — Some trade or other names: 3-(beta-Dimethylaminoethyl)-5-hydroxyindole; 3-(2-dimethylaminoethyl)-5 indolol; N,N-dimethylserolonin, 5-hydroxy-N,N-dimethyltryptamine; mappine.

(9) Diethyltrypatamine — Some trade or other names: N,N-Diethyltryptamine; DET.

(10) Dimethyltryptamine — Some trade or other names: DMT.

(11) Ibogaine — Some trade or other names: 7-Ethyl-6,6beta, 7,8,9,10,12,13-octahydro-2-methoxy-6,9-methano-5H-pyrido [1',2':1,2] azepino [5,4-b] indole; Tabernanthe iboga.

(12) Lysergic acid diethylamide.

(13) Marijuana.

(14) Mescaline.

(15) Peyote — Meaning all parts of the plant presently classified botanically as Lophophora williamsii Lemaire, whether growing or not, the seeds thereof, any extract from any part of such plant, and every compound, manufacture, salts, derivative, mixture, or preparation of such plant, its seeds or extracts (interprets 21 U.S.C. Sec. 812(c), Schedule 1(c)(12)).

(16) N-ethyl-3-piperidyl benzilate.

(17) N-methyl-3-piperidyl benzilate.

(18) Psilocybin.

(19) Psilocyn.

(20) Tetrahydrocannabinols. Synthetic equivalents of the substances contained in the plant, or in the resinous extractives of Cannabis, sp. and/or synthetic substances, derivatives, and their isomers with similar chemical structure and pharmacological activity such as the following: delta 1 cis or trans tetrahydrocannabinol, and their optical isomers; delta 6 cis or trans tetrahydrocannabinol, and their optical isomers; delta 3,4 cis or trans tetrahydrocannabinol, and its optical isomers.

(Since nomenclature of these substances is not internationally standardized, compounds of these structures, regardless of numerical designation of atomic positions covered).

(21) Ethylamine analog of phencyclidine — Some trade or other names: N-ethyl-1-phenylcyclohexylamine, (1-phenylcyclohexyl) ethylamine, N-(1-phenylcyclohexyl) ethylamine, cyclohexamine, PCE.

(22) Pyrrolidine analog of phencyclidine — Some trade or other names: 1-(1-phenylcyclohexyl)-pyrrolidine, PCPy, PHP.

(23) Thiophene analog of phencyclidine — Some trade or other names: 1-[1-(2 thienyl)-cyclohexyl]-piperidine, 2-thienyl analog of phencyclidine, TPCP, TCP.

(e) Depressants. Unless specifically excepted or unless listed in

another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Mecloqualone.

(2) Methaqualone.

SEC. 45. Section 11055 of the Health and Safety Code is repealed.

SEC. 45.5. Section 11055 is added to the Health and Safety Code, to read:

11055. (a) The controlled substances listed in this section are included in Schedule II.

(b) Any of the following substances, except those narcotic drugs listed in other schedules, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate, with the exception of naloxone hydrochloride (N-allyl-14-hydroxy-nordihydromorphinone hydrochloride), but including the following:

(A) Raw opium.

(B) Opium extracts.

(C) Opium fluid extracts.

(D) Powdered opium.

(E) Granulated opium.

(F) Tincture of opium.

(G) Apomorphine.

(H) Codeine.

(I) Ethylmorphine.

(J) Hydrocodone.

(K) Hydromorphone.

(L) Metopon.

(M) Morphine.

(N) Oxycodone.

(O) Oxymorphone.

(P) Thebaine.

(2) Any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in paragraph (1), but not including the isoquinoline alkaloids of opium.

(3) Opium poppy and poppy straw.

(4) Coca leaves and any salt, compound, derivative, or preparation of coca leaves and any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, but not including decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

(5) Concentrate of poppy straw (the crude extract of poppy straw in either liquid, solid, or powder form which contains the phenanthrene alkaloids of the opium poppy).

(c) Opiates. Unless specifically excepted or unless in another schedule, any of the following opiates, including its isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of those isomers, esters, ethers, and salts is possible within the specific chemical designation, dextrorphan and levopropoxyphene excepted:

(1) Alphaprodine.
(2) Anileridine.
(3) Bezitramide.
(4) Bulk dextropropoxyphene (non-dosage forms).
(5) Dihydrocodeine.
(6) Dihenoxylate.
(7) Fentanyl.
(8) Isomethadone.
(9) Levomethorphan.
(10) Levorphanol.
(11) Metazocine.
(12) Methadone.
(13) Methadone-Intermediate, 4-cyano-2-dimethylamino-4, 4-diphenyl butane.
(14) Moramide-Intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.
(15) Pethidine (meperidine).
(16) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine.
(17) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate.
(18) Pethidine-Intermediate-C,-1-methyl 4-phenylpiperidine-4-carboxylic acid.
(19) Phenazocine.
(20) Piminodine.
(21) Racemethorphan.
(22) Racemorphan.

(d) Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers.
(2) Methamphetamine, its salts, isomers, and salts of its isomers.
(3) Phenmetrazine and its salts.
(4) Methylphenidate.

(e) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts,

isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Amobarbital.

(2) Pentobarbital.

(3) Phencyclidine.

(4) Secobarbital.

(f) Immediate precursors. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances:

(1) Immediate precursor to amphetamine and methamphetamine:

(A) Phenylacetone. Some trade or other names: phenyl-2 propanone; P2P; benzyl methyl ketone; methyl benzyl ketone.

(2) Immediate precursors to phencyclidine (PCP):

(A) 1-phenylcyclohexylamine.

(B) 1-piperidinocyclohexanecarbonitrile (PCC).

The Attorney General, or his or her designee, may, by rule or regulations, add additional analogs of phencyclidine to those enumerated in this subdivision after notice, posting, and hearing pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The Attorney General shall, in the calendar year of the regular session of the Legislature in which the rule or regulation is adopted, submit a draft of a proposed bill to each house of the Legislature which would incorporate the analogs into this code. No rule or regulation shall remain in effect beyond January 1 after the calendar year of the regular session in which the draft of the proposed bill is submitted to each house. However, if the draft of the proposed bill is submitted during the recess of the Legislature exceeding 45 calendar days, the rule or regulation shall be effective until January 1 after the next calendar year.

SEC. 46. Section 11056 of the Health and Safety Code is repealed.

SEC. 46.5. Section 11056 is added to the Health and Safety Code, to read:

11056. (a) The controlled substances listed in this section are included in Schedule III.

(b) Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including its salts, isomers (whether optical, position, or geometric), and salts of those isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Those compounds, mixtures, or preparations in dosage unit form containing any stimulant substances listed in Schedule II which compounds, mixtures, or preparations were listed on August 25, 1971, as excepted compounds under Section 1308.32 of Title 21 of the Code of Federal Regulations, and any other drug of the quantitative

composition shown in that list for those drugs or which is the same except that it contains a lesser quantity of controlled substances.

(2) Benzphetamine.

(3) Chlorphentermine.

(4) Clortermine.

(5) Mazindol.

(6) Phendimetrazine.

(c) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system:

(1) Any compound, mixture, or preparation containing any of the following:

(A) Amobarbital

(B) Secobarbital

(C) Pentobarbital

or any salt thereof and one or more other active medicinal ingredients which are not listed in any schedule.

(2) Any suppository dosage form containing any of the following:

(A) Amobarbital

(B) Secobarbital

(C) Pentobarbital

or any salt of any of these drugs and approved by the federal Food and Drug Administration for marketing only as a suppository.

(3) Any substance which contains any quantity of a derivative of barbituric acid or any salt thereof.

(4) Chlorhexadol.

(5) Glutethimide.

(6) Lysergic acid.

(7) Lysergic acid amide.

(8) Methyprylon.

(9) Sulfondiethylmethane.

(10) Sulfonethylmethane.

(11) Sulfonmethane.

(d) Nalorphine.

(e) Narcotic drugs. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing any of the following narcotic drugs, or their salts calculated as the free anhydrous base or alkaloid, in limited quantities as set forth below:

(1) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with an equal or greater quantity of an isoquinoline alkaloid of opium.

(2) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(3) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with a fourfold or greater quantity of an isoquinoline alkaloid of opium.

(4) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(5) Not more than 1.8 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(6) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(7) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams or not more than 25 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(8) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

SEC. 47. Section 11057 of the Health and Safety Code is repealed.

SEC. 47.5. Section 11057 is added to the Health and Safety Code, to read:

11057. (a) The controlled substances listed in this section are included in Schedule IV.

(b) Schedule IV shall consist of the drugs and other substances, by whatever official name, common or usual name, chemical name, or brand name designated, listed in this section.

(c) Narcotic drugs. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing any of the following narcotic drugs, or their salts calculated as the free anhydrous base or alkaloid, in limited quantities as set forth below:

(1) Not more than 1 milligram of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit.

(2) Dextropropoxyphene (alpha-(+)-4-dimethylamino-1, 2-diphenyl-3-methyl-2-propionoxybutane).

(d) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances, including its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Barbital.
(2) Chloral betaine.
(3) Chloral hydrate.
(4) Chlordiazepoxide.
(5) Clonazepam.
(6) Clorazepate.
(7) Dizepam.
(8) Ethchlorvynol.

(9) Ethinamate.
(10) Flurazepam.
(11) Lorazepam.
(12) Mebutamate.
(13) Meprobamate.
(14) Methohexital.
(15) Methylphenobarbital (Mephobarbital).
(16) Oxazepam.
(17) Paraldehyde.
(18) Petrichoral.
(19) Phenobarbital.
(20) Prazepam.

(e) Fenfluramine. Any material, compound, mixture, or preparation which contains any quantity of the following substances, including its salts, isomers (whether optical, position, or geometric), and salts of those isomers, whenever the existence of those salts, isomers, and salts of isomers is possible:

(1) Fenfluramine.

(f) Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including its salts, isomers (whether optical, position, or geometric), and salts of those isomers is possible within the specific chemical designation:

(1) Diethylpropion.
(2) Phentermine.
(3) Pemoline (including organometallic complexes and chelates thereof).
(4) Pipradrol.
(5) SPA ((-)-1-dimethylamino-1,2-diphenylethane).

(g) Other substances. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances, including its salts:

(1) Pentazocine.

SEC. 48. Section 11058 of the Health and Safety Code is repealed.

SEC. 48.5. Section 11058 is added to the Health and Safety Code, to read:

11058. (a) The controlled substances listed in this section are included in Schedule V.

(b) Schedule V shall consist of the drugs and other substances, by whatever official name, common or usual name, chemical name, or brand name designated, listed in this section.

(c) Narcotic drugs containing nonnarcotic active medicinal ingredients. Any compound, mixture, or preparation containing any of the following narcotic drugs, or their salts calculated as the free anhydrous base or alkaloid, in limited quantities as set forth below, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound,

mixture, or preparation valuable medicinal qualities other than those possessed by narcotic drugs alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.

(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.

(3) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams.

(4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit.

(5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.

(6) Not more than 0.5 milligram of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit.

(d) Loperamide.

SEC. 49. Section 11150.5 of the Health and Safety Code is repealed.

SEC. 50. Section 11350 of the Health and Safety Code is amended to read:

11350. (a) Except as otherwise provided in this division, every person who possesses (1) any controlled substance specified in subdivision (b) or (c) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, unless upon the written prescription of a physician, dentist, podiatrist, or veterinarian licensed to practice in this state, shall be punished by imprisonment in the state prison.

(b) Except as otherwise provided in this division, every person who possesses any controlled substance specified in subdivision (e) of Section 11054 shall be punished by imprisonment in the county jail for not more than one year or in the state prison.

SEC. 51. Section 11351 of the Health and Safety Code is amended to read:

11351. Except as otherwise provided in this division, every person who possesses for sale (1) any controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, shall be punished by imprisonment in the state prison for two, three, or four years.

SEC. 52. Section 11352 of the Health and Safety Code is amended to read:

11352. Except as otherwise provided in this division, every person who transports, imports into this state, sells, furnishes, administers, or gives away, or offers to transport, import into this state, sell, furnish, administer, or give away, or attempts to import into this state or transport (1) any controlled substance specified in

subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, unless upon the written prescription of a physician, dentist, podiatrist, or veterinarian licensed to practice in this state, shall be punished by imprisonment in the state prison for three, four, or five years.

SEC. 53. Section 11353 of the Health and Safety Code is amended to read:

11353. Every person 18 years of age or over who in any voluntary manner solicits, induces, encourages, or intimidates any minor with the intent that the minor shall knowingly violate any provision of this chapter or Section 11550 with respect to (1) a controlled substance which is specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, who hires, employs, or uses a minor to knowingly and unlawfully transport, carry, sell, give away, prepare for sale, or peddle any such controlled substance, or who unlawfully sells, furnishes, administers, gives, or offers to sell, furnish, administer, or give, any such controlled substance to a minor shall be punished by imprisonment in the state prison for a period of three, four, or five years.

SEC. 54. Section 11354 of the Health and Safety Code is amended to read:

11354. (a) Every person under the age of 18 years who in any voluntary manner solicits, induces, encourages, or intimidates any minor with the intent that the minor shall knowingly violate any provision of this chapter or Section 11550, who hires, employs, or uses a minor to knowingly and unlawfully transport, carry, sell, give away, prepare for sale, or peddle (1) any controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, or who unlawfully sells, furnishes, administers, gives, or offers to sell, furnish, administer, or give, any such controlled substance to a minor shall be punished by imprisonment in the state prison.

(b) This section is not intended to affect the jurisdiction of the juvenile court.

SEC. 55. Section 11355 of the Health and Safety Code is amended to read:

11355. Every person who agrees, consents, or in any manner offers to unlawfully sell, furnish, transport, administer, or give (1) any controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (13), (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c)

of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug to any person, or who offers, arranges, or negotiates to have any such controlled substance unlawfully sold, delivered, transported, furnished, administered, or given to any person and who then sells, delivers, furnishes, transports, administers, or gives, or offers, arranges, or negotiates to have sold, delivered, transported, furnished, administered, or given to any person any other liquid, substance, or material in lieu of any such controlled substance shall be punished by imprisonment in the county jail for not more than one year, or in the state prison.

SEC. 55.5. Section 11361.5 of the Health and Safety Code is amended to read:

11361.5. (a) Records of any court of this state, any public or private agency that provides services upon referral under Section 1000.2 of the Penal Code, or of any state agency or local public agency pertaining to the arrest or conviction of any person for a violation of subdivision (b), (c), (d), or (e) of Section 11357 or subdivision (b) of Section 11360, shall not be kept beyond two years from the date of the conviction, or from the date of the arrest if there was no conviction, except with respect to a violation of subdivision (e) of Section 11357 the records shall be retained until the offender attains the age of 18 years at which time the records shall be destroyed as provided in this section. Any court or agency having custody of the records shall provide for the timely destruction of the records in accordance with subdivision (c). The requirements of this subdivision do not apply to records of any conviction occurring prior to January 1, 1976, or records of any arrest not followed by a conviction occurring prior to that date.

(b) This subdivision applies only to records of convictions and arrests not followed by conviction occurring prior to January 1, 1976, for any of the following offenses:

(1) Any violation of Section 11357 or a statutory predecessor thereof.

(2) Unlawful possession of a device, contrivance, instrument, or paraphernalia used for unlawfully smoking marijuana, in violation of Section 11364, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(3) Unlawful visitation or presence in a room or place in which marijuana is being unlawfully smoked or used, in violation of Section 11365, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(4) Unlawfully using or being under the influence of marijuana, in violation of Section 11550, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

Any person subject to an arrest or conviction for those offenses may apply to the Department of Justice for destruction of records pertaining to the arrest or conviction if two or more years have elapsed since the date of the conviction, or since the date of the arrest if not followed by a conviction. The application shall be submitted

upon a form supplied by the Department of Justice and shall be accompanied by a fee, which shall be established by the department in an amount which will defray the cost of administering this subdivision and costs incurred by the state under subdivision (c), but which shall not exceed thirty-seven dollars and fifty cents ($37.50). The application form shall be made available at every local police or sheriff's department and from the Department of Justice and may require that information which the department determines is necessary for purposes of identification.

The department may request, but not require, the applicant to include a self-administered fingerprint upon the application. If the department is unable to sufficiently identify the applicant for purposes of this subdivision without the fingerprint or without additional fingerprints, it shall so notify the applicant and shall request the applicant to submit any fingerprints which may be required to effect identification, including a complete set if necessary, or, alternatively, to abandon the application and request a refund of all or a portion of the fee submitted with the application, as provided in this section. If the applicant fails or refuses to submit fingerprints in accordance with the department's request within a reasonable time which shall be established by the department, or if the applicant requests a refund of the fee, the department shall promptly mail a refund to the applicant at the address specified in the application or at any other address which may be specified by the applicant. However, if the department has notified the applicant that election to abandon the application will result in forfeiture of a specified amount which is a portion of the fee, the department may retain a portion of the fee which the department determines will defray the actual costs of processing the application, provided the amount of the portion retained shall not exceed ten dollars ($10).

Upon receipt of a sufficient application, the Department of Justice shall destroy records of the department, if any, pertaining to the arrest or conviction in the manner prescribed by subdivision (c) and shall notify the Federal Bureau of Investigation, the law enforcement agency which arrested the applicant, and, if the applicant was convicted, the probation department which investigated the applicant and the Department of Motor Vehicles, of the application. Each state or local agency receiving a notice from the Department of Justice shall destroy records of the agency, if any, pertaining to the arrest or conviction specified in the notice, in the manner prescribed by subdivision (c). The application form and the notices from the department to the agencies specified in this subdivision shall be destroyed by the department or agency, as the case may be, at the time the other records of the arrest or conviction are destroyed.

(c) Destruction of records of arrest or conviction pursuant to subdivision (a) or (b) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest or conviction, and the record shall be prepared again so that it appears that the arrest or conviction never occurred.

However, where (1) the only entries upon the record pertain to the arrest or conviction and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(d) Notwithstanding subdivision (a) or (b), written transcriptions of oral testimony in court proceedings and published judicial appellate reports are not subject to this section. Additionally, no records shall be destroyed pursuant to subdivision (a) if the defendant or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of those records has received a certified copy of the complaint in the civil action, until the civil action has finally been resolved. Immediately following the final resolution of the civil action, records subject to subdivision (a) shall be destroyed pursuant to subdivision (c) if more than two years have elapsed from the date of the conviction or arrest without conviction.

(e) Costs incurred by local agencies in complying with the provisions of subdivision (c) shall be reimbursed as provided in Section 2231 of the Revenue and Taxation Code.

SEC. 56. Section 11364 of the Health and Safety Code is amended to read:

11364. It is unlawful to possess an opium pipe or any device, contrivance, instrument or paraphernalia used for unlawfully injecting or smoking (1) a controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) a controlled substance which is a narcotic drug classified in Schedule III, IV, or V.

SEC. 57. Section 11364.5 of the Health and Safety Code is amended to read:

11364.5. (a) Except as authorized by law, no person shall maintain or operate any place of business in which drug paraphernalia is kept, displayed or offered in any manner, sold, furnished, transferred or given away unless such drug paraphernalia is completely and wholly kept, displayed or offered within a separate room or enclosure to which persons under the age of 18 years not accompanied by a parent or legal guardian are excluded. Each entrance to such a room or enclosure shall be signposted in reasonably visible and legible words to the effect that drug paraphernalia is kept, displayed or offered in such room or enclosure and that minors, unless accompanied by a parent or legal guardian, are excluded.

(b) Except as authorized by law, no owner, manager, proprietor or other person in charge of any room or enclosure, within any place of business, in which drug paraphernalia is kept, displayed or offered in any manner, sold, furnished, transferred or given away shall permit or allow any person under the age of 18 years to enter, be in, remain in or visit such room or enclosure unless such minor person

is accompanied by one of his or her parents or by his or her legal guardian.

(c) Unless authorized by law, no person under the age of 18 years shall enter, be in, remain in or visit any room or enclosure in any place of business in which drug paraphernalia is kept, displayed or offered in any manner, sold, furnished, transferred or given away unless accompanied by one of his or her parents or by his or her legal guardian.

(d) As used in this section, "drug paraphernalia" means all equipment, products, and materials of any kind which are intended for use or designed for use, in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance. "Drug paraphernalia" includes, but is not limited to, all of the following:

(1) Kits intended for use or designed for use in planting, propagating, cultivating, growing or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived.

(2) Kits intended for use or designed for use in manufacturing, compounding, converting, producing, processing, or preparing controlled substances.

(3) Isomerization devices intended for use or designed for use in increasing the potency of any species of plant which is a controlled substance.

(4) Testing equipment intended for use or designed for use in identifying, or in analyzing the strength, effectiveness or purity of controlled substances.

(5) Scales and balances intended for use or designed for use in weighing or measuring controlled substances.

(6) Diluents and adulterants, such as quinine hydrochloride, mannitol, mannite, dextrose, and lactose, intended for use or designed for use in cutting controlled substances.

(7) Separation gins and sifters intended for use or designed for use in removing twigs and seeds from, or in otherwise cleaning or refining, marijuana.

(8) Blenders, bowls, containers, spoons, and mixing devices intended for use or designed for use in compounding controlled substances.

(9) Capsules, balloons, envelopes, and other containers intended for use or designed for use in packaging small quantities of controlled substances.

(10) Containers and other objects intended for use or designed for use in storing or concealing controlled substances.

(11) Hypodermic syringes, needles, and other objects intended for use or designed for use in parenterally injecting controlled substances into the human body.

(12) Objects intended for use or designed for use in ingesting, inhaling, or otherwise introducing marijuana, cocaine, hashish, or hashish oil into the human body, such as the following:

(A) Metal, wooden, acrylic, glass, stone, plastic, or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls.

(B) Water pipes.

(C) Carburetion tubes and devices.

(D) Smoking and carburetion masks.

(E) Roach clips, meaning objects used to hold burning material, such as a marijuana cigarette that has become too small or too short to be held in the hand.

(F) Miniature cocaine spoons, and cocaine vials.

(G) Chamber pipes.

(H) Carburetor pipes.

(I) Electric pipes.

(J) Air-driven pipes.

(K) Chillums.

(L) Bongs.

(M) Ice pipes or chillers.

(e) In determining whether an object is drug paraphernalia, a court or other authority may consider, in addition to all other logically relevant factors, the following:

(1) Statements by an owner or by anyone in control of the object concerning its use.

(2) Prior convictions, if any, of an owner, or of anyone in control of the object, under any state or federal law relating to any controlled substance.

(3) Direct or circumstantial evidence of the intent of an owner, or of anyone in control of the object, to deliver it to persons whom he or she knows, or should reasonably know, intend to use the object to facilitate a violation of this section. The innocence of an owner, or of anyone in control of the object, as to a direct violation of this section shall not prevent a finding that the object is intended for use, or designed for use, as drug paraphernalia.

(4) Instructions, oral or written, provided with the object concerning its use.

(5) Descriptive materials, accompanying the object which explain or depict its use.

(6) National and local advertising concerning its use.

(7) The manner in which the object is displayed for sale.

(8) Whether the owner, or anyone in control of the object, is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of tobacco products.

(9) The existence and scope of legitimate uses for the object in the community.

(10) Expert testimony concerning its use.

(f) This section shall not apply to any of the following:

(1) Any pharmacist or other authorized person who sells or

furnishes drug paraphernalia described in paragraph (11) of subdivision (d) upon the prescription of a physician, dentist, podiatrist or veterinarian.

(2) Any physician, dentist, podiatrist or veterinarian who furnishes or prescribes drug paraphernalia described in paragraph (11) of subdivision (d) to his or her patients.

(3) Any manufacturer, wholesaler or retailer licensed by the California State Board of Pharmacy to sell or transfer drug paraphernalia described in paragraph (11) of subdivision (d).

(g) Notwithstanding any other provision of law, including Section 11374, violation of this section shall not constitute a criminal offense, but operation of a business in violation of the provisions of this section shall be grounds for revocation or nonrenewal of any license, permit, or other entitlement previously issued by a city, county, or city and county for the privilege of engaging in such business and shall be grounds for denial of any future license, permit, or other entitlement authorizing the conduct of such business or any other business, if the business includes the sale of drug paraphernalia.

SEC. 58. Section 11365 of the Health and Safety Code is amended to read:

11365. It is unlawful to visit or to be in any room or place where any controlled substances which are specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or which are narcotic drugs classified in Schedule III, IV, or V, are being unlawfully smoked or used with knowledge that such activity is occurring.

SEC. 59. Section 11366 of the Health and Safety Code is amended to read:

11366. Every person who opens or maintains any place for the purpose of unlawfully selling, giving away, or using any controlled substance which is (1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (13), (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) which is a narcotic drug classified in Schedule III, IV, or V, shall be punished by imprisonment in the county jail for a period of not more than one year or the state prison.

SEC. 60. Section 11370 of the Health and Safety Code is amended to read:

11370. (a) Any person convicted of violating Section 11350, 11353, 11355, 11357, 11359, 11360, 11361, 11363, 11366, or 11368, or of committing any offense referred to in those sections, shall not, in any case, be granted probation by the trial court or have the execution of the sentence imposed upon him or her suspended by the court, if he or she has been previously convicted of any offense described in subdivision (c).

(b) Any person who was 18 years of age or over at the time of the commission of the offense and is convicted for the first time of selling, furnishing, administering, or giving a controlled substance which is

(1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) which is a narcotic drug classified in Schedule III, IV, or V, to a minor or inducing a minor to use such a controlled substance in violation of law shall not, in any case, be granted probation by the trial court or have the execution of the sentence imposed upon him or her suspended by the court.

(c) Any previous conviction of any of the following offenses, or of an offense under the laws of another state or of the United States which, if committed in this state, would have been punishable as such an offense, shall render a person ineligible for probation or suspension of sentence pursuant to subdivision (a) of this section:

(1) Any felony offense described in this division involving a controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (13), (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055.

(2) Any felony offense described in this division involving a narcotic drug classified in Schedule III, IV, or V.

SEC. 61. Section 11373 of the Health and Safety Code is amended to read:

11373. Whenever any person is granted probation by the trial court after conviction for possession of any controlled substance, such trial court shall, as a condition of probation, order such person to secure education or treatment from a local community agency designated by such court, if such service is available and the person is likely to benefit from the service.

If such defendant is a minor, the trial court shall also order his or her parents or guardian to participate in such education or treatment to the extent the court determines will aid the education or treatment of the minor.

If a minor is found by a juvenile court to have been in possession of any controlled substance, in addition to any other order it may make, such juvenile court shall order the minor to receive education or treatment from a local community agency designated by such court, if such service is available and the person is likely to benefit from the service, and it shall also order his or her parents or guardian to participate in such education or treatment to the extent the court determines will aid the education or treatment of the minor.

SEC. 62. Section 11375 of the Health and Safety Code is repealed.

SEC. 63. Section 11375 is added to the Health and Safety Code, to read:

11375. (a) As to the substances specified in subdivision (c), this section, and not Sections 11377, 11378, 11379, and 11380, shall apply.

(b) Every person who possesses for sale, or who sells, any substance specified in subdivision (c) shall be punished by imprisonment in the county jail for a period of not more than one year or state prison.

(c) This section shall apply to any material, compound, mixture, or preparation containing any of the following substances:

(1) Chlordiazepoxide.
(2) Clonazepam.
(3) Clorazepate.
(4) Diazepam.
(5) Flurazepam.
(6) Lorazepam.
(7) Mebutamate.
(8) Oxazepam.
(9) Prazepam.
(10) Temazepam.
(11) Halazepam.
(12) Alprazolam.
(13) Propoxyphene.
(14) Diethylpropion.
(15) Phentermine.
(16) Pemoline.
(17) Fenfluramine.

SEC. 64. Section 11376 of the Health and Safety Code is repealed.

SEC. 65. Section 11377 of the Health and Safety Code is amended to read:

11377. (a) Except as otherwise provided in Article 8 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses any controlled substance which is (1) classified in Schedule III, IV, or V, and which is not a narcotic drug or (2) which is specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d) or (e) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian, licensed to practice in this state, shall be punished by imprisonment in the county jail for a period of not more than one year or the state prison.

SEC. 66. Section 11378 of the Health and Safety Code is amended to read:

11378. Except as otherwise provided in Article 8 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses for sale any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug or (2) which is specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d) or (e) of Section 11055, shall be punished by imprisonment in the state prison.

SEC. 67. Section 11378.5 of the Health and Safety Code is amended to read:

11378.5. Except as otherwise provided in Article 8 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses for sale any controlled substance which is specified in subdivision (f) of Section 11055, shall

be punished by imprisonment in the state prison for a period of three, four, or five years.

SEC. 68. Section 11379 of the Health and Safety Code is amended to read:

11379. Except as otherwise provided in Article 8 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who transports, imports into this state, sells, furnishes, administers, or gives away, or offers to transport, import into this state, sell, furnish, administer, or give away, or attempts to import into this state or transport any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug or (2) which is specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian, licensed to practice in this state, shall be punished by imprisonment in the state prison for a period of two, three, or four years.

SEC. 69. Section 11379.5 of the Health and Safety Code is amended to read:

11379.5. Except as otherwise provided in Article 8 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who transports, imports into this state, sells, furnishes, administers, or gives away, or offers to transport, import into this state, sell, furnish, administer, or give away, or attempts to import into this state or transport any controlled substance which is specified in subdivision (f) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian licensed to practice in this state, shall be punished by imprisonment in the state prison for a period of three, four, or five years.

SEC. 70. Section 11380 of the Health and Safety Code is amended to read:

11380. Every person 18 years of age or over who violates any provision of this chapter involving controlled substances which are (1) classified in Schedule III, IV, or V and which are not narcotic drugs or (2) which are specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d) of Section 11055, by the use of a minor as agent, who solicits, induces, encourages, or intimidates any minor with the intent that the minor shall violate any provision of this article involving those controlled substances or who unlawfully furnishes, offers to furnish, or attempts to furnish those controlled substances to a minor shall be punished by imprisonment in the state prison for a period of three, four, or five years.

(b) Nothing contained in this section shall apply to a registered pharmacist furnishing controlled substances pursuant to a prescription.

SEC. 71. Section 11380.5 of the Health and Safety Code is

amended to read:

11380.5. (a) Every person 18 years of age or over who violates any provision of this chapter involving controlled substances which are specified in subdivision (f) of Section 11055, by the use of a minor as agent, who solicits, induces, encourages, or intimidates any minor with the intent that the minor shall violate any provision of this article involving such controlled substances or who unlawfully furnishes, offers to furnish, or attempts to furnish such controlled substances to a minor shall be punished by imprisonment in the state prison for a period of three, four, or five years.

(b) Nothing contained in this section shall apply to a registered pharmacist furnishing controlled substances pursuant to a prescription.

SEC. 72. Section 11382 of the Health and Safety Code is amended to read:

11382. Every person who agrees, consents, or in any manner offers to unlawfully sell, furnish, transport, administer, or give any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug, or (2) which is specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d) or (e) of Section 11055, to any person, or offers, arranges, or negotiates to have any such controlled substance unlawfully sold, delivered, transported, furnished, administered, or given to any person and then sells, delivers, furnishes, transports, administers, or gives, or offers, or arranges, or negotiates to have sold, delivered, transported, furnished, administered, or given to any person any other liquid, substance, or material in lieu of any such controlled substance shall be punished by imprisonment in the county jail for not more than one year, or in the state prison.

SEC. 73. Section 11383 of the Health and Safety Code is amended to read:

11383. (a) Any person who possesses both methylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture methamphetamine, or who possesses both ethylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture N-ethylamphetamine, is guilty of a felony and shall be punished by imprisonment in the state prison.

(b) Any person who possesses at the same time any of the following combinations, or a combination product thereof, with intent to manufacture phencyclidine (PCP) or any of its analogs specified in subdivision (f) of Section 11055 is guilty of a felony and shall be punished by imprisonment in the state prison for three, four, or five years:

(1) Piperidine and cyclohexanone.

(2) Pyrolidine and cyclohexanone.

(3) Morpoline and cyclohexanone.

(c) For purposes of this section, possession of immediate precursors sufficient for the manufacture of methylamine,

ethylamine, phenyl-2-propanone, piperidine, cyclohexanone, pyrolidine, or morpoline shall be deemed to be possession of such a derivative substance. Additionally, possession of any compound or mixture containing piperidine, cyclohexanone, pyrolidine, or morpoline shall be deemed to be possession of such substance.

(d) The provisions of subdivisions (a), (b), and (c) shall not apply to drug manufacturers licensed by this state or persons authorized by regulation of the Board of Pharmacy to possess such substances or combinations of substances.

SEC. 74. Section 11550 of the Health and Safety Code is amended to read:

11550. (a) No person shall use, or be under the influence of any controlled substance which is (1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) which is a narcotic drug classified in Schedule III, IV, or V, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days or more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require as a condition thereof that such person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

(b) No person shall use, or be under the influence of, any controlled substance which is specified in subdivision (f) of Section 11055, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 30 days nor more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require as a condition thereof that the person be confined in the county jail for at least 30 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 30 days in confinement in the county jail.

SEC. 75. Section 11591 of the Health and Safety Code is amended to read:

11591. Every sheriff or chief of police, upon the arrest for any of the controlled substance offenses enumerated in Section 11590, or Section 11364, insofar as that section relates to paragraph (12) of

subdivision (d) of Section 11054, of any school employee, shall do either of the following:

(1) If such school employee is a teacher in any of the public schools of this state, he or she shall immediately notify by telephone the superintendent of schools of the school district employing such teacher and shall immediately give written notice of the arrest to the Commission for Teacher Preparation and Licensing and to the superintendent of schools in the county wherein such person is employed. Upon receipt of such notice, the county superintendent of schools shall immediately notify the governing board of the school district employing such person.

(2) If such school employee is a nonteacher in any of the public schools of this state, he or she shall immediately notify by telephone the superintendent of schools of the school district employing such nonteacher and shall immediately give written notice of the arrest to the governing board of the school district employing such person.

(3) If such school employee is a teacher in any private school of this state, he or she shall immediately notify by telephone the private school authority employing such teacher and shall immediately give written notice of the arrest to the private school authority employing such teacher.

SEC. 76. Section 26665 of the Health and Safety Code is amended to read:

26665. Nothing in this article shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now included or which may hereafter be included within the classification stated in Division 10 (commencing with Section 11000) of this code or in the applicable federal law relating to controlled substances.

SEC. 77. Section 10369.12 of the Insurance Code is amended to read:

10369.12. A disability policy may contain a provision in the form set forth herein.

Intoxicants and controlled substances: The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any controlled substance unless administered on the advice of a physician.

SEC. 78. Section 222 of the Penal Code is amended to read:

222. Every person guilty of administering to another any chloroform, ether, laudanum, or any controlled substance, anaesthetic, or intoxicating agent, with intent thereby to enable or assist himself or herself or any other person to commit a felony, is guilty of a felony.

SEC. 79. Section 261 of the Penal Code is amended to read:

261. Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of mental disease, defect, or disorder or because of physical disability, of giving consent,

and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disease, defect, or disorder or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anaesthetic substance, or any controlled substance, administered by or with the privity of the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused.

(5) Where a person submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

SEC. 79.5. Section 261 of the Penal Code is amended to read:

261. Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of mental disease, defect, or disorder or because of physical disability, of giving consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disease, defect, or disorder or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, administered by or with the privity of the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused.

(5) Where a person submits under the belief that the person

committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

SEC. 80. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who engages in any act of prostitution. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands such identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, controlled substance, toluene, or any such poison, in such a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, toluene, or any such poison, interferes with or obstructs or prevents the free use of any

street, sidewalk, or other public way.

(ff) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. Such person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to such placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(g) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant thereof. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(h) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.

(i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading; and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he or she has served a period of not less than 45 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been previously convicted two

or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading; and, if two or more of such previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he or she has served a period of not less than 90 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

SEC. 81. Section 849 of the Penal Code is amended to read:

849. (a) When an arrest is made without a warrant by a peace officer or private person, the person arrested, if not otherwise released, shall, without unnecessary delay, be taken before the nearest or most accessible magistrate in the county in which the offense is triable, and a complaint stating the charge against the arrested person shall be laid before such magistrate.

(b) Any peace officer may release from custody, instead of taking such person before a magistrate, any person arrested without a warrant whenever:

(1) He or she is satisfied that there are insufficient grounds for making a criminal complaint against the person arrested.

(2) The person arrested was arrested for intoxication only, and no further proceedings are desirable.

(3) The person was arrested only for being under the influence of a controlled substance or drug and such person is delivered to a facility or hospital for treatment and no further proceedings are desirable.

(c) Any record of arrest of a person released pursuant to paragraphs (1) and (3) of subdivision (b) shall include a record of release. Thereafter, such arrest shall not be deemed an arrest, but a detention only.

SEC. 82. Section 1237 of the Penal Code is amended to read:

1237. An appeal may be taken by the defendant:

(a) From a final judgment of conviction except as provided in Section 1237.5. A sentence, an order granting probation, or the commitment of a defendant for insanity, the indeterminate commitment of a defendant as a mentally disordered sex offender, or the commitment of a defendant for controlled substance addiction shall be deemed to be a final judgment within the meaning of this section. Upon appeal from a final judgment the court may review any order denying a motion for a new trial.

(b) From any order made after judgment, affecting the substantial rights of the party.

SEC. 83. Section 1466 of the Penal Code is amended to read:

1466. An appeal may be taken from a judgment or order of an inferior court, in a criminal case, to the superior court of the county in which such inferior court is located, in the following cases.

(a) By the people:

(1) From an order or judgment dismissing or otherwise terminating the action before the defendant has been placed in jeopardy or where the defendant has waived jeopardy.

(2) From a judgment for the defendant upon the sustaining of a demurrer.

(3) From an order granting a new trial.

(4) From an order arresting judgment.

(5) From any order made after judgment affecting the substantial rights of the people.

(b) By the defendant:

(1) From a final judgment of conviction. A sentence, an order granting probation, a conviction in a case in which before final judgment the defendant is committed for insanity or is given an indeterminate commitment as a mentally disordered sex offender, or the conviction of a defendant committed for controlled substance addiction shall be deemed to be a final judgment within the meaning of this section. Upon appeal from a final judgment or an order granting probation the court may review any order denying a motion for a new trial.

(2) From any order made after judgment affecting his or her substantial rights.

SEC. 84. Section 2772 of the Penal Code is amended to read:

2772. Any person who, without authority, interferes with or in any way interrupts the work of any prisoners employed pursuant to this article, and any person not authorized by law, who gives or attempts to give to any prisoner so employed any controlled substances or any intoxicating liquors of any kind whatever, or firearms, weapons or explosives of any kind, is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison and shall be disqualified from holding any state office or position in the employ of this state. Any person who interferes with the discipline or good conduct of any prisoner employed pursuant to this article, while such prisoner is in the confines or limits of the state prison road camp is guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for a term not more than six months, or by a fine of not more than two hundred dollars ($200), or by both such fine and imprisonment. Any peace officer or any officer or guard of any state prison or any superintendent of such road work, having in charge the prisoners employed upon such highways or state roads, may arrest without a warrant any person violating any provisions of this article.

SEC. 85. Section 2790 of the Penal Code is amended to read:

2790. Any person, who, without authority, interferes with or in any way interrupts the work of any convict used pursuant to this article and any person not authorized by law, who gives or attempts to give to any state prison convict so employed any controlled substances, or any intoxicating liquors of any kind whatever, or firearms, weapons or explosives of any kind is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the

state prison and shall be disqualified from holding any state office or position in the employ of this state. Any person who interferes with the discipline or good conduct of any convict used pursuant to this article, while such convict is in such camps is guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for a term not more than six months, or by a fine of not more than four hundred dollars ($400), or by both such fine and imprisonment. Any peace officer or any officer or guard of any state prison or any superintendent of such work, having in charge the convicts used in such camps, may arrest without a warrant any person violating any provisions of this article.

SEC. 86. Section 4573 of the Penal Code is amended to read:

4573. Except when otherwise authorized by law, or when authorized by the person in charge of the prison or other institution referred to in this section or by an officer of the institution empowered by the person in charge of the institution to give such authorization, any person, who knowingly brings or sends into, or knowingly assists in bringing into, or sending into, any state prison, prison road camp, prison forestry camp, or other prison camp or prison farm or any other place where prisoners of the state are located under the custody of prison officials, officers or employees, or into any county, city and county, or city jail, road camp, farm or other place where prisoners or inmates are located under custody of any sheriff, chief of police, peace officer, probation officer or employees, or within the grounds belonging to any such institution, any controlled substance, the possession of which is prohibited by Division 10 (commencing with Section 11000) of the Health and Safety Code, any device, contrivance, instrument, or paraphernalia intended to be used for unlawfully injecting or consuming a controlled substance, or any alcoholic beverage, is guilty of a felony.

SEC. 87. Section 4573.5 of the Penal Code is amended to read:

4573.5. Any person who knowingly brings into any state prison or other institution under the jurisdiction of the Department of Corrections, or into any prison camp, prison farm, or any other place where prisoners or inmates of such institutions are located under the custody of prison or institution officials, officers, or employees, or into any county, city and county or city jail, road camp, farm or any other institution or place where prisoners or inmates are being held under the custody of any sheriff, chief of police, peace officer, probation officer, or employees, or within the grounds belonging to any such institution or place, any drugs, other than controlled substances, in any manner, shape, form, dispenser, or container, or any device, contrivance, instrument, or paraphernalia intended to be used for unlawfully injecting or consuming any drug other than controlled substances, without having authority so to do by the rules of the Department of Corrections, the rules of the prison, institution, camp, farm, place, or jail, or by the specific authorization of the warden, superintendent, jailer, or other person in charge of the prison, jail, institution, camp, farm, or place, is guilty of a felony.

SEC. 88. Section 4573.6 of the Penal Code is amended to read:

4573.6. Any person who knowingly has in his or her possession in any state prison, prison road camp, prison forestry camp, or other prison camp or prison farm or any place where prisoners of the state are located under the custody of prison officials, officers, or employees, or in any county, city and county or city jail, road camp, farm, or any place or institution, where prisoners or inmates are being held under the custody of any sheriff, chief of police, peace officer, probation officer, or employees, or within the grounds belonging to any such jail, road camp, farm, place or institution, any controlled substances, or drugs in any manner, shape, form, dispenser or container, any device, contrivance, instrument, or paraphernalia intended to be used for unlawfully injecting or consuming controlled substances or drugs, or alcoholic beverage, without being authorized to so possess the same by the rules of the Department of Corrections, rules of the prison or jail, institution, camp, farm or place, or by the specific authorization of the warden, superintendent, jailer or other person in charge of the prison, jail, institution, camp, farm or place, is guilty of a felony.

SEC. 89. Section 6102 of the Penal Code is amended to read:

6102. The primary purpose of the medical facility shall be the receiving, segregation, confinement, treatment and care of males under the custody of the Department of Corrections or any agency thereof who are any of the following:

(a) Mentally ill.

(b) Mentally defective.

(c) Epileptic.

(d) Addicted to the use of controlled substances.

(e) Otherwise physically or mentally abnormal, including, but not limited to, psychopaths and sex offenders.

(f) Suffering from any chronic disease or condition.

SEC. 90. Section 21407.5 of the Public Utilities Code is amended to read:

21407.5. It is unlawful for any person, while under the influence of intoxicating liquor or controlled substances to operate an aircraft in the air, or on the ground or water, or to engage in parachuting for sport.

SEC. 91. Section 1803 of the Vehicle Code is amended to read:

1803. (a) Every clerk of a court, or judge if there be no clerk, in which a person was convicted of any violation of this code, and of any offense involving use or possession of controlled substances under Division 10 (commencing with Section 11000) of the Health and Safety Code, and of any violation of any other statute relating to the safe operation of vehicles, shall prepare within 10 days after conviction and immediately forward to the department at its office at Sacramento an abstract of the record of the court covering the case in which the person was so convicted. If sentencing is not pronounced in conjunction with the conviction, the abstract shall be forwarded to the department within 10 days after sentencing and the

abstract shall be certified by the person so required to prepare it to be true and correct.

For the purposes of this section, a forfeiture of bail shall be equivalent to a conviction.

(b) The following violations are not required to be reported under subdivision (a) of this section:

(1) Division 3.5 (commencing with Section 9840).

(2) Section 21113, with respect to parking violations.

(3) Chapter 9 (commencing with Section 22500) of Division 11.

(4) Division 12 (commencing with Section 24000), except Sections 24002, 24004, 24250, 24409, 24604, 24800, 25103, Chapter 3 (commencing with Section 26301), 26707, 27151, 27800, and 27801.

(5) Division 15 (commencing with Section 35000), except Chapter 5 (commencing with Section 35550).

(6) Violations for which a person was cited as a pedestrian or while operating a bicycle.

(7) Division 16.5 (commencing with Section 38000).

(8) Sections 23221, 23223, 23225, and 23226.

(c) If the court impounds a license or orders a person to limit his or her driving pursuant to paragraph (2) of subdivision (a) of Section 23161, subdivision (b) of Section 23166, subdivision (b) of Section 23186, or subdivision (c) of Section 40508, the court shall notify the department concerning the impoundment or limitation on an abstract prepared pursuant to subdivision (a) of this section or on a separate abstract, which shall be prepared within 10 days after the impoundment or limitation was ordered and immediately forwarded to the department at its office in Sacramento.

(d) If the court determines that a prior judgment of conviction of a violation of Section 23152 or 23153 is valid or is invalid on constitutional grounds pursuant to Section 23208, the clerk of the court, or judge if there is no clerk, in which the determination is made shall prepare an abstract of that determination and forward it to the department in the same manner as an abstract of record pursuant to subdivision (a).

(e) Within 10 days of an order terminating or revoking probation under Section 23167, 23187, or 23207, the clerk of the court, or the judge if there be no clerk, in which the order terminating or revoking probation was entered, shall prepare and immediately forward to the department at its office in Sacramento an abstract of the record of the court order terminating or revoking probation and any other order of the court to the department required by law.

SEC. 92. Section 1808.5 of the Vehicle Code is amended to read:

1808.5. All records of the department relating to the physical or mental condition of any person, and convictions of any offense involving the use or possession of controlled substances under Division 10 (commencing with Section 11000) of the Health and Safety Code not arising from circumstances involving a motor vehicle, are confidential and not open to public inspection.

No provision of this article shall in any way limit the right of the

department to cooperate with the State Department of Social Services pursuant to Section 10850 of the Welfare and Institutions Code as to persons eligible for or receiving aid to the blind.

SEC. 93. Section 13202 of the Vehicle Code is amended to read:

13202. (a) A court may suspend or order that the department revoke in which case the department shall revoke the privilege of any person to operate a motor vehicle upon conviction of any offense related to controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code when the use of a motor vehicle was involved in, or incidental to, the commission of the offense.

(b) A court shall order that the department revoke and the department shall revoke the privilege of any person to operate a motor vehicle upon conviction of a violation of Section 11350, 11351, 11352, 11353, 11357, 11359, 11360, or 11361 of the Health and Safety Code when a motor vehicle was involved in, or incidental to, the commission of such offense.

(c) The period of time for suspension or the period after revocation during which the person may not apply for a license shall be determined by the court, but in no event shall such period exceed three years from the date of conviction.

SEC. 94. Section 330 of the Welfare and Institutions Code is amended to read:

330. In any case in which a probation officer after investigation of an application for petition or other investigation he or she is authorized to make, determines that a minor is within the jurisdiction of the juvenile court or will probably soon be within such jurisdiction, the probation officer may, in lieu of filing a petition or subsequent to dismissal of a petition already filed, and with consent of the minor's parent or guardian, undertake a program of supervision of the minor, for a period not to exceed six months. Commencing on October 1, 1983, services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. If a program of supervision is undertaken, the probation officer shall attempt to ameliorate the situation which brings the minor within, or creates the probability that the minor will be within, the jurisdiction of Section 300 by providing or arranging to contract for all appropriate child welfare services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. No further in-home child welfare services shall be provided subsequent to these time limits. If the family has refused to cooperate with the services being provided, the probation officer may file a petition with the juvenile court pursuant to Section 332. Nothing in this section shall be construed to prevent the probation officer from filing a petition pursuant to Section 332 when otherwise authorized by law.

The program of supervision of the minor undertaken pursuant to this section may call for the minor to obtain care and treatment for the misuse of or addiction to controlled substances from a county

mental health service or other appropriate community agency.

SEC. 94.5. Section 330 of the Welfare and Institutions Code is amended to read:

330. In any case in which a probation officer after investigation of an application for petition or other investigation he or she is authorized to make, determines that a minor is within the jurisdiction of the juvenile court or will probably soon be within that jurisdiction, the probation officer may, in lieu of filing a petition or subsequent to dismissal of a petition already filed, and with consent of the minor's parent or guardian, undertake a program of supervision of the minor, for a period not to exceed six months. Commencing on October 1, 1983, services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. If a program of supervision is undertaken, the probation officer shall attempt to ameliorate the situation which brings the minor within, or creates the probability that the minor will be within, the jurisdiction of Section 300 by providing or arranging to contract for all appropriate child welfare services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. No further in-home child welfare services shall be provided subsequent to these time limits. If the family has refused to cooperate with the services being provided, the probation officer may file a petition with the juvenile court pursuant to Section 332. Nothing in this section shall be construed to prevent the probation officer from filing a petition pursuant to Section 332 when otherwise authorized by law.

The program of supervision of the minor undertaken pursuant to this section may call for the minor to obtain care and treatment for the misuse of or addiction to controlled substances from a county mental health service or other appropriate community agency.

Probation departments in counties designated by the department as pilot projects for in-home care programs, pursuant to Section 18964, may place, and will designate, a projected number of children to be referred each year in these projects.

SEC. 95. Section 654 of the Welfare and Institutions Code, as added by Section 18 of Chapter 1088 of the Statutes of 1982, is amended to read:

654. In any case in which a probation officer, after investigation of an application for a petition or any other investigation he or she is authorized to make concludes that a minor is within the jurisdiction of the juvenile court or will probably soon be within that jurisdiction, the probation officer may, in lieu of filing a petition to declare a minor a dependent child of the court or a minor or a ward of the court under Section 601 or requesting that a petition be filed by the prosecuting attorney to declare a minor a ward of the court under Section 602 or subsequent to dismissal of a petition already filed, and with consent of the minor and the minor's parent or guardian, delineate specific programs of supervision for the minor, for not to exceed six months, and attempt thereby to adjust the

situation which brings the minor within the jurisdiction of the court or creates the probability that the minor will soon be within that jurisdiction. Nothing in this section shall be construed to prevent the probation officer from filing a petition or requesting the prosecuting attorney to file a petition at any time within the six-month period. If the probation officer determines that the minor has not involved himself or herself in the specific programs within 60 days, the probation officer shall immediately file a petition or request that a petition be filed by the prosecuting attorney. However, when in the judgment of the probation officer the interest of the minor and the community can be protected, the probation officer shall make a diligent effort to proceed under this section.

The program of supervision of the minor undertaken pursuant to this section may call for the minor to obtain care and treatment for the misuse of or addiction to controlled substances from a county mental health service or other appropriate community agency.

Further, this section shall authorize the probation officer with consent of the minor and the minor's parent or guardian to provide the following services in lieu of filing a petition:

(a) Maintain and operate sheltered-care facilities, or contract with private or public agencies to provide these services. The placement shall be limited to a maximum of 90 days. Counseling services shall be extended to the sheltered minor and his or her family during this period of diversion services. The minor and his or her parents may be required to make full or partial reimbursement for the services rendered the minor and his or her family during the diversion process. Referrals for sheltered-care diversion may be made by the minor, his or her family, schools, law enforcement or any other private or public social service agency.

(b) Maintain and operate crisis resolution homes, or contract with private or public agencies offering these services. Residence at these facilities shall be limited to 20 days during which period individual and family counseling shall be extended the minor and his or her family. Failure to resolve the crisis within the 20-day period may result in the minor's referral to a sheltered-care facility for a period not to exceed 90 days. Referrals shall be accepted from the minor, his or her family, schools, law enforcement or any other private or public social service agency. The minor, his or her parents, or both, may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors.

(c) Maintain and operate counseling and educational centers, or contract with private and public agencies, societies, or corporations whose purpose is to provide vocational training or skills. The centers may be operated separately or in conjunction with crisis resolution homes to be operated by the probation officer. The probation officer shall be authorized to make referrals to the appropriate existing private or public agencies offering similar services when available.

At the conclusion of the program of supervision undertaken pursuant to this section, the probation officer shall prepare and

maintain a followup report of the actual program measures taken.

SEC. 96. Section 708 of the Welfare and Institutions Code is amended to read:

708. Whenever a minor who appears to be a danger to himself or herself or others as a result of the use of controlled substances (as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code), is brought before any judge of the juvenile court, the judge may continue the hearing and proceed pursuant to this section. The court may order the minor taken to a facility designated by the county and approved by the State Department of Mental Health as a facility for 72-hour treatment and evaluation. Thereupon the provisions of Section 5343 of the Welfare and Institutions Code shall apply, except that the professional person in charge of the facility shall make a written report to the court concerning the results of the evaluation of the minor.

If the professional person in charge of the facility for 72-hour evaluation and treatment reports to the juvenile court that the minor is not a danger to himself or herself or others as a result of the use of controlled substances or that the minor does not require 14-day intensive treatment, or if the minor has been certified for not more than 14 days of intensive treatment and the certification is terminated, the minor shall be released if the juvenile court proceedings have been dismissed; referred for further care and treatment on a voluntary basis, subject to the disposition of the juvenile court proceedings; or returned to the juvenile court, in which event the court shall proceed with the case pursuant to this chapter.

Any expenditure for the evaluation or intensive treatment of a minor under this section shall be considered an expenditure made under Part 2 (commencing with Section 5600) of Division 5, and shall be reimbursed by the state as are other local expenditures pursuant to that part.

SEC. 97. Section 1001.5 of the Welfare and Institutions Code is amended to read:

1001.5. Except when authorized by law, or when authorized by the person in charge of an institution or camp administered by the Youth Authority, or by an officer of the institution or camp empowered by the person in charge of the institution or camp to give such authorization, any person who knowingly brings or sends into, or who knowingly assists in bringing into, or sending into, any institution or camp, or the grounds belonging to any institution or camp, administered by the Youth Authority, any controlled substance, the possession of which is prohibited by Division 10 (commencing with Section 11000) of the Health and Safety Code, any alcoholic beverage or any firearm, weapon or explosive of any kind shall be punished by imprisonment in a county jail for not more than one year or by imprisonment in the state prison.

SEC. 98. The heading of Article 8 (commencing with Section 5340) of Chapter 2 of Part 1 of Division 5 of the Welfare and

Institutions Code is amended to read:

Article 8. Community Controlled Substances Treatment Services

SEC. 99. Section 5340 of the Welfare and Institutions Code is amended to read:

5340. It is the intention of the Legislature by enacting this article to provide legal procedures for the custody, evaluation, and treatment of users of controlled substances. The enactment of this article shall not be construed to be evidence that any person subject to its provisions is mentally disordered, or evidence that the Legislature considers that such persons are mentally disordered.

SEC. 100. Section 5341 of the Welfare and Institutions Code is repealed.

SEC. 101. Section 5341 is added to the Welfare and Institutions Code, to read:

5341. As used in this article, "controlled substances" means those substances referred to in Division 10 (commencing with Section 11000) of the Health and Safety Code.

SEC. 102. Section 5342 of the Welfare and Institutions Code is amended to read:

5342. Where other applicable sections of this part contain the phrase "a danger to himself or herself or others, or gravely disabled," such sections shall be deemed to refer to the condition of danger to self or others or grave disability as a result of the use of controlled substances, rather than by mental disorder, as such.

SEC. 103. Section 5343 of the Welfare and Institutions Code is amended to read:

5343. Notwithstanding any other provision of law, if any person is a danger to others or to himself or herself, or gravely disabled, as a result of the use of controlled substances, he or she shall be subject, insofar as possible, to the provisions of Articles 1 (commencing with Section 5150), 2 (commencing with Section 5200), 4 (commencing with Section 5250), 5 (commencing with Section 5275), and 7 (commencing with Section 5325) of this chapter, except that any custody, evaluation and treatment, or any procedure pursuant to such provisions shall only be related to and concerned with the problem of the person's use of controlled substances.

SEC. 104. Section 5344 of the Welfare and Institutions Code is amended to read:

5344. Any expenditure for the custody, evaluation, treatment, or other procedures for services rendered a person pursuant to this article shall be considered an expenditure made under the provisions of Part 2 (commencing with Section 5600) of this division, and shall be paid as are other expenditures pursuant to that part. No person shall be admitted to a state hospital for care and treatment of his or her use of controlled substances prior to screening and referral by an agency designated in the county Short-Doyle plan to provide the services.

SEC. 105. Section 11.5 of this bill incorporates amendments to Section 4227 of the Business and Professions Code proposed by both this bill and AB 3335. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 4227 of the Business and Professions Code, and (3) this bill is enacted after AB 3335, in which case Section 11 of this bill shall not become operative.

SEC. 106. Section 21.5 of this bill incorporates amendments to Section 6581 of the Business and Professions Code proposed by both this bill and AB 3623. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 6581 of the Business and Professions Code, and (3) this bill is enacted after AB 3623, in which case Section 21 of this bill shall not become operative.

SEC. 107. Section 42.5 of this bill incorporates amendments to Section 19572 of the Government Code proposed by both this bill and SB 2012. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 19572 of the Government Code, and (3) this bill is enacted after SB 2012, in which case Section 42 of this bill shall not become operative.

SEC. 108. Section 79.5 of this bill incorporates amendments to Section 261 of the Penal Code proposed by both this bill and SB 401. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 261 of the Penal Code, and (3) this bill is enacted after SB 401, in which case Section 79 of this bill shall not become operative.

SEC. 109. Section 94.5 of this bill incorporates amendments to Section 330 of the Welfare and Institutions Code proposed by both this bill and AB 1562. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 330 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 1562, in which case Section 94 of this bill shall not become operative.

SEC. 110. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1636

An act to amend Sections 14132 and 14133.1 of, to add Article 6.1 (commencing with Section 14195) to Chapter 7 of Part 3 of Division 9 of, and to repeal Section 14133.5 of, the Welfare and Institutions Code, relating to medical assistance.

[Approved by Governor September 29, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Skilled nursing facility services, including podiatry and physician services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Physical therapy, occupational therapy, speech therapy, and audiology services for patients in skilled nursing facilities are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal Drug Formulary and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetists services when rendered by an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered to the extent prescribed.

(g) Blood and blood derivatives are covered.

(h) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization

controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(n) Intermediate care facility services, including physician services, and prescribed drugs as described in subdivision (d) are covered, subject to utilization controls. Physical therapy, occupational therapy, speech therapy and audiology services for patients in intermediate care facilities are covered subject to utilization controls.

(o) Family planning services are covered, subject to utilization controls.

(p) Inpatient intensive rehabilitation hospital services in a general acute care hospital are covered, subject to utilization

controls, when the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery; or

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(q) Adult day health care is covered in accordance with the provisions of Chapter 8.7 (commencing with Section 14520) of this part.

(r) Application of fluoride, or other appropriate fluoride treatment as defined by the department, and other prophylaxis treatment for children 17 years of age and under are covered.

(s) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

This subdivision shall be in effect only to the extent federal financial participation is available as set forth in Section 14106.6.

(t) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to such persons. Such services may be provided to patients placed in facilities such as skilled nursing or intermediate care facilities, or to persons in shared-or-congregate living arrangements, if a home setting is not medically appropriate or available to the beneficiary. As used in this section, "in-home medical care service" includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

(u) Home and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for such services under waivers granted in accordance with Section 1915 of the federal Social Security Act. The director may seek waivers for any or all home and community-based services approvable under Section 1915 of the federal Social Security Act. Coverage for such services shall be limited by the terms, conditions, and duration of the federal waivers.

The department shall submit a report, as provided in Section 28 of the 1982 Budget Act, 30 days prior to providing these services as

Medi-Cal benefits. The report shall be submitted to the Joint Legislative Budget Committee and the fiscal committees and shall address the cost effectiveness of services provided pursuant to this subdivision.

(v) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

SEC. 1.1. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Skilled nursing facility services, including podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Physical therapy, occupational therapy, speech therapy, and audiology services for patients in skilled nursing facilities are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal Drug Formulary and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetists services when rendered by an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered to the extent prescribed.

(g) Blood and blood derivatives are covered.

(h) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished

prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(n) Intermediate care facility services, including physician services, nurse practitioner services pursuant to Section 14115.6, and prescribed drugs as described in subdivision (d) are covered, subject to utilization controls. Physical therapy, occupational therapy, speech therapy and audiology services for patients in intermediate care facilities are covered subject to utilization controls.

(o) Family planning services are covered, subject to utilization controls.

(p) Inpatient intensive rehabilitation hospital services in a general acute care hospital are covered, subject to utilization controls, when the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as

described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery; or

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(q) Adult day health care is covered in accordance with the provisions of Chapter 8.7 (commencing with Section 14520) of this part.

(r) Application of fluoride, or other appropriate fluoride treatment as defined by the department, and other prophylaxis treatment for children 17 years of age and under are covered.

(s) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

This subdivision shall be in effect only to the extent federal financial participation is available as set forth in Section 14106.6.

(t) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to such persons. Such services may be provided to patients placed in facilities such as skilled nursing or intermediate care facilities, or to persons in shared-or-congregate living arrangements, if a home setting is not medically appropriate or available to the beneficiary. As used in this section, "in-home medical care service" includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

(u) Home and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for such services under waivers granted in accordance with Section 1915 of the federal Social Security Act. The director may seek waivers for any or all home and community-based services approvable under Section 1915 of the federal Social Security Act. Coverage for such services shall be limited by the terms, conditions, and duration of the federal waivers.

The department shall submit a report, as provided in Section 28 of the 1982 Budget Act, 30 days prior to providing these services as Medi-Cal benefits. The report shall be submitted to the Joint Legislative Budget Committee and the fiscal committees and shall address the cost effectiveness of services provided pursuant to this

subdivision.

(v) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

SEC. 1.2. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Skilled nursing facility services, including podiatry and physician services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Physical therapy, occupational therapy, speech therapy, and audiology services for patients in skilled nursing facilities are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal Drug Formulary and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetists services when rendered by an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered to the extent prescribed.

(g) Blood and blood derivatives are covered.

(h) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial

dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(n) Intermediate care facility services, including physician services, and prescribed drugs as described in subdivision (d) are covered, subject to utilization controls. Physical therapy, occupational therapy, speech therapy and audiology services for patients in intermediate care facilities are covered subject to utilization controls.

(o) Family planning services are covered, subject to utilization controls.

(p) Inpatient intensive rehabilitation hospital services in a general acute care hospital are covered, subject to utilization controls, when the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery; or

(2) A patient with a chronic or progressive disease requires an

inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(q) Adult day health care is covered in accordance with the provisions of Chapter 8.7 (commencing with Section 14520) of this part.

(r) Application of fluoride, or other appropriate fluoride treatment as defined by the department, and other prophylaxis treatment for children 17 years of age and under are covered.

(s) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

This subdivision shall be in effect only to the extent federal financial participation is available as set forth in Section 14106.6.

(t) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to such persons. Such services may be provided to patients placed in facilities such as skilled nursing or intermediate care facilities, or to persons in shared or congregate living arrangements, if a home setting is not medically appropriate or available to the beneficiary. As used in this section, "in-home medical care service" includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

(u) Home and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for such services under waivers granted in accordance with Section 1915 of the federal Social Security Act. The director may seek waivers for any or all home and community-based services approvable under Section 1915 of the federal Social Security Act. Coverage for such services shall be limited by the terms, conditions, and duration of the federal waivers.

The department shall submit a report, as provided in Section 28 of the 1982 Budget Act, 30 days prior to providing these services as Medi-Cal benefits. The report shall be submitted to the Joint Legislative Budget Committee and the fiscal committees and shall address the cost effectiveness of services provided pursuant to this subdivision.

(v) Comprehensive perinatal services, as provided through an agreement with a health care provider designated in Section 14134.5

and meeting the standards developed by the department pursuant to Section 14134.5, subject to utilization controls.

The department shall seek any federal waivers necessary to implement the provisions of this subdivision. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this subdivision shall be implemented unless matching funds from Title XIX of the federal Social Security Act are available.

(w) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

SEC. 1.3. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Skilled nursing facility services, including podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Physical therapy, occupational therapy, speech therapy, and audiology services for patients in skilled nursing facilities are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal Drug Formulary and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetists services when rendered by an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered to the extent prescribed.

(g) Blood and blood derivatives are covered.

(h) Emergency and essential diagnostic and restorative dental

services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(n) Intermediate care facility services, including physician services, nurse practitioner services pursuant to Section 14115.6, and prescribed drugs as described in subdivision (d) are covered, subject to utilization controls. Physical therapy, occupational therapy, speech therapy and audiology services for patients in intermediate care facilities are covered subject to utilization controls.

(o) Family planning services are covered, subject to utilization

controls.

(p) Inpatient intensive rehabilitation hospital services in a general acute care hospital are covered, subject to utilization controls, when the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery; or

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(q) Adult day health care is covered in accordance with the provisions of Chapter 8.7 (commencing with Section 14520) of this part.

(r) Application of fluoride, or other appropriate fluoride treatment as defined by the department, and other prophylaxis treatment for children 17 years of age and under are covered.

(s) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

This subdivision shall be in effect only to the extent federal financial participation is available as set forth in Section 14106.6.

(t) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to such persons. Such services may be provided to patients placed in facilities such as skilled nursing or intermediate care facilities, or to persons in shared or congregate living arrangements, if a home setting is not medically appropriate or available to the beneficiary. As used in this section, "in-home medical care service" includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

(u) Home and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for such services under waivers granted in accordance with Section 1915 of the federal Social Security Act. The director may seek waivers for any or all home and community-based services approvable under Section 1915 of the federal Social Security Act. Coverage for such services shall be limited by the terms, conditions, and duration of the

federal waivers.

The department shall submit a report, as provided in Section 28 of the 1982 Budget Act, 30 days prior to providing these services as Medi-Cal benefits. The report shall be submitted to the Joint Legislative Budget Committee and the fiscal committees and shall address the cost effectiveness of services provided pursuant to this subdivision.

(v) Comprehensive perinatal services, as provided through an agreement with a health care provider designated in Section 14134.5 and meeting the standards developed by the department pursuant to Section 14134.5, subject to utilization controls.

The department shall seek any federal waivers necessary to implement the provisions of this subdivision. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this subdivision shall be implemented unless matching funds from Title XIX of the federal Social Security Act are available.

(w) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

SEC. 2. Section 14133.1 of the Welfare and Institutions Code is amended to read:

14133.1. (a) The director shall determine which of the utilization controls in Section 14133 shall be applied to any specific service or group of services which are subject to utilization controls. Each utilization control shall be reasonably related to the purpose for which it is imposed.

(b) Except as provided in Section 14103.6, neither prior authorization nor the limitation specified in subdivision (d) of Section 14133 shall be required for the first two services per month which are included among the services listed in subdivision (a) of Section 14132, or for the first two drug prescriptions purchased during any one month, provided that the prescription drugs are included in the Medi-Cal Drug Formulary and the prescription otherwise conforms to applicable formulary requirements.

(c) The director shall, after a determination of cost benefit, eliminate the requirement of prior authorization as a control for treatment, supplies, or equipment which cost less than one hundred dollars ($100), except for prescribed drugs, provided that the requirement of prior authorization for treatment, supplies, or equipment costing less than one hundred dollars ($100) may be reinstituted upon a finding by the department that the elimination of the requirement has resulted in unnecessary utilization, and upon notice to the Joint Legislative Budget Committee 30 days prior to the reinstitution of the requirement of prior authorization.

SEC. 4. Section 14133.5 of the Welfare and Institutions Code, as added by Chapter 1442 of the Statutes of 1974, and as amended by Chapter 1252 of the Statutes of 1977, is repealed.

SEC. 5. Article 6.1 (commencing with Section 14195) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 6.1. Medi-Cal Therapeutic Drug Utilization Review

14195. It is the intent of the Legislature in enacting this article to establish a drug utilization review system which will evaluate and enhance the therapeutic outcome of drugs prescribed for persons eligible for Medi-Cal pursuant to this chapter.

14195.1. A Medi-Cal Therapeutic Drug Utilization and Review Committee is hereby established. The committee shall be composed of 17 members who shall serve at the pleasure of the appointing powers as follows:

(a) The Governor shall appoint two representatives from the State Department of Health Services, one representative from the Health and Welfare Agency, and two representatives from schools of pharmacy.

(b) The Governor, the Speaker of the Assembly, and the Senate Rules Committee shall each appoint one representative from the following groups:

(1) Licensed pharmacists.

(2) Licensed physicians.

(3) Drug manufacturers.

(4) Medi-Cal beneficiaries.

14195.2. The Medi-Cal Therapeutic Drug Utilization and Review Committee shall set standards for evaluation of the therapeutic outcomes of prescribed drugs to be applied by an expert contractor to the department. The committee shall have the following responsibilities:

(a) Developing policy for monitoring and controlling therapeutically inappropriate drug utilization.

(b) Overseeing the establishment of a computer-based information system using the State Medicaid MMIS System, which shall provide timely information on drug prescription and consumption and shall be capable of tracking prescriptions by drug, by illness, by beneficiary, and by provider.

The committee shall consult with expert contractors experienced in therapeutically oriented drug utilization review in the discharge of this responsibility.

(c) Establishing standards, in consultation with an expert contractor experienced in the therapeutically oriented drug utilization review, for dosage, duration, and effectiveness of medications with respect to a particular diagnosis.

(d) Setting standards to serve as guidelines on misprescribing, overprescribing, and contraindicated drug use, and protocols for

informing prescribers of inappropriate prescribing.

14195.6. The department shall develop a request for a proposal, and may award a sole source contract to an expert contractor to implement the standards and practices established by the Medi-Cal Therapeutic Drug Utilization Review System through use of a therapeutically oriented drug utilization review system by July 1, 1985. The contract shall include a requirement to analyze the therapeutic outcomes of the Medi-Cal Drug Program using the California MMIS for the period of July 1, 1984, through the date the standards established by this article are implemented. Thereafter, the contractor shall submit quarterly reports to the department and the Legislature analyzing therapeutic outcomes in a manner that will allow comparisons with the experience analyzed for the period of July 1, 1984, until implementation of the standards established by this article. The analysis shall include reports on at least the following items:

(a) Compatibility of medication to diagnosis.

(b) Overprescribing of drugs.

(c) Prescription of contraindicated or incompatible drugs.

(d) Estimates of hospitalization and institutionalization in skilled nursing facilities or intermediate care facilities occurring because of the factors specified in paragraphs (a) to (c), inclusive.

(e) Estimates of hospitalization and institutionalization in skilled nursing facilities or intermediate care facilities avoided due to changes in drug regimes which result from compliance by prescribers and beneficiaries with the standards established pursuant to this article. The committee established by Section 14195.1 shall perform its functions for the pilot programs established pursuant to AB 2655, if that bill is enacted during the 1983–84 Regular Session, in addition to its responsibilities under this article.

The department is authorized to require the contractor to phase in implementation of the prescriber notification, as established by protocols for informing prescribers of inappropriate prescribing.

14195.7. This article shall not apply to any service rendered by a provider in conjunction with any capitated rate or primary care case contract negotiated pursuant to this chapter or Chapter 8 (commencing with Section 14200) by either the department or the California Medical Assistance Commission unless both parties to the contract mutually agree that application of the standards established by this article would be beneficial to the Medi-Cal eligibles enrolled in plans operating pursuant to capitated rate contracts.

14195.8. The Auditor General shall select an appropriate contractor to provide an evaluation of the Therapeutic Drug Utilization Review System established by this article with respect to all of the following issues:

(a) The impact on institutionalization of Medi-Cal eligibles by operation of the Medi-Cal therapeutic drug utilization review process.

(b) The cost impact of the Medi-Cal therapeutic drug utilization

review process.

(c) Comparison of the impacts studied under subdivisions (a) and (b) between those areas of the state in which the open drug formulary projects established by Assembly Bill 2655 of the 1983–84 Regular Session operate and the rest of the state.

(d) The evaluation report shall be submitted to the department and the Legislature no later than May 1, 1987 with recommendations whether:

(1) The Therapeutic Drug Utilization Review System established by this article is cost effective and should be continued.

(2) The combination of an open formulary and therapeutic drug reviews is superior with respect to therapeutic outcome and cost effectiveness in comparison to the operation of therapeutic drug review in conjunction with a restricted formulary.

14195.9. In no case shall the director's discretion under Section 14120 be exercised to reduce reimbursement to providers of pharmaceutical services because of increased costs in the drug component of the Medi-Cal program arising from the implementation of the open formulary concept.

14196. (a) The department shall adopt any regulations necessary to implement this article. These regulations shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and, for the purposes of the Administrative Procedure Act, shall be deemed an emergency, and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) Any provision of this article which is in conflict with any federal statute or regulation shall be inapplicable to the extent of that conflict but the remainder of the provisions shall be in effect to the extent no conflict exists.

The department shall seek all federal waivers necessary to implement this article. The provisions for which federal waivers cannot be obtained shall not be implemented, but provisions for which waivers are either obtained or found to be unnecessary shall be unaffected by the inability to obtain federal waivers for the other provisions.

(c) The department shall seek maximum federal reimbursement for the MMIS-based Drug Establishment Review System established by this article.

SEC. 6. (a) Section 1.1 of this bill incorporates amendments to Section 14132 of the Welfare and Institutions Code proposed by both this bill and AB 3133. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 14132 of the Welfare and Institutions Code, (3) AB 3021 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 3133, in which case Sections 1, 1.2 and 1.3 of this bill shall not become operative.

(b) Section 1.2 of this bill incorporates amendments to Section

14132 of the Welfare and Institutions Code proposed by both this bill and AB 3021. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 14132 of the Welfare and Institutions Code, (3) AB 3133 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 3021, in which case Sections 1, 1.1, and 1.3 of this bill shall not become operative.

(c) Section 1.3 of this bill incorporates amendments to Section 14132 of the Welfare and Institutions Code proposed by this bill, AB 3133, and AB 3021. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1985, (2) all three bills amend Section 14132 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 3133 and AB 3021, in which case Sections 1, 1.1, and 1.2 of this bill shall not become operative.

CHAPTER 1637

An act to add Section 9314 to, and to add Chapter 4.7 (commencing with Section 9390) to Division 8.5 of, the Welfare and Institutions Code, relating to elderly persons and functionally impaired adults, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that despite the concerted efforts of the Legislature and the administration to establish a continuum of community-based services for long-term care and despite new and expanded services, such as Adult Day Health Care, the Multipurpose Senior Services Program, expanded Home Delivered Meals, expanded Long-Term Care Ombudsman Services, and additional state support for In-Home Supportive Services (IHSS), the state has not yet achieved the degree of coordination essential to prevent unnecessary or premature institutionalization.

The Legislature also finds that federal law authorizing federal financial participation in the programs that provide community-based long-term care limits the extent to which the different funding sources and administrative functions can be integrated. It is, however, within the state's authority to establish a single coordinating entity to promote and facilitate close cooperation and working relationships, consistency between programs, and efficient use of resources without infringing on single state agency requirements, where they may apply.

SEC. 2. It is the intent of the Legislature to foster independence

and self-reliance, maintain individual dignity, and allow persons requiring long-term care services to be an integral part of family and community life to the fullest extent possible.

To achieve this goal, it is the intent of the Legislature to provide a plan and structure whereby a continuum of long-term social and health support services may be established in communities throughout the state.

The Legislature declares the Department of Aging will be the principal department with responsibility for development of policy, implementation, and integration of a comprehensive set of noninstitutional long-term care services for the frail elderly and functionally impaired adults who are not eligible for services under programs under the jurisdiction of the State Department of Rehabilitation, the State Department of Developmental Services, or the State Department of Mental Health.

The purpose of this act is to begin the incremental development of a long-term care delivery system that provides the social and health support necessary to enable frail elderly and functionally impaired adults to remain in their own homes.

The first phase of the long-term care system shall consist of the Department of Aging sponsoring new programs in long-term care services; increasing the Adult Day Health Care programs; cooperating with the State Department of Health Services on the incremental implementation of mandatory preadmission screening for applicants to skilled nursing or intermediate care facilities; promoting efforts which address the unique long-term care needs of rural areas; increasing the Multipurpose Senior Services Programs; and testing alternative case management models. The objective is to promote the development of community-based long-term care service delivery programs that foster local community control and offer a variety of options.

SEC. 3. Section 9314 is added to the Welfare and Institutions Code, to read:

9314. The department shall establish a Long-Term Care Division which shall be responsible for administering the programs that are funded for purposes of providing community-based long-term care.

The Adult Day Health Care Committee, as designated by Section 1572 of the Health and Safety Code as it is proposed to be amended by Senate Bill No. 1337 of the 1983–84 Regular Legislative Session, which is hereby renamed the Long-Term Care Committee, within the Division of Long-Term Care, shall be responsible for the reviewing of new programs under the jurisdiction of the department.

The committee shall assist the director in the development of procedures and guidelines for new contracts or grants, as well as review and make recommendations on applicants. The committee shall take into consideration the desirability of coordinating and utilizing existing resources, avoidance of duplication of services and inefficient operations, and locational preferences with respect to

accessability and availability to the economically disadvantaged older person. An expert in Alzheimer's disease, or a disease of a related disorder, and a representative from the State Department of Developmental Services shall be added to the committee.

SEC. 4. Chapter 4.7 (commencing with Section 9390) is added to Division 8.5 of the Welfare and Institutions Code, to read:

CHAPTER 4.7. INSTITUTIONALIZATION PREVENTION SERVICES

9390. It is the intent of the Legislature to ensure that frail elderly and functionally impaired adults receive needed services which will enable them to remain in their own homes whenever possible. In order to achieve this goal, the department shall, commencing with the 1984–85 fiscal year, award contracts based upon proposals submitted by nonprofit organizations or governmental entities. The contracts shall be for the purpose of providing the following services to functionally impaired adults and the frail elderly to enable them to remain in their own homes. These organizations or entities shall have demonstrated programmatic and administrative experience in providing long-term care services in all of the following areas:

(a) Comprehensive and timely information, when necessary, to persons and their families about the availability of community resources to assist functionally impaired adults and the frail elderly to maintain the maximum independence permitted by their functional ability.

(b) One-time only assistance in securing community services when deemed necessary or desirable in order to assure timely receipt of the needed services to help maintain maximum independence of a frail older person or functionally impaired adult.

(c) Short-term specialized assistance including counseling and the arrangement of an action plan when there is a temporary probable threat to the functionally impaired adult's or frail elderly person's ability to remain in the most independent living arrangement permitted by his or her functional ability.

(d) Continuing assistance, including case management to older persons and functionally impaired adults who cannot manage their own affairs, but who are not disabled to the extent of needing skilled nursing facility or intermediate care facility placement, in order to help prevent or delay placement in those institutions. For purposes of this provision, "case management" means all of the following:

(1) Client assessment in conjunction with the development of a service plan with the participant and other appropriate persons to provide for needs identified by the assessment.

(2) Authorization and arrangement for the purchase of services, or referral to volunteer, informal, or third-party payer services with followup.

(3) Service and participant monitoring to determine that services are obtained which are appropriate to need, adequate to meet the need for acceptable quality, and provided in a timely manner.

(4) Followup with clients, including periodic contact and initiation of an interim assessment, if deemed necessary prior to scheduled reassessment.

Organizations or entities eligible for contract awards to provide for the above-listed services must demonstrate that they have an advisory group which includes representatives of older and functionally impaired groups served.

These organizations or entities shall have proven experience in community long-term care services and be able to demonstrate the ability to increase their service capability to provide their services to and to relate to adults of all ages.

Grantees who already provide direct services and apply to carry out the proposed services shall assure the separateness of the programs and demonstrate protective measures to avoid conflict of interest in care planning processes.

(e) For persons eligible under the home and community-based waiver under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) obtained pursuant to Section 2176 of the Omnibus Reconciliation Act of 1981, as described in Chapter 5 (commencing with Section 9400) who are disabled to the extent of needing skilled nursing facility or intermediate care facility placement, services shall be provided by the Multipurpose Senior Services Program, pursuant to Chapter 5 (commencing with Section 9400). During the 1984–85 fiscal year, in accordance with the 1984–85 Budget Act, existing Multipurpose Senior Services Program sites may be increased in size and up to 10 additional sites may be established.

(f) Assistance to older persons entering or returning home from skilled nursing facilities and intermediate care facilities, who need help to make the transition and who reside in a Multipurpose Senior Services Program service area shall be provided by the Multipurpose Senior Services Program as described in subdivision (c).

9390.1. As used in this chapter:

(a) "Department" means the Department of Aging.

(b) "Director" means the Director of the Department of Aging.

(c) "Long-Term Care" means a coordinated continuum of preventive, diagnostic, therapeutic, rehabilitative, supportive, and maintenance services that address the health, social, and personal needs of individuals who have restricted self-care capabilities. Services shall be designed to recognize the positive capabilities of the individual and maximize the potential for the optimum level of physical, social, and psychological independence in the least restrictive environment, and emphasis shall be placed on seeking alternative services other than institutionalization. Services may be provided by formal or informal support systems and may be continuous or intermittent.

(d) "Community Based Resources" include, but are not limited to, information and referral services, nutrition programs, home delivered meals, housing assistance, home modifications, special transportation services, senior companion programs, respite care,

adult day health care, multipurpose senior services programs, in-home supportive services, special circumstances, inpatient and outpatient medical rehabilitation programs, home health and independent living training programs, ombudsman services, case management services, and hospice services.

(e) "Preadmission Screening" means personal assessment of an applicant for placement in a skilled or intermediate care facility, prior to admission, to determine the individual's ability to remain in the community with the support of community-based services.

9390.2. Contractors shall maximize to the fullest extent possible the use of existing services resources before using program funds to purchase services for clients. Funds for the purchase of services shall be allocated by the department among the contractors based upon a capitated rate which shall be established and monitored by the department. Failure by a contractor to perform within the capitated rate levels without prior approval shall be a basis for termination of the contract by the department. Any benefits received as a result of these purchases either shall not be considered income for purposes of programs provided for under Division 9 (commencing with Section 10000) or shall not be considered an alternative resource pursuant to Section 12301.

9390.3. To the extent permissible under federal law, the department shall test models of case management services that differ from those currently available under the home and community-based waiver under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.).

Alternative case-management models that may be tested include, but are not limited to, prepaid risk-based capitation funding models.

9390.4. To insure coordination between the level of service established by subdivisions (a) through (f) of Section 9390, the administration of the Multipurpose Senior Services Program (MSSP) shall be transferred from the Health and Welfare Agency to the department on or before January 1, 1985. The department is charged with preparing an implementation plan for the transfer to be coordinated and compatible with the timing for the transfer of the Office of Long-Term Care and Aging as provided in Senate Bill 1337 of the 1983–84 Regular Legislative Session.

9390.5. (a) The State Department of Health Services shall conduct preadmission screening of persons residing in the community who apply for admission to, or are referred to, long-term health care facilities by a community care facility. Prescreening shall be performed in five Medi-Cal field offices, at least one of which shall be in northern California and one of which shall be in southern California, with voluntary participation of long-term health care facilities. The State Department of Health Services shall submit a report to the Legislature no later than March 1, 1985, on the implementation of this section. On July 1, 1985, the State Director of Health Services shall expand prescreening activities statewide, if possible. If a determination is made by the State Director of Health

Services that expansion is not possible, the State Department of Health Services shall include in the March report to the Legislature alternative options for expanding preadmission screening to other offices statewide, including the option of subcontracting with community-based, nonprofit agencies and the resources necessary to do so. By July 1, 1986, there shall be mandatory prescreening of all patients eligible for Medi-Cal who may be admitted to a long-term care facility.

(b) The State Department of Health Services shall conduct preadmission screening of persons who are patients of general acute care hospitals, who are referred to long-term health care facilities by hospital discharge planners, the Medi-Cal review team, or who are identified by Medi-Cal field office reviews of hospital patient caseloads. Prescreening of general acute care hospital patients referred to long-term health care facilities shall be performed in two Medi-Cal field offices, one of which shall be in northern California and one of which shall be in southern California, with voluntary participation of general acute care hospitals. The State Director of Health Services shall expand prescreening activities statewide, if possible. If a determination is made by the State Director of Health Services that statewide expansion is not possible, the State Department of Health Services shall report to the Legislature no later than March 1, 1985, on the problems encountered by preadmission screening of acute care hospitals and propose alternative solutions to expand mandatory prescreening activity statewide from all acute care and long-term facilities. Preadmission screening activities carried out in this section shall continue in the five Medi-Cal offices selected until July 1, 1986, when mandatory prescreening is instituted statewide.

9391. The intent of this section is to ensure that no one shall be institutionalized without being given the option of a viable alternative when one exists. Preadmission screening of Medi-Cal eligibles applying for SNF/ICF placement, conducted under the auspices of the State Department of Health Services must consider community-based resources.

9391.1. The State Department of Health Services shall reimburse for administrative days when discharge is delayed due to the preadmission process.

9391.2. The State Department of Health Services shall mandate maximum days allowable for completion of preadmission screening.

9391.3. The State Department of Health Services shall mandate a memorandum of agreement between participating State Department of Health Services Medi-Cal field offices and contractors funded under this chapter.

9391.4. All Medi-Cal field offices shall have a list of alternative services in their areas. The field offices shall provide this information to health providers in their areas.

9392. In order to select the contractors pursuant to Section 9390, the department shall seek proposals through the development of a

request for proposal. During the 1984–85 fiscal year, the department shall contract with no more than 10 nonprofit organizations or governmental entities. Expansion beyond the 1984–85 fiscal year limits shall be subject to subsequent administrative action and budget appropriations. The department shall contract with nonprofit organizations or governmental entities to arrange for the provision of services under subdivisions (a) to (d), inclusive, of Section 9390, only until June 30, 1988.

A copy of each completed request for a proposal shall be filed by the applicant with either the applicant's local adult day health care planning council or a specified local long-term care planning council, for review and comment. Each local area agency on aging shall receive timely notice of all grants awarded pursuant to this chapter.

9393. Each contractor shall coordinate and maximize the use of existing resources available in the community, including, but not limited to, the Multipurpose Senior Services Program, as defined in Chapter 5 (commencing with Section 9400), and funds provided for pursuant to Title XX of the federal Social Security Act (42 U.S.C. Sec. 1397 et seq.), and Title III of the federal Older Americans Act (42 U.S.C. Sec. 3021 et seq.).

9394. In order to ensure that the contractors are able to arrange for the provision of the highest quality services, the Health and Welfare Agency shall mandate the establishment of interagency agreements between the Department of Aging and the State Department of Health Services and the State Department of Social Services which shall ensure state level commitment and cooperation between state departments, and which shall facilitate administrative and program effectiveness.

9395. Commencing on March 1, 1986, and on each March 1, thereafter, the department, in conjunction with the State Department of Health Services, shall submit to the Legislature a report on the implementation of this chapter. The report shall include, but not be limited to, all of the following:

(a) (1) Number of clients served.

(2) Description of clients and how clients are selected.

(3) Description and quantity of services provided.

(4) Cost per client and cost per service.

(5) Cost comparison of acute care, skilled nursing, and intermediate care services, and services provided for under this chapter.

(6) A description of services needed to fulfill the intent of this chapter, but which are not available.

(7) Recommendations for changes in the delivery system to increase its effectiveness.

(b) (1) The number of clients screened pursuant to Section 9390.5.

(2) The living situation of clients at the time of screening.

(3) The number of clients diverted from long-term health care facilities to available community services.

(4) A comparison of the costs incurred and savings realized in utilizing community services alternatives.

SEC. 5. The sum of three million five hundred forty-one thousand dollars ($3,541,000) is hereby appropriated from the General Fund in accordance with the following schedule, for expenditure during the 1984–85 fiscal year as follows:

(a) To the Department of Aging, the sum of three hundred thousand dollars ($300,000) may be allocated to the contractors as specified in subdivisions (a) and (b) of Section 9390 of the Welfare and Institutions Code for the sole purpose of carrying out Chapter 4.7 (commencing with Section 9390) of Division 8.5 of the Welfare and Institutions Code.

(b) To the Department of Aging, the sum of two million seven hundred thousand dollars ($2,700,000) may be expended by the department for the sole purpose of implementing subdivisions (c) and (d) of Section 9390.

(c) Contracts may be renewable annually based upon adequate performance and subject to rebidding every three years.

(d) To the Department of Aging, the sum of four hundred seventy-five thousand dollars ($475,000) may be expended by the department for the sole purpose of covering state administrative costs of implementing Chapter 4.7 (commencing with Section 9390) of Division 8.5 of the Welfare and Institutions Code.

(e) To the State Department of Health Services, the sum of sixty-six thousand dollars ($66,000) for the sole purpose of implementing or testing the feasibility of establishing preadmission screening activities as described in, but not limited to, Section 9390.5.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that essential services are provided to functionally impaired adults and the frail elderly as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 1638

An act to add Sections 18953.5 and 18953.7 to, and to add Chapter 12 (commencing with Section 18975) to Part 6 of Division 9 of, the Welfare and Institutions Code, relating to child abuse, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 18953.5 is added to the Welfare and Institutions Code, to read:

18953.5. The Office of Child Abuse Prevention may fund the various programs and centers established pursuant to this chapter and Chapter 12 (commencing with Section 18975) by means of grants rather than contracts. The grants shall not be subject to the review specified in Section 10295 of the Public Contract Code.

SEC. 2. Section 18953.7 is added to the Welfare and Institutions Code, to read:

18953.7. The Office of Child Abuse Prevention may renew grants not to exceed three years in duration on condition that the grant is reviewed annually and the grantee is found to be satisfactorily meeting the grant objectives.

SEC. 3. Chapter 12 (commencing with Section 18975) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12. THE MAXINE WATERS CHILD ABUSE PREVENTION TRAINING ACT OF 1984

Article 1. *General Provisions and Definitions*

18975. This chapter is known and may be cited as the Maxine Waters Child Abuse Prevention Training Act of 1984.

18975.1. The Legislature finds and declares all of the following:

(a) Child abuse and neglect is a severe and increasing problem in California.

(b) School districts and preschools are able to provide an environment for training of children, parents, and all school district staff.

(c) Primary prevention programs in the school districts are an effective and cost-efficient method of reducing the incidence of child abuse and neglect and for promoting healthy family environments.

(d) To ensure comprehensive and effective primary prevention education to all of California's public school children, it is the intent of the Legislature to provide adequate funding for training for each child four times in their school career, including once in preschool, elementary school, junior high school, and senior high school.

18975.2. It is the intention of the Legislature that primary prevention training for all children in publicly funded preschool through 12th grades, be encouraged in the school district system and preschools by the funding of appropriate agencies to provide the training.

18975.3. Unless the context otherwise requires, the definitions contained in this article govern the construction of this chapter.

18975.4. "Department" means the State Department of Social Services.

18975.5. "Office" means the Office of Child Abuse Prevention in

the State Department of Social Services.

18975.6. "Child abuse" means those acts defined in Section 11165 of the Penal Code.

18975.7. A "primary prevention program" means a training and educational program for children, which is directed toward all of the following:

(a) Preventing the occurrence of child abuse, including physical abuse, sexual assault, and child neglect.

(b) Reducing the general vulnerability of children, including coordination with and training for parents and school staff.

18975.8. "Startup costs" for a primary prevention program means staff development, arranging with training centers for training, program planning, materials preparation, coordination with school districts, coordination with other relevant agencies and community organizations, securing office space, basic office supplies, and other reasonable costs associated with implementing the program.

18975.9. "Prevention training center" means a center defined in Article 3 (commencing with Section 19877).

18975.10. "Preschool" means state and federally subsidized preschool and child care development programs as defined in subdivisions (h) and (dd) of Section 8208 of the Education Code.

Article 2. Primary Prevention Programs

18976. A primary prevention program shall include all of the following:

(a) Parent, teacher, and children's workshops which provide all of the following:

(1) Information, provided in a clear, age-appropriate, nonthreatening manner, delineating the problem and the range of possible solutions.

(2) Workshops which are culturally and linguistically appropriate to the population served and which are staffed by people with cultural and linguistic backgrounds representing the diversity of the population in the service area.

(3) Workshops which are appropriate to the geographic area served.

(4) Workshops which are designed to help counteract common stereotypes about victims and offenders.

(b) Parent and school staff workshops presented prior to the presentation of children's workshops, which include information and training concerning all of the following:

(1) Physical and behavioral indicators of abuse.

(2) Crisis counseling techniques.

(3) Community resources.

(4) Rights and responsibilities regarding reporting.

(5) School district procedures to facilitate reporting and apprise supervisors and administrators of reports.

(6) Caring for a child's needs after a report is made.

(c) Children's workshops shall contain information and training concerning all of the following:

(1) The right of every child to live free of abuse.

(2) How to disclose incidents of abuse.

(3) The availability of support resources and how to obtain help.

(4) Child safety training and age-appropriate self-defense techniques.

(5) A period for crisis counseling and reporting immediately following the completion of each children's workshop in a school setting which maximizes the child's privacy and sense of safety.

18976.5. Parents shall be given notice of, and may refuse to have their children participate in, a primary prevention training program.

Article 3. Prevention Training Centers

18977. A prevention training center shall provide information and services to primary prevention programs, the office, and interested applicants for grants, as follows:

(a) Act as a clearinghouse to provide information on state-of-the-art prevention curricula which meet the requirements of this chapter.

(b) Assist in selecting a prevention program model, or a combination of program models, which will meet the needs of their communities.

(c) Design and administer training sessions to develop or expand local primary prevention programs.

(d) Provide technical assistance to local programs, including, but not limited to, all of the following: administration, management, evaluation, program development, development of multicultural staffing, and community education.

(e) Provide ongoing program development and in-service training to meet all of the following:

(1) The special needs of children, including, but not limited to, the needs of disabled and high-risk children.

(2) The geographic, cultural, and linguistic needs of the diverse communities of the state.

(f) Conduct an outreach program to inform communities of the existence of funds to conduct primary prevention programs.

(g) To act in an advisory capacity to the office to provide information for all of the following:

(1) The development of a standard request for proposal as described in Section 18978.2.

(2) Suggestions of appropriate agencies to receive the request for proposal.

(3) The determination of, if requested, a current needs assessment for the number of projects needed to serve a county.

Article 4. The Office of Child Abuse Prevention

18978. The office shall select and award grants by January 1, 1985, to two private, nonprofit prevention training centers, one located in, and serving northern California, and one located in, and serving southern California. The dividing line for the purposes of this act shall be the county boundary lines between Monterey, Kings, Tulare, and Inyo Counties to the north, and San Luis Obispo, Kern, and San Bernardino Counties to the south.

18978.1. The office shall select the two training centers which can fulfill the requirement of Section 18977, and which meets the following requirements:

(a) For the northern California training center, the grant shall be awarded to the applicant which has demonstrated experience and expertise in administering a prevention training center and which has demonstrated the following:

(1) Provided training and ongoing technical assistance for the greatest number of primary prevention programs as defined in Section 18975.5 in school districts and preschool.

(2) Trained and employed the greatest number of trainers with experience in providing primary prevention programs.

(3) Employed trainers representing the cultural and geographical diversity of the service area.

(b) For the southern California training center the grant shall be awarded to the applicant which demonstrates the following:

(1) Experience in child abuse prevention training.

(2) Capacity for training of primary child abuse prevention training programs as defined in Section 18976.

(3) Broad community support.

(4) Capability for developing staffing which represents the cultural diversity of their service area and a plan for developing this staff.

18978.2. The office shall distribute a standard request for proposal and shall select the primary prevention programs for each county through a competitive bidding process. Grants for programs in each county shall be determined on a proportional basis according to the number of children in the schools, kindergarten through 12th grade, and in state-funded child development programs, except that allocations for primary prevention programs in any one county shall not be less than ten thousand dollars ($10,000) or any amount necessary to fund a primary prevention program, whichever is less.

The request for proposals shall include a plan by the applicant as to how its program will serve each child in the service area, including all of the following information:

(a) How many children will be served each year.

(b) How each school in the service area is to be served so that each child receives age-appropriate training once during preschool, and at least three times during a child's school career in grades kindergarten through 12.

(c) How multicultural staffing will be developed, including plans for the hiring and training of staff.

18978.3. In awarding grants for primary prevention programs, the office:

(a) May, in order to achieve economies of scale, designate service areas for grants that include more than one county provided, that an acceptable application is not submitted from a private nonprofit community organization that is located in the county to be served. The office may also designate more than one service area in large counties and counties with large school-age populations.

(b) Shall award grants only to those qualified applicants set forth below and in the following order of priority:

(1) Private, nonprofit, and public primary prevention programs with experience that meet the requirements of this chapter.

(2) Private, nonprofit, community organizations based in the county to be served.

(3) Public institutions based in counties which do not have qualified organizations as defined in paragraphs (1) and (2).

(4) Private, nonprofit community organizations in adjacent counties.

(5) Public institutions based in adjacent counties.

18978.4. (a) Requests for proposals shall be sent out by March 1, 1985, and at least 45-calendar days shall be allowed for the submission of proposals for the competitive bidding.

(b) Requests for proposals thereafter shall be sent out in time for the office to develop by October 1 of each year a proposed funding level for the purposes of this chapter.

18978.5. The office shall do all of the following:

(a) Prepare and execute grants with the successful applicants for the prevention training centers and primary prevention programs.

(b) Monitor and evaluate primary prevention programs and prevention training centers.

(c) Notify any local child abuse prevention council when a primary prevention program grant award has been made in its service area.

18978.6. The office shall administer this chapter.

18978.7. The director shall be authorized to the extent necessary to adopt regulations, orders, or standards of general application to implement, interpret, or make specific the provisions of this chapter.

18978.8. The director shall, within 60 days of the operative date of this chapter, adopt regulations implementing the provisions of this chapter as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

Article 5. Fiscal Provisions

18979. Notwithstanding Section 13340 of the Government Code, eleven million two hundred fifty thousand dollars ($11,250,000) is hereby appropriated from the General Fund to the office for the purposes of this chapter, to be allocated as follows:

(a) Eight hundred fifty thousand dollars ($850,000) for the establishment of prevention training centers and for administrative costs of the department, to be allocated for the period commencing January 1, 1985, and ending June 30, 1985, as follows:

(1) Four hundred eighty-seven thousand five hundred dollars ($487,500) for startup and operating of the prevention training centers, to be allocated as follows:

(A) Two hundred eighteen thousand seven hundred fifty dollars ($218,750) for the northern California prevention training center.

(B) Two hundred sixty-eight thousand seven hundred fifty dollars ($268,750) for the southern California prevention training center.

(2) Three hundred sixty-two thousand five hundred dollars ($362,500) for administrative costs of the department.

(3) Any unexpended allocations pursuant to this subdivision for the 1984–85 fiscal year shall be carried forward for the 1985–86 fiscal year.

(b) Ten million four hundred thousand dollars ($10,400,000) for the continuation of the prevention training centers, primary prevention programs, and administrative costs to be allocated for the 1985–86 fiscal year, as follows:

(1) Nine million five hundred thousand dollars ($9,500,000) for the operating costs of primary prevention programs.

(2) Seven hundred thousand dollars ($700,000) for the operating costs of the prevention training centers, to be allocated as follows:

(A) Three hundred thousand dollars ($300,000) for the northern California prevention training center.

(B) Four hundred thousand dollars ($400,000) for the southern California prevention training center.

(3) Two hundred thousand dollars ($200,000) for administrative costs of the department.

SEC. 4. (a) In order to develop a uniform and coordinated service delivery system and to insure that services are not duplicated, it is the intent of the Legislature that existing programs, as defined in Section 18975.7 of the Welfare and Institutions Code, be incorporated into, and receive continuation funding through, the provisions of this act. Commencing on July 1, 1985, any program operating on the effective date of this act which is otherwise eligible for funding for its activity shall receive subsequent appropriations through this act. These programs include, but are not limited to, programs funded pursuant to Sections 18962, 18963, and 18966 to 18971, inclusive, of the Welfare and Institutions Code.

(b) By October 1, 1984, the Office of Child Abuse Prevention shall develop a plan which includes each of the following: (1) identifies on

a county-by-county basis existing programs as defined in Section 18975.7 of the Welfare and Institutions Code, their funding amounts, service areas and level of compliance with Section 18976 of the Welfare and Institutions Code; (2) compares current funding with amounts allocated through this act for each county and specifies a process by which each existing program is to be modified to conform to the programmatic and fiscal provisions of this act; (3) recommends necessary modifications for transitioning these programs into programs funded by this act which shall not result in disruption of the delivery of primary prevention training programs. Whenever possible, this transition will be done through the contract amendment process.

SEC. 5. Any funds that remain unallocated as a result of this transitioning of programs shall be rebid for other services and shall comply with all statutory provisions which govern their expenditure.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide timely training to California's children to protect them from the increasing problem of child abuse and neglect, it is necessary that this act go into immediate effect.

CHAPTER 1639

An act to add Chapter 1 (commencing with Section 14998) to Part 5.7 of Division 3 of Title 2 of, to add Sections 15335 and 15335.5 to, to add and repeal Sections 14998.15 and 14998.17 of, and to repeal Chapter 1 (commencing with Section 14998.1) of Part 5.7 of Division 3 of Title 2 of, the Government Code, relating to motion pictures, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1 (commencing with Section 14998.1) of Part 5.7 of Division 3 of Title 2 of the Government Code is repealed.

SEC. 2. Chapter 1 (commencing with Section 14998) is added to Part 5.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 1. MOTION PICTURE COUNCIL

14998. This chapter shall be known, and may be cited as, the Motion Picture, Television, and Commercial Industries Act of 1984.

14998.1. The Legislature finds that motion picture production in California provides unique and significant contributions to the economy of California and to the cultural enrichment of its citizens, as well as providing a unique form of entertainment for the state, country and the world at large. The Legislature finds that expenditures for hotels, catered food, leases of equipment and property, transportation, and wages and salaries paid to individuals in California as a result of motion picture production benefit the California economy directly and indirectly.

However, the Legislature finds that the signficant benefits provided to California by motion picture production are in jeopardy as a result of the concerted efforts of other states and countries to lure this production away from California.

Therefore, the Legislature finds a need for concerted efforts by California state and local governments to provide an environment supportive of, and conducive to, the undertakings of the motion picture industry in this state.

14998.3. (a) The Motion Picture Council shall have an executive director, exempt from civil service, who shall be nominated by the council and appointed by the Governor. The salary of the executive director shall be established by the council with the approval of the Department of Personnel Administration.

(b) The council shall work to encourage motion picture and television filming in California and shall exercise the powers provided in this article. In addition, the council shall make recommendations to the Legislature, the Governor, the California Film Office, and state agencies on legislative or administrative actions which may be necessary or helpful to maintain and improve the position of the state's motion picture industry in the national and world market.

(c) The council shall meet at least quarterly and shall select a chairperson and a vice chairperson from among its members. The vice chairperson shall act as chairperson in the chairperson's absence. Each council member shall serve without compensation but shall be reimbursed for traveling outside the county in which he or she resides to attend meetings.

14998.4. The council shall do all of the following:

(a) Adopt guidelines for a standardized permit procedure to be used by state agencies and the California Film Office.

(b) Approve or modify the marketing and promotion plan developed by the California Film Office pursuant to subdivision (b) of Section 15335 to promote filmmaking in the state.

(c) Conduct workshops and trade shows.

(d) Provide expertise in promotional activities.

(e) Hold hearings.

(f) Adopt its own rules and procedures.

(g) Counsel the Legislature and the Governor on issues relating

to the motion picture industry.

(h) Submit a report to the Legislature, by December 31, 1985, on the effectiveness of tax incentives as a means of encouraging location shooting in California. The report shall assess other states' tax policies regarding the motion picture industry and shall assess the benefits and costs that would accrue to the state from one or more changes in state taxation laws to encourage motion picture production in California.

14998.5. The council is authorized to appoint production consultants and an advisory commission, provided, however, that no member of the advisory commission shall receive any compensation. No advisory person appointed may use the name of the council on any letterhead, business card, or identification badge except to the extent that the person is authorized to do so by the council.

14998.6. (a) The California Film Office shall be the permitting authority for the use of state-owned property and state employee services for the purpose of making commercial motion pictures. The office may establish fees not to exceed the actual cost of the affected state agency for this purpose. All fees collected pursuant to this section shall be deposited in the Film Transfer Account, which is hereby created in the Special Deposit Fund, for disbursement by the office to reimburse the operating departments for their actual costs.

(b) The office shall assure a "one-stop" permit process for applications for permission to use state-owned property for motion pictures. In so doing, applications for permission to use state property for making motion pictures shall be made to the film office which, promptly upon receipt of such an application, shall contact the state agency having jurisdiction over the property specified in the application for the concurrence of the agency in the use of property. The denial of an application may be made on the basis of any of the following:

(1) The use would unduly interfere with the conduct of state business.

(2) Failure of the permittee to provide full insurance or bond coverage, if required by the Department of General Services, or the affected agency, sufficient to reimburse the state for any user-caused damage to the property and to provide adequate personal liability insurance coverage.

(3) The use of state property shall be denied, if it is determined that such use would violate or be in conflict with existing provisions of statute or regulation by the director of the department, agency, or commission responding to a permit request.

(c) Any state agency having management and control over state property, the use of which is sought by an application, shall permit the property to be used, unless otherwise denied by the provisions of this section.

(d) Nothing in this section shall be construed to require a state agency to take any action not authorized by law, or to make, or to require the state agency to make, a decision in a manner or by a

method not authorized by law or prohibited by law.

(e) If in connection with the use of roads, highways, and freeways, the assistance, control, or protection by California Highway Patrol officers is desired, applications to the California Film Office to utilize services of California Highway Patrol officers in the production of motion pictures shall be made directly to the Commissioner of the California Highway Patrol. The commissioner may approve the application, provided that employees are available and the department is fully reimbursed for additional costs incurred. Applications to utilize California Highway Patrol employee services shall be approved or disapproved by the commissioner.

(f) The California Film Office, whenever feasible, shall approve or deny any application within 24 hours. In the event that the director of the department or agency having jurisdiction over the property specified in the application permit takes no action to disapprove the application within five working days, the application shall be deemed approved by the Director of the California Film Office. If the director of the department or agency determines that he or she is unable to concur or deny an application within five working days and so notifies the California Film Office within five working days of the application, the director shall then have a total of 10 days from receipt of the application to deny the application. In the event no action is taken by the director within the 10-day period, the application shall be deemed approved by the Director of the California Film Office.

14998.7. It is the intent of the Legislature to encourage local governments to develop uniform procedures for issuing permits and to charge fees for the use of agency property or employee services, which do not exceed the estimated reasonable costs of providing the property or services for which the fees are charged.

It is also the intent of the Legislature to encourage local governments to establish departments which would allow motion picture productions to obtain all the locally required permits at one location.

14998.8. (a) The Motion Picture Council shall be an independent unit of state government, but, for the purposes of administrative support and budgetary submittal, shall be within the Department of Commerce.

SEC. 2. Section 14998.15 is added to the Government Code, to read:

14998.15. (a) In keeping with the intent of Section 14998.7, there is hereby established the Southern California Public-Private Film Commission whose purposes shall be to create a regional permit pilot project and to act as a liaison between the motion picture industry and local government. As used in this section, motion picture industry shall include television and commercials.

(b) The Southern California Public-Private Film Commission shall be a joint powers agency, pursuant to the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, and may

represent the six-county region covered by the Southern California Association of Governments.

(c) The membership and staffing of the Southern California Public-Private Film commission shall be determined by the entities participating in the joint powers agreement.

(d) this section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 3. Section 14998.17 is added to the Government Code, to read:

14998.17. The Southern California Public-Private Film Commission may do all of the following:

(a) Operate as a "one-stop" permit office coordinating movie industry permit requests for local government entities within the six-county region covered by the Southern California Association of Governments.

(b) Expedite the permit process by communicating movie industry needs and concerns to the affected jurisdiction and coordinating all arrangements.

(c) Establish location filming guidelines to ensure that productions are carried out with minimal disruption to residents and businesses.

(d) Monitor compliance with guidelines and handle and investigate complaints from the public.

(e) Catalogue various filming locations within the region and assist the industry in finding locations.

(f) This section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 4. Section 15335 is added to the Government Code, to read:

15335. There is within the Department of Commerce a California Film Office. The office shall prepare and implement a program to promote the production of motion pictures and still photography for the benefit of the state's economy.

The program shall do, but shall not be limited to doing, all of the following:

(a) Administer a one-stop permit office, pursuant to subdivision (c) of Section 14998.6, which shall issue permits for the use of state property for filmmaking.

(b) Implement the guidelines or regulations for a standardized permit procedure for all state agencies pursuant to guidelines adopted by the Motion Picture Council under Section 14998.4.

(c) Update and expand the location resource library.

(d) Produce and implement a marketing and promotion plan for filmmaking in California which shall be subject to the approval of the Motion Picture Council. The purpose of the plan shall be to design a program for all of the following:

The preparation and distribution of appropriate promotional and informational materials pointing out desirable locations within the state for the production of motion pictures, explaining the benefits and advantages of producing motion pictures within the state

government, as well as those services available at the local level and within the industry.

(e) Conduct workshops to assist local governments to adopt uniform permit procedures and to establish film development offices.

(f) Request and obtain any information from state entities necessary to carry out the purposes of this section.

(g) Accept grant moneys for the purpose of implementing this section.

(h) Accept gifts and donations for the purpose of implementing this section.

SEC. 5. Section 15335.5 is added to the Government Code, to read:

15335.5. The California Film Office shall have a director who shall be under the direction of the Director of Commerce and who shali also be an Assistant Director of the Department of Commerce. The director shall be appointed, upon recommendation by the Director of Commerce, by the Governor. The director shall serve at the pleasure of the Director of Commerce and shall receive a salary to be determined by the Director of Commerce with the approval of the Department of Personnel Administration.

SEC. 6. There is hereby appropriated one hundred fifty-four thousand eight hundred dollars ($154,800) from the General Fund to the California Film Office for the purposes of this act from January 1, 1985, to June 30, 1985. Of this amount, forty thousand dollars ($40,000) shall be used for the development of promotional materials and the development and implementation of the marketing and promotion plan as provided in subdivision (d) of Section 15335 of the Government Code.

SEC. 15. (a) There is hereby appropriated one hundred thousand dollars ($100,000) from the General Fund to the Department of Commerce, to be disbursed by the Director of Commerce for the purpose of the regional permit pilot project office, pursuant to Section 14998.17.

(b) The department shall, by March 31, 1985, develop guidelines for the disbursement of funds pursuant to this section.

(c) It is the intent of the Legislature that any funds appropriated pursuant to this section which are not encumbered by June 30, 1985, shall revert to the General Fund.

SEC. 16. There is hereby appropriated thirty-nine thousand two hundred dollars ($39,200) from the General Fund to the Motion Picture Council for the purposes of this act from January 1, 1985, to June 30, 1985.

CHAPTER 1640

An act to amend Section 196 of the Code of Civil Procedure, and to amend Section 1143 of the Penal Code, relating to jurors, and making an appropriation therefor.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 196 of the Code of Civil Procedure is amended to read:

196. Unless a different fee of not less than ten dollars ($10) for each day's attendance is provided by county or city and county ordinance, the fee for trial jurors in the superior, municipal, and justice courts, in civil cases, is twenty-five dollars ($25) a day for each day's attendance as a juror. Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, trial jurors in the superior, municipal, and justice courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile actually traveled in attending court as a juror, in going only.

SEC. 2. Section 1143 of the Penal Code is amended to read:

1143. Unless a different fee of not less than ten dollars ($10) for each day's attendance is provided by county or city and county ordinance, the fee for trial jurors in the superior, municipal, and justice courts of the state, in criminal cases, is twenty-five dollars ($25), in lawful money of the United States, for each day's attendance. Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, trial jurors in the superior, municipal, and justice courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile necessarily traveled in attending court, in going only. Such fees and mileage shall be paid by the treasurer of the county, or city and county, in which the juror's services were rendered, out of the general fund of said county, or city and county, upon warrants drawn by the county auditor upon the written order of the judge of the court in which said juror was in attendance, and the treasurer of said county, or city and county, shall pay said warrants. The board of supervisors of each county, or city and county, is hereby directed to make suitable appropriations for the payment of the fees herein provided for.

SEC. 3. It is the intent of the Legislature to reimburse local agencies only for the increase in minimum compensation for jurors from five dollars ($5) per day to ten dollars ($10) per day.

SEC. 4. The sum of four million seven hundred fifty thousand dollars ($4,750,000) is hereby appropriated from the General Fund to the Controller for allocation and disbursement in accordance with

Section 2231 of the Revenue and Taxation Code to local agencies and school districts to reimburse them for costs mandated by the state and incurred by them pursuant to this act.

CHAPTER 1641

An act to amend Section 408 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 408 of the Revenue and Taxation Code is amended to read:

408. (a) Except as otherwise provided in subdivisions (b) and (c) any information and records in the assessor's office which are not required by law to be kept or prepared by the assessor, and homeowners' exemption claims, are not public documents and shall not be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county and shall provide any market data in his or her possession to an assessee of property or his or her designated representative upon request. The assessor shall permit an assessee of property or his or her designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his or her property. Except as provided in Section 408.1, an assessee or his or her designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his or her assessment.

(c) The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the State Controller, inheritance tax referees, staff appraisers of the Department of Transportation, the State Board of Equalization and other duly

authorized legislative or administrative bodies of the state pursuant to their authorization to examine such records. Whenever the assessor discloses information, furnishes abstracts, or permits access to records in his or her office to staff appraisers of the Department of Transportation pursuant to this section, the department shall reimburse the assessor for any costs incurred as a result thereof.

(d) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing market data, the assessor shall not display any document relating to the business affairs or property of another.

SEC. 2. No appropriation is made by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act provides for reimbursement to local agencies for the program or level of service mandated by this act.

CHAPTER 1642

An act to amend Sections 1521 and 3012 of the Unemployment Insurance Code, relating to employment, making an appropriation therefor, to take effect immediately, usual current expenses.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1521 of the Unemployment Insurance Code is amended to read:

1521. The Unemployment Fund is continued in existence as a special fund, separate and apart from all public money or funds of this state. This fund shall consist of (1) all employer contributions collected under this division; (2) interest earned upon any money in the fund; (3) any property or securities acquired through the use of money belonging to the fund; (4) all earnings of such property or securities; (5) all money credited to this state's account in the Unemployment Trust Fund pursuant to Section 903 of the Social Security Act, as amended; and (6) all other money received for the fund from any other source. All money in the fund shall be mingled and undivided.

Notwithstanding Section 13340 of the Government Code, all money in the Unemployment Fund and in the various accounts of that fund, except any money deposited pursuant to Section 1528.5, is continuously appropriated for the purposes authorized in this article.

SEC. 2. Section 3012 of the Unemployment Insurance Code is amended to read:

3012. (a) Notwithstanding Section 13340 of the Government Code, all money in the Disability Fund is continuously appropriated for the purpose of providing disability benefits pursuant to this part, including the payment of refunds, credits, or judgments, and interest thereon, the payment of disability benefits to all eligible persons not covered exclusively by an approved voluntary plan, and the payment of the expenses of administration of this part and Sections 17061 and 17061.5 of the Revenue and Taxation Code by the department and the Franchise Tax Board. "Eligible persons" as used in this section, means those individuals who are covered by the Disability Fund at the time their period of disability commences, or whose employment has terminated or who are in noncovered employment at the time their period of disability commences, and who are otherwise eligible for benefits under this part.

(b) For the purpose of keeping a record of the payments to and the disbursements from the Disability Fund with respect to the payment of benefits to persons whose employment has terminated or who are in noncovered employment at the time their period of disability commences, the director shall maintain the Unemployed Disabled Account in the Disability Fund. This account shall be credited with 12 percent of the product obtained by multiplying the rate of worker contributions as determined in Section 984, by the amount of the taxable wages paid to employees covered by voluntary plans for disability benefits for each calendar year. This account shall also be credited with an amount equal to 12 percent of the product obtained by multiplying the rate of worker contributions as determined in Section 984, by the amount of the taxable wages paid to employees covered by the Disability Fund for each calendar year. This account shall be charged each calendar year with disbursements from the Disability Fund for the payment of benefits and the additional administrative costs of the payment of benefits to persons whose employment has terminated or who are in noncovered employment at the time their period of disability commences.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1643

An act to add Section 1219.5 to the Code of Civil Procedure, relating to contempts.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1219.5 is added to the Code of Civil Procedure, to read:

1219.5. (a) Except as provided in subdivision (c), in any case in which a contempt consists of the refusal of a minor under the age of 16 years to take the oath or to testify, before imposing any sanction for the contempt, the court shall first refer the matter to the probation officer in charge of matters coming before the juvenile court for a report and recommendation as to the appropriateness of the imposition of a sanction. The probation officer shall prepare and file the report and recommendation within the time directed by the court. In making the report and recommendation, the probation officer shall consider factors such as the maturity of the minor, the reasons for the minor's refusal to take the oath or to testify, the probability that available sanctions will affect the decision of the minor not to take the oath or not to testify, the potential impact on the minor of his or her testimony, the potential impact on the pending litigation of the minor's unavailability as a witness, and the appropriateness of the various available sanctions in the minor's case. The court shall consider the report and recommendation in imposing a sanction in the case.

(b) In any such case in which the court orders the minor to be placed outside of his or her home, the placement shall be in the least restrictive setting available. Except as provided in subdivision (d), the court shall not order the minor to be placed in a secure facility unless other placements have been made and the minor has fled the custody and control of the person under the control of whom he or she has been placed or has persistently refused to obey the reasonable and proper orders or directions of the person under the control of whom he or she has been placed.

(c) The court may impose a sanction for contempt prior to receipt of the report and recommendation required by subdivision (a) if the court enters a finding, supported by specific facts stated on the record, that the minor would be likely to flee if released before the receipt of the report and recommendation.

(d) The court may order the minor placed in a secure facility without first attempting the nonsecure placement required by subdivision (b) if the court enters a finding, supported by specific facts stated on the record, that the minor would be likely to flee if released to nonsecure placement as a prerequisite to secure

confinement.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1644

An act to amend Sections 128 and 1219 of the Code of Civil Procedure, relating to contempt.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 128 of the Code of Civil Procedure is amended to read:

128. (a) Every court shall have the power to do all of the following:

(1) To preserve and enforce order in its immediate presence.

(2) To enforce order in the proceedings before it, or before a person or persons empowered to conduct a judicial investigation under its authority.

(3) To provide for the orderly conduct of proceedings before it, or its officers.

(4) To compel obedience to its judgments, orders, and process, and to the orders of a judge out of court, in an action or proceeding pending therein.

(5) To control in furtherance of justice, the conduct of its ministerial officers, and of all other persons in any manner connected with a judicial proceeding before it, in every matter pertaining thereto.

(6) To compel the attendance of persons to testify in an action or proceeding pending therein, in the cases and manner provided in this code.

(7) To administer oaths in an action or proceeding pending therein, and in all ther cases where it may be necessary in the exercise of its powers and duties.

(8) To amend and control its process and orders so as to make

them conform to law and justice.

(b) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting an attorney, his or her agent, investigator, or any person acting under the attorney's direction, in the preparation and conduct of any action or proceeding, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, the violation of which is the basis of the contempt except for the conduct as may be proscribed by subdivision (b) of Section 6068 of the Business and Professions Code, relating to an attorney's duty to maintain respect due to the courts and judicial officers.

(c) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting a public safety employee acting within the scope of employment for reason of the employee's failure to comply with a duly issued subpoena or subpoena duces tecum, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "public safety employee" includes any peace officer, firefighter, paramedic, or any other employee of a public law enforcement agency whose duty is either to maintain official records or to analyze or present evidence for investigative or prosecutorial purposes.

(d) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting the victim of a sexual assault, where the contempt consists of refusing to testify concerning that sexual assault, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

SEC. 2. Section 1219 of the Code of Civil Procedure is amended to read:

1219. (a) Except as provided in subdivision (b), when the contempt consists of the omission to perform an act which is yet in the power of the person to perform, he or she may be imprisoned until he or she has performed it, and in that case the act shall be specified in the warrant of commitment.

(b) Notwithstanding any other provision of law, no court may imprison or otherwise confine or place in custody the victim of a sexual assault for contempt when the contempt consists of refusing to testify concerning that sexual assault.

As used in this section, "sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

SEC. 3. It is the intent of the Legislature that a victim of a sexual assault shall be accorded special consideration because of the severity of the emotional harm resulting from this type of crime. It is the further intent of the Legislature that this act shall not be interpreted to excuse any person other than a victim of a sexual assault from the prescribed penalties for contempt.

CHAPTER 1645

An act relating to childbirth.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Birth is one of the most intimate and emotional human events, the quality of which greatly contributes to the relationship between parents and infants and to the child's physiological, neurological, and behavioral development.

(b) Everyone, individually and as a society, benefits from and creates the healthiest birth experience for each newly arriving baby.

(c) Social and familial value can be gained from a gentle and nurturing birth experience that acknowledges and enhances the relationship between the psychological, sociological, and physiological aspects of the experience, that actively involves the father as an integral part of the process, and that allows the parents more informed and aware involvement in their own experience, which thereby reestablishes birth as a joyous, healthy family event.

(d) There have been in recent years significant developments, such as research, information, and changes in practice, regarding more humane and healthy birthing, including natural childbirth and breastfeeding.

(e) There has developed a marked demand for alternative birthing methods, which in some areas, exceeds the supply of legalized birthing methods, and supports a community of practitioners of alternative methods.

(f) There are many areas in this state where people do not have access to the entire spectrum of prenatal, birthing, or postpartum care because of the partial or total absence of licensed trained professionals in their communities.

(g) In 1983, the cost for a normal physician-attended hospital birth frequently exceeded two thousand dollars ($2,000). There is an unknown number of families who do not have public or private medical insurance and cannot afford adequate medical care because of the prohibitive costs.

(h) There are, in 1984, about 370 nurse midwives certified to

practice in California, although less than one-half of them are engaged in full-time practice. The number of practicing noncertified midwives appears to be at least 800, and may be greater.

(i) The Board of Registered Nursing now licenses certified nurse midwives.

(j) Certified nurse midwives face many barriers in their practice that limit their ability to function and meet the consumer demand for their services. These barriers include lack of hospital privileges, unavailability of malpractice insurance, lack of a consistent reimbursement mechanism, the inability to administer limited amounts of specified medications, and the requirement of a supervision agreement rather than a consultation arrangement with physicians and surgeons.

(k) The four educational facilities presently available for the training of practitioners in the field of alternative birthing methods, including certified nurse midwives, are often prohibitively expensive, lack sufficient scholarships and student loans, and are not accessible to many nurse practitioners.

(*l*) Physicians and surgeons who supervise certified nurse midwives, as provided for in statute, face many barriers in their own practice of medicine, including the prohibitive additional cost or unavailability of adequate malpractice insurance and the denial of hospital privileges.

(m) A number of states of the United States have successfully removed many of the barriers to the practice of alternative birthing methods.

SEC. 2. The Legislature further finds that:

(a) It is in the public interest to encourage and conduct a public dialogue about healthy birthing, and the pros and cons of alternative processes.

(b) There have been increasing studies in the area of birthing, including alternative birthing methods, but the studies have not been systematic, comprehensive, and authoritative.

(c) It is in the public interest to encourage, foster, and coordinate existing studies in the field of alternative birthing methods in order to educate the public about the availability of these alternatives, and to utilize the research in forming public policy if the study reveals a need for new or additional public policy.

(d) The Office of Statewide Health Planning and Development was created to assure the accessibility of needed and appropriate health services to the people of California at affordable costs, and is the appropriate state agency to carry out this study.

SEC. 3. It is the intent of the Legislature to do all of the following:

(a) Generate a full-scale public dialogue, among all interested persons, of all experiences, training, and viewpoints, regarding the healthy birthing process.

(b) Produce a comprehensive, systematic, and authoritative study of alternative birthing methods, to be utilized in forming new public policy, if the need is established.

(c) Consider whether there is a need to encourage new experiments in health care delivery, to designate new categories of health practitioners, or to expand existing legislation to facilitate the use of safe alternative birthing methods, or to do any or all the above.

(d) Involve the Office of Statewide Health Planning and Development and the professional and lay communities involved in alternative birthing methods in forming public policy.

SEC. 4. (a) The Office of Statewide Health Planning and Development shall conduct a study of alternative birthing methods, subject to the availability of funds for this purpose.

(b) The study pursuant to subdivision (a) shall do all of the following:

(1) Identify, review, and evaluate existing studies and training programs, including, but not limited to, the prototype Stanford University Medical Center Women's Health Care Training Project, the study being completed by the American College of Obstetrics, California Branch, and the experiences of other states in the area of alternative birthing methods.

(2) Sponsor and conduct a minimum of five public meetings to invite the public, lay and professional, to participate and collect further information. These meetings shall be held in both northern and southern California, in both urban and rural areas, in areas which are presently unserved, and in areas which are underserved by the licensed medical profession, and in areas where a full and a narrow range of traditional and alternative birthing methods are available.

(3) Systematically obtain and evaluate information, including information obtained from the public meetings, on the best ways to healthy, humane birth for each baby, and on the need and demand for alternative methods of maternity and delivery care, the capabilities of existing health care providers to meet those needs, and the legal, economic, and educational barriers faced by individuals attempting to meet these needs, and how to educate prospective parents regarding all this so that each can make an informed best choice.

(4) After reviewing all information and compiling the necessary data base, provide findings and recommendations concerning how to assure safe and healthy birthing and whether to legalize or otherwise encourage, prohibit, or condition various birthing techniques, including alternative ones, that would provide consumers with a full range of safeguarded choices, reach into unserved and underserved areas and populations, whether to legalize new classes of practitioners, how best to provide for the training of practitioners, and remove the impediments facing the legal community of practitioners, if appropriate.

(5) The identity of individual participants in this study shall remain confidential, unless confidentiality is waived by the participant. Noncertified practitioners shall not be prosecuted based upon information derived from their coming forth and participating in this study.

SEC. 5. (a) There is hereby created in the Office of Statewide Health Planning and Development a statewide advisory committee on healthy humane birthing for the purpose of advising the office on the design and implementation of the study, described in Section 4, and to review and comment on the final report as provided in this chapter.

(b) The advisory committee shall consist of no more than 15 persons, including the following:

(1) A consumer.

(2) A health facility administrator.

(3) An educator of a licensed midwifery program.

(4) Nurse midwife.

(5) Physician assistant.

(6) An obstetrician selected from a list of three candidates nominated by the American College of Obstetricians and Gynecologists, District 9.

(7) A family practitioner selected from a list of three candidates nominated by the California Academy of Family Physicians.

(8) A pediatrician selected from a list of three candidates nominated by the American Academy of Pediatrics.

Membership of the committee shall be socio economically and culturally diverse.

(c) The advisory committee shall be appointed by the Director of Statewide Health Planning and Development.

(d) The committee members shall serve without compensation except for travel and per diem expenses.

(e) The advisory committee members shall serve until the final report is submitted to the Legislature, after which time the committee shall be disbanded.

SEC. 6. The results of the study conducted pursuant to this act shall be reported to the Legislature on or before March 30, 1986.

CHAPTER 1646

An act to amend Section 8855 of the Government Code, and to add Chapter 5 (commencing with Section 130500) to Division 12 of the Public Utilities Code, relating to bonds.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 8855 of the Government Code is amended to read:

8855. (a) There is created the California Debt Advisory Commission, consisting of nine members, selected as follows:

(1) The Treasurer, or his or her designate.

(2) The Governor or the Director of Finance.

(3) The Controller, or his or her designate.

(4) Two local government finance officers appointed by the Treasurer, one each from among persons employed by a county and by a city or a city and county of this state, experienced in the issuance and sale of municipal bonds and nominated by associations affiliated with these agencies.

(5) Two Members of the Assembly appointed by the Speaker of the Assembly.

(6) Two Members of the Senate appointed by the Senate Committee on Rules.

(b) The term of office of an appointed member is four years, but appointed members serve at the pleasure of the appointing power. In case of a vacancy for any cause, the appointing power shall make an appointment to become effective immediately for the unexpired term.

Any legislators appointed to the commission shall meet with and participate in the activities of the commission to the extent that the participation is not incompatible with their respective positions as Members of the Legislature. For purposes of this chapter, the Members of the Legislature shall constitute a joint interim legislative committee on the subject of this chapter.

(c) The Treasurer shall serve as chairperson of the commission and shall preside at meetings of the commission. The commission, on or after January 1, 1982, and annually thereafter, shall elect from its members a vice chairman and a secretary who shall hold office until the next ensuing December 31 and shall continue to serve until their respective successors are elected.

(d) Appointed members of the commission shall not receive a salary, but shall be entitled to a per diem allowance of fifty dollars ($50) for each day's attendance at a meeting of the commission not to exceed three hundred dollars ($300) in any month, and reimbursement for expenses incurred in the performance of their duties under this chapter, including travel and other necessary expenses.

(e) The commission shall do all of the following:

(1) Assist the Housing Bond Credit Committee and all state financing authorities and commissions in carrying out their responsibilities as prescribed by law, including assistance with respect to federal legislation pending in Congress.

(2) Upon request of any state or local government units, to assist them in the planning, preparation, marketing, and sale of new debt issues to reduce cost and to assist in protecting the issuer's credit.

(3) Collect, maintain, and provide information on state and local debt authorization, sold and outstanding, and serve as a statistical center for all state and local debt issues.

(4) Maintain contact with state and municipal bond issuers, underwriters, credit rating agencies, investors, and others to improve the market for state and local government debt issues.

(5) Undertake or commission studies on methods to reduce the costs and improve credit ratings of state and local issues.

(6) Recommend changes in state laws and local practices to improve the sale and servicing of state and local debts.

(f) The commission may adopt bylaws for the regulation of its affairs and the conduct of its business.

(g) The issuer of any proposed new debt issue of state or local government shall, no later than 30 days prior to the sale of any debt issue at public or private sale, give written notice of the proposed sale to the commission, by mail, postage prepaid.

(h) The notice shall include the proposed sale date, the name of the issuer, the type of debt issue, and the estimated principal amount thereof. Failure to give this notice shall not affect the validity of the sale.

(i) The commission shall publish a monthly newsletter describing and evaluating the operations of the commission during the preceding month.

(j) The commission shall meet on the call of the chairperson, or at the request of a majority of the members, or at the request of the Governor. A majority of all nonlegislative members of the commission constitutes a quorum for the transaction of business.

(k) All administrative and clerical assistance required by the commission shall be furnished by the Office of the Treasurer.

SEC. 2. Chapter 5 (commencing with Section 130500) is added to Division 12 of the Public Utilities Code, to read:

CHAPTER 5. LOS ANGELES COUNTY TRANSPORTATION COMMISSION REVENUE BOND ACT

Article 1. General Provisions

130500. This chapter shall be known and may be cited as the Los Angeles County Transportation Commission Revenue Bond Act.

130501. The Legislature finds that alternative methods of financing provided in this chapter are needed to finance the cost of acquiring, constructing, and developing facilities for transit systems in the County of Los Angeles and that these methods will increase economic opportunities, contribute to economic development, be in the public interest and serve a public purpose, and promote the health, safety, and welfare of citizens within the County of Los Angeles.

130502. It is the purpose of this chapter to carry out and make effective the findings of the Legislature and, to that end, to provide an alternative method of financing in acquiring, constructing, or rehabilitating facilities to be used as part of transit systems, all to the mutual benefit of the people of the County of Los Angeles and to protect their health and welfare.

Article 2. Definitions

130510. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

130511. "Bonds" means indebtedness and securities of any kind or class, including bonds, notes, bond anticipation notes, commercial paper, and other obligations.

130512. "Commission" means the Los Angeles County Transportation Commission created pursuant to Section 130050 and any board, commission, department, or officer succeeding to the functions thereof or to whom the powers conferred upon the commission by this division is granted by law.

130513. "Cost," as applied to a project or portion thereof financed under this chapter, means all or any part of the cost of construction and acquisition of all real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project, the cost of demolishing or removing any structures on land so acquired, including the cost of acquiring any land to which the structures may be removed, the cost of all machinery and equipment, vehicles, rolling stock, financing charges, interest prior to, during, and for a period after completion of construction as determined by the commission, provisions for working capital, reserves for principal and interest, and for extensions, enlargements, additions, replacements, renovations, and improvements, the cost of architectural, engineering, financial, and legal services, plans, specifications, estimates, and administrative expenses, and other expenses necessary or incidental to the determination of the feasibility of constructing any project or incidental to the construction, acquisition, or financing of any project.

130514. "Notes" means notes and agreements relating thereto, bond anticipation notes, and commercial paper.

130515. "Transit project" or "project" means real and personal property, including, but not limited to, land, structures and all improvements thereto, works, vehicles, rolling stock, rights-of-way, easements, rail lines, rail beds, stations, platforms, switches, yards, terminals, parking facilities, other facilities adjacent to or nearby rail transit stations which are designed to be used in conjunction with the station, and any and all other facilities or equipment necessary or convenient for the provision of transit service, whether under, on, or above the ground, including public streets, highways, bridges, or other public ways or waterways, together with all physical structures necessary or convenient for the access of persons and vehicles thereto.

130516. "Public agency" means any state agency, department, board, or commission, any county, city, regional agency, district, or other political subdivision.

130517. "Public transit purposes," as used in this chapter and in Section 130354, includes a pledge of transactions and use tax revenues to secure any bonds issued pursuant to this chapter, the payment or

provision for payment of the principal of the bonds and any premium, interest on the bonds, and the costs of issuance of the bonds.

130518. "Revenues" means all rents, receipts, purchase payments, and all other income or receipts derived by the commission, whether from fares, the sale, lease, or other disposition of transit facilities or projects or otherwise, and any income or revenue derived from the investment of any money in any fund or account of the commission.

130519. (a) The "Los Angeles Metro Rail project" means an 18.6 mile rail line and necessary support facilities and equipment as described in the June 1983 Environmental Impact Statement and Environmental Report, Los Angeles Rail Rapid Transit Project, Metro Rail.

(b) The "initial segment of the Los Angeles Metro Rail project" means that portion of the project which the United States Department of Transportation has approved and committed federal funds for initial construction.

Article 3. General Powers and Duties

130520. The commission may incur indebtedness and obligations as provided by this chapter.

130521. The commission may acquire by deed, purchase, lease, contract, gift, devise, or otherwise, any real or personal property, structures, rights, rights-of-way, franchises, easements, air, land, and development rights, and other interests in lands located within this state necessary or convenient for the construction or operation of a project, upon terms and conditions it deems advisable, and to lease, develop, jointly develop, maintain, operate, or dispose of any property, right, or interest in the manner that is necessary or desirable to carry out the objects and purposes of this chapter. Nothing in this chapter provides eminent domain power.

130522. The commission may do all of the following:

(a) Fix, collect, and revise from time to time, rates, rents, fees, fares, and charges for the use of, and for any facilities furnished or to be furnished by, a project or any part thereof, except that no rent, fee, fare, or charge may be imposed on an operator for the use of the facilities used in the operation of its transit guideway system.

(b) Contract with any individual, partnership, association, corporation, or public agency with respect to a project.

(c) Provide and maintain, by contract with any public agency or otherwise, a security force to enforce its regulations, preserve and protect the projects financed pursuant to this chapter, and preserve and protect the public peace, health, and safety with respect to these projects.

Article 4. Bonds and Notes

130530. The commission may issue bonds for purposes authorized by this chapter, and to fund or refund them, pursuant to this chapter.

130531. Notwithstanding any other provision of law:

(a) The commission and its revenues are exempt from all taxes on, or measured by, income.

(b) Bonds issued by the commission are exempt from all property taxation, and the interest on the bonds are exempt from all taxes on income.

(c) All property owned by the commission is exempt from property taxes, assessments, and other public charges secured by liens.

130532. The commission may from time to time issue or renew notes in anticipation of the sale of bonds or otherwise. The commission may also issue notes partly to renew notes or to discharge any other outstanding obligation and partly for any other purpose. Notes may be authorized, sold, and delivered in the same manner as bonds. Any resolution of the commission authorizing notes may contain any provision which the commission may include in any resolution authorizing bonds, and the commission may include in the notes any terms, covenants, or conditions which it may include in bonds. Notes shall be paid from any revenues of the commission or other money available therefor and not otherwise pledged, or from the proceeds of the sale of the bonds in anticipation of which the notes were issued, subject to any contractual rights of the holders of any outstanding notes or other obligations.

130533. (a) Except as provided in this subdivision and as may be otherwise expressly provided by the commission, all issues of its bonds are special obligations of the commission payable from any revenues or money of the commission available therefor and not otherwise pledged, subject only to any agreement with the holders of particular bonds pledging any particular revenues or money. However, the commission may not pledge revenues or money from the following sources: federal funds provided under Sections 1602 and 1607a of Title 49 of the United States Code, funds allocated pursuant to subdivisions (a) and (b) of Section 99312 from a state transit assistance fund created pursuant to Section 99313.6, funds allocated from the Transportation Planning and Development Account in the State Transportation Fund, funds subject to Article XIX of the California Constitution, and funds provided pursuant to the Mills-Alquist-Deddeh Act (Chapter 4 (commencing with Section 99200) of Part 11 of Division 10).

(b) The commission may not pledge any of its revenue derived from the retail transactions and use tax which have been allocated to a city pursuant to the ordinance adopted pursuant to Section 130350, unless the city has authorized the pledging of its allocation.

(c) Notwithstanding that the bonds may be payable from a special fund, they are for all purposes negotiable instruments, subject only

to the provisions of the bonds for registration.

130534. (a) The bonds may be issued as serial bonds or as term bonds, or the commission, in its discretion, may issue bonds of both types.

(b) The bonds shall be authorized by resolution of the commission and shall bear the date or dates, mature at the time or times, not exceeding 50 years from their respective dates, bear interest at the rate or rates, be payable at the time or times, be in the denominations, be in registered form, carry the registration privileges, be executed in the manner, be payable in lawful money of the United States of America at the place or places, and be subject to the terms of redemption, as the resolution or resolutions may provide.

(c) The bonds may be sold at public or private sale, and for the price or prices and on the terms and conditions as determined by the commission.

(d) Pending preparation of the bonds, the commission may issue interim receipts, certificates, or temporary bonds which shall be exchanged for the bonds. The commission may sell any bonds at a price below the par value thereof without any limitation on price.

130535. (a) At times that the commission desires to issue bonds, it shall adopt a resolution specifying the total amount of bonds proposed to be issued.

(b) Any resolution authorizing any bonds, or any issue of bonds, shall, to the extent applicable, contain provisions, which are a part of the contract with the holders of the bonds to be authorized, as to the following:

(1) Pledging all or any part of the revenues of any project or any revenue-producing contract or contracts made by the commission with any individual, partnership, corporation, or association or other body, public or private, or other money of the commission, to secure the payment of the bonds or of any particular issue of bonds, subject to any agreement with bondholders that may then exist.

(2) The rentals, fees, fares, purchase payments, and other charges to be charged, and the amounts to be raised in each year thereby, and the use and disposition of the revenues.

(3) The setting aside of reserves or sinking funds, and the regulation and disposition thereof.

(4) Limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied, and pledging the proceeds to secure the payment of the bonds or any issue of the bonds.

(5) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds.

(6) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds that the holders of which are required to consent thereto, and the manner in which the consent may be given.

(7) Limitations on expenditures for operating, administrative, or other expenses of the commission.

(8) Defining the acts or omissions to act which constitute a default in the duties of the commission to bondholders of the commission's obligations, and providing the rights and remedies of the bondholders in the event of a default.

(9) The mortgaging of any project, or any part thereof, for the purpose of securing the bondholders.

(10) The terms and conditions of the sale, whether public or private, including, but not limited to, the price, interest rates, terms to maturity, security arrangements, and any other terms and conditions which the commission deems necessary under the circumstances.

130536. Neither the members of the commission, nor any person executing the bonds, are liable personally on the bonds, or are subject to any personal liability or accountability by reason of the issuance thereof.

130537. The commission may, from any funds available therefor, purchase its bonds. The commission may hold, pledge, cancel, or resell the bonds, subject to, and in accordance with, agreements with the bondholders.

130538. (a) At the discretion of the commission, any bonds issued under this chapter may be secured by a trust agreement by and between the commission and a trustee, which may be any trust company or bank having the powers of a trust company within or without the state.

(b) The trust agreement, or the resolution providing for the issuance of the bonds, may pledge or assign the revenues to be received or the proceeds of any contract pledged and may convey or mortgage the project, or any portion thereof, to be financed out of the proceeds of the bonds. The trust agreement, or resolution providing for the issuance of the bonds, may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly provisions specifically authorized to be included in any resolution of the commission authorizing bonds.

(c) Any bank or trust company which does business under the laws of the United States or of this state, which has its principal place of business in this state, and which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish indemnifying bonds or pledge securities as may be required by the commission.

(d) Any trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition, any trust agreement or resolution may contain other provisions that the commission may deem reasonable and proper for the security of the bondholders.

130538.5. The commission shall take no action which will materially impair the security pledged for any bonds which it has

previously issued.

130539. All expenses incurred in carrying out the provisions of the trust agreement or resolution may be treated as a part of the cost of the operation of a project.

130540. (a) Bonds issued under this chapter do not constitute a debt or liability of the state or of any other public agency, other than the commission, or a pledge of the faith and credit of the state or of any other public agency, other than the commission, but shall be payable solely from the funds provided therefor. All the bonds shall contain on the face thereof a statement to the following effect:

"Neither the faith and credit nor the taxing power of the State of California or any public agency, other than the Los Angeles County Transportation Commission, is pledged to the payment of the principal of, or interest on, this bond."

(b) The issuance of bonds under this chapter does not in any manner obligate the state or any other public agency thereof to levy, or to pledge any form of, taxation therefor or to make any appropriation for their payment.

130541. The commission may provide for the issuance of bonds of the commission for the purpose of refunding any bond then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of the bonds and, if deemed advisable by the commission, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion thereof. The commission may issue refunding bonds to refinance its indebtedness only if the commission finds that the refunding is in the public interest due to the terms or conditions of the refunding, including, without limitation, lower net interest cost, maturity or maturities, call provisions, or similar terms and conditions.

130542. (a) The proceeds of any bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the commission, be applied to the purchase or retirement at maturity or redemption of outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or retirement at the maturity thereof and may, pending such application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on the date as may be determined by the commission.

(b) Pending that use, the escrowed proceeds may be invested and reinvested by the commission or its trustee in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at a time or times appropriate to ensure the prompt payment of principal, interest, and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income, and profits, if any, earned or realized on the investment may also be applied to the payment of the

outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income, and profits, if any, earned or realized on the investments thereof may be returned to the commission for use by it in any lawful manner.

130543. The proceeds of any bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project may be invested and reinvested by the commission or its trustee in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when the proceeds will be needed for the purpose of paying all or any part of the cost. The interest, income, and profits, if any, earned or realized on the investment may be applied to the payment of all or any part of the cost or may be used by the commission in any lawful manner.

130544. Bonds issued pursuant to Section 130542 are subject to this chapter in the same manner and to the same extent as other bonds issued pursuant to this chapter.

130545. The bonds issued pursuant to this chapter are legal investments for all trust funds, the funds of all insurance companies, commercial or savings banks, trust companies, savings and loan associations, and investment companies, for executors, administrators, guardians, conservators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds. The bonds are securities which may properly and legally be deposited with, and received by, any state or municipal officer or any public agency for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds.

Article 5. Supplemental Provisions

130550. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof.

130551. (a) This chapter provides a complete, additional, and alternative method for the doing of the things authorized thereby, and is supplemental and additional to powers conferred by other laws.

(b) The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds.

130552. The State of California does hereby pledge to, and agree with, the holders of any bonds issued under this chapter and with those parties who may enter into contracts with the commission pursuant to this chapter that the state will not limit or alter the rights

hereby vested in the commission until the bonds, together with the interest thereon, are fully met and discharged and the contracts are fully performed on the part of the commission. However, nothing in this section precludes that limitation or alteration if and when adequate provision has been made by law for the protection of the bondholder or those entering into contracts with the commission.

The commission, as agent for the state for this purpose only, may include this pledge and undertaking for the state in issuing its bonds and entering into contracts.

130553. To the extent that the provisions of this chapter, with respect to the financing of transit systems or facilities, are inconsistent with the provisions of any general statute or special act or parts thereof, with respect to the financing of transit systems or facilities, the provisions of this chapter are controlling. This section does not affect the authority of the Southern California Rapid Transit District to issue bonds, notes, or other evidences of indebtedness under Chapter 7 (commencing with Section 30900) of Part 3 of Division 10 or any other law.

130554. The commission shall give priority to construction of the overall transit system authorized in Los Angeles County Transportation Commission Ordinance No. 16. No more than 30 percent of the cost of the initial segment of the Los Angeles Metro Rail project shall be obtained from rail transit revenues to be obtained from revenue sources authorized in Los Angeles County Transportation Commission Ordinance No. 16. Furthermore, the commission shall not issue bonds in excess of one hundred million dollars ($100,000,000) to fund the Los Angeles Metro Rail project prior to December 31, 1986. The bonds shall be repaid from commission rail transit revenues. In the event that any bond proceeds are used for the system authorized by Los Angeles County Transportation Commission Ordinance No. 16, the Los Angeles County Transportation Commission and the Southern California Rapid Transit District shall report to the Legislature by December 31, 1986, on the status and funding of the Los Angeles Metro Rail project, including cost overruns, federal commitments and pledges for future funding, and local revenue sources.

No additional bonds shall be issued pursuant to this chapter after January 1, 1988, to finance portions of the Metro Rail project unless authorized by subsequent legislation.

CHAPTER 1647

An act to add and repeal Sections 15335, 15335.1, and 15335.2 of the Government Code, relating to economic and business development, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 15335 is added to the Government Code, to read:

15335. The Legislature finds all of the following:

(a) While California has been, and will continue to be, an attractive location site for industrial and commercial development, the costs of locating in some areas of the state may be discouraging investment from taking place.

(b) At the same time, many other areas of the state offer economic advantages for industrial and commercial expansion and location, such as affordable land, housing, and public improvements.

(c) Several other states are utilizing computerized inventories of available industrial and commercial land and community attributes to facilitate the attraction and retention of industry.

(d) Several communities in California have undertaken the development of computerized inventories to enhance their industrial and commercial development activities.

(e) There is a need for the state to study the possible usefulness of land inventories, particularly for industrial and commercial expansion throughout relatively undeveloped parts of the state.

(f) There is a further need for the state to study the possible usefulness of assisting committees in the development of local industrial and commercial inventories.

This section shall remain in effect only until January 1, 1986, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1986, deletes or extends that date.

SEC. 2. Section 15335.1 is added to the Government Code, to read:

15335.1. It is the intent of the Legislature that the department, in carrying out the provisions of the act adding this section to the code, seek the advice of people with knowledge and experience about inventories of industrial and commercial land and community attributes.

It is also the intent of the Legislature that the director consult with the Joint Committee on the State's Economy, the Assembly Economic Development and New Technologies Committee, and the Lieutenant Governor on the identification of the above advisers.

This section shall remain in effect only until January 1, 1986, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1986, deletes or extends that date.

SEC. 3. Section 15335.2 is added to the Government Code, to read:

15335.2. The Director of Economic and Business Development shall prepare a report for submittal to the Legislature by December 31, 1985, assessing the possible usefulness of various options for the

development of state data bases of industrial and commercial land and community attributes. In preparing the report, the department shall do all of the following:

(a) Survey industrial inventories developed by other states.

(b) Survey industrial inventories developed by communities in California.

(c) Survey industrial and commercial inventories developed by the private sector.

(d) Assess the costs and benefits of developing in California industrial and commercial inventories of various types and scope. Consideration shall be given to inventories which collect and disseminate data only for high unemployment areas of the state.

(e) Evaluate how the environmental impact report data base compiled by the Governor's Office of Planning and Research may be integrated into an inventory developed by the department.

(f) Assess the possible usefulness of the state assisting in the standardization of the data on industrial and commercial land and community attributes which are collected at the local level and which might be incorporated into a state inventory at a future date.

(g) Determine if such an inventory is most appropriately compiled strictly by the private sector.

This section shall remain in effect only until January 1, 1986, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1986, deletes or extends that date.

SEC. 4. The sum of fifty-eight thousand dollars ($58,000) is hereby appropriated from the General Fund to the Department of Economic and Business Development for the purpose of preparing a report pursuant to this act.

CHAPTER 1648

An act to amend Sections 17300, 17301, and 17302 of, to add Sections 16754.3 and 17313 to, and to repeal Section 17312 of, the Government Code, to amend Section 4 of Chapter 391 of the Statutes of 1984, and to repeal Section 63 of Chapter 10 of the 1983–84 First Extraordinary Session, relating to state bonds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 16754.3 is added to the Government Code, to read:

16754.3. The bonds specified in the resolution shall be sold by the Treasurer, at such time as may be fixed by the Treasurer, and upon such notice as the Treasurer may deem advisable, or at the time to

which the sale shall have been so continued, either at public sale, upon sealed bids, to the bidder whose bid will result in the lowest interest cost on account of those bonds or by negotiated sale if the Treasurer determines it will result in a lower interest cost. The Treasurer may sell the bonds at a price below the par value thereof, but the discount on bonds so sold shall not exceed 3 percent of the par value. The interest, if any, accrued to the date of delivery of, and payment for, the bonds shall be added to the sale price of the bonds in any case. The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the present worth basis method (also referred to as the true interest cost, bond book basis, and Canadian interest cost method). The net interest cost of each bid shall be determined by ascertaining the total amount of interest which the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the interest rate or rates specified in the bid, less the total amount of the premium, if any (or plus the total amount of the discount, if any), offered by the bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the present worth basis method, the bonds shall be awarded to the bidder submitting the lowest interest rate bid determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the specified interest computation date and to the price bid. Under either method the sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of the temporary securities.

This section shall apply to any bonds authorized at any statewide election held at any time after the effective date of this section. Section 16754 shall apply only to bonds authorized at elections held before the effective date of this section.

SEC. 2. Section 17300 of the Government Code is amended to read:

17300. Whenever the Controller determines that moneys in the General Fund are, or are expected to be, insufficient for the payment of all appropriations by the Legislature which are required to be paid in the then current fiscal year out of the General Fund, the Controller, based upon his estimate of the probable income to the General Fund during the then current fiscal year and the probable dates of receipt thereof, may draw a demand or demands against appropriations made from the General Fund to be paid in the then current fiscal year prior to the receipt of the income, and deliver the same to the Treasurer. The Treasurer shall register the same for nonpayment and notify the Controller. The Controller shall then notify the Pooled Money Investment Board of the registered demand or demands. The board shall then advise the Governor of the registered demand or demands and of the board's determination

as to whether, and the extent to which, any transfers should then be made to the General Fund from other funds or accounts pursuant to Section 16310. Unless the Governor otherwise directs the board within five working days after the notification to the Governor, the board may then authorize the Treasurer to issue and sell notes of the State of California representing the registered demand or demands. Notes shall be issued only to raise funds in an amount sufficient to satisfy the Controller's registered demand or demands.

SEC. 3. Section 17301 of the Government Code is amended to read:

17301. Notes authorized to be issued may be sold by the Treasurer from time to time on a negotiated or a competitive bid basis as the Treasurer shall deem advisable. The Treasurer shall pay the notes and the interest thereon from moneys in the General Fund.

SEC. 4. Section 17302 of the Government Code is amended to read:

17302. The issuance of any notes pursuant to this part shall be authorized by a resolution adopted by the Treasurer with the approval of the Controller. Any note (a) may be negotiable, (b) may be payable to order or to bearer, (c) may be in any denomination, (d) shall be payable not later than the last day of the fiscal year in which the note has been issued and shall not be renewable beyond that date, (e) may bear interest at a rate or rates to be determined as provided by the resolution and payable as provided therein, (f) may be payable on a fixed date or upon demand of the holder of the note, and (g) may be made subject to prepayment or redemption at the option of the state or at the option of the holder.

SEC. 5. Section 17312 of the Government Code is repealed.

SEC. 6. Section 17313 is added to the Government Code, to read:

17313. It is the intent of the Legislature that this part shall, in all respects, fall within the procedures validated by, and meet the requirements for constitutionality set forth in, the California Supreme Court cases of Riley v. Johnson, (1933), 219 Cal. 513, Riley v. Johnson, (1936), 6 Cal. 2d 529, and Flournoy v. Priest, (1971), 5 Cal. 3d 350.

SEC. 7. Section 63 of Chapter 10 of the 1983–84 First Extraordinary Session is repealed.

SEC. 8. Section 4 of Chapter 391 of the Statutes of 1984 is amended to read:

Sec. 4. All ballots at the election shall have printed thereon and in a square thereof, the words: "Veterans Bond Act of 1984," and in the same square under the words the following in 8-point type: "This act provides for a bond issue of six hundred fifty million dollars ($650,000,000) to provide farm and home aid for California veterans." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act. Where the voting of the election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, the

use of the voting machines, and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the procedures regarding registered demands specified by this act become effective in time for the commencement of the 1984–85 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 1649

An act relating to Medi-Cal, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature recognizes that the present Medi-Cal dispensing fee for pharmacists is substantially below the average usual and customary fee for such professional services, and is altogether inadequate, even after the 3 percent increase given pharmacist providers in the Budget Act of 1984 (Chapter 258, Statutes of 1984) to compensate pharmacists for their services.

The Legislature further recognizes that, notwithstanding the 3 percent increase in the Budget Act of 1984, four years have passed since the dispensing fee was last adjusted. Evidence has been offered to show that, during that time, salary expenses, which are claimed to represent 60 percent of pharmacies' costs of doing business, have risen 30 percent.

SEC. 2. The sum of six hundred forty thousand dollars ($640,000) is hereby appropriated in augmentation of Schedule (e) of Item 4260-106-001 of the Budget Act of 1984 for reimbursement to pharmacist providers for professional services rendered under the Medi-Cal program. This appropriation is expressly made for an additional 5 percent increase in the pharmacists' dispensing fee over the 1983–84 fee, raising the dispensing fee as implementation of this measure to three dollars and eighty-nine cents ($3.89).

CHAPTER 1650

An act to add Section 21080.21 to the Public Resources Code, relating to environmental quality.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 21080.21 is added to the Public Resources Code, to read:

21080.21. This division does not apply to any project of less than one mile in length within a public street or highway or any other public right-of-way for the installation of a new pipeline or the maintenance, repair, restoration, reconditioning, relocation, replacement, removal, or demolition of an existing pipeline. For purposes of this section, "pipeline" includes subsurface facilities but does not include any surface facility related to the operation of the underground facility.

CHAPTER 1651

An act to add Chapter 3.6 (commencing with Section 44770) to Part 25 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.6 (commencing with Section 44770) is added to Part 25 of the Education Code, to read:

CHAPTER 3.6. REGIONAL SCIENCE RESOURCE CENTERS

44770. In enacting this chapter, it is the intent of the Legislature to create and expand regional science resource centers to increase educational and training opportunities for the teachers and students of California. Towards that end, the Legislature intends to provide ongoing funding to support regional science resource centers, in partnership with nonprofit agencies which have demonstrated success in attaining private and governmental support for similar activities on a regional level.

44771. The Superintendent shall designate nonprofit agencies to serve as regional science resource centers. In order to be eligible to

be designated as a regional science resource center, a nonprofit agency shall demonstrate all of the following:

(a) A history of doing all of the following on a regional basis:

(1) Developing and operating a large variety of high quality science exhibits.

(2) Providing teacher training.

(3) Providing educational services for elementary and secondary school pupils.

(b) That its current efforts would be improved both qualitatively and quantitatively, and that a greater number of teachers and students would be served.

(c) Historic success in attracting private and public financial support for development and use of its science exhibits and for its teacher training programs.

(d) That its exhibits would be cross-referenced to appropriate instructional materials and strategies used by public school teachers providing science and mathematics instruction.

(e) The ability to train a minimum of 200 teachers each year in all grade levels.

(f) That local school districts have agreed to cooperate in the teacher training program by providing payment for a portion of the costs of release time for teacher training.

(g) A commitment to comply with all state and local regulations in establishing priorities and implementing this chapter.

44772. From funds appropriated for the purposes of this chapter, the superintendent shall allocate funds to applicant regional science resource centers. The superintendent shall review each center's application for funding to ensure that the funds will be used only for the purposes authorized by Section 44773, and that the objectives of this chapter will be carried out.

44773. Funds allocated to regional science resource centers pursuant to Section 44772 shall be used by the centers only for the following purposes:

(a) Expansion of science exhibits.

(b) Costs of institute staff training.

(c) Payment of a portion of the costs incurred by school districts using the center's services to train and retrain teachers.

(d) Expansion of teacher training services and educational services to students at exhibit sites and schools.

(e) Administration and evaluation of project funds.

(f) Classroom materials and supplies relating to science education developed by the center.

44774. Funds allocated to a regional science resource center pursuant to this chapter shall supplement, and shall not supplant, funding for the continuing efforts of these centers to provide teacher training or educational services to public schools.

44775. For the 1984–85 fiscal year, the Superintendent of Public Instruction shall designate one regional science resource center to receive funding pursuant to this chapter. The superintendent shall

evaluate the progress of the designated center towards the achievement of the objectives of this chapter. The superintendent shall provide information to the Legislature and the Governor during hearings on the Budget Act of 1985 regarding the progress of the designated center, and shall also submit a plan for the statewide expansion of regional science resource centers at that time.

SEC. 2. The sum of seven hundred fifty thousand dollars ($750,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction, to be allocated as follows:

(a) For state administration and evaluation of regional science resource centers, seventy-five thousand dollars ($75,000).

(b) For allocation to regional science resource centers, six hundred seventy-five thousand dollars ($675,000).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the Superintendent of Public Instruction to designate a pilot regional science resource center for the 1984–85 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1652

An act relating to pilots, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. There is in the state government a task force to review the existing piloting laws and regulations for the San Francisco, San Pablo, and Suisun Bays and to report its findings and recommendations to the Board of Pilot Commissioners for San Francisco, San Pablo, and Suisun Bays on or before January 1, 1985. Following submission of its report, the task force shall cease to exist. The members of the task force and any costs incurred by the task force shall not be reimbursed.

SEC. 2. The task force shall consist of the following seven members:

(a) Three members of the Board of Pilot Commissioners for San Francisco, San Pablo, and Suisun Bays, elected by that board.

(b) One member elected by the San Francisco Bar Pilot Association.

(c) One inland pilot member elected by the International Organization of Masters, Mates, and Pilots, Local 40, Ship Pilots' Division.

(d) Two members appointed by the Board of Directors of the Pacific Merchant Shipping Association.

SEC. 3. This act shall become operative on the date that Assembly Bill 1768 of the 1983–84 Regular Session of the Legislature is chaptered.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to carry out the review of existing laws and regulations provided for by this act, as soon as possible, that would provide information in promoting safety and conformity of pilotage systems on the San Francisco, San Pablo, and Suisun Bays, it is necessary that this act take effect immediately.

CHAPTER 1653

An act to amend the heading of Chapter 1 (commencing with Section 1100) of Division 5 of, to amend Sections 1105, 1120, 1121, 1122, 1125, 1126, 1127, 1128, 1130, 1136, 1150, 1151, 1152, 1153, 1154, 1158, 1159, 1160, 1162, 1167, 1170, 1171, 1175, 1190, 1192, and 1193 of, to amend and renumber Sections 1110, 1112, 1113, and 1114 of, to add Sections 1110, 1112, 1113, 1170.1, 1170.2, 1170.3, 1171.5, 1178, and 1179, to, to repeal and add Article 8 (commencing with Section 1140) of Chapter 1 of Division 5 and Chapter 6 (commencing with Section 1200) of Division 5 of, to repeal and add Sections 1177 and 1191 of, and to repeal Sections 1111, 1134, 1135, and 1168 of, the Harbors and Navigation Code, relating to pilots, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 1 (commencing with Section 1100) of Division 5 of the Harbors and Navigation Code is amended to read:

CHAPTER 1. PILOTS

SEC. 2. Section 1105 of the Harbors and Navigation Code is amended to read:

1105. The provisions of this division are applicable to pilots for San Francisco, Suisun, and San Pablo Bays.

SEC. 3. Section 1110 of the Harbors and Navigation Code is amended and renumbered to read:

1111. "Board" means the Board of Pilot Commissioners for San

Francisco, San Pablo, and Suisun Bays.

SEC. 4. Section 1110 is added to the Harbors and Navigation Code, to read:

1110. "Bays of San Francisco, San Pablo, and Suisun" means all the waters of those bays and of the tributaries, ports, and harbors of those bays, and include the water areas from the south end of San Francisco Bay and from the Ports of Sacramento and Stockton to the Golden Gate Bridge.

SEC. 5. Section 1111 of the Harbors and Navigation Code is repealed.

SEC. 6. Section 1112 of the Harbors and Navigation Code is amended and renumbered to read:

1114. "Pilot" means any person licensed under the authority of this division to pilot vessels other than an inland pilot. This term shall include persons licensed as bar pilots for the Bays of San Francisco, San Pablo, and Suisun prior to January 1, 1985. This term shall also include those existing inland pilots who become pilots pursuant to Section 1141 and those pilots licensed pursuant to subdivision (b) of Section 1171.

SEC. 7. Section 1112 is added to the Harbors and Navigation Code, to read:

1112. "High seas" includes all the navigable waters of the Pacific Ocean west of the Golden Gate Bridge.

SEC. 8. Section 1113 of the Harbor and Navigation Code is amended and renumbered to read:

1115. "Plan" or "pension" or "pension plan" means the San Francisco Pilot Pension Plan established pursuant to Chapter 3 (commencing with Section 1160) of this division.

SEC. 9. Section 1113 is added to the Harbors and Navigation Code, to read:

1113. "Inland pilot" means a person holding an inland pilot license pursuant to Section 1142.

SEC. 10. Section 1114 of the Harbors and Navigation Code is amended and renumbered to read:

1116. "Vessel" means all vessels not exempted under provisions of this division.

SEC. 11. Section 1120 of the Harbors and Navigation Code is amended to read:

1120. Vessels which use pilotage services, and their tackle, apparel, furniture, and other appurtenances, and their owners, operators, and agents are jointly and severally liable for pilotage fees.

SEC. 12. Section 1121 of the Harbors and Navigation Code is amended to read:

1121. If any pilot, in endeavoring to assist or relieve any vessel in distress, suffers loss or damage to the pilot's vessel, the owner and operator of the distressed vessel are jointly and severally liable for the loss or damage.

SEC. 13. Section 1122 of the Harbors and Navigation Code is amended to read:

1122. (a) A pilot carried to sea against the pilot's will, or unnecessarily detained on board a vessel when a pilot vessel is in attendance to receive the pilot, shall receive one hundred fifty dollars ($150) per day while so carried to sea or detained, plus reimbursement for any expenses incurred by the pilot in returning to the pilot station.

(b) The owner, operator, and agents of the detaining vessel are jointly and severally liable for paying the amount specified in subdivision (a).

(c) The total amount to which a detained pilot is entitled shall not exceed one thousand five hundred dollars ($1,500).

SEC. 14. Section 1125 of the Harbors and Navigation Code is amended to read:

1125. (a) Pilots licensed by the board have exclusive authority, to the extent not provided otherwise by federal law, to pilot vessels from the high seas to the Bays of San Francisco, San Pablo, and Suisun and the ports thereof, and from those bays and ports to the high seas. They shall also have exclusive authority to pilot vessels within and along the waters of those bays, except as otherwise set forth in this division.

(b) Nothing in this division shall interfere with pilotage regulations of the Ports of Sacramento and Stockton, nor prevent the regulatory authority of those ports from utilizing the pilots licensed pursuant to this division.

SEC. 15. Section 1126 of the Harbors and Navigation Code is amended to read:

1126. (a) Every person who is not the master or owner of the vessel or who does not hold a license as a pilot or as an inland pilot issued pursuant to this division, and who pilots any vessel into or out of any harbor or port of the Bays of San Francisco, San Pablo, and Suisun, or who acts as a pilot for ship movements or special operations upon the waters of those bays, is guilty of a misdemeanor. In addition to the fines or other penalties provided by law, the court may order that person to pay to the pilot entitled to pilot the vessel the amount of pilotage fees collected.

(b) Any person may also be enjoined from engaging in the pilotage prescribed by subdivision (a) by a court of competent jurisdiction.

(c) This section does not apply to any of the following persons:

(1) Persons piloting vessels pursuant to the valid regulatory authority of the Port of Sacramento and Stockton.

(2) Persons piloting vessels when a pilot is not available or is unable to reach the vessel.

(3) Persons piloting vessels sailing under an enrollment, as specified in Section 1127.

(4) Persons piloting vessels pursuant to Section 1179.

SEC. 16. Section 1127 of the Harbors and Navigation Code is amended to read:

1127. Every vessel sailing under a coastwise license or

appropriately endorsed registry and engaged in the coasting trade between any port of the Bays of San Francisco, San Pablo, and Suisun and any other port of the United States, is exempt from all pilotage charges unless a pilot is actually employed. Every foreign vessel and every vessel bound to or from a foreign port, and every vessel sailing under a register between any port of the Bays of San Francisco, San Pablo, and Suisun and any other port of the United States, is liable for pilotage.

SEC. 17. Section 1128 of the Harbors and Navigation Code is amended to read:

1128. Any vessel in tow of a tug within the Bay of San Francisco, San Pablo, or Suisun, or between or within their ports, is exempt from all charge for bay pilotage unless a pilot is actually employed.

SEC. 18. Section 1130 of the Harbors and Navigation Code is amended to read:

1130. (a) Before a pilot may pilot a vessel, the pilot shall execute an official bond in the sum of five thousand dollars ($5,000), to be approved by the board. The bonds of pilots appointed by the board shall be filed with the board.

(b) For every violation of this division, or of rules and regulations adopted pursuant to this division, a pilot shall incur a liability on the pilot's official bond, to the party aggrieved, to the amount of the damages sustained.

(c) The pilots shall appoint one of their members to act as port agent to carry out the orders of the board, other applicable laws, and otherwise administer the affairs of the pilots. The appointment shall be subject to the confirmation of the board.

SEC. 19. Section 1134 of the Harbors and Navigation Code is repealed.

SEC. 20. Section 1135 of the Harbors and Navigation Code is repealed.

SEC. 21. Section 1136 of the Harbors and Navigation Code is amended to read:

1136. Every pilot licensed pursuant to this division shall do all of the following:

(a) Take an oath of office in the manner prescribed by law.

(b) Submit monthly to the board a verified account of all moneys received by the pilot as a result of pilotage services, or by any other person for the pilot, or on the pilot's account, on the forms furnished by the board.

(c) Pay monthly to the board 5 percent of all bar pilotage fees, or the lesser percentage which may be established by the board, with the approval of the Department of Finance, to fully compensate the board for its official services, for the services of its secretary and treasurer, and for all its incidental expenses.

SEC. 22. Article 8 (commencing with Section 1140) of Chapter 1 of Division 5 of the Harbors and Navigation Code is repealed.

SEC. 23. Article 8 (commencing with Section 1140) is added to Chapter 1 of Division 5 of the Harbors and Navigation Code, to read:

Article 8. State Certified Pilotage

1140. (a) It is the intent of the Legislature to provide for a unified system of state regulated bar and inland pilotage for the Bays of San Francisco, San Pablo, and Suisun.

(b) In order to carry out the unification of pilotage without interfering with the employment of presently operating inland pilots, those pilots operating as inland pilots may continue to do so in accordance with the provisions of Section 1142.

(c) The Legislature finds and declares that unified pilotage will be beneficial to the safety of people, vessels, and property using those bays.

(d) The Legislature further finds and declares that unified systems of regulated pilotage are common to the ports of the world and are most familiar to, and best able to serve, both foreign and domestic vessels.

1141. (a) Upon application, the board shall issue a pilot license to those existing inland pilots who apply for the license on or before March 31, 1985.

(b) An existing inland pilot is one who was actually and regularly piloting self-propelled vessels in excess of 4,000 gross tons within the Bays of San Francisco, San Pablo, and Suisun, or tributaries of those bays continously during 1983, except that the board shall issue a pilot license, pursuant to subdivision (a), to an existing inland pilot who was disabled during all or part of 1983, upon the presentation of satisfactory proof of medical disability to the board.

1141.5. (a) A pilot license shall not be renewed if the pilot possessing the license does not actively pilot vessels for any consecutive period of one year, unless the board determines the pilot is qualified and makes one of the following findings:

(1) The pilot has presented satisfactory proof of medical disability during that period.

(2) The board has granted the pilot a leave of absence without pay during that period.

(3) The pilot is a port agent under subdivision (c) of Section 1130.

(b) A pilot licensee shall at all times hold an active and proper license to pilot vessels on the waters on which the pilot operates.

(c) The board may revoke or suspend the license of any pilot who does not use proper equipment maintained exclusively for pilotage or who operates on territorial waters not described in the license.

1142. (a) The board shall issue an inland pilot license to those existing inland pilots who apply for the license on or before March 31, 1985.

(b) Each inland pilot license shall be for a period of one year and may be renewed upon application and the applicant's passing of the physical examination required in Section 1176.

(c) An inland pilot license shall not be renewed if the pilot possessing the license does not actively pilot vessels for any

consecutive period of one year, unless the board determines that the pilot has presented satisfactory proof of medical disability during that period or unless the board has granted the pilot a leave of absence without pay during that period.

(d) An inland pilot shall at all times hold an active and proper license to pilot vessels on the waters on which the pilot operates.

(e) The board may revoke or suspend the license of any inland pilot who does not use proper equipment or who operates on territorial waters not described in the license. No license may be revoked or suspended by the board without a full and open prior public hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

1143. On or before January 31, 1985, the board shall provide notice to existing inland pilots of their rights to make application for a license pursuant to Sections 1141 and 1142. The notice shall be published at least once a week for four weeks in a newspaper of general circulation specializing in commercial activities in the San Francisco area. The notice shall include the texts of Sections 1141 and 1142.

SEC. 24. Section 1150 of the Harbors and Navigation Code is amended to read:

1150. (a) There is in the state government a Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun, consisting of seven members apointed by the Governor, with the consent of the Senate, as follows:

(1) Two members shall be pilots, one of whom shall be licensed as a bar pilot, and one of whom shall be selected from among those serving as inland pilots on the effective date of the amendment of this section by the 1983–84 Regular Session of the Legislature. Subsequent pilot member vacancies shall be filled by pilots licensed pursuant to this division.

(2) Two members shall represent the industry and shall be persons currently engaged as owners, officers, directors, employees, or representatives of firms, or associations of firms, which are substantial users of pilotage service in San Francisco, San Pablo, and Suisun Bays, one of whom shall be engaged in the field of tanker company operations, and one of whom shall be engaged in dry cargo operations. The board of directors of a regional maritime trade association controlled by West Coast vessel operators which specifically represents the owners and operators of vessels or barges engaged in transportation by water of cargo or passengers from or to the Pacific area of the United States shall nominate, rank, and submit to the Governor the names of three persons for each category of industry member to be appointed. Industry member vacancies shall be filled by the same process. The persons serving as industry members of the Pilotage Rate Committee on December 1, 1984, shall serve as the industry members pursuant to this paragraph and subdivision (b).

(3) Three members shall be public members and shall be appointed by the Governor. Any person may serve as a public member unless otherwise prohibited by law.

(4) Notwithstanding any other provision of law, nothing contained in this chapter shall prohibit the Governor from notifying the respective nominating authorities identified in paragraph (2) of this subdivision that persons nominated are unacceptable for appointment. Following that notification, the nominating authority shall submit a new list of nominees to the Governor naming three persons for each board vacancy, none of which were previously nominated, from which the Governor may make the appointment. This process shall be continued until persons nominated by the nominating authority and satisfactory to the Governor have been appointed.

(b) Each of the members appointed pursuant to subdivision (a) shall be appointed for a four-year term, and shall not be appointed for more than two terms. Vacancies on the board for both expired and unexpired terms shall be filled by the appointing power in the manner prescribed by subdivision (a).

(c) The board members serving on January 1, 1985, shall continue to serve as the public members on the board and shall select one board member to serve a two-year term, one board member to serve a three-year term, and one board member to serve a four-year term. The board member selected for the initial two-year term may serve two additional four-year terms, if appointed pursuant to this section, and the remaining board members may only serve one additional four-year term, if appointed pursuant to this section.

(d) A quorum of the board members consists of four members, including at least one industry member and one pilot member. All actions of the board shall require the vote of four members, a quorum being present.

SEC. 25. Section 1151 of the Harbors and Navigation Code is amended to read:

1151. Each member of the board shall be a citizen of the United States. The member shall be a resident of one of the following counties: San Francisco, Alameda, Contra Costa, Marin, Sacramento, San Mateo, Santa Clara, Solano, San Joaquin, Napa, Sonoma, or Yolo. The member shall hold office during the pleasure of the power appointing the member, not to exceed four years from the date of the member's commission.

SEC. 26. Section 1152 of the Harbors and Navigation Code is amended to read:

1152. The public members of the board shall receive, as compensation for their services, the amount which the board may, from time to time, determine, which shall not exceed three hundred dollars ($300) each per month. The members, officers, and employees of the board shall also be allowed their necessary and verified expenses resulting from the performance of their duties.

SEC. 26.5. Section 1153 of the Harbors and Navigation Code is

amended to read:

1153. The board shall organize itself by electing a president, and shall provide offices in the City of San Francisco, in which it shall meet once a month and it may adjourn its regular meetings from time to time.

Meetings of the board are subject to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 27. Section 1154 of the Harbors and Navigation Code is amended to read:

1154. The board shall make and enforce rules and regulations for the regulation of pilots pursuant to this division.

SEC. 28. Section 1158 of the Harbors and Navigation Code is amended to read:

1158. The public members and the secretary of the board shall not have any interest in any pilot vessel or tug, or in the earnings thereof, except for the compensation provided in this chapter.

SEC. 29. Section 1159 of the Harbors and Navigation Code is amended to read:

1159. (a) All moneys received by the board pursuant to the provisions of any law shall be accounted for at the close of each month to the Controller in the form which the Controller may prescribe and, at the same time on the order of the Controller, all these moneys shall be paid into the State Treasury to the credit of the Board of Pilot Commissioners' Special Fund.

(b) Notwithstanding Section 13340 of the Government Code, the moneys deposited in the State Treasury to the credit of the Board of Pilot Commissioners' Special Fund are appropriated without regard to fiscal years for the payment of the compensation and expenses of the board, its officers and employees, and the training programs.

SEC. 30. Section 1160 of the Harbors and Navigation Code is amended to read:

1160. There is hereby established a San Francisco Bar Pilot Pension Plan which is continued in existence as the San Francisco Pilot Pension Plan.

SEC. 31. Section 1162 of the Harbors and Navigation Code is amended to read:

1162. (a) The pension plan shall be administered and all benefit payments shall be made by a fiduciary agent selected by the board. Except for the collection of revenues in accordance with Section 1165 and the pilots serving as board members, the pilots shall have no control of any kind or manner over the operation, administration, or management of the plan.

(b) All revenues pursuant to the plan shall be collected by the pilots, at no cost to the state, board, or committee, and transmitted monthly to the fiduciary agent. The revenues shall not be included in the account required by Section 1136.

SEC. 32. Section 1167 of the Harbors and Navigation Code is amended to read:

1167. The board shall annually review the pension plan and make any recommendations it deems necessary for changes in the plan.

SEC. 33. Section 1168 of the Harbors and Navigation Code is repealed.

SEC. 34. Section 1170 of the Harbors and Navigation Code is amended to read:

1170. The board shall appoint and license the number of pilots which is sufficient to carry out the purposes of this division, except that this section shall not apply to, or preclude, the licensing of pilots pursuant to Section 1141.

SEC. 35. Section 1170.1 is added to the Harbors and Navigation Code, to read:

1170.1. In determining the number of pilots needed, pursuant to Section 1170, the board shall take into consideration the findings and declarations in Sections 1100 and 1101, the results of an audit made pursuant to, and the factors specified in, Section 1203, the industry's current economic trends, fluctuations in the number of vessel calls, the size of vessels, and whether the need for pilotage is increasing or decreasing.

SEC. 36. Section 1170.2 is added to the Harbors and Navigation Code, to read:

1170.2. Before changing the number of pilots which may be licensed pursuant to this division, the board shall conduct a hearing pursuant to Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 37. Section 1170.3 is added to the Harbors and Navigation Code, to read:

1170.3. (a) The board shall adopt, by regulation, a pilot's conflict-of-interest code which shall include, but not be limited to, a provision specifying that a pilot shall not have any interest in, or derive any income from, any tugboat in operation on the Bays of San Francisco, San Pablo, and Suisun or the tributaries thereof, although any person who had an interest in such a tugboat on January 1, 1982, shall not be required to divest that interest until December 31, 1985. This requirement of divestiture does not apply to the ownership of barges and vessels similar to barges.

(b) The conflict-of-interest code shall not prohibit the ownership of stock in any corporation registered on a national securities exchange, pursuant to Section 78f of Title 15 of the United States Code, which may own tugboats in operation on the Bays of San Francisco, San Pablo, and Suisun or their tributaries.

SEC. 38. Section 1171 of the Harbors and Navigation Code is amended to read:

1171. (a) Except as provided by Section 1141, the board shall have the sole authority to determine the qualifications for obtaining a license as a pilot pursuant to the provisions of this division, determine who shall have such a license, and issue the license.

(b) All persons possessing a valid state pilot's license on January 1, 1985, are hereby licensed as if the license was granted by the board.

SEC. 39. Section 1171.5 is added to the Harbors and Navigation Code, to read:

1171.5. (a) The board shall adopt, by regulation, licensing standards which shall be equal to, or exceed, standards for obtaining federal endorsements and which shall conform with and support the state policy specified in Sections 1100 and 1101.

(b) Within six months after the new board members appointed pursuant to subdivision (a) of Section 1150 are sworn into office, the board shall adopt reasonable rules and regulations which require pilots to be qualified to perform all pilot duties.

(c) The board shall adopt training standards and a training program established by the board for persons who apply for a pilots license and are accepted into the training program, except that those persons who apply for a license pursuant to Sections 1141 and 1142 are exempt from the requirements of this section.

(d) The board shall establish a pilot evaluation committee consisting of five active pilots who each have at least 10 years' experience as a pilot on the Bays of San Francisco, San Pablo, and Suisun. The board shall select the members of the pilot evaluation committee. A member may not serve for more than two four-year terms, except that two of the initial members appointed to the pilot evaluation committee shall serve terms of two years.

(e) The pilot evaluation committee shall conduct and supervise the pilot training programs pursuant to the direction and regulation of the board and consistent with the intent of this division.

(f) The board shall issue a certificate of completion to each person who satisfactorily completes the training program. After the board has adopted regulations pursuant to subdivision (a), the board shall not issue a pilot's license to any person who does not receive a certificate of completion of the training program by the board, although the board may refuse to issue a pilot license to a person who has received this certificate.

(g) The training program shall be funded from the Board of Pilot Commissioners Special Fund pursuant to Section 1159.

SEC. 40. Section 1175 of the Harbors and Navigation Code is amended to read:

1175. No person shall be licensed as a pilot unless all of the following requirements are met:

(a) The person can meet the qualifications set by the board, including age limitations, if any.

(b) The person is of good mental and physical health and good moral character.

(c) The person possesses the requisite skill and experience as a navigator and pilot, together with practical knowledge of the currents, tide, soundings, bearings, and distances of the several shoals, and the rocks, bars, points of landings, lights, and fog signals of, or pertaining to, the navigation of the pilot ground for which the person applies for a license to act as a pilot.

(d) The person can satisfy the board that the person has means

available for boarding and leaving vessels which the person may be called upon to pilot.

SEC. 41. Section 1177 of the Harbors and Navigation Code is repealed.

SEC. 42. Section 1177 is added to the Harbors and Navigation Code, to read:

1177. On or before January 31, 1985, all pilots licensed pursuant to this division, including other existing inland pilots who have applied for or been granted a license pursuant to Section 1141, other than pilots retiring not later than December 31, 1988, shall have proper federal endorsements allowing them to pilot on the high seas and on all waters of the Bays of San Francisco, San Pablo, and Suisun and the tributaries thereof, except for the Ports of Sacramento and Stockton.

SEC. 43. Section 1178 is added to the Harbors and Navigation Code, to read:

1178. Persons applying for a license on or after January 1, 1985, who have not previously served as bar or interior pilots on the Bays of San Francisco, San Pablo, and Suisun pursuant to a federal endorsement shall not receive a license unless they have proper federal endorsements allowing them to pilot on the high seas and all the waters of those bays pursuant to Section 1171.

SEC. 44. Section 1179 is added to the Harbors and Navigation Code, to read:

1179. Notwithstanding any other provision of this division, any shipping company which regularly employed its employees, or expressed its intent to the board to use its employees, for piloting vessels on the Bays of San Francisco, San Pablo, and Suisun, or their tributaries, on or before July 1, 1983, may employ and use its employees in that manner in lieu of pilots provided under this chapter. However, this use of employees as pilots on foreign flag vessels shall be limited to five vessel calls per year for those shipping companies that have only expressed their intent to use their employees in lieu of pilots. This limitation shall not apply to those shipping companies which regularly employed their employees for piloting vessels prior to July 1, 1983.

SEC. 45. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 22.50 mills ($0.02250) per high gross registered ton.

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the

course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter's Point to the south. The rate for pilotage to or from the high seas to or from a point past the Southern Pacific Bridge or Hunter's Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate specified in paragraph (1) of subdivision (a) shall be increased by .5 mills ($0.0005) per high gross registered ton for each pilot licensed pursuant to Section 1141.

(d) The rate specified in paragraph (1) of subdivision (a) shall be decreased by .5 mills ($0.0005) per high gross registered ton for each net reduction in the number of pilots licensed under this division.

(e) The rate established in paragraph (1) of subdivision (a) and in subdivisions (c) and (d) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(f) The board shall review all pilotage rates in effect as established under this division not later than June 30, 1985. The review shall be based on a dual system of accounts maintained by the pilots, which reflect fees charged to the industry for the first full six-month period after January 1, 1985, and costs which would have been borne by industry for pilotage services, including actual launch fees, for the same period, for the same service if this subdivision had not been operative.

(g) After conducting a hearing pursuant to Section 1202, but not later than October 1, 1985, the board shall, based on the review pursuant to subdivision (f), adjust pilotage rates as follows:

(1) If there is an increase in total pilotage cost to industry, as defined, based on the pilotage rates that were in effect on January 1, 1984, the board shall adjust the rates downward to a rate which will not result in increased cost to industry or decreased income per pilot after operating expenses.

(2) If there is a reduction of income per pilot after operating expenses, based on 1983 bar pilot income figures, the board shall adjust the rates upward to a rate which will not result in decreased income per pilot after operating expenses or increased cost to industry.

(3) If there are both increased pilotage costs to industry and a reduction in income per pilot after operating expenses, the board shall adjust rates so as to evenly distribute the industry cost and pilot losses between the industry and the pilots.

(h) In making the rate adjustments set forth in subdivision (g), if it does not reduce gross pilotage income, the board may include an adjustment in bases used in determining the rates paid by classes of

users of pilotage services so as to provide a fair and reasonable distribution of pilotage fees among those users.

SEC. 46. Section 1191 of the Harbors and Navigation Code, as added by Section 2 of Chapter 683 of the Statutes of 1980, is repealed.

SEC. 47. Section 1191 is added to the Harbors and Navigation Code, to read:

1191. (a) The board shall, pursuant to Chapter 6 (commencing with Section 1200), recommend that the Legislature, by statute, adopt a schedule of pilotage rates providing fair and reasonable return to pilots and inland pilots engaged in ship movements or special operations where rates for those movements or operations are not specified in Section 1190.

(b) Every vessel using pilots and inland pilots for ship movements or special operations which do not constitute bar pilotage shall pay the rate specified in the schedule of pilotage rates adopted by the Legislature.

(c) Until a schedule is adopted by the Legislature pursuant to subdivision (a), on and after January 1, 1985, the minimum rates charged by pilots or inland pilots for ship movements and internal operations shall be the schedule of ship pilot fees, Pacific Maritime Region, San Francisco Bay and tributaries, then in effect.

SEC. 48. Section 1192 of the Harbors and Navigation Code is amended to read:

1192. If a vessel, which is subject to the payment of pilotage, enters any port of the Bays of San Francisco, San Pablo, or Suisun solely by reason of being in distress or requiring care it shall pay one-half the full pilotage rates.

SEC. 49. Section 1193 of the Harbors and Navigation Code is amended to read:

1193. A vessel which is subject to the payment of pilotage shall pay one-half the full pilotage rates if it enters any port of the Bays of San Francisco, San Pablo, or Suisun for:

(a) Anchoring.

(b) Reporting or receiving orders.

(c) Taking on water, fuel for bunkers, or stores and other supplies for use on the vessel and which are not intended for transfer to and use on any other vessel. If, however, the vessel discharges or takes on any cargo or passengers, or if any water, fuel, stores, or other supplies taken on is transferred to and used on another vessel, the reduction does not apply.

SEC. 50. Chapter 6 (commencing with Section 1200) of Division 5 of the Harbors and Navigation Code is repealed.

SEC. 51. Chapter 6 (commencing with Section 1200) is added to Division 5 of the Harbors and Navigation Code, to read:

CHAPTER 6. PILOTAGE RATE RECOMMENDATIONS

1200. The board shall make recommendations to the Legislature on the rates for pilotage which should be established pursuant to

Sections 1190 and 1191.

1201. Any party directly affected by pilotage rates established under this chapter may petition the board for a public hearing on any of the matters set forth in Section 1200. Within 10 days from the filing of the petition the board shall call public hearings to be held not less than 30 nor more than 60 days of the date of call for the purpose of obtaining information and data relating to the issues raised in the petition. The board shall give notice of the hearings to all interested parties who have requested the notification. At the conclusion of the hearing or hearings, the board shall review and evaluate all evidence obtained and, within 120 days from the filing of the petition, shall submit to the Secretary of the Senate and the Chief Clerk of the Assembly a copy of its findings and recommendations for final determination, supported by a transcript of these proceedings of the board.

1202. Public hearings for the purpose of investigating pilotage rates shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and a full record shall be kept of all evidence offered.

1203. In preparing its recommendations to the Legislature with relationship to pilotage rates, the board may require an independent audit or audits by a public accountant selected by the board. The audits required by the board shall cover pilotage operations for those years which the board may specify. In preparing the recommendations, the board shall also give consideration to other relevant factors, including, but not limited to, the following:

(a) The costs to the pilots, individually or jointly, of providing pilot service as required.

(b) A net return to the pilot sufficient to attract and hold persons capable of performing this service with safety to the public and protection to the property of persons using the service; and the relationship of that income to any changes in cost-of-living indices.

(c) Pilotage rates charged for comparable services rendered in other ports and harbors in the United States.

(d) The methods of determining pilotage rates in other ports and harbors in the United States.

(e) Economic factors affecting the local shipping industry, including prospective increases or decreases in income and labor costs.

(f) Additional factors affecting income to pilots such as the volume of shipping traffic using pilotage, numbers of pilots available to perform services, income paid for comparable services, and other factors of related nature.

(g) Changes in, or additions to, navigational and safety equipment necessary to insure protection of persons, ships, and waterways.

SEC. 52. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and

Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 53. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1654

An act to amend Sections 2700, 2701, 2750, and 12986 of, to add Section 2529 to, and to repeal and add Section 2702 of, the Water Code, relating to water rights, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2529 is added to the Water Code, to read:

2529. (a) Within 60 days after the date by which claimants to rights to the water of the stream system are required to notify the board in writing of their intention to file proof of claim, the board shall prepare and file for record, in the office of the county recorder of each county in which any part of the stream system is situated, a notice setting forth all of the following facts:

(1) The order has been entered and the proceedings are pending.

(2) Information regarding the status of the proceedings may be obtained from the board.

(3) The proceedings will result in a determination of the rights to water of the stream system.

(4) Any claimant who fails to appear and submit proof of his or her claim as provided in this chapter shall be held to have forfeited all rights to water previously claimed by him or her on the stream system, other than as provided in the decree, unless entitled to relief under the laws of this state.

(5) At the conclusion of the proceedings, the superior court will enter a decree determining the water rights appurtenant to each parcel identified in the notice, including the specific parcel against which this notice appears, and the decree may accord the claimant for that parcel water rights which are different from those he or she has claimed.

(b) The notice shall identify the current owners of each parcel that appears to be riparian to the stream system or to which water is diverted from the stream, and shall be recorded in a manner so that

anyone researching the title of a parcel will find the notice.

(c) If the board subsequently identifies an additional parcel or parcels which appear to be riparian to the stream system or to which water is diverted from the stream, the board shall prepare and file for record a supplementary notice identifying the current owners of the additional parcels. The supplementary notice shall be recorded in the same manner as the original notice.

SEC. 2. Section 2700 of the Water Code is amended to read:

2700. As soon as practicable after the hearing of objections or the expiration of the time for filing objections if no objections are filed, the board shall adopt an order determining and establishing the several rights to the water of the stream system.

SEC. 3. Section 2701 of the Water Code is amended to read:

2701. A notice of adoption of the order of determination and a copy of the order shall be sent by registered mail to each claimant and to each person whose rights are determined in the order.

SEC. 4. Section 2702 of the Water Code is repealed.

SEC. 5. Section 2702 is added to the Water Code, to read:

2702. (a) The board may order a reconsideration of all or part of an order of determination on the board's own motion or on petition of any party affected by the order. The petition shall be filed within 30 days after the notice required by Section 2701 is sent. The authority of the board to order a reconsideration on its own motion shall expire 30 days after the board has adopted the order. The board shall order or deny reconsideration on a petition for reconsideration within 60 days after the petition is filed.

(b) The order of determination may be reconsidered by the board on all the pertinent parts of the record and any arguments as may be permitted, or a further hearing may be held, upon notice to all affected parties, for the purpose of receiving additional evidence that the board may, for cause, allow. The order on reconsideration has the same force and effect as an original order.

SEC. 6. Section 2750 of the Water Code is amended to read:

2750. As soon as practicable after adoption of the order of determination, issuance of an order on reconsideration, or issuance of an order denying reconsideration, whichever is later, a certified copy of the order, together with the original evidence and transcript of testimony filed with or taken before the board and certified by it, shall be filed with the clerk of the superior court of the county in which the stream system, or some part thereof, is situated.

SEC. 7. Section 12986 of the Water Code is amended to read:

12986. It is the intention of the Legislature to reimburse from the General Fund an eligible local agency pursuant to this part for costs incurred in any year for the maintenance or improvement of nonproject levees as follows:

(a) No costs incurred shall be reimbursed if the entire cost incurred per mile of levee is one thousand dollars ($1,000) or less.

(b) Fifty percent of any costs incurred in excess of one thousand dollars ($1,000) per mile of levee shall be reimbursed.

(c) The maximum total reimbursement from the General Fund shall not exceed two million dollars ($2,000,000) annually.

SEC. 8. The sum of two million dollars ($2,000,000) is hereby appropriated from the General Fund to the Department of Water Resources for maintenance or improvement of nonproject levees pursuant to Part 9 (commencing with Section 12980) of Division 6 of the Water Code. An amount not to exceed 3 percent of this appropriation may be used by the department for administrative costs.

CHAPTER 1655

An act to add Article 1.7 (commencing with Section 1215) to Chapter 1 of Part 2 of Division 2 of the Water Code, relating to water.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The original proponents of the Central Valley Project and the State Water Project stated that the watersheds in which water that those projects develop originates (areas of origin) would not be deprived of needed water in order to supply water to other regions.

(b) Existing state law specifies that a watershed or area wherein water originates, or an area immediately adjacent thereto which can conveniently be supplied with water therefrom, shall not be deprived directly or indirectly by the federal Central Valley Project and the State Water Project of the prior right to all the water reasonably required to supply the beneficial needs of the watershed or area, or any of the inhabitants or property owners therein, but the United States has challenged the applicability of these state laws to the federal Central Valley Project.

(c) Protection of the areas of origin by all federal, state, and local agencies in California is essential to the public peace and welfare and is essential in order for the state to be able to develop water resources in areas of surplus for delivery to areas of shortage.

(d) The state must demand and require that the area of origin protections be complied with to the fullest extent by all parties within each protected area as defined in Section 1215.5 of the Water Code.

SEC. 2. Article 1.7 (commencing with Section 1215) is added to Chapter 1 of Part 2 of Division 2 of the Water Code, to read:

Article 1.7. Areas of Origin

1215. This article shall only apply to a water supplier exporting or intending to export water for use outside a protected area pursuant to applications to appropriate surface water filed, or groundwater appropriations initiated, after January 1, 1985, that are not subject to Section 11460.

1215.5. (a) For the purposes of this article, "protected area", means all of lands which normally drain to the ocean, to a hydraulic sink, or to another state within any of the following, and only the following, river systems:

(1) The Sacramento River System.

(2) The Mokelumne River System.

(3) The Calaveras River System.

(4) The San Joaquin River System.

(5) The Mono Lake System.

(6) The combined Truckee, Walker, and Carson River Systems.

(7) The combined river systems which drain to the ocean from and including the Russian River System northward to the California-Oregon border.

(b) The confluences of the Sacramento, Mokelumne, Calaveras, and San Joaquin River Systems are within the delta, as defined in Section 12220, and the delta shall be considered to be within each of these protected areas.

1215.6. For the purposes of this article, "water user or users" within a protected area means an appropriator or appropriators, a riparian user or users, or a groundwater user or users of water on land owned or controlled by them within a protected area.

1216. A protected area shall not be deprived directly or indirectly of the prior right to all the water reasonably required to adequately supply the beneficial needs of the protected area, or any of the inhabitants or property owners therein, by a water supplier exporting or intending to export water for use outside a protected area pursuant to applications to appropriate surface water filed, or groundwater appropriations initiated, after January 1, 1985, that are not subject to Section 11460.

1217. (a) In addition to the right to obtain a water right which would have priority over the rights of an exporter, water users in a protected area shall have the right to purchase, for adequate compensation, water made available by the construction of any works by a water supplier exporting or intending to export water for use outside the protected area. Nothing in this section shall be construed to authorize export of water from a protected area to which users within the protected area are otherwise entitled, nor to require users within a protected area to pay for water to which they are otherwise entitled.

(b) At the request of a water user or users within a protected area, a water supplier exporting or intending to export water for use outside the protected area who is subject to Section 1216 shall meet

and negotiate in good faith for the purpose of entering into contracts for the purchase of water as provided in subdivision (a).

(c) Any water user or users in a protected area may bring an action in the superior court to require compliance with the duty to meet and negotiate in good faith pursuant to this section. The court may issue a temporary restraining order, preliminary injunction, or permanent injunction, as appropriate, to secure compliance with this section.

(d) The meetings and negotiations required by this section may occur between the water supplier exporting water for use outside a protected area and any water user or users in a protected area, as determined appropriate by the parties. The meetings and negotiations shall not be subject to the provisions of Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code or Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code.

(e) Nothing in this section shall be construed as a limitation on the authority of the board to establish water quality standards or to subject water right entitlements to terms and conditions for the protection of reasonable and beneficial uses consistent with the provisions of Section 2 of Article X of the California Constitution.

1218. Upon the request of an applicant for a permit to appropriate water for use outside a protected area, a county of origin shall cooperate with the applicant in estimating the amount of water that may be purchased within the county pursuant to subdivision (a) of Section 1217 and that may be developed or used within the county impacting the proposed project, including an estimated time schedule.

The purpose of this section is to assist the applicant in planning the export project and to assist the counties of origin in their water planning.

1219. A water supplier exporting or intending to export water outside a protected area, or a water user or users within a protected area, may declare that an impasse has been reached between the parties in negotiations over matters within the scope of negotiations specified in Section 1217 and may request the director to appoint a panel of five disinterested persons from whom the parties shall select, by a process of elimination, the mediator. After drawing lots to determine the order, the parties shall each, in turn, eliminate a name from the panel until there is only one person remaining on the panel, who shall be the mediator. The mediator shall meet forthwith with the parties or their representatives, either jointly or separately, and shall take such other steps as the mediator may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The services of the mediator, including any per diem fees, and actual and necessary travel and subsistence expenses, shall be provided by the parties. Nothing in this section shall be construed to prevent the

parties from mutually agreeing upon their own mediation procedure, and in the event of such agreement, the director shall not appoint a mediator.

1219.5. The provisions of this article shall not require any water supplier exporting or intending to export water for use outside a protected area to furnish to any water user or users in a protected area claiming rights under this article, without adequate compensation therefor, any water made available for domestic, municipal, industrial, or agricultural uses by the construction of any works by the water exporter.

1220. (a) No groundwater shall be pumped for export from within the combined Sacramento and Delta-Central Sierra Basins, as defined in Department of Water Resources' Bulletin 160-74, unless the pumping is in compliance with a groundwater management plan that is adopted by ordinance pursuant to subdivision (b) by the county board of supervisors, in full consultation with affected water districts, and that is subsequently approved by a vote in the counties or portions of counties that overlie the groundwater basin, except that water that has seeped into the underground from any reservoir, afterbay, or other facility of an export project may be returned to the water supply of the export project. For the purposes of this section, the county board of supervisors may designate a county water agency to act on its behalf if the directors of the county water agency are publicly elected and the county water agency encompasses the entire county. The county board of supervisors may revoke that designation by resolution at any time.

(b) Notwithstanding any other provision of law, a county board of supervisors whose county contains part of the combined Sacramento and Delta-Central Sierra Basins may adopt groundwater management plans to implement the purposes of this section.

(c) A county board of supervisors shall not exercise the powers authorized by this section within the boundaries of another local agency supplying water to that area without the prior agreement of the governing body of that other local agency.

1221. This article shall not be construed to authorize the board to regulate groundwater in any manner.

1222. Nothing in this article shall be deemed to diminish the rights and protections to watersheds of origin contained in existing law including, but not limited to, Part 4.5 (commencing with Section 12200) of Division 6.

CHAPTER 1656

An act to add Article 9.2 (commencing with Section 11255) to Chapter 2 of Part 3 of Division 6 of the Water Code, relating to water resources.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Article 9.2 (commencing with Section 11255) is added to Chapter 2 of Part 3 of Division 6 of the Water Code, to read:

Article 9.2. Los Banos Grandes Reservoir

11255. Pursuant to the authority contained in Section 12931, the Legislature hereby authorizes, as a part of the State Water Resources Development System, the Los Banos Grandes Reservoir to be located south of the delta and adjacent to the San Luis Reservoir for the purposes of developing additional water supply, providing improved water quality, and providing operational flexibility for fish and wildlife preservation and enhancement in accordance with the Davis-Dolwig Act (Chapter 10 (commencing with Section 11900)). The Los Banos Grandes Reservoir may be constructed in one or more stages, as determined by the department.

11256. In conducting the feasibility investigations for the Los Banos Grandes Reservoir, the department shall consider the impact of the project on drainage and groundwater lands in the adjacent farm areas, including making a study of the occurrence and distribution of selenium in the drain waters.

11257. The department may use Central Valley Project revenue bonds to finance, all or in part, the construction of the Los Banos Grandes Reservoir.

CHAPTER 1657

An act to add Section 6254.3 to the Government Code, relating to public records.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 6254.3 is added to the Government Code, to read:

6254.3. (a) The home addresses and home telephone numbers of state employees shall not be deemed to be public records and shall not be open to public inspection, except that disclosure of that information may be made as follows:

(1) To an agent, or a family member of the individual to whom the information pertains.

(2) To an officer or employee of another state agency when necessary for the performance of its official duties.

(3) To an employee organization pursuant to regulations adopted by the Public Employment Relations Board, except that the home addresses and home telephone numbers of state employees performing law enforcement-related functions shall not be disclosed.

(4) To an agent or employee of a health benefit plan providing health services or administering claims for health services to state employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents.

(b) Upon written request of any employee, a state agency shall not disclose the employee's home address or home telephone number pursuant to paragraph (3) of subdivision (a) and a state agency shall remove the employee's home address and home telephone number from any mailing list maintained by the agency, except if the list is used exclusively by the agency to contact the employee.

SEC. 2. It is the intent of the Legislature that this act shall not apply to any court action filed prior to April 1, 1984.

SEC. 3. Nothing herein shall be deemed to affect existing rights under the provisions of Sections 1798.3 and 1798.60 of the Civil Code.

SEC. 4. This act shall not be construed to limit or affect Section 1808 of the Vehicle Code.

CHAPTER 1658

An act to repeal and add Chapter 4 (commencing with Section 4330) of Part 2 of Division 4 of the Welfare and Institutions Code, relating to mental health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 4330) of Part 2 of Division 4 of the Welfare and Institutions Code is repealed.

SEC. 2. Chapter 4 (commencing with Section 4330) is added to Part 2 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 4. SERVICES FOR PERSONS WITH BRAIN DAMAGE OR DEGENERATIVE BRAIN DISEASE

4330. The Legislature finds all of the following:

(a) That state public policy discriminates against adults with brain damage or degenerative brain disease, such as Alzheimer's disease, hereinafter called "brain impairments."

(b) That the Legislature has declared state public policy and

accepted responsibility to ensure that persons under the age of 18 years who are "developmentally disabled" pursuant to Division 4.5 (commencing with Section 4500), receive services necessary to meet their needs, which are often similar to those of persons who suffer from brain impairments.

(c) That persons over the age of 18 who sustain brain impairment have a variety of program and service needs for which there is no clearly defined, ultimate responsibility vested in any single state agency and for which there are currently a number of different programs attempting to meet their needs.

(d) That the lack of clearly defined, ultimate responsibility has resulted in severe financial liability and physical and mental strain on brain-impaired persons, their families, and caregivers.

(e) That terminology and nomenclature used to describe brain impairments are varied and confusing, in part because of different medical diagnoses and professional opinions, as well as differences in terminology used by the various funding sources for programs and services. Uniformity is required in order to ensure that appropriate programs and services are available throughout the state to serve these persons.

(f) That the term "brain damage" covers a wide range of organic and neurological disorders, and that these disorders, as identified below, are not necessarily to be construed as mental illnesses. These disorders include, but are not limited to, all of the following:

(1) Progressive, degenerative, and dementing illnesses, including, but not limited to, presenile and senile dementias, Alzheimer's disease, multiinfarct disease, Pick's disease, and Kreutzfeldt-Jakob's disease.

(2) Degenerative diseases of the central nervous system that can lead to dementia or severe brain impairment, including, but not limited to, epilepsy, multiple sclerosis, Parkinson's disease, amyotrophic lateral sclerosis (ALS), and hereditary diseases such as Huntington's disease.

(3) Permanent damage caused by cerebrovascular accidents more commonly referred to as "strokes," including, but not limited to, cerebral hemorrhage, aneurysm, and embolism.

(4) Posttraumatic, postanoxic, and postinfectious damage caused by incidents, including, but not limited to, coma, accidental skull and closed head injuries, loss of oxygen (anoxia), and infections such as encephalitis, herpes simplex, and tuberculosis.

(5) Permanent brain damage or temporary or progressive dementia as a result of tumors (neoplasm), hydrocephalus, abscesses, seizures, substance toxicity, and other disorders.

(g) That brain damage frequently results in functional impairments that adversely affect personality, behavior, and ability to perform daily activities. These impairments cause dependency on others for care and decisionmaking. The manifestations of brain damage include impairments of memory, cognitive ability, orientation, judgment, emotional response, and social inhibition.

Brain damage can strike anyone regardless of age, race, sex, occupation, or economic status.

(h) That Family Survival Project for Brain-Damaged Adults of San Francisco, a three-year pilot project established pursuant to former Chapter 4 (commencing with Section 4330), has demonstrated that the most successful, cost-effective service model is one which allows a nonprofit community agency to provide a full array of support services to families that have a member who suffers from a brain impairment. This agency provides direct services, coordinates existing resources, and assists in the development of new programs and services on a regional basis.

(i) That respite care services provide a combination of time-limited, in-home, and out-of-home services which significantly decrease the stress of family members and increase their ability to maintain a brain-impaired person at home at less cost than other alternatives. This ability is further increased when complemented by case planning, care training, and other support services for family members.

(j) That, since 1977, the State Department of Mental Health has attempted to identify service gaps and determine a cost-effective, feasible approach to funding and providing services to brain-damaged adults, their families, and caregivers. That department has the experience of offering more in the continuum of programs and services than any other state agency and is willing to continue in the lead state agency capacity.

(k) That providing services to brain-impaired adults, and to their families and caregivers, requires the coordinated services of many state departments and community agencies to ensure that no gaps occur in communication, in the availability of programs, or in the provision of services. Although the services may include mental health interventions, they cannot be met solely by services of the State Department of Mental Health.

4331. As used in this chapter:

(a) "Brain damage," "degenerative brain diseases," and "brain impairment" mean significant destruction of brain tissue with resultant loss of brain function. Examples of causes of the impairments are Alzheimer's disease, stroke, traumatic brain injury, and other impairments described in subdivision (f) of Section 4330.

(b) "Brain-impaired adult" means a person whose brain impairment has occurred after the age of 18.

(c) "Respite care" means time-limited substitute care or supervision in support of the caregiver for the purposes of providing relief from the stresses of constant care provision and so as to enable the caregiver to pursue a normal routine and responsibilities. Respite care may be provided in the home or in an out-of-home setting, such as day care centers or short-term placements in inpatient facilities.

4332. The director shall administer this chapter and establish standards and procedures, as the director deems necessary in carrying out the provisions of this chapter. The standards and

procedures are not required to be adopted as regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

4333. The director shall do both of the following:

(a) Contract with a nonprofit community agency meeting the requirements of this chapter to act as the Statewide Resources Consultant, to be selected through a bid procedure.

(b) With the advice of the Statewide Resources Consultant and within four years from the effective date of this chapter, contract with nonprofit community resource agencies, selected in a manner determined by the director, to establish regionally based resource centers in order to ensure the existence of an array of appropriate programs and services for brain-impaired adults. The resource center shall place a high priority on utilizing community resources in creating opportunities for families to maintain a brain-impaired adult at home when possible and in other community-based alternatives when necessary.

4334. The Statewide Resources Consultant shall do all of the following:

(a) Serve as the centralized information and technical assistance clearinghouse for brain-impaired adults, their families, caregivers, service professionals and agencies, and volunteer organizations.

(b) Work closely and coordinate with organizations serving brain-impaired adults, their families, and caregivers in order to ensure, consistent with requirements for quality of services as may be established by the director, that the greatest number of persons are served and that the optimal number of organizations participate.

(c) Develop training packages which are appropriate for a variety of persons, including, but not limited to, all of the following:

(1) Families.

(2) Caregivers and service professionals involved with brain-impaired adults.

(3) Advocacy and self-help family and caregiver support organizations.

(4) Educational institutions.

(d) Provide service and program development consultation to resource centers and to identify funding sources which are available.

(e) Assist the appropriate state agencies in identifying and securing increased federal financial participation and third party reimbursement, including, but not limited to, Title XVIII (42 U.S.C. Sec. 1395 et seq.) and Title XIX (42 U.S.C. Sec. 1396 et seq.) of the federal Social Security Act.

(f) Conduct public social policy research based upon the recommendations of the Director of Mental Health.

(g) Assist the director, as the director may require, in conducting directly, or through contract, research in brain damage epidemiology and data collection, and in developing a uniform terminology and nomenclature.

(h) Assist the director in establishing criteria for, and in selecting resource centers and in designing a methodology for, the consistent assessment of resources and needs within the geographic areas to be serviced by the resource centers.

(i) Conduct conferences, as required by the director, for families, caregivers, service providers, advocacy organizations, and educational institutions in order to enhance the quality and availability of high-quality, low-cost care and treatment of brain-impaired adults.

4335. In choosing an appropriate nonprofit community agency to act as the Statewide Resources Consultant, the director shall give priority to an agency which meets both of the following:

(a) An agency which has a proven record of experience in providing information, technical assistance and direct services to adults with all types of brain impairments, their families, and caregivers.

(b) An agency which includes family members and caregivers of brain-impaired adults on its board of directors.

4336. (a) The Statewide Resources Consultant shall submit progress reports on its activities as required by the director. These reports shall include, but not be limited to, a summary and evaluation of the activities of the resource centers. Client, caregiver, service, and cost data shall be provided for each operating resource center.

(b) The department, in consultation with the Statewide Resources Consultant, shall report to the Legislature by annually on the effectiveness of the resource centers. The report shall be submitted within three months after the end of each calendar year. The evaluation shall include, but not be limited to, all of the following:

(1) A comparative assessment of the costs and effectiveness of each type of service or combinations of services provided.

(2) An assessment of the nature and extent of the demand for services which provide respite, and an evaluation of their success in meeting this demand.

(3) An analysis of the effectiveness of the program in deterring the institutionalization of brain-impaired adults, allowing caregivers to maintain a normal routine, and promoting the continuance of quality care for brain-impaired adults.

(4) Recommendations for ensuring that unmet needs of brain-impaired persons and their families are identified and addressed with appropriate programs and services.

4337. The resource centers shall serve all of the following functions:

(a) Provide directly or assist families in securing information, advice, and referral services, legal services and financial consultation, planning and problem-solving consultation, family support services, and respite care services, as specified in Section 4338.

(b) Provide centralized access to information about, and referrals to, local, state, and federal services and programs in order to assure

a comprehensive approach for brain-impaired adults, their families, and caregivers. Nothing in this chapter shall prohibit access to services through other organizations which provide similar programs and services to brain-impaired adults and their families, nor shall other organizations be prevented from providing these programs and services.

(c) Assist in the identification and documentation of service needs and the development of necessary programs and services to meet the needs of brain-impaired adults in the geographic area.

(d) Cooperate with the Statewide Resources Consultant and the Director of Mental Health in any activities which they deem necessary for the proper implementation of this chapter.

(e) Work closely and coordinate with organizations serving brain-impaired adults, their families, and caregivers in order to ensure, consistent with requirements for quality of services as may be established by the director, that the greatest number of persons are served and that the optimal number of organizations participate.

4338. Agencies designated as resource centers by the director after consultation with the Statewide Resources Consultant shall include in their governing or advisory boards, or both, as required by the director, persons who are representative of the ethnic and socioeconomic character of the area served and the client groups served in the geographic area.

Criteria to be used in selecting resource centers shall include, but not be limited to, the following:

(a) Fiscal stability and sound financial management, including the capability of successful fundraising.

(b) Ability to obtain community support for designation as a resource center with the region recommended by the director.

(c) Demonstrated ability to carry out the functions specified in Section 4337, particularly in delivering necessary programs and services to brain-impaired adults as defined in subdivision (c) of Section 4330.

4338.5. Resource centers shall carry out the functions specified in Section 4337 through the administration and provision of programs and services that reflect the most progressive care and treatment alternatives available for brain-impaired adults, their families, and caregivers. These programs and services may be provided directly or through the establishment of subcontracts as specified in their contract and within the limitations imposed by budget appropriations. The department shall make efforts to achieve a goal that not less than 90 percent of the funds appropriated through contracts with resource centers shall be utilized for direct services, including, but not limited to, the following:

(a) Information, advice, and referral and family support services, including, but not limited to, all of the following:

(1) Information and counseling about diagnostic procedures and resources.

(2) Long-term care planning and consultation.

(3) Legal and financial resources, consultation, and representation.

(4) Mental health interventions.

(5) Caregiving techniques.

(b) Respite care services through the flexible and creative use of existing local resources, including, but not limited to, all of the following:

(1) In-home care.

(2) Adult day health and social day care services.

(3) Foster and group care.

(4) Temporary placement in a community or health facility.

(5) Transportation.

(c) Training and education programs for brain-impaired adults, their family members, caregivers, and service providers that will lead to the high-quality, low-cost care and treatment of service clients.

4339. The director shall establish criteria for client eligibility, including financial liability, pursuant to Section 4339.5. However, persons eligible for services provided by regional centers or the State Department of Developmental Services are not eligible for services provided under this chapter. Income shall not be the sole basis for client eligibility. The director shall assume responsibility for the coordination of existing funds and services for brain-impaired adults, and for the purchase of respite care services, as defined in subdivision (c) of Section 4331 and described in subdivision (b) of Section 4336, with other departments that may serve brain-impaired adults, including the Department of Rehabilitation, the State Department of Health Services, the State Department of Social Services, the State Department of Developmental Services, the Department of Aging, and the State Department of Alcohol and Drug Abuse.

4339.5. Persons receiving services pursuant to this chapter may be required to contribute to the cost of services depending upon their ability to pay, but not to exceed the actual cost thereof. The criteria for determining client contributions which may be paid to the resource center under this chapter and standards for their utilization by the resource center in developing new programs and services shall be determined by the director after consultation with the Statewide Resources Consultant.

4339.6. In considering total service funds available for the project, the director shall utilize funding available from appropriate state departments, including, but not limited to: the State Department of Health Services, the State Department of Social Services, the Department of Rehabilitation, the Department of Aging, and the State Department of Alcohol and Drug Abuse. The director in conjunction with the Statewide Resources Consultant shall coordinate his or her activities with the implementation of the Torres-Felando Long-Term Care Reform Act (Chapter 1435, Statutes of 1982) in order to further the goal of obtaining comprehensive, coordinated public policy and to maximize the

availability of funding for programs and services for persons with brain impairments.

SEC. 3. The sum of one million seven hundred thousand dollars ($1,700,000) is hereby appropriated for the 1984–85 fiscal year from the General Fund to the State Department of Mental Health for the purposes of this act. Funding in subsequent years of programs under this act is subject to the annual appropriation of funds in the Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that certain greatly needed services to brain-impaired adults may be provided at the earliest possible time, it is essential that this act go into immediate effect.

CHAPTER 1659

An act to amend Sections 40041 and 40042 of, to add Section 40041.5 to, and to add Article 10.5 (commencing with Section 35295) to Chapter 2 of Part 21 of, the Education Code, relating to emergency procedures.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Article 10.5 (commencing with Section 35295) is added to Chapter 2 of Part 21 of the Education Code, to read:

Article 10.5. Earthquake Emergency Procedures

35295. The Legislature finds and declares the following:

(a) Because of the generally acknowledged fact that California will experience moderate to severe earthquakes in the foreseeable future, increased efforts to reduce earthquake hazards should be encouraged and supported.

(b) In order to minimize loss of life and disruption, it is necessary for all public or private elementary schools and high schools to develop school disaster plans and specifically an earthquake emergency procedure system so that students and staff will act instinctively and correctly when an earthquake disaster strikes.

(c) It is therefore the intent of the Legislature in enacting this article to authorize the establishment of earthquake emergency procedure systems in kindergarten and grades 1 through 12 in all the public or private schools in California.

35296. The governing board of each private school and school

district and the county superintendent of schools of each county shall establish an earthquake emergency procedure system in every public or private school building under its jurisdiction having an occupant capacity of 50 or more students or more than one classroom. Governing boards and county superintendents may work with the Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedure systems.

35297. The earthquake emergency procedure system shall include, but not be limited to, all of the following:

(a) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staffs.

(b) A drop procedure. As used in this article, "drop procedure" means an activity whereby each student and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.

(c) Protective measures to be taken before, during, and following an earthquake.

(d) A program to ensure that the students and staff are aware of, and properly trained in, the earthquake emergency procedure system.

SEC. 2. Section 40041 of the Education Code is amended to read:

40041. (a) There is a civic center at each and every public school facility and grounds within the state where the citizens, parent-teachers' associations, camp fire girls, boy scout troops, farmers' organizations, school-community advisory councils, senior citizens' organizations, clubs, and associations formed for recreational, educational, political, economic, artistic, or moral activities of the public school districts may engage in supervised recreational activities, and where they may meet and discuss, from time to time, as they may desire, any subjects and questions which in their judgment pertain to the educational, political, economic, artistic, and moral interests of the citizens of the communities in which they reside.

(b) The governing board of any school district may grant the use of school facilities or grounds as a civic center upon the terms and conditions the board deems proper, subject to the limitations, requirements, and restrictions set forth in this article, for any of the following purposes:

(1) Public, literary, scientific, recreational, educational, or public agency meetings.

(2) The discussion of matters of general or public interest.

(3) The conduct of religious services for temporary periods by any church or religious organization which has no suitable meeting place for the conduct of the services, provided the governing board charges the church or religious organization using the school facilities or grounds a fee as specified in subdivision (c) of Section

40043.

(4) Child care or day care programs to provide supervision and activities for children of preschool and elementary school age.

(5) The administration of examinations for the selection of personnel or the instruction of precinct board members by public agencies.

(6) Supervised recreational activities.

(7) Other purposes deemed appropriate by the governing board.

SEC. 3. Section 40041.5 is added to the Education Code, to read:

40041.5. Notwithstanding Section 40043, the governing board of any school district shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The governing board shall cooperate with these agencies in furnishing and maintaining such services as the governing board may deem necessary to meet the needs of the community.

SEC. 4. Section 40042 of the Education Code is amended to read:

40042. The management, direction, and control of school facilities under this article is vested in the governing board of the school district which shall promulgate all rules and regulations necessary to provide, at a minimum, for the following:

(1) Aid, assistance, and encouragement to any of the activities authorized in Sections 40041 and 40041.5.

(2) Preservation of order in school facilities and on school grounds, and protection of school facilities and school grounds, including, if the governing board deems necessary, appointment of a person who shall have charge of the school facilities and grounds for purposes of their preservation and protection.

(3) That the use of school facilities or grounds is not inconsistent with the use of the school facilities or grounds for school purposes or interferes with the regular conduct of schoolwork.

SEC. 5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1660

An act to add Chapter 13 (commencing with Section 18985) to Part 6 of Division 9 of the Welfare and Institutions Code, relating to child abuse.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 18985) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 13. COUNSELING FOR CHILD ABUSE OR SEXUAL MOLESTATION

18985. The Office of Criminal Justice Planning shall establish a pilot project for a period of two years in not more that three counties. The pilot projects shall test a program to provide treatment to child sexual abuse perpetrators, including intrafamilial and pedophiliac abusers, and including abusers who are incarcerated, as well as those who are not. The office shall designate the pilot project counties from among those counties that wish to participate. The office shall give priority to selection of at least two of the three pilot projects in counties where an existing project provides services to sexually abused children or their victims and where the proposed pilot project is an expansion of, and integrated with, existing services.

These counties shall provide all of the following information to the Office of Criminal Justice Planning:

(a) Identification of sexual abuse perpetrator treatment and victim services as a need in the county's child abuse services plan developed pursuant to Section 18962.

(b) Evidence in the application to provide service under this chapter that county mental health, welfare department, district attorney, juvenile court, superior court, municipal court, probation department, and private child welfare service agencies are participating in and coordinating case referral, case management, and service delivery to the target population.

(c) Evidence as to how incest offender treatment will be integrated with victim treatment.

Nothing in this section prohibits the use by district attorneys of counseling and other treatment programs as a diversion from prosecution. In pilot counties, diversion services shall be integrated with the services provided under this chapter.

18985.1. The provisions of this chapter shall be applicable in the designated counties for the duration of the pilot project.

18985.2. In any case in which the defendant has been convicted

in a pilot project county of violating Section 261, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code, and the victim is a person who was under 18 years of age at the time the offense was committed, the court shall, in addition to any other punishment or confinement that may be imposed, require counseling of the convicted person pursuant to Section 18985.3, when the person is confined or placed on probation within the county.

18985.3. In a pilot project county, the county mental health department shall do both of the following:

(a) Assign a counselor to the convicted person described in Section 18985.2. The counselor shall be qualified, as determined by the county mental health department, in carnal abuse or sexual molestation counseling, as appropriate.

(b) Determine and collect from the convicted person a fee for the counseling, according to ability to pay, but not exceeding actual cost.

18985.4. The state shall reimburse each pilot project county less any fees received pursuant to subdivision (b) of Section 18985.3 for any costs it incurs in conducting the pilot project under this chapter.

18985.5. In order that the Legislature may determine the cost and potential benefits of the counseling programs authorized by this chapter, the Office of Criminal Justice Planning and the county mental health department in each participating county shall each submit written reports to the Legislature within six months of completion of any of the pilot projects authorized by this chapter. The reports shall detail all of the following information:

(a) The number of defendants who participated in the counseling programs during the pilot project.

(b) The cost of the pilot project, including data concerning the amount of the cost recovered from participants in the counseling programs.

(c) The nature of the treatment provided to participants in the counseling programs.

(d) The results of the treatment provided to participants in the counseling programs, including data concerning recidivism by participants, other criminal offenses committed by participants, and failures to participate in the counseling programs.

(e) The results of combining counseling services to intrafamilial and pedophiliac child sexual abusers.

18985.6. To the extent funds are appropriated in the 1985–86 Budget Act, the Office of Criminal Justice Planning shall award project funds to three counties who meet the criteria set forth in Section 18985. Pilot counties shall utilize each of the following:

(a) Third-party payments, where appropriate.

(b) Defendant fees, where ordered by the court.

(c) Existing counseling treatment and education services, where appropriate.

(d) Project funds to provide case management for each defendant and to purchase appropriate services where subdivisions (a), (b) and (d) are not applicable.

CHAPTER 1661

An act to amend Sections 4800 and 4801 of, and to add Section 4800.3 to, the Civil Code, relating to family law.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or on oral stipulation of the parties in open court, the court shall, either in its judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties equally. For purposes of making such a division, the court shall value the assets and liabilities as near as practicable to the time of trial, except that, upon 30 days' notice by the moving party to the other party, the court for good cause shown may value all or any portion of the assets and liabilities at a date after separation and prior to trial to accomplish an equal division of the community property and the quasi-community property of the parties in an equitable manner.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by that party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars ($5,000) and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper in its judgment decreeing the dissolution of the marriage or in its judgment decreeing the legal separation of the parties.

(c) Notwithstanding subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages or the accrual of the cause of action, and all other facts of the case, determines that the interests of justice require

another disposition. In such a case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the court determines to be just, except that at least one-half of the damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property personal injury damages" means all money or other property received or to be received by a person in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for the damages, if the cause of action for the damages arose during the marriage but is not separate property as defined in Section 5126, unless the money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 1.5. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or on oral stipulation of the parties in open court, the court shall, either in its judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties equally. For purposes of making this division, the court shall value the assets and liabilities as near as practicable to the time of trial, except that, upon 30 days' notice by the moving party to the other party, the court for good cause shown may value all or any portion of the assets and liabilities at a date after separation and prior to trial to accomplish an equal division of the community property and the quasi-community property of the parties in an equitable manner.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by the party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars ($5,000) and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper in its judgment decreeing the dissolution of the marriage or in its judgment decreeing the legal separation of the parties.

(4) In assigning the liabilities to the parties, the court shall take

into consideration such factors as the earning capacity of, and the exempt character of assets awarded to, the party to whom a liability is assigned so as to protect the rights of the creditors to the extent practical, provided that, after deduction of the liabilities assigned to a party from the assets awarded to the party, the net division of the community and quasi-community property is equal, subject to any limitations provided by statute. Nothing in this subdivision shall be contrued to limit the authority of the court to make an equitable assignment of liabilities in a case in which the liabilities exceed the assets of the marriage.

(c) Notwithstanding subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages or the accrual of the cause of action, and all other facts of the case, determines that the interests of justice require another disposition. In such case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the court determines to be just, except that at least one-half of the damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property personal injury damages" means all money or other property received or to be received by a person in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for the damages, if the cause of action for the damages arose during the marriage but is not separate property as defined in Section 5126, unless the money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 2. Section 4800.3 is added to the Civil Code, to read:

4800.3. (a) As used in this section, "community contributions to education or training" means payments made with community property for education or training or for the repayment of a loan incurred for education or training.

(b) Subject to the limitations provided in this section, upon dissolution of marriage or legal separation:

(1) The community shall be reimbursed for community contributions to education or training of a party that substantially enhances the earning capacity of the party. The amount reimbursed shall be with interest at the legal rate, accruing from the end of the calendar year in which the contributions were made.

(2) A loan incurred during marriage for the education or training of a party shall not be included among the liabilities of the community for the purpose of division pursuant to Section 4800 but shall be assigned for payment by the party.

(c) The reimbursement and assignment required by this section shall be reduced or modified to the extent circumstances render such

a disposition unjust, including but not limited to any of the following:

(1) The community has substantially benefited from the education, training, or loan incurred for the education or training of the party. There is a rebuttable presumption, affecting the burden of proof, that the community has not substantially benefited from community contributions to the education or training made less than 10 years before the commencement of the proceeding, and that the community has substantially benefited from community contributions to the education or training made more than 10 years before the commencement of the proceeding.

(2) The education or training received by the party is offset by the education or training received by the other party for which community contributions have been made.

(3) The education or training enables the party receiving the education or training to engage in gainful employment that substantially reduces the need of the party for support that would otherwise be required.

(d) Reimbursement for community contributions and assignment of loans pursuant to this section is the exclusive remedy of the community or a party for the education or training and any resulting enhancement of the earning capacity of a party. However, nothing in this subdivision shall limit consideration of the effect of the education, training, or enhancement, or the amount reimbursed pursuant to this section, on the circumstances of the parties for the purpose of an order for support pursuant to Section 4801.

(e) This section is subject to an express written agreement of the parties to the contrary.

SEC. 3. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable. In making the award, the court shall consider all of the following circumstances of the respective parties:

(1) The earning capacity of each spouse, taking into account the extent to which the supported spouse's present and future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties and the extent to which the supported spouse contributed to the attainment of an education, training, or a license by the other spouse.

(2) The needs of each party.

(3) The obligations and assets, including the separate property, of each.

(4) The duration of the marriage.

(5) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

(6) The time required for the supported spouse to acquire

appropriate education, training, and employment.

(7) The age and health of the parties.

(8) The standard of living of the parties.

(9) Any other factors which it deems just and equitable.

At the request of either party, the court shall make appropriate factual determinations with respect to the circumstances. The court may order the party required to make the payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. At the request of either party, the order of modification or revocation shall include a statement of decision and may be made retroactive to the date of filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction.

(e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination, and the person or persons by whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.

(f) For the purposes of this section, "vocational training consultant" means an individual with sufficient knowledge, skill,

experience, training, or education relating to interviewing, the testing and analysis of work skills, the planning of courses of training and study, the formulation of career goals, and the work market to qualify as an expert in vocational training under Section 720 of the Evidence Code.

SEC. 4. This act applies to all of the following proceedings:

(a) Proceedings commenced on or after January 1, 1985.

(b) Proceedings commenced before January 1, 1985, if proceedings as to the division of property are not yet final on January 1, 1985. Nothing in this subdivision shall be construed to authorize reimbursement to be made or a support order to be made or modified pursuant to this act after the proceedings as to the division of property become final.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 4800 of the Civil Code proposed by both this bill and Assembly Bill 1460. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 4800 of the Civil Code, and (3) this bill is enacted after Assembly Bill 1460, in which case Section 1 of this bill shall not become operative.

CHAPTER 1662

An act to add Section 78008 to, and to add and repeal Article 5 (commencing with Section 71200) of Chapter 1 of Part 44 of, the Education Code, relating to community colleges, and making an appropriation therefor.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984]

I am deleting the $1.5 million appropriation contained in Section 6(b) of Assembly Bill No. 3938.

The bill still retains the $100,000 appropriation for the study on the use of contractural education programs by community college districts, and $500,000 for grants in the current fiscal year. Future funding for this program should be considered as a part of the normal budgetary process.

With this deletion, I approve Assembly Bill No. 3938.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the number and scope of contractual agreements between community colleges and private and public agencies for the provision of specific educational services has increased rapidly over the past 10 years. In order to assess the scope and nature of contractual education programs, and their role in the overall mission of the community colleges, it is the intent of

the Legislature that a study of contractual education programs in the community colleges be conducted.

SEC. 2. Section 78008 is added to the Education Code, to read:

78008. (a) The governing board of any community college district may establish, or with one or more community college districts may establish, contractual education programs within or outside the state by agreement with any public or private agency, corporation, association, or any other person or body, to provide specific educational programs or training to meet the specific needs of these bodies.

The contracting community college district or districts shall recover, from all revenue sources, including, but not limited to, public and private sources, or any combination thereof, an amount equal to, but not less than, the actual costs incurred in providing these programs or training.

The attendance of students in these contractual education programs shall not be included for purposes of calculating the average daily attendance for apportionments to these districts, unless all statutory and regulatory conditions for generating average daily attendance are met.

(b) On or before February 1, 1985, the Chancellor of the California Community Colleges shall appoint a task force for the purpose of preparing a study on the use of contractual education programs by community college districts. The scope, size, and composition of the task force shall, at a minimum, include representatives from all of the following:

(1) Community college districts, including at least one representative with practical experience in contractual education programs.

(2) Exclusive employee representatives selected pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(3) Private industry, including at least one representative with practical experience in contractual education programs.

(4) Small business.

(5) The statewide Academic Senate of the California Community Colleges.

(c) On or before January 1, 1986, the contractual education task force established pursuant to subdivision (a) shall submit a report to the chancellor and the Legislature. In the event that additional time is necessary and upon a majority vote of the task force, the deadlines for the report may be extended up to June 30, 1986. The report of the task force shall include, but not be limited to, all of the following:

(1) The identification of barriers to the utilization of contractual education programs by public agencies and private industry.

(2) Local flexibility deemed necessary for the delivery of contractual education programs by community college districts.

(3) The scope and description of current practices in contractual education programs conducted by public agencies and private

industry.

(4) Existing state statutes and regulations and local ordinances and regulations regarding contractual education.

(5) The role of foundations, auxiliary organizations, and other corporations and agencies in the field of contractual education.

(6) The extent of overlap and duplication in the contractual education services provided by public and private entities.

(7) The effect of contractual education upon academic freedom and the quality of instructional programs.

(8) The extent to which community college faculty members participate in contractual education programs.

(9) The number of contractual education programs for which credit is given, compared to the number of programs conducted on a noncredit basis.

(10) The role of contractual education programs within the context of the overall duties and responsibilities of community college districts.

(d) It is the intent of the Legislature that the report prepared pursuant to subdivision (c) be transmitted to any entity designated by the Legislature to review the mission of the California Community Colleges.

SEC. 3. The Legislature finds that rapid technological changes are occurring in manufacturing, business processes, health care, and other fields in California, creating a need for new employee skills and for vocational education and employment preparation programs that are up to date with technological advances.

To encourage these trends, the Legislature intends that there be effective linkages and exchanges between the California community college system and the private sector in order to upgrade the technical information and skills of community college instructors and counselors, so that students will learn current theory and practice and receive up-to-date information about job requirements and opportunities.

Therefore, the Legislature intends that there be established a Community College Instructor and Counselor In-Service Training Pilot Program within the office of the Chancellor of the California Commmunity Colleges, for the purpose of providing in-service training to community college instructors and counselors.

SEC. 4. Article 5 (commencing with Section 71200) is added to Chapter 1 of Part 44 of the Education Code, to read:

Article 5. Community College Vocational Education and Technology Instructor and Counselor In-Service Training Pilot Program

71200. (a) There is established within the office of the Chancellor of the Community Colleges the Community College Vocational Education and Technology Instructor and Counselor In-Service Training Pilot Program.

(b) The purpose of this pilot program is to award grants to eligible community college districts for qualified in-service training programs.

71201. To be eligible to receive an in-service training grant under this article, a community college district shall submit to the chancellor a plan which shall contain all of the following:

(a) A description of the program, including the specific objectives of the program as well as the location and duration of the program.

(b) A description of the financial and in-kind contributions to be used in conjunction with the grant.

(c) A certification stating all of the following:

(1) That the proposed program has been approved by the chancellor and governing board of the community college district.

(2) That the program, as proposed, will provide in-service training opportunities not elsewhere available under current funding arrangements.

(3) That the program will meet the intent of this article in upgrading and improving currency of vocational education and technology instructor and career counselor skills.

71202. (a) For the purposes of this article, a qualified in-service training program is one which provides all of the following:

(1) Addresses one or more vocational education curriculum areas that are affected by changing technology and workplace skills.

(2) Provides for a local contribution to match state funds through financial support or in-kind services. For the purposes of this paragraph, local matching funds may include, but not be limited to, funds received from any of the following:

(A) The federal Job Training Partnership Act.

(B) The Employment Training Panel.

(C) Business labor councils.

(D) The private sector.

(E) Private foundations.

(3) Is conducted at the worksite, or in specialized training facilities owned or operated by private industry for the purposes of training.

(b) For purposes of this section, the only item of approved expenditure attributable to the state appropriation for this article shall be the stipends for the teacher or counselor and the 10 percent administration expenses. Approvable costs shall not include reimbursements to private industry for facilities or employer services.

71203. In selecting proposals to receive in-service training grants under this article, the chancellor shall ensure that all of the following criteria are met:

(a) The maximum amount that an individual district receives within a 12-month period shall not exceed one hundred thousand dollars ($100,000), except that multicollege districts may qualify to receive within a 12-month period an amount equal to fifty thousand dollars ($50,000) multiplied times the number of colleges within the

district.

(b) The proposals selected shall reflect the diverse makeup of geographical regions, district sizes, and vocational education program offerings of the community college districts.

(c) The proposals selected shall reflect areas of greatest need, taking into consideration the prior in-service training, coursework, and work experience of instructors and counselors in all vocational education curriculum areas who are eligible to participate in the program.

71204. (a) The chancellor of a community college district which receives an in-service training grant shall, prior to receipt of the grant, execute an agreement with each instructor or counselor to receive training that evidences the commitment of the instructor or counselor to remain within the California Community College system in the teaching or counseling field and provides for full or partial reimbursement of the district in the event that the instructor or counselor voluntarily leaves employment within the California Community College system in the teaching or counseling profession within three years after completion of an approved in-service training program.

(b) Any counselor or instructor who voluntarily leaves employment within the California Community College system in the teaching or counseling profession within three years after completion of an approved in-service training program shall reimburse the district for the costs of his or her training pursuant to a repayment schedule established by the chancellor for that purpose. The repayment schedule shall be based upon the period of service provided by the counselor or instructor after receiving the training, up to the date of the counselor or instructor's termination of employment.

71205. (a) The chancellor shall adopt regulations as are necessary to carry out the purposes of this article.

(b) On or before November 30, 1986, the chancellor shall submit a report to the Legislature regarding the pilot program. The report shall include, but not be limited to, all of the following information:

(1) The number, types, and duration of the programs funded pursuant to this article.

(2) The nature of local financial and in-kind support provided to programs.

(3) Recommendations concerning future funding sources for in-service training of vocational education instructors and counselors.

(4) Analyses of the cost effectiveness of in-service training compared with that of other methods of providing training to vocational education instructors and counselors.

71206. This article shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute which is chaptered before January 1, 1989, deletes or extends that date.

SEC. 5. The sum of one hundred thousand dollars ($100,000) is

hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for the 1984–85 fiscal year for purposes of implementing subdivision (b) of Section 78008 of the Education Code, as added by Section 3 of this act.

SEC. 6. The sum of two million dollars ($2,000,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for the 1984–85 and 1985–86 fiscal years for the purposes of carrying out Article 5 (commencing with Section 71200) of Chapter 1 of Part 44 of the Education Code.

These funds shall be allocated in accordance with the following schedule:

(a) Five hundred thousand dollars ($500,000) shall be available for allocation during the period of January 1, 1985, to August 15, 1985.

(b) One million five hundred thousand dollars ($1,500,000) shall be available for allocation during the period of August 15, 1985, to June 30, 1986.

CHAPTER 1663

An act to amend Section 8655 of, and to add Section 8655.5 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am deleting the appropriations contained in Section 2 of Assembly Bill No. 281.

These appropriations represent General Fund reimbursements for the exemption and cancellation of use fuel taxes, interest and penalties. It would be inappropriate to isolate this exemption as a General Fund cost when the Highway Users Tax Fund assumes the burden of use fuel tax exemptions for other entities.

Deleting these appropriations would (1) make the cost responsibility of this new exemption consistent with that under current law, and (2) preclude the establishment of a precedent that the General Fund reimburse special funds for their losses.

With this deletion, I approve Assembly Bill No. 281.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 8655 of the Revenue and Taxation Code is amended to read:

8655. (a) This section shall be known and may be cited as the Mills-Hayes Act.

(b) No tax shall be imposed upon fuel used by:

(1) Any transit district, transit authority, or city owning and operating a local transit system itself or through a wholly owned nonprofit corporation.

(2) Any private entity providing transportation services for the

transportation of people under contract or agreement, except general franchise agreements, with a public agency authorized to provide public transportation services, only for fuels consumed while providing services under such contracts or agreements entered into subsequent to the effective date of this act.

(3) Any passenger stage corporation subject to the jurisdiction of the Public Utilities Commission when the motor vehicles of such passenger stage corporation are exclusively operated in urban or suburban areas or between cities in close proximity for the transportation of persons for hire, compensation, or profit; provided, however, that the exemption is not extended to any line or lines operated by such passenger stage corporation which shall exceed 50 miles of one-way route mileage.

(4) Any common carrier of passengers operating exclusively on any line or lines within the limits of a single city between fixed termini or over a regular route, 98 percent of whose operations, as measured by total route mileage operated, are exclusively within the limits of a single city, and who by reason thereof is not a passenger stage corporation subject to the jurisdiction of the Public Utilities Commission.

(5) Any school district, community college district, or county superintendent of schools owning, leasing, or operating buses for the purpose of transporting pupils to and from school and for other school or college activities involving pupils, including, but not limited to, field trips and athletic contests.

(6) Any private entity providing transportation services for the purposes specified in paragraph (5) under contract or agreement with a school district, community college district, or county superintendent of schools, only for fuels consumed while providing services under those contracts or agreements entered into subsequent to the effective date of the act adding this paragraph.

(c) Notwithstanding the exemption provided for by subdivision (b), any system, corporation, or carrier using fuel exempt under the provisions of subdivision (b) shall, for the privilege of operating vehicles on state highways and freeways, make a payment equal to one cent ($0.01) for each gallon of such exempt fuel used. The payments required by this subdivision shall be paid to the State Board of Equalization in the manner prescribed by the board, and such payments shall be treated as a tax for all purposes of this part.

(d) The exemption provided for in subdivision (b) and the payments provided for in subdivision (c) shall not be applicable to fuel used by a charter-party carrier of passengers. The term "charter-party carrier of passengers" has the same meaning as that specified in Section 5360 of the Public Utilities Code and shall further include those transportation services described in subdivisions (a) and (e) of Section 5353 of the Public Utilities Code, if such transportation service is rendered as contract carriage and not as common carriage of passengers.

(e) There are in the State of California many local bus transit

operators in need of financial assistance from sources other than the local property tax. These operators are performing essential public transit service as a vital counterpart of the streets and highways. It is the purpose of this section to provide relief from the payment of use fuel tax for local transit operators and it is the intent of the Legislature that the funds accruing to such operators shall be used for the improvement of their transit operations and to aid in providing better transit service to and from places of employment.

There are also in the State of California many private entities providing public transportation services for the transportation of people in vehicles other than buses under contract or agreement with local government, transit districts or local bus transit operators. It is the purpose of this section to provide relief from the payment of use fuel taxes for diesel fuel for those private entities only for fuel consumed while providing these services.

SEC. 2. Section 8655.5 is added to the Revenue and Taxation Code, to read:

8655.5. (a) Commencing with the 1984–85 fiscal year, the Controller shall annually transfer from the General Fund to the Highway Users Tax Account in the Transportation Tax Fund, the amount, as determined by the State Board of Equalization, necessary to fully reimburse the account for any revenue loss caused by the exemptions provided by paragraphs (5) and (6) of subdivision (b) of Section 8655.

(b) In addition, the Controller shall transfer, on January 1, 1985, the sum of four hundred thirty-five thousand dollars ($435,000) from the General Fund to the account to fully reimburse the account for the revenue loss caused by Section 3 of the act enacting this section.

SEC. 3. The Legislature finds and declares that there presently is uncertainty in the application of diesel fuel taxes with respect to school districts and community college districts which this act is intended to clarify.

For the public purpose of assuring equity in the payment of diesel fuel taxes among school districts and community college districts, the Legislature, in enacting this act, intends to clarify existing law and to affect all applicable pending proceedings which come within the provisions of paragraph (5) of subdivision (b) of Section 8655 of the Revenue and Taxation Code, as follows:

(a) Notwithstanding Section 8782 of the Revenue and Taxation Code, for reporting periods prior to July 1, 1984, the notice of determination to a school district, community college district, or county superintendent of schools shall be given within three years after the last day of the month following the period for which the return was due. Any unpaid liability determined for periods beyond a three-year statute of limitations is hereby canceled.

(b) No interest or penalties pursuant to Sections 8803 and 8804 of the Revenue and Taxation Code shall apply to unpaid determinations issued for any periods prior to July 1, 1984.

(c) With respect to determinations issued for the period between

July 1, 1981, and July 1, 1984, pursuant to Section 8801, the taxes may, at the option of the taxpayer, be paid over a period of up to 10 years. No penalties shall be assessed so long as the installment payments are made timely, but interest on the unpaid balance shall be paid as prescribed by Section 8876 of the Revenue and Taxation Code.

(d) If the State Board of Equalization finds that the failure to make a timely payment pursuant to subdivision (c) is due to reasonable cause and circumstances beyond the taxpayer's control, and occurred, notwithstanding the exercise of ordinary care and the absence of willful neglect, the taxpayer may be relieved of the penalty.

SEC. 4. This act shall become operative on October 1, 1984.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1664

An act to repeal and add Chapter 4.5 (commencing with Section 18275) to Part 6 of Division 9 of the Welfare and Institutions Code, relating to child sexual abuse prevention, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that Californians are increasingly ready to address and ameliorate a major unresolved problem in our state, child sexual abuse. Statistics reveal that one-fifth of all women were sexually abused as children, a dreadfully high number. The recent media exposure of the problem and the continuously rising incidence of reported abuse has greatly increased the demand for services and expertise from public and private programs throughout the state which provide counseling and assistance to the victims and the families of victims of child sexual abuse. However, many community treatment centers are nonprofit organizations that do not generate a significant cash flow and consequently are unable to immediately increase their staff to provide sufficient services to meet the current public demand for their services.

The Legislature also finds that it is necessary to provide training and technical assistance throughout the state to service providers, both public and private, group and individual, to insure their effectiveness in assisting victims and their families with a comprehensive approach to address this problem. Chapter 4.5 (commencing with Section 18275) of Part 6 of Division 9 of the

Welfare and Institutions Code, as it existed prior to its repeal by this act, provided for the development and funding of a child sexual abuse prevention demonstration center which, in part, provided for the development of training programs relating to the prevention of sexual abuse of children. It is the intention of the Legislature to expand and continue the work of the center developed and funded pursuant to those provisions in order to provide for the expanded training and technical assistance needed to address this problem, under the administration of the Office of Criminal Justice Planning.

The Legislature also finds that a temporary infusion of funds into community treatment centers will allow them to meet the current service demand and give them time to generate sufficient funds from other sources to provide for continued increased levels of service as long as the demand exists.

SEC. 2. Chapter 4.5 (commencing with Section 18275) of Part 6 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 3. Chapter 4.5 (commencing with Section 18275) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 4.5. CHILD SEXUAL ABUSE PREVENTION TRAINING CENTERS

18275. The Legislature finds that there is a need to develop programs to provide the kinds of innovative strategies and services which will ameliorate, reduce, and ultimately eliminate the trauma of child sexual abuse.

The Legislature also finds that for the purposes of developing and providing these programs and services, and for the training of, and providing information to, city and county personnel throughout the state, it is necessary to expand the services provided by the child sexual abuse prevention demonstration center established pursuant to the former provisions of this chapter.

18276. The functions and goals of the program developed by the centers shall include all of the following:

(a) Provision of counseling and practical assistance by onsite professionals to sexually abused children and their families, particularly to victims of incest.

(b) Hastening, where in the interests of the child, the process of reconstitution of the family and the marriage.

(c) Marshaling and coordinating the services of all agencies responsible for the sexually abused child and his or her family, as well as other resources to ensure comprehensive, supportive case management.

(d) Employment of a model that fosters self-managed growth, rather than a medical model based on curing disease, and that avoids static theory and methods.

(e) Responding to individual physical, emotional, and social needs of clients so that supportive services are individually tailored and applied as long as necessary.

(f) Facilitation of the expansion and autonomy of self-help groups and provision of guidance to the membership, such as (1) training in cocounseling, self-management, and intrafamily communication techniques, and (2) training in locating community resources.

(g) Informing the public at large and professional agencies about the existence and supportive approach of the program with the aim of encouraging victims and offenders to seek the services of the program voluntarily.

(h) Development of informational and training materials and seminars to enable emulation or adaptation of the program by other communities, emphasizing the program's stress on cooperation and coordination with all appropriate elements of the criminal justice system and law enforcement system.

18276.5. (a) The two centers selected pursuant to Section 18277 shall develop training programs pertaining to the prevention of and assistance to victims of child sexual abuse and their families. These programs shall be designed for the training of interagency teams of service providers and individual service providers throughout the state, including public and private personnel, who shall in turn offer that training in their communities.

(b) The department shall enter into contracts with each center providing for training and allocating training positions to each center as funds are available to pay for the tuition of individuals who attend the training programs. The contracts shall provide the same amount of funding for each center.

(c) Subject to the review of the department, the centers shall select trainees based upon the following criteria:

(1) In the first year, a minimum of ten individuals from each county shall be chosen.

(2) In subsequent years, a minimum of one-fourth of all positions shall be allocated to rural counties.

(3) When possible, distribution shall be based on the relative population of the counties in which the participants provide services.

(4) The rate of demand for services by child sexual abuse victims and their families in the county.

(5) An emphasis shall be placed on the training of teams of service providers from a geographic area, rather than on training individual service providers.

(6) The ability of the individuals chosen to duplicate the training in his or her geographic area.

(7) The ability of the individuals to apply the training as a direct service provider.

(8) A geographic dispersion of trainees throughout a county is preferred, where feasible.

18277. The executive director of the Office of Criminal Justice Planning shall select two child sexual abuse prevention training centers, one in northern California and the other in southern California, which shall receive state funds pursuant to this chapter. The executive director shall give consideration to existing

demonstration programs relating to the prevention of sexual abuse of children and may award grant awards on a sole source basis to the two training centers which he or she selects for funding. The Office of Criminal Justice Planning shall appraise the performance of the training centers on an annual basis and recommend to the executive director whether they shall receive continuation grants.

18278. (a) The Office of Criminal Justice Planning shall make grants to community nonprofit child sexual abuse treatment programs that are unable to meet the current demand for their services, pursuant to this section.

(b) Programs seeking these grants shall apply to the Office of Criminal Justice Planning in the manner prescribed by the office. Each award shall be limited to twenty-five thousand dollars ($25,000). Programs shall be selected based, at a minimum, on the following criteria:

(1) The program's inability to meet the public demand for its services.

(2) The program's use of the award to maximize the services provided to clients who would not otherwise be served.

(3) The likelihood that the program will be able to maintain the new level of service after the funds granted are depleted.

The awards shall be equitably distributed to programs in northern and southern California. At least one-fourth of the funds shall be distributed to rural programs.

(c) The office shall fund programs as expeditiously as possible; program funding shall commence within 90 days after the effective date of this chapter.

18278.5. The Office of Criminal Justice Planning shall enter into contracts with the centers for the provision of services required by this chapter within four months of the effective date of this chapter.

18279. The executive director shall submit annual reports to the Legislature concerning his or her findings regarding the degree of achievement by the centers of the goals of this chapter. The first such report shall be submitted no later than one year after the beginning of the operation of the centers pursuant to this chapter.

18279.5. The centers may seek, receive, and make use of any funds which may be made available from federal, voluntary, philanthropic, or other sources in order to augment any state funds appropriated for the purposes of this chapter.

SEC. 4. The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning, for the 1984–85 fiscal year, for the purposes of this act, to be allocated as follows:

(a) Seven hundred thousand dollars ($700,000) for the training programs established by Section 18276.5. It is the intention of the Legislature that the funding of these training programs shall be continued at at least this level in future years.

(b) Three hundred thousand dollars ($300,000) for the programs established by Section 18278. The Office of Criminal Justice Planning

shall utilize not more than 5 percent of the funds so appropriated for administrative expenses.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that individuals who have been, are, and will be victims of child sexual abuse shall receive the benefit of the training and services provided by this act to help ameliorate the trauma of their experiences, it is necessary that this act go into immediate effect.

CHAPTER 1665

An act to amend Sections 70 and 243 of the Penal Code, relating to peace officers.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 70 of the Penal Code is amended to read:

70. (a) Every executive or ministerial officer, employee, or appointee of the State of California, or any county or city therein, or any political subdivision thereof, who knowingly asks, receives, or agrees to receive any emolument, gratuity, or reward, or any promise thereof excepting such as may be authorized by law for doing an official act, is guilty of a misdemeanor.

(b) This section does not prohibit deputy registrars of voters from receiving compensation when authorized by local ordinance from any candidate, political committee, or statewide political organization for securing the registration of voters.

(c) Nothing in this section precludes a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, from engaging in, or being employed in, casual or part-time employment as a private security guard or patrolman for a public entity while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency, and exercising the powers of a peace officer concurrently with that employment, provided that the peace officer is in a police uniform and is subject to reasonable rules and regulations of the agency for which he or she is a peace officer and within the provisions of subdivisions (k) and (*l*) of Section 7522 of the Business and Professions Code. Notwithstanding the above provisions, any and all civil and criminal liability arising out of the secondary employment of any peace officer pursuant to this subdivision shall be borne by the officer's secondary employer.

It is the intent of the Legislature by this subdivision to abrogate the

holdings in People v. Corey, 21 Cal. 3d 738, and Cervantez v. J.C. Penney Co., 24 Cal. 3d 579, to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, by a public entity, while wearing a police uniform as private security guards or patrolmen, and to allow the exercise of peace officer powers concurrently with that employment.

(d) Nothing in this section precludes a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, from engaging in, or being employed in, casual or part-time employment as a private security guard or patrolman by a private employer while off duty from his or her principal employment and outside his or her regular employment as a peace officer, and exercising the powers of a peace officer concurrently with that employment, provided that all of the following are true:

(1) The peace officer is in his or her police uniform.

(2) The casual or part-time employment as a private security guard or patrolman is approved by the county board of supervisors with jurisdiction over the principal employer or by the board's designee or by the city council with jurisdiction over the principal employer or by the council's designee.

(3) The wearing of uniforms and equipment is approved by the principal employer.

(4) The peace officer is subject to reasonable rules and regulations of the agency for which he or she is a peace officer and within the provisions of subdivisions (k) and (*l*) of Section 7522 of the Business and Professions Code.

Notwithstanding the above provisions, a peace officer while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency shall not exercise the powers of a police officer if employed by a private employer as a security guard during a strike, lockout, picketing, or other physical demonstration of a labor dispute at the site of the strike, lockout, picketing, or other physical demonstration of a labor dispute. The issue of whether or not casual or part-time employment as a private security guard or patrolman pursuant to this subdivision is to be approved shall not be a subject for collective bargaining. Any and all civil and criminal liability arising out of the secondary employment of any peace officer pursuant to this subdivision shall be borne by the officer's principal employer. The principal employer may require the secondary employer to enter into an indemnity agreement as a condition of approving casual or part-time employment pursuant to this subdivision.

It is the intent of the Legislature by this subdivision to abrogate the holdings in People v. Corey, 21 Cal. 3d 738, and Cervantez v. J. C. Penney Co., 24 Cal. 3d 579, to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform approved by the principal employer, as

private security guards or patrolmen, and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 2. Section 243 of the Penal Code is amended to read:

243. (a) A battery is punishable by a fine of not exceeding two thousand dollars ($2,000), or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

(b) When a battery is committed against the person of a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, or lifeguard, engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, or lifeguard, engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

(c) When a battery is committed against a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, or lifeguard, engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, or lifeguard, engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, and an injury is inflicted on that victim, the battery is punishable by imprisonment in the county jail for a period of not more than one year, or by a fine of not more than two thousand dollars ($2,000), or by imprisonment in the state prison for 16 months, or two or three years.

(d) When a battery is committed against any person and serious bodily injury is inflicted on the person, the battery is punishable by imprisonment in the county jail for a period of not more than one year or imprisonment in the state prison for two, three, or four years.

(e) As used in this section:

(1) "Peace officer" means any person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

(2) "Emergency medical technician" means a person possessing a valid course completion certificate from a program approved by the State Department of Health Services for the medical training and education of ambulance personnel, and who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(3) "Mobile intensive care paramedic" means any person who meets the standards set forth in Section 1481 of, and Division 2.5 (commencing with Section 1797) of, the Health and Safety Code.

(4) "Nurse" means a person who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(5) "Serious bodily injury" means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

(6) "Injury" means any physical injury which requires professional medical treatment.

(7) "Custodial officer" means any person who has the responsibilities and duties described in Section 831 and who is employed by a law enforcement agency of any city or county or who performs those duties as a volunteer.

(8) "Lifeguard" means a person defined in paragraph (5) of subdivision (c) of Section 241.

It is the intent of the Legislature by amendments to this section at the 1981–82 and 1983–84 Regular Sessions to abrogate the holdings in cases such as People v. Corey, 21 Cal. 3d 738, and Cervantez v. J.C. Penney Co., 24 Cal. 3d 579, and to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform as private security guards or patrolmen and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1666

An act to add Section 198.5 to the Penal Code, relating to self-defense.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 198.5 is added to the Penal Code, to read:

198.5. Any person using force intended or likely to cause death or great bodily injury within his or her residence shall be presumed to have held a reasonable fear of imminent peril of death or great bodily injury to self, family, or a member of the household when that force is used against another person, not a member of the family or household, who unlawfully and forcibly enters or has unlawfully and forcibly entered the residence and the person using the force knew or had reason to believe that an unlawful and forcible entry occurred.

As used in this section, great bodily injury means a significant or substantial physical injury.

SEC. 2. This act shall be known and may be cited as the Home Protection Bill of Rights.

CHAPTER 1667

An act to amend Section 1505 of, to add Chapter 7.5 (commencing with Section 11834.10) to Part 2 of Division 10.5 of, to add Sections 11830.5 and 11831.5 to, and to repeal Sections 11830 and 11831 of, the Health and Safety Code, relating to alcohol programs.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1505 of the Health and Safety Code, as amended by Section 6 of Chapter 1162 of the Statutes of 1981, is amended to read:

1505. The provisions of this chapter shall not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any juvenile placement facility approved by the California Youth Authority or any juvenile hall operated by a county.

(d) Any place in which a juvenile is judicially placed pursuant to subdivision (a) of Section 727 of the Welfare and Institutions Code.

(e) Any facility conducted by and for the adherents of any

well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

(f) Any school dormitory or similar facility determined by the department.

(g) Any house, institution, hotel, or other similar place that supplies board and room only, or room only, or board only, provided that no resident thereof requires any element of care as determined by the director.

(h) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(i) Any alcoholism recovery facility as defined by Section 11834.11.

(j) Any cooperative arrangement between parents for the care of their children by one or more of the parents where no payment for the care is involved.

(k) Any arrangement for the receiving and care of persons by a relative or any arrangement for the receiving and care of persons from only one family by a close friend of the parent, guardian, or conservator, if such arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the state department.

(*l*) Any similar facility determined by the director.

This section shall become operative July 1, 1984.

SEC. 1.1. Section 1505 of the Health and Safety Code is amended to read:

1505. The provisions of this chapter shall not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any juvenile placement facility approved by the California Youth Authority or any juvenile hall operated by a county.

(d) Any place in which a juvenile is judicially placed pursuant to subdivision (a) of Section 727 of the Welfare and Institutions Code.

(e) Any child day care facility, as defined in Section 1596.75.

(f) Any facility conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

(g) Any school dormitory or similar facility determined by the department.

(h) Any house, institution, hotel, or other similar place that supplies board and room only, or room only, or board only, provided that no resident thereof requires any element of care as determined by the director.

(i) Recovery houses or other similar facilities providing group

living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(j) Any alcoholism recovery facility as defined by Section 11834.11.

(k) Any cooperative arrangement between parents for the care of their children by one or more of the parents where no payment for the care is involved.

(*l*) Any arrangement for the receiving and care of persons by a relative or any arrangement for the receiving and care of persons from only one family by a close friend of the parent, guardian, or conservator, if such arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the state department.

(m) Any similar facility determined by the director.

This section shall become operative July 1, 1984.

SEC. 1.2. Section 1505 of the Health and Safety Code is amended to read:

1505. This chapter does not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any juvenile placement facility approved by the California Youth Authority or any juvenile hall operated by a county.

(d) Any place in which a juvenile is judicially placed pursuant to subdivision (a) of Section 727 of the Welfare and Institutions Code.

(e) Any facility conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of the church or denomination.

(f) Any school dormitory or similar facility determined by the department.

(g) Any house, institution, hotel, or other similar place that supplies board and room only, or room only, or board only, provided that no resident thereof requires any element of care as determined by the director.

(h) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(i) Any alcoholism recovery facility as defined by Section 11834.11.

(j) Any cooperative arrangement between parents for the care of their children by one or more of the parents where no payment for the care is involved.

(k) Any arrangement for the receiving and care of persons by a relative or any arrangement for the receiving and care of persons from only one family by a close friend of the parent, guardian, or conservator, if the arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the state department.

(*l*) Any public recreation program. "Public recreation program" means a program operated by the state, city, county, special district, school district, community college district, chartered city, or chartered city and county which meets either of the following criteria:

(A) The program is provided for children over the age of four years and nine months and is in operation for either of the following periods:

(i) For under 13 hours per week.

(ii) For more than 12 hours per week and is for 12 weeks or less per year in duration.

(B) The program is provided to children under the age of four years and nine months with sessions which run 12 hours per week or less and are 12 weeks or less in duration.

(m) Any similar facility determined by the director.

SEC. 1.3. Section 1505 of the Health and Safety Code is amended to read:

1505. This chapter does not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any juvenile placement facility approved by the California Youth Authority or any juvenile hall operated by a county.

(d) Any place in which a juvenile is judicially placed pursuant to subdivision (a) of Section 727 of the Welfare and Institutions Code.

(e) Any child day care facility, as defined in Section 1596.75.

(f) Any facility conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of the church or denomination.

(g) Any school dormitory or similar facility determined by the department.

(h) Any house, institution, hotel, or other similar place that supplies board and room only, or room only, or board only, provided that no resident thereof requires any element of care as determined by the director.

(i) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(j) Any alcoholism recovery facility as defined by Section 11834.11.

(k) Any cooperative arrangement between parents for the care of their children by one or more of the parents where no payment for the care is involved.

(*l*) Any arrangement for the receiving and care of persons by a relative or any arrangement for the receiving and care of persons from only one family by a close friend of the parent, guardian, or conservator, if the arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the

state department.

(m) Any public recreation program. "Public recreation program" means a program operated by the state, city, county, special district, school district, community college district, chartered city, or chartered city and county which meets either of the following criteria:

(A) The program is provided for children over the age of four years and nine months and is in operation for either of the following periods:

(i) For under 13 hours per week.

(ii) For more than 12 hours per week and is for 12 weeks or less per year in duration.

(B) The program is provided to children under the age of four years and nine months with sessions which run 12 hours per week or less and are 12 weeks or less in duration.

(n) Any similar facility determined by the director.

SEC. 2. Chapter 7.5 (commencing with Section 11834.10) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 7.5. LICENSING

Article 1. General Provisions

11834.10. The department has the sole authority in state government to license alcoholism recovery facilities.

11834.11. As used in this chapter, "alcoholism recovery facility" means any facility, place, or building which is maintained and operated to provide 24-hour residential nonmedical alcoholism recovery services exclusively for individuals whose involvement in services is related primarily to an alcohol problem.

11834.12. No person, firm, partnership, association, corporation, or local governmental entity shall operate, establish, manage, conduct, or maintain an alcoholism recovery facility in this state without obtaining a license issued pursuant to this chapter.

11834.13. The department shall promulgate regulations to implement this chapter in accordance with the purpose and process required in Sections 11835 and 11836. The regulations shall include, but not be limited to, both of the following:

(a) Provision for a formal appeal process for the denial of the license or for the suspension or revocation of a license.

(b) Provision for the issuance of a provisional license, provided the applicant is in substantial compliance with applicable laws and regulations, and an urgent need for licensure exists.

11834.14. Licensure regulations under this chapter shall be consistent with the intent of subdivision (c) of Section 11760.3, and with the goal of protecting the public while promoting the public welfare. Criteria for licensure shall be limited to all of the following:

(a) Completion of a written application containing necessary and

pertinent information describing the applicant facility.

(b) Submission by the applicant of a clearance relative to fire safety from the State Fire Marshal.

(c) Demonstration by the applicant that it possesses adequate administrative, fiscal, and operational capability to achieve its stated goals and objectives.

(d) Inspection by the department, or by any departmental agent who has no financial interests, as defined in Section 87103 of the Government Code, in any alcoholism recovery facility, to determine that the applicant's facility is clean, safe, healthful, and free of alcohol or illicit drug use.

11834.15. The department shall fix a fee for licensure and for license renewal every two years in an amount sufficient to cover its cost in administering the licensure under this chapter for other than nonprofit organizations and local governmental entities. No fee shall be levied for licensure of nonprofit organizations or local governmental entities.

11834.16. The department may deny the license or suspend or revoke the license if the applicant does not meet the requirements of this chapter or the licensee violates any provision of this chapter or any regulation adopted pursuant to this chapter.

11834.17. No city, county, city and county, or district shall adopt or enforce any building ordinance or local rule or regulations relating to the subject of fire and life safety in alcoholism recovery facilities which is inconsistent with those standards adopted by the State Fire Marshal. The standards adopted by the State Fire Marshal shall be based on those occupancy classifications in the Uniform Building Code that most closely conform to the types of program activities and characteristics of the program participants utilizing the alcoholism recovery facility. The department, in consultation with county alcohol program administrators and associations of nonmedical residential alcoholism recovery programs recognized by the department, shall identify those categories of occupancy classification most closely conforming to kinds of program activities and characteristics of program participants utilizing nonmedical residential alcoholism recovery facilities.

11834.18. (a) Nothing in this chapter shall authorize the imposition of rent regulations or controls for licensed alcoholism recovery facilities.

(b) Licensed alcoholism recovery facilities shall not be subject to controls on rent imposed by any state or local agency or other local government or entity.

Article 2. Local Regulation

11834.20. The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development of sufficient numbers and types of alcoholism recovery facilities as are commensurate with local need.

The provisions of this article apply equally to any chartered city, general law city, county, city and county, district, and any other local public entity.

For the purposes of this article, "six or fewer persons" does not include the licensee or members of the licensee's family or persons employed as facility staff.

11834.21. Any person licensed under this chapter who operates or proposes to operate an alcoholism recovery facility, the department or other public agency authorized to license such a facility, or any public or private agency which uses or may use the services of the facility to place its clients, may invoke the provisions of this article.

This section shall not be construed to prohibit any interested party from bringing suit to invoke the provisions of this article.

11834.22. An alcoholism recovery facility which serves six or fewer persons shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other single-family dwellings are not likewise subject. Nothing in this section shall be construed to forbid the imposition of local property taxes, fees for water service and garbage collection, fees for inspections not prohibited by Section 1834.23, local bond assessments, and other fees, charges, and assessments to which other single-family dwellings are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to alcoholism recovery facilities which serve six or fewer persons.

11834.23. Whether or not unrelated persons are living together, an alcoholism recovery facility which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of such a facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant to this article.

For the purpose of all local ordinances, an alcoholism recovery facility which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of minors, the aged, or the mentally infirm, foster care home, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the alcoholism recovery home is a business run for profit or differs in any other way from a single-family residence.

This section shall not be construed to forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of an alcoholism recovery facility which serves six or fewer persons as long as the restrictions are identical to those applied to other single-family residences.

This section shall not be construed to forbid the application to an alcoholism recovery facility of any local ordinance which deals with

health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity. However, the ordinance shall not distinguish alcoholism recovery facilities which serve six or fewer persons from other single-family dwellings or distinguish residents of alcoholism recovery facilities from persons who reside in other single-family dwellings.

No conditional use permit, zoning variance, or other zoning clearance shall be required of an alcoholism recovery facility which serves six or fewer persons that is not required of a single-family residence in the same zone.

Use of a single-family dwelling for purposes of an alcoholism recovery facility serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent those sections are applicable to alcoholism recovery facilities providing care for six or fewer residents.

11834.24. No fire inspection clearance or other permit, license, clearance, or similar authorization shall be denied to an alcoholism recovery facility because of a failure to comply with local ordinances from which the facility is exempt under Section 11834.23, if the applicant otherwise qualifies for a fire clearance, license, permit, or similar authorization.

11834.25. For the purposes of any contract, deed, or covenant for the transfer of real property executed on or after January 1, 1979, an alcoholism recovery facility which serves six or fewer persons shall be considered a residential use of property and a use of property by a single family, notwithstanding any disclaimers to the contrary.

SEC. 3. Section 11830 of the Health and Safety Code is repealed.

SEC. 4. Section 11830.5 is added to the Health and Safety Code, to read:

11830.5. The department, in consultation with the State Advisory Board, county alcohol program administrators, and other interested organizations and individuals, shall develop program standards for direct and indirect services. These standards shall be advisory only and are excluded from the provisions of Section 11347.5 of the Government Code and other requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) and Chapter 8 (commencing with Section 11835).

The program standards shall include, but not be limited to, both of the following:

(a) Recognition and characterization of different approaches and solutions to alcohol problems that the department determines have sufficient merit for a separate standard.

(b) Reference to the needs of youth, the elderly, women, gay, disabled, and minority populations, with recognition of innovative solutions to the problems of those special populations.

The program standards shall serve as educational documents to inform the public of the current state-of-the-art in effective and cost-efficient alcohol problem programming.

SEC. 5. Section 11831 of the Health and Safety Code is repealed.

SEC. 6. Section 11831.5 is added to the Health and Safety Code, to read:

11831.5. (a) Certification shall be granted by the department pursuant to this section to any alcoholism program wishing to receive, and requesting, the certification regardless of the source of the program's funding.

(b) The purposes of certification under this section shall be all of the following:

(1) To identify programs which exceed minimal levels of service quality, are in substantial compliance with the department's standards, and merit the confidence of the public, third party payors, and county alcohol programs.

(2) To encourage programs to strive for increased quality of service through recognition by the state and by peer programs in the alcoholism field.

(3) To assist programs to identify their needs for technical assistance, training, and program improvements.

(c) (1) Certification shall be granted under this section on the basis of evidence satisfactory to the department that the requesting alcoholism program has an accreditation by a statewide or national alcohol program accrediting body. The accrediting body shall be one whose accreditation meets or exceeds the department's standards and which is recognized by the department.

(2) If the requesting alcoholism program does not meet the requirements under paragraph (1), certification shall be granted to the alcoholism program by the department's application of the program standards developed under Section 11830. The department shall not delegate its responsibility under this paragraph.

(d) No fee shall be levied by the department for certification of nonprofit organizations or local governmental entities under this section.

(e) Certification, or the lack thereof, shall not convey any approval or disapproval by the department, but shall be for information purposes only.

(f) The standards developed pursuant to Section 11830 and the certification under this section shall satisfy the requirements of Section 1463.16 of the Penal Code.

SEC. 7. (a) Notwithstanding Sections 11834.13 and 11836 of the Health and Safety Code, the director shall adopt emergency regulations implementing the provisions of Chapter 7.5 (commencing with Section 11834) of Part 2 of Division 10.5 of the Health and Safety Code without meeting the requirements of Section 11836 of the Health and Safety Code, effective February 1, 1985, in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title

2 of the Government Code). The adoption of regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, regarding the duration of emergency regulations, any regulations adopted by the director in order to implement this section shall remain in effect until February 1, 1986, or until the adoption of regulations under Section 11836, if before February 1, 1986.

SEC. 8. (a) Section 1.1 of this bill incorporates amendments to Section 1505 of the Health and Safety Code proposed by both this bill and SB 1754. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 1505 of the Health and Safety Code, and (3) AB 469 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1754, in which case Sections 1, 1.2, and 1.3 of this bill shall not become operative.

(b) Section 1.2 of this bill incorporates amendments to Section 1505 of the Health and Safety Code proposed by both this bill and AB 469. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 1505 of the Health and Safety Code, (3) SB 1754 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 469 in which case Sections 1, 1.1, and 1.3 of this bill shall not become operative.

(c) Section 1.3 of this bill incorporates amendments to Section 1505 of the Health and Safety Code proposed by this bill, SB 1754, and AB 469. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1985, (2) all three bills amend Section 1505 of the Health and Safety Code, (3) this bill is enacted after SB 1754 and AB 469, in which case Sections 1, 1.1, and 1.2 of this bill shall not become operative.

CHAPTER 1668

An act to amend Sections 56140 and 56170 of, and to add and repeal Section 56170.5 of, the Education Code, relating to education.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 56140 of the Education Code is amended to read:

56140. County offices shall do all of the following:

(a) Initiate and submit to the superintendent a countywide plan

for special education which demonstrates the coordination of all local plans submitted pursuant to Section 56200 and which ensures that all individuals with exceptional needs will have access to appropriate special education programs and related services. However, a county office shall not be required to submit a countywide plan when all the districts within the county elect to submit a single local plan.

(b) Within 45 days, approve or disapprove any proposed local plan submitted by a district or group of districts within the county or counties. Such approval shall be based on the capacity of the district or districts to ensure that special education programs and services are provided to all individuals with exceptional needs.

(1) If approved, the county office shall submit the plan with comments and recommendations to the superintendent.

(2) If disapproved, the county office shall return the plan with comments and recommendations to the district. This district may immediately appeal to the superintendent to overrule the county office's disapproval. The superintendent shall make a decision on such an appeal within 30 days of receipt of the appeal.

(3) A local plan may not be implemented without approval of the plan by the county office or a decision by the superintendent to overrule the disapproval of the county office.

(c) Participate in the state onsite review of the district's implementation of an approved local plan.

(d) Join with districts in the county which elect to submit a plan or plans pursuant to subdivision (c) of Section 56170. Any such plan may include more than one county, and districts located in more than one county. Nothing in this subdivision shall be construed to limit the authority of a county office to enter into other agreements with these districts and other districts to provide services relating to the education of individuals with exceptional needs.

SEC. 2. Section 56170 of the Education Code is amended to read:

56170. The governing board of a school district shall elect to do one of the following:

(a) If of sufficient size and scope, under standards adopted by the board, submit to the superintendent, in accordance with Section 56200, a local plan for the education of all individuals with exceptional needs residing in the district.

(b) In conjunction with one or more districts, submit to the superintendent, in accordance with Section 56200, a local plan for the education of individuals with exceptional needs residing in those districts. The plan shall, through joint powers agreements or other contractual agreements, include all the following:

(1) Provision of a governance structure and any necessary administrative support to implement the plan.

(2) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing within the special education services region.

(3) Designation of a responsible local agency or alternative

administrative entity to perform such functions as the receipt and distribution of regionalized services funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of the services required by the plan.

(c) Join with the county office, to submit to the superintendent a plan in accordance with Section 56200 to assure access to special education and services for all individuals with exceptional needs residing in the geographic area served by the plan. The county office shall coordinate the implementation of such plan, unless otherwise specified in the plan. Such plan shall, through contractual agreements, include all of the following:

(1) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing within the geographical area served by the plan.

(2) Designation of the county office, of a responsible local agency, or of any other administrative entity to perform such functions as the receipt and distribution of regionalized services funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of these services required by the plan.

(d) The service area covered by the local plan developed under subdivision (a), (b), or (c) shall be known as the special education local plan area.

(e) Nothing in this section shall be construed to limit the authority of any county office and any school district or group of school districts to enter into contractual agreements for services relating to the education of individuals with exceptional needs.

SEC. 3. Section 56170.5 is added to the Education Code, to read:

56170.5. (a) On a pilot project basis, the Superintendent of Public Instruction may select one high school district, one elementary school district, and one unified school district which has an average daily attendance of 9,000 or more within Orange County to be exempt from the size and scope requirement of subdivision (a) of Section 56170. The districts selected to participate in the pilot project may elect to submit a local plan for the education of all individuals with exceptional needs residing in that school district in accordance with subdivision (a) of Section 56170.

(b) If a district participating in the pilot project pursuant to subdivision (a) has special education facilities constructed under the provisions of Section 16196, that facility shall serve severely handicapped pupils from other districts within the region which that facility had previously served. These pupils shall be served with the funding provided by state formula without additional charge to the district where the pupil resides. The district of the pupil's residence shall transfer to the district with the facility instructional personnel service units for pupils placed pursuant to this provision in accordance with the agreements for the transfers that existed in the

1982–83 fiscal year, unless a superseding agreement is adopted.

(c) Any district selected to participate in the pilot project which elects to implement a local plan pursuant to subdivision (a) shall submit the plan to the Superintendent of Public Instruction by January 15 of the year of withdrawal from the special education services region.

(d) This section shall remain in effect only until June 30, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before June 30, 1987, deletes or extends that date.

SEC. 4. (a) The State Department of Education shall evaluate the effects of eliminating the size and scope requirements pursuant to Section 56170.5 of the Education Code, and shall report to the Legislature on the results of this evaluation on or before November 1, 1985, and again, thereafter, on or before January 1, 1987. The evaluation shall include, but not be limited to, the following:

(1) The impact on services to individuals with exceptional needs residing in the districts participating in the pilot study and residing in the geographic areas of the regions from which the participating districts withdrew.

(2) The impact on parent and pupil due process.

(3) The impact on special education costs, including, administrative costs.

(b) In addition to the evaluation required in subdivision (a), the report due on or before November 1, 1985, shall include an evaluation of the statewide effect of current size and scope requirements and special education governance structures. This evaluation shall consider, but shall not be limited to considering, the following:

(1) Services to individuals with exceptional needs.

(2) Parent and pupil due process rights.

(3) Special education costs, including administrative costs.

(4) Whether services are provided in an efficient and effective manner.

(c) The department shall conduct the studies required in subdivisions (a) and (b) using existing resources.

(d) If the Superintendent of Public Instruction finds that the level of service to individuals with exceptional needs has declined in any of the geographic areas identified in paragraph (1) of subdivision (a) as a result of a district's implementation of Section 56170.5, the district shall be notified by the superintendent, and on July 1 following this notification, the school district shall rejoin the region from which it withdrew.

CHAPTER 1669

An act to add Section 33204.2 to the Public Resources Code, relating to the Santa Monica Mountains Conservancy.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 33204.2 is added to the Public Resources Code, to read:

33204.2. (a) The conservancy may award grants to nonprofit organizations qualified as exempt organizations under Section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. Sec. 501(c)(3)) to carry out improvements, maintenance, acquisitions, or educational interpretation programs which directly relate to a project which the conservancy is otherwise authorized to undertake pursuant to this division.

(b) Grants awarded pursuant to this section are subject to the review and approval of the Department of General Services. The conservancy shall not award a grant under this section for a project that is not for the purposes specified in subdivision (a). No nonprofit organization has any authority to expend any portion of a grant to engage in any activity not expressly authorized pursuant to subdivision (a).

(c) The executive director shall submit a notice to the Department of Finance 30 days prior to award of a grant under this section. The notice shall specify the recipient organization, the amount to be granted, and the purposes for which the grant is awarded. The period for notice under this subdivision may be concurrent with the review of the Department of General Services under subdivision (b).

CHAPTER 1670

An act to add and repeal Chapter 2 (commencing with Section 15905) of Part 12 of Division 3 of Title 2 of the Government Code, relating to economic development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 15905) is added to Part 12 of Division 3 of Title 2 of the Government Code, to

read:

CHAPTER 2. JOB DEVELOPMENT ACT OF 1984

Article 1. Legislative Findings and Declarations

15905. The Legislature declares that creating the general conditions under which growth in employment may take place is one of the highest priorities of the 1984–85 Regular Session of the Legislature. Expanding useful employment opportunities and creating new jobs in California may be promoted best by encouraging businesses and industry to locate and expand their operations within the state. Establishing an effective and efficient method for attracting business and industry to the state, and assisting them to locate or expand in the state, will have a salutary effect on California's economy and will result in more jobs for Californians.

15906. It is the intent of the Legislature in enacting this chapter to create a more positive climate for business in California, establish an active state policy to attract industry to the state, create permanent jobs, provide coordination among business representatives and state entities, authorize a single official to represent the state in discussions with businesses and industries considering locating, expanding, or remaining in California.

It is the further intent of the Legislature to provide a flexible means to mobilize available resources of state government for the purpose of enhancing commerce and job creation within California.

Article 2. Governor's Secretary for Job Development

15907. This chapter shall be known and may be cited as the Job Development Act of 1984.

15908. The Governor shall designate an existing cabinet secretary who has been confirmed by the Senate and shall be known, for purposes of this chapter, as the Governor's Secretary for Job Development. The secretary shall, in addition to his or her assigned duties, be responsible for carrying out the purposes of this chapter.

15909. The secretary shall have the following duties:

(a) To serve as the state's primary representative for attracting businesses to, and retaining businesses within, the state.

(b) To develop information on business opportunities in the state and to provide the information to persons or corporations who request it.

(c) To ensure that agencies in the executive branch that have information on business opportunities in the state provide it in a timely manner to persons or corporations requesting it.

(d) To meet with persons or corporations who are considering locating, expanding, remaining in the state to define their needs and identify problems they will face.

(e) To assist business to determine the legal and administrative

requirements they will face in locating or expanding in the state.

(f) To ensure that state agencies responsible for processing permits, licenses, certificates, registrations, or any other form of authorization required by law before a business may locate or expand in the state provide specific and accurate information to businesses that request it.

(g) To seek the assistance and cooperation of industry, labor, the federal government and local government for the purpose of revitalizing business development and job creation in California.

15910. (a) To accomplish the purposes of this chapter, the secretary may request the assistance of all or part of any state programs which have been created to promote the state's economic development, provide assistance to businesses and industry, encourage growth in employment or productivity, assist in the provision of housing, provide transportation services, and construct appropriate transportation facilities and other public improvements.

(b) The secretary may coordinate the activities of the departments or agencies in the executive branch of state government as he or she deems necessary and advisable to accomplish the specific purposes of this chapter. The secretary may not request any state agency to take any action or make any decision relating to a program the agency administers which:

(1) The state agency is not authorized by state or federal law to take or make.

(2) Would require the state agency to act or make a decision in a manner or by a method not authorized by law or prohibited by law.

(3) Is not consistent with the statutory obligations of the state agency.

(c) All departments and agencies in the executive branch of state government shall exercise their powers in a manner consistent with this chapter. They shall cooperate with the secretary as necessary to accomplish the purposes of this chapter.

15911. The secretary may do all of the following:

(a) Act as liaison between the Governor's office, state agencies, and businesses interested in locating in, relocating to, or expanding within, the state.

(b) Coordinate with state agencies and departments in the executive branch for the purposes of resolving issues and policy conflicts among state, local, federal, and private entities.

(c) Hold public hearings and appoint technical committees to assist him or her in carrying out his or her duties and responsibilities.

(d) Obtain from any unit in the executive branch of government such available information as he or she considers necessary to better carry out his or her responsibilities. Upon authorization by the Governor, he or she may direct a state agency to develop any information he or she believes is necessary to carry out his or her responsibilities, if the information is not otherwise available. The directive shall not, however, be deemed to be a proper authorization, if the state agency receiving the directive is not otherwise authorized

by law to collect, develop or disclose the information.

(e) Request the preparation of reports by state agencies on subjects pertaining to business issues and concerns which he or she determines need special study. State agencies requested to prepare these studies shall respond to the secretary's requests within the period of time established by the secretary.

(f) Appear before boards, commissions, departments, or other agencies of local, state, or federal government.

(g) Prepare economic development plans as provided in Section 15912 with persons or corporations who desire to locate or expand their operations in the state. These plans may include, but are not limited to, describing the use of available job training programs, loans, management assistance, educational training, and other resources which may be made available under current state laws and programs.

(h) Negotiate with state agencies the interagency agreements described in the economic development plan prepared pursuant to Section 15912.

(i) Make and execute contracts and all other instruments necessary or convenient for the exercise of his or her powers and functions under this chapter with any governmental agency, private corporation or other entity, or individual, and with any local public entity for the purposes of this chapter.

(j) Accept gifts, grants, or loans of funds or property or financial or other aid from any federal or state agency or private source, and to comply with conditions thereof not contrary to law.

(k) Do any and all things necessary to carry out the purposes and exercise the powers expressly granted by this chapter.

15912. The secretary may work with a person or corporation who wishes to locate, expand, or retain a business or industrial operation in the state to prepare an economic development plan. The economic development plan may contain a description of, but need not be limited to, any or all of the following commitments and understandings:

(a) The scope of the enterprise that the person or corporation with whom the economic development plan has been prepared expects to establish in the state. The description of the scope of the enterprise shall include all of the following:

(1) The type of business or industrial activity the person or corporation will engage in.

(2) The amounts of short- and long-term investment the person or corporation plans to make in the state.

(3) The number of permanent jobs which will be created.

(4) The number of construction jobs which will be created if the person or corporation intends to build a new, or expand an existing, facility.

(5) An estimate of the jobs which indirectly may be created in the state as a result of the purchase of goods, services, supplies, equipment, and raw materials by the person or corporation from

other California businesses.

(b) A comprehensive and specific listing of all the licenses, certificates, registrations, permits, or any other form of authorization that are applicable to the type of business to which the economic development plan applies and that will be required by state agencies, in order for the business to locate and expand its operations within the state.

(c) A schedule that the business desiring to locate, expand, or retain its operations within the state may follow in making applications for required state licenses, certificates, registrations, permits, or other forms of authorization. The schedule may set out the order in which the applications will be made, the dates by which the business will provide the information that public agencies need in order to process the applications, and the dates by which public agencies will act to either approve or disapprove the applications.

The schedule may include accelerated dates for the consideration of applications which reflect the commitment of public agencies to give the applications priority. Notwithstanding Chapter 3 (commencing with Section 15374) of Part 6.7 and Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7, the secretary may, after approval of the public agency involved, commit a public agency to act on an application for a license, certificate, registration, permit, or other form of authorization within time periods shorter than required by Sections 65950 and 65952 or shorter than the minimum time period set out in regulations adopted by a public agency pursuant to Section 15376. It shall not be lawful to, and the secretary may not, include in the schedule an accelerated time period for the consideration of an application if the accelerated time period is inconsistent with, or in conflict with, a time period, or series of time periods set by statute for the consideration of the application, or if the accelerated time period is inconsistent with, or in conflict with, statutes, rules, regulations, or policies, standards, or guidelines which require any of the following:

(1) Other agencies, interested persons, or the public be given adequate notice of the application.

(2) Other agencies be given a role in, or be allowed to participate in, the decision to approve or disapprove the application.

(3) Interested persons or the public be provided the opportunity to challenge, comment on, or otherwise voice their concerns regarding the application.

(d) A listing of interagency agreements that could assist the person or corporation in conducting its operations within the state. The interagency agreements may include, but need not be limited to, agreements to provide or coordinate necessary types of manpower training or other educational services, the provision of assistance or planning for suitable housing for the business' employees, the joint and simultaneous consideration by two or more state agencies of applications for various types of licenses, certificates, registrations, permits, or other forms of authorization

that are required to locate and operate the business, and other services state agencies are authorized by law to provide.

(e) A listing of permits or other forms of authorization that are required by local or regional governments and a specification of the assistance that the secretary or state agencies will provide to aid the business in complying with these requirements.

15913. The economic development plan prepared by the secretary and a person or corporation pursuant to Section 15912 shall not be deemed to be a contract, but shall constitute a good faith pledge on the part of the state to undertake the commitments and understandings included in the plan. The economic development plan shall not be deemed to create any obligation, debt, or liability against the state, the secretary, or any state agency or to create any right, privilege, or special consideration. A failure by the state, the secretary, or a state agency or corporation to comply with, or undertake, any or all of the commitments and understandings in the plan, shall not constitute a basis for the presentation of any claim to the State Board of Control pursuant to Section 905.2, or a cause of action in any administrative or judicial proceeding.

15914. The Governor may assign such other employees in the various offices in the Governor's office, or in civil service exempt positions in the various executive branch departments, to assist the secretary for such periods of time as are necessary to enable the secretary to carry out his or her responsibilities.

15915. The secretary shall submit to the Governor and to the Legislature an annual report not later than December 31. The report shall describe the activities of the secretary during the year and shall report on the numbers of jobs which have been created, and the amount of investment which has occurred in the state as a result of his or her activities. The secretary may, where appropriate, make recommendations for changes in state law which would lead to the creation of useful employment and the expansion of business opportunities.

15916. Nothing in this chapter shall be construed as authorizing the secretary to require any of the following:

(a) Any action by any agency whose primary function is service to the Legislature or to the judicial branch of government, or any agency that is administered by an elective officer. An agency that is administered by an elective officer includes the State Board of Equalization, but not a board or commission on which an elective officer serves in an ex officio capacity.

(b) Any state agency to develop, collect, make public, or otherwise disseminate any information that the agency is prohibited by law from developing, collecting, making public, or otherwise disseminating.

15917. It is the intent of the Legislature that the implementation of this chapter shall not result in any additional cost to state government.

15918. This chapter shall remain in effect only until December

31, 1986, and as of that date is repealed, unless a later enacted statute, which is chaptered before December 31, 1986, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to meet the urgent need for economic and job development efforts in California, it is necessary that this act go into effect immediately.

CHAPTER 1671

An act to amend Sections 4452, 4800, 5122, and 5132 of, to add headings to Chapter 1 (commencing with Section 5100), Article 1 (commencing with Section 5100) and Article 2 (commencing with Section 5104) of Chapter 1, Chapter 2 (commencing with Section 5107), Chapter 4 (commencing with Section 5125), Chapter 5 (commencing with Section 5129), Chapter 6 (commencing with Section 5133), and Chapter 7 (commencing with Section 5138) of, and to add Chapter 3 (commencing with Section 5120.010) to, Title 8 of Part 5 of Division 4 of, to add an article heading immediately preceding Section 5122 of, and to repeal Sections 199, 5116, 5120, 5121, 5123, 5127.5, and 5127.6 of, the Civil Code, and to add Section 706.109 to the Code of Civil Procedure, relating to family law.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 199 of the Civil Code is repealed.

SEC. 2. Section 4452 of the Civil Code is amended to read:

4452. Whenever a determination is made that a marriage is void or voidable and the court finds that either party or both parties believed in good faith that the marriage was valid, the court shall declare the party or parties to have the status of a putative spouse, and, if the division of property is in issue, shall divide, in accordance with Section 4800, that property acquired during the union which would have been community property or quasi-community property if the union had not been void or voidable. The property shall be termed "quasi-marital property". If the court expressly reserves jurisdiction, it may make the property division at a time subsequent to the judgment. The property so divided is liable for debts of the parties to the same extent as if the property had been community property or quasi-community property.

SEC. 3. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or

on oral stipulation of the parties in open court, the court shall, either in its judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties equally. For purposes of making this division, the court shall value the assets and liabilities as near as practicable to the time of trial, except that, upon 30 days' notice by the moving party to the other party, the court for good cause shown may value all or any portion of the assets and liabilities at a date after separation and prior to trial to accomplish an equal division of the community property and the quasi-community property of the parties in an equitable manner.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by the party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars ($5,000) and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper in its judgment decreeing the dissolution of the marriage or in its judgment decreeing the legal separation of the parties.

(4) Educational loans shall be assigned to the spouse receiving the education in the absence of extraordinary circumstances rendering such an assignment unjust.

(5) In assigning the liabilities to the parties, the court shall take into consideration such factors as the earning capacity of, and the exempt character of assets awarded to, the party to whom a liability is assigned so as to protect the rights of the creditors to the extent practical, provided that, after deduction of the liabilities assigned to a party from the assets awarded to the party, the net division of the community and quasi-community property is equal, subject to any limitations provided by statute. Nothing in this subdivision shall be construed to limit the authority of the court to make an equitable assignment of liabilities in a case in which the liabilities exceed the assets of the marriage.

(c) Notwithstanding the provisions of subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has

elapsed since the recovery of the damages or the accrual of the cause of action, and all other facts of the case, determines that the interests of justice require another disposition. In such a case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the court determines to be just, except that at least one-half of the damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property personal injury damages" means all money or other property received or to be received by a person in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for the damages, if the cause of action for the damages arose during the marriage but is not separate property as defined in Section 5126, unless the money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 4. A chapter and article heading are added immediately preceding Section 5100 of the Civil Code, to read:

CHAPTER 1. GENERAL PROVISIONS

Article 1. Relation of Husband and Wife

SEC. 5. An article heading is added immediately preceding Section 5104 of the Civil Code, to read:

Article 2. Property Rights

SEC. 6. A chapter heading is added immediately preceding Section 5107 of the Civil Code, to read:

CHAPTER 2. CHARACTERIZATION OF MARITAL PROPERTY

SEC. 7. Section 5116 of the Civil Code is repealed.

SEC. 8. Section 5120 of the Civil Code is repealed.

SEC. 9. Chapter 3 (commencing with Section 5120.010) is added to Title 8 of Part 5 of Division 4 of the Civil Code, to read:

CHAPTER 3. LIABILITY OF MARITAL PROPERTY

Article 1. Definitions

5120.010. Unless the provision or context otherwise requires, the definitions contained in this article govern the construction of this chapter.

5120.020. "Community property" includes:

(a) Real property situated in another state that would be community property if situated in this state.

(b) Quasi-community property.

5120.030. "Debt" means an obligation incurred by a married person before or during marriage, whether based on contract, tort, or otherwise.

5120.040. A debt is "incurred" at the following time:

(a) In the case of a contract, at the time the contract is made.

(b) In the case of a tort, at the time the tort occurs.

(c) In other cases, at the time the obligation arises.

Article 2. General Rules of Liability

5120.110. (a) Except as otherwise expressly provided by statute, the community property is liable for a debt incurred by either spouse before or during marriage, regardless which spouse has the management and control of the property and regardless whether one or both spouses are parties to the debt or to a judgment for the debt.

(b) The earnings of a married person during marriage are not liable for a debt incurred by the person's spouse before marriage. The earnings remain not liable if they are held uncommingled in a deposit account by or in the name of the married person, to the extent they can be traced in the manner prescribed by statute for tracing funds exempt from enforcement of a money judgment. As used in this subdivision, "deposit account" has the meaning prescribed in Section 9105 of the Commercial Code, and "earnings" means compensation for personal services performed, whether as an employee or otherwise.

5120.120. For the purposes of this chapter, quasi-community property is liable to the same extent, and shall be treated the same in all other respects, as community property.

5120.130. (a) The separate property of a married person is liable for a debt incurred by the person before or during marriage.

(b) Except as otherwise provided by statute:

(1) The separate property of a married person is not liable for a debt incurred by the person's spouse before or during marriage.

(2) The joinder or consent of a married person to an encumbrance of community property to secure payment of a debt incurred by the person's spouse does not subject the person's separate property to liability for the debt unless the person also incurred the debt.

5120.140. (a) Notwithstanding the provisions of Section 5120.130, a married person is personally liable for the following debts incurred by the person's spouse during marriage:

(1) A debt incurred for necessaries of life of the person's spouse while the spouses are living together.

(2) Except as provided in Section 5131, a debt incurred for common necessaries of life of the person's spouse while the spouses are living separately.

(b) The separate property of a married person may be applied to the satisfaction of a debt for which the person is personally liable

pursuant to this section. If separate property is so applied at a time when nonexempt community property or separate property of the person's spouse is available but is not applied to the satisfaction of the debt, the married person is entitled to reimbursement to the extent the property was available.

5120.150. (a) For the purpose of this chapter, a child or spousal support obligation of a married person that does not arise out of the marriage shall be treated as a debt incurred before marriage, regardless whether a court order for support is made or modified before or during marriage and regardless whether any installment payment on the obligation accrues before or during marriage.

(b) Whether the earnings of a married person during marriage are liable for a child support obligation of the person's spouse that does not arise out of the marriage shall not be determined by this chapter but by the law in effect immediately before the operative date of this chapter.

(c) If community property is applied to the satisfaction of a child or spousal support obligation of a married person that does not arise out of the marriage, at a time when nonexempt separate income of the person is available but is not applied to the satisfaction of the obligation, the community is entitled to reimbursement from the person in the amount of the separate income, not exceeding the community property so applied.

(d) Nothing in this section limits the matters a court may take into consideration in determining or modifying the amount of a support order including, but not limited to, the earnings of the spouses of the parties.

5120.160. (a) Notwithstanding any other provision of this article, after division of community and quasi-community property pursuant to Section 4800:

(1) The separate property owned by a married person at the time of the division and the property received by the person in the division is liable for a debt incurred by the person before or during marriage and the person is personally liable for the debt, whether or not the debt was assigned for payment by the person's spouse in the division.

(2) The separate property owned by a married person at the time of the division and the property received by the person in the division is not liable for a debt incurred by the person's spouse before or during marriage, and the person is not personally liable for the debt, unless the debt was assigned for payment by the person in the division of the property. Nothing in this paragraph affects the liability of property for the satisfaction of a lien on the property.

(3) The separate property owned by a married person at the time of the division and the property received by the person in the division is liable for a debt incurred by the person's spouse before or during marriage, and the person is personally liable for the debt, if the debt was assigned for payment by the person in the division of the property. If a money judgment for the debt is entered after the

division, the property is not subject to enforcement of the judgment and the judgment may not be enforced against the married person, unless the person is made a party to the judgment for the purpose of this paragraph.

(b) If property of a married person is applied to the satisfaction of a money judgment pursuant to subdivision (a) for a debt incurred by the person that is assigned for payment by the person's spouse, the person has a right of reimbursement from the person's spouse to the extent of the property applied, with interest at the legal rate, and may recover reasonable attorney's fees incurred in enforcing the right of reimbursement.

Article 3. Reimbursement

5120.210. A right of reimbursement provided by this chapter is subject to the following provisions:

(a) The right arises regardless which spouse applies the property to the satisfaction of the debt, regardless whether the property is applied to the satisfaction of the debt voluntarily or involuntarily, and regardless whether the debt to which the property is applied is satisfied in whole or in part. The right is subject to an express written waiver of the right by the spouse in whose favor the right arises.

(b) The measure of reimbursement is the value of the property or interest in property at the time the right arises.

(c) The right shall be exercised not later than the earlier of the following times:

(1) Within three years after the spouse in whose favor the right arises has actual knowledge of the application of the property to the satisfaction of the debt.

(2) In proceedings for division of community and quasi-community property pursuant to Section 4800 or in proceedings upon the death of a spouse.

Article 4. Transitional Provisions

5120.310. As used in this article, "operative date" means January 1, 1985.

5120.320. Except as otherwise provided by statute, the provisions of this chapter govern the liability of separate and community property and the personal liability of a married person for a debt enforced on or after the operative date of this chapter, regardless whether the debt was incurred before, on, or after the operative date.

5120.330. (a) The provisions of this chapter that govern reimbursement apply to all debts, regardless whether satisfied before, on, or after the operative date of this chapter.

(b) If the time within which a reimbursement right provided by this chapter must be exercised expires before, on, or within one year after the operative date of this chapter pursuant to paragraph (1) of

subdivision (c) of Section 5120.210, the time prescribed in paragraph (1) of subdivision (c) of Section 5120.210 is extended until one year after the operative date.

SEC. 10. Section 5121 of the Civil Code is repealed.

SEC. 10.5. An article heading is added immediately preceding Section 5122 of the Civil Code, to read:

Article 5. Liability for Death or Injury

SEC. 11. Section 5122 of the Civil Code is amended to read:

5122. (a) A married person is not liable for any injury or damage caused by the other spouse except in cases where he or she would be liable therefor if the marriage did not exist.

(b) The liability of a married person for death or injury to person or property shall be satisfied as follows:

(1) If the liability of the married person is based upon an act or omission which occurred while the married person was performing an activity for the benefit of the community, the liability shall first be satisfied from the community property and second from the separate property of the married person.

(2) If the liability of the married person is not based upon an act or omission which occurred while the married person was performing an activity for the benefit of the community, the liability shall first be satisfied from the separate property of the married person and second from the community property.

(c) This section does not apply to the extent the liability is satisfied out of proceeds of insurance for the liability, whether the proceeds are community property or separate property. Notwithstanding Section 5120.210, no right of reimbursement under this section shall be exercised more than seven years after the spouse in whose favor the right arises has actual knowledge of the application of the property to the satisfaction of the debt.

SEC. 12. Section 5123 of the Civil Code is repealed.

SEC. 13. A chapter heading is added immediately preceding Section 5125 of the Civil Code, to read:

CHAPTER 4. MANAGEMENT AND CONTROL OF MARITAL PROPERTY

SEC. 14. Section 5127.5 of the Civil Code is repealed.

SEC. 15. Section 5127.6 of the Civil Code is repealed.

SEC. 16. A chapter heading is added immediately preceding Section 5129 of the Civil Code, to read:

CHAPTER 5. SUPPORT

SEC. 17. Section 5132 of the Civil Code is amended to read:

5132. Subject to Section 5120.140, a married person shall support the person's spouse while they are living together out of the separate

property of the person when there is no community property or quasi-community property. For the purposes of this section, the terms "quasi-community property" and "separate property" have the meanings given those terms by Sections 4803 and 4804.

SEC. 18. A chapter heading is added immediately preceding Section 5133 of the Civil Code, to read:

CHAPTER 6. PREMARITAL AGREEMENTS

SEC. 19. A chapter heading is added immediately preceding Section 5138 of the Civil Code, to read:

CHAPTER 7. MISCELLANEOUS PROVISIONS

SEC. 20. Section 706.109 is added to the Code of Civil Procedure, to read:

706.109. An earnings withholding order may not be issued against the earnings of the spouse of the judgment debtor except by court order upon noticed motion.

SEC. 21. Section 5120.110 is added to the Civil Code, to read:

5120.110. (a) Except as otherwise expressly provided by statute, the community property is liable for a debt incurred by either spouse before or during marriage, regardless which spouse has the management and control of the property and regardless whether one or both spouses are parties to the debt or to a judgment for the debt.

(b) The earnings of a married person during marriage are not liable for a debt incurred by the person's spouse before marriage. After the earnings of the married person are paid, they remain not liable so long as they are held in a deposit account in which the person's spouse has no right of withdrawal and are uncommingled with other community property, except property insignificant in amount. As used in this subdivision, "deposit account" has the meaning prescribed in Section 9105 of the Commercial Code, and "earnings" means compensation for personal services performed, whether as an employee or otherwise.

SEC. 22. Section 5120.150 is added to the Civil Code, to read:

5120.150. (a) For the purpose of this chapter, a child or spousal support obligation of a married person that does not arise out of the marriage shall be treated as a debt incurred before marriage, regardless whether a court order for support is made or modified before or during marriage and regardless whether any installment payment on the obligation accrues before or during marriage.

(b) If community property is applied to the satisfaction of a child or spousal support obligation of a married person that does not arise out of the marriage, at a time when nonexempt separate income of the person is available but is not applied to the satisfaction of the obligation, the community is entitled to reimbursement from the person in the amount of the separate income, not exceeding the

community property so applied.

(c) Nothing in this section limits the matters a court may take into consideration in determining or modifying the amount of a support order, including, but not limited to, the earnings of the spouses of the parties.

SEC. 23. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or on oral stipulation of the parties in open court, the court shall, either in its judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties equally. For purposes of making this division, the court shall value the assets and liabilities as near as practicable to the time of trial, except that, upon 30 days' notice by the moving party to the other party, the court for good cause shown may value all or any portion of the assets and liabilities at a date after separation and prior to trial to accomplish an equal division of the community property and the quasi-community property of the parties in an equitable manner.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by the party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars ($5,000) and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper in its judgment decreeing the dissolution of the marriage or in its judgment decreeing the legal separation of the parties.

(4) In assigning the liabilities to the parties, the court shall take into consideration such factors as the earning capacity of, and the exempt character of assets awarded to, the party to whom a liability is assigned so as to protect the rights of the creditors to the extent practical, provided that, after deduction of the liabilities assigned to a party from the assets awarded to the party, the net division of the community and quasi-community property is equal, subject to any limitations provided by statute. Nothing in this subdivision shall be construed to limit the authority of the court to make an equitable assignment of liabilities in a case in which the liabilities exceed the assets of the marriage.

(c) Notwithstanding subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages or the accrual of the cause of action, and all other facts of the case, determines that the interests of justice require another disposition. In such a case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the court determines to be just, except that at least one-half of the damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property personal injury damages" means all money or other property received or to be received by a person in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for the damages, if the cause of action for the damages arose during the marriage but is not separate property as defined in Section 5126, unless the money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 24. Sections 21 and 22 of this act shall be operative only if Assembly Bill 3472 is enacted and becomes effective on January 1, 1985, and this bill is enacted after Assembly Bill 3472, in which case the Sections 5120.110 and 5120.150 that would be added to the Civil Code by Section 9 of this act shall not become operative.

SEC. 25. Section 23 of this bill incorporates amendments to Section 4800 of the Civil Code proposed by both this bill and Assembly Bill 3000. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 4800 of the Civil Code, and (3) this bill is enacted after Assembly Bill 3000, in which case Section 3 of this bill shall not become operative.

CHAPTER 1672

An act to amend Section 9401 of, to add Section 9409.5 to, and to repeal and add Section 9410 of, the Government Code, relating to legislative committees.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 9401 of the Government Code is amended to read:

9401. A subpoena requiring the attendance of any witness before

the Senate, Assembly, or a committee may be issued by the President of the Senate, Speaker of the Assembly, or the chairman of any committee before whom the attendance of the witness is desired if permission has been secured from the Rules Committee of the respective house.

SEC. 1.5. Section 9409.5 is added to the Government Code, to read:

9409.5. No witness is privileged to refuse to testify to any fact, or to produce any paper, respecting which he or she shall be examined by the Senate, Assembly, or a committee, upon the ground that the testimony to the fact or the production of the paper may tend to disgrace the witness or otherwise render the witness infamous.

SEC. 2. Section 9410 of the Government Code is repealed.

SEC. 3. Section 9410 is added to the Government Code, to read:

9410. (a) Whenever a witness refuses, on the basis of his or her privilege against self-incrimination, to testify or provide other information before the Senate, Assembly, or a committee, and the person presiding over the proceeding communicates to the witness that the witness is required to testify, the witness may not refuse to testify on the basis of his or her privilege against self-incrimination. However, the person cannot be held to answer criminally or be subject criminally to any penalty or forfeiture for any fact or act touching which he or she is required to testify. No statement made or paper produced by the witness is competent evidence in any criminal proceeding against the witness except in a prosecution for perjury or contempt.

(b) A person may be sworn to testify under penalty of perjury without the immunity conferred pursuant to subdivision (a), if all the following conditions are met:

(1) The following statement is read or otherwise communicated to the person:

"Section 9410 of the Government Code provides that a person sworn and examined before the Senate, Assembly, or a legislative committee cannot be held to answer criminally or be subject criminally to any penalty or forfeiture for any fact or act touching which he or she is required to testify, other than for perjury committed in testifying or contempt.

"However, this committee (or house, if applicable) will not require your testimony. The committee (house) does not wish to be placed in a position where it can be claimed that you received immunity from any possible criminal prosecution because of your testimony before the committee (house).

"Because you are not being given immunity from criminal prosecution, you have a constitutional right to refuse to testify before this committee (house). If you desire to waive this right and to testify voluntarily, you will be given that opportunity subject to all the following conditions:

(A) "If you do not wish to answer any question, you will so state.

(B) "In the absence of such a statement, your answer to each

question will be entirely voluntary.

(C) "If you choose to testify, you will be sworn under oath and will be therefore subject to criminal prosecution for perjury committed in testifying.

"If you choose to so testify voluntarily, you are reminded that any self-incriminating statements you make can be used against you in criminal proceedings."

(2) After the statement quoted in paragraph (1) is communicated to the witness, he or she answers the following questions in the affirmative:

"Do you understand these statements regarding your rights before this committee (house)?"

"Do you wish to testify voluntarily under the conditions presented?"

(c) The consent to testify and subsequent testimony pursuant to paragraph (1) of subdivision (b) constitute a knowing waiver of the person's constitutional privilege against self-incrimination.

CHAPTER 1673

An act to amend Section 25192 of, and to add and repeal Article 8.3 (commencing with Section 25197) of Chapter 6.5 of Division 20 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 25192 of the Health and Safety Code is amended to read:

25192. (a) All civil and criminal penalties collected pursuant to this chapter shall be apportioned in the following manner:

(1) Fifty percent shall be deposited in the Hazardous Waste Control Account in the General Fund.

(2) Twenty-five percent shall be paid to the office of the city attorney, district attorney, or Attorney General, whichever office brought the action.

(3) Twenty-five percent shall be paid to the department and used to fund the activity of the local health officers to enforce the provisions of this chapter pursuant to Section 25180.

(b) If a reward is paid to a person pursuant to Section 25191.7, the amount of the reward shall be deducted from the amount of the civil penalty before the amount is apportioned pursuant to subdivision (a).

SEC. 2. Article 8.3 (commencing with Section 25197) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 8.3. Hazardous Waste Enforcement Coordinator and Strike Force

25197. (a) The Legislature hereby finds and declares as follows:

(1) The United States Environmental Protection Agency has estimated that 90 percent of the 9 to 10 million metric tons of hazardous waste produced in California each year is improperly disposed.

(2) Approximately 50 percent of California's drinking water comes from underground water supplies which are highly susceptible to contamination from hazardous waste.

(3) Prosecution for violators of hazardous waste laws requires a specialized team of investigators and attorneys to detect, investigate, and prosecute these violators.

(b) It is, therefore, the intent of the Legislature in enacting this article that the enforcement coordinator provide assistance, when necessary, to local prosecutors lacking the resources to prosecute complex cases involving hazardous waste violators.

25197.1. (a) The Governor shall establish a Hazardous Waste Enforcement Unit within the State Department of Health Services and shall appoint an enforcement coordinator to administer that unit and carry out the duties specified in subdivision (b).

(b) The enforcement coordinator shall do all of the following:

(1) Provide assistance and coordination to city attorneys and district attorneys in the prosecution of persons violating this chapter and any other law or regulation relating to hazardous waste.

(2) Provide training and assistance to city attorneys and county district attorneys in the enforcement of this chapter.

(3) Make recommendations of persons to be awarded payment pursuant to Section 25191.7.

(4) Make annual recommendations to the Governor and the Legislature of statutory changes to increase the capability of city attorneys and district attorneys to prosecute violations of this chapter.

(c) Nothing in this article limits the authority of a city attorney, district attorney, or the Attorney General to investigate or prosecute violations of hazardous waste laws or regulations.

(d) Nothing in this article limits the authority of the department or any agency specified in subdivision (a) of Section 25197.2 to request that a civil or criminal action be brought by a city attorney, district attorney, or the Attorney General under any other law or regulation.

25197.2. (a) The department shall establish a statewide Hazardous Waste Strike Force which shall consist of a representative from each of the following agencies:

(1) The Department of Transportation.

(2) The Department of Industrial Relations.

(3) The Department of Food and Agriculture.

(4) The State Water Resources Control Board.

(5) The State Air Resources Board.
(6) The Department of the California Highway Patrol.
(7) The State Fire Marshal.
(8) The California Waste Management Board.
(9) The Department of Fish and Game.
(10) The Department of Forestry.
(11) The Office of Emergency Services.

(b) The director, or the director's designee, shall direct and coordinate the activities of the Hazardous Waste Strike Force.

(c) The Hazardous Waste Strike Force shall do all of the following:

(1) Establish a standardized program between the agencies represented on the Hazardous Waste Strike Force for the purposes of uniformly enforcing state hazardous waste statutes and regulations and reporting violators of these statutes and regulations.

(2) Develop a program to coordinate and publicize the statewide 24-hour phone numbers which are available to the public for reporting information concerning violations of this chapter and any other hazardous waste statutes and regulations.

25197.3. (a) This article shall be funded from the department's existing resources.

(b) This article shall remain in effect only until January 1, 1988, and on that date is repealed unless a later enacted statute which is enacted before January 1, 1988, deletes or extends that date.

CHAPTER 1674

An act relating to fiscal affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that counties are utilizing general purpose revenue in greater proportions in order to meet the matching requirements of federal- and state-mandated programs. These requirements ignore the impact of high unemployment and other extenuating factors which cause the growth in the county matching funds requirement to far exceed its growth, if any, in general purpose revenues. Counties have been forced to use discretionary funds to meet the matching requirements and, therefore, have had to make undesirable spending reductions in essential services like law enforcement, fire protection, streets and roads maintenance programs, and personnel costs not related to the mandated programs.

Further, it is the intent of the Legislature that the one-time appropriation contained in Section 2 of this act recognizes and is

consistent with the fiscal and programmatic relationships and responsibilities between the state and counties as they involve funding and program delivery of partnership programs.

SEC. 2. The sum of four million five hundred seventy-nine thousand and thirty-one dollars ($4,579,031) is hereby appropriated from the General Fund to the Controller to be distributed on or before November 1, 1984, in accordance with the following schedule:

Schedule:

(a) County of Butte	325,365
(b) County of Calaveras	24,561
(c) County of Del Norte	98,841
(d) County of Fresno	1,000,000
(e) County of Glenn	19,075
(f) County of Imperial	41,644
(g) County of Kings	47,297
(h) County of Lake	59,591
(i) County of Merced	538,166
(j) County of San Benito	14,993
(k) County of San Joaquin	1,000,000
(*l*) County of Shasta	75,256
(m) County of Siskiyou	185,229
(n) County of Stanislaus	340,703
(o) County of Sutter	9,649
(p) County of Tehama	67,918
(q) County of Trinity	45,157
(r) County of Tulare	549,396
(s) County of Tuolumne	73,757
(t) County of Yuba	62,433

SEC. 3. The counties shall utilize the funds appropriated in the schedule contained in Section 2 of this act in order to meet expenditures set forth in their 1984–85 final budgets.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

County general purpose revenues are being spent in greater proportions to meet the matching requirements of federal- and state-mandated programs. These requirements ignore the impact of high unemployment and other extenuating factors which cause the growth in the county matching funds requirement to far exceed its growth in general purpose revenues. Counties have been forced to use discretionary funds to meet the matching requirements and, therefore, have had to make undesirable spending reductions in essential services like law enforcement, fire protection, streets and roads maintenance programs, and personnel costs not related to the mandated programs. In order to alleviate these problems at the earliest possible time, it is necessary that this act

take effect immediately.

CHAPTER 1675

An act to amend Sections 60602 and 60603 of, and to amend and repeal Section 60608 of, the Education Code, relating to schools.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 60602 of the Education Code is amended to read:

60602. As used in this chapter:

(a) "Achievement test" means any standardized test which measures or attempts to measure the level of performance which a pupil has attained in one or more courses of study. It shall include (1) tests in basic skills courses administered annually and (2) tests in content courses administered from time to time as designated by the State Board of Education.

(b) "Physical fitness test" means any test which addresses body structure and composition, and cardiovascular, musculoskeletal, and neuromuscular functions.

(c) "Testing program" means the systematic achievement testing of all pupils in grades 3, 6, 8, 10, and 12, and the health-related physical fitness testing of all pupils in any three grades designated by the State Board of Education, required by this chapter in all schools within each school district by means of tests designated by the State Board of Education.

(d) "Basic skills courses" means those subjects which involve, among other skills, memorization and mastery of specific functions, including, but not limited to, reading, spelling, basic mathematics, and effectiveness of written expression.

(e) "Content courses" means those subjects which require the integration of factual matter, logical analysis, the solution by the student of posed problems, and the communication of ideas, including, but not limited to, literature, history, advanced mathematics, and science.

SEC. 2. Section 60603 of the Education Code is amended to read:

60603. The State Board of Education shall:

(a) Require a testing program in all school districts.

(b) Require the State Department of Education to submit and recommend achievement tests to the State Board of Education for approval and adoption. The adopted tests shall be printed or purchased and distributed to the various school districts in the state by the State Department of Education.

(c) The State Board of Education shall develop a testing method

that will obtain an accurate estimate of statewide performance, school district performance, and school performance of pupils in grades 3, 6, 8, 10, and 12, in basic skills courses and content courses.

Under such a testing method, the State Department of Education shall annually require that each district administer a statewide test to all pupils in grades 3, 6, 8, 10, and 12. The department shall determine whether pupils in a given school shall be administered the entire test or whether the pupils shall be administered a portion of the test which will be representative of all the test objectives, goals, or categories of items on the entire test.

(d) Adopt regulations for the conduct and administration of the testing program.

The State Board of Education shall award contracts to develop achievement testing instruments to be used for the purposes of this section in reading, mathematics, and language according to competitive bidding procedures.

SEC. 3. Section 60608 of the Education Code is amended to read:

60608. Commencing with the 1986–87 school year, during either the month of March, April, or May, the governing board of each school district maintaining any grade designated by the State Board of Education pursuant to subdivision (c) of Section 60602 shall administer to each pupil in those grades a health-related physical fitness test designated by the Superintendent of Public Instruction. Each physically handicapped pupil and each pupil who is physically unable to take all of the physical fitness test shall be given as much of the test as his or her condition will permit.

Each school district shall submit to its governing board and the State Department of Education the results of its health-related physical fitness testing by July 15 of each year. The department shall compile the results of the annual testing and submit a report by September 15 of each year to the appropriate policy committee of each house of the Legislature for purposes of comparing the performance of California pupils to national norms.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date. If that date is not deleted or extended, then, on or after January 1, 1991, pursuant to Section 9611 of the Government Code, Section 60608 of the Education Code, as added by Section 2 of Chapter 1010 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1676

An act to amend Sections 5701, 5710, 5711, 5712, 5713, 5714, 5715, 5716, 5717, 5719, 5720, 5721, 5722, 5724, 5761, 5763, and 5764 of, to add Sections 5715.1, 5715.2, 5717.1, 5717.2, 5717.3, 5717.4, 5762.1, and 5762.2 to, to add Article 3 (commencing with Section 5730), Article 5 (commencing with Section 5780), Article 6 (commencing with Section 5785), and Article 7 (commencing with Section 5790) to Chapter 3.7 of Division 3 of, to repeal Section 5723 of, to repeal Article 2.5 (commencing with Section 5730), Article 3 (commencing with Section 5750), and Article 4.5 (commencing with Section 5780) of Chapter 3.7 of Division 3 of, to repeal and add Sections 5718 and 5762 of, and to repeal and add Article 4 (commencing with Section 5770) of Chapter 3.7 of Division 3 of, the Business and Professions Code, relating to auctioneers, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 5701 of the Business and Professions Code is amended to read:

5701. As used in this chapter:

(a) "Advertisement" means any of the following:

(1) Any written or printed communication for the purpose of soliciting, describing, or offering to practice auctioneering or auction company services, including any brochure, pamphlet, newspaper, periodical, or publication.

(2) A telephone or other directory listing caused or permitted by a licensee to be published that indicates the licensee's offer to practice auctioneering or auction company services.

(3) A radio, television, or similar airwave transmission that solicits or offers the practice of auctioneering or auction company services.

(b) "Auction" means a sale transaction conducted by means of oral or written exchanges between an auctioneer and the members of his or her audience, which exchanges consist of a series of invitations for offers for the purchase of goods made by the auctioneer and offers to purchase made by members of the audience and culminate in the acceptance by the auctioneer of the highest or most favorable offer made by a member of the participating audience.

(c) "Auction company" means any person who arranges, manages, sponsors, advertises, accounts for the proceeds of, or carries out auction sales at locations, including, but not limited to, any fixed location, including an auction barn, gallery, place of business, sale barn, sale yard, sale pavilion, and the contiguous surroundings of each.

(d) "Auctioneer" means any individual who is engaged in, or who

by advertising or otherwise holds himself or herself out as being available to engage in, the calling for, the recognition of, and the acceptance of, offers for the purchase of goods at an auction.

(e) "Board" means the Board of Governors of the California Auctioneer Commission.

(f) "Commission" means the California Auctioneer Commission.

(g) "Employee" means an individual who works for an employer, is listed on the employer's payroll records, and is under the employer's control.

(h) "Employer" means a person who employs an individual for wages or salary, lists the individual on the person's payroll records, and withholds legally required deductions and contributions.

(i) "Executive officer" means the Executive Officer of the California Auctioneer Commission.

(j) "Goods" means any goods, wares, chattels, merchandise, or other personal property, including domestic animals and farm products.

(k) "Licensee" means any person licensed under this chapter as an auctioneer or auction company.

(*l*) "Person" means an individual, corporation, partnership, trust, including a business trust, firm, association, organization, or any other form of business enterprise.

(m) "Pocket card" means a certified copy of an auctioneer's license, issued by the commission, which shall include a photograph of the auctioneer, and which is the property of the commission.

SEC. 2. Section 5710 of the Business and Professions Code is amended to read:

5710. There is hereby created a public corporation to be known as the California Auctioneer Commission, hereinafter called "the commission."

SEC. 3. Section 5711 of the Business and Professions Code is amended to read:

5711. All persons licensed pursuant to this chapter shall be members of the commission.

SEC. 4. Section 5712 of the Business and Professions Code is amended to read:

5712. The commission has perpetual succession and a seal. It may sue and be sued. It may own property, make contracts, and do all other lawful acts necessary or expedient for the administration of its affairs.

The commission may accept gifts, bequests, and other charitable donations.

SEC. 5. Section 5713 of the Business and Professions Code is amended to read:

5713. The headquarters office of the commission shall be in the City of Sacramento, California. Branch offices may be established in other locations in California as deemed necessary by the board.

SEC. 6. Section 5714 of the Business and Professions Code is amended to read:

5714. (a) The powers conferred on the commission shall be exercised by its board of governors, hereinafter called "the board," and the board is charged with their administration.

(b) The board shall govern, control, and administer the affairs of the commission, and shall exercise all rights and powers vested in it by this chapter.

(c) The commission is invested with all duties, powers, purposes, responsibilities, and jurisdiction regarding auctions and auctioneering in California. No other agency, or political subdivision of the state, shall impose on a licensee or seller at auction any registration or license requirement or any license or employment fee or charge on account of auction activities. No provision of this subdivision or chapter prohibits any city or county, or city and county, from imposing a business license fee on a licensed auctioneer or auction company whose permanent place of business, as filed with the commission, is located in that city or county, or city and county.

SEC. 7. Section 5715 of the Business and Professions Code is amended to read:

5715. (a) The business of the commission shall be administered by the board, which shall consist of seven members. Each member of the board shall be a citizen of the United States. Except for the first members appointed to the board, three members of the board shall be licensed under this chapter and four members shall be public members.

The members of the first board appointed shall consist of three members representing the auctioneering industry and four members representing the public at large.

(b) The Governor shall appoint the first members of the board within 60 days from the effective date of this chapter and the board shall hold its first meeting within 30 days after all the initial members are appointed.

(c) Each member, except the public members, shall have at least five years of experience in auctioneering and shall be of recognized standing in his or her practice of the auctioneering business. Each member of the board shall be at least 21 years of age and shall have been a resident of this state for at least five years immediately preceding his or her appointment.

(d) The first board shall consist of seven members appointed by the Governor. Two of the industry members and two of the public members shall be appointed for a term of two years and one of the industry members and two of the public members shall be appointed for a term of four years. Thereafter, members shall be appointed for a term of four years. Before selecting the industry members of the board, the Governor shall consult with, and consider qualified candidates nominated by, individuals within, or organizations representing, the auctioneering business. Any vacancies shall be filled by appointment by the Governor for the unexpired term. Each member appointed to fill a new term or vacancy shall be a licensed auctioneer as was his or her predecessor, or a public member as was

his or her predecessor.

(e) Each member of the board shall hold office until the appointment and qualification of his or her successor or until six months have elapsed since the expiration of the term for which he or she was appointed, whichever first occurs. Whenever the Governor has failed to appoint and qualify a member six months after the expiration of a term, or a vacancy created by other cause, the Speaker of the Assembly and President pro Tempore of the Senate, jointly, shall appoint a successor to fill the unexpired term. No individual shall serve as a member of the board for more than two consecutive terms.

(f) The Governor may remove any member of the board for misconduct, incompetency, or neglect of duty.

SEC. 8. Section 5715.1 is added to the Business and Professions Code, to read:

5715.1. There shall be a council of advisers to the board. The board shall, by rule and appointment as deemed necessary to comprehensively address matters of concern to the board, establish the number and qualifications of advisers. An adviser shall be appointed by the board, and his or her term of office shall be one year. No individual shall serve as a member of the council of advisers for more than two full consecutive terms. In any event, the board shall provide for the appointment of three members of the council of advisers representing consumer interest organizations in this state. Vacancies in the council of advisers shall be filled by the board by appointment for the unexpired term.

SEC. 9. Section 5715.2 is added to the Business and Professions Code, to read:

5715.2. The board shall hold not less than four regular meetings each fiscal year for the purpose of transacting such business as may properly come before it. Once each year, the board shall elect officers.

SEC. 10. Section 5716 of the Business and Professions Code is amended to read:

5716. The members of the board shall elect from the board membership a president, vice president, and secretary. Officers shall serve for one year or until their successors are chosen and qualify. The president shall preside at all meetings of the commission and of the board, and in the event of his or her absence or inability to act, the vice president shall preside.

SEC. 11. Section 5717 of the Business and Professions Code is amended to read:

5717. Subject to the laws of this state, the board may formulate and declare rules and regulations necessary or expedient for the carrying out of this chapter. Such rules and regulations shall be adopted in accordance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 12. Section 5717.1 is added to the Business and Professions

Code, to read:

5717.1. Upon enactment of this article, there is hereby created a special fund in the State Treasury, known as the Auctioneer Commission Fund. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated for the purposes of this chapter. Any amounts remaining in the Auctioneer Commission Fund created by Chapter 1499 of the Statutes of 1982 shall be deposited into the fund created by this section. The board may make appropriations and disbursements from the Auctioneer Commission Fund to pay all necessary expenses associated with the effective performance of the duties and powers of the board. Each member of the board shall receive one hundred dollars ($100) per day and his or her necessary expenses connected with the performance of his or her duties on the board.

SEC. 13. Section 5717.2 is added to the Business and Professions Code, to read:

5717.2. The board shall appoint an executive officer for the commission. No member of the commission is eligible to serve as the executive officer.

SEC. 14. Section 5717.3 is added to the Business and Professions Code, to read:

5717.3. The board may appoint such committees, representatives, delegates, examiners, firms, and employees as it deems necessary or proper. The board may by rule provide for the assignment of duties to the executive officer, the council of advisers, committees of the council, or any other person. Committees of the council may be assigned responsibility for accepting or denying applications, preparing and grading examinations, receiving or designating complaints involving professional competence or standards of conduct and assisting the executive officer to investigate those complaints, and performing such other duties as the board may, by rule, delegate to them. Except as otherwise provided in this section, the board may fix and pay salaries, fees, and necessary expenses.

SEC. 15. Section 5717.4 is added to the Business and Professions Code, to read:

5717.4. The board shall formulate rules of professional conduct which shall be binding upon members when ratified by majority vote of the members of the commission who vote at a regular or special meeting at which all members have an opportunity to vote in person or by mail ballot.

SEC. 16. Section 5718 of the Business and Professions Code is repealed.

SEC. 17. Section 5718 is added to the Business and Professions Code, to read:

5718. The board shall appoint two Disciplinary Review Committees, hereinafter referred to as "DRCs." The DRCs shall each consist of two members who have been actively engaged in the business of auctioneering for at least three years, and one public

member. None of the members shall be members of the board. The DRCs shall meet every 60 days, or more or less frequently as may be required. Each member shall be paid fifty dollars ($50) per day and shall be reimbursed for travel expenses pursuant to Section 19820 of the Government Code. The members shall each be appointed for a term of two years, and no member may serve more than two consecutive terms. The board may remove any member of a DRC for misconduct, incompetence, or neglect of duty.

The DRCs shall perform all of the following functions:

(a) Affirm, rescind, or modify all appeals concerning administrative fines assessed by the executive officer.

(b) Affirm, rescind, or modify all appeals concerning denial of licenses issued by the executive officer, excluding any denial ordered by the board in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Upon request of the executive officer, affirm, rescind, or modify any decision by the executive officer to initiate disciplinary action against a licensee.

SEC. 18. Section 5719 of the Business and Professions Code is amended to read:

5719. Notice of all meetings of the board shall be governed by rule of the board. A majority of the board constitutes a quorum.

All meetings shall be open and public, except that the board may hold closed sessions to do any of the following:

(a) Deliberate on the decision to be reached upon evidence in a disciplinary proceeding conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) Prepare, approve, grade, or administer examinations.

(c) Consider the appointment, employment, or dismissal of an employee or hear complaints or charges against the employee.

(d) Discuss matters that would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting.

(e) Consider any gifts, donations, or bequests that the donor or proposed donor has requested in writing be kept confidential.

(f) Confer with legal counsel regarding pending litigation when discussion in open session concerning those matters would adversely affect or be detrimental to the public interest. Litigation shall be considered pending when a complaint, claim, or petition for writ of mandate has been filed, or the threat of litigation is imminent in the opinion of the board.

SEC. 19. Section 5720 of the Business and Professions Code is amended to read:

5720. The board may, by regulation, define the scope of each branch of auctioneering for which licensure is provided under this chapter, and establish standards for the board's approval of schools of auctioneering.

SEC. 20. Section 5721 of the Business and Professions Code is amended to read:

5721. Any member of the board and the executive officer may each administer oaths and take testimony and evidence concerning all matters within the board's jurisdiction.

SEC. 21. Section 5722 of the Business and Professions Code is amended to read:

5722. The executive officer shall keep a complete record of all applications for licensure and the action of the board thereon and, between July 1 and December 1 of each year, shall prepare a roster showing the names, addresses, and telephone numbers of all licensees. The telephone number may be omitted from the directory upon request of the licensee.

A copy of the roster shall be filed with the Secretary of State and with the clerk of each county in the state, and a copy of the roster shall be furnished to each licensee. Copies of the roster shall be available on application to the executive officer, at a price per copy that reimburses the commission for the cost of publication.

All records of the commission shall be public records except confidential letters of reference, examination material, and investigation files.

SEC. 22. Section 5723 of the Business and Professions Code is repealed.

SEC. 23. Section 5724 of the Business and Professions Code is amended to read:

5724. Within 30 days prior to the meeting of the general session of the Legislature, the board shall submit to the Governor, the Speaker of the Assembly, and the President pro Tempore of the Senate a full and true report of their transactions during the preceding biennium, including a complete statement of the receipts and expenditures of the commission during the period. A copy of the report shall be filed with the Secretary of State.

SEC. 24. Article 2.5 (commencing with Section 5730) of Chapter 3.7 of Division 3 of the Business and Professions Code is repealed.

SEC. 25. Article 3 (commencing with Section 5750) of Chapter 3.7 of Division 3 of the Business and Professions Code is repealed.

SEC. 26. Article 3 (commencing with Section 5730) is added to Chapter 3.7 of Division 3 of the Business and Professions Code, to read:

Article 3. Licensing

5730. No individual may act as an auctioneer and no person may operate an auction company unless that individual or person holds an unexpired and otherwise valid license issued pursuant to this chapter. However, the requirements of this chapter do not apply to any of the following:

(a) An auction of goods conducted by an individual who personally owns those goods and who did not acquire the goods for

resale.

(b) An auction conducted by, on behalf of, or under the direction of, any public authority, political candidate or party, church, or charitable organization. However, if the individual conducting the sale receives compensation or, by advertising or otherwise, holds himself or herself out as being available to engage in the sale of goods at auction for compensation, that individual shall be required to hold a license pursuant to this chapter.

(c) A sale of real estate.

(d) An automobile auction regulated by the Department of Motor Vehicles. However, an individual acting as an auctioneer at any such auto auction shall hold a license as required by this chapter, unless the auctioneer is licensed as a salesman by the Department of Motor Vehicles and is employed by the auto auction.

(e) An auction of livestock in any place designated by the Secretary of the United States Department of Agriculture as a stockyard pursuant to Section 202 of Chapter 9 of Title 7 of the United States Code. The exemption provided by this subdivision shall extend to individuals acting as auctioneers at any such livestock auction only if the sale is conducted under the jurisdiction of the United States Department of Agriculture.

5731. Every individual, before acting as an auctioneer, shall obtain an auctioneer license. An individual seeking an initial license as an auctioneer shall meet all of the following requirements:

(a) Be at least 18 years of age.

(b) File with the commission a completed application on a form prescribed by the board.

(c) Pay the nonrefundable examination fee and the nonrefundable application fee specified in Section 5791.

(d) Provide proof that the applicant, or his or her employer, holds a valid seller's permit issued by the State Board of Equalization, if applicable.

(e) Provide one set of fingerprints on a form approved by the Department of Justice and pay the fee specified in Section 5791 for fingerprint processing.

(f) Provide two color photographs of passport quality of the size prescribed by the board.

(g) Pass an examination prepared by the board.

(h) File a surety bond in the amount and form prescribed in Article 3.5 (commencing with Section 5760).

(i) Pay the license fee and pocket card fee specified in Section 5791.

5732. The executive officer shall hold examinations as the board may prescribe. The examination for an auctioneer's license shall include questions on the applicant's ability to read and write, his or her ability to call bids, his or her knowledge of sale preparation, proper sale advertising and sale summary, his or her knowledge of mathematics and accounting principles, and his or her knowledge of the provisions of this chapter, the commission's regulations, and

other laws relating to auctioneering and auction company services, including, but not limited to, the Commercial Code, the Penal Code, the Vehicle Code, and other applicable state laws.

5733. An applicant who fails to pass the initial examination may, upon payment of the reexamination fee specified in Section 5791, apply for reexamination on a form prescribed by the board.

5733.5. If an applicant fails to complete his or her application within one year after it has been filed, or fails to take the examination within a one-year period after becoming eligible therefor, the application shall be considered to be abandoned. An application submitted after the abandonment of a former application shall be treated as a new application and shall be required to meet all of the requirements for an initial license.

5734. The board may waive the requirement that a nonresident applicant pass an examination if the nonresident applicant complies with all of the following:

(a) Is licensed or registered to act as an auctioneer by the state of his or her domicile.

(b) That state's requirements for licensing or registration are at least as stringent, in the opinion of the board, as those in effect in California, and the applicant meets all the other requirements set forth in Section 5731.

(c) Submits with his or her application a duly certified letter of certification issued by the licensing board of his or her domiciliary state.

(d) Includes with his or her application an irrevocable consent that actions may be commenced against him or her. The consent shall stipulate that service of process or pleadings on the board shall be taken and held in all courts as valid and binding as if service of process had been made upon the applicant personally within this state. If any process or pleading mentioned in this subdivision is served upon the board, it shall be by duplicate copies. One of the duplicate copies shall be filed in the Sacramento office of the commission and one shall be immediately forwarded by the executive officer by registered or certified mail to the applicant against whom the process or pleadings are directed.

5735. (a) Upon compliance by the applicant with the requirements of Section 5731 except subdivision (g), the board may issue a temporary permit authorizing the applicant to practice auctioneering, pending the results of the first licensing examination administered after the date of application.

(b) If the applicant passes the examination, the temporary permit shall remain in effect if the applicant pays the pocket card fee and license fee specified in Section 5791 within 30 days' notice of passage. If the applicant fails the examination or fails to pay the pocket card fee and license fee specified in Section 5791 within 30 days of notice of passage, the temporary permit shall terminate upon notice thereof to the applicant by certified mail, return receipt requested, or, if the applicant fails to receive the notice, upon the date specified in the

temporary permit.

5735.5. Upon written application, the board may reissue a temporary permit to any individual who, in the judgment of the board, has been excusably delayed in completing his or her application. The board may not reissue a temporary permit more than twice to any one individual within a five-year period.

5736. A temporary permit has the same effect as a license and subjects the permittee to the same obligations as if he or she had obtained a license under this chapter. However, a temporary permitholder shall not be a member of the commission, nor shall he or she be listed in the roster.

5737. Upon the request of an applicant, an examination may be scheduled on a date other than the date of a regularly scheduled examination, provided that the applicant pays the fee for a special examination specified in Section 5791 in addition to the cost of all facilities and services necessary for the administration of the examination.

5738. Every person, before operating an auction company, shall obtain an auction company license. This provision does not apply to an individual who is a licensed auctioneer and operates an auction company as a sole proprietorship. A person seeking an initial license as an auction company shall meet all of the following requirements:

(a) File with the commission a completed application on a form prescribed by the board.

(b) Pay a nonrefundable application fee in the amount specified in Section 5791.

(c) File a surety bond in the amount and form prescribed in Article 3.5 (commencing with Section 5760).

(d) Provide proof that the applicant holds a valid seller's permit issued by the State Board of Equalization.

(e) Provide one set of fingerprints for each owner, partner, or officer, as applicable, on a form approved by the Department of Justice, and pay the fee specified in Section 5791 for the processing of each set of fingerprints except for any such owner, officer, or partner who is a licensed auctioneer.

5738.5. Each owner, partner, or officer of an auction company may apply for a pocket card by providing two color photographs of passport quality of the size prescribed by the board and paying the pocket card fee specified in Section 5791.

5739. The board shall issue an auction company license to each nonresident applicant who complies with the requirements of Section 5738 and includes with his or her application an irrevocable consent that actions may be commenced against him, her, or them. The consent shall stipulate that service of process or pleadings on the board shall be taken and held in all courts as valid and binding as if service of process had been made upon the applicant personally within this state. If any process or pleading mentioned in this subdivision is served upon the board, it shall be by duplicate copies. One of the duplicate copies shall be filed in the Sacramento office of

the commission and one shall be immediately forwarded by the executive officer by registered or certified mail to the person against whom the process or pleadings are directed.

5740. The Department of Justice shall notify the board of all misdemeanor and felony convictions of each applicant.

5741. Upon the receipt of a completed application, the executive officer shall verify the truthfulness of the information contained in the application. The board shall issue a license, in such form as it may prescribe, to each person who meets all of the requirements for licensing and pays the appropriate fees, unless cause exists under Section 5777 to deny the license.

5742. Auctioneer and auction company licenses shall expire at 12 midnight on June 30 of every even-numbered year, unless renewed before that date. Neither license nor renewal fees shall be prorated for those licenses issued at any time prior to the renewal date.

5743. An applicant for renewal of an auctioneer or auction company license shall meet all of the following requirements:

(a) File with the commission a completed application on a form prescribed by the board.

(b) Pay the license renewal fee specified in Section 5791.

(c) Satisfy the executive officer that a surety bond in the amount and form prescribed in Article 3.5 (commencing with Section 5760) is in full force and effect.

(d) Provide two color photographs of passport quality of the size prescribed by the board and pay the pocket card fee specified in Section 5791. Auction company owners, partners, and officers may, but are not required to, comply with the requirements of this subdivision.

5744. Once a license has expired, it may be reinstated not more than one year after the date of expiration upon payment of the renewal fee plus the sum of fifty dollars ($50). If the license has been expired for a period of more than one year, the applicant must file for and meet all of the requirements for an initial license, including passage of the examination, if applicable.

5745. Upon the receipt of notification from the executive officer of the expiration of any license under this chapter, the holder of the license shall cease to display the certificate of license and to wear the pocket card, and shall immediately return the certificate and pocket card to the executive officer.

5746. Each person holding a valid auctioneer, auction house, or auction company license on December 31, 1984, is exempt from the requirements for an initial license set forth in Section 5731. Each such auction house license shall be equivalent, as of January 1, 1985, to an auction company license.

5747. Any licensee who wishes to conduct an auction company under a name other than, or in addition to, that on record with the commission shall, within 30 days of the change or addition, pay the fee specified in Section 5791.

SEC. 27. Section 5761 of the Business and Professions Code is

amended to read:

5761. Every person who applies for an auction company license shall, as a condition to the granting and the retention thereof, file or have on file with the executive officer a bond in the amount of ten thousand dollars ($10,000) that meets the requirements contained in Section 5763.

SEC. 28. Section 5762 of the Business and Professions Code is repealed.

SEC. 29. Section 5762 is added to the Business and Professions Code, to read:

5762. (a) In lieu of the bond required by this article, there may be deposited with the commission any of the following:

(1) Lawful money of the United States. The money shall be maintained by the executive officer in an interest-bearing trust account.

(2) Certificates of deposit payable to the executive officer, not exceeding the federally insured amount, issued by banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation or by savings and loan associations authorized to do business in this state and insured by the Federal Savings and Loan Insurance Corporation.

(3) Savings accounts assigned to the executive officer, not exceeding the federally insured amount, together with evidence of the deposit of the savings accounts with banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation.

(4) Investment certificates or share accounts assigned to the executive officer, not exceeding the federally insured amount, issued by savings and loan associations authorized to do business in this state and insured by the Federal Savings and Loan Insurance Corporation.

(5) Certificates for funds or share accounts assigned to the executive officer, not exceeding the guaranteed amount, issued by a credit union, as defined in Section 14002 of the Financial Code, whose share deposits are guaranteed by the National Credit Union Administration or guaranteed by any other agency approved by the Department of Corporations.

(b) The deposit shall be in an amount or have a face value equal to or in excess of ten thousand dollars ($10,000).

(c) The deposit shall be accompanied by an agreement executed by the depositor authorizing the executive officer to collect, sell, or otherwise apply the deposit to enforce the liability of the depositor on the deposit. The agreement shall include the address at which the depositor may be served with notices, papers, and other documents under this chapter.

(d) The board may prescribe terms and conditions to implement this section.

SEC. 30. Section 5762.1 is added to the Business and Professions Code, to read:

5762.1. All instruments and certificates representing any deposit

made under Section 5762 shall be filed by the depositor with the executive officer.

SEC. 31. Section 5762.2 is added to the Business and Professions Code, to read:

5762.2. All obligations and remedies specified in this article relating to bonds apply to all deposits made pursuant to Section 5762.

SEC. 32. Section 5763 of the Business and Professions Code is amended to read:

5763. (a) The State of California shall be the obligee under the bond.

(b) The bond shall comply with all of the following:

(1) Be executed by the person seeking the license as principal and by a corporate surety, licensed to do business in this state, as surety.

(2) Be in such form and contain such terms and conditions as the board prescribes.

(3) Be conditioned upon the faithful performance of all obligations of a licensee under this chapter and the regulations, including the obligation to account for and pay over moneys and proceeds to persons who are entitled to them.

(4) Be effective from the date of filing with the executive officer, shall not be affected by the expiration of the license, and shall continue in full force and effect until canceled, provided that the total and aggregate liability of the surety on a bond shall be limited to the amount specified in the bond and the continuous nature of the bond shall in no event be construed as allowing the liability of the surety under a bond to accumulate for each successive license period during which the bond is in force.

(c) (1) A licensee may not cancel a bond without the prior written approval of the board and its approval of a substitute bond so as to provide continuous bonding of the licensee's activities.

(2) The surety on a bond may cancel a bond filed under this chapter only after the expiration of 30 days from the date the surety mails a notice of intent to cancel, by registered or certified mail, return receipt requested, to the commission and to the principal on the bond.

(3) Not later than the date upon which a bond cancellation becomes effective, the licensee shall give written notice to the commission that a new bond has been obtained, and shall file the new bond with the executive officer, in order to provide continuous bond coverage of the licensee's activities. Failure to provide this notice and to file a new bond shall result in the automatic revocation of the license. A license revoked pursuant to this subdivision may be reinstated only by filing a bond as provided in this article and paying a reinstatement fee in the amount of one hundred dollars ($100).

(d) The bond shall at all times reflect the name of the licensee as shown in the records of the commission. Failure to provide a new or amended bond within 30 days following a change in the name of the licensee shall result in the automatic revocation of the license. A license revoked pursuant to this subdivision may only be reinstated

by filing a new or amended bond as provided in this article and paying a reinstatement fee in the amount of one hundred dollars ($100).

(e) No action shall be brought upon any bond after the expiration of three years from the accrual of the cause of action. The executive officer shall keep each bond on file for a period of three years following termination of the bond.

SEC. 33. Section 5764 of the Business and Professions Code is amended to read:

5764. (a) If any licensee fails, or is alleged to have failed, to comply with subdivision (m), (o), (p), or (q) of Section 5775, or subdivision (*l*) of Section 5777, the board may hold a hearing and determine whether there has been such a failure, determine those persons who are proved claimants under the bond, and, if appropriate, distribute the bond proceeds to the proven claimants.

(b) Actions upon the bond and the right to payment under the bond shall extend solely to the board; however, if the board has not initiated action under the bond by scheduling and holding a hearing, by litigation or otherwise, within 60 days of a written request to do so, any claimant may initiate an action in a superior court in this state to require the board to take action.

(c) If, upon a hearing, the board determines that proved claims exceed the amount of the bond proceeds, the proceeds shall be prorated among proved claimants in the ratio that the amount of each proved claim bears to the total amount of all proved claims.

(d) The determination of the board as to the fact and the amount of liability under the bond and the amount distributed to the claimants under the bond shall be binding upon the principal and surety of the bond.

(e) All hearings held under this section shall be held in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) The existence of the bond and the bond recovery procedure shall in no way affect or alter any other right or remedy that any person or the board may have under applicable law.

(g) Upon a hearing held under this article wherein the total of all claims is less than the total of the sum of the bond, the board may order that the remainder of the bond proceeds, or any portion thereof, be paid to the commission as reimbursement for administrative and investigative expenses incurred by the commission, including amounts charged to the commission by the Department of Justice and the Office of Administrative Hearings, in bringing the action upon the bond.

SEC. 34. Article 4 (commencing with Section 5770) of Chapter 3.7 of Division 3 of the Business and Professions Code is repealed.

SEC. 35. Article 4 (commencing with Section 5770) is added to Chapter 3.7 of Division 3 of the Business and Professions Code, to read:

Article 4. Conduct of Business and Prohibited Acts

5770. The board and the executive officer shall have the power, duty, and authority to investigate all violations of this chapter and of the regulations of the board. It is the duty of the executive officer, under the direction of the board, to seek compliance of all persons with the provisions of this chapter.

5771. A violation of this chapter may result in the assessment of an administrative fine, a claim upon the surety bond or deposit of cash or other funds, the initiation of disciplinary action, as specified in Article 3.5 (commencing with Section 5760), Article 5 (commencing with Section 5780), and Article 6 (commencing with Section 5785), or any other remedy provided by law.

5772. (a) The superior court for the county in which any person has engaged or is about to engage in any act that constitutes a violation of this chapter may, upon a petition filed by the board or any other person, issue an injunction or other appropriate order restraining the violative conduct. Proceedings under this subdivision shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that no undertaking shall be required.

(b) The superior court for the county in which any person has engaged in any act that constitutes a violation of this chapter may, upon a petition filed by the board or any other person, order the person who committed the violation to make restitution to any person injured as a result of the violation.

(c) The court may order any person against whom an injunction or restraining order pursuant to subdivision (a), or an order requiring restitution pursuant to subdivision (b), is directed, to reimburse the petitioning board for expenses incurred by the board in its investigation related to its petition.

(d) The remedies set forth in this section are in addition to, and not a limitation on, the authority provided for in any other section of this code.

5772.5. Any person who violates any provision of this chapter, who conspires with another to violate any provision of this chapter, or who knowingly engages an unlicensed person or organization to perform any act or service for which a license is required by this chapter, is guilty of a misdemeanor, which offense is punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

5772.6. No person may bring or maintain any action in any court of this state for the collection of compensation for the performance of any act or service requiring a license under this chapter without alleging and proving that he or she was duly licensed at all times during the performance of the act or service.

5772.7. Any person who performs any act or service requiring a license under this chapter, but does not at the time of performance

hold a valid license, shall not receive or be entitled to receive any moneys or consideration in payment for the act or service.

5773. Upon finding a violation of any subdivision of Section 5776 by an applicant for licensure, the board may issue the license upon the condition that the applicant first pay the fine specified for a violation of that subdivision, to a maximum of one thousand dollars ($1,000).

5774. In conducting the business of auctioneering, each auctioneer and auction company, and the company's owners, partners, officers, agents, and employees, shall do all of the following:

(a) Follow all lawful requests of the owner or consignor of the goods being sold at auction with regard to the sale of those goods.

(b) Perform his or her duties so that the highest or most favorable offer made by a member of his or her audience is accepted, except to the extent that any item or sale is offered with reserve or subject to confirmation.

(c) Truthfully represent the goods to be auctioned.

(d) Otherwise perform his or her duties in accordance with the Commercial Code, the Penal Code, this chapter, the regulations of the board, and the rules of professional conduct established by the commission.

5774.1. Each auctioneer who operates his or her own auction company as a sole proprietor, and each auction company, together with its owners, partners, and officers, that employs an auctioneer, shall be responsible for all violations committed by the auctioneer or by any company employee in the conduct of auction business. An auctioneer who is employed by an auctioneer or auction company shall be responsible for all violations committed by him or her in the conduct of auction business.

5774.2. Each auctioneer and auction company, together with the company's owners, partners, and officers, that contracts with an auctioneer to perform specified auction duties shall be exempt from responsibility under this chapter for any violations of this chapter arising from the auctioneer's performance of those duties.

5774.3. An auctioneer who contracts with an auctioneer or auction company to perform specified auction duties shall be responsible for only those violations of this chapter arising from the performance of those duties.

5774.4. It is a violation of this chapter for any auctioneer or auction company, or the company's owners, partners, and officers, to direct or knowingly permit any violation of this chapter by any auctioneer employed by or under contract with that auctioneer or auction company, or by any owner, partner, officer, agent, or employee of the auction company.

5775. Every person licensed under this chapter shall do all of the following:

(a) Display his or her license, or a certified copy of the license issued by the board, in full and unobstructed view of the public at his or her principal place of business. A first violation of this

subdivision is subject to a fine of fifty dollars ($50); a second violation is subject to a fine of seventy-five dollars ($75); and a third or subsequent violation is subject to a fine of one hundred dollars ($100).

(b) Disclose his or her name, trade or business name, telephone number, and state license number, and the name and state license number of the auctioneer to be conducting the auction, if other than the licensee, in all advertising of auctions. The state license number or numbers in all such advertisements shall be preceded by the designation "State Lic. No." A first violation of this subdivision is subject to a fine of fifty dollars ($50); a second violation is subject to a fine of seventy-five dollars ($75); and a third or subsequent violation is subject to a fine of one hundred dollars ($100).

(c) Post a sign, the dimensions of which shall be at least 18 inches by 24 inches, at the main entrance to each auction, stating all of the following:

(1) That the auction is being conducted pursuant to Section 2328 of the Commercial Code, Section 535 of the Penal Code, and the provisions of the California Auctioneer and Auction Licensing Act.

(2) That all items are sold with reserve unless otherwise stated.

(3) The name and address of the California Auctioneer Commission as designated by the commission.

A first violation of this subdivision is subject to a fine of fifty dollars ($50); a second violation is subject to a fine of seventy-five dollars ($75); and a third or subsequent violation is subject to a fine of one hundred dollars ($100).

(d) Post or distribute to the audience, the terms, conditions, restrictions, and procedures whereby goods will be sold at the auction, and announce any changes to those terms, conditions, restrictions, and procedures prior to the beginning of the auction sale. A first violation of this subdivision is subject to a fine of fifty dollars ($50); a second violation is subject to a fine of one hundred dollars ($100); and a third or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(e) Have in his or her possession at the time of any auction sale a pocket card, which shall be presented upon demand to any police officer, sheriff, state official, or citizen. This requirement applies only to licensed auctioneers. A first violation of this subdivision is subject to a fine of fifty dollars ($50); a second violation is subject to a fine of seventy-five dollars ($75); and a third or subsequent violation is subject to a fine of one hundred dollars ($100).

(f) Notify the executive officer of any acquisition of an auction company, specifying the address and the trade or business name of the auction company, within 30 days of acquisition. This requirement applies only to an acquisition by a licensed auctioneer who is not required to obtain an auction company license for the auction company. A violation of this subdivision is subject to a fine of one hundred dollars ($100).

(g) Notify the executive officer of the sale, transfer, closure, or

change of address or trade or business name of any auction company for which that person holds the license, within 30 days of the sale, transfer, closure, or change. This subdivision applies only to a licensed auctioneer who is not required to obtain an auction company license for the auction company. A violation of this subdivision is subject to a fine of one hundred dollars ($100).

(h) Notify the executive officer of any change in address of record within 30 days of the change. A violation of this subdivision is subject to a fine of fifty dollars ($50).

(i) Notify the executive officer of any change in the officers of a corporate licensee within 30 days of the change. A violation of this subdivision is subject to a fine of fifty dollars ($50).

(j) Notify the executive officer of any change in the business or trade name of the licensee within 30 days of the change. A violation of this subdivision is subject to a fine of fifty dollars ($50).

(k) Keep and maintain, at the licensee's address of record, complete and correct records and accounts pertaining to the licensee's licensed activity for a period of not less than two years. The records shall include the name and address of the owner or consignor and of any buyer of goods at any auction sale engaged in or conducted by the licensee, a description of the goods, the terms and conditions of the acceptance and sale of the goods, all written contracts with owners and consignors, and accounts of all moneys received and paid out, whether on the licensee's own behalf or as agent, as a result of those activities. A first violation of this subdivision is subject to a fine of five hundred dollars ($500); and a second or subsequent violation is subject to a fine of one thousand dollars ($1,000).

(*l*) Within 30 working days after the sale transaction, provide, or cause to be provided, an account to the owner or consignor of all goods that are the subject of an auction engaged in or conducted by the licensee. A first violation of this subdivision is subject to a fine of five hundred dollars ($500); and a second or subsequent violation is subject to a fine of one thousand dollars ($1,000).

(m) Within 30 working days after a sale transaction of goods, pay or cause to be paid, all moneys and proceeds due to the owner or the consignor of all goods that were the subject of an auction engaged in or conducted by the licensee, unless delay is compelled by legal proceedings or the inability of the licensee, through no fault of his or her own, to transfer title to the goods or to comply with any provision of this chapter, the Commercial Code, the Code of Civil Procedure, or any other applicable provision of law. A first violation of this subdivision is subject to a fine of one thousand dollars ($1,000); a second violation is subject to a fine of one thousand five hundred dollars ($1,500); and a third or subsequent violation is subject to a fine of two thousand dollars ($2,000).

(n) Maintain the funds of all owners, consignors, buyers, and other clients and customers, separate from his or her personal funds and accounts. A violation of this subdivision is subject to a fine of two

hundred fifty dollars ($250).

(o) Immediately prior to offering any item for sale, disclose to the audience the existence and amount of any liens or other encumbrances on the item, unless the item is sold as free and clear. For the purposes of this subdivision, an item is "free and clear" if all liens and encumbrances on the item are to be paid prior to the transfer of title. A violation of this subdivision is subject to a fine of two hundred fifty dollars ($250), in addition to the requirement that the buyer be refunded, upon demand, the amount paid for any item that is the subject of the violation.

(p) Within two working days after an auction sale, return the blank check or deposit of each buyer who purchased no goods at the sale. A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(q) Within 30 working days of any auction sale, refund that portion of the deposit of each buyer that exceeds the cost of the goods purchased, unless delay is compelled by legal proceedings, by the inability of the licensee, through no fault of his or her own, to transfer title to the goods or to comply with any provision of this chapter, the Commercial Code, the Code of Civil Procedure, or other applicable provision of law, or unless the buyer violated the terms of a written agreement that he or she take possession of purchased goods within a specified period of time. A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

5776. In addition to other requirements and prohibitions of this chapter, it is a violation of this chapter for any person to do any of the following:

(a) Fail to comply with any provision of this code, any regulation of the board, or with any provision of the Vehicle Code, the Commercial Code (including, but not limited to, Sections 2328 and 2401), the Code of Civil Procedure, the Penal Code, or any law administered by the State Board of Equalization, relating to the auctioneering business, including, but not limited to, sales and the transfer of title of goods.

(b) Give false evidence of any kind to the board, any member thereof, or the executive officer, in obtaining or renewing a license. A violation of this subdivision is subject to a fine of two hundred fifty dollars ($250).

(c) Engage in or offer to engage in any activity for which a license is required by this chapter without holding such a license. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(d) Represent himself or herself as, or use the title of, auctioneer or auction company, or any other title whereby the person could be reasonably understood to be practicing or offering to practice as an auctioneer or auction company, unless he or she has obtained the license or licenses required by this chapter for the activity or

activities. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(e) Aid or abet the activity of any other person that violates any provision of this chapter. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(f) Impersonate any licensee, or present or attempt to present as his or her own the license of another. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(g) Use or present, as if it were valid, an expired, suspended, or revoked license. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(h) Conduct any auction business for which a license is required as an individual, partnership, or corporation unless the person holds a valid license issued to that same individual, partnership, or corporation. A violation of this subdivision is subject to a fine of one thousand dollars ($1,000).

(i) Subvert or attempt to subvert any licensing examination or the administration of a licensing examination, including, but not limited to, any of the following:

(1) Conduct that violates the security of the examination materials: removing from the examination room any examination materials; the unauthorized photographic or other mechanical reproduction of any portion of the actual licensing examination; aiding by any means the unauthorized photographic or other mechanical reproduction of any portion of the actual licensing examination; paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination; obtaining examination questions or other examination material, except by specific authorization, either before, during, or after an examination or using or purporting to use any examination questions or materials that were improperly removed or taken from any examination for the purpose of instructing or preparing applicants for examinations; or selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.

(2) Conduct that violates the standard of examination administration: communicating with any other examinee during the administration of a licensing examination; copying answers from another examinee or permitting one's answers to be copied by another examinee; having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed or otherwise authorized to be in one's possession during the examination; or impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

A violation of this subdivision is subject to a fine of five hundred dollars ($500).

(j) Place or use any misleading or untruthful advertising or

statements or make any substantial misrepresentation in conducting auctioneering business. A first violation of this subdivision is subject to a fine of five hundred dollars ($500); and a second or subsequent violation is subject to a fine of one thousand dollars ($1,000).

(k) Sell goods at auction before the auctioneer or auction company involved has first entered into a written contract with the owner or consignor of the goods, which contract sets forth the terms and conditions upon which the licensee accepts the goods for sale. The written contract shall include all of the following:

(1) The licensee's name, trade or business name, state license number, business address, and business telephone number.

(2) An inventory of the item or items to be sold at auction.

(3) A description of the services to be provided and the agreed consideration for the services, which description shall explicitly state which party shall be responsible for advertising and other expenses.

(4) The approximate date or dates when the item or items will be sold at auction.

(5) A statement as to which party shall be responsible for insuring the item or items against loss by theft, fire, or other means.

(6) A disclosure that the licensee is bonded to, and licensed and regulated by, the California Auctioneer Commission, and a disclosure of the commission's current address.

A first violation of this subdivision is subject to a fine of two hundred fifty dollars ($250); a second violation is subject to a fine of five hundred dollars ($500); and a third or subsequent violation is subject to a fine of one thousand dollars ($1,000).

(*l*) Sell goods at auction before the auctioneer or auction company involved has first entered into a written contract with the auctioneer who is to conduct the auction, if other than the licensee, which specifies the duties to be performed by each party. A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(m) Fail to reduce to writing all amendments or addenda to any written contract with an owner or consignor or an auctioneer. A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(n) Fail to abide by the terms of any written contract required by this section. A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(o) Allow the owner, consignor, or agent thereof, of any item or items to bid on the item or items, unless the licensee has authorized the owner, consignor, or agent thereof, in writing, to bid on his or her own merchandise and the owner, consignor, or agent thereof, has indicated to the licensee, in writing, the reserve or minimum price for the item or items.

(1) The owner, consignor, or agent thereof, may bid on his or her

own merchandise provided that his or her bid does not exceed the reserve or minimum price established in writing for the item or items. If the owner, consignor, or agent thereof, bids over the reserve or minimum price established in writing for an item or items, and such a bid is challenged by the person who submitted the previous bid, the item or items shall be sold to the person who challenged the bid at the price of that person's previous bid upon his or her demand.

(2) The owner, consignor, or agent thereof, may orally or otherwise indicate to a licensee during the auction sale that an item or items may be sold for less than the reserve or minimum price previously established in writing.

A first violation of this subdivision is subject to a fine of one hundred dollars ($100); and a second or subsequent violation is subject to a fine of two hundred fifty dollars ($250).

(p) Cause or allow any person to bid at a sale for the sole purpose of increasing the bid on any item or items being sold by the auctioneer, except as authorized by Section 2328 of the Commercial Code or any provision of this chapter. A violation includes, but is not limited to, any of the following:

(1) Stating any increased bid greater than that offered by the last highest bidder when, in fact, no person has made such a bid.

(2) The sale or offering for sale of any item or items to any owner, partner, officer, or employee of the licensee without disclosing the fact that the person is an owner, partner, officer, or employee of the licensee at each time that person first makes a bid on an item or items.

(3) Any violation of Section 535 of the Penal Code.

(q) Sell or offer to sell any item or items that were sold by the same licensee within the previous two months without disclosing the reason why the licensee again has possession of the item or items. A violation of this subdivision is subject to a fine of one hundred dollars ($100).

(r) Knowingly misrepresent the nature of any item or items to be sold at auction, including, but not limited to, age, authenticity, value, condition, or origin. A violation of this subdivision is subject to a fine of two hundred fifty dollars ($250); in addition, it shall be required that the buyer of the misrepresented item be refunded the purchase price of the item or items within 24 hours of return to the licensee of the item by the buyer, provided that the item is returned within five days after the date of the auction sale.

(s) Misrepresent the terms, conditions, restrictions, or procedures under which goods will be sold at auction. A violation of this subdivision is subject to a fine of seventy-five dollars ($75).

(t) Sell any item subject to sales tax without possessing a valid and unrevoked seller's permit from the State Board of Equalization. A violation of this subdivision is subject to a fine of five hundred dollars ($500).

5777. In addition to other requirements and prohibitions of this chapter, it is grounds for denial, suspension, or revocation of an

auctioneer or auction company license for the applicant or licensee, or any of its owners, partners, or officers, to have done any of the following:

(a) Violate any provision of Section 5776, which violation is also subject to a fine as specified in the applicable subdivisions of Section 5776.

(b) Be convicted of forgery, embezzlement, obtaining money under false pretenses, extortion, conspiracy to defraud, receiving stolen property, or any similar offense substantially related to the auctioneering profession.

(c) Be adjudicated a bankrupt or make an assignment for the benefit of creditors while a licensee or within two years immediately preceding the filing of an application for a license.

SEC. 37. Article 4.5 (commencing with Section 5780) of Chapter 3.7 of Division 3 of the Business and Professions Code is repealed.

SEC. 38. Article 5 (commencing with Section 5780) is added to Chapter 3.7 of Division 3 of the Business and Professions Code, to read:

Article 5. Citations and Administrative Fines

5780. Upon finding that a violation of any provision of this chapter has occurred, the executive officer, or his or her designee, may issue citations and assess administrative fines in the amounts specified in Article 4 (commencing with Section 5770) of this chapter. The assessment of a fine shall not preclude the initiation of any disciplinary, civil, or criminal action against an applicant or licensee for the same or similar violations.

5781. Each citation and fine assessment shall be in writing and shall describe with particularity the basis for the citation. No citation or fine assessment shall be issued more than six months after discovery by the executive officer or the commission that a violation occurred.

5781.5. Each citation and fine assessment shall be served in person, or by certified mail at the last address of record of the person cited.

5781.6. Each citation and fine assessment shall inform the licensee that if he or she desires a review by a disciplinary review committee, hereinafter referred to as a "DRC," the review shall be initiated by filing a written request with the executive officer within 30 days of the issuance of the citation and fine assessment. Payment of an administrative fine does not constitute an admission of the violation charged.

5782. If a licensee fails to either request a review or to pay the assessed fine within 30 days of the issuance of the citation and fine assessment, his or her license shall be automatically suspended. A license suspended under this section may be reinstated only by payment, within one year of the issuance of the citation and fine assessment, of the assessed fine and a fee of one hundred dollars

($100).

5783. Upon review of a citation and fine assessment, a DRC may modify, rescind, or uphold the citation and fine assessment. The decision of the DRC shall be served by regular mail at the last address of record of the person cited.

5783.5. If the licensee disagrees with the decision of the DRC, he or she may request an administrative hearing within 30 days of issuance of the decision, to be held in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. If the licensee fails to either request such a hearing or to pay the assessed fine as specified by the DRC within 30 days of the date of the DRC's decision, the license of the licensee shall be automatically revoked.

5784. All administrative fines collected pursuant to this article shall be deposited in the Auctioneer Commission Fund and are continuously appropriated for the purposes of enforcement, consumer and licensee education, and administration.

SEC. 39. Article 6 (commencing with Section 5785) is added to Chapter 3.7 of Division 3 of the Business and Professions Code, to read:

Article 6. Denial, Suspension, and Revocation of Licenses

5785. The board may deny, suspend, or revoke a license of any person for the violation of this chapter or any regulation of the board.

5786. Upon notice of the denial of an application, the applicant may appeal the decision to a disciplinary review committee, hereinafter referred to as a "DRC," by filing a written request for review within 30 days of the date of the notice of denial.

(a) If the applicant fails to request a review within the 30 days, the applicant may not further appeal the decision and may reapply after one year from the date of the denial.

(b) If, upon review, the DRC rescinds the denial of the application, the license shall be issued within 10 days of the decision, or within 10 days of completion of the application, whichever is later.

(c) If, upon review, the DRC upholds the denial of the application, the applicant has all of the rights and remedies prescribed in Division 1.5 (commencing with Section 475) of this code.

(d) A DRC may not review any decision ordered by the board in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

5786.4. An application may be denied without a hearing if, within one year prior to the filing of the application, the board denied an application from the same applicant upon the same ground in accordance with Section 5786.

5786.5. Notwithstanding any other provision of law, and as prescribed by regulations of the board, any person whose application is subject to denial under this chapter may be issued a license

conditioned upon those terms, conditions, and restrictions deemed necessary to protect the public, in addition to the requirements of this chapter applicable to licensees generally, for a period not to exceed two years following the issuance of the restricted license. Terms and conditions may include, but are not limited to, the prohibition of certain acts, the requirement of certain disclosures, the requirement of certain accountings or reportings to the board or others, the restriction of the scope of practice, and any other terms, conditions, or restrictions deemed necessary to protect the public, including the payment of any fine that was or could have been assessed against the applicant for a violation of any provision of this chapter.

5787. In any proceeding conducted by the board concerning the denial of an application for a license, the suspension or revocation of a license, or other disciplinary action against a person who holds a license, upon the ground that the applicant or licensee has been convicted of a crime substantially related to the qualifications, functions, and duties of an auctioneer or auction company, the record of conviction of the crime shall be conclusive evidence of the fact that the conviction occurred, but only of that fact, and the board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, and duties of the licensee in question.

5788. After a hearing held in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, resulting in the finding of a violation by the licensee of this chapter or any regulation of the board, the board may do one or more of the following:

(a) Suspend the license of the licensee for a period not to exceed two years, and, at its discretion, allow continued activity of the licensee under specified restrictions and conditions.

(b) Revoke the license of the licensee.

(c) Order that restitution be made by the licensee to any person monetarily harmed as a result of any violation by such licensee.

(d) Assess an administration fine against the licensee in accordance with the amounts specified in this chapter, not to exceed an aggregate amount of three thousand dollars ($3,000).

(e) Order that the licensee pay all costs incurred by the commission in the course of the disciplinary action against the licensee, including the investigation.

(f) Order that a public reproval of the licensee's unlawful activities be issued in a manner specified by the board.

(g) Prohibit any individual licensee, or any owner, partner, or officer of a licensee, from engaging in any or all activities related to the auctioneering business, for a period not to exceed three years.

(h) Impose, in addition to the requirements of this chapter, any other terms, conditions, or restrictions upon a licensee as deemed necessary to protect the public, for a period not to exceed three

years.

5789. A person whose license has been revoked or who has been prohibited from engaging in any or all activities related to the auctioneering business may, not earlier than one year after the effective date of such order, apply to the board for reconsideration. The board may thereupon issue a new license for good cause or may issue a restricted license as provided in Section 5786.5.

SEC. 40. Article 7 (commencing with Section 5790) is added to Chapter 3.7 of Division 3 of the Business and Professions Code, to read:

Article 7. Revenue

5790. All fees and administrative fines received under the provisions of this chapter shall be deposited in the Auctioneer Commission Fund.

5791. Fees are fixed as follows:

(a) The nonrefundable application fee for an initial auctioneer or auction company license is thirty-five dollars ($35).

(b) The license fee for an auctioneer or auction company shall not exceed six hundred dollars ($600).

(c) The nonrefundable examination fee for an auctioneer license is fifty dollars ($50).

(d) The nonrefundable reexamination fee is thirty-five dollars ($35).

(e) The fee for the administration of an examination other than those that are regularly scheduled shall be two hundred dollars ($200), and the applicant may be required additionally to pay the cost of facilities or services necessary for the administration of such examination.

(f) The license renewal fee for an auctioneer or auction company shall not exceed six hundred dollars ($600).

(g) The fingerprint processing fee is that amount charged to the commission by the Department of Justice.

(h) The charge for a duplicate license, to replace a lost or destroyed license, is ten dollars ($10).

(i) The charge for the cost of a certified copy of any license, including any pocket card, or for the certification of any license, is ten dollars ($10).

(j) The fee for a change in the name of a licensee or for an additional name is twenty dollars ($20).

(k) The fee for processing a dishonored check is twenty dollars ($20).

5791.5. The commission may sell any publication, material, sign, or any item deemed appropriate by the board at a price that reimburses the commission for the preparation and distribution of the publication, material, sign, or item.

SEC. 41. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the

California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1677

An act to add and repeal Chapter 4.6 (commencing with Section 56460) of Part 30 of the Education Code, making an appropriation therefor, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.6 (commencing with Section 56460) is added to Part 30 of the Education Code, to read:

CHAPTER 4.6. AWARENESS PROGRAM

56460. The Superintendent of Public Instruction shall establish an Awareness Program to help make nonhandicapped pupils aware of the special problems encountered by individuals with exceptional needs, and how those individuals overcome their problems. The program shall be conducted as a pilot project established in up to six elementary school districts selected pursuant to Section 56461. The purposes of the Awareness Program shall be to do all of the following:

(a) To impart knowledge about individuals with exceptional needs.

(b) To minimize the isolation of individuals with exceptional needs by breaking down barriers created by lack of understanding, fear, and curiosity.

(c) To increase the awareness of nonhandicapped pupils and teachers regarding physical barriers faced by individuals with exceptional needs, including, but not limited to, architectural barriers and transportation difficulties.

(d) To demonstrate ways to increase the peer status and self-esteem of the disabled student.

56461. The superintendent shall solicit requests from elementary school districts to participate in the Awareness Program. The superintendent shall select up to six elementary school districts located in the northern, central, and southern parts of the state to participate in the Awareness Program, based upon all of the following criteria:

(a) The content and activities of the district's awareness program are designed to promote positive attitudes towards individuals with exceptional needs among other pupils by increasing their knowledge of, and experience with, individuals with exceptional needs.

(b) The program training staff includes individuals with disabilities who are experienced in providing awareness programs to nonhandicapped pupils.

(c) The district has adopted a plan to disseminate the results of the pilot program to the other elementary and secondary schools located in the district.

(d) The district's budget for the development and implementation of the awareness program shall not exceed thirty-five thousand dollars ($35,000).

56462. The Awareness Program curriculum shall include, but not be limited to, all of the following:

(a) Materials and activities to help nonhandicapped pupils become aware of their prejudices toward individuals with disabilities and to provide direct contact with disabled persons.

(b) Small group sessions with structured experiences presented by disabled persons regarding their disabilities.

(c) Multimedia presentations depicting disabled persons participating in all phases of our society.

56463. The superintendent shall develop a process for the evaluation and monitoring of the Awareness Program established in the selected districts.

56464. This chapter shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. (a) Of the amount appropriated pursuant to Item 6100-161-001 of the Budget Act of 1984, an amount not to exceed two hundred thousand dollars ($200,000) shall be available for the purposes of the Awareness Program in the 1984–85 fiscal year.

(b) It is the intent of the Legislature that funding for the Awareness Program for the 1985–86 and 1986–87 fiscal years be provided through the Budget Act for each of those fiscal years, respectively.

SEC. 3. From the unexpended balance of the funds appropriated pursuant to Item 6100-161-001 of the Budget Act of 1982, the sum of eight hundred thousand dollars ($800,000) is hereby reappropriated and transferred to, for the augmentation of, Item 6100-006-001 of the Budget Act of 1984, for allocation by the Department of Finance for the purpose of conducting seismological tests at the state special school for the blind located in Fremont.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to insure that this act becomes operative as early as possible in the 1984–85 school year, and to begin eliminating the

social and psychological barriers that tend to separate nonhandicapped pupils from their peers who are individuals with exceptional needs, it is necessary that this act take effect immediately.

CHAPTER 1678

An act to amend Section 50740 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am reducing the appropriation contained in Section 3 of Senate Bill No. 2126 by reducing the appropriation contained in subparagraph (1) from $5 million to $2 million, and by deleting the appropriations contained in subparagraphs (2), (3), (4), (5), and (6).

The Rental Housing Construction Program has loaned over $9.6 million for the rehabilitation of nearly 2,000 units. Under the terms of the program's five year loans, repayments will soon begin to flow back to the state. This money can be used to fund the additional projects envisioned by this bill.

I have vetoed SB 2312 which provided the authority for an appropriation to the California Housing Partnership Corporation.

I have also vetoed SB 2313 providing the state with authority to establish a program of Technical Assistance for the purchase and rehabilitation of low income rental housing.

Finally, I vetoed SB 2138 which required the Department of Housing and Community Development to conduct a study to determine the effectiveness of various laws enacted to promote housing and construction and affordable housing. A similar study is being administratively conducted at my direction.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that:

(a) Over 385,000 severely dilapidated housing units, which constitute 4 percent of existing housing units, need to be replaced and approximately 875,000 housing units need to be rehabilitated.

(b) The number of rental units constructed in this state fell from 90,000 units during 1977 to 26,000 units during 1982.

(c) Approximately 1.6 million lower income renters, which constitute 18 percent of all households, pay more than 25 percent of their incomes for housing and nearly 1.1 million pay more than 35 percent of their incomes for housing.

(d) Over 650,000 persons, which is more than 7 percent of all households, live in overcrowded conditions which are threatening to their health and safety.

(e) New state moneys should be appropriated to fund existing housing programs which work successfully and to leverage

substantial sums of other public and private housing resources.

(f) New programs should be initiated to meet specific housing needs.

SEC. 2. Section 50740 of Health and Safety Code is amended to read:

50740. (a) The Rental Housing Construction Incentive Fund established in the State Treasury is hereby renamed the Rental Housing Construction Fund. Notwithstanding Section 13340 of the Government Code, all money in the fund is hereby continuously appropriated to the Department of Housing and Community Development, and, except as provided in subdivisions (b) and (c), shall be utilized for purposes of this chapter and for the purposes of Section 50775.5. All interest or other increment resulting from investment or deposit of moneys in the fund shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the fund shall not be subject to transfer to any other fund pursuant to Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund.

(b) Money from the fund utilized by the agency for development costs which was repaid to the agency or disencumbered between June 30, 1982, and June 30, 1983, and any additional funds or interest which is available for encumbrance on June 30, 1983, shall be deposited in a separate account in the fund and utilized as follows:

(1) Eight million one hundred thousand dollars ($8,100,000) shall be utilized by the agency for activities authorized by Article 4.5 (commencing with Section 51180) of Chapter 5 of Part 3.

(2) Five hundred thousand dollars ($500,000) shall be transferred by the agency to the department for deposit in the Rural Community Facility Grant Fund, established pursuant to Section 6125, and utilized to carry out the program established by Chapter 11 (commencing with Section 6120) of Part 3 of Division 5.

(3) Three million dollars ($3,000,000) shall be transferred by the agency to the department and deposited in the Housing Rehabilitation Loan Fund, established pursuant to Section 50661, and utilized for making deferred payment loans for residential hotels as authorized by subdivision (b) of Section 50661 and for purposes of subdivision (c) of Section 50661.

(4) One million seven hundred thousand dollars ($1,700,000) shall be transferred by the agency to the department for deposit in the Emergency Housing and Assistance Fund, established pursuant to Section 50800.

(5) Two million five hundred thousand dollars ($2,500,000) shall be transferred by the agency to the Trustees of the California State University for deposit in the Affordable Student Housing Revolving Fund, established pursuant to Section 90087 of the Education Code, and utilized to carry out the program established by Article 3 (commencing with Section 90085) of Chapter 8 of Part 55 of the Education Code.

(6) Three hundred thousand dollars ($300,000) shall be transferred by the agency to the department and utilized to carry out the program established by Chapter 3.6 (commencing with Section 50533).

(7) Four million two hundred thousand dollars ($4,200,000) shall be transferred by the agency to the department for deposit in the annuity fund, established pursuant to Section 50738.5, and utilized for the purposes authorized by that section.

(c) An amount not to exceed four million dollars ($4,000,000) of the moneys from the fund utilized by the agency for development costs which is repaid to the agency or disencumbered on or after July 1, 1983, shall be deposited in the separate account established pursuant to subdivision (b) and utilized and apportioned in accordance with the following percentages as it becomes available:

(1) Fifty percent of the moneys shall be transferred by the agency to the department and deposited in the Housing Rehabilitation Loan Fund, established pursuant to Section 50661, and utilized for the purposes specified in paragraph (3) of subdivision (b).

(2) Twenty-five percent of the moneys shall be transferred by the agency to the department for deposit in the Emergency Housing and Assistance Fund, established pursuant to Section 50800, and utilized for the purposes specified in paragraph (4) of subdivision (b).

(3) Twenty-five percent of the moneys shall be transferred by the agency to the department for deposit in the annuity fund, established pursuant to Section 50738.5, and utilized for the purposes specified in paragraph (7) of subdivision (b).

SEC. 3. The sum of sixteen million five hundred thousand dollars ($16,500,000) is hereby appropriated from the General Fund, without regard to fiscal years, for the following purposes in accordance with the following schedule:

(1) For transfer to the Annuity Fund established pursuant to Section 50738.5 of the Health and Safety Code	$5,000,000
(2) For transfer to the Housing Rehabilitation Loan Fund established pursuant to Section 50661 of the Health and Safety Code	$8,000,000
(3) For support of the California Housing Partnership program established by Senate Bill No. 2312 of the 1983–84 Regular Session of the Legislature. This sum shall constitute, and shall be accounted for, as a loan to the corporation formed pursuant to Section 52550 of the Health and Safety Code, if that corporation is formed. The corpo-	

ration shall repay this sum to the General Fund, without interest, on or before January 1, 1990	$1,000,000
(4) For technical assistance to nonprofit housing corporations and local governments as authorized by Senate Bill No. 2313 of the 1983–84 Regular Session of the Legislature	$2,050,000
(5) For a demonstration program to develop a system for alerting appropriate officials when an owner of low-income housing decides to convert the housing to market rate rentals, as authorized by Senate Bill No. 2313 of the 1983–84 Regular Session of the Legislature	$250,000
(6) To conduct a study to determine the effectiveness of, and the degree of compliance with, specified housing laws, as authorized by Senate Bill No. 2138 of the 1983–84 Regular Session of the Legislature	$200,000

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is a shortage of affordable housing for low and moderate income families in California. In order to provide funds for various housing programs designed to help alleviate that shortage as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1679

An act to amend Sections 4600, 4600.5, and 4608 of the Civil Code, relating to custody.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 4600 of the Civil Code is amended to read:

4600. (a) The Legislature finds and declares that it is the public policy of this state to assure minor children of frequent and continuing contact with both parents after the parents have separated or dissolved their marriage, and to encourage parents to share the rights and responsibilities of child rearing in order to effect

this policy.

In any proceeding where there is at issue the custody of a minor child, the court may, during the pendency of the proceeding or at any time thereafter, make such order for the custody of the child during minority as may seem necessary or proper. If a child is of sufficient age and capacity to reason so as to form an intelligent preference as to custody, the court shall consider and give due weight to the wishes of the child in making an award of custody or modification thereof. In determining the person or persons to whom custody should be awarded under paragraph (2) or (3) of subdivision (b), the court shall consider and give due weight to the nomination of a guardian of the person of the child by a parent under Article 1 (commencing with Section 1500) of Chapter 1 of Part 2 of Division 4 of the Probate Code.

(b) Custody should be awarded in the following order of preference according to the best interests of the child pursuant to Section 4608:

(1) To both parents jointly pursuant to Section 4600.5 or to either parent. In making an order for custody to either parent, the court shall consider, among other factors, which parent is more likely to allow the child or children frequent and continuing contact with the noncustodial parent, and shall not prefer a parent as custodian because of that parent's sex.

The court, in its discretion, may require the parents to submit to the court a plan for the implementation of the custody order.

(2) If to neither parent, to the person or persons in whose home the child has been living in a wholesome and stable environment.

(3) To any other person or persons deemed by the court to be suitable and able to provide adequate and proper care and guidance for the child.

(c) Before the court makes any order awarding custody to a person or persons other than a parent, without the consent of the parents, it shall make a finding that an award of custody to a parent would be detrimental to the child and the award to a nonparent is required to serve the best interests of the child. Allegations that parental custody would be detrimental to the child, other than a statement of that ultimate fact, shall not appear in the pleadings. The court may, in its discretion, exclude the public from the hearing on this issue.

SEC. 2. Section 4600.5 of the Civil Code is amended to read:

4600.5. (a) There shall be a presumption, affecting the burden of proof, that joint custody is in the best interests of a minor child subject to Section 4608 where the parents have agreed to an award of joint custody or so agree in open court at a hearing for the purpose of determining the custody of a minor child of the marriage.

(b) Upon the application of either parent, joint custody may be awarded in the discretion of the court in other cases, subject to the provisions of Section 4608. For the purpose of assisting the court in making a determination whether an award of joint custody is

appropriate under this subdivision, the court may direct that an investigation be conducted pursuant to Section 4602.

(c) Whenever a request for joint custody is granted or denied, the court, upon the request of any party, shall state in its decision the reasons for granting or denying the request. A statement that joint physical custody is, or is not, in the best interests of the child shall not be sufficient to meet the requirements of this subdivision.

(d) For the purposes of this part:

(1) "Joint custody" means joint physical custody and joint legal custody.

(2) "Sole physical custody" means that a child shall reside with and under the supervision of one parent, subject to the power of the court to order visitation.

(3) "Joint physical custody" means that each of the parents shall have significant periods of physical custody. Joint physical custody shall be shared by the parents in such a way so as to assure a child of frequent and continuing contact with both parents.

(4) "Sole legal custody" means that one parent shall have the right and the responsibility to make the decisions relating to the health, education, and welfare of a child.

(5) "Joint legal custody" means that both parents shall share the right and the responsibility to make the decisions relating to the health, education, and welfare of a child.

(e) In making an order of joint legal custody, the court shall specify the circumstances under which the consent of both parents is required to be obtained in order to exercise legal control of the child and the consequences of the failure to obtain mutual consent. In all other circumstances, either parent acting alone may exercise legal control of the child. An order of joint legal custody shall not be construed to permit an action that is inconsistent with the physical custody order unless the action is expressly authorized by the court.

(f) In making an order of joint physical custody, the court shall specify the right of each parent to the physical control of the child in sufficient detail to enable a parent deprived of that control to implement laws for relief of child snatching and kidnapping.

(g) In making an order for custody with respect to both parents, the court may award joint legal custody without awarding joint physical custody.

(h) In making an order of joint physical custody or joint legal custody, the court may specify one parent as the primary caretaker of the child and one home as the primary home of the child, for the purposes of determining eligibility for public assistance.

(i) Any order for joint custody may be modified or terminated upon the petition of one or both parents or on the court's own motion if it is shown that the best interests of the child require modification or termination of the order. The court shall state in its decision the reasons for modification or termination of the joint custody order if either parent opposes the modification or termination order.

(j) Any order for the custody of a minor child of a marriage

entered by a court in this state or any other state may, subject to the jurisdictional requirements set forth in Sections 5152 and 5163, be modified at any time to an order of joint custody in accordance with the provisions of this section.

(k) In counties having a conciliation court, the court or the parties may, at any time, pursuant to local rules of court, consult with the conciliation court for the purpose of assisting the parties to formulate a plan for implementation of the custody order or to resolve any controversy which has arisen in the implementation of a plan for custody.

(*l*) Notwithstanding any other provision of law, access to records and information pertaining to a minor child, including, but not limited to, medical, dental, and school records, shall not be denied to a parent because that parent is not the child's custodial parent.

SEC. 3. Section 4608 of the Civil Code is amended to read:

4608. In making a determination of the best interest of the child in any proceeding under this title, the court shall, among any other factors it finds relevant, consider all of the following:

(a) The health, safety, and welfare of the child.

(b) Any history of abuse against the child. As a prerequisite to the consideration of allegations of abuse, the court may require substantial independent corroboration including, but not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of sexual assault or domestic violence. As used in this subdivision, "abuse against the child" means child abuse as defined in subdivision (g) of Section 11165 of the Penal Code.

(c) The nature and amount of contact with both parents.

CHAPTER 1680

An act to add Section 33126 to the Education Code, relating to schools, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 33126 is added to the Education Code, to read:

33126. State Allocation Board, in cooperation with the Superintendent of Public Instruction, shall develop and maintain an automated school facilities inventory that is capable of indicating the statewide percentage of facility utilization and projecting school facility needs five years in advance, in order to permit the State Allocation Board to study alternative proposals for the allocation of

funds for new construction, maintenance, and rehabilitation.

SEC. 2. The sum of six hundred thousand dollars ($600,000) is hereby reappropriated to the State Allocation Board for allocation by the board, in the 1984–85 fiscal year, for the purposes of Section 33126 of the Education Code, as added by Section 1 of this act, from the amount appropriated by Section 11.10 of the Budget Act of 1984. There is hereby appropriated in the 1985–86 fiscal year and fiscal years thereafter, an amount determined by the State Allocation Board to be necessary for the continuation of the automated school facilities system.

CHAPTER 1681

An act to amend Section 84308 of, and to add Section 83123 to, the Government Code, relating to the Political Reform Act, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 83123 is added to the Government Code, to read:

83123. The commission shall establish a division of local enforcement to administer, interpret, and enforce, in accordance with the findings, declarations, purposes, and provisions of this title, those provisions relating to local government agencies as defined in Section 82041.

SEC. 2. Section 84308 of the Government Code is amended to read:

84308. (a) The definitions set forth in this subdivision shall govern the interpretation of this section.

(1) "Party" means any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.

(2) "Participant" means any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision, as described in Article 1 (commencing with Section 87100) of Chapter 7. A person actively supports or opposes a particular decision in a proceeding if he or she lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.

(3) "Agency" means an agency as defined in Section 82003 except that it does not include the courts or any agency in the judicial

branch of government, local governmental agencies whose members are directly elected by the voters, the Legislature, the Board of Equalization, or constitutional officers. However, this section applies to any person who is a member of an exempted agency but is acting as a voting member of another agency.

(4) "Officer" means any elected or appointed officer of an agency, any alternate to an elected or appointed officer of an agency, and any candidate for elective office in an agency.

(5) "License, permit, or other entitlement for use" means all business, professional, trade and land use licenses and permits and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor, or personal employment contracts), and all franchises.

(6) "Contribution" includes contributions to candidates and committees in federal, state, or local elections.

(b) No officer of an agency shall accept, solicit, or direct a contribution of two hundred fifty dollars ($250) or more, from any party, or his or her agent, or from any participant, or his or her agent, while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for three months following the date a final decision is rendered in the proceeding; provided, however, that the officer knows or has reason to know that the participant has a financial interest, as that term is used in Article 1 (commencing with Section 87100) of Chapter 7. This prohibition shall apply regardless of whether the officer accepts, solicits, or directs the contribution for himself or herself, or on behalf of any other officer, or on behalf of any candidate for office or on behalf of any committee.

(c) Prior to rendering any decision in a proceeding involving a license, permit or other entitlement for use pending before an agency, each officer of the agency who received a contribution within the preceding 12 months in an amount of two hundred fifty dollars ($250) or more from a party or from any participant shall disclose that fact on the record of the proceeding. No officer of an agency shall make, participate in making, or in any way attempt to use his or her official position to influence the decision in a proceeding involving a license, permit, or other entitlement for use pending before the agency if the officer has willfully or knowingly received a contribution in an amount of two hundred fifty dollars ($250) or more within the preceding 12 months from a party or his or her agent, or from any participant, or his or her agent; provided, however, that the officer knows or has reason to know that the participant has a financial interest in the decision, as that term is described with respect to public officials in Article 1 (commencing with Section 87100) of Chapter 7.

If an officer receives a contribution which would otherwise require disqualification under this section, returns the contribution within 30 days from the time he or she knows, or should have known, about the contribution and the proceeding involving a license, permit, or other

entitlement for use, he or she shall be permitted to participate in the proceeding.

(d) A party to a proceeding before an agency involving a license, permit, or other entitlement for use shall disclose on the record of the proceeding any contribution in an amount of two hundred fifty dollars ($250) or more made within the preceding 12 months by the party, or his or her agent, to any officer of the agency. No party, or his or her agent, to a proceeding involving a license, permit, or other entitlement for use pending before any agency and no participant, or his or her agent, in the proceeding shall make a contribution of two hundred fifty dollars ($250) or more, to any officer of that agency during the proceeding and for three months following the date a final decision is rendered by the agency in the proceeding. When a closed corporation is a party to, or a participant in, a proceeding involving a license, permit, or other entitlement for use pending before an agency, the majority shareholder is subject to the disclosure and prohibition requirements specified in subdivisions (b), (c), and this subdivision.

(e) Nothing in this section shall be construed to imply that any contribution subject to being reported under the Political Reform Act of 1974 shall not be so reported.

SEC. 2.5. The Legislature finds and declares that the provisions of this act further the purpose of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 3. There is hereby appropriated the sum of six hundred fifty-seven thousand four hundred thirty-seven dollars ($657,437) from the General Fund to the Fair Political Practices Commission.

The Fair Political Practices Commission shall maintain enforcement of the Political Reform Act of 1974 relating to local government agencies at a workload level equal to the average workload of the 1981, 1982, and 1983 calendar years with the funds annually appropriated to the commission pursuant to Section 83122 of the Government Code. The funds appropriated by this act shall be expended by the commission to establish the division of local enforcement and for additional administration, interpretation, and enforcement of those provisions relating to local government agencies.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To ensure that the provisions of the Political Reform Act are complied with by all state and local candidates in the next general election.

CHAPTER 1682

An act to amend Section 25356 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 25356 of the Health and Safety Code is amended to read:

25356. (a) The department shall adopt, by regulation, the criteria for the selection and for the priority ranking of sites for remedial action under this chapter. The criteria shall take into account the pertinent factors relating to the public health and the environment, which shall include, but are not limited to, potential hazards to public health and environment, the risk of fire or explosion, toxic hazards, the estimated costs of remedial action, the public health benefits resulting from the remedial action, and the criteria established pursuant to Section 105(8) of the federal act (42 U.S.C. Sec. 9605(8)).

(b) The department shall publish and revise, at least annually, a priority ranking of sites. The list shall be transmitted to the Legislature on or before January 10 of each year. The development and publication of the priority ranking of sites shall be subject to the regulations adopted under subdivision (a).

(c) The department's development and publication of the priority ranking of sites are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) Funds appropriated to the department for remedial action shall be expended in conformance with the priority ranking of sites. Funds may be expended on more than one site on the list at any one time.

CHAPTER 1683

An act to amend the heading of Article 1 (commencing with Section 31300) of Chapter 5 of Division 13 of, to amend Section 40000.19 of, and to add Section 31303 to, the Vehicle Code, relating to hazardous waste.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 1 (commencing with Section 31300) of Chapter 5 of Division 13 of the Vehicle Code is amended to read:

Article 1. Hazardous Materials

SEC. 2. Section 31303 is added to the Vehicle Code, to read:

31303. (a) Except as provided in subdivision (b), the following requirements apply to the transportation of hazardous waste for which registration is required pursuant to Section 25163 of the Health and Safety Code, other than radioactive materials subject to Division 14.5 (commencing with Section 33000):

(1) Transportation from the point of origin to the appropriate waste facility shall be by the most direct route, utilizing state or interstate highways wherever possible. When transporting within a city or any other congested area, exceptions to direct routes shall be made in order to avoid congested thoroughfares, places where crowds are assembled, and residence districts as defined in Section 515. Vehicles subject to this section may also use highways which provide reasonable access to fuel, repair, rest, or food facilities that are designed and intended to accommodate commercial vehicle parking, when that access is consistent with safe vehicle operation and when the facility is within one-half road mile of identified points of entry or exit from the state or interstate highway being used.

(2) Only highways of sufficient width and load bearing capacity for the vehicle or combination of vehicles shall be used.

(3) Vehicles shall not be left unattended or parked overnight in a residence district, as defined in Section 515.

(4) When transporting hazardous waste pursuant to Section 25169.3 of the Health and Safety Code, all provisions of the waste hauler transportation safety plan, as approved by the State Department of Health Services, shall be complied with.

(5) Deviation from the routes required by this subdivision shall not be excused on the basis of operating convenience, unless in an emergency and with the concurrence of a member of the California Highway Patrol.

(b) The Department of the California Highway Patrol, after consultation with the Department of Transportation or the city or county agency with traffic control jurisdiction over a highway, may prohibit vehicles transporting hazardous waste subject to this section from using that highway if all of the following requirements are met:

(1) The highway is posted, in conformity with standards of the Department of the California Highway Patrol, by the agency having jurisdiction over the highway.

(2) The highway is included in a list of highways restricted pursuant to this subdivision published by the Department of the California Highway Patrol and available to interested parties for not

less than 14 days.

(3) The highway is appreciably less safe than a reasonable alternate highway as determined by using the "Guidelines for Applying Criteria to Designate Routes for Transporting Hazardous Materials" prepared by the Federal Highway Administration (FHWA A-IP-80-15).

(4) The restriction on the use of the highway pursuant to this subdivision is not precluded or preempted by federal law.

(5) A finding is made by the Department of the California Highway Patrol that the impact of the proposed highway restriction on surrounding jurisdictions has been considered.

The list of restricted highways developed by the Department of the California Highway Patrol shall be published by the department every six months.

(c) It is unlawful for the owner of any vehicle or the authorized agent of the owner to drive, or to direct or knowingly permit the driving of, the vehicle in violation of this section. Violation of any provision of this section is a misdemeanor punishable as follows:

(1) For a first violation, a fine not exceeding five hundred dollars ($500) or imprisonment in the county jail not exceeding 30 days, or both that fine and imprisonment.

(2) For a second violation, a fine not exceeding one thousand dollars ($1,000) or imprisonment in the county jail not exceeding 60 days, or both that fine and imprisonment.

(3) For a third or subsequent violation, a fine not exceeding two thousand five hundred dollars ($2,500) or imprisonment in the county jail not exceeding 120 days, or both that fine and imprisonment.

(d) Additionally, upon recommendation of the Department of California Highway Patrol, three or more violations of this section constitute grounds for suspension or revocation of registration or denial of an application for registration under Section 25163 of the Health and Safety Code by the State Department of Health Services. Proceedings in these cases shall be subject to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) Nothing contained in this section shall be deemed to exempt any person subject to this section from other provisions of this code.

SEC. 3. Section 40000.19 of the Vehicle Code is amended to read:

40000.19. A violation of any of the following provisions shall constitute a misdemeanor, and not an infraction:

(a) Section 31303, relating to transportation of hazardous waste.

(b) Division 14 (commencing with Section 31600), relating to transportation of explosives.

(c) Division 14.1 (commencing with Section 32000), relating to the transportation of hazardous material.

(d) Division 14.5 (commencing with Section 33000), relating to transportation of radioactive materials.

(e) Division 14.7 (commencing with Section 34001), relating to

flammable liquids.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1684

An act to amend Section 65584 of the Government Code, relating to housing.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 65584 of the Government Code is amended to read:

65584. (a) For purposes of subdivision (a) of Section 65583, a locality's share of the regional housing needs includes that share of the housing need of persons at all income levels within the area significantly affected by a jurisdiction's general plan. The distribution of regional housing needs shall, based upon available data, take into consideration market demand for housing, employment opportunities, the availability of suitable sites and public facilities, commuting patterns, type and tenure of housing need, and the housing needs of farmworkers. The distribution shall seek to avoid further impaction of localities with relatively high proportions of lower income households. Based upon data provided by the Department of Finance, in consultation with each council of government, the Department of Housing and Community Development shall determine the regional share of the statewide housing need at least two years prior to the second revision, and all subsequent revisions as required pursuant to Section 65588. Based upon data provided by the Department of Housing and Community Development relative to the statewide need for housing, each council of governments shall determine the existing and projected housing need for its region. Within 30 days following notification of this determination, the Department of Housing and Community Development shall ensure that this determination is consistent with the statewide housing need and may revise the determination of the council of governments if necessary to obtain this consistency. Each locality's share shall be determined by the appropriate council of governments consistent with the criteria above with the advice of

the department subject to the procedure established pursuant to subdivision (c) at least one year prior to the second revision, and at five-year intervals following the second revision pursuant to Section 65588.

(b) For areas with no council of governments, the Department of Housing and Community Development shall determine housing market areas and define the regional housing need for localities within these areas. Where the department determines that a local government possesses the capability and resources and has agreed to accept the responsibility, with respect to its jurisdiction, for the identification and determination of housing market areas and regional housing needs, the department shall delegate this responsibility to the local governments within these areas.

(c) Within 90 days following a determination of a council of governments pursuant to subdivision (a), or the department's determination pursuant to subdivision (b), a local government may revise the determination of its share of the regional housing need in accordance with the considerations set forth in subdivision (a). The revised share shall be based upon available data and accepted planning methodology, and supported by adequate documentation. Within 60 days after the time period for the local government's revision, the council of governments or the department, as the case may be, shall accept the revision or shall indicate, based upon available data and accepted planning methodology, why the revision is inconsistent with the regional housing need. The housing element shall contain an analysis of the factors and circumstances, with all supporting data, justifying the revision. All materials and data used to justify any revision shall be made available upon request by any interested party within seven days upon payment of reasonable costs of reproduction unless the costs are waived due to economic hardship.

(d) (1) Except as provided in paragraph (2), any ordinance, policy, or standard of a city, county, or city and county which directly limits, by number, the building permits which may be issued for residential construction, or which limits for a set period of time the number of buildable lots which may be developed for residential purposes, shall not be a justification for a determination or a reduction in a local government's share of the regional housing need.

(2) Paragraph (1) does not apply to any city, county, or city and county which imposes a moratorium on residential construction for a set period of time in order to preserve and protect the public health and safety. If a moratorium is in effect, the city, county, or city and county shall, prior to a revision pursuant to subdivision (c), adopt findings which specifically describe the impacted public facilities and the reasons why construction of the number of units specified as its share of the regional housing need would prevent the mitigation of that impact.

(e) Any authority to review and revise a local government's share of the regional housing need granted under this section shall not

constitute authority to revise, approve, or disapprove the manner in which the local government's share of the regional housing need is implemented through its housing program.

(f) A fee may be charged interested parties for any additional costs caused by the amendments to subdivision (c) at the 1983–84 Regular Session of the Legislature reducing from 45 to seven days the time within which materials and data shall be made available to interested parties.

(g) Determinations made by the department, a council of governments, or a local government pursuant to this section are exempt from the provisions of the California Environmental Quality Act, which is provided for in Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 2. Notwithstanding Sections 2231 and 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because self-financing authority is provided in this act to cover costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code.

CHAPTER 1685

An act to amend Section 65009 of the Government Code, relating to local government.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 65009 of the Government Code is amended to read:

65009. (a) (1) The Legislature finds and declares that there currently is a housing crisis in California and it is essential to reduce delays and restraints upon expeditiously completing housing projects.

(2) The Legislature further finds and declares that a legal action challenging a decision of a city, county, or city and county has a chilling effect on the confidence with which property owners and local governments can proceed with housing projects. Legal actions filed to attack, review, set aside, void, or annul a decision of a city, county, or city and county pursuant to this division can prevent the completion of needed housing projects even though the housing projects have received required governmental approvals.

(3) The purpose of this section is to provide certainty for property

owners and local governments regarding decisions made pursuant to this division.

(b) (1) In an action or proceeding to attack, review, set aside, void, or annul a finding, determination, or decision of a public agency made pursuant to this title at a properly noticed public hearing, the issues raised shall be limited to those raised in the public hearing or in written correspondence delivered to the public agency prior to, or at, the public hearing, except where the court finds either of the following:

(A) The issue could not have been raised at the public hearing by persons exercising reasonable diligence.

(B) The body conducting the public hearing prevented the issue from being raised at the public hearing.

(2) If a public agency desires the provisions of this subdivision to apply to a matter, it shall include in any public notice issued pursuant to this title a notice substantially stating all of the following: "If you challenge the (nature of the proposed action) in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the (public entity conducting the hearing) at, or prior to, the public hearing."

(3) The application of this subdivision to causes of action brought pursuant to subdivision (d) applies only to the final action taken in response to the notice to the city or county clerk. If no final action is taken, then the issue raised in the cause of action brought pursuant to subdivision (d) shall be limited to those matters presented at a properly noticed public hearing or to those matters specified in the notice given to the city or county clerk pursuant to subdivision (d), or both.

(c) Except as provided in subdivision (d), no action or proceeding shall be maintained in any of the following cases by any person unless the action or proceeding is commenced and service is made on the legislative body within 120 days after the legislative body's decision:

(1) To attack, review, set aside, void, or annul the decision of a legislative body to adopt or amend a general or specific plan. This paragraph does not apply where an action is brought based upon the complete absence of a general plan or a mandatory element thereof, but does apply to an action attacking a general plan or mandatory element thereof on the basis that it is inadequate.

(2) To attack, review, set aside, void, or annul the decision of a legislative body to adopt or amend a zoning ordinance.

(3) To determine the reasonableness, legality, or validity of any decision to adopt or amend any regulation attached to a specific plan.

(4) Concerning any of the proceedings, acts, or determinations taken, done, or made prior to any of the decisions listed in paragraphs (1), (2), and (3).

(d) An action or proceeding shall be commenced and the legislative body served within two years after the accrual of the cause of action as provided in this subdivision, if the action or proceeding

meets both of the following requirements:

(1) It is brought in support of the development of housing projects which meet the requirements for housing for persons and families with low or moderate incomes set forth in Section 65915.

(2) It is brought with respect to actions taken pursuant to Article 10.6 (commencing with Section 65580) of Chapter 3 of this division, pursuant to Section 65589.5, 65863.6, 65915, or 66474.2 or pursuant to Chapter 4.2 (commencing with Section 65913).

A cause of action brought pursuant to this subdivision shall not be maintained until 60 days have expired following notice to the city or county clerk by the party bringing the cause of action, or his or her representative, specifying the deficiencies of the general plan, specific plan, or zoning ordinance. A cause of action brought pursuant to this subdivision shall accrue 60 days after notice is filed or the legislative body takes a final action in response to the notice, whichever occurs first. A notice or cause of action brought by one party pursuant to this subdivision shall not bar filing of a notice and initiation of a cause of action by any other party.

(e) Upon the expiration of the time limits provided for in this section, all persons are barred from any further action or proceeding.

(f) Notwithstanding Section 65700, this section shall apply to charter cities.

(g) Except as provided in subdivision (d), this section shall not affect any law prescribing or authorizing a shorter period of limitation than that specified herein.

(h) This section shall be applicable to those decisions of the legislative body of a city, county, or city and county made pursuant to this division on or after January 1, 1984.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 1686

An act to amend Sections 12703 and 12773 of the Business and Professions Code, to amend Sections 7121, 8370, 8688, 8689, 8691, and 12007 of, to add Sections 2270.5, 6400.5, 8045.5, and 8236.2 to, to add Article 1.6 (commencing with Section 7660) to Chapter 1 of Part 3 of Division 6 of, and to repeal Section 7651 of, the Fish and Game Code, and to add Section 34002 to the Public Resources Code, relating to fish, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 12703 of the Business and Professions Code is amended to read:

12703. (a) The issuance of a receipt showing the weight of fish, mollusks, or crustaceans pursuant to Sections 8011, 8012, 8013, 8014, and 8015 of the Fish and Game Code constitutes the issuance of a weight or measure certificate under this chapter when issued by persons who are required to be public weighmasters pursuant to Section 12700.

(b) Notwithstanding any other provision of this division, the weight of squid, anchovy, or Pacific whiting, certified pursuant to this section may, in a manner prescribed and authorized by regulations of the director, be determined by computation based upon volumetric measurement of containers. This subdivision shall not apply to squid, anchovy, or Pacific whiting delivered for the purpose of retorting or reduction.

SEC. 2. Section 12773 of the Business and Professions Code is amended to read:

12773. (a) The issuance of a receipt showing the weight of fish, mollusks, or crustaceans pursuant to Sections 8011, 8012, 8013, 8014 and 8015 of the Fish and Game Code constitutes the issuance of a weight or measure certificate under this chapter when issued by persons who are required to be public weighmasters at large pursuant to Section 12770.

(b) Notwithstanding any other provision of this division, the weight of squid, anchovy, or Pacific whiting certified pursuant to this section may, in a manner prescribed and authorized by regulations of the director, be determined by computation based upon volumetric measurement of containers. This subdivision does not apply to any squid, anchovy, or Pacific whiting delivered for the purpose of retorting or reduction.

SEC. 3. Section 2270.5 is added to the Fish and Game Code, to read:

2270.5. Section 2270 does not apply to the importation of live aquatic plants or animals for aquaculture purposes by a registered aquaculturist if the importation has been approved by the department pursuant to Section 15600.

SEC. 4. Section 6400.5 is added to the Fish and Game Code, to read:

6400.5. In addition to Section 6400, it is unlawful to transport or possess any live white bass (Marone chrysops), whether taken within or without the state, unless it is first submitted for inspection to, and written permission is obtained from, the department.

SEC. 5. Section 7121 of the Fish and Game Code is amended to read:

7121. It is unlawful to sell or purchase any fish or amphibia taken in or brought into the waters of the state, or brought ashore at any point in the state, under a sport fishing license.

It is unlawful to buy, sell, or possess in any place of business where fish are bought, sold, or processed, any fish or amphibia taken on any boat, barge, or vessel which carries sport fishermen, except those fish may be possessed in such a place only for the purposes of canning or smoking under regulations adopted by the commission.

SEC. 6. Section 7651 of the Fish and Game Code is repealed.

SEC. 7. Article 1.6 (commencing with Section 7660) is added to Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 1.6. Salmon Management

7660. As used in this article:

(a) "Advisory committee" means the Advisory Committee on Salmon and Steelhead Trout, established pursuant to Resolution Chapter 141 of the Statutes of 1983, except that there shall be two additional members appointed by the Joint Committee on Fisheries and Aquaculture after consultation with the Director of Fish and Game and the Fish and Game Commission.

7662. The department shall consult with the advisory committee and representatives of every user group known to the department on the progress being made in the development of the annual and long-term salmon management plans.

SEC. 8. Section 8045.5 is added to the Fish and Game Code, to read:

8045.5. (a) Every fisherman who sells Pacific mackerel or jack mackerel to any person, regardless of whether or not that person is licensed pursuant to Section 8040, shall pay a privilege tax of one-tenth of one cent ($0.001) for each pound, or fraction thereof, of Pacific mackerel or jack mackerel sold by him. This additional privilege tax shall be collected from the fisherman, and remitted to the department, by any person licensed pursuant to Section 8040 to whom the mackerel are sold. However, under any circumstances, payment of the additional privilege tax is not the obligation of any person licensed pursuant to Section 8040. If the mackerel are sold to a person other than a person licensed pursuant to Section 8040, the additional privilege tax shall be remitted to the department by the fisherman.

(b) All moneys received by the department pursuant to this section shall be available for appropriation by the Legislature for research and management activities to maintain and enhance the Pacific mackerel and jack mackerel resources and fisheries in the waters of this state.

SEC. 9. Section 8236.2 is added to the Fish and Game Code, to read:

8236.2. Funds paid by commercial salmon vessel permit or renewal applicants pursuant to Section 8236 shall be available, upon

appropriation by the Legislature, to pay the necessary and proper expenses of the Advisory Committee on Salmon and Steelhead Trout, established pursuant to Section 7660. The department shall provide the committee staffing within the existing budgetary constraints of the department.

SEC. 10. Section 8370 of the Fish and Game Code is amended to read:

8370. Any striped bass, salmon, or sturgeon taken in any type of nets in any districts shall be liberated from the nets by the fishermen.

Striped bass, salmon, or sturgeon necessarily taken aboard a boat to free them from a net shall be handled carefully and shall be returned to the water immediately unharmed.

A holder of a commercial fishing license may not have in his possession, except when releasing fish from the net, any striped bass, salmon, or sturgeon at any time when conducting netting operations or when going to or from such operations.

SEC. 11. Section 8688 of the Fish and Game Code is amended to read:

8688. In District 11, drift gill nets may be used, subject to the following restrictions:

(a) The cork line shall not be submerged more than two fathoms below the surface of the water, the lines attaching the buoys or floats to the cork line shall not be more than two fathoms in length, and the points of attachment of the lines on the cork line shall not be more than 10 fathoms apart.

(b) The length of the meshes shall be either 2½ inches or less, or 5½ inches or more. The meshes shall be approximately the same size, and shall not vary in length more than two inches.

(c) They may not be used where any part of the net is nearer than 300 feet to the point where the surface of the water joins the land.

(d) The use of drift gill nets in District 11 is prohibited from May 1 through October 1, inclusive.

SEC. 12. Section 8689 of the Fish and Game Code is amended to read:

8689. In District 12, drift gill nets may be used, subject to the following restrictions:

(a) They may be used to take herring, smelt, and other small fish.

(b) The cork line shall not be submerged more than two fathoms below the surface of the water, the lines attaching the buoys or floats to the cork line shall not be more than two fathoms in length, and the points of attachment of the lines on the cork line shall not be more than 10 fathoms apart.

(c) The length of meshes shall not exceed 2½ inches in length. The meshes of any gill net shall be approximately the same size.

(d) They may not be used where any part of the net is nearer than 300 feet to the point where the surface of the water joins the land.

(e) The use of drift gill nets in District 12 is prohibited from May 1 through October 1, inclusive.

SEC. 13. Section 8691 of the Fish and Game Code is amended to

read:

8691. In District 13, drift gill nets may be used to take herring, smelt, and other small fish, subject to the following restrictions:

(a) The cork line shall not be submerged more than two fathoms below the surface of the water, the lines attaching the buoys or floats to the cork line shall not be more than two fathoms in length, and the points of attachment of the lines on the cork line shall not be more than 10 fathoms apart.

(b) The length of the meshes shall not exceed 2½ inches in length. The meshes shall be approximately the same size.

(c) They may not be used where any part of the net is nearer than 300 feet to the point where the surface of the water joins the land.

(d) The use of drift gill nets in District 13 is prohibited from May 1 through October 1, inclusive.

SEC. 14. Section 12007 of the Fish and Game Code, as added by Chapter 85 of the Statutes of 1984, is amended to read:

12007. Notwithstanding Section 12002, the punishment for each violation of Section 2270, 2271, 6400, 6400.5, 15202, 15509, or 15600, or any regulation adopted pursuant to Section 15510, is a fine of not more than five thousand dollars ($5,000) or imprisonment in the county jail for a period not to exceed one year, or both the fine and imprisonment.

SEC. 15. Section 34002 is added to Public Resources Code, to read:

34002. The Department of Fish and Game may provide nonprofit organizations and Indian tribes partial funding of grants provided under Section 34001 or Section 3 of Chapter 344 of the Statutes of 1981, if in the opinion of the department, any such organization meets all of the following requirements:

(a) Has a previously demonstrated record of successfully completing one or more salmon or steelhead rehabilitation projects funded under the Cooperative North Coast Salmon and Steelhead Restoration Project.

(b) Utilizes acceptable accounting procedures.

(c) Demonstrates that the project can be accomplished more efficiently and economically and with partial funding provided before the project's completion.

SEC. 16. There is hereby appropriated the sum of ten thousand dollars ($10,000) to the Department of Fish and Game for expenditure in the 1984-85 fiscal year from the Fish and Game Preservation Fund from amounts paid for commercial salmon vessel permits or renewals of these permits under Section 8236 for the payment of the necessary and proper expenditures of the Advisory Committee on Salmon and Steelhead Trout pursuant to Section 8236.2.

SEC. 17. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a

local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the Advisory Committee on Salmon and Steelhead Trout to prepare and submit its first report to the Legislature by January 1, 1985, as required by Resolution Chapter 141 of the Statutes of 1983 and in order to make clarifying changes to various provisions of the Fish and Game Code to facilitate the enforcement thereof, it is necessary that this act take effect immediately.

CHAPTER 1687

An act to amend Sections 25351, 25356.1, 25356.2, 25356.3, 25356.4, 25356.6, 25356.7, 25356.8, 25356.9, and 25395 of the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 25351 of the Health and Safety Code, as amended by Chapter 376 of the Statutes of 1984, is amended to read:

25351. (a) Consistent with the requirements of Section 114(c) of the federal act (42 U.S.C. Sec. 9614(c)), moneys in the state account may be expended by the director, upon appropriation by the Legislature, for all of the following purposes:

(1) The costs and expenses reasonably necessary for, and incidental to, the administration of this chapter by the department.

(2) The state share mandated pursuant to Section 104(c) (3) of the federal act (42 U.S.C. Sec. 9604(c) (3)).

(3) The purchase by the state, or by any local agency with the prior approval of the director, of hazardous substance response equipment and other preparations for response to a release of hazardous substances. However, all equipment shall be purchased in a cost-effective manner after consideration of the adequacy of existing equipment owned by the state or the local agency, and the availability of equipment owned by private contractors.

(4) For payment of all costs of removal and remedial action incurred by the state, or by any local agency with the approval of the director in response to a release or threatened release of a hazardous

substance to the extent the costs are not reimbursed by the federal act.

(5) For payment of all costs of actions taken pursuant to subdivision (b) of Section 25358.3, to the extent that these costs are not paid by the federal act.

(6) All costs incurred in cooperation with the Agency for Toxic Substances and Disease Registry established pursuant to Section 104(i) of the federal act (42 U.S.C. Sec. 9604(i)) and all costs of health effects studies undertaken regarding specific sites or specific substances at specific sites. Funds appropriated for this purpose shall not exceed five hundred thousand dollars ($500,000) in any single fiscal year. However, these actions shall not duplicate reasonably available federal actions and studies.

(7) Repayment of the principal of, and interest on, bonds sold pursuant to Article 7.5 (commencing with Section 25385).

(8) The reasonable and necessary costs and expenses of the Hazardous Waste Cleanup Arbitration Panel created pursuant to Section 25356.2.

(b) The director shall expend federal funds in the state account consistent with the requirements specified in Section 114 of the federal act (42 U.S.C. Sec. 9614), upon appropriation by the Legislature, for the purposes for which they were provided to the state.

(c) Moneys in the state account shall not be expended to conduct removal or remedial actions if any significant portion of the hazardous substances to be removed or remedied originated from a source outside of the state.

SEC. 2. Section 25356.1 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.1. (a) The department, or, if appropriate, the regional water quality control board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(b) A potentially responsible party may request the department or the regional water quality control board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356 if the department or the State Water Resources Control Board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the state board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional water quality control board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(c) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. Sec. 300.61 et seq.) and upon all of the following factors, to the extent that these factors are consistent with these federal

regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional water quality control board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost-effectiveness of alternative remedial action measures.

(d) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional water quality control board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (c) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional water quality control board shall prepare or approve a draft remedial action plan and shall circulate the draft plan for public comment for at least 30 days. After review and consideration of any public comments, and revising the draft plan, if appropriate, the department or the regional water quality control board shall issue the final remedial action plan.

(e) A potentially responsible party named in the final remedial action plan issued by the department or the regional water quality control board may seek judicial review of the final remedial action plan pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final plan is issued. The filing of a petition seeking judicial review of a final remedial action plan shall not stay any removal or remedial action specified in the final plan.

For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional water quality control

board, as the case may be. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(f) After preparing a draft remedial action plan but before issuing the final remedial action plan, the department or the regional water quality control board shall do all of the following:

(1) Notify all residents living within one-half mile from the perimeter of the release site by direct mail or by publication in a local newspaper of general circulation.

(2) Conduct a sufficient number of public hearings to provide information to the public and to respond to the public's concerns and advice. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal action, and a description of the planned removal action.

(3) Comply with Section 25358.7.

(g) This section does not require the department or a regional water quality control board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment.

(h) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional water quality control board pursuant to this section.

SEC. 3. Section 25356.2 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.2. There is hereby created in the Office of the Secretary of the Environmental Affairs Agency a Hazardous Substance Cleanup Arbitration Panel.

The panel shall apportion liability for the costs of removal and remedial actions in accordance with Sections 25356.3 and 25356.4. All meetings of the panel are exempt from Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of, and Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, the Government Code.

The panel shall be comprised of independent private arbitrators who have applied to the Office of the Secretary of the Environmental Affairs Agency for membership on the panel. Panel members shall have (a) relevant arbitration background and (b) expertise in engineering, expertise in the physical, biological, or health sciences, or other relevant experience and qualifications. Three arbitrators shall be selected from the panel to apportion liability for a single hazardous waste site. A majority of the arbitrators selected for a single site may apportion liability for the panel under this chapter.

The arbitrators shall be selected for an individual hazardous waste

site as follows:

(a) One arbitrator shall be selected by the department.

(b) One arbitrator shall be selected by the potentially responsible party, or a majority of the potentially responsible parties, who have submitted to binding arbitration by the panel.

(c) The two arbitrators selected pursuant to subdivisions (a) and (b) shall jointly select a third arbitrator.

SEC. 4. Section 25356.3 of to the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.3. (a) The department or the regional water quality control board shall serve a copy by mail of the draft remedial action plan upon all potentially responsible parties identified in the plan. Within 15 days after the issuance of a final remedial action plan, any potentially responsible parties with aggregate alleged liability in excess of 50 percent of the costs of removal and remedial action, as set forth in the statement of reasons issued pursuant to subdivision (d) of Section 25356.1, but excluding any costs which are the subject of an agreement under which any party agrees to assume liability for those costs, may convene an arbitration proceeding by agreeing to submit to binding arbitration by the panel. If an arbitration panel is convened pursuant to this section, any other potentially responsible party may elect to submit to binding arbitration by the panel. Any person submitting to arbitration under this section shall agree not to contest the fact of liability in the arbitration. The panel shall, and the parties are entitled to, address the proper apportionment of liability pursuant to subdivision (b). Submission to arbitration under this section is not an admission of liability for any other purpose or in any other proceeding, including a subsequent arbitration proceeding concerning the same site. The department or the regional water quality control board, whichever issued the final remedial action plan, shall participate in the arbitration proceedings to the same extent as the potentially responsible parties which have submitted to the arbitration.

(b) The panel shall apportion liability for the costs of all removal and remedial actions specified in the final remedial action plan.

(c) In panel proceedings, liability for the costs of removal and remedial shall be apportioned among all identifiable potentially responsible parties regardless of whether those parties are before the panel or have otherwise been released, or are immune, from liability pursuant to this chapter or any other provision of law. The panel shall apportion liability based on all of the following criteria:

(1) The amount of hazardous substance for which each party may be responsible.

(2) The degree of toxicity of the hazardous substance.

(3) The degree of involvement of the potentially responsible parties in the generation, transportation, treatment, or disposal of the hazardous substance.

(4) The degree of care exercised by the potentially responsible parties with respect to the hazardous substances, taking into account

the characteristics of the substance.

(5) The degree of cooperation by the potentially responsible parties with federal, state, and local officials to prevent harm to human health and the environment.

(d) The panel may issue subpoenas and subpoenas duces tecum to require attendance of a person or the production of documents, at the request of any person identified as potentially responsible in the remedial action plan, on its own motion, or at the request of the department or the appropriate regional water quality control board. A person requesting a subpoena duces tecum shall comply with Section 1985 of the Code of Civil Procedure. The jurisdiction of subpoenas and subpoenas duces tecum issued by the panel extends to all parts of the state. The subpoenas and subpoenas duces tecum shall be served pursuant to Sections 1987 and 1988 of the Code of Civil Procedure.

If the panel determines that a person is refusing to respond to a subpoena or subpoena duces tecum, or is guilty of a misconduct during the arbitration and negotiation process, the panel shall certify the facts to the superior court of the county in which the site is located. The court shall thereupon issue an order directing the person to appear before the court and show cause why the person should not be punished for contempt pursuant to Section 1209 of the Code of Civil Procedure. The order and a copy of the certified statement shall be served on the person, and thereafter the court shall have jurisdiction of the matter. The same proceedings shall be followed, the same penalties may be imposed, and the person charged may be purged of contempt in the same way as if the person has committed a contempt in the trial of a civil action before a superior court.

After receipt of documents pursuant to a subpoena duces tecum, any party may request the panel for a continuance for a reasonable period of time to review the documents prior to proceeding with the arbitration. The panel may grant a continuance for that purpose upon a showing of good cause.

(e) This chapter does not require a regional water quality control board or the State Water Resources Control Board to engage in arbitration pursuant to this section or Section 25356.2 for any enforcement action taken pursuant to Division 7 (commencing with Section 13000) of the Water Code.

SEC. 5. Section 25356.4 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.4. (a) After making an apportionment of liability among the potentially responsible parties pursuant to Section 25356.3, the panel shall prepare a draft arbitration decision which contains a statement of reasons supporting the apportionment and shall circulate the draft arbitration decision for at least 30 days for public comment. After review and consideration of any public comment, the panel shall issue the final arbitration decision within 30 days after the comment period.

(b) Each potentially responsible party whose liability has been apportioned by the panel is liable to the department or the regional water quality control board for its apportioned share of the costs of all removal and remedial actions at the site which is the subject of the final remedial action plan issued pursuant to Section 25356.1. The department or the regional water quality control board and one or more potentially responsible parties may enter into a cleanup agreement which is consistent with the remedial action plan and which provides for the satisfaction of the liability of a potentially responsible party by the party's performance of specified removal or remedial actions at the site.

(c) The moneys in the state account or the Hazardous Substance Cleanup Fund may be expended, upon appropriation by the Legislature, to pay any share of those potentially responsible parties who did not submit to binding arbitration pursuant to Section 25356.3 or did not otherwise agree to pay the costs of the removal and remedial actions specified in the remedial action plan.

(d) The department shall identify, and the Attorney General shall pursue recovery from, those potentially responsible parties who have not submitted to binding arbitration pursuant to Section 25356.3 or who have not discharged their obligations required by the final arbitration decision or the cleanup agreement.

(e) Advances from the state account, upon appropriation by the Legislature, shall be made available, where appropriate, to those responsible parties who are required by a cleanup agreement to perform specified removal or remedial actions pursuant to the remedial action plan. Moneys from the Hazardous Substance Cleanup Fund may be expended by the department, upon appropriation by the Legislature, to make advances, where appropriate, to responsible parties who are required by a cleanup agreement to perform specified removal or remedial actions pursuant to the remedial action plan, for the purposes specified in Section 25385.6.

SEC. 6. Section 25356.6 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.6. (a) Notwithstanding any other provision of state law or any local ordinance or regulation, except as provided in subdivision (b), to encourage the prompt and effective cleanup of hazardous substance release sites, a potentially responsible party has no additional civil liability to any governmental entity under state or local law, for any prior acts or omissions associated with the conditions addressed in the remedial action plan which is the subject of the arbitration decision, if the potentially responsible party has submitted to binding arbitration and has discharged its obligations under the arbitration decision, either by paying that party's apportioned share of the costs of all removal and remedial actions to the department or the regional water quality control board, or by performing the specified removal and remedial actions pursuant to a cleanup agreement. The release from liability specified in this

section is conditioned on complete implementation of the remedial action plan, including, where appropriate, adequate sampling, testing, and maintenance of the site to which the remedial action plan is applicable to ensure that the level of cleanup required is achieved and maintained. However, this section does not affect the liability of any person for costs recoverable under Section 25352, unless these costs are specifically addressed in the arbitration decision or cleanup agreement. Where these costs are not addressed in the arbitration decision or cleanup agreement, the liability for these costs shall be determined pursuant to the applicable sections of this chapter and may be apportioned among the potentially responsible parties pursuant to Sections 25356.3 and 25356.4.

(b) The department, any party to the arbitration decision, or any party substantially affected by the arbitration decision may petition the panel to modify the apportionment of liability in a arbitration decision. Upon a showing of a material change in the facts known to the parties to the arbitration decision at the time it was issued, the panel shall modify the apportionment of liability specified in the arbitration decision, as appropriate, to reflect these changed facts. Upon a showing of a material change in the facts known to the department at the time it issued the final remedial action plan, or the discovery of new facts, the department or regional board shall modify the remedial action plan, as appropriate, to reflect new or additional facts. The arbitration panel shall then modify its arbitration decision to reflect any modification of the remedial action plan made by the department.

(c) This section does not affect the existing rights of any individual to recover civil damages or to obtain equitable relief against any person, including a potentially responsible party, for physical injury or property damage caused by the release of hazardous substances at the site covered by the arbitration decision or at any other location.

(d) A party who has submitted to arbitration pursuant to this article and whose liability has been apportioned by the arbitration panel in an arbitration proceeding may seek indemnity from any other person liable for the party's apportioned share of the removal and remedial actions taken at a site which is the subject of the arbitration decision, including any department, agency contractor, or any other governmental agency. A potentially responsible party who does not submit to binding arbitration pursuant to this article, but whose liability has been apportioned in the arbitration decision and is subsequently found liable under this chapter has no right to indemnification for any removal or remedial action which is the subject of the arbitration decision from any party to that arbitration decision who has discharged its obligation under the arbitration decision or the cleanup agreement.

SEC. 7. Section 25356.7 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.7. In order to encourage rapid resolution of differences

among responsible parties and to speed the cleanup of sites, and notwithstanding any other provision of law, the following evidence is admissible in a court of law only to show the good faith of the parties who have discharged their obligations under an arbitration decision issued, or cleanup agreement entered into, pursuant to Section 25356.4 or that the following removal and remedial actions specified in the remedial action plan were to be performed:

(a) A preliminary allocation of responsibility pursuant to Section 25356.1.

(b) The fact that any person has either participated or has not participated in a panel arbitration proceeding.

(c) The fact that any person has voluntarily implemented a remedial action plan, regardless of whether the plan is final for purposes of Section 25356.1.

(d) Any finding of fact or conclusion of law by the panel, including the apportionment of liability pursuant to Section 25356.3.

(e) Admissions made during the arbitration proceeding.

(f) Documents prepared by a party which has submitted to binding arbitration if the documents are prepared after the remedial action plan has been issued, and if the documents are prepared solely for the arbitration.

SEC. 8. Section 25356.8 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.8. (a) Judicial review of the arbitration decision on the apportionment of liability is limited to a showing of fraud by a party to the arbitration proceeding or an abuse of discretion by the panel, or both.

(b) Judicial review of a decision by the department modifying the remedial action plan pursuant to subdivision (b) of Section 25356.6 shall be conducted pursuant to Section 1085 of the Code of Civil Procedure and the standard of review shall be the same as that specified in subdivision (e) of Section 25356.1.

SEC. 9. Section 25356.9 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.9. (a) The provisions of this chapter relating to the preparation, approval, and issuance of remedial action plans and to procedures for the apportionment of liability by the Hazardous Substance Cleanup Arbitration Panel do not do either of the following:

(1) Apply to any actions taken pursuant to Chapter 6.5 (commencing with Section 25100).

(2) Prohibit the department or the Attorney General, upon the request of the department, from pursuing the remedies specified in subdivision (a) of Section 25358.3 when the director determines that there may be an imminent or substantial endangerment to the public health or welfare or to the environment, because of a release or a threatened release of a hazardous substance.

(b) The department and the Attorney General may pursue any existing legal, equitable, or administrative remedies, pursuant to

federal or state law, against any potentially responsible party named in a remedial action plan if the party does not submit to arbitration pursuant to Section 25356.3 or if the party has not discharged that party's obligations under an arbitration decision or cleanup agreement.

SEC. 10. Section 25395 of the Health and Safety Code, as amended by Chapter 376 of the Statutes of 1984, is amended to read:

25395. (a) Except as provided in subdivisions (b) and (c), this chapter, including, but not limited to, the tax imposed by Section 25345, shall remain in effect only until July 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1991, deletes or extends that date.

(b) On July 1, 1991, the Department of Finance shall submit a report to the Secretary of State which states whether the principal of, and interest on, the bonds sold pursuant to Article 7.5 (commencing with Section 25385) have been paid and the General Fund has been reimbursed for any and all amounts that were expended therefrom to pay the principal of, and interest on, those bonds. If the report states that the bonds have not been paid or that the General Fund has not been reimbursed, then, notwithstanding subdivision (a), Article 1 (commencing with Section 25300), Article 2 (commencing with Section 25310), Article 3 (commencing with Section 25330), Article 4 (commencing with Section 25340), Article 6 (commencing with Section 25360), and Article 7.5 (commencing with Section 25385) shall not be repealed and shall remain in effect until the date specified in subdivision (c).

(c) If the articles specified in subdivision (b) remain in effect after July 1, 1991, pursuant to subdivision (b), on the date when the principal of, and interest on, the bonds sold pursuant to Article 7.5 (commencing with Section 25385) have been paid and the General Fund has been reimbursed for any and all amounts that were expended therefrom to pay the principal of, and interest on, those bonds, the Department of Finance shall submit a report to the Secretary of State containing that information. The articles specified in subdivision (b) shall be repealed on the date when that report is submitted.

(d) If the articles specified in subdivision (b) remain in effect after July 1, 1991, the committee, as defined in Section 25385.1, may determine the amount of the tax revenues to be collected annually pursuant to Section 25345, which amount may be less than, but shall not exceed, fifteen million dollars ($15,000,000). The committee shall also inform the State Board of Equalization, on March 1 of each calendar year, of the amount of the tax revenues which will be collected for the previous calendar year.

SEC. 11. This act shall become operative upon the adoption by the voters of the Hazardous Substance Cleanup Bond Act of 1984, as set forth in Section 18 of Chapter 376 of the Statutes of 1984.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to better protect the environment and the health and welfare of the people of the state from the well-known dangers of hazardous substances releases by hastening the cleanup of these releases, it is necessary that this act take effect immediately.

CHAPTER 1688

An act to amend Sections 50515, 50516, 50517, 50530, 50531 of, to amend the chapter heading of Chapter 3.5 (commencing with Section 50530) of Part 2 of Division 31 of, to add Sections 50400.5, 50517.4, 50532, 50532.5 to, to add chapter headings to Part 2 (commencing with Section 50400) of Division 31 of, to repeal Section 50532 of, and to repeal Chapter 8 (commencing with Section 50700) of Part 2 of Division 31 of, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 50400.5 is added to the Health and Safety Code, to read:

50400.5. Notwithstanding Section 13340 of the Government Code, or any other provision of law, any money contained in the Rural Predevelopment Loan Fund created pursuant to Section 50516, the Housing Rehabilitation Loan Fund created pursuant to Section 50661, the Homeownership Assistance Fund created pursuant to Section 50778, the Rental Housing Construction Fund created pursuant to Section 50740, and the Urban Predevelopment Loan Fund created pursuant to Section 50531, are hereby continuously appropriated, without regard to fiscal year, for any purposes authorized by statute. It is the intent of the Legislature that this section also supersede the amounts appropriated pursuant to Items 2240-101-635, 2240-101-929, 2240-101-936, 2240-101-938, and 2240-101-980, respectively, of the Budget Act of 1984 (Ch. 258, Stats. 1984).

SEC. 1.5. A chapter heading is added to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code, immediately preceding Section 50515, to read:

CHAPTER 3.1. RURAL PREDEVELOPMENT LOANS

SEC. 2. Section 50515 of the Health and Safety Code is amended to read:

50515. As used in this chapter:

(a) "Housing" includes, but is not limited to, manufactured housing.

(b) "Fund" means the Rural Predevelopment Loan Fund which is replenished continuously by repayments of principal on loans made from the fund.

(c) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by eligible sponsors in the process of, and prior to, securing long-term financing for production, conversion, or rehabilitation of assisted housing, and which are recoverable once long-term financing is obtained. The purposes for which predevelopment loans may be made include, but are not limited to, the costs of, or the costs associated with, land purchase or options to buy land; professional services such as architectural, engineering, or legal services; permit or application fees; and bonding, site preparation, related water or sewer development, or material expenses. In addition, the loans may be made for the purpose of extending the time period for exercising an option or extending the time period for repayment of an advance previously obtained. Such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(d) "Land purchase loan" means a loan for the costs incurred by an eligible sponsor in obtaining an option on, or purchasing suitable land for, the future development of assisted housing, including, but not limited to, costs associated with transfer of title, appraisals, payment of property taxes, surveys, and necessary maintenance of the land.

(e) "Eligible sponsors" means local governmental agencies or nonprofit corporations, including cooperative housing corporations.

SEC. 3. Section 50516 of the Health and Safety Code is amended to read:

50516. (a) The Housing Predevelopment Loan Fund established pursuant to this section and the Land Purchase Fund established pursuant to Section 50701 are hereby combined and renamed the Rural Predevelopment Loan Fund.

(b) Notwithstanding Section 13340 of the Government Code, all money in the fund, including any interest on loans made from the fund, is continuously appropriated to the department for carrying out the purposes of this chapter. The fund shall be a revolving loan fund which shall be used to make predevelopment loans and land purchase loans to eligible sponsors for assisted housing in rural areas, for occupancy by persons of low income.

(c) All interest, dividends, and pecuniary gains from investments or deposits of moneys in the fund shall accrue to the fund, notwithstanding Section 16305.7 of the Government Code.

There shall be paid into the fund all of the following:

(1) Any moneys appropriated and made available by the Legislature for the purposes of the fund.

(2) Any moneys which the department receives in repayment of

loans made from the fund, including any interest on loans made from the fund.

(3) Any other moneys which may be made available to the department for the purposes of this chapter from any other source.

SEC. 4. Section 50517 of the Health and Safety Code is amended to read:

50517. The fund shall be administered by the director and such persons within the department as the director may designate.

The fund shall be administered in accordance with all of the following requirements:

(a) The department shall not commit more than 30 percent of the total moneys in the fund for land purchase loans, or more than 85 percent of the total moneys in the fund for predevelopment loans.

(b) The department shall not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(c) The department shall require adequate security for all loans made from the fund. For the purposes of this subdivision, the term "adequate security" includes, but need not be limited to, a security interest in any property purchased with fund moneys, a promissory note, or an assignment of a land option, except that in the case of Indian trust land a mortgage on a leasehold interest in the property shall be acceptable.

(d) No predevelopment loan may be made pursuant to this chapter unless the department may reasonably anticipate that a commitment can be obtained by an eligible sponsor for construction financing or long-term financing that will permit occupancy by persons of low income, as specified in subdivision (b) of Section 50516. The department may make land purchase loans to eligible sponsors to enable those sponsors to exercise options or to purchase land on which no option can be obtained even though the sponsor is not able at the time the loan is made to proceed with the development of assisted housing on the purchased site. If the eligible sponsor is unable to proceed with the development of assisted housing within three years of the sponsor's acquisition of the site, the sponsor shall convey the site to the department. The department shall dispose of the site in accordance with subdivision (o) of Section 50406, and the net proceeds shall be paid into the fund.

(e) The department shall, from time to time, direct the Treasurer to invest moneys of the fund which are not required for its current needs in such eligible securities as the department shall designate from among those specified in Section 16430 of the Government Code. The department may direct the Treasurer to deposit moneys from the fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All

interest, dividends, and pecuniary gains from such investments or deposits shall accrue to the fund.

(f) In complying with Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the fund. The report shall include, but need not be limited to, all of the following information:

(1) The number of units assisted.

(2) The average income of households assisted and the distribution of annual incomes among assisted households.

(3) The rents in assisted units.

(4) The number and amount of loans made to each eligible sponsor in the preceding year.

(5) Data on the number of delinquencies and defaults.

(6) Recommendations, as needed, to improve the operation of the fund.

(7) The number of loans made at interest rates lower than 7 percent per annum, and the income of households assisted by such loans.

(8) The public transportation services conveniently available to assisted households.

(9) The number of manufactured housing units assisted under Section 50516 and this section.

(10) The location, size, and cost of land, and option rights purchased with land purchase loans.

(g) (1) Except as provided in paragraph (2), the balance of any loan made from the fund or its predecessor funds which remains unpaid on September 22, 1983, except any portion which is delinquent, and all loans made from the fund on or after that date, shall bear interest at a rate of 7 percent per annum.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households, as described in Section 50105. However, if the department eliminates interest on a loan, it shall charge a loan origination fee not to exceed 2 percent of the loan amount.

(h) The department may make predevelopment loans or land purchase loans for the development of mobilehome parks and manufactured housing subdivisions.

SEC. 5. Section 50517.4 is added to the Health and Safety Code, to read:

50517.4. In order to assure the immediate availability of money to secure suitable sites in rural areas for development of assisted housing, the department may also make land purchase loans to eligible sponsors which meet standards of experience in the development of assisted housing prescribed by the department. These loans shall be made pursuant to an agreement with such sponsors for a maximum term of 12 months, renewable by the department for a maximum of two additional terms of 12 months

each. The land purchase loans shall be deposited in a special interest-bearing account and shall be available, with the prior approval of the department, to the sponsors for the exclusive purpose of obtaining options on, or purchasing sites suitable for, assisted housing in rural areas.

SEC. 6. A chapter heading is added to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code, immediately preceding Section 50517.5, to read:

CHAPTER 3.2. FARMWORKER HOUSING GRANT PROGRAM

SEC. 7. A chapter heading is added to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code, immediately preceding Section 50519, to read:

CHAPTER 3.3. RESIDENTIAL HOTEL REHABILITATION

SEC. 8. A chapter heading is added to Part 2 (commencing with Section 50400) of Division 31, immediately preceding Section 50523, of the Health and Safety Code, to read:

CHAPTER 3.4. MOBILEHOME PARK OWNERSHIP ASSISTANCE

SEC. 9. The chapter heading of Chapter 3.5 (commencing with Section 50530) of Part 2 of Division 31 of the Health and Safety Code is amended to read:

CHAPTER 3.5. URBAN PREDEVELOPMENT LOANS

SEC. 10. Section 50530 of the Health and Safety Code is amended to read:

50530. As used in this chapter:

(a) "Housing" includes, but is not limited to, manufactured housing.

(b) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by eligible sponsors in the process of, and prior to, securing long-term financing for construction, conversion, or rehabilitation of assisted housing, and which are recoverable once long-term financing is obtained. The purposes for which predevelopment loans may be made include, but are not limited to, the costs of, or the costs associated with, land purchase or options to buy land; professional services such as architectural, engineering, or legal services; permit or application fees; and bonding, site preparation, related water or sewer development, or material expenses. In addition, the loans may be made for the purpose of extending the time for exercising an option or extending the time period for repayment of an advance previously obtained. Such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating

nonprofit corporations.

(c) "Fund" means the Urban Predevelopment Loan Fund which is replenished continuously by repayments of principal on loans made from the fund.

(d) "Land purchase loan" means a loan for the costs incurred by an eligible sponsor in obtaining an option on, or purchasing suitable land for, the future development of assisted housing, including, but not limited to, costs associated with transfer of title, appraisals, payment of property taxes, surveys, and necessary maintenance of the land.

(e) "Eligible sponsors" means local governmental agencies or nonprofit corporations, including cooperative housing corporations.

SEC. 11. Section 50531 of the Health and Safety Code is amended to read:

50531. (a) The Urban Housing Development Loan Fund established in the State Treasury is hereby renamed the Urban Predevelopment Loan Fund.

(b) Notwithstanding Section 13340 of the Government Code, all money in the fund, including any interest on loans made from the fund, is hereby continuously appropriated to the department for carrying out the purposes of this chapter. The fund shall be a revolving loan fund which shall be used to make predevelopment loans and land purchase loans to eligible sponsors for assisted housing in urban areas, for occupancy primarily by persons of low income.

(c) All interest, dividends, and pecuniary gains from investments or deposits of moneys in the fund shall accrue to the fund, notwithstanding Section 16305.7 of the Government Code.

There shall be paid into the fund all of the following:

(1) Any moneys appropriated and made available by the Legislature for the purposes of the fund.

(2) Any moneys which the department receives in repayment of loans made from the fund, including any interest on loans made from the fund.

(3) Any other moneys which may be made available to the department for the purposes of this chapter from any other source.

SEC. 12. Section 50532 of the Health and Safety Code is repealed.

SEC. 13. Section 50532 is added to the Health and Safety Code, to read:

50532. The fund shall be administered by the director and such persons within the department as the director shall designate.

The fund shall be administered in accordance with all of the following requirements:

(a) The department shall not commit more than 30 percent of the total moneys in the fund for land purchase loans, or more than 85 percent of the total moneys in the fund for predevelopment loans.

(b) The department shall not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(c) The department shall require adequate security for all loans

made from the fund. For the purposes of this subdivision, "adequate security" includes, but need not be limited to, a security interest in any property purchased with fund moneys, a promissory note, or an assignment of a land option, except that in the case of Indian trust land a mortgage on a leasehold interest in the property shall be acceptable.

(d) No predevelopment loan may be made pursuant to this chapter unless the department may reasonably anticipate that a commitment can be obtained by an eligible sponsor for construction financing or long-term financing that will permit occupancy primarily by persons of low income, as specified in subdivision (b) of Section 50531. The department may make land purchase loans to eligible sponsors to enable those sponsors to exercise options or to purchase land on which no option can be obtained even though the sponsor is not able at the time the loan is made to proceed with the development of assisted housing on the purchased site. If the eligible sponsor is unable to proceed with the development of assisted housing on the purchased site within three years of its acquisition, the sponsor, upon demand of the department, shall convey the site to the department. The department shall dispose of the site in accordance with subdivision (o) of Section 50406, and the net proceeds shall be paid into the fund.

(e) The department shall, from time to time, direct the Treasurer to invest moneys of the fund which are not required for its current needs in such eligible securities as the department shall designate from among those specified in Section 16430 of the Government Code. The department may direct the Treasurer to deposit moneys from the fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest, dividends, and pecuniary gains from such investments or deposits shall accrue to the fund.

(f) In complying with Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the fund. The report shall include, but need not be limited to, all of the following information:

(1) The number of units assisted.

(2) The average income of households assisted and the distribution of annual incomes among assisted households.

(3) The rents in assisted units.

(4) The number and amount of loans made to each eligible sponsor in the preceding year.

(5) Data on the number of delinquencies and defaults.

(6) Recommendations, as needed, to improve the operation of the fund.

(7) The number of loans made at interest rates lower than 7

percent per annum, and the income of households assisted by such loans.

(8) The public transportation services conveniently available to assisted households.

(9) The number of manufactured housing units assisted under Section 50531 and this section.

(10) The location, size, and cost of land, and option rights purchased with land purchase loans.

(g) (1) Except as provided in paragraph (2), the balance of any loan made from the fund or its predecessor fund which remains unpaid on September 22, 1983, except any portion which is delinquent, and all loans made from the fund on or after that date, shall bear interest at a rate of 7 percent per annum.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households, as described in Section 50105. However, if the department eliminates interest on a loan, it shall charge a loan origination fee not to exceed 2 percent of the loan amount.

(h) Other things being equal, the department shall give priority to assisting development which will be located in public transit corridors.

(i) The department may make predevelopment loans or land purchase loans for the development of mobilehome parks and manufactured housing subdivisions.

SEC. 14. Section 50532.5 is added to the Health and Safety Code, to read:

50532.5. In order to assure the immediate availability of money to secure suitable sites in urban areas for the development of assisted housing, the department may also make land purchase loans to eligible sponsors which meet standards of experience in the development of assisted housing prescribed by the department. These loans shall be made pursuant to an agreement with such sponsors for a maximum term of 12 months, renewable by the department for a maximum of two additional terms of 12 months each. The land purchase loans shall be deposited in a special interest-bearing account and shall be available, with the prior approval of the department, to the sponsors for the exclusive purpose of obtaining options on, or purchasing sites suitable for, assisted housing in urban areas.

SEC. 15. Chapter 8 (commencing with Section 50700) of Part 2 of Division 31 of the Health and Safety Code is repealed.

CHAPTER 1689

An act relating to migrant labor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there is a severe shortage of decent, safe, and sanitary housing that is affordable to California's agricultural employees. The absence of an adequate supply of housing aggravates the problem of growers in ensuring an available labor supply and is inimical to the health and safety of employees. These employees have no alternative but to crowd into dilipated housing or live in cars and orchards. These conditions adversely affect the productivity of California's number one industry, agriculture, and has deleterious effects on public health and the health of consumers.

The Legislature further finds and declares that it is not feasible for all agricultural employers, particularly small family farmers, to build and maintain housing for their employees. The programs provided by the state and federal governments have been unable to meet the need that exists and further action is necessary to help meet the needs of farm labor employers and employees for more labor housing. It is a valid and worthwhile public purpose to provide incentives to ensure an available supply of labor to employers and decent housing to employees.

SEC. 2. The Department of Housing and Community Development, through its Office of Migrant Services, pursuant to the authority granted in subdivision (n) of Section 50406 and Section 50710 of the Health and Safety Code, shall develop three state-operated migrant farm labor camp centers of 100 family units each in the Counties of Imperial, San Diego, and Riverside. The department shall seek the maximum possible contribution of funds, land, and other incentives from local, federal, and private sources.

SEC. 3. The Department of Housing and Community Development shall report to the Legislature every six months until any funds appropriated by the Legislature, prior to July 1, 1986, for the development of the centers described in Section 2 of this act are expended. The reports shall include a progress statement on the projects, and shall specify what steps are being taken by the department to seek federal, local, and private contributions of funds, land, and other incentives as required by Section 2 of this act.

SEC. 4. If the Legislature does not appropriate sufficient funds to finance the development of all three of the centers required by Section 2 of this act, as determined by the Department of Housing and Community Development, then the centers shall be developed in the prescribed counties, to the extent funds are available, in the

following priority order: Riverside, San Diego, and Imperial.

CHAPTER 1690

An act to amend Section 50696 of, and to add Sections 50691.1 and 50697.1 to, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 50691.1 is added to the Health and Safety Code, to read:

50691.1. The Legislature finds and declares that self-help housing generates self-reliance and a sense of community for participants, and that it is an important and proven source of housing for many low- and moderate-income California residents.

The Legislature further finds and declares that the California Housing Advisory Service has been very successful in its goal of stimulating the production and rehabilitation of housing with the use of several self-help housing techniques, and that the program should be expanded to assist more low- and moderate-income residents throughout this state.

In addition to the purposes specified in Section 50691, the purposes of this chapter include all of the following:

(1) Expansion of the production of decent and affordable housing for low- and moderate-income people through the use of self-help methods of rehabilitation and construction.

(2) Expansion of homeownership opportunities for those to whom it would otherwise not be available without the cost savings achieved by the self-help method.

(3) Encouragement of self-reliance, pride of ownership, and sense of community for those who participate.

SEC. 2. Section 50696 of the Health and Safety Code is amended to read:

50696. (a) The California Housing Advisory Service may provide the information and technical assistance required by Section 50695 in conjunction with federal and state energy and water conservation programs, and federal and state neighborhood preservation and urban homesteading programs, including local programs carried on in federally assisted community development neighborhoods, neighborhood preservation areas, redevelopment project areas, urban homesteading areas, and residential rehabilitation areas.

(b) The California Housing Advisory Service may contract with public entities and private nonprofit corporations to provide assistance to persons and families of low or moderate income who are

owner-builders or self-help rehabilitators, as defined in subdivisions (a) and (c) of Section 50692. These contracts shall provide grant funds for any of the following activities:

(1) To cover the costs of developing, conducting, administering, or coordinating programs of technical or supervisory assistance which will aid persons and families of low or moderate income in carrying out owner-building or self-help rehabilitation housing efforts.

(2) To writedown the development costs of the participant's housing.

(3) To reduce monthly mortgage payments by reducing the interest cost to the participant through supplemental payments of those grant funds, reducing principal, or deferring all or a portion of the payments until the housing is sold or refinanced.

(c) The primary emphasis of the California Housing Advisory Service and local housing advisory service programs shall be to expand and improve the housing stock available to lower income households. The advisory service shall give priority to those applications received by the program which serve the highest proportion of lower-income households.

(d) Any units constructed or rehabilitated under the provisions of subdivision (b) of Section 50696 shall remain affordable to, and occupied by, lower-income households for a minimum of 20 years.

SEC. 3. Section 50697.1 is added to the Health and Safety Code, to read:

50697.1. The Self-Help Housing Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all moneys in the fund are continuously appropriated for contracts entered into pursuant to subdivision (b) of Section 50696 and for costs incurred by the California Housing Advisory Service in administering the program.

The fund shall consist of all of the following:

(a) Any moneys appropriated to the fund by the Legislature.

(b) Any moneys which the California Housing Advisory Service receives in repayment or return of grants from the fund, including any interest on those moneys.

(c) Any other moneys which may be made available to the California Housing Advisory Service for the purposes of subdivision (b) of Section 50696 from any other source or sources.

SEC. 4. There is hereby appropriated from the General Fund to the Self-Help Housing Fund, the sum of three million dollars ($3,000,000) for expenditure according to the following schedule:

Schedule:

(a) $2,800,000 for contracts entered into pursuant to subdivision (b) of Section 50696 of the Health and Safety Code.

(b) $200,000 for administrative costs of

the California Housing Advisory Service incurred pursuant to subdivision (b) of Section 50696 of the Health and Safety Code.

CHAPTER 1691

An act to amend Sections 65008 and 65583 of the Government Code, to amend Sections 50001, 50801, 50802, and 50806 of, to amend and renumber Section 50800 of, to add Sections 50003.3, 50524, 50800, 50805, and 50807 to, and to repeal Section 50805 of, the Health and Safety Code, and to amend Section 2 of Chapter 2 of the Statutes of 1975, First Extraordinary Session, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that because of economic, physical, and mental conditions that are beyond their control, thousands of individuals and families in California are homeless. Churches, local governments, and nonprofit organizations providing assistance to the homeless have been overwhelmed by a new class of homeless: families with children, individuals with employable skills, and formerly middle-class families and individuals with long work histories.

The programs provided by the state, local, and federal governments, and by private institutions, have been unable to meet existing needs and further action is necessary. The Legislature finds and declares that two levels of housing assistance are needed: an emergency fund to supplement temporary shelter programs, and a fund to facilitate the preservation of existing housing and the creation of new housing units affordable to very low income households. It is in the public interest for the State of California to provide this assistance.

The Legislature further finds and declares that there is a need for more information on the numbers of homeless and the causes of homelessness, and for systematic exploration of more comprehensive solutions to the problem. Both local and state government have a role to play in identifying, understanding, and devising solutions to the problem of homelessness.

SEC. 2. Section 65008 of the Government Code is amended to read:

65008. (a) Any action pursuant to this title by any city, county,

or city and county in this state which denies to any individual or group of individuals the enjoyment of residence, land ownership, tenancy, or any other land use in this state because of religious or ethnic reasons is null and void.

(b) No city, county, or city and county shall, in the enactment or administration of ordinances pursuant to this title, prohibit or discriminate against any residential development or emergency shelter because of the method of financing or the race, sex, color, religion, national origin, ancestry, or age of the intended occupants of the development or project.

(c) No city, county, or city and county shall, in the enactment or administration of ordinances pursuant to this title, prohibit or discriminate against a residential development or emergency shelter because the development or shelter is intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income.

For the purposes of this section, "persons and families of middle income" means persons and families whose income does not exceed 150 percent of the median income for the county in which the persons or families reside.

(d) No city, county, or city and county may impose different requirements on a residential development or emergency shelter which is subsidized, financed, insured, or otherwise assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, than those imposed on nonassisted developments, except as provided in subdivision (e).

(e) Nothing in this title shall be construed to prohibit a city, county, or city and county from extending preferential treatment to residential developments or emergency shelters assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, or other residential developments or emergency shelters intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income. This preferential treatment may include, but need not be limited to, reduction or waiver of fees or changes in architectural requirements, site development and property line requirements, building setback requirements, or vehicle parking requirements which reduce development costs of these developments.

(f) This section shall apply to chartered cities.

The Legislature finds and declares that discriminatory practices which inhibit the development of housing for persons and families of low, moderate, and middle income, or emergency shelters for the homeless, are a matter of statewide concern.

SEC. 3. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and

analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include the following:

(1) Analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) Analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) Analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures.

(5) Analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) Analysis of any special housing needs, such as those of the handicapped, elderly, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) Analysis of opportunities for energy conservation with respect to residential development.

(b) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, improvement, and development of housing.

It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the identified existing housing needs, but should establish the maximum number of housing units that can be

constructed, rehabilitated, and conserved over a five-year time frame.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available. In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify adequate sites which will be made available through appropriate zoning and development standards and with public services and facilities needed to facilitate and encourage the development of a variety of types of housing for all income levels, including rental housing, factory-built housing, and mobilehomes, in order to meet the community's housing goals as identified in subdivision (b). The program may include an identification of adequate sites for emergency housing.

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing.

(4) Conserve and improve the condition of the existing affordable housing stock.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, or color.

The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

SEC. 4. Section 50001 of the Health and Safety Code is amended to read:

50001. The Legislature finds and declares that the subject of housing is of vital statewide importance to the health, safety, and welfare of the residents of this state, for the following reasons:

(a) Decent housing is an essential motivating force in helping people achieve self-fulfillment in a free and democratic society.

(b) Unsanitary, unsafe, overcrowded, or congested dwelling accommodations or lack of decent housing constitute conditions which cause an increase in, and spread of, disease and crime.

(c) A healthy housing market is one in which residents of this state have a choice of housing opportunities and one in which the housing consumer may effectively choose within the free marketplace.

(d) A healthy housing market is necessary both to achieve a

healthy state economy and to avoid an unacceptable level of unemployment.

SEC. 5. Section 50003.3 is added to the Health and Safety Code, to read:

50003.3. The Legislature finds and declares that there exists within the urban and rural areas of the state a significant number of persons without decent, safe, and sanitary housing. This shortage is inimical to the health, safety, and welfare of the residents of this state and the sound growth of its communities. Without the assistance contemplated in this division, it is not financially feasible for private enterprise and private investors to provide decent, safe, and sanitary emergency housing for persons who are homeless.

The Legislature also finds and declares that in order to remedy the emergency shelter shortages, it is necessary to implement a public program incorporating all of the following elements and goals:

(a) An increase in the supply of decent, safe, and sanitary emergency shelters available to the homeless.

(b) Maximum utilization of state, local, and federal subsidies available to meet the emergency shelter needs of the homeless.

(c) Maximum utilization of tax increment moneys generated by city and county redevelopment programs for the construction and maintenance of decent, safe, and sanitary emergency shelters.

(d) Encourage the utilization of unused or underutilized public facilities which could be converted to decent, safe, and sanitary emergency shelters for the homeless.

(e) Preservation of existing housing opportunities for very low income households, including, but not limited to, residential hotels.

(f) Prevention of the displacement of very low income households from existing housing.

SEC. 6. Section 50524 is added to the Health and Safety Code, to read:

50524. The department shall, on or before March 1, 1985, prepare and provide a report to the Legislature evaluating the extent and causes of homelessness in the state, identifying who is homeless and what existing efforts are being made to address the problem, and recommending appropriate state action which will help resolve the problem. It is the intent of the Legislature, that the department utilize and rely upon existing sources of information about the homeless, to the maximum extent feasible, and devote a majority of the amount appropriated by subdivision (c) of Section 7 of the act which enacted this section to develop recommendations of appropriate solutions to resolve that problem. The department shall thereafter include in its statewide housing plan a review of housing assistance policies, goals, and objectives affecting the homeless.

SEC. 7. Section 50800 of the Health and Safety Code is amended and renumbered to read:

50800.5. There is hereby created in the State Treasury the Emergency Housing and Assistance Fund. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously

appropriated to the department to carry out the purposes of this chapter. Any moneys received by the department pursuant to this chapter or any other source, including repayments, interest, or new appropriations shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Money in the fund shall not be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund. The department may require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest, dividends, and pecuniary gains from these investments shall accrue to the fund, notwithstanding Section 16305.7 of the Government Code.

SEC. 8. Section 50800 is added to the Health and Safety Code, to read:

50800. It is the intent of the Legislature to encourage the provision of shelter to homeless persons at as low a cost as possible, to encourage people to move from shelters to a self-supporting environment as soon as possible, and to encourage the provision of shelters at as low a cost and as quickly as possible without compromising the health and safety of shelter occupants.

SEC. 8.5. Section 50801 of the Health and Safety Code is amended to read:

50801. As used in this chapter:

(a) "Eligible recipient" means an agency of local government or a nonprofit organization which provides shelter effectively and efficiently to persons on an emergency or temporary basis.

(b) "Department" means the Department of Housing and Community Development.

SEC. 9. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall adopt guidelines to govern the distribution of funds in accordance with the intent and provisions of this chapter.

(b) Those guidelines shall grant priority for the distribution of funds to eligible recipients who meet any of the following criteria:

(1) To eligible recipients who make a commitment to provide matching funds or in-kind contributions.

(2) To eligible recipients who make a commitment to utilize homeless adults to operate and maintain the shelters and who will assist homeless persons in obtaining permanent shelter, job placement in the private sector, and other alternative sources of support.

(3) To eligible recipients who make a commitment to provide opportunities to homeless adults who have mechanical or construction skills and who are able to assist in the maintenance or rehabilitation of shelters.

SEC. 10. Section 50805 of the Health and Safety Code is repealed.

SEC. 11. Section 50805 is added to the Health and Safety Code, to read:

50805. Grants awarded pursuant to this chapter may be used, with the approval of the department, to purchase, lease, renovate, repair, or equip buildings and sites for use as emergency shelters. The department shall, in ranking and rating applications for grants for these purposes, give priority to those which are the most cost-effective, as determined by the department, in expanding or preserving the housing supply. Any eligible recipient awarded a grant pursuant to this chapter shall be required to use the grant funds to provide emergency shelter to needy persons, to practice nondiscrimination in the provision of shelter, to use no more than 2 percent of the grant funds to defray administrative costs, to use grant funds to supplement, not supplant, other state and local programs providing social services, health care, and housing assistance, and to meet any other qualifications the department finds necessary to carry out the intent of this chapter.

SEC. 12. Section 50806 of the Health and Safety Code is amended to read:

50806. (a) The department shall not award more than two hundred fifty thousand dollars ($250,000) to any eligible recipient under each application.

(b) The department shall use not more than 3 percent of the amounts made available for grants to cover its administrative costs pursuant to this chapter.

(c) The department shall report to the Governor and the Legislature on the use of funds pursuant to this chapter, including, but not limited to, a listing of all grant recipients, the amount of the grant awarded, the purposes to which the grant funds would be put, and the address of the grant recipient.

SEC. 13. Section 50807 is added to the Health and Safety Code, to read:

50807. (a) The department shall establish minimum guidelines for the rehabilitation of emergency shelters to assure their minimum habitability. The guidelines may be adopted by any city, county, or city and county. The guidelines shall assure that the public health, safety, and welfare is protected while recognizing the temporary nature of these facilities and the urgent need for their construction. These guidelines shall be published within 90 days of the effective date of this statute.

(b) Notwithstanding any other provision of law, any city, county, or city and county may waive or change either, or both, of the following:

(1) Any local changes or modifications made pursuant to Section 17958.5.

(2) Requirements for inspection of construction by local officials for structures rehabilitated with funds provided pursuant to this chapter if that waiver or change does not impair the public health and safety. However, no city, county, or city and county shall waive

or change any provision contained in the State Building Standards Code or any state building standard, or adopt any other waiver or change which would authorize changes in the means of egress or the adequacy of exits from buildings necessary for fire protection and prevention.

(c) The department may provide priority to the funding of emergency shelters in jurisdictions which adopt the guidelines established by the department pursuant to subdivision (a) or which adopt the waivers or changes permitted by subdivision (b).

SEC. 14. Section 2 of Chapter 2 of the Statutes of 1975, First Extraordinary Session, is amended to read:

Sec. 2. (a) The sum of five million dollars ($5,000,000) is hereby appropriated from the General Fund for transfer to the Housing Insurance Fund created by Section 51653 of the Health and Safety Code.

Those moneys shall constitute, and be accounted for, as advances to the California Housing Finance Agency, and a like amount shall be repaid to the General Fund in the State Treasury, without interest, in three equal installments on the following dates:

(1) The effective date of the act which amended this section during the 1983–84 Regular Session of the Legislature.

(2) January 1, 1985.

(3) July 1, 1985.

(b) The amount required to be repaid pursuant to subdivision (a) shall be repaid from all revenues of the agency available for the purposes of Part 3 (commencing with Section 50900) of Division 31 of the Health and Safety Code in excess of amounts required for payment of the agency's current operating expenses and amounts necessary to maintain the loan and bond reserve accounts at not less than the loan and bond insurance reserve requirements.

SEC. 15. (a) The sum of five million dollars ($5,000,000), which amount is required to be repaid to the General Fund by the California Housing Finance Agency pursuant to Section 2 of Chapter 2 of the Statutes of 1975, First Extraordinary Session, as amended by Section 14 of this act, is hereby appropriated to the Department of Housing and Community Development for deposit in the Emergency Housing and Assistance Fund established pursuant to Section 50800.5 of the Health and Safety Code.

(b) The Controller shall transfer the amount appropriated pursuant to subdivision (a) in three equal installments on the following dates:

(1) The effective date of this act.

(2) January 1, 1985.

(3) July 1, 1985.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide benefits to homeless persons as soon as possible,

it is necessary for this act to take effect immediately.

CHAPTER 1692

An act to add and repeal Chapter 4.5 (commencing with Section 50560) and Chapter 11 (commencing with Section 50780) of Part 2 of Division 31 of the Health and Safety Code, and to add and repeal Section 62.1 of the Revenue and Taxation Code, relating to mobilehome parks, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.5 (commencing with Section 50560) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 4.5. MOBILEHOME PARK ACQUISITION FUND

50560. For purposes of this chapter:

(a) "Agency" means the California Housing Finance Agency.

(b) "Fund" means the Mobilehome Park Acquisition Fund created pursuant to Section 50566.

(c) "Mobilehome" means any housing unit, the construction of which is subject to the provisions of Part 2 (commencing with Section 18000) of Division 13.

(d) "Mobilehome park" means a "mobilehome park" as defined by Section 18214.

(e) "Nonprofit corporation" means a corporation organized pursuant to the Nonprofit Corporation Law (Division 2 (commencing with Section 5000), Title 1, Corporations Code).

50561. The owners of mobilehomes who are tenants in mobilehome parks may form a nonprofit corporation, stock cooperative corporation, or other entity for purposes of converting a mobilehome park to condominium or stock cooperative ownership interests and for purchasing the mobilehome park from the management of the mobilehome park.

50562. The agency shall make loans from the fund to the nonprofit corporations, stock cooperative corporations, or entities formed for the purpose specified in Section 50561. The amount of the loan shall not exceed 80 percent of the purchase price of the mobilehome park. Loan funds may not be used for the acquisition and installation of mobilehomes. The department may provide financing for the balance of the purchase price for purposes of assisting the nonprofit corporation, stock cooperative corporation, or other entity.

50563. The nonprofit corporation, stock cooperative corporation,

or other entity receiving loans pursuant to Section 50562 shall repay to the agency the full amount of the loans over a period not to exceed 40 years and pursuant to a repayment and installment schedule established by the agency. The interest on the loans shall be determined by the agency based on the market rates at the time the loan agreement is entered into.

50564. With respect to the mobilehome park owned by a nonprofit corporation, stock cooperative corporation, or other entity and financed pursuant to this chapter, the agency shall establish the amount of the initial membership payment and shall fix the amount of monthly carrying charges in such a manner as may be necessary to meet the repayment schedule established by the agency pursuant to Section 50563 and to provide the mobilehome park residents with affordable monthly carrying charges to the extent consistent with the maintenance of the financial integrity of the mobilehome park and with the requirements for repayment established by the agency. The nonprofit corporation, stock cooperative corporation, or other entity may not alter monthly carrying charges without the prior permission of the agency, which shall be given only if such an alteration is necessary to avoid jeopardizing the financial integrity of the mobilehome park.

50565. No nonprofit corporation, stock cooperative corporation, or other entity formed for the purpose of acquiring a mobilehome park shall receive more than one loan from the fund.

50566. There is a Mobilehome Park Acquisition Fund in the State Treasury. Notwithstanding Section 13340 of the Government Code, the moneys in the fund are continuously appropriated to the agency for the purposes of this chapter. All moneys received by the agency pursuant to this chapter shall be deposited in the fund.

50567. The agency may, in addition to any other power conferred by this part, issue revenue bonds for the purpose of financing the acquisition of mobilehome parks pursuant to this chapter. All of the proceeds of these revenue bonds shall be deposited in the Mobilehome Park Acquisition Fund.

50567.5. This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Chapter 11 (commencing with Section 50780) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 11. MOBILEHOME PARK PURCHASE FUND

50780. (a) The Legislature finds and declares as follows:

(1) That manufactured housing and mobilehome parks provide a significant source of homeownership for California residents, but increasing costs of mobilehome park development and construction, combined with the costs of manufactured housing, the costs of financing and operating these parks, the low vacancy rates, and the pressures to convert mobilehome parks to other uses increasingly

render mobilehome park living unaffordable, particularly to those residents most in need of affordable housing.

(2) That state government can play an important role in addressing the problems confronted by mobilehome park residents by providing supplemental financing which makes it possible for mobilehome park residents to acquire the mobilehome parks in which they reside and convert them to resident ownership.

(b) Therefore, it is the intent of the Legislature, in enacting this chapter, to encourage and facilitate the conversion of mobilehome parks to resident ownership, to protect low-income mobilehome park residents from both physical and economic displacement, to obtain a high level of private and other public financing for mobilehome park conversions, and to help establish acceptance for resident-owned mobilehome parks in the private market.

50781. Unless the context otherwise requires, the following definitions given in this section shall control construction of this chapter:

(a) "Affordable" means that, where feasible, low-income residents should not pay more than 30 percent of their monthly income for housing costs.

(b) "Conversion costs" includes the cost of acquiring the mobilehome park, the costs of planning and processing the conversion, the costs of any needed repairs or rehabilitation, and any expenditures required by a government agency or lender for the project.

(c) "Department" means the Department of Housing and Community Development.

(d) "Fund" means the Mobilehome Park Purchase Fund created pursuant to Section 50782.

(e) "Housing costs" means the total cost of owning, occupying, and maintaining a mobilehome and a lot or space in a mobilehome park. The department's regulations shall specify the factors included in these costs and may, for the purposes of calculating affordability, establish reasonable allowances.

(f) "Individual interest in a mobilehome park" means any interest which is fee ownership or a lesser interest which entitles the holder to occupy a lot or space in a mobilehome park for a period of not less than either 15 years or the life of the holder. Individual interests in a mobilehome park include, but are not limited to, the following:

(1) Ownership of a lot or space in a mobilehome park or subdivision.

(2) A membership or shares in a stock cooperative, as defined in Section 11003.2 of the Business and Professions Code, or a limited equity housing cooperative, as defined in Section 33007.5 of the Health and Safety Code.

(3) Membership in a nonprofit mutual benefit corporation which owns, operates, or owns and operates the mobilehome park.

(g) "Low-income resident" means an individual or household who resided in the mobilehome park prior to application for a loan

pursuant to this chapter and who is a lower income household, as defined in Section 50079.5. However, personal assets shall not be considered in the calculation of income, except to the extent that they actually generate income.

(h) "Low-income spaces" means those spaces in a mobilehome park operated by a resident organization which are occupied by low-income residents.

(i) "Mobilehome park" means a mobilehome park, as defined in Section 18214, or a manufactured home subdivision created by the conversion to resident ownership of a mobilehome park, as defined in Section 18214.

(j) "Resident organization" means a group of mobilehome park residents who have formed a nonprofit corporation, cooperative corporation, or other entity or organization for the purpose of acquiring the mobilehome park in which they reside and converting the mobilehome park to resident ownership. The membership of a resident organization shall include at least two-thirds of the households residing in the mobilehome park at the time of application for assistance from the department.

(k) "Resident ownership" means, depending on the context, either the ownership, by a resident organization, as defined in this section, of an interest in a mobilehome park which entitles the resident organization to control the operations of the mobilehome park for a term of no less than 15 years, or the ownership of individual interests in a mobilehome park, or both.

50782. The Mobilehome Park Purchase Fund is hereby created in the State Treasury and, notwithstanding Section 13340 of the Government Code or any other provisions of law, is continuously appropriated to the department for the purpose of providing loans pursuant to this chapter and for related administrative costs of the department. Notwithstanding Section 16305.7 of the Government Code, any moneys received by the department pursuant to this chapter, any other sources, repayments, interest, or new appropriations shall be deposited in the fund. Money in the fund shall not be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund. The department may require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. Notwithstanding Section 16305.7 of the Government Code, all interest, dividends, and pecuniary gains from the investments shall accrue to the fund.

50783. (a) The department may make loans from the fund to resident organizations for the purpose of financing mobilehome park conversion costs, as defined in this chapter.

(b) Loans provided pursuant to this section shall be for a term of no more than three years and shall bear interest at a rate of 7 percent

per annum.

(c) Loans provided pursuant to this section shall be for the minimum amount necessary to enable a resident organization to acquire and convert the mobilehome park in which its members reside. However, in no case shall the loan amount exceed 50 percent of the approved conversion costs.

50784. (a) The department may make loans from the fund to low-income residents of mobilehome parks converted to resident ownership or to resident organizations which have converted or plan to convert a mobilehome park to resident ownership. The purpose of providing loans pursuant to this section is to reduce the monthly housing costs for low-income residents to an affordable level.

(b) Loans provided pursuant to this section shall be for a term of no more than 30 years and shall bear interest at a rate of 7 percent per annum.

(c) The department may establish flexible repayment terms for loans provided pursuant to this section if the terms are necessary to reduce the monthly housing costs for low-income residents to an affordable level, and do not represent an unacceptable risk to the security of the fund. Flexible repayment terms may include, but are not limited to, graduated payment schedules with negative amortization.

(d) Loans provided to low-income residents pursuant to this section shall be for the minimum amount necessary to reduce the borrower's monthly housing costs to an affordable level. However, in no case shall loan amounts exceed 50 percent of the acquisition costs of the individual interests in the mobilehome parks. In addition, the total indebtedness upon individual interests may not exceed 90 percent of the value of the interests.

(e) Loans provided to resident organizations pursuant to this section shall be for the minimum amount necessary to reduce the monthly housing costs of low-income residents to an affordable level. However, in no case shall the loan amounts exceed 50 percent of the conversion costs attributable to the low-income spaces. Funds provided pursuant to this section shall not be used to assist residents who are not of low income, or to reduce monthly housing costs for low-income residents to less than 30 percent of their monthly income.

50785. In determining the eligibility for and amount of loans pursuant to Sections 50783 and 50784, the department shall take into consideration, among other factors, all of the following:

(a) The reasonableness of the conversion costs relating to repairs, rehabilitation, construction, or other costs.

(b) Any administrative and security factors affecting the department's program operation and administration.

(c) Whether or not the projects complement the implementation of a local housing program to preserve or increase the supply of housing for persons and families of low or moderate income.

(d) Whether or not state funds are utilized in the most efficient

and effective manner.

To the extent consistent with requests for assistance, the department shall allocate funds available for the purposes of this chapter throughout the state in accordance with identified housing needs, including seeking to allocate not less than 20 percent to rural areas.

50786. (a) The department shall promulgate rules and regulations for the administration and implementation of this chapter.

(b) The department shall obtain the best available security for loans made pursuant to this chapter. The security may include a note, deed of trust, assignment of lease, or other form of security on real or personal property which the department determines is adequate to protect the interests of the state. To the extent applicable, these documents and any regulatory provisions shall be recorded or referenced in a recorded document in the office of the county recorder of the county in which the mobilehome park is located.

(c) The degree of continuing regulatory control with respect to park operations and resident loans exercised by the department in making loans pursuant to this chapter shall be commensurate with the level of financial assistance provided and in all cases shall be adequate to protect the state's security interest and assure the accomplishment of the purposes of the program authorized by this chapter. The regulatory requirements shall be set forth in a regulatory agreement, deed of trust, or other lien, and violation of these requirements shall be considered a violation of a security document.

(d) Before providing financing pursuant to this chapter, the department shall require provision of, and approve, at least the following:

(1) Verification that at least two-thirds of the households residing in the mobilehome park support the plans for acquisition and conversion of the park.

(2) Verification that either no park residents will be involuntarily displaced as a result of the park conversion or the impacts of the displacement will be mitigated as required under state and local law.

(3) Verification that the conversion is consistent with local zoning and land use requirements, other applicable state and local laws, and regulations and ordinances.

(4) Projected costs and sources of funds for all conversion activities.

(5) Projected operating budget for the park during and after the conversion.

(6) A management plan for the conversion and operation of the park.

(7) If necessary, a relocation plan for residents not participating which is in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code.

(e) The department shall, to the greatest extent feasible, contract

with private lenders or units of local government to service loans made pursuant to this chapter.

50787. Within two years of the completion of the mobilehome park conversions financed pursuant to this chapter, but in no event later than January 1, 1989, the department shall undertake an evaluation of the conversions to determine the feasibility and desirability of establishing a more comprehensive program of state assistance for mobilehome park conversions. The department shall submit this report with its recommendations to the Legislature no later than July 1, 1989. This report shall also include an examination of the financial, governmental, and institutional constraints to the conversion of mobilehome parks; the impact of park conversions upon low-income residents; the characteristics of persons who moved from the parks during the conversion process or within one year of the conversion; the costs of acquiring interests in converted parks, the monthly costs of remaining in the parks, and the affordability of those costs to the residents; the distribution and average income and assets of the residents; data, if any, on loan delinquencies and defaults; the costs of acquiring and converting mobilehome parks to resident ownership and recommendations on ways in which the costs can be reduced; and a comparison of the different resident ownership structures financed pursuant to this chapter.

50788. This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. Section 62.1 is added to the Revenue and Taxation Code, to read:

62.1. Change in ownership shall not include any transfer, on or after January 1, 1985, of a mobilehome park to a nonprofit corporation, stock cooperative corporation, or other entity, as described in Section 50561 of the Health and Safety Code, formed by the tenants of a mobilehome park for the purpose of purchasing the mobilehome park.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 4. The amount of three million dollars ($3,000,000) is hereby appropriated from the Mobilehome-Manufactured Home Revolving Fund, contained in Section 18016.5 of the Health and Safety Code, to the Mobilehome Park Purchase Fund for the following purposes and to be apportioned according to the following schedule:

(a) Two million eight hundred thousand dollars ($2,800,000) for loans made pursuant to Chapter 11 (commencing with Section 50780) of Part 2 of Division 31 of the Health and Safety Code.

(b) Two hundred thousand dollars ($200,000) for the costs of administering the above-cited Chapter 11.

CHAPTER 1693

An act to amend Section 15364.5 of, and to add and repeal Chapter 5 (commencing with Section 15390) of Part 6.7 of Division 3 of Title 2 of, the Government Code, relating to export financing, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am reducing the appropriation to the Export Finance Fund contained in Section 3 of Senate Bill No. 1196 from $9,750,000 to $2,000,000.

The reduced appropriation is adequate start-up funding for this worthwhile program. The $250,000 appropriation for administrative costs has been left intact.

With this reduction, I approve Senate Bill No. 1196.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 15364.6 of the Government Code is amended to read:

15364.6. (a) In order to assist the commission in representing the diverse nature of California's culture and economy, and its business, tourism, and agricultural communities, an advisory council is hereby created to provide independent advice and counsel.

(b) The membership of the advisory council shall be no less than 20 members, nor more than 40 members. The advisory council shall be appointed within 120 days of the effective date of this chapter.

(c) The membership of the advisory council shall consist of the following:

(1) The Director of the Department of Commerce.

(2) The Director of the Department of Food and Agriculture.

(3) The Superintendent of Banks.

(4) Two Assembly appointees of the Speaker of the Assembly.

(5) Two Senate appointees of the Senate President pro Tempore.

(d) The remainder of the advisory council appointments shall be made by the commission and shall represent the following areas of interest:

(1) Agriculture.

(2) Banking and financial services.

(3) International consulting, construction, engineering and trade.

(4) Tourism.

(5) Manufacturing and retailing.

(6) Foreign trade zones and trade associations.

(7) Entertainment.

(8) Housing and real estate.

(9) Education.

(10) Labor.

(11) Transportation and ports.

(12) Small businesses.

(13) Other entities as deemed appropriate.

(e) At the direction of the commission, the advisory council shall do the following:

(1) Form committees to assist the commission in areas which may include, but are not limited to, international trade, reverse investment, and international tourism.

(2) Aid and assist the commission in securing funds to enhance and maintain the activities of the commission.

(3) Aid and assist the commission in greeting foreign representatives.

(4) Participate in foreign missions.

SEC. 2. Chapter 5 (commencing with Section 15390) is added to Part 6.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 5. EXPORT FINANCE PROGRAM

Article 1. General Provisions

15390. This chapter shall be known and may be cited as the "California Export Finance Program Law."

15390.1. The Legislature finds and declares that the expansion of export trade is vital to the overall health and growth of California's economy, and that many small and medium-sized California businesses and agricultural enterprises could benefit from additional financial and technical assistance. The Legislature further finds and declares that the U.S. Export-Import Bank has been mandated by the Export-Import Bank Act Amendments of 1983 to provide technical assistance and export financing support to small businesses in cooperation with state export finance agencies. Finally, the Legislature finds and declares that California-based small and medium-sized exporters can be effectively assisted through the establishment of a California Export Finance Program designed to work with the U.S. Export-Import Bank and other federal, state, and private institutions to provide California exporters with information, technical assistance, and financial resources in support of greater California exports.

15390.2. It is the intention of the Legislature in enacting this chapter to expand job opportunities for California's workforce by increasing the export of California goods, services, and agricultural commodities by small and medium-sized businesses and agricultural enterprises through the provision of information, technical assistance, and financial support. Furthermore, it is the intention of the Legislature not to duplicate existing programs, but to coordinate, assist, augment, and improve the access to those programs by California-based exporters.

Article 2. Definitions

15391. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(a) "Financial institution" means any California bank or savings and loan association regulated by the State of California or the United States government; any insurance company authorized to transact business in California; any personal property broker or industrial loan company which is regulated by this state; and any other person whose primary business is lending money and is regulated by this state.

(b) "Board" means the California Export Finance Board.

(c) "Commission" means the California State World Trade Commission provided for in Chapter 1.5 (commencing with Section 15364.1).

(d) "Executive Director" means the chief executive officer of the California State World Trade Commission.

(e) "Director" means the director of the California Export Finance Office.

(f) "Office" means the California Export Finance Office.

Article 3. California Export Finance Office

15392. There is hereby created in the California State World Trade Commission the California Export Finance Office. Its purpose is to expand employment and income opportunities for Californians through increased exports of California goods, services, and agricultural commodities by providing actual and potential California exporters, specifically small and medium-sized exporters, with information and technical assistance on export opportunities and exporting techniques and financial assistance in support of export transactions.

15392.1. (a) The California Export Finance Board shall appoint a Director of the California Export Finance Office from a list of nominees submitted by the executive director of the commission. The director shall be knowledgeable about private and public export assistance and export financing programs.

(b) The director shall serve at the pleasure of the executive director of the commission and shall receive a salary and benefits as shall be fixed by the board upon the recommendation of the executive director of the commission.

(c) The director shall administer the programs of the office and perform such duties as shall be delegated by the board.

15392.2. The director may, upon approval of the board:

(a) Contract for services.

(b) Hold public hearings.

(c) Call upon and reimburse for services any state agency or department for assistance in carrying out the objectives of this chapter.

(d) Participate with government or private industry in programs for technical assistance, loans, technology, transfer, or any other programs related to this chapter.

(e) Undertake or commission studies on methods to increase financial resources to expand the exports of California goods and services.

(f) Exercise any other powers as may be necessary to carry out the purposes of this chapter.

(g) Provide export finance training for office staff and other individuals involved in export finance assistance, including such training sessions as may be provided by the U.S. Export-Import Bank or other organizations.

15392.3. The California Export Finance Office shall have the power and authority to carry out the following functions:

(a) To coordinate to the maximum extent possible the efforts of the California Export Finance Office with programs and goals of the United States Export-Import Bank, the International Trade Administration of the U.S. Department of Commerce, the Foreign Credit Insurance Association, and other private and public programs designed to provide export assistance and export-related financing.

(b) To establish a network of contacts among those public and private organizations which provide information, technical assistance, and financial support of exporting.

(c) To assemble, publish, and disseminate information to California exporters on export opportunities, techniques of exporting, sources of public and private export assistance, and sources of export related financing.

(d) To organize, host, and participate in seminars and other forums designed to disseminate information and technical assistance on exporting and export-related financing to actual and potential California exporters.

(e) To provide individual firms and agricultural enterprises with information and technical assistance related to exporting and export financing.

(f) To insure, co-insure, and guarantee loans related to qualified export transactions pursuant to regulations adopted by the board.

Article 4. California Export Finance Board

15394. (a) There is hereby created the California Export Finance Board in the California Export Finance Office. The board shall consist of seven members as follows:

(1) The Director of Food and Agriculture or his or her designee.

(2) The Executive Director of the Office of Small Business Development or his or her designee.

(3) One appointment by the Governor. The appointee shall be knowledgeable about, and experienced in, the exporting and export finance needs of California agriculture.

(4) Two appointments from export firms, one each by the World

Trade Commission and the Speaker of the Assembly.

(5) Two appointments from financial institutions, one each by the California State World Trade Commission and the President pro Tempore of the Senate.

Export representatives appointed under paragraph (4) shall be experienced in exporting, knowledgeable about the needs and problems of small and entrepreneurial exporters, and actively employed with an exporting firm, export trading company, or export management company.

Financial institution representatives appointed under paragraph (5) shall be experienced in export financing, knowledgeable about the export financing needs and problems of small and entrepreneurial exporters, and actively employed with a financial institution.

Appointments by the California State World Trade Commission shall be drawn, and all other appointments may be drawn, from the membership of the California State World Trade Commission and its advisory council.

(b) The appointed members to the board referred to in subdivision (a) shall be appointed within 30 days of the effective date of this chapter.

(c) Upon appointment of at least three members under paragraphs (3), (4), and (5) of subdivision (a), the board may commence formal action pursuant to this chapter, but in no case shall this be later than 60 days after the effective date of this chapter.

(d) The Chairperson of the California State World Trade Commission shall call the initial meeting of the board, serve as interim chair of the board until a chair has been elected, and provide other assistance related to the startup of the program as is necessary and reasonable.

(e) The initial appointments of the commission and the Governor under subdivision (a) shall be for three-year terms. The remaining appointments under subdivision (a) and all subsequent appointments shall be for two-year terms. Appointees shall serve at the pleasure of the appointing authority and vacancies shall be filled by the appointing authority.

(f) Board members who are not employees of the state shall receive one hundred dollars ($100) for each day they attend board meetings, per diem equal to that received by state employees, or reimbursement for actual and necessary expenses in attending board meetings and conducting board business as determined by the board.

15394.1. The board shall do all of the following:

(a) Elect a chair and vice chair from among its members. The chair shall preside at meetings of the board.

(b) Implement the California Export Finance Program Law, promulgate rules and regulations which are necessary to carry out the responsibilities under this chapter, particularly with respect to establishing California Export Finance Office programs to insure, coinsure, and provide loan guarantees to support export transactions

prior to the expenditure of moneys from the Export Finance Fund. The board shall ensure such programs conform to international trade agreements of the United States. The programs' rules and regulations shall be reviewed and approved by the commission prior to final adoption by the board.

(c) Adopt subsequent bylaws as are required to govern the conduct and operation of the board.

(d) Provide for the appointment of advisory groups necessary to carry out the powers and duties of the board.

(e) Hold regularly scheduled meetings, at least quarterly, in order to carry out the objectives and responsibilities of the board.

(f) Issue an annual report critiquing the program, its needs and recommended changes. The report shall include an evaluation of the program's impact on all of the following:

(1) Participation of private banks in export financing programs.

(2) Access of California firms to federal export financing programs.

(3) Export volume of California firms.

(4) Other economic and social benefits to the state.

(g) Adopt criteria establishing which exporters and export transactions shall be eligible for the insurance, coinsurance, and loan guarantees as may be extended by the board. Pursuant to this subdivision, the board shall adopt regulations to ensure that all of the following criteria are met:

(1) Borrowers have a minimum equity interest in the business as determined by the board.

(2) That loan guarantees, insurance, and coinsurance are extended exclusively to support the export of goods, services, and agricultural commodities produced or grown primarily in California by companies or agricultural enterprises which are domiciled in California as defined by subdivision (b) of Section 25120 of the Revenue and Taxation Code.

(3) That financing assistance using state funds shall only be extended in one or both of the following circumstances:

(A) As part of a state match which may be required to secure participation of California firms or agricultural enterprises in federal, state, or private financing programs.

(B) If adequate financing assistance is not readily available from public or private sources in a timely manner.

(h) Adopt collateral or security requirements to ensure the full repayment of loan guarantees and solvency of any insurance and coinsurance program extended under this chapter and to assist in evaluating the program.

(i) Approve any and all extensions of insurance, coinsurance, or loan guarantees under this chapter. The board may elect to delegate this approval authority to a committee consisting of no fewer than three members of the board. Members of the committee shall be knowledgeable in the export financing needs of small or medium-sized businesses, agriculture, or financial institutions.

(j) Consult with the Department of Commerce to ensure that the respective loan guarantee programs are not duplicative and that each program makes full use of, to the extent practicable, the resources of the other.

(k) Work to secure a delegated line of authority from the U.S. Export-Import Bank in order to take advantage of this possible new federal funding source.

(*l*) Develop a streamlined application and review process.

Article 5. Export Finance Fund

15395. There is hereby created in the State Treasury the Export Finance Fund.

15395.1. The Export Finance Fund is created solely for the purposes of receiving state, federal, and private moneys and the return from investments of those moneys by the Treasurer for allocation by the board to the export finance program pursuant to the purposes of this chapter.

15395.2. All money deposited in the Export Finance Fund is hereby continuously appropriated, without regard to fiscal years, for the purposes of this chapter.

15395.3. The state shall not be liable or obligated in any way beyond the state money which is allocated and deposited in the Export Finance Fund from state money which is appropriated for those purposes.

15395.4. The board may request the Treasurer to invest those funds in the Export Finance Fund which are not immediately encumbered by administrative or program costs, in securities issued by the Treasury of the United States government or the government of the State of California. Returns from these investments shall be deposited in the Export Finance Fund and shall be used to support loan guarantees, insurance, and coinsurance as provided by this chapter.

15395.5. The funds in the Export Finance Fund shall be paid out by the Treasurer on warrants drawn by the Controller and requisitioned by the board in furtherance of the purposes of this chapter.

Article 6. Powers and Limitations

15396. The California Export Finance Office may charge fees to help defray the operating expenses of the program. The amount of the fees shall be determined by the board.

15396.1. Loan guarantees and insured export transactions made by the California Export Finance Office shall be secured by no less than a 25 percent reserve in the Export Finance Fund. The board may elect to require a higher reserve. The board shall adopt regulations on the terms and limits for loan guarantees, but in no case shall a loan guarantee exceed any of the following:

(a) Seventy percent of the required financing. However, the board may elect to guarantee up to 85 percent of the required financing provided there is evidence of lender credit exposure and adequate analysis of foreign commercial and political risk.

(b) Three hundred fifty thousand dollars ($350,000).

(c) The lesser of five years or the useful life of the product.

15396.2. The director shall submit an annual budget, as part of the commission's budget, for inclusion in the Governor's Budget, showing funding from all sources.

15396.3. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

SEC. 3. The sum of ten million dollars ($10,000,000) is hereby appropriated from the General Fund, of which nine million seven hundred fifty thousand dollars ($9,750,000) is appropriated to the Export Finance Fund established pursuant to Section 15395 of the Government Code, and two hundred fifty thousand dollars ($250,000) is appropriated to the California State World Trade Commission Fund for the administrative costs of the California Export Finance Office for the 1984–85 fiscal year.

CHAPTER 1694

An act making an appropriation to pay the claims of the Secretary of the State Board of Control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am reducing the General Fund appropriation contained in Assembly Bill No. 3079 by $51,442 to eliminate payment of the following four claims: Los Gatos Union School District $19,506; YMCA of Santa Clara Valley $5,225; B J. Miller $1,711; and B.C. Wood $25,000

Sufficient justification has not been provided to substantiate payment of these claims.

With these reductions, I approve Assembly Bill No. 3079.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of six hundred forty thousand four hundred seventy-one dollars and seventy-two cents ($640,471.72) is hereby appropriated from the funds indicated below to the State Board of Control to pay the claims of the Secretary of the State Board of Control:

General Fund	$ 196,602.44
Employment Development Department Contingent Fund	65.08
Contingent Fund of the Board of Medical Quality Assurance	166.87
Fish & Game Preservation Fund	244,235.82
Public Employees Retirement Fund	431.00

Item 8350-001-001(i), Budget Act of 1984	1,657.94
Item 8570-001-001(h), Budget Act of 1984	122.43
Item 8660-001-412(a), Budget Act of 1984	13,225.92
Total	$ 640,471.72

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to settle claims against the state and to end hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 1695

An act to amend Section 40070 of, and to add Section 40071 to, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am deleting the $80,000 appropriation contained in Section 2 of Assembly Bill No. 2639.

The proposed program to train instructional personnel for training farm labor vehicle drivers could be provided as part of the School Bus Driver Instructor program currently existing in the Department of Education.

With this deletion, I approve Assembly Bill No. 2639.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 40070 of the Education Code is amended to read:

40070. The State Department of Education shall develop a course for the training of farm labor vehicle drivers that will provide them with the skills and knowledge necessary to prepare them for an examination for certification pursuant to Section 12519 of the Vehicle Code. The department shall seek the advice and assistance of the

Department of Motor Vehicles and the Department of the California Highway Patrol in developing such a course.

The department shall train the necessary instructional personnel to conduct the course, shall furnish all instructional and training materials used in the course, and shall assure that the course is properly taught and conducted.

Each person who is trained by the department to be qualified as instructional personnel to conduct the course shall pay a fee of three hundred dollars ($300). The department shall remit these fees to the General Fund.

The department may enter into agreements with any public agency in order to implement the provisions of this section.

SEC. 2. Section 40071 is added to the Education Code, to read:

40071. The sum of eighty thousand dollars ($80,000) is hereby appropriated from the General Fund to the State Department of Education for the purposes of Section 40070.

CHAPTER 1696

An act to amend Sections 25356.1 and 25356.2 of the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 25356.1 of the Health and Safety Code, as amended by Chapter 376 of the Statutes of 1984, is amended to read:

25356.1. (a) The department, or, if appropriate, the regional water quality control board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(b) A potentially responsible party may request the department or the regional water quality control board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356 if the department or the State Water Resources Control Board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the state board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional water quality control board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(c) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan

(40 C.F.R. Sec. 300.61 et seq.) and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional water quality control board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost-effectiveness of alternative remedial action measures.

(d) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional water quality control board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (c) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional water quality control board shall prepare or approve a draft remedial action plan and shall do all of the following:

Circulate the draft plan for at least 30 days for public comment.

(2) Notify affected local and state agencies of the removal and remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or the regional water quality control board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible agencies for the removal and remedial actions, the potentially

responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(e) After complying with subdivision (d), the department or the regional water quality control board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional water quality control board shall then issue the final remedial action plan.

(f) A potentially responsible party named in the adopted remedial action plan issued by the department may seek judicial review of the remedial action plan pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the adopted plan is issued. If a potentially responsible party does not file for judicial review within 30 days after the adopted remedial action is issued the remedial action plan is deemed final for purposes of this chapter.

For purposes of judicial review, the court shall uphold the adopted remedial action plan as final if the plan is based upon substantial evidence available to the department or the regional water quality control board, as the case may be.

(g) The filing of a petition pursuant to subdivision (f) seeking judicial review of a remedial action plan does not stay any remedial or removal action.

(h) This section does not require the department or a regional water quality control board to prepare a remedial action plan if conditions present at a site present an imminent or substanital endangerment to the public health and safety or to the environment.

(i) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional water quality control board pursuant to this section.

SEC. 2. Section 25356.1 of the Health and Safety Code, as added by Chapter 376 of the Statutes of 1984, is amended to read:

25356.1. (a) The department, or, if appropriate, the regional water quality control board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(b) A potentially responsible party may request the department or the regional water quality control board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356 if the department or the State Water Resources Control Board determines that a removal or remedial action is required to respond to a release of a hazardous substance.

The department or the state board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional water quality control board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(c) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. Sec. 300.61 et seq.), and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional water quality control board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost-effectiveness of alternative remedial action measures.

(d) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional water quality control board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (c) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional water quality control board shall prepare or approve a draft remedial action plan and shall do all of the following:

(1) Circulate the draft plan for public comment for at least 30 days.

(2) Notify affected local and state agencies of the removal and

remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or regional water quality control board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible agencies for the removal and remedial actions, the potentially responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(e) After complying with subdivision (d), the department or the regional water quality control board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional water quality control board shall then issue the final remedial action plan.

(f) A potentially responsible party named in the final remedial action plan issued by the department or the regional water quality control board may seek judicial review of the final remedial action plan pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final plan is issued. The filing of a petition seeking judicial review of a final remedial action plan shall not stay any removal or remedial action specified in the final plan.

For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional water quality control board, as the case may be. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(g) This section does not require the department or a regional water quality control board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment.

(h) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional water quality control board pursuant to this section.

SEC. 3. Section 25356.2 of the Health and Safety Code, as added

by Chapter 376 of the Statutes of 1984, is amended to read:

25356.2. There is hereby created in the Office of the Secretary of Environmental Affairs a Hazardous Substance Cleanup Arbitration Panel.

The panel shall apportion liability for the costs of removal and remedial actions in accordance with Sections 25356.3 and 25356.4. All meetings of the panel are exempt from Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of, and Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, the Government Code.

The panel shall be comprised of independent private arbitrators who have applied to the Office of the Secretary of Environmental Affairs for membership on the panel. Panel members shall have (a) relevant arbitration background and (b) expertise in engineering, expertise in the physical, biological, or health sciences, or other relevant experience and qualifications. Three arbitrators shall be selected from the panel to apportion liability for a single hazardous waste site. A majority of the arbitrators selected for a single site may apportion liability for the panel under this chapter.

The arbitrators shall be selected for an individual hazardous waste site as follows:

(a) One arbitrator shall be selected by the department.

(b) One arbitrator shall be selected by the potentially responsible party, or a majority of the potentially responsible parties, who have submitted to binding arbitration by the panel.

(c) The two arbitrators selected pursuant to subdivisions (a) and (b) shall jointly select a third arbitrator.

SEC. 4. Section 2 of this bill incorporates amendments to Section 25356.1 of the Health and Safety Code proposed by both this bill and AB 3181. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, (2) each bill amends Section 25356.1 of the Health and Safety Code, (3) this bill is enacted after AB 3181, and (4) the voters adopt the Hazardous Substance Cleanup Bond Act of 1984, as set forth in Section 18 of Chapter 376 of the Statutes of 1984, in which case Section 1 of this bill shall not become operative.

SEC. 5. Except as provided in Section 3, this act shall become operative upon the adoption by the voters of the Hazardous Substance Cleanup Bond Act of 1984, as set forth in Section 18 of Chapter 376 of the Statutes of 1984.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the health and welfare of the public and the environment from the dangers of hazardous waste by providing for public input into the plans to cleanup these wastes, it is necessary that this act take effect immediately.

CHAPTER 1697

An act to amend Sections 54653, 60602, and 60603.5 of, and to add Sections 54651.5, 54653.5, and 54657.7 to, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to require that the test instrument used in the California Assessment Program in grade 12 is updated, made more rigorous, and include additional subject areas. It is further the intent of the Legislature that the revisions to the test instrument be made available for administration in the 1985–86 school year and provide for an increased emphasis on the development of critical thinking skills for these pupils, and that the test instrument more adequately reflect subject matters required by Section 51225.3 of the Education Code.

SEC. 2. Section 54651.5 is added to the Education Code, to read:

54651.5. (a) In developing composite ratings of each school's performance, the Superintendent of Public Instruction shall ensure that equivalent questions from the tests administered pursuant to Section 60603 are compared from fiscal year to fiscal year. For fiscal years in which changes are made in the subject matter or skill level of the tests, the superintendent shall calculate two composite ratings, as follows:

(1) A rating that includes only those subjects and skill levels which are comparable to those of the prior fiscal year.

(2) A rating which reflects all subjects and skill levels included in the revised test instrument.

(b) The State Board of Education shall use the composite rating calculated pursuant to paragraph (1) of subdivision (a) to calculate incentive funding in the first fiscal year the revised test is administered. The composite rating calculated pursuant to paragraph (2) of subdivision (a) shall be used to calculate incentive funding each fiscal year thereafter.

SEC. 3. Section 54653 of the Education Code is amended to read:

54653. Beginning with the 1984–85 fiscal year, and each fiscal year thereafter, the State Board of Education shall compute the change in the performance of each school as measured by the change in the composite rating from the prior year. Except as otherwise provided in Section 54653.5, a school which demonstrates an improved performance from the prior year shall earn incentive funding in the fiscal year in which the performance improvement occurred. The State Board of Education shall compute the incentive funding earned by each school pursuant to this section as follows:

(a) For each school which demonstrates an improved

performance, multiply the increase in the composite score of the school by the number of pupils in that school who took the test during the fiscal year in which the increase occurred.

(b) Add the individual products computed pursuant to subdivision (a) to determine the total statewide increase in school performance.

(c) Divide the product computed for the individual school pursuant to subdivision (a) by the total statewide increase in school performance computed pursuant to subdivision (b) to determine the individual school's proportional contribution to the statewide increase in school performance.

(d) Multiply the quotient obtained pursuant to subdivision (c) by the amount appropriated in that fiscal year for purposes of this article to determine the incentive funding earned by an individual school. In no case, shall the amount of incentive funding earned by an individual school exceed the product of the number of pupils who took the test during the fiscal year in which the increase occurred multiplied by four hundred dollars ($400).

The State Board of Education shall provide the Superintendent of Public Instruction with a list of the schools which have earned incentive funding, and the amount of that funding earned by each school. The board shall provide the governing board of each school district with a list of the schools within the district which have earned incentive funding, and the amount of that funding earned by each school.

SEC. 4. Section 54653.5 is added to the Education Code, to read:

54653.5. If the number of pupils who took the test during the fiscal year in which a performance improvement occurred was less than 93 percent of the school's grade 12 enrollment, the school shall not be eligible to receive incentive funding for that fiscal year, and shall not be included in the calculations made pursuant to Section 54653.

SEC. 5. Section 54657.7 is added to the Education Code, to read:

54657.7. An amount not to exceed 0.5 percent of the funds appropriated for the purposes of this article shall be used for the payment of grade 12 testing proctors and the administration of the Education Improvement Incentive Program.

SEC. 6. Section 60602 of the Education Code is amended to read:

60602. As used in this chapter:

(a) "Achievement test" means any standardized test which measures or attempts to measure the level of performance which a pupil has attained in one or more courses of study. It shall include (1) tests in basic skills courses administered annually and (2) tests in content courses administered from time to time as designated by the State Board of Education.

(b) "Physical performance test" means any test which measures or attempts to measure the physical fitness of a pupil.

(c) "Testing program" means the systematic achievement testing of all pupils in grades 3, 6, 8, 10, and 12, and the physical performance

testing of all pupils in any three grades designated by the State Board of Education, required by this chapter in all schools within each school district by means of tests designated by the State Board of Education.

(d) "Basic skills courses" means those subjects which involve, among other skills, memorization and mastery of specific functions, including, but not limited to, reading, spelling, basic mathematics, and effectiveness of written expression.

(e) "Content courses" means those subjects which require the integration of factual matter, logical analysis, the solution by the student of posed problems, the drawing of logical inferences, the use of critical thinking skills, and the communication of ideas. These subjects shall include, but are not limited to, literature, history, geography, advanced mathematics, and science.

SEC. 6.5. Section 60602 of the Education Code is amended to read:

60602. As used in this chapter:

(a) "Achievement test" means any standardized test which measures or attempts to measure the level of performance which a pupil has attained in one or more courses of study. It shall include (1) tests in basic skills courses administered annually and (2) tests in content courses administered from time to time as designated by the State Board of Education.

(b) "Physical fitness test" means any test which addresses body structure and composition, and cardiovascular, musculoskeletal, and neuromuscular functions.

(c) "Testing program" means the systematic achievement testing of all pupils in grades 3, 6, 8, 10, and 12, and the health-related physical fitness testing of all pupils in any three grades designated by the State Board of Education, required by this chapter in all schools within each school district by means of tests designated by the State Board of Education.

(d) "Basic skills courses" means those subjects which involve, among other skills, memorization and mastery of specific functions, including, but not limited to, reading, spelling, basic mathematics, and effectiveness of written expression.

(e) "Content courses" means those subjects which require the integration of factual matter, logical analysis, the solution by the student of posed problems, the drawing of logical inferences, the use of critical thinking, and the communication of ideas. These subjects shall include, but are not limited to, literature, history, advanced mathematics, and science.

SEC. 7. Section 60603.5 of the Education Code is amended to read:

60603.5. (a) The department may increase the pool of test questions used in assessing the achievement of pupils in grade 12 in order to obtain an accurate estimate of school performance for purposes of Article 2.5 (commencing with Section 54650) of Chapter 9 of Part 29.

(b) In developing a testing method pursuant to subdivision (a), the State Board of Education shall ensure that the method used in high schools with less than 50 pupils enrolled in grade 12 will provide sufficient data to reliably determine the composite rating of the performance of those schools pursuant to Section 54651.

(c) The department shall revise and expand its testing instrument for grade 12 and shall make the revised test instrument available for use commencing with the 1985–86 school year in order to measure pupil performance in the skills identified by subdivision (e) of Section 60602 and the subject areas identified by subdivisions (d) and (e) of Section 60602.

The department shall update the test instrument every three years, commencing three years after the first revision has been completed, in order to adequately reflect the course of study required by law.

The Legislative Analyst shall submit a report to the Legislature two years after the revised test has been implemented regarding the initial revision of the test instrument and the effectiveness of the revised instrument in accomplishing the purposes of this section.

SEC. 7.5. Section 6.5 of this bill incorporates amendments to Section 60602 of the Education Code proposed by both this bill and AB 3228. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 60602 of the Education Code, and (3) this bill is enacted after AB 3228, in which case Section 6 of this bill shall not become operative.

SEC. 8. The sum of six hundred thousand dollars ($600,000) is hereby reappropriated from Item 6100-107-001 of the Budget Act of 1984, Chapter 258 of the Statutes of 1984, to the State Department of Education to be made available for the development of a revised California Assessment Program test instrument for grade 12 in the 1984–85 fiscal year. Funds appropriated by this section shall only be expended upon approval by the Director of Finance, based upon a determination as to whether there are other funds available to the State Department of Education for the development of a revised California Assessment Program test instrument for grade 12 in the 1984–85 fiscal year.

CHAPTER 1698

An act to add Section 19596.5 to the Business and Professions Code, relating to horseracing.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 19596.5 is added to the Business and Professions Code, to read:

19596.5. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility at its racetrack inclosure during the time the association is not conducting a racing meeting if all of the following conditions are met:

(1) The association operating the satellite wagering facility has executed an agreement approved by the board with the association conducting a racing meeting in the northern zone that authorizes parimutuel wagering at the satellite wagering facility. The agreement shall provide that the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(2) The horsemen's organization which represents the horsemen at the association which conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(b) The deductions from wagers at satellite wagering facilities shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted. Notwithstanding any other provision of law, 2 percent of the amount handled by the satellite wagering facility shall be retained as a commission. The funds remaining after distribution of the 2 percent commission shall be distributed in the same relative percentages (reduced pro rata for the 2 percent commission) as provided by Article 9.5 (commencing with Section 19610) for the association which conducts the racing meeting, except that commencing January 1, 1988, the funds available for distribution to the association which conducts the racing meeting and for distribution to the horsemen, in the form of purses, shall be accumulated and shall be distributed equally between (1) the association which conducts the racing meeting and (2) the horsemen, in the form of purses, who participate in the racing meeting of the association which conducts the racing meeting.

(c) All revenues paid to the state from satellite wagering facilities located at fairs shall be deposited in a separate account in the fund and shall be available to the Department of Food and Agriculture, when appropriated, for (1) repayment of principal and interest on bonds issued by a joint powers agency for the purpose of constructing improvements only at a fair's racetrack inclosure, and (2) for

allocation, upon approval of the Director of Food and Agriculture, for support purposes of fairs generally.

CHAPTER 1699

An act to amend Section 17250 of, and to add Sections 17250.5 and 24349.5 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 17250 of the Revenue and Taxation Code is amended to read:

17250. (a) The provisions of Section 168 of the Internal Revenue Code shall not be used to determine what is a reasonable allowance for purposes of Section 167 (a) of the Internal Revenue Code, except as provided in Section 17250.5.

(b) No deduction shall be allowed for any of the following:

(1) Amortization of certain railroad rolling stock as provided for by Section 184 of the Internal Revenue Code.

(2) Amortization of railroad grading and tunnel bores as provided for by Section 185 of the Internal Revenue Code.

(c) The deduction for amortization of pollution control facilities shall be determined in accordance with Section 17251, in lieu of Section 169 of the Internal Revenue Code.

(d) The capitalization of expenditures incurred in planting and developing fruit and nut groves shall be determined in accordance with Section 17261, in lieu of Section 278 of the Internal Revenue Code.

(e) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period for taxable years beginning before January 1, 1987.

SEC. 1.5. Section 17250 of the Revenue and Taxation Code is amended to read:

17250. (a) The provisions of Section 168 of the Internal Revenue Code shall not be used to determine what is a reasonable allowance for purposes of Section 167 (a) of the Internal Revenue Code, except as provided in Section 17250.5.

(b) No deduction shall be allowed for any of the following:

(1) Amortization of certain railroad rolling stock as provided for by Section 184 of the Internal Revenue Code.

(2) Amortization of railroad grading and tunnel bores as provided for by Section 185 of the Internal Revenue Code.

(c) The deduction for amortization of pollution control facilities shall be determined in accordance with Section 169 of the Internal Revenue Code, except that the deduction shall be available only with respect to facilities located in this state.

(d) The capitalization of expenditures incurred in planting and developing fruit and nut groves shall be determined in accordance with Section 17261, in lieu of Section 278 of the Internal Revenue Code.

(e) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period for taxable years beginning before January 1, 1987.

SEC. 1.6. Section 17250 of the Revenue and Taxation Code is amended to read:

17250. (a) The provisions of Section 168 of the Internal Revenue Code shall not be used to determine what is a reasonable allowance for purposes of Section 167 (a) of the Internal Revenue Code, except as provided in Section 17250.5.

(b) No deduction shall be allowed for any of the following:

(1) Amortization of certain railroad rolling stock as provided for by Section 184 of the Internal Revenue Code.

(2) Amortization of railroad grading and tunnel bores as provided for by Section 185 of the Internal Revenue Code.

(c) The deduction for amortization of pollution control facilities shall be determined in accordance with Section 17251, in lieu of Section 169 of the Internal Revenue Code.

(d) The capitalization of expenditures incurred in planting and developing fruit and nut groves shall be determined in accordance with Section 17261, in lieu of Section 278 of the Internal Revenue Code.

(e) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period for taxable years beginning before January 1, 1987.

(f) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar pumping system described in Section 17052.1 over a 36-month period for taxable years beginning before January 1, 1989.

SEC. 1.7. Section 17250 of the Revenue and Taxation Code is amended to read:

17250. (a) The provisions of Section 168 of the Internal Revenue Code shall not be used to determine what is a reasonable allowance for purposes of Section 167 (a) of the Internal Revenue Code, except as provided in Section 17250.5.

(b) No deduction shall be allowed for any of the following:

(1) Amortization of certain railroad rolling stock as provided for

by Section 184 of the Internal Revenue Code.

(2) Amortization of railroad grading and tunnel bores as provided for by Section 185 of the Internal Revenue Code.

(c) The deduction for amortization of pollution control facilities shall be determined in accordance with Section 169 of the Internal Revenue Code, except that the deduction shall be available only with respect to facilities located in this state.

(d) The capitalization of expenditures incurred in planting and developing fruit and nut groves shall be determined in accordance with Section 17261, in lieu of Section 278 of the Internal Revenue Code.

(e) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period for taxable years beginning before January 1, 1987.

(f) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar pumping system described in Section 17052.1 over a 36-month period for taxable years beginning before January 1, 1989.

SEC. 2. Section 17250.5 is added to the Revenue and Taxation Code, to read:

17250.5. (a) The provisions of Section 168 of the Internal Revenue Code may be used to determine what is a reasonable allowance for purposes of Section 167(a) of the Internal Revenue Code with respect to eligible residential rental property.

(b) Eligible residential real property shall be deemed "18-year real property" for purposes of the application of Section 168 of the Internal Revenue Code and the calculation of depreciation for that property shall be governed by Section 168(b) of the Internal Revenue Code.

(c) For purposes of this section, "eligible residential rental property" means real property which meets all of the following requirements:

(1) Is located in this state.

(2) Construction on which is commenced on or after July 1, 1985, and before July 1, 1988.

(3) Complies with the requirements for residential rental property specified in Section 167(j) (2) (B) of the Internal Revenue Code.

(d) In addition, the allowance for low-income housing as defined in Section 168(c) (2) (F) of the Internal Revenue Code, as amended by Public Law 98-369, which is otherwise eligible residential rental property, shall be determined in accordance with Section 168(b) (4) of the Internal Revenue Code, as amended by Public Law 98-369.

For purposes of paragraph (2), construction is deemed to have commenced upon the issuance of the initial building permit or upon the recordation of the construction loan.

SEC. 3. Section 24349.5 is added to the Revenue and Taxation Code, to read:

24349.5. (a) The provisions of Section 168 of the Internal Revenue Code may be used to determine what is a reasonable allowance for purposes of Section 24349 with respect to eligible residential rental property.

(b) Eligible residential rental property shall be deemed "18-year real property" for purposes of the application of Section 168 of the Internal Revenue Code and the calculation of depreciation for that property shall be governed by Section 168(b) of the Internal Revenue Code.

(c) For purposes of this section, "eligible residential rental property" means real property which meets all of the following requirements:

(1) Is located in this state.

(2) Construction on which is commenced on or after July 1, 1985, and before July 1, 1988.

(3) Complies with the requirements for residential rental property specified in Section 167(j) (2) (B) of the Internal Revenue Code.

(d) In addition, the allowance for low-income housing as defined in Section 168(c) (2) (F) of the Internal Revenue Code, which is otherwise eligible residential rental property, shall be determined in accordance with Section 168(b) (4) of the Internal Revenue Code.

For purposes of paragraph (2), construction is deemed to have commenced upon the issuance of the initial building permit or upon the recordation of the construction loan.

SEC. 4. (a) Section 1.5 of this bill incorporates amendments to Section 17250 of the Revenue and Taxation Code proposed by both this bill and AB 2317. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, (2) each bill amends Section 17250 of the Revenue and Taxation Code, and (3) SB 1484 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 2317, in which case Section 17250 of the Revenue and Taxation Code, as amended by AB 2317, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Sections 1, 1.6, and 1.7 of this bill shall not become operative.

(b) Section 1.6 of this bill incorporates amendments to Section 17250 of the Revenue and Taxation Code proposed by both this bill and SB 1484. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, (2) each bill amends Section 17250 of the Revenue and Taxation Code, and (3) AB 2317 is not enacted or as enacted does not amend that section, and (4), this bill is enacted after SB 1484, in which case Section 17250 of the Revenue and Taxation Code, as amended by SB 1484, shall remain operative only until the operative date of this bill, at which time Section 1.6 of this bill shall become operative, and Sections 1, 1.5, and 1.7 of this bill shall not become operative.

(c) Section 1.7 of this bill incorporates amendments to Section 17250 of the Revenue and Taxation Code proposed by this bill, AB 2317 and SB 1484. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 1985, (2) all three bills amend Section 17250 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 2137 and SB 1484, in which case Sections 1, 1.5, and 1.6 of this bill shall not become operative.

SEC. 5. The Legislative Analyst shall prepare a report to be submitted to the Legislature on or before August 1, 1988, on the effect this act had on the construction of rental housing. The report shall include, but is not limited to, all of the following:

(a) The cost effectiveness of the provisions of this act.

(b) Whether resources flowed to desirable program areas.

(c) The amount of reduced state revenues as a result of this act.

(d) Which income groups benefited from the provisions of this act.

(e) How the program affected the overall distribution of the tax burden.

SEC. 6. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1700

An act to add Article 7.5 (commencing with Section 10400) to Chapter 2 of Part 2 of Division 2 of the Public Contract Code, relating to public agency transactions.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Article 7.5 (commencing with Section 10400) is added to Chapter 2 of Part 2 of Division 2 of the Public Contract Code, to read:

Article 7.5. Co-compost Products

10400. The Legislature hereby finds and declares that it is the policy of the state to encourage the use of marketable end products which are produced as a result of superior waste management by counties, cities, and local agencies.

The Legislature further finds and declares that it is in the public interest to provide special consideration for the state purchase of co-compost and compost products because these products substantially reduce the need for solid waste disposal facilities, such as landfills, and will assist the state in providing new solutions to the alarming decrease in available solid waste disposal facilities, such as

landfills.

10401. For purposes of this article, "co-compost product" means an end product which meets all of the following requirements:

(a) Is derived from a blending of materials, of which at least 80 percent, whenever possible, is household refuse and the remainder is sewage sludge or other comparable substitutes, including, but not limited to, nontoxic dairy wastes, livestock and horse manure, or fish wastes.

(b) Is usable.

(c) Is produced by the waste management facilities of counties, cities, or local agencies, or of private contractors providing waste disposal services to counties, cities, or local agencies.

10402. For purposes of this article, "compost product" means an end product which meets all of the following requirements:

(a) Is derived from the controlled biological decomposition of sewage sludge or from a blending of sewage sludge with carbonacious bulking materials including, but not limited to, wood byproducts, plant wastes, or refuse.

(b) Is usable.

(c) Is produced by the waste management facilities of counties, cities, or local agencies, or of private contractors providing waste disposal services to counties, cities, or local agenices.

10403. All state departments and agencies including, but not limited to, the Department of Transportation, the Department of Water Resources, the Department of Forestry and the Department of Parks and Recreation shall give purchase preference to co-compost and compost products when they can be substituted for, and cost no more than, regular fertilizer or soil amendment products, or both, if the co-compost and compost products meet all applicable state standards and regulations, as determined by appropriate testing. The product preference shall include, but not be limited to, the construction of noise attenuation barriers and safety walls, highway planting projects, and recultivation and erosion control programs.

10404. It is the intent of the Legislature, in enacting this article, that the revenues derived from the state purchase of co-compost products will be used by counties, cities, and local agencies to offset the costs of construction, operation, and maintenance of co-compost waste disposal facilities.

CHAPTER 1701

An act to add Chapter 7 (commencing with Section 1917.310) to Title 4 of Part 4 of Division 3 of the Civil Code, relating to shared appreciation loans for seniors.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 1917.310) is added to Title 4 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 7. SHARED APPRECIATION LOANS FOR SENIORS

Article 1. Definitions

1917.320. For the purposes of this chapter:

(a) "Actual contingent interest" means the lender's appreciation share of the net appreciated amount. In no event, however, shall the rate of appreciation upon which actual contingent interest is calculated at the end of the loan term exceed 2½ times the rate at which projected contingent interest had been calculated.

(b) "Actual life expectancy" shall be calculated based upon actuarial tables for women only, regardless of the sex of the borrower, and acceptable to both the state and the insurance industry.

(c) "Annuity base amount" means the projected loan amount less (1) the initial advance and (2) the projected contingent interest based on the reasonable appreciation rate used in calculating the projected loan amount.

(d) "Borrower" means the recipient or recipients of a shared appreciation loan for seniors who is obligated by execution of a promissory note and who is at least 65 years of age.

(e) "Borrower's life expectancy" means the actual life expectancy of the borrower plus no more than five years. In the case of a loan executed by two borrowers, the actual life expectancy shall be based upon the youngest of the two.

(f) "Lender" means any corporation organized as a public benefit corporation pursuant to the Nonprofit Corporation Law (Part 2 (commencing with Section 5110), Div. 2, Title 1, Corp. C.).

(g) "Lender's appreciation share" means a proportion not to exceed 25 percent of the appreciation of the property securing the loan calculated in accordance with this chapter.

(h) "Shared appreciation loan for seniors" means any loan made pursuant to this chapter upon the security of owner-occupied real property of a type specified in Section 1917.330, and in connection with which the lender has a right to receive a share of the appreciation in the value of the security property. "Shared appreciation loan" includes a deed of trust and any evidence of debt issued in connection with the loan.

(i) "Maturity event" means the earliest of any of the following:

(1) The death of the borrower. In the case of a married couple who are coborrowers, the death of the surviving spouse.

(2) The date of sale.

(3) The date a loan made pursuant to this chapter is refinanced or repaid in full.

(j) "Monthly annuity" means an amount paid in equal monthly installments to the borrower which shall exhaust the annuity base amount during the borrower's life expectancy calculated at the stated interest rate.

(k) "Net advance" means any lump-sum advance of funds by the lender to the borrower made at the time of the loan closing. Net advance shall not exceed 15 percent of the projected loan amount.

(*l*) "Net appreciated value" means the difference between the fair market value of the property securing the loan at the time the loan is made and the fair market value of the property securing the loan at the time of the maturity event, less any credit for approved improvements made during the term of the loan.

(m) "Prevailing rate" means the yield of a 30-year mortgage commitment for delivery within 30 days for a standard conventional fixed rate mortgage of the Federal Home Loan Mortgage Corporation.

(n) "Projected contingent interest" means the lender's appreciation share of the projected appreciation of the property securing the loan from the date of the loan until the end of the borrower's life expectancy, using the same reasonable projection of annual appreciation used in determining the projected loan amount.

(o) "Projected loan amount" means not less than 80 percent of the estimated fair market value of the borrower's home at the end of the borrower's life expectancy, calculated by applying to the fair market value a reasonable projection of appreciation over the borrower's life expectancy based on a reasonable projected annual appreciation rate of the fair market value of the home.

(p) "Sale" means any transfer of title to the property and includes the execution of an installment sale contract giving the purchaser a right to possess the property before transfer of title, refinancing, judicial sale on execution, or other legal process of foreclosure or trustee's sale, but "sale" does not include a transfer specified in Section 2924.6.

(q) "Stated interest rate" means a total interest rate of not more than four-fifths of the prevailing rate.

(r) "Total loan obligation" means the net original loan and the sum total of all monthly annuity payments received by the borrower, with interest calculated annually at the stated interest rate, and actual contingent interest, except that in no event shall the total loan obligation exceed the actual fair market value of the home on the date of the maturity event.

Article 2. Terms and Conditions

1917.330. Lenders may make shared appreciation loans for seniors pursuant to this chapter for the refinancing of real property improved with one- to four-dwelling units, including structures

ancillary to such dwelling units and including attached single-family dwelling units, single-family mobilehome units, residential condominium units, and dwelling units within a planned unit development. Shared appreciation loans shall be made to refinance only owner-occupied dwelling units, but in the case of two- to four-unit dwellings financed under this chapter, only one of the units need be owner-occupied. A dwelling unit shall be conclusively deemed to be owner-occupied for purposes of this chapter if a borrower certifies in writing to the lender at the time the loan is made that he or she will occupy the property.

1917.331. (a) A shared appreciation loan for seniors shall include all of the following:

(1) The term of the loan shall be for an open-ended term, terminating only upon the occurrence of a maturity event.

(2) An initial advance, if desired by the borrower.

(3) Monthly annuity payments which shall continue until the occurrence of a maturity event.

(4) Interest on (1) and (2), calculated annually at the stated interest rate.

(5) Actual contingent interest.

(c) The loan shall be secured by a deed of trust on the real property financed.

(b) The aggregate amount of any fee charged to the borrower by the lender for processing an application, preparing any necessary documents, obtaining a credit report, or any other costs incurred by the lender in connection with originating a shared appreciation loan for seniors shall not exceed five hundred dollars ($500)". No prepaid interest shall be charged to the borrower.

1917.332. Any provision in any loan made pursuant to this chapter for the discontinuation or termination of a monthly annuity other than upon the occurrence of a maturity event is void and unenforceable.

1917.333. (a) The borrower shall have the right to prepay, at any time, in full or in part, the total loan obligation.

1917.334. Except as provided in this article, the terms and conditions of the shared appreciation loan for seniors shall be subject to all laws applicable to loans in effect on the date the loan is made.

Article 3. Determination of Fair Market Value

1917.410. The borrower, at any time for the purpose of facilitating a sale of the property or prepaying or refinancing the loan, may request the lender to stipulate the minimum amount which the lender considers to be the fair market value of the property for the purposes of this chapter. The lender shall advise the borrower within 10 working days of the receipt of such request of the lender's estimate of the minimum fair market value. The estimate shall remain effective for purposes of this section for 90 days. For the purposes of this section and Section 1917.411, a sale of the property

shall be deemed to have occurred within the 90-day period if there is a valid contract entered by an offer and acceptance within the 90-day period for the sale of the property. The lender's stipulation shall remain effective for an additional 60 days following execution of the sale contract to permit completion of the sale and close of escrow.

The lender shall not be liable to the borrower or any other party on account of damages alleged as a result of providing the stipulation or estimate required by this section if such stipulation or estimate is made in good faith. Evidence of lack of good faith shall include, but not be limited to, a showing that the lender has willfully or repeatedly overrepresented the fair market value of other properties in similar situations, applying equitable principles to those determinations. The lender shall be conclusively presumed to have acted in good faith and no action may be brought or maintained against a lender which arises out of the provision by the lender of such stipulation or estimate, if the lender relied upon an appraisal of an independent appraiser approved by the Federal National Mortgage Association.

1917.411. (a) In the case of a sale for cash within 90 days after the lender stipulates, under the provisions of Section 1917.410, a minimum amount which the lender considers to be the fair market value of the property, the fair market value shall be the gross sale price, unless the gross sale price is below the minimum amount stipulated by the lender and the lender contests in writing the reasonableness of the gross sale price in relation to the fair market value within 10 working days of the lender's receipt of notice of the gross sale price from the borrower, in which case fair market value shall be the greater of gross sale price or the amount determined under Section 1917.412.

(b) In the case of a sale for cash where the borrower has not requested the lender under the provisions of Section 1917.410 to stipulate to the minimum amount which the lender considers to be the fair market value of the property or where the stipulated minimum amount was provided by the lender more than 90 days prior to the date of sale, fair market value shall be the gross sale price, unless the lender contests in writing the reasonableness of the gross sale price in relation to the fair market value within 10 working days of the lender's receipt of notice of the gross sale price from borrower, in which case fair market value shall be the greater of the gross sale price or the amount determined under Section 1917.412.

(c) In the case of a sale which includes consideration to the seller other than cash, fair market value shall be as determined under Section 1917.412.

(d) If the shared appreciation loan is prepaid in full, or upon the occurrence of a maturity event, fair market value shall be as determined under Section 1917.412.

1917.412. When Section 1917.411 requires the application of this section, the fair market value shall be determined by averaging two

appraisals of the property performed as described in this section. If possible, the appraisals shall be based on the sale prices of comparable properties in the market area sold within the preceding three-month period. The appraisals shall be made upon request of the lender by two independent residential appraisers, one to be selected by the lender and one by the borrower. Each appraiser shall be approved by the Federal National Mortgage Association. The cost of the appraiser selected by the lender shall be borne by the lender, and the cost of the appraiser selected by the borrower shall be borne by the borrower, unless the average of the two appraisals equals or is less than the gross sale price of the property, in which case the lender shall also pay the fee of the borrower's appraiser up to two hundred dollars ($200). If either of the appraisers determines that the gross sale price does not reasonably reflect the fair market value of the property, or, in the case of a sale for which appraisal is required by this section, then the fair market value of the property shall be determined as the average of the two appraisals. If the borrower fails to select a qualified appraiser within 15 days after the lender has notified the borrower in writing of the lender's request for an appraisal of the property, the reasons therefor, and the borrower's option to select an independent appraiser within 15 days after the lender's request is submitted to the borrower, the lender may designate the second appraiser, provided the lender's request informs the borrower of this time limitation, and that the lender will select an appraiser on behalf of the borrower in the event the borrower fails to designate an appraiser, with consequent cost to the borrower. If pursuant to this section the lender designates the second appraiser, the cost of both appraisals shall be borne equally by the borrower and lender. If in any case the property has been damaged (other than normal wear and tear) and the damage has not been fully repaired, the determination of fair market value shall be based on the condition of the property not including the damage.

Nothing in this section shall preclude the borrower and lender from establishing the fair market value of the property by mutual agreement in lieu of appraisals pursuant to this section.

Article 4. Improvements

1917.510. The borrower may have the value of capital improvements added to the fair market value of the borrower's property, for purposes of determining the total loan obligation, but only if the procedures set forth in this article are followed.

(a) Within 60 days following the completion of capital improvements during any 12-month period with a cost in excess of one thousand dollars ($1,000), the borrower shall send by first-class mail a notice of the completion of the improvements to the lender and shall submit proof of cost and an estimate of the increase in value of the property by reason of the improvements.

(b) If, within 30 days of receipt of the notice, the lender questions

the claimed increase in value of the property by reason of the improvements, the lender and the borrower may, by mutual agreement, establish the value of the capital improvements or the lender may require appraisal of the property. An appraisal shall be made to determine the increase in value of the property, if any, by reason of the improvements, by two appraisers selected in the same manner specified in Section 1917.412. If appraisals are performed, the increase in value resulting from the improvements for the purposes of this section, shall be one-half of the sum of the two appraisals. The cost of the appraiser selected by the borrower shall be borne by the borrower, and the cost of the appraiser selected by the lender shall be borne by the lender.

(c) A credit for the value of capital improvements shall be provided if the increase in value of the property resulting therefrom is determined pursuant to subdivision (b) to exceed one thousand dollars ($1,000).

(d) If 50 percent or more of the value of the labor or other work on the improvements was performed by the borrower, then the actual cost of the improvements need not exceed one thousand dollars ($1,000) for purposes of making application under subdivision (a).

1917.511. Nothing in this article shall preclude a shared appreciation loan for seniors from providing the borrower with a greater credit for improvements than specified in this article, provided the relevant disclosures required by Article 7 (commencing with Section 1917.710) are appropriately modified to accurately disclose the terms of the credit.

Article 5. General Provisions

1917.610. The relationship of the borrower and the lender of a shared appreciation loan for seniors is that of debtor and creditor and shall not be, or be construed to be, a joint venture, an equity venture, a partnership, or other relationship.

1917.611. Any waiver of any right of a borrower under the provisions of this chapter shall be void and unenforceable.

1917.612. This chapter facilitates one method of making shared appreciation loans to senior citizens in this state. The terms and conditions of any shared appreciation loan for seniors made pursuant to this chapter shall be consistent with this chapter. This chapter does not, however, apply to or limit shared appreciation financing of real property of a type made pursuant to other provisions of law, or which is not otherwise unlawful. Nothing in this chapter shall be construed in any way to affect shared appreciation financing of residential property of senior citizens not meeting the criteria specified in this chapter.

1917.613. A shared appreciation loan for seniors shall not be subject to any provision of this code or the Financial Code which limits the interest rate or change of interest rate of variable interest

rate or renegotiable interest instruments, or which requires particular language or provisions in security instruments securing variable or renegotiable rate obligations or in evidences of those debts.

This section is declaratory of existing law.

1917.614. The lien of a deed of trust securing a shared appreciation loan for seniors shall include and secure the total loan obligation of the shared appreciation loan for seniors.

1917.615. The lien of a shared appreciation loan for seniors, including the total loan obligation, shall attach from the time of the recordation of the deed of trust securing the loan, and the lien, including the lien of the total loan obligation accrued or to be accrued, shall have priority over any other lien or encumbrance affecting the property secured by the shared appreciation instrument and recorded after the time of recordation of the shared appreciation instrument. However, nothing in this section or Section 1917.614 shall preclude a junior lien or encumbrance subordinate to the total loan obligation of the shared appreciation loan for seniors. In no case may a junior lien achieve priority over the lien securing the total loan obligation of the shared appreciation loan, provided that nothing in this section shall be construed to supersede Section 3134.

1917.616. A shared appreciation loan for seniors which bears a fixed interest rate complying with the usury provisions of Article XV of the California Constitution shall not be deemed to become usurious by reason of the payment of actual contingent interest pursuant to this chapter; provided, however, that in no event may the amount of actual contingent interest received by the lender, plus the stated interest received by the lender, result in an annual percentage rate in excess of 1.5 times the applicable usury rate calculated pursuant to Article XV of the California Constitution, when all of such interest is applied over the actual term of the loan.

1917.617. The qualification requirements of Sections 25110, 25120, and 25130 of the Corporations Code do not apply to a shared appreciation loan for seniors to the extent the exemption afforded by subdivision (p) of Section 25100 of that code is applicable.

1917.618. Any loan made pursuant to this chapter shall be subject to Section 580b of the Code of Civil Procedure.

1917.619. Pursuant to the authority contained in Section 1 of Article XV of the California Constitution, the restrictions upon rates of interest contained in Section 1 of Article XV of the California Constitution shall not apply to any obligation of any loan made by any lender pursuant to this chapter.

This section creates and authorizes lenders under this chapter as an exempt class of persons pursuant to Section 1 of Article XV of the Constitution.

Article 6. Notices and Disclosures

1917.710. (a) The disclosures made pursuant to this chapter, as required, shall be the only disclosures required to be made pursuant to state law for shared appreciation loans for seniors, notwithstanding any contrary provision applicable to loans not made under this chapter, except those, if any, that may be required by reason of the application of Division 1 (commencing with Section 25000) of the Corporations Code, or Chapter 1 (commencing with Section 11000) of Part 2 of Division 4 of the Business and Professions Code. However, a lender shall not be precluded from supplementing the disclosures required by this chapter with additional disclosures that are not inconsistent with the disclosures required by this chapter.

(b) Whenever specific language is prescribed by this chapter, substantially the same language shall be utilized if possible, but reasonably equivalent language may be used to the extent necessary or appropriate to achieve a clearer or more accurate disclosure.

1917.711. (a) Each lender offering shared appreciation loans for seniors shall furnish to a prospective borrower, on the earlier of the dates on which the lender first provides written information concerning shared appreciation loans for seniors by the lender or provides a loan application form to the prospective borrower, a written disclosure as provided in this section, in type of not less than ten point.

(b) The disclosure shall be entitled "INFORMATION ABOUT THE (Name of Lender) SHARED APPRECIATION LOAN FOR SENIORS," and shall describe the operation and effect of the shared appreciation loan for seniors, including a brief summary of its terms and conditions, together with a statement consisting of substantially the following language, to the extent applicable to such loan:

INFORMATION ABOUT THE SHARED APPRECIATION LOANS FOR SENIORS

Your lender is pleased to offer you the opportunity to borrow against the equity in your home through a Shared Appreciation Loan for Seniors.

Because the Shared Appreciation Loan for Seniors differs from the usual mortgage loan, the law requires that you have a detailed explanation of the special features of the loan before you apply. Before you sign your particular Shared Appreciation Loan for Seniors documents, you will receive more information about your particular Shared Appreciation Loan for Seniors, which you should read and understand before you sign the loan documents.

Receipt of shared appreciation loan proceeds could be considered income, thereby reducing payments received under government benefit programs, such as Supplemental Security Income (SSI). If this income is accumulated, the payments will be considered a resource, and could terminate your eligibility for SSI or Medi-Cal.

See your legal adviser for more information.

I
GENERAL TERMS

A Shared Appreciation Loan for Seniors will provide you with funds to pay off any existing indebtedness on your home and to pay the closing costs for the loan, and will then advance funds to you each month (monthly annuity) (1) for so long as you or your spouse who is a coborrower live; or (2) until you sell the house; or (3) until you decide to refinance the property and pay off your Shared Appreciation Loan for Seniors. Any of these three events are considered "maturity events," and will constitute the end of the term of the loan. The maturity events are described more fully in the promissory note. Your monthly annuity is calculated according to the method described in Section II, below.

Each advance of funds you receive, including both initial advances (net original loan) and each monthly annuity, will be considered outstanding principal on your loan and will bear a stated interest rate which will be not more than 80 percent of the prevailing rate of interest in the locality in which you live. No payments on your total loan obligation need be made by you until the occurrence of one of the three maturity events described above.

In exchange for a stated interest rate which is below the prevailing rate, you will be obligated to pay us additional interest later, in the form of a share of the appreciation of your home between the time you execute the promissory note and the occurrence of a maturity event. This additional interest is called "actual contingent interest" and is described more fully below at Section III.

Balloon Payment of Principal. If you do not sell the property before the occurrence of a maturity event, you or your successors will need to refinance or pay this loan at that time. The term of this loan is until occurrence of a maturity event. We will not refinance either the unpaid balance of the loan or the contingent interest at that time; you or your successors alone will be responsible for obtaining refinancing. If you refinance this loan, your monthly payments may increase substantially if the property has appreciated significantly or if the interest rate on the refinancing loan is much higher than today's prevailing rates. In general, the more your property appreciates, the larger will be the amount of the actual contingent interest that you will have an obligation to pay or refinance.

Tax and Estate Consequences. USE OF THE SHARED APPRECIATION LOAN FOR SENIORS WILL HAVE INCOME TAX OR ESTATE PLANNING CONSEQUENCES WHICH WILL DEPEND UPON YOUR OWN FINANCIAL AND TAX SITUATION. FOR FURTHER INFORMATION, YOU ARE URGED TO CONSULT YOUR OWN ACCOUNTANT, ATTORNEY, OR OTHER FINANCIAL ADVISER.

THE QUESTIONS YOU SHOULD DISCUSS INCLUDE THE

TAX DEDUCTIBILITY OF THE CONTINGENT INTEREST PAYMENT, YOUR RIGHT TO UTILIZE THAT DEDUCTION IN YEARS OTHER THAN THE YEAR IT IS PAID, AND THE EFFECT OF THE LOSS OF TAX BENEFITS BEFORE THAT TIME. BECAUSE YOU WILL BE BORROWING A SIGNIFICANT AMOUNT OF THE EQUITY IN YOUR HOME, WHEN A MATURITY EVENT OCCURS AND YOUR LOAN IS REPAID, LITTLE OR NO EQUITY MAY REMAIN FOR YOU OR YOUR HEIRS.

Determining Fair Market Value. If you sell your property, the gross sale price will be the fair market value of the property, unless appraisals are requested by us and the appraisals average more than the gross sale price. However, at your request, we also will tell you what we consider to be the fair market value of the property. If you sell for cash for a gross sale price that equals or exceeds that amount, the gross sale price will control and appraisals will not be needed.

Fair market value is determined by appraisals in the event of sales involving a consideration other than cash, prepayment of the loan in full, or any other maturity event.

When appraisals are required, fair market value is determined by averaging two independent appraisals of the property. You may select one of the two appraisers from a list approved by the Federal National Mortgage Association. If appraisals are requested by us, we will provide you with full information on how to select an appraiser.

In lieu of appraisals, we may establish fair market value at an agreed amount if an agreement can be reached between you and us.

Determining Value of Capital Improvements. Capital improvements with a value exceeding $1,000 (but no maintenance or repair costs) may be added to the value of the property for the purpose of determining the net appreciated value, but only if the procedures set forth in the shared appreciation loan documents are followed. It is important to note that capital improvements completed and claimed in any 12-month period must add more than $1,000 in value to the property and must generally also cost more than $1,000. However, if you have performed at least one-half the value of the labor or other work involved, then the cost of the improvements will not be considered. The appraised value of the improvements will be the increase in the value of the property resulting from the improvements. You will receive no credit for minor or major repairs or for improvements that are not appraised at more than $1,000, but the lender will acquire a share of any resulting appreciation in the value of the property.

II
CALCULATION OF MONTHLY ANNUITY

Your Shared Appreciation Loan for Seniors consists of two components: first, an initial advance to cover the cost of paying off any existing liens which you wish to payoff, and to cover closing costs;

and second, a monthly annuity.

Your Shared Appreciation Loan for Seniors is designed to provide a monthly stream of funds for the remainder of the lives of the borrowers, with no payments on the loan due at any time during the lives of the borrowers unless the property is sold or the loan is refinanced or repaid in full. In determining the amount that it is able to lend, the lender estimates what at least 80 percent of the value of the borrower's home is likely to be at the end of the borrower's life expectancy, based on a reasonable projected appreciation rate per year. Borrowers' estimated life spans are predicted on the basis of "actuarial tables" prepared by the government and the insurance industry; and are based only upon estimated female life span, plus up to five years, to avoid any discriminatory effect between the sexes in determining loan amounts and for conservative lending practices. Once the maximum amount which may be loaned has been determined, the amount necessary to pay off existing liens and for closing costs, plus interest at the stated interest rate on that amount for the borrower's life expectancy, is subtracted. The "projected contingent interest" that is predicted to have been earned at the end of the estimated life span is also subtracted. A monthly annuity is then calculated on the remaining amount, based on the stated interest and the borrower's life expectancy.

This complex calculation is illustrated by the following example:

Mr. and Mrs. Smith, who are 73 and 71 years of age, respectively, live in a home with a current value of $150,000, and apply for a Shared Appreciation Loan for Seniors. According to acceptable actuarial tables, Mrs. Smith, the younger of the two, has a remaining actuarial life span of 18 years. At the end of the 18 years, at a 4 percent per year projected appreciation rate, the house would be worth $300,000, 80 percent of which equals $240,000. The house currently has a $15,000 first mortgage, and closing costs will be approximately $2,000, and the Smiths' wish to receive an initial advance to pay off the mortgage and to cover closing costs.

At the time the Smiths apply, the average of the 30-year fixed interest rate for home mortgages of the Federal Home Loan Mortgage Corporation is 13 percent, which is the "prevailing rate." The "stated interest rate" on the Smiths' loan will be 75 percent of the "prevailing rate," or 9¾ percent. (The lender could have charged up to 80 percent of the prevailing rate.)

The Smiths' payments will be calculated so that at the end of the projected loan term of 18 years, the total of all payments owed to the lender will be two hundred forty thousand dollars ($240,000), 80 percent of the estimated value of the Smiths' home after 18 years.

Two items must be subtracted from the two hundred forty thousand dollar ($240,000) future value before the Smiths' payment can be calculated:

(a) Since the Smiths' are requesting an advance of seventeen thousand dollars ($17,000) to pay off their existing mortgage and for closing costs, seventeen thousand dollars ($17,000), plus interest on

seventeen thousand dollars ($17,000) at 9¾ percent for 18 years, for a total of ninety-six thousand fifty-seven dollars ($96,057), must be subtracted from the two hundred forty thousand dollars ($240,000) available for lending. This leaves one hundred forty-three thousand nine hundred forty-three dollars ($143,943).

(b) The lender's share of appreciation of the value of the home is also subtracted before calculating the monthly payment. Since the home is projected to increase in value by one hundred fifty thousand dollars ($150,000), the lender's share, 25 percent, equals thirty-seven thousand five hundred dollars ($37,500). When subtracted from one hundred forty-three thousand nine hundred forty-three dollars ($143,943), this leaves one hundred six thousand four hundred forty-three dollars ($106,443) for monthly payments.

The monthly payment is calculated on the basis of one hundred six thousand four hundred forty-three dollars ($106,443), over an 18-year term with interest at 9¾ percent. This equals one hundred eighty-four dollars ($184) per month. The Smiths' will receive one hundred eighty-four dollars ($184) per month until a maturity event occurs.

At the time of occurrence of a maturity event, the Smiths, or their successors, if they are both deceased, will owe the $17,000 advanced initially, plus the sum of all the monthly payments of $184 received by them until the occurrence of the maturity event, plus interest at 9¾ percent on all of the above from the time the funds were advanced until occurrence of the maturity event, plus actual contingent interest calculated as described in Section III below.

Because interest accumulates rapidly, when a large initial advance is received, or the projected loan term is relatively long, the monthly payment is significantly lower. For instance, if the Smiths' were 80 years old, and received no lump-sum advance, their monthly payment would be seven hundred forty-nine dollars ($749) per month.

The longer the loan has been in effect, of course, the greater the amount that will be owed, as monthly payments and interest accumulate, and as the home appreciates in value. Unless the borrowers choose to sell the home or refinance the loan, monthly payments will continue until both are deceased, no matter how long they live. Thus, the total loan obligation is not limited to the projected life span of the borrowers, nor to any set dollar amount, regardless of the projected maximum. Regardless of how much principal has been advanced by Shared Appreciation Loans for Seniors, and regardless of how much stated interest and actual contingent interest have accumulated or been earned, payments will continue. If the borrower lives substantially longer than the actuarial prediction, it is possible that the total of principal and acquired stated interest plus actual contingent interest, may exceed the value of the home. IN NO EVENT, HOWEVER, WILL A BORROWER OR A BORROWER'S ESTATE BE LIABLE ON THE SHARED APPRECIATION LOAN FOR SENIORS IN AN

AMOUNT GREATER THAN THE VALUE OF THE HOME.

III
ACTUAL CONTINGENT INTEREST

This Shared Appreciation Loan for Seniors provides that you, as borrower, must pay to the lender, as actual contingent interest, a share of up to 25 percent of the net appreciated value of the real property which secures the loan. This actual contingent interest is due and payable whenever a maturity event occurs. The dollar amount of actual contingent interest, if any, which you will be required to pay cannot be determined at this time. If the property does not appreciate, you will owe us nothing as actual contingent interest, and will only have to repay principal and stated interest. Actual contingent interest will not become due if title to the property is transferred on your death to a spouse who is a coborrower, or where a transfer results from a decree of dissolution of a marriage and a spouse who is a coborrower becomes the sole owner.

Your obligation to pay actual contingent interest and stated interest will reduce the amount of the appreciation, if any, that you will realize on the property over and above its value today. Appreciation will not produce a real gain in your equity in the property unless the appreciation rate exceeds the general inflation rate, but you will be required to pay a portion of the appreciation as actual contingent interest without regard to whether the appreciation has resulted in a real gain.

When your home is sold or refinanced, you normally will receive enough cash to pay the total loan obligation. However, if you sell and provide financing to the buyer, you may possibly not receive enough cash to pay the actual contingent interest, and, in that event, it will be necessary for you to provide cash from other funds. In no event, however, will your total loan obligation exceed the value of your home at the time of occurrence of a maturity event, unless you have willfully caused damage to the property.

Calculating the actual contingent interest. Actual contingent interest will be calculated as follows:

	FAIR MARKET VALUE OF THE PROPERTY ON DATE OF MATURITY EVENT (Sale Price or Appraised Value)
– (less)	CURRENT VALUE OF THE PROPERTY
– (less)	VALUE OF CAPITAL IMPROVEMENTS MADE BY YOU (Must exceed $1,000 in cost.)
× (times)	LENDER'S APPRECIATION SHARE (up to 25%)

= (equals) ACTUAL CONTINGENT INTEREST

Below are answers to two frequently asked questions about the Shared Appreciation Loans for Seniors program. If you have any further questions, feel free to call the lender at _____, or write to the lender at _____.

Question. What if I marry, or my spouse is not a coborrower?

Answer. Your Shared Appreciation Loan for Seniors will be due upon the death of the last surviving coborrower. Your lender will be happy to include a new or present spouse as a coborrower, provided the new spouse is over age ____ at the time he or she becomes a coborrower. Because the monthly payment annuity is based upon the projected life span of the youngest coborrower, the annuity will be readjusted if a new, younger coborrower is added. The annuity will be adjusted to reflect the annuity that would have existed had the new coborrower been a coborrower from the beginning of the loan period. Since the monthly annuity is based on a fixed "lendable amount" derived from projected appreciation of the home (see Section II, above), a longer projected loan period, because of the younger age of the new coborrower, will result in a decrease in the size of the monthly annuity.

Question. Can I obtain an additional advance for home improvements?

Answer. Yes, provided your lender approves of the improvement. Your lender will act reasonably in reviewing your request. At the time the advance is made, your lender will calculate the amount of interest at the stated interest rate that will accrue through the projected life of the loan, as it was determined at the time the loan was made. This amount will be deducted from the original lendable amount, and a new annuity calculated, based upon the calculations described in Section II. The effect is the same as if the advance had been made at the outset of the loan, except, of course, you will not be responsible for any interest until the funds are actually advanced. Your annuity will, however, be smaller.

1917.712. (a) Each lender making a shared appreciation loan for seniors shall also furnish to the prospective borrower, prior to the consummation of the loan, the disclosures required by Subpart C of Federal Reserve Board Regulation Z (12 C.F.R. Part 226), including 12 C.F.R. Section 226.18(f), to the extent applicable to the transaction.

(b) The disclosure made pursuant to subdivision (a) and Regulation Z shall be based on the fixed interest rate of the shared appreciation loan for seniors, and shall include a description of the shared appreciation feature, including (1) the conditions for its imposition, the time at which it would be collected, and the limitations on the lender's share, as required by the Federal Reserve Board in the information published by the board in 46 Federal Register 20877-78 (April 7, 1981), and (2) the lender's share of the

appreciated value and the prevailing interest rate as defined in Section 1917.320.

(c) The disclosure made pursuant to subdivision (a) and Regulation Z shall be accompanied by (1) several transaction-specific examples of the operation and effect of the shared appreciation loan and (2) the following charts comparing the shared appreciation loan and a conventional loan made at the prevailing interest rate, and illustrating the possible increase in the monthly payments, and the possible annual percentage rate of finance charge, on the assumptions therein stated:

Chart 1

CONVENTIONAL MORTGAGE AT ___%
If the same loan balance were financed under a conventional, 30-year, fixed-rate, level-payment mortgage, your monthly payments would be:
Years 1–30
$_____/mo.

Chart 2

IF YOU REFINANCE THIS TRANSACTION AT __%	
If your property appreciates at 10% per year, and if your total loan obligation (including actual contingent interest due) at the end of ___ years is refinanced at __% (the prevailing market interest rate now), your monthly payments will be:	
Years 1–__	Refinancing loan
$_____/mo.	$_____/mo.*

* Refinancing loan, assuming a conventional 30-year, fixed-rate, level-payment mortgage. Other mortgage instruments, e.g., graduated-payment or shared-appreciation, if available, may result in lower payments.

Chart 3

APR IF PROPERTY APPRECIATES AT 10%
If your property appreciates at 10% per year, the total finance charge on your shared appreciation loan for seniors (including actual contingent interest) will equal $____, and the annual percentage rate of the total finance charge (including actual contingent interest) will equal ____%.

(d) The disclosures required by subdivision (c) shall be separate from the disclosures required by Regulation Z, and may be presented in the document containing the disclosures required by Regulation Z or in one or more separate documents.

(e) Except to the extent that this section requires disclosure of additional information not required by Regulation Z, compliance with the applicable credit disclosure requirements of Regulation Z shall constitute compliance with the requirements of this section.

(f) The disclosure prescribed in Section 1917.711 shall be physically attached to the disclosures required by this section and Regulation Z at the time the Regulation Z disclosures are furnished to the borrower.

(g) In the event federal law is amended so that this section is inconsistent therewith, the federal law shall prevail as to the disclosures required by this section.

1917.713. Each lender making a shared appreciation loan for seniors shall additionally furnish to the prospective borrower, prior to consummation of the loan, a statement containing the following information:

IMPORTANT INFORMATION ABOUT YOUR SHARED APPRECIATION LOAN FOR SENIORS

You are being offered a shared appreciation loan. Before you decide to accept this loan, read this statement, which is designed to provide important information you should consider.

1. Prevailing interest rate: ____%.
2. Stated interest rate on this loan: ____%.
3. Projected contingent interest: ____%.
4. Initial amount of this loan: $____.
5. Amount of the monthly annuity payments you will receive: $____.
6. Projected term of this loan: ____ years.
7. Projected total loan obligation you will have to pay, assuming the loan continues to the end of the "borrower's" life expectancy: $____.

1917.714. Each deed of trust and evidence of debt executed in connection with a shared appreciation loan for seniors shall contain

a statement, printed or written in a size equal to at least 12-point bold type, consisting of substantially the following language: "THIS IS A [DURATION] SHARED APPRECIATION LOAN FOR SENIORS. THE LENDER'S INTEREST INCLUDES [PERCENT] OF THE NET APPRECIATED VALUE OF THE PROPERTY. A BALLOON PAYMENT OF PRINCIPAL WILL BE REQUIRED. FOR FURTHER INFORMATION, READ THE FLYER ENTITLED 'INFORMATION ABOUT THE [NAME OF LENDER] SHARED APPRECIATION LOAN FOR SENIORS.'" The notice required by this section shall be completed to state the terms of the shared appreciation loan and the lender's share of the net appreciated value.

CHAPTER 1702

An act to add Title 5.5 (commencing with Section 4750) to Part 5 of Division 4 of the Civil Code, and to amend Sections 15200.1 and 15200.2 of the Welfare and Institutions Code, relating to child support.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Title 5.5 (commencing with Section 4750) is added to Part 5 of Division 4 of the Civil Code, to read:

TITLE 5.5. CHILD SUPPORT DELINQUENCY REPORTING

4750. This act shall be known and may be cited as the Child Support Delinquency Reporting Act of 1984.

4751. The Legislature finds and declares that in order to comply with Section 466(a)(7) of the Social Security Act, the State Department of Social Services shall implement procedures which provide that information regarding an amount of past due child support owed by an absent parent residing in this state shall be made available to any consumer reporting agency (as defined in Section 603(f)) of the Fair Credit Reporting Act (15 U.S.C. Sec. 1681 a(f)) upon the request of that agency; except that (a) if the amount of the past-due support involved in any case is less than one thousand dollars ($1,000), information regarding the amount shall be made available only at the option of the department, (b) any information with respect to an absent parent shall be made available under these procedures only after the parent has been notified of the proposed action and given a reasonable opportunity to contest the accuracy of the information, (and after full compliance with all procedural due

process requirements contained in the laws of this state), and (c) a fee for furnishing the information, in an amount not exceeding the actual cost thereof, may be imposed on the requesting agency by the department.

SEC. 2. Section 15200.1 of the Welfare and Institutions Code is amended to read:

15200.1. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, from which the department shall make payments to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, federal incentive funds on the amount received which qualify therefor. In addition, the department shall pay to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, a state incentive of 7.5 percent. This amount shall be paid on collections used to reduce or repay aid which is paid pursuant to this chapter, on collections paid to an aided family in the form of income not included in determining eligibility for assistance pursuant to federal law (so-called "disregards") and for aid which is entitled to federal matching funds. In addition, a county may qualify for an additional incentive payment under Section 15200.7. These funds shall be deposited in the county general fund.

Where more than one county has participated in the enforcement or collection, the incentive payment authorized by this section shall be made to the county making the collection.

Where more than one state has participated in the enforcement or collection, the incentive payment, if any, shall be made in accordance with Section 15200.2.

SEC. 3. Section 15200.2 of the Welfare and Institutions Code is amended to read:

15200.2. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, from which the department shall make payments to California counties and other states, on any support collections distributed on or after October 1, 1982, regardless of the date of collection, federal incentive funds on the amount received which qualify therefor. In addition, the department shall pay to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, a state incentive of 7.5 percent. This amount shall be paid on collections used to reduce or repay aid which is paid pursuant to this chapter, on collections paid to an aided family in the form of income not included in determining eligibility for assistance pursuant to federal law (so-called "disregards"), and for aid which is entitled to federal matching funds. In addition, a county may qualify for an additional incentive payment under Section 15200.7.

The department shall, by regulation, apportion the incentive payment between the collecting state and the county receiving the support payment.

Where a county makes a collection for another state, the

department shall forward any incentive payment received from that state to the county making the collection.

SEC. 4. Section 15200.1 of the Welfare and Institutions Code is amended to read:

15200.1. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, from which the department shall make payments to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, federal incentive funds on the amount received which qualify therefor. In addition, the department shall pay to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, a state incentive of 7.5 percent. This amount shall be paid on collections used to reduce or repay aid which is paid pursuant to this chapter, on collections paid to an aided family in the form of income not included in determining eligibility for assistance pursuant to federal law (so-called "disregards"), and for aid which is entitled to federal matching funds. In addition, a county may qualify for an additional incentive payment under Section 15200.7. These funds shall be deposited in the county general fund.

Where more than one county has participated in the enforcement or collection, the incentive payment authorized by this section shall be made to the county making the collection.

Where more than one state has participated in the enforcement or collection, the incentive payment, if any, shall be made in accordance with Section 15200.2.

Any funds paid to a county pursuant to this section, over and above the county's cost of administering a child support enforcement program, shall be used to support the child support enforcement services of the district attorney.

SEC. 5. Section 15200.2 of the Welfare and Institutions Code is amended to read:

15200.2. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, from which the department shall make payments to California counties and other states, on any support collections distributed on or after October 1, 1982, regardless of the date of collection, federal incentive funds on the amount received which qualify therefor. In addition, the department shall pay to each county on any support collections distributed on or after October 1, 1982, regardless of the date of collection, a state incentive of 7.5 percent. This amount shall be paid on collections used to reduce or repay aid which is paid pursuant to this chapter, on collections paid to an aided family in the form of income not included in determining eligibility for assistance pursuant to federal law (so-called "disregards") and for aid which is entitled to federal matching funds. In addition, a county may qualify for an additional incentive payment under Section 15200.7.

The department shall, by regulation, apportion the incentive payment between the collecting state and the county receiving the

support payment.

Where a county makes a collection for another state, the department shall forward any incentive payment received from that state to the county making the collection.

Any funds paid to a county pursuant to this section, over and above the county's cost of administering a child support enforcement program, shall be used to support the child support enforcement services of the district attorney.

SEC. 6. Section 4 of this bill incorporates amendments to Section 15200.1 of the Welfare and Institutions Code proposed by both this bill and AB 2849. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 15200.1 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 2849, in which case Section 2 of this bill shall not become operative.

SEC. 7. Section 5 of this bill incorporates amendments to Section 15200.2 of the Welfare and Institutions Code proposed by both this bill and AB 2849. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 15200.2 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 2849, in which case Section 3 of this bill shall not become operative.

SEC. 8. This act shall not become operative unless the federal legislation referred to in Section 4751 of the Civil Code is enacted and contains provisions for the program established by this act.

CHAPTER 1703

An act to amend Section 11172 of the Penal Code, relating to child abuse reporting.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 11172 of the Penal Code is amended to read:

11172. (a) In addition to any other immunity provided by state or federal law, the following immunity from civil or criminal liability shall apply:

(1) No child care custodian, medical practitioner or nonmedical practitioner, or employee of a child protective agency who reports a known or suspected instance of child abuse shall incur any civil or criminal liability for any report required or authorized by this article.

(2) No other person reporting a known or suspected instance of child abuse shall incur any civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and that the person knew that the report was false.

(3) No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a known or suspected victim of child abuse, or for causing photographs to be taken of a known or suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from civil or criminal liability with respect to any other use of the photographs.

(4) No child care institution, community care institution licensed to care for children, public or private day camp, residential care facility, public or private school, or employee thereof, who, pursuant to the request of a child protective agency or district attorney, provides the requesting entity with access to the victim or suspected victim of a known or suspected instance of child abuse shall incur any civil or criminal liability for doing so. However, this immunity is not applicable if the providing of access violates the confidentiality provisions of Section 11167.5 or of any other state or federal law. It also does not apply to any person who is a principal or accessory, or is a suspect as a principal or an accessory, as defined in Section 31 or 32, in the commission of the known or suspected instance of child abuse, except to the extent of any immunity granted pursuant to Section 1324 or 1324.1.

(b) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months, or by a fine of not more than five hundred dollars ($500), or by both.

SEC. 2. Section 11172 of the Penal Code is amended to read:

11172. (a) In addition to any other immunity provided by state or federal law, the following immunity from civil or criminal liability shall apply:

(1) No child care custodian, medical practitioner or nonmedical practitioner, or employee of a child protective agency who reports a known or suspected instance of child abuse shall incur any civil or criminal liability for any report required or authorized by this article.

(2) No other person reporting a known or suspected instance of child abuse shall incur any civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and that the person knew that the report was false.

(3) No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a known or suspected victim of child abuse, or for causing photographs to be taken of a known or suspected victim of child abuse, without parental

consent, or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from civil or criminal liability with respect to any other use of the photographs.

(4) No child care institution, community care institution licensed to care for children, public or private day camp, residential care facility, public or private school, or employee thereof, who, pursuant to the request of a child protective agency or district attorney, provides the requesting entity with access to the victim or suspected victim of a known or suspected instance of child abuse shall incur any civil or criminal liability for doing so. However, this immunity is not applicable if the providing of access violates the confidentiality provisions of Section 11167.5 or of any other state or federal law. It also does not apply to any person who is a principal or accessory, or is a suspect as a principal or an accessory, as defined in Section 31 or 32, in the commission of the known or suspected instance of child abuse, except to the extent of any immunity granted pursuant to Section 1324 or 1324.1.

(b) The Legislature finds that even though it has provided immunity from liability to persons required to report child abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of child abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a child care custodian, medical practitioner, nonmedical practitioner, or an employee of a child protective agency may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(c) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars ($1,000) or by both.

SEC. 3. Section 2 of this bill incorporates amendments to Section 11172 of the Penal Code proposed by both this bill and AB 2702. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 11172 of the Penal Code, and (3) this bill is enacted after AB 2702, in which case Section 1 of this bill shall not become operative.

CHAPTER 1704

An act to amend Section 3344 of, and to add Section 990 to, the Civil Code, relating to privacy and publicity.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 990 is added to Chapter 4 of Title 2 of Part 3 of Division 2 of the Civil Code, to read:

990. (a) Any person who uses a deceased personality's name, voice, signature, photograph, or likeness, in any manner, on or in products, merchandise, or goods, or for purposes of advertising or selling, or soliciting purchases of, products, merchandise, goods, or services, without prior consent from the person or persons specified in subdivision (c), shall be liable for any damages sustained by the person or persons injured as a result thereof. In addition, in any action brought under this section, the person who violated the section shall be liable to the injured party or parties in an amount equal to the greater of seven hundred fifty dollars ($750) or the actual damages suffered by the injured party or parties, as a result of the unauthorized use, and any profits from the unauthorized use that are attributable to the use and are not taken into account in computing the actual damages. In establishing these profits, the injured party or parties shall be required to present proof only of the gross revenue attributable to the use and the person who violated the section is required to prove his or her deductible expenses. Punitive damages may also be awarded to the injured party or parties. The prevailing party or parties in any action under this section shall also be entitled to attorneys' fees and costs.

(b) The rights recognized under this section are property rights, freely transferable, in whole or in part, by contract or by means of trust or testamentary documents, whether the transfer occurs before the death of the deceased personality, by the deceased personality or his or her transferees, or, after the death of the deceased personality, by the person or persons in whom such rights vest under this section or the transferees of that person or persons.

(c) The consent required by this section shall be exercisable by the person or persons to whom such right of consent (or portion

thereof) has been transferred in accordance with subdivision (b), or if no such transfer has occurred, then by the person or persons to whom such right of consent (or portion thereof) has passed in accordance with subdivision (d).

(d) Subject to subdivisions (b) and (c), after the death of any person, the rights under this section shall belong to the following person or persons and may be exercised, on behalf of and for the benefit of all of those persons, by those persons who, in the aggregate, are entitled to more than a one-half interest in such rights:

(1) The entire interest in those rights belong to the surviving spouse of the deceased personality unless there are any surviving children or grandchildren of the deceased personality, in which case one-half of the entire interest in those rights belong to the surviving spouse.

(2) The entire interest in those rights belong to the surviving children of the deceased personality and to the surviving children of any dead child of the deceased personality unless the deceased personality has a surviving spouse, in which case the ownership of a one-half interest in rights is divided among the surviving children and grandchildren.

(3) If there is no surviving spouse, and no surviving children or grandchildren, then the entire interest in those rights belong to the surviving parent or parents of the deceased personality.

(4) The rights of the deceased personality's children and grandchildren are in all cases divided among them and exercisable on a per stirpes basis according to the number of the deceased personality's children represented; the share of the children of a dead child of a deceased personality can be exercised only by the action of a majority of them. For the purposes of this section, "per stirpes" is defined as it is defined in Section 240 of the Probate Code.

(e) If any deceased personality does not transfer his or her rights under this section by contract, or by means of a trust or testamentary document, and there are no surviving persons as described in subdivision (d), then the rights set forth in subdivision (a) shall terminate.

(f) (1) A successor-in-interest to the rights of a deceased personality under this section or a licensee thereof may not recover damages for a use prohibited by this section that occurs before the successor-in-interest or licensee registers a claim of the rights under paragraph (2).

(2) Any person claiming to be a successor-in-interest to the rights of a deceased personality under this section or a licensee thereof may register that claim with the Secretary of State on a form prescribed by the Secretary of State and upon payment of a fee of ten dollars ($10). The form shall be verified and shall include the name and date of death of the deceased personality, the name and address of the claimant, the basis of the claim, and the rights claimed.

(3) Upon receipt and after filing of any document under this section, the Secretary of State may microfilm or reproduce by other

techniques any of the filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provision of this section shall be admissible in any court of law. The microfilm or other reproduction of any document may be destroyed by the Secretary of State 50 years after the death of the personality named therein.

(4) Claims registered under this subdivision shall be public records.

(g) No action shall be brought under this section by reason of any use of a deceased personality's name, voice, signature, photograph, or likeness occurring after the expiration of 50 years from the death of the deceased personality.

(h) As used in this section, "deceased personality" means any natural person whose name, voice, signature, photograph, or likeness has commercial value at the time of his or her death, whether or not during the lifetime of that natural person the person used his or her name, voice, signature, photograph, or likeness on or in products, merchandise or goods, or for purposes of advertising or selling, or solicitation of purchase of, products, merchandise, goods or service. A "deceased personality" shall include, without limitation, any such natural person who has died within 50 years prior to January 1, 1985.

(i) As used in this section, "photograph" means any photograph or photographic reproduction, still or moving, or any videotape or live television transmission, of any person, such that the deceased personality is readily identifiable. A deceased personality shall be deemed to be readily identifiable from a photograph when one who views the photograph with the naked eye can reasonably determine who the person depicted in the photograph is.

(j) For purposes of this section, a use of a name, voice, signature, photograph, or likeness in connection with any news, public affairs, or sports broadcast or account, or any political campaign, shall not constitute a use for which consent is required under subdivision (a).

(k) The use of a name, voice, signature, photograph, or likeness in a commercial medium shall not constitute a use for which consent is required under subdivision (a) solely because the material containing such use is commercially sponsored or contains paid advertising. Rather it shall be a question of fact whether or not the use of the deceased personality's name, voice, signature, photograph, or likeness was so directly connected with the commercial sponsorship or with the paid advertising as to constitute a use for which consent is required under subdivision (a).

(*l*) Nothing in this section shall apply to the owners or employees of any medium used for advertising, including, but not limited to, newspapers, magazines, radio and television networks and stations, cable television systems, billboards, and transit ads, by whom any advertisement or solicitation is violation of this section is published or disseminated, unless it is established that such owners or employees had knowledge of the unauthorized use of the deceased personality's name, voice, signature, photograph, or likeness as

prohibited by this section.

(m) The remedies provided for in this section are cumulative and shall be in addition to any others provided for by law.

(n) This section shall not apply to the use of a deceased personality's name, voice, signature, photograph, or likeness, in any of the following instances:

(1) A play, book, magazine, newspaper, musical composition, film, radio or television program, other than an advertisement or commercial announcement not exempt under paragraph (4).

(2) Material that is of political or newsworthy value.

(3) Single and original works of fine art.

(4) An advertisement or commercial announcement for a use permitted by paragraph (1), (2), or (3).

SEC. 2. Section 3344 of the Civil Code is amended to read:

3344. (a) Any person who knowingly uses another's name, voice, signature, photograph, or likeness, in any manner, on or in products, merchandise, or goods, or for purposes of advertising or selling, or soliciting purchases of, products, merchandise, goods or services, without such person's prior consent, or, in the case of a minor, the prior consent of his parent or legal guardian, shall be liable for any damages sustained by the person or persons injured as a result thereof. In addition, in any action brought under this section, the person who violated the section shall be liable to the injured party or parties in an amount equal to the greater of seven hundred fifty dollars ($750) or the actual damages suffered by him or her as a result of the unauthorized use, and any profits from the unauthorized use that are attributable to the use and are not taken into account in computing the actual damages. In establishing such profits, the injured party or parties are required to present proof only of the gross revenue attributable to such use, and the person who violated this section is required to prove his or her deductible expenses. Punitive damages may also be awarded to the injured party or parties. The prevailing party in any action under this section shall also be entitled to attorney's fees and costs.

(b) As used in this section, "photograph" means any photograph or photographic reproduction, still or moving, or any videotape or live television transmission, of any person, such that the person is readily identifiable.

(1) A person shall be deemed to be readily identifiable from a photograph when one who views the photograph with the naked eye can reasonably determine that the person depicted in the photograph is the same person who is complaining of its unauthorized use.

(2) If the photograph includes more than one person so identifiable, then the person or persons complaining of the use shall be represented as individuals rather than solely as members of a definable group represented in the photograph. A definable group includes, but is not limited to, the following examples: a crowd at any sporting event, a crowd in any street or public building, the audience

at any theatrical or stage production, a glee club, or a baseball team.

(3) A person or persons shall be considered to be represented as members of a definable group if they are represented in the photograph solely as a result of being present at the time the photograph was taken and have not been singled out as individuals in any manner.

(c) Where a photograph or likeness of an employee of the person using the photograph or likeness appearing in the advertisement or other publication prepared by or in behalf of the user is only incidental, and not essential, to the purpose of the publication in which it appears, there shall arise a rebuttable presumption affecting the burden of producing evidence that the failure to obtain the consent of the employee was not a knowing use of the employee's photograph or likeness.

(d) For purposes of this section, a use of a name, voice, signature, photograph, or likeness in connection with any news, public affairs, or sports broadcast or account, or any political campaign, shall not constitute a use for which consent is required under subdivision (a).

(e) The use of a name, voice, signature, photograph, or likeness in a commercial medium shall not constitute a use for which consent is required under subdivision (a) solely because the material containing such use is commercially sponsored or contains paid advertising. Rather it shall be a question of fact whether or not the use of the person's name, voice, signature, photograph, or likeness was so directly connected with the commercial sponsorship or with the paid advertising as to constitute a use for which consent is required under subdivision (a).

(f) Nothing in this section shall apply to the owners or employees of any medium used for advertising, including, but not limited to, newspapers, magazines, radio and television networks and stations, cable television systems, billboards, and transit ads, by whom any advertisement or solicitation in violation of this section is published or disseminated, unless it is established that such owners or employees had knowledge of the unauthorized use of the person's name, voice, signature, photograph, or likeness as prohibited by this section.

(g) The remedies provided for in this section are cumulative and shall be in addition to any others provided for by law.

CHAPTER 1705

An act to amend Sections 411.30, 581, and 1141.17 of, to add Chapter 1.5 (commencing with Section 583.110) to Title 8 of Part 2 of, and to repeal Sections 581a and 583 of, the Code of Civil Procedure, and to amend Section 3638 of the Revenue and Taxation Code, relating to civil actions.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 411.30 of the Code of Civil Procedure is amended to read:

411.30. (a) In any action for damages arising out of the professional negligence of a person holding a valid physician's and surgeon's certificate issued pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, or of a person holding a valid dentist's license issued pursuant to Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code, or of a person holding a valid podiatrist's certificate issued pursuant to Article 22 (commencing with Section 2460) of Chapter 5 of Division 2 of the Business and Professions Code, or of a person licensed pursuant to the Chiropractic Act, on or before the date of service of the complaint on any defendant, the plaintiff's attorney shall file the certificate specified in subdivision (b).

(b) A certificate shall be executed by the attorney for the plaintiff declaring one of the following:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one physician and surgeon, dentist, podiatrist, or chiropractor who is licensed to practice and practices in this state or any other state or teaches at an accredited college or university and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action.

(2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations, including the provisions of Article 2 (commencing with Section 583.210) of Chapter 1.5 of Title 8, would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after service of the complaint.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because the attorney had made three separate good faith attempts with three separate physicians and surgeons, dentists, podiatrists, or chiropractors to obtain such consultation and none of those contacted would agree to such a consultation.

(c) Where a certificate is required pursuant to this section, only one such certificate shall be filed notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.

(d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur", as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a medical procedure or both, and for that reason is not filing a certificate required by this section.

(e) If a request by the plaintiff for the defendant's records has been made pursuant to Section 1158 of the Evidence Code, and if the defendant has failed to produce such records within the time limits specified by that section, the time for filing the certificate of merit shall be extended for the period by which the time for furnishing records set forth in Section 1158 of the Evidence Code is exceeded by the defendant to a maximum of 60 days after which the requirement for the certificate is voided.

(f) For purposes of this section, and subject to Evidence Code Section 912, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the physician or surgeon, dentist, podiatrist, or chiropractor consulted and the contents of such consultation. Such privilege shall also be held by the physician or surgeon, dentist, podiatrist, or chiropractor so consulted, provided when the attorney makes a claim under paragraph (3) of subdivision (b) that he was unable to obtain the required consultation with the physician and surgeon, dentist, podiatrist, or chiropractor, the court may require the attorney to divulge the names of physicians and surgeons, dentists, podiatrists, or chiropractors refusing such consultation.

(g) A violation of the provisions of this section may constitute unprofessional conduct and be grounds for discipline against the attorney.

(h) The failure to file a certificate required by this section shall be grounds for a demurrer pursuant to Section 430.10.

(i) The provisions of this section shall not be applicable to a plaintiff who is not represented by an attorney.

(j) This section shall remain in effect until January 1, 1987, and on that date is repealed unless a later enacted statute deletes or extends that date.

SEC. 2. Section 581 of the Code of Civil Procedure is amended to read:

581. An action may be dismissed in the following cases:

(a) By plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the judge where there is no clerk, at any time before the actual commencement of trial, upon payment of the costs of the clerk or judge. This subdivision does not apply if affirmative relief has been sought by the cross-complaint of the defendant or if there is a motion pending for an order transferring the action to another court under the provisions of Section 396b. A trial shall be deemed to be actually

commenced at the beginning of the opening statement of the plaintiff or counsel, and if there is no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

(b) By either party, upon the written consent of the other. No dismissal mentioned in subdivisions (a) and (b) shall be granted except upon the written consent of the attorney of record of the party or parties applying therefor, or if consent is not obtained upon order of the court after notice to the attorney.

(c) By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when a demurrer is sustained without leave to amend, or when, after a demurrer to the complaint has been sustained with leave to amend, the plaintiff fails to amend it within the time allowed by the court, or a motion to strike the whole of the complaint is granted without leave to amend, or a motion to strike the whole of a complaint or portion thereof is granted with leave to amend and the plantiff fails to amend within the time allowed by the court, and either party moves for such dismissal.

(d) By the court, with prejudice to the cause, when upon the trial and before the final submission of the case, the plaintiff abandons it.

(e) The provisions of subdivision (a) shall not prohibit a party from dismissing with prejudice, either by written request to the clerk or oral or written request to the judge, as the case may be, any cause of action at any time before decision rendered by the court. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a cross-complaint filed in the action. Dismissals without prejudice may be had in either of the manners provided for in subdivision (a), after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

(f) By the court without prejudice when no party appears for trial following 30 days notice of time and place for trial.

(g) By the court without prejudice when dismissal is made pursuant to Chapter 1.5 (commencing with Section 583.110).

SEC. 3. Section 581a of the Code of Civil Procedure is repealed.

SEC. 4. Section 583 of the Code of Civil Procedure is repealed.

SEC. 5. Chapter 1.5 (commencing with Section 583.110) is added to Title 8 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 1.5. DISMISSAL FOR DELAY IN PROSECUTION

Article 1. Definitions and General Provisions

583.110. As used in this chapter, unless the provision or context otherwise requires:

(a) "Action" includes an action commenced by cross-complaint or other pleading that asserts a cause of action or claim for relief.

(b) "Complaint" includes a cross-complaint or other initial

pleading.

(c) "Court" means the court in which the action is pending.

(d) "Defendant" includes a cross-defendant or other person against whom an action is commenced.

(e) "Plaintiff" includes a cross-complainant or other person by whom an action is commenced.

(f) "Service" includes return of summons.

583.120. (a) This chapter applies to a civil action and does not apply to a special proceeding except to the extent incorporated by reference in the special proceeding.

(b) Notwithstanding subdivision (a), the court may, by rule or otherwise under inherent authority of the court, apply this chapter to a special proceeding or part of a special proceeding except to the extent such application would be inconsistent with the character of the special proceeding or the statute governing the special proceeding.

583.130. It is the policy of the state that a plaintiff shall proceed with reasonable diligence in the prosecution of an action but that all parties shall cooperate in bringing the action to trial or other disposition. Except as otherwise provided by statute or by rule of court adopted pursuant to statute, the policy favoring the right of parties to make stipulations in their own interests and the policy favoring trial or other disposition of an action on the merits are generally to be preferred over the policy that requires dismissal for failure to proceed with reasonable diligence in the prosecution of an action in construing the provisions of this chapter.

583.140. Nothing in this chapter abrogates or otherwise affects the principles of waiver and estoppel.

583.150. This chapter does not limit or affect the authority of a court to dismiss an action or impose other sanctions under a rule adopted by the court pursuant to Section 575.1 or by the Judicial Council pursuant to statute, or otherwise under inherent authority of the court.

583.160. This chapter applies to a motion for dismissal made in an action commenced before, on, or after the effective date of this chapter, except that in the case of an action commenced before the effective date of this chapter:

(a) A motion for dismissal made pursuant to notice given before, on, or within one year after the effective date of this chapter is governed by the applicable law in effect immediately before the effective date and for this purpose the law in effect immediately before the effective date continues in effect.

(b) This chapter does not affect an order dismissing an action made before the effective date of this chapter.

Article 2. Mandatory Time for Service of Summons

583.210. (a) The summons and complaint shall be served upon a defendant within three years after the action is commenced against

the defendant. For the purpose of this subdivision an action is commenced at the time the complaint is filed.

(b) Return of summons or other proof of service shall be made within 60 days after the time the summons and complaint must be served upon a defendant.

583.220. The time within which service must be made pursuant to this article does not apply if the defendant enters into a stipulation in writing or does another act that constitutes a general appearance in the action. For the purpose of this section none of the following constitutes a general appearance in the action:

(a) A stipulation pursuant to Section 583.230 extending the time within which service must be made.

(b) A motion to dismiss made pursuant to this chapter, whether joined with a motion to quash service or a motion to set aside a default judgment, or otherwise.

(c) An extension of time to plead after a motion to dismiss made pursuant to this chapter.

583.230. The parties may extend the time within which service must be made pursuant to this article by the following means:

(a) By written stipulation. The stipulation need not be filed but, if it is not filed, the stipulation shall be brought to the attention of the court if relevant to a motion for dismissal.

(b) By oral agreement made in open court, if entered in the minutes of the court or a transcript is made.

583.240. In computing the time within which service must be made pursuant to this article, there shall be excluded the time during which any of the following conditions existed:

(a) The defendant was not amenable to the process of the court.

(b) The prosecution of the action or proceedings in the action was stayed and the stay affected service.

(c) The validity of service was the subject of litigation by the parties.

(d) Service, for any other reason, was impossible, impracticable, or futile due to causes beyond the plaintiff's control. Failure to discover relevant facts or evidence is not a cause beyond the plaintiff's control for the purpose of this subdivision.

583.250. (a) If service is not made in an action within the time prescribed in this article:

(1) The action shall not be further prosecuted and no further proceedings shall be held in the action.

(2) The action shall be dismissed by the court on its own motion or on motion of any person interested in the action, whether named as a party or not, after notice to the parties.

(b) The requirements of this article are mandatory and are not subject to extension, excuse, or exception except as expressly provided by statute.

Article 3. Mandatory Time for Bringing Action to Trial or New Trial

583.310. An action shall be brought to trial within five years after the action is commenced against the defendant.

583.320. (a) If a new trial is granted in the action the action shall again be brought to trial within the following times:

(1) If a trial is commenced but no judgment is entered because of a mistrial or because a jury is unable to reach a decision, within three years after the order of the court declaring the mistrial or the disagreement of the jury is entered.

(2) If after judgment a new trial is granted and no appeal is taken, within three years after the order granting the new trial is entered.

(3) If on appeal an order granting a new trial is affirmed or a judgment is reversed and the action remanded for a new trial, within three years after the remittitur is filed by the clerk of the trial court.

(b) Nothing in this section requires that an action again be brought to trial before expiration of the time prescribed in Section 583.310.

583.330. The parties may extend the time within which an action must be brought to trial pursuant to this article by the following means:

(a) By written stipulation. The stipulation need not be filed but, if it is not filed, the stipulation shall be brought to the attention of the court if relevant to a motion for dismissal.

(b) By oral agreement made in open court, if entered in the minutes of the court or a transcript is made.

583.340. In computing the time within which an action must be brought to trial pursuant to this article, there shall be excluded the time during which any of the following conditions existed:

(a) The jurisdiction of the court to try the action was suspended.

(b) Prosecution or trial of the action was stayed or enjoined.

(c) Bringing the action to trial, for any other reason, was impossible, impracticable, or futile.

583.350. If the time within which an action must be brought to trial pursuant to this article is tolled or otherwise extended pursuant to statute with the result that at the end of the period of tolling or extension less than six months remains within which the action must be brought to trial, the action shall not be dismissed pursuant to this article if the action is brought to trial within six months after the end of the period of tolling or extension.

583.360. (a) An action shall be dismissed by the court on its own motion or on motion of the defendant, after notice to the parties, if the action is not brought to trial within the time prescribed in this article.

(b) The requirements of this article are mandatory and are not subject to extension, excuse, or exception except as expressly provided by statute.

Article 4. Discretionary Dismissal for Delay

583.410. (a) The court may in its discretion dismiss an action for delay in prosecution pursuant to this article on its own motion or on motion of the defendant if to do so appears to the court appropriate under the circumstances of the case.

(b) Dismissal shall be pursuant to the procedure and in accordance with the criteria prescribed by rules adopted by the Judicial Council.

583.420. (a) The court may not dismiss an action pursuant to this article for delay in prosecution except after one of the following conditions has occurred:

(1) Service is not made within two years after the action is commenced against the defendant.

(2) The action is not brought to trial within the following times:

(A) Three years after the action is commenced against the defendant unless otherwise prescribed by rule under subparagraph (B).

(B) Two years after the action is commenced against the defendant if the Judicial Council by rule adopted pursuant to Section 583.410 so prescribes for the court because of the condition of the court calendar or for other reasons affecting the conduct of litigation or the administration of justice.

(3) A new trial is granted and the action is not again brought to trial within the following times:

(A) If a trial is commenced but no judgment is entered because of a mistrial or because a jury is unable to reach a decision, within two years after the order of the court declaring the mistrial or the disagreement of the jury is entered.

(B) If after judgment a new trial is granted and no appeal is taken, within two years after the order granting the new trial is entered.

(C) If on appeal an order granting a new trial is affirmed or a judgment is reversed and the action remanded for a new trial, within two years after the remittitur is filed by the clerk of the trial court.

(b) The times provided in subdivision (a) shall be computed in the manner provided for computation of the comparable times under Articles 2 (commencing with Section 583.210) and 3 (commencing with Section 583.310).

583.430. (a) In a proceeding for dismissal of an action pursuant to this article for delay in prosecution the court in its discretion may require as a condition of granting or denial of dismissal that the parties comply with such terms as appear to the court proper to effectuate substantial justice.

(b) The court may make any order necessary to effectuate the authority provided in this section, including, but not limited to, provisional and conditional orders.

SEC. 6. Section 1141.17 of the Code of Civil Procedure is amended to read:

1141.17. (a) Submission of an action to arbitration pursuant to

this chapter shall not suspend the running of the time periods specified in Chapter 1.5 (commencing with Section 583.110) of Title 8 of Part 2, except as provided in this section.

(b) If an action is or remains submitted to arbitration pursuant to this chapter more than four years and six months after the plaintiff has filed the action, then the time beginning on the date four years and six months after the plaintiff has filed the action and ending on the date on which a request for a de novo trial is filed under Section 1141.20 shall not be included in computing the five-year period specified in Section 583.310.

SEC. 7. Section 3638 of the Revenue and Taxation Code is amended to read:

3638. An action commenced under this chapter shall be dismissed by the court in which it is commenced or to which it is transferred on motion of the defendant after due notice to plaintiff, or by the court upon its own motion, unless the action is brought to trial within one year after the plaintiff has filed the action, except where the parties have stipulated, in writing, that the time may be extended. Chapter 1.5 (commencing with Section 583.110) of Title 8 of Part 2 of the Code of Civil Procedure does not apply to an action commenced under this chapter.

CHAPTER 1706

An act to amend Sections 46300, 51769, and 52372 of, and to add Section 52372.1 to, the Education Code, relating to vocational education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 46300 of the Education Code is amended to read:

46300. (a) In computing average daily attendance of a school district, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him or her to render service in the capacity and during the period in which he or she served.

(b) For the purposes of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement,

coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator.

A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 46141 or 46144.

(c) For the purposes of the rehabilitative schools, classes, or programs described in Section 48907.5 which require immediate supervision, "immediate supervision" means that the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) For the purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school pupils who are also enrolled in a regional occupational center or regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities which are less than the minimum schoolday, pursuant to regulations adopted by the State Board of Education; provided that none of that attendance is counted for purposes of computing attendance pursuant to Section 52324.

A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for any pupil in attendance for less than 145 minutes each day.

The divisor for computing proportional average daily attendance pursuant to this subdivision shall be 240; except, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor shall be 180.

Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in an independent study program conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28.

A pupil enrolled in an independent study program shall not be credited with more than one day of attendance per calendar day.

(f) For purposes of cooperative vocational education programs and community classrooms described in Section 52372.1, "immediate supervision" means pupil participation in paid and unpaid on-the-job experiences as outlined under a training agreement and

individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

SEC. 1.5. Section 46300 of the Education Code, as amended by Senate Bill 786, is amended to read:

46300. (a) In computing average daily attendance of a school district, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him or her to render service in the capacity and during the period in which he or she served.

(b) For the purposes of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator.

A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 46141 or 46144.

(c) For the purposes of the rehabilitative schools, classes, or programs described in Section 48907.5 which require immediate supervision, "immediate supervision" means that the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) For the purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school pupils who are also enrolled in a regional occupational center or regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities which are less than the minimum schoolday, pursuant to regulations adopted by the State Board of Education; provided that none of that attendance is counted for purposes of computing attendance pursuant to Section 52324.

A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for any pupil in attendance for less than 145 minutes each day.

The divisor for computing proportional average daily attendance

pursuant to this subdivision shall be 240; except, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor shall be 180.

Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in an independent study program conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28.

A pupil enrolled in an independent study program shall not be credited with more than one day of attendance per calendar day.

(f) In computing the average daily attendance of a school district, school districts operating staff development programs with local funds may conduct those programs during the regular school year and receive full average daily attendance reimbursement. The total time allowed pursuant to this subdivision and Sections 44670.6, 52022, and 52854 shall not exceed eight days each year for each participating staff member.

(g) For purposes of cooperative vocational education programs and community classrooms described in Section 52372.1, "immediate supervision" means pupil participation in paid and unpaid on-the-job experiences as outlined under a training agreement and individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

SEC. 2. Section 51769 of the Education Code is amended to read:

51769. Notwithstanding any provision of this code or the Labor Code to the contrary, the school district, county superintendent of schools, or any school administered by the State Department of Education under whose supervision work experience education, cooperative vocational education, or community classrooms, as defined by regulations adopted by the Superintendent of Public Instruction, are provided shall be considered the employer under Division 4 (commencing with Section 3200) of the Labor Code of persons receiving this training unless the persons during the training are being paid a cash wage or salary by a private employer, or unless the person or firm under whom the persons are receiving work experience or occupational training elects to provide workers' compensation insurance. An apprentice, while attending related and supplemental instruction classes, shall be considered to be in the employ of the apprentice's employer and not subject to this section, unless the apprentice is unemployed. Whenever this work experience education, cooperative vocational education, or community classroom education, is under the supervision of a regional occupational center or program operated by two or more school districts pursuant to Section 52301, the district of residence of the persons receiving the training shall be deemed the employer for

the purposes of this section.

SEC. 3. Section 52372 of the Education Code is amended to read:

52372. The governing board of any high school district, subject to the provisions of this code relating to courses of study for high schools, the governing board of any joint powers regional occupational center or program, or the county superintendent of schools which conducts any county-operated regional occupational center or program, may establish and maintain, in connection with any high school or regional occupational center or program under its or his or her jurisdiction, cooperative vocational education programs or community classrooms as part of a vocational education course in accordance with rules and regulations prescribed by the Superintendent of Public Instruction.

SEC. 4. Section 52372.1 is added to the Education Code, to read:

52372.1. (a) The Superintendent of Public Instruction shall adopt rules and regulations for cooperative vocational education programs and community classrooms. The rules and regulations shall include, but need not necessarily be limited to, all of the following:

(1) Selection and approval of work and training stations.

(2) Related classroom instruction.

(3) Supervision of students while in training.

(4) Joint venture training agreements and plans.

(5) Student teacher ratios.

(6) Paid and unpaid on-the-job experiences.

(7) Credit for participation in cooperative vocational education programs and community classrooms.

(b) As used in this section, "cooperative vocational education programs" includes cooperative agreements between schools and employers to provide students with paid on-the-job experiences, as well as vocational education instruction contributing to the student's education and employability.

(c) As used in this section, "community classrooms" includes instructional methodologies which are part of a vocational education course, and which may utilize the facilities and equipment of a public agency or private business to provide students the opportunity to expand competencies developed in a vocational course in unpaid on-the-job experiences.

(d) Joint venture agreements shall be entered into between the director and the management of the community classroom site to ensure that students will be provided, through unpaid on-the-job experiences, the opportunity to expand the competencies developed in the classroom instruction portion of their training.

Each instructor, in cooperation with the business or agency in which the student will be placed, shall develop an individualized training plan for each pupil enrolled in a community classroom.

(e) All statutes and regulations applicable to minors in employment relationships apply to cooperative vocational education programs and to community classrooms.

(f) For purposes of this section, "public agency" means any public

agency capable of providing unpaid on-the-job experience meeting all of the following requirements:

(1) The on-the-job experiences are in occupations for which there is a local job market.

(2) The on-the-job experiences are equivalent to those which could be received for each specific occupational area as if they were held at a private business site.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 46300 of the Education Code proposed by both this bill and SB 786. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, (2) each bill amends Section 46300 of the Education Code, and (3) this bill is enacted after SB 786, in which case Section 46300 of the Education Code, as amended by SB 786, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the statutory authority for offering unpaid occupational training programs in community settings, otherwise known as community classrooms, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1707

An act to amend Sections 6012.2, 6368, 6368.1, 6592, 7262, 7305, 7355, 7401, 7408, 7409, 7451, 7726, 8752, 9196, 43301, and 43303 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 6012.2 of the Revenue and Taxation Code is amended to read:

6012.2. (a) For purposes of this part, "gross receipts" from the sale of a used mobilehome, as defined in Section 18014 of the Health and Safety Code, and the "sales price" of a used mobilehome, sold or stored, used, or otherwise consumed in this state shall be based on the current value of the used mobilehome, as determined by a recognized value guide, whenever a registered or legal owner sells a used mobilehome through a person licensed under the Health and Safety Code as a dealer and not on the dealer's own account or through a licensed real estate broker acting pursuant to Section

10131.6 of the Business and Professions Code, or whenever a purchaser of a used mobilehome is required to pay the use tax to the Department of Housing and Community Development. The State Board of Equalization shall approve the value guides for use within this state through regulation.

(b) For the purposes of this part, "gross receipts" from the sale of a mobilehome, whether new or used, and the "sales price" of a mobilehome, whether new or used, shall exclude the amount of separately stated escrow fees on the sale of such mobilehome.

(c) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends that date.

SEC. 1.3. Section 6368 of the Revenue and Taxation Code is amended to read:

6368. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of watercraft and any sales of tangible personal property becoming a component part of that watercraft in the course of constructing, repairing, cleaning, altering, or improving the same, and charges made for labor and services rendered in respect to that constructing, repairing, cleaning, altering, or improving, if any of the following conditions are met:

(1) The watercraft is for use in interstate or foreign commerce involving the transportation of property or persons for hire.

(2) The watercraft is for use in commercial deep sea fishing operations outside the territorial waters of this state by persons who are regularly engaged in commercial deep sea fishing.

(3) The watercraft is functionally used 80 percent or more of the time in the transporting for hire of property or persons to vessels or offshore drilling platforms located outside the territorial waters of this state.

(b) For purposes of this section, it shall be rebuttably presumed that a person is not regularly engaged in the business of commercial deep sea fishing if the person has gross receipts from commercial fishing operations of less than five thousand dollars ($5,000) a year.

SEC. 1.5. Section 6368.1 of the Revenue and Taxation Code is amended to read:

6368.1. (a) There are exempted from the taxes imposed by this part, the gross receipts from the sale of and the storage, use, or other consumption in this state of watercraft which are leased, or are sold to persons for the purpose of leasing, and any sales of tangible personal property becoming a component part of such watercraft in the course of constructing, repairing, cleaning, altering, or improving the same, and charges made for labor and services rendered in respect to such constructing, repairing, cleaning, altering, or improving, if any of the following conditions are met:

(1) The lessee uses the watercraft in interstate and foreign commerce involving the transportation of property or persons for hire.

(2) The watercraft is for use in commercial deep sea fishing operations outside the territorial waters of this state by persons who are regularly engaged in commercial deep sea fishing.

(3) The lessee functionally uses the watercraft 80 percent or more of the time in the transporting for hire of property or persons to vessels or offshore drilling platforms located outside the territorial waters of this state.

(b) For purposes of this section, it shall be rebuttably presumed that a person is not regularly engaged in the business of commercial deep sea fishing if the person has gross receipts from commercial fishing operations of less than five thousand dollars ($5,000) a year.

SEC. 2. Section 6592 of the Revenue and Taxation Code is amended to read:

6592. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 6476, 6477, 6511, 6565, and 6591.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 3. Section 7262 of the Revenue and Taxation Code, as amended by Section 11 of Chapter 17 of the Statutes of 1984, is amended to read:

7262. (a) The use tax portion of any transactions and use tax ordinance adopted under this part shall impose a complementary tax upon the storage, use or other consumption in the district of tangible personal property purchased from any retailer for storage, use or other consumption in the district. Such tax shall be at a rate of one-half of 1 percent of the sales price of the property whose storage, use or other consumption is subject to the tax, and the ordinance shall include provisions in substance as follows:

(1) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state. The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

An additional provision shall be included that a retailer engaged in business in the district shall not be required to collect use tax from the purchaser of tangible personal property unless the retailer ships or delivers the property into the district or participates within the district in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the district or through any representative, agent, canvasser, solicitor, subsidiary or person in the district under authority of the retailer.

(2) A provision that all amendments subsequent to the effective date of this part to the provisions of Part 1 (commencing with Section 6001) of this division relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(3) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state-administered transactions or use tax.

(4) A provision that any person subject to a use tax under an ordinance adopted pursuant to this part shall be entitled to credit against that tax any transactions tax or reimbursement for transactions tax paid to a district or retailer in a district imposing a transactions tax pursuant to this part.

(5) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1 of this code, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use tax.

(6) A provision that the storage, use, or other consumption in the district of tangible personal property is exempt from tax if purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. The possession of, or the exercise of any right or power over, tangible personal property under a lease which is a continuing purchase of such property is exempt from tax for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of the ordinance. For the purposes of this subdivision, storage, use, or other consumption, or possession, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

(b) This section shall cease to be operative on March 1, 1984, and thereafter this section shall become operative on January 1, 1986.

SEC. 3.1. Section 7262 of the Revenue and Taxation Code, as amended by Section 12 of Chapter 17 of the Statutes of 1984, is amended to read:

7262. (a) The use tax portion of any transactions and use tax ordinance adopted under this part shall impose a complementary tax upon the storage, use or other consumption in the district of tangible personal property purchased from any retailer for storage, use or

other consumption in the district. Such tax shall be at a rate of one-half of 1 percent of the sales price of the property whose storage, use or other consumption is subject to the tax, and the ordinance shall include provisions in substance as follows:

(1) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state. The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

An additional provision shall be included that a retailer engaged in business in the district shall not be required to collect use tax from the purchaser of tangible personal property unless the retailer ships or delivers the property into the district or participates within the district in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the district or through any representative, agent, canvasser, solicitor, subsidiary or person in the district under authority of the retailer.

(2) A provision that all amendments subsequent to the effective date of this part to the provisions of Part 1 (commencing with Section 6001) of this division relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(3) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state-administered transactions or use tax.

(4) A provision that any person subject to a use tax under an ordinance adopted pursuant to this part shall be entitled to credit against that tax any transactions tax or reimbursement for transactions tax paid to a district or retailer in a district imposing a transactions tax pursuant to this part.

(5) A provision that the storage, use, or other consumption of tangible personal property purchased by operators of waterborne vessels and used or consumed by such operators directly and exclusively in the carriage of persons or property in such vessels for commercial purposes is exempt from the use tax.

(6) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1 of this code, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use

tax.

(7) A provision that the storage, use, or other consumption in the district of tangible personal property is exempt from tax if purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. The possession of, or the exercise of any right or power over, tangible personal property under a lease which is a continuing purchase of such property is exempt from tax for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of the ordinance. For the purposes of this subdivision, storage, use, or other consumption, or possession, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

(b) This section shall remain in effect only until January 1, 1986, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1986, deletes or extends that date.

SEC. 3.2. Section 7305 of the Revenue and Taxation Code is amended to read:

7305. "Distribution" includes any of the following:

(a) The refining, manufacturing, producing, blending, or compounding of motor vehicle fuel in this state, and the sale, donation, consignment for sale, barter, or use of the fuel in this state.

(b) The refining, manufacturing, producing, blending, or compounding of motor vehicle fuel in this state from petroleum products owned by another and the delivery of the fuel in this state to the owner thereof or to any person on his or her order.

(c) The importing of motor vehicle fuel into this state, and the sale, donation, consignment for sale, barter, or use of the fuel in this state unless the state is prohibited by the Constitution or laws of the United States from imposing a tax with respect to that sale, donation, consignment for sale, barter or use; provided, however, that motor vehicle fuel brought into this state in the usual and ordinary fuel supply tank connected to the engine of a motor vehicle shall not be deemed to be "imported" if not removed from that tank except as used for the propulsion of the engine, except to the extent that fuel was acquired tax free for export or a refund of tax was claimed on account of exportation from the state from which that fuel was transported into this state.

(d) The receiving in this state by a licensed distributor of motor vehicle fuel with respect to which there has been no prior taxable distribution, or the receipt in this state by any person, other than a licensed distributor or licensed broker under the conditions set forth in paragraph (5) of subdivision (a) of Section 7401, of motor vehicle fuel with respect to which there has not been a prior distribution on which tax has been paid pursuant to this part, and the sale, donation, consignment for sale, barter, or use of the fuel in this state.

(e) The withdrawal of motor vehicle fuel from storage in this state for the purpose of the sale, donation, consignment for sale, barter or use of the fuel in this state if the consummation of that purpose does not otherwise constitute a distribution taxable under this part, in which event the license tax with respect to the fuel withdrawn from storage is measured by the gallonage thereof thus sold, donated, consigned for sale, bartered or used.

(f) For the purpose of subdivisions (a), (c), (d), and (e), "consignment for sale" does not include the withdrawal of motor vehicle fuel from storage and the transfer of the fuel into storage at a bulk plant operated by an agent acting in a representative capacity for and on behalf of the distributor for the distribution of that fuel when title to, and control of, the fuel remains in the distributor until it is distributed, and all distributions by the agent are made in the name of, and for the account of, the distributor, notwithstanding that the agent may under the conditions of his or her agency agreement with the distributor be considered an independent contractor with respect to the operation of the bulk plant.

SEC. 4. Section 7355 of the Revenue and Taxation Code is amended to read:

7355. "Gallon" means the United States gallon of 231 cubic inches, without adjustment of the volumetric gallonage for temperature correction of the fuel distributed, except that temperature-corrected gallonage to 60 degrees Fahrenheit as invoiced to the purchaser with settlement made on the same basis will be accepted as the gallonage distributed with respect to the following distributions:

(a) To a distributor licensed under this part.

(b) To any person when the distribution is exempt from tax as provided in Section 7401.

(c) To a purchaser who uses the fuel exclusively for a purpose other than in motor vehicles operated upon the public highways of this state entitling him to a refund of the tax.

(d) To the United States government or any agency or instrumentality thereof pursuant to a contract of sale requiring application of temperature correction.

(e) To any person when the quantity distributed in any single delivery to a single location is 5,000 or more gallons and temperature correction is consistently applied to all those deliveries to the purchaser over a period of 12 or more consecutive months.

SEC. 5. Section 7401 of the Revenue and Taxation Code is amended to read:

7401. (a) The provisions of this part requiring the payment of license taxes do not apply to any of the following:

(1) Natural gasoline distributed to a duly licensed distributor under such regulations as the board may prescribe.

(2) Motor vehicle fuel exported from this state by the distributor or delivered by the distributor to any vessel clearing from a port of this state for a port outside of this state and actually exported from

this state in the vessel.

(3) Motor vehicle fuel distributed, or delivered on the order of the owner, to a distributor who has furnished bond as prescribed by Sections 7486 and 7487 of not less than fifty thousand dollars ($50,000), nor more than five hundred thousand dollars ($500,000), and who has established to the satisfaction of the board that this bond, together with property to which the lien imposed by Section 7872 attaches, is sufficient security to assure payment of all license taxes as they may become due to the state from him or her under this part.

(4) Motor vehicle fuel sold to the United States armed forces for use in ships or aircraft, or for use outside this state.

(5) Motor vehicle fuel distributed to any licensed distributor, or to any licensed broker who has furnished bond in the form and amount required of distributors under Article 2.1 (commencing with Section 7486) of Chapter 4, for sale to the United States armed forces for use in ships or aircraft or use outside this state. Notwithstanding any other provisions of this part, the receiving of motor vehicle fuel in this state from a licensed distributor and the sale and delivery of the fuel to the United States armed forces pursuant to this subdivision shall not constitute a broker a distributor under this part.

(b) Every distributor claiming an exemption shall report the exports, sales or distributions to the board in such detail as the board may require; otherwise the exemption granted in this section shall be null and void and all the fuel shall be considered distributed in this state subject fully to the provisions of this part.

SEC. 6. Section 7408 of the Revenue and Taxation Code is amended to read:

7408. Any distributor or broker who acquires motor vehicle fuel pursuant to paragraph (5) of subdivision (a) of Section 7401 shall furnish to the distributor an exemption certificate executed by the armed forces and in the form as prescribed by the board. The distributor shall retain the certificate in his records in support of the exemption.

SEC. 7. Section 7409 of the Revenue and Taxation Code is amended to read:

7409. Any distributor or broker who purchases or acquires motor vehicle fuel pursuant to paragraph (5) of subdivision (a) of Section 7401 who fails to deliver it to the United States armed forces, or who diverts it from interstate or foreign transit begun in this state, or who returns it to this state for sale or use so as to avoid any of the taxes imposed by this part, shall be liable for the tax, penalty, and interest, as provided in Article 4 (commencing with Section 7726) of Chapter 5; and the distributor or broker shall also be subject to prosecution as provided in Section 8401.

SEC. 8. Section 7451 of the Revenue and Taxation Code is amended to read:

7451. Every person before becoming a distributor shall apply to the board for a license authorizing the person to engage in business

as a distributor. A distributor's license shall be issued only to a person who is a distributor of motor vehicle fuel within the meaning of the word "distribution" as defined in Section 7305, or who is an aircraft manufacturer, or certificated or licensed carrier by air. If an applicant for a license applies therefor to become authorized to distribute motor vehicle fuel under subdivision (c) or (d) of Section 7305 and is not engaged in refining, manufacturing, or producing motor vehicle fuel in this state, the board may limit the authorization granted by the license issued to that person to transactions under subdivision (c) or (d) of Section 7305 and the provisions of paragraph 3 of subdivision (a) of Section 7401 shall not be applicable to the person whose license is so limited. It is unlawful for any person to be a distributor without first securing a license.

SEC. 9. Section 7726 of the Revenue and Taxation Code is amended to read:

7726. If any person becomes a distributor without first securing a license, the license tax, applicable penalties and interest, if any, become immediately due and payable on account of all motor vehicle fuel distributions made by him or her.

Except as provided in Section 7356 and paragraph (5) of subdivision (a) of Section 7401, a broker who acquires motor vehicle fuel with respect to which there has not been a distribution on which tax has been paid pursuant to this part, commingles any untaxed product with tax-paid fuel and distributes the resultant product as motor vehicle fuel, or sells or otherwise distributes any untaxed product for resale or use as motor vehicle fuel, shall be regarded as an unlicensed distributor of that gallonage of motor vehicle fuel or product distributed or in his or her possession which is in excess of his or her acquisition of motor vehicle fuel from distributions with respect to which the tax has been paid, and shall be subject to the provisions of this article as an unlicensed distributor of that excess fuel, unless he or she shall establish that the license tax has been paid with respect to all fuel sold or otherwise disposed of by him or her.

SEC. 10. Section 8752 of the Revenue and Taxation Code is amended to read:

8752. On or before the 25th day of each month, every user shall, except as otherwise provided in Section 8608, file on forms prescribed by the board a return showing the amount of fuel used during the preceding calendar month by the user in this state, the amount of any tax due, and such other information as the board may require to carry out the purposes of this part, except that the provisions of this section shall not be applicable to any user whose sole use of fuel subject to the tax imposed by this part is for the propulsion of a privately operated passenger automobile, provided that the fuel used in this state, except fuel brought into this state in the fuel tank of the vehicle, is purchased from and delivered into the fuel tank of the vehicle by a vendor holding a permit issued under this part.

SEC. 11. Section 9196 of the Revenue and Taxation Code is

amended to read:

9196. If any amount in excess of five thousand dollars ($5,000) has been illegally determined either by the person filing the return or by the board, the board shall set forth that fact in its records and certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding five thousand dollars ($5,000) has been illegally determined either by the person filing a return or by the board the board without certifying this fact to the State Board of Control shall authorize the cancellation of the amount upon the records of the board.

SEC. 12. Section 43301 of the Revenue and Taxation Code is amended to read:

43301. Any person from whom an amount is determined to be due under Article 2 (commencing with Section 43201), or any person directly interested, may petition for a redetermination thereof within 30 days after service upon him or her of notice of the determination. If a petition for redetermination is not filed within the 30-day period, the amount determined to be due becomes final at the expiration thereof.

No petition for redetermination of taxes determined under this part shall be accepted or considered by the board if the petition is founded upon the grounds that the director has improperly or erroneously determined that any substance is a hazardous or extremely hazardous waste. Any appeal of a determination that a substance is a hazardous or extremely hazardous waste shall be made to the director.

SEC. 13. Section 43303 of the Revenue and Taxation Code is amended to read:

43303. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the amount determined to be due, and, if the person has so requested in his or her petition, the board shall grant him or her an oral hearing and shall give him or her 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

SEC. 14. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

CHAPTER 1708

An act to amend Sections 17285 and 24343.7 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 17285 of the Revenue and Taxation Code is amended to read:

17285. In addition to the deduction allowed for trade or business expenses and any other deductions allowed by this part, a taxpayer who donates unspoiled agricultural products under Chapter 5 (commencing with Section 58501) of Part 1 of Division 21 of the Food and Agricultural Code shall be allowed as a deduction an amount equal to the cost of those unspoiled agricultural products.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless prior to that date, a later chaptered statute deletes or extends that date.

SEC. 2. Section 24343.7 of the Revenue and Taxation Code is amended to read:

24343.7. In addition to the deduction allowed for trade or business expenses and any other deductions allowed by this part, a taxpayer who donates unspoiled agricultural products under Chapter 5 (commencing with Section 58501) of Part 1 of Division 21 of the Food and Agricultural Code shall be allowed as a deduction an amount equal to the cost of those unspoiled agricultural products.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless prior to that date, a later chaptered statute deletes or extends that date.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1709

An act to add Title 10 (commencing with Section 14110) to Part 4 of the Penal Code, relating to violence, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

I am reducing the appropriation contained in Section 2 of Assembly Bill No. 3646 from $500,000 to $250,000.

The programs to be funded by this bill will address the root problems of family violence, childhood development, and abuse of children, spouses and the elderly. This reduced appropriation is adequate to test the effectiveness of such programs.

With this reduction, I approve Assembly Bill No. 3646.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Title 10 (commencing with Section 14110) is added to Part 4 of the Penal Code, to read:

TITLE 10. COMMUNITY VIOLENCE PREVENTION AND CONFLICT RESOLUTION

14110. The Legislature finds the following:

(a) The incidence of violence in our state continues to present an increasing and dominating societal problem that must be addressed at its root causes in order to reduce significantly its effects upon our society.

(b) As an initial step toward that goal, the Legislature passed Assembly Bill No. 23 of the 1979–80 Regular Session which created the California Commission on Crime Control and Violence Prevention which was charged with compiling the latest research on root causes of violence, in order to lay the foundation for a credible, effective violence eradication program.

(c) The commission produced a final report in 1982 entitled "Ounces of Prevention," which established that long-term prevention is a valuable and viable public policy and demonstrated that there are reachable root causes of violence in our society.

(d) The report contains comprehensive findings and recommendations in 10 broad categorical areas for the removal of individual, familial, and societal causal factors of crime and violence in California.

(e) The recommendations in the report are feasible and credible, propose an effective means of resolving conflict and removing the root causes of violence in our society, and should be implemented, so that their value may be provided to our citizenry.

14111. The Legislature further finds that:

(a) It is in the public interest to translate the findings of the California Commission on Crime Control and Violence Prevention into community-empowering, community-activated violence prevention efforts that would educate, inspire, and inform the citizens of California about, coordinate existing programs relating to, and provide direct services addressing the root causes of, violence in California.

(b) The recommendations in the report of the commission can serve as both the foundation and guidelines for short, intermediate, and long-term programs to address and alleviate violence in California.

(c) It is in the public interest to facilitate the highest degree of

coordination between, cooperation among, and utilization of public, nonprofit, and private sector resources, programs, agencies, organizations, and institutions toward maximally successful violence prevention and crime control efforts.

(d) Prevention is a sound fiscal, as well as social, policy objective. Crime and violence prevention programs can and should yield substantially beneficial results with regard to the exorbitant costs of both violence and crime to the public and private sectors.

(e) The Office of Criminal Justice Planning is the appropriate state agency to contract for programs addressing the root causes of violence.

14112. The Legislature therefore intends:

(a) To develop community violence prevention and conflict resolution programs, in the state, based upon the recommendations of the California Commission on Crime Control and Violence Prevention, that would present a balanced, comprehensive educational, intellectual, and experiential approach toward eradicating violence in our society.

(b) That these programs shall be regulated, and funded pursuant to contracts with the Office of Criminal Justice Planning.

14113. (a) The Office of Criminal Justice Planning shall contract for four two-year community violence prevention and conflict resolution pilot programs throughout this state. They shall be commenced after July 1, 1985. Each of the four pilot programs may continue for a maximum of two years.

(b) Each program shall address the following subject areas as they interrelate with violence and to the extent they affect the geographic area served by the programs:

(1) Parenting, birthing, early childhood development, self-esteem, and family violence, to include child, spousal, and elderly abuse.

(2) Economic factors and institutional racism.

(3) Schools and educational factors.

(4) Alcohol, diet, drugs, and other biochemical and biological factors.

(5) Conflict resolution.

(6) The media.

14114. First priority shall be given to programs which provide community education, outreach, coordination, and include creative and effective ways to translate the recommendations of the California Commission on Crime Control and Violence Prevention into practical use in one or more of the subject areas set forth in Section 14113. At least three of the programs shall do all of the following:

(a) Use the recommendations of the California Commission on Crime Control and Violence Prevention and incorporate as many of those recommendations as possible into its program.

(b) Develop an intensive community-level educational program directed toward violence prevention. This educational component

shall incorporate the commission's works "Ounces of Prevention" and "Taking Root," and shall be designed appropriately to reach the educational, ethnic, and socioeconomic individuals, groups, agencies, and institutions in the community.

(c) Include the imparting of conflict resolution skills.

(d) Coordinate with existing community-based, public and private, programs, agencies, organizations, and institutions, local, regional, and statewide public educational systems, criminal and juvenile justice systems, mental and public health agencies, appropriate human service agencies, and churches and religious organizations.

(e) Seek to provide specific resource and referral services to individuals, programs, agencies, organizations, and institutions confronting problems with violence and crime if the service is not otherwise available to the public.

(f) Reach all local ethnic, cultural, linguistic, and socioeconomic groups in the service area to the maximum extent feasible.

14114.5. Other programs shall include subdivisions (a) and (f) of Section 14114 and may include public lectures or sponsoring of conferences, or both.

14115. (a) First priority programs may additionally provide specific direct services or contract for those services in one or more of the program areas as necessary to carry out the recommendations of the commission when those services are not otherwise available in the community and existing agencies do not furnish them. Direct services may include, but are not limited to, any of the following:

(1) Training seminars for law enforcement and human service agencies and operatives.

(2) Crisis intervention training and counseling.

(3) Casework and program consultation with local human service providers.

(4) Drug and alcohol counseling and treatment referral.

(5) Conflict resolution training and services, including the principles and practices of conflict mediation, arbitration, and "citizen tribunal" programs.

(b) All direct services are subject to Section 5328 of the Welfare and Institutions Code.

14116. Second priority shall be given to programs that conform to the requirements of Section 14114, except that the educational component of subdivision (f) of that section shall not be mandatory in each subject area, but shall be provided in at least three of those areas, and the programs shall provide specific direct services or contract for services in one or more program areas.

14117. (a) Each program shall have a governing board or an interagency coordinating team, or both, of at least nine members representing a cross section of existing and recipient, community-based, public and private persons, programs, agencies, organizations, and institutions. Each team shall do all of the following:

(1) As closely as possible represent the socioeconomic, ethnic, linguistic, and cultural makeup of the community and shall evidence an interest in and commitment to the categorical areas of violence prevention and conflict resolution.

(2) Be responsible for the implementation, evaluation, and operation of the program and all its constituent elements, including such specific direct services as may be provided pursuant to Section 14115.

(3) Be accountable for the distribution of all funds.

(4) Designate and appoint a responsible administrative authority acceptable to the Office of Criminal Justice Planning prior to the receipt of a grant.

(5) Submit an annual report to the Office of Criminal Justice Planning which shall include information on all of the following:

(A) The number of learning events.

(B) The number of persons trained.

(C) An overview of the changing level of information regarding root causes of violence.

(D) An overview of the changing level of attitude regarding root causes of violence.

(E) The changing level of behavior regarding root causes of violence.

(F) The degree to which the program has been successful in satisfying the requirements set forth in subdivisions (e) and (f) of Section 14114.

(G) Other measures of program efficacy as specified by the Office of Criminal Justice Planning.

(b) Coordinating teams established under this section may adopt local policies, procedures, and bylaws consistent with this title.

14118. (a) During the first six months of calendar year 1985, the Office of Criminal Justice Planning shall prepare and issue written program, fiscal, and administrative guidelines for the contracted programs that are consistent with this title, including guidelines for identifying recipient programs, agencies, organizations, and institutions, and organizing the coordinating teams. The Office of Criminal Justice Planning shall then issue a request for proposals. The responses to the request for proposals shall be rated according to the priorities set forth in subdivision (b) and additional criteria established by the guidelines. The highest rated responses shall be selected. The Office of Criminal Justice Planning shall do all of the following:

(1) Subject the proposed program and administrative guidelines to a 30-day period of broad public evaluation with public hearings commencing in May 1985, prior to adoption, including specific solicitation of input from culturally, geographically, socioeconomically, educationally, and ethnically diverse persons, programs, agencies, organizations, and institutions.

(2) Provide adequate public notice of the public evaluation around the state in major metropolitan and rural newspapers and

related media outlets, and to local public, private, and nonprofit human service executives and advisory boards, and other appropriate persons and organizations.

(3) Establish a mechanism for obtaining, evaluating, and incorporating when appropriate and feasible, public input regarding the written program and administrative guidelines prior to adoption.

(b) Applicants for contracts under this title may be existing community-based public and nonprofit programs, agencies, organizations, and institutions, newly developed nonprofit corporations, or joint proposals from combinations of either or both of the above.

14119. (a) Commencing on or after July 1, 1985, the Office of Criminal Justice Planning shall contract for no more than four pilot programs as described in Section 14113.

(b) Commencing on or after July 1, 1985, the Office of Criminal Justice Planning shall promote, organize, and conduct a series of one-day crime and violence prevention training workshops around the state. The Office of Criminal Justice Planning shall seek participation in the workshops from ethnically, linguistically, culturally, educationally, and economically diverse persons, agencies, organizations, and institutions.

(c) The training workshops shall have all of the following goals:

(1) To identify phenomena which are thought to be root causes of crime and violence.

(2) To identify local manifestations of those root causes.

(3) To examine the findings and recommendations of the California Commission on Crime Control and Violence Prevention.

(4) To focus on team building and interagency cooperation and coordination toward addressing the local problems of crime and violence.

(5) To examine the merits and necessity of a local crime and violence prevention effort.

(d) There shall be at least three workshops.

14120. (a) Programs shall be funded, depending upon the availability of funds, for a period of two years.

(b) The Office of Criminal Justice Planning shall provide 50 percent of the program costs, to a maximum amount of fifty thousand dollars ($50,000) per program per year. The recipient shall provide the remaining 50 percent with other resources which may include in-kind contributions and services. The administrative expenses for the pilot programs funded under Section 14120 shall not exceed 10 percent.

(c) Programs should be seeking private sector moneys and developing ways to become self-sufficient upon completion of pilot program funding.

(d) The recipient programs shall be responsible for a yearend independent audit.

(e) The Office of Criminal Justice Planning shall do an interim evaluation of the programs, commencing in July 1986, and shall

report to the Legislature and the people with the results of the evaluation prior to October 31, 1986. The evaluation shall include, but not be limited to, an assessment and inventory of all of the following:

(1) The number of learning events.

(2) The number of persons trained.

(3) The changing level of information regarding root causes of violence.

(4) The changing level of attitude regarding root causes of violence.

(5) The changing level of behavior regarding root causes of violence.

(6) The reduced level of violence in our society.

(7) The degree to which the program has succeeded in reaching and impacting positively upon local ethnic, cultural, and socioeconomic groups in the service area.

A final evaluation shall be made with a report prior to October 31, 1987, which shall also include specific recommendations to the Legislature and the people of this state regarding methods and means by which these violence prevention and crime control programmatic efforts can be enhanced and improved.

14121. The Office of Criminal Justice Planning may hire support staff and utilize resources necessary to carry out the purposes of this title.

SEC. 2. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund for the 1984–1985 to 1987–88 fiscal years, inclusive, to the Office of Criminal Justice Planning to fund and administer this act. Administrative and program expenses of the Office of Criminal Justice Planning shall not exceed 20 percent of this amount. The Legislature shall provide additional sums thereafter through the Budget Act.

CHAPTER 1710

An act to amend Section 18951.5 of the Government Code, to amend Section 14306 of, and to add Sections 14002, 14003, and Chapter 3.5 (commencing with Section 14400) to Division 12 of, the Public Resources Code, relating to job training, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am reducing the appropriation contained in Section 6 of Senate Bill No. 2049 from $3 million to $1.2 million.

The reduced appropriation provides sufficient funding to the California Conservation Corps to implement this bill, while at the same time enabling the CCC to first develop the administrative functions essential to effectively contract with local corps.

With this reduction, I approve Senate Bill No. 2049.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 18951.5 of the Government Code is amended to read:

18951.5. In an examination held on an open, nonpromotional basis under Section 18950, a competitor who has served at least one full year in, or who is a graduate of, the California Conservation Corps, and who attains the passing mark established for the examination, shall have three career credits added to his or her score. Eligibility for career credits pursuant to this section shall expire 24 months after graduation from the California Conservation Corps, except that the expiration date shall be extended for the period of time that a Governor's freeze on new civil service hires is in effect during the 24 months.

SEC. 2. Section 14002 is added to the Public Resources Code, to read:

14002. The Legislature finds and declares that the California Conservation Corps provides an invaluable service. The Legislature supports the corps' mission to enhance the educational opportunities and employability of corps members. To further this mission local community college districts and the corps are encouraged to enter into cooperative agreements so that corps members have access to equal educational opportunities.

Local community college districts are encouraged to recognize the unique needs and circumstances of the corps members and the corps' need for adequate facilities. Local community college districts should, to the extent possible, develop procedures to address these unique needs.

SEC. 3. Section 14003 is added to the Public Resources Code, to read:

14003. (a) The Legislature finds and declares that the State of California has already established a model conservation corps program and that redundant federal and state programs to carry out resource protection and conservation within the state are not in the best interests of the state. Rather, it is in the best interests of the state that federal funds designated to be expended by federal agencies for this purpose be allocated, to the extent feasible, to the California Conservation Corps and local conservation corps.

(b) In the event that federal funds are available through the American Conservation Corps, the California Conservation Corps is hereby designated as the program recipient for the State of California. The director shall have the authority to adopt, amend, and repeal regulations to implement the program consistent with the federal requirements and with this division.

SEC. 4. Section 14306 of the Public Resources Code is amended

to read:

14306. To implement the provisions of this division, the director may do all of the following:

(a) Recruit and employ corpsmembers and special corpsmembers.

(b) Adopt criteria for selecting applicants for employment in the corps' program.

(c) Execute contracts containing such terms and conditions as are deemed necessary and desirable for the employment of corpsmembers.

(d) Authorize utilization of the corps for emergency projects occasioned by natural disasters, fire prevention and suppression, rescue of lost or injured persons, and any other activity or project necessary or desirable to carry out the purposes of this division.

(e) Apply for and accept grants or contributions of funds from any public or private source.

(f) Purchase, rent, or otherwise acquire or obtain necessary property, supplies, instruments, tools, equipment, and conveniences.

(g) Execute contracts for furnishing the services of the corps to any federal, state, or local public agency; any local or statewide private organization concerned with the objectives of the corps' program, as specified in Sections 14000 and 14300; and any person, firm, partnership, or corporation concerned with these objectives.

(h) Procure insurance.

(i) Be reimbursed by the federal government, any state or local public agency, or any private organization for actual expenses incurred by the corps for any project undertaken for any such entity pursuant to subdivision (d) or (g) or pursuant to Section 14307.

(j) To the extent permitted by Article VII of the California Constitution, execute contracts with any person, natural or corporate, for the purpose of implementing the objectives of the corps, as specified in Sections 14000 and 14300.

(k) Utilize any services, material, or property of any agency of the state, and may make such agreements with any agency of the state or take such other actions as are reasonable and necessary.

(*l*) Contract with public or private nonprofit entities to provide services for the corps.

(m) Contract with the University of California, the California State University, the community college districts, and private institutions for the creation of special admission and tuition credit programs for corpsmembers.

SEC. 5. Chapter 3.5 (commencing with Section 14400) is added to Division 12 of the Public Resources Code, to read:

CHAPTER 3.5. NONRESIDENTIAL PROGRAM

14400. The California Conservation Corps shall develop nonresidential programs in neighborhoods which have high concentrations of ethnic-minority youths and which have high levels

of youth unemployment.

14401. The corps shall develop procedures for recruiting high school dropouts from the neighborhoods in which these programs are located.

14402. The corps shall give priority to providing an educational component for corpsmembers who have not completed high school. The component shall be equal in content to a high school curriculum and provide course credits leading to a high school diploma or its equivalent, such as a California high school equivalency certificate. The work of the corps shall be structured to accommodate the educational component without significantly reducing the productivity of the corps.

14403. (a) The corps shall cooperate with, and seek the cooperation of, the Private Industry Council of the local service delivery area, designated pursuant to the federal Job Training Partnership Act (P.L. 97-300), to secure employment and training services for corpsmembers.

(b) These employment and training services may include job search assistance, skills training, transitional employment, or any other services provided under the federal Job Training Partnership Act which would lead to employment for the corpsmember.

(c) Employment and training services may be provided to corpsmembers as a component of their work with the corps or upon their termination from the corps.

14404. The corps shall assist corpsmembers who desire to return to school to develop plans to accomplish this goal.

14405. Implementation of the educational component of the nonresidental program established pursuant to this chapter shall be contingent on the California Conservation Corps receiving sufficient funding from any source, including the federal Job Training Partnership Act (P.L. 97-300).

14406. The corps may contract with public or private nonprofit agencies to provide services for a nonresidential program. The public or private nonprofit agency shall meet all of the following requirements:

(a) The agency shall submit a proposal which demonstrates that its program is consistent with the policies of the corps and with this chapter.

(b) The agency shall secure funding or services from the local service delivery area for necessary employment and training services.

(c) The agency shall secure reimbursements for a significant portion of the work performed.

(d) The agency shall secure a commitment from local educational institutions that appropriate educational services will be provided.

(e) The agency shall maintain, to the extent possible, the funding from foundations and other public and private organizations for a nonresidential program. If the agency does not have an existing nonresidential program, it shall secure at least a 25-percent match

from other public or private organizations for the program.

SEC. 6. The sum of three million dollars ($3,000,000) is hereby appropriated from the General Fund to the California Conservation Corps to implement this act.

CHAPTER 1711

An act to amend Sections 970, 972, 973, 975, 976, and 977 of, and to repeal Section 974 of, the Probate Code, relating to estate taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 970 of the Probate Code is amended to read:

970. Whenever it appears upon any accounting, or in any appropriate action or proceeding, that an executor, administrator, trustee or other fiduciary has paid an estate tax to the federal government or the State of California under the provisions of any federal or California estate tax law, now existing or hereafter enacted, upon or with respect to any property required to be included in the gross estate of a decedent under the provisions of any such law, the amount of any tax so paid, except in a case where a testator otherwise directs in his or her will, and except in a case where by written instrument executed inter vivos direction is given for apportionment within the fund of taxes assessed upon the specific fund dealt with in such inter vivos instrument, shall be equitably prorated among the persons interested in the estate to whom such property is or may be transferred or to whom any benefit accrues.

SEC. 2. Section 972 of the Probate Code is amended to read:

972. (a) In making a proration of the federal estate tax, allowances shall be made for any exemptions granted by the act imposing the tax and for any deductions allowed by such act for the purpose of arriving at the value of the net estate.

(b) In making a proration of the California estate tax, allowances shall be made for (1) any exemptions granted by the act imposing the federal estate tax and attributable to property located in this state, and (2) any deductions allowed by such act for the purpose of arriving at the value of the net estate and attributable to property located in this state.

SEC. 3. Section 973 of the Probate Code is amended to read:

973. In cases where a trust is created, or other provision made whereby any person is given an interest in income, or an estate for years, or for life, or other temporary interest in any property or fund, the federal and California estate taxes on both such temporary interest and on the remainder thereafter shall be charged against

and be paid out of the corpus of such property or fund without apportionment between remainders and temporary estates.

SEC. 4. Section 974 of the Probate Code is repealed.

SEC. 5. Section 975 of the Probate Code is amended to read:

975. In all cases in which any property required to be included in the gross estate does not come into the possession of the executor or administrator, he or she shall be entitled, and it shall be his duty, to recover from whomever is in possession, or from the persons interested in the estate, the proportionate amount of the federal and California estate taxes payable by the persons interested in the estate with which such persons interested in the estate are chargeable under the provisions of this article, and the probate court may by order direct the payment of such amount of taxes by such persons to the executor or administrator.

SEC. 6. Section 976 of the Probate Code is amended to read:

976. The probate court, upon making a determination as provided in this article, shall make a decree or order directing the executor, administrator or other fiduciary to charge the prorated amounts against the persons against whom the federal and California estate taxes have been prorated insofar as he is in possession of property or interests of such persons against whom the charge may be made and summarily directing all other persons against whom such taxes have been prorated or who are in possession of property or interests of such persons to make payment of such prorated amounts to such executor, administrator or other fiduciary.

SEC. 7. Section 977 of the Probate Code is amended to read:

977. Except where the context otherwise requires, as used in this article:

(a) "Person interested in the estate" means any person who receives or is the beneficiary of any property transferred pursuant to a transfer which is subject to a tax imposed by any federal or California estate tax law, now existing or hereafter enacted.

(b) "Gross estate" or "estate" means all property included for federal estate tax purposes in determining the federal estate tax pursuant to the federal estate tax law.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to end confusion in the law for the courts and for California residents at the earliest opportunity, it is necessary that this act go into effect immediately.

CHAPTER 1712

An act to amend Section 48906 of the Education Code, relating to child abuse reporting.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 48906 of the Education Code is amended to read:

48906. When a principal or other school official releases a minor pupil to a peace officer for the purpose of removing the minor from the school premises, the school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer, and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, as defined in Section 11165 of the Penal Code, or pursuant to Section 305 of the Welfare and Institutions Code. In those cases, the school official shall provide the peace officer with the address and telephone number of the minor's parent or guardian. The peace officer shall take immediate steps to notify the parent, guardian, or responsible relative of the minor that the minor is in custody and the place where he or she is being held. If the officer has a reasonable belief that the minor would be endangered by a disclosure of the place where the minor is being held, or that the disclosure would cause the custody of the minor to be disturbed, the officer may refuse to disclose the place where the minor is being held for a period not to exceed 24 hours. The officer shall, however, inform the parent, guardian, or responsible relative whether the child requires and is receiving medical or other treatment. The juvenile court shall review any decision not to disclose the place where the minor is being held at a subsequent detention hearing.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1713

An act to add Section 740.1 and Division 4.7 (commencing with Section 9201) to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Investor-owned electrical and gas public utilities recover research, development, and demonstration program costs from their ratepayers and, therefore, those programs should reflect the needs of those taxpayers.

(b) State energy policy, reflecting state needs, should be fully considered in evaluating the research, development, and demonstration programs of utilities.

(c) It is essential that both long-term and short-term perspectives be used to evaluate research, development, and demonstration efforts.

(d) Where appropriate, the research, development, and demonstration programs of utilities should be well integrated and non-duplicative, and the results from those programs should be widely disseminated.

(e) In order to gain maximum leverage and return for state energy research, development, and demonstration expenditures, the state's effectiveness as a partner with the private sector should be increased.

(f) The establishment of a comprehensive and coordinated statewide energy research, development, and demonstration effort, which ensures that public and ratepayer dollars are efficiently spent, is vital to achieving the best resource mix for California's energy future.

SEC. 2. Section 740.1 is added to the Public Utilities Code, to read:

740.1. The commission shall consider the following guidelines in evaluating the research, development, and demonstration programs proposed by electrical and gas corporations:

(a) Projects should offer a reasonable probability of providing benefits to ratepayers.

(b) Expenditures on projects which have a low probability for success should be minimized.

(c) Projects should be consistent with the corporation's resource plan.

(d) Projects should not unnecessarily duplicate research currently, previously, or imminently undertaken by other electrical or gas corporations or research organizations.

(e) Each project should also support one or more of the following objectives:

(1) Environmental improvement.

(2) Public and employee safety.

(3) Conservation by efficient resource use or by reducing or shifting system load.

(4) Development of new resources and processes, particularly renewable resources and processes which further supply technologies.

(5) Improve operating efficiency and reliability or otherwise reduce operating costs.

SEC. 3. Division 4.7 (commencing with Section 9201) is added to the Public Utilities Code, to read:

DIVISION 4.7. CALIFORNIA ENERGY RESEARCH, DEVELOPMENT, AND DEMONSTRATION COORDINATION MEETING

9201. As used in this division, "meeting" means the coordination meeting composed of the participants listed in Section 9202.

9202. (a) Commencing on or before March 1, 1985, the commission and the State Energy Resources Conservation and Development Commission shall participate in a meeting on an annual basis which shall include representatives from all of the following:

(1) San Diego Gas and Electric Company.

(2) Pacific Gas and Electric Company.

(3) Southern California Gas Company.

(4) Southern California Edison Company.

(b) Invitations for attendance at the meeting may also be issued to the following:

(1) Each municipal corporation, municipal utility district, public utility district, and irrigation district which furnishes electricity.

(2) The Electric Power Research Institute.

(3) The Gas Research Institute.

(4) Representatives of consumer or ratepayer organizations as determined by the commission.

(c) The chairmanship of each meeting shall be on a rotating basis, alternating among, and selected by, the participants from the San Diego Gas and Electric Company, the Pacific Gas and Electric Company, the Southern California Gas Company, and the Southern California Edison Company.

(d) The participants in the meeting shall participate without compensation.

9203. The purpose of the meeting shall be to work towards achieving all of the following goals:

(a) Promoting consistency of research, development, and demonstration programs with state energy policy.

(b) Preventing unnecessary duplicative research, development,

and demonstration efforts.

(c) Where appropriate, freely exchanging information related to research, development, and demonstration projects.

(d) Identifying opportunities for joint funding of research, development, and demonstration projects.

CHAPTER 1714

An act to amend Sections 2323 and 2332 of the Business and Professions Code, relating to physicians and surgeons.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2323 of the Business and Professions Code is amended to read:

2323. A medical quality review committee is hereby created for each of the districts established by Section 2322. Each committee shall be composed of persons appointed by the Governor from among residents of the district.

The medical quality review committees shall have the following composition:

(a) The first district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(b) The second district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(c) The third district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(d) The fourth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(e) The fifth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(f) The sixth district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(g) The seventh district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(h) The eighth district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(i) The ninth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(j) The 10th district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(k) The 11th district shall be composed of 40 members, 24 of whom shall hold valid physician's and surgeon's certificates, eight of whom shall be public members, and eight of whom shall be nonphysician licentiates of a healing arts board.

(*l*) The 12th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(m) The 13th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(n) The 14th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

A medical quality review committee may, pursuant to regulations adopted by the division, establish panels of five committee members consisting of three physician members, one public member, and one member who is a nonphysician licentiate of a healing arts board for the purposes of hearing and deciding cases before a committee. If for any reason, a five-member panel from one committee cannot be convened, members from other committees may be assigned to a panel for the duration of the hearing conducted by the panel. Three members shall constitute a quorum in order for a panel of a committee to conduct business. It shall require an affirmative vote of three members of a panel to decide any case, pass any measure, or make any recommendation. Where a medical quality review committee meets as a whole, a majority of the appointed membership of the committee shall constitute a quorum to conduct business. It shall require an affirmative vote of a majority of those present at a meeting of a committee constituting at least a quorum to decide any case, pass any motion, or make any recommendation.

A finding or decision by a panel established under this section shall constitute a finding or decision by a committee.

SEC. 2. Section 2332 of the Business and Professions Code is amended to read:

2332. Committees shall have the following authority and duties:

(a) To review the quality of medical care provided by physicians and surgeons.

(b) To act upon all matters assigned to it by the division and such other matters within the jurisdiction of a committee which it finds warrant action. Among its assignments, a committee may create physician peer counseling panels to provide review, education, and assistance to individual physicians, as assigned by the division, to strengthen various aspects of their practices, including the appropriate prescribing of drugs. The physician peer counseling panels shall include outside medical experts chosen by the division. Physicians under review shall participate on a voluntary basis and the records and proceedings shall be confidential and shall not be subject to discovery or subpoena.

(c) To inspect general and special hospitals pursuant to Section 2226.

(d) Where grounds for disciplinary action are found by the Attorney General to exist after the completion of investigations under this section, to hold a hearing pursuant to Section 2230. Hearings shall be conducted by the division, a committee or a panel of a committee, or an administrative law judge sitting alone.

(e) At the completion of a hearing, upon a finding of unprofessional conduct, to take appropriate disciplinary or remedial action pursuant to Sections 2227, 2228, 2229, and 2335.

(f) To convene a panel to hear a petition for reinstatement or modification of penalty as assigned by the division pursuant to Section 2307.

CHAPTER 1715

An act to amend Sections 2881, 5378, and 5384 of, and to repeal and add Chapter 2 (commencing with Section 3901) of Division 2 of, the Public Utilities Code, and to amend Sections 16500.5, 16560, and 34507 of the Vehicle Code, relating to public utilities.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Public Utilities Code is amended to read:

2881. (a) The commission shall design and implement a program whereby each telephone corporation shall provide a

telecommunications device capable of servicing the needs of the deaf or severely hearing-impaired, together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as deaf or severely hearing-impaired by a licensed physician and surgeon, audiologist, or a qualified state agency. The commission shall phase in this program, on a geographical basis, over a four-year period ending on January 1, 1984.

(b) The commission shall also design and implement a program whereby each telephone corporation shall provide a dual party relay system, using third party intervention to connect deaf or severely hearing-impaired persons with persons of normal hearing by way of intercommunications devices for the deaf or severely hearing-impaired and the telephone system, making available reasonable access of all phases of public telephone service to deaf or severely hearing-impaired telephone subscribers. In order to make a dual party relay system which will meet the requirements of deaf and severely hearing-impaired persons available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual party relay service to the deaf or severely hearing-impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987.

(c) The commission shall also design and implement a program whereby specialized or supplemental telephone communications equipment may be provided to subscribers who are certified to be disabled at no charge additional to the basic exchange rate. The certification, including a statement of medical need for specialized telephone communications equipment, shall be provided by a licensed physician and surgeon acting within the scope of his or her license or by a qualified state agency, as determined by the commission. The commission shall implement this program on January 1, 1985. The commission shall, in this connection, study the feasibility of, and implement if determined to be feasible, personal income criteria, in addition to the medical certification of disability, for determining a subscriber's eligibility under this subdivision.

(d) The commission shall establish a rate recovery mechanism, which shall not exceed 10 cents ($0.10) per month for each telephone line of every subscriber, to allow telephone corporations to recover costs as they are incurred under this section. The commission shall require that the programs implemented under this section be identified on subscribers' bills as "communication devices funds for deaf and disabled" and shall establish a separate fund and require separate accounting for each of the programs implemented under this section.

SEC. 1.5. Chapter 2 (commencing with Section 3901) of Division

2 of the Public Utilities Code is repealed.

SEC. 2. Chapter 2 (commencing with Section 3901) is added to Division 2 of the Public Utilities Code, to read:

CHAPTER 2. INTERSTATE AND FOREIGN HIGHWAY CARRIERS OF PROPERTY AND PASSENGERS

Article 1. General Provisions and Definitions

3901. This chapter may be cited as the "Interstate and Foreign Highway Carriers' Registration Act."

3902. This chapter shall not be construed as adopting requirements for the registration of interstate or foreign highway carriers of property and passengers in excess of the standards for registration promulgated under the provisions of the Interstate Commerce Act.

3903. In the administration of this chapter, the commission shall adhere to the standards promulgated pursuant to Section 11506 of Title 49 of the United States Code.

3904. For purposes of this chapter, "highway carrier" means a motor carrier, as defined in subsection (14) of Section 10102 of Title 49 of the United States Code, of persons or property which either holds operating authority issued by the Interstate Commerce Commission or is engaged in operations exempt from regulation by the Interstate Commerce Commission pursuant to Section 10526 of Title 49 of the United States Code.

Article 2. Registration

3910. (a) No highway carrier shall engage in any interstate or foreign transportation of property or passengers for compensation by motor vehicle on any public highway in this state without first having registered the operation with the commission as follows:

(1) When the operation requires authority from the Interstate Commerce Commission under the Interstate Commerce Act, a copy of that authority pertaining to this state shall be filed with the application or registration. A copy of any additions or amendments to the authority shall be filed with the commission.

(2) If the operation does not require authority from the Interstate Commerce Commission under the Interstate Commerce Act, an affidavit of that exempt status shall be filed with the application for registration.

(b) The commission shall grant registration upon the filing of the application and the payment of the fee as required by this article, subject to the highway carrier's compliance with this chapter.

3911. A fee of twenty-five dollars ($25) shall be paid to the commission for the filing of the initial registration and a fee of ten dollars ($10) shall be paid to the commission for filing any additions or amendments to an authority from the Interstate Commerce

Commission. These fees may be waived pursuant to any agreement or arrangement of the Reciprocity Commission made pursuant to Section 8000 of the Vehicle Code.

3912. Highway carriers engaged in interstate or foreign transportation of property or passengers for compensation by motor vehicle upon any public highway in this state who had registered their authority from the Interstate Commerce Commission with the commission pursuant to former Section 3810 are not required to file another initial application as prescribed in paragraph (1) of subdivision (a) of Section 3910.

Article 3. Insurance

3920. Registration shall not be granted to any carrier exempt from regulation by the Interstate Commerce Commission until there is filed with and accepted by the commission, in such form as it may prescribe, a currently effective certificate or certificates of insurance or a surety bond or bonds evidencing bodily injury, property damage, and cargo liability coverage not less than the minimum prescribed for owners and operators of for-hire vehicles regulated by the commission, or evidence of qualification of the carrier as a self-insurer as may be authorized by the commission under any applicable general orders of the commission.

Article 4. Agent to Receive Service of Process

3930. Registration shall not be granted to any carrier exempt from regulation by the Interstate Commerce Commission until there is filed with and accepted by the commission, in such form which it may prescribe, a currently effective designation of a local agent to receive service of process.

Article 5. Identification

3940. The commission shall prescribe or adopt suitable means of identification of the vehicles operated by highway carriers granted registration under this chapter.

3941. If any highway carrier of property or passengers granted registration under this chapter also engages in intrastate operation pursuant to authority issued by the commission, the carrier shall be subject to the requirements of Section 1033, 3543, or 5385, whichever is applicable, rather than the provisions of Section 3940.

Article 6. Fines and Penalties

3950. Any person or corporation who violates the provisions of this chapter is guilty of a misdemeanor, and is punishable as provided in Chapter 6 (commencing with Section 16560) of Division 7 of the Vehicle Code.

3951. The Department of Motor Vehicles and the Board of Equalization shall furnish information from their records to assist the Public Utilities Commission and the Department of the California Highway Patrol in the effective enforcement of this chapter.

SEC. 3. Section 5378 of the Public Utilities Code is amended to read:

5378. (a) The commission may cancel, revoke, or suspend any operating permit or certificate issued pursuant to this chapter upon any of the following grounds:

(1) The violation of any of the provisions of this chapter, or of any operating permit or certificate issued thereunder.

(2) The violation of any order, decision, rule, regulation, direction, demand, or requirement established by the commission pursuant to this chapter.

(3) The conviction of the charter-party carrier of passengers of any misdemeanor under this chapter.

(4) The rendition of a judgment against the charter-party carrier of passengers for any penalty imposed under this chapter.

(5) The failure of a charter-party carrier of passengers to pay any fee imposed upon the carrier within the time required by law.

(6) On request of the holder of the permit or certificate.

(7) Failure of a permit or certificate holder to operate and perform reasonable service.

(b) The commission may levy a civil penalty of up to five thousand dollars ($5,000) upon the holder of an operating permit or certificate issued pursuant to this chapter, for any of the grounds specifed in subdivision (a), as an alternative to canceling, revoking or suspending the permit or certificate. The commission may also levy interest upon the civil penalty, which shall be calculated as of the date on which the civil penalty is unpaid and delinquent. The commission shall deposit at least monthly all civil penalties and interest collected pursuant to this section into the General Fund.

SEC. 4. Section 5384 of the Public Utilities Code is amended to read:

5384. The commission shall issue permits to persons, who are otherwise qualified, whose passenger carrier operations fall into the following categories:

(a) Specialized carriers, who do not hold themselves out to serve the general public, but only provide service under contract with industrial and business firms, governmental agencies and private schools or who only transport agricultural workers to and from farms for compensation or who only conduct transportation services, which are incidental to another business. The permits shall be limited to a 50-mile radius of operation from the home terminal.

(b) Carriers using only vehicles under 15-passenger seating capacity and under 25 feet in length.

SEC. 5. Section 16500.5 of the Vehicle Code is amended to read:

16500.5. (a) Except as specified in subdivision (b), the owner of the following commercial vehicles shall maintain ability to respond

in damages in the amount required by the director:

(1) A vehicle used to carry passengers for hire, except taxicabs as defined in subdivision (c) of Section 27908.

(2) A vehicle having an unladen weight of over 7,000 pounds which is used in the transportation of property in the conduct of a business.

(b) Subdivision (a) does not apply to the following vehicles:

(1) A schoolbus.

(2) A motor vehicle used by a farmer exclusively in the transportation of his livestock, implements of husbandry, and agricultural commodities or in the transportation of supplies to his farm.

(3) A motor vehicle used by a resident farmer of this state to occasionally transport from the place of production to a warehouse, regular market, place of storage, or place of shipment the farm products of neighboring farmers in exchange for like services, farm products, or other compensation.

(4) A vehicle used in for-hire transportation which is subject to regulation by the Public Utilities Commission.

(5) A rented vehicle used for noncommercial transportation of property.

(c) The director shall establish the amounts which are determined adequate to cover damages resulting from the ownership or operation of a commercial vehicle or vehicles subject to this section arising by reason of personal injury to, or death of, any person or damage to property, or both. The director shall establish the amounts at levels equal to those prescribed by the Public Utilities Commission for owners and operators of for-hire vehicles subject to its jurisdiction and control.

(d) Ability to respond in damages may be maintained by any of the following:

(1) Being insured under one or more motor vehicle liability policies against such liability.

(2) Obtaining a bond of the same kind, and containing the same provisions, as those bonds specified in Section 16434.

(3) By depositing with the department five hundred thousand dollars ($500,000), which amount shall be deposited in a special deposit account with the Controller for the purpose of this section.

(4) Qualifying as a self-insurer under Section 16053.

(e) The department shall return the deposit made pursuant to paragraph (3) of subdivision (d) to the person entitled thereto when the owner is no longer required to maintain ability to respond in damages as required by this section or upon the owner's death.

(f) An insurer, agent, or broker who has been incorrectly informed by an owner of a vehicle or his representative that the vehicle is 7,000 pounds or less unladen weight, or is incorrectly informed by the owner or his representative that the vehicle is exempt from the requirements of subdivisions (a) and (c) pursuant to the exemptions set forth in subdivision (b), may issue a policy of

motor vehicle liability insurance in any amount less than that required by the director but not less than the amounts required under Section 16451. The policy of motor vehicle liability insurance when issued shall not be deemed to provide liability coverage amounts greater than that specifically set forth in the policy notwithstanding that the vehicle weighs in excess of 7,000 pounds unladen weight or is subsequently used in a manner which would have required the vehicle to be insured in the amounts established by the director pursuant to subdivision (c).

SEC. 6. Section 16560 of the Vehicle Code is amended to read:

16560. Any person or corporation who operates or causes to be operated on the highways of this state any motor vehicle in the transportation of property or passengers for compensation in interstate commerce without having first complied with the requirements of Chapter 2 (commencing with Section 3901) of Division 2 of the Public Utilities Code is guilty of a misdemeanor, and is punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in the county jail for not more than three months, or both.

SEC. 7. Section 34507 of the Vehicle Code is amended to read:

34507. To assist the department in enforcing the provisions of this division, every vehicle which is subject to this division and to the jurisdiction, control, and regulation of the Public Utilities Commission or the Interstate Commerce Commission shall have displayed prominently a distinctive identifying symbol as provided for in the Public Utilities Code.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1716

An act to amend Section 1206 of the Health and Safety Code, relating to rural health services.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 1206 of the Health and Safety Code is amended to read:

1206. The provisions of this chapter do not apply to the following:

(a) Except with respect to the option provided with regard to surgical clinics in paragraph (1) of subdivision (b) of Section 1204 and, further, with respect to specialty clinics specified in paragraph (2) of subdivision (b) of Section 1204, any place or establishment owned or leased and operated as a clinic or office by one or more licensed health care practitioners and used as an office for the practice of their profession, within the scope of their license, regardless of the name used publicly to identify the place or establishment.

(b) Any clinic directly conducted, maintained or operated by the United States or by any of its departments, officers, or agencies, and any primary care clinic specified in subdivision (a) of Section 1204 which is directly conducted, maintained, or operated by this state or by any of its political subdivisions or districts, or by any city. Nothing in this subdivision precludes the state department from adopting regulations which utilize clinic licensing standards as eligibility criteria for participation in programs funded wholly or partially under Title XVIII or XIX of the federal Social Security Act.

(c) Any clinic conducted, maintained, or operated by a federally recognized Indian tribe or tribal organization, as defined in Section 450 or 1601 of Title 25 of the United States Code, and which is located on land recognized as tribal land by the federal government.

(d) Clinics conducted, operated, or maintained as outpatient departments of hospitals.

(e) Any facility licensed as a health facility under Chapter 2 (commencing with Section 1250).

(f) Any freestanding clinical or pathological laboratory licensed under Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code.

(g) A clinic operated by, or affiliated with, any institution of learning which teaches a recognized healing art and is approved by the state board or commission vested with responsibility for regulation of the practice of that healing art.

(h) A clinic which is operated on an intermittent basis by a local health department or by a community or free clinic. An intermittent or satellite clinic shall, however, meet all requirements of law, including administrative regulations, pertaining to fire and life safety.

(i) The offices of physicians in group practice who provide a preponderance of their services to members of a comprehensive group practice prepayment health care service plan subject to Chapter 2.2 (commencing with Section 1340) of Division 2.

(j) Student health centers operated by public institutions of higher education.

(k) Nonprofit speech and hearing centers, as defined in Section 1201.5. Any nonprofit speech and hearing clinic desiring an exemption under this subdivision shall make application therefor to the State Director of Health Services, who shall grant the exception to any facility meeting the criteria of Section 1201.5. Notwithstanding

the licensure exemption contained in this subdivision, a nonprofit speech and hearing center shall be deemed to be an organized outpatient clinic for purposes of qualifying for reimbursement as a rehabilitation center under the Medi-Cal Act, Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(*l*) A clinic operated by a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954, as amended, or a statutory successor thereof, which conducts medical research and health education and provides health care to its patients through a group of 40 or more physicians and surgeons, who are independent contractors representing not less than 10 board-certified specialties, and not less than two-thirds of whom practice on a full-time basis at the clinic.

(m) Any clinic, limited to in vivo diagnostic services by magnetic resonance imaging functions or radiological services under the direct and immediate supervision of a physician and surgeon who is licensed to practice in California. This shall not be construed to permit cardiac catheterization or any treatment modality in these clinics.

CHAPTER 1717

An act to add Section 56741 to, and to add Article 3.5 (commencing with Section 42625) to Chapter 9 of Part 24 of, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting Section 3 of this act to collect the necessary data to determine the feasibility of transferring the costs of providing residential and noneducational services pursuant to the individualized education program of a pupil enrolled in a nonpublic, nonsectarian school to the public agencies which share the responsibility of providing those services.

SEC. 2. Article 3.5 (commencing with Section 42625) is added to Chapter 9 of Part 24 of the Education Code, to read:

Article 3.5. Temporary Transfer—Delano Joint Union High School District

42625. (a) The governing board of the Delano Joint Union High School District may direct that moneys held in any fund or account

be temporarily transferred from one or more accounts or funds to another fund of the district to be used for the payment of obligations of the district. Notwithstanding Section 42603, such a transfer may be made as many times as necessary within the 1984–85 fiscal year from the same fund or account, but only when the district will receive income sufficient to repay the amount transferred. The amount transferred shall be repaid either in the 1984–85 or 1985–86 fiscal year if the transfer takes place within the final 120 calendar days of the 1984–85 fiscal year.

(b) Notwithstanding Section 42603, the governing board of the Delano Joint Union High School District may transfer 100 percent of the maximum of moneys held in any fund or account during the 1984–85 fiscal year pursuant to subdivision (a).

(c) For purposes of this section, the following terms have the following meanings:

(1) "Funds" includes, but is not limited to, the district deferred maintenance fund established pursuant to Section 39618.

(2) "Moneys" means all cash and accounts receivable which are due the district, including, but not limited to, secured notes.

42626. (a) Notwithstanding and in lieu of Section 42620, on or before April 1, 1985, the governing board of the Delano Joint Union High School District may request a temporary transfer of funds from the county treasury, not to exceed 45 percent of the estimated annual property tax entitlement of the district.

(b) In April of 1985, the auditor and the treasurer shall retransfer the funds to the county treasury from the first moneys available to the district from local property tax receipts, and before any other obligations of the district accruing in April, May, or June of 1985 are satisfied or paid.

42627. The temporary transfer of funds authorized by this article shall be limited to the 1984–85 fiscal year.

42628. (a) The governing board of the Delano Joint Union High School District shall include within its annual audit report to the State Department of Education a description of the procedures used in the reconciliation of funds and accounts authorized by this article.

(b) The State Department of Education shall, upon receipt of the annual audit report described in subdivision (a), transmit a copy of the report to the respective fiscal committees of the Legislature.

SEC. 3. Section 56741 is added to the Education Code, to read:

56741. (a) As a condition to receiving an apportionment pursuant to Section 56740, together with the December pupil count of individuals with exceptional needs required pursuant to federal law, and the April pupil count required pursuant to Section 56728.5, a district or county office shall submit a report to the superintendent, on forms provided by the superintendent for that purpose, which shall include all of the following information:

(1) The individual contracted program placement costs of providing special education, transportation, residential, and designated instructional services to individuals with exceptional

needs placed in nonpublic, nonsectarian schools pursuant to Sections 56365 and 56366.

(2) The individual program placement costs specified in paragraph (1) shall be listed according to the placement categories of individuals with exceptional needs, including, but not limited to, all of the following categories:

(A) Full-day placement.

(B) Partial day placement.

(C) Residential placement within the state.

(D) Residential placement outside the state.

(b) Beginning September 15, 1985, the superintendent shall prepare a report of the data collected pursuant to subdivision (a) by September 15 of each year.

SEC. 4. Due to the unique circumstances affecting the Delano Joint Union High School District, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the Delano Joint Union High School District to meet its obligations for the 1984–85 fiscal year, and in order to obtain the data necessary to effectuate the intent of the Legislature declared in Section 1 of this act at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1718

An act to amend Section 11172 of, and to add Section 11166.5 to, the Penal Code, relating to child abuse reporting.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 11166.5 is added to the Penal Code, to read:

11166.5. Any person who enters into employment on and after January 1, 1985, as a child care custodian, medical practitioner, or nonmedical practitioner, or with a child protective agency, prior to commencing his or her employment, and as a prerequisite to that employment, shall sign a statement on a form provided to him or her by his or her employer to the effect that he or she has knowledge of the provisions of Section 11166 and will comply with its provisions.

The statement shall include the following provisions:

Section 11166 of the Penal Code requires any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of a child abuse to report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and to prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

"Child care custodian" includes teachers, administrative officers, supervisors of child welfare and attendance, or certificated pupil personnel employees of any public or private school; administrators of a public or private day camp; licensed day care workers; administrators of community care facilities licensed to care for children; headstart teachers; licensing workers or licensing evaluators; public assistance workers; employees of a child care institution including, but not limited to, foster parents, group home personnel, and personnel of residential care facilities; and social workers or probation officers.

"Medical practitioner" includes physicians and surgeons, psychiatrists, psychologists, dentists, residents, interns, podiatrists, chiropractors, licensed nurses, dental hygienists, or any other person who is licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.

"Nonmedical practitioner" includes state or county public health employees who treat minors for venereal disease or any other condition; coroners; paramedics; marriage, family or child counselors; and religious practitioners who diagnose, examine, or treat children.

The signed statements shall be retained by the employer. The cost of printing, distribution, and filing of these statements shall be borne by the employer.

SEC. 2. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by

this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than five hundred dollars ($500) or by both.

(c) Any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who, pursuant to a request from a child protective agency, provides the requesting agency with access to the victim of a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of providing such access.

SEC. 3. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who, pursuant to a request from a child protective agency, provides the requesting agency with access to the victim of a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that even though it has provided immunity from liability to persons required to report child abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of child abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a child care custodian, medical practitioner, nonmedical practitioner, or an employee of a child protective agency may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars ($1,000) or by both.

SEC. 4. Section 3 of this bill incorporates amendments to Section 11172 of the Penal Code proposed by both this bill and AB 2702. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1985, (2) each bill amends Section 11172 of the Penal Code, and (3) this bill is enacted after AB 2702, in which case Section 2 of this bill shall not become operative.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 6. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under

Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1719

An act to amend Section 86 of the Code of Civil Procedure relating to judicial arbitration.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars

($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 1.1. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a condominium created pursuant to Section 1356 of the Civil Code, where the

amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not

constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 1.2. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000),

the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(11) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to

this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 1.3. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess

of fifteen thousand dollars ($15,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(11) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of the municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to

this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time these changes become operative.

SEC. 1.4. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a condominium created pursuant to Section 1356 of the Civil Code, where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total

amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(11) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court

may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 1.5. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a condominium created pursuant to Section 1356 of the Civil Code, where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action

to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(11) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of the municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or

excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time those changes become operative.

SEC. 1.6. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code where the amount of the liens is fifteen thousand dollars ($15,000) or less. However,

where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(11) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of the municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or

excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time those changes become operative.

SEC. 1.7. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding fifteen thousand dollars ($15,000) or property of a value not exceeding fifteen thousand dollars ($15,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a condominium created pursuant to

Section 1356 of the Civil Code, where the amount of the liens is fifteen thousand dollars ($15,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in the court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding fifteen thousand dollars ($15,000) or the debt denied does not exceed fifteen thousand dollars ($15,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(11) In actions to enforce the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) where civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. Actions in which a civil penalty of more than fifteen thousand dollars ($15,000) is sought shall be transferred to the superior court and may be consolidated with any other action pending in the court, on the motion of either party.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than fifteen thousand dollars ($15,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of the municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time those changes become operative.

SEC. 2. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. (a) Section 1.1 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and AB 2295. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, and (3) AB 2260 and SB 1344 are not enacted or as enacted do not amend that section, and (4) this bill is enacted after AB 2295, in which case Sections 1, 1.2, 1.3, 1.4, 1.5, 1.6, and 1.7 of this bill shall not become operative.

(b) Section 1.2 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and AB 2260. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, (3) AB 2295 and SB 1344 are not enacted or as enacted do not amend that section, and (4) this bill is enacted after AB 2260 in which case Sections 1, 1.1, 1.3, 1.4, 1.5, 1.6, and 1.7 of this bill shall not become operative.

(c) Section 1.3 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and SB 1344. It shall only become operative if (1) both bills are enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, and (3) AB 2295 and AB 2260 are not enacted or as enacted do not amend that section, and (4) this bill is enacted after SB 1344, in which case Sections 1, 1.1, 1.2, 1.4, 1.5, 1.6, and 1.7 of this bill shall not become operative.

(d) Section 1.4 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill, AB 2295, and AB 2260. It shall only become operative if (1) all three bills are

enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, (3) SB 1344 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 2295 and AB 2260 in which case Sections 1, 1.1, 1.2, 1.3, 1.5, 1.6, and 1.7 of this bill shall not become operative.

(e) Section 1.5 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and AB 2295 and SB 1344. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, and (3) AB 2260 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 2295 and SB 1344, in which case Sections 1, 1.1, 1.2, 1.3, 1.4, 1.6, and 1.7 of this bill shall not become operative.

(f) Section 1.6 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and AB 2260 and SB 1344. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1985, (2) each bill amends Section 86 of the Code of Civil Procedure, (3) AB 2295 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 2260 and SB 1344 in which case Sections 1, 1.1, 1.2, 1.4, 1.5, and 1.7 of this bill shall not become operative.

(g) Section 1.7 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by this bill, AB 2295, AB 2260, and SB 1344. It shall only become operative if (1) all four bills are enacted and become effective January 1, 1985, (2) all four bills amend Section 86 of the Code of Civil Procedure, (3) this bill is enacted after AB 2295, AB 2260, and SB 1344, in which case Sections 1, 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6 of this bill shall not become operative.

CHAPTER 1720

An act to amend Section 903.4 of, and to add Section 903.45 to, the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 903.4 of the Welfare and Institutions Code is amended to read:

903.4. (a) The Legislature finds that even though Section 903 establishes parental liability for the cost of the care, support, and maintenance of a child in a county institution or other place in which the child is placed, detained, or committed pursuant to an order of the juvenile court, the collection of child support for juveniles who have been placed in out-of-home care as dependents or wards of the juvenile court under Sections 300, 601, and 602 has not been pursued

routinely and effectively.

It is the purpose of this section to substantially increase income to the state and to counties through court-ordered parental reimbursement for the support of juveniles who are in out-of-home placement. In this regard, the Legislature finds that the costs of collection will be offset by the additional income derived from the increased effectiveness of the parental support program.

(b) In any case in which a child is or has been declared a dependent child or a ward of the court pursuant to a Section 300, 601, or 602, the juvenile court shall order any agency which has expended moneys or incurred costs on behalf of the child pursuant to a detention or placement order of the juvenile court, to submit to the district attorney, within 30 days, in the form of a declaration, a statement of its costs and expenses for the benefit, support, and maintenance of the child.

(c) (1) The district attorney may petition the superior court to issue an order to show cause why an order should not be entered for continuing support and reimbursement of the costs of the support of any minor described in Section 903.

Any order entered as a result of the order to show cause shall be enforceable in the same manner as any other support order entered by the courts of this state at the time it becomes due and payable.

In any case in which the district attorney has received a declaration of costs or expenses from any agency, the declaration shall be deemed an application for assistance pursuant to Section 11475.1.

(2) The order to show cause shall inform the parent of all of the following facts:

(A) He or she has been sued.

(B) If he or she wishes to seek the advice of an attorney in this matter, it should be done promptly so that his or her financial declaration and written response, if any, will be filed on time.

(C) He or she has a right to appear personally and present evidence in his or her behalf.

(D) His or her failure to appear at the order to show cause hearing, personally or through his or her attorney, may result in an order being entered against him or her for the relief requested in the petition.

(E) Any order entered could result in the garnishment of wages, taking of money or property to enforce the order, or being held in contempt of court.

(F) Any party has a right to request a modification of any order issued by the superior court in the event of a change in circumstances.

(3) Any existing support order shall remain in full force and effect unless the superior court modifies that order pursuant to subdivision (f).

(4) The district attorney shall not be required to petition the court for an order for continuing support and reimbursement if, in the

opinion of the district attorney, it would not be appropriate to secure such an order. The district attorney shall not be required to continue collection efforts for any order if, in the opinion of the district attorney, it would not be appropriate or cost effective to enforce the order.

(d) (1) In any case in which an order to show cause has been issued and served upon a parent for continuing support and reimbursement of costs, a completed income and expense declaration shall be filed with the court by the parent; a copy of it shall be delivered to the district attorney at least five days prior to the hearing on the order to show cause.

(2) Any person authorized by law to receive a parent's financial declaration or information obtained therefrom, who knowingly furnishes the declaration or information to a person not authorized by law to receive it, is guilty of a misdemeanor.

(e) If a parent has been personally served with the order to show cause and no appearance is made by the parent, or an attorney in his or her behalf, at the hearing on the order to show cause, the court may enter an order for the principal amount and continuing support in the amount demanded in the petition.

If the parent appears at the hearing on the order to show cause, the court may enter an order for the amount the court determines the parent is financially able to pay.

(f) The court shall have continuing jurisdiction to modify any order for continuing support entered pursuant to this section.

(g) As used in this section, "parent" includes any person specified in Section 903, the estate of any such person, and the estate of the minor person.

(h) The district attorney may contract with another county agency for the performance of any of the duties required by this section.

SEC. 2. Section 903.45 is added to the Welfare and Institutions Code, to read:

903.45. (a) The board of supervisors may designate a county officer to make financial evaluations of parental liability for reimbursement pursuant to Sections 903.1 and 903.2.

(b) In any county where a board of supervisors has designated a county officer pursuant to subdivision (a), the juvenile court shall, at the close of the disposition hearing, order any person liable for the cost of legal services as provided for in Section 903.1 or probation costs as provided for in Section 903.2 to appear before the designated county officer for a financial evaluation of his or her ability to pay those costs.

If the county officer determines that a person so responsible has the ability to pay all or part of the costs, the officer shall petition the court for an order requiring the person to pay that sum to the county. In evaluating a person's ability to pay under this section, the designated county officer and the court shall take into consideration the family's income, the necessary obligations of the family, and the

number of persons dependent upon this income. Any person appearing for a financial evaluation shall have the right to dispute the county officer's determination, in which case he or she shall be entitled to a hearing before the juvenile court. The county officer, at the time of the financial evaluation, shall advise such a person of his or her right to a hearing and of his or her rights pursuant to subdivision (c).

At the hearing, any person so responsible for costs shall be entitled to have, but shall not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, to confront and cross-examine adverse witnesses, to disclosure of the evidence against him or her, and to receive a written statement of the findings of the court. The person shall have the right to be represented by counsel, and, when the person is unable to afford counsel, the right to appointed counsel. If the court determines that the person has the ability to pay all or part of the costs, including the costs of any counsel appointed to represent the person at the hearing, the court shall set the amount to be reimbursed and order him or her to pay that sum to the county in a manner in which the court believes reasonable and compatible with the person's financial ability.

In the event such a person fails to appear for a financial evaluation, the county officer, upon petition to the court, shall be entitled to an order requiring the person immediately to pay all such costs for which he or she is responsible.

(c) At any time prior to the satisfaction of a judgment entered pursuant to this section, a person against whom the judgment was entered may petition the rendering court to modify or vacate the judgment on the basis of a change in circumstances relating to his or her ability to pay the judgment.

(d) Execution may be issued on a judgment entered pursuant to this section, including any balance remaining unpaid at the termination of the court's jurisdiction over the minor, in the same manner as on a judgment in a civil action.

CHAPTER 1721

An act to add Chapter 11 (commencing with Section 8850) to Division 1 of Title 2 of the Government Code, relating to small businesses.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 8850) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 11. CALIFORNIA SMALL BUSINESS OFFICE OF ADVOCACY

8850. (a) The Legislature finds and declares that it is in the public interest to aid, counsel, assist, and protect, insofar as is possible, the interests of small business concerns in order to preserve free competitive enterprise and maintain a healthy state economy.

(b) In order to advocate the causes of small business and to provide small businesses with the information they need to survive in marketplace, there is created in the Business, Transportation and Housing Agency a California Small Business Advocate.

8850.1. The following definitions apply to this chapter unless otherwise indicated:

(a) "Small business" means a small business, as defined by the Department of General Services.

(b) "Advocate" means the California Small Business Advocate.

8850.2. (a) The advocate shall be appointed by, and shall serve at the pleasure of, the Governor.

(b) To accomplish the purposes of this chapter, the Secretary of the Business, Transportation and Housing Agency may assign other employees from within the various departments of the agency, or request the assistance of other civil service and exempt positions in the various executive branch departments to assist the advocate for such periods of time as are necessary to enable the advocate to carry out his or her responsibilities.

8850.3. The duties and functions of the advocate shall include all of the following:

(a) Serve as the principal advocate in the state on behalf of small businesses, including, but not limited to, advisory participation in the consideration of all legislation and administrative regulations which affect small businesses.

(b) Represent the views and interests of small businesses before other state agencies whose policies and activities may affect small business.

(c) Enlist the cooperation and assistance of public and private agencies, businesses, and other organizations in disseminating information about the programs and services provided by state government which are of benefit to small businesses, and information on how small businesses can participate in, or make use of, those programs and services.

(d) Evaluate the efforts of state agencies, businesses, and industry to assist minority small business enterprises, and make such recommendations as may be appropriate to assist the development and strengthening of minority and other small business enterprises.

(e) Consult with experts and authorities in the fields of small business investment, venture capital investment, and commercial banking and other comparable financial institutions involved in the financing of business, and with individuals with regulatory, legal, economic, or financial expertise, including members of the academic

community, and individuals who generally represent the public interest.

(f) Determine the desirability of developing a set of rational, objective criteria to be used to define small business, and to develop such criteria, if appropriate.

(g) Seek the assistance and cooperation of all state agencies and departments providing services to, or affecting, small business, to ensure coordination of state efforts.

(h) Receive and respond to complaints from small businesses concerning the actions of state agencies and the operative effects of state laws and regulations adversely affecting those businesses.

8850.4. Each agency of the state shall furnish to the advocate such reports, documents, and information as the director deems necessary to carry out his or her functions under this chapter.

8850.5. The advocate shall prepare and submit a written annual report to the Governor and to the Legislature, that describes the activities and recommendations of the office.

SEC. 2. It is the intent of the Legislature that the implementation of this chapter shall not result in any additional costs to state government, and that funding of this chapter shall be paid from existing appropriations.

CHAPTER 1722

An act to add and repeal Section 66475.4 of the Government Code, relating to subdivisions.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 66475.4 is added to the Government Code, to read:

66475.4. (a) As used in this section, "dedication" means a transfer by a subdivider to a city, county, or city and county of title to real property or any interest therein, or of an easement or right in real property, the transfer of facilities, or the installation of improvements as defined in Section 66419, or any combination thereof.

(b) A dedication requirement imposed as a condition of approval of a tentative map is invalid to the extent to which it is determined by a court to be excessive. A dedication requirement is excessive to the extent it is not reasonably necessary to meet public needs arising as a result of the subdivision. If, at the time of imposition of the dedication requirement, a city, county, or city and county provides a mechanism for determining the amount of compensation for that portion of the dedication requirement which is excessive, and the

manner of payment thereof, this section shall not apply.

(c) A dedication requirement claimed to be excessive in whole or in part, which is imposed as a condition of approval of a tentative map, may be reviewed by a writ of administrative mandate pursuant to Section 1094.5 of the Code of Civil Procedure. In such a proceeding, the petitioner must have protested in the administrative record the imposition of the dedication, or portion of the dedication, claimed to be excessive. The petition for the writ shall be filed within the time prescribed by Section 66499.37.

(d) If the dedication requirement is determined to be excessive, in whole or in part, the court shall order the city, county, or city and county which imposed the requirement to elect, within 45 days of the date of its order, to take one of the following actions:

(1) To require amendment of the tentative subdivision map or redesign of the subdivision, taking into account the court's decision and the requirements of Sections 66473.1, 66473.5, 66474, and 66474.6.

(2) To pay just compensation for that portion of the dedication determined to be excessive.

(3) To require amendment of the tentative subdivision map by deletion or modification of the dedication found to be excessive.

(e) If the city, county, or city and county elects to pay compensation, the amount of compensation shall be determined as provided by Chapters 8 (commencing with Section 1260.010) and 9 (commencing with Section 1263.010) of Title 7 of Part 3 of the Code of Civil Procedure.

(f) If the city, county, or city and county elects to require redesign of the map or to delete or modify the excessive dedication requirement, the court shall order the action to be taken within 120 days or such longer period of time as determined by the court upon application of either party. The court shall retain jurisdiction to ensure compliance with its order.

(g) If, within 45 days after the date of the court's order, the city, county, or city and county does not elect to take one of the actions specified in paragraph (1) or (3) of subdivision (d), it shall be conclusively presumed to have elected to pay just compensation.

(h) The provisions of this section do not apply to any mitigation measures imposed by local agencies pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) to mitigate adverse environmental impacts identified in an environmental document prepared for the project under that act.

(i) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may

pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1723

An act to amend and repeal Section 65943 of the Government Code, relating to development projects.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 65943 of the Government Code is amended to read:

65943. (a) Not later than 30 calendar days after any public agency has received an application for a development project, the agency shall determine in writing whether the application is complete and shall immediately transmit the determination to the applicant for the development project. If the written determination is not made within 30 days after receipt of the application, the application shall be deemed complete for purposes of this chapter. Upon receipt of any resubmittal of the application, a new 30-day period shall begin, during which the public agency shall determine the completeness of the application. If the application is determined not to be complete, the agency's determination shall specify those parts of the application which are incomplete and shall indicate the manner in which they can be made complete, including a list and thorough description of the specific information needed to complete the application. The applicant shall submit materials to the public agency in response to the list and description.

(b) Not later than 30 calendar days after receipt of the submitted materials, the public agency shall determine in writing whether they are complete and shall immediately transmit that determination to the applicant. If the written determination is not made within that 30-day period, the application together with the submitted materials shall be deemed complete for purposes of this chapter.

(c) If the application together with the submitted materials are determined not to be complete pursuant to subdivision (b), the public agency shall provide a process for the applicant to appeal that decision in writing to the governing body of the agency or, if there is no governing body, to the director of the agency, as provided by that agency. A city or county shall provide that the right of appeal is to the governing body or, at their option, the planning commission, or both.

There shall be a final written determination by the agency on the appeal not later than 60 calendar days after receipt of the applicant's

written appeal. The fact that an appeal is permitted to both the planning commission and to the governing body does not extend the 60-day period. Notwithstanding a decision pursuant to subdivision (b) that the application and submitted materials are not complete, if the final written determination on the appeal is not made within that 60-day period, the application with the submitted materials shall be deemed complete for the purposes of this chapter.

(d) Nothing in this section precludes an applicant and a public agency from mutually agreeing to an extension of any time limit provided by this section.

(e) This section shall become operative on July 1, 1985, and shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1991, pursuant to Section 9611 of the Government Code, Section 65943 of the Government Code, as amended by Section 11 of Chapter 1207 of the Statutes of 1979, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1724

An act to add Title 5 (commencing with Section 3426) to Part 1 of Division 4 of the Civil Code and to add Section 2036.2 to the Code of Civil Procedure, relating to trade secrets.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Title 5 (commencing with Section 3426) is added to Part 1 of Division 4 of the Civil Code, to read:

TITLE 5. UNIFORM TRADE SECRETS ACT

3426. This title may be cited as the Uniform Trade Secrets Act.

3426.1. As used in this title, unless the context requires otherwise:

(a) "Improper means" includes theft, bribery, misrepresentation, breach or inducement of a breach of a duty to maintain secrecy, or

espionage through electronic or other means. Reverse engineering or independent derivation alone shall not be considered improper means.

(b) "Misappropriation" means:

(1) Acquisition of a trade secret of another by a person who knows or has reason to know that the trade secret was acquired by improper means; or

(2) Disclosure or use of a trade secret of another without express or implied consent by a person who:

(A) Used improper means to acquire knowledge of the trade secret; or

(B) At the time of disclosure or use, knew or had reason to know that his or her knowledge of the trade secret was:

(i) Derived from or through a person who had utilized improper means to acquire it;

(ii) Acquired under circumstances giving rise to a duty to maintain its secrecy or limit its use; or

(iii) Derived from or through a person who owed a duty to the person seeking relief to maintain its secrecy or limit its use; or

(C) Before a material change of his or her position, knew or had reason to know that it was a trade secret and that knowledge of it had been acquired by accident or mistake.

(c) "Person" means a natural person, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(d) "Trade secret" means information, including a formula, pattern, compilation, program, device, method, technique, or process, that:

(1) Derives independent economic value, actual or potential, from not being generally known to the public or to other persons who can obtain economic value from its disclosure or use; and

(2) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

3426.2. (a) Actual or threatened misappropriation may be enjoined. Upon application to the court, an injunction shall be terminated when the trade secret has ceased to exist, but the injunction may be continued for an additional period of time in order to eliminate commercial advantage that otherwise would be derived from the misappropriation.

(b) If the court determines that it would be unreasonable to prohibit future use, an injunction may condition future use upon payment of a reasonable royalty for no longer than the period of time the use could have been prohibited.

(c) In appropriate circumstances, affirmative acts to protect a trade secret may be compelled by court order.

3426.3. (a) A complainant may recover damages for the actual loss caused by misappropriation. A complainant also may recover for the unjust enrichment caused by misappropriation that is not taken

into account in computing damages for actual loss.

(b) If neither damages nor unjust enrichment caused by misappropriation are provable, the court may order payment of a reasonable royalty for no longer than the period of time the use could have been prohibited.

(c) If willful and malicious misappropriation exists, the court may award exemplary damages in an amount not exceeding twice any award made under subdivision (a) or (b).

3426.4. If a claim of misappropriation is made in bad faith, a motion to terminate an injunction is made or resisted in bad faith, or willful and malicious misappropriation exists, the court may award reasonable attorney's fees to the prevailing party.

3426.5. In an action under this title, a court shall preserve the secrecy of an alleged trade secret by reasonable means, which may include granting protective orders in connection with discovery proceedings, holding in-camera hearings, sealing the records of the action, and ordering any person involved in the litigation not to disclose an alleged trade secret without prior court approval.

3426.6. An action for misappropriation must be brought within three years after the misappropriation is discovered or by the exercise of reasonable diligence should have been discovered. For the purposes of this section, a continuing misappropriation constitutes a single claim.

3426.7. (a) Except as otherwise expressly provided, this title does not supersede any statute relating to misappropriation of a trade secret, or any statute otherwise regulating trade secrets.

(b) This title does not affect (1) contractual remedies, whether or not based upon misappropriation of a trade secret, (2) other civil remedies that are not based upon misappropriation of a trade secret, or (3) criminal remedies, whether or not based upon misappropriation of a trade secret.

(c) This title does not affect the disclosure of a record by a state or local agency under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). Any determination as to whether the disclosure of a record under the California Public Records Act constitutes a misappropriation of a trade secret and the rights and remedies with respect thereto shall be made pursuant to the law in effect before the operative date of this title.

3426.8. This title shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this title among states enacting it.

3426.9. If any provision of this title or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of the title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

3426.10. This title does not apply to misappropriation occurring prior to January 1, 1985. If a continuing misappropriation otherwise

covered by this title began before January 1, 1985, this title does not apply to the part of the misappropriation occurring before that date. This title does apply to the part of the misappropriation occurring on or after that date unless the appropriation was not a misappropriation under the law in effect before the operative date of this title.

SEC. 2. Section 2036.2 is added to the Code of Civil Procedure, to read:

2036.2. In any action alleging the misappropration of a trade secret under the Uniform Trade Secrets Act (Title 5 (commencing with Section 3426) of Part 1 of Division 4 of the Civil Code), before commencing discovery relating to the trade secret under Chapter 2 (commencing with Section 1985) or Article 3 (commencing with Section 2016) of Chapter 3 of this title, the party alleging the misappropriation shall identify the trade secret with reasonable particularity subject to any orders which may be appropriate under Section 3426.5 of the Civil Code.

CHAPTER 1725

An act to amend Section 23161 of, to amend and repeal Sections 23171, 23176, and 23191 of, to add and repeal Sections 23166.1, 23186.1, and 23205.1 of, and to add and repeal Article 3 (commencing with Section 23230) to Chapter 12 of Division 11 of, the Vehicle Code, relating to driving offenses.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 23161 of the Vehicle Code is amended to read:

23161. (a) Except as provided in subdivision (f), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be subject to one of the following:

(1) Be confined in the county jail for at least 48 hours but not more than six months and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The court may order the Department of Motor Vehicles to suspend the privilege to operate a motor vehicle pursuant to paragraph (1) of subdivision (a) of Section 13352 when this condition of probation is imposed.

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000) and have the privilege to operate a motor vehicle restricted for 90 days to necessary travel

to and from that person's place of employment and to and from the program described in subdivision (b) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment.

(b) In any county where the county alcohol program administrator has certified and the board of supervisors has approved such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education program, or both of these programs, as designated by the court.

(c) Each county which has approved and certified an alcohol or drug education program or programs shall make provision for persons who cannot afford the program fee, in order to enable those persons to participate.

(d) In order to assure effectiveness of the alcohol or drug education program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) Any person required to successfully complete an alcohol or drug education program as a condition of probation shall enroll in the program and shall furnish proof of the enrollment to the court within 60 days of the court order, excluding any time of imprisonment ordered by the court. The person shall also participate in, and successfully complete, the program, and shall furnish proof of successful program completion within 120 days of the court order, excluding any time of imprisonment ordered by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to comply with this subdivision.

(f) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate issued pursuant to Section 12804.1, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352. This subdivision applies to convictions occurring on or after July 1, 1985.

SEC. 1.2. Section 23161 of the Vehicle Code is amended to read:

23161. (a) Except as provided in subdivision (f), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be subject to one of the following:

(1) Be confined in the county jail for at least 48 hours but not more than six months and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The court may order the Department of Motor Vehicles to suspend the privilege to operate a motor vehicle pursuant to paragraph (1) of subdivision (a) of Section 13352 when this condition of probation is imposed.

(2) Pay a fine of at least three hundred ninety dollars ($390) but

not more than one thousand dollars ($1,000) and have the privilege to operate a motor vehicle restricted for 90 days to necessary travel to and from that person's place of employment and to and from the program described in subdivision (b) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment.

(b) In any county where the board of supervisors has approved such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education program, or both of these programs, as designated by the court.

(c) Each county which has approved an alcohol or drug education program or programs shall make provision for persons who cannot afford the program fee, in order to enable those persons to participate.

(d) In order to assure effectiveness of the alcohol or drug education program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) Any person required to successfully complete an alcohol or drug education program as a condition of probation shall enroll in the program and shall furnish proof of the enrollment to the court within 60 days of the court order, excluding any time of imprisonment ordered by the court. The person shall also participate in, and successfully complete, the program, and shall furnish proof of successful program completion within 120 days of the court order, excluding any time of imprisonment ordered by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to comply with this subdivision.

(f) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate issued pursuant to Section 12804.1, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352. This subdivision applies to convictions occurring on or after July 1, 1985.

SEC. 1.4. Section 23166.1 is added to the Vehicle Code, to read:

23166.1. In counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court may impose additional conditions of probation pursuant to this section. In those counties, in addition to the conditions specified in subdivision (a) or (b) of Section 23166, the court may, as a condition of probation, require that the person participate in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court, for not less than 30 days. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

The person shall pay the costs of the treatment program

commensurate with the person's ability to pay.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. Section 23171 of the Vehicle Code is amended to read:

23171. (a) (1) If the court grants probation to any person punished under Section 23170, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 120 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (5) of subdivision (a) of Section 13352.

(2) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall require that at least 30 days of the term of imprisonment prescribed under this subdivision be served in the county jail, but may in its discretion order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(b) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23170 who has not previously successfully completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, the court shall impose as a condition of probation that the person participate, for a least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Under no circumstances shall the additional condition of probation required pursuant to this subdivision be construed as a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

(c) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 23171 of the Vehicle Code, as amended by Section 21 of Chapter 1339 of the

Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 23176 of the Vehicle Code is amended to read:

23176. (a) (1) If the court grants probation to any person punished under Section 23175, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 180 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (7) of subdivision (a) of Section 13352.

(2) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall require that at least one-fourth of the term of imprisonment prescribed under this subdivision be served in the county jail, but may in its discretion order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(b) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23175 who has not previously successfully completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, the court shall impose as a condition of probation that the person participate, for a least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Under no circumstances shall the additional condition of probation required pursuant to this subdivision be construed as a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (7) of subdivision (a) of Section 13352.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 23176 of the Vehicle Code, as added by Section 4 of Chapter 637 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 4. Section 23186.1 is added to the Vehicle Code, to read:

23186.1. Notwithstanding Section 23186, the court may impose as conditions of probation, in lieu of the provisions of subdivision (a) or (b) of Section 23186, that the person be subject to all of the following:

(a) Be confined in the county jail for at least 30 days but not more than 330 days, and thereafter participate in a treatment program in an alcohol rehabilitation facility approved for participation in the pilot program pursuant to Article 3 (commencing with Section 23230), as designated by the court, for not less than 30 days. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(b) Pay costs of the treatment program commensurate with the person's ability to pay.

(c) Pursuant to Section 13352.5, have the privilege to operate a motor vehicle be suspended for one year by the Department of Motor Vehicles and, after that one-year period, have the privilege restricted by the department for two additional years to necessary travel to and from that person's place of employment, and to and from the treatment program described in subdivision (d) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. The Department of Motor Vehicles shall not revoke the person's privilege to operate a motor vehicle under Section 13352, as provided in Section 13352.5.

(d) Participate, for at least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court.

This section applies only to those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230).

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 5. Section 23191 of the Vehicle Code is amended to read:

23191. (a) (1) If the court grants probation to any person punished under Section 23190, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least one year, that the person pay a fine of at least three hundred ninety dollars ($390) but not more than five thousand dollars ($5,000), and that the person make restitution or reparation pursuant to Section 1203.1 of the Penal Code. The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (6) of subdivision (a) of Section 13352.

(2) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230),

the court shall require that at least one-fourth of the terms of imprisonment prescribed under this subdivision be served in the county jail, but may in its discretion order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(b) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23190 who has not previously successfully completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, the court shall impose as a condition of probation that the person participate, for at least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Under no circumstances shall the additional condition of probation required pursuant to this subdivision be construed as a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (6) of subdivision (a) of Section 13352.

(c) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 23191 of the Vehicle Code, as amended by Section 28 of Chapter 1339 of the Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 6. Section 23205.1 is added to the Vehicle Code, to read:

23205.1. Upon any conviction for a violation of Section 23152 or 23153 which occurred within a county participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall order a presentence assessment and screening by the county probation department or other agency designated by the county board of supervisors, to determine whether a custodial-rehabilitative community placement is warranted pursuant to those provisions. The cost of the presentence assessments and screenings shall be reimbursed from fees charged for referrals pursuant to Section 23236, as established by the county alcohol program administrator.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 7. Article 3 (commencing with Section 23230) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

Article 3. Alcohol Rehabilitation Facilities

23230. Pilot programs to determine the cost efficiency and therapeutic value of custodial-treatment community placement of persons convicted of violating Section 23152 or 23153 may be established pursuant to this article, by resolution of the county board of supervisors, in not more than four participating counties. Counties initially eligible to participate include the Counties of Los Angeles, Napa, and Riverside and one additional county which applies to, and is designated as most appropriate for the pilot program by, the State Department of Alcohol and Drug Programs. If any county declines to participate or terminates its pilot program, the State Department of Alcohol and Drug Programs may select the most appropriate substitute county from among the applicants.

Unless sooner terminated by a participating county, each pilot program established pursuant to this article shall terminate December 31, 1987.

23231. Placements pursuant to this article shall be made exclusively in alcohol rehabilitation facilities certified and approved as provided in this section. For purposes of this chapter, "alcohol rehabilitation facility" means a social rehabilitation facility licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, or any other facility licensed by the State Department of Health Services or the State Department of Social Services for the custodial, residential treatment of drug or alcohol abuse, which is approved and certified by the State Department of Alcohol and Drug Programs under this article. An alcohol rehabilitation facility shall conform to the standards established by the Board of Corrections pursuant to Section 6030 of the Penal Code for local detention facilities classified as a "Type I facility" by paragraph (3) of subdivision (b) of Section 1006 of Title 15 of the California Administrative Code.

An alcohol rehabilitation facility shall be certified by the county alcohol program administrator and approved by the county board of supervisors. To qualify, a facility shall have written policies and procedures, regularly reviewed at least annually by the county alcohol program administrator, on monitoring the movement of program participants while inside or outside the facility and accounting for their movements and location at all times when outside of the facility. The policies and procedures shall also specify conditions under which participants may leave the facility, provision for detection of unauthorized absences, and provision for notifying the court of unauthorized absences or other violations of program rules.

Additionally, each alcohol rehabilitation facility shall be approved and monitored by the county probation department as to the

adequacy of the custodial care provided, which shall, as near as possible, be equivalent to other types of facilities providing similar levels of custodial care.

23232. An alcohol rehabilitation facility shall provide residential treatment, including bed and board and a full-time rehabilitation program, with participants referred as a condition of probation and not permitted to leave the facility except under direct supervision of the facility's professional staff and as a part of the rehabilitation program.

23233. The residential treatment program provided at an alcohol rehabilitation facility shall be at least 30 days in duration.

23234. The alcohol rehabilitation facility shall notify the court, which referred a person under Article 2 (commencing with Section 23152), of any violation.

23235. The State Department of Alcohol and Drug Programs shall prepare and revise semiannually a list of approved alcohol rehabilitation facilities and furnish a copy of the list to each trial court in this state every six months.

23236. (a) Fees charged to persons referred to an alcohol rehabilitation facility pursuant to this chapter as a condition of probation shall be established by the county alcohol program administrator in accordance with Section 11841 of the Health and Safety Code to defray the costs of the program. The county alcohol program administrator shall also determine each participant's ability to pay in accordance with guidelines adopted by the administrator. However, the per diem cost to the participant in a treatment program at an approved alcohol rehabilitation facility shall not exceed the per diem cost of the jail of that county.

(b) Courts shall endeavor to allocate referrals of indigents and those least able to pay among all participating alcohol rehabilitation facilities.

23237. No alcohol rehabilitation facility shall be required to accept referrals of probationers under this chapter. However, alcohol rehabilitation facilities participating in the program under this chapter may not refuse to accept any person referred to the facility by a court pursuant to this chapter, regardless of the person's ability to pay.

23238. This article shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 8. (a) On or before June 30, 1986, the Legislative Analyst shall report to the Legislature on whether the intent of the Legislature is being implemented to grant equal access by all economic groups to alcohol rehabilitation facilities designated pursuant to Article 3 (commencing with Section 22230) of Chapter 12 of Division 11 of the Vehicle Code. The Legislative Analyst shall determine and report on whether indigents and persons with limited ability to pay the cost of treatment are being included in the pilot programs in the same proportion these groups are given mandatory

jail sentences, when compared to all persons given mandatory jail sentences, for convictions for violations of Sections 23152 and 23153 of the Vehicle Code.

(b) The Legislative Analyst shall review the results of the use of alcohol rehabilitation facilities and the effect of their programs upon the recidivism of drunk drivers in the Counties of Los Angeles, Riverside, and Napa in the years 1985, 1986, and 1987. On or before April 1, 1988, and in cooperation with the State Department of Alcohol and Drug Programs, the State Department of Health Services, the State Department of Social Services, the courts, county alcohol program administrators, and the county probation departments, the Legislative Analyst shall prepare and submit a report to the Legislature on the study and review under this section. The report shall compare recidivism rates of persons completing the treatment programs with the recidivism rates of persons serving sentences in the county jail for the same violations.

SEC. 9. Section 1 of this act shall become operative only if Assembly Bill 2491, Senate Bill 895, and Senate Bill 2232 are enacted and become effective on January 1, 1985, and each bill amends Section 23161 of the Vehicle Code, and Assembly Bill 3872 is not enacted or, if enacted, does not amend Section 23161 of the Vehicle Code.

SEC. 10. Section 1.2 of this act shall become operative only if Assembly Bill 2491, Assembly Bill 3872, Senate Bill 895, and Senate Bill 2232 are enacted and become effective on January 1, 1985, and each bill amends Section 23161 of the Vehicle Code.

CHAPTER 1726

An act to amend Section 1799.4 of the Health and Safety Code, relating to the Commission on Emergency Medical Services.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1799.4 of the Health and Safety Code is amended to read:

1799.4. (a) Except as otherwise provided in this section, the terms of the members of the commission shall be three calendar years, commencing January 1 of the year of appointment. No member shall serve more than two consecutive full terms; provided, however, that a term or part of a term served pursuant to paragraph (1) or (2) of subdivision (b) shall not be included in this limitation.

(b) (1) The first members appointed on or after January 1, 1985, pursuant to subdivisions (a), (b), (c), and (d) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year,

plus one additional year.

(2) The first members appointed on or after January 1, 1985, pursuant to subdivisions (e), (f), (g), (h), and (i) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year, plus two additional years.

(3) The first members appointed on or after January 1, 1985, pursuant to subdivisions (j) and (k) of Section 1799.2 shall be from the date of appointment to the end of that calendar year, plus three additional years.

(4) The first member appointed on or after January 1, 1985, pursuant to subdivision (*l*) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year, plus one additional year; the second member shall serve from the date of appointment to the end of that calendar year, plus two additional years; and the third member shall serve from the date of appointment to the end of that calendar year, plus three additional years.

(5) It is the purpose of this subdivision to provide for staggered terms for the members of the commission.

CHAPTER 1727

An act to amend Sections 94304, 94305, 94310, and 94345 of, and to repeal and add Section 94350 of, the Education Code, relating to private postsecondary institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 94304 of the Education Code is amended to read:

94304. (a) There is in the State Department of Education a Council for Private Postsecondary Educational Institutions consisting of 15 members, selected as follows:

(1) The superintendent or his or her designee shall be a member, and the superintendent shall appoint four members. Two shall be members of the general public, one with a strong interest in developing private postsecondary education, and one representative of business that employs persons in positions requiring vocational or technical education. Two shall be administrative heads of institutions, one representing a nonaccredited, degree granting school operating pursuant to subdivision (b) or (c) of Section 94310 and one representing a nonaccredited, non-degree granting school operating pursuant to subdivision (d) of Section 94311.

(2) The Senate Rules Committee shall appoint five members. Two shall be members of the general public, one with a knowledge

of private vocational education, and one representative of a labor organization that represents persons with vocational or technical training. Three shall be administrative heads of institutions, one representing a nonaccredited, degree granting school operating pursuant to subdivision (b) or (c) of Section 94310, one representing an accredited non-degree granting school operating pursuant to subdivision (c) of Section 94311, and one representing a nonaccredited, non-degree granting school operating pursuant to subdivision (d) of Section 94311.

(3) The Speaker of the Assembly shall appoint five members. Three shall be members of the general public with an interest in developing private postsecondary vocational and technical education. Two shall be administrative heads of institutions, one representing an accredited, non-degree granting school operating pursuant to subdivision (c) of Section 94311, and one representing a nonaccredited, non-degree granting school operating pursuant to subdivision (d) of Section 94311.

(4) In addition, the following shall serve as ex officio members of the council:

(A) The Director of Consumer Affairs, or his or her designee.

(B) The Director of Employment Development, or his or her designee.

(C) The Director of the California Postsecondary Education Commission, or his or her designee.

Ex officio members have no vote.

It is the intent of the Legislature that the council shall provide leadership and direction in the continuing development of private postsecondary education as an integral and effective element in the structure of postsecondary education in California. The work of the council shall at all times be directed toward maintaining and continuing, to the maximum degree permissible, private control and autonomy in the administration of the private postsecondary schools and colleges in this state.

(5) Administrative heads of institutions appointed under paragraphs (2) and (3) may be selected from lists submitted by an association or associations of institutions governed under this chapter which has at least 30 members.

(6) Public members appointed under paragraphs (1), (2), and (3) shall not be retained or employed by any secondary or postsecondary educational institution or system when appointed or during their term of appointment.

(b) The first members shall be appointed on or before January 15, 1982, and the superintendent shall designate the date of the first meeting of the council.

The terms of office of the members of the council shall commence on January 15, 1982, and the members shall enter upon their terms of office by lot so that the terms of five members shall expire on January 15, 1983; the terms of five members shall expire on January 15, 1984; and the terms of five members shall expire on January 15,

1985.

The terms of the members of the council shall be four years. No appointee shall serve on the council for more than eight consecutive years.

Any member of the council who misses two consecutive regular meetings of the council without cause forfeits the office, thereby creating a vacancy.

At the first meeting of the council, and annually thereafter, the members shall select one of their number to serve as chairperson and one to serve as vice chairperson. The vice chairperson shall preside over all meetings of the council in the absence of the chairperson.

(c) Any vacancy on the council shall be filled in the same manner as provided for appointment of council members in subdivision (a). The appointee to fill a vacancy shall hold office only for the balance of the unexpired term.

(d) Appointed members of the council shall receive no compensation but shall receive their actual expenses for attendance at official council meetings, and when on official council business approved by the Superintendent of Public Instruction, not to exceed State Board of Control expense allowances.

(e) The council shall determine the time and place of council meetings which shall not be fewer than six times in each calendar year.

(f) The council shall:

(1) Advise the superintendent on the establishment of policy for the administration of this chapter.

(2) Establish a process, in cooperation with the superintendent, for the development and promulgation of rules and regulations. The process developed should not be inconsistent with the provisions of this chapter and allow for the input of consumers and institutions.

(3) Adopt procedures necessary or appropriate for the conduct of its work and the implementation of this chapter consistent with rules and regulations.

(4) Review minimum criteria utilized by the superintendent in conformity with subdivisions (b), (c), and (d) of Section 94310 and subdivision (d) of Section 94311 and Section 94312, including quality of education, ethical and business practices, health and safety, and fiscal responsibility, which applicants for approval to operate, or for an agent's permit, shall meet before the approval or permit may be issued, and to continue the approval or permit in effect. Criteria to be developed hereunder shall be such as will effectuate the purposes of this chapter but will not unreasonably hinder legitimate education innovation.

(5) In cooperation with the superintendent, prepare and submit an annual report to the California Postsecondary Education Commission to be used by the commission for the review and inclusion in the annual update of the five-year plan for postsecondary education.

(6) Review appeals and complaints from educational institutions,

agents, and consumers. Make recommendations to the superintendent regarding the disposition of these appeals and complaints.

(7) Represent private postsecondary educational institutions on the State Occupational Informational Coordinating Committee.

(8) Advise the superintendent regarding the appropriate action to be taken in the event that the visiting committee does not reach a unanimous recommendation on an institution's application for authorization pursuant to subdivisions (c) and (d) of Section 94310.

(g) All actions with the exception of those regarding the operating procedures of the council shall be adopted according to the affirmative vote of the majority of the council and shall be in writing.

SEC. 2. Section 94305 of the Education Code is amended to read:

94305. It is the intent of the Legislature that the superintendent meet regularly with the council, and that the superintendent work cooperatively with the council in providing leadership and direction in the continuing development of private postsecondary education.

The superintendent shall do all of the following:

(a) Establish policy for the administration of this chapter in cooperation with the council.

(b) Adopt regulations in cooperation with the council not inconsistent with this chapter governing the exercise of authority comprised by this article which shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Prepare annually a proposed budget for the support of activities of the State Department of Education pursuant to this article. The proposed budget shall be presented to the council for its review and recommendations.

(d) Consult with the council prior to instituting any action to deny, suspend, or withdraw approval or authorization of courses or schools pursuant to this article.

(e) Meet with the council at least twice per year. Take into consideration the advice of the council on all matters where the council is authorized to communicate advice to the director.

(f) Impanel special committees of technically qualified persons to assist the superintendent and the council in the development of standards for education and educational institutions and the evaluation of any application or institution pursuant to this chapter. The special committees shall make such inspections and studies as may be necessary to enable them to advise the council and the superintendent in regard to action to be taken in any particular situation. Members of these special committees shall not be connected in any way with a school which is the subject of inspection or investigation. The members of the special committees shall serve at no expense to the state. The actual travel expenses incurred by each member of a special committee shall be reimbursed by the institution which is the subject of inspection or investigation.

(g) Publish annually for public distribution a directory of all institutions approved or authorized to operate in this state under provisions of this chapter. The directory shall contain as a minimum, the names and addresses of these institutions, together with a notation of the statute section or sections under which the institution has been authorized or approved.

(h) Negotiate and enter into interstate reciprocity agreements with similar agencies in other states if, in the judgment of the superintendent, such agreements are, or will be, helpful in effectuating the purposes of this chapter. However, nothing contained in any such reciprocity agreement shall be construed as limiting the superintendent's powers, duties, and responsibilities with respect to investigating or acting upon any application for issuance or renewal of any agent's permit or with respect to the enforcement of any provision of this chapter or any rule or regulation promulgated under this chapter. The agreements shall not include institutions authorized to operate under subdivision (b) of Section 94311 nor be in conflict with agreements arranged by the state licensing boards authorized to negotiate the agreements through provisions of the Business and Professions Code.

(i) Receive, investigate, as he or she may deem necessary, and act upon applications for authorization or approval to operate educational institutions and applications for agent's permits.

(j) It is the intent of the Legislature that the superintendent develop, with the cooperation of the council, a program or procedure requiring institutions subject to the provisions of this section to provide evidence assuring the due and faithful performance of agreements or contracts with students and the refund of unearned tuition in the event the school ceases to exist or provide instruction.

(k) Request the Attorney General to bring actions pursuant to paragraph (2) of subdivision (a) of Section 94339 which the superintendent deems are necessary to enforce the provisions of this chapter.

SEC. 3. Section 94310 of the Education Code is amended to read:

94310. No institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of at least one of the subdivisions of this section.

(a) The institution, which at the time of the issuance of a degree, has accreditation of the institution, program, or specific course of study upon which the degree is based by a national accrediting agency recognized by the United States Department of Education, the Western Association of Schools and Colleges, or by the Committee of Bar Examiners for the State of California. The institution shall file with the superintendent an annual affidavit by the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this subdivision may issue diplomas and certificates as well as degrees.

(b) The institution has been approved by the superintendent to award or issue specific degrees. The superintendent shall not

approve an institution to issue degrees until it is determined, based upon information submitted to him or her, that the institution has the facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to afford students and require of students the completion of a program of education which will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree; and the curriculum is consistent in quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The criteria developed hereunder shall be such as will effectuate the purposes of this chapter, but will not unreasonably hinder legitimate educational innovation.

Upon the receipt of a complete application, the superintendent shall, within 90 days, impanel a special committee for the purpose of evaluating the applicant institution. Within 90 days of the receipt of the special committee's recommendations, the superintendent shall take one of the following actions:

(1) Grant a full approval for a period not to exceed three years.

(2) Grant a conditional approval for a period not to exceed one year plus the remainder of the year in which the application was made.

(3) Disapprove the application. If the application is disapproved or a conditional approval is granted, the institution shall be advised of the specific reasons for such action and the specific corrective measures needed to achieve full approval.

Those institutions approved to issue degrees pursuant to this subdivision may also be authorized by the superintendent to issue diplomas for the completion of courses of study, within their approved degree program, but which do not fully meet the degree requirements. The superintendent may approve an application to issue honorary degrees, provided the applicant institution has full approval to issue academic degrees.

(c) The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Postsecondary Educational Institutions and adopted by the superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

(1) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to paragraph (2). The process shall review all of the following:

(A) Institutional objectives.

(B) Administrative methods.

(C) Curriculum.

(D) Instruction.

(E) Faculty, including their qualifications.
(F) Physical facilities.
(G) Administrative personnel.
(H) Procedures for keeping educational records.
(I) Tuition, fee, and refund schedules.
(J) Admissions standards.
(K) Scholastic regulations and graduation requirements.
(L) Degrees offered.
(M) Financial stability, including that the capital assets of the institution are sufficient for the type, level, and number of degree programs offered and that the current assets of the institution are sufficient to serve the number of students then currently enrolled and to meet any tuition or fee refunds which may reasonably be expected under the institution's refund policy.

(2) Within 90 days of the date of receipt of a completed application, the superintendent shall impanel a visiting committee for the purpose of reviewing the applicant institution. The visiting committee shall be composed as follows:

(A) One member appointed by the director of the California Postsecondary Education Commission.

(B) One member appointed by the superintendent from a list of three names submitted by the Council for Private Postsecondary Educational Institutions.

(C) One member appointed by the superintendent from his or her staff, who shall serve as chairperson of the visiting committee.

(D) Additional members may be appointed by the superintendent if the superintendent determines that their technical expertise is necessary to review the applicant institution. These members shall be nonvoting members.

(3) The visiting committee's responsibilities shall include all of the following:

(A) To verify the accuracy of the information submitted by the applicant institution.

(B) To determine whether the applicant institution complies with the standards required by statute and regulation.

(C) To provide the applicant institution with a preliminary report of its findings, including its recommendation regarding the grant of the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

(D) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of authorization.

(4) If the visiting committee's recommendation regarding authorization is not unanimous, the superintendent shall refer the

final report to the council or to an appropriate appeals committee of the council for its advice pursuant to paragraph (8) of subdivision (f) of Section 94304.

(5) Within 90 days of the receipt of a unanimous visiting committee's report or the advice of the council, as appropriate, the superintendent shall take one of the following alternative actions:

(A) Grant the applicant institution full authorization for a period not to exceed five years. Authorization pursuant to this subparagraph shall continue to be valid upon payment of the annual renewal fee specified in Section 94331.

(B) Disapprove the application.

The superintendent shall advise the applicant institution of the specific reasons for action taken pursuant to subparagraph (B) and of the specific corrective measures needed to obtain authorization. If those corrective measures have been taken, authorization may then be granted for an initial period not to exceed one year, and for periods of five years upon each subsequent renewal, subject to the payment of the annual renewal fee specified in Section 94331.

(6) Not later than 90 days prior to the expiration of an authorization to operate, an institution shall file a completed application for reauthorization pursuant to subdivision (c) with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.

(7) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years. On a specified date prior to June 30, 1987, determined by the superintendent, each institution granted conditional authorization pursuant to this paragraph shall file a completed application for reauthorization pursuant to subdivision (c).

(8) Authorization received pursuant to this subdivision shall not be interpreted to endorse, and it is unlawful for, any institution to represent by any means that the State of California, Superintendent of Public Instruction, State Board of Education, or the State Department of Education has made any accreditation or endorsement of the course of study or degree.

(9) If at any time the superintendent determines that an authorized institution has significantly deviated from the standards for authorization, but not to an extent which would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to

award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

(d) The institution is structured by schools of theology, and awards degrees primarily in theology and other areas of religious study, and it has filed the following affidavits with the superintendent:

(1) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(2) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount of fifty thousand dollars ($50,000) which is used solely for the purpose of education as stated in paragraph (1), located within this state, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. These assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(3) An annual affidavit by the president or other head setting forth, as a minimum, the following information:

(A) All names, whether real or fictitious, of the person, institution, firm, association, partnership or corporation under which it has done or is doing business.

(B) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation, within this state.

(C) The address, including city and street, of the location of the records of the person, firm, association, partnership or corporation, and the name and address, including city and street, of the custodian of those records.

(D) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership, or corporation.

(E) That the records required by subdivision (k) of Section 94312 are maintained at the address stated, and are true and accurate.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days

of such change.

Within 90 days of the receipt of the affidavits described in paragraphs (1), (2), and (3), and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary Education Commission, and one representative selected by, but not affiliated with, the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take any steps necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this subdivision shall not be interpreted to mean, and it shall be unlawful for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, Superintendent of Public Instruction, the State Board of Education, or the Department of Education has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study or degree.

SEC. 3.5. Section 94310 of the Education Code is amended to read:

94310. No institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of at least one of the subdivisions of this section.

(a) The institution, which at the time of the issuance of a degree, has accreditation of the institution, program, or specific course of study upon which the degree is based by a national accrediting agency recognized by the United States Department of Education, the Western Association of Schools and Colleges, or by the Committee of Bar Examiners for the State of California. The institution shall file with the superintendent an annual affidavit by the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this subdivision may issue diplomas and certificates as well as degrees.

(b) The institution, which at the time of the issuance of a degree, has full institutional approval by the superintendent to award or issue specific professional, technological, or education degrees.

(1) The superintendent shall not approve an institution to issue degrees until he or she has conducted a qualitative review and assessment of, and has approved, each program offered by the institution, and the superintendent has determined, based upon information submitted to him or her, all of the following:

(A) The institution has facilities, financial resources, administrative capabilities, faculty, and other necessary educational

expertise and resources to afford students, and require of students, the completion of a program of education which will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree.

(B) The curriculum is consistent in quality with curricula offered by appropriate established accredited institutions which are recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California and issue the appropriate degree upon the satisfactory completion of specific qualitative academic programs.

(C) The course for which the degree is granted achieves its professed or claimed academic objective for higher education, with verifiable evidence of academic achievement comparable to that required of graduates of other recognized schools accredited by an appropriate accrediting commission recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California.

The criteria developed for conducting the review and assessment shall effectuate the purposes of this chapter, but shall not unreasonably hinder legitimate educational innovation.

(2) The superintendent shall conduct the qualitative review and assessment of the institution and all programs offered through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the superintendent for that purpose. The visiting committee, which shall be impaneled by the superintendent within 90 days of the date of receipt of a completed application, shall be composed of educators from both accredited and state approved institutions. Within 90 days of the receipt of the visiting committee's report and recommendations, the superintendent shall take one of the following actions:

(A) Grant full institutional approval for a period not to exceed three years.

(B) Grant candidate for institutional approval status for a period not to exceed two years plus the remainder of the calendar year in which the application was made. Candidate status may be renewed only one time, at the discretion of the superintendent.

(C) Disapprove the application.

If the application is disapproved, or candidate for institutional approval status is granted, the institution shall be advised of the specific reasons for the action and the specific corrective measures needed to achieve full institutional approval. An institution may not advertise itself as an approved or fully approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section.

(3) (A) The superintendent shall grant full institutional approval status for three years to all institutions operating pursuant to subdivision (b) of Section 94310 on June 30, 1984, as it read on that date and which have received full approval of all courses offered.

(B) The superintendent shall grant candidate for institutional

approval status for a period not to exceed two years to all institutions operating on June 30, 1984, pursuant to both subdivisions (b) and (c) of Section 94310 as it read on that date. The superintendent shall specify a date, prior to June 30, 1986, by which all institutions operating pursuant to this subparagraph shall file a completed application for either full institutional approval pursuant to this subdivision, or authorization to operate pursuant to subdivision (c).

(4) The superintendent may authorize any institution approved to issue degrees pursuant to this subdivision to issue diplomas for the completion of courses of study which do not fully meet the degree requirements, but are within the institution's approved degree program.

The superintendent may approve an application to issue honorary degrees if the applicant institution has received full institutional approval to issue academic degrees.

(c) The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Private Postsecondary Educational Institutions and adopted by the superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

(1) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to paragraph (2). The process shall review all of the following:

(A) Institutional objectives.

(B) Administrative methods.

(C) Curriculum.

(D) Instruction.

(E) Faculty, including their qualifications.

(F) Physical facilities.

(G) Administrative personnel.

(H) Procedures for keeping educational records.

(I) Tuition, fee, and refund schedules.

(J) Admissions standards.

(K) Scholastic regulations and graduation requirements.

(L) Degrees offered.

(M) Financial stability, including that the capital assets of the institution are sufficient for the type, level, and number of degree programs offered and that the current assets of the institution are sufficient to serve the number of students then currently enrolled and to meet any tuition or fee refunds which may reasonably be expected under the institution's refund policy.

(2) Within 90 days of the date of receipt of a completed application, the superintendent shall impanel a visiting committee for the purpose of reviewing the applicant institution. The visiting committee shall be composed as follows:

(A) One member appointed by the director of the California

Postsecondary Education Commission.

(B) One member appointed by the superintendent from a list of three names submitted by the Council for Private Postsecondary Educational Institutions.

(C) One member appointed by the superintendent from his or her staff, who shall serve as chairperson of the visiting committee.

(D) Additional members may be appointed by the superintendent if the superintendent determines that their technical expertise is necessary to review the applicant institution. These members shall be nonvoting members.

(3) The visiting committee's responsibilities shall include all of the following:

(A) To verify the accuracy of the information submitted by the applicant institution.

(B) To determine whether the applicant institution complies with the standards required by statute and regulation.

(C) To provide the applicant institution with a preliminary report of its findings, including its recommendation regarding the grant of the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

(D) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of that authorization.

(4) If the visiting committee's recommendation regarding authorization is not unanimous, the superintendent shall refer the final report to the council or to an appropriate appeals committee of the council for its advice pursuant to paragraph (8) of subdivision (f) of Section 94304.

(5) Within 90 days of the receipt of a unanimous visiting committee's report or the advice of the council, as appropriate, the superintendent shall take one of the following alternative actions:

(A) Grant the applicant institution full authorization for a period not to exceed five years. Authorization pursuant to this subparagraph shall continue to be valid upon payment of the annual renewal fee specified in Section 94331.

(B) Disapprove the application.

The superintendent shall advise the applicant institution of the specific reasons for action taken pursuant to subparagraph (B) and of the specific corrective measures needed to obtain authorization. If those corrective measures have been taken, authorization may then be granted for an initial period not to exceed one year, and for periods of five years upon each subsequent renewal, subject to the payment of the annual renewal fee specified in Section 94331.

(6) Not later than 90 days prior to the expiration of an

authorization to operate, an institution shall file a completed application for reauthorization pursuant to subdivision (c) with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.

(7) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years. On a specified date prior to June 30, 1987, determined by the superintendent, each institution granted conditional authorization pursuant to this paragraph shall file a completed application for reauthorization pursuant to subdivision (c).

(8) Authorization received pursuant to this subdivision shall not be interpreted to endorse, and it is unlawful for, any institution to represent by any means that the State of California, the Superintendent of Public Instruction, State Board of Education, or the State Department of Education has made any accreditation or endorsement of the course of study or degree.

(9) If at any time the superintendent determines that an authorized institution has significantly deviated from the standards for authorization, but not to an extent which would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

(d) The institution is structured by schools of theology, and awards degrees primarily in theology and other areas of religious study, and it has filed all of the following affidavits with the superintendent:

(1) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(2) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount of fifty thousand dollars ($50,000) which is used solely for the purpose

of education as stated in paragraph (1), located within this state, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. These assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(3) An annual affidavit by the president or other head setting forth, as a minimum, all of the following information:

(A) All names, whether real or fictitious, of the person, institution, firm, association, partnership, or corporation under which it has done or is doing business.

(B) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation, within this state.

(C) The address, including city and street, of the location of the records of the person, firm, association, partnership, or corporation, and the name and address, including city and street, of the custodian of those records.

(D) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership, or corporation.

(E) That the records required by subdivision (k) of Section 94312 are maintained at the address stated, and are true and accurate.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days of the change.

Within 90 days of the receipt of the affidavits described in paragraphs (1), (2), and (3), and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary Education Commission, and one representative selected by, but not affiliated with, the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take any steps necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this subdivision shall not be interpreted to mean, and it shall be unlawful

for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study or degree.

SEC. 4. Section 94345 of the Education Code is amended to read:

94345. Prior to September 1, 1989, the California Postsecondary Education Commission shall review and evaluate all of the following, and shall report to the Legislature on the results of this review and evaluation:

(a) The implementation of this chapter by the State Department of Education.

(b) The effectiveness of subdivisions (b), (c), and (d) of Section 94310 in protecting the integrity of degrees and diplomas issued by private postsecondary educational institutions.

SEC. 5. Section 94350 of the Education Code is repealed.

SEC. 6. Section 94350 is added to the Education Code, to read:

94350. This chapter shall become inoperative on June 30, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6.5. Section 3.5 of this bill incorporates amendments to Section 94310 of the Education Code proposed by both this bill and SB 1923. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, but this bill becomes operative first, (2) each bill amends Section 94310 of the Education Code, and (3) this bill is enacted after SB 1923, in which case Section 94310 of the Education Code, as amended by Section 3 of this bill, shall remain operative only until the operative date of SB 1923, at which time Section 3.5 of this bill shall become operative.

SEC. 7. This act is an urgency statute necessary for the immmediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the orderly evaluation and implementation of the provisions of law governing private postsecondary educational institutions, it is necessary that this act take effect immediately.

CHAPTER 1728

An act to amend Section 6563 of, and to add Section 6596 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 6563 of the Revenue and Taxation Code is amended to read:

6563. (a) The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 6485 or Section 6514 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted during one of the following applicable periods:

(1) In the case of any taxpayer whose reported gross receipts and total sales price of property sold or purchased by him or her is less than ten million dollars ($10,000,000) in each calendar quarter of the period or periods to which the determination applies, within three years after the first deficiency determination or within three years after the time tax records requested by the board were made available, whichever is later.

(2) In the case of any other taxpayer, within eight years after the first deficiency determination or within eight years after the time tax records requested by the board were made available, whichever is later.

(b) If the taxpayer and the board mutually agree, the time limits specified in subdivision (a) may be waived.

(c) The board shall specify the information on which it bases its increase.

SEC. 2. Section 6596 is added to the Revenue and Taxation Code, to read:

6596. (a) If the board finds that a person's failure to make a timely return or payment is due to the person's reasonable reliance on written advice from the board, the person may be relieved of the taxes imposed by Sections 6051 and 6201 and any penalty or interest added thereto.

(b) For the purpose of this section, a person's failure to make a timely return or payment shall be considered to be due to reasonable reliance on written advice from the board, only if the board finds that all of the following conditions are satisfied:

(1) The person requested in writing that the board advise him or her whether a particular activity or transaction is subject to tax under this part. The specific facts and circumstances of the activity or transaction shall be fully described in the request.

(2) The board responded in writing to the person regarding the written request for advice, stating whether or not the described activity or transaction is subject to tax, or stating the conditions under which the activity or transaction is subject to tax.

(3) In reasonable reliance on the board's written advice, the person did not charge or collect from his or her customers amounts designated as sales tax reimbursement or use tax for the described activity or transaction.

(4) The liability for taxes applied to a particular activity or transaction which occurred before either of the following:

(A) Before the board rescinded or modified the advice so given, by sending written notice to the person of the rescinded or modified advice.

(B) Before a change in statutory or constitutional law, a change in the board's regulations, or a final decision of a court, which renders the board's earlier written advice no longer valid.

(c) Any person seeking relief under this section shall file with the board:

(1) A copy of the person's written request to the board and a copy of the board's written advice.

(2) A statement under penalty of perjury setting forth the facts on which the claim for relief is based.

(3) Any other information which the board may require.

(d) Only the person making the written request shall be entitled to rely on the board's written advice to that person.

SEC. 3. (a) The Legislative Analyst shall investigate and report to the Legislature no later than January 1, 1986, on each of the following:

(1) If there are feasible cost-effective methods for the State Board of Equalization to obtain, file, and retrieve information regarding the types of specific transactions reported by taxpayers and the types of transactions covered by an audit by the board's staff. The information so obtained, filed, and retrieved would be for later use in administrative or court proceedings in determining, with respect to any taxpayer's activity or transaction, whether or not other taxpayers have paid sales or use tax on the same activity or transaction and whether or not the board has applied tax to other taxpayers engaged in the same activity or transaction.

(2) In what manner the information so obtained from other taxpayers should be disclosed, in order to protect to the greatest possible extent the confidentiality of the information.

(3) If it is feasible to provide by statute that a new product not previously marketed in California is not subject to tax unless the new product is specifically described in board regulations as subject to tax.

(b) Notwithstanding the provisions of Section 7056 of the Revenue and Taxation Code and Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code, the board shall make available to the Legislative Analyst any confidential taxpayer accounts and audits requested by the Legislative Analyst in order to complete the required investigation and report. The Legislative Analyst shall maintain the confidentiality of any taxpayer accounts and audits provided by the board.

SEC. 4. It is the intent of the Legislature that the State Board of Equalization shall explore and use every available means of regularly informing California businesses of the provisions of Section 6596 of the Revenue and Taxation Code.

SEC. 5. The State Board of Equalization shall request each city

which licenses businesses within its jurisdiction to add a notice to its business license applications. The requested notice shall state in substance that sales or use taxes may apply to the applicant's business activities, and that the applicant may seek written advice from the State Board of Equalization regarding the application of sales or use taxes to his or her business activities.

The board shall also make reasonable efforts to work with counties and other state agencies to disseminate information about taxpayer's obligations under the Sales and Use Tax Law.

CHAPTER 1729

An act to amend Sections 4677 and 4784 of, and to repeal Section 4785 of, the Welfare and Institutions Code, relating to developmental disabilities.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 4677 of the Welfare and Institutions Code is amended to read:

4677. (a) All parental fees collected by or for regional centers shall be remitted to the State Treasury to be deposited in the Developmental Disabilities Program Development Fund, which is hereby created and hereinafter called the Program Development Fund. The purpose of the Program Development Fund shall be to provide resources needed to initiate new programs, consistent with approved priorities for program development in the state plan.

In no event shall an allocation from the Program Development Fund be granted for more than 24 months.

On or before October 1, 1982, the State Council on Developmental Disabilities shall request from all regional centers information on priority services needed but currently unavailable. Based on the information provided by the regional centers and other local agencies, the State Council on Developmental Disabilities shall annually develop an assessment of the level of need for new community programs. This needs assessment shall be included in the state plan. The State Council on Developmental Disabilities, in consultation with the State Department of Developmental Services, shall make a recommendation to the Department of Finance as to the level of funding for program development to be included in the Governor's Budget, based upon this needs assessment.

(b) Parental fee schedules shall be evaluated pursuant to Section 4784 and adjusted annually by the department, with the approval of the state council. Fees for out-of-home care shall bear an equitable relationship to the cost of the care and the ability of the family to pay.

(c) In addition to parental fees and General Fund appropriations, the Program Development Fund may be augmented by federal funds available to the state for program development purposes, when these funds are allotted to the Program Development Fund in the state plan. The Program Development Fund is hereby appropriated to the department, and subject to any allocations which may be made in the annual Budget Act. In no event shall any of these funds revert to the General Fund.

(d) The Legislative Analyst shall review and comment on the utilization and effectiveness of the Program Development Fund in connection with the annual budget hearings.

The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the priorities for program development in the state plan. Allocations from the Program Development Fund shall take into consideration the following factors:

(1) The future fiscal impact of the allocations on other state supported programs for developmentally disabled persons.

(2) The information on priority services needed, but currently unavailable, submitted by the regional centers.

Consistent with the level of need as determined in the state plan, excess parental fees may be used for purposes other than new program development only when specifically appropriated to the State Department of Developmental Services for those purposes.

For the 1982–83 fiscal year only, parental fees in excess of those appropriated in the Budget Act of 1982 are hereby appropriated to the State Department of Developmental Services for purchasing services by regional centers.

(e) Under no circumstances shall the deposit of federal moneys into the Program Development Fund be construed as requiring the State Department of Developmental Services to comply with a definition of "developmental disabilities" and "services for persons with developmental disabilities" other than as specified in subdivisions (a) and (b) of Section 4512 for the purposes of determining eligibility for developmental services or for allocating parental fees and state general funds deposited in the Program Development Fund.

SEC. 3. Section 4784 of the Welfare and Institutions Code is amended to read:

4784. (a) The Director of Developmental Services shall establish, annually review, and adjust as needed, a schedule for parental fees for services received through the regional centers. This schedule shall be revised to reflect changes in economic conditions that affect parents' ability to pay the fee.

(b) The parental fee schedule established pursuant to this section shall be exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) In establishing the amount parents shall pay, the director shall take into account all of the following factors:

(1) Medical expenses incurred prior to regional center care.

(2) Whether the child is living at home.

(3) Parental payments for medical expenses, clothing, incidentals, and other items considered necessary to the normal rearing of a child.

(4) Transportation expenses incurred in visiting a child.

(d) All parental payments shall be deposited in the Program Development Fund established in Chapter 6 (commencing with Section 4670) to provide resources needed to initiate new programs, consistent with approved priorities for program development in the state plan.

SEC. 4. Section 4785 of the Welfare and Institutions Code is repealed.

CHAPTER 1730

An act to amend Sections 2924c, 2924d, 2924f, 2924g, and 2934a of the Civil Code, and to amend Section 580c of the Code of Civil Procedure, relating to property.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property hereafter executed has, prior to the maturity date fixed in such obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of such obligation or of such deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of such obligation or of such deed of trust or mortgage, the trustor or mortgagor or his successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within three months of the recording of the notice of default under such deed of trust or mortgage, if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount then due under the terms of such deed of trust or mortgage and the obligation secured thereby

(including reasonable costs and expenses, subject to the provisions of subdivision (c) of this section, which are actually incurred in enforcing the terms of such obligation, deed of trust or mortgage, and trustee's or attorney's fees, subject to the provisions of subdivision (d) of this section), other than such portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if no such acceleration had occurred. The provisions of this section shall not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the provisions of the Public Utilities Code.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, that person may request the beneficiary or the mortgagee or their successors in interest to cause to be executed and recorded a notice of rescission which rescinds the declaration of default and demand for sale and upon receipt of a written request the beneficiary or mortgagee or their successors in interest shall cause to be executed and recorded a notice of rescission. The request to execute and record a notice of rescission shall be directed to the person whose name and address is set forth in the notice required by subdivision (b). The beneficiary, or the mortgagee or their successors in interest, shall cause the notice of rescission to be recorded within 30 days of the receipt of the written request.

No charge, except for the recording fee, shall be made for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within three months from the date this notice of default was recorded.

This amount is _____ as of _____ ,
(Date)

and will increase until your account becomes current. You may not

have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay the amount stated above.

After three months from the date of recordation of this document (which date of recordation appears hereon), unless the obligation being foreclosed upon permits a longer period, you have only the legal right to stop the foreclosure by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

_____

(Name of beneficiary or mortgagee)

_____

(Mailing address)

_____

(Telephone)

If you have any questions, you should contact a lawyer or the government agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to the provisions of Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of such contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or such assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (3) of Section 2924b shall

be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Sections 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed one hundred fifty dollars ($150) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amounts authorized herein.

SEC. 1.5. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property hereafter executed has, prior to the maturity date fixed in such obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of such obligation or of such deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of such obligation or of such deed of trust or mortgage, the trustor or mortgagor or his successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within three months of the recording of the notice of default under such deed of trust or mortgage, if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest,

respectively, the entire amount then due under the terms of such deed of trust or mortgage and the obligation secured thereby (including reasonable costs and expenses, subject to the provisions of subdivision (c) of this section, which are actually incurred in enforcing the terms of such obligation, deed of trust or mortgage, and trustee's or attorney's fees, subject to the provisions of subdivision (d) of this section), other than such portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if no such acceleration had occurred. The provisions of this section shall not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the provisions of the Public Utilities Code.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, that person may request the beneficiary or the mortgagee or their successors in interest to cause to be executed and recorded a notice of rescission which rescinds the declaration of default and demand for sale and upon receipt of a written request the beneficiary or mortgagee or their successors in interest shall cause to be executed and recorded a notice of rescission. The request to execute and record a notice of rescission shall be directed to the person whose name and address is set forth in the notice required by subdivision (b). The beneficiary, or the mortgagee or their successors in interest, shall cause the notice of rescission to be recorded within 30 days of the receipt of the written request.

No charge, except for the recording fee, shall be made for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within three months from the date this notice of default was recorded.

This amount is _____ as of _____ ,
(Date)

and will increase until your account becomes current. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay the amount stated above. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

After three months from the date of recordation of this document (which date of recordation appears hereon), unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

_____
(Name of beneficiary or mortgagee)

_____
(Mailing address)

_____
(Telephone)

If you have any questions, you should contact a lawyer or the government agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to the provisions of Title 2 (commencing with Section 1801), the seller shall specify on

the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of such contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or such assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (3) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Section 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed one hundred fifty dollars ($150) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amounts authorized herein.

SEC. 2. Section 2924d of the Civil Code is amended to read:

2924d. (a) Commencing with the date that the notice of sale is deposited in the mail, as provided in Section 2924b, and until the property is sold pursuant to the power of sale contained in the mortgage or deed of trust, a beneficiary, trustee, mortgagee, or his or her agent or successor in interest, may demand and receive from a trustor, mortgagor, or his or her agent or successor in interest, or any beneficiary under a subordinate deed of trust, or any other person having a subordinate lien or encumbrance of record those reasonable costs and expenses, to the extent allowed by subdivision

(c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus 1 percent of any portion of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-half of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amounts authorized herein. Any charge for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (d) of Section 2924c.

(b) Upon the sale of property pursuant to a power of sale, a trustee, or his or her agent or successor in interest, may demand and receive from a beneficiary, or his or her agent or successor in interest, or may deduct from the proceeds of the sale, those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) or one and one-third percent of the unpaid principal sum secured, whichever is greater. Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amount authorized herein. Any charges for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (a) of this section and subdivision (d) of Section 2924c.

(c) (1) No person shall pay or offer to pay or collect any rebate or kickback for the referral of business involving the performance of any act required by this article.

(2) Any person who violates this subdivision shall be liable to the trustor for three times the amount of any rebate or kickback, plus reasonable attorney's fees and costs, in addition to any other remedies provided by law.

(3) No violation of this subdivision shall affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value without notice.

(d) It shall not be unlawful for a trustee to pay or offer to pay a fee to an agent or subagent of the trustee for work performed by the agent or subagent in discharging the trustee's obligations under the terms of the mortgage or deed of trust.

(e) When a court issues a decree of foreclosure, it shall have discretion to award attorney's fees, costs, and expenses as are reasonable, if provided for in the note, deed of trust, or mortgage, pursuant to Section 580c of the Code of Civil Procedure.

SEC. 3. Section 2924f of the Civil Code is amended to read:

2924f. (a) As used in this section and Sections 2924g and 2924h "property" means real property or a leasehold estate therein.

(b) Except as provided in subdivision (c), before any sale of property can be made under the power of sale contained in any deed of trust or mortgage notice of the sale thereof must be given by posting a written notice of the time of sale and of the street address and the specific place at such street address where the sale will be held, and describing the property to be sold, at least 20 days before the date of sale in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold, and publishing a copy thereof once a week for the same period, in some newspaper of general circulation published in the city in which the property or some part thereof is situated, if any part thereof is situated in a city, if not, then in some newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in some newspaper of general circulation published in the county in which the property or some part thereof is situated. A copy of such notice of sale shall also be posted in some conspicuous place on the property to be sold at least 20 days before date of sale, provided that where possible and where not restricted for any reason. If the property is a single-family residence the posting shall be on a door of the residence, but if not possible or restricted then the notice shall be posted in a conspicuous place on the property; however, if access is denied because a common entrance to the property is restricted by a guard gate or similar impediment, the property may be posted at that guard gate or similar impediment to any development community. Additionally, the notice of sale shall be recorded with the county recorder of the county in which the property or some part thereof is situated at least 14 days prior to the date of sale. The notice of sale shall contain the name, street address, and telephone number of the trustee or other person conducting the sale and shall contain the statement required by paragraph (3) of subdivision (c). In addition to any other description of the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but if the property has no street address or other common designation, the notice shall contain the name and address of the beneficiary at whose request the sale is to be conducted and a statement that directions may be obtained pursuant to a written request submitted to the beneficiary within 10 days from the first publication of such notice. Directions shall be deemed reasonably sufficient to locate the property if information as to the

location of the property is given by reference to the direction and approximate distance from the nearest crossroads, frontage road, or access road. If a legal description of the property is given, the validity of the notice and the validity of the sale shall not be affected by the fact that the street address, other common designation, name and address of the beneficiary, or the directions obtained therefrom are erroneous or that the street address, other common designation, name and address of the beneficiary or directions obtained therefrom are omitted. The term newspaper of general circulation as used herein is as defined in Article 1 (commencing with Section 6000) of Chapter 1 of Division 7 of Title 1 of the Government Code.

The notice of sale shall contain a statement of the total amount of the unpaid balance of the obligation secured by the property to be sold and reasonably estimated costs, expenses, and advances at the time of the initial publication of the notice of sale; provided, that the trustee shall incur no liability for any good faith error in stating the proper amount. An inaccurate statement of such amount shall not affect the validity of any sale to a bona fide purchaser for value, nor shall the failure to post the notice of sale on a door as provided by this subdivision affect the validity of any sale to a bona fide purchaser for value.

(c) (1) The provisions of this subdivision shall only apply to deeds of trust or mortgages which contain a power of sale and which are secured by real property containing a single-family, owner-occupied residence wherein the obligation secured by the deed of trust or mortgage is contained in a contract for goods or services subject to the provisions of the Unruh Act (Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3).

(2) Except as otherwise expressly set forth in this subdivision, all other provisions of law relating to the exercise of a power of sale shall govern the exercise of such a power contained in a deed of trust or mortgage described in paragraph (1) of this subdivision.

(3) If any default of the obligation secured by a deed of trust or mortgage described in paragraph (1) of this subdivision has not been cured within 30 days after the recordation of the notice of default, the trustee or mortgagee shall mail to the trustor or mortgagor, at his or her last known address, a copy of the following statement:

YOU ARE IN DEFAULT UNDER A

_____ ,

(Deed of trust or mortgage)

DATED _____. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

(4) All sales of real property pursuant to a power of sale contained in any deed of trust or mortgage described in paragraph (1) of this subdivision shall be held in the county where the residence is located

and shall be made to the person making the highest offer. The trustee may receive offers during the 10-day period immediately prior to the date of sale and if any such offer is accepted in writing by both the trustor or mortgagor and the beneficiary or mortgagee prior to the time set for sale, the sale shall be postponed to a date certain and, prior to which the property may be conveyed by the trustor to the person making such offer according to its terms. Any such offer is revocable until accepted. The performance of such offer following acceptance, according to its terms by a conveyance of the property to the offeror shall operate to terminate any further proceeding under the notice of sale and it shall be deemed revoked.

(5) In addition to the trustee fee pursuant to Section 2924c, the trustee or mortgagee pursuant to a deed of trust or mortgage subject to this subdivision shall be entitled to charge an additional fee of fifty dollars ($50).

(6) This subdivision shall apply only to property on which notices of default were filed on or after the effective date of this subdivision.

SEC. 4. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where such property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of such sale or pursuant to paragraph (1) of subdivision (c) herein.

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale; (2) the first sale shall commence at the time published in the notice of sale or immediately after the announcement of any postponement; and (3) each subsequent sale shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise; or when a portion of such property is claimed by a third person, and he requires it to be sold separately, such portion may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when such property consists of such several known lots or parcels which may be sold to advantage separately, and the trustee shall follow such direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion

thereof is located.

(c) (1) There may be a postponement of the sale proceedings at any time prior to the completion of the sale thereof at the discretion of the trustee, upon instruction by the beneficiary to the trustee that the sale proceedings be postponed, or upon the written request of the trustor, provided the reason for the request is to permit the trustor to obtain cash sufficient to satisfy the obligation or bid at the sale and the written request identifies the source from which the funds are being obtained. The trustor shall be entitled to make one such request for postponement and any postponement made at the request of the trustor shall be for a period not to exceed one business day.

There may be a maximum of three postponements of the sale proceedings pursuant to this subdivision. In the event that the sale proceedings are postponed three times, the scheduling of any further sale proceedings shall be preceded by the giving of a new notice of sale in the manner prescribed by Section 2924f. A postponement made upon the request of the trustor shall not be deemed a postponement for purposes of this paragraph.

(2) The trustee shall postpone the sale upon the order of any court of competent jurisdiction; or by operation of law; or by the mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee. Any postponement pursuant to this paragraph shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. Such public declaration of the postponement shall also set forth the new date, time, and place of sale, which place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. The trustee shall maintain records of each postponement and the reason therefor.

SEC. 5. Section 2934a of the Civil Code is amended to read:

2934a. (a) (1) The trustee under a trust deed upon real property given to secure an obligation to pay money and conferring no other duties upon the trustee than those which are incidental to the exercise of the power of sale therein conferred, may be substituted by the recording in the county in which the property is located of a substitution executed and acknowledged by all of the beneficiaries under the trust deed, or their successors in interest, and the substitution shall be effective notwithstanding any contrary provision in any trust deed executed on or after January 1, 1968.

(2) The substitution shall contain the date of recordation of the trust deed, the name of the trustor, the book and page where the trust deed is recorded and the name of the new trustee. From the time the substitution is filed for record, the new trustee shall succeed to all the powers, duties, authority, and title granted and delegated

to the trustee named in the deed of trust. A substitution may be accomplished with respect to multiple deeds of trust which are recorded in the same county in which the substitution is being recorded and which all have the same trustee and beneficiary or beneficiaries by recording a single document, complying with the requirements of this section, substituting trustees for all such deeds of trust.

(3) As an alternative, a substitution may be accomplished with respect to multiple deeds of trust which are recorded in the same county in which the substitution is being recorded and which all have the same trustee and beneficiary, or beneficiaries, by recording a single document without the necessity of (1) setting forth the names of all trustors and (2) the recording of the dates for all the deeds of trust for which a substitution of trustee is being made. However, no notice of default shall be valid unless a substitution complying with paragraph (2) has first been recorded.

(b) If the substitution is effected after a notice of default has been recorded but prior to the giving of the notice of sale, the beneficiary or beneficiaries shall cause a copy of the substitution to be mailed, prior to the recording thereof, in the manner provided in Section 2924b, to all persons to whom a copy of the notice of default would be required to be mailed by the provisions of Section 2924b, and shall also give a copy of the substitution to the trustee then of record. In those cases, the substitution shall contain an acknowledgment signed and acknowledged by the trustee then of record of a receipt of a copy, or an affidavit of personal service of a copy, or of publication of notice of it in accordance with Section 6061 of the Government Code (showing also that a copy of the substitution had been mailed to the trustee at the trustee's last known address), and an affidavit shall be attached to the substitution that notice has been given to those persons and in the manner required by this subdivision.

(c) Notwithstanding any provision of this section or any provision in any deed of trust, unless a new notice of sale containing the name, street address, and telephone number of the substituted trustee is given pursuant to Section 2924f, any sale conducted by the substituted trustee shall be void.

SEC. 6. Section 580c of the Code of Civil Procedure is amended to read:

580c. In all cases where existing deeds of trust or mortgages are judicially foreclosed, unless a different amount is set up in the mortgage or deed of trust, and in all cases of mortgages and deeds of trust executed after this act takes effect, the mortgagor or trustor may be required to pay only such amount as trustee's or attorney's fees for processing the judicial foreclosure as the court may find reasonable and also the actual cost of publishing, recording, mailing and posting notices, litigation guarantee, and litigation cost of suit.

SEC. 7. With respect to the changes to the notice of default in paragraph (1) of subdivision (b) of Section 2924c of the Civil Code made by this act, the changes shall apply only to notices of default

issued on and after July 1, 1985.

SEC. 8. The amendments to Section 2924c of the Civil Code incorporated in this act in Section 1.5 and proposed by AB 3089 are intended to notify debtors and creditors of their ability to enter into workout agreements under previously recorded notices of default. In that regard, this act shall not be construed as enlarging or diminishing the ability of debtors and creditors under existing principles of law or equity to enter into workout agreements concerning terms and conditions other than those described in the notice provision of Section 1 of AB 3089. This section shall become operative only if AB 3089 and this bill are enacted and become effective on or before January 1, 1985, each bill amends Section 2924c of the Civil Code, and this bill is enacted after AB 3089 in which case this section shall become operative on July 1, 1985.

SEC. 9. Section 1.5 of this bill incorporates amendments to Section 2924c of the Civil Code proposed by both this bill and AB 3089. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, but this bill becomes operative first, (2) each bill amends Section 2924c of the Civil Code, and (3) this bill is enacted after AB 3089, in which case Section 2924c of the Civil Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 3089, at which time Section 1.5 of this bill shall become operative.

CHAPTER 1731

An act to add Section 27491.43 to the Government Code, and to add Section 10111.5 to the Insurance Code, relating to autopsies.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 27491.43 is added to the Government Code, to read:

27491.43. (a) (1) Notwithstanding any other provision of law, except as otherwise provided in this section in any case in which the coroner, before beginning an autopsy, dissection, or removal of corneal tissue, pituitary glands, or any other organ, tissue, or fluid, has received a certificate of religious belief, executed by the decedent as provided in subdivision (b), that the procedure would be contrary to his or her religious belief, the coroner shall not perform that procedure on the body of the decedent.

(2) If, before beginning the procedure, the coroner is informed by a relative or a friend of the decedent that the decedent had executed a certificate of religious belief, the coroner shall not perform the procedure, except as otherwise provided in this section, for 48 hours.

If the certificate is produced within 48 hours, the case shall be governed by this section. If the certificate is not produced within that time, the case shall be governed by the other provisions of this article.

(b) Any person, 18 years of age or older, may execute a certificate of religious belief which shall state in clear and unambiguous language that any postmortem anatomical dissection or that specified procedures would violate the religious convictions of the person. The certificate shall be signed and dated by the person in the presence of at least two witnesses. Each witness shall also sign the certificate and shall print on the certificate his or her name and residence address.

(c) Notwithstanding the existence of a certificate, the coroner may at any time perform an autopsy or any other procedure if he or she has a reasonable suspicion that the death was caused by the criminal act of another or by a contagious disease constituting a public health hazard.

(d) (1) If a certificate is produced, and if subdivision (c) does not apply, the coroner may petition the superior court, without fee, for an order authorizing an autopsy or other procedure or for an order setting aside the certificate as invalid. Notice of the proceeding shall be given to the person who produced the certificate. The proceeding shall have preference over all other cases.

(2) The court shall set aside the certificate if it finds that the certificate was not properly executed or that it does not clearly state the decedent's religious objection to the proposed procedure.

(3) The court may order an autopsy or other procedure despite a valid certificate if it finds that the cause of death is not evident, and that the interest of the public in determining the cause of death outweighs its interest in permitting the decedent and like persons fully to exercise their religious convictions.

(4) Any procedure performed pursuant to paragraph (3) shall be the least intrusive procedure consistent with the order of the court.

(5) If the petition is denied, and no stay is granted, the body of the deceased shall immediately be released to the person authorized to control its disposition.

(e) In any case in which the circumstances, manner, or cause of death is not determined because of the provisions of this section, the coroner may state on the certificate of death that an autopsy was not conducted because of the provisions of this section.

(f) A coroner shall not be liable for damages in a civil action for any act or omission taken in compliance with the provisions of this section.

SEC. 2. Section 10111.5 is added to the Insurance Code, to read:

10111.5. An insurer shall not be liable for payments claimed under an individual or group policy of life insurance if the duty to make those payments depends upon a factual determination of whether the death of the insured was an accident or a suicide and that fact cannot be established without an autopsy and the autopsy

is prohibited under Section 27491.43 of the Government Code. Insurers refusing or delaying payments in those circumstances in good faith shall not be liable for exemplary or punitive damages.

CHAPTER 1732

An act to amend Section 25159.5 of, and to add Section 25189.2 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 25159.5 of the Health and Safety Code is amended to read:

25159.5. (a) In adopting or revising standards and regulations pursuant to this chapter, the department shall, insofar as practicable, make the standards and regulations conform with corresponding regulations adopted by the United States Environmental Protection Agency pursuant to Public Law 94-580, as amended (the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901 et seq.). Nothing in this section shall preclude the department from adopting standards and regulations which are more stringent or more extensive than federal regulations.

(b) Until the time when all standards and regulations which are determined necessary by the United States Environmental Protection Agency for final authorization of the state program under Public Law 94-580 have been adopted by the department and filed by the Secretary of State as effective, all regulations adopted pursuant to Public Law 94-580, as amended, are in effect in this state, except that existing state laws or regulations which are more stringent than the corresponding federal regulations are also in effect in this state.

SEC. 2. Section 25189.2 is added to the Health and Safety Code, to read:

25189.2. (a) Any person who makes any false statement or representation in any application, label, manifest, record, report, permit, or other document, filed, maintained, or used for purposes of compliance with this chapter, is liable for a civil penalty not to exceed ten thousand dollars ($10,000) for each separate violation or, for continuing violations, for each day that the violation continues.

(b) Except as provided in subdivision (c) or (d), any person who violates any provision of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is liable for a civil penalty not to exceed ten thousand dollars ($10,000) for each violation of a separate provision or, for continuing violations, each day that the violation continues.

(c) Any person who disposes, or causes the disposal of, any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter is liable for a civil penalty of not more than ten thousand dollars ($10,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court may direct. Each day on which the deposit remains is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the director or a court of competent jurisdiction for the cleanup.

(d) No person may be liable for a civil penalty imposed under this section and for a civil penalty imposed under Section 25189 for the same act or failure to act.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1733

An act to add Sections 5110.710, 5110.720, 5110.730, and 5110.740 to the Civil Code, relating to marital property.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 5110.710 is added to the Civil Code, to read:

5110.710. Subject to Sections 5110.720 to 5110.740, inclusive, married persons may by agreement or transfer, with or without consideration, do any of the following:

(a) Transmute community property to separate property of either spouse.

(b) Transmute separate property of either spouse to community property.

(c) Transmute separate property of one spouse to separate property of the other spouse.

SEC. 2. Section 5110.720 is added to the Civil Code, to read:

5110.720. A transmutation is subject to the laws governing fraudulent transfers.

SEC. 3. Section 5110.730 is added to the Civil Code, to read:

5110.730. (a) A transmutation of real or personal property is not valid unless made in writing by an express declaration that is made, joined in, consented to, or accepted by the spouse whose interest in the property is adversely affected.

(b) A transmutation of real property is not effective as to third parties without notice thereof unless recorded.

(c) This section does not apply to a gift between the spouses of clothing, wearing apparel, jewelry, or other tangible articles of a personal nature that is used solely or principally by the spouse to whom the gift is made and that is not substantial in value taking into account the circumstances of the marriage.

(d) Nothing in this section affects the law governing characterization of property in which separate property and community property are commingled or otherwise combined.

(e) This section does not apply to or affect a transmutation of property made before January 1, 1985, and the law that would otherwise be applicable to such a transmutation shall continue to apply.

SEC. 4. Section 5110.740 is added to the Civil Code, to read:

5110.740. A statement in a will of the character of property is not admissible as evidence of a transmutation of the property in any proceeding commenced before the death of the person who made the will.

CHAPTER 1734

An act to amend Section 3702.5 of the Labor Code, relating to workers' compensation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 3702.5 of the Labor Code is amended to read:

3702.5. (a) The cost of administration of the public self-insured program by the Director of Industrial Relations shall be a General Fund item. The cost of administration of the private self-insured program by the Director of Industrial Relations shall be borne by the private self-insurers through payment of certificate fees which shall be established by the director in broad ranges based on the comparative numbers of employees insured by the private self-insurers and the number of adjusting locations. The director may

assess other fees as necessary to cover the costs of special audits or services rendered to private self-insured employers. The director may assess a penalty for late filing which shall not exceed 10 percent per month, or fraction thereof, of the amount of the fee due.

(b) All revenues from fees and penalties paid by private self-insured employers shall be deposited into the Self-Insurance Plans Fund, which is hereby created for the administration of the private self-insurance program. Any unencumbered balance in subdivision (a) of Item 8350-001-001 of the Budget Act of 1983 shall be transferred to the Self-Insurance Plans Fund. The director shall annually eliminate any unused surplus in the Self-Insurance Plans Fund by reducing certificate fee assessments by an appropriate amount in the subsequent year. Moneys paid into the Self-Insurance Plans Fund for administration of the private self-insured program shall not be used by any other department or agency or for any purpose other than administration of the private self-insurance program.

SEC. 2. The sum of one million one hundred twenty-eight thousand dollars ($1,128,000) is hereby appropriated from the Self-Insurance Plans Fund to the Department of Industrial Relations for suppport of the private self-insurance program in the 1984–85 fiscal year.

SEC. 3. This act shall become operative on July 1, 1984.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent assessments collected from private self-insured employers in the current fiscal year from reverting to the General Fund and being used for purposes other than the private self-insured program, it is necessary for this act to take effect immediately.

CHAPTER 1735

An act to amend Sections 1797.105, 1798.160, 1798.161, 1798.162, 1798.163, 1798.164, and 1798.165 of, to add Sections 1797.257 and 1797.258 to, and to repeal Section 1797.251 of, the Health and Safety Code, relating to medical services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1797.105 of the Health and Safety Code is amended to read:

1797.105. (a) The authority shall receive plans for the

implementation of emergency medical services and trauma care systems from local EMS agencies.

(b) After the applicable guidelines or regulations are established by the authority, a local EMS agency may implement a local plan developed pursuant to Section 1797.250, 1797.254, 1797.257, or 1797.258 unless the authority determines that the plan does not effectively meet the needs of the persons served and is not consistent with coordinating activities in the geographical area served, or that the plan is not concordant and consistent with applicable guidelines or regulations, or both the guidelines and regulations, established by the authority.

(c) A local EMS agency may appeal a determination of the authority pursuant to subdivision (b) to the commission.

(d) In an appeal pursuant to subdivision (c), the commission may sustain the determination of the authority or overrule and permit local implementation of a plan, and the decision of the commission is final.

SEC. 2. Section 1797.251 of the Health and Safety Code is repealed.

SEC. 3. Section 1797.257 is added to the Health and Safety Code, to read:

1797.257. A local EMS agency which elects to implement a trauma care system on or after the effective date of the regulations adopted pursuant to Section 1798.161 shall develop and submit a plan for that trauma care system to the authority according to the requirements of the regulations prior to the implementation of that system.

SEC. 4. Section 1797.258 is added to the Health and Safety Code, to read:

1797.258. After the submission of an initial trauma care system plan, a local EMS agency which has implemented a trauma care system shall annually submit to the authority an updated plan which identifies all changes, if any, to be made in the trauma care system.

SEC. 5. Section 1798.160 of the Health and Safety Code is amended to read:

1798.160. Except where the context otherwise requires, the following definitions govern the construction of this article:

(a) "Trauma case" means any injured person who has been evaluated by prehospital personnel according to policies and procedures established by the local EMS agency pursuant to Section 1798.163 and who has been found to require transportation to a trauma facility.

(b) "Trauma facility" means a health facility, as defined by regulation, which is capable of treating one or more types of potentially seriously injured persons and which has been designated as part of the regional trauma care system by the local EMS agency. A facility may be a trauma facility for one or more services, as designated by the local EMS agency.

(c) "Trauma care system" means an arrangement under which

trauma cases are transported to, and treated by, the appropriate trauma facility.

SEC. 6. Section 1798.161 of the Health and Safety Code is amended to read:

1798.161. (a) The authority shall submit draft regulations specifying minimum standards for the implementation of trauma care systems to the commission on or before July 1, 1984, and shall adopt the regulations on or before July 1, 1985. These regulations shall provide specific requirements for the care of trauma cases and shall ensure that the trauma care system is fully coordinated with all elements of the existing emergency medical services system. The regulations shall be adopted as provided in Section 1799.50, and shall include, but not be limited to, all of the following:

(1) Prehospital care management guidelines for triage and transportation of trauma cases.

(2) Flow patterns of trauma cases and geographic boundaries regarding trauma and nontrauma cases.

(3) The number and type of trauma cases necessary to assure that trauma facilities will provide quality care to trauma cases referred to them.

(4) The resources and equipment needed by trauma facilities to treat trauma cases.

(5) The availability and qualifications of the health care personnel, including physicians and surgeons, treating trauma cases within a trauma facility.

(6) Data collection regarding system operation and patient outcome.

(7) Periodic performance evaluation of the trauma system and its components.

(b) The authority may grant an exception to a portion of the regulations adopted pursuant to subdivision (a) upon substantiation of need by a local EMS agency that, as defined in the regulations, compliance with that requirement would not be in the best interests of the persons served within the affected local EMS area.

SEC. 7. Section 1798.162 of the Health and Safety Code is amended to read:

1798.162. (a) A local emergency medical services agency may implement a trauma care system only if the system meets the minimum standards set forth in the regulations for implementation established by the authority and the plan required by Section 1797.257 has been submitted to, and approved by, the authority. Prior to submitting the plan for the trauma care system to the authority, a local emergency medical services agency shall hold a public hearing and shall give adequate notice of the public hearing to all hospitals and other interested parties in the area proposed to be included in the system. This subdivision does not preclude a local EMS agency from adopting trauma care system standards which are more stringent than those established by the regulations.

(b) Notwithstanding subdivision (a) or any other provision of this

article, the Santa Clara County Emergency Medical Services Agency may implement a trauma care system prior to the adoption of regulations by the authority pursuant to Section 1798.161. If the Santa Clara County Emergency Medical Services Agency implements a trauma care system pursuant to this subdivision prior to the adoption of those regulations by the authority, the agency shall prepare and submit to the authority a trauma care system plan which conforms to any regulations subsequently adopted by the authority.

SEC. 8. Section 1798.163 of the Health and Safety Code is amended to read:

1798.163. A local emergency medical services agency implementing a trauma care system shall establish policies and procedures which are concordant and consistent with the minimum standards set forth in the regulations adopted by the authority. This section does not preclude a local EMS agency from adopting trauma care system standards which are more stringent than those established by the regulations.

SEC. 9. Section 1798.164 of the Health and Safety Code is amended to read:

1798.164. A local emergency medical services agency may charge a fee to an applicant seeking initial or continuing designation as a trauma facility in an amount sufficient to cover the costs directly related to the designation of trauma facilities pursuant to Section 1798.165 and to the development of the plans prepared pursuant to Sections 1797.257 and 1797.258, and subdivision (b) of Section 1798.162.

SEC. 10. Section 1798.165 of the Health and Safety Code is amended to read:

1798.165. (a) Local emergency medical services agencies may designate trauma facilities as part of their trauma care system pursuant to the regulations promulgated by the authority.

(b) The health facility shall only be designated to provide the level of trauma care and service for which it is qualified and which is included within the system implemented by the agency.

SEC. 11. The Legislature hereby finds and declares that a general statute, within the meaning of Section 16 of Article IV of the Constitution, cannot be made applicable to the unique problems that the amendment of Section 1798.162 of the Health and Safety Code made by Section 7 of this act is intended to remedy within the County of Santa Clara, and that, therefore, this special statute is necessary.

SEC. 12. (a) Chapter 1067 of the Statutes of 1983 added Article 2.5 (commencing with Section 1798.160) to Chapter 6 of Part 1 of Division 2.5 of the Health and Safety Code to provide for regional trauma care systems. Within that article, Section 1798.164 authorized local emergency medical service agencies to impose fees to cover their costs under the program. Sections 1 to 9, inclusive, of this act make technical and other changes in the 1983 enactment but leaves the power to impose fees to cover costs intact.

(b) Therefore, no appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district already has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 13. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 14. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to override a determination made by a local governmental entity that will have the effect of reducing the level of medical care provided to persons in need of trauma care, and in order to clarify and remove technical problems at the earliest possible time from the enactment authorizing the establishment of a statewide system of trauma care centers, it is necessary for this act to take effect immediately.

CHAPTER 1736

An act to amend Sections 25149.3, 25156, 25202.5, 25202.6, 25220, 25221, 25222, 25223, 25224, 25229, 25230, 25233, 25234, 25235, 25236, and 25240 of, to add Sections 25110.3, 25221.1, 25222.1, and 25351.6 to, and to repeal Section 25238 of, the Health and Safety Code, relating to hazardous substances, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1984 Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 25110.3 is added to the Health and Safety Code, to read:

25110.3. "Buffer zone" means an area of land which surrounds a hazardous waste facility and on which certain land uses and activities

are restricted to protect the public health and safety and the environment from existing or potential hazards caused by the migration of hazardous waste.

SEC. 2. Section 25149.3 of the Health and Safety Code is amended to read:

25149.3. (a) Upon the request of any interested person, the department shall examine and determine whether or not the use of any property for any one of the purposes set forth in paragraph (1) of subdivision (b) of Section 25232 constitutes a significant existing or potential hazard to present or future health or safety because of the proximity of the property to an existing hazardous waste facility as defined in this article. If the department determines that a significant existing or potential hazard to present or future public health or safety exists on the property, it shall give notice and hold a public hearing. If a significant disposal of hazardous waste has occurred on that property or if the property is within 2,000 feet of a significant disposal of hazardous waste, the department shall hold this public hearing pursuant to Article 11 (commencing with Section 25220) and the director may make a designation of that property pursuant to that article. If the department determines that there is no significant existing or potential hazard to present or future public health or safety on the property, it shall so notify the person who requested the determination and the local jurisdiction.

(b) All costs incurred by the department pursuant to this section, including the costs of any hearing, shall be borne by the person making the request. The authority conferred on the department, pursuant to this section, shall be in addition to its authority with respect to the regulation of hazardous waste property and border zone property. A special account administered by the department shall be established for each request made to the department for the examination and determination specified in subdivision (a). The department shall provide the requesting person an estimate of the amount of money which would be necessary to accomplish the examination, determination, and any subsequent hearing by the department pursuant to that request. The estimated amount, which shall be paid to the department before the department undertakes any activity pursuant to subdivision (a), shall be deposited in the special account. Expenditures from this special account shall not be made in excess of the total amount of money in that special account at any time. Expenditures in excess of the initial deposit may be made only when additional money is received from the requesting person and deposited into the account.

Notwithstanding any other provision of law, the department may enter into contracts for any action taken, or to be taken, pursuant to subdivision (a). These contracts do not require approval by the Department of General Services pursuant to Article 1 (commencing with Section 14780) of Chapter 6 of Part 5.5 of Division 3 of Title 2 of the Government Code.

(c) A local jurisdiction shall not take any action with respect to the

uses of land for any of those purposes, including, but not limited to, a general plan amendment, zoning change, or the imposition of conditions on the use of property, which land is subject to an existing zoning classification which permits the uses set forth in paragraph (1) of subdivision (b) of Section 25232 for which an examination and determination has been requested pursuant to subdivision (a), solely on the basis of a health hazard due to the property's proximity to an existing hazardous waste facility, unless the department has made a determination, pursuant to subdivision (a), that those uses of the property constitute a significant existing or potential hazard to present or future public health or safety.

(d) No application for a building permit or for the use of property which is the subject of a request pursuant to subdivision (a) shall be acted upon pending a determination by the department, unless the permit or use is not for a purpose set forth in paragraph (1) of subdivision (b) of Section 25232.

The department shall act upon the request within 90 days.

(e) This section does not apply to any land or property which is more than one mile from a significant disposal of hazardous waste within an existing hazardous waste facility, as defined in this article.

SEC. 3. Section 25156 of the Health and Safety Code is amended to read:

25156. The department shall develop and adopt regulations and standards to implement Article 11 (commencing with Section 25220), including, but not limited to, regulations which specify appropriate procedural requirements for the hearings conducted pursuant to that article. The department shall seek recommendations of the hazardous waste technical advisory committee on the wording of proposed regulations.

SEC. 4. Section 25202.5 of the Health and Safety Code is amended to read:

25202.5. (a) In addition to any other condition of a hazardous waste facilities permit imposed by the department pursuant to this chapter, the department may impose a requirement for the execution and recording of a written instrument which imposes an easement, covenant, restriction, or servitude upon the present and future uses of all or part of the land on which the hazardous waste facility subject to the permit is located and on all or part of any adjacent land held by, or for the beneficial use of, the owners of the land on which the hazardous waste facility subject to the permit is located. The easement, covenant, restriction, or servitude shall be no more restrictive than needed, as determined by the department, to protect the present or future public health and safety and shall not place any restriction on any land that limits the use, modification, or expansion of an existing industrial or manufacturing facility or complex. The instrument shall be executed by all of the owners of the land and by the director, shall particularly describe the real property affected by the instrument, and shall be recorded by the owner in the county in which the land is located within 10 days of the date of

execution. The easement, covenant, restriction, or servitude shall state that the land described in the instrument has been, or will be, the site of a hazardous waste facility or is adjacent to the site of such a facility, and may impose those use restrictions as the department deems necessary to protect the present or future public health. The restrictions may include restrictions upon activities on, over, or under the land, including, but not limited to, a prohibition against building, filling, grading, excavating, or mining without the written permission of the director. A certified copy of the recorded easement, covenant, restriction, or servitude shall be sent to the department upon recordation. Notwithstanding any other provision of law, except as provided in Section 25202.6, an easement, covenant, restriction, or servitude executed pursuant to this section shall run with the land from the date of recordation and shall be binding upon all of the owners of the land, their heirs, successors, and assignees, and the agents, employees, and lessees of the owners, heirs, successors, and assignees. The easement, covenant, restriction, or servitude shall be enforceable by the department pursuant to Article 8 (commencing with Section 25180).

(b) Except as provided in subdivisions (c) and (d), any land on which is located a hazardous waste disposal facility permitted pursuant to this chapter shall be surrounded by a minimum buffer zone of 2,000 feet between the facility and the outer boundary of the buffer zone. The department may impose an easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, on the buffer zone pursuant to subdivision (a). If the department determines that a buffer zone of more than 2,000 feet is necessary to protect the present and future public health and safety, the department may increase the buffer zone by restricting the disposal of hazardous waste at that facility to land surrounded by a larger buffer zone.

(c) Subdivision (b) does not apply to any hazardous waste property, as defined in paragraph (1) of subdivision (a) of Section 25117.3, which was actually and lawfully used for the disposal of hazardous waste on August 6, 1980.

(d) If the owner of a hazardous waste disposal facility proves to the satisfaction of the department that a buffer zone of less than 2,000 feet is sufficient to protect the present and future public health and safety, the department may allow the disposal of hazardous waste onto land surrounded by a buffer zone of less than 2,000 feet.

SEC. 5. Section 25202.6 of the Health and Safety Code is amended to read:

25202.6. The owner of land subject to an easement, covenant, restriction, or servitude, required by the department pursuant to Section 25202.5, may make a written request of the department to remove the easement, covenant, restriction, or servitude. Upon receipt of such a request and supporting material, the department shall promptly review the need for the easement, covenant, restriction, or servitude and, when appropriate, and after a public

hearing, shall agree to modify or remove the easement, covenant, restriction, or servitude to make certain that it continues to be no more restrictive than necessary to protect the public health and safety. When the department agrees to modify or remove such an easement, covenant, restriction, or servitude, the director and all of the owners of the land shall execute an instrument that reflects this agreement, shall particularly describe the real property affected by the instrument, and the owner shall record the instrument in the county in which the land is located within 10 days of the date of execution.

SEC. 6. Section 25220 of the Health and Safety Code is amended to read:

25220. (a) For purposes of this article, unless the context clearly requires a different meaning:

(1) "Determination" means a decision by the department as to whether land should be designated as hazardous waste property or border zone property and which is reached after an analysis and an evaluation of the information obtained by the department.

(2) "Designation" means imposition of the requirements specified in Section 25230 after a determination, a public hearing, and a determination by the director has occurred pursuant to Section 25229.

(b) Whenever there is reasonable cause for the department to believe that any land may be a hazardous waste property or border zone property, the department may, by certified mail, request any person who owns, leases, or occupies the land, or any other person who has information relating to the land, to provide any or all of the following information:

(1) A description of the present use of the land.

(2) The types and volumes of hazardous waste or extremely hazardous waste contained therein or thereon.

(3) The date or dates the hazardous waste or extremely hazardous waste was deposited into or onto the land.

(4) A map or maps of the property which they own and which contains or overlies hazardous waste or extremely hazardous waste, drawn to a scale of not more than 200 feet to the inch, which shows the area or areas where the hazardous waste or extremely hazardous waste is contained or was deposited. The provision of a map pursuant to this subdivision shall not be required if the respondent to the request asserts in writing that the respondent has no knowledge or insufficient knowledge of the existence or location of the wastes to comply with this subdivision.

(5) Any other information which relates to the disposal of hazardous waste on or within 2,000 feet of the property or the potential for the migration of those wastes.

(c) Any person who is requested to provide information pursuant to subdivision (b) shall submit the information to the department within 90 calendar days of receipt of the request.

SEC. 7. Section 25221 of the Health and Safety Code is amended

to read:

25221. (a) Any person as owner, lessor, or lessee who (1) knows, or has probable cause to believe, that a significant disposal of hazardous waste has occurred on, under, or into the land which he or she owns or leases or that the land is within 2,000 feet of a significant disposal of hazardous waste, and (2) intends to construct or allow the construction on that land of a building or structure to be used for a purpose which is described in subdivision (b) of Section 25232 within one year, shall apply to the department prior to construction for a determination as to whether the land should be designated a hazardous waste property or a border zone property pursuant to Section 25229.

The addition of rooms or living space to an existing single-family dwelling or other minor repairs or improvements to residential property which do not change the use of the property or increase the population density does not constitute the construction of a building or structure for purposes of this subdivision.

(b) Any person who, as owner, lessor, or lessee, knows or has probable cause to believe that land which he or she owns or leases is a hazardous waste property or a border zone property, may apply to the department for a determination as to whether the land should be designated a hazardous waste property or a border zone property pursuant to Section 25229.

(c) If a city or county knows or has probable cause to believe that any land within its jurisdiction is a hazardous waste property or a border zone property, the city or county may apply to the department for a determination as to whether that land should be designated a hazardous waste property or a border zone property pursuant to Section 25229.

(d) Subdivisions (a), (b), and (c) do not apply to any land on which a determination has previously been made pursuant to Section 25229 unless either of the following has occurred since that determination:

(1) A significant new disposal of hazardous waste has occurred on, under, or into the land.

(2) Significant new information about past disposal of hazardous waste on, or within 2,000 feet of, the land becomes known to the owner, lessor, or lessee of the land or to the city or county.

SEC. 8. Section 25221.1 is added to the Health and Safety Code, to read:

25221.1. Whenever the department receives an application pursuant to Section 25221, it may request information pursuant to Section 25220 to determine whether the land should be designated as hazardous waste property or border zone property. Upon evaluating all pertinent available information, the department may do any one or more of the following:

(a) Issue a statement that, based on existing documents and other information available to the department, there is no currently known hazard.

(b) Recommend to local land use authorities that they place a moratorium on any new land uses specified in paragraph (1) of subdivision (a) of Section 25232, if the department suspects that the land is hazardous waste property, or a moratorium on the construction or placement of any building or structure which is intended to be used for any of the purposes specified in paragraph (1) of subdivision (b) of Section 25232, if the department suspects that the land is border zone property.

(c) Collect additional information, including sampling, monitoring, and analytical data for the purpose of making a determination as to whether the land should be designated as hazardous waste property or border zone property pursuant to Section 25229.

(d) Make a determination as to whether the land should be designated as hazardous waste property or border zone property pursuant to Section 25229.

(e) Enter into an agreement pursuant to Section 25222.1.

SEC. 9. Section 25222 of the Health and Safety Code is amended to read:

25222. (a) In any case where the department has obtained information which shows that a significant disposal of hazardous wastes has occurred on, under, or in land and that the disposal creates a significant existing or potential hazard to present or future public health or safety, the department may consider designating the affected land as hazardous waste property or border zone property.

Whenever the department considers designating land as a hazardous waste property or a border zone property, it shall issue and cause to be served upon the owner of the land, and the legislative body of the city or county in whose jurisdiction the land is located, a notice of a hearing. The notice shall contain (1) a statement that the land is under consideration for designation as a hazardous waste property or a border zone property; (2) a summary of the reasons for that designation and what significant existing or potential health hazards are believed to exist; (3) notice of the time, date, and place of the hearing, and any policy regarding continuance of the hearing; and (4) a form to acknowledge receipt of the notice.

(b) Service of the notice of hearing may be made in any manner permitted for the service of summons in civil actions, or by mailing a copy of the notice of hearing by first-class mail or airmail, postage prepaid to the person to be served, together with two copies of the notice of service and acknowledgment specified in subdivision (d) and a return envelope, postage prepaid, addressed to the department.

(c) The notice of service specified in subdivision (b) shall be in substantially the following form:

NOTICE OF SERVICE

To: (Here state the name of the person to be served.)

The accompanying notice of hearing is served pursuant to Section 25222 of the California Health and Safety Code. Failure to complete this form and return it to the sender within 20 days may subject you, or the party on whose behalf you are being served, to liability for the payment of any expenses incurred in serving the notice of hearing upon you in any other manner permitted by law. If you are served on behalf of a corporation, unincorporated association, including a partnership, or other entity, this form must be signed in the name of that entity by you or by a person authorized to receive service of process on behalf of that entity. In all other cases, this form must be signed by you personally or by a person authorized by you to acknowledge receipt of summons. Section 25222 provides that the accompanying notice of hearing is deemed served on the date of execution of an acknowledgment of receipt of notice of hearing.

_____

(Signature of Sender)

ACKNOWLEDGMENT OF RECEIPT OF NOTICE OF HEARING

This acknowledges receipt on (insert date) of a copy of the notice of hearing.

Date: _____

(Date this acknowledgment is executed)

_____

(Signature of person acknowledging receipt, with title if acknowledgment is made on behalf of another person)

(d) Service of a notice of hearing pursuant to this section is deemed complete on the date a written acknowledgment of receipt of notice is executed, if the acknowledgment thereafter is returned to the department.

(e) If the person to whom a copy of the notice of hearing is mailed pursuant to this section fails to complete and return the acknowledgment form set forth in subdivision (b) within 20 days from the date of that mailing, the party to whom the notice of hearing was mailed is liable for reasonable expenses thereafter incurred in serving or attempting to serve the party by any other method permitted by this section. The department may bring a single action to recover all of these expenses in any court of competent jurisdiction and, except for good cause shown, the court upon motion, with or without notice to that person, shall award the department these expenses.

SEC. 10. Section 25222.1 is added to the Health and Safety Code, to read:

25222.1. (a) Notwithstanding Sections 25222, 25229, 25232, and 25233, any person may enter into an agreement with the department designating that person's property, or a portion thereof, as hazardous waste property or border zone property and provide, in the agreement, for restricting specified uses of the property, as determined by all parties to the agreement. Except as otherwise provided in this article, the agreement is irrevocable and shall be recorded by the owner, pursuant to Section 25230, as a hazardous waste easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, upon the present and future uses of the land. That person shall bear all costs incurred in designating that person's property, or a portion thereof, as hazardous waste property or border zone property pursuant to this subdivision.

(b) By entering into this agreement with respect to a portion of a property, the department is not precluded from taking action to designate the remainder of the property as hazardous waste or border zone property.

SEC. 11. Section 25223 of the Health and Safety Code is amended to read:

25223. Public notice of any hearing conducted pursuant to Section 25222, or of any agreement proposed to be entered into pursuant to Section 25222.1, shall be provided by the department at least 30 days before the hearing or execution of the agreement. The notice shall be given by publication once in a newspaper of general circulation published and circulated in the locale or, if there is none, by posting the notice in at least three public places in the locale. In the case of a proposed agreement, the department shall also give notice to the city or county in whose jurisdiction the property is located. Public comment on any proposed agreement pursuant to Section 25222.1 shall be submitted to the department in writing.

SEC. 12. Section 25224 of the Health and Safety Code is amended to read:

25224. The hearing shall be held before the director, or any agent or agency designated by the director for that purpose, not less than 30 days or more than 90 days after the notice. The department may delay the hearing upon request of any interested person.

SEC. 13. Section 25229 of the Health and Safety Code is amended to read:

25229. (a) If, after the hearing, the director determines that the subject land should not be designated a hazardous waste property or border zone property, the director shall issue a decision in writing and serve it in the manner provided in subdivision (c).

(b) If, after the hearing, the director determines, upon a preponderance of the evidence, including any evidence developed at any time prior to the hearing, that the land should be designated a hazardous waste property or a border zone property, the director shall issue a decision in writing which shall identify the subject land,

or portion thereof, by street address, assessor's parcel number, or legal description and the name of the owner of record, contain findings of fact based upon the issues presented, including the reasons for this designation, the substances on, under, or in the land, and the significant existing or potential hazards to present or future public health and safety, and order every owner of the designated land to take all of the following actions:

(1) Execute before a notary a written instrument which imposes an easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, upon the present and future uses of the land pursuant to Section 25230. The written instrument shall also include a copy of the director's decision.

(2) Return the executed instrument to the director within 30 days after the decision is delivered or mailed. Within 10 days after receiving the instrument, the director shall execute the written instrument and return the instrument to the owner.

(3) Record the written instrument pursuant to Section 25230 within 10 days after receiving the written instrument executed by the director, as specified in paragraph (2).

(4) Return the recorded written instrument to the director within 10 days after the owner records the instrument, as specified in paragraph (3).

(c) Copies of the determination shall be delivered or sent by certified mail to the owner of the property, the legislative body of the city or county in whose jurisdiction the land is located, and any other persons who were served pursuant to Section 25222 or who were permitted to intervene in the proceeding pursuant to Section 25226.

(d) Failure or refusal to comply with any order issued pursuant to this section shall be treated in the manner provided by Section 11525 of the Government Code.

SEC. 14. Section 25230 of the Health and Safety Code is amended to read:

25230. (a) Upon a determination that land is hazardous waste property or border zone property pursuant to Section 25229, the director shall notify the owner of the property and the legislative body of the city or county in whose jurisdiction the land is located and any other persons who were permitted to intervene in the proceeding, and shall issue orders to every owner of the land requiring all of the following:

(1) The notarized execution and recordation of a written instrument which imposes an easement, covenant, restriction, or servitude, or combination thereof, as appropriate, upon the present and future uses of all or part of the land which has been designated a hazardous waste property or a border zone property as provided by Section 25232, and which provides that removal of the easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, shall be in accordance with Section 25234. The easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, shall be executed by all the owners of the

land and by the director, shall particularly describe the real property affected by the instrument, and, if applicable, the location of the easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, on the real property. The easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, shall be recorded with the recorder of the county in which the land is located within 10 days after the instrument, as executed by the director, is received by the owner and shall be indexed by the county recorder in the grantor index in the name of the record title owner of the real property and in the grantee index in the name of the department. The easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, shall state that the land described in the instrument is subject to a hazardous waste easement, covenant, restriction, or servitude, or any combination thereof, as appropriate. Notwithstanding any other provision of law, an easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, executed pursuant to this section shall run with the land from the date of recordation and shall be binding upon all of the owners of the land, their heirs, successors, and assignees, and the agents, employees, or lessees of the owners, heirs, successors, and assignees, unless it is removed pursuant to Section 25234. The easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, shall be enforceable by the department pursuant to Article 8 (commencing with Section 25180).

(2) The execution and delivery of a written instrument to accompany all purchase, lease, or rental agreements relating to the land which has been designated a hazardous waste property or a border zone property. The instrument shall be prepared by the owner or lessor of the land and shall contain the following statement:

"The land described herein contains hazardous waste or is within 2,000 feet of land that contains hazardous waste. This condition renders the land and the owner, lessee, or other possessor of the land subject to the requirements, restrictions, provisions, and liabilities contained in Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. This statement is not a declaration that a hazard exists."

(b) In any case where the department has made reasonable efforts to obtain execution of the easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, and the owner or owners have failed or refused to execute it, the department may apply to the court for an order imposing the easement, covenant, restriction, or servitude, or any combination thereof, as appropriate. The issued order shall be recorded in the same manner as an executed instrument, as specified in paragraph (1) of subdivision (a).

(c) Any hazardous waste easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, executed pursuant to this section shall be exclusively for the purpose of protecting the public health and safety and shall convey no interest in real or other property to the state. Notwithstanding any other

provision of law, any easement, covenant, restriction, or servitude, or any combination thereof, as appropriate, held by the department shall not be sold or otherwise transferred to another person.

SEC. 15. Section 25233 of the Health and Safety Code is amended to read:

25233. (a) Any aggrieved person may apply to the department for a written variance from the requirements set forth in subdivision (a) or (b) of Section 25232. Any application shall contain sufficient evidence for the department to issue a notice for a hearing. The notice shall contain (1) a statement that a hearing is pending on the land or that the land has been designated a hazardous waste property or a border zone property and (2) a statement of who is applying for a variance, the proposed variance, and a statement of the reasons in support of the granting of a variance. The procedures for the conducting of this hearing shall be those set forth in this article. No person shall make a subsequent application pursuant to this section within 18 months of a final decision on an application by the department.

(b) The applicant shall have the burden of proving at the hearing that the variance will not cause or allow any of the following effects associated with hazardous waste or extremely hazardous waste:

(1) The creation or increase of significant present or future hazards to public health.

(2) Any significant diminution of the ability to mitigate any significant potential or actual hazard to public health.

(3) Any long-term increase in the number of humans or animals exposed to significant hazards which affect the health, well-being, or safety of the public.

(c) If, upon the preponderance of the testimony taken, the director is of the opinion that the variance should be granted, the director shall issue and cause to be served his or her decision and findings of fact on the owner of the land, the legislative body of the city or county in whose jurisdiction the land is located, and upon any other persons who were permitted to intervene in the proceedings. The findings of fact shall include the exact nature of the proposed variance and the reasons in support of the granting of the variance.

(d) If the director is of the opinion that the variance should not be granted, the director shall issue and cause to be served his or her findings of fact in support of the denial on the parties mentioned in subdivision (c).

(e) The department shall record within 10 days any final decision made by the director pursuant to this section as provided in Section 25235.

(f) A decision of the director made after a hearing held pursuant to this section shall be reviewable pursuant to Section 1094.5 of the Code of Civil Procedure and shall be upheld if the court finds that it is supported by substantial evidence.

SEC. 16. Section 25234 of the Health and Safety Code is amended to read:

25234. (a) Any aggrieved person may apply to the department to remove a designation that the land is a hazardous waste property or a border zone property on the grounds that the waste no longer creates a significant existing or potential hazard to present or future public health or safety. No person shall make a subsequent application pursuant to this section within 12 months of a final decision on an application by the department. Any application shall contain sufficient evidence for the department to make a finding upon any or all of the following grounds:

(1) The hazardous waste which caused the land to be designated has since been removed or altered in a manner which precludes any significant existing or potential hazard to present or future public health.

(2) New scientific evidence is available since the designation of the land or the making of any previous application pursuant to this section, concerning either of the following:

(A) The nature of the hazardous waste which caused the land to be designated.

(B) The geology or other physical environmental characteristics of the designated land.

(b) Any aggrieved person may appeal a determination of the department made pursuant to subdivision (a) by submitting a request for a hearing to the director. The request shall be mailed by certified mail not later than 30 days after the date of the mailing of the department's decision on the application.

(c) Upon receipt of a timely appeal, the director shall give notice of a hearing pursuant to the procedures set forth in this article.

(d) The department shall record within 10 days any new and final determination made by the department pursuant to this section as provided in Section 25235.

(e) A determination made by the department, after a hearing held pursuant to this section, shall be reviewable pursuant to Section 1094.5 of the Code of Civil Procedure and shall be upheld if the court finds that it is supported by substantial evidence.

(f) Whenever there is a final determination pursuant to this section removing the designation of a hazardous waste property or a border zone property, the easement, covenant, restriction, or servitude imposed on the land created by Section 25230 shall automatically terminate. The department shall record or cause to be recorded within 10 days a termination of the easement, covenant, restriction, or servitude which shall particularly describe the real property subject to the easement, covenant, restriction, or servitude and which shall be indexed by the recorder in the grantor index in the name of the record title owner of the real property subject to the easement, covenant, restriction, or servitude, and in the grantee index in the name of the department.

SEC. 17. Section 25235 of the Health and Safety Code is amended to read:

25235. The department shall record within 10 days any final

designation made pursuant to Section 25230 with the county recorder of the county in which the property is located. Any recordation made pursuant to this article or Section 25202.5 shall include the street address, assessor's parcel number, or legal description of each parcel affected and the name of the owner thereof, and the recordation shall be recorded by the recorder in the grantor index in the name of the record title owner of the real property and in the grantee index in the name of the department.

SEC. 18. Section 25236 of the Health and Safety Code is amended to read:

25236. (a) Prior to, or simultaneously with, utilizing the provisions of this article, the department shall diligently pursue feasible civil and criminal actions against any operator or other responsible party who violates any provision of this chapter or Chapter 6.8 (commencing with Section 25300) and the regulations promulgated under those chapters. However, nothing in this chapter shall be construed as restricting or diminishing any remedy provided by law to the owner or possessor of any land which is affected by hazardous waste on or near the land against any person who produced the waste or against any other person who was responsible for the condition affecting the property.

(b) A designation by the department pursuant to Section 25230 shall constitute a land use restriction. Except as specifically provided in this chapter, nothing in this chapter shall diminish or limit the authority of any city or county to approve or disapprove proposed land uses. Nothing in this chapter shall be construed to require a local government to permit a particular land use, including, but not limited to, commercial, industrial, agricultural, or other nonresidential use, on land which has been designated hazardous waste property or border zone property pursuant to Section 25230.

SEC. 19. Section 25238 of the Health and Safety Code is repealed.

SEC. 20. Section 25240 of the Health and Safety Code is amended to read:

25240. An assessor shall consider any restrictive easement, covenant, restriction, or servitude adopted pursuant to Section 25202.5 or any easement, covenant, restriction, or servitude imposed pursuant to Section 25229 as an enforceable easement, covenant, restriction, or servitude subject to Section 402.1 of the Revenue and Taxation Code and shall appropriately reassess any land, the use of which has been so restricted, at the lien date following the adoption or imposition of the easement, covenant, restriction, or servitude.

SEC. 21. Section 25351.6 is added to the Health and Safety Code, to read:

25351.6. (a) On or before December 1, 1984, the department shall prepare a plan for the expeditious implementation of the Hazardous Substance Cleanup Bond Act of 1984 (Article 7.5 (commencing with Section 25385)) for approval by the Secretary of Health and Welfare. The Secretary of Health and Welfare shall, after approving the plan, transmit this plan to the Legislature no later than

February 1, 1985. The plan shall include, but not be limited to, all of the following procedures:

(1) Procedures required for the development and adoption of final remedial action plans by the department and regional water quality control boards.

(2) Procedures for the submittal by the department of bond act funding requests for legislative appropriation and for authorization by the Hazardous Substance Cleanup Committee.

(3) Procedures for selling bonds or for paying loans from the General Fund from bond sales for the purposes provided for in the bond act.

(4) Procedures required for the accounting and fiscal management of funds provided to the department by the bond act.

(5) Procedures, including a schedule of activities, for the execution of contracts by the department for site characterizations, feasibility studies, site designs, and removal and remedial actions.

(6) A hiring schedule which will assure implementation of the bond act.

(b) There is hereby established the Hazardous Substance Cleanup Bond Act Implementation Committee to provide advice to the department concerning the implementation and carrying out of the bond act. The committee shall consist of representatives of the Governor, the Department of Finance, the Treasurer, the Controller, the Health and Welfare Agency, the Secretary of Environmental Affairs, and the department. The Governor may appoint representatives of other state agencies, the private sector, and the public, as the Governor deems appropriate. The representative of the department is the chairperson of the committee.

(c) The Treasurer shall give priority to scheduling the sale of bonds authorized by the bond act if the Treasurer determines that this action will not impair the credit of the state.

(d) Notwithstanding Section 16304 of the Government Code, the funds deposited in the Hazardous Substance Cleanup Fund are available, upon appropriation by the Legislature, for encumbrance without regard to fiscal years.

(e) If the voters do not adopt the Hazardous Substance Cleanup Bond Act of 1984, as set forth in Section 18 of Chapter 376 of the Statutes of 1984, at the November 6, 1984, general election, this section shall be repealed as of that date.

SEC. 22. The Legislature hereby finds and declares that it is in the best interest of the people of the state that the Hazardous Substance Cleanup Bond Act of 1984 be implemented efficiently and expeditiously upon its adoption by the electorate.

The Legislature also finds that implementation can only be effected by many state agencies cooperating and coordinating their respective roles by giving this matter a high priority and that it is the concern and responsibility of the state to establish procedures for administering the Hazardous Substance Cleanup Bond Act of 1984 in

advance of its adoption by the electorate.

SEC. 23. The sum of eight hundred thousand dollars ($800,000) is hereby appropriated to the State Department of Health Services from the Hazardous Substance Account for the purposes of carrying out Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code, including, but not limited to, Section 25351.6 of the Health and Safety Code.

SEC. 24. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act, except Section 21, shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 25. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 26. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the urgent need to clean up and identify hazardous waste sites and hazardous substances release sites, because of the danger to the public health and the environment caused by the chemicals within these sites, it is necessary that this act take effect immediately.

CHAPTER 1737

An act to amend Sections 15433 and 27491.46 of the Government Code, relating to health.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 15433 of the Government Code is amended to read:

15433. The authority shall consist of nine members, including the State Treasurer, who shall serve as chairman, the State Controller, the Director of Finance, two members appointed by the Senate Rules Committee, two members appointed by the Speaker of the Assembly, and two members appointed by the Governor subject to confirmation by a majority vote of the Senate. Of the members appointed by the Senate Rules Committee, one member shall be a

licensed physician and surgeon, and one shall serve or have served in an executive capacity to a health facility. Of the members appointed by the Speaker of the Assembly, one member shall be a person qualified by training and experience in the field of investment or finance, and one member shall be representative of the general public. The members appointed by the Governor shall be representative of the general public. The terms of appointed members shall be four years, expiring on March 31. Each member shall hold office for the term of his or her appointment and shall continue to serve until a successor shall have been appointed and qualified. Any vacancy among the members shall be filled by appointment for the unexpired term only. A member of the authority shall be eligible for reappointment.

Members of the authority shall serve without compensation, but the authority may reimburse its members for necessary expenses incurred in the discharge of their duties.

SEC. 2. Section 27491.46 of the Government Code is amended to read:

27491.46. (a) The coroner shall have the right to retain pituitary glands solely for transmission to a university, for use in research or the advancement of medical science, in those cases in which the coroner has performed an autopsy pursuant to this chapter, and during a 48-hour period following such autopsy the body has not been claimed and the coroner has not been informed of any relatives of the decedent.

(b) In the course of any autopsy performed by the coroner, the coroner may remove the pituitary gland from the body for transmittal to any public agency for use in manufacturing a hormone necessary for the physical growth of persons who are, or may become, hypopituitary dwarfs, if the coroner has no knowledge of objection to the removal and release of the pituitary gland having been made by the decedent or any other person specified in Section 7151.5 of the Health and Safety Code. Neither the coroner nor the medical examiner authorizing the removal of the pituitary gland, nor any hospital, medical center, tissue bank, storage facility, or person acting upon the request, order, or direction of the coroner or medical examiner in the removal of the pituitary gland pursuant to this section, shall incur civil liability for the removal of the pituitary gland in an action brought by any person who did not object prior to the removal of the pituitary gland, nor be subject to criminal prosecution for removal of the pituitary gland pursuant to the authority of this section.

Nothing in this subdivision shall supersede the terms of any gift made pursuant to Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code.

CHAPTER 1738

An act to amend Section 1372 of the Financial Code, and to amend Sections 31453, 31459, 31596, 31601.1, 31607, and 53216.5 of, to add Sections 31594, 31495, 31495.1, 31596.1, 53216.1, and 53216.6 to, and to repeal Sections 31594, 31595, 31595.1, 31595.2, 31595.3, 31595.4, 31595.5, 31595.6, 31596.1, 31601, 31602, 31603, 31604, 31604.1, 31605, 31606, 53216.1, 53216.2, and 53216.6 of, the Government Code, and to amend Sections 12364 and 12366 of, and to repeal Sections 12365, 12365.5, and 12365.9 of, the Public Utilities Code, relating to public retirement systems, and declaring the urgency thereof to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1372 of the Financial Code is amended to read:

1372. The provisions of this chapter govern the investment of funds by commercial banks but wherever by any law of this state it is now provided that the moneys of any pension fund, retirement plan, trust fund, or the moneys of any special fund the investment of which is governed by law, or the funds of any political subdivision or public corporation may or shall be invested in securities which are a legal investment for savings banks, then such law shall be deemed to authorize or require, as the case may be, that such moneys be invested in securities in which savings banks were authorized to invest their funds by the provisions of the Bank Act as it read prior to January 1, 1949, other than paragraph (f) of subdivision 5 of Section 61 of said act, or in bonds, debentures, and notes legal for investment for savings banks in the State of New York or the State of Massachusetts as of the time the investment is made or in securities in which commercial banks are authorized to invest their funds by the provisions of Sections 1352 to 1366, inclusive.

SEC. 2. Section 31453 of the Government Code, as amended by Chapter 591 of the Statutes of 1984, is amended to read:

31453. An actuarial valuation shall be made within one year after the date on which any system established under this chapter becomes effective, and thereafter at intervals not to exceed three years. The valuation shall be conducted under the supervision of an actuary and shall cover the mortality, service, and compensation experience of the members and beneficiaries, and shall evaluate the assets and liabilities of the retirement fund. Upon the basis of the investigation, valuation, and recommendation of the actuary, the board shall, at least 45 days prior to the beginning of the succeeding fiscal year, recommend to the board of supervisors such changes in the rates of interest, in the rates of contributions of members, and in

county and district appropriations as are necessary. With respect to the rates of interest to be credited to members and to the county or district, the board may, in its sound discretion, recommend a rate which is higher or lower than the interest assumption rate established by the actuarial survey. No adjustment shall be included in the new rates for time prior to the effective date of the revision.

SEC. 3. Section 31459 of the Government Code is amended to read:

31459. (a) In a county in which a board of investments has been established pursuant to Section 31520.2:

(1) As used in Sections 31453, 31453.5, 31454, 31454.1, 31454.5, 31472, 31510.1, 31510.3, 31510.6, 31528, 31588.1, 31589.1, 31591, and the first paragraph of Section 31592.2, Sections 31592.3, 31594, 31595.1, 31595.9, 31596, 31596.1, 31601.1, 31607, 31625, 31784, and 31872, "board" means board of investment.

(2) Sections 31510, 31510.4, 31510.8, 31522, 31523, 31524, 31525, 31529, 31529.5, 31595, 31680, and 31680.1 apply to both the board of retirement and board of investment, and "board" means both "board of retirement" and "board of investment."

(b) In Article 17 (commencing with Section 31880) of this chapter, "board" means the Board of Administration of the Public Employees' Retirement System.

(c) In all other cases, "board" means the board of retirement.

SEC. 4. Section 31594 of the Government Code is repealed.

SEC. 5. Section 31594 is added to the Government Code, to read:

31594. It is the intent of the Legislature, consistent with the mandate of the voters in passing Proposition 21 at the June 5, 1984, Primary Election, to allow the board of any retirement system governed by this chapter to invest in any form or type of investment deemed prudent by the board pursuant to the requirements of Section 31595. It is also the intent of the Legislature to repeal, or amend as appropriate, certain statutory provisions, whether substantive or procedural in nature, that restrict the form, type, or amount of investments that would otherwise be considered prudent under the terms of that section. This will increase the flexibility and range of investment choice available to these retirement systems, while ensuring protection of the interests of their beneficiaries.

SEC. 6. Section 31595 of the Government Code is repealed.

SEC. 7. Section 31595 is added to the Government Code, to read:

31595. The board has exclusive control of the investment of the employees retirement fund. The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system. Except as otherwise expressly restricted by the California Constitution and by law, the board may, in its discretion, invest, or delegate the authority to invest, the assets of the fund through the purchase, holding, or sale of any form or type of investment, financial instrument, or financial transaction when

prudent in the informed opinion of the board.

The board and its officers and employees shall discharge their duties with respect to the system:

(a) Solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system.

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(c) Shall diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly prudent not to do so.

SEC. 8. Section 31595.1 of the Government Code is repealed.

SEC. 9. Section 31595.1 is added to the Government Code, to read:

31595.1. Subject to the approval of the board, the county treasurer has control and shall safely keep the moneys of the retirement system. He may invest and reinvest the moneys, and may from time to time sell any securities belonging to the system and may invest and reinvest the proceeds therefrom. An investment in or sale of securities shall not be made except upon the authorization of the board. With the approval of the board, the county treasurer may delegate some or all of the powers conferred by this section.

SEC. 10. Section 31595.2 of the Government Code is repealed.

SEC. 11. Section 31595.3 of the Government Code is repealed.

SEC. 12. Section 31595.4 of the Government Code is repealed.

SEC. 13. Section 31595.5 of the Government Code is repealed.

SEC. 14. Section 31595.6 of the Government Code is repealed.

SEC. 15. Section 31596 of the Government Code, as amended by Chapter 591 of the Statutes of 1984, is amended to read:

31596. (a) When securities belonging to or held for the retirement association are sold, the county treasurer shall deliver the securities to the purchaser upon receiving the proceeds, and may execute any and all documents necessary to transfer title. The duties imposed upon the county treasurer by this article are a part of his official duties, for the faithful performance of which he is liable on his official bond.

(b) With the approval of the board, the treasurer may authorize a trust company or a trust department of any state or national bank authorized to conduct the business of a trust company in this state or the Federal Reserve Bank of San Francisco or any branch thereof within this state, to act as custodian of any securities owned by the retirement association. The duties imposed by subdivision (a) upon the county treasurer may be included in any such agreement for custodial services. Any such bank or trust company may be authorized to collect the income from the securities for the treasurer and deposit the proceeds in an account of the treasurer for the

retirement association.

SEC. 16. Section 31596.1 of the Government Code is repealed.

SEC. 17. Section 31596.1 is added to the Government Code, to read:

31596.1. The expenses of investing its moneys shall be borne solely by the system. The following types of expenses shall not be considered a cost of administration of the retirement system, but shall be considered as a reduction in earnings from those investments or a charge against the assets of the retirement system as determined by the board:

(a) The costs, as approved by the board, of actuarial valuations and services rendered pursuant to Section 31453.

(b) The compensation of any bank or trust company performing custodial services.

(c) When an investment is made in deeds of trust and mortgages, the fees stipulated in any agreement entered into with a bank or mortgate service company to service such deeds of trust and mortgages.

(d) Any fees stipulated in an agreement entered into with investment counsel for consulting or management services in connection with the administration of the board's investment program, including the system's participation in any form of investment pools managed by a third party or parties.

(e) The compensation to an attorney for services rendered pursuant to Section 31607.

SEC. 18. Section 31601 of the Government Code is repealed.

SEC. 19. Section 31601.1 of the Government Code is amended to read:

31601.1. In counties having a board of investments pursuant to Section 31520.2, no investment shall be made in real property unless it is approved by six votes of the board or, where a county board of supervisors or a county board of education has a material interest in the property unless it is approved by nine votes of the board.

SEC. 20. Section 31602 of the Government Code is repealed.

SEC. 21. Section 31603 of the Government Code is repealed.

SEC. 22. Section 31604 of the Government Code is repealed.

SEC. 23. Section 31604.1 of the Government Code is repealed.

SEC. 24. Section 31605 of the Government Code is repealed.

SEC. 25. Section 31606 of the Government Code is repealed.

SEC. 26. Section 31607 of the Government Code is amended to read:

31607. To assist in carrying out its investment powers and duties the board may employ an attorney in private practice.

SEC. 27. Section 53216.1 of the Government Code is repealed.

SEC. 28. Section 53216.1 is added to the Government Code, to read:

53216.1. It is the intent of the Legislature, consistent with the mandate of the voters in passing Proposition 21 at the June 5, 1984, Primary Election, to allow the board of any retirement system

governed by this article to invest in any form or type of investment deemed prudent by the board pursuant to the requirements of Sections 53216.5 and 53216.6. It is also the intent of the Legislature to repeal, or amend as appropriate, certain statutory provisions, whether substantive or procedural in nature, that restrict the form, type, or amount of investments that would otherwise be considered prudent under the terms of those sections. This will increase the flexibility and range of investment choice available to these retirement systems, while ensuring protection of the interests of their beneficiaries.

SEC. 29. Section 53216.2 of the Government Code is repealed.

SEC. 30. Section 53216.5 of the Government Code is amended to read:

53216.5. Notwithstanding any other provisions of this article and except as otherwise expressly restricted by the California Constitution and by law, the legislative body, trust, or other body, authorized to make investments for a pension trust, may invest, or delegate the authority to invest, the assets of the pension trust, through the purchase, holding, or sale of any form or type of investment, financial instrument, or financial transaction when prudent in the informed opinion of that body pursuant to Section 53216.6.

SEC. 31. Section 53216.6 of the Government Code is repealed.

SEC. 32. Section 53216.6 is added to the Government Code, to read:

53216.6. The assets of the pension trust are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system.

The legislative body, trust, or other body authorized to make investments for a pension trust, shall discharge its duties with respect to investing the assets of the pension trust.

(a) Solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the trust.

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(c) Shall diversify the investments of the trust so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly prudent not to do so.

SEC. 33. Section 12364 of the Public Utilities Code is amended to read:

12364. If the district maintains its own retirement fund, the retirement board shall have exclusive control of the administration, investment, and disbursement of the retirement fund. The

retirement fund is a trust fund held for the exclusive purposes of providing benefits to members of the retirement system and their survivors and beneficiaries. Investment of the fund shall be subject to the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

SEC. 34. Section 12365 of the Public Utilities Code is repealed.

SEC. 35. Section 12365.5 of the Public Utilities Code is repealed.

SEC. 36. Section 12365.9 of the Public Utilities Code is repealed.

SEC. 37. Section 12366 of the Public Utilities Code is amended to read:

12366. Notwithstanding Section 12364, the retirement board may contract with one or more qualified investment managers in connection with the investment program of the retirement board.

SEC. 38. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the mandate of the people as expressed by the vote on Proposition 21 at the election of June 5, 1984, may be implemented at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1739

An act to amend Section 19610 of, and to add Section 19610.1 to, the Business and Professions Code, relating to horseracing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 19610 of the Business and Professions Code is amended to read:

19610. Every association which conducts a racing meeting shall deduct 15 percent of the total amount handled in conventional parimutuel pools and 16.75 percent of the total amount handled in exotic parimutuel pools, except that any association conducting a harness racing meeting shall deduct 17.75 percent of the total amount handled in exotic parimutuel pools. The amounts as deducted shall be distributed as prescribed in this chapter.

SEC. 2. Section 19610.1 is added to the Business and Professions Code, to read:

19610.1. Every association which conducts a harness racing

meeting and deducts 17.75 percent of the total amount handled in exotic parimutuel pools shall use 1 percent of the total amount handled in the exotic parimutuel pools to fund the California Standardbred Sires Stakes Program. The 1 percent shall be deposited into the separate trust account provided for in Section 19619.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to encourage California-based harness racing stables to remain in the state during the fall and winter months, it is necessary that this act take effect immediately

---

CHAPTER 1740

An act to amend Sections 19406, 19428, 19440, 19441, 19442, 19463, 19614.2, and 19617.7 of, to amend and repeal Sections 19612.1 and 19612.2 of, and to add Sections 19444 and 19466 to, the Business and Professions Code, relating to horseracing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The people of the State of California do enact as follows:

SECTION 1. Section 19406 of the Business and Professions Code is amended to read:

19406. (a) "California-bred horse" is a foal dropped by a mare in California after being conceived in California and remaining in California until the foal is weaned.

(b) A "California-bred thoroughbred" is a horse dropped by a mare in California after being conceived in California, or any thoroughbred horse dropped by a mare in California if the mare remains in California to be next bred to a thoroughbred stallion standing in California. If the mare cannot be bred for two successive breeding seasons but remains in California during that period, her foal shall be considered to be a California-bred thoroughbred.

(c) A "California-bred quarter horse" is a quarter horse foal dropped by a mare in California after being conceived in California and remaining in California until the foal is weaned, or any quarter horse foal which is conceived in California on or after January 1, 1981.

(d) A "California-bred standardbred horse" is a standardbred foal dropped by a mare in California after being conceived in California and remaining in California until the foal is weaned, or any standardbred foal which is conceived in California on or after January 1, 1984.

(e) A "California-bred Appaloosa horse" is a horse dropped by a mare in California after being conceived in California, or any Appaloosa horse dropped by a mare in California if the mare remains in California to be next bred to a Appaloosa stallion standing in California. If the mare cannot be bred for two successive breeding seasons but remains in California during that period, her foal shall be considered to be a California-bred Appaloosa horse.

SEC. 2. Section 19428 of the Business and Professions Code is amended to read:

19428. The board shall appoint a secretary who shall receive the annual salary established by the board and approved by the Department of Personnel Administration. The secretary shall be the board's executive officer and shall carry out and execute the duties as specified by law and by the board.

SEC. 3. Section 19440 of the Business and Professions Code is amended to read:

19440. The board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the board shall include, but not be limited to:

(1) Adopting rules and regulations for the protection of the public and the control of horseracing and parimutuel wagering.

(2) Administration and enforcement of all laws, rules and regulations affecting horseracing and parimutuel wagering.

(3) Adjudication of controversies arising from the enforcement of those laws and regulations dealing with horseracing and parimutuel wagering.

(4) Licensing of each racing association and all persons, other than the public at large, who participate in a horserace meeting with parimutuel wagering.

(5) Allocation of racing dates to qualified associations in the best interests of the people of California in accord with the intent of this chapter.

The board may delegate to stewards such of its powers and duties that are necessary to carry out fully and effectuate the purposes of this chapter.

The board upon due consideration may overrule any steward's decision if a preponderance of evidence indicates:

(a) The stewards mistakenly interpreted the law.

(b) New evidence of a convincing nature is produced.

(c) The best interests of racing and the state may be better served. However, (a) any decision pertaining to the finish of a race, as used for purposes of parimutuel fund distribution to winning ticketholders, may not be overruled; and (b) any decision pertaining to the distribution of purses may only be changed if a claim is made in writing to the board by one of the involved owners or trainers, and a preponderance of evidence clearly indicates to the board that one or more of the grounds for protest, as outlined in regulations prepared by the board, has been substantiated. The chairman of the

board may issue a stay of execution pending appeal from a steward's decision if the facts justify such action.

SEC. 4. Section 19441 of the Business and Professions Code is amended to read:

19441. The board shall annually make a full report to the Governor and the Legislature of its proceedings for the preceding fiscal year, on or before January 31, and shall embody therein any recommendations deemed needed for improved functioning of the horseracing laws.

SEC. 5. Section 19442 of the Business and Professions Code is amended to read:

19442. The board shall contract with persons licensed as stewards pursuant to Section 19510 to perform the duties of stewards at horseracing meets and representatives of the affected racing associations shall be entitled to participate in the negotiation of the contracts. Contracts shall be upon such terms as the board and the stewards may mutually agree upon and may contain differing rates of compensation based upon the experience of the steward.

The board shall assess each racing association prior to the start of any race meet for an amount equal to the total compensation to be paid to the stewards assigned by the board to the race meet. The funds shall be paid to the board by the associations in equal installments at the end of each week, or partial week of racing. The board shall maintain these funds in a separate trust account in the State Treasury, and the board may withdraw advances from the trust account which are sufficient to meet the requirements of the stewards' compensation program, including costs incurred for reasonable and necessary administrative operations but in amounts not to exceed 2 percent of the total of funds assessed for the program.

The board shall establish a committee of at least two board members to meet at least quarterly with representatives of the stewards, so that recommendations of the stewards can be discussed as necessary. These meetings may be scheduled the same day as regular board meetings or at the convenience of the board.

SEC. 6. Section 19444 is added to the Business and Professions Code, to read:

19444. In performing its responsibilities pursuant to this chapter, the board may do the following:

(a) Pay membership fees, join, and participate in the affairs of associations having for their purpose the interchange of information relating to racing law enforcement, the licensing of horseracing participants, the registration of race horses, and subjects relating to the duties of the board.

(b) Tabulate, analyze, and publish statistical information based upon parimutuel handles, attendance, distribution of parimutuel proceeds among fees, commissions, purses, and awards, and upon the breeding and production of race horses or other information relating to parimutuel wagering.

(c) Conduct research to determine more fully the cause and

prevention of horseracing accidents, the effects of drug substances on the race horses, and the means for detection of foreign drug substances.

SEC. 7. Section 19463 of the Business and Professions Code is amended to read:

19463. The action of the board in suspending or revoking a license issued under this chapter is final, except that the propriety of the action of suspending or revoking a license or of any other final administrative action of the board is subject to review by any court of competent jurisdiction if the action is commenced in the court within 30 days of the board's action. The action of the board shall stand unless and until reversed by a court. No action may be commenced in a court to attack, review, set aside, void, or annul any final action of the board unless it is commenced within 30 days of the board's action.

SEC. 8. Section 19466 is added to the Business and Professions Code, to read.

19466. The board shall maintain a current listing of its temporary and permanent licensees and shall include therein identifying information as to each licensee and the address of record. The board may provide a copy of the listing in the form requested by any federal, state, county, or municipal authority or racing jurisdiction. The board may require that its costs for providing a copy of a listing be reimbursed by the requesting authority or agency or organization.

SEC. 9. Section 19612.1 of the Business and Professions Code is amended to read:

19612.1. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of more than six hundred fifty thousand dollars ($650,000), which conducts a harness, quarter, or Appaloosa horse meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the following percentage ratio: to the association as additional commission, 59.5 percent; to the horsemen as additional purses, 40.5 percent.

(b) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning or placing second at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an

owner in any one race shall not exceed 15 percent of the total awards fund.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums. The organizations may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(c) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(d) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

(e) In addition to the amounts otherwise deducted pursuant to this section, every harness racing association shall deduct an additional 2 percent of its exotic parimutuel pools to be distributed equally as commissions and purses.

SEC. 10. Section 19612.1 of the Business and Professions Code is amended to read:

19612.1. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of more than seven hundred fifty thousand dollars ($750,000) which conducts a harness, quarter, or Appaloosa horse meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the following percentage ratio: to the association as additional commission, 59.5 percent; to the horsemen as additional purses, 40.5 percent.

(b) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning or placing second at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are

received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums. The organizations may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(c) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(d) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

(e) In addition to the amounts otherwise deducted pursuant to this section, every harness racing association shall deduct an additional 2 percent of its exotic parimutuel pools to be distributed equally as commissions and purses.

(f) This section shall remain in effect only until two years after the date of enactment of Assembly Bill 4053 and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 11. Section 19612.2 of the Business and Professions Code is amended to read:

19612.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of six hundred fifty thousand dollars ($650,000) or less, except an association subject to Section 19614.2, which conducts a harness,

quarter, or Appaloosa horse meeting may deduct from the total amount handled in its daily exotic parimutuel pool up to 3 percent thereof to be distributed as additional commissions and purses as follows:

(1) For quarter horse meetings conducted other than pursuant to Section 19612.6 and for Appaloosa horse meetings, as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting.

(2) For harness and quarter horse meetings conducted pursuant to Section 19612.6, 50 percent as commissions and 50 percent as purses.

(b) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning or placing second at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums. The organizations may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(c) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(d) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a) and its distribution

between commissions and purses. Except with the consent of the board, the amount of the deduction and its distribution shall not be changed during the course of the meeting.

(e) In addition to any deductions pursuant to this section, every harness racing association shall also deduct an additional 2 percent of its daily exotic parimutuel pool to be distributed equally as commissions and purses.

SEC. 12. Section 19612.2 of the Business and Professions Code is amended to read:

19612.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of seven hundred fifty thousand dollars ($750,000) or less, except an association subject to Section 19614.2, which conducts a harness, quarter, or Appaloosa horse meeting may deduct from the total amount handled in its daily exotic parimutuel pool up to 3 percent thereof to be distributed as additional commissions and purses as follows:

(1) For quarter horse meetings and for Appaloosa horse meetings, as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting.

(2) For harness horse meetings conducted pursuant to Section 19612.6, 50 percent as commissions and 50 percent as purses.

(b) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning or placing second at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums. The organizations may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(c) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess

of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. Except for fair meetings, the maximum award made to an owner in any one race shall not exceed 15 percent of the total awards fund. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(d) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a) and its distribution between commissions and purses. Except with the consent of the board, the amount of the deduction and its distribution shall not be changed during the course of the meeting.

(e) In addition to any deductions pursuant to this section, every harness racing association shall also deduct an additional 2 percent of its daily exotic parimutuel pool to be distributed equally as commissions and purses.

(f) This section shall remain in effect only until two years after the date of enactment of Assembly Bill 4053 and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 13. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, the California Exposition and State Fair, or a district or county fair, or an association conducting its meeting pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52 percent shall be distributed as additional purses and 48 percent shall be distributed as additional commissions.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board the amount of the deduction shall not be changed during the course of the meeting.

(c) From the amount deducted for thoroughbred purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning at the meeting. The sum shall be deposited within seven days of the close of the meeting with the official registering agency of California thoroughbred racehorses in a depository approved by the board. After deduction of expenses, not to exceed 5 percent, and approval of all the deductions by the board, the fund shall then be distributed on a prorated percentage basis of first moneys earned to

the persons owning California-bred thoroughbreds at the time of their wins at races having a total purse value of five thousand dollars ($5,000) or more.

(d) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning or placing at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second place moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums.

The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(e) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owner's premiums for California-breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

SEC. 14. Section 19617.7 of the Business and Professions Code is amended to read:

19617.7. Any association conducting a quarter horse racing meeting, except for a mixed breed meeting or a fair meeting, shall deduct an additional 0.2 of 1 percent of the total amount handled in its daily conventional and exotic parimutuel pools for quarter horse races.

The board shall designate the officially recognized organization representing quarter horse horsemen to administer this section and to distribute amounts deducted under this section. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total amount deducted.

After deduction of the percentage for administrative expenses, the amounts deducted under this section shall be distributed as follows:

(a) An amount equal to 10 percent of the second place share of the purse won by a California-bred quarter horse at any meeting held in the state, other than a fair or mixed breed meeting, shall be paid to the breeder of the animal.

(b) The amount remaining after the payments are made under subdivision (a) shall be used for the payment of quarter horse stallion awards as provided in this subdivision.

At the end of the calendar year, stallion awards shall be made on a prorated percentage based on the win and second place shares of the purse, exclusive of all purse money not derived from the parimutuel pools, to the owners of sires of quarter horses who have been officially placed first or second in one or more races other than maiden or claiming races at a quarter horse meeting, or in a nonmaiden claiming race at a quarter horse meeting in races having a total purse value equal to, or in excess of, the average purse value for races, other than stakes races, won by California-bred quarter horses during the previous year, or in any quarter horse stakes race run at the California Exposition and State Fair, or at any county or district agricultural association fair or mixed meeting.

Stallion awards shall not be made to the owner of a sire which has been out of the state for breeding purposes during the calendar year.

Stallion awards shall not be made for any race run outside the State of California.

If there are insufficient funds to make all of the distributions in this section, there shall be no additional assessments made against any association to fund the deficiencies.

SEC. 15. Sections 10 and 12 of this bill incorporates amendments to Sections 19612.1 and 19612.2 of the Business and Professions Code proposed by both this bill and AB 4053. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1985, (2) each bill amends Sections 19612.1 and 19612.2 of the Business and Professions Code, and (3) this bill is enacted after AB 4053, in which case Sections 19612.1 and 19612.2 of the Business and Professions Code, as amended by AB 4053, shall remain operative only until the operative date of this bill, at which time Sections 10 and 12 of this bill shall become operative, and Sections 9 and 11 of this bill shall not become operative until two years after the date of enactment of AB 4053.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to apply to the current racing season, it is necessary that this act take effect immediately.

CHAPTER 1741

An act to amend Section 2881 of the Public Utilities Code, relating to the Public Utilities Commission.

[Approved by Governor September 6, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Public Utilities Code is amended to read:

2881. (a) The commission shall design and implement a program whereby each telephone corporation shall provide a telecommunications device capable of servicing the needs of the deaf or severely hearing-impaired, together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as deaf or severely hearing-impaired by a licensed physician, audiologist, or a qualified state agency and to any subscriber which is an organization representing the deaf or severely hearing-impaired, as determined and specified by the commission pursuant to subdivision (d).

(b) The commission shall also design and implement a program whereby each telephone corporation shall provide a dual party relay system, using third party intervention to connect deaf or severely hearing-impaired persons and offices of organizations representing the deaf or severely hearing-impaired, as determined and specified by the commission pursuant to subdivision (d), with persons of normal hearing by way of intercommunications devices for the deaf or severely hearing-impaired and the telephone system, making available reasonable access of all phases of public telephone service to deaf or severely hearing-impaired telephone subscribers. In order to make a dual party relay system which will meet the requirements of deaf and severely hearing-impaired persons available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual party relay service to the deaf or severely hearing-impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987.

(c) The commission shall establish a rate recovery mechanism, which shall not exceed three cents ($0.03) per month for each line of a subscriber, to allow telephone corporations to recover costs as they are incurred under this section.

(d) The commission shall determine and specify those statewide organizations representing the deaf or severely hearing-impaired

which shall receive a telecommunications device pursuant to subdivision (a) or a dual party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office. The commission shall direct the telephone corporations subject to its jurisdiction to comply with its determinations and specifications in this regard.

CHAPTER 1742

An act to add Section 7010 to the Penal Code, relating to prisons.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 7010 is added to the Penal Code, to read:

7010. (a) The Director of Corrections may solicit bids for any lease or lease-purchase for the establishment of a prison facility for a site in Los Angeles County.

(b) The director may not accept any lease or lease-purchase bid or execute any lease or lease-purchase agreement unless and until the bid or agreement is submitted for review and approval under the procedure described in Section 7003.

(c) Any lease or lease-purchase agreement executed pursuant to this section shall contain, as a condition of the agreement, stipulations requiring compliance with the provisions of Chapter 1 (commencing with Section 1720) of Part 7 of the Labor Code in the construction of any facility within the scope of the agreement.

CHAPTER 1743

An act to amend Section 5700 of, and to add Chapter 3.1 (commencing with Section 15819.1) to Part 10b of Division 3 of Title 2 of, the Government Code, to amend Sections 7003, 7006, and 13602 of the Penal Code, to amend Section 10103.5 of, and to add Section 10122.5 to, the Public Contract Code, and to amend Section 10 of Chapter 958 of the Statutes of 1983, relating to prisons, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 5700 of the Government Code is amended to read:

5700. "Bonds" as used in this chapter means (a) any bonds or other evidences of indebtedness issued after the effective date of this chapter by the state or any state department, board, agency or authority or (b) any bonds or other evidences of indebtedness issued by any joint powers agency created under Chapter 5 (commencing with Section 6500) of Division 7 that are payable from payments made with respect to a lease or sale of property to or from the state or any state department, board, agency, or authority. For purposes of this chapter, "evidence of indebtedness" includes, but is not limited to, certificates of participation or interests in any rental or lease payments or installment purchase payments, in an aggregate principal amount exceeding $10,000,000, to be made by the state or any state department, board, agency, or authority with respect to buildings or other capital improvements.

SEC. 1.5. Chapter 3.1 (commencing with Section 15819.1) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 3.1. LEASE-PURCHASE FINANCING OF PRISON CONSTRUCTION

15819.1. The following terms shall, for purposes of this chapter, have the meanings given to them in this section:

(a) "Lease-purchase financing" means the financing of the acquisition and construction of prison facilities from the proceeds of the sale of revenue bonds or certificates of participation authorized by the board.

(b) "Certificate of participation" means any security evidencing an undivided, proportionate interest in lease payments to be made by the department to the board under a lease or lease-purchase agreement. The board shall assign all or some of its rights, title, and interest in the lease to a trustee for the benefit of the owners of the certificates, including its right to receive lease payments and additional rental thereunder.

(c) "Prison facility" means real property, fixtures, furnishings, equipment, and related improvements for the following facilities:

(1) State Prison - Kings County.

(2) One of the following three facilities:

(A) State Prison - Los Angeles County.

(B) State Prison - Riverside County.

(C) State Prison - San Bernardino County.

(d) "Prison facilities lease" means any lease of a prison facility entered into by the Director of Corrections.

(e) "Lease pledge" means the pledge of the board of moneys for payment under the prison facilities lease.

(f) "Lessor" means the lessor under any prison facilities lease and any trustee on behalf of the lessor.

(g) "Bonds" means revenue bonds issued to finance the cost of acquiring and constructing prison facilities.

15819.2. Without obtaining further authorization under Section 15808, the board may acquire, may obtain an option to purchase, and may engage in the construction of prison facilities at, any site which, by statutory authorization, may be used, owned, or hereafter acquired by the Department of Corrections, but only at the request or with the consent of the Department of Corrections.

15819.3. The board may finance the construction of prison facilities using lease-purchase financing arrangements either by the issue of revenue bonds pursuant to Chapter 5 (commencing with Section 15830) or by the sale of certificates of participation. The construction and acquisition of prison facilities and the financing of them constitutes the construction of public buildings for the purposes of Chapter 5 (commencing with Section 15830). The total amount of revenue bonds or certificates of participation to be issued pursuant to this section is a maximum of three hundred million dollars ($300,000,000).

15819.35. Lease-purchase financing shall not be used unless the Treasurer determines that the net interest cost, including anticipated interest earnings and costs of issuance, associated with a lease-purchase financing are comparable to the net interest cost, including costs of issuance, associated with general obligation bond financing of a similar size and term. The costs associated with the bond shall either be the costs of the most recent bond issue, if this is no earlier than 30 days from the day the determination is made, or of the cost of bonds in the secondary market no earlier than 30 days prior to making his or her determination. As used in this section, "comparable" means that the net interest cost rate associated with lease-purchase financing, as adjusted to reflect anticipated interest earnings on any reserve funds established from the proceeds of the financing, shall not exceed the net interest cost rate of the general obligation bond financing by more than 75 basis points.

15819.37. The revenue bonds or certificates of participation authorized to be issued by this chapter shall be sold pursuant to Section 15832.

15819.4. Notwithstanding Section 15816, the public buildings acquired or constructed by the board pursuant to this chapter shall be and remain under the jurisdiction and control of, and shall be operated and maintained by, the Department of Corrections. Construction of any prison facilities utilizing the financing methods authorized in this chapter shall be done on behalf of the board by the Department of Corrections. The Department of Corrections may contract with a construction manager for construction and other services related to the construction of prison facilities financed pursuant to this chapter.

15819.5. Such amount as may be necessary to pay semiannually

the amount required to pay rent for the public buildings authorized to be acquired and constructed pursuant to this chapter and under and pursuant to a prison facilities lease is hereby appropriated each fiscal year payable from the fund in the State Treasury from which the Department of Corrections derives its appropriation for support and shall become available only if the Department of Finance certifies to the Controller that the amount required semiannually to pay this rent has not been included in the Budget Act for that fiscal year for the support of the Department of Corrections.

15819.55. Forty-five days prior to marketing revenue bonds or certificates of participation authorized by this chapter, the Department of Corrections shall notify the chairpersons of the fiscal committees in each house, the chairpersons of the Assembly Criminal Law and Public Safety Committee and the Senate Judiciary Committee, the Chairperson of the Joint Legislative Budget Committee, and the Chairperson of the Joint Legislative Prison Committee of the general parameters of the proposed sale, including the size and terms of the issue, the anticipated debt service requirements, and any other significant factors affecting the sale.

The Department of Corrections shall report to these named chairpersons on a quarterly basis following the sale of the bonds or notes on the progress of any acquisition or construction financed by the sale and on the then current debt service requirements.

15819.6. Notwithstanding Section 15818, the revenues, rentals, and receipts from all public buildings authorized under this chapter may be pledged to the payment of the principal of, premium if any, and interest on the revenue bonds or certificates of participation issued to finance the acquisition and construction of all such buildings. The revenue bonds or certificates of participation issued to finance these public buildings may be equally secured by a lien upon the revenues, rentals, and receipts without priority for number, date of revenue bonds or certificates of participation, of sale, of execution, or of delivery pursuant to this part.

15819.7. The board, as additional security for a prison facilities lease, may agree to pledge and assign all or any portion of any moneys as may be legally available from time to time, to secure payments of the prison facilities lease to a fiscal agent, the Treasurer, or to a trustee in trust for the persons entitled thereto.

15819.75. In addition to any other powers granted by law, the board may for the purposes of this chapter:

(a) Obtain insurance against loss by fire or other hazards on public buildings, both during and after construction, and obtain insurance against loss of revenues from any causes whatsoever, for the protection of the certificate of participation holders, bondholders, or holders of any of its negotiable notes or negotiable bond anticipation notes.

(b) Issue negotiable notes and negotiable bond anticipation notes as provided in this part, to obtain interim funds to pay the cost of public buildings, secure the payment of negotiable notes and

negotiable bond anticipation notes and interest thereon as provided in this part, and provide for the security of negotiable notes and negotiable bond anticipation notes and the rights of the holders thereof.

The board may authorize the preparation of bid proposals for the construction of projects prior to obtaining interim financing. However, no contracts shall be executed until interim financing is available to the board.

(c) Obtain and assign options to purchase prison facility sites authorized by the Legislature.

15819.8. (a) The terms of a prison facilities lease may do all of the following:

(1) Authorize the sale of certificates of participation or other representations of interest in some or all of the lessor's rights under the lease and the assignment of some or all of the lessor's rights under the lease to a trustee on behalf of the lessor and the holders of the revenue bonds or certificates of participation or other representations of interest.

(2) Contain such other terms, covenants, and conditions as the board may prescribe.

(b) The lease may be for any term not to exceed 30 years.

15819.9. An amount not to exceed the amount of unsold revenue bonds or certificates of participation which the board has by resolution authorized to be sold for the purpose of carrying out this chapter is hereby appropriated from the General Fund to the Director of Finance, who may direct that any portion of that amount shall be deposited into a special account in the Public Building Construction Fund, to be used for the construction of prison facilities to be financed pursuant to this chapter. Any amounts made available from the General Fund under this section to the board shall be repaid by the board to the General Fund from the proceeds received from the sale of revenue bonds or certificates of participation sold for the purpose of carrying out this chapter. Any such amounts shall be repaid to the General Fund with interest at the rate which the Treasurer certifies would have been earned on those amounts if invested in the Pooled Money Investment Fund.

15819.91. Notwithstanding Section 13340 of the Government Code, funds derived from the financing methods authorized by this chapter and deposited in the State Treasury are hereby continuously appropriated to the Department of Corrections on behalf of the board for the purpose of acquiring and constructing the prison facilities so financed.

15819.95. During the 1984–85 fiscal year, the Department of Corrections may make lease payments, required to be made during that year, from Item 5240-001-001 of the Budget Act of 1984.

15819.96. This chapter shall be interpreted in a manner that will promote the security of the revenue bond or certificate of participation holders and the expeditious construction of prison facilities funded pursuant to it.

SEC. 2. Section 7003 of the Penal Code is amended to read:

7003. The department shall submit completed preliminary plans, proposed staffing patterns and proposed inmate work programs for all facilities included within its master plan, as defined in subdivision (b) of Section 7000, as soon as is practicable, but no later than 30 days prior to submission to the Public Works Board, to the Joint Legislative Prison Committee and the fiscal committees of the Senate and Assembly for review and approval. The department shall submit proposed staffing patterns at the time preliminary plans for inmate housing facilities are submitted. The department shall submit proposed inmate work-training programs at the time preliminary plans for the industrial vocational education buildings are submitted.

If each committee does not, by majority vote of the committee membership, approve the submittal, the Public Works Board shall not act upon the affected plans. If a committee fails to take any action with respect to the submitted plans within 30 days after submittal, such inaction shall be deemed to be approval for purposes of this section.

SEC. 3. Section 7006 of the Penal Code is amended to read:

7006. (a) The Department of the Youth Authority is authorized to transfer to the Department of Corrections title to any property of the Preston School of Industry at Ione not currently being used by the Department of the Youth Authority

(b) The Department of the Youth Authority is authorized to transfer to the Department of Corrections title to any property of the Northern California Youth Center near Stockton not currently being used by the Department of the Youth Authority.

SEC. 4. Section 13602 of the Penal Code is amended to read:

13602. The departments shall jointly use the training academy at Galt. The academy shall be known as the Richard A. McGee Academy. The training divisions, in using the funds, shall endeavor to minimize costs of administration so that a maximum amount of the funds will be used for providing training and support to correctional peace officers while being trained by the departments.

SEC. 5. Section 10103.5 of the Public Contract Code is amended to read:

10103.5. Work performed by prisoners pursuant to an order by the Director of the Department of Corrections or by the Prison Industry Authority is not subject to this part, provided that the total cost of a project for the construction of new, previously unoccupied prison facilities or additions to an existing facility shall not exceed fifty thousand dollars ($50,000) unless it is first approved by the Public Works Board.

SEC. 5.3. Section 10122.5 is added to the Public Contract Code, to read:

10122.5. For the purposes of Section 10122, all day labor utilized by the Department of Corrections shall be performed by individuals who are represented by a duly authorized employee representative unless individuals with that qualification are not reasonably

available.

SEC. 5.5. Section 10 of Chapter 958 of the Statutes of 1983 is amended to read:

Sec. 10. There is hereby appropriated from the New Prison Construction Fund to the Department of Corrections for capital outlay the sum of one hundred sixty-nine million seven hundred two thousand five hundred dollars ($169,702,500) to be allocated as follows:

(a) Correctional Training Facility		1,770,000
Schedule:		
(1) Sewage and Water improvements: preliminary plans and working drawings	220,000	
(2) Security improvements: preliminary plans, working drawings and construction..	1,550,000	
(b) Deuel Vocational Institution: Security improvements: preliminary plans, working drawings and construction.....		1,400,000
(c) California Men's Colony: Sewage improvements		662,500
(d) California Medical Facility		77,500,000
Schedule:		
(1) One 1200-bed (Levels I and II) facility: preliminary plans and working drawings	3,000,000	
(2) One 1200-bed (Level III) facility: preliminary plans, working drawings, and construction	67,500,000	
(3) Long lead items ..	7,000,000	
(e) On state-owned property in Ione or within 5 miles of the city limits of Ione or at an abandoned military facility other than Camp Roberts		54,000,000
Schedule:		
(1) One 1200-bed (Levels I and II)		

facility: studies, preliminary plans, working drawings, site acquisition, and construction	50,850,000	
(2) Long lead items	2,250,000	
(3) Off-site development and utilities: preliminary plans and working drawings	900,000	
(f) In the City of Avenal or within 5 miles of the city limits of Avenal in Kings County		18,500,000
Schedule:		
(1) One 3000-bed (Levels I and II) facility: site acquisition studies, master plan, preliminary plans, and working drawings	15,000,000	
(2) Long lead items	3,500,000	
(g) The conservation and maintenance camps authorized pursuant to Assembly Bill 436: preliminary plans, working drawings, and construction		15,291,000
Provisions:		
1. The funds appropriated for the purposes of subdivision (g), and the funds appropriated in Item 5240-301-036(14) of the Budget Act of 1982 shall be used for development of at least 1,000 conservation and maintenance camp beds.		
(h) Bautista Conservation and Maintenance Camp—Environmental Impact Report (EIR), initial studies, schematics, preliminary plans, working drawings, and construct Bautista Road		575,000

SEC. 6. There is hereby appropriated from the New Prison Construction Fund to the Department of Corrections for capital outlay the sum of fourteen million two hundred thousand dollars ($14,200,000) to be allocated as follows:

(a) California Medical Facility: one

1200-bed (Level II) facility: construction 11,700,000

(b) California State Prison, San Diego: off-site development and utilities, plans, working drawings, and construction 1,200,000

(c) California State Prison, Riverside: additional funding, preliminary plans, and working drawings 1,300,000

SEC. 7. There is hereby appropriated from the 1984 Prison Construction Fund to the Department of Corrections for capital outlay the sum of one million six hundred thousand dollars ($1,600,000) to be allocated as follows:

(a) 61.01.006.001—Capital program management, technical professional services 1,500,000

(b) 61.01.007.001—General and advance planning and studies 100,000

SEC. 8. There is hereby appropriated from the Special Account for Capital Outlay to the Department of Corrections for capital outlay the sum of two million six hundred seventy thousand dollars ($2,670,000) to be allocated as follows:

(a) California Rehabilitation Center, Norco: acquisition of sewage treatment plant capacity 2,670,000

SEC. 9. Notwithstanding any other provision of law, the unencumbered balances, on June 30, 1984, of the appropriations provided in the following citations, are reappropriated effective July 1, 1984 for the purposes provided for in such appropriations and any additional purposes provided in this section, and shall be available for expenditure until June 30, 1985:

(1) Chapter 326, Statutes of 1982, Item 5240-301-723(2.1), California State Prison at Folsom—61.07.005 construct site development and utilities.

(2) Chapter 326, Statutes of 1982, Item 5240-301-723(4.1), Southern Maximum Security Complex—Tehachapi—61.04.003 support services facilities, construction.

(3) Chapter 326, Statutes of 1982, Item 5240-301-723(5), Temporary housing—61.01.002 various—acquisition and construction of temporary housing.

(4) Chapter 326, Statutes of 1982, Item 5240-301-723(6), California Men's Colony, West—61.10.006 phase II construction and renovation.

(5) Chapter 326, Statutes of 1982, Item 5240-311-723(4), Tempo-

rary housing—61.01.002 various—acquisition and construction of temporary housing units.

SEC. 10. Notwithstanding any other provision of law, as of June 30, 1984, the unencumbered balance of the appropriations provided in the following citations shall revert to the unappropriated surplus of the New Prison Construction Fund:

(1) Chapter 326, Statutes of 1982, Item 5240-301-723(9), Medium Facility #1: 61.01.008—Land acquisition, EIR, initial studies, planning, master planning and schematics; provided that this reversion shall be limited to four million dollars ($4,000,000).

(2) Chapter 326, Statutes of 1982, Item 5240-301-723(10), Medium Facility #2: 61.01.010—Land acquisition, EIR, initial studies, planning, master planning and schematics; provided that this reversion shall be limited to four million dollars ($4,000,000).

SEC. 11. The Department of Corrections, in cooperation with the California State Building and Construction Trades Council, shall develop apprenticeship programs in the buildings trades for inmates. The department shall report to the Legislature on its plans for this program by July 1, 1985.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Presently, the state prisons are operating at over 150 percent of capacity and the prison population is still increasing. It is essential to the public safety that construction of new prisons proceed as expeditiously as possible to relieve prison overcrowding, and it is the intent of the Legislature that, consistent with the need for expeditious action, the Department of Corrections utilize phased contracting, multiple and phase contracts, early procurement of long lead-time items, lease-purchase financing, and other technologies to accelerate authorized construction projects; thus, it is necessary that this act go into immediate effect.

CHAPTER 1744

An act to amend Section 1255.5 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 11, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1255.5 of the Health and Safety Code is amended to read:

1255.5. For purposes of Section 1255, the following definitions shall apply:

(a) "Cardiac catheterization" includes an intravascular insertion of a catheter into the heart for the primary definition and diagnosis of an anatomic cardiac lesion. For the purposes of this definition, the insertion of a Swan-Ganz thermodilution cardiac output catheter, a venous line, and a temporary pacemaking electrode catheter are excluded.

(b) "Cardiac surgery" means surgery on the heart or great vessels requiring a thoracotomy and extracorporeal circulation.

(c) "Cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterizations and cardiac surgery as defined in this section. Under no circumstances shall there exist in a general acute care hospital a cardiac surgery service without a cardiac catheterization laboratory service.

(d) "Cardiac catheterization laboratory service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization. Cardiac catheterization laboratory service does not include pediatric cardiac catheterization laboratory service. Cardiac catheterizations may be performed in either dedicated or multipurpose laboratories. For purposes of this subdivision only, "multipurpose laboratory" means a laboratory which is dedicated primarily to cardiac catheterization procedures. Under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic as defined in subdivision (*l*) of Section 1206 which qualifies for such definition as of March 1, 1983.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients.

(f) "Intensive care newborn nursery services" means the provision of comprehensive and intensive care for all contingencies of the newborn infant, including intensive, intermediate, and continuing care. Policies, procedures, and space requirements for intensive, intermediate, and continuing care services shall be based upon the standards and recommendations of the American Academy of Pediatrics Guidelines for Perinatal Care, 1983.

(g) Notwithstanding subdivision (d), a health facility which, as of December 31, 1983, was approved by the state department to offer a cardiac catheterization laboratory service in either a dedicated or multipurpose laboratory shall not be prevented from continuing to offer the cardiac catheterization laboratory service in either a dedicated or multipurpose laboratory after January 1, 1984.

CHAPTER 1745

An act to amend Section 15438.1 of the Government Code, and to amend Sections 437.6, 437.10, 437.12, 438.3, 438.5, 438.51, and 1255.5 of, to amend and renumber Section 437.117 of, to add Sections 437.116, 439.3, and 439.7 to, and to repeal Sections 437.119, 437.14, and 439.7 of, the Health and Safety Code, relating to health.

[Approved by Governor September 25, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 15438.1 of the Government Code is amended to read:

15438.1. (a) No project shall be eligible for approval under this part unless a certificate of need has first been obtained pursuant to Part 1.5 (commencing with Section 437) of Division 1 of the Health and Safety Code, a certificate of exemption has been obtained pursuant to those provisions, or the project is otherwise exempt from certificate of need or certificate of exemption review and approval.

(b) Notwithstanding any other provision of law, on and after January 1, 1987, the provisions of subdivision (a) are indefinitely suspended. The suspension shall remain in effect for as long as the suspension specified in subdivision (a) of Section 439.7 of the Health and Safety Code continues in existence.

SEC. 2. Section 437.6 of the Health and Safety Code is amended to read:

437.6. (a) The office director shall adopt regulations for the implementation of this part.

(b) Notwithstanding any other provision of this part to the contrary, the office director may suspend the operation of any or all of the following provisions or requirements of this part:

(1) The administrative appeals process for certificate-of-need applications established by Sections 438.8 to 438.12, inclusive. Nothing in this section shall be construed, however, to limit the availability of judicial review of a decision of the office director or of the Advisory Health Council as provided in Section 438.13.

(2) The notification of intent required by Section 438.3.

(c) It is the intent of the Legislature that the office and the area health planning agencies shall not implement the requirements of subdivisions (g) and (h) of Section 1513 of the Public Health Service Act. To the extent required by federal law, the office and area health planning agencies shall request from the Secretary of the United States Department of Health and Human Services a waiver from those requirements.

(d) The Governor shall not execute an agreement with the Secretary of the United States Department of Health and Human Services pursuant to Section 1122 of Public Law 92-603 as the section

existed on January 1, 1981.

SEC. 3. Section 437.10 of the Health and Safety Code is amended to read:

437.10. Except as otherwise exempted by Section 437.11 or this section, projects requiring a certificate of need issued by the Office of Statewide Health Planning and Development are the following:

(a) Construction of a new health facility, relocation of a health facility or specialty clinic on a site which is not the same site or adjacent thereto, the increase of bed capacity in an existing health facility, the conversion of an entire existing health facility from one license category to another, or the conversion of a health facility's existing beds from any bed classification set forth in Section 1250.1 to skilled nursing beds, psychiatric beds, or intermediate care beds, and the conversion of skilled nursing beds, psychiatric beds, or intermediate care beds to any other bed classification set forth in Section 1250.1, except for skilled nursing beds or intermediate care beds licensed as of March 1, 1983, as part of a general acute care hospital. The conversion may not exceed during any three-year period 5 percent of the existing beds of the bed classification to which the conversion is made.

A health facility may use beds in one bed classification which, pursuant to the facility's license, have been designated in another bed classification, if all of these bed classification changes do not at any time exceed 5 percent of the total number of the facility's beds as set forth by the facility's license and if use meets the requirements of Chapter 2 (commencing with Section 1250) of Division 2. In addition, a facility may use an additional 5 percent of its beds in this manner if the director finds that seasonal fluctuations justify it.

For purposes of this subdivision, "adjacent," means real property within a 400-yard radius of the site on which a health facility or specialty clinic currently exists.

(b) Establishment of a new specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, a project by a health facility for expanded outpatient surgical capacity, the conversion of an existing primary care clinic to a specialty clinic, or the conversion of an existing specialty clinic to a different category of specialty-clinic licensure. It does not constitute a project and no certificate of need is required for the establishment of a primary care clinic, as defined in subdivision (a) of Section 1204, the conversion of an existing specialty clinic to a primary care clinic, or the conversion of an existing primary care clinic to a different category of primary-care-clinic licensure. Any capital expenditure involved in the establishment of a primary care clinic also does not constitute a project, except as provided in subdivision (d).

(c) The establishment of a new special service delineated in subdivision (a), (b), (c), (e), (f), (g), or (h) of Section 1255, or the establishment by a specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, of a new special service identified by or pursuant to Section 1203.

(d) The initial purchase or lease by a clinic subject to licensure under Chapter 1 (commencing with Section 1200) of Division 2, of diagnostic or therapeutic equipment with a value in excess of one million dollars ($1,000,000) in a single fiscal year, or for which the cumulative cost exceeds this amount in more than one fiscal year. For purposes of this subdivision, the purchase or lease of one or more articles of functionally related diagnostic or therapeutic equipment, as determined by the office, shall be considered together.

(e) (1) Any project requiring a capital expenditure for a specialty clinic as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, or for the services, equipment or modernization of a specialty clinic in excess of one million dollars ($1,000,000) in the current fiscal year or cumulation to an expenditure of one million dollars ($1,000,000) in the same fiscal year or subsequent fiscal years for a single project.

(2) The threshold exemptions from certificate-of-need requirements provided for in this subdivision do not apply to projects for expanded outpatient surgical capacity.

(3) For the purposes of this subdivision, "capital expenditure" means any of the following:

(A) An expenditure, including an expenditure for a construction project undertaken by the specialty clinic as its own contractor, which under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance and which exceeds one million dollars ($1,000,000). The cost of studies, surveys, legal fees, land, offsite improvements, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the physical plant and equipment with respect to which the expenditure is made shall be included in determining whether the cost exceeds one million dollars ($1,000,000). Where the estimated cost of a proposed project, including cost escalation factors appropriate to the area in which the project is located, is, within 60 days of the date on which the obligation for the expenditure is incurred, certified by a licensed architect or engineer to be one million dollars ($1,000,000) or less, that expenditure shall be deemed not to exceed one million dollars ($1,000,000) regardless of the actual cost of the project. However, in any case where the actual cost of the project exceeds one million dollars ($1,000,000) the specialty clinic on whose behalf the expenditure is made shall provide written notification of the cost to the state department not more than 30 days after the date on which the expenditure is incurred. The notification shall include a copy of the certified estimate.

(B) The acquisition, under lease or comparable arrangement, or through donation, of equipment for a specialty clinic, the expenditure for which would have been considered a capital expenditure if the person had acquired it by purchase. For the purposes of this paragraph, "donation" does not include a bequest.

(C) Any change in a proposed capital expenditure which itself

meets the criteria set forth in this subdivision.

(4) "Capital expenditure" includes the total cost of the proposed project as certified by a licensed architect or engineer based on preliminary plans or specifications and concurred in by the state department.

(5) For the purposes of this subdivision, "project" does not include the purchase of real property for future use or the transfer of ownership, in whole or part, of an existing specialty clinic or the acquisition of all or substantially all of the assets or stock thereof, or the construction, modernization, purchase, lease, or other acquisition of parking lots or parking structures, telephone systems, and nonclinical data-processing systems.

(6) For the purposes of this subdivision, "modernization" means the alteration, expansion, repair, remodeling, replacement, or renovation of existing buildings, including initial equipment thereof, and the replacement of equipment of existing buildings.

(f) Except as provided in subdivision (g), only those projects where 25 percent or less of the patients are covered by prepaid health care.

(g) Projects otherwise subject to review under subdivision (a) which are for the addition of new licensed skilled nursing beds by construction or conversion, regardless of the percentage of patients served who are covered by prepaid health care.

(h) (1) Except as provided in paragraph (2), the office shall annually adjust the dollar thresholds set forth in subdivisions (d) and (e) to reflect changes in the cost of living, as determined by the Department of Finance, using 1981 as the base year.

(2) Notwithstanding the amount of the dollar thresholds specified in paragraph (1), in the event Congress increases or repeals the amount or amounts of the thresholds, the dollar thresholds set forth in subdivisions (d) and (e) shall be the highest amount or amounts permitted by Public Law 93-641, as amended, or one million dollars ($1,000,000), whichever is less, on the date congressional action is effective.

SEC. 4. Section 437.116 is added to the Health and Safety Code, to read:

437.116. Notwithstanding any other provision of this part, the office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for, any health care project of a health facility that agrees to provide free health care services to indigents over a period of at least five years at a dollar value equal to the dollar value of the exempted project at completion. The annual dollar value of the free care shall be at a level equal to at least 10 percent of the project value as determined in the agreement. The free health care services shall be furnished in the form of direct service or by reimbursement of costs incurred by other facilities if an insufficient number of patients, as determined in the agreement, are referred or present themselves for treatment to account for the minimum 10 percent requirement.

The provision of free care pursuant to this section shall be in accordance with an agreement executed between the health facility granted an exemption and the Statewide Office of Health Planning and Development. If the health facility does not meet the terms of the agreement, the State Department of Health Services shall suspend the license or special permit associated with the exempted project until compliance with the terms is obtained. The obligations imposed by the agreement shall not be discharged by virtue of transfer of ownership, but shall be assumed by a new owner as a condition of transfer.

"Free care," as used in this section, does not include either of the following:

(a) Bad debt unless the debtor makes specific application for relief as an indigent.

(b) Contractual allowances.

SEC. 5. Section 437.117 of the Health and Safety Code, as added by Chapter 1018 of the Statutes of 1983, is amended and renumbered to read:

437.118. Projects for freestanding outpatient surgery units which only perform cataract surgery under the Medi-Cal program or a program which provides over 25 percent of its services to patients covered by prepaid health care are exempt from the certificate-of-need requirement of this part.

As used in this section and in paragraphs (f) and (g) of Section 437.10, patients are covered by prepaid health care if they are members of federally qualified health maintenance organizations.

SEC. 6. Section 437.119 of the Health and Safety Code is repealed.

SEC. 7. Section 437.14 of the Health and Safety Code is repealed.

SEC. 8. Section 437.12 of the Health and Safety Code is amended to read:

437.12. Taking into consideration the basis for decision set forth in Section 437.9:

(a) The office may, in individual cases, grant certificates of need for projects with respect to which it determines that one of the following is applicable:

(1) The applicant has provided evidence that the project will meet the needs or reasonably anticipated needs of a special population including members of a religious body or denomination who desire to receive care and treatment in accordance with their religious convictions.

(2) The applicant has provided evidence that the project is or will be necessary to meet the health needs or reasonably anticipated health needs of adult residents of a nonprofit community care facility, as defined by subdivision (a) of Section 1502, which is owned by the applicant.

(3) The applicant has provided evidence that, as a health facility, it has developed community support for its services as indicated by its current utilization patterns, and has provided health care services for at least five years.

(4) The applicant has provided evidence, when the project is for a new health facility or an increase in bed capacity, that there will be an equal or greater reduction in bed capacity in other health facilities in the area.

(5) The applicant has provided evidence that it will deliver the service proposed to be offered as a result of the project in an innovative and more competitive manner, or at a lower cost than the service is provided by other facilities in the area, and has provided evidence that the quality of care offered will be comparable to that offered by other facilities in the area; or that as a health facility, it serves a disproportionate volume of publicly funded patients, or patients for whom the cost of health care is uncompensated. The office director shall, as he or she deems appropriate, ensure fulfillment of the requirements of this subdivision through conditions mutually agreed upon by the applicant and the office. This paragraph does not apply to projects for the addition of licensed skilled nursing beds by construction or conversion.

Nothing in this subdivision requires the office to grant certificates of need as authorized by this section in any of the above categories.

(b) In the case of a project for a service to be provided by or through a health maintenance organization for which assistance may be provided under Title XIII, the office shall grant a certificate of need for the project unless the office director finds that the project is not needed by the enrolled or reasonably anticipated new members of the HMO or proposed HMO or the beds or services to be provided are available from non-HMO providers or other HMO's in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO.

For the purposes of subdivision (b), beds or services shall not be considered available if they are any of the following:

(1) Dispersed in more than one facility when the HMO's basic method of operation is to provide services through medical centers which consist of a hospital and medical offices at the same site.

(2) Not available under a contract of at least five years' duration, with an option to extend the contract for such additional time period as is reasonably necessary for the HMO to obtain a certificate of need and to construct and equip and begin operating alternative beds or service, in the event the non-HMO provider or other HMO gives notice that it intends to terminate the contract.

(3) Not available under circumstances which would grant full and equal staff privileges to an adequate number of physicians associated with the HMO in appropriate specialties, or otherwise not conveniently accessible through physicians and other health care professionals associated with the HMO.

(4) Not available in a manner which is administratively feasible to the HMO.

(5) More costly than if the services were provided by the HMO.

In order to qualify under this section, a project which is proposed to be provided by or through a health maintenance organization for

which assistance may be provided under Title XIII, and which consists of or includes the construction, development, or establishment of a new inpatient health care facility, shall be a facility which the office determines will be utilized by members of the health maintenance organization for at least 75 percent of the projected annual inpatient days, as determined in accordance with the recommended occupancy levels under the applicable health systems plan.

(c) In the case of a project for a service to be provided by or through an HMO, the office shall not deny a certificate of need with respect to the service (or otherwise make a finding that the service is not needed) in those cases (1) when the office has granted a certificate of need which authorized the development of the service, or expenditures in preparation for the offering or development (or has otherwise made a finding that the development or expenditure is needed), and when the offering of this service will be consistent with the basic objectives, time schedules, and plans of the previously approved application. However, the office may impose a limitation on the duration of the certificate of need which shall expire at the end of this time unless the health service is offered prior thereto, or (2) solely because there is an HMO of the same type in the same area, or solely because the services are not discussed in the applicable health systems plan, annual implementation plan, state health plan, or state medical facilities plan.

(d) A project for a service to be provided by, or through, an HMO which is subject to review under this part shall remain subject to that review, unless the federal law states that an approved state program shall not require a certificate of need for the project.

The office shall establish uniform procedures and criteria for approving applications under this section.

SEC. 9. Section 438.3 of the Health and Safety Code is amended to read:

438.3. At least 20 calendar days prior to the filing of an application for a certificate of need under Section 437.10, the applicant shall notify the office of its intent to apply for a certificate of need. The office may consult with the applicant on the proposed project.

The office may refuse to accept a certificate-of-need application where the applicant has failed to file a notification of intent to apply for a certificate of need pursuant to this section. However, if a certificate of need is issued, it shall not be invalidated on the sole basis of failure of the applicant to notify the office within the time required by this section.

SEC. 10. Section 438.5 of the Health and Safety Code is amended to read:

438.5. (a) Within 45 calendar days of the receipt of the complete application, or an application otherwise deemed complete pursuant to Section 438.2, the Office of Statewide Health Planning and Development shall do one of the following:

(1) Approve the application. The office may approve the

application pursuant to this subdivision with modifications or conditions, provided that the applicant agrees in writing to the modifications or conditions.

(2) Order a hearing if the office determines that substantial questions exist as to the eligibility of the proposed project for certificate-of-need approval. Except as otherwise provided in this section, the hearing shall be held in the health service area served by the applicant.

(b) The office shall order a hearing by the service of a copy of the order on the applicant and the Office of Administrative Hearings. The order shall include the intended position of the Division of Certificate of Need of the office. Upon receipt of the order, the Office of Administrative Hearings shall promptly consult with the parties to the hearing in order to determine the time and place of hearing. Except as otherwise agreed by the parties and the Office of Administrative Hearings, the hearing shall commence within 15 days of the date of the order. Upon the scheduling of the hearing, the Office of Administrative Hearings shall promptly serve notice of the date, location, and time of the hearing upon the parties to the hearing. The Office of Administrative Hearings shall also publish a notice of the date, location, and time of the hearing in at least one newspaper of general circulation in the health service area served by the applicant. The notice shall also include the name and address of the applicant, the nature of the proposed project, and other information deemed relevant by the Office of Administrative Hearings.

(c) The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as otherwise provided in this part. The hearing shall be conducted by a hearing officer assigned by the Office of Administrative Hearings who shall rule on the admission and exclusion of evidence and may exercise all other powers relating to the conduct of the hearing. The division of the office responsible for the review of certificate of need applications shall bear the burden of proof and the burden of producing evidence with respect to all projects. With the concurrence of the parties to the hearing, law and motion matters pertaining to the hearing may be heard by the hearing officer in a location other than the geographic location of the hearing.

(d) The hearing shall conclude within 45 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(2) The hearing is ongoing and continuing during consecutive business days, in which case it shall be concluded as soon as reasonably practicable thereafter.

(e) Within seven days after the conclusion of the hearing, the hearing officer shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing, and

conclusions of law. The proposed decision, findings of fact, and conclusions of law shall be served upon the parties to the hearing.

(f) The director shall make a final decision on an application within seven calendar days after issuance of the proposed decision by the hearing officer. The decision shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of the certificate of need.

(g) Notice of the substance of the office's decision shall be published in a newspaper of general circulation within the health service area served by the applicant within 10 calendar days following the decision.

SEC. 11. Section 438.51 of the Health and Safety Code is amended to read:

438.51. (a) Notwithstanding subdivision (b), (c), (d), (e), or (f) of Section 438.5, if the office orders a hearing on an application, the applicant may request an informal hearing of the matter, described in this section, in lieu of, and in the alternative to, the formal procedures described in subdivisions (b), (c), (d), (e), and (f) of Section 438.5.

(b) If an applicant requests an informal hearing and the office concurs with the request, the office shall proceed as follows:

(1) Within five calendar days after receipt of the request for an informal public hearing, the office shall order the informal public hearing by the service of a copy of the order on the applicant. The order shall include the staff report and recommendations prepared by staff of the office. Except as otherwise agreed by the applicant and the office, the informal public hearing shall commence within 20 days of the date of the order. Upon the scheduling of the hearing, the office shall promptly serve notice of the date, location, and time of the informal public hearing upon the applicant. The office shall also publish a notice of the date, location, and time of the informal public hearing in at least one newspaper of general circulation in the health service area served by the applicant. The notice shall also include the name and address of the applicant, the nature of the proposed project, and other information, deemed relevant by the office.

(2) The informal public hearing shall not be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The informal public hearing shall be conducted by an employee of the office designated by the office director. The person conducting the informal public hearing may exercise all powers relating to the conduct of the hearing, including the power to reasonably limit the length of oral presentations by any person who has been allowed to make a statement.

The informal public hearing shall be conducted as follows:

(A) The applicant shall be given an opportunity to present the

merits of the project and to address the issues raised by the staff report and recommendations.

(B) The office staff shall be given an opportunity to present their analysis of the project.

(C) Other interested persons shall be given an opportunity to present written or oral statements.

(D) The person conducting the informal public hearing may question any person making a written or oral statement and may give the applicant and office staff an opportunity to question any person who has made a written or oral statement.

(E) The applicant and staff shall be given an opportunity to make closing statements.

(F) The office shall make a tape recording of the hearing, and copies of the tape shall be made available at cost upon reasonable notice. However, the applicant shall have a right to bring a certified shorthand reporter to be used in place of the tape recording, provided that they provide the office with a copy of the transcript.

(G) The burden of proof and of producing evidence shall be on the office staff making the presentation.

(c) The informal public hearing shall conclude within 10 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(2) The hearing is ongoing and continuing during consecutive business days, in which case it shall be concluded as soon as reasonably practicable thereafter.

(d) Within 10 days after the conclusion of the informal public hearing, the person conducting the hearing shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing. The proposed decision shall be served upon the applicant and the office staff.

(e) The director shall make a final decision on an application within 10 calendar days after issuance of the proposed decision. The decisions shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of the certificate of need.

(f) Notice of the substance of the office's decisions shall be published in a newspaper of general circulation within the health service area served by the applicant, within 10 calendar days following the decision.

(g) Whether or not an informal hearing is granted shall be at the discretion of the office.

SEC. 12. Section 439.3 is added to the Health and Safety Code, to read:

439.3. Commencing on January 1, 1986, and continuing by

January 1 of each even-numbered year thereafter, the Office of Statewide Health Planning and Development shall report to the Governor and the Legislature. The report shall include, but not be limited to, all of the following:

(a) A description of the distribution of health care services in the state with an emphasis on areas of shortages of health facilities, services, and manpower.

(b) An evaluation of the costs and benefits of regulation, deregulation, and competition on health care, including an assessment of their impact on the availability, access, and quality of services.

(c) A forecast of the future community need for health facilities, services, manpower, and capital.

(d) An evaluation of the effects of regulation and deregulation on special populations, including the uninsured, underinsured, unemployed, and those otherwise disadvantaged. The office may contract with the area health planning agencies to assist in the performance of the requirements of this section.

(e) Any policy recommendations that may facilitate the development of needed health care services.

The office may collect the data from health facilities, or other state or federal agencies, necessary to administer this part, including that provided for in subdivision (g) of Section 441.18. The office shall continue to annually develop the Statewide Health Facilities and Services Plan referred to in Section 437.9.

SEC. 13. Section 439.7 of the Health and Safety Code is repealed.

SEC. 14. Section 439.7 is added to the Health and Safety Code, to read:

439.7. (a) Notwithstanding any other provision of law, on and after January 1, 1987, the requirement that health facilities and specialty clinics apply for, and obtain, certificates of need or certificates of exemption is indefinitely suspended.

(b) Notwithstanding any other provision of law, the provisions of Section 15438.1 of the Government Code shall be suspended for the period of time specified for the suspension in subdivision (a).

SEC. 15. Section 1255.5 of the Health and Safety Code is amended to read:

1255.5. For purposes of Section 1255, the following definitions apply:

(a) "Cardiac catheterization" includes an intravascular insertion of a catheter into the heart for the primary definition and diagnosis of an anatomic cardiac lesion. For the purposes of this definition, the insertion of a Swan-Ganz thermodilution cardiac output catheter, a venous line, and a temporary pacemaking electrode catheter are excluded.

(b) "Cardiac surgery" means surgery on the heart or great vessels requiring a thoracotomy and extracorporeal circulation.

(c) "Cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac

catheterizations and cardiac surgery as defined in this section. Under no circumstances shall there exist in a general acute care hospital a cardiac surgery service without a cardiac catheterization laboratory service.

(d) "Cardiac catheterization laboratory service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization. Cardiac catheterization laboratory service does not include pediatric cardiac catheterization laboratory service. Under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic, as defined in subdivision (*l*) of Section 1206, which qualifies for this definition as of March 1, 1983.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients.

(f) "Intensive care newborn nursery services" means the provision of comprehensive and intensive care for all contingencies of the newborn infant, including intensive, intermediate, and continuing care. Policies, procedures, and space requirements for intensive, intermediate, and continuing care services shall be based upon the standards and recommendations of the American Academy of Pediatrics Guidelines for Perinatal Care, 1983.

SEC. 16. Section 4 of this act shall become operative unless the United States Department of Health and Human Services makes a formal finding that the state is out of conformity with federal health planning law and the Director of the Office of Statewide Health Planning and Development determines, by regulation, that the act would result in substantial reductions in allotments, grants, loans, or loan guarantees made by the federal government to entities within the state. The office director shall notify each house of the Legislature of the adoption or repeal of any regulations pursuant to this section.

CHAPTER 1746

An act to amend Sections 437.12, 438.5, and 438.51 of the Health and Safety Code, relating to health.

[Approved by Governor September 25, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 437.12 of the Health and Safety Code is amended to read:

437.12. Taking into consideration the basis for decision set forth in Section 437.9:

(a) The office may, in individual cases, grant certificates of need for projects with respect to which it determines that one of the following is applicable:

(1) The applicant has provided evidence that the project will meet the needs or reasonably anticipated needs of a special population including members of a religious body or denomination who desire to receive care and treatment in accordance with their religious convictions.

(2) The applicant has provided evidence that the project is or will be necessary to meet the health needs or reasonably anticipated health needs of adult residents of a nonprofit community care facility, as defined by subdivision (a) of Section 1502, which is owned by the applicant.

(3) The applicant has provided evidence that, as a health facility, it has developed community support for its services as indicated by its current utilization patterns, and has provided health care services for at least five years.

(4) The applicant has provided evidence, when the project is for a new health facility or an increase in bed capacity, that there will be an equal or greater reduction in bed capacity in other health facilities in the area.

(5) The applicant has provided evidence that it will deliver the service proposed to be offered as a result of the project in an innovative and more competitive manner, or at a lower cost than the service is provided by other facilities in the area, and has provided evidence that the quality of care offered will be comparable to that offered by other facilities in the area; or that as a health facility, it serves a disproportionate volume of publicly funded patients, or patients for whom the cost of health care is uncompensated. The office director shall, as he or she deems appropriate, ensure fulfillment of the requirements of this subdivision through conditions mutually agreed upon by the applicant and the office. This paragraph does not apply to projects for the addition of licensed skilled nursing beds by construction or conversion.

If an applicant is requesting the exercise of discretion by the office director pursuant to this paragraph, prior to granting a certificate of need, the office director shall receive an evaluation from the State Department of Health Services assessing the potential negative financial impact upon any county owned or operated general acute care hospital. If there is a significant negative potential financial impact, a certificate of need shall not be granted.

Nothing in this subdivision requires the office to grant certificates of need as authorized by this section in any of the above categories.

(b) In the case of a project for a service to be provided by or through a health maintenance organization for which assistance may be provided under Title XIII, the office shall grant a certificate of need for the project unless the office director finds that the project is not needed by the enrolled or reasonably anticipated new members of the HMO or proposed HMO or the beds or services to be provided are available from non-HMO providers or other HMO's in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO.

For the purposes of subdivision (b), beds or services shall not be considered available if they are any of the following:

(1) Dispersed in more than one facility when the HMO's basic method of operation is to provide services through medical centers which consist of a hospital and medical offices at the same site.

(2) Not available under a contract of at least five years' duration, with an option to extend the contract for such additional time period as is reasonably necessary for the HMO to obtain a certificate of need and to construct and equip and begin operating alternative beds or service, in the event the non-HMO provider or other HMO gives notice that it intends to terminate the contract.

(3) Not available under circumstances which would grant full and equal staff privileges to an adequate number of physicians associated with the HMO in appropriate specialties, or otherwise not conveniently accessible through physicians and other health care professionals associated with the HMO.

(4) Not available in a manner which is administratively feasible to the HMO.

(5) More costly than if the services were provided by the HMO.

In order to qualify under this section, a project which is proposed to be provided by or through a health maintenance organization for which assistance may be provided under Title XIII, and which consists of or includes the construction, development, or establishment of a new inpatient health care facility, shall be a facility which the office determines will be utilized by members of the health maintenance organization for at least 75 percent of the projected annual inpatient days, as determined in accordance with the recommended occupancy levels under the applicable health systems plan.

(c) In the case of a project for a service to be provided by or through an HMO, the office shall not deny a certificate of need with respect to the service (or otherwise make a finding that the service is not needed) in those cases (1) when the office has granted a certificate of need which authorized the development of the service, or expenditures in preparation for the offering or development (or has otherwise made a finding that the development or expenditure is needed), and when the offering of this service will be consistent with the basic objectives, time schedules, and plans of the previously approved application. However, the office may impose a limitation on the duration of the certificate of need which shall expire at the

end of this time unless the health service is offered prior thereto, or (2) solely because there is an HMO of the same type in the same area, or solely because the services are not discussed in the applicable health systems plan, annual implementation plan, state health plan, or state medical facilities plan.

(d) A project for a service to be provided by, or through, an HMO which is subject to review under this part shall remain subject to that review, unless the federal law states that an approved state program shall not require a certificate of need for the project.

The office shall establish uniform procedures and criteria for approving applications under this section.

SEC. 2. Section 438.5 of the Health and Safety Code is amended to read:

438.5. (a) Within 45 calendar days of the receipt of the complete application, or an application otherwise deemed complete pursuant to Section 438.2, the Office of Statewide Health Planning and Development shall do one of the following:

(1) Approve the application. The office may approve the application pursuant to this subdivision with modifications or conditions, provided that the applicant agrees in writing to the modifications or conditions.

(2) Order a hearing if the office determines that substantial questions exist as to the eligibility of the proposed project for certificate-of-need approval. Except as otherwise provided in this section, the hearing shall be held in the health service area served by the applicant.

(b) The office shall order a hearing by the service of a copy of the order on the applicant and the Office of Administrative Hearings. The order shall include the intended position of the Division of Certificate of Need of the office. Upon receipt of the order, the Office of Administrative Hearings shall promptly consult with the parties to the hearing in order to determine the time and place of hearing. Except as otherwise agreed by the parties and the Office of Administrative Hearings, the hearing shall commence within 15 days of the date of the order. Upon the scheduling of the hearing, the Office of Administrative Hearings shall promptly serve notice of the date, location, and time of the hearing upon the parties to the hearing. The Office of Administrative Hearings shall also publish a notice of the date, location, and time of the hearing in at least one newspaper of general circulation in the health service area served by the applicant. The notice shall also include the name and address of the applicant, the nature of the proposed project, and other information, deemed relevant by the Office of Administrative Hearings.

(c) The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as otherwise provided in this part. The hearing shall be conducted by a hearing officer assigned by the Office of Administrative Hearings who shall rule on the admission

and exclusion of evidence and may exercise all other powers relating to the conduct of the hearing. With the concurrence of the parties to the hearing, law and motion matters pertaining to the hearing may be heard by the hearing officer in a location other than the geographic location of the hearing.

(d) The hearing shall conclude within 45 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(2) The hearing is ongoing and continuing during consecutive business days, in which case it shall be concluded as soon as reasonably practicable thereafter.

(e) Within seven days after the conclusion of the hearing, the hearing officer shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing, and conclusions of law. The proposed decision, findings of fact, and conclusions of law shall be served upon the parties to the hearing.

(f) The director shall make a final decision on an application within seven calendar days after issuance of the proposed decision by the hearing officer. The decision shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of the certificate of need.

(g) Notice of the substance of the office's decision shall be published in a newspaper of general circulation within the health service area served by the applicant, within 10 calendar days following the decision.

SEC. 3. Section 438.51 of the Health and Safety Code is amended to read:

438.51. (a) Notwithstanding subdivision (b), (c), (d), (e), or (f) of Section 438.5, if the office orders a hearing on an application, the applicant may request an informal hearing of the matter, described in this section, in lieu of, and in the alternative to, the formal procedures described in subdivisions (b), (c), (d), (e), and (f) of Section 438.5.

(b) If an applicant requests an informal hearing and the office concurs with the request, the office shall proceed as follows:

(1) Within five calendar days after receipt of the request for an informal public hearing, the office shall order the informal public hearing by the service of a copy of the order on the applicant. The order shall include the staff report and recommendations prepared by staff of the office. Except as otherwise agreed by the applicant and the office, the informal public hearing shall commence within 20 days of the date of the order. Upon the scheduling of the hearing, the office shall promptly serve notice of the date, location, and time of the informal public hearing upon the applicant. The office shall also publish a notice of the date, location, and time of the informal public

hearing in at least one newspaper of general circulation in the health service area served by the applicant. The notice shall also include the name and address of the applicant, the nature of the proposed project, and other information, deemed relevant by the office.

(2) The informal public hearing shall not be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The informal public hearing shall be conducted by an employee of the office designated by the office director. The person conducting the informal public hearing may exercise all powers relating to the conduct of the hearing, including the power to reasonably limit the length of oral presentations by any person who has been allowed to make a statement.

The informal public hearing shall be conducted as follows:

(A) The applicant shall be given an opportunity to present the merits of the project and to address the issues raised by the staff report and recommendations.

(B) The office staff shall be given an opportunity to present their analysis of the project.

(C) Other interested persons shall be given an opportunity to present written or oral statements.

(D) The person conducting the informal public hearing may question any person making a written or oral statement and may give the applicant and office staff an opportunity to question any person who has made a written or oral statement.

(E) The applicant and staff shall be given an opportunity to make closing statements.

(F) The office shall make a tape recording of the hearing, and copies of the tape shall be made available at cost upon reasonable notice. However, the applicant shall have a right to bring a certified shorthand reporter to be used in place of the tape recording, provided that they provide the office with a copy of the transcript.

(c) The informal public hearing shall conclude within 10 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(2) The hearing is ongoing and continuing during consecutive business days, in which case it shall be concluded as soon as reasonably practicable thereafter.

(d) Within 10 days after the conclusion of the informal public hearing, the person conducting the hearing shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing. The proposed decision shall be served upon the applicant and the office staff.

(e) The director shall make a final decision on an application within 10 calendar days after issuance of the proposed decision. The decisions shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually

agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of the certificate of need.

(f) Notice of the substance of the office's decisions shall be published in a newspaper of general circulation within the health service area served by the applicant, within 10 calendar days following the decision.

(g) Whether or not an informal hearing is granted shall be at the discretion of the office.

CHAPTER 1747

An act to add Chapter 26 (commencing with Section 7570) to Division 7 of Title 1 of the Government Code, and to amend Section 11401 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that a number of state and federal programs make funds available for the provision of education and related services to children with handicaps who are of school age. The Legislature further finds and declares that California has not maximized, or sufficiently coordinated existing state programs, in providing supportive services which are necessary to assist a handicapped child to benefit from special education.

It is the intent of the Legislature that existing services rendered by state and local government agencies serving handicapped children be maximized and coordinated. It is the further intent of the Legislature that specific state and local interagency responsibilities be clarified by this act in order to better serve the educational needs of the state's handicapped children.

SEC. 2. Chapter 26 (commencing with Section 7570) of Division 7 of Title 1 is added to the Government Code, to read:

CHAPTER 26. INTERAGENCY RESPONSIBILITIES FOR PROVIDING SERVICES TO HANDICAPPED CHILDREN

7570. Ensuring maximum utilization of all state and federal resources available to provide handicapped children, as defined in subsection (1) of Section 1401 of Title 20 of the United States Code, with a free appropriate public education, the provision of related services, as defined in subsection (17) of Section 1401 of Title 20 of the United States Code, and designated instruction and services, as

defined in Section 56363 of the Education Code, to handicapped children, shall be the joint responsibility of the Superintendent of Public Instruction and the Secretary of Health and Welfare. The Superintendent of Public Instruction shall ensure that this chapter is carried out through monitoring and supervision.

7571. The Secretary of Health and Welfare may designate a department of state government to assume the responsibilities described in Section 7570. The secretary, or his or her designee, shall also designate a single agency in each county to coordinate the service responsibilities described in Section 7572.

7572. (a) A child shall be assessed in all areas related to the suspected handicap by those qualified to make a determination of the child's need for the service before any action is taken with respect to the provision of related services or designated instruction and services to a child by individuals whose employment standards are not covered by the Education Code. All assessments required or conducted pursuant to this section shall be governed by the assessment procedures contained in Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of the Education Code.

(b) Occupational therapy and physical therapy assessments shall be conducted by qualified medical personnel as specified in regulations developed by the State Department of Health Services.

(c) Psychotherapy and other mental health assessments shall be conducted by qualified mental health professionals as specified in regulations developed by the State Department of Mental Health pursuant to this chapter.

(d) A related service or designated instruction and service shall only be added to the child's individualized education program by the individualized education program team, as described in Part 30 (commencing with Section 56000) of the Education Code, if a formal assessment has been conducted pursuant to this section, and a qualified person conducting the assessment recommended the service in order for the child to benefit from special education. Nothing in this section shall prevent a parent from obtaining an independent assessment in accordance with subdivision (b) of Section 56329 of the Education Code, which shall be considered by the individualized education program team.

(e) Whenever a related service or designated instruction and service specified in subdivision (b) or (c) is to be considered for inclusion in the child's individualized education program, the local education agency shall invite the responsible public agency representative to meet with the individualized education program team to determine the need for the service and participate in developing the individualized education program. If the responsible public agency representative cannot meet with the individualized education program team, then the representative shall provide written information concerning the need for the service pursuant to subdivision (d) of this section. Conference calls, together with

written recommendations, are acceptable forms of participation. A copy of the information shall be provided by the responsible public agency to the parents or any adult pupil for whom no guardian or conservator has been appointed.

7572.5. (a) When an assessment is conducted pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of the Education Code, which determines that a child is seriously emotionally disturbed, as defined in Section 300.5 of Title 34 of the Code of Federal Regulations, and any member of the individualized education program team recommends residential placement based on relevant assessment information, the individualized education program team shall be expanded to include:

(1) A representative of the county mental health department.

(2) A representative of the county welfare department.

(b) The expanded individualized education program team shall review the assessment and determine whether:

(1) The child's needs can reasonably be met through any combination of nonresidential services, preventing the need for out-of-home care.

(2) Residential care will enable the child to benefit from educational services.

(3) Residential services are available which address the needs identified in the assessment and which will ameliorate the conditions leading to the seriously emotionally disturbed designation.

(c) If the review required in subdivision (b) results in an individualized education program which calls for residential placement, the individualized education program shall include all the items outlined in Section 56345 of the Education Code, and shall also include:

(1) Specification of a lead case manager from among the public agency representatives on the team.

(2) Provision for a review of the case progress, the continuing need for out-of-home placement, the extent of compliance with the individualized education program, and progress toward alleviating the need for out-of-home care, by the full individualized education program team at least every six months.

(3) Specific plans for reunification services pursuant to Section 16507.4 of the Welfare and Institutions Code to the parents, so that the child's return home may be appropriately planned for at the earliest time consistent with the child's best interests.

(d) The individualized education program process, with its procedural safeguards and access to appeal procedures, is deemed to meet requirements of an administrative review hearing as called for in Section 475 of the federal Social Security Act (42 U.S.C. Sec. 675), as amended by P.L. 96-272, for purposes of establishing eligibility for foster care maintenance payments.

(e) The superintendent shall enter into an agreement with the Director of the State Department of Social Services which permits

the supervision of placement and care of a child placed out of home pursuant to an individualized education program to be done by the individualized education program team established above. The agreement shall specify how case supervision responsibilities shall be assigned to assure compliance with Chapter 5 (commencing with Section 16500) of Part 4 of Division 9 of the Welfare and Institutions Code, P.L. 96-272 and Part 30 (commencing with Section 56000) of Division 4 of the Education Code.

7573. The Superintendent of Public Instruction shall ensure that local education agencies provide special education and those related services and designated instruction and services contained in a child's individualized education program that are necessary for the child to benefit educationally from his or her instructional program. Local education agencies shall be responsible only for the provision of those services which are provided by qualified personnel whose employment standards are covered by the Education Code and implementing regulations.

7574. Notwithstanding any other provision of law, the State Department of Health Services, or any designated local public health agencies, shall be responsible for medical services which are provided by a licensed physician and surgeon to determine a child's medically related handicapping condition which results in the child's need for special education and related services.

7575. (a) Notwithstanding any other provision of law, the State Department of Health Services, or any designated local agency administering the California Children's Services, shall be responsible for the provision of occupational therapy and physical therapy, as specified by Section 250 et seq. of the Health and Safety Code, by reason of medical diagnosis and when contained in the child's individualized education program.

(b) The department shall determine whether a California Children's Services eligible pupil, or a pupil with a private medical referral is within the scope of its statutory responsibilities. A private medical referral shall be based on a written report indicating the disability from a licensed physician and surgeon who has examined the pupil.

(c) When the California Children's Services panel physician disagrees with the private referral, the referral shall be treated by the individualized education program team as an educational recommendation only. The individualized education program team shall have the responsibility to determine if the services recommended are necessary for the pupil to benefit from special education. Upon this determination, and notwithstanding Section 7573, the provision of these services shall be the responsibility of the local educational agency.

(d) The department shall provide the service directly or by contracting with another public agency, qualified individual, or a state-certified nonpublic nonsectarian school or agency.

(e) Local education agencies shall provide necessary space and

equipment for the provision of occupational therapy and physical therapy in the most efficient and effective manner.

(f) The department shall also be responsible for providing the services of an aide when the local education agency considers a less restrictive placement from home to school for a pupil for whom the California Medical Assistance Program provides a life-maintaining medical service during the time in which the pupil would be in school.

7576. Notwithstanding any other provision of law, the State Department of Mental Health, or any designated community mental health service, shall be responsible for the provision of psychotherapy or other mental health services when required in the child's individualized education program. This service shall be provided directly or by contracting with another public agency, qualified individual, or a state-certified nonpublic, nonsectarian school or agency.

7577. (a) The State Department of Rehabilitation and the State Department of Education shall jointly develop assessment procedures for determining client eligibility for State Department of Rehabilitation services for handicapped pupils in secondary schools to help them make the transition from high school to work. The assessment procedures shall be distributed to local education agencies.

(b) The State Department of Rehabilitation shall maintain the current level of services to secondary school pupils in project work ability and shall seek ways to augment services with funds which may become available.

7578. The provision of special education programs and related services for handicapped children residing in state hospitals shall be ensured by the State Department of Developmental Services, the State Department of Mental Health and the Superintendent of Public Instruction in accordance with Chapter 8 (commencing with Section 56850) of Part 30 of Division 4 of Title 2 of the Education Code.

7579. (a) Prior to placing a child suspected of being handicapped in a residential facility, outside the child's home, a court, regional center for the developmentally disabled, or public agency other than an educational agency, shall notify the administrator of the special education local plan area in which the residential facility is located. The administrator of the special education local plan area shall provide the court or other placing agency with information about the availability of an appropriate public or nonpublic, nonsectarian special education program in the special education local plan area where the residential facility is located.

(b) Notwithstanding Section 56159 of the Education Code, the involvement of the administrator of the special education local plan area in the placement discussion, pursuant to subdivision (a), shall in no way obligate a public education agency to pay for the residential costs and the cost of noneducational services for a child

placed in a licensed children's institution or foster family home.

(c) It is the intent of the Legislature that this section will encourage communication between the courts and other public agencies which engage in referring children to, or placing children in, residential facilities, and representatives of local education agencies. It is not the intent of the section to hinder the courts or public agencies in their responsibilities for placing handicapped children in residential facilities when appropriate.

7580. Prior to licensing a community care facility, as defined in Section 1502 of the Health and Safety Code, in which a handicapped child may be placed, or prior to a modification of such a facility's license to permit expansion of the facility, the State Department of Social Services shall consult with the administrator of the special education local plan area in order to consider the impact of licensure upon local education agencies.

7581. The residential and noneducational costs of a child placed in a medical or residential facility by a public agency, other than a local education agency, or independently placed in a facility by the parent of the child, shall not be the responsibility of the state or local education agency, but shall be the responsibility of the placing agency or parent.

7582. Therapy treatment services provided under programs of the State Department of Health Services or State Department of Mental Health, or their designated local agencies, rendered in the public schools, shall be exempt from financial eligibility standards and family repayment requirements for these services when rendered to any handicapped child when the services are necessary for the child to benefit from special education.

7583. Each local agency affected by this chapter shall estimate expenditures which were previously borne by the agency which will, as a result of enactment of this chapter, shift to another agency, or shall identify and estimate its responsibility for expenditures which will be acquired by the agency as a result of enactment of this chapter. The agency shall report the estimated shifts in responsibility in costs through appropriate state agencies by March 15, 1985, and report actual shifts in expenditures annually by March 15 in subsequent years. The appropriate state agencies shall submit this information to the Department of Finance annually by April 30.

(b) The Department of Finance shall, in the annual Budget Act, recommend appropriate adjustments, if any, in allocations and entitlements to local agencies to reflect any shifts in expenditures caused by this chapter.

(c) Any reductions in state allocations for local educational agencies resulting from this chapter shall be applied equally on a pro rata basis by the Superintendent of Public Instruction.

(d) By January 15, 1985, the superintendent and the Secretary of Health and Welfare shall jointly develop uniform data collection forms to be used by local agencies in reporting under this section.

7584. As used in this chapter, "handicapped children", "child," or

"pupil" means individuals with exceptional needs as defined in Section 56026 of the Education Code.

7585. (a) Whenever any department or any local agency designated by that department fails to provide a related service or designated instruction and service required pursuant to Section 7575 or 7576, and specified in the child's individualized education program, the parent, adult pupil, or any local education agency referred to in this chapter, shall submit a written notification of the failure to provide the service to the Superintendent of Public Instruction or the Secretary of Health and Welfare.

(b) When either the Superintendent of Public Instruction or the Secretary of Health and Welfare receives a written notification of the failure to provide a service as specified in subdivision (a), a copy shall immediately be transmitted to the other party. The superintendent, or his or her designee, and the secretary, or his or her designee, shall meet to resolve the issue within 15 calendar days of receipt of the notification. A written copy of the meeting resolution shall be mailed to the parent, the local education agency, and affected departments, within 10 days of the meeting.

(c) If the issue cannot be resolved within 15 calendar days to the satisfaction of the superintendent and the secretary, they shall jointly submit the issue in writing to the Director of the Office of Administrative Hearings, or his or her designee, in the State Department of General Services.

(d) The Director of the Office of Adminstrative Hearings, or his or her designee, shall review the issue and submit his or her findings in the case to the superintendent and the secretary within 30 calendar days of receipt of the case. The decision of the Director of the Office of Administrative Hearings, or his or her designee, shall be binding on the departments and their designated agencies who are parties to the dispute.

(e) If the meeting, conducted pursuant to subdivision (b), fails to resolve the issue to the satisfaction of the parent or local education agency, either party may appeal to the Director of the Office of Administrative Hearings, whose decision shall be the final administrative determination and binding on all parties.

(f) Whenever notification is filed pursuant to subdivision (a), the pupil affected by the dispute shall be provided with the appropriate related service or designated instruction and service pending resolution of the dispute, if the pupil had been receiving the service. The Superintendent of Public Instruction and the Secretary of Health and Welfare shall ensure that funds are available for provision of the service pending resolution of the issue pursuant to subdivision (e).

(g) Nothing in this section prevents a parent or adult pupil from filing for a due process hearing under Section 7586.

(h) The Superintendent of Public Instruction and the Secretary of Health and Welfare shall submit to the Legislature on July 1 of each year a joint report on the written notifications received pursuant to

subdivision (a) on the failure of departments or their designated local agencies to provide occupational therapy, physical therapy, or psychotherapy. This joint report shall include, but not be limited to, a description of the nature of these disputes, a summary of the outcomes of these disputes, and any recommendations for changes to the procedure set forth in subdivision (a) or with regard to any interagency agreement and regulations which might exist as a result of the implementation of this chapter.

(i) The contract between the State Department of Education and the Office of Administrative Hearings for conducting due process hearings shall include payment for services rendered by the Office of Administrative Hearings which are required by this section.

7586. (a) All state departments, and their designated local agencies, shall be governed by the procedural safeguards required in Section 1415 of Title 20 of the United States Code. A due process hearing arising over a related service or designated instruction and service shall be filed with the Superintendent of Public Instruction. Resolution of all issues shall be through the due process hearing process established in Chapter 5 (commencing with Section 56500) of Part 30 of Division 4 of the Education Code. The decision issued in the due process hearing shall be binding on the department having responsibility for the services in issue as prescribed by this chapter.

(b) Upon receipt of a request for a due process hearing involving an agency other than an educational agency, the Superintendent of Public Instruction shall immediately notify the state and local agencies involved by sending a copy of the request to the agencies.

(c) All hearing requests that involve multiple services that are the responsibility of more than one state department shall give rise to one hearing with all responsible state or local agencies joined as parties.

(d) No public agency, state or local, may request a due process hearing pursuant to Section 56501 of the Education Code against another public agency.

7587. By July 1, 1985, each state department named in this chapter shall develop regulations, as necessary, for the department or designated local agency to implement this act. All regulations shall be reviewed and approved by the Superintendent of Public Instruction prior to filing with the Office of Administrative Law, in order to ensure consistency with federal and state laws and regulations governing the education of handicapped children.

7588. This chapter shall become operative on July 1, 1985, except Section 7583 which shall become operative on January 1, 1985.

SEC. 3. Section 11401 of the Welfare and Institutions Code is amended to read:

11401. Aid in the form of AFDC-FC shall be provided under this chapter on behalf of any child under the age of 18, except as provided in Section 11403, who meets the conditions of subdivision (a), (b), or (c):

(a) The child has been relinquished, for purposes of adoption, to a licensed adoption agency, or the department, or the parental rights of either or both of his or her parents have been terminated after an action under the Civil Code has been brought by a licensed adoption agency or the department, provided that the licensed adoption agency or the department, if responsible for placement and care, provides to such children all services as required by the department to children in foster care.

(b) The child has been deprived of parental support or care due to any of the reasons set out under Section 11250, provided:

(1) The child has been removed from the physical custody of his or her parent or guardian, and

(A) Has been adjudged a dependent child of the court on the grounds that he or she is a person described by Section 300, or

(B) Has been adjudged a ward of the court on the grounds that he or she is a person described by Sections 601 and 602, or

(C) Has been detained under a court order pursuant to Section 320 or 636 which remains in effect; or

(D) Has been placed out of home pursuant to an individualized education program developed under Section 7572.5 of the Government Code.

(2) The child has been voluntarily placed by his or her parent or guardian pursuant to Section 11401.1 or in a demonstration county, pursuant to Section 16550, et seq.; or

(3) The child is living in the home of a nonrelated legal guardian.

(c) The child has been placed in foster care under the provisions of the federal Indian Child Welfare Act. The provisions of Sections 11402, 11404, and 11405 shall not be construed as limiting payments to Indian children, as defined in the federal Indian Child Welfare Act, placed in accordance with such act.

SEC. 4. As part of the March 15, 1985, report which is required to be submitted by local education agencies to the Superintendent of Public Instruction under Section 7583 of the Government Code, a school district or county office of education shall report all of the following:

(a) The estimated expenditures of state local assistance funds for special education and federal funds for special education for the 1984–85 fiscal year used for the provision of occupational therapy, physical therapy, and psychotherapy.

(b) The number of handicapped pupils receiving occupational therapy, physical therapy, and psychotherapy at the time of the April pupil count.

(c) The name of the agency providing the occupational therapy, physical therapy, or psychotherapy, including the name of the agency paying for the service.

SEC. 5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is

recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1748

An act to amend Sections 5620, 5621, 5622, 5624, 5625, 5627, 5628, 5629, and 5630 of, to amend the heading of Chapter 3.2 (commencing with Section 5620) of Division 5 of, and to add Sections 5624.5, 5624.6, and 5625.3 to, the Public Resources Code, relating to parks and recreation.

[Approved by Governor September 26, 1984. Filed with Secretary of State September 30, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 3.2 (commencing with Section 5620) of Division 5 of the Public Resources Code is amended to read:

CHAPTER 3.2. ROBERTI-Z'BERG-HARRIS URBAN OPEN-SPACE AND RECREATION PROGRAM

SEC. 1.2. Section 5620 of the Public Resources Code is amended to read:

5620. This chapter shall be known, and may be cited as, the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act.

SEC. 1.4. Section 5621 of the Public Resources Code is amended to read:

5621. As used in this chapter:

(a) "City" includes the City and County of San Francisco; "county" does not include the City and County of San Francisco.

(b) "Districts" means regional park districts formed under Article 3 (commencing with Section 5500) of Chapter 3; recreation and park districts formed under Chapter 4 (commencing with Section 5780); any public utility district formed under Division 7 (commencing with Section 15501) of the Public Utilities Code in a nonurbanized area that employs a full-time park and recreation director and offers year-round park and recreation services on lands and facilities owned by the district; any community services district formed under Division 3 (commencing with Section 61000) of Title 6 of the

Government Code in a nonurbanized area which is authorized to provide public recreation as specified in subdivision (e) of Section 61600 of the Government Code; any memorial district formed under Chapter 1 (commencing with Section 1170) of Division 6 of the Military and Veterans Code that employs a full-time park and recreation director and offers year-round park and recreation services on lands and facilities owned by the district; and the Malaga County Water District exercising powers authorized under Section 31133 of the Water Code.

(c) "Urbanized area" consists of a central city or cities and surrounding closely settled territory, as determined by the Department of Finance on the basis of the most recent verifiable census data. "Urbanized county" means any county, except the City and County of San Francisco, with a population of 200,000 or more, as determined by the Department of Finance on the basis of the most recent verifiable census data.

(d) "Heavily urbanized area" means a large city with a population of 300,000 or more and a large county or regional park district with a population of 1,000,000 or more, as determined by the Department of Finance on the basis of the most recent verifiable census data.

(e) "Nonurbanized area" means any city, county, or district which does not qualify as an urbanized area or urbanized county under the definitions in subdivision (c).

(f) "Block grant" means the allocation of moneys for one or more projects for the acquisition or development of recreational lands and facilities.

(g) "Need basis grant" means the allocation of moneys for one or more projects for the acquisition or development of recreational lands and facilities on a project-by-project basis, based upon need.

(h) "Account" means the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Account in the General Fund.

(i) "Special major maintenance project" means a rehabilitation or refurbishing activity performed on an annual or more infrequent interval, excluding capital improvements and routinized or other regularly scheduled and performed tasks such as grounds mowing, hedge trimming, garbage removal, and watering. Special major maintenance project includes activities which will reduce energy requirements to operate recreational lands or facilities.

(j) "Innovative recreation program" means specially designed, creative social, cultural, and human service activities which by their nature are intended to respond to the unique and otherwise unmet recreation needs of special urban populations, including, but not limited to, senior citizens, physically or emotionally handicapped, chronic and "new" poor, single parents, "latchkey" children, and minorities. The term includes special transportation programs designed to facilitate access of these groups to parks and recreational programs and facilities.

SEC. 2. Section 5622 of the Public Resources Code is amended to read:

5622. The Legislature hereby finds and declares:

(a) The demand for recreation areas, facilities, and programs in California is far greater than the present supply, with the number of people who cannot be accommodated at the area of their choice or any comparable area increasing rapidly.

(b) The demand for recreation areas, facilities, and programs in the urban areas of our state are even greater: over 90 percent of the present population of California reside in urban areas; there continues to be approximately a 30-percent deficiency in open-space and recreation areas in the metropolitan areas of the state; less urban land is available, costs are escalating, and competition for land is increasing; and lack of sufficient annual operating funds has resulted in a general deterioration of existing facilities.

(c) There is a high concentration of urban social problems in California's major metropolitan areas which can be partially alleviated by increased recreational opportunities.

(d) Within the urban areas there reside a broad spectrum and heavy concentration of special populations, including senior citizens, physically and emotionally handicapped, chronic and "new" poor, single parents, "latchkey children," and minorities, who typically are unable, because of a variety of limiting circumstances, to avail themselves of use of remote, nonurban state and national parks and open spaces.

(e) The upward spiral in the cost of energy for private automobiles and all forms of public transportation during the recent period has further limited access to remote state and national parks and open spaces, and this provides an additional emphasis to the urgent need for close-to-home urban parks and open spaces.

(f) The need for local recreation areas, facilities, and programs is doubling at 10-year intervals.

(g) Unless the lands and waters that currently have significant recreation potential today are acquired or reserved for recreation as soon as possible, and unless there is a means available to provide a regularized, major rehabilitation program for existing facilities, there will be a marked shortage of recreation lands and waters on a local and regional basis.

(h) Cities, counties, and districts must exercise constant vigilance to see that the recreation lands and facilities they now have are not lost to other uses; they should acquire additional lands as such lands become available; and they should take steps to improve the facilities they now have.

(i) The state recognizes its partnership role with local government agencies and officials, in support of acquisition, development, and major rehabilitation of parks and open spaces in urbanized areas and heavily urbanized areas, as a means of fulfilling state support, and a proper level of response to the overwhelmingly large percentage of state residents whose parks and open-space needs can only be addressed in urban settings.

(j) The state further recognizes that every effort is necessary and

appropriate to find and utilize resources, other than those secured exclusively through tax levies, in order to support and maintain this significant urban program.

(k) In view of the foregoing, the Legislature declares that an aggressive, coordinated, funded program for meeting existing and projected local recreation demands must be implemented without delay.

SEC. 2.5. Section 5624 of the Public Resources Code is amended to read:

5624. (a) The program established by this chapter shall be administered by the Department of Parks and Recreation.

(b) The Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Account is hereby created in the General Fund and the money therein is hereby continuously appropriated, without regard to fiscal years, to the department for the program established by this chapter and funded pursuant to Item 271 of the Budget Act of 1976, Item 227 of the Budget Act of 1977, Item 222 of the Budget Act of 1978, Item 235 of the Budget Act of 1979, and Section 4 of Chapter 1166 of the Statutes of 1979, and pursuant to statutes enacted subsequent thereto that appropriate funds for this program.

(c) The unallocated balance in the General Fund appropriated pursuant to Item 271 of the Budget Act of 1976, Item 227 of the Budget Act of 1977, Item 222 of the Budget Act of 1978, Item 235 of the Budget Act of 1979, and Section 4 of Chapter 1166 of the Statutes of 1979 is hereby transferred to the account.

SEC. 3. Section 5624.5 is added to the Public Resources Code, to read:

5624.5. An amount equal to one dollar and fifty cents ($1.50) per capita of the state on the January 1 of the fiscal year immediately preceding the fiscal year in which the transfer is made, as specified in the Budget Act, shall be transferred annually to the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Account from the Special Account for Capital Outlay in the General Fund for the 1986–87 fiscal year and for each fiscal year thereafter. Notwithstanding Section 5624, the funds transferred to the account pursuant to this section shall be available for expenditure only when appropriated by the Legislature in the annual Budget Act. This section shall not preclude the Legislature from augmenting this amount for the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program from other fund sources, including tideland oil revenues.

SEC. 3.5. Section 5624.6 is added to the Public Resources Code, to read:

5624.6. Notwithstanding any other provision of this chapter, grants from moneys appropriated from the Parklands Fund of 1984 shall be made according to, and are governed by, this chapter as it existed on June 5, 1984. However, Section 5625.3, where applicable, shall be complied with regardless of the source of moneys for the grant.

SEC. 4. Section 5625 of the Public Resources Code is amended to read:

5625. (a) Annual grants shall be made to cities, counties, and districts for recreational purposes, open-space purposes, or both, on the basis of population and need, as specified in this chapter. The director shall, by regulation, specify the procedures to be followed in applying for grant funds. The director shall propose criteria for determining priority of need, conduct public hearings on those proposed criteria, and, following the hearings, shall submit the proposed criteria to the Legislature on or before November 30, 1976, for its approval by statute within 60 days of submission of the criteria. Any new, revised, or amended criterion or any criterion to be deleted shall be submitted to the Legislature for its approval by statute. Following legislative approval, the director shall establish the criteria and publish them in the California Administrative Code. The criteria, and any change thereof, shall be distributed in any convenient form to potential applicants.

(b) The director shall, by regulation, require the recipient of a grant under this chapter to submit periodic reports to the department with respect to its use of the grant, but the reports shall not be required to be submitted more frequently than annually.

(c) All projects and programs for which a grant is received shall be subject to state audit.

SEC. 5. Section 5625.3 is added to the Public Resources Code, to read:

5625.3. In addition to the application procedures specified pursuant to subdivision (a) of Section 5625, prior to submitting an application for a grant for a project involving the acquisition of productive agricultural lands or other lands the acquisition of which may have an adverse economic impact on neighboring agricultural operations, the city, county, or district proposing to make the application shall hold a public hearing within the county in which the proposed project is located at which members of the public may comment on the proposed project. Notice of the hearing shall be published at least twice in a newspaper of general circulation in the county. A summary of comments made at the hearing by members of the public and representatives of the city, county, or district shall accompany the application. Copies of the summary shall also be available for inspection and review by any person.

SEC. 6. Section 5627 of the Public Resources Code is amended to read:

5627. (a) Grant moneys received pursuant to this chapter shall be expended for high priority projects that satisfy the most urgent park and recreation needs, with emphasis on unmet needs in the most heavily populated and most economically disadvantaged areas within each jurisdiction.

(b) Grants received pursuant to this chapter shall be expended only for acquisition, development, or both, except that not more than 30 percent of the amount received by a city, county, or district in an

annual period may be utilized for special major maintenance projects, provided the projects are related to land acquired or developed, or both, in whole or in part, with state moneys under this chapter, or for innovative recreation programs, or for both.

(c) Grants to cities, counties, and districts pursuant to this chapter shall be on the basis of 70 percent state money and 30 percent local matching money, not less than one-third of which shall be from private or nonstate sources of funds, for the project. Grants for acquisition shall be matched only by money or property donated to be part of the acquisition project. Grants for development may be matched by monetary contributions or, if nonmonetary contributions, as provided in regulations and standards which shall be established by the director after a public hearing. The component of local matching money consisting of funds from private or nonstate sources may, at the option of the grant recipient, be calculated as a percentage of the total amount granted in that fiscal year to a grant recipient, rather than on a project-by-project basis.

(d) The component of local matching money from private or nonstate sources required by subdivision (c) may be in the form of and include, but is not limited to, the following: cash donations, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of lands, facilities, or equipment, and bequests and earnings from wills, estates, and trusts. Funds from nonstate sources that qualify for the purposes of subdivision (c) are funds from the federal government and local public agencies other than the grant recipient. Real property, cash, or other assets required to be transferred to a public agency pursuant to Section 66477 of the Government Code or any other provision of law shall not qualify as funds from a private or nonstate source; however, they shall qualify as the monetary or nonmonetary contribution required to be furnished by the grant recipient pursuant to subdivision (c).

(e) The grant recipient shall certify to the department that there is available, or will become available prior to the encumbrance of any state funds for any work on the project for which application for a grant has been made, matching money from private or nonstate sources. Certification of the source and amount of nonstate funds shall be set forth in the application for a grant submitted to the department. However, in recognition of the fact that raising private funds frequently requires an initial evidence of matching public funds, the certification of the source and amount of the private funds shall be made by the applicant at least 30 days prior to actual release of state funds.

(f) Local matching money shall not be required with respect to an applicant that has urgent unmet needs for recreational lands and lacks the financial resources to acquire recreational lands, as determined pursuant to a formula set forth in regulations adopted by the director after a public hearing. In addition, with respect to applications for grants submitted for areas where private financial resources are of limited availability or submitted for projects or

programs that are not of a type likely to attract private funds, the director shall, if the project conforms to regulations adopted by the department, waive the requirement that at least one-third of local matching money be from private sources. The regulations shall establish criteria and procedures for the waiver and shall be adopted, after one or more public hearings, on or before March 1, 1986. These criteria may provide for consideration of the average per capita income, unemployment rate, crime rate, and recent history of plant or business closures in the area of the applicant's jurisdiction where the grant will be expended.

SEC. 7. Section 5628 of the Public Resources Code is amended to read:

5628. Sixty-nine percent of the moneys available for grant purposes in any one fiscal year shall be available only for block grants to cities, counties, and districts in urbanized areas for the acquisition or development of, or for special major maintenance of, recreational lands and facilities, or for innovative recreation programs, and shall be apportioned on the basis of population in the following manner:

(a) Sixty percent of the moneys shall be allocated to cities and to recreation and park districts in urbanized areas in the proportion that the population of the jurisdiction bears to the population of all cities and recreation and park districts in urbanized areas throughout the state. Recognizing that the boundaries of cities and of recreation and park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in the area of overlapping jurisdiction. The population of recreation and park districts within urbanized areas shall be certified by the board of supervisors of each county.

(b) Forty percent of the moneys shall be allocated to urbanized counties and to regional park districts in urbanized areas in the proportion that the total population of the jurisdiction bears to the total population of all urbanized counties and regional park districts in urbanized areas throughout the state. Recognizing that the boundaries of counties and regional park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in the area of overlapping jurisdiction.

SEC. 8. Section 5629 of the Public Resources Code is amended to read:

5629. Fourteen percent of the moneys available for grant purposes in any one fiscal year shall be available only for block grants to cities, counties, and regional park districts in heavily urbanized areas for the acquisition or development of, or for special major maintenance of, recreational lands and facilities, or for innovative recreation programs, and shall be apportioned on the basis of population in the following manner:

(a) Sixty percent of the moneys shall be allocated to large cities which constitute heavily urbanized areas in the proportion that the

population of the recipient bears to the population of all cities and recreation and park districts in heavily urbanized areas throughout the state.

(b) Forty percent of the moneys shall be allocated to large counties and regional park districts which constitute heavily urbanized areas in the proportion that the total population of the recipient bears to the total population of all large counties and regional park districts which constitute heavily urbanized areas throughout the state. Recognizing that the boundaries of counties and regional park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in the area of overlapping jurisdiction.

SEC. 9. Section 5630 of the Public Resources Code is amended to read:

5630. Seventeen percent of the moneys available for grant purposes in any one fiscal year shall be available only for need basis grants to cities, counties, and districts on a project-by-project basis and on the basis of need for the acquisition or development of, or for special major maintenance of, recreational lands and facilities, or for innovative recreation programs, on the following basis:

(a) Eighty-eight percent of the moneys shall be available for grants to cities, counties, and districts in nonurbanized areas on a project-by-project basis and on the basis of need for the acquisition or development of, or for special major maintenance of, recreational lands and facilities, or for innovative recreation programs. The criteria for determining need shall include, but are not limited to, deficiencies in existing park and recreational lands and facilities, the impact of participants from outside the jurisdiction, and the overall merit of the grant proposal.

(b) Twelve percent of the moneys shall be available for grants to cities and recreation and park districts in urbanized areas on a project-by-project basis and on the basis of need for the acquisition or development of, or special major maintenance of, recreational lands and facilities, or for innovative recreation programs. The criteria for determining need shall include, but are not limited to, population density and the inability to complete park and recreation projects due to low total assessed valuation in the jurisdiction. Jurisdictions eligible for funds under subdivision (a) of Section 5629 shall not be eligible for funds under this section.

SEC. 10. (a) The Director of Parks and Recreation shall propose revised criteria for determining priority of need among block grants made pursuant to Sections 5628 and 5629 of the Public Resources Code, shall hold at least one public hearing on the revised criteria, and, not later than March 31, 1986, shall submit the revised criteria to the Legislature for its approval by statute, as provided in Section 5625 of the Public Resources Code. None of the criteria proposed pursuant to this section shall be applicable to need basis grants made pursuant to Section 5630 of the Public Resources Code.

(b) The revised criteria proposed pursuant to this section shall provide recognition to all of the following:

(1) Preservation and improvement of the physical environment.

(2) Preservation and improvement of historical and cultural facilities.

(3) Availability of public transportation as a major access feature.

(4) Proper facilities and services to accommodate the needs of senior citizens.

(5) Improved access for handicapped persons.

(6) Recreational program and facilities which anticipate and properly provide for the unique needs of special populations, including, but not limited to, new immigrants, traditional minorities, single parents, and "latchkey children."

(7) Cooperative financing and planning among local public agencies.

(8) Special features of significance in urban settings, including arts and mural programs, and other types of programs which significantly enhance the total park environment and its utilization simultaneously with providing positive forms of youth training and employment.

CHAPTER 1749

An act to amend Section 17764 of, and to add Sections 17708.5 and 17739.2 to, the Education Code, to amend Section 15490 of the Government Code, to amend Section 6217 of the Public Resources Code, and to amend Section 11.10 of Chapter 258 of the Statutes of 1984, relating to schools, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

The continued presence of asbestos within our public school facilities poses a significant threat to all who enter those buildings. This legislation provides an appropriation to support a realistic program of cooperative funding to remove asbestos from the public schools of our state.

However, federal funds will soon be made available to California as a result of passage of recent federal legislation (the "Asbestos School Hazard Abatement Act of 1984"). Therefore, in order to avoid supplanting issues, I am reducing the appropriation contained in Section 6 of Senate Bill No. 1297 for State support of asbestos abatement programs from $22.5 million to $10 million for 1984–85.

In addition, to assure that this program attains its desired result of eliminating asbestos from our public schools, I will see that the 1985–86 Budget proposes appropriations sufficient to provide the support necessary to fund the state's portion of asbestos abatement programs in the public schools.

While I am signing this bill, I am concerned about the $65,000,000 allocation from Tidelands Oil Revenue to the Energy and Resources Fund beginning in the Fiscal Year 1985–86. Circumstances may require that this allocation be reduced in any future Governor's Budget.

With this reduction, I approve Senate Bill No. 1297.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 17708.5 is added to the Education Code, to read:

17708.5. The board may approve projects and make apportionments in amounts not exceeding those funds on deposit in the State School Building Lease-Purchase Fund plus any amount of bonds authorized by the State School Building Finance Committee but not yet sold by the Treasurer.

Disbursements may be made under any apportionment made from any funds in the State School Building Lease-Purchase Fund, irrespective of whether there exists at the time of the disbursement a sufficient amount in the State School Building Lease-Purchase Fund to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

SEC. 2. Section 17739.2 is added to the Education Code, to read:

17739.2. Of the moneys reserved for rehabilitation or modernization of facilities pursuant to Section 17739.1, the board may reserve not more than twenty-five million dollars ($25,000,000) for apportionments to school districts which, based on the following criteria, the board has determined to be in severe need of the apportionment. The apportionment shall be for purposes of site acquisition and the construction of school facilities for school sites which meet one or more of the following conditions:

(a) The school site is not less than 30 years of age.

(b) The school site has accommodated a significant increase in enrollment during the last 10-year period.

(c) Enrollment increases have been accommodated by placing relocatable structures on the school site without expanding the school site.

(d) The school site has inadequate playground space for its enrollment.

(e) The school site has inadequate meal facilities, and those facilities are used for more than three times the number of pupils for which the facilities were originally designed.

SEC. 2.5. Section 17764 of the Education Code is amended to read:

17764. This chapter shall remain in effect only until the later of the following dates, and on that date is repealed, unless a later enacted statute changes the requirements of this section:

(a) June 30, 1989.

(b) The operative date of the Budget Act for a fiscal year after 1984–85 which Budget Act does not contain a section authorizing the operation of this section for that fiscal year.

SEC. 3. Section 15490 of the Government Code is amended to

read:

15490. (a) There is in the state government the State Allocation Board, consisting of the Director of Finance, the Director of General Services, and the Superintendent of Public Instruction. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker, shall meet and, except as otherwise provided by the Constitution, advise with the board to the extent that this advisory participation is not incompatible with their respective positions as Members of the Legislature.

(b) The members of the board and the Members of the Legislature meeting with the board shall receive no compensation for their services but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties.

(c) The Director of General Services shall provide assistance to the board as the board requires. The board may, by a majority vote of all members, appoint an employee to report directly to the board as assistant executive officer.

SEC. 3.5. Section 6217 of the Public Resources Code, as amended by Chapter 268 of the Statutes of 1984, is amended to read:

6217. With the exception of revenues derived from state school lands and from sources described in Sections 6217.6, 6301.5, 6301.6, 6855, and 8551 to 8558, inclusive, and Section 6406 (insofar as the proceeds are from property which has been distributed or escheated to the state in connection with unclaimed estates of deceased persons), the commission shall deposit in the State Treasury all revenues, moneys, and remittances received by it under this division, and under Chapter 138 of the Statutes of 1964, First Extraordinary Session, and such sums shall be applied to the following obligations in the following order:

(a) To the General Fund such revenue as necessary to provide in any fiscal year for the following:

(1) Payment of refunds, authorized by the commission and approved by the State Board of Control, out of appropriations made for that purpose by the Legislature.

(2) Payment of expenditures of the commission as provided in the annual Budget Act approved by the Legislature.

(3) Payments to cities and counties of the amounts specified in Section 6817 for the purposes specified in that section, and the revenues so deposited are appropriated for such purpose.

(4) Payments to cities and counties of the amounts agreed to pursuant to the provisions of Section 6875.

(b) To the California Water Fund each fiscal year the amount of twenty-five million dollars ($25,000,000).

(c) To the Central Valley Water Project Construction Fund each fiscal year the amount of five million dollars ($5,000,000).

(d) To the Resources Agency, the amount of five hundred thousand dollars ($500,000) for each of the fiscal years 1984–85,

1985–86, 1986–87, 1987–88, and 1988–89 for distribution for public and private higher education for use as up to two-thirds of the local matching share for projects under the National Sea Grant College and Program Act of 1966 (P.L. 89-688) approved, upon the recommendation of the advisory panel appointed pursuant to this section, by the Secretary of the Resources Agency or his or her designee. During the 1988–89 fiscal year, the Legislature shall consider recommendations from the Secretary of the Resources Agency and other interested parties on the benefits to the people of the State of California derived from this program and shall determine whether or not to continue similar appropriations for subsequent fiscal years.

There shall be an advisory panel to the Secretary of the Resources Agency consisting of 13 members, which shall do all of the following:

(1) Identify state needs which might be met through Sea Grant research projects, including, but not limited to, such fields as living marine resources, aquaculture, ocean engineering, marine minerals, public recreation, coastal physical processes and coastal and ocean resources planning and management, and marine data acquisition and dissemination, establish priorities for those needs, and transmit those needs and priorities to the Legislature not later than January 1 of each year and include them in all announcements of proposals for grants in the following fiscal year.

(2) Review all applications for funding under this section and make recommendations based upon the priorities it establishes.

(3) Periodically review progress on sea grant research projects subsequent to their approval and funding under this section.

(4) Make recommendations to the Secretary of the Resources Agency with respect to the implementation of this section.

The Secretary of the Resources Agency shall appoint the following members of the advisory panel, who shall serve at the pleasure of the secretary:

(1) A representative of the Department of Boating and Waterways.

(2) A representative of the Department of Conservation.

(3) A representative of the Department of Fish and Game.

(4) The executive director of the California Coastal Commission or his or her designee.

(5) A representative of the fish industry.

(6) A representative of the aquaculture industry.

(7) A representative of the ocean engineering industry.

(8) A representative of the University of California.

(9) A representative of the California State University.

(10) A representative of a private California institution of higher education which is participating in the National Sea Grant Program.

(11) A representative of the State Lands Commission.

The Senate Committee on Rules shall appoint one Member of the Senate to the panel, who shall serve at the pleasure of the Senate Committee on Rules.

The Speaker of the Assembly shall appoint one Member of the Assembly to the panel, who shall serve at the pleasure of the Speaker. This member shall not be of the same political party as the member appointed by the Senate Committee on Rules.

The Secretary of the Resources Agency shall designate one member of the panel to serve as its chairman. Panel members shall serve without compensation.

The Sea Grant research projects selected for state support under this section shall have a clearly defined benefit to the people of the State of California. The Legislature hereby finds and declares that the funding provided by this section is needed to stimulate the development and utilization of ocean and coastal resources by working constructively with private sector firms and individuals. Nothing in this section shall be construed to preclude the application for funding of any project which would be eligible for funding under the terms of the National Sea Grant College and Program Act of 1966.

(e) To the Capital Outlay Fund for Public Higher Education for the 1984–85 fiscal year the amount of one hundred two million one hundred sixty-eight thousand dollars ($102,168,000), and for each fiscal year thereafter, the amount necessary to provide for an unencumbered balance available for appropriation on July 1 of each fiscal year of one hundred twenty-five million dollars ($125,000,000).

(f) (1) To the State School Building Lease-Purchase Fund, for each of the fiscal years 1985–86, 1986–87, 1987–88, and 1988–89, the amount of one hundred fifty million dollars ($150,000,000).

(2) For the fiscal years 1984–85, 1985–86, 1986–87, 1987–88, and 1988–89, up to 5 percent of the amounts deposited in the State School Building Lease-Purchase Fund pursuant to this section or any other provision of law may be spent in accordance with Sections 17785 to 17795, inclusive, of the Education Code (Emergency School Classroom Law of 1979).

(g) To the Energy and Resources Fund each fiscal year, commencing with the 1985–86 fiscal year, the amount of sixty-five million dollars ($65,000,000).

(h) To the Special Account for Capital Outlay, the balance of all revenues in excess of the amount distributed under subdivisions (a), (b), (c), (d), (e), (f), and (g).

The commission may, with the approval of the State Board of Control, authorize the refund of moneys received or collected by it illegally or by mistake, inadvertence, or error. Claims authorized by the commission and approved by the State Board of Control shall be filed with the Controller and the Controller shall draw his warrant against the General Fund in payment of such refund from any appropriation made for that purpose.

All references in any law to Section 6816 shall be deemed to refer to this section.

SEC. 4. Section 11.10 of Chapter 258 of the Statute of 1984 is amended to read:

11.10. Notwithstanding any other provisions of law, an amount

not to exceed one hundred fifty million dollars ($150,000,000) shall be transferred from the moneys deposited pursuant to Section 6217 of the Public Resources Code to the State School Building Lease-Purchase Fund for the 1984–85 fiscal year. This appropriation shall be made to the extent of funds available after allocations have been made pursuant to subdivisions (a) to (e), inclusive, of Section 6217.

The transfer made by this section shall be in lieu of any appropriation pursuant to Section 37 of Chapter 169, Statutes of 1981.

SEC. 5. The unencumbered balances of the Energy and Resources Fund, the Energy Account in the Energy and Resources Fund, and the Resources Account in the Energy and Resources Fund are hereby reappropriated for transfer to, in augmentation of, the unappropriated balance of the Special Account for Capital Outlay in the 1984–85 fiscal year.

SEC. 6. The sum of twenty-two million five hundred thousand dollars ($22,500,000) is hereby reappropriated from the Special Account for Capital Outlay for transfer to the Asbestos Abatement Fund for expenditure pursuant to AB 2377 of the 1983–84 Regular Session.

SEC. 7. Section 17739.2 of the Education Code, as added by Section 2 of this act, shall become operative only if the State School Building Lease-Purchase Bond Law of 1984, as proposed by Chapter 375 of the Statutes of 1984 (SB 125 of the 1983–84 Regular Session of the Legislature), is adopted by the people of the State of California.

SEC. 8. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite state apportionments for school buildings, and to assist school entities in the acquisition of property for school purposes at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1750

An act relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984 Filed with Secretary of State September 30, 1984.]

I am deleting the appropriation contained in Section 2 of Assembly Bill No. 3943. I do not believe an expenditure of $200,000 is appropriate for a study to compare rate increases for nursing homes and rate increases for their employees. That is a

matter of private bargaining by the employer and the employees. I believe the expenditure of public funds should more appropriately be used for direct services for the patients of the nursing homes.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature that osteopathic medical residency programs for family physicians shall be eligible to compete for the state's Family Physician Training Act funds.

(b) The Health Manpower Policy Commission and the Office of Statewide Health Planning and Development shall conduct a special study on the overall needs for special state funding, through the Family Physician Training Act, of medical residency training programs for family physicians. The study shall include, but not be limited to, an assessment of the long-range need for family physicians in California, the long-range plans and needs of the allopathic family physician medical residency training programs, the long-range plans and needs of the osteopathic family physician residency training programs, criteria to be used in evaluating outcomes of state support of family physician residency training programs, and the level of funding for the Family Physician Training Act. A report on the study shall be provided by the commission to the Legislature and the Governor by May 1, 1985.

SEC. 2. (a) The State Department of Health Services shall conduct a skilled nursing facility expenditure study. The State Department of Health Services may request the cooperation of the Joint Legislative Audit Committee in conducting the study. For the "Salaries, Wages and Benefits" component of annual Medi-Cal rate increases for skilled nursing facilities, the study shall compare both the annual percentage increases provided in this component, including, other rate adjustments, and the annual aggregate Medi-Cal rate increase to the percentage of nonadministrative employees by employee classification for the period beginning with the 1979–80 fiscal year through the 1983–84 fiscal year. For the three other components of the annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in each component and the annual aggregate Medi-Cal rate increase to the average percentage changes in actual expenditures by skilled nursing facilities for the major elements of each of the three components for the same time period as above. Skilled nursing facilities shall be required to make available all necessary and appropriate records as determined by the State Department of Health Services. The study shall compare these factors on a statewide and regional basis consistent with Medi-Cal reimbursement categories. The study shall be submitted to the

Governor, the Legislature, and the Task Force on Long-Term Health Care Reimbursement and Quality no later than April 15, 1985.

(b) The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the State Department of Health Services to carry out the study specified in subdivision (a).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to adequately maintain the family physician training program and to provide for a skilled nursing facility expenditure study as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1751

An act to amend Section 39618 of, to add Sections 39619.6, 39619.8, 39619.9, 49410.2, and 49410.5 to, to add and repeal Section 39619.7 of, and to repeal and add Section 49410 of, the Education Code, relating to asbestos in schools, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984]

The continued presence of asbestos within our public school facilities poses a significant threat to all who enter those buildings. This legislation provides a realistic program of cooperative funding to support projects to remove asbestos from the public schools of our state

However, I believe that the support for the first year of this program should be from the Tidelands Oil Revenue reappropriation found in SB 1297. Therefore, I am eliminating the $22.5 million appropriation contained in Section 10 of Assembly Bill No 2377 in lieu of the one found in SB 1297. In addition, it should be noted that federal funds will soon be made available to California as a result of passage of recent federal legislation (The "Asbestos School Hazard Abatement Act of 1984"). Therefore, in order to avoid supplanting issues, I am reducing the appropriaton for state support of asbestos abatement programs to $10 million for 1984–85

However, to assure that this program attains its desired result of eliminating asbestos from our public schools, I will see that the 1985–86 Budget proposes appropriations sufficient to provide the support necessary to fund the State's portion of asbestos abatement programs in the public schools.

In addition, I am eliminating the second year funding for this program contained in Section 10(b) to allow the determination of needs to be made in the annual budget review process in consideration of actual applications for assistance, and other statewide program needs and available resources.

With this deletion, I approve Assembly Bill No. 2377.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 39618 of the Education Code is amended to read:

39618. (a) The governing board of each school district may establish a restricted fund to be known as the "district deferred maintenance fund" for the purpose of major repair or replacement of plumbing, heating, air conditioning, electrical, roofing, and floor systems, the exterior and interior painting of school buildings, the inspection, sampling, and analysis of building materials to determine the presence of asbestos-containing materials, the encapsulation or removal of asbestos-containing materials, and any other items of maintenance approved by the State Allocation Board. Funds deposited in the district deferred maintenance fund may be received from any source whatsoever, and shall be accounted for separately from all other funds and accounts and retained in the district deferred maintenance fund for purposes of this section.

(b) Funds deposited in the district deferred maintenance fund shall only be expended for maintenance purposes as provided pursuant to subdivision (a).

(c) The governing board of each school district shall have complete control over the funds and earnings of funds once deposited in the district deferred maintenance fund, provided that no funds deposited in the district deferred maintenance fund pursuant to subdivision (a) or (b) of Section 39619 may be expended by the governing board for any purpose except those specified in subdivision (a) of this section.

SEC. 2. Section 39619.6 is added to the Education Code, to read:

39619.6. The State Allocation Board shall develop board policies for the apportionment of funds appropriated for the containment or removal of asbestos materials in schools pursuant to Section 49410. The policies shall provide for the allocation of funds on a matching basis, or the board may determine, based on each application, to increase the allocation to any school district by the amount it determines is necessary to complete critical projects. In making policies pursuant to this section, the board may establish funding priorities based on a determination in each instance as to the imminence of the health hazard posed by the asbestos materials.

SEC. 3. Section 39619.7 is added to the Education Code, to read:

39619.7. (a) For the purpose of Section 39619, the State Allocation Board shall allow each school district to credit one-half of any district general funds spent by the district for the inspection, sampling, analysis, containment, or removal of asbestos materials, during the 1979–80 fiscal year through the 1983–84 fiscal year, which were not part of their deferred maintenance program, as unmatched funds, pursuant to paragraph (a) of Section 39619, in the district's deferred maintenance fund in the 1984–85 fiscal year.

(b) If the credit calculated pursuant to subdivision (a) of this section is greater than the amount that the district could receive from the state apportionment pursuant to paragraph (b) of Section 39619, then the amount that is in excess can be credited as

unmatched funds in the 1985–86 fiscal year.

(c) This section shall become inoperative on June 30, 1986, and, as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 39619.8 is added to the Education Code, to read:

39619.8. During the 1984–85 and 1985–86 fiscal years, in addition to the apportionment provided pursuant to Section 39619, the State Allocation Board may apportion from the State School Deferred Maintenance Fund to a school district one dollar ($1) for each one dollar ($1) of local funds in excess of the maximum provided by subdivision (b) of Section 39619. However, the apportionment shall not exceed an amount equal to one-half of the moneys spent by the district from its deferred maintenance fund for the inspection, sampling, analysis, encapsulation, or removal of asbestos-containing materials during the 1979–80 fiscal year to the 1983–84 fiscal year, inclusive.

SEC. 5. Section 39619.9 is added to the Education Code, to read:

39619.9. The Asbestos Abatement Fund is hereby created, and notwithstanding Section 13340 of the Government Code, all moneys deposited in this fund are continously appropriated to be administered by the State Allocation Board for the purpose of making allocations to school districts and county offices of education pursuant to Sections 39619.6 and 49410.

SEC. 6. Section 49410 of the Education Code is repealed.

SEC. 7. Section 49410 is added to the Education Code, to read:

49410. (a) The Legislature finds that:

(1) There is substantial scientific and medical evidence that human exposure to asbestos fibers significantly increases the likelihood of contracting cancer and other debilitating or fatal diseases such as asbestosis.

(2) Medical and epidemiological evidence suggests that children exposed to asbestos fibers may be especially susceptible to the environmentally induced diseases associated with the exposure.

(3) Substantial amounts of asbestos materials were used in school construction during the period from 1946 through 1973 for fireproofing, soundproofing, decoration, and other purposes.

(4) When these materials age, deteriorate, or become damaged or friable, they release asbestos fibers into the ambient air. This can result in the exposure of school children and school employees to potentially dangerous levels of asbestos fibers.

(5) The presence of asbestos in the air in concentrations far exceeding the normal ambient levels has been found in schools, especially where the asbestos materials have reached a damaged, deteriorated, or disturbed state as a result of abuse, abrasion, water leakage, or forced air circulation.

(6) In view of the fact that the State of California has compulsory attendance laws for children of school age, and these children must be educated in a safe and healthy environment, the hazard

presented by asbestos materials in the schools is of special concern to the Legislature.

(b) As a result of the findings in subdivision (a), it is the intent of the Legislature to provide for the safe and expeditious containment or removal of asbestos materials posing a hazard to health in schools.

(c) As used in this section and Sections 49410.2 and 49410.5, the following terms have the following meanings:

(1) "Asbestos" means naturally occurring hydrated mineral silicates separable into commercially used fibers: specifically chrysotile, amosite, crocidolite, tremolite, anthrophyllite, and actinolite.

(2) "Asbestos materials" means materials formed by mixing asbestos fibers with other products, including, but not limited to, rock wool, plaster, cellulose, clay, vermiculite, perlite, and a variety of adhesives. Some of these materials may be sprayed on surfaces or applied to surfaces in the form of plaster or a textured paint.

(3) "Hazard to health" means that the asbestos material is loose, friable, flaking, or dusting, or is likely to become so within the service life of the material in place.

SEC. 8. Section 49410.2 is added to the Education Code, to read:

49410.2. School districts and county offices of education may apply to the State Allocation Board pursuant to Section 39619.6 for funds for the purposes of containment or removal of asbestos materials posing a hazard to health.

SEC. 9. Section 49410.5 is added to the Education Code, to read:

49410.5. (a) The State Allocation Board shall retain all information provided by school districts making application for funds pursuant to Sections 39619.6, 39619.7, and 39619.8 regarding the actual or estimated cost of inspection and testing for, and encapsulation or removal of, asbestos.

(b) The Legislature finds and declares that:

(1) Federal moneys may be made available to reimburse schools for costs related to asbestos inspection, testing, encapsulation, and removal, and that the distribution of these moneys will be expedited by the early collection of these data.

(2) School districts shall comply with guidelines suggested by the Environmental Protection Agency for the purposes of inspection and testing for asbestos materials, and for the protection and safety of workers and all other individuals during the encapsulation and removal of asbestos.

SEC. 9.5. If AB 3141 is chaptered and becomes effective, the Brea-Olinda Unified School District shall nevertheless be eligible to receive an apportionment of up to one hundred seventy-five thousand dollars ($175,000) pursuant to Section 39619.8 of the Education Code as added by Section 4 of this act. The district may use those funds to repay the loan received by the district pursuant to AB 3141.

SEC. 10. (a) The sum of twenty-two million five hundred thousand dollars ($22,500,000) shall be transferred by the Controller,

from the General Fund to the Asbestos Abatement Fund for the 1984–85 fiscal year, for expenditure by the State Allocation Board in accordance with Section 39619.6 of the Education Code.

(b) On July 1, 1985, the sum of twenty-two million five hundred thousand dollars ($22,500,000) shall be transferred by the Controller, from the General Fund to the Asbestos Abatement Fund for the 1985–86 fiscal year, for expenditure by the State Allocation Board in accordance with Section 39619.6 of the Education Code.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the expeditious containment or removal of asbestos materials posing a hazard to health in schools, it is necessary that this act take effect immediately.

CHAPTER 1752

An act to amend Section 702 of, and to add Article 5.2 (commencing with Section 1784) to Chapter 1 of Division 2.5 of the Welfare and Institutions Code, relating to youths, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am deleting the $400,000 appropriation contained in Section 3 of Assembly Bill No. 2761.

Funding for this program should come from available resources within the Department of the Youth Authority.

With this deletion, I approve Assembly Bill No. 2761

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 702 of the Welfare and Institutions Code is amended to read:

702. After hearing the evidence, the court shall make a finding, noted in the minutes of the court, whether or not the minor is a person described by Section 300, 601, or 602. If it finds that the minor is not such a person, it shall order that the petition be dismissed and the minor be discharged from any detention or restriction theretofore ordered. If the court finds that the minor is such a person, it shall make and enter its findings and order accordingly, and shall then proceed to hear evidence on the question of the proper disposition to be made of the minor. Prior to doing so, it may continue the hearing, if necessary, to receive the social study of the

probation officer, to refer the minor to a juvenile justice community resource program as defined in Article 5.2 (commencing with Section 1784) of Chapter 1 of Division 2.5, or to receive other evidence on its own motion or the motion of a parent or guardian for not to exceed 10 judicial days if the minor is detained during the continuance. If the minor is not detained, it may continue the hearing to a date not later than 30 days after the date of filing of the petition. The court may, for good cause shown continue the hearing for an additional 15 days, if the minor is not detained. The court may make such order for detention of the minor or his or her release from detention, during the period of the continuance, as is appropriate.

If the minor is found to have committed an offense which would in the case of an adult be punishable alternatively as a felony or a misdemeanor, the court shall declare the offense to be a misdemeanor or felony.

SEC. 2. Article 5.2 (commencing with Section 1784) is added to Chapter 1 of Division 2.5 of the Welfare and Institutions Code, to read:

Article 5.2. Juvenile Justice Community Resource Programs

1784. The Legislature finds and declares all of the following:

(a) That the mobilization of community resources to assist in providing youthful offenders with necessary educational, psychological, medical, and other services which relate to root causes of delinquency is vital.

(b) That due to increased and heavy caseloads, probation officers cannot be expected to assume the full burden of providing necessary services to youthful offenders.

(c) That addressing the root causes of delinquent behavior in a cost-effective manner yields enormous societal benefits in the prevention of future criminality and the integration of the offender into productive society.

(d) That by encouraging community participation, programs such as the Juvenile Justice Connection Project in Los Angeles County have achieved great success in providing services to young people at a substantial savings to the taxpayer.

(e) That efforts to implement similar projects throughout the state should be encouraged and supported.

1784.1. (a) The Director of the Youth Authority shall, upon request, provide technical assistance to judges, probation officers, law enforcement officials, school administrators, welfare administrators, and other public and private organizations and citizen groups concerning the development and implementation of juvenile justice community resource programs.

(b) As used in this article, "juvenile justice community resource program" means a program which does both of the following:

(1) Develops a directory or bank of public and private agencies, practitioners, and other community resources to offer services that

are needed by youthful offenders, including, but not limited to, medical, psychological, educational, recreational, and vocational services.

(2) Provides diagnostic screening for youthful offenders referred to the program and matches the offender with a provider of services.

(c) As used in this article, "youthful offender" means a person described by Section 601 or 602.

1784.2. (a) The Director of the Youth Authority shall provide grants from funds made available for this purpose, for the development, implementation, and support of juvenile justice community resource programs.

(b) Any public or private nonprofit agency that does not directly deliver services may apply to the director for funding as a juvenile justice community resource program pursuant to this article.

(c) Funding may consist of organizational and program grants.

(1) As used in this article, "organizational grants" means grants for the purpose of funding community organization efforts in order to develop a bank of public and private agencies, and other community resources, to provide services needed by youthful offenders and to provide financial support to the referral program. An applicant may receive only one organizational grant, which may not exceed thirty thousand dollars ($30,000).

(2) As used in this article, "program grants" means grants to support the operating costs of the referral programs. A program grant may not exceed fifty thousand dollars ($50,000) per applicant per year. As a further limitation, beginning in the second year of the program grant, the amount of the program grant may not exceed a prescribed percentage of the referral program's operating budget, as follows: 50 percent in the second year of the program grant, 33 percent in the third year, 25 percent in the fourth year, and 20 percent in the fifth and subsequent years of the program grant.

(d) The director shall consider all of the following factors, together with any other circumstances he or she deems appropriate, in selecting applicants to receive funds pursuant to this article.

(1) The stated goals of applicants.

(2) The number of youthful offenders to be served and the needs of the community.

(3) Evidence of community support, including, but not limited to, business, labor, professional, educational, charitable, and social service groups.

(e) In addition to the factors specified in subdivision (d), in selecting applicants to receive program grants, the director shall also consider all of the following:

(1) Description of the number and type of service providers available.

(2) Existence of support and involvement by participants in the local juvenile justice system, including law enforcement, probation, prosecution, and the judiciary.

(3) The organizational structure of the agency which will operate

the program.

(4) Specific plans for meeting the percentage of local funding of operating costs as specified in paragraph (2) of subdivision (c).

(f) After consultation with the advisory committee, and upon evaluation of all applicants pursuant to the above criteria and any other criteria established by the advisory committee, the director shall select the public or private nonprofit agencies which he or she deems qualified to receive funds for the establishment and operation of the programs.

(g) The initial evaluation, selection, and funding of applicants shall take place prior to January 1, 1986.

(h) Upon establishment of the programs, the director shall conduct appraisals of their performance and shall issue a report on their performance to the Legislature in January of each year. Programs shall be determined to have performed satisfactorily in order to qualify for continuation grants. In evaluating the performance of the programs, the director shall consider, among other things, all of the following:

(1) The number and type of service providers assembled.

(2) The number of clients referred to the program by the juvenile court or probation department.

(3) The number of clients screened by the program.

(4) A description of the number of clients who received services and a description of the type of services delivered.

(5) Estimates of the market value of the services provided.

(6) The amount and sources of local funding.

1784.3. The Director of the Youth Authority shall appoint an eight-member advisory committee on community resource referral programs to advise him or her on matters relating to this article. Committee members shall include representatives of business, labor, professional, charitable, educational, and social service groups, as well as those working within the juvenile justice system. The members of the committee shall be entitled to their reasonable expenses, including travel expenses, incurred in the discharge of their duties.

1784.4. The director may accept funds and grants from any source, public or private, to assist in accomplishing the purposes of this article.

SEC. 3. The sum of four hundred thousand dollars ($400,000) is hereby appropriated from the General Fund to the Youth Authority for the purposes of this act.

CHAPTER 1753

An act to amend Section 51225.3 of the Education Code, relating to schools, and making an appropriation therefor.

[Approved by Governor September 30, 1984. Filed with Secretary of State September 30, 1984.]

I am deleting the $50,000 appropriation contained in Section 3 of Assembly Bill No. 3212.

The reports required by this bill can be completed by the Department of Education with existing resources.

With this deletion, I approve Assembly Bill No. 3212

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 51225.3 of the Education Code is amended to read:

51225.3. (a) Commencing with the 1986–87 school year, no pupil shall receive a diploma of graduation from high school who, while in grades 9 through 12, has not completed all of the following:

(1) At least the following numbers of courses in the subjects specified, each course having a duration of one year.

(A) Three courses in English.

(B) Two courses in mathematics.

(C) Two courses in science, including biological and physical sciences.

(D) Three courses in social studies, including United States history and geography; world history, culture, and geography; and American government, civics, and economics.

(E) One course in visual or performing arts or foreign language.

(F) Two courses in physical education, unless the pupil has been exempted pursuant to the provisions of this code.

(2) Such other coursework as the governing board of the school district may by rule specify.

(b) The governing board, with the active involvement of parents, administrators, teachers, and pupils, shall adopt alternative means for students to complete the prescribed course of study which may include practical demonstration of skills and competencies, supervised work experience or other outside school experience, interdisciplinary study, independent study, and credit earned at a postsecondary institution. Requirements for graduation and specified alternative modes for completing the prescribed course of study shall be made available to pupils, parents, and the public.

SEC. 2. It is the intent of the Legislature that legislation be enacted to provide that commencing with the 1987–88 school year, completion of one course in a foreign language and one course in visual or performing arts be a requirement for high school

graduation. In conjunction with this legislative intent, the State Department of Education shall submit two reports, on or before January 1, 1986, to the Legislature as follows:

(a) One report shall include the department's recommendations as to the imposition of one course in foreign language as a requirement of high school graduation.

(b) One report shall include the department's recommendations as to the imposition of one course in visual or performing arts as a requirement of high school graduation.

(c) Both reports shall include, but need not be limited to, information as to the types of courses currently offered, educational benefits associated with these courses, availability of teachers for these subject areas, and specific problems facing school districts in the imposition of these course requirements.

SEC. 3. The sum of fifty thousand dollars ($50,000) is hereby appropriated from the General Fund to the State Department of Education for the 1984–85 fiscal year, as follows:

(a) The sum of twenty-five thousand dollars ($25,000) for purposes of preparing the report required under Section 2 regarding imposition of one course in foreign language as a requirement of high school graduation.

(b) The sum of twenty-five thousand dollars ($25,000) for purposes of preparing the report required under Section 2 regarding imposition of one course in visual or performing arts as a requirement of high school graduation.

CHAPTER 1754

An act to amend Sections 12940, 12970, 19572, 19682, and 19702 of the Government Code, relating to fair employment practices.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the existing policy of the State of California to prohibit harassment and discrimination in employment on the basis of any protected classification. Such conduct whether intentional or unintentional is a violation of the civil rights of California citizenry and has been shown to decrease productivity in the workforce. It is the existing policy of the State of California, as declared by the Legislature, that procedures be established by which allegations of prohibited harassment and discrimination may be filed, timely and efficiently investigated, and fairly adjudicated, and that agencies and employers be required to establish affirmative programs which include prompt and remedial internal procedures and monitoring so that worksites

will be maintained free from prohibited harassment and discrimination by their agents, administrators, and supervisors as well as by their nonsupervisors and clientele. To further this intent, the Legislature enacts this act.

SEC. 2. Section 12940 of the Government Code is amended to read:

12940. It shall be an unlawful employment practice, unless based upon a bona fide occupational qualification, or, except where based upon applicable security regulations established by the United States or the State of California:

(a) For an employer, because of the race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of any person, to refuse to hire or employ the person or to refuse to select the person for a training program leading to employment, or to bar or to discharge such person from employment or from a training program leading to employment, or to discriminate against such person in compensation or in terms, conditions or privileges of employment.

(1) Nothing in this part shall prohibit an employer from refusing to hire or discharging a physically handicapped employee, or subject an employer to any legal liability resulting from the refusal to employ or the discharge of a physically handicapped employee, where the employee, because of his or her physical handicap, is unable to perform his or her duties, or cannot perform such duties in a manner which would not endanger his or her health or safety or the health and safety of others.

(2) Nothing in this part shall prohibit an employer from refusing to hire or discharging an employee who, because of the employee's medical condition, is unable to perform his or her duties, or cannot perform such duties in a manner which would not endanger the employee's health or safety or the health or safety of others. Nothing in this part shall subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee who, because of the employee's medical condition, is unable to perform his or her duties, or cannot perform such duties in a manner which would not endanger the employee's health or safety or the health or safety of others.

(3) Nothing in this part relating to discrimination on account of marital status shall either (i) affect the right of an employer to reasonably regulate, for reasons of supervision, safety, security, or morale, the working of spouses in the same department, division, or facility, consistent with the rules and regulations adopted by the commission, or (ii) prohibit bona fide health plans from providing additional or greater benefits to employees with dependents than to those employees without or with fewer dependents.

(4) Nothing in this part relating to discrimination on account of sex shall affect the right of an employer to use veteran status as a factor in employee selection or to give special consideration to Vietnam Era veterans.

(b) For a labor organization, because of the race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of any person, to exclude, expel or restrict from its membership such person, or to provide only second-class or segregated membership or to discriminate against any person because of the race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of such person in the election of officers of the labor organization or in the selection of the labor organization's staff or to discriminate in any way against any of its members or against any employer or against any person employed by an employer.

(c) For any person to discriminate against any person in the selection or training of that person in any apprenticeship training program or any other training program leading to employment because of the race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of the person discriminated against.

(d) For any employer or employment agency, unless specifically acting in accordance with federal equal employment opportunity guidelines and regulations approved by the commission, to print or circulate or cause to be printed or circulated any publication, or to make any non-job-related inquiry, either verbal or through use of an application form, which expresses, directly or indirectly, any limitation, specification, or discrimination as to race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex, or any intent to make any such limitation, specification or discrimination. Nothing in this subdivision shall prohibit any employer from making, in connection with prospective employment, an inquiry as to, or a request for information regarding, the physical fitness, medical condition, physical condition or medical history of applicants if that inquiry or request for information is directly related and pertinent to the position the applicant is applying for or directly related to a determination of whether the applicant would endanger his or her health or safety or the health or safety of others.

(e) For any employer, labor organization or employment agency to harass, discharge, expel or otherwise discriminate against any person because the person has made a report pursuant to Section 11161.8 of the Penal Code.

(f) For any employer, labor organization or employment agency to discharge, expel, or otherwise discriminate against any person because the person has opposed any practices forbidden under this part or because the person has filed a complaint, testified or assisted in any proceeding under this part.

(g) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts forbidden under this part, or to attempt to do so.

(h) For the governing board of a school district to violate Section 44066 or 87402 of the Education Code.

(i) For an employer, labor organization, employment agency,

apprenticeship training program or any training program leading to employment, or any other person, because of race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex, or age, to harass an employee or applicant. Harassment of an employee or applicant by an employee other than an agent or supervisor shall be unlawful if the entity, or its agents or supervisors, knows or should have known of this conduct and fails to take immediate and appropriate corrective action. An entity shall take all reasonable steps to prevent harassment from occurring. Loss of tangible job benefits shall not be necessary in order to establish harassment. The provisons of this subdivision are declaratory of existing law, except for the new duties imposed on employers with regard to harassment. For purposes of this subdivision only, "employer" means any person regularly employing one or more persons, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision thereof, and cities. However, "employer" does not include a religious association or corporation not organized for private profit. For other types of discrimination as enumerated in subdivision (a), an employer remains as defined in subdivision (c) of Section 12926. Nothing contained in this subdivision shall be construed to apply the definition of employer found in this subdivision to subdivision (a).

(j) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

SEC. 3. Section 12970 of the Government Code is amended to read:

12970. (a) If the commission finds that a respondent has engaged in any unlawful practice under this part, it shall state its findings of fact and determination and shall issue and cause to be served on the parties an order requiring such respondent to cease and desist from such unlawful practice and to take such action, including, but not limited to, hiring, reinstatement or upgrading of employees, with or without back pay, and restoration to membership in any respondent labor organization, as, in the judgment of the commission, will effectuate the purposes of this part, and including a requirement for report of the manner of compliance.

(b) If the commission finds the respondent has engaged in an unlawful practice under this part, and the respondent is licensed or granted a privilege by an agency of the state to do business, provide a service, or conduct activities, and the unlawful practice is determined to have occurred in connection with the exercise of that license or privilege, the commission shall provide the licensing or privilege granting agency with a copy of its decision or order.

(c) If the commission finds that a respondent has not engaged in any such unlawful practice, the commission shall state its findings of fact and determination and shall issue and cause to be served on the parties an order dismissing such accusation as to such respondent.

(d) Any findings and determination made or any order issued pursuant to this section shall be written and shall indicate the identity of the members of the commission who participated herein.

(e) Any order issued by the commission shall have printed on its face references to the rights of appeal of any party to the proceeding to whose position the order is adverse.

(f) If the commission finds that a respondent has engaged in an unlawful practice under this part, and it appears that this practice consisted of acts described in Section 243.4, 261, 286, 288, 288a, or 289 of the Penal Code, the commission, with the consent of the complainant, shall provide the local district attorney's office with a copy of its decision and order.

SEC. 4. Section 19572 of the Government Code is amended to read:

19572. Each of the following constitutes cause for discipline of an employee, or person whose name appears on any employment list:

(a) Fraud in securing appointment.

(b) Incompetency.

(c) Inefficiency.

(d) Inexcusable neglect of duty.

(e) Insubordination.

(f) Dishonesty.

(g) Drunkenness on duty.

(h) Intemperance.

(i) Addiction to the use of controlled substances.

(j) Inexcusable absence without leave.

(k) Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or a conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section.

(*l*) Immorality.

(m) Discourteous treatment of the public or other employees.

(n) Improper political activity.

(o) Willful disobedience.

(p) Misuse of state property.

(q) Violation of this part or board rule.

(r) Violation of the prohibitions set forth in accordance with Section 19990.

(s) Refusal to take and subscribe any oath or affirmation which is required by law in connection with the employment.

(t) Other failure of good behavior either during or outside of duty hours which is of such a nature that it causes discredit to the appointing authority or the person's employment.

(u) Any negligence, recklessness, or intentional act which results in the death of a patient of a state hospital serving the mentally disabled or the developmentally disabled.

(v) The use during duty hours, for training or target practice, of any material which is not authorized therefor by the appointing

power.

(w) Unlawful discrimination, including harassment, on the basis of race, religious creed, color, national origin, ancestry, physical handicap, marital status, sex, or age, against the public or other employees while acting in the capacity of a state employee.

(x) Unlawful retaliation against any other state officer or employee or member of the public who in good faith reports, discloses, divulges, or otherwise brings to the attention of, the Attorney General, or any other appropriate authority, any facts or information relative to actual or suspected violation of any law of this state or the United States occurring on the job or directly related thereto.

SEC. 5. Section 19682 of the Government Code is amended to read:

19682. Every person who violates any provision of this chapter is guilty of a misdemeanor. Adverse action may be taken by the appointing power, or the executive officer of the board may file charges, against a state employee who violates any provisions of this chapter.

SEC. 6. Section 19702 of the Government Code is amended to read:

19702. (a) A person shall not be discriminated against under this part because of sex, race, religious creed, color, national origin, ancestry, marital status, or physical handicap unless it can be shown that the particular handicap is job related. For purposes of this article, "discrimination" includes harassment. This subdivision is declaratory of existing law.

(b) As used in this section, "physical handicap" includes, but is not limited to, impairment of sight, hearing, or speech, or impairment of physical ability because of amputation or loss of function or coordination, or any other health impairment which requires special education or related services.

(c) As used in this section, "physical handicap" shall not include obesity or any other health impairment caused by such person's obesity.

(d) If the board finds that a person has engaged in discrimination under this part, and it appears that this practice consisted of acts described in Section 243.4, 261, 286, 288, 288a, or 289 of the Penal Code, the board, with the consent of the complainant, shall provide the local district attorney's office with a copy of its decision and order.

(e) If the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take such action, including, but not limited to, hiring, reinstatement or upgrading of employees, with or without back pay, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules

governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

CHAPTER 1755

An act to add and repeal Chapter 7 (commencing with Section 10800) of Part 2 of Division 2 of Title 2 of the Government Code, relating to public retirement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 10800) is added to Part 2 of Division 2 of Title 2 of the Government Code, to read:

CHAPTER 7. CUSTODIAN SERVICES FOR PUBLIC RETIREMENT SYSTEMS

10800. The Legislature hereby finds and declares:

(a) That the Public Employees' Retirement System and the State Teachers' Retirement System are among the largest pension systems in the country, public or private.

(b) That the services provided by the custodian of these funds must be state-of-the-art in order to maximize the investment potential of the funds and minimize inefficiencies.

(c) That the current services provided by the custodian of the funds warrants extensive review and evaluation in order to assess their efficiencies and inefficiencies.

10801. (a) A contractor selected pursuant to subdivision (b), with the assistance of the staffs of the Public Employees' Retirement System, the State Teachers' Retirement System, the Treasurer, the Controller, the Department of Finance, and the State and Consumer Services Agency, is hereby directed to prepare a report which evaluates the custodial services provided to the Public Employees' Retirement System and the State Teachers' Retirement System, methods to improve those services, and master custodian services offered by major banks and trust companies. The report shall be submitted to the Joint Committee on Public Pension Fund Investments no later than January 1, 1985, for the purposes of providing background material and serving as a discussion piece for a legislative hearing on the issue of the custody of the state's pension funds. More specifically, the report shall:

(1) Evaluate the current roles of the Public Employees' Retirement System, the State Teachers' Retirement System, the

Controller and the Treasurer in providing custodian services.

(2) Analyze master custodian services offered by other financial institutions.

(3) Evaluate the custodial experiences of large public pension systems in other states and locales.

(4) Quantify potential dollar savings to be gained by modifying the present system or using an outside bank or trust company as a master custodian.

(b) Selection of the contractor shall rest jointly with the Public Employees' Retirement System, the Treasurer and the Joint Committee on Public Pension Fund Investments. Approval of the final selection shall be made by the Joint Committee on Public Pension Fund Investments.

10802. This chapter shall remain in effect only until January 1, 1986, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1986, deletes or extends such date.

SEC. 2. There is hereby appropriated for expenditure for the purposes of Chapter 7 (commencing with Section 10800) of Part 2 of Division 2 of Title 2 of the Government Code:

(a) From the Public Employees' Retirement Fund, the sum of forty-two thousand two hundred fifty dollars ($42,250) to the Board of Administration of the Public Employees' Retirement System.

(b) From the General Fund, the sum of forty-two thousand two hundred fifty dollars ($42,250) to the Treasurer.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the efficiencies and inefficiencies of both the current services provided by the custodian of, and the master custodian services currently offered by major banks and trust companies for, the funds of the Public Employees' Retirement System and the State Teachers' Retirement System may be evaluated at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1756

An act to add Section 21292.51 to the Government Code, relating to public retirement.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 21292.51 is added to the Government Code, to read:

21292.51. Notwithstanding any provision of this part, a state safety member employed by the Department of Corrections or the Department of the Youth Authority with 25 years or more of service credit as such, shall, upon retirement on or after January 1, 1982, for industrial disability, receive the disability allowance provided for in Section 21292.5 or a disability allowance equal to 1/50th of final compensation multiplied by the number of years of state safety member service in the Department of Corrections or the Department of the Youth Authority with which the member is credited at retirement.

This section shall not become operative for any eligible member, unless and until it is first agreed to in a memorandum of understanding reached between the state and the exclusive representatives of the employees in State Bargaining Unit No. 6 pursuant to the State Employer-Employee Relations Act, Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, and approved by the Legislature pursuant to law.

SEC. 2. The Legislature hereby finds and declares that:

(a) Serious and unintended inequities began to arise in 1981, whenever a state safety member employed at an early age by the Department of Corrections or the Department of the Youth Authority would incur an industrial disability which would require retirement, after earning state safety service credit in excess of 25 years but before attaining the minimum age for service retirement.

(b) Prior attempts to remedy such inequities have been deferred or neglected.

(c) This act would remedy those inequities and, in so doing, would achieve a public purpose within the meaning of Section 6 of Article XVI of the California Constitution.

CHAPTER 1757

An act to amend the heading of Article 5 (commencing with Section 9105) of Chapter 1 of Part 1 of Division 2 of Title 2 of, to amend Sections 9105, 9106, 9108, 9109, and 9110 of, to add Article 9 (commencing with Section 9149) to Chapter 1 of Part 1 of Division 2 of Title 2 of, and to repeal Section 9112 of, the Government Code, relating to the State Capitol area, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 5 (commencing with Section 9105) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code is amended to read:

Article 5. The State Capitol Building Annex

SEC. 2. Section 9105 of the Government Code is amended to read:

9105. The State Capitol Building Annex is the annex to the historic State Capitol, constructed to the east of the original building, situated in the area bounded by 10th, L, 15th and N Streets in the City of Sacramento.

SEC. 3. Section 9106 of the Government Code is amended to read:

9106. The State Capitol Building Annex is intended primarily for the use of the legislative department and, except as otherwise provided in this article, shall be devoted exclusively to such use.

SEC. 4. Section 9108 of the Government Code is amended to read:

9108. The first floor of the State Capitol Building Annex is excepted from the provisions of this article. Such excepted space shall continue under the control of the Department of General Services. All other space in the State Capitol Building Annex shall be allocated from time to time by the Joint Rules Committee in accordance with its determination of the needs of the Legislature and the two houses thereof. The committee shall allocate such space as it determines to be necessary for facilities and agencies dealing with the Legislature as a whole including, but not limited to, press quarters, billrooms, telephone rooms, and offices for the Legislative Counsel and for committees created by the two houses jointly. The committee shall allocate to the Senate and Assembly, respectively, the space it determines to be needed by those houses and their committees and the officers, employees, and attachés thereof. The space thus allocated to the Senate and to the Assembly shall be allotted from time to time by the Senate Rules Committee and the Assembly Rules Committee, respectively.

SEC. 5. Section 9109 of the Government Code is amended to read:

9109. The determination of the Joint Rules Committee as to the needs of the Legislature shall be subject to change only by action of the committee or by concurrent resolution. If, at any time, the committee determines that there is space in the State Capitol Building Annex in excess of the needs of the legislative branch of the state government, it may release that space for use by the executive branch of the state government until such time as the space is needed by the legislative branch. The release shall be effected by notifying the Director of General Services that certain described

space is not necessary for the use by the Legislature for the time being. Thereafter, the Department of General Services, until such time as the Director of General Services is notified that the space has become needed by the legislative branch, shall have the same jurisdiction over the excess space as if this article had not been enacted.

SEC. 6. Section 9110 of the Government Code is amended to read:

9110. The maintenance and operation of all of the State Capitol Building Annex shall continue under the control of the Department of General Services, subject to the provisions of this article.

SEC. 7. Section 9112 of the Government Code is repealed.

SEC. 8. Article 9 (commencing with Section 9149) is added to Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, to read:

Article 9. The Historic State Capitol Commission

9149. The Legislature finds and declares that the historic State Capitol is a state historic and architectural legacy which must be preserved and maintained in a manner befitting the significance of the structures to the history and people of California. It is the intention of the Legislature, in enacting this article, to provide a permanent, official body to be charged with advisory review of the maintenance, restoration, development, and management of the historic State Capitol.

9149.1. As used in this article:

(a) "Commission" means the Historic State Capitol Commission created by Section 9149.2.

(b) "Historic State Capitol" is the building housing the state legislative offices and chambers, situated in the area bounded by 10th, L, 15th and N Streets in the City of Sacramento, except the east annex thereto.

9149.2. (a) There is in state government, the Historic State Capitol Commission, which shall consist of seven members, initially appointed as follows:

(1) Two members appointed by the Speaker of the Assembly, with one member initially serving a term of four years and one member initially serving a term of six years; thereafter, any appointment under this paragraph shall be for a term of six years.

(2) Two members appointed by the President pro Tempore of the Senate, with one member initially serving a term of two years and one member initially serving a term of six years; thereafter, any appointment under this paragraph shall be for a term of six years.

(3) The State Historic Preservation Officer, the State Librarian, and the State Archivist, who shall serve ex officio.

(b) Each member shall serve until his or her successor is appointed and qualified. Vacancies shall be filled by the appointing power for the remainder of the term. The commission shall from

time to time elect one of its members to chair the commission.

9149.3. The appointees of both the Speaker of the Assembly and the President pro Tempore of the Senate shall include one person who represents the arts or humanities and one person from the general public.

9149.4. The members of the commission shall serve without compensation, but shall receive reimbursement for travel and living expenses in connection with their official duties, at rates established by the Department of Personnel Administration.

9149.5. The Joint Rules Committee shall appoint a Subcommittee on the Capitol Restoration Project, comprised of three members from the Senate and three from the Assembly, to monitor the commission. The legislators so appointed shall have no vote in commission proceedings.

9149.6. (a) Four members of the commission shall constitute a quorum to do business, and no action of the commission may be taken except upon an affirmative recorded vote of four or more members.

(b) All meetings of the commission shall be open to the public.

(c) The commission shall meet upon call of the chairperson and at such other times as it may prescribe.

9149.7. The commission shall have the following powers and duties:

(a) To prepare, complete, and, from time to time, to amend, a comprehensive master plan, based on a priority of needs, for the restoration, preservation, and maintenance of the historic State Capitol.

(b) To review and advise the Legislature on any development, improvement, or other physical change in any aspect of the historic State Capitol.

(c) To manage, with the approval of the Joint Rules Committee, all historic and museum spaces and any concessions, in the historic State Capitol.

(d) To develop and manage historic art loans or other programs, exhibits, films, convocations, or other activities of an historic, architectural, or cultural nature, including any museum space in the historic State Capitol, as the commission determines will serve the interests of the public and promote public interest in the historic State Capitol under Joint Rules Committee supervision.

(e) To purchase for the state, or to accept as gifts to the state, any furnishings, artifacts, works of art, or other property which the commission determines will enhance the historic and cultural aspects of the historic State Capitol. All furnishings, artifacts, works of art, or other property so acquired shall be managed by the commission under supervision of the Joint Rules Committee.

(f) To accept financial contributions from any source, public or private, including any advisory foundation or group.

(g) To do any other act which the commission determines will maintain or enhance the historic and cultural legacy of the historic

State Capitol.

9149.8. In carrying out its duties and responsibilities under this article, the commission shall follow accepted standards for restoration, preservation, and maintenance of historic structures, including all of the following, where applicable and feasible:

(a) Standards for historic preservation, maintenance, recordation, and documentation of landmarks, promulgated by the United States Department of the Interior or its successor.

(b) Guidelines and museum management procedures, established by the National Trust for Historic Preservation or its successor.

(c) Standards, procedures, and guidelines for maintenance and protection of historic properties established or administered by the State Historic Preservation Officer and the Office of Historic Preservation.

(d) The management, conservation, and accession policies and procedures for historic features and artifacts developed for the Capitol Museum project interpretive program of the Joint Rules Committee in connection with the State Capitol Restoration Project conducted under Section 9124.

(e) Recommended procedures of the American Association of Museums.

9149.9. The commission shall maintain and may utilize all historic data, research, and project files developed and gathered by the state, and in the possession of the state, in connection with the State Capitol Restoration Project. On the date that the commission commences business, all of the written materials covered under this section shall be transferred to the State Archives to inventory, process, and store on behalf of the commission.

9149.10. The commission may request and shall receive assistance and data, relevant to the commission's duties and responsibilities, from every agency of state government.

9149.11. The commission shall maintain complete records of its proceedings and may publish reports and other publications in connection with its duties and responsibilities.

9149.12. The commission shall use any funds appropriated to its use, or allocated to its use by the Joint Rules Committee, donated to it, or acquired as revenue from any concession operated in the State Capitol, only for purposes of furthering the objectives of this article.

9149.13. The commission shall review and advise on any interagency agreement for management of concessions within the historic State Capitol.

9149.14. The commission shall employ an executive officer, who shall have at least three years of administrative-curatorial experience in the cultural or historic preservation fields, and staff persons as may be necessary to provide administrative services to the commission. No person may be employed as executive officer without approval, by majority vote, of the members of the Joint Rules Committee.

9149.15. The commission may contract with any agency, public or

private, for services, in connection with the commission's duties and responsibilities, as the commission determines to be necessary, including, but not limited to, the Department of Parks and Recreation in connection with the management of the Capitol Museum, as approved by the Joint Rules Committee. These contracts shall be subject to and consistent with existing laws, rules, and state policy regarding contracts with private firms or individuals for services provided to the state.

9149.16. The commission annually shall report to the Legislature on its activities. The commission shall propose to the Legislature such recommendations for legislation in connection with the historic State Capitol as the commission determines to be necessary.

9149.17. The commission shall be supported by allocations by the Joint Rules Committee from the Contingent Funds of the Assembly and Senate. The commission annually shall submit to the Joint Rules Committee a proposed budget for each fiscal year. The budget shall be subject to approval by a majority vote of the Joint Rules Committee.

SEC. 9. Of any funds appropriated by Chapter 246 of the Statutes of 1975, Chapter 28 of the Statutes of 1979, and Chapter 214 of the Statutes of 1980 to the Contingent Funds of the Assembly and Senate for purposes of restoration or rehabilitation of the State Capitol as provided in Section 9124 of the Government Code, which are not expended upon completion of the project of restoration or rehabilitation by the prime contractor and the return of the custody of the building to the state, one-half is reappropriated to the Assembly Contingent Fund and one-half is reappropriated to the Senate Contingent Fund.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Historic State Capitol Commission commence its work as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1758

An act to amend Sections 68200, 68201, and 68202 of the Government Code, relating to salaries, and making an appropriation therefor.

[Approved by Governor September 15, 1984. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 68200 of the Government Code is amended to read:

68200. The annual salary of the Chief Justice of California is ninety three thousand one hundred forty dollars ($93,140).

SEC. 2. Section 68201 of the Government Code is amended to read:

68201. Effective January 1, 1985, the annual salary of each of the following judges is the amount indicated opposite the name of the office:

(a) Associate Justice of the Supreme Court, eighty-eight thousand eight hundred eighteen dollars ($88,818).

(b) Presiding justice or associate justice of a court of appeal division, eighty-three thousand two hundred sixty eight dollars ($83,268).

SEC. 3. Section 68202 of the Government Code is amended to read:

68202. Effective January 1, 1985, the annual salary of each of the following judges is the amount indicated opposite the name of the office:

(a) Judge of the superior court, seventy-two thousand seven hundred sixty-three dollars ($72,763).

(b) Judge of a municipal court, sixty-six thousand four hundred forty-nine dollars ($66,449).

SEC. 4. The amendments to Sections 68200 and 68201 of the Government Code made by this act shall not apply to any justice who is serving in a protected term pursuant to Olson v. Cory, 27 Cal. 3d 532, and Olson v. Cory, 134 Cal. App. 3d 85, on the effective date of this act, unless such justice files a waiver with the Controller, in a form prescribed by the Controller, waiving entitlement to any future salary increase based on Section 68203 of the Government Code as that section read prior to amendment by Chapter 1018 of the Statutes of 1979.

SEC. 5. The sum of twenty-two thousand dollars ($22,000) is hereby appropriated from the General Fund to the Controller for allocation and disbursement to the Supreme Court and the courts of appeal in augmentation of Item 0250-001-001 of the Budget Act of 1984.

CHAPTER 1759

An act to amend Section 19878 of, to add Sections 9356.21 and 19140 to, and to add and repeal Article 5 (commencing with Section 18990) of Chapter 5 of Part 2 of Division 5 of Title 2 of, the Government Code, relating to public employees, making an appropriation therefor, and declaring the urgency thereof, to take effect

immediately.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 9356.21 is added to the Government Code, to read:

9356.21. Each member or former member who retired on or after December 31, 1981, who has 10 years of credited service in this system on or before December 31, 1984, shall receive credit for continuous active service of not less than one year in the armed forces of the United States, or continuous active service of not less than one year in the Merchant Marine of the United States prior to January 1, 1950, which service was rendered prior to assuming for the first time a state office for which membership in the system was elective and terminated with a discharge under other than dishonorable conditions; provided, however, that the credit to be given for that service shall be on the basis of one year of credit for each five years of credited service in this system, but shall not exceed a total of four years regardless of the number of years of either that service or subsequent service in this system. However, any member or retired former member electing to receive a credit for such military service shall contribute in lump sum or by installments over such period and subject to such minimum payments as may be prescribed by regulations of the board, at the member's contribution rate at the time of election or the retired persons's contribution rate at retirement applied, respectively, to the average annual compensation of the member over the three years immediately preceding the election or the average annual compensation of the retired person over the three years immediately preceding retirement.

Military service credit shall not be granted for any military service to which any of the following apply:

(a) In any period for which credit is otherwise given under Section 9356.2.

(b) Which is not continuous.

(c) For which service credit was received under any other retirement system.

(d) To the extent that total credit under this section would exceed four years.

An election by a member with respect to military service under this section may be made only while the member is in service in this system and an election by a member or retired former member shall be made before January 1, 1986.

Any resulting increase in the allowance of a retired former member shall be applied prospectively only.

SEC. 2. Article 5 (commencing with Section 18990) is added to

Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, to read:

Article 5. Legislative Employees

18990. Notwithstanding any other provisions of law, persons who on June 5, 1984, are employed by the California Legislature with not less than 12 months of service as of the effective date of this article, in a position exempt from the state civil service pursuant to subdivision (a) of Section 4 of Article VII of the California Constitution, shall be eligible to apply for promotional civil service examinations for which they meet the minimum qualifications prescribed by the class specification. In evaluating whether minimum qualifications are met, related legislative employment experience shall be considered state civil service experience in a class deemed comparable by the board, based on the duties and responsibilities assigned. The board shall determine whether new or deferred open, open nonpromotional, or promotional examinations shall be administered. Where multiple new departmental promotional examinations are being administered for the same classification with the same final filing date, a person applying for those examinations shall choose one departmental examination in which to compete. A person receiving a passing score shall have his or her name placed on all departmental promotional eligible lists resulting from examinations for that class with the same final filing date. Persons receiving passing scores in deferred examinations shall have their names merged with those on any existing eligible lists for the class for which the examination was held.

This article is added as a result of legislative reductions mandated pursuant to the passage of Proposition No. 24 on June 5, 1984. This article shall remain in effect only until January 1, 1986, and as of that date is repealed, unless a later enacted statute which is chaptered before January 1, 1986, deletes or extends that date.

SEC. 3. Section 19140 is added to the Government Code, to read:

19140. In addition to reinstatement required under any other section, an appointing power may, in his or her discretion, reinstate any person having probationary or permanent status who was separated from his or her position (a) by resignation, (b) by service retirement, (c) by termination from limited-term, temporary, career executive assignment, or exempt appointment, (d) under Section 19996.2, or (e) without a break in continuity of state service to accept another civil service or exempt appointment. Reinstatement shall be undertaken subject to all of the following:

(a) Subject to board rule.

(b) Within three years if the employee, at the time of separation was a member of the California Highway Patrol.

For reinstatement after separation, for members of the California Highway Patrol, the time spent (1) in a position which is exempt from civil service or (2) as a temporary employee in another

governmental agency engaged in a technical cooperation program under an agreement approved by the state or (3) in a recognized military service, shall not be considered in computing the three-year period.

(c) Subject to certification regarding eligibility pursuant to Section 20983.5, if applicable.

(d) To any vacant position as follows:

(1) In the class vacated or from which separated, or,

(2) In a lower class in the same series, or,

(3) In a lower class in a related series requiring similar types of qualifications, knowledge, and abilities, or,

(4) In another class having substantially similar duties, responsibilities, and qualifications, and substantially the same salary range.

An employee separated from state service by layoff, or by resignation in lieu of layoff, may be reinstated at the discretion of the appointing power; provided, however, that the reinstatement shall be subject to the requirements of this section and shall not be to a position that is specifically subject to the employee's reemployment list eligibility.

SEC. 4. Section 19878 of the Government Code is amended to read:

19878. As used in this article:

(a) "Employee" means any of the following:

(1) A permanent or probationary full-time state officer or employee, regardless of period of service, who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System in compensated employment on and after October 1, 1976. Commencing January 1, 1979, it also means a full-time state officer or employee, whether or not a member of such systems, who is an employee of the Legislature and is not a member of the civil service.

(2) A permanent or probationary part-time or intermittent state officer or employee, with at least the equivalent of six monthly compensated pay periods of service in the 18 months of pay periods immediately preceding the pay period in which the disability begins, who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System, in compensated employment on or after January 1, 1979 or a part-time or intermittent employee of the Legislature, whether or not a member of the Public Employees' Retirement System, in compensated employment on or after January 1, 1984.

(3) In addition to those eligible under subdivision (1) of this section, an employee of the Trustees of the California State University and Colleges appointed half-time or more for one year of service or one academic year, as defined by the trustees, or more, who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System, in compensated employment on or after January 1, 1979.

(b) "Full pay" means the gross base salary earnable by the employee, and subject to retirement contribution on the date of the commencement of his or her disability.

(c) "Disability" or "disabled" includes mental or physical illness and mental or physical injury, including any illness or injury resulting from pregnancy, childbirth, or related medical condition. An employee is deemed disabled on any day in which, because of his or her physical, mental, or medical condition, he or she is unable to perform his or her regular or customary work.

(d) "Disability benefit period", with respect to any individual, means the continuous period of disability beginning with the first day with respect to which the individual files a valid claim for nonindustrial disability benefits. For the purposes of this article, two consecutive periods of disability due to the same or related cause or condition and separated by a period of not more than 14 days shall be considered as one disability benefit period.

(e) "Appeals board" means the California Unemployment Insurance Appeals Board.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 5. The sum of eighty thousand dollars ($80,000) is hereby appropriated to, and in augmentation of, Item 8320-001-001 of the Budget Act of 1984, Chapter 258 of the Statutes of 1984, for support of the Public Employment Relations Board for the purpose of funding the mandates of Section 15 of Chapter 1258 of the Statutes of 1983 and subdivision (b) of Section 227 of Chapter 498 of the Statutes of 1983.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that Proposition No. 24 of the June 5, 1984, Primary Election and the employee benefits conferred by this act may be implemented by the Legislature at the earliest possible time and in an orderly manner, it is necessary that this act take effect immediately.

CHAPTER 1760

An act to amend Sections 18116 and 18119 of, to add Section 18116.1 to, and to repeal Section 18083 of, the Health and Safety Code, and to amend Sections 5801, 5812, and 5841 of, to repeal and add Section 10760 of, and to repeal Section 10759.5 of, the Revenue and Taxation Code, relating to the taxation of mobilehomes, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 18083 of the Health and Safety Code is repealed.

SEC. 2. Section 18116 of the Health and Safety Code is amended to read:

18116. (a) The license fee is due and payable to the department each year on or before the expiration date assigned by the department and noted on the registration card. The fee shall be paid to the department at the time of renewal of registration.

(b) An amount of 20 percent of the license fee shall be added on any application for renewal of registration made later than midnight of the date of expiration. The additional amount shall not be imposed on any application or fee payment received by mail after the date of expiration if the application or payment was, by evidence of postmark, placed in the mail before midnight on the date of expiration. Any manufactured home or mobilehome subject to this article for which registration has been allowed to lapse for 120 days or more shall be subject to a penalty of fifty dollars ($50) for each transportable unit to be paid to the department with all delinquent fees due at the time of the renewal of the registration.

(c) Any commercial coach subject to this article for which registration has been allowed to lapse for 120 days or more shall be subject to a penalty of two hundred dollars ($200) to be paid to the department along with all delinquent fees due at the time of the renewal of registration.

(d) It is the intent of the Legislature that license fees levied on manufactured homes, mobilehomes, or commercial coaches subject to this part shall not be altered or increased from the rates and levels of license fees established prior to January 1, 1981.

SEC. 3. Section 18116.1 is added to the Health and Safety Code, to read:

18116.1. (a) Nonpayment of the fees and penalties provided for in Sections 18114 and 18115 and in subdivisions (a), (b), and (c) of Section 18116 for manufactured homes, mobilehomes, or commerical coaches shall constitute a lien in favor of the State of California in the amount owing.

(b) Notwithstanding any other provision of law, the lien provided for in subdivision (a) shall continue to accrue for all registration years in which the fees and penalties remain unpaid.

(c) Until the amount of a lien provided for in subdivision (a) or (b) is paid to the department, the department shall not do either of the following:

(1) Amend the permanent title record of the manufactured home or mobilehome which is the subject of the lien for the purpose of transferring any ownership interest or transferring or creating any security interest in the manufactured home or mobilehome.

(2) Issue any duplicate, substitute, or new certificate of title, registration card, or copy of a registration card with respect to the manufactured home or mobilehome which is the subject of the lien.

SEC. 4. Section 18119 of the Health and Safety Code is amended to read:

18119. (a) If the license fee has not been paid on or before the 60th day following the date on which the fee became delinquent, the department shall mail a notice to the registered owner, legal owner and each junior lienholder shown on the permanent title record as of that date, containing the following information:

(1) That the license fee is delinquent.

(2) That the manufactured home or mobilehome will become subject to a penalty of fifty dollars ($50) per transportable unit pursuant to subdivision (b) of Section 18116, if the fees and penalties are not paid on or before the 120th day after the date of delinquency.

(b) On or before the last day of each calendar month, the department shall furnish a listing of new registrations and transfers of title to manufactured homes and mobilehomes subject to local property taxation under Section 5801 of the Revenue and Taxation Code, and of all voluntary transfers to local property taxation, as provided in subdivision (c), to the county assessor of the county in which the manufactured home or mobilehome is sited.

(c) The department shall transfer a manufactured home or mobilehome which is subject to vehicle license fee to local property taxation upon a request for the transfer, as prescribed by the department, executed by the registered owner, legal owner, and each junior lienholder. Transfer pursuant to this subdivision shall be final. Persons obtaining such a transfer thereby waive all entitlement to petition for reinstatement to the vehicle license fee, and are not entitled to the refund of any vehicle registration fees or vehicle license fees paid which apply to the period between the date of voluntary transfer and the expiration of the registration period for which the fees were paid.

SEC. 5. Section 5801 of the Revenue and Taxation Code is amended to read:

5801. (a) As used in this part, "mobilehome" means a mobilehome as defined in Sections 18008 and 18211 of the Health and Safety Code which:

(1) Was first sold new on or after July 1, 1980.

(2) Was, at the request of the owner, and following his or her notification of the Department of Housing and Community Development and the assessor, made subject to taxation under this part.

(b) "Mobilehome" as used in this part does not include a mobilehome which has become real property by being affixed to land on a permanent foundation system or otherwise and is taxed as all other real property is taxed.

SEC. 6. Section 5812 of the Revenue and Taxation Code is amended to read:

5812. The base year value of a mobilehome which is purchased or which changed ownership shall be entered on the roll for the lien date next succeeding the date of the purchase or change in ownership. The value of any new construction shall be entered on the roll for the lien date next succeeding the date of completion of the new construction. The value of new construction in progress on the lien date shall be entered on the roll as of the lien date.

SEC. 7. Section 5841 of the Revenue and Taxation Code is amended to read:

5841. The Department of Housing and Community Development shall furnish to the county assessor of the county in which a mobilehome is sited, on or before the last day of each calendar month, a listing of all new registrations and titles to mobilehomes sited, or to be sited, in that county.

SEC. 8. Section 10759.5 of the Revenue and Taxation Code is repealed.

SEC. 9. Section 10760 of the Revenue and Taxation Code is repealed.

SEC. 10. Section 10760 is added to the Revenue and Taxation Code, to read:

10760. (a) Notwithstanding any other provision of law, a mobilehome sold new on or before June 30, 1980, on which the license fee required to be paid under this part has been delinquent for 120 days or more, shall not be subject to local property taxation, if a request for reinstatement to the vehicle license fee under this part is filed with the Department of Housing and Community Development with a postmark dated no later than December 31, 1986, showing verification by the county tax collector that payment of property taxes on the mobilehome is current, as of the date of filing.

(b) Applications for filing for reinstatement pursuant to this section shall be provided by the Department of Housing and Community Development through its offices and offices of county assessors and county tax collectors.

(c) A mobilehome shall not qualify for reinstatement to the license fee under this part unless payment of property taxes on the mobilehome is current. Reinstatement applications shall include a provision for county tax collectors to verify that the payment of property taxes is current. For purposes of this section, mobilehome

owners who submit reinstatement applications to the tax collector for verification prior to September 1st of the fiscal year for which property taxes on the mobilehome will be due and whose verified applications are filed with the department with a postmark date no later than 30 days thereafter are considered current on the payment of property taxes if the payment of property taxes on the mobilehome for prior fiscal years has been satisfied.

(d) Any used mobilehome, the sale of which has not been subject to sales or use tax pursuant to Section 6379 or Section 18116.5 of the Health and Safety Code, shall not qualify for reinstatement to the license fee under this part unless, in addition to the other requirements of this section, the full sales or use tax liability on the last sale, which would have been owed if the mobilehome had not been subject to property taxation, is paid.

(e) The Department of Housing and Community Development, upon receiving the verified reinstatement application and determining that the requirements of this section have been complied with, shall reinstate the mobilehome to the license fee, establish a license fee renewal date for the mobilehome, and notify the county tax assessor to remove the mobilehome from the local property tax roll.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent additional mobilehomes of mobilehome owners who are delinquent in the payment of vehicle license fees because of a lack of notice of the renewal of those fees from being transferred to property taxation, and to permit the mobilehomes of mobilehome owners already transferred to property taxation to be reinstated to the vehicle license fee in accordance with the provisions of this act at the earliest possible time, it is necessary that this act take effect immediately.

CONCURRENT AND JOINT RESOLUTIONS AND CONSTITUTIONAL AMENDMENTS

1983–84

REGULAR SESSION

1984 RESOLUTION CHAPTERS

RESOLUTION CHAPTER 1

Assembly Concurrent Resolution No. 7—Relative to the creation of the Joint Committee on Public Pension Fund Investments.

[Filed with Secretary of State January 10, 1984]

Resolved by the Assembly of the State of California, the Senate thereof concurring, as follows:

(1) The Joint Committee on Public Pension Fund Investments is hereby created, authorized and directed to ascertain, study and analyze all facts relating to the following:

(a) Increasing the yield on portfolio investments of all California public pension funds.

(b) Improving the financial responsibilities of corporations to their public pension fund shareholders, including improved financial information, better communication, and responsive practices concerning shareholder voting rights.

(c) Evaluating portfolio potential, including, but not limited to, the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution.

(2) The committee shall consist of four Members of the Senate, appointed by the Committee on Rules thereof, and four Members of the Assembly, appointed by the Speaker thereof. The chairperson of the committee shall be appointed pursuant to Joint Rule 36.7. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

(3) The committee is authorized to act during 1983–84 Regular Session of the Legislature, including any recess, until November 30, 1984, on which date the committee shall terminate.

(4) The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

(5) The committee has the following additional powers and duties:

(a) To contract with a consultant, if a consultant is not otherwise retained by the Legislature or either house thereof, and to hire necessary staff, as approved by the Chairman or Chief Administrative Officer of the Joint Rules Committee.

(b) To appoint an advisory committee consisting of persons knowledgeable in the subject of investment of pension funds, to assist the committee, the Investment Practices Subcommittee of the Assembly Committee on Finance and Insurance, and staff.

(c) To make recommendations regarding ways to improve the rate of return on California public pension funds.

(d) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and report to the committee as will best assist it to carry out the purposes for which it is created.

(e) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(f) To obtain, with the approval of the Chairman or Chief Administrative Officer of the Joint Rules Committee, all necessary office space, equipment, and materials.

(g) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

(6) The committee, through its staff and its consultant, in achieving the objective specified in subdivision (a) of Section 1, shall do the following:

(a) Analyze all California public pension funds to determine how well they maximize income and minimize costs.

(b) Determine, for each California public pension fund, but without considering any statutory or constitutional limit, and assuming an acceptable risk and taking into account the portfolio size, a real investment return potential.

(c) Determine the extent to which each fund falls short of the real investment return potential determined pursuant to subdivision (b).

(d) As to any fund not reaching the real investment return potential, identify the reasons therefor.

(e) Determine what changes should be made by amending the Constitution, statutes, or administrative regulations and what organizational changes should be made, including budget, hiring of advisers as independent contractors, hiring of traders as independent contractors, and the use of electronic data equipment.

(7) The committee, through its staff and its consultant, in achieving the goal specified in subdivision (b) of Section 6, shall do all of the following:

(a) Determine the potential for providing additional income without sacrificing risk or return.

(b) Determine the extent to which the funds now fall short of achieving additional income.

(c) Determine the identifiable reasons for failures to meet the potential.

(d) Determine what changes should be made by amending the Constitution, statutes, or administrative regulations and what organizational changes should be made, including budget, hiring of advisers as independent contractors, hiring of traders as independent contractors, and the acquisition or modification of electronic data equipment.

(8) The committee, through its staff and its consultant, in

achieving the objectives specified in subdivision (c) of Section 1, shall do the following:

(a) Test a variety of investment hypotheses.

(b) Determine the effects on yield by share voting and alternative investments, through analyses using costs and time and the utilization of computers.

(9) The consultant retained by the Legislature shall work with the committee, the advisory committee, and the members and staff of the Assembly Committee on Finance and Insurance and the Joint Legislative Retirement Committee, and shall provide assistance to the author of any resulting bill.

(10) The consultant retained by the Legislature shall meet with the administrators and the administering bodies of the public and private pension funds to attempt to implement recommended organizational changes and any legislative changes in order to accomplish the recommendations of the consultant which have been approved by the committee, the Investment Practices Subcommittee of the Assembly Committee on Finance and Insurance, or the Joint Legislative Retirement Committee.

(11) The Joint Rules Committee may make such money available from the Contingent Funds of the Assembly and Senate as it deems necessary for the expenses of the committee and its members. In accordance with Joint Rule 36.8, any such expenditure of funds shall be made in compliance with policies set forth by the Joint Rules Committee and shall be subject to the approval of the Joint Rules Committee.

RESOLUTION CHAPTER 2

Senate Constitutional Amendment No. 14—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 2 of Article XIII A thereof, relating to taxation.

[Filed with Secretary of State January 20, 1984.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by amending Section 2 of Article XIII A thereof, as follows:

SEC. 2. (a) The full cash value means the county assessor's valuation of real property as shown on the 1975–76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has

occurred after the 1975 assessment. All real property not already assessed up to the 1975–76 full cash value may be reassessed to reflect that valuation. For purposes of this section, the term "newly constructed" shall not include real property which is reconstructed after a disaster, as declared by the Governor, where the fair market value of such real property, as reconstructed, is comparable to its fair market value prior to the disaster. Also, the term "newly constructed" shall not include the portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction, necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.

(b) The full cash value base may reflect from year to year the inflationary rate not to exceed 2 percent for any given year or reduction as shown in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced to reflect substantial damage, destruction or other factors causing a decline in value.

(c) For purposes of subdivision (a), the Legislature may provide that the term "newly constructed" shall not include the construction or addition of any active solar energy system.

(d) For purposes of this section, the term "change in ownership" shall not include the acquisition of real property as a replacement for comparable property if the person acquiring the real property has been displaced from the property replaced by eminent domain proceedings, by acquisition by a public entity, or governmental action which has resulted in a judgment of inverse condemnation. The real property acquired shall be deemed comparable to the property replaced if it is similar in size, utility, and function, or if it conforms to state regulations defined by the Legislature governing the relocation of persons displaced by governmental actions. The provisions of this subdivision shall be applied to any property acquired after March 1, 1975, but shall affect only those assessments of that property which occur after the provisions of this subdivision take effect.

RESOLUTION CHAPTER 3

Assembly Joint Resolution No. 57—Relative to California agricultural pest management.

[Filed with Secretary of State January 20, 1984.]

WHEREAS, Agriculture is nearly a 14 billion dollar industry in California and is the state's number one industry in terms of cash value and productivity; and

WHEREAS, Over 1 million Californians are employed in

agriculture and other related industries; and

WHEREAS, Exports of this state's agricultural products are beneficial to the economy of the state and the balance of payments of this country; and

WHEREAS, Agricultural pests represent a serious threat to California's agriculture industry and the state's economy; and

WHEREAS, The boll weevil and other pests have caused a significant amount of damage to cotton and other commodities; and

WHEREAS, The expense of adequate pest management is cost-effective compared to the costs of handling pest problems resulting from inadequate management; and

WHEREAS, Pest exclusion is an essential segment of pest management; and

WHEREAS, Pest eradication programs are expensive; and

WHEREAS, Recent agricultural pest outbreaks and crises warrant increased pest exclusion and management efforts; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the United States Department of Agriculture (U.S.D.A.) increase its agricultural pest inspection activities at California's Mexican border and at California's international points of entry; and be it further

Resolved, That the U.S.D.A. increase its participation in California's pest eradication programs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President and Vice President of the United States, to the Secretary of Agriculture, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 4

Senate Concurrent Resolution No. 46—Relative to school health week.

[Filed with Secretary of State January 27, 1984]

WHEREAS, All students have the right to develop to their maximum potential in accordance with their individual differences and needs; and

WHEREAS, A student's educational achievement can be affected by his or her health status; and

WHEREAS, The need for education about health and health care is greater today than ever before because of choices people make each day about exercise, diet and the use of alcohol and drugs; and

WHEREAS, The lack of parenting skills has contributed to the problems of juvenile delinquency, child abuse and deterioration of the family unit; and

WHEREAS, The early identification, intervention and remediation of student health problems decreases impediments to learning; and

WHEREAS, There has been an increase in school violence and vandalism, unwanted pregnancies and substance abuse necessitating crises intervention; and

WHEREAS, There has been an increased enrollment of immigrant children and youth with many health problems; and

WHEREAS, There has been an increased enrollment in regular classes of students with multiple and severe handicaps; and

WHEREAS, Public educational agencies are mandated to provide diligent care to the health and physical development of all pupils; and

WHEREAS, The credentialed school nurse, because of his or her academic preparation and professional expertise, is the staff member uniquely qualified to address these critical issues by implementing a school health services and education program which includes:

(a) Health counseling.

(b) Immunizations.

(c) Health screening and assessments.

(d) Emergency care.

(e) Staff and parent education.

(f) Prevention education in alcohol and drug abuse and child abuse.

(g) Services to students and parents in special education.

(h) Community liaison activities; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California recognizes the unique contribution of the professional credentialed school nurse to the total educational program by proclaiming January 23 to 27, 1984 as School Health Week in California; and be it further

Resolved, That the Legislature encourages counties and school districts to utilize the services of the school nurse to meet the above needs; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to Betty McGinnis, President of the California School Nurses Organization.

RESOLUTION CHAPTER 5

Assembly Concurrent Resolution No. 107—Relative to commending the Los Angeles Raiders.

[Filed with Secretary of State January 31, 1984.]

WHEREAS, The City of Los Angeles and the State of California have been honored this year by the spirit and performance of the Los Angeles Raiders, world champions of professional football for 1983–84; and

WHEREAS, The Los Angeles Raiders, under the dynamic leadership of Head Coach Tom Flores, compiled a won-lost record of 12-4 in route to capturing the championship of the Western Division of the American Football Conference; and

WHEREAS, After defeating the Pittsburgh Steelers, 38-10, in the first round of the playoffs, the Raiders captured the American Football Conference title with a 30-14 victory over the Seattle Seahawks; and

WHEREAS, In Tampa, Florida on January 22, 1984, the Raiders defeated the Washington Redskins by a score of 38-9, to win Super Bowl XVIII and the championship of the National Football League; and

WHEREAS, Against all opponents and in spite of controversy, throughout the years the members of the Raiders have demonstrated a unique esprit de corps and dedication to excellence which serve as a lesson in character to the athletes and fans of the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby commends all members of the World Champion Los Angeles Raiders and its organization for their magnificent performances throughout the football season, and especially in the NFL Playoff and Super Bowl XVIII; and be it further

Resolved, That the Legislature thanks the Raiders for the honor they have continually brought to California sports enthusiasts and fans of professional football; and be it further

Resolved, That suitably prepared copies of this resolution be transmitted to owner Al Davis, to the coaching staff, led by Head Coach Tom Flores, and to all of the members of the 1983–84 world champions of professional football, the Los Angeles Raiders.

RESOLUTION CHAPTER 6

Senate Concurrent Resolution No. 51—Relative to commending the Los Angeles Raiders.

[Filed with Secretary of State February 1, 1984.]

WHEREAS, In the 1983 regular season of the National Football League, the Los Angeles Raiders posted a record of 12 wins and 4 losses; and

WHEREAS, The Raiders won the American Football Conference Championship, and capped their season with a 38-9 win over the

Washington Redskins in Super Bowl XVIII, the National Football League's 1983–84 world championship game; and

WHEREAS, The Raiders' participation in Super Bowl XVIII marks the fourth time the California sports franchise has represented the state in the Super Bowl, and the third time the Raiders have been victorious; and

WHEREAS, In Super Bowl XVIII, Marcus Allen, a running back for the Raiders, set a new Super Bowl rushing record by picking up 191 yards and two touchdowns in just 20 carries; and

WHEREAS, Allen further distinguished himself by winning the coveted "Most Valuable Player" award for the game and by breaking the single-carry rushing record by dashing into the end zone on a 74-yard run; and

WHEREAS, In Super Bowl XVIII, the Los Angeles Raiders set new Super Bowl records by scoring 38 points and posting the largest margin of victory—29 points; and

WHEREAS, Since the franchise's inception as a California team in 1960, the Raiders have won more AFL and AFC Western Division championships than any other team; and

WHEREAS, The Raiders' organization has contributed to the commerce and prestige of the State of California, as well as providing the state's citizens with innovative and unprecedented sports excitement; and

WHEREAS, The team's slogans—"Pride and Poise" and "A Commitment to Excellence"—are demonstrative of the competitive and Californian spirit with which the team pursues its goals; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California salutes the Los Angeles Raiders franchise, Head Coach Tom Flores, Manager and General Partner Al Davis, Super Bowl XVIII MVP Marcus Allen, and all of the staff and team members of the Los Angeles Raiders for their victory in Super Bowl XVIII; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to Tom Flores, Al Davis, and Marcus Allen.

RESOLUTION CHAPTER 7

Assembly Concurrent Resolution No. 72—Relative to exemplary pupil attendance.

[Filed with Secretary of State February 3, 1984.]

WHEREAS, Education is of vital importance to the development of the youth of this state; and

WHEREAS, A good education is essential in our complex and technologically oriented society; and

WHEREAS, No pupil who is constantly absent from school can obtain an adequate education; and

WHEREAS, Acknowledgment of good attendance acts as a positive reinforcement and promotes further good attendance habits; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Superintendent of Public Instruction establish guidelines for determining exemplary pupil attendance and that the superintendent urge school districts to acknowledge exemplary pupil attendance by appropriate annotation on the report cards of pupils in grades 1 through 8 and on the transcripts of pupils in grades 9 through 12; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Superintendent of Public Instruction.

RESOLUTION CHAPTER 8

Assembly Joint Resolution No. 78—Relative to social security coverage of existing employees of nonprofit organizations.

[Filed with Secretary of State February 3, 1984]

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation which amends Section 102 of the Social Security Amendments of 1983 to ensure that existing employees of nonprofit organizations are excluded from social security coverage in the same manner as existing federal employees and to provide that new employees of nonprofit organizations will be covered by social security as will be new federal employees; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 9

Assembly Joint Resolution No. 86—Relative to offshore oil drilling.

[Filed with Secretary of State February 9, 1984.]

WHEREAS, The Department of the Interior has proposed Lease Sale 80 to expand oil drilling off the California coast; and

WHEREAS, The California Legislature believes that the coastline of California and the waters off this coast represent an important natural resource which must be preserved; and

WHEREAS, The southern California coastline is a prime recreation and tourism area which contributes substantially to the economy of the region; and

WHEREAS, Increased oil and gas exploration and development is occurring off the coast of California without adequate or sufficient analysis of the cumulative effects of such exploration; and

WHEREAS, There is potential negative impact on endangered species, the environment, and the economy of the region; and

WHEREAS, Only a single meeting was held in San Diego to determine the scope of the draft environmental impact statement (DEIS) and that meeting did not include opportunities for the general public to participate; and

WHEREAS, Local governments have expressed serious reservations regarding the validity and thoroughness of the DEIS; and

WHEREAS, The DEIS has not indicated that oil and gas reserves in the tracts off the southern California coast compensate for the deterioration of air quality and potential oil spill damage that could result; and

WHEREAS, A detailed analysis of transportation and refining problems associated with the production of resources from these tracts was not provided in the DEIS; and

WHEREAS, On December 6, 1983, it was revealed in a final environmental impact statement on Lease Sale 80, that the United States Navy called for exclusion of 60 percent of the 11.6 million offshore acres contained in Lease Sale 80, citing that "there is no place within the Southern California lease offering area in which oil or gas exploration or production, even with the most stringent stipulations, can occur without significant impact to the Department of Defense and the nation's defense"; and

WHEREAS, The United States Navy in the same statement also charged that the waters off the San Diego County coastline are "the most heavily used naval operating areas anywhere in the world"; and

WHEREAS, A number of tracts in the proposed Lease Sale 80 coincide with hazardous waste dump sites and could present a significant threat to the environment and public health; and

WHEREAS, There already exists the potential for geologic hazards and seismic risks in the waters off the southern California coast; and

WHEREAS, Military operations would be negatively impacted which would jeopardize our national security and defense; and

WHEREAS, Revisions in outer continental shelf regulations, orders, and standard lease sale stipulations, consistent with local and state government recommendations, may be necessary; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California strongly urges the President and Congress of the United States to delete from the proposed Lease Sale 80 until January 1986, those tracts off the San Diego County coastline, and to conduct comprehensive, area-wide public hearings to permit a full range of citizen groups to participate in the process and express their concerns on the special needs of the San Diego area, and to establish a local, technical advisory committee to meet with and advise the Department of the Interior in a joint review of existing procedures, policies, and regulations governing outer continental shelf development to determine if the proposed Lease Sale 80 meets the requirements of the Outer Continental Shelf Lands Act, the Coastal Zone Management Act, the National Environmental Protection Act, and the Endangered Species Act, and to determine what changes may be necessary in procedures and regulations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of the Interior, to the Speaker of the House of Representatives and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 10

Assembly Concurrent Resolution No. 100—Relative to Earthquake Awareness Week.

[Filed with Secretary of State February 14, 1984.]

WHEREAS, Based on scientific information, a severe earthquake can be expected to occur in Southern California within the next 30 years; and

WHEREAS, Such a quake could exceed "7" on the Richter scale, and could result in 180,000 Californians being killed, injured, or left homeless; and

WHEREAS, All levels of government are taking steps to encourage and develop public awareness of earthquakes and steps to mitigate their damage, including the enactment of stringent building standards to ensure structures which are earthquake resistant and to lessen the earthquake dangers from existing buildings; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims February 5–11, 1984, as California Earthquake Awareness Week and urges all Californians to engage in appropriate activities during that week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of

this resolution to the Governor, the Seismic Safety Commission, the Board of Supervisors of the County of Los Angeles, and the City Council of the City of Los Angeles.

RESOLUTION CHAPTER 11

Senate Concurrent Resolution No. 45—Relative to the Joint Committee on the State's Economy.

[Filed with Secretary of State February 22, 1984]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee on the State's Economy and the advisory committees created pursuant to Resolution Chapter 4 of the Statutes of 1980 are continued in existence through November 30, 1984, notwithstanding the provisions of any prior concurrent resolution affecting these committees. The committee shall continue to have the powers and duties granted and imposed by the resolutions creating and continuing it. The committee may expend any funds heretofore or hereafter made available, and further allocations may be made by the Joint Rules Committee. In accordance with Joint Rule 36.8, any expenditure of funds by the committee shall be made in compliance with policies set forth by, and subject to the approval of, the Joint Rules Committee.

RESOLUTION CHAPTER 12

Assembly Concurrent Resolution No. 106—Relative to Women's History Week.

[Filed with Secretary of State February 24, 1984.]

WHEREAS, The celebration of National Women's History Week each year provides an opportunity for schools and communities to focus attention on the lost heritage of women's contributions in the United States; and

WHEREAS, National Women's History Week coincides with International Women's Day, March 8, originally proclaimed at the turn of the century to recognize the valuable work of women in the labor movement and the international concerns of all women, and the 76th anniversary of International Women's Day will be celebrated this year; and

WHEREAS, The observance of Women's History Week was begun by the Sonoma County Commission on the Status of Women in Sonoma County, California, in 1978, and has since been

commemorated by school districts, educators, historians and community groups throughout the state and across the nation, due largely to the efforts of the National Women's History Week Project based in California; and

WHEREAS, Throughout history, the significant roles of women have largely been discounted, stereotyped, or ignored; and

WHEREAS, In addition, the lives of women from diverse cultures are seldom mentioned in history books, and in educational curricula there is very little focus on the many contributions of women in the areas of literature, drama, art, poetry, and music; and

WHEREAS, Because of the significance and scope of women's role in the making of history and in the development of American culture and society, it is important that the State of California recognize the many contributions of women; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That they take pleasure in joining with the California Commission on the Status of Women in honoring the contributions of women, and urge all Californians to join in the celebration of International Women's Day on March 8, 1984; and be it further

Resolved, That the week of March 4 through 10, be designated as Women's History Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Chair of the California Commission on the Status of Women for distribution to appropriate organizations.

RESOLUTION CHAPTER 13

Assembly Concurrent Resolution No. 132—Relative to vision.

[Filed with Secretary of State March 6, 1984]

WHEREAS, Good vision enhances the quality of life and productivity of our citizens; and

WHEREAS, People can do much to preserve and protect their precious sight; and

WHEREAS, Optometrists, ophthalmologists, and opticians recognize that it is their duty to protect the sight of the citizenry; and

WHEREAS, Optometrists, ophthalmologists, and opticians have demonstrated their commitment to visual welfare through vision screenings conducted throughout the state; and

WHEREAS, The education of the citizenry to eye care is a crucial component of the services provided by doctors of optometry and other health care professionals if the well-being of the citizenry is to be properly maintained; and

WHEREAS, Save Your Vision Week should be observed to remind people about the importance of proper vision care and maintenance

and to teach the public the rudiments of eye care necessary to ensure good vision health; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature proclaim the week of March 4–10, 1984, as Save Your Vision Week, and be it further

Resolved, That March 4–10, 1984, be recognized in conjunction with National Save Your Vision Week; and be it further

Resolved, That all Californians are urged to join together in recognizing the need to cherish and protect their eyesight; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the California Optometric Association.

RESOLUTION CHAPTER 14

Assembly Concurrent Resolution No. 141—Relative to Wellness Week.

[Filed with Secretary of State March 9, 1984]

WHEREAS, The week of March 11–17, 1984, has been designated by the California Council on Wellness and Physical Fitness as "Wellness Week" in California, the purpose of which is to heighten health awareness, promote health enhancement, and improve the quality of health and well-being throughout the state; and

WHEREAS, The purpose of the Committee on Health Education of the Public is to provide educational resources and materials to assist physicians in educating their patients about health maintenance and medical care and to provide health education materials to the public; and

WHEREAS, Each day of Wellness Week has a particular focus: Monday is Self-Responsibility Day; Tuesday is Nutritional Awareness Day; Wednesday is Stress Management Day; Thursday is Physical Fitness Day; and Friday is Evironmental Sensitivity Day; and

WHEREAS, During this period, Californians throughout the state will be participating in a calendar of wellness programs and activities; and

WHEREAS, Wellness Week will serve as a prototype for an ongoing awareness of wellness and for activities throughout the year; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That they take great pleasure in joining the California Council on Wellness and Physical Fitness in proclaiming the week of March 11 through 17, 1984, as "Wellness Week 1984," and urge their fellow Californians to participate and support the activities of this health prevention program to enhance the quality

of life; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the California Council on Wellness and Physical Fitness and to the Committee on Health Education of the Public.

RESOLUTION CHAPTER 15

Senate Concurrent Resolution No. 73—Relative to Wellness Week.

[Filed with Secretary of State March 13, 1984.]

WHEREAS, The week of March 11–17, 1984, has been designated by the California Council on Wellness and Physical Fitness as "Wellness Week" in California, the purpose of which is to heighten health awareness, promote health enhancement, and improve the quality of health and well-being throughout the state; and

WHEREAS, The purpose of the Committee on Health Education of the Public is to provide educational resources and materials to assist physicians in educating their patients about health maintenance and medical care and to provide health education materials to the public; and

WHEREAS, Each day of Wellness Week has a particular focus: Monday is Self-Responsibility Day; Tuesday is Nutritional Awareness Day; Wednesday is Stress Management Day; Thursday is Physical Fitness Day; and Friday is Environmental Sensitivity Day; and

WHEREAS, During this period, Californians throughout the state will be participating in a calendar of wellness programs and activities; and

WHEREAS, Wellness Week will serve as a prototype for an ongoing awareness of wellness and for activities throughout the year; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That they take great pleasure in joining the California Council on Wellness and Physical Fitness in proclaiming the week of March 11 through 17, 1984, as "Wellness Week 1984," and urge their fellow Californians to participate and support the activities of this health prevention program to enhance the quality of life; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the California Council on Wellness and Physical Fitness and to the Committee on Health Education of the Public.

RESOLUTION CHAPTER 16

Assembly Concurrent Resolution No. 104—Relative to National Agriculture Week.

[Filed with Secretary of State March 13, 1984]

WHEREAS, Agriculture is California's leading industry, providing a vital link in a chain, either directly or indirectly, involving millions of Californians in getting food from the farmers' fields to the consumers; and

WHEREAS, California's agricultural productivity forms the cornerstone of the state's economy, contributing nearly fifteen billion dollars ($15,000,000,000) in gross farm receipts from the production of 250 different crops and livestock products; and

WHEREAS, California is the leading agriculture producing state in the United States, nine of the nation's top 12 agriculture producing counties are located in this state, and California's food and fiber is a vital ingredient in our strength as a nation, both domestically and on the world scene; and

WHEREAS, California, recognizing the importance of youths in agriculture, boasts one of the finest agricultural educational systems in the world, with its universities and colleges being leading innovators of research and development in everything from farm implements to crop strains; and

WHEREAS, To maintain a healthy industry and promote a better economy, it is necessary that all of the people in the United States should be aware of, and have an interest in, the manner in which agriculture affects their everyday lives; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the week of March 19 through March 25, 1984, as "National Agriculture Week" and March 20, 1984, as "Agriculture Day"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor and to the President of the United States.

RESOLUTION CHAPTER 17

Senate Joint Resolution No. 27—Relative to federal funds for American Indian child welfare service programs.

[Filed with Secretary of State March 20, 1984]

WHEREAS, Title II of the federal Indian Child Welfare Act of 1978 (Public Law 95-608) authorized the United States Secretary of the Interior to make grants to Indian tribes and organizations for the establishment and operation of Indian child and family service

programs; and

WHEREAS, More than 201,000 American Indians, a larger number than in any other state, are residents of California, and the state includes approximately 82 federally recognized Indian tribes; and

WHEREAS, California's share of funds made available under Title II of the Indian Child Welfare Act has substantially decreased over the past three fiscal years; and in fiscal year 1982 the allocation of these funds to Indian people in California was decreased by 40 percent when the total appropriation for the act was only decreased by 4 percent; and

WHEREAS, In fiscal year 1984 California's appropriation was again decreased, and in fiscal year 1985 the United States Bureau of Indian Affairs is proposing to further reduce funding despite the documented need for the program services provided by the federal act; and

WHEREAS, This decrease is based on the decision to discontinue the provisions of grants to off-reservation programs, although these programs are important to urban as well as to rural residents because other services are not tailored to the special needs of Indians; and

WHEREAS, The United States Senate Select Committee on Indian Affairs, pursuant to the Congressional Budget Act of 1974, has recommended that the Indian Child Welfare Program be continued both on and off the reservation with an increase in funding from the present $8.7 million to $12 million; and

WHEREAS, To again reduce California's allocations of funds under Title II would result in the loss of important child welfare and social services and inflict a serious injustice on the Indian population of this state; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to increase the appropriation for Title II of the Indian Child Welfare Act of 1978 to $12 million as recommended by the Senate Select Committee on Indian Affairs, in order to more adequately meet the needs of American Indians in California and throughout the nation, and to continue funding of all Title II programs both on and off the reservation; and be it further

Resolved, That the President and the Congress of the United States direct the Bureau of Indian Affairs to restore to the Indian people in California an equitable share of funding under Title II based upon population and need and that supplemental hearings be held to increase California's allocation of Title II funds for fiscal year 1985; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 18

Assembly Concurrent Resolution No. 95—Relative to Cancer Awareness Week 1984.

[Filed with Secretary of State March 21, 1984.]

WHEREAS, The California Division of the American Cancer Society has chosen April 2 through 8, 1984, as Cancer Awareness Week to focus the public's attention on the importance of learning to reduce the risk of getting cancer; and

WHEREAS, The American Cancer Society projects that within the next two years, breast cancer will be the number one cause of cancer deaths in women aged 15 to 75 years and that 1 in every 11 women will contract breast cancer; and

WHEREAS, Three out of eight cancer patients are being cured today; and

WHEREAS, As a result of ever-improving diagnostic and treatment methods more than 3 million Americans with a history of cancer are cured of the disease; and

WHEREAS, Four out of eight cancer patients could be cured with current medical knowledge and treatment methods if the cancer is detected early and treated promptly; and

WHEREAS, Ninety percent of all breast cancers are detected through early self-detection, underscoring the need for education in self-examination, which will result in improved survival rates for patients; and

WHEREAS, The primary goal of the American Cancer Society is to decrease the number of cancer deaths and the pain and suffering that accompanies the disease; and

WHEREAS, The best defense against cancer is public education; and

WHEREAS, Members of the public are encouraged to contact their local American Cancer Society office to obtain a free personal test on determining their risk of cancer and tips on risk reduction; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That April 2 through 8, 1984, be proclaimed as "Cancer Awareness Week;" and be it further

Resolved, That all Californians are urged to learn about cancer prevention, early detection, and seeking prompt medical treatment upon diagnosis to insure the continuation of advances in the war against cancer; and be it further

Resolved, That California physicians and surgeons, nurses, and private health care providers are strongly urged to stress the importance of breast self-examination to their female patients and where possible incorporate self-examination techniques in patient preventive care plans; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably

prepared copy of this resolution to the California Commission on the Status of Women, the president of each county board of supervisors in this state, and the president of each county medical society in this state.

RESOLUTION CHAPTER 19

Senate Concurrent Resolution No. 70—Relative to commending Bill Johnson.

[Filed with Secretary of State March 21, 1984]

WHEREAS, Bill Johnson, a resident of Van Nuys, has brought great happiness and pride to Americans—and especially to his fellow Californians—with his breathtaking achievement in the recent 1984 Winter Olympic Games at Sarajevo, Yugoslavia; and

WHEREAS, In Sarajevo, Bill won a gold medal in the Men's Downhill Alpine Ski Race, averaging approximately 65 miles per hour as he completed the course in 1:45.59; and

WHEREAS, Bill is the only American man ever to win any medal, much less a gold medal, in the Olympic Men's Downhill; and

WHEREAS, Bill was the first American man ever to win a gold medal in any Alpine ski race; and

WHEREAS, Born in Los Angeles in 1960, Bill lived in Canoga Park in the San Fernando Valley until his family moved to Boise, Idaho when he was 6 years old; and

WHEREAS, Bill started skiing at Bogus Basin, Idaho, and later, after his family moved to Portland, Oregon, he raced for eight years at Mount Hood, Oregon; and

WHEREAS, After the 1980 Winter Olympics in Lake Placid, New York, where Bill was a forerunner for the downhill event, he was asked to try out for the U.S. Ski Team; and

WHEREAS, Bill attracted worldwide attention during the 1982–83 ski racing season, when he won the overall championship of the Europa Cup circuit and the U.S. National Downhill title; and

WHEREAS, During the 1983–84 ski racing season, Bill has a World Cup victory to his credit—a first in the downhill at Wengen, Switzerland; and

WHEREAS, Bill performed brilliantly in the training runs on the Olympic downhill course on Bjelasnica Mountain, and therefore he approached the medal competition with tremendous confidence; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California commends Bill Johnson for his historic gold-medal-winning performance in Sarajevo and wishes him success in his future endeavors; and be it further

Resolved, That a suitably prepared copy of this resolution be presented to Bill Johnson.

RESOLUTION CHAPTER 20

Assembly Concurrent Resolution No. 65—Relative to the month of May, Better Hearing and Speech Month.

[Filed with Secretary of State March 22, 1984]

WHEREAS, The attitudes of society are influenced by limited understanding and limited contact with deaf and otherwise hearing-impaired persons; and

WHEREAS, Hearing impairment, though not visible, is always a serious communication handicap, and especially when it occurs in a bilingual era; and

WHEREAS, These attitudinal and communication circumstances accompanying hearing impairment are barriers to human relationships and full participation in community services and activities shared routinely by society in general; and

WHEREAS, Through the efforts of Quota Clubs, these attitudinal and communication barriers are being steadily reduced; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby takes pleasure in joining the President of the United States and the Council for Better Hearing and Speech Month in proclaiming May as Better Hearing and Speech Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to Pat Ostrye, President of the Monrovia-Duarte Club of Quota International, Inc., for distribution to appropriate organizations.

RESOLUTION CHAPTER 21

Assembly Joint Resolution No. 87—Relative to agricultural pests.

[Filed with Secretary of State March 23, 1984.]

WHEREAS, The California Legislature recognizes the plant and animal pest and disease problems associated with the large number of visitors expected at the 1984 Olympics in California; and

WHEREAS, There will be hundreds of thousands of visitors from throughout the United States and from over 50 foreign countries at the Olympic games; and

WHEREAS, Many of these foreign countries have plant and

animal pests and diseases that do not exist in California; and

WHEREAS, There is a high possibility that pests and diseases harmful to California's agriculture, forests, and urban areas may be transmitted by organisms carried in food or meat or other articles brought in by these visitors; and

WHEREAS, The introduction of foreign pests and diseases could severely damage California's $14 billion agricultural industry, and the state's recreational and urban areas; and

WHEREAS, The increased travel to California will make dramatic demands upon resources needed to enforce quarantine requirements at all points of entry into California; and

WHEREAS, The need for increased resources is especially critical at seaports and airports; and

WHEREAS, Special precautions must be taken to prevent introductions of pests and diseases into California and the United States; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the United States Department of Agriculture to meet with the California Department of Food and Agriculture and county agricultural commissioners to develop a plan to protect California from pest and disease introductions associated with the 1984 Olympics; and be it further

Resolved, That the federal government is respectfully memorialized to provide the additional temporary resources to carry out the needed inspections at the airports and other points of entry that will experience increased use in association with the 1984 Olympics to prevent the introduction of foreign pests and diseases into California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the United States Secretary of Agriculture, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 22

Assembly Concurrent Resolution No. 93—Relative to pupil performance standards.

[Filed with Secretary of State March 23, 1984.]

WHEREAS, The State Board of Education and the Superintendent of Public Instruction have recently undertaken the task of developing statewide graduation requirements and model curriculum standards to be made available to local school districts in 1983; and

WHEREAS, The State Board of Education and the Superintendent of Public Instruction will require each school district governing board to review its existing graduation requirements and curriculum standards in 1984 by comparing them to the model standards and guidelines; and

WHEREAS, The Legislature has mandated through the provisions of Chapter 498 of the Statutes of 1983 that no pupil shall receive a high school diploma commencing with the 1986–87 school year unless he or she has completed a specified set of courses; and

WHEREAS, The Legislature recognizes that students in vocational education programs must receive quality education which does not interfere with their vocational education needs; and

WHEREAS, Concern has been expressed that vocational education programs may suffer indirectly or inadvertently through the establishment of graduation standards; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Board of Education and the State Department of Education develop vocational education standards consistent with the new updated graduation requirements, and that an advisory board be established to determine whether the needs of students, including limited-English-proficient students, enrolled in vocational education programs are being met and whether they are affected by the new graduation requirements and curriculum standards; and be it further

Resolved, That the State Board of Education and the State Department of Education submit a report to the Legislature on these issues on or before January 1, 1986; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Board of Education and the State Department of Education.

RESOLUTION CHAPTER 23

Senate Concurrent Resolution No. 39—Relative to a Blue Star Memorial Highway.

[Filed with Secretary of State March 26, 1984]

WHEREAS, The Blue Star Memorial Highway Program was adopted by the National Council of State Garden Clubs, Inc., as a living tribute to the men and women of the nation's armed forces; and

WHEREAS, It is fitting and appropriate that further recognition be accorded the many citizens who have sacrificed for our country; and

WHEREAS, A Blue Star Memorial Highway of California is sponsored by the Cathey's Valley Garden Club in cooperation with

the Mariposa County Parks and Recreation Department, with the marker to be placed in Cathey's Valley County Park; and

WHEREAS, State Highway Route 140 extends from Interstate Route 5 near Gustine to Yosemite National Park; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That State Highway Route 140 be designated a Blue Star Memorial Highway; and be it further

Resolved, That the Department of Transportation may cooperate with California Garden Clubs, Inc., in erecting and maintaining appropriate memorial markers on Route 140; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation, the Secretary of the Business, Transportation and Housing Agency, the Cathey's Valley Garden Club, and the California Garden Clubs, Inc.

RESOLUTION CHAPTER 24

Senate Concurrent Resolution No. 41—Relative to State Highway Route 101.

[Filed with Secretary of State March 26, 1984.]

WHEREAS, The Blue Star Memorial Highway Program was adopted by the National Council of State Garden Clubs, Inc., as a living tribute to the men and women of the Nation's Armed Forces; and

WHEREAS, It is fitting and appropriate that further recognition be accorded the many citizens who have sacrificed for our country; and

WHEREAS, State Highway Route 101 extends the length of California from Los Angeles to the Oregon border; and

WHEREAS, The designation of Route 101 as a Blue Star Memorial Highway is sponsored by the Humboldt District of California Garden Clubs, Inc.; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That State Highway Route 101 be designated a Blue Star Memorial Highway; and be it further

Resolved, That the Department of Transportation may cooperate with the California Garden Clubs, Inc., in erecting and maintaining appropriate memorial markers on State Highway Route 101; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation, the Secretary of Business, Transportation and Housing Agency, and the Humboldt District of California Garden Clubs, Inc.

RESOLUTION CHAPTER 25

Assembly Concurrent Resolution No. 4—Relative to the Heritage Task Force.

[Filed with Secretary of State March 30, 1984.]

WHEREAS, The work of the Heritage Task Force, which was created pursuant to Resolution Chapter 75 of the Statutes of 1981, has not been completed; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, as follows:

1. The Heritage Task Force, which was created by Resolution Chapter 75 of the Statutes of 1981, is hereby continued in existence on the same terms and conditions as contained in Resolution Chapter 75 of the Statutes of 1981, except as modified by this resolution.

2. Notwithstanding Paragraph 8 of the *Resolved* clause of Resolution Chapter 75 of the Statutes of 1981, the Heritage Task Force shall terminate on November 30, 1984, and shall submit its report to the Legislature on or before that date.

3. Notwithstanding the provisions of Paragraph 9 of the *Resolved* clause of Resolution Chapter 75 of the Statutes of 1981, the Joint Rules Committee may make such money available from the Contingent Funds of the Assembly and Senate as it deems necessary for the expenses of the task force and its members.

RESOLUTION CHAPTER 26

Senate Joint Resolution No. 41—Relative to barriers to trade in wine.

[Filed with Secretary of State March 30, 1984.]

WHEREAS, There is a substantial imbalance in international wine trade resulting from the easy accessibility enjoyed by foreign wines to the California market which is in direct contrast to the export position of the California wine industry in virtually every existing or potential foreign wine market; and

WHEREAS, The United States government does not impose any nontariff trade obstacles to the entry, distribution, and sale of foreign wines; and

WHEREAS, Foreign wines move freely in the American market subject only to the same laws and regulations which apply to American wines and to payment of the lowest duties assessed anywhere in the world by a significant wine-producing country on foreign wine; and

WHEREAS, Even though California produces some of the finest wines in the world, this state's wine producers who seek to market

their products abroad are faced with a maze of restrictive and prohibitive tariff and nontariff barriers, thus placing California wine producers in an unfair position; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the California Legislature hereby respectfully memorializes the President and the Congress of the United States to enact legislation that would accomplish all of the following:

(1) Achieve access to foreign markets for United States wine substantially equivalent to the market access afforded to foreign wine by the United States.

(2) Provide the President of the United States with the authority and remedies to deal with trade barriers relating to wine; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 27

Senate Joint Resolution No. 29—Relative to American prisoners in Southeast Asia.

[Filed with Secretary of State April 2, 1984.]

WHEREAS, "Project: Bring Americans Home" is a volunteer, nonprofit organization, based in Orange County, California, that is dedicated to the identification and prompt repatriation of fellow American citizens unlawfully imprisoned as a consequence of past military hostilities in Southeast Asia; and

WHEREAS, Reliable information available to the United States Government indicates that substantial numbers of the 2,494 Americans officially listed as "missing in action" are in fact held in physical custody by one or more estranged governments of Southeast Asia; and

WHEREAS, "Project: Bring Americans Home" supports a reasoned and responsible effort to resolve this highly emotional issue of human enslavement by nonviolent, diplomatic initiatives even after 12 years of deliberate delay and misinformation by the offending nations; and

WHEREAS, The continuing injustices imposed upon those captive American citizens and their families must be condemned as ongoing violations of international law and human decency, as well as a latent threat to the ultimate achievement of world peace; now, therefore, be it

Resolved by the Senate and Assembly of the State of California,

jointly, That the Legislature of the State of California hereby memorializes the President and Congress of the United States to take immediate appropriate action to secure the prompt release of all American personnel now held as military or diplomatic prisoners by certain nations of Southeast Asia, including the governments of Vietnam and Laos; and be it further

Resolved, That the California Legislature herewith conveys the commendation and appreciation of the people of California to the organizers and participants of "Project: Bring Americans Home" for their exemplary efforts to secure the freedom of unjustly detained American servicemen; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Chairperson of "Project: Bring Americans Home."

RESOLUTION CHAPTER 28

Assembly Concurrent Resolution No. 113—Relative to Holocaust Memorial Week.

[Filed with Secretary of State April 10, 1984.]

WHEREAS, The Holocaust was a tragedy of proportions the world had never before witnessed; and

WHEREAS, The human race must remember the Holocaust's horrors so it can never happen again; and

WHEREAS, The United States Holocaust Memorial Council has designated the week of April 29 through May 6, 1984, as Holocaust Memorial Week—Days of Remembrance for Victims of the Holocaust; and

WHEREAS, April 29, 1984, is Yom HaSho'ah, and it has been designated internationally as a day of remembrance for victims of the Holocaust; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the week of April 29 through May 6, 1984, is proclaimed as Holocaust Memorial Week in California, and that Californians are urged to appropriately observe these Days of Remembrance for Victims of the Holocaust; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor, the Simon Wiesenthal Center, and the Martyr's Memorial Museum.

RESOLUTION CHAPTER 29

Assembly Concurrent Resolution No. 114—Relative to Child Abuse Prevention Month.

[Filed with Secretary of State April 10, 1984.]

WHEREAS, The problem of child abuse is rapidly growing both in size and severity; and

WHEREAS, More than 100,000 children were seriously abused in California last year; and

WHEREAS, Children are a precious resource of this state; and

WHEREAS, Persons abused as children are prone to developmental and educational disabilities and more likely to commit violent crimes as adults; and

WHEREAS, Child abuse and neglect prevention and intervention programs help protect children, stabilize families, and contribute to a reduction in crime; and

WHEREAS, Effective child abuse prevention programs can save lives, avoid physical and emotional suffering, and save dollars; and

WHEREAS, The California Legislature is deeply concerned about the plight of the victims of child abuse in the state, and is taking an active role in combating child abuse, now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of April 1984 shall be designated Child Abuse Prevention Month in the State of California.

RESOLUTION CHAPTER 30

Assembly Concurrent Resolution No. 123—Relative to Asbestos Awareness Week.

[Filed with Secretary of State April 26, 1984.]

WHEREAS, Federal officials and medical authorities have warned that inhalation of asbestos poses a serious threat of cancer and other diseases. Because it takes 15 to 40 years for symptoms to appear, children are the most seriously affected; and

WHEREAS, Each year millions of American children are exposed to asbestos in schools. The problem is most severe in schools constructed between 1945 and 1972 in the U.S. when friable (or "crumbly") asbestos material had been used freely for insulation and to control noise; and

WHEREAS, The Environmental Protection Agency has recognized part of the problem by issuing new regulations requiring local school boards to identify all asbestos-based materials in their facilities, and to notify both staff and parents of the presence of this material, if any is found, so that they may take appropriate

preventative or remedial action, or both; and

WHEREAS, It is estimated that removal of asbestos will cost an average of one hundred thousand dollars ($100,000) per school building; and

WHEREAS, The cost of asbestos abatement programs is one of the main reasons for noncompliance. Most school districts are already facing budget cutbacks made worse by rejected bond issues; and

WHEREAS, It is important that public attention be drawn to these crucial problems, to obtain public support to investigate and provide the necessary funds to remove asbestos in the schools; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares the week of May 21, 1984, "Asbestos in the Schools Awareness Week"; and be it further

Resolved, That the State Department of Education take all of the following actions:

(1) Conduct a broad public education campaign focusing on the dangers of asbestos contamination in the schools to children and school employees and transmit information by all means available including news media and direct communication to school districts, employee groups, and parent and community organizations.

(2) Submit a report to the Legislature by January 1, 1985, on the state of compliance in California with EPA regulations which require local school boards to identify all asbestos-based materials in their facilities and to notify parents regarding findings and remedial actions.

(3) Submit a report to the Legislature by January 1, 1985, on methods taken to verify compliance with EPA regulations by local school boards.

(4) Submit a report to the Legislature by January 1, 1985, on the projected cost of inspection and cleanup and the capacity of California schools to absorb this cost; and be it further

Resolved, That the Members of the Legislature request the State Department of Health Services to cooperate fully with the State Department of Education in assuring the success of "Asbestos in the Schools Awareness Week"; and be it further

Resolved, That the Members of the Legislature call upon the Governor to use the power of his office to alert the citizens of California about the danger of asbestos in the schools of this state.

RESOLUTION CHAPTER 31

Senate Concurrent Resolution No. 33—Relative to health care.

[Filed with Secretary of State April 27, 1984.]

WHEREAS, Section 504 of the Federal Rehabilitation Act of 1973, and Section 4502 of the Welfare and Institutions Code, prohibit discrimination against persons based upon disability; and

WHEREAS, Recent public attention has been called to cases involving infants who have been denied sustenance or treatment because of the existence of severe disabling conditions, and to cases involving the withholding of sustenance or treatment to persons with serious life-threatening illnesses; and

WHEREAS, Technological advances in neonatology and geriatrics over the last few decades have made it possible to sustain the lives of infants with severe medical problems, and of other persons with serious life-threatening illnesses and diseases; and

WHEREAS, Representatives of medical, legal, ethical, and public groups have at times expressed differing opinions about the extent to which society can and should commit resources to the provision of medical treatment to all persons under all circumstances; and

WHEREAS, There are as yet no established criteria or common definitions for the appropriate or customary medical care of severely handicapped newborns or of terminally ill persons, nor for standards to address the complex ethical, medical, and legal issues involved in decisions regarding the continuation of life-sustaining treatment; and

WHEREAS, What constitutes appropriate and customary medical care and treatment may vary from patient to patient, depending on the perspective of family members, the public, and representatives of medical, legal, and ethical communities in a given circumstance; and

WHEREAS, The President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research has acknowledged the need for a representative framework to address complex decisions about life-sustaining treatment in order to facilitate the communication of appropriate information to all those persons involved in the decision, a better understanding by professionals and family members about the bases of decisions about life-sustaining treatment, and actions that reflect the informed approval of parents or guardians; and

WHEREAS, The federal Department of Health and Human Services has issued final rules and regulations that support the findings of the President's Commission, by encouraging health care providers that receive federal funds to establish infant care review committees, comprised of a broad range of perspectives, to assist health care providers in the development of standards, policies, and procedures for providing treatment to handicapped infants and in making decisions concerning medically beneficial treatment in specific cases; and

WHEREAS, A statement of "Principles of Treatment of Disabled Infants," developed by a coalition of major medical and disability

organizations, including the American Academy of Pediatrics, National Association of Children's Hospitals and Related Institutions, Association for Retarded Citizens, Down's Syndrome Congress, and Spina Bifida Association, states, in part:

"When medical care is clearly beneficial, it should always be provided. When appropriate medical care is not available arrangements should be made to transfer the infant to an appropriate medical facility. Consideration such as anticipated or actual limited potential of an individual and present or future lack of available community resources are irrelevant and must not determine the decisions concerning medical care. The individual's medical condition should be the sole focus of the decision. These are very strict standards.

"It is ethically and legally justified to withhold medical or surgical procedures which are clearly futile and will only prolong the act of dying. However, supportive care should be provided, including sustenance as medically indicated and relief of pain and suffering. The needs of the dying person should be respected. The family also should be supported in its grieving.

"In cases where it is uncertain whether medical treatment will be beneficial, a person's disability must not be the basis for a decision to withhold treatment. At all times during the process when decisions are being made about the benefit or futility of medical treatment, the person should be cared for in the medically most appropriate ways. When doubt exists at any time about whether to treat, a presumption always should be in favor of treatment."; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature commends the President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research for its sensitivity and forethought in recommending a local review process to address treatment issues, and the federal Department of Health and Human Services for including the statement of "Principles of Treatment of Disabled Infants" in its January 12 Final Rules and Regulations pertaining to Procedures and Guidelines Relating to Health Care for Handicapped Infants; and be it further

Resolved, That the Legislature acknowledges the immense complexity of the legal, ethical, and medical issues involved in decisions affecting life-sustaining treatment; and be it further

Resolved, That the Legislature supports and encourages the formation of local review processes, including bioethical committees comprised of persons representing the patient, the legal, medical, and ethical communities, and the public, within professional health care associations and health care facilities to develop explicit written policies about decisionmaking procedures and internal hospital review of individual cases of patients with severe birth defects or life-threatening illness or disease, and to inform the patient, and the patient's family or representative, about existing resources for

services for severely disabled infants or patients with serious life-threatening diseases or who are in irreversible comas; and be it further

Resolved, That the Legislature encourages social policy research institutions and social scientists to evaluate the effectiveness of these local review processes in a manner that protects the confidentiality of patients and families or guardians in order to assess their efficiency and efficacy, and to refine the definition of the circumstances in which local review may be appropriate; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research, the California Medical Association, the California Hospital Association, the California Nurses Association, District IX of the American College of Obstetricians and Gynecologists, the California Association of Obstetricians and Gynecologists, the Osteopathic Physicians and Surgeons of California, the State Bar Association, and the American Academy of Pediatrics.

RESOLUTION CHAPTER 32

Assembly Concurrent Resolution No. 147—Relative to California Small Business Week.

[Filed with Secretary of State April 30, 1984.]

WHEREAS, The President of the United States, by proclamation, has designated the week of May 6 to May 12, 1984, as "Small Business Week," in special tribute to the outstanding contributions of small businessmen and businesswomen of this nation, under the official theme "Small Business Means Jobs"; and

WHEREAS, Two million of the nation's 14 million small businesses are in California, employing some 10 million persons; and

WHEREAS, More than two-thirds of new workers are first employed by small businesses; as a result, small business bears a major responsibility for training the work force; and

WHEREAS, Small businesses provide California with its competitive edge in the area of technological innovation, being two and one-half times more innovative than large firms; and

WHEREAS, The spirit of entrepreneurship, fostered by small business, is experiencing a national rebirth, with over one-half million new businesses started last year; and

WHEREAS, Small businesses provide an avenue of opportunity for women and minorities, as evidenced by the women and minorities who are turning to small business and self-employment for their livelihood; and

WHEREAS, The entrepreneurship and productivity of small

businessmen and businesswomen constitute the vital core of America's free enterprise system; and

WHEREAS, The economic health of California depends in large measure on the prospects of the state's small businesses; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Governor is hereby requested to proclaim, in conjunction with the national designation thereof, the week of May 6, 1984, to May 12, 1984, inclusive, as California Small Business Week, in special recognition of the contributions which small businessmen and businesswomen have made, and will continue to make, to our state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 33

Assembly Concurrent Resolution No. 101—Relative to Older Americans Month.

[Filed with Secretary of State May 3, 1984.]

WHEREAS, There are 3.5 million persons 60 years of age or older in California; and

WHEREAS, In our youth-conscious society, there is often a negative attitude towards aging which results in the general stereotyping of older persons as a lonely, inert, and hopeless group of citizens; and

WHEREAS, This unwholesome myth is continuously destroyed by the challenging and successful activities of older persons in all aspects of life; and

WHEREAS, Older persons are vibrant and alive and want, above all else, to continue making their contribution to our society for a long time to come; and

WHEREAS, Older persons are capable of and want to maintain a role in the political, economic, and community process, not because they are special, but because they share the universal desire to be active and respected members of the human race; and

WHEREAS, It is to the benefit of all members of our society, individually and as a group, to recognize these basic facts and to adopt a more positive attitude towards aging; and

WHEREAS, The President of the United States has proclaimed that, in accordance with a tradition dating back to 1963, May 1984 shall be designated as Older Americans Month; and

WHEREAS, The President has further proclaimed: "As a nation, we are aging together. Opportunities and support we can provide to older Americans today will benefit all of us tomorrow"; and

WHEREAS, Our senior citizens are one of our most important yet virtually untapped natural resources; and

WHEREAS, The President has urged all Americans to join in this call for intergenerational action that will make more meaningful the lives and potential of older Americans and our society as a whole; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates May 1984 as Older Americans Month in honor of older Americans; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, the Governor, the California Commission on Aging, the California Senior Legislature, the Director of the Department of Aging, the Triple-A Council of California, the California Association of Area Agencies on Aging, the Congress of California Seniors, the National Retired Teachers Association, the American Association of Retired Persons, the state and national Gray Panthers organizations, the National Association of Retired Federal Employees, the Older Americans Legislative Council, the Older Women's League, the Association of National pro Personas Majores, the California Institute of Senior Centers, the County Supervisors Association of California, the League of California Cities, the California Medical Association, the California Society of Internal Medicine, and the Department of Education.

RESOLUTION CHAPTER 34

Assembly Concurrent Resolution No. 139—Relative to Michael Jackson.

[Filed with Secretary of State May 3, 1984]

WHEREAS, The 20-year career of Michael Jackson has been compared by many to the careers of superstars Frank Sinatra, Elvis Presley, or the Beatles; and

WHEREAS, Michael Jackson, with his brothers the Jackson Five Band, have brought generations of Americans hours of enjoyment through "Top of the Chart" recordings such as "ABC," "I'll Be There," "Never Can Say Good-bye," "Dancing Machine," and "Ben"; and

WHEREAS, His talents as an entertainer were recognized by the entertainment industry by his nomination for and receipt of seven 1983 American Music Awards, including top male vocalist, top rock album, top pop album, and top music video; and

WHEREAS, Michael's recent album, "Thriller," which topped the music charts for most of 1983, and generated the smash hit singles

"Beat It," "Billie Jean," and "Thriller," is rapidly becoming the largest selling record in the history of pop music, with sales currently over 32 million copies worldwide; and

WHEREAS, The combined talents exhibited in his latest album earned him a record breaking 12 Grammy Award nominations, and Michael won the coveted award eight times in the following categories:

Record of the Year ("Beat It"); Album of the Year ("Thriller"); Producer of the Year (nonclassical) ("Thriller"—along with Quincy Jones); Best Male Pop Vocal ("Thriller"); Best Male Rock Vocal ("Beat It"); Best Male R&B Vocal ("Billie Jean"); New R&B Song of the Year ("Billie Jean"); and Best Recording for Children ("E.T. the Extra-Terrestrial"); and

WHEREAS, Michael's unique taste in fashion and personal style has made a dramatic impact on our state's fashion markets; and

WHEREAS, Entertainers such as Diana Ross, Katharine Hepburn, Paul McCartney, and Jane Fonda, publications like the Rolling Stone, People, and Time Magazines, the Guiness Book of Records, and officials, including the President of the United States, have saluted Michael's contributions to both music and society; and

WHEREAS, Michael's actions, beliefs, and life style have demonstrated his unique dedication to excellence and he serves as a role-model to his legion of fans throughout California, the United States, and the world; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the members recognize the outstanding contributions Michael Jackson has made to the expansion of the music and entertainment industries and the promotion of the State of California in the worldwide community, his actions in behalf of humanitarian causes, and his unique blend of personal charm and style that have touched the lives and souls of his multitude of listeners, and convey sincere best wishes for continued success in the future; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to Michael Jackson.

RESOLUTION CHAPTER 35

Assembly Concurrent Resolution No. 148—Relative to the National Day of Prayer.

[Filed with Secretary of State May 3, 1984.]

WHEREAS, Deep religious beliefs inspired many of the early settlers of our country, providing them with the strength, character, convictions, and faith necessary to withstand great hardship and danger in this new and rugged land; and

WHEREAS, These shared beliefs helped forge a sense of common purpose among the widely dispersed colonies—a sense of community which laid the foundation for the spirit of nationhood that was to develop in later decades; and

WHEREAS, Whether at the landing of our forebears in New England and Virginia, the ordeal of the Revolutionary War, the stormy days of binding the 13 colonies into one country, the Civil War, or other moments of trial over the years, we have turned to God in prayer for His help; and

WHEREAS, As we crossed and settled a continent, built a Nation in freedom, and endured war and critical struggles to become the leader of the Free World and a sentinel of liberty, we repeatedly turned to our Maker for strength and guidance in achieving the awesome tasks before us; and

WHEREAS, The attitudes we have as people united together, caring for each other, committed to freedom, holding high the dignity of each person, we practice through prayer that which we derived from our religious heritage; and

WHEREAS, Since April 17, 1952, the recognition of a particular day each year as a National Day of Prayer has become part of the traditions we have as a people and is a day on which we are invited to turn to God in prayer and meditation in places of worship, in groups, and as individuals; and

WHEREAS, Ronald Reagan, President of the United States of America, has proclaimed Thursday, May 3, 1984, as "National Day of Prayer"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby recognizes Thursday, May 3, 1984, as "National Day of Prayer" and calls upon the people of California, each according to his or her faith, to gather together on that day in homes and places of worship to pray for unity of the hearts of all mankind; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 36

Assembly Joint Resolution No. 94—Relative to the 1984 Summer Olympic Games.

[Filed with Secretary of State May 3, 1984]

WHEREAS, On June 23, 1894, the International Olympic Committee was established by Baron Pierre de Coubertin to encourage the organization and development of sport and international sports competition; and

WHEREAS, The Olympic spirit has continued since then to promote and strengthen friendship among sportsmen and women of all nations; and

WHEREAS, It remains the aim of the international Olympic community to ensure the regular celebration of the Games, and to make the Games ever more worthy of their proud history and high ideals; and

WHEREAS, In these times of increased international tensions, we need, more than ever, the spirit of Olympic friendship and people-to-people diplomacy; and

WHEREAS, The International Olympic Committee owns the rights over the Olympic Games, and the Games belong to the world; and

WHEREAS, The Los Angeles Olympic Organizing Committee (LAOOC) has been chartered to hold the 1984 Summer Olympic Games in Los Angeles by the International Olympic Committee, under the stipulation that the LAOOC will comply with Olympic rules and procedures; and

WHEREAS, President Reagan has given assurances to the Olympic family of the commitment of the United States to enforcing the Olympic Charter; and

WHEREAS, 154 nations have been invited to attend the Games of the XXIIIrd Olympiad in Los Angeles; and

WHEREAS, Political leaders and legislators at all levels of government in California can aid the Olympic movement by extending a welcome to all athletes, spectators, and officials from around the world; and

WHEREAS, This action by political leaders and legislators is in the true spirit of the Olympics, and it would indicate a commitment to the 1984 Summer Olympic Games as a celebration of sport and an effort to unite the youth of the world in peace; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California welcomes all nations to participate in the 1984 Summer Olympic Games; and be it further

Resolved, That the Legislature urges the people of California to be gracious hosts to all athletes, spectators, and officials from every nation which chooses to participate; and be it further

Resolved, That the Legislature urges the President and Congress of the United States to reaffirm our nation's commitment to welcome all invited nations to this country so that they may participate in the 1984 Summer Olympic Games and to extend a welcome mat to citizens of all nations who wish to come to the Games; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Los Angeles Olympic Organizing Committee.

RESOLUTION CHAPTER 37

Senate Concurrent Resolution No. 76—Relative to Smokey Bear.

[Filed with Secretary of State May 14, 1984]

WHEREAS, Smokey Bear, the national wildfire prevention symbol, is recognized by the general public for his efforts to create an awareness among Californians as to the importance of preventing unwanted fires; and

WHEREAS, 1984 marks the 40th year of Smokey's campaign for public support of fire prevention programs, and it is recognized as his official 40th birthday; and

WHEREAS, He has consistently demonstrated his appeal and effectiveness in the campaign against the carelessness and malice which cause fires; and

WHEREAS, His efforts have resulted in the conservation of California's wildland resources to the betterment of the environment and the enjoyment of future generations of Californians; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members convey Happy 40th Birthday wishes to Smokey Bear and commend his efforts to create public support for the prevention of wildfires in California; and be it further

Resolved, That the Members proclaim the week of May 13 through 19, 1984, as Smokey Bear Week, and urge their fellow Californians to participate in the week's activities and events; and be it further

Resolved, That a suitably prepared copy of this resolution be transmitted to the California State Department of Forestry.

RESOLUTION CHAPTER 38

Assembly Concurrent Resolution No. 153—Relative to commending the National Association for the Advancement of Colored People (NAACP) on its 75th Anniversary.

[Filed with Secretary of State May 14, 1984.]

WHEREAS, The United States of America was founded on the principles of equality and justice for all people; and

WHEREAS, The NAACP, our nation's largest and oldest civil rights organization, is dedicated to the realization of the principles on which our republic was founded; and

WHEREAS, For 75 years, the NAACP has sustained its commitment to end racial discrimination in every aspect of American life; and

WHEREAS, More than any other nongovernmental agency, the NAACP has been responsible for the progress made by Black

Americans and other minority groups in this century; and

WHEREAS, The NAACP played a leading role in the process of litigation which led to the historic decision of the United States Supreme Court in Brown v. Board of Education on May 17, 1954, and eventually overturned the pernicious practice of legal segregation in this country; and

WHEREAS, The NAACP works unremittingly for the achievement of those conditions of life, citizenship, and human well-being guaranteed in the Constitution by our nation's founding fathers and mothers; and

WHEREAS, Although great strides forward have been made during the past 75 years, the goal of ending racial discrimination has yet to be achieved for too many Americans; and

WHEREAS, February 12, 1984, marked the 75th Anniversary of the founding of the NAACP, and the organization has designated 1984 as its Diamond Jubilee Year; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature congratulates the NAACP on the occasion of its Diamond Jubilee Year, and commends the NAACP for its 75 years of civil rights leadership; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the NAACP.

RESOLUTION CHAPTER 39

Assembly Joint Resolution No. 64—Relative to federal-aid highway projects.

[Filed with Secretary of State May 22, 1984.]

WHEREAS, The Surface Transportation Assistance Act of 1982 (P.L. 97-424) substantially increased the amount of revenues for the construction and rehabilitation of California's federal-aid highway systems; and

WHEREAS, The citizens of California and the state's economy would substantially benefit from the expeditious development of newly funded highway construction projects; and

WHEREAS, The National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.) (NEPA) and the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) (CEQA) require that the environmental implications of major highway construction projects be identified and mitigation measures be developed where appropriate; and

WHEREAS, The Commission on California State Government Organization and Economy and the Auditor General have found that the federal environmental review of federal-aid highway projects is lengthy and the federal review will, on the average, require four

months for the Federal Highway Administration (FHWA) to grant approval, and considerably longer on more complex projects; and

WHEREAS, The Commission on California State Government Organization and Economy has found that there is substantial similarity between NEPA and CEQA; and

WHEREAS, Substantial savings could be achieved if the review of environmental documentation for highway projects would not also require the approval of the FHWA; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and the Congress of the United States to enact legislation, in the interest of efficiency and economy, which would authorize California to certify to the Federal Highway Administration that a federal-aid highway project conforms to the National Environmental Policy Act of 1969 so as to relieve the federal agency of the need to so certify; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 40

Senate Concurrent Resolution No. 71—Relative to the Joint Legislative Budget Committee.

[Filed with Secretary of State May 25, 1984]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That in addition to any money heretofore made available to it, the sum of four million eight hundred thirty thousand dollars ($4,830,000), or so much thereof as may be necessary, is hereby allocated from the Contingent Funds of the Assembly and Senate for the payment of any and all expenses incurred by the Joint Legislative Budget Committee or its members pursuant to and under the authority of law or the provisions of Joint Rule 37. None of the additional funds shall be allocated prior to July 1, 1984, or the enactment of the budget bill, whichever is later.

RESOLUTION CHAPTER 41

Senate Joint Resolution No. 53—Relative to the Olympic Games.

[Filed with Secretary of State May 25, 1984.]

WHEREAS, The Olympic Games originated in Olympia, Greece, in 776 B.C., and continued, almost without interruption, until the year 394 A.D., when they were terminated by Theodosius, Emperor of the Eastern Roman Empire, who considered them a holdover from pagan rituals; and

WHEREAS, During the course of these more than 11 centuries, the Olympic Games were considered so sacred that wars were interrupted so that the warrior athletes could journey to Olympia to participate in the Games; and

WHEREAS, One of the principal purposes of the Games was to promote peace and harmony among all the Greek (and later Roman) city-states; and the rule was that, in order to participate, the nations had to lay down their arms; and

WHEREAS, Unfortunate differences, which are clouding and jeopardizing the Games, have arisen among nations during the last several Olympiads; and

WHEREAS, The modern revival of the Olympic Games began in 1896 in Athens, Greece, and President Constantine Caramanlis of Greece has formally proposed that the International Olympic Committee return the Summer Games to Olympia, Greece, the original site, as a permanent place for the Games; and

WHEREAS, Greece has again offered to make all arrangements and accommodations for athletes, journalists, and tourists, and thereby to provide a neutral site; and

WHEREAS, The Greek Olympic Committee has also proposed the development of both a neutral airport and seaport to serve the Olympic Games site; and

WHEREAS, Such a move would help to neutralize the Games and make them less susceptible to political pressures and international political rivalry, and is more likely to revive the original Olympic spirit of peace and harmony among nations; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the International Olympic Committee and the United States Olympic Committee to give favorable consideration to the proposal of President Caramanlis to move the Summer Olympics permanently to Olympia, Greece, commencing with the Summer Olympics of 1992; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the International Olympic Committee, the United States Olympic Committee, President Constantine Caramanlis, and President Ronald Reagan.

RESOLUTION CHAPTER 42

Assembly Concurrent Resolution No. 102—Relative to the California Law Revision Commission.

[Filed with Secretary of State May 29, 1984.]

WHEREAS, The California Law Revision Commission is authorized to study only topics set forth in the calendar contained in its report to the Legislature which are thereafter approved for study by concurrent resolution of the Legislature, and topics which have been referred to the commission for study by concurrent resolution of the Legislature; and

WHEREAS, The commission, in its annual report covering its activities for 1983, lists 22 topics, all of which the Legislature has previously authorized or directed the commission to study, as studies in progress; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature approves for continued study by the California Law Revision Commission the topics listed below, all of which the Legislature has previously authorized or directed the commission to study:

TOPICS UNDER ACTIVE CONSIDERATION

(1) Whether the law relating to creditors' remedies (including, but not limited to, attachment, garnishment, execution, repossession of property (including the claim and delivery statute, self-help repossession of property, and the Commercial Code repossession of property provisions), civil arrest, confession of judgment procedures, default judgment procedures, enforcement of judgments, the right of redemption, procedures under private power of sale in a trust deed or mortgage, possessory and nonpossessory liens, and related matters) should be revised;

(2) Whether the California Probate Code should be revised, including but not limited to whether California should adopt, in whole or in part, the Uniform Probate Code;

(3) Whether the law relating to real and personal property (including, but not limited to, a Marketable Title Act, covenants, servitudes, conditions, and restrictions on land use or relating to land, possibilities of reverter, powers of termination, Section 1464 of the Civil Code, escheat of property and the disposition of unclaimed or abandoned property, eminent domain, quiet title actions, abandonment or vacation of public streets and highways, partition, rights and duties attendant upon termination or abandonment of a lease, powers of appointment, and related matters) should be revised;

(4) Whether the law relating to family law (including, but not limited to, community property) should be revised;

(5) Whether the law relating to involuntary dismissal for lack of prosecution should be revised;

(6) Whether the law relating to statutes of limitations applicable to felonies should be revised;

(7) Whether the law relating to the rights and disabilities of minors and incompetent persons should be revised;

OTHER TOPICS AUTHORIZED FOR STUDY

(1) Whether the law relating to the award of prejudgment interest in civil actions and related matters should be revised;

(2) Whether the law relating to class actions should be revised;

(3) Whether the law relating to offers of compromise should be revised;

(4) Whether the law relating to discovery in civil cases should be revised;

(5) Whether a summary procedure should be provided by which property owners can remove doubtful or invalid liens from their property, including a provision for payment of attorneys fees to the prevailing party;

(6) Whether acts governing special assessments for public improvements should be simplified and unified;

TOPICS CONTINUED ON CALENDAR FOR FURTHER STUDY

(1) Whether the law relating to custody of children, adoption, guardianship, freedom from parental custody and control, and related matters should be revised;

(2) Whether the Evidence Code should be revised;

(3) Whether the law relating to arbitration should be revised;

(4) Whether the law relating to modification of contracts should be revised;

(5) Whether the law relating to sovereign or governmental immunity in California should be revised;

(6) Whether the decisional, statutory, and constitutional rules governing the liability of public entities for inverse condemnation should be revised (including, but not limited to, liability for damages resulting from flood control projects) and whether the law relating to the liability of private persons under similar circumstances should be revised;

(7) Whether the law relating to liquidated damages in contracts generally, and particularly in leases, should be revised;

(8) Whether the parol evidence rule should be revised;

(9) Whether the law relating to pleadings in civil actions and proceedings should be revised; and be it further

Resolved, That the California Law Revision Commission shall study the topic of whether the law on injunctions and related matters should be revised; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the California Law Revision Commission.

RESOLUTION CHAPTER 43

Assembly Concurrent Resolution No. 140—Relative to proclaiming 1984 the "California Year of Tourism."

[Filed with Secretary of State May 29, 1984]

WHEREAS, The Olympics, the Superbowl, the All-Star Baseball Game, and the Democratic Presidential Convention, all of which will be held in California within the next 12 months, will bring unprecedented world attention to the state; and

WHEREAS, California's tourism industry is the largest in the nation, employing over 500,000 people with an annual payroll of 5.5 billion dollars and producing over 27 billion dollars in annual expenditures; and

WHEREAS, Government depends heavily on the travel and hospitality industry, which in 1981 generated over 927 million dollars in state tax collections and 415 million dollars in local government tax revenue; and

WHEREAS, The visitor industry is mostly comprised of small businesses and provides exceptional opportunities for independent and family owned enterprises; and

WHEREAS, Internal promotion and on-the-job training in the travel and hospitality industry provides numerous avenues for advancement to socially disadvantaged people; and

WHEREAS, Tourism, in addition to generating economic benefits to California, promotes international understanding and good will, making it truly the "hospitality" industry; and

WHEREAS, Competition between states for travel and visitor expenditures has increased dramatically in recent years, causing California's share of the national market to decrease almost 1 percent; and

WHEREAS, Several states have launched multimillion dollar advertising campaigns to attract visitors, with several states spending close to 10 million dollars per year, while California spends only 500 thousand dollars ranking it 47th in the nation; and

WHEREAS, The time has come to recognize the importance of tourism to California's economic and social well-being; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims 1984 as the "California Year of Tourism"; and be it further

Resolved, That 1984 shall see the Legislature, the administration, and the tourism industry work together to develop a meaningful

state tourism promotion and visitor servicing policy to maintain and enhance the attractiveness of California beyond the 1984 Olympics, the Superbowl, the All-Star Baseball Game and the Democratic Presidential Convention; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Office of Tourism, and the major hospitality industry associations.

RESOLUTION CHAPTER 44

Senate Concurrent Resolution No. 79—Relating to Juan Corona.

[Filed with Secretary of State June 1, 1984.]

WHEREAS, The California Board of Prison Terms has granted a Life Prisoner Initial Parole Consideration Hearing for the week of June 13, 1984, to Juan Vallejo Corona; and

WHEREAS, Juan Corona was convicted of the grisly murders of 25 human beings in the year prior to May 1971; the victims were all migrant farmworkers or transients; all the murders occurred in Sutter County; and the victims were variously shot or stabbed, their bodies disposed of in shallow graves; and

WHEREAS, Juan Corona received two trials, and at the conclusion of the first trial, which lasted from September 1972 to March 1973, he was sentenced to 25 concurrent life terms; however, the death sentence was not in effect at that time in California; and

WHEREAS, During the second trial held during the period of January to December 1982, Corona was again convicted and sentenced to 25 concurrent life terms; and

WHEREAS, According to Sutter County officials, Corona failed to show any remorse or any emotion other than dispassionate coldness during the trials; and

WHEREAS, The trials cost California taxpayers approximately $5.5 million; and experts on this individual have stated that he will remain to be a deadly threat to public safety if released from prison; and

WHEREAS, This convicted mass murderer should not be paroled back into an innocent society in order that we may preserve public safety and peace of mind and so that we may not cheapen the reputation and integrity of our criminal justice system; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Board of Prison Terms is urged to deny parole consideration to Juan Corona.

RESOLUTION CHAPTER 45

Senate Concurrent Resolution No. 32—Relative to exit sign locations.

[Filed with Secretary of State June 1, 1984]

WHEREAS, Fires often result in deaths of persons on upper floors; and

WHEREAS, Exit signs are usually placed over the exit entrance or near the ceiling; and

WHEREAS, Smoke builds up more rapidly at higher levels which may obscure the visibility of the exit signs; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Fire Marshal is requested to conduct a study of the feasibility of adding a distinctive device or sign which locates exits that could be felt or seen at a lower level near the floor in the event of fire; and be it further

Resolved, That the study is to be conducted upon the availability of a specific appropriation in support of the study, and no more than two thousand five hundred dollars ($2,500) is to be spent for this purpose; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the State Fire Marshal.

RESOLUTION CHAPTER 46

Senate Concurrent Resolution No. 74—Relative to transportation.

[Filed with Secretary of State June 5, 1984.]

WHEREAS, The Metropolitan Transportation Commission is the transportation planning agency responsible for the planning of transportation services for the nine San Francisco Bay area counties, including the Counties of Santa Clara, San Mateo, and the City and County of San Francisco; and

WHEREAS, Travel demand in the peninsula transportation corridor between San Jose and San Francisco at this time exceeds capacity, and that travel demand is expected to continue to grow; and

WHEREAS, The streets and highways in this corridor are congested, and major highway expansion alternatives are not physically and economically feasible; and

WHEREAS, The peninsula rail commute service operated by the Department of Transportation is a commuter service with limited service capacity and terminal locations that do not meet the user's needs; and

WHEREAS, A comprehensive and complete mass transit plan for

the corridor is not available to guide future transit improvements for the San Jose-San Francisco corridor; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Metropolitan Transportation Commission, in cooperation with the Department of Transportation and the transit operators and local governments in the corridor, is hereby requested to develop a mass transit system plan and an incremental improvement plan for the transportation corridor between the Cities of San Jose and San Francisco; and be it further

Resolved, That the mass transit system plan include a rail transit system between a rail transit station in the City of San Jose and rail transit station in the City of San Francisco and identify the route, the vehicle type, the operational characteristics, and an institutional and financial arrangement for implementing the plan; and be it further

Resolved, That, in preparing the plan, the commission should, at a minimum, consider the following alternatives:

(1) Extension of the San Francisco Bay Area Rapid Transit District (BART) service from Daly City to the San Francisco International Airport and south to San Jose.

(2) Extension of BART service from Daly City to the airport and establishment of a light rail transit system from the airport to San Jose.

(3) Upgrading the existing Department of Transportation service with the possibility of a light rail transit system between San Francisco and San Jose, utilizing the Southern Pacific Transportation Company corridor, with extensions to connect with the Guadalupe light rail line in San Jose and the San Francisco Municipal Railway or BART in San Francisco; and be it further

Resolved, That the incremental improvement plan identify cost-effective staged improvements that are financially feasible and that would lead to the ultimate implementation of the mass transit system plan; and be it further

Resolved, That the Department of Transportation, the transit operators and local governments, cooperate with the commission in the development of these plans and plan their future improvements to be consistent with the system plan and the implementation plan; and be it further

Resolved, That the commission is requested to submit its mass transit system plan and the incremental improvement plan, along with recommendations for institutional and financial arrangements, to the Legislature no later than March 1, 1985; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Metropolitan Transportation Commission, the Department of Transportation, the San Francisco Bay Area Rapid Transit District, the San Francisco Public Utilities Commission, the San Mateo County Transit District, and the Santa Clara County Transit District.

RESOLUTION CHAPTER 47

Assembly Concurrent Resolution No. 82—Relative to log home construction.

[Filed with Secretary of State June 12, 1984.]

WHEREAS, California is in the middle of a serious housing slump which has negatively and deeply affected the building trades, the real estate industry and, most importantly, the prospective home buyer; and

WHEREAS, This housing slump is additionally having a ripple effect on other essential segments of California's economy, such as the timber industry, causing the loss of hundreds of jobs; and

WHEREAS, First-time home buyers have been essentially priced out of the mainstream housing market; and

WHEREAS, There is a growing need for new affordable housing; and

WHEREAS, Rising utility costs have impacted most severely upon rural residents, whose heating costs for all-electric homes have been as high as $400 or more per month; and

WHEREAS, Timber is one of California's most abundant and important resources and is utilized extensively in the construction of homes; and

WHEREAS, Log homes are an aesthetically pleasing, low-cost form of housing that can be built to satisfy diverse personal tastes and to fit in naturally with the surrounding landscape; and

WHEREAS, Log homes are extremely energy efficient, using, in some cases, up to 46 percent less heating energy and up to 24 percent less cooling energy than an insulated wood frame building identical to the log house except for its exterior walls, and maintained at the same temperature; and

WHEREAS, Log homes provide a low-cost, energy efficient alternative to other forms of home construction; and

WHEREAS, An increase in the level of log home construction would have a beneficial effect on new home buyers, second-home buyers, the construction trades, the real estate industry, and the timber industry; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California encourages local governments, both county and city, to remove any existing impediments to the construction of log homes, and, to the extent possible, provide information about the advantages of log home construction through their building departments to persons coming before those departments seeking information concerning home construction; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to all county boards of supervisors and city councils in the State of California.

RESOLUTION CHAPTER 48

Senate Concurrent Resolution No. 80—Relative to memorializing the Honorable Stanley Arnold.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, It was with the most profound sorrow, and deep sense of loss that the Members received word of the passing of Stanley Arnold, a former Member of the Senate of the State of California, who was a distinguished and able public servant well respected by his colleagues; and

WHEREAS, Senator Arnold was born in Crown Point, Indiana in 1903, graduated from St. Joseph's College in Indiana, received his law degree from the University of California, Hastings College of Law in San Francisco, then moved to Susanville, in Lassen County in 1922; and

WHEREAS, Senator Arnold served as District Attorney of Lassen County from 1949 to 1955 where he was a member of the American Bar Association and the Lassen County Bar Association; and

WHEREAS, Senator Arnold married Almida Linquist and they had one son, Dawson Arnold; and

WHEREAS, Senator Arnold was elected to the Senate in 1955 at a special election, then reelected and represented the 1st District until 1965; and

WHEREAS, He was Chairman of the Senate Fact Finding Committee on Governmental Administration and a Member of the Joint Committee on Legislative Organization and the Senate Rules Committee; and

WHEREAS, He was particularly interested in matters pertaining to prison inmate participation in natural resources conservation programs and the revision and modernization of the Juvenile Court Law, and he sponsored legislation in these areas; and

WHEREAS, Despite the heavy demands of public duty in Sacramento, Senator Arnold never neglected his local responsibilities, including participation in Rotary, Elks, the American Legion, and the Knights of Columbus; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members express their deepest sympathy at the passing of the Honorable Stanley Arnold, a former Member of the Senate of the State of California and, by this resolution, memorialize his illustrious record of responsible and dedicated service to the State of California; and be it further

Resolved, That a suitably prepared copy of this resolution be transmitted to Almida Arnold and Dawson Arnold.

RESOLUTION CHAPTER 49

Senate Concurrent Resolution No. 81—Relative to memorializing the Honorable Harold T. Sedgwick.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, It was with the most profound sorrow and deep sense of loss that the Members received word of the passing of the Honorable Harold T. Sedgwick, a former Member of the Assembly and a former Member of the State Senate, who was a distinguished and able public servant well respected by his colleagues; and

WHEREAS, Senator Sedgwick was born in Lincoln, Nebraska, attended Nebraska public schools, and the University of Nebraska; and

WHEREAS, Senator Sedgwick married Bessie Sedgwick in 1920 and they established residence in Oroville in 1923; he and his wife had two daughters; prior to his service as a Member, he operated a group of retail shoe stores throughout Northern California; and

WHEREAS, Senator Sedgwick was first elected to the Assembly from the 4th District in a special election in 1955; he was reelected and served in the Assembly until 1962 when he was elected to the Senate representing the 10th District where he served until 1966; and

WHEREAS, He was a Member on the Standing and Interim Committees on Rules, Agriculture, Livestock and Dairies, Conservation, Planning and Public Works, Education, Governmental Efficiency and Economy, Fairs Allocations and Classifications, Social Welfare, and Water; and

WHEREAS, He chaired the Subcommittee on Higher Education Beyond Twelfth Grade; and

WHEREAS, Despite the heavy demands of public duty in Sacramento, Senator Sedgwick never neglected his local responsibilities, including participation in numerous local endeavors such as the American Legion, Rotary Club, Elks, Commonwealth Club, Eagles Lodge, Masonic Lodge, and Shrine; and

WHEREAS, He was also actively involved in local civic affairs and served as a member of the Elementary School Board for 16 years, a member of the Advisory Board of Chico State College for 12 years, and Mayor of Oroville for 8 years; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members express their deepest sympathy at the passing of the Honorable Harold T. Sedgwick, a former Member of the Assembly and State Senate and, by this resolution, memoralize his illustrious record of responsible and dedicated service to the State of California; and be it further

Resolved, That a suitably prepared copy of this resolution be transmitted to his daughter, Maxine Armstrong.

RESOLUTION CHAPTER 50

Assembly Concurrent Resolution No. 109—Relative to highway use and financing.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, A well-operated and maintained highway system is essential to the economy of the state, as well as to the ease of travel by the public; and

WHEREAS, The cost of construction, operation, and maintenance of a viable highway system is of increasing concern to all levels of government; and

WHEREAS, The issue of cost responsibility occasioned by the various users of the state highway system needs to be studied; and

WHEREAS, Alternative fees and financing methods for the various classes of highway users need to be studied to consider the question of equitable taxation; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is hereby requested to conduct, under the direction of the Business, Transportation and Housing Agency, a highway cost allocation study which will include both of the following:

(a) The cost responsibility of autos, buses, and the various classes of trucks on use of state highways.

(b) In conjunction with the Business, Transportation and Housing Agency, an evaluation of potential financing alternatives which could meet the cost responsibilities as specified in subdivision (a), including an evaluation of the measures necessary to implement each of those alternatives along with a review of the economic impact upon consumers and the business and agricultural communities; and be it further

Resolved, That the agency submit to the Legislature a preliminary report which includes the findings under subdivisions (a) and (b) no later than January 1, 1985, and a final report which includes the findings under subdivisions (a) and (b) no later than April 1, 1985; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of the Business, Transportation and Housing Agency to the Director of Transportation.

RESOLUTION CHAPTER 51

Assembly Joint Resolution No. 98—Relative to computer education.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, Computer education can play an integral role in revitalizing California education; and

WHEREAS, California's economic competitiveness is dependent upon our students receiving a quality education; and

WHEREAS, The ability to use computer related skills will be valuable in the future economy; and

WHEREAS, California schools are able to use modern technology, especially computers, to better educate our students; and

WHEREAS, Computers can be used by students in all disciplines and at all achievement levels; and

WHEREAS, Computers can be used not only for drill and practice and programming, but for word processing, quantitative analysis, data base analysis, and graphics; and

WHEREAS, The federal government is in the unique financial position of being able to provide substantial funding for computer education needs; and

WHEREAS, There is a demonstrated need to target computer education resources to disadvantaged, or Title 1, schoolchildren; and

WHEREAS, The California Legislature would like to express to the President and Congress the desire of the Legislature to encourage a federal and state partnership in the promotion of substantial, innovative, and accessible computer education; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to support the efforts of United States Senator Frank Lautenberg to provide the framework for accessible and quality computer education; and be it further

Resolved, That legislation is commendable which targets funds to where the need is the greatest; and be it further

Resolved, That the Legislature supports legislation which provides federal seed funding to schools, and flexible guidelines for the use of those funds for planning, acquisition, and teacher training; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States, and to United States Senator Frank Lautenberg.

RESOLUTION CHAPTER 52

Assembly Joint Resolution No. 128—Relative to redesignating federal surplus property for the Corona-Norco Unified School District.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, The United States General Services Administration has notified the Corona-Norco Unified School District through the United States Department of Education that certain land at the Naval Weapons Station, China Lake, Corona Annex, Norco, California has been declared surplus property and available for disposition; and

WHEREAS, Public schools in the State of California do not have an effective means of funding the acquisition and construction of public school facilities; and

WHEREAS, The existing educational facilities of the Corona-Norco Unified School District are at or near capacity; and

WHEREAS, The Corona-Norco Unified School District has on file tract maps for the construction of 19,287 new homes and is aware of local planning department expectations for massive additional individual construction; and

WHEREAS, The Corona-Norco Unified School District is interested in the acquisition of the area designated as Parcel A, 79.75 acres, to be used for public school facilities; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the United States General Services Administration to redesignate Parcel A of the Naval Weapons Center surplus property as a public benefit conveyance; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States and to the Administrator of General Services.

RESOLUTION CHAPTER 53

Assembly Joint Resolution No. 129—Relative to a redesignation of federal surplus property for the Riverside Community College District.

[Filed with Secretary of State June 14, 1984.]

WHEREAS, The Corona-Norco area will become a part of the Riverside Community College District beginning July 1, 1984; and

WHEREAS, The United States General Services Administration

has identified a portion of the Naval Weapons Station, China Lake, Corona Annex, also known as the Fleet Analysis Center, as surplus government property and available for disposal; and

WHEREAS, Corona, Norco, Mira Loma, Lake Matthews, and Temescal Canyon are areas experiencing great residential growth and are projected to be one of the fastest growing areas in the entire nation in the next decade; and

WHEREAS, The Riverside City College campus will be unable to accommodate the projected growth in the decades ahead; and

WHEREAS, Additional campuses will enable the Riverside Community College District to broaden its curricular offerings and thereby benefit more students; and

WHEREAS, Local residents use community college campuses for community services purposes and as cultural and recreational centers; and

WHEREAS, Other community college districts have obtained federal land for their campuses as a public benefit conveyance; and

WHEREAS, Large parcels of land suitable for community college campuses are becoming increasingly difficult to obtain; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the United States General Services Administration to redesignate parcel C-Z of the Naval Weapons Center surplus property as a public benefit conveyance; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States and to the Administrator of General Services.

RESOLUTION CHAPTER 54

Assembly Joint Resolution No. 68—Relative to a San Luis national cemetery.

[Filed with Secretary of State June 15, 1984.]

WHEREAS, The California Department Commanders Veterans Council unanimously agreed that a new national cemetery should be established by the United States near San Luis Dam near the City of Los Banos, California; and

WHEREAS, This proposal has been concurred with by the American Legion Department of California, the Council of Administration of the Veterans of Foreign Wars of the State of California, and the national and state bodies of the American G.I. Forum of the United States; and

WHEREAS, A public-spirited citizen is willing to donate, deed, and dedicate approximately 350 acres of land adjacent to the San Luis Reservoir for a national cemetery; and

WHEREAS, The San Luis site is adjacent to a California state park, assuring the site will not be overrun with commercial or residential development; is located in the center of the state, with major highways giving easy accessibility to the site; is in reasonable proximity to eight commercial airports; is located a reasonable distance to four military installations, and is readily accessible to California veterans, as well as more than two million veterans living in the 10 other western states; and

WHEREAS, The United States Department of the Interior, Bureau of Reclamation, has 2,000 acre-feet of water available for use by the national cemetery from the San Luis Dam, now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to enact legislation to establish a national cemetery near San Luis Dam near the City of Los Banos, California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 55

Senate Joint Resolution No. 45—Relative to medical facilities for retired military personnel.

[Filed with Secretary of State June 18, 1984.]

WHEREAS, The State of California has the largest retired military community in the United States and includes among its population over 208,000 retired military personnel in addition to their dependent families; and

WHEREAS, These military retirees receive over 180 million dollars per month in retired military pay, amounting to 2 billion dollars annually, much of which goes for the daily living expenses of the retired military community and thus helps support the economy of the State of California; and

WHEREAS, It is believed that the contributions of the retired military community to the economy of California are beyond most people's realizations; and

WHEREAS, The health care of our retired military community should be of primary concern to the government of the United States because of the large outlay of existing federal funds through

CHAMPUS for private care of those who are under the age of 65 and their dependents and Medicare for those 65 or older who are no longer eligible for CHAMPUS; and

WHEREAS, With the passage by Congress of the Former Military Spouses Protection Act, additional health care costs will be incurred by the federal government and the military establishment through CHAMPUS and Medicare; and

WHEREAS, More than 63,000 retired military personnel and an estimated 100,000 military dependents in California are 65 years of age or over and eligible for Medicare; and

WHEREAS, The Department of Defense operates military on-base hospitals on the 109 military facilities in California which, through expansion, could accommodate those retired military personnel and dependents over 65 now using Medicare, the additional 145,000 retired personnel and dependents eligible for CHAMPUS, and the unknown numbers of eligible former military spouses; and

WHEREAS, The use of CHAMPUS and Medicare funds to expand on-base hospital facilities will result in employment for design, construction, and added military medical support personnel, all of which are greatly needed in the present state of the economy; and

WHEREAS, The use of present CHAMPUS and Medicare funds for on-base hospital expansion and employment will eventually produce a savings to the Department of Defense as well as satisfy the medical needs of the former military spouses; and

WHEREAS, These savings could be put to effective use to stimulate other areas of the economy; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to support and enact legislation recognizing the medical needs of retired military personnel and their families and of former military spouses by expanding medical facilities on defense installations to guarantee use by retired personnel who now rely on private care through CHAMPUS or Medicare by using these CHAMPUS and Medicare funds to construct needed facilities on California's 109 military installations, thus creating construction work for the unemployed and employment for the medically trained, and reducing CHAMPUS and Medicare funds for private care over the next decade, with a view to eliminating the future need for most of Medicare and CHAMPUS funds for retired military; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Senate Arms Services Committee, and to the House Armed Services Committee.

RESOLUTION CHAPTER 56

Senate Constitutional Amendment No. 58—A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending subdivision (c) of Section 2 of Article XIII A thereof, relating to property taxation.

[Filed with Secretary of State June 22, 1984.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by amending subdivision (c) of Section 2 of Article XIII A thereof, to read:

(c) For purposes of subdivision (a), the Legislature may provide that the term "newly constructed" shall not include both of the following:

(1) The construction or addition of any active solar energy system.

(2) The construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement, as defined by the Legislature, which is constructed or installed after the effective date of this paragraph.

RESOLUTION CHAPTER 57

Senate Concurrent Resolution No. 53—Relating to marine resources.

[Filed with Secretary of State June 22, 1984.]

WHEREAS, Seismic exploration for oil and gas deposits in ocean waters involves the use of acoustic pulse generating devices that could have potentially significant effects on living marine resources; and

WHEREAS, An ambitious scientific inquiry which is jointly sponsored by the oil and gas industry, the fishing industry, the Department of Fish and Game, the State Lands Commission, and other interested parties shows great promise for being able to develop pertinent information regarding the effect of these devices; and

WHEREAS, Permits required for the use of acoustic pulse generating devices have been issued and given interim extensions under a categorical exemption from the California Environmental Quality Act; and

WHEREAS, All outstanding permits issued by the State Lands Commission for seismic exploration using acoustic pulse generating

devices have been extended and will now expire in May 1984; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Lands Commission, when issuing or extending any permit for seismic exploration using acoustic pulse generating devices, is requested to give the maximum feasible consideration of their effect on living marine resources; and be it further

Resolved, That the State Lands Commission and the Department of Fish and Game shall continue in their efforts to develop additional scientific information about the effects of these devices on living marine resources; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the State Lands Commission and to the Director of Fish and Game.

RESOLUTION CHAPTER 58

Assembly Joint Resolution No. 135—Relative to veterans.

[Filed with Secretary of State June 22, 1984]

WHEREAS, California has recognized the sacrifices made by our state's veterans; and

WHEREAS, California has a veterans home and farm loan program that has been in operation for over 60 years; and

WHEREAS, California's Cal-Vet program has enabled over 375,000 California veterans to secure low interest home loans; and

WHEREAS, A federal House-Senate congressional conference committee is considering legislation (H.R. 4170, the Tax Reform Act) that contains a provision which would sharply curtail and ultimately halt the popular Cal-Vet farm and home loan program for California veterans by elimination of the tax-exempt status of the bonds sold for the program; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and the Congress of the United States to preserve the popular Cal-Vet farm and home loan program as it now exists; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 59

Assembly Concurrent Resolution No. 111—Relative to teacher recruitment.

[Filed with Secretary of State June 26, 1984.]

WHEREAS, The State of California is clearly facing a severe shortage of math, science, and bilingual teachers and is relying heavily on emergency credentialed teachers who often have not matriculated from a four-year college or university; and

WHEREAS, Due to increasing enrollments around the state, these shortages will become critical within the decade and will expand to general elementary teaching, as well as other subject areas in the high school curriculum; and

WHEREAS, Interim hearings held in the fall of 1983 by the Assembly Education Committee demonstrated unequivocally that education departments in colleges and universities are presently drawing on the least academically qualified of available college students; and

WHEREAS, Less than one-tenth of 1 percent of freshmen who entered the University of California in 1981 and 5.5 percent of students who took the college board examination in 1978 indicated a willingness to enter the teaching profession, and there are other indications that students are not aware of the availability of teaching jobs; and

WHEREAS, The Hughes-Hart Educational Reform Act of 1983 (Chapter 498 of the Statutes of 1983) took important preliminary steps to meet the teaching shortage and improve the status of the teaching profession; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the University of California and the California State University take immediate steps, in light of the initiatives in Chapter 498 of the Statutes of 1983, to encourage a greater number and broader spectrum of college students to enter teacher education programs and to become teacher trainees; and be it further

Resolved, That the Legislature requests all campuses in the University of California and California State University systems, and private postsecondary institutions, to do all of the following:

(a) Provide information to incoming freshmen, as well as current students, about the current teacher shortage, the increasing demand for teachers concomitant with increasing enrollments in kindergarten and grades 1 to 12, inclusive, and the fact that there are teaching jobs available now and will be in the future;

(b) Provide information to all students on the elements of Chapter 498 of the Statutes of 1983, which are aimed at enhancing the status of and remuneration for teaching, such as improving minimum teacher salaries program, developing a career ladder

through a mentor program, granting student loans for critical subject shortage areas, providing for student discipline and teachers' discretion in grading, retention, promotion, and other areas, and authorizing mini-grants for improvement of classroom instruction directly to teachers.

(c) Provide information to current college students on the teaching trainee option as an entry point to teaching; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Presidents of each campus of the University of California and the California State University.

RESOLUTION CHAPTER 60

Assembly Joint Resolution No. 104—Relative to social security.

[Filed with Secretary of State June 26, 1984.]

WHEREAS, The federal Old Age, Survivors, and Disability Insurance program, established pursuant to Title 2 of the federal Social Security Act (42 USC Sec. 401 et seq.), was established in order to provide, among other persons, the elderly with an adequate income to meet basic needs and live in a dignified manner; and

WHEREAS, Persons who have a similar wage history receive greater old age benefits under this program if they reach age 62 during, or prior to, 1978, than if they reach age 62 after 1978; and

WHEREAS, Several bills have been introduced in the United States Congress to alleviate this disparity, including H.R. 4093, introduced by California Congressman Edward Roybal; and

WHEREAS, It is clearly unjust to permit persons reaching age 62 after 1978 to continue receiving as much as $100 per month less in benefits than those persons with similar wage histories reaching that age during, or prior to, 1978; now, therefore, be it

Resolved, by the Assembly and the Senate of the State of California, jointly, That the Legislature hereby memorializes the Congress and President of the United States to enact legislation equalizing the old age benefit levels received under the Social Security program by all persons with similar wage histories, regardless of the date when they become age 62, and be it further

Resolved, That copies of this resolution shall be transmitted by the Chief Clerk of the Assembly to the President and Vice President of the United States, the Speaker of the House of Representatives, and each Senator and Representative in the California congressional delegation.

RESOLUTION CHAPTER 61

Assembly Joint Resolution No. 108—Relative to persons with disabilities.

[Filed with Secretary of State June 26, 1984.]

WHEREAS, In 1983, UCLA graduate Peter Franklin was the first quadriplegic admitted to a California medical school; and

WHEREAS, He was subjected to four months of struggle with the State Department of Rehabilitation which initially refused to grant him the financial aid needed by him to attend medical school; and

WHEREAS, The state department initially urged Franklin to seek a career as a research assistant which it deemed a more fitting form of entry level employment; and

WHEREAS, There currently is no existing, uniform federal definition of "entry level employment"; and

WHEREAS, The absence of such a definition allows state and federal assistance sources for education, rehabilitation, and vocational training to push entry level support to the lowest possible level, which tends to discourage individuals with disabilities from seeking their highest potential; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California encourages persons with disabilities to seek their highest potential at all times despite physical and social obstacles; and be it further

Resolved, That when state and federal assistance for education, rehabilitation, and vocational training to persons with disabilities is predicated on entry level employment, that that employment be defined on the basis of an assessment of the individual's skills, aptitude, and abilities in order to assist and encourage the individual in reaching his or her highest potential; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President, the Congress of the United States, the Department of Education and the Commissioner of Rehabilitation Services to define "entry level employment" as it pertains to persons with disabilities seeking state and federal assistance for education, rehabilitation, and vocational training, and to promulgate regulations to ensure the uniform application of this definition throughout the United States so that it will serve to motivate individuals with disabilities to seek their highest potential; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States, the Department of Education, and the Commissioner of Rehabilitation Services.

RESOLUTION CHAPTER 62

Assembly Joint Resolution No. 134—Relative to POW/MIA Recognition Day.

[Filed with Secretary of State June 26, 1984]

WHEREAS, The Congress of the United States has designated July 20, 1984, as National POW/MIA Recognition Day; and

WHEREAS, The Governor has designated the week of July 15 to 20, 1984, as POW/MIA Week; and

WHEREAS, The National League of Families of American Prisoners and Missing in Southeast Asia is continuing its efforts for the return of its members' husbands, sons, and brothers; and

WHEREAS, The Viet Vet House from its inception has a primary mandate that, "...the Vietnam War ends when the dying at home stops, the nightmares are laid to rest, the legacy of physical and emotional concerns are addressed, the 2,500 POW/MIAs are accounted for, and the business of living is gotten on with pride, honor, and dignity for all ..."; and

WHEREAS, The National League of Families of American Prisoners and Missing in Southeast Asia will be coordinating a national balloon release together with other veterans groups and agencies on July 20, 1984, and the Viet Vet House will be the local sponsor for the National League of Families in Sacramento; and

WHEREAS, At 1 p.m. on July 20, 1984, the Viet Vet House will release 2,238 red, white, and blue balloons and 250 gold balloons from the west steps of the State Capitol to represent the 2,488 men still unaccounted for in Southeast Asia; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of California proclaims July 20, 1984, as a special day of recognition for the 250 California POW/MIAs still held unaccounted for by the countries of Laos, Kampuchea, and Vietnam and a day of national remembrance for the 2,488 men still missing; and be it further

Resolved, That the Legislature supports the federal government's efforts to expedite the recovery and return of the remains of dead POW/MIAs currently being held by the governments of Laos, Kampuchea, and Vietnam, and to secure the release of all POW/MIAs still alive and held by those governments; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of State, to the governments of Laos, Kampuchea, and Vietnam, to the National League of Families of American Prisoners and Missing in Southeast Asia, and to the Viet Vet House.

RESOLUTION CHAPTER 63

Senate Joint Resolution No. 39—Relative to recreational facilities at New Melones Reservoir.

[Filed with Secretary of State June 27, 1984.]

WHEREAS, New Melones Reservoir was authorized by the Flood Control Act of 1944 and by the Flood Control Act of 1962 for purposes of flood protection, irrigation water, power generation, fishery enhancement, and recreation; and

WHEREAS, The Department of the Army (Army Corps of Engineers) prepared master recreation plans for the New Melones Lake Area and Lower Stanislaus River in August 1976 and April 1977, respectively, which contained detailed work plans for recreational facilities and public access areas at 13 sites around the reservoir and 15 sites along the river below the dam; and

WHEREAS, Less than 15 percent of the total funds required to complete these planned facilities have been spent to date; and

WHEREAS, Public use of these facilities has been overwhelming, with campers, boaters, and fishermen making use of whatever facilities are available in great numbers; and

WHEREAS, The master plan for the reservoir detailed 13 sites around the reservoir which were to contain 1400 campsites, 225 lodging units, 615 picnic units, 39 boat launching lanes, 3 marinas with 820 slips, and a host of related facilities such as parking lots and comfort stations; and

WHEREAS, The master plan for the lower Stanislaus River, as amended, detailed 15 sites along the river which were to contain 85 individual and 6 group campsites, 190 picnic areas, 1 boat ramp, and related facilities such as parking lots and comfort stations; and

WHEREAS, In May 1982, it was announced by the Department of the Army that no funds would be budgeted for additional construction of recreational facilities at New Melones unless local governments shared in the cost, a policy which is contrary to every promise made by the federal government and which will have severe repercussions on the ability of local governments to cope with the hundreds and thousands of users of the reservoir; and

WHEREAS, This policy has resulted in less than a comfortable state for reservoir visitors, intrusion onto private lands as visitors try to make do and set up their campers wherever vacant land is available, disruption of the environment from litter and destruction of natural features, and a heavy financial burden on local governments which are saddled with the responsibility of providing services which should be provided by the federal government; and

WHEREAS, The overall plan for the New Melones Project is an integrated development effort, and the recreational development which was planned by the Department of the Army is an integral part of the project, and was promised as mitigation for the loss of the

free-flowing Stanislaus River; and

WHEREAS, A firm commitment was made by the federal government to provide and operate these improvements, and its promises should be kept, as to do otherwise will erode citizens' confidence and expectations and severely impact the financial resources of local governments; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to fulfill the obligations of the federal government to construct and operate recreational facilities for New Melones Reservoir in accordance with the 1976 Master Plan for the New Melones Lake Area and the 1977 Lower Stanislaus River Master Plan, as developed and amended through 1983 by the Army Corps of Engineers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of the Army, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 64

Senate Constitutional Amendment No. 29—A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending Section 12 of Article VI thereof, relating to the courts.

[Filed with Secretary of State June 28, 1984.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1983–84 Regular Session, commencing on the sixth day of December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State of California be amended, as follows:

First—That Section 12 of Article VI thereof is amended to read:

SEC. 12. (a) The Supreme Court may, before decision, transfer to itself a cause in a court of appeal. It may, before decision, transfer a cause from itself to a court of appeal or from one court of appeal or division to another. The court to which a cause is transferred has jurisdiction.

(b) The Supreme Court may review the decision of a court of appeal in any cause.

(c) The Judicial Council shall provide, by rules of court, for the time and procedure for transfer and for review, including, among other things, provisions for the time and procedure for transfer with

instructions, for review of all or part of a decision, and for remand as improvidently granted.

(d) This section shall not apply to an appeal involving a judgment of death.

Second—That the amendment to Section 12 of Article VI shall take effect six months after the date on which it is approved by the electorate.

RESOLUTION CHAPTER 65

Assembly Constitutional Amendment No. 66—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 8.5 of Article XIII thereof, relating to property tax postponement.

[Filed with Secretary of State June 28, 1984.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by amending Section 8.5 of Article XIII thereof to read:

SEC. 8.5. The Legislature may provide by law for the manner in which a person of low or moderate income who is 62 years of age or older may postpone ad valorem property taxes on the dwelling owned and occupied by him or her as his or her principal place of residence. The Legislature may also provide by law for the manner in which a disabled person may postpone payment of ad valorem property taxes on the dwelling owned and occupied by him or her as his or her principal place of residence. The Legislature shall have plenary power to define all terms in this section.

The Legislature shall provide by law for subventions to counties, cities and counties, cities and districts in an amount equal to the amount of revenue lost by each by reason of the postponement of taxes and for the reimbursement to the state of subventions from the payment of postponed taxes. Provision shall be made for the inclusion of reimbursement for the payment of interest on, and any costs to the state incurred in connection with, the subventions.

RESOLUTION CHAPTER 66

Assembly Constitutional Amendment No. 69—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by adding subdivision (e) to Section 2 of Article XIII A thereof, relating to taxation.

[Filed with Secretary of State June 28, 1984.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by adding subdivision (e) to Section 2 of Article XIII A thereof, as follows:

(e) For purposes of subdivision (a), the Legislature shall provide that the term "newly constructed" shall not include any addition to, or alteration or rehabilitation of, a certified historic structure which is an historically accurate reconstruction of once extant features or necessary for safety or handicapped access or required by safety code requirements. This subdivision shall apply only to a dwelling occupied by an owner as his or her principal residence. Whenever the owner uses the property for a purpose other than as his or her principal residence, the portion of addition to, or alteration or reconstruction of the structure which was excluded pursuant to this subdivision shall be reassessed.

RESOLUTION CHAPTER 67

Assembly Concurrent Resolution No. 71—Relative to postsecondary education awareness of nonwhite ethnic groups.

[Filed with Secretary of State July 6, 1984.]

WHEREAS, California is increasingly a multiethnic state whose citizens represent a diverse and rich array of backgrounds; and

WHEREAS, By the turn of the century, the majority of California's population could be from nonwhite ethnic groups; and

WHEREAS, Racial prejudice and oppression have historically stemmed from misunderstandings and from a lack of knowledge of other peoples; and

WHEREAS, These misunderstandings tend to promote existing misconceptions and stereotypical characterizations of nonwhite ethnic groups, which in turn, lead to future patterns of discrimination; and

WHEREAS, These misconceptions and stereotypical characterizations have played a role in denying nonwhite ethnic

groups their basic civil rights; and

WHEREAS, The various racial ethnic groups have made vast contributions to the development of California and the nation; and

WHEREAS, Ethnic studies courses serve to cultivate an understanding of, and an appreciation for, these peoples, their contributions, their cultures, and their aspirations; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Regents of the University of California, the Trustees of the California State University, and the Board of Governors of the California Community Colleges review respective system and campus policies and programs concerning the nature and extent of course offerings which examine the cultural and historical experiences of those nonwhite ethnic groups that have traditionally been excluded from the core curriculum; and be it further

Resolved, That the regents, the trustees, and the board of governors consider adoption of additional policies and programs, as necessary, to ensure that all graduates with associate of arts or baccalaureate degrees possess an understanding of the histories, cultures, roles, and contributions of nonwhite ethnic groups in the development of California and the nation; and be it further

Resolved, That the regents, the trustees, and the board of governors consider the fiscal implications of adopting additional policies and programs to promote greater ethnic awareness and understanding, paying particular attention to those campuses which have already implemented additional policies and requirements in this area; and be it further

Resolved, That each segment report on actions taken in response to this resolution to the California Postsecondary Education Commission by January 1, 1985; and be it further

Resolved, That the commission, in turn, submit a consolidated report, in addition to a review and oral comment regarding the report, to the Legislature by April 1, 1985; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Regents of the University of California, the Trustees of the California State University, and the Board of Governors of the California Community Colleges.

RESOLUTION CHAPTER 68

Assembly Concurrent Resolution No. 83—Relative to postsecondary education.

[Filed with Secretary of State July 6, 1984]

WHEREAS, The Legislature recognizes that the ethnic composition of California society is becoming increasingly

heterogeneous; and

WHEREAS, It is the intent of the Legislature that all people, regardless of their previous educational background, should have the opportunity to proceed as far as their abilities allow them to in the completion of high-quality programs at the elementary, secondary, postsecondary, and graduate levels; and

WHEREAS, The Legislature recognizes that unless increased numbers of ethnic minority and low-income people are educated at California colleges and universities to be prepared to fill highly skilled jobs, California will be unable to increase the supply of teachers from underrepresented groups and will have considerable difficulty meeting the challenges of future economic and technological growth; and

WHEREAS, The Legislature recognizes that equal educational opportunities for ethnic minority and low-income people will help enhance the education of all students and prepare them for life in a culturally and linguistically pluralistic society, both at home and abroad; and

WHEREAS, The Legislature recognizes that efforts to expand equal educational opportunities for individuals from underrepresented groups should not lessen the admissions requirements or academic standards at public institutions of higher education; and

WHEREAS, The Legislature recognizes that expanding educational opportunities for all people is a shared responsibility of educational institutions on all levels, requiring the cooperative efforts of these institutions, as well as comprehensive institutional efforts coordinating all existing school and campus resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Community Colleges, the Association of Independent Colleges and Universities, the State Board of Education, and the State Superintendent of Public Instruction, working through a task force chaired by the Director of the California Postsecondary Education Commission, are hereby requested to cooperatively adopt a plan that will systematically review and assess all existing public and private educational institution programs and on the basis of that assessment make specific recommendations for action that will do the following:

(1) Significantly strengthen the college preparation of low-income and underrepresented ethnic minority students in junior and senior high schools so that, by 1990, the income and ethnic composition of secondary school graduates eligible for admission to public four-year colleges is at least equal to or greater than the income and ethnic composition of secondary school graduates generally.

(2) Sufficiently expand and reorganize necessary academic and

student support activities at the community colleges as well as expand the necessary cooperative activities by the four-year institutions, so that, by 1990, the income and ethnic composition of students completing vocational technical programs or transferring from community colleges into four-year institutions is at least equal to the income and ethnic composition of students enrolling in community colleges.

(3) Sufficiently strengthen and reorganize the necessary academic and support services so that, by 1995, the income and ethnic composition of baccalaureate degree recipients from California colleges and universities is at least equal to the income and ethnic composition of secondary school graduates in 1990; and be it further

Resolved, That this resolution is particularly concerned with individuals from economic, ethnic, or racial backgrounds who have been historically underrepresented in postsecondary education; and be it further

Resolved, That this plan and its recommendations for action do the following:

(1) Emphasize shared responsibility for cooperative, coordinated efforts by the secondary, postsecondary, and graduate institutions.

(2) Identify priorities for action and the institutions responsible, as well as the resources required for implementing these actions.

(3) Involve comprehensive institutional efforts coordinating all existing school and campus resources to meet the educational needs of all students.

(4) Coordinate these strategies with efforts to implement the "Statement on Competencies in English and Mathematics Expected of Entering Freshmen" prepared by the statewide senates of the three postsecondary education segments.

(5) Include a mechanism to evaluate annually progress by each of the segments to the achievement of the goals identified above; and be it further

Resolved, That this plan be submitted to the Legislature on or before July 1, 1985; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Community Colleges, the Association of Independent Colleges and Universities, the State Board of Education, the Superintendent of Public Instruction, and the Director of California Postsecondary Education Commission.

RESOLUTION CHAPTER 69

Assembly Concurrent Resolution No. 94—Relative to State Highway Route 86.

[Filed with Secretary of State July 6, 1984]

WHEREAS, Route 86 is a significant interstate and international transportation facility for the movement of agricultural products from Arizona, Mexico, the Imperial Valley, and the Coachella Valley to the Riverside and Los Angeles market and export areas; and

WHEREAS, Route 86 is the only facility in the area for local and through traffic which includes an increasing volume of passenger vehicles, recreational vehicles, schoolbuses, commercial vehicles, and agricultural vehicles; and

WHEREAS, Most of Route 86 was constructed over 40 years ago as a two-lane highway and is now an increasing maintenance and safety problem; and

WHEREAS, The mix of traffic on a narrow two-lane highway with inadequate shoulders and no provision for passing slow-moving vehicles creates extremely hazardous driving conditions; and

WHEREAS, The accident-fatality rate on the route is about 2 and ½ times higher than the state average for such a facility with 81 fatalities in the five years and eight months from January of 1978 to August of 1983; and

WHEREAS, The Department of Transportation had included improvement of Route 86 to a four-lane freeway in its 1971 and 1972 planning programs, with construction scheduled in the late 1970's; and

WHEREAS, Only minor improvements and replacement of some of the narrow, structurally deficient bridges were included in the 1977 planning programs; and

WHEREAS, In adopting the 1982 State Transportation Improvement Program, the California Transportation Commission added $10,000,000 in the 1986–87 fiscal year for the construction of a four-lane expressway covering a seven-mile segment of Route 86 north of the Route 78 intersection in Imperial County; and

WHEREAS, The commission programmed an additional $38,000,000 in the 1983 State Transportation Improvement Program for 26 miles of four-lane expressway on Route 86 between the Route 78 intersection and the Riverside County line and also programmed $7,300,000 for the initial 2.9 mile segment of Route 86 in Riverside County starting at the Imperial County line; and

WHEREAS, The expeditious improvement of Route 86 would reduce air pollution, save fuel, reduce the cost of transporting agricultural products, and improve driving conditions so that serious accidents would be reduced; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Riverside County Transportation

Commission, the Imperial Valley Association of Governments, and the Southern California Association of Governments are hereby requested to work with the Department of Transportation and the California Transportation Commission to evaluate the feasibility of advancing improvements on State Highway Route 86 which are currently programmed in the 1983 State Transportation Improvement Program and to report the results of the evaluation to the Legislature by December 3, 1984; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the California Transportation Commission, the Director of Transportation, the Riverside County Transportation Commission, the Imperial Valley Association of Governments, and the Southern California Association of Governments.

RESOLUTION CHAPTER 70

Assembly Concurrent Resolution No. 103—Relative to business community involvement with public education.

[Filed with Secretary of State July 6, 1984]

WHEREAS, The public elementary and secondary schools of the State of California are the institutions which must prepare the young for satisfying and productive lives in the larger community, as well as in specific careers; and

WHEREAS, The public schools are facing a severe budget crisis which necessitates more involvement and support from the community than is presently the case; and

WHEREAS, The private sector provides young people graduating from the state's public schools with jobs and career opportunities and thereby has a significant interest in the successful operation of the schools; and

WHEREAS, The private sector has available a variety of talent and resources which would be valuable to students, schoolteachers, and school administrators; and

WHEREAS, The business community through the leadership of the California Business Roundtable, the California Chamber of Commerce, the Industry Education Council of California, and other organizations has announced its intention to encourage a new and deeper commitment by making talent and resources available to schools; and

WHEREAS, A number of business organizations have specifically chosen to make talent and resources available to schools through a variety of school-business partnerships, including the "adopt-a-school" concept which matches a particular business organization with a particular school, brings business employees into the school to work with teachers and students, and involves

donations of materials and equipment; and

WHEREAS, This type of business community involvement with public education fosters many benefits for students and the community; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature requests the business community to expand to as many schools as possible school-business partnership activities, and that the Legislature requests the public school administrators and teachers of the state to cooperate in the development of school-business partnership programs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the State Department of Education and that the State Department of Education disseminate this resolution to school districts, county offices of education, private industry councils, local chambers of commerce, and other agencies and organizations interested in fostering cooperation between public schools and the business community.

RESOLUTION CHAPTER 71

Assembly Concurrent Resolution No. 120—Relative to merit awards.

[Filed with Secretary of State July 6, 1984.]

WHEREAS, Section 19823 of the Government Code provides that awards may be made to state employees in excess of three thousand dollars ($3,000) when the awards are approved by concurrent resolution of the Legislature; and

WHEREAS, An award of three thousand dollars ($3,000), divided equally, has already been made to Art Doell, Pam Lanza, Jan Makiney, and Carol Usmial, Franchise Tax Board, for a suggestion which resulted in annual savings of forty thousand seven hundred seventy-five dollars ($40,775) by recommending the practice of attaching amended tax returns to originals and hand stamping "original attached" be discontinued; and

WHEREAS, An award of three thousand dollars ($3,000) has already been made to Marcella F. Enos, Franchise Tax Board, for a suggestion which resulted in annual savings of sixty-seven thousand three hundred twenty dollars ($67,320) by recommending that fraudulent payment of Homeowner/Renter Assistance refund be minimized with use of the "problem address list" used to detect fraud under the Personal Income Tax program; and

WHEREAS, An award of three thousand dollars ($3,000), divided equally, has already been made to Gerald Floyd, Mary (Adabkhah) Gibson and Robert D. O'Brien, Employment Development

Department, for a suggestion which resulted in annual savings of thirty-three thousand one hundred twenty-eight dollars ($33,128) by recommending a more efficient method of screening overpayment documents; and

WHEREAS, An award of three thousand dollars ($3,000) has already been made to Lawrence J. McGetrick, Jr., Department of Motor Vehicles, for a suggestion which resulted in annual savings of eighty-nine thousand eight hundred thirty-five dollars ($89,835) by recommending the foreign language law test be printed in a multiple choice words and phrases format instead of given orally with flashcards; and

WHEREAS, An award of three thousand dollars ($3,000) has already been made to Mary D. Benefiel, Department of Motor Vehicles, for a suggestion which has resulted in annual savings of fifty thousand five hundred ninety-nine dollars ($50,599) by recommending that the practice of sorting and filing 4 x 5 error cards be discontinued. Recent EDP changes eliminate the need to refer to these error cards during the clearance process; and

WHEREAS, An award of three thousand dollars ($3,000) has already been made to Greg J. Herrback, Department of Motor Vehicles, for a suggestion which has resulted in annual savings of forty-seven thousand seven hundred twenty-four dollars ($47,724) by recommending that cross-reference cards attached to applications for substitute license plates or plate reassignments not be sorted and filed since this information is available through data entry records; and

WHEREAS, An award of three thousand dollars ($3,000) has already been made to J.D. Sewell, Department of Motor Vehicles, for a suggestion which resulted in annual savings of sixty-five thousand two hundred nine dollars ($65,209) by recommending that the Vehicle Code be amended to allow courts to report all violations by magnetic tape to the Department of Motor Vehicles, thereby permitting electronic storage of the abstracts; and

WHEREAS, An award of seven thousand eight hundred fifty-three dollars ($7,853) has already been made to Michael E. Lahodney, Department of Transportation, for a suggestion which has resulted in annual and one-time savings of eighty-one thousand seven hundred thirty-four dollars ($81,734) by recommending purchase of a Data-Quick Information System and microfiche reader/printer for monthly updated tabulation of all deed recordings in the County of Los Angeles; and

WHEREAS, The suggestions of these employees have resulted in annually recurring and one-time savings amounting to four hundred seventy-six thousand three hundred twenty-four dollars ($476,324); and

WHEREAS, As a result of these savings, it is unnecessary to appropriate additional funds for payment of these awards; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate

thereof concurring, That the following awards, which have been approved by the Department of Personnel Administration, are hereby authorized to the employees named:

Art Doell, two hundred sixty-nine dollars ($269)

Pam Lanza, two hundred sixty-nine dollars ($269)

Jan Makiney, two hundred sixty-nine dollars ($269)

Carol Usmial, two hundred sixty-nine dollars ($269)

Marcella F. Enos, three thousand seven hundred thirty-two dollars ($3,732)

Gerald Floyd, one hundred five dollars ($105)

Mary (Adabkhah) Gibson, one hundred five dollars ($105)

Robert D. O'Brien, one hundred five dollars ($105)

Lawrence J. McGetrick, Jr., five thousand nine hundred eighty-five dollars ($5,985)

Mary D. Benefiel, two thousand sixty dollars ($2,060)

Greg J. Herrback, one thousand seven hundred seventy dollars ($1,770)

Michael E. Lahodney, one hundred sixty dollars ($160)

J.D. Sewell, one thousand one hundred thirty dollars ($1,130); and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Department of Personnel Administration and to the Controller.

RESOLUTION CHAPTER 72

Assembly Joint Resolution No. 51—Relative to hazardous waste incineration.

[Filed with Secretary of State July 6, 1984.]

WHEREAS, The Environmental Protection Agency is currently considering the possibility of burning hazardous wastes in incinerator ships off California's coast; and

WHEREAS, The legal jurisdiction and enforcement responsibility in international waters is unclear and, to date, no regulations for incineration of hazardous wastes at sea have been adopted; and

WHEREAS, No substantial research has yet been completed on the potential short-term or cumulative long-term effects of this incineration proposal and neither have any risk assessments been completed; and

WHEREAS, Spills or leakages of raw waste from an incineration vessel could cause considerable adverse economic and environmental consequences; and

WHEREAS, A hazardous waste spill could occur or hazardous wastes could be dumped in an emergency, releasing highly persistent, toxic compounds which would sink to the bottom of the

ocean, contaminating the entire water column and the marine life therein; and

WHEREAS, The practice of ocean incineration does not provide for complete destruction of any hazardous waste, thus allowing unburned materials or dangerous emissions to escape onto the microlayer of the ocean, poisoning organisms and fish and possibly moving up the food chain; and

WHEREAS, Hydrochloric acid, which is sometimes released in the burning process, could contribute to the formation of acid fog and acid rain; and

WHEREAS, The technical capability to incinerate hazardous waste remains unknown, including the ability to maintain a constant temperature of at least 2,400° F for long periods of time, and it would be difficult to monitor the technical burning process at sea; and

WHEREAS, Transporting the waste materials to incineration sites would also present risks of catastrophic damage to the marine and coastal environments; and

WHEREAS, Additional unknown and significant adverse effects may also exist but are not clear, due to the lack of information; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California jointly, That the Legislature of the State of California respectfully memorializes the President of the United States to direct the Environmental Protection Agency to stop considering any proposals to incinerate hazardous waste off California's coast, until valid and reliable scientific studies have proven that the environmental effects of this proposal would be negligible; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President and Vice President of the United States, to the Administrator of the Environmental Protection Agency, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 73

Senate Concurrent Resolution No. 67—Relative to the Public Utilities Commission.

[Filed with Secretary of State July 6, 1984.]

WHEREAS, Alternative sources of energy have the potential to provide a significant supplement to conventional energy resources as an element of the state's energy supply mix; and

WHEREAS, The Legislature has consistently supported the development of alternative sources of energy by private energy producers in order to reduce the state's dependence on foreign

sources of imported oil and to reduce the negative environmental impacts of conventional energy facilities; and

WHEREAS, The Public Utilities Commission is responsible for regulating the privately owned public utilities of the state and determining which utility expenses are just and reasonable for ratesetting purposes; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Public Utilities Commission is requested to establish standard price offers for public utility contracts with private energy producers and corporations or persons employing cogeneration technology in the generation of electricity for electric energy from alternative sources which reflect the application of all of the following criteria:

(a) Electricity produced from alternative sources of energy, or from qualifying small power production facilities, as defined in Section 228.5 of the Public Utilities Code, should be accurately and fully valued for its role in displacing and deferring utility owned electricity generation.

(b) Financial and technical risks should be fairly allocated between the electricity producers and the ratepayers.

(c) The development of alternative sources of energy should serve to help stabilize electricity rates in California and make power generation as efficient as possible.

(d) Projects owned by public utilities and projects owned by these alternative electricity producers should be able to compete, on a comparable basis, to provide the most economical power generation to meet California's electricity demands.

(e) Once an alternative electricity producer has signed a standard offer with a public utility, the commission will not change the provisions of that contract unless required to do so by federal or state law.

(f) The commission will not disallow, for ratemaking purposes, any costs incurred by public utilities in implementing the provisions of standard offers.

(g) The commission may authorize nonstandard contracts for more than the public utility's full avoided cost, or its equivalent, when the generation project may provide demonstration of a technology with substantial potential for future development in California and when the technology has not already been commercially developed.

(h) The commission's adopted methods for calculating prices for electricity from qualifying facilities will be as simple and verifiable as possible.

(j) Development of qualifying small power production facilities is compatible with a public utility's ability to most economically generate and purchase power and with a public utility's ability to provide reliable service.

(k) Qualifying small power production facilities will be given as much financial and operating certainty as possible; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Public Utilities Commission.

RESOLUTION CHAPTER 74

Senate Concurrent Resolution No. 68—Relative to the Paul R. Bonderson Building.

[Filed with Secretary of State July 9, 1984.]

WHEREAS, Paul R. Bonderson effectively developed major portions of the California Water Quality Control program; and

WHEREAS, Mr. Bonderson, during his service as the first Regional Board Executive Officer for the Central Coast Region, spearheaded the cleanup of raw sewage discharges from scores of communities; and

WHEREAS, He initiated the cleanup of Monterey and Santa Barbara Bays, resulting in the cleanup of domestic sewage discharges and voluntary cleanup by industry; and

WHEREAS, Mr. Bonderson, after his appointment as State Water Quality Control Board Executive Officer in 1956, initiated a sorely needed research program which established the scientific bases for protection of California surface and ocean waters and increased understanding of the complicated San Francisco Bay/Delta system; and

WHEREAS, Mr. Bonderson successfully directed the commencement and expansion of the Clean Water Grant Program in California, which became a model for the nation; and

WHEREAS, Mr. Bonderson effectively and energetically worked for the development and implementation of the federal Clean Water Grant Program, which has enabled hundreds of California communities to meet clean water goals; and

WHEREAS, He significantly assisted the planning for and merger of water quality and water rights regulatory functions into one coordinating body, the Water Resources Control Board; and

WHEREAS, Mr. Bonderson served as President of the California Water Pollution Control Association and the Association of State Water Pollution Control Agencies, and earned the respect and support of his fellow professionals in these endeavors; and

WHEREAS, For 31 years, Paul R. Bonderson provided strong and effective leadership in the fight to keep California water free of pollution; and

WHEREAS, Paul R. Bonderson's death in July, 1983, was a profound loss to his family, friends, and associates; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That as a fitting memorial to Paul R. Bonderson's

distinguished service to the State of California, the state building located at 901 P Street, Sacramento, headquarters of the Water Resources Control Board, shall henceforth be known as the Paul R. Bonderson Building; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to Florence Bonderson, Paul R. Bonderson, Jr., Carla Hulse, Gayle Swarbrick, the State Water Resources Control Board, and the State Department of General Services.

RESOLUTION CHAPTER 75

Senate Concurrent Resolution No. 69—Relative to vehicle repair.

[Filed with Secretary of State July 9, 1984.]

WHEREAS, Changes in the automobile manufacturing industry have resulted in a significant and steady increase in the number of energy efficient unibody-constructed vehicles being produced, sold, and driven; and

WHEREAS, These vehicles' construction employs the use of new lightweight, high-strength steel and other special materials and assembly methods; and

WHEREAS, The newer vehicles tend to be lighter and smaller than those produced and sold in the past making them more prone to damage resulting from accidents; and

WHEREAS, The proper and safe repair of the unibody and frameless vehicles presents special repair considerations, may require additional training in repair procedures, and often requires the use of special equipment; and

WHEREAS, Improperly repaired vehicles present a serious safety hazard to the vehicles' drivers and the general public; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Bureau of Automotive Repair in the Department of Consumer Affairs is hereby requested to collect and analyze data relative to the existence of problems in the repair of unibody automobiles and the "clipping" of damaged vehicles; and be it further

Resolved, That the study shall examine (1) whether repair of the unibody-type vehicle requires special additional training of automotive repair personnel or imposes special repair equipment needs, (2) whether those needs are being met, (3) whether manufacturers' vehicle repair guidelines are sufficient to ensure the safe repair of damaged unibody vehicles, and (4) whether the introduction of unibody automobiles has had a negative impact on collision insurance loss ratios; and be it further

Resolved, That other departments and agencies of state

government shall cooperate and provide assistance upon the request of the Bureau of Automotive Repair, and that the bureau shall consult with representatives of the automotive repair, insurance, and other private industries as necessary for completing its study; and be it further

Resolved, That the Bureau of Automotive Repair is requested to submit a report to the Legislature on or before September 1, 1984, containing the data and information requested by this resolution; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Chief of the Bureau of Automotive Repair.

RESOLUTION CHAPTER 76

Senate Concurrent Resolution No. 83—Relative to missing children.

[Filed with Secretary of State July 9, 1984]

WHEREAS, Approximately two million children are reported missing in the United States each year; and

WHEREAS, This figure is composed of approximately one million runaways, one-third of whom are forced out of their homes by their parents; approximately 100,000 victims of noncustodial parental abduction, and between 6,000 and 50,000 victims of abduction by unrelated persons; and

WHEREAS, Approximately 71,000 children are reported missing in California each year; and

WHEREAS, There is often insufficient information or inadequate access to information regarding services available to missing children and their families; and

WHEREAS, Child fingerprinting programs to aid in the identification of missing children are not widely available; and

WHEREAS, The problem of missing children is a great waste of human resources, and the damage suffered by missing children and their families is severe and long-lasting; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Superintendent of Public Instruction shall implement a pilot program in all California school districts designed to reduce the number of abducted and runaway children and aid in the identification and recovery of children now missing; and be it further

Resolved, That the pilot program shall be a cooperative effort of schools, parent groups, and local volunteers, and that it shall include, but not be limited to, all of the following:

(a) Any information regarding missing children age 12 years and under submitted to a school shall immediately be placed in a central

directory at the school which is accessible to both certificated and classified personnel.

(b) Crisis information, including, but not limited to, phone numbers for local counseling, shelters, and runaway hotlines, shall be openly posted at schools.

(c) Schools shall work with parent groups and law enforcement personnel to implement a voluntary child fingerprinting program to provide participating parents with a set of their child's fingerprints.

(d) Schools shall provide at least one annual age-appropriate presentation focusing on the prevention of abduction and runaways.

(e) The Superintendent of Public Instruction shall develop procedures to be followed by school personnel in cases where new students are unable to provide complete school records. The procedures shall include, but not be limited to, notification of agencies or groups involved with the recovery of missing children; and be it further

Resolved, That the pilot program shall be implemented during the 1984–85 school year; and be it further

Resolved, That at the close of the 1984–85 school year, the Superintendent of Public Instruction shall collect from each school district information regarding the methods used to implement the pilot program, and any descriptive statistics or other information concerning the program's success; and be it further

Resolved, That the Superintendent of Public Instruction shall submit a report of those findings to the Legislature, the Senate Select Committee on Children and Youth, and the Assembly Select Committee on Child Abuse, on or before June 30, 1986.

RESOLUTION CHAPTER 77

Senate Joint Resolution No. 52—Relative to tuna.

[Filed with Secretary of State July 9, 1984.]

WHEREAS, Canned tuna imports have increased 128 percent in the past five years; and

WHEREAS, Between 1981 and 1983, tuna imports have increased about 73 percent; and

WHEREAS, In 1983, imports gained 40 percent, and, so far in 1984, imports are increasing over 1983; and

WHEREAS, Since 1981, employment in the California tuna industry has declined 23 percent, and over 4,000 people have lost their jobs; and

WHEREAS, Between 1981 and 1982, the cannery processing capacity for tuna has declined over 16 percent, and over 20 percent of the vessels in the tuna fleet are idle or underutilized; and

WHEREAS, The amount of tuna packed in water was aggressively

promoted by domestic canners and has reached a majority of the present market, but the tariff rate on water-packed tuna is only 6 percent compared to the tariff rate of 35 percent on oil-packed tuna, which has created a tariff loophole through which foreign packers in 1983 imported into the domestic market over 290 million cans of water-packed tuna; and

WHEREAS, The California tuna industry has petitioned the United States International Trade Commission for relief from the increasing flow of imported canned tuna in water from foreign packers; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President, the Congress, and the United States International Trade Commission to provide immediate relief to the tuna industry of California and this nation from the ever increasing flow of imported canned tuna in water by, among other methods, adjusting appropriate tariff rates; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the United States International Trade Commission, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 78

Senate Joint Resolution No. 55—Relative to designating the Los Angeles Memorial Coliseum a National Historic Landmark.

[Filed with Secretary of State July 9, 1984.]

WHEREAS, The Los Angeles Memorial Coliseum was originally completed in 1923 and dedicated to the American dead of World War I; and

WHEREAS, The Coliseum was conceived and financed by local civic groups as a 75,000 seat multi-purpose stadium to serve the people of the Greater Los Angeles Region; and

WHEREAS, The Los Angeles Memorial Coliseum was partially reconstructed and enlarged to seat 101,574 spectators for the 1932 Summer Olympic Games of the Xth Olympiad, and has since witnessed many other significant sports, as well as political and historical events; and

WHEREAS, The Coliseum was both originally designed and later redesigned by one of the pioneer architects of California, John Parkinson, with his son Donald B. Parkinson, whose many Los Angeles buildings of the early 20th Century are now nationally registered historical sites; and

WHEREAS, The Los Angeles Memorial Coliseum was successfully

nominated by The American Institute of Architects, and cosponsored by the Los Angeles Memorial Coliseum Commission and the University of Southern California, as California Registered Historical Landmark No. 960, and has been nominated and cosponsored by those organizations as a National Historic Landmark; and

WHEREAS, The Coliseum will become the first Olympic stadium in the world to host two official modern Summer Olympic Games when the XXIIIrd Olympiad opens there on July 28, 1984; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California endorses the nomination of the Los Angeles Memorial Coliseum as a National Historic Landmark and memorializes the Secretary of the Interior to expeditiously make that designation in order that the dedication ceremonies may be held on the opening day of the XXIIIrd Olympiad in Los Angeles, July 28, 1984; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the President and Vice President of the United States, to the Secretary of the Interior, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 79

Assembly Concurrent Resolution No. 52—Relative to transportation.

[Filed with Secretary of State July 10, 1984.]

WHEREAS, Frequent reports to the Legislature would permit the Legislature to better understand and monitor the status of large projects in the State Transportation Improvement Program; and

WHEREAS, Frequent reports, being public information, would also inform the public of the progress of projects in the State Transportation Improvement Program; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation review and report to the Legislature on or before February 1, 1985, and quarterly thereafter, on the status of projects in the State Transportation Improvement Program which have a total scheduled cost of one million dollars ($1,000,000) or more in the first year of the State Transportation Improvement Program; and be it further

Resolved, That the department include the cost of those reports in the proposed 1985–86 fiscal year Governor's Budget; and be it further

Resolved, That, if the 1985–86 Budget Act, as enacted, includes funding for these reports, the reports continue to be made in the 1985–86 fiscal year and, upon availability of funds, in subsequent

future years; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Transportation and to the California Transportation Commission.

RESOLUTION CHAPTER 80

Assembly Concurrent Resolution No. 77—Relative to a Governor's residence and executive office.

[Filed with Secretary of State July 10, 1984.]

WHEREAS, In order to provide a suitable residence for the Governor of California it is necessary that the state construct a Governor's residence at a site that has convenient access to the State Capitol; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Joint Committee on a Governor's Residence and Executive Office is hereby created and authorized to do the following:

(a) Assess and determine the requirements applicable to the design and construction of a building or buildings that may be used, in the conduct of the state's business, as a residence and as an executive office by the Governor of California.

(b) Solicit the submission of architectural designs and select by means of a competitive process, within 12 months of the start of the competition, the most appropriate design for the construction of a building or buildings that may be used as a Governor's residence and executive office; and be it further

Resolved, That the location of a Governor's residence and executive office shall be considered and determined by the committee, taking into consideration, among other things, the displacement of available parking spaces; and be it further

Resolved, That the Joint Committee on a Governor's Residence and Executive Office shall consist of three members of the Senate and three members of the Assembly, and that the chairperson of the committee shall be appointed by the Joint Rules Committee pursuant to Joint Rule 36.7; and be it further

Resolved, That the committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members; and that the committee shall do all things necessary or convenient to enable it fully and adequately to perform its duties and accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee shall report to the Legislature within one year after the effective date of this resolution on its activities and its recommendation for the architectural design which it deems the most appropriate to satisfy the requirements that it has identified; and be it further

Resolved, That the Joint Rules Committee may make such money available from the Contingent Funds of the Assembly and Senate as it deems necessary for the expenses of the committee and its members, and in accordance with Joint Rule 36.8, any such expenditure of funds shall be made in compliance with policies set forth by the Joint Rules Committee and shall be subject to the approval of the Joint Rules Committee; and be it further

Resolved, That the committee shall continue in existence only until January 1, 1986.

RESOLUTION CHAPTER 81

Assembly Concurrent Resolution No. 105—Relative to the Year of Prevention and Elimination of Child Abuse, Neglect, and Sexual Assault.

[Filed with Secretary of State July 10, 1984]

WHEREAS, Approximately one million children in America are suffering from child abuse and neglect; and

WHEREAS, One in four girls and one in seven boys will be sexually assaulted before they reach the age of 18 years; and

WHEREAS, Child abuse, neglect, and sexual assault may result in the child's death, injury, negative self-image, feelings of isolation, uniqueness, responsibility, guilt, and depression, as well as in the manifestation of tragically self-destructive behavior which includes youth suicide, running away, and prostitution; and

WHEREAS, It is the social and moral responsibility of the state to intervene in the vicious cycle of child abuse, neglect, and sexual assault; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature, with the support of the many dedicated youth advocates and agencies, declares the year of 1984 as the Year of Prevention and Elimination of Child Abuse, Neglect, and Sexual Assault; and be it further

Resolved, That the Legislature strongly support all efforts to inform the citizens of the state of the tragic reality of child abuse, neglect, and sexual assault, and to acquaint the citizens of the state with the excellent resources available through the many dedicated child advocates and service providers in the State of California.

RESOLUTION CHAPTER 82

Assembly Concurrent Resolution No. 110—Relative to state highways.

[Filed with Secretary of State July 10, 1984]

WHEREAS, The 15,200-mile state highway system carries 56 percent of the miles traveled in the State of California; and

WHEREAS, The state highway system is essential for sustaining the state's economic vitality and satisfying the personal travel requirements of individuals; and

WHEREAS, The State of California does not have a highway system plan which the Legislature, the Governor, the California Transportation Commission, the Department of Transportation, and various interests could draw upon to develop a strategy for financing highway investments; and

WHEREAS, A highway system plan would identify and analyze highway deficiencies on a consistent, statewide basis, thus enabling informed decisions on the scheduling and funding of highway projects; and

WHEREAS, A highway system plan would identify the capability of specific highway segments to accommodate expected travel demand given alternative types of improvements and levels of funding; and

WHEREAS, A highway system plan would allow the Legislature, the Governor, the California Transportation Commission, and the Department of Transportation to communicate to the public the quality of service the state highway system is able to provide at different levels of funding; and

WHEREAS, The Department of Transportation has been requested by the County Supervisors Association of California and the League of California Cities to assist in the preparation of a report on public road resource requirements; and

WHEREAS, The Department of Transportation initiated a highway system planning process in 1983, the results of which will not be known until 1985; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to prepare and submit to the Legislature a comprehensive status report on its highway system planning process on or before August 31, 1984, and a final draft report on or before October 15, 1984, in order for the Legislature to have sufficient opportunity to review and comment on the highway system planning effort while work is in progress; and be it further

Resolved, That the department is requested to prepare and submit to the Legislature a report on public road resource requirements on or before on August 31, 1984; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of

this resolution to the Governor, the California Transportation Commission, and the Director of Transportation.

RESOLUTION CHAPTER 83

Assembly Concurrent Resolution No. 121—Relative to physical education and athletic programs.

[Filed with Secretary of State July 10, 1984.]

WHEREAS, Regular, organized physical activity has been found to significantly improve the health and academic performance of schoolchildren; and

WHEREAS, Regular physical activity during childhood and adolescence contributes to lifelong habits of physical activity and to the reduction of stress; and

WHEREAS, Since 1977 California public school physical education and athletics programs have been adversely affected by the loss of staff, decreased budget allocations, restricted course offerings, and fewer physical education requirements; and

WHEREAS, These problems have had a detrimental effect on the well-being of pupils; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes the benefits to be derived from organized physical activity; and be it further

Resolved, That the State Department of Education and school districts in the state recognize the intent of the Legislature that all able pupils should participate in vigorous physical activity; and be it further

Resolved, That school districts should offer physical education programs which provide: access to all pupils in kindergarten and grades 1 to 12 to activities designed to promote physical fitness, to games and competitive sports, and to activities which build lifelong fitness; equal opportunities for the participation of males and females, as well as the disabled; adequate staff and class sizes to promote instruction in individual and group activities; and opportunities for physical education teachers to participate in professional growth activities within their respective disciplines.

RESOLUTION CHAPTER 84

Assembly Concurrent Resolution No. 130—Relative to incarcerated veterans.

[Filed with Secretary of State July 10, 1984.]

WHEREAS, Veterans comprise 9,800 of the 31,000 male prisoners incarcerated in state facilities in California; and

WHEREAS, 6,205 of these incarcerated veterans are Vietnam-era veterans; and

WHEREAS, Post Traumatic Stress Disorders associated with combat service have been shown to be contributing factors to antisocial behavior and subsequent involvement with the criminal justice system; and

WHEREAS, Research indicates that veterans manifest a greater potential for successful rehabilitation; and

WHEREAS, Treatment programs are available which could be used as alternatives to incarceration or serve as counseling and treatment resources for those veterans for whom incarceration is the only appropriate alternative; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Judicial Council request the Center for Judicial Education and Research to add a component to the judicial educational program that addresses the following areas:

(1) The phenomenon of Post Traumatic Stress Disorders among Vietnam veterans as it may pertain to the involvement of those veterans in the criminal justice system;

(2) Available resources and authorities which may be employed to obtain assessments and diagnoses of Post Traumatic Stress Disorders among Vietnam veterans which may be relevant in matters before the court;

(3) Available treatment or counseling programs for Vietnam veterans which may serve, when appropriate, as alternatives to incarceration in criminal sentencing;

(4) Available resources for treatment and counseling which may be made available in prison facilities to Vietnam veterans for whom a period of incarceration is the appropriate sentence; and be it further

Resolved, That this program be implemented by June 30, 1985, and that the Judicial Council is requested to prepare and submit a report to the Legislature by January 1, 1986, as to the approach and materials utilized in this educational component and the effectiveness thereof.

RESOLUTION CHAPTER 85

Assembly Concurrent Resolution No. 131—Relative to University of California programs in fisheries, aquaculture, and related sciences.

[Filed with Secretary of State July 10, 1984.]

WHEREAS, The living marine, estuarine, anadromous, and freshwater resources of California are present in large variety and abundance; and

WHEREAS, Those resources are of great importance in terms of value, volume, and overall quality to commercial and recreational fisheries of California and to local economies in particular; and

WHEREAS, Aquaculture in the State of California is a developing industry for many species of fish and shellfish; and

WHEREAS, There are many unique species of fish, marine, mammals, and aquatic plants found in state waters; and

WHEREAS, Alteration of the environment or habitat of living aquatic resources may have profound effects upon survival, abundance, distribution, and availability for commercial and recreational purposes; and

WHEREAS, The wise use and management of these resources for the good of the living aquatic resources, the state and its citizens, and local economies depend upon principles and procedures derived from study, research, or adaption of existing practices; and

WHEREAS, State and federal management agencies, environmental organizations, and commercial and recreational fisheries have an increasing need for information and advice on fisheries matters; and

WHEREAS, In a number of states throughout the nation where living aquatic resources are of economic and social importance, universities offer formal academic training, curricula, and degrees in fisheries and related sciences; and

WHEREAS, The University of California has worldwide recognition in diverse areas of expertise relevant to fisheries and aquaculture; and

WHEREAS, The University of California has initiated the organization of its resources with the intention of establishing a program in the area of fisheries and related sciences; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California requests the Regents of the University of California to assure the development of a program in fisheries, aquaculture, and related sciences; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Regents of the University of California.

RESOLUTION CHAPTER 86

Assembly Concurrent Resolution No. 151—Relative to Women's Voter Registration Week.

[Filed with Secretary of State July 10, 1984]

WHEREAS, Elected officials at the city, state, and national level make decisions affecting important women's issues, including, but not limited to, equal rights, economic equity, comparable worth, educational equity, childcare, support for single parents, and reproductive rights; and

WHEREAS, The ratification of the Nineteenth Amendment to the United States Constitution, as certified on August 26, 1920, granted women the right to vote; and

WHEREAS, Women currently comprise approximately 53 percent of the voting-age population and are increasing their voter participation rate each year at the national level; and

WHEREAS, The promotion of the women's vote can be an effective means for achieving the balance of representation that our political process needs in order to more effectively serve our state; and

WHEREAS, The enhanced participation of women in the electoral process will also encourage our elected officials to express greater interest in women's views, concerns, and programs; and

WHEREAS, This interest is crucial to the common good of our society and for the equal representation of all issues in our society; and

WHEREAS, The establishment of "Women's Voter Registration Week" in the State of California will encourage greater awareness in all voters concerning the relevance of women voter registration, and will educate all persons about women's concerns and the great need for integrating them more fully into the problem-solving agendas of our elected officials; and

WHEREAS, The establishment of "Women's Voter Registration Week" will allow women's organizations and others throughout the State of California, on college campuses, and in the community, to work together for the collective goal of registering women to vote and participate in the electoral process; now, therefore, be it

Resolved, By the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims that the week of September 23 through September 29, 1984, be declared "Women's Voter Registration Week," during which women and men shall actively support efforts to increase voter registration and voter turnout among women.

RESOLUTION CHAPTER 87

Assembly Joint Resolution No. 60—Relative to cable television.

[Filed with Secretary of State July 10, 1984]

WHEREAS, Cable television is an important communications medium that serves as an extension of interstate commerce; and

WHEREAS, There is no existing national policy governing cable television although a definite need exists therefor; and

WHEREAS, National cable television policy needs to accommodate a meaningful role for state and local governments in overseeing the growth and development of cable television consistent with federal policies; and

WHEREAS, National cable television policy also needs to establish a legislative framework that includes: (1) a rational franchise renewal process that strikes a reasonable balance between cable television operators' need for franchise stability and local government ability to acquire the best possible cable television services for their citizens; (2) rate deregulation procedures; (3) reasonable franchise fees; and (4) guarantees of public access, equal employment opportunity and adequate consumer protections for California's 3 million and the nation's 40 million cable television subscribers; and

WHEREAS, The Congress has before it legislation to establish a national cable television policy that is the result of a compromise agreement between the National Cable Television Association and the National League of Cities which embodies the above principles; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California is in support of the compromise agreement of the National Cable Television Association and the National League of Cities relating to national cable television policy, and federal legislation that embodies the principles enunciated herein, and be it further

Resolved, That the Legislature respectfully calls upon the Congress to enact federal cable television legislation this session; and be it further

Resolved, That the Legislature respectfully calls upon the Federal Communications Commission to forego regulation that would unfairly and improperly preempt state and local government involvement in the development of cable television in California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States; to the Speaker of the House of Representatives; to each Senator and Representative from California in the Congress of the United States; to the Chairperson of the Senate Commerce Committee; to the Chairperson of the House Energy and Commerce Committee; and to the Chairperson of the House Subcommittee on Telecommunications, Consumer Protection, and Finance; to the Chairperson and Commissioners of the Federal Communications Commission; and to the Governor of the State of California.

RESOLUTION CHAPTER 88

Senate Concurrent Resolution No. 62—Relative to enterprise zones.

[Filed with Secretary of State July 11, 1984.]

WHEREAS, The enterprise zone concept is based upon utilizing the competitive open market to solve urban problems; and

WHEREAS, Enterprise zones are based on an entirely fresh approach for promoting economic growth in the cities, removing government barriers and freeing individuals to create, produce, and earn wages and profits; and

WHEREAS, The enactment of Assembly Bill 40 and Assembly Bill 514 of the 1983–84 Regular Session of the Legislature will create a mechanism for localities to apply for additional enterprise zones in depressed areas of this state, and there are areas in the County of Los Angeles which would particularly benefit from the implementation of this legislation; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature urges the City of Los Angeles and the County of Los Angeles to proceed, as speedily as possible, on an application for an enterprise zone in the community of Pacoima in the City of Los Angeles, and to proceed on a joint application for an enterprise zone in the community of East Los Angeles, and on a joint application for an enterprise zone in the community of Watts, now that Assembly Bill 40 and Assembly Bill 514 both have been enacted; and be it further

Resolved, Now that Assembly Bill 40 (Ch. 45, Stats. 1984) and Assembly Bill 514 (Ch. 44, Stats. 1984) have been enacted, that the Department of Economic and Business Development give prompt and adequate attention to these proposed enterprise zones as part of the initial group of applications to be processed.

RESOLUTION CHAPTER 89

Assembly Concurrent Resolution No. 133—Relative to telephone company yellow pages.

[Filed with Secretary of State July 12, 1984]

WHEREAS, The Commission on California State Government Organization and Economy, the "Little Hoover Commission," has identified certain inadequacies in providing consumer information on the availability and quality of community residential care in California which may result in inappropriate placements of persons dependent on supervised daily living; and

WHEREAS, A listing in the yellow pages of the telephone

directory of licensed community residential care facilities by the client groups they serve would facilitate the location of appropriate facilities by prospective residents, their family members, or other representatives; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Department of Social Services, with the advice and assistance of the Department of Consumer Affairs and the State Long-Term Care Ombudsman, is requested to develop recommendations for appropriate telephone directory yellow pages listings of licensed community residential care facilities organized according to the major client groups the facilities serve, including elderly persons, the developmentally disabled, the mentally disabled, and substance abusers; and be it further

Resolved, That the State Department of Health Services, with the advice and assistance of the Department of Consumer Affairs and the State Long-Term Care Ombudsman, is requested to develop recommendations for appropriate telephone directory yellow pages listings of long-term health care facilities, and be it further

Resolved, That the State Department of Social Services and the State Department of Health Services are requested to meet with representatives of all telephone companies publishing telephone directories in California in order to provide them with the recommendations for telephone directory listings of licensed community residential care facilities; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Department of Social Services, the Department of Consumer Affairs, the State Department of Health Services, the State Long-Term Care Ombudsman, and all telephone companies publishing telephone directories in California.

RESOLUTION CHAPTER 90

Senate Joint Resolution No. 50—Relative to federal forestlands.

[Filed with Secretary of State July 12, 1984]

WHEREAS, The United States Department of Agriculture has announced its intention to initiate a federal legislative proposal which would materially change the way certain timber-related revenues are distributed among counties of states containing federal forestlands; and

WHEREAS, Under current law, when timber is harvested from federal land by private entities, the public revenues derived from that harvesting are allocated between the federal government and an individual state government on a 75–25 percentage basis, with the 25 percent state share being apportioned to the counties of the state containing federal forestlands; and

WHEREAS, The Department of Agriculture's proposal would alter this existing system by permitting individual counties to assess and tax the federal government on its timber holdings as if it were a private sector entity, thereby causing some counties to realize increased revenues while at the same time causing other counties to suffer a significant reduction in revenues; and

WHEREAS, This potential disparity in county revenue expectations would result from the fact that the proposed system would penalize those counties in which the federal forestland activities conducted are principally the harvesting of timber and would benefit those counties in which the activities conducted are principally those not associated with harvesting, such as recreational activities; and

WHEREAS, Most of the counties of northern and central California contain substantial federal forestland acreage which is heavily harvested, thus presently producing a significant source of income for those counties; and

WHEREAS, The enactment of legislation of the type proposed by the Department of Agriculture would have a disastrous effect upon that income, thereby creating a severe fiscal crisis for those affected California counties; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Secretary of the United States Department of Agriculture not to proceed with that legislation proposed by the department which would provide for the local taxation of federally-owned forestland; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Secretary of Agriculture, and to the Chief of the Forest Service.

RESOLUTION CHAPTER 91

Senate Concurrent Resolution No. 47—Relative to the Herbert S. Miles Safety Roadside Rest Area.

[Filed with Secretary of State August 10, 1984]

WHEREAS, Herbert S. Miles is a native Californian who was a graduate civil engineer of the University of California and a 42-year career employee of the State of California; and

WHEREAS, He was the district highway engineer in charge of State Highway District 2, comprising the Counties of Tehama, Shasta, Plumas, Lassen, Modoc, and portions of the Counties of Siskiyou, Trinity, and Butte, from March 1956 to May 1973; and

WHEREAS, During his tenure as district highway engineer, most of the interstate highway system and many portions of the state

freeway and expressway system in District 2 were planned, designed, and constructed; and

WHEREAS, He was an early and strong advocate for a system of safety roadside rests along the state highway system; and

WHEREAS, While district highway engineer, he developed 20 safety roadside rest areas to complement the state highway system in District 2; and

WHEREAS, These safety roadside rest areas are acknowledged to be among the best and most beautiful in the state, with one safety roadside rest area in Siskiyou County receiving national acclaim in 1971; and

WHEREAS, The safety roadside rest area on Interstate Route 5 near Red Bluff was among the first facilities planned, designed, and constructed on the interstate highway system in California; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the accomplishments and contributions of Herbert S. Miles to the people of the State of California be recognized by the official designation of the northbound and southbound safety roadside rest areas on Interstate Route 5, 5 miles north of the City of Red Bluff, as the Herbert S. Miles Safety Roadside Rest Area; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of erecting appropriate plaques and markers, consistent with signing requirements for the National System of Interstate and Defense Highways, showing this official designation and, upon receiving donations from private sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 92

Assembly Concurrent Resolution No. 98—Relating to health.

[Filed with Secretary of State August 14, 1984]

WHEREAS, The State of California has over two million people residing in rural areas, a population larger than the total populations of 17 other states within the United States; and

WHEREAS, The rural residents of California are directly responsible for half of the state's total economic productivity through such industries as agriculture, lumber, and mining; and

WHEREAS, The health of the rural population is essential to the economic health of the State of California; and

WHEREAS, The State of California has been a leader in developing comprehensive and sophisticated health care delivery

systems in the United States; and

WHEREAS, Rural health care is an integral part of California's health care delivery system; and

WHEREAS, Rural health care delivery systems have had to overcome unique problems in developing a rural health services network because of limited resources, excessive distances, and climatic and geographic barriers; and

WHEREAS, Rural health care providers and organizations including, federal, state, county, local, and volunteer agencies have successfully established a rural health care network serving the health and welfare of rural Californians in spite of these obstacles through a process of cooperation and innovation; and

WHEREAS, Rural health care providers and organizations are under increased pressure because of regulatory constraints, limited resources, and decreased reimbursements which threaten the viability of California's rural health care system; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of May 1984 and annually thereafter be proclaimed "Rural Health Care Recognition Month"; and be it further

Resolved, That rural health care providers, organizations, and beneficiaries be taken into consideration and be given attention as proposed bills relating to health care are considered by the Legislature and the Governor; and be it further

Resolved, That state agencies and departments make every effort to simplify, streamline, or adapt regulations which affect rural health care providers and organizations to avoid unnecessary costs and time delays, while at the same time assuring that the quality and accessibility of care remain at the same or greater levels; and be it further

Resolved, That a rural health division be maintained within the State Department of Health Services to give appropriate and due consideration to the health needs of rural residents and to effectuate the streamlining or adaptation of regulations that impact rural health services; and be it further

Resolved, That this rural health division shall be vested with responsibilities which shall include development of a biannual comprehensive statewide plan, as provided in Section 1180.2 of the Health and Safety Code (Ch. 1295, Stats. 1983), for rural health, with emphasis on primary, prevention-oriented services, professional consultation and training provided directly by qualified state-level professionals, allocation and monitoring of funds, ongoing evaluation of existing and proposed health delivery models, and coordination of rural health networks; and be it further

Resolved, That the Director of Health Services shall transmit copies of the plan required by Section 1180.2 of the Health and Safety Code and the lists required by Section 1180.7 of the same code to the appropriate legislative committees and legislative caucuses

concerned with rural issues; and be it further

Resolved, That it is the intent of the Legislature that, upon receipt of a copy of this resolution, the Secretary of the Health and Welfare Agency make the resolution available for inspection by rural health care providers and organizations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of the Health and Welfare Agency and to the Director of Health Services.

RESOLUTION CHAPTER 93

Assembly Concurrent Resolution No. 138—Relative to boating safety in the Sacramento-San Joaquin Delta.

[Filed with Secretary of State August 14, 1984]

WHEREAS, The waterways of the Sacramento-San Joaquin Delta are heavily used by recreational boaters from throughout the state; and

WHEREAS, Boating safety in the Sacramento-San Joaquin Delta is a matter of great importance not only to boaters, but to marina owners, law enforcement, agricultural interests, and environmentalists; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Boating and Waterways is requested to conduct a comprehensive study of boating safety in the San Joaquin-Sacramento Delta and to include input from all users of delta waterways, including marina owners, law enforcement, recreational boaters, delta farmers, sportsmen, and environmentalists; and be it further

Resolved, That the study shall include identification of the extent of boating accidents and boating hazards in the delta and shall include appropriate recommendations to the Legislature for measures to increase boating safety in the delta; and be it further

Resolved, That the Department of Boating and Waterways shall submit the study, together with appropriate recommendations, to the Legislature not later than December 1, 1986; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Boating and Waterways.

RESOLUTION CHAPTER 94

Assembly Concurrent Resolution No. 143—Relative to professional sports.

[Filed with Secretary of State August 14, 1984]

WHEREAS, The activities associated with spectator sports are embodied in the American way of life; and

WHEREAS, Professional and amateur athletic organizations have flourished in California as a result of loyal fan support; and

WHEREAS, California's fans have lent the names of their cities to sports organizations; and

WHEREAS, The citizens of California have constructed the finest facilities in the world in order that sports and the concepts of fair play that they embody might flourish; and

WHEREAS, Calfornia is the nation's largest sports state with 15 professional sports teams; and

WHEREAS, Loyal support of California's fans has led to the enrichment of our state's heritage through the establishment of sports legends and traditions; and

WHEREAS, Spectator sports has enjoyed the emotional, political, and financial support of fans in the face of internal disputes, that in many cases have threatened the future of spectator events; and

WHEREAS, The economy of California is continuously enhanced by the athletic events our fans support; and

WHEREAS, In a year in which California hosts such major sporting events as the Major League Baseball All Star Game and the Olympics a recognition of rights is hereby due for California's sports consumers, the fan; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature salutes the enthusiastic and devoted support of California sports consumers, the fans, who have supported a wide variety of sports events, events which encompass considerably more professional teams than any other state; and be it further

Resolved, That the Legislature hereby declares that the consumer or fan is a vital link in the professional sports system and encourages fan access, participation, and input into legislative or governmental decisions affecting professional sports; and be it further

Resolved, That, in response to the countless contributions made to our State by California's fans, those contributions are hereby recognized by declaring 1984 as the year of the fan; and be it further

Resolved, That a suitably prepared copy of this resolution be transmitted to the commissioners, owners, player representatives, and directors of all professional sports leagues and teams operating in California.

RESOLUTION CHAPTER 95

Assembly Concurrent Resolution No. 144—Relative to the employment of handicapped students.

[Filed with Secretary of State August 14, 1984.]

WHEREAS, The Auditor General has conducted an audit of Project Workability and filed a report entitled, "The State's Project Workability Has Improved the Coordination of Services for the Employability of Handicapped Students," dated February, 1984, and this report concludes that the project has resulted in improved employment opportunities for handicapped students; and

WHEREAS, The concept of Project Workability was initiated by the State Department of Education in 1981 as an innovative approach to provide employment skills for handicapped youth ages 16 to 21; and

WHEREAS, Project Workability is a true partnership established at the state level through nonfinancial interagency agreements among the State Department of Education, the Department of Employment Development, and the Department of Rehabilitation, and has elevated awareness in the private sector of the employment potential of handicapped youth, and focuses its efforts in developing career futures for handicapped youth, and preventing needless economic and social dependency on state and community agencies and resources; and

WHEREAS, Local education agencies in California established linkages between agencies, eliminated duplication of effort, and developed precedent-setting employment training practices which should be preserved and advanced to reach all handicapped high school youth in our state to better assure future productive employable citizens; and

WHEREAS, Funding for the project is predicated upon the availability of state general funds and funds from the Education of the Handicapped Act and The Vocational Education Act, and these funds have been reduced and are not adequate for maintaing the current level of support or sufficient for expanding Project Workability; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the State Department of Education, the Department of Rehabilitation, and the Department of Employment Development, continue to support Project Workability through interagency agreements, and that the Legislature endeavor to identify resources that may be directed to fund this project; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Superintendent of Public Instruction, the Director of Rehabilitation, and the Director of Employment Development.

RESOLUTION CHAPTER 96

Assembly Joint Resolution No. 127—Relative to sexual assaults.

[Filed with Secretary of State August 14, 1984.]

WHEREAS, Women who have been raped while serving on active duty in the Armed Forces of the United States have been denied damages from the Armed Forces; and

WHEREAS, The basis for this denial is a decision of the United States Supreme Court that, based on the provisions of the Federal Tort Claims Act, a member of the Armed Forces may not claim damages for injuries incurred incident to military service; and

WHEREAS, The Army considers rape an injury incident to military service; and

WHEREAS, A recent example of the injustice perpetrated by this state of affairs is the denial by the Army of a claim for damages filed by Betty Ann Buckmiller who, while serving in the Army, was raped and savagely beaten by two soldiers at an Army base; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the President and Congress of the United States to (1) enact legislation compensating Betty Ann Buckmiller for her damages; (2) direct the Department of Defense to review and change its definition of "injuries incident to military service" with regard to its claims procedure; (3) require the Department of Defense to provide counseling and other services to assist the recovery of military personnel who are the victims of sexual assault; and (4) require the Department of Defense to provide rape education and prevention programs on all military bases and to provide training materials which include rape education information; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 97

Senate Concurrent Resolution No. 87—Relative to a special day of recognition in Honor of the 200th Anniversary of the Death of Father Junipero Serra.

[Filed with Secretary of State August 14, 1984]

WHEREAS, Father Serra was born Miguel Jose Serra on November 24, 1713, in the village of Petra on the Isle of Mallorca, Spain, entered, in 1724, the Franciscan Order, a Monastic Order of the Catholic Church, and was ordained to the priesthood as Padre Serra in Palma, Mallorca; and

WHEREAS, He received a Doctorate in Sacred Theology and occupied the Chair of Divinity at the National University of Blessed Raymond Lull in Palma, Mallorca, had a distinguished career as a professor, and was considered an eloquent orator; and

WHEREAS, In 1749, at the age of 36, he gave this way of life up in order to go to the New World as a missionary, where he labored in the Sierra Gorda, Central Mexico, for 20 years as a missionary and preacher to the native peoples; and

WHEREAS, In 1769, he was appointed Padre Presidente of the newly proposed missions, to be located in Alta California, by the Franciscan Order, and between 1769 and 1784, he founded the first nine missions in the chain of 21 missions that "dot" the California coastline:

San Diego de Alcalá—July 1, 1764,
San Carlos Borroméo de Carmelo—June 3, 1770,
San Antonio de Padua—July, 1771,
San Gabriel Arcángel—September 8, 1771,
San Luis Obispo de Tolosa—September 8, 1772,
San Francisco de Asís—June, 1776,
San Juan Capistrano—October 30, 1775,
Santa Clara de Asís—January, 1777
San Juan Buenaventura—March 31, 1782; and

WHEREAS, Between 1769 and 1784, when Padre Serra died, he labored long and with dedication to bringing Christianity and civilization to the natives of Alta California, and he not only accomplished his task as a Missionary, but laid the foundation for future generations of Californians; and

WHEREAS, Being a man of great vision, he dreamed of expanding the El Camino Real all the way from San Diego northward to Alaska; and

WHEREAS, In 1784, he died in his beloved Carmel Mission and, at his own request, is buried in the sanctuary there; and

WHEREAS, Padre Serra's life is exemplary and admired, not only for all that he accomplished in the short span of 15 years in the New World, but also for the endurance of hardships under which he labored as a soldier and mediator of Indian troubles, explored the rough California terrain, dealt with the colonial government, throughout which, he was plagued by continuous ill health and an ulcerated leg; and

WHEREAS, California is honoring Father Serra with a special day of recognition on August 28, 1984, because he was the pioneer founder, and through his efforts, the seeds of civilization were planted firmly within our state; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly

thereof concurring, That the Legislature of the State of California hereby proclaims August 28, 1984, as a Special Day of Recognition in Honor of the 200th Anniversary of the Death of Father Junipero Serra.

RESOLUTION CHAPTER 98

Senate Concurrent Resolution No. 64—Relative to consumer affairs.

[Filed with Secretary of State August 17, 1984.]

WHEREAS, Consumers in California have come to rely on the Department of Consumer Affairs to resolve consumer disputes involving businesses which are regulated by the department; and

WHEREAS, The various boards and bureaus within the Department of Consumer Affairs may have differing policies and procedures with regard to the handling of consumer inquiries and complaints; and

WHEREAS, The various boards and bureaus may have differing policies with regard to action taken regarding unlicensed activity; and

WHEREAS, The actual jurisdiction of the various boards and bureaus within the Department of Consumer Affairs may be different from the consuming public's perception of such jurisdiction; and

WHEREAS, The consuming public and the Legislature are entitled to know the actual policies of the boards and bureaus with regard to their impact on consumer protection; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That each board and bureau within the Department of Consumer Affairs submit a report to the Legislature, on or before November 30, 1985, which includes the following: (1) the board or bureau's written policy and procedures for responding to complaints and inquiries received from the public, including licensees; (2) a detailed analysis, including volume and nature, of all inquiries and complaints received by the board or bureau during fiscal year 1984–85 which are determined to be outside the jurisdiction of the board or bureau, and an explanation of the basis on which those communications have been determined to be outside the jurisdiction of the board or bureau; and (3) the board or bureau's written policy and procedures for responding to complaints involving unlicensed practitioners; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of the Department of Consumer Affairs.

RESOLUTION CHAPTER 99

Senate Concurrent Resolution No. 75—Relative to suicide.

[Filed with Secretary of State August 17, 1984.]

WHEREAS, The problem of suicide is a leading public health problem within the nation; and

WHEREAS, Suicide and suicide attempts remain one of the least understood and acknowledged problems cutting across all levels of society; and

WHEREAS, In attempting to understand and acknowledge the problem of suicide and suicide attempts in the California criminal justice system, minimum standards and training on "self destructive behavior" have been instituted by the Commission on Peace Officers Standards and Training and the Department of Corrections; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the Youth and Adult Correctional Agency is requested to undertake a review of current programs relating to suicide and suicide attempts in correctional institutions and facilities; and be it further

Resolved, That during the period of October 30, 1984, through October 30, 1985, the Youth and Adult Correctional Agency will design a system that will facilitate the collection of data on suicides and suicide attempts in state and county correctional institutions and centers; and be it further

Resolved, That the Youth and Adult Correctional Agency report its findings and recommendations to the Legislature by January 1, 1986; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Secretary of the Youth and Adult Correctional Agency.

RESOLUTION CHAPTER 100

Senate Concurrent Resolution No. 19—Relative to transferring the administration of the homeowners' exemption to the Franchise Tax Board.

[Filed with Secretary of State August 20, 1984.]

WHEREAS, The California Constitution has provided, since 1968, for a partial exemption from assessment of owner-occupied residences, popularly known as the homeowners' exemption, with the purpose of reducing the local property taxes imposed on those residences; and

WHEREAS, The adoption of Proposition 13 in June of 1978 has

resulted in substantial reductions in local tax rates, with the further result that the homeowners' exemption now provides less than $100 in property tax relief in most cases; and

WHEREAS, The administration of the homeowners' exemption as an adjustment to local property taxes is a significant expense for local government, particularly in relation to the benefits derived by taxpayers; and

WHEREAS, The Department of Finance is obligated under the Constitution to subvene to local government moneys to replace the local revenue lost as a result of the homeowners' exemption; and

WHEREAS, The joint administration of quality control procedures requires coordination among the Franchise Tax Board, the State Board of Equalization, and each county in order to cross-check for improper multiple filings of claims for homeowners' exemptions and renters' credits, as well as periodic audits by the State Board of Equalization and the Controller of the administration of the exemption; and

WHEREAS, Placing the total responsibility for the exemption within a single agency offers the potential for substantial administrative savings at both the state and local levels; and

WHEREAS, The current fiscal situation of both state and local government demands that all potential economies in the operation of existing programs be carefully and fully evaluated; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislative Analyst shall ascertain, study, and analyze the facts relating to the possible transfer of the administration of the homeowners' exemption from local assessors to the Franchise Tax Board; and be it further

Resolved, That this study and analysis shall consider, in addition to any other aspects of the proposal considered by the Legislative Analyst to be appropriate, each of the following:

(a) The feasibility of the administration of the homeowners' exemption by the Franchise Tax Board in a manner similar to the renters' credit.

(b) The retention by local assessors of responsibility for homeowners' exemptions for those persons who do not file state income tax returns.

(c) The cost savings to local governments.

(d) The possibility of cost savings to the state.

(e) The net overall cost savings to state and local government agencies; and be it further

Resolved, That the Legislative Analyst shall complete this analysis and submit a report of the findings to the Legislature by May 1, 1985.

RESOLUTION CHAPTER 101

Senate Concurrent Resolution No. 54—Relative to artistic and cultural resources.

[Filed with Secretary of State August 20, 1984.]

WHEREAS, The enjoyment of and participation in the arts are vital components of the quality of life in California; and

WHEREAS, The arts play an important role in the economy of this state; and

WHEREAS, There has been a significant decline over the past decade in the number of arts programs offered in the state's public schools; and

WHEREAS, Creation of a Joint Committee on the Arts would enable the Legislature to better monitor existing arts programs and address issues relating to the arts in California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That:

1. The Joint Committee on the Arts is hereby created and authorized and directed to study, investigate and analyze the following matters:

(a) The goals appropriate to the future of the arts and cultural life of California.

(b) The role the Legislature and state government should play in the achievement of these goals.

(c) Arts legislation in other states and at the federal level, with a view towards recommendations for the introduction of legislation in California.

(d) The budgets and programs of the California Arts Council and other state supported arts and cultural programs and agencies.

(e) The present status of arts education in California.

(f) The economic impact of the arts in California.

2. The committee shall report to the Legislature as directed by the Joint Rules Committee and shall include in its report recommendations for appropriate legislation.

3. The committee shall consist of the following members:

(a) Six Members of the Senate appointed by the Senate Rules Committee.

(b) Six Members of the Assembly appointed by the Speaker of the Assembly.

The chairman of the committee shall be appointed by the Joint Rules Committee.

4. The committee shall continue in existence from December 1, 1984, until such time as the Joint Rules Committee deems it appropriate to terminate the committee.

5. The committee has the following powers and duties:

(a) All of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the

Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to the committee and its members.

(b) To contract, subject to the Joint Rules, with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies, and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To issue certificates of merit to any local government agency or official including, but not limited to, city councils, boards of supervisors, and mayors, whose efforts in supporting and encouraging the arts in their cities or counties are noteworthy and highly commendable. The chairman shall, with concurrence from the committee, be authorized to issue no more than five certificates yearly beginning December 1, 1984.

(d) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The Joint Rules Committee may make funds available from the Contingent Funds of the Assembly and Senate for the purposes of this resolution, and the joint committee may expend such funds for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution; provided, that any expenditure of funds shall be made in compliance with policies set forth by the Joint Rules Committee and shall be subject to the approval of the Joint Rules Committee.

RESOLUTION CHAPTER 102

Senate Concurrent Resolution No. 82—Relative to poison information centers.

[Filed with Secretary of State August 20, 1984]

WHEREAS, In today's homes and work places, numerous products and materials contain dangerous and sometimes deadly substances; and

WHEREAS, Contact with, or ingestion of, these substances can cause serious illness or death; and

WHEREAS, Crisis situations of this type can be mitigated by the availability of poison information centers; and

WHEREAS, In this state, the existence of, and funding for, poison information centers is sporadic and incomplete; and

WHEREAS, It is in the interest of the public health and safety to provide access to poison information; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Emergency Medical Services Authority

conduct a study of the need and, if appropriate, propose a plan to the Legislature to assist local governments in providing poison information services; and be it further

Resolved, That, if the need for poison information services is found by the authority to be significant, the Legislature will consider the appropriateness of committing state funds for the support of local poison information centers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Emergency Medical Services Authority.

RESOLUTION CHAPTER 103

Senate Concurrent Resolution No. 85—Relative to organ transplants.

[Filed with Secretary of State August 20, 1984.]

WHEREAS, Between 20,000 and 50,000 persons die each year in the United States from causes or in circumstances that would not preclude the usage of their vital organs through voluntary donation for anatomical transplant purposes; and

WHEREAS, The majority of all persons dying each year from all causes are potentially suitable candidates as tissue donors; and

WHEREAS, It is estimated that less than 10 percent of the potentially available organs and tissues become available for donation for various reasons; and

WHEREAS, An unknown number of persons are desirous of donating their organs or tissues in the event of their death; and

WHEREAS, An unknown number of persons have sincere objections to organ and tissue donation; and

WHEREAS, Positive identification of persons injured or dying is often difficult; and

WHEREAS, Law enforcement officers, coroners, emergency service personnel, and others attempting to locate legal next-of-kin often have difficulty in making that contact; and

WHEREAS, California law now provides that the coroner of jurisdiction may remove or authorize removal of corneas from the eyes of persons becoming deceased in circumstances which place the remains of the decedent in the custody of those coroners, if there is no known objection; and

WHEREAS, The removal of corneal tissue must be accomplished within less than six hours following death in order to be of optimal quality for usage in corneal transplantation; and

WHEREAS, The most effective and expeditious way to make positive change is to create a systematic and universal, statewide structure for the purpose of registration of persons who wish to make donations of their organs or tissues, or who, for whatever reason, wish

to register their objection to these procedures; and

WHEREAS, The Institute of Life Extension, a California Non-Profit Public Benefit Corporation, is now in the process of implementing such a statewide structure, with its ultimate goal being to provide these, and other services, such as assisting in identification of individuals in emergency situations as well as recording decisions on organ and tissue donations, to appropriate agencies and individuals for the benefit and protection of all citizens within the state; and

WHEREAS, The data base will offer the opportunity to all persons who wish to enroll to include extensive information which will assist in the location of, and transfer of information to, appropriate family members. This information may include, but shall not be limited to:

(a) Emergency telephone numbers of relatives.

(b) Employment telephone numbers.

(c) Family coded identification numbers to be affixed to solid surfaces or imprinted or written in clothing.

(d) Identification tags, bracelets, or other devices inscribed with family identification codes, and including identification cards to be carried by individuals with family reference coding.

(e) Motor vehicle license numbers which would assist law enforcement officers searching for specific relatives in emergency situations.

(f) Medical information, which would describe known allergies or conditions.

(g) Name and telephone number of family physician.

(h) Organ donation decision information; and

WHEREAS, There is no similar comprehensive statewide program which has been expressly designed to achieve these specific purposes; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the Legislature respectfully memorialize California's police chiefs, sheriffs, coroners, law enforcement agencies and associations, boards of supervisors, city councils, mayors, political, social, religious and civic leaders and organizations, fire departments and emergency service personnel, hospitals, physicians, health care personnel, and, indeed all Californians, to provide all possible encouragement and support to this emergency response system, known as "NEXT-OF-KIN", which is a most praiseworthy and ambitious statewide program and which, being a function of the private sector, will offer necessary controls regarding the confidential nature of the information as may be contained therein, with access limited and restricted to those who, in the official performance of their designated duties, may require that information.

RESOLUTION CHAPTER 104

Senate Joint Resolution No. 36—Relative to the Pony Express Trail.

[Filed with Secretary of State August 20, 1984]

WHEREAS, The Pony Express Trail fast mail relay system constituted a crucial turning point for western expansion and development; and

WHEREAS, The Pony Express Trail ran for a distance of 2,000 miles from Saint Joseph, Missouri, the western terminus of the railroads in 1860, to Sacramento, California; and

WHEREAS, The Pony Express, operated by the freight and stageline firm of Russell, Majors & Waddel, provided an improved communications link between the widely separated eastern United States and the western frontier, enabling important correspondence to be delivered in 8 to 12 days; and

WHEREAS, The fearless riders of the Pony Express carried mail along the route day and night, each man riding about 75 miles at full speed, stopping only to transfer to fresh ponies at manned relay stations at intervals of 10 to 15 miles; and

WHEREAS, The Pony Express is a cultural record that embodies the finest American qualities of private enterprise, fortitude, courage, teamwork, and commitment to excellence; now, therefore, be it

Resolved by the Senate, and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact legislation authorizing for study the Pony Express Trail as a national historic trail; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 105

Senate Joint Resolution No.37—Relative to the 1984 Summer Olympic Games.

[Filed with Secretary of State August 20, 1984.]

WHEREAS, On June 23, 1894, the International Olympic Committee was established by Baron Pierre de Coubertin to encourage the organization and development of sport and international sports competition; and

WHEREAS, The Olympic spirit has continued since then to

promote and strengthen friendship among sportsmen and women of all nations; and

WHEREAS, It remains the aim of the international Olympic community to ensure the regular celebration of the Games, and to make the Games ever more worthy of their proud history and high ideals; and

WHEREAS, In these times of increased international tensions, we need, more than ever, the spirit of Olympic friendship and people-to-people diplomacy; and

WHEREAS, The goals of the Olympic movement have been brilliantly realized by the Games of the XXIIIrd Olympiad; and

WHEREAS, The people of California and the host city of Los Angeles have warmly welcomed Olympic teams from 140 nations; and

WHEREAS, The Los Angeles Olympic Organizing Committee (LAOOC) has enjoyed the excellent leadership of its President, Peter V. Ueberroth; its Chairman, Paul Ziffren; and its Executive Vice-President, Harry L. Usher; and

WHEREAS, The LAOOC has painstakingly administered a budget of $500 million, all of it derived from private sources, and has skillfully coordinated the activities of approximately 50,000 volunteers; and

WHEREAS, The excellent performance of the 597-member U.S. Olympic Team has done much to rekindle American pride, and the spectacular staging of the games has done credit to the tradition of the Olympic Games as a celebration of sport and an effort to unite the youth of the world in peace; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California salutes the athletes of the Games of the XXIIIrd Olympiad, the Los Angeles Olympic Organizing Committee, the spectators who came from all parts of the globe, and the people of California for the parts all of them have played in making the 1984 Summer Olympic Games an outstanding success; and be it further

Resolved, That the Legislature urges the President and Congress of the United States to reaffirm our nation's appreciation of the Games of the XXIIIrd Olympiad by appropriately recognizing the achievements of the United States Olympic Team and the Los Angeles Olympic Organizing Committee; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Los Angeles Olympic Organizing Committee.

RESOLUTION CHAPTER 106

Assembly Constitutional Amendment No. 21—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 11 of Article XI thereof, relating to the deposit of public moneys.

[Filed with Secretary of State August 22, 1984.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day on December, 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor hereby proposes to the people of the State of California that the Constitution of the state be amended by amending Section 11 of Article XI thereof to read:

SEC. 11. (a) The Legislature may not delegate to a private person or body power to make, control, appropriate, supervise or interfere with county or municipal corporation improvements, money, or property, or to levy taxes or assessments, or perform municipal functions.

(b) The Legislature may, however, provide for the deposit of public moneys in any bank in this state or in any savings and loan association in this state or any credit union in this state and for payment of interest, principal and redemption premiums of public bonds and other evidence of public indebtedness by banks within or without this state. It may also provide for investment of public moneys in securities and the registration of bonds and other evidences of indebtedness by private persons or bodies, within or without this state, acting as trustees or fiscal agents.

RESOLUTION CHAPTER 107

Assembly Concurrent Resolution No. 74—Relative to earthquake safety for state-owned and leased buildings.

[Filed with Secretary of State August 22, 1984]

WHEREAS, The Seismic Hazard Survey of State of California Buildings completed on April 9, 1981, ranked approximately 1,350 buildings and recommended that these rankings be used to budget and authorize funds for engineering studies of the potential seismic hazards of individual state-owned buildings; and

WHEREAS, The Seismic Safety Commission Report Evaluating the Seismic Hazard of State-Owned Buildings adopted February 8, 1979, recognizes that it may not be feasible to reconstruct or replace all state-owned buildings found lacking in earthquake protection, but recommends all state agencies, including the University of California

and the California State University, immediately begin a program to identify and plan to correct readily apparent exterior and interior falling hazards; and

WHEREAS, There is no requirement for specific review of seismic safety elements of state building plans and independent inspection of construction of state buildings has been exempt from state building codes, both of which are required for buildings constructed by private parties; and

WHEREAS, California contains many types of geologic hazards which are not well addressed in the state building codes; and

WHEREAS, The state leases office space in private buildings without requiring a preliminary engineering report to ensure that the building meets seismatic safety standards; and

WHEREAS, It is the responsibility of the state, the University of California, and the California State University to provide their employees and the public with buildings that assure the safety of the occupants in the event of an earthquake; and

WHEREAS, California is a well-known seismic region and recognized seismic authorities are predicting California will experience a major earthquake of magnitude 7 or greater on the Richter Scale during the next 10 years; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Department of General Services, the University of California, and the California State University are urged to require an engineering inspection for seismic safety, based on criteria and methodology established pursuant to the Seismic Safety Commission Report Evaluating the Seismic Hazard of State-Owned Buildings adopted February 8, 1979, as a condition of lease for all future state leased facilities, that all future building plans and construction be reviewed and inspected by the Office of the State Architect, or by an independent outside structural consultant competent in seismic engineering, for seismic safety adequacy, that an appropriate evaluation of the geologic hazards be made of new and existing sites, and that all state agencies, including the University of California and the California State University, owning buildings are urged to begin an inspection program to identify and correct exterior and interior falling hazards; and be it further

Resolved, That the Governor is urged to budget and authorize funding for the engineering evaluation of potential seismic hazards of individual state-owned buildings and for rehabilitation costs for improving the seismic performance of the "top 20" high-occupancy, high-risk state-owned buildings previously indentified by the Seismic Safety Commission; and be it further

Resolved, That this resolution is not requesting the expenditure of any additional funds but rather that the Department of General Services, the University of California, and the California State University are requested to perform the functions of this resolution to the extent possible using existing resources within their existing appropriations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Director of General Services, the Regents and the President of the University of California, and the Trustees and the Chancellor of the California State University.

RESOLUTION CHAPTER 108

Assembly Concurrent Resolution No. 150—Relative to fire protection.

[Filed with Secretary of State August 22, 1984.]

WHEREAS, The Department of Forestry has provided rural fire protection services to local agencies under contract since 1905; and

WHEREAS, The contracts all encompass areas for which the state has the responsibility for providing wildland fire protection; and

WHEREAS, The level of service provided by these contracts is determined by the governing board of the local agency in cooperation with the Department of Forestry; and

WHEREAS, Local government pays for all costs incurred by the state in providing these services; and

WHEREAS, Both the state and each local government agency receive substantial cost and operational benefits from these contracts; and

WHEREAS, It is the policy of the Legislature to support and strongly encourage efficiency in providing government services through this type of cooperation between state and local government; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby expresses its intent that no impediment be placed in the way of either the state or local government that would have the effect of limiting the provision of fire protection services by the state to local government agencies who request and pay for those services; and be it further

Resolved, That state-mandated impediments, which would jeopardize the lives and property of persons protected through contracts for fire protection services by the state, including such actions as hiring freezes, personnel ceilings, delays in contractings, failure to establish contracted positions in a timely manner, and not allowing local agencies to renew or expand existing contracts, are not within the intent of the Legislature; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Lieutenant Governor, the Director of Forestry, and each local government agency which is currently contracting for fire protection services with the Department of Forestry.

RESOLUTION CHAPTER 109

Assembly Concurrent Resolution No. 154—Relative to hazardous materials in the environment.

[Filed with Secretary of State August 22, 1984.]

WHEREAS, There has been an increasing public and governmental concern regarding the potential threat to the health of Californians from toxic chemicals and hazardous materials in the environment as exemplified by the persistently poor quality of air in major urban areas, the discovery of an increasing number of unregulated toxic dump sites, groundwater contamination from inadequate disposal of agricultural and industrial chemicals, and use of hazardous building materials; and

WHEREAS, There is evidence of extreme hazards to health associated with levels of toxic materials found to be already existing in an increasing number of communities; and

WHEREAS, There has been a rapid escalation in the number of new chemicals annually being introduced into the environment with limited knowledge of their health effects; and

WHEREAS, Sound public health policies can prevent or reduce the incidence of cancer, miscarriages, birth defects and other diseases caused by exposure to toxic chemicals; and

WHEREAS, There appears to be a significant need for trained personnel in the technology of toxic substances and their health effects; and

WHEREAS, The State of California has one of the finest universities in the world which has been designated responsibility for research and graduate education; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the University of California is requested to develop, by January 1, 1985, a plan to further research on the health effects of hazardous substances including the adverse effects on the public health associated with toxic materials in the environment, and on improved methods and technologies for hazardous waste control and disposal, including the development of new materials with reduced toxic effects. The plan should include a program for the multidisciplinary teaching of graduate students and senior professionals to meet the state's needs for appropriately trained personnel in public health and other relevant professional fields; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Regents of the University of California.

RESOLUTION CHAPTER 110

Assembly Joint Resolution No. 63—Relative to ocean fishing.

[Filed with Secretary of State August 22, 1984]

WHEREAS, Since the Pacific Fishery Management Council was created by the Fishery Conservation and Management Act of 1976, California fishermen, fish processors, and state fishery managers have been frustrated in their attempts to harvest and manage the state's fishery resources because of the decisions and management plans issued by the council; and

WHEREAS, California has never had a representative voice in the council's decisionmaking process in spite of this state's predominate position with regard to total tonnage, value of landings, the number of separate fisheries, the number of state fishermen, and the length of the state's coastline; and

WHEREAS, California's $1 billion fishing industry is and has been unduly burdened by management decisions of a council in which California currently has a four to nine voting disadvantage to the northwest states; and

WHEREAS, A better and more equitable approach for all the states involved is the creation of a new fishery management council for the fisheries seaward of California; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation to establish a new fishery management council, the South Pacific Fishery Management Council, consisting of seven members representing the States of California (five members), Oregon (one member), and the National Marine Fisheries Service, and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 111

Assembly Joint Resolution No. 67—Relative to the Coast Guard's Vessel Traffic Service on San Francisco Bay.

[Filed with Secretary of State August 22, 1984.]

WHEREAS, The Harbor Masters and Port Captains Association has met, conferred, and agreed that the Coast Guard's Vessel Traffic Service directed over 65,000 vessel movements in San Francisco Bay

in 1981; and

WHEREAS, The direction provided by the Vessel Traffic Service provided essential safety services for vessels using the bay, its ports and harbors, and inland delta ports; and

WHEREAS, The United States Department of Transportation, from time to time, announces cutbacks in the funds for the Vessel Traffic Service, which is a major factor in avoiding ship collision; and

WHEREAS, There is no alternative system for navigation, direction, and control of marine traffic which could immediately replace the Vessel Traffic Service; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the United States Department of Transportation to maintain funding for the Coast Guard to operate the Vessel Traffic Service on San Francisco Bay; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Transportation.

RESOLUTION CHAPTER 112

Assembly Joint Resolution No. 95—Relative to the Coastal Zone Management Act of 1972.

[Filed with Secretary of State August 22, 1984]

WHEREAS, The Coastal Zone Management Act of 1972, as amended, ("CZMA" 16 U.S.C. Sec. 1451 et seq.) was enacted to encourage the coastal states of this nation to establish and carry out effective and enforceable coastal management programs, for the purpose of preserving, protecting, beneficially using, and developing coastal resources in a manner that promotes local, state, and national interests; and

WHEREAS, CZMA provides for incentives, including financial aids through grants to coastal states, and requires that, once a state coastal program has been certified by the Secretary of Commerce as being in conformity with this federal act, all federal agencies conducting or supporting activities including leasing or other Outer Continental Shelf activities which affect the state's coastal zone, to carry out those activities in a manner consistent with the approved coastal management program of the state; and

WHEREAS, The people of this state approved Proposition 20 in 1972, and the California Legislature enacted the California Coastal Act of 1976, on the understanding that the CZMA authorizes states with federally approved coastal management programs to review

federal activities, occurring outside the coastal zone as defined in the CZMA, which affect the state's coastal zone for consistency with its own coastal program; and

WHEREAS, This state and the United States Government have spent in excess of fifty million dollars ($50,000,000) to prepare, adopt, and implement a comprehensive, effective, and enforceable coastal management program, which was approved by the United States Department of Commerce in 1977; and

WHEREAS, California's coastal program established a unique partnership between state and local governments which imposed substantial burdens on local governments on the assumption that those burdens constituted a necessary trade-off for the increased role local governments would be given in the review of federal activities having impacts on state and local coastal resources; and

WHEREAS, The State of California and its local coastal governments have made good progress in completing local coastal programs required by the California Coastal Act of 1976, and the California Coastal Commission has, in numerous cases, exercised the federal consistency review authority provided pursuant to CZMA, to ensure that federal activities are conducted in a manner which takes into account, and is protective of, state and local government interest and concerns; and

WHEREAS, This state's experience, in carrying out the federal consistency review provisions, has clearly demonstated that federal activities, occurring both within and outside the state's coastal zone can have significant and far-reaching impacts on California's coastal zone resources; and

WHEREAS, The California Coastal Commission has exercised consistency review over federal activities outside of the coastal zone boundaries only, as required by CZMA, where there are direct significant impacts on the coastal zone resources; and

WHEREAS, The United States Supreme Court has rendered a decision in Secretary of the Interior, et al. vs. California, et al., January 10, 1984, which severely narrows and limits the application of the federal consistency review provisions of the CZMA and which threatens to erode the meaningful and constructive partnerhip that has been established over the past 11 years between coastal states and the federal government; and

WHEREAS, That decision exempts federal oil and gas leasing activities on the Outer Continental Shelf from consistency review requirements, even though at that stage of the oil and gas development process significant effects on coastal zone resources are initiated which cannot be reversed or avoided at a later phase without great costs to oil and gas companies and the public, and even though it is only at the leasing stage that the cumulative effects of multiple leases can be adequately analyzed and coordinated so that meaningful long-range planning can occur; and

WHEREAS, Although the specific issue before the United States Supreme Court dealt with oil and gas leasing activities, the court's

opinion appears to be broad in scope and raises questions about the ability of coastal states to exercise review authority in relation to a wide range of federal activities which occur outside a state's coastal zone boundaries but which have effects within that zone; and

WHEREAS, That decision casts a legal cloud over the ability of coastal states to exercise a meaningful role in federal decisions which affect them and, therefore, threatens the viability of the partnership which had returned to coastal states and local governments some measure of meaningful local control; and

WHEREAS, One direct result of the decision is to create confusion and a situation of legal uncertainty which will result in extensive litigation that will be costly to taxpayers, as well as oil and gas companies; and

WHEREAS, Vital interests of coastal states and local governments are at stake, and there is an urgent need for the Congress of the United States to initiate legislation to resolve the situation of uncertainty and ambiguity caused by that decision of the United States Supreme Court; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorialize the President and Congress of the United States to amend, by urgency legislation, Section 307(c) of the Coastal Zone Management Act of 1972 to make clear that all federal activities, specifically including the sale of leases for mineral extraction such as oil and gas resources are subject to the federal consistency review provisions of that federal act whenever the activities significantly affect the natural resources of, or land or water uses in, the coastal zone, and that all federal license and permit activities are subject to the federal consistency review whenever they significantly affect coastal resources within the coastal zone, unless a federal activity is undertaken to counter the immediate effects of a declared national emergency or it is necessary for reasons of national security; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 113

Assembly Joint Resolution No. 103—Relative to the Older Americans Act.

[Filed with Secretary of State August 22, 1984]

WHEREAS, The Older Americans Act is the governing document for policy direction used to determine how the nation's elderly will be served; and

WHEREAS, California receives the largest allocation of Older American Act funds; and

WHEREAS, California has 3.4 million people over the age of 60, comprising 14.4 percent of the state's population and the nation's largest number of elderly citizens; and

WHEREAS, Approximately 14 percent of older Americans have incomes below the poverty line and another 10—15 percent clustered just above the poverty line; and

WHEREAS, The Older Americans Act and the Older Californians Act call for government assistance to be provided to those seniors in the greatest social and economic need; and

WHEREAS, Many elderly who presently use social and nutritional services provided through Title III of the Older Americans Act are socially and economically needy; and

WHEREAS, These same elderly cannot afford on meager and fixed incomes to pay even minimal costs for these services; and

WHEREAS, Reauthorization of the Older Americans Act is scheduled for 1984; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to resist any attempts to institute a means test or mandatory contribution for services provided under Title III of the Older Americans Act; and be it further

Resolved, That the Commissioner on Aging be directed to deemphasize the Project Income Initiative as far as user contributions are concerned and emphasize program income through a partnership with the private sector; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 114

Assembly Joint Resolution No. 118—Relative to the National Science Foundation.

[Filed with Secretary of State August 22, 1984]

WHEREAS, Engineering plays a major role in the economic well-being of the State of California; and

WHEREAS, California represents over 20 percent of the science,

engineering, and technical capability of the United States; and

WHEREAS, Over 11 percent of all of the engineers educated in the United States receive their education in California institutions; and

WHEREAS, Fundamental engineering research is vital to the national welfare and security; and

WHEREAS, Historically, the National Science Foundation has been the principal source of basic scientific research and support of academic programs in the field of science; and

WHEREAS, There is a critical need that engineering education and engineering fundamental research receive increased attention and parity with basic scientific research to permit the United States to maintain its leadership and competitive position in the world market; and

WHEREAS, The current structure of the National Science Foundation limits its mission, with certain exceptions, to basic scientific research and education, thus making it difficult to provide high-level support to engineering research and education; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to modify the National Science Foundation Act of 1950 to increase the foundation's commitment to engineering, in the following ways:

(1) To change the name of the National Science Foundation to the National Science and Engineering Foundation;

(2) To change the name of the Science Board to the National Science and Engineering Board;

(3) To change Section 1862 of Title 42 of the United States Code (Functions) by adding a new function, as follows:

"To initiate and support research fundamental to the engineering process, to strengthen engineering research potential and engineering education at all levels in the various branches of engineering by making contracts or other arrangements (including grants, loans, and other forms of assistance), to support such engineering and educational activities, and to appraise the impact of such research upon industrial productivity and competitiveness and upon the general welfare."

(4) To add the word "engineering" where appropriate, to further emphasize the equal emphasis of science and engineering; and

(5) To expand the qualifications for board membership to include engineering; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Director of the National Science Foundation.

RESOLUTION CHAPTER 115

Assembly Concurrent Resolution No. 163—Relative to the Year of the Ocean.

[Filed with Secretary of State August 24, 1984.]

WHEREAS, The oceans are the major source of water on earth and provide an essential link in the chain of human existence; and

WHEREAS, The ocean environment provides a wealth of products and services, but is increasingly subject to stress caused by population growth, economic development, placement of energy-related facilities, extraction of mineral resources and fossil fuels, transportation and navigation, waste disposal, and harvesting of living marine resources; and

WHEREAS, The state is a steward of the resources of the regions along our coast, and this stewardship entails a responsibility to match our increased uses of marine resources with an increased vigilance over maintaining the well-being of the marine environment; and

WHEREAS, It is important to educate the people of the state, as the users of ocean products and the beneficiaries of our ocean heritage, about the role the ocean plays in our lives; and

WHEREAS, A commemorative year of the ocean will be used to expand public awareness and knowledge of the importance of the ocean and its resources; and

WHEREAS, The Cities of San Diego and Los Angeles have been designated as among nine cities in the nation in which Year of the Ocean activities are to be centered; now, therefore, be it

Resolved by the Assembly of the State of California, and the Senate thereof concurring, That the one-year period beginning July 1, 1984, and ending June 30, 1985, is designated as the "Year of the Ocean," and that the Members call upon the people of the state to observe this year and day with appropriate ceremonies and activities.

RESOLUTION CHAPTER 116

Assembly Concurrent Resolution No. 166—Relative to the Stringfellow Acid Pits.

[Filed with Secretary of State August 24, 1984.]

WHEREAS, The residents of Glen Avon and other communities located near the Stringfellow Acid Pits have suffered, and are suffering, uncertainties about their most critical health need, the purity of their drinking water; and

WHEREAS, Tests recently taken on the Stringfellow Acid Pit site show the presence of radioactive matter in the groundwater; and

WHEREAS, Bottled drinking water from a tested and secure

source has been provided to approximately 325 households in the immediate vicinity of Stringfellow Acid Pits; and

WHEREAS, The determination of which families receive tested bottled water and which families continue to take drinking water from normal sources is not based upon any recognized scientific analysis, and is not derived from any express statutory or regulatory formula; and

WHEREAS, The water coming from normal community drinking water sources is heavily dependent upon groundwater sources, which may be contaminated with radioactive compounds and other compounds injurious to public health and safety; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Department of Health Services, operating through the regular channels of county government, is hereby requested to increase the availability and distribution of bottled water to all households in the area using drinking water identified and tested by the State Department of Health Services which may be affected by the Stringfellow Acid Pits, and to continue this distribution of bottled water until reliable tests have been completed and the results of these tests assure the community that the drinking water is safe and wholesome; and be it further

Resolved, That the State Department of Health Services is requested to move immediately to devise the most economic means to provide bottled water supplies, such as distributing water to the community through existing retail grocery outlets or by other means of mass distribution; and be it further

Resolved, That the State Department of Health Services is urged to move immediately to implement the provisions of this resolution, since time is clearly of the essence in this issue of public health; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the State Director of Health Services.

RESOLUTION CHAPTER 117

Assembly Joint Resolution No. 124—Relative to cigarette smoking.

[Filed with Secretary of State August 24, 1984.]

WHEREAS, Cigarette smoking is the largest preventable cause of illness and premature death in the United States, and is associated with the unnecessary deaths of over three hundred thousand Americans annually; and

WHEREAS, Cigarette smoking in the United States is a major cause of cancer of the lung, larynx, oral cavity, and esophagus and is a contributory factor in cancer of the urinary bladder, kidney, and

pancreas; and

WHEREAS, Cigarette smoking is a major cause of chronic bronchitis and emphysema in the United States; and

WHEREAS, Cardiovascular disease accounts for nearly one-half of the deaths in the United States and it is estimated that one-third of the deaths attributed to cardiovascular disease are associated with smoking; and

WHEREAS, Pregnant women who smoke have an elevated risk of miscarriages, stillbirths, and premature births, and giving birth to infants with low birth weight; and

WHEREAS, Quitting or never starting cigarette smoking will reduce an individual's risk of illness or premature death; and

WHEREAS, Cigarette smoking is addictive and is the most widespread example of drug dependence in the United States; and

WHEREAS, Present federal, state, and private initiatives have been insufficient in conveying to the American people information on the adverse health effects of smoking; and

WHEREAS, A new strategy is needed for making Americans more aware of the adverse health effects of smoking; and

WHEREAS, The State of California is prevented by federal law from improving the warning on cigarette labels; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to strengthen the warnings on cigarette labels and permit the states to improve the warnings on cigarette labels; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 118

Assembly Joint Resolution No. 149—Relative to the memorialization of United States forces killed in hostile action in Lebanon.

[Filed with Secretary of State August 24, 1984.]

WHEREAS, The United States government, during the course of history of our country, has caused to be erected monuments to this nation's fallen servicemen; and

WHEREAS, The American Legion is in complete accord with such permanent, visible historical public recordings; and

WHEREAS, Recent events have created a situation wherein such

memorialization again is called upon as a result of the deaths of our brave men ruthlessly killed while on active duty in Lebanon; and

WHEREAS, The deaths of these servicemen are, and should be considered to be, a crime against mankind; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature requests the President and Congress of the United States to memorialize those heroic dead by having their names forever enshrined upon the Marine Monument which depicts the raising of our nation's flag on Mount Surabachi during World War II; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States; and be it further

Resolved, That a copy of this resolution be transmitted to the National Convention of the American Legion to be held August 31 through September 5, 1984, in Salt Lake City, Utah.

RESOLUTION CHAPTER 119

Senate Concurrent Resolution No. 60—Relative to offshore air emissions.

[Filed with Secretary of State August 30, 1984.]

WHEREAS, The federal Outer Continental Shelf Lands Act requires the Department of the Interior to adopt regulations to ensure that offshore energy exploration and development operations do not adversely affect onshore air quality; and

WHEREAS, The State Air Resources Board has issued a report finding that offshore energy exploration and development operations are causing serious onshore air pollution and that emission reductions are needed using pollution control technology and emission offsets; and

WHEREAS, The State of California has filed a lawsuit against the Department of the Interior charging that federal offshore air quality regulations do not adequately protect California's air quality; and

WHEREAS, The Department of the Interior's failure to adopt regulations to adequately control offshore air emissions caused by oil companies threatens public health, increases the likelihood of Environmental Protection Agency sanctions against the state for failure to achieve federal Clean Air Act standards, and will force the state to impose additional, costly air pollution controls on onshore industries; and

WHEREAS, The California Secretary of Environmental Affairs, on behalf of the Governor, has entered into a Memorandum of

Agreement with the Department of the Interior regarding Outer Continental Shelf Lease Sale 73, off the shore of central California, which includes a stipulation for the protection of the state's air quality; and

WHEREAS, The California Legislature is seriously concerned that any state agreement with the Department of the Interior regarding the control of offshore air emissions stipulates that state air quality standards will be fully met, and that monitoring and enforcement measures ensure that result; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Governor, the Secretary of Environmental Affairs, the State Air Resources Board, and the Attorney General of California are requested to take all actions necessary to (1) implement the Outer Continental Shelf Lease Sale 73 stipulation for the protection of air quality in a manner that makes certain that state air quality standards will be fully met, (2) require the use of the best available emission control technologies that are technically feasible and cost-effective, as well as offset techniques, to ensure that state air quality standards are fully met, (3) require the oil industry and the Department of the Interior to carry the burden of proving compliance with state standards, (4) actively monitor and enforce offshore air pollution control requirements in cooperation with locally affected air pollution control districts, (5) seek to impose state air quality requirements on offshore operations authorized by previous OCS lease sales and future sales through continued litigation or other means, and (6) report back to the Legislature periodically on the status of efforts to ensure that offshore energy exploration and development operations do not adversely affect onshore air quality; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor, the Secretary of Environmental Affairs, the State Air Resources Board, the Attorney General of California, the Secretary of the Interior, the Director of the Minerals Management Service, the Administrator of the Environmental Protection Agency, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 120

Senate Concurrent Resolution No. 84—Relative to dismissible traffic infractions.

[Filed with Secretary of State August 30, 1984]

WHEREAS, Law enforcement agencies throughout the State of California have adopted a citation form using a dismissible violation format for correctable infractions; and

WHEREAS, State, county, and city governments wish to ensure that these citation forms are used in a uniform manner throughout the state; and

WHEREAS, The Legislature intends that citations using a dismissible infraction format be utilized in a manner consistent with allowing correction of violations without penalty or judicial process; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That a committee be formed to study the use of citations using a dismissible infraction format, and that the committee be comprised of the Commissioner of the California Highway Patrol or the commissioner's designee serving as chair and representatives of the Judicial Council, representatives of local law enforcement agencies, and private industry representatives as appropriate; and be it further

Resolved, That this committee study the use of citations using a dismissible infraction format in the State of California to determine if these citations are being used uniformly and equitably throughout the state; and be it further

Resolved, That the committee is hereby requested to report to the Legislature if it determines that there are inequities present in the use of these citations; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Commissioner of the California Highway Patrol and the Judicial Council.

RESOLUTION CHAPTER 121

Senate Joint Resolution No. 43—Relative to Medicare.

[Filed with Secretary of State August 30, 1984]

WHEREAS, An estimated 2.5 million Americans are currently afflicted with Alzheimer's disease, a chronic, progressive illness which eventually results in the complete mental and physical disability of the victims in its final stages; and

WHEREAS, The incidence of Alzheimer's disease increases with age; and

WHEREAS, The growing elderly population means that there is every reason to expect the numbers of Alzheimer's victims to increase; and

WHEREAS, There is presently no prevention, no cure, and no treatment, and individuals ultimately require constant care; and

WHEREAS, The psychological stress associated with providing prolonged custodial care, and the financial burden resulting from custodial care at home and in institutions can disable whole families, as well as the victims; and

WHEREAS, Caregivers often prolong custodial care at home due to financial considerations and threaten their own emotional, physical and mental well-being, as well as the safety of the victim; and

WHEREAS, To the extent that caregivers suffer emotional, financial and physical impoverishment, public costs are increased when the result is two recipients of aid and services instead of only one; and

WHEREAS, The costs of custodial care in California alone are estimated at $20,000 to $40,000 per year, per patient, and are not covered by private health insurance policies; and

WHEREAS, The costs of custodial care are not reimbursed under Medicare; and

WHEREAS, Medicaid coverage is only available when the family has been impoverished and meets strict eligibility requirements; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to support and enact legislation to amend Title XVIII of the Social Security Act, as amended, regarding health insurance for the aged and the disabled, to allow reimbursement under Medicare for care provided persons with chronic brain disorders; and be it further

Resolved, That legislation be enacted to amend Title XVIII of the Social Security Act, as amended, to allow for reimbursement under Medicare for custodial care at home and in institutions for persons suffering from chronic brain disorders; and be it further

Resolved, That legislation to amend Title XVI of the Social Security Act, as amended, Supplemental Security Income for the Aged, Blind and Disabled, be enacted to eliminate the requirement of a "spend down" of assets in order to be eligible for income maintenance programs such as SSI/SSP, when a spouse becomes permanently and severely brain damaged; and be it further

Resolved, That legislation to commit federal funding and resources in the study of the causes, treatment and cure of chronic brain disorders, such as Alzheimer's disease be enacted; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 122

Senate Joint Resolution No. 58—Relative to ratification of the Genocide Convention.

[Filed with Secretary of State August 30, 1984]

WHEREAS, Since 1948, approximately 89 nations have become parties to the Genocide Convention, including three of the permanent members of the United Nations Security Council (France, the United Kingdom, and the Soviet Union); and

WHEREAS, The United States actively participated in drafting the terms of the convention and in securing its adoption by the United Nations General Assembly, and although the Genocide Convention was signed for the United States by President Truman on December 11, 1948, the convention has, nonetheless, never been ratified by the United States Congress; and

WHEREAS, President Kennedy in 1963 and President Johnson in 1965 made statements in support of ratification; the late Chief Justice of the United States Supreme Court, Earl Warren, advocated ratification in 1968; President Nixon in 1970, joined by the Attorney General and Secretary of State, urged ratification; the Foreign Relations Committee reported the Genocide Convention to the Senate in 1970 with a recommendation that it be ratified subject to three understandings and a declaration, and this recommendation was repeated to the Senate in 1971, 1973, and 1976; the House of Delegates of the American Bar Association voted in 1976 to support the Genocide Convention; and in 1977 President Carter advised ratification; and

WHEREAS, Provisions of United States law specifically support human rights, for example, subdivision (a) of Section 2151 of Title 22 of the United States Code which reads, in part, "The Congress declares that the individual liberties, economic prosperity and security of the people of the United States are best sustained and enhanced in a community of nations which respect individual civil and economic rights and freedoms ..."; and

WHEREAS, Federal courts have referred to the usage and practice of the United States in determining whether certain acts are in violation of international law and, for example, in the 1980 case of Filartiga v. Pena-Irala, a torture suit, the Second Circuit referred to a Department of State report which said "There now exists an international consensus that recognizes basic human rights and obligations owed by all governments to their citizens ..."; and

WHEREAS, In spite of all this, the United States has failed to fulfill the obligation owed to its own citizens by ratification of the Genocide Convention even though the various issues raised in Senate debate since 1949 have been adequately resolved or satisfactorily addressed, and it is now time for the United States to join with the world community in officially recognizing that genocide is a heinous

proscription of universal human rights; now, therefore, be it

Resolved, by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to support and ratify the Genocide Convention; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 123

Assembly Concurrent Resolution No. 99—Relative to Joint Rule 11.

[Filed with Secretary of State August 31, 1984.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That Rule 11 is added to the Temporary Joint Rules of the Senate and Assembly for the 1983–84 Regular Session, to read as follows:

Printing of Amendments

11. (a) All bills amended by either house shall be immediately reprinted. Except as otherwise provided in subdivision (b), if new matter is added by the amendment, the new matter shall be printed in italics in the printed bill; if matter is omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

(b) If amendments to a bill, including the report of a committee on conference, are adopted that omit the entire contents of the bill, the matter omitted need not be reprinted in the amended version of the bill. Instead the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, may select any such amended bill and cause to be printed a brief statement to appear after the last line of the amended bill identifying which previously printed version of the bill contains the complete text of the omitted matter.

RESOLUTION CHAPTER 124

Assembly Concurrent Resolution No. 119—Relative to health care costs.

[Filed with Secretary of State August 31, 1984]

WHEREAS, Health care costs have continued to escalate at a greater rate than the consumer price index rate of inflation; and

WHEREAS, Over 15 percent of the gross national income is spent on health care, and over 30 percent of the income of senior citizens is spent on health care; and

WHEREAS, There is a need to restrain the escalation of health care costs; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Governor is respectfully requested to convene a task force to study the most cost-effective means to limit the annual increase in health care costs and report its findings to the Legislature. The members of the task force should include a variety of health care experts and lay persons who would present the problems of the elderly with escalating health care costs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 125

Assembly Concurrent Resolution No. 126—Relative to the floodwaters of Tulare Lake.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, Much of the former bed of Tulare Lake is now farmed; and

WHEREAS, Excess floodwaters entering the lake can remove farmland from agricultural production; and

WHEREAS, In 1983 excess floodwaters of the lake were pumped over a low rise into the San Joaquin River system, to the Sacramento-San Joaquin Delta, and through the Carquinez Straits into San Francisco Bay; and

WHEREAS, The Department of Water Resources has already undertaken a reconnaissance level study that indicated that pumping floodwaters from the Kings River into the California Aqueduct may be economically beneficial to the state water project and those farming in the Tulare Lake Basin; and

WHEREAS, The state water project needs additional water; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Water Resources, in cooperation with affected water agencies, is requested to evaluate the use by the state water project of the excess floodwaters of Tulare Lake; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of

this resolution to the Director of Water Resources.

RESOLUTION CHAPTER 126

Assembly Concurrent Resolution No. 134—Relative to the William D. Abarr Memorial Bridge.

[Filed with Secretary of State August 31, 1984]

WHEREAS, William D. Abarr, a heavy equipment operator for the Department of Transportation, died January 25, 1983, as a result of a massive mudslide on State Highway Route 299 in Trinity County; and

WHEREAS, At the time of his death, he was operating earthmoving equipment which was clearing a slide from Route 299 when another mudslide swept his equipment off the highway; and

WHEREAS, Mr. Abarr joined the department in March 1973 after working for the Trinity County Department of Public Works for 13 years; and

WHEREAS, He was a conscientious employee who would go the extra mile to do a good job and was responsive to emergency calls to sand icy areas, to remove rocks or slides, and to do other needed emergency work; and

WHEREAS, Mr. Abarr is survived by his wife, Barbara, and six grown children; and

WHEREAS, He was a member of the Loyal Order of Moose Lodge in McKinleyville, the Trinity Valley Grange, and the Willow Creek Bigfoot Lions Club, and was a valued member of his community; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Cedar Flat Bridge under construction on State Highway Route 299 in Trinity County at post mile 13.9 between Burnt Ranch and Del Loma be designated the William D. Abarr Memorial Bridge; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing this official designation and, upon receiving donations from private sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 127

Assembly Concurrent Resolution No. 137—Relative to the Hod Benedict Bridge.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, Harold (Hod) Wilson Benedict was an employee of the Department of Transportation for 35 years; and

WHEREAS, Mr. Benedict served as a resident engineer on nearly 40 projects in Humboldt and Mendocino Counties from 1952 to 1975, which cost approximately $60 million to construct; and

WHEREAS, Mr. Benedict was responsible for the completion of over 30 miles of freeway on State Highway Route 101, the Redwood Highway, through the most rugged portions of the Eel River Canyon; and

WHEREAS, Mr. Benedict was instrumental in the emergency restoration of Route 101 in several locations during the floods of 1955 and 1964; and

WHEREAS, During his career, Mr. Benedict distinguished himself as a leader, an innovator, and a teacher, as he taught hundreds of young engineers and highway technicians the first skills they learned in innovative highway construction; and

WHEREAS, Mr. Benedict earned the confidence, respect, and cooperation of the public and other governmental agencies through his participation in local civic and fraternal organizations; and

WHEREAS, The California Highway Commission in 1975 formally recognized Mr. Benedict for his meritorious service to the state and the public; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Eagle Point Viaduct, Bridge No. 4-72 on State Highway Route 101 in Humboldt County, be designated the Hod Benedict Bridge; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing this official designation and, upon receiving donations from private sources covering that cost, erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 128

Assembly Concurrent Resolution No. 149—Relative to the Willard F. Libby Memorial Highway.

[Filed with Secretary of State August 31, 1984]

WHEREAS, Doctor Willard F. Libby was raised in the Sebastopol area and graduated from Analy High School in Sebastopol in 1926; and

WHEREAS, Doctor Libby received the Nobel Prize in Chemistry in 1960 for developing the "Carbon-14" radioactive dating technique which revolutionized the scientific fields of chemistry, archaeology, and anthropology; and

WHEREAS, Doctor Libby was an outstanding scientist who made many contributions to various fields of scientific knowledge and was a distinguished educator who trained 102 doctors of philosophy in chemistry and taught more than 2,000 graduate and undergraduate students; and

WHEREAS, Doctor Libby was recognized for his outstanding achievements by the National Academy of Sciences, the Royal Swedish Academy of Science, the Hieldelberg Academy of Science, the Bolivian Society of Anthropology, and other distinguished scientific societies throughout the world; and

WHEREAS, Doctor Libby received numerous degrees and awards for his scientific endeavors, including the Columbia University Chandler Medal, the American Chemical Society Award for Nuclear Applications in Chemistry, the Elliott Cresson Medal of the Franklin Institute, the Willard Gibbs Medal, and the Albert Einstein Medal Award; and

WHEREAS, The many accomplishments of Willard F. Libby have brought honor to all of California and particularly to Sebastopol; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That State Highway Route 116 from Sebastopol to Forestville is hereby designated the "Willard F. Libby Memorial Highway"; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of erecting appropriate plaques and markers, consistent with signing requirements for the state highway system, showing this official designation and, upon receiving donations from private sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 129

Assembly Concurrent Resolution No. 165—Relative to veterans.

[Filed with Secretary of State August 31, 1984]

WHEREAS, Under recently enacted federal law, a limit will be placed on the sale of Cal Vet bonds, which will be inadequate to meet the projected demand; and

WHEREAS, It is the policy of the Legislature that Cal Vet funding continue at a level adequate to meet demand from veterans applying for home loans; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature respectfully requests the Governor to direct the California Department of Veterans Affairs, in cooperation with the Treasurer of the State of California, to:

(1) Provide for a five-year plan for Cal Vet bond issues to be submitted to the voters commencing with the June 1986 election.

(2) Take all of the following into account in the plan:

(a) The effect of limitations imposed by federal law in 1984.

(b) The projected demand by veterans applying for home loans.

(c) The policy of the Legislature to provide adequate funding to meet the demand from veterans; and be it further

Resolved, That the plan be submitted to the appropriate policy committees of the Legislature on or before June 30, 1985, with updates to be provided annually by June 30 of each year; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to the Director of Veterans Affairs.

RESOLUTION CHAPTER 130

Assembly Concurrent Resolution No. 170—Relative to biotechnology.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, California is the intellectual center of the nation's biotechnology industry; and

WHEREAS, Approximately 35% of the nation's biotechnology companies, including the leading companies, are headquartered in California; and

WHEREAS, California companies have already developed products, such as human insulin and proinsulin, and interferon, which have the potential to alleviate human suffering and illness; and

WHEREAS, Biotechnological research is vital to California's agricultural industry, offering prospects of increased production,

vaccines for animal diseases, disease resistant food crops, drought resistant plant strains, and more nutritional foodstuffs; and

WHEREAS, The United States Patent and Trademark Office has received in recent years nearly one thousand patent applications based on biotechnological research; and

WHEREAS, The biotechnology field is growing more competitive, particularly with respect to Pacific Rim and European countries where, according to the Congressional Office of Technology Assessment, private and public companies sometimes benefit from government subsidies; and

WHEREAS, The State of California should explore appropriate methods of assisting the state's biotechnology industry; and

WHEREAS, Numerous federal and state agencies, including the National Institutes of Health and Environmental Protection Agency, the State Department of Food and Agriculture, and the State Department of Health Services, administer environmental and health regulations affecting biotechnology research and applications; and

WHEREAS, These regulations have successfully protected without incident the public's health and safety and the environment during the previous decade of research and commercialization of biotechnology; and

WHEREAS, The manner in which these regulations apply to future biotechnology research and applications is currently unclear, and therefore may potentially create undue and costly delays in the commercialization of many socially beneficial biotechnology products as well as potentially threaten public health and safety; and

WHEREAS, The federal government, through the White House Cabinet Council Working Group on Biotechnology, is currently developing recommendations to coordinate federal regulations as they affect the biotechnology industry; and

WHEREAS, There is a need to expeditiously develop at both the state and federal levels a rational application of existing regulations to provide uniform, flexible, and nonduplicative protections for human health, safety, and the environment, while at the same time removing unnecessary disincentives to research and commercialization of biotechnology; and

WHEREAS, There is a need for California to represent its unique state's interest before appropriate federal bodies acting on matters affecting the promotion and regulation of the biotechnology industry; and

WHEREAS, There is a need for further study of current federal and state regulations affecting the biotechnology industry before conclusions can be drawn regarding such regulations; now, therefore, be it

Resolved, That the State of California views the biotechnology industry in California as one which represents new economic growth, new jobs, new research opportunities, and new means to better the health of both individuals and the state, and as an industry

which fully deserves the encouragement of the state whenever and however; and be it further

Resolved, That the Legislature requests the Assembly Office of Research to conduct a study, to be completed by April 15, 1985, reviewing all existing, pending, and elapsed federal and state regulations affecting the California biotechnology industry so that the California State Legislature can make informed decisions on how to promote the biotechnology industry, while at the same time protecting public health and safety and the environment; and be it further

Resolved, That the Assembly Office of Research and the Senate Office of Research also study incentives being offered by other states and countries to promote the development of the biotechnology industry within those states and countries; and be it further

Resolved, That representatives of the biotechnology industry, environmental organizations, agriculture, and the Legislature are to be identified by the Assembly Committee on Economic Development and New Technologies, the Assembly Office of Research, and the Senate Office of Research to serve as advisors on this study; and be it further

Resolved, That because the Governor's Office is currently surveying the existing state authority to oversee the biotechnology industry, with an eye toward assisting the industry, while protecting the health and safety of all Californians, it is the intent of the Legislature to take these efforts into consideration in this study and to subsequently work in concert with the Governor; and be it further

Resolved, That the Chief Clerk of the Assembly transmit this resolution to biotechnology companies, organizations, and other interested parties in California, as specified by the Assembly Committee on Economic Development and New Technologies.

RESOLUTION CHAPTER 131

Assembly Concurrent Resolution No. 171—Relative to the John G. Veneman Freeway.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, Assemblyman John G. Veneman served as a Member of the Assembly between 1961 and 1969; and

WHEREAS, As both a Stanislaus County supervisor and as the Assembly Member for Stanislaus County he actively supported and helped initiate the projects to upgrade Highway 99 through Modesto and south to Turlock more than 20 years ago; and

WHEREAS, The California Transportation Commission approved the final construction phase of that project on June 29, 1984; and

WHEREAS, John G. Veneman was instrumental in the initiation

and now the completion of this important freeway vital to the agricultural economy of the San Joaquin Valley and to the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That State Highway Route 99 from Modesto south to Turlock is hereby officially designated the John G. Veneman Freeway; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing this official designation and, upon receiving donations from private sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 132

Assembly Joint Resolution No. 99—Relative to mortgages.

[Filed with Secretary of State August 31, 1984]

WHEREAS, California will continue to require an increasing supply of mortgage capital to finance development of new homes and the resale of existing homes; and

WHEREAS, The Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation purchase mortgages originated by institutional lenders and thereby replenish the funds available to those lenders to make new home loans; and

WHEREAS, The Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation only purchase mortgages if the mortgages do not exceed the maximum dollar limits set by federal law; and

WHEREAS, The median value of mortgages originated in California exceeds the national median; and

WHEREAS, The current limitations on the mortgages eligible for purchase by the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation affect California's ability to raise mortgage capital; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress and the President of the United States to increase the dollar limit on mortgages eligible for purchase by the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United

States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation.

RESOLUTION CHAPTER 133

Assembly Joint Resolution No. 102—Relative to the pollution and contamination of the New River.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, The New River, which originates in Mexico and flows northward across the International Boundary into California's Imperial Valley, is the most contaminated stream in the United States relative to its flow, a gross public health hazard, and an aesthetically repulsive spectacle to over 40,000 United States residents of communities along the river's course, as well as to visitors from the nearby metropolitan centers; and

WHEREAS, Contaminated waters of the New River discharge into the Salton Sea, a condition incompatible with the ecology and the varied public uses of that body of water in one of southern California's most important recreational areas; and

WHEREAS, Contamination of the New River is caused by uncontrolled discharges of raw and inadequately treated sewage, highly toxic industrial chemical wastes, solid wastes, geothermal wastes, leaching from a major garbage dump, slaughterhouse wastes, and other wastes discharged by the municipal government and industries within or near the City of Mexicali in Mexico; and

WHEREAS, Contaminating discharges from the vicinity of Mexicali, Mexico, have continued for a recorded period of over 40 years, during which time the city's population has increased to approximately 750,000, while the area has developed into a major industrial center; and

WHEREAS, The magnitude of the resulting waste discharge is comparable to that from a city the size of San Francisco, if that city's sewage and industrial waste could be imagined as flowing untreated in an open channel through urban and rural areas; and

WHEREAS, Mexicali's sewer system, which covers only a portion of the city and which includes two pumping stations and treatment lagoons, has not been expanded and improved sufficiently to keep pace with the very rapid growth of Mexicali and its increasing industrial developments, and Mexican authorities have not adequately maintained the facilities so that there are frequent breakdowns; and

WHEREAS, In order to elevate New River water quality to standards required for comparable streams in the United States,

numerous problems must be addressed, and an explanation of the entire array of problems to be addressed can only be determined following studies by the Environmental Protection Agency in coordination with California state agencies and in cooperation with authorities of the United Mexican States; and

WHEREAS, A preliminary indication of the problems to be addressed are as follows:

(a) Elimination of all point-source discharges of raw sewage into the New River, particularly the eight major sources presently identified.

(b) Relocation and sewering of unsewered residences situated along the banks of the New River and its tributaries.

(c) Enforced prohibition against septic tank pumpers discharging their tank contents into the New River system.

(d) Upgrading and effective operation of pumping plants No. 1 and No. 2 of Mexicali's sewer collection system, so that no raw sewage, under any circumstances, is bypassed into the New River system.

(e) Replacement of deteriorating sewer pipelines along Mexicali's north and south collectors to eliminate breaks that result in raw sewage discharges into the New River system.

(f) Upgrading of Mexicali's sewage treatment lagoons to provide a secondary level of treatment.

(g) Segregation and separate treatment of domestic wastes from toxic industrial wastes presently being discharged to Mexicali's sewer system.

(h) Prevention of all untreated or inadequately treated industrial wastes from spillage into the New River and its tributaries.

(i) Prevention, by any means necessary, of the discharge of wastes from slaughterhouses, hog farms, and dairies into the New River and its tributaries.

(j) Relocation of Mexicali's landfill garbage dump away from the New River and its tributaries.

(k) Rerouting of geothermal wastewater away from the New River system; and

WHEREAS, The quickest and least costly procedures to correct current pollution problems are source-controls within Mexicali, but history confirms that Mexico's federal, state, and municipal governments have been incapable of effectively imposing these controls; and

WHEREAS, The Hazardous Substance Account ("California Superfund") may be used for remedial and removal actions concerning hazardous substances polluting water resources, including the New River; and

WHEREAS, Since the New River is the second most toxic river in the United States and the the most toxic river in California, the New River should be listed as a site on the California Superfund priority ranking list, which will make the river eligible for remedial and removal action funded in part by the California Superfund and will

also allow federal funds to be used to carry out the actions, stated above; and

WHEREAS, The President of the United States and the President of the United Mexican States signed an agreement on August 14, 1983, titled "Agreement Between the United States of America and the United Mexican States on Cooperation for the Protection and Improvement of the Environment in the Border Area," Article 8 of which designates the Environmental Protection Agency as the national coordinator for the United States; and

WHEREAS, It is the obligation of the United States government, on behalf of the residents of Imperial Valley, to obtain adequate correction of the gross pollution and contamination of the New River from discharges within Mexico; now, therefore, be it

Resolved, By the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to appropriately recognize and declare that a clear and present threat to public health and safety exists in the Imperial Valley of California as a direct consequence of continuing toxic contamination and organic pollution of the New River, originating within Baja California, Mexico, requiring immediate and comprehensive mitigation through cooperative international initiatives; and be it further

Resolved, That the President is respectfully requested to immediately direct the Secretary of State and the Administrator of the Environmental Protection Agency, in cooperation with authorities of the State of California, the California Regional Water Quality Control Board (Colorado River Basin Region), and the County of Imperial, to expedite the development of alternative proposals and a recommended plan for halting the flow of contaminants and pollutants in the New River from both Baja California and California sources; and be it further

Resolved, That the Congress is respectfully requested to appropriate, and the President is respectfully urged to allocate and direct, sufficient federal funding, staffing, and technical resources for the implementation and completion of an effective water quality control system within the New River watershed, with the active cooperation of the government of the United Mexican States; and be it further

Resolved, That the Legislature also requests the State Department of Health Services to list the New River on the priority ranking of sites pursuant to the Carpenter-Presley-Tanner Hazardous Substance Account Act, so that federal funds can be used to finance these requested actions to clean up the New River; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the State Director of Health Services.

RESOLUTION CHAPTER 134

Assembly Joint Resolution No. 106—Relative to the Gorda Ridge Lease Sale.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, The United States Department of the Interior is proposing to open major portions of the outer continental shelf along the northern California coastline for hard-rock mineral leasing as of August 1984 under the title of the Gorda Ridge Lease Sale; and

WHEREAS, Whether or not the United States Department of the Interior has jurisdictional authority over the Gorda Ridge is a matter of dispute because the Gorda Ridge may not be on the continental shelf as that term is defined by accepted domestic and international standards; and

WHEREAS, The management of the outer continental shelf is to be conducted in a manner which considers economic, social, and environmental values, as well as the potential impact of development on the marine, coastal, and human environment, in accordance with the Outer Continental Shelf Lands Act Amendments of 1978, the National Environmental Policy Act of 1969, and the Federal Coastal Zone Management Act of 1972, as amended; and

WHEREAS, The United States Department of Interior has identified a number of severe deficiencies in scientific information available about the areas proposed for leasing under the Gorda Ridge Lease Sale, and has formulated plans to begin appropriate scientific studies during the 1985 fiscal year, and is seeking funds for these studies; and

WHEREAS, Adequate scientific information is necessary in order to provide a basis for a reasoned decisionmaking process with regard to the Gorda Ridge Lease Sale; and

WHEREAS, The Gorda Ridge Lease Sale planning process calls for an accelerated decisionmaking timetable which will not permit the necessary scientific studies to be completed in a timely fashion to ensure that the proposed mining operations will not threaten the health and productivity of the marine environment and will not adversely impact coastal communities; and

WHEREAS, Minerals of strategic importance to the United States are not expected to be located within the Gorda Ridge Lease Sale area but, rather, common minerals which are readily available from onshore sources are the target of the sale; and

WHEREAS, Biological resources of importance to the economic productivity of the coastal region could be adversely impacted by undersea mining operations proposed for the Gorda Ridge Lease Sale area; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, that the Legislature of the State of California memorializes

the President and the Secretary of the Interior to delay the Gorda Ridge Lease Sale for a period of at least five years to permit the gathering and analysis of scientific data necessary as a basis for reasoned leasing decisions; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of the United States Department of the Interior, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 135

Assembly Joint Resolution No. 115—Relative to Supplemental Security Income benefits.

[Filed with Secretary of State August 31, 1984]

WHEREAS, The government of the Federal Republic of Germany established a Holocaust victims reparation program to compensate victims of Nazi war crimes; and

WHEREAS, The United States government excludes such reparation payments from federal income taxes; and

WHEREAS, The United States government has established the Supplemental Security Income (SSI) program to aid needy, aged, blind, and disabled persons; and

WHEREAS, The courts have found that, barring specific Congressional legislation, Holocaust reparation funds shall be included in a person's income for the purpose of determining SSI eligibility; and

WHEREAS, It has been demonstrated that there are needy Californians who are Holocaust victims who are currently being deprived of SSI benefits because their reparation payments cause them to be found ineligible for SSI; and

WHEREAS, The Honorable Henry Waxman, Member of the United States House of Representatives from California, has introduced HR 6291 to provide that reparation payments received from the Federal Republic of Germany by Holocaust survivors shall not be considered income for the purpose of determining eligibility for SSI benefits; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to support and enact HR 6291; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each

Member of Congress in the California delegation.

RESOLUTION CHAPTER 136

Assembly Joint Resolution No. 119—Relative to federal and state income taxes.

[Filed with Secretary of State August 31, 1984]

WHEREAS, The prompt and accurate reporting of income and the timely payment of federal and state taxes thereon by the citizens of this nation and this state are goals which are of vital concern to both the government of the United States and the government of the State of California; and

WHEREAS, The accomplishment of those goals would be greatly facilitated by increasing the availability to taxpayers of the necessary tax forms and tax instruction publications produced by taxing agencies of those governments; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature urges the Franchise Tax Board to make available to California taxpayers at its various offices throughout the state copies of all of the federal income tax forms and federal income tax instructions publications which are commonly used by taxpayers; and be it further

Resolved, That the Legislature respectfully memorializes the President and the Congress of the United States to direct the Internal Revenue Service to make available to California taxpayers at its various offices located within this state copies of all of the California income tax forms and California income tax instructions publications which are commonly used by taxpayers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Francise Tax Board, to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Member of Congress in the California delegation.

RESOLUTION CHAPTER 137

Assembly Joint Resolution No. 121—Relative to federal income taxation.

[Filed with Secretary of State August 31, 1984]

WHEREAS, The laboratory experience is crucial to the education of engineers and scientists; and

WHEREAS, The laboratory environment permits physical

demonstrations, the application of theory and fundamentals to engineering and scientific systems, and the teaching of experimentation and research; and

WHEREAS, The cost of equipping and operating laboratories in postsecondary education is significant, because laboratories must be capable of demonstrating engineering and scientific fundamentals and be current to the state of the art; and

WHEREAS, Much of the equipment utilized in engineering and scientific laboratories is complex and requires specialized talent and test equipment to maintain and repair it properly; and

WHEREAS, Current federal law provides an income tax deduction for a donor of equipment for educational, instructional, and research purposes, but does not provide a deduction for the equipment used to check and test this equipment, nor for donor maintenance or service of this equipment; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation amending the Internal Revenue Code to provide a tax deduction to persons who donate testing equipment and services to maintain and provide upkeep for engineering and scientific laboratory equipment in postsecondary educational institutions; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 138

Assembly Joint Resolution No. 125—Relative to the United States Maritime Fleet.

[Filed with Secretary of State August 31, 1984.]

WHEREAS, The Merchant Marine Act of 1936 calls for a substantial percentage of United States imports and exports to be carried in United States flag vessels; and

WHEREAS, The United States maritime fleet's share of United States trade has been substantially reduced by foreign competition; and

WHEREAS, Other nations subsidize their maritime fleets, which amounts to unfair competition; and

WHEREAS, Congress has called for at least 20 percent of all United States bulk cargo to be carried in United States ships built in United States shipyards; and

WHEREAS, The United States has hundreds of thousands of military personnel and their dependents deployed overseas; and

WHEREAS, The United States Maritime Fleet assists in the support and defense of United States citizens stationed overseas in the name of national defense; and

WHEREAS, The United States Maritime Fleet has insufficient resources to support those isolated Americans in case of a major emergency; and

WHEREAS, The maritime fleets of other nations should not be relied upon to look after our interests; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully requests the President and the Congress of the United States to provide for the planning and resources necessary to establish an effective maritime fleet capable of meeting any contingency; and be it further

Resolved, That the Legislature of the State of California requests the President and the Congress of the United States to propose that by the year 1990, at least 20 percent of all United States cargo overseas trade shall be carried in United States flag vessels made in United States shipyards and that by January 1, 1985, all cargo for United States military personnel be transported in United States flag vessels; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 139

Assembly Joint Resolution No. 146—Relative to regional export licensing offices.

[Filed with Secretary of State August 31, 1984]

WHEREAS, The United States trade deficit is expected to be at least 130 billion dollars by the end of 1984; and

WHEREAS, The total number of export license applications processed by the U.S. Office of Export Services was over 90,000 in 1983, and is projected to be over 110,000 in 1984; and

WHEREAS, The average time necessary to process an export license application is eight weeks; and

WHEREAS, Small- and medium-sized businesses are experiencing increased difficulty with the export licensing system in terms of the time required to process export license applications and in obtaining information about the status of export license applications; and

WHEREAS, Delays in the export licensing process represent a significant nontariff barrier to exports and contribute to the loss of millions of dollars in overseas sales; and

WHEREAS, The California trade deficit went from 2 billion dollars in 1982 to 8.6 billion dollars in 1983; and

WHEREAS, Eliminating long delays in the export licensing process will help to reduce the U.S. and California trade deficits by speeding the flow of exports; and

WHEREAS, California leads all other states in manufactured exports; and

WHEREAS, The value of California's exports exceeded 18 billion dollars in 1981; and

WHEREAS, California export-related employment totaled nearly 1 million jobs; and

WHEREAS, California's exports of electronic components and communications equipment have more than doubled since 1977; and

WHEREAS, One-quarter of the 3,500 to 4,000 weekly telephone calls to the United States Office of Export Services regarding export administration and documentation come from California; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States, and the Department of Commerce and the Department of the Treasury, immediately to initiate measures to locate additional regional export licensing offices, including one in California, in order to increase exports and jobs, facilitate the rapid processing of export license applications and improve communications between export license applicants and the Office of Export Services regarding licensing requirements and the status of individual export license applications; and, to the extent possible, confer with representatives of the State of California, the California Legislature, and that business community involved in international trade, in order to determine what state resources may be available to assist in the establishment of a regional export licensing office in California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of Commerce, to the Secretary of the Treasury, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 140

Senate Concurrent Resolution No. 88—Relative to the Joint Committee on the State's Economy.

[Filed with Secretary of State September 4, 1984]

Resolved by the Senate of the State of California, the Assembly thereof concurring, as follows:

(1) Notwithstanding the provisions of any prior concurrent resolution affecting these committees, the Joint Committee on the State's Economy and the advisory committees created pursuant to Resolution Chapter 4 of the Statutes of 1980 are continued in existence through January 31, 1986.

(2) The Joint Committee on the State's Economy shall continue to have the powers and duties granted and imposed by the resolutions creating and continuing it.

(3) The committee may expend any funds heretofore or hereafter made available, and further allocations may be made by the Joint Rules Committee.

(4) In accordance with Joint Rule 36.8, any expenditure of funds by the committee shall be made in compliance with policies set forth by, and subject to the approval of, the Joint Rules Committee.

RESOLUTION CHAPTER 141

Senate Concurrent Resolution No. 92—Relative to commending Mayor Tom Bradley of Los Angeles.

[Filed with Secretary of State September 4, 1984.]

WHEREAS, The Honorable Tom Bradley, Mayor of Los Angeles, was instrumental in negotiating, organizing, implementing, and hosting the Games of the XXIIIrd Olympiad in Los Angeles, and, in recognition thereof, he is deserving of highest honors and commendations; and

WHEREAS, Mayor Bradley's interest in the Olympics began in 1932 when he sold newspapers as a child to buy a ticket to the 1932 Olympics in Los Angeles; and

WHEREAS, In 1974, he first sought to bring the Olympics to Los Angeles in 1980, which, while not resulting in a 1980 award, was the act that prompted the initial international interest in Los Angeles as an Olympic host city; and

WHEREAS, His perseverance led to the United States Olympic Committee granting Los Angeles the right to bid for the 1984 contract in 1976, and, because of his efforts, on May 18, 1978, the International Olympic Committee awarded Los Angeles the right to host the 1984 Summer Olympics; and

WHEREAS, With his leadership and guidance, the Olympics were held in Los Angeles at no expense to local taxpayers, brought $3.3 billion to the local and state economy, created 68,000 jobs, and provided an opportunity for 2.5 billion people worldwide to view the Games; and

WHEREAS, Through his assistance and encouragement, community programs such as the Olympic Arts Festival, youth sports, and community beautification were developed and presented as an enhancement to the Olympic experience; and

WHEREAS, Because of his efforts, people throughout the world were given a glimpse of the spirit of the people of the City of Los Angeles, the State of California, and the United States of America, and, as a result, helped to foster a better understanding among all nations; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Honorable Tom Bradley, Mayor of Los Angeles, be commended for his efforts in negotiating to bring the Games of the XXIIIrd Olympiad to Los Angeles, for his leadership in organizing local municipal services to aid in the presentation of the Olympics, for his determined efforts to implement innovative methods to provide athletes and visitors to Los Angeles with a memorable, enjoyable, and peaceful experience, and for his unfailing graciousness as the official host of the Olympic Games; and be it further

Resolved, That the Secretary of the Senate transmit a suitably prepared copy of this resolution to Mayor Tom Bradley.

RESOLUTION CHAPTER 142

Assembly Constitutional Amendment No. 55—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending subdivision (b) of Section 1 of Article XIII A thereof, relating to property taxation.

[Filed with Secretary of State September 7, 1984]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December 1982, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending subdivision (b) of Section 1 of Article XIII A thereof to read:

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on (1) any indebtedness approved by the voters prior to July 1, 1978, or (2) any bonded indebtedness for the

acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition.

RESOLUTION CHAPTER 143

Assembly Concurrent Resolution No. 112—Relative to State Highway Routes 40 and 395.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, The Blue Star Memorial Highway Program was adopted by the National Council of State Garden Clubs, Inc., as a living tribute to the men and women of the nation's armed forces; and

WHEREAS, It is fitting and appropriate that further recognition be accorded the many citizens who have sacrificed for our country; and

WHEREAS, State Highway Route 395 extends from Route 15 near Cajon Pass to the Nevada state line and from the Nevada state line northwest of Reno to the Oregon state line; and

WHEREAS, The designation of State Highway Route 395 as a Blue Star Memorial Highway is sponsored by the Oasis Garden Club of Indian Wells Valley and the California Garden Clubs, Inc., with a marker to be placed at the Coso Rest Stop by the Oasis Garden Club; and

WHEREAS, State Highway Route 40 extends from Route 15 at Barstow to the Arizona state line; and

WHEREAS, The designation of State Highway Route 40 as a Blue Star Memorial Highway is sponsored by the Desert Empire District of Upper Mojave Desert and the California Garden Clubs, Inc., with markers to be placed at the Fenner and Desert Oasis (Newberry) Rest Stops; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That State Highway Routes 40 and 395 be designated as Blue Star Memorial Highways; and be it further

Resolved, That the Department of Transportation be requested to accept the markers placed by the Desert Empire District of Upper Mojave Desert at the Fenner and Desert Oasis Rest Stops on Route 40 as official markers and the marker placed by the Oasis Garden Club at the Coso Rest Stop on Route 395 as an official marker; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Transportation, the Secretary of the Business, Transportation and Housing Agency, the Oasis Garden Club of Indian Wells Valley, the Desert Empire District of Upper Mojave Desert, and the California Garden Clubs, Inc.

RESOLUTION CHAPTER 144

Assembly Concurrent Resolution No. 118—Relative to Acquired Immune Deficiency Syndrome.

[Filed with Secretary of State September 7, 1984]

WHEREAS, The Legislature finds that as of June 15, 1984, that 1,212 Californians have been diagnosed as having Acquired Immune Deficiency Syndrome (AIDS); and

WHEREAS, 408 deaths in California have been attributed to AIDS; and

WHEREAS, As of May 31, 1984, 57 Americans have contracted AIDS through blood transfusions and 29 of these people have died due to AIDS; and

WHEREAS, AIDS has directly or indirectly touched the lives of thousands of California residents, including those who have been diagnosed to have AIDS, their families and loved ones, medical and mental health professionals, hemophiliacs, recipients of blood transfusions, and members of other at-risk communities, and many others; and

WHEREAS, The misdiagnosis and delayed treatment of this serious illness is often due to the lack of availability of appropriate services and appropriately trained health personnel; and

WHEREAS, The availability and accessibility of quality health care for people with AIDS is woefully inadequate to meet the geometrically increasing caseload of this deadly disease; and

WHEREAS, California has a strong record of accomplishment in the general fields of public health; and

WHEREAS, Although the federal government must shoulder the largest burden of cost in AIDS research, the State of California, within resources that can be realistically made available, can make an important contribution to these efforts; and

WHEREAS, The federal government is currently pursuing efforts to develop a test to screen blood for high risk of AIDS, the state must be able to advise and assist blood banks, hospitals, clinics, and other affected organizations in implementing these medical advancements as quickly and effectively as possible in order to safeguard the public health; and

WHEREAS, While research efforts must continue, the increasing incidence of this disease demands special attention on a statewide basis; and

WHEREAS, The need for a program of state-assisted preventative education in acquired immunosuppressive diseases, in addition to basic and applied research, is clearly indicated; and

WHEREAS, Planning, funding, and implementation of AIDS-related treatment and services is somewhat disjunctive and lacking in coordination; and

WHEREAS, Health professionals in community agencies serving

the at-risk populations have recognized the need for coordination of AIDS-related prevention efforts in the state; and

WHEREAS, The steady growth and development of community agencies focused on AIDS-related prevention and direct support efforts indicate the need for increased focus by the state on AIDS-related loss of health and loss of life; and

WHEREAS, State and local governments must facilitate the sharing and coordination of services by community action agencies; and

WHEREAS, An assessment of the problem of coordination of services and of areas where services are lacking, inadequate, or problematic is needed; and

WHEREAS, It is imperative that a comprehensive program to combat AIDS be implemented through the combined efforts of state and local governments, medicine, universities, nonprofit organizations, and individuals bringing together all possible resources of the state, and coordinating the efforts of the state is a vital matter of public health; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the AIDS Advisory Committee, established by Chapter 1257 of the Statutes of 1983, is requested to meet at least quarterly during the remainder of 1984 and throughout 1985; and be it further

Resolved, That the committee is requested to submit a preliminary report of its findings, conclusions, and recommendations to the Director of the Department of Health Services not later than December 31, 1984, and a final report of its findings, conclusions, and recommendations to the Director of the Department of Health Services not later than June 1, 1985, and to submit with its reports the legislative proposals it deems necessary to implement its recommendations; and be it further

Resolved, That reports shall address, but need not be limited to, the level of AIDS related treatment, services, and preventative health education services available in the state, areas in which these services are lacking, and the level of coordination of these efforts; and the status of state, federal, and private research efforts related to AIDS, and be it further

Resolved, That it is the intent of the Legislature that funds appropriated for the administrative expenses of the AIDS Advisory Committee in the 1984 Budget Act be also used for the costs of the actions requested by this resolution; and be it further

Resolved, That the Director of the Department of Health Services is requested to transmit all reports and recommendations received from the committee pursuant to this measure to the Governor and the Legislature; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the AIDS Advisory Committee and the Director of the Department of Health Services.

RESOLUTION CHAPTER 145

Assembly Concurrent Resolution No. 146—Relative to civil litigation.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, Lawyers, judges, and others connected with the justice system in California recognize that the rules and procedures regarding discovery in civil litigation in this state have resulted in substantial abuses; and

WHEREAS, These abuses have caused an increase in the cost of litigation to clients and have overloaded the courts with proceedings which many feel are unnecessary for the effective administration of justice; and

WHEREAS, In recognition of this problem, a joint committee appointed by the Chief Justice of the California Supreme Court and the President of the State Bar of California has proposed that a commission shall be established with the concurrence and support of the California Legislature to propose statutory changes in the discovery process; the commission would be under the direction of the State Bar of California and the Judicial Council, and would be funded by the State Bar; and

WHEREAS, The proposed commission would be composed of representatives of the legal community and the judiciary, including representatives of the Judicial Council and the Board of Governors of the State Bar; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature express its support of this proposal by authorizing the Speaker of the Assembly and the Senate Committee on Rules to each appoint one person to serve as members of the proposed commission, to the extent that their participation is not incompatible with their positions as Members of the Legislature; and be it further

Resolved, That the Legislature urges that upon its establishment the commission shall complete its work in an expeditious manner in order that any recommendations regarding new legislation may be made by January 1986.

RESOLUTION CHAPTER 146

Assembly Concurrent Resolution No. 160—Relative to transportation.

[Filed with Secretary of State September 7, 1984]

WHEREAS, The San Fernando Valley has a population of 1.5 million persons, a figure which is expected to grow substantially in the coming years; and

WHEREAS, The transportation system which serves this population is nearing its capacity, causing increasingly severe congestion and delays; and

WHEREAS, These problems have been exacerbated by commute traffic from residents of outlying areas who must commute through the San Fernando Valley; and

WHEREAS, There are no new major highways currently anticipated, and expansion of the current highway system will be insufficient to alleviate traffic congestion; and

WHEREAS, Currently proposed transit projects do not appear to adequately address these traffic problems in a cost-efficient manner; and

WHEREAS, Legislative and administrative efforts to solve these problems have been hampered by a lack of a comprehensive, integrated, long-range strategic planning document; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Southern California Association of Governments is hereby requested to conduct a feasibility study of long-range alternative measures to reduce traffic congestion and provide for a well-coordinated transportation system in the San Fernando Valley and report the results of the study to the Legislature by July 1, 1986; and be it further

Resolved, That the Los Angeles County Transportation Commission is hereby requested to establish a San Fernando Valley Transportation Advisory Committee composed of representatives of citizens groups and affected governmental agencies to assist the commission in identifying, reviewing, and evaluating traffic congestion in specific areas and the San Fernando Valley in general, and the various alternatives modes and programs to reduce this congestion; and that the committee have representatives from, but not limited to, the Los Angeles County Department of Roads, the Los Angeles County Transportation Commission, the Valley Industry and Commerce Association, the Valley Transportation Committee, the Ventura Freeway Improvement Coalition, the Transportation Coalition, and representatives of the transportation committees of the Chambers of Commerce throughout the San Fernando Valley and the United Chambers of Commerce; and be it further

Resolved, That the Los Angeles County Transportation Commission use the results of this study to develop recommendations for highway and transit projects as part of the state transportation improvement program and regional transportation improvement program planning process; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Southern California Association of Governments and the Los Angeles County Transportation

Commission.

RESOLUTION CHAPTER 147

Assembly Concurrent Resolution No. 169—Relative to informing parents about child molestation.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, The safety of our children is a primary concern of all Californians; and

WHEREAS, Molestation can cause grave physical and psychological injury to children; and

WHEREAS, The prevention of child molestation can best be accomplished if parents are adequately informed; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Department of Social Services is requested to develop and distribute a parent information pamphlet, which will inform parents about how to prevent child molestation, about the signs of molestation, and about how they can communicate with and examine their children to determine whether molestation has taken place; and be it further

Resolved, That these parent information pamphlets should be printed at state expense, and distributed, without charge, to the parents or guardians of every child enrolled at any licensed child care facility in California; and be it further

Resolved, That the State Department of Social Services is requested to include in the parent information pamphlet a form which will contain a statement indicating that the parent or guardian of the child has read and understood the pamphlet and a place for the signature of that parent or guardian; and be it further

Resolved, That this form should be signed by the parent or guardian of each child enrolled in a licensed child care facility in this state and presented at the time of the enrollment of the child, and that copies of the form be filed with the facility, the appropriate social services agency of that county, and with the Department of Social Services; and be it further

Resolved, That the process, as described herein, of distribution of the pamphlets and of presentation of signed forms at the time of enrollment of the child should become an ongoing program; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of the Health and Welfare Agency and to the State Director of Social Services.

RESOLUTION CHAPTER 148

Assembly Concurrent Resolution No. 173—Relative to interim studies of the subject matter of AB 3147.

[Filed with Secretary of State September 7, 1984]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the subject matter of AB 3147 of the 1983–84 Regular Session is hereby assigned for interim studies to, respectively, the Assembly Committee on Elections, Reapportionment, and Constitutional Amendments and the Senate Committee on Governmental Organization.

RESOLUTION CHAPTER 149

Assembly Joint Resolution No. 73—Relative to the establishment of a National Academy of Peace and Conflict Resolution.

[Filed with Secretary of State September 7, 1984]

WHEREAS, Our society today is challenged to recognize that war is obsolete and that we must learn to manage conflict without resorting to violence, because regardless of the origin of the conflict, we risk full-scale nuclear war amongst the independent nations; and

WHEREAS, The federal government has four military academies and at least five war colleges whose curricula encompass formal preparations for war, but has not established a single parallel institution to promote peace through nonaggressive means; and

WHEREAS, We must learn more about the roots of conflict, the stages of development of conflict, and design specific types and innovative methods of intervention before we can effectively manage conflict to assure our survival; and

WHEREAS, We have an emerging field of knowledge of conflict management which can prevent a total disaster if responsibility for developing and teaching conflict management skills can be centralized, focused, and stimulated; and

WHEREAS, The Commission on Proposals for the National Academy of Peace and Conflict Resolution has recommended that the National Academy of Peace and Conflict Resolution be established to increase our nation's capability of responding to national and international conflicts and to protect and preserve the life of the citizens of this nation and the world; and

WHEREAS, The United States Peace Academy would be a federally chartered, nongovernmental interdisciplinary institution dedicated to researching and developing realistic plans towards alleviating global conflict; and

WHEREAS, The United States Peace Academy, introduced in the

United States House of Representatives as H.R. 1249 and in the United States Senate as S. 564, is a bold and crucial step towards effective conflict resolution and ultimately a peaceful environment; and

WHEREAS, A United States Peace Academy would not weaken the country's defenses, but rather complement existing arms control negotiations and peacekeeping methods; and

WHEREAS, Participation in the academy's programs will strengthen peace efforts at all levels of society, at both public and private institutions, including specialized schools of diplomacy and military training where traditional departmental alignments often impede cross-disciplinary peace education and innovative training in peacemaking skills; and

WHEREAS, The resolution of conflicts, whether personal, local, national, or international, can best be accomplished by the use of trained personnel, and the systematic use of these skilled peacemakers could save this nation and others countless billions of dollars and untold human suffering; and

WHEREAS, The Peace Academy's immediate impact would demonstrate that the world's most powerful nation does have a genuine interest in, and commitment to peace; and

WHEREAS, Far beyond the immediate impact will be the long-range effect of the Peace Academy as it attracts students from diverse backgrounds, skills, sectors and nations, trains them in the rapidly developing social science of conflict resolution, and sends them back to the growing worldwide pool of expert peacemakers, who can identify and alleviate potential explosion points before eruption; and

WHEREAS, In this way the closed circle of unresolved conflict which breeds more conflict, can be broken, and the spiral directed in a downward course reducing global tension; and

WHEREAS, One of the United States', as well as the world's, most important issues is the subject of peace; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President and Congress are respectfully memorialized to support and implement a National Academy of Peace and Conflict Resolution dedicated to training persons in peaceful conflict resolution techniques; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 150

Assembly Joint Resolution No. 92—Relative to foreign joint venture fisheries.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, Joint venture fisheries in which United States vessels catch fish in the 200-mile Fishery Conservation Zone and transfer them to foreign processing vessels and directed fisheries in which foreign vessels catch fish in the 200-mile Fishery Conservation Zone are interim measures intended to provide markets until domestic processors are able to provide them; and

WHEREAS, Domestic processing of, and markets for, Pacific whiting are presently being developed; and

WHEREAS, Foreign fish processing vessels dump fish wastes into nearshore waters off the California coast which risks souring of prime fishing grounds; and

WHEREAS, Foreign fishing and fish processing vessels were excluded from waters within 12 miles of shore before 1976; and

WHEREAS, Joint venture fisheries in nearshore waters off the California coast compete with California commercial fishermen, impede the development of domestic processing and markets, and needlessly worsen the United States balance-of-trade deficit; and

WHEREAS, The Pacific Marine Fisheries Commission, which represents the States of California, Alaska, Idaho, Oregon, and Washington, met on November 9, 1983, in Boise, Idaho, and voted to support full phase-in of domestic fisheries by 1990 and to oppose extension of joint venture fisheries south of Point Arena; and

WHEREAS, The Pacific Fishery Management Council met on November 11, 1983, in Boise, Idaho, in spite of the Pacific Marine Fishery Commission action and over the opposition of the State of California, and recommended that the Secretary of Commerce allow an extension of a Soviet-United States joint venture fishery for Pacific whiting south of Point Arena; and

WHEREAS, An extension of the joint venture fishery south of Point Arena would be of no benefit to California, off of which coast it would be located; and

WHEREAS, The stocks of Pacific whiting are less mature the further south they are found along the Pacific coast, and the juvenile fish provide forage for salmon and other valuable commercial and recreational species; and

WHEREAS, A joint venture fishery for Pacific whiting in southern California waters would lead to the incidental catch of Pacific mackerel, a species which is being harvested to maximum allowable biological limits by southern California fishermen; and

WHEREAS, The presence of Soviet fish processing vessels off the central and southern California coast would raise serious national security concerns for the United States; and

WHEREAS, The Pacific Fishery Management Council on January 12, 1984, reversed its recommendation to allow an extension of the joint venture fishery south of Point Arena, but could reverse itself again and once more recommend it; and

WHEREAS, The Pacific Fishery Management Council, meeting on April 12, 1984, in San Francisco and on July 12, 1984, in San Diego, over the opposition of the State of California, recommended establishing Soviet and Polish directed fisheries for Pacific whiting north of Point Arena; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That it is the policy of the State of California to support full phase-in of domestic fisheries by 1990, to exclude foreign fish processing vessels from waters within 12 miles of the California coast, and to prevent any extension of joint venture fisheries south of Point Arena and any directed fisheries off the California coast; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the Secretary of Commerce and the Pacific Fishery Management Council to implement these policies; and be it further

Resolved, That the Legislature memorializes the Secretary of Commerce and the Pacific Fishery Management Council to examine the feasibility of excluding foreign fish processing vessels from waters within 30 miles of the California coast to protect and encourage California fishermen and processors; and be it further

Resolved, That the Department of Fish and Game, in cooperation with the Pacific Marine Fisheries Commission and the Joint Committee on Fisheries and Aquaculture, prepare and submit an annual report to the Legislature by January 1 of each year commencing in 1985, and continuing each year until January 1, 1990, on the progress made toward implementing these policies and these memorials; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of State of the United States, to the Secretary of Commerce, to the Chairperson of the Pacific Fishery Management Council, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States, to the Director of Fish and Game, to the Executive Director of the Pacific Marine Fisheries Commission, and to the Chair of the Joint Committee on Fisheries and Aquaculture of the Legislature.

RESOLUTION CHAPTER 151

Assembly Joint Resolution No. 100—Relative to veterans of Lebanon and Grenada.

[Filed with Secretary of State September 7, 1984]

WHEREAS, The government of the United States, in the interest of international security, has deemed it necessary to place members of its armed forces in Lebanon and on the island of Grenada; and

WHEREAS, The armed forces serving on these foreign shores have engaged in combat with hostile forces; and

WHEREAS, These engagements have resulted in members of the armed forces being wounded or killed in action; and

WHEREAS, The recently enacted Omnibus Tax Reform Act (P.L. 98-369) restricts the eligibility for state-administered veteran home loans such as the Veterans' Farm and Home Purchase Act of 1974, the "Cal-Vet" program, to veterans with active service before January 1, 1977; and

WHEREAS, It has been the policy of the United States government since 1944 to provide members of the armed forces who have served during times of armed conflict with special services and assistance; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President and Congress is hereby respectfully memorialized to reinstate the Veterans' Readjustment Benefits Act of 1966, with cost-of-living adjustments, for veterans who have served in the Lebanon and Grenada theaters of operation on or after August 25, 1982, until hostilities cease and the United States armed forces are withdrawn; and be it further

Resolved, That the Omnibus Tax Reform Act be amended to permit veterans who have been awarded the Lebanon Expeditionary Medal or the Grenada Expeditionary Medal to be eligible for veteran home loans such as provided under the Cal-Vet program; and be it further

Resolved, That veteran outreach centers and other federally funded counseling services be made immediately available to veterans who have served in the Lebanon or Grenada theaters of operation and to their families; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 152

Assembly Joint Resolution No. 101—Relative to federal income taxation.

[Filed with Secretary of State September 7, 1984]

WHEREAS, The computer software and high technology industries constitute significant assets of the economy of the State of California, providing employment to hundreds of thousands of its citizens; and

WHEREAS, These industries have previously flourished, in part, as the result of a sensible federal tax policy which has permitted them to deduct the costs of developing software in the same manner as research and experimental expenditures that fall within the purview of Section 174 of the Internal Revenue Code of 1954; and

WHEREAS, This previous tax policy, as enunciated by the Internal Revenue Service in Revenue Procedure 69-21, will be reversed by the Internal Revenue Service's promulgation on January 21, 1983, of proposed amendments to Regulation 1.174-2, which would generally deny to computer software development costs the federal tax treatment accorded to research and development expenditures; and

WHEREAS, Those proposed regulatory changes will have the direct effect of singling out the software and high technology industries for increased federal tax liability; and

WHEREAS, Those proposed regulatory changes will have a significant deleterious impact upon those industries, which are already burdened by a heavy dependence on borrowed capital; and

WHEREAS, Those regulatory changes will inevitably force those industries to reduce their research and development expenditures, expenditures which represent a significant factor in permitting them to effectively compete in an ever-changing world market; and

WHEREAS, The reduction of those expenditures will most assuredly threaten or eliminate the present technological lead that those industries operating within the United States concurrently enjoy in the world market; and

WHEREAS, The foregoing results would quite likely force the software and high technology industries to relocate their operations outside the United States, with the consequential loss of thousands of jobs of citizens of this state and nation; and

WHEREAS, The provisions of Section 174 of the Internal Revenue Code of 1954 indicate a federal tax policy in favor of encouraging research and development activity by businesses generally, including the software and high technology industries; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Internal Revenue Service to rescind its proposed amendments to Regulation 1.174-2 in favor of the adoption of

regulations or guidelines which would permit the deduction of computer software development costs for federal income tax purposes in the same manner as permitted for other research and experimental expenditures; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States, in the event that the Internal Revenue Service does not rescind those proposed regulatory amendments, to immediately enact and implement tax legislation which would clearly enunciate that computer software development costs are to be treated as research and experimental expenditures for federal income tax purposes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 153

Assembly Joint Resolution No. 113—Relative to the Social Security Act.

[Filed with Secretary of State September 7, 1984]

WHEREAS, More than 4 million Californians are over the age of 60, and more than 2.5 million Californians are over the age of 65; and

WHEREAS, More than 3.1 million Californians who are aged or disabled, or who are survivors or dependents of persons eligible for Social Security benefits, depend for their survival on the Social Security System; and

WHEREAS, The National Commission on Social Security Reform will present a report and recommendations to the President and Congress on or before the end of this year; and

WHEREAS, The solution to the problem of containing costs should not be future cuts in benefits provided by the Social Security System; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and the leadership of the Congress of the United States to assure the senior citizens of this state and this country that no efforts will be made to enact major changes in the benefit or financing structure of the Social Security System in this session of Congress, and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each

Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 154

Assembly Joint Resolution No. 114—Relative to California's air transportation system.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, One of the most significant issues facing California air transportation in the coming decade will be the decay of the state's public use airport system and the need to secure adequate, long-term funding to preserve and enhance the existing airport system; and

WHEREAS, Thirty-eight percent of California's airports will reach or exceed their original design life within 10 years; and

WHEREAS, This figure will increase to 80 percent in 15 years; and

WHEREAS, Current state and federal airport aid programs may be able to maintain or rehabilitate only 20 percent of the affected air facilities; and

WHEREAS, Without adequate funding, 170 California public use airports will deteriorate to unacceptable levels; and

WHEREAS, Funding shortfalls for both air carrier and general aviation airports for the 1984–88 period are projected to be nearly $1.3 billion; and

WHEREAS, California accounts for 18 percent of the nation's total air carrier passenger activity, generating in excess of $360,000,000 annually into the Federal Aviation Trust Fund; and

WHEREAS, The return to California of federal airport trust funds averages approximately $40,000,000 per year; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President, the Congress, and the Secretary of Transportation to recognize the pending crisis facing California's air transportation system and to take all appropriate action to increase the amount of California aviation tax dollars returned to the state to assist in preserving and enhancing that system; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of Transportation, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 155

Assembly Joint Resolution No. 117—Relative to Filipino veterans of the United States Armed Forces.

[Filed with Secretary of State September 7, 1984]

WHEREAS, During World War II, approximately 175,000 citizens of the Philippine Islands served with the armed forces of the United States with assurances of United States citizenship in return for this wartime service; and

WHEREAS, Many of these Filipino veterans are unable to provide definitive proof of service in the United States armed forces and of their application for United States citizenship during the required application period due to the long lapse of time; and

WHEREAS, As a result of this situation, over 1,600 of these Filipino veterans of the United States armed forces are now being threatened with deportation because of the unyielding pursuit of these cases by the United States Immigration and Naturalization Service on grounds of inadequate documentation and other technicalities; and

WHEREAS, Most of these persons are now at retirement age or beyond, and the threat of deportation represents a great personal hardship; and

WHEREAS, This pursuit of deportation proceedings against these veterans who served in the defense of this country amounts to a great injustice; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to direct that the actions of the United States Immigration and Naturalization Service against these Filipino veterans of the United States armed forces who served during World War II be discontinued forthwith and that appropriate action be taken to grant United States citizenship to these persons; and be it further

Resolved, That copies of this resolution be transmitted to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the United States Immigration and Naturalization Service.

RESOLUTION CHAPTER 156

Assembly Joint Resolution No. 130—Relative to pesticides.

[Filed with Secretary of State September 7, 1984]

WHEREAS, Agriculture is California's leading industry, providing a vital link in a chain, either directly or indirectly, involving millions of Californians in getting food from the farmers' fields to the consumers; and

WHEREAS, California's agricultural productivity forms the cornerstone of the state's economy, contributing over 14 billion dollars in gross farm receipts from the production of 250 different crops and livestock products; and

WHEREAS, California is the leading agriculture producing state in the United States, and California's food and fiber is a vital ingredient in our strength as a nation, both domestically and internationally; and

WHEREAS, The sound use of agricultural chemicals is vital to the continued growth and well-being of California's agricultural industry; and

WHEREAS, The Environmental Protection Agency (EPA) has the responsibility for registering pesticides for use in the United States; and

WHEREAS, The California Legislature has, over the years, expanded the pesticide regulatory program in the State Department of Food and Agriculture to meet the needs and concerns of this state's citizens; and

WHEREAS, The department has the most comprehensive pesticide regulatory program in the nation with an annual cost of approximately 20 million dollars, which places a financial burden on California; and

WHEREAS, Bills are before the California Legislature that require pesticide registrants to provide the department with chronic and birth defect studies for all pesticide active ingredients; and

WHEREAS, California's expansion of data and study requirements for pesticides put the formulators, that serve California's specialty crops, under a costly burden that could result in the loss of needed pesticides that fit into pest management programs; and

WHEREAS, California's specialty crops are essential elements in the state's agricultural economy and are dependent upon the availability of a wide variety of pest control materials; and

WHEREAS, Many pesticides are not covered by propriety rights, and therefore no company can be assured of receiving benefits from funding required studies; and

WHEREAS, State pesticide data requirements bring the problem-riddled data compensation issue to the state level; and

WHEREAS, State data requirements increase the burdens on pesticide registrants, increase duplication of effort between the state and the EPA, and increase nonuniformity between state and federal data requirements; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature respectively memorializes the Administrator of the Environmental Protection Agency to expedite the call-in and evaluation of data to support the registration of pesticides with an emphasis on health related data, including, but not

limited to, chronic and birth defect studies, and to provide this data to the Director of the California Department of Food and Agriculture, upon the director's request and with the director's assurance that trade secrets will be adequately protected, and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Administrator of the Environmental Protection Agency.

RESOLUTION CHAPTER 157

Assembly Joint Resolution No. 132—Relative to the 1985 federal farm bill.

[Filed with Secretary of State September 7, 1984]

WHEREAS, Agriculture is California's most important industry, with economic impact on the entire state; and

WHEREAS, California is the nation's leading agricultural state producing more than 250 different food and fiber commodities; and

WHEREAS, Many past federal farm programs have not been successful in meeting marketplace realities and in solving problems of surplus production; and

WHEREAS, There is a need to fashion a federal farm bill that addresses regional needs and focuses on a strong comprehensive national agricultural policy that benefits both the consumer and the farmer; and

WHEREAS, California's unique array of specialty crops presents this state with a different set of domestic and international problems than the rest of the nation; and

WHEREAS, These factors result in California agriculture having specific problems and circumstances that should be adequately addressed in the federal farm bill; and

WHEREAS, The Chairman of the Committee on Agriculture of the United States House of Representatives held a field hearing in California and received testimony from this state's residents on the unique problems facing California agriculture that should be addressed in the 1985 federal farm bill; and

WHEREAS, A new federal farm act will be drafted and adopted in 1985; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to recognize this state's needs in the 1985 federal farm bill; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Chairman of the Committee on Agriculture of the United States House of Representatives and to each Senator and

Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 158

Assembly Joint Resolution No. 136—Relative to refugees.

[Filed with Secretary of State September 7, 1984]

WHEREAS, California has become the home for almost 50 percent of all refugees resettled in the United States, more refugees than at least the next eight most heavily impacted states combined; and

WHEREAS, The human services programs of this state, its counties, and municipalities have been severely impacted as a result of this large concentration of refugees; and

WHEREAS, The goal of economic self-sufficiency is not the total responsibility of state and local governments; and

WHEREAS, Targeted assistance funds have been provided by Congress to alleviate the fiscal and social impact on state and local governments; and

WHEREAS, House Resolution 3759 instructs the Office of Refugee Resettlement in the United States Department of Health and Human Services to allocate targeted assistance on the basis of a county's total refugee population, not just those refugees who have been in the United States for three years or less; and

WHEREAS, The Office of Refugee Resettlement has ignored this directive and published an allocation formula for the 1984 fiscal year which utilizes targeted assistance moneys to supplement other refugee programs; and

WHEREAS, The Office of Refugee Resettlement has proposed limiting the use of targeted assistance solely for the support of employment and employment-related services; and

WHEREAS, There are other important services which strengthen the foundations of this population which have fiscal and social impacts on programs such as mental health, health care, criminal justice, and educational systems; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature memorializes the President and Congress of the United States and the Secretary of the United States Department of Health and Human Services to take whatever action is necessary in order to withdraw the proposal to utilize targeted assistance funds for refugees in the 1984 fiscal year to supplement other refugee programs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States and to the Secretary of the United States Department

of Health and Human Services.

RESOLUTION CHAPTER 159

Assembly Joint Resolution No. 137—Relative to veterans' benefits.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, 44,000 California veterans and eligible dependents receive education and training under Veterans' Administration educational programs, which totalled more than $161,000,000 in monetary benefits in 1983; and

WHEREAS, The Veterans' Administration's current educational enrollment certification procedure required to be performed by California schools allows veteran students to be certified for complete school years; and

WHEREAS, This procedure has proven to be between 93 and 95 percent effective in preventing overpayments while providing consistent, timely payment of benefits; and

WHEREAS, The Veterans' Administration intends to alter this successful system in the fall of 1984 to require term-by-term recertification no sooner than the first day of each school semester, trimester, or quarter; and

WHEREAS, The two-, three-, or four-fold increase in workload, which, in disregard of the Paperwork Reduction Act of 1980, will create severe hardships for veterans attending college in California through backlogs and long delays in educational benefits payments which the majority of veteran students depend upon to pay for school fees and related expenses; and

WHEREAS, Colleges and universities nationwide have protested to the Veterans' Administration that this new system will multiply their paperwork requirements; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President and Congress of the United States are respectfully memorialized to direct the Veterans' Administration to reverse its announced policy of requiring term-by-term recertification of veteran students and to reinstitute its current education enrollment certification procedure by which eligible veteran students are certified for complete school years; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Veterans' Administration.

RESOLUTION CHAPTER 160

Assembly Joint Resolution No. 139—Relative to supercomputer centers.

[Filed with Secretary of State September 7, 1984.]

WHEREAS, The erosion of the United States' position as a world leader in science, engineering and technology has become a matter of national concern; and

WHEREAS, If the United States is to avoid erosion of its position as a world leader in these fields, access to sophisticated computer hardware systems must be ensured; and

WHEREAS, It is also vitally important that the United States continue to produce scientists and engineers who have had experience with supercomputers; and

WHEREAS, Proposals are being submitted to the National Science Foundation for the establishment of a national supercomputer center at the University of California; and

WHEREAS, Due to this state's vital role in the development of this nation's computer technology, it would be of immense value both to this state and to the nation to establish a supercomputer center at the University of California; and

WHEREAS, The establishment of this supercomputer center would allow many individuals, in a university research setting, to acquire the greatly needed hands-on experience with supercomputers; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact legislation providing adequate funding for the establishment of supercomputer centers; and be it further

Resolved, That the Legislature memorializes the National Science Foundation to grant the necessary funding for the establishment of a supercomputer center at the University of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Director of the National Science Foundation.

RESOLUTION CHAPTER 161

Assembly Joint Resolution No. 142—Relative to fish and wildlife management.

[Filed with Secretary of State September 7, 1984]

WHEREAS, The construction of the Trinity River division of the Central Valley project in California, which was authorized by the Congressional Act of August 12, 1955 (69 State. 719), has substantially reduced the streamflow in the Trinity River Basin and badly damaged pools, spawning gravels, and rearing areas and has caused a drastic reduction in the anadramous fish populations and a decline in the scenic and recreational qualities of the river system; and

WHEREAS, The loss of land areas inundated by two reservoirs constructed in connection with the project has caused substantial reductions in the populations of deer and other wildlife historically found in the Trinity River Basin; and

WHEREAS, A fish and wildlife management program has been developed by an existing interagency advisory group, called the Trinity River Basin Fish and Wildlife Task Force; and

WHEREAS, The Secretary of the Interior of the United States requires additional authority to implement a basinwide fish and wildlife management program in order to achieve the long-term goal of restoring fish and wildlife populations in the Trinity River Basin at the level existing immediately before the start of the construction of the Trinity River division; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States of America to pass House Resolution 1438 of the 1st Session of the 98th Congress, which was introduced February 15, 1983 by Representatives Chappie, Bosco, and Shumway, which calls on the Secretary of the Interior to formulate and implement a fish and wildlife management program for the Trinity River Basin designed to restore the fish and wildlife populations in the basin to the levels existing immediately prior to the start of the construction, and to maintain those levels, and calling on the establishment of the Trinity River Basin Fish and Wildlife Task Force, with fourteen members as set forth, including representation selected by the Humboldt County Board of Supervisors, the Trinity County Board of Supervisors and the Hoopa Tribe of the Hoopa Valley Indian Reservation, California, for the purpose of monitoring the implementation of this resolution, and calling for a federal appropriation of $33,000,000 to remain available thereafter until expended, and for the sum of $2,200,000 annually for a ten-year period for the cost of operations, maintenance, and monitoring authorized by this resolution; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President of the United States to sign

H.R. 1438 after Congressional passage; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 162

Senate Constitutional Amendment No. 23—A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by adding Section 15 to Article XI thereof, relating to financing government.

[Filed with Secretary of State September 10, 1984]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1983–84 Regular Session commencing on the sixth day of December 1983, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by adding Section 15 to Article XI, thereof, to read:

SEC. 15. (a) All revenues from taxes imposed pursuant to the Vehicle License Fee Law, or its successor, other than fees on trailer coaches and mobilehomes, over and above the costs of collection and any refunds authorized by law, shall be allocated to counties and cities according to statute.

(b) This section shall apply to those taxes imposed pursuant to that law on and after July 1 following the approval of this section by the voters.

RESOLUTION CHAPTER 163

Senate Concurrent Resolution No. 66—Relative to telephone rates.

[Filed with Secretary of State September 10, 1984]

WHEREAS, The Legislature finds that the impact of the divestiture of American Telephone and Telegraph Corporation on the structure of the telephone industry and on telephone service to California citizens will be significant, but the total ramifications will not be known fully until the implementation of the divestiture is complete; and

WHEREAS, Universal telephone service, or telephone service available to all people, has been a standard in this state and nation

since the invention of the telephone; and

WHEREAS, The Legislature lacks adequate information to judge the reliability of local-measured service and flat-rate billing methods that the telephone industry uses and is especially concerned about the economic impact of these methods on elderly, rural, low-income residential users, and nonprofit organizations; and

WHEREAS, The Legislature needs to obtain adequate information so that it is able to make policy decisions, if necessary, about local-measured service that are fair to the needs of the citizens of this state and that are in keeping with a standard of high quality and universal telephone service; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Public Utilities Commission is requested to conduct a study and make recommendations to the Legislature on or before July 31, 1985, concerning (1) the potential impact on residential customers of a mandatory measured or a usage-sensitive method of billing for local telephone service, and (2) the impact that the various billing methods, including, but not limited to, local-measured service and flat-rate billing methods used by the telephone industry in this state have on rural customers, the elderly, small businesses, and nonprofit organizations; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Public Utilities Commission.

RESOLUTION CHAPTER 164

Senate Concurrent Resolution No. 89—Relative to memorializing the Honorable Chief Justice Roger J. Traynor.

[Filed with Secretary of State September 10, 1984.]

WHEREAS, During his long and productive life, Roger J. Traynor, one of the most distinguished jurists in the history of the United States, made a significant contribution to the cause of justice for all Californians, and it is appropriate that his achievements should be hereby memorialized; and

WHEREAS, Chief Justice Traynor was born on February 12, 1900, in Park City, Utah, and he served his country as a member of the United States Army during World War I; and

WHEREAS, He attended the University of California at Berkeley, from which he received a bachelor of arts degree in 1923, a master of arts degree in 1924, and a law degree and doctor of philosophy degree in political science in 1927; in 1958, he also received the honorary degree of doctor of laws from his alma mater, and was subsequently similarly honored by the University of Chicago, the University of Utah, and Boston College; and

WHEREAS, He married the former Madeleine Lackman in 1933, and they were the parents of three sons, John Michael, Joseph Malachy, and the late Stephen Pierre; and

WHEREAS, Chief Justice Traynor served the University of California at Berkeley as an instructor in political science from 1926 to 1929, and as a professor at the Boalt Hall School of Law from 1929 to 1940; and

WHEREAS, Governor Culbert L. Olson appointed him an Associate Justice of the Supreme Court of California in 1940; after twenty-four years of brilliant service on the state's high court, he was appointed Chief Justice of California in 1964 by Governor Edmund G. Brown Sr.; and

WHEREAS, After his retirement from the bench in 1970, Chief Justice Traynor continued his service to his state and profession as a professor at Hastings College of the Law and as a lecturer and visiting professor at other prestigious institutions; and

WHEREAS, During his career, he exerted a profound influence on the development of law and the administration of justice through his numerous publications in legal periodicals, his addresses to professional groups, and, most of all, through his published judicial opinions, which are renowned for their clarity and scholarship; and

WHEREAS, Chief Justice Traynor is recognized by the Anglo-American legal community as one of the most outstanding judges in the history of the common law tradition, and his greatness was acknowledged in the many honors he received; and

WHEREAS, Chief Justice Traynor passed away on May 14, 1983, and, through his life's work, he has left to all Californians a magnificent legacy of justice under law; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby memorializes the many achievements of the late Chief Justice Roger J. Traynor and expresses the gratitude of the people of California for the brilliant service which he provided them; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to Madeleine Traynor, John Michael Traynor, and Joseph Malachy Traynor.

RESOLUTION CHAPTER 165

Senate Concurrent Resolution No. 27—Relative to a study of drinking and driving laws.

[Filed with Secretary of State September 12, 1984]

WHEREAS, It is recognized that between 50 and 70 percent of all fatal highway accidents are alcohol-involved; and

WHEREAS, The Legislature has found that drinking drivers contribute to a substantial number of fatalities, permanent disability, and property damage in California; and

WHEREAS, The effectiveness, efficiency, and consistency in the administration of the state's drinking and driving laws recently enacted to increase fines, restrict plea bargaining, and make those persons who drive with a 0.10 percent or more blood alcohol level guilty of a misdemeanor, have not been established; and

WHEREAS, The results of an evaluation will be of importance to the Legislature in determining the effectiveness of drinking and driving laws as deterrent measures; and

WHEREAS, The annual economic costs of alcohol-related motor vehicle accidents amount to about $2.2 billion in California; and

WHEREAS, The Intergovernmental Advisory Council on Alcohol, Drugs and Traffic Safety has been established to review proposed and enacted federal and state legislation and to study evaluations in the area of alcohol, drugs, and traffic safety; and

WHEREAS, The council will be monitoring major studies and programs addressing alcohol, drugs, and traffic safety and formulating recommendations; and

WHEREAS, Research and program evaluation are essential components of a comprehensive systems approach to solving the drinking driver problem; and

WHEREAS, An evaluation will assist state and local agencies to more clearly interpret alcohol and highway safety data, including the confounding effect of variables, such as vehicle mileage, that may effect an accurate assessment for application to alcohol and driving prevention, enforcement, adjudication, treatment, and research programs; and

WHEREAS, The council will be recommending any administrative changes or additional legislation it believes necessary, and will be providing an annual report to the Governor's office; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Intergovernmental Advisory Council on Alcohol, Drugs and Traffic Safety is requested to prepare a report containing an evaluation of the efficiency, effectiveness, and consistency of the administration of the state's drinking and driving laws, and to adopt recommendations resulting from this evaluation for the modification, repeal, or addition of procedures or laws that will enhance the operation and effectiveness of current drinking and driving laws, and to submit the report and its recommendations to the Legislature on or before July 1, 1987; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Secretary of the Business, Transportation and Housing Agency and to the Chairman of the Governor's Intergovernmental Advisory Council on Alcohol, Drugs and Traffic Safety.

RESOLUTION CHAPTER 166

Senate Joint Resolution No. 49—Relative to refugees.

[Filed with Secretary of State September 12, 1984]

WHEREAS, California has an estimated 300,000 refugees, approximately 40 percent of all refugees admitted into the United States since 1975; and

WHEREAS, The refugees who come to the United States have unique needs, such as cultural orientation, an understanding of the Western work habit, and the need for English speaking ability that must be addressed before they can become competitive in the job market; and

WHEREAS, The Legislature has both a humanitarian and fiscal interest in seeing refugees become economically self-sufficient as soon as possible; and

WHEREAS, The traditional public assistance programs are not designed to take into account, or provide programs to meet, the unique needs of refugees; and

WHEREAS, The United States House of Representatives in reauthorizing the Refugee Act of 1980 through the Refugee Assistance Extension Act of 1983 has recognized that alternate programs outside of the current welfare system must be developed to provide cash and medical assistance to needy refugees while their general orientation to America is accomplished; and

WHEREAS, The Federal Office of Refugee Resettlement is exploring such program alternatives to be tested in some states and their reauthorization of the Refugee Act of 1980; now, therefore, be it

Resolved, That the Legislature hereby memorializes the Senate and President of the United States to join with the House of Representatives in order to enact the Refugee Assistance Extension Act of 1983; and be it further

Resolved, That the Legislature hereby memorializes the Congress and President of the United States to enact provisions allowing for a pilot program in which a state may participate for refugee resettlement of those refugees who would otherwise be eligible for the Aid to Families with Dependent Children program, as well as local general assistance programs. This program should include all of the following:

(1) A requirement that refugees would obtain federally funded cash assistance and medical benefits from this program, rather than from the state's Aid to Families with Dependent Children program or from county general assistance programs, and that any refugee qualifying for this program would be eligible up to three years from the date of arrival in the United States.

(2) A requirement that a participating state use the same needs test, sanctions, and appeal procedure for this program that it would

use for its Aid to Families with Dependent Children program.

(3) A requirement that refugees participating in this program shall receive training in English language skills and a familiarization in American life and the Western work habit, if an assessment of the refugee's employability deems these services necessary to make the refugee competitive in the job market.

(4) A provision permitting the transfer of funds used by a state pursuant to Title IV (a) and Title XIX of the federal Social Security Act (42 U.S.C. Sec. 601 et seq., Sec. 1396 et seq.), in order to defray the costs of providing cash assistance and medical benefits to refugees otherwise eligible for the state's Aid to Families with Dependent Children or Medicaid programs.

(5) A provision permitting expenditure of federal discretionary funds appropriated to the federal Office of Refugee Resettlement, if funds utilized pursuant to subdivision (4) are not sufficient to fund this demonstration project.

(6) A requirement that periodic evaluations are conducted regarding the efficacy of the pilot project approach; and be it further

Resolved, That the Secretary of the Senate shall transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative in the California delegation.

RESOLUTION CHAPTER 167

Senate Concurrent Resolution No. 55—Relative to the Judges' Retirement System.

[Filed with Secretary of State September 13, 1984]

WHEREAS, It is to the benefit of the members of all public employee retirement systems and of the people of the State of California that all retirement systems operate on a fully funded and actuarially sound basis; and

WHEREAS, The Judges' Retirement Law declares that on and after January 1, 2002, the Judges' Retirement System shall be fully funded; and

WHEREAS, The system is now less than .4 percent funded and has accrued an annually increasing unfunded liability of over $450,000,000; and

WHEREAS, The special character of the Judges' Retirement System and the financial condition of the state require continuing consideration of the funding objectives of the system; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature requests the heads of the following departments, agencies, or entities to establish a study team

under the direction of the Public Employees' Retirement System to be comprised of one representative from each of the following: the California Judges Association, and the Department of Finance; one public member to be appointed by the Governor; one Member of the Senate to be appointed by the Senate Rules Committee; and one Member of the Assembly to be appointed by the Speaker; and be it further

Resolved, That the study team shall determine an appropriate plan for the funding of the system and shall consider the following:

(a) The present actuarial condition of the Judges' Retirement Fund.

(b) The anticipated fiscal requirements necessary to meet the system's obligations between 1984 and 2002.

(c) The consequences of continued operation as an unfunded system.

(d) The present benefit structure as it relates to the level of income replacement determined to be necessary to maintain the living standards of retired judges.

(e) The feasibility and cost implications of any changes in the present benefit structure which may be desirable in consideration of (d) above and the objectives of the system.

(f) The cost implications of those provisions in the present benefit structure which tend to encourage deferred retirement and retirement prior to age 70.

(g) Alternative funding sources.

(h) Alternative system designs, including actuarial assumptions, contribution rates, funding dates and objectives.

(i) Any other actuarial and policy considerations which bear upon the financial soundness of the system; and be it further

Resolved, That the study team shall consult with appropriate legislative staff and prepare a preliminary report of its study to be presented at a public hearing conducted no later than November 1, 1984; and be it further

Resolved, That the study team prepare a final report of its study, to include written comment from interested parties together with its recommendation to the appropriate policy and fiscal committees of the Legislature no later than January 1, 1985.

RESOLUTION CHAPTER 168

Senate Concurrent Resolution No. 91—Relative to Cathedral High School.

[Filed with Secretary of State September 13, 1984.]

WHEREAS, Cathedral High School of Los Angeles is the oldest Catholic High School established by the Archdiocese of Los Angeles;

in its distinguished 60-year history, it has educated many thousands of young men of a wide variety of ethnic backgrounds reflecting the changing nature of the east side of Los Angeles, and Cathedral High School has been one of the most important educational institutions serving Los Angeles' large Latino community; and

WHEREAS, The Christian Brothers, who operate the school, have provided outstanding education to many of Los Angeles' top professionals; and the school and its faculty and graduates have all made enormous contributions to the greater Los Angeles community which has enriched and been enriched by Cathedral High School over the years; and

WHEREAS, Cathderal High School is an institution in which the broad cultural and social history of Los Angeles is truly exemplified; and

WHEREAS, It has recently been announced that the property will be sold for the potential development of a housing and commercial project; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature finds that because of the value of the Cathedral High School facility to the community, every effort should be made to accommodate the people of Los Angeles; and be it further

Resolved, That any action taken regarding use of the school site and facilities of Cathedral High School be for the continued benefit of the people of Los Angeles.

RESOLUTION CHAPTER 169

Senate Joint Resolution No. 40—Relative to the establishment of a national "silver-haired" congress.

[Filed with Secretary of State September 13, 1984]

WHEREAS, Twenty states, including California, have adopted some form of state senior citizen legislative body; and

WHEREAS, Older residents of California and other states have been afforded an opportunity to express their concerns and to promote appropriate interests; and

WHEREAS, State government leaders, including the California State Legislature, have found these special legislatures to be in the best interests of older and younger residents, alike; and

WHEREAS, The California State Legislature has found the California Senior Legislature to be an invaluable asset in identifying and meeting the needs of older adults; and

WHEREAS, State Senior Legislatures have dealt with primarily state-based concerns and have relied upon nationally oriented institutions to promote the national concerns of elders; and

WHEREAS, The genesis of a national silver-haired congress may provide an important, new dimension for the promotion of elder rights in a legislative mode; and

WHEREAS, The purposes of a national silver-haired congress would effectively parallel those purposes which are now promoted on an individual state level; and

WHEREAS, A national congress for older adult concerns would serve as a complement to many organizations now operating on behalf of older Americans; and

WHEREAS, A national silver-haired congress would serve as a grass roots, nonpartisan, national forum for all older adult concerns, without regard to race, creed, color, national origin or social status; and

WHEREAS, A national silver-haired congress would provide a nationally visible forum for responsible involvement by older adults in the legislative process resulting in a focal point for the concerns of older Americans; therefore, be it

Resolved, by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President and the Congress to support and enact legislation which would authorize a national silver-haired congress and offer the use of the national legislative chambers for their convention and deliberations, and be it further

Resolved, That in the event a National Silver-Haired Congress is established,all efforts will be made to obtain funding from the private sector for support of the activities of that senior legislative body, and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 170

Senate Joint Resolution No. 47—Relative to flood control in the Santa Ana River basin.

[Filed with Secretary of State September 13, 1984]

WHEREAS, One of the greatest flooding threats in the United States lies within the overflow path of the Santa Ana River within Orange County; and

WHEREAS, In this century, there have been 14 medium to severe winter floods in the Santa Ana River basin, including one in 1938 which devastated central Orange County and killed 45 persons; and

WHEREAS, Congress acted quickly after the 1938 flood and

authorized construction of Prado Dam near Corona, which was completed in 1941; and

WHEREAS, Subsequent study by the United States Army Corps of Engineers has estimated that a flood like the one which occurred in 1862, a flood not included in the design of Prado Dam, would fill the reservoir beyond its capacity, with the uncontrolled flow over the spillway harming more than one million people and causing damage and economic loss of more than nine billion dollars, and would cover 100,000 acres of central Orange County to an average depth of three feet; and

WHEREAS, the Boards of Supervisors of Orange, Riverside, and San Bernardino Counties have requested the Corps of Engineers to remedy this great flood hazard, but construction has not yet been authorized by Congress; and

WHEREAS, If authorized in 1984, the earliest anticipated completion would be not sooner than about 1999; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to authorize funding for flood control improvements in the Santa Ana River basin; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to each Senator and Representative from California in the Congress of the United States, and to the Chief of the United States Army Corps of Engineers.

RESOLUTION CHAPTER 171

Senate Joint Resolution No. 51—Relative to the Mexican fruit fly.

[Filed with Secretary of State September 13, 1984]

WHEREAS, The Mexican fruit fly is a voracious pest whose principal hosts are apples, apricots, avocados, grapefruit, nectarines, oranges, peaches, pears, and plums; and

WHEREAS, A statewide infestation in these crops could annually cost as much as $87 million in crop losses and an additional $20 million in spray costs per year; and

WHEREAS, An infestation of this pest would be detrimental to the state, causing in addition to serious commercial crop damage, the destruction of gardens and parks; and

WHEREAS, The Mexican fruit fly is a constant threat to California having caused an infestation in 1954 which was eradicated in southern San Diego and Imperial Counties; and

WHEREAS, An infestation of this fly has been found in Los

Angeles County in 1983, which eradication costs are expected to be between $2 million and $3 million through the summer of 1984; and

WHEREAS, If the Mexican fruit fly were established in California, an additional 2 million pounds of pesticides would be put into the environment annually to control it; and

WHEREAS, The use of sterile fruit flies is a proven integrated pest management tool which can possibly eradicate small populations of Mexican fruit flies; and

WHEREAS, Sterile Mexican fruit flies were not available for the Los Angeles area infestation because insufficient rearing facilities exist; and

WHEREAS, The United States Department of Agriculture's (U.S.D.A.) sterile Mexican fruit fly production center in Monterey, Mexico does not have the capacity to produce sufficient numbers of sterile flies for California's potential future needs; and

WHEREAS, The U.S.D.A. is planning to construct a permanent sterile fly rearing facility by July, 1985, at its Mission, Texas site for the purposes of eradicating or suppressing a Mexican fruit fly infestation in the Rio Grande Valley or eventually creating a buffer zone across the Mexican border; and

WHEREAS, Since Americans are a highly mobile society and since the Mexican fruit fly heavily infests the northern portions of Mexico along our border, it is reasonable to assume that California will again experience Mexican fruit fly outbreaks; and

WHEREAS, Significant numbers of residents in densely populated areas have expressed concern about possible health effects associated with the aerial spraying of pesticides to eradicate the Mexican fruit fly; and

WHEREAS, The California Department of Food and Agriculture is contracting with the United States Department of Agriculture to provide funding to maintain the interim Mexican fruit fly rearing facility, to investigate mass rearing techniques, and to provide sterile flies to California in case of another outbreak; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That California's contribution to this proposed joint federal and state sterile fly rearing center would be its share of the costs to maintain the facility with the understanding that California would receive top priority on sterile fly production during any eradication effort within California; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the United States Secretary of Agriculture and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 172

Senate Joint Resolution No. 54—Relative to the release of Dr. Yosef Begun.

[Filed with Secretary of State September 13, 1984.]

WHEREAS, The citizens of the State of California are concerned about the suppression of political and religious freedoms; and

WHEREAS, These same citizens are committed to the preservation of diverse languages and cultures, in addition to our nation's primary language; and

WHEREAS, In the Soviet Union the Hebrew language is the only language prohibited by that government; and

WHEREAS, Dr. Yosef Begun, a Jew in the Soviet Union, was born, raised and educated in Moscow; and

WHEREAS, In 1971, upon applying for emigration to the State of Israel, Dr. Yosef Begun lost his job and was denied emigration on grounds of "regime considerations"; and

WHEREAS, After numerous odd jobs, Dr. Yosef Begun began work as a private Hebrew teacher until he was arrested and exiled to Siberia in an attempt by authorities of the Soviet Union to rid him of his "parasitism"; and

WHEREAS, In November 1982, Dr. Yosef Begun was again arrested and scheduled to await trial for the third time; and

WHEREAS, Since 1971, Dr. Yosef Begun served five years in exile in Siberia, has been denied return to Moscow and has fought passionately for the right to teach Hebrew and preserve the valuable Jewish culture; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the President and Congress of the United States to take action to secure the release of Dr. Yosef Begun, and to persuade the government of the Soviet Union to permit Dr. Begun to emigrate to Israel; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 173

Assembly Concurrent Resolution No. 152—Relative to the Community Board School Initiative Program.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Conflict, including violence and vandalism, is prevalent on primary and secondary school campuses throughout California; and

WHEREAS, Conflict and violence on school campuses has reached a sufficient level of significance to threaten the maintenance of a peaceful learning climate in our schools; and

WHEREAS, Concern over the incidence of violence, conflict, and tension in the schools has been expressed by students, teachers, school administrators, parents, and law enforcement officials throughout the state; and

WHEREAS, The Community Board School Initiative Program teaches youth how to cope effectively with their environment by providing them interpersonal communication and conflict resolution skills to peacefully resolve disputes in their schools, homes, and community; and

WHEREAS, The Community Board School Initiative Program decreases tension, hostility, and violence within multiracial, ethnic student bodies by educating youth from diverse backgrounds to work together and exercise their continuing civic responsibilities to express and resolve conflicts peacefully; and

WHEREAS, The Community Board School Initiative Program advances the social skills of students, allowing them to assume responsibility for improving their social and learning environments and to build a stronger sense of community, cooperation, and harmony at school; and

WHEREAS, The Community Board School Initiative Program teaches students to effectively solve their problems, thereby allowing them more time and energy to devote to their academic endeavors; and

WHEREAS, The Community Board School Initiative Program enables teachers to focus their attention on teaching rather than on refereeing student conflicts which occur in classrooms, hallways, and lunchrooms, and on the playgrounds; and

WHEREAS, A program of the scope and importance of the Community Board School Initiative Program deserves great commendation for offering youth the opportunity to acquire constructive conflict resolution skills, thereby improving society and the quality of life for tomorrow's young adults; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it takes great pride in commending the Community Board School Initiative Program for the exceptional and important work it has done in several inner-city schools in the City of San Francisco which provides a unique model for all California schools; and be it further

Resolved, That through this commendation the State Board of Education is urged to explore the incorporation of these conflict resolution learning programs as an appropriate part of the basic

curriculum in California schools in kindergarten and in grades 1 to 12, inclusive; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the State Board of Education.

RESOLUTION CHAPTER 174

Assembly Concurrent Resolution No. 161—Relative to albacore fishing.

[Filed with Secretary of State September 14, 1984]

WHEREAS, A substantial number of fishing vessels based in California and in the other Pacific states are now operating in the North Pacific, both west and east of the International Dateline; and

WHEREAS, A viable albacore fishery has been developed in that area through many years of research, which was funded by the industry through the American Fishermen's Research Foundation, working in cooperation with the National Marine Fisheries Service and the Pacific Tuna Development Foundation (now named the Pacific Fisheries Development Foundation), all of which clearly demonstrate the interest of the government and industry in developing these fisheries; and

WHEREAS, Several other fisheries with significant potential have begun to develop as a consequence of the vessels traveling along the leeward islets chain to and from the Midway albacore fishery; and

WHEREAS, The national interest would be served by improving our balance of trade position, by establishing and maintaining an economic and physical presence in the area, and by creating and maintaining employment and business in Hawaii and on the Pacific Coast of the continental United States; and

WHEREAS, Midway Island Harbor is the only harbor of refuge in reasonable proximity to this area, the next harbor being Honolulu, and Midway Island Harbor has unused facilities available which can be utilized without inconvenience to the Navy and without any security risk; and

WHEREAS, Midway Island is at the upper tip of the Northwestern Hawaiian Islands and is only a few days' running time from the migratory route of the Northern Pacific albacore; and

WHEREAS, Albacore is primarily caught by small trolling vessels manned by crews of two to three members, and the running time of 10 to 12 days from Honolulu and substantially longer from California to the fishing grounds makes albacore fishing impractical for small vessels; and

WHEREAS, Establishment of a base on Midway Island for refueling, resupplying, and offloading may make albacore fishing economically viable; and

WHEREAS, The Pacific Tuna Development Foundation estimated that revenues from albacore fishing could reach $25 million a year after a five-year development program; and

WHEREAS, Midway Island, however, is a United States Naval Base and the Navy's permission is required if a civilian fishing base is to be constructed on the island; and

WHEREAS, Only a small part of the inner harbor and land of Midway Island is required for a fishing base; and

WHEREAS, The fishing fleet will continue to operate in cooperation with the American Fishermen's Research Foundation and to provide oceanographic information, including sea temperature, bathythermograph, wind and weather, and other technical data which will be of value to the Navy and other government agencies, and provide data for more accurate weather forecasting for the Pacific Coast; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the President and Congress of the United States, and the Secretary of Defense, the Secretary of the Navy, and the Secretary of Commerce to make the harbor facilities, or a part thereof, of Midway Island available for use by American fishing vessels to the extent necessary to support American fishing activities in the adjacent areas of the Pacific Ocean; and be it further

Resolved, That the Department of Fish and Game, in cooperation with the Department of Economic and Business Development, the Economic Development Commission, the Joint Committee on Fisheries and Aquaculture, and other appropriate state agencies, contact the United States Navy, other appropriate federal agencies, the State of Hawaii, and interstate agencies, including the Pacific Marine Fisheries Commission and the West Coast Fisheries Development Foundation, to attempt to make the harbor facilities of Midway Island available, and to determine whether the State of California may play any role in making them available; and be it further

Resolved, That the Department of Fish and Game shall report to the Legislature on or before January 1, 1985, and periodically thereafter, on progress toward making the harbor facilities available and on any further steps the State of California might take to make them available; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of Defense, the Secretary of the Navy, the Secretary of Commerce, to each Senator and Representative from California in the Congress of the United States, to the Director of Fish and Game, to the Director of Economic and Business Development, to the Chair of the Economic Development Commission, to the Chair of the Joint Committee on Fisheries and Aquaculture of the Legislature, to the Executive Director of the Pacific Marine Fisheries Commission, and

to the Executive Director of the West Coast Fisheries Development Foundation.

RESOLUTION CHAPTER 175

Assembly Concurrent Resolution No. 162—Relative to higher education.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, California's three-tiered system of public higher education and private higher education institutions have served the state well over the last two decades as a result of the enactment of the Master Plan for Higher Education embodied within the Donahoe Higher Education Act; and

WHEREAS, The last legislative review of the Master Plan for Higher Education was initiated in 1971 and completed in 1973, and Section 66012 of the Education Code provides for the review of the master plan by the Legislature at 10-year intervals; and

WHEREAS, California has experienced enormous changes in the 11 years since 1973; and

WHEREAS, There are a number of pressing educational, social, and economic issues which require a legislatively directed review of the master plan; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Legislature appoint a Joint Committee for Review of the Master Plan for Higher Education; and be it further

Resolved, That the Joint Committee for the Review of the Master Plan for Higher Education shall comply with all of the following criteria:

(a) The committee shall consist of 14 members, including seven Members of the Senate and seven Members of the Assembly appointed pursuant to Temporary Joint Rules 36.5 and 36.7. Membership shall be bipartisan and proportionally reflective of the membership of each respective house.

(b) The committee shall conduct hearings on the interim and final reports of the commission established pursuant to Senate Bill 1570 and Senate Bill 2064 of the 1983–84 Regular Session.

(c) The committee shall review and comment on the management plan for review of the master plan developed by the commission established pursuant to Senate Bill 1570 by March 15, 1985. The committee shall review all reports of the commission and submit its recommendations to the Legislature by March 1, 1987; and be it further

Resolved, That the joint committee shall conduct its review with the following issues, including, but not limited to, all of the following:

(a) California's postsecondary educational needs through the year 2000.

(b) Basic and lower-division instructional functions of the various postsecondary institutions, with particular attention to the reassessment of the mission and functions of California community colleges as specified in Senate Bill 2064 of the 1983–84 Regular Session.

(c) Access and success of students, in particular, students from groups underrepresented in postsecondary education.

(d) Existing and alternative systems of delivery and their ability to serve present and future student populations.

(e) Direct and indirect state expenditures for students attending California postsecondary institutions, including student financial assistance and institutional support; and be it further

Resolved, That the committee is authorized to act only until June 30, 1987; and be it further

Resolved, This measure shall not become operative unless both Senate Bill 1570 and Senate Bill 2064 of the 1983–84 Regular Session are also chaptered , and in that case this measure shall become operative upon the later of the effective dates of this measure, Senate Bill 1570, or Senate Bill 2064.

RESOLUTION CHAPTER 176

Assembly Concurrent Resolution No. 164—Relative to historical grant program.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, The Legislature recognizes the importance of preserving the state's historical and cultural nonrenewable resources for its economic, cultural, and social well-being; and

WHEREAS, The outstanding commitment to the preservation of California's unique cultural heritage by local and statewide nonprofit organizations is evident from the contributions of over 60 state and local preservation organizations, 600 historical societies, and over 300 museums and programs specializing in the preservation of our past; and

WHEREAS, The Legislature in 1981 mandated the creation of the Heritage Task Force comprised of 16 statewide members with specified qualifications for the purpose of studying and recommending policy, programs, and legislation to preserve and enhance California's architectural, cultural, and historical resources and required the submission of a report outlining its recommendations to the Legislature within one year of its appointment; and

WHEREAS, The Heritage Task Force report dated June 1984,

recommends the creation of a matching grant program for the purpose of funding the interpretation and preservation of local and regional history; program development and technical assistance; and conservation, management, and interpretation of historical collections, sites, and buildings; and

WHEREAS, Grants administered by the Department of Parks and Recreation have generally been restricted to capital outlay projects, but the state has successfully administered direct grant assistance to nonprofit organizations for the purpose of encouraging local programs for the arts and humanities; and

WHEREAS, There is no state assistance to local historical and cultural organizations for historical program purposes; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Parks and Recreation, through the Office of Historic Preservation, and in cooperation with California Heritage Task Force representatives and the State Historical Resources Commission, is requested to consolidate the information developed by the Heritage Task Force relative to its recommendation to establish an historical grant program, to conduct a public hearing utilizing the regularly scheduled meetings of the State Historical Resources Commission to receive testimony on proposed criteria for those grant awards, and to report its findings to the Legislature, on or before November 30, 1984, on the justification for and feasibility of implementing such a grant program, including, but not limited to, recommendations on specific criteria and legislative actions; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Parks and Recreation.

RESOLUTION CHAPTER 177

Assembly Concurrent Resolution No. 172—Relative to the California Public Procurement Advisory Committee.

[Filed with Secretary of State September 14, 1984]

WHEREAS, Resolution Chapter No. 62 of the 1983–84 Legislative Session created the California Public Procurement Advisory Committee and prescribed its membership and duties; and

WHEREAS, Pursuant to Resolution Chapter No. 62, the California Public Procurement Advisory Committee is authorized and directed to study, investigate, and analyze state public procurement of goods, services, and construction in California, including procurement by the California State University and by the University of California, and to submit its recommendations to the Governor and the Legislature by January 1, 1985; and

WHEREAS, In order to effectuate cost savings in the state procurement of goods, services, and construction in California, it is necessary that the Governor and the Legislature receive annual recommendations from the California Public Procurement Advisory Committee; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Public Procurement Advisory Committee annually study, investigate, and analyze state public procurement of goods, services, and construction in California, including procurement by the California State University and by the University of California, and annually submit its recommendations to the Governor and the Legislature by January 1 of each year beginning January 1, 1985, through January 1, 1990.

RESOLUTION CHAPTER 178

Assembly Joint Resolution No. 74—Relative to the creation of United States-Soviet Union Mutual Nuclear Risk Reduction Centers and a Joint Crisis Management Center.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Since 1945, the major objective of the United States National Security policy has been averting nuclear war; and

WHEREAS, To achieve this end, the United States' policy has stressed deterrence with the threat and capability of massive nuclear retaliation; and

WHEREAS, A broad spectrum of people, including some arms control experts, elected officials, religious leaders, physicians, teachers, and lawyers, among others, now question whether deterrence-based peace can be maintained; and

WHEREAS, By the end of this decade, as many as 20 nations will possess the industrial and technical capability to produce nuclear weapons, thereby significantly increasing the probability that a nuclear crisis will occur, either by design or by accident; and

WHEREAS, The possibility exists for a third party detonation of a nuclear weapon which could trigger an all-out nuclear war between the superpowers; and

WHEREAS, With each new weapons system, there is less time to make decisions whether to deploy or abort such devices during a crisis situation; and

WHEREAS, Currently the United States nuclear debate focuses on a bilateral freeze, arms reduction and weapons equality between the superpowers; and

WHEREAS, The nuclear debate does not focus on potential causes or sources of nuclear war, tensions, global trouble spots, nuclear proliferation, or future terrorist activity; and

WHEREAS, The SALT process has concentrated on limiting each country's weapons stockpile rather than on developing crisis stability; and

WHEREAS, Controlling the use of these weapons in a crisis is far more critical than numbers, costs, or technological superiority; and

WHEREAS, In June of 1982, President Reagan stated that the United States intends to make specific proposals to the Soviet Union for reducing "the risk of nuclear war arising from uncertainty and miscalculations"; and

WHEREAS, There is now an emerging awareness that the greatest threat to peace lies not in the United States and Soviet Union military capabilities, but in their capability for crisis decisionmaking; and

WHEREAS, The decreased possibility of launching nuclear weapons is generally supported by government leaders regardless of political party or ideology; and

WHEREAS, No existing international framework or mechanism exists for rapidly and accurately determining the origin of a nuclear explosion or controlling the uncertainties in a world of multiple nuclear powers; and

WHEREAS, In the event of an actual nuclear weapon crisis situation, an established forum for the United States and the Soviet Union to reduce risks and immediately begin negotiations will greatly secure the safety of the future of peoples of the world; and

WHEREAS, United States Senators John Warner, Republican of Virginia; Sam Nunn, Democrat of Georgia; Ernest Hollings, Democrat of South Carolina; and the late Henry Jackson, Democrat of Washington, have introduced a Senate Resolution to establish Mutual Nuclear Risk Reduction Centers in Washington and Moscow; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President and Congress are respectfully memorialized to propose establishment by the United States and Soviet governments of Mutual Nuclear Risk Reduction Centers to reduce the possibility of nuclear confrontation, whose functions would be as follows:

(1) To discuss and outline the procedures to be followed in the event of possible incidents involving the use of nuclear weapons.

(2) To maintain close contact during incidents precipitated by nuclear terrorists, thus facilitating cooperative actions to defuse the incident, and specifically, to avoid the danger that the explosion of a nuclear device by a terrorist group might lead to a nuclear confrontation between the great powers.

(3) To exchange information on a voluntary basis concerning events that might lead to nuclear proliferation or to the acquisition of nuclear weapons, or the materials and equipment necessary to build weapons, by subnational groups.

(4) To exchange information about military activities which might be misunderstood by the other party during periods of mounting tensions.

(5) To establish a dialogue about nuclear doctrines, forces, and activities; and be it further

Resolved, That following a period of successful operation of these Mutual Nuclear Risk Reduction Centers, the President and Congress are further respectfully memorialized to either merge into, or establish additionally, a United States-Soviet Union Joint Crisis Management Center dedicated to increasing the decisionmaking ability of governments during a crisis in which nuclear war is threatened and as an ongoing organization which will research the potential causes of war, with the participation and cooperation of all nations possessing nuclear capabilities, and develop means of negotiation which both the United States and the Soviet Union can utilize when crises do arise, and whose activities will include:

(1) Enhancement of crisis management which is the ability the United States, Soviet Union, and all other nations with nuclear capabilities possess to avoid or limit the potential use of nuclear weapons during a crisis.

(2) Reduction of the risk of nuclear war due to miscalculation or uncertainty.

(3) Training of leaders to apply conflict resolution techniques in crisis management.

(4) Development of a standard operating procedure, standard messages, and specific decisionmaking procedures to be used in a crisis situation.

(5) Development of accurate detection devices for nuclear detonation anywhere in the world.

(6) Employment of confidence-building measures between the United States, Soviet Union, and all other nations possessing nuclear capabilities to develop greater trust, including: (a) increasing the warning time in the event of a weapon launch; (b) reducing vulnerability of command, control, and communication ability; (c) upgrading the hotline communication system; and (d) sharing information on weapons that could be used by terrorists.

(7) Staffing such a center with political and military experts from the United States and Soviet Union, as well as representatives of all other nations possessing nuclear capabilities.

(8) Working to reduce the possibility of nuclear war and surprise attack through improvement of negotiation skills.

(9) Better understanding of the reasons of war and the nature of crisis; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 179

Assembly Joint Resolution No. 105—Relative to biological pest prevention programs.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, The Environmental Protection Agency (EPA) recently recommended tolerance levels and announced a phase out of ethylene dibromide which, in addition to its use as a soil fumigant, grain fumigant, and grain milling machinery fumigant has been used extensively as a fumigant to control the introduction of certain fruit flies in agricultural products shipped into this state from Texas and Florida; and

WHEREAS, The EPA decision to phase out the use of ethylene dibromide has weakened California's effective pest quarantine program; and

WHEREAS, There are no practical alternatives to the use of ethylene dibromide in the foreseeable future, thus causing this state to risk additional pest introductions; and

WHEREAS, Currently, California is faced with at least eight pest infestations; and

WHEREAS, Eradication efforts in terms of cost to the taxpayers are enormous so that the Mediterranean fruitfly outbreak in California a few years ago cost the taxpayers of this state over $100 million; and

WHEREAS, With the increasing trend to eliminate the use of certain chemicals vital to agriculture, it is very important that biologically sound pest prevention programs be adopted by governmental and private agencies involved in agriculture; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to provide sufficient funding for biologically sound pest prevention programs in order to ensure that the states do not suffer from outbreaks of agricultural pests caused by the decreasing number of available methods of pest control; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Speaker of the House of Representatives, to the President pro Tempore of the United States Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 180

Assembly Joint Resolution No. 138—Relative to the definition of "tax home" for federal income tax purposes for certain military personnel.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Strategic Air Command (hereafter referred to as SAC) aircraft and intercontinental ballistic missile crews, Tactical Air Command (hereafter referred to as TAC) aircrews, Coast Guard and Navy crews are required to be on "Alert Duty" for periods of 24 hours or more to assure the security of the United States; and

WHEREAS, These Air Force aircraft and missile crews, Coast Guard and Navy crews, on "Alert Duty" are away from their "tax home" for extended periods of time on a restricted basis and cannot leave the "alert" facilities for any reason; and

WHEREAS, These SAC aircraft and missile crews, TAC aircrews, Coast Guard and Navy crews, do not receive any tax benefits for such "Alert Duty" expenses with respect to the definition of "tax home" as set forth in Section 162(a) of the Internal Revenue Code; and

WHEREAS, These SAC aircraft and missile crews, TAC aircrews, Coast Guard and Navy crews on "Alert Duty" do not receive the same tax advantages under regulations promulgated by the Internal Revenue Service which are provided for firemen and railroad personnel with respect to that "tax home" definition; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to support and enact legislation recognizing the dedication to duty of Strategic Air Command aircraft and missile crews, Tactical Air Command aircrews, Coast Guard and Navy crews involved in "Alert Duty" assignments and to amend appropriately the definition of "tax home" under Section 162 of the Internal Revenue Code to provide that:

"For members of the Strategic Air Command, Tactical Air Command, United States Air Force, the air base alert facilities, and intercontinental ballistic missile sites; and for members of the United States Navy, any alert vessel or shore-based facilities, or any such Air Force, Coast Guard or Navy base, site, vessel, station, or portions thereof, on which such alert facility is located and which is accessible to such members while assigned to ' Alert Duty' for a period of time of 24 hours or more, shall not be considered as the ' tax home' of such member for any period of such duty;" and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each California Senator and Representative, to the Senate Armed Services

Committee, to the Senate Rules and Administration Committee, to the House Armed Services Committee and to the House Rules Committee.

RESOLUTION CHAPTER 181

Assembly Joint Resolution No. 140—Relative to the National Weather Service.

[Filed with Secretary of State September 14, 1984]

WHEREAS, It has come to the attention of the Members of the Legislature of the State of California that the President and his administration are considering elimination or reduction of certain portions of the National Weather Service; and

WHEREAS, Certain functions, such as national defense, law enforcement, protection of our borders, and weather analysis and forecasting are the responsibility of the federal government; and

WHEREAS, Fire weather forecasting is as important to California as the hurricane and tornado watch is to the midwest and southern states; and

WHEREAS, Fire agencies and agriculture in California and throughout the United States depend upon reliable weather information for public safety and commerce, which has resulted in a significant reduction in violent fire and weather deaths and in savings of an estimated $850 million per year in production costs for farmers and in fire suppression costs for fire control agencies; and

WHEREAS, Agriculture is the number one industry in California in terms of cash value and productivity, representing 14 billion dollars in gross production; and

WHEREAS, Weather monitoring, data analysis, and forecasting require a well coordinated organization and the facilities to support that organization; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to reconsider elimination or reduction in any part of the National Weather Service; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 182

Assembly Joint Resolution No. 144—Relative to Raoul Wallenberg.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Raoul Wallenberg, who saved the lives of thousands of Hungarian Jews during the Holocaust, is unquestionably one of the great heroes in the history of the 20th century; and

WHEREAS, Born in 1912, Raoul Wallenberg was a member of a wealthy and prominent Swedish family; in 1944, he volunteered to leave neutral Sweden to travel to Nazi-occupied Hungary as Secretary of the Swedish Legation with the rescue of the Jews there as his mission; and

WHEREAS, For six months in Budapest, he issued Swedish passports, thus granting immunity to the Jews who possessed them, met with the local authorities in an effort to save as many lives as possible and to delay the course of the "Final Solution" in Hungary for as long as he could, provided housing for many of the people he rescued, and, in the final analysis, was able to save thousands of lives; and

WHEREAS, The Soviet Union, in violation of his Swedish diplomatic immunity and of international law, seized him on January 17, 1945, with no explanation ever given for his detention and subsequent imprisonment; and

WHEREAS, The fate of Raoul Wallenberg remains unclear, with some unconfirmed reports, as recent as 1980, of his being alive in Soviet prison camps and other recent research which indicates that he may have died in the mid-sixties, after approximately 20 years of imprisonment in the Soviet Union; and

WHEREAS, On October 5, 1981, President Reagan signed into law a Joint Resolution proclaiming Raoul Wallenberg to be an honorary citizen of the United States; and

WHEREAS, Sponsored in part by Representative Tom Lantos who was a young Hungarian Jew whose life was saved by Wallenberg's heroic efforts, the resolution represents only the second time the United States has granted honorary citizenship; the first was to Sir Winston Churchill; and

WHEREAS, The resolution also requested the President to ascertain from the Soviet Union the whereabouts of Raoul Wallenberg and to secure his return to freedom; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California joins with the United States government in honoring the memory of Raoul Wallenberg in California by naming October 5 of each year as "Raoul Wallenberg Day" and that the Legislature of the State of California respectfully memorializes the President and Vice President of the United States and the Secretary of State and Congress to take

whatever actions are necessary to ascertain from the Soviet Union an accounting to the world of the fate of this great humanitarian; and, be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of State, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 183

Assembly Joint Resolution No. 150—Relative to a pilot study on reporting United States trade statistics.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, The business community in the state of California has long been affected by the way in which the United States Bureau of the Census collects and reports trade statistics. This method relies on the flow of goods through customs districts without regard to the point of origin of exports or the destination of imports, resulting in a highly distorted picture of actual trade patterns; and

WHEREAS, Exports are attributed to the customs district from which they leave the country. Since a great percentage of those products are sent overseas by air, they are likely to leave from Los Angeles International Airport for Asia or from eastern international air terminals for Europe, for example. Goods sent overland to Canada are reported as exports at points along the border. Similarly, the San Diego customs district reports goods moving through the county to Mexico as if they were all San Diego products, and as if they accounted for 90 percent of the area's total export sales; and

WHEREAS, The consequences of the present methodology for cities like San Diego are significant. Government services to communities are often based on this statistical evidence of trade. Banking institutions and other business service organizations may rely on the data to determine their level of community presence. The United States government itself lacks an accurate description of America's trade relationships; and

WHEREAS, Current reporting practice is based on the flow of goods through customs districts without regard for the origin of outgoing shipments or the destination of inbound goods; and

WHEREAS, A strong possibility exists that the Bureau of the Census will conduct a pilot study to determine the feasibility of collecting and reporting trade data by three-digit zip codes. This would have the effect of more accurately detailing the origin of exports and the destination of imports. The results of a procedure based on three-digit zip codes would be greatly beneficial for the

trade promotion efforts not only of the state of California but also of the nation. For the first time the United States would have accurate data on which to base the allocation of resources for trade assistance programs such as marketing, licensing, and export finance; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully urges the United States Bureau of the Census to conduct a pilot project to improve the reporting of United States trade statistics, using a three-digit zip code reporting system and using the appropriate cities in California as the subjects of this study; and be it further

Resolved, That the United States Congress is respectfully urged to appropriate any necessary funds required by the Bureau of the Census to successfully complete this project; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of the United States Bureau of the Census, to the President and Vice President of the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 184

Senate Concurrent Resolution No. 93—Relative to the California Museum of Science and Industry.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, The Los Angeles Olympic Organizing Committee made various improvements to the grounds of the California Museum of Science and Industry for the 1984 Olympic Games; and

WHEREAS, These improvements include park benches, the tower in the museum parking lot, new fencing and fence posts, ticket booths, information and refreshment stands, and shrubbery; and

WHEREAS, The park benches would provide outdoor sitting areas; and

WHEREAS, The tower in the museum parking lot would be used to augment the museum's outdoor exhibits; and

WHEREAS, Utilization of portions of the fences erected by the Los Angeles Olympic Organizing Committee would enable the museum to provide a higher level of security and traffic control and would allow a reduced schedule of security checks, thereby decreasing security costs and saving the state almost one hundred thousand dollars ($100,000); and

WHEREAS, Certain posts erected for signs on the fence lines could be used as support stanchions for temporary exhibits in the museum resulting in cost savings to the state; and

WHEREAS, Certain of the ticket booths, information stand areas, and refreshment booths could be used during major activities at the Coliseum and Sports Arena, thereby reducing the need for additional manpower and costs to the state; and

WHEREAS, Shrubbery and other plants provided by the Los Angeles Olympic Organizing Committee would enhance the appearance of the park; and

WHEREAS, Many of these improvements, if left with the museum, would therefore, be of great value and could enhance the museum for all of its visitors from California and the rest of the world; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Los Angeles Olympic Organizing Committee is requested to meet with the directors of the California Museum of Science and Industry to determine which of the improvements that were made to the museum for the 1984 Olympic Games could be left and to donate those improvements for the good of the residents of this state; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Los Angeles Olympic Organizing Committee.

RESOLUTION CHAPTER 185

Relative to commending Peter V. Ueberroth, President of the Los Angeles Olympic Organizing Committee.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Peter V. Ueberroth was selected as President of the Los Angeles Olympic Organizing Committee, which organized the Games of the XXIIIrd Olympiad in Los Angeles, where the people of California and the host city warmly welcomed Olympic teams from 140 nations; and

WHEREAS, Under Peter Ueberroth, the XXIIIrd Olympiad was privately-sponsored and financed for the first time in the history of the modern Olympic movement; and

WHEREAS, Peter Ueberroth used his unique leadership skills and charisma to obtain generous financial contributions, construction of Olympic facilities, and public relations support from the nation's businesses and civic leaders; and

WHEREAS, Peter Ueberroth worked closely with the federal, state, and local governments involved in the Games of the XXIIIrd Olympiad, which were conducted at no cost to local taxpayers; and

WHEREAS, Peter Ueberroth's work with LAOOC Chairman Paul Ziffren and Executive Vice President Harry L. Usher produced perhaps the greatest show ever staged--a show which was viewed by more people than any other event in history; and

WHEREAS, The LAOOC painstakingly administered a budget of $500 million, all of it derived from private sources, and it skillfully coordinated the activities of approximately 50,000 volunteers; and

WHEREAS, The excellent performance of the 597-member U.S. Olympic Team did much to rekindle American pride, and the spectacular staging of the Games did credit to the tradition of the Olympic Games as a celebration of sport and an effort to unite the youth of the world in peace; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California offers a special salute to Peter V. Ueberroth for accepting an historic mission--to make the Games of the XXIIIrd Olympiad the best ever--and for succeeding in a grand fashion; and be it further

Resolved, That the Legislature of the State of California offers its commendation to Los Angeles Mayor Tom Bradley, the Los Angeles City Council, the Los Angeles County Supervisors, and the Members of the Legislature, who contributed so much to the 1984 Summer Olympic Games; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to Peter V. Ueberroth, Paul Ziffren, Harry L. Usher, and the Honorable Tom Bradley.

RESOLUTION CHAPTER 186

Senate Concurrent Resolution No. 95—Relative to commending Harry L. Usher.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Harry L. Usher has completed almost five years of service as Executive Vice President and General Manager of the Los Angeles Olympic Organizing Committee; and

WHEREAS, A prominent Beverly Hills attorney, Harry L. Usher graduated from Brown University, where he was a member of Phi Beta Kappa, in 1961, and from Stanford Law School, where he was an editor of the Law Review and earned membership in the Order of the Coif, in 1964; and

WHEREAS, A specialist in entertainment law, Harry L. Usher is a past president of the Beverly Hills Bar Association, and he has served as a member of the Board of Trustees of the Los Angeles County Bar Association and as first Vice President of the California Barristers Association; and

WHEREAS, As Executive Vice President and General Manager of the Los Angeles Olympic Organizing Committee, Harry L. Usher negotiated contracts with governmental agencies, sponsors, and merchandising firms, and his work helped make the Summer Olympics the most successful Olympiad of modern times; and

WHEREAS, The extraordinary success of the Games of the XXIIIrd Olympiad has brought great pride and satisfaction to the people of the State of California and, as Executive Vice President and General Manager, Harry L. Usher deserves a large share of the credit for that success; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members, on behalf of themselves and the people of the State of California, express to Harry L. Usher their admiration and respect for the immensity of his task and for the magnificence of his accomplishments; and be it further

Resolved, That the Members express to Harry L. Usher the heartfelt thanks of the people of the State of California and the sincere wish for every success in his future endeavors; and be it further

Resolved, That the Secretary of the Senate transmit a suitably prepared copy of this resolution to Harry L. Usher.

RESOLUTION CHAPTER 187

Senate Joint Resolution No. 32—Relative to the commercial whaling moratorium.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, Whales are an integral part of the world's natural heritage and play a vital role in maintaining the productivity of the marine ecosystem; and

WHEREAS, Californians and their visitors continue to show their increasing interest in and awe of these amazing marine mammals by undertaking whale-watching trips, which have become an increasingly important part of California's coastal recreation and tourism industry; and

WHEREAS, The populations of the great whales have been devastated systematically by commercial whaling, and limited time remains to protect these cetaceans; and

WHEREAS, Millions of citizens of the United States and millions of citizens worldwide have demanded an end to the slaughter of whales by commercial whalers; and

WHEREAS, The President and Congress of the United States have articulated the deep concern of the American people for the plight of these mammals since 1971 through the passage of protective legislation and by calling repeatedly for a worldwide moratorium on commercial whaling; and

WHEREAS, The epochal decision of the International Whaling Commission in July 1982 to halt commercial whaling beginning in 1986 was threatened by the governments of Japan, Norway, Peru, and the Soviet Union, which filed objections to the decision during

1982; and

WHEREAS, The Pelly amendment (1971) to the Fishermen's Protective Act of 1967 authorizes the government of the United States to embargo imports of fish products from nations certified by the Secretary of State or the Secretary of Commerce as having taken action that "diminished the effectiveness" of international fisheries conservation programs such as International Whaling Commission rulings; and

WHEREAS, The Packwood-Magnuson amendment (1979) to the Magnuson Fisheries Conservation and Management Act of 1976 authorizes the government of the United States to cut fishing rights of nations certified by the Secretary of State or the Secretary of Commerce as violating international whaling agreements by 50 percent or more within the 200-nautical-mile Fisheries Conservation Zone of the United States; and

WHEREAS, The Pelly and Packwood-Magnuson amendments cannot be implemented until 1986 when the government of the United States can certify that nations are whaling in violation of the International Whaling Commission action; and

WHEREAS, Sixty-six United States Senators joined in a letter to the Secretary of Commerce in August 1982, calling for the use of the Pelly and Packwood-Magnuson amendments and "other means available to the United States" to obtain worldwide compliance with the International Whaling Commission decision, and Members of the United States House of Representatives have expressed a similar view; and

WHEREAS, The government of Peru withdrew its objection to the commercial whaling moratorium at the July 1983 meeting of the International Whaling Commission, and this action was due, in part, to the intense concern expressed by citizens throughout the world; and

WHEREAS, The United States Senate in July 1983 unanimously reaffirmed its commitment to the use of sanctions in order to ensure that the moratorium is implemented effectively; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California joins the United States Senate in respectfully memorializing the Secretary of State and the Secretary of Commerce to use appropriate diplomatic and legal means to achieve worldwide compliance with the International Whaling Commission moratorium decision; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 188

Senate Joint Resolution No. 38—Relative to the pollution and contamination of the New River.

[Filed with Secretary of State September 14, 1984.]

WHEREAS, The New River, which originates in Mexico and flows northward across the International Boundary into California's Imperial Valley, is the most contaminated stream in the United States relative to its flow, a gross public health hazard, and an aesthetically repulsive spectacle to over 40,000 United States residents of communities along the river's course, as well as to visitors from the nearby metropolitan centers; and

WHEREAS, Contaminated waters of the New River discharge into the Salton Sea, a condition incompatible with the ecology and the varied public uses of that body of water in one of southern California's most important recreational areas; and

WHEREAS, Contamination of the New River is caused by uncontrolled discharges of raw and inadequately treated sewage, highly toxic industrial chemical wastes, solid wastes, geothermal wastes, leaching from a major garbage dump, slaughterhouse wastes, and other wastes discharged by the municipal government and industries within or near the City of Mexicali in Mexico; and

WHEREAS, Contaminating discharges from the vicinity of Mexicali, Mexico, have continued for a recorded period of over 40 years, during which time the city's population has increased to approximately 750,000, while the area has developed into a major industrial center; and

WHEREAS, The magnitude of the resulting waste discharge is comparable to that from a city the size of San Francisco, if that city's sewage and industrial waste could be imagined as flowing untreated in an open channel through urban and rural areas; and

WHEREAS, Mexicali's sewer system, which covers only a portion of the city and which includes two pumping stations and treatment lagoons, has not been expanded and improved sufficiently to keep pace with the very rapid growth of Mexicali and its increasing industrial developments, and Mexican authorities have not adequately maintained the facilities so that there are frequent breakdowns; and

WHEREAS, In order to elevate New River water quality to standards required for comparable streams in the United States, numerous problems must be addressed, and an explanation of the entire array of problems to be addressed can only be determined following studies by the Environmental Protection Agency in coordination with California state agencies and in cooperation with authorities of the United Mexican States; and

WHEREAS, A preliminary indication of the problems to be addressed are as follows:

(a) Elimination of all point-source discharges of raw sewage into the New River, particularly the eight major sources presently identified.

(b) Relocation and sewering of unsewered residences situated along the banks of the New River and its tributaries.

(c) Enforced prohibition against septic tank pumpers discharging their tank contents into the New River system.

(d) Upgrading and effective operation of pumping plants No. 1 and No. 2 of Mexicali's sewer collection system, so that no raw sewage, under any circumstances, is bypassed into the New River system.

(e) Replacement of deteriorating sewer pipelines along Mexicali's north and south collectors to eliminate breaks that result in raw sewage discharges into the New River system.

(f) Upgrading of Mexicali's sewage treatment lagoons to provide a secondary level of treatment.

(g) Segregation and separate treatment of domestic wastes from toxic industrial wastes presently being discharged to Mexicali's sewer system.

(h) Prevention of all untreated or inadequately treated industrial wastes from spillage into the New River and its tributaries.

(i) Prevention, by any means necessary, of the discharge of wastes from slaughterhouses, hog farms, and dairies into the New River and its tributaries.

(j) Relocation of Mexicali's landfill garbage dump away from the New River and its tributaries.

(k) Rerouting of geothermal wastewater away from the New River system; and

WHEREAS, The quickest and least costly procedures to correct current pollution problems are source-controls within Mexicali, but history confirms that Mexico's federal, state, and municipal governments have been incapable of effectively imposing these controls; and

WHEREAS, The President of the United States and the President of the United Mexican States signed an agreement on August 14, 1983, titled "Agreement Between the United States of America and the United Mexican States on Cooperation for the Protection and Improvement of the Environment in the Border Area," Article 8 of which designates the Environmental Protection Agency as the national coordinator for the United States; and

WHEREAS, It is the obligation of the United States Government, on behalf of the residents of Imperial Valley, to obtain adequate correction of the gross pollution and contamination of the New River from discharges within the United Mexican States; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to appropriately recognize and declare that a clear and present threat

to public health and safety exists in the Imperial Valley of California as a direct consequence of continuing toxic contamination and organic pollution of the New River, originating within Baja California, Mexico, requiring immediate and comprehensive mitigation through cooperative international initiatives; and be it further

Resolved, That the President is respectfully requested to immediately direct the Secretary of State and the Administrator of the Environmental Protection Agency, in cooperation with authorities of the State of California, the California Regional Water Quality Control Board (Colorado River Basin Region), and the County of Imperial, to expedite the development of alternative proposals and a recommended plan for halting the flow of contaminants and pollutants in the New River from both Baja California and California sources; and be it further

Resolved, That the Congress is respectfully requested to appropriate, and the President is respectfully urged to allocate and direct, sufficient federal funding, staffing, and technical resources for the implementation and completion of an effective water quality control system within the New River watershed, with the active cooperation of the government of the United Mexican States; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 189

Assembly Concurrent Resolution No. 168—Relative to the National Hispanic University.

[Filed with Secretary of State September 17, 1984]

WHEREAS, Hispanics, numbering over five million, comprise nearly 25 percent of California's population; and

WHEREAS, One out of every three students in California's public schools is Hispanic; and

WHEREAS, 55 percent of those Hispanic students drop out of high school; and

WHEREAS, Only 14 percent of the freshman enrollment of California's public institutions of higher education is Hispanic; and

WHEREAS, 80 percent of Hispanic freshmen are enrolled in the California Community Colleges, and only 7 percent of those community college students transfer and continue their education at four-year colleges and universities; and

WHEREAS, Hispanic student enrollment in programs leading to professional degrees in engineering, medicine, education, or business is less than 5 percent, and is declining; and

WHEREAS, The National Hispanic University has the principal mission of affording Hispanics greater access to, and success in, higher education and the professions; and

WHEREAS, For over a decade, the National Hispanic University has provided successful leadership in efforts to increase the access to higher education in the state for Hispanics; and

WHEREAS, Through its educational concept of providing high expectations of success, role models, and student support systems, the National Hispanic University has competently addressed California's most serious challenge in higher education; and

WHEREAS, The National Hispanic University has earned the support of all major national Hispanic organizations and of many leading state and national corporations; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the National Hispanic University be recognized and commended for being the only postsecondary educational institution in California authorized to grant degrees which has the primary mission of improving Hispanic students' access to, and success in, higher education; and be it further

Resolved, That the various departments and agencies responsible for public education in the state recognize that the National Hispanic University has a noble and necessary mission which is a significant part of higher education in California.

RESOLUTION CHAPTER 190

Assembly Joint Resolution No. 75—Relative to the creation of a United States-Soviet Union student exchange for peace program.

[Filed with Secretary of State September 17, 1984.]

WHEREAS, One of the most critical challenges facing the United States and the Soviet Union is the establishment of peaceful ties and the prevention of hostilities; and

WHEREAS, Ties of culture and friendship between our two countries need to be expanded; and

WHEREAS, The great threat to peace between our two nations is the absence of close ties and mutual trust; and

WHEREAS, Young people are a nation's greatest resource and its most treasured asset; and

WHEREAS, The arms race between the Soviet Union and the United States is a wasteful and counterproductive process which may some day lead to global catastrophe; and

WHEREAS, Creative strategies will be necessary if the spiraling

production of weapons of war is to be brought under control; and

WHEREAS, Congressman Morris Udall has introduced in the United States House of Representatives a resolution requesting the creation of a United States-Soviet Union student exchange for peace program; and

WHEREAS, If there were 2,000 Americans in the Soviet Union and if there were 2,000 Soviets in the United States, a nuclear attack between the Soviet Union and the United States would be much less likely; and

WHEREAS, If annual exchanges of 2,000 people from each country—part of a massive exchange program paid for by the various governments and private contributions—became an instrument of the foreign policies of the United States and the Soviet Union, a positive cultural force for peace would begin to grow among the participating countries; and

WHEREAS, Participants in this program would include children of civic, political, cultural, and other government leaders—men and women representative of the many diverse ethnic, religious, and socioeconomic groups of the United States and the Soviet Union; and

WHEREAS, Participants in the program could be housed with private families or in dormitories around the host country for one year, and this program would create an ever-expanding network of personal relationships helping to promote mutual understanding among citizens of the United States and the Soviet Union; and

WHEREAS, As the years pass, and with the growth, in participating countries, of the numbers of people whose lives would have been touched by the program, barriers of distrust would break down, making a negotiated resolution of the arms race more feasible; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully urges the United States Senate and House of Representatives to support and approve legislation which would effectuate a student exchange program between the United States and the Soviet Union; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President of the United States to commence negotiations with the Soviet Union which would effectuate an agreement establishing an exchange program; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the United States Senate to ratify a treaty with the Soviet Union which may be necessary to bring an exchange program into existence; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the Congress of the United States to authorize expenditures necessary to administer such a program should an agreement be reached with the Soviet Union and given the consent of the Senate; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 191

Assembly Joint Resolution No. 76—Relative to implementation of a nuclear freeze.

[Filed with Secretary of State September 17, 1984.]

WHEREAS, Nuclear war is the greatest threat facing humankind; and

WHEREAS, Nuclear war would devastate and quite possibly end civilization as we know it; and

WHEREAS, The increased growth of nuclear weaponry accelerates the possibility of nuclear holocaust; and

WHEREAS, The United States of America and the Soviet Union now both possess sufficient nuclear weapons to destroy each others country several times over; and

WHEREAS, Both the United States of America and the Soviet Union each possess first strike nuclear weapons; and

WHEREAS, There is an increasing possibility of accidental nuclear weapon launches; and

WHEREAS, A freeze, reduction, and ultimate elimination of nuclear weaponry by all the countries of the world who possess them would vastly improve the possibility for conversion to a peacetime economy thereby creating jobs, rebuilding the United States of America, and shifting revenues into the domestic area; and

WHEREAS, The people of the State of California approved a bilateral nuclear weapons freeze initiative in November of 1982; and

WHEREAS, The United States House of Representatives demonstrated responsible judgment and acknowledged the will of the people in voting overwhelmingly in favor of a verifiable bilateral nuclear freeze known as HJR 13 on May 4, 1983; and

WHEREAS, A verifiable, bilateral nuclear weapon freeze followed by a verifiable reduction in the number of nuclear weapons held by the countries of the world would eliminate the threat of holocaust, because there is no such thing as limited nuclear war; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Senate of the United States to approve a Senate Joint Resolution which would bring about an arms control objective which would encompass:

(1) Immediate bilateral cessation to the implementation and deployment of nuclear weapons.

(2) Development by the United States and the Soviet Union of a plan which would verify a freeze of nuclear weaponry.

(3) Special regard to weapons which could undermine the stability of a freeze of nuclear weaponry.

(4) Implementation of a freeze of nuclear weapons, upon which the United States of America and the Soviet Union would work toward a reduction in all nuclear weapons including, but not limited to: missiles, warheads, and delivery systems; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and Representative from California in the Congress of the United States.

1983–84

SECOND EXTRAORDINARY SESSION

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

A PROCLAMATION
by the Governor of the State of California

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now therefore,

I, GEORGE DEUKMEJIAN, Governor of the State of California, by virtue of the power and authority vested in me by Section 3(b) of Article IV of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in extraordinary session at Sacramento, California on the 19th day of January, 1984, for the following purpose and to legislate upon the following subject:

1. To consider and act upon legislation relative to community college financing.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 19th day of January 1984

George Deukmejian
Governor of California

ATTEST:

March Fong Eu
Secretary of State

by Jenny Little
Deputy Secretary of State

STATUTES OF CALIFORNIA

1983–84

SECOND EXTRAORDINARY SESSION

1983–84 CHAPTERS

CHAPTER 1

An act to amend Sections 72247, 84700, 84701, 84702, and 84706 of, to amend and repeal Sections 32033, 72640, and 72641 of, to add and repeal Sections 72246.5 and 72252 of, and to repeal and add Sections 72245, 72246, 72250.5, 72251, 78930, 81458, and 82305.6 of, the Education Code, relating to community colleges, and making an appropriation therefor.

[Approved by Governor January 26, 1984. Filed with Secretary of State January 26, 1984]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that:

(a) Community colleges remain a low-cost segment of public postsecondary education.

(b) Financial assistance shall be provided for all low-income students attending community college upon the imposition of fees.

(c) The costs assessed of students in the 1983–84 fiscal year for instructional materials pursuant to Section 78930 be eliminated and funded directly in subsequent fiscal years from the revenues prescribed by this act.

(d) The Legislature further recognizes and shares the Governor's intention that community college fees not be increased above the levels prescribed by this act.

(e) For semesters, terms, and quarters which begin after January 1, 1988, the total fees and charges paid by students pursuant to Section 72252 of the Education Code, as added by Section 7 of this act, shall not exceed 5 percent of the total of state apportionments and local property tax revenues per unit of credit average daily attendance.

SEC. 2. Section 32033 of the Education Code is amended to read:

32033. The eye protective devices may be sold to the pupils and teachers at a price which shall not exceed the actual cost of the eye protective devices to the school or governing board.

This section shall not apply to the governing board of a community college district.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 32033 of the Education Code, as added by Section 2 of Chapter 1010 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 72245 of the Education Code is repealed.

SEC. 3.5. Section 72245 is added to the Education Code, to read:

72245. The governing board of a community college district may impose a fee on a participating student for the additional expenses

incurred when physical education courses are required to use nondistrict facilities.

This section shall become operative January 1, 1988.

SEC. 4. Section 72246 of the Education Code is repealed.

SEC. 4.5. Section 72246 is added to the Education Code, to read:

72246. (a) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than seven dollars and fifty cents ($7.50) for each semester, and five dollars ($5) for summer school, or five dollars ($5) for each quarter for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, authorized by Section 72244, or both.

(b) If pursuant to this section a fee is required, the governing board of a district shall decide the amount of the fee, if any, that a part-time student is required to pay. The governing board may decide whether the fee shall be mandatory or optional.

(c) The governing board of a district maintaining a community college shall adopt rules and regulations that either exempt low-income students from any fee required pursuant to subdivision (a) or provide for the payment of the fee from other sources.

(d) The governing board of a district maintaining a community college shall adopt rules and regulations that exempt from any fee required pursuant to subdivision (a): (1) students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization; (2) students who are attending a community college under an approved apprenticeship training program.

(e) All fees collected pursuant to this section shall be deposited in the fund of the district designated by the California Community Colleges Budget and Accounting Manual. These fees shall be expended only for the purposes for which they were collected.

Authorized expenditures shall not include, among other things, athletic trainers' salaries, athletic insurance, medical supplies for athletics, physical examinations for intercollegiate athletics, ambulance services and the salaries of health professionals for athletic events, any deductible portion of accident claims filed for athletic team members, or any other expense that is not available to all students. No student shall be denied a service supported by student health fees on account of participation in athletic programs.

(f) This section shall become operative January 1, 1988.

SEC. 4.7. Section 72246.5 is added to the Education Code, to read:

72246.5. Any community college district which provided health services for which it was authorized to charge a fee pursuant to former Section 72246 in the 1983–84 fiscal year shall maintain health services at the level provided during the 1983–84 fiscal year in the 1984–85 fiscal year and each fiscal year thereafter. This maintenance of effort requirement shall apply to all community college districts which levied a health services fee in the 1983–84 fiscal year,

regardless of the extent to which the health services fees collected offset the actual costs of providing health services at the 1983–84 fiscal year level.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 5. Section 72247 of the Education Code is amended to read:

72247. The governing board of a community college district may require of students in attendance in grades 13 and 14 and employees of the district, the payment of a toll, in an amount not to exceed twenty dollars ($20) per semester or forty dollars ($40) per regular school year to be fixed by the board, for parking services.

Such toll shall only be required of students and employees using parking services.

All such tolls collected shall be deposited in the designated fund of the district in accordance with the California Community Colleges Budget and Accounting Manual and shall be expended only for parking services or for purposes of reducing the costs to students and faculty of the college of using public transportation to and from the college.

Tolls collected for use of parking services provided for by investment of student body funds under the authority of Section 76064 shall be deposited in a designated fund in accordance with the California Community Colleges Budget and Accounting Manual for repayment to the student organization.

"Parking services," as used in this section, means the purchase, construction, and operation and maintenance of parking facilities for vehicles and motor vehicles as defined by Sections 415 and 670 of the Vehicle Code, and the reduction of costs to students and faculty of using public transportation to and from the college.

In no event may the fee required pursuant to this section exceed the actual cost of providing parking services.

SEC. 5.5. Section 72250.5 of the Education Code is repealed.

SEC. 5.7. Section 72250.5 is added to the Education Code, to read:

72250.5. The governing board of a community college district may impose a fee, not to exceed one dollar ($1), for the actual pro rata cost for services relative to a program change consisting of adding one or more courses any time after two weeks from the commencement of instruction in any term. Such fee shall not be charged for changes initiated or required by the community college.

This section shall become operative January 1, 1988.

SEC. 6. Section 72251 of the Education Code is repealed.

SEC. 6.5. Section 72251 is added to the Education Code, to read:

72251. The governing board of any community college district may impose a late application fee of not to exceed two dollars ($2) for any application for admission or readmission which is filed after the date established by the governing board for the filing of applications for admission or readmission to the community college.

This section shall become operative January 1, 1988.

SEC. 7. Section 72252 is added to the Education Code, to read:

72252. (a) Commencing with the semester, term, or quarter which begins after July 31, 1984, the governing board of each community college district shall charge each student a fee, pursuant to the provisions of this section.

(b) The fee prescribed by this section shall equal fifty dollars ($50) per semester for students enrolled in classes totaling six or more credit semester units, and five dollars ($5) per unit per semester for students enrolled in classes totaling less than six credit semester units.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from reimbursements received for fees exempted pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district which does not collect the fees prescribed by this section.

(e) The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711.

(f) The fee requirements of this section shall not apply to a student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary program, or the General Assistance Program.

(g) The board of governors shall adopt regulations implementing the provisions of this section as regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(h) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 8. Section 72640 of the Education Code is amended to read:

72640. The governing board of a community college district may:

(a) Conduct field trips or excursions in connection with courses of instruction or school-related social, educational, cultural, athletic, or college band activities to and from places in the state, any other state, the District of Columbia, or a foreign country for students enrolled in a college. A field trip or excursion to and from a foreign country may be permitted to familiarize students with the language, history, geography, natural sciences, and other studies relative to the district's course of study for such pupils.

(b) Engage such instructors, supervisors, and other personnel as desire to contribute their services over and above the normal period for which they are employed by the district, if necessary, and provide

equipment and supplies for such field trip or excursion.

(c) Transport by use of district equipment, contract to provide transportation, or arrange transportation by the use of other equipment, of students, instructors, supervisors or other personnel to and from places in the state, any other state, the District of Columbia, or a foreign country where such excursions and field trips are being conducted; provided that, when district equipment is used, the governing board shall secure liability insurance, and if travel is to and from a foreign country, such liability insurance shall be secured from a carrier licensed to transact insurance business in such foreign country.

(d) Provide supervision of students involved in field trips or excursions by certificated employees of the district.

No student shall be required to pay a fee to participate in an instructionally related field trip or excursion within the state.

No student shall be prevented from making the field trip or excursion because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for students in need of them.

No group shall be authorized to take a field trip or excursion authorized by this section if any student who is a member of such an identifiable group will be excluded from participation in the field trip or excursion because of lack of sufficient funds.

No expenses of students participating in a field trip or excursion to any other state, the District of Columbia, or a foreign country authorized by this section shall be paid with district funds. Expenses of instructors, chaperons, and other personnel participating in a field trip or excursion authorized by this section may be paid from district funds, and the district may pay from district funds all incidental expenses for the use of district equipment during a field trip or excursion authorized by this section.

The attendance or participation of a student in a field trip or excursion authorized by this section shall be considered attendance for the purpose of crediting attendance for apportionments from the State School Fund in the fiscal year. Credited attendance resulting from such field trip or excursion shall be limited to the amount of attendance which would have accrued had the students not been engaged in the field trip or excursion. No more contact hours shall be generated by a field trip or excursion than if the class were held on campus.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is

enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 72640 of the Education Code, as amended by Section 76 of Chapter 797 of the Statutes of 1979, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 9. Section 72641 of the Education Code is amended to read:

72641. The governing board of any community college district conducting excursions and field trips pursuant to this article shall provide, or make available, medical or hospital service, or both, through nonprofit membership corporations defraying the cost of medical service or hospital service, or both, or through group, blanket or individual policies of accident insurance from authorized insurer, for students of the district injured while participating in such excursions and field trips under the jurisdiction of, or sponsored or controlled by, the district or the authorities of any college of the district. The cost of the insurance or membership shall be paid from the funds of the district.

The insurance may be purchased from, or the membership may be taken in, only such companies or corporations as are authorized to do business in this state.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 72641 of the Education Code, as added by Section 2 of Chapter 1010 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 10. Section 78930 of the Education Code is repealed.

SEC. 10.5. Section 78930 is added to the Education Code, to read:

78930. (a) The governing board of a community college district may charge a reasonable fee for instructional materials provided to any student enrolled in its college or colleges. Fees for instructional materials shall be established so as to not exceed the actual cost to the district in providing such materials, and the materials themselves shall be tangible personal property which is owned or controlled by the student.

(b) "Instructional materials" means all material designed for use by students and their instructors as a learning resource and which help students to acquire facts, skills, or opinions or to develop cognitive processes. Instructional materials may be printed or nonprinted and may include textbooks and educational materials, but not tests. Educational materials are defined to mean any audiovisual or manipulative device including, but not limited to, films, tapes, flashcards, kits, phonograph records, study prints, graphs, charts, and multimedia systems.

(c) This section shall become operative January 1, 1988.

SEC. 11. Section 81458 of the Education Code is repealed.

SEC. 11.5. Section 81458 is added to the Education Code, to read:

81458. The governing board of a community college district may sell to persons enrolled in classes for adults maintained by the district such materials as may be necessary for the making of articles by such persons in such classes. The materials shall be sold at not less than the cost thereof to the district and any article made therefrom shall be the property of the person making it.

This section shall become operative January 1, 1988.

SEC. 12. Section 82305.6 of the Education Code is repealed.

SEC. 12.5. Section 82305.6 is added to the Education Code, to read:

82305.6. When the governing board of a community college district provides for the transportation of students to and from community colleges, the governing board of the district may require the parents and guardians of all or some of the students transported, to pay a portion of the cost of such transportation in an amount determined by the governing board. The amount determined by the board shall be no greater than that paid for transportation on a common carrier or municipally owned transit system by other students in the district who do not use the transportation provided by the district. The governing board shall exempt from such charges students of parents and guardians who are indigent as set forth in rules and regulations adopted by the board. No charge under this section shall be made for the transportation of handicapped students. Nothing in this section shall be construed to sanction, perpetuate, or promote the racial or ethnic segregation of students in the community colleges.

This section shall become operative January 1, 1988.

SEC. 13. Section 84700 of the Education Code is amended to read:

84700. For the 1983–84 fiscal year, and each fiscal year thereafter, the chancellor shall apportion state aid to community college districts according to the following procedure:

(a) The fiscal year revenues for each community college district shall be its base revenues as defined in Section 84701, plus or minus the average daily attendance adjustments based on incremental cost adjustments prescribed in Sections 84702 and 84702.5, plus the equalization adjustment specified in Section 84703, plus the inflation adjustment specified in Section 84704, plus the equalization adjustment specified in Section 84705.

(b) For each community college district, the chancellor shall subtract from the revenues determined pursuant to subdivision (a), the local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption and including 98 percent of the fee revenues collected pursuant to Section 72252 and of reimbursements received for fees exempted pursuant to subdivision (f) of Section 72252, and motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code, and timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code. The remainder shall be the

state general apportionment for each district.

(c) The chancellor shall adjust the amount determined pursuant to subdivision (b) to provide for prior year adjustments required pursuant to Section 84330.

(d) The chancellor may, upon the demonstrated need of any community college district for increased levels of allocations of state funds in any month based on district expenditure patterns and cash flow needs, adjust the allocations provided in subdivision (e), provided that the total of the allocations to be made between July 1 and February 1 shall not exceed 70 percent.

(e) Warrants shall be drawn on the State Treasury by the Controller in favor of the treasurer of each county for the allocations certified by the Chancellor of the California Community Colleges for the period of July through January in accordance with the following schedule, as may be adjusted by the chancellor in accordance with provisions of subdivision (d):

(1) 8 percent of district eligibility shall be allocated in July.

(2) 8 percent of district eligibility shall be allocated in August.

(3) 12 percent of district eligibility shall be allocated in September.

(4) 10 percent of district eligibility shall be allocated in October.

(5) 9 percent of district eligibility shall be allocated in November.

(6) 5 percent of district eligibility shall be allocated in December.

(7) 8 percent of district eligibility shall be allocated in January.

SEC. 14. Section 84701 of the Education Code is amended to read:

84701. (a) The base 1983–84 fiscal year revenues for each community college district shall be the revenue computed for the 1982–83 fiscal year pursuant to Article 3 (commencing with Section 84620) less the adjustments made pursuant to paragraphs (2), (3), and (4) of subdivision (b) of Section 84630.5 and the adjustments made pursuant to Provisions 4 and 11 of Item 6870-101-001 of the Budget Act of 1982.

(b) For the 1984–85 fiscal year the base revenues for each community college district shall be the sum of revenues computed for the 1983–84 fiscal year pursuant to subdivision (a) of Section 84701, and Sections 84703, 84704, and 84705 provided that for any district the sum of the amounts computed pursuant to Sections 84703 and 84705 shall not exceed the amount computed pursuant to Section 84704. For the 1985–86 fiscal year and each fiscal year thereafter, the base revenues for each community college district shall be the revenues received for the preceding fiscal year in accordance with Section 84700, plus any unfunded shortage in local revenues identified pursuant to the provisions of Section 84712.

(c) The base fiscal year average daily attendance for each community college district shall be the lesser of the average daily attendance of the preceding fiscal year computed pursuant to Section 84500 as adjusted by Section 84895, if applicable, or the level of average daily attendance which, pursuant to the Budget Act or any other act, received full funding, consistent with provisions of Section

84702.5, in the preceding fiscal year.

(d) The noncredit base revenues for each community college district shall be equal to the units of funded noncredit average daily attendance within the base fiscal year average daily attendance determined pursuant to subdivision (c), multiplied by one thousand one hundred dollars ($1,100) plus applicable inflation adjustments for preceding years subsequent to the 1982–83 fiscal year.

(e) The credit base revenues for each community college district shall be equal to the district's base revenues determined pursuant to subdivision (a) or (b) as appropriate, less the district's noncredit base revenue determined pursuant to subdivision (d).

(f) (1) Funded noncredit average daily attendance for a community college district, for a fiscal year, shall be the lesser of the actual number of noncredit average daily attendance generated for that year or the sum of the noncredit average daily attendance funded for the preceding fiscal year plus allowable increases in noncredit average daily attendance based on the percentage of increase allowance provided for the district through provisions of Section 84706.

(2) However, if the actual number of credit average daily attendance for the district is less than the sum of the number of credit average daily attendance funded for the preceding fiscal year plus allowable increases in credit average daily attendance based on the percentage of increase allowance provided in Section 84706, then the difference, represented in numbers of average daily attendance, shall be added to the number of funded noncredit average daily attendance determined pursuant to paragraph (1).

The number of funded noncredit average daily attendance so increased shall be greater than the sum of the number of noncredit average daily attendance funded for the preceding fiscal year plus allowable increases in noncredit average daily attendance based on the percentage of increase allowance provided for the district through provisions of Section 84706 but not greater than the actual number of noncredit average daily attendance generated.

(g) In establishing a district's funded credit and noncredit base average daily attendance for the 1983–84 fiscal year, the chancellor shall do both of the following:

(1) Calculate the ratios of total actual credit and noncredit average daily attendance generated to total actual average daily attendance generated in the 1982–83 fiscal year for the district.

(2) Apply the ratios calculated pursuant to paragraph (1) to the district's total average daily attendance for which the district received funding in the 1982–83 fiscal year.

(h) For fiscal year 1983–84, upon request of any district with credit and noncredit average daily attendance and which in the 1982–83 fiscal year generated a total average daily attendance exceeding 110 percent of its total funded average daily attendance, the chancellor may authorize an increase in the total base funded average daily attendance of the district by an amount not to exceed 5 percent of

the district's 1982–83 fiscal year funded average daily attendance. The authorized adjustment shall be further limited by an amount of average daily attendance not greater than that average daily attendance for the district that exceeded 110 percent of the district's funded average daily attendance.

(i) For purposes of determining each district's revenues per unit of funded credit average daily attendance, each district's base revenues determined pursuant to subdivision (a) or (b) of this section shall be reduced by the amount of the adjustment in base revenues to be made in subsequent years for declining average daily attendance in that district pursuant to subdivision (b) of Section 84702 and by the amount of noncredit base revenues of that district determined pursuant to subdivision (d) of Section 84701.

SEC. 15. Section 84702 of the Education Code is amended to read:

84702. The base revenues for each community college district shall be adjusted for changes in average daily attendance, subject to the funded growth limitations in Section 84706, according to the following procedure:

(a) The chancellor shall determine the net increase or net decrease in the number of actual units of average daily attendance of the district between the preceding fiscal year and the current fiscal year.

(b) In the event that the total actual average daily attendance of any community college district for the 1983–84 fiscal year is less than the district's fully funded average daily attendance for the 1982–83 fiscal year, the district shall be allowed to increase its average daily attendance in the 1984–85 fiscal year up to, but not in excess of, the level of its 1982–83 fully funded average daily attendance. The chancellor shall determine the extent to which each of these districts has increased its average daily attendance pursuant to these provisions and shall adjust the base revenues for the 1984–85 fiscal year by the appropriate incremental cost rate specified in Section 84702.5 to the extent of the difference between the average daily attendance generated by the district in the 1984–85 fiscal year and the level of the district's 1982–83 fiscal year fully funded average daily attendance.

For the 1984–85 fiscal year and each fiscal year thereafter, in the event that the total actual average daily attendance for the current fiscal year is less than the base average daily attendance, the chancellor shall adjust the base revenues for the community college district for the subsequent year by the appropriate incremental cost rates specified in Section 84702.5.

(c) Except as provided in subdivision (b) with regard to the 1984–85 fiscal year, in the event that the total actual average daily attendance for the current fiscal year is greater than the base average daily attendance, the chancellor shall adjust the base revenues for the community college district for the current year by the appropriate incremental cost rate specified in Section 84702.5.

SEC. 16. Section 84706 of the Education Code is amended to read:

84706. (a) For the purpose of this article, average daily attendance shall include only the attendance of state residents, except as provided in Section 78462, attending within the district. All attendance of all students shall be reported in accordance with instructions provided by the chancellor.

(b) Community college districts shall be allowed to increase their funded average daily attendance over the prior year as determined by the chancellor in accordance with the following procedures:

(1) For the 1983–84 fiscal year, districts may be allowed to increase their funded average daily attendance to the level funded in the 1981–82 fiscal year less the adjustments made pursuant to Provision 11 of Item 6870-101-001 of the Budget Act of 1982. Increases for each district provided by this paragraph shall be in addition to the increases provided by paragraphs (2) and (4) and shall be allowed only to the extent that increases in statewide average daily attendance provided by this section, exclusive of paragraph (4), does not exceed the rate of change of the adult population of the state as determined by the Department of Finance, or funds remain available statewide pursuant to paragraph (3).

(2) Increases in statewide average daily attendance shall be based on the rate of change of the adult population of the state as determined by the Department of Finance. The allocation of changes on a district-by-district basis shall be determined by the chancellor, based on such factors as the rate of change in the adult population, as determined by the Department of Finance, unemployment, refugee population, and adult participation in the district. The chancellor shall allocate at least 0.01 times the base average daily attendance of the district or 100 units of average daily attendance, whichever is greater, unless adjusted pursuant to paragraph (5) of this subdivision.

The statewide adult population percentage change reported by the Department of Finance shall be based on the resident adult population 18 years of age and older and shall be consistent with actual and projected adult population data reported for like purposes. The percentage change of the adult population of the community college districts shall be compatible with the changes reported for the statewide adult population and shall be determined within the geographic boundaries of the district which shall be consistent with the geographic boundaries used to determine the assessed valuation of property within the district.

The allocation of allowable increases in average daily attendance on a district-by-district basis shall not exceed a reasonable anticipated normal growth for any district, based on information that the chancellor may receive from the district.

(3) The level of funding available for increases in average daily attendance for each district, based on increases specified in paragraph (2), shall be the sum of the following:

(A) The percentage of allowable increase in average daily attendance specified in paragraph (2) times the level of funded

noncredit average daily attendance of the preceding fiscal year times the incremental cost rate specified in subdivision (a) of Section 84702.5.

(B) The percentage of allowable increase in average daily attendance specified in paragraph (2) times the level of funded credit average daily attendance of the preceding fiscal year times the incremental cost rate specified in subdivision (b) of Section 84702.5.

(4) The chancellor shall allocate additional increases in average daily attendance for program growth in areas of statewide concern that are funded in the annual Budget Act or any other act of the Legislature, based on criteria adopted for those allocations.

(5) In the event of a deficit in funding for workload increases, all allowable increases in average daily attendance provided by this section shall be reduced proportionally.

(c) All increases in funded credited average daily attendance shall be accounted for in the following categories of the course classification system of the community colleges, as determined by the chancellor:

(1) Units of average daily attendance in courses that provide transfer credit to a baccalaureate-awarding institution.

(2) Units of average daily attendance in occupational education and vocational and technical programs and courses.

(3) Units of average daily attendance which prepare students for courses identified in paragraphs (1) and (2).

SEC. 17. (a) It is the intent of the Legislature to ensure that the imposition of a mandatory fee does not impair access to, or the quality of, California community colleges. To achieve this purpose, the Chancellor of the California Community Colleges, in consultation with the California Postsecondary Education Commission, shall conduct a study of the impact of the mandatory fee upon California community colleges. The study shall determine the fee's impact upon all of the following:

(1) Student enrollments.

(2) Ethnic distribution of students.

(3) Income distribution of students.

(4) The distribution of full-time and part-time students.

(5) Changes in the staffing requirements and costs of administration.

(6) The availability of federal, state, and other sources of financial aid to community college districts.

(7) The administration and distribution of the financial aid prescribed by this act by the chancellor's office and at the district level.

The chancellor may collect from community college districts any data necessary to conduct the study.

Based upon the study, the chancellor shall submit his or her findings and recommendations to the Joint Legislative Budget Committee and the California Postsecondary Education Commission in a progress report on or before January 1, 1987, and in a final report

on or before July 1, 1987.

(b) The chancellor shall conduct the study pursuant to subdivision (a) in consultation with an advisory committee appointed by the chancellor and composed of representatives from community college districts, the Department of Finance, and the Office of the Legislative Analyst. District representatives on the advisory committee may include students, faculty members, administrators, and governing board members.

(c) The California Postsecondary Education Commission shall submit to the Legislature its written comments and recommendations regarding the progress report and the final report filed by the chancellor pursuant to subdivision (a).

(d) The chancellor shall conduct a study on the level of noncredit courses, enrollments, and average daily attendance offered at the community colleges.

The study shall include information on the following:

(1) The number of students enrolled in noncredit courses offered at the community colleges pursuant to the categories specified in Section 84711 of the Education Code.

(2) The impact a mandatory fee would have on student enrollments in the community colleges and on enrollments in adult education programs which offer similar courses in programs operated by school districts and in regional occupational centers and programs.

The study shall be submitted to the legislative fiscal committees by no later than March 15, 1985.

SEC. 18. Notwithstanding subdivision (b) of Section 84701 of the Education Code, for the 1985–86 fiscal year only, the base revenues for each community college district shall be the revenues received for the preceding fiscal year in accordance with Section 84700 of the Education Code plus any unfunded shortage in local revenues identified pursuant to the provisions of Section 84712 of the Education Code and any shortage in revenues computed pursuant to subdivision (e) of Section 84704 and Section 84705 of the Education Code.

SEC. 19. (a) There is hereby appropriated the following sums to the Board of Governors of the California Community Colleges for the purpose of providing financial aid funds directly to low-income students who cannot afford to pay the fee specified in Section 72252 of the Education Code, and for the purpose of reimbursing districts for the amount of fees lost due to the exemption provided to students pursuant to subdivision (f) of Section 72252:

Period	Amount
July 1, 1984 to June 30, 1985	$15,000,000
July 1, 1985 to June 30, 1986	15,000,000
July 1, 1986 to June 30, 1987	15,000,000
July 1, 1987 to January 1, 1988	7,500,000

(b) The chancellor shall allocate the funds appropriated by subdivision (a) to community college districts. In prescribing the manner of allocation, the chancellor shall endeavor to ensure that students with similar characteristics shall be treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the chancellor shall consider the number of financial aid recipients in each district and the availability of federal and other state financial aid resources.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in Section 72252 of the Education Code, and only in an amount equal to the fee actually charged the student pursuant to that section. In addition, the chancellor shall reimburse districts for the amount of fees lost due to the exemption provided to students pursuant to subdivision (f) of Section 72252.

(d) Districts which receive an allocation of funds pursuant to this section shall utilize appropriate financial need criteria for the distribution of the funds. These criteria may include, but are not limited to, nationally accepted needs analysis methodologies, evidence of need based upon the receipt of public assistance, or other reasonable methods.

(e) The chancellor shall submit a plan made pursuant to subdivision (b) to the California Postsecondary Education Commission, the Legislative Analyst, and to the fiscal and education policy committees of each house of the Legislature by June 15, 1984.

The California Postsecondary Education Commission shall review the plan and submit its recommendations to the fiscal and education policy committees of each house of the Legislature.

(f) If the amount appropriated pursuant to this section exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252, the excess shall revert to the General Fund.

(g) If the amount needed for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252 and to reimburse districts for the amount of fees lost due to the exemption provided to students pursuant to subdivision (f) of Section 72252 is greater than the amount appropriated by this section, the chancellor shall certify to the Department of Finance the amount of the additional funds which are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or otherwise.

SEC. 20. There is hereby transferred from the unencumbered balance of the Capital Outlay Fund for Public Higher Education to the General Fund the sum of twenty-eight million dollars ($28,000,000).

SEC. 21. There is hereby appropriated from the General Fund the sum of one hundred thousand dollars ($100,000) to the Chancel-

lor of the California Community Colleges for the purpose of carrying out the study required by Section 17 of this act.

The chancellor shall enter into an interagency agreement with the California Postsecondary Education Commission to reimburse the commission for the cost of carrying out the duties imposed upon the commission by Section 17 of this act.

SEC. 22. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 23. Sections 1 to 18, inclusive, and Sections 21 and 22 of this act shall become operative July 1, 1984. Sections 19 and 20 of this act shall become operative on the effective date of this act.

CONCURRENT RESOLUTIONS

1983–84

SECOND EXTRAORDINARY SESSION

1983–84 RESOLUTION CHAPTERS

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 2—Relative to final adjournment of the 1983–84 Second Extraordinary Session of the Legislature.

[Filed with Secretary of State February 21, 1984.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the 1983–84 Second Extraordinary Session of the Legislature shall adjourn sine die on adjournment on February 17, 1984.
