It shall be lawful for the owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the city council, to perform, at his or their own expense (after obtaining permission from the council so to do, but before said council has passed its resolution of intention to order grading inclusive of this), any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the superintendent of streets, which certificate the superintendent shall record in a book kept for that purpose in his office, properly indexed. Whenever thereafter the city council orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been

Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work (except grading), on such street, in front of any block, at his or their own expense, and the city council shall subsequently order any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done; *provided*, that the work so done at the expense of such owner or owners, shall be upon the official grade, and in condition satisfactory to the street superintendent at the time said order is passed.

Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district; and when said diagram shall have been approved by the city council, the clerk shall certify the fact and date thereof. Immediately thereafter the said diagram shall be delivered to the superintendent of streets of said city, who shall, after the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent of streets or city council on appeal, proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by said diagram, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the costs and expenses of such work, and in so doing shall assess said total sum upon the several pieces, parcels, lots or portions of lots, and subdivisions of land in said assessment district benefited thereby, to wit: Upon each respectively, in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in the next section, and the provisions of subdivisions 1, 2, 3, 4, 5, 6 and 7 of this section shall not be applicable to the work or improvement provided for in this subdivision.

Subdivision 11. The terms, lot, lots, lands, piece or parcel of land wherever mentioned in this act shall be deemed to include and shall include property owned or controlled by any person, firm or corporation as a railroad, street or interurban railroad right of way, and whenever a railroad, street or interurban railroad right of way shall front on or abut or parallel or be included with or divide longitudinally any street improved under the provisions of this act or shall be included within any district to be assessed for the cost of any improvement provided in this act, such railroad right of way (whether the same is owned in fee or as an easement) shall be included in the warrant, assessment and diagram and shall be assessed in the manner and with the same effect as other lots, lands or pieces or parcels of land are assessed as provided in this act, and such railroad, street or interurban railroad right of way shall be subject to sale for nonpayment of assessments as in this act provided."

Such petition may consist of any number of separate instruments and shall set forth and describe the proposed boundaries of such district and shall pray that such district be established. Such petition shall be filed with the clerk of said board who shall within fifteen (15) days examine the signatures thereto and certify to the sufficiency thereof. If such petition be found to be insufficient it shall be returned to the persons filing the same, who may amend or add names thereto, for ten days when the same shall be returned to the said clerk, who shall have an additional fifteen (15) days to examine the same and attach his certificate thereto. No person having signed such petition shall be allowed to withdraw his name therefrom after the filing of the same with the said clerk. Whenever such petition shall be certified to as sufficient, the said clerk shall forthwith transmit the same, together with his certificate of sufficiency attached thereto, to the said board of supervisors who shall, at their first meeting thereafter, fix a time and place at which the same shall be heard by said board which time shall be not less than fifteen nor more than forty days thereafter, and shall cause notice thereof to be given by two publications in some newspaper published in the county and also in a newspaper published in each municipality which or part of which is included in such proposed district, the first of each of which publications shall be at least ten days before the date fixed for such hearing. If said board shall act on their own initiative and without petition they shall fix a time and place for hearing on the creation of a proposed district and give notice thereof as above provided. At such hearing the board shall consider the matter and hear any petition presented and shall also hear any interested person appearing thereat. It may adjourn such hearing from time to time, not exceeding two months in all. On the final hearing said board shall make such changes in the proposed boundaries as may be deemed advisable and shall define and establish such boundaries, *provided*, that if said board deems it proper to include therein any territory not included within the said proposed boundaries, they shall first cause notice of their intention so to do, to be mailed to each owner of land within said territory proposed to be included whose name appears as such on the last completed assessment roll of the county or city and county wherein said territory lies, addressed to such owner at his address, given on such assessment roll, or if no address is so given, then to his last known address; or if it be not known, then at the county seat of the county in which his land lies, which said notice shall describe the territory so proposed to be included, and shall fix a time, not less than two weeks from the date of mailing thereof, when all persons interested may appear before said board and be heard, *and further provided*, that the boundaries lying within a municipal corporation shall not be altered unless the governing body of such municipal corporation shall, by resolution, assent to the alteration of such boundaries therein, *and further provided*, that said board of supervisors shall in defining said boundaries exclude from the proposed district any territory over which any state, county or municipal commission or body shall then have and be exercising control in harbor or port matters.

Upon such hearing the board shall determine whether or not the public necessity or welfare of the proposed territory and of the inhabitants thereof requires the formation of such district, and shall also determine whether or not any such petition complies with the provisions of this act, and for that purpose must hear all competent and relevant testimony offered in support of or in opposition thereto, a finding of the board of supervisors in favor of the genuineness and sufficiency of the petition and notice shall be final and conclusive against all persons except the State of California, upon suit commenced by the Attorney General. If, from the testimony adduced before said board, it appears to said board that the public necessity or welfare requires the formation of such district, the said board shall, by an order entered on its minutes, declare such to be its finding, and shall further submit the proposition of creating such port district to the electors resident within the limits of the district as finally established by the board, at any general or special election to be held within said district not earlier than thirty nor more than ninety days thereafter, or at a special election to be called for the purpose and held within said time. Notice of such election and of the submission of such question shall be given by publication in the same manner and for the same time as above provided for the notice of hearing. Such notice shall in addition be posted for at least ten days in ten public places in said proposed district. In submitting the said question to the voters for their approval or rejection, the proposition shall be expressed on said ballot substantially in the following terms.

For the purposes of said election, said board may consolidate precincts, in such manner and to such number as it may determine, but no precincts in any one municipality shall be consolidated with precincts situated without such municipality. If at such election a majority of the voters voting upon such proposition in either a municipality or separate part of the municipality where the whole municipality was not included in the proposed district, or any unincorporated territory, each taken as a whole, shall vote in favor of the formation of such district, then such district shall be formed, and shall include any and all such municipalities, parts of municipalities and incorporated territory which shall have voted in favor thereof.

If at such election a majority of the voters voting upon such proposition in either a municipality, such separate part of a municipality, or unincorporated territory, each taken as a whole, shall vote against the formation of such district, then such municipality, separate part of a municipality and incorporated territory taken as a whole shall be excluded from the port district, even though such district be formed as the result of a favorable vote of other units within the proposed districts, as hereinbefore provided. The board of supervisors shall canvass the returns from said election and shall declare the result of the election. If it shall appear that, by such majority vote in any municipality, separate part of a municipality, or unincorporated territory, such port district has been established a copy of the declaration of the board shall be filed in the office of the Secretary of State and thereupon such port district shall be deemed duly established. Such declaration shall set forth the boundaries of the port district as finally formed.

All such commissioners shall hold office for a term of three years from and after the second day of the calendar year succeeding their appointment; *provided, however*, that the first commissioners appointed under the provisions of this act shall at their first meeting so classify themselves by lot that one of their number, if the total membership is an odd number, and one-third of their number if the total membership is an even number, shall go out of office at the expiration of one year, and one-half of their number then remaining at the expiration of each of the two following years from the second day of the calendar year succeeding their appointment. Add to Sec. 4 the following: "Whenever in the judgment of the commission the cost and expense of any of the foregoing works or improvements should be paid by special assessment on private property, the commission may so direct and may levy and collect special assessments upon such property for the doing of any such work or the making of any such improvement, and may establish local improvement districts within such port districts and levy and collect such special assessment therein, which work shall be done and improvements made, assessments levied and collected, in conformity with the procedure set forth in one or more of the general laws of the State of California in force at the time of the improvement, or as they shall be amended from time to time, relating to the doing of public work or the making of local improvements in municipalities or in counties, so far as the same is applicable;

provided, however, that the procedure set forth in such general laws shall not be deemed to be exclusive, but the board of supervisors of the county in which said district is situate, may and it is hereby empowered so to do, pass an ordinance which may from time to time be revised or amended or repealed, and a new ordinance or ordinances be passed in lieu thereof and may therein provide for the doing of such work and for the making of such improvements in the district and for the payment of the costs and expenses thereof, and, in and by such ordinance or ordinances, it may declare and designate the kinds of such work and improvements to be done thereunder. The commission, or the board of supervisors, upon request of the commission, if it be so provided in said ordinance, is authorized and empowered to order such work done or improvements made under such proceedings as said board may in such ordinance provide, and to assess in such manner and by such method as said board may in and by such ordinance prescribe and provide, the proper costs and expenses thereof upon lands in private ownership when the payment of such costs and expenses is not otherwise provided for and when the payment of a portion of such costs and expenses is so otherwise provided for to assess the remainder thereof upon such lands; to provide for a lien on lands so assessed for such work or improvements; and to provide in such ordinance the method for collecting and enforcing such assessments so levied, and the manner in which lands on which assessments levied thereunder remain unpaid may be sold; and to prescribe penalties for failure to pay such assessments. In such ordinance the board of supervisors may provide for reassessments in payment of the costs and expenses of such work and improvements in appropriate cases, and for the means and methods of collecting and enforcing same, and may provide also for the issuance, sale, payment and redemption of interest bearing bonds to represent or be secured by such assessments or reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide methods whereby such assessments or reassessments may be collected, in the same manner in which the county taxes are collected, for the sale of the lands burdened by such assessments or reassessments and for the purchase of same on behalf of the county in the event of nonpayment and may provide other or alternative methods for such collection by foreclosure or otherwise. By and in such ordinance said board of supervisors may provide means, methods and procedure for fully and completely exercising the powers which are hereby conferred as to such work or improvements and for the assessment and collection and payment of the costs and expenses thereof. The passage of such ordinance shall not preclude, however, in the case of any particular work or improvement, the commission from using the methods and procedure provided by general law, and such ordinance shall be deemed to provide alternative methods and procedure for the doing of such work and for making public improvements and for the paying of the costs and expenses thereof. The board of supervisors is further empowered to provide in such ordinance that any assessment or reassessment levied in pursuance thereof may be paid in installments covering a period provided for in such ordinance, but not to exceed ten years from the date when the first installment thereof shall become delinquent, upon such terms and conditions as in such ordinance may be provided and in accordance with the methods therein prescribed, provided that the interest to be paid on such installment payments shall not be at a rate greater than eight per cent per annum, exclusive of penalties. Said bonds may be made payable in installments or may be made payable in series but in either event the last installment or last series shall be made to mature and be payable on a date not exceeding ten years from the date when the first installment or series shall become due and payable.

Said ordinance may provide specifically that the assessment proceedings shall be carried out by the board of supervisors upon request of the commission, in which event the assessments shall be levied and collected under and by direction of the board but work shall be completed to the satisfaction of the commission and upon such completion it shall pass under the control and jurisdiction of the commission. If the passage of said ordinance be requested by the commission the cost of publishing same shall be a charge upon the district.

The order calling such election shall be valid and effectual when signed by a majority of said commission. Such bonds may be issued for one or more of said purposes. In the said order there may be submitted the question of issuing said bonds for all said purposes as a single proposition, or there may be submitted the question of issuing said bonds for any of such purposes severally and as separate propositions, either singly or in such combination as the order may direct. Notice of such election shall be given by posting notices signed by the commission or by a majority thereof, in three public places in the district, not less than twenty days before the election, and by publishing said notice not less than once a week for three successive weeks before the election in a newspaper published in the district, if any newspaper is published therein, otherwise in the county in which said district is situated.

All qualified electors within such port district shall be entitled to vote at any election held in such port district. The officers of any county having charge of the registration books shall deliver the same to the port commission for the use of its election officers at any election held in a port district formed under the provisions of this act.

The general laws of the State of California governing special elections in counties, so far as they are not inconsistent with these provisions, shall govern as to the manner of holding such election. The voting must be by ballot and the propositions shall be so stated upon the ballot as to enable the voter to vote for or against the issuance of the proposed bonds. The commission must meet and canvass the returns from said election at its next meeting after the holding of said election, and if it appears that two-thirds of the votes cast at said election were in favor of issuing such bonds, then the board shall cause an entry of that fact to be made upon its minutes, and shall certify to the board of supervisors of the county all the proceedings had in the premises, and thereupon said board of supervisors shall be and they are hereby authorized and directed to issue the bonds of such district, to the number and amount provided in such proceedings, payable out of the redemption fund of such district, naming the same and that the money shall be raised by taxation upon the taxable property in said district, for the redemption of said bonds and the payment of the interest thereon, *provided*, that the total amount of bonds so issued shall not exceed ten per cent of the taxable property of the district, as shown by the last equalized assessment book of the county.

If the notice calling the election shall have provided that the bonds and interest thereon shall be payable in gold coin of the United States, the bonds shall be made payable in such gold coin, as to principal and interest. If the notice calling the election shall have provided that the bonds and interest thereon shall be payable in lawful money of the United States, the bonds shall be made payable in lawful money of the United States, as to principal and interest. If the notice shall have made no such specific provisions the board of supervisors shall have power in the order prescribing the form of bonds

either to make the bonds payable in gold coin of the United States as to principal and interest, or to make them payable in lawful money of the United States as to principal and interest.

Said bonds must not bear a greater amount of interest than seven per cent, said interest to be payable annually or semiannually, and said bonds must be sold in the manner prescribed by the board of supervisors, but for not less than par, and the proceeds of the sale thereof, together with any premium which may be received from the sale of said bonds, must be deposited in the county treasury to the credit of said district, and be drawn out for the purposes aforesaid as other moneys are drawn out.

The principal and interest on said bonds shall be paid by the county treasurer upon the warrant of the auditor, out of the fund provided therefor; and it shall be the duty of the auditor to cancel and file with the treasurer the bonds and coupons as rapidly as they are paid.

AMENDMENT NUMBER FOURTEEN.

Section 17. Any territory, incorporated or unincorporated, lying adjacent and contiguous to a port district, may be added and annexed to such district, at any time, upon proceedings being had and taken as in this act provided. The port commission of such district, upon receiving a written petition therefor, signed by twenty per cent of the voters residing within the territory proposed to be annexed to such district, shall thereupon submit to the electors of the district and also to the electors residing in the territory sought to be annexed, the proposition of whether such proposed territory shall be annexed and added to such district. The proposition to be submitted to the electors at such election, both within said district and within said territory so proposed to be annexed, shall be as follows: "For annexation," or "Against annexation," or words equivalent thereto. Such election must be called and held, and notice thereof shall be published for at least once a week for four weeks prior to such election in a newspaper printed and published in such district, and also in a newspaper printed and published in such territory so proposed to be annexed. The commission shall canvass, separately, the votes cast within said district and the votes cast within said territory so proposed to be annexed, and if it shall appear from such canvass that a majority of all the ballots cast in such district and a majority of all the ballots cast in such territory so proposed to be annexed are in favor of annexation, the commission shall certify such fact to the secretary of state describing said property proposed to be annexed and upon receipt of such last mentioned certificate, the secretary of state shall thereupon issue his certificate reciting that the territory (describing the same) has been annexed and added to the port district (naming it), and a copy of such certificate of the secretary of state shall be transmitted to and filed with the county clerk of the county in which such port district is situated. From and after the date of such certificate the territory named therein shall be deemed added and annexed to and form a part of said port district, with all the rights, privileges and powers set forth in this act and necessarily incident thereto. If the property so proposed to be annexed is included within a municipality, consent to such annexation shall first be obtained from the governing board of such municipality, and an authenticated copy of the resolution or order of such board so consenting to such annexation, shall be attached to the petition, and be made a part thereof.

Section 18. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by the port commission upon the question of dissolution, and the proposition which shall be submitted to the electors at such election, shall be as follows: "Shall the district be dissolved", or in words equivalent thereto. Such election must be called and held; and notice thereof shall be published for at least once a week for four weeks prior to such election in a newspaper printed and published in such district. If two-thirds of the votes at such election shall be in favor of the dissolution of the district, the commission shall certify such fact to the secretary of state, and upon receipt of such last mentioned certificate, the secretary of state shall thereupon issue his certificate, reciting that the port district (naming it) has been dissolved, and a copy of such certificate of the secretary of state shall be transmitted to and

filed with the county clerk of the county, in which such port district is situated. From and after the date of such certificate the district named therein shall be deemed disincorporated, and the property of the district shall thereupon vest in the county, wherein said district is situate, if the district at the time of its dissolution comprises unincorporated territory alone, and if it comprises incorporated alone, or partly incorporated and partly unincorporated territory, then in such event its property shall be ratably apportioned amongst the several municipalities and the county, in proportion to the assessed value of the property included within said district as shown upon the last county assessment roll; *provided, however*, that any real property, easements or rights of way, belonging to said district shall in such event remain the property of the municipality wherein the same is situate, if situated within incorporated territory, otherwise the same shall remain the property of the county.

Section 19. If there is no newspaper published within the district or within a subdivision thereof or other territory wherein the same is required to be published under any provision of this act, then in lieu thereof and with like effect such notice shall be posted for the maximum length of time herein required for the publication of same in three public places in such district or such subdivision thereof or such other territory as the case may be. Resolved, That we favor the passage of the said bill by the present session of the Legislature; and further

By Mr. Eksward:

REDWOOD CITY, CALIFORNIA, March 8, 1921.

DEAR SIR We the members and friends of Gen. Geo. S. Evans Relief Corps No. 36, Auxiliary to the Grand Army of the Republic, appeal to you for earnest support of Bill No. 734, relative to the support of ex-army nurses and of wives, widows, mothers and dependent unmarried daughters and sisters of the Union Veterans of the Civil War, Spanish-American and World War, at the Woman's Relief Corps Home

We also ask your strong support of Bill No 637, which provides for the appropriation of $35,000 for part payment on a new Woman's Relief Corps Home, to replace the one at Evergreen destroyed by fire on October 10, 1920 We understand that Assemblyman T. M Wright of Santa Clara County is unjustly opposing this bill and is trying to railroad these old ladies to the Soldiers' Home at Yountville, which we feel is not the proper place for them. The relatives of these old and dependent women gave us a country to live in and they should be entitled to a good home.

We look for your strong support of these two bills

Thanking you in advance, we are,

BERTHA M. POTTS, President.
MARY MCAULIFFE, Secretary.

MRS D P FLYNN, and 92 others

By Mr. Merriam:

DEAR SIR The Central Labor Council of Los Angeles, in regular meeting assembled, most heartily endorsed the County Industrial Farm bill, which the conference of civic, commercial and other bodies has worked out.

I have also been instructed to send copy of the County Industrial Farm bill with our endorsement to our legislative agent in Sacramento

We most earnestly trust that the Legislature will lose no time in enacting the same into law

LOS ANGELES CENTRAL LABOR COUNCIL
JOHN S. HORN, Assistant Secretary.

ASSISTANT CLERK BOOTH READING.

CALIFORNIA STATE BOARD OF OPTOMETRY.

FRESNO, CALIFORNIA, March 15, 1921.

Jerome B. Kavanaugh, Chief Clerk Assembly, Sacramento.

DEAR SIR: In response to a letter from the Civil Service Commission calling our attention to the resolution of the Assembly under date of January 24, relating to reports, we sent them the information asked for, and no doubt it has been placed in your hands before now.

If additional reports are required, we shall be glad to furnish them on your request.

Yours truly,

J. M. CRAWFORD, Secretary.

BOARD OF STATE HARBOR COMMISSIONERS.

SAN DIEGO, CALIFORNIA, March 16, 1921.

To the Honorable Members of the Assembly, Sacramento.

GENTLEMEN: When the present members of the State Board of Harbor Commissioners for the bay of San Diego took office, February 1, 1919, the monthly income amounted to $20. Since then we have increased the monthly income to $160. This was done by your board insisting that all those occupying State tide lands pay rent for use of same. We also collected back rentals amounting to $780. We made amicable settlements and wherever possible leases made for the occupied terrain.

We employ an attorney (F. L. Richardson) at $15 a month and now pay $2.50 a month for office rent. Office and other expense are almost nil.

The requested report for the fiscal year ending June 30, 1920, herewith inclosed.

We beg to remain,

BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA.

By WILLIAM B. GROSS, Secretary and Treasurer.

READING OF THE JOURNAL.

During the reading of the Journal, on motion of Mr. Pedrotti, its further reading was dispensed with.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Merriam:

LOS ANGELES, CALIFORNIA, March 14, 1921.

DEAR SIR: Your attention is directed to the enclosed resolutions Constant exemptions from the provisions of the Civil Service Law and an incessant demand for still further letting down of the bars, have heretofore seriously affected its successful operation. Again, there are excellent reasons why there ought to be a number of commissioners at least with consulting authority. The commission not only has executive duties, but is, as a court, gradually building law by rulings and making precedents. If the Legislature through a mistaken idea of economy curtail their number or efficiency, they will render impossible a wise administration for some time to come.

Cordially,

CHARLES R. BURGER, Commissioner.

It having been brought to the attention of the Los Angeles County Civil Service Commission at its meeting on March 11, that Assembly Bill No. 353, introduced by Mr. White, January 18, 1921, provides "In each department the head of the department and the chief of each division and one position under each of a confidential nature and all positions requiring legal, expert or technical training shall be exempt from the provisions of the Civil Service Law," it was ordered that in the opinion of all the members of the commission that the adoption of the above proposed bill in its present form will in effect entirely destroy the efficacy of the Civil Service Law; that it will tend to lower the standards of efficient service in the State, and the members of the commission believe that the exemption of positions above mentioned would return the service of the State to the old spoils system, with all its evils.

It was further ordered that a copy of these minutes be forwarded to the Governor and to the members of the Legislature representing Los Angeles County

It having been brought to the attention of the Los Angeles County Civil Service Commission at its meeting on March 11 that Assembly Bill No 348 amends the State Civil Service Law by providing that two of the members of the commission shall receive compensation at the rate of $10 a day while actually engaged in the duties of their office, not to exceed $300 in any one year, it was ordered that in the judgment of the commission such an arrangement would not be conducive to the best

and most efficient administration of the State Civil Service Law, for the reason that the maximum allowance of compensation for service is so small that no commissioner would be permitted under the law to give a sufficient amount of time and attention to the work of the State Civil Service Commission to enable him to properly perform his duties as commissioner.

It was held that if the law is to be amended so as to provide for two commissioners who shall receive per diem compensation, the maximum allowance for such service should be increased so as to enable their presence at Sacramento at least two days in each week.

It was ordered that this action on the part of the commission be reported to the Governor and to the members of the Legislature representing Los Angeles County.

Yours very truly,

F. E. DOTY, Secretary.

By Mr. Kline:

PERRIS, CALIFORNIA, March 14, 1921.

DEAR SIR: While we all favor any efficient and economical consolidation of State departments, sportsmen here insist that fish and game conservation be left alone to stand upon its present separate and self-supporting basis.

The feeling appears unanimous that an attempt is being made to force sportsmen's funds to bear general burdens by diverting the Fish and Game Commission's collections from hunting and angling licenses to purposes other than the protection of fish and game for which they were put up and to which they are now legally pledged.

Whatever differences of opinion various factions have had with the fish and game board appear to have been swept aside in face of what sportsmen consider a common enemy—namely, diversion of their funds, whatever the emergency of State finances, or other excuse. I strongly urge your utmost efforts to prevent any such calamitous and far-reaching mistake as sportsmen here now fear.

Yours very truly,

D. W. SHELDON,
And 8 others.

ASSISTANT CLERK LILLEY READING.

Each member of the board shall receive the necessary expenses incurred by him in the performance of his duties and eight dollars per day for each day attending the meetings of the board, but such per diem shall not exceed two thousand five hundred dollars in any one year.

SEC. 8. The board shall have full power to acquire, either within or without the boundaries of the district, by purchase, condemnation, or any other lawful means, in the name of the district, from private persons, corporations, reclamation, swamp land, levee, protection or drainage districts, or other organizations or associations, all lands, water rights, rights of way, easements, irrigation works, including canals, or other property or material necessary or requisite for the purpose of the conservation, flowage or distribution of waters, or for weirs, cuts, canals, levees, overflow channels, or any other purpose by said board considered necessary for the uses of said district, and to construct any and all works by them considered necessary to carry into full force and effect the provisions of this act, to make contracts to indemnify or compensate any owner of land or other property for any injury or damage caused by the exercise of its powers under this act, to maintain actions to restrain the doing of any act or thing that might in the opinion of said board be injurious to any of the works necessary to carry its plans into effect, and to do any and all things necessary or incident to the powers herein granted, or to carry out the objects specified herein; to maintain action by injunction or otherwise; to prevent the unlawful diversion of any of the waters of said Kern River or its tributaries; to compel the removal or alteration of any embankment or structure which interferes with the works of said district; and the board shall further have power, and it shall be its duty, to procure data and to make surveys and examinations upon said river and its tributaries, and to adopt plans for the proper surveys of the waters of said river and its tributaries, and all reservoir sites, and to purchase such reservoir sites, construct dams or works necessary to impound said waters, and to obtain waters from other sources and from other water sheds, and to enter into such contracts and agreements as may be necessary for the securing of all of said waters and for the storage and for the disposal of the waters so impounded, either for the purposes of electric power or irrigation, and also where necessary or convenient to said ends to acquire and hold the stock of other corporations domestic and foreign owning waters, canals, waterworks, franchises, concessions or rights. Said board may enter into, and do any acts necessary or proper for the performance of any agreements with the United States, or any state, county, district of any kind, public or private corporation, association, firm or individual, or any number of them, for the joint acquisition, construction, leasing, ownership, disposition, use, management, maintenance, repair or operation of any rights, works or other property of a kind which might lawfully be acquired or owned by the irrigation district, and may acquire the right to store water in any reservoirs or to carry water through any canal, ditch or conduit not owned or controlled by the district and may grant to any owner or lessee of the right to the use of any water the right to store such water in any reservoir of the district or to carry such water through any canal, ditch or conduit of the district.

SEC 9. Whenever, in the opinion of said board, it shall be necessary to levy an assessment upon any lands within said district for any purpose other than the acquiring by purchase or otherwise of water or water rights, lands, rights of way or

property of any kind to be used in the development, storage, conservation or distribution of waters, the construction of reservoirs, canals, pipe lines or other means of development, conservation, storage or distribution of waters; said board shall cause an assessment to be levied upon the lands within said district for such purposes. The plans to be carried out may be divided by said board into separate portions or projects in such manner as will in its judgment best facilitate the levying of assessments for each particular portion or project in a just and equitable manner according to benefits upon the lands in said district. The assessment for the general purposes of said district shall be made upon the whole of said district and shall be by ratios, which shall remain fixed until changed by a new assessment caused to be levied for such purpose by said board. Said board shall enter in the minutes of the board, a resolution to the effect that the execution of each such separate portion or project which they may determine upon is a public necessity Each such particular portion or project shall be designated by the board in such resolution by name and number. All assessments, plans and funds intended for or connected with the execution of each particular portion or project shall be designated by such name and number and shall be kept separate and shall be used only for the purpose of carrying out such particular portion or project. For the purpose of making any such assessment the board shall appoint three assessors who shall be disinterested persons, and shall have no interest in any real estate within said district, and each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessors must assess upon the lands within said district the said sums so estimated by the board, and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditure of said sums of money. After said assessors have examined the plan or plans of the works contemplated and the said estimates of the cost, they shall make a preliminary report to the board indicating the exterior boundaries of the lands that in their opinion will be benefited by the expenditure. The board shall then appoint a time and place in Kern County when and where they will hear objections to the said report and also evidence concerning the manner in which said assessment should be apportioned. They shall give notice of said hearings by publication once each week for three consecutive weeks in a newspaper of general circulation published in Kern County. They shall exclude any land that will not be benefited by the expenditure of said sums and shall assess all lands that will be benefited thereby Said assessors shall make a separate list of the lands so assessed which list shall contain a description of the tracts of land assessed, by swamp land surveys, legal subdivisions, or other boundaries or references sufficient to identify the same; the name of the owner, if known, or if unknown, that fact, and the amount of the charge assessed against each tract. No mistake in the name of the owner or supposed owner, of any real estate shall invalidate the assessment. Said lists when completed shall be filed with the secretary of the board and said secretary shall forward to the county treasurer of Kern County the assessment list and the same shall be open for inspection by the public for at least thirty days The compensation of said assessors shall be fixed and allowed by the board The board shall appoint a time and place not less than thirty days after said list has been filed with said treasurer when and where it will meet for the purpose of hearing objections to said assessments, and notice of such hearing shall be filed with the county treasurer and published once each week for two consecutive weeks in some newspaper of general circulation published in Kern County. At any time before the date of such hearing any person interested in any real estate upon which any charge has been assessed, may file in the office of the secretary of the board written objections, which said statement shall be verified by the affidavit of such person or some other person who is familiar with the facts At such hearing the board shall hear such evidence as may be offered touching the correctness of such assessment, or the manner of its apportionment, and may modify or amend the same and may reapportion all or any part of the entire assessment. If said assessment shall be reapportioned, the board shall give two weeks' notice as before, and proceed to hear objections as before, and shall then reconsider said assessment and make an order approving said assessment as finally fixed; and the decision of said board shall be final, and thereafter said assessment list shall be conclusive evidence, except in the suit hereinafter provided, that the said assessment has been levied and apportioned according to law Any person aggrieved by the decision of the board approving said assessment may commence an action to review the same in the Supreme Court of the State of California within ten days after said decision. Such action shall be brought only by the actual owner of land against which the amount of assessment is questioned. No objection to said assessment shall be considered by the court unless such objection shall have been presented in writing to the board as hereinbefore prescribed and said court shall consider only whether or not said board has exceeded its jurisdiction.

SEC. 10. After such hearing has been had by the board, such assessment list shall be certified by the secretary of the board to be correct, and said list shall be deposited in the office of the county treasurer of Kern County, and such assessment shall thereafter constitute a lien upon the lands so assessed and shall impart notice to all subsequent purchasers or encumbrancers or other person acquiring any

interest in or lien upon said land, and all unpaid assessments shall bear interest at the rate of seven per cent per annum, and shall be paid to the county treasurer in separate installments of such amounts, and at such times, respectively as the board, from time to time, in its discretion, may, by order entered in its minutes, direct; if any such installment shall remain unpaid at the expiration of sixty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon, and ten per cent of the amount of said installment and interest shall be added thereto, and collected for the use of the district; *provided*, that if an action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled, in said action, shall become delinquent thirty days after any judgment rendered therein shall become final. Immediately after the said installment has become delinquent, the board must publish a notice at least once a week for three consecutive weeks in some newspaper of general circulation published in Kern County which notice shall contain a description of the property assessed, the name of the person to whom it is assessed, or a statement that is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the penalty that has been added as above provided, and notice that the property assessed will be sold on a date therein stated, in front of the court house of said county, to pay said installment with accrued interest and the penalty hereinbefore specified. At the time stated in said notice or such other time to which said sale may have been postponed, the board must cause said property to be sold to the highest bidder for lawful money of the United States. Out of the proceeds of said sale the board must pay the amount of said installment with accrued interest thereon and the penalty herein provided for to the county treasurer of Kern County and the board must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The board may postpone said sale from time to time by a written notice posted at the place of sale. If no bid is made for said property equal to the amount of said installment, accrued interest and penalty, the district shall become the purchaser, and the said property must be struck off to the district for the amount of said installment, accrued interest and penalty. A certificate of such sale shall be executed by the president of the board to the purchaser, or to the district, if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of the county in which the land is situated. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer the amount for which said property was sold, and interest on the said sum at the rate of ten per cent per annum from the date of said sale. If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by the president of said board, after notice to any incumbrancer of said land whose incumbrance is of record, and the right of such incumbrancer to redeem said land shall continue for a period of thirty days after such notice. The effect of such deed shall be to convey said property free of all liens and incumbrances, excepting state, county and municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of assessments made by said district, which said balance must be called in and collected in the same manner as other assessments; *provided*, that where property shall have been deeded to the district and shall not have been sold, the same shall not be offered for sale for subsequent installments of assessments so long as the district shall remain the owner of said property, but the board may sell said property at any time at public auction after notice given for the same period and in the same manner as herein provided for sale for delinquent installments, but not for a sum less than all delinquent unpaid installments with accrued interest and penalties, and the deed executed in pursuance of each sale shall convey said property free of all incumbrances, except state, county and other municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of said assessments of said district, which balance must be called in and collected in the same manner as other assessments.

SEC. 11. All money collected upon sales or otherwise shall be paid to the county treasurer of Kern County and said money, together with all other money collected by the treasurer shall be deposited in the county treasury to the credit of said district, in a fund which is hereby created and known as the Kern County conservation district fund, specifying the number of the assessment from which such money was derived and shall be paid out upon warrants of the county auditor and the auditor is hereby directed to issue warrants upon said funds whenever drafts of the board shall be presented to him, and the county treasurer is hereby directed to pay such auditor's warrants when there is sufficient money in the funds of said district; *provided*, that all moneys collected from assessments, shall be paid out only on warrants issued for works or other expenses covered by the assessment from which such money was derived, which assessment must be numbered consecutively, to the end that all moneys raised by assessment upon any of the lands embraced in said district, shall be expended only for the works of conservation or irrigation or other expenses beneficial to the lands so assessed, and for the payment of warrants issued for the construction of the works and other expenses for which such assessment

was levied and each warrant must designate the number of the assessment from which it is to be paid. In case there are not sufficient funds for such purpose, the treasurer shall endorse on such warrants the date of presentation and register the same, and thereafter such warrants shall bear interest at the rate of seven per cent per annum, and must be paid in the order of their registration. Such warrants shall be considered as contracts in writing for the payment of money by said district and the period prescribed for the commencement of an action upon said warrants is four years from the date thereof. Said warrants shall be received in payment of any assessment for work or expenses for which such warrants were issued The board may extend the period for payment of any warrant for an additional period of four years upon application of the owner of such warrant. Whenever there is sufficient money in the treasury applicable to the payment of any outstanding warrants of the district, the treasurer shall give notice that there is money in the treasury to pay certain warrants, giving their numbers in the order of their registration; said notice shall be published for ten days in a newspaper of general circulation published in the city of Bakersfield. After the last publication of said notice the warrants therein mentioned shall cease to bear interest. The board shall designate a paper in said city which shall be the official paper of said district for the purpose of such publication.

SEC. 12. In all cases in which an assessment shall be levied upon the lands embraced within said district, and if the assessment upon any tract or tracts of land shall have thereafter been adjudged invalid by any court of competent jurisdiction, or if, for any reason, such tract or tracts of land shall not have been legally charged with said assessment, then such tract or tracts of land shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by said land from the purposes for which said former assessment was levied bears to the whole amount of said former assessment; or a subsequent reassessment of such tract or tracts of land may be made separately for the purpose of charging said land with its proper proportion of said assessment.

SEC. 13. Whenever, in the opinion of said board, it shall be necessary to levy an assessment upon any lands within said district for the purpose of constructing or purchasing necessary irrigation canals and works, and acquiring the necessary property and rights therefor, and for the purpose of acquiring waters, water rights, reservoirs, reservoir sites, and other property necessary for the purposes of said district, and otherwise carrying out the provisions of this act, or any other act under which said district is or may be authorized to acquire property or construct works, the board of trustees of said district must estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, said board shall cause such surveys, examinations, drawings and plans to be made as shall furnish the proper basis for said estimate. Said surveys, examinations, drawings and plans, and the estimate based thereon may provide that the works necessary for a completed project shall be constructed progressively during a period of years. In the estimate of the amount of money necessary to be raised by the first issue of bonds for any particular project, the board of trustees may include a sum sufficient to pay the interest on all of such bonds for three years or less. All such surveys, examinations, drawings and plans shall be made under the direction of a competent irrigation engineer and shall be certified by him. The plans to be carried out may be divided by said board into separate portions or projects in such manner as will in its judgment best facilitate the levying of assessments or issue of bonds, for each particular portion or project in a just and equitable manner according to benefits upon the lands in said district. Said board shall enter in the minutes of the board, a resolution to the effect that the execution of each such separate portion or project which they may determine upon is a public necessity. Each such particular portion or project shall be designated by the board in such resolution by name and number. All assessments, plans, bond issues and funds intended for or connected with the execution of each particular portion or project shall be designated by such name and number and shall be kept separate and shall be used only for the purpose of carrying out such particular portion or project. For the purpose of apportioning the cost of any such project, the board shall cause an assessment of benefits to be made as hereinbefore provided. The same proceedings and hearings shall be had and said assessment list shall thereupon be filed by the board in the office of the county treasurer of Kern County.

SEC. 14 The board of trustees shall then submit to the commission authorized by law to approve bonds of irrigation districts for certification as legal investments for savings banks and for the other purposes specified in the act creating said commission a copy of an estimate of the cost of the proposed work or works, based upon such surveys, examinations and investigations as shall furnish a proper basis for said estimate, together with a report on said work or works certified by a competent irrigation engineer. Said commission shall forthwith examine said report and any data in its possession or in the possession of said district and shall make such additional surveys and examinations at the expense of the district as it may deem proper or practicable, and as soon as practicable thereafter shall make to the board of trustees of said district a report which shall contain such matters, as in

the judgment of said commission may be desirable; *provided*, that it may state generally the conclusions of said commission regarding the supply of water available for the project, the nature of the soil proposed to be irrigated as to its fertility and susceptibility to irrigation, the probable amount of water needed for its irrigation, and the probable need of drainage, the cost of works, water rights and other property necessary for a complete and satisfactory project, the proper dates of maturity for the bonds proposed to be issued and whether in its opinion it is advisable to proceed with the proposed bond issue. If the estimate of the amount of said bond issue shall have included any amount for the payment of interest on the bonds of such issue, as provided in section thirty-three of this act, and such estimate for the payment of interest, or any part thereof, is approved by the commission in said report, it shall be lawful for the board of trustees, if the issuance of such bonds is thereafter authorized by vote of the electors of the district, to use for the payment of interest on any bonds of such issue so much of the proceeds of the sale of said bonds as may have been approved for that purpose in said report of the commission.

SEC. 15. If after such examination and investigation the said commission shall deem it advisable that the said plans be modified or that the amount of the bonds proposed to be issued be changed, or that certain conditions should be prescribed to insure the success of the project, or that in its opinion it is not advisable to proceed with the proposed bond issue, it shall so state in its report to the board of trustees. After receiving said report, or if no report is received within ninety days after the submission of said data to said commission, said board of trustees, if it shall determine and shall declare by resolution that the proposed plan of works or some modified plan recommended by said commission is satisfactory and that the said project or said modified plan is feasible, shall make an order determining the amount of bonds that should be issued in order to raise the money necessary therefor; *and provided, further*, that if any district shall issue bonds to carry out any plans approved by said irrigation district bond commission as herein provided it shall be unlawful for said district to make any material change in said plans thereafter without the consent of said commission

SEC. 16. Within thirty (30) days after said resolution is adopted, an election shall be called and held by the board in that part of said district affected by said assessment or the issuance of said bonds, to determine whether the money necessary to pay the cost of the works and other expenses to be paid out of such assessment shall be raised and whether it shall be raised by calls to be made upon such assessment in such installments as may from time to time be determined by said board, or whether bonds of the district shall be issued in an amount equal to the amount of such assessment, which amount shall be entered by the board in its records and stated by said board in its order for said election, which order shall be entered by the board in its records and stated by said board in its order for said election, which order shall be entered upon the minutes of said board.

SEC. 17 The board shall in its order providing for said election specify the day on which said election shall be held and shall specify and designate one or more polling places as it may determine to be necessary for the holding of such election. In case the board shall consider it necessary or proper to provide more than one polling place for the holding of such election, the board shall in said order divide the lands affected by said assessment, into separate voting districts, and shall designate and provide one polling place for and within each such voting district at which shall be cast the votes of the owners of land within such voting district.

SEC 18. The board shall also in said order providing such election appoint a board of election for each such polling place, which board of election shall consist of three owners of land assessed in and by said assessment and situated within such voting district where such polling place is located. Each member of such board of election, whether so appointed by the board or whether acting as a substitute as hereinafter provided, shall be entitled to the sum of five dollars for his services as such, to be paid by said board out of any funds of the district or of said board applicable thereto.

SEC. 19. Notice of such election must be given by the board by posting notices thereof in at least three public places in each voting district at least twenty-one days prior thereto, and also by publication for the same length of time in some newspaper of general circulation published in said Kern County. Such notice must specify the time and place of holding such election, the aggregate sum of money proposed to be raised, and the names of the persons appointed to act as the board of election Affidavits of publication and posting of such notices must be filed with the county clerk of said county, together with a copy of said order calling such election certified to by the secretary or assistant secretary of the board. Duplicate original affidavits of publication of posting of such notice shall also be filed in the office of the board.

SEC. 20. At such election the owner or owners of each tract of land assessed in and by such assessment shall have the right in person or by proxy to cast a vote; *provided*, that each individual landowner shall have one vote only. In case there shall be more than one owner of any tract of land separately assessed in and by said assessment, all of such owners shall unite in the ballot to be cast at such election

for and on behalf of such tract of land, or shall authorize one or more of their number or some other person to cast such vote for them by proxy.

SEC. 21. Guardians, executors, administrators and other persons holding land in a trust capacity under appointment of court may vote at said election without obtaining special authority therefor. The vote of any public or private corporation or any district, levee district, drainage district or other public agency entitled to vote at such election, may be cast by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing and certified to by the secretary or clerk thereof and attested by its seal duly acknowledged and filed with the board of election. No person shall vote by proxy at such election unless authority to cast such vote shall be evidenced by an instrument in writing duly executed, acknowledged and certified in the same manner as grants of real property and filed with the board of election. In case of the change of ownership of any tract of land, or in case the name of the owner of any tract of land be not correctly stated in the voting list, or in case it be assessed to unknown owners, the right to vote shall belong to the owner of such land at the time of the holding of such election; and if the right of any person to vote as the owner of any such tract of land be disputed or challenged, the question of his right to vote shall be determined by the board of election after examining him under oath, which oath any member of such board of election is hereby authorized to administer, and any person testifying falsely upon such examination shall be guilty of perjury. Any person voting or attempting to vote at such election who is not entitled to vote at such election, as herein provided, shall be subject to the same penalties and punishments as provided by the general election laws of this state, for voting or attempting to vote illegally.

SEC 22. The board shall, prior to such election, cause to be prepared and certified by its secretary or assistant secretary, and furnished to the board of election in each said voting district, a true and correct voting list containing the reference number of each tract separately assessed upon the assessment list, and to whom assessed, with reference to which the election is to be held, which voting list shall be used by the board of election in determining the right to vote by each voter, and shall be sufficient evidence thereof.

SEC. 23. For the purpose of determining the so-called "reference number" of each tract separately assessed upon the assessment lists, the board shall, before preparing such voting lists, cause each tract of land separately assessed upon the assessment lists, unless already done, to be given a separate number to be designated as the "reference number" of such tract, which reference numbers shall be entered upon the assessment lists opposite the several tracts separately assessed, respectively.

SEC. 24 The ballot cast at such election shall contain the words "Assessment—Yes" or the words "Assessment—No" and the words, "Bonds—Yes" or the words "Bonds—No," and also the signature of the person or persons casting the ballot, with the number of votes cast by such voter. If a ballot is cast by proxy, it shall also contain the name of the land owner for whom the ballot is cast and the signature of the person casting the said vote as such proxy. A list of the ballots cast shall be made by the board of election, containing the name of each voter, and if the ballot be cast by proxy, the name of the person casting it and the number of votes cast by each and whether the same be cast for or against the issuing of the bonds. If any person appointed as a member of the board of election shall fail to attend at the opening of the polls, the voters then present may appoint in his place any landowner of the district then present and entitled to vote at such election at such polling place, to fill the position of any such absent member thereof Each member of such board of election must before entering upon the discharge of his duties as such, take and subscribe an official oath, which oath may be administered by any officer authorized by law to administer oaths, or by any landowner in said district. Such oath shall be to the effect that he will support the constitution of the United States and the constitution of the State of California, and that he will faithfully perform the duties of member of such election board to the best of his ability.

SEC 25. The polls at each such polling place for said election shall be kept open from eight o'clock in the forenoon until six o'clock in the afternoon of the day appointed for such election. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result, and shall forward a certificate showing each result and the number of votes cast for and against the issuing of bonds, to the board of trustees and shall deliver a duplicate thereof to the county clerk of Kern County and shall also deliver to said board all ballots, voting lists and lists of ballots cast at such election, and all documents and papers used thereat. Thereupon the board shall examine and canvass said certificates received from such boards of election, and shall determine therefrom and declare, and enter in its minutes as the managing body of said district, the total result of such election. Any person interested may within ten days after the result thereof has been so determined and declared by the board contest such election by bringing suit in the superior court of Kern County, and if no contest shall be so commenced within said time, the declaration of the result by the board shall be final and conclusive

SEC. 26. If a majority of the votes cast at such election are in favor of said assessment and in favor of the issuance of bonds, the board shall cause bonds of the

district, in the amount stated in said order calling such election, to be prepared and executed and delivered to the county treasurer. Said bonds shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars each They shall be signed by the president of the board and attested by the secretary of said board with the seal of said board affixed thereto, and shall be numbered consecutively in the order of their maturity and shall bear date either January 1 or July 1 and shall bear interest at a rate to be fixed by the order of the board for issuance of the bonds not to exceed six per cent per annum payable semi-annually on the first day of January and the first day of July in each year, at the office of the county treasurer upon presentation of the proper coupons therefor Coupons for each installment of interest shall be attached to said bonds and shall bear the facsimile signature of the county auditor

SEC. 27. The principal of said bonds shall, on order of said board entered in its minutes, be made payable on the first day of July or the first day of January and in such years as the board may prescribe, but such bonds shall be payable serially within twenty years from their date in the manner following, to wit: Not less than ten per cent of the aggregate face value of such bonds issued shall be payable within ten years from their date, and not less than nine per cent of the aggregate face value of such bonds issued shall be payable each year beginning with the eleventh year from their date until the whole amount of said bonds have been paid.

SEC 28. Out of the bond fund of such assessment the county treasurer shall, on presentation at or after its maturity, pay to the holder thereof each such bond or interest coupon which shall have been sold or which shall have been issued and delivered upon an order of the board payable in bonds as hereinafter provided. If any bond or interest coupon shall not be presented to the county treasurer for payment when the same becomes due, it shall cease to bear interest, but if presented at or after such time and not paid for want of funds, the county treasurer shall so endorse such bond or coupon, together with the date of presentation and thereafter such bond or coupon shall bear interest at the rate expressed in the bond until paid or until funds have been provided in the county treasury applicable to its payment.

SEC. 29. Said bonds may be substantially in the following form.

SEC. 30. The board shall deliver the bonds prepared pursuant to this act duly signed and attested, to the county treasurer of Kern County. Within ten days after said bonds have been delivered to said county treasurer, an action may be commenced by the board in the superior court of the State of California, in and for county of Kern, against the land and all persons owning the same or interested therein, in that portion of the Kern County Conservation District affected by said assessment or the issuance of said bonds, to have it determined that said bonds are a legal obligation of said district. Such action shall be in the nature of a proceeding in rem and the defendants in such action shall be designated as "All persons owning or claiming any interest in or lien upon any lands within the district affected by that certain assessment levied by the board known and designated as (giving the name and number of the assessment)". It shall be sufficient to describe said lands as all lands affected by such assessment, without a more specific description. A summons shall be issued in such action, which summons, besides the matters required by section four hundred seven of the Code of Civil Procedure, shall contain a statement that the action is brought to determine the validity of the bonds of the district to the amount stated therein executed by the board and delivered to the treasurer of Kern County and based upon and to be paid out of an assessment levied by said board upon lands within the district assessed in and by that certain assessment known and designated as (giving name and number of the assessment). The board of trustees shall declare the whole or any installment of said assessment to be due at any time by resolution duly adopted. A copy of such resolution shall be forthwith filed with the treasurer of Kern County,

Warrants issued by the auditor and payable out of such assessment as provided herein shall be paid by the county treasurer out of and only out of the construction fund of such assessment, and in their proper order of registration as herein provided.

SEC. 41. No warrant issued pursuant to any of the provisions of this act shall be accepted or received by the county treasurer in payment of all or any part of any assessment upon which bonds have been authorized.

SEC. 42. When the bonds of the district have been authorized and issued as herein provided, based upon any assessment levied by the board, the board shall annually thereafter before the first day of July of each year, by an order entered in its minutes, ascertain and determine the total amount necessary to be collected upon such assessment for the payment of principal and interest of all such bonds which will or may become due on the first day of January and the first day of July of the succeeding year, and thereafter and before the first day of September of each year said board shall prepare in duplicate, retaining one original thereof, and causing the other original thereof to be certified by its secretary and delivered to the county treasurer a statement of the installment of such assessment necessary to be collected for such year, to which there shall be added and collected an additional amount of fifteen per cent of the installment so due to cover possible delinquencies, which said additional sum, together with such installment, shall constitute the amount to be collected for bonds. Such installment for bonds shall, unless otherwise determined by the board by an order entered in its minutes, a copy of which duly certified shall be transmitted to the county treasurer, be payable in two equal portions, the first of which shall be due and payable to such county treasurer, on the third Monday in October and shall be delinquent on the first Monday in December next thereafter at six o'clock p.m., and the remaining portion may be paid at any time before the last Monday in April next thereafter at six o'clock p.m., at which time the same shall become delinquent.

SEC. 43. For convenience in entering payment of such installment for bonds, the board shall furnish to the county treasurer, an annual collection list in which shall be set for the reference number of each tract of land assessed and the name of the owner to whom assessed as stated in the original assessment list, and the total amount assessed upon each tract and the amount to be collected thereon for that year, together with appropriate columns for the entry of payments, sales and redemptions; and the county treasurer shall enter thereon in the proper column all payments, with date of payment, the word "sold" with date of sale, in case of sales for delinquency, and the words, "sold to the district" with the date of sale, in the case of sales to the district; and shall also enter the word "redeemed" with the date of payment, in case such redemption be made. All money so collected by the county treasurer upon such installment for bonds or for the penalty thereon in case of delinquency shall be by him credited to the bond fund of such assessment.

SEC. 45. If both portions of said installment are not paid before the last Monday in April at six o'clock p m., the board shall publish in one notice, a list of all said delinquencies at least once a week for two consecutive weeks in some newspaper of general circulation published in Kern County, which notice shall contain a description of each parcel of land assessed whereon such installment or installments are delinquent, as such description appears on the assessment list, the name of the owner to whom it is assessed or a statement that it is assessed to unknown owners if such be the fact, the amount of the installment or installments delinquent on such parcel, the amount of the penalty thereon, and a notice that each of said parcels will be sold at public auction by said county treasurer in front of the court house of said county at a specified day and hour, which shall not be less than thirty nor more than ninety days from the date of delinquency, to pay such delinquent installment or installments and penalty. At the time and place stated in said notice the county treasurer shall sell each parcel of land described in said notice to the highest bidder unless prior thereto he shall have received payment in full of said delinquent installment or installments together with such penalty. No bid for any parcel shall be accepted less than the aggregate sum then due for said installment or installments thereon, together with such penalty, except that the treasurer may receive from any purchaser at their face value, in lieu of cash, bonds of said district or their interest coupons, which bonds or coupons shall be then matured or will mature within one year after such sale. Any such bonds or coupons so received in payment shall be by the treasurer forthwith cancelled If the entire amount of any such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon There shall be credited to the bond fund of such assessment the amount of purchase money so paid in bonds or coupons on such delinquent sales, and of all sums endorsed as paid upon account of purchase money on any such bonds or coupons specifying the same.

SEC. 47. The county treasurer shall execute to each purchaser at such delinquent sale including said district, a certificate of such sale, which certificate of sale shall be recorded by said purchaser in the county recorder's office of said county.

SEC 48. The county treasurer shall pay to the owner of said property any surplus remaining after such credit.

SEC. 49. The county treasurer may if directed by the board postpone the said delinquent sale from time to time for not less than ten nor more than thirty days by a written notice posted at the place of sale.

SEC. 50. Any person interested in any tract of land sold at such delinquent sale may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purchaser a sum equal to the purchase price stated in the certificate of sale with interest thereon at the rate of twelve per cent per annum from the date of sale to such redemption, together with the amount remaining due and unpaid of any installment upon any assessment on said land under this act, with the penalty herein or in said board act prescribed for delinquency, if any. If no redemption shall be made within one year the board upon demand and the surrender of such certificate of purchase and the delivery of a certificate of the county treasurer that no redemption has been made within such year from date of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances except state, county and municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of the said or any assessment made by said district, each installment whereof may be called and collected as by law provided except that no parcel sold and conveyed to the district shall thereafter, until redeemed or until sold and disposed of by the board be subject to sale by the treasurer for delinquent installments of any assessment as in this act provided. Every deed by the board purporting to be executed under this act shall be prima facie evidence of the truth of the matters therein recited and of ownership by the grantee of the lands therein described. All deeds herein required to be executed by the board may be executed by the president and secretary thereof on behalf of said board.

SEC. 51. Any parcel of land bid in and purchased by the district at such delinquent sale shall be held in trust for the bond fund of the assessment upon which the same was sold and may be sold and conveyed by said board or their successors in office at any time after the expiration of said redemption period of one year at public or private sale and with or without notice to any person paying not less than the amount for which said parcel was bid in by said county treasurer at such delinquent sale for said district, with interest thereon at the rate of twelve per cent per annum compounded yearly from the date of such delinquent sale, and also the amount of all subsequent installments then delinquent, with accrued interest and penalties thereon. Payment for the land so purchased may be made by the purchaser either in cash or matured bonds and coupons issued upon said assessment taken at their face value, and the board shall execute a deed to such purchaser at such sale conveying said property, free of encumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment thereon levied by the board on lands in said district. The purchase price so received in cash shall be by the board forthwith paid over to the county treasurer; and any bonds or coupons so received in payment by the board shall be by said board cancelled and delivered to the county treasurer; and all such money so paid over and such cancelled bonds or coupons so delivered to the county treasurer shall be by him credited to the bond fund of such assessment. If any land so held by the district shall remain unsold after the final installment of the assessment shall have been collected by payment of sale, then the board shall sell all such lands so held by said district at public auction to the highest bidder for cash, upon two weeks published notice substantially in the manner provided for notice upon such delinquent sales, and shall execute to the purchaser a conveyance thereof free of incumbrance except state, county and municipal taxes, and assessments levied or assessed by statutory authority, and shall deposit the proceeds of such sale with the county treasurer to the credit of the bond fund of such an assessment.

SEC. 52. Any surplus remaining in the bond fund of such assessment greater than is necessary to pay all of the amounts due or to become due during the ensuing year may, in the discretion of the board, be devoted to the purchase in the open market and at the fair market price thereof of any bonds other than bonds of said district available for purchase by savings banks in this state, which shall thereupon be delivered to the county treasurer to be held by him for the benefit of said bond fund until the board shall direct it to sell the same, whereupon the county treasurer shall sell the same and credit the proceeds to the said bond fund; and said board shall direct such sale to be made whenever necessary for payment of such bonds of the district or interest thereon.

SEC. 53. The said bond fund of each such assessment shall be held and safely kept by the county treasurer and shall be applied by him toward the payment of the bonds and coupons thereon based upon such assessment, as such bonds and coupons fall due; and if any balance shall remain in the bond fund of such assessment after payment in full of the principal and interest of all outstanding bonds issued upon such assessment, such balance shall be held for the benefit of the lands upon which said assessment was made and in proportion to the amounts assessed thereon, and may be distributed to the owners or other persons interested in such lands by the board.

SEC. 54. If within one year from the time said bonds have been authorized to be issued as in this act provided, the same shall not have been sold or disposed of, the board may at its discretion by an order duly made and entered in its minutes and copy duly certified sent to the county treasurer cancel all proceedings taken in connection with such bond issue; and may hereafter call for the payment of such assessment in such installment from time to time as they shall determine and as provided in the said board act.

SEC. 55 No officer shall charge or receive any fee for any services required to be performed by him under the provisions of this act; but any reasonable and necessary expense actually incurred by any officer in carrying out any of the provisions of this act relating in any manner to the collection or enforcement of any assessment, shall be paid out of the funds of said district applicable thereto.

SEC. 56. If the board or any member thereof or any officer or appointee or employee thereof or any public officer in this act mentioned or referred to shall fail to perform any duties imposed by this act, at the time and in the manner in this act provided, the district attorney of Kern County shall have the power and it shall be his duty to compel the performance of such act by mandamus proceedings or by any other appropriate remedy, legal or equitable; and in case said district attorney shall fail, neglect or refuse so to do, it shall be the duty of the governor to compel the performance of such act by mandamus proceedings or other appropriate legal or equitable remedy and to employ special counsel therefor at the expense of said district

SEC. 57 If the result of such election provided for in this act to determine the questions set forth in section 36 hereof, be against the assessment, no assessment shall be levied.

SEC. 58. In case the money raised by the original assessment or by the sale of bonds issued be insufficient, or in case the bonds be unavailable for the completion

of the plan of canal and works adopted, and the acquisition of the necessary property, waters and water rights therefor, and additional bonds be not voted, it shall be the duty of the board of directors to provide for the completion of said plan, and the acquisition of such necessary property, waters and water rights, by levy of assessments therefor; *provided, however*, that such levy of assessments shall not be made except first an estimate of the amount required for such purposes has been made by said board and the question as to the making of said levy submitted to a vote of the landowners affected thereby in the manner hereinabove provided for the original assessment. Before such question is submitted the order of submission shall be entered in the minutes of the board, stating the amount to be levied and the purpose therefor. At such election the ballots shall contain the words "Assessment—Yes," or "Assessment—No," or words equivalent thereto. If a majority of the votes cast are "Assessment—Yes," the board of directors shall cause an assessment in the amount named in the order of submission to be levied; if a majority of the votes are "Assessment—No," the result of such election shall be so declared and entered of record. The said supplementary assessment shall be collected and the proceeds disposed of in all respects as hereinabove provided for an original assessment upon which no bonds were issued.

SEC. 59. If the amounts raised by means of and upon such assessments as herein provided shall in the end prove insufficient to pay in full all of said bonds and the interest thereon, the board shall levy and cause to be collected in the same manner as herein provided, a supplementary annual assessment or assessments from time to time as may be necessary upon the same lands previously assessed in the original assessment, which supplemental assessment or assessments shall be levied by resolution of the board entered in its minutes. It shall not be necessary to appoint assessors therefor nor to prepare new or additional assessment lists for any such supplemental assessment or assessments, but the same shall be levied and apportioned according to benefits and in the same proportion as specified in the original assessment lists for such assessment; and for the purpose of collecting the same said board shall prepare and cause to be certified to the county treasurer annual assessment collection lists in the same manner at the same times as hereinbefore provided for the annual assessment collection lists upon such original assessment; and the same shall be collected by the county treasurer and the same percentages, penalties and costs added for delinquency and the same proceedings had for sale of property, and for redemption thereof and for disposition of the proceeds of sale, and in all other particulars as hereinbefore provided in the case of such annual assessment collection lists upon the original assessment; and all money collected for or on account of any such supplemental assessment or assessments shall be credited by the county treasurer to the said bond redemption fund of said assessment.

SEC 60. Before beginning the construction of any canal or canals, storage reservoirs, and works, as in this act provided for, the board of trustees shall give notice, by publication thereof not less than twenty days in one newspaper published in the district, and in such other newspapers as they may deem advisable, calling for bids for the construction of such work, or of any portion thereof; if less than the whole work is advertised, then the portion so advertised must be particularly described in such notice. Said notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposals, which, at the time and place appointed, shall be opened in public; and as convenient thereafter the board shall let said work, either in portions or as a whole, to the lowest responsible bidder; or they may reject any or all bids and readvertise for proposals or may proceed to construct the work under their own superintendence; *provided*, that in case of emergency or urgent necessity for the construction, extension or repair of works for irrigation or drainage, the board of trustees, by unanimous vote of those present at any regular or special meeting, may award contracts therefor without advertising for bids, but the cost of such work shall not exceed five hundred dollars and such additional amount as shall be equal to five cents for each acre of land in the district. Contracts for the purchase of material shall be awarded to the lowest responsible bidder. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said district for its use, for twenty-five per cent of the amount of the contract price, conditioned for the faithful performance of said contract. The work shall be done under the direction and to the satisfaction of the engineer, and be approved by the board.

SEC. 61. During the construction of any irrigation works to be paid for out of the proceeds of any bond issue which has been certified by the State Irrigation District Bond Commission as provided in the act creating said commission, the State Engineer shall have access to all plans, specifications, and records of such construction, and shall from time to time make such investigations and such reports to the board of trustees of the district as he shall deem to be in the interest of the public or of the district.

SEC. 62. The cost and expense of purchasing and acquiring property and constructing the works and improvements herein provided for, shall be wholly paid out of the construction fund of the particular project as hereinabove provided, *provided, however*, that when any lands, waters, water rights or other property shall be acquired by the district by any lease or contract, under the terms of which the consideration or rental shall be payable in such installments that a like amount shall be payable in each year of the life of such lease of contract, then such rental or consideration shall be paid out of the funds derived from the levying of annual assessments, or from the collection of rates, tolls and charges fixed and collected as hereinafter provided for. For the purpose of defraying the expenses of the care, operation, management, repair and improvement of such portions of such canal and works as are completed and in use, including installments of rental or consideration accruing under any lease or contract as hereinabove in this section mentioned, the board may in lieu (either in part or in whole) of levying assessments as herein provided for, fix rates of toll and charges, for irrigation and other public uses declared by this act, and collect the same from all persons using said canal for irrigation and other purposes.

SEC 63. No trustee or any other officer named in this act shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board, or in the profits to be derived therefrom, and for any violation of this provision, such officer shall be guilty of a misdemeanor, and a conviction thereof shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

SEC. 64. The board of trustees or other officers of the district shall have no power to incur any debt or liability whatever, either by issuing bonds or otherwise, in excess of the express provisions of this act; and any debt or liability incurred in excess of such express provisions shall be and remain absolutely void, except that for the purposes of organization, or for any of the purposes of this act, the board of trustees may, before the collection of the first levy of taxes for the general fund, incur indebtedness in such sum or sums as shall amount to not more than ten thousand dollars, and may cause warrants of the district to be issued therefor, bearing interest at not more than seven per centum per annum, said rate to be fixed by the board of trustees, and all such warrants must be made payable not later than the first day of July after the first tax levy shall be collected in the district; *and provided, further*, that nothing contained in this section shall be construed as limiting the right of the board to enter into any contract or lease for any lands, waters, water rights or other property, as in this act provided for, and by such lease or contract to bind the district for the payment of the rental or consideration specified in such lease or contract.

SEC. 65. Whenever any warrant of the district payable on demand is presented by the treasurer for payment when funds are not available for the payment thereof, it shall thereafter draw interest at a rate to be determined by resolution of the board of trustees, not however, to exceed seven per centum per annum, until public notice is given that such funds are available. Upon the presentation of any such warrants for payment, other than warrants issued under the provisions of section sixty-four hereof, when funds of the district are not available to pay the same, the treasurer of Kern County shall endorse thereon the words "funds not available for payment," with the date of presentation and shall specify the interest that such warrants shall thereafter bear and shall sign his name thereto. He shall keep a record showing the number and amount of each such warrant, the date of its issuance, the person in whose favor it was issued, and the date of its presentation for payment. Whenever there is sufficient money in the treasury to pay all such outstanding warrants or whenever the board of trustees shall order that all such warrants presented for payment prior to a certain date, be made and there is sufficient money available for such payments, the county treasurer shall give notice in some newspaper published in the district, stating that he is prepared to pay all warrants of the district for the payment of which funds were not available upon their original presentation, or all such warrants which were presented for payment prior to the date fixed by the board of trustees, as the case may be, and no further description of the warrants entitled to payment shall be made in such notice. Upon the presentation of any warrant entitled to payment under the terms of such notice, the treasurer shall pay it, together with interest thereon at the rate specified by the board of trustees, from the date of its original presentation for payment to the date of the first publication or posting of said notice, and all warrants for the payment of which funds are declared in said notice to be available shall cease to draw interest at the time of the first publication or posting of said notice. The treasurer shall enter in the record hereinbefore required to be kept, the dates of the payment of all such warrants, the names of the persons to whom payments are made and the amount paid to each person.

SEC. 66. The board of trustees of said district may acquire, by purchase or condemnation the irrigation system, canals and works through which lands in said district have been or may be supplied with water for irrigation, and may exchange bonds of said irrigation district for such system or canals or works or for any portion

thereof, or for any interest therein or for the capital stock of any corporation owning such system or any portion thereof, upon such terms and conditions as the said board of trustees may deem best.

SEC. 67. Nothing herein contained shall be deemed to authorize any person or persons to divert the waters of any river, creek, stream, canal, or ditch from its channel, to the detriment of any person or persons having any interest in such river, creek, stream, canal or ditch, or the waters therein, unless previous compensation be ascertained and paid therefor, under the laws of this state authorizing the taking of private property for public uses.

SEC. 68. The rights of way, ditches, flumes, pipe lines, dams, water rights, reservoirs, and other property of like character belonging to said district shall not be taxed for State and county or municipal purposes.

SEC 69. No contest of anything or matter herein provided shall be made other than within the time and manner herein specified, and in any such action all findings of facts or conclusions of said board of trustees upon all matters shall be conclusive, unless such action was instituted within six months after such finding or conclusion was made.

SEC. 70. Any wilful violation of any express duty herein provided for, on the part of any officer herein named, he shall be subject to removal from office by proceedings brought in the superior court of Kern County by any assessment payer of the district.

SEC. 72. Whenever the board of trustees may desire to lease the use of water, as hereinbefore stated, they shall pass a resolution of intention to so lease the same. Immediately thereafter the secretary shall cause notice of such intention to be given by publication in one newspaper published in the district for at least twenty days, and if the board thinks proper in such other newspapers as may be deemed advisable, calling for bids for the leasing of said water for the purposes hereinbefore mentioned. Said notice shall state that the board will receive sealed proposals therefor, that the lease will be let to the highest responsible bidder, stating the time and place of opening said proposals.

SEC. 73. At the time and place appointed the board shall proceed to open the proposals in public. SEC. 81. Said election and all other elections in said district shall be conducted as nearly as practicable in the manner prescribed for general elections in the State of California. Any landowner in said district shall be entitled to cast one vote.

The right of appeal is hereby given to either party to the record within thirty days from entry of judgment. The appeal must be heard and determined by the supreme court within sixty days from the time of filing the notice of appeal.

SEC. 84. The officers elected at the election hereinbefore provided for shall immediately enter upon their duties as such, upon qualifying in the manner for such officers herein provided. Said officers shall hold office respectively until their successors are elected and qualified.

The board of trustees shall hold a regular meeting on the first Tuesday of each month at the place selected as the office of the board; *provided*, that the board may, by resolution duly entered upon its minutes, fix any other time as the time for its regular monthly meeting, but no change in the time of holding regular meetings of the board shall be made until after the resolution proposing such change has been published once a week for two successive weeks in a newspaper published in the district. Such special meetings of the board of trustees may be held as may be required for the proper transaction of the business of the district, but a special meeting must be ordered by a majority of the board. The order must be entered of record, and five days' notice thereof must by the secretary be given to each trustee not joining in the order. The order must specify the business to be transacted, and no other business than that specified in the order may be transacted at such special meeting, unless all the members are present and consent to the consideration of any business not specified in said order. All meetings of the board must be public and three members shall constitute a quorum for the transaction of business; *provided, however*, that on all questions requiring a vote, except a motion to adjourn or a motion to adjourn to a stated time, there shall be a concurrence of at least the number constituting a quorum. A smaller number of trustees than a quorum may adjourn from day to day. All records of the board shall be open to public inspection during business hours. Said publication shall be made at least once a week for two weeks in some newspaper, published in said district.

SEC. 88. Within ten days after receiving their certificates of election hereinafter provided for, said officers shall take and subscribe the official oath, and file the same in the office of the board of trustees.

SEC. 89. At noon of the first Tuesday in March next following their election, except as provided in section eleven of this act, the trustees who shall have been elected at the preceding general irrigation district election shall enter upon the duties of their respective offices. On the first Tuesday in March next following each election, the trustees shall meet and organize as a board, elect a president and appoint a secretary, who shall each hold office during the pleasure of the board.

SEC 90. Fifteen days before any election held under this act, subsequent to the organization of the district, the secretary of the board of trustees shall cause notices to be posted in three public places in each election precinct, within the divisions wherein such election will be held, of the time and place of holding the election and shall also post a general notice of the same in the office of said board, which shall be established and kept at some fixed place, to be determined by said board, specifying the polling places of each precinct Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges, who shall constitute a board of election for such precinct. If the board fail to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of the election, the electors of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of trustees must, in its order appointing the board of election, designate the house or place within the precinct where the election must be held.

SEC. 91. The inspector is chairman of the election board and may administer all oaths required in the process of an election; and appoint judges and clerks if, during the progress of the election, any judge or clerk cease to act. Any member of the board of election or any clerk thereof, may administer and certify oaths required to be administered during the progress of an election. The board of election of each precinct must, before opening the polls, appoint two persons to act as clerks of the election. Before opening the polls, each member of the board and each clerk must take and subscribe an oath to faithfully perform the duties imposed upon them by law. Any elector of the precinct may administer and certify such oath. The polls must be opened at eight a m. on the morning of the election, and be kept open until four p.m., when the same must be closed.

SEC. 92. The ballot used at the election shall be provided by the board of trustees, and one of the clerks of election shall deliver, to each of the electors, one of the ballots so provided. The ballots shall have printed on them the names of all candidates whose names have been filed as provided in this act, with a voting square behind each name. The names shall be arranged in groups, alphabetically, under the designation of the office for which each person named is a candidate. Where more than one person is to be elected for an office of the same title, the words, "Vote for _____ (inserting the proper number)" shall be printed under the title of the office. Each elector shall stamp a cross, with a rubber stamp to be provided by the board of trustees, in the square opposite the name of each candidate he wishes to vote for.

SEC. 93. Not less than ten days before the election, any ten or more electors in the division wherein a trustee is to be elected at such election, may file with the board of trustees a petition, requesting that certain persons, specified in such petition be placed on the ballot as candidates for the office named in the petition. The names proposed by the various petitions so filed, and no others, shall be printed on the ballots. But there shall be sufficient blank spaces left in which electors may write other names if they so desire. The petitions shall be preserved in the office of the secretary of the district.

SEC. 94. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain opened, and shall be conducted, as nearly as practicable, in accordance with the provisions of the general election laws of this State As soon as all the votes are counted, a certificate shall be drawn upon each of the papers containing the poll lists and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he was voted for, which number shall be written in figures and in words at full length. Each certificate shall be signed by the clerk, judge, and the inspector. One of said certificates, with the poll list and the tally paper to which it is attached, shall be retained by the inspector, and preserved by him at least six months. The ballots shall be strung upon a cord or thread by the inspector, during

the counting thereof, in the order in which they are entered upon the tally list by the clerks, and said ballots together with the other of said certificates, with the poll list and tally paper to which it is attached, shall be sealed by the inspector in the presence of the judges and clerks, and indorsed, "Election returns of (naming the precinct) precinct" and be directed to the secretary of the board of trustees, and shall be immediately delivered by the inspector or by some other safe and responsible carrier designated by said inspector, to said secretary, and the ballots shall be kept unopened for at least six months, and if any person be of the opinion that the vote of any precinct has not been correctly counted, he may appear on the day appointed for the board of trustees to open and canvass the returns, and demand a recount of the vote of the precinct that is so claimed to have been incorrectly counted.

SEC. 95. No list, tally paper, or certificate returned from any election, shall be set aside or rejected for want of form, if it can be satisfactorily understood. The board of trustees must meet at its usual place of meeting on the first Monday after each election to canvass the returns If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of trustees must then and there proceed to canvass the returns; but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public and by opening the returns and estimating the vote of the district for each person voted for, and declaring the result thereof.

SEC 96. The secretary of the board of trustees must, as soon as the result is declared, enter in the records of such board a statement of such result, which statement must show. In case of a vacancy in the office of trustee, the vacancy shall be filled by appointment by the board of supervisors of Kern County, from the division in which the vacancy occurred. An officer appointed as above provided shall hold his office until the next regular election for said district, and until his successor is elected and qualified.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Merriam:

WHEREAS, The county of Los Angeles has already expended over $300,000 in building and equipping a tuberculosis sanitarium for the care of curable tuberculosis patients who are financially unable to attend private sanitariums; and

WHEREAS, The opening of this sanitarium brings in from all parts of the State tuberculosis patients who come to avail themselves of the facilities there offered, and the county of Los Angeles is thereby bearing a financial burden which should largely be borne by the State of California; and

WHEREAS, The proposed State budget for the year 1921–22 carries an item of $600,000 to be used as subsidies to be paid to county tuberculosis sanitariums for the care of indigent patients, and

WHEREAS, One of the so-called economies proposed by Mr Max Thelen is the cutting off of a large part of this subsidy to county sanitariums; and

WHEREAS, Such action by the Legislature would result in no economy whatever to the taxpayers of California, but would only throw upon the individual counties a financial burden which in large part should be borne by the State at large; now, therefore, be it

Resolved, That this board of supervisors strongly protests any action tending to lower the State subsidy to those counties which are operating tuberculosis sanitariums.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Kline:

SAN BERNARDINO, CALIFORNIA, March 11, 1921.

DEAR SIR The San Bernardino County Farm Bureau at their regular monthly meeting yesterday resolved to ask your support in the defeat of Senate Bill No. 177 for the purchase of a University farm in the San Fernando Valley of 320 acres, appropriating $300 000 The board feels that in view of the appropriation already made for the University farm at Riverside, California, it would be very unwise and unjustified for a State appropriation to be made for the support of another farm school in southern California, at this time It would seem to be reasonable that with the shortage of funds it would be best to get one school started on its successful way in California before creating another The conditions at Riverside seem to be most favorable for the successful promotion of the school to which the State is already committed. Considerable work has been done and considerable support is behind the creation and furthering of this Riverside school.

We earnestly request your best efforts towards the defeat of Senate Bill No 177.

Yours sincerely,

B. W. SHAPER, Secretary.

By Mr. Merriam:

WHEREAS, The Bar Association of the State of California has heretofore endorsed Senate Bill No. 21, introduced on January 6, 1921, in the Senate of the State of California; and

WHEREAS, Said bill relates to the unlawful practice of law in the State of California; and

WHEREAS, It is the sense of the Long Beach Bar Association in meeting assembled, that it is to the interests of the profession and the practice of law in this community and in every community in the State of California, and for the interests of the public at large that this bill be passed by the State Legislature of California; now, therefore, be it

Resolved, That the Long Beach Bar Association do by virtue of this resolution, ask that Frank Merriam, State Assemblyman from this district, and Joseph Rominger, State Senator from this district, be requested to vote for, and work in the interest and for the passage of Senate Bill No. 21, and that a copy of this resolution be forwarded at once to Senator Rominger and Assemblyman Merriam

GEO. A. HART, President.
RAY MEACHAM, Secretary.

By Mr. Parker:

WHEREAS, A certain bill has been introduced in the Senate of the Legislature of the State of California, entitled "An act to amend an act entitled 'An act providing for the supervision and regulation of the transportation of persons and property for compensation over any public highway by automobile, jitney busses, auto trucks, stages and auto stages, defining transportation companies and providing for the supervision and regulation thereof by the railroad commission; providing for the enforcement of the provisions of this act and for the punishment of violations thereof; and repealing all acts inconsistent with the provisions of this act,' approved May 10, 1917, as amended, by amending the title thereof and adding a new section thereto, to be numbered 5*a*, relating to powers of counties and cities in respect thereto," which bill is numbered Senate Bill No. 173, and which bill has been referred to and is now pending before the Public Utilities Committee of the Senate of the State of California, and

WHEREAS, It is for the best interests of the citizens and taxpayers of the cities, towns, cities and counties, and counties that the legislative bodies of said municipal corporations be permitted to have a voice in the matter of licensing and regulating the operation and conduct of automobile, jitney bus, auto truck, stage and auto stage lines so using the streets, roads and highways of such municipal corporations; therefore, be it

Resolved, That the board of trustees of the city of Grass Valley do favor the passage of said Senate Bill No. 173, and hereby places itself on record as endorsing said bill in all particulars as the same has been introduced, and be it further

Resolved, That copies of this resolution be forwarded to the Public Utilities Committee of both the Senate and Assembly of the State of California and to the representatives of this district in said Senate and Assembly of the State of California.

By Mr. Kline:

WHEREAS, The grand jury of the county of Riverside for the year 1920 has had brought to its attention the fact that there are now serving and have been serving for the past four years many poorly paid deputy public officials in said county, and

WHEREAS, The number of said deputies and the amounts of their salaries are now fixed by the Legislature of the State of California, and remain fixed for periods of at least four years (see Political Code 4242), and

WHEREAS, In times of financial depression, when prices generally are greatly inflated and the cost of living high, such a method of fixing salaries is too inflexible and inadequate to properly provide for such a situation, and

WHEREAS, The board of supervisors of the county of Riverside is in a better position to determine the number of deputies necessary in any public office or department, and can more quickly act in the matter of raising or decreasing or fixing the salaries of such deputies, now, therefore, it is hereby *resolved:*

1. That this body is in favor of repealing that portion of the County Government Act insofar as it relates to the fixing of the number of deputy officials of the county of Riverside and the amounts of their salaries; and

2. That this body is in favor of delegating and granting to the board of supervisors of the county of Riverside the power to determine and fix the number of all deputy county officials and the amounts of their salaries.

By Mr Merriam:

WHEREAS, Long Beach Camp No. 440, Woodmen of the World, has considered proposed Amendment No. 1 to Assembly Bill No 663, which if adopted would permit a member of a fraternal society to thereafter change his beneficiary to any person whomsoever, and

WHEREAS, Said proposed amendment is contrary to the true purpose and spirit of the fraternal system of home protection, which confines its benefits to members and blood relatives, now, therefore,

Resolved, That the members of this camp are opposed to the passage of such an amendment and earnestly request and urge Senators and Assemblymen to vote against said measure.

I hereby certify that the above resolution was adopted at a regular meeting of Long Beach Camp No. 440, Woodmen of the World, held March 18, 1921.

GALT, CALIFORNIA, March 7, 1921.

WHEREAS, The State highway through the redwoods is destined to become one of the great attractions of this State for future generations; therefore, be it

Resolved, That Galt Parlor No 243, N. S. G. The above resolution was adopted at special meeting March 14, 1921.

IDA CHRISTINE IVERSEN, President.
FLORA COHN, Recording Secretary.

By Messrs. McPherson and Lewis:

We the undersigned members of the Winters Fish and Game Protection Association, residing in Yolo and Solano counties, desire to go on record as follows:

We are seriously opposed to the Fish and Game Commission being merged with any other commission, as it is self-supporting, and we feel that the protection and preservation of the game can best be handled by men who are directly interested in the sport of hunting.

We are also opposed to the limit on deer being reduced to one per season, as this would limit the law-abiding hunter to one deer and the "game-hogs" would have that much better chance to kill more and would continue to kill as many as they could without being caught. We feel that two deer in one season are few enough for the law-abiding hunter, as there are often seasons that many of us are not lucky enough to get two deer, so we should have a chance for a second one when we can get him.

We are also opposed to the open season for deer in District No. 2 being made

later than it is. The deer commence to run about the close of the season as it now is, and the meat is not as good as it is in the fore part of the season.

If there is to be any change made, we would prefer that the season be made earlier than later, but we are pretty well satisfied with the season as it is.

We also wish to go on record as highly in favor of more severe penalties for violations of the game laws, and we especially recommend a jail sentence of not less than sixty days (with no alternative) for doe killing.

As a member of the Legislature, from one of our respective districts, we earnestly request you to use your best influences to obtain legislation along these lines, for the good of all who are interested in legitimate hunting.

WINTERS FISH AND GAME PROTECTIVE ASSOCIATION.

J. M. GOODYEAR, President.
L. E. DAVISSON, Secretary.

By Mrs. Hughes:

OROVILLE, CALIFORNIA, March 22, 1921.

WHEREAS, A bill has been introduced in the California Assembly which proposes to abolish the State Fish and Game Commission, and to create a new department under the Department of Agriculture, to handle all fish and game matters; and

WHEREAS, The members of the Fish and Game Commission are not now paid for their services, and as all the funds for the support of this commission come from license fees, and no appropriation is made directly from State funds, we do not feel that any economy would result in the proposed change; and

WHEREAS, The keeping of fish and game matters under a separate commission and in the hands of men who are vitally interested in the propagation of fish and protection of game, serves the best interest of the people of the State;

Now, therefore, be it

Resolved, That the United Chamber of Commerce of Oroville and allied communities, at a weekly luncheon assembled, are opposed to that part of Assembly Bill No. 352 in so far as it applies to the abolishing of the Fish and Game Commission as it now exists, and making the same a department under the Department of Agriculture.

This resolution was passed unanimously by the Chamber of Commerce, and was signed by

E. W. EHMANN,
And 47 others.

By Mr. Kline:

LOS ANGELES, March 17, 1921.

WHEREAS, The Legislature of the State of California is now in session at Sacramento; and

WHEREAS, There are a number of measures now before it designed to affect the temperance legislation of the State: therefore, be it

Resolved, By the Woman's Home and Foreign Missions Societies of the Presbyterial of Los Angeles, that we earnestly urge the members of the Senate and Assembly severally and collectively to use their best efforts to enact laws designed to strengthen all existing temperance and prohibition laws, and especially to enact a State law enforcement measure which will put California in line with the United States Constitution and the Volstead Act.

MRS. W. R. CLELLAND, President.
MRS. MARTHA HAYES, Secretary.

In counties of this class, each member of the county board of education shall receive five dollars for each day the board of education is in session, not to exceed a total of three hundred fifty dollars per annum. In addition each member shall receive the same mileage as is allowed the members of the board of supervisors of said county. Compensation of the members of the county board of education shall be payable out of the same funds and in the same manner as is the salary of the county superintendent of schools.

15. Justices of the peace shall receive the following monthly salaries, to be paid each month as salaries of other county officers are paid, which shall be in full for all services rendered in both civil and criminal cases. In townships where the population is four thousand or more, one hundred fifty dollars ($150) per month, and said justice of the peace shall be furnished with offices and necessary supplies by the board of supervisors of said county; in townships where the population is two thousand and less than four thousand, eighty dollars per month, in townships where the population is one thousand and less than two thousand, forty dollars per month; in townships where the population is less than one thousand, twenty dollars per month; *provided*, that the justice of the peace shall, before receiving his monthly salary, file with the auditor a statement of all fines received, together with the treasurer's receipt for same; *provided, further*, that no justice of the peace shall hold the office of city recorder.

16. Constables shall receive the following monthly salaries to be paid each month as salaries of county officers are paid, which shall be in full for all services rendered by them in criminal cases: In townships where the population is four thousand or more, eighty dollars per month; in townships where the population is two thousand and less than four thousand, seventy dollars per month; in townships where the population is one thousand and less than two thousand, fifty dollars per month; in townships where the population is less than one thousand, twenty-five dollars per month. In addition to the monthly salary herein allowed each constable may retain for his own use such fees as are now or may hereafter be allowed by law for all services rendered by him in civil actions; each constable shall also be allowed all necessary expenses actually incurred by him in arresting, pursuing or conveying prisoners to court or to prison, and actual expenses incurred in serving any process in any criminal case pending in said county, which said expenses shall be audited and allowed by the board of supervisors out of the county treasury.

17. For the purposes of subdivisions fifteen and sixteen of this section, the population of the several judicial townships shall be ascertained by the board of supervisors of said county at their regular meeting in the month of December following the election of justices of the peace and constables in said county, by multiplying by three the number of registered voters in said township as shown by the register prepared by the county clerk of said county for the general election next preceding the date of such determination. It is hereby found as a fact, that the salaries provided for in subdivisions fifteen and sixteen do not work an increase in the compensation and the same shall apply immediately to incumbents.

18 Each member of the board of supervisors, one thousand two hundred dollars ($1200) per annum, and their necessary expenses when attending to the business of the county, other than the meetings of the board at the county seat, and twenty cents (20c) per mile in traveling from his residence to the county seat, *provided*, that not more than one mileage for any one regular session of the board shall be allowed, and not more than one mileage for any special session of the board shall be allowed.

19. The salaries of all county and township officers and their deputies shall be payable in monthly installments on the first day of each month.

20. For acting as a grand juror in the superior court, for each day's attendance per day, three dollars. For every mile actually traveled in attending court as a grand juror in going only, twenty-five cents per mile.

SEC. 2. The changes made by this amendment, in so far as they do not increase the compensation of a county officer, shall take effect ninety days after the final adjournment of the forty-fourth session of the Legislature; *provided, however*, that the increases in the salaries of the deputies in the office of county clerk shall become effective on the first day of January, 1923."

Relative to Needy Indians Within the State of California

WHEREAS, There are within the borders of the State of California, approximately twenty thousand Indians on land of little or no value, of whom at least four thousand are without any land or homes and furthermore, there are about four thousand Indian children of school age of whom two thousand five hundred are without adequate or any school facilities, and a considerable number of the Indian population are without necessary food, shelter and medical attendance; and

WHEREAS, The national government through a duly authorized commission in the years 1851 and 1852 negotiated eighteen separate treaties with the Indians of this State, and secured the signatures of four hundred one Indian chiefs and headmen to said treaties, agreed to reserve for them in perpetuity about seven million five hundred thousand acres of land and to pay said Indians approximately one million eight hundred thousand dollars in sundry goods for the other lands they agreed to cede to the United States and to provide them with sufficient educational and agricultural instruction, and the facilities necessary therefor; and

WHEREAS, The national government has so signally failed to keep faith with these defenseless people, as provided for in said treaties, or to compensate them for any of their rights in land or to provide for them educationally or otherwise, in accordance with its policy adhered to everywhere else, and

WHEREAS, It has been the general policy of the national government to assume the care and education of the Indians yet it has not always been practicable or for the best interests of the Indians themselves to remove them to reservations; and

WHEREAS, The general policy of the State and national cooperation as outlined by the Indian Board of Cooperation of California (Incorporated) has already been approved by the State Legislature and by congressional and administrative acts; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That our representatives in Congress be and are hereby memorialized to attempt to secure provision in the Indian appropriation bill (1) for the purchase of adequate and permanent allotments with necessary improvements for homeless Indians; (2) for providing school buildings and equipment for Indians in public school districts where the Indian population and the necessities warrant it; and (3) for cooperation with county officials in securing proper care for sick and destitute Indians, until the necessity therefor no longer exists, and be it further

Resolved, That the Governor of the State of California, upon the passage of this resolution, shall forward a copy thereof to each of our representatives in Congress, to the chairman of the Committee on Indian Affairs of the Senate and to the chairman of the Committee on Indian Affairs of the House of Representatives, to the Commissioner of Indian Affairs and to the Secretary of the Interior.

READING OF THE JOURNAL.

During the reading of the Journal, on motion of Mr. Hawes, its further reading was dispensed with.

PRESENTATION OF PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Kline:

WHEREAS, San Jacinto Camp No. 100, Woodmen of the World, located at San Jacinto, California, has considered proposed amendment No. 1 to Assembly Bill No. 663, which if adopted would permit a member of a fraternal society to thereafter change his beneficiary to any person whomsoever; and

WHEREAS, Said proposed amendment is contrary to the true purpose and spirit of the fraternal system of home protection, which confines its benefits to members and blood relatives; now, therefore,

Resolved, That the members of this camp are opposed to the passage of such amendment and earnestly request and urge Senators and Assemblymen to vote against said measure.

I hereby certify that the above resolution was adopted at a regular meeting of San Jacinto Camp No. 100, Woodmen of the World, held March 14, 1921.

E. T. TANNER, Clerk.

By Mr. Beal:

WHEREAS, The Brawley Gun Club is composed of sportsmen organized for the protection of fish and game as well as promotion of inanimate target shooting at the traps; and

WHEREAS, There is now on foot at Sacramento under the government reorganization plans in Assembly Bill No. 352 by White, a scheme to destroy the now separate identity of fish and game conservation work by consolidating the present Fish and Game Commission with a Department of Agriculture, where it has no business because any such department would have its hands full with unrelated activities; and

WHEREAS, We fear the real object is to force our now self-supporting sportsman interest to bear burdens of the entire public, since this bill plainly repeals all laws at present guarding the now easily raised hunting and fishing license fund against just some such diversion from the proper purpose we put it up for as now appears to be intended; now, therefore, be it

Resolved, That this club, individually and collectively, stands now and forever opposed to any plan that means tying up our hunting and fishing license moneys in any general State fund where same is not immediately applicable for emergency use, without being tied up with red tape until the fish or game is gone; or where such moneys might be spent or appropriated for agricultural or any other purpose than protection and propagation of fish and game; and be it further

Resolved, That this club is opposed to any change in the present system of a sportsman's commission collecting and spending the moneys of sportsmen for and in behalf of sportsmen, because such is a square shooting and American way of doing business, to change which will force our united condemnation; and be it finally

Resolved, That copies of this resolution be sent to each of our Senators and Assemblymen, and to the newspapers of Los Angeles, and to all other gun clubs and sportsmen's organizations whose interest is similar to ours, with our urgent advice to act at once.

The foregoing resolution was duly adopted at a special meeting of the club called for this emergency on March 10, 1921.

BRAWLEY GUN CLUB.
R. E. WOOL, President.

F. H. GIRVIN, Secretary.

Mr. Beal also presented a similar resolution, adopted by the North End Gun Club, of El Centro, California, signed by Frank Richmond as president and Earle Richmond as secretary.

By Mr. Baker:

LOS ANGELES, March 4, 1921.

WHEREAS, The Fish and Game Commission of California has developed and encouraged interest in and protection of wild life in the State, and is the one head to which we can turn for redress and cooperation when the laws protecting wild life are violated or infringed upon; and

WHEREAS, A bill to place the control of wild life under the State Department of Agriculture is now pending in the Legislature, thus abolishing the Fish and Game Commission; and

WHEREAS, This action can not be urged in the interests of economy, as the commissioners receive no salary, and since the money received would not go directly to the maintenance and preservation of this department which indirectly guards and protects the wild life of California; therefore, be it

Resolved, That we, the California Audubon Society, do earnestly protest against the proposed measure and do respectfully request our Senators and Assemblymen to vote against this bill in so far as it relates to the Fish and Game Commission, and to put forth their best efforts to defeat it.

WILFRED SMITH, President.
MRS. HARRIET W. MYERS, Secretary.

By Mr. Lyons:

LOS ANGELES, March 17, 1921.

WHEREAS, The Legislature of the State of California is now in session at Sacramento, and

WHEREAS, There are a number of measures now before it designed to affect the temperance legislation of the State; therefore, be it

Resolved, By the Woman's Home and Foreign Missions Societies of the Presbyterial of Los Angeles, that we earnestly urge the members of the Senate and Assembly severally and collectively to use their best efforts to enact laws designed to strengthen all existing temperance and prohibition laws and especially to enact a State law enforcement measure which will put California in line with the United States constitution and the Volstead Act.

MRS. W. R. CLELLAND, President.
MRS. MARTHA HAYES, Secretary.

Also:

OROVILLE, CALIFORNIA, March 22, 1921.

WHEREAS, A bill has been introduced in the Assembly which proposes to abolish the State Fish and Game Commission, and to create a new department under the Department of Agriculture, to handle all fish and game matters; and

WHEREAS, The members of the Fish and Game Commission are not now paid for their services, and as all the funds for the support of this commission come from license fees and no appropriation is made directly from State funds, we do not feel that any economy would result in the proposed change; and

WHEREAS, The keeping of the fish and game matters under a separate commission and in the hands of men who are vitally interested in the propagation of fish and protection of game, serves the best interest of the people of the State; now, therefore, be it

Resolved, That the United Chamber of Commerce of Oroville and allied communities, at a weekly luncheon assembled, are opposed to that part of Assembly Bill No. 352 in so far as it applies to the abolishing of the Fish and Game Commission as it now exists, and making the same a department under the Department of Agriculture.

This resolution was passed unanimously by the Chamber of Commerce, and signed by E. W. Ehmann and 47 other members

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

To the Assembly of the State of California.

In accordance with section 16 of article IV of the constitution, I return to you without my approval Assembly Bill No. 302.

It would be a departure from the established policy of the State in that it is not the custom to validate bonds of irrigation districts. Such action if taken in this case would be susceptible of an interpretation reflecting, without reason, adversely on these bonds, or, by necessary inference reflecting, equally without reason, adversely upon the bonds of other districts which have not been validated.

Moreover, I am informed that as to these particular bonds the act is unnecessary in fact, as the bonds themselves have been duly certified by the Irrigation District Board Commission, pursuant to the act of 1913. I therefore feel that the bill should not be approved.

Respectfully submitted.

WM. D. STEPHENS, Governor.

Dated. Sacramento, California, March 25, 1921.

633. No person shall within this State act as agent of any insurance or surety company, or other insurer until such person shall have first obtained a license from the Insurance Commissioner authorizing him so to act.

Any person duly appointed and authorized by an insurance or surety company, or other insurer to solicit applications for insurance or surety bonds, or effect insurance or surety bonds in the name of such company or other insurer shall be an agent within the meaning of this section. The Insurance Commissioner shall, upon written notice from any insurance or surety company or other insurer, authorize to transact business in this State, of a person residing in this State, to act as its agent and upon payment of the fee provided for in section 605 of the Political Code, issue to such person a license in such form as may be prescribed by the insurance department: *provided, however*, that such proposed licensee shall first file with the Insurance Commissioner of the State of California a statement in writing by a duly authorized representative of the company or insurer which the agent seeks to represent, setting forth:

(*a*) The applicant is known to him and resides in this State;

(*b*) The applicant has had experience or instruction, or shall within thirty days from the issuance of his license, be given the necessary instruction in each of the kinds of insurance or surety bonds the applicant proposes to write under the license applied for;

(*c*) The nature of any business other than insurance or surety agent in which the applicant may be engaged and the name under which such business is conducted;

(*d*) The applicant is of good reputation;

(*e*) The applicant is worthy of a license; and the said licensee shall make answer under oath to such interrogatories as the Insurance Commissioner himself or through his deputies shall propound on forms prepared by the commissioner.

No license shall be issued until the commissioner has satisfied himself upon evidence presented and recorded as to the integrity of the applicant and that said applicant is qualified in the following respects to hold a license:

(1) That the applicant is of good reputation and resides in this State;

(2) That the applicant has had experience or instruction in each of the kinds of insurance or surety bonds he proposes to write, or will be given the necessary instructions as aforesaid within thirty days after the issuance of said license, to the end that the interests of the insuring public and of the insurers may be reasonably served;

(3) That the applicant intends to engage in business as an insurance or surety agent to do an insurance or surety business with the general public and is not actuated principally in applying for a license by the prospect of insuring the health, life, interest or property of himself or that of relatives or employers or of a single person or corporation, or procuring surety bonds thereon or therefor, nor for the procuring of surety bonds or the insuring of property or interests of which he is himself or through his employer, or employers, as agent, vendor, custodian, bailee, trustee, payee, or otherwise interested or able to control the obtaining or placing of insurance or surety bonds therefore in whole or in part;

(4) That the applicant has never been refused a license or had a license revoked by any insurance department for reasons that should preclude the granting of the license applied for;

(5) That the applicant intends to carry on in good faith the business of an insurance or surety agent and that said applicant does not seek the appointment

for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this State and that the granting of the license applied for will not be in violation of such laws either in letter or in spirit, *provided*, that no license shall be refused by the Insurance Commissioner without providing an opportunity to the applicant within thirty days to be heard and produce evidence in support of his application.

If it shall be brought to the attention of the Insurance Commissioner or if written charges be filed with him showing that any agent licensed hereunder has wilfully misstated any material fact in his application, or that the purpose of applying for such license was to avoid or prevent the operation or enforcement of any anti-rebate law or any insurance law of this State, or that such agent licensed hereunder conducts his business in a dishonest manner or misrepresents the policies or contracts he sells or misrepresents the policies or contracts of other agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or if said agent or other person licensed hereunder obtained his license in an unfair manner or by concealment or misrepresentation, then the Insurance Commissioner shall give notice to such agent licensed hereunder and cite him to appear before the Insurance Commissioner and show cause why his license as an insurance or surety agent or other person licensed hereunder should not be suspended or revoked. If at the hearing of said order to show cause it should appear that said agent or other person licensed hereunder has wilfully misstated any material fact in his application to the Insurance Commissioner, or that the purpose in applying for such license was to avoid or prevent the operation of any anti-rebate law or other insurance law of this State, or that such agent or other person licensed hereunder conducts his business in a dishonest manner or misrepresents the policies or contracts of other agents or companies, or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or that said agent or other person licensed hereunder has obtained his license in an unfair manner or by concealment or misrepresentation, then the commissioner shall revoke or suspend for a period to be fixed by the commissioner the license of such agent licensed hereunder and shall notify the agent or other person licensed hereunder and the company or other insurer such agent represents of the revocation or suspension.

If at any time the commissioner revokes or suspends the license theretofore issued to any agent licensed hereunder, or refuses to grant a license, the applicant or the agent or other person licensed hereunder may commence an action against the Insurance Commissioner for the purpose of reviewing the facts pertinent to the controversy and for the purpose of obtaining relief or cancelling the act of the Insurance Commissioner. In any such action the court shall have full power to investigate all the facts de novo without regard to the determination previously made by the Insurance Commissioner.

All of the provisions of the Code of Civil Procedure relating to pleadings, proofs, trials and appeals shall be applicable to such action.

Such action shall be commenced and tried in the superior court of the county in which such agent or other person licensed hereunder resides unless the parties thereto stipulate otherwise.

Unless revoked by the commissioner, or unless the company or other insurer by written notice to the commissioner cancels the authority of the agent or other person licensed hereunder to act, the license or any renewal thereof, shall expire on the first day of July next after its issue or renewal. Any license issued after this section takes effect, may in the discretion of the Insurance Commissioner, be renewed for a succeeding year by a renewal certificate without the commissioner requiring the detailed information required by this section.

Any person who shall act or offer to act or assume to act as an insurance or surety agent or other person required to be licensed hereunder, unless licensed by the Insurance Commissioner as provided in this section, or after such license granted to him has been suspended or revoked, unless proceedings are pending in the courts to review the act of the commissioner, shall be guilty of a misdemeanor.

Fourth—If the applicant be a copartnership, the names of the partners comprising such copartnership, or if the applicant be a corporation, the names of the officers and principal stockholders thereof

Fifth—That the applicant intends to steadily carry on in good faith the occupation of an insurance broker, and that said applicant does not seek a license as an insurance broker for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this State

Such proposed licensee shall also file with the Insurance Commissioner of the State of California a statement of an insurance broker or an official or other representative of an insurance or surety company or other insurer, licensed to transact business in this state, setting forth

(*a*) The applicant is known to him and is engaged steadily, or intends to so engage, in the occupation of an insurance broker;

(*b*) The applicant has a reasonable knowledge of the insurance and/or surety bond business and particularly of the kinds of contracts he intends to negotiate;

(*c*) The applicant is of a good reputation;

(*d*) The applicant is worthy of a license;

and the said licensee shall make answer under oath to such interrogatories as the Insurance Commissioner himself, or through his deputies or persons designated by him, shall propound on forms prepared by the commissioner.

No license shall be issued until the commissioner has satisfied himself from the evidence produced and recorded as to the integrity of the applicant, and that said applicant is qualified to hold a license in the following respects:

(1) That the applicant is of good reputation;

(2) That he has a reasonable knowledge of the insurance and/or surety bond business and of the coverage afforded under policies or surety bonds the applicant intends to negotiate, to the end that the interests of the insuring public and of insurers may be reasonably served;

(3) That the applicant intends to engage in business as an insurance broker, to do an insurance brokerage business with the general public, and is not actuated principally in applying for a license by the prospect of insuring the health, life, interest or property of himself or that of relatives or employers or of a single person or corporation or procure surety bonds thereon or therefor, nor the procuring of surety bonds or the insuring of property or interest of which he is himself or through his employer or employers as agent, vendor, custodian, bailee, trustee, payee, or otherwise interested or able to control the obtaining or placing of insurance or surety bonds thereon or therefor, in whole or in part,

(4) That the applicant has never been refused a license or had a license revoked by any insurance department for reasons that should preclude the granting of the license applied for;

(5) That the applicant intends to carry on in good faith the business of an insurance broker and that said applicant does not seek a license as an insurance broker for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this State and that the granting of the license applied for will not be in violation of such laws either in letter or in spirit, *provided*, that no license shall be refused by the Insurance Commissioner without providing an opportunity to the applicant within thirty days to be heard and produce evidence in support of his application.

In case an insurance broker's license is issued to an individual or a firm, association or corporation, the applicant shall specify all officers, members, partners, or employees who are actively engaged in selling or soliciting insurance or surety bonds for such broker and who may desire to solicit or sell insurance or surety bonds under such license and they shall satisfy the commissioner as to their qualifications

If it shall be brought to the attention of the Insurance Commissioner, or if written charges be filed with him, showing that any broker licensed hereunder has wilfully misstated any material fact in his application, or that the purpose of applying for such license was to avoid or prevent the operation or enforcement of any anti-rebate law or any insurance law of this State, or that such broker conducts his business in a dishonest manner or misrepresents the policies or contracts he sells or misrepresents the policies or contracts of agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or if said broker licensed hereunder obtained his license in an unfair manner or by concealment or misrepresentation, then the Insurance Commissioner shall give notice to such broker and cite him to appear before the Insurance Commissioner and show cause why his license as an insurance broker should not be suspended or revoked. If at the hearing of said order to show cause it should appear that said broker has wilfully misstated any material fact in his application to the Insurance Commissioner, or that the purpose in applying for such license was to avoid or prevent the operation of any anti-rebate law or other insurance law of this State, or that such broker conducts his business in a

dishonest manner or misrepresents the policies or contracts of agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or that said broker has obtained his license in an unfair manner or by concealment or misrepresentation, then the commissioner shall revoke or suspend for a period to be fixed by the commissioner, the license of such broker and shall notify the broker of the revocation or suspension, and shall publish a notice of the revocation or suspension of the license of such broker in such a manner as he deems proper for the protection of the public.

If at any time the commissioner revokes or suspends the license theretofore issued to a broker licensed hereunder or refuses to grant a license, the applicant, or the broker may commence an action against the Insurance Commissioner for the purpose of reviewing the facts pertinent to the controversy and for the purpose of obtaining relief or cancelling the act of the Insurance Commissioner. In any such action the courts shall have full power to investigate all the facts de novo without regard to the determination previously made by the Insurance Commissioner. All of the provisions of the Code of Civil Procedure relating to pleadings, proofs, trials, and appeals shall be applicable to such action.

Such action shall be commenced and tried in the superior court of the county in which such broker or other person licensed hereunder resides unless the parties thereto stipulate otherwise.

The Insurance Commissioner shall upon application issue to nonresident insurance brokers engaged steadily in business in this State a license to transact an insurance brokerage business in this state subject to the same qualifications, requirements, restrictions and fees as provided for resident insurance brokers; *provided*, such application for a nonresident insurance broker's license is from an insurance broker whose head office is in a state that does not prohibit insurance brokers of this State from engaging in the insurance brokerage business in such state.

Unless revoked by the commissioner, the license or any renewal thereof shall expire on the first day of July next after its issue or renewal. After this section takes effect, any license issued on an application as hereinbefore provided may in the discretion of the Insurance Commissioner be renewed for a succeeding year by a renewal certificate without the commissioner requiring the detailed information required by this section.

Any person who shall act or offer to act or assume to act as an insurance broker, unless licensed by the Insurance Commissioner as provided in this section, or after such license has been suspended or revoked, unless proceedings are pending in the courts to review the act of the commissioner, shall be guilty of a misdemeanor.

By Mr. Kline:

WHEREAS, The scenic beauty of the California State highway through the redwood region in Humboldt county is immediately menaced through the impending destruction of the redwoods by lumbering operations; and

WHEREAS, Those trees are one of the great natural assets of this State, possessing great historic and scientific interest as well as great economic value; and

WHEREAS, The State highway through the redwoods is destined to become one of the great attractions of this State for future generations; therefore, be it

Resolved, That the Riverside Chamber of Commerce strongly urges upon the Governor of the State and the members of the California State Legislature the passage of the redwoods preservation bill (Senate Bill No. 64, Assembly Bill No. 80) now pending, providing for the appropriation of $300,000 to purchase those redwood groves along the State highway which otherwise will be cut; and be it further

HUNTINGTON PARK, March 28, 1921.

DEAR SIR: The members of the board of trustees of the city of Huntington Park wish to inform you that you have their hearty approval in your efforts relative to the passage of Assembly Bill No. 1284, now pending in the State Legislature, and trust that you will meet with success in this undertaking.

Yours very truly,

H. H. HUNTER, City Clerk.

Also:

SANTA MONICA, CALIFORNIA, March 29, 1921.

DEAR SIR: I take pleasure in commending you for introduction of Assembly Bill No. 1284, which in my opinion will have a very strong tendency toward the prevention of crime.

I sincerely hope you may get other members of the Legislature to vote with you on this matter.

Very truly yours, S. L. BERKLEY, Mayor.

Also:

RIVERSIDE, CALIFORNIA, March 24, 1921.

DEAR SIR: I am keenly interested in the bill to be introduced in the State Legislature for the repeal of the indeterminate sentence law, the probation and parole systems, feeling the light sentences are partly responsible for the wave of crime all over our State. The criminal takes a chance on a light sentence, parole or if made to serve, an early release on good behavior, and in so many cases is released to go on with his crime.

We ask you to do all you can to raise the minimum and in some cases the maximum sentences, as advised in the revision of the Penal Code, Assembly Bill No. 1284. We will cooperate with you in every way we can.

Yours truly,

E. S. DEISS, Chief of Police.

Also:

ANAHEIM, CALIFORNIA, March 25, 1921.

DEAR SIR: At a regular meeting of the board of trustees of the city of Anaheim held March 24, 1921, the matter of Assembly Bill No. 1284 was taken up, and I was instructed to write you and state that this board is in favor of the passage of said bill and trust that it will receive the approval of the Legislature at this session.

Yours respectfully,

EDWARD B. MERRITT, City Clerk.

Also:

EL SEGUNDO, CALIFORNIA, March 25, 1921.

DEAR SIR: Please be advised that the board of trustees of this city has passed a resolution favoring the passage of Assembly Bill No. 1284, and instructing me to so advise Senator Charles W. Lyon and Assemblyman Arthur A. Weber, which is being done of even date.

Very respectfully yours,

VICTOR D. McCARTHY, City Clerk.

Also:

GLENDORA, CALIFORNIA, March 22, 1921.

DEAR SIR: The board of trustees of the city of Glendora at the last regular meeting went on record as favoring Assembly Bill No. 1284 and as favoring the repealing of the indeterminate sentence law. They also voice their approval of your work in this matter.

Very respectfully,

FRED C. NEET, City Clerk.

By the Chief Clerk:

The Special Workers' Alliance of San Francisco in regular meeting assembled March 29, endorsed Mrs. Saylor's bill abolishing capital punishment of youths under eighteen years.

ANITA ELDRIDGE, Secretary.

Also:

SAN FRANCISCO, March 29, 1921.

To the Officers and Members of the State Assembly.

GENTLEMEN: Pursuant to instructions of the twenty-first annual convention of the State Building Trades Council of California, held in Los Angeles, March 21 to 26, 1921, I hand you herewith copy of Resolution No. 16 as well as copy of Resolution No. 4.

Both of these resolutions were passed by unanimous vote of the convention, after thorough consideration of the subjects dealt with therein.

Very respectfully yours,

A. G. GILSON, Acting Secretary.

WHEREAS, In 1911 the people of California by a vote of three to one placed in the constitution of the State of California a provision which gives to the people the same legislative powers, through the initiative, which the Legislature itself possesses; and

WHEREAS, The State Building Trades Council believes that this initiative right of the people should not be impaired, restricted or abolished; now, therefore, be it

Resolved, That the State Building Trades Council of California, in conference assembled on the twenty-third day of March, 1921, by a unanimous vote, requests the Legislature of California to defeat Assembly Constitutional Amendment No. 12 prohibiting the single taxers from using the initiative, because it is the opinion of the council that eight per cent of the voters of the State should have the privilege of presenting to the people for their acceptance or rejection, any measure that the Legislature might submit, and while the Building Trades Council takes no stand in opposing or favoring the matter of single tax, it believes that the passage of this amendment would be the entering wedge to the destruction of the initiative power of the people.

WHEREAS, There exists in California certain reactionary forces, foremost of which is the Better America Federation, who are right now attempting, under the guise of economy, to destroy the effectiveness of all the progressive and humanitarian laws of our State government; therefore, be it

Resolved, By this twenty-first annual convention of the State Building Trades Council of California, that in behalf of the men, women and children of this State and in justice to our disabled World War veterans, we earnestly protest to Hon. William D. Stephens, Governor of California, and the State Senate and Assembly now in session at Sacramento, and to the State Board of Control, against any curtailment of finance, or movement of consolidation that will hamper or destroy the work of the Industrial Accident Commission, the Housing and Immigration Commission, the Industrial Welfare Commission, the Bureau of Labor Statistics, free employment agencies of our State or any law or act designed for the protection, health, comfort or safety of the workers; be it further

Resolved, That a copy of these resolutions be at once forwarded to Governor William D. Stephens, to the Senate and Assembly now in session, and to the State Board of Control.

By Mr. Schmidt:

SAN FRANCISCO, March 29, 1921.

The following resolution was passed by the Order of Camels of the State of California, to be presented and read to the Assembly Chamber:

Resolved, That the State organization Order of Camels hereby protests on any action taken by our Assemblymen in framing or passing any measure which will take away the rights of the common people, that of personal liberty; and be it further

Resolved, That the Order of Camels by a majority vote of the order protest against the passage of the Wright measure or bill for the enforcement of the eighteenth amendment. The same to be left in the hands of Congress for modification to the wishes of the majority of the common people of this great nation of ours; and be it further

Resolved, That the Order of Camels hereby endorse the Assembly and Joint Resolution Nos. 5 and 22, relative to a modification by Congress of the Volstead Act and petition the Senate for the passage of the same; and be it further

Resolved, That these resolutions go on file on the records of the State organization and the same be sent to the Grand Caravan of the Order of Camels as a record by a popular vote of this great State of ours as shown by record within the last four years' vote; and be it further

Resolved, That a copy of these resolutions be forwarded on to the Assembly and Senate now in session at Sacramento, California.

E. E. PFAEFFLE, State Sheik.

Attested by J. C. KLOOS,
State Secretary Order of Camels.

"An act to amend the title of and to revise an act entitled "An act to provide for work upon public roads, streets, avenues, boulevards, lanes and alleys not within the territory of incorporated cities or towns; for the incidental establishment of grades thereof; for the construction therein or thereon of sidewalks, sewers, manholes, bridges, cesspools, gutters, tunnels, curbing and crosswalks, for the issue of bonds representing the costs and expenses thereof; for a special fund derived in part from the county road fund and in part by special assessment upon a district, and for the establishment of such districts," approved March 21, 1907, as amended and to include therein provision for the doing of work adjacent to said public roads, streets, avenues, boulevards, lanes and alleys which is incidental to the work thereon."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike everything after the enacting clause and strike out all of page 2, and insert in lieu thereof the following.

"SECTION 1. The title of that certain act entitled "An act to provide for work upon public roads, streets, avenues, boulevards, lanes and alleys not within the territory of incorporated cities or towns; for the incidental establishment of grades thereof; for the construction therein or thereon of sidewalks, sewers, manholes, bridges, cesspools, gutters, tunnels, curbing and crosswalks; for the issue of bonds representing the costs and expenses thereof; for a special fund derived in part from the county road fund and in part by special assessment upon a district, and for the establishment of such districts," approved March 21, 1907, as amended, is hereby amended to read as follows:

"An act to provide for work upon public roads, streets, avenues, boulevards, lanes and alleys, not within the territory of incorporated cities or towns; for the incidental establishment of grades thereof and the doing of work adjacent thereto which is incidental to the work thereon; for the issue of bonds representing the costs and expenses of said work; for the payment of said bonds by special assessment taxes raised in assessment districts established for the purpose; and for county aid in such work."

SEC. 2. Said act is hereby revised to read as follows:

Section 1. Power is hereby vested in the board of supervisors of every county in this State, by and under the procedure prescribed in this act, to grade or regrade to the official grade, plank or replank, pave or repave, macadamize or remacadamize, gravel or regravel, pile or repile, cap or recap, oil or reoil the whole or any portion of roads, streets, avenues, boulevards, lanes or alleys so far as not within the territory of any incorporated city or town, and so far as by dedication or otherwise, public and open to public use, and to do so for any length or width of the same, one of the same or any number of the same in combination, and to construct and reconstruct therein or thereon sidewalks, sewers, manholes, culverts, bridges, cesspools, gutters, tunnels, curbing and crosswalks, and any other work, improvement or structure within or adjacent to any road, street, avenue, boulevard, lane or alley on which any improvements are being made or work done in so far as it is necessary or proper for the safe or convenient use of said road, street, avenue, boulevard, lane or alley or incidental to the work being done, and to do the aforesaid things singly or in any combination of the same, and the various items of the said work and constructions need not be conterminous; and to issue bonds representing the costs and expenses of any said work or constructions as in this act hereafter provided; and to constitute a fund for the payment of such bonds as in this act hereafter provided, and to levy special assessment taxes upon a district as in this act hereafter provided; and to establish said district and determine its boundaries as in this act hereafter provided; and, as incidental to the exercise of the powers aforesaid, to establish official grades within said district and such districts, and to transfer from county funds to such special funds as in this act hereafter provided; and to purchase material and furnish the same to be used in the doing of any of the works above named; and to make direct contributions of money in part payment of the expense of any one or more or all the works above named.

But said board of supervisors is hereby prohibited from doing, under the provisions of this act, any work, except sewer or drain work, within the roadway of any railroad or within any area which by law is required to be kept in order or repair by any person or company having railroad tracks thereon, and this prohibition shall have the effect of excepting the prohibited work from that described in any resolution of intention in any proceeding under this act, and of charging all persons with notice of such exception or exclusion, and such exception of said prohibited work need not be made in any such resolution of intention.

Sec. 2. The board of supervisors is hereby vested with power as follows, to wit:

1. To appoint, at any stage of the proceedings before calling for proposals or bids, any competent engineer, to be designated "engineer of work" for the purpose of doing and furnishing all the civil engineering work or services, surveying and similar

work and services necessary to the proper doing of the work. His compensation or at least the rate or some basis for computing the same shall be fixed and stated in the order of his appointment, which said order shall be entered in the minutes of the boards; *provided*, any county officer may be appointed as such engineer without compensation.

2. To appoint, in and as a part of the resolution of intention, any competent person to be designated "superintendent of work," whose duty it shall be to perform the services for him in this act prescribed or indicated, and to have the general actual supervision of the work. His compensation shall be fixed at the time and in the resolution of his appointment at a per diem not to exceed ten dollars for all time actually devoted to the work; *provided*, any county officer may be appointed as such superintendent without compensation.

3. To designate any competent person for the purpose of preparing and furnishing the specifications required by section three of this act, and with such designation to fix his compensation, or some basis for computing the same, or to appoint any officer of the county without compensation.

4. To appoint and designate other competent persons in the places respectively of the persons so originally appointed, with compensation, so far as practicable, proportionately the same as fixed for the original appointee, and to appoint such additional persons as may be needed to carry on said work; and to fix their compensation which shall be a charge against the district.

No part of such or any compensation for said officers or employees, or for services rendered by any of them shall be a charge against the county or any officer thereof; except that for furnishing specifications and posting the resolution of intention the county shall be liable in case the proceedings cease or are abandoned, before the award of the contract; *provided, further*, that whenever any county officer is appointed to any of the positions hereinabove mentioned without compensation, the actual and necessary expenses incurred under his supervision, including the compensation of other persons, made necessary by the duties of such positions shall be a charge against the county but shall be repaid to the county by the contractor as in section 25 provided.

No member of the board of supervisors shall be eligible to appointment to any office, position or employment under this act, except as county officer without pay.

Sec. 3. A board of supervisors desiring to do any work under the provisions of this act shall, by an order to be entered on its minutes, designate some county officer or some other competent person to prepare specifications for the work. Such order shall be entitled "In the matter of road district improvement No ------" and the number used in said title shall be the number employed throughout the proceeding. The specifications shall contain a description of the work to be done; shall include a statement of the estimated cost of the work, inclusive of incidental expenses and of the cost of the proceedings; shall describe the district to be benefited by the proposed work; and shall specify the grades for all roads, streets, avenues, boulevards, lanes and alleys or portions thereof so far as the same are to be improved. If any official grade has already been adopted or established for any of said roads, streets, avenues, boulevards, lanes or alleys proposed to be improved, it shall be lawful in said specifications to provide new grades or grades different from those already established or adopted. Said specifications shall be signed by the person designated to prepare them and presented to the board of supervisors. The board of supervisors shall examine said specifications and may approve them or order modifications to be made in them. When approved by the board of supervisors they shall be filed with the clerk of the board. At any time before the adoption of the resolution of intention the specifications may be corrected or modified by order of the board.

Any error or informality in the appointment of any person to prepare specifications, or the omission of a formal order of appointment, shall not invalidate the proceedings where specifications otherwise sufficient are in fact filed.

Sec. 4. After specifications have been prepared and filed for any work to be done under this act, the board of supervisors shall pass a resolution of intention to order said work done. Such resolution may, in form, and shall, in substance, be (filling all blanks) as indicated following, to wit:

In the matter of road district improvement No. ------, resolution of intention No. ------ (the same number for both blanks).

Resolved, That it is the intention of the board of supervisors of the county of ----------, State of California, proceeding under and by virtue of the Road District Improvement Act of 1907, and in the matter of road improvement district No. ------, on the ------ day of ---------- 19---, at the hour of ----m. of that day or as soon thereafter as the matter can be heard, at the chambers of said board, to order work to be done as follows: (Here insert a description of the work, stating in general terms the location and nature of the work to be done), the said work to be done in accordance with the specifications therefor filed with the clerk of said board on the -------- day of ---------- 19---, except as the boundaries of the district and grades therein specified may be changed at the hearing of the matter hereinafter mentioned, which specifications are made part hereof by this reference, and to which all persons are referred for further particulars as to the location and nature of said

work. For the costs and expenses of the work and the proceedings bonds will be issued to the amount of the same, bearing interest at the rate of_____ per cent per annum, payable semiannually, and one_____ part of the principal payable annually, all in gold coin. (It may be added: "the first payment of principal will be made two years after the bonds are issued".)

A special fund for the payment of said bonds is to be constituted by the levy of special assessment taxes upon all land within a district to be known as "road improvement district No. _____ of the county of _____". (and it may be added: "and partly by transfer of moneys from county road funds").

Such district (as proposed) being all that territory in the county of_____, State of California, within exterior boundaries as follows, to wit: _____ (the blank to be filled with a careful statement of the exterior boundaries of the district which will be benefited by the proposed work, including territory within an incorporated city if necessary).

Notice is hereby given that at the time specified hereinbefore for ordering the work, the matter of said road district improvement No. _____ will come up for hearing, and all objections which are, under the provisions of said Road District Improvement Act of 1907, entitled to be heard or determined, will then be heard and determined, and the boundaries of said district and grades therein be finally determined and established.

The _____ (here insert name and character of newspaper), is hereby designated as the newspaper for making publication of this resolution and for making all other publications in the proceeding.

_____, a competent person, is hereby appointed superintendent of work with compensation at the rate of _____ dollars per diem for days actually spent in the performance of duty under this appointment, (or, in lieu of the paragraph last preceding, it may appear, "_____, a county officer is hereby appointed superintendent of work").

(Either one or both of the following paragraphs may be added.)

The county will furnish and deliver to the contractor at _____ (here state place of delivery), the following materials to be used in said work, to wit: _____ (here insert a statement of the amount and kind of materials to be furnished by the county). The same to be purchased from its _____ fund.

The county of _____ will, out of its _____ fund, pay _____, (here set forth either a stated amount or a stated portion of the contract price) to the contractor by county warrant and said bonds will be issued for the remaining part of the costs and expenses of the work and proceedings.

The foregoing resolution was, on the_____day of_____, 19___, passed by the board of supervisors of the county of_____, State of California.

Attest:_____
Clerk of the board of supervisors of said county of_____.

Sec. 5. If the resolution of intention in the matter of any road improvement district provides that the county will furnish the materials to be used in the work, or if it provides that the county will pay either a stated amount or a stated portion of the contract price, the fund from which such materials are to be purchased or such amount or portion paid must be set forth. Such fund may be (1) the fund of the road district in which the proposed improvement lies, or the funds of the road districts in which it lies if it lies in more than one; (2) any other fund available for the construction or maintenance of roads and bridges; or (3) the county general fund.

Sec. 6. Such resolution of intention shall be filed, and be published by at least two insertions in the newspaper therein designated, which shall be a newspaper published and circulated in the county, or, if there be no such newspaper, then in any newspaper designated by said board of supervisors in such resolution. Printed copies of such resolution, headed, "notice of road district improvement," such heading to be in letters not less than one inch in length, shall be, by the superintendent of work, or by some person appointed by him for the purpose, posted along the line of the work described in said resolution, at not more than five hundred feet in distance apart, but not less than three in all. The failure to post said notices shall in no wise affect the validity of the proceedings or the power of the board of supervisors to order the work.

Affidavits in proof of such publication and posting shall be filed with the clerk of the board of supervisors. When, before the day of the hearing specified in the resolution of intention, twenty days have elapsed since the posting and the first publication (they need not be simultaneous) of the resolution of intention, the board of supervisors shall have acquired power to proceed with such hearing and to take all other action in the proceeding as is in this act authorized.

The determination of the board of supervisors to proceed with such hearing, whether evidenced by an express declaration or by its proceeding to make other determinations at such hearing, shall be presumptive evidence of the existence of all the facts upon which the power of the board to proceed depends, except such as are required to appear of the record in the proceeding, and except, also, in so far as such presumption is rebutted by the record in the proceeding.

Sec. 7. At any time before the day in the resolution of intention specified for ordering the work and the hearing of the matter, any owner of land within the boundaries of the district as set forth in said resolution may, severally, or with other such owners, file with the clerk of the board of supervisors written objection to the ordering of the work as an entirety, and not merely to some part thereof, as described in the resolution of intention.

If upon said hearing it appears that a majority of the owners of land within the district, as set forth in the resolution of intention, have so in writing made objection going to the entirety of the work described in the resolution of intention and to the ordering of the same, the board of supervisors shall, by a resolution, to be entered in its minutes, so find; and thereupon such board shall have no power to proceed further under said resolution of intention, nor to pass any resolution of intention for doing the same work, during a period of one year next after the time of such finding; and the accrued costs of the proceedings shall be a charge upon the county. But if the fact be that a majority of the owners of land lying within the district, as set forth in said resolution of intention, have not so in writing made objection going to the ordering of the work, as an entirety, the board of supervisors shall so find, and may thereupon proceed with the hearing; but such finding need not then be in writing and may, for the purpose of proceeding with the hearing, be a mere announcement of the board.

At the conclusion of the hearing, however, the said findings shall, severally, or with other determinations of the board, be made in writing, to be filed and entered upon the minutes of the board.

Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated on the day before the day set for said hearing; and an executor or administrator shall be deemed representative of his decedent; and a trustee of an express trust in land, other than as security for the payment of money, of the land held in such trust; and a trustee in bankruptcy, of the bankrupt; and a guardian, of his ward.

Next after in order of hearing, the board shall proceed to hear such objections as may be made to the grades specified in the specifications.

Thereafter, in the order of the hearing shall be heard such objections as shall be made to the boundaries of the district as set forth in the resolution of intention. Objection to the grades or to the boundaries of the district may be made by an owner of land lying within the district upon the hearing without any written statement of the same.

The hearing may be continued from time to time by the board of supervisors by an order to be entered in the minutes of the board.

Sec. 8. Unless the power to proceed shall have ceased, as hereinbefore provided, the board of supervisors shall in conclusion of the aforementioned hearing, and as a sufficient determination of all questions arising thereat, by resolution or resolutions to be entered upon its minutes, declare its finding that a majority of the owners of land within the district described in the resolution of intention have not before the day of the hearing filed written objection, going to the ordering of the work to be done and determining the boundaries of the district to be benefited by the improvement, and the grades thereon. If no changes be made in the boundaries of the district as the same are set forth in the resolution of intention, it shall be sufficient to state that the boundaries of the district are those set forth in the resolution of intention, but if any change of such boundaries is made, the boundaries of the district, as finally determined, shall be fully set forth.

If no change be made as to the grades, as set forth in the specifications on file, it shall be sufficient to state that the grades of the same, as finally determined, are those set forth in such specifications. In either case, the boundaries of the district so determined shall be the boundaries of the district for all purposes of the proceeding and until any bonds to be issued for the cost of the work shall have been fully paid and discharged; and the grades so determined shall be the grades of the district for all the purposes of the proceeding and the "official grade" within the meaning of section one of this act, *provided, however*, that the boundaries of the district as the same are set forth in the resolution of intention shall not be so changed as to include within the district any territory not within its boundaries as set forth in that resolution, nor so that the location of any work described in such resolution of intention shall be excluded from the boundaries of the district as so finally determined.

Sec. 9. In like manner the board of supervisors may order the work to be done and if it so do shall fix a time for receiving bids for doing the work and direct the clerk to give notice accordingly, inviting sealed bids. Such notice shall include a statement that the work is to be done "under the provisions of the road district improvement act of 1907" and according to the specifications on file therefor, except in so far as the grades specified therein shall have been fixed otherwise by the board of supervisors in conclusion of the hearing in said act provided; to which said act, to the resolution of intention and all proceedings had thereunder the attention of bidders shall be directed and they shall by reference be made a part of this notice.

Sec. 10. The notice inviting sealed bids shall be published by at least two inser-

tions in the newspaper designated in the resolution of intention and, not necessarily simultaneous, a copy or copies of the same be posted and kept posted for five days, at or near the chamber door of the board of supervisors. All bids shall be accompanied by a check, payable to the order of the presiding officer of the board of supervisors, certified by a responsible bank for an amount not less than ten per cent of the aggregate of the bid, or by a bond for said amount running to the county, signed by the bidder, with two sureties qualifying each in said amount over and above all statutory exemptions before an officer competent to administer oaths, or with one duly authorized corporate surety.

Said bids shall be delivered to the clerk of said board, and said board shall, in open session, examine and declare the same, but no bid shall be considered unless accompanied by said check or such bond in terms satisfactory to the board. The board may reject any and all bids should it deem this for the public good, and shall reject all bids other than the lowest regular bid of any responsible bidder, and may award the contract for said work to the lowest responsible bidder at the price named in his bid.

A notice of such award, attested by the clerk of the board of supervisors, shall be published two days and posted for five days in the same manner as hereinbefore provided with respect to the notice inviting bids.

The check or bond accompanying such accepted bid shall be kept by the clerk of said board until the contract for doing said work, as hereinafter provided, has been entered into. If said bidder fails, neglects or refuses to enter into the contract for said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be declared forfeited to the county, and may be collected by it and paid into its general fund, and any bond forfeited may be prosecuted, and the amount thereof collected and paid into said fund.

Before being entitled to a contract the bidder to whom the award thereof has been made must advance and pay to the clerk of the board of supervisors, for payment by him, the costs and expenses of publishing and posting resolutions, notices and orders required under this act to be made, which have been made, given, posted or published in the proceeding.

Sec. 11. At any time within ten days from the date of the first publication of the notice of award of contract any owner of, or other person having any interest in any lot or land within the boundaries of the assessment district who claims that any of the previous acts or proceedings relating to said improvement are irregular, defective, erroneous or faulty may file with the clerk of the board of supervisors a written notice specifying in what respect said acts and proceedings are irregular, defective, erroneous or faulty. All objections to any acts or proceedings prior to the first day of publication of the aforesaid notice of award in relation to said improvement not made in writing, and in the manner and at the time aforesaid, shall be waived. It is the intent of this section that any person failing to file such notice within the time specified shall be deemed to have intentionally waived every objection to the regularity or validity of such acts or proceedings, and shall be estopped from thereafter raising the same.

Sec. 12. If, for fifteen days after the first publication of said notice of award, the bidder to whom the contract was awarded, fails or neglects or refuses to enter into the contract, the board of supervisors may direct the clerk of the board to give notice inviting sealed bids and thereupon the board shall proceed as in the first instance, and as in the case of the default of the first awardee, so also in the event of subsequent defaults.

Sec 13. The presiding officer of the board of supervisors is hereby authorized, in the name of the county, to execute the contract with the awardee of the same, and to receive and approve all bonds by this act required on the part of such awardee. He shall, by the terms of said contract, fix the time for the beginning of the work, which shall not be more than twenty days from the date thereof, and the contract shall provide that the work be prosecuted with diligence until completed, and a time for such completion shall be in the contract fixed. Such time of completion may be extended from time to time by the board of supervisors, in its discretion, and by resolution, which shall be entered by the clerk in the minutes of said board, a copy of which shall be by said clerk endorsed upon or annexed to the contract. Such extension of time may be made at any time before the expiration of three months after the time for completion fixed in the contract or by the last previous extension.

Before entering upon such contract, a bond shall be executed and filed, running to the county, in an amount not less than one-half of the contract price of the work, signed by the contractor and two or more sureties, who shall aggregately, qualify before an officer entitled to administer oaths in a sum equal to the amount of the bond, each surety in the amount for which he becomes surety, or by one duly authorized corporate surety. Such bond shall be conditioned upon the faithful execution of the contract by the party contracting to do the work, and the payment by him for all labor and materials furnished for or in the doing of the work. The form and sufficiency of said bond shall be passed upon by some member of the board of supervisors, and such bond shall inure as well to the benefit of any and all persons furnishing labor or materials for the work as to the county.

Said contract shall undertake on behalf of the county that the board of supervisors will, upon the fulfillment and performance of the contract on the part of the contractor, and under the provisions of the "Road District Improvement Act of 1907," take all steps in or by said act authorized to be taken, to effect the issuing by the county treasurer of the bonds in said act authorized to be issued, and provide a fund for the payment of the same, as in or by said act prescribed; and it shall be in such contract stated that in no case shall any officer of the county be thereunder holden except for the discharge of official duty under the law, nor shall the county liable under the contract except for any materials or sums of money which the resolution of intention states will be furnished by the county.

Sec. 14. Whenever in the matter of any road district improvement the resolution of intention provides that the county will furnish materials to be used in the doing of the work, the execution of the contract for the doing of the work creates a liability on the part of the county to furnish the materials. If the county has a purchasing agent the materials shall be purchased by him. If the county has no purchasing agent the materials shall be purchased by the board of supervisors by contract let to the lowest responsible bidder after notice calling for bids has been published at least five days in a newspaper of general circulation in the county.

Sec. 15. If after the execution of the contract the contractor shall fail to begin the work in good faith within the time provided in said contract, or shall fail at any time thereafter to prosecute said work diligently according to the terms of the contract, the superintendent of work shall make a report to the board of supervisors setting forth wherein the contractor is in default. Thereupon the board of supervisors shall cause written notice to be mailed to said contractor at his last known address that at a time, to be set in the notice and which must be not less than five days after the mailing of the notice, the board will hold a hearing to determine whether or not the contract shall be declared forfeited.

At the time set in said notice, or at any time to which the matter may be continued, the board shall determine whether or not the contractor is in default either in respect to beginning said work or in respect to its diligent prosecution. If the board determines that the contractor is in default it may declare the contract forfeited. In such event it shall either again call for bids and award the contract to the lowest responsible bidder as provided in sections 9 and 10 of this act, or it may declare the county the successor of the contractor.

If bids are again called for and a new contract entered into at a price greater than that in the contract declared forfeited, suit shall be brought on the bond of the original contractor for an amount equal to the excess of the second contract over the first, plus the cost of readvertising. The sum recovered shall be placed in the interest and sinking fund of the district.

If the county be declared the successor of the contractor, the work shall be completed under direction of the board of supervisors at the expense of the county either by contract or in any other method determined upon by the board. When the work is completed the declaration of completion required by section 16 of this act shall be executed by the superintendent of work alone, and thereafter the proceedings prescribed by sections 17, 18, 19, 21 of this act shall be followed. When the bonds have been issued they shall be sold by the board and the proceeds applied to reimburse the county for all expenditures it has made in the premises, the balance to be paid to the original contractor. Should the proceeds realized from the bonds be insufficient to reimburse the county in full for its expenditures in completing the contract and its incidental expenditures, suit shall be brought on the bond of the original contractor, in an amount sufficient to reimburse the county.

Sec. 16. If the contractor shall fail to pay for any labor or material furnished for, or in the doing of said work, by any person, such person shall have and hold a lien against the bonds to be issued to cover the cost and expenses of said work subject to the conditions herein set forth. Such person may at any time prior to the issuance of said bonds file with the county treasurer a verified statement of the fact that he has not been paid for such labor or material, stating the nature and amount of such labor or material and the amount due him therefor. The county treasurer shall withhold from the contractor or any one claiming under him as assignee or otherwise, sufficient of said bonds to satisfy such claim, and costs which can reasonably be anticipated If the person filing such statement shall within three months after the date for issuance of bonds in said proceeding commence an action to enforce his lien aforesaid then the county treasurer shall keep the bonds so withheld, subject to the final judgment in such action; but if such action is not so filed the bonds so withheld shall be delivered to the contractor or his assignee. Such claimant, if he so elects, and if he has not received the said bonds, may as an alternative, at any time within six months after the filing of such statement bring an action on the bond of the sureties in his own name, or if he has assigned his claim, the action may be brought in the name of the assignee, *provided, however*, that the right of the county to recover on said bond shall be superior to the rights of such claimant to recover thereon.

Sec. 17. As soon as may be done in good faith, there shall be filed with the clerk of the board of supervisors a declaration that the work has been completed according to the contract, together with an itemized statement of all the incidental costs and

expenses of the work and the proceeding, inclusive of the estimated cost of publishing the notice of final hearing hereinafter mentioned and of issuing the bonds.

The aggregate of such items shall be stated, and, also, the amount due as of the contract price and the amount to be paid the contractor by county warrant, if any amount was set forth in the resolution of intention. The gross sum for a bond issue as claimed by the contractor shall also clearly appear. The said declaration and statements shall be signed and verified by the superintendent of work, and by the contractor or some person cognizant of the facts, signing on behalf of the contractor, and stating why he, instead of the contractor, so signs and verifies. Either signer may except from his signature and verification any amount or item to which he does not assent.

Sec. 18. The presiding officer of the board of supervisors is hereby authorized to fix a time and give a notice for a hearing for the purpose of determining whether the work shall be accepted as being completed according to the contract, and for determining the aggregate amounts for which bonds shall be issued.

Such hearing shall be known as the final hearing. The notice of such hearing may, in form, and shall, in substance, be (filling the blanks) as follows:

Notice of final hearing in the matter of road district improvement number_____.

Notice is hereby given that a final hearing of the above named matter will be had at the hour of____m., on the _____day of_____19__, at the chamber of the board of supervisors of the county of_____, State of California, for the purpose of determining whether the work done under the contract made with _____under resolution of intention number_____in road improvement district number_____of the county of_____shall be accepted as being performed according to the contract, and for determining the aggregate amount for which bonds shall issue representing the cost of such work, inclusive of the incidental costs and expenses of the work and the proceeding, of which a statement has been filed with the clerk of said board of supervisors of the county of_____, to which statement the attention of all persons interested is hereby directed.

Attest: _____

Clerk of said board of supervisors.

Such notice shall be signed by the presiding officer of the board of supervisors and attested by the clerk of the board of supervisors and published by at least two insertions in the newspaper designated in the resolution of intention, and a copy or copies thereof posted and kept posted for two days at or near the chamber door of the board of supervisors, the first day of such publication and that of such posting (they need not be simultaneous) to be not less than five days before the day in said notice specified for the hearing

Proof of such publication shall be made by affidavit or affidavits, and the same shall be filed. If a quorum be not present at the time in the notice specified for the hearing, a member or members of the board then present may continue the hearing from day to day, and at all stages thereof the hearing may, by resolution, to be entered in the minutes, be continued from time to time

Sec. 19. At any time before the day in said notice specified for the hearing, any owner of property within the district, as finally established, may solely or with any other such owner or owners, file written objection to the acceptance of the work on the ground that the work has not been completed or done according to the contract, specifying in ordinary language the particulars in which the contract has not been so completed or done.

Any person interested in the proceeding, as of the interest of the contractor, shall be presumed to take issue with such objection, and be heard accordingly.

Questions going to any other matters to be determined at the hearing may be raised orally by any owner of property situated within the district.

Evidence may be adduced going to any of the matters to be determined, and in such order as the board may summarily direct.

If, when the matter has been fully heard, whether under or in the absence of objections, the board of supervisors is of the opinion that the work has not been completed or done according to the contract, it shall in writing specify what must be done in order to complete the work, and shall, by an order or resolution to be entered in its minutes, continue the further hearing of the whole matter to a specified day, expressly stating that such continuance is for the purpose of enabling the contractor to complete his contract.

On said continued hearing the objections filed before the day of the first hearing shall continue in force as against the work, and evidence be received, if offered, as to what has been done by way of completing the contract in the particulars specified in the order of the board on the said continuance of the hearing.

If, upon such continued hearing, it is the opinion of the board that the work is still uncompleted in the particulars as to which it was ordered to be completed, it shall be discretional with said board to order or refuse a second continuance of the hearing. If the board do order such second continuance, it shall be ordered in the

same manner and with like effect as provided aforesaid, upon the first continuance. And as provided aforesaid for a second continuance so of any other or further continuance.

All other objections shall pend and be heard on said day, or at any continued hearing had, as in this section aforesaid provided.

Every continuance of said hearing for the purpose of enabling the contractor to complete his contract or the work shall continue or revive such powers of the board of supervisors had, under the provisions of this act, in the proceeding, at the time of the filing of the contractor's declaration that the work was completed, as provided aforesaid, and also operate to extend the time for the completion of said contract in such manner that its completion within the time to which the hearing is continued, shall be as valid a performance of such contract as if completed at the time of filing such declaration or statement.

Sec. 20. Whenever upon the hearing in section eighteen aforesaid provided, whether at the first or any continued hearing, it shall be the opinion of the board of supervisors that the work has been completed and done according to the contract, said board shall by resolution to be entered upon its minutes so declare, and that the work is accepted, and shall in said resolution state the amount of the contract price for the doing of the work specified and performed, and the amount of the incidental costs and expenses of the work and proceedings which are to be charged against and to be paid by the contractor and the sum, if any, to be paid the contractor by the county, and the aggregate amount for which bonds are to be issued as hereinafter provided. The decision and determination of said board of supervisors at the hearing provided for in section 18 and 19 hereof shall be final and conclusive as to all matters determined at said hearing and as to all errors, informalities, irregularities, or omissions which said board of supervisors might have avoided or remedied during the progress of the proceedings, or which it can at that time remedy, upon all persons entitled to be heard before said board on said matters, and no bonds and assessment or tax thereafter levied for the payment of the bonds to be issued for said work and expenses shall be held invalid by any court for any error, informality, omission or other defect in the proceedings where the resolution of intention has been actually published as in this act provided, before the said board shall have ordered the work to be done.

Sec. 21. Whenever in the matter of any road district improvement the resolution of intention provides that the county will pay either a stated amount or a stated portion of the contract price, the liability of the county to pay arises upon the adoption of the resolution declaring that the work has been completed and done according to contract and that it is accepted. Immediately after the adoption of said order the amount which the county agreed to pay shall be paid to said contractor, less the amount of any incidental expense chargeable to and not paid by the contractor. Any amount so deducted shall be credited to the fund against which any such incidental expenses were charged.

Sec. 22. Upon the expiration of twenty days from the making of the final order mentioned in section 20 of this act, the clerk of the board of supervisors shall transmit to the county treasurer of the county an attested copy of said final order, and upon receipt of the same the treasurer shall proceed to issue bonds amounting in the aggregate to the principal sum for which bonds are to be issued as the same is stated in said final order. Said bonds, when issued, shall be dated as of the date when said final order of the board of supervisors was made. A bond may be issued in any amount: *provided*, that the aggregate of the bond or bonds made payable in any one year is the proper part of the whole principal of the bond issue as specified in said final order, and that the interest thereon shall be payable as hereinafter in this act provided. The said bonds may be in form and shall in substance be as indicated following, to wit:

This bond is issued under and in conformity with the provisions of the above mentioned "Road District Improvement Act of 1907," and the amendments thereof, and is one of a series of bonds of like date and effect numbered from one to _____ consecutively, amounting in the aggregate to _____ dollars, issued in behalf of road improvement district No. _____ of said county, which constitute the only indebtedness of said district. It is hereby certified, recited and declared that all proceedings, acts and things required by law precedent to or in the issuance of this bond have been regularly had, done and performed, and this bond is by law made conclusive evidence thereof.

This bond is payable out of road district improvement fund No. _____ exclusively, as the same appears on the books of the treasurer of said county, and neither said county nor any officer thereof shall be holden for its payment otherwise; but in accordance with said act the board of supervisors of said county will annually, at the time of levying other taxes, levy upon all the land in said road improvement district a special assessment tax in an amount clearly sufficient to pay the principal and interest of said bonds as the same shall become payable.

In witness whereof said county has caused this bond to be signed by the chairman of its board of supervisors and countersigned by its treasurer and the seal of said board to be hereto affixed and said interest coupons to be signed by the said treasurer this _____ day of _____, 19____.

Treasurer of the county of _____

Said bonds shall be signed by the chairman of the board of supervisors and countersigned by the treasurer of the county, and shall have the seal of said board of supervisors thereto affixed, and when so signed shall be binding according to the terms thereof as prescribed in said form. The interest coupons attached to said bonds shall be in such form as the said treasurer may determine, subject to the provisions of this act and the determination made by the board of supervisors, and their signature by said treasurer alone, by either written or lithographed or printed facsimile signature, shall be sufficient. Said bonds shall be delivered by the said treasurer to said contractor or to his order, assignee, or lawful representative.

Sec. 23. Said bonds by their issuance shall be conclusive evidence of the regularity of all proceedings prior thereto under this act, and after the same are issued, no tax levied or collected for the purpose of paying the principal or interest on said bonds shall be held to be illegal or set aside or refunded by reason of any informality, irregularity, omission or defect in any of the proceedings prior to the issuance of said bonds, nor shall any action or proceeding be thereafter commenced or maintained to cancel or set aside said bonds, or to prevent the payment thereof, or the levy or the collection of a tax for such payment.

Sec. 24. The principal and interest of the bonds representing the cost of work done under the provisions of this act shall be payable in gold coin of the United States of America at the office of the treasurer of the county issuing the same. The board of supervisors is hereby vested with power to determine the number of equal annual payments, not to exceed twenty, by which the aggregate principal of the bonds to be issued under this act shall be paid and discharged. The board may in its discretion make the first payment of the principal of the bonds begin two years from the date of issuance thereof, and may fix the rate of interest not to exceed seven per cent per annum to be paid on said bonds and make said bonds in all respects as indicated by the form therefor contained in this act. It shall be a sufficient determination and fixing of the matters aforesaid to set forth in the resolution of intention the matters provided for in the form of said resolution as herein set forth. The portion of the principal of said bonds to be paid off each year after payments commence shall be the same for each of the years thereafter covered by said bond issue. The interest payments on said bonds shall be payable semiannually on the second days of January and July of each year, except the last installment, which shall be payable at maturity of the bonds, in the manner indicated in said form of bond. It shall not be necessary, either in the resolution of intention or otherwise, to set forth or determine the days of the month on which payments of interest are to be made, nor that payments shall be made in gold coin, nor that payments shall be made at such treasurer's office, but all persons are charged with notice of the contents of this section, especially in the aforesaid particulars.

Sec. 25. The incidental costs and expenses of the work and the proceeding shall include the cost and expenses of all posting and publication of resolutions, notices and orders required by this act to be done, the compensation of the person appointed to prepare and furnish specifications, of the superintendent of work and of the engineer of work, and the estimated costs of preparing the bonds and any other

expenses incurred by authority of this act or incidental to the completion of the improvement in the manner herein specified. All of said incidental expenses shall be chargeable to and paid by the contractor, but they may be paid by the county, in which event the contractor shall reimburse the county, and they shall have been paid, or the county reimbursed, before delivery of the bonds shall be made by the county treasurer; *provided, however*, that if said costs and expenses are not paid, or said reimbursement made, within ten days after notice given to said contractor that said bonds, excepting such number thereof as may be withheld to satisfy claims filed as hereinabove provided, are ready for delivery, a sufficient number of said bonds may be sold at not less than ninety-five per cent of their face value to fully satisfy said costs and expenses, any surplus over said costs and expenses obtained by such sale to be paid to said contractor; *provided, further*, that the county treasurer may make delivery of such bonds, if there be deposited with him, subject to the order of the board of supervisors, money to the amount of the costs and expenses chargeable to the contractor as the same is stated in the attested order of the board of supervisors, provided for in section 22 of this act. The contractor and all persons claiming under him any interest in said bonds, whether of ownership, lien or otherwise, shall be deemed to have notice of the contents of this section.

Sec. 26. In each road improvement district in which bonds have been issued, a special fund to be named "road district improvement interest and sinking fund No. _____," (the number to be that of the district) for the discharge and payment of such bonds and interest thereon, shall be constituted as follows, to wit. There shall each year at the time of the general tax levy for State and county taxes, be levied against and upon all of the land (not including improvements, but including any land which is the operative property of any public utility) within said road improvement district a special assessment tax, in an amount clearly sufficient, together with any moneys which are or may be in said fund to pay all the principal which has become or will become due, and all interest which has become or will become payable, on said bonds, before the proceeds of another tax levy made at the time of the general tax levy for State and county purposes, can be made available for the payment of such bonds.

The board of supervisors may annually, at the time of making the said tax levy, transfer from the general fund of the county, or from the fund of the road district or districts in which the road improvement district is situated, to the road district improvement interest and sinking fund such amount as in the judgment of said board should be transferred.

In any event it shall be the duty of said board of supervisors to levy a special assessment tax upon all lands, including lands comprising operative property of public utilities within said road improvement district, sufficient to pay the principal and interest of said bonds as the same shall become payable, and the board of supervisors is hereby vested with power to do all and singular the things which in this section aforesaid it is declared shall be done. Whenever any of said bonds or any interest thereon shall become due and there shall not be sufficient money in said road district improvement interest and sinking fund to pay the same, the board of supervisors may, pending the levy and collection of a tax therefor, order the amount of money necessary to pay the bonds or interest so falling due, to be transferred from the general fund to said road district improvement interest and sinking fund, and the amount of money so transferred shall be deemed a loan to said road district improvement interest and sinking fund, and shall be repaid to the general fund from the first money coming into said road district improvement interest and sinking fund thereafter. The special assessment taxes provided for herein shall be levied and collected in the same mode and manner and by the same officers as the ordinary county taxes, and all laws applicable to the levy, collection and enforcement of such county taxes, are hereby made applicable to said special taxes.

Any money remaining in any road district improvement interest and sinking fund after all the bonds of the district have been retired, shall be transferred to the general fund of the county, and may be used in repairing any road in the district. If the greater part or all of the district has been annexed to an incorporated city said money shall be placed in the general fund of the city to be used in repairing any road within the district.

Sec. 27. Whenever any court of competent jurisdiction shall determine that any contract purporting to have been made or any proceedings for any improvement purporting to have been taken under this act is or are void, or shall for any cause enjoin the issuance of any bonds proposed to be issued under this act, said court shall also determine whether any work has been done in good faith by any contractor under said invalid contract or proceeding or under any contract pursuant to which said bonds were proposed to be issued, and if so what part if any of the said work was of such kind as might have been ordered under the provisions of this act. If the court shall find that any work of such kind as might have been ordered under this act has been done in good faith by any contractor under or in pursuance of a contract purporting to have been made under the provisions of this act, then said court shall direct the board of supervisors to take proceedings as in this section provided for the issuing of bonds to cover the reasonable value of said work. The board

of supervisors may also without any decree of any court upon the written application of the contractor who may have done in good faith any work, pursuant to a contract purporting to have been made under this act, or of the assignee of such contractor, if such work shall have been accepted by the superintendent of work and the board of supervisors, determine that the proceedings authorizing said work or the acceptance thereof are for any reason invalid, and direct that new proceedings be had as provided in this section for the issuing of bonds to cover the reasonable value of so much of said work as is of a kind which might have been ordered under this act.

Sec. 28. Upon the decree of court or the order of the board of supervisors, having been made as provided in the preceding section of this act, the said board of supervisors shall cause to be made by some competent person, appointed by it for that purpose, a report for a proposed new bond issue. Said report shall set forth a description of the work done by said contractor or assignee pursuant to the contract referred to in said decree of court or order of the board of supervisors, which work has been found by said court or said board to be of such kind as might have been ordered under this act, and shall state the reasonable value of said work (which shall not exceed the original contract price, if any, for said work), and the exterior boundaries of the district of land benefited thereby, and describe the bonds to be issued for the value of said work, which bonds shall be as nearly as possible the same as to maturity, rate of interest and other particulars as the bonds described in the original proceedings for said work, correcting any errors or irregularities that may have existed in the description of the bonds in said original proceeding, and subject to the limitations contained in this act as to maturity and rate of interest. Said report shall be entitled in the matter of the same road district improvement as the original proceeding under which said work was done, shall be signed by the person making it and be filed with the clerk of said board of supervisors. Upon the filing of said report the board of supervisors shall fix a time for a hearing thereon not less than thirty days after the time of the filing and shall designate a newspaper for publication of the notice hereinafter mentioned. The clerk of said board shall thereupon give a notice of the filing of said report and of said hearing, which notice may in form and shall in substance be (filling in blanks) as follows:

If at the time of any hearing under this act a quorum of the board of supervisors is not present, said hearing may, by order of any supervisor present or by announcement of the clerk of the board if no member of the board be present, be continued to a day and hour to be stated in the order or announcement. Whenever in this act the term "clerk of the board of supervisors" is employed, it shall be deemed to include one who is, ex officio, such, and it shall be immaterial that he designate himself as county clerk where the county clerk is ex officio clerk of the board of supervisors, nor shall it be material that his act be by deputy.

SEC. 22 (1) Whenever the board of directors by ordinance, as hereinafter provided, shall determine that the public interest or necessity of the district demands the acquisition, construction, or completion of any utility or utilities by the district, or whenever the electors of the district shall petition the board of directors therefor, the board of directors must procure plans and estimates of the cost of original construction and completion of the same by the district.

(2) Before submitting propositions to the electors for the acquisition by original construction or condemnation of utilities, the board of directors must solicit and consider offers for the sale to the district of existing utilities, in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof. In case no such offer or offers can be procured, the board of directors must, or, in case such offer or offers are procured the board of directors may, apply to the Railroad Commission of the State of California to ascertain the value of such existing utility or utilities for the purpose of submitting to the electors estimates of the cost of acquiring such public utility or utilities. Such valuation by the Railroad Commission shall be made in accordance with the provisions of section 47 of the Public Utilities Act of the State of California, and said Railroad Commission shall have power upon such application, and it shall be its duty, to make such valuation without delay. When the Railroad Commission shall have made and filed its findings and decision, the board of directors of the district may have said findings reviewed, as in sections 47 and 70 of said Public Utilities Act provided; or such board of directors may immediately adopt such findings and decision as the basis of its estimate of the cost of acquiring such utility or utilities by purchase or by condemnation.

(3) Whenever any petition or petitions, each signed by electors of the district equal in number to fifteen per centum of all the votes cast within the territory of the district at the last preceding general election held for the election of State and county officers, shall be presented to the board of directors asking for the construction, completion or acquisition of the utility or utilities therein named, it shall be the duty of the clerk of the district to immediately proceed to examine and verify the signatures to such petition or petitions and to certify the result of such examination to the board of directors. If the required number of signatures be found to be genuine, the clerk shall transmit to the president of the board of directors an authentic copy of such petition or petitions, without the signatures thereto.

Upon receiving the petition or petitions, with the certificates of the clerk stating that it or they contain the required number of signatures, the board of directors shall formulate for submission to the electors of the district at a general district election or at a special election called for that purpose, a separate proposition for the construction, completion or acquisition of each utility named in such petition or petitions.

All propositions formulated under the provisions of this subdivision shall be completed within six months after the filing of such petition or petitions, unless more time is required by reason of the making of a valuation applied for to the Railroad Commission under the provisions of subdivision 3 of this section, in which case the said proposition or propositions shall be completed as soon as may be possible after such valuation shall have been made and become final.

At the next regular meeting after the completion of the proposition or propositions for the acquisition, construction or completion of the utility or utilities named in said petitions, the board of directors of the district by ordinance shall submit the proposition or propositions to the electors of the district at a general district election or at a special district election called for the purpose.

When the cost of any utility or utilities named in such petition or petitions can be paid out of the revenues of the district derived from the operation of its utilities, in addition to the other necessary expenses of the district, each proposition therefor, submitted to the electors, shall specify the cost of the utility therein proposed for acquisition, construction, or completion by the district, the proposed method and manner of payment thereof, and the board of directors shall submit

therein to the electors the question whether the same shall be acquired upon such terms. The affirmative vote of a majority of the electors voting at such election shall be necessary to accept such proposition.

At as early a date after the determination of the result of such election as the board of directors shall deem for the best interests of the district, it shall undertake proceedings and enter into such negotiations and contracts as may be necessary for the acquisition, construction, or completion of any public utility or utilities named in any proposition or propositions accepted by the majority of the electors voting at such election.

If, however, the cost of any utility or utilities named in such petition or petitions shall so far exceed the revenues of the district derived from the operation of its utilities, in addition to the other necessary expenses of the district, as to render it necessary to incur a district bonded indebtedness therefor, each such proposition shall specify the amount of the bonded indebtedness necessary therefor, and the rate of interest thereon, and the board of directors shall submit to the electors, at such election, the question of whether such bonded indebtedness shall be incurred. The assent of at least two-thirds of the electors voting at such election upon the proposition shall be necessary to secure the construction, completion, or acquisition of such public utility or utilities and to warrant the issuance of district bonds therefor.

(4) Whenever the board of directors shall determine that the public interest or necessity of the district demands the acquisition, construction or completion of any utility or utilities, it shall specifically declare such determination by an ordinance, which shall be published for at least two weeks in some newspaper or newspapers of general circulation printed and published in the district.

When the cost of such utility or utilities, or any of them, can be paid out of the revenues of the district derived from the operation of its public utilities, in addition to the other necessary expenses of the district, the board of directors shall, as soon after the filing of the plans and estimates of the cost thereof as it may deem for the best interests of the district, enter into such negotiations and contracts as may be necessary for the acquisition, construction or completion of the same; *provided, however*, that in such case the ordinance declaring the determination of the board of directors to acquire, construct or complete such utility or utilities, and published as hereinabove provided, shall state the proposed cost of such acquisition, construction or completion, and the proposed method and manner of payment therefor; *and provided, further*, that no such ordinance, in case it involves the expenditure of more than one hundred thousand dollars, shall become effective before thirty days from and after its final passage.

If, however, the cost of such utilities, or any of them, shall so far exceed the revenues of the district derived from the operation of its utilities, in addition to the other necessary expenses of the district, as to render it necessary to incur a district bonded indebtedness therefor, the board of directors shall, at a regular meeting held within sixty days after the filing of the plans and estimates of cost thereof, by ordinance, as hereinafter in subdivision fifth of this section provided, submit the proposition or propositions to the electors of the district at a general district election or at a special district election called for the purpose. Such propositions shall specify the amount of bonded indebtedness necessary for the acquisition, construction or completion of the utility or utilities therein named, and the rate of interest thereon, and the board of directors shall submit to the electors the question or questions whether such bonded indebtedness shall be incurred. The affirmative vote of at least two-thirds of the electors voting at such election upon the proposition or propositions shall be necessary to warrant the issuance of district bonds for the acquisition, construction, or completion of such public utilities, or any of them.

(5) Whenever under the provisions of section 36 of this act, of which this subdivision is a part, a special election is called for the purpose of submitting to the electors a proposition or propositions for the incurring of a bonded indebtedness, the board of directors shall pass an ordinance calling such election.

At such special election all propositions formulated under the provisions of this section may be submitted to the electors of the district, but no question other than such propositions shall be submitted at such special election.

The ordinance calling such election shall set forth the purposes for which it is called, the estimated cost of each utility proposed for acquisition, construction or completion by the district, the proposed method and manner of payment thereof, and shall fix a day on which such special election shall be held, the manner of holding such election, and the manner of voting for or against each proposition thereat submitted to the electors; and if it shall be necessary to incur a district indebtedness for any utility or utilities therein proposed, the ordinance shall specify the objects and purposes for which such indebtedness is proposed to be incurred, and that bonds of the district shall issue for the payment of the cost of such utility or utilities, as in said ordinance set forth (if the proposition or propositions

therefor be accepted by the electors). Such election shall be held as provided for holding elections in the district.

SEC 23. The interest on such bonds shall not exceed six per cent per annum, and they shall be redeemed at such times and in such amounts as the board of directors shall determine, as set forth in the ordinance calling the election therefor, *provided*, that redemption of such bonds shall begin in not more than fifteen years and shall be completed in not more than seventy-five years from the date of issue

The bonds so issued shall be issued in denominations of not less than one hundred dollars and not more than one thousand dollars, and may be sold by the board of directors at such times and in such manner as they shall determine, but shall not be sold at less than par and accrued interest. Any such bonds shall have the same force, value and use as bonds issued by a municipality of this State.

The proceeds from the sale of bonds shall be placed in the treasury to the credit of the proper fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issue until such objects are fully accomplished; after which, if any surplus remains, such surplus may be transferred to the general fund; except that if such surplus exceeds the sum of five thousand dollars, then such surplus and the whole thereof shall be transferred to the appropriate fund or funds to pay interest and maintain the sinking fund, or provide for the retirement of the bonded indebtedness in connection with which such surplus remains.

The board of directors must immediately thereafter transmit to the county auditor of the county or counties in which the district is situated a statement of such rate so fixed by the board of directors.

The said auditor or auditors must then compute and enter in a separate column in the assessment book or assessment books, to be headed "Transportation district tax, _____ transportation district (naming it)," the respective sums in dollars and cents or dollars or cents to be paid as a district tax on the property therein enumerated and assessed as being in the transportation district, using the rate of levy so fixed by the board of directors of the district, and the assessed value as found in such assessment books. COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out all of line 1 of the printed bill following the period; all of lines 2 to 17, both inclusive, and insert in lieu thereof the following:

"All coal, oil, oil shale, gas, phosphate sodium, and other mineral deposits in lands belonging to the State, or which may become the property of the State, are hereby reserved to the State Such deposits are reserved from sale except upon a rental and royalty basis, as herein provided for; and a purchaser of any lands belonging to the State, or which may become the property of the State, shall acquire no right, title or interest in, or to, such deposits except as hereinafter expressly provided; and the right of such purchaser shall be subject to the reservation of all coal, oil, oil shale, gas, phosphate sodium, and other mineral deposits, and to the conditions and limitations prescribed by law providing for the State and persons authorized by it to prospect for, mine, and remove such deposits, and to occupy and use so much of the surface of said land as may be required for all purposes reasonably extending to the mining and removal of such deposits therefrom.

SEC. 2. All applications to purchase State lands which may be filed subsequent to the passage of this act, and all sales shall be subject to and contain a reservation to the State of one-sixteenth of all coal, oil, gas, and other mineral deposits in all land so acquired, as hereinafter provided for, and all certificates of purchase and patents issued therefor, shall contain such reservation.

SEC 3 The Surveyor General may from time to time classify any or all State land for its different possible values and uses, and, when he deems it advisable, may require the State Mineralogist, Director of Agriculture or other organization, agency or institution of the State government to make such classification. It is hereby expressly made the duty of any such officer, organization, agency, or institution to make such classification and to render a report thereon upon the application of the Surveyor General.

SEC. 4. The Surveyor General is hereby authorized, upon the payment to him of fifty cents per acre, for each acre in area embraced within the boundaries of the lands proposed to be prospected and under such rules and regulations as he may prescribe, to grant to any person or associations of persons, corporate or otherwise, who are citizens of the United States or who have declared their intention of becoming such, a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil and gas, upon not exceeding six hundred forty acres of land wherein such deposits belong to the State and are not within any known geological structure of a producing oil or gas field, upon condition that the permittee shall begin drilling operations within six months from the date of the permit, and shall within one year from and after the date of the permit, drill one or more wells for oil or gas to a depth of not less than one thousand feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered. The Surveyor General may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall prescribe Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such land in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed, and in an approximately square or rectangular tract, if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width; *provided, however*, that in case of prospecting permits and leases to river beds, lake beds, over-flowed and tide lands, the width or length of the prospecting permit or lease along the shore line, measured on an east and west or north and south line, shall not exceed one quarter mile ,and if he shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument, stating that an application for permit will be made within thirty days after the date of posting said notice, the name of the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monument as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preference right over others to a permit for the land so identified; *provided, however*, that applicant shall, as a part of his application for a permit, show that within two days after the posting of the said notice, he recorded a copy of the same in the county recorder's office of the county in which the said land is situated. The applicant shall, within ninety days after receiving a permit, mark each of the corners of the tract described in the

permit upon the ground with substantial monument, so that the boundaries can be readily traced on the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby: *provided, however*, that where the boundaries of the land sought to be prospected or developed under lease are wholly or partially in river or lake beds, overflowed or tide lands, the notice shall be conspicuously posted on a monument as close to a corner of the land as possible and shall specifically describe the area to be developed by courses and distances so that the limits of the area can be easily determined.

SEC 5. Upon establishing to the satisfaction of the Surveyor General that valuable deposits of oil or gas have been discovered within the limits of the land embraced in any permit, the permittee shall be entitled to a lease for one-fourth of the land embraced in the prospecting permit, *provided*, that the permittee shall be granted a lease for as much as one hundred sixty acres of said lands, if there be that number of acres within the permit. The area to be selected by the permittee shall be in compact form and if surveyed, to be described by the legal subdivision of the public land surveys, if unsurveyed, to be surveyed by the Surveyor General at the expense of the applicant for lease in accordance with rules and regulations to be prescribed by the Surveyor General, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys; deposits made to cover expense of survey shall be deemed appropriated for that purpose, and any excess deposit may be repaid to the person or persons making such deposits or their legal representative. Such leases shall be for a term of twenty years upon a royalty of five per centum in amount or value of the production and the annual payment in advance of a rental of one dollar per acre, the rental paid for any one year to be credited against the royalty as they accrue for that year, with the right of renewal as prescribed in section 6 hereof. The permittee shall also be entitled to a preference right to a lease for the remainder of the land in his prospecting permit at a royalty of not less than twelve and one-half per centum in amount of value of the production, and under such other conditions as are fixed for oil or gas leases in this act, the royalty to be determined by competitive bidding or fixed by such other method as the Surveyor General may by regulations prescribe: *provided*, that the Surveyor General shall have the right to reject any and all bids.

SEC 6. Until the permittee shall apply for lease to the one-quarter of the permit area heretofore provided for he shall pay to the State of California twenty per centum of the gross value of all oil or gas secured by him from the lands embraced within his permit and sold or otherwise disposed of, or held by him for sale or other disposition.

SEC. 7. All permits and leases of lands containing oil or gas, made or issued under the provisions of this act, shall be subject to the condition that no wells shall be drilled within two hundred feet of any of the outer boundaries of the lands so permitted or leased, unless the adjoining lands have been patented or the title thereto otherwise vested in private owners, and to the further condition that the permittee or lessee will, in conducting his explorations and mining operations, use all reasonable precautions to prevent waste of oil or gas developed in the land, or the entrance of water through wells drilled by him to the oil sands or oil bearing strata, to the destruction or injury of the oil deposits. Violations of the provisions of this section shall constitute grounds for the forfeiture of the permit or lease, to be enforced through appropriate proceedings in courts of competent jurisdiction.

SEC 8. All unappropriated deposits of oil or gas situated within the known geologic structure of a producing oil or gas field and the unentered lands containing the same not subject to preferential lease, may be leased by the Surveyor General to the highest responsible bidder by competitive bidding under general regulations to qualified applicants in areas not exceeding six hundred forty acres and in tracts which shall not exceed in length two and one-half times the width, *provided, however*, that in case of leases to river bed, lake bed, overflowed and tide lands, the width or length of the lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile, such leases to be conditioned upon the dollar per acre per annum thereafter during the continuance of the lease, the rental paid for any one year to be credited against the royalties as they accrue for that year. Leases shall be for a period of twenty years, with the preferential right in the lessee to renew the same for successive periods of ten years upon such reasonable terms and conditions as may be prescribed by the Attorney General, unless otherwise provided by law at the time of the expiration of such periods. Whenever the average daily production of any oil well shall not exceed ten barrels per day, the Surveyor General is authorized to reduce the royalty on future production when in his judgment the wells cannot be successfully operated upon the royalty fixed in the lease. The provisions of this paragraph shall apply to all oil and gas leases made under this act.

SEC. 9. The right to prospect, and lease lands containing any other minerals shall be acquired in a similar manner as the right to prospect for and develop oil and gas, under such reasonable and proper rules and regulations, as the Surveyor General shall from time to time prescribe.

SEC. 10. For the purpose, however, of promoting the sale of State land, and the more active cooperation of the owner of the soil, and to facilitate the development of its mineral resources the State hereby constitutes the purchaser of the soil, its

agent for the purposes herein named and in consideration hereof, relinquishes to and vests in the purchaser of State lands an undivided fifteen-sixteenths of all oil and gas and the value of the same that may be upon or within any State land purchased after the passage of this act. The purchaser of the soil is hereby authorized to sell or lease to any person, firm or corporation the oil and gas and other minerals that may be thereon or therein upon such terms and conditions as such purchaser and owner may deem best, subject, however, to the provisions of this act and the reservations herein contained, *and provided, further*, that the lessee or purchaser shall in every case pay to the State an undivided one-sixteenth of the mineral produced or the value thereof at the well or mine as may be determined by the Surveyor General; *provided further, however*, that upon the discovery of oil or gas in paying quantities on adjoining lands that the purchaser shall within three months thereafter begin or cause to be started the drilling of a well upon his land, which drilling shall be continuous, as may be provided for in appropriate rules and regulations, until oil or gas or other minerals are discovered in paying quantities.

SEC. 11. The Surveyor General shall reserve and may exercise the authority to cancel any prospecting permit or lease upon failure by the permittee to exercise due diligence and care in the prosecution of the prospecting work in accordance with the terms and conditions stated in the permit, and shall insert in every such permit issued under the provisions of this act appropriate provision for its cancellation by him.

SEC. 12. No person, association or corporation, shall take or hold, under the terms of this act, more than three oil or gas leases, and not more than one lease within the geologic structure of the same producing oil or gas field; no corporation shall hold any interest as a stockholder of another corporation in more than such number of leases, and no person or corporation shall take or hold any interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, which, together with the area embraced in any direct holding of a lease, under this act, or which, together with any other interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, for any kind of mineral leased hereunder, exceeds in the aggregate an amount equivalent to the maximum number of acres of the respective kinds of minerals allowed to any one lessee under this act. Any interests held in violation of this act shall be forfeited to the State of California by appropriate proceedings for that purpose in the superior court for the county in which the property, or some part thereof, is located, except that any ownership or interest forbidden in this act which may be acquired by descent, will, judgment, or decree may be held for two years and not longer after its acquisition, *provided*, that nothing herein contained shall be construed to limit or to prevent any number of lessees under the provisions of this act from combining their several interests so far as may be necessary for the purposes of constructing and carrying on the business of a refinery, or of establishing and constructing as a common carrier a pipe line or lines of railroads to be operated and used by them jointly in the transportation of oil from their several wells, or from the wells of other lessees under this act, or the transportation of coal, *provided further*, that any combination for such purpose or purposes shall be subject to the approval of the Surveyor General on application to him for permission to form the same, *and provided further*, that if any of the lands or deposits leased under the provisions of this act shall be subleased, trusteed, possessed, or controlled by any device permanently, temporarily, directly, indirectly, tacitly, or in any manner whatsoever, so that they form part of, or are in anywise controlled by any combination in the form of an unlawful trust, with consent of lessee, or form the subject of any contract or conspiracy in restraint of trade in the mining or selling of coal, phosphate, oil, oil shale, gas, or sodium entered into by the lessee, or any agreement or understanding, written, verbal, or otherwise to which such lessee shall be a party, of which his or its output is to be or become the subject, to control the price or prices thereof or of any holding of such lands by any individual, partnership, association, corporation, or control in excess of the amounts of lands provided in this act, the lease thereof shall be forfeited by appropriate court proceedings.

SEC. 13. That rights of way through all State lands are hereby granted for pipe line purposes for the transportation of oil or natural gas to any applicant possessing the qualifications provided in section 1 of this act, to the extent of the ground occupied by the said pipe line and twenty-five feet on each side of the same under such regulations as to survey, location, application, and use as may be prescribed by the Surveyor General and upon the express condition that such pipe lines shall be constructed, operated, and maintained as common carriers, *provided*, that the Surveyor General shall in express terms reserve and shall provide in every lease of oil lands hereunder that the lessee, assignee, or beneficiary, if owner or operator or owner of a controlling interest in any pipe line or of any company operating the same which may be operated accessible to the oil derived from lands under such lease, shall at reasonable rates and without discrimination accept and convey the oil of the State or of any citizen or company not the owner of any pipe line, operating a lease or purchasing gas or oil under the provisions of this act, *provided*, that no right of way shall hereafter be granted over said lands for the transportation of oil or natural gas

except under and subject to the provisions, limitations, and conditions of this section Failure to comply with the provisions of this section or the regulations prescribed by the Surveyor General shall be ground for forfeiture of the grant by appropriate proceedings prosecuted in the superior court for the county in which the property, or some part thereof, is located, *and provided further*, that all of the rights and privileges as are now, or as may hereafter be provided by law, respecting the acquisition or rights of ingress, egress and regress for all purposes, over the property of another, by proceedings in eminent domain are hereby expressly given to a permittee or lessee under the terms of this act.

SEC. 14. EXPLANATION OF VOTE.

The following explanation of vote was received and ordered printed in the Journal:

By Mr. Heisinger:

MR. SPEAKER AND MEMBERS OF THE ASSEMBLY: The impression has been given that there is practically no opposition at home to the proposed Fresno County government bills I desire to refute such impression, because when the attention of the people has been called to such proposed raises, some of which are, supervisors each from $1,800 to $4,800 per annum, district attorney from $3,600 to $6,000, county librarian from $2,400 to $4,000, and other officers from 25 per cent and higher, a great protest has come from all over the county, and especially from the agricultural districts. Many of the towns outside of Fresno City have through their chambers of commerce protested against such raises. The Parlor Lecture Club of Fresno City, the largest ladies' club in the San Joaquin Valley, has unanimously opposed this proposed bill.

Many of the leading business men of the county are opposed to the bill in its present form, as I have here their written opposition. Out of the seventeen members of the board of directors of the county farm bureau who voted on this question fifteen voted no, one was in favor of some increases and one voted yes. When we take into consideration the Governor's message to the Legislature, recommending the strictest economy in governmental affairs, when we see some counties actually endeavoring to reduce their expenses by consolidation and otherwise and we know that if county expenses in some counties go up that all counties are in a measure affected and thereby the whole State may be affected when the Legislature is again called upon to balance State and local taxes.

With all these things in view, I have made an earnest endeavor to reduce the extreme advances to reasonable figures. I believe the several offices should have enough deputies to do the work efficiently and well, I believe salaries should be high enough to draw good and honest men's service, and I will say that Fresno County now under present conditions has that class of men and is honestly and efficiently governed.

The proponents of these bills urge their passage on the ground of efficiency, but I desire to remind you that efficiency ceases when extravagance begins. I desire to say again that I have made an earnest endeavor to have these bills changed downward to reasonable figures, but without avail, therefore I am forced by the

conviction that I represent the majority of the people of Fresno County when I vote no.

I will further say that even though it has been the custom to pass out all county government bills from the committee without much question, this bill was passed out with an affirmative vote of five, while three voted no. Therefore, you will see that these bills, to say the least are questionable because this committee recognizes the fact that prices of living are being reduced every month, and any increase of salaries tends toward doubling salaries.

JOHN F. PRYOR, Hanford,

DEAR SIR We the undersigned voters wish to earnestly protest against the passage of Assembly Bill No 90 and Assembly Bill No 310. We are appealing for your cooperation to prevent the passage of these bills.

By Mr. Kline:

HEMET, CALIFORNIA, March 8, 1921.

DEAR SIR At a meeting of the board of trustees of the city of Hemet, held on March 7 a resolution was introduced and adopted requesting that you as our local representative use all means in your power to defeat the adoption of Assembly Bill No. 227 The reason assigned for this action was that the adoption of this bill would make the office of city marshal elective instead of appointive, and would take from the city council all power over the city marshal, and in that way allow him to do as he pleased, no matter what laws the council should see fit to pass

A resolution was also introduced and adopted requesting that you as our local representative use all means in your power to defeat Assembly Bills Nos. 230 and 231.

Thanking you to give these matters your attention, I am,

Very truly yours,

OLIVER P EUSLEY,
City Attorney of the City of Hemet.

REPORT OF SELECT COMMITTEE

The following report of the Joint Legislative Committee appointed to investigate the present status of the College of Agriculture, University of California, and the University Farm School, was received and ordered printed in the Journal:

Pursuant to the adoption of Concurrent Resolution No. 1, a Joint Committee, consisting of the following members: Senators Egbert J. Gates, M. B. Johnson, Edwin M. Otis, and Assemblymen Percy G. West, Van Bernard, and Robt. W. Colburn, was duly appointed "to investigate the present status of the College of Agriculture, University of California and the University Farm School—and to make certain recommendations to the end that this State be provided with an institution for instruction and investigation in the science of agriculture second to none in the United States."

The committee met and elected Percy G. West, author of the resolution, chairman.

Two visits were made to the College of Agriculture at Berkeley, and two visits to the University Farm at Davis.

February 25, 1921, a public hearing was held in the Assembly Chamber before one of the largest gatherings attending a legislative hearing in years.

The committee as a result of its study makes the following report and recommendations:

PRESENT PLAN OF AGRICULTURAL INSTRUCTION.

COLLEGE OF AGRICULTURE.

The institution in California for advanced instruction and investigation in the science of agriculture is the College of Agriculture, which exists as a department of the University of California and has its headquarters on the campus at Berkeley, where it has been since the establishment of the institution. In the early days of the university, slight importance was attached to the college. In this respect the situation in this State was not different from that which existed in other states.

However, when the general development of agricultural colleges began, about twenty years ago, this State found itself in a peculiar situation, because little or no land suitable for agriculture was adjacent to the campus. In many of the eastern states ample land of suitable character was available near the university, and it proceeded to develop a college of agriculture as a university department Other eastern states, either through lack of suitable land at the headquarters of the university, or through other pressure, developed a college of agriculture as a separate institution Apparently it was generally recognized that for the proper development and functioning of a college of agriculture, the prime requisite was land. Just why this State failed to recognize the importance of land is not clear, but for many years the agricultural college existed at Berkeley with little or no land, orchards, vineyards, herds or flocks, and California students received practically their entire instruction in classrooms from lectures and textbooks. This plan obviously did not offer as satisfactory a course in agriculture as states with farm land and equipment were providing, and to correct the weakness of the situation, the State in 1908 purchased a large tract of excellent agricultural land near Davis, and made provision for the establishment of the University Farm School. This institution is a branch of the College of Agriculture of the University, and functions in several ways.

1 By providing vocational agricultural courses for boys not desirous of completing a college course. About half the students in these courses are qualified to enter the university.

2. By providing short courses, usually six weeks in length, in various lines of practical agriculture open to students of all ages, without scholastic requirements.

3. By providing courses for University students which bring them into contact with practical farm activities. At first such students came to the farm for six months, but this period has now been lengthened to two years, if the student so desires Students in other leading institutions, with which the University of California must compete, receive four years of work on the farm.

In passing it should be pointed out that the University and Farm School students at the institution form separate groups.

RESULTS OF THE PRESENT PLAN.

As a result of the present plan of operation, this committee has found through personal investigation the following facts.

1. That there is dissatisfaction with the college among many ranchers and others interested in agriculture, the feeling being that the plan of instruction is not meeting the needs of this State to the same extent that colleges of agriculture in other leading states serve their public, except the very commendable results obtained in the University Extension Department in deciduous fruit and the Riverside Experiment Station in citrus fruit, by which and through which the farmers of the State have been saved many millions of dollars annually.

2. That under the present plan, graduates of the college are not as well trained for actual farm practice as are graduates of some other leading institutions.

3. That the enrollment in the college is falling off.

4. That California boys and girls are attending institutions in other states.

5. That it is admitted that the present system is weak because of lack of land, orchards, vineyards and livestock at Berkeley, where the major portion of the course is given.

6 That the equipment for instruction and investigation at the University Farm at Davis is totally inadequate and in no way in keeping with the dignity of the industry it seeks to serve or the State of California.

7 That there is a demand originating within and representing a considerable section of the agricultural industry that the College of Agriculture should be separated from the University of California.

8 That the faculty of the College of Agriculture believe that unless land for outdoor laboratory purposes is provided at Berkeley, it will be impossible to develop a modern, progressive institution of agricultural instruction and investigation at that location, but that with such land and necessary facilities in connection with it there is no reason why the University of California College of Agriculture should not be the equal of any institution in the country.

9. That the faculty and Regents of the University seek to correct the weaknesses of the present situation, (*a*) by the purchase of land and development of certain outdoor laboratory facilities at Berkeley, (*b*) by the development of the University Farm School at Davis into a branch of the College of Agriculture, where students will take the first two years of university instruction, and either proceed to Berkeley for the final two years or receive a certificate as evidence of the course they have completed. This plan would mean the termination of the so-called Farm School.

CONCLUSIONS AND RECOMMENDATIONS OF THIS COMMITTEE.

This committee regards the matter of an efficient College of Agriculture as one of the most vital problems this State has to solve, and as a consequence does not feel

that it is warranted in setting forth any final conclusions on the basis of the five or six days' study it has been possible to give the question in the midst of a busy legislative session. It is of the opinion, however, that neither the present situation nor the proposed plan of the university is sufficiently free from objections to be accepted without further study, and it therefore begs leave to recommend:

1. That a commission of seven members, including one member of the Senate, one member of the Assembly, three representatives of the farming interests of the State, one member of the faculty of the College of Agriculture, and the Comptroller of the University of California, be appointed by the Governor, and that said committee be empowered to make a thorough investigation of the entire problem of agricultural instruction and investigation. That said committee be requested to investigate the plan of operation and organization of the leading agricultural colleges of the United States; to consider carefully the merits of our present system; the merits and weaknesses of any proposed plan of reorganization; and to report the result of their findings in full and in detail to the forty-fifth California Legislature, together with their recommendations.

2. That the sum of $10,000 be appropriated to defer the expenses and per diem allowance of said commission.

3. That no capital expenditures either for lands or buildings be made for the College of Agriculture at Berkeley.

4. That the Regents of the University proceed with a definite and liberal building program for the University Farm at Davis.

5. That until the University Farm at Davis is thoroughly developed, no similar work be undertaken at other points in the State.

The committee further wishes to express its unanimous opinion that the appropriation for buildings at the Davis Farm School and the appropriation of two million five hundred thousand dollars for the maintenance of the College of Agriculture, as requested by the Regents, are absolutely necessary if the college is to conduct its present activities on a basis of minimum efficiency and to meet in a reasonable way the most pressing demands for new investigations into vital problems of the agricultural industry, and we recommend that the suggested budget be increased sufficiently to cover this amount.

Strike out everything beginning with the word "Sec." on line 9, page 1, to and including the period after the word "added", on line 42 of page 3, and insert in lieu thereof the following:

"Sec. 34*a*. As an alternative method of determining the basis of assessments to pay for the acquisition or lease of lands, waters and water rights and other property necessary or incidental to the purposes of the district and for the lease, acquisition or construction of canals, reservoirs, and other works, including works for drainage, and for the purchase of stock of other corporations, domestic or foreign, owning waters, canals, water works, franchises, concessions, or rights in lieu of the method provided in section 35 of the act in so far as said section provides for assessing all real estate in this district for the above named purposes at its full cash value, the board of directors when petitioned by a majority in number of the landowners within the district representing a majority in value of all of the land in the district as evidenced by the next preceding district assessment roll, or if such alternative plan was specified in the petition for the formation of the district, shall proceed as follows: As soon as practicable after adopting a plan of works and also when any new works are proposed to be acquired or constructed out of the proceeds of any bond issue, the board of directors, prior to issuing said bonds or to levying the first assessment to pay for such works, shall by resolution appoint three qualified assessors at a rate of compensation to be fixed by the board of directors, for the purpose of apportioning the benefits that will accrue to each parcel of land within the district from the

construction of such works. None of the said assessors shall have any direct or indirect interest in any land within the district and before entering upon their duties they shall each make and subscribe an oath to that effect. Thereafter, when directed by the board of directors of the district, the three assessors shall proceed to examine each parcel of land in the district in units of 40 acres or less according to legal subdivisions, and shall determine and apportion the relative benefits that will accrue to each of said parcels of land from carrying out the plan of works that has been adopted, or from the acquisition or construction of any proposed new works to be paid for out of the proceeds of any bond issue. Such relative benefits may be expressed in dollars and cents or as ratios, and they shall be tabulated in convenient form, together with the legal description of each parcel of land as above and the names of the owners of each such parcel as they appear on the last preceding assessment roll of the district or of the county if no district assessment roll has yet been prepared. In case any parcels of land within the district are already irrigated in whole or in part from works constructed or installed prior to the time the district was organized, and which works the district proposes to take over, the assessors, in apportioning the benefits to such land from the works proposed to be constructed or purchased, shall make due allowance for the value to such land of such system of works already constructed or installed, including the value of the right to receive water from such system of works, *provided, however*, that the basis to be used in determining such value shall not exceed the benefits apportioned to similar land of equal area, and no allowance shall be made for such value where the landowner or landowners are otherwise fully compensated by the terms of the agreement under which such system of works is taken over by the district. In case any parcels of land within the district are irrigated by means of pumping plants installed on such parcels of land at the time the district was organized, and which pumping plants the district does not propose to take over, the assessors, in apportioning benefits, shall make such allowance for the value of such pumping plants and of the works incident thereto as shall appear to them to be just and reasonable with due consideration to the original cost of such pumping plants and works, the effect the works of the district may reasonably be presumed to have on the underground water supply available to such pumping plants, and the relative cost of water under the system to be constructed or purchased by the district and under such pumping plants as already have been installed at the time the district was organized. Upon completion of the apportionment of benefits as above provided a copy thereof shall be filed in the office of the secretary of the district and notice thereof given in the manner prescribed in section 37 of this act for the notice of equalization of assessments. Such notice shall further specify the date on which the board of directors will meet to hear objections to said apportionment of benefits, and at such time the board of directors shall so meet and if necessary adjourn from day to day until all objections that have been made are fully heard and disposed of. At any time before the date of such hearing, any person interested in any land to which an apportionment of benefits as above has been made may file written objections to such apportionment of benefits, stating the ground of such objections, which statement shall be verified by the affidavit of such person, or some other person who is familiar with the facts. At said hearing the board of directors shall hear such evidence as shall be offered in support of such written objections and may modify or amend the said apportionment of benefits in accordance with such evidence. At the close of said hearing the secretary shall relist the apportionment of benefits, if any changes have been made therein, and thereafter, upon readoption by the board of directors, such apportionment, unless altered by the board of directors on petition of the landowners as hereinafter provided, shall be final and shall be and remain the basis for each and every subsequent assessment for the payment of interest and principal on the cost of the works to which the apportionment of benefits applies, *provided*, that each year, while sitting as a board of equalization in accordance with sections 37 and 38 of this act, the board of directors by unanimous vote shall have authority to make any correction in the apportionment of benefits to any particular tract or tracts of 40 acres or less to conform to changes in conditions since the next preceding correction. Whenever, after an apportionment of benefits has been made as hereinbefore provided, a petition shall be filed with the board of directors of the district signed by ten per cent in number of the landowners within the district, representing ten per cent in value of all of the land in the district as evidenced by the next preceding district assessment roll, requesting a reapportionment of benefits accruing to each parcel of land within the district and if there has been more than one apportionment of benefits, specifying which of said apportionments of benefits it is desired to revise, the board of directors shall proceed to make such reapportionment and in doing so shall follow as nearly as may be the same procedure both as to apportionment and as to correction and equalization as above provided for, *provided*, that it shall not be necessary for the board of directors to appoint assessors for the purpose of making such reapportionment. When any apportionment of benefits has been corrected or any reapportionment has been made, the original apportionment of benefits as corrected, or as altered by said reapportionment, shall stand as the apportionment to be used in determining the basis of assessment for raising money for the purposes for which the original apportionment was made unless and until again corrected or altered in like manner.

When any irrigation district is proceeding under the provision of this section, the assessor, when preparing the assessment roll provided for in section 35 of this act, must also list the apportionment of benefits to each parcel of land within the district of 40 acres or less according to legal subdivision, made under each and every separate apportionment of benefits as above provided, and when levying assessments for the purposes of the district in accordance with the provision of section 39 of this act, the board of directors of the district shall base that portion of the assessment that is levied for paying the interest and principal on the cost of works, rights and other property for which an apportionment or apportionments of benefits have been made on said apportionment or apportionments of benefits and not upon the value of the lands within the district. When levying assessments under the provisions of this section the rate of assessments shall be determined by deducting fifteen per cent of the total apportionment of benefits for anticipated delinquencies and dividing the sum to be raised by the remainder of the apportionment of benefits. Whenever it shall be necessary for the board of supervisors of the county in which the office of the board of directors of the district is situated, or for any of the other officers of the said county to perform any of the duties of the officers of the district as provided in sections 39*b*, 39*d*, and 39*e* of this act, or for the district attorney to bring any action to compel the officers of any irrigation district to perform their duties relating to the levying and collection of assessments, as provided in section 39*c* of this act, the said board of supervisors or other officers and the said district attorney, in case an apportionment of benefits has not been made, shall make or cause to be made such apportionment of benefits, following as nearly as practicable the procedure outlined in said sections 39*b*, 39*c*, 39*d*, and 39*e* of this act. Nothing in this section shall in any way alter the liability of the lands within the district to be assessed to pay the interest and principal of all bonds issued by it."

The provisions of section 1 of this act regarding evidence of the genuineness of signatures and place of residence of petitioners shall apply to the petitions provided for in this section.
