PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

Most Gracious God, Who Has Opened to Us, the Wonders of a Bright New Day, We praise Your Name for the joy of many blessings, so generously possible, empowered by You. Incline our deliberations to pursue every insight and opportunity which can make life larger and brighter for the distressed and hurting towns and cities of this great state. Make us eager to translate every need of state, community, home and school with deeds made worthy by truth. Give us grace to follow more closely our predecessors in times before us, who despite crises, went about doing good. Make us equal to the responsibilities of this day and grant that we may play a part in the things that matter most in this time, and now.—AMEN.

PRAYER

Gracious God, Never Far from Any One of Us, Yet Often Unrecognized by Us, as in the Haste and Business of Our Ordered Lives, Be near to us. Speak to us this morning, through some worthy purpose. Save us from the fruitlessness of misguided goals and the futility of looking back. Let our minds, this day, pursue some noble purpose, far above the climate of fear. Disturb us with the sounds of grief and hurt, so loud about us, the echoes and sighs of all who look, in vain, for housing, health and work. O God, show us the way, to open channels, to make glad the hurting people of this state. We would that You guide our hands, as we bend to the task of fulfilling and forging the common life, for all, of health, home and peace.—AMEN.

PRAYER

Gracious God, Who Is Closer to Us Than We Will Ever Know; Who Understands Our Needs Before We Ask, and Is Patient with Our Doubt, Even as We Ask, We are so grateful for Your presence as we seek common light upon what we are here to do. Give us listening ears and responsive wills to Your light and truth that our ways might follow Your ways. Sometimes we are bewildered by the perplexities and uncertainties of a turbulent world, and we lose certitude and embellish doubt, tempted as we are by the angry emotions, so prevalent in the human state. Guide us, O Lord, in these days of difficult decisions . . . . For in You, are resources of power, adequate for our every need.—AMEN.

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

Gracious God, The Source of Our Being and Creator of All Living Things, Be near to us as again we are at these desks, anticipating the magnitude of tasks which loom before us. Send down Your light and Your truth upon us, that we may see again how wondrous and vast are the works of Your hands, the deep places of the earth, the strength of Your mountains and hills. You have made us in Your image and crowned us with glory and honor. Inspire us anew, to know who we are, and Whose we are. Renew in us power and strength to undertake the responsibilities which challenge our understanding and courage. We confess that there are days when ideals we cherish seem so remote and far away. The outlook for a better world seeming lost and in a sea of haze and gloom. As You have been our Help in ages past, so be our Hope for days to come. Be with us today.—AMEN.

Bureau of State Audits

93029
February 1, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its audit report concerning the way the Department of Health Services (department) processes reimbursement requests for certain prescribed drugs under the California Medical Assistance Program (Medi-Cal). These requests are known as drug treatment authorization requests (TARs). This report concludes that for the six-month period that we reviewed, June through November 1993, the department has improved its performance in processing drug TARs. More specifically, the department processed more drug TARs during this six-month period than for any previous six-month period that we have reviewed. Also, the department reduced its month-end backlog of drug TARs received by mail to 1,450, whereas, at the end of November 1990, the department's backlog of mailed-in drug TARs

was 2,300. Furthermore, the department processed those drug TARs received by FAX and by the department's audio response telephone system within 24 hours of receipt, as federal law requires.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Health.

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

An Anonymous Prayer

Gracious God, This room is so quiet, at this hour. Arriving early has brought a dimension to things, I seldom see when the tempo picks up.

Now, while it's quiet, and the whole day lies before me, unopened and unspoiled, help me to remember what tranquility is, and how it remains hidden under shouts and bells and knocks and confusion. Help me to reach back during the day, today, and get the strength I feel right now, from the knowledge, that in Your world there is peace, even when we hide it in brief moments, not at all like these.—AMEN.

Upon request of Speaker pro Tempore O'Connell, Assembly Member Snyder then led the Assembly in the pledge of allegiance to the Flag.

Gracious God, You Dwell in Light Unapproachable, Beyond the Finiteness of Our Minds to Understand or Fathom, Yet Your presence surrounds us in the greatness of the world of our being. As children seeking comfort from mother, we bring to You, this morning, our fragmentary lives to be perfected in wholeness. Take our transient thoughts, and lodge them with the causes and purposes which are the concerns of this office. And though, this day, we may not see all the great issues clearly, help us to see some plainly. And grant that we all, at these desks, and our staff in support, may play a part in the things which matter most, today. In Your justice and strength, help us to make California richer, brighter and full, because we are here.—AMEN.

Gracious God, Who Gives Us the High Privilege of Sharing Responsibilities of the California State Assembly, Guide us in this session. Grant us that in all we do, that we fail not ourselves, the people of California, nor Your trust in our presence here. Keep in vivid memory before us, those great souls of the past, who once labored here, and may we, as they, make the image of this state more meaningful in serving the common good. As we begin the work of today, we would bring to You our personal lives, for there may be among us, those beset with burdens of circumstance, weighted with sorrow and bereavement, undone by anxiety and overwhelmed by uncertainties of the future. May, by Your grace, let there come to us, the strength that hope brings, and faith in the trust, we are here to keep.—AMEN.

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

Gracious God, Marvelous, yet mysterious is Your world. We, behold in awe, powers we cannot control, questions we cannot answer and problems we dare to face. As we are at these desks this morning, grant us illumination and insights to cope with the agendum, so much before us. Lift us up from hesitation to readied action, from fear to courage, and self-interest to unfettered service. Remind us of downcast and strickened lives. Open our eyes as to what happens in prisons, the streets and shacks where the poor lie down, the underprivileged areas of cities, and the world where blessings we take for granted are little known. Wake up within us, a deeper concern for all that we do, and may hills and mountains rejoice, that because we are here, the sun of our lives will brighter shine, and with Your blessing, this work shall be done.—AMEN.

Upon request of Speaker pro Tempore O'Connell, Assembly Member Alby then led the Assembly in the pledge of allegiance to the Flag.

Bureau of State Audits

93114
March 8, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its audit report concerning its review and evaluation of specific aspects of the $154 million contract that the state Department of Transportation (Caltrans) entered into in February 1992 with Morrison Knudson Corporation (M-K) for the design and production of 113 state-of-the-art railcars. This report concludes that Caltrans sought to create jobs in California by having some part of the railcar production occur in the State, and Caltrans and M-K eventually agreed to add specific and enforceable provisions in the contract to meet this end.

Furthermore, Caltrans requires M-K to attain federal disadvantaged business participation goals for the project and make a "good faith effort" to attain the State's participation goals. However, we recommend that Caltrans clearly specify M-K's responsibilities in making a "good faith effort" in seeking participation of disadvantaged businesses in the event that M-K is unsuccessful at attaining the State's participation goals.

Caltrans and M-K have agreed to changes to the original contract that have increased M-K's contract to $214 million and have delayed the delivery date of the first railcars by 12 months to August 1994. One of the changes to the contract added 25 railcars to the original order, at a cost of $54.6 million. The remainder of the change orders, which mostly dealt with design changes and the addition of optional features to the railcars, added $6.1 million to the cost of this contract.

Finally, this report concludes that there were no improper overhead expenditures made for the management of the railcar contract.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Transportation.

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

Gracious God, Whose Mercy Is Everlasting and as Near as Sincere Prayer, We would commend to Your love and care all those, this day, whose health and joys are low and dimmed. We would remember the sick in body and troubled minds who greet another weary day. The homeless and unemployed who have lost habitation and the fruits of working hands. The blind who see not the splendor of this beautiful day. The discouraged, aged and young who have lost life's radiance. And all others, our people, who are prisoners of crises, suffering, or pain. Come to them, in Your goodness and mercy. Lead them to the secret springs where healing waters never run dry. And grant us all this day such a vivid sense of Your presence, until all loneliness, hurting and fear becomes comfort, and every trouble fades into peace.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore O'Connell, Assembly Member Haynes then led the Assembly in the pledge of allegiance to the Flag.

Speaker Brown was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 482

March 8, 1994

E. Dotson Wilson
Clerk of the Assembly
State Capitol
Sacramento, California

Dear Dotson: As you know, I am carrying AB 482 which is pending in the Assembly for Concurrence in Senate amendments.

The primary thrust of this bill is to address the possession and supplying to minors of handguns in a manner that attacks the criminal element, particularly gang members, while recognizing the possession and loan of handguns to minors for sporting and similar lawful purposes.

In addition, the bill clarifies the status of firearms loans in California, equalizes the penalty for carrying a concealed pistol, revolver, or other firearm capable of being concealed upon the person on the person or in a vehicle, creates a crime for carrying a "loaded", as defined, firearm with intent to commit a felony, and addresses various firearms trafficking issues.

Two questions have arisen as to AB 482. The first question relates to the issue of firearms loans. The second question pertains to the law of self defense as it relates to minors.

As to firearms loans, current law requires that all sales, loans, and transfers of firearms be processed through a state licensed firearms dealer or a local law enforcement agency. However, there is a considerable dispute as to whether dealers can process loans.

There are only two exemptions from the requirement that dealers process loans and they are contained in Penal Code Section 12078(d) and (h). The burden of proof throughout the weapons area is upon a person to show that he or she is within an exemption (see, e.g.: *People v. Jiminez,* (1992) 8 Cal.App.4th 391). Unless a person falls within exemption, it is probable that loans are prohibited in this state now.

To address the loan issue, AB 482 does the following:

* Expressly states through amendments to numerous code sections that loans of firearms are to be processed by and

through dealers and local law enforcement agencies in the same exact manner as sales and transfers

* Adds an exemption from dealer or law enforcement processing for loan of a long gun to a licensed hunter for use in hunting during the duration of the specific hunting season. (Proposed Penal Code Section 12078(q).)
* Leaves in place verbatim the existing 30-day loan exemption and loan at target range exemption set forth above. As such, those persons who can now avail themselves of the existing exemptions can continue to do so.
* Exempts from the requirements placed on dealers under Penal Code Sections 12071 and 12073 and subdivision (c) of Section 12072(c), the loan of a firearm by a dealer at a target range operated by or that are a part of the dealer's operation for use solely at the range. (See: proposed Penal Code Section 12073(b)(7) and proposed Penal Code Section 12078(k)(6).)
* Clarifies through an exemption to Penal Code Section 12073 that delivery by a dealer of an unloaded firearm to a gunsmith for service or repair need not be DROS'd. This conforms Section 12073 to an existing Section 12071 and 12072 (c) and (d) exemption on this issue. (See: current Penal Code Section 12078(e) and proposed Penal Code Section 12073(b)(8).)
* Exempts from the ban on sales, loans and transfers of firearms to minors and from the requirement of dealer processing/law enforcement processing of sales, loans and transfers the various loans and transfers of firearms to minors permitted by this bill. (See proposed Penal Code Section 12078(p).)

The various exemptions in proposed Section 12078(p) for loans and transfers of firearms to minors from dealer processing are necessary as both existing federal and state laws prohibit firearms dealers from physically delivering pistols, revolvers, and other firearms capable of being concealed upon the person to persons under age 21 and any other firearm to a person under age 18.

Under the provisions of existing Penal Code Section 12082, dealers physically take possession of firearms when processing private transactions. As such, unless an exemption from Penal Code Section 12072(d) (dealer processing) exists, these loans and transfers cannot be legally accomplished.

As to the issue of self-defense, a question has arisen as to whether the amendments made to my Assembly Bill 482 to Penal Code Sections 12078 and 12101 in any way changes the law of self defense vis-à-vis the possession of a firearm by a minor, be it a pistol, revolver, rifle or shotgun, for that purpose by a minor.

It is my understanding that both the California Constitution and the California Penal Code contain general provisions pertaining to the rights of any individual to exercise self defense and the defense of others and that those provisions affect the furnishing to and possession of firearms.

AB 482 is in no way intended to supersede, affect, expand or contract decisional and statutory authority on the possession of firearms by minors in the defense of themselves or others.

I hope that this clarifies legislative intent in this matter.

Sincerely,

STEVE PEACE

At 12:37 p.m., Speaker pro Tempore Jack O'Connell, 35th District, presiding

American Indian Prayer

O Great Spirit, Whose voice I hear in the winds, and Whose breath gives life to all the world,

hear me!

I am small and weak; I need Your strength and wisdom.

Let me walk in beauty, and make my eyes ever behold the red and purple sunset.

Make my hands respect the things You have made and my ears sharp to hear Your voice.

Make me wise so that I may understand the things You have taught my people.

Let me learn the lessons You have hidden in every leaf and rock.

I seek strength not to be greater than my friend, but to fight my greatest enemy—myself.

Make me always ready to come to You with clean hands and straight eyes.

So when life fades, as the fading sunset, may my spirit come to You without shame.

Gracious God, As we seek help for our spiritual lives, taxed so hard by these uncertain times, we also pray for our troubled state. As the ills of the world are no denial of Your presence and care, but rather, a judgment of the moral order, forgive our folly and sins. As You speak to us in thunder, earthquake and light, encourage us, today, with some victory of justice over wrong, some evidence of togetherness instead of ill will, and some healing of the communal spirit confronted with fear and despair. Grant us this morning as again we come to these desks triumphant spirits imbued with faith and guided by hope, to do this work.—AMEN.

Gracious God, So High Above What We Imagine, and Whose Presence Encircles All That Is, and Every Living Thing, Help us be aware that, in presence, You are here! Call us away from all trivial busyness and absorption in lesser things. Hold us to be in awe, before Your majesty and greatness, that we might gain both altitude and horizon in the work we do. Lift us out of ourselves into interests more befitting the tasks we encounter. Grant us deeper resources of inner strength that we may face with adequacy, rising above difficulties, to sure victory. Let confidence and steadiness uphold us, that we may rejoice in just the knowing, that horizons of Your greatness surround us.—AMEN.

Bureau of State Audits

93008
March 22, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its audit report of the State Treasurer's Office Statement of Securities Accountability as of June 30, 1993.

The Statement of Securities Accountability presents the securities owned by or pledged to the State directly or under investment agreements and securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all securities held in the treasury or other depositories, except for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or Judges' Retirement System. For the Statement of Securities Accountability, the State Treasurer's Office assigns dollar amounts to each security for ease of accountability rather than for purposes of valuing securities to cost or market. The dollar amounts assigned represent the par or face value, the original face value, the original principal value, the current outstanding principal balance, or a nominal value of $1 per certificate or note. Therefore, the dollar amounts presented in the Statement of Securities Accountability should not be used to determined the value of investments of, or pledged to the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of June 30, 1993.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Brood over us this morning as we undertake the agendum before us. Bless us as You have the seers of the ages, with clarity of wisdom and patient minds whose directions are sure. May the pinions of Your strength uphold us, for we wrestle with timely concerns, grave and serious for people of our state. Help us to trust Your goodness, whether we walk in routine paths, or roads unknown. May we be equal to mind and conscience as we engage what matters most, in this time and now.—AMEN.

Legislative Intent—Assembly Bill No. 1667

March 10, 1994

E. Dotson Wilson
Chief Clerk of the Assembly
Room 3196, State Capitol
Sacramento, California

Dear Dotson: The purpose of this letter is to clarify the intent of the January 11th amendments to Section 12 of my *AB 1667*. Section 12 is a technical amendment to Insurance Code Section 10112.5 which was added by the Legislature in 1993; this amendment was included in *AB 1667* in order to clarify the original intention underlying the enactment of Section 10112.5.

In the January 11 amendments, subdivision (b) of Section 10112.5 provides that subdivision (a), which otherwise provides for extraterritorial applications of all Insurance Codes sections governing hospital, medical or surgical expenses and that is issued outside of California to an employer whose principal place of business and majority of employees are located outside of California. The intent of subdivision (c) is to clarify that subdivision (b) does not disturb the applicability of any provision of existing law that has extraterritorial application.

Thank you for your courtesy and cooperation.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Valerie Brown was granted unanimous consent that the following communication be printed in the Journal:

March 24, 1994

Hon. Willie L. Brown, Jr.
Speaker of the Assembly
State Capitol, Room 219

Dear Mr. Speaker: As the Chair and Vice-Chair of the Assembly Select Committee on Restructuring Government we urge your support of ACR 112, which would call for the creation of a Joint

Legislative Task Force on Realignment modeled after the successful realignment effort of 1991.

The issue of restructuring government is at the forefront of California's agenda. By establishing this Select Committee in August of last year, the Assembly clearly demonstrated its interest and commitment to this important issue. Subsequently, Governor Wilson indicated his desire to see this issue addressed by including a major realignment proposal in his 1994–95 budget. These actions have sent a very clear message to not only the Legislature, but to the general public as well—some form of restructuring should happen this year.

As you know, the Select Committee has been very active in soliciting input from the public concerning restructuring government. In fact, this Committee has conducted eight public hearings where local elected officials, affected interest groups, and interested citizens were given the opportunity to share ideas with the Select Committee as to how they thought restructuring ought to occur at both the state and local level.

In addition to the hearings, the Committee members have participated in three roundtable discussions examining various components of the Governor's realignment plan. It has been in these roundtables we and the members have concluded that the issue of realignment in the upcoming budget should be examined by a two-house bipartisan task force, much the same way the realignment program was addressed in 1991.

The Select Committee members view their work as supporting that of a realignment task force, with the distinction that their work is based on a long-term restructuring agenda and time line, whereas a realignment task force must complete its work before the 1994–95 budget is adopted. It is with this distinction and concern that we have introduced ACR 112.

Should you create such a task force, there are a number of issues and concerns the Committee would like to share with you, which we feel may be helpful to you in both your selection of task force members as well as the direction you give them:

1. The Select Committee begin its bipartisan work by reaching agreement on a set of principles against which all restructuring proposals could be evaluated. While we have continued to revise these principles, this was a very important first step, and we would encourage the realignment task force to start their work with a similar exercise.

2. The Committee believes that any realignment proposal must be considered within a framework for long-term change in the state-local relationship, both programmatically and fiscally. We recognize that conflicts may exist between any short-term realignment plan and ultimate long-term restructuring goals if components of that

plan are intended solely to be transition mechanisms, which may have short-term adverse impacts but are necessary towards achieving long-term goals.

3. The Committee believes that any realignment effort must assume that all programs and services, operated at either the state or local level, are possible elements of any realignment plan.

4. Over the years, policy makers have assigned programs to the state when uniformity (i.e. minimum service levels, equal access) has been an issue. Where realignment proposes to shift financial responsibility for such programs from the state to counties (i.e. AFDC, Medi-Cal), the task force should consider what uniformity is needed and how it can be achieved.

5. When the task force looks at fiscal incentives for local operation of programs, these incentives must be comprehensive in nature. In addition, such incentives should be evaluated as to their impact not only on a specific program, but also as to how they may affect the operation of other programs serving the same clients.

6. Performance, or outcome, standards should ultimately should be established for all programs subject to realignment. Because the exercise of establishing such standards is a relatively new one, standards ought to be developed with input from appropriate state and local program representatives, employees of affected programs, and affected client organizations.

7. When a realignment proposal is crafted, the task force should include very specific recommendations concerning the need for, and process by which, affected state departments and agencies will reorganize themselves to meet the goals of realignment. Additionally, the role and extent of ongoing state administration and legislative oversight should be considered.

8. When crafting a realignment plan, the task force should include programs that deal with client needs in a comprehensive fashion. Recognize the linkages between various programs serving the same clients and build upon them.

For example, there are a number of programs dealing with the needs of juveniles, including juvenile justice, foster care, alcohol and drug programs, and child welfare services. To maximize any realignment effort, any proposed program changes must be evaluated as to their impact on related programs as well.

9. When examining the issue of trial court consolidation, the Committee believes consolidation driven by incentives is preferable to forced consolidations.

For example, reward those jurisdictions who have done the most to consolidate their court system by giving them top priority when creating new judgeships.

10. In discussing realignment this year, one of the overriding interests of the Committee members is the

desire to see a shift of property tax revenues back to local government to cover increased program responsibilities and to foster appropriate local program and fiscal incentives.

Mr. Speaker, the Select Committee hopes you will find our stated thoughts and concerns helpful. We stand ready to assist you in any way necessary to see a successful realignment plan enacted this year. In fact, we intend to continue to examine the fiscal relationship between state and local governments and to seek ways to improve that relationship. As this issue is integral to any realignment effort, we will continue to share our work not only with you, but also with any realignment task force you may create.

Thank you in advance for your attention and interest on this very important issue.

Sincerely,

VALERIE K. BROWN, Chair
Assembly Select Committee on
Restructuring Government

FRED AGUIAR, Vice-Chair
Assembly Select Committee on
Restructuring Government

Gracious God, Our Help in Ages Past and Our Hope for Years to Come, We come to these desks, this morning with a need for courage to face responsibilities of the day and a right to choose directions to ensure a brighter tomorrow. Let Your presence become so vivid for each of us that we may know Your reassuring power. For life sometimes weighs us down with circumstances hard to bear. As sickness or death never overlooks any household, never invited but the possibility always there. Friendships and relationships can harbor disappointments and family ties can break as does a thread. O God, grant us the spirits of all those great men and women, of every culture and faith, who revealed the splendor of their souls when days were difficult and nights were dark. Speak to us, as You did to them, saying, be not afraid.—AMEN.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Office, Sacramento
March 30, 1994

To the Members of the California Assembly:

I have signed this date Assembly Bill No. 482.

This bill prohibits the loaning of handguns to minors unless there is written parental consent and permits such transfers for only a 10 day period for lawful sporting or hunting purposes or agricultural or ranching activity. The bill also marginally increases penalties for

weapons offenses, creates a new armed criminal offense, and resolves some ambiguities in the firearms code.

While this bill represents an improvement over existing law, it does not go far enough and more reform needs to be done in this area.

The bill provides only a slight increase in punishment for offenders who illegally sell or furnish handguns to minor or restricted class members such as convicted felons, drug addicts and mental patients. Also, the bill fails to include any increased penalty for minors who illegally possess handguns or live ammunition.

To achieve these necessary reforms, I urge the Legislature to pass Assembly Bill 2470 (Rainey), sponsored by my Administration, which would increase the penalty for these crimes by up to six years for first time offenders, up to eight years for felons or repeat offenders, and up to ten years for criminal street gang members and serious or violent felons.

Crimes with such dangerous implications should have heightened penalties.

Cordially,

PETE WILSON

Governor's Office, Sacramento
March 25, 1994

To the Members of the Assembly:

Assembly Bill 1807, in my opinion constitutes an emergency within the meaning of that term as used in Section 12 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I therefore recommend consideration of Assembly Bill 1807 as an emergency measure.

Most cordially,

PETE WILSON

Legislative Intent—Assembly Bill No. 1542

March 24, 1994

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: I am requesting the following letter be printed in the Assembly Daily Journal.

Section 1 of my Assembly Bill 1542 adds Section 53065.5 to the Government Code relating to expense reimbursements. It requires special districts to disclose in printed form, at least annually, each expense reimbursement paid to an officer or employee for any individual expenditure exceeding $100.00.

That section states "The disclosure requirement shall be fulfilled by including the reimbursement information in a document published or printed at least annually by a date determined by that district and shall be made available for public inspection."

This is to express my intent that I have included this clause to give flexibility to special districts in complying with the disclosure requirements, and to enable them to comply with this requirement as inexpensively as possible. Examples of alternative ways local agencies may wish to comply with these requirements are by periodically including a document listing these expenditures in their agenda packets for their board of directors meetings, or by printing quarterly, semiannually, or annually documents listing these reimbursements.

I do not wish to mandate an expensive publication nor mandate any more staff time or printing expense than is necessary to compile the information and to make it available to the public in an understandable format.

Respectfully Submitted,

TOM UMBERG
Assembly Member, 69th District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Conroy was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 813

March 29, 1994

Maurice Hannigan
Commissioner, California Highway Patrol
2555 First Avenue
Sacramento, California

Dear Commissioner Hannigan: I have become aware of some confusion regarding AB 813, a bill I authored in 1993. This measure modifies the application fees paid by motor carriers to provide an additional allocation to the Commercial Motor Carrier Safety Enforcement Fund. Those additional monies will then fund the California Highway Patrol's (CHP) cargo anti-theft task force or, "Cargo CATs" program.

My intent in carrying this bill was to require the CHP to provide for the "safety and security of highway carriers and their cargoes." The measure goes one step further by allowing the department to "subcontract" with local agencies to assist in commercial vehicle security programs, such as the criminal apprehension task force in Los Angeles County. This is money well spent as cargo theft is a growing problem, costing Californian's as much as one billion dollars annually.

It was not the intent of the legislation to provide a blanket authority for all agencies to enact separate commercial vehicle enforcement programs. Also, it was not the intent of the bill to provide for the subversion of funds by local enforcement agencies to begin autonomous cargo security programs. It is my understanding that the CHP will coordinate with local agencies when the department finds it necessary to further the reach of the program.

Thank you for the opportunity to clarify the intent of this legislation. If I can be of further service, please do not hesitate to call.

Sincerely,

MICKEY CONROY, Assembly Member
Seventy-first District

This report concludes that the essential purpose of the program was fulfilled. The Department of Insurance (department) completed the basic functions necessary to ensure that claim payments were made and funds were controlled. However, the department's performance in specific aspects of the implementation, operation, and termination of the program lacked consistency and/or effectiveness, sometimes for reasons beyond its control.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Insurance.

COMMUNICATIONS

The following letter of transmittal was presented by the Chief Clerk, and ordered printed in the Journal:

Bureau of State Audits

93030
April 6, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents it audit report assessing whether the fees the Department of Insurance levies under Section 12979 and Section 736 of the Insurance Code are based on the actual costs of enforcing Proposition 103 and conducting examinations of insurance companies. In addition, we were to disclose whether the actual costs for Proposition 103 and examinations exceeded the revenues from the related fees or whether the revenues exceeded the costs. This reports concludes that the Department of Insurance cannot completely identify all its costs for implementing Proposition 103 and examining insurance companies. As a result, the department cannot demonstrate that the fees it collects to support these activities are based on actual costs. Also, the department could not demonstrate whether costs exceeded revenues or revenues exceeded costs for these activities. However, for its operating fund as a whole, the department has collected more revenues that it has needed to cover its operating costs. The department has begun correcting some of these deficiencies with its accounting system.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Insurance.

Bureau of State Audits

93028
April 12, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by the Budget Act of 1993, the Bureau of State Audits presents its audit report concerning the State's contributions to the Public Employees' Retirement System (PERS) and the State Teachers' Retirement System (STRS).

This report concludes that the most recent actuarial valuations conducted by the PERS and the STRS provided reasonable estimates of the costs and funding needed for the systems. Additionally, the report provides an analysis of the factors affecting the State's contributions to the systems over a five-year period. The report concludes that certain legislative actions to reduce the State's contributions to the PERS have long-term costs and others provide only short-term relief. Additionally, the report concludes that the State's contributions to the STRS have increased because of the State's decision to implement a new funding mechanism and a program to help retirement benefits keep pace with inflation.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Public Employees, Retirement and Social Security.

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

Gracious God, So Far Above Us and Yet So Deep Within Us, Be near to us as we undertake the workload of the session, today. For the clamor of the world in all its sordid events, and the noise of strident needs in California are so much with us, and we find ourselves burdened and tossed by many winds. Open our minds and fill us with wisdom and understanding, to do our work. Give us great ideas to overcome, so great the tasks before us. Leave us not to our own doing, but send us forth into the hours of today, sufficiently clad to make justice and goodness attractive. Grant us the courage to be, and the strength to fulfill these hours. Lift us up until what we do will acclaim victory, and sing, as a song in our lives.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore O'Connell, Assembly Member Ferguson then led the Assembly in the pledge of allegiance to the Flag.

In this difficult and serious time, this era of great dangers and open doors, enlighten us anew. Lift us up into better days in the world, nation and state. Grant fresh vision and courage to each member in office of the state, and grant that we all may play a part in things that matter most, so that, because we are here this morning, there shall be, a world making peace and California state, moving up and on its way.—AMEN.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
April 19, 1994

To the Members of the Assembly:

Assembly Bill 2054, in my opinion constitutes an emergency within the meaning of that term as used in Section 12 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I therefore recommend consideration of Assembly Bill 2054 as an emergency measure.

Most cordially,

PETE WILSON

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Governor's Office, Sacramento
April 19, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2370 without my signature.

This bill would provide partial conformity of state tax law with selective provisions of changes made in federal tax law in 1993.

Whatever arguments can be made about the merits, or lack thereof, of this bill are overshadowed by two points. First, because of tax filing dates for tax year 1993, the bill needed to be enacted by March 15, 1994, or its enactment would arguably constitute a

retroactive violation of the constitutional prohibition on the gift of public funds. Second, the provisions included in AB 2370 would be operational for the tax year 1993 *only*. Therefore, the Legislature intended to revisit all of these provisions as well as those conformity items *not* included in AB 2370, for tax years 1994 and beyond. It would be extremely disruptive to have taxpayers make the changes in record-keeping required to provide the necessary audit trail for one year, when potentially the changes necessitated by those conformity issues would be dropped the next year.

It is widely understood that last year's federal actions with respect to tax policy were the most sweeping since the overhaul of the tax structure in 1986. It would be irresponsible to enact a selected group of conformity items for a single year without a debate on the entirety of the conformity issues raised by the federal tax changes. It is particularly pointless to attempt to do so after March 15, 1994, when corporate tax returns were due.

I look forward to the discussion of *all* the tax changes made by the federal government and the concomitant revenue impact of those changes, and the ensuing debate over which provisions constitute good tax policy for the taxpayers of California.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 19th day of April 1994, at 3:02 p.m., of Assembly Bill No. 2370, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.
