Eternal and Most Gracious God, Whose Mercy Is Everlasting and as Near as a Listening Ear, Would that we hear and feel, Your presence abounding within us, even as it surrounds and permeates the world. For as children come to mother for a touch of assurance, so do we come to You. Take our fragmentary lives and perfect them with wholeness. Amass our transient thoughts and dreams and fuse them with the causes and purposes which are the concerns of this high office. In the course of this day, although we may not see every issue before us clearly, do help us in what we see, to see plainly. And grant that we all, with our loyal staff in support, may engage what matters most for the life, health, and welfare of California.—AMEN.

An Anonymous Prayer

O God, Give me the strength to live another day. Let me not turn coward before its difficulties or prove recreant to its duties. Let me not lose faith in my fellow men. Keep me sweet and sound of heart in spite of ingratitude or meanness. Preserve me from minding little stings or giving them. Help me to keep my heart clean, and so live that no outward failure can dishearten me or take away the joy in this work. Open wide the eyes of my soul that I may see good in all things. Grant me this day some new vision of truth, inspire me with the spirit of gladness and make me a cup of strength to all who need; in the name of the strong deliverer and my friend.—AMEN.

Grant that we may make of its ensuing hours, times of great faith moving in redeeming service. Help us as we diligently search for clear purposes amid the mix of a myriad of timely concerns. May we find that rock, a solid rock upon which our efforts may long stand. Do for us as only You can do, and have done, for those of great courage who once sat here, where now we are. Bless our world, our nation and this great state we are privileged to serve. May we never falter in the midst of so much which is wanting and crying out in need. Keep us moving, onward to new vistas and timely services. Lead on, O Kindly Light, send us forth.—AMEN.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Legislative Intent—Assembly Bill No. 375

June 27, 1994

The Honorable Willie L. Brown
Speaker of the Assembly
California State Legislature
State Capitol
Sacramento, California

Dear Speaker Brown: I am writing to request this letter to be printed in the Assembly Journal.

Assembly Bill 375, in part, amends Section 710 of the Harbors and Navigation Code to exclude from the definition of "broker" and "salesperson" under the Yacht and Ship Brokers Act 1) a repossession agency when liquidating repossessed collateral, and 2) a wholesale motor vehicle action acting in the regular course of business.

In enacting this legislation, it is not the intent of this legislation to authorize or expand the ability of repossession agencies and wholesale auto auctions to engage in the business of selling boats at retail without becoming licensed by the Department of Boating and Waterways. The sole purpose is to enable repossession agencies and wholesale motor vehicle auctions to participate in the occasional disposition of boats without having to obtain a separate license from the Department of Boating and Waterways when such transactions are merely incidental to their licensed businesses.

Thank you for your consideration.

Sincerely,

CRUZ M. BUSTAMANTE, Assembly Member
Thirty-first District

The following request was received, and read:

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
June 24, 1994

To the members of the California Assembly:

I have signed this date Assembly Bill No. 2855.

This bill creates an exception to the applicable statute of limitations so that hundreds of California women with claims against the Dalkon Shield Trust may have their day in court. Extraordinary delays in the resolution of these claims, including bankruptcy proceedings, have denied many of these women the customary right to file timely lawsuits.

This bill rights this inequity without detriment to any ongoing business. It does, however, place California women who have claims against the Virginia-based trust on a more equal footing with claimants from other states. Many states have more liberal statutes of limitations, some as long as five years. New York, Kansas and Washington D.C. have already approved measures similar to this bill while other states are considering such proposals.

While I am satisfied that this bill addresses a unique situation which merits departure from the time limitations ordinarily imposed on litigants, its adoption should not be construed as a setting of precedent, as the fundamental reasons for the timely filing of suit, including the objectives of speedy justice and veracity of facts, remain unassailable.

Cordially,

PETE WILSON

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 1339

Governor's Office, Sacramento
June 24, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 1339 without my signature.

This bill would provide that podiatrists shall receive reasonable consideration for participation in the Medi-Cal program to the same extent as physicians and surgeons. It also provides that this change in definition shall not affect either the scope of practice or Medi-Cal rates paid for podiatry services.

It is unclear what would be achieved by enactment of this bill. The proponents have stated an intent to eliminate ambiguity and confusion. However, the language is sufficiently vague as to create more confusion than it resolves. The most probable outcome would be litigation seeking to clarify the meaning of the legislation.

Under these circumstances, it would seem more prudent to return the bill without my signature.

Cordially,

PETE WILSON

Receipt

I acknowledge receipt this 27th day of June 1994, at 4:15 p.m., of Assembly Bill No. 1339, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Katz was granted unanimous consent that the following opinion of Legislative Counsel be printed in the Journal:

June 30, 1994

Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Dotson: A question has been raised regarding the interpretation of SB 750 (Roberti/Katz), which would establish earthquake safety standards for the installation of mobilehomes and manufactured homes.

Although I believe SB 750 is very clear and concise, in order to clarify any questions, I have attached a Legislative Counsel opinion. Please print the opinion in today's journal. Thank you.

Sincerely,

RICHARD KATZ, Assembly Member
Thirty-ninth District

Legislative Counsel Opinion—Senate Bill No. 750

Sacramento, California

Honorable Richard Katz
3146 State Capitol

Manufactured Homes and Mobilehomes—#22835

Dear Mr. Katz:

QUESTION

Under proposed Section 18613.4 of the Health and Safety Code, as included in Proposed Conference Report No. 1 on Senate Bill No. 750, as amended on May 26, 1994, is a manufactured home or mobilehome required to be installed in accordance with subdivision (b), (c), or (d) of that proposed section, or in accordance with subdivisions (b), (c), and (d) of the proposed section?

OPINION

Under proposed Section 18613.4 of the Health and Safety Code, as included in Proposed Conference Report No. 1 on Senate Bill No. 750, as amended on May 26, 1994, a manufactured home or mobilehome is required to be installed in accordance with subdivision (b), (c), or (d) of the proposed section.

ANALYSIS

Proposed Section 18613.4 of the Health and Safety Code, as included in Proposed Conference Report No. 1 on Senate Bill No. 750, as amended on May 26, 1994 (hereafter proposed Section 18613.4), provides in pertinent part as follows:

"18613.4. (a) All manufactured homes or mobilehomes, when initially installed or subsequently reinstalled on a different lot pursuant to Section 18613, shall be installed to resist, in conjunction with vertical loads, either forces from horizontal wind pressures of 15 pounds per square foot or the design wind load of the home, whichever is greater.

"(b) For the purposes of complying with subdivision (a),

all manufactured homes or mobilehomes with manufacturer's installation instructions that include requirements for tiedowns shall be installed in accordance with all of the following:

"(1) The manufacturer's installation instructions.

"(2) If not included in the manufacturer's installation instructions, a minimum of four additional tiedowns per section shall be installed to resist the same wind forces in the longitudinal direction of the manufactured home or mobilehome as the total of those forces required to be resisted in the transverse direction. No portion of the tiedown extending beyond the vertical plane of an exterior wall of the manufactured home or mobilehome shall be above the ground.

"(3) When used, concrete or steel piers shall have mechanical connections to the home and their footing that resist separation of the supports from the home and the footing. Mechanical connections shall not require modifications to the manufactured home or mobilehome.

"(c) For the purposes of complying with subdivision (a), when no manufacturer's installation instructions are available that include requirements for tiedowns, the manufactured home or mobilehome shall be installed in accordance with both of the following:

"(1) Department regulations, which shall include requirements for tiedowns meeting the standards in subdivision (a).

"(2) The requirements specified in paragraphs (2) and (3) of subdivision (b).

"(d) For the purposes of complying with subdivision (a), all manufactured homes or mobilehomes may be installed or reinstalled in accordance with plans and specifications signed by a licensed architect or engineer that meet the requirements of this section.

* * *

"(f) Nothing in this section prohibits the use of alternative materials, installation methods, devices, et cetera, as permitted in Section 18305, as long as the forces specified in subdivision (a) and in paragraph (2) of subdivision (b) are resisted."

Proposed Section 18613.4 establishes requirements for installation of a manufactured home or mobilehome. Subdivision (a) of the proposed section sets a general standard to be followed, requiring that the manufactured home or mobilehome be installed to resist, in conjunction with vertical loads, either forces from horizontal wind pressures of 15 pounds per square foot or the design wind load of the home, whichever is greater. Subdivision (b) of the proposed section establishes the conditions of compliance with this standard in cases where there are manufacturer's installation instructions that include requirements for tiedowns, and subdivision (c) establishes the

conditions of compliance with the standard when no manufacturer's installation instructions are available that include requirements for tiedowns.

We note, in this regard, that subdivision (c) incorporates by reference two of the three conditions contained in subdivision (b) (para. (2), subd. (c) proposed Sec. 18613.4), leaving as the only difference between the two that subdivision (b) requires compliance with the applicable manufacturer's installation instructions, and subdivision (c) requires compliance with regulations of the Department of Housing and Community Development.

Hence, although there are similarities in the two subdivisions, it is clear that subdivisions (b) and (c) of proposed Section 18613.4 are alternative methods of compliance that each address a distinct situation. The question remains as to whether subdivision (d) of proposed Section 18613.4 provides a third mutually exclusive alternative with respect to installation of a manufactured home or mobilehome. Subdivision (d) provides that for purposes of complying with subdivision (a) of the section, that is, the general installation standard, all manufactured homes or mobilehomes may be installed or reinstalled in accordance with plans and specifications signed by a licensed architect or engineer that meet the requirements of proposed Section 18613.4.

The argument could be made that this provision, in requiring that the plans and specifications meet the requirements of proposed Section 18613.4, mandates compliance with subdivision (b) or (c) in conjunction with those plans and specifications. However, this interpretation is unreasonable in the context of proposed Section 18613.4. That is, it is illogical to construe proposed Section 18613.4 to authorize compliance with its provisions through the preparation of plans and specifications by a licensed architect or engineer, and to further require compliance with other conditions of the section, that, if met, would result in full compliance without the additional necessity of the plans and specifications. Consequently, the apparent intent of subdivision (d) is to provide a mutually exclusive third method of compliance available to all persons seeking to install a manufactured home or mobilehome.

This result is supported by subdivision (f) of proposed Section 18613.4, which provides that nothing in the section prohibits the use of alternative materials, installation methods, devices, or other alternative methods authorized by Section 18305 of the Health and Safety Code, as long as the forces specified in subdivision (a) of paragraph (2) of subdivision (b) of proposed Section 18613.4 are resisted. Accordingly, the apparent intent of subdivision (d) of proposed Section 18613.4 is to provide a third method of compliance under which a licensed architect or engineer may approve methods of installation of a manufactured home or mobilehome that must meet the resistance standards of the proposed section, but need not utilize tiedowns, which are required under subdivisions (b) and (c) of the proposed section.

Therefore, we conclude that under proposed Section 18613.4 of the Health and Safety Code, as included in Proposed Conference Report

No. 1 on Senate Bill No. 750, as amended on May 26, 1994, a manufactured home or mobilehome is required to be installed in accordance with subdivision (b), (c), or (d) of the proposed section.

Very truly yours,

BION M. GREGORY
Legislative Counsel

You have formed us, as in one body and lay claim upon this work as Your own. You have been our light in darkness and a rock of strength in every needed hour. You remembered us even when we had forgotten You. You followed us along weary paths when we had lost our way. We thank You for Your loving care. How grateful we are, now to see clearer, the road ahead. Lord, grant us yet Your guiding hand and steady light, and may we in the strength You give, continue on until our work is done.—AMEN.

Eternal and Most Gracious God, How great Thou are. Your wonders are ever in eternal display and Your works manifest in the heavens, lands, and seas. From everlasting to everlasting, Thou are God. As ships at sea leaving wakes spreading from shore to shore, even so may we appraise the wake of our labors in this room. May they have spread wide the parameters of California, bringing life, prosperity, health and peace, not only to class, wealth and power, but even to those least. Grant, as we would take leave from our labor that we have cause for rejoicing in our work well done, remembering all that is left and yet to be done.—AMEN.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 2385

Governor's Office, Sacramento
July 9, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2385 without my signature.

This bill would increase the member contributions to the Judge's Retirement System from eight percent to eleven percent, effective January 1995.

At the end of the last legislative session, I vetoed a nearly identical bill. At that time, I encouraged the interested parties to come to terms on a comprehensive reform package this legislative session. Unfortunately, this has not occurred.

However, there is still time to accomplish it this legislative session. So far, the Judicial Council has convened a Select Committee which has developed a reasonable reform proposal to reduce state costs by approximately 30 percent for new retirees. Senator McCorquodale has organized a conference committee but it has yet to entertain the Select Committee's proposal. I strongly urge the conference committee to consider this proposal after recess and to send legislation based on it to the full Legislature as quickly as possible.

To save additional costs, I offer two important modifications to the Select Committee proposal. One, the minimum age for retirees to receive full benefits should be raised to 65 consistent with the recommendation of the Legislative Analyst's Office. Two, retirees should not receive a retirement allowance greater than 75% of final salary. In combination, these two modifications may save as much in the long run as the increased member contributions proposed in this bill which I disfavor.

I encourage the Legislature to pass this reform measure before the end of this legislative session.

Cordially,

PETE WILSON

Receipt

I acknowledge receipt this 11th day of July 1994, at 9:30 a.m., of Assembly Bill No. 2385, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Ronda Nelson.

RALPH ROMO
Acting Chief Clerk of the Assembly

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 11, 1994

To the Members of the California Assembly:

I have signed this date Assembly Bill No. 167. This bill implements the 1994 Budget Act agreement to establish the Battered Women Protection Act of 1994, providing for a much-needed comprehensive shelter-based services program for battered women and children, and increasing by nearly eight hundred percent what the state previously spent on domestic violence services.

In this time of fiscal austerity, I am pleased at the commitment California is making to the innocent victims of domestic violence. Both as a member of the U.S. Senate and as Governor, I have actively proposed and advocated efforts to strengthen protections for these victims. It is a tragic fact of life that many women and children in this state need a safe haven, a refuge to escape the brutality of an abusive relationship. The program established by AB 167 will address this immediate need to provide women presently involved in violent relationships with intervention and assistance.

Home should not be a place where women and children live in fear. That is why this bill also focuses on the prosecution of those who brutalize innocent women and children by providing funding for the Spousal Abuser Prosecution Program designed to provide technical assistance and financial assistance to district attorneys. Society must hold these domestic terrorists to answer for their conduct.

As I sign this bill today, I am instructing the appropriate agencies to bring immediate implementation consistent with my strong commitment to provide alternatives to victims of domestic violence.

Cordially,

PETE WILSON

COMMUNICATIONS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

Bureau of State Audits

93002
July 12, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents the results of our review of the State's control of its financial activities and its compliance with federal grant requirements and state regulations. This review was made as part of our examination of the State's general purpose financial statements. This report fully meets the requirements of the 1984 Single Audit Act set forth by the United States Government as a condition of receiving more than $19 billion in federal funds annually. The Bureau of State Audits, which was created in May 1993, pursuant to California Government Code, Section 8543, is responsible for performing the annual financial and

compliance audit previously conducted by the Office of the Auditor General.

The State continues to need improvement in its accounting, auditing, and administrative control structure. For example, we found numerous inadequacies in the State's monitoring of recipients of state and federal moneys. As a result, the State cannot ensure that the recipients are complying with regulations or laws governing the receipt or use of these moneys. In addition, we noted instances in which the State failed to promptly bill for costs incurred, resulting in lost interest earnings or an impairment in the State's ability to collect amounts owed to the State.

In responding to weaknesses we have reported in an earlier audit, the State has made some improvements in its internal control structure. For example, the Office of Local Assistance now has a system in place to ensure that local educational agencies report interest earned on advances from the State for construction projects. In August 1993, $25 million of this earned interest was transferred to the State's General Fund.

Bureau of State Audits

93119
July 18, 1994

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California State Lottery's (lottery) procurement process for awarding a contract for its new on-line gaming system. This report concludes that, during the procurement of the lottery's new on-line gaming system, competition for the contract was limited to a single vendor by the two restrictive implementation schedules the lottery included in the request for proposal (RFP). This violated lottery policy. The lottery's preferred implementation schedule was restrictive to the two of the three vendors interested in the procurement because it was too short. The alternative implementation schedule was restrictive to the two non-incumbent vendors because it was not viable. Reasons why the lottery issued an RFP with restrictive implementation schedules include the lottery's failure to question the advice of its procurement consultant, the lottery's questionable decision to not pursue negotiations to extend the contract for the old on-line gaming system with its incumbent vendor, and the lottery staff not fully recognizing that two of the three vendors had raised serious concerns about the implementation schedules and had indicated they might not submit proposals. Because the restrictive implementation schedules limited

competition to a single vendor, the lottery could not be assured that it received the best on-line gaming system at the best price.

The report also concludes that, although the restrictive implementation schedules limited competition to a single vendor, other aspects of the procurement process appeared adequate. For example, we reviewed certain experience and technical requirements the lottery established during its development of the RFP and found that the requirements appeared to have been reasonable and did not limit competition. Further, we found no indication that they were not in the best interests of the State. We also reviewed the procedures the lottery used to evaluate the proposals it received in response to the RFP and found that, although the lottery received proposals from only one vendor, the procedures appeared to have been adequate. In addition to the above procedures, we also reviewed the procedures the lottery used to negotiate the contract with the winning vendor and found that they were reasonable. Finally, we found that the lottery complied with applicable contract approval requirements.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 2873

Governor's Office, Sacramento
July 15, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2873 without my signature.

This bill would require that part-time playground positions be part of the classified service in school districts.

This bill would undermine the flexibility of local school districts and substantially increase their costs, including the expenses connected with position examinations, hiring procedures, and, in some cases, fringe benefits. School districts need as much flexibility as possible to determine the use of their resources, and should not be burdened with additional restrictive mandates that dictate increased costs.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3256

Governor's Office, Sacramento
July 15, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3256 without my signature.

This bill would make it lawful for any person to transport and possess slot machines or similar devices, for display at a trade show, conference or convention being held in the state, provided the slot machine or device is temporarily inoperative. Under current State law, *any* possession or transportation of slot machines or like devices is illegal.

I have two major problems with this bill:

First, the use of slot machines or other gambling devices on Indian land in California is *illegal* under federal law without a tribal-state compact expressly authorizing their use. Slot machines are not authorized by any compact in California and we should not implicitly condone illegal activity by permitting even "inoperable" machines to be displayed at trade shows.

Second, in a series of lawsuits, we have consistently maintained that possession or use of slot machines is illegal under state law. Our legal position is buttressed by the clear evidence, in the form of a comprehensive penal scheme, that California is serious about prohibiting gambling devices. To enact the exception in this bill, however narrow and well-intentioned, could undermine the state's legal position.

PETE WILSON

RECEIPT

I acknowledge receipt this 18th day of July 1994, at 10:25 a.m., of Assembly Bills Nos. 2873 and 3256, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 3598

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3598 without my signature.

This bill would establish the Sacramento Metropolitan Projects Authority which would be authorized to impose a special purpose retail transactions and use tax, upon majority voter approval, at the rate of 0.1% for a period not to exceed 20 years.

In 1992, I signed legislation similar to AB 3598; however, a lawsuit has been filed asserting that the provisions of that measure are unconstitutional. Further, the California Supreme Court has decided to review a related case concerning the issue of majority vote for a tax increase.

Given the uncertainty of the legality of the vote requirement proposed in this bill, it would be imprudent to sign AB 3598 at this time. Additionally, I am concerned with the proposed boundaries for the new district. Unlike the prior bill, which used the sphere of influence of the city, this bill haphazardly cuts across jurisdictions in Sacramento County. This raises the specter of gerrymandering for the purposes of manipulating the election result.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 20th day of July 1994, at 9:25 p.m., of Assembly Bill No. 3598, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2552

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2552 without my signature.

This bill would establish the Columbia Historic Park Advisory Committee to assist the Department of Parks and Recreation in the coordination of activities related to the preservation, restoration, and management of Columbia Historic Park.

Current law provides the authority for the creation of the Columbia Historic Park Association. The Association is mandated to assist the Department of Parks and Recreation in the development of policies pertaining to the preservation, restoration, and management of the Columbia Historic State Park. As a result, there now exists sufficient authority for the local public to play an important role in the management of the Park.

The Department is now in the process of reconstituting the Columbia Historic Park Association. With this action, I have asked the Department to assure that the community has sufficient representation on the Association.

The establishment of a second local advisory group does little to address the oversight of Columbia Historic State Park. Rather, the Department's action to reconstitute the Association and its inclusion of local representation will ensure better management of the Park.

PETE WILSON

Veto Message—Assembly Bill No. 2696

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2696 without my signature.

This bill would permit specified nutrition professionals to be directly reimbursed for services provided, notwithstanding other provisions of law which limit reimbursement to state licensed health care providers.

Since this bill is silent on the issue of Medi-Cal, it does not specifically exclude Medi-Cal when referencing the issue of reimbursement. Without such an exclusion, this bill could have impact on Medi-Cal to the extent it would mandate the addition of a new provider type and service coverage. Since federal law does not provide direct Medicaid reimbursement for the services of unlicensed persons, this bill could require the development of a new state-only funded Medi-Cal service, which is unacceptable.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 2837

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2837 without my signature.

This bill prohibits the Public Utilities Commission (PUC) from ordering an energy utility to put low-income energy services out for bid and rescinds any such orders issued prior to January 1, 1995.

Counter to my efforts to lower energy costs by creating a more competitive market, this measure would specifically prohibit competition for low-income service. This proposal removes the Commission's ability to fulfill its mission of reducing rates for the same quality of service. A competitive bid procedure serves to protect the community and all ratepayers from unexamined expenditure of public resources. Nothing in a Commission-sponsored competitive bidding process prohibits community based organizations from obtaining contracts and performing direct assistance work in the community.

It would be wholly inappropriate to enact a statute which limits the ability to protect ratepayers' from non-competitively derived costs.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 2977

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2977 without my signature.

This bill, which addresses a deficiency in current law by criminalizing sexual activity between peace officers and incarcerated persons, is being returned at the request of the author and sponsor due to technical drafting errors.

I have instructed my staff to work with Assemblywoman Solis to resolve these technical drafting problems so that an amended bill can be signed this year.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3451

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3451 without my signature.

AB 3451 amends current procedures regarding the selection of In-Home Supportive Service (IHSS) providers by recipients. This measure would authorize recipients of IHSS benefits to select any person or persons to provide their IHSS care.

This bill is unnecessary. Current law already provides for discretion by the recipient in selecting an IHSS provider. Under existing provisions of the Welfare and Institutions Code, IHSS recipients served by individual providers have an unqualified right to select their providers. In cases where the recipient is served by a contract provider, the contractor must give preference to the individual chosen by the recipient.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3675

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3675 without my signature.

This bill would require each school district and county superintendent to follow specified procedures relating to demotion of certificated administrators.

No one would disagree that certificated administrators should be treated civilly and with respect by their employers. However, while the provisions in this bill for due process appear reasonable at first glance, they will inevitably lead to costly and time-consuming litigation, they will handcuff the flexibility of the governing board in shaping its management team, and they will result in greater emphasis on the employment program of a school district at the expense of the primary mission, the education program.

This measure is a prime example of the imposition of state-mandated principles on the already overburdened, overmanaged public school system in California.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3719

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3719 without my signature.

This bill would allow clinical laboratories and health facilities to charge their patients and clients the "ordinary and reasonable costs incurred" for administrative costs involved in billing, charging or otherwise securing payment for services rendered.

This bill is unnecessary since existing laws already provide for the recovery of ordinary and reasonable costs. Furthermore, as currently drafted, AB 3719 would impede fair competition in the laboratory services marketplace by providing an advantage to one group of health care providers at the expense of another. Finally, potential abusive billing practices could be prevented in major part by providing consumers with a clear definition of "ordinary and reasonable costs."

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3810

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3810 without my signature.

This bill would allow local elections officials to appoint, upon school approval, students at least 16 years of age to serve as precinct board members.

I vetoed an identical measure in 1991 out of concern that it would be inappropriate to allow individuals to work at polling places when they are not even eligible to vote themselves. My views have not changed.

PETE WILSON

RECEIPT

I acknowledge receipt this 21st day of July 1994, at 4:50 p.m., of Assembly Bills Nos. 2552, 2696, 2837, 2977, 3451, 3675, 3719, and 3810 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2594

Governor's Office, Sacramento,
July 25, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 2594 without my signature.

This bill would authorize the Adjutant General to loan non-tactical military equipment to veterans organizations for up to 90 days for veteran-related activities.

The equipment assigned to the California National Guard is provided by the Department of Defense, and the use, including the loan of such equipment, is strictly regulated by the Department of Defense. Those regulations currently authorize the National Guard to loan certain types of equipment to select veterans organizations as defined by the Department of Defense and the Veterans' Administration. The State cannot authorize the use, issuance, or loan of federal equipment over and above the guidelines set forth by federal regulations.

Pursuant to these federal regulations, the National Guard already makes loans of certain types of equipment, but only when such loans do not interfere with National Guard operations, and only when the borrowing organization has sufficient resources to maintain and/or repair this equipment, if necessary, to the specifications required by federal law.

Therefore, this legislation is unnecessary at best, and runs the risk of raising hopes for additional loans of equipment—a goal that cannot be effectuated by amending state law.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3544

Governor's Office, Sacramento
July 25, 1994

To the Members of the California Assembly:

I am returning Assembly Bill No. 3544 without my signature.

This bill would state the Legislature's intent that any health reform program adopted by the State of California specifically address certain health concerns of ethnic minority communities.

Proposed health reform legislation should, of course, address the needs of ethnic minority communities. A binding statutory declaration of legislative intent should be considered and adopted only in relation to a specific legislative proposal. This should have been proposed as a legislative resolution.

Further, the language of this bill is much too broad, vague and far-reaching and risks creating unnecessary costs to service delivery if and when specific health care plans are proposed.

In recognition of the need to address certain health concerns of ethnic minority communities, I have created through Executive Order an Office of Multicultural Health to advise the Department of Health Services on policies and procedures to ensure that state health care services are delivered in a manner that reflects the cultural and linguistic needs of California's diverse populations. Further, central to the Department of Health Services' strategy for

Medi-Cal managed care are cultural and linguistic competency standards, as well as the inclusion of traditional providers of services to Medi-Cal beneficiaries.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 25th day of July 1994, at 11:20 p.m., of Assembly Bills Nos. 2594 and 3544, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Office, Sacramento
July 15, 1994

To the Members of the California Assembly:

I have on this date signed Assembly Bill No. 3128, which would eliminate the requirement that applicants for a marriage license be tested for syphilis, and if female, for rubella as well.

I am a strong and long-standing proponent of services and activities to promote the public health. However, general screening of low-risk populations, such as persons applying for marriage licenses, has not been found to be very productive in identifying cases of syphilis or susceptibility to rubella.

In addition, the cost of these tests, roughly $140 per couple, are now borne by marriage license applicants. Individuals can avoid these costs by marrying in other states or having "confidential marriages". As a result, a significant percentage of the target population is not even being screened at present.

The best way to control syphilis is for the cases to be identified and for public health investigators to trace contacts and assure that all exposed individuals receive treatment. Unlike the system that existed in 1939, when the requirement for screening of marriage license applicants was instituted, California now has a more comprehensive program that screens women prenatally, so that they can be treated during pregnancy and avoid transmitting the disease to their infants. Also, California has in place an aggressive public health system that identifies all cases of syphilis and identifies their sexual partners for treatment. Rates of syphilis in California have steadily decreased by this important public health effort.

In terms of rubella, our primary strategy is the immunization of all children against rubella to prevent outbreaks, an objective to which I have dedicated additional resources in this year's budget. This effort is backed up by the screening of women prenatally for rubella susceptibility so that they can be vaccinated against rubella following delivery.

Premarital screening is a costly and ineffective way to control disease that has outlived the usefulness it may have had when it was put in place in 1939.

In recognition that premarital screening has outlived its usefulness, California's medical and public health communities support AB 3128. The bill is sponsored by the California County Local Health Officers, the very officials that oversee the monitoring of marriage licenses and laboratory reports, as well as the California Medical Association and the College of OB/GYN physicians.

Cordially,

PETE WILSON

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I have signed Assembly Bill 2544 on this date because I believe it makes numerous improvements and clarifications to the Trial Court Funding Realignment and Efficiency Act of 1991. There are, however, several provisions which need further revision to avoid an unintended significant impact on the General Fund.

The author has committed that urgency legislation will be introduced in August 1994 to clarify these provisions. Specifically, the urgency legislation will ensure that the state not be exposed to additional liability or lose ability to transfer funds because of the following provisions:

- Currently, when counties accept State funding for trial courts, they agree to forgo any claims for reimbursement of mandated costs. This process ensures that no counties engage in "double dipping" by accepting a state subvention which can be used for any approved trial court costs and seeking additional State money for specific trial court costs. This bill would delete this requirement, thereby making the State liable for the cost of trial court mandates in addition to the courts' State subventions.
- The provisions of this bill describing the Trial Court Budget Commission's ability to reallocate State money from one court to another court leave questions regarding the State or counties' responsibilities to backfill such reallocations.
- This bill would eliminate provisions of current law concerning the transfer of funds for the assigned judges program. Without these provisions, the Judicial Council will not be able to charge payments for assigned judges to the Budget Act Item which appropriates money for this purpose.

I have asked the Department of Finance to work with Assemblyman Isenberg and his staff to draft corrective legislation so the Legislature can enact these changes when it returns.

Cordially,

PETE WILSON

Governor's Office, Sacramento
July 20, 1994

To the Members of the California Assembly:

I have signed this date Assembly Bill No. 2738. This bill amends Government Code Section 24308 to forbid the State from rejecting county plans or imposing sanctions against counties, on the basis of the organization or reorganization of county departments or agencies.

In these tough fiscal times counties need to try to achieve as much administrative efficiency as possible. It is equally important that the state not lose any funding as a result. I am signing this bill with the understanding that it does not authorize a county reorganization plan that would jeopardize federal funding to the State nor would I expect any State department to approve such a plan.

Cordially,

PETE WILSON

PRAYER

The following prayer was offered by Assembly Chaplain Rev. Hamilton T. Boswell:

An Anonymous Prayer

Gracious God, This room is so quiet, at this hour. Arriving early has brought a dimension to things, we seldom see when the tempo picks up.

Now, while it's quiet, and the whole day lies before us, unopened and unspoiled, help us to remember what tranquility is, and how it remains hidden under shouts and bells and knocks and confusion. Help us to reach back during the day, today, and get the strength we feel, right now, from the knowledge, that in Your world there is peace, even when we hide it as in uncertain moments, not at all like these.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore O'Connell, Assembly Chaplain Rev. Hamilton T. Boswell then led the Assembly in the pledge of allegiance to the Flag.

REQUEST FOR UNANIMOUS CONSENT

Assembly Member Areias was granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of Señora Armida Valdez, of San Juan Bautista, and that the following obituary be printed in the Journal:

Señora Armida Valdez
June 22, 1920–July 17, 1994

Friends and family of Señora Armida Valdez, 74, of San Juan Bautista, were saddened to hear of her passing early Sunday morning, July 17, 1994 on the feast day of San Alejo.

Mrs. Valdez, a long-time resident of the old Mission Pueblo, was recovering from several surgical procedures at Salinas Valley Memorial Hospital. Immediate family members were at her bedside in an all night vigil when she finally succumbed.

She is survived by her husband Francisco Valdez of 57 years, 10 children, 26 grandchildren and 11 great grandchildren.

Originally from the Sonoran Desert of Tucson, Arizona, she came to California at age 8 where her family were migrant farmworkers for many years. She married Mr. Valdez in the San Joaquin Valley on November 1, 1936 and later settled in San Jose. When her two sons, noted playwright Luis Valdez and recording artist Daniel Valdez, and daughter Lupe Candelaria moved to San Juan Bautista, Frank and Armida Valdez soon followed.

Always proud of her Native American Yaqui roots, she instinctively blended her traditional spiritual beliefs with the principles of Christianity in counseling hundreds of individuals for over 30 years.

Although, she never went further than the eighth grade, the charismatic 'Nana' Valdez, as she was affectionately called, marveled all that came in contact with her, with her jovial demeanor, personal caring philosophy and loving and insightful wisdom.

In recent years, she was honored by the local LULAC, the League of Latin American Citizens, as 'Latina Woman of the Year.' She was an active contributor to the St. Jude Shrine and to the Sacred Heart League.

A special Mariachi Requiem Mass as well as traditional indigenous Aztec danza is planned for Wednesday at 10:00 a.m. at the Old Mission of San Juan Bautista. A funeral procession will proceed from the Mission Plaza, walking through the town to the family home on Monterey Street, and then on to the historic San Juan Cemetery for the burial ceremony.

Endangered Species: Swainson's Hawk—#24439

Dear Mr. Pringle: You have directed our attention to an opinion we prepared for you under Request No. 94:19094, dated May 19, 1994, in which we opined as follows:

"The term 'take,' as defined by the California

> Endangered Species Act, does not include habitat modification or other acts that might indirectly harm the Swainson's Hawk. However, whenever the Department of Fish and Game consults with a state lead agency with respect to a proposed project subject to the California Environmental Quality Act, . . . the department is required to issue a written finding based on its determination of whether a proposed project would jeopardize the continued existence of the Swainson's Hawk or result in the destruction or adverse modification of habitat essential to the continued existence of that species."

You have asked the following additional question:

QUESTION

Is a local lead agency required to consult with the Department of Fish and Game relating to any project that might affect the habitat of Swainson's Hawk?

OPINION

A local lead agency is required to consult with the Department of Fish and Game relating to any project that might affect the habitat of Swainson's Hawk.

ANALYSIS

I. THE CALIFORNIA ENDANGERED SPECIES ACT

Under the California Endangered Species Act (Ch. 1.5 (commencing with Sec. 2050), Div. 3, F.& G.C.;[1] hereafter the act), the Fish and Game Commission (hereafter the commission) is required to establish a list of endangered species and a list of threatened species (Sec. 2070). The Legislature has declared, in the act, that it is the policy of the state to conserve, protect, restore, and enhance any endangered species or threatened species and its habitat (Sec. 2052), and that state agencies should not approve projects that would jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of habitat essential to the continued existence of the species if there are reasonable and prudent alternatives available consistent with conserving the species or its habitat that would prevent jeopardy (Sec. 2053).

Sections 2062 and 2067 define "endangered species" and "threatened species," for purposes of the act, as follows:

> "2062. 'Endangered species' means a native species or subspecies of a bird, mammal, fish, amphibian, reptile, or plant which is in serious danger of becoming extinct throughout all, or a significant portion, of its range due to one or more causes, including loss of habitat, change in

[1] All further section references are to the Fish and Game Code, unless otherwise specified.

habitat, overexploitation, predation, competition, or disease. Any species determined by the commission as 'endangered' on or before January 1, 1985, is an 'endangered species.' "

"2067. 'Threatened species' means a native species or subspecies of a bird, mammal, fish, amphibian, reptile, or plant that, although not presently threatened with extinction, is likely to become an endangered species in the foreseeable future in the absence of the special protection and management efforts required by this chapter. Any animal determined by the commission as 'rare' on or before January 1, 1985, is a 'threatened species.' "

Thus, a threatened species is one that is likely to become an endangered species in the foreseeable future in the absence of the special protection and management efforts required by the act.

Section 2080 prohibits the taking of endangered or threatened species and reads as follows:

"2080. No person shall import into this state, export out of this state, or take, possess, purchase, or sell within this state, any species, or any part or product thereof, that the commission determines to be an endangered species or a threatened species, or attempt any of those acts, except as otherwise provided in this [act], the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of this code), or in the California Desert Native Plants Act (Division 23 (commencing with Section [80001]) of the Food and Agricultural Code)."

For purposes of the act, "take" is defined by Section 86 as follows:

"86. 'Take' means hunt, pursue, catch, capture, or kill, or attempt to hunt, pursue, catch, capture, or kill."

Neither the act, the Native Plant Protection Act, nor the California Desert Native Plants Act referenced in Section 2080, provide an exception for the taking of the threatened species known as the Swainson's Hawk.[2] Section 2081, however, permits the Department of Fish and Game (hereafter the department) to authorize persons and specified entities to take endangered or threatened species for scientific, educational, or management purposes.

A statute should be interpreted with reference to the whole system of law of which it is a part (*People* v. *Comingore*, 20 Cal. 3d 142, 147)

---

[2] In this regard, Section 3503 also prohibits taking, possessing, or needlessly destroying the nest or eggs of any bird, Section 3503 5 prohibits taking, possessing, or destroying any birds that are birds-of-prey or the nests or eggs of those birds, and Section 3800 prohibits taking any nongame bird, except as otherwise provided by the Fish and Game Code.

and should be construed so as to harmonize, if possible, with other laws relating to the same subject (*Isobe* v. *Unemployment Ins. Appeals Bd.*, 12 Cal. 3d 584, 590–591).

In this regard, Section 2090 prescribes the procedures and authority of the department with respect to a proposed project subject to the California Environmental Quality Act (Div. 13 (commencing with Sec. 21000), P.R.C.; hereafter CEQA), and reads as follows:

> "2090. (a) Each state lead agency shall consult with the [D]epartment [of Fish and Game], in accordance with guidelines developed by the department, to ensure that any action authorized, funded, or carried out by that state lead agency is not likely to jeopardize the continued existence of any endangered or threatened species.
>
> "(b) Whenever the department consults with a state lead agency pursuant to Section 21080.3, 21080.4, 21080.5, or 21104.2 of the Public Resources Code, the department shall issue a written finding based on its determination of whether a proposed project would jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of habitat essential to the continued existence of the species. The written finding shall also include the department's determination of whether a proposed project would result in any taking of an endangered species or a threatened species incidental to the proposed project. The department shall base its determination on the best available scientific information."

As can be seen, Section 2090 requires each state lead agency to consult with the department to ensure that any action authorized, funded, or carried out by that state lead agency is not likely to jeopardize the continued existence of any endangered or threatened species.

Section 2065 defines "state lead agency" for purposes of the act as follows:

> "2065. 'State lead agency' means the state agency, board, or commission which is a lead agency under the [CEQA]."

Section 21067 of the Public Resources Code defines "lead agency" for purposes of CEQA as follows:

> "21067. 'Lead agency' means the public agency which has the principal responsibility for carrying out or approving a project which may have a significant effect upon the environment."

CEQA further defines "public agency" to include "any state agency, board, or commission, any county, city and county, city, regional agency, public district, redevelopment agency, or other political subdivision" (Sec. 21063, P.R.C.) and defines "local agency" to mean "any public agency *other than a state agency, board, or commission*" (Sec. 21062, P.R.C.; emphasis added).

It is a general rule of statutory construction that "[w]hen a statute, with reference to one subject, contains a given provision, the omission of such a provision from a similar statute concerning a

related subject . . . is significant to show that a different intention existed" (*Anthony* v. *Superior Court,* 109 Cal. App. 3d 346, 355–356). Furthermore, as noted above, a statute should be interpreted with reference to the whole system of law of which it is a part (*People* v. *Comingore,* supra, p. 147) and should be construed so as to harmonize, if possible, with other laws relating to the same subject (*Isobe* v. *Unemployment Ins. Appeals Bd.,* supra, pp. 590–591).

We think that "state lead agency," as that term is used in the act, including Section 2090, does not include local agencies, and, therefore, the mandatory consultation for a "state lead agency" with the department prescribed by Section 2090 does not apply to local agencies. However, that conclusion does not end the inquiry.

II. CEQA

A. IN GENERAL

With regard to CEQA and its relationship to another law, CEQA is supplemental to, is to be harmonized with, and deemed a part of, that other law, unless there is an irreconcilable conflict, in order to further the broader purposes of the two acts (see *Natural Resources Defense Council, Inc.* v. *Arcata Nat. Corp.*, 59 Cal. App. 3d 959, 965). The requirements of CEQA should be integrated with other environmental review and consulting requirements of the public agency, and CEQA environmental document preparation and review should be coordinated with the public agency's existing planning, review, and project approval processes (14 Cal. Code Regs. 15004(c) and 15006(i) [3]).

CEQA, generally, requires all public "lead" agencies to prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report (hereafter EIR) on any discretionary project that they propose to carry out or approve, that may result in a "significant effect on the environment," that is, a substantial, or potentially substantial, adverse change in the physical conditions that exist within the area that will be affected by the project (Secs. 21060.5, 21062, 21063, 21068, 21080, 21080.1, 21080.2, 21080.4, 21100, and 21151, P.R.C.; 14 Cal. Code Regs. 15000, 15002, 15360, 15367, 15368, and 15382).

A project, for purposes of CEQA, includes, in addition to an activity directly undertaken by a public agency, an activity involving the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by a public agency (Sec. 21065, P.R.C.; 14 Cal. Code Regs. 15378).

A discretionary project is a "project which requires the exercise of judgment or deliberation when the public agency or body decides to approve or disapprove a particular activity . . ." (14 Cal. Code Regs. 15357).

For purposes of CEQA, " 'environment' means the physical conditions that exist within the area which will be affected by a proposed project, including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance" (Sec. 21060.5, P.R.C.; 14 Cal. Code Regs. 15360). The area involved is

[3] References to sections of Title 14 of the California Code of Regulations are to provisions of the State CEQA Guidelines adopted by the Secretary of the Resources Agency in implementation of CEQA (see Sec. 21083, P.R.C.).

the area in which significant effects on the environment may occur either directly or indirectly as a result of the project (14 Cal. Code Regs. 15360).

The purpose of an EIR is to provide public agencies and the public in general with detailed information about the adverse impact that a proposed project is likely to have on the environment, to list ways in which any substantial adverse changes might be minimized, and to indicate alternatives to the project (Secs. 21001.1, 21061, and 21100, P.R.C.; 14 Cal. Code Regs. 15002(a); *Society for California Archaeology* v. *County of Butte*, 65 Cal. App. 3d 832, 838–839).

CEQA is to be interpreted broadly to "afford the fullest possible protection to the environment within the reasonable scope of the statutory language" (*Wildlife Alive* v. *Chickering*, 18 Cal. 3d 190, 198; *Bozung* v. *Local Agency Formation Com.*, 13 Cal. 3d 263, 274; 14 Cal. Code Regs. 15003(f)). This principle has been specifically applied by the courts with regard to the issue of what constitutes a "project" under CEQA (see *Friends of Mammoth* v. *Board of Supervisors*, 8 Cal. 3d 247, 259–260; *County of Inyo* v. *Yorty*, 32 Cal. App. 3d 795, 802–804). Thus, a "project" for purposes of CEQA has been interpreted to mean far more than the ordinary dictionary definition of the term (14 Cal. Code Regs. 15002(d)).

Under the State CEQA Guidelines, a "private project" is "a project which will be carried out by a person other than a governmental agency, but the project will need a discretionary approval from one or more governmental agencies for . . . a lease, permit, license, certificate, or other entitlement for use" (14 Cal. Code Regs. 15377; see subd. (c), Sec. 21065, P.R.C.; 14 Cal. Code Regs. 15378(a)(3)).

"Project" means "the whole of an action, which has a potential for resulting in a physical change in the environment, directly or ultimately" (14 Cal. Code Regs. 15378(a)). The governmental approval is not the "project," rather it is the activity that is subject to the approval (14 Cal. Code Regs. 15378(c)). For purposes of defining a private project, "approval" is defined in the State CEQA Guidelines as follows:

> "(a) 'Approval' means the decision by a public agency which commits the agency to a definite course of action in regard to a project intended to be carried out by any person. The exact date of approval of any project is a matter determined by each public agency according to its rules, regulations, and ordinances. Legislative action in regard to a project often constitutes approval.
>
> "(b) With private projects, approval occurs upon the earliest commitment to issue or the issuance by the public agency or a discretionary contract, grant, subsidy, loan, or other form of financial assistance, lease, permit, license, certificate, or other entitlement for use of the project." (14 Cal. Code Regs. 15352.)

In determining what constitutes "approval of a project," the courts have held that all that must be shown is that the government has

some minimal link with the activity, such as in some manner permitting or regulating the private activity (*Natural Resources Defense Council, Inc.* v. *Arcata Nat. Corp.,* supra, pp. 966–967).

B. CEQA DECISIONAL PROCESS

The policy of CEQA is to commence the CEQA decisional process at the earliest feasible time prior to a public agency determination to carry out or approve an activity that may require the preparation of an EIR (see *City of Coronado* v. *California Coastal Zone Conservation Com.,* 69 Cal. App. 3d 570, 583–584; subd. (a), Sec. 21003.1, P.R.C.; 14 Cal. Code Regs. 15004(b)).

That decisional process has been described as a "three-tiered" procedure (see *Kaufman & Broad-South Bay, Inc.* v. *Morgan Hill Unified School Dist.,* 9 Cal. App. 4th 464, 467; *Friends of "B" Street* v. *City of Hayward,* 106 Cal. App. 3d 988, 999–1000).

The first step of the three-step decisional process is a preliminary review in which the lead agency is required to determine whether the activity is a project for purposes of CEQA and, if so, whether the project qualifies for a statutory or categorical exemption from CEQA requirements. If the lead agency determines that the project is exempt, it may prepare a notice of exemption (14 Cal. Code Regs. 15002(k) and 15061).

If the lead agency determines that the activity is a "project" and is not exempt from CEQA, the second step of the three-step process requires the lead agency to conduct an initial study to determine whether a negative declaration or an EIR is required to be prepared (Sec. 21080.1, P.R.C.; 14 Cal. Code Regs. 15002(k), 15063, and 15365). All phases of project planning, implementation, and operation are required to be considered in the initial study (14 Cal. Code Regs. 15063(a)(1)).

If, after conducting the initial study in the second step, the lead agency finds that there is no substantial evidence that the project or any of its aspects may cause a significant effect on the environment, the third step of the three-step process requires the lead agency to prepare a negative declaration (14 Cal. Code Regs. 15002(k) and 15063(b)(2)). Conversely, if the lead agency "determines that there is substantial evidence that any aspect of the project, either individually or cumulatively, may cause a significant effect on the environment, regardless of whether the overall effect of the project is adverse or beneficial," the lead agency is required to prepare an EIR or use a previously prepared EIR that it determines would adequately analyze the project (14 Cal. Code Regs. 15063(b)(1)).

In evaluating the significance of the potential environmental effect of a project, the lead agency is required to consider both primary or direct and secondary or indirect consequences (14 Cal. Code Regs. 15064(d)). In this connection, the lead agency is required to find that a project may have a significant effect on the environment and prepare an EIR if the project has the potential to

substantially degrade the quality of the environment, the potential to achieve short-term environmental goals to the disadvantage of long-term environmental goals, or may cause substantial adverse effects on human beings, either directly or indirectly (14 Cal. Code Regs. 15065(a), (b), and (d)). The lead agency is also required to make such a finding if the project has possible environmental effects that are individually limited but cumulatively considerable (see *Del Mar Terrace Conservancy, Inc.* v. *City Council,* 10 Cal. App. 4th 712, 737–738; 14 Cal. Code Regs. 15065(c)), in connection with which the lead agency is required, in discussing cumulative impacts in an EIR, to consider past, present, and reasonably anticipated future projects producing related or cumulative impacts, including those projects outside the control of the agency (14 Cal. Code Regs. 15130(b)(1)(A)).

Thus, in summary, the CEQA decisional process involves a preliminary review to determine if the public agency's activity is a "project" and, if so, whether it is except from CEQA requirements. Next, if not exempt from CEQA requirements, the public agency is required to conduct an initial study to determine if the project may cause a significant effect on the environment. If so, an EIR is required, and, if not, a negative declaration is required.

III. TRUSTEE AGENCY

Before it determines if an EIR or a negative declaration is required, the lead agency is required, among other things, to consult with any other public agency which has jurisdiction by law over natural resources affected by the project which are held in trust for the people of the State of California (Sec. 21080.3, P.R.C.; hereafter a trustee agency).

Although the commission is charged by law with the duty to list species as threatened or endangered (Sec. 2070), the department makes evaluations and reports to guide the commission's listing actions (Sec. 2077), reviews the status of listed species periodically (Sec. 2079), authorizes import, export, take, or possession of listed species (Sec. 2081), provides consultation for purposes of CEQA and proposes alternatives to projects that may jeopardize listed species (Secs. 2090 and 2091), and participates in federal consultation (Sec. 2095). Accordingly, we think that the courts would find that the department is a trustee agency with jurisdiction by law as to the protection of endangered and threatened species, including the Swainson's Hawk.

Thus, if the initial study indicates that the project might have an impact upon the habitat of the Swainson's Hawk, we think that the lead agency is required to consult with the department as a trustee agency for that threatened species.

In summary, we conclude that the mandatory consultation prescribed in Section 2090 does not apply to local agencies; however, local lead agencies are required to consult with the department as a

trustee agency for projects that might affect the habitat of a threatened or endangered species, including the Swainson's Hawk.

IV. CONCLUSION

Therefore, it is our opinion that a local lead agency is required to consult with the Department of Fish and Game relating to any project that might affect the habitat of Swainson's Hawk.

Very Truly Yours,

Legislative Intent—Assembly Bill No. 860

August 10, 1994

E. Dotson Wilson
Chief Clerk
California State Assembly
State Capitol

Dear Mr. Wilson: Because of the swiftness of enactment of a large package of budget trailer bills and the complexity of Assembly Bill 860 (Pringle), specific uncodified language included in Section 13 of Assembly Bill 860 has been questioned by auditors in counties that utilize accrual or modified accrual accounting systems. They want assurance that their counties can benefit from the intended relief provided in Section 13. The following is a clear statement of intent with respect to Section 13 of Assembly Bill 860.

The Legislature, recognizing the potential for financial distress in certain counties, enacted Section 13 to give those counties an extended period of time in which to make those Educational Revenue Augmentation Fund transfers referenced in that Section. It was my intent, in authoring Section 13, that the auditors of counties utilizing accrual or modified accrual accounting must treat the transfers required in fiscal years 1994–95 and 1995–96 as obligations of those years and that they are payable from the current property tax revenues received in those years.

Sincerely,

CURT PRINGLE, Assembly Member
Sixty-eighth District

Legislative Intent

August 12, 1994

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Dotson: This is to clarify the intent of recent amendments to my AB 2853, relating to recycled water.

The Urban Water Management Planning Act currently requires every urban water supplier to adopt an urban water management plan containing specified elements, and requires the plan to be reviewed every five years. This bill amends the Act to require water suppliers to give greater consideration of recycled water in their urban water management plans.

The intent of amendments adopted on June 28, 1994, is to ensure that water suppliers need comply with AB 2853 only upon the next five-year review of the plan as required by current law.

Please enter this clarification into the Assembly Journal.

Thank you.

Sincerely,

DOMINIC L. CORTESE, Assembly Member
Twenty-third District

Eternal and Most Gracious God, Who Knows the Goodness in Our Intentions, as over against the Weakness in What We Do, Be near to us. Grant us wisdom. Grant us courage in all that is proposed on this floor. Help us to bring to California a fullness of life to be shared with all its people and in accord with every high purpose. Forbid that we should ever be satisfied with half measures or with unfinished tasks. As the days of this session are fleeing by, grant us to have a sense of urgency in our efforts, and a deep concern for so much at hand. But above all and more, as the ancient hymn sings, "Guide me O Thou great Jehovah", for we are "Pilgrims through this barren land".—AMEN.
