GOVERNOR'S REORGANIZATION PLAN—1976

No. 1—Relative to the merging of the Office of Alcoholism with the Department of Alcoholic Beverage Control, to move Department of Alcoholic Beverage Control from the Business and Transportation Agency to the Health and Welfare Agency.

LEGISLATIVE COUNSEL'S DIGEST

Under existing law, the Department of Alcoholic Beverage Control is a department within the Business and Transportation Agency. The department has the exclusive power, except as constitutionally provided and in accordance with laws enacted by the Legislature, to license the manufacture, importation, and sale of alcoholic beverages in this state, and to collect fees or occupation taxes on account thereof. The department also has the power to deny, suspend, or revoke a specific alcoholic beverage license for good cause and generally administers the Alcoholic Beverage Control Act.

This bill would transfer the department from the Business and Transportation Agency to the Health and Welfare Agency.

Under existing law, the Office of Alcoholism is an agency within the jurisdiction of the Health and Welfare Agency. Among other things, the Office of Alcoholism has the responsibility and authority for encouragement of the planning, establishing, and conducting of county programs in alcoholism prevention, treatment, and rehabilitation, for the responsibility of overseeing the administration of such county programs, and for administering statewide alcoholism programs.

This bill would abolish the Office of Alcoholism and would transfer all of the duties, powers, purposes, responsibilities, jurisdiction, records, funds, moneys, physical properties, officers, and employees of such Office of Alcoholism to the Department of Alcoholic Beverage Control. The bill also would make technical and conforming changes.

The act would become operative during the fiscal year 1976–77, on a date specified by the Governor by proclamation, but not before January 1, 1977.

PREPRINT ASSEMBLY BILLS—1975-76 SESSION

Preprint A.B. No. 1—Knox.

An act to add Section 1238.8 to the Code of Civil Procedure, to amend Sections 38743, 38902, 53090, 53091, and 65402 of, to add Chapter 1 (commencing with Section 35000) to Part 2 of Division 2 of Title 4 of, Article 1.5 (commencing with Section 65820) to Chapter 4 of Division 1 of Title 7 of, and Title 7.85 (commencing with Section 67650) to, to repeal Section 53094 of, and to repeal Chapter 1 (commencing with Section 35000) of Part 2 of Division 2 of Title 4 of, the Government Code, and to amend Sections 11911 and 11931 of the Revenue and Taxation Code, relating to the regulation of land use, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 1, as proposed, Knox. Lands, planning and uses.

(1) Existing law provides for the taking of privately owned land for public purposes under the power of eminent domain.

This bill would specify that the power of eminent domain may be exercised by any city, county, or city and county for the acquisition of privately owned open-space land designated in an open-space element of its general plan.

(2) Existing law provides for the annexation of territory to a city upon the approval of the voters of such territory, in the case of territory inhabited by 12 or more registered voters, or upon the adoption of an ordinance to such effect following a hearing on the matter, unless blocked by protests written from owners of half of the value of such territory, in the case of territory inhabited by less than 12 registered voters.

This bill would repeal such provisions and enact new annexation provisions authorizing the annexation by a city of territory within its urban plan approved by the local agency formation commission, upon the adoption of a resolution to such effect following a public hearing on the matter and the determination of the local agency formation commission as to the proper boundaries, with the exception that a hearing would not be required in the case of territory owned by the federal government, the state, a school district or an agency thereof, and with the further exception that only certain tidelands or submerged lands could be annexed and then only upon the determination of the State Lands Commission as to the proper boundaries.

(3) Existing law authorizes a city to impose an annual standby or immediate availability charge within the city for water and sewer services to be collected either by monthly or annual billing or as part of the general county tax bill.

This bill would authorize the extension of such charges to areas outside a city but within its urban plan approved by the local agency formation commission.

(4) Existing law requires agencies of the state, for the local performance of governmental or proprietary function within limited boundaries, with certain prescribed exclusions and exceptions, to comply with applicable city or county building and zoning ordinances.

This bill would remove various exclusions and exceptions, and define the term "city" to include a general law or chartered city and the territory within its urban plan approved by the local agency formation commission.

(5) Existing law requires the acquisition or disposal of real property by a local agency for public purposes to be approved by the applicable planning agency as in conformity with the general plan.

This bill would require the further approval, as specified, of the city involved with respect to the acquisition or disposal of real property for public purposes within unincorporated territory which lies within the city's urban plan approved by the local agency formation commission

(6) Existing law provides for the adoption of state, regional, and local plans for land use, and requires zoning to conform to local plans

This bill would create a 23-member State Coordinating Council to establish state planning policies, designate areas of critical environmental state concern, and develop a State Resources Conservation and Development Plan, as specified. The bill would also create a State Department of Planning, to be headed by a Director of Planning appointed by the state council, which would take over the planning responsibilities, and the officers and employees involved therein, of the Department of Water Resources,

the Air Resources Board, the State Water Quality Control Board and the Department of Transportation and act as the sole state agency responsible for comprehensive state planning. The bill would authorize the establishment of area councils for each of 12 designated areas of the state, to be funded by the state, which will prepare and maintain area plans, as specified, conforming to the policies of the state council. As part of the area plan, the state council may require an emission limits program for air quality. The area plan would be required to include an urban/non-urban plan for the area. The bill would also authorize the establishment of subarea organizations to comment on state and federal grant applications for the subarea, propose subarea plans for inclusion in the area plan, recommend priorities for capital improvement projects for the subarea, and other functions delegated by the area council.

City and county general plans would have to conform to the state and area plans. Each city would be required to prepare an area plan for areas adjacent to the city, as specified, and each county would be required to prepare an urban/nonurban plan, as specified, to become parts of its general plan. Zoning would be required to conform to uses allowed in urban and nonurban areas. Cities would also be required to prepare urban plans, as specified, to be approved by the applicable local agency formation commission. Regulations proposed by regional water quality control boards and air pollution control districts would have to be approved by the state council or area council. City or county plans or ordinances applying to areas of critical environmental state concern would have to have the approval of the state council.

(7) Existing law authorizes cities and counties to zone the territory within their respective jurisdictions.

This bill would authorize a city, rather than the county, to zone unincorporated territory within the city's urban services area for which a general plan has been adopted as specified.

(8) Existing law authorizes counties to impose a tax on the transfer of real property at the rate of 55 cents for each $500 of value or fraction thereof in excess of $100, exclusive of liens, and authorizes a city to impose a similar tax at half such rate with a credit for such city tax granted towards payment of the county tax.

This bill would instead authorize a county to impose such a tax at the rate of 28 cents for each $500 of value or fraction thereof, in excess of $100, exclusive of liens, and authorize a city to impose such a tax at a rate set by the city council, eliminating the credit for such city tax granted towards payment of the county tax.

(9) This bill would appropriate an unspecified amount to the State Controller for allocation and disbursement to local agencies for costs incurred by them pursuant to this act.

Vote: ⅔. Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 2—Greene.

An act to repeal and reenact the Education Code, relating to education law, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 2, as proposed, Greene. Education Code: reorganization.

The Education Code was last revised in 1959.

This bill would repeal the current version of the Education Code and would enact a reorganized Education Code and in so doing would provide for the separation of provisions related to all levels of education in general, education in public elementary schools and high schools, and postsecondary education.

This bill would make numerous technical changes in connection with the reorganization of the code.

This bill would take effect immediately as an urgency statute.

Vote: ⅔. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no state funding.

Preprint A.B. No. 3—Priolo.

An act to add Chapter 12 (commencing with Section 8860) to Division 1 of Title 2 of the Government Code, relating to state agencies, and making an appropriation therefor

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 3, as proposed, Priolo. California Regulatory Evaluation Commission.

Present law provides for a Commission on California State Government Organization and Economy. Present law does not provide for any state commission to monitor the activities of state regulatory agencies.

This bill would create the California Regulatory Evaluation Commission within the executive branch for purposes of funding but not for purposes of control or direction, and would specify its membership, powers, and functions. It would define the term "state regulatory agency."

It would specify that the purpose of the commission is to assist the Governor and the Legislature in promoting accountability and responsibilty of state regulatory agencies affecting economic health and the public welfare by performance evaluations, identifying duplicating or overlapping regulations, providing a forum for public testimony, analyzing agency regulations, and making recommendations to the Legislature regarding the continuing, amending, or terminating of agency policies, regulations and statutes. It would permit the commission on its own motion to conduct examinations of every state regulatory agency and to make reports and recommendations to the Governor and the Legislature thereon.

The bill would also appropriate $125,000 from the General Fund to the commission for the purposes of the act.

Vote: ⅔. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 4—Cullen.

An act to amend Sections 2981 and 2982.5 of the Civil Code; to amend Section 7102 of, and to add Sections 7100.5 and 7168 to, the Financial Code; to amend Section 18613 of, and to add Sections 18057.5 and 18306 to, the Health and Safety Code; to amend Section 10767 of, and to add Section 219 5 to, the Revenue and Taxation Code; and to amend Section 5353 of the Vehicle Code, relating to trailer coaches.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 4, as proposed, Cullen. Large trailer coaches.

(1) No existing state statute prescribes the interest rate or term of loans made by institutional lenders for the purchase of trailer coaches.

This bill would require supervised financial organizations, as defined, which are authorized to loan upon the security of trailer coaches and of real property, to make loans for the purchase of specified large trailer coaches upon the same terms and conditions respecting interest rate and duration of the loan as are applicable to purchase-money loans for single-family dwellings, if the borrower owns the real property upon which the trailer coach will be placed or has a lease commitment for a space in a mobilehome park.

(2) Savings and loan associations chartered by the state are not presently empowered to loan upon the security of trailer coaches.

This bill would empower state-chartered savings and loan associations to make loans secured by a lien of first priority under specified large trailer coaches, as prescribed.

(3) Present law prohibits sale, offer for sale, rental, or lease of mobilehomes manufactured after September 1, 1958, which contain heat-producing or electrical equipment not in conformity with regulations of the Commission of Housing and Community Development.

This bill would exempt specified large mobilehomes from such prohibition after the initial retail sale thereof.

(4) Present law prohibits altering or converting installations or equipment of mobilehomes bearing the insignia of approval of the Department of Housing and Community Development, unless performed in compliance with regulations of the commission.

This bill would exempt specified large mobilehomes from such prohibition.

(5) Present law prohibits occupancy of mobilehomes under prescribed conditions, including occupancy while a mobilehome is permanently attached with an underpinning or foundation to the ground, and requires the commission to adopt regulations governing the use and occupancy of mobilehomes.

This bill would exempt specified large mobilehomes from such prohibitions and regulations and would require the commission to adopt regulations for permanent attachment of such mobilehomes to the ground by means of an underpinning of foundation.

(6) With specified exceptions, trailer coaches are subject to regulation under the Vehicle Code and are subject to vehicle license fees, which are in lieu of property taxation.

This bill would exempt specified large trailer coaches from vehicle registration and vehicle license fees, thereby making them subject to property taxation, but the bill would exempt such trailer coaches from property taxation when in the sales inventory of a manufacturer, distributor, or dealer.

(7) This bill would provide that neither appropriation is made nor obligation created for the reimbursement of any local agency for any costs incurred by it pursuant to the bill.

(8) This bill would become operative July 1, 1977.

Vote: ⅔. Appropriation: no Fiscal committee: yes. State-mandated local program. no state funding.

Preprint A.B. No. 6—Collier.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 6, as proposed, Collier. U.C.; CSUC: Learn, Earn, Reimburse Plan.

Under existing law, public support of the University of California and the California State University and Colleges is generally provided for by a mixture of state grants and tuitions and fees collected from students attending the institutions of higher learning.

This bill would express the legislative intent regarding the funding of public education in California.

This bill would require the University of California and state university and college students to pay various specified portions of the cost of their instruction and amounts loaned to them for personal maintenance or defer payment under the Learn, Earn, and Reimburse Plan.

This bill would authorize the State Treasurer to assign notes executed by students.

This bill would become operative only if its provisions become applicable to University of California.

This bill would require an unspecified agency to administer collection of loans to students pursuant to National Defense Education Act of 1958, and notes executed by students pursuant to Learn, Earn, and Reimburse Plan.

This bill would provide for loans, to be administered by the State Scholarship and Loan Commission, to be made to students enrolled in the University of California and the California State University and Colleges from funds received from payment made under Learn, Earn, and Reimburse Plan.

This bill would require unspecified agency to administer collection of such loans.

This bill would require that state collections on notes be allocated for university and state college support, pursuant to appropriations thereof to be made by Legislature.

This bill would provide that an amount not less than 95% of the amount derived from the Learn, Earn, and Reimburse Plan during any fiscal year shall be deposited in the Learn, Earn, and Reimburse Higher Education Fund in the State Treasury, created by this bill, to be used for the support of the California State University and Colleges and the University of California if this bill is made applicable to the university in a manner and amount as determined by the State Controller.

This bill would also appropriate annually from the General Fund to the State School Fund for public school purposes an amount equal to 95% of the amount derived from the Learn, Earn, and Reimburse Plan during the preceding fiscal year.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 9, as proposed, Hart. Insurance: medical and hospital services.

There are no provisions of existing law which provide for a statewide medical and hospital services insurance operated by a state agency.

This bill would enact the Hart California Voluntary medical and Hospital Services Insurance Act which would create a California Voluntary Medical and Hospital Services Insurance Agency to operate a California Voluntary Medical and Hospital Services Insurance Plan. The agency would have a director, appointed by the Governor and confirmed by the Senate, who would serve at the discretion of the Governor and who would appoint six assistant directors, at least three of whom would be medical doctors

This bill would require the agency to make specified preparations for commencement of the plan within two years after the effective date of the bill, would provide for the payment of benefits by the plan to or on behalf of every enrollee for specified medical services, and would require premiums of $180 per year for each adult and $90 per year for each child, with specified lower premiums for families with combined incomes of less than $9,996 per year.

This bill would require the agency to establish a trust fund for the deposit of all premiums received from subscribers, together with at least an equal amount of money appropriated from the General Fund, from which shall be paid all claims for benefits of the plan and all operating and administrative costs.

This bill would provide that enrollment in the plan and the payment of premiums would be voluntary, but would permit an employer to enroll any employee and the employee's family, and would permit a public welfare agency to enroll any recipient of public assistance, provided that the employer or public welfare agency pays all or part of the premium for the person enrolled

This bill would allow every medical service provider, laboratory, and hospital to apply to the agency for approval and listing as a participating provider of specified services as benefits of the plan, and would require the agency to compile and publish a schedule of fees in proportion to the usual, customary, and reasonable fee for each service provided in each general area of the state.

This bill would enact provisions relating to the method and form of making a claim for benefits, the auditing, payment, and assessment of claims, the offering of additional benefits to enrollees, and various related provisions.

This bill would specify that a prerequisite condition to the bill becoming operative would be an agreement by the United States government to permit the transfer to the agency of all funds, grants and sums of money which the state would ordinarily be entitled to receive from federal programs such as Medicare and Medicaid

This bill would require, as a condition of enrollment in the plan, that every enrollee and provider agree to refer every claim for damages resulting from alleged negligence or malpractice in providing plan services to an arbitration board composed of three attorneys and three doctors, which would determine the degree and responsibility for negligence or malpractice, if any, and the amount of damages. The agency would be required to pay the amount of all damages, if any, in full settlement of the claim.

This bill would appropriate an unspecified amount to the California Voluntary Medical and Hospital Services Insurance Agency to carry out specified functions, and to the agency trust fund for the payment of claims of benefits of the plan and operating and administrative cost

LEGISLATIVE COUNSEL'S DIGEST

ACA 2, as proposed, Keysor. State elected officers: compensation and reapportionment.

The Constitution presently requires that the compensation of and reimbursement of expenses for Members of the Legislature be established by a statute passed by ⅔ of the membership of each house. Furthermore, increases in compensation are limited to 5% per year for each year since the last adjustment and may not apply until the commencement of the regular session commencing after the next general election.

In addition, under existing provisions of the Constitution the compensation of the Governor, Lieutenant Governor, Attorney General, Controller, Secretary of State, Superintendent of Public Instruction, and Treasurer must be prescribed by statute, but may not be increased or decreased during a term. The members of the Board of Equalization are currently compensated pursuant to statute.

This measure would delete the above provisions of the Constitution, and would create a Commission on Elected State Officers' Compensation. Such commission would have the exclusive power to determine the compensation, reimbursement for living expenses, and retirement benefits for elected state officers, members of the Board of Equalization, and Members of the Legislature, and would provide for its 5-member composition.

The Constitution presently provides for reapportionment of the Legislature after every decennial federal census and, in the event the Legislature fails to reapportion itself after such census, for the creation of a Reapportionment Commission which is empowered to reapportion the Legislature, to consist of the Lieutenant Governor, Attorney General, State Controller, Secretary of State, and the State Superintendent of Public Instruction. The Constitution also requires the Legislature to establish congressional districts in a precribed manner, and to redistrict the state into 4 districts for purposes of providing for the election of a member of the Board of Equalization from each such district.

This measure would delete the above provisions relating to reapportionment of the Legislature, the establishment of congressional districts by the Legislature, and the redistricting of the state by the Legislature for purposes of providing for the election of members of the Board of Equalization It would, instead, require the Supreme Court to undertake such functions to accomplish reapportionment in the year 1981, and every 10 years thereafter

LEGISLATIVE COUNSEL'S DIGEST

ACA 3, as proposed, Lewis. Freedom of press.

The existing Constitution provides generally for the freedoms of speech and press, and prohibits any law from restraining or abridging liberty of speech or press. Existing statutory law prohibits persons employed by or connected with specified news media from being adjudged in contempt or punished for refusing to disclose the source of any information procured while so connected or employed or for refusing to disclose any unpublished information obtained or prepared in the gathering, receiving, or processing of information for communication to the public. The courts have limited this statutory right under present constitutional provisions, including their inherent constitutional power.

This measure, in addition, would prohibit persons employed by or connected with specified news media from being adjudged in contempt or punished for refusing to disclose the source of any information procured while so connected or employed, thus making it a constitutional right for such persons to refuse to disclose the source of such information.

(5) No elected official subject to this measure could be provided with an automobile, except as established by the commission for official business, and any such automobile would be required to be of the same type as those ordinarily provided for other state employees or, in case of a judge of the superior or municipal court, of the same type as ordinarily provided county employees in the county in which the judge sits.

(6) No elected official subject to this measure would be eligible for health care benefits or insurance except to the extent such benefits and insurance are established by the commission and do not exceed those available to the majority of state civil service employees; provided, that a judge of the superior or municipal court would be authorized to elect, in lieu of coverage by the state, to be covered by health care benefits or insurance provided to officers or employees of the county in which the judge sits.
