Primary elections: dates

Existing law provides that the presidential primary election is held on the first Tuesday after the first Monday in June of each even-numbered year divisible by 4 and the direct primary election is held on the first Tuesday after the first Monday in June of each even-numbered year.

This bill would change the date of the presidential primary to the second Tuesday in April of each even-numbered year divisible by 4, and the date of the direct primary election to the second Tuesday in September of each even-numbered year.

It would also make various changes in deadlines for duties to be performed by candidates, county clerks, and the Secretary of State, necessitated by the change in such dates.

An act to add Chapter 2.3 (commencing with Section 65070) to Division 1 of Title 7 of the Government Code, relating to state agencies' hearings.

LEGISLATIVE COUNSEL'S DIGEST

General Subject: Public hearings.

Under existing law there is no uniform public hearing process which is required to be followed whenever a state agency amends or alters any regional or local element of a state plan that has been mandated by state or federal law.

This bill would establish such a uniform public hearing process. The bill would require a state agency to conduct a public hearing, pursuant to a specified procedure, if the state agency proposes to amend a regional or local element of a particular state plan, unless the state agency and the affected local government agree, in writing, on changes to the plan.

The bill would permit the state agency to make any proposed changes, covered in the public hearing, which it determines are in accordance with the law only if the Governor approves such changes by executive order within 30 days after the conclusion of the hearing

The bill would provide that its provisions shall prevail over any other conflicting provisions of general law except where a more specific process for arbitrating disagreements over any plan, or element thereof, has been established by law.

Vote majority. Appropriation· no. Fiscal committee yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

Schools: revenue limit increases. voluntary integration programs.

The California Constitution, as amended by Proposition 1, a legislative constitutional amendment adopted by the voters on November 6, 1979, prohibits state courts, in desegregation cases, from ordering school boards to mandatorily reassign and transport pupils on the basis of race, except under circumstances in which a federal court may do so.

The California Supreme Court has denied review of Crawford v. Board of Education (113 Cal App. 3d 633) which upheld the constitutionality of that provision.

Existing law also prescribes a method of computing school district revenue limits and apportions funds to districts based generally on revenue limits less property tax revenues received. District revenue limits are adjusted for inflation and various other factors, including a revenue limit increase to pay costs mandated by the courts.

This bill would continue revenue limit increases for each of the 10 succeeding fiscal years for voluntary integration programs maintained by school districts, but not to exceed the amounts received for the mandated costs for the 1980-81 fiscal year, as adjusted. This bill would also require the funds provided by the revenue limit increases to be used for voluntary integration efforts, as specified.

This bill would prohibit school districts from selling, leasing, or otherwise disposing of schoolbuses acquired for court-mandated desegregation programs with funds provided the revenue limit increases. This bill would transfer any ownership interests in the buses to the Superintendent of Public Instruction for allocation to other school districts which may need the buses, as specified.

This bill would take effect immediately as an urgency statute

An act to add Chapter 4.5 (commencing with Section 9380) to Division 8.5 of the Welfare and Institutions, relating to elder abuse.

LEGISLATIVE COUNSEL'S DIGEST

Elder abuse reporting.

Existing law does not provide for a system of reporting abuse or neglect of persons at least 60 years of age

The bill would so provide.

The bill would provide that elder care custodians, as defined, would be required to report instances of physical or fiduciary abuse, neglect or abandonment, of elders to elder protection agencies, as defined

The bill would allow, but not require, all other persons to report instances of elder abuse, as defined, to elder protection agencies.

Elder care custodians could, but would not be required to, report instances of mental abuse

The bill would require elder protective agencies, as defined, upon written reports of suspected elder abuse to assess the conditions and needs of the suspected abuse victim within 5 working days of receipt of the report, except that if the report indicates the presence of a life-threatening situation, the assessment shall be made immediately.

The bill would provide that if an elder protective agency determines, upon assessing a report of suspected elder abuse, that the victim is in need of assistance or protective services, the agency shall formulate a plan for provision of the necessary services. Provision of services shall not be given without the consent of the elder abuse victim, except that temporary guardianship or conservatorship appointments may be sought if the victim is found to be so incapacitated as to not have the ability to give, or deny consent.

The bill would provide that elder abuse agencies shall establish guidelines for the sharing of information and the coordination of investigations relating to instances of suspected elder abuse

The bill would specify informational requirements for reports of instances of elder abuse.

The bill would specify that confidential privileges shall not apply to elder abuse.

The bill would specify that no elder care custodian shall bear civil or criminal liability for reporting suspected elder abuse, and that no other person shall bear any liability for reporting these instances unless the person knew, or should have known, that the report was false

The bill would provide that any person failing to report when required, an instance of elder abuse, is guilty of a misdemeanor punishable by a prison term not to exceed 6 months, a fine not to exceed $500, or both

Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

This bill would provide that no appropriation is made by this act for the purpose of making reimbursement pursuant to the constitutional mandate or Section 2231 or 2234, but would recognize that local agencies and school districts may pursue their other available remedies to seek reimbursement for these costs.

This bill would provide that notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section, therefore, the provisions of the act would remain in effect unless and until they are amended or repealed by a later enacted act.

Schools: federal aid. taxation: military personnel.

Existing law grants automatic extensions of time for, among other things, filing returns and paying income taxes to individuals who serve as members of the armed forces of the United States beyond the boundaries of the country. Current law further grants automatic extensions of time for individuals serving in, or in support of, the United States armed forces who were continuously outside of the Americas for longer than 90 days by disregarding the period of time outside the Americas and an additional prescribed period for taxation purposes.

This bill would repeal those provisions.

This bill would require the Franchise Tax Board to determine in each fiscal year the additional state revenues generated by the repeal of those provisions.

Existing federal law prescribes a method for allowing federal funds to school districts which are affected by federal activity.

Existing law also prescribes a method of computing the revenue limits of, and state apportionments to, school districts.

This bill would transfer in each fiscal year from the General Fund to Section A of the State School Fund a sum equal to the amount determined by the Franchise Tax Board, but in no event would the sum transferred exceed the statewide total of any reduction in federal funds for areas affected by federal activity.

This bill would apportion in each fiscal year to school districts which received federal funds for areas affected by federal activity in the 1980–81 fiscal year an amount equal to the reduction in those federal funds or a pro rata portion of that amount, if the amount transferred to Section A of the State School Fund is less than the amount of the statewide reduction in federal funds.

LEGISLATIVE COUNSEL'S DIGEST

Building designers.

Existing law does not permit the registration of new building designers, but does provide for the registration and regulation of building designers who were registered prior to a certain date.

This bill would provide for the licensure of new building designers who meet specified education and experience requirements, satisfactorily complete a written and oral examination, and pay a licensure fee, all as prescribed. A person who holds a license to practice building design would be limited to the design of buildings not to exceed 32 stories and basement or parking garage in height and would be prohibited from designing specified buildings. The bill would make conforming changes.

The bill would, in addition, provide for the issuance of a certificate to practice architecture to any registered building designer who satisfies specified requirements and pays a certificate fee, all as prescribed.

This bill would further revise provisions relating to (1) the qualifications and the function of members of the California State Board of Architectural Examiners, (2) acts which are exempted from regulation under the provisions of law regulating architects and building designers, and (3) the requirements of training and educational experience which must be satisfied to receive a certificate to practice architecture.

This bill, in making conforming changes, would, among other things, (1) make it a misdemeanor for anyone to engage in the practice of building design without being either registered or licensed, as specified, and (2) provide for new examination and licensure fees which would be paid into the continuously appropriated California State Board of Architectural Examiners Fund.

Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

However, this bill would provide that no appropriation is made and no reimbursement is required by this act for a specified reason.

LEGISLATIVE COUNSEL'S DIGEST

Schools. suspensions: expulsions.

(1) Under existing law, a public school pupil cannot be suspended from school or recommended for expulsion unless the principal determines that the pupil has committed any of several specified offenses.

This bill would require that a pupil enrolled in a special education program be included among pupils covered by the standards for suspension or recommendation for expulsion. Also, one offense would be added to those which can lead to suspension or expulsion: this bill would require that any pupil who, in the determination of the principal, unlawfully offered or arranged or negotiated to sell any controlled substance, alcoholic beverage, or other intoxicant, and then sold, delivered, or otherwise furnished to any person another substance in lieu of the controlled substance, alcoholic beverage, or other intoxicant, would be subject to suspension from school or recommendation for expulsion.

(2) Under existing law, the governing board of a school district may order that a pupil be expelled In ordering the expulsion of a pupil, the governing board must find that the pupil committed any of several specified offenses and that other means of correction have failed to improve the pupil's conduct, or that the presence of the pupil constitutes a continuing danger to the physical safety of the pupil or others.

This bill would create two classes of offenses. For the commission of any of one group of offenses, the governing board would be empowered to order the expulsion of a pupil upon finding that the pupil committed the violation. For the commission of any of the other group of offenses, the governing board would have to meet the requirements of existing law, outlined above, before expulsion of the pupil could be ordered.

(3) Existing law sets forth procedures to be followed when a hearing officer or administrative panel rejects a recommendation that a pupil be expelled.

This bill would eliminate an existing requirement that, upon rejection of a recommendation for expulsion, a pupil be reinstated to classroom instruction by mutual agreement among the principal, parent or guardian of the pupil, and the pupil.

This bill would make it an infraction to sell or offer for sale in these establishments or plants any salmon which is not identified by its common name or names. The Department of Fish and Game would be required to establish the common names used in the trade or business for different varieties of salmon. Restaurants serving salmon would be allowed to describe the type of salmon served in the menu by referring to that common name.

(2) Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

Office of the Ombudsman

Under existing law, the Office of Administrative Law is charged with reviewing the adoption of regulations by state agencies and with approving a regulation if it meets specified standards Both the director and the deputy director must have the same qualifications as a hearing officer, must be appointed by the Governor and confirmed by the Senate, and their terms are coterminous with that of the Governor

This bill would create, within the Office of Administrative Law, the Office of the Ombudsman, to investigate on an independent and impartial basis complaints concerning the actions of administrative agencies of the state, and to recommend appropriate remedies to those complaints

This bill would provide that the director of the Office of Administrative Law shall exercise the powers and discharge the duties of the Ombudsman. It would require nomination of the Ombudsman by a bipartisan legislative selection committee and appointment by a ⅔ vote of the Legislature, as specified. It would authorize the Ombudsman to appoint a deputy Ombudsman who would also serve as deputy director of the Office of Administrative Law, and would set the term of the Ombudsman at 6 years without limitation as to reappointment

This bill would specify the powers and duties of the Ombudsman, including, among other things, maintaining secrecy regarding the matter under investigation, requiring the production of documents by subpoena, reporting recommendations to an agency after investigation, and releasing the recommendations to the Governor, the Legislature, and to the public.

This bill would also prohibit any civil action against the Ombudsman for any action, statement, or omission made in performing the duties specified by this bill, and would impose a fine of up to $1,000 upon any person who willfully hinders the lawful actions of the Ombudsman

LEGISLATIVE COUNSEL'S DIGEST

State government reorganization: state employees.

Under existing law the State Personnel Board administers the state civil service, with the State Board of Control, the Department of General Services, and the Department of Finance responsible for administering various limited aspects of civil service employment.

This bill would create the Department of Personnel Administration to administer the non-merit aspects of state employment for non-elected employees in the executive branch of government, employees of the California Maritime Academy, and employees of the Legislative Counsel Bureau, and to act as the Governor's representative in higher education employer-employee relations. A Division of Labor Relations in the department would also be created.

Various functions presently performed by the State Personnel Board would be administered by the department, including, among others, salary determination, working hours, vacations, sick leave, absences, training, performance reports, layoff, and grievances. The State Personnel Board would retain the authority to administer the merit system as required by the California Constitution.

Various limited functions presently performed by the State Board of Control, the Department of General Services, and the Department of Finance relating to employee entitlements for employees covered by the bill would be administered by the department, including, among others, per diem and travel expenses, relocation expenses, clothing and equipment allowances, deferred compensation plans, merit awards, and salary adjustments These agencies would retain their functions for all state officers and employees not covered by the bill.

This bill would provide for the transfer to the Department of Personnel Administration of the employees, records, property, and funds of the State Personnel Board, the State Board of Control, the Department of General Services, and the Department of Finance which are engaged in the performance of the functions transferred to the Department of Personnel Administration.

GOVERNOR'S REORGANIZATION PLANS—1981—Continued
(Page numbers refer to Senate Journals for 1981–82 Regular Session)
