EXPLANATION OF VOTE

The following explanation of vote was received, and ordered printed in the Journal:

By Mr Coombs:

FIFTH AMENDMENT

The citizen can not be "deprived of life, liberty or property without due process of law; nor shall private property be taken for public use without just compensation." This may have related only to federal questions until the adoption of the Fourteenth Amendment. The amendment makes the principle relate to states. It provides, "Nor shall any state deprive any person of life, liberty, or property, without due process of law."

Article I, section 14, State constitution, says: "Private property shall not be taken or damaged for public use without just compensation having first been made, or paid into court." This is simply in emphasis of the principle.

It is seen by the Fourteenth Amendment that the state can not deprive one of property without due process of law, and this becomes important in view of the definitions of due process and just compensation, as follows:

It is definitely settled that the taking of property for private use, or without just compensation, is a deprivation without due process of law. (10 R. C. L. Sec. 14, page 17, and Sec. 24, last part.)

It is seen that taking for private use is taking without due process.

This authority also holds to the doctrine that the taking for private use is in derogation of the Fourteenth Amendment.

That a state constitution authorizing the taking for private use would be in conflict with the Fourteenth Amendment (Section 25.)

The inhibition against the taking for public use without compensation impliedly but definitely forbids the taking of property for private use. (Section 24.)

Grant of power of eminent domain never passes by implication. (Section 168.)

WHAT IS PUBLIC USE?

It is first conceded that it is for the Legislature to determine what is a public use (180 Cal. 7.) This, however, is not a folly. The state is limited, otherwise the principle is destroyed.

It is seen, however, by the Fourteenth Amendment, which says that "the state can not deprive one of property without due process" and, by this token, we must find what due process means.

Due process forbids taking for private use (Supra.)

PUBLIC USE

There are three meanings given to public use.

First—A duty must devolve upon the person holding the property.

Second—Public use means a public advantage.

Third—The third forms a line between these two and relates, often, to particular customs, for instance in the mining days, public advantage might have made a rule that, in the working of great mines, the owner might have been obliged to acquire extra ground for running the mill, or in older states, a grist mill. Of course, this third ground has no standing in our system.

As between the first and the second definitions:

Our courts hold to the first—that a public use must be where a public duty devolves upon the one who condemns. Of course it must be a public duty. (See Gravelly Ford Canal vs Talbot Lands Co., 36 Cal App 536 178 Pac 130.)

The right is upheld on the ground that the taking is for the use and benefit of the people of the state, not for the individual. (Gilmer vs. Lime Point, 18 Cal. 229.)

Public use must be such as to satisfy a great public necessity. Public purposes is employed in the same sense as taxation. (76 Cal. 360; 36 Cal. App. 556.)

Public use means "Use by the public." (97 Cal. 676.)

As a general rule it is for the Legislature to determine what is a public use. (52 Cal. 159; 47 Cal. 646; 155 Fed. 140.)

This can be done only by general law. (10 Cal. Jur., Sec. 9, note 2, page 290.)

It can not be extended by inference. (164 Cal. 221; 148 Cal. 211. See L. A. vs. Teacis, 119 Cal. 164.)

Legislature may, where the use is public in fact, determine necessity. (Numerous cases in California.)

Public use does not mean "public convenience." (64 Cal. 123.)

"To make a use public a duty must devolve upon the person or corporation holding the property * * * to furnish the public with the use intended, and the public must be entitled as a right to use and enjoy the property taken." (Gravelly Ford Canal Co. vs. Talbot Land Co., 36 Cal. Appl. 536.)

Unless all may, under similar circumstances demand and receive as of right, the use is not public. (Shasta Power Co. vs. Walker, 149 Fed. 568.)

Eminent domain can not be exercised to promote private enterprise, no matter how necessary or advantageous * * * or however beneficial to the public. (152 Cal. 688; 14 Ann. Cas. 900; 15 L. R. A. (n.s.) 616; 73 Cal. 482; 73 Cal. 477; 63 Cal. 73. See 3 Cal. App. 668.)

While it is true, generally, that the state may determine what is public use, "The Legislature can not by edict make that a public utility which in fact is not and take property by a fiat that it is being devoted to a public use." (10 R. C. L., Sec. 22; Pipe Line Co. vs. R. R. Com., 176 Cal. 518; 19 L. R. A. (n.s.) 725.)

In each case, unless the use is by nature a public use, the courts will disregard the legislative declaration that the use is public. (130 Cal. 631; 126 Cal. 150; 69 Cal. 255; 13 Cal. App. 498.)

While the courts are not in agreement on the precise meaning of public use, it is held, "without a single exception, that it does not lie in the power of the state to authorize the taking for private use." (10 R. C. L., Sec. 24, note 8.) This authority holds it to be beyond legislative power.

We find from the foregoing that to take property for private use is in derogation of the principle of due process.

That public use involves a corresponding obligation to the public.

That the state, in the exercise of the right to declare what is a public use, is limited to what is, in fact, a public use.

It is my opinion that this bill is unconstitutional.

That it is in derogation of the principle authorizing eminent domain.

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Chief Clerk:

LOS ANGELES, CALIFORNIA, April 15, 1929.

*To the Secretary of the Assembly,
Sacramento, California.*

DEAR SIR: I wish to protest against any changes in the libel laws of this State as contemplated in a bill which I understand is to be introduced at this session.

No citizen should be deprived of the right of making truthful statements in regard to public officials, or even against individual citizens if the statement is for the general good. If one makes an untruthful statement, there are enough laws on the statute books to hold him to account.

Yours truly,

W. D. HAMAKER, M. D.

The provisions of this statute are intended to apply to officials now in office, as well as to those hereafter elected.

SEC. 2. The procedure to effect such recall shall be as follows:

A petition demanding the recall of the officer sought to be recalled shall be filed with the clerk of the legislative body of such city or town, which petition shall be signed by qualified electors equal in number to at least twenty-five per cent of the entire number of votes cast for all candidates for the office which the incumbent sought to be removed occupies, at the last preceding regular municipal election at which such office was filled by election (or a like percentage of such votes within those precincts embraced within the ward or subdivision of the city or town within which candidates for the said office were to be voted for, in the case of an official not elected by the city or town at large). One petition and one election shall be sufficient for the recall of one or more officials except a majority or more of all of the members of the legislative body. In case a clerk is the officer sought to be recalled, the duties herein provided to be performed by him shall be performed by some other person designated by said legislative body for that purpose.

SEC. 3. Before submitting such a petition for signatures the proponents thereof shall publish a notice of intention so to do which notice must be accompanied by a printed statement not exceeding three hundred words in length of the reasons for the proposed recall. Said notice and statement shall be published at least once in a newspaper of general circulation published in such city or town or if no newspaper be published in said city or town, then in a newspaper published within the county and circulated within said city or town or if no newspaper of general circulation be published within said county, then a copy of said notice of intention and the accompanying statement shall be posted in three public places in such city or town, or portion of such city or town wherein the recall is to be voted on.

SEC. 4. Said statement and answer are intended solely for the information of the electors and no insufficiency in the form or substance thereof shall affect in any manner the validity of the proceedings taken hereunder.

SEC. 5. Within twenty-one days after the publication or posting of the notice and statement provided for in section 3 hereof, the petition demanding the recall of the officer may be circulated among the qualified electors of said city or town for the submission of signatures. Said petition must bear a copy of the printed or posted notice of intention and accompanying statement and the answer if any made by the officer to said statement. If the officer has not answered them the petition must so state. Signatures must be secured and the petition filed as hereafter provided within sixty days from the time of publication or posting of the notice of intention.

SEC. 6. The signatures to the petition need not all be appended to one paper. of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed, and of a qualified elector of the city or town (or particular subdivision thereof).

SEC. 8. Within three days from the date of filing such petition, the clerk shall examine and from records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed.

SEC. 9. The clerk shall, within three days after such supplementing papers are filed, make like examination of the supplementing petition, and if his certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon, but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect.

SEC. 10. If required by the clerk the legislative body of said city or town shall authorize the clerk to employ in addition to the persons regularly employed by him in his office such persons as may be necessary in the examination of said petition and supplemental petition and shall provide for the compensation to be paid such persons.

SEC. 11. If the petition shall be found to be sufficient, the clerk shall submit the same to the legislative body of the city or town without delay, whereupon that body shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer. Whenever a regular municipal election is to occur not more than sixty days nor less than thirty-five days from the time of the receipt of the petition by the legislative body from the clerk, the legislative body may at its discretion provide for the submission of the question of the recall at such regular election instead of a special election. At any such regular election where the question of the recall of an officer is submitted the ballots for the recording of the vote on a question of such recall must be separate from any other ballots used in such election.

SEC. 12. The clerk shall cause to be printed and mailed to each elector at least ten days prior to the election, sample ballots upon which shall be printed the statement of the proponents which was published with the notice of intention heretofore mentioned, followed by the answer if any of the officer sought to be recalled.

There shall also be printed thereon the following question:

"Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the elector shall indicate by stamping a cross (X) his vote for or against such recall.

SEC. 13. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No" said incumbent shall continue in said office. If a majority shall vote "Yes" said incumbent shall thereupon be deemed removed from such office and a vacancy shall exist therein which shall be filled by the city or town council in the same time form and manner as provided for filling vacancies in office under any other circumstances.

SEC. 14. This act is not intended to apply to those cities having a freeholders' charter adopted under the provisions of section 8 of article eleven of the constitution and having in such charter provision for the recall of elective officials by the electors.

RESOLUTION.

The following resolution was offered:

By Messrs Anderson, Lyons and Keaton:

WHEREAS, Section 85 of the Penal Code of the State of California makes the offering or giving of a bribe or attempt by menace, deceit or any corrupt means to influence a member of the Legislature in giving or withholding his vote a crime; and

WHEREAS, Section 7, article IV of the constitution of the State of California states that each house is the judge of the qualifications of its own members; and

WHEREAS, Certain proceedings have been filed in a court in Los Angeles City against one of the members of this Assembly, pertaining to his right to a seat in this Assembly; and

WHEREAS, It is alleged that a certain Jack Buzzell has attempted by threats and menace, and promises to influence or control the vote of Assemblyman Willard E. Badham by reason of the aforesaid proceedings in Los Angeles; and

WHEREAS, Certain members of this Assembly have investigated the allegations concerning the said Jack Buzzell and Assemblyman Badham and have filed a written report with the Los Angeles delegation of this Assembly, which report is attached hereto and made a part hereof; and

WHEREAS, In the opinion of said members an offense has been committed; and therefore, be it

Resolved, That this entire matter be referred to the Assembly Committee on Judiciary for such investigation and proceedings as they shall advise.

SACRAMENTO, CALIFORNIA, March 18, 1929.

Mr. Harry Lyons.

*Chairman of the Los Angeles Assembly Delegation,
Session of 1929, Sacramento, California.*

DEAR MR. LYONS: We, your committee, which you appointed with the request that we investigate the matter of the alleged attempt at improper influence of a member of the Assembly by one Jack Buzzell, beg leave to report that we have made a brief investigation and submit the following data and opinion:

I.

We find that section 7, article IV of the constitution of the State of California distinctly states that each house is the judge of the qualifications of its own members.

II.

We also find that section 85 of the Penal Code makes the alleged acts of Jack Buzzell, hereinafter referred to, a serious offense under said section, which is as follows, to-wit:

"85. Giving or offering bribes to members of the Legislature. Every person who gives or offers to give a bribe to any member of the Legislature, or to another person for him, or attempts by menace, deceit, suppression of truth, or any corrupt means, to influence a member in giving or withholding his vote, or in not attending the house or any committee of which he is a member, is punishable by imprisonment in the state prison not less than one nor more than ten years."

III.

We are informed, although we have not individually seen the papers, that certain proceedings have taken place in a municipal court of Los Angeles County, wherein Assemblyman Badham of the Los Angeles delegation, is accused, upon the ground that he did not file his expense account on the election, within the time limit set forth in the election laws, and that under and by virtue of said court proceedings, there has been issued out of said court, a warrant for Assemblyman Badham's arrest, and that said proceedings are being had, and said warrant was issued, and an attempt was made to serve said warrant during the time that Assemblyman Badham was in attendance at a session of the Legislature and during the period of time Assemblyman Badham is a member of such session, all contrary to law and the constitutional rights of said Assemblyman Badham.

IV.

Your committee regrets that it has been unable to personally interview some of the parties who possess definite first-hand information according to general information we have received, and therefore, we are omitting herein this general information because it would have to be classed as hearsay, and shall confine the evidence at hand to information that has been given to us directly.

V.

The following is a statement by Assemblyman Willard E. Badham:

On Wednesday, the thirteenth of March, 1929, a certain Los Angeles County official was sitting in back of the Assembly Chamber in the Capitol at Sacramento, talking to Jack Buzzell, secretary of the Los Angeles Labor Council, when the county official called me and said that Jack Buzzell had a plan for the dismissing of the case involving my legislative seat and now pending at Los Angeles.

I said, "Shoot, what have you to say?"

He, Jack Buzzell, said if I would vote for the so-called "yellow dog" bill and the Workmen's Compensation Act, he would get things released down below.

Not sure that I got him just right, I asked him how many bills he wanted me to vote for.

He said, just the two, the so-called "yellow dog" bill and the Workmen's Compensation Act.

The county official then spoke up and said, "There is your chance, Badham, to get things dismissed below."

Jack Buzzell then said, "I will stand by my agreement if you will come through with the votes."

At that point someone came by and broke up the conversation, and I immediately went and reported the affair to my attorney.

VI.

The following is a statement by Walter B. Fawcett:

*Hon. Willard Badham,
Assembly Chamber, State Capitol,
Sacramento, California.*

DEAR SIR. The following information may be of interest to you:

While I was awaiting the convening of the Assembly Insurance Committee in Room 430, Tuesday afternoon, March 12th, J. W. Buzzell, secretary of the Los Angeles Central Labor Council, took a seat at my right. I said to Buzzell "You made a very good presentation of labor's position on the 'yellow dog' contract bill last evening."

Buzzell leaned forward and replied "Yes! I made a proposition to Assemblyman Badham that if he would vote for the 'yellow dog' contract bill, I would go down to Los Angeles and have the charge against him dismissed. You know, I had that complaint filed against him and I guess it has kept him worried."

I looked at him carefully and said to him "That is quite interesting."

He then added "Supervisor Sid Graves was with me and heard me make the proposition to Badham. I think we'll pass the bill all right."

Frank Outman, of Berkeley, was seated at my left and may have overheard the conversation. He will no doubt recall the incident.

The committee was called to order just at this time and there was no further conversation on the subject.

Respectfully,

WALTER B. FAWCETT.

VII.

A member of your delegation, but inasmuch as Assemblyman Stockwell heard the same first-hand information, but inasmuch as Assemblyman Stockwell heard the statement, and your committee did not, therefore, we request that your delegation take it up with Assemblyman Stockwell, and we attach a statement by him hereto, marked Exhibit "A," together with other statements which we have received. We also understood that Assemblyman Frank McGinley has some first-hand information, and he being a member of your delegation, you can get it first hand.

VIII.

Your committee is of the opinion that some of the gentlemen who know of this matter first hand, and have such first-hand information of this matter, which we believe to be a crime under the law, seemed to desire to keep out of the matter, and are therefore avoiding, as far as possible, being brought into the matter as witnesses, and we are of the opinion that they can furnish evidence, and if they are sworn, that they will furnish evidence of great importance, but we had no authority to place them under oath, and in fact, did not see all of them. It is our opinion that some of them, at least, are inclined to pass the matter off as a joke in order to escape being brought into the matter as such witnesses, and in this connection, we refer to Supervisors Graves and Shaw of Los Angeles, and Mr. Fred Frank, also of Los Angeles.

IX.

Your committee is of the opinion that there was a serious offense committed, and that Jack Buzzell, if the allegations presented to us are true, is liable to prosecution for a serious offense. We do not consider the matter a joke in any form, and we feel that it is important that members of the Legislature shall, at all times, be free from undue influence, intimidation, duress or menace, and that if, in your judgment, the facts submitted herewith, together with the further facts that you are able to gather from members of your own delegation warrant the bringing of the necessary and proper action against this offender, we would heartily recommend such proceedings. It is impossible to use language too strong in the condemning of such actions as those alleged to have been done by this Jack Buzzell.

In conclusion, we wish to say that we are making this report to you, and not to the press. You may do with it what you think is best, and we will be happy to cooperate with you in anything that seems favorable or proper to your delegation, in helping to punish offenders who interfere with the free and proper functions of the Legislature.

Respectfully submitted.

EXHIBIT "A."

I was informed by a responsible person that a proposal was made by Buzzell to Badham that in the event Badham would vote for the yellow dog bill and for the spotter bill that the charges against Badham would be dropped in the municipal court in Los Angeles. Person informing me overheard the proposal made by Buzzell.

ASSEMBLY, March 15, 1929.

On Wednesday, the thirteenth of March, 1929, a certain Los Angeles County official was sitting in back of the Assembly Chamber in the Capitol at Sacramento talking to Jack Buzzell, secretary of the Los Angeles Labor Council, when the county official called me and said that Jack Buzzell had a plan for the dismissing of the case involving my legislative seat and now pending at Los Angeles.

I said, "Shoot, what have you to say?"

He, Jack Buzzell, said if I would vote for the so-called "yellow dog" bill and the Workmen's Compensation Act, he would get things released down below.

Not sure that I got him just right, I asked him how many bills he wanted me to vote for.

He said, just the two, the so-called "yellow dog" bill and the Workmen's Compensation Act.

The county official then spoke up and said, "There is your chance, Badham, to get things dismissed below."

Jack Buzzell then said, "I will stand by my agreement if you will come through with the votes."

At that point someone came by and broke up the conversation, and I immediately went and reported the affair to my attorney.

WILLARD E. BADHAM.

EXHIBIT "C."

March 13, 1929.

*Hon. Willard Badham, Assembly Chamber, State Capitol,
Sacramento, California.*

DEAR SIR: The following information may be of interest to you:

While I was awaiting the convening of the Assembly Insurance Committee in room 430, Tuesday afternoon, March 12th, J. W. Buzzell, secretary of the Los Angeles Central Labor Council, took a seat at my right. I said to Buzzell, "You made a very good presentation of labor's position on the 'yellow dog' contract bill last evening."

Buzzell leaned forward and replied, "Yes! I made a proposition to Assemblyman Badham that if he would vote for the 'yellow dog' contract bill, I would go down to Los Angeles and have the charge against him dismissed. You know, I had that complaint filed against him and I guess it has kept him worried."

I looked at him carefully and said to him, "That is quite interesting."

He then added, "Supervisor Sid Graves was with me and heard me make the proposition to Badham. I think we'll pass the bill alright."

Frank Outman, of Berkeley, was seated at my left and may have overheard the conversation. He will no doubt recall the incident.

The committee was called to order just at this time and there was no further conversation on the subject.

Respectfully,

WALTER B. FAWCETT.

The Speaker referred the above resolution to Committee on Judiciary.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 17, 1929.

To the Assembly of the State of California.

Assembly Bill No. 653 is herewith returned without my approval.

This bill allows compensation to be paid school election officers in every school district where polls are kept open more than four hours. This limitation of four hours makes it clear that it was not intended to place this financial burden upon the multitude of small country districts where a four-hour election day is possible.

However, upon investigation it is found that there is nothing to prevent these small districts holding their polls open more than four hours, with the consequent possibility of this extra expense upon them. The author of the bill, who had sought merely to affect large districts outside of cities, in view of the facts above stated, joins in agreeing that my approval be withheld.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 17, 1929.

To the Assembly of the State of California

Assembly Bill No 1016 is herewith returned without my approval.

Legal objections to the bill as drawn appear sufficiently serious to endanger accomplishment of the desired purpose. This fact is borne out in one respect by a recent decision of the Supreme Court. Inasmuch as the objections which have been found are such as can be obviated in a new measure, a substitute bill is being prepared for introduction. With this in view the author of the present bill and others interested have agreed that my approval should be withheld.

Respectfully submitted.

C. C. YOUNG, Governor

COMMUNICATIONS.

By Mr. Speaker:

RESOLUTION.

Since efficiency experts in all industrial institutions are responsible for the shelving of middle aged workers, veterans of all American wars have been rated more or less 25 per cent inefficient, mostly on account of their services in time of war. All

laborers reaching the age of 45 years are rated inefficient, and veterans have been discriminated against according to their age on account of service.

WHEREAS, The Civil War veterans have long ago passed the age of employment, having reached the average of 82 years. They are but few, and will soon be eliminated from the pension roll. They and their aged wives and widows need financial assistance, and should have it from a grateful government.

WHEREAS, The Indian War veterans have reached the average age of 65 years and have not received the consideration that veterans of other wars have. They, too, are beyond the age of employment and it is time their splendid services were recognized by our legislators.

WHEREAS, The records show that the health of the survivors of the Spanish American War is impaired on account of their service in the tropics, and are given a greater inefficiency rating according to their age. The records show that only 15 per cent are self-supporting. All Spanish War veterans have reached the age of 54 years, and 60 per cent are now dependent. We consider that they certainly are entitled to help from a country they have helped to acquire, protect, and make the most prosperous of all countries in the world.

Resolved, That Congress will in the near future consider a law that will provide similar bills as the one known as Robinson Bill—S 4559, providing, \$72, \$125 and \$150 for Civil War veterans, with \$50 for widows. Further

Resolved, That all Indian War veterans (this should also include Indian scouts) participating in any engagement with hostile Indians, regardless of time, place or duration, be given the same rate of pension as that of the Spanish War veterans, and their widows be likewise considered in the matter of pension. Further

Resolved, That the pension law should provide that any soldier, sailor or marine who served in time of war from 1898 to 1918, who has reached the age of 50 years, shall receive a pension of \$50 per month, and an additional \$1 per month for each successive year, plus a disability rating over the efficiency limit for employment, eliminating the ninety-day clause in the present law. Army nurses and widows of veterans to receive a pension of \$50 per month. Further

Resolved, That a copy of these resolutions be forwarded to the President of the United States, the Bureau of the Budget, Secretary of the Treasury, and Pension Committee at Washington, D. C. Further

Resolved, That the Secretary be instructed to mail a copy to the city supervisors and to the clerk of the State Legislature at Sacramento.

That the Bay Cities Veterans Old Age Welfare Workers do unanimously indorse the above resolutions, and urgently request that city supervisors and the State Legislature pass resolutions indorsing the above.

WORKERS**

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

WHEREAS, The council of the city of Los Angeles on the second day of April, 1929, adopted a resolution calling attention to the excessive rates charged by the telephone monopoly in the State of California and urged the Legislature in the State of California to make an appropriation in the sum of \$150,000 for the purpose of conducting a State-wide investigation of the telephone situation to the end of securing a reduction in telephone rates, and

WHEREAS, Senator Hiram Johnson has introduced a resolution in the United States Senate calling for a senatorial probe of rates and relations of operating companies of the Bell telephone system; and

WHEREAS, Assemblyman James Quigley of San Francisco has introduced a resolution in the California Legislature to put the Legislature of the State of California on record favoring the adoption of Senator Johnson's resolution by the United States Senate; now, therefore, be it

Resolved, That the Los Angeles city council does hereby

First—Appeal to the United States Senate for the adoption of the resolution of Senator Hiram Johnson requesting the senatorial probe of telephone rates and the relations of holding and operating companies of the Bell telephone system.

Second—Appeal to the Legislature of the State of California for the adoption of Assemblyman Quigley's resolution now pending endorsing the federal telephone inquiry.

Third—Renew its request to the Legislature of the State of California to appropriate \$150,000 to the Railroad Commission of the State of California, or to a special commission to be appointed by the Governor for the purpose of inquiring into the telephone monopoly to the end of securing reduced rates for the Los Angeles and other California communities.

By Chief Clerk:

HOUSE OF REPRESENTATIVES U. S.
WASHINGTON, D. C., April 18, 1929.

Mr. A. A. Ohnimus, Chief Clerk, Assembly,
Sacramento, California.

In re Senate Joint Resolution No. 7.

DEAR MR. OHNIMUS: I received your recent communication in reference to the pending revision of the tariff. As you are, of course, aware, rather exhaustive hearings were held, at which over one thousand witnesses appeared for and against items in the tariff bill. Hearings closed in February and the bill is now being written and will be introduced in Congress within the next few days. The present sessions of the committee are executive and no further hearings are to be held, so far as the House is concerned.

According to the usual practice of passing tariff bills, it is likely there will be little opportunity afforded for votes on separate items in the House. After the bill passes the House, it will go to the Senate Finance Committee for further hearing and consideration. In fact, as to most items, the next real opportunity for a hearing on separate items in the bill will be before the Senate committee.

However, your suggestions will be borne in mind by me in reference to the subject in which you are interested, in connection with any action the House takes upon the matter.

I am in favor of such tariffs as are necessary to afford reasonable protection to all our legitimate American products

Sincerely yours,

CLARENCE F. LEA.

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Speaker:

SAN FRANCISCO, CALIFORNIA, April 23, 1929.

*Hon. Edgar Levey, Speaker of the Assembly,
State Capitol, Sacramento, California*

DEAR MR. LEVEY. I did not wish to take the time over the telephone this morning to speak to you in relation to Assembly Bill No. 43, by Mr. Jespersen, which is now before the Assembly for passage, so I am taking the liberty of writing you relative to this bill.

The fruit and produce trade of this State are unanimously opposed to this measure, believing that it is discriminatory and detrimental to the best interests of the industry and the grower alike. Furthermore they believe that it is class legislation in a very decided form, as there is no other business that I know of where money is handled for clients that is regulated in this fashion.

The failures that have occurred in the fruit and vegetable trade have not been so numerous nor of such moment as to justify any such a measure. In fact they have not been any more numerous than failures of banks and other commercial business and to single out this particular line of business and put it under the proposed regulation tends to stultify it in the eyes of the public and make it appear as though it were an illegitimate rather than a legitimate business and, inasmuch as the marketing of perishable commodities is one of, if not the largest, of the commercial businesses in the State of California, we do not think it should be subjected to a piece of legislation that is going to embarrass it and hamper it in its operation.

Two years ago the Legislature passed, and the Governor signed, the Adams Bill, which was an act to regulate produce dealers and fruit shippers. At the same time the Jespersen Bill was passed and was before the Governor for consideration but after careful investigation on his part and after numerous hearings of all the interests concerned, he came to the conclusion that the Adams Bill fully regulated the handlers of perishable articles and protected the grower in the marketing of these articles when marketed on consignment, and he declared that if the Adams Bill functioned as he felt sure it would, there was no need of the Jespersen Bill and he thereupon vetoed it.

If there was no need for this bill two years ago there certainly is no need of it today, as the Adams Bill has proved to be effective in the regulation of consignment handlers and it gives unlimited authority to the Department of Agriculture in the matter of issuing licenses and making investigations on any complaints that may be filed by growers, and in this connection it might be in order to call your attention to the fact that out of two hundred claims that were filed in the past two years against various handlers of perishable articles, there was only one that had any merit and demanded action on the part of the Department of Agriculture.

In addition to the Adams Bill there was passed at this session of the Legislature Assembly Bill No. 155 which was the product of the combined efforts of the California Vineyardists Association and all the agricultural organizations of the State. This measure clearly defines the scope and manner of operation of the various types of handlers of perishable articles, so that with these two measures on our statute books I can not see wherein the grower is not amply protected in the marketing of his product.

When it comes to ascertaining the financial responsibility of the dealer through whom he markets his product, he has access to such information through the Department of Agriculture and there is no excuse for his not acquainting himself with the full financial status of the firm through which he markets his product because the information is available to him for the asking.

The language of this measure is very obscure and leaves a great deal for the interpretation of lawyers and courts, and any handler of these products might innocently become involved in criminal prosecution by reason of a misinterpretation of the law and the authority given him in the performance of a trust. Where the penalty is embezzlement the duties of the trust should be very carefully thought out and very specifically stated in the Act and this has not been done. A dealer advancing money to a grower under the terms of the Act is obliged to place all the net proceeds in the "farm produce fund" and no provision is made for his deducting from these net proceeds the amount of money that is due him from the grower, nor the manner in which he can withdraw it from the above mentioned fund to repay himself, so that the practical working out of this measure is subject to a great many, and varied, interpretations, which should not be the case in a bill where the penalty is a felony.

I do not wish to burden you with any lengthy argument against this measure but have tried, as briefly as possible, to point out some of its objectionable features, which I hope you, as a business man, will appreciate and understand. I sincerely trust that you can see your way clear to use your influence towards defeating this bill when it comes up for final passage. I assure you that any assistance you can lend in this matter will be greatly appreciated by the fruit and vegetable business of this State.

Yours very truly,

SCOTT F. ENNIS.

ON JUDICIARY.

ASSEMBLY CHAMBER, SACRAMENTO, April 23, 1929.

MR. SPEAKER: Your Committee on Judiciary, to which was referred that certain affidavit and complaint of one P. Purviance, relating to the conduct of certain judges of the superior court, has had the same under consideration, and respectfully reports that a full and complete statement was made by the complainant before the Committee on Judiciary, and thereafter the Committee on Judiciary, by unanimous vote, recommended that said complaint and affidavit be dismissed as wholly without merit, and upon motion duly made and carried the chairman of the Committee on Judiciary appointed Henry McGuinness, Wm. B. Hornblower and Frank L. Coombs as a committee of three, for the purpose of preparing the findings and recommendations of the committee, which said findings and recommendations have been made to the committee and by the Committee on Judiciary unanimously adopted, and the committee hereby reports said findings back, and recommends that they be adopted.

SEWELL, Chairman.

The charges preferred in and by an affidavit and complaint by one P. Purviance and referred to the Committee on Judiciary, have been investigated by said committee, and the undersigned, members of the committee, have been designated as a subcommittee, to present to this House the findings and conclusions of said Committee on Judiciary.

A full statement of the facts, as viewed by the complainant, was made by him, and, after such statement, the committee did not deem it necessary that anything in refutation should be made by those charged.

The officers charged acted within the full discretion given them in the exercise of their duties, with perfect honesty, discretion and fairness, and should be absolved from any complaint lodged against them by the complainant.

The committee can not but regret that the high authority of the legislative branch should be invoked to investigate charges without merit, as these appear to be, and made out of a mistaken zeal of a disappointed litigant, to whom the courts are still open.

We recommend the adoption of the following resolution:

Resolved, That the said charges preferred by and in said affidavit and complaint of P. Purviance be, and the same are hereby dismissed as wholly without merit.

HENRY MCGUINNESS,
WM. B. HORNBLOWER,
FRANK L. COOMBS.

The question being on the adoption of the report.
Report unanimously adopted.

AFFIDAVIT AND COMPLAINT.

*To the Legislature of the State of California
and the Assembly thereof.*

P. Purviance being first duly sworn states the following facts:

That money has been taken from the chiropractic fund held by the State Treasurer, which fund is known as the State Board of Chiropractic Examiners fund without the authority of law.

To wit, James Compton on or about the twenty-first day of September, 1925, appropriated to the use of Frank V. Kington, an attorney, the sum of five hundred and eighty dollars and eighty-one cents (\$580 81) from the chiropractic fund which sum was withdrawn from public funds in the city of Sacramento and paid to said Frank V. Kington in the city of San Francisco, which act was without the authority of law and a violation of section 424 of the Penal Code of California.

A letter written to the Department of Finance, State Board of Control by Attorney General U. S. Webb, under date of November 24, 1925, and now on file in the department of Alexander Heiton, Department of Finance, reads partly as follows:

"My inquiry relative to this matter arose for the reason that this particular board has been by letter and in consultation carefully informed that before employing counsel the application for consent, with the facts upon which such application was based, should be furnished us. In the instance in question they had failed to furnish us the facts or to make the application, notwithstanding that they had been fully advised that such was requisite, and I was wondering what caused your board to approve the claim. Your letter, however, has made your action and the reasons therefor entirely plain.

Very truly yours,
(Signed)

U. S. WEBB, Attorney General."

P. Purviance further states that on or about January 30, 1929, in the city and county of San Francisco, he laid before George H. Cabaniss, a superior judge and a magistrate, an information of the commission of a public offense triable within the county and that said magistrate refused to hear the complainant under oath in violation of section 811 of the Penal Code of California.

That said George H. Cabaniss is a superior judge of the State of California impeachable by the Legislature.

That said George H. Cabaniss is an officer and at all the times herein mentioned was a magistrate and officer in the city and county of San Francisco and is a judge of the superior court of the State of California in and for the city and county of San Francisco and that George H. Cabaniss is guilty of refusing to do his duty as a public officer in violation of section 811 of the Penal Code of California.

P. Purviance also states that on or about the twenty-first day of May, 1928, affiant presented to Walter Perry Johnson, who on said date was acting presiding judge of the superior court of the State of California in and for the city and county of San Francisco, an accusation in writing verified by the oath of affiant was presented to said Walter Perry Johnson, judge of a superior court, alleging that an officer within the jurisdiction of the court had been guilty of refusing to perform the official duty pertaining to his office, and Judge Walter Perry Johnson did not cite the party charged to appear before the court at a time not more than ten nor less than five days from the time the accusation was presented which was in violation of section 772 of the Penal Code of California.

P. Purviance also states that on or about January 22, 1929, affiant presented to James G. Conlan, presiding judge of the superior court of California in and for the county of San Francisco, an accusation in writing verified by oath of affiant, was presented to said James G. Conlan as presiding judge of said superior court, department 3 thereof, alleging that an officer within the jurisdiction of the court was guilty of refusing to perform the duty pertaining to his office and said Judge James G. Conlan as judge of said court did not cite the party charged to appear before the court at a time not more than ten nor less than five days from the time the accusation was presented to answer said charges. But said presiding Judge James G. Conlan refused to cite the officer so accused to appear but threatened affiant by stating that "Someone is going to get into jail by bringing these actions."

P. Purviance further states that Attorney General U. S. Webb, acting as Attorney General of the State of California, has granted permission to Frank V. Kington to act as attorney in defending against paying back into the State treasury money which Frank V. Kington had obtained from State funds without authority of law.

Affiant further states that U. S. Webb, acting as attorney general has granted permission to State officers to employ an attorney in court actions that were private and not pertaining to matters within their jurisdiction as State officers; also U. S. Webb as attorney general has granted permission to the State Board of Chiropractic Examiners to employ an attorney in a court action when said Chiropractic Board were prohibited and restrained by order of superior court from bringing such an action. Also U. S. Webb, acting as attorney general has given his written consent to the State Board of Chiropractic Examiners to employ an attorney in court actions that were for the purpose of persecution and in which the

court has declared the chiropractic board had no right, authority or jurisdiction to act in these matters.

That said U. S. Webb, acting attorney general has given his written consent for large sums of money to be charged up against state funds for expenditures which were not a legal charge against the State.

Attorney General U. S. Webb has refused and neglected to perform the official duties pertaining to his office in refusing to allow a court action to be set for trial which has been pending for four years which is a quo warranto proceedings against a public officer who has been declared by the courts to be unqualified and ineligible for the office held by said officer.

Wherefore affiant prays that the State Legislature having jurisdiction over said State officers will make investigations of the aforesaid illegal acts and failure of said officers to perform the duties pertaining to their offices, all of which is against the form, force and against the dignity of the State of California.

P. PURVIANCE.

Subscribed and sworn to before me this eleventh day of April, 1929.

E. J. HODEL,

Notary Public in and for the county of Alameda, State of California.

By Mr. Speaker:

FRESNO, CALIFORNIA, April 25, 1929.

*Hon. Edgar C. Leroy,
State Capitol, Sacramento, California.*

I wish to enter a vigorous protest against the action of the Committee on County Government in passing out two of Heisinger's salary reduction bills affecting Fresno County officials without giving me an opportunity of appearing before the committee after I had made a request that I be informed when these bills would be

brought up for discussion. We are opposed to these reductions and have a right to be heard. We respectfully request that the Assembly grant our people this right and privilege. We can not believe that the Assembly will deny us this request.

LEAMBL.

Also:

RESOLUTION.

WHEREAS, There is now pending before the Assembly of the California Legislature, Assembly Bill No. 120 (S. L. Heisinger) proposing to reduce the salaries of certain public officials and deputies of the county of Fresno; and

WHEREAS, Said measure was reported out of the County Government Committee with a "do pass" recommendation without opportunity for representatives of the Fifty-first Assembly District to be heard; and

WHEREAS, We believe the present salaries of officials and deputies of Fresno County are just and commensurate with the quality of service required and services rendered; and

WHEREAS, We believe it is economically sound to make the salaries of such officers and deputies adequate to attract the services of qualified men for such public work, and the present salaries have produced that result; and

WHEREAS, We do not believe the savings to be made under the proposed salary reductions when considered in relation to the general cost of county operation justifies said reductions from an economic standpoint or would offset the inefficiency of operation which might result due to a lower standard of services; and

WHEREAS, The Fifty-first Assembly District which is not represented in the Assembly at the present time is the largest tax paying district in Fresno County and has the largest individual taxpayers; and

WHEREAS, It is definitely known that the former representative of this district, now resigned, was unalterably opposed to any changes in the existing schedule of county salaries; and

WHEREAS, Under such circumstances it is the duty of the Fresno County Chamber of Commerce to make known by formal resolution its position and the general community view in relation to said proposed Assembly Bill No. 120; and

WHEREAS, The 1928 Fresno County grand jury which was made up of capable representative citizens from all portions of the county fully and carefully checked over the respective offices, the books and records thereon kept and thereafter gave full and competent consideration to this proposal to reduce salaries; and

WHEREAS, Said grand jury advised after said consideration definitely recommended "that no salaries of county officers or their deputies be reduced" and

WHEREAS, The salaries now being paid are in line with the salaries paid in other counties of corresponding size to similar officers having corresponding volumes of business; now, therefore, be it

Resolved, That the board of directors of the Fresno County Chamber of Commerce in special session called for the purpose of considering this subject on Thursday morning, April 25, 1929, do record the Fresno County Chamber of Commerce as in accord with the recommendation of said grand jury and do recommend and request that no reduction in the salaries of any county officer or deputy be made at this time, be it further

Resolved, That copies of this resolution be forwarded to His Excellency, the Governor of the State of California; to the Hon. Edgar C. Levey, Speaker of the Assembly; to the Hon. C. H. Cobb, Senator of the Twenty-sixth Senatorial District; to the Hon. Herbert G. Adams, chairman, County Government Committee of the Assembly; and to the Hon. M. S. Meeker, Assemblyman of the Fiftieth District, and to the Hon. S. L. Heisinger, Assemblyman from the Fifty-second District.

The proposed resolution of intention together with a copy of the map or plat required by section 2 hereof shall be submitted to such legislative body or bodies as may have jurisdiction over the property into which the proposed improvement or the assessment district therefor may extend. When the resolution of intention is approved and the consent of the legislative bodies whose consent is necessary by the provisions hereof is obtained to said improvement and the formation of the assessment district described therein said resolution of intention may be adopted. In the event the assessment district includes property without the territorial jurisdiction of the city council conducting the proceeding, the legislative body of the city or county having jurisdiction thereover may in its discretion, order by resolution entered upon its minutes, a copy of which shall be transmitted to the city council conducting the proceedings, that any part of the cost or expense of said improvement shall be paid out of the treasury of the municipality or county as the case may be, and a liability for the portion of the costs set forth in said resolution shall thereby be created against said municipality or county. The street superintendent in making up the assessment as provided in section 6 hereof shall deduct from the costs and expenses, in addition to any sum or percentage payable by the city council conducting said proceeding, such part thereof as has been so ordered to be paid out of the treasury of said municipality or county. PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, April 27, 1929.

*Edgar C. Levey, Speaker of Assembly,
Sacramento, California.*

There is much feeling here amongst our most liberal organizations against Senate Bill No. 297 now in Assembly Judiciary Committee. They feel that recent similar legislation should be first tried out and its effects and tendencies fully understood. That this bill is going too fast, has also some dangerous possibilities and that no damage will accrue by postponing to next session, hence our protest its passage at this time.

I desire to protest method of handling Fresno County Government Bill. I was assured of opportunity to be heard in committee before action on bill. No demand in Fresno County for passage of this bill. Protests are being expressed hourly. If committee cannot hold full rehearing on bill I request the Assembly to defeat the measure. Will come to Sacramento at any time for hearing before committee or Assembly.

HONORABLE SIR: The Men's Brotherhood of the Cumberland Presbyterian Church of Fresno, California, in regular monthly session last night voted unanimously to write those in Sacramento interested in the matter saying that we are opposed to any cut in salary of Fresno County officers, and are opposed to the suggestions made in the Heisinger County Government Bill.

We also respectfully request that the same be re-referred to committee handling such, so that those interested might have proper notification that such bill is in committee for discussion and that they might have a fair chance of presenting their side of the question.

It appears in and around Fresno that this matter has not been handled entirely open and above board by Mr. Heisinger and we believe that fair play is always proper.

If you can assist in seeing that proper representation is allowed, it will be appreciated very much.

Respectfully yours,

GEO. BARNHART, Secretary.

*Honorable Edgar C. Levey, Speaker of Assembly,
Sacramento, California.*

FRIEND EDGAR: I have had numerous requests from different citizens and public officials of Fresno to write to you regarding Bills No 120 and No. 121 introduced by Assemblyman Heisinger which has had a *do pass* from the committee and have also been told that it is going to be brought up on the floor on Tuesday, April 30th. Mr Heisinger has attempted for a number of years to have such a bill passed as the above and it has always met with defeat. It has certainly never been approved by a majority but only a very small minority of that portion of the county which he represents. Unfortunately, the other part of Fresno County in which Fresno City is situated has, at present no representation on account of the resignation of Assemblyman Leymel, who is our present mayor. Mr. Heisinger has taken advantage of this and has gotten the bill through the committee. Before Major Leymel resigned, he had given him his word that if he should ever bring up this bill, before the committee would pass upon it, he would give him due notice so that he could appear as a citizen. Our officials who are involved in the above bill are not getting too large a salary for the work that they perform for the district that they represent. In fact, compared with other counties of a similar size, they are about on a par. Under our present law they must devote their entire time to the affairs of the county. The 1928 grand jury looked into this matter very thoroughly and also former grand juries and they were satisfied, and so gave it as their honest opinion, in making their report that the salaries were not too high. Such prominent men as Attorney O. L. Everts, Chase Osborn, part owner of the Fresno Republican newspaper, and Paul Wilson, foreman of the 1928 grand jury among many others, are of the opinion that this bill will work as a detriment if passed in its present form. The total saving to the county is probably less than \$10,000 and with 50,000 taxpayers, you can readily see that the saving is practically nil. I well realize that the Assembly as a whole do not take much interest in county bills when the Assemblymen representing that certain county are in accord for a reduction or raise or anything that concerns that particular county as they feel that the local Assemblymen are best fitted to know what is good for their county. As stated before, we are unfortunate in not being represented and certainly the Governor is not going to call a special session at this time as the session is about to close.

I am enclosing you two clippings on the above and no doubt had there been time we could have gotten many more resolutions passed against these particular bills. The Chamber of Commerce directors, of which I am one, have looked into this matter thoroughly and they certainly have the welfare of the county at heart and they are also satisfied that things should be left as they are at present. It is not a question of how high our taxes are, but how well they are spent, and to get good capable honest men, you must at least pay them a living wage. A great many of our citizens seem to know of the close friendship that exists between you and me and they have asked me to write you, if I am in accord with their views and explain the situation to you and see what help you can be to us.

It would surprise you to know of the many men here in Fresno who know of you personally and feel that you can give Fresno City a square deal in this matter if any help can be given at all. I am sure if these bills do not pass, our local citizens can realize that you have been of some help in the matter and then you will certainly be one of our favored sons.

Thanking you for anything that you can do for us in this matter for myself as well as many other citizens here, I remain,

Very sincerely,

LEON I. DIAMOND.

SAN FRANCISCO, CALIFORNIA, April 26, 1929.

*Mr. Edgar C. Levey, Speaker of the Assembly,
State Capitol, Sacramento, California.*

DEAR SIR: Please be advised that accounts in the public press appearing this morning report a committee recommendation "do pass" on Assembly Bill No. 1145, having for its purpose State acquisition of the Carquinez Bridge at a price of \$12,000,000, for which sum "revenue bonds" are to be issued in payment.

This is one of the bills containing "revenue bond" features against which the Civil League earnestly protests.

No bonds of any kind should ever be issued by any department, commission or official of the State without due authorization by two-thirds majority vote of the people.

Further objections against this particular measure are numerous:

First—That other bills before the Legislature permit the acquisition of this and other bridges by the State, which may, if necessary, invoke the right of eminent domain;

Second—That payment may be made for such bridge or bridges out of highway or other funds at the disposal of the Department of Public Works;

Third—This bill (Assembly Bill No. 1145) seems to rather rush matters, whereas the State ought to be given plenty of time to thoroughly investigate all features relative to any bridge it may desire to purchase, including geological surveys, such as were made by the Southern Pacific Company over a period of approximately two years to guide its selection of a site for its railway bridge across Carquinez Straits sufficiently removed from possible earthquake faults in order to guarantee the security of the structure.

Fourth—The possibility of the construction of a salt water barrier near Martinez which would provide a free State highway across the straits in this vicinity. Therefore \$12,000,000 to be spent for a crossing of the straits devoted toward this salt water barrier would serve a double purpose, to the benefit of both the taxpayers of the State and the motoring public;

Fifth—There is no immediate need for the acquisition of this bridge by the State, especially as it will become public property at the termination of its franchise period without cost to the community;

Sixth—The possibilities of improved methods of bridge construction may enable the State to build or acquire a better bridge of greater capacity at a more advantageous location for perhaps half the sum of \$12,000,000.

This bill, for these and other reasons, is directly opposed to public interest and we do not believe that in view of the limited public knowledge concerning this proposal the Legislature can afford to pass this bill, and we therefore ask you to use your utmost efforts and influence in securing its defeat.

Very truly yours,

CIVIC LEAGUE OF IMPROVEMENT CLUBS
AND ASSOCIATIONS.

*Clerk of the Assembly,

DEAR SIR: At a meeting of the city council of the city of Los Angeles held April 25, 1929, the enclosed resolution was adopted.

Respectfully,

ROBT. DOMINGUEZ, City Clerk.

WHEREAS, The best interests of the school child demand that teachers whose efficiency is impaired due to old age or disability retire from the school system; and
WHEREAS, The present retirement pension is so inadequate that this class of teacher is continuing in the system to the detriment of the school child, and

WHEREAS, Teachers render to the economic world, as well as to the home and State an invaluable service, and therefore should be adequately cared for in their old age and infirmity; now, therefore, be it

Resolved, That this council does hereby endorse Senate Bill No. 673, as approved by the Senate Finance Committee, and does hereby petition the Senate and Assembly to pass Senate Bill No. 673, and respectfully urge Governor Young to sign it to the end that the teachers and children of the schools may benefit thereby, and that a copy of these resolutions be sent to each member of the Legislature, the Clerk of the Senate and of the Assembly, and to Governor Young.

To the Members of the Assembly of
The California State Legislature.

DEAR SIR: We, the members of the California Chiropractic Association, desire to draw to your attention the fact that an attempt is being made to inflict a very unjust and injurious law upon the chiropractors of California.

The resolution herewith enclosed is self-explanatory. As set forth therein, the people of California, by an initiative vote, decided how the Chiropractic Law was to be administered. We believe that any attempt on the part of the Legislature to amend this act would be declared unconstitutional by the courts. However, we do not contemplate that the fair-minded members of the Legislature will pass this bill when they fully understand that it does not meet with the approval of the chiropractors, and that we are unalterably opposed to such a law.

We do not desire to burden you and take up your valuable time with a long dissertation upon this subject. Suffice it to say that we trust and believe that you will give us a fair and impartial verdict.

Respectfully yours,

CALIFORNIA CHIROPRACTIC ASSOCIATION.

DR. LEO J. PARRY, Secretary.

Resolution of the California Chiropractic Association relating to Assembly Bill No. 666

WHEREAS, Assembly Bill No. 666 was introduced in the Assembly on January 17, 1929, and referred to the Committee on Governmental Efficiency and Economy; and has since been referred to the Committee on Medical and Dental Laws; and

WHEREAS, Said bill provides for a Board of "Basic Science" Examiners to consist of five members to be appointed by the Governor from the faculty lists of the University of California, Leland Stanford and the University of Southern California and to be learned in anatomy, physiology, chemistry, pathology and hygiene; and

WHEREAS, Said board is given the power to conduct and assist in conducting examinations of all persons applying for licenses to practice medicine and surgery, osteopathy, chiropractic; and

WHEREAS, Said board shall give an examination in writing in the subjects of anatomy, physiology, chemistry, pathology and hygiene as a prerequisite to any person being eligible to examination by the State Board of Chiropractic Examiners, and makes it a misdemeanor for any person to take an examination for a license to practice chiropractic until he has received a certificate from the Basic Science Board, and

WHEREAS, At an election held November 7, 1922, an act 4811 was submitted to the electors of the State by the initiative and approved by the electors by one of the largest majorities ever received for an initiative act; and

WHEREAS, Said act creates a Board of Chiropractic Examiners consisting of five members, provides for the qualifications of the members of said board, provides for the educational requirements of applicants as a prerequisite before examination as follows

"Each applicant shall be a graduate of an incorporated chiropractic school or college, which teaches a course of not less than 2400 hours extended over a period of three school terms of at least six months each, and must give satisfactory proof of having attended not less than 90 per cent of said 2400 hours, and shall present to the board at the time of making said application, a diploma from a high school"; and

WHEREAS, Under the proposed bill an additional requirement of one year in the universities is added in direct conflict with the initiative act; and

WHEREAS, Among the subject matters for the examination for license to practice are the same subjects in which the proposed bill would give the right to the Basic Science Board to examine applicants to wit: anatomy 600 hours, chemistry 100 hours, physiology 200 hours, hygiene 100 hours, pathology 200 hours; and

WHEREAS, The hours above recited from the Chiropractic Initiative Act together with other subjects covered by the act, makes a total of 2400 hours or 400 hours more than is required by the State Medical Board for examination for a druggist practitioners certificate; and

WHEREAS, The "Initiative Chiropractic Act" was passed by the electors of this State to emancipate the chiropractor from the control of medical examiners whose hostility to chiropractors has been and is now evident; and

WHEREAS, The Basic Science Bill would again place the chiropractor at the mercy of the American Medical Association in manner as follows:

(a) The members of the Basic Science Board are to be selected from the State university (north and south) and from Stanford, these universities carry on and conduct medical schools whose teachings and method of practice have no relation to chiropractic as taught in chiropractic colleges; the members so chosen are then prejudice and opposed to chiropractic.

(b) It becomes at once evident that the chiropractor instead of being examined by men learned in chiropractic are again placed at the mercy of medical men, this proposed bill is then violative of the very purpose for which the electors, believing in fair play, passed the initiative act.

(c) The applicant for a chiropractic license is or may be deprived of the right of examination given him by the initiative act.

(d) The proposed bill is an amendment of the Chiropractic Act by adding a prerequisite requirement.

(e) The proposed bill makes it a misdemeanor for the applicant to take the examination under the Chiropractic Act without first passing an examination in the basic sciences before another board. It thus makes it a misdemeanor for the applicant to qualify under and be examined under the provisions of the initiative law governing chiropractic. It may result in depriving the applicant of all rights guaranteed to him under the Chiropractic Act; and

WHEREAS, Article IV of the State constitution reserves to the people the power to propose laws, and under which power so reserved the Chiropractic Initiative Act was passed without power or right in the Legislature of the State to amend or change, and

WHEREAS, The proposed Basic Science Act is in direct and open conflict with the provisions of the Chiropractic Initiative Act, and

WHEREAS, Its passage would again revive and bring about the same conflict and injustice as existed before the passage of the initiative act; now, therefore, be it

Resolved, That we, the members of the California Chiropractic Association, for the foregoing reasons are opposed to the passage of the proposed Basic Science Bill, and on the ground that it violates the right of the initiative and is therefore unconstitutional, and we respectfully ask the legislators of this State not to undermine and destroy the Chiropractic Initiative Act passed to protect chiropractors in their own profession.

Duly passed this 5th day of March 1929

STATEMENT IN FAVOR OF ASSEMBLY BILL NUMBER ONE HUNDRED
TWENTY-ONE.

The following statement in favor of Assembly Bill No. 121 was ordered printed in the Journal, on request of Mr. Heisinger:

April 29, 1929.

Mr. Speaker and Members of the Assembly.

In explanation of these Fresno County government bills and of my vote upon them, I desire to say briefly that my campaign was conducted largely upon tax reduction in general and a reduction of county salaries to compare with other counties. Our supervisors receive each \$400 per month together with transportation, which is very high compared with other counties.

The bills were introduced early in the session but because Mr. Leymel, many weeks ago, announced himself as a candidate for mayor of Fresno it was thought any action of his on this legislation might hinder his election. Therefore, Mr. Leymel, Mr. Meeker and myself on several occasions discussed these matters and it was our mutual understanding that these bills should not be taken up until the Fresno election was over.

I considered his suggestions on the bills and accepted one to Assembly Bill No. 121, namely, a maximum of \$3,600 for the public administrator.

As soon as the amendments were ready, I went before the committee and told the members of the opposition of Mr. Leymel and mentioned the organizations which were also opposed. I, also, presented the fact of many organizations which were favorable to the bills. Mr. Meeker was present at the committee and asked that the bills be sent out. The committee discussed the matter and acted as usual in a county government matter, recommending the bills as requested by a majority of the county delegation.

Now, Mayor Leymel protests in telegram excerpts as follows:

"I desire to protest method of handling Fresno County Government Bill."

"No demand in Fresno County for passage of this bill"

Evidently the mayor is overlooking the many resolutions and telegrams that we Assemblymen received on these bills before they were favorably reported by the committee

A mass meeting at Fowler took action as follows:

"FOWLER, FRESNO COUNTY, February 26, 1929.

Resolved. That this mass meeting of Fowler taxpayers place themselves on record as commending Assemblymen S. L. Heisinger and M. S. Meeker in efforts to reduce county expenses and thereby county taxes through the different measures they have introduced before the State Legislature.

A. R. BROWN, Chairman.

CHARLES A. FOSTER, Secretary "

Similar actions were taken at mass meetings at Selma, February 12, 1929, at a farm bureau meeting, at Clovis, February 27, 1929, and at mass meeting at Riverdale. The following is a resolution passed by the Conejo Farm Bureau:

"SELMA, March 8, 1929.

Hon. S. L. Heisinger.

At meeting of the Conejo Farm Bureau, March 1, a resolution was passed approving your Assembly Bills Nos. 120 and 121, relating to the salaries of and

expenses of county librarian and other county officers. We request that these bills be passed to revive the morale of our taxpayers.

Yours sincerely,

(Signed)

W. O. MORGAN,
Secretary Conejo Farm Bureau."

The following telegrams were received:

"April 23, 1929.

S. L. Heisinger, Sacramento.

Caruther Farm Bureau Center demands passage your bill reducing county officers' salaries.

(Signed)

A. L. SHOOK, President."
"SACRAMENTO, CALIFORNIA, April 22.

E. G. Adams, Chairman, County Government Committee.

The Easton-Oleander Fresno County Farm Bureau Center passed a resolution supporting the Heisinger County Salary Reduction Bill

(Signed)

M. A. AKEY, President "

Also, a similar telegram was received from the Meeker campaign committee, signed by A. J. Quist, chairman, and Herman W. Dansted, secretary.

Lastly, the mayor should not overlook the fact that two Assemblymen representing two of the districts of Fresno County with a large proportion of the population and the taxable property of the county are asking for the passage of these bills. Therefore, the statement of Mr. Leymel that there is no demand in Fresno County falls flat before these resolutions and telegrams from such reliable sources.

S. L. HEISINGER.

By Mr. Speaker:

SAN FRANCISCO, CALIFORNIA, April 26, 1929.

Honorable Edgar C. Levey, Speaker,

California State Assembly, Sacramento, California.

Re Senate Bill No. 392.

SIR: You are urged to give favorable consideration and vote to the above mentioned bill which will furnish sadly needed protection to retail merchants. The necessity for this legislation should be obvious, since most merchants have had **unfortunate experience** in the cashing of checks, a service now demanded of stores by the public at large.

This is a merchant owned organization comprising some 600 retail establishments and professional men of San Francisco, and we sponsor and endorse this legislation, and respectfully ask that you give it favorable attention.

Respectfully yours,

R. S. MARTIN.

Managing Director of Retailers Credit Association of San Francisco.

COMMUNICATION.

During consideration of Senate Constitutional Amendment No. 18 Mr. Hornblower presented the following communication and asked for and was granted the privilege of having the same printed in the Journal:

STATE OF CALIFORNIA, LEGAL DEPARTMENT, April 30, 1929.

Honorable Roscoe J. Anderson,

Member of the Assembly, State Capitol, Sacramento, California.

DEAR SIR: This office has been requested to advise whether the term "political subdivision" appearing in the pending Senate Constitutional Amendment No. 18 comprehends a municipality.

It is our opinion that it does. (People vs. California Fish Co., 166 Cal. 606; Payne vs. Treadwell, 16 Cal. 233; San Francisco vs. Canavan, 42 Cal. 557; Chico vs. Supervisors, 118 Cal. 120.)

In the case first cited the court said:

"A municipal corporation is a public institution, created for public purposes; the municipality is a political subdivision or department of the State, governed and regulated, and constituted by public law; the original power to control, as well as to create them, therefore, is in the Legislature." (Payne vs. Treadwell, 16 Cal. 233.)

We expressed the same view to Senator Nelson under date of September 5, 1928, with reference to the term "political subdivisions" now appearing in section 16, article XIII of the State constitution.

Very truly yours,

U. S. WEBB, Attorney General.
By FRANK L. GUERENA, Deputy

EXPLANATION OF VOTE.

The following explanation of vote on Senate Constitutional Amendment No. 18, adopted by the Assembly on Tuesday, May 1, 1929, was received and ordered printed in the Journal.

We believe that Senate Constitutional Amendment No. 18, if adopted by the people, will have the effect of exempting from taxation all unregistered automobiles.

Furthermore, there is to be a legislative tax committee to study the entire taxation system of the State and its political subdivisions and report back to the forty-ninth session of the Legislature. In the interim Senate Bill No. 511 takes care of the situation.

For these reasons we voted against Senate Constitutional Amendment No. 18

P. G. WEST
CHRIS N. JESPERSEN.

To the Members of the Assembly Committee on Judiciary.

At the request of its sponsor, Mr A. L. Cowell, I respectfully submit the following in support of the above named measure

1. Upon the subject of its constitutional validity, a pronouncement of considerable importance by the Supreme Court of California said in 1886

"Whether, in any supposable instance, the public has such interest in a use which can be directly enjoyed only by an individual for his profit, and without any concomitant duty from him to the public, as that the government may be justified in employing the eminent domain power for the use as for a public use is a question somewhat startling, but which is not involved in the decision of the present action. In case further legislation shall be deemed expedient for the distribution of waters to

public uses, we leave its validity to be determined after its enactment, if its invalidity shall then be asserted." And: "It may be that, under the physical conditions existing in some portions of the State, irrigation is not, theoretically, a 'natural want,' in the sense that living creatures can not exist without it; but its importance as a means of producing food from the soil makes it less necessary, in a scarcely appreciable degree, from the use of water by drinking it. The government would seem to have not only a distant and consequential, but a direct, interest in the use; therefore a public use." (*Lux vs. Haggin*, 69 Cal. 255.)

This would seem to have intimated a favorable disposition toward such legislation as Assembly Bill No. 855; and in 1905 the Supreme Court of the United States established that a favorable ruling of the State courts thereon would not be disturbed *Clark vs. Nash*, 198 U. S. 361. This has been repeatedly affirmed.

Strickley vs. Highland Boy Gold Min. Co., 200 U. S. 527, 531; *Mt. Vernon Co. vs. Alabama Company*, 36 U. S. Sup. Ct. Rep. 235, saying: "The inadequacy of use by the general public as a universal test is established"; *Tanner vs. Canal and Irrigation Co.*, 239 U. S. 323; *Noble State Bank vs. Haskell*, 219 U. S. 104 and 575; *Eastern Oregon Land Co. vs. Willow River etc. Co.* (Ore.), 204 Fed. 516, saying: "The legislatures of several of the states in the arid regions have made the individual use of water for irrigation purposes a public use, and such laws have been sustained by the courts."

Upon this foundation, legislation such as Assembly Bill No. 855 has been upheld outside of California for mining and logging as well as for irrigation.

Goldfield Co. vs. Old Sandstrom Co. (Nev.), 150 Pac. 313; *Young vs. Dugger* (New Mex.), 170 Pac. 61; *Monetaire etc. Co. vs. Columbus etc. Co.* (Utah), 174 Pac. 172; *Alcorn vs. Reading* (Utah), 243 Pac. 922 at 926; *State ex rel. Kirkendall vs. Superior Court* (Wash.), 228 Pac. 695; *Grover etc. Co. vs. Lovella etc. Co.* (Wyo.), 131 Pac. 43 at 57-58. (Earlier like rulings are cited in several of these cases.)

In 1918 the Supreme Court of California again reserved the question for consideration. In a case where the District Court of Appeal had taken an unfavorable view of it, the Supreme Court said:

"This portion of the opinion is not in any way essential to the decision, and in denying the application for a hearing in this court we deem it proper to say that we express no opinion thereon." *Gravelly Ford Canal Co. vs. Pope & Talbot Land Co.*, 36 Cal. App. 556 at 566.

With this open attitude of the Supreme Court of California in mind, there is to be noted the 1928 amendment to article XIV, of the California constitution. This declares:

"That because of the conditions prevailing in this State the general welfare requires that the water resources of the State be put to beneficial use to the fullest extent of which they are capable, and * * * that the conservation of such waters is to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare."

Some belief is current that this does not intend compensation. If so, no assistance could be had from it here (nor, in my belief, anywhere; it would be a dead letter). But the better view, in my opinion, is that compensation for any damage attendant upon the changes of which it speaks will be implied into it. Upon this assumption, the object sought by Assembly Bill No. 855 would be a furtherance and development of the new constitutional provision.

There is therefore a fair opportunity, in my belief, that the legislation in Assembly Bill No. 855 may be held constitutional.

2. Upon the subject of its desirability and policy, I had occasion to express the following a number of years ago:

"In practical results this system of acquiring rights on or over private land for private irrigation by taking another's property on notice, hearing and compensation, seems to the writer one of the most important developments in the Water Law." and "the principle of *Clark vs. Nash* becomes important as opening a practical way, by extending the right of eminent domain to the solution of this difficulty which has existed throughout the history of the Water Law." *Water Rights in the Western States* (1911), Vol. I, Section 612

Transfer of water supplies, upon compensation for any attendant damage, from lesser uses such as grazing lands to higher uses such as orchards or dwellings, meets a sense of fitness even though the higher be a personal and individual use in which no one else directly shares. This sentiment is so marked that in the absence of legal authority for compensated expropriation of the lesser user, the tendency has been to criticize the courts for standing in the way of dispossessing him by force.

Forcible dispossession is not defensible. I venture to believe, therefore, that your committee will recommend the disposition of the matter in the way by which compensation is assured. Assembly Bill No. 855, authorizing the transfer with compensation provided, would meet the sense of fitness in this way.

By enabling transfer from lesser to higher uses wherever compensation is made, there seems reason to suggest that it could be a substantial item toward reconciling the current contentions over our water law in the right way and to mutual satisfaction.

3. In order to reach this end, the measure very evidently should be available (as its present form reads) for any higher type of use that offers compensation, and not irrigation alone. Domestic or household use is usually held in higher esteem. It would reasonably seem that irrigation should not get special immunity from yielding to this upon due compensation, or to mining or to private water power or to any other use whose higher benefit is found by the court in the case before it. The theory invokes the higher quality of use rather than a special industry.

It aims, by extending the right to tender compensation, to relieve the pressure for dispossession by force. I respectfully suggest that your committee will be justified in reaching the conclusion that this relief should be without favor. Uniformity in its operation is important for its practical value, as well as also to escape entanglement with the constitutional prohibition against special legislation.

Respectfully yours,

SAMUEL C. WIEL.

ASSEMBLY JOINT RESOLUTION No. 7.

Relating to memorializing the Congress of the United States for federal aid in making provision for the national forests of the State.

WHEREAS, The national forests in California constitute a large and important part of the natural resource of the State:

WHEREAS, The adequate protection and successful management of this resource is of vital importance socially and economically to the people of California; and

WHEREAS, Large losses from fire continue to occur and operate to defeat the purposes for which these national forests were created; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly. That the attention of Congress be respectfully called to the need for making additional provision for the national forests of the State. Among the immediate needs are those having to do with the proper housing, communication and travel of the existing protection force, such as lookout houses, firemen's cabins, telephone lines, roads, trails, and fire trucks. Lack of sufficient facilities of this nature results in many fires becoming conflagrations, with large expenditures for their suppression and tremendous losses of timber and other forest resources. Second only to this need for additional facilities is the importance of augmenting the protection personnel to the end that the number of fires may be reduced through the employment of proper prevention activities and that the fires that do start may be held to minimum area through prompt and adequate attack.

Same group also vigorously protest against billboard cigarette advertising showing young girls and boys smoking. Our women feel that these cigarette ads are a menace to morals, health and good citizenship, and urge our Legislators of the five southern counties to support legislation prohibiting these billboard advertisements and thus protect our youth who are up against a strenuous program of greed, jazz and hurry.

By Mr. Speaker:

MERCED, CALIFORNIA, May 4, 1929.

Members of the Assembly, Sacramento, California.

It has been brought to our attention that Senate Bill No. 14 has been passed by the Senate and now awaits final passage by the Assembly. As employees of the Yosemite Portland Cement Corporation and thereby directly affected we urge you to vote against the measure. It will accomplish no appreciable good and will on the other hand limit the earning capacity of employees who now have occasional opportunity to earn additional money through overtime employment. We do not believe we should be deprived of this privilege and am sending you this protest against passage of this bill.

ASSEMBLY JOINT RESOLUTION No. 11.

Relative to restricted immigration

WHEREAS, The Legislature of this State has consistently urged adherence by the United States to a policy of restricted immigration, and

WHEREAS, The present absence of restriction and supervision of immigration across the southern boundary line of the United States, opens the door annually to thousands of citizens of the Republic of Mexico, to large numbers of citizens of nations under the quota who would otherwise be excluded and to many aliens ineligible to citizenship; and

WHEREAS, The standard of living of the great mass of citizens of the Republic of Mexico is such that no good reason exists why the citizens thereof should be given preference, as to entry into the United States, over the peoples of the European stocks from which the great majority of American citizens are descended; and

WHEREAS, The influx of laborers across the Mexican border causes unfair and unjust competition to American labor, and at the same time abrogates and nullifies the beneficial results to be expected from a national policy of restrictive immigration; and

WHEREAS, The continued unrestricted inflow of Mexican people and the rate of increase of those already here, mean the gradual replacement of the American people by those of Mexican blood; and indicate that in the near future the populations of the southern and western states of the United States will become predominantly Mexican; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of this State protests against a continuance of the present unrestricted immigration from the Republic of Mexico; and be it further

Resolved, That the Congress of the United States be and it is hereby respectfully petitioned and urgently requested promptly to provide legislation placing the Republic of Mexico within the provisions of the restrictive immigration laws of the United States and providing a proper annual immigration quota therefor; and be it further

Resolved, That a copy of this resolution be transmitted to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives of the United States and to each Senator and Representative in Congress from the State of California

NOTICE OF RECONSIDERATION.

Mr. Keaton gave notice that on the next legislative day he would move to reconsider the vote whereby Assembly Constitutional Amendment No. 35 was this day refused adoption.

EXPLANATION OF VOTE.

Mr. Speaker and Members of the Assembly.

In explanation of my negative vote upon Assembly Constitutional Amendment No. 35, I will say that I believe the general provisions of the amendment to be good, but I believe the provision that the Legislators should receive a salary of \$3 600 annually would have the effect of bringing professional politicians into the Legislature in great numbers, thereby taking away from the legislative halls many good substantial business men who are willing to, and who do sacrifice their personal interests for the public good.

HEISINGER.

By Mr. Crittenden:

WHEREAS, One of our honored members, Mr. F. C. Cloudsley of Stockton, has, since our last adjournment, suffered the pain of the sudden loss of his beloved son also known as F. C. Cloudsley, and who, like his father, was lovingly called "Todd" by his friends;

WHEREAS, Only a few days ago, this beloved son of our colleague was a Junior Page on the floor of this Assembly, and as such, he wore his badge with the greatest pride and worked with that sincerity of purpose which is only known to childhood;

WHEREAS, Our hearts are touched by this sudden death of so promising a youth, and we realize the suffering now borne by our colleague requires the greatest fortitude known to us in this life; therefore, be it

Resolved, and it is hereby resolved, That each member of this Assembly does hereby extend to our fellow member his deepest sympathy during this time of his great bereavement, and trust and pray that the great Power which guides all of our destinies may sustain him, his mother, and other loved ones, during the time of this great tragedy;

Resolved further That the Chief Clerk of the Assembly be and he is hereby directed to have a copy of this resolution suitably engrossed and forwarded to the family of the late F. C. Cloudsley, Junior

Resolution read, and unanimously adopted.

By Messrs. Bishop, Cloudman and Morgan:

WHEREAS, While the Board of Managers appointed by the Assembly of the State of California to present before the Senate of the State of California evidence and testimony supporting charges of alleged misconduct by Superior Judge Carlos S. Hardy of Los Angeles at an impeachment trial was engaged in the discharge of its duty one Preston Higgins, city attorney of the city of Oakland, California, did, through telegraphic communication, demand of the President of the Senate of the State of California, Lieutenant Governor H. L. Carnahan, that an investigation be instigated by the Senate of the State of California into the motives of Assemblymen who voted against Assembly Joint Resolution No. 9, introduced by the San Francisco delegation and relating to a federal investigation of public utilities supplying telephone service; and

WHEREAS, In said telegram to Lieutenant Governor Carnahan said Preston Higgins, city attorney of the city of Oakland, California, used the following language, to wit:

"The State Legislature of California has shown in the Aimee Semple McPherson hearing that it takes kindly to investigations proposed by the Assembly. It seems now in order to have the Senate continue its investigating proclivities and at another hearing determine the motives which prompted a large group of Assemblymen to stand staunchly by the telephone trust"; and

WHEREAS, Lieutenant Governor Carnahan turned said telegram from Preston Higgins, city attorney of the city of Oakland, over to the chairman of the Alameda County delegation, five of whose members signed a public statement replying to the untoward reflections of City Attorney Higgins on their motives in voting on a measure before the Assembly of the State of California; and

WHEREAS, City Attorney Preston Higgins of Oakland did subsequently issue a statement in which, referring to Assemblymen from Alameda County who signed the aforesaid statement, the following language was used, to wit:

"Among other things, they have said that my denunciation was 'cheap publicity.' I am inclined to take some cognizance of this as their judgment on such matters should be seriously considered since the Aimee McPherson investigation, conducted by an Assembly committee"; and

WHEREAS, The impeachment of Superior Judge Carlos S. Hardy of Los Angeles and the presentation of evidence by the Board of Managers of the Assembly of the

State of California before the Senate of the State of California had nothing to do with Assembly Joint Resolution No. 9, or the motives of Assemblymen in voting thereon; and

WHEREAS, The language used by City Attorney Preston Higgins of the city of Oakland in the telegram to Lieutenant Governor Carnahan is a slur on the Assembly of the State of California and the language used by City Attorney Preston Higgins of the city of Oakland in his subsequent statement casts uncomplimentary reflections on the Board of Managers appointed by the Assembly of the State of California, inferring that the object of said Board of Managers was "cheap publicity"; and

WHEREAS, Both the telegram of City Attorney Higgins of the city of Oakland to Lieutenant Governor Carnahan and his subsequent statement were given to the public press and read by thousands of citizens of the State of California; now therefore, be it

Resolved That the Assembly of the State of California, aside from the outcome of and the merits of the evidence presented in the impeachment trial of Superior Judge Carlos S. Hardy of Los Angeles before the Senate of the State of California, does hereby express its full confidence in the members of the Board of Managers appointed by the Assembly in the performance of their duties at said impeachment trial and in the motives which inspired them to carry out the mandate of the Assembly of the State of California in said trial; and, be it further

Resolved, That the Assembly of the State of California resents and condemns the action of any public official of the State of California or of its political subdivisions, in impugning the motives of members of this body in voting on any legislative matter before it, and also, in casting unwarranted reflections on the conduct and motives of the Board of Managers appointed by this body to conduct an impeachment trial before the highest court in the State, the Senate of the State of California.

The above resolution ordered referred to Committee on Judiciary.

COMMUNICATION.

The following communication was received, and ordered printed in the Journal:

FRESNO, CALIFORNIA, April 2, 1929.

S. L. Heisinger,

Assemblyman, Fifty-second District.

State Capitol, Sacramento, California.

DEAR MR. HEISINGER: Having kept in close touch with your efforts in this and past Legislatures on behalf of the southern outlet from Yosemite, I am presuming to furnish you with statistical information in the hopes that it may be of benefit to you in this work.

To the person who has motored up through the oak and pine clad foothills, stopping probably at beautiful Wawona, and then having the full scenic splendor of Yosemite burst forth at Inspiration Point, the supremacy of this road from a sight-seeing standpoint is not debatable. It is that first inspiring sight of Yosemite that has in a large measure made it famous throughout the world. Such a sight is not obtainable on any other route into Yosemite,

The whole majestic panorama of the north wall from El Capitan to Mirror Lake grips one with a sensation never to be forgotten.

It is on this route that the traveler from the south sees with little or no added expense the forest giants of Mariposa Grove and the marvelous view from Glacier Point. Both are long and expensive trips when taken from the floor of the valley.

As to the actual number of people who would use a southern entrance to Yosemite, officials of the park are not able to determine. They have, however, furnished this organization with data which would indicate that upon a conservative estimate more than 50 per cent of the California travel going into Yosemite Park during the year 1928 would have used this southern inlet had it been available on State highway standards. In 1926 before the all-year road was open 70 per cent of all travel into Yosemite came in via Inspiration Point.

Coming back to last year 39 per cent of Yosemite travel originated south of the Tehachapi. The San Joaquin Valley produced 13 per cent of the travel. Since the bulk of the population lies south of Madera, it is fair to assume that of the 13 per cent, at least 7 per cent originated in the five southern counties. The coast district is credited with 6 per cent and again since the bulk of the population of that area lies from Santa Barbara south, it is fair to assume that at least 4 per cent would have used a southern entrance, making in all exactly 50 per cent of California travel which would have used a southern entrance. In addition to this number there were 6213 automobiles from outside of the State which entered Yosemite. With the exception of northwestern states and possibly one or two intermountain states, which totaled less than 1200 automobiles, it is fair to assume that a majority of the rest of them made the initial entrance into Yosemite from the south, adding approximately 3 per cent of the total automobile travel into the park to the previous 50 per cent.

The approximate difference in mileage between the shortest possible southern route and the present all-year road is forty miles, which the traveler from the south must motor over if he is to find improved highways. There was a total of 460,000 motorists in the valley in 1928 and 53 per cent of that number results in a figure closely approaching 245,000. Therefore, we find that almost a quarter of a million people were forced to travel an additional forty miles, consuming at least one hour of valuable time or more than 10,000 days.

Of the total number of cars entering the valley in 1928, California produced approximately 125,500 and 53 per cent of that number, which we are presuming would have used a southern entrance, gives a total of 66,515 which were forced to travel an additional forty miles, or 2,665,500 which at 10 cents a mile shows an economic loss, aside from the time, of \$266,550.

We believe that the State of California should recognize the economic benefits which would accrue to the citizens of the southern part of the State through the construction of a proper route in the south into Yosemite. In our opinion the road should be from a point near Wawona, where the Park Service is now engaged in reconstructing the highway, in a general southerly direction to a point on route No. 4 to be selected by the Highway Commission.

The engineers of the commission should be given unlimited authority to study this problem from every angle, since these engineers in the past, through legislative action, have been forced to confine their studies to some one of several competing routes.

The road would be of benefit to the entire southern part of the State but of particular interest to Fresno County, since it is estimated that this distributing area of the San Joaquin Valley is losing \$750,000 annually because of the absence of a proper road directly to Yosemite. The other southern counties of group No. 1 (northern group of counties) and the northern counties of group No. 2, also, have a vital interest in the construction of this highway.

We might add that if the routing includes any highways in Fresno County, these connections are already paved, either with concrete or oiled macadam, and are in excellent condition for heavy traffic.

While this organization is in entire sympathy with the administration's policy on the inclusion of new roads into the State highway system, we do believe that the question of a southern route to Yosemite should be given immediate engineering and traffic study to the end that as soon as any new roads are placed in the system that this route should be given first consideration.

Very truly yours,

THE FRESNO COUNTY CHAMBER OF COMMERCE.

By CHESTER H. WARLOW, President.

ASSEMBLY JOINT RESOLUTION No. 16

Relating to resurvey of north boundary of Hoopa Indian Reservation and modification of Klamath River Fish and Game District Initiative Act.

WHEREAS, The Klamath River is the principal source of supply of salmon and steelhead trout spawn for artificial propagation of those species of food fishes in the State of California; and

WHEREAS, The people of the State of California, by Initiative Act passed at the general election in November, 1924, ordained that the waters of the Klamath River were, and would thereafter be the Klamath River Fish and Game District and prohibited the construction or maintenance of any dam or other artificial obstruction within the district; and

WHEREAS, An effort is now being made to annul said Initiative Act by causing the United States to resurvey the north boundary of the Hoopa Indian Reservation along the lower Klamath River so as to relocate the said north boundary at a point 26 chains north of the position it has occupied since the early eighties, thus placing several miles of the river under the jurisdiction of the federal government and beyond the control of the Initiative Act; and

WHEREAS, If this resurvey is allowed and approved by the Department of the Interior, dams will be constructed within the area thus beyond the provisions of the Initiative Act and the run of salmon and steelhead trout in the Klamath River will be totally destroyed, and the principal supply of the State's spawn will be eliminated; now, therefore, be it

Resolved, by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California hereby protests any change in or relocation of surveyed lines affecting in any manner the Klamath River within the State of California, as being an attempt to modify and annul the solemn act of the people of this State in creating the Klamath River Fish and Game District; and be it further

Resolved, That it is the sense of this resolution and of this Legislature that before any approval of any change in existing surveys, or before any new surveys be approved, that a public hearing of protests already on file be held under the authority of the Department of the Interior in the manner and form prescribed by law and existing regulations at which time all parties interested may appear and be heard; and be it further

Resolved, That copies of this resolution be forwarded the President of the United States, the Secretary of the Interior, and to all Senators and Representatives of California in Congress.

Such notice shall be posted for not less than five days on or near the council chamber door and be published twice in a newspaper published in such city, if there be any, the first of which publications shall be not less than five days before the time fixed for such hearing.
