As used in this rule, "committee" includes a standing committee, joint committee, conference committee, subcommittee, select committee, special committee, research committee, or any similar body.

(b) Any meeting that is required to be open and public pursuant to this rule, including any closed session held pursuant to subdivision (c), shall be held only after full and timely notice to the public as provided by the Joint Rules of the Assembly and Senate.

If the closed session is held pursuant to paragraph (4) of subdivision (e), the notice of the closed session shall identify the real property that the negotiations may concern and the person with whom the negotiations may take place.

If the closed session is held pursuant to paragraph (1) of subdivision (e), the memorandum shall include the title of or other identification of the litigation. The legal counsel shall submit the memorandum to the Assembly or the committee prior to the closed session, if feasible, or, in any case, not later than one week after the closed session. The memorandum shall be exempt from disclosure under the Legislative Open Records Act contained in Article 3.5 (commencing with Section 9070) of Chapter 1.5 of Part 1 of Division 2 of Title 2 of the Government Code.

privilege for the purposes of conducting closed-session meetings pursuant to this rule.

(d) In order to prevent duplication and overlapping of studies between the various investigating committees herein created, no committee may commence the study of any subject or matter not specifically authorized herein or assigned to it unless and until prior written approval thereof has been obtained from the Committee on Rules.

(e) The Committee on Rules shall provide for the expenses of the above committees and their members and for any charges, expenses, or claims they may incur under this rule, to be paid from the Assembly Operating Fund and disbursed, after certification by the Chairperson of the Committee on Rules or his or her authorized representative, upon warrants drawn by the Controller upon the State Treasury.

Membership of Standing Committees

12. The Speaker shall determine the size, and appoint the membership and the chairperson and vice chairperson, of all standing committees and subcommittees. In appointing Members to serve on committees, the Speaker shall consider the preferences of the Members.

Committee on Rules

13. There is a Committee on Rules, which shall act as the executive committee of the Assembly. The committee shall consist of the Speaker, the chairperson, who shall be a Member selected by the Speaker, and eight other members, four to be selected by the Speaker and four, including the vice chairperson of the committee, to be selected by the Minority Leader. One alternate member of the Committee on Rules shall be selected by each party leader. Members and alternates so selected shall remain in office until their successors are selected as provided for in these rules. The Speaker or the Minority Leader may designate any member of their respective parties in lieu of or in addition to the alternate member to fill a temporary vacancy.

An alternate member may serve when a committee member of the same political party is absent. The Speaker shall preside or may designate the chairperson to preside.

The rules and procedures of each caucus shall be determined by that caucus, but may not be inconsistent with these rules.

studies, and reports to the committee that will best assist it to carry out the purposes for which it is created.

The committee shall allocate annually an amount for the operation of each investigating committee, which shall constitute the annual budget of the committee.

(c) During the times as the Assembly is not in session, the committee is authorized and directed to incur and pay expenses of the Assembly not otherwise provided for that the committee determines are reasonably necessary, including the repair, alteration, improvement, and equipping of the Assembly Chamber and the offices provided for the Assembly in the State Capitol and the Capitol Annex.

(d) The committee shall allocate sufficient moneys from the Assembly Operating Fund to support the Assembly's share of joint operations.

The Assembly General Research Committee may act through subcommittees appointed by the Speaker in consultation with the Committee on Rules, and each of these subcommittees may act only on the particular study or investigation assigned by the Speaker in consultation with the Committee on Rules to that

subcommittee. Each subcommittee shall be known and designated as a select committee. The Speaker is the Chairperson of the Assembly General Research Committee and may be a voting member of any subcommittee. Each member of the Assembly General Research Committee is authorized and directed to receive and investigate requests for legislative action made by individuals or groups, and to report thereon to the full committee. The Committee on Rules is authorized to allocate to any subcommittee from the Assembly Operating Fund those sums that the Committee on Rules deems necessary to complete the investigation or study conferred upon that subcommittee. Notwithstanding any other rule of the Assembly, three members of the committee shall be from the political party having the greatest number of Members in the Assembly and three members shall be from the political party having the second greatest number of Members. Any temporary or permanent vacancy on the committee shall be filled within 10 days by a member from the same political party. All appointments, including appointments to fill permanent or temporary vacancies, of

members from the political party having the second greatest number of Members in the Assembly shall be made from a list of nominees that the Minority Floor Leader provides to the Speaker. The Speaker shall designate one member of the committee from the political party having the greatest number of Members in the Assembly and one member of the committee from the political party having the second greatest number of Members to serve as co-chairs of the committee. The Speaker shall designate one of the co-chairs to serve as the presiding officer at any meeting or hearing conducted by the committee.

If a verified complaint is filed against a member of the committee, the Speaker shall temporarily replace the member with a Member from the same political party, who shall serve until the complaint is dismissed or the Assembly takes final action on the complaint, whichever occurs first.

(b) The provisions of this rule, and of Rule 11.5 related to investigating committees, shall apply to the committee and shall govern its proceedings.

Prior to the issuance of any subpoena by the committee with respect to any matter before the committee, it shall, by a resolution adopted by the committee pursuant to a vote in accordance with subdivision (n), define the nature and scope of its investigation in the matter before it.

(c) Funds for the support of the committee shall be provided from the Assembly Operating Fund in the same manner that those funds are made available to other committees of the Assembly.

(d) (1) The committee shall have the power, pursuant to this rule and Article 3 (commencing with Section 8940) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, to investigate and make findings and recommendations concerning violations by Members of the Assembly of any provision of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code or of any other provision of law or legislative rule that governs the conduct of Members of the Assembly, hereafter collectively referred to as "standards of conduct."

(2) The committee may, on its own action pursuant to a vote in accordance with subdivision (n), initiate an investigation of a Member of the Assembly.

(e) Any person may file with the committee a verified complaint in writing, which shall state the name of the Member of the Assembly alleged to have violated any standard of conduct, and which shall set forth the particulars thereof with sufficient clarity and detail to enable the committee to make a determination. The person filing the complaint thereafter shall be designated the complainant.

If a verified complaint is filed with the committee, the committee promptly shall send a copy of the complaint to the Member of the Assembly alleged to have committed the violation complained of, who thereafter shall be designated the respondent.

No complaint may be filed with the committee after the expiration of 12 months from the date the alleged violation is discovered or three years from the date of the alleged violation, whichever occurs first.

(f) (1) If the committee determines that the verified complaint does not allege facts, directly or upon information and belief,

sufficient to constitute a violation of any standard of conduct, it shall dismiss the complaint and so notify the complainant and respondent.

(2) (i) If the committee determines that the verified complaint does allege facts, directly or upon information and belief, sufficient to constitute a violation of any standard of conduct, the committee promptly shall investigate the alleged violation and if, after this preliminary investigation, the committee finds that reasonable cause exists for believing the allegations of the complaint, it shall fix a time for a hearing in the matter, which shall be not more than 30 days after that finding. The committee may, however, seek an extension of this period, not to exceed an additional 30 days, which may be granted by a majority vote of the Committee on Rules.

(ii) If, after preliminary investigation, the committee does not find that reasonable cause exists for believing the allegations of the complaint, the committee shall dismiss the complaint. In either event, the committee shall notify the complainant and the respondent of its determination.

(3) The committee shall make its determination under paragraph (1) or (2) of this subdivision, pursuant to a vote in accordance with subdivision (n), not later than 90 days after first receiving a complaint that satisfies subdivision (e). The committee may, however, seek an extension, not to exceed 30 days, which may be granted by a majority vote of the membership of the Committee on Rules. If the committee has requested a law enforcement agency to investigate the complaint or if the committee knows the complaint is being investigated by a law enforcement agency, the time limits set forth in this subdivision shall be tolled until the investigation is completed.

(4) The committee's determination under paragraph (1) or (2) of this subdivision shall be stated in writing, with reasons given therefor, and shall be provided to the Assembly, and, in any case concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall be provided to the Attorney General, the Fair Political Practices Commission, and the district attorney of the county in which the violation allegedly occurred. This written determination is a public record and is open to public inspection.

(5) Any deliberations of the committee from the time of receipt of a complaint until it decides to dismiss the complaint or to set a hearing shall not be open to the public unless the respondent requests a public meeting.

(g) After the complaint has been filed, the respondent shall be entitled to examine and make copies of all evidence in the possession of the committee relating to the complaint.

(h) If a hearing is held pursuant to subdivision (f), the committee, before the hearing has commenced, shall issue subpoenas and subpoenas duces tecum at the request of any party in accordance with Chapter 4 (commencing with Section 9400) of Part 1 of Division 2 of Title 2 of the Government Code. All of the provisions of that chapter, except Section 9410 of the Government Code, shall apply to the committee and the witnesses before it.

(i) At any hearing held by the committee:

(1) Oral evidence shall be taken on oath or affirmation.

(2) Each party shall have these rights: to be represented by legal counsel; to call and examine witnesses; to introduce exhibits; and to cross-examine opposing witnesses.

(3) The hearing shall be open to the public.

(j) Any official or other person whose name is mentioned at any investigation or hearing of the committee, and who believes that testimony has been given that adversely affects him or her, shall have the right to testify or, at the discretion of the committee, to testify under oath relating solely to the material relevant to the testimony regarding which he or she complains.

(k) The committee shall have 15 days following the hearing within which to deliberate and reach its final determination on the matter as follows:

(1) If the committee finds that the respondent has not violated any standard of conduct, it shall order the action dismissed, shall notify the respondent and complainant thereof, and, in cases concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall transmit a copy of the complaint and the fact of dismissal to the Attorney General, the Fair Political Practices Commission, and the district attorney of the appropriate county. The complaint and the fact of dismissal transmitted pursuant to this paragraph are public records and open to public inspection.

(2) If the committee finds that the respondent has violated any standard of conduct, it shall state its findings of fact and submit a report thereon to the Assembly. This report shall be accompanied by a House Resolution, authored by the committee, which shall be introduced at the Chief Clerk's desk and then referred by the Committee on Rules to the Ethics Committee. The House Resolution shall include a statement of the committee's findings and the committee's recommendation for disciplinary action. Within seven days, the committee shall adopt the final form of the House Resolution and report it to the Assembly for placement on the Daily File. The committee also shall send a copy of those findings and report to the complainant and respondent, and, in cases concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall report thereon to the Attorney General, the Fair Political Practices Commission, and the district attorney of the appropriate county. The report submitted pursuant to this paragraph is a public record and open to public inspection.

After the receipt of a copy of the committee's final report and House Resolution, the Assembly expeditiously shall take appropriate action with respect to the respondent.

(*l*) The filing of a complaint with the committee pursuant to this rule suspends the running of the statute of limitations applicable to any violation of any standard of conduct alleged in the substance of that complaint while the complaint is pending.

(m) The committee shall maintain a record of its investigations, inquiries, and proceedings. All records, complaints, documents, and reports filed with or submitted to or made by the committee, and all records and transcripts of any investigations, inquiries, or hearings of the committee under this rule shall be deemed confidential and shall not be open to inspection, without the express permission of the

committee, by any person other than a member of the committee, or an employee of the committee or other state employee designated to assist the committee, except as otherwise specifically provided in this rule. The committee may, by adoption of a resolution, authorize the release to the Attorney General or a district attorney of the appropriate county of any information, records, complaints, documents, reports, and transcripts in its possession that are material to any matter pending before the Attorney General or that district attorney. All matters presented at a public hearing of the committee and all reports of the committee stating a final finding of fact pursuant to subdivision (k) shall be public records and open to public inspection. Any employee of the committee who divulges any matter that is deemed to be confidential by this subdivision shall be subject to discipline by the Committee on Rules.

(n) The committee may take any action authorized by this rule only upon the vote of not less than two members from the registered political party having the greatest number of Members in the Assembly and two members from the registered political party having the second greatest number of Members. Any vacancy on the committee does not reduce the votes required to take action.

(o) The committee may render advisory opinions to Members of the Assembly with respect to the standards of conduct and their application and construction. The committee may secure an opinion from the Legislative Counsel for this purpose or issue its own opinion. Any committee advisory opinion shall be prepared by committee members or staff and shall be adopted by the committee pursuant to subdivision (n).

(p) The committee shall conduct, at least semiannually, an orientation course on the relevant statutes and regulations governing official conduct. The curriculum and presentation of the course shall be established by the Committee on Rules.

The committee, in consultation with the Fair Political Practices Commission, shall conduct, at least annually, an orientation course on the relevant ethical issues and laws relating to lobbying. The committee shall impose fees on lobbyists for attending this course at an amount that will permit the participation of lobbyists to the fullest extent possible.

At least once each biennial session, each Member of the Assembly and each designated employee of the Assembly shall attend one of these courses.

Printing of Committee Reports

23. All requests for the printing of reports of Assembly committees shall be referred to the Committee on Rules. The Committee on Rules shall determine the number of copies needed and whether the report shall be printed in the Journal. In no event may more than 1,000 copies of any committee report be authorized by the Committee on Rules on the first printing, exclusive of the Journal copies if the report is to be printed therein, unless the Committee on Rules finds and determines that there is a special need for that report in greater numbers.

Upon determination by the Committee on Rules that additional copies of an Assembly committee report are required at any time following the first printing of the authorized number of copies, the

Committee on Rules may authorize one or more additional printings in the numbers found by it to be necessary and may make funds available therefor.

12. Adjournment

Pledging of Allegiance to the Flag

41. At each session, following the prayer by the Chaplain, the Members of the Assembly and its officers and employees present in the Assembly Chamber shall pledge their allegiance to the Flag of the United States of America. The Speaker shall invite guests present in the Assembly Chamber to join in the pledge of allegiance to the Flag of the United States of America.

Reading and Correcting Journals

42. (a) The reading of the Journal of the previous day may be dispensed with, on motion, by a majority vote of the Members present and voting.

(b) All journals of the Assembly shall be corrected by the Minute Clerk and delivered to the Chief Clerk.

(c) A motion to correct any day's Journal or to print a letter in the Journal shall always be in order and shall require a majority vote of the Members present and voting.

Presentation of Petitions

43. Whenever petitions, memorials, or other papers are presented by a Member, a brief statement of the contents thereof may be made verbally by the introducer. Petitions are not debatable and shall be filed, or referred to a committee as the Speaker shall determine. Receipt of that presentation and its disposition shall be noted in the Journal.

Upon receipt of a petition for the impeachment of any person subject to impeachment by the Legislature, the Speaker shall, without comment or debate, forthwith refer the petition to committee.

Messages From the Governor

44. Messages from the Governor shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal unless otherwise ordered by an affirmative recorded vote of 54 or more Members.

Messages From the Senate

45. Messages from the Senate shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal. The Committee on Rules shall refer each bill to a committee, unless upon a motion the Assembly, by an affirmative recorded vote of 41 or more Members, shall refer it to some other committee. The action to refer a bill shall not be debatable. The reference shall be

entered in the Journal. Assembly bills that have been passed without amendment by the Senate shall be ordered to enrollment.

An Assembly bill amended by the Senate shall be placed upon the unfinished business file but shall not be eligible to be acted upon until it is on the unfinished business file for one legislative day, except that when the Assembly bill is placed upon the unfinished business file during the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly, it may be acted upon immediately.

Guests of the Assembly

45.5. Nothing in these rules shall prevent the Speaker or Speaker pro Tempore from permitting the introduction of a special guest or guests.

A. Bills and Resolutions

Bills Defined

46. (A) The word "bill," as used in these rules, includes a constitutional amendment, a concurrent resolution, and a joint resolution, except as otherwise specifically provided.

(b) A concurrent resolution and a joint resolution, other than a resolution ratifying proposed amendments to the United States Constitution and a resolution calling for a constitutional convention, shall be treated in all respects as a bill except as follows:

(1) It shall be given only one formal reading.

(2) It shall not be deemed a bill within the meaning of subdivision (a) of Section 8 of Article IV of the California Constitution.

Introduction and Reference of Bills

47. Each bill shall be signed by each Member who is an author or coauthor of the bill before it is introduced. If any bill is introduced that does not contain the signature of its author or coauthor, the bill, on motion of the Member whose name appears thereon without that signature, shall be stricken from the file by an affirmative recorded vote of 41 or more Members. In each legislative session, on the first day when bills are introduced under "Introduction and Reference of Bills," the roll shall be called from A to Z and, as each Member's name is called, the Member may introduce one bill, constitutional amendment, or concurrent or joint resolution. After this roll call, the preprint bills shall be introduced in numerical order.

After the introduction of preprinted bills, and subject to the provisions of the Joint Rules of the Senate and Assembly, any Member desiring to introduce a bill, constitutional amendment, or concurrent or joint resolution may at any time during a session send the same to the Chief Clerk's desk.

When received at the Chief Clerk's desk it shall, under the proper order of business, be numbered, read the first time, printed, and referred to a standing committee, and a copy thereof shall be placed upon the desk of each Member before final passage.

All bills, constitutional amendments, and concurrent or joint resolutions introduced before the standing committees of the

Assembly are appointed shall be referred to committee, the references to take effect when the committees are appointed.

Any committee may introduce a bill germane to any subject within the proper consideration of the committee in the same manner as any Member. No committee bill may be introduced unless it contains the signatures of a majority of all of the members, including the chairperson, of the committee. If all of the members of a committee sign the bill, at the option of the committee chairperson the committee members' names need not appear as authors in the heading of the printed bill.

Limitation on the Introduction of Bills

49. (a) A Member may introduce not more than 30 bills in the regular session.

(b) This rule does not apply to a constitutional amendment, any type of resolution, or a bill introduced by a committee pursuant to Rule 47.

(c) This rule may be suspended with respect to a particular bill by approval of the Committee on Rules.

Reference of Bills to Committee

51. Except as otherwise provided in this rule, the Committee on Rules shall refer each bill to a committee by a majority vote of the membership of the committee, unless upon a motion the Assembly, by an affirmative recorded vote of 41 or more Members, shall refer it to some other committee. A motion to refer a bill shall not be debatable, except as to the propriety of the motion, and it shall not open the main question to debate.

The Committee on Rules may require that, if a bill is reported out of the committee to which it has been referred, it shall be re-referred to another committee that shares jurisdiction of the subject matter of the bill.

Spot Bills

51.5. A bill that upon introduction makes no substantive change in or addition to existing law, and would not otherwise affect the ongoing operations of state or local government, except a bill stating legislative intent to make necessary statutory changes to implement the Budget Bill, may not be referred to a committee by the Committee on Rules. If the author subsequently proposes to the Committee on Rules to make substantive changes in the bill as introduced, the Committee on Rules may refer the bill to a committee, together with the proposed changes for consideration as author's amendments. A vote on passage of the bill may not be taken, however, until the bill with its amendments, if adopted, has been in print for at least 15 days.

Delivery of Bills to State Printer

52. After introduction and first reading, all bills shall be delivered to the State Printer.

Introduction of House Resolutions

53. All house resolutions shall be numbered and shall be referred to the appropriate committee by the Committee on Rules.

Each house resolution shall be signed by each Member who is an author or coauthor of the house resolution before it is introduced.

Resolutions by Member

54. A concurrent resolution or a house resolution may be introduced related to a present or former state or federal elected official or a member of his or her immediate family. Other resolutions for the purpose of commendation or congratulation of any person, group, or organization, or for the purpose of expressing sympathy, regret, or sorrow on the death of any person, shall be prepared as a Rules Committee Resolution and presented to the committee for appropriate action.

The Committee on Rules may approve exceptions to this rule for house resolutions. The Chief Clerk may not accept for introduction any house resolution that is contrary to this rule unless it is accompanied by the approval of the Committee on Rules.

B. Standing Committee Functions

Standing Committee Rules

55. Subject to the Joint Rules of the Senate and Assembly, the Rules of the Assembly shall govern the conduct of all committee and subcommittee meetings.

Meetings of Standing Committees and Subcommittees

56. All standing committees and subcommittees shall meet at the hour and place provided by the schedule established by the Speaker, unless permission for a different hearing time is granted by the Speaker. No committee or subcommittee may meet during any session of the Assembly, nor may any Member of the Assembly attend a conference committee meeting on any bill during any session of the Assembly without first obtaining permission from the Assembly.

When an unscheduled meeting of a standing committee or subcommittee has been so ordered, the meeting shall convene in an area that is readily accessible to the public and the Assembly shall take care that every effort is made to inform the public that a meeting has been called. An unscheduled meeting of a committee or subcommittee shall not be held in the Assembly Chamber.

No bill may be set for hearing, nor may any notice thereof be published by an Assembly committee or subcommittee, until the bill has been referred to the committee or subcommittee. Nothing in this paragraph shall prevent a committee or subcommittee from acting with regard to a bill referred to it where the only action taken is to cause the bill to be reported to the Assembly with the recommendation that amendments be adopted and the bill be reprinted as amended and re-referred to the committee or subcommittee.

The several standing committees and subcommittees and their chairpersons are directed to adopt a procedure that assures that no committee or subcommittee shall commence the hearing of any bill after the hour of 6:00 p.m. at an afternoon meeting of the committee or subcommittee, or after the hour of 11:00 p.m. at an evening meeting, except that a hearing on a bill commenced prior thereto may be continued thereafter for that period of time that the committee or subcommittee deems necessary.

The several standing committees and subcommittees and their

chairperson may adopt a procedure under which bills are scheduled for hearing on the basis of like subject matter groupings.

Committee Analyses

56.5. Except as otherwise provided in this rule, each standing committee and subcommittee shall prepare an analysis of every bill it has set for hearing, which shall be available to the public in the office of the committee or subcommittee one working day prior to the date on which the hearing is to be held. In the case of a special meeting, or a meeting of the Committee on Appropriations or the Committee on Budget, or their subcommittees, the analysis shall be available to the public at the beginning of the hearing. No question concerning a committee's compliance with this rule with regard to any bill shall be in order following a vote on passage of the bill in that committee. As used in this rule, a "working day" is any day on which a house file is published.

A copy of each committee analysis shall be transmitted by the committee secretary to the Assembly Floor Analysis Unit at the same time it is made available to the public.

Committee Consultants: Floor Analyses

56.6. Except as otherwise provided in this rule, the consultants of a standing committee or subcommittee are responsible for monitoring bills assigned to their respective committee or subcommittee throughout the entire legislative process. Except for resolutions and bills on the Consent Calendar, a consultant of the appropriate standing committee shall prepare, in a timely fashion, an analysis of every bill on third reading or the unfinished business file, and of any amendment to a bill that is on the Assembly Floor, as directed by the Assembly Floor Analysis Unit.

The committee consultant who prepares the analysis shall transmit a copy of the completed analysis to the Assembly Floor Analysis Unit. The Assembly Floor Analysis Unit is responsible for final editing for grammar and format of all floor analyses.

Consent Calendar

56.7. If the chairperson of a committee or subcommittee, in advance of a hearing, proposes to recommend any bills for consideration on the Consent Calendar without hearing testimony on those bills in committee, a list of those bills shall be made available to the public at the same time as the committee analysis required under Rule 56.5.

Committee Quorum

57. Except as otherwise provided in this rule, a majority of the membership of any standing committee shall constitute a quorum for the transaction of its business, including the decision to recommend the adoption of any amendments to any bill. A majority of the membership of the committee, or a subcommittee thereof, shall be required to report a bill out of the committee or subcommittee, respectively. Any vacancy on a standing committee shall not reduce the votes required to take action on a bill in that committee.

Whenever a member is disqualified pursuant to Joint Rule 44 or the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) from voting or taking any

other action related to the passage, defeat, or amendment of a bill in committee, that disqualification shall be treated the same as a vacancy. The member shall advise the chairperson of a disqualification, and the chairperson shall announce which members are so disqualified at the commencement of the hearing on the bill.

Reconsideration

57.1. After a committee has voted on a bill, reconsideration may be granted only one time. Pursuant to subdivision (a) of Joint Rule 62, reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever occurs first. A vote on reconsideration may not be taken without the same notice required to set a bill for hearing unless that vote is taken at the same meeting at which the vote to be reconsidered was taken and the author is present. No action taken by a committee may be reconsidered except by a majority vote of the membership of the committee.

Bills Reported Back to Assembly

58. All committees shall act upon bills referred to them as soon as practicable, and when acted upon each bill shall be reported back to the Assembly forthwith; the chairperson of each committee is charged with the observance of this rule. The chairperson of each committee shall, insofar as practicable, report back bills in the same order as they were acted upon by the committee.

Appropriations Suspense File

58.2. The Committee on Appropriations may maintain a suspense file, to which bills may be referred by vote of a majority of the members of the committee present and voting, pending further consideration by the committee. A bill may be taken off the suspense file and heard, upon two days' notice published in the file, by a vote of a majority of the members of the committee present and voting. A bill removed from the suspense file for the purpose of amendment only, pursuant to Rule 68, shall be re-referred to the committee and shall be placed on the suspense file pending further consideration by the committee.

Voting in Committee

58.5. When a standing committee or subcommittee takes action on a bill, including reconsideration, the vote shall be by roll call vote only. All roll call votes taken in a standing committee or subcommittee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly. The record of a roll call vote shall show, for each proposal voted upon: all votes for and against, all members absent, and all members not voting. The chairperson of each standing committee or subcommittee shall promptly transmit a copy of the record of the roll call votes to the Chief Clerk of the Assembly, who shall cause the votes to be published in an appendix to the Journal on a monthly basis.

The committee secretary of each standing committee or subcommittee shall promptly transmit a copy of the record of the roll call votes to the Assembly Floor Analysis Unit.

A member may submit a written explanation of his or her vote, absence, or failure to vote on any bill or resolution, and that explanation shall be printed in the appendix to the Journal in the

appropriate place, provided that no explanation may exceed 50 words in length.

At the request of the author or any member of the committee, the committee shall hold the roll open on any Assembly bill until the adjournment of the committee meeting. At no time may a bill be passed out by a committee without a quorum being present.

This rule shall not apply to any of the following:

(a) Adoption of author's amendments to a bill.

(b) Withdrawal of a bill from a committee calendar at the request of an author.

(c) Return of bills to the house where the bills have not been voted on by the committee.

(d) Votes of subcommittees of the Committee on Budget when considering the Budget Bill.

(e) Votes of the Committee on Rules when referring bills to committees.

Subject Matter of Bill Recommended for Interim Study

59. Whenever it is the decision of a standing committee that a bill referred to that committee shall not be given a do-pass recommendation, but that the subject matter of the bill should be referred for study, that standing committee shall retain the bill in its possession and report its recommendation to the Assembly that the subject matter of the bill be referred to the Committee on Rules for that committee's assignment of the subject matter to an appropriate committee.

Nothing in this rule shall be construed to prohibit a committee from subsequently reporting the bill to the Assembly with a do-pass or do-pass as amended recommendation or from reporting it out of committee without further action on the final day of the session.

Committee Chairperson as Author

60. No chairperson of a standing committee shall preside at a committee hearing to consider a bill of which he or she is the sole author or the lead author, except that the Chairperson of the Committee on Budget may preside at the hearing of the Budget Bill by the Committee on Budget.

Reports of Committees

61. Specially prepared reports of standing and special committees shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal unless otherwise ordered by the Speaker or a majority vote of the Members present and voting.

When a report of a joint legislative committee is delivered to the Assembly Desk, the Speaker shall refer it to a standing committee for review and appropriate action.

Constitutional Amendments

62.5. All constitutional amendments shall be referred to the policy standing committee having jurisdiction of that subject matter and, upon being reported out of that committee, shall be re-referred to the committee having constitutional amendments within its jurisdiction.

C. Passage of Bills

Daily File

63. There shall be printed an Assembly Daily File for each legislative day. The following listing shall constitute the order of business on the Daily File:

1. Special Orders of the Day
2. Second Reading, Assembly Bills
3. Second Reading, Senate Bills
4. Unfinished Business
5. Third Reading, Assembly Bills
6. Third Reading, Senate Bills

All bills on the Daily File shall be called for consideration, provided Rule 58 has been complied with in the order of their listing, unless otherwise ordered by unanimous consent or an affirmative vote of two-thirds of the Members present. All scheduled committee hearings, together with the list of bills to be heard, shall be published in the Daily File.

Copies of Bills for Action on Floor

64. No bill may be considered or acted upon on the floor of the Assembly unless and until a copy of the printed bill as introduced, and a printed copy of each amended form of the bill, have been placed upon the desks of the Members.

Second Reading of Bills

66. All bills shall be read by title the second time in the order of their appearance upon the second reading file. Upon second reading, Assembly bills reported without amendments shall be ordered engrossed, and Senate bills reported without amendments shall be ordered to third reading. All bills reported out of committee shall be placed on the second reading file for the next legislative day, and may not be read a second time until the next legislative day under that order of business. As used in this rule, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

Bills Requiring General Fund Appropriation

66.6. Until the Budget Bill has been enacted, the Assembly may not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year for which the Budget Bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

Passage of Budget Bill

66.7. The Committee on Budget shall set spending limits for each subcommittee prior to subcommittee hearings.

Between the date upon which a committee on conference of the Budget Bill is appointed and the date the Assembly adopts the report of the conference committee, the Chairperson of the Committee on Budget shall provide regular written reports to the Members on the progress of the conference committee deliberations.

No Budget Bill may be considered or acted upon on the floor of the Assembly unless it does all of the following:

(1) Balances expenditures with anticipated revenues.

(2) Provides for a reserve of not less than 3 percent of the total of all expenditures for which appropriations are made in the Budget Bill for the fiscal year, or provisions for a reserve of not less than 1 percent and a specific plan to phase in a reserve of at least 3 percent within three years.

(3) Is based upon no external borrowing by the state other than borrowing that the enacted Budget Bill or other statute would require to be repaid during that fiscal year.

Committee Amendments

67. Committee amendments reported with bills shall be considered upon their second reading, and the amendments may be adopted by majority vote of the Members present and voting. Assembly and Senate bills amended on second reading, whether by committee amendment or amendment from the floor, shall be ordered reprinted and returned to the second reading file. Assembly bills so amended shall be engrossed after printing.

Committee amendments reported with bills shall be prepared, or approved as to form, by the Legislative Counsel. Five copies of the committee amendments to Assembly bills and five copies of the committee amendments to Senate bills shall be delivered to the Chief Clerk's desk.

The Chief Clerk shall cause to be transmitted to the Assembly Floor Analysis Unit a copy of each committee report and committee amendment, unless the committee report or committee amendment is relative to a joint, concurrent, or house resolution.

Adoption of amendments to any bill in the Assembly prior to third reading, other than by a roll call, shall not preclude subsequent consideration in committee, or on the third reading by the Assembly, of the bill, those amendments, or any part thereof.

Author's Amendments

68. Upon request of the author of a bill, the chairperson of the committee to which the bill has been referred may, by his or her individual action taken independently of any committee meeting, cause the bill to be reported to the Assembly with the recommendation that amendments submitted by the author be adopted and the bill be reprinted as amended and re-referred to the committee.

Notwithstanding any other rule, a bill to be amended pursuant to this rule may not be placed on the second reading file for the adoption of those amendments.

Vote on Passage of Bill as Amended

68.5. Except as otherwise provided in this rule, a vote on passage of any bill in a standing committee or subcommittee shall be taken only when the bill is in print, including any previously adopted amendments to the bill. A vote on passage of an amended bill, when the amended form of the bill is not in print, may be taken only if the sole effect of the amendment is to add coauthors to the bill or if the committee determines that the effect of the amendment upon the bill can be readily understood by all of the members and audience

present at the hearing. In that circumstance, any member may require that the amendments be in writing at the time of their adoption.

Bill Analysis Prior to Third Reading

68.6. No bill may be considered on third reading unless and until an analysis of the measure has been distributed by the Assembly Floor Analysis Unit and placed upon the desks of the Members, unless otherwise ordered by the Speaker.

As used in this rule, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

Analysis of Conference Committee Amendments

68.7. No report of a conference committee on any bill, other than the Budget Bill, that recommends the substantive amendment of a bill may be considered unless and until an analysis of the proposed amendment has been distributed by the Assembly Floor Analysis Unit and placed upon the desks of the Members, unless otherwise ordered by the Speaker.

Printing of Conference Committee Reports

68.8. No conference report may be heard by the Assembly until it has been in print for two days prior to being taken up by the house.

Conference Committee: Substantial Policy Change

68.9. (a) No conference committee on any bill, other than the Budget Bill or a bill that is making statutory changes to implement the Budget Bill, may approve any substantial policy change in any bill if that substantial policy change has been defeated in a policy committee of the Assembly within the current legislative session. For purposes of this rule, the most recent action of a policy committee with regard to a substantial policy change shall be deemed the only action taken when the policy committee has taken inconsistent actions with respect to a substantial policy change.

(b) For purposes of subdivision (d) of Joint Rule 29.5, the term "heard" means that a printed bill with substantially similar language was before the appropriate committee and taken up at a regular or special hearing of the committee during the current legislative session; or that an amendment, which was drafted and given a request number or approved as to form by the Legislative Counsel, was before the committee and taken up at a regular or special hearing of the committee.

Amendments From the Floor

69. (a) Any Member may move to amend a bill during its second or third reading, and that motion to amend may be adopted by a majority vote of the Members present and voting.

No amendments to a bill offered from the floor, except committee amendments reported with bills, amendments offered with a motion to amend and re-refer a bill to committee, amendments deleting any number of words, amendments adding a total of not more than 25 words, or amendments previously printed in the Journal, shall be in order unless and until a copy of the proposed amendments has been placed upon the desks of the Members. If a copy of amendments adding a total of 25 words or less is not placed on the desks of Members, it shall be made available to the author of the bill,

and the amendments shall be read in their entirety by the Chief Clerk prior to debate.

Amendments offered from the floor during a bill's second or third reading shall be prepared, or approved as to form, by the Legislative Counsel.

Before debate five copies of the proposed amendment to Assembly bills, and five copies of the proposed amendments to Senate bills, shall be delivered to the Chief Clerk's desk. One copy of the proposed amendment shall be transmitted by the Chief Clerk to the Assembly Floor Analysis Unit. Bills so amended upon second or third reading shall be reprinted and re-engrossed. The Chief Clerk shall order printed as many copies of all amended bills as he or she may determine to be necessary.

(b) (1) Amendments from the floor during a bill's second or third reading that would make a substantive change in the bill shall be submitted to the Chief Clerk's desk prior to the scheduled start of session on that legislative day.

(2) Upon receipt of the proposed amendments by the Chief Clerk, an analysis shall be prepared by the committee of origin in conjunction with the Assembly Floor Analysis Unit, and a copy of that analysis shall be distributed to each Member's desk prior to the beginning of debate on adoption of the proposed amendments, unless otherwise ordered by the Speaker.

(3) As used in this subdivision, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

(c) Paragraph (1) of subdivision (b) does not apply to (1) amendments to a bill taken up without reference to file, (2) amendments to a bill to add or delete an urgency clause, (3) amendments to a bill that are identical to other amendments submitted to the Chief Clerk's desk in accordance with the requirements of this rule, (4) amendments to a bill made by a motion to amend or a motion to substitute pursuant to Rule 91, as long as the amendments do not add more than a total of 25 words to, or do not delete more than a total 25 words from, the pending amendments, (5) amendments to the Budget Bill or to a bill that is making statutory changes to implement the Budget Bill, or (6) amendments to a bill to make the bill contingent upon the enactment of another bill, or to incorporate one or more statutory amendments proposed in another bill to avoid superseding those amendments.

(d) Any bill amended on the second or third reading file shall be ordered reprinted and returned to the third reading file, and may not be acted on by the Assembly until the bill, as amended, has been on the Daily File for one calendar day. This subdivision shall not apply to a bill that is amended to add or delete an urgency clause or to a bill that is amended to make statutory changes to implement the Budget Bill.

(e) No motion to amend a bill on the second or third reading file, other than committee amendments reported pursuant to Rule 57, shall be in order on the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly.

Consideration of Political Reform Act Bills

69.1. Pursuant to Section 81012 of the Government Code, any bill that would amend the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) may not be passed until, 12 days prior to being considered for passage, the bill in its final form has been delivered by the Chief Clerk to the Fair Political Practices Commission for distribution to the news media and to every person who has requested the commission to send a copy of any such bill to him or her.

Electronic Distribution of Bills, Conference Reports, Amendments, and Analyses

69.5. Subject to subdivision (b) of Section 8 of Article IV of the California Constitution, any requirement that bills, conference reports, amendments, or an analysis be placed on the desks of the Members shall include electronic distribution of the same information to the desk of the Members through the Assembly Floor System, unless otherwise ordered by the Speaker.

Consideration of Bills Re-referred to Committee

70. Whenever a bill that has been amended and re-referred to committee is reported out by that committee, it shall be placed on the second reading file and may not be transferred therefrom to the third reading file until the following day.

Uncontested Bills

71. No bill may be placed on the Assembly Consent Calendar unless it has met the requirements of Joint Rule 22.1 with respect to each Assembly standing committee to which the bill has been referred.

Consideration of Concurrent and Joint Resolutions

73. A concurrent or joint resolution may be amended by a majority vote of the Members present and voting. The ayes and noes may not be called upon the adoption of concurrent resolutions, except those authorizing expenditures of money, unless regularly demanded, or required by statute or the California Constitution.

Adoption of Resolutions

74. Any resolution upon which a roll call vote is demanded shall require an affirmative recorded vote of 41 or more Members for adoption.

The adoption of any resolution authorizing the expenditure of money shall require an affirmative recorded vote of 41 or more Members.

Printing of Resolutions

75. When any previously printed house resolution is before the Assembly for adoption, it shall be printed in the Journal only if amendments to it have been adopted, in which case it shall be printed as amended. In the absence of those amendments, house resolutions before the Assembly for adoption shall be referred to by day and page of the Journal as printed upon introduction. For the purposes of this rule, the adding of a coauthor shall not be deemed an amendment.

Concurrence in Senate Amendments

77. It shall require the same affirmative recorded vote to concur in any Senate amendment to an Assembly bill as the vote required by the California Constitution for the passage of the bill. A vote on concurrence may not be taken until the bill has been on the unfinished business file for one calendar day, except that when the bill is placed upon the unfinished business file during the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly, it may be acted upon immediately. The vote on concurrence shall be deemed the vote upon final passage of the bill.

Senate amendments to Assembly bills may not be concurred in unless and until an analysis of the measure has been distributed by the Assembly Floor Analysis Unit and a copy placed upon the desks of the Members, unless otherwise ordered by the Speaker. As used in this rule, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

Digest of Bills Amended in Senate

77.1. Whenever the Senate amends and passes an Assembly bill, the Legislative Counsel shall, within one day after the bill is passed by the Senate, prepare and transmit to the Chief Clerk and the Speaker a brief digest summarizing the effect of the Senate amendment. Upon receipt from the Legislative Counsel, the Chief Clerk shall cause the digest to be printed in the Daily File immediately following any reference in the file to the bill covered by the digest.

Substantially Amended Bills

77.2. If the analysis of an amendment adopted on the floor discloses that the amendment makes a substantial substantive change to a bill as passed by the last committee of reference, the bill, as amended, may be referred by the Speaker to the appropriate committee.

A bill that was previously reported from a policy or fiscal committee of reference in compliance with Joint Rule 61 is not subject to the deadlines in Joint Rule 61 if the bill is subsequently referred to a policy or fiscal committee pursuant to this rule.

If the digest to an Assembly bill that has been returned to the Assembly by the Senate for concurrence in Senate amendments discloses that the Senate has made a substantial substantive change in the bill as first passed by the Assembly, the bill may be referred by the Speaker to the appropriate committee.

Inactive File

78. Whenever a bill has been passed twice on the third reading file on two successive legislative days, it shall be placed forthwith upon a special file to be known as the inactive file. A bill also may be placed on the inactive file at the request of the author. When a bill has been placed on the inactive file, it may be returned to the third reading file by request of the author. Notice of the request to return the bill to the third reading file shall be published one day in advance

in the Assembly File. The bill, when returned to the third reading file, shall then be placed at the foot of the third reading file.

When a bill, placed on the inactive file from the second reading file or the unfinished business file, is removed from the inactive file, it shall be returned to the foot of the second reading file or the unfinished business file, respectively, in the next published Daily File.

Engrossing and Enrolling Bills

79. The Engrossing and Enrolling Clerk shall engross and enroll all bills that come to his or her hands for that purpose, in compliance with the provisions of Section 9503 of the Government Code, and in the order of time in which the same shall be acted upon by the Assembly.

After final passage by both houses, any Assembly bill not amended by the Senate shall be ordered by the Speaker forthwith to be enrolled, as provided in Sections 9508 and 9509 of the Government Code. The Chief Clerk shall report both the day and hour each enrolled bill is presented to the Governor, which report shall be entered in the Journal.

VI. PARLIAMENTARY PROCEDURE

A. Motions and Questions

Precedence of Motions During Debate

80. When a question is under debate or before the Assembly, no motions shall be received but the following, which shall take precedence in the order named:

First—To adjourn;
Second—To recess to a time certain;
Third—To lay on the table;
Fourth—For the previous question;
Fifth—To set as a special order;
Sixth—To postpone indefinitely;
Seventh—To refer to or to re-refer;
Eighth—To amend.

Questions of Order Decided Without Debate

81. All incidental questions of order, arising after a motion is made for any of the questions named in Rule 80 and pending that motion, shall be decided by the Speaker without debate, whether on appeal or otherwise.

Appeal From Decision of the Speaker

82. Any Member may appeal from a decision of the Speaker without waiting for recognition by the Speaker, even though another Member has the floor. No appeal is in order when another is pending, or when other business has been transacted by the Assembly prior to the appeal being taken. Upon the appeal being seconded, the Speaker may give his or her reasons for the decision, and the Member making the appeal may give his or her reasons for the appeal, and the

Speaker forthwith shall put one of the following questions to the Assembly:

(1) "Shall the decision of the Speaker be sustained?"

(2) "Shall the decision of the Speaker be overruled?"

An appeal cannot be amended and yields only to a motion to recess or adjourn, or to lay on the table, or a question of personal privilege. If an appeal is laid on the table, that action shall have no effect on the pending question.

An appeal cannot be debated when relating to indecorum, the transgression of rules, or the priority of business. A majority vote of the Members present and voting shall decide any appeal. In the event of a tie vote, the appeal is lost.

Speaker Explains Order of Business

83. The Speaker may, on his or her own motion or the motion of any Member, explain the order of business when the motion pending before the Assembly is not debatable. That explanation may not consume more than two minutes.

To Adjourn

84. A motion to adjourn is not debatable and cannot be amended, and is always in order, except: (a) when another Member has the floor; (b) when the Assembly is voting; or (c) during a call of the Assembly. The name of any Member moving an adjournment, and the hour at which the motion was made and adjournment taken, shall be entered in the Journal. A motion to adjourn shall be adopted by a majority vote of the Members present and voting.

When a motion to adjourn is made and seconded, it shall be in order for the Speaker, before putting the question, to permit any Member to state to the Assembly any fact relating to the condition of the business of the Assembly which would seem to render it improper or inadvisable to adjourn. That statement may not occupy more than two minutes and is not debatable.

An affirmative recorded vote of a majority of the duly elected and qualified Members is required to adjourn any session of the Assembly sine die.

To Recess to a Time Certain

85. A motion to recess to a time certain shall be treated the same as a motion to adjourn, except that the motion is debatable when no business is before the Assembly, and can be amended as to the time and duration of the recess. It yields only to a motion to adjourn.

To Lay on the Table

86. A motion to lay on the table is not debatable and cannot be amended.

A motion to table a bill, constitutional amendment, or concurrent or joint resolution is adopted by an affirmative recorded vote of 41 or more Members.

Any motion to lay on the table, if carried by 41 or more votes, carries with it the main question and everything that adheres to it, except that a motion to lay an amendment on the table, if adopted,

does not carry with it a bill, constitutional amendment, or concurrent, joint, or house resolution.

A motion to lay an amendment on the table is adopted by a majority vote of the Members present and voting.

A motion to lay on the table cannot be applied with respect to reconsideration.

The Previous Question

87. The previous question shall be put only when demanded by five Members, and its effect, when sustained by a majority vote of the Members present and voting, shall be to put an end to all debate and bring the Assembly to a vote only on the question then pending, except that the proponent of the matter pending shall be allowed not more than five minutes to close the debate.

Motion to Set Special Order

88. A motion to set any matter before the Assembly as a special order of business is adopted by an affirmative recorded vote of 54 or more Members. It is debatable only as to the propriety of setting the main question as a special order of business, and may be amended only as to the time.

Motion to Postpone to a Time Certain

89. A motion to postpone to a time certain shall be deemed and treated as a motion to set as a special order.

Motion to Postpone Indefinitely

90. The making of a motion to postpone indefinitely any bill, motion, or amendment opens the main question to debate. If the motion to postpone indefinitely prevails by an affirmative recorded vote of 41 or more Members, the main question may not be acted upon again during the session.

Motion to Amend

91. A motion to amend may itself be amended, but no "amendment to an amendment" may be amended. A motion to substitute shall be deemed to be a motion to amend and shall be considered the same as an amendment.

Only one substitute is in order when an amendment is pending. A motion to amend or to substitute is debatable, except where the main question to be amended is not debatable. Any motion to amend may be adopted by a majority vote of the Members present and voting.

A motion to amend that is decided in the negative is not again in order on the same day, or at the same stage of proceeding. The fact that a motion to amend by striking out certain words is decided in the negative does not preclude a motion to amend by adding words, or a motion to amend by striking out and inserting words, except that in no case may a further amendment be substantially the same as the one rejected.

Subject to the above provisions of this rule and Rule 69, a motion to amend is in order during the second or third reading of any bill.

Amendment To Be Germane

92. No amendment to any bill, other than a bill stating legislative intent to make necessary statutory changes to implement the Budget Bill, whether reported by a committee or offered by a Member, is in

order when the amendment relates to a different subject than, is intended to accomplish a different purpose than, or requires a title essentially different than, the original bill.

No motion or proposition on a subject different from that under consideration may be admitted as an amendment.

No amendment is in order that changes the original number of any bill.

No Member may be added or deleted as an author or coauthor of a bill or resolution without his or her consent.

Consideration of Motions

93. No motion, whether oral or written, may be adopted until it is seconded and distinctly stated to the Assembly by the Speaker.

Motions in Writing

94. Upon request of the Speaker, all motions shall be reduced to writing and shall be read to the Assembly by the Speaker before being acted upon.

Withdrawal of Motions

95. After a motion is stated by the Speaker, or a bill, resolution, or petition is read by the Chief Clerk, it is in the possession of the Assembly.

Motion to Withdraw or Re-refer Bills

96. A motion to withdraw a bill or resolution from committee, or to re-refer a bill or resolution from one committee to another committee, may be made during the regular order of business. A motion to re-refer may be debated only as to the propriety of the reference, and shall require an affirmative recorded vote of 41 or more Members.

No bill or resolution may be withdrawn from committee and placed upon the file, except upon two days' notice thereof and an affirmative recorded vote of 41 or more Members.

A motion to continue a motion to withdraw a bill or resolution from committee shall require a majority of those members present and voting.

Re-reference of Measures on File

97. A motion to re-refer a bill or resolution that is on the Assembly Daily File to committee may be made during the regular order of business. The motion is debatable only as to the propriety of that reference and shall require an affirmative recorded vote of 41 or more Members.

Bills Stricken From File

98. A motion to strike from the file any bill or resolution requires an affirmative recorded vote of 41 or more Members. That bill or resolution may not be acted upon again during the session.

Motion to Rescind Action or Expunge Record

99. Previous to the approval of the Journal by the Assembly, any action may be rescinded and its record ordered expunged by the affirmative recorded vote sufficient to take that action originally, except that no action may be rescinded and the record expunged by a vote less than an affirmative recorded vote of 41 or more Members.

No motion to rescind the action and expunge the record may be made twice on the same proposition.

A motion to rescind is not in order on any matter upon which a vote to reconsider has previously been taken in the Assembly.

Whenever any action of the Assembly is rescinded and its record ordered expunged, the record of the action expunged may not appear in any form whatsoever, except that the record of the proceedings on the motion to rescind and expunge shall appear in the Journal as and when printed.

Reconsideration of Vote

100. (a) A motion to reconsider a vote on the next legislative day shall be made on the same day the vote to be reconsidered was taken. No motion to reconsider shall be adopted unless it receives an affirmative recorded vote of 41 or more Members, except that it shall require a vote of 54 or more Members or 60 or more Members, respectively, to reconsider the vote on any matter originally requiring 54 or more votes or 60 or more votes, as the case may be. A motion to reconsider may be voted on without a second.

A motion to reconsider a vote shall be made by a Member voting on the question, and shall take precedence over all motions, except a motion to adjourn. Upon that motion being made, the matter to be reconsidered forthwith shall be placed upon the unfinished business file, and no further action may be taken prior to the next legislative day. When a motion to reconsider has once been made, the motion is the property of the Assembly. When reconsideration is granted, the matter to be reconsidered shall be before the Assembly in the same status it had prior to the vote being reconsidered.

(b) (1) Interim Study Recess:

No motion to reconsider the vote whereby amendments are concurred in on Assembly bills, the vote whereby a Senate bill is passed and returned to the Senate, or the vote whereby a conference committee report is adopted is in order on the last two legislative days preceding the interim study recess.

A motion to reconsider the vote whereby amendments are refused concurrence on Assembly bills, the vote whereby Senate bills are refused passage, or the vote whereby a conference committee report is refused adoption is in order on the last legislative day preceding the interim study recess. The motion may be taken up before the end of that legislative day.

As used in this paragraph, "bill" does not include a joint or concurrent resolution.

(2) January 31—Even-numbered Year:

No motion to reconsider the vote whereby an Assembly bill is passed to the Senate is in order on the last two legislative days preceding January 31 of the even-numbered year.

A motion to reconsider the vote whereby an Assembly bill is refused passage on its third reading is in order on the last legislative day preceding January 31 of the even-numbered year. The motion shall be taken up before the end of that legislative day.

As used in this paragraph, "bill" does not include a Senate bill, a constitutional amendment, or a joint or concurrent resolution.

(3) Easter or Summer Recess:

No motion to reconsider the vote whereby a bill is passed is in

order on the last two legislative days preceding the Easter or Summer Recess as established by the Joint Rules of the Senate and Assembly.

(4) Final Recess:

No motion to reconsider the vote whereby a bill is passed is in order on the last two legislative days preceding the final recess.

A motion to reconsider the vote whereby a bill is defeated is in order on the day of the final recess. The motion shall be taken up before the end of that legislative day.

(c) Any Member voting on any matter may move to take up on the same day the motion, previously made by another Member, to reconsider the vote on that matter. A motion to take up on the same day a motion to reconsider the vote on a bill shall require an affirmative recorded vote of two-thirds of the Members present and voting. A motion to take up on the same day a motion to reconsider the vote on any motion, amendment, Assembly resolution, or proposition other than a bill shall require an affirmative vote of a majority vote of the Members present and voting. The motion to take up the reconsideration on the same day shall take precedence over the motion to reconsider and, upon demand of any Member, the motion to take up the reconsideration on the same day shall be put to an immediate vote. If the motion to take up the reconsideration on the same day is adopted, the motion to reconsider shall be the next order of business before the Assembly.

(d) A second motion to reconsider the same question is not in order, nor is a motion to reconsider reconsideration in order.

(e) A motion to continue a motion to reconsider shall require a majority vote of those Members present and voting.

Call of Assembly

101. After the roll has been called, and prior to the announcement of the vote, any Member may move a call of the Assembly. The Members present may order a call of the Assembly by a majority vote of the Members present and voting, and the Speaker shall immediately order the Sergeant at Arms to lock all doors and direct the Chief Clerk to prepare a list of absentees as disclosed by the last roll call. The list of absentees shall be furnished to the Sergeant at Arms, whereupon no Members shall be permitted to leave the Assembly Chamber except by written permission of the Speaker, and no person may be permitted to enter except Members, Senators, or officers, or employees of the Legislature in the official performance of their duties.

Each Member who is found to be absent, and for whom no leave of absence has been granted, shall be forthwith taken into custody wherever found by the Sergeant at Arms, his or her assistants, or any person designated by the Sergeant at Arms, including members of the California Highway Patrol, and sheriffs or their deputies, and brought to the Assembly Chamber.

No recess or adjournment may be taken during a call of the Assembly. Additional business may be conducted and calls placed regardless of the number of calls in effect. A call of the Assembly may be dispensed with at any time upon a majority vote of the Members present, that action to become effective upon the completion of the roll call and the announcement of the vote upon the matter for which

the call was ordered, unless, prior to the announcement of the vote, the call is continued by a majority vote of the Members present.

Division of Question

102. Any Member may call for a division of the question, and the Speaker shall order the question divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition would remain for the decision of the Assembly. This rule does not apply to an individual bill or resolution.

B. Voting

Members Voting

104. Every Member in the Assembly Chamber when a roll call is required shall record his or her vote openly and without debate, unless the Assembly excuses that Member by a majority vote of the Members present and voting.

No Member may operate the voting switch of any other Member, except that a Member presiding at the time of a roll call, who is not the Speaker or the Speaker pro Tempore, may direct another Member on the Floor to operate the voting switch of the presiding Member, and any Member so presiding, including the Speaker and the Speaker pro Tempore, may also operate the voting switches at the rostrum of the Speaker and the Speaker pro Tempore, at their direction.

The name of any Member who refuses to vote as required by this rule, after being requested by the Speaker to do so, shall be entered in the Journal, together with a statement that he or she was present and did so refuse to vote. Any Member who refuses so to vote may, if he or she so desires, and immediately after the announcement of the vote, submit a written explanation of the failure to vote and that explanation shall be printed in the Journal, provided that no explanation may exceed 50 words in length.

In addition to the entry of his or her name in the Journal, any Member who refuses so to vote when required, and who has not been excused from doing so, may, immediately after the announcement of the vote, at the discretion of the Speaker or upon demand of any Member, be summoned to appear before the bar of the Assembly for public censure by the Speaker or by any Member designated by the Speaker. Censure of a Member as provided by this rule does not constitute a bar to proceedings for his or her expulsion from the Assembly pursuant to Section 5 of Article IV of the California Constitution.

A Member may submit a written explanation of his or her vote on any bill or house resolution, and that explanation shall be printed in the Journal immediately following the vote, provided that no explanation may exceed 50 words in length.

A Member, prior to adjournment on the same legislative day, in the absence of any objection, may instruct the Chief Clerk to add his or her vote to any previously announced vote that had been taken during his or her absence, so long as the outcome of the vote is not thereby changed. The Chief Clerk shall record any vote additions or vote changes in the order signed by the Members at the Clerk's desk.

Ayes and Noes

105. The ayes and noes shall be recorded by the electrical voting system on the final passage of all bills, when an affirmative recorded vote of 41 Members or any vote above that number is required, when demanded by three Members, or when ordered by the Speaker. The names of the Members so voting shall be entered in the Journal.

Voting and Vote Changes

106. When once begun, voting may not be interrupted, except that, before the vote is announced, any Member may have the total pending vote flashed on the visible vote recorder. Prior to the announcement of the vote, the presiding officer shall instruct the Chief Clerk to record verbal votes from Members not at their desks. Any Member may move a call of the Assembly after the completion of the roll. A Member, prior to adjournment on the same legislative day, and in the absence of any objection, may instruct the Chief Clerk to change his or her recorded vote after the vote is announced, so long as the outcome of the vote is not thereby changed. The Chief Clerk may record any vote change only after the Member making the change has announced it to the Assembly.

Tie Vote

107. In case of an equal division, or tie vote, the question shall be lost.

VII. MEMBERS' DECORUM AND PRIVILEGES

Order in Speaking to Questions

108. When a Member desires to address the Assembly, the Member shall rise from his or her seat and respectfully address himself or herself to "Mr. Speaker" or "Madame Speaker." Upon being recognized, the Member may speak, confining himself or herself to the question under consideration. When two or more Members rise at the same time, the Speaker shall designate the Member who is entitled to the floor.

No Member may speak more than once during the consideration of any one question on the same day and at the same stage of proceeding, except that the author of a bill or resolution or the mover of a question shall have the right to open and close the debate thereon. No Member may be allowed to speak more than five minutes to open and five minutes to close the debate on any question, including amendments, and no Member other than the author or the mover of the question may be allowed to speak more than five minutes thereon. No Member may yield to any other Member the time for which he or she is entitled to speak on any matter.

Motions

109. When a Member desires to make a motion, the Member shall obtain recognition as provided in Rule 108. Upon being recognized, the Member shall open by stating his or her motion, except in the case of a nomination, and in any other case may not speak to the merits of the motion at that time, but shall confine his or her remarks to those necessary to explain the motion. If the motion is in order and is seconded, it shall be stated to the Assembly by the Speaker. If the motion is debated, the Member who made it shall then be entitled to recognition to open the debate on the motion.

When a Member obtains the floor during debate upon any question that is pending before the Assembly and addresses the Assembly regarding the merits of the pending question, the Member may not be permitted to conclude his or her debate by making any motion or by demanding the previous question.

Leave of Absence

110. No Member may absent himself or herself from attendance at any session of the Assembly without leave of the Assembly. No Member may obtain that leave of absence or be excused for nonattendance except by a vote of 54 or more Members or by unanimous consent. A Member who obtains a leave of absence for personal business, or is excused for nonattendance for personal business, thereby waives his or her per diem allowance for attendance upon any session of the Legislature for which he or she secures that leave of absence or excuse. A Member may not obtain a leave of absence for legislative business or be excused for nonattendance for legislative business unless the Member has filed with the Speaker a statement of the legislative business for which he or she seeks that leave of absence or excuse. That statement shall be printed in the Journal.

If a Member is not recorded on the attendance roll within 30 minutes after the scheduled start of the session, the Member shall stand up before the Assembly and explain the reason he or she is late before he or she is recorded on the roll call for any vote. If a Member does not explain his or her reason for being late, any other Member may raise a point of order under this rule, whereupon the tardy Member's vote may not be recorded until an explanation is made.

Personal Privilege

111. Any Member may rise to explain a matter of personal privilege. A matter of personal privilege is a matter involving the Member's integrity, dignity, or honor. Upon rising to explain such a matter, the Member forthwith shall be recognized by the Speaker, but may not discuss a question in that explanation. Matters of personal privilege yield only to a motion to recess or adjourn.

Objection to Reading of Any Paper

112. Any Member, upon recognition by the Speaker, may object to the reading of any paper before the Assembly. When the objection is made, the question of reading shall be determined without debate by a majority vote of the Members present and voting, upon a brief statement by the Speaker of the substance of the objection.

Members at Chief Clerk's Desk

113. No Member or other person may be allowed at the Chief Clerk's desk while the ayes and noes are being recorded or the votes counted.

Members Called to Order for Transgressing Rules

114. If any Member transgresses the Rules of the Assembly, the Speaker shall, or any Member may, call the offending Member to order. The Member so called to order immediately shall take his or her seat, until the Speaker, without debate, has determined whether the Member is in order. That decision by the Speaker shall be subject to an appeal to the Assembly.

If any Member is called to order for offensive words spoken in

debate, the person calling him or her to order shall state to the Assembly the words to which exception is taken. No Member may be held to answer, or be subject to censure by the Assembly, for language used in debate if other business has been transacted by the Assembly prior to exception being taken to the words spoken.

VIII. MISCELLANEOUS

Committee of the Whole

115. The Assembly may resolve itself into a Committee of the Whole at any time by a majority vote of the Members present and voting. While sitting as that committee, persons other than Members may address the committee. The Speaker of the Assembly, or any Member named by the Speaker, shall preside as Chairperson of the Committee of the Whole.

A motion that the Committee of the Whole "do now rise and report back to the Assembly," shall always be in order and shall be decided without debate. All actions of the Committee of the Whole shall be reported to the Assembly by the chairperson, but may not be entered in the Journal except upon motion and a majority vote of the Members present and voting.

Use of Assembly Chamber

116. The Assembly Chamber may not be used for any public or private business, other than legislative matters during the sessions or joint recesses of the Legislature, except by consent of 41 or more Members or, during a joint recess, of the Committee on Rules.

Use of Assembly Facilities: Smoking

117. The smoking of tobacco products is prohibited within any building, or portion of a building, occupied or used by Assembly Members or employees if the building or portion of the building is under the jurisdiction or control of the Assembly. This smoking prohibition shall apply to any outdoor area within five feet of an entrance or exit to any building or portion of a building subject to this rule. This smoking prohibition shall apply to the Assembly Chamber, Assembly hearing rooms, and Assembly offices, and to hallways, stairways, and bathrooms within any building or portion of a building subject to this rule.

Floor of the Assembly: Telephones

117.5. No cellular telephone may be used on the floor of the Assembly during any session of the Assembly.

Meeting of the Assembly: Firearms

117.7. No person, except a peace officer acting within the scope of his or her employment, may carry or possess a firearm on the floor of the Assembly during any session of the Assembly or in a committee hearing room during any meeting of a committee or subcommittee.

Persons Admitted to Floor of the Assembly

118. No person other than Members of the Legislature, officers, employees of the Legislature, accredited members of the press, and guests may be admitted to the floor of the Assembly during any session of the Assembly. A guest of any Member may be admitted only upon presentation of a guest card of the Member countersigned by the Speaker. A guest card is valid only on the legislative day for

which it is issued. No lobbyist, as defined by Section 82039 of the Government Code, may, under any circumstances, be admitted to the Assembly Chamber while the Assembly is in session.

Persons admitted to the Assembly Chamber, other than Members, may not be permitted to stand in the lobby in the rear of the Assembly Chamber while the Assembly is in session, but shall be required to occupy the seats provided for them.

Guests may be seated only in the chairs in the back of the rail in the rear of the Assembly Chamber, and may not be permitted to sit at the desks of the Members. No person other than an accredited newspaper representative may be permitted to sit at the press desks. A special section in the balcony may be reserved for those holding guest cards. Neither any person mentioned in this rule nor any other person, except a Member of the Legislature, may engage in influencing the passage or defeat of legislation in the Assembly Chamber.

No person other than a Member of the Legislature, the Sergeant at Arms or his or her assistants, the Chief Clerk or his or her assistants, or the Legislative Counsel or his or her representatives, may be permitted in the area of the floor of the chamber which is occupied by the desks of the Members.

Qualifications and Elections of Members

119. An affirmative vote of 41 or more Members shall be required to determine the qualifications and election of any Member pursuant to Section 5 of Article IV of the California Constitution. No motion to disqualify a Member is in order at the convening of a legislative session until a Speaker has been elected in accordance with Section 9023 of the Government Code.

Compensation and Expenses of Member Convicted of Felony

120. If a Member of the Assembly is convicted of a felony by a superior court, his or her right to further compensation or expenses is thereupon suspended, and his or her membership on any committee is thereupon suspended. If the conviction becomes final, the right of the Member to further compensation or expenses shall terminate and any compensation or expenses withheld shall be forfeited to the state. If the conviction is reversed by an appellate court or a motion for a new trial is granted, and the Member is thereafter found not guilty or the charges against him or her are dismissed, the amounts of the withheld compensation or expenses shall be paid to the Member and the suspension of his or her committee membership shall terminate.

Whenever a Member is convicted of a felony in the superior court, the Committee on Rules shall give written notice thereof to the Controller, directing him or her to discontinue any further payments to the Member unless and until the Committee on Rules notifies the Controller that the Member has been found not guilty or that the charges against him or her are dismissed. The Controller may not draw any warrant payable to that Member except as provided in this rule.

The Seal of the Assembly

121. The Seal of the Assembly may be used only by or on behalf of a Member of the Assembly, or when specifically authorized by the Committee on Rules.

Carole Jayne Dennis

Carole Dennis was devoted to her family, to her community and to her country. Mortally ill with cancer, she insisted on casting her last vote in the November Presidential election just weeks before her passing.

Carole was born in Meadville, Pennsylvania on January 22, 1936 and moved with her parents Boyd and Martha Coulter to California in 1943. While attending El Segundo High School she was very active as a cheerleader, was on the tennis team, participated on the debate team, was the delegate to the Leadership Council for the State of California and in her senior year was Homecoming Queen. Carole must have liked the title, Homecoming Queen, as it was bestowed on her at El Camino Jr. College and again in her senior year at Redlands University.

While at Redlands, Carole met and married her devoted husband of 39 years, Bill. After graduation Carole taught 6th grade in El Segundo for three years before moving to the Upland, Claremont area where she taught for a few more years before leaving to work as Bill's secretary.

Carole is survived by her loving husband Bill, sons Dean and Damon, daughter-in-law Michele, grandchildren Sean and Marin, mother and stepfather Martha and Roland Blakeman, her sister and brother-in-law Debbie and Jim Riggs, step-sisters Roanne Mahoney and Marvel Kirby, as well as aunts, uncles and cousins. Carole was preceded in death by her father, Boyd Coulter, in 1959.

Carole devoted her life to her family and friends, by living life to the fullest. She will be greatly missed by those who knew her and loved her and for the many gifts she leaves behind, not the least of which was her joy and enthusiasm for life and living.

Let us also pray:

Lord, As the Members of this Assembly begin the new legislative session, we pause to offer this prayer to You. Before our work begins, we think of You. As the people here gathered, seek to write laws, they also seek You. Guide their hearts and minds, Lord, so that they may know Your will. GOVERNOR'S ADDRESS PRINTED IN JOURNAL

Without objection, the following text of Governor Pete Wilson's State of the State address was printed in the Journal:

"Seizing Opportunity . . . and Creating More for Others"

Lt. Governor Davis . . . Mr. Speaker . . . Mr. President pro Tem . . . distinguished members of the Legislature . . . constitutional officers . . . distinguished members of the Supreme Court . . . my fellow Californians.

Thank you, and Happy New Year—though it's gotten off to a soggy start. My heart and prayers go out to flood victims who have suffered cruelly.

Tonight I am calling on the Legislature to sit in extraordinary session . . . to address the clear and immediate needs of those individuals, businesses, and farms victimized by those terrible floods.

And I have instructed my cabinet and all appropriate state

agencies to continue to provide all the emergency relief that is permitted under current state law, and to work with Federal Authorities to assure that communities' needs are met.

Californians are endowed with an indomitable will and a generous heart. Nature's worst, it seems, brings out our best . . . heroes like Staff Sgt. James Joseph Moore, a medic with the California National Guard.

Five days ago, Sgt. Moore was in a decidedly more interesting position—dangling from a helicopter on 60 feet of cable . . . high-voltage power lines close by . . . lifting an elderly man from his rooftop to dry land.

If that wasn't enough excitement: Two hours later, he was at it again, plucking a man from the roof of his soon-to-be submerged pickup truck.

You should know that before he went on duty that day, Sgt. Moore's wife warned him: "Don't be a hero."

(. . . Just goes to show you that husbands don't always listen to their wives.)

Sgt. Moore turns 29 in three days. But next month he gets the greatest gift any man could hope for when his wife, Denise, delivers their second child.

We applaud Sgt. Moore, and every Californian who showed uncommon valor in caring for their friends and neighbors.

Another inspiring Californian is seated over my shoulder.

His father earned a living with barber's shears. He wields another instrument: The Speaker's gavel.

I ask that you join me in applauding the Speaker of the California Assembly, Cruz Bustamante.

Mr. Speaker, I look forward to working closely with you and Senator Lockyer to achieve the full promise—the bright future—that California deserves.

It can and should be a very bright future.

For the second straight year, California's economy grew while the national economy sputtered.

We again lead the nation in job-creation—a distinction we will not surrender.

As we rang in the new year, we became the first state with a trillion-dollar economy. That's one trillion—three more zeroes than a Hideo Nomo shutout.

With such bullish forecasts of our continued economic growth, we must persist in making California yet more attractive in competing for investors and job-creators.

Why . . . because, first, California grows by 300,000 people a year.

Second, our neighboring states are relentless in their pursuit of our jobs.

We are in a horse race with them, and forced constantly to jockey for the lead.

And, my friends, no horse is invincible. I know. I bet on Cigar to win at Delmar.

First, let's build on our success.

Exports have been a spectacular part of the California Comeback.

But we need to market California aggressively.

That's why we've proposed the creation of new state trade offices in Seoul, Shanghai, and Sao Paulo.

And that's why on Saturday I'll begin a three week marketing tour of the Pacific Rim.

Second, let's continue where we know our reforms have helped.

Last year, we provided tax relief to create jobs. Economists already report that our taxcut has spurred job creation in high technology and other emerging industries.

That may explain why 28 other states cut their taxes.

Tonight I urge you to further reduce our bank and corporation tax by 10 percent over the next two years, to keep the California Comeback rolling.

Third, we must continue to slash the hidden tax of over-regulation and over-reaching that drives investors out of this state.

Speaker Bustamante can attest to this personally. For two years, he's fought to reform the State Endangered Species Act. It gives the kangaroo rat and the fairy shrimp greater standing in the food chain than the California farmer.

This year, let's complete the Speaker's good work by passing meaningful reform of the State Endangered Species Act.

Let's insist on honest science in setting standards and common sense and fairness in setting process.

And we must reform a legal system that has made the lawyer's briefcase a weapon of terror that threatens to undermine California's economy.

In just the last three years alone, it's cost us at least 650,000 jobs—that's almost the number of jobs we'll need in order to put welfare recipients to work.

California cannot afford a jobs climate that loses jobs . . . if we're to move our people from welfare to work, in the numbers and on the schedule mandated by federal welfare reform.

The welfare law signed by President Clinton requires that three-quarters of a million people on welfare find work.

If we fail to meet that requirement, the new law imposes substantial financial penalties upon us.

But greater than any financial cost is the human cost to people who stay on welfare rather than work.

A program conceived as relief for widows, abandoned women and children, has become a major incentive to the skyrocketing increase in out-of-wedlock births.

Fifty years ago, the incidence of out-of-wedlock births was 1 in 25. Today, it's 1 in 3.

And, of course, as out-of-wedlock births have increased, so has public spending—massively—for health care for the poor, for police protection, for drug and alcohol rehabilitation, for criminal courts, for prisons, probation and parole supervision.

Children born into fatherless homes are five time more likely to live in poverty. They're twice as likely to drop out of high school.

Fatherless girls are three times more likely to end up as unwed teen mothers. Fatherless boys are overwhelmingly more likely to end up behind bars.

Welfare reform offers us the opportunity and the challenge to recast our very culture . . . to insist on responsibility . . . so that

taxpayers no longer subsidize idleness, or promiscuity . . . and no longer suffer when illegitimacy hatches into social pathology.

Welfare has made fathers financially irrelevant. It is the most important of all the perverse incentives encouraging the formation of fatherless families.

That must be fundamentally and forever changed.

Tonight, I urge you to work with me to replace welfare in California and create something far better.

That is the greatest challenge facing us this year.

If we fail to address this before we adjourn, we fail not just taxpayers . . . more importantly, we fail the people whose lives we can so dramatically change for the better . . . especially poor, fatherless children.

On Thursday, when I submit the budget, I'll outline a plan to end welfare.

Tonight, let me just outline the principles that must guide our effort.

We must insist that individuals on welfare meet the same standards of responsibility, accountability and decency as do working families.

First, welfare must be a temporary transition to work and self-sufficiency. It must be strictly time-limited.

Anyone who intentionally cheats the system will be cut off from benefits immediately, and permanently.

Second, we must insist that people on welfare find jobs.

We'll help with job placement and training. We'll offer additional childcare for families on welfare.

But, we're ending welfare's warehousing of people who don't want to work. No longer will they be able to refuse a job they think beneath them.

Any legal job is better than subsidized idleness.

Any legal job is an acceptable means for entering the workforce. There's a lot more dignity in any minimum-wage job than in sitting on a couch collecting welfare.

Finally, we must renew our commitment to protecting and improving the lives of children dependent on public assistance.

When they are born out of wedlock, the child's father must be identified before the mother can collect welfare.

And to assure that children receive needed immunization, that too must be required for families on welfare.

I'll have more to say in later messages about the protection of children—both those who receive assistance and those who don't.

But for now, I ask your support for two important initiatives.

Substance abuse during pregnancy is child abuse through the umbilical cord.

That's why I've proposed an Infant Health and Protection Initiative to assure the newborns of substance-abusing parents the safety and support they deserve before they even leave the maternity ward.

Parents must agree—or they can't take the baby home.

And it's time we took a closer look at what's become another form of inexcusable child neglect: parental failure to prevent truancy.

Instead of learning the basics of reading, too many truants learn the basics of shoplifting, purse-snatching and home invasions.

Ask any cop or probation officer.

They'll tell you that the surest indicator of a career criminal-in-the-making is chronic truancy.

There's a woman here in Sacramento who's making parents take responsibility for their children's truancy.

She's holding parents accountable with the threat of being hauled before a judge. It's tough, but fair.

The results? Attendance in Sacramento schools is at a ten-year high.

Please join me in applause for the woman responsible —Sacramento County's District Attorney, Jan Scully.

To reinforce Jan Scully's good work, let's make school attendance a requirement for families to receive welfare.

And let us continue to change our schools to give children the greatest opportunity possible.

Last year, we took important steps to do just that.

And none gave me greater pleasure or produced more exciting results than shrinking class sizes in kindergarten through third grade.

Today, a million children are learning to read in classes of no more than 20.

Tonight, we're joined by a distinguished educator who can tell you how important that is to a child's development.

Dr. Charlie Mae Knight is Superintendent of the Ravenswood City Elementary School District in East Palo Alto.

Seven of Dr. Knight's schools now have smaller classes—3,500 kids getting a better start in life.

But Dr. Knight knows that reform requires more than just smaller classes. She's helping troubled boys in grades 6 through 8 learn good study habits and the value of discipline at the all-male 49ers Academy.

To help others follow that successful example, our budget last year included funding to open similar ground breaking single sex academies around the state—in this year we will build on that start.

Dr. Knight also shares my conviction that parents deserve still greater choice when their children are trapped in failing public schools. This year, I'll continue pursuing my plan of opportunity scholarships for children enrolled in the lowest performing schools.

You might ask: What's in it for her, besides the satisfaction of improving thousands of lives?

Well, not too long ago, Dr. Knight was on an airliner when a flight attendant approached her, identifying herself as a former student.

She was so grateful that she bumped Dr. Knight up to first-class.

Please join me in applauding Dr. Charlie Mae Knight and the thousands of other educators who are doing a first-class job for California's kids.

Charlie Mae Knight is special.

But what is universal is the need in every school to empower teachers and students to be all they can be.

Tonight, I ask you to join me in doubling the number of students who benefit from smaller class sizes, so that every student from kindergarten through third grade can experience the remarkable learning difference that smaller classes make.

Class-size reduction requires both more teachers and more classrooms.

Through reforms enacted last year, we're attracting qualified retired teachers back to the classrooms, and drawing teachers from other professions to enrich our classrooms with their real-life experience.

This year, to help our newest teachers, I propose expanding our Beginning Teacher Support program so they get the help they need to succeed in the classroom.

To help provide school districts with added classrooms they'll need for enrollment growth and class-size reduction, I propose a $2 billion bond.

We must also reform the absurd school-construction process. It is outrageous.

A second-grader today will be in high school before his or her school district can deliver the classrooms required to relieve over-crowding.

I ask that you join me in making class-size reduction the spark of an even broader renaissance for California education.

An education renaissance will take more than bricks and mortar.

We must start by setting high standards, testing to ensure our children meet them and then promoting or graduating only those students who do.

Too many students continue to enter high school unprepared to do high school work.

Too many others will graduate from high school and go to college . . . to waste their first year taking the remedial English and math they should've learned in the previous twelve years.

That's why in 1995, we created the California Standards Commission to set the world-class standards our children must meet to compete in the global marketplace of the 21st Century.

The Commission has much work to do.

But its most urgent and important task is to develop reading and language standards for elementary grades.

I ask the Commission and the State Board of Education to do that first and set those standards by this summer—no later!

We can and should have assessments ready to test students on these skills by next spring.

We can't afford to let another year pass without the assurance that our youngest students are learning the basic skills they need to succeed in life.

This past year, we succeeded in deep-sixing the tragic experiment known as whole language that robbed nearly a generation of California students of their right to learn basic reading skills and left our schools ranked last in the nation in reading.

We're now totally overhauling reading in the early grades by getting back to phonics . . . to basics.

But we can't afford to ignore those children who have already moved on.

So I propose we expand our reading initiative to retrain teachers in grades 4 through 8, so older students are assured of the reading skills now available to our youngest learners.

We also must not delay in preparing our schools and our kids to harness the incredible power and riches offered by the high technology of the information age.

The information superhighway is an artery even more vital to the commerce of this state than I-5.

Students unable to use the tools of this information age will be forever at a disadvantage.

Their future won't be in supercomputers. It'll be super-sizing french fries.

That's why my administration has been working with organizations like the Detwiler Foundation—a non-profit group that solicits used computers from private companies for California's public schools, then contracts with the State Department of Corrections to refurbish the machines.

This unique public-private partnership has already placed over 24,000 computers in California classrooms.

The foundation's work is driven by the vision and energy of John Detwiler, his wife, Carolyn, and their daughter, Diana, who are with us tonight.

Please join me in thanking them for their remarkable work.

They've received enthusiastic help from someone with a long history of helping children . . . someone who's always helped me when I've needed her—my wife, Gayle.

Gayle's taken the Detwilers to dozens of California business leaders to enlist their support.

At next month's meeting of the National Governors Association, she'll introduce them to our fellow governors.

Tonight, I call on the Legislature to build on this good work by joining me to implement what I call the "digital high school"—putting up to a million computers in every high school across California.

It is a commitment to invest $1 billion over the next four years.

We'll place Internet-capable technology in every one of California's 840 high schools.

We want every high-school graduate to be fluent in PC—that's "personal computer", not "political correctness".

And I challenge California's most resourceful private enterprises to work with us—as the Detwiler Foundation has—in achieving this ambitious goal.

An education renaissance can't be decreed from Sacramento.

It will require the participation and innovation of people from every corner of this vast and varied state.

Our class-size reduction effort worked this year because we set an ambitious goal and then let each school decide the best way to meet it.

It produced as many different solutions as there are schools.

That's why local control, innovation and parental choice must be guiding principles for improving our schools.

They are the key to the success of the charter school movement we launched five years ago in California.

It has given parents and teachers the freedom to run more than 100 of the most innovative public schools California's ever seen.

The independent Little Hoover Commission has documented their enormous success—better discipline, higher test scores and more parent satisfaction.

So let's lift the artificial cap on the number of charter schools—so that the state Board of Education need not go on opening them one at a time.

The leaders in California's public universities recognize the value of these schools.

Chancellor Munitz is with us tonight.

I'm pleased to announce that he and President Atkinson have agreed to work with us to create a new breed of charter schools.

These schools will be designed by the universities with the express purpose of setting K–12 standards and preparing California students so they come to UC and CSU ready to do university work.

I want our public colleges and universities to be affordable for any student whose ambitions and abilities take them there.

That's why I've worked with the Legislature to more than double financial aid for California's students.

This year, for the third year in a row, we will not increase fees for public universities.

And we will again increase Cal Grants—to enable a still greater number of deserving students to attend the college or university of their choice.

There's no greater gift to our children than a quality education . . . to strengthen their minds to withstand those who prey on their souls.

Recently, the *Los Angeles Times* profiled a gang that's menacing the Southland, and places as far away as Nevada, Utah and Oregon—the 18th Street Gang.

This is no gang.

It's an army of 20,000 that swells its ranks by recruiting at-risk boys to join a vast criminal conspiracy. It has rendered life in entire neighborhoods intolerable.

We cannot and will not tolerate that.

A reporter asked an 18th Streeter why he chose this life.

His response: "I don't have a brother. I've always wanted to have a brother."

We've got to get that kid a better big brother than that gang.

We must recruit a far larger army of adult mentors to prevent at-risk kids from making the wrong choices in life.

And we must finish reforming a juvenile justice system that is more relevant to Spanky, Alfalfa, and "Our Gang," than it is of the 18th Street Gang.

No duty is more urgent or will more gravely test our claim and resolve to be a civilized society.

Thirty years ago, almost to this day, I first walked through those doors as a freshman Assemblyman.

But tonight I think not of the California of thirty years ago, but of California thirty years from now.

Thirty years from now, California must have so reformed its job climate that we far outpace our competition in attracting investors and job creators . . . knowing it's the only way we'll be able to provide employment for our children and the revenues we need to invest in their future.

Thirty years from now, we must have broken the cycle of tax-paid illegitimacy and dependency . . . so that out-of-wedlock births decline and so do poverty, child abuse and crime. Truancy, crack babies and gangs must be bad memories rather than bad choices.

Thirty years from now, your children will be reading their children's reports cards and their teachers' lesson plans—all on e-mail.

California schools must be places of high test scores, high technology and high aspirations.

And if, in thirty years, I'm not satisfied with the progress, I just may run for Governor to get things moving! Don't laugh: My 94-year-old father thinks it's a great idea!

If together we succeed in making all the change that our state needs, then in thirty years California will be what it can be—a towering incandescent beacon of opportunity that burns boldly, brightly, long after every one of us has turned off the lights, closed the door and left this grand old building.

Let us leave as our legacy that California—one that reflects our creed and way of life.

Let our motto be: "Seize opportunity . . . and create more for others!"

Thank you. God bless California.

MESSAGES FROM THE GOVERNOR

The following Budget Message from the Governor was received and ordered printed in the Journal:

Governor's Office
January 9, 1997

To the Senate and the Assembly of the California Legislature:

I submit for your consideration the Governor's budget for 1997–98.

This document reflect the priorities that are paramount for preparing California for the challenges of the 21st Century: reforming the state's welfare system, preserving economic growth, and bringing innovation to our classrooms.

Last year, we were successful in making the long-term investments that will benefit this state for years to come. Working together, we reduced classroom sizes for our youngest learners so that they have an honest opportunity to master the gateway skills of math and reading. We also pushed the state's business tax rates to their lowest level in nearly a quarter of a century, making California even more attractive for entrepreneurs and investors.

Our mission is to continue to lay the foundation for a California of even greater promise and prosperity—a state in which every citizen is afforded an equal opportunity to advance as far as their drive and determination allow them.

With your responsible leadership in the new year, we can achieve that promise, and ensure that this state remains the symbol of the American Dream.

Sincerely,

PETE WILSON

Larry Margolis, top aide to ex-Speaker Unruh, dies

By Steve Gibson
Bee Staff Writer

Larry Margolis, a tough-minded public policy expert who once served as the powerful top aide to former Assembly Speaker Jesse Unruh, died Saturday at Sutter General Hospital.

He was 73.

The exact cause of death wasn't immediately known, his wife, Selma, said Monday.

Respected by some, feared by others, Margolis wielded so much power while serving under Unruh from 1961 to 1965 that he was sometimes referred to as "the 81st member" of the 80-member state Assembly.

Some even perceived him as "an evil genius," Margolis conceded in a 1980 interview.

"There are people who look on me as an evil genius, someone tied into mysterious forces, linked to secret political machinations," he said.

But Capitol insiders, those who understood the process, recognized that Margolis was, in the words of one college government professor, an "idealistic reformer."

"Legislators immediately perceived the trust in which Unruh held him and feared or respected him for it," Lou Cannon wrote in "Ronnie and Jesse," a dual biography of Ronald Reagan and Jesse Unruh.

Along with helping create the Unruh Civil Rights Act, one of his greatest legacies was turning the legislative staff into a professional cadre of policy experts independent of the executive branch, said

Sherry Bebitch Jeffe, senior associate at the Center for Politics and Economics at Claremont Graduate School.

In accomplishing these goals, Margolis and Unruh were so compatible in their thinking that "one could begin a sentence and the other would finish it," Jeff said.

But clearly, Larry was more than the alter ego of Jess Unruh," she said, "He was able to prod Jess, to push him intellectually. Jess was the upfront politician, while Larry was more the behind-the-scenes thinker and strategist."

But during his tenure as Unruh's chief assistant, Margolis assembled enough power to establish a sizable number of political enemies. Coupled with Unruh's aspirations to become governor, former Assembly staffers said, Margolis' clout became a threat to his boss' speakership, and he left the job in 1965.

After leaving Unruh's staff, he did a variety of things, including serving as a public policy consultant and visiting lecturer at Stanford University, the University of Kansas and the University of Missouri.

From 1967 until 1978, he was executive director of the Citizens Conference of State Legislatures, later known as Legis 50/The Center for Legislative Improvement.

Most recently, he helped found Preventive Dental Systems Inc., a non-profit health maintenance organization to provide dental care for low-income families. In 1995, he was a consultant to the Republic of Georgia's parliament, which was writing a constitution in the wake of the dissolution of the Soviet Union.

Margolis said he grew up in a poor, dysfunctional home. He and his sister ran away when he was 12 and he spent part of his teenage years in a charity-sponsored institution for the children of broken families.

Talking about the similarities between him and Unruh in a 1989 oral history interview, Margolis said:

"We came from poor families, outsider families, families that were not in the mainstream. . . . We were scramblers, street-fighters, people who didn't belong to the country club set, people who had to fight for everything we got, didn't have any helpers, no father who paved the way or set us up in business."

Like Unruh, he was a World War II veteran who attended college on the GI Bill. Margolis graduated from UCLA in 1951 with a bachelor's degree in political science. He and Unruh became acquainted through Democratic Party activities in Los Angeles.

"He was kind of an intellectual and moral giant in terms of what he understood about state government," said Jeff Lustig, government professor at California State University, Sacramento. "He had a moral vision of what he thought government ought to be—not utopian, but kind of what I call a higher realism."

Mr. Margolis was an "idealistic reformer," Lustig said.

Steve Thompson, a former Assembly staffer and now vice president of the California Medical Association, described Margolis as an idealist "who had a very strong belief that government's role was to make the world a better place for most people. . . . But he did create a lot of enemies."

Margolis is survived by his wife of 40 years, Selma Portugal Margolis of Sacramento; a son, Geoffrey Margolis of Sacramento; daughters Andrea Margolis of Cambridge, Mass., and Melinda

Margolis of Las Vegas; and a sister, Shirley Luevano of Calabasas, Los Angeles County.

Services are pending.

Bless our land with sound learning and pure religion. Defend, we pray, our freedom and preserve our unity . . . save us from violence . . . discord and confusion.

We thank Thee for Martin King . . . a "drum major for justice" who lived his life in struggle, so that many after him could live in pride . . . "O God of our weary years" . . . God of our silent tears, Thou Who hast brought us thus far on the way . . . keep us forever in the path, we pray. Lest our feet stray from the places where we met Thee; lest our hearts "drunk" with the wine of the world, we forget Thee.

Suffer not our trust in Thee to fail . . . we ask in the name of Jesus Christ.—AMEN.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Aguiar was granted unanimous consent that the following statement of clarification be printed in the Journal:

Clarification—Assembly Bill No. 3478

January 30, 1997

Honorable Cruz Bustamante
Speaker
California State Assembly

Dear Speaker Bustamante: I am writing to help clarify a provision in my AB 3478 (Chapter 1120, Statutes of 1996), pertaining to the restoration of health benefits for surviving spouses of peace officers and firefighters who died in the line of duty.

Specifically, a point of clarification has been requested as to whether or not the provision requiring restoration of health benefits is to be applied retroactively or prospectively only. Section 5 of the bill adds Section 4856 to the Labor Code continuing the health benefits for families of officers killed in the line of duty. It was my intent that any health benefits which were discontinued as a result of an officer's death in the line of duty be reinstated by the enactment of the bill. The widows and their children should not have benefits taken away simply because their father or spouse dies in the line of duty.

I hope this provides sufficient clarification concerning the issue.

Sincerely,

FRED AGUIAR, Assembly Member
Sixty-first District

EXPLANATIONS OF ABSENCE

Pursuant to the Assembly Rules, the following explanations of absence were ordered printed in the Journal:

January 27, 1997

The Honorable Cruz M. Bustamante
Speaker of the Assembly
State Capitol
Sacramento, California

Dear Speaker Bustamante: I respectfully request to be excused from session on Friday, February 7, 1997.

Because I did not realize Monday, February 10, would be a legislative holiday, I scheduled a major district forum on "Welfare Reform and Child Care" for 9 a.m. on February 7. This forum is one in a series I have been holding in my district, designed to deepen my knowledge of welfare reform issues by drawing on the considerable expertise available from academic institutions, think tanks, and the service provider community in the Bay Area. I expect 75–100 individuals to attend this particular forum, many of whom carved out the time from very busy schedules. My staff explored changing the date, but learned we would lose many of the most essential participants.

I understand and share your concern regarding absences from floor session, and would not request an excuse if this were not such an important event in my district.

Thank you for your consideration of this matter.

Sincerely,

Dion S. Aroner, Assembly Member
Fourteenth District

February 3, 1997

The Honorable Cruz Bustamante
Speaker of the Assembly
State Capitol, Room 219

Dear Speaker Bustamante: I respectfully request that I be excused from Session on Friday, February 7, 1997, due to important legislative business in my district.

Thank you for considering this request.

Sincerely,

ROY ASHBURN, Assembly Member
Thirty-second District

February 3, 1997

The Honorable Cruz Bustamante

Assembly Member Campbell was granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of his aunt, Mary Bragg, and without objection the following remarks were printed in the Journal:

Mary passed away . . . about four hours ago. She is, or was, my aunt. She is one of six Kansas farm girls who in the early part of this century spread out throughout the United States and made contributions that I would like to recognize, and take an extra couple of minutes of your time to tell you about Aunt Mary.

She is 98 years old. She died in Honolulu; her home is in McLean, Virginia. For at least the past twenty years she has wintered in Honolulu with another sister, and each year made a reservation to be back. This year she won't be able to do that.

Aunt Mary is one of the reasons that I am here with you today. At age ten I first visited her in Vienna, Virginia and got a chance to see our nation's Capitol. Many of you folks in Orange County, my colleagues, have heard many stories about Aunt Mary. But I'll share one with you that shows how things change over time.

She arrived in Washington, D.C., in 1917, took a room in a boarding house, met some people, and started at George Washington University. On Thanksgiving Day in 1917, she and another woman from the boarding house took a trolley down to Pennsylvania Avenue, got out across from the White House, walked across the lawn, and knocked on the front door. It was answered by a butler. They each presented their cards, because that's what proper ladies of the time would do, and asked if the President were available. Now, because it was Thanksgiving, the butler informed them that he was

out, and invited them in for tea and cookies. When they left, they noticed the sheep and goats eating the grass on the lawn because that's the way President Woodrow Wilson wanted to conserve costs during the war years.

Aunt Mary had many stories like this for many of my cousins and me who visited her over time. She did say to me, because she had over forty years of government service, that someday, "Bill, you must serve your country." . . . and that's what I am trying to do.

Thank you.

(NOTE: The above remarks were printed in the Journal pursuant to unanimous consent granted later this day to Assembly Member McClintock.)

Members of the Assembly: As required by Chapter 310, Statute of 1995, the Bureau of State Audits presents its audit report concerning the Department of Transportation's current status towards financing the seismic retrofit of state-owned highways and bridges, including toll bridges, throughout the State. This report concludes for the period March 1996 through December 18, 1996, that there were no general obligation bond sales authorized by the Seismic Retrofit Bond Act of 1996 (Bond Act). Further, our review of the financial records of the Seismic Retrofit Bond Fund of 1996 established to

account for the Bond Act found that there were no recorded expenditures for fiscal year 1995–96. Finally, the initial transactions charged to the Seismic Retrofit Bond Fund of 1996 are scheduled to occur in fiscal year 1996–97.

Respectfully submitted,

This report concludes that the department does not promptly resolve complaints of discrimination. Specifically, the department does not have a sufficiently expedited process for investigating and closing complaints and does not enforce some of its current policies

that promote prompt processing of complaints. In addition, the department does not fully use its current computer capabilities and needs more automation to process complaints efficiently.

These requests are known as drug treatment authorization requests (TARs). This report concludes that number of TARs submitted for processing has begun to stabilize. The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 146, Statutes of 1996, the Bureau of State Audits presents its audit report concerning the examination of the Office of Emergency Services' (OES) disaster assistance and hazard mitigation programs to identify aspects of those operations that could be improved to produce a more efficient and cost-effective process for resolving claims and grant applications.

This report concludes that OES should remain the state entity responsible for the processing of claims for disaster assistance funds and hazard mitigation grants, even though OES needs to improve its management of California's recovery from disasters. OES needs to better plan its recovery from disasters by standardizing procedures, establishing priorities for its activities, and affixing accountability for tasks. Also, OES should streamline some of its disaster recovery activities which we estimate will generate savings of up to $833,000 per year, savings that can be redirected to other necessary recovery activities.

Furthermore, OES is behind schedule in implementing key initiatives for improving its automated information technology, although progress has been made. Finally, this report also details the specific actions that OES has taken to address the recommendations in our previous Report 95114, dated January 1996.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

California State Auditor

96119
February 7, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Tahoe Regional Planning Agency (TRPA). Our review focused on TRPA's proposed environmental improvement program and on whether TRPA's permitting and regulatory activities and streamlining efforts are effective and efficient. This report concludes that while TRPA's shift in focus to facilitating environmental improvement projects appears appropriate, it is premature to conclude on the effectiveness of TRPA's actions. Further, TRPA has taken action to streamline its regulatory activities and more effectively use its staff. However, TRPA can take additional steps to improve its regulatory efforts.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Environmental Safety and Toxic Materials.

* * *

Assembly Members Prenter and Ashburn were granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of Dr. John Montgomery, of Delano, and that the following statement be printed in the Journal:

Doctor John Montgomery, one of Delano's most prominent physicians, died the morning of February 11 at age 86.

Doctor Montgomery served the community of Delano for 51 years, and continued in his duties until this past Christmas. He never officially retired from his profession.

Doctor Montgomery was the model of a country physician, seeing an average of twenty people a day and caring for all types of patients. He never refused a patient for lack of money, and was known on occasion to accept fruit or produce as his payment.

Doctor Montgomery established the Delano Community Hospital, where he served as the first Chief of Staff, performed the first major surgery, and delivered the first set of twins.

There is an ongoing joke that Doctor Montgomery delivered most of the people in Delano. He is the person most responsible for bringing new life to the town.

The California Medical Association awarded Doctor Montgomery their 1991 Frederick K.M. Plessner award as the California physician best exemplifying the ethics and practice of a rural practitioner. A Delano street bears his name and the obstetrics wing at Delano Regional Medical Center is named in honor of him and his wife. The Delano Chamber of Commerce named him "Man of the Year" in 1960 and he received the Kern County Award of Merit for Community Service.

Doctor Montgomery was active in all areas of his community. He was one of the Delano High football program's biggest boosters, donating his time as team doctor and helping raise over 36 thousand dollars for new band uniforms. He was active in many civic organizations, including fifty years with the Delano Lion's Club, where he formerly served as president.

Doctor Montgomery's son Robert put it best when he said "He really loved the people of Delano. He was a man who was living his profession and his hobby. It is what he loved to do."

Doctor Montgomery exemplifies the rural spirit of Delano. He will be missed by the thousands of people he helped.

When You Think of California

When you think of California think of people filled with zest
For a special kind of living in the freedom of the West.
Think of swimmers, fishers, golfers, campers—
backyard loafers too,
Using beaches, parks, and mountains, doing things folks love to do.

When you think of California think of industry and trade;
Think of busy people working at the tasks where wealth is made.
Think of prosperous ports and cities, personal income
going higher,
And the worker and the seller sharing profits with the buyer.

When you think of California think of copious valleys green,
With a promise of fulfillment that makes agriculture queen.
Where the vineyards, groves and orchards are oases of delight,
With a myriad of blossoms making perfume of the night.

When you think of California think of history rich in lore:
Indian, priest, and forty-niner and the bold conquistador;
Of wagon trains a rolling to the tune of Clementine,
And the roots of many cultures in the raisin and the wine.

When you think of California think of education's power.
Think of well-trained labor ready for a task or leisure's hour;
Think of schools for every purpose, with a challenge that's supreme
For a youth with opportunity to realize its dream.

When you think of California, think of Nature's generous hand:
Mountains, deserts, beaches, Redwoods, beautifying land;
Primeval parks of wilderness, Nature's archives of the past,
Preserving for the future the beauty that should last.

When you think of California think of dusks as soft as down,
With a neon fluorescence like a halo round each town;
Think of gleaming streams of freeways, head and tail lights
flowing by,
And the green-red blinking air fleets purring smoothly
through the sky.

When you think of California see the Capitol Dome aglow,
Brightly rising over Deodars so stately in a row;
See the luminescent leaves above the lights throughout the park,
Smell the Jasmine and Azaleas breathing fragrance to the dark.

California, California are we always living true
To the variant rich reality of life we share in you?
May we know that all our blessings are a trust from heaven's grace
And the way in which we use them show us worthy of this place!

Explanation of Vote—Assembly Concurrent Resolution No. 9

February 28, 1997

The Honorable Cruz M. Bustamante
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Dear Mr. Speaker: I respectfully request that the record reflect my support of Black History Month and my desire to have been recorded as a co-author of ACR 9 (Murray).

ACR 9 (Murray) passed the Assembly February 7, 1997 at which time the author invited members to co-author the resolution. Unfortunately, I was attending a funeral in my district that day and was unable to be added as a co-author.

When ACR 9 next came before the Assembly, February 27, 1997 it was no longer eligible for amendment. While I did vote 'aye', I was unable to be added on as a co-author because the measure was on the concurrence file. Thank you for your assistance regarding this important matter.

Sincerely,

CAROLE MIGDEN, Assembly Member
Thirteenth District

February 19, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 197, Section 54(b), Statutes of 1996, the Bureau of State Audits presents its audit report concerning the Department of Alcohol and Drug Program's (department) financial procedures for allocating and disbursing funds for treatment services to counties. This report concludes that because the law allows the department to base its allocations on a variety of factors, significant disparities exist in county per capita funding levels. In addition, we found that uncertainty created by a court case and changes in state legislation involving Medi-Cal funds delayed completion of contracts between the department and counties.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Health.

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 197, Section 54(e), Statutes of 1996, the Bureau of State Audits presents its audit report concerning the Department of Alcohol and Drug Program's (department) survey of alcohol and drug treatment providers.

This report concludes that an actuarial firm, William M. Mercer, Incorporated (Mercer), accurately compiled both the survey responses and other information supplied by the department. However, we found certain errors in the data provided to Mercer. Specifically, some providers did not always accurately report dates clients were discharged from treatment. We could not determine what impact, if any, these errors have on the discharge statistics reported by Mercer.

We also noted that the department did not supply Mercer with each county's procedures and timelines for allocation of funds and reimbursement costs, as required by Chapter 197, Sections 54(d)(9). Instead, the department plans to issue a supplemental report that

compiles the results of this survey item. Because the department had not completed its report by January 31, 1997, we could not validate the survey results for this item.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Health.

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California State University's (CSU) role in a contractor dispute related to a project to upgrade the electrical and telecommunications infrastructure at the Fullerton Campus. This report concludes that CSU did not have a legal obligation to intervene in a dispute between a prime construction contractor and a subcontractor. However, to ensure that the project was completed, CSU did attempt to resolve the dispute. CSU met with both parties to mediate the dispute. Additionally, CSU waived liquidated damages and extended the contract deadline. Despite its attempts to resolve this dispute, CSU has acknowledged that it may be partially responsible for some of the delays which necessitated the extension of the original contract completion date. Finally, we found that CSU did not consistently enforce one of the provisions of the contract, which may have contributed to one of the items of contention in the dispute.

Respectfully submitted,

KURT R. SJOBERG

Above report referred to the Committee on Higher Education.

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196

Members of the Assembly: As required by Chapter 16 of the Statutes of 1990, the Bureau of State Audits presents its audit report concerning "California Transportation Commission and Department of Transportation: The State's Use of Transportation Funds Generated by the 1989 Transportation Blueprint Legislation." This report concludes that the State allocated and expended

transportation funds in accordance with statutory requirements. It also concludes that revenues anticipated by the legislation are only 40 percent and expenditures only 47 percent of the legislative estimate after six years of the ten-year program. The report also concludes that the department allowed $667 million in spending authority to expire primarily, according to the department, because of savings between estimated and actual project costs. Additionally, redirections of blueprint revenue totaled approximately $716 million. The department stated that these redirections were diverted to seismic retrofit or, pursuant to legislation, primarily to the General Fund.

Respectfully submitted,

KURT R. SJOBERG

Legislative Intent—Assembly Bill No. 1562

March 10, 1997

The Honorable Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

RE: Assembly Bill 1562, Statutes of 1996, Chapter 908

Dear Dotson: It has come to my attention that certain clerical errors have been found in my AB 1562, Statutes of 1996, Chapter 908, relating to community notification of sex offenders. I am writing to clarify this error, as well as the intent of one minor portion of the bill that has caused some confusion of application.

It was my intent in AB 1562 that high risk sex offenders, who are defined in Penal Code section 290, subdivision (n) (1) (A), be defined as follows: "A high risk sex offender is a person who has been convicted of an offense enumerated in Penal Code section 290.4, subdivision (a) (1) and also meets one of the following criteria: . . ."

Due to a clerical error, the legislation erroneously defined a high risk sex offender as "a person who has been convicted of an offense for which registration is required under paragraph (2) of subdivision (a)" of Penal Code section 290, "who also meets one of the following criteria: . . ."

It was my intent in AB 1562 that persons requesting to view the CD-ROM or other electronic media pursuant to Penal Code section 290.4 be allowed to take notes by hand. Thus, the prohibition on "copying" in section 290.4, subdivision (c), was not meant to apply to copying information by hand writing.

In order to correct these errors, I have introduced AB 290. However, as AB 1562 is already operative, a prompt resolution is necessary.

Cordially,

BARBARA ALBY, Assembly Member
Fifth District

Remarks of Vice President Al Gore
California State Legislature
Sacramento, California
March 13, 1997

Thank you for bringing up the Gore presidency. That was a very special five minutes for me, for my family . . . and if I may be so bold . . . for America.

Believe it or not, there are a lot of people who have overlooked my five minutes in the sun.

Still, I like to think that Americans in general, and Californians in particular, will look back fondly on the Gore Administration.

I believe that when historians write about this period, they will record that while it may not have been morning in America, but it was pretty darn close—12:01 p.m.

Because during the Gore Administration, our country was at peace . . . at home and abroad.

During the Gore Administration, inflation remained low and the economy boomed—3.1 new jobs . . . 1.2 of them in California.

There were fewer crimes committed on my watch than during any other presidency in the 20th century—Democrat or Republican.

Partisan bickering gave way to bipartisan harmony . . . that lasted the entire term. In fact, if you listened closely, it was almost as if patriotic hymns echoed from the West Steps of the United States Capitol.

And during the entire Presidency, my Administration did not saddle California with a single unfunded mandate.

By the end of the term, a chant had swept the entire nation, and echoed from coast to coast: "Five more minutes . . . Five more minutes."

But seriously, it's great to be in California. Actually, after the week I just had, it's great to be anywhere away from Washington.

I've been to California many times as Vice President. And I've been impressed anew on every visit: By the capacity of Californians to come together in a crisis—after the Northridge earthquake or when floods washed across the Central Valley earlier this year; by the scientists I met at the Jet Propulsion Lab in Pasadena, who are designing the X-33 rocket we will build to power the next space shuttle; and by the tens of thousands of Californians who joined President Clinton and me last April for your state's NetDay to connect more than 3,000 schools to the information highway. And you're going to connect even more classrooms on the next NetDay, April 19, proving yet again why this is an amazing state.

But California holds a special place in my heart for reasons that are purely personal. When Tipper and I were first married, we drove to Soda Springs and hiked in your beautiful Sierras.

Several times we have hiked and camped in Yosemite, which will reopen tomorrow. And I've fished on many occasions in the Pacific Ocean off your beautiful coast. I love it here. Besides, Silicon Valley is the place that made it chic to be a geek. I know.

For much of our history as a nation, Americans have dreamed of coming here. Many of you have parents or grandparents who traveled here from Arkansas, Missouri, Oklahoma, and even my home state of Tennessee to seek their piece of California's promise. I'm proud that California's first Governor, Peter Burnett, came from Tennessee—and so did one of your state's first two U.S. Senators. All of these people had to struggle, and overcome adversity to get "out west". And when they arrived, they had to invent a future for themselves.

They got so good at inventing the future that somewhere along the way Californians decided that while you were at it you might as well invent the whole country's future. And so it has been.

In California's early days, native Americans and then Russian trappers were joined by Spanish settlers coming north from Mexico seeking a golden land—then by prospectors seeking golden nuggets in Calaveras County. In the next century, new immigrants and entrepreneurs invented Hollywood and an entertainment industry in Los Angeles that still captivates the world's imagination. By mid-century, California's aerospace and defense workers were stocking the arsenal that won World War II, and then, the Cold War. Twenty years ago, in a garage in Cupertino, Steve Jobs and Steve Wozniak, the founders of Apple Computer, created a new machine that helped change the world. And today, in laboratories, in movie studios and in high-tech firms, California is inventing the future again—a future fashioned from aluminum and steel, from genetic research, from slivers of silicon, and microchips powering personal computers that zap bits of data instantly from one end of the planet to another.

No other state can claim such ingenuity and grit. And through it all, your great-grandparents, your grandparents, and your mothers and fathers, too, always knew that the key to opportunity in California was public education.

President Clinton and I—and our wives—are traveling the country on a national crusade to improve American education. Earlier today, the President addressed the State Legislature of North Carolina and described his vision for America's schools.

But there is really no place in America more appropriate to address a subject so critical to our future than California. Education—more than Hollywood or agriculture—has defined what it means to be a Californian. Since 1850 when settlers established California's first public grammar school in San Francisco, parents knew that California's schools offered their children a ladder to a better life. And for many years now, California's institutions of higher education—its community colleges, Cal State, and the UC system—have been the envy of the nation.

This commitment to excellence was supported by a bipartisan consensus that lasted for several decades.

Yet today, in California and the rest of our nation, our schools are not what they should be. Funding has shrunk. Test scores have dropped. Standards have eroded. Red tape has accumulated. And as a direct result, children have suffered. Too often, politics has triumphed over progress.

The truth—in California and the nation—is that educating our children works best when it operates above partisan, ideological politics. As President Clinton has said, in the Cold War, when the nation needed a bipartisan foreign policy, politics stopped at the water's edge. In the knowledge economy of the coming century, politics ought to stop at the schoolhouse door.

This is the dawn of a new era in which the ability to learn quickly is the key to America's future. And the very first thing all of us have to learn is how to build, in our entire country, the kind of historic

public-private bipartisan consensus in favor of educational excellence for which California used to be known worldwide . . . and will be again.

And California, as is its custom, has begun to show the way. Both parties in the Legislature have worked together with Governor Wilson to begin restoring California's educational promise: A new commitment to smaller class sizes; a 10th UC campus built in Merced; and the California Reading Initiative—including the Davidson Elementary School in San Bernardino I will visit tomorrow.

You've made a great start. And President Clinton and I want to be your partners in restoring the luster to America's schools. The President laid out much of this agenda in his State of the Union address.

This is the goal: An America in which every 8-year-old can read, every 12-year-old can connect to the Internet, every 18-year-old has a chance to go to college, every adult can learn throughout their lives.

Here are some of the ways we'll get there:

National education standards. Teach our kids the fundamentals. And then test them to make sure they know it. We hope that California, following Delaine Eastin's leadership, will commit to being one of the first states to adopt these national education standards.

A citizen army of reading tutors—one million strong—to make sure all our kids can read. I'm proud that 28 California universities, colleges and community colleges have already answered the call, and enlisted work-study students as reading tutors.

Public school choice and charter schools. Let's bring the magic of competition and innovation summoned here in California to our nation's public schools.

Leveraging $20 billion to rebuild our classrooms and schoolhouses. Here in California, communities have converted trailers and community centers into makeshift classrooms because schools are either overfilled or falling down. Our children deserve better.

Connecting every classroom and every library in the nation to the information highway by the year 2000. This technological power, so much of it conceived and built in this great state, has not yet reached enough Americans. The computer that was invented in that California garage 20 years ago must make its way to the California classroom.

College opportunity for everyone. HOPE Scholarships to make community college essentially free. And a $10,000 tax deduction for the money families invest in college education.

And a GI Bill for Workers, so men and women can get the job training they need to learn and earn throughout their working lives.

That is our federal agenda for education. But it is not enough. We must also effect a larger change in how we organize our schools and run our classrooms.

So today, here in California, I am announcing a new element of our education crusade—a national blueprint to reinvent the way we

spend money on public education and reorganize our schools in harmony with the principles of the Information Age and the networked economy.

This initiative will begin not in Washington, but in communities across California and the nation.

Its goal is to enlist everyone concerned about the education of children, from parents to school administrators to students themselves, to begin asking some fundamental questions about their public school systems—in particular, how school dollars are spent.

It is true that many school districts are woefully underfunded. And that must change. But it is equally true, according to a large volume of research, that student performance depends not simply on how much money is spent—but on what it's spent for. We should be spending public funds on teachers and children—not overhead and bureaucracy.

So it's time for parents and others to start asking: How much of the money is going to teachers, and for books, and for other things actually in my child's classroom? How much is instead to unnecessary bureaucracy, bloated overhead costs, and redundant layers of administration? And how exactly does all *that* spending contribute to educating my child?

We've heard too many depressing stories. For example, *The Washington Post* reported that the District of Columbia school system spent $7,389 per student—among the highest in the nation—and still did not have enough books, crayons, toilet paper, or even teachers.

Why? Rampant mismanagement, verging on corruption. Funds that should have been spent on textbooks, field trips, and athletics instead were shifted to pay the salaries of administrative personnel—some $50 million more than had been authorized.

In Texas, auditors found $640 million in inefficiencies in the state's public schools. In one Texas county, there were 12 different school systems, with 12 different school boards, and 12 different superintendents. All for a county with only 5000 students.

Even here in California, teachers are having to spend money out of their own pockets to equip their classrooms with basic supplies like chalk, crayons, and construction paper.

And at the same time, we should also find out how teachers are forced to spend their time. One study showed that the typical teacher spent only 30 percent of his or her time each school day actually teaching children—and the rest discharging administrative duties and filling out paperwork. That doesn't sound like the right balance to me, and we need to start changing it.

Many of our schools do an extraordinary job—often against long odds. Some of the most talented and committed Americans I have met have been teachers, principals, and school board members. These men and women are working hard to do right by our children. Let's make their job easier by working together, reaching across party lines, to reinvent America's schools—and make them worthy of America's children.

I will present a more detailed summary of this new national effort in a brief paper that will be distributed after this speech.

New solutions for problems like these are more important now than at any point in our history. We face the challenge in our generation of redeeming the promise of self-government, of proving to the next generation that the same representative democracy that allowed an earlier generation of Californians to create an education system that became the envy of the world can be renewed in time to address the new challenges of the new century. We need reform in the way we campaign and in the way we govern.

Those of us in public service today—whether in this legislature or in President Clinton's administration—serve at a time when all must be painfully aware of the need to do more with less, to live within our means, to be as creative in solving the nation's problems as California has been in inventing the nation's future.

That is why President Clinton and I have insisted upon a balanced budget that protects priorities like education and the environment—that delivers high-quality services like disaster relief to victims of flooding in California's Sacramento and San Joaquin Valley—and that protects our seniors and fights effectively against crime and drugs.

We've learned how to go about this work through the reinventing government initiative, which President Clinton asked me to launch four years ago. And we've begun to build a federal government that works better, costs less, and serves citizens more directly—the very same ideals we should now bring to public education.

One of the tools we've used in our efforts to reinvent government has been information technology.

California is the center of the information revolution for the entire world, and is home to many of the institutions that shaped the 20th century. Now we've got to do everything we can to help a new set of Californians invent the next century.

That is why the President and I have called for the next generation of the Internet—to allow laboratories and universities to communicate 1,000 times faster than today. That's why our budget increases federal investments in research and development for the fifth year in a row. Increases funding for basic research. And why it strengthens university-based research—so standout research institutions like UC-San Francisco, UC-San Diego, Stanford, Berkeley, and CalTech can continue to push back scientific frontiers.

This California technological firepower has also helped propel your state's extraordinary economic recovery and our nation's.

From the depths of a painful recession, California now tops the nation. Last year, your state created almost 900 new jobs—every single day.

And once again, California is achieving this success in innovative ways the rest of the country will eventually seek to imitate. Your recovery has been powered by the firms of tomorrow—small, nimble companies working in industries that a few years ago did not even exist. California companies consistently make up a whopping share of companies on the Inc. 500, the yearly list of the nation's fastest-growing companies. And many of these and other companies are backed by venture capital, another category where California leads the nation.

Jobs in the motion picture industry are exploding. And half the people who work in America's biotechnology industry do their jobs in California. This is the work of the future, the kinds of jobs for which the public schools must be preparing California's students.

And make no mistake: These students of today and workers of tomorrow will be selling their wares to the world. California is the country's largest exporter—the United States' gateway to Asia and Latin America.

I know there are some in both political parties who view this increasing convergence with the rest of the world as a cause for fear, an excuse for retreat. Not California. That is not the California way. You do not fear the future. You say, "Bring it on." And if the future is one where the nations of the world exchange goods and ideas at an unprecedented clip, Californians will take the lead—leaving the fearful in their wake.

One reason you will lead the way is that your state is the most diverse in the land. By the turn of the next century, just a few years away, those now referred to as minorities will together comprise the majority in California. Some cynics decry that change, even use it to divert attention from the state's real problems and turn good people into scapegoats. That is wrong. California's diversity is one of California's greatest strengths—especially in an economy that depends ever more on international trade. And the same is true for all of America.

But diversity has advantages not simply for the health of our economy, but for the vitality of our democracy. This chamber is proof—the most diverse legislative body in the entire nation. And you should be proud that your own diversity, and your state's diversity, includes absolute respect for all, regardless of race, religion, ethnicity, sexual orientation, or national origin.

Last year, when Congress passed legislation to reform America's welfare system, they included one provision that had absolutely nothing to do with moving Americans from welfare to work.

The bill singled out legal immigrants—*legal* immigrants—for harsh and unfair treatment. Let me state it plain: It is wrong to tell four million people in California who work, pay taxes, and maybe even serve in the military, "If somebody mugs you in a dark alley, or if your child gets seriously ill, or if you or your spouse is injured at work, we're not going to give you assistance any more." That is just morally wrong—and if I may trot out a sometimes explosive term, it is *un-American.* These provisions are unworthy of a nation of immigrants. They had nothing to do with welfare reform.

They will cause pain, and rip away at California's budget. So we're going to change these wrong-headed policies. We need your help.

I hope you'll also be our partners in creating the jobs—both in the public sector and private business—for Californians who leave the welfare rolls.

Finally, there's another area where California has always been in the forefront: Protecting the environment. In many ways, the

environmental movement was born in this state. And California has a rich tradition of one generation protecting the state's air, water, and land for the next generation.

The President's and my environmental agenda is inspired by that legacy. Our administration will work to clean up the nation's toxic waste sites, making sure that polluters—and not neighborhoods—pay for the clean-up. We'll continue strengthening the laws and protect the food and water our children consume and the air they breathe. And we'll help you protect your beautiful coast.

For our entire nation owes an enormous debt to California. Your State Librarian—whom I first met as a college student 28 years ago and saw again this morning—has captured this idea well. He has written: "The American people have assigned California a special role: To seek out the American future, to test it, to try its options, rejecting what doesn't work and building upon what does."

Today, California's special role endures. And I have no doubt that you will continue to seek out the future—with gritty entrepreneurs, natural wonders, cutting-edge technologies and, of course, a public education system that is second to none.

Thank you and God bless you.

PRAYER

Upon invitation of Speaker pro Tempore Kuehl, the following prayer was offered by Msgr. Edward J. Kavanagh, Pastor of Saint Rose's Church, and Director of Saint Patrick's Home for Children:

We read in the Book of Ecclesiastes in the Old Testament in third chapter:

"There is an appointed time for everything
A time for every affair under the heavens.
A time to be born and a time to die
A time to plant and a time to uproot the plant.
A time to kill and a time to heal
A time to tear down and a time to build
A time to weep and a time to laugh
A time to mourn and a time to dance
A time to scatter stones and a time to gather them
A time to embrace and a time to be far from embraces.
A time to seek and a time to lose
A time to keep and a time to cast away.
A time to mend and a time to sew.
A time to be silent and a time to speak.
A time to love and a time to hate
A time of war and a time of peace."

Today we are gathered here at the State Capitol for a time to honor one of the most beloved saints in the history of mankind, St. Patrick.

And so we pray

Almighty God, We ask You to shower Your choicest graces and blessings on all who are assembled here this morning.

Bless our homes, Bless our families, Bless our children. Bless our legislators and leaders. Inspire them to do what is right and just in all matters. Guide us, guard us, protect us and keep us always safe and close to You.

And finally we pray this Irish Blessing on all.

May the road rise to meet you,
May the wind be always at your back,
May the sun shine warm upon your face,
May the rains fall soft upon your fields
And until we meet again,
May God hold you in the palm of His hand.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Kuehl, Assembly Member Leach then led the Assembly in the pledge of allegiance to the Flag.

California State Auditor

96033
March 13, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by the Budget Act of 1996, the Bureau of State Audits presents its audit report concerning its review of the Department of Insurance (department). This report concludes that the department has significant deficiencies in its fiscal operations. In particular, it has not promptly established and communicated its internal budget allocations and has not adequately accounted for or collected fees billed to insurance companies. Further, the department failed to appropriately distribute revenues from automobile fraud assessments to district attorneys, the California Highway Patrol, and its own fraud division. We also report on weaknesses in the administration of certain programs. Specifically, the department's investigations bureau and financial analysis division have large backlogs of work. In addition, the department does not comply with provisions of the California Insurance Code, Section 729 et seq., requiring it to review all insurance companies at least once every five years.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Insurance.

POLICY FOR USE OF THE
INTERIOR OF THE STATE CAPITOL FOR EVENTS

(Adopted by the Committee on Joint Rules on March 20, 1997)

The first and second floors of the West Wing of the California State Capitol will be restricted to use by the Governor, Lieutenant Governor, President pro Tempore of the Senate, Speaker of the Assembly and scheduled through the Joint Committee on Rules.

The West Wing of the Capitol basement may be used for functions and will require a letter of request from a sponsoring member of the Legislature or the executive branch and approval from the Joint Rules Committee.

If food or drinks are being served in the basement, the event will be restricted to the dining area. As a general rule, no food or drinks will be allowed in the basement Rotunda areas. (Attachment 1—Rules and Regulations)

For every approved event in the Capitol basement, there will be a use fee of $750 dollars, a $500 refundable cleaning/damage deposit, and a charge for an event monitor to enforce the rules adopted for use of the Capitol. The presence and associated fee for the California Highway Patrol should be limited to specific requests by the sponsor and the users. (Attachment 2—Schedule of Charges)

Catering guidelines should be adopted and monitored to ensure compliance. (Attachment 3—Catering Guidelines)

Sponsorship responsibility should be clearly delineated so that the function will have a single point of contact and that the sponsor will be aware of all issues surrounding the event. (Attachment 4—Sponsorship Responsibility)

COMMUNICATIONS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

97018
March 27, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 518, Statutes of 1995, the Bureau of State Audits presents its audit report concerning Los Angeles County's (county) fiscal condition and the status of issues we previously reported.

This report concludes that the county completed its final budget-balancing action for fiscal year 1996–97 by reducing the net county costs of county departments by $51 million. Also, in January 1997, it opened the Twin Towers jail. Beginning in fiscal year 1997–98, with the passage of Proposition 218 and a September 1995 court ruling regarding Proposition 62, approximately $110 million in annual county taxes and benefit assessment revenues are in jeopardy. Further, in January 1997, the county initially projected a $386 million shortfall for its 1997–98 budget; however, it subsequently revised its estimated shortfall to $212 million. Nevertheless, the county has a history of solving major budget shortfalls and adopting a balanced budget as required by law. Finally, the county is preparing for federal and state welfare reforms, which could have a significant fiscal impact in the future.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Budget.

California State Auditor

96024
March 31, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Senate Bill 727, Chapter 518, Statutes of 1995, the Bureau of State Audits presents its audit report concerning the impact on the Los Angeles County Metropolitan Transportation Authority (MTA) of transferring $50 million to the County of Los Angeles (county). This report concludes that MTA used rail construction funds to replace the $50 million diverted to the county. Furthermore, MTA budgeted for a slight decline in bus service for 1996–97 compared to 1995–96 actual levels, but increased its funding level for its specialized paratransit services. In addition, the diversion of the $50 million added to an

existing shortfall of more than $300 million in funding for MTA's rail construction projects. Finally, if the county is unsuccessful in appealing a recent superior court ruling ordering it to return the $50 million plus interest to MTA, the impact of Senate Bill 727 will be nullified.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Transportation.

PRAYER

Upon invitation of Speaker pro Tempore Kuehl, the following prayer was offered by Rev. Constantine C. Pappademos, Pastor of Saint Katherine Greek Orthodox Church:

O God of Our Salvation, All things are Yours. We offer our whole heart and all our mind when we worship You. Yet we do not serve You as we should, and the world is racked by all the tensions and conflicts that come from the worship of other gods. If our faith is not set firmly in You, then even our goodwill towards others has no foundation and we try to heal deep wounds with superficial cures. Father, when we stray from You, forgive us. And help us to love one another as You have loved us.—AMEN.

Assembly Member Battin withheld unanimous consent on any request for vote adds or vote changes on the roll call vote taken on this day on the Miller motion to withdraw Assembly Bill No. 1406 from committee.

MOTION TO WITHDRAW ASSEMBLY BILL NO. 1403 FROM COMMITTEE

In compliance with a notice given on a previous day, Assembly Member House moved that Assembly Bill No. 1403 be withdrawn from the Committee on Human Services.

Assembly Member Pringle seconded the motion.

Point of Order

Assembly Member Murray arose to the following point of order:

The motion to withdraw Assembly Bill No. 1403 from committee, and other motions to withdraw bills from committee on this day's file, are dilatory.

Point of Order

Assembly Member Pringle arose to the following point of order:

The point of order by Assembly Member Murray is out of order; one measure relates to welfare fraud and another deals with immunization of children prior to receipt of welfare benefits; motions to withdraw from committee on separate measures, and separate subject matters, are not dilatory.

Ruling by Speaker pro Tempore Kuehl

The Speaker pro Tempore ruled the point of order by Assembly Member Murray well-taken; that the motion before the House at this time, to withdraw Assembly Bill No. 1403 from committee is dilatory; that each motion to withdraw must be considered separately; that the substance of the bills are not being debated; that the motion was made for the purpose of delay and obstruction of the business of the House as there is no difference in the merits of the motions to withdraw; that the arguments were well-presented by Assembly Member Miller and well-answered by Assembly Member Aroner; and that no purpose is served to further debate the merits of the motion to withdraw from committee.

Parliamentary Inquiry

Assembly Member Pringle arose to the following parliamentary inquiry:

No Members were recognized to debate in support of the Miller motion to withdraw from committee prior to debate being closed by the demand for the previous question. Does the Chair contend that it is dilatory to permit other Members with motions to withdraw on this day's file an opportunity to participate in debate?

Reply by Speaker pro Tempore Kuehl

The Speaker pro Tempore replied that it is dilatory to bring these motions to the Floor, that Assembly Member Miller's arguments can be made in committee as each of the measures (with the exception of one) are on reconsideration in committee.

Point of Order

Assembly Member Kaloogian arose to the following point of order:

When measures are taken up for reconsideration in committee it is for vote only; that no testimony is taken, no witnesses are called, and there is no opportunity to deal with the issues; and that each measure is individual and was dealt with differently in committee.

Reply by Speaker pro Tempore Kuehl

The Speaker pro Tempore replied that the question of whether every point in argument is made is not the basis of a ruling on the dilatory nature of a motion; the ruling concerning the dilatory nature of a motion goes to whether or not the business of the House is being held back by the repetition of the same event.

Parliamentary Inquiry

Assembly Member Murray arose to the following parliamentary inquiry:

Is it not the process of this House that measures are moved through the committee process and brought to the Floor for debate after approval by a majority of the Members of the committee?

Reply by Speaker pro Tempore Kuehl

The Speaker pro Tempore replied in the affirmative.

COMMUNICATIONS

The following communication was presented by the Speaker, and ordered printed in the Journal:

April 14, 1997

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: I am today, at the request of Chairman Hertzberg, reducing the size of the Assembly Public Safety Committee from its current membership of 13 to eight.

The bill load of this committee is more than substantial, constituting more than a third of the total committee workload of the House. The subject matter deals with the protection of public safety. Proponents and opponents deserve a committee which is neither unwieldy in size, nor one with members who have other committee conflicts.

There are 41 bills on calendar for tomorrow. If each received only 15 minutes, the hearing would require ten hours. I expect it to last substantially longer.

The reduced committee will have the following membership: Assemblymembers Robert Hertzberg, Chair, Jan Goldsmith, Vice Chair, Larry Bowler, George House, Kevin Murray, Grace Napolitano, Don Perata and Carl Washington.

The partisan balance of the earlier committee is retained: I have removed three Democrats and two Republicans. Besides the Vice Chair, I have retained the two minority members who have previous experience on the committee.

To accommodate similar concerns, I have also reduced the size of two other committees. The Natural Resources Committee is reduced in size from 14 members to 12 members. Assemblymembers Steven T. Kuykendall and Kerry Mazzoni are removed.

The Water, Parks and Wildlife Committee is reduced in size from 17 members to 15 members. Assemblymembers Grace Napolitano and Nao Takasugi are removed. Assemblymember Takasugi is appointed to the Consumer Protection, Governmental Efficiency and Economic Development Committee to fill an existing vacancy.

Sincerely,

CRUZ M. BUSTAMANTE
Speaker of the Assembly

PRAYER

Upon invitation of Speaker pro Tempore Kuehl, the following prayer was offered by Rev. Constantine C. Pappademos, Pastor of Saint Katherine Greek Orthodox Church:

O Lord, Our Savior, You have told us that You will require much of those to whom much is given. Grant that we who have been blessed with good health and loving families may strive together more abundantly by prayer and by every other means to extend to others what we so richly enjoy. And as we enter into the labors of other people, may others in turn enter into ours, to the fulfillment of Your holy will and our own everlasting salvation.—AMEN.

California State Auditor

96125
April 17, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its audit report concerning the Department of Personnel Administration's (department) management of the Savings Plus Program. In a previous investigation, we reported that a state employee at the department stole over $400,000 held by the State in long-term savings plans. The thefts occurred because the department lacked an adequate system of internal controls. We conducted this follow-up audit to assess the adequacy of the existing system.

This report concludes that the department needs to improve internal controls over long-term savings plans to reduce the risk of theft. Specifically, the department has a number of dormant accounts in the State's 457 deferred compensation plan and 401(k) thrift plan. It also has an inordinate number of dormant accounts in the Part-Time, Seasonal and Temporary employees retirement plan. These dormant accounts are susceptible to theft. In addition, the department has not adequately segregated duties among employees, has minimal requirements for establishing the identity of participants when distributing funds or making changes to accounts, and maintains insufficient security over sensitive

participant files. Finally, the department is working with the Department of Finance but has not yet established a funding source to replace the $400,000 stolen by the state employee.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Public Employees, Retirement and Social Security.

California State Auditor

95110
April 21, 1997

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the use of the Habitat Conservation Fund (fund) by the state agencies receiving appropriations from the fund.

This report concludes that the agencies generally complied with the act creating the fund; however, the Santa Monica Mountains Conservancy and the State Coastal Conservancy paid $4.2 million more than necessary to conserve land and did not always comply with state laws. We also conclude that the Wildlife Conservation Board was unable to fulfill the act's spending goals. Finally, the Department of General Services did not adequately protect the State's interest when it agreed to pay $1.8 million more than the seller paid for the same land and has not provided clear land acquisition guidance to state agencies that acquire conservation land.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Natural Resources.

PRAYER

Upon invitation of Speaker pro Tempore Kuehl, the following prayer was offered by the Right Reverend Prelate of the Armenian Apostolic Church of America, Moushegh Mardirossian:

Our Heavenly Father, We thank You for granting us this unique opportunity to officially open this illustrious Assembly of the Golden State of California.

We humbly praise Your name for the freedom, social justice and equal rights that our ever-growing and law-abiding community enjoys in the mainstream body of this great state, with renewed faith, confidence, commitment and loyalty to the sublime ideals of the founding fathers.

As we are assembled here to witness democracy in action, we beseech thee, O Lord, to grace the leadership of our multicultural community with Your Divine wisdom, and guidance. Inspire and fortify them with Your unbounded love and compassion to shoulder their state responsibilities with equity and justice for all. Lead them with courage, benevolence and magnanimity to serve and endeavor for the glory, splendor and sanctity of our beloved state and country, now and forever.

As our community joined the entire Armenian people in solemnly commemorating the 82nd anniversary of the first Genocide of the 20th century on April 24, Armenian Memorial Day, today, we join you in offering prayers for the repose of the souls of millions of our Martyrs and to pay homage and tribute to their loving memory, as well as to the memory of martyrs of all peace-loving nations, who also fell victim of inhuman acts perpetrated by ruthless leaders.

We gratefully appreciate this Assembly's unequivocal moral support in past years, as well as this year's Concurrent Resolution 51 officially designating April 24 as "California Day of Remembrance for the Armenian Genocide of 1915–1923", for our efforts to forestall and foil any and every premeditated evil designs and machinations that might plunge humanity once again into a new and even more horrible catastrophe, a new genocide.

And now, our Good Lord, grace this Assembly with Your blessings in fulfillment of their noble mission.

Right Rev. Moushegh Mardirossian

ADJOURN IN MEMORY

Speaker Bustamante and Assembly Members Cardoza, Prenter, Poochigian, and Machado were granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of George Baker, DDS, of Fresno, and that the following be printed in the Journal:

George F. Baker, DDS

For more than 50 years Dr. George F. Baker, DDS, of Fresno helped shape the dental profession and the care to patients both throughout the Central San Joaquin Valley and across California.

Dr. Baker passed away Thursday, May 8, 1997, in Fresno. He was 76.

His expertise was sought frequently throughout the state as a lecturer and as a consultant on dentistry. Dr. Baker founded the University of California San Francisco Area Health Education Center program for Continuing Dental Education, which serves Fresno, Madera, Tulare, Kings, Merced and Mariposa counties. For more than two dozen years Dr. Baker served as the program's director. He held an appointment as a lecturer with the UCSF-Fresno Medical Education Program.

Dr. Baker graduated from the University of the Pacific, College of Physicians and Surgeons in San Francisco, and also attended California State University, Fresno. He was the recipient of many professional honors, including those conferred by the Academy of General Dentistry, the International College of Dentists and the American College of Dentists.

Dr. Baker served as President of the Fresno-Madera Dental Society, the Alumni Association of UOP, and the Fresno Dental Health Council. Dr. Baker was one of the founders of the San Joaquin Health Consortium and a trustee for 23 years of the California Dental Association. In addition, he founded the Merced College Dental Technician Program, the California Dental Political Action Committee and the Central California Professional Services PAC.

He was also a teacher at the former Valley Medical Center, now the University Medical Center, the Firebaugh-Mendota Dental Clinic, Merced College and Kings River Community College.

The high regard in which Dr. Baker was held can be shown in the establishment in 1995 of a scholarship in his name for entering dental students at the UCLA School of Dentistry which recognized the long and continuing contribution he made to the dental profession and to the continuing education of dentists and dental auxiliaries.

But while there was the public aspect of Dr. Baker's life, there was also the private side that filled his days and nights and touched many others over a lifetime of caring and giving. He was a quiet and private person, quite content to tend to his well-known vegetable garden and look out for the well-being of others without seeking any public recognition. At public functions Dr. Baker could be found standing quietly in the background, his gray hair and red sweater vest his signature.

His legacy was to ensure that people in rural areas had access to good dental care. It was a role he relished, frequently providing care to those who could not afford it.

It was in that capacity of caring for the underserved that Dr. Baker was a strong supporter and an advocate of the UCSF-Fresno Latino Center for Medical Education and Research, a program established to address the persistent shortage of Latino physicians in the community and on the medical school faculty.

His commitment to rural areas was evidenced in Dr. Baker's authorship of the initial grant request in the mid-1970's that established the Firebaugh-Mendota Dental Clinic.

In his service to his community, Dr. Baker was a co-founder of Storyland at Roeding Park, and he was a member of the Fresno City and County Convention and Visitors Bureau, the Fresno County Law Enforcement Committee, the Fresno City Housing and Appeals Board, the North Fresno-Lions Club Sight Conservation, American Legion Post 509 and a charter member of the Jim Savage Chapter of E. Clampus Vitus. He also served in the U.S. Army Air Corps during World War II and was recalled to service during the Korean conflict as a Lieutenant in the U.S. Navy, serving at Camp Pendleton.

Dr. Baker is survived by his wife, Roselyn; a son, Dr. Timothy George Baker, DDS; a daughter, Bethany R. Baker, an attorney; a brother, John L. Baker, all of Fresno; a nephew, Gerald M. Baker, also of Fresno; and a niece, Nora Tertzag of Los Angeles.

Explanation of Vote—Assembly Bill No. 479

May 14, 1997

E. Dotson Wilson, Chief Clerk
Office of the Chief Clerk
State Capitol, Room 3196

Dear Chief Clerk,

Re: Explanation of Vote

This letter is to apologize for inadvertently voting "aye" on AB 479 during our last Revenue and Taxation Committee hearing, on Monday, May 12.

Although I cannot change the vote I cast in our committee, be assured that I will not support this measure when it comes before the Assembly Appropriations Committee. AB 479 would have a tragic effect on funding for public schools and state programs vital for California's economy. I cannot support a measure that will have such a negative impact on the state. Again, please acknowledge my regret for making this error.

Sincerely,

CARL WASHINGTON, Assembly Member
Fifty-second District

May 16, 1997

To the Members of the California Assembly:

On this date I have signed Assembly Bill No. 169, however, I am reducing the allocation provided in Section 1(a)(1) of this bill for staffing for the Department of Forestry and Fire Protection from $1,962,000 to $1,100,000, or by $862,000, to more accurately reflect the staffing needs of the Department based on the enactment date of this bill. Indeed, the original figure of $1,962,000 was based upon an enactment of this measure in March.

Cordially,

PETE WILSON
