Volume 5

STATUTES OF CALIFORNIA

AND DIGESTS OF MEASURES

1994

Constitution of 1879 as Amended

Measures Submitted to Vote of Electors,
Primary Election, June 7, 1994
and General Election, November 8, 1994

General Laws, Amendments to the Codes, Resolutions,
and Constitutional Amendments passed by the
California Legislature

1993–94 Regular Session
1993–94 First Extraordinary Session

Compiled by
BION M. GREGORY
Legislative Counsel

(2) Notify the Department of Fish and Game in a form and manner specified by the department that the habitat restoration or improvement work has actually been completed and expenses have been paid.

(3) Retain a copy of the certification issued by the Department of Fish and Game.

(4) Make the certification available to the Franchise Tax Board upon demand.

(5) The partnership shall disclose in its tax return each year all of the following:

(A) The name of each partner who received a credit allocation.

(B) The partner's social security number or identification number.

(C) The amount of credit allocation distributed to each partner.

(e) The Department of Fish and Game shall do all of the following:

(1) Establish criteria for allocation of the credit amounts in the case where more than five hundred thousand dollars ($500,000) of credits are requested annually. Highest priority shall be given to projects that restore or enhance spawning habitat for wild stocks of coho salmon (Oncorhynchus kisutch). The department shall also establish criteria limiting the amount of credit allocated to any single taxpayer or partnership, not to exceed 10 percent of the amount of credit allocation available.

(2) Provide guidelines and criteria for application for credit allocation, including, but not limited to, guidelines to ensure that the project will provide wages to a minimum number of unemployed persons previously employed in either the commercial fishing or the forest products industry. These guidelines shall be exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. However, these guidelines shall be adopted by the Fish and Game Commission at a noticed meeting and after one or more public workshops.

(3) Accept applications and issue certificates including the credit amount to which the taxpayer or partnership is entitled.

(4) Provide an annual listing to the Franchise Tax Board (preferably on magnetic tape or other machine-readable form, and in a form and manner agreed upon by the Franchise Tax Board and the Department of Fish and Game) of the qualified taxpayers or partnerships who were issued the certification and the allowable amount of the credit allocated to each taxpayer or partnership.

(f) The taxpayers' social security numbers or identification numbers obtained through the tax credit application and certification process shall be used exclusively for state tax administrative purposes.

(g) In the case where the credit allowed by this section exceeds the "net tax," the excess may be carried over to reduce the "net tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(h) The aggregate amount of tax credits granted pursuant to this section and Section 23666 shall not exceed five hundred thousand dollars ($500,000) per year. The Department of Fish and Game shall not authorize any credit if the credit would cause the total amount of credit authorized in any year under this section and Section 23666 to exceed five hundred thousand dollars ($500,000).

(i) This section shall remain in effect only until December 1, 2000, and as of that date is repealed.

SEC. 2. Section 17091 is added to the Revenue and Taxation Code, to read:

17091. (a) Section 13239(c) of Public Law 103-66, relating to source rule for sales of unprocessed timber, shall apply.

(b) This section shall remain in effect only until December 1, 2000, and as of that date is repealed.

SEC. 3. Section 23666 is added to the Revenue and Taxation Code, to read:

23666. (a) For each income year beginning on or after January 1, 1995, and before January 1, 2000, there shall be allowed as a credit against the "tax," as defined in Section 23036, an amount equal to 10 percent of the qualified costs paid or incurred by the taxpayer for salmon and steelhead habitat restoration and improvement projects. The credit allowed by this section shall be claimed on the return for the income year in which the expense for the habitat restoration or improvement project was paid or incurred.

(b) A taxpayer shall qualify for the credit after application to and certification by the Department of Fish and Game that all of the following conditions are met:

(1) The salmon or steelhead trout habitat restoration or improvement project meets the objectives of the Salmon, Steelhead Trout, and Anadromous Fisheries Program Act (Chapter 8 (commencing with Section 6900) of Part 1 of Division 6 of the Fish and Game Code) and would aid in increasing the natural production of salmon and steelhead trout through improvement of stream and streambank conditions, improvement of land use practices, or changes in streamflow operations.

(2) The project provides employment to persons previously employed in the commercial fishing or forest products industry within a county with a rate of unemployment, as reported by the Employment Development Department, that is higher than the mean annual unemployment rate of "rate adjustment counties" as defined pursuant to the Timber Yield Tax Law (Part 18.5 (commencing with Section 38101)).

(3) The work to be undertaken is not otherwise required to be carried out pursuant to the Z'berg-Nejedly Forest Practice Act of 1973 (Chapter 8 (commencing with Section 4511) of Part 2 of Division 4 of the Public Resources Code), for mitigation of negative impacts to the environment caused by timber operations or required for mitigation of negative impacts on fish and wildlife habitat caused by a project pursuant to an approved environmental impact report

or mitigated negative declaration required pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(4) The work to be undertaken does not involve any of the following:

(A) Construction of office, storage, garage, or maintenance buildings.

(B) Drilling wells or installation of pumping equipment.

(C) Construction of permanent hatchery facilities, including raceways, water systems, or bird enclosures.

(D) Construction of permanent surface roadways or bridges.

(E) Any project requiring engineered design or certification by a registered engineer.

(c) For purposes of computing the credit provided by this section, the cost of any salmon or steelhead trout habitat restoration or improvement project eligible for the credit shall be reduced by the amount of any grant or cost-share payment provided by a public entity for that project.

(d) The taxpayer shall do all of the following:

(1) (A) Apply to the Department of Fish and Game for credit allocation and certification.

(B) The application for credit allocation shall include all information that is required by the Department of Fish and Game, including, but not limited to, all of the following:

(i) A project description of the habitat restoration or improvement work to be accomplished, including the location of the project.

(ii) If other than the project applicant, the name of the owner of the land where the work is to be carried out.

(iii) The landowner's or project applicant's actual cost to accomplish the work.

(iv) The portion of the project expenses that would be incurred by the payment of wages to unemployed persons previously employed in the commercial fishing or forest products industry.

(2) Notify the Department of Fish and Game in a form and manner specified by the department that the habitat restoration or improvement work has actually been completed and expenses have been paid.

(3) Retain a copy of the certification issued by the Department of Fish and Game.

(4) Make the certification available to the Franchise Tax Board upon demand.

(e) The Department of Fish and Game shall do all of the following:

(1) Establish criteria for allocation of the credit amounts in the case where more than five hundred thousand dollars ($500,000) of credits are requested annually. Highest priority shall be given to projects that restore or enhance spawning habitat for wild stocks of coho salmon (Oncorhynchus kisutch). The department shall also

establish criteria limiting the amount of credit allocated to any single taxpayer or partnership, not to exceed 10 percent of the amount of credit allocation available.

(2) Provide guidelines and criteria for application for credit allocation, including, but not limited to, guidelines to ensure that the project will provide wages to a minimum number of unemployed persons previously employed in either the commercial fishing or the forest products industry. These guidelines shall be exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. However, these guidelines shall be adopted by the Fish and Game Commission at a noticed meeting and after one or more public workshops.

(3) Accept applications and issue certificates including the credit amount to which the taxpayer or partnership is entitled.

(4) Provide an annual listing to the Franchise Tax Board (preferably on magnetic tape or other machine-readable form, and in a form and manner agreed upon by the Franchise Tax Board and the Department of Fish and Game) of the qualified taxpayers or partnerships who were issued the certification and the allowable amount of the credit allocated to each taxpayer or partnership.

(f) The taxpayers' identification numbers obtained through the tax credit application and certification process shall be used exclusively for state tax administrative purposes.

(g) In the case where the credit allowed by this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(h) The aggregate amount of tax credits granted pursuant to this section and Section 17053.66 shall not exceed five hundred thousand dollars ($500,000) per year. The Department of Fish and Game shall not authorize any credit if the credit would cause the total amount of credit authorized in any year under this section and Section 17053.66 to exceed five hundred thousand dollars ($500,000).

(i) This section shall remain in effect only until December 1, 2000, and as of that date is repealed.

SEC. 4. Section 24272.3 is added to the Revenue and Taxation Code, to read:

24272.3. (a) Section 13239(c) of Public Law 103-66, relating to source rule for sales of unprocessed timber, shall apply.

(b) This section shall remain in effect only until December 1, 2000, and as of that date is repealed.

SEC. 5. Section 25135 of the Revenue and Taxation Code is amended to read:

25135. (a) Sales of tangible personal property are in this state if any of the following apply:

(1) The property (including unprocessed timber) is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale.

(2) The property (including unprocessed timber) is shipped from an office, store, warehouse, factory, or other place of storage in this state and (A) the purchaser is the United States government or (B) the taxpayer is not taxable in the state of the purchaser.

(3) Notwithstanding Section 38006, the property is unprocessed timber that is a softwood, was cut from an area in this state, and is delivered or shipped to a purchaser outside the United States.

(b) For purposes of this section, "unprocessed timber" means any log, cant, or similar form of timber.

(c) This section shall remain in effect only until December 1, 2000, and as of that date is repealed.

SEC. 6. Section 25135 is added to the Revenue and Taxation Code, to read:

25135. Sales of tangible personal property are in this state if:

(a) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale.

(b) The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and (1) the purchaser is the United States government or (2) the taxpayer is not taxable in the state of the purchaser.

(c) This section shall become operative on December 1, 2000.

SEC. 7. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1297

An act to amend Section 21401 of the Vehicle Code, relating to vehicles.

[Became law without Governor's signature. Filed with Secretary of State October 4, 1994.

The people of the State of California do enact as follows:

SECTION 1. By enacting this legislation, it is the intent of the Legislature to facilitate traffic signal coordination and monitoring of traffic signal operations.

SEC. 2. Section 21401 of the Vehicle Code is amended to read:

21401. (a) Except as provided in Section 21374, only those official traffic control devices that conform to the uniform standards and specifications promulgated by the Department of Transportation shall be placed upon a street or highway.

(b) Any traffic signal controller that is newly installed or upgraded by the Department of Transportation or a local authority after January 1, 1996, shall be of a standard traffic signal communication protocol capable of two-way communications.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1298

An act to amend Sections 8670.3, 8670.17, 8670.23, and 8670.37.53 of the Government Code, relating to oil spills.

[Became law without Governor's signature. Filed with Secretary of State October 4, 1994.

The people of the State of California do enact as follows:

SECTION 1. Section 8670.3 of the Government Code is amended to read:

8670.3. Unless the context requires otherwise, the following definitions shall govern the construction of this chapter:

(a) "Administrator" means the administrator for oil spill response appointed by the Governor pursuant to Section 8670.4.

(b) "Barges" means any vessel that carries oil in commercial quantities as cargo but is not equipped with a means of self-propulsion.

(c) (1) "Best achievable protection" means that the highest level of protection which can be achieved through both the use of the best achievable technology and those manpower levels, training procedures, and operational methods which provide the greatest degree of protection achievable. The administrator's determination of best achievable protection shall be guided by the critical need to protect valuable coastal resources and marine waters, while also considering (1) the protection provided by the measures, (2) the technological achievability of the measures, and (3) the cost of the measures.

(2) It is not the intent of the Legislature that the administrator use a cost-benefit or cost-effectiveness analysis or any particular method of analysis in determining which measures to require. Instead, it is the intent of the Legislature that the administrator give reasonable consideration to the protection provided by the measures, the

technological achievability of the measures, and the cost of the measures when establishing the requirements to provide the best achievable protection for coastal and marine resources.

(d) "Best achievable technology" means that technology which provides the greatest degree of protection taking into consideration (1) processes which are being developed, or could feasibly be developed anywhere in the world, given overall reasonable expenditures on research and development, and (2) processes which are currently in use anywhere in the world. In determining what is best achievable technology, the administrator shall consider the effectiveness and engineering feasibility of the technology.

(e) "Local government" means any chartered or general law city, chartered or general law county, or any city and county.

(f) "Marine facility" means any facility of any kind, other than a vessel, which is or was used for the purposes of exploring for, drilling for, producing, storing, handling, transferring, processing, refining, or transporting oil and is located in marine waters, or is located where a discharge could impact marine waters unless the facility (1) is subject to Chapter 6.67 (commencing with Section 25270) or Chapter 6.75 (commencing with Section 25299.10) of Division 20 of the Health and Safety Code or (2) is placed on a farm, nursery, logging site, or construction site and does not exceed 20,000 gallons in a single storage tank. For the purposes of this chapter, a drill ship, semisubmersible drilling platform, jack-up type drilling rig, or any other floating or temporary drilling platform is a "marine facility." For the purposes of this chapter, a small craft refueling dock is not a "marine facility."

(g) "Marine terminal" means any marine facility used for transferring oil to or from tankers or barges. For the purposes of this section, a marine terminal includes all piping not integrally connected to a tank facility as defined in subdivision (k) of Section 25270.2 of the Health and Safety Code.

(h) "Marine waters" means those waters subject to tidal influence, except for waters in the Sacramento-San Joaquin Delta upstream from a line running north and south through the point where Contra Costa, Sacramento, and Solano Counties meet.

(i) "Nonpersistent oil" means a petroleum-based oil, such as gasoline, diesel, or jet fuel, which evaporates relatively quickly. Specifically, it is an oil with hydrocarbon fractions, at least 50 percent of which, by volume, distills at a temperature of 645° Fahrenheit, and at least 95 percent of which, by volume, distills at a temperature of 700° Fahrenheit.

(j) "Oil" means any kind of petroleum, liquid hydrocarbons, or petroleum products or any fraction or residues therefrom, including, but not limited to, crude oil, bunker fuel, gasoline, diesel fuel, aviation fuel, oil sludge, oil refuse, oil mixed with waste, and liquid distillates from unprocessed natural gas.

(k) "Onshore facility" means any facility of any kind which is located entirely on lands not covered by marine waters.

(*l*) (1) "Owner" or "operator" means any of the following:

(A) In the case of a vessel, any person who owns, has an ownership interest in, operates, charters by demise, or leases, the vessel.

(B) In the case of a marine facility, any person who owns, has an ownership interest in, or operates the marine facility.

(C) Except as provided in subparagraph (D), in the case of any vessel or marine facility, title or control of which was conveyed due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to an entity of state or local government, any person who owned, held an ownership interest in, operated, or otherwise controlled activities concerning the vessel or facility immediately beforehand.

(D) An entity of the state or local government which acquired ownership or control of a vessel or marine facility, when the entity of the state or local government has caused or contributed to a spill or discharge or oil into marine waters.

(2) "Owner" or "operator" does not include a person who, without participating in the management of a vessel or marine facility, holds indicia of ownership primarily to protect his or her security interest in the vessel or marine facility.

(3) "Operator" does not include any person who owns the land underlying a marine facility or the facility itself if the person is not involved in the operations of the facility.

(m) "Person" means any individual, trust, firm, joint stock company, or corporation, including, but not limited to, a government corporation, partnership, and association. "Person" also includes any city, county, city and county, district, and the state or any department or agency thereof, and the federal government, or any department or agency thereof, to the extent permitted by law.

(n) "Pipeline" means any pipeline used at any time to transport oil.

(o) "Responsible party" or "party responsible" means any of the following:

(1) The owner or transporter of oil or a person or entity accepting responsibility for the oil.

(2) The owner, operator, or lessee of, or person who charters by demise, any vessel or marine facility, or a person or entity accepting responsibility for the vessel or marine facility.

(p) "Small craft" means waterborne craft, other than a tanker or barge, which is less than 20 meters in length.

(q) "Small craft refueling dock" means a waterside operation that dispenses nonpersistent oil primarily to small craft and meets the following criteria:

(1) Has tank storage capacity not exceeding 20,000 gallons in any single storage tank or tank compartment.

(2) Has a total useable tank storage capacity not exceeding 75,000 gallons.

(r) (1) "Small marine fueling facility" means either of the following:

(A) A truck or trailer, including all connected hoses and piping, used for transferring oil at a location where a discharge could impact marine waters.

(B) A fixed facility that is not a marine terminal, which dispenses nonpersistent oil, primarily to small craft, and meets all of the following criteria:

(i) Has tank storage capacity not exceeding 40,000 gallons in any single storage tank or storage tank compartment.

(ii) Has total useable tank storage capacity not exceeding 75,000 gallons.

(iii) Had an annual throughput volume of over-the-water transfers of oil that did not exceed 3,000,000 gallons during the most recent preceding 12-month period.

(2) "Small marine fueling facility" does not include a system that dispenses small amounts of nonpersistent lubrication oil from protected containers that are capable of being readily contained.

(s) "Spill" or "discharge" means any release of at least one barrel (42 gallons) of oil into marine waters which is not authorized by any federal, state, or local government entity.

(t) "State Interagency Oil Spill Committee" means the committee established pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7.

(u) "State oil spill contingency plan" means the state oil spill contingency plan prepared pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7.

(v) "Tanker" means any self-propelled, waterborne vessel, constructed or adapted for the carriage of oil in bulk or in commercial quantities as cargo.

(w) "Vessel" means a tanker or barge as defined in this section.

SEC. 2. Section 8670.17 of the Government Code is amended to read:

8670.17. (a) The administrator shall adopt regulations governing marine terminals regarding the equipment, personnel, and operation of vessels, to and from which the terminals may be used to transfer oil.

(b) The regulations shall be adopted, and thereafter periodically revised, by the administrator, to ensure, as described in written findings, that the best achievable protection of the public health and safety and the environment is employed at all times.

(c) (1) The regulations adopted pursuant to this section shall include, but not be limited to, all of the following:

(A) A requirement that all tankers have functional equipment which is compatible with any vessel traffic control system that may be established along the California coast.

(B) A determination of the circumstances under which tankers shall be accompanied by a tugboat or tugboats of sufficient size, horsepower, and pull capability while entering, leaving, or navigating in the harbors of the state. In making that determination, the administrator shall be guided by the recommendations of the

harbor safety committees established pursuant to Section 8670.23. Prior to the start of the public comment period on any proposed regulations that differ from the recommendations of a harbor safety committee the administrator shall notify the harbor safety committee, and any other party who has requested notification, in writing, of the proposed regulations. If a member of a harbor safety committee or any other interested party requests notification within 30 days from the start of the comment period for the proposed regulations, the administrator shall hold a public hearing, notice of which shall be made to the harbor safety committee and any other party who has requested notification, and shall consider the testimony presented at the hearing prior to adopting the proposed regulations. Prior to adopting regulations which require the use of tugboat escorts in fewer instances in the harbors of San Francisco, San Pablo, and Suisun Bays than that which is recommended by the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays, the administrator shall, in public hearing, adopt findings, based on substantial evidence, that the requirement provides adequate protection and is consistent with the purposes of this chapter. The public hearing held for the purpose of adopting those findings shall be deemed to satisfy any request for a public hearing provided under Section 11346.8 if held after the close of the written comment period for the proposed regulations.

(C) A requirement that a tanker which is in marine waters has at all times at least one person on the bridge who is able to communicate fluently and effectively both in English and in the language of the master of the vessel.

(2) The regulations adopted pursuant to this subdivision shall be developed in a separate administrative process.

(3) The Legislature hereby finds and declares that the appropriate use of tug escorts can improve tanker safety, particularly in the harbors of San Francisco, San Pablo, and Suisun Bays, and that the regulations concerning tug escorts in those harbors shall be adopted as quickly as practicable and may be adopted before the adoption of all other regulations required by this section.

SEC. 3. Section 8670.23 of the Government Code is amended to read:

8670.23. (a) On or before July 1, 1991, the administrator shall establish harbor safety committees for the harbors of San Diego; Los Angeles/Long Beach; Port Hueneme; San Francisco, San Pablo, and Suisun Bays; and Humboldt Bay.

(b) The administrator shall appoint to each harbor safety committee, for a term of three years, all of the following members:

(1) A designee of each of the port authorities within the harbor, except that the harbor safety committee for the harbor of San Francisco, San Pablo, and Suisun Bays shall have four designees.

(2) A representative of tanker operators, except that the harbor safety committee for the harbors of San Francisco, San Pablo, and Suisun Bays shall have two representatives.

(3) A representative of the pilot organizations within the harbor.

(4) A representative of dry cargo vessel operators, except that the harbor safety committee for the harbors of San Francisco, San Pablo, and Suisun Bays shall have two representatives.

(5) A representative of commercial fishing or pleasure boat operators.

(6) A representative of a recognized nonprofit environmental organization that has as a purpose the protection of marine resources.

(7) A representative of the California Coastal Commission, except that for the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays, the administrator shall appoint a representative of the San Francisco Bay Conservation and Development Commission.

(8) A representative from a recognized labor organization involved with operations of vessels.

(9) A representative of the Captain of the Port, the Coast Guard, the Corps of Engineers, and the Navy to the extent that each consents to participate on the committee.

(10) A representative of tug or barge operators, who is not also engaged in the business of operating either tankers or dry cargo vessels, except that the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays shall have one representative of tug operators and one representative of barge operators, neither of whom shall also be engaged in the business of operating either tankers or dry cargo vessels.

(c) The members appointed from the categories listed in paragraphs (1), (2), (3), (4), (8), and (10) of subdivision (b) shall have navigational expertise. An individual is considered to have navigational expertise if the individual meets any of the following conditions:

(1) Has held or is presently holding a Coast Guard Merchant Marine Deck Officer's license.

(2) Has held or is presently holding a position on a commercial vessel that includes navigational responsibilities.

(3) Has held or is presently holding a shoreside position with direct operational control of vessels.

(4) Has held or is currently holding a position having responsibilities for permitting or approving the docking of vessels in and around harbor facilities.

(d) The administrator shall appoint a chairperson for each harbor safety committee from the membership specified in subdivision (b). Each member of a harbor safety committee shall be reimbursed for actual and necessary expenses incurred in the performance of committee duties.

(e) Each harbor safety committee shall be responsible for planning for the safe navigation and operation of tankers, barges, and other vessels within each harbor. Each committee shall prepare a harbor safety plan, encompassing all vessel traffic within the harbor. For the purposes of this section, "vessels" means vessels as defined

in Section 21 of the Harbors and Navigation Code.

(f) The administrator shall adopt regulations pursuant to Section 8670.17 for harbor safety plans in consultation with the port authorities of the harbors listed in subdivision (a), and other affected parties. The regulations shall require that the plan contain a discussion of the competitive aspects of the recommendations of the harbor safety committee.

(g) With respect to harbor safety plans, the administrator shall give his or her highest priority to the development of regulations concerning tugboat escorts as specified in subparagraph (B) of paragraph (1) of subdivision (c) of Section 8670.17 and shall expeditiously adopt that portion of the regulations relating to tugboat escorts so that the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays will be able to expeditiously comply with subdivision (e).

(h) The regulations shall ensure that each plan includes all of the following elements:

(1) A recommendation determining when tankers are required to be accompanied by a tugboat or tugboats, of sufficient size, horsepower, and pull capability while entering, leaving, or navigating in the harbor. The Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays shall give its highest priority to the adoption of tugboat escort recommendations and shall immediately adopt interim recommendations prior to the completion of the entire harbor safety plan. The administrator shall be guided by the recommendations of the harbor safety committees when adopting the regulations pursuant to Section 8670.17. Prior to the start of the public comment period on any proposed regulations that differ from the recommendations of a harbor safety committee, the administrator shall notify the harbor safety committee, and any other party who has requested notification, in writing, of the proposed regulations. If a member of a harbor safety committee or any other interested party requests notification within 30 days from the start of the comment period for the proposed regulations, the administrator shall hold a public hearing, notice of which shall be made to the harbor safety committee and any other party who has requested notification, and shall consider the testimony presented at the hearing prior to adopting the proposed regulations. Prior to adopting regulations which would require the use of tugboat escorts in fewer instances in the harbors of San Francisco, San Pablo, and Suisun Bays than that which had been recommended by the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays, the administrator shall, in a public hearing, adopt findings, based on substantial evidence, that the requirement provides adequate protection and is consistent with the purposes of this chapter. The public hearing held for the purpose of adopting those findings shall be deemed to satisfy any request for a public hearing provided under Section 11346.8 if held after the close of the written comment period for the proposed regulations.

(2) A review and evaluation of the adequacy of, and any changes needed in, all of the following:

(A) Anchorage designations and sounding checks.

(B) Communications systems.

(C) Small vessel congestion in shipping channels.

(D) Placement and effectiveness of navigational aids, channel design plans, and the traffic and routings from port construction and dredging projects.

(3) Procedures for routing vessels during emergencies that impact navigation.

(4) Bridge management requirements.

(5) Suggested mechanisms to ensure that the provisions of the plan are fully and regularly enforced.

(6) A recommendation as to whether establishing or expanding VTS systems within the harbors is desirable.

(7) A recommendation for funding VTS systems and other projects.

(i) Each harbor safety plan shall be submitted to the administrator by December 31, 1991. The administrator shall review the plan for consistency with the regulations and shall approve the plans or give reasons for their disapproval.

(j) Upon approving the harbor safety plans, the administrator shall, in consultation with the port authorities listed in subdivision (a), implement the plans. The administrator shall adopt regulations necessary to implement the plans. When federal authority or action is required to implement a plan, the administrator shall petition the appropriate federal agency or the Congress, as may be necessary.

(k) On or before July 1 of each year, each harbor safety committee shall report its findings and recommendations to the administrator concerning the safety of its harbor or harbors and any recommendations for improving tanker and barge safety in the harbor or harbors by amending the provisions of the harbor safety plan, or through other means.

SEC. 4. Section 8670.37.53 of the Government Code is amended to read:

8670.37.53. (a) To receive a certificate of financial responsibility for a vessel or for all of the oil contained within a vessel, the applicant shall demonstrate to the satisfaction of the administrator the financial ability to pay at least five hundred million dollars ($500,000,000) for any damages which may arise during the term of the certificate. The level of required financial responsibility shall increase to seven hundred fifty million dollars ($750,000,000) on July 1, 1995, and to one billion dollars ($1,000,000,000) on January 1, 2000. The administrator may establish a lower standard of financial responsibility for small barges and small marine fueling facilities. The standard shall be based on the quantity of oil that can be carried by the barge or stored at or by a small marine fueling facility and the risk of spill into marine waters. The administrator shall not set a standard that is less than the expected costs from a reasonable worst

case oil spill into marine waters.

(b) (1) To receive a certificate of financial responsibility for a marine facility, the applicant shall demonstrate to the satisfaction of the administrator the financial ability to pay for any damages which might arise during a reasonable worst case oil spill into marine waters that results from the operations of the marine facility. The administrator shall consider such criteria as the amount of oil that could be spilled into marine waters from the facility, the cost of cleaning up spilled oil, the frequency of operations at the facility, and the damages that could result from a spill.

(2) The administrator may issue a certificate for a marine facility upon a lesser showing of financial resources for a period of not longer than three years if the administrator finds all of the following:

(A) The marine facility was operating on January 1, 1991.

(B) Continued operation is necessary to finance abandonment of the marine facility.

(C) The financial resources the operator is able to demonstrate are reasonably sufficient to cover the damages from foreseeable spills from the facility.

CHAPTER 1299

An act to amend Section 3662 of, and to add Sections 3662.1 and 3666.2 to, the Public Utilities Code, relating to carriers.

[Became law without Governor's signature. Filed with Secretary of State October 4, 1994.

The people of the State of California do enact as follows:

SECTION 1. Section 3662 of the Public Utilities Code is amended to read:

3662. The commission shall, upon complaint or upon its own initiative without complaint, establish or approve just, reasonable, and nondiscriminatory maximum or minimum or maximum and minimum rates to be charged by any highway permit carrier for the transportation of property and for accessorial service performed by it, except, just, reasonable, and nondiscriminatory minimum rates shall be established for dump truck carriers.

In establishing or approving those rates the commission shall give due consideration to the cost of all of the transportation services performed, including length of haul, any additional transportation service performed, or to be performed, to, from, or beyond the regularly established termini of common carriers or of any accessorial service, the value of the commodity transported, and the value of the facility reasonably necessary to perform the transportation service.

SEC. 2. Section 3662.1 is added to the Public Utilities Code, to read:

3662.1. The commission shall, on an annual basis, determine the costs of efficient dump truck carriers and adjust the rates of those carriers to reflect costs that have increased or decreased since the rates were last adjusted.

SEC. 3. Section 3666.2 is added to the Public Utilities Code, to read:

3666.2. (a) The commission shall establish or approve expedited rate deviation procedures for dump truck carriers.

(b) A dump truck carrier may file with the commission for its approval, on 30 days' notice, a simplified deviation or a full-cost deviation application. The simplified deviation application shall allow a dump truck carrier the right to assess a specific rate or rates that are up to 10 percent below the related minimum rates. A full-cost deviation application shall permit a carrier to assess rates that are more than 10 percent below the commission's established minimum rates, upon approval of the commission and a finding that the proposed rates will provide the applicant with sufficient compensation to reimburse it for the full costs for performing the service.

(c) Simplified and full-cost deviation applications shall be effective for periods not in excess of one year and shall include the specific origins and destinations, names of consignors and consignees, existing minimum rates and proposed rates, quantities of materials to be transported and, except for rate deviations based on an hourly basis, mileages for the hauls for which the authorities are sought.

(d) Rate deviations, other than those provided by this section, shall be filed under Section 3666 and the procedures prescribed by the commission.

CONCURRENT AND JOINT RESOLUTIONS
AND CONSTITUTIONAL AMENDMENTS

1993–94

REGULAR SESSION

1994 RESOLUTION CHAPTERS

RESOLUTION CHAPTER 1

Senate Joint Resolution No. 34—Relative to the closure of the Old Mint.

[Filed with Secretary of State February 23, 1994.]

WHEREAS, The United States of America mint located at Fifth and Mission in San Francisco has been known as the Old Mint and called over the years the Granite Lady; and

WHEREAS, The Federal Greek Revival fortress was built by famed architect A.B. Mullet with four-foot walls of Rocklin granite, a facade of British Columbia blue-stone, iron shutters, a pyramidal flight of steps, a portico of Doric columns and was declared a National Landmark in 1961; and

WHEREAS, The 119-year old building opened for business in December 1874, withstood the earthquake and fire of 1906 and the 1989 Loma Prieta earthquake, and houses one of the best museums of California history, and was itself a major part of that history; and

WHEREAS, The mint once housed significant amounts of the nation's gold reserve; and

WHEREAS, The Granite Lady once stamped California's gold and Nevada's silver into the coins that most people then preferred to greenbacks; and

WHEREAS, In 1906, as flames ignited by the earthquake destroyed everything around it, mint employees and soldiers with a hose one-inch in diameter fought seven hours to save the building—and the two hundred million dollars ($200,000,000) in its vaults; and

WHEREAS, When the smoke cleared, the Old Mint was nearly alone among the survivors in its neighborhood after the 1906 San Francisco earthquake and fire; and

WHEREAS, The Old Mint is the only example of Greek Revival used in the architecture of federal buildings west of the Rockies; and

WHEREAS, The Old Mint drew 83,552 visitors and generated a $400,000 income from the sales of commemorative coins and souvenirs last year; and

WHEREAS, This beloved and popular landmark was closed as a result of a decision by bureaucrats within the Treasury Department affording no public comment by elected officials or other citizens; and

WHEREAS, The United States Treasury Department reopened the Old Mint temporarily after its sudden closure, for a 90-day period, in order to study options other than the permanent closure of the Old Mint; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to direct the Treasury Department to make the reopening of the museum and former U.S. Mint in San Francisco, known as the

Granite Lady or Old Mint, permanent at the end of the 90-day review period; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 2

Senate Joint Resolution No. 13—Relative to disabled veterans.

[Filed with Secretary of State February 25, 1994.]

WHEREAS, Service-disabled and prisoner of war veterans are benefiting from new medical therapies and prostheses to the extent that they are participating more fully in society, especially in the free enterprise system and the ownership and management of businesses; and

WHEREAS, The Legislature of the State of California has established systems of procurement and contracting assistance and other benefits that provide participation in state contract goals for disabled veterans; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress to establish and maintain participation by service-disabled veteran owned and operated businesses in contracting and procurement programs with the government or with government contractors, licensees, or agents; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 3

Assembly Concurrent Resolution No. 85—Relative to Week of the School Administrator.

[Filed with Secretary of State February 28, 1994.]

WHEREAS, Approximately 15,000 certificated and classified school administrators work in California's public schools; and

WHEREAS, Nearly 60 percent of these administrators are principals and vice principals providing direct support for the educational programs at schoolsites; and

WHEREAS, Research has determined that one of the main attributes of effective schools is the competent leadership of principals; and

WHEREAS, Other certificated and classified administrators provide leadership and support for the educational program by developing and implementing the curriculum, selecting textbooks and instructional materials, recruiting, training, and evaluating classified and certificated staff, managing the budget and monitoring cost controls, implementing school board policies and complying with federal, state, and local regulations and laws, planning and maintaining school facilities, and providing transportation, nutrition, and social service programs to pupils and their families; and

WHEREAS, Research shows that efficient district-level administration improves teacher effectiveness; and

WHEREAS, Research shows that public school administration in California has become increasingly efficient and effective, with fewer administrators managing more schools with more pupils than in the past; and

WHEREAS, A school's administrative team includes confidential employees who perform and assist in the performance of many critical functions; and

WHEREAS, School administrators and confidential employees ensure that effective and innovative classroom instruction is promoted in every area of California; now, therefore be it

Resolved, That the week of March 7 through March 11, 1994, be proclaimed the Week of the School Administrator, in honor of the many outstanding contributions and services provided by the administrative teams in California's public school districts; and be it further

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the administrators of California's public schools be commended for their support of, and contributions to, quality education in the state.

RESOLUTION CHAPTER 4

Assembly Concurrent Resolution No. 86—Relative to proclaiming Black History Month.

[Filed with Secretary of State March 2, 1994.]

WHEREAS, Americans of African descent helped develop our nation in countless ways, those recognized, unrecognized, and unrecorded; and

WHEREAS, The contributions of Black American citizens as scientists, inventors, educators, farmers, homemakers, and explorers of earth and sky have been recognized annually during Black History Month; and

WHEREAS, The history and contributions of Black American citizens were consistently overlooked and undervalued in the

curriculum of public education institutions prior to the Civil Rights Act of 1964; and

WHEREAS, Carter Goodwin Woodson, a Black historian, recognized these accomplishments and, on February 7, 1926, created one of the cultural landmarks of contemporary America, "Negro History Week"; and

WHEREAS, In the 1960's, during the height of the Civil Rights Movement, "Negro History Week" was changed to "Black History Week" and in 1976 "Black History Week" was expanded to "Black History Month" as part of the national Bicentennial celebration; and

WHEREAS, Innumerable Black citizens have contributed to the history of California, including the first Black citizen elected to the California Legislature, former Assembly Member Frederick Roberts, who served his constituents from 1918 to 1934; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of February 1994 be proclaimed as Black History Month; and be it further

Resolved, That each legislative body commemorate Black History Month with appropriate, meaningful activities that recognize the contributions of Black Americans to their community, state, and nation; and be it further

Resolved, That the Chief Clerk of the Assembly prepare suitably prepared copies of this resolution for appropriate distribution.

RESOLUTION CHAPTER 5

Assembly Concurrent Resolution No. 100—Relative to Boys and Girls Club of Santa Cruz Day.

[Filed with Secretary of State March 3, 1994.]

WHEREAS, In June 1965, John T. and Ruth M. Mallery met with Boys Clubs of America Regional Service Director E. L. McKenzie and concerned citizens of Santa Cruz to discuss starting a boys club; and

WHEREAS, The Boys Club of Santa Cruz was incorporated on August 10, 1965, and the Old Congregational Church site at Lincoln and Center Streets was selected on which to construct a clubhouse; and

WHEREAS, The groundbreaking ceremony was held on June 2, 1966, with a prayer by Reverend Ewing, band concert by Mission Hill Junior High School, charter memberships presented to two elementary school boys, and the turning of the first spade of dirt by John T. Mallery; and

WHEREAS, John T. and Ruth M. Mallery provided the funds to buy the land and to construct the 22,000 square foot building, and Bill B. Fankhouser was employed to serve as the first executive director; and

WHEREAS, The Boys Club of Santa Cruz was dedicated on March 1, 1969, and the club began providing programs for 2,124 boys that first year; and

WHEREAS, On February 1, 1986, amid considerable local and national controversy, the Boys Club of Santa Cruz opened its doors to girls and provided membership on an equal basis; and

WHEREAS, The board of directors voted to change the name to the Boys and Girls Club of Santa Cruz on January 1, 1991, to reflect services to both boys and girls; and

WHEREAS, During the 25-year period from 1969 to 1994, the Boys and Girls Club of Santa Cruz has provided youth with an opportunity to develop their talents and goals in an environment of support and encouragement; and

WHEREAS, Each year, the Boys and Girls Club of Santa Cruz provides more than 1,500 young people with a place to have fun with friends, to learn new skills, to play and work together, to give and take, and to respect their fellow members' property and points of view; and

WHEREAS, It is appropriate that the people of the state take this opportunity to recognize the valuable services and programs that the local Boys and Girls Club provides and the vital role that the club plays in the lives of so many of the young people in the community of Santa Cruz; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Boys and Girls Club of Santa Cruz be commended for the 25 years that it has played in improving the quality of life in Santa Cruz, and that March 1, 1994, be recognized as "Boys and Girls Club of Santa Cruz Day"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Boys and Girls Club of Santa Cruz.

RESOLUTION CHAPTER 6

Assembly Concurrent Resolution No. 89—Relative to proclaiming Women's History Month.

[Filed with Secretary of State March 7, 1994.]

WHEREAS, American women of every race, class, and ethnic background have participated in the founding and building of our nation, have played and continue to play a critical role in shaping the economic, cultural, and social fabric of our society, not in the least of ways through their participation in the labor force, working both inside and outside of the home; and

WHEREAS, Women have been leaders in every movement for progressive social change, including their own suffrage movement, the fight for emancipation, the struggle to organize labor unions, and the civil rights movement; and

WHEREAS, Despite these contributions, the role of American women in history has been consistently overlooked and undervalued; and

WHEREAS, The celebration of Women's History Month will provide an opportunity for schools and communities to focus attention on the historical role and accomplishments of women of the United States and the State of California, and for students, in particular, to benefit from an awareness of these contributions; and

WHEREAS, Women's History Month will include International Women's Day, March 8, originally proclaimed in 1910 to recognize and commemorate the valuable contributions women have made to the labor movement in improving working conditions and thus bettering peoples' lives; and

WHEREAS, The observance of Women's History Week was begun by the Sonoma County Commission on the Status of Women in 1978, and has since been commemorated throughout the nation by schools, historians, and community groups; and

WHEREAS, Women's History Month will not only be a call to honor women who participated in history, but also a call to remember the many women who have anonymously shaped our collective past, and to promote a more equitable portrayal of women in the United States history; and

WHEREAS, The strides made by our foremothers have enabled contemporary women and men to make tomorrow's history by advocating an end to physical and sexual assault, discrimination in the work force, and the feminization of poverty, and by advocating the full participation of women in the political arena, the provision of adequate child and other dependent care, and equal access to all of the opportunities this nation has to offer; and

WHEREAS, The 1994 theme for Women's History Month is "In Every Generation, Action Frees Our Dreams," which invites us to remember the lives of our foremothers and the ways in which their courage and determination shaped the lives of women in California; and

WHEREAS, Because of the significance and scope of women's roles in making history and shaping American culture and society, it is important that the State of California recognize the many contributions of women so that we may pass them on to the women and men of the future; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California takes pleasure in joining with the California Commission on the Status of Women, the Sonoma County Commission on the Status of Women, the Los Angeles County Commission for Women, and other city, county, and community commissions for women in California, in honoring the contributions of women, and proclaims the month of March 1994 as Women's History Month; and be it further

Resolved, That the Legislature urges all Californians to join in the

celebration of International Women's Day on March 8, 1994; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Chair of the California Commission on the Status of Women and the Chair of the Sonoma County Commission on the Status of Women for distribution to appropriate organizations.

RESOLUTION CHAPTER 7

Assembly Joint Resolution No. 63—Relative to trade agreements.

[Filed with Secretary of State March 11, 1994.]

WHEREAS, The implementation of the North American Free Trade Agreement (NAFTA) creates a welcome opportunity for the wine industry in California to increase wine and brandy trade for its quality products between the United States, Mexico, and Canada; and

WHEREAS, NAFTA has the potential to increase sales of California wine and brandy to the rapidly expanding Mexican market, which will result in healthy wine and winegrape industries in California, and increased jobs, tourism, and tax revenues; and

WHEREAS, The California Legislature has a vital interest in opening up markets for California agricultural products; and

WHEREAS, Canada is the largest importer of wines from the United States, and Mexico is the fourth largest; and

WHEREAS, Under NAFTA, Mexico has granted to the United States a 10-year phaseout for tariffs on table wines; a six-year phaseout of tariffs on wine coolers; a 10-year phaseout of duty on brandy; a five-year phaseout of tariffs for dessert wines; and immediate removal of duty on champagne type wines; and

WHEREAS, Mexico recently entered into a separate agreement with Chile, a major competitor with United States wines in world markets, and under that agreement, Mexico's duties on Chilean wines dropped from 20 percent to 5 percent, and then to zero in two years; and

WHEREAS, Mexican wine coolers receive immediate duty-free treatment by the United States, compared to United States wine coolers that require a six-year phaseout of the Mexican tariff; and

WHEREAS, Mexico is allowed 10 years to phaseout its tariffs on United States brandy, but tariffs on Mexican brandy imported into the United States drop immediately to zero; and

WHEREAS, The federal government has committed itself to trade talks with Mexico beginning in January 1994, to negotiate a more rapid tariff phaseout for wine and brandy under NAFTA; and

WHEREAS, The successful outcome of these negotiations is crucial

to achieving a level playing field for California winegrape growers and winemakers; now, therefore, be it

Resolved, That the federal government should do everything possible in its negotiations with the Mexican government to establish a "level playing field" for the California wine and brandy producers and the winegrape growers; and be it further

Resolved, That the negotiations should result in the immediate removal of Mexican tariffs on brandy and wine coolers and the reduction of wine tariffs to the level that Mexico has granted Chile; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 8

Assembly Concurrent Resolution No. 107—Relative to Joint Rule 61.

[Filed with Secretary of State March 15, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That Joint Rule 61 of the Joint Rules of the Senate and Assembly for the 1993–94 Regular Session is amended to read:

Deadlines

61. The following deadlines shall be observed by the Senate and Assembly. After each deadline, the Secretary of the Senate and the Chief Clerk of the Assembly shall not accept committee reports from their respective committees except as otherwise provided in this rule:

(a) Odd-numbered year:

(1) Mar. 5— Last day for bills to be introduced.
(2) April 23— Last day for policy committees to hear and report to fiscal committees fiscal bills introduced in their house.
(3) May 21— Last day for policy committees to hear and report to the floor nonfiscal bills introduced in their house.
(4) May 28— Last day for policy committees to meet prior to June 14.

(5) June 4— Last day for fiscal committees to hear and report to the floor bills introduced in their house.
(6) June 4— Last day for fiscal committees to meet prior to June 14.
(7) June 11— Last day for each house to pass bills introduced in their house.
(8) June 14— Committee meetings may resume.
(9) July 16— Last day for policy committees to meet and report bills.
(10) Aug. 27— Last day for fiscal committees to meet and report bills.
(11) Aug. 30 through Sept. 10— Floor session only. No committee may meet for any purpose.
(12) Sept. 10— Last day for each house to pass bills.

(b) Even-numbered year:

(1) Jan. 14— Last day for policy committees to hear and report to fiscal committees fiscal bills introduced in their house in the odd-numbered year.
(2) Jan. 21— Last day for any committee to hear and report to the floor bills introduced in their house in the odd-numbered year.
(3) Jan. 31— Last day for each house to pass bills introduced in their house in the odd-numbered year.
(4) Feb. 25— Last day for bills to be introduced.
(5) April 22— Last day for policy committees to hear and report to fiscal committees fiscal bills introduced in their house.
(6) May 13— Last day for policy committees to hear and report to the floor nonfiscal bills introduced in their house.
(7) May 20— Last day for policy committees to meet prior to June 6.
(8) May 27— Last day for fiscal committees to hear and report to the floor bills introduced in their house.
(9) May 27— Last day for fiscal committees to meet prior to June 6.
(10) June 3— Last day for each house to pass bills introduced in their house.
(11) June 6— Committee meetings may resume.
(12) July 8— Last day for policy committees to meet and report bills.
(13) Aug. 19— Last day for fiscal committees to meet and report bills.

(14) Aug. 22 through Aug. 31— Floor session only. No committee may meet for any purpose.

(15) Aug. 31 — Last day for each house to pass bills.

(c) If a bill is acted upon in committee before the relevant deadline and the committee votes to report the bill out with amendments that have not at the time of the vote been prepared by the Legislative Counsel, the Secretary of the Senate and the Chief Clerk of the Assembly may subsequently receive a report recommending the bill for passage or for rereferral together with the amendments at any time within two legislative days after the deadline or, if the Legislature has recessed for the Summer Recess, within seven calendar days after the deadline.

(d) Notwithstanding subdivisions (a) and (b), a policy committee may report a bill to a fiscal committee on or before the relevant deadline for reporting nonfiscal bills to the floor, if, after the policy committee deadline for reporting the bill to fiscal committee, the Legislative Counsel's Digest is changed to indicate reference to fiscal committee.

(e) Bills in the house of origin not acted upon during the odd-numbered year as a result of the deadlines imposed in subdivision (a) may be acted upon when the Legislature reconvenes after the interim study joint recess, or at any time the Legislature is recalled from the interim study joint recess.

(f) The deadlines imposed by this rule shall not apply to the rules committees of the respective houses.

(g) The deadlines imposed by this rule shall not apply in instances where a bill is referred to committee under Rule 26.5.

(h) (1) Notwithstanding subdivisions (a) and (b), a policy committee or fiscal committee may meet for the purpose of hearing and reporting a constitutional amendment, or a bill which would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the Constitution of California, at any time other than those periods when no committee may meet for any purpose.

(2) Notwithstanding subdivisions (a) and (b), either house may meet for the purpose of considering and passing a constitutional amendment, or a bill which would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the Constitution of California, at any time during the session.

(i) This rule may be suspended as to any particular bill by approval of the Committee on Rules and two-thirds vote of the membership of the house.

RESOLUTION CHAPTER 9

Assembly Concurrent Resolution No. 84—Relative to Adult Education Week.

[Filed with Secretary of State March 17, 1994.]

WHEREAS, The mission of adult education in California's public schools is to provide lifelong educational opportunities and services to address the needs of a society impacted by rapid technological, economic, and social change; and

WHEREAS, Adult education, as delivered by school districts, has been a permanent and valued service to millions of Californians seeking a second chance for a high school education, occupational training, and other education services; and

WHEREAS, More than 2,000,000 adults and 230,000 high school pupils are served each year by adult education programs in 380 school districts throughout the state; and

WHEREAS, Adult education in the public schools has a 150-year history of being the primary educational provider for immigrant and minority adults seeking to become more productive members of a new society; and

WHEREAS, Adult education in public schools contributes significantly to the reduction of vandalism and other crimes by providing day and evening academic and vocational training programs for a segment of the public that does not aspire to higher education; and

WHEREAS, Every year more than 500,000 immigrants from numerous countries seek out adult education classes to learn the English language and to gain an understanding of the political, economic, and social systems that direct our democratic form of government; and

WHEREAS, Adult education is the segment of public education assigned the historic mission of serving disadvantaged adults seeking to become economically self-sufficient; and

WHEREAS, Thousands of persons trapped by circumstances in the welfare cycle have found self-sufficiency through basic education classes, job-entry skill training, and job placement through attendance in adult education classes; and

WHEREAS, During the last 12 years, more than 2,800,000 adult education students in California obtained job skills by attending adult education vocational training programs; and

WHEREAS, More than 50 percent of primary wage earners in California find it necessary to change careers four or more times during their lifetimes, and need retraining to remain employable; and

WHEREAS, More than 933,000 adults with physical and mental disabilities obtained job skills training and basic education in classes for developmentally disabled adults offered by adult education in

public schools between 1981 and 1992; and

WHEREAS, Adult education will be available in 155 new school districts in 1993–94, providing much needed educational services to previously unserved populations; and

WHEREAS, The California State Legislature supports adult education in public schools by finding and declaring in Section 8500 of the Education Code "that adult continuing education is essential to the needs of society in an era of rapid technological, economic, and social change and that all adults in California are entitled to quality publicly supported continuing education opportunity"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the week of March 13 through 19, 1994, as Adult Education Week, to afford an opportunity for the citizens of California to become aware of the need to continue the valuable services provided by public adult education in the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit this resolution to the Governor of the State of California.

RESOLUTION CHAPTER 10

Assembly Concurrent Resolution No. 75—Relative to the Commander Isiah Nelson Memorial Freeway.

[Filed with Secretary of State March 22, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the terraced landscaping of southbound Interstate 280 (the John F. Foran Freeway) between 18th Street and 20th Street, popularly known as the Hanging Gardens, in the City and County of San Francisco is hereby officially designated the Commander Isiah Nelson Memorial Hanging Gardens; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 11

Assembly Concurrent Resolution No. 98—Relative to designating March 20 through 26, 1994, as Mediation Week.

[Filed with Secretary of State March 23, 1994.]

WHEREAS, The legal needs of our society have increased dramatically; and

WHEREAS, In an effort to ameliorate these conditions, restore harmony, improve relations between citizens and within neighborhoods and families, and relieve the growing burden on our judiciary, many of our citizens have turned to dispute resolution services, with resultant social and economic benefits; and

WHEREAS, Mediation, which provides parties with a simplified and economical procedure for obtaining prompt and equitable resolution of their disputes and a greater opportunity to participate directly in resolving of their disputes, has proven over the years to be one of the most effective of these Alternative Dispute Resolution (ADR) techniques; and

WHEREAS, California has had mandatory mediation of child custody and visitation disputes since 1981, and evaluations of these programs have found that mediation has resulted in the resolution of over two-thirds of the mediated disputes and achieved a high satisfaction rate among the participants; and

WHEREAS, Studies by the Rand Corporation and others show that the use of mediation and other appropriate ADR processes can reduce the time, cost, and stress of resolving disputes in many cases, both to disputants, by reducing costs for such things as expert witnesses and trial preparation, and to the justice system as a whole by as much three-fold to five-fold over the cost of traditional court processing of civil cases; and

WHEREAS, The State Bar of California and many local bar associations are engaged in promoting the use of mediation and raising public consciousness about its merits, and are seeking to increase public use of and support for alternative dispute resolution applications; and, to that end, are cooperating in many activities to assist counties and dispute resolution providers in their efforts at serving citizens; and

WHEREAS, The State of California now has thousands of citizens trained as mediators and many agencies, organizations, and attorneys who specialize in providing related services and ready assistance to those in need of services; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates the week of March 20 through 26, 1994, as Mediation Week, in order to afford an opportunity for the citizens of California to become aware of the availability of mediation and other ADR techniques as options for solving their legal problems, and to express sincere appreciation to

our citizens who are working diligently in assisting fellow citizens and businesses in the resolution of conflict and the settlement of disputes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

RESOLUTION CHAPTER 12

Senate Concurrent Resolution No. 39—Relative to California Logistics Week.

[Filed with Secretary of State April 11, 1994.]

WHEREAS, The State of California is a center for economic growth and business, and its economic well-being depends on the process of planning, implementing, and controlling the efficient, cost-effective flow and storage of raw materials, in-process inventory, finished goods, and related information from point of origin to point of consumption for the purpose of conforming to customer requirements; and

WHEREAS, This process has been defined as "logistics," and the Council of Logistics Management was founded in 1963 to promote the understanding and practice of logistics in the United States and the State of California; and

WHEREAS, The California roundtables, the Southern California Roundtable and San Francisco Roundtable of the Council of Logistics Management, nonprofit educational organizations consisting of a membership representing a wide range of California companies, are planning events to support National Logistics Week in the month of April to promote increased public understanding and awareness of the art, science, and the critical role logistics has in the California economy; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the week of April 3 through April 9, 1994, as California Logistics Week in recognition of the value of the logistics processes in business.

RESOLUTION CHAPTER 13

Senate Concurrent Resolution No. 40—Relative to Autism Treatment Awareness Week.

[Filed with Secretary of State April 11, 1994.]

WHEREAS, Autism is a physical disorder of the brain which can cause a lifelong developmental disability; and

WHEREAS, In the United States there are at least 360,000 people with autism, one-third of whom are children; and

WHEREAS, The diagnosis and treatment of autism may require assessment and intervention by a multidisciplinary team of experts; and

WHEREAS, The early intervention behavior analysis program developed over the past 30 years by Dr. O. Ivar Lovaas at the University of California at Los Angeles has shown that a program of intensive early intervention treatment that focuses on a multidisciplinary approach relying in large part on family and community participation produces a positive outcome; and

WHEREAS, Family based organizations such as the Sacramento area Families for Early Autism Treatment (FEAT) provide invaluable resources and support for autistic children and their families; and

WHEREAS, Additional special education teachers and curriculum for autistic children are needed and would ultimately reduce the risk of institutionalization of autistic children; and

WHEREAS, Parental involvement, community integration, early intervention, increased acceptance of children with special needs, and systematic treatment are all key components that would make a more favorable future likely for children with autism; and

WHEREAS, Heightened awareness and education about autism would help to achieve these components; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the week of April 24 through April 30, 1994, as Autism Treatment Awareness Week, and acknowledges the contributions made in the area of early autism intervention treatment by experts in the field as well as the families involved; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the State Department of Developmental Services, Area Board III, the State Department of Education, Local Chapters of the Autism Society, Regional Centers, the Association of Regional Center Agencies, Protection and Advocacy, Dr. O. Ivar Lovaas, the California School Boards Association, and the Developmental Disabilities Council.

RESOLUTION CHAPTER 14

Assembly Concurrent Resolution No. 82—Relative to California Holocaust Memorial Week.

[Filed with Secretary of State April 11, 1994.]

WHEREAS, More than 50 years have passed since the tragic events that we now call the Holocaust transpired in which the dictatorship

of Nazi Germany murdered six million Jews as part of a systematic program of genocide known as "The Final Solution of the Jewish Question"; and

WHEREAS, The Holocaust was a tragedy of proportions the world had never before witnessed; and

WHEREAS, We must be reminded of the reality of the Holocaust's horrors so they will never be repeated; and

WHEREAS, Each person in the State of California should set aside moments of his or her time every year to give remembrance to those who lost their lives in the Holocaust; and

WHEREAS, The United States Holocaust Memorial Council has designated the week of April 10 through April 16, 1994, as Holocaust Memorial Week—Days of Remembrance for Victims of the Holocaust; and

WHEREAS, April 10, 1994, is Yom HaSho'ah, and has been designated internationally as a day of remembrance for victims of the Holocaust; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 10 through April 16, 1994, be proclaimed as California Holocaust Memorial Week, and that Californians are urged to observe these days of remembrance for victims of the Holocaust in an appropriate manner; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 15

Assembly Joint Resolution No. 19—Relative to banking.

[Filed with Secretary of State April 11, 1994.]

WHEREAS, The safety and soundness of the banking system within the United States is important to the well-being and financial security of businesses and individuals in all the states; and

WHEREAS, The State of California and the federal government, through a system of state and federal bank regulation, oversee the safety and soundness of the state and national banks in California; and

WHEREAS, The commercial banks of California rate as being among the best managed and best capitalized in the United States; and

WHEREAS, Sound economic growth in the communities of California is desirable and needed; and

WHEREAS, Restrictive laws and government regulations, such as documentation and policy requirements governing real estate lending, have resulted in increased compliance costs and often inappropriate requirements for California financial institutions

which have decreased the availability of credit for California businesses and individuals; and

WHEREAS, Many borrowers, including women and communities of color, are finding it more difficult or impossible to obtain credit from California's banks because of unnecessary government regulations; and

WHEREAS, Lending to women and communities of color is an important action directly leading to improving the economy in areas of traditionally high unemployment and job displacement; and

WHEREAS, Economic growth can best be encouraged and maintained by reducing the costs of borrowing money and allowing more reasonable credit to be extended to all businesses and individuals; and

WHEREAS, The viability and the safety and soundness of the banking system would not be harmed by eliminating many unneeded laws and regulations; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature urge the United States Congress to review those laws which regulate the banking system; to repeal those laws found to be unduly restrictive, burdensome, and unnecessary to protect the safety and soundness of the banking system; to further direct the federal agencies responsible for banking regulations to review regulations that may inhibit lending to small businesses, women, communities of color, and agricultural borrowers; and to modify and rescind those regulations; and be it further

Resolved, That the President of the United States is urged to use the authority of the executive branch of the federal government to reduce overregulation of the banking system by administrative act and to seek necessary legislative changes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 16

Assembly Concurrent Resolution No. 93—Relative to State Tourism Year.

[Filed with Secretary of State April 12, 1994.]

WHEREAS, The State of California has a $54 billion a year tourism industry; and

WHEREAS, The tourism industry is present in all areas of the state, including: Yosemite Park, San Francisco, Los Angeles, Lake Tahoe, the scenic Pacific coastline, the Mojave Desert, the Central Valley,

the Sierra Nevada mountain range, Catalina Island, and San Diego; and

WHEREAS, The tourism industry in California supports local businesses and cities throughout the state, increasing revenues for vital services, bringing a needed flow of money into the state, and provides revenue to a wide variety of California businesses; and

WHEREAS, The state's tourism industry provides significant employment opportunities to the state's residents and to its supportive industries; and

WHEREAS, The Legislature should make every effort to encourage the promotion of California tourism and the attraction of tourists to the state; and

WHEREAS, The promotion of state tourism may help to provide additional revenue to California businesses and cities; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the year of 1994 to be State Tourism Year, welcoming and encouraging tourism to the state and supporting local efforts promoting this measure; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor of the State of California and the author for appropriate distribution.

RESOLUTION CHAPTER 17

Assembly Joint Resolution No. 16—Relative to the California State University.

[Filed with Secretary of State April 12, 1994.]

WHEREAS, The planned closure of Fort Ord will result in a loss of 18,000 military personnel and will detrimentally impact approximately 25,000 nonmilitary jobs in the local work force; and

WHEREAS, A substantial number of the employees who will lose jobs as a result of the closure of Fort Ord will require training to reenter the local job market; and

WHEREAS, The Trustees of the California State University are interested in converting a portion of Fort Ord to a university campus beginning in 1994; and

WHEREAS, The Regents of the University of California plan to propose the conversion of a portion of Fort Ord to a research and policy center in the future in coordination with the establishment of a California State University campus; and

WHEREAS, Under existing state law, the trustees may enter into agreements with any agency of the federal government that result in grants, matching funds, or any other kind of financial aid for

construction of housing and other educational facilities for students and staff of any campus of the university under the jurisdiction of the trustees; and

WHEREAS, The trustees intend to establish a campus of 500 students at Fort Ord beginning in 1994 and to expand into a campus of 15,000 students by the next decade; and

WHEREAS, The trustees will need a minimum of $100 million in federal assistance for the 1993–94 fiscal year in order to transform existing housing at Fort Ord into student housing; and

WHEREAS, The conversion at the present time of a portion of Fort Ord to a California State University campus and the conversion in the future of an adjacent portion to a University of California research and policy center will be an environmentally sound collaborative conversion project and the model for an effective reuse plan; and

WHEREAS, There is strong support for this collaborative conversion project in the community surrounding Fort Ord; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorialize the President and Congress of the United States to enact legislation to appropriate $100,000,000 to convert a portion of Fort Ord to a California State University campus; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of Education, to each Senator and Representative from California in the Congress of the United States, and to the Trustees of the California State University.

RESOLUTION CHAPTER 18

Assembly Concurrent Resolution No. 12—Relative to vehicles.

[Filed with Secretary of State April 14, 1994.]

WHEREAS, State sponsored research has shown that the current schedules of weight fees imposed on commercial vehicles, which are based upon unladen vehicle weight, are extremely inequitable when applied to small trucks; and

WHEREAS, The unladen weight differential between classes of trucks is disproportionate to the trucks' load carrying capacities, with the result that the difference in weight fees for small trucks and large trucks is minor compared to their actual operating weights; and

WHEREAS, Basing weight fees on the laden weight of a vehicle would be a more equitable means of assessing charges and would more accurately reflect the actual impact which trucks with higher

load capacities have on highways; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation, in consultation with the Department of Motor Vehicles and the Department of the California Highway Patrol, is directed to review the current method of assessing vehicle weight fees for all classes of vehicles, to consider the alternatives of assessing weight fees based on laden weight or the combined gross vehicle weight, and to report to the Legislature by January 1, 1996, with recommendations and a timetable for implementation of a more equitable system, together with a recommended schedule of weight fees; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Transportation, the Director of Motor Vehicles, and the Commissioner of the California Highway Patrol.

RESOLUTION CHAPTER 19

Assembly Joint Resolution No. 71—Relative to California's missing children.

[Filed with Secretary of State April 15, 1994.]

WHEREAS, The plight of California's missing children has become a societal dilemma that each of us shares; and

WHEREAS, More than 80,000 California children disappear each year; and

WHEREAS, By the end of 1993, there remained 10,455 active missing children files with the California Attorney General's office; and

WHEREAS, While missing children include those who are abducted by estranged family members and strangers, they also include lost children, throwaways, and runaways; and

WHEREAS, Each year more families are forced to live their lives while a beloved child is lost or missing; and

WHEREAS, In the names of Amanda Campbell, Kevin Collins, Jaycee Lee Dugard, Rasheeyda Wilson, and countless other California children whose names and faces are remembered each night by their families; and

WHEREAS, We must work toward heightened awareness because one person may hold the key to finding a missing child; and

WHEREAS, The sharing of information on missing children may help enhance the possibility of recovering California's missing children; and

WHEREAS, If there is to be an end to the plight of missing children, then it must start with us in government; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectively memorializes the President and the Congress of the United States to commit to the pursuit of policies that will protect children and punish those who harm them; and be it further

Resolved, That the Legislature condemns any crimes against children causing emotional or physical abuse or death; and be it further

Resolved, That the Legislature, sharing a common concern for children, establish April 17, 1994, through April 23, 1994, and the third week in April each year thereafter, as California Missing Children's Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 20

Assembly Concurrent Resolution No. 103—Relative to proclaiming Southeast Asia Genocide Remembrance Week.

[Filed with Secretary of State April 20, 1994.]

WHEREAS, The genocide occurring in the Southeast Asian Countries of Cambodia, Vietnam, and Laos following their fall to Communist forces in April 1975 is a human tragedy of immense proportions; and

WHEREAS, After the fall of Cambodia, millions of Cambodians were forcibly taken from their homes and put in concentration camps set up by the Khmer Rouge; and

WHEREAS, The Khmer Rouge executed all former government officials, military personnel, civil servants, professionals, and other educated persons; and

WHEREAS, Millions of Cambodians died of starvation in these concentration camps; and

WHEREAS, After the fall of South Vietnam to the Communists in 1975, the Communists began to methodically execute former government officials, civil servants, and military personnel; and

WHEREAS, Tens of thousands of Vietnamese patriots have been executed since 1975; and

WHEREAS, The Communist government of Laos is reportedly conducting chemical warfare against indigenous Hmong tribesmen; and

WHEREAS, The Surgeon General of the United States Department of the Army conducted an exhaustive study which

confirmed the chemical warfare being conducted by the Communist government of Laos; and

WHEREAS, Amnesty International has determined that between 1.2 million and 2.5 million Cambodian, Vietnamese, and Laotian people have perished in this genocide since 1975; and

WHEREAS, The Southeast Asia Genocide is continuing today in these countries, as evidenced by the thousands of refugees fleeing from these countries each month; and

WHEREAS, The world must be made aware of the terrible reality and tragedy of the Southeast Asia Genocide so that it will be stopped; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 24 through April 30, 1994, is hereby proclaimed Southeast Asia Genocide Remembrance Week; and be it further

Resolved, That the Legislature urges all Californians to learn more about the Southeast Asia Genocide and to participate in the activities of Southeast Asia Genocide Remembrance Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 21

Assembly Concurrent Resolution No. 83—Relative to International Year of the Family.

[Filed with Secretary of State April 25, 1994.]

WHEREAS, The Legislature recognizes that the family constitutes the basic unit of society; and

WHEREAS, The United Nations General Assembly has proclaimed 1994 as the International Year of the Family with its theme, Family: Resources and Responsibilities in a Changing World; and

WHEREAS, Activities for the observation of the International Year of the Family will be concentrated at the local, national, regional, and international levels, with primary focus at the local and national levels; and

WHEREAS, The International Year of the Family encompasses and addresses the needs of all families recognizing the diversity of families; and

WHEREAS, Activities for the International Year of the Family seek to promote human rights and fundamental freedoms for all individuals as set forth by instruments of the United Nations, whatever the status of each individual and the conditions within a given family; and

WHEREAS, The International Year of the Family policies aim at

fostering equality between women and men within families and promoting inherent strengths of families; and

WHEREAS, The International Year of the Family programs support families in the discharge of their functions; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby joins with the world community in observing 1994 as the International Year of the Family in California and encourages all citizens to join together in appropriate action, including promotion of key legislation, action plans, and various activities in observance of the International Year of the Family.

RESOLUTION CHAPTER 22

Assembly Concurrent Resolution No. 116—Relative to Homebuyer Education Month.

[Filed with Secretary of State April 25, 1994.]

WHEREAS, For the vast majority of Californians, owning a home is part of the American dream; and

WHEREAS, California's homeownership rate of 55.3 percent falls well short of the national rate of 64.1 percent; and

WHEREAS, In recent years, the major obstacles to achieving the American dream of owning a home have been a shortage of affordable housing, difficulty in obtaining a large down payment and in finding an affordable home loan program, and lack of understanding about the homebuying process; and

WHEREAS, Knowledge about opportunities for homeownership has been especially limited in many of California's low-to-moderate income and minority communities; and

WHEREAS, Today's low interest rates, affordable home financing programs, and lower housing prices make the dream of homeownership achievable for tens of thousands of California renters; and

WHEREAS, The American Dream Coalition has launched a major homebuyer education campaign throughout the state through an unprecedented alliance of California's largest lenders, trade associations, and housing industry participants; and

WHEREAS, The American Dream Coalition seeks to provide education and training to assist homebuyers in general, and to assist first-time, minority, and low-to-moderate income homebuyers in particular; and

WHEREAS, The State of California is also committed to helping its residents achieve the dream of homeownership; and

WHEREAS, The California Housing Loan Insurance Fund, the

California Housing Finance Agency, and the Department of Housing and Community Development are all committed to their efforts to make the dream of homeownership achievable for all Californians; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares the month of April 1994 to be Homebuyer Education Month in the State of California, and commends the above-mentioned entities for their many contributions in helping to make the dream of homeownership attainable for the residents of the state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Insurance of the California Housing Loan Insurance Fund, the Executive Director of the California Housing Finance Agency, and the Director of Housing and Community Development.

RESOLUTION CHAPTER 23

Assembly Joint Resolution No. 64—Relative to the NASA/Ames Wind Tunnel Project.

[Filed with Secretary of State April 25, 1994.]

WHEREAS, The United States is the world leader in aeronautics and the largest producer of commercial aircraft in the world, with annual sales of over $22 billion and 490,000 jobs nationwide related to the international aircraft market; and

WHEREAS, Civil aircraft is the largest United States export and the aeronautics industry is now driven by civilian instead of military requirements; and

WHEREAS, The United States' share in the world civil aeronautics industry has declined from 91 percent in the late 1960s to 67 percent in 1991; and

WHEREAS, For the United States to continue to lead the world in aeronautics, we must lead the development of the next generation of civil aircraft; and

WHEREAS, Wind tunnels are important to the civil aeronautics industry because they provide the means to test new, more efficient aircraft; and

WHEREAS, Today the most advanced wind tunnel facility is in Europe; and

WHEREAS, Two new United States wind tunnels are needed for development of the next generation of subsonic and transonic transportation; and

WHEREAS, The National Aeronautics and Space Administration (NASA) will build a National Wind Tunnel Complex that includes

construction of new, sophisticated wind tunnels; and

WHEREAS, NASA/Ames Research Center, in Silicon Valley, has the most experience in wind tunnel design, construction, and operation, with 27 wind tunnels on site; and

WHEREAS, NASA/Ames currently employs more than 5,000 people and manages a budget of over $700 million annually; and

WHEREAS, NASA/Ames has a proven record of working closely with the Silicon Valley community and a highly successful partnership with the commercial aircraft industry; and

WHEREAS, Silicon Valley is a renowned national center of high tech research and production, with a highly skilled work force and easy access to major international airports; and

WHEREAS, The proposed National Wind Tunnel Complex will provide needed construction, high technology, and support jobs for an economic region still stagnant from the national recession; and

WHEREAS, California has the united support of our Congressional delegation, State Assembly, State Senate, local and regional governments, business community, organized labor, and environmental organizations for the proposed National Wind Tunnel Complex; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to select as the site for the proposed National Wind Tunnel Complex the NASA/Ames Research Center in Silicon Valley; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, NASA, the United States Department of Commerce, the White House Office of Science and Technology Policy, the United States Department of Defense, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 24

Assembly Joint Resolution No. 84—Relative to a National Day of Remembrance.

[Filed with Secretary of State April 25, 1994.]

WHEREAS, The Armenians, among us, have contributed to the progress and betterment of life through agriculture, commerce, teaching, the professions, churches, and community and worldwide organizations; and

WHEREAS, The United States of America has repeatedly gone on record in support of human rights around the world; and

WHEREAS, It is well documented that approximately 1,500,000 Armenians were massacred in Turkey during the years 1915 to 1918,

although this genocide has been consistently denied by the Turkish government; and

WHEREAS, By their own resolute Christian faith and will to survive and live again, and the generosity of many in the United States of America resulting in relief operations, a fraction of the survivors were rescued and subsequently immigrated to this country; and

WHEREAS, The Armenians in some other countries must continue to endure daily acts of oppression, such as denial of their basic human rights, confiscation of their churches and schools, and punishment for speaking their native language openly; and

WHEREAS, April 24, 1915, is the date historians have marked as the beginning of the massacre and consequently this day should be a day of reflection by all Armenians and other Americans; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to designate April 24 as "National Day of Remembrance" and requests the President of the United States to issue a proclamation calling upon the people of the United States to observe that day as a day of remembrance for all the victims of genocide, especially those of Armenian ancestry who succumbed to the genocide perpetrated in 1915, and in whose memory this date is commemorated by all Armenians and their friends throughout the world; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 25

Assembly Joint Resolution No. 51—Relative to the Main San Gabriel Groundwater Basin.

[Filed with Secretary of State April 26, 1994.]

WHEREAS, The Metropolitan Water District of Southern California, Upper San Gabriel Valley Municipal Water District, Three Valleys Municipal Water District, San Gabriel Valley Municipal Water District, and the Main San Gabriel Basin Watermaster jointly studied conjunctive use as a means to control the migration of groundwater contamination in the Main San Gabriel Groundwater Basin; and

WHEREAS, The federal Environmental Protection Agency published the Baldwin Park Operable Unit Feasibility Study Report

and Proposed Plan; and

WHEREAS, The feasibility study includes an analysis of four project design alternatives to remedy contaminated groundwater in the Main San Gabriel Groundwater Basin, with two of the four project design alternatives incorporating the elements of conjunctive use; and

WHEREAS, The federal Environmental Protection Agency selected an alternative in the Proposed Plan that did not incorporate conjunctive use as the plan's preferred remedy; and

WHEREAS, The Region IX Administrator of the Environmental Protection Agency is scheduled to sign the Record of Decision (ROD) for the Baldwin Park Operable Unit Cleanup Project in late March or early April; and

WHEREAS, Following the signing of the ROD, negotiations to compel the responsible parties to design and construct the selected remedy will begin; and

WHEREAS, The Board of Directors of the Metropolitan Water District of Southern California has committed financial support for a Baldwin Park Operable Unit Cleanup Project that incorporates conjunctive use; and

WHEREAS, Public Law 102-575 authorizes 25 percent cost sharing from the Bureau of Reclamation for a Baldwin Park Operable Unit Cleanup Project that incorporated conjunctive use; and

WHEREAS, The combined funding provided by the Metropolitan Water District of Southern California and the federal Bureau of Reclamation could potentially provide cost savings for the responsible parties; and

WHEREAS, The Metropolitan Water District of Southern California and the Main San Gabriel Basin Watermaster, the court-appointed entity having the responsibility for managing the Main San Gabriel Groundwater Basin, are working to develop the Conjunctive Use and Basin Cleanup Agreement to govern the operation and management of conjunctive use in the Main San Gabriel Groundwater Basin; and

WHEREAS, The incorporation of conjunctive use into the remedial design would accomplish the objectives of controlling the migration of groundwater contaminants and maximizing contaminant removal; and

WHEREAS, The California Legislature concludes that the incorporation of conjunctive use into the remedial design would provide broad benefits to the Main San Gabriel Groundwater Basin and the affected region that are superior to those that would be realized by the alternative selected by the federal Environmental Protection Agency in the Proposed Plan; and

WHEREAS, The California Legislature believes that the incorporation of conjunctive use into the remedial design would be the preferred means by which to remove significant contamination and to augment the region's water supply; now, therefore, be it

Resolved by the Assembly and Senate of the State of California,

jointly, That the Legislature of the State of California respectfully memorializes the Administrator of the Environmental Protection Agency to incorporate conjunctive use into the remedial design for the purpose of remedying groundwater contamination in the Main San Gabriel Groundwater Basin; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Administrator of the Environmental Protection Agency.

RESOLUTION CHAPTER 26

Senate Concurrent Resolution No. 42—Relative to Take Our Daughters To Work Day.

[Filed with Secretary of State April 28, 1994.]

WHEREAS, Statistics show that, in the 21st century, three of five new positions in the workforce will be filled by women, making it in our best interest to invest in the girls of today, since our economic future depends on tomorrow's women; and

WHEREAS, Research shows that the presence of a caring adult role model is critical to the development of a confident and competent girl; and

WHEREAS, Public awareness of the need for this mentoring is crucial not only to the well-being of girls, but to the economic health of our country; and

WHEREAS, Recent studies show that, while most girls feel confident in themselves at nine years of age, more than two-thirds of them have lost this confidence by the time they reach high school; and

WHEREAS, This lack of self-esteem is evidenced in disturbing new statistics; serious eating disorders are appearing in girls as young as 11 years of age; over one million girls between the ages of 12 and 19 years of age become pregnant each year; adolescent depression is twice as likely to occur in girls than boys, causing one out of five girls to attempt suicide before 20 years of age; and

WHEREAS, Research indicates that a girl's confidence level during her teen years impacts her adulthood: girls enter mathematics and science fields far less frequently than boys do, not only because girls receive less encouragement from educators in these areas but because they tend to view mathematics incompetence as personal failure; and

WHEREAS, Exposure to the full spectrum of workplaces and opportunities engenders positive aspirations and goal setting; and

WHEREAS, The Ms. Foundation created the National Girls Initiative—Take Our Daughters To Work Day to make girls visible, valuable, and heard; and

WHEREAS, The California Cable Television Association, the LIFETIME Television Cable Network, and the Hollywood Policy Center are actively supporting and taking a leadership role in promoting this program; and

WHEREAS, The Take Our Daughters To Work program is the public education component of this initiative, and will set up an environment in which the public, the media, employers, teachers, and parents can acknowledge girls' intelligence and desire for information, and will allow girls, in the company of a caring adult, to talk with employers about both the gains made by the movements for women's equality and civil rights, and the challenges that lie ahead to diversify the workforce; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims Thursday, April 28, 1994, as "Take Our Daughters To Work Day," when mothers, fathers, friends, and relatives are encouraged to take girls nine to 15 years of age to work with them for a day as a means to spark their vision about their own future in the workforce, and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 27

Senate Concurrent Resolution No. 36—Relative to a Day of Prayer.

[Filed with Secretary of State May 3, 1994.]

WHEREAS, Deep religious beliefs inspired many of the early settlers of our country, providing them with the strength, character, conviction, and faith necessary to withstand great hardship and danger in this new and rugged land; and

WHEREAS, These shared beliefs helped forge a sense of common purpose among the widely dispersed colonies—a sense of community that laid the foundation for the spirit of nationhood that was to develop in later decades; and

WHEREAS, Whether at the landing of our forebears in New England and Virginia, the ordeal of the Revolutionary War, the stormy days of binding the 13 Colonies into one country, the Civil War, or other moments of trial over the years, we have turned to God in prayer for His help; and

WHEREAS, As we crossed and settled a continent, built a nation in freedom, and endured war and critical struggles to become the leader of the free world and a sentinel of liberty, we repeatedly

turned to our maker for strength and guidance in achieving the awesome tasks before us; and

WHEREAS, The attitudes we have as people united together, caring for each other, committed to freedom, holding high the dignity of each person, we practice through prayer which we derived from our religious heritage; and

WHEREAS, Since April 17, 1952, the recognition of a particular day each year as a National Day of Prayer has become part of the traditions we have as a people and is a day on which we are invited to turn to God in prayer and meditation in places of worship, in groups, and as individuals; and

WHEREAS, The President of the United States of America has traditionally proclaimed a "National Day of Prayer"; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby recognizes Thursday, May 5, 1994, as "National Day of Prayer" and calls upon the people of California, each according to his or her faith, to gather together on that day in homes and places of worship to pray for unity of the hearts of all mankind.

RESOLUTION CHAPTER 28

Assembly Concurrent Resolution No. 124—Relative to Mathematics Education Month.

[Filed with Secretary of State May 4, 1994.]

WHEREAS, Mathematical literacy is essential for citizens to function effectively in society; and

WHEREAS, Mathematics is used everyday—both in the home and in the workplace; and

WHEREAS, The language and processes of mathematics are integral to all other disciplines; and

WHEREAS, Our technologically complex society demands increased understanding of mathematics; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares April as "Mathematics Education Month"; and be it further

Resolved, That all California schools and communities are encouraged to recognize the increased importance of mathematics in daily life; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to the Superintendent of Public Instruction.

RESOLUTION CHAPTER 29

Senate Concurrent Resolution No. 29—Relative to the creation of the Joint Committee on Workers' Compensation.

[Filed with Secretary of State May 6, 1994.]

WHEREAS, Workers' compensation costs California employers over $11 billion annually; and

WHEREAS, Workers' compensation costs and workers' compensation fraud were among the most frequently cited factors contributing to a poor business climate by business in this state; and

WHEREAS, In 1993 the Legislature enacted and the Governor signed a comprehensive workers' compensation reform package; and

WHEREAS, It is necessary to concentrate legislative resources within one committee in order to efficiently study the effects of the reforms and to recommend changes, as necessary; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee on Workers' Compensation is hereby established and authorized to do all of the following:

(1) Monitor and evaluate the implementation of the 1993 reforms to the workers' compensation system.

(2) Conduct oversight hearings and investigations as necessary to inform the Legislature about specific implementation activities.

(3) Recommend legislation to clarify and refine the workers' compensation system; and be it further

Resolved, That the Senate Committee on Rules may make money available from its operating fund as necessary for the expenses of the committee; and be it further

Resolved, That the Joint Committee on Workers' Compensation shall report to the Legislature at the end of each legislative session on its findings and recommendations; and be it further

Resolved, That the Joint Committee on Workers' Compensation shall be comprised of five members from the Senate appointed by the Senate Committee on Rules of which at least two members shall be from the majority party and at least two members shall be from the minority party, and five members from the Assembly appointed by the Speaker of the Assembly of which at least two members shall be from the majority party and at least two members shall be from the minority party. The chairperson of the committee shall be appointed by the Senate Committee on Rules. The vice chairperson shall be appointed by the Speaker of the Assembly; and be it further

Resolved, That the Joint Committee on Workers' Compensation shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and

amended from time to time; and be it further

Resolved, That the Joint Committee on Workers' Compensation shall, within 15 days of authorization, and annually thereafter, present its annual budget to the Senate Committee on Rules for its review and comment; and be it further

Resolved, That the Joint Committee on Workers' Compensation, subject to the approval of both the Senate Committee on Rules and the Assembly Rules Committee, may contract with other agencies, public or private, as necessary to obtain services or studies that will assist the committee in carrying out its responsibilities; and be it further

Resolved, That the Joint Committee on Workers' Compensation shall be in existence until January 31, 1995, at which time the committee's existence shall terminate.

RESOLUTION CHAPTER 30

Senate Concurrent Resolution No. 48—Relative to California Public Lands Week.

[Filed with Secretary of State May 6, 1994.]

WHEREAS, Federally owned public lands, which compromise more than 60 percent of the state, have made many contributions to the heritage and well-being of the state's citizens and to the Nation as a whole; and

WHEREAS, The citizens of the state enjoy economic, recreational, and social advantages because of those public lands, and those public lands are of value not only to the state's rural communities whose livelihood may depend upon the use of the lands, but to all other California citizens as well; and

WHEREAS, Those public lands have made a valuable contribution to the state's livestock, mining, timber, oil and gas, and recreation industries by creating innumerable jobs; and

WHEREAS, The many activities conducted on those public lands must be sustained, while balancing those activities with the conservation of those lands; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby recognizes the many benefits which the citizens of this state derive from the use and enjoyment of federally owned public lands in California, and hereby declares the week of May 8, 1994, to May 14, 1994, and the second week of May in the four subsequent years thereafter, as California Public Lands Week.

RESOLUTION CHAPTER 31

Assembly Concurrent Resolution No. 120—Relative to declaring Mother's Day a violence-free day throughout California.

[Filed with Secretary of State May 9, 1994.]

WHEREAS, The Law Enforcement Information Center of the Department of Justice compiles various statistics relative to domestic violence, including reported arrests and calls for assistance involving weapons; and

WHEREAS, According to these statistics 45,349 males and 4,198 females were arrested for spousal abuse in 1992, an increase from the 42,318 males and 3,359 females arrested for spousal abuse in 1991; and

WHEREAS, The statistics compiled by the Law Enforcement Information Center of the Department of Justice indicates that of the 240,826 calls for assistance related to domestic violence in 1992, 175,353 of the calls involved a weapon, including 3,053 calls involving a firearm, 6,507 calls involving a knife or other cutting instrument, 14,518 calls involving other dangerous weapons, and 151,275 calls involving hands, fists, or feet; and

WHEREAS, The statistics compiled by the Law Enforcement Information Center of the Department of Justice also indicate that of the 203,638 calls for assistance related to domestic violence in 1991, 148,555 of the calls involved a weapon, including 3,129 calls involving a firearm, 5,423 calls involving a knife or other cutting instrument, 12,008 calls involving other dangerous weapons, and 127,958 calls involving hands, fists, or feet; and

WHEREAS, Family violence is now the number one cause of injury to adult women, affecting more women than breast cancer, heart attacks, or strokes; and

WHEREAS, The most serious crimes against women are rising at a significantly faster rate than crime in general; for example, during the past 10 years, rape rates have risen nearly three times as fast as the total crime rate; and

WHEREAS, A women is raped every five minutes; and

WHEREAS, Every 18 seconds a woman is beaten by her spouse, boyfriend, or other intimate partner and three to four million women are battered each year; and

WHEREAS, A woman is 10 times more likely to be raped than to die in a car crash; and

WHEREAS, The violent crime rate for males has decreased since 1973; however, the rate of violent crime for females has not; and

WHEREAS, One-third of all family violence cases, if reported, would be classified as felony rape or aggravated assault; and

WHEREAS, The crime rate against women in the United States is significantly higher than in other countries: the United States has a rape rate that is nearly 4 times higher than Germany's, 13 times higher than England's, and more than 20 times higher than Japan's;

and

WHEREAS, One in seven women in college have been raped; and

WHEREAS, Nearly two out of three female victims of violence are related to or know their attackers; and

WHEREAS, Rape is more likely to be committed by someone known to women (55 percent) than by a stranger (44 percent); and

WHEREAS, Injured women are more likely to require medical care if the attacker is a husband or boyfriend than a stranger; and

WHEREAS, Thirty percent of female homicide victims are killed by their husbands or boyfriends; and

WHEREAS, Almost 20 percent of all aggravated assaults reported to the police every week are reported by victims of assaults in the home; and

WHEREAS, Twenty-five percent to 45 percent, inclusive, of all battered women are beaten during pregnancy; and

WHEREAS, In a recent year, the number of women who were abused by their husbands was greater than the number of women who got married; and

WHEREAS, Every week, 21,000 women report to police that they have been beaten in their own homes; and

WHEREAS, Every day, over 2,500 women visit an emergency room because of violence; and

WHEREAS, Every hour, as many as 70 women across the country will be attacked by rapists; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature declares Mother's Day, May 8, 1994, and every Mother's Day hereafter, to be a violence-free day throughout California.

RESOLUTION CHAPTER 32

Assembly Joint Resolution No. 26—Relative to the Freedom of Access to Clinic Entrances Act of 1993.

[Filed with Secretary of State May 12, 1994.]

WHEREAS, Acts of violence and harassment against medical doctors, their staff, patients of health facilities where abortions are performed, and their families, are increasing; and

WHEREAS, That violence and harassment recently resulted in the shooting death of Dr. David Gunn, a medical doctor who performed abortions in the State of Florida; and

WHEREAS, The death of Dr. Gunn was precipitated by picketing and harassment of him and his health facility for more than one year; and

WHEREAS, Those acts of violence and harassment must meet immediate, legislative, judicial, and law enforcement response; and

WHEREAS, The California Legislature condemns those who perpetrate such acts of violence and harassment; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact the Freedom of Access to Clinic Entrances Act of 1993 to guarantee American women their fundamental right to reproductive health care; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 33

Assembly Concurrent Resolution No. 130—Relative to chronic fatigue syndrome.

[Filed with Secretary of State May 16, 1994.]

WHEREAS, The Centers for Disease Control and the National Institute of Health are currently studying chronic fatigue syndrome (also known as chronic fatigue immune dysfunction syndrome and myaligic encephalomyelitis); and

WHEREAS, The Health and Welfare Agency was directed to research the medical and social service components of chronic fatigue syndrome pursuant to Resolution Chapter 178 of the Statutes of 1989 (SJR 22); and

WHEREAS, There is a morbidity report published by the Health and Welfare Agency explaining treatment and diagnosis for chronic fatigue syndrome; and

WHEREAS, Patients living with chronic fatigue syndrome face great difficulty in receiving social services and public assistance despite suffering from extreme debilitation; and

WHEREAS, There is a great need for education and training medical professionals regarding chronic fatigue syndrome and for increased public awareness of this debilitating illness; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby designates May 12, 1994, as International Chronic Fatigue and Immune Dysfunction Syndrome Awareness Day; and be it further

Resolved, That this day be set aside to help strengthen the efforts to promote research and education into chronic fatigue syndrome, and to join in a day of worldwide awareness, offering support to those

suffering with chronic fatigue syndrome.

RESOLUTION CHAPTER 34

Assembly Joint Resolution No. 61—Relative to homebased business.

[Filed with Secretary of State May 19, 1994.]

WHEREAS, The Home Office and Business Opportunities (HOBO) Association of California, an innovative grassroots organization recognized as one of the foremost leaders and advocates of homebased business issues statewide, is sponsoring a Homebased Business Week ; and

WHEREAS, Homebased Business Week will build public awareness and advance the values of homebased businesses to the State of California; and

WHEREAS, Homebased Business Week will create and promote change, foster economic growth, increase employment, and support the desires for independence and self-reliance, while realizing the concerns for child care, the quality of home life, and the environment; and

WHEREAS, Homebased Business Week will assist homebased businesses by providing educational and informational programs, forums, workshops, seminars, and conferences, which will aid in the establishment and development of homebased businesses all across California; and

WHEREAS, Homebased Business Week will assist the growing number of homebased business owners in realizing their potential in finding the American dream; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California, sharing these interests and concerns, recognizes a Home Office and Business Opportunities Homebased Business Week, to be held the week of September 19 through 23 of 1994; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 35

Assembly Concurrent Resolution No. 88—Relative to children.

[Filed with Secretary of State May 23, 1994.]

WHEREAS, Children in California are jeopardized by illness, crime, malnutrition, dysfunctional families, and a variety of preventable maladies that are placing their futures in peril; and

WHEREAS, It is estimated that a minimum of 118,000 children are homeless in California, with 1,680,000 children living in low-income families receiving aid under the Aid to Families with Dependent Children program; and

WHEREAS, The California rate for youth homicides is 9.2 per 100,000 population, a dramatic increase over the 5.8 rate of 1988, and significantly higher than the 5.2 national rate; and

WHEREAS, The health of California's children is put into jeopardy when inadequately attended to, and when currently 7.2 percent of all women receive either late or no prenatal care, 45.9 percent of all California two-year-old children are not fully immunized against diphtheria, tetanus, and pertussis, and 25.6 percent of all California children have no health care; and

WHEREAS, The infant mortality rate in California is 7.5 per 1,000 live births and only 36.7 percent of all needy California children receive health checkups; and

WHEREAS, Parents are charged with the duties and responsibilities necessary to ensure a safe environment, protection from illness, well-balanced and nutritious meals, access to and attendance at well-designed educational programs, and the physical and emotional well-being of their children; and

WHEREAS, Communities throughout the State of California can serve to bolster the efforts of parents by providing a safe environment for children and by taking an active interest in the welfare and schooling of children of the community, as well as promoting positive activities; and

WHEREAS, Members of the public, educators, police officers, and community leaders must ensure safe havens for children in order to ensure their ability to mature into adults and secure their futures; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes the perils faced by our state's children and the challenges faced by their parents, and is committed to putting children first during 1994 by promoting parental responsibility, encouraging community involvement, and attending to their educational, health care, and public safety needs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

RESOLUTION CHAPTER 36

Assembly Concurrent Resolution No. 87—Relative to Blue Ribbon Week.

[Filed with Secretary of State May 26, 1994.]

WHEREAS, The brave and devoted peace officers who willingly dedicate their lives to securing a safe society for all are one of our most important resources; and

WHEREAS, Peace officers have long sustained a tradition of maintaining the highest quality possible in the performance of their duties so as to provide a better life environment for others; and

WHEREAS, Peace officers have recently been penalized for the highly publicized acts of a few who are alleged to have abused their authority; and

WHEREAS, The Support Our Law Enforcement Committee and the California Legislature designated the first week of May 1993 as Blue Ribbon Week in an effort to preserve and highlight the commitment of all peace officers and law enforcement agencies to maintaining the security of our communities; and

WHEREAS, Blue Ribbon Week is intended as a show of confidence and support by the general public for all peace officers and law enforcement agencies and as a tremendous morale boost for all the dedicated men and women who wear a badge for the protection of our communities; and

WHEREAS, Every citizen who wears or displays a blue ribbon during the first week of May will demonstrate his or her support for every peace officer and law enforcement agency now serving the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That, on and after January 1, 1995, the first week in May of each year shall be proclaimed as Blue Ribbon Week in recognition and support of all peace officers and law enforcement agencies, and that all citizens are urged to annually observe these days by wearing or displaying a blue ribbon; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 37

Assembly Concurrent Resolution No. 132—Relative to naming a building at the California State University, Long Beach, in honor of Senator Ralph C. Dills.

[Filed with Secretary of State May 27, 1994.]

WHEREAS, Senator Ralph C. Dills, recognizing the need for a university in the Long Beach area, authored legislation that established a campus that is presently known as California State University, Long Beach; and

WHEREAS, 1994 marks the 45th anniversary of California State University, Long Beach; and

WHEREAS, This university has been recognized as one of the outstanding institutions of higher education in the United States; and

WHEREAS, California State University, Long Beach, which began with a limited student enrollment, has become a nationally recognized facility where the curriculum keeps apace of the needs of modern technology; and

WHEREAS, This was particularly evident when this outstanding university established the aerospace program at the campus concurrently with the development of the nation's space and missile program; and

WHEREAS, In this 45th year of California State University, Long Beach, the Legislature proposes that the university recognize the foresight of Senator Ralph C. Dills in authoring legislation that established the original college by naming a building on the campus in honor of the distinguished senator; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature congratulates California State University, Long Beach, on the celebration of its 45th anniversary, and encourages the Trustees of the California State University, the Chancellor of the California State University, and the President of the California State University, Long Beach, to name a building on the campus in honor of Senator Ralph C. Dills; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to Senator Ralph C. Dills, the Trustees of the California State University, the Chancellor of the California State University, and the President of the California State University, Long Beach.

RESOLUTION CHAPTER 38

Assembly Concurrent Resolution No. 129—Relative to Management Week In California.

[Filed with Secretary of State June 2, 1994.]

WHEREAS, Recognition by the Legislature of the State of California of Management Week In California will create an understanding of the essential role of management in increasing productivity and strengthening our economic system, foster respect for this important profession, and encourage young persons to

consider a career in a managerial vocation; and

WHEREAS, Since its creation by The National Management Association, Management Week In America has grown in recognition, the week has been observed through joint resolution of the U.S. Congress and by Presidential Proclamation, and, during this week, numerous distinguished American business leaders have been named Manager of the Year; and

WHEREAS, The Legislature of the State of California wishes to designate Management Week In California to coincide with Management Week In America, so that this profession may be acknowledged for its contributions to the economic growth and stability of this state and to honor the role and achievements of managers in our state and our society; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares the week of June 6 to 11, 1994, to be Management Week In California; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit a copy of this resolution to the Rockwell California Space Chapter of the National Management Association.

RESOLUTION CHAPTER 39

Assembly Joint Resolution No. 86—Relative to health care reform and alcohol and drug abuse treatment.

[Filed with Secretary of State June 2, 1994.]

WHEREAS, The federal administration and Congress are now considering and taking steps to implement significant health care reform legislation; and

WHEREAS, Untreated alcohol and other drug problems cost $166 billion, or $700 for each American each year in health care, criminal justice, social, and lost productivity costs; and

WHEREAS, There are over 21 million individuals with alcohol or other drug problems for whom appropriate treatment is warranted; and

WHEREAS, Researchers provide data through clinical and epidemiological studies that can provide law enforcement, public health personnel, social service providers, and legislators with the means of taking realistic countermeasures to new developments in the street; and

WHEREAS, Alcohol and other drug treatment improves the health status of individuals both during and after care and leads to recovery; and

WHEREAS, Based on an assessment of the costs and benefits of treatment and recovery services, it is clear that the public would

receive full value for the money spent on these services through savings in crime prevention services and health care; and

WHEREAS, The needs of addicts and their families are best met through treatment that focuses primarily on the addictive disease; and

WHEREAS, Early intervention and treatment have proven to be very successful through favorable recovery rates, and the effectiveness of alcohol and other drug abuse treatment is measured through results of reduced drug consumption and criminal behavior; and

WHEREAS, Treatment dollars are a good investment, and including a comprehensive drug and alcohol benefit as part of health insurance mandated by the federal health care reform legislation would cost only approximately $45 per person; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to ensure that alcohol and other drug abuse treatment programs are included as a covered benefit in the national health insurance implemented through national health care reform legislation.

RESOLUTION CHAPTER 40

Assembly Concurrent Resolution No. 91—Relative to commemorating the 50th Anniversary of the World War II Allied D-Day Invasion of Normandy, France, June 6, 1944.

[Filed with Secretary of State June 13, 1994.]

WHEREAS, Grateful Americans have been saluting this country's military for more than 200 years, and America's gratitude to its armed forces is far-reaching and our nation's thanks to those who have worn the uniforms extends well beyond the obvious thanks for keeping American citizens free; and

WHEREAS, Heroic deeds often are overlooked in the heat of battle and only come to light after the passage of time permits, and heroic events have been overlooked for various reasons, and recognition of those soldiers who gave their blood for this nation's defense is long overdue; and

WHEREAS, There is no more memorable day in modern military history than the D-Day invasion of German-occupied Europe, called Operation Overlord, on the Normandy beaches of France, June 6, 1944; and

WHEREAS, Normandy's center stage in history is nothing new for this fertile corner of France awarded to the Northmen in 911 by the King of France to halt a century of Viking attacks up the Seine on Paris; and when a disputed claimant sought the throne of England

in 1066, the Duke of Normandy packed 12,000 knights and foot soldiers aboard 696 ships and launched the only successful invasion across the English Channel; and

WHEREAS, The Norman invasion of Britain by William the Conqueror altered the course of history every bit as dramatically as the D-Day landings did almost nine centuries later. That milestone is recorded upon a 231-foot tapestry in Bayeux; and

WHEREAS, D-Day once was merely a code word, but for the past five decades, that day and all the determination that it stood for in pushing back the German armies have served as a touchstone for Allied unity and purpose; and

WHEREAS, On that day and in the ensuing weeks, the soldiers, sailors, marines, airmen, and merchant mariners of the assault forces, and the men and women who supported the landing, displayed great skill, unwavering tenacity, and courage; and

WHEREAS, The United States Merchant Marine veterans distinguished themselves above the call of duty in numerous perilous situations to serve the different branches of the United States Armed Forces, and during the war the Merchant Marine had dual duties—they were the main link between the production fronts and the fighting fronts across the Atlantic Ocean in Europe; and

WHEREAS, The Merchant Marine veterans were all volunteers, who manned the "bridge of ships" to transport men and materials through the dangerous, German U-Boat infested waters of the Atlantic Ocean without which the Allies would have lost the war in Europe; and

WHEREAS, For deeds of heroism, the Merchant Marine veterans were awarded 145 Distinguished Service Medals and 426 Meritorious Service medals; and each merchant ship was equipped with guns which were manned equally by the men of the United States Navy and the men of the Merchant Marine; and

WHEREAS, In the memory of all Allied soldiers who fought and sacrificed their lives against the perils of Adolf Hitler's "Fortress Europe" 50 years ago during the Second World War (1939–1945), it is altogether fitting that the people of California should commemorate the 50th Anniversary of the Allied Military Operations in Normandy on D-Day, June 6, 1944; and

WHEREAS, History will show that in the spring of 1942, Britain and the United States were wholly in favor of opening up a second front against Nazi aggression in Europe and both agreed that France should be the target of a later and larger assault and began planning preparations for the cross-channel invasion in the war against Nazi Germany. President Franklin D. Roosevelt and British Prime Minister Winston Churchill later agreed to this plan at the Casablanca Conference in August 1943; and

WHEREAS, It became increasingly evident that neither the troops nor the technical equipment yet existed for any operation sufficiently large to stand a chance of success. Although Allied planners continued to contemplate a future landing in France, in the

end they settled on a large commando sortie against Dieppe, on the coast of France, on August 19, 1942; and

WHEREAS, During this earlier, ill-planned rehearsal for the amphibious invasion of Europe for the purpose of creating a second front, Allied forces suffered a miserable defeat when Allied assault forces landed near Normandy resulting in 3,648 casualties of the initial 5,100 troops deployed, including the annihilation of the entire 2nd Canadian Division. Although the Dieppe raid had incited the Germans to expand their Atlantic Wall, it also gave the Allies a more accurate idea of the kind of tactics needed to break through the Nazi defense shield; and

WHEREAS, As a consequence, not only was the unprecedented idea of the invading force bringing along its own seaports adopted, but new kinds of landing craft to disembark heavy vehicles as well as troops close to the shore, amphibious vehicles, and flail tanks to beat out mines with whirling chains were developed by inventive technicians, as well as the trans-Channel fuel pipeline called PLUTO (Pipe-Line Under The Ocean); and

WHEREAS, The Allied military strategy for the defeat of the Axis powers included a British-United States attack from the west in a two-pronged offensive—the southern attack through Sicily and southern Italy in 1943 and southern France in 1944, the northern attack through Normandy in June 1944; and

WHEREAS, United States General Dwight D. Eisenhower was chosen as the Supreme Allied Commander of the combined Allied Expeditionary Force, and since the United States had furnished more men and material and had become the dominant partner of the war alliance, an American general was chosen as Supreme Commander of the D-Day invasion; and

WHEREAS, The Allied cross-Channel landing which General Eisenhower commanded was the most complex and perilous operation of World War II, calling for an amphibious attack across the 30-mile stretch of the English Channel, and overcoming the obstacles of adverse weather and high seas prevalent in the North Atlantic; and

WHEREAS, The invasion buildup was enormous, and all southern England gradually became a huge military encampment. An army of 1,500,000 men was assembled in England during the spring of 1944 in final preparation for the allied invasion of Nazi occupied Fortress Europe; as ports were filled up with transport ships; airfields became packed with fighters and bombers; the pleasant English countryside was cluttered with parked tanks, trucks, jeeps; and urban areas were jammed with billetted troops; and

WHEREAS, The logistical planning for the Allied D-Day amphibious landing was accomplished by an estimated 176,475 men and included 20,111 vehicles, 20,000 railroad cars, 12,000 airplanes, 1,500 tanks, 1,000 locomotives; and 1,000,000 tons of supplies, all converging at dozens of preselected points of embarkation throughout southern England; and

WHEREAS, The Allied invasion armada which headed towards

France on the evening of June 5, 1944, included a huge naval fleet of 6,939 ships of varying classes, including 1,200 merchant ships, warships (including 7 battleships and 23 cruisers), landing craft, and other ancillary vessels, were previously assembled and located all throughout the harbors of southern England; and

WHEREAS, The purpose of the D-Day invasion, Operation Overlord, was to enter the continent of Europe and, in conjunction with other Allied nations, undertake operations aimed at the heart of Germany and the destruction of her forces; and

WHEREAS, In order for the mission to be a success, Operation Overlord specifically called and realized for the following tactical accomplishments: (a) glider pilots learned how to crash-land their aircraft behind German lines in the dark of nightfall; (b) demolition teams knew how to dismantle mined contraptions; (c) crews on board the thousands of amphibious landing craft learned how to set down troops in the right place and time; (d) spotter planes coordinated with battleships, bomber planes with infantry, and Army and Navy engineers had learned to cooperate with each other; (e) exact replicas of cannon batteries near Caen were constructed for training purposes by British paratroopers and glider troops; (f) American Ranger practiced cliff assaults in anticipation of Point du Hoc; (g) aerial photos, models, maps, and sketches were used to instruct every man in his specific mission; (h) strict security was imposed on troops and civilians on May 25, 1944, transatlantic telephone, radio, and cable facilities were denied to American personnel and a 10-day delay was imposed on their mail to the USA; (i) troops were sealed in their camps behind barbed wire and armed guards were posted in the last week of May 1944; and, finally; (j) for officers who knew of the Operation Overlord plan, a new system of security classification, was imposed; and

WHEREAS, Since such monumental preparations could not be kept from German intelligence, the Allies worked out several careful deceptions that kept the vital details relating to the time and place of the assault unknown to the enemy, as these secrets remained essential to success; and

WHEREAS, By the spring of 1944, Adolf Hitler's battle-hardened force of 7,000,000 men still dominated an empire extending 1,300 miles from the Atlantic to the Dnieper; and

WHEREAS, The chain of fortifications around Europe, from the English Channel on the west to the Apennines and Aegean Islands on the south and the Vistula on the east, was formidable but uneven; and

WHEREAS, Operation Overlord was directed against a strongly garrisoned coast that the Germans had been fortifying for three years. The beaches were guarded by underwater obstacles on their approaches, and by wire and lavish mine fields and numerous strong points on the high ground commanding them, making amphibious assaults very dangerous; and

WHEREAS, Some 23,000 British and American airborne forces

predominantly made up of 16,000 paratroopers of the United States 82nd and 101st Airborne Divisions were parachuted or taken by glider to secure critical inland areas ahead of those allied combat troops still struggling to expand the beachhead footing; and

WHEREAS, The main assault consisted of 58,000 men from the United States 1st Army under General Omar Bradley to attack on the western section, at two strips code-named Omaha Beach and Utah Beach; and to the east, a force of 75,000 men, drawn mostly from Lieutenant-General Miles Dempsey's British 2nd Army, to invade three adjoining beaches; Gold, Juno, and Sword; and some 16,000 paratroopers from the United States 82nd Airborne and 101st Airborne Divisions to drop in first to guard the western flank against counterattacks, and 8,000 men of the British 6th Airborne to seize and guard the eastern flank; and

WHEREAS, The five landing beaches stretched a distance of 50 miles and each beach had a code name: Utah, Omaha, Gold, Juno, and Sword; and

WHEREAS, The American seaborne attack at Utah Beach began at 0631 hours some 24 miles south of Cherbourg and was led by the United States 4th Infantry Division, and the American seaborne attack on Omaha Beach about 25 miles further east of Utah Beach was led by the United States 1st and 29th Infantry Divisions at 0630 hours, about one hour after low tide; and

WHEREAS, What took place at Omaha Beach on June 6, 1944, will live in the annals of military history as one of the bloodiest engagements of American fighting men, as valiant as and as terrible as Guadalcanal, Tarawa, and Iwo Jima; and

WHEREAS, The Americans who landed at Omaha Beach—where sharp bluffs, strong defenses, and the presence of a powerful German division produced enormous difficulties—wrote an especially brave and noble chapter in the military history of the United States; and

WHEREAS, Until 0630 hours, allied troops were aided by the bombardment of Nazi shore batteries from United States and British naval warships which provided a powerful and destructive blast inland, allowing lighter units to move closer inshore to batter German defenses; and

WHEREAS, The many great Allied warships under the command of Rear Admiral Deyo in Force "C," that participated in Operation Neptune, the naval component of Operation Overlord, included 7 battleships, including the American battleships U.S.S. Nevada, U.S.S. Texas, and U.S.S. Arkansas; and 23 cruisers, all remained in action until the front moved inland beyond the effective range of their guns; and

WHEREAS, By the end of D-Day, the Americans held the ridge of cliffs overlooking Omaha Beach, and had pushed about one-mile inland. They had landed two-thirds of their forces and suffered more than 90 percent of their total Operation Overlord casualties; and

WHEREAS, During the evening of the D-Day invasion, three Allied airborne divisions were parachuted inland from the beaches

to the base of the Cotentin Peninsula, to seize bridgeheads on the Orne and to prevent enemy reinforcements moving toward Cherbourg; and

WHEREAS, The mission of the United States 82nd Airborne Division was to capture Sainte mere Eglise to cut the rail line from Cherbourg to Paris to preclude the Germans from reaching Utah Beach where the United States 4th Infantry Division was located; and

WHEREAS, The United States 82nd Airborne Division landed 7,480 paratroopers of which 457 were killed, 1,440 were wounded, 2,571 were missing and 12 were captured during the period between June 6 and July 1, 1944, inclusive; and

WHEREAS, The United States 101st Airborne Division landed 7,670 paratroopers of which 546 were killed, 2,217 were wounded, and 1,907 were missing during the period between June 6 and July 1, 1944, inclusive; and

WHEREAS, On the other beaches there was resistance of varying intensity; but within 24 hours the coastal wall had been breached, a quarter of a million men had been landed, and the troops were driving inland to widen and consolidate the lodgement area; and

WHEREAS, Opposed by bitter enemy resistance, the landing forces gained the beaches at great sacrifice, pushed inland, and expanded their beachheads, and by June 10, 1944, the various beachheads were linked in a continuous front which was secure against counterattack. The Americans, expanding westward, cut off the Cotentin Peninsula on June 18, 1944, rapidly overran it to the outskirts of Cherbourg, and captured the town on June 27, 1944; and

WHEREAS, The Germans were badly mistaken in their forecast of the date and place of the invasion, believing that the main attack would be at the Pas de Calais where the Channel was only 21 miles wide; and

WHEREAS, The Germans were unable to launch a counterattack in enough strength to drive back the Allies during the initial stage, keeping some 60 divisions in the west, but only 10 of these were available in the actual invasion area where the German VII Army was stationed; and

WHEREAS, The Allied buildup always outpaced that of the Germans; and by July 18, 1944, the Allies had 30 divisions in Normandy and an even greater preponderance in actual numbers of men as well as complete air supremacy; and

WHEREAS, Field Marshal Rommel, the German field commander, was therefore reduced to making every effort to contain the Allied penetration and to using his forces piecemeal at the greatest point of danger; and

WHEREAS, The Allied plan for the liberation of France was for the British forces under Field Marshal Montgomery to take the brunt of the major German offensive at Caen, while the Americans under General Omar Bradley were to break out at St. Lo, cut off Cherbourg, and wheel in a huge circle toward the Seine River; and

WHEREAS, Once the stalemate of the amphibious struggle for Normandy was broken, the Allied armies fanned out and sped north and east towards Holland and Germany, and on September 11, 1944, allied forces joined up with the Overlord forces moving east from Normandy, establishing a continuous front from the Channel to the Mediterranean; and with the Western Allies firmly established on the continent of Europe, military strategists turned their attention to what promised to be an amphibious assault second only in conception and execution to the Normandy landings themselves—the crossing of the Rhine River—the historic traditional barrier to the German heartland; and

WHEREAS, The historical importance and success surrounding the D-Day invasion landing and subsequent Allied advancement into Germany—with the crossing of the Rhine River—clearly marked the beginning of the end of Hitler's Germany, and signified that the last great natural barrier protecting the German Third Reich had been breached resulting in the fact that nothing would stop the victorious armies of the Western Allies advancing across Germany to meet up with the approaching Russian army from the east; and

WHEREAS, On May 6, 1945, known as V-E Day, "Victory in Europe Day," German General Friedeburg and General Jodl went to Allied Supreme Commander General Eisenhower's headquarter's at Rheims where they signed the general instrument for the unconditional surrender of all German forces on all fronts, bringing an end to hostile activities in Europe at midnight May 8, 1945; and

WHEREAS, Countless feats of leadership and courage by individuals, and small squads, helped turn the tide of war against the Germans, ranging from the great battles of 1944 to the breakout in the hedgerows to the Ardennes, and all hold a place of highest honor in the tradition of the United States Armed Forces; and

WHEREAS, The Allied victory did not come cheap. The American losses reported for that day were grevious: 1,465 killed, 3,184 wounded, 1,928 missing. The British, who never announced their losses were estimated to have suffered 2,500 to 3,000 casualties. Canadian casualties came to 946. Total Allied casualties 9,386. Estimates of German casualties: 4,000 to 9,000; and

WHEREAS, Testimony to that valiant effort is evident even today, as seen in the yellow and white flower of the Normandy landing area, where crosses, stones, and plaques lie upon the graves of tens of thousands of American, British, Canadian, French, and German war dead; and

WHEREAS, The often heroic deeds of our fellow Americans and others in the Allied Armed Forces set in motion the liberation of Europe and brought unity and pride to all free people, and it is with this shared commitment to human freedom that so many brave men risked their lives on the beaches of Normandy 50 years ago, and gave us a priceless legacy of peace and prosperity in Europe, a legacy that has endured now for two generations; and

WHEREAS, The Allies stood and fought tyranny—welded by the

experiences of war—and in a giant undertaking unparalleled in human history, the old world and the new formed an enduring alliance which shared the rebuilding of Europe and forged a shield that has kept the peace in Europe for the past 50 years; and

WHEREAS, So symbolic have these beaches become for the wartime generation that President Ronald Reagan made an official visit on June 6, 1984, to commemorate the 40th Anniversary of the D-Day invasion, and along with Britain's Queen Elizabeth II, King Olav V of Norway, French President Francois Mitterand, the Queen of the Netherlands, the King of Belgium, and Prime Minister Pierre Trudeau of Canada, visited Pointe du Hoc Ranger Memorial, a rugged section of beach with its imposing 100 foot cliffs that posed great danger and difficulty for the Provisional Ranger Force of 225 men of the 2nd Ranger Battalion whose task it was to destroy an enemy battery of coastal guns which threatened the United States troops on both Utah and Omaha beach; and

WHEREAS, This year, thousands of Americans and millions of visitors from around the world are returning to the Normandy coast of France to revisit the scene of that momentous landing 50 years ago, and participate in the ceremonies on and around the D-Day beaches to mark that day in history when the Allied armies joined in battle to reclaim the European continent to liberty; and

WHEREAS, This anniversary is likely to be the last one in which large numbers of combatants return and officials are trying to broaden the appeal of the historic significance of Normandy beyond that of a place of pilgrimage for veterans in order for it to be recognized as a place for all freedom loving people to appreciate the great sacrifices made by those who came forward and answered the call of freedom and protected the world from those who would enslave it; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That in recognition of the historic 50th Anniversary of the Allied invasion of Nazi-occupied Europe, the Legislature of the State of California recognizes and honors the thousands of men and women veterans of the United States Armed Forces, its allies, and Merchant Marine volunteers who served their country so valiantly and distinguished themselves above the call of duty, and recognizes the integral part they played in helping the Allies to victory during the operations leading up to, and following the D-Day invasion of Europe; and be it further

Resolved, That the Legislature extends the appreciation and gratitude of the people of the State of California in honoring these brave allied patriots, and commemorates the valor of those who served in the D-Day assault forces to be observed with appropriate ceremonies fitting this historic 50th Anniversary of the Allied Normandy D-Day invasion of Europe; and, be it further

Resolved, That the Legislature also acknowledges and applauds each American soldier and Merchant Mariner for outstanding contributions to the United States of America and the free world in

the cause of peace and freedom, and declares that they are hereby honored and commended by the people of the State of California; and, be it further

Resolved, That the best way we can honor those who gave so much 50 years ago, is by rededicating ourselves today to the cause for which they fought: freedom—freedom for ourselves, freedom for our children, and freedom for generations yet unborn; and, be it further

Resolved, That strengthened by their courage, heartened by their valor, and borne by their memory, all people of free nations continue to stand for the ideals for which they lived and died; and be it further

Resolved, That all Californians, and all Americans share the goal of a peaceful world, free of war, and that the first Monday of June, 1994, be officially proclaimed as the "50th Anniversary of the June 6, 1944 D-Day Invasion"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 41

Assembly Concurrent Resolution No. 134—Relative to Wildland Fire Prevention Month.

[Filed with Secretary of State June 13, 1994.]

WHEREAS, California's history of wildland fires, particularly in critical drought years, dramatically illustrates the potential for large conflagrations during the late summer and early fall; and

WHEREAS, Every year, wildland fires destroy the properties, and more importantly, the lives, of many Californians, resulting in enormous personal and financial losses; and

WHEREAS, The fires in the East Bay hills, and more recently in west Orange County, left a legacy of scarred lives and landscapes and highlighted the vulnerability of many communities located near the urban and wildland interface; and

WHEREAS, The recent wildland fires have required the full-scale mobilization of fire professionals and related assistance to combat these infernos, depleting local firefighting and emergency response resources throughout the state; and

WHEREAS, To help prevent future wildland fires, California should maximize the available resources by encouraging cooperation between state and local public safety services and enhancing the public's awareness of appropriate wildland fire prevention practices; and

WHEREAS, Californians are largely unfamiliar with the behavior and ecology of fire and need to become more educated and proactive in their efforts to prevent wildland fires; and

WHEREAS, Local public safety agencies in general, and fire agencies in particular, have the expertise and dedication to educate Californians on wildland fire prevention practices; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That, to focus statewide public attention on the importance of appropriate wildland fire prevention practices, the Legislature hereby proclaims the month of June to be Wildland Fire Prevention Month; and be it further

Resolved, That the Legislature urges locally elected bodies to support local fire agencies in implementing programs that educate the public on wildland fire prevention; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Forestry and Fire Protection and to the author for appropriate distribution.

RESOLUTION CHAPTER 42

Assembly Concurrent Resolution No. 97—Relative to World Cup Month.

[Filed with Secretary of State June 14, 1994.]

WHEREAS, The 1994 FIFA World Cup tournament is coming to the United States—and, more specifically, World Cup competition is coming to California—during June and July of 1994; and

WHEREAS, The World Cup tournament, which is contested every four years, is the world's largest single-sport event, and the World Cup trophy is the most coveted sports trophy in the world; and

WHEREAS, More than one billion persons watched the 1990 World Cup final game on television, and an even larger audience is expected this year; and

WHEREAS, During the more than six decades of its existence, the World Cup tournament has been hosted by Uruguay, Italy (twice), France, Brazil, Switzerland, Sweden, Chile, England, Mexico (twice), Germany, Argentina, and Spain; 1994 will mark the first time that the United States has been the host nation; and

WHEREAS, 1994 World Cup tournament games will be played at nine venues throughout the United States—Boston, Chicago, Dallas, Detroit, Los Angeles, New York/New Jersey, Orlando, San Francisco, and Washington, D.C.—and California will have the distinction of being the only state to have two of these venues; and

WHEREAS, California will also have the honor of being the site of one quarterfinal game (at Stanford Stadium, the San Francisco venue, on July 10), of one semifinal game (at the Rose Bowl, the Los Angeles venue, on July 13), and of the climactic events of the tournament: the third-place game and the World Cup final game (at

the Rose Bowl on July 16 and 17, respectively); and

WHEREAS, The month-long World Cup tournament, which begins June 17 with games in Chicago and Detroit, and ends with the aforementioned World Cup final in Pasadena on July 17, will bring an estimated 1.5 million foreign visitors to the United States, and will have a national economic impact that has been estimated at four billion dollars, with more than one billion dollars of that amount attributable to the games to be played at California sites; and

WHEREAS, World Cup USA 1994, Inc., which is headquartered in Los Angeles, is the nonprofit legal entity charged with staging the 1994 World Cup tournament, under the direction of FIFA, soccer's international governing body, and with the assistance of host committees in the nine venue cities; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby:

(1) Declares its enthusiastic support of the World Cup tournament and its hearty welcome to each competitor and spectator who comes to participate in or watch the games in California;

(2) Commits itself to lend its best efforts to the promotion of the success of the World Cup tournament in California;

(3) Proclaims the period of June 17, 1994, to July 17, 1994, inclusive, as World Cup Month in California;

(4) Commends the efforts of the organizing committee of World Cup USA 1994, Inc., and of the host committees for the venues of Los Angeles and San Francisco in bringing this historic event to our state and nation; and

(5) Calls upon the Governor and all state agencies to work with the organizing committee of World Cup USA 1994, Inc. and the host committees to provide all of the necessary services to ensure a safe, successful, and enjoyable World Cup 1994, consistent with the kind of support that made the 1984 Summer Olympics at Los Angeles such a successful international sporting event; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the chairperson and chief executive officer of the organizing committee of World Cup USA 1994, Inc., to the chairpersons of the respective World Cup host committees for the venues of Los Angeles and San Francisco, and to the Governor.

RESOLUTION CHAPTER 43

Senate Joint Resolution No. 45—Relative to United States flag merchant marine.

[Filed with Secretary of State June 15, 1994.]

WHEREAS, The United States of America is a maritime nation; and

WHEREAS, The sovereign State of California is the greatest maritime state in America, with the Ports of Los Angeles and Long Beach being the highest volume ports in the nation, while at the same time California also has the highest overall maritime industry unemployment in the nation; and

WHEREAS, Recognition of the vital role played by a strong United States flag merchant marine in today's national economic and national defense programs can be no better illustrated than when our visionary forefathers at the First Continental Congress directed that the United States Navy be formed solely for the purpose of protecting the United States merchant fleet; and

WHEREAS, The declared maritime policy of the United States is contained in the Merchant Marine Act of 1936, which states that we shall have a privately owned and operated merchant fleet that is capable of carrying a substantial portion of our waterborne commerce on ships built in American shipyards and crewed by Americans, but has been weakened severely by subsequent amendments; and

WHEREAS, The Maritime Administration, Federal Maritime Commission, Environmental Protection Agency, and the Departments of Commerce, Defense, Energy, Interior, Justice, State, Transportation, and Treasury impact federal maritime policy without coordination among the agencies, thereby resulting in the formation of a fragmented maritime policy; and

WHEREAS, The United States shipbuilding industry has declined and American flag operators are faced with costs that foreign flag operators do not bear; and

WHEREAS, An extreme ratio of unemployment in the United States shipbuilding industry exists vis-a-vis shipbuilding in foreign shipyards; and

WHEREAS, American flag vessel operators are at a competitive disadvantage with foreign flag of convenience operators working primarily in United States commerce; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to take action to ensure a strong and capable United States flag merchant marine, including, but not limited to, action to ensure our nation has a well coordinated maritime policy, to support a strong United States flag merchant marine, and to implement a maritime technological initiative that will stimulate growth and investment through technological innovation, and to enact legislation that will facilitate shipbuilding in American shipyards; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States,

to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 44

Assembly Joint Resolution No. 60—Relative to deportation of the spouses and children of permanent United States residents.

[Filed with Secretary of State June 15, 1994.]

WHEREAS, Persons who lawfully reside in the United States, whether they be American citizens, immigrants, or persons working or studying in the United States on a visa, have traditionally been assured their spouses and children could also lawfully reside in the United States; and

WHEREAS, Family unity has always been a cornerstone of American immigration policy; and

WHEREAS, The spouses and children of persons who have become permanent residents, through the amnesty provisions of the federal Immigration Reform and Control Act of 1986 (IRCA) do not enjoy the same derivative rights; and

WHEREAS, The result is that the spouses and children of many of the nearly 1.5 million persons in California who have become permanent residents of the United States are subject to deportation as undocumented persons even though their spouses or parents may lawfully reside and work in the United States; and

WHEREAS, The federal Immigration and Naturalization Service has deported or has begun procedures to deport the spouses and children of persons who have in good faith secured amnesty under the laws of the United States; and

WHEREAS, It is a waste of taxpayer funds to commence deportation proceedings, resulting in costly litigation, when virtually all of the children and spouses of persons granted amnesty under IRCA will eventually become lawful permanent residents through petitions filed by their spouses or parents within a few years; and

WHEREAS, The two separate amnesty provisions of IRCA were available to applicants for the period of May 5, 1987, to November 30, 1988, inclusive, and thus, the persons and families affected are necessarily limited in number; and

WHEREAS, It would not be in the sense of fairplay and justice to destroy families; and

WHEREAS, It is nonsensical for American society to grant amnesty to parents and leave their children subject to deportation; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully

memorializes the President and Congress of the United States to do all of the following:

(1) Review the actions of the Immigration and Naturalization Service with respect to deportation procedures for the children and spouses of permanent residents who were under the amnesty provisions of IRCA and (2) amend Section 301 of the Immigration Act of 1990 to ensure that the spouses and children of permanent residents who are legalized under the amnesty provisions of IRCA are afforded family unity protection; and be it further

Resolved, That the President is strongly urged to issue an executive order that will direct the Immigration and Naturalization Service to cease any deportation actions that it may be taking against the spouses and children of permanent residents until the effective date of the amendments to Section 301 of the Immigration Act of 1990 described above; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 45

Senate Joint Resolution No. 36—Relative to interstate insurance compacts.

[Filed with Secretary of State June 23, 1994.]

WHEREAS, The McCarran-Ferguson Act recognizes that the taxation and regulation of the business of insurance by the states rather than the federal government is in the public interest; and

WHEREAS, Article I of the United States Constitution authorizes cooperation among the states through the use of interstate compacts; and

WHEREAS, The states, through the National Association of Insurance Commissioners, the National Conference of Insurance Legislators, the National Conference of State Legislatures, and other bodies have been engaged in an ongoing effort to improve state insurance regulation through a number of statutory and regulatory initiatives; and

WHEREAS, Interstate compacts have proven to be effective and efficient mechanisms for the states to strengthen and coordinate their regulatory responsibilities, particularly as they affect complicated multistate issues; and

WHEREAS, It is in the best interests of the people of the State of California for this state's regulatory capability to be enhanced and coordinated with other states, when practical; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the National Association of Insurance Commissioners, the Council of State Governments, the National Conference of State Legislatures, the National Conference of Insurance Legislators, and all other similar organizations are hereby encouraged to develop an interstate compact for insurance regulation and to present the compact to the California Legislature for its consideration at the earliest practicable time; and be it further

Resolved, That the United States Congress should adopt appropriate resolutions encouraging the states to adopt insurance regulatory compacts and, to the extent required by law, consent to the adoption of these compacts by the states; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the chairpersons of the National Association of Insurance Commissioners, the Council of State Governments, the National Conference of State Legislatures, and the National Conference of Insurance Legislators.

RESOLUTION CHAPTER 46

Assembly Concurrent Resolution No. 78—Relative to the California Korean War Veterans Remembrance Memorial.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, The California Korean War Veterans Remembrance Memorial has the approval of the Department of Veterans Affairs, Cemetery System, Washington, D.C.; and

WHEREAS, The design of the memorial has been approved by the Cemetery System, Department of Veterans Affairs; and

WHEREAS, The memorial will be located in the San Joaquin Valley National Cemetery, in Gustine, California, and the site has been approved by the Cemetery System; and

WHEREAS, The Memorial Board is operating under the umbrella of the Santa Clara County Chapter, Korean War Veterans Association; and

WHEREAS, The cost of the memorial will be $348,200, raised from nongovernmental contributions; and

WHEREAS, The memorial will be to remember and honor the 2,541 military service personnel from the State of California who died as a direct result of the Korean War; and

WHEREAS, The names of the 2,541 military service personnel must not be forgotten and will be inscribed on a wall in the memorial; and

WHEREAS, These 2,541 military service personnel fought and died to free South Korea from communism; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes the California Korean War Veterans Remembrance Memorial as an honorable and worthy goal to honor those from California who served in action in the Korean War during the period of June 25, 1950 to July 27, 1953 and gave their lives in that cause; and be it further

Resolved, That all Californians are encouraged to support the construction of the California War Veterans Remembrance Memorial.

RESOLUTION CHAPTER 47

Assembly Concurrent Resolution No. 76—Relative to the E.G. Lewis Highway.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, Edward Gardner Lewis was born in Connecticut on March 4, 1869, the son and grandson of New England Episcopalian clergymen; and

WHEREAS, Mr. Lewis left Trinity College after three years to give his full time to various business enterprises he had started while as a student; and

WHEREAS, He sold his eastern businesses in 1900 and moved to St. Louis to establish a number of magazines, periodicals and newspapers as well as to found and develop University City on land west of St. Louis; and

WHEREAS, In 1912, Mr. Lewis came west to found a new urban-rural community. He purchased the Atascadero Rancho, a 23,000 acre property, surveyed it and registered the largest subdivision ever filed. With this purchase, he became solely responsible for the planning, design, and construction of much of the 40 square mile Atascadero Colony, now known as the City of Atascadero; and

WHEREAS, Operating from his imposing Administration Building, now on the National Register of Historic Buildings, Mr. Lewis built a printing plant, an all-under-one roof shopping center, schools, a hospital providing full medical coverage for all his employees, paved the state highway, El Camino Real, on its 10 mile stretch through the City of Atascadero, and planted thousands of acres of orchards; and

WHEREAS, He purchased a three mile strip of land along the Pacific Coast 17 miles west of Atascadero and saw the need for a road from Atascadero to the beach so that the residents of Atascadero

would have a direct route to the coast for recreation; and

WHEREAS, Mr. Lewis built Morro Road, which is now State Highway Route 41, which linked the coast with the City of Atascadero; and

WHEREAS, To quote the State Division of Highways in a 1969 article about State Highway Route 41 "this highway was built as a result of a single man conceiving the idea... if any one man could ever take credit for creating a highway... then it would be Mr. E.G. Lewis. This was his highway, his idea, his alignment, his financing; he made it happen"; and

WHEREAS, In recognition of the accomplishments of Mr. Lewis, the Board of Supervisors of San Luis Obispo County, and the Atascadero City Council have proposed naming State Highway Route 41, between U.S. Highway 101 and State Highway Route 1 the "E.G. Lewis Highway"; now, therefore, be it

Resolved, That the late E.G. Lewis be commended for his dedication to the City of Atascadero and San Luis Obispo County for his vision in building Morro Road which has served residents, tourists, and motorists by linking the Pacific Ocean with inland parts of San Luis Obispo County; and be it further

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the portion of State Highway Route 41, from U.S. Highway 101 to State Highway Route 1, is hereby officially designated the "E.G. Lewis Highway"; and be it further

Resolved, That the Department of Transportation is hereby requested to determine the cost of appropriate signs, consistent with the signing requirements for the state highway system, showing this official designation and, upon receiving donations from private sources to cover this cost, to erect those signs; and be it further

Resolved, That the Atascadero Historical Society is requested to serve as the agent for collecting those donations and making payment of the cost of purchasing and erecting those signs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Chair of the San Luis Obispo County Board of Supervisors, the Mayor of the City of Atascadero, the President of the Atascadero Historical Society, and to the Director of Transportation.

RESOLUTION CHAPTER 48

Assembly Joint Resolution No. 69—Relative to recognition of capital loss on the sale of a principal residence.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, The lingering recession has hit California families hard through the loss of jobs and deflation of the housing market; and

WHEREAS, Many Californians have had sizeable amounts of money invested in their homes; and

WHEREAS, Many Californians have suffered from deep depreciation in the value of their homes and are being forced, by circumstances, to sell their homes for a loss; and

WHEREAS, The Internal Revenue Code treats nonreinvested profits from the sale of a home as capital gain; and

WHEREAS, The same tax code makes no comparable allowance for those who realize a capital loss on the sale of a home; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to provide tax relief to homeowners caught in the largest housing market depression in many years by providing for the recognition of a capital loss on the sale of a principal residence; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 49

Assembly Joint Resolution No. 70—Relative to the federal income tax personal exemption.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, The federal income tax burden during the past four decades has increased by more than 300 percent as a share of family income; and

WHEREAS, Measuring average after-tax per capita income, families with children are the lowest income group in America, with average after-tax income below that of elderly households, single persons, and couples without children; and

WHEREAS, Wage stagnation and an ever-increasing tax burden has forced a growing number of families to rely on two wage earners to make ends meet; and

WHEREAS, In 1948, a family of four at the median family income level paid just 2 percent of its income to the federal government in taxes; and

WHEREAS, In 1989, that same family paid nearly 24 percent of its income to the federal government in taxes; and

WHEREAS, The personal exemption for children was intended to help offset the costs of raising a child; and

WHEREAS, In 1948, the personal exemption was six hundred

dollars ($600), or roughly 20 percent of the median income for two-parent families, and for a family of four shielded 80 percent of personal income from taxation; and

WHEREAS, To have the same value to families today as it did in 1948, the personal exemption would have to be raised from two thousand three hundred fifty dollars ($2,350) to eight thousand dollars ($8,000) and continue to be indexed to inflation; and

WHEREAS, The effect of this ever-shrinking exemption penalizes the most vulnerable members of our society, our children; and

WHEREAS, Our children are the most likely members of our society to live in poverty, in part because their parents are not able to keep enough of their wages after taxes to properly feed, clothe, and shelter their children; and

WHEREAS, In 1948, as much as 80 percent of personal income was exempt from federal income taxation, and this relatively low level of taxation helped to fuel the growth of the strongest economy in the world; and

WHEREAS, Our economy would be strengthened by returning substantial tax dollars to our citizens; and

WHEREAS, American families are struggling to make ends meet; and

WHEREAS, The fact that an increasing number of our children grow up in single-parent households makes it all the more imperative that we relieve the tax burden on their parents; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to reduce the tax burden on children and families by restoring the inflation-eroded value of the personal exemption by increasing that exemption from two thousand three hundred fifty dollars ($2,350) to eight thousand dollars ($8,000), and continuing to index the exemption to inflation; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 50

Assembly Joint Resolution No. 77—Relative to the imprisonment of undocumented alien criminals in federal prisons.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, The prison system in California is seriously overcrowded and is currently operating at 180 percent capacity; and

WHEREAS, Approximately 16,000 or 15 percent of all prison inmates who are imprisoned in California are undocumented aliens who have been convicted of felony offenses under state law; and

WHEREAS, The cost of imprisonment in California is twenty-two thousand dollars ($22,000) per prison inmate per year, which totals approximately three hundred fifty million dollars ($350,000,000) per year to imprison undocumented alien criminal offenders; and

WHEREAS, The federal government is responsible for immigration policy and should bear the cost of imprisonment for undocumented alien criminal offenders; and

WHEREAS, The Congress of the United States is considering the construction of 10 new regional federal prisons as part of the Omnibus Crime Bill; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to immediately enact legislation to construct new federal prisons and to transfer undocumented alien criminal offenders who are presently imprisoned in state prisons to the new federal facilities as a first priority in order to relieve California and other states from the financial burden of imprisoning dangerous convicted criminals who have entered the country illegally; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Attorney General of the United States, the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 51

Assembly Joint Resolution No. 78—Relative to law enforcement.

[Filed with Secretary of State June 27, 1994.]

WHEREAS, Congress has proposed to create the "Public Safety Partnership and Community Policing Act of 1993," establishing a program of grants and assistance to the states for a period of six years for the hiring and rehiring of additional career law enforcement officers; and

WHEREAS, The purpose of this program is to increase police presence, to expand and improve cooperative efforts between law enforcement agencies and members of the community to address crime and disorder problems, and to otherwise enhance public safety; and

WHEREAS, The ability of state and local law enforcement

agencies to qualify for these grants is dependent on their ability to provide matching funds; and

WHEREAS, These nonfederal matching funds must provide 25 percent of costs of the program, project, or activity provided under a grant; and

WHEREAS, For a grant for a period exceeding one year for hiring or rehiring career law enforcement officers, the federal share shall decrease from year to year for up to five years when state or local grant recipients shall be required to fully fund the program, project, or activity provided under a grant; and

WHEREAS, The State of California has been experiencing a severe, persistent, and continuing recession that has resulted in four successive years of contraction of the state and local budgets; and

WHEREAS, As a result of the recession, most California law enforcement agencies have seen a reduction in their budgets; and

WHEREAS, Declining revenues will make it impossible for many California law enforcement agencies to meet the matching funds requirement contained within the proposed "Public Safety Partnership and Community Policing Act of 1993" without impacting existing programs; and

WHEREAS, Those California communities suffering the most severe budget shortfalls are experiencing the greatest impact of crime and would benefit most from access to the federal grant program; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to include in the "Public Safety Partnership and Community Policing Act of 1993" an exemption for California law enforcement agencies from meeting the matching funds requirement; and be it further

Resolved, That if no exemption for California law enforcement agencies is forthcoming, the President and the Congress should give the Attorney General broad authority to waive the matching funds requirement; and be it further

Resolved, That local officials should also be permitted to use the funds in the most flexible manner so that they may be applied to the most pressing local needs, which include using the funds to keep existing police officers on the streets longer, for improved communications technology, and for necessary equipment; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 52

Assembly Concurrent Resolution No. 80—Relative to the Polly Hannah Klaas Memorial Grove.

[Filed with Secretary of State June 28, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That a grove of native trees to be planted at Petaluma Adobe Historic Park, and a bench with a plaque to be placed in the grove, is hereby designated the Polly Hannah Klaas Memorial Grove; and be it further

Resolved, That the Department of Parks and Recreation is directed to determine the cost of establishing the grove of native trees and the cost of the bench and plaque, to determine the location of the grove consistent with the requirements of the department, and, upon receiving donations from nonstate sources sufficient to cover that cost, to plant the native grove and place the bench and plaque in the grove; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Parks and Recreation.

RESOLUTION CHAPTER 53

Assembly Concurrent Resolution No. 106—Relative to hospice providers.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, There are over 100 hospice providers in the State of California; and

WHEREAS, For over 20 years, hospice providers have been providing care to persons facing a life threatening illness; and

WHEREAS, Hospice providers have provided compassionate care to assist and improve the quality of life for terminally ill persons and their families; and

WHEREAS, Hospice providers have provided expertise in pain and symptom control, emotional support, and spiritual care; and

WHEREAS, Hospice care provides nursing, counseling, spiritual, and respite support through professional staff and volunteers; and

WHEREAS, Hospice care has become an integral part of health care, offering people support, assistance, and options during their time of need; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of November 14 through 20 be proclaimed as "Hospice Week" in recognition of the valuable services provided by hospice providers.

RESOLUTION CHAPTER 54

Assembly Joint Resolution No. 7—Relative to human rights violations and political oppression in Vietnam.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, The government of the Socialist Republic of Vietnam (SRV) is continuing to violate all fundamental and civil rights of its own citizens through arbitrary arrests, detentions without trial, and the censorship of peaceful expressions of political or religious beliefs; and

WHEREAS, In 1991 and 1992, Amnesty International had reported that there were still thousands of political prisoners detained in hundreds of government-operated reeducation camps, and Amnesty International estimates that at least one reeducation camp exists in each of Vietnam's 40 provinces and continues to receive "persistent reports of torture and ill-treatment of people" within those camps; and

WHEREAS, The Asia Watch has raised the issue of political detainees in the SRV having to perform hard labor under conditions of malnutrition, abuse, and lack of medical care, and the periods of detention are indefinitely renewable; and

WHEREAS, As a part of the Campaign for the Release of Political Prisoners in Vietnam, the National United Front for the Liberation of Vietnam released a list of political prisoners, including writers, journalists, religious leaders, intellectuals, civil servants, and politicians, this list provides the names of prisoners, their prison location, and the penalty under which they are serving, and there are currently 1,010 prisoners on this list; and

WHEREAS, For decades hundreds of religious leaders and followers have been imprisoned and scores of religious leaders have been killed and since the summer of 1993, there has been a brutal crackdown on religion by the government of Vietnam; and

WHEREAS, In the SRV, the Vietnamese people are constantly subjected to police surveillance and restricted social and political activities; in other words, the Vietnamese people are being denied normal civil rights and entitlements; and

WHEREAS, Political oppression and human rights violations in Vietnam continue to increase at an alarming rate in contrast to the government's recent publicity maneuvers, such as "economic reforms," a "revised Constitution," or an "open door policy;" and

WHEREAS, After almost two decades, the government of the SRV is still committing the inhumane act of warehousing the remains of American soldiers to be used as bargaining chips; and

WHEREAS, For almost two decades, the government of the SRV has been and is still less than forthright about the fate of American POWs and MIAs; and

WHEREAS, The Government of the United States should require

specific improvements of human rights and civil rights by the Vietnamese government as conditions in all business, investment, aid, and diplomatic discussions with Vietnam; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature hereby declares its support for the struggle of the Vietnamese people for freedom and democracy, calls for an end to political oppression and for respect of human and civil rights in Vietnam, and urges the Government of the United States to continue to make full normalization of relations with Vietnam, as well as the extension of Most Favored Nation status, contingent upon (1) the unconditional release of all political and religious prisoners in Vietnam, (2) the immediate cessation of punishment of critics through detention without trial, (3) the abolition of all political prisons and reeducation camps throughout the country, (4) the elimination of all regulations, codes, and constitutional provisions prohibiting organized opposition activity that are commonly used to repress peaceful expression of dissent, (5) a formal commitment by the leaders of the Communist Party of Vietnam to create a pluralistic and democratic environment, with free and open national elections under international supervision, so that the citizens of Vietnam may determine the future leadership and orientation of their government, (6) the immediate and unconditional return of all U.S. soldier remains still in the possession of the government of the SRV, and (7) full and forthright cooperation in resolving the fate of all American POWs and MIAs in Southeast Asia; and be it further

Resolved, That corporations doing business with Vietnam are encouraged to seek improvement in labor practices, as well as human rights and civil rights in all business negotiations and transactions; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 55

Assembly Joint Resolution No. 44—Relative to COBRA benefits.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, Today, over 37 million Americans and over 6 million Californians lack health insurance, constituting a public crisis that adversely impacts the quality of our health as well as our economy; and

WHEREAS, Title X of the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) has brought relief to

approximately one million Americans every year who face the loss of group health insurance through termination of employment, the death of a spouse, or other qualifying event; and

WHEREAS, The Consolidated Omnibus Budget Reconciliation Act of 1985 requires employers to offer, at the employee's expense, the continuation of group health insurance at group rates, to enrollees and their eligible dependents whose group coverage would otherwise end due to termination of employment, death of a spouse, or other qualifying event; and

WHEREAS, The terminated employee, the spouse of a deceased employee, or other dependent, may continue coverage for 18 to 36 months after a change in work or family status; and

WHEREAS, The rate for coverage is not to exceed 102 percent of the applicable premium charged for that employee's coverage for the applicable period preceding that employee's termination of employment; and

WHEREAS, A gap exists in this continuation coverage, to wit, terminated employees or dependents of employees cannot continue their COBRA coverage beyond 36 months; and

WHEREAS, Americans between the ages of 50 and 64 who lose group health insurance often have difficulty replacing it with affordable insurance and are disproportionately affected by this gap in COBRA coverage; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress and President of the United States are respectfully memorialized to extend the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) to enable individuals 50 years of age or older to continue participating in their employer provided group health plan after a qualifying event until the qualified beneficiary or beneficiary's spouse has attained the age to qualify for Medicare, or a beneficiary's dependent minor has reached the legal age of adulthood; and be it further

Resolved, Consistent with existing law, continuation coverage shall provide for health care benefits at a rate not to exceed 102 percent of the premium charged for that employee's coverage for the applicable period preceding that employee's termination of employment or change in work status without medical qualification or exclusions for preexisting medical conditions; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Majority Leader of the United States Senate, and to the United States Secretary of Health and Human Services.

RESOLUTION CHAPTER 56

Assembly Joint Resolution No. 46—Relative to illegal aliens.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, An estimated 18,000 illegal aliens who are convicted felons are being housed and fed in California's state prisons, five times more than any other state, have cost California taxpayers more than one billion dollars in the last five years, and will cost a projected $375 million during the 1994–1995 fiscal year; and

WHEREAS, California's prisons are overcrowded at 180 percent of capacity; and

WHEREAS, California's current inmate population is over 120,000 inmates as of March 1994, which is nearly double the system's design capacity; and

WHEREAS, The state prison population is projected to grow to at least 141,000 by 1997–1998; and

WHEREAS, California is suffering from a severe fiscal crisis; and

WHEREAS, The United States Congress is making trade agreements with other countries; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to negotiate with countries to whom the United States gives foreign aid or with whom the United States enters into trade agreements, for an agreement to require that nationals convicted of felonies in the United States, when they have entered the United States illegally, serve their prison sentences in their country of origin and that the term of each sentence to be served in a country of origin shall be comparable to the sentence imposed in the state within the United States wherein the crime occurred; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 57

Assembly Joint Resolution No. 52—Relative to the federal Safe Drinking Water Act.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, Providing the American people with safe and wholesome drinking water has long been an important national objective; and

WHEREAS, State and local water suppliers have attained this national objective by developing water systems that provide some of the safest drinking water in the world; and

WHEREAS, The water suppliers of this country have worked with state and federal officials to ensure this safe water at a reasonable cost; and

WHEREAS, Water treatment techniques applied in this country have eradicated waterborne organisms that have historically resulted in widespread disease and death; and

WHEREAS, Federal legislation and legislation enacted by many states aims to ensure that the quality of drinking water remains at a level that will protect the public health and safety from the threats posed by contaminants, both naturally occurring and those introduced by human activity, with particular legislative emphasis on significantly reducing public exposure to substances that may cause cancer or birth defects; and

WHEREAS, The federal Safe Drinking Water Act (42 U.S.C. 300f et seq.) is the foundation for this nation's drinking water protection, including an aggressive federal regulatory program administered in most states by the United States Environmental Protection Agency (EPA) and, in states that have qualified for "primacy," by state regulatory agencies; and

WHEREAS, The technical ability to detect and monitor the presence of substances in drinking water has, in some cases, outstripped scientific understanding of the impact of those substances on public health and safety; and

WHEREAS, On at least one occasion, in commenting on proposed federal regulations regarding radon in drinking water, the EPA's own Science Advisory Board criticized the regulatory principles that the EPA has relied on in promulgating regulatory requirements, questioning whether those requirements will significantly improve the public health; and

WHEREAS, Increasing regulatory requirements and concomitant costs threaten to make water a very expensive commodity, with the potential to place a significant financial burden on many Californians; and

WHEREAS, The use of financial resources to promulgate and enforce water quality regulations , some of which may be of minimal protective value, occurs at a time when the people of this country, particularly those in California, are having difficulty providing funding for many government programs and for needed improvements in our public infrastructure; and

WHEREAS, National and state water organizations, associations of public health officials, the National Governors Association, and the National Association of State Legislatures, have proposed amendments to the federal Safe Drinking Water Act that will both maintain a program to protect the public health and minimize some of the negative regulatory impacts on the water systems and the water consumers of this country; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States, when the federal Safe Drinking Water Act is reauthorized, to adopt amendments to that act that will preserve the federal requirements that ensure the protection of the public health and safety but will reduce the regulatory burden on drinking water providers and, in turn, reduce the financial burden on the citizens of this nation; and be it further

Resolved, That the Legislature respectfully memorializes the President and Congress to adopt amendments to the federal Safe Drinking Water Act recommended by various state and national water organizations, associations of public health officials, and the National Governors Association, that do all of the following:

(a) Revise present law that requires the EPA to establish water quality standards for 83 specified contaminants and requires the EPA to establish standards every three years thereafter for 25 additional contaminants, to, instead, require standards to be established in addition to the original list of 83 contaminants only when it is determined that a substance present in drinking water poses a potential public health risk.

(b) Require the EPA to revise the list of regulated substances or the standards applicable to those substances if new scientific findings indicate that a regulated substance does not pose a threat to the public health or safety or does not require as stringent a standard.

(c) Revise monitoring requirements so that the frequency of routine testing and reporting is reduced to a minimum when a public water system demonstrates that a substance is not, and has not historically been, present in its water supply.

(d) Replace existing public notification requirements that may cause undue public concern with more flexible rules that allow for adjusting the content of a public notice to the degree of health risk present.

(e) Recognize that, while some substances that pose a health hazard, such as radon, may be present in water, remediation efforts should be more heavily focused on the medium that poses the greatest risk of exposure, such as indoor air in the case of radon exposure, where those remedial efforts are more likely to provide the greatest public health benefits; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Administrator of the Environmental Protection Agency.

RESOLUTION CHAPTER 58

Assembly Joint Resolution No. 81—Relative to hate crimes.

[Filed with Secretary of State June 30, 1994.]

WHEREAS, United States Senator Dianne Feinstein (D-California) has introduced a bill (S. 1522) which would direct the United States Sentencing Commission to promulgate guidelines or amend existing guidelines to provide sentencing enhancements of not less than three offense levels for hate crimes; and

WHEREAS, United States Congressman Charles E. Schumer (D-New York) has introduced a bill (H.R. 1152) which would direct the United States Sentencing Commission to promulgate guidelines or amend existing guidelines to provide sentencing enhancements of not less than three offense levels for hate crimes; and

WHEREAS, Those two bills combine to make up the "Hate Crimes Sentencing Enhancement Act of 1994"; and

WHEREAS, The Sacramento area has witnessed and is still recovering from a series of racially motivated violent incidents, including the firebombings of the local National Association for the Advancement of Colored People headquarters, the Japanese-American Citizens League headquarters, the office of the Department of Fair Employment and Housing, the home of City Councilman Jimmie Yee, and the B'Nai Israel Synagogue; and

WHEREAS, California is a multiracial, multicultural state which expects to have a majority of communities of color by the year 2010; and

WHEREAS, The Legislature has demonstrated repeated dedication to the abolition of hate crimes by passing major pieces of hate crimes legislation that have come before them; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to swiftly pass and sign into law the "Hate Crimes Sentencing Enhancement Act of 1994"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 59

Senate Constitutional Amendment No. 38—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 15 of Article II thereof, relating to recall.

[Filed with Secretary of State June 30, 1994.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 15 of Article II thereof, to read:

SEC. 15. (a) An election to determine whether to recall an officer and, if appropriate, to elect a successor shall be called by the Governor and held not less than 60 days nor more than 80 days from the date of certification of sufficient signatures.

(b) A recall election may be conducted within 180 days from the date of certification of sufficient signatures in order that the election may be consolidated with the next regularly scheduled election occurring wholly or partially within the same jurisdiction in which the recall election is held, if the number of voters eligible to vote at that next regularly scheduled election equal at least 50 percent of all the voters eligible to vote at the recall election.

(c) If the majority vote on the question is to recall, the officer is removed and, if there is a candidate, the candidate who receives a plurality is the successor. The officer may not be a candidate, nor shall there be any candidacy for an office filled pursuant to subdivision (d) of Section 16 of Article VI.

RESOLUTION CHAPTER 60

Assembly Concurrent Resolution No. 77—Relative to Red Ribbon Week.

[Filed with Secretary of State July 5, 1994.]

WHEREAS, Californians for Drug Free Youth, Inc., a statewide parent-community organization, the State Department of Alcohol and Drug Programs, the State Department of Education, the California Parent Teacher Association, and the Attorney General's Crime Prevention Center are cosponsoring October 23 through October 31, 1994, as "Red Ribbon Week"; and

WHEREAS, Business, government, law enforcement, schools, religious institutions, service organizations, youth, senior citizens,

medical and military personnel, sports teams, and individuals throughout the State of California will demonstrate their commitment to drug-free, healthy lifestyles by wearing and displaying red ribbons during this week-long celebration; and

WHEREAS, The Assembly has further committed its resources to ensure the success of the Red Ribbon celebration; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Legislature does hereby support the Red Ribbon celebration by proclaiming October 23 through October 31, 1994, as "Red Ribbon Week," and by encouraging the citizens of California to help build drug-free communities and to participate in drug prevention activities by making a visible statement that we are firmly committed to a drug-free life; and be it further

Resolved, That the California Legislature encourages all citizens to personally support, "HEALTHY MEANS DRUG-FREE!" ; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

RESOLUTION CHAPTER 61

Assembly Joint Resolution No. 40—Relative to gaming on cruise ships.

[Filed with Secretary of State July 5, 1994.]

WHEREAS, The United States Passenger Services Act allows only United States-flagged ships to sail between United States ports, while foreign-flagged vessels are permitted to sail between California ports only as part of a longer journey; and

WHEREAS, Historically, United States-flagged cruise lines were prohibited from offering gambling on board their vessels, while foreign-flagged vessels have always had gambling on board their vessels; and

WHEREAS, The United States-flagged cruise industry has had difficulty in competing with foreign-flagged cruise lines; and

WHEREAS, In order to level the playing field, in 1992 Congress amended the federal Johnson Act to allow United States cruise ships to offer gambling; and

WHEREAS, Congress left the right to regulate or prohibit gambling on voyages or segments of voyages that are intrastate to the individual states; and

WHEREAS, California's efforts to prohibit gambling cruises to nowhere have had the effect of prohibiting gambling on cruise ships traveling between California's ports, even as part of a longer journey;

and

WHEREAS, Cruise ships are declining to visit California ports, citing a ban on cruise ship gambling; now, therefore, be it

Resolved, by the Assembly and the Senate of the State of California, jointly, That tourism is an important and vital industry to California, and that passengers disembarking from cruise ships in California ports add significantly to our economic base; and be it further

Resolved, That California memorializes Congress to amend the Johnson Act to remove California's authority to regulate gambling on cruise ships traveling to foreign ports or on segments of voyages going to another state or country; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 62

Assembly Joint Resolution No. 75—Relative to the New River.

[Filed with Secretary of State July 5, 1994.]

WHEREAS, The President of the United States and the President of Mexico signed an agreement on August 14, 1993, entitled "Agreement Between the United States of America and United Mexican States in Cooperation for the Protection and Improvement of the Environment in the Border Area"; and

WHEREAS, The Board of Supervisors of Imperial County and the Mexican State of Baja California Norte, on December 14, 1993, entered into a memorandum of understanding concerning environmental matters; and

WHEREAS, The recent approval of the North American Free Trade Agreement (NAFTA) strengthens the economic and environmental ties between Mexico and the United States; and

WHEREAS, The New River, which originates in Mexico and flows northward across the international boundary into California's Imperial County, is the most contaminated river in the United States, and is aesthetically repulsive to the residents of, and visitors to, Imperial County; and

WHEREAS, The Governor, on October 6, 1993, documented the health and public safety dangers associated with the unregulated discharges into the New River in a state of emergency proclamation; and

WHEREAS, Due to the international nature of this problem, it is the obligation if the United States, on behalf of the residents of the

State of California and Imperial County, to implement adequate measures to correct the contamination of the New River caused by discharges within the Republic of Mexico; and

WHEREAS, The contamination of the New River is caused by uncontrolled discharges of raw and inadequately treated sewage, highly toxic industrial, chemical, solid, and geothermal waste and seepage from major garbage dumps, slaughter houses, and industrial refuse within or near the City of Mexicali into the New River; and

WHEREAS, The contaminated waters of the New River flow into the Salton Sea, which discharges are incompatible with the ecological, recreational, and other beneficial uses associated with the Salton Sea; and

WHEREAS, Federal, state, and local public officials have documented the clear and present danger that the contaminated New River presents to residents of, and visitors to, Imperial County; and

WHEREAS, Immediate action to clean up the New River is essential for the health and safety of the public; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to implement measures, in cooperation with the Republic of Mexico and state and local public officials, to correct the contamination of the New River caused by discharges within the Republic if Mexico; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, each Senator and Representative from California in the Congress of the United States, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, and the Governor of California.

RESOLUTION CHAPTER 63

Assembly Joint Resolution No. 80—Relative to women's health care.

[Filed with Secretary of State July 5, 1994.]

WHEREAS, It is estimated that one of every nine women in the United States will develop breast cancer, with more than 36,000 women in their 40s dying each year from this disease; and

WHEREAS, There were 175,000 new cases of breast cancer diagnosed and 44,500 breast cancer deaths reported in 1991; and

WHEREAS, The five-year relative survival rate in women whose breast cancer is detected early when the disease is localized is over

90 percent, while the five-year relative survival rate drops to 18 percent when the disease is not detected early; and

WHEREAS, Breast cancer is a critical health concern for women, not only because it threatens life itself, but also because of its impact on the self-image and quality of life of women; and

WHEREAS, Women are more likely than men to have no health insurance because they are concentrated in small businesses and low-wage, part-time, or temporary work and their health needs and the illnesses that are more prevalent in women, such as breast cancer, have historically been ignored in clinical research; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and the Congress of the United States to include the provision for mammograms and other women's health care needs as an integral part of any nationwide health care benefit reform package; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 64

Assembly Concurrent Resolution No. 111—Relative to the Clarence Wayne Dean Memorial Interchange.

[Filed with Secretary of State July 8, 1994.]

WHEREAS, Clarence Wayne Dean was born in Los Angeles, California, on February 5, 1947; and

WHEREAS, Mr. Dean graduated from Cleveland High School in 1964, achieved the rank of Sergeant in the Marine Corps Reserve, and entered the Los Angeles Police Academy on April 21, 1968; and

WHEREAS, Upon graduation from the police academy, Mr. Dean was assigned to various patrol duties in Los Angeles; and

WHEREAS, After being awakened on January 17, 1994, by the Northridge earthquake, Mr. Dean was proceeding, in the early morning darkness on his police motorcycle, to his division for assignment in the damaged area; and

WHEREAS, Mr. Dean, while en route to his division, fell to his demise at the collapsed interchange of Interstate Highway Route 5 and State Highway Route 14 in Los Angeles County; and

WHEREAS, In recognition of his dedication to the Los Angeles Police Department, and the people of the City of Los Angeles, it is appropriate to designate the Interstate Highway Route 5 and State

Highway Route 14 Interchange as the "Clarence Wayne Dean Memorial Interchange"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the late Clarence Wayne Dean be commended for his dedication to the Los Angeles City Police Department and the safety of the people of the City of Los Angeles; and be it further

Resolved, That the Interstate Highway Route 5 and State Highway Route 14 Interchange is hereby officially designated the "Clarence Wayne Dean Memorial Interchange"; and be it further

Resolved, That the Department of Transportation is hereby requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering the cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 65

Senate Concurrent Resolution No. 55—Relative to the creation of the Joint Committee on Oversight of the State Library.

[Filed with Secretary of State July 8, 1994.]

WHEREAS, Subdivision (k) of Section 19320 of the Education Code authorizes the State Library to provide reference and research services to the Legislature; and

WHEREAS, The California Legislature, in the Budget Act of 1991, created a bureau in the State Library to implement this law; and

WHEREAS, The purpose of the bureau is to provide timely, objective information to the state government and the public-at-large and to enhance public access to state government research through improved dissemination of publications produced by the branches of state government; and

WHEREAS, The bureau now encompasses the activities and services of the State Library Reference Division under the supervision of the State Librarian; and

WHEREAS, The current and proposed state budgets continue state financial support for the bureau and reference division; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee on Oversight of the State Library is hereby established and authorized to do all of the following:

(1) Monitor the implementation of the law establishing the State

Library and its units and divisions.

(2) Oversee the State Library and the units, bureaus, and divisions therein.

(3) Make recommendations for improving public access to state government information and publications; and be it further

Resolved, That the Senate Committee on Rules may make money available from the Senate Operating Fund as necessary for the expenses of the committee; and be it further

Resolved, That the Joint Committee on Oversight of the State Library shall be composed of five members from the Senate appointed by the Senate Committee on Rules and five members from the Assembly appointed by the Speaker of the Assembly. The chairperson of the committee shall be appointed by the Senate Committee on Rules, and the vice chairperson shall be appointed by the Speaker of the Assembly; and be it further

Resolved, That the Joint Committee on Oversight of the State Library shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time; and be it further

Resolved, That the Joint Committee on Oversight of the State Library shall, within 15 days of authorization, and annually thereafter, present its annual budget to the Senate Committee on Rules for its review and comment; and be it further

Resolved, That the Joint Committee on Oversight of the State Library, subject to the approval of the Senate Committee on Rules, may contract with other agencies, public or private, as necessary to obtain services or studies that will assist the committee in carrying out its responsibilities; and be it further

Resolved, That the Joint Committee on Oversight of the State Library shall report to the Legislature at the end of each legislative session on its findings and recommendations; and be it further

Resolved, That the Joint Committee on Oversight of the State Library is authorized to act until January 31, 1995, at which time the committee's existence shall terminate.

RESOLUTION CHAPTER 66

Senate Joint Resolution No. 5—Relative to immigrants.

[Filed with Secretary of State July 8, 1994.]

WHEREAS, The State of California and other states have incurred and are continuing to incur extensive fiscal responsibilities for health, welfare, correctional, and educational services for immigrants entering the United States as a result of federal immigration and refugee policies, as well as a lack of federal controls on

undocumented noncitizens; and

WHEREAS, The federal government has long mandated or otherwise sought state services for immigrants and assumed a cumulative obligation to pay for them under the Refugee Act of 1980 (Public Law 96-212), the State Legalization Impact Assistance Grants pursuant to the Immigration Reform and Control Act of 1986 (Public Law 99-603), and the Omnibus Budget Reconciliation Act of 1986 (Public Law 99-509); and

WHEREAS, In the past four years, despite previous promises and commitments, the amount of federal immigration impact aid appropriated to California has been less than $200 million annually, which is well below the $2.5 billion needed to meet obligations this year; and

WHEREAS, Failure by the federal government to pay the obligated immigration impact payments is likely to result in state reductions in Supplemental Security Income/State Supplementary Program (SSI/SSP) grants; elimination of the Aid to Families with Dependent Children homeless assistance program; elimination of Medi-Cal optional eligibility categories for low-income, uninsured adults and children; elimination of Medi-Cal optional benefits; reductions in hospital inpatient reimbursements, and many other consequences; and

WHEREAS, In recent years federal taxes collected in California have substantially exceeded the expenditure of federal funds in the state, in some years reaching a low of 91 cents spent per dollar collected; and

WHEREAS, This trend is likely to be exacerbated in the current year because of further reductions in defense expenditures and closure of defense bases, to both of which California is particularly vulnerable; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to carry out existing federal law, including formal as well as implied commitments, by providing in the near future at least $400 million in federal funds to offset costs incurred by the state in providing health and social services to refugees and other immigrants; and be it further

Resolved, That the Legislature further memorializes the President and Congress to provide at least an additional $1.7 billion for the school year cost of educating undocumented immigrants in the public schools of California; and be it further

Resolved, That the Legislature further memorializes the President and the Congress to provide in the near future at least an additional $402 million dollars in federal funds for the state to cover the cost of incarcerating felons who are undocumented aliens whose presence in the United States is a federal responsibility; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States,

the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 67

Assembly Concurrent Resolution No. 126—Relative to a California Fire Museum.

[Filed with Secretary of State July 11, 1994.]

WHEREAS, The California Firefighter's Historical Society is a nonprofit, incorporated organization, dedicated to preserving the memory of past firefighters and firefighting equipment; and

WHEREAS, The California Firefighter's Historical Society has tax-exempt status, and is led and supervised by a board of directors with statewide membership representing several firefighter organizations throughout the State of California; and

WHEREAS, The City of Atwater, located in Merced County, has been selected as the site for a fire museum being developed by the California Firefighter's Historical Society; and

WHEREAS, Atwater is centrally located in California, therefore providing easy access to all Californians; and

WHEREAS, The museum is being funded by donations and grants; and

WHEREAS, The museum is endorsed by the Atwater City Council, the County of Merced Board of Supervisors, and the State Board of Fire Services; and

WHEREAS, Many California fire departments lack the storage capacity to retain old fire equipment and desire to donate their historical equipment to the fire museum in Atwater where equipment displays may be appreciated and enjoyed by many; and

WHEREAS, The Atwater Redevelopment Agency has sold property to the museum project; and

WHEREAS, The museum building will be over 30,000 square feet, with vast display areas for vehicles, small equipment, and hardware, and a recreation of old-time sleeping quarters to display personal effects; and

WHEREAS, The museum will complement the Castle Air Museum, the Steam Engine Museum east of Merced, and the State Gem Exhibition in Mariposa; and

WHEREAS, The museum ground breaking has already occurred and construction is scheduled to begin in 1995; and

WHEREAS, The museum will be a tribute to the distinguished history of the firefighting profession and industry; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature designates the museum that

is to be constructed in the City of Atwater and dedicated to the history of the firefighting profession and industry as a California Fire Museum.

RESOLUTION CHAPTER 68

Assembly Concurrent Resolution No. 135—Relative to commending the National Council on Alcoholism and Drug Dependence.

[Filed with Secretary of State July 13, 1994.]

WHEREAS, 1994 marks the 50th anniversary of the founding of the National Council on Alcoholism and Drug Dependence (NCADD), and it is appropriate at this time to highlight its many achievements and to underscore the positive impact that it has made in the field of treatment, education, and prevention of alcoholism and drug addiction; and

WHEREAS, NCADD was founded in 1944 by Mrs. Marty Mann, the first woman to successfully overcome alcoholism in Alcoholics Anonymous; and

WHEREAS, In the process of achieving Mrs. Mann's objective to create a nationwide, community-based organization to teach the American public that alcoholism is a treatable and preventable disease and to reduce the stigma associated with the disease, NCADD is credited with having originated many of the methods by which we currently treat and approach alcoholism and other drug addictions; and

WHEREAS, NCADD established the first library on alcoholism, produced the first publications on alcoholism for national distribution, held the first national general interest conference on alcoholism, offered the first alcoholism prevention and education classes, and started the first employee assistance program; and

WHEREAS, In 1970, NCADD, through its affiliates and friends in Congress, was responsible for passage of the Hughes Act that established the National Institute on Alcohol Abuse and Alcoholism and, consequently, the entire federal structure for research, prevention, and education efforts for alcoholism and other drug addictions; and

WHEREAS, NCADD founded the Research Society on Alcoholism, the Employee Assistance Professionals Association, and the National Nurses Society on Addictions that are currently separate organizations that play a vital role in the field of treatment, education, and prevention of alcoholism and drug addiction; and

WHEREAS, The American Society of Addiction Medicine was also once a part of NCADD and, in the 50 years since its founding, NCADD created and nurtured this and many other organizations

that have grown and flourished to provide the important diversity of thought and action that characterizes the field of treatment, education, and prevention of alcoholism and drug addiction; and

WHEREAS, In 1944 only 5 percent of the American public believed that alcoholism was a disease but, due to the untiring efforts of NCADD and the many organizations it has created, nurtured, and supported, by 1987, 85 percent of Americans recognized alcoholism as a disease; and

WHEREAS, NCADD has helped literally millions of Americans through its national office and almost 200 affiliates throughout the United States that offer medical and scientific information, prevention and education programs, public awareness campaigns, public advocacy at the state and national levels, counseling and referral programs, toll-free help lines, and hundreds of hours of volunteered time; and

WHEREAS, Without NCADD and its distinguished history, the world as we know it would be a very different place; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commends the National Council on Alcoholism and Drug Dependence for the outstanding contributions that it has made to improving the quality of life of all Americans and that it be extended sincere best wishes for continued success in the future.

RESOLUTION CHAPTER 69

Senate Joint Resolution No. 37—Relative to natural disasters.

[Filed with Secretary of State July 14, 1994.]

WHEREAS, The Northridge Earthquake occurred on January 17, 1994, measuring 6.6 on the Richter Scale, causing more than 50 deaths, thousands of injuries, and an estimated 20 to 30 billion dollars in direct economic damages to Los Angeles and Ventura Counties; and

WHEREAS, More than 18,000 people have been forced from their homes and businesses as a result of this recent tragic earthquake; and

WHEREAS, Schools, hospitals, water systems, freeways, and other vital systems have been destroyed or heavily damaged by this natural disaster; and

WHEREAS, California has experienced in recent years the 1987 Whittier-Narrows Earthquake, the 1988 Winter Freeze, the 1989 Loma Prieta Earthquake, the 1991 East Bay Firestorm, the 1992 Los Angeles Unrest and Riots, and the 1993 Wildfires of Southern California, with tragic losses of life and property; and

WHEREAS, The seismic experts warn that California continues to

be at risk of an even more disastrous earthquake than those experienced in the last 50 years, one which may register 8.0 or more on the Richter Scale; and

WHEREAS, A significant number of other states are also subject to disastrous earthquakes and all states are in danger of other major disasters such as hurricanes, tornadoes, and floods, which endanger thousands of lives and cause billions of dollars in property damages; and

WHEREAS, A catastrophic earthquake in a populated, developed area would inflict severe damage on the nation's economy; and

WHEREAS, Consumers, insurance companies, and government at all levels need to make advance preparations including taking mitigation measures and applying cooperative efforts to respond to a major earthquake disaster; and

WHEREAS, The Natural Disaster Protection Act has developed a program for both a primary residential earthquake program and federal reinsurance program to provide an economic safety net in the event of a major earthquake; and

WHEREAS, The Natural Disaster Protection Act would ensure that the public receives affordable, reliable, and adequate insurance against the risk of earthquake, protect people and businesses by providing for the prompt and efficient handling of claims, reduce the inevitable economic fallout from a devastating earthquake, and avoid large amounts of federal disaster relief by relying on a prefunding mechanism through the vehicle of insurance; and

WHEREAS, In addition to providing for protection from earthquakes, the Natural Disaster Protection Act would also provide protection from hurricanes and volcanic eruptions; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress and the President of the United States to enact the Natural Disaster Protection Act, contained in S. 1350 and HR 2873, which establishes a federal program of hazard insurance, mitigation, and reinsurance against the risks of catastrophic disasters such as earthquakes, hurricanes, windstorms, volcanic eruptions, and flooding, it being understood that this memorialization of support for the Natural Disaster Protection Act is expressly conditioned upon the bills being amended before enactment to provide equitable treatment for policyholders in the various states of the Union; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 70

Senate Concurrent Resolution No. 32—Relative to the Gillian Cichowski Memorial Overcrossing.

[Filed with Secretary of State August 12, 1994.]

WHEREAS, Gillian Cichowski, an active community volunteer and a mother of two children, was killed while attempting to make a left turn on State Highway Route 17 near the Lexington Reservoir; and

WHEREAS, Her death was a catalyst to other community members who had been advocating for safety improvements in the area; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Bear Creek Overpass on State Highway Route 17 at the Lexington Reservoir is hereby officially designated the Gillian Cichowski Memorial Overcrossing; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of erecting appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources to recover the costs, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 71

Senate Concurrent Resolution No. 46—Relative to the Sig Sanchez Highway.

[Filed with Secretary of State August 12, 1994.]

WHEREAS, Sig Sanchez was born on November 11, 1920, in Hollister, California, to Julian and Anastasia Sanchez; and

WHEREAS, Sig Sanchez entered the field of agriculture as a grower in 1940, and branched out five years later into several businesses, including warehousing, commercial real estate, and real estate development; and

WHEREAS, From 1954 to 1958, Sig Sanchez served two terms on the Gilroy City Council; and

WHEREAS, From 1958 to 1963, Sig Sanchez served two terms as mayor of the City of Gilroy; and

WHEREAS, From 1963 to 1978, Sig Sanchez served four terms as a Santa Clara County Supervisor from District I, from 1969 to 1970, he served as President of the County Supervisors Association of California, and in 1978, he retired from the Santa Clara County Board

of Supervisors ; and

WHEREAS, Beginning in 1980, Sig Sanchez was appointed by the Santa Clara Board of Supervisors to the Santa Clara Valley Water District for four terms, and he provided strong leadership and served with great distinction representing the county-at-large; and

WHEREAS, After his retirement from the board of supervisors, Sig Sanchez continued his career in community service, now outside of politics, as he served on several boards to benefit local organizations, including HOPE Rehabilitation, Wheeler Hospital, South Valley Hospital, Health Dimensions, Inc., and the Odd-Fellows and Rebekahs Children's Home, assisting many of these organizations with capital campaigns; and

WHEREAS, During his tenure as mayor and as a county supervisor, the passion and perseverance of Sig Sanchez overcame several obstacles so as to allow the building of the Morgan Hill Bypass on State Highway Route 101 in the County of Santa Clara; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Morgan Hill Bypass on State Highway Route 101 in the County of Santa Clara is hereby officially designated the Sig Sanchez Highway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 72

Senate Joint Resolution No. 23—Relative to nursing facilities.

[Filed with Secretary of State August 12, 1994.]

WHEREAS, Increasing state budget pressures may compel fine assessment to a level where they trigger nurse aide training program disapprovals; and

WHEREAS, The initiation of either a partial or extended survey and the imposition of civil monetary penalties, regardless of survey findings, abolishes an approved nurse aide training program for two years even though there may be no relationship or violation of standards relevant to the nurse aide training program; and

WHEREAS, Approximately 90 to 100 nurse aide training programs will be disapproved this year which will prevent 1,200 to 1,300 nurses aides from receiving necessary training; and

WHEREAS, Facility-based training programs comprise one-half of all nurse aide training programs and are critical to the maintenance of a labor resource; and

WHEREAS, Onsite nurse aide training programs promote quality care in a long-term health care facility; and

WHEREAS, The disapproval of a program for two years constitutes a disincentive to the establishment of a well-trained nursing staff, and henceforth, serves to reduce the quality of care provided to nursing facility residents; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation that would require governmental agencies responsible for the disapproval of a nurse aid training program to disapprove a nurse aid training program only for violations of regulations that directly relate to the quality of the nurse aide training program and, once the problems are resolved, to permit the timely reapproval of the nurse aide training program within the nursing facility; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California.

RESOLUTION CHAPTER 73

Assembly Joint Resolution No. 87—Relative to special education funding.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, The Congress of the United States enacted the Education for All Handicapped Children Act of 1975 (Public Law 94-142), now known as the Individuals with Disabilities Education Act (IDEA), to assure that all children with disabilities in the United States have available to them a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of children with disabilities and their parents or guardians are protected, to assist states and localities to provide for the education of all children with disabilities, and to assess and assure the effectiveness of efforts to educate children with disabilities; and

WHEREAS, The Congress of the United States developed a formula in 1975 to determine the maximum amount of funding to which states are entitled for purposes of implementing the federal mandates to provide special education and related services. That entitlement amounts to "40 per centum, for the fiscal year ending

September 30, 1982, and for each fiscal year thereafter, of the average per pupil expenditure in public elementary and secondary schools in the United States," multiplied by the number of children receiving special education and related services; and

WHEREAS, 1995 budget appropriations measures currently pending before Congress only propose to fund special education programs in the states, under Part B of IDEA, at approximately 7 percent. That amount is 3 percent less than Section 1411 of Title 20 of the United States Code authorized for the fiscal year ending September 30, 1979; and

WHEREAS, The California Master Plan for Special Education was approved for statewide implementation in 1980 on the basis of the anticipated federal commitment to fund special education programs at the federally authorized level; and

WHEREAS, The Governor's Budget for the 1994–95 fiscal year includes $1.6 billion in General Fund support for special education programs; and

WHEREAS, The State of California anticipates receiving approximately $220 million in federal special education funds under Part B of IDEA for the 1994–95 school year, even though the federally authorized level of funding would provide over $900 million annually to California; and

WHEREAS, In addition to the $168 million local general fund contribution required by state law, local educational agencies in California have to pay for the underfunded federal mandates for special education programs, at the cost of approximately $600 million annually, from regular education program money, thereby reducing funding that is available for other education programs; and

WHEREAS, Whether or not California participates in the IDEA grant program, the state has to meet the requirements of Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 701) and its implementing regulations (34 C.F.R. 104), which prohibit recipients of federal financial assistance, including educational institutions, from discriminating on the basis of disability, yet no federal funds are available under that act for state grants; and

WHEREAS, California is committed to providing a free and appropriate public education to children and youth with disabilities, in order to meet their unique needs; and

WHEREAS, The California Legislature is extremely concerned that, since 1978, Congress has not given states the full amount of financial assistance necessary to achieve its goal of ensuring children and youth with disabilities equal protection of the laws; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and Congress of the United States to provide the full 40 percent federal share of funding for special education programs by the year 2000, so that California and other states participating in these critical programs will not have to take funding from other vital state and

local programs to fund underfunded federal mandates; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Committee on the Budget and the Chair of the House Committee on the Budget, to the Senate Committee on Appropriations and the Chair of the House Committee on Appropriations, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Education.

RESOLUTION CHAPTER 74

Assembly Concurrent Resolution No. 114—Relative to state trade and commerce with Japan and other Pacific Rim nations.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, California continues to suffer a very painful economic recession, together with a terrible loss of many jobs; and

WHEREAS, International trade is a vital and growing component of California's future economic development and job creation; and

WHEREAS, The coming 21st century offers unique and grand opportunities for California to engage prosperously in the Pacific Rim; and

WHEREAS, There will soon be more than 1 billion middle-class consumers in East Asia, a market we cannot afford to ignore; and

WHEREAS, California owes it to itself to maximize every opportunity for establishing and improving relationships with the nations of the Pacific Rim; and

WHEREAS, At this point in time Japan is the most advanced of the economies in the Pacific Rim; and

WHEREAS, Extending ourselves into a more proactive and attentive and thoroughgoing relationship with Japan will serve to improve our economic relation and success with Japan; and

WHEREAS, This effort can provide California an instructive experience and valuable working model to be replicated with each of the other nations of the Pacific Rim in years to come; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Trade and Commerce Agency is hereby requested to seek proactively to develop a working partnership with the Japanese Ministry of International Trade and Industry (MITI); and be it further

Resolved, That the Trade and Commerce Agency is requested to reach out and seek to develop a working partnership with the Japan

External Trade Organization (JETRO); and be it further

Resolved, That the Trade and Commerce Agency is further requested to invite JETRO to place one of its personnel to work in the California Office of Export Development, to collaborate with the state in the promotion of exports from California to Japan, and acknowledging our error in earlier refusing such an offer; and be it further

Resolved, That JETRO personnel assist in export promotion only, and be specifically restricted from being involved in foreign investment projects, to ensure confidentiality for potential Japanese investors in California; and be it further

Resolved, That the Trade and Commerce Agency consider becoming an active member of the Japan Western Association (formerly known as the Japan California Association), for the purpose of developing stronger personal relationships and expanded economic endeavors between business leaders of California and Japan; and be it further

Resolved, That the Trade and Commerce Agency encourage the major trade and commercial and economic development associations and businesses in the state to consider participation in the Japan Western Association; and be it further

Resolved, That the Governor and the Legislature of the State of California pay more attention to engaging in additional vehicles and opportunities for the state to improve relationships and trade and commerce with Japan and the other nations of the Pacific Rim; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of California, the Trade and Commerce Agency, the leaders of California's major trade and business organizations, the Japanese Ministry of International Trade and Industry, the Japan External Trade Organization, and the Japan Western Association.

RESOLUTION CHAPTER 75

Assembly Concurrent Resolution No. 138—Relative to Code Enforcement Week.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, The California Code Enforcement Council is celebrating Code Enforcement Week during the week of September 24 through September 30, 1994; and

WHEREAS, It is the purpose of the California Code Enforcement Council:

(1) To build and maintain a statewide organization of code

enforcement officials who represent cities, counties, state government, and other related agencies;

(2) To foster standards, both professional and educational, for all persons employed in or performing duties which relate to or depend upon knowledge of code enforcement procedures and regulations;

(3) To administer periodic and regular training and educational opportunities for its members;

(4) To promote certification of members who meet minimum educational, training and other requirements; and,

(5) To foster mutual support among members and to promote and develop the code enforcement profession; and

WHEREAS, The code enforcement profession plays an integral role in maintaining a high quality of life for Californians by increasing the public's safety, preventing deterioration and blight in neighborhoods, and protecting property values throughout the state; and

WHEREAS, By calling attention to the purpose of the California Code Enforcement Council and the effects the code enforcement profession has on improving the quality of life in our communities, Californians will recognize the code enforcement profession's worthy commitment to the future of our state; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the week of September 24 through September 30, 1994, as Code Enforcement Week and urges all Californians to recognize and support code enforcement officials statewide for their efforts to improve the quality of life in our state.

RESOLUTION CHAPTER 76

Assembly Joint Resolution No. 66—Relative to employment taxes.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, A child under the age of 18, or a son, daughter, or spouse who provides in-home care services to a disabled family member for compensation from that disabled family member may not be subject to employment taxes; and

WHEREAS, Among 13 million households with disabled persons, there are 7 million Americans who are spouses or children of an older adult with a disability; and

WHEREAS, 80 to 90 percent of the care for disabled older Americans is provided by a family member; and

WHEREAS, The federal government requires a disabled person, who compensates any immediate family member over one thousand dollars ($1,000) per quarter for providing in-home domestic services, to pay certain employment taxes; and

WHEREAS, If a disabled person is able and willing to compensate any immediate family member for in-home domestic services in order for the person to maintain his or her quality of life and independence, that person should not be considered an employer; and

WHEREAS, In order for an immediate family member to perform in-home domestic services for a disabled family member, the immediate family member may have to be compensated in order to maintain his or her livelihood and should not be considered an employee; and

WHEREAS, Exempting disabled family members from paying employment taxes could potentially result in additional family members taking on the role of providing in-home care services and thereby allow those immediate family members who have been providing those services to better maintain their livelihood; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact legislation that would exempt disabled persons from paying any employment taxes when they compensate any immediate family member who provides domestic services in their home; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 77

Assembly Joint Resolution No. 72—Relative to federal mandates.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, The California Department of Finance has calculated that the state faces federal mandates in 1993–94 of $7.5 billion and in 1994–95 of $7.7 billion; and

WHEREAS, These mandates place the economy of the State of California in a precarious position since these mandates divert funds whose use could be better determined by the people of the State of California; and

WHEREAS, The federal government should provide the necessary funds for federally mandated programs or relieve the State of California from those mandates; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California, respectfully

memorializes the President and Congress of the United States to provide funding for, or relieve the State of California from, federally mandated programs; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 78

Assembly Joint Resolution No. 88—Relative to the Republic of Armenia.

[Filed with Secretary of State August 17, 1994.]

WHEREAS, On April 29, 1993, the Legislature of the State of California, through Resolution Chapter 23 of the Statutes of 1993 (Assembly Joint Resolution 28), called upon the President and the Congress of the United States to take immediate steps necessary to cause Azerbaijan to cease its illicit blockade of the Republic of Armenia and called upon that country and Turkey to resume honoring transit rights for shipments of food and fuel to the neighboring people of the Republic of Armenia; and

WHEREAS, Since that time, the blockades imposed officially by Azerbaijan and de facto by Turkey have been continued in flagrant violation of international law, resulting in thousands of additional deaths and untold suffering falling disproportionately to infants and elderly persons within the Republic of Armenia; and

WHEREAS, The blockades against the Republic of Armenia constitute an extension of the ethnic cleansing perpetrated by Azerbaijan against the inhabitants of the independent, ethnically Armenian enclave of Nagorno Karabagh; and

WHEREAS, Azerbaijan has not responded to repeated calls by the international community to cease its attacks on Nagorno Karabagh, but has instead, with the assistance of Turkey, recruited foreign mercenaries and military advisers in an escalation of the conflict which threatens to destabilize the entire region; and

WHEREAS, The Republic of Armenia is not at war with any other country, makes no territorial claims against any other country, and has continuously called for an unconditional cease fire and for a peaceful resolution of the conflict involving neighboring Nagorno Karabagh; and

WHEREAS, The Republic of Armenia is among the first democracies to emerge from the former Soviet Union and has undertaken the most comprehensive legal, economic, political, and social transformation to a Western-oriented free market economy;

and

WHEREAS, The Republic of Armenia's transformation to democratic and free market institutions is supported through advice and assistance from the United States, which has joined with Armenia as its partner in development through most-favored nation trade relations, through establishment in the Republic of Armenia of the first United States foreign aid mission to the former Soviet Union, and through representation of numerous American governmental, educational, and private sector institutions; and

WHEREAS, The State of California is a particular partner in the transformation and development of the Republic of Armenia through the assistance of University of California extension programs, and a broad range of public and private educational, agricultural, and institution-building activities, as well as considerable private investment and cooperative undertakings linking the business communities of California and the Republic of Armenia; and

WHEREAS, The continuing blockades of the Republic of Armenia by Azerbaijan and Turkey, along with the recruitment of foreign mercenaries and military advisers, threatens the peace and stability of the entire region and undermines the policies, interests, and ongoing efforts of the United States to bring about a peaceful resolution of Azerbaijan's conflict with Nagorno Karabagh; and

WHEREAS, The continuing blockades of the Republic of Armenia undermine efforts of the United States and the State of California to further the Republic of Armenia's continued peaceful economic development and transition to Western-oriented democratic and free market institutions; and

WHEREAS, California remains vitally concerned with the survival and well-being of the democratic Republic of Armenia and its people; and

WHEREAS, California remains unwilling to bear witness to the second genocide of Armenians in this century, especially at a time when the United States can exercise significant influence on Azerbaijan and Turkey to comport their conduct with international law; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California once again respectfully memorializes the President and the Congress of the United States to take immediate steps necessary to cause Azerbaijan to cease its illicit blockade of the Republic of Armenia and calls upon that country and Turkey to resume honoring transit rights for shipments of food and fuel to the neighboring people of the Republic of Armenia, to respect international calls for a comprehensive cease fire in Nagorno Karabagh, and to remove foreign mercenaries and advisers at once; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each

Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 79

Assembly Joint Resolution No. 92—Relative to the Southwest Complex.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, The national security interests of the United States are constantly changing in response to changing world conditions and threats; and

WHEREAS, The Armed Forces of the Unites States must adapt to these changing circumstances and be prepared to respond to them with resourcefulness and innovation; and

WHEREAS, The Southwest Complex consists of China Lake and Point Mugu Naval Air Weapons Station, the Naval Air Warfare Center Weapons Division (China Lake and Point Mugu) (NAWCWPNS), the Naval Air Weapons Station: Point Mugu, Edwards Air Force Base, National Training Center-Fort Irwin (Army), Marine Corps Air Ground Combat Center (MCAGCC) at Twentynine Palms, all in California plus Nellis Air Force Base and Fallon Air Naval Station in Nevada, and the Utah Test Training Center; and

WHEREAS, The retention of these facilities that comprise the Southwest Complex is vital, not only to the State of California, but to national security; and

WHEREAS, The Southwest Complex contains the largest protected military air corridor and flight zone in the United States. The climactic conditions of the complex permit more than 350 flight and test days annually; the corridor is not endangered by community encroachment, and the operations involve all military services in a cooperative effort; and

WHEREAS, The National Aeronautic Space Agency (NASA) Dryden Flight Research Center at Edwards Air Force Base is the agency's premier installation for aeronautical flight research and also supports the space shuttle program as the primary and backup landing site; and

WHEREAS, Edwards Air Force Base, with its Rogers and Rosamond Dry Lake Beds within 68 miles of runway, the largest being seven and one-half miles long, provides the longest emergency landing field in the world; and

WHEREAS, Edwards Air Force Base, with over 20,000 square miles of uninterrupted air space for flight testing over numerous unpopulated areas cannot be duplicated in the United States; and

WHEREAS, The Benefield Anechoic Facility at Edwards Air

Force Base is the largest radar and electronic threat testing system in the world; and

WHEREAS, Edwards Air Force Base is home to the Air Force Flight Test Center, NASA Dryden Flight Research Center, the Army Aviation Flight Test activity, and the Phillips Laboratory; and

WHEREAS, The 21,000 plus employees provide a combined economic impact of approximately $2.2 billion per year to the Antelope Valley and southern California; and

WHEREAS, Point Mugu controls and operates a 36,000 square mile sea test range for the purpose of testing weapons and targeting systems over a sea environment simulating at-sea conditions; and

WHEREAS, Located within the sea test range are radar and communication facilities located on Santa Cruz and San Nicolas Islands and the Navy operates an outlying landing facility on the Navy-owned San Nicolas Island; and

WHEREAS, These islands as well as a 1,457 foot nearby peak next to Point Mugu provide for a unique geographic location to conduct the highly instrumented tests and record the precise measurements necessary in the development and testing of new weapons; and

WHEREAS, No other test site offers this unique geographic setting of island-sea-mountains with this kind of sophisticated measuring and tracking capabilities; and

WHEREAS, The NAWCWPNS (Point Mugu and China Lake) mission is to be the premier facility for the development and testing of air warfare systems and missile weapons systems for the Fleet and Joint Department of Defense efforts; and

WHEREAS, The Naval Air Warfare Center Weapons Division with principle sites at China Lake and Point Mugu, California provides the Department of Defense with product-focused full life cycle management; and

WHEREAS, The China Lake R-2508 restricted and instrumented air space of 17,000 square miles and the sea range at Point Mugu of 36,000 square miles allow earth to infinity testing and evaluation of airborne weapons systems, missiles, and missile subsystems; and

WHEREAS, The Naval Air Warfare Center Weapons Division at China Lake is the site of the Navy's largest research and development laboratory consisting of 38 percent of the Navy's land holdings; and

WHEREAS, Most of the airborne weapons used in the Gulf War had developmental or test and evaluation roots in China Lake, 75 percent of all weapons used in Vietnam were developed or tested at China Lake; and

WHEREAS, The estimated worth of the China Lake physical plant is $2 billion including more than $50 million of construction now underway or scheduled for ground-breaking this fiscal year. The budget for the China Lake site in the 1993–94 fiscal year is between $1 and $2 billion and the total China Lake payroll is $242 million for the 1993–94 fiscal year; and

WHEREAS, The National Training Center (NTC) was selected by

the United States Army as the best of 11 possible sites and was activated at Fort Irwin, California in 1980, and became the Army's first combat training center. The NTC contains 400,000 acres for maneuver areas and favorable weather conditions; and

WHEREAS, All of the units committed to combat in Iraq during the recent Persian Gulf War had been trained at the NTC. These units took only 100 hours to subdue the world's fourth most powerful Army while sustaining minimal American casualties thus making the Persian Gulf War the best illustration of the importance of the NTC; and

WHEREAS, NASA operates its Goldstone Deep Space Communication Center on 32,000 acres of property at Fort Irwin; and

WHEREAS, The NTC with over six million square feet in real property and two complete fleets of armored battlefield equipment operates annually on a combined budget that approached $180 million, and with an average payroll of nearly $120 million is responsible for approximately 20 percent of the greater Barstow area's economy; and

WHEREAS, The NTC is home to 4,500 soldiers, nearly 6,000 Army family members with Department of the Army civilian workers and base operations contractors, making the NTC similar to a city of 12,000; and

WHEREAS, The NTC of today prepares combat maneuver task forces, battalions, brigades, divisions, and corps for combat in an environment that permits individuals and units to sharpen their skills in the most realistic environment short of actual combat; and

WHEREAS, The Marine Corps Training Center (MCTC) at Twentynine Palms, occupies 932 square miles of the Southern Mojave Desert and each year trains one-third of the Fleet Marine Reserve units; and

WHEREAS, The MCTC's two major tenant commands are: the 7th Marines (Reinforced) whose mission is to prepare combat ready units and serve as a source of desert and mountain operations experience, as well as to provide the ground combat element for the Marine Air Ground Tax Force (MAGTF) and to maintain an amphibious readiness capability as part of the 1st Marine Division; and

WHEREAS, There are more than 350 Marine and Navy officers and nearly 6,000 Marines and Sailors within the 7th Marines (Reinforced); and

WHEREAS, The Marine Corps Communication-Electronics School (MCCES) which evaluates new communication and electronic systems trains Marines in electronic fundamentals, operational communication, air control, antiair warfare, and maintenance of communication-electronics equipment. The MCCES is the Marine Corps' largest formal school graduating 6,000 Marines a year; and

WHEREAS, The Marine Corps Training Center is the site of the

thousands of yearly aircraft operations associated with training exercises; and, now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature acknowledges and supports the Southwest Complex; and be it further

Resolved, That the Legislature memorializes the Base Realignment and Closure Commission, the President, and the Congress of the United States to support the Southwest Complex; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, to each member of the Base Realignment and Closure Commission, to the President and Vice President of the United States, to the Secretary of Defense, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 80

Assembly Concurrent Resolution No. 140—Relative to a memorial for Robert Moretti.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, Robert Moretti, dynamic former Speaker of the Assembly, passed away 10 years ago on May 12, 1984, at the age of 47; and

WHEREAS, Bob Moretti was first elected to the California State Legislature in 1964, at the age of 28, to represent the 42nd Assembly District, which included Van Nuys, Panorama City, Sun Valley, Pacoima, and parts of North Hollywood, and at that time he was the youngest Member of the Assembly; and

WHEREAS, Born in Detroit, Michigan, June 3, 1936, he attended and graduated from elementary schools of the Detroit public school system and, upon graduation, attended the University of Detroit High School for two years before coming with his family to California in 1952, where he entered Notre Dame High School in Sherman Oaks and was graduated Magna Cum Laude in June of 1954; and

WHEREAS, In September, 1954, he entered the University of Notre Dame in South Bend, Indiana, was elected to student government posts three of the four years there and, soon after graduation, in June, 1958, was married to the former Marilyn Ann Stotko and established residence in North Hollywood; and

WHEREAS, In 1965, Bob was elected a member of the Assembly Rules Committee and in 1966, he became the first freshman legislator to be Chairman of the Finance and Insurance Committee, and also served as Chairman of the Governmental Organization Committee and as a member on the Revenue and Taxation Committee and the

Subcommittees on Unemployment Insurance and Government Efficiency and Cost Control; and

WHEREAS, In 1965, Bob Moretti was named an "Outstanding Freshman Legislator" by the Capitol press corps, was chosen as one of the 36 state legislators from across the nation to attend a seminar of the Eagleton Institute of Politics at Rutgers University on upgrading the State Legislature, and he later lectured at the University of Illinois, the University of California at Riverside, and the Eagleton Institute of Politics at Rutgers University; and

WHEREAS, In 1971, at the age of 34, Bob Moretti was elected Speaker of the Assembly, and was known throughout his tenure as a skilled legislator who was able to forge difficult compromises and gain bipartisan respect and confidence, and was well known for his generous spirit and the helping hand he gave so many people; and

WHEREAS, The people of California are fortunate to have been served by a person as truly outstanding as Bob Moretti, who displayed a special care and concern for others; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That a memorial in Capitol Park be dedicated to the memory of Robert Moretti, whose outstanding service to California will always be remembered; and be it further

Resolved, That the memorial consist of three bronze-framed wooden benches, arranged in a circle around a concrete ring that is covered with California tiles and inset in the center with a bronze plaque, and that the memorial be built in the east end of Capitol Park, between 12th Street and 13th Street, on the north side of the divider; and be it further

Resolved, That funds for construction of the memorial may be collected by the Assembly Committee on Rules and the Senate Committee on Rules from both private and public sources and that all expenditures of those funds shall be approved by the Assembly Committee on Rules and the Senate Committee on Rules; and be it further

Resolved, That plans for the memorial be submitted to the Assembly Committee on Rules and the Senate Committee on Rules for final review and approval; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Chair of the Assembly Committee on Rules and to the Chair of the Senate Committee on Rules.

RESOLUTION CHAPTER 81

Senate Concurrent Resolution No. 34—Relative to the California Law Revision Commission.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, The California Law Revision Commission is authorized to study only topics set forth in the calendar contained in its report to the Governor and the Legislature that are thereafter approved for study by concurrent resolution of the Legislature, and topics that have been referred to the commission for study by concurrent resolution of the Legislature; and

WHEREAS, The commission, in its annual report covering its activities for 1993, lists 30 topics, all of which the Legislature has previously authorized or directed the commission to study, lists one new topic that the commission recommends it be authorized to study, and lists seven topics that the commission recommends be deleted from its calendar of topics; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature approves for continued study by the California Law Revision Commission the topics listed below, all of which the Legislature has previously authorized or directed the commission to study:

(1) Whether the law relating to creditors' remedies (including, but not limited to, attachment, garnishment, execution, repossession of property (including the claim and delivery statute, self-help repossession of property, and the Commercial Code repossession of property provisions), civil arrest, confession of judgment procedures, default judgment procedures, enforcement of judgments, the right of redemption, procedures under private power of sale in a trust deed or mortgage, possessory and nonpossessory liens, and related matters) should be revised.

(2) Whether the California Probate Code should be revised, including, but not limited to, whether California should adopt, in whole or in part, the Uniform Probate Code.

(3) Whether the law relating to real and personal property (including, but not limited to, a Marketable Title Act, covenants, servitudes, conditions, and restrictions on land use or relating to land, possibilities of reverter, powers of termination, Section 1464 of the Civil Code, escheat of property and the disposition of unclaimed or abandoned property, eminent domain, quiet title actions, abandonment or vacation of public streets and highways, partition, rights and duties attendant upon assignment, subletting, termination, or abandonment of a lease, powers of appointment, and related matters) should be revised.

(4) Whether the law relating to family law (including, but not limited to, community property) should be revised.

(5) Whether the law relating to the award of prejudgment interest in civil actions and related matters should be revised.

(6) Whether the law relating to class actions should be revised.

(7) Whether the law relating to offers of compromise should be revised.

(8) Whether the law relating to discovery in civil cases should be

revised.

(9) Whether a summary procedure should be provided by which property owners can remove doubtful or invalid liens from their property, including a provision for payment of attorney's fees to the prevailing party.

(10) Whether acts governing special assessments for public improvements should be simplified and unified.

(11) Whether the law on injunctions and related matters should be revised.

(12) Whether the law relating to the rights and disabilities of minor and incompetent persons should be revised.

(13) Whether the law relating to custody of children, adoption, guardianship, freedom from parental custody and control, and related matters should be revised.

(14) Whether the Evidence Code should be revised.

(15) Whether the law relating to arbitration should be revised.

(16) Whether the decisional, statutory, and constitutional rules governing the liability of public entities for inverse condemnation should be revised (including, but not limited to, liability for damages resulting from flood control projects) and whether the law relating to the liability of private persons under similar circumstances should be revised.

(17) Whether there should be changes to administrative law.

(18) Whether the law relating to the payment and the shifting of attorneys' fees between litigants should be revised.

(19) Whether the law relating to the adjudication of child and family civil proceedings should be revised, and whether a Family Relations Code should be established.

(20) Whether the Uniform Unincorporated Nonprofit Association Act, or parts of the Uniform Act, and related matters should be adopted in California.

(21) Whether the law governing unfair competition litigation under Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code should be revised to clarify the scope of the chapter and to resolve procedural problems in litigation under the chapter, including the res judicata and collateral estoppel effect on the public of a judgment between the parties to the litigation, and related matters.

(22) Whether the requirement of paragraph (2) of subdivision (b) of Section 800 of the Corporations Code that the plaintiff in a shareholder's derivative action must allege the plaintiff's efforts to secure board action or the reasons for not making the effort, and the standard under Section 309 of the Corporations Code for protection of a director from liability for a good faith business judgment, and related matters, should be revised.

(23) The proposed amendment to the Constitution contained in SCA 3 (Lockyer) of the 1993–94 Regular Session, pertaining to the unification of the trial courts, with recommendations to be forwarded to the Legislature by February 1, 1994, pertaining to the

appropriate composition of the amendment, and further recommendations to be reported pertaining to statutory changes that may be necessitated by court unification; and be it further

Resolved, That the Legislature refers to the California Law Revision Commission for study the new topic listed below:

(1) Whether Section 351 of the Code of Civil Procedure, relating to tolling statutes of limitations while the defendant is out of state, and related matters should be revised; and be it further

Resolved, That the Legislature deletes from the calendar of the California Law Revision Commission the topics listed below, all of which the Legislature has previously authorized or directed the commission to study and all of which the commission has completed its study of:

(1) Whether the law relating to involuntary dismissal for lack of prosecution should be revised.

(2) Whether the law relating to statutes of limitations applicable to felonies should be revised.

(3) Whether the law relating to modification of contracts should be revised.

(4) Whether the law relating to sovereign or governmental immunity in California should be revised.

(5) Whether the law relating to liquidated damages in contracts generally, and particularly in leases, should be revised.

(6) Whether the parol evidence rule should be revised.

(7) Whether the law relating to pleadings in civil actions and proceedings should be revised; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the California Law Revision Commission.

RESOLUTION CHAPTER 82

Senate Concurrent Resolution No. 44—Relative to landlord-tenant mediation.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, Mediation, instead of arbitration and litigation, is the preferred method of resolving disputes between landlords and tenants; and

WHEREAS, By availing themselves of the services of a neutral third party to assist in reaching a mutually acceptable resolution of their disagreement, the parties assume ownership not only of that resolution but also of the process of achieving resolution; and

WHEREAS, An agreement reached through the mediation process is tailored to the specific needs of the parties; and

WHEREAS, The mediation process is less costly than resorting to arbitration or the formal legal process; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby encourages local agencies that administer or are considering local rent control ordinances to adopt procedures that encourage the submission of disputes between landlords and tenants to a mediator prior to the submission of the dispute to arbitration or the formal legal process of the local agency.

RESOLUTION CHAPTER 83

Senate Joint Resolution No. 31—Relative to the forest plan of the President of the United States.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, President Clinton has proposed a forest plan which contains an economic assistance package, known as the Economic Adjustment Initiative, that is intended to aid communities that are adversely impacted as a result of reduced timber harvest on United States forest lands; and

WHEREAS, The economic assistance package, as proposed, would provide $1.2 billion in economic assistance over five years to workers and their families, to communities, and to business and industry for the purpose of developing infrastructure, and encouraging ecosystem investment intended to create economic diversity and growth; and

WHEREAS, The Federal Administration is implementing memoranda of understanding between federal agencies and state and local governments regarding how the economic assistance package will be structured and allocated; and

WHEREAS, Approximately $234 million has been either appropriated or redirected for the economic assistance package for the 1994–95 fiscal year; and

WHEREAS, It is important to the State of California to marshal all available resources necessary to maximize the federal assistance available for communities that qualify for funds from the economic assistance package; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the President and the Congress of the United States to continue efforts to appropriate and allocate the entire $1.2 billion in economic assistance committed in the Economic Adjustment Initiative to assist communities adversely impacted by reduced timber harvest of United States forest lands; and be it further

Resolved, That the economic assistance should be allocated to individuals and communities without large overhead and administrative costs being deducted by federal, state, and local

agencies; and be it further

Resolved, That a significant portion of the economic assistance should be used to help communities develop and diversify their economic base by providing incentives such as risk capital for new or expanding businesses and community infrastructure to support new businesses and jobs; and be it further

Resolved, That the Legislature urges the Governor and the Secretary of the Resources Agency to keep the Legislature and local government informed of the activities of the executive branch with respect to the planning, enactment, and implementation of the economic assistance package, and provide adequate administrative support to ensure the timely participation of the state and local governments in the development of the package; and be it further

Resolved, That the Legislature urges the Secretary of the Resources Agency to provide quarterly reports to the Joint Legislative Budget Committee identifying the amount and source of funding for all economic assistance programs and projects that are developed by the State Community Economic Revitalization Team (CERT) and financed by state or federal agencies, including, but not limited to, the Employment Development Department, the Department of Housing and Community Development, and the California Trade and Commerce Agency; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Congress of the United States, to each Senator and Representative from California in the Congress of the United States, and to the Governor and the Secretary of the Resources Agency.

RESOLUTION CHAPTER 84

Senate Joint Resolution No. 50—Relative to the C-17 airlifter.

[Filed with Secretary of State August 18, 1994.]

WHEREAS, Since the end of the cold war the United States has withdrawn the majority of its overseas forces; and

WHEREAS, The ability to rapidly and efficiently airlift military personnel and equipment is vitally necessary to enable the United States to protect its global interests and to respond in crisis situations through rapid deployment; and

WHEREAS, The nation's airlift forces are aging rapidly due to use during the Desert Shield/Desert Storm conflict and the humanitarian relief efforts of Somalia and Bosnia and Herzegovina; and

WHEREAS, The Defense Department has declared the U.S. Air Force C-17 airlift program to be its number one priority; and

WHEREAS, The C-17 is the only aircraft able to perform all of the

critical military deployment missions including roll on/roll off airland, airdrop, low-altitude-parachute-extraction, and combat offload as well as transporting large-outsize cargo over intercontinental distances and landing at semi-prepared, small, austere airfields; and

WHEREAS, The C-17 development program is nearly complete and eight aircraft have now entered operational service with the 437th Airlift Wing at Charleston Air Force Base in South Carolina; and

WHEREAS, The Department of Defense Inspector General has declared that the recent Omnibus Settlement between the manufacturer of the C-17 airlifter and the government on all outstanding issues is reasonable and fair and in the best interests of the United States Government; and

WHEREAS, The continuing production of the C-17 airlifter will provide significant economic development and employment opportunities to the beleaguered aerospace industry of the State of California; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to support and enact funding for the C-17 Omnibus Settlement between the United States Department of Defense and the manufacturer of the C-17 airlifter to ensure the continued production of 120 of these aircraft; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 85

Assembly Joint Resolution No. 94—Relative to trade export barriers.

[Filed with Secretary of State August 19, 1994.]

WHEREAS, The North American Free Trade Agreement has removed trade barriers between the United States and Mexico; and

WHEREAS, Mexico's Department of Agriculture and Water Resources continues to put up trade barriers to the importation of U.S.-grown tree fruits into Mexico; and

WHEREAS, These barriers may result in export revenues to Mexico being lower than before the North American Free Trade Agreement; and

WHEREAS, A decrease in export revenues would significantly

affect growers in California where much of the tree fruit export originates; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully requests the President of the United States to use any means necessary to encourage the government of Mexico to remove any trade barriers for the export of tree fruit to Mexico; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the United States Ambassador to Mexico, the President of Mexico, Mexico's Ambassador to the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 86

Senate Concurrent Resolution No. 47—Relative to the North American Free Trade Agreement.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The United States has entered into the North American Free Trade Agreement and Congress has passed legislation implementing its provisions; and

WHEREAS, California law requires the Secretary of Business, Transportation and Housing to perform various functions and duties with respect to the coordination and formation of state policies regarding housing and transportation issues; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Secretary of Business, Transportation and Housing is requested to appoint an interagency task force composed of representatives of the Department of Motor Vehicles, the California Highway Patrol, the Public Utilities Commission, the Department of Transportation, the California Transportation Commission, the State Board of Equalization, the Employment Development Department, the Division of Labor Standards Enforcement, and the State Air Resources Board, to assess the impact of the transportation provisions of the North American Free Trade Agreement on the regulatory and enforcement activities of the state in the areas of highway and driver safety, taxation, and protection of labor and the environment. The secretary shall be the chairperson of the task force. The secretary is further requested to appoint an advisory committee composed of one representative each from the trucking industry, the railroad industry, a labor organization representing employees in the trucking industry, a labor organization representing employees in the railroad industry, and an environmental group; and be it further

Resolved, That for purposes of the above assessment, the task force is urged to do all of the following:

(a) Identify the enforcement problems raised by the transportation provisions of the agreement and recommend the statutory or regulatory actions necessary to ensure the fullest protection for the people of the state.

(b) Establish a plan for coordinated enforcement by governmental agencies.

(c) Identify infrastructure projects needed to ensure effective enforcement.

(d) Determine the sources of federal funding available for enforcement activities and infrastructure projects; and be it further

Resolved, That on or before December 31, 1994, and annually thereafter, until December 31, 1997, the task force is requested to report to the Governor and the Legislature on the results of this assessment; and be it further

Resolved, That the Business, Transportation and Housing Agency is requested to make available the necessary resources for the timely completion of the report of the task force, and be it further

Resolved, That the task force is requested to complete its assessment no later than December 31, 1997; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Secretary of Business, Transportation and Housing.

RESOLUTION CHAPTER 87

Senate Concurrent Resolution No. 49—Relative to Khanty-Mansiysk Autonomous District of the Russian Federation and the State of California.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The Administration of Khanty-Mansiysk Autonomous District of the Russian Federation has engaged California-based service, technology, and aerospace firms in connection with the development of many important infrastructure and industrial projects in the district; and

WHEREAS, The government leaders of Khanty-Mansiysk Autonomous District are reform-minded and have demonstrated a commitment to improving the standard of living for its citizens and increasing economic activity in the district; and

WHEREAS, The government leaders of Khanty-Mansiysk Autonomous District have expressed interest in establishing a formalized means of exchanging economic, environmental, industrial, technical, and other types of pertinent information between their district and California; and

WHEREAS, A number of California governmental authorities

have expressed great interest in strengthening trade and economic ties between California and the Khanty-Mansiysk Autonomous District; and

WHEREAS, The Khanty-Mansiysk Autonomous District and California share many geographic, industrial, and other similarities, including great physical size, vast natural resources, strong regional industries (some of which hold world leadership positions), a strong international outlook, and great economic expansion; and

WHEREAS, A sister state relationship between California and Khanty-Mansiysk Autonomous District would facilitate the exchange of environmental protection and energy conservation information and other scientific, technical, and industrial knowledge; and

WHEREAS, A sister state relationship would also promote international trade and commerce, and increase the potential for commercial relationships between small, medium, and large companies in California and Khanty-Mansiysk Autonomous District; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature encourages the establishment of programs for a sister state relationship between the Khanty-Mansiysk Autonomous District of the Russian Federation and the State of California, that will facilitate the exchange of technical and industrial information and will promote mutual international trade and commerce; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Secretary of the Trade and Commerce Agency.

RESOLUTION CHAPTER 88

Senate Concurrent Resolution No. 53—Relative to the creation of a Joint Legislative Committee on Information Technology in State Government.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, California is the home to the nation's computer and information technology industry; and

WHEREAS, State government in California is heavily dependent on the use of information technology; and

WHEREAS, Total state expenditures for information technology, including telecommunications, exceed one billion dollars annually and are growing; and

WHEREAS, Many state government services would be cost-prohibitive or simply unable to meet the demands of citizens without the use of information technology; and

WHEREAS, Despite the many significant advances in the state's deployment and uses of information technology since the first

computer was installed in a state government office in 1956, fundamental problems remain that prevent the state from realizing a better return on its investment in information technology; and

WHEREAS, The Legislative Analyst has identified a number of these problems in reports to the Legislature over the years, including costly failures of projects in various departments and questionable information technology decisions made by other state departments; and

WHEREAS, The problems cost the state several millions of dollars annually through a combination of ineffective implementations and lost opportunities; and

WHEREAS, State agencies and departments that are unable to use information technology effectively represent delayed or missed opportunities for improving governmental services; and

WHEREAS, The Legislature recognizes the importance of information technology in state government as well as the problems; and

WHEREAS, There is no single, focused legislative body to provide oversight of information technology in state government; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Legislative Committee on Information Technology in State Government is hereby established and authorized to provide legislative oversight, for which purpose it shall do all of the following:

(1) Monitor and evaluate the information technology infrastructure of the state.

(2) Conduct oversight hearings and investigations as necessary to inform the Legislature about specific information technology activities or needs.

(3) Recommend legislation to improve the effectiveness and coordination of information technology projects being proposed, implemented, or operated by a department or agency of the state; and be it further

Resolved, That the Senate Committee on Rules may make money available from the Senate Operating Fund as necessary for the expenses of the committee; and be it further

Resolved, That the Joint Legislative Committee on Information Technology in State Government shall report to the Legislature at the end of each legislative session on its findings and recommendations; and be it further

Resolved, That the Joint Legislative Committee on Information Technology in State Government shall be composed of five members from the Senate appointed by the Senate Committee on Rules and five members from the Assembly appointed by the Speaker of the Assembly. The chairperson of the committee shall be appointed by the Senate Committee on Rules. The vice chairperson shall be appointed by the Speaker of the Assembly; and be it further

Resolved, That the Joint Legislative Committee on Information

Technology in State Government shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time; and be it further

Resolved, That the Joint Legislative Committee on Information Technology in State Government shall, within 15 days of authorization, and annually thereafter, present its annual budget to the Senate Committee on Rules for its review and comment; and be it further

Resolved, That the Joint Legislative Committee on Information Technology in State Government, subject to the approval of the Senate Committee on Rules, may contract with other agencies, public or private, as necessary to obtain services or studies that will assist the committee in carrying out its responsibilities; and be it further

Resolved, That the Joint Legislative Committee on Information Technology in State Government shall be in existence until January 31, 1995, at which time the committee's existence shall terminate.

RESOLUTION CHAPTER 89

Senate Concurrent Resolution No. 54—Relative to accounting standards proposed by the Financial Accounting Standards Board.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The Financial Accounting Standards Board is reconsidering the proper accounting treatment for stock compensation plans, including broad-based employee stock option plans and employee stock purchase plans; and

WHEREAS, Improved financial reporting and disclosure of employee compensation is of paramount importance; and

WHEREAS, All six of the largest accounting firms have urged that the current stock option accounting standards be left in place; and

WHEREAS, The potential distortion that may result from implementing the board's proposal may detract from recent attempts to provide better and clearer information to the public; and

WHEREAS, Businesses in new-growth sectors, such as high-technology industries, often lack financial resources and must rely on stock options to attract qualified employees; and

WHEREAS, The board's proposal will reduce incentives to grant stock options, thereby limiting an important element in the feasible compensation mix of these companies and posing a threat to entrepreneurship in general; and

WHEREAS, Employee ownership in American companies has greatly expanded through the use of stock compensation plans, and

a majority of the emerging growth companies distribute stock options to most or all of their employees; and

WHEREAS, A rule recently promulgated by the Securities and Exchange Commission increases the disclosure obligations of public companies, thereby improving financial reporting and disclosure of employee compensation, especially for high-level executives; and

WHEREAS, Stock option plans are an important compensatory tool that contribute to and have the potential to stimulate and enhance the economic productivity and competitiveness of California; and

WHEREAS, Discouraging the use of stock options will reduce the ability of new businesses to obtain proper financing and reduce the ability of California to compete in the world economy; and

WHEREAS, One function of Legislature is to discern how federal policies affect the citizens of this state and to ensure that the general economic health of the state is not unduly harmed by these policies; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That it is the sense of the Legislature that:

(1) The accounting standards proposed by the Financial Accounting Standards Board will have grave economic consequences, particularly for businesses in new-growth sectors, which rely heavily on entrepreneurship.

(2) The board should not change the current accounting rules under Accounting Principles Board Decision 25 by requiring that businesses deduct from profits the value of stock options; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Financial Accounting Standards Board and to the Securities and Exchange Commission.

RESOLUTION CHAPTER 90

Senate Concurrent Resolution No. 57—Relative to rural health care.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, Outside of California's four major metropolitan areas, the majority of the state is rural; and

WHEREAS, In general, the rural population is older, sicker, poorer, and more likely to be unemployed, uninsured, or underinsured; and

WHEREAS, The enhancement of the medical infrastructure in rural communities has a positive impact on rural economic development; and

WHEREAS, Rural areas need assistance in planning and

coordinating rural health services that are appropriate for California's changing ethnic populations; and

WHEREAS, Seventy-six of California's 552 hospitals are located in small or rural communities, serving the health care needs of 2.7 million rural residents. Approximately 50 percent of rural hospitals are in some kind of financial difficulty and many operate with little or no cash reserve; and

WHEREAS, The lack of primary care and specialty providers continues to be a significant barrier to access to health services in rural areas. The number of residents per physician in rural counties ranges from twice to as much as eight times the state average; and

WHEREAS, Rural communities lack the resources to make the transition from prior practices to managed care, and to make other changes that may be necessary as the result of health care reform efforts; and

WHEREAS, Most rural communities are having difficulty maintaining their emergency medical services capability, endangering the viability of this critical prehospital care; and

WHEREAS, Rural areas lack the resources and technical expertise to improve their local data collection activities, which is necessary for well-targeted health planning, program development, and resource development; and

WHEREAS, The coordination and implementation of emerging technologies, including telemedicine, must be centralized; and

WHEREAS, With numerous health care reform proposals currently being debated, a comprehensive and coordinated analysis must take place regarding the impact of these proposals on rural areas; and

WHEREAS, Many rural elderly cannot access a continuum of care close to home and are forced to relocate; and

WHEREAS, The health care infrastructure must be in place to meet the needs of increasing numbers of senior citizens in rural areas. The proportion of the rural population that is elderly will continue to rise as the young continue to migrate to urban areas, an increasing number of retirees move to rural areas, and the general population continues to live longer; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Department of Health Services and the Office of Statewide Health Planning and Development consolidate their rural health programs into one central Office of Rural Health to accomplish all of the following:

(a) To assist rural communities in the formation of a rural health care strategic plan to coordinate hospitals, prehospital programs, and public safety agencies.

(b) To provide leadership in the development of state rural health policy.

(c) To serve as an advocate on behalf of rural health care consumers and providers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this

resolution to the State Director of Health Services and the Director of the Office of Statewide Health Planning and Development.

RESOLUTION CHAPTER 91

Senate Joint Resolution No. 28—Relative to human rights violations.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, There have been serious allegations of human rights abuses in connection with the disturbances in the Punjab; and

WHEREAS, The vast majority of the people of the area seek a peaceful resolution of these difficulties; and

WHEREAS, It is the policy of the United States to support democratic governments and the preservation of human rights; now, therefore, be it

Resolved, by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to make the resolution of the difficulties in the Punjab a high priority through the use of all its diplomatic means; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 92

Senate Joint Resolution No. 38—Relative to the Railroad Retirement System.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The railroad industry is acknowledged as the originator of private employer pensions in the United States; and

WHEREAS, In the 1930's the United States Congress assumed the responsibility for developing a federally administered retirement program to place the various railroad pension plans on a solid financial basis; and

WHEREAS, The Railroad Retirement System today covers over one million individuals who have contributed over the years in good faith and who have legitimate expectations of receiving their benefits; and

WHEREAS, The National Performance Review in its report "From Red Tape to Results: Creating a Government That Works Better and Costs Less" originally proposed to transfer the functions of the Railroad Retirement Board to the Social Security Administration and to other federal agencies; however, this proposal has been eliminated from the federal legislation (House Resolution 3400) that would implement the report; and

WHEREAS, This proposal would have terminated a program that has worked well and provided retirement security to millions of people for nearly 60 years; and

WHEREAS, It now costs less money per benefit dollar to administer Railroad Retirement than it costs to administer Social Security and consequently, the proposal is likely to increase costs to the taxpayer; and

WHEREAS, The transfer would violate the federal government's stated commitment to "serving the customer" as current and future Railroad Retirement beneficiaries vehemently oppose the transfer; and

WHEREAS, This action threatens to disrupt earned and needed benefits for 1.3 million active, retired, and disabled rail workers and their families; and

WHEREAS, This proposal would adversely affect all active, retired, and disabled railroad employees and their families in the great State of California; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California memorialize the President and the Congress of the United States to recognize and affirm a continued commitment to the Railroad Retirement System and to assure the integrity of the railroad retirees' benefits; and be it further

Resolved, That the preservation of the present structure of the Railroad Retirement System, including the administrative framework of the Railroad Retirement Board, is necessary to fulfill the time-honored responsibility of the federal government; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 93

Senate Joint Resolution No. 44—Relative to the 10th Amendment.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The 10th Amendment to the Constitution of the United States reads as follows:

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people"; and

WHEREAS, The 10th Amendment defines the total scope of federal power as being that specifically granted by the United States Constitution and no more; and

WHEREAS, The scope of power defined by the 10th Amendment means that the federal government was created by the states specifically to be an agent of the states; and

WHEREAS, In the year 1994, the states are demonstrably treated as agents of the federal government; and

WHEREAS, Numerous resolutions have been forwarded to the federal government by the California Legislature without any response or result from Congress or the federal government; and

WHEREAS, Many federal mandates are directly in violation of the 10th Amendment to the Constitution of the United States; and

WHEREAS, The United States Supreme Court has ruled in New York v. United States, 112 S. Ct. 2408 (1992), that Congress may not simply commandeer the legislative and regulatory processes of the states; and

WHEREAS, A number of proposals from previous administrations and some now pending from the present administration and from Congress may further violate the United States Constitution; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the State of California hereby claims sovereignty under the 10th Amendment to the Constitution of the United States over all powers not otherwise enumerated and granted to the federal government by the United States Constitution and that this measure shall serve as notice and demand to the federal government to cease and desist, effective immediately, mandates that are beyond the scope of its constitutionally delegated powers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, the President pro Tempore of the United States Senate, each Senator and Representative from California in the Congress of the United States and to the Speaker of the House and the President of the Senate of each state legislature in the United States of America.

RESOLUTION CHAPTER 94

Senate Joint Resolution No. 48—Relative to Major An Quy Nguyen.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, On January 17, 1969, Major An Quy Nguyen of the Vietnamese Naval Air Force led a mission of United States Army helicopters and Vietnamese Naval Air Force helicopters to deploy a Special Forces platoon deep into enemy-held territory; and

WHEREAS, Major An, after coming under sniper fire, reached the mission destination, unloaded his troops, and thereafter remained overhead to monitor the remainder of the mission; and

WHEREAS, One of the United States Army helicopters was badly damaged by heavy weapons fire and because of that damage was forced to attempt an emergency landing in enemy territory; and

WHEREAS, Major An, with complete disregard for his own life and safety, immediately pulled alongside the damaged helicopter and guided it under hazardous conditions to a site within enemy territory where it could be landed; and

WHEREAS, Major An then landed his own craft alongside the crippled helicopter, retrieved the four Americans who evacuated the downed helicopter, and flew them to safety; and

WHEREAS, Major An was nominated for the Silver Star and received the Distinguished Flying Cross; and

WHEREAS, After being seriously injured on a subsequent mission, Major An lost both of his arms, and later spent time in a force-labor camp, suffering physical deprivation and separation from his family; and

WHEREAS, Major An and his daughter, Ngoc Kim Quy Nguyen, who assists him in his daily living activities, desire to become citizens of the United States but have been granted only one-year visas for humanitarian purposes; and

WHEREAS, His records are part of the National Archives in Washington, D.C., and his cause is championed by United States military and political leaders; and

WHEREAS, Major An was received with reverence and military pomp and circumstance as befits a hero when he and his daughter arrived at Travis Air Force Base on January 15, 1994; and

WHEREAS, The United States of America owes Major An a debt of gratitude for the lives and safety of at least four American servicemen; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States of America to take the appropriate action to enable Major An Quy Nguyen and his daughter Ngoc Kim Quy Nguyen to remain in the United States and assist them in any way possible to meet their goal of obtaining citizenship; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 95

Assembly Constitutional Amendment No. 37—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 12 of Article I thereof, relating to crimes.

[Filed with Secretary of State August 29, 1994.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 12 of Article I thereof, to read:

SEC. 12. A person shall be released on bail by sufficient sureties, except for:

(a) Capital crimes when the facts are evident or the presumption great;

(b) Felony offenses involving acts of violence on another person, or felony sexual assault offenses on another person, when the facts are evident or the presumption great and the court finds based upon clear and convincing evidence that there is a substantial likelihood the person's release would result in great bodily harm to others; or

(c) Felony offenses when the facts are evident or the presumption great and the court finds based on clear and convincing evidence that the person has threatened another with great bodily harm and that there is a substantial likelihood that the person would carry out the threat if released.

Excessive bail may not be required. In fixing the amount of bail, the court shall take into consideration the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case.

A person may be released on his or her own recognizance in the court's discretion.

RESOLUTION CHAPTER 96

Assembly Concurrent Resolution No. 79—Relative to the H. Dana Bowers Memorial Vista Point.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, H. Dana Bowers served with distinction as this state's first supervising landscape architect for the Division of Highways, having served in that capacity from 1936 until his retirement in 1964; and

WHEREAS, In that capacity, Mr. Bowers was the creator of the highway beautification program as we know it today; and

WHEREAS, During his tenure as the division's supervising landscape architect, H. Dana Bowers was responsible for developing and overseeing the Division of Highways' statewide roadside development and highway planting programs; and

WHEREAS, H. Dana Bowers established a world standard for highway design with the landscaping and aesthetic enhancement of the Arroyo Seco Parkway in 1940 and subsequent work on the Four Level Interchange in Los Angeles; and

WHEREAS, H. Dana Bowers personally directed the design of California's urban freeway landscaping, rural tree planting, and median planting installed in the 1940s, 1950s, and early 1960s, to mitigate the impacts of highway construction on the environment, thereby beautifying the State of California; and

WHEREAS, The landscaping techniques and developments of Mr. Bowers have spread throughout the nation and have contributed significantly to making highway driving more pleasurable today; and

WHEREAS, Mr. Bowers was instrumental in the design of many prominent highway landmarks, including the vista point located on United States Highway 101 at the north end of the Golden Gate Bridge; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the highway vista point located immediately north of the end of the Golden Gate Bridge on United States Highway 101 be officially designated the H. Dana Bowers Memorial Vista Point; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 97

Assembly Concurrent Resolution No. 92—Relative to the Celano-Norris Memorial Bridge and the Sandvig-Scanlon Memorial Bridge.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, It is appropriate that California recognize the sacrifices of those citizens who distinguished themselves in their community and in combat in the Vietnam War; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the O'Neill Forebay Bridge on State Highway Route 152 is hereby officially designated the Celano-Norris Memorial Bridge; and be it further

Resolved, That the bridge on State Highway Route 152 east of the intersection with Interstate Highway Route 5 is hereby officially designated the Sandvig-Scanlon Memorial Bridge; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 98

Assembly Concurrent Resolution No. 94—Relative to the Stone Turnpike Memorial Freeway.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, In the decade of the Gold Rush, miners, farmers, and merchants of the Counties of Shasta and Siskiyou were unable to communicate with the outside world or bring their produce to market except over dangerous pack trails due to the rugged terrain in the Sacramento River Canyon; and

WHEREAS, After other wagon road building efforts failed, Elias B. Stone and his sons secured a state franchise to build a wagon road; and

WHEREAS, With brawn, black powder, mules, and oxen, the Stone family built nine bridges across the Sacramento River, 15 bridges across creeks and gulches, and a narrow road notched into the Sacramento River Canyon's walls, running 43 miles, from the Siskiyou-Shasta county line to the Stone family's ferry boat and

landing on the Pit River, a few miles above that river's junction with the Sacramento River; and

WHEREAS, The Stone family completed the Stone Turnpike in the Sacramento River Canyon in 1861; and

WHEREAS, In 1861, after only a few months of collecting tolls on the Stone Turnpike, disaster, in the form of the worst winter storm known in the area to that time, destroyed most of their work; and

WHEREAS, The Stone family mortgaged all of its property and rebuilt a better toll road despite several legal entanglements; and

WHEREAS, Other parties finally gained full control of the Stone family's company and the Stone Turnpike in 1868; and

WHEREAS, In the 1870s, the Stone Turnpike became the major north to south stage route to Oregon; and

WHEREAS, In 1887, the steel rails of the Central Pacific Railroad displaced the Stone Turnpike in some sections to complete the rail link into southern Oregon; and

WHEREAS, In 1915, the dusty old stage road became Shasta County's part of the Pacific Highway, the predecessor of U.S. Highway 99, remaining sections of which have been recently recognized as "Historic U.S. Highway 99"; and

WHEREAS, It is fitting that the people of California recognize the persevering efforts and contributions of the Stone family in successfully completing their historic turnpike, whose route is the basic route of Interstate Route 5 through the Sacramento River Canyon; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the portion of Interstate Route 5 between the Pit River Bridge in Shasta County and the Shasta-Siskiyou County line is hereby officially designated the Stone Turnpike Memorial Freeway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 99

Assembly Concurrent Resolution No. 105—Relative to the Roger Van Den Broeke Memorial Plaque.

[Filed with Secretary of State August 29, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That a plaque be placed in the memory of Roger Van Den Broeke on the Carquinez Bridge on Interstate Highway Route 80 south of the City of Vallejo; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of an appropriate plaque, consistent with the signing requirements for the state highway system, and, upon receiving donations from nonstate sources covering that cost, to erect that plaque; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 100

Assembly Concurrent Resolution No. 110—Relative to Peace Corps' World Wise Schools Program.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The State of California is committed to improving geographic literacy and cross-cultural understanding among its pupils; and

WHEREAS, Since 1961, over 19,000 Californians have served overseas as Peace Corps volunteers, the largest number of volunteers from any state. Many thousands of those volunteers have returned to California with valuable experience to share; and

WHEREAS, Currently the Peace Corps has over 6,000 volunteers serving in nearly 100 countries around the world, many of whom are eager to share their experiences with American pupils; and

WHEREAS, The Peace Corps established the World Wise Schools program in 1989 with three goals: to promote the study of geography, to enhance awareness of the world's many cultures, and to demonstrate the value of volunteer service; and

WHEREAS, Since 1989, the World Wise Schools program has provided a linkage between individual volunteers and classes to help pupils in the United States understand other cultures and improve their performance in geography and other subjects through the exchange of ideas, experiences, artifacts, photographs, and stories, either via correspondence or personal visits after the volunteers' return; and

WHEREAS, The World Wise Schools program produces award-winning educational videotapes and study guides, featuring countries served by the Peace Corps, which have proven valuable to teachers all over the country; and

WHEREAS, In sharing the Peace Corps experience, good citizenship and the spirit of volunteerism is exemplified for pupils; and

WHEREAS, Three hundred forty-three California teachers, in both public and private schools, participate in the World Wise Schools program; and

WHEREAS, In a changing world that is increasingly interdependent, it is very important that our pupils learn all they can about the people and countries outside of our borders; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature endorses the goals of, and supports the concept and philosophy of, the Peace Corps' World Wise Schools program; and be it further

Resolved, That the State Department of Education, and other public and private educational entities are urged, to the best of their ability, to expand the scope of the program in this state, to make the World Wise Schools program's productions accessible to every school in California, and to make teachers aware of this unique educational opportunity.

RESOLUTION CHAPTER 101

Assembly Concurrent Resolution No. 117—Relative to the Gambetta Memorial Bridges.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, Mr. and Mrs. Albert Gambetta, Sr. were long-time residents of the City of Cloverdale; and

WHEREAS, Mrs. Dena Gambetta served the City of Cloverdale as the unofficial "hostess" of the community, as a teacher of patriotism, and as a friend; and

WHEREAS, Mr. Albert Gambetta, Sr. served the City of Cloverdale as Planning Commissioner, volunteer firefighter, Councilmember, and Mayor, and thus helped to guide the City of Cloverdale through the midtwentieth century; and

WHEREAS, Both Mr. and Mrs. Gambetta clearly provided the community with leadership and an example of community involvement; and

WHEREAS, Mr. and Mrs. Gambetta represent the best that small-town America has to offer; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Highway Route 101 overpasses above First Street in the City of Cloverdale be officially designated the Gambetta Memorial Bridges; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate

sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 102

Assembly Concurrent Resolution No. 118—Relative to state employee merit awards.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, An award of $51,665 has already been made to Fred R. Raleigh, State Department of Mental Health, for a proposal resulting in actual statewide savings of $1,091,470 for recommending that the procurement process for pharmaceutical products be reorganized under a primary vendor that would provide the majority of the state's institutional needs for generic and proprietary pharmaceuticals; and

WHEREAS, An award of $5,000 has already been made to Jerome A. Ackerman, Department of Justice, for a proposal resulting in annual savings of $78,429 for recommending that the Command Center be computerized. This Command Center is an information center for law enforcement and criminal justice agencies throughout California and the United States; and

WHEREAS, An award of $5,000 has already been made to Tony M. Mar, State Board of Equalization, for a proposal resulting in increased revenue of $483,805 for recommending that full-time tax representatives staff the collection operation to assess and collect use taxes on purchases entering California from international airports and borders; and

WHEREAS, An award of $5,000 has already been made to Ross Turner, Employment Development Department, for a proposal resulting in net savings of $50,197 for recommending that the cash validation process of the Overpayment Adjustment and Reconciliation Group use the Statistical Analysis Stem software and discontinue the manual completion of a cash validation spreadsheet. The software would perform the entire analysis; and

WHEREAS, An award of $5,000 has already been made to Merle C. Greenman, Department of Motor Vehicles, for a proposal resulting in a net revenue gain of $1,477,717 for recommending the revision of Department of Motor Vehicle Form Reg. 138, Notice of Release of Liability, to include a space for the seller of a vehicle to report the selling price and provide an accurate amount for computation of the use tax due from the purchaser of the vehicle; and

WHEREAS, An award of $5,000 has already been made to Mary

Ann Morgan, State Board of Equalization, for a proposal resulting in a net revenue gain of $613,693 for recommending that a computer-generated program be used to identify private railroad cars not assessed properly for the annual Private Railroad Car Assessment Roll. The computerized procedure would generate hundreds of thousands of dollars in additional tax revenue; and

WHEREAS, These employees' proposals have resulted in actual savings to the state of $3,795,311; and

WHEREAS, As a result of these savings and increased revenue, it is unnecessary to appropriate additional funds for payment of awards to these employees; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby requests that the following additional awards, authorized by the Department of Personnel Administration, be made as to the following employees:

Fred R. Raleigh-$57,482

Jerome A. Ackerman-$2,843

Tony M. Mar-$14,062

Ross Turner-$20

Merle C. Greenman-$143,272

Mary Ann Morgan-$56,369; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Controller and the Department of Personnel Administration.

RESOLUTION CHAPTER 103

Assembly Concurrent Resolution No. 133—Relative to the Veterans' Memorial Highway.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, It is appropriate that California recognize the sacrifices of all the veterans who have given their lives for their country; and

WHEREAS, It is also appropriate that California give recognition to those veterans who, as citizens, have distinguished themselves in their community; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the portion of State Highway Route 101 that is within the city limits of the City of Salinas is hereby officially designated the Veterans' Memorial Highway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and

be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 104

Assembly Concurrent Resolution No. 137—Relative to the Veterans' Memorial Freeway.

[Filed with Secretary of State August 29, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the portion of Interstate Highway Route 10 extending five miles to the east and five miles to the west of mile marker number 84 located east of the Chiriaco Summit is hereby officially designated the Veterans' Memorial Freeway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 105

Assembly Concurrent Resolution No. 141—Relative to the Richard Cavness Memorial Bridge.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, Richard F. Cavness, a native of Healdsburg, was tragically killed on the Arata Lane Bridge on U.S. Highway 101 while unselfishly rendering aid to a stranded motorist; and

WHEREAS, Richard Cavness was known in his community as a man who was always willing to come to the aid of a fellow citizen; and

WHEREAS, Richard Cavness maintained a positive attitude all of his life and will be remembered by his loving family, friends, and business associates as an exceptional person; and

WHEREAS, It is only fitting that Richard Cavness' unselfish contributions to his community be appropriately memorialized; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate

thereof concurring, That, in recognition of the unselfish lifetime contributions made by Richard F. Cavness to his community, Bridge No. 20-0061 (the Arata Lane Bridge) on U.S. Highway 101, be designated the Richard F. Cavness Memorial Bridge, and be it further

Resolved, That the Department of Transportation is requested to determine the cost of erecting appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing that official designation, and, upon receiving donations from nonstate sources to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 106

Assembly Concurrent Resolution No. 144—Relative to the Bert Lund Memorial Overlook.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, Bert Lund served his country in World War I as a second lieutenant in the 109th Engineers, serving in France and Germany; and

WHEREAS, After homesteading land in Tulelake, California, for three years, Mr. Lund worked for the City of Chico and for Butte County; and

WHEREAS, Mr. Lund began his work for the State of California, Division of Highways, as a chainman on a survey crew; he eventually worked his way up to Senior District Engineer in charge of District 10, where he was involved in the creation or upgrading of many of the roads in District 10, including new bridges on State Highway Route 12 in the Delta, the making of State Highway Route 99 into a limited access freeway, the start of making State Highway Route 88 into a year-round, all-weather highway, and the upgrading and maintenance of four Sierra Nevada mountain passes (Carson, Ebbetts, Sonora, and Tioga); and

WHEREAS, Mr. Lund retired in 1956, after 26 years of dedicated state service, receiving a proclamation presented to him by the workers at the Fairfield-Dixon-Rio Vista maintenance yards that stated "in appreciation of the fact that you never forgot that the workers in the field are human beings also"; and

WHEREAS, Mr. Lund's funeral in January of 1970 was attended by over 400 state workers; and

WHEREAS, the overlook on State Highway Route 88 was started by Mr. Lund, and was one of his favorite places; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the overlook just west of Peddler Hill on State Highway Route 88 is hereby officially designated the Bert Lund Memorial Overlook; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 107

Assembly Concurrent Resolution No. 146—Relative to the East Bay Public Safety Corridor.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The cities, counties, and school districts of the East Bay have joined together to create the East Bay Public Safety Corridor; and

WHEREAS, The Corridor represents a unique regional collaboration for the prevention of crime, violence, and drug and alcohol abuse; and

WHEREAS, The goal for the Corridor is to improve public safety, enhance the quality of family and community life, and expand opportunities through a comprehensive strategy combining improvements in law enforcement with strategic investments in the well-being of children, youth, and families; and

WHEREAS, The Corridor represents a unique regional, long-term approach to crime and violence, and the Corridor seeks to streamline government by eliminating duplication and increase services; and

WHEREAS, The Corridor represents a genuinely preventative approach, combining coordinated law enforcement with services to address the underlying causes of violence, crime, school failure, and family violence; and

WHEREAS, The Corridor has widespread support from elected officials, law enforcement, judges, social service providers, businesses, universities, foundations, religious institutions, and community leaders; and

WHEREAS, This multidisciplinary, multijurisdictional approach to crime and violence is recognized as a statewide and national model; and

WHEREAS, The 2 counties, 18 cities, 16 school districts, and 3 college districts that have voluntarily formed the Corridor area,

which runs from the Carquinez Strait in Contra Costa County in the north to Hayward in Alameda County in the south, represents a new way of reinventing government that maximizes available funds, empowers neighborhoods, and fights crime; and

WHEREAS, The collaboration among the diverse jurisdictions of the Corridor represents a new way to work together to be efficient and cost effective in addressing critical urban problems; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes and applauds the innovative and courageous efforts of the Corridor and urges all federal, state, and local agencies to actively support and work with the Corridor to achieve its goals of safe communities for all East Bay residents.

RESOLUTION CHAPTER 108

Assembly Concurrent Resolution No. 148—Relative to proclaiming California COASTWEEKS and Adopt-a-Beach Coastal Cleanup Day.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The State of California has a diverse coastline consisting of sandy beaches, rocky shores, productive estuaries, marshes and tidal flats, urban areas, and harbors; and

WHEREAS, The California coast has a rich, scenic, recreational, cultural, and historical heritage; and

WHEREAS, The natural resources of the coastal zone are among California's most important environmental and economic resources; and

WHEREAS, The marine environment is one of the most valuable resources for recreation, tourism, fishing, and other coastal industries; and

WHEREAS, Runoff from inland areas, combined with beach litter and ocean debris, degrades the marine environment; and

WHEREAS, The Legislature is strongly committed to the wise management of the coastline to ensure the preservation of the coastal zone's environmental and economic values; and

WHEREAS, Preserving the productivity and quality of coastal resources requires public awareness, support, and an understanding that protection of the coast is a responsibility shared by all citizens, public institutions, and the business community; and

WHEREAS, The California Coastal Commission's Adopt-a-Beach program helps reduce litter, promotes recycling, and encourages the preservation of natural resources; and

WHEREAS, On October 2, 1993, over 50,000 Californians participated in the Adopt-a-Beach Coastal Cleanup Day, setting a

world record for such a program; and

WHEREAS, National COASTWEEKS will be held from September 17 through October 10, 1994, and the California Coastal Commission will be coordinating appropriate activities in this state; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims September 17 through October 10, 1994, as California COASTWEEKS; and be it further

Resolved, That the Legislature proclaims September 17, 1994, as Adopt-a-Beach Coastal Cleanup Day; and be it further

Resolved, That the Legislature urges all Californians to join in appropriate observances of California COASTWEEKS and Adopt-a-Beach Coastal Cleanup Day; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the California Coastal Commission, the Resources Agency, and the California Environmental Protection Agency.

RESOLUTION CHAPTER 109

Assembly Joint Resolution No. 90—Relative to the Presidio National Park.

[Filed with Secretary of State August 29, 1994.]

WHEREAS, The Presidio Army Base, which was originally founded in 1776, is a unique national resource that is rich in the history and beauty of the State of California; and

WHEREAS, The entire 1,480 acres of the Presidio Army Base was declared a national historic landmark in 1962, in recognition of its Civil War architecture, its place in the history and development of the frontier that became the State of California, its subsequent use as the Army's Fort Scott which provided protection to the western United States, and its recent designation as the central part of the Golden Gate National Recreation Area which serves nearly 20,000,000 visitors a year; and

WHEREAS, In 1972, the Congress of the United States designated the Presidio Army Base, if the site is determined to be nonessential to the Army's needs, to be designated a national park, and since 1989, with the announced closure of the Presidio Army Base, the National Park Service and the Army have worked together to facilitate the transition and improvement of the site for greater public use; and

WHEREAS, In recent years California has been struggling with the announcement of a number of United States military base closures, including three bases that are located in the City and County of San Francisco, thereby necessitating the development of close cooperation between the state, and local governments affected

by the military base closures, and requiring that federal, state, and local officials work together to ensure that each site is used in a way that maximizes its potential; and

WHEREAS, The National Park Service, after a long series of public discussions and debates, has been preparing for the conversion of the Presidio Army Base into a national park, and has proposed a plan for the Presidio National Park that will be a model for future national parks, and, using unique real estate management expertise, requires a federal public corporation to manage, lease, maintain, and finance capital improvements to the Presidio properties; and

WHEREAS, Legislation now pending before the Congress of the United States (H.R. 3433 and S. 1639) provide for the establishment of the federal public benefit corporation to reinvest lease income in the preservation, restoration, maintenance, repair, and improvement of the Presidio properties, and ensure a unique public/private partnership approach to the newest national park; and

WHEREAS, The enactment of H.R. 3433 and S. 1639, and the development and implementation of the public benefit corporation, will require an operating budget consistent with the operating budgets of the nation's larger national parks; and

WHEREAS, The State of California has a strong interest in the passage of that legislation, which, by designating the Presidio National Park, would create a tourist attraction for millions of visitors and ensure that an essential piece of California's history and an area of significant natural resources and environmental values will be preserved; and

WHEREAS, Governor Wilson has called for bipartisan support for the designation of the Presidio National Park and the enactment of H.R. 3433 and S. 1639; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby supports the designation of the Presidio National Park as proposed in H.R. 3433 and S. 1639; and be it further

Resolved, That the Legislature of the State of California memorializes the Congress of the United States to enact H.R. 3433 and S. 1639 and urges the Congress and the President of the United States to support the full implementation of those measures; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of the Interior, to the Director of the National Park Service, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 110

Assembly Constitutional Amendment No. 17—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending subdivision (h) of Section 2 of Article XIII A thereof, relating to taxation.

[Filed with Secretary of State August 31, 1994.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending subdivision (h) of Section 2 of Article XIII A thereof, to read:

(h) (1) For purposes of subdivision (a), the terms "purchased" and "change in ownership" shall not include the purchase or transfer of the principal residence of the transferor in the case of a purchase or transfer between parents and their children, as defined by the Legislature, and the purchase or transfer of the first $1,000,000 of the full cash value of all other real property between parents and their children, as defined by the Legislature. This subdivision shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree.

(2) (A) Subject to subparagraph (B), commencing with purchases or transfers that occur on or after the date upon which the measure adding this paragraph becomes effective, the exclusion established by paragraph (1) also applies to a purchase or transfer of real property between grandparents and their grandchild or grandchildren, as defined by the Legislature, that otherwise qualifies under paragraph (1), if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of the purchase or transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (1), and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence, shall be included in applying, for purposes of subparagraph (A), the one million dollar ($1,000,000) full cash value limit specified in paragraph (1).

RESOLUTION CHAPTER 111

Assembly Constitutional Amendment No. 46—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Sections 8 and 18 of, and by adding Section 18.5 to, Article VI thereof, relating to the Commission on Judicial Performance.

[Filed with Secretary of State August 31, 1994.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows:

First—That Section 8 of Article VI thereof is amended to read:

SEC. 8. (a) The Commission on Judicial Performance consists of one judge of a court of appeal, one judge of a superior court, and one judge of a municipal court, each appointed by the Supreme Court; 2 members of the State Bar of California who have practiced law in this State for 10 years, each appointed by the Governor; and 6 citizens who are not judges, retired judges, or members of the State Bar of California, 2 of whom shall be appointed by the Governor, 2 by the Senate Committee on Rules, and 2 by the Speaker of the Assembly. Except as provided in subdivision (b), all terms are for 4 years. No member shall serve more than 2 4-year terms, or for more than a total of 10 years if appointed to fill a vacancy.

Commission membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term. A member whose term has expired may continue to serve until the vacancy has been filled by the appointing power. Appointing powers may appoint members who are already serving on the commission prior to March 1, 1995, to a single 2-year term, but may not appoint them to an additional term thereafter.

(b) To create staggered terms among the members of the Commission on Judicial Performance, the following members shall be appointed, as follows:

(1) Two members appointed by the Supreme Court to a term commencing March 1, 1995, shall each serve a term of 2 years and may be reappointed to one full term.

(2) One attorney appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(3) One citizen member appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(4) One member appointed by the Senate Committee on Rules to

a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(5) One member appointed by the Speaker of the Assembly to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(6) All other members shall be appointed to full 4-year terms commencing March 1, 1995.

Second—That Section 18 of Article VI thereof is amended to read:

SEC. 18. (a) A judge is disqualified from acting as a judge, without loss of salary, while there is pending (1) an indictment or an information charging the judge in the United States with a crime punishable as a felony under California or federal law, or (2) a petition to the Supreme Court to review a determination by the Commission on Judicial Performance to remove or retire a judge.

(b) The Commission on Judicial Performance may disqualify a judge from acting as a judge, without loss of salary, upon notice of formal proceedings by the commission charging the judge with judicial misconduct or disability.

(c) The Commission on Judicial Performance shall suspend a judge from office without salary when in the United States the judge pleads guilty or no contest or is found guilty of a crime punishable as a felony under California or federal law or of any other crime that involves moral turpitude under that law. If the conviction is reversed, suspension terminates, and the judge shall be paid the salary for the judicial office held by the judge for the period of suspension. If the judge is suspended and the conviction becomes final, the Commission on Judicial Performance shall remove the judge from office.

(d) Except as provided in subdivision (f), the Commission on Judicial Performance may (1) retire a judge for disability that seriously interferes with the performance of the judge's duties and is or is likely to become permanent, or (2) censure a judge or former judge or remove a judge for action occurring not more than 6 years prior to the commencement of the judge's current term or of the former judge's last term that constitutes willful misconduct in office, persistent failure or inability to perform the judge's duties, habitual intemperance in the use of intoxicants or drugs, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute, or (3) publicly or privately admonish a judge or former judge found to have engaged in an improper action or dereliction of duty. The commission may also bar a former judge who has been censured from receiving an assignment, appointment, or reference of work from any California state court. Upon petition by the judge or former judge, the Supreme Court may, in its discretion, grant review of a determination by the commission to retire, remove, censure, admonish, or disqualify pursuant to subdivision (b) a judge or former judge. When the Supreme Court reviews a determination of the commission, it may make an independent review of the record. If the Supreme Court has not acted within 120 days after

granting the petition, the decision of the commission shall be final.

(e) A judge retired by the commission shall be considered to have retired voluntarily. A judge removed by the commission is ineligible for judicial office, including receiving an assignment, appointment, or reference of work from any California state court, and pending further order of the court is suspended from practicing law in this State. The State Bar may institute appropriate attorney disciplinary proceedings against any judge who retires or resigns from office with judicial disciplinary charges pending.

(f) A determination by the Commission on Judicial Performance to admonish or censure a judge or former judge of the Supreme Court or remove or retire a judge of the Supreme Court shall be reviewed by a tribunal of 7 court of appeal judges selected by lot.

(g) No court, except the Supreme Court, shall have jurisdiction in a civil action or other legal proceeding of any sort brought against the commission by a judge. Any request for injunctive relief or other provisional remedy shall be granted or denied within 90 days of the filing of the request for relief. A failure to comply with the time requirements of this section does not affect the validity of commission proceedings.

(h) Members of the commission, the commission staff, and the examiners and investigators employed by the commission shall be absolutely immune from suit for all conduct at any time in the course of their official duties. No civil action may be maintained against a person, or adverse employment action taken against a person, by any employer, public or private, based on statements presented by the person to the commission.

(i) The Commission on Judicial Performance shall make rules implementing this section, including, but not limited to, the following:

(1) The commission shall make rules for the investigation of judges. The commission may provide for the confidentiality of complaints to and investigations by the commission.

(2) The commission shall make rules for formal proceedings against judges when there is cause to believe there is a disability or wrongdoing within the meaning of subdivision (d).

(j) When the commission institutes formal proceedings, the notice of charges, the answer, and all subsequent papers and proceedings shall be open to the public for all formal proceedings instituted after February 28, 1995.

(k) The commission may make explanatory statements.

(*l*) The budget of the commission shall be separate from the budget of any other state agency or court.

(m) The Supreme Court shall make rules for the conduct of judges, both on and off the bench, and for judicial candidates in the conduct of their campaigns. These rules shall be referred to as the Code of Judicial Ethics.

Third—That Section 18.5 is added to Article VI thereof, to read:

SEC. 18.5. (a) Upon request, the Commission on Judicial

Performance shall provide to the Governor of any State of the Union the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the Governor of any State of the Union indicates is under consideration for any judicial appointment.

(b) Upon request, the Commission on Judicial Performance shall provide the President of the United States the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the President indicates is under consideration for any federal judicial appointment.

(c) Upon request, the Commission on Judicial Performance shall provide the Commission on Judicial Appointments the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission action, with respect to any applicant whom the Commission on Judicial Appointments indicates is under consideration for any judicial appointment.

(d) All information released under this section shall remain confidential and privileged.

(e) Notwithstanding subdivision (d), any information released pursuant to this section shall also be provided to the applicant about whom the information was requested.

(f) "Private admonishment" refers to a disciplinary action against a judge by the Commission on Judicial Performance as authorized by subdivision (c) of Section 18 of Article VI, as amended November 8, 1988.

Fourth—That this measure shall become operative on March 1, 1995.

RESOLUTION CHAPTER 112

Assembly Joint Resolution No. 56—Relative to the USDA Forest Service-Lake Tahoe Basin Management Unit.

[Filed with Secretary of State August 31, 1994.]

WHEREAS, Six contiguous years of drought in California and western Nevada have contributed to insect-caused tree mortality rates of 25 to 80 percent in the forest stands within the Lake Tahoe Basin; and

WHEREAS, Unless removed, these dead trees will remain for decades and provide the heavy material to fuel intense, disastrous

fires into the next century; and

WHEREAS, National forest land with heavy tree mortality is located within, and adjacent to, high value urban areas, and even the more removed forest areas present a threat if serious fire conditions occur; and

WHEREAS, National forest land occupies 75 percent of the lands within the Lake Tahoe Basin; and

WHEREAS, The USDA Forest Service-Lake Tahoe Basin Management Unit has demonstrated that, with adequate funding, it can satisfactorily remove excess quantities of dead and dying trees that pose a serious fire threat; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully requests the Congress of the United States to allocate to the USDA Forest Service-Lake Tahoe Basin Management Unit sufficient funding to meet the immediate and long-term vegetation management needs to address the following:

(a) Fire hazard reduction on urban lots on national forest land; and

(b) Reduction of forest fuels accumulations caused by insect-caused tree mortality in the national forest lands surrounding urbanized areas; and

(c) Forest health on national forest lands throughout the Lake Tahoe Basin to prevent the recurrence of fire threat problems in the future; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, and to each Representative and Senator from California in the Congress of the United States.

RESOLUTION CHAPTER 113

Senate Constitutional Amendment No. 7—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Sections 1, 5, 6, 11, and 15 of Article VI thereof, relating to courts.

[Filed with Secretary of State August 31, 1994.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows, and that these amendments shall become operative January 1, 1995:

First—That Section 1 of Article VI thereof is amended to read:

SEC. 1. The judicial power of this State is vested in the Supreme Court, courts of appeal, superior courts, and municipal courts. All courts are courts of record.

Second—That Section 5 of Article VI thereof is amended to read:

SEC. 5. (a) Each county shall be divided into municipal court districts as provided by statute, but a city may not be divided into more than one district. Each municipal court shall have one or more judges. Each municipal court district shall have no fewer than 40,000 residents; provided that each county shall have at least one municipal court district. The number of residents shall be determined as provided by statute.

(b) On the operative date of this subdivision, all existing justice courts shall become municipal courts, and the number, qualifications, and compensation of judges, officers, attachés, and employees shall continue until changed by the Legislature. Each judge of a part-time municipal court is deemed to have agreed to serve full time and shall be available for assignment by the Chief Justice for the balance of time necessary to comprise a full-time workload.

(c) The Legislature shall provide for the organization and prescribe the jurisdiction of municipal courts. It shall prescribe for each municipal court the number, qualifications, and compensation of judges, officers, and employees.

(d) Notwithstanding subdivision (a), any city in San Diego County may be divided into more than one municipal court district if the Legislature determines that unusual geographic conditions warrant such division.

Third—That Section 6 of Article VI thereof is amended to read:

SEC. 6. The Judicial Council consists of the Chief Justice and one other judge of the Supreme Court, 3 judges of courts of appeal, 5 judges of superior courts, and 5 judges of municipal courts, each appointed by the Chief Justice for a 2-year term; 4 members of the State Bar appointed by its governing body for 2-year terms; and one member of each house of the Legislature appointed as provided by the house.

Council membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term.

The council may appoint an Administrative Director of the Courts, who serves at its pleasure and performs functions delegated by the council or the Chief Justice, other than adopting rules of court administration, practice and procedure.

To improve the administration of justice the council shall survey judicial business and make recommendations to the courts, make recommendations annually to the Governor and Legislature, adopt rules for court administration, practice and procedure, not inconsistent with statute, and perform other functions prescribed by statute.

The Chief Justice shall seek to expedite judicial business and to

equalize the work of judges. The Chief Justice may provide for the assignment of any judge to another court but only with the judge's consent if the court is of lower jurisdiction. A retired judge who consents may be assigned to any court.

Judges shall report to the Judicial Council as the Chief Justice directs concerning the condition of judicial business in their courts. They shall cooperate with the council and hold court as assigned.

Fourth—That Section 11 of Article VI thereof is amended to read:

SEC. 11. The Supreme Court has appellate jurisdiction when judgment of death has been pronounced. With that exception courts of appeal have appellate jurisdiction when superior courts have original jurisdiction and in other causes prescribed by statute.

Superior courts have appellate jurisdiction in causes prescribed by statute that arise in municipal courts in their counties.

The Legislature may permit appellate courts to take evidence and make findings of fact when jury trial is waived or not a matter of right.

Fifth—That Section 15 of Article VI thereof is amended to read:

SEC. 15. A person is ineligible to be a judge of a court of record unless for 5 years immediately preceding selection to a municipal court or 10 years immediately preceding selection to other courts, the person has been a member of the State Bar or served as a judge of a court of record in this State. A judge eligible for municipal court service may be assigned by the Chief Justice to serve on any court.

RESOLUTION CHAPTER 114

Assembly Concurrent Resolution No. 54—Relative to the Frank P. Belotti Memorial Freeway and the Sam Helwer Memorial Freeway.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, The Honorable Frank P. Belotti, a Member of the Assembly from 1950 to 1972, was an effective advocate of preserving the unique scenic beauty of the redwood groves and was instrumental in securing the legislation that made possible the freeway bypass of the groves and the preservation of the existing state highway designated as the "Avenue of the Giants"; and

WHEREAS, The Assembly of the State of California resolved in 1961 to designate the portion of the State Highway Route 101 bypass from Sylvandale to Englewood, a distance of approximately 21 miles, as the Frank P. Belotti Freeway; and

WHEREAS, The Senate of the State of California, the Assembly thereof concurring, resolved in 1972 to designate the bridge numbered 04-212, located on State Highway Route 101 over the South Fork of the Eel River as the Frank P. Belotti Bridge; and

WHEREAS, The Frank P. Belotti Bridge is situated approximately

10 miles south of the southerly end of the Frank P. Belotti Freeway; and

WHEREAS, The Honorable Frank P. Belotti passed away in 1972, and is survived by his wife, Delphine Moranda Belotti; and

WHEREAS, The Honorable Frank P. Belotti worked side by side with various district engineers of District I of the California Department of Transportation to expedite the construction of the Redwood Freeway, including Mr. Sam Helwer, the District Engineer of District I from 1957 to 1967; and

WHEREAS, Mr. Sam Helwer, who was born in Russell, Kansas, on August 23, 1913, passed away in 1991, and is survived by his wife, Cordy, and his children, Paul and Joan; and

WHEREAS, Mr. Helwer served his country in the United States Army Air Corps, and was an active member of the Rotary Club of Eureka; and

WHEREAS, His first engineering job was as chief of a construction survey party for the Civilian Conservation Corps in Sequoia National Park in 1933; and

WHEREAS, His first job with the then California Division of Highways was as an Under Engineering Aide in District III at Marysville on a survey party in 1936; and

WHEREAS, During his early career, he worked in District I in Eureka, District XI in San Diego, District X in Stockton, District VII in Los Angeles, and Headquarters Office, Sacramento, in the Bridge Department and the Design Department; and

WHEREAS, During his tenure in the Headquarters Office in the Design Department from 1948 to 1952, Mr. Helwer served as the Division's acknowledged expert on freeway interchange design, and he lectured throughout the state, including the Institute of Transportation and Traffic Engineering at the University of California; and

WHEREAS, He served as District Engineer in District I from 1957 to 1967, and during that period, all units of the nearly 30-mile long segment of the Redwood Freeway (State Highway Route 101) from north of Garberville to south of Scotia were completed or placed under construction; and

WHEREAS, During Christmas week of 1964, the north coast of California was rocked by a record storm that caused unprecedented flooding, with a frequency of occurrence of once in 1,000 years, causing severe damage to 55 miles of state highway and 40 bridges, 18 of which were totally destroyed, including bridges across the Eel, Klamath, Salmon, Smith, Trinity, and Van Duzen Rivers; and

WHEREAS, Entire towns were destroyed, 11 lives were lost in the Eel River delta flooding alone, and nearly $8.5 million was spent on emergency openings and an additional $26 million was spent on restoration work; and

WHEREAS, Within one month after the beginning of the storms, all state highways, except for one, were opened to at least one-way traffic, under the dynamic leadership of District Engineer Sam

Helwer; and

WHEREAS, In 1967 Mr. Helwer returned to Headquarters Office, Sacramento, as a Deputy State Highway Engineer; in 1972 he transferred to District III in Marysville as a District Director, 36 years after starting there as an Under Engineering Aide; and

WHEREAS, In 1975 he retired from the California Department of Transportation, and for a three-month period in 1976 and in 1977, he served as Executive Secretary of the California Highway Commission; and

WHEREAS, It is proper that the late Sam Helwer be recognized for his contributions to the principles of good design, beauty, utility, and outstanding transportation leadership that are the hallmark of the streets and highways system of California; and

WHEREAS, It is also proper that in order to memorialize the close friendship and working relationship between these two outstanding individuals, the Honorable Frank P. Belotti, a legislator, and Mr. Sam Helwer, an engineer, adjoining segments of the Redwood Freeway be dedicated to each; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the portion of State Highway Route 101 in the area known as the Redwood Freeway, from the Bridge numbered 04-241, over the South Fork of the Eel River at Smith Point, to Myers Flat, a distance of approximately 22 miles, which includes the Frank P. Belotti Bridge, is hereby officially designated as the Frank P. Belotti Memorial Freeway; and be it further

Resolved, That the portion of State Highway Route 101 in the area known as the Redwood Freeway, from Myers Flat to Stafford, a distance of approximately 20 miles, is hereby officially designated the Sam Helwer Memorial Freeway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of, and to erect, appropriate plaques and markers consistent with the signing requirements for the State Highway System, showing these official designations, upon receiving donations from nonstate sources to cover the cost of erecting those plaques and markers; and be it further

Resolved, That the California Transportation Foundation, a nonprofit, public benefit organization, may serve as the recipient of funds from nonstate sources donated to cover the cost of purchasing and erecting the plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to Delphine Moranda Belotti and Cordy Helwer, and to the Director of Transportation, the Secretary of the Business, Transportation and Housing Agency, and the California Transportation Foundation.

RESOLUTION CHAPTER 115

Assembly Concurrent Resolution No. 62—Relative to special highway designations.

[Filed with Secretary of State September 2, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That, in honor of the Nisei Soldiers of World War II who served in units of the United States Armed Forces comprising the 100/442/MIS triad, the segments of State Highway Routes 23 and 99 described herein are hereby officially designated as follows:

(a) State Highway Route 23, from Highway 101 to Highway 118, as the Military Intelligence Service Memorial Highway.

(b) State Highway Route 99, between the Cities of Fresno and Madera, as the 100th Infantry Battalion Memorial Highway.

(c) State Highway Route 99, between the Cities of Salida and Manteca, as the 442nd Regimental Combat Team Memorial Highway; and be it further

Resolved, That each of the signs carrying those designations also include, in the lower right-hand corner, the following notations:

"A unit of the 100/422/MIS triad"; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designations and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 116

Assembly Concurrent Resolution No. 113—Relative to the Osaka Prefectural Government.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, International trade is a vital and growing component of California's future economic development and job creation; and

WHEREAS, The coming 21st century offers unique and grand opportunities for California to engage prosperously in the Pacific Rim; and

WHEREAS, There will soon be more than 1 billion middle-class consumers in East Asia, a market we cannot afford to ignore; and

WHEREAS, We ought to maximize every opportunity for establishing and improving relationships with the nations of the Pacific Rim; and

WHEREAS, Extending ourselves into a more proactive and attentive and thorough-going relationship with Japan will serve to improve our economic relations and success with Japan; and

WHEREAS, It is necessary and valuable to our future economic and social well-being for the State of California to take affirmative steps to engage in efforts to promote sound cultural and economic development in the Asia-Pacific region; and

WHEREAS, The State of California and the Osaka Prefectural Government in Japan respectively represent the seventh and eleventh largest economies in the world; and

WHEREAS, The Osaka Prefectural Government and the Department of Commerce of the State of California on December 19, 1988, executed an agreement to promote cooperation between California and Japanese companies through direct investments, joint ventures, licensing agreements, trade expansion, and other means; and

WHEREAS, Aspiring to make Osaka a truly internationalized metropolitan area open to the world, the Osaka Prefectural Government is promoting international exchange programs through a friendship agreement network in the Asia-Pacific region as its pillar; and

WHEREAS, Other developments since that time—including the forthcoming opening of the new 24-hour Kansai airport and Osaka's location as a prime gateway into the burgeoning economy of Southeast Asia—make it appropriate that California and Osaka now enter into a more comprehensive agreement of friendship and cooperation; and

WHEREAS, The Osaka Prefectural Government has already concluded goodwill and friendship agreements with Shanghai and Jiangsu, China; East Java, Indonesia; Val d'Oise, France; Queensland, Australia; and Primorsky Territory, Russia; and

WHEREAS, The Osaka Prefectural Government has recently invited California to express its interest in entering into a nonexclusive Amended Cooperation Agreement between Osaka Prefectural Government and State of California to promote cultural and economic exchanges of mutual benefit; and

WHEREAS, An Amended Cooperation Agreement between Osaka Prefectural Government and State of California should promote relationships on three fronts: government to government; business to business; and academia to academia; and

WHEREAS, The State of California and the Osaka Prefectural Government hope that this relationship will serve as a model for both governments to adopt when establishing comparable relationships with other governments; and

WHEREAS, This resolution is intended by the Legislature to signal to the Osaka Prefectural Government and other foreign governments that Californians welcome all expressions of interest in these programs of mutual cooperation and exchanges of friendship and goodwill; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature expresses its support for the Governor to execute an Amended Cooperation Agreement between the Osaka Prefectural Government and State of California on behalf of the State of California; and be it further

Resolved, That the State of California and the Osaka Prefectural Government recognize the desire of their governments, organizations, and citizens to enhance the friendship that exists between them and engage in economic, commercial, technological, and cultural activities of mutual benefit; and be it further

Resolved, That given the current and potential economic vitality of California and the Osaka Prefecture, as well as their strong cultural ties, the parties further recognize that their regions can establish broad economic, technological, and cultural activities, including equitable and mutually beneficial development of trade in goods and services, investment, technology, energy, transportation, and tourism, as well as the development of science, culture, arts, education, and health, while in each instance, fully observing the necessity of protecting the local and global environment; and be it further

Resolved, That both parties will promote cooperation between California and Osaka in the areas of trade expansion and promotion of tourism, development of cooperative research centers and exchanges in research personnel education, language, and cultural exchanges; and be it further

Resolved, That both parties will encourage the activities of business organizations such as the Osaka Chamber of Commerce and Industry, the California Chamber of Commerce, and the California Manufacturers Association to promote cooperation on a business-to-business basis, as well as their educational institutions on an academic-to-academic basis; and be it further

Resolved, That through this nonexclusive agreement, both parties have the option to conclude this same sort of protocol agreement with any other party or parties; and be it further

Resolved, That both parties retain the right to terminate this agreement at any time with advance notice; and be it further

Resolved, That both parties agree to each appoint an appropriate individual from their respective governments to facilitate cooperation; and be it further

Resolved, That the Legislature warmly welcomes and engages the several Osaka delegations, public and private, coming to the State Capitol this year, and seeks to lay further foundations for this new relationship between Osaka and California; and be it further

Resolved, That the State of California seek to develop a much more extensive involvement, both public and private, in the Government-Business Opportunities Conference (G-BOC) that is held each fall in Osaka; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Governor, the Osaka

Prefectural Government, and to the chambers of commerce and manufacturers associations of California and the Osaka Prefecture.

RESOLUTION CHAPTER 117

Assembly Concurrent Resolution No. 127—Relative to Italian Americans.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, During World War II, thousands of Italian American immigrants in California were arrested, and hundreds were interned for the duration of the war in military camps; and

WHEREAS, During World War II, the freedom of more than 100,000 Italian-born immigrants in California and their families was restricted by government measures than included carrying identification cards, curfews, travel restrictions, and seizure of personal property; and

WHEREAS, During World War II, more than 10,000 Italian citizens living in California were forced to leave their homes and were prohibited from entering California's coastal zones; and

WHEREAS, Thousands of Italian Americans performed exemplary service and sacrificed their lives in defense of the United States during World War II; and

WHEREAS, At the time, Italians were the largest immigrant group in California and in the entire United States; and

WHEREAS, Italian immigrants were among the earliest pioneers of California and have contributed greatly to the development of the state; and

WHEREAS, Italian Americans today are the fifth largest ancestry group in the United States, numbering over 15 million people, and more than 1.5 million Italian Americans live in California; and

WHEREAS, The impact of the wartime experience was devastating to the Italian communities in California, the effects of which are still being felt; and

WHEREAS, These federal and state government actions were based on the Italian nationality and citizenship of these Californians; and

WHEREAS, This story needs to be told and included in our state's history books to acknowledge that these events happened and to help repair the damage to the Italian community of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature welcomes the exhibit "Una Storia Segreta—The Secret Story" to the Capitol Rotunda from April 16 to May 8, 1994; and be it further

Resolved, That the Legislature encourages all Californians to view

the exhibit to promote greater awareness of this painful period in the experience of California's Italian population; and be it further

Resolved, That the Legislature recognizes these events of 1942 and the effects of those whose lives were unjustly disrupted and whose freedoms were violated; and be it further

Resolved, That the Legislature encourages teachers and professors, school and university administrators, governing boards, and the State Department of Education to include the study of the Italian American experience in the public schools and universities of the state; and be it further

Resolved, That the Legislature encourages the California Arts Council to promote Italian American historical, artistic, and cultural projects; and be it further

Resolved, That the Legislature study the feasibility of establishing an Italian American Museum to give attention to the many contributions of Italian Americans to California's rich history; and be it further

Resolved, That the Legislature join with the Governor to establish an Italian American Task Force to address the concerns of Italian Americans in California.

RESOLUTION CHAPTER 118

Assembly Concurrent Resolution No. 151—Relative to the Supplemental Report on the 1994 Budget Bill.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, The Supplemental Report on the 1994 Budget Bill, which contains agreed-upon language on statements of intent or requests for studies, was submitted to the Senate and Assembly concurrently with consideration of the Budget Bill for the 1994–95 fiscal year; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Supplemental Report on the 1994 Budget Bill reflects the intent of both houses of the Legislature in adopting the Budget Act of 1994; and be it further

Resolved, That the Supplemental Report on the 1994 Budget Bill shall be interpreted as the intent of the Legislature by the various agencies of state government affected by the statements contained in the report; and be it further

Resolved, That the Legislative Analyst shall transmit copies of the appropriate parts of the Supplemental Report on the 1994 Budget Bill to the agencies to which the instructions, limitations, or statements of intent are directed in the report, so that the affected agencies may be fully informed of the action of the Legislature.

RESOLUTION CHAPTER 119

Assembly Joint Resolution No. 55—Relative to the Republic of China on Taiwan.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, The people of the State of California enjoy a sister state relationship with the people of the Republic of China on Taiwan; and

WHEREAS, Commercial interaction with the Republic of China on Taiwan has grown substantially in recent years, to the benefit of our state; and

WHEREAS, A democratic, multiparty political system has been smoothly established in the Republic of China on Taiwan in recent years; and

WHEREAS, The direct role of the Republic of China on Taiwan in international development programs and humanitarian relief operations has expanded significantly during the past decade, often in close coordination with our nation's efforts; and

WHEREAS, Seven Central American countries have proposed to the Secretary General of the United Nations that a supplementary item be included in the provisional agenda of the 48th General Assembly session to consider the exceptional situation of the Republic of China on Taiwan in the international community, based on the principle of universality, and in accordance with the established pattern of parallel representation by divided countries in the United Nations; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That our ongoing commercial relationship with the people of the Republic of China on Taiwan should be recognized as serving our mutual interest in an equitable and reciprocal manner; and be it further

Resolved, That the record of the Republic of China on Taiwan in light of her democratization at home and humanitarian service abroad, be accorded appropriate recognition by the people of this state; and be it further

Resolved, That due consideration should be given by the United States to the readiness of the Republic of China on Taiwan for the latter's further contributions to the broader participation in the international community, including the United Nations and such forums as multilateral trade associations, and humanitarian relief organizations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 120

Assembly Joint Resolution No. 62—Relative to conversion of closed military bases to state prisons.

[Filed with Secretary of State September 2, 1994.]

WHEREAS, Violent felons account for nearly two-thirds of all prisoners; and

WHEREAS, Recent events, however, have demonstrated that many violent felons who should be incarcerated for the protection of the public, are instead out of prison and free to prey upon helpless citizens; and

WHEREAS, The lack of adequate prison space significantly contributes to this situation and will continue to result in the early release of inmates who constitute a danger to public safety; and

WHEREAS, The recent enactment of the "3 strikes, you're out" law has been said to be too costly in that it will require the construction of new prisons; and

WHEREAS, The Governor has called for the construction of six new prisons to be financed through the issuance of two billion dollars ($2,000,000,000) in state general obligation bonds; and

WHEREAS, California has many major military bases scheduled for closure; and

WHEREAS, It is reasonable to argue that living facilities that are adequate for our fighting men and women are adequate for housing prisoners; and

WHEREAS, While some security related modifications of closed military bases may be necessary in order for the bases to be used for state prison purposes, some security measures are already in place, and the modifications would in many cases require relatively minor expenditures; and

WHEREAS, California's base closures will result in the loss of 250,000 jobs and forty billion dollars ($40,000,000,000) to the local economy; and

WHEREAS, California has already lost 800,000 jobs due to the recession and California continues to lag behind the rest of the nation in recovery from the recession; and

WHEREAS, The federal government should assist in the economic recovery of California; and

WHEREAS, Allowing conversion of closed military bases in California for state prison use would provide an opportunity for the federal government to assist in this recovery by providing the state with the needed savings in capital outlay expenditure and by facilitating the replacement of lost defense-related jobs in the affected communities; and

WHEREAS, Conversion of closed military bases to state prisons would address the need for new prison space without the need for the issuance of construction bonds, thus saving the state two billion

dollars ($2,000,000,000) plus the financing costs at a time when the state should do whatever possible to maximize its resources; and

WHEREAS, The conversion of local area military bases to state prison use shall be approved by the local area reuse commission or entity ; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to allow California to, upon local approval, convert closed military bases to state prisons; and be it further

Resolved, That the Speaker of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 121

Assembly Concurrent Resolution No. 90—Relative to air standards in places of employment.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Between 800,000 and 1,200,000 commercial buildings are estimated to have some form of "sick building syndrome" due to indoor air quality problems, according to the Occupational Safety and Health Administration; and

WHEREAS, These problems manifest themselves in employee complaints of headaches, nausea, dry eyes, and respiratory infections; and

WHEREAS, Energy conservation measures instituted during the 1970's have minimized the infiltration of outside air and contributed to a buildup of indoor air contaminants; and

WHEREAS, A World Health Organization committee estimates that up to 30 percent of new and remodeled buildings may have this problem; and

WHEREAS, As more and more work is done indoors in sealed high-rise office buildings, the number of persons subjected to harmful indoor air over long periods of time may grow; and

WHEREAS, Indoor air can be as much as 100 times as polluted as the air just outside, according to the Environmental Protection Agency, which estimates that indoor air pollution costs the nation tens of billions of dollars each year in lost work time, medical costs, and decreased productivity; and

WHEREAS, The Environmental Protection Agency has ranked indoor air pollution as one of the top five environmental risks to human health and has classified environmental tobacco smoke as a

Group A carcinogen; and

WHEREAS, Indoor air quality may be improved significantly by ensuring an adequate fresh air supply and maintaining ventilation rates and temperature ranges as suggested by A.S.H.R.A.E. guidelines; and

WHEREAS, Indoor air quality may also be improved significantly by controlling factors other than ventilation rates and levels of fresh air supply, including factors that may produce detrimental effects upon public health, such as vapors from building materials; and

WHEREAS, The Occupational Safety and Health Standards Board has jurisdiction to adopt an indoor air standard that would protect the health of California workers from "sick building syndrome," now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Occupational Safety and Health Standards Board is requested to adopt an occupational safety and health standard for indoor air quality, including the elimination of environmental tobacco smoke, and the Division of Occupational Safety and Health is requested to work in consultation with representatives of labor, management, the National Institute of Occupational Safety and Health, the Environmental Protection Agency, the California Council of the American Institute of Architects, the Building Owners and Managers Association of California, the California Hotel and Motel Association, and the California Council for Interior Design Certification, and indoor air specialists to prepare a draft indoor air quality standard for presentation to the board on or before December 31, 1995; and be it further

Resolved, That the Division of Occupational Safety and Health is to coordinate with the California Building Standards Commission to ensure that the draft standard takes into account the effect of building standards on indoor air quality; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Occupational Safety and Health Standards Board.

RESOLUTION CHAPTER 122

Assembly Concurrent Resolution No. 139—Relative to biodegradable plastics.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Due to its convenience, adaptability, and low cost, plastic is a ubiquitous material in modern life, and a variety of plastic materials are used to make a vast array of products; and

WHEREAS, According to the 1993 Annual Report of the California

Integrated Waste Management Board, more than 2.6 million tons of plastics are disposed of annually in California, and less than 3 percent of this amount is recycled; and

WHEREAS, Many products made from plastics are designed to be disposed of after limited use, rather than being reused or recycled; and

WHEREAS, Despite the technical capability for some products containing plastics to be recycled, the vast majority of those products cannot be recycled conveniently by consumers; and

WHEREAS, The improper disposal of plastics can damage the environment and pose life-threatening hazards to birds, fish, and other wildlife; and

WHEREAS, Plastic materials that are degradable by exposure to earth, water, or sunlight have been developed for a wide variety of commercial applications; and

WHEREAS, State and local governments are the single largest purchasers in the state, accounting for approximately 8 percent of California's gross product; and

WHEREAS, The state has established programs to increase state purchasing of products made with recycled materials, including plastic, but there is no specific program to encourage state purchasing of biodegradable plastics; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That state agencies act expeditiously to increase their purchase of biodegradable plastics to the maximum extent feasible; and be it further

Resolved, That the California Integrated Waste Management Board and other appropriate state agencies analyze the efficacy of biodegradable plastics, including an analysis of potential impacts resulting from the mixing of biodegradable plastic resins with other plastic resins, as one means of reducing the state's solid waste stream and protecting public health and safety and the environment; and be it further

Resolved, That the board adopt standards and specifications, as appropriate, for biodegradable plastics to ensure that the state continues to benefit from new technological development of those plastics; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the California Integrated Waste Management Board, and the Office of Procurement within the Department of General Services.

RESOLUTION CHAPTER 123

Assembly Concurrent Resolution No. 153—Relative to the Mormon-Carson Pass Emigrant Trail.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, The historic Mormon-Carson Pass Emigrant Trail, the principal "highway" into the California gold fields during the 1849–56 gold rush, is now designated a national landmark by a recent act of Congress; and

WHEREAS, Lofty Peak 9763 adjacent to the Emigrant Trail above Kirkwood has been officially named Melissa Coray Peak by recent action by both the State and the National Boards of Geographic Names; and

WHEREAS, In the spring of 1995, the Sierra Chapter of the Sons of the Utah Pioneers is planning to construct a roadside plaque that will tell the fascinating story of the opening of the Emigrant Trail to the traveling public at the Silver Lake Overview on State Highway Route 88; and

WHEREAS, Approval and support has been received by the Oregon-California Trails Association, the Tri-County Advisory Board, the United States Forest Service, the Department of Transportation, and many other groups; and

WHEREAS, The Silver Lake Overlook is one-half mile east of Tragedy Spring, has ample parking space for more than a dozen cars, has a spectacular panoramic view of the high Sierra Nevada skyline, and is a frequent stopping place for tourists; and

WHEREAS, An anodized aluminum plaque will stand nearly three feet high and will be located outside the existing log and rock retaining fence on the edge of the overlook; and

WHEREAS, All aspects of the project have been reviewed by the appropriate engineers of the Department of Transportation on site, and the Sierra Chapter of the Sons of the Utah Pioneers have received their support and cooperation; and

WHEREAS, All costs for the project are being donated, and there will be no cost to the Department of Transportation or any other public agency during or after the erection of the plaque; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California takes great pleasure in recognizing the designation of the historic Mormon-Carson Pass Emigrant Trail as a national landmark by Congress; and be it further

Resolved, That the Legislature of the State of California also takes great pleasure in recognizing the official naming of Lofty Peak 9763 adjacent to the Emigrant Trail above Kirkwood as Melissa Coray Peak by recent action by both the State and the National Boards of Geographic Names; and be it further

Resolved, That the Legislature of the State of California commends the Sierra Chapter of the Sons of the Utah Pioneers for their dedicated efforts in this project, along with the pending construction of an important plaque that will inform the public of this fascinating story of the opening of the Mormon-Carson Pass Emigrant Trail; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Sierra Chapter of the Sons of the Utah Pioneers.

RESOLUTION CHAPTER 124

Assembly Joint Resolution No. 21—Relative to social security.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Social security laws, with respect to the taxing of social security as income at the federal level, have not been changed since the additional law was passed in 1993; and

WHEREAS, Social security is still taxable if personal income is more than $25,000 (single) or $32,000 (married); and

WHEREAS, During that period of time, inflation has increased more than 35 percent, with no change in the limits of taxable income; and

WHEREAS, On top of the initial tier of social security taxes, a federal law that imposes an additional higher social security tax was recently enacted whereby, under specified conditions, in the case of a single person earning $34,000 and a married couple earning $44,000, 85 percent of social security benefits are added to taxable income without an upward shift in the first tier threshold of taxable income; and

WHEREAS, Senior income increases at a very low percentage but the amount of social security that is taxed is increasing each year; and

WHEREAS, The people who are affected by this inflation are the people who can least afford it; and

WHEREAS, Those income limits, which include both social security and any tax-free income, no longer represent a fair amount of earnings to warrant tax on social security; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact legislation to eliminate the two tier taxation of social security by allowing a single person to earn $34,000 and a married couple to earn $44,000 before any portion of their social security is taxed; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the

Chairpersons of the House and Senate Committees on Aging, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 125

Assembly Joint Resolution No. 24—Relative to credit cards.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Fraudulent payment of charge card and credit card accounts with misappropriated checks is becoming increasingly common; and

WHEREAS, Thousands of inquires are being made each week to charge card and credit card companies regarding the misappropriation of checks intended for payment on a particular account but which were applied to another account; and

WHEREAS, An illegal practice has developed among dishonest persons employed in a bookkeeping or accounting capacity, wherein these dishonest persons have taken advantage of existing industry practice which holds that the remittance stub is controlling as to the payment of checks which were submitted with the remittance stub of one account, although the checks were intended for payment on another account; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States, and the Federal Reserve Board and its Board of Governors, to review the Truth in Lending Act (15 U.S.C. Sec. 1601 et seq.), Regulation Z, and other related statutes and regulations that control the information required to be disclosed on the billing statement for charge cards and credit cards, and make appropriate revisions thereto, such that cardholders are required to be advised that the only way to ensure that their check is credited to their account is to inscribe the payee's name and the words "for credit to account number _____ only," with their account number, on the portion of their check designated "Pay to the order of"; and be it further

Resolved, That the Legislature of the State of California urges that Congress enact a statute or the Federal Reserve Board adopt a regulation, or both, which would deem this inscription controlling in cases in which the account number inscribed on the payee line on the check is different from the account number on the remittance stub; and be it further

Resolved, That the Legislature of the State of California urges Congress and the Federal Reserve Board to make it clear that this statute, regulation, or both, will apply to all charge cards and credit cards, regardless of use or cardholder status, and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Chairman and each member of the Board of Governors of the Federal Reserve Board.

RESOLUTION CHAPTER 126

Assembly Joint Resolution No. 58—Relative to violence affecting the lives of young children.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Violence has increased in the lives of young children who live in California; and

WHEREAS, The United States is now the country with the most violence in the industrialized world, leading the world in homicides, rapes, and assaults; and

WHEREAS, California is home to 12 percent of the nation's 65 million children; and

WHEREAS, California's 7.8 million children represent one-quarter of the state's total population; and

WHEREAS, In 1990, handguns were used to kill 87 people in Japan, 68 in Canada, 22 in Great Britain, 10 in Australia, and 10,567 in the United States; and

WHEREAS, In 1990 handguns were used to kill 222 children under the age of 10 and 6,795 youths under the age of 25; and

WHEREAS, National Trauma Center data reveals a 300 percent increase in hospital admissions involving gunshot wounds to children who were shot by other children (age of 16 or under); and

WHEREAS, Gun-related violence takes the life of one American child at least every three hours and the lives of at least 25 children—the equivalent of a classroom—every three days; and

WHEREAS, Since the Federal Communications Commission's 1982 decision to deregulate children's commercial television, television time for war cartoons jumped from one and one-half hours per week to 43 hours per week; and

WHEREAS, Since deregulation of children's television in the early 1980s, the marketing of violent toys through the media has increased tremendously; and

WHEREAS, The incidence of violence in children's television programs has increased from 18.6 acts of violence per hour a decade ago to 26.4 violent acts each hour today; and

WHEREAS, Years of research show that children exposed to excessive viewing of television violence become less sensitive to the pain and suffering of others, more fearful of the world around them,

and are more likely to behave in aggressive or harmful ways toward others; and

WHEREAS, Research also shows that exposure to media violence leads children to see violence as a normal response to stress and as an acceptable means of resolving conflict; and

WHEREAS, California's diversity makes it imperative that children develop respect for all cultures and learn about nonviolent means of conflict resolution; now therefore be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature memorializes the Federal Communications Commission to review television's efforts and accomplishments in addressing the impacts of violence on children; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Chairperson of the Federal Communications Commission, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 127

Senate Concurrent Resolution No. 30—Relative to the Veterans' Home Memorial Bridge.

[Filed with Secretary of State September 9, 1994.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That Bridge No. 21-0047 on State Highway Route 29 at the City of Yountville is hereby officially designated the Veterans' Home Memorial Bridge; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 128

Senate Concurrent Resolution No. 31—Relative to teaching the arts.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, The arts are universally defined to be visual art, dance, drama/theatre, and music; and

WHEREAS, The arts are recognized to be core subject disciplines essential to the education of young people by the California Joint Legislative Committee on the Arts, the California Arts Council, the National Council on Basic Education, the National Association of Secondary School Principals, the California Arts Project, the National Endowment for the Arts, the United States Secretary of Education, the State Department of Education, and President Clinton's Goals 2000 Educate America Act; and

WHEREAS, The State Department of Education has developed THE VISUAL AND PERFORMING ARTS FRAMEWORK FOR CALIFORNIA PUBLIC SCHOOLS, KINDERGARTEN THROUGH GRADE TWELVE (the "Framework") for quality sequential instruction in all four arts disciplines, as well as supporting publications to implement the Framework; and

WHEREAS, The arts are taught in California's schools, and all are accepted as courses contributing towards fullfillment of high school graduation requirements; and

WHEREAS, Either visual art, dance, drama/theatre, or music can fulfill the arts entrance requirement of the California State University and may be accepted for entrance to the University of California; and

WHEREAS, The California Basic Education Data System ("CBEDS") statistics show dramatic growth in the number of pupils enrolled and in the number of classes offered in both dance and drama/theatre in the 10 years between the 1982–83 and the 1992–93 school years, with the number of pupils enrolled in dance increasing 5 percent, the number of classes in dance increasing 10 percent, the number of pupils enrolled in drama/theatre increasing 46 percent, and the number of classes in drama/theatre increasing 35 percent; and

WHEREAS, The CBEDS statistics concerning the number of full-time equivalent teachers of the arts show an additional 30 full-time equivalent teachers of dance (an increase of 21 percent), and an additional 126 full-time equivalent teachers of drama/theatre (an increase of 20 percent), while for the same time period, the number of full-time equivalent teachers of visual arts has decreased by 27 and the number of full-time equivalent teachers of music has decreased by 23; and

WHEREAS, The ratio of full-time equivalent teachers to pupils enrolled in all four arts has decreased from one teacher per 686 pupils in 1982–83 to one teacher per 861 pupils in 1992–93; and

WHEREAS, Twenty other states require high school theatre teachers to hold drama or theatre certificates, and an additional 13 states certify theatre teachers in a combination of theatre arts and speech; and

WHEREAS, California is among the 19 states which permit teaching theatre with credentials other than theatre or a combination of theatre and speech, and, therefore, without any required college-level training in theatre; and

WHEREAS, Fourteen states offer teacher certification in dance; and

WHEREAS, Every civilization has recorded and preserved its unique culture through all of the arts, each of which chronicles a culture in its special way, and in California's multiethnic, multicultural society it is incumbent upon the public school system to communicate an understanding of these diverse heritages to all of its pupils; and

WHEREAS, An understanding of cultural heritages and values, as well as the humanizing and socializing effects which evolve from the study of the arts, are compelling reasons that all of the arts be taught by fully qualified, certificated teachers; and

WHEREAS, California's entertainment and arts industries are the second or third largest employers in the state, so that education in the arts is essential to the economic future of California; and

WHEREAS, California teaching credentials are available only in art and music, but not available in dance or drama/theatre; and

WHEREAS, Under the current policies of the Commission on Teacher Credentialing, dance may be taught by anyone holding a physical education credential and drama/theatre may be taught by anyone holding an English credential; and

WHEREAS, All subject disciplines should be taught only by subject matter experts who are professionally trained and credentialed; and

WHEREAS, The Commission on Teacher Credentialing is responsible for assuring pupils and parents that every teacher is adequately trained and credentialed; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Commission on Teacher Credentialing review and assess the adequacy of teachers of English to teach drama/theatre and the adequacy of teachers of physical education to teach dance, and to report its findings to the Senate Education Committee, the Assembly Education Committee, and to the Joint Legislative Committee on the Arts no later than November 1, 1995.

RESOLUTION CHAPTER 129

Senate Concurrent Resolution No. 33—Relative to School Safety Month and Yellow Ribbon Week.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Some school grounds today have become war zones for children; and

WHEREAS, Every year 3,000,000 thefts and violent crimes occur on or near school campuses according to the National Crime Survey; and

WHEREAS, Between 1980 and 1989 more than 11,000 persons died in this country as a result of homicides committed by youths of high school age using firearms, cutting instruments, or blunt objects; and

WHEREAS, The California Constitution guarantees students and staff the right to be safe and secure in their persons on public primary, elementary, junior high, and senior high school campuses; and

WHEREAS, There is a need for violence prevention strategies that effectively deal with individual and cultural relations and that include the collaboration of parents, community members, and law enforcement; and

WHEREAS, School districts, in conjunction with the Senate Subcommittee on School Safety, will continue to strengthen their efforts to reduce and prevent violence through unity, harmony, and collaboration; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the state proclaims October as School Safety Month and the week of October 16 through 22 as Yellow Ribbon Week; and be it further

Resolved, That the Legislature encourages all schools to participate in appropriate activities during School Safety Month to recognize the importance of conflict resolution and violence eradication; and be it further

Resolved, That the Legislature encourages parents, pupils, teachers, other school personnel, and members of the community to wear yellow ribbons during the week of October 16 through 22 to demonstrate their commitment to school safety and in recognition of pupils who have lost their lives as a direct result of school violence.

RESOLUTION CHAPTER 130

Senate Concurrent Resolution No. 35—Relative to educational materials on violence in the media.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Nearly four decades of research on television and other media has documented that children are exposed to real life and fictitious depictions of violence in the mass media; and

WHEREAS, A child's exposure to violence in the mass media, particularly at young ages, can have lifelong consequences; and

WHEREAS, Primary and secondary school curricula that integrate instruction and counseling for children about the mass media, including the depictions of violence, provide children with critical

viewing skills and a better understanding about what they experience in the mass media; and

WHEREAS, Mass media comprehension by young pupils is important and necessary in early education and the formative years of a child's life; and

WHEREAS, Media literacy curricula intellectually equip children to manage their perceptions and response to the depictions of violence in the mass media; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the task force on violence in the media is hereby created to develop and examine existing video and other educational materials designed to enhance the critical viewing skills of teachers, parents, and children regarding media violence and to teach how to prevent its negative effects; and be it further

Resolved, That the task force shall be composed of four members appointed by the Governor, three members appointed by the Superintendent of Public Instruction, five members appointed by the Senate Committee on Rules, and five members appointed by the Speaker of the Assembly and shall complete its work by January 1, 1996; and be it further

Resolved, That the State Department of Education shall provide the funding for the task force from its existing resources and shall receive the materials developed by the task force and disseminate them to school districts and county offices of education.

RESOLUTION CHAPTER 131

Senate Concurrent Resolution No. 41—Relative to highways.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Sadao S. Munemori, an American of Japanese ancestry, enlisted for service in the United States Army at the age of 19; and

WHEREAS, Private Munemori was assigned to the 100th Infantry Battalion, a unit composed mainly of Japanese-Americans from Hawaii; and

WHEREAS, The 100th Battalion later became part of the 442nd Regimental Combat Team, the most highly decorated unit of World War II for its size and time in combat; and

WHEREAS, While his family was confined at Manzanar, an internment camp for "enemy aliens" located in the Owens Valley of California, Private Munemori trained with the 100th Battalion at Camp Shelby, Mississippi, and, in 1943, was shipped with the unit to North Africa; and

WHEREAS, As a member of "A" Company, Private Munemori was transferred to Italy, landing at Salerno on September 26; and

WHEREAS, From the moment the 100th Battalion reached Europe, it was continually in the thick of combat; and

WHEREAS, The unit continued to push its way through Italy until ordered to France, arriving in Marseilles in September 1944; and

WHEREAS, Near the town of Bruyeres, France, the 100th Battalion, as part of the 442nd Regimental Combat Team, fought its signature battle when it was ordered to rescue "at any cost" a battalion of the 36th Division of the Texas National Guard, known as the "Lost Battalion," and succeeded while paying a grave price: approximately 161 dead, 43 missing, and 2,000 wounded; and

WHEREAS, In March 1945, Private Munemori and "A" Company were ordered back to Northern Italy to join forces in the final push against the Gustav Line, a fortified German position that had held up the Allied advance for more than four months; and

WHEREAS, On April 5, 1945, "A" Company came under murderous fire, and its commander, Lt. David Novack, and squad leader, Staff Sgt. Kei Yamaguchi, were severely wounded; and

WHEREAS, Without hesitation, Private Munemori took command and single handedly, using grenades, knocked out two enemy machine guns; and

WHEREAS, Private Munemori gave his life to save two of his comrades when he used his own body to shield them from an exploding enemy grenade; and

WHEREAS, Private Munemori's ultimate act of heroism not only saved the lives of his comrades, but did much to clear the path for his company's advance; and

WHEREAS, On March 7, 1946, Private First Class Sadao S. Munemori was posthumously awarded the Congressional Medal of Honor by President Harry S. Truman; and

WHEREAS, These acts of heroism during World War II were followed by countless acts of heroism by all Californians who later served so admirably in the armed services of the United States during the Korean War and who are equally deserving of our continuing recognition; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the freeway interchange between Interstate Highway Route 105 and Interstate Highway Route 405 be designated the Sadao S. Munemori Memorial Freeway Interchange and that the portion of State Highway Route 126 between the City of Santa Paula and Interstate Highway 5 be designated the Korean War Veterans' Memorial Highway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing these official designations and, upon receiving donations from private sources covering those costs, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation, and suitably prepared

copies to the Nisei Veterans Association of Southern California and the San Fernando Valley Chapter of the Japanese-American Citizen's League.

RESOLUTION CHAPTER 132

Senate Concurrent Resolution No. 45—Relative to engineering geologists.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, It is the intent of the Legislature to safeguard the life, health, property, public welfare, and the environment of the citizens of the state; and

WHEREAS, To that end the state employs in numerous agencies engineering geologists, as defined in the Geologist and Geophysicist Act (Chapter 12.5 (commencing with Section 7800) of Division 3 of the Business and Professions Code); and

WHEREAS, Existing law requires any person who uses the title "registered geologist," "registered certified specialty geologist," or who stamps or seals any plans, specifications, plats, reports, or other documents with the seal of an engineering geologist, to be registered or registered and certified in accordance with the Geologist and Geophysicist Act; and

WHEREAS, It is the intent of the Legislature that the certification requirements that are imposed upon private sector professional engineering geologists and engineering geology partnerships, firms, or corporations shall also be imposed upon the state, and that any city, county, or city and county engaged in the practice of hiring engineering geologists shall also adhere to those requirements; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature requests that the State Personnel Board and the Department of Personnel Administration review the civil service classification for engineering geologists to ensure that these positions are used in compliance with Chapter 12.5 (commencing with Section 7800) of Division 3 of the Business and Professions Code, relating to geologists and geophysicists, and to report to the Legislature thereon within 180 days of the adoption of this measure; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of the Department of Personnel Administration and to each member of the State Personnel Board.

RESOLUTION CHAPTER 133

Senate Concurrent Resolution No. 52—Relative to seniors.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Within the next five years, approximately 40 percent of United States workers expect to be responsible for elderly parents; and

WHEREAS, Ninety percent of the care of older persons is provided by family caregivers, and one out of every five of these caregivers has been providing care for five years or more, making them the safety net for the health care system; and

WHEREAS, Respite services reduce burnout from the care of the frail elderly in the home and help to prevent or postpone institutionalization; and

WHEREAS, Training programs are not in place statewide to train volunteer and paid caregivers; and

WHEREAS, It is difficult to find qualified personal care providers; and

WHEREAS, Few services are available after regular business hours and during weekends; and

WHEREAS, Seniors 65 to 74 years of age volunteer more time each week than any other age group; and

WHEREAS, Seniors looking for worthy causes to which they can donate their time, energy, and expertise could participate in respite care programs; and

WHEREAS, Seniors, approximately 25 percent of whom live at or below the poverty level, who wish to supplement their income could participate in respite care programs; and

WHEREAS, Studies confirm that seniors are reliable employees with lower rates of absenteeism; and

WHEREAS, State and local government agencies and private nonprofit organizations may apply for grant money from the federal ACTION agency pursuant to Public Law 93-113, as amended, to fund senior domestic companion programs; and

WHEREAS, ACTION grants cover up to 90 percent of the cost of approved programs, while at least 10 percent of the total approved budget must be met by the applicant; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California requests the Department of Aging to study whether it is possible to institute a training program for respite care workers using Senior Companion ACTION Grant funds under an existing program.

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Aging.

RESOLUTION CHAPTER 134

Senate Concurrent Resolution No. 58—Relative to El Dorado County Veterans Bridges.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, The Board of Supervisors of the County of El Dorado has declared that the County of El Dorado would like to provide local recognition for those who fought and died for their country in any of her many struggles for freedom; and

WHEREAS, There has never been an official name given to either Bridge No. 25-98 or Bridge No. 25-99 on State Highway Route 50 near the junction of Alder Creek and the South Fork of the American River; and

WHEREAS, The bridges would become a symbol of the commitment shown by the veterans of all wars to serve overseas; and

WHEREAS, The bridges would serve to remind our citizens of the need to bind ourselves together in the resolution of conflicts at home as well as abroad; and

WHEREAS, The Board of Supervisors of the County of El Dorado has recommended that Bridge No. 25-98 and Bridge No. 25-99 on State Highway Route 50 near the junction of Alder Creek and the South Fork of the American River be designated the "El Dorado County Veterans Bridges"; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That Bridge No. 25-98 and Bridge No. 25-99 on State Highway Route 50 near the junction of Alder Creek and the South Fork of the American River be officially designated the "El Dorado County Veterans Bridges"; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designations and, upon receiving the requisite funds from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the County of El Dorado and the State of California will join together in a formal dedication ceremony naming the bridges; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 135

Senate Concurrent Resolution No. 60—Relative to the Richard Alan Maxwell Memorial Interchange.

[Filed with Secretary of State September 9, 1994.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the traffic interchange located at the intersection of State Highway Route 99, State Highway Route 204, and Airport Drive in Bakersfield is hereby officially designated the Richard Alan Maxwell Memorial Interchange ; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 136

Senate Joint Resolution No. 32—Relative to tobacco sales.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Since the 1964 Surgeon General's Report recognizing the grave health danger of tobacco use, it has been the national policy of the United States to discourage smoking; and

WHEREAS, Since the passage of Proposition 99 in 1988 by a margin of 5,607,387 to 4,032,644, the number of smokers in California has significantly decreased by over one million people, due in part to the antismoking advertising and education campaign mandated by Proposition 99; and

WHEREAS, Tobacco is the number one preventable cause of death and disease in the United States; and

WHEREAS, Recent health statistics indicate that Americans as a whole are smoking less, which signals the tobacco industry's decline in this country; and

WHEREAS, In the developed world, cigarette consumption fell by 6.2 percent between 1986 and 1991, while in poor countries it grew by 17.4 percent; and

WHEREAS, Health experts around the world believe we are at a critical juncture in whether smoking becomes a worldwide epidemic, with estimates that the number of tobacco-related deaths will increase threefold to eight million by the year 2025, and that the progress made in curbing deaths from malnutrition and infectious

diseases in lesser developed countries will be lost to deaths caused by smoking; and

WHEREAS, Starting in 1985, the United States government, while discouraging smoking at home, successfully pressured Japan, Taiwan, South Korea, and Thailand into breaking their domestic tobacco monopolies and allowing the sale of American cigarettes; and

WHEREAS, American tobacco companies are attempting and sometimes succeeding in undermining laws to limit cigarette advertising in Asian countries; and

WHEREAS, Two years after the United States tobacco companies entered Japan, television advertising increased tenfold, and since 1988 when United States advertising was allowed in South Korea, the smoking rate for male teenagers rose from 18 percent to 30 percent, and for female teenagers from 2 percent to 9 percent; and

WHEREAS, Some American tobacco companies experiencing a diminishing United States market are targeting one billion Chinese by positioning to expand investments, production, and advertisement of cigarettes; adversely influencing other cultures by manipulative marketing to men, women, and children; and creating costly tobacco-related health hazards and premature deaths; and

WHEREAS, It is estimated that 50 million Chinese children will die from tobacco prematurely if trends continue; and

WHEREAS, American tobacco industry activity in Asia is analogous to 19th century British merchants who persuaded their government to force China to allow the entry of dangerous and addictive opium and contributed to anti-British and anti-Western sentiment in China for decades to come; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the California Legislature, expressing its grave concern for the health of the people of developing countries, hereby urges the following courses of action:

(a) That the United States Congress pass legislation to prohibit the United States Trade Representative, the United States Department of State, and the United States Department of Commerce, or any other agency of the United States government from actively encouraging, persuading, or compelling any foreign government to expand the marketing of tobacco products, whether it be by repealing laws restricting marketing practices, or securing agreements to introduce new measures or expand current ones. This applies to the promotion, advertisement, distribution, and taxation of tobacco products.

(b) That the President of the United States, who has advocated for comprehensive health programs and policies to protect children in the United States, formulate responsible bilateral, multilateral, and international policies which support, rather than oppose, health laws designed to discourage tobacco use in other countries.

(c) That American tobacco companies cease and desist from their unsavory advertising and marketing practices that are designed to encourage tobacco consumption among developing countries, and

that will result in tremendous loss of human life and increased health care costs in those developing countries; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the United States Trade Representative, to the United States Department of State, and to the United States Department of Commerce.

RESOLUTION CHAPTER 137

Senate Joint Resolution No. 33—Relative to the Territory of Guam.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, The United States, recognized as the leader in stimulating the pursuit of global democracy, promotes the extension of self-determination to all peoples, especially to those states and territories under its jurisdiction; and

WHEREAS, Guam strives ultimately to provide the people of Guam with greater participation in deciding their destiny within the American community through recognition of their human rights and the establishment of a just political relationship between the people of Guam and the United States government; and

WHEREAS, The people of Guam are citizens of the United States and should be given all the rights afforded citizens in the United States Constitution; and

WHEREAS, The citizens of the Territory of Guam share the same dreams and aspirations as do other Americans and should be granted the dignity and freedom associated with greater rights of self-determination; and

WHEREAS, The California Legislature supports the attempt by each territory controlled by the government of the United States to attain the political status best suited to the people of the territory; and

WHEREAS, By ratifying the Guam Commonwealth Act in 1987, the citizens of the territory of Guam have demonstrated their desire to control their own political, social, and economic future; and

WHEREAS, Attaining the status of a Commonwealth of the United States would enable the citizens of the territory of Guam to enjoy the benefits of self-government, while retaining their longstanding loyalty to the government of the United States; and

WHEREAS, The Territory of Guam is one of the few territorial possessions remaining in the world today, and support for its efforts to achieve the status of a Commonwealth has been widespread, including support from a number of states, from the National

Governors' Association, the National Conference of State Legislatures, the Western Legislative Conference of the Council of State Governments, and the United States Conference of Mayors; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the California Legislature hereby expresses its support for the people of the Territory of Guam in their efforts to attain the status of a Commonwealth of the United States and a just and permanent relationship with the government of the United States; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, to each Senator and Representative from California in the Congress of the United States, the Governor of Guam, the Speaker of the Guam Legislature, and the Guam Congressional Delegate.

RESOLUTION CHAPTER 138

Senate Joint Resolution No. 39—Relative to violence prevention.

[Filed with Secretary of State September 9, 1994.]

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the Congress of the United States to encourage federal efforts to develop, implement, and evaluate violence prevention and anti-aggression education curricula for use in public elementary and secondary schools; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 139

Senate Joint Resolution No. 46—Relative to taxation of Social Security benefits.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Existing federal law imposes an income tax on a portion of Social Security benefits for recipients whose annual income exceeds twenty-five thousand dollars ($25,000) for a person filing an individual return and thirty-two thousand dollars ($32,000) for persons filing a joint return; and

WHEREAS, These income thresholds are not indexed to inflation, so that with time the percentage of Social Security recipients who are taxed on a portion of their benefits has increased; and

WHEREAS, In 1984, when the federal income tax on Social Security benefits was first established, the tax affected 8 percent of recipients; and

WHEREAS, By 1993, the tax affected 22 percent of recipients; and

WHEREAS, Future increases in inflation will lead to a higher percentage of seniors being taxed on their Social Security benefits; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation to index to inflation the income thresholds for the federal income taxation of Social Security benefits; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 140

Senate Joint Resolution No. 49—Relative to the Space Station.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, There is a need for creating and maintaining the capability to perform long duration space research in science and technology, and the Space Station will advance our use of the unique space environment by providing a permanent, multipurpose Earth-orbiting laboratory; and

WHEREAS, Pressurized laboratory accommodations will enable experimenters to use the microgravity environment of space to expand our knowledge, develop new technologies, realize new products and processes, provide an observation point to view the Earth and the heavens, and to carry out a range of scientific and technical experiments; and

WHEREAS, The Space Station will be built by an international team from Europe, Japan, Canada, Russia, and the United States, who have all planned and adjusted their space program budgets over the past few years and have made difficult choices to eliminate other activities of national or joint interest in order to maintain funding for their portions of the International Space Station; and

WHEREAS, The Space Station will be a world-class laboratory in space that will serve as an intellectual magnet to inspire all Americans, especially our youth; and

WHEREAS, The current Space Station program employs 9,700 people in southern California alone, 30,000 people directly, and over 100,000 people indirectly, nationwide; and

WHEREAS, The Space Station will create thousands of high technology jobs that will enhance future United States competitiveness; and

WHEREAS, The past and proposed military base closures in California are devastating to an economic base reeling from the recession, extremely high unemployment compared to the rest of the nation, natural disasters, and the state budget crisis; and

WHEREAS, The Space Station can help maintain the California manufacturing base and all of the small subcontracting businesses and keep California at the forefront of science and technology; and

WHEREAS, The International Space Station is the largest international scientific cooperative program in history that channels the Russian aerospace industry into nonmilitary pursuits and furthers commercial ties and builds on Russian space experience and expenditures; and

WHEREAS, Our national expenditures on the Space Station program represent only a very small fraction of the federal budget, and the program management is improved and streamlined to reduce cost risk, saving even more money; and

WHEREAS, Substantial progress in the design and fabrication of hardware warrants high confidence of program success that will propel the United States to the forefront of technological progress and commercial application of space research; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby urges the members of the congressional delegation from California to act in united support of fully funding the United States' involvement in the International Space Program and to communicate their support to the Secretary of the United States Department of Defense, to the President of the United States, and to other pertinent parties; and be it further

Resolved, That the Legislature of the State of California hereby urges the boards of supervisors of all California counties, all city councils in the state, and all chambers of commerce in the state to provide their attention and support for the continued funding of the Space Station and to communicate their support to the President of the United States, the Secretary of the United States Department of Defense, the Chairperson of the United States Senate Armed Services Committee, the Chairperson of the United States House of Representatives Armed Services Committee, and the congressional delegation from California; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the boards of supervisors of all California counties, to all city

councils in the state, and to all chambers of commerce in the state.

RESOLUTION CHAPTER 141

Senate Joint Resolution No. 51—Relative to unfunded federal mandates.

[Filed with Secretary of State September 9, 1994.]

WHEREAS, Unfunded federal mandates imposed on state, local, and tribal governments have become increasingly extensive in recent years; and

WHEREAS, Unfunded federal mandates have, in many instances, added to the growing deficits in state, local, and tribal government budgets and have resulted in the need for state, local, and tribal governments to increase revenue or curtail sometimes essential services; and

WHEREAS, The excessive fiscal burdens on state and local governments have undermined, in many instances, the ability of state and local governments to achieve their responsibilities under state and local law; and

WHEREAS, Congress Member Gary Condit has authored House Bill No. 140 (H.R. No. 140), the Federal Mandate Relief Act; and

WHEREAS, H.R. No. 140 would ensure that the federal government pays the total amount of direct cost incurred by state and local governments in complying with federal requirements which take effect on or after the date of enactment of the Federal Mandate Relief Act under a federal statute or regulation; and

WHEREAS, H.R. No. 140 would provide that any requirement under a federal statute or regulation that a state or local government conduct an activity (including a requirement that a government meet national standards in providing a service) shall apply to the state or local government only if all funds necessary to pay the direct costs incurred by the government in conducting the activity are provided by the federal government; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President and the Congress of the United States to adopt the Federal Mandate Relief Act, as proposed by H.R. No. 140, at the earliest possible time to ease the fiscal burdens imposed on state, local, and tribal governments; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 142

Assembly Concurrent Resolution No. 96—Relative to the Industry of the Month program.

[Filed with Secretary of State September 13, 1994.]

WHEREAS, California is still, at best, in the early stages of recovery from our most serious economic downturn since the Great Depression of the 1930's; and

WHEREAS, Our generating a sustaining recovery depends upon our being visionary and smart and collaborative in preparing ourselves to be competitive in the ever and rapidly changing world in which we live and operate and do business; and

WHEREAS, Our overall challenge is to realize the promise of our multicultural democracy in the emerging global economy in the age of technology and knowledge; and

WHEREAS, It is especially incumbent upon each and all of us in the entire California public sector to become thoroughly informed regarding the latest developments that affect our economic competitiveness and prospects for our future well-being, so that we can operate collaboratively and smartly and effectively; and

WHEREAS, The public and private sectors of California have been for far too long much too unfamiliar with and uninformed about each other's realities and challenges, and even more failing to collaborate smartly and effectively in all the ways required by the new world into which we are moving; and

WHEREAS, As repeatedly heard by the Assembly Democratic Economic Prosperity Team in its rounds of 70 consultations with business and other leaders over the past 14 months, the California private sector consistently complains about the failure of the various levels and agencies of California's public sector to understand and appreciate the value and realities and problems and challenges of California's various private sector endeavors, including the public sector's failure to appropriately educate Californians for employment in those private sector endeavors in public sector operations; and

WHEREAS, It is ever more essential that all the agencies of the public sector of California become and remain apprised of the latest developments regarding the foremost industries which will contribute to California's economic recovery and future economic prosperity and well-being; and

WHEREAS, A creative and systematic vehicle for mutual dialogue and learning would prove of enormous value as we seek to prepare ourselves as a state to be competitive in this emerging global economy and age of technology; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That California, as a state and especially throughout the various levels and agencies of its public sector,

commit itself to becoming a learning enterprise, so as to prepare our public sector to act and respond more smartly and effectively in a timely fashion to the emerging problems and challenges of our times; and be it further

Resolved, That the State of California, in particular, immediately initiate the designing and implementation of a systematic vehicle that will serve to further assure this learning, and particularly now in our time of economic crisis, assure this learning with respect to the causes and cures of our economic crisis; and be it further

Resolved, That California create an "Industry of the Month" program, which will, every other month until June 30, 1996, feature one leading California industry for a day-long intensive dialogue in the State Capitol; and be it further

Resolved, That the audience for each intensive day-long learning experience is to be comprised of the leadership of all the relevant agencies of California's public sector, including, but not limited to, the Governor of California, the Secretary of Trade and Commerce, both houses and both parties of the Legislature, the County Supervisors Association of California and the League of California Cities, the University of California and the California State University, the California Community Colleges, and the California public school system; and be it further

Resolved, That the agenda for that day is to be determined and designed by the leaders of the particular featured industry, and to include other leaders with any concerns regarding the industry; and be it further

Resolved, That the agenda include an assessment of at least each of, but not limited to, the following: the character of the industry and its value and potential to California's economic well-being, the current status and challenges and problems of the industry, and ways in which the various levels and agencies of California's public sector are failing to serve or utilize the industry, and ways in which they could better facilitate the healthy success of each industry; and be it further

Resolved, That the convening of each day-long intensive learning experience shall be coordinated by a team of five leaders of the state government or the designee of each: the Governor of the State of California, the President pro Tempore of the Senate, the Speaker of the Assembly, and the minority leaders of both houses of the Legislature, with the Governor, or his or her designee, to serve as convener and chair of this coordinating team, and five leaders of the particular industry; and be it further

Resolved, That it is the intent of the Legislature, in initiating this program, to engage especially the principals in both the public and private sectors, whose knowledge, commitment, and action are essential to California's future economic well-being and therefore it is not to be deemed sufficient that staff persons from the public sector or advocates from the private sector be centrally involved in the actual conduct of each event itself; while they are necessarily to

be involved in the planning of each event, it is the intention of the Legislature that they be involved as members of the presenting team and immediate audience; and be it further

Resolved, That the day shall be smartly designed, in consultation with the Californians who are experts in the design of group learning experiences, so as to most profoundly facilitate the mutual learning and trust and team building of all parties concerned, both public and private; and be it further

Resolved, That the coordinating team make every effort to broadly publicize the proceedings so that the California public can watch and listen and learn as well, including, but not limited to, presentation on Cal-Span; and be it further

Resolved, That the following key California industries shall especially be considered by the selection team, and chosen in an order to be determined by the design team: agriculture, apparel industry, biotechnology, defense and space, electronics, entertainment, international trade, petroleum, software, telecommunications, environmental technology, and tourism; and be it further

Resolved, That the design team create and operate a process, including explicit criteria, whereby other California industries can also compete for "Industry of the Month" slots in each two-year cycle; and be it further

Resolved, That the Secretary of Trade and Commerce shall disseminate copies of this resolution to at least the 100 foremost trade and industry associations in California, and shall, for the consideration of the coordinating team, seek its advice regarding how best to effectively conduct, and their active endorsement and support of, this "Industry of the Month" program; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor of the State of California and the Secretary of Trade and Commerce.

RESOLUTION CHAPTER 143

Assembly Concurrent Resolution No. 145—Relative to General John Fremont.

[Filed with Secretary of State September 13, 1994.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to grant to the Matuca Chapter No. 1849 of the Ancient and Honorable Order of E Clampus Vitus, without charge, an encroachment permit that will authorize an appropriate historical plaque dedicated to General John Fremont to be placed within the right-of-way of State Highway Route 49 between mile markers 30.5

and 31 in Mariposa County; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation and the Matuca Chapter, E Clampus Vitus.

RESOLUTION CHAPTER 144

Assembly Concurrent Resolution No. 154—Relative to Try American Day.

[Filed with Secretary of State September 13, 1994.]

WHEREAS, The creativity and ingenuity of American working men and women in the United States have provided a host of new products and services that improve the quality of life in the United States and the World; and

WHEREAS, American workers should be recognized as one of our Nation's most valuable resources; and

WHEREAS, The American spirit of entrepreneurship, pride of craftsmanship, and commitment to quality are hallmarks recognized throughout the world; and

WHEREAS, The United States and its citizens have reason to celebrate the strength and quality of American products and services; and

WHEREAS, The quality and abundance of American goods are a tribute to the productivity and ability of American workers; and

WHEREAS, The ability of American companies to export, even in the face of strong trade barriers in many countries, is a sign of the true competitiveness of American products; and

WHEREAS, American farmers and ranchers provide this country and the world with a wide array of high quality food and fiber products and consistently create annual agricultural trade surpluses of more than $20,000,000,000; and

WHEREAS, The energy and perseverance of American business service is a beacon for other nations that strive to ensure prosperity for their people; and

WHEREAS, American small business provides a basis for economic progress and for the creation of jobs and opportunities for people from every corner of America; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Governor is hereby requested to proclaim Labor Day, September 5, 1994, to be Try American Day and to call on the people of the State of California to observe the day with appropriate ceremonies and activities and to honor the day through the purchase of American-made goods and services; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

RESOLUTION CHAPTER 145

Assembly Joint Resolution No. 93—Relative to the Martinez Job Creation and Infrastructure Restoration Act of 1994.

[Filed with Secretary of State September 13, 1994.]

WHEREAS, More than 16 million Americans suffer from unemployment or underemployment, and more than 1.2 million Californians suffer from unemployment; and

WHEREAS, From 1979 to 1992, the United States lost 2.9 million manufacturing jobs, a net loss of almost one in five production jobs; and

WHEREAS, One in five full-time workers earn wages that put their families below the poverty line; and

WHEREAS, Most private sector job creation in recent years has been part-time, temporary, or low-wage employment or any combination of the three, with few if any benefits and poor prospects for advancement; and

WHEREAS, Only 32 percent of jobless workers are getting regular unemployment insurance benefits, and those who receive benefits received, on average, only 37 percent of their previous weekly wages; and

WHEREAS, Unemployment among African-Americans, Latinos, Asian Americans, and other ethnic minorities is twice the overall rate; among youth, it is about three times the overall rate; and

WHEREAS, Chronic, widespread joblessness is an underlying cause of the drug crisis, crime, poverty, homelessness, and inadequate housing that plagues our communities; and

WHEREAS, The end of the Cold War without a plan for peacetime conversion in place has lead to the loss of millions of jobs, creating economic and social devastation in states such as California; and

WHEREAS, There is a critical need to rebuild and expand America's deteriorating infrastructure: schools, housing, roads, mass transit, water and sewage utilities, parks, recreational and child care facilities; and

WHEREAS, The Works Progress Administration (WPA), created under the Franklin D. Roosevelt Administration in 1935, provided some 8.5 million jobs building highways, bridges, parks, and other projects intended to have long-range value, and played a key role in bringing the United States out of the Great Depression; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact the Martinez Job Creation and Infrastructure Restoration Act of 1994, which would do all of the following:

(1) Commit hundreds of billions of dollars over a multiyear period for the building of new housing, schools, health facilities, senior,

youth, and child care centers, public parks and recreational facilities, mass transportation and municipal utilities, as well as the renovation of existing facilities; assist in the conversion of both closed manufacturing plants and obsolete military production facilities to new, socially necessary forms of production; and undertake projects to clean up the environment.

(2) Provide work and training or retraining to all the unemployed and underemployed at prevailing union-scale wages and guarantee a full complement of benefits such as health care, vacation, and pensions.

(3) Include a special youth component that combines employment, education, and recreational opportunities and the right to collect unemployment insurance.

(4) Result in the millions of additional jobs in the manufacturing sector providing materials and machinery for public works projects, as well as new jobs in all sectors due to the stimulative effects on the economy of increased purchasing power of a fully employed workforce; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 146

Assembly Joint Resolution No. 96—Relative to the Gabrielinos.

[Filed with Secretary of State September 13, 1994.]

WHEREAS, Gabrielino tribal territory encompasses the entire Los Angeles Basin area and the Channel Islands of Santa Catalina, San Nicholas, and San Clemente; and

WHEREAS, The Gabrielino were, at one time, one of the most prosperous and generous Native American tribes of southern California. Long before European contact, the Gabrielinos already had a major society in place with a government, laws, religion, music, dance, art, a monetary system, and cultural exchange; and

WHEREAS, The State of California has had consistent interaction with the Gabrielinos, known originally as the San Gabriel Band of Mission Indians; and

WHEREAS, The State of California recognizes that the Gabrielino Indian community existed and has continued to exist without interruption to the present day; and

WHEREAS, The State of California recognizes that the Gabrielinos have held general membership meetings in the San Gabriel, California region for over 100 years; and

WHEREAS, The State of California recognizes that Gabrielino members participate consistently in tribal affairs; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the State of California recognizes the Gabrielinos as the aboriginal tribe of the Los Angeles Basin and takes great pride in recognizing the Indian inhabitance of the Los Angeles Basin and the continued existence of the Indian community within our state; and be it further

Resolved, That the California Legislature respectfully memorializes the President and Congress of the United States to likewise give recognition to the Gabrielinos as the aboriginal tribe of the Los Angeles Basin; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 147

Assembly Concurrent Resolution No. 119—Relative to memorial highways.

[Filed with Secretary of State September 15, 1994.]

WHEREAS, California Highway Patrol Officers Roy P. Blecher and W. Michael Freeman, both veteran officers, were shot to death during an enforcement stop on Interstate Highway Route 80 near the Yolo Causeway in the early morning hours of December 22, 1978; and

WHEREAS, The circumstances of their death, at the hands of an armed felon, served to later enhance the curriculum of officer safety training for cadets at the nearby California Highway Patrol Academy in the City of West Sacramento; and

WHEREAS, State Traffic Officer Richard Alan Maxwell began his career in law enforcement with his appointment to the California Highway Patrol on May 15, 1989, and following, his graduation from the California Highway Patrol academy on October 5, 1989, was assigned to the Bakersfield area, his first and only assignment; and

WHEREAS, On July 11, 1994, this gallant officer was killed in the line of duty; and

WHEREAS, Officer Maxwell spent the last five years of his life providing for the safety and assistance of motorists using the streets and highways of this state; and

WHEREAS, Officer Maxwell was held in high esteem by his loving family and friends and other individuals fortunate enough to know him; and

WHEREAS, State Traffic Officer John McVeigh, Jr. served the people of the State of California as a loyal and dedicated member of the California Highway Patrol; and

WHEREAS, On April 17, 1993, this gallant officer was killed in the line of duty while responding to an injury accident on State Highway Route 198 in the area of King City, in the County of Monterey; and

WHEREAS, Officer McVeigh spent the last 13 years of his life providing for the safety and assistance of motorists using the streets and highways of this state; and

WHEREAS, Officer McVeigh did, throughout his career, conduct himself in such a manner as to prove a credit to his community, his family, and his profession; and

WHEREAS, This tribute serves as a solemn reminder of the inherent dangers faced by the men and women of law enforcement on a daily basis; and

WHEREAS, This resolution is in recognition of these officers who made the ultimate sacrifice in their service to the people of the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Yolo Causeway on Interstate Highway Route 80 in the County of Yolo is hereby officially designated the Blecher-Freeman Memorial Causeway; and be it further

RESOLVED, That the traffic interchange located at the intersection of State Highway Route 99, State Highway Route 204, and Airport Drive in the City of Bakersfield is hereby officially designated the Richard Alan Maxwell Memorial Interchange; and be it further

Resolved, That the portion of State Highway Route 198 from the junction with State Highway Route 101 to the County of Fresno be officially designated the John McVeigh, Jr. Memorial Highway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation, clearly displaying the Star of the California Highway Patrol, and identifying California Highway Patrol Officers Roy P. Blecher, W. Michael Freeman, Richard Alan Maxwell, and John McVeigh, Jr., and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 148

Assembly Concurrent Resolution No. 143—Relative to public utilities.

[Filed with Secretary of State September 15, 1994.]

WHEREAS, The rates charged by investor-owned electric utilities in California are among the highest in the United States, despite the prevalence of favorable economic conditions during most of the 1980's; and

WHEREAS, The people, businesses, and institutions of California spend nearly $23 billion annually on electricity and have made gross investments in electricity infrastructure exceeding $50 billion; and

WHEREAS, It is in the public interest to reduce electric rates and costs for all customers of investor-owned utilities in the near term to stimulate California's economy and to strengthen the state's competitive position; and

WHEREAS, New electricity resources are available from competitive sources for far less than the current cost of electricity as a result of efficiency and technological advances, and that fact can be demonstrated by appropriate implementation of the state's first wholesale auction for electricity resources; and

WHEREAS, It is the law of the state and in the public interest of the citizens of California that, in addition to other ratepayer objectives, a goal of electric utilities shall be to assist low-income households secure electricity service, improve the environment, and encourage diversity of energy sources through cost-effective improvements in energy efficiency and development of cost-effective renewable energy resources; and

WHEREAS, The Public Utilities Commission is required by the California Constitution and the laws of the state to regulate the activities of investor-owned electric utilities in the public interest, subject to statute and due process; and

WHEREAS, On April 20, 1994, the Public Utilities Commission issued an Order Instituting Rulemaking and an Order Instituting Investigation that propose a major restructuring and deregulation of the California electric services industry; and

WHEREAS, The stated purpose of these orders is to promote competition in electric services by providing direct access by customers to a competitive market for generation services; and

WHEREAS, The commission states in its orders that it is "single-minded in its objective—to lower the cost of electric services to residential and business consumers without sacrificing the utility's financial integrity"; and

WHEREAS, The commission further states in its orders that it "recognizes and embraces California's commitment to resource diversity and environmental quality" and that its order will "assist in statewide efforts to improve environmental quality and resource

diversity"; and

WHEREAS, The commission further states in its order that it intends to simplify rate regulation by substituting performance incentives for direct control of utility costs; and

WHEREAS, Any such change should reward only superior performance and should ensure that ratepayers share in those rewards through improved service and rates that are significantly reduced to approach the national average; and

WHEREAS, On May 23, 1994, the Assembly Committee on Utilities and Commerce and the Assembly Committee on Natural Resources held a joint oversight hearing on the commission's orders; and

WHEREAS, At the joint legislative hearing, members of the committees and witnesses expressed concern that the commission had not developed a sufficient factual record on the potential adverse and beneficial impacts on all ratepayers, utilities, independent power producers, and the environment and resource diversity of the proposals in order to make a reasoned decision on whether or how to restructure the electric services industry; and

WHEREAS, It is in the public interest to address the issues raised in the proposed order in a timely and expeditious manner, and equally clear that the commission's proposed schedule for public hearings and for ultimate adoption of a policy for deregulation does not allow for adequate study and necessary hearings, including opportunities to comment for ratepayers who are greatly affected by the commission's order; and

WHEREAS, It was further determined that certain policy changes proposed by the commission will require changes in state law, and that those changes should be obtained by the commission prior to adoption or implementation of any proposal that restructures or deregulates the electric services industry; and

WHEREAS, Nothing in this Resolution shall relieve the commission of its obligations to comply with state law, including provisions for review and evaluation of projects, such as these proposals, prior to approval; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Public Utilities Commission issue no interim, final, or effective order in its proceedings R. 94-04-031 and I. 94-04-032, Order Instituting Rulemaking and Order Instituting Investigation, on the Commission's Proposed Policies Governing Restructuring California's Electric Services Industry and Reforming Regulation, or in its proceedings A. 92-10-017, A. 93-12-029, and A. 94-03-008 regarding the adoption of performance-based ratemaking mechanisms for the investor-owned utilities, until the following actions are taken:

(a) The commission holds as many duly-noticed public hearings throughout the state as are necessary to inform the public and all interested parties adequately of the implications of these proposals and to allow input from the public.

(b) The commission, not later than January 31, 1995, does all of the

following:

(1) Proposes to the Legislature and Governor policies regarding the performance-based ratemaking and electric industry restructuring proceedings, including a definition of the base revenue requirements providing the starting point for measuring utility performance and achieving rate reductions, and policies providing customer choice and fair generation competition.

(2) Identifies and reports to the Legislature and the Governor on whether and how those policies, including, but not limited to, policies affecting direct access and reciprocity of service opportunity in other states and countries, conflict with existing state or federal law and suggests how to resolve those conflicts.

(3) Quantifies and reports to the Legislature and the Governor, after holding evidentiary hearings, both on the competition transition surcharges for each utility and the allocation of those charges among shareholders, classes of ratepayers, and direct access and utility service customers.

(4) Identifies and reports to the Legislature and the Governor on how those policies and programs affect the financial status of the utilities.

(5) Quantifies and identifies and reports to the Legislature and the Governor on options, both through rates and through alternative funding arrangements, to pay for the following programs:

(A) Low-income ratepayer assistance.

(B) Economic development.

(C) Fuel diversity and renewable resource development.

(D) Demand-side management.

(E) Environmental protection.

(F) Low-emission vehicle development.

(G) Women and minority owned business programs.

(6) Identifies and reports to the Legislature and the Governor on how those policies and programs affect existing investment in nonutility electric power generation and the climate for new investment in that generation.

(c) The commission reports to the Legislature and the Governor on or before January 31, 1995, on how these proposals comply with the following criteria:

(1) Establishing a just, reasonable, fair, and equitable rate treatment that significantly reduces rates toward the national average for all customer classes and assists California's economic competitiveness.

(2) Establishing performance standards that ensure that utility performance is among the most efficient in the nation.

(3) Promoting fair competition and customer choice in the generation and purchase of electricity through nondiscriminatory transmission access and utility and ratepayer indifference to the ownership of the source of electricity.

(4) Protecting public health and complying with federal and state environmental laws and regulations.

(5) Reducing utility and other regulatory costs and burdens.

(6) Ensuring the safety and reliability of the utility grid.

(7) Providing for electric resource diversity and cost-effective energy efficiency investment.

(8) Ensuring the existence and operations of programs to assist low-income ratepayers.

(d) If the commission determines in A. 92-10-017 that the record was closed prior to June 1, 1994, and determines that the proposed ratemaking mechanism is experimental in nature, is of not more than five years' duration, provides for a midpoint review and correction, and is likely to result in meaningful reductions in all customers' rates and meaningful improvements in customer rates relative to the national average, it may proceed with an order; and be it further

Resolved, That the Joint Oversight Committee on Lowering The Cost of Electric Services is hereby established and authorized to do all of the following:

(a) Ensure that the proposals made by the Public Utilities Commission pursuant to this resolution meet the criteria outlined in this resolution.

(b) Ensure that the Legislature is properly consulted and involved in policies proposed by the commission to deregulate the electric services industry.

(c) Provide a mechanism for the Legislature to work with the Governor, the commission, the California Energy Commission, and other parties on the most effective strategy for achieving lower utility rates, fair competition, improved environmental protection, and resource diversity; and be it further

Resolved, That the Joint Oversight Committee shall consist of at least three and not more than five members appointed by the Speaker of the Assembly and at least three and not more than five members appointed by the Senate Committee on Rules, that the chair of the committee shall be appointed by the Speaker of the Assembly and that the vice-chair of the committee shall be appointed by the Senate Committee on Rules; and be it further

Resolved, That the Joint Oversight Committee shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, and which are incorporated herein and made applicable to this committee and its members; and be it further

Resolved, That the Joint Oversight Committee shall be funded through the Assembly Operating Fund; and be it further

Resolved, That the Joint Oversight Committee shall cease to exist on June 30, 1995, unless a later enacted resolution extends or repeals that date; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Public Utilities Commission, and the California Energy Commission.

RESOLUTION CHAPTER 149

Senate Concurrent Resolution No. 38—Relative to the California Task Force to Review Juvenile Crime and the Juvenile Justice Response.

[Filed with Secretary of State September 16, 1994.]

WHEREAS, There has been an increase in homicides and violent crimes committed by juveniles; and

WHEREAS, There is a high recidivism rate among juveniles who commit serious and violent crimes; and

WHEREAS, The juvenile justice system lacks a comprehensive and effective approach to crime prevention, rehabilitation, and punishment; and

WHEREAS, The juvenile justice system is overburdened with older, repeat offenders; and

WHEREAS, The juvenile justice system lacks resources to provide effective punishment and rehabilitation, and commit to the supervision of younger, first-time offenders; and

WHEREAS, The juvenile justice system is in serious need of restructuring and reform; and

WHEREAS, This resolution mirrors the substantive provisions of Assembly Bill 2428 of the 1993–1994 Regular Session, which passed both the Assembly and the Senate; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That, if Assembly Bill 2428 of the 1993–94 Regular Session is not enacted, the California Task Force to Review Juvenile Crime and the Juvenile Justice Response shall be established by the Legislature for all of the following purposes, including, but not limited to:

(1) Analyzing all aspects of juvenile law, and making suggestions whether reform is needed in areas including, but not limited to, whether the time the Department of the Youth Authority can maintain jurisdiction over a juvenile should be extended, whether the juvenile fitness age should be changed, whether offenses should be added or deleted to the list of acts, the commission of which result in a minor being presumed unfit, whether there should be a prohibition on the sealing of juvenile records, whether there should be varying degrees of confidentiality for juvenile records, whether juvenile records should be used for purposes of adult sentencing or parole decisions, whether procedures need to be enacted for dealing with the fitness of juveniles who have previously been found unfit, but subsequently acquitted, and curfew laws.

(2) Considering whether new sentencing options should be added, whether state youth sentencing policy should be changed, whether county pilot projects should be encouraged, whether barriers need to be relaxed for startup of community-based alternatives, and whether the current cost-reimbursement structure

needs to be examined.

(3) Examining application of the detention power as it applies to low-risk and high-risk youth and suggesting criteria, including alternatives to detention.

(4) Finding creative and constructive solutions to California's juvenile justice problems by suggesting new juvenile justice models and techniques for troubled youth in California.

(5) Exploring county placement options and making recommendations whether nonresidential or residential community-based alternatives should be offered as an alternative to the locked setting.

(6) Examining whether the state has the capability to conduct competent and comprehensive assessments on each youth.

(7) Reviewing programs from other states that are considered the standard bearers in youth corrections.

(8) Examining youth correction goals in terms of offender accountability, best interest of the minor, public safety protection and risk control, and whether youth corrections agencies are able to carefully and comprehensively access the needs of youth under their control.

(9) Promoting public and personal awareness and understanding of the knowledge, policies, and programs that are most likely to be effective in reducing recidivism among juveniles.

(10) Providing the Governor and the Legislature with a plan for incorporating findings regarding recidivism, as appropriate, into policy development and for educating all Californians about these matters; and be it further

Resolved, That in order to provide breadth of perspective and public credibility, the task force is to consist of 17 members, broadly reflective of the general public of the state, including persons of color, women, persons from large and small counties, and persons from varying economic levels, all of whom have demonstrated abilities, vision, or experience in the correctional field; and be it further

Resolved, That the membership of the task force is to include the Chair of the Assembly Committee on Public Safety and the Chair of the Senate Judiciary Committee, or their designees, and the remainder are to be appointed as follows:

(1) The Senate Committee on Rules shall appoint a chief probation officer, a county sheriff, a director of social services or representative of an organization serving juveniles, a juvenile court judge, a public defender or member of the criminal defense bar, and two public members. The Senate Committee on Rules and the Speaker of the Assembly together shall designate the chairperson of the task force.

(2) The Speaker of the Assembly shall appoint the Director of the Youth Authority or, if the director is unavailable, a replacement public member, a district attorney, a mental health professional specializing in juveniles, a person who specializes in the area of

substance abuse treatment, three public members, and a representative from the field of education; and be it further

Resolved, That each appointing authority is to make the required appointments not later than November 1, 1994; and be it further

Resolved, That the first meeting of the task force is to be conducted not later than 60 days after the appointments; and be it further

Resolved, That in appointments to the task force, each appointing authority is encouraged to appoint persons from varying backgrounds and opinions to create a balanced task force; and be it further

Resolved, That appointments are to be made from among California citizens who have demonstrated abilities, vision, or experience in correctional philosophy; and be it further

Resolved, That the appointing authorities are encouraged to include persons from the following categories:

(1) Advocates of justice system alternatives for children who have worked on juvenile justice projects.

(2) Community-based service organizations.

(3) Education.

(4) Ex-juvenile offenders.

(5) Law enforcement and or corrections.

(6) Mental health, psychology, or counseling.

(7) Religion.

(8) Social services; and be it further

Resolved, That the task force members are to be reimbursed for their travel and per diem expenses; and be it further

Resolved, That office facilities and other in-kind services are to be provided by the Department of the Youth Authority; and be it further

Resolved, That in the event of a resignation, the inability of a member to continue service, or other vacancy, a new member is to be appointed to the task force by the original appointing authority in accordance with the requirements applicable to an original appointment; and be it further

Resolved, That to accomplish the tasks previously enumerated, the task force is authorized to do the following:

(1) Sponsor and conduct public hearings and conferences, collect and disseminate information, and issue periodic reports relating to its findings, concerning juvenile justice.

(2) Include proposals in its findings, conclusions, and recommendations, including, but not limited to, possible legislation, departmental regulations, funding for the establishment, replication, and expansion of proven programs, and other matters of state and municipal policy and administration.

(3) Include in these policy and program recommendations, whenever possible, quantifiable cost-benefit analyses and seek whenever possible to utilize existing programs that are effectively managed and are local, private, and community based.

(4) Identify and promote ways in which nongovernmental institutions, including family, social, and religious organizations, can be more effectively enlisted in the reduction of recidivism.

(5) Render advice and information, as requested, to the state and municipal governments, and in response to inquiries by the public.

(6) Provide to the Department of Finance, the Assembly Ways and Means Committee, and the Senate Budget and Fiscal Review Committee any policy and programmatic recommendations with respect to juvenile justice reform that may affect the state budgetary process.

(6) Apply to the federal government or any agency thereof and to any other source or agency, whether public or private, for a gift or grant of any funds as may be available, up to two hundred fifty thousand dollars ($250,000) for any of the purposes of this resolution; and be it further

Resolved, That any additional state costs associated with the implementation of this title are to be borne by the Department of the Youth Authority within its existing budget; and be it further

Resolved, That the task force is to report its progress to the Legislature by March 15, 1995, submit its findings and recommendations in a final report to the Legislature by September 30, 1995, and terminate on November 1, 1995.

RESOLUTION CHAPTER 150

Senate Concurrent Resolution No. 59—Relative to the Veterans of Foreign Wars Memorial Bridge.

[Filed with Secretary of State September 16, 1994.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the bridge over the Pit River Arm on Interstate 5 in Shasta County is hereby designated the Veterans of Foreign Wars Memorial Bridge; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

1993–94

FIRST EXTRAORDINARY SESSION

First Extraordinary Session

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

A PROCLAMATION
by the
Governor of the State of California

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now therefore,

I, **PETE WILSON**, Governor of the State of California, by virtue of the power and authority vested in me by Section 3 (b) Article IV of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in extraordinary session at Sacramento, California, on the 4th day of January, 1993, at 1:30 p.m. of said day for the following purpose and to legislate upon the following subject:

To consider and act upon legislation needed to facilitate the siting of a major federal facility (Defense Finance and Accounting Services) at Norton Air Force Base in San Bernardino County.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 31st day of December 1992.

Pete Wilson

Governor of California

ATTEST:

by the
Governor of the State of California

WHEREAS, the Legislature will convene in extraordinary session on January 4, 1993; now therefore,

I, **PEIE WILSON**, Governor of the State of California, by virtue of the power and authority vested in me by law, hereby amend my Proclamation dated December 31, 1992 by providing that the Legislature shall convene in extraordinary session at 12:00 o'clock noon on January 4, 1993.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 4th day of January 1993.

Governor of California

ATTEST:

Secretary of State

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

A P R O C L A M A T I O N
by the
Governor of the State of California

WHEREAS, the Legislature of the State of California has been called in extraordinary session and convened on January 4, 1993; and

WHEREAS, on account of an extraordinary occasion which has arisen and now exists, it is deemed desirable and necessary to submit an additional subject to the Legislature for consideration;

NOW, THEREFORE, I, PETE WILSON, Governor of the State of California, by virtue of the power vested in me by law, hereby amend and supplement my Proclamation dated December 31, 1992, by adding the following additional purpose thereto, and thereby permitting the Legislature to legislate upon the following subject, in addition to the subject specified in the original Proclamation, to wit:

To consider and act upon legislation relative to preventing crime; keeping our homes, schools, businesses and neighborhoods safe; and punishing career criminals, violent offenders, sexual predators, armed criminals, juvenile gang members, and criminals who victimize the most vulnerable in our communities.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 29th day of December 1993.

Governor of California

ATTEST:

Secretary of State

First Extraordinary Session

STATUTES OF CALIFORNIA

1993–94

FIRST EXTRAORDINARY SESSION

1993–94 CHAPTERS

First Extraordinary Session

CHAPTER 1

An act to amend Section 740.4 of the Public Utilities Code, relating to economic development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 29, 1993. Filed with Secretary of State January 29, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Baca-Ayala Economic Development Act.

SEC. 2. Section 740.4 of the Public Utilities Code is amended to read:

740.4. (a) The commission shall authorize public utilities to engage in programs to encourage economic development.

(b) Reasonable expenses for economic development programs, as specified in this section, shall be allowed, to the extent of ratepayer benefit, when setting rates to be charged by public utilities electing to initiate these programs.

(c) Economic development activities may include, but not be limited to, the following:

(1) Community marketing and development.

(2) Technical assistance to support technology transfer.

(3) Market research.

(4) Site inventories.

(5) Industrial and commercial expansion and relocation assistance.

(6) Business retention and recruitment.

(7) Management assistance.

(d) This section shall not be interpreted to permit the funding of economic development activities that benefit any affiliated companies or parent holding companies beyond that which is authorized by law as of January 1, 1992.

(e) (1) This section shall not authorize the commission to establish discriminatory rates for the purpose of attracting or benefiting specific industries or business entities, except that incentives may be provided for the benefit of industries or business entities located within the boundaries of enterprise zones or economic incentive areas in accordance with the provisions of Chapter 12.8 (commencing with Section 7070) and Article 1 (commencing with Section 7080) of Chapter 12.9 of Division 7 of Title 1 of the Government Code.

(2) The commission may apply the incentives authorized by this subdivision that benefit industries or business entities located within the boundaries of economic enterprise zones or incentive areas to

attract a federal Defense Finance and Accounting Service Center at the existing site of Norton Air Force Base in San Bernardino County. This paragraph shall become inoperative if the federal Department of Defense Finance and Accounting Service Center is not located upon the premises known as Norton Air Force Base in San Bernardino County and shall also become inoperative on February 1, 1994, if that facility has not been awarded to that site before that date.

(f) It is the intent of the Legislature that the Public Utilities Commission, in implementing this chapter, shall allow rate recovery of expenses supporting economic development programs within the geographic area served by any public utility to the extent the utility incurring or proposing to incur, those expenses demonstrates that the ratepayers of the public utility will derive a benefit from those programs. Further, it is the intent of the Legislature that expenses for economic development programs incurred prior to the effective date of this chapter, which have not been previously authorized to be recovered in rates, shall not be subject to rate recovery.

SEC. 3. (a) The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated as specified in subdivision (b) to the Trade and Commerce Agency for allocation to the Inland Valley Development Agency to provide funds to rehabilitate the existing heating, ventilation, and air conditioning systems and to install insulation in specified facilities to be used by the federal Department of Defense Finance and Accounting Service Center at Norton Air Force Base.

(b) Notwithstanding Sections 13340 and 16361 of the Government Code, and to the extent permitted by federal law, the appropriation made by subdivision (a) shall be from the money in the Federal Trust Fund created by Section 16360 of the Government Code, received by the state from federal oil overcharge funds in the Petroleum Violation Escrow Account, as defined by Section 155 of the Further Continuing Appropriations Act of 1983 (Public Law 97-377) or other federal law, and from federal oil overcharge funds available pursuant to court judgments or federal agency orders, and is appropriated for the purpose of this section. The money appropriated by this section shall be disbursed by the Controller, subject to approval by the Director of Finance as to which court judgment or federal agency order is the proper source of those funds.

(c) If for any reason the Defense Finance and Accounting Service Center does not locate at the Norton Air Force Base facility, the money appropriated by this section shall revert to the funding sources specified in subdivision (b).

(d) The appropriation made by this section shall become inoperative if the federal Department of Defense Finance and Accounting Service Center is not located upon the premises known as Norton Air Force Base in San Bernardino County and shall also become inoperative on February 1, 1994, if that facility has not been awarded to that site before that date.

First Extraordinary Session

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take those steps necessary to permit the utilization of facilities at military bases being closed for other purposes necessary to the economic well being of the people of the state, it is necessary for this act to take effect immediately.

CHAPTER 2

An act to add Section 10214.6 to the Unemployment Insurance Code, relating to economic development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 29, 1993. Filed with Secretary of State January 29, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Ayala-Baca Economic Development Act.

SEC. 2. Section 10214.6 is added to the Unemployment Insurance Code, to read:

10214.6. (a) The panel may allocate up to ten million dollars ($10,000,000) to fund special employment training agreements with any entity described in subdivision (c) of Section 10205 or any public entities, including federal, state, and local agencies, that are related to and in response to the establishment of a federal Defense Finance and Accounting Services (DFAS) facility at the existing site of Norton Air Force Base in San Bernardino, California for the purpose of contributing to the economic stability of the geographic area in which the facility is located.

(b) The panel shall adopt minimum standards for the consideration of proposals to be funded pursuant to this section.

(d) Notwithstanding any other provision of this chapter:

(1) Public agency employers need not meet the criteria outlined in subdivision (a) of Section 10201.

(2) Participants in projects funded pursuant to this section shall either meet the eligibility criteria outlined in subdivision (b) of Section 10201 or be determined by the panel to have been displaced or likely to be displaced due to the closure of the Norton Air Force Base facility.

(3) Notwithstanding subdivision (c) of Section 10205, the panel may approve employment training contracts with any public employer pursuant to this section for periods exceeding 24 months.

(4) Contracts approved by the panel pursuant to this section need not meet the requirements of paragraph (5) of subdivision (b) of Section 10205.

(5) The panel may approve contracts pursuant to this section with termination dates not to extend beyond December 31, 1997.

(c) The panel may not delegate its authority to approve contracts pursuant to this section.

(d) This section shall become operative only if Norton Air Force Base located in the County of San Bernardino is selected as the site for a federal Defense Finance and Accounting Services facility on or before December 31, 1993.

First Extraordinary Session

(e) It is the intent of the Legislature in providing the authority for this special public entity project that the panel allocate these funds in a manner consistent with the objectives of this chapter as provided in Section 10200.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take those steps necessary to permit the utilization of facilities at military bases being closed for other purposes necessary to the economic well being of the people of the state, it is necessary for this act to take effect immediately.

CHAPTER 3

An act to add Sections 12001.5 and 12001.7 to the Government Code, relating to state operations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1993. Filed with Secretary of State September 27, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 12001.5 is added to the Government Code, to read:

12001.5. The Governor shall appoint a person to represent the state in Washington, D.C. to identify revenue sources available to the state in connection with the closure and conversion of military bases in the state. The representative shall be appointed or selected by, and report to, the Governor or a member of the Governor's cabinet, as decided by the Governor.

SEC. 2. Section 12001.7 is added to the Government Code, to read:

12001.7. The person appointed by the Governor pursuant to Section 12001.5 shall furnish the Secretary of the Senate and the Chief Clerk of the Assembly an annual report of his or her activities related to the appointed position.

SEC. 3. It is the intent of the Legislature that the person appointed the Governor pursuant to Section 12001.5 of the Government Code keep the Chairperson of the Defense Conversion Council apprised of his or her activities regarding revenue streams, when appropriate.

SEC. 4. Section 1 of this act shall become inoperative when the Governor determines that there is no longer any need for a representative for those purposes.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take those steps necessary to permit the utilization of facilities at military bases being closed for other purposes necessary to the economic well being of the people of the state, it is necessary for this act to take effect immediately.

CHAPTER 4

An act to amend, repeal, and add Section 68115 of the Government Code, relating to crime, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 20, 1994. Filed with Secretary of State January 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 68115 of the Government Code is amended to read:

68115. When war, insurrection, pestilence, or other public calamity, or the danger thereof, or the destruction of or danger to the building appointed for holding the court, renders it necessary, or when a large influx of criminal cases resulting from a large number of arrests within a short period of time threatens the orderly operation of a court within a specified county or judicial district, the presiding judge, or if there is none, the sole judge of the superior, municipal or justice court, may request and the Chair of the Judicial Council may, notwithstanding any other provision of law, by order authorize the court to do one or more of the following:

(a) Hold sessions anywhere within the county.

(b) Transfer civil cases pending in the court to another court in the county which has jurisdiction of the subject matter.

(c) Transfer civil cases pending trial in the court to a court having jurisdiction of the subject matter in an adjacent county. No such transfer shall be made pursuant to this subdivision except with the consent of all parties to the case or upon a showing by a party that extreme or undue hardship would result unless the case is transferred for trial. Any civil case so transferred shall be integrated into the existing caseload of the court to which it is transferred pursuant to rules to be provided by the Judicial Council.

(d) Suspend subdivisions (d), (e), and (f) of Section 199 of the Code of Civil Procedure relating to competency to act as a juror when such suspension is necessary to obtain a sufficient number of jurors.

(e) After exhausting its own jury panel, draw jurors who reside within the judicial district from the jury panel of the superior court in the county, and thereafter, after exhausting that source, draw jurors from the remainder of the jury panel of the superior court in the county or from jury panels of any other municipal or justice court in the county.

(f) Extend the time period provided in Section 825 of the Penal Code within which a defendant charged with a felony offense must be taken before a magistrate from two days to not more than seven days.

(g) Extend the time period provided in Section 859b of the Penal Code for the holding of a preliminary examination from 10 days to not more than 15 days.

(h) Extend the time period provided in Section 1382 of the Penal Code within which the trial must be held by not more than 30 days, but the trial of a defendant in custody whose time is so extended shall be given precedence over all other cases.

SEC. 2. Section 68115 is added to the Government Code, to read:

68115. When war, insurrection, pestilence, or other public calamity, or the danger thereof, or the destruction of or danger to the building appointed for holding the court, renders it necessary, or when a large influx of criminal cases resulting from a large number of arrests within a short period of time threatens the orderly operation of a court within a specified county or judicial district, the presiding judge, or if there is none, the sole judge of the superior, municipal or justice court, may request and the Chair of the Judicial Council may, notwithstanding any other provision of law, by order authorize the court to do one or more of the following:

(a) Hold sessions anywhere within the county.

(b) Transfer civil cases pending in the court to another court in the county which has jurisdiction of the subject matter.

(c) Transfer civil cases pending trial in the court to a court having jurisdiction of the subject matter in an adjacent county. No such transfer shall be made pursuant to this subdivision except with the consent of all parties to the case or upon a showing by a party that extreme or undue hardship would result unless the case is transferred for trial. Any civil case so transferred shall be integrated into the existing caseload of the court to which it is transferred pursuant to rules to be provided by the Judicial Council.

(d) Suspend subdivisions (d), (e), and (f) of Section 199 of the Code of Civil Procedure relating to competency to act as a juror when such suspension is necessary to obtain a sufficient number of jurors.

(e) After exhausting its own jury panel, draw jurors who reside within the judicial district from the jury panel of the superior court in the county, and thereafter, after exhausting that source, draw jurors from the remainder of the jury panel of the superior court in the county or from jury panels of any other municipal or justice court in the county.

(f) Extend the time period provided in Section 859b of the Penal Code for the holding of a preliminary examination from 10 days to not more than 15 days.

(g) Extend the time period provided in Section 1382 of the Penal Code within which the trial must be held by not more than 30 days, but the trial of a defendant in custody whose time is so extended shall be given precedence over all other cases.

SEC. 3. Section 1 of this act shall become operative on the effective date of this act and shall remain in effect for 30 days at which time Section 1 is repealed and Section 2 of this act shall become operative.

First Extraordinary Session

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The recent state of emergency resulting from the Northridge Earthquake presents serious transportation and communication problems which threaten to overburden the courts and law enforcement in the absence of this enactment.

CHAPTER 5

An act to amend Section 3030 of the Family Code, relating to family law.

[Approved by Governor June 6, 1994. Filed with Secretary of State June 6, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 3030 of the Family Code is amended to read:

3030. No person shall be granted custody of, or unsupervised visitation with, a child if the person is required to be registered as a sex offender under Section 290 of the Penal Code where the victim was a minor, or if the person has been convicted under Section 273a, 273d, or 647.6 of the Penal Code, unless the court finds that there is no significant risk to the child.

CHAPTER 6

An act to amend Section 14200 of, and to add Sections 13885.1, 14201.1, and 14202.1 to, the Penal Code, relating to crimes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1994. Filed with Secretary of State July 7, 1994.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Thompson-Presley Violent Crime Information, Investigation, and Technology Act of 1994."

SEC. 2. Section 13885.1 is added to the Penal Code, to read:

13885.1. The Attorney General shall establish and maintain, upon appropriation of funds by the Legislature, a statewide Sexual Habitual Offender Program special force. The special force shall be comprised of three special agent teams, one team each from southern, central, and northern California. The teams shall focus on repeat sex offenders, and perform the following activities:

(a) Coordinate state and local investigative resources to apprehend sexual habitual offenders and persons required to register under Section 290 who violate the law or conditions of probation or parole.

(b) Target and monitor chronic repeat violent sex offenders before the commission of additional sexual offenses.

(c) Develop profiles in unsolved sexual assault cases.

SEC. 3. Section 14200 of the Penal Code is amended to read:

14200. The Attorney General shall establish and maintain the Violent Crime Information Center to assist in the identification and the apprehension of persons responsible for specific violent crimes and for the disappearance and exploitation of persons, particularly children and dependent adults. The center shall establish and maintain programs which include, but are not limited to, all of the following: developing violent offender profiles; assisting local law enforcement agencies and county district attorneys by providing investigative information on persons responsible for specific violent crimes and missing person cases; providing physical description information and photographs, if available, of missing persons to county district attorneys, nonprofit missing persons organizations, and schools; and providing statistics on missing dependent adults and on missing children, including, as may be applicable, family abductions, nonfamily abductions, voluntary missing, and lost children or lost dependent adults.

SEC. 4. Section 14201.1 is added to the Penal Code, to read:

14201.1. The Attorney General shall establish and maintain, upon

appropriation of funds by the Legislature, the Violent Crime Information Network within the center to enable the Department of Justice crime analysts with expertise in child abuse, missing persons, child abductions, and sexual assaults to electronically share their data, analysis, and findings on violent crime cases with each other, and to electronically provide law enforcement agencies with information to assist in the identification, tracking, and apprehension of violent offenders. The Violent Crime Information Network shall serve to integrate existing state, federal, and civilian data bases into a single comprehensive network.

SEC. 5. Section 14202.1 is added to the Penal Code, to read:

14202.1. The Attorney General shall establish and maintain, upon appropriation of funds by the Legislature, within the center the Violent Crime Information System to track and monitor violent offenders and their activities. The Violent Crime Information System shall use computer technology to compare unsolved crime scene and methods of operation information against the file of known violent sexual assault, kidnapping, and homicide offenders, containing over 40,000 violent, kidnapping, and homicide offenders. The system shall provide local law enforcement agencies with investigative leads to assist in the resolution of violent crimes.

SEC. 6. The sum of seven million nine hundred thirty-one thousand two hundred twenty-five dollars ($7,931,225) is hereby appropriated from the General Fund to the Department of Justice for expenditure during the 1994–95 fiscal year in the following amounts for the following purposes:

(a) The sum of seven hundred thirty-nine thousand eighty-two dollars ($739,082) for the support of the Violent Crime Information Network (VCIN) created pursuant to Section 14201.1 of the Penal Code.

(b) The sum of eight hundred thirty-eight thousand eight hundred ninety-three dollars ($838,893) for the implementation and support of the Violent Crime Information System created pursuant to Section 14202.1 of the Penal Code.

(c) The sum of eight hundred fifty thousand dollars ($850,000) for the addition of the Supervised Release File to the California Law Enforcement Telecommunications System (CLETS). The 24-hour computerized file shall alert law enforcement officers conducting routine traffic stops that the individual inquired upon is a registered sex or arson offender, is on active parole or probation, including any conditions of parole that may apply, or is considered a career criminal. The file shall also provide a history of law enforcement field contacts with the persons contained in the file.

(d) The sum of five hundred thirty-six thousand six hundred ninety-eight dollars ($536,698) to support the expansion of the Sexual Habitual Offender Program, created pursuant to Section 13885.2 of the Penal Code, in order to assist law enforcement agencies in the investigation of sexually motivated crimes by monitoring and

First Extraordinary Session

tracking the most violent and repeat offenders.

(e) The sum of one million one hundred seventy-nine thousand one hundred seventy-one dollars ($1,179,171) to update and enhance the sexual offender registration system described in Section 290 of the Penal Code.

(f) The sum of one million nine hundred ninety-nine thousand four hundred eleven dollars ($1,999,411) for the expansion and support of the DNA offender file or computerized data bank system maintained pursuant to Section 290.2 of the Penal Code. The file or bank shall contain DNA profiles from convicted sex offenders and other violent predators and DNA profiles of evidence in unsolved sexual crimes consistent with Section 290.2 of the Penal Code. Law enforcement DNA laboratories locally and in other states shall access the file or bank to match archived DNA profiles with DNA samples from unsolved crimes in conformity with Section 290.2 of the Penal Code.

(g) The sum of one million seven hundred eighty-seven thousand nine hundred seventy dollars ($1,787,970) to support a statewide Sexual Habitual Offender Program special force created pursuant to Section 13885.1 of the Penal Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide necessary funding for the Violent Crime Information Network, the Violent Crime Information System, and the California Law Enforcement Telecommunications System at the beginning of the 1994–95 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Section 41803.5 of the Government Code, relating to prosecuting attorneys.

[Approved by Governor July 15, 1994. Filed with Secretary of State July 18, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 41803.5 of the Government Code is amended to read:

41803.5. (a) With the consent of the district attorney of the county, the city attorney of any general law city or chartered city within the county may prosecute any misdemeanor committed within the city arising out of violation of state law. This section shall not be deemed to affect any of the provisions of Sections 71099 or 72193.

(b) In any case in which the district attorney is granted any powers or access to information with regard to the prosecution of misdemeanors, this grant of powers or access to information shall be deemed to apply to any other officer charged with the duty of prosecuting misdemeanor charges in the state, as authorized by law.

CHAPTER 8

An act to amend Section 597g of the Penal Code, relating to crimes.

[Approved by Governor August 26, 1994. Filed with Secretary of State August 29, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 597g of the Penal Code is amended to read:

597g. (a) Poling a horse is a method of training horses to jump which consists of (1) forcing, persuading, or enticing a horse to jump in such manner that one or more of its legs will come in contact with an obstruction consisting of any kind of wire, or a pole, stick, rope or other object with brads, nails, tacks or other sharp points imbedded therein or attached thereto or (2) raising, throwing or moving a pole, stick, wire, rope or other object, against one or more of the legs of a horse while it is jumping an obstruction so that the horse, in either case, is induced to raise such leg or legs higher in order to clear the obstruction. Tripping a horse is an act that consists of the use of any wire, pole, stick, rope, or other object or apparatus whatsoever to cause a horse to fall or lose its balance. The poling or tripping of any horse is unlawful and any person violating the provisions of this section is guilty of a misdemeanor.

(b) It is a misdemeanor for any person to intentionally trip or fell an equine by the legs by any means whatsoever for the purposes of entertainment or sport.

(c) This section does not apply to the lawful laying down of a horse for medical or identification purposes, nor shall the section be construed as condemning or limiting any cultural or historical activities, except those prohibited herein.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 9

An act to amend Sections 1026.5 and 1600.5 of the Penal Code, and to add Section 6332 to the Welfare and Institutions Code, relating to commitment.

[Approved by Governor August 30, 1994. Filed with Secretary of State August 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.5 of the Penal Code is amended to read:

1026.5. (a) (1) In the case of any person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony on or after July 1, 1977, the court shall state in the commitment order the maximum term of commitment, and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in this section. For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5, and disregarding any credits which could have been earned pursuant to Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3.

(2) In the case of a person confined in a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony prior to July 1, 1977, and who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under paragraph (1), and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in subdivision (b). The time limits of this section are not jurisdictional.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed

following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of September 28, 1979. Within 90 days of the date the person is received by the state hospital or other treatment facility, or of September 28, 1979, whichever is later, the Board of Prison Terms shall provide each person with the determination of the person's maximum term of commitment or shall notify the person that a hearing will be scheduled to determine the term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other treatment facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other treatment facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if the person has been committed under Section 1026 for a felony and by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) Not later than 180 days prior to the termination of the maximum term of commitment prescribed in subdivision (a), the medical director of a state hospital in which the person is being treated, or the medical director of the person's treatment facility or the local program director, if the person is being treated outside a state hospital setting, shall submit to the prosecuting attorney his or her opinion as to whether or not the patient is a person described in paragraph (1). If requested by the prosecuting attorney, the opinion shall be accompanied by supporting evaluations and relevant hospital records. The prosecuting attorney may then file a petition for extended commitment in the superior court which issued the original commitment. The petition shall be filed no later than 90 days before the expiration of the original commitment unless good cause is shown. The petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) When the petition is filed, the court shall advise the person named in the petition of the right to be represented by an attorney and of the right to a jury trial. The rules of discovery in criminal cases shall apply. If the person is being treated in a state hospital when the petition is filed, the court shall notify the community program director of the petition and the hearing date.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless that time is waived by the person or unless good cause is shown.

(5) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee, and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the petition for extended commitment. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(6) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). However, a county jail may not be designated unless the services specified in paragraph (5) are provided and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(7) The person shall be entitled to the rights guaranteed under the federal and State Constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. The State Public Defender may provide for representation of the person in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this article and Penal Code and Evidence Code provisions applicable to criminal defendants who have entered pleas of not guilty by reason of insanity.

(8) If the court or jury finds that the patient is a person described in paragraph (1), the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed. This commitment shall be for an additional period of two years from the date of termination of the previous commitment, and the person may not be kept in actual custody longer than two years unless another extension of commitment is obtained in accordance with the provisions of this subdivision. Time spent on outpatient status, except when placed in a locked facility at the direction of the outpatient supervisor, shall not count as actual custody and shall not be credited toward the person's maximum term of commitment or toward the person's term of extended commitment.

(9) A person committed under this subdivision shall be eligible for release to outpatient status pursuant to the provisions of Title 15 (commencing with Section 1600) of Part 2.

(10) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the patient remains a person described in paragraph (1). The recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(11) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

SEC. 2. Section 1600.5 of the Penal Code is amended to read:

1600.5. For a person committed as a mentally disordered sex offender under former Section 6316 or 6316.2 of the Welfare and Institutions Code, or committed pursuant to Section 1026 or 1026.5, who is placed on outpatient status under the provisions of this title, time spent on outpatient status, except when placed in a locked facility at the direction of the outpatient supervisor, shall not count as actual custody and shall not be credited toward the person's maximum term of commitment or toward the person's term of extended commitment.

SEC. 3. Section 6332 is added to the Welfare and Institutions Code, to read:

6332. For a person committed as a mentally disordered sex offender, whose term of commitment has been extended pursuant to former Section 6316.2, and who is placed on outpatient status pursuant to Section 1604 of the Penal Code, time spent on outpatient status, except when placed in a locked facility at the direction of the outpatient supervisor, shall not count as actual custody and shall not be counted toward the person's maximum term of commitment or toward the person's term of extended commitment.

CHAPTER 10

An act to add Section 25.5 to the Penal Code, relating to criminal procedure.

[Approved by Governor August 30, 1994. Filed with Secretary of State August 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25.5 is added to the Penal Code, to read:

25.5. In any criminal proceeding in which a plea of not guilty by reason of insanity is entered, this defense shall not be found by the trier of fact solely on the basis of a personality or adjustment disorder, a seizure disorder, or an addiction to, or abuse of, intoxicating substances. This section shall apply only to persons who utilize this defense on or after the operative date of the section.

CHAPTER 11

An act to amend Section 457.1 of the Penal Code, relating to arson.

[Approved by Governor September 6, 1994. Filed with Secretary of State September 7, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 457.1 of the Penal Code is amended to read:

457.1. (a) As used in this section, "arson" means a violation of Section 451 or 453.

(b) Upon a conviction of the offense of arson or attempted arson, or upon the discharge or parole of any person from the Department of the Youth Authority for the commission of the offense of arson or attempted arson, the court shall impose, in addition to any other penalty prescribed by law, a requirement that the person shall register with the chief of police of the city in which he or she resides, or with the sheriff of the county if he or she resides in an unincorporated area, within 30 days of coming into any county or city in which he or she expects to reside or is temporarily domiciled for at least 30 days.

(c) Any person required to register pursuant to this section who is discharged or paroled from a jail, prison, school, road camp, or other penal institution, or from the Department of the Youth Authority where he or she was confined because of the commission or attempted commission of arson, shall, prior to the discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement. The official shall require the person to read and sign the form as may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The official in charge of the place of confinement shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official in charge of the place of confinement shall give one copy of the form to the person, and shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy. All forms shall be transmitted in time so as to be received by the local law enforcement agency and prosecuting agency 30 days prior to the discharge, parole, or release of the person.

(d) The duty to register under this section for offenses adjudicated by a juvenile court shall cease 10 years after the adjudication of the offense for which the registration was required.

(e) All records relating specifically to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person required to register under this subdivision for offenses adjudicated by a juvenile court attains the age of 25 years or has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code, whichever event occurs first. This subdivision shall not be construed to require the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by the court under Section 781 of the Welfare and Institutions Code.

(f) Any person who is required to register pursuant to this section who is released on probation or discharged upon payment of a fine shall, prior to the release or discharge, be informed of his or her duty to register under this section by the court in which he or she has been convicted, and the court shall require the person to read and sign the form as may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The court shall obtain the address where the person expects to reside upon his or her release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, and shall send two copies to the Department of Justice, which, in turn, shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(g) The registration shall consist of (1) a statement in writing signed by the person, giving the information as may be required by the Department of Justice, and (2) the fingerprints and photograph of the person. Within three days thereafter, the registering law enforcement agency shall forward the statement, fingerprints, and photograph to the Department of Justice.

(h) If any person required to register by this section changes his or her residence address, he or she shall inform, in writing within 10 days, the law enforcement agency with whom he or she last registered of his or her new address. The law enforcement agency shall, within three days after receipt of the information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence.

(i) Any person required to register under this section who violates any of the provisions thereof is guilty of a misdemeanor. Any person who has been convicted of arson or attempted arson and who is required to register under this section who willfully violates any of the provisions thereof is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days nor more than one year in a county jail. In no event does the court have the power to

absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in a county jail and of completing probation of at least one year.

(j) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the Board of Prison Terms, the Department of the Youth Authority, or the court, as the case may be, shall order the parole or probation of that person revoked.

(k) The statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(*l*) In any case in which a person who would be required to register pursuant to this section is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county, including, but not limited to, fire fighting or disaster control, the local law enforcement agency having jurisdiction over the place or places where that assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person temporarily released under guard from the institution where he or she is confined.

(m) Nothing in this section shall be construed to conflict with Section 1203.4 concerning termination of probation and release from penalties and disabilities of probation.

A person required to register under this section may initiate a proceeding under Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 and, upon obtaining a certificate of rehabilitation, shall be relieved of any further duty to register under this section. This certificate shall not relieve the petitioner of the duty to register under this section for any offense subject to this section of which he or she is convicted in the future.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 12

An act to amend Section 646.9 of the Penal Code, relating to stalking.

[Approved by Governor September 6, 1994. Filed with Secretary of State September 7, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 646.9 of the Penal Code is amended to read:

646.9. (a) Any person who willfully, maliciously, and repeatedly follows or harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family, is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

(b) Any person who violates subdivision (a) when there is a temporary restraining order, injunction, or any other court order in effect prohibiting the behavior described in subdivision (a) against the same party, shall be punished by imprisonment in the state prison for two, three, or four years.

(c) Every person who, having been convicted of a felony under this section, commits a second or subsequent violation of this section shall be punished by imprisonment in the state prison for two, three, or four years.

(d) For the purposes of this section, "harasses" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, torments, or terrorizes the person, and serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the person. "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

(e) For the purposes of this section, "credible threat" means a verbal or written threat or a threat implied by a pattern of conduct or a combination of verbal or written statements and conduct made with the intent and the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family.

(f) This section shall not apply to conduct which occurs during labor picketing.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under this section,

it shall be a condition of probation that the person participate in counseling, as designated by the court. However, the court, upon a showing of good cause, may find that the counseling requirement shall not be imposed.

(h) The court shall also consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family. The duration of the restraining order may be longer than five years only in an extreme case, where a longer duration is necessary to protect the safety of the victim or his or her immediate family.

(i) For purposes of this section, "immediate family" means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

(j) The court shall consider whether the defendant would benefit from treatment pursuant to Section 2684. If it is determined to be appropriate, the court shall recommend that the Department of Corrections make a certification as provided in Section 2684. Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

(k) (1) The Department of Corrections or county sheriff shall give notice not less than 15 days prior to the release from the state prison or a county jail of any person who is convicted of violating this section or convicted of a felony offense involving domestic violence, as defined in Section 6211 of the Family Code, to any person the court identifies as a victim of the offense, a family member of the victim, or a witness to the offense by telephone and certified mail at his or her last known address, upon request. A victim, family member, or witness shall keep the Department of Corrections or county sheriff informed of his or her current mailing address and telephone number to be entitled to receive notice. A victim may designate another person for the purpose of receiving notification. However, the duty to keep the Department of Corrections or county sheriff informed of a current mailing address and telephone number shall remain with the victim.

(2) All information relating to any person who receives notice under this subdivision shall remain confidential and shall not be made available to the person convicted of violating this section.

(3) For purposes of this subdivision, "release" includes a release from the state prison or a county jail because time has been served, a release from the state prison or a county jail to parole or probation supervision, or an escape from an institution or reentry facility.

(4) The Department of Corrections or county sheriff shall give notice of an escape from an institution or reentry facility of any

person convicted of violating this section or convicted of a felony offense involving domestic violence, as defined in Section 6211 of the Family Code, to the notice recipients described in paragraph (1).

(5) Substantial compliance satisfies the notification requirements of paragraph (1).

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 13

An act to amend Section 15202.1 of the Government Code, relating to criminal procedure.

[Approved by Governor September 6, 1994. Filed with Secretary of State September 7, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 15202.1 of the Government Code is amended to read:

15202.1. (a) If the venue for trial of a homicide case has been changed from the county which is eligible for reimbursement under Section 15202 to a location more than 60 miles from the county seat of that county, and the district attorney of that county has entered into a contract with an attorney to try the case or an investigator to assist in the trial of the case, the Controller shall reimburse the county for the actual costs of the attorney or investigator under this section, at an hourly rate not to exceed the hourly rate charged state agencies by the Attorney General for similar attorney services or investigators, without further showing of justification. Nothing in this section shall permit the reimbursement of costs for travel in excess of 1,000 miles on any single round trip, without the prior approval of the Attorney General.

(b) (1) This section shall apply to any homicide cases in which a final judgment was entered prior to January 1, 1990.

(2) The limitation provided in this subdivision shall not apply to Sierra County. Instead, the County of Sierra may apply to the Controller for reimbursement pursuant to subdivision (a) for its costs incident to the prosecution of the homicide trial of People v. Corjasso.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the following special circumstances:

The Legislature finds and declares that under existing law, including, but not limited to, Sections 15202 and 15202.1 of the Government Code, the County of Sierra needs to be reimbursed for certain extraordinary costs to the county incident to the trial of People v. Corjasso described in Section 1 of this act.

CHAPTER 14

An act to amend Sections 667.71 and 1203.066 of, and to add Section 667.61 to, the Penal Code, relating to sex offenses.

[Approved by Governor September 8, 1994. Filed with Secretary of State September 9, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 667.61 is added to the Penal Code, to read:

667.61. (a) A person who is convicted of an offense specified in subdivision (c) under one or more of the circumstances specified in subdivision (d) or under two or more of the circumstances specified in subdivision (e) shall be punished by imprisonment in the state prison for life and shall not be eligible for release on parole for 25 years except as provided in subdivision (j).

(b) Except as provided in subdivision (a), a person who is convicted of an offense specified in subdivision (c) under one of the circumstances specified in subdivision (e) shall be punished by imprisonment in the state prison for life and shall not be eligible for release on parole for 15 years except as provided in subdivision (j).

(c) This section shall apply to any of the following offenses:

(1) A violation of paragraph (2) of subdivision (a) of Section 261.

(2) A violation of paragraph (1) of subdivision (a) of Section 262.

(3) A violation of Section 264.1.

(4) A violation of subdivision (b) of Section 288.

(5) A violation of subdivision (a) of Section 289.

(6) Sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(7) A violation of subdivision (a) of Section 288, unless the defendant qualifies for probation under subdivision (c) of Section 1203.066.

(d) The following circumstances shall apply to the offenses specified in subdivision (c):

(1) The defendant has been previously convicted of an offense specified in subdivision (c), including an offense committed in another jurisdiction that includes all of the elements of an offense specified in subdivision (c).

(2) The defendant kidnapped the victim of the present offense and the movement of the victim substantially increased the risk of harm to the victim over and above that level of risk necessarily inherent in the underlying offense in subdivision (c).

(3) The defendant inflicted aggravated mayhem or torture on the victim or another person in the commission of the present offense in violation of Section 205 or 206.

(4) The defendant committed the present offense during the

commission of a burglary, as defined in subdivision (a) of Section 460, with intent to commit an offense specified in subdivision (c).

(e) The following circumstances shall apply to the offenses specified in subdivision (c):

(1) Except as provided in paragraph (2) of subdivision (d), the defendant kidnapped the victim of the present offense in violation of Section 207, 208, 209, or 209.5.

(2) Except as provided in paragraph (4) of subdivision (d), the defendant committed the present offense during the commission of a burglary, as defined in subdivision (a) of Section 460, or during the commission of a burglary of a building, including any commercial establishment, which was then closed to the public, in violation of Section 459.

(3) The defendant personally inflicted great bodily injury on the victim or another person in the commission of the present offense in violation of Section 12022.7 or 12022.8.

(4) The defendant personally used a dangerous or deadly weapon or firearm in the commission of the present offense in violation of Section 12022, 12022.3, or 12022.5.

(5) The defendant has been convicted in the present case or cases of committing an offense specified in subdivision (c) against more than one victim.

(6) The defendant engaged in the tying or binding of the victim or another person in the commission of the present offense.

(7) The defendant administered a controlled substance to the victim by force, violence, or fear in the commission of the present offense in violation of Section 12022.75.

(f) If only the minimum number of circumstances specified in subdivision (d) or (e) which are required for the punishment provided in subdivision (a) or (b) to apply have been pled and proved, that circumstance or those circumstances shall be used as the basis for imposing the term provided in subdivision (a) or (b) rather than being used to impose the punishment authorized under any other law, unless another law provides for a greater penalty. However, if any additional circumstance or circumstances specified in subdivision (d) or (e) have been pled and proved, the minimum number of circumstances shall be used as the basis for imposing the term provided in subdivision (a), and any other additional circumstance or circumstances shall be used to impose any punishment or enhancement authorized under any other law. Notwithstanding any other law, the court shall not strike any of the circumstances specified in subdivision (d) or (e).

(g) The term specified in subdivision (a) or (b) shall be imposed on the defendant once for any offense or offenses committed against a single victim during a single occasion. If there are multiple victims during a single occasion, the term specified in subdivision (a) or (b) shall be imposed on the defendant once for each separate victim. Terms for other offenses committed during a single occasion shall be imposed as authorized under any other law, including Section 667.6, if applicable.

(h) Probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any person who is subject to punishment under this section for any offense specified in paragraphs (1) to (6), inclusive, of subdivision (c).

(i) For the penalties provided in this section to apply, the existence of any fact required under subdivision (d) or (e) shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of a fact.

(j) Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce the minimum term of 25 years in the state prison imposed pursuant to subdivision (a) or 15 years in the state prison imposed pursuant to subdivision (b). However, in no case shall the minimum term of 25 or 15 years be reduced by more than 15 percent for credits granted pursuant to Section 2933, 4019, or any other law providing for conduct credit reduction. In no case shall any person who is punished under this section be released on parole prior to serving at least 85 percent of the minimum term of 25 or 15 years in the state prison.

SEC. 2. Section 667.71 of the Penal Code is amended to read:

667.71. (a) For the purpose of this section, a habitual sexual offender is a person who has been previously convicted of one or more of the offenses listed in subdivision (d) and who is convicted in the present proceeding of one of those offenses.

(b) A habitual sexual offender is punishable by imprisonment in the state prison for 25 years to life. Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce any minimum term of 25 years in the state prison imposed pursuant to this section. However, in no case shall the minimum term of 25 years be reduced by more that 15 percent for credits granted pursuant to Section 2933, 4019, or any other law providing for conduct credit reduction. In no case shall any person who is punished under this section be released on parole prior to serving at least 85 percent of the minimum term of 25 years in the state prison.

(c) At the request of the prosecutor and in lieu of the punishment specified in subdivision (b), the court shall order that the defendant be punished pursuant to Section 667.6, 667.61, 667.7, or 1170.1, if applicable.

(d) This section shall apply to persons found guilty of violating paragraph (2) of subdivision (a) of Section 261, paragraph (1) of subdivision (a) of Section 262, Section 264.1, subdivision (a) or (b) of Section 288, subdivision (a) of Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, or found guilty of kidnapping, as punished in subdivision (d) of Section 208, or an offense committed in another jurisdiction that has all the elements of an offense specified in this subdivision.

(e) This section shall apply only if the defendant's status as a habitual sexual offender is alleged in the information, and either

admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by a plea of guilty or nolo contendere or by trial by court sitting without a jury.

SEC. 3. Section 1203.066 of the Penal Code is amended to read:

1203.066. (a) Notwithstanding Section 1203 or any other law, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, nor shall a finding bringing the defendant within the provisions of this section be stricken pursuant to Section 1385 for, any of the following persons:

(1) A person who is convicted of violating Section 288 or 288.5 when the act is committed by the use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(2) A person who caused bodily injury on the child victim in committing a violation of Section 288 or 288.5.

(3) A person who is convicted of a violation of Section 288 or 288.5 and who was a stranger to the child victim or befriended the child victim for the purpose of committing an act in violation of Section 288 or 288.5, unless the defendant honestly and reasonably believed the victim was 14 years of age or older.

(4) A person who used a weapon during the commission of a violation of Section 288 or 288.5.

(5) A person who is convicted of committing a violation of Section 288 or 288.5 and who has been previously convicted of a violation of Section 261, 262, 264.1, 266, 266c, 267, 285, 286, 288, 288.5, 288a, or 289, or of assaulting another person with intent to commit a crime specified in this paragraph in violation of Section 220, or who has been previously convicted in another state of an offense which, if committed or attempted in this state, would constitute an offense enumerated in this paragraph.

(6) A person who violated Section 288 or 288.5 while kidnapping the child victim in violation of Section 207, 208, or 209.

(7) A person who is convicted of committing a violation of Section 288 or 288.5 against more than one victim.

(8) A person who, in violating Section 288 or 288.5, has substantial sexual conduct with a victim who is under 14 years of age.

(9) A person who, in committing a violation of Section 288 or 288.5, used obscene matter, as defined in Section 311, or matter, as defined in Section 311, depicting sexual conduct, as defined in Section 311.3.

(b) As used in this section, "substantial sexual conduct" means penetration of the vagina or rectum by the penis of the offender or by any foreign object, oral copulation, or masturbation of either the victim or the offender.

(c) Paragraph (7), (8), or (9) of subdivision (a) shall not apply when the court makes all of the following findings:

(1) The defendant is the victim's natural parent, adoptive parent,

stepparent, relative, or is a member of the victim's household who has lived in the household.

(2) A grant of probation to the defendant is in the best interest of the child.

(3) Rehabilitation of the defendant is feasible, and the defendant is placed in a recognized treatment program that is designed to deal with child molestation immediately after the grant of probation or the suspension of execution or imposition of sentence.

(4) The defendant is removed from the household of the victim until the court determines that the best interests of the victim would be served by returning the defendant to the household of the victim.

(5) There is no threat of physical harm to the child victim if probation is granted. The court upon making its findings pursuant to this subdivision is not precluded from sentencing the defendant to jail or prison, but retains the discretion not to do so. The court shall state its reasons on the record for whatever sentence it imposes on the defendant.

The court shall order the psychiatrist or psychologist who is appointed pursuant to Section 288.1 to include a consideration of the factors specified in paragraphs (2), (3), and (4) in making his or her report to the court.

(d) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact.

SEC. 4. This bill shall become operative only if Assembly Bill 1029, Assembly Bill 2261, and Assembly Bill 3707 of the 1993–94 Regular Session, and Assembly Bill 19 of the 1993–94 First Extraordinary Session, are enacted and become effective on or before January 1, 1995.

CHAPTER 15

An act to add Section 1732.6 to the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 9, 1994. Filed with Secretary of State September 9, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1732.6 is added to the Welfare and Institutions Code, to read:

1732.6. No minor shall be committed to the Youth Authority when he or she is convicted in a criminal action for an offense described in Section 667.5 or subdivision (c) of Section 1192.7 of the Penal Code and is sentenced to incarceration for life, an indeterminate period to life, or a determinate period of years such that the maximum number of years of potential confinement when added to the minor's age would exceed 25 years. In all other cases in which the minor has been convicted in a criminal action, the court shall retain discretion to sentence the minor to the Department of Corrections or to commit the minor to the Youth Authority. Notwithstanding any other provision of law, no person under the age of 16 years shall be housed in any facility under the jurisdiction of the Department of Corrections.

SEC. 2. Section 1 of this act shall become operative only if Assembly Bills 560 and 2428 of the 1993–94 Regular Session are all enacted.

CHAPTER 16

An act to add Section 5010 to the Penal Code, relating to corrections.

[Approved by Governor September 12, 1994. Filed with Secretary of State September 13, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 5010 is added to the Penal Code, to read:

5010. (a) The Legislature hereby finds and declares that the predominant purpose of exercise in correctional facilities should be for the maintenance of the general health and welfare of inmates and that exercise equipment and programs in correctional facilities should be consistent with this purpose.

The Legislature further finds and declares that in some cases it may be beneficial to provide access to weights for therapeutic or rehabilitative reasons under a doctor's order or for certain vocational activities such as firefighting.

(b) It is the intent of the Legislature that both the Department of Corrections and the Department of the Youth Authority eliminate or restrict access to weights and weight lifting equipment where it *is determined that the particular type of equipment involved or the* particular prison population or inmate involved poses a safety concern both in the correctional facility and to the public upon release. In those instances where inmates are allowed access to weights and weight lifting equipment, access shall be a privilege.

As a condition of inmate access to weights and weight lifting equipment, the departments may require inmates to participate in training in the proper use of weights and weight lifting equipment that emphasizes departmental rules and safety practices that must be observed when using weights and weight lifting equipment.

The directors of the departments, or their respective designees, may restrict individual or group access to weights and weight lifting equipment as deemed necessary for the orderly operation of the correctional facility.

(c) On or before July 1, 1995, both the Department of Corrections and the Department of the Youth Authority shall adopt regulations governing inmate access to weight lifting and weight training equipment in state prison and California Youth Authority facilities, respectively. In developing these regulations, the departments shall consider each of the following:

(1) Some prisoners may utilize weight equipment to develop strength and increase body mass and size rather than for the maintenance of general health. This use of weight equipment may create a risk of harm to other inmates, correctional officers, and staff

First Extraordinary Session

and, upon release, to law enforcement officers and the general public.

(2) The improper use of weights and weight lifting equipment may result in injuries that require costly medical attention.

(3) Access to weights and weight lifting equipment by inmates may result in the use of the equipment by inmates to attack other inmates or correctional officers.

(d) Both the Department of Corrections and the Department of the Youth Authority shall report to the Chair of the Assembly Committee on Public Safety and the Chair of the Senate Judiciary Committee on or before July 1, 1995, regarding the regulations adopted pursuant to this section.

CHAPTER 17

An act to add Section 113 to the Penal Code, relating to false government documents.

[Approved by Governor September 15, 1994. Filed with Secretary of State September 16, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 113 is added to the Penal Code, to read:

113. (a) Any person who manufactures or sells any false government document with the intent to conceal the true citizenship or resident alien status of another person is guilty of a misdemeanor and shall be punished by imprisonment in a county jail for one year. Every false government document that is manufactured or sold in violation of this section may be charged and prosecuted as a separate and distinct violation, and consecutive sentences may be imposed for each violation.

(b) A prosecuting attorney shall have discretion to charge a defendant with a violation of this section or any other law that applies.

(c) As used in this section, "government document" means any document issued by the United States government or any state or local government, including, but not limited to, any passport, immigration visa, employment authorization card, birth certificate, driver's license, identification card, or social security card.

SEC. 2. The Legislature finds and declares that because government documents are used by government agencies, businesses, notaries, and others to establish the identity of individuals, it is important that those documents be authentic. For this reason, Section 1 of this act is intended to further the state's exercise of its police power to regulate health, safety, and welfare by ensuring that false government documents are not manufactured or sold within this state.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 18

An act to amend Section 667.8 of the Penal Code, relating to kidnapping.

[Approved by Governor September 19, 1994. Filed with Secretary of State September 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 667.8 of the Penal Code is amended to read:

667.8. (a) Except as provided in subdivision (b), any person convicted of a felony violation of Section 261, 264.1, 286, 288a, or 289 who, for the purpose of committing that sexual offense, kidnapped the victim in violation of Section 207, shall be punished by an additional term of nine years.

(b) Any person convicted of a felony violation of subdivision (c) of Section 286, Section 288, or subdivision (c) of Section 288a who, for the purpose of committing that sexual offense, kidnapped the victim, who was under the age of 14 years at the time of the offense, in violation of Section 207, shall be punished by an additional term of 15 years. This subdivision is not applicable to conduct proscribed by Section 277, 278, or 278.5.

(c) The following shall govern the imposition of an enhancement pursuant to this section:

(1) Only one enhancement shall be imposed for a victim per incident.

(2) If there are two or more victims, one enhancement can be imposed for each victim per incident.

(3) The enhancement may be in addition to the punishment for either, but not both, of the following:

(A) A violation of Section 207.

(B) A violation of the sexual offenses enumerated in this section.

SEC. 2. Section 667.8 of the Penal Code is amended to read:

667.8. (a) Except as provided in subdivision (b), any person convicted of a felony violation of Section 261, 262, 264.1, 286, 288a, or 289 who, for the purpose of committing that sexual offense, kidnapped the victim in violation of Section 207, shall be punished by an additional term of nine years.

(b) Any person convicted of a felony violation of subdivision (c) of Section 286, Section 288, or subdivision (c) of Section 288a who, for the purpose of committing that sexual offense, kidnapped the victim, who was under the age of 14 years at the time of the offense, in violation of Section 207, shall be punished by an additional term of 15 years. This subdivision is not applicable to conduct proscribed by Section 277, 278, or 278.5.

(c) The following shall govern the imposition of an enhancement pursuant to this section:

(1) Only one enhancement shall be imposed for a victim per incident.

(2) If there are two or more victims, one enhancement can be imposed for each victim per incident.

(3) The enhancement may be in addition to the punishment for either, but not both, of the following:

(A) A violation of Section 207.

(B) A violation of the sexual offenses enumerated in this section.

SEC. 3. Section 2 of this bill incorporates amendments to Section 667.8 of the Penal Code proposed by both this bill and SB 59 of the 1993–94 Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 667.8 of the Penal Code, and (3) this bill is enacted after SB 59. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before SB 59, Section 1 of this bill shall be operative until the operative date of SB 59, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after SB 59, Section 667.8 of the Penal Code, as amended by SB 59, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 19

An act to amend Section 1257.7 of the Health and Safety Code, and to amend Section 11160 of the Penal Code, relating to health.

[Approved by Governor September 19, 1994. Filed with Secretary of State September 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1257.7 of the Health and Safety Code is amended to read:

1257.7. (a) By July 1, 1995, all hospitals licensed pursuant to subdivisions (a), (b), and (f) of Section 1250 shall conduct a security and safety assessment and, using the assessment, develop a security plan with measures to protect personnel, patients, and visitors from aggressive or violent behavior. The security and safety assessment shall examine trends of aggressive or violent behavior at the facility. These hospitals shall track incidents of aggressive or violent behavior as part of the quality assessment and improvement program and for the purposes of developing a security plan to deter and manage further aggressive or violent acts of a similar nature. The plan may include, but shall not be limited to, security considerations relating to all of the following:

(1) Physical layout.

(2) Staffing.

(3) Security personnel availability.

(4) Policy and training related to appropriate responses to violent acts.

In developing this plan, the hospital shall consider any guidelines or standards on violence in health care facilities issued by the state department, the Division of Occupational Safety and Health, and the federal Occupational Safety and Health Administration. As part of the security plan, a hospital shall adopt security policies including, but not limited to, personnel training policies designed to protect personnel, patients, and visitors from aggressive or violent behavior.

(b) The individual or members of a hospital committee responsible for developing the security plan shall be familiar with all of the following:

(1) The role of security in hospital operations.

(2) Hospital organization.

(3) Protective measures, including alarms and access control.

(4) The handling of disturbed patients, visitors, and employees.

(5) Identification of aggressive and violent predicting factors.

(6) Hospital safety and emergency preparedness.

(7) The rudiments of documenting and reporting crimes, including, by way of example, not disturbing a crime scene.

(c) The hospital shall have sufficient personnel to provide security pursuant to the security plan developed pursuant to subdivision (a). Persons regularly assigned to provide security in a hospital setting shall be trained regarding the role of security in hospital operations, including the identification of aggressive and violent predicting factors, and management of violent disturbances.

(d) Any act of assault, as defined in Section 240 of the Penal Code, or battery, as defined in Section 242 of the Penal Code, that results in injury or involves the use of a firearm or other dangerous weapon, against any on-duty hospital personnel shall be reported to the local law enforcement agency within 72 hours of the incident. Any other act of assault, as defined in Section 240 of the Penal Code, or battery as defined in Section 242 of the Penal Code, against any on-duty hospital personnel may be reported to the local law enforcement agency within 72 hours of the incident. No health facility or employee of a health facility who reports a known or suspected instance of assault or battery pursuant to this section shall be civilly or criminally liable for any report required by this section. No health facility or employee of a health facility who reports a known or suspected instance of assault or battery that is authorized, but not required, by this section, shall be civilly or criminally liable for the report authorized by this section unless it can be proven that a false report was made and the health facility or its employee knew that the report was false or was made with reckless disregard of the truth or falsity of the report, and any health facility or employee of a health facility who makes a report known to be false or with reckless disregard of the truth or falsity of the report shall be liable for any damages caused. Any individual knowingly interfering with or obstructing the lawful reporting process shall be guilty of a misdemeanor. "Dangerous weapon," as used in this section, means any weapon the possession or concealed carrying of which is prohibited by Section 12020 of the Penal Code.

SEC. 2. Section 11160 of the Penal Code is amended to read:

11160. (a) Any health practitioner employed in a health facility, clinic, physician's office, local or state public health department, or a clinic or other type of facility operated by a local or state public health department who, in his or her professional capacity or within the scope of his or her employment, provides medical services for a physical condition to a patient whom he or she knows or reasonably suspects is a person described as follows, shall immediately make a report in accordance with subdivision (b):

(1) Any person suffering from any wound or other physical injury inflicted by his or her own act or inflicted by another where the injury is by means of a firearm.

(2) Any person suffering from any wound or other physical injury inflicted upon the person where the injury is the result of assaultive or abusive conduct.

(b) Any health practitioner employed in a health facility, clinic,

physician's office, local or state public health department, or a clinic or other type of facility operated by a local or state public health department shall make a report regarding persons described in subdivision (a) to a local law enforcement agency as follows:

(1) A report by telephone shall be made immediately or as soon as practically possible.

(2) A written report shall be prepared and sent to a local law enforcement agency within two working days of receiving the information regarding the person.

(3) A local law enforcement agency shall be notified and a written report shall be prepared and sent pursuant to paragraphs (1) and (2) even if the person who suffered the wound, other injury, or assaultive or abusive conduct has expired, regardless of whether or not the wound, other injury, or assaultive or abusive conduct was a factor contributing to the death, and even if the evidence of the conduct of the perpetrator of the wound, other injury, or assaultive or abusive conduct was discovered during an autopsy.

(4) The report shall include, but shall not be limited to, the following:

(A) The name of the injured person, if known.

(B) The injured person's whereabouts.

(C) The character and extent of the person's injuries.

(D) The identity of any person the injured person alleges inflicted the wound, other injury, or assaultive or abusive conduct upon the injured person.

(c) For the purposes of this section, "injury" shall not include any psychological or physical condition brought about solely through the voluntary administration of a narcotic or restricted dangerous drug.

(d) For the purposes of this section, "assaultive or abusive conduct" shall include any of the following offenses:

(1) Murder, in violation of Section 187.

(2) Manslaughter, in violation of Section 192 or 192.5.

(3) Mayhem, in violation of Section 203.

(4) Aggravated mayhem, in violation of Section 205.

(5) Torture, in violation of Section 206.

(6) Assault with intent to commit mayhem, rape, sodomy, or oral copulation, in violation of Section 220.

(7) Administering controlled substances or anesthetic to aid in commission of a felony, in violation of Section 222.

(8) Battery, in violation of Section 242.

(9) Sexual battery, in violation of Section 243.4.

(10) Incest, in violation of Section 285.

(11) Throwing any vitriol, corrosive acid, or caustic chemical with intent to injure or disfigure, in violation of Section 244.

(12) Assault with a stun gun or taser, in violation of Section 244.5.

(13) Assault with a deadly weapon, firearm, assault weapon, or machinegun, or by means likely to produce great bodily injury, in violation of Section 245.

(14) Rape, in violation of Section 261.

(15) Spousal rape, in violation of Section 262.

(16) Procuring any female to have sex with another man, in violation of Section 266, 266a, 266b, or 266c.

(17) Child abuse or endangerment, in violation of Section 273a or 273d.

(18) Abuse of spouse or cohabitant, in violation of Section 273.5.

(19) Sodomy, in violation of Section 286.

(20) Lewd and lascivious acts with a child, in violation of Section 288.

(21) Oral copulation, in violation of Section 288a.

(22) Genital or anal penetration by a foreign object, in violation of Section 289 or 289.5.

(23) Elder abuse, in violation of Section 368.

(24) An attempt to commit any crime specified in paragraphs (1) to (23), inclusive.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of violence that is required to be reported pursuant to this section, and when there is an agreement among these persons to report as a team, the team may select by mutual agreement a member of the team to make a report by telephone and a single written report, as required by subdivision (b). The written report shall be signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(f) The reporting duties under this section are individual, except as provided in subdivision (e).

(g) No supervisor or administrator shall impede or inhibit the reporting duties required under this section and no person making a report pursuant to this section shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established, except that these procedures shall not be inconsistent with this article. The internal procedures shall not require any employee required to make a report under this article to disclose his or her identity to the employer.

(h) For the purposes of this section, it is the Legislature's intent to avoid duplication of information.

CHAPTER 20

An act to amend Section 1524.1 of the Penal Code, relating to crimes.

[Approved by Governor September 19, 1994. Filed with Secretary of State September 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1524.1 of the Penal Code is amended to read:

1524.1. (a) The primary purpose of the testing and disclosure provided in this section is to benefit the victim of a crime by informing the victim whether the defendant is infected with the HIV virus. It is also the intent of the Legislature in enacting this section to protect the health of both victims of crime and those accused of committing a crime. Nothing in this section shall be construed to authorize mandatory testing or disclosure of test results for the purpose of a charging decision by a prosecutor, nor, except as specified in subdivisions (g) and (i), shall this section be construed to authorize breach of the confidentiality provisions contained in Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code.

(b) (1) Notwithstanding the provisions of Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime, the court, at the request of the victim, may issue a search warrant for the purpose of testing the accused's blood with any HIV test, as defined in Section 26 of the Health and Safety Code only under the following circumstances: when the court finds, upon the conclusion of the hearing described in paragraph (3), or in those cases in which a preliminary hearing is not required to be held, the court also finds that there is probable cause to believe that the accused committed the offense, and that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim.

(2) Notwithstanding the provisions of Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime under Section 220, 261, 261.5, 262, 264.1, 286, 288, 288a, 288.5, 289, or 289.5, and is the subject of a police report alleging the commission of a separate, uncharged

offense that could be charged under Section 220, 261, 261.5, 262, 264.1, 286, 288, 288a, 288.5, 289, or 289.5, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime under Section 220, 261, 261.5, 262, 264.1, 286, 288, 288a, 288.5, 289, or 289.5, and is the subject of a police report alleging the commission of a separate, uncharged offense which could be charged under Section 220, 261, 261.5, 262, 264.1, 286, 288, 288a, 288.5, 289, or 289.5, the court, at the request of the victim of the uncharged offense, may issue a search warrant for the purpose of testing the accused's blood with any HIV test, as defined in Section 26 of the Health and Safety Code only under the following circumstances: when the court finds that there is probable cause to believe that the accused committed the uncharged offense, and that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim.

(3) (A) Prior to the issuance of a search warrant pursuant to paragraph (1), the court, where applicable and at the conclusion of the preliminary examination if the defendant is ordered to answer pursuant to Section 872, shall conduct a hearing at which both the victim and the defendant have the right to be present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts which support or rebut the issuance of a search warrant under paragraph (1) shall be admissible.

(B) Prior to the issuance of a search warrant pursuant to paragraph (2), the court, where applicable, shall conduct a hearing at which both the victim and the defendant are present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts that support or rebut the issuance of a search warrant under paragraph (2) shall be admissible.

(4) A request for a probable cause hearing made by a victim under paragraph (2) shall be made before sentencing in the municipal or superior court, or before disposition on a petition in a juvenile court, of the criminal charge or charges filed against the defendant.

(c) (1) In all cases in which the person has been charged by complaint, information, or indictment with a crime, or is the subject of a petition filed in a juvenile court alleging the commission of a crime, the prosecutor shall advise the victim of his or her right to make this request. To assist the victim of the crime to determine whether he or she should make this request, the prosecutor shall refer the victim to the local health officer for prerequest counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at risk of transmission of HIV from the accused, to ensure that the victim understands both the benefits and limitations of the current tests for HIV, to help the victim decide whether he or she wants to

request that the accused be tested, and to help the victim decide whether he or she wants to be tested.

(2) The Department of Justice, in cooperation with the California District Attorneys Association, shall prepare a form to be used in providing victims with the notice required by paragraph (1).

(d) If the victim decides to request HIV testing of the accused, the victim shall request the issuance of a search warrant, as described in subdivision (b).

Neither the failure of a prosecutor to refer or advise the victim as provided in this subdivision, nor the failure or refusal by the victim to seek or obtain counseling, shall be considered by the court in ruling on the victim's request.

(e) The local health officer shall make provision for administering all HIV tests ordered pursuant to subdivision (b).

(f) Any blood tested pursuant to subdivision (b) shall be subjected to appropriate confirmatory tests to ensure accuracy of the first test results, and under no circumstances shall test results be transmitted to the victim or the accused unless any initially reactive test result has been confirmed by appropriate confirmatory tests for positive reactors.

(g) The local health officer shall have the responsibility for disclosing test results to the victim who requested the test and to the accused who was tested. However, no positive test results shall be disclosed to the victim or to the accused without also providing or offering professional counseling appropriate to the circumstances.

(h) The local health officer and victim shall comply with all laws and policies relating to medical confidentiality subject to the disclosure authorized by subdivisions (g) and (i). Any individual who files a false report of sexual assault in order to obtain test result information pursuant to this section shall, in addition to any other liability under law, be guilty of a misdemeanor punishable as provided in subdivision (c) of Section 199.21 of the Health and Safety Code. Any individual as described in the preceding sentence who discloses test result information obtained pursuant to this section shall also be guilty of an additional misdemeanor punishable as provided for in subdivision (c) of Section 199.21 of the Health and Safety Code for each separate disclosure of that information.

(i) Any victim who receives information from the health officer pursuant to subdivision (g) may disclose the test results as the victim deems necessary to protect his or her health and safety or the health and safety of his or her family or sexual partner.

(j) Any person transmitting test results or disclosing information pursuant to this section shall be immune from civil liability for any actions taken in compliance with this section.

(k) The results of any blood tested pursuant to subdivision (b) shall not be used in any criminal proceeding as evidence of either guilt or innocence.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those

costs that may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 21

An act to amend Section 647 of the Penal Code, relating to crime.

[Approved by Governor September 19, 1994. Filed with Secretary of State September 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, beside the agreement, be done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands this identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in such a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(ff) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. The person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to this placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(g) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant thereof. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(h) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.

(i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

(j) Anyone who looks through a hole into a bathroom with the intent to invade the privacy of persons therein.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading. If the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in the county jail. In all cases in which probation is granted the court shall require as a condition thereof that the person be confined in the county jail for at least 45 days. In no event does the court have the power to

absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in the county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading. If two or more of these previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in the county jail. In all cases in which probation is granted the court shall require as a condition thereof that the person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 22

An act to add Section 290.6 to the Penal Code, relating to sex offenders.

[Approved by Governor September 19, 1994. Filed with Secretary of State September 20, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 290.6 is added to the Penal Code, to read:

290.6. (a) Fifteen days before the scheduled release date of a person described in subdivision (b), the Department of Corrections shall provide to local law enforcement all of the following information regarding the person:

(1) Name.

(2) Community residence and address, including ZIP Code.

(3) Physical description.

(4) Conviction information.

(b) This subdivision shall apply to any person sentenced to the state prison who is required to register pursuant to Section 290 for a conviction of Section 261 if the victim is under the age of 14 years, subdivision (c) of Section 286 if the victim is under the age of 14 years, Section 288 or 288.5 if the victim is under the age of 14 years, subdivision (c) of Section 288a if the victim is under the age of 14 years, or subdivision (j) of Section 289, or to any person who is sentenced pursuant to subdivision (c) or (d) of Section 667.6, 667.71, or 667.72.

(c) For the purpose of this section, "law enforcement" includes any agency with which the person will be required to register upon his or her release pursuant to Section 290 based upon the person's community of residence upon release.

(d) If it is not possible for the Department of Corrections to provide the information specified in subdivision (a) on a date that is 15 days before the scheduled release date, the information shall be provided on the next business day following that date.

(e) The Department of Corrections shall notify local law enforcement within 36 hours of learning of the change if the scheduled release date or any of the required information changes prior to the scheduled release date.

CHAPTER 23

An act to amend, repeal, and add Section 208 of, and to add and repeal Section 208.1 of, the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 20, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 208 of the Welfare and Institutions Code is amended to read:

208. (a) Except as provided in Section 208.1, when any person under 18 years of age is detained in or sentenced to any institution in which adults are confined, it shall be unlawful to permit that person to come or remain in contact with those adults.

(b) No person who is a ward or dependent child of the juvenile court who is detained in or committed to any state hospital or other state facility shall be permitted to come or remain in contact with any adult person who has been committed to any state hospital or other state facility as a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6, or with any adult person who has been charged in an accusatory pleading with the commission of any sex offense for which registration of the convicted offender is required under Section 290 of the Penal Code and who has been committed to any state hospital or other state facility pursuant to Section 1026 or 1370 of the Penal Code.

(c) As used in this section, "contact" does not include participation in supervised group therapy or other supervised treatment activities, participation in work furlough programs, or participation in hospital recreational activities which are directly supervised by employees of the hospital, so long as living arrangements are strictly segregated and all precautions are taken to prevent unauthorized associations.

(d) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 2. Section 208 is added to the Welfare and Institutions Code, to read:

208. (a) When any person under 18 years of age is detained in or sentenced to any institution in which adults are confined, it shall be unlawful to permit such person to come or remain in contact with such adults.

(b) No person who is a ward or dependent child of the juvenile court who is detained in or committed to any state hospital or other

state facility shall be permitted to come or remain in contact with any adult person who has been committed to any state hospital or other state facility as a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6, or with any adult person who has been charged in an accusatory pleading with the commission of any sex offense for which registration of the convicted offender is required under Section 290 of the Penal Code and who has been committed to any state hospital or other state facility pursuant to Section 1026 or 1370 of the Penal Code.

(c) As used in this section, "contact" does not include participation in supervised group therapy or other supervised treatment activities, participation in work furlough programs, or participation in hospital recreational activities which are directly supervised by employees of the hospital, so long as living arrangements are strictly segregated and all precautions are taken to prevent unauthorized associations.

(d) This section shall be operative January 1, 1998.

SEC. 3. Section 208.1 is added to the Welfare and Institutions Code, to read:

208.1. (a) It is the intent of the Legislature that counties lacking adequate secure juvenile facilities should develop additional facilities rather than using the county jail or another adult facility to confine minors considered to be security risks pending criminal court proceedings for violent felonies. Therefore, counties are encouraged to establish local or regional secure juvenile facilities or to contract with other counties to confine minors charged with serious and violent crimes who are considered too dangerous for presently available juvenile facilities. This section is intended to provide interim relief, pending the development of additional secure juvenile confinement capacity, by authorizing the confinement of certain minors in adult facilities under controlled conditions, notwithstanding the provisions of Section 208.

(b) A minor 16 years of age or older who is alleged to have committed any violent felony as defined in subdivision (c) of Section 667.5 of the Penal Code or any offense proscribed by subdivision (b) of Section 871 and whose case has been transferred to the jurisdiction of the criminal court under the authority of Section 707.1 may be delivered into the custody of the sheriff and may be detained in a jail or other secure facility for the confinement of adults under the conditions described in subdivision (c) if all of the following requirements are met:

(1) During or after the fitness hearing, the juvenile court judge finds the following:

(A) The minor's further detention in the juvenile hall endangers the public, the staff, or other minors in the juvenile hall.

(B) The minor will receive adequate care and protection in the jail or adult facility.

(C) No other juvenile facility, including a facility in a nearby county or a Youth Authority facility, is available, suitable, or feasible given all of the circumstances.

(2) The judge notes on the record and in the order of transfer that the minor is transferred pursuant to this section and that the minor may be detained by the sheriff in an adult facility, as provided in subdivision (c).

(3) The order transferring the minor to the custody of the sheriff under this section is periodically reviewed by the juvenile court in accordance with the provisions of subdivision (d).

(4) The sheriff has agreed, on a case-by-case basis, to accept transfer of the minor to a jail or secure facility under his or her control.

(c) A minor delivered to the custody of the sheriff under this section may be allowed to come or remain in contact with adults in the jail or secure adult facility, if all of the following requirements are met:

(1) No minor transferred to the custody of the sheriff under this section may be placed in the same cell with an adult prisoner unless no other cell or living arrangement within the jail or secure adult facility is available.

(2) The sheriff accepting the transfer of the minor shall provide for the protection of the minor within the jail or secure adult facility in accordance with a written classification procedure that takes into account the age, maturity, and potential vulnerability of minors who may come into contact with adults within the facility.

(3) If a minor is placed in the same cell with an adult, the minor shall be supervised in a manner that assures his or her safety and protection from physical or sexual assault or other predatory behavior by any adult within the facility. Supervision shall include personal and continuous visual observation of the minor when necessary to provide for the minor's safety and protection.

(d) In any case in which a minor has been transferred to the custody of the sheriff under this section, the juvenile court shall retain jurisdiction for the purpose of periodic review of the order of transfer of custody to the sheriff. The juvenile court shall periodically, but not less frequently than every 45 days, review the order of transfer of custody. At any review, the judge shall consider information that may be provided by the probation officer, the sheriff, the minor, or the minor's attorney, as well as other information deemed relevant by the judge, on the issue of the appropriateness of the minor's continued confinement in the jail or adult facility. The minor shall be returned to a juvenile facility unless the judge determines, based on the review, that there is good cause to continue the confinement of the minor in the adult jail or secure adult facility under the conditions described in subdivision (c). Either the minor, personally or by counsel, or the sheriff shall be entitled to have a review conducted in the form of a hearing at which he or she may present evidence on the issue of whether the jail or

secure adult facility is an appropriate place for the continued confinement of the minor under the conditions described in subdivision (c).

(e) No minor shall be transferred to a jail or secure adult facility under this section due to a lack of adequate staff at the juvenile facility. For purposes of this subdivision, "adequate staff" means compliance with staffing ratios established by the Department of the Youth Authority.

(f) Detention in a jail or other secure adult facility as authorized by this section shall not occur prior to the filing of a criminal complaint.

(g) A sheriff who controls a jail or adult facility to which a minor is transferred under this section shall report to the Board of Corrections any injury, sexual assault, or death that occurs to the minor within the jail or adult facility, including self-inflicted injury or suicide. The report shall describe the injury, sexual assault, or death and the surrounding circumstances and shall be made in writing to the Board of Corrections within 10 days of the occurrence of the injury, assault, or death.

(h) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

CHAPTER 24

An act to add Section 830.1 to the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 20, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.1 is added to the Welfare and Institutions Code, to read:

830.1. Notwithstanding any other provision of law, members of a juvenile justice multidisciplinary team engaged in the prevention, identification, and control of crime, including, but not limited to, criminal street gang activity, may disclose and exchange nonprivileged information and writings to and with one another relating to any incidents of juvenile crime, including criminal street gang activity, that may also be part of a juvenile court record or otherwise designated as confidential under state law if the member of the team having that information or writing reasonably believes it is generally relevant to the prevention, identification, or control of juvenile crime or criminal street gang activity. Every member of a juvenile justice multidisciplinary team who receives such information or writings shall be under the same privacy and confidentiality obligations and subject to the same penalties for violating those obligations as the person disclosing or providing the information or writings. The information obtained shall be maintained in a manner which ensures the protection of confidentiality.

As used in this section, "nonprivileged information" means any information not subject to a privilege pursuant to Division 8 (commencing with Section 900) of the Evidence Code.

As used in this section, "criminal street gang" has the same meaning as defined in Section 186.22 of the Penal Code.

As used in this section, "multidisciplinary team" means any team of three or more persons, the members of which are trained in the prevention, identification, and control of juvenile crime, including, but not limited to, criminal street gang activity, and are qualified to provide a broad range of services related to the problems posed by juvenile crime and criminal street gangs. The team may include, but is not limited to:

(a) Police officers or other law enforcement agents.

(b) Prosecutors.

(c) Probation officers.

(d) School district personnel with experience or training in juvenile crime or criminal street gang control.

(e) Counseling personnel with experience or training in juvenile crime or criminal street gang control.

(f) State, county, city, or special district recreation specialists with experience or training in juvenile crime or criminal street gang control.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 25

An act to amend Section 601 of the Penal Code, relating to crimes.

[Approved by Governor September 20, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 601 of the Penal Code is amended to read:

601. (a) Any person is guilty of trespass who makes a credible threat to cause serious bodily injury, as defined in subdivision (a) of Section 417.6, to another person with the intent to place that other person in reasonable fear for his or her safety, or the safety of his or her immediate family, as defined in subdivision (i) of Section 646.9, and who does any of the following:

(1) Within 30 days of the threat, unlawfully enters into the residence or real property contiguous to the residence of the person threatened without lawful purpose, and with the intent to execute the threat against the target of the threat.

(2) Within 30 days of the threat, knowing that the place is the threatened person's workplace, unlawfully enters into the workplace of the person threatened and carries out an act or acts to locate the threatened person within the workplace premises without lawful purpose, and with the intent to execute the threat against the target of the threat.

(b) Subdivision (a) shall not apply if the residence, real property, or workplace described in paragraph (1) or (2) that is entered is the residence, real property, or workplace of the person making the threat.

(c) This section shall not apply to any person who is engaged in labor union activities which are permitted to be carried out on the property by the California Agricultural Labor Relations Act, Part 3.5 (commencing with Section 1140) of Division 2 of the Labor Code, or by the National Labor Relations Act.

(d) A violation of this section shall be punishable by imprisonment in the state prison, or by imprisonment in a county jail not exceeding one year, or by a fine not exceeding two thousand dollars ($2,000), or by both a fine and imprisonment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 26

An act to amend Section 830.6 of the Penal Code, relating to peace officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.6 of the Penal Code is amended to read:

830.6. (a) (1) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city police officer, a reserve deputy sheriff, a reserve deputy marshal, a reserve police officer of a regional park district or of a transit district, a reserve harbor or port police officer of a county, city, or district as specified in Section 663.5 of the Harbors and Navigation Code, a reserve deputy of the Department of Fish and Game, a reserve special agent of the Department of Justice, a reserve officer of a community service district which is authorized under subdivision (h) of Section 61600 of the Government Code to maintain a police department or other police protection, or a reserve officer of a police protection district formed under Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code, and is assigned specific police functions by that authority, the person is a peace officer; provided, the person qualifies as set forth in Section 832.6, and provided further, that the authority of the person as a peace officer shall extend only for the duration of the person's specific assignment. A transit, harbor, or port district reserve officer may carry firearms only if authorized by, and under those terms and conditions as are specified by, his or her employing agency.

(2) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city police officer, a reserve deputy sheriff, a reserve deputy marshal, a reserve police officer of a regional park district or of a transit district, a reserve harbor or port police officer of a county, city, or district as specified in Section 663.5 of the Harbors and Navigation Code, a reserve officer of a community service district that is authorized under subdivision (h) of Section 61600 of the Government Code to maintain a police department or other police protection, or a reserve officer of a police protection district formed under Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code, and is so designated by local ordinance or, if the local agency is not authorized to act by ordinance, by resolution, either

individually or by class, and is assigned to the prevention and detection of crime and the general enforcement of the laws of this state by that authority, the person is a peace officer; provided the person qualifies as set forth in paragraph (1) of subdivision (a) of Section 832.6, and provided further, that the authority of the person shall include the full powers and duties of a peace officer as provided by Section 830.1, or in the case of a transit, harbor, or port district reserve police officer, or a city or county reserve peace officer not authorized by Section 830.1, the powers and duties which are authorized in Section 830.33.

(b) Whenever any person is summoned to the aid of any uniformed peace officer, the summoned person shall be vested with the powers of a peace officer as are expressly delegated to him or her by the summoning officer or as are otherwise reasonably necessary to properly assist the officer.

SEC. 2. Section 830.6 of the Penal Code is amended to read:

830.6. (a) (1) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city police officer, a reserve deputy sheriff, a reserve deputy marshal, a reserve police officer of a regional park district or of a transit district, a reserve harbor or port police officer of a county, city, or district as specified in Section 663.5 of the Harbors and Navigation Code, a reserve deputy of the Department of Fish and Game, a reserve special agent of the Department of Justice, a reserve officer of a community service district which is authorized under subdivision (h) of Section 61600 of the Government Code to maintain a police department or other police protection, a reserve officer of a school district police department under Section 35021.5 of the Education Code, or a reserve officer of a police protection district formed under Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code, and is assigned specific police functions by that authority, the person is a peace officer, if the person qualifies as set forth in Section 832.6. The authority of a person designated as a peace officer pursuant to this paragraph extends only for the duration of the person's specific assignment. A transit, harbor, or port district reserve officer may carry firearms only if authorized by, and under those terms and conditions as are specified by, his or her employing agency.

(2) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city police officer, a reserve deputy sheriff, a reserve deputy marshal, a reserve police officer of a regional park district, transit district, or a school district, a reserve harbor or port police officer of a county, city, or district as specified in Section 663.5 of the Harbors and Navigation Code, a reserve officer of a community service district that is authorized under subdivision (h) of Section 61600 of the Government Code to maintain a police department or other police protection, or a reserve officer of a police protection district formed

under Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code, and is so designated by local ordinance or, if the local agency is not authorized to act by ordinance, by resolution, either individually or by class, and is assigned to the prevention and detection of crime and the general enforcement of the laws of this state by that authority, the person is a peace officer, if the person qualifies as set forth in paragraph (1) of subdivision (a) of Section 832.6. The authority of a person designated as a peace officer pursuant to this paragraph includes the full powers and duties of a peace officer as provided by Section 830.1. A transit, harbor, or port district reserve police officer, or a city or county reserve peace officer who is not provided with the powers and duties authorized by Section 830.1, has the powers and duties authorized in Section 830.33, and a school district reserve police officer has the powers and duties authorized in Section 830.32.

(b) Whenever any person is summoned to the aid of any uniformed peace officer, the summoned person is vested with the powers of a peace officer that are expressly delegated to him or her by the summoning officer or that are otherwise reasonably necessary to properly assist the officer.

SEC. 3. Section 2 of this bill incorporates amendments to Section 830.6 of the Penal Code proposed by both this bill and SB 281 of the 1993–94 Regular Session of the Legislature. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 830.6 of the Penal Code, and (3) this bill is enacted after SB 281. In which case one of the following alternatives shall be applicable

(a) If this bill becomes operative before SB 281, Section 1 of this bill shall be operative until the operative date of SB 281, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after SB 281, Section 830.6 of the Penal Code, as amended by SB 281, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide regularly paid officers with the aid and assistance they need in order to better and more safely perform their duties in the fight against the violent crime epidemic and increasing numbers of youthful offenders, it is necessary that this act take effect immediately.

CHAPTER 27

An act to amend Section 12021 of, and to add Section 12040 to, the Penal Code, relating to firearms.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 136.5, 140, 171b, 171c, 171d, 240, 241, 242, 243, 244.5, 245, 245.5, 246.3, 247, 273.5, 273.6, 417, 417.2, 626.9, 646.9, 12023, subdivision (b) or (d) of Section 12034, Section 12040, paragraph (1) or (2) of subdivision (a) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, or Section 8101 of the Welfare and Institutions Code, or of the conduct punished in paragraph (2) of subdivision (g) of Section 12072, or the sale of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (3) of subdivision (a) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by

the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under subdivision (c) no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same

judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073,

(2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073 shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 2. Section 12040 is added to the Penal Code, to read:

12040. (a) A person commits criminal possession of a firearm when he or she carries a firearm in a public place or on any public street while masked so as to hide his or her identity.

(b) Criminal possession of a firearm is punishable by imprisonment in the state prison or by imprisonment in a county jail not to exceed one year.

First Extraordinary Session

(c) Subdivision (a) shall not apply to the following:

(1) A peace officer who is in the performance of his or her duties.

(2) Full-time paid peace officers of other states and the federal government who are carrying out official duties while in this state.

(3) Any person summoned by any of the officers enumerated in paragraph (1) or (2) to assist in making arrests or preserving the peace while he or she is actually engaged in assisting that officer.

(4) The possession of an unloaded firearm or a firearm loaded with blank ammunition by an authorized participant in, or while rehearsing for, a motion picture, television, video production, entertainment event, entertainment activity, or lawfully organized and conducted activity when the participant lawfully uses the firearm as part of that production, event, or activity.

(5) The possession of a firearm by a licensed hunter while actually engaged in lawful hunting, or while going directly to or returning directly from the hunting expedition.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 28

An act to amend Sections 243, 273.5, and 273.6 of, and to add Section 1203.097 to, the Penal Code, relating to domestic violence.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 243 of the Penal Code is amended to read:

243. (a) A battery is punishable by a fine of not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding six months, or by both the fine and imprisonment.

(b) When a battery is committed against the person of a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding one year, or by both the fine and imprisonment.

(c) When a battery is committed against a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the

performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, and an injury is inflicted on that victim, the battery is punishable by imprisonment in a county jail for a period of not more than one year, or by a fine of not more than two thousand dollars ($2,000), or by imprisonment in the state prison for 16 months, or two or three years.

(d) When a battery is committed against any person and serious bodily injury is inflicted on the person, the battery is punishable by imprisonment in a county jail for a period of not more than one year or imprisonment in the state prison for two, three, or four years.

(e) (1) When a battery is committed against a noncohabiting former spouse, fiancé, fiancée, or a person with whom the defendant currently has, or has previously had, a dating relationship, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail for a period of not more than one year, or by both. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one year, and successfully complete, a batterer's treatment program, as defined in Section 1203.097, or if none is available, another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

(2) Upon conviction of a violation of this subdivision, if probation is granted, the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

(3) Upon conviction of a violation of this subdivision, if probation

is granted or the execution or imposition of the sentence is suspended and the person has been previously convicted of a violation of this subdivision and sentenced under paragraph (1), the person shall be imprisoned for not less than 48 hours in addition to the conditions in paragraph (1). However, the court, upon a showing of good cause, may elect not to impose the mandatory minimum imprisonment as required by this subdivision and may, under these circumstances, grant probation or order the suspension of the execution or imposition of the sentence.

The Legislature finds and declares that these specified crimes merit special consideration when imposing a sentence so as to display society's condemnation for these crimes of violence upon victims with whom a close relationship has been formed.

(f) As used in this section:

(1) "Peace officer" means any person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

(2) "Emergency medical technician" means a person possessing a valid course completion certificate from a program approved by the State Department of Health Services for the medical training and education of ambulance personnel, and who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(3) "Mobile intensive care paramedic" means any person who meets the standards set forth in Section 1797.84 of, and Division 2.5 (commencing with Section 1797) of, the Health and Safety Code.

(4) "Nurse" means a person who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(5) "Serious bodily injury" means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

(6) "Injury" means any physical injury which requires professional medical treatment.

(7) "Custodial officer" means any person who has the responsibilities and duties described in Section 831 and who is employed by a law enforcement agency of any city or county or who performs those duties as a volunteer.

(8) "Lifeguard" means a person defined in paragraph (5) of subdivision (c) of Section 241.

(9) "Traffic officer" means any person employed by a city, county, or city and county, to monitor and enforce state laws and local ordinances relating to parking and the operation of vehicles.

(10) "Animal control officer" means any person employed by a city, county, or city and county for purposes of enforcing animal control laws or regulations.

(11) "Dating relationship" means frequent, intimate associations primarily characterized by the expectation of affectional or sexual

involvement independent of financial considerations.

It is the intent of the Legislature by amendments to this section at the 1981–82 and 1983–84 Regular Sessions to abrogate the holdings in cases such as People v. Corey, 21 Cal. 3d 738, and Cervantez v. J.C. Penney Co., 24 Cal. 3d 579, and to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform as private security guards or patrolmen and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 2. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon his or her spouse, or any person who willfully inflicts upon any person with whom he or she is cohabiting, or any person who willfully inflicts upon any person who is the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, "traumatic condition" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father under Sections 7611 and 7612 of the Family Code.

(e) In any case in which a person is convicted of violating this section and probation is granted, the court shall require participation in a batterer's treatment program as a condition of probation, as specified in Section 1203.097.

(f) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted under subdivision (a) for an offense that occurred within seven years of the offense of the second conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 96 hours and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court pursuant to Section 1203.097. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(g) If probation is granted, or the execution or imposition of a

sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted of two or more violations of subdivision (a) for offenses that occurred within seven years of the most recent conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 30 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program as designated by the court pursuant to Section 1203.097. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(h) If probation is granted upon conviction of a violation of subdivision (a), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000), pursuant to Section 1203.097.

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 3. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any willful and knowing violation of a protective order, as defined in Section 6218 of the Family Code, or of an order issued pursuant to Section 527 or 527.6 of the Code of Civil Procedure is a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment.

(b) If a violation of an order described in subdivision (a) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed or the sentence is suspended.

(c) A second or subsequent conviction for a violation of an order described in subdivision (a) occurring within seven years of a prior

conviction for a violation of the order and involving an act of violence or "a credible threat" of violence as defined in subdivision (c) of Section 139 is punishable by imprisonment in a county jail not to exceed one year, or in the state prison for 16 months or two or three years.

(d) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to subdivisions (a), (b), and (c).

(e) If probation is granted upon conviction of a violation of subdivision (a), (b), or (c), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000), pursuant to Section 1203.097.

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

(f) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under subdivision (e), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 3.5. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any intentional and knowing violation of a protective order, as defined in Section 6218 of the Family Code, or of an order issued pursuant to Section 527, 527.6, or 527.8 of the Code of Civil Procedure is a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment.

(b) If a violation of an order described in subdivision (a) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed or the sentence is suspended.

(c) A second or subsequent conviction for a violation of an order described in subdivision (a) occurring within seven years of a prior conviction for a violation of the order and involving an act of violence or "a credible threat" of violence as defined in subdivision (c) of Section 139 is punishable by imprisonment in a county jail not to exceed one year, or in the state prison for 16 months or two or three

years.

(d) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to subdivisions (a), (b), and (c).

(e) If probation is granted upon conviction of a violation of subdivision (a), (b), or (c), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000), pursuant to Section 1203.097.

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

(f) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under subdivision (e), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 4. Section 1203.097 is added to the Penal Code, to read:

1203.097. If any person is granted probation for any crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(a) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(b) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, residence exclusion or stay-away conditions.

(c) Notice to the victim of the disposition of the case.

(d) Successful completion of a batterer's program, as defined in Sections 1000.93, 1000.94, and 1000.95, or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of one and one-half hours classtime duration. The counseling program shall immediately report any violation of the terms of the protective order to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program

with the court within 30 days of enrollment.

(e) The defendant shall pay a minimum of a two hundred dollar ($200) payment to be disbursed as specified in this subdivision. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

Out of moneys deposited with the county treasurer pursuant to this section, one-third shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in the Domestic Violence Fund, which is hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited in the Domestic Violence Fund pursuant to this section shall be available upon appropriation by the Legislature, and shall be distributed as follows:

(1) One-half shall be distributed to the counties, based on the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order data bank system.

(2) One-half shall support the development of a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be administered by the State Department of Health Services and be awarded on a competitive basis.

(f) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under subdivision (e), one or more of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(2) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event, shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, or to a shelter for costs

with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

SEC. 5. Section 3.5 of this bill incorporates amendments to Section 273.6 of the Penal Code proposed by both this bill and AB 68 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 273.6 of the Penal Code, and (3) this bill is enacted after AB 68. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 68, Section 3 of this bill shall be operative until the operative date of AB 68, at which time Section 3.5 of this bill shall become operative.

(b) If this bill becomes operative after AB 68, Section 273.6 of the Penal Code, as amended by AB 68, shall remain operative only until the operative date of this bill, at which time Section 3.5 of this bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 29

An act to add Section 527.8 to the Code of Civil Procedure, and to amend Sections 273.6 and 12021 of the Penal Code, relating to harassment of employees.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Workplace Violence Safety Act." This act is intended to provide optional remedies which supplement rather than replace existing remedies against workplace violence, and does not obligate an employer to seek those optional remedies.

SEC. 2. Section 527.8 is added to the Code of Civil Procedure, to read:

527.8. (a) Any employer, whose employee has suffered unlawful violence or a credible threat of violence from any individual, which can reasonably be construed to be carried out or to have been carried out at the workplace, may seek a temporary restraining order and an injunction on behalf of the employee prohibiting further unlawful violence or threats of violence by that individual.

(b) For the purposes of this section:

(1) "Unlawful violence" is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) "Credible threat of violence" is a knowing and willful statement or course of conduct which would cause a reasonable person to believe that he or she is under threat of death or serious bodily injury, and which is intended to, and which actually causes, a person to believe that he or she is under threat of death or serious bodily injury, and which serves no legitimate purpose.

(3) "Course of conduct" is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an employee to or from the place of work; entering the workplace; following an employee during hours of employment; telephone calls to an employee; correspondence with an employee, including, but not limited to, the use of the public or private mails, interoffice mail, fax, or computer e-mail.

(c) Nothing in this section shall be construed to permit a court to issue a temporary restraining order or injunction prohibiting speech or other activities that are constitutionally protected, or otherwise protected by Section 527.3 or any other provision of law.

(d) For purposes of this section, the terms "employer" and

"employee" mean persons defined in Section 350 of the Labor Code. The term "employer" also includes a federal agency, the state, a state agency, a city, county, or district, and a private, public, or quasi-public corporation, or any public agency thereof or therein. The term "employee" also includes the members of boards of directors of private, public, and quasi-public corporations and elected and appointed public officers. For purposes of this section only, the term "employee" also includes a volunteer or independent contractor who performs services for the employer at the employer's worksite.

(e) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with subdivision (a) of Section 527, if the plaintiff also files an affidavit which, to the satisfaction of the court, shows reasonable proof that an employee has suffered unlawful violence or a credible threat of violence by the defendant, and that great or irreparable harm would result to an employee. A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(f) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response which explains, excuses, justifies, or denies the alleged unlawful violence or credible threats of violence or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant, and may make an independent inquiry. Moreover, if a person allegedly making threats is a current employee of the entity requesting the injunction, the judge shall receive evidence concerning the employer's decision to retain, terminate, or otherwise discipline the person. If the judge finds by clear and convincing evidence that the defendant engaged in unlawful violence or made a credible threat of violence, an injunction shall issue prohibiting further unlawful violence or threats of violence. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(g) Nothing in this section shall preclude either party from representation by private counsel or from appearing on his or her own behalf.

(h) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition.

(i) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under

this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported unlawful violence or a credible threat of violence.

(j) Any intentional disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(k) Nothing in this section shall be construed as expanding, diminishing, altering, or modifying the duty, if any, of an employer to provide a safe workplace for employees and other persons.

(*l*) The Judicial Council shall develop forms, instructions, and rules for scheduling of hearings and other procedures established pursuant to this section. The forms for the petition and response shall be simple and concise.

SEC. 3. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any intentional and knowing violation of a protective order, as defined in Section 6218 of the Family Code, or of an order issued pursuant to Section 527, 527.6, or 527.8 of the Code of Civil Procedure is a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment.

(b) If a violation of an order described in subdivision (a) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed or the sentence is suspended.

(c) A second or subsequent conviction for a violation of an order described in subdivision (a) occurring within seven years of a prior conviction for a violation of the order and involving an act of violence or "a credible threat" of violence as defined in subdivision (c) of Section 139 is punishable by imprisonment in a county jail not to exceed one year, or in the state prison for 16 months or two or three years.

(d) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to subdivisions (a), (b), and (c).

(e) If probation is granted upon conviction of a violation of subdivision (a), (b), or (c), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

(f) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under

subdivision (e), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 3.5. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any intentional and knowing violation of a protective order, as defined in Section 6218 of the Family Code, or of an order issued pursuant to Section 527, 527.6, or 527.8 of the Code of Civil Procedure is a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment.

(b) If a violation of an order described in subdivision (a) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed or the sentence is suspended.

(c) A second or subsequent conviction for a violation of an order described in subdivision (a) occurring within seven years of a prior conviction for a violation of the order and involving an act of violence or "a credible threat" of violence as defined in subdivision (c) of Section 139 is punishable by imprisonment in a county jail not to exceed one year, or in the state prison for 16 months or two or three years.

(d) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to subdivisions (a), (b), and (c).

(e) If probation is granted upon conviction of a violation of subdivision (a), (b), or (c), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000), pursuant to Section 1203.097.

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

(f) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under subdivision (e), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or

court ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 4. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 136.5, 140, 171b, 171c, 171d, 240, 241, 242, 243, 244.5, 245, 245.5, 246.3, 247, 273.5, 273.6, 417, 417.2, 626.9, 646.9, 12023, subdivision (b) or (d) of Section 12034, paragraph (2) of subdivision (a) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, or Section 8101 of the Welfare and Institutions Code, or the sale of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (3) of subdivision (a) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm,

who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under subdivision (c) no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073, (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073 shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this

subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, or a temporary restraining order or injunction issued pursuant to Section 527.6 or 527.8 of the Code of Civil Procedure, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 4.5. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6,

when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 71, 76, 136.5, or 140, subdivision (d) of Section 148, Section 171b, 171c, 171d, 186.28, 240, 241, 242, 243, 244.5, 245, 245.5, 246, 246.3, 247, 273.5, 273.6, 417, 417.1, 417.2, 417.6, 626.9, 646.9, or 12023, subdivision (b) or (d) of Section 12034, Section 12040, paragraph (2) of subdivision (a) or subdivision (b) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, or Section 8101 of the Welfare and Institutions Code, any firearm-related offense pursuant to Sections 871.5 and 1001.5 of the Welfare and Institutions Code, or of the conduct punished in paragraph (3) of subdivision (g) of Section 12072, or the sale of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (3) of subdivision (a) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1,

and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c), (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c) shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility

for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, or a temporary restraining order or injunction issued pursuant to Section 527.6 or 527.8 of the Code of Civil Procedure, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 5. Section 3.5 of this bill incorporates amendments to Section 273.6 of the Penal Code proposed by both this bill and AB 93 of the First Extraordinary Session of the Legislature. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 273.6 of the Penal Code, and (3) this bill is enacted after AB 93 of the First Extraordinary Session in which event Section 3 of this bill shall not become operative.

SEC. 6. Section 4.5 of this bill incorporates amendments to Section 12021 of the Penal Code proposed by both this bill and SB 36 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 12021 of the Penal Code, and (3) this bill is enacted after SB 36 of the First Extraordinary Session, in which event Section 4 of this bill shall not become operative.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 30

An act to amend Sections 1203 and 1203.06 of the Penal Code, relating to probation.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund.

(D) The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machinegun under

Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the

order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 2. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund.

(D) The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or, upon request of the defendant or prosecuting attorney, nine days, prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the

prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if

committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machinegun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 3. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a

sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund.

(D) The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or, upon request of the defendant or prosecuting attorney, nine days, prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court

determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machinegun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding

the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 4. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment

is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund.

(D) The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or, upon request of the defendant or prosecuting attorney, nine days, prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court

shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machinegun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the

probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 5. Section 1203.06 of the Penal Code is amended to read:

1203.06. Notwithstanding Section 1203:

(a) Probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any of the following persons:

(1) Any person who personally used a firearm during the commission or attempted commission of any of the following crimes:

(A) Murder.

(B) Robbery, in violation of Section 211.

(C) Kidnapping, in violation of Section 207.

(D) Kidnapping, in violation of Section 209.

(E) Burglary of the first degree, as defined in Section 460.

(F) Except as provided in Section 1203.065, rape in violation of paragraph (2) of subdivision (a) of Section 261.

(G) Assault with intent to commit rape or sodomy, in violation of Section 220.

(H) Escape, in violation of Section 4530 or 4532.

(I) Carjacking, in violation of Section 215.

(J) Any person convicted of aggravated mayhem in violation of Section 205.

(K) Torture, in violation of Section 206.

(L) Kidnapping, in violation of Section 209.5.

(M) A felony violation of Section 136.1 or 137.

(2) Any person previously convicted of a felony specified in subparagraphs (A) to (L), inclusive, of paragraph (1), or assault with intent to commit murder under former Section 217, who is convicted of a subsequent felony and who was personally armed with a firearm at any time during its commission or attempted commission or was unlawfully armed with a firearm at the time of his or her arrest for the subsequent felony.

(b) (1) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt, by the court where guilt is established by plea of guilty or nolo contendere, or by trial by the court sitting without a jury.

(2) This subdivision does not prohibit the adjournment of criminal proceedings pursuant to Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(3) As used in subdivision (a), "used a firearm" means to display a firearm in a menacing manner, to intentionally fire it, or to intentionally strike or hit a human being with it.

(4) As used in subdivision (a), "armed with a firearm" means to knowingly carry a firearm as a means of offense or defense.

SEC. 6. Section 1203.06 of the Penal Code is amended to read:

1203.06. Notwithstanding Section 1203:

(a) Probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any of the following persons:

(1) Any person who personally used a firearm during the commission or attempted commission of any of the following crimes:

(A) Murder.

(B) Robbery, in violation of Section 211.

(C) Kidnapping, in violation of Section 207 or 209.5.

(D) Kidnapping in violation of Section 209.

(E) Burglary of the first degree, as defined in Section 460.

(F) Except as provided in Section 1203.065, rape in violation of paragraph (2) of subdivision (a) of Section 261.

(G) Assault with intent to commit rape or sodomy, in violation of Section 220.

(H) Escape, in violation of Section 4530 or 4532.

(I) Carjacking, in violation of Section 215.

(J) Any person convicted of aggravated mayhem in violation of Section 205.

(K) Torture, in violation of Section 206.

(L) Kidnapping, in violation of Section 209.5.

(M) A felony violation of Section 136.1 or 137.

(2) Any person previously convicted of a felony specified in subparagraphs (A) to (L), inclusive, of paragraph (1), or assault with intent to commit murder under former Section 217, who is convicted

of a subsequent felony and who was personally armed with a firearm at any time during its commission or attempted commission or was unlawfully armed with a firearm at the time of his or her arrest for the subsequent felony.

(3) Aggravated arson, in violation of Section 451.5.

(b) (1) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt, by the court where guilt is established by plea of guilty or nolo contendere, or by trial by the court sitting without a jury.

(2) This subdivision does not prohibit the adjournment of criminal proceedings pursuant to Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(3) As used in subdivision (a), "used a firearm" means to display a firearm in a menacing manner, to intentionally fire it, or to intentionally strike or hit a human being with it.

(4) As used in subdivision (a), "armed with a firearm" means to knowingly carry a firearm as a means of offense or defense.

SEC. 7. (a) Section 2 of this bill incorporates amendments to Section 1203 of the Penal Code proposed by both this bill and AB 2470. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1203 of the Penal Code, (3) SB 36 of the First Extraordinary Session is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 2470. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before AB 2470, Section 1 of this bill shall be operative until the operative date of AB 2470, at which time Section 2 of this bill shall become operative, and Sections 3 and 4 of this bill shall not become operative.

(B) If this bill becomes operative after AB 2470, Section 1203 of the Penal Code, as amended by AB 2470, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Sections 1, 3, and 4 of this bill shall not become operative.

(b) Section 3 of this bill incorporates amendments to Section 1203 of the Penal Code proposed by both this bill and SB 36. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1203 of the Penal Code, (3) AB 2470 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 36. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before SB 36, Section 1 of this bill shall be operative until the operative date of SB 36, at which time Section 3 of this bill shall become operative, and Sections 2 and 4 of this bill shall not become operative.

(B) If this bill becomes operative after SB 36, Section 1203 of the

Penal Code, as amended by SB 36, shall remain operative only until the operative date of this bill, at which time Section 3 of this bill shall become operative, and Sections 1, 2, and 4 of this bill shall not become operative.

(c) Section 4 of this bill incorporates amendments to Section 1203 of the Penal Code proposed by this bill, AB 2470, and SB 36. It shall only become operative if (1) all three bills are enacted and become effective, (2) all three bills amend Section 1203 of the Penal Code, and (3) this bill is enacted after AB 2470 and SB 36. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before AB 2470 and SB 36, Section 1 of this bill shall be operative until the operative date of AB 2470 and SB 36, at which time Section 4 of this bill shall become operative, and Sections 2 and 3 of this bill shall not become operative.

(B) If this bill becomes operative after AB 2470 and SB 36, Section 1203 of the Penal Code, as amended by AB 2470 or SB 36, shall remain operative only until the operative date of this bill, at which time Section 4 of this bill shall become operative, and Sections 1, 2, and 3 of this bill shall not become operative.

SEC. 8. Section 6 of this bill incorporates amendments to Section 1203.06 of the Penal Code proposed by both this bill and SB 1309. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1203.06 of the Penal Code, and (3) this bill is enacted after SB 1309. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before SB 1309, Section 5 of this bill shall be operative until the operative date of SB 1309, at which time Section 6 of this bill shall become operative.

(b) If this bill becomes operative after SB 1309, Section 1203.06 of the Penal Code, as amended by SB 1309, shall remain operative only until the operative date of this bill, at which time Section 6 of this bill shall become operative, and Section 5 of this bill shall not become operative.

CHAPTER 31

An act to amend Sections 12022.2, 12022.3, 12022.5, and 12022.55 of the Penal Code, relating to firearms.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 12022.2 of the Penal Code is amended to read:

12022.2. (a) Any person who, while armed with a firearm in the commission or attempted commission of any felony, has in his or her immediate possession ammunition for the firearm designed primarily to penetrate metal or armor, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 3, 4, or 10 years. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(b) Any person who wears a body vest in the commission or attempted commission of a violent offense, as defined in subdivision (b) of Section 12021.1, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for one, two, or five years. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(c) As used in this section, "body vest" means any bullet-resistant material intended to provide ballistic and trauma protection for the wearer.

SEC. 2. Section 12022.3 of the Penal Code is amended to read:

12022.3. For each violation of Section 261, 262, 264.1, 286, 288, 288a, or 289, and in addition to the sentence provided, any person shall receive the following:

(a) A 3-, 4-, or 10-year enhancement if the person uses a firearm or deadly weapon in the commission of the violation.

(b) A one-, two-, or five-year enhancement if the person is armed with a firearm or deadly weapon. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

SEC. 3. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivisions (b) and (c), any person who personally uses a firearm in the commission or attempted commission of a felony shall, upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 3, 4, or 10 years, unless use of a firearm is an element of the offense of which he or she has been convicted. However, if the person has been convicted of carjacking or attempted carjacking, the additional term of imprisonment in the state prison shall be 4, 5, or 10 years. The court shall order imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state its reasons for its enhancement choice on the record at the time of sentencing.

(b) (1) Notwithstanding subdivision (a), any person who is convicted of a felony or an attempt to commit a felony, including murder or attempted murder, in which that person discharged a firearm at an occupied motor vehicle which caused great bodily injury or death to the person of another, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

(2) Notwithstanding subdivision (a), any person who personally uses an assault weapon, as defined in Section 12276, or a machinegun, as defined in Section 12200, in the commission or attempted commission of a felony, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who personally uses a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense, in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 3, 4, or 10 years. The court shall order imposition of middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record.

(d) The additional term provided by this section may be imposed in cases of assault with a firearm under paragraph (2) of subdivision (a) of Section 245, assault with a deadly weapon which is a firearm under Section 245, or murder if the killing was perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another

person outside of the vehicle with the intent to inflict great bodily injury or death.

(e) When a person is found to have personally used a firearm, assault weapon, or machinegun in the commission or attempted commission of a felony as provided in this section and the firearm, assault weapon, or machinegun is owned by that person, the court shall order that the firearm be deemed a nuisance and disposed of in the manner provided in Section 12028.

(f) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

SEC. 4. Section 12022.55 of the Penal Code is amended to read:

12022.55. Notwithstanding Section 12022.5, any person who, with the intent to inflict great bodily injury or death, inflicts great bodily injury, as defined in Section 12022.7, or causes the death of a person, other than an occupant of a motor vehicle, as a result of discharging a firearm from a motor vehicle in the commission of a felony or attempted felony, shall, upon conviction of the felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

CHAPTER 32

An act to amend Sections 12001, 12021.5, and 12316 of the Penal Code, relating to firearms.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 12001 of the Penal Code is amended to read:

12001. (a) As used in this title, the terms "pistol," "revolver," and "firearm capable of being concealed upon the person" shall apply to and include any device designed to be used as a weapon, from which is expelled a projectile by the force of any explosion, or other form of combustion, and which has a barrel less than 16 inches in length. These terms also include any device which has a barrel 16 inches or more in length which is designed to be interchanged with a barrel less than 16 inches in length.

(b) As used in this title, "firearm" means any device, designed to be used as a weapon, from which is expelled through a barrel a projectile by the force of any explosion or other form of combustion.

(c) As used in Sections 12021, 12021.1, 12070, 12071, 12072, 12073, 12078, and 12101 of this code, and Sections 8100, 8101, and 8103 of the Welfare and Institutions Code, the term "firearm" includes the frame or receiver of the weapon.

(d) For the purposes of Sections 12025 and 12031, the term "firearm" also shall include any rocket, rocket propelled projectile launcher, or similar device containing any explosive or incendiary material whether or not the device is designed for emergency or distress signaling purposes.

(e) (1) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm which is defined as an "antique firearm" in Section 921 (a) (16) of Title 18 of the United States Code.

(2) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm that meets both of the following:

(A) It is not a pistol, revolver, or other firearm capable of being concealed upon the person.

(B) It is a curio or relic, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations.

(f) Nothing shall prevent a device defined as a "pistol," "revolver," or "firearm capable of being concealed upon the person"

from also being found to be a short-barreled shotgun or a short-barreled rifle, as defined in Section 12020.

(g) For purposes of Section 12551, the term "BB device" means any instrument which expels a metallic projectile, such as a BB or a pellet, through the force of air pressure, CO_2 pressure, or spring action, or any spot marker gun.

(h) As used in this title, "wholesaler" means any person who is licensed as a dealer pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto who sells, transfers, or assigns firearms, or parts of firearms, to persons who are licensed as manufacturers, importers, or gunsmiths pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code, or persons licensed pursuant to Section 12071, and includes persons who receive finished parts of firearms and assemble them into completed or partially completed firearms in furtherance of that purpose.

"Wholesaler" shall not include a manufacturer, importer, or gunsmith who is licensed to engage in those activities pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code or a person licensed pursuant to Section 12071 and the regulations issued pursuant thereto. A wholesaler also does not include those persons dealing exclusively in grips, stocks, and other parts of firearms that are not frames or receivers thereof.

(i) As used in Section 12071, 12072, or 12084, "application to purchase" means either of the following:

(1) The initial completion of the register by the purchaser, transferee, or person being loaned the firearm as required by subdivision (a) of Section 12076.

(2) The initial completion of the LEFT by the purchaser, transferee, or person being loaned the firearm as required by subdivision (d) of Section 12084.

(j) For purposes of Section 12023, a firearm shall be deemed to be "loaded" whenever both the firearm and the unexpended ammunition capable of being discharged from the firearm are in the immediate possession of the same person.

(k) For purposes of Sections 12021, 12021.1, 12025, 12070, 12072, 12073, 12078, and 12101 of this code, and Sections 8100, 8101, and 8103 of the Welfare and Institutions Code, notwithstanding the fact that the term "any firearm" may be used in those sections, each firearm or the frame or receiver of the same shall constitute a distinct and separate offense under those sections.

(*l*) For purposes of Section 12020, a violation of that section as to each firearm, weapon, or device enumerated therein shall constitute a distinct and separate offense.

SEC. 2. Section 12001 of the Penal Code is amended to read:

12001. (a) As used in this title, the terms "pistol," "revolver," and "firearm capable of being concealed upon the person" shall apply to and include any device designed to be used as a weapon,

from which is expelled a projectile by the force of any explosion, or other form of combustion, and which has a barrel less than 16 inches in length. These terms also include any device which has a barrel 16 inches or more in length which is designed to be interchanged with a barrel less than 16 inches in length.

(b) As used in this title, "firearm" means any device, designed to be used as a weapon, from which is expelled through a barrel a projectile by the force of any explosion or other form of combustion.

(c) As used in Sections 12021, 12021.1, 12070, 12071, 12072, 12073, 12078, and 12101 of this code, and Sections 8100, 8101, and 8103 of the Welfare and Institutions Code, the term "firearm" includes the frame or receiver of the weapon.

(d) For the purposes of Sections 12025 and 12031, the term "firearm" also shall include any rocket, rocket propelled projectile launcher, or similar device containing any explosive or incendiary material whether or not the device is designed for emergency or distress signaling purposes.

(e) (1) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm which is defined as an "antique firearm" in Section 921 (a) (16) of Title 18 of the United States Code.

(2) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm that meets both of the following:

(A) It is not a pistol, revolver, or other firearm capable of being concealed upon the person.

(B) It is a curio or relic, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations.

(f) Nothing shall prevent a device defined as a "pistol," "revolver," or "firearm capable of being concealed upon the person" from also being found to be a short-barreled shotgun or a short-barreled rifle, as defined in Section 12020.

(g) For purposes of Sections 12551 and 12552, the term "BB device" means any instrument which expels a metallic projectile, such as a BB or a pellet, through the force of air pressure, CO_2 pressure, or spring action, or any spot marker gun.

(h) As used in this title, "wholesaler" means any person who is licensed as a dealer pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto who sells, transfers, or assigns firearms, or parts of firearms, to persons who are licensed as manufacturers, importers, or gunsmiths pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code, or persons licensed pursuant to Section 12071, and includes persons who receive finished parts of firearms and assemble them into completed or partially completed firearms in furtherance of that purpose.

"Wholesaler" shall not include a manufacturer, importer, or gunsmith who is licensed to engage in those activities pursuant to

Chapter 44 (commencing with Section 921) of Title 18 of the United States Code or a person licensed pursuant to Section 12071 and the regulations issued pursuant thereto. A wholesaler also does not include those persons dealing exclusively in grips, stocks, and other parts of firearms that are not frames or receivers thereof.

(i) As used in Section 12071, 12072, or 12084, "application to purchase" means either of the following:

(1) The initial completion of the register by the purchaser, transferee, or person being loaned the firearm as required by subdivision (a) of Section 12076.

(2) The initial completion of the LEFT by the purchaser, transferee, or person being loaned the firearm as required by subdivision (d) of Section 12084.

(j) For purposes of Section 12023, a firearm shall be deemed to be "loaded" whenever both the firearm and the unexpended ammunition capable of being discharged from the firearm are in the immediate possession of the same person.

(k) For purposes of Sections 12021, 12021.1, 12025, 12070, 12072, 12073, 12078, and 12101 of this code, and Sections 8100, 8101, and 8103 of the Welfare and Institutions Code, notwithstanding the fact that the term "any firearm" may be used in those sections, each firearm or the frame or receiver of the same shall constitute a distinct and separate offense under those sections.

(*l*) For purposes of Section 12020, a violation of that section as to each firearm, weapon, or device enumerated therein shall constitute a distinct and separate offense.

SEC. 3. Section 12021.5 of the Penal Code is amended to read:

12021.5. (a) Every person who carries a loaded or unloaded firearm on his or her person, or in a vehicle, during the commission or attempted commission of any street gang crimes described in subdivision (a) or (b) of Section 186.22, shall, upon conviction of the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for one, two, or three years in the court's discretion. The court shall impose the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of sentence.

(b) Every person who carries a loaded or unloaded firearm together with a detachable shotgun magazine, a detachable pistol magazine, a detachable magazine, or a belt-feeding device on his or her person, or in a vehicle, during the commission or attempted commission of any street gang crimes described in subdivision (a) or (b) of Section 186.22, shall, upon conviction of the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for two, three, or four years in the court's discretion. The court shall impose the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the

time of sentence.

(c) As used in this section, the following definitions shall apply:

(1) "Detachable magazine" means a device that is designed or redesigned to do all of the following:

(A) To be attached to a rifle that is designed or redesigned to fire ammunition.

(B) To be attached to, and detached from, a rifle that is designed or redesigned to fire ammunition.

(C) To feed ammunition continuously and directly into the loading mechanism of a rifle that is designed or redesigned to fire ammunition.

(2) "Detachable pistol magazine" means a device that is designed or redesigned to do all of the following:

(A) To be attached to semiautomatic firearm that is not a rifle or shotgun that is designed or redesigned to fire ammunition.

(B) To be attached to, and detached from, a firearm that is not a rifle or shotgun that is designed or redesigned to fire ammunition.

(C) To feed ammunition continuously and directly into the loading mechanism of a firearm that is not a rifle or a shotgun that is designed or redesigned to fire ammunition.

(3) "Detachable shotgun magazine" means a device that is designed or redesigned to do all of the following:

(A) To be attached to a firearm that is designed or redesigned to fire a fixed shotgun shell through a smooth or rifled bore.

(B) To be attached to, and detached from, a firearm that is designed or redesigned to fire a fixed shotgun shell through a smooth bore.

(C) To feed fixed shotgun shells continuously and directly into the loading mechanism of a firearm that is designed or redesigned to fire a fixed shotgun shell.

(4) "Belt-feeding device" means a device that is designed or redesigned to continuously feed ammunition into the loading mechanism of a machinegun or a semiautomatic firearm.

(5) "Rifle" shall have the same meaning as specified in paragraph (2) of subdivision (c) of Section 12020.

(6) "Shotgun" shall have the same meaning as specified in paragraph (21) of subdivision (c) of Section 12020.

SEC. 4. Section 12316 of the Penal Code, as added by Assembly Bill 2449 of the 1993–94 Regular Session, is amended to read:

12316. (a) Any person, corporation, or dealer who sells ammunition or reloaded ammunition to a person knowing that person to be a minor under 18 years of age shall be punished by imprisonment in a county jail for a term not to exceed six months, or by a fine not to exceed one thousand dollars ($1,000), or by both the imprisonment and fine.

Proof that a person, corporation, or dealer, or his or her agent or employee, demanded, was shown, and acted in reliance upon, bona fide evidence of majority and identity shall be a defense to any

criminal prosecution under this subdivision. As used in this subdivision, "bona fide evidence of majority and identity" means a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, California state identification card, identification card issued to a member of the armed forces, or other form of identification that bears the name, date of birth, description, and picture of the person.

(b) (1) No person prohibited from owning or possessing a firearm under Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code shall own, possess, or have under his or her custody or control, any ammunition or reloaded ammunition. A violation of this subdivision shall be punishable by up to one year in a county jail, a fine not to exceed one thousand dollars ($1,000), or both the imprisonment and fine.

(2) For purposes of this subdivision, "ammunition" shall include, but not be limited to, any bullet, cartridge, magazine, clip, speed loader, autoloader, or projectile capable of being fired from a firearm with a deadly consequence.

(3) A violation of this subdivision is punishable by imprisonment in a county jail not to exceed one year or in the state prison, by a fine not to exceed one thousand dollars ($1,000), or by both the fine and imprisonment.

(c) Unless it is with the written permission of the school district superintendent, his or her designee, or equivalent school authority, no person shall carry ammunition or reloaded ammunition onto school grounds, except sworn law enforcement officers acting within the scope of their duties or persons exempted under subparagraph (A) of paragraph (1) of subdivision (a) of Section 12027. This subdivision shall not apply to a duly appointed peace officer as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, a full-time paid peace officer of another state or the federal government who is carrying out official duties while in California, any person summoned by any of these officers to assist in making an arrest or preserving the peace while he or she is actually engaged in assisting the officer, a member of the military forces of this state or of the United States who is engaged in the performance of his or her duties, a person holding a valid license to carry the firearm pursuant to Article 3 (commencing with Section 12050) of Chapter 1 of Title 2 of Part 4, or an armored vehicle guard, who is engaged in the performance of his or her duties, as defined in subdivision (e) of Section 7521 of the Business and Professions Code. A violation of this subdivision is punishable by imprisonment in a county jail for a term not to exceed six months, a fine not to exceed one thousand dollars ($1,000), or both the imprisonment and fine.

SEC. 5. The amendments to Section 12001 of the Penal Code made by this act adding subdivisions (k) and (*l*) thereto are intended to overrule the holding in People v. Kirk, 211 Cal. App. 3d

58, insofar as that decision held that the use of the term "any" in a weapons statute means that multiple weapons possessed at the same time constitutes the same violation. It is the further intent of the Legislature in enacting this act that where multiple weapons are made, imported, transferred, received, or possessed, each weapon shall constitute a separate and distinct violation.

SEC. 6. Section 4 of this act shall only become operative if Assembly Bill 2449 is enacted.

SEC. 7. Section 2 of this bill incorporates amendments to Section 12001 of the Penal Code proposed by both this bill and SB 1308 of the 1993–94 Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 12001 of the Penal Code, and (3) this bill is enacted after SB 1308. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before SB 1308, Section 1 of this bill shall be operative until the operative date of SB 1308, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after SB 1308, Section 12001 of the Penal Code, as amended by SB 1308, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 33

An act to amend Sections 246.1, 1203, 12021, 12022.2, 12022.3, 12022.5, 12022.55, 12072, 12078, and 12101 of, and to add Section 1170.89 to, the Penal Code, to add Section 13202.4 to the Vehicle Code, and to amend Section 8101 of the Welfare and Institutions Code, relating to firearms.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 21, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 246.1 of the Penal Code is amended to read:

246.1. (a) Except as provided in subdivision (f), upon the conviction of any person found guilty of murder in the first or second degree, manslaughter, attempted murder, assault with a deadly weapon, the unlawful discharge or brandishing of a firearm from or at an occupied vehicle where the victim was killed, attacked, or assaulted from or in a motor vehicle by the use of a firearm on a public street or highway, or the unlawful possession of a firearm by a member of a criminal street gang, as defined in subdivision (f) of Section 186.22, while present in a vehicle the court shall order a vehicle used in the commission of that offense sold.

Any vehicle ordered to be sold pursuant to this subdivision shall be surrendered to the sheriff of the county or the chief of police of the city in which the violation occurred. The officer to whom the vehicle is surrendered shall promptly ascertain from the Department of Motor Vehicles the names and addresses of all legal and registered owners of the vehicle and within five days of receiving that information, shall send by certified mail a notice to all legal and registered owners of the vehicle other than the defendant, at the addresses obtained from the department, informing them that the vehicle has been declared a nuisance and will be sold or otherwise disposed of pursuant to this section, and of the approximate date and location of the sale or other disposition. The notice shall also inform any legal owner of its right to conduct the sale pursuant to subdivision (b).

(b) Any legal owner which in the regular course of its business conducts sales of repossessed or surrendered motor vehicles may take possession and conduct the sale of the vehicle if it notifies the officer to whom the vehicle is surrendered of its intent to conduct the sale within 15 days of the mailing of the notice pursuant to subdivision (a). Sale of the vehicle pursuant to this subdivision may be conducted at the time, in the manner, and on the notice usually given by the legal owner for the sale of repossessed or surrendered vehicles. The proceeds of any sale conducted by the legal owner shall

be disposed of as provided in subdivision (d).

(c) If the legal owner does not notify the officer to whom the vehicle is surrendered of its intent to conduct the sale as provided in subdivision (b), the officer shall offer the vehicle for sale at public auction within 60 days of receiving the vehicle. At least 10 days but not more than 20 days prior to the sale, not counting the day of sale, the officer shall give notice of the sale by advertising once in a newspaper of general circulation published in the city or county, as the case may be, in which the vehicle is located, which notice shall contain a description of the make, year, model, identification number, and license number of the vehicle, and the date, time, and location of the sale. For motorcycles, the engine number shall also be included. If there is no newspaper of general circulation published in the county, notice shall be given by posting a notice of sale containing the information required by this subdivision in three of the most public places in the city or county in which the vehicle is located and at the place where the vehicle is to be sold for 10 consecutive days prior to and including the day of the sale.

(d) The proceeds of a sale conducted pursuant to this section shall be disposed of in the following priority:

(1) To satisfy the costs of the sale, including costs incurred with respect to the taking and keeping of the vehicle pending sale.

(2) To the legal owner in an amount to satisfy the indebtedness owed to the legal owner remaining as of the date of sale, including accrued interest or finance charges and delinquency charges.

(3) To the holder of any subordinate lien or encumbrance on the vehicle to satisfy any indebtedness so secured if written notification of demand is received before distribution of the proceeds is completed. The holder of a subordinate lien or encumbrance, if requested, shall reasonably furnish reasonable proof of its interest, and unless it does so on request is not entitled to distribution pursuant to this paragraph.

(4) To any other person who can establish an interest in the vehicle, including a community property interest, to the extent of his or her provable interest.

(5) The balance, if any, to the city or county in which the violation occurred, to be deposited in a special account in its general fund to be used exclusively to pay the costs or a part of the costs of providing services or education to prevent juvenile violence.

The person conducting the sale shall disburse the proceeds of the sale as provided in this subdivision, and provide a written accounting regarding the disposition to all persons entitled to or claiming a share of the proceeds, within 15 days after the sale is conducted.

(e) If the vehicle to be sold under this section is not of the type that can readily be sold to the public generally, the vehicle shall be destroyed or donated to an eleemosynary institution.

(f) No vehicle may be sold pursuant to this section in either of the following circumstances:

(1) The vehicle is stolen, unless the identity of the legal and registered owners of the vehicle cannot be reasonably ascertained.

(2) The vehicle is owned by another, or there is a community property interest in the vehicle owned by a person other than the defendant and the vehicle is the only vehicle available to the defendant's immediate family which may be operated on the highway with a class 3 or class 4 driver's license.

(g) A vehicle is used in the commission of a violation of the offenses enumerated in subdivision (a) if a firearm is discharged either from the vehicle at another person or by an occupant of a vehicle other than the vehicle in which the victim is an occupant.

SEC. 1.5. Section 1170.89 is added to the Penal Code, to read:

1170.89. Where there is an applicable triad for an enhancement related to the possession of, being armed with, use of, or furnishing or supplying a firearm, set forth in Section 12021.5, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, or 12280, the fact that a person knew or had reason to believe that a firearm was stolen shall constitute a circumstance in aggravation of the enhancement justifying imposition of the upper term on that enhancement.

SEC. 2. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are

circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson,

robbery, carjacking, burglary, burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and was armed with a deadly weapon at either of those times.

(2) Any person who used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great

bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machine gun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county

financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 2.5. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) (1) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment.

(2) (A) The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted.

(B) Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation.

(C) The probation officer shall also include in the report his or her recommendation of both of the following:

(i) The amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code.

(ii) Whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund.

(D) The report shall be made available to the court and the

prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court.

(3) At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person that could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the

crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, torture, aggravated mayhem, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machine gun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the

Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) or (3) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator of the Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's

probationary period.

SEC. 3. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 71, 76, 136.5, or 140, subdivision (d) of Section 148, Section 171b, 171c, 171d, 186.28, 240, 241, 242, 243, 244.5, 245, 245.5, 246, 246.3, 247, 273.5, 273.6, 417, 417.1, 417.2, 417.6, 626.9, 646.9, or 12023, subdivision (b) or (d) of Section 12034, Section 12040, subdivision (b) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, Section 8101 of the Welfare and Institutions Code, or any firearm-related offense pursuant to Sections 871.5 and 1001.5 of the Welfare and Institutions Code, or of the conduct punished in paragraph (3) of subdivision (g) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that

sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the

petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c), (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c) shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding

one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 3.5. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty

of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 71, 76, 136.5, or 140, subdivision (d) of Section 148, Section 171b, 171c, 171d, 186.28, 240, 241, 242, 243, 244.5, 245, 245.5, 246, 246.3, 247, 273.5, 273.6, 417, 417.1, 417.2, 417.6, 626.9, 646.9, or 12023, subdivision (b) or (d) of Section 12034, Section 12040, subdivision (b) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, or Section 8101 of the Welfare and Institutions Code, any firearm-related offense pursuant to Sections 871.5 and 1001.5 of the Welfare and Institutions Code, or of the conduct punished in paragraph (3) of subdivision (g) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant

evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the

prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c), (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c) shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, or a temporary restraining order or injunction issued pursuant to

Section 527.6 or 527.8 of the Code of Civil Procedure, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 4. Section 12022.2 of the Penal Code is amended to read:

12022.2. (a) Any person who, while armed with a firearm in the commission or attempted commission of any felony, has in his or her immediate possession ammunition for the firearm designed primarily to penetrate metal or armor, shall upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony, be punished by an additional term of 3, 4, or 10 years. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(b) Any person who wears a body vest in the commission or attempted commission of a violent offense, as defined in subdivision (b) of Section 12021.1, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one, two, or five years. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(c) As used in this section, "body vest" means any bullet-resistant material intended to provide ballistic and trauma protection for the wearer.

SEC. 5. Section 12022.3 of the Penal Code is amended to read:

12022.3. For each violation of Section 261, 262, 264.1, 286, 288, 288a, or 289, and in addition to the sentence provided, any person shall receive the following:

(a) A 3-, 4-, or 10-year enhancement if the person uses a firearm or a deadly weapon in the commission of the violation.

(b) A one-, two-, or five-year enhancement if the person is armed with a firearm or a deadly weapon. The court shall order the middle term unless there are circumstances in aggravation or mitigation.

The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

SEC. 6. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivisions (b) and (c), any person who personally uses a firearm in the commission or attempted commission of a felony shall, upon conviction of that felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 3, 4, or 10 years, unless use of a firearm is an element of the offense of which he or she was convicted. However, if the person has been convicted of carjacking or attempted carjacking, the additional term shall be 4, 5, or 10 years. The court shall order imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state its reasons for its enhancement choice on the record at the time of sentencing.

(b) (1) Notwithstanding subdivision (a), any person who is convicted of a felony or an attempt to commit a felony, including murder or attempted murder, in which that person discharged a firearm at an occupied motor vehicle which caused great bodily injury or death to the person of another, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

(2) Notwithstanding subdivision (a), any person who personally uses an assault weapon, as specified in Section 12276, or a machinegun, as defined in Section 12200, in the commission or attempted commission of a felony, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who personally uses a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 3, 4, or 10 years in the court's discretion. The court shall order the imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record.

(d) The additional term provided by this section may be imposed in cases of assault with a firearm under paragraph (2) of subdivision

(a) of Section 245, or assault with a deadly weapon which is a firearm under Section 245, or murder if the killing was perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another person outside of the vehicle with the intent to inflict great bodily injury or death.

(e) When a person is found to have personally used a firearm, an assault weapon, or a machinegun in the commission or attempted commission of a felony as provided in this section and the firearm, assault weapon, or machinegun is owned by that person, the court shall order that the firearm be deemed a nuisance and disposed of in the manner provided in Section 12028.

(f) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

SEC. 7. Section 12022.55 of the Penal Code is amended to read:

12022.55. Notwithstanding Section 12022.5, any person who, with the intent to inflict great bodily injury or death, inflicts great bodily injury, as defined in Section 12022.7, or causes the death of a person, other than an occupant of a motor vehicle, as a result of discharging a firearm from a motor vehicle in the commission of a felony or attempted felony, shall, upon conviction of the felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for 5, 6, or 10 years.

SEC. 8. Section 12072 of the Penal Code is amended to read:

12072. (a) (1) No person, corporation, or firm shall knowingly supply, deliver, sell, or give possession or control of a firearm to any person within any of the classes prohibited by Section 12021 or 12021.1.

(2) No person, corporation, or dealer shall sell, supply, deliver, or give possession or control of a firearm to any person whom he or she has cause to believe to be within any of the classes prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(3) (A) No person, corporation, or firm shall sell, loan, or transfer a firearm to a minor.

(B) Subparagraph (A) shall not apply to or affect those circumstances set forth in subdivision (p) of Section 12078 that are exempt from the prohibitions set forth in subparagraph (A).

(4) No person, corporation, or dealer shall sell, loan, or transfer a firearm to any person whom he or she knows or has cause to believe is not the actual purchaser or transferee of the firearm, or to any person who is not the person actually being loaned the firearm, if the person, corporation, or dealer has either of the following:

(A) Knowledge that the firearm is to be subsequently loaned, sold, or transferred to avoid the provisions of subdivision (d).

(B) Knowledge that the firearm is to be subsequently loaned, sold,

or transferred to avoid the requirements of any exemption to the provisions of subdivision (d).

(5) No person, corporation, or dealer shall acquire a firearm for the purpose of selling, transferring, or loaning the firearm, if the person, corporation, or dealer has either of the following:

(A) In the case of a dealer, intent to violate subdivision (b) or (c).

(B) In any other case, intent to avoid either of the following:

(i) The provisions of subdivision (d).

(ii) The requirements of any exemption to the provisions of subdivision (d).

(b) No person licensed under Section 12071 shall supply, sell, deliver, or give possession or control of a pistol, revolver, or firearm capable of being concealed upon the person to any person under the age of 21 years or any other firearm to a person under the age of 18 years.

(c) No dealer, whether or not acting pursuant to Section 12082, shall deliver a firearm to a person, as follows:

(1) Prior to January 1, 1996, within 15 days of the application for the purchase, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 10 days of the application for the purchase of any other firearm, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 10 days of the submission to the department of corrected copies of the register, or within 10 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later.

(2) Unless unloaded and securely wrapped or unloaded and in a locked container.

(3) Unless the purchaser, transferee, or person being loaned the firearm presents clear evidence of his or her identity and age, as defined in Section 12071, to the dealer.

(4) Whenever the dealer is notified by the Department of Justice that the person is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) Commencing April 1, 1994, no pistol, revolver, or other firearm capable of being concealed upon the person shall be delivered unless the purchaser, transferee, or person being loaned

the firearm presents to the dealer a basic firearm safety certificate.

(d) Where neither party to the transaction holds a dealer's license issued pursuant to Section 12071, the parties to the transaction shall complete the sale, loan, or transfer of that firearm through either of the following:

(1) A licensed dealer pursuant to Section 12082.

(2) A law enforcement agency pursuant to Section 12084.

(e) No person may commit an act of collusion relating to Article 8 (commencing with Section 12800) of Chapter 6. For purposes of this section and Section 12071, collusion may be proven by any one of the following factors:

(1) Answering a test applicant's questions during an objective test relating to basic firearms safety.

(2) Knowingly grading the examination falsely.

(3) Providing an advance copy of the test to an applicant.

(4) Taking or allowing another person to take the basic firearms safety course for one who is the applicant for the basic firearms safety certificate.

(5) Allowing another to take the objective test for the applicant, purchaser, or transferee.

(6) Allowing others to give unauthorized assistance during the examination.

(7) Reference to materials during the examination and cheating by the applicant.

(8) Providing originals or photocopies of the objective test, or any version thereof, to any person other than as specified in subdivision (f) of Section 12805.

(f) No person who is licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and whose licensed premises are located in this state unless one of the following conditions is met:

(1) The person presents proof of licensure pursuant to Section 12071 to that person.

(2) The person presents proof that he or she is exempt from licensure under Section 12071 to that person, in which case the person also shall present proof that the transaction is also exempt from the provisions of subdivision (d).

(g) (1) Except as provided in paragraph (2) or (3), a violation of this section is a misdemeanor.

(2) If any of the following circumstances apply, a violation of this section is punishable by imprisonment in the state prison for two, three, or four years.

(A) If the violation is of paragraph (1) of subdivision (a).

(B) If the defendant has a prior conviction of violating this section or former Section 12100 of this code or Section 8101 of the Welfare and Institutions Code.

(C) If the defendant has a prior conviction of violating any offense specified in subdivision (b) of Section 12021.1 or of a violation of Section 12020, 12220, or 12520, or of former Section 12560.

(D) If the defendant is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8101 of the Welfare and Institutions Code.

(E) A violation of this section by a person who actively participates in a "criminal street gang" as defined in Section 186.22.

(3) If any of the following circumstances apply, a violation of this section shall be punished by imprisonment in the state prison or in a county jail not to exceed one year, or by a fine not to exceed one thousand dollars ($1,000), or by both the fine and imprisonment.

(A) A violation of paragraph (2) of subdivision (a).

(B) A violation of paragraph (3) of subdivision (a) involving the sale, loan, or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor.

(C) A violation of paragraph (4) of subdivision (a).

(D) A violation of paragraph (5) of subdivision (a).

(E) A violation of subdivision (b) involving the delivery of a pistol, revolver, or other firearm capable of being concealed upon the person.

(F) A violation of paragraph (1), (3), (4), or (5) of subdivision (c) involving a pistol, revolver, or other firearm capable of being concealed upon the person.

(G) A violation of subdivision (d) involving a pistol, revolver, or other firearm capable of being concealed upon the person.

(H) A violation of subdivision (e).

SEC. 9. Section 12078 of the Penal Code is amended to read:

12078. (a) (1) The preceding provisions of this article, except subdivision (e) of Section 12076, do not apply to deliveries, transfers, or sales of firearms made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to deliveries, transfers, or sales of firearms made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by those governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser or transferee is employed, identifying the purchaser or transferee as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase or transfer. The certification shall be delivered to the seller or transferor at the time of purchase or transfer and the purchaser or transferee shall identify himself or herself as the person authorized in the certification. On the day the sale, delivery, or transfer is made, where a peace officer is receiving the firearm, and either a dealer is not the seller or transferor, or is not otherwise the person responsible

for the delivery of the firearm, or the transfer or sale is not conducted through a law enforcement agency pursuant to Section 12084, the peace officer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, the firearm as is indicated in Section 12077, together with the original certification. On the day the sale, delivery, or transfer is made, where a dealer is the seller, transferor, or otherwise responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077, together with the original certification. On the day the sale, delivery, or transfer is made, where the transfer is conducted pursuant to Section 12084, the law enforcement agency shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12084, together with the original certification. The reports which peace officers shall complete shall be provided to them by the department. No report need be submitted to the Department of Justice where a peace officer receiving the firearm received it from his or her employer in accordance with the applicable rules, regulations, or procedures of the employer.

(2) The preceding provisions of this article, except subdivision (e) of Section 12076, do not apply to deliveries, transfers, or sales of firearms made to peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 made pursuant to Section 10334 of the Public Contract Code. On the day the sale, delivery, or transfer is made, and a dealer is not the person responsible for the delivery of the firearm or the transfer or sale is not conducted through a law enforcement agency pursuant to Section 12084, the peace officer receiving the firearm shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made, where a dealer is responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made where the transfer is conducted pursuant to Section 12084, the law enforcement agency shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12084. The reports which peace officers shall complete shall be the same as those set forth in paragraph (1) of this subdivision and shall be provided to them by the department.

(3) Subdivision (d) of Section 12072 does not apply to sales, deliveries, or transfers of firearms to authorized representatives of

cities, cities and counties, counties, or state or federal governments for those governmental agencies where the entity is acquiring the weapon as part of an authorized, voluntary program where the entity is buying or receiving weapons from private individuals. Any weapons acquired pursuant to this subdivision shall be disposed of pursuant to the applicable provisions of Section 12028 or 12032.

(b) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to deliveries, sales, or transfers of firearms between or to importers and manufacturers of firearms licensed to engage in that business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(c) (1) Subdivision (d) of Section 12072 shall not apply to the infrequent transfer of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by gift, bequest, intestate succession, or other means by one individual to another if both individuals are members of the same immediate family.

(2) Subdivision (d) of Section 12072 shall not apply to the infrequent transfer of a pistol, revolver, or other firearm capable of being concealed upon the person by gift, bequest, intestate succession, or other means by one individual to another if both individuals are members of the same immediate family and both of the following conditions are met:

(A) The person to whom the firearm is transferred shall, within 30 days of taking possession of the firearm, forward by prepaid mail or deliver in person to the Department of Justice, a report that includes information concerning the individual taking possession of the firearm, how title was obtained and from whom, and a description of the firearm in question. The report forms that individuals complete pursuant to this paragraph shall be provided to them by the Department of Justice.

(B) Prior to taking possession of the firearm, the person taking title to the firearm shall obtain a basic firearm safety certificate.

(3) As used in this subdivision, immediate family member means any one of the following relationships:

(A) Parent and child.

(B) Grandparent and grandchild.

(d) Subdivision (d) of Section 12072 shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days in duration.

(e) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery of a firearm to a gunsmith for service or repair.

(f) Subdivision (d) of Section 12072 shall not apply to the sale, delivery, or transfer of firearms by persons who reside in this state to persons who reside outside this state who are licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United

States Code and the regulations issued pursuant thereto, if the sale, delivery, or transfer is in accordance with Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(g) (1) Subdivision (d) of Section 12072 shall not apply to the infrequent sale or transfer of a firearm, other than a pistol, revolver, or other firearm capable of being concealed upon the person, at auctions or similar events conducted by nonprofit mutual or public benefit corporations organized pursuant to the Corporations Code.

As used in this paragraph, the term "infrequent" shall not be construed to prohibit different local chapters of the same nonprofit corporation from conducting auctions or similar events, provided the individual local chapter conducts the auctions or similar events infrequently. It is the intent of the Legislature that different local chapters, representing different localities, be entitled to invoke the exemption created by this paragraph, notwithstanding the frequency with which other chapters of the same nonprofit corporation may conduct auctions of similar events.

(2) Subdivision (d) of Section 12072 shall not apply to the transfer of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, if the firearm is donated for an auction or similar event described in paragraph (1) and the firearm is delivered to the nonprofit corporation immediately preceding, or contemporaneous with, the auction or similar event.

(3) The waiting period described in Sections 12071 and 12072 shall not apply to a dealer who delivers a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, at an auction or similar event described in paragraph (1), as authorized by subparagraph (C) of paragraph (1) of subdivision (b) of Section 12071. Within 48 hours of the sale, delivery, or transfer, the dealer shall forward by prepaid mail to the Department of Justice a report of the same as is indicated in paragraph (3) of subdivision (a) of Section 12077.

(h) Subdivision (d) of Section 12072 shall not apply to the loan of a firearm for the purposes of shooting at targets if the loan occurs on the premises of a target facility which holds a business or regulatory license or on the premises of any club or organization organized for the purposes of practicing shooting at targets upon established ranges, whether public or private, if the firearm is at all times kept within the premises of the target range or on the premises of the club or organization.

(i) (1) Subdivision (d) of Section 12072 shall not apply to a person who takes title or possession of firearms by operation of law if all the following conditions are met:

(A) The person is not prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from possessing firearms.

(B) If the firearms are pistols, revolvers, or other firearms capable

of being concealed upon the person, and the person is not a levying officer as defined in Section 481.140, 511.060, or 680.210 of the Code of Civil Procedure, the person shall, within 30 days of taking possession, forward by prepaid mail or deliver in person to the Department of Justice, a report of the same and the type of information concerning the individual taking possession of the firearm, how title or possession was obtained and from whom, and a description of the firearm in question. The reports which individuals complete pursuant to this paragraph shall be provided to them by the Department of Justice.

(C) In the case of a transmutation of property between spouses made in accordance with Section 850 of the Family Code consisting of a pistol, revolver, or other firearm capable of being concealed upon the person, taking place on or after April 1, 1994, a basic firearm safety certificate shall be required prior to taking possession of the firearm.

(2) Subdivision (d) of Section 12072 shall not apply to a person who takes possession of a firearm by operation of law in a representative capacity who transfers ownership of the firearm to himself or herself in his or her individual capacity. In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, on and after April 1, 1994, that individual shall have a basic firearm safety certificate in order for the exemption set forth in this paragraph to apply.

(j) Subdivision (d) of Section 12072 shall not apply to deliveries, transfers, or returns of firearms made pursuant to Section 12028, 12028.5, or 12030.

(k) Section 12071 and subdivision (c) of Section 12072 shall not apply to:

(1) The delivery, sale, or transfer of unloaded firearms that are not pistols, revolvers, or other firearms capable of being concealed upon the person by a dealer to another dealer upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(2) The delivery, sale, or transfer of unloaded firearms by dealers to persons who reside outside this state who are licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(3) The delivery, sale, or transfer of unloaded firearms to a wholesaler if the firearms are being returned to the wholesaler and are intended as merchandise in the wholesaler's business.

(4) The delivery, sale, or transfer of unloaded firearms by one dealer to another dealer if the firearms are intended as merchandise in the receiving dealer's business upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(5) The delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to himself or herself.

(6) The loan of an unloaded firearm by a dealer who also operates

a target facility that holds a business or regulatory license on the premises of the building designated in the license or whose building designated in the license is on the premises of any club or organization organized for the purposes of practicing shooting at targets upon established ranges, whether public or private, to a person at that target facility or that club or organization, if the firearm is at all times kept within the premises of the target range or on the premises of the club or organization.

(*l*) A person who is exempt from subdivision (d) of Section 12072 or is otherwise not required by law to report his or her acquisition, ownership, or disposal of a pistol, revolver, or other firearm capable of being concealed upon the person or who moves out of this state with his or her pistol, revolver, or other firearm capable of being concealed upon the person may submit a report of the same to the Department of Justice in a format prescribed by the department.

(m) Subdivision (d) of Section 12072 shall not apply to the delivery, sale, or transfer of unloaded firearms to a wholesaler as merchandise in the wholesaler's business by manufacturers or importers licensed to engage in that business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto, or by another wholesaler, if the delivery, sale, or transfer is made in accordance with Chapter 44 (commencing with Section 921) of Title 18 of the United States Code.

(n) (1) The waiting period described in Section 12071 or 12072 shall not apply to the delivery, sale, or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer in either of the following situations:

(A) The dealer is delivering the firearm to another dealer and it is not intended as merchandise in the receiving dealer's business.

(B) The dealer is delivering the firearm to himself or herself and it is not intended as merchandise in his or her business.

(2) In order for this subdivision to apply, both of the following shall occur:

(A) If the dealer is receiving the firearm from another dealer, the dealer receiving the firearm shall present proof to the dealer delivering the firearm that he or she is licensed pursuant to Section 12071.

(B) Whether the dealer is delivering, selling, or transferring the firearm to himself or herself or to another dealer, on the date that the delivery, sale, or transfer is made, the dealer delivering the firearm shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the purchaser or transferee as is indicated in paragraph (2) of subdivision (a) of Section 12077.

(o) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery, sale, or transfer of firearms regulated pursuant to Section 12020, Chapter 2 (commencing with Section

12200), or Chapter 2.3 (commencing with Section 12275), if the delivery, sale, or transfer is conducted in accordance with the applicable provisions of Section 12020, Chapter 2 (commencing with Section 12200), or Chapter 2.3 (commencing with Section 12275).

(p) (1) Paragraph (3) of subdivision (a) and subdivision (d) of Section 12072 shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor, with the express permission of the parent or legal guardian of the minor, if the loan does not exceed 30 days in duration and is for a lawful purpose.

(2) Paragraph (3) of subdivision (a) and subdivision (d) of Section 12072 shall not apply to the loan of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by a person who is not the parent or legal guardian of the minor if all of the following circumstances exist:

(A) The minor has the written consent of his or her parent or legal guardian that is presented at the time of, or prior to the time of, the loan, or is accompanied by his or her parent or legal guardian at the time the loan is made.

(B) The minor is being loaned the firearm for the purpose of engaging in a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(C) The duration of the loan does not exceed the amount of time that is reasonably necessary to engage in the lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(D) The duration of the loan does not, in any event, exceed 10 days.

(3) Paragraph (3) of subdivision (a) and of subdivision (d) Section 12072 shall not apply to the loan of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her parent or legal guardian if both of the following circumstances exist:

(A) The minor is being loaned the firearm for the purposes of engaging in a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(B) The duration of the loan does not exceed the amount of time that is reasonably necessary to engage in the lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture,

television, or video production, or entertainment, or theatrical event, the nature of which involves the use of a firearm.

(4) Paragraph (3) of subdivision (a) of Section 12072 shall not apply to the transfer or loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her parent or legal guardian.

(5) Paragraph (3) of subdivision (a) of Section 12072 shall not apply to the transfer or loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her grandparent who is not the legal guardian of the minor if the transfer is done with the express permission of the parent or legal guardian of the minor.

(q) Subdivision (d) of Section 12072 shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a licensed hunter for use by that licensed hunter for a period of time not to exceed the duration of the hunting season for which that firearm is to be used.

(r) The waiting period described in Section 12071, 12072, or 12084 shall not apply to the delivery, sale, or transfer of a firearm to the holder of a special weapons permit issued by the Department of Justice issued pursuant to Section 12095, 12230, 12250, or 12305. On the date that the delivery, sale, or transfer is made, the dealer delivering the firearm or the law enforcement agency processing the transaction pursuant to Section 12084, shall forward by prepaid mail to the Department of Justice a report of the information concerning the purchaser or transferee as described in subdivision (a) of Section 12077 or Section 12084.

(s) Subdivision (d) of Section 12072 shall not apply to the loan of an unloaded firearm or the loan of a firearm loaded with blank cartridges for use solely as a prop for a motion picture, television, or video production or entertainment or theatrical event.

(t) As used in this section:

(1) "Infrequent" has the same meaning as in paragraph (1) of subdivision (c) of Section 12070.

(2) "A person taking title or possession of firearms by operation of law" includes, but is not limited to, any of the following instances wherein an individual receives title to, or possession of, firearms:

(A) The executor or administrator of an estate if the estate includes firearms.

(B) A secured creditor or an agent or employee thereof when the firearms are possessed as collateral for, or as a result of, a default under a security agreement under the Commercial Code.

(C) A levying officer, as defined in Section 481.140, 511.060, or 680.260 of the Code of Civil Procedure.

(D) A receiver performing his or her functions as a receiver if the receivership estate includes firearms.

(E) A trustee in bankruptcy performing his or her duties if the bankruptcy estate includes firearms.

(F) An assignee for the benefit of creditors performing his or her functions as an assignee, if the assignment includes firearms.

(G) A transmutation of property consisting of firearms pursuant to Section 850 of the Family Code.

(H) Firearms passing to a surviving spouse pursuant to Chapter 1 (commencing with Section 13500) of Part 2 of Division 8 of the Probate Code.

SEC. 10. Section 12101 of the Penal Code is amended to read:

12101. (a) (1) A minor shall not possess a pistol, revolver, or other firearm capable of being concealed upon the person.

(2) Paragraph (1) shall not apply if one of the following circumstances exists:

(A) The minor is accompanied by his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves this use of a firearm.

(B) The minor is accompanied by a responsible adult, the minor has the prior written consent of his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(C) The minor is at least 16 years of age, the minor has the prior written consent his or her parent or legal guardian and the minor is, actively engaged in, or is in direct transit to or from, a lawful recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(D) The minor has the prior written consent of his or her parent or legal guardian, the minor is on lands owned or lawfully possessed by his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, or a motion picture, television, or video production, or entertainment or theatrical event, the nature of which involves the use of a firearm.

(b) (1) A minor shall not possess live ammunition.

(2) Paragraph (1) shall not apply if one of the following circumstances exists:

(A) The minor has the written consent of his or her parent or legal guardian to possess live ammunition.

(B) The minor is accompanied by his or her parent or legal guardian.

(C) The minor is actively engaged in, or is going to or from, a

lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(c) Every minor who violates this section shall be punished as follows:

(1) By imprisonment in the state prison or in a county jail if one of the following applies:

(A) The minor has been found guilty previously of violating this section.

(B) The minor has been found guilty previously of an offense specified in subdivision (b) of Section 12021.1 or in Section 12020, 12220, 12520, or 12560.

(C) The minor has been found guilty of a violation of paragraph (1) of subdivision (a).

(2) Violations of this section other than those violations specified in paragraph (1) shall be punishable as a misdemeanor.

(d) In a proceeding to enforce this section brought pursuant to Article 14 (commencing with Section 601) of Chapter 2 of Part 1 of the Welfare and Institutions Code, the court may require the custodial parent or legal guardian of a minor who violates this section to participate in classes on parenting education that meet the requirements established in Section 16507.7 of the Welfare and Institutions Code.

(e) As used in this section, "responsible adult" means a person at least 21 years of age who is not within a class of persons prohibited from owning or possessing firearms by virtue of Section 12021 or 12021.1 of this code, or Section 8100 or 8103 of the Welfare and Institutions Code.

(f) It is not the intent of the Legislature in enacting the amendments to this section or to Section 12078 to expand or narrow the application of current statutory or judicial authority to limit the rights of minors to be loaned or to possess live ammunition or a firearm for the purpose of self-defense or the defense of others.

SEC. 11. Section 13202.4 is added to the Vehicle Code, to read:

13202.4. (a) (1) For each conviction of a minor who commits a public offense involving a pistol, revolver, or other firearm capable of being concealed upon the person, the court may suspend the minor's driving privilege for five years. If the minor convicted does not yet have the privilege to drive, the court may order the department to delay issuing the privilege to drive for five years subsequent to the time the person becomes legally eligible to drive. For each successive offense, the court may suspend the minor's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for one additional year.

(2) (A) Any minor whose driving privilege is suspended pursuant this section may elect to reduce the period of suspension or delay imposed by the court by performing community service under

the supervision of the probation department if both of the following conditions are met:

(i) At least 50 percent of the suspension or delay period has expired.

(ii) The person has not been the subject of any other criminal conviction during the suspension or delay period.

(B) If the conditions specified in subparagraph (A) are met, the period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each hour of community service performed.

(3) As used in this section, the term "conviction" includes the findings in juvenile proceedings specified in Section 13105.

(b) (1) Whenever the court suspends driving privileges pursuant to subdivision (a), the court in which the conviction is had shall require all driver's licenses held by the person to be surrendered to the court. The court shall, within 10 days following the conviction, transmit a certified abstract of the conviction, together with any driver's licenses surrendered, to the department.

(2) Violations of restrictions imposed pursuant to this section are subject to Section 14603.

(c) When the court is considering suspending or delaying driving privileges pursuant to subdivision (a), the court shall consider if a personal or family hardship exists that requires the person to have a driver's license for his or her own, or a member of his or her family's, employment or medically related purposes.

(d) The suspension, restriction, or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction for the offense.

SEC. 12. Section 8101 of the Welfare and Institutions Code is amended to read:

8101. (a) Any person who shall knowingly supply, sell, give, or allow possession or control of a deadly weapon to any person described in Section 8100 or 8103 shall be punishable by imprisonment in the state prison, or in a county jail for a period of not exceeding one year, by a fine of not exceeding one thousand dollars ($1,000), or by both the fine and imprisonment.

(b) Any person who shall knowingly supply, sell, give, or allow possession or control of a firearm to any person described in Section 8100 or 8103 shall be punished by imprisonment in the state prison for two, three, or four years.

(c) "Deadly weapon," as used in this section has the meaning prescribed by Section 8100.

SEC. 13. Section 2.5 of this bill incorporates amendments to Section 1203 of the Penal Code proposed by both this bill and AB 141 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1203 of the Penal Code, and (3) this bill is enacted after AB 141. In which case, one of the following alternatives

shall be applicable:

(a) If this bill becomes operative before AB 141, Section 2 of this bill shall be operative until the operative date of AB 141, at which time Section 2.5 of this bill shall become operative.

(b) If this bill becomes operative after AB 141, Section 1203 of the Penal Code, as amended by AB 141, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 14. Section 3.5 of this bill incorporates amendments to Section 12021 of the Penal Code proposed by both this bill and AB 68 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 12021 of the Penal Code, and (3) this bill is enacted after AB 68. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 68, Section 3 of this bill shall be operative until the operative date of AB 68, at which time Section 3.5 of this bill shall become operative.

(b) If this bill becomes operative after AB 68, Section 12021 of the Penal Code, as amended by AB 68, shall remain operative only until the operative date of this bill, at which time Section 3.5 of this bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 34

An act to amend Section 490.5 of the Penal Code, relating to crimes.

[Approved by Governor September 21, 1994. Filed with Secretary of State September 22, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 490.5 of the Penal Code is amended to read:

490.5. (a) Upon a first conviction for petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, a person shall be punished by a mandatory fine of not less than fifty dollars ($50) and not more than one thousand dollars ($1,000) for each such violation; and may also be punished by imprisonment in the county jail, not exceeding six months, or both such fine and imprisonment.

(b) When an unemancipated minor's willful conduct would constitute petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, any merchant or library facility who has been injured by that conduct may bring a civil action against the parent or legal guardian having control and custody of the minor. For the purposes of those actions the misconduct of the unemancipated minor shall be imputed to the parent or legal guardian having control and custody of the minor. The parent or legal guardian having control or custody of an unemancipated minor whose conduct violates this subdivision shall be jointly and severally liable with the minor to a merchant or to a library facility for damages of not less than fifty dollars ($50) nor more than five hundred dollars ($500), plus costs. In addition to the foregoing damages, the parent or legal guardian shall be jointly and severally liable with the minor to the merchant for the retail value of the merchandise if it is not recovered in a merchantable condition, or to a library facility for the fair market value of its book or other library materials. Recovery of these damages may be had in addition to, and is not limited by, any other provision of law which limits the liability of a parent or legal guardian for the tortious conduct of a minor. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of that court, or in any other appropriate court; however, total damages, including the value of the merchandise or book or other library materials, shall not exceed five hundred dollars ($500) for each action brought under this section.

The provisions of this subdivision are in addition to other civil

remedies and do not limit merchants or other persons to elect to pursue other civil remedies, except that the provisions of Section 1714.1 of the Civil Code shall not apply herein.

(c) When an adult or emancipated minor has unlawfully taken merchandise from a merchant's premises, or a book or other library materials from a library facility, the adult or emancipated minor shall be liable to the merchant or library facility for damages of not less than fifty dollars ($50) nor more than five hundred dollars ($500), plus costs. In addition to the foregoing damages, the adult or emancipated minor shall be liable to the merchant for the retail value of the merchandise if it is not recovered in merchantable condition, or to a library facility for the fair market value of its book or other library materials. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other appropriate court. The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies.

(d) In lieu of the fines prescribed by subdivision (a), any person may be required to perform public services designated by the court, provided that in no event shall any such person be required to perform less than the number of hours of such public service necessary to satisfy the fine assessed by the court as provided by subdivision (a) at the minimum wage prevailing in the state at the time of sentencing.

(e) All fines collected under this section shall be collected and distributed in accordance with Sections 1463 and 1463.1 of the Penal Code; provided, however, that a county may, by a majority vote of the members of its board of supervisors, allocate any amount up to, but not exceeding 50 percent of such fines to the county superintendent of schools for allocation to local school districts. The fines allocated shall be administered by the county superintendent of schools to finance public school programs, which provide counseling or other educational services designed to discourage shoplifting, theft, and burglary. Subject to rules and regulations as may be adopted by the Superintendent of Public Instruction, each county superintendent of schools shall allocate such funds to school districts within the county which submit project applications designed to further the educational purposes of this section. The costs of administration of this section by each county superintendent of schools shall be paid from the funds allocated to the county superintendent of schools.

(f) (1) A merchant may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the merchant has probable cause to believe the person to be detained is attempting to unlawfully take or has unlawfully taken merchandise from the merchant's premises.

A theater owner may detain a person for a reasonable time for the

purpose of conducting an investigation in a reasonable manner whenever the theater owner has probable cause to believe the person to be detained is attempting to operate a video recording device within the premises of a motion picture theater without the authority of the owner of the theater.

A person employed by a library facility may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the person employed by a library facility has probable cause to believe the person to be detained is attempting to unlawfully remove or has unlawfully removed books or library materials from the premises of the library facility.

(2) In making the detention a merchant, theater owner, or a person employed by a library facility may use a reasonable amount of nondeadly force necessary to protect himself or herself and to prevent escape of the person detained or the loss of tangible or intangible property.

(3) During the period of detention any items which a merchant or theater owner, or any items which a person employed by a library facility has probable cause to believe are unlawfully taken from the premises of the merchant or library facility, or recorded on theater premises, and which are in plain view may be examined by the merchant, theater owner, or person employed by a library facility for the purposes of ascertaining the ownership thereof.

(4) A merchant, theater owner, a person employed by a library facility, or an agent thereof, having probable cause to believe the person detained was attempting to unlawfully take or has taken any item from the premises, or was attempting to operate a video recording device within the premises of a motion picture theater without the authority of the owner of the theater, may request the person detained to voluntarily surrender the item or recording. Should the person detained refuse to surrender the recording or item of which there is probable cause to believe has been recorded on or unlawfully taken from the premises, or attempted to be recorded or unlawfully taken from the premises, a limited and reasonable search may be conducted by those authorized to make the detention in order to recover the item. Only packages, shopping bags, handbags or other property in the immediate possession of the person detained, but not including any clothing worn by the person, may be searched pursuant to this subdivision. Upon surrender or discovery of the item, the person detained may also be requested, but may not be required, to provide adequate proof of his or her true identity.

(5) If any person admitted to a theater in which a motion picture is to be or is being exhibited, refuses or fails to give or surrender possession or to cease operation of any video recording device that the person has brought into or attempts to bring into that theater, then a theater owner shall have the right to refuse admission to that person or request that the person leave the premises and shall thereupon offer to refund and, unless that offer is refused, refund to

that person the price paid by that person for admission to that theater. If the person thereafter refuses to leave the theater or cease operation of the video recording device, then the person shall be deemed to be intentionally interfering with and obstructing those attempting to carry on a lawful business within the meaning of Section 602.1.

(6) A peace officer who accepts custody of a person arrested for an offense contained in this section may, subsequent to the arrest, search the person arrested and his or her immediate possessions for any item or items alleged to have been taken.

(7) In any civil action brought by any person resulting from a detention or arrest by a merchant, it shall be a defense to such action that the merchant detaining or arresting such person had probable cause to believe that the person had stolen or attempted to steal merchandise and that the merchant acted reasonably under all the circumstances.

In any civil action brought by any person resulting from a detention or arrest by a theater owner or person employed by a library facility, it shall be a defense to that action that the theater owner or person employed by a library facility detaining or arresting that person had probable cause to believe that the person was attempting to operate a video recording device within the premises of a motion picture theater without the authority of the owner of the theater or had stolen or attempted to steal books or library materials and that the person employed by a library facility acted reasonably under all the circumstances.

(g) As used in this section:

(1) "Merchandise" means any personal property, capable of manual delivery, displayed, held or offered for retail sale by a merchant.

(2) "Merchant" means an owner or operator, and the agent, consignee, employee, lessee, or officer of an owner or operator, of any premises used for the retail purchase or sale of any personal property capable of manual delivery.

(3) "Theater owner" means an owner or operator, and the agent, employee, consignee, lessee, or officer of an owner or operator, of any premises used for the exhibition or performance of motion pictures to the general public.

(4) The terms "book or other library materials" include any book, plate, picture, photograph, engraving, painting, drawing, map, newspaper, magazine, pamphlet, broadside, manuscript, document, letter, public record, microform, sound recording, audiovisual material in any format, magnetic or other tape, electronic data-processing record, artifact, or other documentary, written or printed material regardless of physical form or characteristics, or any part thereof, belonging to, on loan to, or otherwise in the custody of a library facility.

(5) The term "library facility" includes any public library; any library of an educational, historical or eleemosynary institution,

First Extraordinary Session

organization or society; any museum; any repository of public records.

(h) Any library facility shall post at its entrance and exit a conspicuous sign to read as follows:

"IN ORDER TO PREVENT THE THEFT OF BOOKS AND LIBRARY MATERIALS, STATE LAW AUTHORIZES THE DETENTION FOR A REASONABLE PERIOD OF ANY PERSON USING THESE FACILITIES SUSPECTED OF COMMITTING "LIBRARY THEFT" (PENAL CODE SECTION 490.5)."

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 35

An act to amend Section 1377 of the Penal Code, relating to criminal procedure.

[Approved by Governor September 24, 1994. Filed with Secretary of State September 26, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1377 of the Penal Code is amended to read:

1377. When the person injured by an act constituting a misdemeanor has a remedy by a civil action, the offense may be compromised, as provided in Section 1378, except when it is committed as follows:

(a) By or upon an officer of justice, while in the execution of the duties of his or her office.

(b) Riotously.

(c) With an intent to commit a felony.

(d) In violation of any court order as described in Section 273.6.

(e) By or upon any family or household member, or upon any person when the violation involves any person described in Section 6211 of the Family Code or subdivision (b) of Section 13700 of this code, and when the defendant has civilly compromised any domestic violence offense committed upon any victim within seven years of the commission of the currently charged offense.

When an offense by or upon any family or household member, or upon any person, when the violation involves any person described in Section 6211 of the Family Code or subdivision (b) of Section 13700 of this code, is sought to be compromised and the prosecution objects to that civil compromise pursuant to this section, the court shall hold a hearing that is noticed within 10 court days where the victim is present and acknowledges and presents proof of satisfaction for injury. During the hearing, the prosecution shall have an opportunity to present evidence and make arguments with regard to the proposed civil compromise, and the court may question the victim in open court on the issue of the satisfaction being presented as a basis for the compromise. The court shall require a defendant who enters into a civil compromise to attend a batterer's program. The amount of program sessions shall be determined by the court, but shall not be less than eight hours.

For purposes of this subdivision, a victim of a domestic violence offense is a person described in Section 6211 of the Family Code or subdivision (b) of Section 13700 of this code.

CHAPTER 36

An act to amend Sections 290.2, 293, and 3060.5 of the Penal Code, relating to crimes.

[Approved by Governor September 24, 1994. Filed with Secretary of State September 26, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 290.2 of the Penal Code is amended to read:

290.2. (a) Any person who is required to register under Section 290 because of the commission of, or the attempt to commit, a felony offense specified in Section 290, or who is convicted of murder in violation of Section 190 or 190.05, or who is convicted of a felony offense of assault or battery in violation of Section 217.1, 220, 241.1, 243, 243.1, 243.3, 243.4, 243.7, 244, 245, 245.2, 245.3, or 245.5, and who is discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, the granting of probation, or release, be required to provide two specimens of blood and a saliva sample to that institution or, in the case of a person granted probation, to a person and at a location within the county designated for testing. The county shall make every effort to utilize one location for testing a person under this section.

The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist, or clinical laboratory bioanalyst may withdraw the blood specimens for purposes of this section.

(b) The Department of Justice shall provide all blood specimen vials, mailing tubes, labels, and instructions for the collection of the blood specimens and saliva samples. The specimens and samples shall thereafter be forwarded to the Department of Justice for analysis of deoxyribonucleic acid (DNA) and other genetic typing analysis at the department's DNA laboratory. The Department of Justice may provide samples from these specimens to local public DNA laboratories for law enforcement purposes provided that the other privacy provisions of this section are followed by the local laboratory.

The Department of Justice shall perform DNA analysis and other genetic typing analysis only for law enforcement purposes.

(c) Additional specimens may be collected pursuant to subdivision (a) and sent to a local public DNA laboratory for DNA

analysis and other genetic typing analysis if each of the following conditions are met:

(1) The methodologies and procedures used by the local public DNA laboratory for analysis are the same as those established by the Department of Justice pursuant to subdivision (j).

(2) Only tests of value to law enforcement for identification purposes are performed and a copy of the results of the analysis are sent to the Department of Justice.

(3) All provisions concerning privacy and security enumerated in this section are followed.

(4) The local public DNA laboratory assumes all costs of securing the sample and provides appropriate tubes, labels, and instructions necessary to secure the samples.

(d) The Department of Justice DNA laboratory shall perform genetic typing only for those markers having value for law enforcement purposes.

For purposes of this subdivision, "marker" shall have the meaning generally ascribed to it by members of the scientific community experienced in the use of DNA technology.

(e) (1) The DNA and other genetic typing information shall be filed with the offender's file maintained by the Sex Registration Unit of the Department of Justice or in a computerized data bank system.

(2) The DNA and other genetic typing information shall not be included in the state summary criminal history information.

(3) The computerized data bank system shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a), or evidence accumulated from crime scenes during ongoing investigations and believed to have been left by a person suspected of having committed a violent felony specified in subdivision (c) of Section 667.5 or an offense specified in Section 290. Evidence accumulated pursuant to this provision from any crime scene with respect to a particular person shall be stricken from the data bank when it is determined that the person is no longer a suspect in the case.

(f) The DNA and other genetic typing information shall be released only to law enforcement agencies, including, but not limited to, parole officers of the Department of Corrections, hearing officers of the parole authority, and district attorneys' offices, at the request of the agency, except as specified in this section. Dissemination of this information to law enforcement agencies and district attorneys' offices outside the state shall be done in conformity with the provisions of this section.

(g) Any person who knowingly discloses DNA or other genetic typing information developed pursuant to this section to unauthorized individuals or agencies, or for other than law enforcement purposes, shall be guilty of a misdemeanor.

(h) Furnishing DNA or other genetic typing information to defense counsel for criminal defense purposes in compliance with

discovery is not a violation of this section.

(i) It is not a violation of this section to disseminate statistical or research information obtained from the offender's file or the computerized data bank system, provided that the subject of the file is not identified and cannot be identified from the information disclosed. It is also not a violation of this section to include information obtained from a file as follows: (1) in a transcript or record of a judicial proceeding, or (2) in any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(j) The Department of Justice shall make public the methodology and procedures to be used in its DNA program prior to the commencement of DNA testing in its laboratories. The Department of Justice shall review and consider on an ongoing basis the findings and results of any peer review and validation studies submitted to the department by members of the relevant scientific community experienced in the use of DNA technology.

SEC. 2. Section 290.2 of the Penal Code is amended to read:

290.2. (a) Any person who is required to register under Section 290 because of the commission of, or the attempt to commit, a felony offense specified in Section 290, or who is convicted of murder in violation of Section 190 or 190.05, or who is convicted of a felony offense of assault or battery in violation of Section 217.1, 220, 241.1, 243, 243.1, 243.3, 243.4, 243.7, 244, 245, 245.2, 245.3, or 245.5, and who is discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, the granting of probation, or release, be required to provide two specimens of blood and a saliva sample to that institution or, in the case of a person granted probation, to a person and at a location within the county designated for testing. The county shall make every effort to utilize one location for testing a person under this section.

The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist, or clinical laboratory bioanalyst may withdraw the blood specimens for purposes of this section.

In addition, the subject shall also provide a right thumbprint and a full palm print impression of each hand on a form prescribed by the Department of Justice to be forwarded to and maintained by the Bureau of Criminal Identification and Information of the Department of Justice. The right thumbprint shall be taken at the time of the withdrawal of blood and shall be placed on the form and the blood vial label. The full palm prints shall be taken of subjects

who are discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, prior to discharge, parole, the granting of probation, or release. In the case of a person granted probation, the full palm prints shall be taken of the subject by a person and at a location within the county designated for taking the palm print impressions, and at the time the subject is required to reregister as delineated in Section 290f.

(b) The Department of Corrections shall provide full palm prints on a form prescribed by the Department of Justice to the Bureau of Criminal Identification and Information of the Department of Justice to be retained in a file for law enforcement purposes.

(c) The Department of Justice shall provide all blood specimen vials, mailing tubes, labels, and instructions for the collection of the blood specimens, saliva samples, and thumbprints. The specimens and samples shall thereafter be forwarded to the Department of Justice for analysis of deoxyribonucleic acid (DNA) and other genetic typing analysis at the department's DNA laboratory. The Department of Justice may provide samples from these specimens to local public DNA laboratories for law enforcement purposes provided that the other privacy provisions of this section are followed by the local laboratory.

The Department of Justice shall perform DNA analysis and other genetic typing analysis only for law enforcement purposes.

Additionally, the Department of Justice shall provide all full palm print cards, mailing envelopes, and instructions for the collection of full palm prints. The full palm prints, on a form prescribed by the Department of Justice, shall thereafter be forwarded to the Department of Justice for maintenance in a file for law enforcement purposes.

(d) Additional specimens may be collected pursuant to subdivision (a) and sent to a local public DNA laboratory for DNA analysis and other genetic typing analysis if each of the following conditions are met:

(1) The methodologies and procedures used by the local public DNA laboratory for analysis are the same as those established by the Department of Justice pursuant to subdivision (k).

(2) Only tests of value to law enforcement for identification purposes are performed and a copy of the results of the analysis are sent to the Department of Justice.

(3) All provisions concerning privacy and security enumerated in this section are followed.

(4) The local public DNA laboratory assumes all costs of securing the sample and provides appropriate tubes, labels, and instructions

necessary to secure the samples.

(e) The Department of Justice DNA laboratory shall perform genetic typing only for those markers having value for law enforcement purposes.

For purposes of this subdivision, "marker" shall have the meaning generally ascribed to it by members of the scientific community experienced in the use of DNA technology.

The Bureau of Criminal Identification and Information of the Department of Justice shall perform analysis of full palm prints only for law enforcement purposes.

(f) (1) The DNA and other genetic typing information shall be filed with the offender's file maintained by the Sex Registration Unit of the Department of Justice or in a computerized data bank system.

(2) The DNA and other genetic typing information shall not be included in the state summary criminal history information.

(3) The computerized data bank system shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a), or evidence accumulated from crime scenes during ongoing investigations and believed to have been left by a person suspected of having committed a violent felony specified in subdivision (c) of Section 667.5 or an offense specified in Section 290. Evidence accumulated pursuant to this provision from any crime scene with respect to a particular person shall be stricken from the data bank when it is determined that the person is no longer a suspect in the case.

The full palm prints of each hand shall be filed and maintained by the Automated Latent Print Section of the Bureau of Criminal Identification and Information of the Department of Justice, and may be included in the state summary criminal history information.

The full palm print file shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a). These full palm prints shall be maintained until the subject is no longer required to register pursuant to Section 290.

(g) The DNA and other genetic typing information, and full palm prints, shall be released only to law enforcement agencies, including, but not limited to, parole officers of the Department of Corrections, hearing officers of the parole authority, and district attorneys' offices, at the request of the agency, except as specified in this section. Dissemination of this information to law enforcement agencies and district attorneys' offices outside the state shall be done in conformity with the provisions of this section.

(h) Any person who knowingly discloses DNA or other genetic typing information or full palm print comparison results developed pursuant to this section to unauthorized individuals or agencies, or for other than law enforcement purposes, shall be guilty of a misdemeanor.

(i) Furnishing DNA or other genetic typing information or full palm print comparison results to defense counsel for criminal

defense purposes in compliance with discovery is not a violation of this section.

(j) It is not a violation of this section to disseminate statistical or research information obtained from the offender's file, the computerized data bank system, or the full palm print file, provided that the subject of the file is not identified and cannot be identified from the information disclosed. It is also not a violation of this section to include information obtained from a file as follows: (1) in a transcript or record of a judicial proceeding, or (2) in any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(k) The Department of Justice shall make public the methodology and procedures to be used in its DNA program prior to the commencement of DNA testing in its laboratories. The Department of Justice shall review and consider on an ongoing basis the findings and results of any peer review and validation studies submitted to the department by members of the relevant scientific community experienced in the use of DNA technology.

SEC. 3. Section 293 of the Penal Code is amended to read:

293. (a) Any employee of a law enforcement agency who personally receives a report from any person, alleging that the person making the report has been the victim of a sex offense, shall inform that person that his or her name will become a matter of public record unless he or she requests that it not become a matter of public record, pursuant to Section 6254 of the Government Code.

(b) Any written report of an alleged sex offense shall indicate that the alleged victim has been properly informed pursuant to subdivision (a) and shall memorialize his or her response.

(c) No law enforcement agency shall disclose to any person, except the prosecutor, parole officers of the Department of Corrections, hearing officers of the parole authority, or other persons or public agencies where authorized or required by law, the address of a person who alleges to be the victim of a sex offense.

(d) No law enforcement agency shall disclose to any person, except the prosecutor, parole officers of the Department of Corrections, hearing officers of the parole authority, or other persons or public agencies where authorized or required by law, the name of a person who alleges to be the victim of a sex offense, if that person has elected to exercise his or her right pursuant to this section and Section 6254 of the Government Code.

(e) For purposes of this section, sex offense means any crime listed in paragraph (2) of subdivision (f) of Section 6254 of the Government Code which is also defined in Chapter 1 (commencing with Section 261) or Chapter 5 (commencing with Section 281) of Part 1 of Title 9.

(f) Parole officers of the Department of Corrections and hearing officers of the parole authority shall be entitled to receive information pursuant to subdivisions (c) and (d) only if the person

First Extraordinary Session

to whom the information pertains alleges that he or she is the victim of a sex offense, the alleged perpetrator of which is a parolee who is alleged to have committed the sex offense while on parole.

SEC. 4. Section 3060.5 of the Penal Code is amended to read:

3060.5. Notwithstanding any other provision of law, the parole authority shall revoke the parole of any prisoner who refuses to sign a parole agreement setting forth the general and any special conditions applicable to the parole, refuses to sign any form required by the Department of Justice stating that the duty of the prisoner to register under Section 290 has been explained to the prisoner, unless the duty to register has not been explained to the prisoner, or refuses to provide samples of blood or saliva as required by Section 290.2, and shall order the prisoner returned to prison. Confinement pursuant to any single revocation of parole under this section shall not, absent a new conviction and commitment to prison under other provisions of law, exceed six months, except as provided in subdivision (c) of Section 3057.

SEC. 5. Section 2 of this bill incorporates amendments to Section 290.2 of the Penal Code proposed by both this bill and AB 151 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 290.2 of the Penal Code, and (3) this bill is enacted after AB 151. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 151, Section 1 of this bill shall be operative until the operative date of AB 151, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after AB 151, Section 290.2 of the Penal Code, as amended by AB 151, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 37

An act to add Section 827.5 to the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 24, 1994. Filed with Secretary of State September 26, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 827.5 is added to the Welfare and Institutions Code, to read:

827.5. Notwithstanding any other provision of law except Sections 389 and 781 of this code and Section 1203.45 of the Penal Code, a law enforcement agency may disclose the name of any minor 14 years of age or older taken into custody for the commission of any serious felony, as defined in subdivision (c) of Section 1192.7 of the Penal Code, and the offenses allegedly committed, upon the request of interested persons, if a hearing has commenced that is based upon a petition that alleges that the minor is a person within the description of Section 602.

CHAPTER 38

An act to add and repeal Sections 13202.3 and 14907 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor September 24, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) On November 5, 1990, the President of the United States signed into law Public Law 101-516, which governs appropriations of federal transportation funds to the states.

(2) Public Law 101-516 requires states to enact laws that mandate suspending or revoking the driver's license of any person convicted of specified controlled substance violations. A state's failure to enact conforming laws will result in its loss of federal transportation funds.

(3) Although California already has driver's license suspension and revocation laws applicable to drug violations committed by juveniles, and strict requirements for persons convicted of driving under the influence of drugs, compliance with the federal law requires California to enact further laws governing other nondriving controlled substances violations or for the Governor and Legislature to declare that California will not enact those laws.

(4) The Legislature has determined that a driver's license suspension serves as a deterrent for nondriving-related offenses and has, accordingly, enacted laws requiring a suspension for certain public offenses including truancy, graffiti, and vandalism, as well as for nonpayment of child support.

(5) Early alcohol and drug intervention, treatment, and rehabilitation services benefit individuals who are abusing and misusing alcohol and other drugs. The Legislature encourages the use of appropriate services, including diversion programs, available under existing law, so individuals can address their alcohol and other drug abuse problems.

(b) Therefore, it is the intent of the Legislature to enact temporary provisions that adhere to the federal requirements set forth in Public Law 101-516 by requiring the suspension or revocation of the driver's license of a person convicted of violating the California Uniform Controlled Substances Act, Division 10 (commencing with Section 11000) of the Health and Safety Code, involving the possession, distribution, manufacture, cultivation, sale, or transfer of any substance or the attempt or conspiracy to possess, distribute, manufacture, cultivate, sell, or transfer of any of those substances, the possession of which is prohibited under that division.

(c) It is the further intent of the Legislature that the Secretary of State transmit to the President and Congress of the United States the Legislature's intent that the federal requirements identified under subdivision (b) be repealed.

SEC. 2. Section 13202.3 is added to the Vehicle Code, to read:

13202.3. (a) The department shall immediately suspend or delay the privilege of any person to drive a motor vehicle for six months upon receipt of a duly certified abstract of the record of any court showing the person has been convicted of any controlled substance offense specified in subdivision (c). For each successive offense, the department shall suspend the person's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for an additional six months. This subdivision does not apply if, upon conviction, the court orders the department to suspend, restrict, or revoke the driving privilege as required under Section 13202 or 13202.5, if the suspension, restriction, or revocation is for a period of not less than six months.

(b) In the absence of compelling circumstances warranting an exception, whenever a court in this state convicts a person of any controlled substance offense specified in subdivision (c), the court in which the conviction occurs shall require all driver's licenses held by the person to be surrendered to the court. The court shall, not later than 10 days after the conviction, transmit to the department a certified abstract of the conviction, together with any driver's license surrendered.

(c) This section applies to convictions involving controlled substances contained in the following provisions:

(1) The laws of the United States, each state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. For purposes of this subdivision, "conviction" means a conviction of any controlled substance offense prohibited by any federal or state law, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any controlled substance offense.

(2) Division 10 (commencing with Section 11000) of the Health and Safety Code, involving the possession, distribution, manufacture, cultivation, sale, or transfer of any substance or the attempt or conspiracy to possess, distribute, manufacture, cultivate, sell or transfer any of those substances, the possession of which is prohibited under that division.

(3) Article 2 (commencing with Section 23152) of Chapter 12 of Division 11.

(d) Suspension or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction of any violation specified in subdivision (c), unless the court has ordered suspension, revocation, or restriction as required under Section 13202 or 13202.5.

First Extraordinary Session

(e) This section shall remain in effect only until one year following its effective date and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends the date.

SEC. 3. Section 14907 is added to the Vehicle Code, to read:

14907. (a) Notwithstanding any other provision of this code, in lieu of the fees in Section 14904, before a driver's license may be issued, reissued, or returned to a person after the suspension or delay of the person's privilege to operate a motor vehicle pursuant to Section 13202.3, there shall be paid to the department a fee in an amount of twenty-four dollars ($24) to pay the costs of the administration of these license actions by the department.

(b) This section does not apply to a suspension or revocation that is set aside by the department or a court.

(c) This section shall remain in effect only until one year following its effective date and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends the date.

SEC. 4. The sum of one million twenty-three thousand dollars ($1,023,000) is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund to the Department of Motor Vehicles to implement Section 13202.3 of the Vehicle Code.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 39

An act to amend Section 289 of, and to repeal Section 289.5 of, the Penal Code, relating to crime.

[Approved by Governor September 25, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 289 of the Penal Code is amended to read:

289. (a) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, shall be punished by imprisonment in the state prison for three, six, or eight years.

(b) Except as provided in subdivision (c), every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(c) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any

unknown object, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(d) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. As used in this subdivision, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(1) Was unconscious or asleep.

(2) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(3) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(e) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, where the victim is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, administered by or with the privity of the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(f) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by

any foreign object, substance, instrument, or device, or by any unknown object, where the victim submits under the belief that the person committing the act or causing the act to be committed is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(g) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(h) Except as provided in Section 288, any person who participates in an act of penetration of genital or anal openings with a foreign object, substance, instrument, or device, or by any unknown object of a person who is under 18 years of age or causes another person under 18 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison or in the county jail for a period of not more than one year.

(i) Except as provided in Section 288, any person over the age of 21 years who participates in an act of penetration of the genital or anal openings with a foreign object, substance, instrument, or device, or by any unknown object of another person who is under 16 years of age or causes another person under 16 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be guilty of a felony.

(j) Any person who participates in an act of penetration of the genital or anal openings with a foreign object, instrument, or device, or by any unknown object of another person who is under 14 years of age and who is more than 10 years younger than he or she or causes another person who is under 14 years of age and who is more than 10 years younger than the defendant to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison for three, six, or eight years.

(k) As used in this section:

(1) "Foreign object, substance, instrument, or device" shall include any part of the body, except a sexual organ.

(2) "Unknown object" shall include any foreign object, substance, instrument, or device, or any part of the body, including a penis, when it is not known whether penetration was by a penis or by a foreign object, substance, instrument, or device, or by any other part of the body.

(*l*) As used in subdivision (a), "threatening to retaliate" means a threat to kidnap or falsely imprison, or inflict extreme pain, serious bodily injury or death.

(m) As used in this section, "victim" includes any person who the defendant causes to penetrate the genital or anal openings of the defendant or another person or whose genital or anal openings are caused to be penetrated by the defendant or another person and who otherwise qualifies as a victim under the requirements of this section.

SEC. 2. Section 289.5 of the Penal Code is repealed.

SEC. 3. It is the intent of the Legislature in enacting this act to include the offense described in the former Section 289.5 of the Penal Code as an offense included within Section 289 of the Penal Code. It is not the intent of the Legislature to remove the criminal sanction for the behavior described in former Section 289.5 of the Penal Code, or to affect any judgment of conviction based upon that section.

CHAPTER 40

An act to amend Sections 261, 286, 288a, and 289 of the Penal Code, relating to crimes.

[Approved by Governor September 25, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 261 of the Penal Code is amended to read:

261. (a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(5) Where a person submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by

threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, "duress" means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, "menace" means any threat, declaration, or act which shows an intention to inflict an injury upon another.

SEC. 2. Section 286 of the Penal Code is amended to read:

286. (a) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person. Any sexual penetration, however slight, is sufficient to complete the crime of sodomy.

(b) (1) Except as provided in Section 288, any person who participates in an act of sodomy with another person who is under 18 years of age shall be punished by imprisonment in the state prison, or in a county jail for not more than one year.

(2) Except as provided in Section 288, any person over the age of 21 years who participates in an act of sodomy with another person who is under 16 years of age shall be guilty of a felony.

(c) Any person who participates in an act of sodomy with another person who is under 14 years of age and more than 10 years younger than he or she, or when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for three, six, or eight years.

(d) Any person who, while voluntarily acting in concert with another person, either personally or aiding and abetting that other person, commits an act of sodomy when the act is accomplished

against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for five, seven, or nine years.

(e) Any person who participates in an act of sodomy with any person of any age while confined in any state prison, as defined in Section 4504, or in any local detention facility, as defined in Section 6031.4, shall be punished by imprisonment in the state prison, or in a county jail for not more than one year.

(f) Any person who commits an act of sodomy, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act, shall be punished by imprisonment in the state prison for three, six, or eight years. As used in this subdivision, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(1) Was unconscious or asleep.

(2) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(3) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(g) Except as provided in subdivision (h), a person who commits an act of sodomy, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the existence of a conservatorship pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(h) Any person who commits an act of sodomy, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for not more than one year. Notwithstanding the existence of a conservatorship pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and

Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(i) Any person who commits an act of sodomy, where the victim is prevented from resisting by an intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused, shall be punished by imprisonment in the state prison for three, six, or eight years.

(j) Any person who commits an act of sodomy, where the victim submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for three, six, or eight years.

(k) Any person who commits an act of sodomy, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(*l*) As used in subdivisions (c) and (d), "threatening to retaliate" means a threat to kidnap or falsely imprison, or inflict extreme pain, serious bodily injury, or death.

(m) In addition to any punishment imposed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section, with the proceeds of this fine to be used in accordance with Section 1463.23. The court, however, shall take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

SEC. 3. Section 288a of the Penal Code is amended to read:

288a. (a) Oral copulation is the act of copulating the mouth of one person with the sexual organ or anus of another person.

(b) (1) Except as provided in Section 288, any person who participates in an act of oral copulation with another person who is under 18 years of age shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year.

(2) Except as provided in Section 288, any person over the age of 21 years who participates in an act of oral copulation with another person who is under 16 years of age is guilty of a felony.

(c) Any person who participates in an act of oral copulation with another person who is under 14 years of age and more than 10 years

younger than he or she, or when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for three, six, or eight years.

(d) Any person who, while voluntarily acting in concert with another person, either personally or by aiding and abetting that other person, commits an act of oral copulation (1) when the act is accomplished against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person, or (2) where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, or (3) where the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act shall be punished by imprisonment in the state prison for five, seven, or nine years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime described under paragraph (3), that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(e) Any person who participates in an act of oral copulation while confined in any state prison, as defined in Section 4504 or in any local detention facility as defined in Section 6031.4, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year.

(f) Any person who commits an act of oral copulation, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act, shall be punished by imprisonment in the state prison for a period of three, six, or eight years. As used in this subdivision, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(1) Was unconscious or asleep.

(2) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(3) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(g) Except as provided in subdivision (h), any person who

commits an act of oral copulation, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, shall be punished by imprisonment in the state prison, for three, six, or eight years. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(h) Any person who commits an act of oral copulation, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(i) Any person who commits an act of oral copulation, where the victim is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(j) Any person who commits an act of oral copulation, where the victim submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(k) Any person who commits an act of oral copulation, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The

perpetrator does not actually have to be a public official.

(*l*) As used in subdivisions (c) and (d) "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(m) In addition to any punishment imposed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section, with the proceeds of this fine to be used in accordance with Section 1463.23. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

SEC. 4. Section 289 of the Penal Code is amended to read:

289. (a) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, shall be punished by imprisonment in the state prison for three, six, or eight years.

(b) Except as provided in subdivision (c), every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(c) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim

is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(d) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. As used in this subdivision, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(1) Was unconscious or asleep.

(2) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(3) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(e) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, where the victim is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(f) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, where the

victim submits under the belief that the person committing the act or causing the act to be committed is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(g) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(h) Except as provided in Section 288, any person who participates in an act of penetration of genital or anal openings with a foreign object, substance, instrument, or device of a person who is under 18 years of age or causes another person under 18 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison or in the county jail for a period of not more than one year.

(i) Except as provided in Section 288, any person over the age of 21 years who participates in an act of penetration of the genital or anal openings with a foreign object, substance, instrument, or device of another person who is under 16 years of age or causes another person under 16 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be guilty of a felony.

(j) Any person who participates in an act of penetration of the genital or anal openings with a foreign object, instrument, or device of another person who is under 14 years of age and who is more than 10 years younger than he or she or causes another person who is under 14 years of age and who is more than 10 years younger than the defendant to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison for three, six, or eight years.

(k) As used in this section, "foreign object, substance, instrument, or device" shall include any part of the body, except a sexual organ.

(*l*) As used in subdivision (a), "threatening to retaliate" means a threat to kidnap or falsely imprison, or inflict extreme pain, serious

bodily injury or death.

(m) As used in this section, "victim" includes any person who the defendant causes to penetrate the genital or anal openings of the defendant or another person or whose genital or anal openings are caused to be penetrated by the defendant or another person and who otherwise qualifies as a victim under the requirements of this section.

SEC. 4.5. Section 289 of the Penal Code is amended to read:

289. (a) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, shall be punished by imprisonment in the state prison for three, six, or eight years.

(b) Except as provided in subdivision (c), every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(c) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed and both the defendant and the victim are at the time confined in a state

hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(d) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. As used in this subdivision, "unconscious of the nature of the act" means incapable of resisting because the victim meets one of the following conditions:

(1) Was unconscious or asleep.

(2) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(3) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(e) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, where the victim is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(f) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, where the victim submits under the belief that the person committing the act or causing the act to be committed is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the

belief, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(g) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, or by any unknown object, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(h) Except as provided in Section 288, any person who participates in an act of penetration of genital or anal openings with a foreign object, substance, instrument, or device, or by any unknown object of a person who is under 18 years of age or causes another person under 18 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison or in the county jail for a period of not more than one year.

(i) Except as provided in Section 288, any person over the age of 21 years who participates in an act of penetration of the genital or anal openings with a foreign object, substance, instrument, or device, or by any unknown object of another person who is under 16 years of age or causes another person under 16 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be guilty of a felony.

(j) Any person who participates in an act of penetration of the genital or anal openings with a foreign object, instrument, or device, or by any unknown object of another person who is under 14 years of age and who is more than 10 years younger than he or she or causes another person who is under 14 years of age and who is more than 10 years younger than the defendant to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison for three, six, or eight years.

(k) As used in this section:

(1) "Foreign object, substance, instrument, or device" shall include any part of the body, except a sexual organ.

(2) "Unknown object" shall include any foreign object, substance, instrument, or device, or any part of the body, including a penis,

when it is not known whether penetration was by a penis or by a foreign object, substance, instrument, or device, or by any other part of the body.

(*l*) As used in subdivision (a), "threatening to retaliate" means a threat to kidnap or falsely imprison, or inflict extreme pain, serious bodily injury or death.

(m) As used in this section, "victim" includes any person who the defendant causes to penetrate the genital or anal openings of the defendant or another person or whose genital or anal openings are caused to be penetrated by the defendant or another person and who otherwise qualifies as a victim under the requirements of this section.

SEC. 5. Section 4.5 of this bill incorporates amendments to Section 289 of the Penal Code proposed by both this bill and AB 114 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 289 of the Penal Code, and (3) this bill is enacted after AB 114. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 114, Section 4 of this bill shall be operative until the operative date of AB 114, at which time Section 4.5 of this bill shall become operative.

(b) If this bill becomes operative after AB 114, Section 289 of the Penal Code, as amended by AB 114, shall remain operative only until the operative date of this bill, at which time Section 4.5 of this bill shall become operative, and Section 4 of this bill shall not become operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 41

An act to amend the heading of Title 9 (commencing with Section 8000) of Part 3 of, to add a chapter heading to Title 9 (commencing with Section 8000) of Part 3 of, and to add Chapter 2 (commencing with Section 8050) to Title 9 of Part 3 of, the Penal Code, relating to corrections.

[Approved by Governor September 25, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) California's criminal justice system is seriously out of balance in its heavy dependence upon prison facilities and jails for punishment and its lack of appropriate punishment for nonviolent offenders and substance abusers who could be successfully treated in appropriate, less restrictive programs without any increase in danger to the public.

There appears to be a rather broad consensus of opinion that crime occurs in communities, that the vast majority of offenders are handled in communities on probation and parole, and that almost all of those who are incarcerated in jails or prisons return to their communities after incarceration. It is clear that crime and its remedy is in large part a community responsibility. It is also increasingly clear that punishment options other than incarceration and traditional probation need to be considered. New approaches are necessary to change criminal behavior, reduce drug dependency, and to help produce useful law-abiding citizens. The use of sanctions between incarceration and traditional probation, referred to as "intermediate sanctions," needs to be expanded. These sanctions are tougher than conventional probation, but less restrictive and less costly than conventional imprisonment.

Community-based punishment options as provided for in this act are intended as a partnership in which state and local efforts come together to provide and expand a full range of traditional and intermediate sanctions.

Community-based punishment options are less reliant on incarceration. They place emphasis on attempting to reintegrate offenders and arrestees into their communities, stress decentralization over centralization, encourage variation from community to community, based on local needs, and are developed in cooperation with representatives of the community. Thirteen other states have community corrections acts currently in place under which the state and local governments cooperate in providing a range of punishments for offenders at the local level.

(b) The California Blue Ribbon Commission on Inmate Population Management, in its January 1990 report, concluded that in sentencing decisions, judges lack sufficient intermediate sanctions, punishment options, and treatment programs between routine probation and local or state incarceration. Parole authorities likewise lack sufficient intermediate sanctions when making decisions on parole services and punishment for parole violators.

The commission also concluded that state and local corrections must be viewed as a system in developing corrections policy. The corrections system is presently lacking in sufficient integrated strategies to manage prison, jail, probation, and parole populations.

(c) It is essential that California develop new and diverse punishments and sanctions for offenders without compromising public safety. Community involvement in treatment and programming of inmates is not only appropriate, it is also a community responsibility, since crime originates within the community and more than 95 percent of all felons eventually return to the community. Further, citizen involvement at the community level also is critical to the successful development and implementation of community-based punishment programs.

SEC. 2. The heading of Title 9 (commencing with Section 8000) of Part 3 of the Penal Code is amended to read:

TITLE 9. PUNISHMENT OPTIONS

SEC. 3. A chapter heading is added to Title 9 (commencing with Section 8000) of Part 3 of the Penal Code immediately preceding Section 8000 thereof, to read:

CHAPTER 1. PROGRAMS WITH SPECIAL FOCUS ON SUBSTANCE ABUSE

SEC. 4. Chapter 2 (commencing with Section 8050) is added to Title 9 of Part 3 of the Penal Code, to read:

CHAPTER 2. COMMUNITY-BASED PUNISHMENT ACT

Article 1. General Provisions

8050. This chapter shall be known and may be cited as the Community-Based Punishment Act of 1994.

8051. The Legislature hereby finds and declares as follows:

(a) Community-based punishment programs require a partnership between the state and local government to provide and expand the use of intermediate sanctions for specifically targeted offender populations.

(b) Community-based programs must operate to punish offenders while at the same time providing opportunities to change behavior.

(c) Community-based punishment programs provide appropriate means of managing select offenders but should not be viewed as the only solution to prison overcrowding.

(d) Community-based punishment programs target prison-bound and jail-bound nonviolent offenders because this group poses the least risk to the public and is the most amenable to the individualized programming and services offered by community-based programs.

(e) Community-based punishment programs emphasize reducing local jail populations, thereby making jail space available for new commitments, parole violators, and probation violators who are now being sent to jail and nonviolent felons who have already been sent to prison for short periods of time.

(f) Community-based punishment programs must be financed from a consistent, reliable, and separate funding source.

(g) Community-based punishment programs should be expanded incrementally with a variety of pilot approaches tested to determine their effectiveness prior to expansion.

(h) In order to effectively utilize available resources, to ensure appropriate management of the local offender population, each county utilizing community-based punishment programs must implement a locally coordinated planning process.

(i) Since successful community-based punishment programs are dependent on the coordinated efforts of, and successful working relationships between, state and local agencies, the Board of Corrections is the logical state agency to coordinate community punishment efforts because of its extensive experience with collaborative state and local programs.

8052. As used in this chapter, the following definitions shall apply:

(a) "Board" means the Board of Corrections, unless otherwise indicated.

(b) "Chief correctional administrator" means the sheriff, chief probation officer, or director of the county department of corrections, who is designated by the board of supervisors to have administrative responsibility for county corrections operations and programs, including a community-based punishment program.

(c) "Community-based punishment" means a partnership between the state and a county or a collaboration of counties to manage and provide correctional services, especially those services considered to be intermediate sanctions at the local level of government for targeted, select offender populations pursuant to the community corrections plan of a county or a collaboration of counties.

(d) "Community-based punishment plan" means the proposal for a community-based punishment program promulgated by a county or a collaboration of counties that has been developed by the chief correctional administrator, in cooperation with the district attorney, public defender, and other concerned community representatives

designated by the board of supervisors, to address correctional needs in that county or collaboration of counties.

(e) "Intermediate sanctions" means punishment options and sanctions other than simple incarceration in prison or jail or traditional routine probation supervision. Intermediate sanctions may be provided by correctional agencies directly or through community-based public or private correctional service providers, and include, but are not limited to, the following:

(1) Short-term "shock" incarceration in either jail or prison, for a period of not more than 60 days.

(2) Incarceration in a "boot camp" facility.

(3) Intensive supervision.

(4) Home detention with electronic monitoring.

(5) Mandatory community service.

(6) Restorative justice programs such as mandatory victim restitution and victim-offender reconciliation.

(7) Work, training, or education in a furlough program pursuant to Section 1208.

(8) Work, in lieu of confinement, in a work release program pursuant to Section 4024.2.

(9) Day reporting.

(10) Mandatory residential or nonresidential substance abuse treatment programs established pursuant to Chapter 9.4 (commencing with Section 6240) of Title 7.

(11) Mandatory random drug testing.

(12) Mother-infant care programs.

(13) Community-based residential programs offering structure, supervision, drug treatment, alcohol treatment, literacy programming, employment counseling, psychological counseling, or any combination of these and other interventions.

(f) "Nonviolent offender" means a person who is not currently charged with a violent crime, as defined in Section 667.5, does not have a criminal record that includes a violent crime, meets the National Institute of Corrections (NIC) Model Classification System guidelines for classification as a nonviolent offender, and does not pose a risk to the community, as determined by the correctional administrator.

Article 2. State Administration

8060. This chapter shall be administered by the board. The board shall be responsible for ensuring that the policies and activities undertaken by state or local governmental units, or other organizations, in furtherance of the purposes of this chapter, are consistent with those purposes.

8061. The board, in collaboration with state, local, and community-based departments, agencies, and organizations shall do the following:

(a) Describe the parameters of effective community-based punishment programs and the relationship between the state and local jurisdictions in meeting the purposes of this chapter.

(b) Develop and implement a process by which local jurisdictions are selected and can participate in pilot efforts initiated under this chapter.

(c) Develop and implement the process by which counties participating in accordance with this chapter annually submit their community-based punishment program proposals for approval, modification, or both.

(d) Design and implement a process for annually awarding funds to counties participating pursuant to this chapter to implement their community-based punishment program proposals, and administer and monitor the receipt, expenditure, and reporting of those funds by participating counties.

(e) Provide technical assistance and support to counties and community correctional administrators in determining whether to participate in community-based punishment programs, and in either developing or annually updating their punishment programs.

(f) Facilitate the sharing of information among counties and between county and state agencies relative to community-based punishment approaches and programs being initiated or already in existence, strengths and weaknesses of specific programs, specific offender groups appropriate for different programs, results of program evaluations and other data, and anecdotal material that may assist in addressing the purposes of this chapter.

(g) Adopt and periodically revise regulations necessary to implement this chapter.

(h) Design and provide for regular and rigorous evaluation of the community-based punishment programming undertaken pursuant to approved community-based punishment plans.

(i) Design and provide for analysis and evaluation of the pilot and any subsequent implementation of this chapter, with areas of analysis to include, at a minimum, the following:

(1) The relationship between the board and counties or collaborations of counties submitting county community-based punishment plans.

(2) The effectiveness of this chapter in encouraging the use of intermediate as well as traditional sanctions.

(3) The categories of offenders most suitable for specific intermediate sanctions, various aspects of community-based punishment programming, or both.

(4) The effectiveness of the programs implemented pursuant to this chapter in maintaining public safety.

(5) The cost-effectiveness of the programs implemented pursuant to this chapter.

(6) The effect of the programs implemented pursuant to this chapter on prison, jail, and Department of the Youth Authority

populations.

(j) On January 1, 1997, and annually thereafter, the board shall, upon request, provide the Legislature with a progress report on the status of the implementation of this chapter.

Article 3. Community-Based Punishment Plan

8080. Each county or collaboration of counties electing to operate a community-based punishment program under this chapter shall develop a community-based punishment plan describing the continuum of sanctions and services comprising its program. The plan shall be developed pursuant to guidelines established by the board and shall be updated annually or as determined by the board. The plan shall describe, at a minimum, the following:

(a) System design and administration, lines of authority, and responsible personnel, including, but not limited to, the chief correctional administrator and other relevant individuals.

(b) The extent and nature of citizen involvement in the development and promulgation of the community-based punishment plan, including, but not limited to, the following:

(1) Consultation with a citizens' advisory committee formed for the purpose of providing community input into the development and promulgation of a community-based punishment plan.

(2) Consultation with selected community leaders.

(3) Input derived from citizen testimony at public hearings or town hall meetings.

(c) The number and kind of offenders to participate in community-based punishment programs.

(d) Eligibility requirements.

(e) How offenders, including those coming from the courts and those who are probation and parole violators, are to be selected to participate.

(f) Community-based punishment program components, including, for example, which punishment options, intermediate sanctions, treatment options, or combinations are to be developed and used for which offenders.

(g) Responsibilities and relationships, including, but not limited to, the elements of community-based punishment programs that are administered by the sheriff's department, the probation department, or parole personnel, and when and how offenders are to be programmed.

(h) Criteria for transferring offenders from more restrictive to less restrictive sanctions.

(i) Criteria for disciplinary interventions, imposition of stricter sanctions, or return to prison or jail, when necessary.

(j) Anticipated costs and funding needs.

Article 4. Funding

8090. Implementation of this chapter pursuant to Section 8060 is contingent upon the availability of funding. Funding for community-based punishment programs shall be administered by the board from funds appropriated by the Legislature. In addition to state funds appropriated in the annual Budget Act or other legislation, programs may be funded from a variety of sources, including, but not limited to, the following:

(a) Federal funds for community-based punishment programs.

(b) Private or corporate grants, or both.

(c) Service and administrative fees that may be charged to offenders who participate in community corrections programs, provided that no offender shall be denied entrance into a community-based punishment program solely for inability to pay fees.

(d) Income derived from community development corporations established as part of community-based punishment programs of a county or collaboration of counties, including, but not limited to, revenue generated by businesses owned and operated by community-based punishment programs, or by offender work programs, or by both, after the cost of operating and administering the business or work program has been paid.

(e) Other sources as may be identified as suitable for funding community corrections.

It is the intent of the Legislature that community corrections reduce the number of offenders who would be incarcerated in the state prison in the absence of a community-based punishment approach.

8091. (a) From the amount of money appropriated for purposes of this chapter to the board, the board shall allocate block grants to counties or collaborations of counties that have passed a community corrections resolution, have applied for funding, and have complied with the administrative process as prescribed by the board.

(b) Each county or collaboration of counties shall maintain a complete and accurate accounting of all funds received pursuant to this section. These funds shall be used only for community-based punishment programs as authorized by this chapter and shall be used only as permitted by the regulations and guidelines established by the board.

(c) Unexpended funds provided to counties shall be returned to the board and may be reallocated by the board.

8092. The board, in collaboration with its member and constituent agencies and departments, shall seek startup funding for community-based punishment planning and programming from public and private sources commencing as soon as practicable.

8093. The board shall monitor the expenditures and funds of participating counties and collaborations of counties to determine

whether the funds are being expended in accordance with all the requirements of this chapter. If the board finds that a participating county or collaboration of counties is not acting in accordance with all of the requirements of this chapter, it shall notify the county or collaboration of counties regarding the points of noncompliance, and the county or collaboration of counties shall have 60 days to explain or justify its actions in writing to the board. If the explanation is not satisfactory or if the point of noncompliance cannot be promptly cured in the opinion of the board, the board may issue a notice of noncompliance and may suspend payment of the funds to be allocated to the county or collaboration of counties under this chapter.

SEC. 5. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 42

An act to amend Section 290.2 of the Penal Code, relating to crime, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 290.2 of the Penal Code is amended to read:

290.2. (a) Any person who is required to register under Section 290 because of the commission of, or the attempt to commit, a felony offense specified in Section 290, or who is convicted of murder in violation of Section 190 or 190.05, or who is convicted of a felony offense of assault or battery in violation of Section 217.1, 220, 241.1, 243, 243.1, 243.3, 243.4, 243.7, 244, 245, 245.2, 245.3, or 245.5, and who is discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, the granting of probation, or release, be required to provide two specimens of blood and a saliva sample to that institution or, in the case of a person granted probation, to a person and at a location within the county designated for testing. The county shall make every effort to utilize one location for testing a person under this section.

The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist, or clinical laboratory bioanalyst may withdraw the blood specimens for purposes of this section.

In addition, the subject shall also provide a right thumbprint and a full palm print impression of each hand on a form prescribed by the Department of Justice to be forwarded to and maintained by the Bureau of Criminal Identification and Information of the Department of Justice. The right thumbprint shall be taken at the time of the withdrawal of blood and shall be placed on the form and the blood vial label. The full palm prints shall be taken of subjects who are discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed

as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, prior to discharge, parole, the granting of probation, or release. In the case of a person granted probation, the full palm prints shall be taken of the subject by a person and at a location within the county designated for taking the palm print impressions, and at the time the subject is required to reregister as delineated in Section 290f.

(b) The Department of Corrections shall provide full palm prints on a form prescribed by the Department of Justice to the Bureau of Criminal Identification and Information of the Department of Justice to be retained in a file for law enforcement purposes.

(c) The Department of Justice shall provide all blood specimen vials, mailing tubes, labels, and instructions for the collection of the blood specimens, saliva samples, and thumbprints. The specimens and samples shall thereafter be forwarded to the Department of Justice for analysis of deoxyribonucleic acid (DNA) and other genetic typing analysis at the department's DNA laboratory. The Department of Justice may provide samples from these specimens to local public DNA laboratories for law enforcement purposes provided that the other privacy provisions of this section are followed by the local laboratory.

The Department of Justice shall perform DNA analysis and other genetic typing analysis only for law enforcement purposes.

Additionally, the Department of Justice shall provide all full palm print cards, mailing envelopes, and instructions for the collection of full palm prints. The full palm prints, on a form prescribed by the Department of Justice, shall thereafter be forwarded to the Department of Justice for maintenance in a file for law enforcement purposes.

(d) Additional specimens may be collected pursuant to subdivision (a) and sent to a local public DNA laboratory for DNA analysis and other genetic typing analysis if each of the following conditions are met:

(1) The methodologies and procedures used by the local public DNA laboratory for analysis are the same as those established by the Department of Justice pursuant to subdivision (k).

(2) Only tests of value to law enforcement for identification purposes are performed and a copy of the results of the analysis are sent to the Department of Justice.

(3) All provisions concerning privacy and security enumerated in this section are followed.

(4) The local public DNA laboratory assumes all costs of securing the sample and provides appropriate tubes, labels, and instructions necessary to secure the samples.

(e) The Department of Justice DNA laboratory shall perform genetic typing only for those markers having value for law enforcement purposes.

For purposes of this subdivision, "marker" shall have the meaning generally ascribed to it by members of the scientific community experienced in the use of DNA technology.

The Bureau of Criminal Identification and Information of the Department of Justice shall perform analysis of full palm prints only for law enforcement purposes.

(f) The DNA and other genetic typing information shall be filed with the offender's file maintained by the Sex Registration Unit of the Department of Justice or in a computerized data bank system, and shall not be included in the state summary criminal history information.

The computerized data bank system shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a), or evidence accumulated from crime scenes during ongoing investigations and believed to have been left by a person suspected of having committed a violent felony specified in subdivision (c) of Section 667.5 or an offense specified in Section 290. Evidence accumulated pursuant to this provision from any crime scene with respect to a particular person shall be stricken from the data bank when it is determined that the person is no longer a suspect in the case.

The full palm prints of each hand shall be filed and maintained by the Automated Latent Print Section of the Bureau of Criminal Identification and Information of the Department of Justice, and may be included in the state summary criminal history information.

The full palm print file shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a). These full palm prints shall be maintained until the subject is no longer required to register pursuant to Section 290.

(g) The DNA and other genetic typing information, and full palm prints, shall be released only to law enforcement agencies and district attorneys' offices, at the request of the agency, except as specified in this section. Dissemination of this information to law enforcement agencies and district attorneys' offices outside the state shall be done in conformity with the provisions of this section.

(h) Any person who knowingly discloses DNA or other genetic typing information or full palm print comparison results developed pursuant to this section to unauthorized individuals or agencies, or for other than law enforcement purposes, shall be guilty of a misdemeanor.

(i) Furnishing DNA or other genetic typing information or full palm print comparison results to defense counsel for criminal defense purposes in compliance with discovery is not a violation of this section.

(j) It is not a violation of this section to disseminate statistical or research information obtained from the offender's file, the computerized data bank system, or the full palm print file, provided that the subject of the file is not identified and cannot be identified

from the information disclosed. It is also not a violation of this section to include information obtained from a file as follows: (1) in a transcript or record of a judicial proceeding, or (2) in any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(k) The Department of Justice shall make public the methodology and procedures to be used in its DNA program prior to the commencement of DNA testing in its laboratories. The Department of Justice shall review and consider on an ongoing basis the findings and results of any peer review and validation studies submitted to the department by members of the relevant scientific community experienced in the use of DNA technology.

SEC. 2. Section 290.2 of the Penal Code is amended to read:

290.2. (a) Any person who is required to register under Section 290 because of the commission of, or the attempt to commit, a felony offense specified in Section 290, or who is convicted of murder in violation of Section 190 or 190.05, or who is convicted of a felony offense of assault or battery in violation of Section 217.1, 220, 241.1, 243, 243.1, 243.3, 243.4, 243.7, 244, 245, 245.2, 245.3, or 245.5, and who is discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, the granting of probation, or release, be required to provide two specimens of blood and a saliva sample to that institution or, in the case of a person granted probation, to a person and at a location within the county designated for testing. The county shall make every effort to utilize one location for testing a person under this section.

The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist, or clinical laboratory bioanalyst may withdraw the blood specimens for purposes of this section.

In addition, the subject shall also provide a right thumbprint and a full palm print impression of each hand on a form prescribed by the Department of Justice to be forwarded to and maintained by the Bureau of Criminal Identification and Information of the Department of Justice. The right thumbprint shall be taken at the time of the withdrawal of blood and shall be placed on the form and the blood vial label. The full palm prints shall be taken of subjects who are discharged or paroled from a state prison, county jail, or any institution under the jurisdiction of the Department of the Youth Authority where he or she was confined, or is granted probation, or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing

with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, prior to discharge, parole, the granting of probation, or release. In the case of a person granted probation, the full palm prints shall be taken of the subject by a person and at a location within the county designated for taking the palm print impressions, and at the time the subject is required to reregister as delineated in Section 290f.

(b) The Department of Corrections shall provide full palm prints on a form prescribed by the Department of Justice to the Bureau of Criminal Identification and Information of the Department of Justice to be retained in a file for law enforcement purposes.

(c) The Department of Justice shall provide all blood specimen vials, mailing tubes, labels, and instructions for the collection of the blood specimens, saliva samples, and thumbprints. The specimens and samples shall thereafter be forwarded to the Department of Justice for analysis of deoxyribonucleic acid (DNA) and other genetic typing analysis at the department's DNA laboratory. The Department of Justice may provide samples from these specimens to local public DNA laboratories for law enforcement purposes provided that the other privacy provisions of this section are followed by the local laboratory.

The Department of Justice shall perform DNA analysis and other genetic typing analysis only for law enforcement purposes.

Additionally, the Department of Justice shall provide all full palm print cards, mailing envelopes, and instructions for the collection of full palm prints. The full palm prints, on a form prescribed by the Department of Justice, shall thereafter be forwarded to the Department of Justice for maintenance in a file for law enforcement purposes.

(d) Additional specimens may be collected pursuant to subdivision (a) and sent to a local public DNA laboratory for DNA analysis and other genetic typing analysis if each of the following conditions are met:

(1) The methodologies and procedures used by the local public DNA laboratory for analysis are the same as those established by the Department of Justice pursuant to subdivision (k).

(2) Only tests of value to law enforcement for identification purposes are performed and a copy of the results of the analysis are sent to the Department of Justice.

(3) All provisions concerning privacy and security enumerated in this section are followed.

(4) The local public DNA laboratory assumes all costs of securing the sample and provides appropriate tubes, labels, and instructions necessary to secure the samples.

(e) The Department of Justice DNA laboratory shall perform genetic typing only for those markers having value for law enforcement purposes.

For purposes of this subdivision, "marker" shall have the meaning

generally ascribed to it by members of the scientific community experienced in the use of DNA technology.

The Bureau of Criminal Identification and Information of the Department of Justice shall perform analysis of full palm prints only for law enforcement purposes.

(f) (1) The DNA and other genetic typing information shall be filed with the offender's file maintained by the Sex Registration Unit of the Department of Justice or in a computerized data bank system.

(2) The DNA and other genetic typing information shall not be included in the state summary criminal history information.

(3) The computerized data bank system shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a), or evidence accumulated from crime scenes during ongoing investigations and believed to have been left by a person suspected of having committed a violent felony specified in subdivision (c) of Section 667.5 or an offense specified in Section 290. Evidence accumulated pursuant to this provision from any crime scene with respect to a particular person shall be stricken from the data bank when it is determined that the person is no longer a suspect in the case.

The full palm prints of each hand shall be filed and maintained by the Automated Latent Print Section of the Bureau of Criminal Identification and Information of the Department of Justice, and may be included in the state summary criminal history information.

The full palm print file shall be limited to containing information only on individuals convicted of crimes specified in subdivision (a). These full palm prints shall be maintained until the subject is no longer required to register pursuant to Section 290.

(g) The DNA and other genetic typing information, and full palm prints, shall be released only to law enforcement agencies, including, but not limited to, parole officers of the Department of Corrections, hearing officers of the parole authority, and district attorneys' offices, at the request of the agency, except as specified in this section. Dissemination of this information to law enforcement agencies and district attorneys' offices outside the state shall be done in conformity with the provisions of this section.

(h) Any person who knowingly discloses DNA or other genetic typing information or full palm print comparison results developed pursuant to this section to unauthorized individuals or agencies, or for other than law enforcement purposes, shall be guilty of a misdemeanor.

(i) Furnishing DNA or other genetic typing information or full palm print comparison results to defense counsel for criminal defense purposes in compliance with discovery is not a violation of this section.

(j) It is not a violation of this section to disseminate statistical or research information obtained from the offender's file, the computerized data bank system, or the full palm print file, provided

that the subject of the file is not identified and cannot be identified from the information disclosed. It is also not a violation of this section to include information obtained from a file as follows: (1) in a transcript or record of a judicial proceeding, or (2) in any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(k) The Department of Justice shall make public the methodology and procedures to be used in its DNA program prior to the commencement of DNA testing in its laboratories. The Department of Justice shall review and consider on an ongoing basis the findings and results of any peer review and validation studies submitted to the department by members of the relevant scientific community experienced in the use of DNA technology.

SEC. 3. Section 2 of this bill incorporates amendments to Section 290.2 of the Penal Code proposed by both this bill and AB 62 of the 1993–94 First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 290.2 of the Penal Code, and (3) this bill is enacted after AB 62. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 62, Section 1 of this bill shall be operative until the operative date of AB 62, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after AB 62, Section 290.2 of the Penal Code, as amended by AB 62, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for these costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To enable law enforcement as soon as possible to more effectively police those required to register as sex offenders through the use of palm and thumbprints, it is necessary that this act go into immediate effect.

CHAPTER 43

An act to add Section 273.56 to the Penal Code, relating to criminal penalties.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 273.56 is added to the Penal Code, to read:

273.56. (a) If probation is granted, or the execution or imposition of sentence is suspended, for any person convicted under Section 273.5 and sentenced under Section 273.55, it shall be a condition of probation that he or she be imprisoned in a county jail for not less than 15 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of the sentence. Conditions of probation may also include conditions set forth in subdivision (h) of Section 273.5.

(b) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under Section 273.5 and sentenced under Section 273.55 because he or she has been convicted previously for two or more offenses that occurred within seven years of an offense designated in subdivision (a) of Section 273.55, against the class of persons designated under subdivision (a) of Section 273.5, it shall be a condition of probation that he or she be imprisoned in a county jail for not less than 60 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. However, the court upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of the sentence. Conditions of probation may also include conditions set forth in subdivision (h) of Section 273.5.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

First Extraordinary Session

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 44

An act to amend Section 1000 of the Penal Code, relating to drug offenses.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1000 of the Penal Code is amended to read:

1000. (a) This chapter shall apply whenever a case is before any court upon an accusatory pleading for a violation of Section 11350, 11357, 11364, 11365, 11377, or 11550 of the Health and Safety Code, or Section 11358 of the Health and Safety Code if the marijuana planted, cultivated, harvested, dried, or processed is for personal use, or Section 11368 of the Health and Safety Code if the narcotic drug was secured by a fictitious prescription and is for the personal use of the defendant and was not sold or furnished to another, or Section 11370.1 of the Health and Safety Code if the amount possessed is one-half gram or less of a substance containing cocaine base, one gram or less of a substance containing cocaine, one gram or less of a substance containing heroin, one gram or less of a substance containing methamphetamine, one-eighth gram or less of a crystalline substance containing phencyclidine, one milliliter or less of a liquid substance containing phencyclidine, one-half gram or less of plant material containing phencyclidine, or one hand-rolled cigarette treated with phencyclidine, or subdivision (d) of Section 653f if the solicitation was for acts directed to personal use only, or Section 381 or subdivision (f) of Section 647 of the Penal Code, if for being under the influence of a controlled substance, or Section 4230 of the Business and Professions Code, and it appears to the district attorney that, except as provided in subdivision (b) of Section 11357 of the Health and Safety Code, all of the following apply to the defendant:

(1) The defendant has no conviction for any offense involving controlled substances prior to the alleged commission of the charged divertible offense.

(2) The offense charged did not involve a crime of violence or threatened violence.

(3) There is no evidence of a violation relating to narcotics or restricted dangerous drugs other than a violation of the sections listed in this subdivision.

(4) The defendant's record does not indicate that probation or parole has ever been revoked without thereafter being completed.

(5) The defendant's record does not indicate that he or she has

been diverted pursuant to this chapter within five years prior to the alleged commission of the charged divertible offense.

(6) The defendant has no prior felony conviction within five years prior to the alleged commission of the charged divertible offense.

(b) The district attorney shall review his or her file to determine whether or not paragraphs (1) to (6), inclusive, of subdivision (a) are applicable to the defendant. Upon the agreement of the district attorney, law enforcement, the public defender, and the presiding judge of the criminal division of the municipal court or a judge designated by the presiding judge, this procedure shall be completed as soon as possible after the initial filing of the charges. If the defendant is found eligible, the district attorney shall file with the court a declaration in writing or state for the record the grounds upon which the determination is based, and shall make this information available to the defendant and his or her attorney. This procedure is intended to allow the court to set the diversion hearing at the arraignment. If the defendant is found ineligible, the district attorney shall file with the court a declaration in writing or state for the record the grounds upon which the determination is based, and shall make this information available to the defendant and his or her attorney.

(c) All referrals to diversion granted by the court pursuant to this chapter on or after January 1, 1995, shall be made only to diversion programs which have been certified by the county drug program administrator pursuant to Chapter 1.5 (commencing with Section 1211) of Title 8, or to diversion programs which provide services at no cost to the participant and have been deemed by the court and the county drug program administrator to be credible and effective. The defendant may request to be referred to a program in any county, as long as that program meets the criteria set forth in this subdivision. Prior to January 1, 1995, all referrals to diversion granted by the court shall, to the maximum extent possible, be made to diversion programs which have been certified by the county drug program administrator pursuant to Chapter 1.5 (commencing with Section 1211) of Title 8, or to diversion programs which provide services at no cost to the participant and have been deemed by the court to be credible and effective.

(d) Successful completion of diversion for a violation of Section 11368 of the Health and Safety Code shall not prohibit any administrative agency from taking disciplinary action against a licensee or from denying a license. Nothing in this subdivision shall be construed to expand or restrict the provisions of Section 1000.5.

(e) Any jurisdiction that provides diversion under this chapter may require a divertee to undergo analysis of his or her urine for the purpose of testing for the presence of any drug as part of a treatment and supervision program. However, urine analysis results shall not be admissible as a basis for any new criminal prosecution or proceeding.

CHAPTER 45

An act to amend Section 1547 of the Penal Code, relating to rewards, and making an appropriation therefor.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1547 of the Penal Code is amended to read:

1547. (a) The Governor may offer a reward of not more than fifty thousand dollars ($50,000), payable out of the General Fund, for information leading to the arrest and conviction of any of the following:

(1) Any convict who has escaped from a state prison, prison camp, prison farm, or the custody of any prison officer or employee or as provided in Section 3059 or 4530.

(2) Any person who has committed, or is charged with the commission of, an offense punishable by death.

(3) Any person engaged in the robbery or hijacking of, or any attempt to rob or hijack, any person upon or in charge of, in whole or in part, any public conveyance engaged at the time in carrying passengers within this state.

(4) Any person who assaults with a deadly weapon or inflicts serious bodily harm upon a peace officer who is acting in the line of duty.

(5) Any person who has committed a crime involving the burning or bombing of public property, including any public hospital housed in a privately owned facility.

(6) Any person who has committed a crime involving the burning or bombing of any private hospital. A reward may be offered by the Governor in conjunction with such a crime only if a reward in conjunction with the same crime is offered by the hospital, or any other public or private donor on its behalf. The amount of the reward offered by the Governor shall not exceed the aggregate amount offered privately, or fifty thousand dollars ($50,000), whichever is less. Nothing in this paragraph shall preclude a private hospital, or any public or private donor on its behalf, from offering a reward in an amount exceeding fifty thousand dollars ($50,000). If a person providing information for a reward under this paragraph so requests, his or her name and address shall remain confidential. This confidentiality, however, shall not preclude or obstruct the investigations of law enforcement authorities.

(7) Any person who commits a violation of Section 11413.

(8) Any person who commits a violation of Section 207.

(9) Any person who has committed a crime involving the burning or bombing of any bookstore or public or private library not subject to Section 11413. A reward may be offered by the Governor in conjunction with such a crime only if a reward in conjunction with the same crime is offered by the bookstore or library, or any other public or private donor on its behalf. The amount of the reward offered by the Governor shall not exceed the aggregate amount offered privately, or fifty thousand dollars ($50,000), whichever is less. Nothing in this paragraph shall preclude a bookstore or public or private library, or any public or private donor on its behalf, from offering a reward in an amount exceeding fifty thousand dollars ($50,000). If a person providing information for a reward under this paragraph so requests, his or her name and address shall remain confidential. This confidentiality, however, shall not preclude or obstruct the investigations of law enforcement authorities.

(10) Any person who commits a violation of Section 454 or 463.

(11) Any person who willfully and maliciously sets fire to, or who attempts to willfully and maliciously set fire to, any property that is included within a hazardous fire area designated by the State Board of Forestry pursuant to Section 4252 of the Public Resources Code or by the Director of Forestry and Fire Protection pursuant to Section 4253 of the Public Resources Code, if the fire, or attempt to set a fire, results in death or great bodily injury to anyone, including fire protection personnel, or if the fire causes substantial structural damage.

(b) The Governor may offer a reward of not more than one hundred thousand dollars ($100,000) for information leading to the arrest and conviction of any person who kills a peace officer who is acting in the line of duty.

(c) The reward shall be paid to the person giving the information, immediately upon the conviction of the person so arrested.

(d) As used in this section, "hijacking" means an unauthorized person causing, or attempting to cause, by violence or threat of violence, a public conveyance to go to an unauthorized destination.

SEC. 2. Section 1547 of the Penal Code is amended to read:

1547. (a) The Governor may offer a reward of not more than fifty thousand dollars ($50,000), payable out of the General Fund, for information leading to the arrest and conviction of any of the following:

(1) Any convict who has escaped from a state prison, prison camp, prison farm, or the custody of any prison officer or employee or as provided in Section 3059 or 4530.

(2) Any person who has committed, or is charged with the commission of, an offense punishable by death.

(3) Any person engaged in the robbery or hijacking of, or any attempt to rob or hijack, any person upon or in charge of, in whole or in part, any public conveyance engaged at the time in carrying passengers within this state.

(4) Any person who attempts to murder either in the first or second degree, assaults with a deadly weapon, or inflicts serious bodily harm upon a peace officer or firefighter who is acting in the line of duty.

(5) Any person who has committed a crime involving the burning or bombing of public or private property, including any public hospital housed in a privately owned facility.

(6) Any person who has committed a crime involving the burning or bombing of any private hospital. A reward may be offered by the Governor in conjunction with such a crime only if a reward in conjunction with the same crime is offered by the hospital, or any other public or private donor on its behalf. The amount of the reward offered by the Governor shall not exceed the aggregate amount offered privately, or fifty thousand dollars ($50,000), whichever is less. Nothing in this paragraph shall preclude a private hospital, or any public or private donor on its behalf, from offering a reward in an amount exceeding fifty thousand dollars ($50,000). If a person providing information for a reward under this paragraph so requests, his or her name and address shall remain confidential. This confidentiality, however, shall not preclude or obstruct the investigations of law enforcement authorities.

(7) Any person who commits a violation of Section 11413.

(8) Any person who commits a violation of Section 207.

(9) Any person who has committed a crime involving the burning or bombing of any bookstore or public or private library not subject to Section 11413. A reward may be offered by the Governor in conjunction with such a crime only if a reward in conjunction with the same crime is offered by the bookstore or library, or any other public or private donor on its behalf. The amount of the reward offered by the Governor shall not exceed the aggregate amount offered privately, or fifty thousand dollars ($50,000), whichever is less. Nothing in this paragraph shall preclude a bookstore or public or private library, or any public or private donor on its behalf, from offering a reward in an amount exceeding fifty thousand dollars ($50,000). If a person providing information for a reward under this paragraph so requests, his or her name and address shall remain confidential. This confidentiality, however, shall not preclude or obstruct the investigations of law enforcement authorities.

(10) Any person who commits a violation of Section 454 or 463.

(11) Any person who willfully and maliciously sets fire to, or who attempts to willfully and maliciously set fire to, any property that is included within a hazardous fire area designated by the State Board of Forestry pursuant to Section 4252 of the Public Resources Code or by the Director of Forestry and Fire Protection pursuant to Section 4253 of the Public Resources Code, if the fire, or attempt to set a fire, results in death or great bodily injury to anyone, including fire protection personnel, or if the fire causes substantial structural damage.

(b) The Governor may offer a reward of not more than one hundred thousand dollars ($100,000) for information leading to the arrest and conviction of any person who kills a peace officer or firefighter who is acting in the line of duty.

(c) The reward shall be paid to the person giving the information, immediately upon the conviction of the person so arrested.

(d) As used in this section, "hijacking" means an unauthorized person causing, or attempting to cause, by violence or threat of violence, a public conveyance to go to an unauthorized destination.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1547 of the Penal Code proposed by both this bill and AB 1551 of the 1993–94 Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1547 of the Penal Code, and (3) this bill is enacted after AB 1551. In that case, one of the following alternatives shall apply:

(a) If this bill becomes operative before AB 1551, Section 1 of this bill shall be operative until the operative date of AB 1551, at which time Section 2 of this bill shall become operative.

(b) If this bill becomes operative after AB 1551, Section 1547 of the Penal Code, as amended by AB 1551, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative and Section 1 of this bill shall not become operative.

SEC. 4. This act shall become operative only if AB 1551 of the 1993–94 Regular Session is enacted and becomes effective on or before January 1, 1995.

CHAPTER 46

An act to amend Section 13967 of the Government Code, and to amend Sections 803 and 1202.4 of the Penal Code, relating to sentencing.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 13967 of the Government Code is amended to read:

13967. (a) Upon a person being convicted of any crime in the State of California, the court shall, in addition to any other penalty provided or imposed under the law, order the defendant to pay restitution in the form of a penalty assessment in accordance with Section 1464 of the Penal Code and to pay restitution to the victim in accordance with subdivision (c). In addition, if the person is convicted of one or more felony offenses, including misdemeanor sexual offenses and any misdemeanor offense that causes bodily harm, the court shall impose a separate and additional restitution fine of not less than two hundred dollars ($200) and not more than ten thousand dollars ($10,000). In setting the amount of the fine for felony convictions, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, and the extent to which others suffered losses as a result of the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Except as provided in Section 1202.4 of the Penal Code and subdivision (c) of this section, under no circumstances shall the court fail to impose the separate and additional restitution fine required by this section. This fine shall not be subject to penalty assessments as provided in Section 1464 of the Penal Code.

(b) Except as provided in subdivision (c), the fine imposed pursuant to this section shall be deposited in the Restitution Fund in the State Treasury. Notwithstanding Section 13340, the proceeds in the Restitution Fund are hereby continuously appropriated to the board for the purpose of indemnifying persons filing claims pursuant to this article. However, the funds appropriated pursuant to this section for administrative costs of the State Board of Control shall be subject to annual review through the state budget process.

(c) In cases in which a victim has suffered economic loss as a result of the defendant's criminal conduct, and the defendant is denied probation, in lieu of imposing all or a portion of the restitution fine,

the court shall order restitution to be paid to the victim. If a defendant has been convicted of a felony violation of Section 288 of the Penal Code, restitution to the victim may be ordered whether or not the defendant is denied probation. Notwithstanding subdivision (a), restitution shall be imposed in the amount of the losses, as determined. The court shall order full restitution unless it finds clear and compelling reasons for not doing so, and states them on the record. A restitution order imposed pursuant to this subdivision shall identify the losses to which it pertains, and shall be enforceable as a civil judgment. The making of a restitution order pursuant to this subdivision shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained by the victim against the defendant arising out of the crime for which the defendant was convicted.

Restitution ordered pursuant to this subdivision shall, to the extent possible, be of a dollar amount that is sufficient to fully reimburse the victim, or victims, for all determined economic losses incurred as the result of the defendant's criminal conduct. If the conviction is for felony violation of Section 288 of the Penal Code, the court may also order that the restitution be paid to the victim to cover noneconomic losses, including, but not limited to, psychological harm.

For any order of restitution made pursuant to this subdivision, the defendant shall have the right to a hearing before the judge to dispute the determination made regarding the amount of restitution.

(d) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

SEC. 2. Section 803 of the Penal Code is amended to read:

803. (a) Except as provided in this section, a limitation of time prescribed in this chapter is not tolled or extended for any reason.

(b) No time during which prosecution of the same person for the same conduct is pending in a court of this state is a part of a limitation of time prescribed in this chapter.

(c) A limitation of time prescribed in this chapter does not commence to run until discovery of an offense described in this subdivision. This subdivision applies to an offense punishable by imprisonment in the state prison, a material element of which is fraud or breach of a fiduciary obligation or the basis of which is misconduct in office by a public officer, employee, or appointee, including, but not limited to, the following offenses:

(1) Grand theft of any type, forgery, falsification of public records, or acceptance of a bribe by a public official or a public employee.

(2) A violation of Section 72, 118, 118a, 132, or 134.

(3) A violation of Section 25540, of any type, or Section 25541 of the Corporations Code.

(4) A violation of Section 1090 or 27443 of the Government Code.

(5) Felony welfare fraud or Medi-Cal fraud in violation of Section 11483 or 14107 of the Welfare and Institutions Code.

(6) Felony insurance fraud in violation of Section 548 of this code or Section 1871.1 of the Insurance Code.

(7) A violation of Section 580, 581, 582, 583, or 584 of the Business and Professions Code.

(8) A violation of Section 22430 of the Business and Professions Code.

(9) A violation of Section 10690 of the Health and Safety Code.

(10) A violation of Section 529a.

(d) If the defendant is out of the state when or after the offense is committed, the prosecution may be commenced as provided in Section 804 within the limitations of time prescribed by this chapter, and no time up to a maximum of three years during which the defendant is not within the state shall be a part of those limitations.

(e) A limitation of time prescribed in this chapter does not commence to run until the offense has been discovered, or could have reasonably been discovered, with regard to offenses under Division 7 (commencing with Section 13000) of the Water Code, under Chapter 6.5 (commencing with Section 25100) of, Chapter 6.7 (commencing with Section 25280) of, or Chapter 6.8 (commencing with Section 25300) of, Division 20 of, or Part 4 (commencing with Section 41500) of Division 26 of, the Health and Safety Code, or under Section 386.

(f) Notwithstanding any other limitation of time described in this section, a criminal complaint may be filed within one year of the date of a report to a responsible adult or agency by a child under 18 years of age that the child is a victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5, or in Section 647.6 if the offense involved great bodily injury.

For purposes of this subdivision, a "responsible adult" or "agency" means a person or agency required to report pursuant to Section 11166. This subdivision shall apply only if both of the following occur:

(1) The limitation period specified in Section 800 or 801 has expired.

(2) The defendant has committed at least one violation of Section 261, 286, 288, 288a, 288.5, 289, or 289.5, or of Section 647.6 if the offense involved great bodily injury, against the same victim within the limitation period specified for that crime in either Section 800 or 801.

(g) Notwithstanding any other limitation of time described in this section, a criminal complaint may be filed within one year of the date of a report to a law enforcement agency by a person of any age alleging that he or she, while under the age of 18 years, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289,

or 289.5. This subdivision shall apply only if both of the following occur:

(1) The limitation period specified in Section 800 or 801 has expired.

(2) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation which is not mutual, and there is independent evidence that clearly and convincingly corroborates the victim's allegation. No evidence may be used to corroborate the victim's allegation which would otherwise be inadmissible during trial. Independent evidence shall not include the opinions of mental health professionals.

SEC. 2.5. Section 803 of the Penal Code is amended to read:

803. (a) Except as provided in this section, a limitation of time prescribed in this chapter is not tolled or extended for any reason.

(b) No time during which prosecution of the same person for the same conduct is pending in a court of this state is a part of a limitation of time prescribed in this chapter.

(c) A limitation of time prescribed in this chapter does not commence to run until discovery of an offense described in this subdivision. This subdivision applies to an offense punishable by imprisonment in the state prison, a material element of which is fraud or breach of a fiduciary obligation or the basis of which is misconduct in office by a public officer, employee, or appointee, including, but not limited to, the following offenses:

(1) Grand theft of any type, forgery, falsification of public records, or acceptance of a bribe by a public official or a public employee.

(2) A violation of Section 72, 118, 118a, 132, or 134.

(3) A violation of Section 25540, of any type, or Section 25541 of the Corporations Code.

(4) A violation of Section 1090 or 27443 of the Government Code.

(5) Felony welfare fraud or Medi-Cal fraud in violation of Section 11483 or 14107 of the Welfare and Institutions Code.

(6) Felony insurance fraud in violation of Section 548 or 550 of this code or former Section 1871.1, or Section 1871.4, of the Insurance Code.

(7) A violation of Section 580, 581, 582, 583, or 584 of the Business and Professions Code.

(8) A violation of Section 22430 of the Business and Professions Code.

(9) A violation of Section 10690 of the Health and Safety Code.

(10) A violation of Section 529a.

(d) If the defendant is out of the state when or after the offense is committed, the prosecution may be commenced as provided in Section 804 within the limitations of time prescribed by this chapter, and no time up to a maximum of three years during which the defendant is not within the state shall be a part of those limitations.

(e) A limitation of time prescribed in this chapter does not commence to run until the offense has been discovered, or could

have reasonably been discovered, with regard to offenses under Division 7 (commencing with Section 13000) of the Water Code, under Chapter 6.5 (commencing with Section 25100) of, Chapter 6.7 (commencing with Section 25280) of, or Chapter 6.8 (commencing with Section 25300) of, Division 20 of, or Part 4 (commencing with Section 41500) of Division 26 of, the Health and Safety Code, or under Section 386.

(f) Notwithstanding any other limitation of time described in this section, a criminal complaint may be filed within one year of the date of a report to a responsible adult or agency by a child under 18 years of age that the child is a victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5, or in Section 647.6 if the offense involved great bodily injury.

For purposes of this subdivision, a "responsible adult" or "agency" means a person or agency required to report pursuant to Section 11166. This subdivision shall apply only if both of the following occur:

(1) The limitation period specified in Section 800 or 801 has expired.

(2) The defendant has committed at least one violation of Section 261, 286, 288, 288a, 288.5, 289, or 289.5, or of Section 647.6 if the offense involved great bodily injury, against the same victim within the limitation period specified for that crime in either Section 800 or 801.

(g) Notwithstanding any other limitation of time described in this section, a criminal complaint may be filed within one year of the date of a report to a law enforcement agency by a person of any age alleging that he or she, while under the age of 18 years, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5. This subdivision shall apply only if both of the following occur:

(1) The limitation period specified in Section 800 or 801 has expired.

(2) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation which is not mutual, and there is independent evidence that clearly and convincingly corroborates the victim's allegation. No evidence may be used to corroborate the victim's allegation which would otherwise be inadmissible during trial. Independent evidence shall not include the opinions of mental health professionals.

SEC. 3. Section 1202.4 of the Penal Code is amended to read:

1202.4. In any case in which a defendant is convicted of a felony, the court shall order the defendant to pay a restitution fine as provided in subdivision (a) of Section 13967 of the Government Code. The restitution fine shall be in addition to any other penalty or fine imposed and shall be ordered regardless of the defendant's present ability to pay. However, if the court finds that there are compelling and extraordinary reasons related to the defendant's ability to pay, the court may waive imposition of the fine.

SEC. 4. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f).

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine. The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000) if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000) if the person is convicted of a misdemeanor.

(c) The restitution fine shall be in addition to any other penalty or fine imposed and shall be ordered regardless of the defendant's present ability to pay. However, if the court finds that there are compelling and extraordinary reasons related to the defendant's ability to pay, the court may waive imposition of the fine. When the waiver is granted, the court shall state on the record all reasons supporting the waiver. Except as provided in this subdivision and subdivision (f), under no circumstances shall the court fail to impose the separate and additional restitution fine required by this section. This fine shall not be subject to penalty assessments as provided in Section 1464.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two hundred dollar ($200) or one hundred dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's ability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, and the extent to which any other person suffered any losses as a result of the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required.

(e) Except as provided in subdivision (f), the fine imposed pursuant to this section shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, and the defendant is denied probation, in lieu of imposing all or a portion of the restitution fine pursuant to subdivision (b), the court shall require that the defendant make restitution to the victim or victims. Payments made pursuant to this subdivision shall be made to the Restitution Fund to the extent that the person has received assistance pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(g) Restitution ordered pursuant to subdivision (f) shall be imposed in the amount of the losses, as determined. The court shall order full restitution unless it finds clear and compelling reasons for not doing so, and states them on the record. Restitution shall, to the extent possible, be of a dollar amount that is sufficient to fully reimburse the victim or victims, for every determined economic loss incurred as the result of the defendant's criminal conduct, including all of the following:

(1) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(2) Medical expenses.

(3) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor.

(4) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution.

(h) A restitution order imposed pursuant to subdivision (f) shall identify the losses to which it pertains, and shall be enforceable as a civil judgment. The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(i) If the conviction is for felony violation of Section 288, restitution may be ordered pursuant to subdivision (f) regardless of whether or not the defendant is denied probation and the court may order that the restitution be paid to the victim to cover noneconomic losses, including, but not limited to, psychological harm.

(j) For any order of restitution made pursuant to subdivision (f),

the defendant shall have the right to a hearing before the judge to dispute the determination made regarding the amount of restitution.

(k) For purposes of this section, "victim" shall include the immediate surviving family of the actual victim.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) The provisions of Section 13966.01 of the Government Code shall apply to restitution imposed pursuant to this section.

(n) Nothing in this section shall prevent a court from ordering restitution to any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

SEC. 5. The changes in Section 13967 of the Government Code proposed by Section 1 of this bill shall not become operative if AB 3169 is chaptered.

SEC. 6. Section 2.5 of this bill incorporates amendments to Section 803 of the Penal Code proposed by both this bill and AB 1691 of the 1993–94 Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 803 of the Penal Code, and (3) this bill is enacted after AB 1691 of the 1993–94 Regular Session. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 1691, Section 2 of this bill shall be operative until the operative date of AB 1691, at which time Section 2.5 of this bill shall become operative.

(b) If this bill becomes operative after AB 1691, Section 803 of the Penal Code, as amended by AB 3169, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 7. Section 4 of this bill incorporates amendments to Section 1202.4 of the Penal Code proposed by both this bill and AB 3169 of the 1993–94 Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 1202.4 of the Penal Code, and (3) this bill is enacted after AB 3169 of the 1993–94 Regular Session. In which case, one of the following alternatives shall be applicable:

(a) If this bill becomes operative before AB 3169, Section 3 of this bill shall be operative until the operative date of AB 3169, at which time Section 4 of this bill shall become operative.

(b) If this bill becomes operative after AB 3169, Section 1202.4 of the Penal Code, as amended by AB 3169, shall remain operative only

First Extraordinary Session

until the operative date of this bill, at which time Section 4 of this bill shall become operative, and Section 3 of this bill shall not become operative.

CHAPTER 47

An act to add Section 273ab to the Penal Code, relating to crimes.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 273ab is added to the Penal Code, to read:

273ab. Any person who, having the care or custody of a child who is under eight years of age, assaults the child by means of force that to a reasonable person would be likely to produce great bodily injury, resulting in the child's death, shall be punished by imprisonment in the state prison for 15 years to life. Nothing in this section shall be construed as affecting the applicability of subdivision (a) of Section 187 or Section 189.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

First Extraordinary Session

CHAPTER 48

An act to add Section 269 to the Penal Code, relating to crimes.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 269 is added to the Penal Code, to read:

269. (a) Any person who commits any of the following acts upon a child who is under 14 years of age and 10 or more years younger than the person is guilty of aggravated sexual assault of a child:

(1) A violation of paragraph (2) of subdivision (a) of Section 261.

(2) A violation of Section 264.1.

(3) Sodomy, in violation of Section 286, when committed by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person

(4) Oral copulation, in violation of Section 288a, when committed by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(5) A violation of subdivision (a) of Section 289.

(b) Any person who violates this section is guilty of a felony and shall be punished by imprisonment in the state prison for 15 years to life.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution

CHAPTER 49

An act to amend Section 1000.12 of, and to repeal Sections 1000.14, 1000.15, 1000.16, and 1000.18 of, the Penal Code, relating to child abuse.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1000.12 of the Penal Code is amended to read:

1000.12. (a) It is the intent of the Legislature that nothing in this chapter deprive a prosecuting attorney of the ability to prosecute any person who is suspected of committing any crime in which a minor is a victim of an act of molestation, abuse, or neglect to the fullest extent of the law, if the prosecuting attorney so chooses.

(b) Except as provided in subdivision (c), in lieu of prosecuting a person suspected of committing any crime, involving a minor victim, of an act of abuse or neglect, the prosecuting attorney may refer that person to the county department in charge of public social services or the probation department for counseling or psychological treatment and such other services as the department deems necessary. The prosecuting attorney shall seek the advice of the county department in charge of public social services or the probation department in determining whether or not to make the referral.

(c) (1) In lieu of trial, the prosecuting attorney may make a motion to the trial court to defer entry of judgment with respect to any crime charged in which a minor is a victim of an act of molestation or sexual abuse, provided that the defendant pleads guilty to all crimes and enhancements charged. Upon that motion and defendant's plea of guilty to all charges and enhancements, the court may defer entry of judgment, contingent upon the defendant's referral to, and completion of, a treatment program approved by the prosecuting attorney. Upon the defendant's successful completion of the treatment program, and upon the positive recommendation of the treatment program authority and the motion of the prosecuting attorney, but no sooner than five years from the date of the defendant's referral to the treatment program, the court shall dismiss the charge or charges against the defendant.

(2) Upon any failure of treatment under the program described in paragraph (1), the prosecuting attorney may make a motion to the court for entry of judgment and the court shall, upon a finding of failure of treatment based on a preponderance of evidence, enter judgment upon the defendant's pleas and admissions, and schedule

a sentencing hearing as otherwise provided in this code.

(3) The office of the prosecuting attorney shall promulgate eligibility standards for deferred entry of judgment and treatment of defendants described in paragraph (1), which shall include, but not be limited to, all of the following:

(A) Deferred entry of judgment for the defendant is in the best interests of the minor victim.

(B) Rehabilitation of the defendant is feasible in a recognized treatment program designed to deal with child molestation, abuse, or neglect, as specifically related to the charges made, and, if the defendant is to remain in the minor victim's household or to have unsupervised contact with the minor victim at any time during his or her participation in the treatment program, the program is specifically designed to deal with the conduct supporting the offense charged.

(C) There is no threat of harm to the minor victim if entry of judgment is deferred.

(D) No person shall be deemed eligible for deferred entry of judgment under this section unless he or she pleads guilty to all charges and enhancements.

(E) Deferred entry of judgment shall not apply to any person who is charged under subdivision (b) of Section 288, or any sexual offense involving force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the minor victim or another person.

(F) Any person who applies for deferred entry of judgment under this section shall also meet all of the requirements for the counseling program delineated under Section 1000.13.

(4) Deferred entry of judgment shall be granted upon the following terms:

(A) Defendant shall seek and participate in a rehabilitation program as prescribed by the district attorney.

(B) Defendant shall not use, handle, or have in his or her possession marijuana, narcotics, dangerous drugs, or controlled substances of any kind, unless lawfully prescribed for the defendant by a licensed physician.

(C) Defendant shall not associate with known or reputed users or sellers of marijuana, dangerous drugs, or narcotics, or be in places where narcotics or dangerous drugs are present.

(D) Defendant shall submit his or her person, property, automobile, and any object under defendant's control to search and seizure in or out of the presence of the defendant, by any law enforcement officer or probation officer.

(E) Unification with the family or unsupervised contact with the minor victim or any other minor shall be prohibited except upon recommendation of the treatment program and motion of the district attorney and order of the court.

First Extraordinary Session

(F) Any violation of the law constitutes a failure of treatment.

SEC. 2. Section 1000.14 of the Penal Code is repealed.

SEC. 3. Section 1000.15 of the Penal Code is repealed.

SEC. 4. Section 1000.16 of the Penal Code is repealed.

SEC. 5. Section 1000.18 of the Penal Code is repealed.

CHAPTER 50

An act to add and repeal Section 11105.03 of the Penal Code, relating to state summary criminal history information.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 11105.03 is added to the Penal Code, to read:

11105.03. (a) Subject to the requirements and conditions set forth in this section and Section 11105, local law enforcement agencies are hereby authorized to provide state criminal summary history information obtained through CLETS for the purpose of screening prospective residents and prospective and current staff, of a regional, county, city, or other local public housing authority, at the request of the chief executive officer of the authority or his or her designee, upon a showing by that authority that the authority operates housing at which children under the age of 18 years reside or operates housing for persons categorized as aged, blind, or disabled.

(b) The following requirements shall apply to information released by local law enforcement agencies pursuant to subdivision (a):

(1) Local law enforcement agencies shall not release any information unless it relates to a conviction for a serious felony, as defined in subdivision (c) of Section 1192.7, a conviction for any offense punishable under Section 273.5, 422.6, 422.7, 422.75, 422.9, 1170.75, 12020, 12021, or 12021.1, a conviction under Section 273.6 that involves a violation of a protective order, as defined in Section 6218 of the Family Code, or a conviction for any offense that involves domestic violence, as defined in Section 13700.

(2) Local law enforcement agencies shall not release any information concerning any arrest for an offense that did not result in a conviction.

(3) Local law enforcement agencies shall not release any information concerning any offense committed by a person who was under 18 years of age at the time he or she committed the offense.

(4) Local law enforcement agencies shall not release any information concerning any conviction that occurred more than 10 years before the date on which the request for information is submitted to the Attorney General.

(5) Notwithstanding paragraph (4), if information that meets the requirements of paragraphs (2) to (4), inclusive, is located and the information reveals a conviction of an offense specified in paragraph

(1), local law enforcement agencies shall release all summary criminal history information concerning the person whether or not the information meets the requirements of paragraph (4), provided, however, that the information meets the requirements of paragraphs (1) to (3), inclusive.

(c) (1) If a request for summary criminal history information concerning a person who is on probation or parole is made pursuant to subdivision (a), local law enforcement agencies shall not release the information directly to the housing authority, but shall instead release the information to the person's probation or parole officer, who shall make the information available to the authority. However, if the request for information concerns a person who is not on probation or parole, local law enforcement agencies shall release the information directly to the housing authority.

(2) A probation or parole officer to whom information is released by local law enforcement agencies under paragraph (1) shall make the information available to the authority within 14 days of receipt. Upon receiving notification from the authority that the probation or parole officer has not made the information available to the authority within 14 days of receipt, local law enforcement agencies shall release the information directly to the authority.

(d) State summary criminal history information shall be used by the chief executive officer of the housing authority or a designee only for purposes of identifying prospective residents and prospective and current staff who have access to residences, whose criminal history is likely to pose a risk to children under the age of 18 years or persons categorized as aged, blind, or disabled living in the housing operated by the authority.

(e) If a housing authority obtains summary criminal history information for the purpose of screening a prospective resident pursuant to this section, it shall review and evaluate that information in the context of other available information and shall not evaluate the person's suitability as a prospective resident based solely on his or her past criminal history.

(f) If a housing authority determines that a prospective resident is not eligible as a resident, it shall promptly notify him or her of the basis for its determination and, upon request, shall provide him or her within a reasonable time after the determination is made with an opportunity for an informal hearing on the determination in accordance with Section 960.207 of Title 24 of the Code of Federal Regulations.

(g) Any information obtained from state summary criminal history information pursuant to this section is confidential and the recipient public housing authority shall not disclose or use the information for any purpose other than that authorized by this section. The state summary criminal history information in the possession of the authority and all copies made from it shall be destroyed not more than 30 days after the authority's final decision

First Extraordinary Session

whether to act on the housing status of the individual to whom the information relates.

(h) The local public housing authority receiving state summary criminal history information pursuant to this section shall adopt regulations governing the receipt, maintenance, and use of the information. The regulations shall include provisions that require notice that the authority has access to criminal records of applicants and employees who have access to residences.

(i) Use of this information is to be consistent with Title 24 of the Code of Federal Regulations and the current regulations adopted by the housing authority using the information.

(j) Nothing in this section shall be construed to require a housing authority to request and review an applicant's criminal history.

(k) This section shall remain in effect only until three years following its effective date, and as of that date is repealed, unless a later enacted statute, that is enacted before that date, deletes or extends that date.

CHAPTER 51

An act to amend Sections 1689.5, 1689.6, 1689.7, and 1689.13 of, and to add Section 1689.14 to, the Civil Code, and to add Section 396 to the Penal Code, relating to consumer protection.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1689.5 of the Civil Code is amended to read:

1689.5. As used in Sections 1689.6 to 1689.11, inclusive, and in Section 1689.14:

(a) "Home solicitation contract or offer" means any contract, whether single or multiple, or any offer which is subject to approval, for the sale, lease, or rental of goods or services or both, made at other than appropriate trade premises in an amount of twenty-five dollars ($25) or more, including any interest or service charges. "Home solicitation contract" does not include any contract under which the buyer has the right to rescind pursuant to Title 1, Chapter 2, Section 125 of the Federal Consumer Credit Protection Act (P.L. 90-321) and the regulations promulgated pursuant thereto, or any contract for repair services with a contractor who is duly licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, if (1) the contract price is less than one hundred dollars ($100), (2) the negotiation between the parties was initiated by the prospective buyer, and (3) the contract contains a written and dated statement signed by the prospective buyer stating that the negotiation between the parties was initiated by the prospective buyer.

(b) "Appropriate trade premises," means premises where either the owner or seller normally carries on a business, or where goods are normally offered or exposed for sale in the course of a business carried on at those premises.

(c) "Goods" means tangible chattels bought for use primarily for personal, family, or household purposes, including certificates or coupons exchangeable for these goods, and including goods that, at the time of the sale or subsequently, are to be so affixed to real property as to become a part of the real property whether or not severable therefrom, but does not include any vehicle required to be registered under the Vehicle Code, nor any goods sold with this vehicle if sold under a contract governed by Section 2982, and does not include any mobilehome, as defined in Section 18008 of the Health and Safety Code, nor any goods sold with this mobilehome if either are sold under a contract subject to Section 18036.5 of the Health and Safety Code.

(d) "Services" means work, labor and services, including, but not limited to, services furnished in connection with the repair, restoration, alteration, or improvement of residential premises, or services furnished in connection with the sale or repair of goods as defined in Section 1802.1, and courses of instruction, regardless of the purpose for which they are taken, but does not include the services of attorneys, real estate brokers and salesmen, securities dealers or investment counselors, physicians, optometrists, or dentists, nor financial services offered by banks, savings institutions, credit unions, industrial loan companies, personal property brokers, consumer finance lenders, or commercial finance lenders, organized pursuant to state or federal law, that are not connected with the sale of goods or services, as defined herein, nor the sale of insurance that is not connected with the sale of goods or services as defined herein, nor services in connection with the sale or installation of mobilehomes or of goods sold with a mobilehome if either are sold or installed under a contract subject to Section 18036.5 of the Health and Safety Code, nor services for which the tariffs, rates, charges, costs, or expenses, including in each instance the time sale price, is required by law to be filed with and approved by the federal government or any official, department, division, commission, or agency of the United States or of the state.

(e) "Business day" means any calendar day except Sunday, or the following business holidays: New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day.

SEC. 2. Section 1689.6 of the Civil Code is amended to read:

1689.6. (a) In addition to any other right to revoke an offer, the buyer has the right to cancel a home solicitation contract or offer until midnight of the third business day after the day on which the buyer signs an agreement or offer to purchase which complies with Section 1689.7.

(b) In addition to any other right to revoke an offer, any buyer has the right to cancel a home solicitation contract or offer for the purchase of a personal emergency response unit until midnight of the seventh business day after the day on which the buyer signs an agreement or offer to purchase which complies with Section 1689.7. This subdivision shall not apply to a personal emergency response unit installed with, and as part of, a home security alarm system subject to the Alarm Company Act (Chapter 11.6 (commencing with Section 7590) of Division 3 of the Business and Professions Code) which has two or more stationary protective devices used to enunciate an intrusion or fire and is installed by an alarm company operator operating under a current license issued pursuant to the Alarm Company Act, which shall instead be subject to subdivision (a).

(c) In addition to any other right to revoke an offer, a buyer has the right to cancel a home solicitation contract or offer for the repair or restoration of residential premises damaged by a disaster that was

not void pursuant to Section 1689.14, until midnight of the seventh business day after the buyer signs and dates the contract.

(d) Cancellation occurs when the buyer gives written notice of cancellation to the seller at the address specified in the agreement or offer.

(e) Notice of cancellation, if given by mail, is effective when deposited in the mail properly addressed with postage prepaid.

(f) Notice of cancellation given by the buyer need not take the particular form as provided with the contract or offer to purchase and, however expressed, is effective if it indicates the intention of the buyer not to be bound by the home solicitation contract or offer.

(g) "Personal emergency response unit," for purposes of this section, means an in-home radio transmitter device or two-way radio device generally, but not exclusively, worn on a neckchain, wrist strap, or clipped to clothing, and connected to a telephone line through which a monitoring station is alerted of an emergency and emergency assistance is summoned.

SEC. 3. Section 1689.7 of the Civil Code is amended to read:

1689.7. (a) (1) In a home solicitation contract or offer the buyer's agreement or offer to purchase shall be written in the same language, e.g., Spanish, as principally used in the oral sales presentation, shall be dated, signed by the buyer, and except as provided in paragraph (2), shall contain in immediate proximity to the space reserved for his or her signature a conspicuous statement in a size equal to at least 10-point bold type, as follows: "You, the buyer, may cancel this transaction at any time prior to midnight of the third business day after the date of this transaction. See the attached notice of cancellation form for an explanation of this right."

(2) The statement required pursuant to this subdivision for a home solicitation contract or offer for the purchase of a personal emergency response unit, as defined in Section 1689.6, which is not installed with and as part of a home security alarm system subject to the Alarm Company Act (Chapter 11.6 (commencing with Section 7590) of Division 3 of the Business and Professions Code) which has two or more stationary protective devices used to enunciate an intrusion or fire and is installed by an alarm company operator operating under a current license issued pursuant to the Alarm Company Act, is as follows: "You, the buyer, may cancel this transaction at any time prior to midnight of the seventh business day after the date of this transaction. See the attached notice of cancellation form for an explanation of this right."

(3) The statement required pursuant to this subdivision for the repair or restoration of residential premises damaged by a disaster pursuant to subdivision (c) of Section 1689.6 is as follows: "You, the buyer, may cancel this transaction at any time prior to midnight of the seventh business day after the date of this transaction. See the attached notice of cancellation form for an explanation of this right."

(b) The agreement or offer to purchase shall contain on the first

(d) Any agreement or offer to purchase a personal emergency response unit, as defined in Section 1689.6, which is not installed with and as part of a home security alarm system subject to the Alarm Company Act which has two or more stationary protective devices used to enunciate an intrusion or fire and is installed by an alarm company operator operating under a current license issued pursuant to the Alarm Company Act, shall be subject to the requirements of subdivision (c), and shall be accompanied by the "Notice of Cancellation" required by subdivision (c), except that the first paragraph of that notice shall be deleted and replaced with the following paragraph:

You may cancel this transaction, without any penalty or obligation, within seven business days from the above date.

(e) Any agreement or offer to purchase services for the repair or restoration of residential premises damaged by a disaster that is subject to subdivision (c) of Section 1689.6, shall be subject to the requirements of subdivision (c) of this section, and shall be accompanied by the "Notice of Cancellation" required by subdivision (c) of this section, except that the first paragraph of that notice shall be deleted and replaced with the following paragraph:

You may cancel this transaction, without any penalty or obligation, within seven business days from the above date.

(f) The seller shall provide the buyer with a copy of the contract or offer to purchase and the attached notice of cancellation, and shall inform the buyer orally of his or her right to cancel and the requirement that cancellation be in writing, at the time the home solicitation contract or offer is executed.

(g) Until the seller has complied with this section the buyer may cancel the home solicitation contract or offer.

(h) "Contract or sale" as used in subdivision (c) means "home solicitation contract or offer" as defined by Section 1689.5.

SEC. 4. Section 1689.13 of the Civil Code is amended to read:

1689.13. Sections 1689.5 to 1689.7, inclusive, Sections 1689.10 to 1689.12, inclusive, and Section 1689.14 shall not apply to a contract that is initiated by the buyer or his or her agent or insurance representative and that is executed in connection with the making of emergency or immediate necessity repairs or services that are necessary for the immediate protection of persons or real or personal property, provided that the buyer furnishes the seller with a separate dated and signed personal statement describing the situation requiring immediate remedy and expressly acknowledging and waiving the right to cancel the sale within three or seven business days, whichever applies.

SEC. 5. Section 1689.14 is added to the Civil Code, to read:

1689.14. (a) Any home solicitation contract or offer for the repair or restoration of residential premises signed by the buyer on or after the date on which a disaster causes damage to the residential premises, but not later than midnight of the seventh business day

page, in a type size no smaller than that generally used in the body of the document, the following: (1) the name and address of the seller to which the notice is to be mailed, and (2) the date the buyer signed the agreement or offer to purchase.

(c) Except as provided in subdivision (d), the agreement or offer to purchase shall be accompanied by a completed form in duplicate, captioned "Notice of Cancellation" which shall be attached to the agreement or offer to purchase and be easily detachable, and which shall contain in type of at least 10-point the following statement written in the same language, e.g., Spanish, as used in the contract:

"Notice of Cancellation"

/enter date of transaction/

_____

(Date)

You may cancel this transaction, without any penalty or obligation, within three business days from the above date.

If you cancel, any property traded in, any payments made by you under the contract or sale, and any negotiable instrument executed by you will be returned within 10 days following receipt by the seller of your cancellation notice, and any security interest arising out of the transaction will be canceled.

If you cancel, you must make available to the seller at your residence, in substantially as good condition as when received, any goods delivered to you under this contract or sale, or you may, if you wish, comply with the instructions of the seller regarding the return shipment of the goods at the seller's expense and risk.

If you do make the goods available to the seller and the seller does not pick them up within 20 days of the date of your notice of cancellation, you may retain or dispose of the goods without any further obligation. If you fail to make the goods available to the seller, or if you agree to return the goods to the seller and fail to do so, then you remain liable for performance of all obligations under the contract.

To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice, or send a telegram

to _____,

/name of seller/

at _____

/address of seller's place of business/

not later than midnight of _____

(Date)

I hereby cancel this transaction. _____

(Date)

_____

(Buyer's signature)

after this date, shall be void, unless the buyer or his or her agent or insurance representative solicited the contract or offer at the appropriate trade premises of the seller. Any contract covered by this subdivision shall not be void if solicited by the buyer or his or her agent or insurance representative regardless of where the contract is made. For purposes of this section, buyer solicitation includes a telephone call from the buyer to the appropriate trade premises of the seller whether or not the call is in response to a prior home solicitation.

(b) As used in this section and Section 1689.6, "disaster" means an earthquake, flood, fire, hurricane, riot, storm, tidal wave, or other similar sudden or catastrophic occurrence.

SEC. 6. Section 396 is added to the Penal Code, to read:

396. (a) The Legislature hereby finds that during emergencies and major disasters, including, but not limited to, earthquakes, fires, floods, or civil disturbances, some merchants have taken unfair advantage of consumers by greatly increasing prices for essential consumer goods and services. While the pricing of consumer goods and services is generally best left to the marketplace under ordinary conditions, when a declared state of emergency results in abnormal disruptions of the market, the public interest requires that excessive and unjustified increases in the prices of essential consumer goods and services be prohibited. It is the intent of the Legislature in enacting this act to protect citizens from excessive and unjustified increases in the prices charged during or shortly after a declared state of emergency for goods and services that are vital and necessary for the health, safety, and welfare of consumers. Further it is the intent of the Legislature that this section be liberally construed so that its beneficial purposes may be served.

(b) Upon the proclamation of a state of emergency resulting from an earthquake, flood, fire, riot, storm, or natural or manmade disaster declared by the President of the United States or the Governor, or upon the declaration of a local emergency resulting from an earthquake, flood, fire, riot, storm, or natural or manmade disaster by the executive officer of any county or city, or city and county, and for a period of 30 days following that declaration, it is unlawful for any person, contractor, business, or other entity to sell or offer to sell any consumer food items or goods, goods or services used for emergency cleanup, emergency supplies, medical supplies, home heating oil, building materials, housing, transportation, freight, and storage services, or gasoline or other motor fuels for a price of more than 10 percent above the price charged by that person for those goods or services immediately prior to the proclamation of emergency. However, a greater price increase shall not be unlawful if that person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, provided that in those

situations where the increase in price is attributable to additional costs imposed by the seller's supplier or additional costs of providing the good or service during the state of emergency, the price represents no more than 10 percent above the total of the cost to the seller plus the markup customarily applied by the seller for that good or service in the usual course of business immediately prior to the onset of the state of emergency.

(c) Upon the proclamation of a state of emergency resulting from an earthquake, flood, fire, riot, or storm declared by the President of the United States or the Governor, or upon the declaration of a local emergency resulting from an earthquake, flood, fire, riot, or storm by the executive officer of any county or city, or city and county, and for a period of 180 days following that declaration, it is unlawful for any contractor to sell or offer to sell any repair or reconstruction services or any services used in emergency cleanup for a price of more than 10 percent above the price charged by that person for those services immediately prior to the proclamation of emergency. However, a greater price increase shall not be unlawful if that person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, provided that in those situations where the increase in price is attributable to the additional costs imposed by the contractor's supplier or additional costs of providing the service during the state of emergency, the price represents no more than 10 percent above the total of the cost to the contractor plus the markup customarily applied by the contractor for that good or service in the usual course of business immediately prior to the onset of the state of emergency.

(d) The provisions of this section may be extended for additional 30-day periods by a local legislative body or the California Legislature if deemed necessary to protect the lives, property, or welfare of the citizens.

(e) A violation of this section is a misdemeanor punishable by imprisonment in a county jail for a period not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(f) A violation of this section shall constitute an unlawful business practice and an act of unfair competition within the meaning of Section 17200 of the Business and Professions Code. The remedies and penalties provided by this section are cumulative to each other, the remedies under Section 17200 of the Business and Professions Code, and the remedies or penalties available under all other laws of this state.

(g) For the purposes of this section:

(1) "State of emergency" means a natural or manmade disaster or emergency resulting from an earthquake, flood, fire, riot, or storm for which a state of emergency has been declared by the President

of the United States or the Governor of California.

(2) "Local emergency" means a natural or manmade disaster or emergency resulting from an earthquake, flood, fire, riot, or storm for which a local emergency has been declared by the executive officer or governing body of any city or county in California.

(3) "Consumer food item" means any article that is used or intended for use for food, drink, confection, or condiment by a person or animal.

(4) "Repair or reconstruction services" means services performed by any person who is required to be licensed under the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), for repairs to residential or commercial property of any type that is damaged as a result of a disaster.

(5) "Emergency supplies" includes, but is not limited to, water, flashlights, radios, batteries, candles, blankets, soaps, diapers, temporary shelters, tape, toiletries, plywood, nails, and hammers.

(6) "Medical supplies" includes, but is not limited to, prescription and nonprescription medications, bandages, gauze, isopropyl alcohol, and antibacterial products.

(7) "Building materials" means lumber, construction tools, and anything else used in the building or rebuilding of property.

(8) "Gasoline" means any fuel used to power any motor vehicle or power tool.

(9) "Transportation, freight, and storage services" means any service that is performed by any company that contracts to move, store, or transport personal or business property or rents equipment for those purposes.

(10) "Housing" means any rental housing leased on a month-to-month term.

(11) "Goods" has the same meaning as defined in subdivision (c) of Section 1689.5 of the Civil Code.

(h) Nothing in this section shall preempt any local ordinance prohibiting the same or similar conduct or imposing a more severe penalty for the same conduct prohibited by this section.

(i) Any business offering an item for sale at a reduced price immediately prior to the proclamation of the emergency may use the price at which they usually sell the item to calculate the price pursuant to subdivision (b) or (c).

SEC. 7. This act shall become operative only if Assembly Bill 36 of the 1993–94 First Extraordinary Session is enacted and becomes operative.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

First Extraordinary Session

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 52

An act to add Section 7123.5 to the Business and Professions Code, and to add Section 396 to the Penal Code, relating to emergencies.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 7123.5 is added to the Business and Professions Code, to read:

7123.5. If a contractor is convicted of violating Section 396 of the Penal Code or any substantially similar local ordinance in connection with the sale, or offer for sale, of repair or reconstruction services, as defined in Section 396 of the Penal Code, the Contractors' State License Board shall take disciplinary action against the contractor, which shall include a suspension of at least six months or the permanent revocation of the contractor's license.

SEC. 2. Section 396 is added to the Penal Code, to read:

396. (a) The Legislature hereby finds that during emergencies and major disasters, including, but not limited to, earthquakes, fires, floods, or civil disturbances, some merchants have taken unfair advantage of consumers by greatly increasing prices for essential consumer goods and services. While the pricing of consumer goods and services is generally best left to the marketplace under ordinary conditions, when a declared state of emergency results in abnormal disruptions of the market, the public interest requires that excessive and unjustified increases in the prices of essential consumer goods and services be prohibited. It is the intent of the Legislature in enacting this act to protect citizens from excessive and unjustified increases in the prices charged during or shortly after a declared state of emergency for goods and services that are vital and necessary for the health, safety, and welfare of consumers. Further it is the intent of the Legislature that this section be liberally construed so that its beneficial purposes may be served.

(b) Upon the proclamation of a state of emergency resulting from an earthquake, flood, fire, riot, storm, or natural or manmade disaster declared by the President of the United States or the Governor, or upon the declaration of a local emergency resulting from an earthquake, flood, fire, riot, storm, or natural or manmade disaster by the executive officer of any county or city, or city and county, and for a period of 30 days following that declaration, it is unlawful for any person, contractor, business, or other entity to sell or offer to sell any consumer food items or goods, goods or services used for

emergency cleanup, emergency supplies, medical supplies, home heating oil, building materials, housing, transportation, freight, and storage services, or gasoline or other motor fuels for a price of more than 10 percent above the price charged by that person for those goods or services immediately prior to the proclamation of emergency. However, a greater price increase shall not be unlawful if that person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, provided that in those situations where the increase in price is attributable to additional costs imposed by the seller's supplier or additional costs of providing the good or service during the state of emergency, the price represents no more than 10 percent above the total of the cost to the seller plus the markup customarily applied by the seller for that good or service in the usual course of business immediately prior to the onset of the state of emergency.

(c) Upon the proclamation of a state of emergency resulting from an earthquake, flood, fire, riot, or storm declared by the President of the United States or the Governor, or upon the declaration of a local emergency resulting from an earthquake, flood, fire, riot, or storm by the executive officer of any county or city, or city and county, and for a period of 180 days following that declaration, it is unlawful for any contractor to sell or offer to sell any repair or reconstruction services or any services used in emergency cleanup for a price of more than 10 percent above the price charged by that person for those services immediately prior to the proclamation of emergency. However, a greater price increase shall not be unlawful if that person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, provided that in those situations where the increase in price is attributable to the additional costs imposed by the contractor's supplier or additional costs of providing the service during the state of emergency, the price represents no more than 10 percent above the total of the cost to the contractor plus the markup customarily applied by the contractor for that good or service in the usual course of business immediately prior to the onset of the state of emergency.

(d) The provisions of this section may be extended for additional 30-day periods by a local legislative body or the California Legislature if deemed necessary to protect the lives, property, or welfare of the citizens.

(e) A violation of this section is a misdemeanor punishable by imprisonment in a county jail for a period not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(f) A violation of this section shall constitute an unlawful business

practice and an act of unfair competition within the meaning of Section 17200 of the Business and Professions Code. The remedies and penalties provided by this section are cumulative to each other, the remedies under Section 17200 of the Business and Professions Code, and the remedies or penalties available under all other laws of this state.

(g) For the purposes of this section:

(1) "State of emergency" means a natural or manmade disaster or emergency resulting from an earthquake, flood, fire, riot, or storm for which a state of emergency has been declared by the President of the United States or the Governor of California.

(2) "Local emergency" means a natural or manmade disaster or emergency resulting from an earthquake, flood, fire, riot, or storm for which a local emergency has been declared by the executive officer or governing body of any city or county in California.

(3) "Consumer food item" means any article that is used or intended for use for food, drink, confection, or condiment by a person or animal.

(4) "Repair or reconstruction services" means services performed by any person who is required to be licensed under the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), for repairs to residential or commercial property of any type that is damaged as a result of a disaster.

(5) "Emergency supplies" includes, but is not limited to, water, flashlights, radios, batteries, candles, blankets, soaps, diapers, temporary shelters, tape, toiletries, plywood, nails, and hammers.

(6) "Medical supplies" includes, but is not limited to, prescription and nonprescription medications, bandages, gauze, isopropyl alcohol, and antibacterial products.

(7) "Building materials" means lumber, construction tools, windows, and anything else used in the building or rebuilding of property.

(8) "Gasoline" means any fuel used to power any motor vehicle or power tool.

(9) "Transportation, freight, and storage services" means any service that is performed by any company that contracts to move, store, or transport personal or business property or rents equipment for those purposes.

(10) "Housing" means any rental housing leased on a month-to-month term.

(11) "Goods" has the same meaning as defined in subdivision (c) of Section 1689.5 of the Civil Code.

(h) Nothing in this section shall preempt any local ordinance prohibiting the same or similar conduct or imposing a more severe penalty for the same conduct prohibited by this section.

(i) Any business offering an item for sale at a reduced price immediately prior to the proclamation of the emergency may use the

First Extraordinary Session

price at which they usually sell the item to calculate the price pursuant to subdivision (b) or (c).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act shall become operative only if Assembly Bill 57 of the 1993–94 First Extraordinary Session is enacted and becomes operative.

CHAPTER 53

An act to amend Section 3000 of the Penal Code, relating to parole.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931, if applicable, the inmate shall be released on parole for a period not exceeding three years, unless the parole authority for good cause waives parole and discharges the inmate from custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall be also applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) The parole authority shall consider the request of any inmate

regarding the length of his or her parole and the conditions thereof.

(4) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1) or (2), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1) and (2) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole

(5) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority.

(6) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(7) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

CHAPTER 54

An act to add Section 1669.5 to the Civil Code, and to add Section 310.5 to the Penal Code, relating to sexual abuse, and making an appropriation therefor.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1669.5 is added to the Civil Code, to read:

1669.5. (a) Any contract for the payment of money or other consideration to a minor who has been alleged to be the victim of an unlawful sex act, or to his or her legal representative, by the alleged perpetrator of that unlawful sex act, or his or her legal representative, entered into on or after the time of the alleged unlawful sex act, and providing for any payments to be made more than one year after the date of the execution of the contract, is void as contrary to public policy. A district attorney may bring an action or intervene in any action to enjoin enforcement of any contract which is in violation of this section.

(b) This section does not apply after the date of the final judgment in a criminal case against the alleged perpetrator for the unlawful sex act described in subdivision (a).

(c) This section does not apply to a contract for the payment of money or other consideration made from a nonrevocable trust established for the benefit of the minor if the alleged perpetrator has no direct or indirect access to, or control over, the trust.

(d) This section does not apply to an alleged perpetrator of an unlawful sex act against a minor to the extent he or she agrees to pay, or is required by court order to pay, child support for that minor upon a dissolution or legal separation.

(e) For purposes of this section, "unlawful sex act," means a felony sex offense committed against a minor.

(f) Notwithstanding subdivision (a), any contract declared void as contrary to public policy under this section may still be enforced by a district attorney against the payor, and the proceeds thereof shall be deposited in the State Children's Trust Fund pursuant to Section 18969 of the Welfare and Institutions Code.

SEC. 2. Section 310.5 is added to the Penal Code, to read:

310.5. (a) Any parent or guardian of a child who enters into an agreement on behalf of that child which is in violation of Section 1669.5 of the Civil Code, and any alleged perpetrator of an unlawful sex act upon that child who enters into such an agreement, is guilty of a misdemeanor.

(b) Every person convicted of a violation of subdivision (a) shall be punished by a fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), by imprisonment in the county jail for not less than 30 days nor more than six months, or by both such a fine and imprisonment, at the discretion of the court.

(c) For purposes of this section, "unlawful sex act," means a felony sex offense committed against a minor.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 55

An act to amend Section 25354.5 of the Health and Safety Code, relating to hazardous materials, and making an appropriation therefor.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25354.5 of the Health and Safety Code is amended to read:

25354.5. (a) Any state or local law enforcement officer or investigator or other law enforcement agency employee who, in the course of an official investigation or enforcement action with regard to any illegal controlled substance manufacturing operation, comes in contact with, or is aware of, the presence at the site of a substance that the person suspects is a hazardous substance, shall notify the department for the purpose of securing a contractor to identify, clean up, store, and dispose of the suspected hazardous substance, as necessary, except for samples required to be kept for evidentiary purposes.

(b) Notwithstanding any other provision of law, for any hazardous substance that is an illegal controlled substance, a precursor of a controlled substance, or a material intended to be used in the unlawful manufacture of controlled substances, upon notice that the hazardous substance requires a removal action, the department shall take removal action with respect to that hazardous substance, utilizing funds, to the extent available, from the reserve account for emergencies established pursuant to Section 25354 or transferred from the Hazardous Waste Control Account to the Hazardous Substance Account, until December 31, 1995. On and after January 1, 1996, the department may expend funds appropriated from the Illegal Drug Lab Cleanup Account created pursuant to subdivision (e) to pay the costs of removal actions required by this section.

(c) (1) For purposes of Chapter 6.5 (commencing with Section 25100) or this chapter, any person who is found to have operated a site for the purpose of manufacturing an illegal controlled substance or a precursor of an illegal controlled substance is the generator of any hazardous substance at, or released from, the site that is subject to removal action pursuant to this section.

(2) During the removal action, for purposes of complying with the manifest requirements in Section 25160, the department, the county health department, or their designee may sign the hazardous waste manifest as the generator of the hazardous waste. In carrying out that action, the department, the county health department, or their

designee shall be considered to have acted in furtherance of their statutory responsibilities to protect the public health and safety and the environment from the release of hazardous substances, and the department, the county health department, or their designee are not responsible parties for the release or threatened release of the hazardous substances.

(3) The officer, investigator, or agency employee specified in subdivision (a) is not a responsible party for the release or threatened release of any hazardous substances at, or released from, the site.

(d) The department may adopt regulations to implement this section in consultation with appropriate law enforcement agencies.

(e) The Illegal Drug Lab Cleanup Account is hereby created in the General Fund and the department may expend any money in the account, upon appropriation by the Legislature, to carry out the removal actions required by this section.

(f) The responsibilities assigned to the department by the act adding this subdivision apply only to the extent that sufficient funding is made available for that purpose.

CHAPTER 56

An act to amend Section 3003 of the Penal Code, relating to prisoners.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county from which he or she was committed.

For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred and shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) (1) The Department of Corrections shall establish a pilot

project, limited to San Bernardino County, in which the following information, if available, shall be released to the local law enforcement agencies regarding a paroled inmate who is released in San Bernardino County:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was last verified.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(2) The information required by this subdivision shall come from the parolee activity report and sex registrants file. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be done by modem or tape transfer at least once each month.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(5) The San Bernardino County Sheriff's Department shall provide a program evaluation to the Department of Corrections at least once per month. The information shall be provided in a form available for transfer by modem or tape.

(6) The Department of Corrections shall prepare and submit to the Legislature on or before June 30, 1996, a report on the program that includes a recommendation on whether the pilot program should be expanded and an evaluation of the resources necessary to expand the program statewide.

(e) Notwithstanding any other law, an inmate who is released on

parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(f) An inmate may be paroled to another state pursuant to any other law.

SEC. 2. Section 3003 of the Penal Code is amended to read:

3003. (a) (1) Except as otherwise provided in this section, a parolee who is released on parole shall be returned to the county from which he or she was committed by the Department of Corrections and the parolee shall, after January 1, 1996, participate in any transportation program developed by the Department of Corrections, as a term and condition of his or her parole.

(2) Upon a determination by the Department of Corrections that it is in the best interest of the public safety, the department shall physically transport the parolee, upon his or her release, to the county specified in paragraph (1). Until January 1, 1996, this paragraph shall only apply if this provision is made a condition of parole and the parolee accepts the condition.

(3) For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred and shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison facility or while confined for treatment in a state hospital.

(4) The Department of Corrections shall develop and implement, by January 1, 1996, a cost-effective transportation program to transport each parolee to the county from which he or she was committed.

(b) Notwithstanding subdivision (a), a parolee may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for parolees sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for parolees sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the

parolee's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the parolee having been in another county.

(5) The existence of family in another county with whom the parolee has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) (1) The Department of Corrections shall establish a pilot project, limited to San Bernardino County, in which the following information, if available, shall be released to the local law enforcement agencies regarding a paroled inmate who is released in San Bernardino County:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was last verified.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(2) The information required by this subdivision shall come from the parolee activity report and sex registrants file. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be done by modem or tape transfer at least once

each month.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(5) The San Bernardino County Sheriff's Department shall provide a program evaluation to the Department of Corrections at least once per month. The information shall be provided in a form available for transfer by modem or tape.

(6) The Department of Corrections shall prepare and submit to the Legislature on or before June 30, 1996, a report on the program that includes a recommendation on whether the pilot program should be expanded and an evaluation of the resources necessary to expand the program statewide.

(e) Notwithstanding any other law, a parolee shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the parolee on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(f) A parolee may be paroled to another state pursuant to any other law.

(g) Nothing in this section shall be construed as requiring or authorizing parole agents to transport prisoners or parolees from one site to any other site.

SEC. 3. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county from which he or she was committed.

For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred and shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors, giving the greatest weight to the protection of the victim and

the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) (1) The Department of Corrections shall establish a pilot project, limited to San Bernardino County, in which the following information, if available, shall be released to the local law enforcement agencies regarding a paroled inmate who is released in San Bernardino County:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was last verified.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(2) The information required by this subdivision shall come from the parolee activity report and sex registrants file. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be done by modem or tape transfer at least once each month.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(5) The San Bernardino County Sheriff's Department shall provide a program evaluation to the Department of Corrections at least once per month. The information shall be provided in a form available for transfer by modem or tape.

(6) The Department of Corrections shall prepare and submit to the Legislature on or before June 30, 1996, a report on the program that includes a recommendation on whether the pilot program should be expanded and an evaluation of the resources necessary to expand the program statewide.

(e) Notwithstanding any other law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(f) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of commitments from that county when making parole decisions.

(g) An inmate may be paroled to another state pursuant to any other law.

SEC. 4. Section 3003 of the Penal Code is amended to read:

3003. (a) (1) Except as otherwise provided in this section, a parolee who is released on parole shall be returned to the county from which he or she was committed by the Department of Corrections and the parolee shall, after January 1, 1996, participate in any transportation program developed by the Department of Corrections, as a term and condition of his or her parole.

(2) Upon a determination by the Department of Corrections that it is in the best interest of the public safety, the department shall physically transport the parolee, upon his or her release, to the county specified in paragraph (1). Until January 1, 1996, this paragraph shall only apply if this provision is made a condition of parole and the parolee accepts the condition.

(3) For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the

parolee was convicted occurred and shall not be construed to mean the county wherein the parolee committed an offense while confined in a state prison facility or while confined for treatment in a state hospital.

(4) The Department of Corrections shall develop and implement, by January 1, 1996, a cost-effective transportation program to transport each parolee to the county from which he or she was committed.

(b) Notwithstanding subdivision (a), a parolee may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for parolees sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for parolees sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the parolee's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the parolee having been in another county.

(5) The existence of family in another county with whom the parolee has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) (1) The Department of Corrections shall establish a pilot project, limited to San Bernardino County, in which the following information, if available, shall be released to the local law enforcement agencies regarding a paroled inmate who is released in San Bernardino County:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was last verified.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(2) The information required by this subdivision shall come from the parolee activity report and sex registrants file. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be done by modem or tape transfer at least once each month.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(5) The San Bernardino County Sheriff's Department shall provide a program evaluation to the Department of Corrections at least once per month. The information shall be provided in a form available for transfer by modem or tape.

(6) The Department of Corrections shall prepare and submit to the Legislature on or before June 30, 1996, a report on the program that includes a recommendation on whether the pilot program should be expanded and an evaluation of the resources necessary to expand the program statewide.

(e) Notwithstanding any other law, a parolee shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the parolee on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(f) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of

commitments from that county when making parole decisions.

(g) A parolee may be paroled to another state pursuant to any other law.

(h) Nothing in this section shall be construed as requiring or authorizing parole agents to transport prisoners or parolees from one site to any other site.

SEC. 5. (a) Section 2 of this bill incorporates amendments to Section 3003 of the Penal Code proposed by both this bill and AB 3331 of the Regular Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 3003 of the Penal Code, (3) SB 1736 of the Regular Session is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 3331. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before AB 3331, Section 1 of this bill shall be operative until the operative date of AB 3331, at which time Section 2 of this bill shall become operative, and Sections 3 and 4 of this bill shall not become operative.

(B) If this bill becomes operative after AB 3331, Section 3003 of the Penal Code, as amended by AB 3331, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Sections 1, 3, and 4 of this bill shall not become operative.

(b) Section 3 of this bill incorporates amendments to Section 3003 of the Penal Code proposed by both this bill and SB 1736. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill amends Section 3003 of the Penal Code, (3) AB 3331 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1736. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before SB 1736, Section 1 of this bill shall be operative until the operative date of SB 1736, at which time Section 3 of this bill shall become operative, and Sections 2 and 4 of this bill shall not become operative.

(B) If this bill becomes operative after SB 1736, Section 3003 of the Penal Code, as amended by SB 1736, shall remain operative only until the operative date of this bill, at which time Section 3 of this bill shall become operative, and Sections 1, 2, and 4 of this bill shall not become operative.

(c) Section 4 of this bill incorporates amendments to Section 3003 of the Penal Code proposed by this bill, AB 3331, and SB 1736. It shall only become operative if (1) all three bills are enacted and become effective, (2) all three bills amend Section 3003 of the Penal Code, and (3) this bill is enacted after AB 3331 and SB 1736. In which case, one of the following alternatives shall be applicable:

(A) If this bill becomes operative before AB 3331 and SB 1736, Section 1 of this bill shall be operative until the operative date of AB 3331 or SB 1736, at which time Section 4 of this bill shall become

First Extraordinary Session

operative, and Sections 2 and 3 of this bill shall not become operative.

(B) If this bill becomes operative after AB 3331 and SB 1736, Section 3003 of the Penal Code, as amended by AB 3331 or SB 1736, shall remain operative only until the operative date of this bill, at which time Section 4 of this bill shall become operative, and Sections 1, 2, and 3 of this bill shall not become operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 57

An act to amend Section 10214.6 of the Unemployment Insurance Code, and to amend Section 3 of Chapter 1 of the Statutes of the 1993–94 First Extraordinary Session, relating to economic development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 10214.6 of the Unemployment Insurance Code is amended to read:

10214.6. (a) The panel may allocate up to ten million dollars ($10,000,000) to fund special employment training agreements with any entity described in subdivision (c) of Section 10205 or any public entities, including federal, state, and local agencies, that are related to and in response to the establishment of a federal Defense Finance and Accounting Services (DFAS) facility at the existing site of Norton Air Force Base in San Bernardino, California for the purpose of contributing to the economic stability of the geographic area in which the facility is located.

(b) The panel shall adopt minimum standards for the consideration of proposals to be funded pursuant to this section.

(c) Notwithstanding any other provision of this chapter:

(1) Public agency employers need not meet the criteria outlined in subdivision (a) of Section 10201.

(2) Participants in projects funded pursuant to this section shall either meet the eligibility criteria outlined in subdivision (b) of Section 10201 or be determined by the panel to have been displaced or likely to be displaced due to the closure of the Norton Air Force Base facility.

(3) Notwithstanding subdivision (c) of Section 10205, the panel may approve employment training contracts with any public employer pursuant to this section for periods exceeding 24 months.

(4) Contracts approved by the panel pursuant to this section need not meet the requirements of paragraph (5) of subdivision (b) of Section 10205.

(5) The panel may approve contracts pursuant to this section with termination dates not to extend beyond December 31, 1997.

(d) The panel may not delegate its authority to approve contracts pursuant to this section.

(e) This section shall become operative only if Norton Air Force Base located in the County of San Bernardino is selected as the site

for a federal Defense Finance and Accounting Services facility on or before February 1, 1995.

(f) It is the intent of the Legislature in providing the authority for this special public entity project that the panel allocate these funds in a manner consistent with the objectives of this chapter as provided in Section 10200.

SEC. 2. Section 3 of Chapter 1 of the Statutes of the 1993–94 First Extraordinary Session is amended to read:

Sec. 3. (a) The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated as specified in subdivision (b) to the Trade and Commerce Agency for allocation to the Inland Valley Development Agency to provide funds to rehabilitate the existing heating, ventilation, and air conditioning systems and to install insulation in specified facilities to be used by the federal Department of Defense Finance and Accounting Service Center at Norton Air Force Base.

(b) Notwithstanding Sections 13340 and 16361 of the Government Code, and to the extent permitted by federal law, the appropriation made by subdivision (a) shall be from the money in the Federal Trust Fund created by Section 16360 of the Government Code, received by the state from federal oil overcharge funds in the Petroleum Violation Escrow Account, as defined by Section 155 of the Further Continuing Appropriations Act of 1983 (Public Law 97-377) or other federal law, and from federal oil overcharge funds available pursuant to court judgments or federal agency orders, and is appropriated for the purpose of this section. The money appropriated by this section shall be disbursed by the Controller, subject to approval by the Director of Finance as to which court judgment or federal agency order is the proper source of those funds.

(c) If for any reason the Defense Finance and Accounting Service Center does not locate at the Norton Air Force Base facility, the money appropriated by this section shall revert to the funding sources specified in subdivision (b).

(d) The appropriation made by this section shall become inoperative if the federal Department of Defense Finance and Accounting Service Center is not located upon the premises known as Norton Air Force Base in San Bernardino County and shall also become inoperative on February 1, 1995, if that facility has not been awarded to that site before that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take those steps necessary to permit the utilization of facilities at military bases being closed for other purposes necessary to the economic well-being of the people of the state, it is necessary for this act to take effect immediately.

CHAPTER 58

An act to amend Section 1270.1 of the Penal Code, relating to bail.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1270.1 of the Penal Code is amended to read:

1270.1. Before any person who is arrested for a violent felony or a violation of Section 262, 273.5, or 646.9, or paragraph (1) of subdivision (e) of Section 243, is released on bail, in an amount that is either more or less than the amount contained in the schedule of bail for the offense, or is released on his or her own recognizance, a hearing shall be held in open court before the magistrate or judge. The prosecuting attorney shall be given a two court-day written notice and an opportunity to be heard on the matter. The hearing required by this section shall be held within the time period prescribed in Section 825.

If the judge or magistrate sets the bail in an amount which is either more or less than the amount contained in the schedule of bail for the offense, the judge or magistrate shall state the reasons for that decision and shall address the issue of threats made against the victim or witness, if they were made, in the record. This statement shall be included in the record.

As used in this section, the term "violent felony" means any crime specified in subdivision (c) of Section 667.5.

CHAPTER 59

An act to amend Sections 484e, 484f, and 484g of the Penal Code, relating to crimes.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 484e of the Penal Code is amended to read:

484e. (a) Every person who acquires an access card from another without the cardholder's or issuer's consent or who, with knowledge that it has been so acquired, acquires the access card, with intent to use it or to sell or transfer it to a person other than the issuer or the cardholder is guilty of petty theft.

(b) Every person who acquires an access card that he or she knows to have been lost, mislaid, or delivered under a mistake as to the identity or address of the cardholder, and who retains possession with intent to use it or to sell it or to transfer it to a person other than the issuer or the cardholder is guilty of petty theft.

(c) Every person who sells, transfers, conveys, or receives an access card with the intent to defraud, or who acquires an access card with the intent to use it fraudulently, is guilty of grand theft.

(d) Every person other than the issuer, who within any consecutive 12-month period, acquires access cards issued in the names of four or more persons which he or she has reason to know were taken or retained under circumstances which constitute a violation of subdivision (a), (b), or (c) is guilty of grand theft.

(e) Every person who acquires access card account information with respect to an access card validly issued to another person, without the cardholder's or issuer's consent, with the intent to use it fraudulently is guilty of grand theft.

SEC. 2. Section 484f of the Penal Code is amended to read:

484f. (a) Every person who, with intent to defraud, designs, makes, alters, or embosses a counterfeit access card or utters or otherwise attempts to use a counterfeit access card is guilty of forgery.

(b) A person other than the cardholder or a person authorized by him or her who, with intent to defraud, signs the name of another or of a fictitious person to an access card, sales slip, sales draft, or instrument for the payment of money which evidences an access card transaction, is guilty of forgery.

(c) Every person who, with intent to defraud, alters, varies, changes, or modifies access card account information on any part of an access card, including information encoded in a magnetic stripe

or other medium on the access card not directly readable by the human eye, or who authorizes or consents to alteration, variance, change, or modification of access card account information by another, in a manner that causes transactions initiated by that access card to be charged or billed to a person other than the cardholder to whom the access card was issued, is guilty of forgery.

SEC. 3. Section 484g of the Penal Code is amended to read:

484g. Every person, who with intent to defraud, (a) uses for the purpose of obtaining money, goods, services or anything else of value an access card or access card account information altered, obtained, or retained in violation of Section 484e or 484f or an access card which he or she knows is forged, expired, or revoked, or (b) obtains money, goods, services or anything else of value by representing without the consent of the cardholder that he or she is the holder of an access card or by representing that he or she is the holder of an access card and the card has not in fact been issued, is guilty of theft. If the value of all money, goods, services and other things of value obtained in violation of this section exceeds four hundred dollars ($400) in any consecutive six-month period, then the same shall constitute grand theft.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 60

An act to amend Sections 288, 1203.065, and 1203.066 of the Penal Code, relating to sex offenses.

[Approved by Governor September 26, 1994. Filed with Secretary of State September 27, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 288 of the Penal Code is amended to read:

288. (a) Any person who willfully and lewdly commits any lewd or lascivious act, including any of the acts constituting other crimes provided for in Part 1, upon or with the body, or any part or member thereof, of a child who is under the age of 14 years, with the intent of arousing, appealing to, or gratifying the lust, passions, or sexual desires of that person or the child, is guilty of a felony and shall be punished by imprisonment in the state prison for three, six, or eight years.

(b) Any person who commits an act described in subdivision (a) by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, is guilty of a felony and shall be punished by imprisonment in the state prison for three, six, or eight years.

(c) Any person who commits an act described in subdivision (a) with the intent described in that subdivision, and the victim is a child of 14 or 15 years, and the defendant is at least 10 years older than the child, is guilty of a public offense and shall be punished by imprisonment in the state prison for one, two, or three years, or by imprisonment in a county jail for not more than one year.

(d) In any arrest or prosecution under this section or Section 288.5, the peace officer, district attorney, and the court shall consider the needs of the child victim and shall do whatever is necessary, within existing budgetary resources, and constitutionally permissible to prevent psychological harm to the child victim.

(e) Upon the conviction of any person for a violation of subdivision (a) or (b), the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to exceed ten thousand dollars ($10,000). In setting the amount of the fine, the court shall consider any relevant factors, including, but not limited to, the seriousness and gravity of the offense, the circumstances of its commission, whether the defendant derived any economic gain as a result of the crime, and the extent to which the victim suffered economic losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to

fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs pursuant to Section 13837.

If the court orders a fine imposed pursuant to this subdivision, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 2. Section 1203.065 of the Penal Code is amended to read:

1203.065. (a) Notwithstanding any other law, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any person who is convicted of violating paragraph (2) of subdivision (a) of Section 261, Section 264.1, 266h, 266i, or 266j, subdivision (a) of Section 289, of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, or of violating subdivision (c) of Section 311.4.

(b) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of a violation of paragraph (7) of subdivision (a) of Section 261, subdivision (k) of Section 286, subdivision (k) of Section 288a, or Section 220 for assault with intent to commit any of the following: rape, sodomy, oral copulation, or any violation of Section 264.1, subdivision (b) of Section 288, or Section 289.

When probation is granted, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

SEC. 3. Section 1203.066 of the Penal Code is amended to read:

1203.066 (a) Notwithstanding Section 1203, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, nor shall a finding bringing the defendant within the provisions of this section be stricken pursuant to Section 1385 for, any of the following persons.

(1) A person who is convicted of violating Section 288 or 288.5 when the act is committed by the use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(2) A person who caused bodily injury on the child victim in committing a violation of Section 288 or 288.5.

(3) A person who is convicted of a violation of Section 288 or 288.5 and who was a stranger to the child victim or befriended the child victim for the purpose of committing an act in violation of Section 288 or 288.5, unless the defendant honestly and reasonably believed the victim was 14 years of age or older.

(4) A person who used a weapon during the commission of a violation of Section 288 or 288.5.

(5) A person who is convicted of committing a violation of Section

288 or 288.5 and who has been previously convicted of a violation of Section 261, 262, 264.1, 266, 267, 285, 288, 288.5, or 289, of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, or of assaulting another with intent to commit a crime specified in this paragraph in violation of Section 220.

(6) A person who is convicted of kidnapping the child victim in violation of Section 207 or 209 and who kidnapped the victim for the purpose of committing a violation of Section 288 or 288.5.

(7) A person who is convicted of committing a violation of Section 288 or 288.5 against more than one victim.

(8) A person who, in violating Section 288 or 288.5, has substantial sexual conduct with a victim who is under the age of 11 years.

(9) A person who occupies a position of special trust and commits an act of substantial sexual conduct. "Position of special trust" means that position occupied by a person in a position of authority who, by reason of that position, is able to exercise undue influence over the victim. Position of authority includes, but is not limited to, the position occupied by a natural parent, adoptive parent, stepparent, foster parent, relative, household member, adult youth leader, recreational director who is an adult, adult athletic manager, adult coach, teacher, counselor, religious leader, doctor, or employer.

(10) A person who, in violating Section 288 or 288.5, used obscene matter, as defined in Section 311, or matter, as defined in Section 311, depicting sexual conduct, as defined in Section 311.3.

(11) A person who is convicted of committing a violation of Section 288 or 288.5 and who has been previously convicted in another state of an offense which, if committed or attempted in California, would have been punishable as a violation of Section 261, 262, 264.1, 266, 267, 285, 288, 288.5, or 289, of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, or of assaulting another with intent to commit a crime specified in this paragraph in violation of Section 220.

(b) "Substantial sexual conduct" means penetration of the vagina or rectum of either the victim or the offender by the penis of the other, or by any foreign object, oral copulation, or masturbation of either the victim or the offender.

(c) Paragraphs (7), (8), (9), and (10) of subdivision (a) shall not apply when the court makes all of the following findings:

(1) The defendant is the victim's natural or adoptive parent, stepparent, relative, or is a member of the victim's household who has lived in the victim's household.

(2) A grant of probation to the defendant is in the best interest of the child.

(3) Rehabilitation of the defendant is feasible, and the defendant is placed in a recognized treatment program designed to deal with

child molestation immediately after the grant of probation or the suspension of execution or imposition of sentence.

(4) The defendant is removed from the household of the victim until the court determines that the best interests of the victim would be served by returning the defendant to the household of the victim.

(5) There is no threat of physical harm to the child victim if probation is granted. The court, upon making its findings pursuant to this subdivision, is not precluded from sentencing the defendant to jail or prison, but retains the discretion not to do so. The court shall state its reasons on the record for whatever sentence it imposes on the defendant.

The court shall order the psychiatrist or psychologist appointed pursuant to Section 288.1 to include a consideration of the factors specified in paragraphs (2), (3), and (4) in making his or her report to the court.

(d) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 3.5. Section 1203.066 of the Penal Code is amended to read:

1203.066. (a) Notwithstanding Section 1203 or any other law, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, nor shall a finding bringing the defendant within the provisions of this section be stricken pursuant to Section 1385 for, any of the following persons:

(1) A person who is convicted of violating Section 288 or 288.5 when the act is committed by the use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(2) A person who caused bodily injury on the child victim in committing a violation of Section 288 or 288.5.

(3) A person who is convicted of a violation of Section 288 or 288.5 and who was a stranger to the child victim or befriended the child victim for the purpose of committing an act in violation of Section 288 or 288.5, unless the defendant honestly and reasonably believed the victim was 14 years of age or older.

(4) A person who used a weapon during the commission of a violation of Section 288 or 288.5.

(5) A person who is convicted of committing a violation of Section 288 or 288.5 and who has been previously convicted of a violation of Section 261, 262, 264.1, 266, 266c, 267, 285, 286, 288, 288.5, 288a, or 289, or of assaulting another person with intent to commit a crime specified in this paragraph in violation of Section 220, or who has been previously convicted in another state of an offense which, if committed or attempted in this state, would constitute an offense enumerated in this paragraph.

(6) A person who violated Section 288 or 288.5 while kidnapping the child victim in violation of Section 207, 208, or 209.

(7) A person who is convicted of committing a violation of Section 288 or 288.5 against more than one victim.

(8) A person who, in violating Section 288 or 288.5, has substantial sexual conduct with a victim who is under 14 years of age.

(9) A person who, in violating Section 288 or 288.5, used obscene matter, as defined in Section 311, or matter, as defined in Section 311, depicting sexual conduct, as defined in Section 311.3.

(b) "Substantial sexual conduct" means penetration of the vagina or rectum of either the victim or the offender by the penis of the other or by any foreign object, oral copulation, or masturbation of either the victim or the offender.

(c) Paragraphs (7), (8), and (9) of subdivision (a) shall not apply when the court makes all of the following findings:

(1) The defendant is the victim's natural parent, adoptive parent, stepparent, relative, or is a member of the victim's household who has lived in the victim's household.

(2) A grant of probation to the defendant is in the best interest of the child.

(3) Rehabilitation of the defendant is feasible, the defendant is amenable to undergoing treatment, and the defendant is placed in a recognized treatment program designed to deal with child molestation immediately after the grant of probation or the suspension of execution or imposition of sentence.

(4) The defendant is removed from the household of the victim until the court determines that the best interests of the victim would be served by returning the defendant to the household of the victim.

(5) There is no threat of physical harm to the child victim if probation is granted. The court upon making its findings pursuant to this subdivision is not precluded from sentencing the defendant to jail or prison, but retains the discretion not to do so. The court shall state its reasons on the record for whatever sentence it imposes on the defendant.

The court shall order the psychiatrist or psychologist who is appointed pursuant to Section 288.1 to include a consideration of the factors specified in paragraphs (2), (3), and (4) in making his or her report to the court.

(d) The existence of any fact that would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 4. Section 3.5 of this bill incorporates amendments to Section 1203.066 of the Penal Code proposed by both this bill and SB 26 of the First Extraordinary Session. It shall only become operative if (1) both bills are enacted and become effective, (2) each bill

amends Section 1203.066 of the Penal Code, and (3) this bill is enacted after SB 26. In which case, one of the following alternatives shall be applicable.

(a) If this bill becomes operative before SB 26, Section 3 of this bill shall be operative until the operative date of SB 26, at which time Section 3.5 of this bill shall become operative.

(b) If this bill becomes operative after SB 26, Section 1203.066 of the Penal Code, as amended by SB 26, shall remain operative only until the operative date of this bill, at which time Section 3.5 of this bill shall become operative, and Section 3 of this bill shall not become operative.

CONCURRENT AND JOINT RESOLUTIONS

1993-94

FIRST EXTRAORDINARY SESSION

1993-94 RESOLUTION CHAPTERS

First Extraordinary Session

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 1—Relative to the Joint Rules for the 1993–94 First Extraordinary Session.

[Filed with Secretary of State July 20, 1993.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Rules of the Senate and Assembly for the 1991–92 Regular Session, except Joint Rules 51, 54, 55, 61, and the provision of Joint Rule 62(a) requiring that notice of a hearing of a bill be published in the Daily File, shall govern relations between the Senate and Assembly for the 1993–94 First Extraordinary Session and that the extraordinary session shall be in recess during the same time periods when the 1993–94 Regular Session is in recess.

RESOLUTION CHAPTER 2

Assembly Joint Resolution No. 1—Relative to Norton Air Force Base.

[Filed with Secretary of State June 2, 1994.]

WHEREAS, The closing of Norton Air Force Base in March of 1994 will result in the loss of more than 4,000 jobs in the San Bernardino area; and

WHEREAS, The site of Norton Air Force Base is ideally suited for the location of a foreign trade zone center and the existing base airport and surrounding facilities could be easily adapted to accommodate a foreign trade zone; and

WHEREAS, Foreign trade zones are designated sites licensed by the Foreign Trade Zones Board under the United States Department of Commerce that permit domestic transactions involving foreign products to take place as if those transactions were conducted outside United States Customs territory, thus offsetting trade advantages available to foreign producers who export in competition with United States producers; and

WHEREAS, Foreign trade zones facilitate and expedite international trade, assist in state and local economic development efforts, and create new employment opportunities; and

WHEREAS, A foreign trade zone center at Norton Air Force Base, in addition to the Lockheed Corporation facility and a proposed Department of Defense Finance Accounting Center, would serve as anchor tenants employing nearly 10,000 people; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States

First Extraordinary Session

and the Foreign Trade Zone Board under the United States Department of Commerce to designate the airport located at Norton Air Force Base in San Bernardino County as a foreign trade zone center; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Secretary of Commerce, the Chairman of the Foreign Trade Zone Board, the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

PREFACE

Digests

The Summary Digest consists of a short summary of each law enacted, and of each constitutional amendment, concurrent or joint resolution adopted by the Legislature in 1994.

The text of the Summary Digest is arranged numerically by chapter number.

Superior numbers following the title refer to a Governor's Message affecting that law. These are printed after the digests in the "Digest Chapters Superior Numbers" section.

Cross Reference Tables

Cross reference tables are arranged numerically by bill or resolution number and indicate the chapter number of each.

New General Laws

Lists new general laws passed in the years 1989–1994 which do not specifically amend, add to, or repeal any existing code or general law.

Index

A subject matter index to all measures, including constitutional amendments and resolutions, is included.

Statutory Record

This edition of the Summary Digest includes a statutory record for 1989–1994. Superior numbers following the *Effect* refer to a special condition affecting that section.

Cumulative statutory records for 10-year periods, 1979–1988, 1969–1978, 1959–1968 and 1949–1958, and for the 16-year period, 1933–1948, are published in separate volumes, which supplement the original statutory record, 1850–1932, published in 1933.

EFFECTIVE DATES

Regular Session

The 1993–94 Regular Session reconvened on January 3, 1994, and adjourned sine die on November 30, 1994. Statutes enacted in 1994, other than those taking immediate effect, will become effective January 1, 1994. In absence of other considerations, the provisions of a statute become operative on the date it takes effect. Digests indicate statutes taking immediate effect.

An urgency statute and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency, until a specified time, or until a vote of the electors at a statewide election. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

A constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Extraordinary Sessions

An urgency statute enacted at a special session of the Legislature takes effect immediately, as outlined above, and the same rules apply with respect to a delayed *operative* date. A nonurgency statute takes effect on the 91st day after adjournment of the special session at which the bill was passed.

The 1993–94 First Extraordinary Session convened on January 4, 1993, and adjourned sine die on August 31, 1994. The 91st day after adjournment is November 30, 1994.

DIGESTS OF STATUTES ENACTED IN 1994

1993–94 REGULAR SESSION

BILL CHAPTERS

Ch. 1 (SB 629) Russell. Vehicles: inspection and maintenance.

(1) Existing law establishes the vehicle inspection and maintenance (smog check) program, administered by the Department of Consumer Affairs. Existing law prescribes the area of the state in which the program is to be implemented, requires the department to ensure that vehicle emissions of specified pollutants are reduced by specific percentages through the program, and establishes a review committee to analyze the effect of the program. Existing law requires fees collected under the program to be deposited in the Vehicle Inspection and Repair Fund, to be available to the department, as specified.

This bill would require the department to ensure reductions in emissions as required by federal law. The bill would revise the specification of vehicles subject to the program, thereby imposing a state-mandated local program by changing the definition of a crime. The bill would require the test at smog check stations to include testing the fuel evaporative system and crankcase ventilation system and other specified tests. The bill would revise the membership and duties of the review committee. The bill would require the department to establish a centralized computer data base to perform specified functions relative to the transmission of data from smog check stations. The bill would revise provisions relating to the use of remote sensors to identify gross polluters to, among other things, provide for roadside audits, the issuance of citations, and the imposition and disposition of specified penalties. The bill would revise the repair cost limits under the program, as specified. The bill would require the department to implement prescribed measures, including the operation of test-only stations, if it is determined, as specified, not later than June 30, 1995, that California will not meet federal emission reduction standards. The bill would revise or repeal various findings and declarations. The bill would make related changes, including authorizing the enforcement in certain locations of provisions requiring a registration tab to be attached to the license plate of a vehicle. The bill would prohibit any person from operating or leaving standing on a highway any vehicle which is a gross polluter, thereby imposing a state-mandated local program by creating a new crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 2 (SB 499) Rosenthal. Energy conservation: transportation: mass transit.

(1) Existing law, the Budget Act of 1992, appropriated $400,000 to the Department of Transportation, payable from the Petroleum Violation Escrow Account, as defined in federal law, consisting of federal oil overcharge funds, for child care facilities for mass transit commuters. The Budget Act of 1993 reappropriated those funds, to be available for expenditure for those purposes until June 30, 1994.

This bill would reappropriate $300,000 of those funds to the department for the Sylmar-San Fernando Metrolink Station and would reappropriate $100,000 of those funds to the State Energy Resources Conservation and Development Commission for allocation to the Metropolitan Transportation Authority for child care facilities energy conservation measures at the station.

(2) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 3 (AB 315) Hauser. Air pollution: county district boards.

Existing law provides that the county board of supervisors shall be ex officio the governing board of a county air pollution control district until July 1, 1994, at which time, except in districts meeting specified population criteria, the district board will be required to include both county supervisors and mayors or city council members, as specified.

This bill would specify that in the districts meeting those population criteria, the board of supervisors shall be ex officio the district governing board.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 4 (AB 2386) Vasconcellos. Victims of crime: Restitution Fund and Victim-Witness Assistance Fund.

Existing law authorizes the State Board of Control to provide assistance to victims of crime for the pecuniary losses they suffer as a direct result of criminal acts. Existing law requires persons convicted of crimes to pay additional restitution fines that are deposited in the Restitution Fund and continuously appropriated by the board for indemnifying victims of crime. Existing law also provides that fines imposed and collected upon the conviction of any person for specified crimes and a monthly transfer of an amount equal to 8.64% of the state penalty funds in the State Penalty Fund are to be deposited in the Victim-Witness Assistance Fund which is administered by the Office of Criminal Justice Planning.

This bill would appropriate $45,900,000 from the General Fund with $44,000,000 of that amount to be deposited into the Restitution Fund for the payment of claims by victims of crime and $1,900,000 to be deposited into the Victim-Witness Assistance Fund for the 1993–94 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 5 (SB 638) Maddy. Horseracing: purses.

(1) Under existing law, which is to be repealed on January 1, 1995, the horsemen's organization representing the horsemen receives distributions of funds for purses to be paid to or for the benefit of the horsemen at the racing meeting. Of the portion of the takeout to be paid as purses, the horsemen's organization representing the horsemen receives a certain percentage for administrative expenses and services rendered to the horsemen, for welfare funds, and for a pension plan for backstretch personnel.

This bill would continue that existing law beyond January 1, 1995, except for the provisions requiring a portion of the takeout for purses to be paid to the horsemen's organization representing the horsemen for administrative services. The bill would also require audits to be conducted of the financial books and records of the horsemen's organizations by a nationally recognized accounting firm within 90 days of the close of the fund's business year. The bill would require copies of the audits to be filed with the California Horse Racing Board.

(2) The bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 6 (AB 1667) Hoge. California Insurance Guarantee Association.

(1) Existing law establishes a California Insurance Guarantee Association and specifies those insurers that are required to be members of the association. It exempts certain classes of insurance from assessments and other requirements of the association.

This bill would specifically enumerate those exempt classes of insurance, and provide that any insurer admitted to transact only those classes or kinds of insurance excluded from specified provisions shall not be a member of the association.

Existing law provides that the association shall be managed by a board of governors serving for 3 year terms. Those terms expire each year.

This bill would provide that those terms expire each year on December 31.

The bill would also, among other things, do all of the following with respect to the California Insurance Guarantee Association:

(a) Revise the definition of "insolvent insurer," and "covered claims," and define "ocean marine insurance," as specified.

(b) Revise certain policy construction and cancellation provisions with respect to insurer insolvency.

(c) Revise the authorization of the association to submit reports and make recommendations to the Insurance Commissioner regarding the financial condition of member insurers, and certain examination and other report requirements, as specified.

(d) Revise insolvency premium provisions, as specified.

(e) Specify certain notice provisions with respect to an ancillary liquidator.

(2) Existing law provides for the California Life and Health Insurance Guarantee Association. The statute that established that association abolished the California Life Insurance Guaranty Association and the Robbins-Seastrand Health Insurance Guaranty

NOTE: Superior numbers appear as a separate section at the end of the digests.

Association.

This bill would provide that the California Life and Health Insurance Guarantee Association is created by the merger of the Robbins-Seastrand Health Insurance Guaranty Association with and into the California Life Insurance Guaranty Association and that the association succeeds to the rights, property, and obligations of the predecessors, as specified.

(3) This bill would also revise provisions dealing with the applicability of specified disability insurance policies issued outside of California to an employer whose principle place of business and majority of employees are located outside of California.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 7 (SB 51) Ayala. Murder: punishment.

Existing provisions of the California Constitution authorize the Legislature to amend an initiative statute by another statute that becomes effective only when approved by the electors. Chapter 609 of the Statutes of 1993 amended Section 190 of the Penal Code which had been amended by an initiative statute.

This bill would correct an erroneous section reference contained in Chapter 609 of the Statutes of 1993 regarding the submission of Section 190 of the Penal Code to the voters for approval.

The bill would require Section 3 of Chapter 609 of the Statutes of 1993 to be submitted by the Secretary of State to the voters at the June 7, 1994, primary election, notwithstanding any other law.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 8 (SB 568) Rosenthal. Special license plates: firefighters.

Under existing law, the Department of Motor Vehicles issues, upon the payment of special fees, environmental and other special license plates, including special license plates to firefighters who meet prescribed requirements. Firefighter license plate fees collected prior to January 1, 1996, are generally required to be deposited in the California Firefighters' Memorial Fund and, on and after January 1, 1996, are generally required to be deposited in the California Fire and Arson Training Fund.

This bill would extend that date to January 1, 1999, would delete related obsolete provisions, and make technical, corrective, and clarifying changes.

Ch. 9 (SB 843) Committee on Elections and Reapportionment. Nomination documents.

(1) Existing law defines the term "nomination documents" as including a statement of intention and a declaration of candidacy, requires each candidate for a party nomination for the office of State Senator or Member of the Assembly, any state constitutional office, or Insurance Commissioner at the direct primary election to file a written and signed statement of intention to become a candidate for his or her party's nomination for that office, and prohibits the printing of a candidate's name on the ballot unless the statement of intention is filed.

This bill would instead define "nomination documents" as meaning declaration of candidacy and nomination papers, would repeal the requirement for filing a statement of intention, and would prohibit the printing of the candidate's name on the ballot unless signed nomination papers are filed.

This bill, by changing the duties of local elections officials in connection with its provisions, would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 10 (AB 244) Boland. Real estate: continuing education requirements.

Existing law provides a limited exemption from continuing education requirements for a real estate salesperson upon the initial renewal of his or her license.

This bill would expand the scope of this exemption, until January 1, 1996, by reducing the number of courses required as a condition to the initial renewal of a real estate salesperson license.

Existing law does not require specified continuing education requirements until after the initial renewal of real estate licenses after December 31, 1995.

This bill would reinstitute these requirements upon its enactment and provide that these requirements are to be applied retroactively to January 1, 1994.

Existing law distinguishes between continuing education requirements applicable upon the initial renewal and subsequent renewals of real estate licenses.

This bill would, until January 1, 1996, eliminate this distinction, but retain the existing distinction for real estate salespersons, and would reduce the number of mandatory courses that must be included within the total number of required continuing education hours.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 11 (AB 2335) Bustamante. Pixley Irrigation District and Hills Valley Irrigation District.

Under the Irrigation District Law, a director of a district formed pursuant to that law is generally required to be a voter, landowner of the district, and a resident within the division which the director represents.

This bill would authorize the directors of the Pixley Irrigation District and the Hills Valley Irrigation District to adopt a resolution that authorizes a person who meets only the landowner requirement to be a director in those districts. The bill would authorize the registered voters in those districts to request, in writing, that all of the directors who are appointed or elected subsequent to the receipt of the request be required to meet the requirements of existing law. The bill would require all the directors who are appointed or elected subsequent to the receipt of the request to meet the requirements of existing law if the directors determine that at least 25% of the registered voters have signed the request.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 12 (AB 971) Jones. Sentencing: prior felony convictions.

(1) Existing law, added by initiative statute, provides, among other things, that any person who is convicted of a serious felony, as defined, and who has been previously convicted of a serious felony in California, or of any offense committed in another jurisdiction which includes all of the elements of a serious felony, shall receive, in addition to the sentence imposed for the present felony, a 5-year enhancement for each prior felony conviction on charges brought and tried separately.

This bill would declare the intent of the Legislature to ensure longer prison sentences and greater punishment for those who commit a felony and have been previously convicted of serious and/or violent felony offenses.

This bill would, in addition, provide that in addition to any other enhancement or penalty provisions that may apply, (1) if a defendant has one prior felony conviction, as defined, the determinate term, or minimum term for an indeterminate term, shall be twice the term otherwise provided as punishment for the current conviction, (2) if a defendant has 2 or more prior convictions, the term for the current felony conviction shall be an indeterminate term of imprisonment in the state prison for life with a minimum term of the indeterminate term as the greatest of (a) 3 times the term otherwise provided as punishment for each current felony conviction subsequent to the 2 or more prior felony convictions, (b) imprisonment in the state prison for 25 years, or (c) the term determined by the court for the underlying conviction, including any applicable enhancement or punishment provisions.

The bill would also provide, among other things, that probation shall not be granted

NOTE: Superior numbers appear as a separate section at the end of the digests.

nor shall the execution or imposition of sentence be suspended if the defendant has a prior felony conviction.

(2) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 13 (SB 262) Hart. Postsecondary education: duplicate degree tuition.

Existing law exempts certain specified persons from duplicate degree tuition at the University of California, the Hastings College of the Law, the California State University, and the California Maritime Academy. This exemption includes, among others, a person who has earned an education credential or certificate who is an enrollee in a program leading to a nonadministrative credential or certificate that has been approved by the Commission on Teacher Credentialing.

This bill, instead, would provide that this exemption applies to a person who is an enrollee in any program leading to a credential or certificate that has been approved by the Commission on Teacher Credentialing.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 14 (AB 982) Allen. Off-highway motor vehicles.

Under existing law, every off-highway motor vehicle that is subject to the requirements of the Vehicle Code is required to have specified identification plates or devices mounted or affixed to them.

This bill would require all those plates or devices issued on or after January 1, 1996, to be displayed on a specified place on the vehicle, depending on the vehicle type.

Ch. 15 (SB 131) Roberti. Earthquake Relief and Seismic Retrofit Bond Act of 1994.

The existing Natural Disaster Assistance Act requires the Director of Emergency Services to administer a program that provides financial assistance to local agencies for the repair, restoration, or replacement of real property of the agency that is damaged or destroyed by a natural disaster. In addition, various state programs and funds provide, or have provided, natural disaster assistance to state and local agencies as well as private individuals and entities, including the California Earthquake Safety and Housing Rehabilitation Bond Act of 1988 and the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990.

This bill would enact the Earthquake Relief and Seismic Retrofit Bond Act of 1994 to authorize $2,000,000,000 in state general obligation bonds for (1) the repair, renovation, reconstruction, replacement, or retrofit of transportation facilities and other public infrastructure, including schools, hospitals, utilities, sewers, and emergency centers, damaged by the January 17, 1994, Northridge earthquake, (2) earthquake hazard mitigation projects for public buildings and facilities in the Counties of Los Angeles, Orange, and Ventura, (3) the seismic retrofit of state-owned transportation facilities throughout the state, and (4) housing repair loans to address the effects of the January 17, 1994, Northridge earthquake. The bill would specify the administrative procedures with respect to allocations made for these purposes. It would also appropriate funds available from certain higher education bond acts, not to exceed a combined total of $75,000,000, to the University of California, the California State University, and the California Community Colleges for allocation by the Department of Finance to meet allocation requirements for federal matching grants to repair, replace, reconstruct, renovate, or retrofit on-campus buildings or facilities, including utilities, and streets and roads, damaged by the January 17, 1994, Northridge earthquake. The bill would provide for the submission of the act to the people at the June 7, 1994, statewide primary election and would become operative upon adoption by the voters at that election.

Existing law provides for the authorization of various projects for the repair and retrofit of state infrastructures affected by catastrophe.

This bill would revise permitting requirements for projects necessary for the public peace, health, or safety, would create an ad hoc earthquake emergency and seismic retrofit permit review panel to hear and approve or deny appeals of local agencies subject to conditions by permitting agencies, and would exempt specified retrofit projects from various requirements.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would become operative only if Senate Bill 805 is chaptered.

Ch. 16 (SB 805) Bergeson. Highways: seismic retrofit.

Existing law provides for the authorization of various projects for the repair and retrofit of state infrastructures affected by catastrophe.

This bill would revise permitting requirements for projects necessary for the public peace, health, or safety, would create an ad hoc earthquake emergency and seismic retrofit permit review panel to hear and approve or deny appeals of local agencies subject to conditions by permitting agencies, and would exempt specified retrofit projects from various requirements.

This bill would declare that it is to take effect immediately as an urgency statute.

This bill would become operative only if identical provisions contained in SB 131 are enacted but become inoperative.

Ch. 17 (AB 2290) Katz. Taxation: disaster relief.

Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. With respect to certain counties that have adopted reassessment ordinances and have been declared by the Governor to be in a state of disaster as a result of certain events, existing law provides for state allocations of the estimated amounts of the reductions in property tax revenues resulting in certain fiscal years from reassessments under those ordinances. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations.

This bill would provide for similar state allocations with respect to property tax revenue reductions, resulting from a reassessment ordinance, incurred by specified counties that were declared by the Governor to be in a state of disaster as a result of the earthquake and aftershocks occurring in California in January of 1994. By requiring moneys continuously appropriated from the Special Fund for Economic Uncertainties to be allocated for the new purpose of reimbursing these counties for these property tax revenue reductions, this bill would make an appropriation.

The existing Personal Income Tax Law and the Bank and Corporation Tax Law provide for the carryover to specified taxable or income years of specified losses sustained as a result of various disasters occurring in California in an area determined by the President of the United States to warrant specified federal assistance, or proclaimed by the Governor to be in a state of disaster.

This bill would extend those provisions to losses sustained as a result of earthquake, aftershocks, or any other related casualty that occurred in specified counties in January of 1994. This bill would also authorize a taxpayer to make an election to claim a deduction for those losses on the tax return for the preceding year.

This bill would contain legislative findings and declarations as to the statewide public purpose of this bill.

This bill would incorporate additional changes in Sections 17207 and 24347.5 of the Revenue and Taxation Code, proposed by SB 1234, to become operative only if SB 1234 and this bill are both chaptered and become effective on or before January 1, 1995, and this bill is chaptered last.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 18 (SB 46) Hart. Higher education facilities.

(1) Under the Higher Education Facilities Bond Act of 1986, the Higher Education Facilities Bond Act of 1988, and the Higher Education Facilities Bond Act of June 1992, the issuance, pursuant to the State General Obligation Bond Law, of bonds in an amount not to exceed $400,000,000, $600,000,000, and $900,000,000, respectively, and the expenditure of the revenues therefrom are authorized for the purpose of aid to the University of California, the California State University, community colleges, and the California Maritime Academy for, among other things, the construction and equipping of educational facilities, as specified. Existing law establishes the Higher Education Facilities

NOTE: Superior numbers appear as a separate section at the end of the digests.

Finance Committee to administer those acts and to authorize the issuance and sale of bonds to the extent necessary to fund the education facilities construction apportionments expressly authorized by the Legislature in the annual Budget Act.

This bill would enact the Higher Education Facilities Bond Act of June 1994, which, upon approval by the state electorate, would authorize the issuance of state general obligation bonds in an amount not to exceed $900,000,000 for purposes similar to those specified in the Higher Education Facilities Bond Act of 1986, the Higher Education Facilities Bond Act of 1988, and the Higher Education Facilities Bond Act of June 1992, to be issued and sold in a manner similar to that provided under those acts. This bill would expressly include the Hastings College of the Law, which is affiliated with and is the law department of the University of California, among the institutions for which the proceeds of those bonds may be expended, consistent with the purposes of the bill.

The bill would require that any request for funds from the bonds issued pursuant to the bond act enacted by this bill be accompanied by the 5-year capital outlay plan of the particular university or college and include a schedule that prioritizes the seismic retrofitting needed to significantly reduce seismic hazards in buildings identified as high priority by the university or college, as specified.

The bill would specify that the addition of the Hastings College of the Law among the institutions for which the proceeds of the bonds may be expended is not intended to mark a change from the funding authorizations made under the Higher Education Facilities Bond Act of 1986, or the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those acts as well.

This bill would also authorize the expenditure of the revenues of the bonds to be utilized for the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990.

This bill, notwithstanding any provision of this bill or the State General Obligation Bond Law, would authorize the Treasurer to maintain a separate account for investment earnings, to order the payment of those earnings to comply with any rebate requirement under federal law, and to otherwise direct the use and investment of those proceeds so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

(2) This bill would provide for the submission of the Higher Education Facilities Bond Act of June 1994 to the voters at the next primary election, to be held June 7, 1994, in accordance with specified law.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 19 (SB 190) Greene. Bonds: school facilities funding.

(1) The Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Greene Act) provides for the acquisition and construction of facilities by the state and the lease-purchase of those facilities by school districts.

This bill would enact the Safe Schools Act of 1994, which upon approval by the state electorate at the June 7, 1994, direct primary election, would provide for the issuance of state general obligation bonds in an amount not to exceed$1,000,000,000, exclusive of refunding bonds issued pursuant to that act, and the expenditure of revenues therefrom to provide aid to school districts in accordance with the Greene Act and related school facilities programs, as specified, and would require that any funds remaining from designated school construction bond measures enacted in prior years be transferred to the State School Building Lease-Purchase Fund for apportionment under the Greene Act. The bill would also authorize the Treasurer to sell any unsold bonds from those designated measures for purposes of the Greene Act.

The bill would provide that, of the moneys authorized under the Safe Schools Act of 1994, not more than $400,000,000 shall be reserved for the acquisition of portable classrooms, the purchase and installation of air-conditioning equipment and insulation materials, as specified, the reconstruction or modernization of facilities, as specified, the funding of projects in districts with enrollment increases due to the locating or expansion of state or federal prisons, the acquisition of relocatable child care and development facilities, as specified, the funding of projects for county boards of education, as specified,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the funding of projects in districts that lack funding priority due to the size of enrollment, the funding of projects for high priority roof replacement, the construction of projects or the purchase of furniture or equipment designed to increase school security, the identification, assessment, or abatement of hazardous asbestos, the reconstruction or modernization of school facilities under the Greene Act, and to match federal funds for facility repairs associated with the Northridge earthquake, as specified.

The bill would also provide that, of the moneys authorized under the Safe Schools Act of 1994, not more than $40,000,000 may be used by school districts that will contribute 60% or more of the cost of a project and that not more than $200,000,000 may be used for seismic retrofit projects of public school facilities.

(2) Existing law authorizes school districts to impose school facilities fees against development, and requires that applicant districts under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 pay an amount based on those fees toward the building cost of a project funded under that program. Existing law provides for the repeal of the statutory restrictions upon the amount of those fees, contingent upon the failure of a state general obligation bond measure that would have provided school facilities funding, as specified.

This bill would repeal that contingent repeal provision.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 20 (SB 858) Committee on Public Employment and Retirement. STRS: additional 2 years' credit.

Existing statutes generally limit receipt of service credit in the State Teachers' Retirement System (STRS) to time actually served in the performance of duties.

This bill would permit members of the STRS to receive an additional 2 years of service credit, under specified conditions, if the employer, by formal action taken prior to January 1, 1999, makes specified determinations, makes specified certifications, transmits to the STRS the system's related administrative costs and specified amounts of money, and pays certain other related state administrative costs. This bill would require the preparation of annual cost analyses by the Controller and the Chancellor of the California Community Colleges based on specified related post audit reports of the employers. Since certain funds would be required to be deposited in the continuously appropriated Supplemental Benefit Maintenance Account, this bill would make an appropriation.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 21 (AB 554) Murray. Jazz: preservation.

Existing law authorizes various programs at designated campuses of the California State University.

This bill, until July 1, 1998, would authorize the Trustees of the California State University to establish the Institute for Preservation of Jazz at California State University, Long Beach, as prescribed. The bill would authorize the Chancellor of the California State University, upon the availability of private funding, to appoint an advisory board of no more than 15 persons to the institute. The bill also would include legislative declarations concerning the funding of the institute.

Ch. 22 (AB 791) Vasconcellos. Income taxes: bank and corporation taxes: exclusions: unitary taxation.

The existing Personal Income Tax Law and the Bank and Corporation Tax Law provide various exclusions from gross income.

This bill would provide under both laws that gross income does not include cost-share payments received by forest landowners from the Department of Forestry and Fire Protection pursuant to the California Forest Improvement Act of 1978 or from the United States Department of Agriculture, Forest Service, pursuant to the federal Cooperative Forestry Assistance Act.

The existing Bank and Corporation Tax Law provides, in the case of a business with income derived from or attributable to sources both within and without this state, that income is apportioned between this state and other domestic and foreign jurisdictions

NOTE: Superior numbers appear as a separate section at the end of the digests.

in accordance with a specified formula. Existing law authorizes a taxpayer whose income is subject to this apportionment to determine its income under a water's-edge election that requires the execution of a contract. Existing law also requires these taxpayers to maintain or provide, with respect to a water's-edge election, various documents, records, and information, and establishes specified penalties, enforcement procedures, and judicial proceedings in connection therewith.

This bill would delete certain information reporting requirements from, and make technical or clarifying changes to, these provisions.

This bill would take effect immediately as a tax levy.

Ch. 23 (AB 482) Peace. Firearms and ammunition.

(1) Existing law provides that except in unusual cases where the interests of justice would best be served if probation is granted, probation shall not be granted to persons who, among other things, have been convicted of specified crimes and were armed with a deadly weapon at the time of the perpetration of the crime or arrest.

This bill would, in addition, provide that persons who, among other things, are convicted of knowingly selling any firearm or deadly weapon to specified persons shall not be granted probation except in unusual cases, as specified.

(2) Under existing law, any person who has been convicted of specified misdemeanor violations and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, punishable as specified.

This bill would include within the above-described prohibition, among other violations, the sale of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor.

(3) Existing law provides that in the trial of a person charged with committing or attempting to commit a felony against the person of another while armed with certain weapons, without a license or permit, as specified, the fact that the person was so armed shall be prima facie evidence of the person's intent to commit the felony if the weapon was used in the commission of the offense.

This bill would repeal this provision.

This bill would provide that every person who carries a loaded firearm, as specified, with the intent to commit a felony is guilty of the crime of armed criminal action, punishable by imprisonment in a county jail not exceeding one year or in the state prison for 16 months, or 2 or 3 years. The bill would impose a state-mandated local program upon local agencies by creating a new crime.

(4) Existing law provides that the crime of carrying a concealed firearm is generally punishable as a misdemeanor, except that where the person previously has been convicted of a felony or of any crime made punishable with regard to existing law governing the unlawful carrying and possession of concealed weapons, the crime is punishable as a felony. In addition, if the person carries the firearm upon the person and has been convicted of a crime against the person or property, or of a narcotics or dangerous drug violation, the crime is punishable as a felony or a misdemeanor.

This bill would revise this latter provision to provide, instead, that the crime of carrying a concealed firearm is punishable as a felony or a misdemeanor if the firearm is carried within a vehicle or on the person as specified above, and if the person has been convicted of a crime against the person or property or of a narcotics or dangerous drug violation.

(5) Existing law provides that the transportation of a firearm by a person under specified circumstances for the purpose of a lawful transfer of the firearm does not constitute the crime of carrying a concealed weapon.

This bill would, in addition, include the transportation of a firearm for the purpose of a lawful sale or loan of the firearm among those acts which do not constitute the crime of carrying a concealed weapon.

(6) Existing law provides that every person engaged in the business of selling, leasing, or otherwise transferring a firearm, shall obtain a license, except with regard to certain exempt transactions. Among those transactions exempt from this licensure requirement are the sales, deliveries, or transfers of firearms by manufacturers or importers licensed

NOTE: Superior numbers appear as a separate section at the end of the digests.

pursuant to specified federal statutes and the regulations issued pursuant thereto to dealers or by wholesalers, as defined, to dealers.

This bill would provide that no wholesaler shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to federal law and whose licensed premises are located in California unless the person presents proof of licensure to the wholesaler or presents proof of exemption from licensure to that wholesaler, in which case the person also shall present proof that the transaction is also exempt from specified provisions of law. The bill also would provide that no importer or manufacturer who is licensed to engage in that business pursuant to specified federal statutes and the regulations issued pursuant thereto shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to federal law and whose licensed premises are located in California unless the person presents proof of licensure to the importer or manufacturer or presents proof of exemption from licensure to that importer or manufacturer, in which case the person also shall present proof that the transaction is also exempt from specified provisions of law. Because this bill would create a new crime, it would impose a state-mandated local program.

(7) Existing law requires every dealer to keep a register in which shall be entered specified information, except as specified.

This bill would add the delivery of an unloaded firearm by a dealer to a gunsmith for service or repair and the loan of an unloaded firearm by a dealer who also operates a target facility to a person at that target facility, as specified, to the list of transactions that are not required to be entered in the register.

(8) Existing law governs the delivery of a firearm to a purchaser or transferee by a licensed gun dealer.

Existing law provides that the law governing the delivery of a firearm to a purchaser or transferee by a licensed gun dealer shall not apply to, among other things, the delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to himself or herself.

This bill would, in addition, provide that the law governing the delivery of a firearm by a licensed gun dealer shall not apply to the loan of a firearm by a dealer who also operates a target facility to a person at that target facility, as specified.

(9) Existing law provides that specified procedures required to be completed by the parties to a transaction involving the sale or transfer of a firearm where neither party holds a firearms dealer's license shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days.

This bill would provide that no person, corporation, or firm shall sell, loan, or transfer any firearm to a minor.

The bill also would provide that the above provisions shall not apply to the loan or transfer of a firearm to a minor under specified circumstances and shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a licensed hunter during the hunting season.

(10) This bill would make other related changes.

(11) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 24 (AB 875) McDonald. Dependent children: hearings: evidence.

Under existing law, at any hearing relating to a dependent child of the juvenile court for which the probation department bears the burden of proof, the court is authorized, on motion, to make any appropriate order, including dismissal of the petition and release of the minor at a jurisdictional hearing, if after the presentation of evidence on behalf of the probation department, the court finds that the probation department has not met its burden. Under existing law, if the motion is not granted, the minor, parent, or guardian is authorized to offer evidence.

This bill would authorize the minor to present evidence on his or her behalf before

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

such a motion may be considered.

Ch. 25 (AB 1619) Lee. Transportation planning: San Francisco Bay area.

(1) Existing law establishes the Metropolitan Transportation Commission to provide comprehensive regional transportation planning for the 9-county San Francisco Bay region within the jurisdiction of the commission, and requires the commission to develop a regional transportation plan and a regional transportation improvement program for the region.

Under existing law, each county in the region, together with cities within the county, is authorized to develop or update a transportation plan for the county every 2 years. The county plans are the primary basis for the commission's regional plans. The commission is required to develop guidelines to be used in the preparation of county transportation plans.

This bill would require the county transportation plans to be developed and updated by the agency that is responsible for developing a congestion management program for the county unless another agency is designated, as specified.

Existing law requires the commission to develop guidelines, containing specified criteria, to be used in the preparation of county transportation plans, and to revise those guidelines by January 1, 1990.

This bill would change the required content of those guidelines, and require the commission to revise them by January 1, 1995.

The duties that would be imposed on local agencies by the bill would constitute a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(3) This bill would require the Controller to deduct from any other state funds allocated to cities, counties, or congestion management agencies, the amount the entity was reimbursed pursuant to the bill.

Ch. 26 (AB 1807) Bronshvag. Businesses and professions: licensing.

(1) Existing law provides for numerous boards and committees, as defined, within the Department of Consumer Affairs, that administer the licensing and regulation of various businesses and professions.

This bill would change the names of some of these bodies. This bill would also make conforming changes.

This bill would authorize the boards to provide required written notices, including notices, orders, or documents served under the Administrative Procedure Act, by regular mail.

This bill would require each person holding a license or other authority to engage in a profession or occupation issued by a board to notify the issuing board of any change of address within 30 days of the change.

(2) Existing law authorizes certain boards to issue citations, if, upon investigation, the board has probable cause to believe that a person is advertising in a telephone directory with respect to the offering or performance of services without being properly licensed, and to require the violator to cease the unlawful advertising and to notify the telephone company furnishing services to disconnect the telephone service to any number contained in the unlawful advertising.

This bill would provide for the stay of the action if the person to whom the citation was issued notifies the agency that he or she intends to contest it, and would add additional boards to the list of boards authorized to issue citations and request disconnection of the telephone service.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(3) Existing law provides that certain special funds created within the Business and Professions Code be separate balances within a single Professions and Vocations Fund.

This bill would add specified funds, currently independent funds, to be a part of the Professions and Vocations Fund.

This bill would require that the boards not grant a license until amounts owed by an applicant or licensee for fees, fines, or penalties that were paid with a check that was subsequently returned unpaid, are paid together with applicable delinquency and other fees. This bill would also authorize the boards to require that the person whose check was returned unpaid make payment of all fees by cashier's check or money order.

(4) Existing law requires that rules or regulations, except those related to examinations and qualifications for licensure, not take effect until after compliance with certain requirements, including notification of the Director of Consumer Affairs, and providing the director the opportunity to review specified notices of proposed regulatory actions and changes.

This bill would revise this requirement to expand the documents that the director is required to be notified of and have the opportunity to review, to include the text of proposed regulations, among other things.

(5) This bill would authorize any of the boards within the Department of Consumer Affairs to establish by regulation a system for an inactive category of licensure.

(6) Under existing law, a physician and surgeon and a doctor of podiatric medicine may renew his or her license any time within 5 years of its expiration after meeting certain requirements.

This bill would revise the terms that may be used by doctors of podiatric medicine for fictitious-name permits, and would reduce the amount of time within which a doctor of podiatric medicine may renew his or her license to 3 years.

This bill would also reduce the time within which a psychologist, a hearing aid dispenser, an acupuncturist, or a landscape architect may renew his or her license from 5 to 3 years.

(7) Existing law requires specified boards within the Department of Consumer Affairs to maintain a central file on each of its licensees containing, among other things, complaints from members of the public and disciplinary reports.

This bill would require that the Board of Psychology and the Respiratory Care Board of California maintain complaints or reports as long as each board deems necessary.

(8) Existing law provides that a person subject to criminal proceedings for drug charges may, in specified circumstances, complete a diversion program in lieu of criminal proceedings. Existing law also provides for other assessment and diversion programs to be completed in conjunction with or in lieu of criminal proceedings. Existing law further requires that, notwithstanding any other provision of law, successful completion of a diversion program not prohibit an agency established under the Healing Arts Division of the Business and Professions Code from taking disciplinary action against a licensee or from denying a license.

This bill would specify additional programs, completion of which would not bar an agency from disciplining a healing arts licentiate, or from denying a license.

(9) Existing law prohibits the practice of dentistry, as defined, without a license. Existing law exempts certain practices from the definition of the practice of dentistry. Existing law also sets forth grounds for discipline of dentists for unprofessional conduct.

This bill would add verification of shade taking in certain circumstances to the practices exempt from the licensure requirement.

Existing law requires an applicant to practice dentistry to pass an examination testing an applicant's skill in dentistry, which may be supplemented by an oral examination. This bill would provide that, instead of being supplemented with an oral examination, the examination may be supplemented by a jurisprudence and ethics examination.

This bill would set minimum time periods after suspension or revocation of a license, certificate, or permit of a dentist at which a dentist could seek modification or termination of the sanction. This bill also sets forth considerations for the Board of Dental Examiners or administrative law judge conducting the hearing.

(10) This bill would revise educational, examination, and experiential requirements

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

for licensure as a physician and surgeon.

This bill would revise technical provisions relating to the timing of expiration and renewal of licenses for various healing arts practitioners, and would expand specified renewal provisions to apply to other practitioners.

(11) Existing law provides for the examination and licensure of spectacle lens and contact lens dispensers.

This bill would enable the Division of Allied Health Professions to require an examination for renewal of a license to dispense spectacle and contact lenses, if the dispenser has not engaged in the full-time or substantial part-time practice of fitting and adjusting lenses.

Existing law provides that a contact lens dispenser trainee may only fit contact lenses after acquiring five full years experience and registration as a contact lens dispenser.

This bill would delete this requirement.

(12) Existing law requires that an applicant be approved as a physical therapist assistant who is otherwise qualified and receives a grade of 75% on the required examination.

This bill would require an applicant be approved as a physical therapist assistant who is otherwise qualified if he or she receives a passing grade on the examination.

(13) Existing law sets fees for the initial license and renewal of a license as a physical therapist at $80, unless a lower fee is set by the governing agency.

This bill would require the Physical Therapy Examining Committee to submit a report to the Legislature whenever the board increases any fee, specifying the justification for the increase and the percentage of the increase to be used for enforcement purposes.

(14) Existing law authorizes the issuance of interim permits to practice nursing pending the results of the first licensing examination taken by an applicant, and requires the board to notify the applicant of termination of the interim permit by certified mail upon failure of the examination. Existing law also authorizes an applicant who fails the examination to be reexamined as deemed appropriate by the board.

This bill would limit the authorization to practice under an interim permit to a maximum of 6 months, and would require the board to send the notice by first-class mail. This bill would provide that an applicant may not be reexamined more frequently than once every 3 months.

Existing law also authorizes the issuance, upon the submission and approval of an application and payment of a prescribed fee, of a temporary certificate to practice as a certified nurse midwife, certified nurse practitioner, or certified nurse anesthetist for a period of 6 months.

This bill would also authorize issuance of a temporary certificate to a certified public health nurse. By increasing the amount of fees that would be deposited in the Board of Registered Nursing Fund, a continuously appropriated fund, this bill would make an appropriation.

Existing law authorizes disciplinary action against a nurse for unprofessional conduct, and for certain other actions, as prescribed.

This bill would revise these provisions to make the denial, revocation, suspension, or restriction of a license, or other disciplinary action against a nurse taken by another state or other government agency part of the definition of unprofessional conduct that is grounds for discipline in this state.

This bill would provide that an applicant for renewal of a nursing license who receives his or her license after payment of fees with a check that is subsequently returned unpaid shall not be granted a renewal until the amount owed is paid including any applicable fees.

(15) Existing law provides for the administration of the Psychology Licensing Law by the Board of Psychology and the Division of Allied Health Professions of the Medical Board of California.

This bill would revise requirements regarding publication of notices of the regular meetings of the Board of Psychology. This bill would authorize the board to reduce any of prescribed fees relating to licensing of psychologists as it deems administratively appropriate.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law authorizes the board to order the denial of an application for licensure, issue a license with terms and conditions, or order the suspension or revocation of a license for certain causes.

This bill would revise these provisions, and would eliminate the use of a fictitious, false, or assumed name by a licensee, alone or in conjunction with a group or partnership, as described, from those causes. It would add additional causes which would justify suspension or revocation of a license.

(16) Existing law provides that a person obtaining a degree as doctor of optometry from a university located outside of the United States, if he or she meets other specified requirements, may take the examination for a certificate of registration as an optometrist.

Existing law requires, until January 1, 1994, that this provision of law not be construed to prohibit the State Board of Optometry from refusing to permit a person from taking the examination if the institution granting the degree is not reasonably equivalent to that required of applicants who have graduated from an institution within the United States.

This bill would reenact these provisions and would extend the repeal date until January 1, 1996.

Existing law provides that, until January 1, 1994, a person who graduated from a foreign optometry school prior to 1980 and who was previously sponsored or qualified to be sponsored by the State Board of Optometry for the National Board of Examiners of Optometry examination, shall be sponsored for the national exam. Upon passing the national exam, under existing law, the person is required to be permitted to take the examination for licensure as an optometrist.

This bill would reenact these provisions and would extend the repeal date until January 1, 1996.

Existing law provides that in most circumstances, a certificate issued by the State Board of Optometry may be renewed up to 5 years after the date of expiration if the applicant passes the regular examination of the board and pays outstanding fees.

This bill would reduce the period for renewal to 3 years after the expiration of the certificate, if the person passes the clinical portion of the regular examination of applicants, or other clinical examination approved by the board, and pays all outstanding fees.

(17) Existing law requires an applicant, as a condition of licensure as a hearing aid dispenser, to pass an examination.

This bill would further require an applicant, as a condition of licensure as a hearing aid dispenser, to be at least 18 years of age and to possess a high school diploma or its equivalent.

(18) This bill would repeal a requirement that a prescribed notice be placed on receipts for hearing aids dispensed by a licensed hearing aid dispenser.

(19) This bill would authorize an applicant for licensure as a respiratory care practitioner who was previously licensed but allowed his or her license to expire for more than 3 years to practice as a respiratory care practitioner applicant between the date his or her license application is approved and the date the license is received. This bill would repeal existing provisions of law relating to reinstatement of respiratory care practitioner licenses, and would instead prescribe certain minimum time periods from the effective date of disciplinary actions, and certain conditions that must be met, before a petition for reinstatement of a license may be filed.

(20) Existing law provides for security measures relating to medical device retailers and persons allowed access to the retailers.

This bill would provide that, notwithstanding the security measures, a medical device retailer could establish a locked facility for furnishing dangerous devices in emergencies or after working hours.

This bill would allow the board to authorize revisions in the security measures pertaining to the delivery of dangerous devices from locked storage to patients.

Under existing law, violation of the provisions regulating respiratory care practitioners is a misdemeanor.

This bill would create new crimes, thereby imposing a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(21) Existing law defines "prescription" for the purposes of existing law relating to licensure of pharmacists, regulation of pharmacies, and regulation of controlled substances.

This bill would revise the definition of prescription, for those purposes, to also include electronically transmitted prescriptions, as defined.

Under existing law, it is a misdemeanor for any person to falsely represent himself or herself to be a person who can lawfully prescribe a drug, or to falsely represent that he or she is acting on behalf of a person who can lawfully prescribe a drug, in a telephone communication with a registered pharmacist.

This bill would also make it a misdemeanor to make these false representations by electronic communication, thereby creating a new crime, and imposing a state-mandated local program.

(22) This bill would authorize the issuance of a temporary certificate to practice as a psychiatric technician under prescribed circumstances, including payment of a fee. By increasing the amount of the fees deposited in the Vocational Nurse and Psychiatric Technician Examiners Fund, a continuously appropriated fund, this bill would make an appropriation. This bill would also add to the list of actions that constitute unprofessional conduct for a psychiatric technician, the knowing failure to protect patients by following specified infection control guidelines.

This bill would prohibit the Board of Vocational Nurse and Psychiatric Technicians from maintaining a reserve greater than 3 months of the appropriated operating expenditures for any fiscal year.

(23) Existing law requires a person who practices acupuncture to possess a license.

This bill would provide that this requirement not be construed to prevent those engaged in a course or tutorial program in acupuncture from administering acupuncture treatment as part of the education training.

This bill would revise the qualifications required of an acupuncturist who may be approved to supervise an acupuncturist trainee.

(24) Existing law provides for the licensure of marriage, family, and child counselors (MFCC), and clinical social workers, after they have met certain education and experience requirements. Existing law provides for the administration of these provisions by the Board of Behavioral Science Examiners. Existing law authorizes the board to allow any person to be examined, who, in the opinion of the board, has met education and experience requirements for MFCC licensure while residing outside of California that are substantially equivalent to the California licensure requirements.

This bill would recast these provisions to specify what experience and education gained outside of California shall be accepted toward licensure as an MFCC.

This bill also would revise provisions relating to petitions by an MFCC or clinical social worker for reinstatement of licenses that have been revoked, suspended, or placed on probation.

This bill would revise provisions relating to exemption from the application of the licensure provisions for clinical social workers to licensed practitioners who are temporarily in this state for specified purposes.

This bill would also require that experience gained outside of California by an applicant for a license as a clinical social worker be accepted if it is substantially equivalent to the California requirements for licensure.

(25) Existing law prohibits a permit to practice accountancy from being renewed within 5 years following its expiration.

This bill would allow reinstatement of a revoked permit without regard to the length of time which has elapsed subject to conditions and restrictions determined by the board.

This bill would revise the educational requirements for an applicant for admission to the examination for a certified public accountant certificate.

(26) Existing law, the Professional Engineers Act, prohibits the practice of civil, electrical, or mechanical engineering, or the use of certain titles, unless registered with the State Board of Registration for Professional Engineers and Land Surveyors.

This bill would add additional titles to the list of titles that may only be used by a

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

registered professional engineer.

Under existing law, the provisions of the act pertaining to registration of professional engineers in the branches of chemical, electrical, industrial, mechanical, metallurgical, and petroleum engineering does not apply to employees in the communication industry, or to employees of contractors while engaged in work on communication equipment.

This bill would recast these provisions to instead make the provisions of the act pertaining to registration of professional engineers other than civil engineers inapplicable to those employees.

Existing law requires the board to prepare a roster and a supplemental roster of all registered professional engineers, and a roster and supplemental roster of all licensed land surveyors.

This bill would delete the requirement that the board prepare the supplemental rosters of professional engineers and licensed land surveyors, and would require that the rosters be a public record.

This bill would revise requirements relating to engineering plans, specifications, reports, or documents prepared by a registered engineer to require that they bear a seal and the expiration date of the registration of the engineer. This bill would specify formal authentication requirements for engineering plans, specifications, or reports. This bill would also require licensed land surveyors to obtain a seal, and would require that the license expiration date be shown within the confines of the seal.

Existing law allows renewal of a certificate or registration as a professional engineer or of a license to practice land surveying for 5 years. Existing law allows renewal beyond the 5-year period unless the certificate holder, registrant, or licentiate has committed specified acts. If the registrant or certificate holder has practiced with an expired license, the State Board of Registration for Professional Engineers and Land Surveyors may act in specified ways, including by renewing or restoring the license and attaching conditions.

This bill would change the renewal period to 3 years. This bill would also delete the provision specifying the board's discretionary power to act beyond the delinquent renewal period.

(27) Existing law, the Contractors' State License Law, administered by the Contractors' State License Board, provides that it does not apply to licensed architects, professional engineers, or structural pest control operators.

This bill would also make that law inapplicable to a licensee operating within the scope of the Geologist and Geophysicist Act.

Existing law authorizes the refund of ½ the amount of the application fee for a geologist or geophysicist that the State Board of Registration for Geologists and Geophysicists finds lacks the qualifications required for admission to the examination for registration.

This bill would repeal that provision, thereby making an appropriation by increasing the moneys deposited in a continuously appropriated fund.

Existing law requires the Contractors' State License Board to require an applicant for licensure to file or have on file a bond prior to licensure and upon renewal of licensure.

This bill would, effective July 1, 1994, require the bond to be on file as a condition to continued maintenance of licensure.

(28) Existing law sets forth requirements for court reporting schools. Existing law allows the Certified Shorthand Reporters Board to grant a provisional recognition to a school which has met the requirements. Under existing law, the board is required to recognize a school after it has been in continuous operation for at least 3 years from the issuance of the provisional recognition, upon the fulfillment of certain requirements.

This bill would revise the name of the board, and would allow the board to recognize a provisionally recognized school in operation from 3 to 5 years after the issuance of the provisional license, upon the fulfillment of the school of certain requirements.

(29) This bill would revise certain administrative functions and responsibilities of the State Board of Registration for Professional Engineers and Land Surveyors.

(30) Existing law requires that, commencing January 1, 1994, a specific address and telephone number of the Board of Funeral Directors and Embalmers or the Cemetery

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Board appear on the first page of a contract for specified goods and services.

This bill would instead require that the current address of the appropriate board appear prominently on those contracts.

(31) Existing law allows a state body to hold a closed session to deliberate on a decision to be reached based upon evidence introduced at specified proceedings.

This bill would allow a state body to hold a closed session to deliberate on a decision to be reached at specified proceedings.

(32) Existing law requires certain boards and agencies to provide language assistance at adjudicatory hearings.

This bill would require additional boards to meet this requirement.

(33) Existing law generally requires that every prescription for a controlled substance classified in Schedule II be in writing, as specified. Existing law provides as an exception to this general requirement that when failure to issue a prescription for a controlled substance classified in Schedule II to a patient in a licensed skilled nursing facility, an intermediate care facility, or a licensed home health agency providing hospice care would, in the opinion of the prescriber, present an immediate hazard to the patient's health and welfare or result in intense pain and suffering to the patient, the prescription may be dispensed upon an oral prescription.

This bill, instead, would provide that any order for a controlled substance classified in Schedule II in a licensed skilled nursing facility, intermediate health care facility, or a licensed home health agency providing hospice care may be dispensed upon an oral or electronically transmitted prescription.

(34) Existing law provides that, upon request, a skilled nursing facility, intermediate care facility, or licensed home health agency providing hospice care shall make available to the dispensing pharmacist copies of signed telephone orders, chart orders, or related documentation substantiating an oral prescription transaction.

This bill would provide, instead, that a skilled nursing facility, intermediate care facility, or licensed home health agency providing hospice care shall forward to the dispensing pharmacist a copy of any signed telephone order, chart order, or related documentation substantiating each oral prescription transaction.

(35) This bill would make technical changes.

(36) This bill would require that any accruals that occur on or after September 11, 1993, to any funds or accounts within the Professions and Vocations Fund that realize increased revenues to that fund or account as the result of legislation enacted on or after September 11, 1993, and that have not been transferred pursuant to certain provisions of the Budget Act of 1993 on the effective date of this bill, shall be exempt from those provisions of the Budget Act of 1993 that provide for the transfers of certain interest, fines, and penalties to the General Fund. This bill would require that this exemption not apply to the Contingent Fund of the Medical Board. To the extent that this requirement would make moneys in those funds or accounts that would have been transferred to the General Fund available for the purposes of the continuously appropriated fund or account it would make an appropriation.

(37) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(38) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 27 (AB 2018) Katz. Vehicles: inspection and maintenance.

(1) Existing law establishes the vehicle inspection and maintenance (smog check) program, administered by the Department of Consumer Affairs. Existing law prescribes the area of the state in which the program is to be implemented, requires vehicles subject to the program to have a biennial inspection, requires the department to ensure that vehicle emissions of specified pollutants are reduced by specific percentages through the program, and establishes a review committee to analyze the effect of the program.

This bill would require the department to ensure reductions in emissions as required

NOTE: Superior numbers appear as a separate section at the end of the digests.

by federal law. The bill would revise the specification of vehicles subject to the program, thereby imposing a state-mandated local program by changing the definition of a crime. The bill would require the test at smog check stations to include testing the fuel evaporative system and crankcase ventilation system and other specified tests. The bill would revise the membership and duties of the review committee. The bill would require the department to establish a centralized computer data base to perform specified functions relative to the transmission of data from smog check stations. The bill would revise provisions relating to the use of remote sensors to identify gross polluters to, among other things, provide for roadside audits, the issuance of citations, and the imposition and disposition of specified penalties. The bill would revise the repair cost limits under the program, as specified. The bill would require the department and other specified state agencies, in cooperation with, and with the participation of, the Environmental Protection Agency, to implement a specified pilot demonstration program. The bill would revise or repeal various findings and declarations.

The bill would make related changes, including authorizing the enforcement in certain locations of provisions requiring a registration tab to be attached to the license plate of a vehicle. The bill would prohibit any person from operating or leaving standing on a highway any vehicle which is a gross polluter, thereby imposing a state-mandated local program by creating a new crime.

The bill would appropriate $12,012,000 from the Vehicle Inspection and Repair Fund to the department and the State Air Resources Board for purposes of the bill and would prohibit a specified transfer.

The bill would declare provisions of Chapter 1 of the Statutes of 1994 to be inoperative, and would provide that this bill shall become operative only if SB 521 is enacted.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 28 (SB 198) Kopp. Motor vehicles: air pollution: high polluters.

Existing law requires the Department of Motor Vehicles, upon the renewal of registration of a motor vehicle subject to a motor vehicle smog inspection program, to require biennially a valid certificate of compliance issued by a licensed smog check station.

This bill would specify that the first certificate of compliance for any vehicle which is registered for the first time in this state on or after January 1, 1994, shall be required upon the second renewal of its registration.

The bill would require the Department of Motor Vehicles, if a payment, in the nature of a donation, in an amount determined by the Department of Consumer Affairs, but not to exceed $50, is made upon the initial registration of a new motor vehicle, to issue a certificate of exemption from those requirements that would be valid for the new motor vehicle's first biennial smog inspection. The certificate of exemption would be void if title to, or any interest in, the vehicle is transferred, as specified.

The Department of Motor Vehicles would be required to transmit those payments to the Treasurer on a monthly basis for deposit in the High Polluter Repair or Removal Account, which the bill would create in the Vehicle Inspection and Repair Fund. The bill would authorize the Department of Consumer Affairs to accept donations or grants of funds from any person for purposes of the bill, and deposit that money in the account. The money in the account would be available, upon appropriation, to the Department of Consumer Affairs to establish and implement a program for the repair or replacement of high polluters, as defined.

The bill would require the program to provide for payment to the owner of a high polluter for up to 80% of the total costs of repair, not to exceed $450, or for the market value of a high polluter being removed, not to exceed $800. The department would be authorized to increase those amount limits to reflect changes in the Consumer Price Index.

The bill would also authorize the Department of Motor Vehicles to charge a fee for

NOTE: Superior numbers appear as a separate section at the end of the digests.

the issuance of a certificate of exemption which is equal to the fee that is charged for the issuance of a certificate of compliance. The bill would require the department to deposit any revenue from that fee in the Vehicle Inspection and Repair Fund, to be available for purposes of administering and enforcing the vehicle inspection and maintenance program.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 29 (SB 521) Presley. Vehicles: inspection and maintenance program.

Existing law establishes the vehicle inspection maintenance program, which provides for privately operated smog check stations to test and repair vehicles subject to the program, as specified.

This bill would, contingent upon the enactment of AB 2018, require the Department of Consumer Affairs to implement a program to test a portion of the vehicles registered in the enhanced program area, as defined, at test-only stations which are privately operated pursuant to department contract, as specified.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 30 (SB 1285) Watson. Investments: South Africa.

(1) Existing law prohibits South African investments by public retirement systems.

This bill would delete that prohibition.

(2) Existing law, with specified exceptions, prohibits the use of state trust fund money on or after January 1, 1987, to make additional or new investments or to renew existing investments in business firms that have business operations in South Africa or business arrangements with the government of South Africa or in financial institutions that make loans to any South African corporation or with the government of South Africa. Existing law requires a phased divestment by state trust funds of those proscribed South Africa-related investments. Existing law prohibits, effective January 1, 1991, state trust funds from making or holding any investment in any business firm with business operations in South Africa or business arrangements with the government of South Africa or any South African corporation or in any financial institution making or increasing loans or other extensions of credit to the government of South Africa or any South African corporation.

Existing law also prohibits the deposit of state moneys with financial institutions that, on or after January 1, 1987, make or increase loans or other extensions of credit, or provide funds for those purposes, to the government of South Africa.

This bill would repeal the provisions of law proscribing the investment of state trust fund moneys and state funds in South Africa-related investments.

This bill would also provide for indemnification from the General Fund by the State of California for present and former members of the governing board of any trust fund, present and former Regents of the University of California, officers and employees of the state or of the university, and investment managers under contract with the state or the university from all claims, demands, suits, actions, damages, judgments, and other costs, charges, and expenses sustained by them at any time by reason of any decision not to invest in business firms with business operations in South Africa or business arrangements with the government of South Africa, or not to invest in financial institutions extending credit to the government of South Africa or South African corporations, pursuant to the repealed provisions.

(3) Existing law prohibits the California State World Trade Commission from providing assistance and information to the government of South Africa.

This bill would delete this prohibition.

(4) Existing law, the implementation of which has been halted by a California appellate court, requires all corporations selling stocks in California to disclose on the prospectus whether or not the corporation, one or more of the corporation's parent corporation or subsidiary corporation, or one or more of the corporation's commonly owned corporations is doing business in South Africa or with any person or group located in South Africa.

This bill would repeal this inoperative disclosure requirement.

(5) Existing law requires the Public Utilities Commission to prohibit any public utility

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

that has any retirement funds invested in the government of South Africa or Libya, or in any corporation based in those countries, from including in its plant operating budget any losses incurred in those investments.

This bill would delete the reference to South Africa in these provisions.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 31 (AB 2448) W. Brown. Investments: South Africa.

(1) Existing law prohibits South African investments by public retirement systems. This bill would delete that prohibition.

(2) Existing law, with specified exceptions, prohibits the use of state trust fund money on or after January 1, 1987, to make additional or new investments or to renew existing investments in business firms that have business operations in South Africa or business arrangements with the government of South Africa or in financial institutions that make loans to any South African corporation or with the government of South Africa. Existing law requires a phased divestment by state trust funds of those proscribed South Africa-related investments. Existing law prohibits, effective January 1, 1991, state trust funds from making or holding any investment in any business firm with business operations in South Africa or business arrangements with the government of South Africa or any South African corporation or in any financial institution making or increasing loans or other extensions of credit to the government of South Africa or any South African corporation.

Existing law also prohibits the deposit of state moneys with financial institutions that, on or after January 1, 1987, make or increase loans or other extensions of credit, or provide funds for those purposes, to the government of South Africa.

This bill would repeal the provisions of law proscribing the investment of state trust fund moneys and state funds in South Africa-related investments.

This bill would also provide for indemnification from the General Fund by the State of California for present and former members of the governing board of any trust fund, present and former Regents of the University of California, officers and employees of the state or of the university, and investment managers under contract with the state or the university from all claims, demands, suits, actions, damages, judgments, and other costs, charges, and expenses sustained by them at any time by reason of any decision not to invest in business firms with business operations in South Africa or business arrangements with the government of South Africa, or not to invest in financial institutions extending credit to the government of South Africa or South African corporations, pursuant to the repealed provisions.

(3) Existing law prohibits the California State World Trade Commission from providing assistance and information to the government of South Africa.

This bill would delete this prohibition.

(4) Existing law, the implementation of which has been halted by a California appellate court, requires all corporations selling stocks in California to disclose on the prospectus whether or not the corporation, one or more of the corporation's parent corporation or subsidiary corporation, or one or more of the corporation's commonly owned corporations is doing business in South Africa or with any person or group located in South Africa.

This bill would repeal this inoperative disclosure requirement.

(5) Existing law requires the Public Utilities Commission to prohibit any public utility that has any retirement funds invested in the government of South Africa or Libya, or in any corporation based in those countries, from including in its plant operating budget any losses incurred in those investments.

This bill would delete the reference to South Africa in these provisions.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 32 (SB 752) Kopp. Open meetings of local agencies.

The Ralph M. Brown Act, which generally requires that the meetings of the legislative bodies of local agencies be conducted openly, was revised by several acts in 1993, to be operative April 1, 1994.

This bill would make technical revisions to resolve inconsistencies between those acts

NOTE: Superior numbers appear as a separate section at the end of the digests.

and would make conforming changes, to be operative April 1, 1994.

Existing law regarding special meetings states that the call and notice shall specify the time and place of the special meeting and the business to be transacted and that notice is required regardless of whether any action is taken at the special meeting.

This bill would also state that the call and notice shall specify the business to be transacted or discussed and would delete the requirement that notice is required regardless of whether any action is taken at the special meeting.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 33 (SB 1234) Bergeson. Disaster relief.

Existing law requires each hospital or hospital governing authority to apply with the Office of Statewide Health Planning and Development for approval of any plan for a hospital building, and to pay a specified filing fee at the time of application.

This bill would authorize the Office of Statewide Health Planning and Development to postpone payment of this filing fee where an applicant meets certain conditions with respect to a declared disaster and disaster relief. It would also authorize that office to seek an offset from the Controller against amounts owed by the state to the applicant for those postponed fee amounts that remain unpaid after a certain period.

Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. Existing law further requires, with respect to property that has been so reassessed, that the new taxable value of that property, after being fully repaired, restored, or reconstructed, be enrolled on the lien date that follows the completion of that process.

This bill would instead require that the new taxable value of that property, after full repair, restoration, or reconstruction, be enrolled upon the supplemental roll.

With respect to certain counties that have adopted reassessment ordinances and have been declared by the Governor to be in a state of disaster as a result of certain events, existing law provides for state allocations of the estimated amounts of the reductions in property tax revenues resulting in certain fiscal years from reassessments under those ordinances. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations.

This bill would provide for similar state allocations with respect to property tax revenue reductions, resulting from a reassessment ordinance, incurred by specified counties that were declared by the Governor to be in a state of disaster as a result of the fires occurring in California in October and November of 1993. By requiring moneys continuously appropriated from the Special Fund for Economic Uncertainties to be allocated for the new purpose of reimbursing these counties for these property tax revenue reductions, this bill would make an appropriation.

The existing Personal Income Tax Law and the Bank and Corporation Tax Law provide for the carryover to specified taxable or income years of specified losses sustained as a result of various disasters occurring in California in an area determined by the President of the United States to warrant specified federal assistance, or proclaimed by the Governor to be in a state of disaster.

This bill would extend those provisions to losses sustained as a result of fire or any other related casualty that occurred in specified counties in October or November of 1993. This bill would also authorize a taxpayer to make an election to claim a deduction for those losses on the tax return for the preceding year.

This bill would contain legislative findings and declarations as to the statewide public purpose of this bill.

This bill would incorporate additional changes in Sections 17207 and 24347.5 of the Revenue and Taxation Code, proposed by AB 2290, to become operative only if AB 2290 and this bill are both chaptered and become effective on or before January 1, 1995, and this bill is chaptered last.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 34 (SB 1257) Ayala. Defense installations: conversion to nonmilitary uses.

(1) Existing law does not prescribe special procedures for obtaining federal, state, and local permits required in connection with the conversion of Department of Defense installations to nonmilitary uses.

This bill would require the Secretary for Environmental Protection, in coordination with appropriate federal, state, and local agencies, to expand one-stop permit programs to provide for the development of defense installations converted to nonmilitary use. The bill would impose a state-mandated local program by requiring any affected local agency to consider a memorandum of agreement that would be developed for this purpose by the Secretary for Environmental Protection under the bill. The bill would authorize a local agency to charge a fee, in addition to any fees charged for permits, in order to defray the cost of the bill.

The bill would make related legislative findings and declarations.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 35 (AB 1026) Peace. Bank and corporation taxes: short period returns.

Existing law provides that for purposes of the Bank and Corporation Tax Law, short period returns shall be filed within one of specified time periods.

This bill would provide that a short period return shall be filed at the same time as a federal short period return if a federal short period return is required to be filed.

The existing Bank and Corporation Tax Law provides that a taxpayer shall file a short period return for any income year that is a period of less than 12 months if any of specified events occur.

This bill would exempt any corporate reorganization described in specified provisions of the federal Internal Revenue Code from those provisions, and make other clarifying changes.

The existing Bank and Corporation Tax Law does not provide direction in computing the alternative minimum tax for short period returns.

This bill would provide that direction by conforming to specified federal income tax laws.

This bill would provide that specified provisions of the bill would become operative as provided.

Ch. 36 (AB 1542) Umberg. Special districts: gifts: disclosure.

Existing provisions of the Political Reform Act of 1974 require specified local government officials, including specified elected state officers, to periodically submit reports concerning sources of income or gifts, as specified. The act also requires designated employees of state and local governmental agencies to file periodic conflict-of-interest statements disclosing reportable sources of income, among other things.

Existing provisions of that act prohibit local elected officeholders from accepting any honoraria or any gift, from any single source, which is in excess of $1,000, in any calendar year, with certain exceptions.

This bill would prohibit local elected officeholders, elected or appointed members of the governing board of special districts, and designated employees of local government agencies from accepting any honorarium, as defined. This bill would reduce from $1,000 to $250, the limitation on gifts that may be accepted by those persons from any single source, in any calendar year, with certain exceptions. The bill would require the commission to adjust that amount, as specified.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on persons who violate the provisions of this bill.

This bill would further require each special district, as defined, notwithstanding speci-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

fied provisions, to at least annually, disclose any reimbursement paid by the district within the immediately preceding fiscal year of at least $100 for individual charges paid to any employee or member of the governing body of the district. It would require the disclosure to be in the form of a document published at least annually by a date determined by that district and to be made available for public inspection.

This bill, by adding to the duties of special districts, would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, this bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the Political Reform Act of 1974, would therefore require a ⅔ vote.

Ch. 37 (AB 1622) Bowen. Public swimming pools: light fixtures.

Existing law requires public swimming pools to meet certain safety and sanitation requirements, including, but not limited to, the requirement that every person operating or maintaining a public swimming pool must do so in a sanitary, healthful, and safe manner.

Existing law designates the State Department of Health Services as having supervision over these requirements, and requires every health officer, within his or her jurisdiction, to enforce building standards relating to swimming pools. Existing law makes violation of these requirements a misdemeanor.

This bill would require all dry-niche light fixtures and all underwater wet-niche light fixtures operating at more than 15 volts in public swimming pools owned or operated by the state or by local agencies to be protected by a ground-fault circuit interrupter in the branch circuit, would require light fixtures to have encapsulated terminals, and would require any of these public swimming pools that do not meet these requirements as of January 1, 1995, to be retrofitted by January 1, 1996.

This bill would require the ground-fault circuit interrupter to comply with Underwriter's Laboratory standards.

This bill would require state and local governmental agencies to have their public swimming pools inspected for compliance by July 1, 1996.

By requiring pools owned by local governmental agencies to comply with these requirements, this bill would impose a state-mandated local program.

Also, by expanding the scope of the misdemeanor, this bill would impose a state-mandated local program.

This bill would authorize a public swimming pool to charge a fee, or increase its fee charged, to the public for use of the pool, for the purpose of recovering the administrative and other costs of retrofitting pools in compliance with this bill, and would require the charge or increase due to this bill to terminate when funds sufficient to cover these costs are collected.

This bill would declare that certain of its provisions are declaratory of existing law.

This bill would require that the required electrical work be performed by a licensed electrician.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that for certain costs no reimbursement is required by this act for specified reasons.

Moreover, this bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 38 (AB 17) Peace. Crimes: harmful matter.

Existing law provides that any person who knowingly displays, sells, or offers to sell in a specified vending machine that is located in a public place, other than a public place from which minors are excluded, any harmful matter, as defined, displaying to the public view photographs or pictorial representation of specified acts, including sexual acts, shall be punished as a misdemeanor or a felony, as specified.

This bill, in addition, would provide that any person who knowingly displays, sells, or offers to sell in any coin-operated vending machine that is not supervised by an adult and that is located in a public place, other than a public place from which minors are excluded, any harmful matter, as specified, shall be punished as a misdemeanor or a felony, as specified.

This bill would provide that it shall be a defense in any prosecution for a violation of the provision if the defendant has taken specified measures to restrict access to the harmful matter by persons under 18 years of age. Because this provision would create a new crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 39 (SB 1023) Thompson. Recreation and park districts.

(1) Under existing law, a recreation and park district may be organized to establish programs of community recreation, including parks and parkways, and to exercise certain related powers.

This bill would authorize the Camp Meeker Recreation and Park District, if approved by the local agency formation commission, to exercise specified powers of a county water district, and would make legislative findings and declarations as to the necessity for that special law.

(2) The bill would become inoperative on July 1, 1998, and would be repealed as of January 1, 1999.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 40 (AB 797) Connolly. Civil proceedings.

(1) Existing law provides that, subject to certain exceptions, if an action against a person who dies before the expiration of the applicable limitations period survives, an action may be commenced within one year after the date of death. Under this provision, no other limitations period applies and the one-year limitations period is not tolled or extended for any reason.

This bill would subject these provisions to existing provisions relating to a no contest clause, as defined.

(2) Existing law authorizes, if an instrument containing a no contest clause is or has become irrevocable, a beneficiary to apply to the court for a determination of whether a particular motion, petition, or other act by the beneficiary would be a contest within the terms of a no contest clause.

This bill would specify that a determination may be made under the above-specified provision as to whether actions pertaining to certain creditors claims would be a contest within the terms of a no contest clause.

Under existing law relating to creditors claims, a rejected claim is barred as to the part rejected unless the creditor brings an action on the claim or the matter is referred to a referee or to arbitration within certain times, excluding any time during which there

NOTE: Superior numbers appear as a separate section at the end of the digests.

is a vacancy in the office of the trustee. Existing law provides that property distributed by the trustee under the terms of the trust after 120 days from the later of the time the notice of rejection is given or the claim is due and before the notice of pendency of action or referral or arbitration is filed and given, is not subject to the claim.

This bill would provide that this property is not subject to the claim if it is distributed 120 days from the later of the time the notice of rejection is given or the claim is due and before the notice of pendency of action or referral or arbitration is filed and given, excluding therefrom any time during which there is a vacancy in the office of the trustee.

(3) Existing law invalidates, with certain exceptions, a donative transfer to the person who drafts or transcribes, or who causes to be drafted or transcribed, an instrument making this transfer and to persons having certain business and other relationships thereto. Existing law provides exceptions for transfers where the transferor is related by blood or marriage to, or cohabits with, the person who drafted, transcribed, or caused to be drafted or transcribed, the instrument, or where the instrument is reviewed by an attorney not related to, or associated with, the drafter or proposed transferee, or where the transfer is approved by a court, as specified.

This bill would recast the above-described exception for relatives and cohabitors to provide an exception for transfers where the transferor is related by blood or marriage to, or cohabits with, the transferee, or the person who drafted, transcribed, or caused to be drafted or transcribed, the instrument. It also would provide an additional exception for transfers to prescribed entities, trusts, or trustees. This bill would provide that these exceptions would apply retroactively to an instrument that becomes irrevocable, or is executed by a person who dies, on or after July 1, 1993.

(4) This bill would provide that the changes to existing law described in (1) and (2) above would become operative on January 1, 1995.

(5) This bill would provide that it is to take effect immediately as an urgency statute.

Ch. 41 (AB 911) Horcher. Civil procedure.

Existing law provides that when a demurrer to any pleading is sustained or overruled, and time to amend or answer is given, that time so given runs from the service of notice of the decision or order unless that notice is waived.

This bill would provide that when an order sustaining a demurrer without leave to amend is reversed or otherwise remanded by any order issued by a reviewing court, the amended complaint must be filed within 30 days after the clerk of the reviewing court mails notice of the issuance of the remittitur.

Ch. 42 (AB 1008) Murray. Unemployment insurance: retraining.

Existing law provides generally that unemployment insurance benefits shall not be denied to an unemployed individual for any week because the individual is in training or retraining, as provided.

This bill would require the Employment Development Department, on or before June 1, 1995, to prepare and submit to the Legislature a study, not to exceed a specified cost, on methods of providing incentives to encourage recipients of unemployment insurance benefits to seek education and retraining during hours they are not actively seeking employment.

Ch. 43 (AB 1329) Epple. Peace officers: training: fees.

(1) Existing law authorizes the Commission on Peace Officer Standards and Training to charge appropriate fees to specified peace officers who, due to passage of time without specified employment or a lapse in employment, must retake the examination required to demonstrate satisfactory completion of a prescribed, introductory training course. Existing law specifies that the fees are not to exceed actual costs.

This bill would additionally authorize the commission to charge appropriate fees to each applicant taking that examination who is not sponsored by a local or other law enforcement agency, or is not a peace officer employed by, or under consideration for employment by, a state or local agency, department, or district, or who is not a custodial officer, as specified. The commission would be prohibited from charging fees that exceed

NOTE: Superior numbers appear as a separate section at the end of the digests.

actual costs.

(2) Under existing law, the commission is required to, among other things, provide the opportunity for testing of those persons who have acquired prior equivalent peace officer training.

This bill would authorize the commission to evaluate and approve pertinent training previously completed by any jurisdiction's law enforcement officers as meeting current training requirements prescribed by the commission pursuant to specified statutory provisions. The bill would specify that the evaluations performed by a local jurisdiction shall conform to certain statutorily established standards.

(3) Existing law requires the Commission on Peace Officer Standards and Training to develop and implement programs to increase the effectiveness of law enforcement through training and education programs, as specified. Existing law provides that the commission shall develop regulations and professional standards on or before July 1, 1994, for the law enforcement accreditation program, participation in which is limited to police departments, sheriffs' departments, and the California Highway Patrol. Existing law provides that other law enforcement agencies shall be eligible for accreditation after January 1, 1996.

This bill would revise the provisions relating to the accreditation program to provide that the commission shall, instead, develop the regulations and professional standards for the law enforcement accreditation program on or before July 1, 1996, and that other law enforcement agencies shall, instead, be eligible for accreditation after January 1, 1998.

The bill would also provide that, on or before January 1, 1995, the commission shall establish the Robert Presley Institute of Criminal Investigation which will make available to criminal investigators of California's law enforcement agencies an advanced training program to meet the needs of working investigators in specialty assignments, such as arson, auto theft, homicide, and narcotics, as specified.

Ch. 44 (AB 1754) Frazee. Accountants: State Board of Accountancy.

Under existing law, the State Board of Accountancy administers and enforces the law respecting accountants.

This bill would authorize the board to contract with and employ certified public accountants and public accountants as consultants and experts to assist in its enforcement program, as specified. The bill would provide that if a person, not a regular employee of the board, is hired or under contract to provide expertise to the board in the evaluation of the conduct of a licensee, and that person is named as a defendant in a civil action directly resulting from opinions rendered to the board, the board shall provide legal representation and indemnify that person. The bill would also provide that this right of defense and indemnification shall be the same as, and no greater than, the right provided to a public employee, as specified.

The bill would also require the board to report annually to the Legislature regarding these contracts.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 45 (AB 2054) Cortese. Water.

(1) Under existing law, the State Water Resources Control Board and the California regional water quality control boards exercise the regulatory functions of the state in the field of water resources.

This bill would authorize a regional board that determines there is a threatened or continuing violation of certain orders to issue an order establishing a time schedule and prescribing a civil penalty, as prescribed. The bill would extend that authority to the state board under certain circumstances. The bill would make an appropriation by requiring that the money that is raised in connection with the imposition of a civil penalty be deposited in the continuously appropriated State Water Pollution Cleanup and Abatement Account of the State Water Quality Control Fund. The bill would authorize the state board to apply, to the clerk of the appropriate court in the county in which the civil penalty was imposed, for a judgment to collect the penalty, thereby imposing a state-mandated local program by increasing the duties of the courts. The bill would prescribe related matters.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) Existing law provides that no person may be excused from testifying or producing evidence in an investigation, inquiry, or hearing before the state board on the ground that testimony or evidence may tend to subject the person to a penalty.

Existing law prohibits the criminal prosecution of a person for any matter under investigation by the state board, concerning which the person has been compelled to testify or to produce evidence.

This bill would authorize the state board to grant immunity to a person who is compelled to testify or to produce documentary evidence before the state board and who invokes the privilege against self-incrimination. The bill would require the state board, if the state board does not grant the immunity, to excuse the person from giving any testimony or from producing any evidence to which the privilege against self-incrimination applies, and would require the state board to dismiss, continue, or limit the scope of the proceedings, as prescribed. The bill would prohibit the criminal prosecution of a person who is granted immunity by the state board for any matter under investigation by the state board, concerning which the person has been compelled to testify or produce evidence pursuant to the granting of immunity.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 46 (AB 2237) McDonald. Public retirement systems.

Existing law prohibits South African investments by public retirement systems.

This bill would delete that prohibition.

Ch. 47 (SB 480) McCorquodale. Criminal street gangs.

(1) Existing law, the Street Terrorism Enforcement and Prevention Act, operative until January 1, 1997, provides that any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that gang, shall be punished by imprisonment in a county jail not to exceed one year, or by imprisonment in the state prison for 1, 2, or 3 years.

This bill would increase the punishment for this offense to imprisonment in a county jail not to exceed one year, or by imprisonment in the state prison for 16 months, or 2 or 3 years.

(2) Existing law provides that a person who is convicted of a felony committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in criminal conduct by gang members, shall, upon conviction of the felony, be punished by an additional, consecutive term of 1, 2, or 3 years. However, if the underlying felony is committed on the grounds of, or within 1,000 feet of, a public or private elementary, vocational, junior high, or high school, as specified, the additional term shall be 2, 3, or 4 years.

(3) Existing law provides that a person who is convicted of a public offense punishable as a felony or a misdemeanor committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in criminal conduct by gang members, shall be punished, as specified. It also provides that if the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in a county jail.

This bill would, instead, provide that if the court grants probation or suspends the execution of sentence imposed upon the defendant for a violation of (1) above, or in cases involving a true finding of the enhancement provisions enumerated in (2) above,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the court shall require as a condition thereof that the defendant serve a minimum of 180 days in a county jail.

(4) Existing law defines "criminal street gang," for the purposes of the Street Terrorism Enforcement and Prevention Act, as any ongoing organization, association, or group of 3 or more persons, whether formal or informal, having as one of its primary activities the commission of one or more specified offenses, having a common name or common identifying sign or symbol, and members of which individually or collectively engage in or have engaged in a pattern of criminal street gang activity.

This bill would extend this provision to include the additional offenses of carjacking, burglary, rape, looting, moneylaundering, kidnapping, mayhem, aggravated mayhem, torture, grand theft when the value of the money, labor, or real or personal property exceeds $10,000, specified felony extortion, felony vandalism, and discharging or permitting the discharge of a firearm from a motor vehicle, as defined. Because this bill would change the definition of a crime by expanding the activities that bring a person within the scope of criminal street gang activity, it would impose a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 48 (SB 678) Greene. Income taxes: bank and corporation taxes.

The existing Personal Income Tax Law and Bank and Corporation Tax Law provide various credits against the taxes imposed by those laws. Either law, or both, provide, among other things, for a credit in an amount equal to 55% of the specified costs paid or incurred for low-emission motor vehicles or low-emission conversion devices, a credit in an amount equal to 40% of the cost of specified property used to manufacture finished products composed of waste material, a credit in an amount equal to 20% of the cost of purchasing, contracting, or leasing specified ridesharing vehicles, a credit in an amount equal to 40% of certain vanpool subscription costs, and a credit in an amount equal to 50% of the cost paid or incurred by the taxpayer for specified contributions to a qualified care plan.

This bill would make technical, nonsubstantive changes with respect to all of those credits.

Existing law authorizes the Franchise Tax Board to charge a fee for providing persons with copies of their tax returns and for providing letters of good standing verifying a corporation's status for doing business in California. Existing law provides that the amounts received as fees through June 30, 1993, shall be treated as reimbursement of the board's costs and deposited into the General Fund.

This bill would delete the June 30, 1993, date, thereby providing indefinitely that the amounts received as fees shall be treated as reimbursement of the board's costs and deposited into the General Fund.

This bill would declare that it would take effect immediately as an urgency statute.

Ch. 49 (SB 720) Hart. Education: Northridge earthquake of 1994.

(1) The Child Care and Development Services Act (hereafter the act) provides for child care and development programs. The act states that it is the policy of the state that child development facilities meet the nutritional needs of the children in attendance. Existing provisions of law provide lunch programs for needy children. School districts or county offices of education that participate in lunch programs are granted a specified exemption in the event of a state or federally declared disaster.

This bill would authorize the Superintendent of Public Instruction, in the event of a state of emergency, as defined, to waive any requirements of the Education Code or regulations adopted pursuant to the Education Code relating to child care and development programs and child nutrition programs in child care and development programs. Any waiver granted may not exceed 45 calendar days.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) Existing law provides that a district that is prevented from maintaining its schools during a fiscal year for at least 175 days because of fire, flood, epidemic, an order relating to an emergency created by war, other extraordinary conditions, inability to secure or hold a teacher, or illness of a teacher shall receive the same apportionment from the State School Fund as it would have received had it not been prevented from maintaining school for at least 175 days.

This bill would add earthquakes to the aforementioned list of circumstances and would provide that a district may also receive that same apportionment if it is required to operate sessions of shorter length than otherwise prescribed by law because of these circumstances.

(3) Existing law authorizes the State Board of Education to waive all or any portion of fiscal penalties that may be levied for failing to maintain the prescribed minimum length of time for the instructional schoolday and year, as specified. A waiver may be granted for any sufficient reason as determined by the State Board of Education. These waivers are granted for one year and only when the time involved is equal to or less than 900 minutes of instructional time and are to include a plan for the school district to make up any instructional time that is lost. However, exceptions to the one-year and 900-minute limit may be granted to any school district that maintained a single session kindergarten class in the 1982–83 school year for more than the maximum number of 240 minutes and is required to operate 2 sessions of kindergarten in the same classroom.

This bill would delete the provisions that allow a waiver to be granted for any sufficient reason as determined by the State Board of Education and, instead, would make a statement of legislative intent that the State Board of Education should grant waivers only in the event of circumstances that involve the health and safety of pupils or unavoidable human error, other than those circumstances described in (2) above. It would also make further statements of legislative intent that the State Board of Education should waive only a certain portion of the fiscal penalties and that school districts should make every effort to make up instructional time lost during the school year in which the loss of time occurred rather than seeking a waiver. The bill would also clarify that the exception for school districts that maintained a single session kindergarten class would be an exception from the provisions to make up the lost instructional time and would apply where the school district is required to operate 2 sessions of kindergarten per day in the same classroom.

(4) Existing law provides that whenever the average daily attendance of any school district, county office of education, or regional occupational center or program has been materially decreased during any fiscal year because of specified emergencies, that fact shall be established to the satisfaction of the Superintendent of Public Instruction, as specified. The superintendent is then required to estimate the average daily attendance of the school district for the fiscal year in a manner that credits to the school district, for determining the apportionments to be made to the district, approximately the total average daily attendance that would have been credited to the school district had the emergency not occurred.

This bill would provide that, in the event a state of emergency is declared by the Governor in a county, any decrease in average daily attendance in the county below the approximate total average daily attendance that would have been credited to a school district, county office of education, or regional occupational center or program had the state of emergency not occurred shall be deemed material. The bill would require the superintendent to determine the length of the period during which average daily attendance has been reduced by the state of emergency, which period may not extend into the next fiscal year following the declaration of the state of emergency, absent a specified showing. The bill would also make technical changes.

(5) Existing law provides that the governing board of any community college district shall classify nonacademic positions, whether under a merit system or not. Certain types of positions are expressly exempt from classified service, including, in a community college district without a merit system, substitute and short-term employees employed and paid for less than 75% of a school year, as defined.

This bill would authorize the Santa Clarita Community College District, until June 30,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

1994, to exclude from the classified service a substitute or short-term employee hired or reemployed as a result of conditions related to the Northridge earthquake, irrespective of the number of days for which the individual is employed and paid. The bill would require the Santa Clarita Community College District, until June 30, 1994, to meet and confer with the exclusive representatives of the classified employees prior to exercising that authority.

(6) Existing law provides an apportionment, to be computed as specified, to a school district or county office of education for home-to-school transportation services and special education transportation services.

This bill would authorize a school district or county office of education that operated home-to-school transportation services or special education transportation services during the 1993–94 school year to receive for the 1994–95 fiscal year the same proportional share of the statewide total amount of funding in the Budget Act of 1994 for either type of transportation service as it received of the statewide total amount of funding in the Budget Act of 1993 for either type of transportation service, upon review and approval of the Superintendent of Public Instruction.

(7) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 50 (SB 1034) Thompson. Peace officers.

Existing law provides that, whenever certain peace officers and firefighters are disabled by an injury or illness arising out of and in the course of their duties, they are entitled to leave of absence while disabled without loss of salary in lieu of temporary disability payments or maintenance allowance under the workers' compensation law, but for not more than one year.

This bill would authorize a collective bargaining agreement to provide for enhanced industrial disability leave to specified members of the California State University Police Department in an amount equal to net monthly take home salary, as specified.

Ch. 51 (SB 1301) Committee on Local Government. Validations.

This bill would enact the First Validating Act of 1994, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 52 (AB 640) Seastrand. State estuaries: management plan.

(1) Existing law does not provide specifically for the protection of Morro Bay and its watershed or San Diego Bay.

This bill would designate Morro Bay and San Diego Bay as a State Estuary, as defined, and would designate Morro Bay and its watershed as a State Estuary planning area. The bill would require the California Environmental Protection Agency to convene the Morro Bay Management Plan Task Force, which may include specified agencies and persons, to develop a management plan for Morro Bay and its watershed. The Central Coast Regional Water Quality Control Board would be utilized to carry out initial administrative functions of the task force, including selecting a temporary chairperson. The task force would be required to submit the plan to specified local agencies for approval, thereby imposing a state-mandated local program, and, on or before July 1, 1997, to submit the plan to the Legislature. On and after July 1, 1997, the task force would be required, on an ongoing basis, to make recommendations to the agency regarding the need for any revisions in the plan. The task force would terminate as of June 30, 2007.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 53 (AB 783) Polanco. Public utilities: expenditures for economic development.

Existing law requires the Public Utilities Commission to authorize public utilities to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

engage in programs to encourage economic development and requires reasonable expenses for economic development programs to be allowed, to the extent of ratepayer benefit, when setting rates to be charged by those public utilities electing to initiate these programs.

This bill would extend the permitted incentives to include recycling market development zones.

This bill would authorize the board of a municipal utility district that has owned and operated an electric distribution system for at least 8 years and has a population of 250,000 or more to engage in programs to encourage economic development that benefits its ratepayers.

The bill would incorporate changes to Section 740.4 of the Public Utilities Code made by AB 2 of the 1993–94 First Extraordinary Session, to become effective if both bills are chaptered and this bill is chaptered last.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 54 (AB 789) Costa. Department of Water Resources: grants and loans.

(1) The Budget Act of 1993 appropriates $370,000 for local assistance grants from the California Wildlife, Coastal, and Park Land Conservation Fund of 1988.

This bill would increase that appropriation to $743,091.

(2) The Budget Act of 1993 appropriates $14,000,000 for local assistance loans from the 1988 Water Conservation Fund.

This bill would increase that appropriation to $30,726,307, of which $11,726,307 would be used to fund prescribed water conservation programs and a prescribed groundwater recharge feasibility study and $5,000,000 would be used to fund a prescribed local water supply construction project.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 55 (AB 927) Honeycutt. Crimes: sexual exploitation of children.

(1) Existing law prohibits a person from knowingly sending or causing to be sent, or bringing or causing to be brought, into this state for sale or distribution, or in this state from possessing, preparing, publishing, developing, duplicating, or printing, with intent to distribute or to exhibit to, or to exchange with, a person 18 years of age or older, or from offering to distribute, distributing, or exhibiting to, or exchanging with, a person 18 years of age or older any matter, knowing that the matter depicts a person under the age of 17 years personally engaging in or personally simulating sexual conduct, as defined, a violation of which is a misdemeanor. Existing law makes a 2nd or subsequent violation of this provision, or a violation of this provision if the object of the offense is a person under 18 years of age, a felony.

This bill would (a) extend these provisions to prohibit producing the above-mentioned matter, as specified, and (b) instead, apply these provisions to matter depicting a person under the age of 18 years. Because this bill would change the definition of a crime, it would impose a state-mandated local program.

(2) Existing law prohibits sexual exploitation of a child, which is knowingly developing, duplicating, printing, or exchanging any film, photograph, videotape, negative, or slide in which a person under the age of 14 years is engaged in an act of sexual conduct, as defined.

This bill would, instead, apply this provision to the above materials in which a person under the age of 18 years is engaged in an act of sexual conduct, as defined. Because this bill would change the definition of a crime, it would impose a state-mandated local program.

(3) Existing law prohibits specified activities by a person with regard to a minor under the age of 17 years relating to permitting the minor to engage in either posing or modeling alone or with others for purposes of preparing a film, photograph, negative, slide, or live performance involving sexual conduct by a minor under the age of 17 years, alone or with other persons or animals. Existing law makes it a felony to engage in these activities for commercial purposes.

This bill would, instead, apply these provisions to a minor under the age of 18 years. Because this bill would change the definition of a crime, it would impose a state-

NOTE: Superior numbers appear as a separate section at the end of the digests.

mandated local program.

(4) Existing law prohibits a person from knowingly possessing or controlling any matter, the production of which involves the use of a person under the age of 14 years, knowing that the matter depicts a person under the age of 14 years personally engaging in or simulating sexual conduct, as defined.

This bill, instead, would apply this provision to matter involving the use of a person under the age of 18 years, knowing that the matter depicts a person under the age of 18 years under the above circumstances. Because this bill would change the definition of a crime, it would impose a state-mandated local program.

(5) Existing law makes matter which depicts a person under the age of 17 years personally engaging in or personally simulating sexual conduct, as defined, which is in the possession of any city, county, city and county, or state official or agency, subject to forfeiture, following specified notice.

This bill, instead, would apply this provision to matter which depicts a person under the age of 18 years. Because this bill would change the duties of local officials, it would impose a state-mandated local program.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those other costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 56 (AB 968) Jones. Workers' compensation: private self-insured employers.

Existing law requires every private self-insuring employer to secure incurred liabilities for the payment of workers' compensation by renewing the prior year's security deposit or by making a new deposit of security, as specified. Existing law also provides that the Director of Industrial Relations may only accept as security, and the employer shall deposit as security, cash, securities, surety bonds, or irrevocable letters of credit in any combination the director, in his or her discretion, deems adequate security. Existing law requires that the current deposit include within its coverage all amounts covered by terminated surety bonds or excess insurance policies.

This bill would provide instead that the current deposit shall include any amounts covered by terminated surety bonds or excess insurance policies, as shall be set forth in regulations adopted by the director, as specified.

Ch. 57 (AB 1082) Andal. Dependent children: parental custody.

Existing law requires the juvenile court to order reunification services to be provided to a family when a minor is removed from a parent's or guardian's custody, as specified, but provides that reunification services need not be provided if the court makes specified findings by clear and convincing evidence.

This bill would include among these findings, circumstances in which the minor was conceived during the commission of one or more specified sex offenses, or by an act committed outside the state which would constitute such an offense if committed within the state. This provision would only apply to the parent who perpetrated the offense or act. The bill would also prohibit the court from ordering reunification for the parent who perpetrated the offense or act unless it makes a specified finding.

Ch. 58 (AB 1633) Karnette. Vehicles: inspections.

(1) Existing law defines "trailer bus" for purposes of the Vehicle Code.

This bill would revise the definition by defining that term to mean a trailer or semitrailer designed, used, or maintained for the transportation of more than 15 persons, rather than 10 persons, including the driver, and to include a connected towing motor

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

vehicle that is a motor truck, truck tractor, or bus.

(2) Existing law requires the Department of the California Highway Patrol to inspect, at least every 25 months, every terminal, as defined, of any motor carrier, as defined, who, at any time, operates specified vehicles, including, but not limited to, trailers and semitrailers designed and used for the transportation of more than 10 persons, and the towing motor vehicle, except under prescribed circumstances. Existing law requires a motor carrier to schedule the inspection with the department. The inspection term for each inspected terminal of a motor carrier expires 25 months from the date the terminal receives a satisfactory compliance rating and every 25 months thereafter. Applications and fees for subsequent inspections are required to be submitted not later than 7 months before the expiration of the motor carrier's then current inspection term.

This bill would delete the above-described trailers, semitrailers, and towing motor vehicles from the list of vehicles the operation of which subjects a carrier to the above-described inspection provisions. The bill would also authorize the inspection term to be reduced by not more than 9 months to avoid the scheduling of a renewal terminal inspection during a carrier's seasonal peak business periods, if the terminal has paid all required fees and has been rated satisfactory in its last inspection, and if a written request is submitted by the carrier to the department at least 4 months prior to the desired inspection month, or at the time of payment of renewal inspection fees, whichever date is earlier. The bill would also authorize the department to provide for administrative reviews in lieu of required inspections, and other incentives in those instances in which a terminal has attained 2 consecutive satisfactory compliance ratings, as specified.

(3) Existing law requires any inspected terminal that receives an unsatisfactory rating to be reinspected within a specified 90-day period and requires the payment of reinspection fees.

This bill would revise the reinspection period to a 120-day period and would require that a terminal's first reinspection be without charge, except as specified.

(4) Existing law requires every operator of specified types of vehicles to cause the vehicle to be inspected at least every 90 days, or more often if necessary to ensure safe operation.

This bill would authorize, until January 1, 1998, an ocean marine terminal, as defined, that receives and dispatches intermodal chassis, as defined, to conduct an intermodal roadability inspection program, as described, in lieu of the above inspection requirements.

Because this bill would make it a misdemeanor to operate an intermodal chassis on the highway other than to a place of repair, until all defects discovered during the inspection have been corrected, the bill would impose a state-mandated local program by creating a new crime.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 59 (SB 1127) Johnston. Sacramento Municipal Utility District.

Under existing law, there are 5 directors on the district board of the Sacramento Municipal Utility District, and that number is increased to 7 as of the 1994 election.

Existing law requires the board of directors in office on January 1, 1994, to divide the territory of the district into 7 wards, and fix the boundaries thereof, so that the wards are as equal in number of registered voters as may be.

This bill would instead require that the wards be determined based on population rather than the number of registered voters.

Ch. 60 (SB 29) Maddy. Horseracing; alcoholic beverage control.

(1) Existing law permits the California Horse Racing Board to authorize an association conducting a racing meeting in this state to accept wagers on the results of out-of-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

state feature races having a gross purse of at least $100,000 during the period the association is conducting the racing meeting on days when live races are being run.

This bill, in addition, would permit the board to authorize an association in this state to accept wagers on any stakes race conducted by the racing association that conducts the Kentucky Derby, the Preakness Stakes, or the Belmont Stakes, if the stakes race is conducted on the same day as the Kentucky Derby, the Preakness Stakes, or the Belmont Stakes, and if the association in this state which accepts those wagers is then conducting a live racing meeting.

Existing law also permits the board to authorize the inclusion of those wagers accepted by an association in this state on the results of out-of-state feature races in the parimutuel pools of the out-of-state association that conducts the feature races on which the wagers are placed.

This bill, instead, would permit the board to authorize the inclusion of wagers in the parimutuel pools of the out-of-state association that conducts the races on which the wagers are placed.

(2) Existing law permits any racing association in this state to authorize betting systems located outside of this state to accept wagers on a race or races conducted by that association and to transmit live audiovisual signals of the race or races and their results to those betting systems, subject to specified federal laws.

This bill, instead, would permit any racing association in this state to authorize betting systems located outside of this state to accept wagers on a race or races conducted or disseminated by that association and to transmit live audiovisual signals of the race or races and their results to those betting systems, subject to the consent of the host association and specified federal laws.

(3) Existing law permits the live audiovisual signal of night harness, quarter horse, Appaloosa, or Arabian races in the central or southern zone to be offered to satellite wagering facilities in the northern zone and the signal of those races in the northern zone to be offered to satellite wagering facilities in the central or southern zone.

This bill would require any association or fair that operates a satellite wagering facility to conduct wagering on all night harness, quarter horse, Appaloosa, or Arabian racing that is offered to the satellite wagering facility as long as the satellite wagering facility is not sustaining a loss on a night meeting, as determined by the board, and if sustaining a loss on a night meeting, as long as the satellite wagering facility is reimbursed for that loss.

The bill would permit any association that operates a satellite wagering facility to accept an audiovisual signal. However, the bill would provide that notwithstanding the above provisions, an association that conducts a racing meeting and a fair that operates a satellite wagering facility may agree to provide an audiovisual signal and to accept wagering on less than all of the races.

(4) Under existing law, all revenues distributed to the state as license fees from horseracing are required to be deposited in the Fair and Exposition Fund and are continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes. This bill, by authorizing additional wagering, would increase the amount of continuously appropriated license fees, thereby making an appropriation. The bill would also authorize the imposition of a state tax for the purposes of Article XIII A of the California Constitution.

(5) Existing provisions of the Alcoholic Beverage Control Act known as "tied-house" restrictions generally prohibit certain alcoholic beverage licensees from holding an interest in various other alcoholic beverage licensees. However, in certain instances, holders of a beer manufacturer's license or a winegrower's license are permitted to purchase advertising space and time from, or on behalf of, an on-sale retail licensee under specified conditions, pursuant to a written contract.

This bill would add manufacturers of distilled spirits to those who may purchase advertising space and time from, or on behalf of, an on-sale retail licensee.

(6) Existing law provides that a beer manufacturer or winegrower who coerces or employs other illegal means to induce a beer or wine wholesaler to fulfill those contractual obligations on behalf of an on-sale licensee is guilty of a misdemeanor.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would include distilled spirits manufacturers and distilled spirits wholesalers within that misdemeanor definition. By expanding the definition of a crime, this bill would create a state-mandated local program.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 61 (AB 238) Eastin. Education: Budget Act of 1992: augmentation: deficiencies; emergency waivers.

(1) SB 720 of the 1993–94 Regular Session would, among other things, authorize the Superintendent of Public Instruction, in the event of a state of emergency, as defined, to waive any requirement of the Education Code or regulations adopted thereto relating to child care and development programs and child nutrition programs in child care and development programs.

This bill would provide that the waiver may be granted only to the extent that enforcement of the regulations or requirements would directly impede disaster and recovery efforts or would disrupt the current level of service in child care and development programs. The bill would also require the Superintendent of Public Instruction, if a waiver is for a program that receives federal funds and the waiver may be inconsistent with the state plan or any federal law or regulation governing that program, to seek and obtain approval of the waiver from the appropriate federal agency prior to granting the waiver. The bill would declare that these provisions would become operative only if SB 720 is chaptered.

(2) The Budget Act of 1992 appropriated $8,732,203,000 to the State Department of Education for local assistance for school apportionments.

This bill would appropriate $106,656,000 from the General Fund in augmentation of this item of appropriation for purposes of paying deficiencies.

(3) The Budget Act of 1992 appropriated $98,573,000 to the State Department of Education for local assistance for county offices of education school apportionment for transfer to the State School Fund.

This bill would appropriate $1,546,000 from the General Fund in augmentation of this item of appropriation for purposes of paying deficiencies. Prior to allocation of these funds, the bill would require the State Department of Education to enter into an agreement with the Department of Finance regarding apportionment. Any of these funds or the funds appropriated in (2) above that are not allocated as a result of the agreement would revert to the General Fund.

(4) The Budget Act of 1992 appropriated $93,007,000 to the State Department of Education for local assistance for special education programs for exceptional children.

This bill would appropriate $10,097,000 from the General Fund in augmentation of this item of appropriation for purposes of paying deficiencies.

(5) This bill would provide that each of the appropriations from the General Fund in (2) to (4), inclusive, are deemed to be appropriated in the 1992–93 fiscal year for purposes of Section 8 of Article XVI of the California Constitution.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 62 (AB 991) Tucker. Horseracing: horsemen's organizations.

Under existing law, which is to be repealed on January 1, 1995, a horsemen's organization representing horsemen receives distributions of funds for purses to be paid to or for the benefit of the horsemen at the racing meeting. Of the portion of the takeout to be paid as purses, the horsemen's organization representing the horsemen receives a certain percentage for administrative expenses and services rendered to the horsemen, for welfare funds, and for a pension plan for backstretch personnel.

This bill would continue that existing law beyond January 1, 1995, but with respect to thoroughbred racing, would require certain amounts to be distributed to an organization representing owners, and certain amounts to be distributed to an organization repre-

NOTE: Superior numbers appear as a separate section at the end of the digests.

senting trainers. The bill would prohibit, any portion of the amount distributed to an owners', trainers, or horsemen's organization from being used for the purpose of making contributions to candidates for public office, or to urge or oppose any measure on the ballot, and would permit the California Horse Racing Board to take disciplinary action against any organization that conducts itself contrary to law, as specified.

Ch. 63 (SB 519) Presley. Sentencing: Pregnant and Parenting Women's Alternative Sentencing Program Act.

Under existing law, the Department of Corrections is required to conduct a pilot program known as the California Alternative Sentencing Program for able-bodied male offenders sentenced to the state prison who meet specified criteria, including the condition that the prisoner has not previously served a term of imprisonment in a state or federal prison.

This bill would create the Pregnant and Parenting Women's Alternative Sentencing Program Act, an alternative sentencing program for pregnant women or women with children 6 years of age or younger who have an established history of substance abuse and who meet specified other criteria. The bill would appropriate $15,000,000 from the 1990 Prison Construction Fund to the Department of Corrections for construction of facilities for this program, as specified.

The bill would exempt the implementing criteria adopted by the Director of Corrections for the program from general provisions applying to adoption of administrative regulations. These criteria would be effective until July 1, 1996, unless terminated or replaced by emergency regulations, as specified. The bill would require emergency implementing regulations to be adopted by July 1, 1995, and would require the Office of Administrative Law to consider them as emergency regulations.

The bill would also require the Department of Corrections to report on the status of facility siting by July 1, 1995, and to report the general status of this program to the Legislature on or before January 1, 1996, and each year thereafter.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 64 (SB 899) Mello. Fort Ord Reuse Authority.

Existing law generally authorizes cities and counties to plan and control land use within their jurisdictions.

This bill would authorize specified local agencies in Monterey County to establish the Fort Ord Reuse Authority to prepare, adopt, finance, and implement a plan for the future use and development of the territory occupied by the Fort Ord military base in Monterey County. The authority would be governed by a 13-member board consisting of the 3 members of the Monterey County Board of Supervisors, 2 city council members from each of the Cities of Marina and Seaside, and one city council member from each of the Cities of Carmel, Del Rey Oaks, Sand City, Monterey, Pacific Grove, and Salinas.

This bill would authorize the board to acquire and dispose of existing real property and facilities within the territory of Fort Ord, to plan, finance, and construct new public capital facilities within that territory, and to levy assessments, reassessments, special taxes, or development fees and to issue bonds to finance projects in accordance with specified state statutes. The board would also be authorized to enter into contracts to mitigate the impacts of the reuse of Fort Ord on rare and endangered species of flora and fauna, and to study, evaluate, and recommend cleanup of toxic and explosive substances within the territory.

This bill would require each agency represented by a board member to contribute annually to the authority a specified amount.

The bill would authorize the board and member agencies to provide by contract for the transfer to the board or between member agencies of revenues available from sales tax, property tax, or other sources in order to help finance the cost of paying for services or capital facilities to serve or enhance the development of Fort Ord.

This bill would become inoperative when the board determines that 80% of the territory of Fort Ord that is designated for development or reuse in the plan prepared pursuant to the bill has been developed or reused in a manner consistent with the plan, or June 30, 2014, whichever occurs first, and would be repealed on January 1, 2015.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 65 (SB 1123) Calderon. Hazardous waste: enforcement: unified program: fees.

(1) Under existing law, funds deposited in the Hazardous Waste Control Account may be expended by the Department of Toxic Substances Control, upon appropriation by the Legislature, for, among other purposes, the support of the Toxic Substance Enforcement Program in the office of the Attorney General. Those expenditures are subject to an interagency or interdepartmental agreement between the department and the office of the Attorney General.

This bill would instead provide for the appropriation of money from the account to the office of the Attorney General for purposes of that program and would provide that the expenditures shall not be subject to an interagency or interdepartmental agreement. The bill would require the Attorney General, on or before October 1 of each year, to report to the Legislature on the expenditure of those funds. The bill would delete certain related statements of legislative intent.

(2) Under existing law, the Secretary for Environmental Protection is required to implement a unified hazardous waste and hazardous materials management regulatory program, in accordance with prescribed procedures and requirements, to consolidate the administration of specified statutory requirements for the regulation of hazardous wastes and materials.

This bill would specify for this purpose that the Department of Toxic Substances Control has the sole responsibility for determining the eligibility of a person for conditional authorization or exemption or for a permit-by-rule pursuant to specified provisions, would specify related matters, and would make technical and clarifying changes.

(3) Under existing law, a person who applies for permit modifications is required to pay a fee, as prescribed, for each unit that would be directly impacted by the modification, up to a specified maximum for each application.

This bill would, as to facilities which are exempt from specified facility fees and operators who are subject to specified facility fees, expressly exempt the facilities and operators from any permit modification fee liability resulting from a revision of the facility's or operator's closure plan. The bill would specify that this provision is declaratory of existing law.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 66 (SB 1229) Greene. Real property: transfers: earthquake safety.

(1) Existing law relieves a seller of real property and real estate brokers from a duty of providing specified information concerning environmental, geologic, and seismic hazards in the sale of specified real property if the prospective transferee is given a copy of prescribed publications of the Department of Real Estate or the Seismic Safety Commission.

This bill would provide that these publications are in the public domain, except as specified.

(2) Existing law requires the Seismic Safety Commission to develop, adopt, and publish a Homeowner's Guide to Earthquake Safety and a Commercial Property Owner's Guide to Earthquake Safety, for specified purposes. Existing law requires the commission to charge a fee to cover the costs of production, distribution, development, and updating the guides.

This bill would authorize the commission to charge a royalty fee not to exceed 25¢ per copy of each guide to cover the cost of developing, drafting, preparing, maintaining, updating, publishing, and disseminating the guides, until it has collected the actual costs thereof up to $375,000 or until December 31, 1995, whichever occurs first, after which time the guides would be in the public domain.

The bill would require these fees to be deposited in the General Fund and made available, upon appropriation, to the commission, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 67 (AB 1230) Conroy. Alcoholic beverages: advertising restrictions.

Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee. It authorizes, as an exception, the holder of a beer manufacturer's or winegrower's license to purchase advertising space and time from, or on behalf of, an on-sale retail licensee, subject to specified conditions, including that the on-sale licensee is the owner of either an outdoor stadium or a fully enclosed arena with a fixed seating capacity in excess of 10,000 seats located in a county of the 8th class, or of a fully enclosed arena with a fixed seating capacity in excess of 18,000 seats located in Orange County.

This bill would extend the application of those exceptions to situations in which the on-sale retail licensee is an agent of the owner, manager of the stadium or arena, assignee of the owner's advertising rights, or the major tenant of the owner, as provided.

Ch. 68 (AB 1923) Peace. Financial institutions.

Existing state law provides for the disclosure of certain account charges and deposit information relative to savings associations, credit unions, and industrial loan companies.

This bill would repeal those provisions and state legislative intent.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 69 (AB 2476) Costa. California Apple Commission: organization.

(1) Under existing law, there is in state government a California Apple Commission. Until there is more than one varietal committee established pursuant to the laws governing the commission, the Granny Smith Apple Varietal Committee exercises all of the powers, duties, and functions of the commission.

This bill would abolish the Granny Smith Apple Varietal Committee, and would repeal provisions governing its formation and the election of its members. The bill also would repeal provisions relating to the establishment of other varietal committees. The bill would change the membership of the California Apple Commission to 12 producer and handler members, and one public member. The bill also would permit the commission to modify the number of its producer members, as specified, to not less than 6 and not more than 15 members. The bill would authorize the commission to establish the rate of, and to levy, an assessment on apples marketed for fresh consumption. This bill would exempt from its provisions producers who produce no more than 40,000 pounds of apples per year.

This bill, except as necessary to conduct an election, would not become operative until producers of apples, by referendum, vote in favor of the bill, as prescribed. The bill would require the Secretary of Agriculture to establish a list of persons eligible to vote on the implementation of its provisions within 90 days of its enactment.

(2) Under existing law, members of the commission receive no compensation for their services, but may receive $100 per day per diem, in addition to necessary traveling expenses and meal allowance.

This bill would eliminate the per diem.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 70 (AB 186) Seastrand. State park system: Pismo Beach State Park: concession.

Under existing law, unless specifically authorized by statute, the maximum term for which a concession contract may be entered into for a unit of the state park system is 20 years.

This bill would authorize the term of a concession contract entered into by the Department of Parks and Recreation and the City of Grover Beach, in a joint project, with a concessionaire for the development of new facilities at Pismo Beach State Park to instead be for a period not exceeding 50 years if the contract provides for periodic review and adjustment of the rent, as specified. The bill would prohibit any such contract from being advertised for bid, negotiated, renegotiated, or amended unless the Legislature has reviewed and approved the proposed contract in the annual Budget Act. The bill would make related legislative findings and declarations.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 71 (AB 321) Connolly. Vehicular manslaughter.

Existing law provides definitions of vehicular and gross vehicular manslaughter while driving a vehicle or operating a vessel. Under existing law, gross vehicular manslaughter while intoxicated is the unlawful killing of a human being without malice aforethought, in the driving of a vehicle, where the driving was in violation of the provisions governing any person who has 0.08% or more, by weight, of alcohol in his or her blood, and the killing was either the proximate result of the commission of an unlawful act, not amounting to a felony, and with gross negligence, or the proximate result of the commission of a lawful act which might produce death, in an unlawful manner, and with gross negligence. Existing law includes all of the above elements except for gross negligence in its definition of vehicular manslaughter.

This bill would provide that a person under the age of 18 years who has 0.05% or more, by weight, of alcohol in his or her blood while driving a vehicle under the conditions described above may be charged with vehicular manslaughter or gross vehicular manslaughter, as the case may be. Thus, the bill would impose a state-mandated local program by increasing the scope of existing crimes. The bill would also make a technical change in the provisions defining vehicular and gross vehicular manslaughter while driving a vehicle or operating a vessel.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 72 (AB 382) Lee. Property taxation: transfer of base year value: substantially damaged or destroyed property.

Existing provisions of the California Constitution that were approved by the voters at the November 2, 1993, special election authorize the Legislature to authorize counties to adopt an ordinance allowing the transfer of the property tax base year value of property in another county in the state that has been substantially damaged or destroyed by a disaster, as provided, to comparable replacement property, of equal or lesser value, that is located in the adopting county and is acquired or newly constructed within 3 years of the damage to, or destruction of, the original property.

This bill would implement this constitutional grant of legislative authority.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 73 (AB 460) Horcher. Community colleges: degree requirement for faculty tenure.

Under existing law, the minimum degree requirement for tenure as a community college faculty member is a bachelor's degree or the equivalent from an accredited institution, or an equivalent foreign degree. Existing law defers the application of that requirement in the case of vocational faculty to January 1, 1995, for persons hired on or after that date. Existing law also authorizes the governing board of the community college to grant a waiver of the degree requirement under enumerated conditions.

This bill would repeal these provisions.

Ch. 74 (AB 842) Frazee. San Diego Area Wastewater Management District.

(1) The San Diego Area Wastewater Management District Act creates the San Diego Area Wastewater Management District. The act requires the district to be governed by a 17-member board that includes a member that is appointed by the San Diego County Water Authority.

This bill would refer to the authority as a "special status member agency," provide that the board member appointed by the authority has no vote, and make related changes. The bill would prohibit the district from imposing any fee, charge, or tax on the authority and would provide that the authority is not subject to prescribed administrative, civil, or criminal liability.

(2) The bill would incorporate additional changes in Sections 102, 301, and 304 of the San Diego Area Wastewater Management District Act, proposed by AB 2653, to be

NOTE: Superior numbers appear as a separate section at the end of the digests.

operative only if AB 2653 and this bill are both chaptered and become effective on or before January 1, 1995, and this bill is chaptered last.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 75 (AB 1702) Frazee. Judicial proceedings: money judgments: courts.

(1) Existing law specifies the priorities for the crediting of money received in satisfaction of a money judgment, and specifies special priorities for the crediting of money received in satisfaction of a money judgment for child support. Existing law also specifies special priorities for the crediting of money received in satisfaction of a money judgment for support generally.

This bill would delete the special priorities for the crediting of money received in satisfaction of a money judgment for child support.

(2) Existing law specifies the priorities for the crediting of a money judgment for support generally, and provides for special priorities for the crediting of a collection received as a result of a lien on a workers' compensation award.

This bill would delete the special priority for the crediting of a collection received as a result of a workers' compensation award.

(3) Under existing law, one of the 5 divisions of the Court of Appeal for the 2nd Appellate District is required to hold its regular sessions at Santa Barbara, as specified.

This bill would, instead, require one of the 5 divisions of the Court of Appeal for the 2nd Appellate District to hold its regular sessions in either Ventura County, Santa Barbara County, or San Luis Obispo County, as specified.

(4) Existing law, to be repealed June 30, 1994, provides for the distribution of fines and forfeitures which are collected when past due according to a specified plan, and specifies the expenses of collection which may be deducted.

This bill would extend the repeal date to June 30, 1997, and specify that the expenses of collection which may be deducted exclude capital expenditures.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 76 (AB 1719) Peace. School district elections.

Existing law authorizes the election of school district governing board members under various methods, including a method whereby each member of the governing board is elected by the registered voters of the entire school district, as specified.

This bill would authorize, in addition, a method under which each membership position on the governing board of the Chula Vista Elementary School District would be identified, by number or otherwise, each candidate for the governing board would be required to declare candidacy for only one identified membership position, and each of the identified membership positions on the governing board would be filled by an election that includes the registered voters of the entire district.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 77 (AB 1931) Conroy. Confidential information: disclosure.

Existing law, the California Public Records Act, provides that specified information appearing in any record of a voter registration affidavit, regarding an individual who is a member of specified categories of persons, is confidential upon the request of that individual and requires that this information not be disclosed, except as specified.

This bill would add employees of a city police department or county sheriff's office and the spouse and children of these persons who live with these persons to the listed categories of persons to whom this provision applies. By increasing the number of persons who may register to vote in this manner, this bill would impose a state-mandated local program.

This bill also would make the disclosure of the home address or telephone number of specified peace officers, an employee of a city police department or county sheriff's office, or the spouse or children of these persons who live with these persons by any person or public entity in violation of the above-specified prohibition a misdemeanor. This bill would make a violation of this provision that results in bodily injury to these specified persons a felony.

Because this bill would expand the scope of an existing crime, it would impose a

NOTE: Superior numbers appear as a separate section at the end of the digests.

state-mandated local program.

Existing law provides that every person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any peace officer, nonsworn police dispatcher, employee of a city police department or county sheriff's office, or the spouse or children of these persons, while designating these persons as such, without authorization of the employing agency, is guilty of a misdemeanor punishable by imprisonment in a county jail for no more than 6 months.

This bill would make a violation of this provision by any person or public entity, with regard to the peace officer, employee of the city police department or sheriff's office, or the spouse or children of these persons, that results in bodily injury to these persons, a felony, thereby imposing a state-mandated local program, because it would change the punishment for a crime.

Existing law provides that the home address appearing in any record of the Department of Motor Vehicles with regard to an individual among specified persons is confidential upon the request of that individual and requires that this information not be disclosed, except as specified. Existing law makes the willful unauthorized disclosure of information from these records to any person a misdemeanor and also makes the distribution of this confidential information punishable by payment of civil penalties to the department.

This bill would make the disclosure of the home address of specified peace officers, a nonsworn employee of a city police department or county sheriff's office, or the spouse or children of these persons by any person or public entity in violation of this prohibition that results in bodily injury to these persons a felony, thereby imposing a state-mandated local program, by changing the punishment for a crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 78 (AB 2114) Solis. Community college employees: leave.

(1) Existing law authorizes the governing board of a school district or county office of education to establish a catastrophic leave program to permit employees of that district or county office to donate eligible leave credits to an employee when that employee or a member of his or her family suffers from a catastrophic illness or injury.

This bill would apply those provisions to community colleges, thereby authorizing the governing board of a community college district to establish a catastrophic leave program, as specified.

The bill would make technical changes in the provisions governing the establishment of catastrophic leave programs by school districts and county offices of education.

(2) Existing law entitles community college classified employees to paid leaves of absence for illness or injury, as specified. Existing law permits these employees to use a maximum of 6 days per school year of this earned leave of absence for personal necessity, as specified.

This bill would increase the maximum number of paid days of sick leave per school year that a community college classified employee may use for personal necessity from 6 to 7.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 79 (AB 2219) Horcher. Recall elections: municipalities.

Existing law provides for recall election procedures applicable specifically to city officers. It requires that if a recall prevails and a majority of the voters favor a special election, the legislative body must call a special election to fill the vacancy within

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

specified time periods. Otherwise, the vacancy must be filled by appointment by the legislative body. It further provides that if a majority of the legislative body is recalled at the same election, the recalled members retain their offices until their successors are elected and qualified at a special election held within specified time periods.

Existing law provides for recall election procedures applicable to public officers other than city officers. It requires the nomination of candidates to succeed a recalled officer and that, among other things, if at the recall election the officer is recalled, the candidate receiving the highest number of votes for the office shall be declared elected for the unexpired term of the recalled officer.

This bill would repeal the recall election procedures applicable specifically to city officers, thereby making the recall election procedures of public officers generally applicable to all city officers. It would repeal and amend related provisions of law.

Ch. 80 (AB 2346) Cortese. Alcoholic beverages: wine fair trade contracts: tied-house restrictions.

Existing law contains obsolete provisions relating to wine fair trade contracts.

This bill would delete those provisions.

Existing provisions of the Alcoholic Beverage Control Act known as "tied-house" restrictions generally prohibit certain alcoholic beverage licensees from holding an interest in various other alcoholic beverage licensees. However, in certain instances, holders of a beer manufacturer's license or a winegrower's license are permitted to purchase advertising space and time from, or on behalf of, an on-sale retail licensee under specified conditions, pursuant to a written contract.

This bill would add a retail, entertainment development adjacent to, and under common ownership with, a theme park, amphitheater, and motion picture production studio, to those on-sale retail licensees from whom holders of a beer manufacturer's or winegrower's license may purchase advertising space and time, as provided.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 81 (AB 2486) Seastrand. California Spaceport Authority.

Existing law provides for a Spaceport Office within the Department of Transportation and directs that office to work cooperatively with the Western Commercial Space Center, designated as the California Spaceport Authority, and other entities in developing plans, grant proposals, and bids for submission to federal agencies and private corporations for funds to support space programs in California.

This bill would require the California Spaceport Authority to be designated as an official recipient of federal grants for space related endeavors, instead of requiring the authority to be the only official recipient of those grants.

Ch. 82 (AB 2547) Bowen. Public records: Legislative Counsel.

The existing California Public Records Act requires public records to be open to public inspection at all times during the office hours of the state or local agency and provides that every citizen has a right to inspect any public record. The existing Legislative Open Records Act requires legislative records to be open to public inspection at all times during the normal office hours of the Legislature and provides that any person has a right to inspect any legislative record. Among the exemptions from these inspection requirements are records in the custody of, or maintained by, the Legislative Counsel. Existing law also requires the Legislative Counsel to make available to the public, by means of access by way of the largest nonproprietary, nonprofit cooperative public computer network, specified information concerning bills, the proceedings of the houses and committees of the Legislature, statutory enactments, and the California Constitution.

This bill would extend the inspection requirements of the California Public Records Act and the Legislative Open Records Act to those records in the public data base maintained by the Legislative Counsel that contains this specified information.

Ch. 83 (AB 2710) Alpert. School employees.

Existing law provides that a certificated employee of a school district or county office

NOTE: Superior numbers appear as a separate section at the end of the digests.

of education who is charged with a controlled substance offense, as specified, may be placed by the governing board on compulsory leave of absence.

This bill would add to those controlled substance offenses the unlawful possession of enumerated controlled substances, including cocaine base, cocaine, heroin, or phencyclidine, while armed with a firearm.

Ch. 84 (SB 477) Craven. Humane officers: training.

Existing law provides that on and after January 1, 1986, all humane officers, except those who have been a humane officer for 9 years or more, shall, within one year of appointment or reappointment, provide evidence satisfactory to the society that he or she has successfully completed specified courses of training, either provided or approved by the society, including (1) at least 12 hours of a course of training in animal care, the focus of which shall be the identification of disease, injury, and neglect in domestic animals and livestock; and (2) a course of training in the state humane laws.

This bill would revise the above provisions to provide, instead, that on and after January 1, 1995, all humane officers shall, within one year of appointment, provide evidence satisfactory to the society that he or she has successfully completed specified courses of training, including (1) at least 20 hours of a course of training in animal care sponsored or provided by an accredited postsecondary institution, the focus of which training shall be the identification of disease, injury, and neglect in domestic animals and livestock; and (2) at least 40 hours of a course of training in the state humane laws sponsored or provided by an accredited postsecondary institution.

The bill would also provide that on and after January 1, 1995, every humane officer shall, within one year of reappointment, provide evidence satisfactory to the society that he or she has successfully completed at least 40 hours in courses of training during the preceding 3 years in either animal care as in (1) above or the current criminal and civil law pertinent to humane officers, or a combination of both, sponsored or provided by an accredited postsecondary institution or a local law enforcement agency.

The bill would also provide that the corporation or local humane society appointing the humane officer shall pay the training expenses of the humane officer attending these courses.

Existing law provides that the requirement imposed upon a humane officer to complete a specified training course shall apply only when a training course is available at a place not more than 100 miles from the office of the humane society.

This bill would delete the above exemption from training.

Ch. 85 (SB 39) Kopp. Vehicles: smog checks.

(1) Existing law provides that any contract for the sale of a new motor vehicle shall contain a notification to the buyer of the availability of a certificate of exemption from certain smog check requirements, as specified.

This bill would, instead, provide that any conditional sale contract executed after June 30, 1994, shall contain that notification.

(2) This bill would declare that it would take effect immediately as an urgency statute.

Ch. 86 (SB 172) Russell. Real estate: loan notice.

Existing law requires a real estate broker who negotiates a loan secured by a lien on real property, to deliver to the borrower a written statement containing specified information concerning the loan.

This bill would require specified notices prior to a borrower becoming obligated on any loan secured by a dwelling that provides for balloon payments if any agreement includes a promise, representation, or similar undertaking to extend or seek the extension of the term of the loan or refinancing of the loan.

Since willful violation of any provision of the Real Estate Law is a misdemeanor, this bill would impose a state-mandated local program by expanding the scope of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish proce-

NOTE: Superior numbers appear as a separate section at the end of the digests.

dures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would provide that it shall become operative on July 1, 1995.

Ch. 87 (SB 900) Mello. Redevelopment: Fort Ord: redevelopment.

Existing law, known as the Community Redevelopment Law, authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in blighted areas of those communities known as project areas. The Community Redevelopment Law contains provisions authorizing the establishment of redevelopment project areas located within the boundaries of a military base that has been closed pursuant to the actions of the federal Defense Base Closure and Realignment Commission.

Existing law authorizes specified local agencies in Monterey County to establish the Fort Ord Reuse Authority to prepare, adopt, finance, and implement a plan for the future use and development of the territory occupied by the Fort Ord military base in Monterey County.

Existing law, in this regard, defines "redevelopment authority" for the purposes of federal law concerning the transfer of property at military bases to mean the Fort Ord Reuse Authority.

This bill would, instead, define "redevelopment agency" for the purposes of the transfer of property at military bases pursuant to specified provisions of federal law to mean the Fort Ord Reuse Authority except with respect to property transferred to, or to be transferred to, the California State University or the University of California. For property transferred, or to be transferred, to the California State University or the University of California, this bill would define "redevelopment agency" solely for the purposes of the transfer of property at military bases pursuant to these provisions of federal law to mean the California State University or the University of California.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 88 (SB 1326) Killea. Truck tractor.

Existing law defines the term "truck tractor" for purposes of the Vehicle Code to mean a motor vehicle designed and used primarily for towing other vehicles and not so constructed as to carry a load, other than a part of the weight of the vehicle and the load so drawn.

This bill would provide that a truck tractor operated by a motor carrier whose owner is licensed by the Department of the California Highway Patrol to transport explosives may be equipped with a cargo container used exclusively for the transportation of explosives or munitions-related security materials, as specified.

Ch. 89 (SB 1580) Alquist. Santa Clara County Traffic Authority.

Existing law creates the Santa Clara County Traffic Authority and authorizes the authority to impose a transactions and use tax throughout the county for transportation purposes. The ordinance imposing the tax may remain in effect for a period of 10 years, and the authority is terminated 12 years from the first day upon which the tax is imposed. Under existing law, the amount that the authority may expend on staff salaries and benefits each year is limited to $\frac{3}{10}$ of 1% of the revenues generated in that year pursuant to the law that created the authority.

This bill would authorize the authority to pay the salaries and benefits of its staff from April 1, 1995, to March 31, 1997, an amount that does not exceed, in each 12-month period, $\frac{3}{10}$ of 1% of the revenues generated in any year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 90 (AB 511) Epple. Sentencing credits.

Under existing law, persons convicted of a crime and sentenced to state prison may receive a reduction in the time served of ½ for performance in work, training, or education programs.

Existing law also provides that certain prisoners may receive a reduction in the time

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

served of ⅓ for good behavior and participation. Any person sentenced to a term in the state prison of 15 years to life upon conviction of murder in the 2nd degree is eligible only for credit pursuant to this provision.

This bill would provide, in addition, that any person sentenced to imprisonment in the state prison for a term of 20 years to life for 2nd degree murder where the killing was perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another person outside of the vehicle with the intent to inflict great bodily injury shall be eligible only for a term reduction of ⅓ pursuant to this provision.

This bill would provide that it shall become operative only if Proposition 179 on the June 7, 1994, primary election ballot is adopted by the voters.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 91 (AB 2883) Caldera. Income taxes: bank and corporation taxes: disclosure of taxpayer information.

The existing franchise and income tax administration law provides that the specified disclosure of taxpayer information by the Franchise Tax Board, its members, or its staff is a misdemeanor unless an exception is provided.

This bill would clarify that the specified disclosure of taxpayer information by the board, its members, or its staff in connection with the payment of taxes by credit accounts is an exception to that criminal provision.

Ch. 92 (AB 2492) Costa. San Joaquin Valley Unified Air Pollution Control District.

Existing law provides that the San Joaquin Valley Air Quality Management District (valley district) shall be established, unless, by July 1, 1992, specified counties form a unified or regional air pollution control district meeting specified criteria. Existing law requires the State Air Resources Board to determine whether those criteria are met. Existing law provides that if the unified or regional district ceases to exist, the provisions establishing the valley district shall become operative.

This bill would delete the provisions relating to forming a regional district, would specify that the San Joaquin Valley Unified Air Pollution Control District is required to meet those criteria, and would delete obsolete provisions regarding the district.

Ch. 93 (AB 2490) Frazee. Hawkins Data Center.

Existing law provides for the Law Enforcement Data Center, in the Department of Justice, which is under the supervision of a data center director who is responsible for the efficient and effective management and operation of the data center.

This bill would change the name of the Law Enforcement Data Center to the Hawkins Data Center.

The bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 94 (AB 1495) Peace. Economic development and infrastructure.

Existing law does not provide for the financing of an interconnected system of public improvements that includes, among other things, city streets, county highways, public transit facilities, sewage collection and treatment facilities, local water treatment and distribution facilities, solid waste collection and disposal facilities, and drainage and flood control facilities.

This bill would enact the Bergeson-Peace Infrastructure Bank Act that would create the California Infrastructure Bank within the California Housing Finance Agency, which would be renamed the California Housing and Infrastructure Finance Agency. The bank would have responsibilities designed to carry out the purposes of the act. The bill would create within the State Treasury the California Infrastructure Bank Fund which shall include a Sponsor Revenue Bond Account, a Participating Party Revenue Bond Account, a Grant Account, a Bond Guarantee Trust Account, and a State Infrastructure Revolving Account, and which would be continuously appropriated for purposes of the act.

The bill would create the California Infrastructure Guarantee Trust Fund which would be continuously appropriated to insure accounts within the infrastructure bank fund, except moneys in the infrastructure bank fund would be available for administra-

NOTE: Superior numbers appear as a separate section at the end of the digests.

tion only upon appropriation by the Legislature.

This bill would not become operative until the Legislature receives written notice from the Governor that he or she has determined that sufficient funds are currently available to implement the provisions of the bill.

This bill would provide that it shall become operative only if SB 101 is enacted and becomes effective on or before January 1, 1995.

Ch. 95 (AB 444) Aguiar. Milk: labeling.

(1) Existing law requires one of 3 phrases to accompany the name "extra light milk" on the principal display panel or panels of the label.

This bill would eliminate 2 of the phrases, and would require that the one remaining phrase permitted by existing law, "1 percent milkfat," accompany the name "lowfat milk" on the principal display panel or panels of the label.

(2) Existing law provides standards and labeling requirements for various dairy products, including half-and-half, ice cream, ice milk, sherbet, cheese, evaporated milk, dried milk, nonfat dry milk, sour cream, yogurt, whipped cream, buttermilk, and eggnog.

This bill would repeal existing law, and would instead require that these foods conform to, and be labeled in accordance with, regulations of the federal Food and Drug Administration.

This bill would also provide for the regulation and labeling of dairy beverages that do not conform to the regulations of the federal Food and Drug Administration. Under existing law, a violation of these provisions would be a misdemeanor, thereby imposing a state-mandated local program by creating a new crime.

(3) Existing law permits the Secretary of Food and Agriculture to require milk handlers to make reports deemed necessary for the operation of the milk pooling plan.

This bill would provide that the secretary shall have access to the records of every milk producer and handler for the purpose of enforcing the milk pooling provisions. The bill would also make certain records, documents, and reports made to the secretary confidential, except as specified.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 96 (SB 110) Campbell. Disaster relief: California Disaster Housing Repair Fund.

Existing law establishes the California Disaster Housing Repair Fund, which is administered by the Department of Housing and Community Development and continuously appropriated for making deferred-payment loans to provide disaster relief for repair of housing damaged or destroyed as a result of natural disaster. Existing law prohibits the department from considering either individual or family income in determining eligibility for a loan from the fund.

This bill would repeal this prohibition and instead require that, in allocating grants and loans from the California Disaster Housing Repair Fund, the Department of Housing and Community Development shall in no event provide a loan to a family with an annual income in excess of 150% of statewide median income, adjusted for family size, with respect to any disaster that occurs on or after January 18, 1994.

Ch. 97 (SB 273) Roberti. Natural disaster assistance.

The existing Natural Disaster Assistance Act requires the Director of Emergency Services to administer a program that provides financial assistance to local agencies for the repair, restoration, or replacement of real property of the agency that is damaged or destroyed by a natural disaster. The state share for any eligible project is limited to no more than 75% of total state eligible costs.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would increase the state share for eligible projects to up to 100% for total state eligible costs connected with the January 17, 1994, Northridge earthquake. The bill, upon the approval by the voters of Proposition 1A at the June 7, 1994, primary election, would make private nonprofit facilities eligible for funding under the Earthquake Relief and Seismic Retrofit Bond Act of 1994, as part of public infrastructure funding. This bill would, with respect to natural disasters that occur on or after the effective date of this bill, authorize the use of moneys appropriated for the purposes of the Natural Disaster Assistance Act to be used for local agency personnel costs eligible for funding or reimbursement under federal regulations.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 98 (SB 592) Russell. Minors: caregivers.

(1) Existing law provides for the establishment of guardianship of a minor, as specified.

This bill would provide for a caregiver's authorization affidavit that would authorize a caregiver 18 years of age or older to enroll a minor in school and consent to school-related medical care and, where the caregiver is a relative, give the caregiver the general power to consent to and authorize medical and dental care, as specified. The bill would provide a form for this affidavit to be signed under penalty of perjury, and would provide that the affidavit is valid for up to one year after the date on which it is executed. The bill would require the caregiver to notify any school, health care provider, or health care service plan that has been given the affidavit, if the minor stops living with the caregiver.

(2) Existing law sets forth various circumstances under which a pupil is deemed to comply with the residency requirements for school attendance in a school district, including, among other things, that the pupil's parent or legal guardian has established the residence of the pupil in a home located within the boundaries of that school district provided that home is properly licensed as required by law. The person maintaining the home is required to provide evidence to the school that a current license is in effect or that a license is not required under the law.

This bill would delete this described circumstance, and instead provide that a pupil is deemed to comply with these residency requirements if he or she is a pupil who lives in the home of a caregiving adult that is located within the boundaries of that school district. The bill would provide that the execution of a Caregiver's Authorization Affidavit that would be prescribed pursuant to the bill by the caregiving adult is a sufficient basis for a determination that the pupil lives in the caregiver's home, unless the school district determines from actual facts that the pupil is not living in the caregiver's home.

(3) This bill would incorporate additional changes in Section 48204 of the Education Code proposed by AB 2768, to become operative only if AB 2768 and this bill are both chaptered and become effective on or before January 1, 1995, and this bill is chaptered last. These changes would become operative on the effective date of AB 2768.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 99 (SB 1836) Campbell. Income tax: exclusions: education assistance programs.

The Personal Income Tax Law, by reference to a specified federal statute, excludes from gross income subject to state income taxes amounts paid or expenses incurred by an employer for education assistance to the employee, as specified, up to $5,250 during a calendar year.

This bill would make clarifying changes to those provisions by deleting obsolete language.

Ch. 100 (SB 667) Committee on Budget and Fiscal Review. Highways: seismic retrofit program.

The Earthquake Relief and Seismic Retrofit Bond Act of 1994, enacted by Chapter 15 of the Statutes of 1994, authorizes the issuance of $2,000,000,000 in state general obligation bonds for, among other things, the seismic retrofit of highways. Chapter 15 also revised various permitting and contracting requirements relative to highway retrofit

NOTE: Superior numbers appear as a separate section at the end of the digests.

projects and exempted those projects from otherwise applicable statutory requirements.

This bill would redefine "project" for those purposes, and would repeal those provisions of Chapter 15 pertaining to highway retrofit projects on March 15, 1997.

Ch. 101 (SB 1328) Lewis. Public works: insurance and public agency construction contracts.

Existing law prohibits, with respect to competitively bid public agency building or construction contracts, certain practices relating to insurance or surety requirements, but exempts certain agencies and projects from those proscriptions.

This bill would also exempt the Foothill/Eastern and San Joaquin Hills Transportation Corridor Agencies in Orange County and the construction or renovation of additions to any county medical center in Santa Clara County.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 102 (SB 1409) Alquist. Office of the Secretary of State: budget item: augmentation.

Existing provisions provide for appropriation of funds from the General Fund to cover expenses incurred for statewide elections.

This bill would appropriate the sum of $8,538,000 as follows:

(a) $3,738,000 from the General Fund to the office of the Secretary of State for expenditure in the 1993–94 fiscal year, in augmentation of an item of the Budget Act of 1993, as specified.

(b) $4,800,000 from the General Fund to the State Board of Control to pay claims accepted by the State Board of Control for all expenses, authorized and necessarily incurred, for specified elections occurring during calender year 1993 as provided by Chapter 39 of the Statutes of 1993, as specified.

This bill would declare that it shall take effect immediately as an urgency statute.

Ch. 103 (AB 1908) Knight. Rural economic development.

Existing law provides that the Trade and Commerce Agency is the principal state agency responsible for various economic development programs and in order to carry out some of those programs there exists in the State Treasury the Rural Economic Development Fund from which moneys are appropriated to the Trade and Commerce Agency. All moneys in that fund are continuously appropriated and available to the Trade and Commerce Agency for the purposes of various economic programs only until July 1, 1994, when unspent moneys revert to the Special Account for Capital Outlay.

This bill would delete the July 1, 1994, date when unspent moneys would revert to the Special Account for Capital Outlay, thereby making an appropriation. This bill would also provide that proceeds of any bond or other obligations issued by the agency may be deposited with a trustee and that interest earned on the funds generated from the proceeds of the bonds or other obligations may be deposited by the agency in the Rural Economic Development Fund and expended for support or loans in an amount not to exceed $275,000 in the 1994–95 fiscal year, thereby making an appropriation. It would provide that funding in subsequent years would be subject to appropriation by the Legislature in the annual Budget Act.

This bill would also make a clarifying, nonsubstantive change.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 104 (AB 2640) Aguiar. Visually impaired persons: Braille Literacy Week.

Existing law provides for the use of braille in and for many public places and purposes.

This bill would designate the first week of January each year commencing in 1995 as Braille Literacy Week.

Ch. 105 (SB 999) Dills. Occupational safety and health: tower cranes: licenses.

Existing law requires the Division of Occupational Safety and Health to promulgate regulations establishing specific criteria for licensing certifiers of cranes and derricks, including a written examination.

This bill would permit the division to waive the written examination for renewal of

NOTE: Superior numbers appear as a separate section at the end of the digests.

a certifier's license if the applicant has passed the written certification examination on or after January 1, 1992, is currently licensed at the time of application, and has been actively engaged in certifying cranes and derricks for the 5 preceding years.

Ch. 106 (SB 1533) McCorquodale. Poultry products.

(1) Existing law makes it a misdemeanor for any person who processes, butchers, slaughters, packs, repacks, or sells poultry or poultry meat for wholesale distribution or sale, or engages in the business of buying, selling, or reselling poultry or poultry meat on commission for wholesale distribution or sale, to advertise, label, describe, or sell as "fresh" any poultry or poultry meat whose internal temperature ever has been equal to or below 25 degrees Fahrenheit or that ever has been stored in the aggregate for 24 hours or more at an average ambient temperature of 25 degrees Fahrenheit or below.

This bill would instead prohibit any of those persons from selling poultry or poultry meat whose internal temperature has been below 26 degrees Fahrenheit. This bill would specify that the above provision would not apply to a retailer unless the retailer, with actual knowledge, engages in a prohibited act. The bill would also make it a misdemeanor to store or handle poultry or poultry meat distributed or sold as "fresh" in such a manner that it reaches an internal temperature below 26 degrees Fahrenheit, thereby imposing a state-mandated local program by creating a new crime.

This bill would also make conforming changes in provisions in the Health and Safety Code.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 107 (AB 2855) Archie-Hudson. Limitation of actions.

Existing law sets the statute of limitations applicable to actions of injury or death caused by the wrongful act or neglect of another at one year.

This bill would enact an exception thereto with respect to certain actions against the Dalkon Shield Claimants' Trust, as specified, extending the statute of limitations to 15 years, tolling such actions as specified, and providing that these provisions apply to certain actions which have lapsed, as specified. The bill would also state the intent of the Legislature in this regard.

Ch. 108 (AB 56) Woodruff. Adult education.

(1) Existing law authorizes a school district to expend funds from its adult education fund only for direct instruction costs, as defined, direct support costs, as defined, and indirect costs, as defined.

This bill would clarify the definition of direct support costs.

(2) Existing law prescribes each school district's adult education revenue limit per unit of average daily attendance for the 1993–94 fiscal year based on a specific formula. If the formula yields a revenue limit of less than $1,775, that amount is increased by subtracting that amount from $1,775, multiplying the difference by .5, and subtracting that product from $1,775, which yields that school district's adult education revenue limit.

This bill would increase the factor from .5 to .67 to calculate such a school district's adult education revenue limit.

(3) Existing law establishes the adult education revenue limit per unit of average daily attendance for a new adult education program funded after July 1, 1993, at $1,775 for the 1993–94 and 1994–95 fiscal years.

This bill would instead set that revenue limit at an amount equal to the statewide average adult education revenue limit for the 1993–94 and 1994–95 fiscal years.

(4) Existing law also prescribes each school district's adult education revenue limit per unit of average daily attendance for the 1994–95 fiscal year based on a specific formula. If the formula yields a revenue limit of less than $1,775, that amount is increased

NOTE: Superior numbers appear as a separate section at the end of the digests.

to $1,775.

This bill would instead increase that amount by subtracting that amount from $1,775, multiplying the difference by .34, and subtracting that product from $1,775, which would yield that school district's adult education revenue limit.

(5) Under existing law, a school district that was not authorized to operate an adult education program before July 1, 1993, is authorized to apply to the State Department of Education for initial approval and funding to begin an adult education program if the district, among other things, enters into a delineation of function agreement, as specified, with the community college district in the same geographical area.

This bill would require that agreement to be in writing.

(6) Under existing law, $8,500,000 is specified as being available in the 1994–95 fiscal year for the startup of new adult education programs and the continuation of programs started and funded in the 1993–94 fiscal year.

This bill would provide that $4,250,000 of that amount would only be available for new programs if there is no deficit in adult education funding that requires a specified reduction in adult education apportionments. The bill would also revise the school districts that would be subject to such a deficit-caused reduction in apportionments.

(7) Under existing law, the Legislature is required to conduct a comprehensive review of certain education programs. These programs, as presently maintained, cease to be operative on various specified dates, unless the Legislature enacts legislation providing otherwise. If the Legislature does not enact that legislation, funding for the general purpose of the program may continue after the termination date, but relevant statutes and regulations are not operative. Under existing law, the provisions governing the adult education program cease to be operative June 30, 1994.

This bill would change the inoperative date for the adult education program to June 30, 1997.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 109 (AB 727) Moore. Charter-party carriers: special license plates: insurance.

Existing law requires the Public Utilities Commission, in granting an operating permit or a certificate to a charter-party carrier, to require the carrier to maintain adequate liability insurance.

This bill would prohibit any agency or local government from requiring any person, firm, or corporation holding a valid permit as a charter-party carrier to provide insurance in a manner different from that required by the commission.

Existing law prohibits the governing body of any airport from imposing a fee based on gross receipts earned by charter-party carriers operating limousines until the Public Utilities Commission issues a report on the effect of those fees by June 30, 1992. It provides that the moratorium on the imposition of those fees shall expire on January 1, 1994, unless renewed by the Legislature.

This bill would instead prohibit the governing body of an airport from imposing a fee based on gross receipts of charter-party carriers operating limousines.

This bill would prohibit a charter-party carrier from operating a limousine, as defined, unless the limousine is equipped with special license plates issued and distributed by the Department of Motor Vehicles. It would require the commission to issue a permit or certificate for limousine service. This provision would become operative on July 1, 1995.

This bill would require a charter-party carrier operating a limousine to state the number of its permit or license plate in every written or oral advertisement. This provision would become operative on July 1, 1995.

Existing law makes it unlawful for the owner of a charter-party carrier of passenger motor vehicles employing or otherwise directing the driver of the vehicle to permit operation of the vehicle upon a public highway for compensation without first complying with vehicle identification requirements under a specified provision of law, among other things.

This bill would, in addition, make it unlawful to permit the operation of any such vehicle without having complied with specified provisions requiring the display of a decal or special license plates. This provision would become operative on July 1, 1995.

NOTE: Superior numbers appear as a separate section at the end of the digests.

By making these additional requirements subject to criminal penalty, this bill would impose a state-mandated local program.

This bill would require every limousine operated by a charter-party carrier to display a special identification license plate issued by the Department of Motor Vehicles. This provision would become operative on July 1, 1995.

This bill would require the commission to fund the costs of administering the special identification license plate program required by this bill, including the costs of the Department of Motor Vehicles, from the Public Utilities Commission Transportation Reimbursement Account.

This bill would require the Department of Motor Vehicles and the commission to adopt a memorandum of understanding by January 1, 1995, governing the exchange of information on vehicle registrations and reimbursement by the commission of the department's costs in producing and distributing special identification license plates for limousines as required by this bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 110 (AB 1106) Lee. Coastal resources.

(1) Under existing law, the State Coastal Conservancy serves as a repository for lands whose reservation is required to meet the policies and objectives of the California Coastal Act of 1976 or a certified local coastal plan or program.

This bill would also authorize the conservancy to serve as a repository for lands required to meet the policies and objectives of the San Francisco Bay Plan as implemented by the San Francisco Bay Conservation and Development Commission.

(2) Under existing law, specified bond proceeds deposited in the State Coastal Conservancy Fund of 1984 were appropriated in the Budget Act of 1991 to the State Coastal Conservancy for urban waterfront restoration for capital outlay or local assistance.

This bill would specify that those funds shall be available for capital outlay or local assistance without regard to specified allocations.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 111 (AB 2041) Honeycutt. City of Hesperia: redevelopment project area.

(1) Existing law, known as the Community Redevelopment Law, authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in those communities.

This bill would, notwithstanding specified provisions of the Community Redevelopment Law, provide that any redevelopment project area formed in the City of Hesperia shall be effective for the purposes of receiving specified funds if 4 specified documents are filed with the State Board of Equalization on or before June 30, 1994.

(2) The California Constitution provides that a local or special statute is invalid in any case if a general statute can be made applicable.

This bill would declare that, because of circumstances applicable to the City of Hesperia, a general statute cannot be made applicable.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 112 (AB 2333) Morrow. Public utilities: disclosure.

Existing law requires specified reports to be made by public utilities.

This bill would require telephone, gas, and electric utilities to provide district attorney inspectors and investigators with limited customer information, as specified, under specified conditions with respect to investigations relating to missing or abducted children. The bill would require inspectors and investigators requesting this information to prepare and sign a written affidavit, as specified, supporting the request, and would provide that specified persons and entities shall not be subject to criminal or civil liability for reasonably relying on an affidavit pursuant to this provision.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Since this bill makes any person who willfully violates its provisions guilty of a misdemeanor, the bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 113 (AB 2413) Epple. Postsecondary education facilities: Field Act: Cerritos Community College District.

Existing law requires the governing board of any community college district to examine buildings in use for school purposes that were not constructed under the so-called Field Act, and when a building has been deemed to be unsafe, as specified, to prepare an estimate of the cost necessary to make repairs to, or to reconstruct or replace, that building.

This bill would provide that notwithstanding these provisions the Cerritos Community College District may use specified portable buildings for classroom and other related purposes until January 1, 1997, or until completion of a new business education building, whichever occurs first.

This bill also would specify that these provisions would become operative only upon adoption of a resolution by the Cerritos Community College District whereby the district agrees to indemnify, defend, and hold harmless the State of California from any legal claims that may arise from the continued use of these portable buildings.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 114 (AB 2892) Connolly. Military and veterans: gender references.

A number of the provisions of existing law, governing the military forces of the state and providing for veterans' benefits and programs, refer to the persons included in, or affected by those provisions in the masculine gender.

This bill would revise these references to include the feminine gender and make other technical, nonsubstantive, changes to further conform these provisions to code style.

Ch. 115 (AB 3624) Committee on Public Employees, Retirement and Social Security. Public Employees' Retirement System: membership.

The Public Employees' Retirement Law requires state safety members to retire at age 65.

This bill would exclude physicians, dentists, and podiatrists from that requirement.

Ch. 116 (SB 133) Hill. Marriage, family, and child counselors: licensure requirements.

Existing law provides for the licensing of marriage, family, and child counselors. Existing law requires that applicants for licensure obtain certain supervised practical experience as a trainee or intern, and requires that these services be performed in the place where the employer of the intern or trainee regularly conducts their business.

Existing law requires that an intern receive fair remuneration from his or her employer.

This bill would repeal that requirement, and would instead authorize an intern to be either a paid employee or a volunteer, and would provide that employers are encouraged to provide fair remuneration.

This bill would make other technical nonsubstantive changes.

Ch. 117 (SB 281) Ayala. School safety: volunteer school police reserve officers.

Existing law authorizes the governing board of a school district to establish a security or police department, and to employ personnel as necessary to ensure the safety of school district personnel and pupils and the security of the real and personal property of the school district. Existing law authorizes qualified persons to be deputized or appointed as reserve or auxiliary sheriffs or police officers of various state and local governmental agencies, which reserve officers are assigned specific police functions, and

NOTE: Superior numbers appear as a separate section at the end of the digests.

are considered peace officers for the duration of that assignment.

Existing law also authorizes qualified persons to be deputized or appointed as reserve or auxiliary sheriffs or police officers of various local governmental agencies, which officers are assigned to the prevention and detection of crime and the general enforcement of the laws of this state, and are considered peace officers, under specified circumstances.

This bill, in addition, would authorize the governing board of a school district to establish an unpaid volunteer school police reserve officer corps to supplement a school police department. The bill would require any person deputized as a school police reserve officer to receive specified training, and would include all persons so deputized among those reserve officers who are considered peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or making an arrest, as specified. The bill would prohibit any provision of this act from causing the displacement of any classified employee of any school district.

Ch. 118 (SB 819) Hart. Education: charter schools.

(1) The Charter Schools Act of 1992 provides a procedure for the establishment of not more than 100 charter schools that receive public funding but are not subject to the laws generally governing school districts. Under the act, a school district governing board or, as specified, a county board of education, in response to a petition signed by a specified percentage of credentialed teachers, may grant a revocable charter authorizing operation of a charter school for up to 5 years, subject to renewal for additional 5-year periods.

This bill would establish procedures to authorize an elementary school that has been operated by the University of California at the Los Angeles campus prior to January 1, 1994, to apply to become a charter school by petitioning either the local school district governing board or the State Board of Education. Requiring a local school district governing board to review and respond to a charter school petition would constitute a state-mandated local program. The bill would specify the process by which such a charter school would receive state apportionments.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 119 (SB 1386) McCorquodale. Mobilehome park: security deposits.

Under existing law, security deposits paid to a mobilehome park on or after January 1, 1989, are required to be refunded, upon request, after 12 consecutive months of payment of rent, utilities, and reasonable service charges within 5 days of the due date, or when the mobilehome is sold, whichever occurs first.

This bill would require that, as to all security deposits collected prior to January 1, 1989, whenever a mobilehome park is sold, the owner shall deposit in escrow an amount equal to all security deposits held and shall include directions in his or her escrow instructions providing that, upon close of escrow, security deposits held for 12 months or more shall be refunded to persons who have timely paid all obligations, as specified, during the 12 months preceeding the close of escrow.

Existing law provides that if the interest in a mobilehome park is transferred, the successor in interest has the same obligations of park management with respect to security deposits.

This bill would provide that any security deposits that are not required to be disbursed to homeowners at the close of escrow shall be disbursed to the successor in interest, who is subject to the same obligations of park management and ownership regarding the deposits. It would also provide that the violation of these provisions shall not affect the validity of the transferred title to real property.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 120 (AB 1040) Archie-Hudson. Health services funding: disproportionate share hospitals.

Existing law provides for the Medi-Cal program pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

The Medi-Cal program is funded by federal, state, and local funds, and administered by the State Department of Health Services. Federal financial participation, through the federal medicaid program, is contingent upon approval of the state plan for the provision of health services through the Medi-Cal program.

Under existing law, the State Department of Health Services is required to make supplemental payments to certain outpatient disproportionate share hospitals based on specified criteria.

This bill would revise the calculation of supplemental payments to disproportionate share hospitals for specified payment adjustment years, as defined.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 121 (AB 2815) Boland. Sex offenders: mandatory AIDS testing.

Existing law authorizes the court to require that a defendant charged with a violation of specified sex offenses submit to a blood test for evidence of antibodies to the probable causative agent of acquired immune deficiency syndrome (AIDS). Existing law requires the court to order every person convicted of certain sex offenses to submit to a blood test for AIDS.

This bill would, in addition, require the court to order every person adjudged by the court to be a ward of the court by reason of a violation of certain sex offenses to submit to a blood test for AIDS. This bill also would require, among other things, the prosecutor or the prosecutor's victim-witness assistance bureau to refer the victim to the local health officer for counseling and would require the local health officer, upon the victim's request, to inform the victim and the person who was tested of the results of the blood test.

Because this bill would add notification and referral requirements to the duties of the local health officer and the district attorney, respectively, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 122 (AB 670) Vasconcellos. Budget Act of 1993: augmentation: contingencies or emergencies.[1]

(1) The Budget Act of 1993 appropriated $4,500,000 in equal amounts from the General Fund, unallocated special funds, and unallocated nongovernmental cost funds for expenditure for contingencies or emergencies upon written authorization from the Director of Finance.

This bill would appropriate $317,941,000, as scheduled, in augmentation of these budget appropriations.

This bill would authorize the Director of Finance to withhold authorization for the expenditure of funds appropriated in the bill until preliminary estimates of potential deficiencies are verified.

(2) This bill would declare that it is to take effect immediately as a statute providing an appropriation for the usual current expenses of the state.

Ch. 123 (SB 1379) Beverly. Alcoholic beverages: annual licenses: transfers.

The existing Alcoholic Beverage Control Act provides that all licenses, except as specified, shall be issued on an annual basis.

Existing law further provides for the transfer of a license when a partner on a license dies or is otherwise removed from the license, or upon reorganization of the corporate or partnership ownership of a license.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require that a license transferred pursuant to those provisions be issued for the unexpired term remaining on the license of the transferor.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 124 (AB 2653) Connolly. San Diego Area Wastewater Management District.

(1) The San Diego Area Wastewater Management District Act creates the San Diego Area Wastewater Management District that includes the areas of prescribed cities and special districts and requires the district to be governed by a 17-member board.

This bill would require the district to include the area of the City of El Cajon and to be governed by a 19-member board that includes 2 members appointed by that city, thereby imposing a state-mandated local program. The bill would make related changes.

(2) This bill would incorporate additional changes in Sections 102, 301, and 304 of the San Diego Area Wastewater Management District Act, proposed by AB 842, to be operative only if AB 842 and this bill are both chaptered and become effective on or before January 1, 1995 and this bill is chaptered last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 125 (SB 1830) Campbell. Unemployment insurance: elective coverage.

Existing law permits certain individuals and employing units, to file a written election with the Director of Employment Development to be covered by unemployment disability compensation provisions, as specified. For these purposes existing law requires these persons to provide a copy of his or her Internal Revenue Service Schedule SE, showing specified net profit.

This bill would, for those and other related purposes define Internal Revenue Service Schedule SE as Internal Revenue Service Form 1040 Schedule SE, or in the case of statutory employees under the Internal Revenue Code, to include Internal Revenue Service Form 1040 Schedule C, or the California Income Tax Return when accompanied by Internal Revenue Service Form W-2.

The bill would also make related changes. It would declare that it is to take effect immediately as an urgency statute.

Ch. 126 (AB 2457) Connolly. Schools: Veterans Day observance.

(1) Existing law authorizes the governing board of a school district to revise the date upon which the schools of the district close in observance of certain holidays, including Veterans Day.

This bill would delete this authorization with respect to Veterans Day which is observed on November 11.

(2) Under existing law, the governing board of a school district or a county board of education may, on a districtwide or countywide basis or on behalf of one or more of its schools or programs, request a waiver from the State Board of Education of provisions in the Education Code or regulations adopted by the State Board of Education that implement the Education Code. Existing law specifies certain provisions of the Education Code that may not be waived.

This bill would add to the list of those provisions that may not be waived the observance of Veterans Day on November 11. The bill would make a related change.

Ch. 127 (AB 3016) McDonald. State surplus moneys: investment.

Existing law makes specified securities eligible for investment of state surplus moneys.

This bill would include bank loans and obligations guaranteed by the Export-Import Bank of the United States in the list of eligible securities.

Ch. 128 (SB 1429) Johnston. Real property: boundaries.

Existing law defines the "burden of proof" as the obligation of a party to establish by

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

evidence a requisite degree of belief concerning a fact in the mind of the trier of fact or the court. Existing law identifies the burden of proof on specified issues.

This bill would provide that in any action where the state is a party, regardless of who is the moving party, where the boundary of land patented or otherwise granted by the state is in dispute, or where the validity of any state patent or grant dated prior to 1950 is in dispute, the state shall have the burden of proof on all issues related to the historic locations of bodies of water and the authority of the state in issuing the patent or grant. The bill would further provide that in all actions described above, including those in which the state is not a party, all parties shall have the duty to disclose to all opposing parties all nonprivileged relevant written evidence, as specified.

Ch. 129 (SB 1684) Lewis. Industrial loan companies: certificates of deposit.

Existing law, with respect to industrial loan companies, does not authorize the use of the term "certificate of deposit." It authorizes an industrial loan company to sell and issue "investment certificates" in the form and upon terms approved by the Commissioner of Corporations.

This bill would authorize an industrial loan company that is a member of the Federal Deposit Insurance Corporation to use the term "certificate of deposit," as defined, with specified limitations.

Ch. 130 (SB 1757) Johnston. Automobile insurance: inspection requirements.

Existing law requires insurers to inspect passenger automobiles prior to the issuance or amendment of collision and comprehensive coverage with respect to insureds not formerly insured with that insurer or not formerly insured with that insurer for the same coverage. The inspection must include, among other things, a color photograph, showing the Safety Certification Label containing the vehicle identification number (VIN). The photograph must be of sufficient clarity that the VIN is legible. Where the Safety Certification Label is missing or where the photograph does not produce a legible reproduction of the VIN, the inspector must include the required photograph and indicate the circumstances in the appropriate place on the inspection form.

This bill would instead, in the case where the Safety Certification Label is missing or the photograph does not produce a legible reproduction of the VIN, require a photocopy or a close-up photograph of the current vehicle registration, showing the VIN and certifying on the inspection report that the VIN on the vehicle registration and the VIN on the Safety Certification Label, if not missing, are the same. It would delete the clarity requirement with respect to the photograph. It would provide that no more than 3 photographs are required for each automobile inspected. It would require the insurer to retain a copy of the preinsurance inspection report and accompanying color photographs for not less than 2 years from the inspection date.

An insurer may waive or dispense with the mandatory inspection under various circumstances, including, among other things, where the vehicle is an additional or replacement vehicle, and the named insured has been continuously insured for 3 or more policy years for automobile insurance with the same insurer, affiliate of that insurer, or through the same agency.

This bill would, instead, provide for that waiver or dispensing of the mandatory inspection requirement where the vehicle is an additional or replacement vehicle, and the named insured has been continuously insured for one or more policy years for automobile insurance with the same insurer, affiliate of that insurer, or through the same agency or brokerage. It would additionally authorize an insurer to waive or dispense with mandatory inspections where the named insured provides evidence of insurance for collision and comprehensive coverage that has been in effect for at least 12 months and is in force up to the effective date of transfer of coverage with an admitted insurer.

Existing law requires the insurer to bear the cost of the inspection, however, when the inspection is performed by an agent or broker, the insurer is not required to reimburse the agent or broker for the labor costs of the inspection.

This bill would require insurer reimbursement to an agent or broker for the cost of film and developing associated with conducting the inspection.

The bill also would revise the definition of "replacement vehicle," as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 131 (SB 1866) Campbell. Title insurance: fraud.

Existing law requires every insurer to maintain a unit or division to investigate possible fraudulent claims by insureds or by persons making claims for services or repairs against policies held by insureds.

This bill would provide that those insurer fraud investigation requirements are inapplicable to title insurers.

Ch. 132 (SB 1930) Johannessen. Transportation: Siskiyou Railroad Authority.

Existing law creates, and prescribes the duties and responsibilities of, the North Coast Railroad Authority in the Counties of Humboldt and Mendocino.

This bill would create the Siskiyou Railroad Authority in the County of Siskiyou.

The bill would authorize the authority to acquire, own, operate, and lease real and personal property directly related to the operation and maintenance of railroads.

Ch. 133 (SB 2018) Leslie. Property taxation: revenue allocation shifts: water quality district exemption.

Existing property tax law requires, for purposes of transferring additional property tax revenues to school entities in each county for the 1992–93 and 1993–94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. Existing law also exempts the costs incurred by certain special districts in complying with certain state water quality control laws from these, and any subsequent, reduction and transfer provisions.

This bill would limit this exemption by applying it commencing with the 1993–94 fiscal year, rather than commencing with the 1992–93 fiscal year, with respect to compliance costs incurred by a district for the 1992–93 fiscal year.

Ch. 134 (AB 2466) Snyder. School attendance: pupil absences.

Existing law provides that the absence of a pupil from school or class is not deemed an absence for purposes of computing the attendance of a pupil in school and for purposes of truancy laws, if the absence was for specified purposes, including attendance at the funeral services of a member of the pupil's immediate family, as defined.

Existing law authorizes a pupil to be excused from school for certain enumerated justifiable personal reasons, which absences are considered excused for purposes of compulsory education laws but do not generate state apportionment payments, except as specified in the laws related to the above provision.

This bill would expressly include, within the category of absences that are excused for justifiable personal reasons, a pupil's absence to attend a funeral service. That absence would not generate an apportionment for the school, except that an absence to attend the funeral service of a member of the pupil's immediate family is not an absence for purposes of computing attendance under a designated provision of existing law. This bill also would expressly declare that an absence for the purpose of attending the funeral services of a member of a pupil's immediate family is not an absence in computing average daily attendance.

Ch. 135 (SB 1230) Committee on Budget and Fiscal Review. State finances.

(1) Existing law defines bonds for the purposes of public finance contracts.

This bill would revise the definition of "bonds" for these purposes to include reimbursement warrants or refunding warrants.

(2) This bill would impose specified duties on the Controller and the Legislative Analyst with respect to preparing reports or analyses, respectively, of the estimated cash condition of the state or cash condition of the General Fund for the 1994–95 and 1995–96 fiscal years. This bill would direct the Governor to propose legislation providing for sufficient General Fund expenditure reductions, revenue increases, or both, to offset the amount of the estimated 1995 or 1996 cash shortfall as reported by the Controller. This bill would require the Director of Finance, if certain legislation is not enacted, to reduce all General Fund appropriations for the 1994–95 fiscal year, except as specified, by the percentage equal to the ratio of the 1995 cash shortfall to total remaining General Fund

NOTE: Superior numbers appear as a separate section at the end of the digests.

appropriations for the 1994–95 fiscal year and to reduce similarly all General Fund appropriations for the 1995–96 fiscal year.

This bill would also provide that the state pledges to and agrees with the holders of any registered reimbursement warrants and any revenue anticipation notes issued in July 1994, and any banking institutions that provide credit support for these warrants or notes, that the state will not limit or alter the obligations required by these provisions until the registered reimbursement warrants and revenue anticipation notes, together with interest, are fully met and discharged.

(3) Existing law requires the Controller to cancel any warrant issued by the Controller that is unpaid for 4 years after it becomes payable.

This bill would condition that cancellation on the availability of sufficient unapplied money for the payment of the warrant and all senior obligations. This bill would provide that warrants issued and registered for the purposes of paying any and all obligations owed by the state under or in connection with any credit enhancement or liquidity agreement entered into by the state to secure or support any reimbursement warrants or refunding warrants issued are to be based on the same claims and to have the same priority as to payment from unapplied money in the General Fund, as the reimbursement warrants or refunding warrants paid with funds disbursed under or in connection with a credit enhancement or liquidity agreement. This bill would require these registered warrants to bear interest at the rate specified in the notes or the credit enhancement or liquidity agreement, as the case may be.

Ch. 136 (SB 2123) Committee on Budget and Fiscal Review. State finances.

(1) Under existing law, any unapplied money in the General Fund is continuously appropriated to pay the interest on and the principal of any State of California Notes (revenue anticipation notes).

This bill would continuously appropriate from the General Fund for the purpose of public finance contracts, an amount equal to the sum annually as will be necessary to pay all obligations incurred by the state under or in connection with any credit enhancement or liquidity agreement entered into by the state.

(2) This bill would establish the Warrant Payment Fund, a continuously appropriated fund, in the State Treasury for the purpose of setting aside unapplied moneys in the General Fund for the payment and redemption of registered reimbursement warrants issued during fiscal year 1994–95 and maturing in fiscal year 1995–96. These provisions would be repealed on July 1, 1996, unless registered reimbursement warrants remain outstanding, in which case, these provisions would continue in effect until the warrants are paid.

(3) Existing law requires that an amount equal to all revenues, less refunds, derived from sales and use tax revenue, as specified, be transferred from the Retail Sales Tax Fund to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.

This bill would, notwithstanding an existing provision of law, authorize the Controller to use the Transportation Planning and Development Account for loans to the General Fund, with the loans being repaid with interest from the General Fund at the Pooled Money Investment Account rate.

(4) Existing law provides that the Cigarette and Tobacco Products Surtax Fund are to be expended only for the purposes of tobacco-related school and community health programs, tobacco-related disease research, medical and hospital care and treatment of specified patients, and specified programs related to fire prevention and the protection or enhancement of public resources.

This bill would authorize the use of the fund and accounts in the fund for loans to the General Fund, with the loans being repaid with interest from the General Fund at the Pooled Money Investment Account rate.

(5) This bill would require the Controller, on November 15, 1994, to provide a report to the Legislature and the Governor of the estimated cash condition of the General Fund for the 1994–95 fiscal year, as specified.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 137 (AB 3177) McPherson. State subventions: City of Marina.

Under existing law, cities receive state subventions, based on their populations, from funds received by the state from vehicle license fees, off-highway vehicle license fees, and gas taxes. The Controller is required to pay these subventions to the City of Marina in Monterey County based on a population that includes 2 residential subdivisions not located within the city, as if they were located within the city, until they are annexed to the city or a nonfederal entity acquires them from the federal government, whichever comes first.

This bill would require this payment until the residential subdivisions are annexed to the city or a nongovernmental entity acquires them from government, whichever comes first.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 138 (AB 3308) Takasugi. Tax disputes: settlement.

The Sales and Use Tax Law and franchise and income tax administration law provide for settlement of any civil tax matter disputes by the State Board of Equalization and the Franchise Tax Board, upon the recommendation of the executive director or the executive officer, respectively, or the chief counsel, if that recommendation has been submitted to the Attorney General for approval. Existing law also authorizes the State Board of Equalization's executive director to settle any tax matter disputes involving a disputed tax liability of $5,000 or less, upon approval of the Board of Control. Existing law requires that whenever a reduction in tax in excess of $500 is approved by the State Board of Equalization and the Franchise Tax Board, a public record containing specified information with regard to the settlement shall be placed on file in the office of the executive officer. Existing law provides that these provisions shall only apply to civil tax matter disputes existing on January 1, 1994, with respect to which recommendations for settlement are first submitted to the Attorney General no later than June 30, 1994, and are first submitted to the State Board of Equalization and the Franchise Tax Board no later than September 15, 1994.

This bill would delete the provision authorizing the State Board of Equalization's executive director to settle any tax matter disputes involving a disputed tax liability of $5,000 or less. The bill would authorize the executive officer and the chief counsel of the Franchise Tax Board to approve jointly the settlement of any civil tax matter in dispute involving a reduction of tax or penalties in settlement of $5,000 or less. It would conform and clarify public record requirements, and would extend the authority of the State Board of Equalization and the Franchise Tax Board to settle any civil tax matter in dispute existing on or after the bill's effective date.

This bill would require the State Auditor to report to the Legislature on the merits of the settlement program, and would appropriate $2,489,000 to the Department of Finance for allocation, in specified amounts, to the Franchise Tax Board, the State Board of Equalization, and the Department of Justice for the costs of implementing that program.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 139 (SB 2120) Committee on Budget and Fiscal Review. 1994–95 Budget.[2]

This bill would make appropriations for support of state government for the 1994–95 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 140 (AB 167) B. Friedman. Battered Women Protection Act of 1994.

Existing law provides for a program of financial and technical assistance for district attorneys' offices for purposes of enhanced efforts to prosecute persons who commit domestic violence offenses.

This bill would enact the Battered Women Protection Act of 1994 to establish a comprehensive domestic violence program. The bill would require the Maternal and Child Health Branch within the State Department of Health Services to administer, in consultation with an advisory council, a comprehensive shelter-based services grant program for battered women's shelters.

This bill would declare the intent of the Legislature to appropriate $11,500,000 in the Budget Act of 1995 to the State Department of Health Services for the 1995–96 fiscal year for purposes of this grant program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill also would declare the intent of the Legislature to appropriate $3,500,000 in the Budget Act of 1995 to the Department of Justice for the 1995–96 fiscal year for the Spousal Abuser Prosecution Program.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 141 (AB 3458) Harvey. Nonteaching volunteers: sex offenders.

Under existing law, any person may be permitted by the governing board of any school district to supervise pupils during breakfast or lunch periods or to serve as a nonteaching volunteer aide under the immediate supervision and direction of the certificated personnel of the district to perform noninstructional work that serves to assist the certificated personnel in performance of teaching and administrative responsibilities.

This bill would provide that persons required to register as a sex offender may not supervise pupils during breakfast or lunch periods or serve as nonteaching volunteer aides, as specified above.

Ch. 142 (AB 973) Bornstein. California Community Colleges.

The Budget Act of 1993 appropriated $659,072,000 for apportionments for local assistance by the Board of Governors of the California Community Colleges.

This bill would appropriate $56,500,000 from the General Fund in augmentation of, and for the purposes of, that appropriation.

This bill would declare that it is to take effect immediately as a statute providing an appropriation for the usual current expenses of the state.

Ch. 143 (AB 2382) Committee on Ways and Means. Hazardous Substance Cleanup Arbitration Panel: environmental assessors.

(1) Existing law, the Carpenter-Presley-Tanner Hazardous Substance Account Act, establishes the Hazardous Substance Cleanup Arbitration Panel in the Office of the Secretary for Environmental Protection.

This bill would transfer the panel to the Office of Environmental Health Hazard Assessment.

(2) Existing law, the Environmental Quality Assessment Act of 1986, requires, among other things, the Secretary for Environmental Protection, on or before September 1, 1987, to adopt, by regulation, criteria and examination requirements for the voluntary registration of environmental assessors. The act allows a person to apply to the secretary for registration on and after October 1, 1987, and requires the secretary to publish the list of registered environmental assessors on or before March 1, 1988, and annually thereafter. The act requires the secretary to submit a report to the Legislature on or before April 1, 1988, concerning the environmental assessor registration program.

This bill would transfer that program from the secretary to the Director of Environmental Health Hazard Assessment, would remove the deadline for the adoption of criteria, and would delete the obsolete reporting requirement.

Ch. 144 (AB 2389) Committee on Ways and Means. Personal income tax: renters' credit.

The Personal Income Tax Law provides that qualified renters, as defined, shall be allowed a credit against the taxes imposed by that law, and further provides that this credit is reduced for certain taxable years and suspended for taxable years beginning on and after January 1, 1993, and before January 1, 1995, by specified amounts if adjusted gross income exceeds certain amounts.

This bill would instead provide that this credit is suspended for taxable years beginning on and after January 1, 1993, and before January 1, 1996.

This bill would take effect immediately as a tax levy.

Ch. 145 (AB 113) Andal. Corrections.

(1) Under existing law, if a defendant is convicted of an offense, the defendant may be required to pay all or a portion of the costs for any legal assistance that was provided by the court, for probation or probation investigation, for incarceration in a local detention facility, or for the provision of parole supervision. Existing law requires an ability to pay determination hearing before these costs may be assessed to the defendant and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the hearings for each of these costs may be consolidated, as specified.

This bill would authorize the court to order a defendant who is convicted of an offense and sentenced to imprisonment in the state prison to pay all or a portion of the reasonable costs of the imprisonment, if the court determines, after a hearing, that the defendant has the ability to pay all or a part of the costs, as specified. The court would be required to set the amount to be reimbursed and order the defendant to pay that sum to the Department of Corrections for deposit in the General Fund. The bill also would specify procedures that permit, at any time during the pendency of an order under this provision, a person against whom an order has been made under this provision to petition the court to modify or vacate its previous order on the grounds of a change of circumstances with regard to the person's ability to pay.

(2) This bill also would provide that in determining a defendant's ability to pay pursuant to (1) above, the court would be prohibited from considering the defendant's (a) personal residence, if any, up to a maximum amount of the median home sales price in the county in which the residence is located, (b) personal motor vehicle, if any, up to a maximum amount of $10,000, and (c) any other assets up to a maximum amount of the median annual income in California. However, the court would be required to consider the overall ability of the defendant to reimburse all or a portion of the costs of imprisonment in light of his or her present and foreseeable financial obligations, including family support obligations, restitution to the victim, and fines, penalties, and other obligations to the court.

(3) Existing law requires the court, if practicable, to consolidate the ability to pay determination hearings authorized by law into one proceeding, and permits the determination of ability to pay made at the consolidated hearing to be used for all purposes relating to those provisions.

This bill would, in addition, require the court, if practicable, to consolidate the ability to pay determination hearings authorized under the provisions of (1) above into one proceeding, and would permit the determination of ability to pay made at the consolidated hearing to be used for all purposes relating to those provisions.

(4) Existing law specifies procedures under which a county, city, or the Department of the Youth Authority is authorized to make a claim for recovery of the costs of necessary hospital, medical, surgical, dental, or optometric care rendered to any prisoner confined in a county or city jail or any juvenile confined in a detention facility, as specified.

This bill, in addition, would authorize the Director of Corrections to charge a fee in the amount of $5 for each inmate-initiated medical visit of an inmate confined in the state prison who has money in his or her personal account, would authorize the medical provider to waive the fee, would require the medical provider to waive the fee in any life-threatening or emergency situation, as defined, would exempt followup medical visits from the fee, and would require all moneys received pursuant to this provision to be transferred to the General Fund.

This bill would require that the above fees be charged to the inmate's account at his or her respective facility and would prohibit a denial of medical care to an inmate because of a lack of funds in that account.

(5) Existing law authorizes the California Medical Assistance Commission to negotiate contracts under the Medi-Cal program for acute inpatient hospital services, that are binding upon the State Department of Health Services.

This bill would authorize the commission to negotiate contracts, that would be binding upon the Department of Corrections, for the provision of acute inpatient hospital services for the care of inmates of the Department of Corrections.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 146 (AB 3601) Committee on Judiciary. Maintenance of the codes.

Existing law directs the Legislative Counsel to advise the Legislature from time to time as to legislation necessary to maintain the codes.

This bill would restate existing provisions of law to effectuate the recommendations made by the Legislative Counsel to the Legislature for consideration during 1994 and would not make any substantive change in the law.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 147 (AB 2377) Committee on Ways and Means. Human services.

(1) Existing law requires, commencing January 1, 1995, a licensed clinic board of directors and its medical director to establish and adopt written policies and procedures to screen patients for purposes of detecting spousal or partner abuse.

This bill would delay the date upon which these policies and procedures would be required to be established until June 30, 1995.

(2) Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services, and funded in part from federal medicaid program funds, pursuant to which Medi-Cal benefits are provided to public assistance recipients and certain other low-income persons.

Existing law establishes requirements for various contracts between employers and carriers offering health benefit plans and contracts.

This bill would specify that a plan or contract shall not provide an exception for other coverage where the other coverage is entitlement to Medi-Cal or medicaid benefits, and would make conforming changes.

(3) Existing law authorizes the court to require health care coverage payments in child support proceedings.

This bill would require the district attorney, the department, or a party with custody of a child, as defined to enforce an outstanding support order that requires that health care coverage be provided to the child, and requires employers and health care service plans to comply with these provisions in the case of a child eligible for federal medicaid services.

The bill would require that children be included within the coverage of health care provided by employers or other providers except as otherwise provided. It also imposes various requirements on health care insurers.

(4) Existing law requires the department to claim against the estate of a decedent if the decedent had received benefits under the Medi-Cal program.

This bill would revise the circumstances in which the department is required to claim against the estate of a decedent who received Medi-Cal benefits.

(5) Existing law prohibits any limitation or restriction on the right of a Medi-Cal beneficiary to dispose or encumber property, but provides that the disposal of resources for less than fair market value shall result in a period of ineligibility for aid.

This bill would, instead, provide that the transfer or gift of assets, including income and resources, would result in a period of ineligibility for aid.

(6) This bill would require the State Department of Health Services to exercise the option made available by the federal medicaid program to provide funds for medical assistance for eligible persons infected with tuberculosis. Because local government entities would be responsible for administering the eligibility requirements for medical assistance for persons infected with tuberculosis, this bill would impose a state-mandated local program.

(7) Existing law permits the department to enter into contracts with manufacturers of single-source and multiple-source drugs for drugs from each major therapeutic category, and establish a Medi-Cal contract drug list. Contracts must, however, meet specified requirements.

This bill would, until July 1, 1996, in addition to rebates required pursuant to other provisions of state or federal law, for each prescription drug reimbursed through the Medi-Cal program, except for specified drugs, require all pharmaceutical manufacturers to provide the department a supplemental 10% rebate.

(8) The bill would also require the department to reduce reimbursements to pharmacists by 50¢ per prescription, effective January 1, 1995.

(9) Existing law, except under specified circumstances, limits prescribed drugs under the Medi-Cal program to not more than 10 per month, unless prior authorization is obtained.

This bill would reduce this limit to 6 prescription drugs per month.

This bill would also provide that, in carrying out the requirements for prior authorization, the department would be permitted to contract, either directly or through the fiscal intermediary, for pharmacy consultant staff necessary to accomplish the treatment

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

authorization request reviews.

(10) Existing law makes targeted case management, as defined, a covered benefit under the Medi-Cal program, for specified populations, and subject to federal requirements.

Existing law specifies that counties are the entities permitted to provide these services.

This bill would make various changes in targeted case management provisions, including a grant of authority for counties or charter cities to contract for the provision of targeted case management services with health care providers. It would, however, specify that certain targeted case management services would not need to be provided in accordance with these requirements.

The bill would also establish a Medi-Cal Administrative Claiming process under which local governmental agencies could obtain federal matching funds for participation with the department in this process.

The bill would require local governmental agencies participating in the Medi-Cal Administrative Claiming process to pay to the department a participation fee, to cover the state's costs of administering the program.

Under existing law, moneys in the Health Care Deposit Fund are used for purposes of the Medi-Cal program.

The bill would, in addition, require local governmental agencies participating in the Medi-Cal Administrative Claiming process to pay an amount from its nonfederal general fund revenues necessary to yield a combined total reimbursement of $200,000,000 to the state in the 1994–95 fiscal year and subsequent fiscal years, for deposit in the Health Care Deposit Fund, with these moneys to be continuously appropriated to the department for support of the Medi-Cal program.

(11) Under existing law, the department is required to adopt the federal medicaid option to extend eligibility for Medi-Cal benefits to all pregnant women and infants with family incomes not in excess of 185% of the federal poverty level.

Federal law authorizes states administering the medicaid program to waive the use of an asset test for determining eligibility of pregnant women and infants for Medi-Cal benefits.

This bill would require the State Department of Health Services to adopt that federal option.

Existing law requires the county in which a person resides to determine a person's eligibility for Medi-Cal benefits and continued eligibility.

To the extent this bill would increase the counties' responsibilities for eligibility determination, it would impose a state-mandated local program.

(12) Existing law provides for dental coverage under the Medi-Cal program.

This bill would require the department to implement a dental managed care program.

(13) Existing law establishes the Medi-Cal Inpatient Adjustment Fund, the moneys in which may be used only for payment adjustments to hospitals deemed as disproportionate share hospitals, and for other specified purposes.

Existing law provides that, except as specified, commencing in the 1993–94 fiscal year, $154,757,690 of the moneys in this fund may be transferred to the Health Care Deposit Fund.

This bill would increase the amount, beginning with the 1994–95 fiscal year to $239,757,690.

(14) Existing law authorizes the adoption of emergency regulations to implement specified provisions relating to the provision of education and related services to children with disabilities.

This bill would provide that the emergency regulations governing these provisions that are operative for the 1993–94 fiscal year shall be operative for the 1994–95 fiscal year.

(15) This bill would authorize the State Department of Health Services to adopt emergency regulations, in accordance with certain procedures, and subject to specified limitations, to implement its provisions.

(16) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(17) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 148 (AB 836) Goldsmith. Human services.

Existing law requires employers to submit specified information to the Employment Development Department, and limits the uses to which that department may put that information.

This bill would include the verification of employment of applicants for, and recipients of, Aid to Families with Dependent Children and food stamps services within the scope of purposes for which that information may be used.

Existing law provides that money in the Employment Training Fund shall be expended only for specified purposes.

Existing law provides for an employment and training program for Aid to Families with Dependent Children (AFDC) recipients under the Greater Avenues for Independence (GAIN) program, administered by each county in conformance with regulations adopted by the State Department of Social Services.

This bill would, in addition, permit the Legislature to appropriate up to $20,000,000 from the Employment Training Fund in to the Budget Act of 1994 for purposes of funding the local assistance portion of the nonfederal share of cost in the GAIN program, and would authorize the panel to execute training contracts for up to $20,000,000 in excess of a specified item in the Budget Act of 1994 from the Employment Training Fund. This provision would become inoperative on July 1, 1995, and would be repealed as of January 1, 1996.

Existing law requires the State Department of Developmental Services to annually establish rates to providers of community living services for persons with developmental disabilities, that shall be reviewed by the State Council on Developmental Disabilities.

Existing law requires the department, in establishing these rates, to include specified cost elements, including an adequate amount to care for basic living needs, as defined, of a person with developmental disabilities.

Existing law further requires that a redetermination of basic living costs shall be undertaken by the department every 3 years, with the first report due on March 1, 1995, contingent upon the availability of specified funds, and on March 1, 1996, if these funds are not available.

This bill would, instead, provide that the first report would be made on March 1, 1996, contingent upon the availability of funds, with the report to be made on March 1, 1997, if sufficient funds are not available.

Existing law requires the State Department of Social Services to pay increased costs incurred by a county where the costs of implementing various social program requirements exceed the program and administrative savings realized by the county in the implementation of the state requirements.

This bill would revise that requirement to instead permit funds appropriated pursuant to the Budget Act of 1994 to be used to fund the county share of development costs, and maintenance and operation costs for the first 12 months of implementation of, the Statewide Automated Welfare System (SAWS) for each county participating in the SAWS. The bill would also require the department to fund each county's share of the Central Data Base for the Medi-Cal Eligibility Data System (MEDS) until the end of the 12th month of implementation of the SAWS.

Under existing law, one of the areas to which a GAIN program participant may be assigned is a preemployment preparation assignment.

The bill would require, subject to specified sanctions, certain GAIN program participants to undertake preemployment preparation assignments.

Existing law provides for the Aid to Families with Dependent Children (AFDC)

NOTE: Superior numbers appear as a separate section at the end of the digests.

program, under which each county provides aid grants to families with needy children. The state pays a portion of the nonfederal share of these aid grants. Under the AFDC program maximum aid grant levels are provided for families, depending upon family size.

Existing law, commencing with the 1992–93 fiscal year, provides for specified reductions in the AFDC maximum aid payment levels in effect on June 30, 1992, with these reductions to remain in effect until July 1, 1996.

This bill would require that the maximum aid payment levels in effect on June 30, 1994, be reduced by 2.3% beginning the first of the month following 50 days after the effective date of this bill.

Existing law provides that, in lieu of specified reductions in maximum aid payment levels under the AFDC program, and if permitted by federal law, maximum aid payment levels in effect on June 30, 1992, shall be adjusted based on the cost of housing by region, as prescribed.

This bill would repeal this provision, but would require the State Department of Social Services, by February 1, 1995, to submit to the budget and appropriate policy committees of the Legislature a report that includes specification of the federal requirements that would need to be met in order to vary, by regions within the state, the decreases in the maximum aid payment levels provided for under this bill, and the data that would need to be provided in order to meet these federal requirements.

Existing law provides that the amount of $70 per month shall be paid to pregnant mothers otherwise qualified for AFDC benefits, if the mother, and child, if born, would have qualified for AFDC benefits, to meet special needs resulting from pregnancy.

This bill would reduce this amount to $47 per month.

Existing law requires the Employment Development Department, when requested by the State Department of Social Services, the Franchise Tax Board, or the Parent Locator Service, to compare information received from employers to information received by the State Department of Social Services or the Franchise Tax Board, and transmit information to the requesting entity for purposes of locating delinquent payors of child support payments or any other person having an obligation to provide support.

This bill would, in addition, require transmission of information to a requesting department for purposes of verifying employment of applicants for, and recipients of, the AFDC and Food Stamp programs.

Existing law provides that if an individual is found by a court or administrative hearing to have committed any of specified acts for the purpose of establishing or maintaining AFDC eligibility or increasing, or preventing a reduction in, the amount of AFDC benefits, the needs of the individual shall not be taken into account for purposes of determining the amount of aid to which the individual's family is entitled for a period of 6 months upon the first occasion of any offense, 12 months upon the second occasion, and permanently upon a third occasion.

This bill would, contingent upon the receipt of necessary federal waivers, additionally specify that an individual who has been found by a court or administrative hearing to have submitted multiple applications for aid, or documents for nonexistent or ineligible children, shall not have his or her needs taken into account for purposes of determining the amount of aid for a period of 2 years upon the 1st occasion of the offense, 4 years upon the second occasion, and permanently upon the third occasion.

This bill would also require the department to adopt regulations to ensure that investigations made under the AFDC program protect the confidentiality of the current or former working recipient of aid and do not jeopardize his or her current employment.

By requiring a higher level of service of counties in determining eligibility under the AFDC program, this bill would impose a state-mandated local program.

Existing law establishes in each county an Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, under which the state and each county pays a portion of the nonfederal share of costs of qualified children placed in foster care.

Existing law provides for a system of rate classification levels that are used in determining rates for group home providers under the AFDC-FC program. Existing law provides, however, for the 1993–94 fiscal year, that the State Department of Social

NOTE: Superior numbers appear as a separate section at the end of the digests.

Services is prohibited from establishing a rate for a new program of a new or existing provider, or approving a program change for an existing provider that either increases its rate classification level or AFDC rate, or its licensed capacity as a result of decreases in another program with a lower rate classification level or lower AFDC-FC rate that is operated by that provider, unless specified conditions are met.

This bill would extend this provision to the 1994–95 fiscal year.

Existing law further provides that, beginning in the 1994–95 fiscal year, the standardized schedule of group home rates shall be adjusted in accordance with the California Necessities Index, subject to the availability of funds.

This bill would, instead, provide that this annual adjustment shall not begin until the 1996–97 fiscal year.

Existing law permits specified families to remain eligible for transitional child care and Medi-Cal benefits subsequent to their ineligibility for AFDC benefits.

This bill would, if federal approval is obtained, make families eligible for these benefits who, as a result of marriage or because separated spouses reunite, lose their eligibility because they no longer meet various eligibility requirements. Since each county is required to provide transitional child care services, and since the bill would expand eligibility for these services, this bill would create a state-mandated local program.

Under the State Supplementary Program (SSP) for the aged, blind, and disabled, payments are made to eligible individuals and married couples in specified amounts. Existing law requires that the maximum aid payment level for that program in effect on June 30, 1993, be reduced by 2.7% as of a certain date, and that, on July 1, 1996, these maximum aid payment levels be increased by the dollar amount of the decrease that occurred during the 1992–93 fiscal year.

This bill would, effective September 1, 1994, provide that the maximum aid payment in effect on June 30, 1994, be further reduced by 2.3%.

Existing law requires the state to pay 70% of the cost of the nonfederal share of administering AFDC grants and the Food Stamp Program, subject to compliance with an administrative cost control plan.

This bill would require the state to pay 85% of the nonfederal share of the costs of AFDC and food stamp fraud investigation, subject to compliance with an administrative cost control plan.

Existing law requires the State Department of Social Services to conduct a demonstration project to provide certain services to children who are alcohol or drug exposed, as defined, or who are human immunodeficiency virus (HIV) positive, as defined. These provisions would be repealed on January 1, 1995.

This bill would extend the duration of these provisions until January 1, 1996.

Existing law requires that counties are to be funded under this program until August 31, 1994.

This bill would extend this date until June 30, 1995.

Existing law provides that to the same extent as required by federal law, the income and resources of a sponsor and his or her spouse will be deemed to be the income and resources of the alien who is an AFDC applicant or recipient.

This bill would make this provision inoperative commencing on the effective date of, and during such time as, federal law prohibits the provision of assistance to sponsored aliens, and would require, during that time, that, with specified exceptions, to the same extent as required by federal law, an alien whose entry into the United States has been sponsored by an individual who, or organization which, executed an affidavit of support or similar agreement with respect to the alien, shall be ineligible for AFDC, SSI/SSP, Medi-Cal, and Food Stamp benefits for a period of 5 years after the alien's entry into the United States unless specified conditions are met.

Existing law requires, except under specified circumstances, each county to relieve and support all incompetent, poor, indigent persons, and those incapacitated by age, disease, or accident, lawfully resident therein in accordance with standards of aid and care to be adopted by each county. These programs are commonly referred to as general assistance programs.

Existing law, with certain exceptions, permits a county, in adopting these standards

NOTE: Superior numbers appear as a separate section at the end of the digests.

of aid and care, for purposes of determining eligibility, to deem the income and resources of any person who, as a sponsor of the entry of a general assistance applicant or recipient into the United States, executed an affidavit of support or agreement with respect to that applicant or recipient, and the income and resources of the sponsor's spouse, to be the income and resources of the applicant and recipient, in accordance with specified requirements and for a period of 3 years after the individual's entry into the country.

This bill would, with specified exceptions, permit a county, commencing on the effective date of, and during the duration of federal law prohibiting the provision of assistance to sponsored aliens, in adopting these standards of aid and care, to require that an alien whose entry into the United States has been sponsored by an individual who, or an organization which, executed an affidavit of support or similar agreement with respect to the alien, determine that the alien is ineligible for aid for a period of 5 years after the alien's entry into the United States.

The bill would, with specified exceptions, also permit a county to require, commencing on the effective date of, and during the duration of, that federal law, as a condition of providing nonemergency medical care to a sponsored alien, that the legal sponsor of the alien sign a written agreement to repay any aid provided to the alien during the period of time during which the sponsor has agreed, in writing, to provide for the alien. It would also permit a county, if agreed to by the sponsored alien, and if not inconsistent with federal law, to recover the payment for the cost of emergency care provided to the alien.

Existing law provides for the funding of independent living centers by the Department of Rehabilitation, pursuant to a specified funding formula, in order to provide an array of services to disabled persons.

Existing law specifies that, excluding incentive funds, an independent living center is eligible to receive, to the extent sufficient funds are appropriated by the Legislature, $150,000 for each fiscal year, without being required to provide any matching funds through private contributions.

This bill would increase this amount to $175,000 in the 1994–95 fiscal year.

It would also require that, commencing in the 1995–96 fiscal year, an amount equal to the combined state and federal fund allocation to independent living centers in the Budget Act of 1994 be appropriated to the department for allocation to independent living centers.

This bill would specify that, except where otherwise specified in the bill, any provision requiring a federal waiver or federal approval would become operative on the latter of the first day of the month immediately following the month in which this bill is enacted or the effective date of the federal approval, and would remain operative only so long as the waiver or approval is in effect and federal financial participation is available.

The bill would authorize the State Department of Health Services and the State Department of Social Services to adopt emergency regulations implementing the applicable provisions of the bill, in accordance with specified procedures and subject to certain limitations.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 149 (AB 2388) Committee on Ways and Means. Guide dogs for the blind.

(1) Existing law provides that certain special funds created within the Business and Professions Code be separate balances within a single Professions and Vocations Fund.

This bill would create the Guide Dogs for the Blind Fund and add it as part of the Professions and Vocations Fund.

(2) Under existing law, the State Board of Guide Dogs for the Blind has exclusive authority to issue licenses for the instruction of blind persons in the use of guide dogs, for the training of these guide dogs, and for the operation of schools for these purposes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require a specified fee, based upon a school's expenses, to be paid for renewal of a school's license.

(3) Existing law provides for specified application and renewal fees for an instructor's license. Existing law provides that all fees received with respect to regulation of guide dogs for the blind be deposited into the General Fund.

This bill would increase the fees for an instructor's license. The bill would, instead, provide that all fees be deposited into the Guide Dogs for the Blind Fund.

(4) Existing law requires schools that furnish guide dogs and train blind persons to use the dogs, within 180 days after the end of a calendar year or after the termination of the fiscal year of a school, to furnish to the board an independent audit of the school's finances, as specified.

This bill would require that audit to be furnished to the board within 180 days after the end of the calendar year.

(5) The bill would appropriate a specified sum from the fund for support of the board for the 1994–95 fiscal year.

(6) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 150 (AB 2384) Committee on Ways and Means. Government operations.

(1) Under existing law, the Director of the Department of Consumer Affairs has various powers and duties, as specified.

This bill would confer, notwithstanding other provisions of law, specific powers on the director relative to budgeting, including the ability to classify, establish, and revise departmental specific established classifications, as specified, and execute contracts, procure goods and services, and negotiate leases, as specified.

This bill would authorize a pilot program related to prequalifying minority, women, and disabled veteran-owned small business enterprises and prepaying these vendors, as specified.

This bill would also make specified statements relative to affirmative action.

These provisions would be repealed as of June 30, 1995.

(2) Existing law provides for the deposit of moneys received by the State Athletic Commission relative to certain neurological examinations into the Athletic Commission Fund, as specified.

This bill would, effective July 1, 1994, provide for the distribution of any moneys in the Athletic Commission Fund as of June 30, 1994, as specified, and would provide for the transfer of Athletic Commission revenues into the General Fund, including the transfer of the continuously appropriated Boxers' Pension Account and Disability Insurance Program Account. It would create a Boxers' Neurological Examination Account in the General Fund for specified purposes.

(3) Existing law provides for the disposition of surplus real property owned by the state.

This bill would require the Department of General Services to identify, prior to January 1, 1995, state-owned real property that is or will be unused or underutilized by the landholding agency both at present and in the foreseeable future and to compile a list of these properties to be known as the Surplus Property Inventory. This bill would require the Department of General Services to prepare a plan for, and a report regarding, the sale, lease, or exchange of properties identified in the Surplus Property Inventory and annually to sell, lease, or exchange not less than 10% of these parcels, as specified.

This bill would require state agencies to review the State Surplus Property Inventory and purchase, lease, or trade property on that list, if possible, prior to purchasing property not on the Surplus Property Inventory.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 151 (AB 2383) Assembly Committee on Ways and Means. Local government finance.

Existing law provides that the Department of Finance has general powers of supervision over all matters concerning the financial and business policies of the state.

This bill would authorize the department to enter into agreements for the acceptance

NOTE: Superior numbers appear as a separate section at the end of the digests.

of federal funds for the state's nonfederal share of disaster-related financial assistance for expenses incurred in connection with the January 17, 1994, Northridge earthquake. It would require funds received by the state to be deposited in the Special Deposit Fund, for expenditure by the department, thereby making an appropriation.

The bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 152 (AB 2395) Committee on Ways and Means. Workers' Compensation Managed Care Fund.

Existing law provides that certified health care organizations can contract with employers to provide health care to workers with industrial injuries.

This bill would create the Workers' Compensation Managed Care Fund in the State Treasury, to be spent when appropriated by the Legislature for the purpose of administering the provisions governing certified health care organizations who contract to provide employee health care services.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 153 (AB 2480) Vasconcellos. Education finance.

(1) Existing law requires the county superintendent of schools to reduce the revenue limit computed for school districts and county offices of education, as specified, by the amount of the decreased employer contributions to the Public Employees' Retirement System, and sets forth a method for calculating that decrease for the 1993–94 fiscal year (hereafter the PERS reduction).

This bill, in addition, would apply these provisions to the 1994–95 fiscal year and would require the county superintendents of schools, in the 1995–96 fiscal year and each fiscal year thereafter, to adjust the total revenue limits by the amount of increased or decreased employer contributions to the Public Employees' Retirement System and would set forth a method for calculating the adjustment.

(2) Existing law, as set forth in the California Constitution, requires the state to apply a minimum amount of funding for each fiscal year for the support of school districts, as defined, and community college districts.

Existing law directs that the amount of state funding appropriated in each fiscal year, to comply with the minimum state school funding obligation set forth in Section 8 of Article XVI of the California Constitution (Proposition 98), be distributed to school districts, as defined, to community college districts, and to state-operated schools in proportion to the enrollment in each of those segments of public education, as specified.

This bill would specify that this provision does not apply to the 1994–95 fiscal year.

(3) For purposes of Proposition 98, existing law defines school districts to include direct elementary and secondary level instructional services provided by the State of California, and further finds that the only state agencies that provide direct elementary and secondary level instructional services for purposes of that definition are those agencies that receive educational funding under the California State Lottery Act of 1984. Under existing law, the amount of any appropriation made to these state agencies for direct elementary and secondary level instruction services is to be determined by applying the definition of those services as defined in the School Accounting Manual.

This bill would provide that, with respect to the Diagnostic Schools for Neurologically Handicapped Children, as specified, all expenditures of the agency shall be considered appropriations made to a state agency for direct elementary and secondary level instruction.

(4) Existing law prescribes the revenue limits for each school district and county superintendent of schools in the state and requires the Controller to transfer specified sums from the General Fund to Section A of the State School Fund for apportionment to school districts and county superintendents of schools according to specified formulas.

Existing law also requires that the revenue limit for each school district and county superintendent of schools for the 1993–94 and 1994–95 fiscal years, as otherwise prescribed by statute, be reduced by a deficit factor calculated according to separate formulas specified for school districts and county superintendents of schools that are different for those fiscal years. Under existing law, the revenue limits for the 1995–96 fiscal year and each fiscal year thereafter would be determined as if the revenue limit

NOTE: Superior numbers appear as a separate section at the end of the digests.

for the 1994–95 fiscal year has not been so reduced.

This bill would require that the revenue limits of school districts and county superintendents of schools be adjusted by those deficit factors in the 1995–96 fiscal year. The bill would also require that the revenue limits for the 1994–95 and 1996–97 fiscal years and each fiscal year thereafter be determined as if the revenue limits for the 1993–94 and 1994–95 fiscal years had not been reduced by the relevant deficit factors.

This bill would require the Superintendent of Public Instruction to certify to the Controller, for purposes of the transfer of specified sums to Section A of the State School Fund for the 1995–96 fiscal year, the amounts needed to fund revenue limits for school districts and county superintendents of schools, as those revenue limits are adjusted by the above-referenced deficit factors.

(5) Existing law establishes a program to allocate supplemental grants to fund designated programs for school districts that are receiving less than average funding from state categorical education programs, as specified. Existing law requires each school district that received funding in the 1992–93 fiscal year from the program under which supplemental grants are allocated to request the Superintendent of Public Instruction to add, commencing with the 1993–94 fiscal year and each fiscal year thereafter, the funds received under the program in the 1992–93 fiscal year to the base revenue limit, or to one or more of the categorical programs specified under that program as prescribed. Under the proposed Budget Act of 1994, for a specified period, the Superintendent of Public Instruction would be required to allow school districts to change their designation of where to allocate the supplemental grant funds.

This bill would appropriate $178,866,000 from the General Fund to the Superintendent of Public Instruction for allocation, as specified, to school districts for supplemental grants for the 1994–95 fiscal year. The bill would provide that any action by a school district to change or maintain the designation of supplemental grant funds would be considered a new designation that would be applicable in the 1994–95 fiscal year and each fiscal year thereafter. The bill would require that, for purposes of computing the base revenue limit per unit of average daily attendance for the 1995–96 fiscal year of a school district, the base revenue limit per unit of average daily attendance of the school district for the 1994–95 fiscal year be increased by an amount equal to the amount of supplemental grant funds added to the total revenue limit in the 1994–95 fiscal year divided by the school district's revenue limit average daily attendance for the 1994–95 fiscal year, as specified. The bill would, for purposes of computing the entitlement of any school district for any of the specified categorical programs for the 1995–96 fiscal year, and each fiscal year thereafter, require the entitlement to be increased by the amount of supplemental grant funds allocated by the school district to the program, as specified, in the 1994–95 fiscal year.

(6) Existing law requires the governing board of each community college district to charge each student, except as otherwise specified, a fee of $13 per unit per semester. Existing law requires the governing board of each community college district to charge each student who has previously been awarded a baccalaureate or graduate degree, as specified, a fee of $50 per semester unit, except as specified, per unit per semester. Those provisions also require that for the purpose of computing apportionments to community college districts 98% of the revenue received by the district from charging the fee are deemed to be local property tax revenue, as specified.

This bill would instead require that, for the purpose of computing those apportionments, the chancellor subtract from the total revenue owed to each district 98% of the revenues received by the district from those fees. This bill would make conforming changes to related provisions of law.

(7) Existing law sets forth various provisions governing the construction of public buildings, including, among other provisions, the issuance of revenue bonds to construct public buildings. Pursuant to those provisions, community college districts are authorized, exclusively for the purpose of securing the financing of projects through the issuance of revenue bonds, notes, or certificates by the State Public Works Board, (the board) to buy or lease public buildings or equipment from the board and to sell or lease public buildings or equipment to the board, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would, for the purpose of providing the financing of public buildings or equipment through the issuance of revenue bonds, notes, or certificates by the board, authorize the board to buy or lease from any community college district, the Trustees of the California State University, or the Regents of the University of California, public facilities under the jurisdiction of those entities, as specified. The bill would also authorize the board to sell or lease those public facilities back to those entities, as specified for that purpose. The bill would make conforming changes to related provisions of law.

(8) Existing law, as set forth in Proposition 98, requires the state to apply a minimum amount of funding for each fiscal year for the support of school districts, as defined, and community college districts. Existing law also provides for the funding by the state of numerous categorical programs.

This bill would declare the intent of the Legislature that, for the 1995–96 fiscal year, the above-referenced deficit factors be adjusted to ensure both of the following: (a) that the total state funding from the General Fund for school districts and community college districts does not exceed the state's minimum funding obligation for those entities under Proposition 98; and (b) that the total state funding for education programs for kindergarten and grades 1 to 12, inclusive, excluding apportionments for revenue limit purposes, is not decreased below the funding level for those programs in the 1994–95 fiscal year.

(9) Under existing law, each principal of a school in a school district and each principal or director of a school, program, or camp under the jurisdiction of the county superintendent of schools is required to forward to the district superintendent of schools or the county superintendent of schools, as appropriate, a completed report of crimes committed on school or camp grounds. Thereafter, the district superintendent of schools or the county superintendent of schools is required to compile and submit aggregated data from these reports to the State Department of Education. If a school district maintains a police department, as specified, these duties may be performed by the chief of police or other administrator of the police department.

This bill would suspend these reporting requirements until June 30, 1995.

(10) Existing law generally authorizes the board to issue certificates, revenue bonds, negotiable notes, or negotiable bond anticipation notes to finance research facilities on sites within the University of California. Existing law requires that increases in revenues received by the University of California that are derived from increases in research due to each project be used by the Regents of the University of California for the purpose of funding the capital costs, maintenance costs, and financing or refinancing if the project is specifically identified by a statute that is effective no later than January 1, 1995.

This bill would delete the limitation that the project be specifically identified by a statute that is effective no later than January 1, 1995, and would require instead that the project be specifically identified by a statute.

(11) Existing law authorizes the board to finance the construction, renovation, and equipping of instructional facilities and related instructional laboratory and support space on a site or sites within the University of California, the California State University, the California Maritime Academy, or community college districts through the issuance of certificates, revenue bonds, negotiable notes, or negotiable bond anticipation notes. Existing law authorizes new projects only through June 30, 1994.

This bill would repeal the provision that authorizes new projects only through June 30, 1994.

(12) Existing law prescribes revenue limits for each school district and county superintendent of schools in the state. Under existing law, the revenue limit of any elementary, high, or unified school district and any county superintendent of schools may be increased by an amount sufficient to provide additional revenues equal to the expenditure estimated to be incurred by the district or county superintendent of schools for complying with specified provisions pertaining to unemployment insurance. Existing law also provides for an adjustment of the revenue limit for certain school districts for continuation high school education.

Existing law requires the revenue limit for each school district and county superintendent of schools for the 1994–95 fiscal year, as otherwise prescribed by statute, to be reduced by specified deficit factors calculated according to a specified formula, and the

NOTE: Superior numbers appear as a separate section at the end of the digests.

revenue limit for each year thereafter would be determined as if the revenue limit for the 1994–95 fiscal year had not been so reduced.

This bill would prohibit the amount of the increase in the 1994–95 fiscal year to the revenue limits of school districts and county superintendents of schools to reflect increased unemployment insurance costs and the amount of the change to reflect the adjustment for continuation high school education from being adjusted by those deficit factors. The bill would also prohibit the PERS reduction described in (1) for the 1994–95 fiscal year from being adjusted by those deficit factors.

(13) The proposed Budget Act of 1994 would appropriate specified amounts for certain categorical programs (Item 6110-230-001) and for local assistance for special education programs for exceptional children (Item 6110-161-001).

This bill would specify that funds appropriated in the aforementioned items are in lieu of the amounts that would otherwise be required to be appropriated for those programs.

(14) Existing law provides for the funding of various categorical programs.

This bill would provide that, for the 1994–95 fiscal year, not more than 10% of the amount apportioned to any school district, county office of education, or other agency under Item 6110-230-001 of Section 2.00 of the Budget Act of 1994 for any program may be expended by that recipient for the purposes of any other program for which the recipient is eligible for funding under that item. However, the bill would also specify that the total amount of funding allocated to the recipient under that item that is expended by the recipient for the purposes of any program funded pursuant to that item shall not exceed 115% of the amount of state funding allocated to that recipient for that program for the 1994–95 fiscal year.

(15) Under existing law, the Superintendent of Public Instruction is required to allocate to county superintendents of schools or school districts that maintain schools or classes for adults in correctional facilities an amount equal to the actual current expense of the district or county superintendent of schools of maintaining those classes. This amount allocated per unit of average daily attendance may not exceed the statewide average revenue limit for adults multiplied by 0.80.

This bill would require that funds allocated to each county superintendent of schools and each school district in the 1994–95 fiscal year for adults in correctional facilities not exceed the amount of funds received by each county superintendent of schools or each school district in the 1993–94 fiscal year, and would further require that the total amount allocated to those entities not exceed $13,400,000. In certain situations, the amount to be allocated to each county superintendent of schools and each school district would be reduced to reflect any reduction to, or elimination of, its adults in correctional facilities program in the 1994–95 fiscal year.

(16) Existing law authorizes a county board of education to enroll in community schools pupils who are probation-referred, as specified, who are on probation or parole and are not in attendance in any school, or who are expelled for specified reasons, including any pupil found to be possessing a firearm at school or at a school activity off school grounds. Existing law provides for apportionments from the State School Fund and for purposes of those apportionments, pupils so placed are deemed to be enrolled in county juvenile halls or camps.

This bill would require the Superintendent of Public Instruction, for the 1994–95 fiscal year to apportion not more than $88,525,000 from all sources for purposes of funding the average daily attendance of the aforementioned pupils enrolled in community schools. The bill would provide that it would not apply to those pupils who are enrolled in community schools because of expulsion for specified reasons, including possession in a firearm at school or at a school activity off school grounds.

(17) Existing law provides for an apportionment computed according to a specified formula, to be provided as an incentive to school districts to offer a longer instructional year.

This bill would specify that certain advanced placement classes conducted on evenings and weekends be counted for purposes of that funding formula.

(18) Existing law requires that mandatory systemwide student fees at the California State University, the University of California, and the Hastings College of the Law be

NOTE: Superior numbers appear as a separate section at the end of the digests.

fixed at least 10 months prior to the fall term in which the fees become effective.

This bill would specify that this requirement does not apply to the imposition of student fees by the Trustees of the California State University for the 1994–95 academic year.

(19) As specified above, existing law, as set forth in Proposition 98, requires the state to apply a minimum amount of funding for each fiscal year for the support of school districts, as defined, and community college districts.

This bill would specify that for purposes of determining the minimum amount of funding for the 1995–96 fiscal year the total allocation to school districts and community colleges shall be the sum of the actual amounts allocated from specified sources for the 1994–95 fiscal year plus $75,000,000.

(20) This bill would also make a statement of legislative intent.

(21) Funds appropriated by this bill may be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(22) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 154 (SB 141) Alquist. State Highway Account: settlement agreement.

Under existing law, there is a State Highway Account in the State Transportation Fund consisting of prescribed revenues used for specified transportation purposes.

This bill would state that it is the intent of the Legislature that California's share of the funds disbursed pursuant to a settlement in a specified case involving gasoline prices be deposited in the State Highway Account in the 1995–96 fiscal year.

Ch. 155 (AB 860) Pringle. Local government finance.

Existing law provides for various limitations periods with respect to the filing of legal actions, and also provides for the venue of legal actions filed by a local agency against the State of California, and the authority of the Attorney General to move to change the venue of any of those actions to the County of Sacramento.

This bill would require that an action or proceeding brought by a local agency against the State of California, as defined, to challenge the constitutionality of any statute relating to state funding for local agencies, be filed within 45 days of the effective date of the statute at issue in that action.

This bill would require that the venue of any action or proceeding filed against the State of California, as defined, in which a local agency is a plaintiff or petitioner, be changed, as provided, to the County of Sacramento upon the motion of the Attorney General prior to answering.

This bill would require that the venue of any action or proceeding filed by a local agency against the State of California, as defined, with respect to funding for that local agency, be in the County of Sacramento.

Existing property tax law requires, for purposes of determining property tax revenue allocations in each county for the 1992–93 and 1993–94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas, amounts, exclusions, and offsets. It requires that the revenues not allocated to the county, cities, and special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education.

This bill would modify these reduction and transfer provisions by reducing certain per capita amounts used in calculating reductions with respect to counties, cities, and cities and counties, eliminating the exclusion of certain revenues in applying a limit on reductions and transfers with respect to special districts in the 1992–93 fiscal year, clarifying, expanding, or limiting formulas and procedures applied to offset reduction and transfer amounts for certain counties and special districts for the 1992–93 or 1993–94 fiscal year, or both, and clarifying the impact of these reductions and transfers with respect to redevelopment agencies. By imposing additional duties with respect to the allocation of property tax revenues in the 1992–93 and 1993–94 fiscal years, this bill would impose a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law states the intent of the Legislature in enacting provisions that require in each county the transfer of property tax revenues from special districts to educational entities for the 1993–94 fiscal year.

This bill would clarify this statement of legislative intent.

This bill would make legislative findings and declarations as to the necessity of a special statute.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that certain provisions of this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund. However, this bill would also provide that no reimbursement is required by certain other provisions of this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 156 (SB 2127) Committee on Budget and Fiscal Review. Local government: actions and proceedings.

AB 860 of the 1993–94 Regular Session, if chaptered, would require that any action or proceeding brought by a local agency against the State of California, as defined, to challenge the constitutionality of any statute relating to state funding for local agencies, be filed within 45 days of the effective date of the statute at issue in that action or proceeding.

This bill would extend this filing period from 45 to 90 days.

AB 860 of the 1993–94 Regular Session, if chaptered, would require that the venue of any action or proceeding filed against the State of California, as defined, in which a local agency is a plaintiff or petitioner, be changed, as provided, to the County of Sacramento upon the motion of the Attorney General prior to answering. It would also require that the venue of any action or proceeding, filed by a local agency against the State of California, as defined, with respect to funding for that local agency, be in the County of Sacramento.

This bill would eliminate these requirements, and would instead authorize the Attorney General, in any action in which a local agency is a plaintiff against the State of California, to move, prior to answering, for a change of venue to the County of Sacramento.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 157 (AB 2505) Richter. Teacher credentialing.

Existing law requires the Commission on Teacher Credentialing to issue a certificate that authorizes the holder to provide specified instruction to limited-English-proficient pupils. Existing law requires the commission, for the purpose of issuing that certificate, to develop and administer examinations on which a teacher can demonstrate competence in the knowledge and skills necessary for teaching limited-English-proficient pupils. Existing law also requires the commission initially to issue certificates that authorize teaching the pupils represented by the largest language groups, as specified, and to explore alternative ways to issue certificates for other language groups.

This bill would authorize the commission to adopt guidelines for approving assessments, performed by specified organizations, of a teacher's competence in a language other than English and the culture associated with that language if the commission has developed no examination for that language.

Existing law requires the adequacy of subject matter preparation to be determined by the successful passage of a subject matter examination, as specified.

This bill would authorize the commission to establish guidelines for accepting assessments performed by organizations, as specified, to determine the adequacy of that preparation in languages for which there is no adequate examination.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would declare that is to take effect immediately as an urgency statute.

Ch. 158 (AB 567) Hauser. The Humboldt Bay Harbor, Recreation, and Conservation District: pilots.

(1) Existing law authorizes the Board of Commissioners of the Humboldt Bay Harbor, Recreation, and Conservation District to regulate and control, among other things, the anchoring, mooring, and docking of all vessels within the jurisdiction of the district and requires the board to regulate and control the towing and pilotage of those vessels.

This bill would, instead, require the board to regulate and control, among other things, the anchoring, docking, mooring, and movement of all vessels within the jurisdiction of the district, except as specified. The bill would permit the board to license any person it determines to be qualified to pilot vessels, and would require the board to license persons who actually have been engaged in piloting, or training to pilot, vessels on waters in the jurisdiction of the district since January 1, 1991, and who hold a specified federal license. By imposing those requirements on the board, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 159 (AB 1013) Murray. Rights of dependent children of the juvenile court.

Existing law authorizes the juvenile court to find a minor to be a dependent child of the court for prescribed cause. Existing law authorizes a dependent child, through a guardian, to petition the juvenile court to change, modify, or set aside any order of the juvenile court previously made, or to terminate the jurisdiction of the juvenile court, as specified.

This bill would require the court to inform a dependent child who has attained the age of 12 years, and to inform the guardian ad litem or legal counsel of a dependent child who has not attained the age of 12 years, both verbally and in writing, of the child's right to petition the juvenile court to change, modify, or set aside any order of the juvenile court, or to terminate the jurisdiction of the juvenile court, and the procedures for bringing that petition.

Ch. 160 (AB 2652) Connolly. Anatomical gifts: liability of donor.

Existing law authorizes certain persons, in order of priority, to give all or part of a decedent's body to certain entities for purposes of making an anatomical gift. Under existing law, an individual who makes an anatomical gift, and his or her estate, is not liable for any injury or damage that may result from the making or use of the anatomical gift.

This bill would instead provide that the individual and his or her estate or heirs are not liable for any injury, damage, or cost that may result from the making or use of the anatomical gift.

Ch. 161 (AB 2667) McDonald. Vehicles: forfeitures.

Existing law authorizes, until January 1, 1999, the County of San Diego, any city in that county, and the City of Oakland to adopt an ordinance establishing a 5-year pilot program implementing procedures for declaring any motor vehicle a public nuisance when used in the commission of an act of prostitution, as specified, and there is a conviction of the underlying offense, except in specified circumstances.

This bill would additionally allow the City of Long Beach, the City of Signal Hill, and the City of Los Angeles, as to the San Fernando Valley portion of that city, to establish a 5-year pilot program implementing the described procedures and would make a

NOTE: Superior numbers appear as a separate section at the end of the digests.

related change.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 162 (AB 2819) Knight. Courthouse Construction Fund.

Existing law authorizes the board of supervisors of a county to establish a Courthouse Construction Fund and a Criminal Justice Facilities Construction Fund.

This bill would additionally authorize the board of supervisors of a county of the 1st class to provide, by resolution, for the transfer of deposits from one fund to the other.

The bill would declare that it would take effect immediately as an urgency statute.

Ch. 163 (AB 2920) Horcher. Education: school facilities: fees.

Under the Civic Center Act, the governing board of a school district may authorize the use of any school facilities or grounds for certain purposes, including supervised recreational activities. The governing board may charge an amount not to exceed its direct cost for the use of school facilities for certain activities.

This bill would specify that supervised recreational activities include, but are not limited to, sports league activities that are arranged for and supervised by entities, including religious organizations or churches, for youths and in which youths may participate regardless of religious belief or denomination. The bill would also specify that the governing board may charge a fee not to exceed its direct cost for this use of its school facilities.

Ch. 164 (AB 3042) Boland. Family law: visitation rights.

Existing law provides that if either parent of an unemancipated minor child is deceased, the children, parents, and grandparents of the deceased parent may be granted reasonable visitation with the child during the child's minority upon a finding that the visitation would be in the best interest of the child, as specified.

This bill would add siblings of the deceased parent to those persons who may be granted reasonable visitation, as specified. The bill would specifically provide that provisions of existing law relating to the granting of visitation to grandparents are applicable to grandparents of the child.

Ch. 165 (SB 1540) Presley. Community facilities districts.

Under the Mello-Roos Community Facilities Act of 1982, local agencies, including cities and counties, may establish community facilities districts to finance and provide capital facilities and services within specified boundaries.

This bill would enact a procedure for the transfer of one or more community facilities districts of a county to the jurisdiction of a city.

Ch. 166 (SB 1554) Alquist. Community colleges: contract education programs.

Existing law authorizes the governing boards of community college districts to establish contract education programs within or outside California by agreement with, among other entities, any public or private agency, to provide specific educational programs or training to meet the specific needs of those entities.

Existing law requires that faculty teaching credit and noncredit contract education classes be compensated in the same manner as comparable faculty in the regular, noncontract education programs. This requirement is inapplicable to faculty teaching in contract education programs conducted outside the United States for the United States armed forces, unless the faculty member is covered by a collective bargaining agreement.

This bill would, instead, make the foregoing requirement inapplicable to faculty teaching in contract education programs conducted outside California, rather than outside the United States, for the United States armed forces, unless the faculty member is covered by a collective bargaining agreement.

Existing law requires that faculty teaching not-for-credit contract education classes be compensated in the same manner as faculty in the regular, noncontract education program if the course meets the same standards as a course in the credit curriculum.

This bill would make the foregoing requirement inapplicable to faculty in contract

NOTE: Superior numbers appear as a separate section at the end of the digests.

education programs conducted outside California for the United States armed forces, unless the faculty member is covered by a collective bargaining agreement.

Ch. 167 (SB 1349) Wyman. Recreational vehicle parks: right of occupancy.

Existing law, the Recreational Vehicle Occupancy Law, governs the occupancy and tenancy of recreational vehicle parks. Existing law authorizes the management of a recreational vehicle park to terminate or refuse the right of occupancy of a defaulting tenant, as defined, for other than nonpayment of rent or other charges upon 30 days' written notice.

This bill would revise the latter provision to authorize management to terminate or refuse the right of occupancy of a tenant for other than nonpayment of rent or other charges upon 30 days' written notice.

Ch. 168 (SB 1583) Hughes. Unruh Act: installment contracts.

Under existing law, the Unruh Act, a contract for a retail installment sale, and a seller or holder of a retail installment account, may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not in excess of 5% of the installment or $5, whichever is less, with a minimum charge of one dollar.

This bill would revise the amount the buyer may be required to pay as a delinquency charge to an amount not in excess of $10.

Ch. 169 (SB 1827) Lockyer. Criminal procedure: prosecution for the same offense.

Existing law provides that an order terminating an action pursuant to specified provisions is a bar to any other prosecution for the same offense if it is a felony, if it is a misdemeanor charged together with a felony and the action has been previously terminated pursuant to specified provisions, or if it is a misdemeanor not charged together with a felony, except where subsequent to the dismissal of the felony or misdemeanor, the judge or magistrate makes any of specified findings, including that the termination of the action was the result of the failure to appear by the complaining witness, who had been personally subpoenaed in a prosecution for misdemeanor battery, felony rape, felony corporal injury, or a felony or misdemeanor violation of a court order to prevent domestic violence.

This bill would provide, notwithstanding these provisions, that an order terminating an action is not a bar to any other prosecution for the same offense if it is a misdemeanor charging an offense based on an act of domestic violence, as defined, and the termination of the action was the result of the failure to appear by the complaining witness, who had been personally subpoenaed. The bill would also provide that this provision shall apply only within 6 months of the original dismissal of the action, and may be invoked only once in each action.

Ch. 170 (SB 1649) Johannessen. Bail forfeiture.

Existing law sets forth procedures under which the court is authorized to declare forfeited the undertaking of bail or the money or property deposited as bail if, without sufficient excuse, a defendant fails to appear for certain proceedings. Existing law provides that the applicable prosecuting agency shall recover, out of the forfeited bail money, the costs incurred in successfully opposing a motion to vacate the forfeiture prior to the division of the forfeited bail money between the cities and counties in accordance with specified provisions.

This bill, in addition, would authorize the district attorney and county counsel to recover costs under this provision. The bill also would authorize the recovery out of the forfeited bail money of costs incurred in collecting on a summary judgment.

Ch. 171 (SB 1618) Beverly. Alcoholic beverages: manufacturers and winegrowers: electronic data services.

The Alcoholic Beverage Control Act regulates the provision of signs and other advertising matter to licensed retail premises by manufacturers and others.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would specify that nothing in that law prohibits any alcoholic beverage manufacturer or manufacturer's agent, or winegrower from furnishing electronic data services, as specified, to a licensed retail premises.

Ch. 172 (SB 1471) Bergeson. School nurses.

Existing law provides that a services credential with a specialization in health for a school nurse authorizes the holder to perform, at grades 12 and below, the health services approved by the Commission on Teacher Credentialing. Existing law also provides that unless a holder of a services credential with a specialization in health for a school nurse also holds a baccalaureate degree, or its equivalent, and has completed a 5th year of preparation, this credential does not authorize teaching services.

This bill would specify that a holder of this services credential who also completes the requirements for a special class authorization in health is authorized to teach classes on health, as specified.

Ch. 173 (SB 1408) Alquist. Child safety: industrial containers: labeling.

Under existing law, on or after September 1, 1993, a manufacturer, distributor, or seller of certain industrial containers is required to ensure that the containers bear warning labels, and the labels are required to be applied prior to shipment into the stream of commerce.

This bill would exempt from these label requirements those industrial containers manufactured prior to September 1, 1993.

Ch. 174 (SB 1794) Johannessen. Swap meets.

Existing law imposes various reporting requirements which are applicable to the sale or exchange of personal property by vendors at swap meets, as defined. Existing law exempts from these reporting requirements any vehicle accessory or part exclusively for a motor vehicle eligible for vehicle registration as a historical vehicle.

This bill instead would make that exemption applicable to any vehicle accessory or part usable for a motor vehicle eligible for vehicle registration as a historical vehicle and items of memorabilia or history, or both, relating to these vehicles.

Ch. 175 (SB 634) Craven. Construction: crimes.

Existing law makes various actions in connection with work by contractors a misdemeanor, including receiving or accepting completion certificates when work is not complete, failing to comply with requirements for home improvement contracts, and making various misrepresentations or engaging in fraudulent activities.

This bill would require restitution and would increase the fines for a violation of those provisions in connection with a scheme to defraud an owner in connection with repairs to a structure damaged by a natural disaster.

Under existing law, forgery, grand theft, and false pretenses are crimes.

This bill would provide for a one-year enhancement if those crimes are in connection with a scheme to defraud an owner in connection with repairs to a structure damaged by a natural disaster.

This bill would incorporate additional amendments to Section 7159 of the Business and Professions Code proposed by AB 2719, contingent upon the prior enactment of that bill.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 176 (SB 1283) Committee on Appropriations. Claims against the state: appropriation.

Existing law requires the State Board of Control to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate $1,692,537.50 from various funds and accounts, as scheduled, to the Secretary of the State Board of Control to pay claims accepted by the State Board of Control.

The bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 177 (SB 1340) Rosenthal. Insurance.

Existing law defines what is an insurable interest with respect to life or disability insurance to basically require that the beneficiary have a pecuniary interest in the life or health of the insured person. However, existing law permits certain charitable organizations that meet certain requirements of the Revenue and Taxation Code to effectuate life or disability insurance on an insured who consents. Existing law refers to provisions of the Revenue and Taxation Code relating to organizations whose property is exempt from taxation.

This bill would expand the Revenue and Taxation Code reference to also refer to certain organizations that are exempt from the bank and corporation tax.

Ch. 178 (AB 443) Aguiar. Workers' compensation: construction permits.

Existing law provides that every city or county that requires the issuance of a permit as a condition precedent to the construction, alteration, improvement, demolition, or repair of any building or structure shall, in addition to any other requirements, print certain declarations on any building permit issued, including a declaration verifying workers' compensation coverage and a certificate of exemption from workers' compensation insurance, as specified.

This bill would revise the form of the workers' compensation declaration verifying coverage or exemption from coverage. The bill would require the various declarations on the permit to be signed under penalty of perjury, thus imposing a state-mandated local program by expanding the scope of a crime. The bill would require the Contractors' State License Board to semiannually compile and distribute to city, county, and city and county building departments a list of all contractors who did not secure payment of workers' compensation, as required by the workers' compensation law, during any period for which workers were employed during the preceding six months.

Existing law provides that every county or city that requires a permit for construction work on any building or structure shall require each applicant to have on file a certificate of workers' compensation insurance or a certificate of consent to self-insure, with specified exceptions.

This bill would instead require that each applicant sign the workers' compensation declaration required to appear on the issued building permit pursuant to the above provision of law. The bill also would require contractors, at the time of permit issuance, to show their valid workers' compensation insurance certificate.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 179 (AB 3591) Rainey. Crime: foreign conviction.

Existing law provides that every person convicted in any other state, government, country, or jurisdiction of an offense that is punishable in this state by imprisonment in state prison is punishable as if the prior conviction had occurred in this state when convicted of a subsequent crime in this state.

This bill would make clarifying changes to that provision and would make a specified statement of legislative intent with respect to that provision.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 180 (AB 375) Bustamante. Vehicles: auctions: liquidation.

(1) Under the Yacht and Ship Brokers Act, the Department of Boating and Waterways licenses the activities of brokers and salespersons engaged in the buying and selling of yachts and ships. The act exempts certain enumerated activities.

This bill would exempt from the act a person licensed as a repossession agency when liquidating repossessed collateral and would exempt from the act any transaction in the regular course of business by a wholesale motor vehicle auction.

(2) Existing law generally defines the term "auction."

This bill would exclude motor vehicle auctions subject to regulation by the Depart-

NOTE: Superior numbers appear as a separate section at the end of the digests.

ment of Motor Vehicles from that definition. The bill would make other technical and clarifying changes with regard to wholesale motor vehicle auctions.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 181 (AB 1146) Richter. Wards of the juvenile court: length of confinement.

Existing law, with certain exceptions, requires the juvenile court to terminate its jurisdiction over wards that have been found to have committed certain offenses at age 25. Within that limitation, existing law authorizes the juvenile court, in the case of multiple petitions or counts, to aggregate the period of confinement based upon aggregation and consecutive sentencing authorized for adult offenders under specified provisions.

This bill would make a clarifying change with respect to terms included in the aggregate term.

Ch. 182 (AB 593) Seastrand. Water resources: dams.

Existing law requires certain owners of dams to pay an annual fee in accordance with a prescribed fee schedule. Existing law requires the money raised by the fees, upon appropriation by the Legislature, to be used by the Department of Water Resources to pay for inspections and other related activities.

This bill would exempt farms and ranch properties and certain privately owned dams from any fee increases pursuant to that fee schedule, and would define "farm" and provide an exclusionary definition of "privately owned."

Ch. 183 (AB 2303) Richter. Petroleum underground storage tanks: claims.

Existing law, the Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, prohibits an owner or operator of a petroleum underground storage tank who had completed corrective action with regard to a release from that tank by October 2, 1989, from applying to the State Water Resources Control Board for satisfaction of a claim filed pursuant to specified provisions.

This bill would delete that restriction.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 184 (AB 2465) Connolly. Veterans' Home and Farm Purchase.

Existing law requires the Director of Veterans Affairs to ensure that an independent public accountant makes an annual survey of the financial condition of the Division of Farm and Home Purchases and a projection of the division's operations. Existing law requires the results to be set forth in written reports and copies to be sent to the Director of Veterans Affairs, the California Veterans Board, and the Veterans' Finance Committee of 1943.

This bill would require copies of the reports to also be sent to the appropriate policy committees dealing with veterans affairs in the Senate and the Assembly.

Ch. 185 (AB 2646) Goldsmith. Contractors: fire protection systems.

Existing law provides that only specified contractors may install fire protection systems, excluding electrical alarm systems.

This bill would provide, in addition, that an owner-builder of an owner-occupied, single-family dwelling, as specified, may install these systems.

Ch. 186 (AB 2662) Snyder. Privilege: attorney and client.

Existing law, with certain exceptions, makes privileged any confidential communication between a client and lawyer, as specified.

This bill would specifically provide that such information transmitted by facsimile, cellular radio telephone, or cordless telephone between the client and lawyer is confidential, and would incorporate specified definitions.

Because this bill would provide for the exclusion of relevant evidence in a criminal or juvenile proceeding it will require a ⅔ vote of the membership of each house of the Legislature, as mandated by subdivision (d) of Section 28 of Article I of the California Constitution.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 187 (AB 2666) Hannigan. Vehicles: permanent fleet registration.

Existing law authorizes the registered owner of a fleet of specified types of vehicles consisting of at least 500 vehicles to apply to the Department of Motor Vehicles for participation in a permanent fleet registration program. Permanent fleet registration is also authorized for an association providing a combination of fleets of vehicles of more than 1,000 vehicles with no individual fleet of fewer than 100 vehicles.

This bill would authorize the registered owner of a fleet of the specified types of vehicles of at least 100 vehicles to participate in the program. The bill would also authorize participation by an association providing a combination of fleets of vehicles of 500 or more vehicles with no individual fleet of fewer than 50 vehicles.

Ch. 188 (AB 2739) Cannella. Credit cards: marketing information.

Existing law, operative July 1, 1994, requires a credit card issuer to provide written notice to all persons who are holders of the issuer's credit cards prior to disclosing marketing information concerning a consumer which discloses the consumer's identity to any person, except specified 3rd parties. That notice must clearly and conspicuously describe the cardholder's right to prohibit that disclosure. Certain communications of marketing information are exempt from this provision.

This bill would recast this provision to, among other things, require that a credit card issuer provide written notice to a cardholder if the issuer discloses the information, and would specify the methods of satisfying this requirement.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 189 (AB 2751) Honeycutt. Air pollution: report.

Existing law designates the State Air Resources Board as the air pollution control agency for all purposes set forth in federal law.

This bill would require the state board, by December 31, 1995, to prepare and submit a report to the Governor and the Legislature on the requirements in state law for the preparation and submittal of air pollution control district and air quality management district plans to achieve state ambient air quality standards and similar requirements established under federal law for the achievement of federal standards. The bill would require the report to identify inconsistencies in state and federal deadlines for the preparation and submittal of plans, any duplication or overlap in the state and federal planning processes, and related data collection and inventory requirements, and to make recommendations as specified. The bill would make a related statement of legislative intent.

Ch. 190 (AB 2928) W. Brown. State Bar of California: discipline.

Existing law authorizes various disciplinary actions against attorneys and sets forth procedures for these disciplinary actions. Existing law provides that any attorney complained against shall be given reasonable notice and shall have specified rights.

This bill would also provide that any attorney complained against shall receive any exculpatory evidence from the State Bar after the initiation of a disciplinary proceeding in State Bar Court, and thereafter when this evidence is discovered and available. This provision would not require the disclosure of mitigating evidence.

Ch. 191 (AB 3134) McDonald. Land use: housing element: CHAS.

Existing law requires each city, county, and city and county to prepare and adopt a general plan for its jurisdiction that includes certain mandatory elements, including a housing element. Existing law also authorizes the Department of Housing and Community Development to adopt guidelines for the preparation of the required housing elements.

This bill would authorize the department to adopt guidelines for the preparation of a document that meets both the requirements for housing elements pursuant to existing state law and the requirements for a Comprehensive Housing Affordability Strategy as required by a specified federal law.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 192 (AB 3475) Mountjoy. Contractors.

Existing law requires an applicant for a contractor's license, for restoration of a license, or for continued use of a license after discipline to file a bond in addition to other required bonds. Among other persons, the requirement applies to any partnership, corporation, firm, or association of which any officer, director, member, partner, or qualifying person has had a license suspended or revoked as a result of disciplinary action.

This bill would make this requirement applicable to renewal of a license and to an application to change officers of a corporation after discipline. The bill would make the requirement applicable to any existing or new officer, director, member, partner, or qualifying person of any partnership, corporation, firm, or association, as specified.

Under existing law, the Registrar of Contractors may issue a citation when the registrar has probable cause to believe that a licensee or an applicant for a license has committed any acts or omissions which are grounds for denial, revocation, or suspension of the person's license.

This bill would provide that the disassociation of any officer, director, member, or associate from the license of any partnership, corporation, firm, or association whose license has been cited pursuant to the above provision shall not relieve that person from responsibility for complying with the citation if he or she had knowledge of, or participated in, any of the prohibited acts for which the citation was issued . The bill would also provide that the disassociation of any qualifying partner, responsible managing officer, or responsible managing employee from a license that has been cited pursuant to the above provision shall not relieve that person from responsibility for complying with the citation.

Ch. 193 (AB 3832) Committee on Public Employees Retirement, and Social Security. State Teachers' Retirement System: definitions.

The existing State Teachers' Retirement Law includes within the definition of "compensation earnable" a definition of "fulltime."

This bill would transfer the definition of "fulltime" to a new separate provision.

Ch. 194 (AB 2540) Costa. School districts: school facilities construction loans: reorganization.

(1) Under existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976, any school district with an average daily attendance of less than 2,501 pupils may apply to the State Allocation Board for a loan to cover the costs of school facilities construction projects, as specified. Existing law authorizes the board, for loans made after January 1, 1995, to charge an interest amount for the loan, as determined by the board, but not lower than the rate charged in 1994.

This bill would instead authorize the board to determine that interest rate to ensure that the rate is no less than the interest rate of the latest scale of state bonds and no less than the interest rate earned while the funds remain to be expended by the recipient school.

(2) Existing law prescribes the procedure to reorganize school districts, including unification of school districts, that includes the involvement of the State Board of Education. Existing law also provides that whenever the boundaries of an elementary school district and a high school district become coterminous, the districts are merged into a new unified district.

This bill would, until January 1, 1998, provide that if the Riverdale Joint Union Elementary School District and the Riverdale Joint Union High School District unify, the Burrel Elementary School District and the Westside Elementary School District would continue as independent elementary school districts within the boundaries of the newly unified school district. This bill would authorize the county superintendent of schools to call a special election in March 1995 to vote on the unification of the school districts, or on the election of trustees to the governing board of the newly unified school district, or both, if those issues are not submitted to the qualified electors at the November 1994 general election, thereby imposing a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 195 (AB 816) Isenberg. Health care.

Existing law requires the State Department of Education, the State Department of Health Services, and the State Department of Social Services to jointly enter into a collaborative agreement with the California State University, the University of California, and the California medical schools, to establish a standardized health assessment of the children within public schools. The California State University is the agency responsible for coordinating that effort.

This bill, instead, would designate the University of California as the agency responsible for coordinating that effort and would make changes to related provisions of law.

Existing law provides that the State Department of Education, the State Department of Health Services, and the State Department of Social Services are only required to implement that health assessment upon the availability of sufficient private sector funding to cover all costs relating to the health assessment.

This bill would instead make implementation of the health assessment contingent upon the availability of sufficient private sector and public funding. The bill would declare the intent of the Legislature that each fiscal year funds be appropriated to the University of California for the purposes of the health assessment in an amount equal to the private sector funds received for the relevant fiscal year.

Existing law, until December 31, 1993, provides for awards and grants, through the University of California, for projects directed at the prevention of tobacco-related diseases.

This bill would reenact those provisions for implementation until July 1, 1996.

Existing law authorizes the State Department of Health Services to establish a reimbursement program for referral case management services provided to children for the 1993–94 fiscal year.

This bill would extend that authorization to the 1994–95 and 1995–96 fiscal years.

Existing law establishes the Expanded Access to Primary Care Program, operative until July 1, 1994, under which the State Department of Health Services would reimburse the costs incurred by selected health clinics in providing medical services and preventive health care to persons who meet specified income eligibility standards.

This bill would extend the operative period of that program to July 1, 1996. It would also make various changes in methods of implementing this program.

Existing law, until July 1, 1994, provides for the Tobacco Education Oversight Committee and establishes certain duties for that committee relating to tobacco education programs.

This bill would continue the committee, rename it the Tobacco Education and Research Oversight Committee, and would revise the membership of the committee and its responsibilities, until July 1, 1996.

Existing law, until July 1, 1994, requires the Major Risk Medical Insurance Board to implement a program to provide coverage for certain low-income women through participating health plans.

Existing law specifies that the provisions requiring the implementation of the Access for Infants and Mothers (AIM) Program and establishment of the Perinatal Insurance Fund shall become inoperative July 1, 1994, and shall be repealed on January 1, 1995, unless a later enacted statute revises or repeals that date.

This bill would extend that limitation to provide that those provisions shall become inoperative July 1, 1996, and shall be repealed January 1, 1997, unless a later enacted statute changes or repeals that date.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law authorizes the Major Risk Medical Insurance Board, charged with the implementation of the AIM Program, to issue rules and regulations and specifies that until December 31, 1992, any rules and regulations issued for those purposes may be adopted as emergency regulations.

This bill would specifically authorize the issuance of emergency regulations by the board until January 1, 1997.

Existing law limits the amount of household income that may not be exceeded in order to meet eligibility requirements for the AIM Program.

This bill would revise those eligibility standards.

Existing law establishes the continuously appropriated Perinatal Insurance Fund for implementation of the AIM Program.

Existing law specifies that only funds appropriated from the Cigarette and Tobacco Products Surtax Fund shall be deposited in the Perinatal Insurance Fund.

This bill would repeal that limitation and would, instead, specify that amounts deposited in the Perinatal Insurance Fund shall only be used for the purposes of the provisions requiring the establishment and implementation of the AIM Program.

This bill would also revise procedures for the allocation and use of funds for school antitobacco education programs.

The bill would revise the duties of the State Department of Health Services regarding tobacco interventions and require it to conduct a survey of specified factors with respect to tobacco use.

Existing law also requires the Major Risk Medical Insurance Board to administer the California Major Risk Medical Insurance Program, in order to provide health coverage to certain persons.

Existing law provides that subscribers to this program and their dependents who become eligible for Medicare benefits shall not be enrolled or continue to be enrolled in the program.

This bill would exempt from this provision persons qualifying for Medicare benefits solely because of end-stage renal disease.

Under existing law, until July 1, 1994, perinatal services are provided under the Medi-Cal program to eligible pregnant women and infants, as defined, and requires the department to provide for outreach activities.

This bill would extend those requirements until July 1, 1996.

Existing law contained in the California Health Care for the Indigent Program (CHIP) provides for the allocation of money from the Cigarette and Tobacco Products Surtax Fund to the counties to provide health care benefits. The CHIP will become inoperative July 1, 1994, and be repealed on January 1, 1995.

This bill would extend until July 1, 1996, the operative date of provisions for the implementation of the CHIP.

The bill would also revise procedures for the implementation of, and allocation of funds allocated under, the CHIP.

This bill would appropriate funds from the Cigarette and Tobacco Products Surtax Fund to be allocated from the various accounts in the fund according to a specified schedule.

The bill would state the intent of the Legislature regarding the University of California contracting for an evaluation of various programs funded by the Tobacco Tax and Health Protection Act of 1988.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 196 (AB 473) Brulte. AFDC.

Existing law provides for the Aid to Families with Dependent Children (AFDC) program, pursuant to which qualified families are provided with cash assistance. The AFDC program is administered and partially funded by the counties. The AFDC program is partially funded by federal participation and is subject to federal requirements for federal participation.

Under this program, needy families with dependent children are provided with cash assistance, if the children have been deprived of parental support or care. Payment under the AFDC program is made in accordance with a schedule for each needy family

NOTE: Superior numbers appear as a separate section at the end of the digests.

which includes one or more needy children qualified for aid.

This bill would specify that aid payments calculations under the AFDC program shall not include children born into a family that has received AFDC assistance for 10 months continuously prior to the birth of the child.

The bill would require the counties to provide notification of the provisions of this bill to recipients and applicants for assistance under the AFDC program, thereby imposing a state-mandated local program.

The bill would require that the State Department of Social Services seek appropriate federal waivers to implement the bill, and would specify that the provisions of this bill would not become operative unless the federal waivers have been received.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 197 (AB 3128) Speier. Premarital tests.

Existing law requires all applicants for a marriage license to submit a certificate from a licensed physician and surgeon indicating that the applicant has been tested for syphilis, and, if the applicant is a female, as specified, for rubella. The certificate must also indicate that an HIV test was offered. Existing law specifies the procedures for complying with these requirements.

This bill would eliminate these provisions.

Ch. 198 (AB 832) Hauser. Housing: Farmworker Housing Grant Fund: supportive services: community development block grant funds: Home Investment Partnership

(1) Under existing law, the Farmworker Housing Grant Fund is continuously appropriated to the Department of Housing and Community Development to make specified grants for farmworker housing and to defray the department's costs in administering the program. These grants may be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families and of related support facilities, and may include land acquisition costs.

This bill would make an appropriation by authorizing the Department of Housing and Community Development to set aside $200,000 from the Farmworker Housing Grant Fund on the effective date of the bill, and up to 4% of the funds available in the fund on July 1 of each subsequent fiscal year. The bill would authorize the department to use these funds for the purposes of curing or averting a default on the terms of any loan or other obligation by a recipient of financial assistance under the program or to repair or maintain any dwelling unit assisted under the program, under specified conditions.

(2) Existing law permits any local agency or specified nonprofit corporation that provides or proposes to provide housing for persons requiring supportive services to apply to the Department of Housing and Community Development for assistance in obtaining federal housing subsidies therefor and requires the department, on or after July 1, 1994, to transfer all contracts entered into pursuant to this provision to local agencies.

This bill would instead require the department to transfer all contracts entered into pursuant to this provision to public housing authorities created by the specified provisions.

(3) Existing federal law, known as the Omnibus Budget Reconciliation Act of 1981, establishes a community development block grant program under which state governments distribute federal funds in the form of grants to eligible cities and counties. Under existing law, the Department of Housing and Community Development administers the community development block grant program in this state.

This bill would, in the event that the Department of Housing and Community Development is allocated supplemental funds under a specified provision of the federal law that establishes the community development block grant program or in the event that federal funds are required to be set aside from the department's annual allocation

NOTE: Superior numbers appear as a separate section at the end of the digests.

pursuant to federal law or regulation, authorize the department to distribute these supplemental or federally mandated set-aside funds pursuant to guidelines to be set forth in a special Notice of Funding Availability. The bill would exempt these guidelines relating to the department's distribution of federal funds from specified statutes and regulations generally applicable to the community development block grant program and from review by the Office of Administrative Law. This bill would authorize the department to adopt emergency regulations to implement distribution of these funds. Because the bill would delete restrictions on the existing authority of the department to authorize the expenditure of federal community block grant funds, it would make an appropriation.

(4) Existing law designates the Department of Housing and Community Development as the state agency responsible for administration of the state's allocation of federal funds under the Home Investment Partnership Act (HOME) in accordance with specified federal law. Existing law authorizes the department to allocate HOME funds to local agencies that do not meet a specified threshold allocation amount and to local agencies whose calculated entitlement does not exceed $500,000. Existing law also requires the department to adopt regulations that set forth procedures and program standards, for the combined use of HOME and state funds, that are compatible and consistent with both federal and state law.

This bill would delete the specified threshold allocation amount. The bill would delete the $500,000 calculated entitlement limit, and, instead, authorize the Department of Housing and Community Development to allocate HOME funds to any local agency that does not receive a formula allocation. By deleting these restrictions on the existing authority of the department to authorize the expenditure of federal HOME funds, the bill would make an appropriation. The bill would require the department to adopt the regulations relating to the procedures and program standards for the combined use of HOME and state funds on or before January 15, 1994.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 199 (AB 1377) Pringle. Foster group homes.

Under the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, aid is provided to eligible children placed in foster care, with the state and county sharing the costs of implementing this program. One of the types of foster homes used in this program is group homes, with rates payable to these homes being dependent upon their rate classification levels (RCL), as established in accordance with statutory requirements.

Existing law contains specific requirements for group homes to qualify for classification at RCL 13 and 14 for the period July 1, 1992, to June 30, 1994, inclusive, with the requirements applicable to qualifying for these rate classification levels changing on July 1, 1994.

This bill would revise the requirements in effect for the period commencing July 1, 1994, for group home reimbursement under RCL 13 and 14.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 200 (AB 1591) Knight. Peace officers.

Existing law provides that the Deputy Director, assistant directors, chiefs, assistant chiefs, special agents, and narcotics agents of the Department of Justice and those investigators who are designated by the Attorney General are peace officers.

This bill would provide, instead, that special agents and Attorney General investigators are peace officers and those assistant chiefs, deputy chiefs, chiefs, deputy directors, and division directors designated as peace officers by the Attorney General are peace officers.

The Public Employees' Retirement Law provides increased benefits and higher contribution rates for peace officer/firefighter members than those provided for state miscellaneous members. The state's employer contributions to the Public Employees' Retirement Fund are appropriated monthly from the General Fund.

Since this bill would provide that Attorney General investigators are peace officers, and those deputy chiefs and division directors designated by the Attorney General are

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

peace officers, thereby including these employees within the category of peace officer/firefighter members, it would make an appropriation from the General Fund by increasing the state's contributions to the Public Employees' Retirement Fund for these new state peace officer/firefighter members.

Ch. 201 (AB 2269) Statham. Hospital districts: organization.

The Local Hospital District Law authorizes prescribed hospital districts to increase the number of members of the board of directors from 5 to 7 after a petition is filed with the board and an election is held.

This bill would authorize the Valley Health System to increase the number of directors from 5 to 7 without a petition or an election, with this provision being operative only if the executive officer of the Riverside County Local Agency Formation Commission executes a specified certificate of completion. The bill would contain legislative findings as to the necessity of a special statute.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 202 (AB 2473) Bowler. Peace officer designation.

Existing law prohibits solicitation of membership, contributions, subscriptions, or advertisements for any nongovernmental organization utilizing any name that incorporates the term "peace officer," "police," or "law enforcement," that would reasonably be understood to imply that the organization is composed of law enforcement personnel, when, in fact, less than 90% of the voting members of the organization are law enforcement personnel or firefighters, active or retired.

This bill would provide that a violation of these provisions occurs only if the organization contains a voting membership of less than 80% law enforcement personnel or firefighters.

Ch. 203 (AB 2484) Andal. Unlawful detainer assistants: registration: exemption.

Existing law requires an unlawful detainer assistant to register with the county clerk of the county in which he or she resides, and of each county in which he or she performs certain acts relating to unlawful detainer claims. Existing law exempts from these registration requirements certain persons.

This bill would additionally exempt from the requirement of registration as an unlawful detainer assistant a licensed real estate broker or licensed real estate salesperson when performing certain acts under the real estate law with respect to the lease or rental of real property and an unlawful detainer claim, as defined, if the broker or salesperson is a party to the unlawful detainer action.

Existing law provides that registration as an unlawful detainer assistant does not insulate or immunize any person from prosecution for violation of provisions relating to the practice of law.

This bill would provide that exemption from registration as an unlawful detainer assistant also provides no insulation or immunity from prosecution.

This bill would provide that it is to take effect immediately as an urgency statute.

Ch. 204 (AB 2551) Hauser. Common interest development: incorporation.

Existing law, the Davis-Stirling Common Interest Development Act, requires a common interest development, as defined, to be managed by an incorporated or unincorporated association with prescribed powers and duties.

This bill would require the articles of incorporation of an incorporated association filed with the Secretary of State on or after January 1, 1995, to contain a prescribed statement identifying the association as an association formed under the Davis-Stirling Common Interest Development Act and to contain other specified information. The bill would also require the same statement to be included in the annual statement of the corporation filed with the Secretary of State.

Ch. 205 (AB 2799) Bronshvag. Urban water management.

Existing law authorizes any public entity which supplies water at retail to adopt and enforce a water conservation program to reduce the quantity of water used to conserve

NOTE: Superior numbers appear as a separate section at the end of the digests.

the public entity's water supplies, and authorizes the public entity to encourage water conservation through rate structure design, as specified.

This bill would authorize a public entity to undertake water conservation and public education programs in conjunction with school districts, public libraries, or other public entities, and would authorize the public entity to take into account those programs in rate structure design. The bill would make a legislative finding and declaration regarding the public purpose of the bill.

Ch. 206 (AB 2825) Vasconcellos. Local costs: claims.

Existing law requires the state to reimburse local agencies for state-mandated costs.

This bill would appropriate $24,252,000 from the General Fund to the Controller for the payment of claims for reimbursement of state-mandated costs.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 207 (AB 2827) Statham. Vehicles: amber warning lights: turn signal lamps.

(1) Existing law authorizes specified turn signal lamps to be used to supplement other authorized or required front and rear turn signals on a motor vehicle.

This bill would authorize rear turn signal lamps that are mounted on, or are an integral portion of, the outside rearview mirrors, to be used to supplement other authorized or required front and rear turn signals on a motor vehicle.

(2) Existing law prohibits flashing lights on vehicles except as otherwise permitted.

This bill would permit vehicles owned by land surveyors or civil engineers to display flashing amber warning lights under specified circumstances.

This bill would permit a "water tender vehicle," which the bill would define, to display flashing amber warning lights under specified circumstances.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 208 (AB 2936) Hoge. Equine medication: prohibited substances.

The California Horse Racing Law requires that horses entered in a horserace be tested for the presence of a prohibited substance in their blood, urine, saliva, or other test sample.

This bill would define "prohibited drug substance" for the purposes of that law.

Ch. 209 (AB 3014) Seastrand. California Spaceport Authority.

Existing law designates the Western Commercial Space Center, a nonprofit corporation, as the California Spaceport Authority to provide the support and unique services required for the development of commercial launch, manufacturing, and academic and research operations related to space flight.

This bill would so designate the center to foster the development of support and other unique services required for the development of commercial launch, manufacturing, and academic and research operations related to space flight.

This bill would require the California Spaceport Authority to be an advocate in support of commercial space businesses and actions impacting the development of commercial space business by state agencies. It would require the authority to coordinate with regional technology alliances in the development of commercial space businesses to achieve the optimum utilization of defense conversion and other federal and state grant funds.

Ch. 210 (AB 3074) Martinez. Public contracts: participation goals.

Existing state law requires state contracts to have statewide participation goals of not less than a specified percentage for minority and women business enterprises. Federal law requires state and local contracts that expend certain federal funds to have participation goals of not less than a specified percentage for disadvantaged business enterprises. State agencies are required to accept certifications of these business enterprises that are made by participating state or local agencies in accordance with state or federal law. Participating local agencies are authorized to accept these certifications but may impose additional conditions for certification relating to ethnicity, business size, and business location.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require local agencies to accept the certifications made by state agencies but would retain the existing authority of participating local agencies to impose additional conditions for certification.

Ch. 211 (AB 3111) Aguiar. Anatomical gifts.

Existing law authorizes the coroner or medical examiner to release and permit the removal of a part from a body within that official's custody for transplantation, therapy, or reconditioning when certain requirements are met, including, among other things, that a search for persons authorized to consent has been underway for at least 12 hours. Existing law provides that when the body is not within the custody of the coroner or medical examiner, a hospital may release and permit the removal of a part from a body if certain conditions are met, including that a search for persons authorized to consent has been underway for at least 4 hours.

This bill would instead require that a search for persons authorized to consent must be underway for at least 12 hours when the body is not within the custody of the coroner or medical examiner.

Existing law authorizes certain persons, in order of priority, to give all or part of a decedent's body to certain entities for purposes of making an anatomical gift. Under existing law: (1) a law enforcement officer, upon finding an individual whom the officer believes is dead or near death; (2) a hospital upon the admission of an individual at or near the time of death, in certain circumstances; or (3) ambulance or emergency medical personnel, upon providing emergency medical services to an individual when it appears that death of the individual may be imminent, are required to make a reasonable search for a document of gift or other information identifying the bearer as a donor or as a person who has refused to make an anatomical gift.

This bill would provide that this requirement, as applied to ambulance or emergency medical personnel, is secondary to the requirement that they provide emergency medical services to the patient.

Ch. 212 (AB 3360) Frazee. Joint powers agreements.

Under existing law, if authorized by their governing bodies, two or more public agencies may enter into a joint exercise of powers agreement.

This bill would provide that, notwithstanding the law relating to joint exercise of powers, a private, nonprofit children's hospital in a county of the third class may enter into a joint powers agreement with any public agency.

The bill would also state the finding and declaration of the Legislature that a special law is necessary and that a general law cannot be made applicable.

Ch. 213 (AB 3691) Solis. Minors: restitution.

Existing law authorizes a juvenile court to order a minor who is the subject of a petition to declare the minor a ward of the juvenile court, to participate in a program of supervision for up to 6 months with the consent of that minor and the minor's parents or guardian, without adjudging the minor a ward of the court. The minor and the minor's parents or guardian must appear before the court at the conclusion of the 6-month period. Upon successful completion of the program, the petition must be dismissed.

This bill would permit the court to extend this period of supervision, if the probation officer recommends additional time, for up to 12 months from the date the petition was filed. The bill would also require that the minor and the minor's parents or guardian appear before the court at the end of each additional 3-month period.

Ch. 214 (AB 3704) Bronshvag. Telephone corporations: subscriber information.

Existing law prescribes the circumstances under which telephone corporations can release information regarding residential subscribers without their consent in writing.

This bill would permit release of information relating to lifeline telephone customers to public utilities for the sole purpose of low-income ratepayer assistance outreach efforts.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 215 (AB 3786) Rainey. Juveniles: release of records.

Existing law provides that a school district is not authorized to permit access to pupil records to any person without written parental consent or under judicial order, with specified exceptions. Among those persons who are permitted access to those records are probation officers and district attorneys for the purpose of conducting certain investigations.

Existing law provides for the confidentiality of juvenile court records, and authorizes certain persons to inspect specified documents relating to juvenile court proceedings. Existing law provides an exception to this rule of confidentiality with regard to the dissemination of specified information to certain school personnel.

This bill would additionally permit information relating to the taking of a minor into custody on the basis that he or she has committed a crime against the property, students, or personnel of a school district or a finding by the juvenile court that the minor has committed such a crime, to be exchanged between law enforcement personnel, the school district superintendent, and the principal of a public school in which a minor is enrolled as a student, if the offense was against the property, students, or personnel of that school.

Ch. 216 (SB 106) McCorquodale. Agricultural pest control advisers.

Under existing law, officials of specified recreation and park districts are exempt from having to obtain an agricultural pest control adviser license from the Director of Pesticide Regulation in order to act, or offer to act, as an agricultural pest control adviser if they make a recommendation in writing as to a specific application of pesticide on a specific parcel.

This bill would continue that exemption until July 1, 1995. This bill would also permit the director to adopt alternative minimum criteria based on education or technical expertise for applicants for an agricultural pest control adviser license who are officials of those recreation and park districts.

Ch. 217 (SB 522) Kopp. Crimes: interference with emergency communications.

Existing law prohibits a person from knowingly and maliciously interrupting, disrupting, impeding, or otherwise interfering with the transmission of a communication over a citizen's band radio channel, the purpose of which communication is to inform or inquire about an emergency.

This bill would also prohibit these acts with regard to the transmission of a communication over an amateur radio and would provide that these provisions, instead, shall apply to a radio frequency, rather than a radio channel. Because this bill would expand the scope of a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 218 (SB 849) Bergeson. Pharmacy: hospitals.

Under existing law, the Pharmacy Law, a "hospital pharmacy" means and includes a pharmacy, licensed by the California State Board of Pharmacy, located within any hospital, institution or establishment that maintains and operates organized inpatient facilities for the diagnosis, care, and treatment of human illnesses in accordance with certain requirements. Existing law requires the State Department of Health Services to issue a single consolidated license to a general acute care hospital that meets certain requirements.

This bill would permit, under certain conditions, a hospital pharmacy to be located outside of the hospital in a physical plant that is regulated under a hospital's consolidated license.

Ch. 219 (SB 1280) Craven. Mobilehomes.

Existing law requires the owner of a mobilehome park who lists for sale or offers to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

sell the mobilehome park to any party, except in specified transactions, to provide written notice of his or her intention to sell, under certain conditions, to any resident organization formed by homeowners as a nonprofit corporation, stock cooperative corporation, or other entity for purposes of converting the mobilehome park to cooperative or condominium ownership and for purchasing the park. These provisions are to remain in effect only until January 1, 1995, and as of that date are repealed.

This bill would delete the termination date of these provisions. The bill would also specify the provision of law pursuant to which the nonprofit corporation must be formed.

Ch. 220 (SB 1352) Kelley. Department of Fish and Game: natural community conservation plans.

Existing law authorizes the Department of Fish and Game to appoint one or more advisory committees to review and make recommendations regarding the preparation and implementation of natural community conservation plans.

This bill would provide that membership on the advisory committee may include representation from the community near the plan area.

Ch. 221 (SB 1378) Kopp. Disabled parking: vehicle removal.

(1) Existing law authorizes local authorities, under specified conditions, to restrict or prohibit the parking or standing of vehicles and to remove vehicles parked in violation of those restrictions.

This bill would authorize local authorities, by ordinances or resolutions, to prohibit or restrict the parking or standing of vehicles on streets or highways or in disabled persons' parking stalls or spaces of privately or publicly owned or operated offstreet parking facilities within their jurisdiction when the vehicles display disabled placards issued by the Department of Motor Vehicles, and the record identification numbers assigned to those cards indicate that they have been reported as lost or stolen or issued to persons who have been deceased for a period exceeding 60 days. The bill would authorize the removal of vehicles in violation of these ordinances or resolutions.

(2) Under existing law, it is unlawful to park a vehicle within 3 feet of any sidewalk access ramp constructed adjacent to a crosswalk so as to be accessible to and usuable by the physically disabled.

This bill would make that parking unlawful only if the area adjoining the ramp is designated by either a sign or red paint.

(3) Under existing law, it is an infraction, punishable by a fine of not less than $250, for a person to park a vehicle in a specified prohibited manner with respect to certain common carrier loading zones, disabled persons' parking spaces or stalls, and physically handicapped and wheelchair access ramps and sidewalks.

This bill would allow the court to suspend that portion of the fine above $100 for violations of specified provisions of the Vehicle Code relating to unlawful parking.

(4) This bill would become operative on July 1, 1995.

Ch. 222 (SB 1402) Greene. Physicians and surgeons: controlled substances.

Existing law, the Intractable Pain Treatment Act, authorizes a physician and surgeon to prescribe or administer controlled substances to a person in the course of treatment of that person for a diagnosed condition causing intractable pain, as defined, and would prohibit the Medical Board of California from disciplining a physician and surgeon for that prescribing or administering.

Existing law provides that this authorization shall not apply to treatment of any person in a health facility, as defined.

This bill would delete this exception and would provide that nothing in the act is to be construed to prohibit the governing body of a hospital from taking disciplinary actions against a physician and surgeon pursuant to certain professional peer review procedures.

Ch. 223 (SB 1412) Mello. Food labeling: "California grown".

(1) Existing law permits chicken poultry meat of chicken poultry that was grown or raised in this state to be marked, or the package in which it is to be offered for retail

NOTE: Superior numbers appear as a separate section at the end of the digests.

sale to be marked, with the words "California grown," and prohibits the marking of chicken poultry meat of chicken poultry that was not grown or raised in this state as "California grown."

This bill would permit poultry meat of poultry that was grown or raised in this state to be advertised, labeled, described, sold, marked, or otherwise held out with the words "California grown," or other similar language indicating that the meat is from California grown or raised poultry, and would make it unlawful to similarly advertise, label, or mark poultry meat of poultry not raised in this state. The bill would define "poultry" for the purpose of its provisions as including chickens, game hens, turkeys, ducks, geese, and other domesticated birds. Since under existing law, a violation of this provision would be a crime, this bill would impose a state-mandated local program by creating a new crime. The bill would also declare that a violation of these provisions constitutes an unfair and unlawful business practice, and a false or misleading statement.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 224 (SB 1436) Peace. Sentencing.

Existing law provides various lists of specified crimes or prior convictions that affect sentencing provisions related to enhancements, an offense against an occupant of a public transit vehicle, the granting of probation to a person who personally uses a firearm in the commission or attempted commission of a crime, the granting of probation or the suspension of the execution or the imposition of a sentence or the dismissal of a case involving a person who inflicts great bodily injury on the person of another, or who commits an offense against a person of a specified age or impairment, the availability of outpatient status in the case of any person charged with and found incompetent, as specified, and the presumption affecting the burden of producing evidence in favor of filing for a fitness proceeding.

This bill would add kidnapping during the commission of carjacking to those lists of specified crimes or prior convictions.

Ch. 225 (SB 1483) Peace. Consumer credit: check guaranty agencies.

Existing law, the Consumer Credit Reporting Agencies Act, provides that a "consumer credit report" does not include any report used solely to convey a decision whether to guarantee a check in response to a request by a third party. It also provides that a "consumer credit reporting agency" does not include a person who solely conveys this decision in response to a request by a third party.

This bill would delete these provisions.

Ch. 226 (SB 1565) Kopp. State transportation improvement program: project development costs.

Under existing law, the California Transportation Commission is required to adopt every 2 years a 7-year state transportation improvement program that is the basis for the allocation of state funds for transportation projects during those 7 years. The program is required to include the cost of each project.

This bill would require the project costs to include project development costs, including design and estimating costs and the costs of environmental studies.

Ch. 227 (SB 1624) Maddy. Drugging of horses.

(1) Existing law requires public horse shows, competitions, and sales to be registered with the Department of Food and Agriculture.

This bill would instead require every event, as defined, in which there is any exchange of money, goods, or services, including the payment of any entry fees, grounds fees, stall fees, other fees, or donations in order to permit competitors or consignors to enter the event, to be registered with the department, unless otherwise prescribed by the Secretary of Food and Agriculture by regulation. Since under existing law, a violation of this

NOTE: Superior numbers appear as a separate section at the end of the digests.

provision would be a misdemeanor, this bill would impose a state-mandated local program by creating a new crime. The bill would also make an event manager who fails to register an event subject to a civil penalty, as specified.

(2) Existing law prohibits the showing of a horse at a public horse show, competition, or sale if the horse has been administered a prohibited substance. Existing law also makes horses at public horse shows, competitions, or sales subject to examination under the direction of a licensed veterinarian of the department, or an agent thereof. Under existing law, a trainer or owner of a horse that is found to have been administered a prohibited substance in violation of these provisions is subject to a civil penalty and may be suspended from competitions, as specified. Existing law also provides that if the violation occurs at a horse sale, the buyer may return the horse to the seller.

This bill would exempt certain medications from the foregoing, and would require the secretary to adopt and annually update an exempt medications list. The bill would require a copy of the exempt medications list to be provided to the event manager at the time an event is registered with the department. The bill would additionally make any person suspended from competition who competes in any public horse show or competition during the period of suspension subject to the civil penalty prescribed for each entry during the period of suspension. The bill would make any contract of sale of a horse found to have been administered a prohibited substance voidable at the buyer's discretion.

(3) Existing law requires the management of public horse shows, competitions, and sales to charge and collect a fee of not less than 50¢ or more than $3 for each horse entered or exhibited in the event and to remit the fees to the department. Under existing law, these fees are deposited in the Department of Food and Agriculture Fund and continuously appropriated to the department to carry out the provisions pursuant to which they are assessed.

This bill would require every event manager of every event to charge and collect a fee of not more than $3 through the 1997–98 fiscal year for each horse entered or exhibited in the event and each horse consigned for public sale, as determined by the secretary.

In addition, the bill would provide that commencing with the 1998–99 fiscal year, the secretary, as specified, shall set the fee at a rate higher or lower than the fee established through the 1997–98 fiscal year, not to exceed $5.

The bill also would make any event manager who does not pay to the department the full amount that is due subject to a civil penalty of 10% of the amount due plus interest at the rate of 1½% per month on the unpaid balance computed from the date of the event, and would require these fees and penalties to be deposited in the Department of Food and Agriculture Fund. The bill would also require any interest earned from the investment of moneys derived from these provisions to be deposited in the fund. The bill would thereby make an appropriation by potentially increasing the amount of funds in a continuously appropriated fund and would require a ⅔ vote because the revenue collected pursuant to the imposition of civil penalties constitutes General Fund revenues.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 228 (SB 1660) Killea. Arbitration: immunity of arbitrators.

Existing law provides that an arbitrator in disputes subject to arbitration agreements has the immunity of a judicial officer from civil liability when acting in the capacity of arbitrator under any statute or contract. This provision is to remain in effect only until January 1, 1996, and as of that date is repealed.

This bill would extend that immunity, indefinitely, to an arbitrator in international commercial disputes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 229 (SB 1662) Greene. Property taxation.

Existing property tax law requires, when a city, district, or any special zone thereof is created or its boundaries changed, that the levying authority of that entity file or cause to be filed with the relevant assessors and the State Board of Equalization, on or before January 1 of the year in which assessments or taxes are to be levied, a specified statement with respect to the creation or boundary change.

This bill would change this filing date to December 1 of the year immediately preceding the year in which assessments or taxes are to be levied.

Existing property tax law provides that taxes on personal property are a lien on any real property on the secured roll that also belongs to the owner of that personal property, if certain conditions are met.

This bill would require that personal property taxes be placed on the unsecured roll if the real property that is also owned by the taxpayer is transferred or conveyed to a bona fide purchaser after the lien date but prior to the assessment date for the personal property, and the purchaser did not own, claim, possess, or control the personal property at any time from the lien date to that assessment date.

Section 2229 of the Revenue and Taxation Code provides, among other things, that no new classification or exemption of property for purposes of ad valorem property taxation shall extend for more than 5 years or shall exempt more than 75% of the value thereof.

This bill would delete those provisions.

Ch. 230 (SB 1711) Bergeson. Water: joint powers entities.

(1) Existing law authorizes public agencies to enter into joint powers agreements.

This bill would authorize any public agency that is a member of the South East Regional Reclamation Authority, the Aliso Water Management Agency, the South Orange County Reclamation Authority, or the San Juan Basin Authority to exercise any power granted to those entities by any of the joint powers agreements creating those entities to promote efficiency in the administration of these joint powers entities.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 231 (SB 1771) Alquist. Small claims court.

Existing law prohibits, with certain exceptions, the filing or maintenance of a claim in small claims court by the assignee of the claim.

This bill would provide an exception from that provision for local governments that are self-insured for purposes of workers' compensation and seeking subrogation, as specified.

Ch. 232 (SB 1798) Campbell. General obligation bonds: sales.

Existing law requires the Treasurer, with respect to state general obligation bonds, to sell the bonds specified in the bond resolution either at a public sale, or by sealed bids, to the bidder whose bid will result in the lowest interest cost on account of those bonds or by negotiated sale if the Treasurer determines it will result in a lower interest cost.

This bill would require the Treasurer, with respect to negotiated sales, to make a finding on the public record as to why a public sale was not used.

Ch. 233 (SB 1817) Beverly. Santa Monica Bay Restoration Plan.

There is a Santa Monica Bay Restoration Project that was formed under the National Estuary Program of the federal Clean Water Act to identify critical problems of the bay and to develop and implement solutions to remedy those problems. Under the project, a Santa Monica Bay Restoration Plan has been developed which identifies 73 priority actions.

This bill would make legislative findings and declarations relating to the plan.

Ch. 234 (SB 1865) Campbell. Court fees: California State Law Library.

Existing law specifies a fee of $250 for filing a notice of appeal in a civil case appealed to a court of appeal, or a petition for a writ within the original civil jurisdiction of the court of appeal. Existing law requires, until January 1, 1995, $50 of each of these fees to

NOTE: Superior numbers appear as a separate section at the end of the digests.

be placed in a special General Fund account known as the California State Law Library Special Account.

This bill would extend the repeal date of this requirement to January 1, 2000.

Ch. 235 (SB 1889) Dills. Judges: health benefits: retirement.

(1) The Public Employees' Medical and Hospital Care Act provides that state employees are not vested for the full employer health benefit contribution payable for annuitants unless those employees have 10 years of credited state service at the time of service retirement.

This bill would provide that certain judicial service is included within state service for purposes of receipt of employer contributions.

(2) The bill would delete various inoperative sections in the Judges' Retirement Law.

Ch. 236 (SB 2011) Killea. Child day care centers: sale.

Existing law, the California Child Day Care Facilities Act, governs the issuance of licenses to operate child day care centers. Existing law requires, in the event of a sale of a licensed child day care center, the licensee to notify the State Department of Social Services and the parents or legal guardians of children at the center, at least 60 days prior to the transfer of the center property or business and, further, that no transfer of the facility shall be permitted until 60 days have elapsed from the date notice is given to the department.

This bill would instead provide that the licensee of a child day care center shall give at least 30 days notice prior to the transfer of the center property or business and that no transfer of the facility shall be permitted until 30 days have elapsed from the date notice is given to the department.

Ch. 237 (SB 2105) Petris. Class actions.

Existing law requires that, prior to the entry of judgment in a class action, the court determine the total amount that will be payable to all class members, and set a date when the parties shall report to the court the total amount that was actually paid. After receiving the report, the court is also required to amend the judgment to direct the defendant to pay the sum of the unpaid residue, plus specified interest, in any manner the court determines is consistent with the objectives and purposes of the underlying cause of action, including to the California Legal Corps.

This bill would exempt class actions brought against public entities, as defined, and public employees, as defined, from these provisions. The bill would also provide that these provisions shall not be construed to abrogate any equitable cy pres remedy, as specified. The bill would make other technical changes.

The bill would declare that it would take effect immediately as an urgency statute.

Ch. 238 (AB 2597) Statham. Department of Veterans Affairs.

Existing law provides for the establishment of the Department of Veterans Affairs in the State and Consumer Services Agency. The Director of Veterans Affairs is the chief administrative officer of that department and is a civil executive officer.

This bill would remove the department from the State and Consumer Services Agency and require that the Director of Veterans Affairs be a veteran, as defined.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 239 (SB 355) Greene. Schools: meetings.

(1) Under existing law, all meetings of the governing board of a school district are subject to the provisions of the Ralph M. Brown Act and the Bagley-Keene Open Meeting Act, which generally require meetings of governing boards of local agencies to be open to the public with proper notice given, permit recording of those meetings, prohibit a legislative body from taking action by secret ballot, and set forth other specific requirements for the conduct of those meetings.

This bill would exempt meetings of specified schoolsite councils and committees from the provisions of those 2 acts, but would require notice of the meeting and an agenda to be posted, as specified, and would require those meetings to be open to the public.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would prohibit these councils and committees from acting on items not on the agenda, except as specified, and would require a council or committee that violates these provisions to reconsider the item, as specified. The bill would require materials provided to a schoolsite council to be available to the public, as specified.

(2) Existing law declares the intent of the Legislature that members of the public be able to place matters directly related to school district business on the agenda of the school district governing board meeting, and that members of the public be able to address the board regarding items on the agenda.

This bill would instead require that every agenda for regular meetings provide an opportunity for members of the public to address the governing board on any item of interest to the public that is within the subject matter jurisdiction of the governing board.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 240 (SB 750) Roberti. Housing: manufactured homes and mobilehomes: design and seismic requirements.

(1) Existing law, known as the Mobilehome Parks Act, generally regulates the operation of mobilehome parks, as defined. The Mobilehome Parks Act provides that any person who willfully violates any of its provisions, or any building standards or other rules and regulations adopted pursuant to the act, is guilty of a misdemeanor.

Existing law provides that the requirements for installation of a manufactured home or mobilehome shall not exceed the requirements set forth in a specified provision of law.

This bill would instead provide that those requirements shall not exceed additional requirements specified by this bill. By expanding the applicable requirements, the willful violation of which would be subject to misdemeanor penalties, this bill would impose a state-mandated local program by creating a new crime.

This bill would require that all manufactured homes or mobilehomes, when initially installed or subsequently reinstalled on a different lot pursuant to a specified provision of law, to be installed to resist specified horizontal wind pressures or the design wind load, whichever is greater. It would specify the requirements applicable to the installation manufactured homes or mobilehomes whose installation requires tiedowns, where the manufacturer's installation instructions are or are not available.

This bill would provide that all manufactured homes or mobilehomes may be installed or reinstalled in accordance with plans and specifications signed by a licensed architect or engineer that meet the requirements imposed by this bill. It would further require the manufactured homes or mobilehomes installed before the effective date of this bill that do not meet the standards imposed by this bill be reinstalled if federal funds are available for grants or direct payment of the additional installation costs.

This bill would require the Department of Housing and Community Development to develop standards for mechanical connections of the manufactured homes or mobilehomes and their footings.

This bill would require the Department of Housing and Community Development to adopt emergency regulations in accordance with a specified provision of the Administrative Procedure Act in order to implement the purposes of the bill. This bill would not apply to the installation of any manufactured home or mobilehome for which escrow has been opened in accordance with a specified provision of the Mobilehomes-Manufactured Homes Act of 1980 prior to the operative date of the bill. This bill would become operative 60 days after the date it is chaptered.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 241 (SB 1361) Wright. Property taxation: revenue allocation: tax equity allocations.

Existing law, relating to the allocation of property tax revenues, requires, upon a jurisdictional change, as defined, the revision of those allocations, as specified.

This bill would provide that the merger of a subsidiary district into a city shall not be subject to certain provisions of law concerning the revision of those allocations.

Existing property tax law requires the auditor of each county with qualifying cities, as defined, to make certain property tax revenue allocations to those cities in accordance with a specified Tax Equity Allocation (TEA) formula and to make corresponding reductions in the amount of property tax revenue allocated to the county. Property tax law also requires, for counties other than the County of Ventura, that the allocation to any qualifying city be reduced by the amount of those property tax revenues that exceeds a certain threshold amount, and is received by those special districts that are governed by the city council of that city or whose governing board is the same as that council.

This bill would provide, for all counties, commencing with the 1994–95 fiscal year, that the TEA formula allocation of property tax revenue to a qualifying city shall not be reduced by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 242 (SB 2107) Roberti. Validating proceedings: state authorization and appeals.

(1) Existing law authorizes a local agency to bring an action to determine the validity of its bonds, warrants, contracts, obligations, or evidences of indebtedness pursuant to specified procedures.

This bill would authorize the state or any state board, department, agency, or authority, including without limitation, the State Public Works Board, to bring an action to determine the validity of its bonds, warrants, contracts, obligations, or evidences of indebtedness pursuant to specified procedures. This bill would require that any action initiated pursuant to this provision be brought in the Superior Court of Sacramento County.

(2) Existing law prohibits an appeal from a judgment in an action brought by a public agency to validate a matter relating to that public agency, except upon notice filed within 60 days after the date of either the notice of the entry or the entry of judgment.

This bill would prohibit an appeal from a judgment in those actions, except upon notice filed within 30 days after the date of either the notice of the entry or the entry of judgment. This bill would also restrict the issues that may be raised on appeal, if there is no answering party, to the jurisdiction of the court to enter a judgment in the validating proceeding.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 243 (AB 325) Sher. Fire protection: reward offers.

(1) Existing law authorizes the Governor to offer a reward of not more than $50,000 for information leading to the arrest and conviction of any person who commits specified crimes, and makes a continuous appropriation from the General Fund for that purpose.

This bill would include any person who willfully and maliciously sets fire to, or who attempts to willfully and maliciously set fire to, any property which is included within a hazardous fire area, designated as specified, if the fire, or attempt to set a fire, results in death or great bodily injury to anyone, including fire protection personnel, or if the fire causes substantial structural damage. Thus, the bill would make an appropriation by expanding the purposes for which the continuous appropriation may be used.

(2) Under existing law, the Department of Forestry and Fire Protection is required to perform various fire protection duties. The department is authorized to pay rewards for information leading to an arrest and conviction or commitment in connection with the setting of, or attempt to set, a fire, as specified.

This bill would, for the purpose of obtaining information leading to the arrest and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

conviction of persons who willfully and maliciously set fire to, or who attempt to willfully and maliciously set fire to, any property that is included within a state responsibility area, including a designated hazardous fire area, require the department, during the fire season, to make a toll-free 800 telephone number available for, and establish, a program to protect the anonymity of persons providing that information and to facilitate the identification of persons eligible for payment of a reward.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 244 (AB 2787) Snyder. Transactions and use taxes: Stanislaus County.

Existing law authorizes counties and districts, as defined, to impose a transactions and use tax at specified rates on the gross receipts from the sale in this state of, or the storage, use, or other consumption in this state of, tangible personal property.

This bill would authorize the County of Stanislaus to impose an additional transactions and use tax at a rate of ⅛ of 1% for a period not to exceed 5 years and in any succeeding period not to exceed 5 years per period, as specified, to fund countywide library programs and operations.

Ch. 245 (AB 67) Hauser. Common interest developments.

Existing law, the Davis-Stirling Common Interest Development Act, provides for the establishment and regulation of common interest developments, as defined.

This bill would specify that nothing in the act may be construed to apply to a development wherein there does not exist a common area, as defined, nor may the act be construed to confer standing for specified purposes to an association created for the purpose of managing this development.

Ch. 246 (AB 243) Alpert. Child day care facilities.

Existing law requires the State Department of Social Services to adopt, amend, or repeal necessary rules and regulations relating to child day care facilities, including day care centers and family day care homes.

Existing law requires at least one director or teacher at each day care center, and each licensed family day care home provider, to have at least 15 hours of prescribed training on preventative health practices.

This bill would specify that a family day care home licensee who provides care is required to have the training, and would change the contents of the training.

Existing law requires a child day care facility director to ensure that at least one staff member currently trained in pediatric first aid and pediatric cardiopulmonary resuscitation is available at all times when children are present at the facility.

This bill would require a day care center director and a licensee of a large family day care home to ensure that at least one staff member or substitute is so trained, and would also require their presence when children are offsite for facility activities.

This bill would require the department to issue a notice of deficiency at the time of a site visit to any licensee that is not in compliance with these requirements. It would require a licensee to develop a plan to correct the deficiency within 90 days of receiving the notice. It would provide that the license may be revoked if the licensee fails to correct the deficiency.

Existing law requires completion of the training to be demonstrated by certain cards issued by specified entities, and requires the training to be given by a certified or credentialed instructor.

This bill would provide that the cards may also be issued by a health and safety training program that has been approved by the Emergency Medical Services Authority and would require the authority to establish minimum standards. The bill would provide that persons, who have completed a course in pediatric first aid or pediatric CPR prior to July 1, 1994 and have a current certificate or course completion card, are deemed to have met the requirements for training in that subject if the course they took meets certain requirements. It would permit the authority to establish temporary standards, subject to approval of the Commission on Emergency Services, for use in reviewing programs until the permanent standards have been adopted.

The bill would, except as specified, require a licensee of a family day care home, in

NOTE: Superior numbers appear as a separate section at the end of the digests.

addition to personnel in a day care center, to maintain a current unexpired pediatric cardiopulmonary resuscitation card and a pediatric first aid card.

The bill would require the authority to establish a process for the ongoing review and approval of training programs in pediatric first aid and pediatric cardiopulmonary resuscitation and to charge fees for these purposes.

This bill would establish the Emergency Medical Services Training Program Approval Fund into which the fees would be deposited and would continuously appropriate moneys in the fund to the authority for its review and approval of training programs. It would permit the transfer of certain funds from this fund to the Surplus Money Investment Fund for investment.

Existing law requires the State Department of Social Services to adopt regulations implementing the provisions of existing law on or before July 1, 1992.

This bill would delete this date.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 247 (AB 717) Ferguson. Air pollution: compliance: products and services.

Existing law establishes air pollution control districts and air quality management districts with prescribed powers and duties relative to the control of air pollution. Existing law requires the districts to establish a small business assistance program.

This bill would authorize a district to establish programs to assist the public, government agencies, and businesses in complying with district regulations. The bill would authorize the districts, for that purpose, to provide to any person any factual nonconfidential information regarding any product or service that complies with district regulations, and regarding associated air emissions. The bill would prohibit the district from making any recommendation regarding a product or service.

Ch. 248 (AB 1390) Epple. Deer license tags.

Existing law requires a person who kills a deer, among other things, to immediately fill out both parts of the deer license tag, punch out clearly the date of the kill, attach one part to the deer, and to send one part of the tag to the Department of Fish and Game immediately after it has been countersigned.

This bill would require the person to, instead, mark the date of the kill on the tag, and would still require that one part of the tag be sent to the department but would delete the requirement that it be done immediately.

Ch. 249 (AB 1780) Hauser. Building standards: review of amendments.

Under existing law, the California Building Standards Commission has various powers and duties with respect to the approval and adoption of state buildings standards. The executive director of the commission is required to, among other things, make public the processes of the commission.

This bill would add to the executive director's duties by requiring him or her to prepare, at the direction of the commission, a comprehensive listing of all amendments developed for publication in the California State Building Code from January 1, 1995 to December 31, 1995, inclusive, including analyses justifying the adoption or proposal of new state amendments, as specified.

The bill would require the commission to inform the public and all state agencies with the authority to establish building standards of the completion of the listing, and the availability of copies, upon request.

Ch. 250 (AB 2014) Cortese. Mutual water companies: joint powers agreements.

Existing law authorizes public agencies to enter into joint powers agreements.

This bill would authorize a mutual water company to enter into a joint powers agreement with any public agency for the purpose of jointly exercising any power common to the contracting parties.

Ch. 251 (AB 2098) Costa. Drinking water: regulation.

Existing law, the California Safe Drinking Water Act, provides a drinking water regulatory program in order to ensure there is safe drinking water and to emphasize the

NOTE: Superior numbers appear as a separate section at the end of the digests.

establishment of drinking water standards and recommended public health levels. Existing law requires the Office of Environmental Health Hazard Assessment to establish recommended public health levels for contaminants in drinking water. Existing law requires the department to adopt primary drinking water standards for contaminants found in drinking water based in part on the recommended public health levels.

This bill would change references in the act from recommended public health "levels" to recommended public health "goals," and would make other changes of a technical nature.

Ch. 252 (AB 2273) Karnette. Child day care: public schools.

Existing law, the California Child Day Care Facilities Act, requires the State Department of Social Services to license and regulate child day care facilities, including day care centers and family day care homes, as defined.

Existing law provides that for licensing purposes a school principal of a public school that operates a child care and development program under contract with the State Department of Education shall be deemed a day care center director pursuant to particular regulations.

This bill would instead provide that the principal shall be deemed qualified to be a day care center director when the child care program is located on the campus of an operating public school with staff who are public school employees and would limit the application of these provisions to state preschool programs under contract with the State Department of Education.

Ch. 253 (AB 2416) Napolitano. Vehicles: driving offenses: license suspension or revocation.

(1) Existing law prohibits a person from driving a motor vehicle at any time when that person's driving privilege is suspended or revoked pursuant to law, if that person has knowledge of the suspension or revocation. Existing law prescribes added prison enhancements and fines when the current violation occurred within specific time periods of previous violations of specified provisions.

This bill would add specified provisions to the list of previous violations for which added prison enhancements and fines are prescribed. Because the enhanced imprisonments may result in additional imprisonments in county jail, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 254 (AB 2442) Cortese. Transportation: Santa Clara County: transit district.

(1) Existing law creates the Santa Clara County Transit District and vests the government of the district in the Santa Clara County Board of Supervisors.

This bill would, following the completion of a financial audit of the district, vest the government of the district in a board of directors, comprised as specified.

The bill would impose a state-mandated local program by creating, and assigning duties to, the transit district board of directors, by requiring the election of district directors, and by requiring the appointment of other directors.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 255 (AB 2474) Richter. County educational agencies: substitute and temporary employees.

Under existing law, substitute and temporary employees employed in positions requiring certification qualifications may only be employed to fill positions of regularly em-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

ployed persons absent from service or as otherwise specified.

This bill would provide that a county superintendent of schools may employ substitute or temporary employees in positions requiring certification requirements to serve for periods of less than one year if a temporary increase in enrollment, as defined, exists.

Ch. 256 (AB 2616) Snyder. County support enforcement funding.

Existing law requires the district attorney in each county to establish, modify, and enforce child support obligations when a child is receiving Aid to Families with Dependent Children program benefits. The district attorney may also establish, modify, and enforce child support obligations in other cases.

Under existing law, funds paid by the state to counties for administering the child support program over and above the cost thereof are required to be deposited into a special fund. Commencing January 1, 1993, these excess funds, if received on or after July 1, 1992, are required to be expended within 2 years following the fiscal year of their receipt, for the county's child support enforcement program, unless a county is exempted from this requirement pursuant to the submission to the State Department of Social Services of a written plan approved by the county's district attorney for the expenditure of excess funds, if the department determines that the expenditure will be cost effective and the expenditure plan will require more than 2 fiscal years following the year of receipt to expend or encumber the funds, or both.

Existing law also requires a county to expend on the support enforcement program, not later than June 30, 1994, any excess funds accrued from July 1, 1989, to June 30, 1992, inclusive, that have not been expended on the support enforcement program.

This bill would also permit a county to be exempt from this requirement pursuant to the submission of a county plan, and would modify the determination the department must make in order to grant this exemption.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 257 (AB 2693) Alpert. Pupils: work permits.

Under existing law, no work permit shall be issued to a pupil until the written request from the pupil's parent or guardian for the permit has been filed with the issuing authority.

This bill would authorize the issuance of the permit upon the filing with the issuing authority of a written request for the permit by a residential shelter services provider, as defined, or foster parent.

Existing law authorizes the issuance of a permit to work full time to a minor under the age of 16 years and over the age of 14 years if the parent, foster parent, or guardian of the minor child presents a sworn statement, as specified, that the family is in need of the earnings of the minor and that sufficient aid cannot be secured in any other manner.

This bill would authorize the issuance of a permit to work full time if the minor is unable to reside with his or her family and the earnings of the minor are necessary for his or her support or, under certain circumstances, if the minor is residing with a foster care provider or guardian.

Ch. 258 (AB 2702) Frazee. Architects.

Existing law specifies a misdemeanor penalty of, among other things, imprisonment in the county jail not exceeding 6 months, for various violations of the Architects Practice Act.

This bill would increase that penalty to imprisonment in the county jail for a period to not exceed one year. In so doing, the bill would impose a state-mandated local program.

Existing law authorizes the California Board of Architectural Examiners to suspend or revoke the license of any architect who commits acts or omissions constituting grounds for disciplinary action, as specified.

This bill would provide that the fact that a licensee has had disciplinary action taken by any public agency for any act substantially related to the qualifications, functions, or duties as an architect constitutes a ground for disciplinary action.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 259 (AB 2703) Costa. Housing: Farmworker Housing Grant Program.

(1) Under existing law, the Department of Housing and Community Development administers the Farmworker Housing Grant Program. Existing law establishes the Farmworker Housing Grant Fund and continuously appropriates this fund to the department to make specified grants for farmworker housing and to defray the department's costs in administering the program. These grants may be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees, as defined, and their families and of related support facilities, among other purposes.

This bill would expand the definition of agricultural employees for the purposes of the program by amending the definition to include any person who works at a packing shed for a labor contractor or other entity that contracts with an agricultural employer in order to perform services in connection with handling, drying, packing, or storing any agricultural commodity in its raw or natural state. Because the bill would thereby expand the authorized purposes for expenditure of the continuously appropriated Farmworker Housing Grant Fund, the bill would make an appropriation.

The bill would authorize the Department of Housing and Community Development to offer assistance under the Farmworker Housing Grant Program in any area where there is a substantial unmet need for farmworker housing.

(2) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 260 (AB 2720) Bornstein. Air pollution: districts.

(1) Existing law provides that, on and after July 1, 1994, the membership of the governing board of each county, unified, or regional air pollution control district shall include both county supervisors and mayors or city council members, except as to any district meeting specified criteria.

This bill would except a county or unified district from that membership requirement if each city in the county or unified district consents to the exclusion of the county or unified district from the requirement and would provide, in specified circumstances, for the establishment of an advisory committee by a county or unified district, consisting of a mayor, or a city council member, from each city in the county or unified district. The bill would impose a state-mandated local program by imposing new duties on county boards of supervisors.

The bill would authorize a county district, a unified district, a regional district, and the Sacramento Metropolitan Air Quality Management District, to contract with a county or counties, in which those districts are functioning, to provide specified facilities and services.

(2) Existing law provides that funding for an air pollution control district or an air quality management district shall be derived from specified sources, including an annual per capita assessment on those cities which have agreed to have a member on the district board.

This bill would provide that the expenses of a district that are not met by the specified funding sources shall be provided by the annual per capita assessment.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 261 (AB 2729) Goldsmith. Clinical laboratories: joint ownership.

Existing law regulates clinical laboratories and prohibits the ownership or operation of a clinical laboratory without a license issued by the State Department of Health Services.

This bill would provide that a health facility that does not perform clinical laboratory services, but provides those services through an agreement with a licensed clinical laboratory, is not required to obtain a clinical laboratory license.

Ch. 262 (AB 2741) Cannella. Crimes: 911 calls with intent to annoy or harass.

Existing law provides that it is a misdemeanor to telephone another person with the intent to annoy by addressing to or about the other person any obscene language or threat of injury, or by making repeated telephone calls at the other person's residence or place of business.

This bill would additionally provide that it is a misdemeanor to telephone the 911 emergency line with the intent to annoy or harass another person, as defined, punishable by a fine of not more than $1,000, by imprisonment in a county jail for not more than 6 months, or by both the fine and imprisonment. This bill would impose a state-mandated local program by creating a new crime.

This bill would also provide that, upon conviction of a violation of this provision, a person shall be liable for all reasonable costs incurred by any unnecessary emergency response.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 263 (AB 2749) Honeycutt. Air pollution: Mojave Desert district board: chairperson.

(1) Existing law establishes the Mojave Desert Air Quality Management District and provides for a district board with specified membership. Existing law requires the district board to elect a chairperson from its membership every 2 years.

This bill would require the district board to elect the chairperson every year, thereby imposing a state-mandated local program.

The bill would also make technical, nonsubstantive changes.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 264 (AB 2753) Sher. Hazardous materials data: consumer information booklet.

Under existing law, the Department of Toxic Substances Control is required to publish a specified consumer information booklet developed by the Department of Real Estate on common environmental hazards that affect real property and distribute the booklet to the public, upon request, for a fee.

This bill would require the department to publish a new edition of the consumer information booklet in substantial compliance with federal disclosure requirements regarding the safe management of lead and radon gas in housing, to be made available to the public on or before the date that a specified federal report dealing with these requirements is submitted to Congress by the Secretary of Housing and Urban Development.

Ch. 265 (AB 2847) Speier. Continuing care contracts: good cause eviction: prohibitions.

Existing law licenses and regulates activity relating to the provision of, or the promising to provide, continuing care. Existing law regulates the content of continuing care

NOTE: Superior numbers appear as a separate section at the end of the digests.

contracts, including, but not limited to, cancellation provisions, and a statement that involuntary termination of a resident by the provider after the cancellation period shall be only for good and sufficient cause.

This bill would provide that "good and sufficient cause" does not include participation in a residents' coalition, or contracting or filing a complaint with government officials or entities.

This bill would require any continuing care contract containing a clause that provides for a resident to be evicted, or provides for a contract to be canceled for just cause, good cause, good and sufficient cause, or other similar provision, to also include a provision that the filing of a complaint with the enforcement authority or participation in a resident's organization, or other similar lawful activity, does not constitute just cause, good cause, good and sufficient cause, or otherwise activate the eviction or cancellation provision.

This bill would prohibit a provider from discriminating or retaliating against any resident for contacting government officials or agencies or for participating in a residents' coalition.

Existing law establishes the Continuing Care Provider Fee Fund and continuously appropriates the fund for various purposes, including, but not limited to, developing improved systems and procedures, engaging private financial, actuarial, and marketing consultants, and the use of 5% for administrative costs.

Existing law establishes certain related enforcement remedies, including, but not limited to, the imposition of civil penalties not to exceed $1,000 per violation, and the institution of court proceedings for injunctive or other equitable relief.

This bill would, in addition, authorize the department to issue citations containing orders of abatement and assessing civil penalties of $200 per day for violation of the abatement order, would require that these penalties be deposited in the fund to be available only upon express appropriation by the Legislature, and would establish a provider appeal procedure.

Ch. 266 (AB 2919) Frazee. Alcoholic beverages: licensed beer and wine importers.

The Alcoholic Beverage Control Act provides that nothing in that law prohibits a winegrower from giving or selling wine, or a beer manufacturer from giving or selling beer, to certain nonprofit organizations, as specified, at prices other than those contained in schedules filed with the Department of Alcoholic Beverage Control.

This bill would add licensed importers to those who are not prohibited from giving or selling beer or wine to those nonprofit organizations.

Ch. 267 (AB 2933) Cortese. Fish and game violations: probation.

Under existing law, violations of the Fish and Game Code are generally misdemeanors, but, in certain situations, violations of that code are punishable as felonies.

This bill would, in addition to those provisions, authorize a court to order that a person who has been convicted of specified separate offenses relating to taking birds and mammals or selling or purchasing parts of a bear attend a hunter safety class and perform community service, as specified, as a condition of probation.

Ch. 268 (AB 3017) McDonald. Vehicles: towing: removal.

(1) Existing law prohibits, except as specified, a towing service from providing any direct or indirect commission, gift, or any compensation whatever to any person or public entity in consideration for that person's or public entity's arranging or requesting the services of a tow truck. As used in existing law, "arranging" does not include the activities of employees or principals of a provider of towing services in responding to a request for towing services.

This bill would make it a misdemeanor for any towing service or any employee of a towing service to accept or agree to accept any money or anything of value from a repair shop and for any repair shop or any employee of a repair shop to pay or agree to pay any money or anything of value as a commission, referral fee, inducement, or in any manner a consideration, for the delivery or the arranging of a delivery of a vehicle, not

NOTE: Superior numbers appear as a separate section at the end of the digests.

owned by the repair shop or towing service, for the purpose of storage or repair. By creating a new crime, this bill would impose a state-mandated local program.

(2) Existing law authorizes any peace officer to remove a vehicle located within the territorial limits in which the officer may act, under specified circumstances, including when the peace officer issues the driver of a vehicle a notice to appear for a violation of specified provisions of law relating to driving a vehicle when the privilege to drive has been suspended or revoked.

This bill would add violations of other provisions to the circumstances under which any officer may act, and authorize the vehicle to be removed from private property after having been on a highway or public lands under the circumstances described above.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 269 (AB 3092) Goldsmith. Vehicles: parking.

Existing law authorizes counties to impose an assessment of $2 for every $10, or fraction thereof, of fines, forfeitures, or penalties collected for the unauthorized use of parking spaces designated for disabled persons and requires each county to deposit the funds derived from the assessment in its general fund, to be used for institutionalization prevention programs for older persons and for functionally impaired adults in that county. The provisions would become inoperative on January 1, 1995.

This bill would delete those termination dates.

Ch. 270 (AB 3326) O'Connell. Obsolete laws.

Existing law includes provisions that are now obsolete, including, among others, statutes pertaining to dueling, the killing of coyotes, the confinement of male animals, the issuance of permits to capture or kill burros, the establishment and maintenance of tuberculosis wards and hospitals by cities and counties, and a provision to ascertain the feasibility of employing women as members of the California Highway Patrol.

This bill would repeal those sections.

Ch. 271 (AB 3389) B. Friedman. Income and bank and corporations: administration.

Existing law relating to the administration of income and bank and corporation taxes provides that specified taxes, and any interest and penalties thereon, shall be paid to the Franchise Tax Board, and that remittances may be in the form of a check payable to the board as the board may prescribe.

This bill would provide that the remittances may be in the form of a check payable in United States funds to the board, at the time and in the manner as the board may prescribe. This bill would also make technical, nonsubstantive changes to provisions that require that specified remittances to the board be made by electronic funds transfer.

Ch. 272 (AB 3393) Sher. Beverage containers: recycling.

Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires the Department of Finance to submit a specified report to the Legislature and the Governor by January 10, 1992, requires the Department of Conservation to submit certain reports to the Legislature and the Governor by prescribed dates, requires the Department of Conservation to issue periodic reports containing, among other things, the amount of convenience incentive payments for reporting periods commencing before January 1, 1993, and prohibits the Department of Conservation from expending more than $2,750,000 for the 1991–92 fiscal year for advertising.

This bill would delete those obsolete reporting requirements and that obsolete expenditure prohibition. The bill would delete other obsolete provisions of the act.

Ch. 273 (AB 3403) Murray. Weights and measures: farm products.

Existing law exempts nonprofit cooperative associations, with specified exceptions,

NOTE: Superior numbers appear as a separate section at the end of the digests.

from the requirement that farm products sold by bulk weight or delivered to a processing or conditioning establishment for specified purposes be weighed by a weighmaster, as specified.

This bill would also exempt from that requirement as it applies to tree nuts delivered for processing or conditioning, tree nut hullers and shellers, except that the finished product would be required to be weighed by a weighmaster and copies of the weighmaster certificate would be required to be issued, as specified.

Ch. 274 (AB 3444) Margolin. Political Reform Act of 1974: public officials: influencing action on entitlements.

The existing Political Reform Act of 1974 prohibits a public official at any level of state or local government from making, participating in making, or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. The act specifically prohibits a Member of Legislature, for a period of one year after leaving office, from acting, for compensation, as an agent or attorney for, or otherwise represent, any other person by making any formal or informal appearance, or by making any oral or written communication, before the Legislature, committee, or subcommittee thereof, any present Member of the Legislature, or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing legislative action, as defined by the act.

This bill would prohibit a public official, as defined, of a state agency from acting, for compensation, as an agent or attorney for, or otherwise representing, any other person by making any formal or informal appearance before, or by making any oral or written communication to, his or her state agency or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing action on a contract, grant, loan, license, permit, or other entitlement for use.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on persons who violate the provisions of the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

Ch. 275 (AB 3461) Knowles. Food facilities: private homes: prepackaged food.

Existing law, the California Uniform Retail Food Facilities Law, prohibits a private home from being used for the purpose of giving away, selling, or handling food at retail, as defined.

This bill would create an exemption to this prohibition for nonperishable, prepackaged food, as defined, that is given away, sold, or handled from a private home.

Ch. 276 (AB 3577) Epple. Hazardous waste facilities permits: resins.

Under existing law, a hazardous waste facilities permit or other grant of authorization is not required to conduct treatment activities if the generator treats resins mixed in accordance with the manufacturer's instructions.

This bill would include in that exemption the treatment of resins by curing, in addition to mixing, including multicomponent and preimpregnated resins that are mixed or cured, in accordance with the manufacturer's instructions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 277 (AB 3634) Knight. Veterans farm and home purchase: interest rate.

Existing law, the Farm and Home Purchase Act of 1974, requires the Department of Veterans Affairs, by a ⅔ vote of the California Veterans Board and with the approval of the Veterans' Finance Committee of 1943, to establish a uniform rate of interest payable upon the amount remaining unpaid under any veteran's purchase contract executed on or after September 26, 1974.

Existing law authorizes the board and the committee to raise and lower the effective rate of interest payable under these contracts annually if 90 days' advance notice is given.

This bill would, instead, require that at least 90 days' advance written notice be given to contract holders before any increase in the interest rate becomes effective and would make other changes of a technical nature.

Ch. 278 (AB 3643) Polanco. Public utilities: telecommunications services.

Under existing law, the Public Utilities Commission is vested with regulatory authority over public utilities.

This bill would require the commission to initiate an investigation and open a proceeding to examine the current and future definitions of universal service in telecommunications.

The bill would require the commission to report to the Legislature by January 1, 1996, on its findings and recommendations.

Ch. 279 (AB 203) Collins. Contractors' State License Board: composition.

Existing law provides for a Contractors' State License Board consisting of 13 members, and specifies that the board shall include 7 public members. The Governor is authorized to appoint 5 of those public members.

This bill would provide that one of those 7 public members shall be an active local building official, appointed by the Governor as one of the public members.

Ch. 280 (AB 386) Boland. Criminal fines: day-fine system.

Existing law contains legislative findings and declarations concerning the implementation of a "day-fine system" that imposes fines against persons convicted of committing certain misdemeanors. In addition, under existing law, the Judicial Council is authorized to establish in one county, a 2-year pilot program that would implement a day-fine system for misdemeanants, as specified. Existing law specifies that the foregoing provisions shall remain in effect only until January 1, 1995.

This bill would authorize the Judicial Council to extend the pilot program for 2 additional years and would require the court to closely monitor court-generated revenues and to notify the Judicial Council immediately regarding any decrease in funds attributable to the day-fine project. The bill would authorize the state or the county court to revise or discontinue the project if any decrease in funds has a significant fiscal impact.

The bill would extend the operation of these provisions until July 1, 1997.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 281 (AB 621) Napolitano. Local agencies: redevelopment agencies: Educational Revenue Augmentation Fund.

Existing law requires a redevelopment agency, during the 1993–94 and 1994–95 fiscal years, to allocate an amount of revenue determined in accordance with specified calculations made by the Director of Finance and based on a specified report of the Controller. Existing law further requires that this revenue be allocated to the Educational Revenue Augmentation Fund for allocation to school and community college districts.

This bill would require the Director of Finance, in the event that revised reports have been accepted by the Controller on or before January 1, 1994, to use appropriate data that have been certified by the Controller in making the calculations specified in this provision.

This bill would further require the Director of Finance, if the use of that data requires the director to revise previous calculations, to instead apply the revised determinations for these years to the 1994–95 fiscal year.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 282 (AB 1851) Connolly. Structural pest control.

Existing law provides for the licensing and regulation of structural pest control companies by the Structural Pest Control Board. Under existing law, fumigation shall be performed only under the direct and personal supervision of a licensed individual. Existing law provides a list of lethal fumigants, including chloropicrin, and a list of simple asphyxiants.

This bill would remove chloropicrin from the list of lethal fumigants. The bill would define "warning agent" as any agent used in combination with any fumigant that lacks warning properties and would include chloropicrin as a warning agent. The bill would authorize the board to adopt and amend, by regulation, a list of warning agents. The bill would authorize, instead of require, the board to adopt, by regulation, a list of simple asphyxiants.

Existing law specifies conduct that constitutes a ground for disciplinary action by the board.

This bill would additionally provide that furnishing a notice of work completed prior to the completion of the work specified in the contract is a ground for disciplinary action.

Existing law provides that the board or county commissioners may levy a fine against a registered company acting as a prime contractor for any major violation committed by any licensee with whom the prime contractor has subcontracted, as specified.

This bill would, instead, make that authorization applicable to the board or county agricultural commissioners.

The bill would make related changes.

Ch. 283 (AB 2549) Rainey. Court services: Contra Costa County.

Existing law sets forth the Contra Costa County Court Services Consolidation Act of 1988, providing for the consolidation of court-related services provided by the sheriff and the marshal in that county under a court services division, as specified.

This bill would instead create a court security bureau, as specified; rename the Court Services Oversight Committee as the Court Security Oversight Committee; and would make related changes.

Ch. 284 (AB 2668) McDonald. Contracts for services: exemptions from approval.

Existing law provides for Department of General Services approval of state agency contracts for services, including consulting services. However, contracts under $50,000 are exempt if a state agency complies with certain requirements.

This bill would increase the exemption amount to $75,000.

Ch. 285 (AB 2736) Brulte. Workers' compensation: health care provider organization.

The Workers' Compensation Health Care Provider Organization Act regulates health care provider organizations that provide health care to injured employees.

This bill would substitute the term "workers' compensation health care provider organization" for "medical group" in various provisions in the act.

The bill would make related changes.

Ch. 286 (AB 2779) Pringle. Sales and use taxes: acquisition sale and leaseback: bank and corporation taxes: deduction.

The Bank and Corporation Tax Law allows a deduction in computing the income that is subject to the tax imposed by that law of net interest received by the taxpayer in payment of indebtedness of a qualified business, as defined, or of a person or entity engaged in a trade or business located in an enterprise zone, as defined, if certain requirements are met.

This bill would make a technical, nonsubstantive change in that provision of law.

The Sales and Use Tax Law imposes a state sales or use tax on the sale or use of tangible personal property in this state, unless that sale or use is otherwise exempted from that tax. Existing law provides that, until January 1, 1995, the terms "sale" and "purchase,"

NOTE: Superior numbers appear as a separate section at the end of the digests.

for purposes of that law, shall not include any transfer of title to, nor any lease of, tangible personal property pursuant to an acquisition sale and leaseback, as defined.

This bill would delete the sunset provision, thereby extending indefinitely the exemption for sale and leaseback arrangements from the sales and use tax.

Counties and cities are authorized to impose local sales and use taxes in conformity with state sales and use taxes. Exemptions from state sales and use taxes enacted by the Legislature are incorporated into the local taxes.

Section 2230 of the Revenue and Taxation Code provides that the state will reimburse counties and cities for revenue losses caused by the enactment of sales and use tax exemptions.

This bill would provide that no appropriation is made and the state shall not reimburse local agencies for sales and use tax revenues lost by them pursuant to this bill.

This bill would take effect immediately as a tax levy, but its operative date would depend on its effective date.

Ch. 287 (AB 2811) Katz. Public agencies.

Existing law required every state agency to report to the Legislature on or before January 1, 1978, on the license periods and renewal dates being utilized by the agency.

This bill deletes that requirement.

Ch. 288 (AB 2846) Speier. Childhood sexual abuse: time of commencing action.

Under the law in effect prior to January 1, 1991, an action for injury or illness arising out of an incestuous, or other specified relationship, occurring when the plaintiff was a minor, was generally required to be commenced within 3 years.

Existing law revised those provisions to require that an action for recovery of damages suffered as a result of childhood sexual abuse, as defined, be commenced within 8 years of the date the plaintiff attains the age of majority or within 3 years of the date the plaintiff discovers or reasonably should have discovered that the psychological injury or illness occurring after the age of majority was caused by sexual abuse, whichever occurs later, and states that it applies to any action filed on or after January 1, 1991.

However, the recent decision of the court of appeal in David A. v. Superior Court held that these provisions did not indicate a legislative intent to revive causes of action which lapsed under prior law.

This bill would specifically state that existing provisions of this section which apply to any action commenced on or after January 1, 1991, revive causes of action which had otherwise lapsed, and that the express language of revival added by the amendments made by the bill shall apply to any action filed on or after January 1, 1991. The bill would also revise the procedural steps necessary for filing such a cause of action.

This bill would also make technical, nonsubstantive changes.

Ch. 289 (AB 2894) Caldera. Financial institutions.

Existing law provides that benefits accruing from the placement in a demand deposit account of a commercial bank of funds received by a real estate broker who collects certain loan payments or provides services in connection with certain loans, shall inure to the broker, except as specified.

This bill would, instead, provide that benefits accruing from the placement in a non-interest bearing account of a commercial bank of those funds shall inure to the broker.

Ch. 290 (AB 2965) Escutia. Crimes: looting.

Under existing law, any person convicted of the crime of looting who is eligible for and is granted probation is required to serve a mandatory county jail sentence, except that the court may reduce or eliminate that mandatory jail sentence, as provided.

This bill would permit the court, in its discretion, to require any person who is granted probation following conviction under that provision to serve a specified number of hours of community service in any program deemed appropriate by the court.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 291 (AB 3064) Morrow. State Teachers' Retirement System: benefits.

The existing State Teachers' Retirement Law authorizes the system to offer a tax-sheltered annuity plan operated either directly or through one or more 3rd-party carriers, and prohibits the system from utilizing its member mailing list for transmitting information dedicated solely to advertising or marketing the program.

This bill would delete those provisions and, instead, require the system to offer an annuity contract and custodial account for not less than 5 years, authorize the contract and account to be administered by a qualified 3rd-party administrator, and require the board to determine the investment options.

Ch. 292 (AB 3195) Knight. Robbins Courthouse Construction Fund.

Existing law specifies a framework for the expenditure of moneys from the Robbins Courthouse Construction Fund or borrowed against the fund for courtroom construction in Los Angeles County, and requires that construction be within specified statistical areas, judicial districts, and communities, before further construction may begin.

This bill would defer the commencement of construction on a courthouse in the North Hollywood Redevelopment Project Area of the City of Los Angeles, as specified, until after the commencement of construction in other specified statistical areas, judicial districts, and communities.

This bill would provide that nothing therein may be construed to modify provisions of existing law relating to community redevelopment, express specified legislative intent, or provide additional authority to the Los Angeles Redevelopment Agency, as specified.

Ch. 293 (AB 3349) Gotch. Local agency bonds: property tax.

Existing property tax law authorizes a county to adopt procedures utilizing a property tax losses reserve fund to cover losses that may occur in the amount of property tax liens as a result of special sales of tax-defaulted property. Existing law requires that in any year in which the amount of the property tax losses reserve fund reaches an amount equivalent to 3% of the total of all property taxes and assessments levied on the secured roll for that year, the amounts thereafter authorized to be credited to that fund shall be credited to the county general fund. Existing law permits a county, in the alternative, to maintain a tax losses reserve fund at not less than 50% of the total delinquent secured taxes and assessments and requires that at the end of the fiscal year amounts in excess of 50% shall be credited to the county general fund.

This bill would permit, rather than require, those amounts to be credited to the county general fund.

Existing law provides that county treasury moneys in the amount credited to the tax losses reserve fund, as well as tax revenues actually received for funds to the extent moneys have been expended in advance of receipt, shall be available in the county treasury for payment for the same purposes and in the same amounts as the money advanced was available prior to being advanced.

This bill would provide that if the moneys so advanced were derived from the sale of bonds then tax revenues actually received shall be used for the repayment of bonds or the replenishment of any reserve fund for those bonds, or both. The bill would create a procedure for the issuance of bonds by counties to provide sufficient funds for purposes of advancing moneys representing uncollected property taxes pursuant to the procedures discussed above.

This bill would also authorize a joint powers agency to issue specified bonds in order to purchase obligations of, or to make loans to, local agencies, to finance the local agencies' unfunded actuarial pension liability, or to purchase, or to make loans to finance the purchase of, delinquent assessments or taxes levied on the secured roll by the local agencies, the county, or any other political subdivision of the state, as provided.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 294 (AB 3635) Knight. The Veterans' Home of California, Yountville: fees and charges.

Existing law establishes the Veterans' Home of California, Yountville.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law establishes the total annual fees and charges to be paid by members of the home at not greater than 30% of the state's General Fund cost of operating the home for that year.

This bill would delete that limitation and would, instead, establish the total individual member's fees and charges according to a prescribed schedule varying the fees and charges based upon the level of care.

Ch. 295 (AB 3460) Knowles. Grand juries.

Existing law requires a grand jury in a county of over 4,000,000 to be composed of 23 members, 14 of whom are required to concur in an indictment, and 19 members in other counties, 12 of whom are required to concur in an indictment.

This bill would authorize a county having a population of 20,000 or less to have a grand jury of 11 members, upon the approval of the board of supervisors, 8 of whom are required to concur in an indictment.

Ch. 296 (SB 108) Kelley. Underground storage tanks: City of Blythe.

Existing law, the Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, requires every owner of a petroleum underground storage tank who is required to obtain a permit to own or operate a tank to pay a specified storage fee, for deposit in the Underground Storage Tank Cleanup Fund. A failure to pay those fees is a crime, pursuant to other provisions of law. The State Water Resources Control Board is authorized to expend the money in the fund, upon appropriation by the Legislature, for the regulation of petroleum underground storage tanks. Owners, operators, and other responsible parties may file claims for payment from the fund of corrective action costs incurred or to be incurred in connection with an unauthorized release from a tank. The owner and operator are required to meet specified eligibility requirements for the payment of those claims, including requiring the corrective action to not have been completed by October 2, 1989. The act will be repealed, by its own terms, on January 1, 2005.

This bill would delete the eligibility requirement that a corrective action not have been completed by October 2, 1989. The bill would add to the act provisions establishing the Blythe Environmental Remediation Demonstration Project, which would require the board, in carrying out the project, to consider the issue of groundwater plumes that are contaminated with petroleum that is commingled from several parties and to take any action which is reasonably necessary to address that issue, including, but not limited to, determining that regulations are necessary and, if necessary, developing proposed regulations by January 1, 1996, recommending needed legislation in the board's 1995 annual report, identifying unauthorized releases within the City of Blythe, providing estimates regarding the amount of funding and potential funding mechanisms that would be needed to remediate those releases, entering into a contract with the City of Blythe for the purpose of establishing the demonstration project, and reporting to the Legislature on the status of the demonstration project by May 1, 1995.

The bill would appropriate $160,000 from the fund to the board to carry out the project.

The bill would make related legislative findings and declarations.

The bill would repeal an obsolete provision concerning environmental impairment liability insurance.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 297 (SB 196) Johnston. Workers' compensation insurance.

Existing law requires, except as provided, that every admitted workers' compensation insurer maintain a bond in favor of the Insurance Commissioner, as security for the payment of the insurer's obligations on workers' compensation insurance. Existing law permits an insurer, in lieu of maintaining a bond, to deposit certain moneys or securities with the Treasurer, or with specified financial institutions, subject to withdrawal only upon written order of the commissioner. Existing law permits insurers, in certain circumstances, to maintain these deposits outside the state, as specified.

Among other circumstances, existing law permits admitted workers' compensation

NOTE: Superior numbers appear as a separate section at the end of the digests.

insurers to maintain these deposits in accordance with provisions regulating out-of-state custodians of securities if the commissioner finds that certain conditions are met.

This bill would instead permit the insurers to deposit approved securities registered with a qualified depository located in a reciprocal state, as defined, and would permit deposits to be made with a bank that is a qualified custodian that meets specified requirements. It would make related changes.

The bill would also permit summary procedures to use the surety obligations and deposits of a workers' compensation insurer, in certain circumstances. In addition, it would authorize the commissioner to require a workers' compensation insurer to cease and detest making any further deposits in approved securities registered with a depository where a deposit of securities cannot be released, as specified.

Ch. 298 (SB 250) Kelley. Pest control licensees: Africanized honey bees.

Under existing law, applicants for licensing or certification as qualified applicators are required to elect to be examined for licensing or certification in one or more categories.

This bill would permit an applicant for licensing or certification as a qualified applicator to elect to be trained in the handling, control, and techniques of removal of Africanized honey bees. The bill would authorize the Director of Pesticide Regulation to develop or approve a program to train applicants in this specialty. The bill would also permit an applicant for a Branch 2 license from the Structural Pest Control Board to be certified in the handling, control, and techniques of removal of Africanized honey bees, and would require the board to develop or approve such a program.

The bill would permit the Secretary of Food and Agriculture, in cooperation with the Regents of the University of California, to approve programs statewide to train, on a voluntary basis, beekeepers in the maintenance of colonies free of Africanized honey bees.

The bill would also provide that any hive or comparable apparatus that is not occupied by a live bee colony, and that is accessible to bees, is a public nuisance.

Ch. 299 (SB 330) Rogers. State aviation museum.

Existing law provides for the protection and preservation of historical resources.

This bill would designate the California City Museum and Restoration Facility as a state aviation museum. The bill would authorize the Department of Parks and Recreation to extend technical assistance and other nonfinancial support to the museum and would require the museum to reimburse the department for all costs incurred in that regard. The bill would prohibit any direct support of the museum by the California City Redevelopment Agency. The bill would provide for the disposition of materials donated to the museum if the museum were to close or otherwise become inaccessible to the public.

Ch. 300 (SB 517) Bergeson. Land use: mediation and resolution of land use disputes.

Existing law contains numerous provisions relating to the use of land, including provisions authorizing the bringing of actions in the superior court relating to land use disputes.

This bill would express specified findings and declarations of the Legislature relating to litigation arising out of land use disputes, and would also express legislative intent in this regard, including a statement that it is not the intent of the Legislature to interfere with litigants' ability to pursue court remedies. The bill would provide that specified land use actions brought in superior court may be subject to a mediation proceeding, as specified, conducted by the council of governments having jurisdiction in the county where the dispute arose, the Office of Permit Assistance within the Trade and Commerce Agency, or other specified persons or entities. The bill would establish procedures for initiating the mediation process, and for selecting a mediator. The bill would prescribe the reports and statements to be filed by the mediator, as specified, and would provide that specified Evidence Code sections apply to mediations conducted pursuant to the bill's provisions. It would also authorize the Judicial Council or courts to adopt

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

rules, forms, and standards as necessary to implement the chapter.

This bill would require the Office of Permit Assistance, in cooperation with the Judicial Council, to report to the Legislature regarding implementation of the mediation program.

The bill would provide that no action filed on or after January 1, 2002, shall be subject to its provisions, unless a later enacted statute, enacted before January 1, 2002, extends that date or deletes the section.

Ch. 301 (SB 1004) Johnston. Workers' compensation: fraud investigation and prosecution: appointment of qualified medical evaluators.

(1) Existing law establishes the Bureau of Fraudulent Claims in the Department of Insurance and a Fraud Assessment Commission that imposes an assessment on employers to fund investigation and prosecution of workers' compensation fraud. Existing law provides that after incidental expenses, 50% of the funds shall be provided to the Bureau of Fraudulent Claims and 50% of the funds distributed to district attorneys, as specified.

This bill would provide that if any district attorney is determined by the Insurance Commissioner to be unable or unwilling to investigate and prosecute workers' compensation fraud claims, the commissioner shall discontinue distribution of funds allocated for that county and may redistribute those funds to another county or to the Attorney General, as specified.

The bill would require the commissioner to adopt rules and regulations concerning these provisions, as specified.

(2) Existing law requires the Industrial Medical Council to appoint as qualified medical evaluators physicians who are licensed in California and who meet certain requirements, including passing a written examination. Existing law provides that the council shall administer the first examination on or before July 1, 1994, and that this requirement shall apply to a physician who was qualified immediately before the time the first examination is administered only after the physician has had an opportunity to take the examination and has failed to do so or has failed the examination.

This bill would instead provide that physicians qualified immediately before the first examination is administered shall pass an examination by November 1, 1994. The bill would also provide that any physician applying for appointment after July 1, 1994, shall pass an examination prior to his or her appointment as a qualified medical evaluator. The bill would provide that for preparation of the first examination, a panel of not more than 40 experts, appointed by the Industrial Medical Council, representing the physician specialties required to take the qualified medical evaluator examination, shall assist the council in developing the examination, as specified.

The bill would also change the continuing education requirements for reappointment as a qualified medical evaluator from completion within the previous 48 months of at least 24 hours of continuing education in impairment evaluation or workers' compensation-related medical dispute evaluation approved by the council to completion within the previous 24 months of 12 hours of that type of continuing education.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 302 (SB 1345) Russell. California Life and Health Insurance Guaranty Association.

Existing law provides for the establishment of the California Life and Health Insurance Guaranty Association to provide coverage for insurers unable to pay claims under life and health insurance policies and certain annuity contracts. For coverage purposes, existing law defines annuity contracts and certificates under group annuity contracts to include certain agreements and contracts and does not provide coverage for certain unallocated annuity contracts. However, coverage may be provided for unallocated annuity contracts sold by an insurer as to which an order of liquidation, which contained a finding of insolvency and which later became final, was entered by a court of competent jurisdiction in the state of its domicile, after December 20, 1991, but prior to December 20, 1992, and sold to an employer prior to December 20, 1992, for purposes of providing the employees of the employer with deferred compensation or pension benefits and (a) the individual employees have an option to participate or not partici-

NOTE: Superior numbers appear as a separate section at the end of the digests.

pate in the contract, and (b) the individual employee contributes from his or her wages some portion of the funds paid into the plan provided by the contract.

This bill would, with respect to that exception, provide coverage under the above circumstances for an unallocated annuity contract sold to a trustee or other plan fiduciary in connection with a plan or program of an employer, as specified.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 303 (SB 1375) Rogers. Insurance: investments.

Existing law authorizes an insurer to make excess funds investments in shares of an open-end diversified management investment company that meets certain enumerated standards, including a requirement that share certificates of the management investment company shall be issued or retained, as specified.

This bill would instead refer to the "shares" of the management investment company with respect to that requirement.

Existing law authorizes discretionary investments, after investment of an amount equal to its required minimum paid-in capital in specified securities, by any domestic incorporated insurer. Existing law sets forth those investments which may be made by a domestic incorporated insurer, and requires all such transactions to be in the name of the insurer, or other specified entities.

This bill would authorize, notwithstanding that requirement, an insurer to make discretionary investments in shares of an open-end diversified management investment company, as defined in the federal Investment Company Act of 1940. The bill would provide that these provisions would not be intended to prohibit any other discretionary investment.

Ch. 304 (SB 1385) Thompson. Real property: community colleges.

(1) Existing law authorizes the Director of General Services, with the approval of the State Public Works Board, upon application by the state agency or private party, to transfer certain surplus land, acquired at little or no cost, to governmental agencies at no cost.

This bill would require the Director of General Services, through the Office of Real Estate and Design Services, to transfer at fair market value to Santa Rosa Junior College certain real property located in the County of Sonoma, City of Santa Rosa, consisting of .06 acre of land. This bill would require the net proceeds from this transfer be deposited in the Armory Fund and would require the reservation of mineral rights, as specified. This bill would make various legislative findings regarding this property.

(2) Under statutory provisions commonly referred to as the "Field Act," school districts and community college districts are required to have certain buildings examined for safety for educational use and are required to repair, reconstruct, or replace unsafe buildings. Existing law exempts from coverage under the Field Act designated buildings currently leased by (a) the Mendocino-Lake Community College District until construction of certain permanent facilities is completed or December 31, 1995, whichever occurs first, and (b) the Lake Tahoe Community College District until December 31, 1994.

This bill would extend the exemption from the Field Act for the buildings leased by (a) the Mendocino-Lake Community College District until construction of certain permanent facilities is completed or December 31, 2001, whichever occurs first, and (b) the Lake Tahoe Community College District until December 31, 2001. This bill would require the Mendocino-Lake Community College District and the Lake Tahoe Community College District to inform students by posting a sign of the risks that may be incurred by the continued occupation of a building not in compliance with earthquake safety standards. These changes would become operative only upon adoption of a resolution by the governing board of the affected community college district.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 305 (SB 1447) Rogers. Odessa Water District.

Under the Odessa Water District Act, the board of directors of the Odessa Water District consists of the members of the City Council of the City of Barstow, and the act

NOTE: Superior numbers appear as a separate section at the end of the digests.

provides that if territory outside of city boundaries is annexed to the district, 2 additional members residing in the annexed territory shall be elected to the board.

This bill would delete the existing provisions regarding the annexation of territory to the district, and would instead require, if the city annexes territory to, or detaches territory from, its boundaries, that the territory be deemed annexed to, or detached from, the district, as the case may be, so that the boundaries of the city and the boundaries of the district remain coterminous. The bill would make related changes.

Ch. 306 (SB 1801) Bergeson. Insurers: investments.

Existing law authorizes the Insurance Commissioner to require domestic admitted insurers to report where money and securities are deposited, and, if out of state, the reason for maintaining each deposit. Existing law provides that a domestic admitted insurer, other than a domestic life insurer, may maintain its securities in a reciprocal state through a custodian account or out of the nation in a qualified depository, and authorizes additional regulation of those out-of-state or alien transactions, as specified. A qualified depository is an entity located in this state or a reciprocal state that meets various requirements, and may also be an entity located outside of the United States that operates a transnational system for securities or equivalent book entries, as specified.

This bill would provide that a qualified depository may also be an entity located outside of the United States that operates a central system for securities or equivalent book entries, but solely for securities issued by, or by entities within, the country in which the securities depository and clearing agency is incorporated or organized, as specified.

Ch. 307 (SB 1907) Campbell. Powers of attorney.

Existing provisions of the Civil Code set forth provisions governing the law of agency and powers of attorney, including provisions regarding durable powers of attorney and durable powers of attorney for health care.

This bill would revise and recast these provisions, and would transfer these provisions to the Probate Code. Among other things, the bill would specify that any person having the capacity to make a contract may be an attorney-in-fact; require every power of attorney to be dated and either acknowledged before a notary public or signed by two witnesses; provide for the modification and revocation of a power of attorney; provide for the designation of multiple attorneys-in-fact; authorize the designation of successor attorneys-in-fact; provide that an attorney-in-fact is entitled to reasonable compensation and to reimbursement for expenses; authorize an attorney-in-fact to resign, as specified; specify the duties and the standard of care of attorneys-in-fact; provide that no duty to exercise the authority conferred in a power of attorney arises merely from being designated as an attorney-in-fact; and provide for the powers of the attorney-in-fact under a grant of general authority or a grant of limited authority.

Ch. 308 (AB 2544) Isenberg. Trial court funding.

(1) Existing law specifies the responsibilities of the counties and the state for the financing of the trial courts.

This bill would define trial court funding and provide that commencing July 1, 1994, the boards of supervisors of the various counties shall only provide funding for those functions of the trial courts not provided for in the State Budget, as specified, and would declare the intent of the Legislature in this regard. The bill also would require the board of supervisors to submit proposed plans for courthouse construction or remodeling to the judges affected before beginning construction. The bill would also direct each board of supervisors to establish a Trial Court Operations Fund for the deposit of moneys for trial court funding and court operations, as specified.

(2) Under existing law, the initial decision by a county to opt into the Brown-Presley Trial Court Funding Act shall constitute a waiver of all claims for reimbursement for state-mandated local programs, as specified, and of any claim with respect to the Trial Court Funding Act of 1985.

This bill would repeal this provision.

(3) Existing law establishes the Trial Court Trust Fund for purposes of funding trial

NOTE: Superior numbers appear as a separate section at the end of the digests.

court operations upon appropriation by the Legislature.

This bill would require the Controller to apportion funds in the Trial Court Trust Fund quarterly, after deducting administrative costs, as specified. It also would provide for the investment of that fund and the allocation of interest therefrom.

(4) Existing law specifies the health benefits of state employees.

This bill would revise those benefits with respect to judges of municipal and justice courts.

(5) Under existing law, the Judicial Council is required to provide for the appointment of a standing Trial Court Budget Commission, which has the authority to receive and review budget requests from the trial courts.

This bill would require the trial courts to send a copy of their proposed budgets to the board of supervisors at the same time their budget requests are submitted to the Trial Court Budget Commission. The bill would authorize courts to order counties to provide specified funding for court operations where the board of supervisors has failed to provide that funding, as specified. The bill also would revise the authority of the commission, as specified. The bill also would revise the definition of "court operations."

(6) Existing law requires each county to contribute a specified portion of the salary of a superior court judge, and provides for each option county under the Brown-Presley Trial Court Funding Act to receive a supplemental block grant equal to the salary of each municipal and justice court judge in the county.

This bill would eliminate those provisions.

(7) Existing law specifies the intent of the Legislature to increase trial court funding, as specified; provides for block grant funding for trial courts on a county option basis; specifies the number of judicial officers in a county for the determination of trial court block grant funding, and specifies the duties of option counties beginning in the 1989–90 fiscal year.

This bill would repeal those provisions. The bill would also require the Judicial Council and the Controller, as specified, to adopt rules governing trial court fiscal management, and would authorize the Controller to perform and publish financial and fiscal compliance audits of county reports regarding trial court operations. The bill would require the Controller to make quarterly payments of trial court funding upon appropriation by the Legislature, as specified.

(8) Existing law provides for the transfer to the Judicial Council of specified funds appropriated for judges serving on assignment; and specifies that the decision by a county to opt under the Brown-Presley Trial Court Funding Act constitutes an agreement by the county raising the state appropriation limit and lowering that of the county commensurately.

This bill would repeal these provisions.

(9) Existing law requires the Judicial Council to adopt rules to further the implementation of the Brown-Presley Trial Court Funding Act, except as specified, and to certify to the Controller the salaries of justice court judges in counties that have opted into that act, and the number of reimbursable positions by category in each county for purposes of calculating the block grant, as specified.

This bill would repeal this provision.

(10) Existing law provides for the health benefits of retired state employees.

This bill would revise those benefits with regard to retired judges of municipal and justice courts.

(11) Existing law provides for the distribution of fines and forfeitures collected with respect to Vehicle Code misdemeanor offenses.

This bill would revise this distribution.

(12) Existing law authorizes the Department of Motor Vehicles to publish a semiannual list of all traffic violator schools. A court may use that list, or when the court also uses a nonprofit agency to administer and monitor traffic violator school, a statewide referral list may be published by the nonprofit agency and distributed by the court.

This bill would permit a traffic violator to be charged a fee to offset specified costs. This provision would only be operative until June 30, 1995.

(13) The bill would impose a state-mandated local program by expanding the duties

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of local officials.

(14) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(15) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 309 (AB 2738) Cannella. County government departments.

Under existing law, the county board of supervisors may consolidate the duties of certain county offices into one or more specified combinations by ordinance. Existing law expressly permits the board of supervisors to reorganize the delivery of services required by state law into departments or agencies that provide multiple services except those duties and responsibilities of other elected county officials mandated by the state constitution or by statute. Existing law provides that this authorization to reorganize departments or agencies shall not be construed to affect any other statutory or regulatory provision governing county services or programs, as specified.

This bill would provide that a state department or agency may not reject a county plan required by specified laws and would require the department or agency, prior to rejecting a county plan or imposing sanctions, to notify the county board of supervisors in writing of the deficiency.

Ch. 310 (AB 13) T. Friedman. Occupational safety and health: tobacco products.

The existing California Occupational Safety and Health Act of 1973, administered and enforced by the Division of Occupational Safety and Health within the Department of Industrial Relations, prohibits any employer from occupying or maintaining any place of employment that is not safe and healthful. It also provides, under specified circumstances, for misdemeanor penalties with respect to violations of the act, except where another penalty is specifically provided.

This bill would additionally prohibit any employer from knowingly or intentionally permitting, or any person from engaging in, the smoking of tobacco products in an enclosed space at specified places of employment. The bill would specify that, for purposes of these provisions, "place of employment" does not include certain portions of a hotel, motel, or other lodging establishments, meeting or banquet rooms subject to certain exceptions, retail or wholesale tobacco shops, private smoker's lounges, cabs of motortrucks or truck tractors as specified, bars and taverns and gaming clubs subject to certain prescribed conditions, warehouse facilities, theatrical production sites, and medical research or treatment sites, employee breakrooms under prescribed conditions, patient smoking areas in long-term health care facilities, as defined, and specified smoking areas designated by employers with fewer than 5 employees. It would also specify that, for purposes of these provisions, an employer who permits any nonemployee access to his or her place of employment on a regular basis has not acted knowingly or intentionally if he or she has taken certain reasonable steps to prevent smoking by a nonemployee.

This bill would also specify that the smoking prohibition set forth in these provisions shall constitute a uniform statewide standard for regulating the smoking of tobacco products in enclosed places of employment, and shall supersede and render unnecessary specified local ordinances regulating the smoking of tobacco products in enclosed places of employment.

This bill would additionally provide that a violation of the smoking prohibition set forth in these provisions is an infraction punishable by specified fines. It would further provide that the smoking prohibition shall be enforced by local law enforcement agencies, as specified, but would specify that the division shall not be required to respond to any complaint regarding a violation of the smoking prohibition, unless the employer has been found guilty of a 3rd violation of the smoking prohibition within the previous year. By establishing a new prohibition the violation of which is, under specified circumstances, an infraction, this bill would create a new crime and would thereby establish a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 311 (AB 1418) Tucker. Horseracing.

(1) Existing provisions of the California Constitution authorize the Legislature to provide for the regulation of horseraces and horserace meetings, and wagering on the results.

Existing law, for the purposes of the Horse Racing Law, defines "racing weeks" as seven consecutive days during which a licensed racing association is authorized by the California Horse Racing Board to conduct horseracing for a minimum of five racing days.

This bill would provide that the board may authorize a licensed racing association or fair to conduct horseracing on a minimum of 4 racing days during a racing week if the racing association or fair petitions the board to do so.

(2) Existing law permits the board to authorize any licensed association or satellite wagering facility to accept wagers on races conducted in this state comprising the program of racing generally known as the Breeders' Cup and feature races conducted in this state having a gross purse of $50,000 or more, if certain requirements are met. Existing law requires that amounts distributed from the parimutuel pool on out-of-zone races be proportionally reduced by the amount of fees paid as compensation to the association or fair conducting the race. Excepted from the foregoing, however, are license fees, fees paid to a city, county, or city and county, and the fees paid to the Equine Research Laboratory and the California Diagnostic Lab System. Under existing law, all breakage and unclaimed tickets on out-of-zone races are required to be distributed equally among the state, the association or fair that accepts wagers on the race, and the horsemen, as purses.

This bill would permit a licensed association or fair that is conducting a live meeting in any racing zone to accept wagers on any race conducted in this state, if certain requirements are met. The bill would provide that wagers made pursuant to these provisions shall be considered to have been made at the satellite wagering facility and excluded from the handle of the association conducting the meeting for the purpose of determining the state license fee. This bill would also permit the fees paid to a city, county, or city and county, and fees paid to Equine Research Laboratory and the California Diagnostic Lab System to be proportionally reduced by the amount of fees paid as compensation to the association or fair conducting the race. This bill would also provide for the division of breakage and unclaimed tickets between the association or fair that accepts wagers, and the horsemen.

(3) Existing law provides that the board may authorize an association conducting a racing meeting in this state to accept wagers on the results of out-of-state feature races having a gross purse of at least $100,000 during the period the association is conducting the racing meeting on days when live races are being run.

This bill would change these provisions to apply to out-of-state feature races having a gross purse of at least $50,000, rather than of at least $100,000, during the period the association is conducting the racing meeting on days when live races are being run.

In addition, the bill would provide that a thoroughbred racing association may accept wagers on the results of out-of-country thoroughbred races during the period the association is conducting a race meeting without the consent of the organization that represents horsemen participating in the race meeting and without regard to the amount of purses, provided the association conducts not less than 8 live races per day on days the association is licensed to conduct racing.

(4) Existing law provides for the payment of 1% of exotic parimutuel pools as an additional state license fee. Existing law also provides for the distribution of an additional 1% of the parimutuel pool from certain harness and mixed breed meetings between license fees, purses, and commissions.

This bill would exempt a quarter horse meeting from the additional license fee, and would instead provide that the additional 1% from harness and mixed breed meetings

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

be divided equally between purses and commissions.

(5) Existing law prohibits the location of a satellite wagering facility within 20 miles of an existing satellite wagering facility or any track where a racing association conducts a live racing meeting.

This bill would provide that notwithstanding these provisions, the Department of Food and Agriculture may approve not more than 3 satellite wagering facilities that are licensed jointly to the 1a District Agricultural Association and the 5th District Agricultural Association and that are located on the fairgrounds of the 1a District Agricultural Association or within the boundaries of the City and County of San Francisco.

(6) Under existing law, the state is divided into agricultural districts within the boundaries of which district agricultural associations may be formed. District 1a is the County of San Mateo and a portion of the City and County of San Francisco south of a designated line. Under existing law, District 5 is the remainder of the City and County of San Francisco.

This bill would include the City and County of San Francisco in both District 1a and District 5.

(7) Under existing law, for the privilege of conducting wagering on the results of horseraces at live races and at satellite wagering facilities, racing associations and fairs pay the state a license fee. Under existing law, all revenue distributed to the state as license fees from on-track and satellite wagering is required to be deposited in the Fair and Exposition Fund and is continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

By expanding the authority of racing associations and fairs located in the various zones to accept wagers on thoroughbred or fair races conducted in the other zones, this bill would increase the amount of license fees paid to the state for deposit in the fund, thereby making an appropriation and would authorize the imposition of a state tax for purposes of Article XIII A of the California Constitution.

(8) This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 312 (AB 380) Vasconcellos. Claims against the state: appropriation.

This bill would appropriate $178,125 from the General Fund to the Department of Justice to pay the judgment or settlement claim against the state in connection with a specified court action.

This bill also would require that any amounts in excess of the amounts actually required for the payment of that judgment or settlement claim revert to the General Fund on June 30 of the fiscal year in which the payments are made.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 313 (AB 3257) Bornstein. Elections: housing bond measure.

Existing law provides for the submission of the California Housing and Jobs Investment Bond Act to the voters at the November 8, 1994, statewide general election.

This bill would repeal that provision.

This bill declare that it is to take effect immediately as an urgency statute.

Ch. 314 (AB 114) Burton. Controlled substance offenses: asset forfeiture.

Existing law, the Uniform Controlled Substances Act, includes provisions authorizing the forfeiture and seizure of property involved in, or purchased with the proceeds from, a controlled substance offense. Several of these provisions were repealed on January 1, 1994.

This bill would reenact those provisions that became inoperative as of January 1, 1994, including provisions specifying what property is subject to forfeiture and seizure and provisions specifying the procedures to be used for the forfeiture and seizure of specified property. The bill would make other changes relating to the forfeiture procedure, as specified. The bill would impose auditing and reporting requirements on state and local agencies, as specified, regarding funds received by local law enforcement agencies as a result of the forfeiture and seizure of property, thus imposing a state-mandated local program. The bill would provide that $10,000,000 of moneys deposited in the General

NOTE: Superior numbers appear as a separate section at the end of the digests.

Fund as a result of the forfeiture and seizure of property shall be made available for school safety and security, upon appropriation by the Legislature, and shall be disbursed, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 315 (AB 2215) Martinez. Elected officials: judges.

Existing law requires that the name of the offices for which candidates are to be elected be designated on the ballot, as specified. In the case of candidates for Justice of the Supreme Court and court of appeal, existing law further requires that underneath each heading appear a question to the voters, as specified.

This bill would require that, notwithstanding that requirement, a differently worded question, as specified, appear below each ballot heading in the case of candidates for Justice of the Supreme Court and court of appeal whose names appear on the November 8, 1994, general election ballot.

This bill would declare that it shall take effect immediately as an urgency statute.

Ch. 316 (SB 1381) Torres. Property insurance.

Under existing law, the California FAIR Plan Association is a joint reinsurance association formed by insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program for the equitable apportionment among insurers of basic property insurance.

Existing law requires the plan to provide for a method whereby insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas by the Pacific Fire Rating Bureau will, to that extent, be proportionately relieved of the liability to participate in the plan.

This bill makes similar provision for insurers who voluntarily write basic property insurance or business owners' package insurance on risks located in areas designated as inner-city areas by the commissioner.

The bill would additionally require the commissioner to develop by July 1, 1995, a pamphlet which provides information to small business owners and others on the key features and suggested ways of purchasing commercial property insurance, as specified.

Ch. 317 (SB 1506) Maddy. Mule racing.

(1) Prior to January 1, 1994, existing law permitted the 18th District Agricultural Association to conduct mule racing. Effective January 1, 1994, existing law permits mule racing to be conducted by any county fair, district agricultural association, or citrus fruit fair.

This bill would make conforming changes in other provisions of law governing mule racing.

Under existing law, a mule racing meeting may not exceed 10 races per day for more than 11 days.

This bill would delete the limitation on the number of races per day and number of days in a meeting.

(2) Under existing law, all revenue distributed to the state as license fees from mule racing is required to be deposited in the Fair and Exposition Fund and is continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

This bill would, by deleting the limitation on the number of races per day and number

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of days in a meeting, increase the amount of continuously appropriated license fees, thereby making an appropriation. The bill would also authorize the imposition of a state tax for purposes of Article XIII A of the California Constitution.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 318 (SB 1376) Thompson. Alcoholic beverages: tied-house restrictions.

Existing provisions of the Alcoholic Beverage Control Act known as "tied-house" restrictions generally prohibit a winegrower from having an ownership interest in an on-sale alcoholic beverage license, with limited exceptions, including exceptions for the sale of wine by certain winegrowers at licensed premises owned and operated by those winegrowers as bona fide eating places in specified counties.

Existing law also provides as an exception to tied-house restrictions that a winegrower who deals in wine only may hold an ownership interest in any on-sale license, provided that the winegrower has entered into an undertaking approved by the Department of Alcoholic Beverage Control not to sell or furnish his or her wine to the holder of the license for as long as the winegrower's ownership interest in the license continues, or to enter into any collusive scheme to unfairly sell or promote the wine of another winegrower in his or her retail businesses in return for the same treatment in the retail businesses of the other winegrower.

This bill would also provide that a licensed winegrower may hold an ownership interest in an on-sale license, if certain conditions are met, including that the licensed on-sale premises are operated as a bona fide eating place or a bona fide bed and breakfast inn; any alcoholic beverage sold and served at the on-sale licensed premises is purchased only from a California wholesale licensee, except as specified; the winegrower and any officer, director, or agent of that person, whether individually or in the aggregate, do not sell and serve wine products produced or bottled under any brand or trade name owned by that winegrower through more than 2 on-sale licensed premises in which any of them holds an ownership interest; and, in the case of a bona fide public eating place, wine produced by the winegrower does not exceed a specified percentage of the wine items offered for sale in the on-sale premises.

This bill would make certain legislative findings and declarations regarding exceptions to tied-house restrictions.

Ch. 319 (SB 1467) Watson. Education.

Existing law states the Legislature's intent to implement the Early Intervention for School Success Program in 200 public schoolsites between July 1, 1991, and July 1, 1994, to increase the school success of pupils who lack developmental prerequisites that are necessary to succeed in school. Existing law requires the program to use a child study team approach and refers to pupil developmental levels.

This bill would increase to 300 the public schoolsites in which the Early Intervention for School Success Program would be implemented and would extend to July 1, 1994, and June 30, 1999, the dates during which this implementation would occur. The bill would include pupils in grade 2 within the category of pupils served by the program. The bill would require the program to use a collaborative team approach rather than a child study team approach. The bill would make technical changes by, among other things, referring to pupil developmental stages instead of levels and preschool instead of kindergarten, and by deleting references to the Early Prevention of School Failure Program.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 320 (AB 356) Snyder. Domestic violence: custody: visitation.

Existing provisions of the Domestic Violence Prevention Act authorize a court to issue an ex parte order determining the temporary custody of a minor child, or the right of a party to visit a minor child. Under existing law generally governing custody, where the court considers the issue of child custody or visitation, the court is encouraged to make a reasonable effort to ascertain whether or not any civil restraining orders or criminal protective orders are in effect, and is encouraged not to make a custody or visitation order that is inconsistent with those orders. If a domestic violence protective

NOTE: Superior numbers appear as a separate section at the end of the digests.

order, as defined, has been directed to a parent, the court is required to consider whether visitation shall be limited to situations in which a 3rd person is present.

This bill would revise these provisions to refer to emergency protective orders, protective orders, or other restraining orders rather than civil restraining orders or criminal protective orders. The bill would require that whenever custody or visitation is ordered in a case in which domestic violence is alleged and an emergency protective order, protective order, or other restraining order has been issued, the custody or visitation order shall specify the time, day, place, and manner of transfer of the child so as to limit the child's exposure to potential domestic conflict or violence and to ensure the safety of all family members. The bill would require the court, when making an order for custody or visitation in such a case, to consider whether any visitation or custody arrangement shall be limited to situations in which a 3rd person is present, or whether visitation or custody shall be suspended or denied. The bill would provide that if a party is staying in a shelter for victims of domestic violence or other confidential location, the court's order for time, day, place, and manner of transfer of the child for custody or visitation shall be designed to prevent disclosure of the location of the shelter or other confidential location.

Ch. 321 (AB 412) Conroy. Civil service: examinations: veterans.

(1) Existing law requires examinations for vacancies in civil service positions to be held on an open, nonpromotional basis when, in the judgment of the State Personnel Board, open competition will produce eligible lists with more highly skilled qualified candidates and is consistent with the best interests of the state. Existing law also prohibits an examination held on an open, nonpromotional basis from being considered an entrance examination for purposes of establishing eligible lists for police and watchmen positions and other positions for which preference is accorded to veterans.

This bill would repeal this prohibition, and would also include open, nonpromotional examinations in the definition of entrance examinations for purposes of provisions relating to civil service.

(2) Existing law requires that veterans' preference points be allowed for any entrance examination held on an open basis.

This bill would also require that veterans' preference points, as specified, be allowed for any entrance examination held on an open, nonpromotional basis.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 322 (AB 492) Farr. Reclamation districts: delinquency sales.

(1) Existing law requires the county treasurer, after any installment of an unpaid assessment imposed by a reclamation district on which bonds have not been issued has become delinquent, to publish, once a week for 2 weeks, in a newspaper of general circulation published in each county where delinquencies exist, a notice containing a list of all delinquencies in the county and to mail the notice to the last known address of the property owner.

This bill would authorize the county treasurer to publish the notice only upon the request of the reclamation district and would prohibit a reclamation district assessment delinquency sale in the absence of that publication and notification.

(2) Existing law requires the county treasurer to sell a parcel being sold in a reclamation district assessment delinquency sale to the highest bidder, or if no bid is made equal to the amount due, to the county treasurer and his successors in office as trustee for the district for the amount due on the installment.

This bill would require sale directly to the county treasurer and his or her successors in office, as trustee for the district, for the amount due on the installment, accrued interest, penalty, and costs. The bill would make related changes and would require the district, under specified conditions, to reimburse the county treasurer for prescribed costs.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 323 (AB 1685) Haynes. Inmates: movies and videos.

Existing law regulates the conduct, education, and discipline of persons under the jurisdiction or supervision of the Department of Corrections or the Department of the Youth Authority, as specified.

This bill would prohibit the Department of the Youth Authority and local juvenile halls and camps from allowing a minor detained in any institution or facility under their respective jurisdiction to view specified movies or videos. The bill also would authorize the Department of Corrections, the Department of the Youth Authority, county juvenile halls and camps, and local adult detention facilities to promulgate regulations regarding the showing of movies and videotapes at any institution or facility under their respective jurisdiction, as specified.

Ch. 324 (AB 2982) Katz. Dependent children.

Existing law specifies the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, a minor adjudged a dependent child of the juvenile court. Existing law provides, among other things, that after considering the probation officer's report and other evidence, the juvenile court may permanently sever the rights of the parent or parents and order that the child be placed for adoption. Existing law also specifies procedures for the adoption of children.

This bill would authorize the filing of a proceeding for the adoption of a minor who is a dependent of the juvenile court in the juvenile court, as specified, and would make related changes. The bill would specify that this filing is at the option of the potential adoptive parents.

This bill would incorporate additional changes in Section 366.26 of the Welfare and Institutions Code, proposed by SB 1531, to be operative only if SB 1531 and this bill are both chaptered and become effective January 1, 1995, and this bill is chaptered last.

Ch. 325 (SB 1269) Wyman. Schools: dress codes: uniforms.

Existing law authorizes the governing board of a school district to adopt reasonable dress code regulations that prohibit pupils from wearing "gang-related apparel" if the board determines that the regulations are necessary for the health and safety of the school environment. Under existing law, individual schools in a district that have approved a dress code regulation may adopt a reasonable dress code as part of its school safety plan.

This bill would authorize the governing board of a school district to adopt or rescind a reasonable dress code policy that requires pupils to wear a schoolwide uniform or prohibits pupils from wearing "gang-related apparel" if the governing board of the school district approves a plan that may be initiated by the principal, staff, and parents of an individual school within the district and the governing board determines that the policy is necessary for the health and safety of the school environment. If a schoolwide uniform is required, the specific uniform would be selected by the principal, staff, and parents of the individual school.

The bill would require the school district to provide a method whereby parents may choose not to have their children comply with an adopted school uniform policy.

This bill would contain a declaration of legislative declarations and findings.

Ch. 326 (AB 2010) Brulte. Redevelopment agencies: actions.

Existing law, known as the Community Redevelopment Law, authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in those communities.

This bill would authorize the Inland Valley Development Agency to determine at a noticed public hearing that the amendment of a redevelopment plan for the Norton Air Force Base Redevelopment Project Area is not subject to the California Environmental Quality Act, as specified.

The existing Community Redevelopment Law regulates, as specified, the bringing of legal actions by and against redevelopment agencies.

This bill would prohibit, as specified, the funds of a redevelopment agency from being used, directly or indirectly, to finance an action brought against a public agency that

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

does not have jurisdiction to conduct its governmental activities within the jurisdiction of the redevelopment agency or to finance an action the subject matter of which involves real property outside the jurisdictional boundaries of the redevelopment agency.

The bill would not prohibit a redevelopment agency from using its funds to defend itself against any action, or file or maintain an action to enforce a written agreement, as described. This bill would prohibit a redevelopment agency from borrowing funds from its community or any other source to file or maintain an action prohibited by the bill.

The bill would prohibit the funds of a redevelopment agency from being loaned to any person, corporation, or public agency, as defined, to finance, in whole or in part, an action the financing of which by a redevelopment agency is prohibited by the bill.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 327 (SB 140) Kopp. Arbitration.

Existing law prohibits a plaintiff in a judicial arbitration proceeding from obtaining pretrial discovery of certain information relevant to a claim for exemplary damages, unless the court enters a prescribed order permitting pretrial discovery.

This bill would make a technical change regarding a cross reference.

Ch. 328 (SB 215) Rosenthal. Alternative energy sources: financing.

Existing law, the California Alternative Energy Source Financing Act, authorizes the California Alternative Energy Source Financing Authority, among other things, to provide financing assistance to a participating party, as defined, for projects utilizing, or designed to utilize, an alternative energy source. The act authorizes the authority to incur indebtedness and issue and renew securities in an amount not to exceed $200,000,000 of new debt.

This bill would increase that maximum amount to $350,000,000 of total debt.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 329 (SB 894) Thompson. Psychiatric health facilities: licensing.

(1) Existing law provides for licensure of psychiatric health facilities by the State Department of Mental Health pursuant to specified standards and procedures. These provisions are repealed as of January 1, 1998.

This bill would delete the repeal date of these provisions.

(2) This bill would make various technical, nonsubstantive changes.

Ch. 330 (SB 1191) Bergeson. Local agencies: indemnification.

Under existing law, a school district officer, for whose use a revolving cash fund is created, is required to file a bond in favor of the school district in an amount not less than double the amount of the revolving cash fund. Existing law also requires the person authorized to issue warrants by a school district governing board or a community college district governing board, as the case may be, to execute a bond in an amount fixed by the board conditioned upon the faithful performance of his or her duties.

This bill would authorize a governing board, in lieu of these bonding requirements, to instead insure against losses caused by an employee or officer of the district if the insurance gives the same or greater protection to the district that a bond would provide.

The bill would also require the legislative body of a district, other than a school district, that chooses to follow certain procedures regarding local officers and employees, to prescribe the amounts of officials' bonds prior to an election.

Ch. 331 (SB 1231) Torres. Los Angeles County Metropolitan Transportation Authority.

The Los Angeles County Transportation Commission Revenue Bond Act requires the Los Angeles County Metropolitan Transportation Authority to give priority to construction of the overall transit system authorized in Los Angeles County Transportation Commission Ordinance No. 16, and permits obtaining not more than 30% of the cost of the initial segment of the Los Angeles Metro Rail project from rail transit revenues obtained from revenue sources authorized in that ordinance. The bond act prohibited

NOTE: Superior numbers appear as a separate section at the end of the digests.

the commission from issuing more than $300,000,000 in bonds to fund the Los Angeles Metro Rail project.

This bill would repeal the above provisions.

Ch. 332 (SB 1324) Kopp. Civil actions.

Existing law provides that if a settlement offer made by a defendant is not accepted and the plaintiff fails to obtain a more favorable judgment, the plaintiff shall not recover his or her costs and shall pay the defendant's costs from the time of the offer. Furthermore, costs incurred by the defendant shall be deducted from any damages awarded the plaintiff; and if those costs exceed the damages awarded the plaintiff, a judgment for the net amount shall be awarded to the defendant.

This bill would specify that, for these purposes, a plaintiff in a cause of action not based on tort shall not be deemed to have obtained a more favorable judgment unless the judgment obtained by the plaintiff, exclusive of attorney's fees and costs, exceeds the settlement offer made by the defendant.

Ch. 333 (SB 1347) Russell. Special education local plan areas.

Existing law provides an entitlement to increased funding for special education local plan areas that are severely impacted by pupils who reside in licensed children's institutions, as defined. Existing law imposes a limit on the funding adjustments based on prescribed enrollment percentages for the 1989–90 school year. Under existing law, these provisions will be repealed as of January 1, 1996.

This bill would specify that a special education local plan area may claim an amount of funding in a fiscal year that is not greater than the amount claimed pursuant to a specified provision of law, except as specified. The bill would also specify that a special education local plan area that received an increased funding entitlement in the 1994–95 fiscal year would continue to receive that funding in a subsequent fiscal year only if it continues to meet the qualifications for funding and an appropriation is made for those purposes in the annual Budget Act. The bill also would specify that a special education local plan area that did not receive that entitlement in the 1994–95 fiscal year that subsequently qualifies for that funding would not receive that entitlement unless an additional appropriation is made for those purposes in the annual Budget Act.

This bill would extend the repeal date of those provisions from January 1, 1996, to January 1, 1998, unless A.B. 3757 or S.B. 1640 is enacted, in which case the repeal date would remain January 1, 1996.

Ch. 334 (SB 1388) Russell. Insurers: certificate of authority.

Existing law provides that a certificate of authority to transact insurance shall not be issued to any insurer owned, operated, or controlled, directly or indirectly, by any other state, or province, district, territory, or nation, or any governmental subdivision or agency thereof. However, the ownership or financial control, in part, of an insurer by any other state of the United States, or by a foreign government, or by any political subdivision or agency of a state or foreign government, does not restrict the Insurance Commissioner from issuing, renewing, or continuing in effect the license of that insurer to transact in this state the kinds of insurance business for which that insurer is otherwise qualified under the provisions of existing law and under its charter provided the insurer has satisfied the commissioner that it meets specified standards.

This bill would delete the general prohibition and authorize partial ownership or financial control provided that the insurer complies with all other requirements for issuance, renewal, or continuation of a license and unless the commissioner finds that the insurer has violated specified prohibitions.

The bill would also provide that the failure to submit requested information to the commissioner constitutes grounds for denial of an application. The bill would also state legislative intent.

Ch. 335 (SB 1403) Lewis. Air pollution: south coast district.

Existing law authorizes air pollution control districts and air quality management districts to delegate to local agencies the implementation of transportation control

NOTE: Superior numbers appear as a separate section at the end of the digests.

measures, under prescribed conditions.

Existing law prohibits the South Coast Air Quality Management District from requiring any employer with fewer than 100 employees at a single worksite to submit a trip reduction plan.

This bill would prohibit the south coast district from requiring any local agency to implement the trip reduction plan requirement that the south coast district itself is prohibited from enacting, unless required by the federal Clean Air Act.

The bill would also prohibit the south coast district from requiring any employer to charge its employees for parking, except as specified.

Ch. 336 (SB 1473) Ayala. Rehabilitation: blind persons.

Existing law prescribes the qualifications for administrators of orientation centers for the blind who are appointed by the Director of Rehabilitation.

This bill would delete that provision and establish new qualifications.

Ch. 337 (SB 1494) Mello. Alzheimer's day care-resource centers.

Under the Alzheimer's Day Care-Resource Centers Act, the Department of Aging administers a grants-in-aid program for the establishment of Alzheimer's day care-resource centers, that becomes inoperative on July 1, 1995, and is repealed as of January 1, 1996.

This bill would delete the inoperative and repeal provisions of the act.

Ch. 338 (SB 1495) Mello. California Senior Legislature: establishment.

Existing law provides, upon appropriation by the Legislature, for allocation of a portion of the moneys in the California Seniors Special Fund. The commission has used some of these moneys for the operation of the California Senior Legislature.

This bill would specifically establish the California Senior Legislature and would impose certain requirements upon that body.

This bill would require the California Commission on Aging to render such services as are necessary to implement the bill, pursuant to an agreement entered into with the California Senior Legislature. The entire support for the program would be allocated from the California Fund for Senior Citizens.

Ch. 339 (SB 1509) Leonard. Real property: licensees: sales: inspection.

Existing law prescribes the duty of a licensed real estate broker to a prospective purchaser of residential real property comprising 1 to 4 dwelling units to conduct a visual inspection of the property and to disclose all facts materially affecting the value or desirability of the property, if the broker has a written contract with the seller to find or obtain a buyer, as specified. Existing law provides that this inspection does not include an inspection of areas that are reasonably and normally inaccessible to such an inspection.

This bill would extend this duty of brokers to licensed salespersons. The bill would provide that it is the duty of a licensed real estate broker or salesperson to comply with these requirements and any regulations imposing standards of professional conduct adopted pursuant to a specified provision of law. The bill would provide that the inspection described above does not include an affirmative inspection of areas off the site of the property or public records or permits concerning the title or use of the property. The bill would provide that it is intended to clarify the obligations of real estate licensees and is not intended to change any existing duty of a broker or salesperson to disclose material facts within the knowledge of the licensee, including the existence of nuisances or other conditions of nearby properties that may affect the value of the property. The bill also would make clarifying changes.

Ch. 340 (SB 1510) Lewis. Mobilehomes.

The Mobilehome Residency Law provides a comprehensive body of laws governing the terms and conditions of residency in mobilehome parks. Existing law provides for the establishment and observance of rules and regulations applicable to various aspects of mobilehome residence. These rules and regulations are applied to owners and em-

NOTE: Superior numbers appear as a separate section at the end of the digests.

ployees of mobilehome parks to the same extent they are applied to residents and their guests, with specified exceptions, including acts of a park owner or employee which are undertaken to fulfill a park owner's maintenance and care responsibility.

The bill would revise the exception described above to include acts of a park owner or employee which are undertaken to fulfill a park owner's maintenance, management, and business operation responsibilities.

Existing law requires a city or county which administers a rent control measure to permit the management to separately charge a homeowner for certain fees and costs imposed by any city or county on the space rented by the homeowner on or after January 1, 1993.

The bill would require a city or county that administers a rent control measure to permit management to separately charge for fees and costs imposed by a specified governmental entity on the space rented by the homeowner, and make this provision applicable to fees and charges first imposed on or after January 1, 1995.

Existing law requires the management of a mobilehome park to meet and consult with homeowners within 30 days of a written request regarding amendments to park rules and regulations. Existing law also requires that when the management proposes such an amendment, the management shall meet and consult with homeowners after written notice has been given to the homeowners at least 10 days prior to the meeting.

This bill would eliminate the first referenced requirement that the management meet and consult with homeowners regarding amendments to park rules and regulations. The bill would instead require that the management meet and consult with homeowners regarding resident concerns regarding existing park rules that are not subject to the latter requirements.

Ch. 341 (SB 1513) Rosenthal. Taxicabs.

Existing law requires every city or county to adopt an ordinance or resolution regarding taxicab transportation service rendered in the jurisdiction. Existing law permits a peace officer or an authorized public officer or employee when arresting a person for operating a taxicab without a valid taxicab certificate, license, or permit required by any ordinance to impound and retain possession of any vehicle used in violation of the ordinance if the offense took place at a public airport, within 100 feet of a public airport or within 2 miles of the international border between the United States and Mexico.

This bill would permit a transportation inspector authorized by a local government to cite any person for operating as a taxicab without a valid taxicab certificate, license, or permit required by any ordinance, to impound and retain possession of any vehicle in violation of the ordinance, as specified.

Ch. 342 (SB 1536) Ayala. Private postsecondary and vocational education.

(1) Existing law, known as the Private Postsecondary and Vocational Education Reform Act of 1989, provides generally for the regulation of private postsecondary educational institutions. Among other things, the act establishes a procedure for private postsecondary and vocational educational institutions to secure authorization from the state to issue diplomas and degrees. Under existing law, these provisions will become inoperative on June 30, 1996, and as of January 1, 1997, will be repealed.

This bill, instead, would make these provisions inoperative on June 30, 1997, and would repeal them as of January 1, 1998.

(2) Existing law continuously appropriates the Private Postsecondary and Vocational Education Administration Fund to the Council for Private Postsecondary and Vocational Education for purposes of the act.

This bill would make an appropriation by continuing for a one-year period the operation of that continuous appropriation.

Ch. 343 (SB 1641) Craven. Food facilities: exemptions.

The existing California Uniform Retail Food Facilities Law provides uniform statewide health and sanitation standards for retail food facilities. Existing law defines a food facility for purposes of this law, but provides an exception for nonprofit associations giving or selling food at occasional events, as defined.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would also provide an exception for for-profit entities giving or selling food at occasional events for the benefit of a nonprofit association, if the for-profit entity receives no monetary benefit, other than that resulting from recognition for participating in the event.

Ch. 344 (SB 1648) Dills. Property taxation: revenue allocation: libraries.

Existing property tax law requires, for purposes of determining property tax revenue allocations in each county for the 1992–93 and 1993–94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. It requires that the revenues not allocated to the county, cities, and special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education.

This bill would provide, for the 1994–95 fiscal year and each fiscal year thereafter, that a county free library, or a library district established as an independent special district, shall not be subject to any similar reduction and transfer requirement.

Ch. 345 (SB 1670) Dills. Public Employees' Retirement System: state safety members.

The Public Employees' Retirement Law generally defines "state safety member" under the Public Employees' Retirement System in terms of employees employed by specified state departments in specified job classifications. The law includes certain employees of the Office of Emergency Services within the classifications of officers and employees of the Board of Prison Terms, the Department of Corrections, the Department of the Youth Authority, or the Prison Industry Authority.

This bill would, instead, include the employees of the Office of Emergency Services within the classifications of officers and employees of other state departments.

This bill would also make technical, nonsubstantive changes.

Ch. 346 (SB 1716) McCorquodale. Market news: funding of services.

Existing law authorizes the Secretary of Food and Agriculture to, among other things, gather and disseminate information concerning agricultural products. Existing law also provides that all fees, charges, and costs that are collected in connection with this activity are to be paid into the General Fund.

This bill would instead provide that all fees, charges, and costs that are received for the collection, analysis, and dissemination of market news shall be paid into the Department of Food and Agriculture Fund, and upon appropriation, expended for market news services. The bill would also permit the secretary to adopt regulations implementing procedures for receiving fees, charges, and reimbursement for costs from users of market news.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 347 (SB 1722) Kelley. Recycled water.

(1) Existing law requires the State Department of Health Services to perform certain duties in connection with the proposed use of reclaimed water. Existing law requires any person who proposes the use of reclaimed water to reimburse the department for the actual costs that the department incurs in connection with the performance of prescribed duties undertaken in connection with the proposed use of reclaimed water.

This bill would substitute the term "recycled water" for "reclaimed water." The bill would revise those duties undertaken by the department for which a person or entity proposing the use of recycled water may be required to reimburse the department. The bill would authorize the department, under certain conditions, to delegate all or part of these duties within a county to a local health agency, thereby imposing a state-mandated local program. The bill would provide for the reimbursement of the local health agency that undertakes these duties in a specified manner.

The bill would require the department or local health agency to complete its review of a proposed use of recycled water within a reasonable time, as prescribed. The bill

NOTE: Superior numbers appear as a separate section at the end of the digests.

would define a term and specify related matters.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 348 (SB 1772) Rogers. Peace officers: out-of-state law enforcement officers.

Under existing law, the Colorado River Crime Enforcement Compact, all courts and law enforcement officers exercising jurisdiction in any county that is any part of this state bordering upon the Colorado River, or any lake formed by, or that is a part of, the Colorado River, have jurisdiction in all criminal cases upon those waters concurrently with the courts and officers of the State of Arizona so far and to the extent that any of these bodies of water form a common boundary between this state and the State of Arizona.

This bill would provide, in addition, that the officers in this state described above shall have concurrent jurisdiction on any land mass within 25 air miles of the Colorado River, or within 25 air miles of any lake formed by, or that is a part of, the Colorado River.

Ch. 349 (SB 1944) Killea. IHSS provider selection.

Existing law provides for the In-Home Supportive Services (IHSS) program, under which, either through employment by the recipient, or by or through contract by the county, qualified aged, blind, and disabled persons receive services enabling them to remain in their own homes. Counties are responsible for the administration of the IHSS program.

This bill would authorize recipients of IHSS benefits through a contractor or managed care provider to select any qualified person, as defined, to provide their IHSS care.

Ch. 350 (SB 1954) Hart. Educational programs: professional development.

Existing law provides for the establishment of school development plans and school improvement plans. As part of school development plans, schools may include professional development activities that are conducted during the regular school year, in an amount not to exceed 8 days. Moreover, school districts are encouraged to revise salary schedules to allow for and give priority to salary increments related to continuing professional development.

This bill would specify that, in the event a school district revises its salary schedules as specified above, any activity engaged in by a teacher for professional development to enable the teacher to obtain a salary increment on a revised salary schedule shall satisfy specified conditions.

Ch. 351 (SB 2047) Marks. Oil spill prevention: contingency plans.

Existing law, the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, requires each operator of a vessel or marine facility to prepare an oil spill contingency plan applicable to the vessel or marine facility and submit the plan to the administrator for oil spill response for approval. After the plan has been approved, the act requires that it be resubmitted at least once every 2 years from the date of the initial approval.

This bill would instead require that the plan be resubmitted on April 1, 1996, and on April 1, 1998, and every 5 years thereafter.

The bill would also require each operator of a vessel or marine facility, who is required to file or update an oil spill response plan or update pursuant to provisions of federal law regulating marine oil spill response plans, to submit a copy of the federal plan or update to the administrator, for informational purposes only, at the time it is approved by the federal agency, except as provided.

Ch. 352 (AB 42) Peace. Sentencing: controlled substance offenses.

Existing law provides that when a judgment of imprisonment is to be imposed and the statute specifies 3 possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. Existing law

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

specifies facts which shall be considered a circumstance in aggravation of a crime in imposing a term under this provision.

This bill would provide that when a person is convicted of specified controlled substance offenses and that person knew, or reasonably should have known, that the person to whom he or she was selling, furnishing, administering, or giving away the controlled substance was pregnant, had been previously convicted of a violent felony, as defined, or was in psychological treatment for a mental disorder or for substance abuse, these facts would be considered a circumstance in aggravation of the crime in imposing a term under these provisions.

Ch. 353 (AB 497) Johnson. Title insurance: earned premium reserve.

Existing law with respect to unearned premium reserve and reserve for unpaid losses and loss expense for title insurers requires a title insurer to set aside specified amounts out of total charges for policies of title insurance commencing January 1, 1994, as specified. Existing law additionally provides for a release from reserve and restoration to net profits, subject to specified conditions contained in a release table, commencing January 1, 1994.

This bill would provide for a commencement date no later than the year beginning January 1, 1994, in the first instance, and, with respect to the release table, revise the year of "1994" in the table to the year "1994, or earlier."

The bill would make additional clarifying changes, and specify that it does not constitute a change in, but is declaratory of, existing law.

Ch. 354 (AB 1177) Epple. Prison weapons: county jails.

(1) Existing law prohibits a person at or confined in or being conveyed to or from a state prison, prison road camp, prison forestry camp, or other prison camp or farm while in the custody of prison personnel from possessing or carrying upon his or her person, having under his or her custody or control, or manufacturing or attempting to manufacture, specified instruments or weapons, a violation of which is punishable by imprisonment in the state prison, as specified.

This bill would extend these provisions to all penal institutions, as defined.

(2) Because this bill would create a new crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 355 (AB 2456) Richter. Olivehurst Youth Center Building: grant.

Under the Roberti-Z'berg Urban Open-Space and Recreation Program Act, administered by the Department of Parks and Recreation, grants may be made by the department to, among others, applicant public utility districts in nonurbanized areas, as defined, for recreational or open-space purposes. The act requires property acquired or developed pursuant to the act to be used by the grant recipient only for the purpose for which the grant moneys were requested and prohibits any other use of the area, except as authorized by the Legislature.

This bill would authorize the Olivehurst Public Utility District to use the Olivehurst Youth Center Building in Olivehurst, a property developed pursuant to a grant under the act, for additional specified purposes and would authorize the district to lease or enter into other forms of agreement for the recreational or community service use of the building by public or private organizations or individuals.

Ch. 356 (AB 2481) Epple. Mortgages: mortgage guaranty insurance.

Existing law permits a borrower under any note or evidence of indebtedness secured by a deed of trust or mortgage on specified real property to terminate future payments for specified private mortgage insurance or mortgage guaranty insurance, as defined, if several conditions are satisfied, except as otherwise provided. Under existing law, one

NOTE: Superior numbers appear as a separate section at the end of the digests.

of the conditions is satisfied when the unpaid principal balance owed on the secured obligation that is the subject of the private mortgage insurance or mortgage guaranty insurance is not more than 75% of either (1) the sale price of the property at the origination date of the note or evidence of indebtedness or (2) the current fair market value, unless the borrower and lender or servicer of the loan agree in writing upon a higher loan to value ratio.

This bill would provide that when this condition is to be satisfied pursuant to (1) as described above the current fair market value of the property must be equal to or greater than the original appraised value used at the origination date. This bill would additionally condition the termination of future payments upon the requirements that the borrower's monthly installments of principal, interest, and escrow obligations on the encumbrance or encumbrances secured by the real property are current at the time the request for termination is made.

The bill would declare that it shall not apply to notes or evidence of indebtedness that require private mortgage insurance and were executed prior to March 1, 1995.

Ch. 357 (AB 2499) Murray. Bicycles: peace officer exemption.

Under existing law, every person riding a bicycle upon a highway has all the rights and is subject to specified provisions in the Vehicle Code, including rules of the road, that are applicable to the driver of a vehicle.

This bill would exempt a peace officer, as defined, from this requirement, except with respect to driving under the influence laws, if the bicycle is being operated under prescribed conditions.

The bill would specify that this exemption does not relieve a peace officer from the duty of operating a bicycle with due regard for the safety of all persons using the highway.

Ch. 358 (AB 2592) Epple. Juvenile justice commissions: inspections.

Existing law requires the creation of a juvenile justice commission in each county or region. These commissions are required to inquire into the administration of the juvenile court law in the county or region in which the commission serves and to make certain inspections, and are authorized to hold hearings. Existing law authorizes these commissions to inquire into the nonconfidential aspects of the administration of group homes receiving placements by order of the juvenile court in the county or region in which the commission serves, and to report thereon to the State Department of Social Services, the presiding judge of the juvenile court, and the chief probation officer.

This bill would revise the latter provision to instead authorize these commissions to inquire into the operation of any group home located in the county or region in which the commission serves that serves wards or dependent children of the juvenile court, as specified.

The bill would require the commission to give the group home manager at least 24 hours' advance notice of a visit and prior to the visit to consult with specified officials and agencies if the commission believes that there is a serious violation of specified laws or regulations or a substantial threat to the health and safety of the residents. Upon completion of the visit, the bill would require the commission to notify the group home manager, as specified, if it finds any violation of law or any dangerous condition and authorize it to report its findings to specified officials and agencies. By imposing new duties upon the commission this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 359 (AB 2602) Johnson. Liability Insurance.

Existing law with respect to insurance policies affording automobile liability insurance or motor vehicle liability insurance issued or delivered in this state defines various terms.

This bill would, for those purposes, define the term "leased motor vehicle," as specified.

Ch. 360 (AB 2630) Hauser. Commercial fishing: herring.

Under existing law, the general transfer fee for reissuing a permit to take herring for commercial purposes that has been transferred, as specified, is $5,000, except that, for permits to take herring for commercial purposes in Tomales Bay, the transfer fee is $1,000 until April 1, 1995.

This bill would impose a general transfer fee of $2,500 before April 1, 1997, and $5,000 thereafter. The bill would also extend the exception for the reduced fee of $1,000 for transfers of herring permits for use in Tomales Bay to April 1, 1997.

Ch. 361 (AB 2636) Richter. Contractors.

Existing law provides for the licensing and regulation of contractors by the Contractors' State License Board.

This bill specifically would exempt from these provisions real estate licensees acting within the course and scope of their license. The bill would provide that this exemption shall not authorize a real estate licensee or a property manager to act in the capacity of a contractor unless licensed by the board.

Ch. 362 (AB 2719) Frazee. Contractors.

Existing law provides that violation of specified laws by a licensed contractor constitutes cause for disciplinary action.

This bill would include within the specified laws provisions dealing with excavations and subsurface installations.

Existing law provides certain requirements applicable to home improvement contracts, as defined, and provides that a violation of these provisions by specified contractors is a misdemeanor.

This bill would provide that an indictment or information must be brought, or a complaint filed, for a violation of these provisions, within 3 years from the effective date of the contract.

This bill would incorporate additional amendments to Section 7159 of the Business and Professions Code proposed by SB 634, contingent upon the prior enactment of that bill.

Ch. 363 (AB 2743) Cortese. At-risk juveniles: funds.

Existing law authorizes school districts to establish and maintain school-based pupil motivation and maintenance programs to improve the ability of schools to keep pupils in school and to reduce pupil absenteeism, truancy, tardiness, and school dropout rates, as specified. Existing law requires each schoolsite council to develop a school plan for increasing the retention rate, as defined, of the school, with a special emphasis upon the needs of high-risk pupils. Existing law requires the plan to include, among other things, the proposed expenditure of funds available to the school through specified programs and other available funds.

This bill would require the schoolsite council to consult with local officials and with representatives from nonprofit organizations that work with at-risk youth, before making this proposal.

Ch. 364 (AB 2778) Murray. Civil liability: disclosures by former employers.

Under existing law, certain communications are privileged and may not be the basis for tortious liability, including communications made without malice to a person interested therein by a person who is also interested, made by a person who stands in a relation to the person interested as to afford a reasonable ground for supposing the motive for the communication to be innocent, or made by a person who is requested by the person interested to give the information.

This bill would specify that the above privilege applies to communications concerning

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the job performance or qualifications of an applicant for employment made, without malice, as specified, by a current or former employer of the applicant to, and upon the request of, the prospective employer. The bill would also specify that this privilege does not apply to a communication concerning the speech or activities of an applicant for employment that is constitutionally protected or protected by other provisions of law.

Ch. 365 (AB 2820) Knight. Dentists: unprofessional conduct.

Existing law prohibits the practice of dentistry without a license issued by the Board of Dental Examiners of California. Under existing law, the board may take disciplinary action against a licensed dentist for unprofessional conduct. Existing law enumerates the acts that constitute unprofessional conduct for dentists.

This bill would provide that it is unprofessional conduct for a licensed dentist to perform, or to hold himself or herself out as able to perform, services beyond the scope of his or her license or competency. This bill would exempt certain research from this provision.

Ch. 366 (AB 2853) Cortese. Urban water management planning.

The Urban Water Management Planning Act requires every urban water supplier providing water for municipal purposes to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually to prepare and adopt, in accordance with prescribed requirements, an urban water management plan containing prescribed elements, including requirements to describe the findings, actions, and planning related to incentives for conversion to water reuse and methods to increase the use of reclaimed water, to describe financial incentives used to encourage the use of reclaimed water and the results of those incentives, to describe water reclamation measures for specified uses, and to identify actions and incentives to facilitate the development of dual water systems to use reclaimed water for specified purposes. The act also requires an urban water supplier to include in a plan that projects a future use that indicates a need for expanded or additional water supplies an evaluation of specified alternatives, including waste water reclamation.

This bill would remove those requirements regarding the description and identification of incentives and methods for the use of reclaimed water, and would change the term "reclaimed water" to "recycled water" for purposes of the act. The bill would, instead, expand the requirement to evaluate waste water reclamation as a future water supply by requiring the plan to include information on recycled water and its potential for use as a water source in the service area of the urban water supplier, as prescribed. The bill would require the preparation of the plan to be coordinated with local water, waste water, and planning agencies.

Ch. 367 (AB 2880) Caldera. Income and bank and corporation taxes: compliance.

The Personal Income Tax Law and the Bank and Corporation Tax Law impose various penalties for failure to file income or franchise tax returns.

This bill would authorize the Franchise Tax Board to enter into voluntary disclosure agreements, as specified, with any qualified business entity, as defined. The bill would permit, under the authority of a voluntary disclosure agreement, the Franchise Tax Board to waive its authority to assess taxes, additions to taxes, fees, or penalties for income and taxable years ending more than 6 years prior to the agreement. The bill would permit the Franchise Tax Board to waive specified penalties for the 6 income and taxable years immediately preceding the agreement. The bill would require any business that enters into a voluntary disclosure agreement to fully disclose all material facts pertinent to its franchise or income tax liability, and to file returns and pay all taxes within 30 days of the agreement, except as specified. The bill would provide, however, that the agreement would be null and void if specified conditions occur.

The existing Bank and Corporation Tax Law provides, with specified exceptions, that the corporate powers, rights, and privileges of a domestic taxpayer may be suspended, and the exercise of the corporate powers, rights, and privileges of a foreign taxpayer may be forfeited if any of specified conditions occur. It also provides for relief from suspension or forfeiture and from voidability of contracts pursuant to certain requirements and

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures, including the filing of an application for relief from contract voidability and an application for revivor.

This bill would provide, in the case of a taxpayer who has entered into a voluntary disclosure agreement, for relief from contract voidability only if the taxpayer fulfills the specifications of the voluntary disclosure agreement, as specified.

This bill would make certain legislative findings and declarations regarding compliance with state tax laws, would require the Franchise Tax Board to make a specified study and report to the Legislature on or before January 1, 1998, with regard to the effectiveness of the voluntary disclosure program, and would require the Legislative Analyst's Office to review the Franchise Tax Board's study and include the findings in the Budget Bill analysis for the 1999–2000 fiscal year.

This bill would take effect immediately as a tax levy.

Ch. 368 (AB 2911) Goldsmith. Contempt: attorney's fees.

Existing law specifies that a person who is adjudged guilty of contempt may be fined or imprisoned, or both, as specified.

This bill would provide that a person adjudged guilty of contempt, as specified, may, in addition, be ordered to pay to the party initiating the contempt proceeding his or her reasonable attorney's fees and costs incurred in connection with the contempt proceeding.

Ch. 369 (AB 3011) Alpert. Fish: ocean resources enhancement.

(1) Existing law establishes the California Ocean Resources Enhancement and Hatchery Program for the purpose of basic and applied research on the artificial propagation, rearing, stocking, and distribution of marine fish, as specified. Under the program, until January 1, 2003, a person taking fish from ocean waters south of Point Arguello is required to have an ocean fishing enhancement stamp affixed to his or her sportfishing license. The fee for a stamp to be affixed to a sportfishing or sport ocean fishing license stamp is $1, and the fee for a stamp to be affixed to a commercial passenger fishing boat license is $10. Existing law provides that the revenue from the stamp fees is available upon appropriation solely for the purposes of the program.

This bill would, instead, set the fees at $2.50 for a stamp to be affixed to an annual sportfishing or sport ocean fishing license, 50¢ for a stamp to be affixed to a one-day sportfishing or sport ocean fin fishing license, and $25 for a stamp to be affixed to a commercial passenger fishing boat license. The bill would also set the fees at $25 for a stamp to be affixed to a commercial fishing license in order to land white sea bass commercially. Because a violation of the requirement for a stamp to take white sea bass commercially would be a new crime, the bill would impose a state-mandated local program.

The bill would declare that the ocean resources enhancement advisory panel may encourage contracts to carry out coordination activities and recommend to the Director of Fish and Game that this coordination remain a high priority. The bill would provide that these coordination activities may be funded from fees derived from the sale of ocean fishing enhancement stamps.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 370 (AB 3043) Umberg. Hazardous waste reduction: grants.

Existing law, the Hazardous Waste Reduction, Recycling, and Treatment Research and Demonstration Act of 1985, requires the Department of Toxic Substances Control to establish a Hazardous Waste Technology, Research, Development, and Demonstration Program, consisting of specified elements.

The act requires the department, pursuant to that program, to provide grants, based on specified criteria, to local governments for hazardous waste reduction programs, to the extent meritorious applications are received. That provision of the act will become

NOTE: Superior numbers appear as a separate section at the end of the digests.

inoperative on July 1, 1994, and will be repealed as of January 1, 1995.

This bill would specify that the department is required to make those grants to the extent that funds are available, extend that inoperative date to July 1, 1999, and extend that repeal date to January 1, 2000.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 371 (AB 3154) Bustamante. Housing: migrant farm labor centers.

Under existing law, the Department of Housing and Community Development, through its Office of Migrant Services, is required to assist in the development of 100 family units in migrant farm labor centers. Existing law specifies that if the development costs of any migrant farm labor center are provided by federal, state, or local grants, and if no funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center which are in excess of rents charged in other centers assisted by the Office of Migrant Services. Existing law requires the department, prior to approving those rents, to consider the adequacy of evidence presented by the agency operating the center that the rents reimburse specified costs of operation of the center and that any reserve funds are not in excess of actual needs anticipated within the next 3 years.

Existing law also provides that the development of these centers should first be encouraged in specified counties, and further provides that funds for these purposes shall include excess funds appropriated for the purposes of the Office of Migrant Services by specified acts. Existing law also sets forth required determinations to be made by the department prior to the expenditure of funds for purposes of establishing migrant farm labor centers.

This bill would authorize an entity operating a migrant farm labor center to establish a reserve account of the funds received from the department, as specified, to provide for specified capital improvements. The bill would also authorize a migrant farm labor center to be operated for a period beyond 180 days if no additional subsidies provided by the department are used for the operation or administration of the center, if rents are not to be increased above the rents charged during the period immediately prior to the extension with certain exceptions, if the rent does not exceed the average daily operating cost of the center if an extension is requested by an entity operating the migrant farm labor center and the occupancy will be limited as specified, if the extension is deemed necessary by the department for the health and safety of agricultural workers, and the occupancy during the extended season represents a new tenancy.

This bill would eliminate the designation of specific counties, and the requirement that the department make specified determinations prior to the establishment of migrant farm labor centers. It would provide that funds transferred pursuant to provisions of existing law relating to revenues from housing bonds shall not be used in a manner inconsistent with other specified provisions.

This bill would permit the Office of Migrant Services to authorize the use of dormitory-style housing in a migrant farm labor center.

Ch. 372 (AB 3155) Conroy. Veterans.

(1) Existing law authorizes the Department of Veterans Affairs to assist every veteran of any war of the United States and the dependent of every veteran in presenting and pursuing various claims against the United States arising out of war service, and in establishing any rights under the laws of the United States or this state.

This bill would delete the provision limiting this service to veterans "of any war," and would make this authority applicable to survivors, as defined, of veterans.

(2) Existing law requires the department to grant for postgraduate study children of killed in action World War II veterans that speak and write at least two Chinese dialects.

This bill would repeal that provision.

(3) Existing law requires the department to provide for one paid veterans assistant position within the office of the county veteran service officer for the County of Los Angeles, the County of San Diego, and the City and County of San Francisco.

Existing law requires the department to provide for these positions by contract with one or more private, nonprofit, community-based organizations.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would delete the requirement that the department provide for these positions by contract with one or more private, nonprofit, community-based organizations.

(4) Existing law requires the department to set aside for a period of 18 months $10,000,000 from the proceeds of the first sale of general obligation bonds after January 1, 1983, for the purpose of making home improvement loans to certain disabled veterans, establishes the interest rate of those loans, and requires unused moneys to revert to the Veterans' Farm and Home Purchase Act of 1943.

This bill would repeal this provision.

(5) Existing law requires the department to purchase property, subject to a participation contract for a loan term of not less than 23 years, and provides that the purchase price plus the participation contract not exceed $125,000 or 95% of the market value, whichever is less.

This bill would, instead, provide that the purchase price plus the participation contract not exceed the maximum purchase price available under the Veterans' Farm and Home Purchase Act of 1974.

(6) Existing law requires the purchaser of a home or farm under the Veterans' Farm and Home Purchase Act of 1974 to make an initial payment of at least 5% of the price, or of 3% if the selling price is equal to or less than $35,000. Existing law authorizes the department to waive the initial payment where the appraised value of the property equals the initial payment amount plus the percentage.

This bill would, instead, require the 3% initial payment where the price is equal to or less than $60,000, and would make conforming changes relating to the initial payment waiver authority.

(7) Existing law authorizes any veteran for whom a farm or home is purchased under the act to be granted a subsequent opportunity to purchase when the first home purchased is sold and the loan is fully paid.

This bill would also authorize subsequent purchases when the veteran's interest has been divested through divorce or dissolution of marriage, and would make a conforming change.

(8) Existing law authorizes certain disabled veterans requiring special accommodations for the disability to be granted a 2nd opportunity to purchase a home or farm.

This bill would repeal this provision.

(9) Existing law requires the department to annually report by February 1, to the Legislature on, among other things, the utilization of veterans' farm and home loan funds by lower income veterans.

This bill would repeal this provision.

(10) Existing law requires the department to allocate, reserve, or set aside, in the Veterans' Farm and Home Building Fund of 1943, a sum equal to 2.5% of the amount of each issue of authorized general obligation bonds for a one-year period for homes equipped with or improved by solar energy heating devices.

This bill would repeal this requirement.

(11) Existing law contains an obsolete reference as regards the rate of interest to be credited for money deposited by a veteran with the Veterans' Home of California at Yountville.

This bill would delete this obsolete reference and would, instead require that the rate of interest be no more than the State Money Investment Fund rate, less 0.75%.

Ch. 373 (AB 3277) Baca. Workers' compensation insurance.

Under existing law, the state and its agencies and subdivisions may insure against liability for workers' compensation with the State Compensation Insurance Fund and not with any other insurer unless the fund refuses to accept the risk when the application for insurance is made.

This bill would eliminate the prohibition against insuring with other insurers. It would specifically authorize public utilities to insure with the fund.

Ch. 374 (AB 3397) Aguiar. Mortgages.

(1) Existing law requires a beneficiary or assignee of the beneficiary of an obligation secured by any deed of trust to execute and deliver to the trustee specified documents,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

including the original note, deed of trust, and request for a full reconveyance, when the obligation has been satisfied.

This bill would provide that the term "original" may include an optically imaged reproduction under prescribed circumstances.

(2) Existing law defines the term "delivery" for specified purposes relating to payoffs of mortgages to mean the mailing of a copy of the document to be delivered.

This bill would authorize the transmittal of the document by facsimile machine.

Ch. 375 (AB 3697) T. Friedman. Private postsecondary education.

Existing law imposes various requirements on private postsecondary educational institutions, with specified exceptions, with respect to providing student protections. These protections relate to prohibitions against false or misleading statements, recruitment, disclosures required to be made by the institutions, rights of students to cancel contracts for courses, and other related topics.

Existing law also requires every private postsecondary educational institution to designate an agent for service of process within this state and to provide the name, address, and telephone number of the agent to the Superintendent of Public Instruction who is required to furnish the agent's name, address, and telephone number to any person upon request.

This bill, instead, would require every private postsecondary educational institution to designate and maintain, rather than designate, an agent for service of process within this state and to provide the name, address, and telephone number of the agent to the Council for Private Postsecondary and Vocational Education, rather than to the Superintendent of Public Instruction.

In addition, the bill would provide that if a private postsecondary educational institution is not operating in California when it applies for approval to operate, the institution shall set forth the name, address, and telephone number of its agent for service of process in the institution's application.

The bill, among other things, also would specify that if a private postsecondary educational institution fails to designate or maintain an agent for service of process and if service on the institution cannot reasonably be effected, as specified, the institution may be served by leaving a copy of the process or any other document in an office of the council and by sending, by first-class mail, a notice of the service upon the council and a copy of the process or other document to the institution at its last address on file with the council.

Ch. 376 (SB 2005) Leslie. Teacher credentialing: revocation of credential.

Existing law requires the Commission on Teacher Credentialing to revoke the credential of any person convicted of any sex offense or controlled substance offense, as defined, when the conviction becomes final or imposition of sentence is suspended.

This bill, in addition, would provide that the revocation is final without possibility of reinstatement of the credential if the conviction is for specified sex offenses or for controlled substance offenses in which an element of the controlled substance offense is distribution to, or use by, a minor.

Ch. 377 (SB 1869) Hill. California State Lottery.

The California State Lottery Act of 1984, among other things, provides that in lottery games utilizing tickets, the overall estimated odds of winning some prize or some cash prize as appropriate for the lottery game shall be printed on each ticket.

This bill would also permit this information to be printed on a play slip.

The lottery act also provides that if a lottery game utilizes a drawing of winning numbers, a drawing among entries, or a drawing among finalists, the drawings shall always be open to the public; any manual or physical selection in the drawings shall not be conducted by an employee of the lottery; the drawings shall be witnessed by an independent certified public accountant; any equipment used in the drawings shall be inspected by the independent certified public accountant and an employee of the lottery both before and after the drawings; and the drawings and the inspections shall be recorded on both videotape and audiotape.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise the above provisions to provide, among other things, that except for computer automated drawings, these drawings shall be witnessed by a representative of a firm of independent certified public accountants, and that any equipment used in the drawings shall be inspected by the representative of the firm of independent certified public accountants and an employee of the lottery both before and after the drawings.

Existing law provides that no lottery tickets or shares shall be sold by a lottery game retailer unless the retailer has his or her certificate of authority to sell lottery tickets or shares on display on his or her premises.

This bill, instead, would provide that no lottery tickets or shares shall be sold by a lottery game retailer unless the retailer has a certificate of authority, issued by the lottery, to sell lottery tickets.

The California State Lottery Act of 1984, an initiative measure, specifies that none of its provisions may be changed except to further its purposes by a bill passed by a ⅔ vote of each house of the Legislature and signed by the Governor.

This bill would declare that it furthers the purposes of the act and would require a ⅔ vote.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 378 (SB 1394) Maddy. California State Lottery: horseracing.

The California State Lottery Act of 1984 prohibits the use of a horseracing theme in lottery games. The act also prohibits a lottery game from being based on the results of a horserace.

The bill would delete these prohibitions on the use of horseracing in the state lottery. The bill also would provide that a lottery game may be based on the results of a horserace with the consent of the association conducting the race and the California Horse Racing Board. In addition, the bill, among other things, would specify that any compensation received by an association for the use of its races to determine the winners of a lottery game shall be divided equally between commissions and purses.

The lottery act also provides that if a lottery game utilizes a drawing of winning numbers, a drawing among entries, or a drawing among finalists, the drawings shall always be open to the public; any manual or physical selection in the drawings shall not be conducted by an employee of the lottery; the drawings shall be witnessed by an independent certified public accountant; any equipment used in the drawings shall be inspected by the independent certified public accountant and an employee of the lottery both before and after the drawings; and the drawings and the inspections shall be recorded on both videotape and audiotape.

This bill would revise the above provisions to provide, among other things, that except for computer automated drawings, these drawings shall be witnessed by a representative of a firm of independent certified public accountants, and that any equipment used in the drawings shall be inspected by the representative of the firm of independent certified public accountants and an employee of the lottery both before and after the drawings.

An initiative measure, the act provides that none of its provisions may be changed except to further its purposes by a bill passed by a ⅔ vote of each house of the Legislature and signed by the Governor.

This bill would declare that it furthers the purposes of the act and would require a ⅔ vote.

Ch. 379 (SB 1413) Craven. Housing: redevelopment agencies: local revenue bonds: loans to nonprofit organizations for housing: mobilehomes: resident-control

(1) Existing law, known as the Community Redevelopment Law, authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in those communities. The Community Redevelopment Law authorizes a redevelopment agency to preserve a supply of affordable housing by, among other things, maintaining the community's supply of mobilehomes.

Existing law authorizes redevelopment agencies, housing authorities, cities, and counties to issue bonds to make loans to specified tax-exempt nonprofit organizations to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

finance acquisition of multifamily rental housing to provide housing in accordance with the tax-exempt purposes of the borrower. Under existing law, these bonds are exempt from state or local taxation, except for estate taxes. Existing law secures these bonds solely by payments of principal and interest on the loans made with proceeds thereof.

This bill would authorize these bonds to be issued to finance mobilehome parks in which residents rent spaces and either rent , legally own, or are purchasing the mobilehomes occupying these spaces within the multifamily rental housing , as specified.

(2) Existing law establishes rent restrictions for multifamily rental developments financed from proceeds of the sale of bonds.

This bill would include mobilehome parks and establish the rent restrictions that would apply to mobilehome parks in which residents rent spaces and either rent , legally own, or are purchasing the mobilehomes occupying these spaces.

Ch. 380 (SB 1508) Craven. Mobilehome parks: access to common area facilities.

Existing law provides that each common area facility of a mobilehome park is to be available to residents at all reasonable hours and that the hours of the common area facility are to be posted at the facility.

This bill would provide that a homeowner shall not be required to obtain liability insurance as a condition of use of common area facilities to assemble or meet for specified purposes.

Ch. 381 (SB 1515) Hughes. Redevelopment agencies: graffiti eradication.

Existing law, known as the Community Redevelopment Law, authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in blighted areas of those communities designated as project areas.

This bill would, within a project area, authorize the redevelopment agency to take any actions that the agency determines are necessary to remove graffiti from public or private property, upon making a specified finding.

Ch. 382 (SB 1553) Alquist. Solar energy: restrictions.

Existing law provides that any covenant, restriction, or condition with respect to real property, as provided, that effectively prohibits or restricts the installation or use of a solar energy system, is void and unenforceable. This provision does not apply to reasonable restrictions on solar energy systems, which are defined, in part, as restrictions that do not significantly increase the cost of the system or significantly decrease its efficiency or specified performance.

This bill would, for purposes of these provisions, define the term "significantly" to mean amounts exceeding certain percentage changes with respect to the cost or efficiency of a solar energy system, as originally specified or proposed, and would establish certain requirements for solar energy systems in connection with this definition.

This bill would also make a declaration of legislative intent regarding solar energy systems.

Ch. 383 (SB 1837) Campbell. State fiscal analysis.

Under existing law, the Legislative Analyst, operating under the authority of the Joint Legislative Budget Committee, provides to the Legislature fiscal analyses of the annual state budget.

This bill would require the Legislative Analyst, to the extent that any fiscal estimate of the annual state budget involves one or more proposed changes in state tax law having a designated fiscal impact, to prepare the estimate, except as specified, on the basis of assumptions that estimate the probable behavioral responses of taxpayers and others to the proposed changes, and to include in the fiscal estimate a statement identifying those assumptions.

Under existing law, the responsibilities of the Department of Finance include various duties pertaining to the preparation and analysis of the annual state budget, and the fiscal analysis of legislative proposals before the Legislature.

This bill would require the Department of Finance , to the extent that any fiscal impact estimate involves one or more proposed changes in state tax law having a

NOTE: Superior numbers appear as a separate section at the end of the digests.

designated fiscal impact, to prepare the estimate, except as specified, on the basis of assumptions that estimate the probable behavioral responses of taxpayers and others to the proposed changes, and to include in the fiscal estimate a statement identifying those assumptions.

This bill would repeal the above provisions as of January 1, 2000, unless a later enacted statute, enacted before that date, extends or deletes that date.

Ch. 384 (SB 1941) Rosenthal. Cable television.

Existing law empowers any city or county or city and county in the state to authorize by franchise or license the construction of a community antenna television system.

Under the existing Video Customer Service Act, every video provider, among other things, is required to render reasonably efficient service, make repairs promptly, and interrupt service only as necessary.

This bill would require video providers to issue security or customer deposit refund checks promptly, and would prohibit video providers from disclosing the name and address of a subscriber for commercial purposes not necessary to conducting a business activity related to the subscribers' video service without notice to the subscriber that describes the ability for the subscriber to prohibit the disclosure.

Under the existing Video Customer Service Act, cities and counties are required to resolve disputes concerning rights granted by its provisions. The provisions of this bill would be included within that act, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 385 (SB 2068) Johnston. San Francisco Bay pilots.

Existing law establishes a program for licensing of pilots for the Bays of San Francisco, San Pablo, and Suisun, administered by the Board of Pilot Commissioners. Existing law specifies the rates for pilotage, including an additional charge of 60.70 mills per high gross registered ton, adjusted quarterly as specified, and augmented by an incremental rate of 0.78 additional mills for each pilot appointed by the board in excess of 60 pilots. Existing law also imposes a board operation surcharge of 7.5% of pilotage fees, to be deposited in the Board of Pilot Commissioners' Special Fund and used to support the board, and imposes an additional charge for pension benefits payable to a fiduciary agent, as specified. The fund is continuously appropriated for the payment of the compensation and expenses of the board, its officers and employees, and the pilot training programs.

This bill would provide that the rate of the additional pilotage charge is 64.88 per high gross registered ton. Because the bill would increase the amount of money deposited in a continuously appropriated fund, the bill would make an appropriation.

This bill, among other things, also would provide that if the actual cost to the pilots during 1995 for extraordinary maintenance and repair of 2 pilot boats is less than $200,000, the board shall temporarily reduce the additional pilot charge proportionate to the savings.

Ch. 386 (SB 1602) Lockyer. Political Reform Act of 1974: governmental decisions: disqualification.

Existing provisions of the Political Reform Act of 1974 generally prohibit a public official from making, participating in making, or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. The act specifies that a public official has a financial interest in such governmental decision if it is reasonably foreseeable that

NOTE: Superior numbers appear as a separate section at the end of the digests.

the decision will have a material financial effect, distinguishable from its effect on the public generally, on the official or on certain other persons, including, among others, any donor of, or any intermediary or agent for a donor of, a gift or gifts aggregating $250 or more in value provided to, received by, or promised to the official within 12 months prior to the time when the decision is made.

This bill would require the commission to adjust the amount of the value of gifts made by a donor that would subject a public official to those prohibitions.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on certain persons who violate the provisions of the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

Ch. 387 (AB 163) Areias. Special election.

This bill would call a special statewide election to be consolidated with the general election of November 8, 1994. This bill would provide for the submission of SCA 7, ACA 37, ACA 40, and ACA 46 to the voters at the next general election, to be held November 8, 1994. This bill would declare that it is to take effect immediately as an act calling an election.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 388 (AB 766) Hauser. Public Utilities Commission: propane.

Existing law defines a gas plant for purposes of the jurisdiction and control of the Public Utilities Commission pursuant to the provisions of the Public Utilities Act as all facilities for the production, generation, transmission, delivery, underground storage, or furnishing of natural or manufactured gas except propane.

This bill would require the commission to undertake a propane safety inspection and enforcement program for propane distribution systems to ensure compliance with the federal pipeline standards by propane operators within the state, and permit the commission to adopt rules, at least as stringent as the federal law, in order to protect the health and safety of customers served by propane distribution systems.

This bill would require the State Board of Equalization and the commission to establish a uniform billing surcharge designed to cover the commission's cost in implementing these provisions, with all surcharge fees except those required by the board for administering the trust fund to be deposited by the commission in the Public Utilities Commission Utilities Reimbursement Account in the General Fund, to be used, upon appropriation by the Legislature, for these purposes.

Because violations of orders, decisions, rules, or other requirements of the Public Utilities Commission are misdemeanors, this bill would impose a state-mandated local program by creating new crimes.

The California Constitution requires the state to reimburse local agencies and school

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 389 (AB 1084) Isenberg. Courts.

(1) Existing law requires the state to provide each municipal court and justice court judge with health, dental, and vision care benefits equal to those provided to superior court judges.

This bill would extend this requirement to retired municipal court and justice court judges, and authorize municipal court and justice court judges retired under the Judges' Retirement System, or eligible surviving spouses or dependents, as specified, to enroll in the Public Employees' Medical and Hospital Care Act, as specified.

(2) Existing law required each trial court in the state, in conjunction with the local bar, to prepare and submit to the Judicial Council for review and approval a trial court coordination plan, as specified, on or before March 1, 1992.

This bill would impose a state-mandated local program by requiring each trial court to submit an updated coordination plan to the Judicial Council on or before March 1 of 1995, and every other year thereafter, and by requiring any trial court coordination plan disapproved by the Judicial Council to be revised and resubmitted within 60 days of notification of disapproval. The bill would authorize the Judicial Council to exempt any court from the requirement of filing a new coordination plan for any year if the court has consolidated its administrative functions and adopted a coordination plan, as specified.

The bill would also authorize municipal and superior court clerks to cross-deputize their personnel to perform comparable duties in the other court, without added compensation, in furtherance of a trial court coordination plan.

(3) Existing law provides that the presiding or sole judge of a superior court may direct that a session of the court be held at any place in the county where a municipal or justice court regularly conducts sessions if specified conditions are met.

This bill also would authorize these sessions in furtherance of a coordination plan.

(4) Existing law specifies that sessions of a municipal or justice court may be held at any place or places within the district for which the court is established, and that the board of supervisors shall designate by ordinance the place or places within the district where sessions of the justice court shall be held.

This bill would authorize the presiding or sole judge of a municipal or justice court to direct that a session of the court be held at any place where any trial court regularly conducts sessions, under specified circumstances.

(5) Existing law specifies the proper court for the trial of criminal cases amounting to a misdemeanor.

This bill would provide for agreements to plead guilty or nolo contendere in more than one court when similar charges for driving with a revoked or suspended driver's license are pending in more than one court, as specified.

(6) Existing law requires each trial court to submit to the Judicial Council a report on its progress towards achieving specified cost-reduction goals.

This bill would provide that the 4th-quarter report shall be submitted on the first day of the 4th month following the end of the 4th quarter.

(7) Existing law provides for the Judicial Council to appoint a standing Trial Court Budget Commission that, among other things, has the authority to reallocate funds to ensure equal access to the trial courts, as specified.

This bill would provide that the commission may reallocate moneys pursuant to this provision if it makes a specified determination. The bill would further provide that the state shall not be obligated to replace reallocated moneys nor provide money for trial court funding in excess of that available for disbursement, as specified.

(8) Existing law provides for the automatic succession of municipal court judges, deputy clerks, and marshals in consolidated judicial districts in Sacramento County. Existing law also provides that consolidation of these districts shall not affect the compensation and benefits of specified court personnel.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would repeal those provisions.

(9) Chapter 308 of the Statutes of 1994, effective July 21, 1994, eliminated those provisions of the Brown-Presley Trial Court Funding Act outlining the procedure for a county to opt into the system, as specified and established new procedures for trial court funding.

This bill would revise the trial court funding procedures established under that chapter and also provide that the initial decision by a county to accept state funding for trial courts shall constitute a waiver of all claims for disbursement for state-mandated local programs, as specified.

(10) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(11) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 390 (SB 1671) Beverly. Court reporters: notes.

(1) Existing law states that reporting notes of official and pro tempore court reporters are official court records, and provides for the access to, storage of, destruction of, transcription of, and delivery of the reporting notes of official and pro tempore court reporters, as specified.

This bill would revise the requirements for storage of, destruction of, transcription of, and delivery of, reporting notes kept by a court reporter, which it would define for the purpose of these provisions. The bill would also provide that a court reporter shall be reimbursed for the actual cost of the medium on which the reporting notes are kept, as specified.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 391 (AB 2611) Mountjoy. State real property.

Existing law requires the Department of General Services to perform various functions and duties with respect to state property.

This bill would authorize the Director of General Services to sell, exchange, lease, or transfer specified parcels of state property. The bill would exempt the sale, exchange, lease, or transfer of these parcels from specified provisions of the California Environmental Quality Act. This bill would designate funds into which the net proceeds are to be deposited and would require the reservation of mineral rights, as specified. This bill would remove the authority of the Director of General Services to sell, exchange, or lease specified parcels of state real property.

Ch. 392 (AB 3329) V. Brown. Alcoholic beverages: licensees: refunds and exchanges.

The Alcoholic Beverage Control Act prohibits any licensee from giving any premium, gift, or free goods in connection with the sale or distribution of any alcoholic beverage, except as provided.

This bill would provide that a refund to, or exchange of products for, a dissatisfied consumer by a licensee authorized to sell to consumers shall not be deemed a premium,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

gift, or free goods given in connection with the sale or distribution of an alcoholic beverage.

The bill would provide that a winegrower may advertise or otherwise offer consumers a guarantee of product satisfaction only in newsletters or other publications of the winegrower or at the winegrower's premises. It would also provide that a winegrower may refund to a dissatisfied consumer the entire purchase price of wine produced by that winegrower and sold to that consumer, regardless of where the wine was purchased.

Ch. 393 (AB 3212) Alpert. Sales and use taxes: evidence of seller's permits: exemption of trade shows and special events.

The Sales and Use Tax Law authorizes the State Board of Equalization to require the operator of a swap meet, flea market, or special event, as defined, to obtain written evidence from each seller, who rents or leases space from that operator, that the seller is the holder of a valid seller's permit.

This bill would, as provided, exempt events or shows that are subject to certain restrictions, and trade shows, as defined, from these requirements.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 394 (AB 611) Cortese. Alcoholic beverages: tied-house restrictions.

Existing law provides that any unlicensed adult person may apply to the Department of Alcoholic Beverage Control for a permit to receive, under specified conditions, a shipment of wine, not in excess of 2.4 gallons in any calendar month, from another state.

This bill would instead provide that any unlicensed adult resident of California may apply for a permit to receive, under specified conditions, a shipment of wine, not in excess of 9 liters in any calendar month, from another state that allows adult residents of that state to receive shipments of wine, as specified, from California.

Existing law generally prohibits a manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler, or any officer, director, or agent of that person from, among other things, providing a licensee alcoholic beverages as free goods as a part of any sale or transaction involving alcoholic beverages, or furnishing anything of value to a licensee for specified purposes. However, existing law authorizes any winegrower, California winegrower's agent, importer, or any director, partner, officer, agent, or representative of that person, to conduct or participate in an instructional event for consumers held at a retailer's premises featuring wines produced by or for the winegrower or imported by the importer, subject to certain specified conditions. One condition provides that no alcoholic beverages shall be given away in connection with the instructional event; however, wine taken from barrels or from tanks, may be sampled at the instructional event.

The bill would specify that the term "importer" as used in that provision means a wine importer. The bill would modify the above condition to delete the requirement that the wine to be sampled at the instructional event be wine that is used in blending the wines being featured.

Ch. 395 (AB 3454) Speier. Confidential information.

Existing law punishes as a misdemeanor the stalking, as defined, of one person by another, and also establishes the civil tort of stalking, as defined, that makes a person guilty of that tort subject to civil liability.

Existing law provides that any residence address in any record of the Department of Motor Vehicles is confidential and requires that this information not be disclosed, except as specified. Existing law makes the willful unauthorized disclosure of information from these records to any person a misdemeanor and also makes the distribution of this confidential information punishable by payment of civil penalties to the department.

This bill would additionally prohibit the release of any registration or driver's license record of a person who submits acceptable verification to the department that he or she has reasonable cause to believe that he or she is the subject of stalking or in fear of death or great bodily injury, as specified, thereby creating a misdemeanor and thus imposing a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 396 (AB 1960) Katz. Los Angeles County Metropolitan Transportation Authority.

(1) The Los Angeles County Metropolitan Transportation Authority is composed of 14 members. Four members are selected by a city selection committee to serve 4-year terms. The city selection committee is authorized to shorten the initial 4-year term of these members.

This bill would remove surplus language from this authorization.

(2) Existing law exempts certain investigatory files compiled by state and local law enforcement agencies from public inspection requirements, while requiring that certain information from the files be disclosed to specified persons.

This bill would provide that any investigatory file compiled by the authority's inspector general is an investigatory file for purposes of the above provisions.

Ch. 397 (AB 2805) Burton. Vehicles: license plates.

Existing law authorizes the Department of Motor Vehicles to issue distinctive license plates for motor vehicles of honorary consular officers, as defined.

This bill would authorize the department to issue distinctive license plates for motor vehicles of an officer or designated employee of a foreign organization recognized by the United States pursuant to specified provisions of federal law. The bill would require the department to design the plates and establish procedures for purposes of issuing the plates.

Ch. 398 (AB 2695) Polanco. Workers' compensation: notice of nonrenewal.

Existing law, as to certain policies of commercial insurance, requires an insurer to provide prior notice of nonrenewal and notice of intent to condition renewal upon an increase of more than 25% in the rate upon which the premium is based, as specified.

This bill would, with respect to workers' compensation insurance, require prior notice of nonrenewal, as specified. The bill would become operative on November 30, 1994.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 399 (AB 2028) Statham. Assembly: television signals.

Existing law prohibits the use of any television signal generated by the Assembly for any political or commercial purpose. Existing law defines "commercial purpose" to exclude, in this context, the use of that television signal by an accredited news organization or nonprofit organization for educational or public affairs programming.

This bill also would exempt, from the definition of "commercial purpose" in this context, the authorized transmission by a third party to paid subscribers of an unedited video feed of that television signal.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 400 (AB 2821) Knight. Dentists: continuing education: required coursework.

Existing law provides for the licensure of dentists and dental auxiliaries by the Board of Dental Examiners of California. Existing law authorizes the board to require all licensees, as a condition of licensure renewal, to continue their education by pursuing one or more courses of study satisfactory to the board.

This bill would further authorize the board to require licensees to complete a portion of the required continuing education by taking a certain number of hours of coursework

NOTE: Superior numbers appear as a separate section at the end of the digests.

in specific areas adopted in regulations by the board.

Ch. 401 (AB 3103) Ferguson. Religious meeting disturbances.

Existing law provides that every person who willfully disturbs or disquiets any assemblage of people met for religious worship, as specified, is guilty of a misdemeanor punishable by a fine not exceeding $1,000, by imprisonment in a county jail for a period not exceeding 6 months, or by any combination of those penalties. Existing law also provides that, alternatively, a court may require performance of from 20 to 40 hours of community service for a violation of this provision. A person who has suffered a previous conviction is required to perform 40 to 80 hours of community service, and a person who has suffered 2 or more previous convictions is required to perform 80 to 120 hours of community service.

This bill, instead, would provide that every person who intentionally disturbs or disquiets any assemblage of people met for religious worship, as specified, is guilty of a misdemeanor, and would increase the term of imprisonment to one year. The bill would also increase the community service hours, as specified. Because this bill would increase the penalties of a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 402 (SB 1339) Rosenthal. Horseracing: charity days.

Existing law requires each licensed racing association to designate a certain number of racing days to be conducted as charity days by the licensee for the purpose of distribution of the net proceeds therefrom to beneficiaries.

This bill would provide that no racing association shall be required to pay to a distributing agent for the purpose of distribution to charity beneficiaries more than a specified percentage of the association's on-track handle. The bill also would permit a racing association to act as its own distributing agent under specified conditions. The bill would also make related changes.

This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 403 (SB 1399) Lewis. Optometry: certificate of registration: qualifications.

Existing law prohibits the practice of optometry without a certificate of registration issued by the State Board of Optometry. Existing law delineates the requirements for licensure as an optometrist.

This bill would authorize the board, notwithstanding any other provision of law relating to optometry, to issue a certificate of registration to persons licensed in another state who meet certain other qualifications.

Ch. 404 (SB 1428) Mello. Education funding: school district revenues.

Under existing law, a school district is entitled to adjust its average daily attendance (ADA) in the event of a decline in enrollment in the school district in excess of 10% of its total ADA resulting from the closure of a facility operated by the United States Armed Forces. Existing law provides that the adjustment to the district's ADA in the 2nd year after the base year shall be 75% of the difference between the base year ADA and the ADA in the 1st year of decline and in the 3rd year shall be 50% of that difference. Under existing law, a school district that elects to calculate its ADA under these provisions is required to repay the State School Fund the amount of the augmentation, according to a schedule determined in consultation with the Superintendent of Public Instruction that may not exceed 10 years.

This bill would provide that the adjustment to the district's ADA in the second year may be 75% of the difference specified above, if the district so chooses, and in the 3rd year may be 50% of that difference, if the district so chooses. The bill would also provide that loan repayments shall commence no later than the 4th year after the base year.

Existing law authorizes any district that has calculated its ADA under the above

NOTE: Superior numbers appear as a separate section at the end of the digests.

provisions for 2 years to adjust its revenue limit to the statewide average revenue limit per unit of average daily attendance for its size and type of district, effective in a specified year, in proportion to the percentage of the loan that the school district has repaid.

This bill would instead provide that for each year during the loan repayment period specified above the district may adjust its revenue limit to the statewide average revenue limit in proportion to the percentage of the loan that the district has repaid up to and including the year in which the adjustment is made.

Ch. 405 (SB 1470) Killea. San Diego-Coronado toll bridge.

(1) Under existing law, tolls for the San Diego-Coronado Bridge are set by the San Diego Association of Governments. Existing law sets forth the purposes for which the toll revenues may be used.

This bill would include among the permissible uses of toll revenues capital improvements and related expenditures within the transportation corridor, as defined, for construction and maintenance of bikeways.

The bill would impose a state-mandated local program by requiring the San Diego Association of Governments to perform an annual audit, as specified, of the toll revenues, to be funded solely with toll revenues.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 406 (SB 1572) Wright. Hazardous waste facilities: formaldehyde or glutaraldehyde.

Under existing law, a hazardous waste facilities permit or other grant of authorization is not required to conduct the specified treatment activities, if the generator treats the hazardous waste streams using specified treatment technology.

This bill would, until April 11, 1996, include in that exemption the use of any technology, as prescribed, that is certified by the Department of Toxic Substances Control as effective for the treatment of formaldehyde or glutaraldehyde solutions used in health care facilities that are operated pursuant to the conditions imposed on that certification and which makes the operation appropriate to this tier.

Ch. 407 (SB 1595) Marks. Hate crimes: protected classes.

(1) Existing law provides, among other things, that except as specified, a person who commits a felony, or attempts to commit a felony, because of the victim's race, color, religion, nationality, country of origin, ancestry, disability, or sexual orientation shall receive an additional term of 1, 2, or 3 years in the state prison, at the court's discretion.

This bill would provide, in addition, that except as specified, a person who commits a felony, or attempts to commit a felony, because he or she perceives that the victim has one or more of those characteristics shall receive an additional term of 1, 2, or 3 years in the state prison, at the court's discretion.

(2) Existing law provides that all persons within the jurisdiction of California have the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because of their race, color, religion, ancestry, national origin, political affiliation, sex, sexual orientation, age, disability, or position in a labor dispute.

This bill would provide, in addition, that all persons within the jurisdiction of California have the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because another person perceives them to have one or more of those characteristics.

(3) Existing law provides, among other things, that no person, whether or not acting under color of law, shall by force or threat of force, willfully injure, intimidate, interfere with, oppress, or threaten any other person in the free exercise or enjoyment of any right or privilege secured to him or her by the Constitution or laws of California or the United

NOTE: Superior numbers appear as a separate section at the end of the digests.

States because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation.

This bill would provide, in addition, that no person shall commit any of those acts because he or she perceives that the other person has one or more of those characteristics.

(4) Existing law provides that, except as specified, any crime that is not made punishable by imprisonment in the state prison shall be punishable by imprisonment in the state prison or in a county jail not to exceed one year, by a fine not to exceed $10,000, or by both that imprisonment and fine if the crime is committed against the person or property of another for the purpose of intimidating or interfering with that other person's free exercise or enjoyment of any right secured to him or her by the Constitution or laws of California or the United States and because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, under specified circumstances.

This bill would provide, in addition, that the above provisions shall apply if the crime is committed against the person or property of another for the purpose of intimidating or interfering with the other person's free exercise or enjoyment of any right secured to him or her by the Constitution or laws of California or the United States and because the defendant perceives that the other person has one or more of those characteristics, under specified circumstances.

(5) Existing law provides that except as specified, the fact that a person committed a felony, or attempted to commit a felony, because of the victim's race, color, religion, nationality, country of origin, ancestry, disability, gender, or sexual orientation shall be considered a circumstance in aggravation of the crime in imposing a term, as specified.

This bill would provide, in addition, that the fact that a person committed a felony, or attempted to commit a felony, because he or she perceived that the victim had one or more of those characteristics shall be considered a circumstance in aggravation of the crime in imposing a term, as specified.

(6) This bill would declare that the above provisions do not constitute changes in, but are declaratory of, existing law.

(7) The bill would impose a state-mandated local program by expanding the definition of a crime.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 408 (SB 1527) Hughes. Public Employees' Retirement System.

(1) The Public Employees' Retirement Law provides that retirements allowances of state members are based upon the highest annual compensation that was earnable during any consecutive 12-month period during membership in the system which the member designates.

This bill would provide that computation is applicable only to benefits based on service with the state. The bill would authorize contracting agencies to report average salaries for groups and classes of employment.

(2) Existing law authorizes former members of local retirement systems under specified conditions to receive credit by depositing contributions in the Public Employees' Retirement System.

This bill would authorize certain former members who failed to exercise that right to receive service credit by depositing contributions.

(3) Existing law authorizes contracting agencies to provide an alternative second tier contributory retirement plan for local miscellaneous members who are covered by the federal Social Security Act if it is agreed to in a written memorandum of understanding.

This bill would make a technical, nonsubstantive change in that provision.

(4) Existing law requires a spouse of a member to have been married to the member at least one year prior to the disability retirement date in order to be eligible for a survivor allowance upon the death of the member.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that a spouse who was married to the member on the date of retirement and continuously to the date of the member's death would be eligible for a survivor allowance.

(5) Existing law, upon the death of a member, authorizes the guardian of a minor child to choose alternative death benefits for the surviving children.

This bill would allow the guardian to choose a benefit that would be payable to all of the surviving children and not solely to those who are minors. This bill would delete inoperative provisions.

Ch. 409 (SB 1548) Russell. Criminal procedure: time of commencement of actions.

Existing law provides that prosecution for an offense punishable by death or by imprisonment in the state prison for life or for life without the possibility of parole, or for the embezzlement of public money, may be commenced at any time.

This bill would provide that the above provision shall apply in any case in which the defendant was a minor at the time of the commission of the offense and the prosecuting attorney could have petitioned the court for a fitness hearing, as specified.

Ch. 410 (SB 1586) Craven. Home furnishings: licensing.

Existing law requires that, unless the retailers hold other specified licenses, an upholstered-furniture retailer, as defined, must hold a retail furniture dealer's license, and a bedding retailer, as defined, must hold a retail bedding dealer's license.

This bill would exempt from these provisions an individual or firm whose sole business is designing and specifying for interior spaces, and who purchases, on behalf of a client, specific amenable upholstered furniture items or specific amenable bedding items, as applicable, from an appropriately licensed wholesaler or retailer.

Ch. 411 (SB 1617) Wyman. Corrections: prisoners.

Existing law provides that the Director of Corrections may order the return to custody of any person under his or her jurisdiction, and that the director's written order shall be sufficient warrant for any peace officer to return to actual custody any escaped state prisoner.

This bill would provide that the director's written order shall also be sufficient warrant for any peace officer to return to actual custody any state prisoner released prior to his or her scheduled release date who should be returned to custody, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 412 (SB 1690) Boatwright. Sudden infant death syndrome (SIDS): SIDS Advisory Council.

Existing law requires the State Department of Health Services to establish a SIDS Advisory Council and prescribes the duties of the council. Existing law also requires the department to keep each county health officer advised of the most current knowledge regarding SIDS. Under existing law, the provisions relating to the advisory council are repealed on January 1, 1995.

This bill would delete this repeal date.

Ch. 413 (SB 1694) Wright. Contractors: Contractors' State License Board: advertising.

Existing law provides for the licensing and regulation of persons engaged in the

NOTE: Superior numbers appear as a separate section at the end of the digests.

business of contracting and those provisions are administered and enforced by the Contractors' State License Board. There is within that board a separate enforcement unit, as a demonstration project only in southern California, to enforce provisions prohibiting all forms of unlicensed activity.

This bill would remove the limitation that the enforcement unit operate as a demonstration project only in southern California.

Existing law makes it a misdemeanor for any person to advertise for construction work or work of improvement, unless that person is licensed under the Contractors' State License Law in the classification advertised, with certain exceptions. Existing law also provides that if the Registrar of Contractors has probable cause to believe that an unlicensed individual has violated this provision, the registrar may issue a citation pursuant to the prohibition against advertising in a directory without being licensed.

This bill would allow the registrar, in the alternative, to issue a citation pursuant to the general citation provision for acting as an unlicensed contractor.

Ch. 414 (SB 1705) Russell. State government.

(1) Existing law, the California Health Facility Construction Loan Insurance Law, authorizes the Office of Statewide Health Planning and Development to insure health facility construction, improvement, and expansion loans. Pursuant to these provisions, the office has established the Cal-Mortgage Loan Insurance Program.

This bill would provide that applications submitted to the office for the loan insurance program be signed under penalty of perjury by the borrower. Since perjury is a crime under existing law, this bill would expand the definition of a crime, thereby imposing a state-mandated local program.

(2) Under existing law, the office has the authority to determine the terms and provisions under which it will grant the loan insurance. Existing law, contained in the California Code of Civil Procedure, sets forth procedures governing an action for the foreclosure of mortgages and provides that there may only be one form of action taken for the recovery of any debt or the enforcement of any right secured by mortgage upon real property and that action is in accordance with those procedures.

This bill would provide that the office may enforce its rights under loan insurance documents without regard to the above-described provisions in the Code of Civil Procedure. The bill would provide, however, that these provisions of the Code of Civil Procedure do apply to any judicial proceeding or nonjudicial foreclosure action taken by the office to collect the principal and interest due on the loan by the borrower. It would also expressly authorize the office to assume direct managerial or financial control of an insured health facility upon a determination that the financial status of a borrower may jeopardize a borrower's ability to fulfill certain obligations and threatens certain interests of the office or the borrower's ability to provide needed health care services in the community. It would provide for certain methods by which the office could assume direct managerial or financial control.

(3) Existing law provides the circumstances under which a receiver may be appointed in an action pending before the superior court.

This bill would provide that a receiver may also be appointed in an action pending before the superior court at the request of the Office of Statewide Health Planning and Development or the Attorney General.

(4) Existing law imposes requirements regarding the issuance of debentures for this program.

This bill would require that, in the event of a default, the debentures issued under this article be paid on a par with general obligation bonds issued by the state. It would also impose provisions regarding the validity and binding effect of a pledge by or to the office, or a grant to the office, of a security interest. It would provide that the pledge would be binding and valid against all parties and the instrument creating the pledge would not need to be recorded or the security interest otherwise perfected.

(5) Existing law establishes the Health Facility Construction Loan Insurance Fund and continuously appropriates the money in the revolving fund to the office for purposes of administering and carrying out the loan insurance program.

This bill would clarify that this is a trust fund and the money in the fund, and any

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

earnings from that money are required to be used solely for the loan insurance program.

The bill would state that certain of its provisions are declaratory of existing law.

The existing Political Reform Act of 1974 prohibits a public official at any level of state or local government from making, participating in making, or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. The act specifically prohibits a Member of Legislature, for a period of one year after leaving office, from acting, for compensation, as an agent or attorney for, or otherwise represent, any other person by making any formal or informal appearance, or by making any oral or written communication, before the Legislature, committee, or subcommittee thereof, any present Member of the Legislature, or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing legislative action, as defined by the act.

This bill would prohibit a public official, as defined, of a state agency from acting, for compensation, as an agent or attorney for, or otherwise representing, any other person by making any formal or informal appearance before, or by making any oral or written communication to, his or her state agency or any officer or employee thereof, if the appearance or communication is made for the purpose of influencing action on a contract, grant, loan, license, permit, or other entitlement for use.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on persons who violate the provisions of the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 415 (SB 1715) Hart. Family law: support.

(1) Existing law prescribes procedures for the modification or termination of a child, family, or spousal support order, under which a support order may be modified or terminated at any time the court determines to be necessary. Existing law also prescribes a simplified procedure for the modification of a child or spousal support order under which the parties may not appear with an attorney.

This bill would repeal the simplified procedure for the modification of a child or spousal support order.

(2) Existing law authorizes the Judicial Council to develop model worksheets to assist the parties in calculating child support under the statewide uniform guideline, and a form to assist the courts in making the findings and orders required under the statewide uniform guideline.

This bill would require the Judicial Council, in consultation with specified agencies and organizations, to develop a simplified income and expense form for determining child support under the statewide uniform guideline, by June 1, 1995, and to develop factors to determine when the simplified income and expense form may be used and when the standard income and expense form must be used.

Ch. 416 (SB 1744) McCorquodale. Undocumented aliens: transfers to foreign prisons.

Existing law provides that on or before July 1, 1993, the Department of Corrections shall implement and maintain procedures to identify inmates serving terms in the state prison who are undocumented aliens subject to deportation.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide, in addition, that upon the entry of any person who is an undocumented alien subject to deportation into a facility operated by the Department of Corrections, and at least every year thereafter, the Director of Corrections shall inform the person that he or she may apply to be transferred to serve the remainder of his or her prison term in his or her country of origin.

The bill also would require the department to implement and maintain procedures to process applications for the transfer of prisoners to their countries of origin and to forward the applications to the Board of Prison Terms for appropriate action, and would authorize the department to pay any foreign country to which an inmate is transferred no more than $2,000 from moneys appropriated by the Legislature for that purpose for every year that the inmate is imprisoned until he or she has completed the prison term which he or she began serving in this state.

Ch. 417 (SB 1755) Johnston. Courts: San Joaquin County: salaries.

(1) Existing law provides for separate marshals for the Stockton Judicial District, the Lodi Judicial District, and the Manteca-Ripon-Escalon-Tracy Judicial District in San Joaquin County, and specifies the compensation thereof.

This bill would repeal those provisions and enact provisions providing for a single marshal for San Joaquin County, his or her assistant marshals, and the compensation and duties thereof, operative January 2, 1995, thereby imposing a state-mandated local program by requiring new duties of local employees.

(2) Existing law provides that adjustments to the salaries of specified classes of employees of the Stockton Judicial District in San Joaquin County are effective as of the same effective date of adjustments to related classes and only until January 1 of the 2nd year following the year when the adjustment is made, unless ratified by the Legislature.

This bill would provide that the adjustments to the salaries of the specified classes would be effective only until January 1 of the 2nd year following the year when the adjustment is made, unless earlier ratified by the Legislature.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 418 (SB 1761) Peace. Environmental quality: air pollution: permits.

(1) Existing law, the California Environmental Quality Act, requires a public lead agency, as defined, to prepare an environmental impact report on a project which it proposes to carry out or approve that may have a significant effect on the environment, as defined, unless the project is exempt from the act.

Existing law establishes criteria for the issuance of permits by air pollution control districts and air quality management districts to Title V sources, as defined.

This bill would provide that the act does not apply to the issuance, modification, amendment, or renewal of any permit by a district pursuant to Title V, as defined, or pursuant to a Title V program, as specified. The bill would impose a state-mandated local program by imposing new duties on the districts regarding giving notice of the exemption from the act.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 419 (SB 2014) Thompson. School facilities: site acquisition.

Under existing law, after the Department of Transportation receives notice from a school district that the district proposes to acquire title to property for a new schoolsite or for an addition to a present site, which property is within 2 miles of an existing or proposed airport runway, the department is required to investigate the proposed site and to submit to the governing board of the school district a written report and recom-

NOTE: Superior numbers appear as a separate section at the end of the digests.

mendations concerning acquisition of the site.

This bill would require the department to take into consideration, in developing its recommendations, specific characteristics of the airport and whether the boundaries of the city limits within the school district fall completely within the 2-mile radius of the airport runway.

Ch. 420 (AB 2336) Katz. Insurance: arson.

Existing law provides for the release of information by insurers to authorized agencies, as defined, as respects arson investigations.

This bill would create the Arson Information Reporting System to permit insurers, law enforcement agencies, fire investigative agencies, and district attorneys to deposit arson case information in a common data base within the Department of Justice, as specified.

The bill would appropriate $3,000,000 from the Insurance Fund to implement the bill, as specified.

Ch. 421 (SB 1309) Craven. Arson.

(1) Existing law prescribes penalties for arson.

This bill would provide that any person who willfully, maliciously, deliberately, with premeditation, and with specified intent, sets fire to, burns, or causes to be burned, or aids, counsels, or procures the burning of any residence, structure, forest land, or property is guilty of aggravated arson if one or more of any specified aggravating factors exists and shall be punished by imprisonment in the state prison for 10 years to life.

Existing law also provides that, if the person was previously convicted of arson of a structure or forest land and the prior conviction is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact, in addition and consecutive to the punishment prescribed for the felony of which he or she has been convicted, the person shall be punished by an additional term of imprisonment in the state prison for 1, 2, or 3 years.

The bill would instead provide that notwithstanding any other law, any person who is convicted of any specified felony arson violation shall be punished by a 3-, 4-, or 5-year enhancement if one or more of any specified circumstances is found to be true.

(2) Existing law provides that any person who unlawfully causes a fire is guilty of a misdemeanor or a felony, depending on the circumstances of the crime.

This bill would prescribe a 1-, 2-, or 3-year enhancement for a felony conviction under these provisions, if one or more of any specified circumstances is found to be true.

(3) Existing law provides that probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, specified felony offenses.

This bill would include, among other offenses, aggravated arson within this prohibition.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 422 (AB 2589) Bornstein. Postsecondary education.

(1) Existing law prohibits community colleges, among other educational institutions, from charging any tuition or fees to certain dependents of veterans. Under existing law, nothing contained in those provisions prevents the charging and collecting of fees required of nonresident students admitted to the University of California, at schools under the jurisdiction of the State Department of Education or the Director of Education, or to a state university under the jurisdiction of the Trustees of the California State University.

This bill, instead, would provide that nothing in these provisions prevents the charging and collecting of fees required of nonresident students admitted to the University of California, to a community college, or to a state university under the jurisdiction of the trustees.

(2) Existing law requires the governing board of each community college district to charge each student a fee in the amount of $13 per unit per semester, as specified. Existing law requires that the fee be waived for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a gen-

NOTE: Superior numbers appear as a separate section at the end of the digests.

eral assistance program or has demonstrated financial need, as specified. Existing law authorizes the governing board also to waive the fee for any student who demonstrates eligibility according to specified income standards established by the Board of Governors of the California Community Colleges.

This bill would require, rather than authorize, the governing board of each community college to waive the fee for any student who demonstrates eligibility according to specified income standards established by the board of governors. To the extent increased duties would be imposed on the governing boards of community college districts, the bill would impose a state-mandated local program.

(3) Existing law requires the governing board of each community college district to charge a fee of $50 per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public or private postsecondary educational institution. Existing law requires the governing board to exempt certain students from this fee. Among those students required to be exempted are students who demonstrate financial need.

This bill would revise the criteria for determining financial need for that purpose, thereby imposing a state-mandated local program.

(4) Existing law authorizes the governing board of each community college district to require students to pay a fee for health supervision and services. Existing law requires each governing board of a community college district that charges that fee to adopt rules and regulations that exempt certain students, including specified low-income students, from the fee.

This bill would revise the criteria for determining the students who qualify as low-income students, thereby imposing a state-mandated local program.

(5) Existing law, the Private Postsecondary and Vocational Education Reform Act of 1989 effectuates expressed legislative intent with regard to the integration of private postsecondary education into the education system, the improvement of the educational programs and services of private postsecondary and vocational educational institutions, and the protection of the citizens of the state from fraudulent or substandard operations.

This bill would make numerous substantive and technical changes in the Private Postsecondary and Vocational Education Reform Act of 1989.

(6) Existing law requires the Department of General Services to identify, prior to January 1, 1995, state-owned real property that is or will be unused or underutilized by the landholding agency both at present and in the foreseeable future and to compile a list of these properties to be known as the Surplus Property Inventory. Existing law requires the Department of General Services to prepare a plan for, and a report regarding, the sale, lease, or exchange of properties identified in the Surplus Property Inventory and annually to sell, lease, or exchange not less than 10% of these parcels, as specified. Existing law also requires state agencies to review the Surplus Property Inventory and to purchase, lease, or trade property on that list, if possible, prior to purchasing property not on the Surplus Property Inventory.

This bill would exempt from these provisions property under the control or ownership of the California State University.

(7) Existing law requires all meetings of a state body to be open and public, except as specified.

This bill would provide that these provisions shall not be construed to prevent the Student Aid Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the director of the Student Aid Commission.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(9) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 423 (AB 389) Peace. Escrow agents.

Existing law provides that any person subject to the Escrow Law who knows of a person's involvement in an abstraction or misappropriation of money, funds, trust obligations, or property deposited with a licensed escrow agent shall immediately report the abstraction or misappropriation in writing to the Commissioner of Corporations.

This bill would, instead, provide that any person subject to the Escrow Law who knows of a person's involvement in an abstraction or misappropriation of money, funds, trust obligations, or property deposited with a licensed escrow agent shall immediately report the abstraction or misappropriation in writing to the commissioner and to Fidelity Corporation.

Existing law requires the Escrow Agents' Fidelity Corporation to deny the application for a certificate or revoke the certificate of any person upon specified grounds.

This bill would additionally specify, as grounds, that a person has committed or caused to be committed an act of dishonesty, fraud, deceit, embezzlement, fraudulent conversion, or misappropriation of property, to the material damage of a member or for which the member has been held liable to any 3rd party, by final judgment.

Existing law provides that any director, officer, stockholder, trustee, employee, or agent of an escrow agent, who abstracts or willfully misappropriates money, funds, trust obligations, or property deposited with an escrow agent, is guilty of a felony. Upon conviction, the court shall, in addition to any other punishment imposed, order the person to make full restitution, first to the escrow agent and then to Fidelity Corporation, to the extent it has indemnified the escrow agent.

This bill would also specify additional violations relating to forgery and counterfeiting, larceny, and embezzlement for those restitution purposes, as specified.

The bill would also provide that the license of an escrow agent shall be deemed revoked upon the completion or closure of a court approved liquidation, as specified.

Ch. 424 (AB 1610) Boland. Peace officers: federal employees.

Existing law provides that federal criminal investigators and law enforcement officers are not California peace officers, but may exercise the powers of arrest of a peace officer, as specified, for violations of state or local laws, provided that these investigators and law enforcement officers are engaged in the enforcement of federal criminal laws and exercise the arrest powers only incidental to the performance of their federal duties.

This bill would provide that these investigators and law enforcement officers are not California peace officers, but may exercise the powers of arrest of a peace officer under specified circumstances for violations of state or local laws or when these investigators and law enforcement officers are engaged in the enforcement of federal criminal laws and exercise the arrest powers only incidental to the performance of these duties, when requested by a California law enforcement agency to be involved in a joint task force or criminal investigation, or when probable cause exists to believe there is any public offense that involves immediate danger to persons or property.

This bill also would provide that during a state of war emergency or a state of emergency, as defined, federal criminal investigators and law enforcement officers who are assisting California law enforcement officers in carrying out emergency operations are not California peace officers, but may exercise the powers of arrest of a peace officer, as specified, for violations of state or local laws.

Existing law provides that the state or its political subdivisions shall not be liable for any claim based upon the exercise or performance, or the failure to exercise or perform, a discretionary function or duty on the part of a state or local agency or any employee of the state or its political subdivisions in carrying out emergency operations.

This bill would make this provision applicable to federal criminal investigators and law enforcement officers acting during a state of war emergency or a state of emergency.

Existing law provides that there shall be no civil liability on the part of and no cause of action shall arise against any peace officer, acting within the scope of his authority for false arrest or false imprisonment, as specified.

This bill would make this provision applicable to federal criminal investigators and law

NOTE: Superior numbers appear as a separate section at the end of the digests.

enforcement officers acting pursuant to the above provisions.

Ch. 425 (AB 2581) Pringle. Air pollution: event centers.

Existing law requires certain air pollution control districts and air quality management districts to achieve prescribed average vehicle ridership levels.

This bill would prohibit a district, or any regional or local agency, from imposing specified transportation control requirements upon an event center, as defined, which achieves a specified average vehicle ridership or reduction in vehicle trips or miles traveled, but would permit the imposition upon an event center that has achieved that reduction or average vehicle ridership level of a requirement to implement alternative strategies approved by the district, or regional or local agency, that achieve equivalent emissions reductions.

The bill would permit a district, or regional or local agency, to impose requirements on any event center for specified purposes, without permitting that event center to implement alternative strategies to achieve equivalent emissions reductions.

Ch. 426 (AB 2800) Harvey. Economic poisons: registration.

Existing law requires every manufacturer of, importer of, or dealer in, any economic poison to obtain a certificate of registration from the Department of Pesticide Regulation before the economic poison is offered for sale in this state.

This bill would permit a registrant, at any time, to request that the registration of any of its economic poisons be voluntarily canceled.

The bill would permit any economic poison for which the registration is canceled to be sold and possessed as if the product's registration was not renewed.

Ch. 427 (AB 2958) Hannigan. Nonprofit cooperative associations: taxation.

(1) Existing law makes every bank and corporation incorporated under the laws of this state subject to a minimum franchise tax of $800.

This bill would permit certain nonprofit cooperative associations organized pursuant to the Food and Agricultural Code to request the board of supervisors of the county in which the association's principal place of business is located to issue a certificate stating that the cooperative is located in an economically distressed area, as defined, and that the cooperative meets certain other requirements. Upon being issued the certificate, the association would be exempt from the minimum franchise tax, as specified. This bill would impose a state-mandated local program by requiring boards of supervisors of the counties to issue certificates in accordance with its provisions.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(3) This bill would take effect immediately as a tax levy.

Ch. 428 (AB 3085) Hauser. Automobile dismantlers: applications.

(1) Existing law requires every person who wishes to act as an automobile dismantler to first procure a license or temporary permit from the Department of Motor Vehicles. Existing law authorizes the department to refuse to issue a license to an applicant when it determines the existence of certain facts including a determination that the information contained in the application is incorrect. Existing law requires the department, within 120 days after receipt of an application for a license and fees, to make an investigation of the information contained in the application.

This bill would specify certain additional information that is required to be included in the application for a license, and would require the applicant to furnish the information under penalty of perjury, thereby imposing a state-mandated local program by

NOTE: Superior numbers appear as a separate section at the end of the digests.

expanding the scope of a crime.

The bill would exempt from the above requirement that the department make an investigation of the information contained in an application for a license, the specified additional information that the bill would require to be included in the application.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 429 (AB 3215) Pringle. Air pollution: precertification.

Under existing law, the State Air Resources Board and air pollution control districts and air quality management districts have specified powers and duties relative to air pollution control. The districts may establish a permit system for stationary sources. Existing law requires the state board to adopt and implement a program to assist districts to improve efficiencies in the issuance of permits.

This bill would require the state board to include in that program a process to precertify simple, commonly used equipment and processes as being in compliance with air quality rules and regulations, to expedite permitting of air pollution sources. The bill would require the California Environmental Protection Agency to evaluate the feasibility of expanding the precertification program, as specified.

Ch. 430 (AB 3242) Aguiar. Air pollution.

Existing law requires air pollution control districts and air quality management districts with moderate, serious, severe, or extreme air pollution to include specified measures in an attainment plan to achieve state ambient air quality standards, including transportation control measures to substantially reduce the rate of increase in passenger vehicle trips and miles traveled per trip. Existing law requires districts with serious, severe, or extreme air pollution, in implementing those provisions, to endeavor to provide employers and businesses with the opportunity to develop and demonstrate alternative strategies to achieve equivalent emission reductions.

This bill would require the State Air Resources Board to develop and periodically update guidelines to be used by districts to establish equivalent emission reduction targets for those alternative strategies.

Ch. 431 (AB 3262) Katz. Equine loss or theft: report.

(1) Existing law requires each sheriff or other officer to whom a complaint that relates to the loss or theft of cattle is made to transmit to the Bureau of Livestock Identification a report of specified information.

This bill would additionally require each sheriff or other officer to whom a complaint that relates to the loss or theft of any horse, pony, mule, or burro is made to transmit a report of specified information to the bureau. The bill would thereby impose a state-mandated local program by requiring additional reports from local agencies. The bill would also require the bureau to compile a report on information received pursuant to the bill and to distribute the report to all county sheriffs' departments in a timely manner.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 432 (AB 3365) McDonald. Contractors: state projects.

Existing law provides that in all state projects where federal funds are involved, at the

NOTE: Superior numbers appear as a separate section at the end of the digests.

time the contract is awarded, the contractor shall be properly licensed. It prohibits the first payment under a contract for work or material from being made by the Controller until the Registrar of Contractors certifies to the Controller that the contractor was properly licensed at the time the contract was awarded.

This bill would prohibit the award of the contract unless the state agency has verified that the contractor has a valid license in the appropriate classification for the work performed. This bill would delete the requirement that the Controller withhold contract payments until proper licensure is certified to the Controller by the Registrar of Contractors.

Ch. 433 (AB 3529) Hauser. Environmental review fees: exceptions.

Existing law requires the payment of a filing fee by project applicants and public agencies subject to the California Environmental Quality Act to defray the costs to the Department of Fish and Game of managing and protecting fish and wildlife trust resources. Existing law excepts certain projects from that fee, including projects that are de minimis in their effect on fish and wildlife.

This bill would also except from those fees any project that is undertaken by the department, the costs of which are payable from specified sources, and that is implemented through a contract with a nonprofit entity or a local government agency.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 434 (AB 3587) Harvey. Renderers: transporters: additional fees.

Existing law requires various persons engaged in the pet food and horsemeat industry to be licensed by the Department of Food and Agriculture, including renderers and collection centers.

This bill would permit the department to charge each licensed renderer and collection center an additional fee, not to exceed $3,000 per year per each licensed rendering plant or collection center, to cover the costs of administering specified provisions relative to the pet food and horsemeat industry. These provisions would become inoperative on July 1, 2000, and would be repealed on January 1, 2001, unless a later enacted statute deletes or extends those dates.

Existing law permits the department to charge a fee in addition to the registration fee for transporters of inedible kitchen grease to cover the cost of administering the law relating to those persons.

This bill would provide that the additional fee may not exceed $300 per year per vehicle operated to transport inedible kitchen grease, or $3,000 per year for each registered transporter. This bill would also continuously appropriate those fees and the additional fees authorized to be collected from rendering plants and collection centers to the department to carry out the programs for which they are collected. The bill would require a ⅔ vote because the bill would authorize the imposition of a state tax for the purposes of Article XIII A of the California Constitution.

Ch. 435 (SB 923) Calderon. Hazardous substances: removal or remedial actions.

(1) Existing law, the Carpenter-Presley-Tanner Hazardous Substance Account Act, imposes liability for hazardous substance removal or remedial actions and authorizes the money in the Hazardous Waste Control Account in the General Fund to be expended by the Department of Toxic Substances Control to pay, among other things, all costs of removal or remedial actions incurred by the state and for the state share of the costs of removal or remedial actions mandated by the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980.

The state act requires the preparation of remedial action plans for each listed site and provides for an arbitration process for the apportionment of liability for removal or remedial actions. The state act authorizes the Director of Toxic Substances Control to take specified actions whenever the director determines that there may be an imminent or substantial endangerment to the public health or welfare. The state act provides for the recovery of removal or remedial action costs from the liable person, as specified.

Under existing law, the Site Designation Committee in the California Environmental Protection Agency is authorized to designate an administering agency for oversight of

NOTE: Superior numbers appear as a separate section at the end of the digests.

a remedial action to a hazardous substance release. The committee consists of the Secretary for Environmental Protection, the director, the Chairperson of the State Water Resources Control Board, the Director of Fish and Game, and the Director of the Office of Environmental Health Hazard Assessment.

This bill would revise the committee's membership to additionally include the chairperson of the State Air Resources Board.

The bill would enact the California Expedited Remedial Action Reform Act of 1994, and would define terms. The bill would require the department, upon the request of a responsible person to have a site remediated pursuant to the act, to forward the request to the committee, along with the department's recommendations. The bill would authorize the committee to select a site for remediation pursuant to the bill only if the site meets specified requirements. The bill would require the department to notify all known potentially responsible persons for each selected site, would authorize the department to enter into an enforceable agreement with a responsible person to take response actions at a site, and would require a responsible person to prepare a remedial action plan. The bill would specify the matters required to be included in a remedial action plan, and would authorize the use of land use controls to limit or restrict land use where appropriate. The bill would specify the procedures for, and the consequences of, filing a certificate of completion of a response action. The department would be authorized to take specified actions if an interim endangerment exists at a selected site. The Director of the Office of Environmental Health Hazard Assessment would be required to convene an arbitration panel, upon the request of certain persons, to resolve disputes concerning remedial action plan remedies, apportionment of liability for a site, proposed settlements, or certain decisions of the department with regard to land use changes or the approval or denial of a certificate of completion. The bill would require the department to apportion liability for the response costs and would specify the criteria for apportionment of liability. The bill would authorize the department to enter into an expedited settlement with certain responsible persons, as specified.

The bill would create, in the State Treasury, the Expedited Site Remediation Trust Fund, and would authorize the department to expend the money in the trust fund, upon appropriation by the Legislature, to carry out the bill. The bill would require the Attorney General to recover from the responsible person the response costs provided in the agreement with the department and any other response costs incurred by the state which are allocated to that person in a final liability apportionment decision.

The department, the Office of Environmental Health Hazard Assessment, and the agency would be authorized to adopt regulations, including emergency regulations, to carry out the bill's requirements.

The bill would require that certain land use controls on sites subject to the bill's provisions be recorded, thereby imposing a state-mandated local program by imposing new duties on local agencies.

The bill would require the department to submit an annual report to the Governor and the Legislature on its progress in implementing the pilot program established by the bill.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 436 (SB 1021) Thompson. Solid waste management: recycling market development.

Existing law, the California Integrated Waste Management Act of 1989, requires the California Integrated Waste Management Board, using existing resources, to develop a comprehensive market development plan, as prescribed, that stimulates market demand within the state for postconsumer waste material and secondary waste material, as defined. The act, until July 1, 1997, provides for the designation of recycling market development zones, provides for a Recycling Market Development Revolving Loan Program, and creates in the Integrated Waste Management Account the Recycling

NOTE: Superior numbers appear as a separate section at the end of the digests.

Market Development Revolving Loan Subaccount. The act authorizes the board to sell loans made pursuant to the act, with a specified exception, on the secondary market and to pool its loans, and restricts the use of the proceeds therefrom.

This bill would define, for purposes of those provisions, a "recycling-based business" as any business that increases market demand for, or adds value to, postconsumer waste material or secondary waste material.

Ch. 437 (SB 1322) Leslie. Trial costs.

(1) Existing law provides that counties shall be reimbursed by the state for expenses incurred as the result of homicide prosecutions by various percentages according to population only until January 1, 1995, and, then, on or after January 1, 1995, by a different formula.

This bill would extend the termination date to January 1, 2000, and delay the operation of the provisions providing for a different compensation formula until January 1, 2000.

(2) Existing law authorizes the County of Calaveras to apply to the Controller for reimbursement of 100% of its costs incurred between January 1, 1991, and January 1, 1995, from the homicide trial of Charles Chitat Ng because of the extraordinary nature of that trial.

This bill would extend that date to January 1, 2000.

(3) These provisions would be known as the Hauser-Leslie Criminal Justice Act.

Ch. 438 (SB 1453) Rogers. Environmental quality: airports.

(1) Existing law, the California Environmental Quality Act, requires a public lead agency, as defined, to prepare an environmental impact report on a project which it proposes to carry out or approve that may have a significant effect on the environment, as defined, or, if the project would not have that effect, to prepare a negative declaration, unless the project is exempt from the act.

This bill would require a lead agency to utilize a specified handbook and other documents as technical resources to assist in the preparation of an environmental impact report for a project situated within airport comprehensive land use plan boundaries or, if a plan has not been adopted, within 2 nautical miles of a public or public use airport as the report relates to airport-related safety hazards and noise problems. The bill would prohibit adoption of a negative declaration for the project unless the lead agency considers whether the project will result in a safety hazard or noise problem for specified persons. The bill would thereby impose a state-mandated local program by imposing new duties on local lead agencies.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 439 (SB 1478) Beverly. Commercial fishing: shark and swordfish permits.

(1) Existing law, which is to be repealed January 1, 1995, prohibits taking shark and swordfish for commercial purposes with drift gill nets except under a drift gill net shark and swordfish permit south of Point Arguello or under a limited entry experimental swordfish permit. The requirements for renewal of either of those 2 permits are specified, including holding that permit in the previous year. Existing law also prescribes the conditions and equipment limitations for fishing under the permits.

Existing constitutional law also prohibits the use of gill nets in specified ocean waters.

This bill would expressly make the taking of shark and swordfish under the above described permit subject to the constitutional restriction, and would limit the issuance of drift gill net shark and swordfish permits under specified conditions to persons who held that permit in the previous year or to persons who held a limited entry experimental swordfish permit, as specified. The bill would continue the existing law beyond January 1, 1995, and would delete the provision that specifies that a permit is not required to take sharks or swordfish north of Point Arguello.

The bill would delete the provisions permitting a person who has not possessed a

NOTE: Superior numbers appear as a separate section at the end of the digests.

permit in a prior year from obtaining a permit in a subsequent year and deletes the limitation on the number of permits available for the new entrants.

The bill would change the amount of spare net permitted aboard a vessel from 80 fathoms (480 feet) to 100 fathoms (600 feet) and would delete the required revocation of the gill net permit and the commercial fishing license of the permittee upon conviction of falsely swearing that swordfish or thresher shark landed from May 1 to August 14, inclusive, has been taken more than 75 nautical miles from the mainland coastline.

The bill would also delete a specified area between Dana Point in Orange County, Catalina Island, and Point Mugu in Ventura County from the areas closed to the use of drift gill nets under the permits between July 15 and August 14.

The bill would make other related technical changes and repeal other obsolete provisions of law relating to the shark and swordfish fishery.

(2) Because a violation of the permit requirements would be a crime under other provisions of existing law, the bill would impose a state-mandated local program by extending the operation of the permit requirements beyond January 1, 1995.

(3) Existing law provides for fees to be paid for the permits, and requires the revenue from the fees to be deposited in the Fish and Game Preservation Fund, a continuously appropriated fund.

Because the bill would extend the permit requirements beyond January 1, 1995, the bill would make an appropriation.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 440 (SB 1636) Wright. Treatment: silver content.

(1) Under existing law, the Department of Toxic Substances Control is required to issue hazardous waste facilities permits to use and operate one or more hazardous waste management units at a facility which, in the judgment of the department, meets specified standards. A violation of the provisions regulating hazardous waste is a crime.

This bill would exempt from the requirement for obtaining a hazardous waste facilities permit a generator whose hazardous waste treatment activities is limited to the treatment of effluent hazardous waste from the processing of silver halide-based imaging products and which is a hazardous waste solely due to its silver content. The bill would require the generator to comply with other specified requirements to qualify for that exemption and would require a generator, upon terminating that treatment, to remove or decontaminate the residues, structures, and equipment, as specified, thereby imposing a state-mandated local program by creating new crimes.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 441 (SB 1706) Wright. Hazardous waste: removal or remedial action.

(1) Under existing law, the Department of Toxic Substances Control, or, if appropriate, the California regional water quality control board, is required to prepare or approve remedial action plans for all hazardous waste sites listed, as prescribed. A remedial action plan is not required, however, if specified conditions apply, including that the total cost of the removal action is less than $400,000.

This bill would instead exempt a site from the requirement for a remedial action plan if conditions at the site present an imminent or substantial endangerment to public health and safety or to the environment, or if the department, a regional board, or a responsible party takes a removal action at a site and the estimated cost of the removal action is less than $1,000,000, but would require the department or a regional board to prepare or approve a removal action workplan, as defined, for all sites where a nonemergency removal action is proposed and a remedial action is not required, and to provide

NOTE: Superior numbers appear as a separate section at the end of the digests.

information to the local community concerning a site, as specified.

(2) Under existing law, to the extent consistent with the federal Resource Conservation and Recovery Act of 1976, the department may exclude from the hazardous waste facilities permit requirements, those portions of any removal or remedial action conducted entirely onsite which meet specified criteria, including that the removal or remedial action is selected and carried out pursuant to a remedial action plan approved by the department or a regional board, as prescribed.

This bill would, instead, to the extent consistent with that federal law, authorize the department to exclude any portion of a response action conducted entirely onsite from the hazardous waste facilities permit requirements, if the removal or remedial action is carried out pursuant to a removal action workplan or remedial action plan and the plan requires the response action to be in compliance with specified requirements.

Ch. 442 (SB 1828) Campbell. Hazardous substances: Liability.

Existing law, the Carpenter-Presley-Tanner Hazardous Substance Account Act, provides for the recovery from the liable person of costs incurred and payable from the Hazardous Waste Control Account or the Hazardous Substance Cleanup Fund for removal and remedial actions to hazardous substance release sites. The terms "responsible party" and "liable person" are defined for purposes of the act with reference to the federal Comprehensive Response, Compensation, and Liability Act of 1980, which generally makes liable the owners and operators of hazardous substance facilities and the transporters and disposers of hazardous substances, except as specified.

This bill would exclude from the definition of "responsible party" or "liable person" for purposes of the act, a person who has developed or implemented innovative investigative or innovative remedial technology with regard to a release site, if the use of the technology has been approved, as prescribed, by the Department of Toxic Substances Control for the release site and the person would not otherwise be a responsible party or liable person. The bill would exclude a person from that exemption in specified cases.

Ch. 443 (AB 2680) Bowen. Air pollution: product variances.

(1) Existing law authorizes any person to petition the hearing board of an air pollution control district or air quality management district for a variance from the rules, regulations, or orders of the district.

This bill would prescribe criteria and conditions for the granting of product variances from district rules and regulations to persons who manufacture products. The bill would impose a state-mandated local program by imposing new duties on the districts with regard to the granting of product variances.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 444 (AB 3274) Pringle. Costs of emergency response: liability.

Existing law, with certain exceptions, makes any person who negligently or in violation of the law sets a fire, or who fails or refuses to correct a fire hazard prohibited by law, liable for the fire suppression costs and for the costs of providing rescue or emergency medical services, and provides for collection of the charge.

This bill would authorize public agencies participating in the fire suppression, rescue, or emergency medical services, to designate one or more of the participating agencies to bring an action to recover costs incurred by all of the agencies.

Ch. 445 (AB 3482) Areias. Interstate shipments of plants.

Existing law permits the Secretary of Food and Agriculture to designate certain types or varieties of plants, which are arriving from certain areas, to be plants that may be released without inspection if, among other things, the secretary has provided by agreement with the regulatory officials of the state of origin as to compliance with the same

NOTE: Superior numbers appear as a separate section at the end of the digests.

standards of cleanliness that apply to nursery stock produced or sold in California.

This bill would instead permit the secretary to enter into agreements with regulatory officials of other states and the United States Department of Agriculture to provide for the use of various pest risk mitigation measures at the place of origin of the shipment of the plants. The bill would specify that the agreement may designate the plants or varieties of plants to which those measures are applied as being commodities that may be released upon arrival at ports of entry or terminals in this state without being held and inspected for compliance with standards and quarantine requirements.

Ch. 446 (AB 2261) Peace. Criminal law.

(1) Existing law defines a "habitual sexual offender" for the purpose of enhanced punishment and delayed parole provisions and makes those provisions applicable to persons found guilty of committing specified sex crimes.

This bill would include kidnapping with the intent to commit those crimes in the habitual sexual offender provision as well as an offense committed in another jurisdiction that has all the elements described in the above provisions.

(2) Under existing law, a habitual sexual offender, as defined, is punishable by 25 years in the state prison or, under certain circumstances, 25 years to life, a prison term that requires application of a specified statutory term reduction provision. Existing law prohibits the release on parole of any habitual sexual offender, sentenced as specified, until he or she has been incarcerated for at least 20 years.

This bill would, instead, specify that a habitual sexual offender is punishable by imprisonment in state prison for 25 years to life and would prohibit application of the term reduction provision. The bill would, likewise, prohibit the release on parole of any habitual sexual offender until he or she has been incarcerated for at least 25 years.

Ch. 447 (AB 1029) Epple. Sex offenses.

(1) Existing law prescribes enhanced prison terms for, among other things, repeat offenders.

This bill would provide that any person convicted of a felony violation of specified sex offenses shall be punished by an additional consecutive term of imprisonment in the state prison for 25 years to life if one or more of any specified circumstances is true.

(2) Existing law provides that probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, nor shall a finding bringing the defendant within those provisions be stricken for, among others, any person who commits any lewd or lascivious acts or continuous sexual abuse of a child under 14 years of age.

This bill would, among other things, delete and add various offenses to the list of offenses specified for this purpose.

(3) Existing law defines a "habitual sexual offender" for the purpose of enhanced punishment and delayed parole provisions and makes those provisions applicable to persons found guilty of committing specified sex crimes.

This bill would include kidnapping with the intent to commit those crimes in the habitual sexual offender provision as well as an offense committed in another jurisdiction that has all the elements described in the above provisions.

(4) Under existing law, a habitual sexual offender, as defined, is punishable by 25 years in the state prison or, under certain circumstances, 25 years to life, a prison term that requires application of a specified statutory term reduction provision. Existing law prohibits the release on parole of any habitual sexual offender, sentenced as specified, until he or she has been incarcerated for at least 20 years.

This bill would, instead, specify that a habitual sexual offender is punishable by imprisonment in state prison for 25 years to life and would prohibit application of the term reduction provision. The bill would, likewise, prohibit the release on parole of any habitual sexual offender until he or she has been incarcerated for at least 25 years.

(5) This bill would become operative only if AB 2261 and AB 3707 of the 1993–94 Regular Session, and AB 19 and SB 26 of the 1993–94 First Extraordinary Session, are enacted.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 448 (AB 1948) Connolly. Juveniles: trial in criminal courts.

(1) Under existing law, certain juveniles who have been found by the juvenile court to be an unfit subject to be dealt with under the juvenile court law may be tried in a court of criminal jurisdiction. Under existing law, if a minor is found so unfit and subsequent to the finding, the minor is convicted of a specified criminal offense with respect to which the finding was made, the finding is made applicable to certain subsequent offenses, so as to eliminate any necessity for making an additional finding of unfitness.

This bill instead would specify that subsequent to the finding of unfitness (a) the juvenile court's jurisdiction with respect to a previous offense would not terminate over a ward who was not sent to the Youth Authority, without a specified hearing therefor petitioned by a parent or other person interested in the minor, or by the minor through a guardian, the prosecuting attorney, or probation officer, (b) the juvenile court's jurisdiction and the Youth Authority's jurisdiction would not terminate in a previous proceeding wherein the minor was committed to the Youth Authority, (c) all pending petitions where jeopardy has not attached shall be transferred to a court of criminal jurisdiction if the minor was 16 years of age or older at the time of the commission of the offense or the offense is one for which he or she may be presumed or may be found to be unfit to be dealt with under the juvenile court law, and all other pending petitions shall be disposed of under the juvenile court law where either jeopardy has attached or the minor was under 16 years of age at the time of commission of an offense for which he or she may not be presumed or may not be found to be unfit to be dealt with under the juvenile court law, (d) if there is a conviction of the violations for which unfitness was found, a new petition alleging violations in support of finding the minor a ward of the juvenile court need not be refiled in the juvenile court if the minor was 16 years of age or older at the time of the commission of the offense or the offense is one for which he or she may be presumed or may be found to be unfit to be dealt with under the juvenile court law, (e) if there is no conviction of the violations which were the subject of the unfitness proceedings and the minor was found unfit based solely on either or both a previous delinquent history or lack of success of previous attempts by the juvenile court to rehabilitate the minor, a new petition alleging violations in support of finding the minor a ward of the juvenile court need not be filed in the juvenile court if the minor was 16 years of age or older at the time of commission of the offense or the offense is one for which he or she may be presumed or may be found to be unfit to be dealt with under the juvenile court law, (f) if the minor is not convicted of violations, and the finding of unfitness was not based solely on either or both a previous delinquent history or lack of success of previous attempts to rehabilitate the minor, a new petition with respect to other violations shall be filed in the juvenile court, and (g) offenses with respect to which the bill does not require the filing of a new petition in the juvenile court may be transferred without further proceedings to a court of criminal jurisdiction where such a petition had already been filed in the juvenile court. The bill would make conforming related changes and clarifying changes. By imposing new duties on the criminal justice system similar to those imposed by the creation of a new crime, this bill would impose a state-mandated local program.

The bill would also authorize a parent or other persons having an interest in, or acting on behalf of, a minor who is a ward of the juvenile court not committed to the Youth Authority to petition for an order terminating or modifying the jurisdiction of the juvenile court.

(2) Under existing law, a minor 16 years of age or older who is alleged to have committed certain offenses is presumed to be not a fit and proper subject to be dealt with under the juvenile court law.

This bill would revise the offenses to which the presumption of unfitness applies.

(3) The bill would provide that if AB 3565 is enacted before this bill is enacted, Section 707.2 of the Welfare and Institutions Code, as amended by AB 3565, shall be operative and the amendments to Section 707.2 of the Welfare and Institutions Code proposed by this bill shall not be operative.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 449 (AB 3565) Seastrand. Juveniles: remand to Department of the Youth Authority.

Under existing law, certain minors who committed crimes when they were 16 years of age or older may be tried as adults. Under existing law, before a court may sentence a minor who has been tried as an adult to the state prison, the court must first remand the minor to the Department of the Youth Authority for the purpose of determining his or her amenability to the training and treatment offered by the Department of the Youth Authority.

This bill would revise and recast this provision to provide that the court of criminal jurisdiction may remand a minor prior to sentence and after considering a recommendation as to whether the remand should be made which would be required to be made by the probation department. By imposing additional duties on the probation department, the bill would create a state-mandated local program. The bill would require a specified finding if the court decides not to make the remand.

The bill also would prohibit a court of criminal jurisdiction from sentencing any minor under the age of 16 years at the time of commission of an offense to state prison unless he or she has first been so remanded.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 450 (AB 1180) Epple. Juveniles.

Existing law authorizes a probation officer, or district attorney in some instances, to make an investigation when a person applies to the probation officer or district attorney to commence proceedings in the juvenile court, based on the criminal conduct or habitual truancy of a minor. Existing law also authorizes the probation officer to cause an affidavit to commence juvenile court proceedings to declare a person a ward of the juvenile court based on criminal conduct to be taken to the prosecuting attorney under certain circumstances.

This bill would require these investigations to be made immediately, and would require the probation officer to cause these affidavits to be taken to the prosecuting attorney, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 451 (AB 2470) Rainey. Firearms.

(1) Existing law defines "criminal street gang" for the purposes of the Street Terrorism Enforcement and Prevention Act as an ongoing organization, association, or group of 3 or more persons, whether formal or informal, having as one of its primary activities the commission of one or more specified offenses.

This bill would extend that provision to include the additional offenses of sale, delivery, or transfer of any firearm to any person who is a member of any of a number of prohibited classes, as specified, and the possession of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor.

(2) Existing law prohibits probation, except in unusual cases where the interests of justice would best be served, for, among other things, any conviction of specified crimes that involved the use of a deadly weapon at the time of the perpetration of the crime or arrest.

This bill would, in addition, provide that probation shall not be granted, as specified, for any conviction of knowingly selling any firearm or deadly weapon to a prohibited class of persons, or any conviction for violation of a specified firearms provision by a person who actively participates in a "criminal street gang," as defined, for the sale or transfer of a pistol, revolver, or other firearm capable of being concealed on the person to a minor, or for the sale, transfer, or loan of any firearm to a minor.

(3) Under existing law, any defendant convicted of a nonviolent or nonserious offense may, with certain exceptions, be ordered to participate in community service as a condition of probation.

This bill would provide that, notwithstanding a specified provision of law, a minor who possesses a pistol, revolver, or other firearm capable of being concealed upon the person shall be ordered to perform a minimum of 100 hours and not exceeding 500 hours of community service.

(4) Existing law prohibits, with specified exceptions, the sale, lease, or transfer of firearms, unless the person who sells, leases, or transfers the firearms has been issued a license in accordance with a specified provision of law.

This bill would include among the exceptions the loan of an unloaded firearm or a firearm loaded with blank cartridges for use solely as a prop for a motion picture, television, or video production or entertainment or theatrical event.

(5) Under existing law, any person who has been convicted of a misdemeanor violation of certain enumerated provisions, including the sale or transfer of any firearm to a prohibited class of persons who have committed specified offenses or who are deemed to be a danger to self or others because of a mental disorder or mental illness, or has been adjudicated to be a mentally disordered sex offender, and who within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm shall be punished or fined, as specified.

This bill would delete that firearm transaction from the above provisions and would include within the prohibited transactions the sale or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor.

(6) Existing law provides that the transportation of a firearm by a person under specified circumstances for the purpose of a lawful transfer of the firearm does not constitute the crime of carrying a concealed weapon.

This bill would, in addition, include the transportation of a firearm for the purpose of a lawful sale or loan of the firearm and the infrequent transfer of certain types of firearms by gift, bequest, and intestate succession by individuals of the same immediate family, as defined, who comply with reporting requirements, as specified, among those acts that do not constitute the crime of carrying a concealed weapon.

(7) Existing law provides that every person engaged in the business of selling, leasing, or otherwise transferring a firearm, shall obtain a license, except with regard to certain exempt transactions. Among those transactions exempt from this licensure requirement are the sales, deliveries, or transfers of firearms by manufacturers or importers licensed pursuant to specified federal statutes and the regulations issued pursuant thereto to dealers or by wholesalers to dealers.

This bill would provide that no wholesaler shall deliver, sell, or transfer a firearm to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

a person who is licensed pursuant to federal law and whose licensed premises are located in California unless the person presents proof of licensure to the wholesaler or presents proof of exemption from licensure to that wholesaler, in which case the person also shall present proof that the transaction is also exempt from specified provisions of law.

The bill also would provide that no importer or manufacturer who is licensed to engage in that business pursuant to specified federal law shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to federal law and whose licensed premises are located in California unless the person presents proof of licensure to the importer or manufacturer or presents proof of exemption from licensure to that importer or manufacturer, in which case the person also shall present proof that the transaction is also exempt from specified provisions of law. Because this bill would create a new crime, it would impose a state-mandated local program.

The bill would, additionally, increase the punishment from 16 months, 2 or 3 years to 2, 3, or 4 years for a violation of any of the above provisions if specified circumstances apply. The bill would make similar changes in related punishment provisions.

(8) Existing law governs the delivery of a firearm to a purchaser or transferee by a licensed gun dealer.

Existing law provides that the law governing the delivery of a firearm to a purchaser or transferee by a licensed gun dealer shall not apply to, among other things, the delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to himself or herself.

This bill would, in addition, provide that the law governing the delivery of a firearm by a licensed gun dealer shall not apply to the loan of a firearm by a dealer who also operates a target facility to a person at that target facility, as specified.

(9) Existing law provides that specified procedures required to be completed by the parties to a transaction involving the sale or transfer of a firearm where neither party holds a firearms dealer's license shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days.

This bill would provide that no person, corporation, or firm shall sell, loan, or transfer any firearm to a minor.

The bill also would provide that the above provisions shall not apply to the loan or transfer of a firearm to a minor under specified circumstances, including the purpose of engaging in a motion picture, television, or video production, or entertainment, or theatrical event, and shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a licensed hunter during the hunting season. The bill would also provide that the privilege of a person to operate a motor vehicle shall be suspended, revoked, or delayed not exceeding 5 years if the person is convicted of unlawfully possessing a concealable firearm or live ammunition, as specified. The bill would authorize the court to waive this suspension, revocation, or delay if a personal or family hardship exists. The bill would impose a state-mandated local program upon local governments by increasing the scope of an existing crime, and by increasing the county jail time that is applicable to a person who violates this provision.

(10) Under existing law, any person who knowingly supplies, sells, gives, or allows possession or control of any firearm or deadly weapon, as defined, to any person who is deemed to be a danger to self or others due to a mental disorder or a mental illness, or who has been adjudicated to be a mentally disordered sex offender, shall be punished by imprisonment in the state prison, or in a county jail for a period of not exceeding one year, by a fine not exceeding $1,000, or by both the fine and imprisonment.

This bill would revise and recast the above provision so that it would be applicable only to a deadly weapon and would make it a felony punishable by imprisonment in the state prison for 2, 3, or 4 years for any person who knowingly supplies, sells, gives, or allows possession or control of any firearm to any person, as described above.

(11) This bill would make other related changes.

(12) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would provide that it shall become operative only if AB 2428 is chaptered and becomes effective on or before January 1, 1995.

(13) This bill would incorporate additional, but not all, changes in Section 12072 of the Penal Code proposed by SB 1308, to be operative only if SB 1308 and this bill are both chaptered and become effective January 1, 1995, and this bill is chaptered last.

(14) This bill would incorporate additional changes in Section 12076 of the Penal Code proposed by SB 1308, to be operative only if SB 1308 and this bill are both chaptered and become effective January 1, 1995, and this bill is chaptered last.

(15) This bill would incorporate additional changes in Section 12078 of the Penal Code proposed by SB 1308, to be operative only if SB 1308 and this bill are both chaptered and become effective January 1, 1995, and this bill is chaptered last.

Ch. 452 (SB 1539) McCorquodale. Minors: Department of the Youth Authority.

(1) Existing law provides for the Department of the Youth Authority within the Youth and Adult Correctional Agency, and prescribes the powers, duties, and functions of that department.

This bill would expressly authorize the Department of the Youth Authority to establish, maintain, or facilitate the development of regional centers.

(2) Existing law specifies the conditions under which a person may be committed to the Youth Authority by a court of criminal jurisdiction.

This bill would provide that, notwithstanding any other provision of law, no court shall have the power to order an adult convicted of a public offense in a court of criminal jurisdiction to be committed to the Youth Authority. The bill would specify that this provision is inapplicable to a transfer to the authority by the Director of Corrections, as specified.

(3) Existing law requires the Youthful Offender Parole Board to send to specified persons and agencies written notice of any hearing to review or consider the parole of a ward committed to the Department of the Youth Authority for the commission of specified crimes.

This bill would require the board to send the progress report prepared by the Department of the Youth Authority to the judge of the court which committed the person to the authority.

(4) Existing law provides for the powers of the Department of the Youth Authority.

This bill would require the Department of the Youth Authority to develop and implement a system to classify persons committed to the Youth Authority, to conduct an assessment of the feasibility and costs of developing and implementing a statewide juvenile information system, and to submit a report on the classification system and the statewide juvenile information system, as specified, to the Legislature. This bill would require the department to seek federal funds and funds from other sources for these purposes.

(5) This bill would only become operative if SCR 38 of the 1993–94 Regular Session is adopted and AB 2428 of the 1993–94 Regular Session is enacted. This bill would make a conforming change.

Ch. 453 (AB 560) Peace. Juveniles.

(1) Under existing law, no person under the age of 16 years may be committed to a state prison or be transferred thereto from any other institution.

This bill would change this age from 16 years to 14 years. The bill would also prohibit any person under the age of 16 years from being housed in any facility under the jurisdiction of the Department of Corrections. These changes would be contingent upon the enactment of AB 2428 and SB 1539 of the 1993–94 Regular Session and SB 23 of the 1993–94 First Extraordinary Session and the adoption of SCR 38 of the 1993–94 Regular Session.

(2) Existing law provides that the commission of any of one or more specified offenses by a minor when he or she was 16 years of age or older raises a presumption that the minor is not a fit and proper subject to be dealt with under the juvenile court law, unless

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the juvenile court makes a finding of fitness, as specified.

This bill would revise and recast these offenses to, among other changes, add the offense of willfully and maliciously discharging a firearm from a motor vehicle at another person other than the occupant of a motor vehicle, add the offense of exploding, igniting, or attempting to explode or ignite any destructive device or any explosive with intent to commit murder, add kidnapping for the purpose of committing certain sex offenses, and add kidnapping during the commission of a carjacking, as specified. This bill would provide that the commission of murder, as specified, by a minor when he or she had attained the age of 14 years but had not attained the age of 16 years would also raise a presumption that the minor is not a fit and proper subject to be dealt with under the juvenile court law, as specified. The bill would make the latter changes contingent upon the enactment of AB 2428 and SB 1539 of the 1993–94 Regular Session and SB 23 of the 1993–94 First Extraordinary Session and the adoption of SCR 38 of the 1993–94 Regular Session.

(3) Under existing law, with regard to the commission of other offenses by a minor when he or she was 16 years of age or older, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the juvenile court after evaluation of several factors.

This bill would provide that on the commission of any of one or more specified offenses by a minor when he or she had attained the age of 14 years but had not attained the age of 16 years, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law.

The bill would make this change contingent upon the enactment of AB 2428 and SB 1539 of the 1993–94 Regular Session and SB 23 of the 1993–94 First Extraordinary Session and the adoption of SCR 38 of the 1993–94 Regular Session. The bill would make related and conforming changes to other provisions, and would thereby require increased duties of probation officers and other local officials, thus imposing a state-mandated local program.

(4) Under existing law, certain juveniles who have been found by the juvenile court to be an unfit subject to be dealt with under the juvenile court law may be tried in a court of criminal jurisdiction. Under existing law, if a minor is found so unfit and subsequent to the finding the minor is convicted of a specified criminal offense with respect to which the finding was made, the finding is made applicable to certain subsequent offenses, so as to eliminate any necessity for making an additional finding of unfitness.

AB 1948 would substantially revise these latter provisions.

This bill would further revise the provisions revised by AB 1948, contingent on the enactment of AB 1948, in which case the revisions made by AB 1948 would not be operative.

(5) Because, under (2), (3), and (4) above, this bill would impose increased duties on local criminal justice systems that are equivalent to those imposed by the establishment of a new crime, it would create a state-mandated local program.

(6) Existing law provides for the sealing of juvenile court records, as specified, and provides that the records of a minor who committed any of one or more specified offenses when he or she was 16 years of age or older may not be sealed until at least 3 years have elapsed since the commission of the offense.

This bill would instead provide that these records and the records of a minor who committed any of one or more specified offenses when he or she had attained the age of 14 years but had not attained the age of 16 years may not be sealed until at least 6 years have elapsed since the commission of the offense.

(7) Under existing law, generally, the public is not admitted to a juvenile court hearing. However, juvenile court hearings concerning petitions filed alleging the commission of specified offenses, including penetration of genital or anal openings by a foreign object, kidnapping for ransom, kidnapping for purpose of robbery, kidnapping with bodily harm, and carjacking while armed with a dangerous or deadly weapon, are open to the public.

This bill would revise the circumstances in which this provision is applicable to the

NOTE: Superior numbers appear as a separate section at the end of the digests.

offense of penetration of genital or anal openings by a foreign object, and would add other offenses to these specified offenses.

(8) Existing law specifies the conditions under which a person may be committed to the Youth Authority by a court of criminal jurisdiction, which include the condition that the person is not convicted of 1st degree murder committed when that person was 18 years of age or older, sentenced to death, or sentenced to imprisonment for life.

This bill would delete the condition that the person is not convicted of 1st degree murder and would revise the condition that the person is not sentenced to imprisonment for life, as specified.

(9) Existing law governs the admissibility of evidence of the commission of a crime when relevant to prove some fact other than the disposition of a person to commit such an act. Under existing law, every person honorably discharged from the control of the Department of the Youth Authority by the Youthful Offender Parole Board who has not, during the period of control, been placed in a state prison, is thereafter released from all penalties and disabilities resulting from the offense for which he or she was committed, and may petition the court to set aside the verdict of guilty and dismiss the accusation or information against the person.

This bill would specify that the conviction of such a person for any of one or more specified offenses is admissible in a subsequent criminal, juvenile, or civil proceeding if otherwise admissible, if the person was 16 years of age or older at the time he or she committed the offense, was found to be unfit to be dealt with under the juvenile court law, was tried as an adult and convicted, and was committed to the Department of the Youth Authority, as specified. The bill would provide that the conviction of such a person may be used to enhance the punishment for a subsequent offense. This bill would provide that the conviction of a person who is 18 years of age or older at the time he or she committed the offense is admissible in a subsequent civil, criminal, or juvenile proceeding, if otherwise admissible by law. The bill would require the Youthful Offender Parole Board to inform each person discharged from its control of these and other related provisions.

(10) Some of the changes made by the bill would become operative only if AB 2428 and SB 1539 of the 1993–94 Regular Session and SB 23 of the 1993–94 First Extraordinary Session are not enacted and SCR 38 of the 1993–94 Regular Session is not adopted.

(11) This bill would incorporate changes to Sections 207.1, 707, and 707.1 of the Welfare and Institutions Code proposed by AB 1948, contingent upon its prior enactment, as specified.

(12) This bill would incorporate changes to Section 653.5 of the Welfare and Institutions Code proposed by AB 1180, contingent upon its prior enactment, as specified.

(13) This bill would incorporate changes to Section 781 of the Welfare and Institutions Code proposed by AB 234, contingent upon its prior enactment, as specified.

(14) The bill would provide that if AB 3053 or AB 3309, or both, are enacted before this bill is enacted, Section 827 of the Welfare and Institutions Code, as amended by one of the bills prevailing pursuant to law, shall be operative and the amendments to Section 827 of the Welfare and Institutions Code proposed by this bill shall not be operative.

(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason, but that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 454 (AB 2428) Epple. Juvenile justice: task force.

Existing law specifies the jurisdiction of the juvenile court over minors on the basis of criminal conduct. Existing law also requires the Department of the Youth Authority to establish and implement the Juvenile Offender Local Prevention and Corrections

NOTE: Superior numbers appear as a separate section at the end of the digests.

Program to coordinate state and local efforts to confine, discipline, treat, and prevent juvenile offenders.

This bill would establish the California Task Force to Review Juvenile Crime and the Juvenile Justice Response, as specified, for the purpose of, among other things, analyzing all aspects of juvenile law and making suggestions as to whether reform is needed in specified areas and finding creative and constructive solutions to California's juvenile justice problems.

This bill would require the task force to hold its first meeting not later than February 15, 1995, to provide an interim report to the Legislature by June 15, 1995, and submit its findings and recommendations to the Legislature in a final report by April 15, 1996.

This bill would provide that its provisions would become inoperative on September 1, 1996, and would repeal its provisions on January 1, 1997.

Ch. 455 (AB 3058) Hoge. Insurance: surplus line brokers: reports.

Existing law requires a surplus line broker to file an annual statement on or before the first day of April containing accounts of gross premiums received and return premiums separately stated.

This bill would instead require that report to contain an account of the business transacted, which shall contain an account of business done, as defined, by the surplus line broker for the prior year.

Existing law requires a surplus line broker whose annual tax for the preceding calendar year is $5,000 or more to make quarterly installment payments, as specified.

This bill would instead require monthly installment payments to be made. The bill would make related changes with respect to payment of taxes by electronic funds transfers.

Ch. 456 (AB 3524) Bowler. Carriers: charter-party carriers of passengers.

(1) Under existing law, the furnishing of specified passenger transportation services by a charter-party carrier of passengers is subject to the jurisdiction and control of the Public Utilities Commission. These services are required to be furnished pursuant to a certificate of public convenience and necessity or a permit issued by the commission, subject to specified filing fees. Existing law limits these permits to service areas with mileage restrictions.

This bill would alter these mileage restrictions for designated permits, and revise the amount of filing fees for a specified classification.

(2) Existing law sets forth the requirements to be met before a permit or certificate may be issued for charter-party carriers of passengers.

This bill would make these provisions applicable to the issuance or renewal of permits, and would set forth certain requirements to be met before a certificate may be issued or renewed.

Ch. 457 (AB 3332) Conroy. Carriers: injunctive remedies.

Existing law provides that when the executive director of the Public Utilities Commission determines that any household goods carrier, passenger stage corporation, highway common carrier or cement carrier, or highway carrier, or any officer, director, or agent of any household goods carrier, passenger stage corporation, highway common carrier, or cement carrier, or highway carrier, is failing or omitting or about to fail or omit to do anything required of it by law, or by any order, decision, rule, direction, or requirement of the commission, or is doing anything or about to do anything, or permitting anything or about to permit anything to be done, in violation of law or of any order, decision, rule, direction, or requirement of the commission, the executive director may make application to the superior court for injunctive relief, a restraining order, or other order, upon a showing by the executive director that a person or corporation has engaged in or is about to engage in these acts or practices.

This bill would specifically include within the type of order that the court may grant an order allowing vehicles used for subsequent operations subject to the order to be impounded at the carrier's expense and subject to release only by subsequent court order following a petition to the court by the defendant or owner of the vehicle.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 458 (AB 1414) Gotch. Land use: Subdivision Map Act: real property boundaries.

(1) Existing law, the Subdivision Map Act, contains extensive provisions governing the procedures by which land is divided for sale, lease, or financing.

This bill would provide for the expiration of permits issued in conjunction with planned unit developments, as specified, and would allow the imposition of conditions or requirements for issuance of a building or equivalent permit, as specified. The bill would authorize the lettering, in addition to numbering, of parcels designated on a parcel map filed under the act. By requiring new duties of local agencies, this bill would impose a state-mandated local program.

This bill would also make clarifying changes to provisions of the Subdivision Map Act regarding the conveyance of land to a governmental agency and termination of offers of dedication.

(2) Existing law provides for the setting of monuments to delineate the boundaries of subdivisions, tracts, streets, or highways.

This bill would require that monuments be located and referenced prior to, rather that at the time, streets or highways are reconstructed or relocated, and would require that a corner record be filed, as specified.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 459 (SB 1302) Committee on Local Government. Validations.

This bill would enact the Second Validating Act of 1994, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 460 (SB 1303) Committee on Local Government. Validations.

This bill would enact the Third Validating Act of 1994, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

Ch. 461 (SB 1358) Russell. Dependent children: placement with parent.

Under existing law, when a juvenile court orders the removal of a dependent child of the juvenile court from the physical custody of his or her parents or guardians, the court shall determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the jurisdiction of the juvenile court, who desires to assume custody of the minor. Under existing law, the court is required to place the minor with that parent if he or she requests custody unless it finds that placement with the parent would be detrimental to the minor.

Under existing law, if the court places the minor with the parent requesting custody under this provision, it may order that the parent become legal and physical custodian of the minor, or order that the parent assume custody of the minor subject to the supervision of the juvenile court, as specified.

This bill would require the court to make a finding either in writing or on the record of the basis for its determination under these provisions.

Ch. 462 (SB 1365) Johannessen. Community care facilities: Napa and Riverside Counties.

Existing law authorizes a 3-year pilot program in Napa County and Riverside County to establish, on a voluntary basis, a 10-bed locked community care facility in each county to provide residential care and treatment for mentally disordered patients who are placed in a state hospital or other health facility because there are no community placements available to meet their needs. The State Department of Mental Health and

NOTE: Superior numbers appear as a separate section at the end of the digests.

the State Department of Social Services are required to perform specified regulatory and monitoring duties with regard to the program.

This bill would, instead, authorize a 5-year pilot program to establish a 15-bed locked community care facility in each county. It would authorize the Department of General Services, with the consent of the State Department of Mental Health, to enter into a long-term lease with Napa County for designated property within the boundaries of Napa State Hospital for purposes of the pilot program.

Ch. 463 (SB 1493) Mello. Residential care for the elderly: bedridden persons.

Existing law prohibits any person from operating or maintaining a residential care facility for the elderly without a valid license issued by the State Department of Social Services. Further, existing law, operative until January 1, 1995, prohibits any resident from being admitted or retained in a residential care facility for the elderly if, among other things, the resident is bedridden, as defined.

This bill would delete persons confined to bed and unable to reposition themselves from the definition of "bedridden," and would instead include persons unable to independently transfer to and from bed, except in specified facilities. The bill would provide that these provisions do not expand the scope of care and supervision of a residential care facility for the elderly.

Existing law repeals certain of these provisions on January 1, 1995.

This bill would delete this repeal provision and make conforming changes.

Ch. 464 (SB 1560) Mello. Civil rights: senior housing.

Existing law permits the establishment and preservation of specially designed and accessible housing for senior citizens, as specified. Existing law defines, for purposes of these provisions, a senior citizen housing development as a residential development consisting of at least 150 dwelling units in a standard metropolitan statistical area or at least 35 dwelling units in any other area that is developed for, or substantially rehabilitated or renovated for, senior citizens.

This bill would instead, for these purposes, define a senior citizen development to be a residential development developed, substantially rehabilitated, or substantially renovated for, senior citizens and consisting of at least 150 dwelling units in a standard metropolitan statistical area with at least 1,000 residents per square mile or at least 1,000,000 total residents based upon the 1990 census, at least 100 dwelling units in a standard metropolitan statistical area with not more than 999 residents per square mile and not more than 399,999 total residents based upon the 1990 census, or at least 35 dwelling units in any other area.

This bill would also make technical, nonsubstantive changes.

Ch. 465 (SB 1756) Johnston. Peace officers: state parole officers.

Existing law makes specified persons peace officers whose authority extends to any place in the state while engaged in the performance of the duties of their respective employment and for the purpose of carrying out the primary function of their employment or as required under specified emergency provisions. Except as specified, these peace officers may carry firearms only if authorized and under those terms and conditions specified by their employing agency.

This bill would require the Department of the Youth Authority to develop by June 30, 1995, a policy for arming peace officers of the department who comprise high-risk transportation or high-risk escape details, as determined by the director. This bill would require the department to train and arm high-risk escape details.

Ch. 466 (SB 1807) Lewis. Child support.

Existing law, relative to child support, requires the court to require health insurance coverage for a child to be maintained by either or both parents if it is available at no cost or at a reasonable cost. Existing law establishes the statewide uniform guideline for determining child support orders, as specified. Existing law authorizes the court to order, as additional child support, the reasonable uninsured health care costs for the children, and provides that there is a rebuttable presumption that the costs actually paid

NOTE: Superior numbers appear as a separate section at the end of the digests.

for the uninsured health care needs of the children are reasonable. Existing law requires these expenses to be divided ½ to each parent if there needs to be an apportionment, unless the other parent requests a different apportionment, as specified.

This bill would require the court to advise each parent of his or her rights and obligations, including financial responsibilities for these costs. The bill would prescribe requirements for the payment or reimbursement of these costs. The bill would also require the use of the health care insurance coverage, consistent with the requirements of the plan, provided by the obligor parent, as specified.

Ch. 467 (SB 1858) Leslie. Attorneys: service of papers.

Existing law provides that, where neither an attorney's office nor residence is known, service may be made by delivering a notice or papers to the clerk of the court, or to the judge where there is no clerk, for the attorney.

This bill would provide that service may also be made, in that case, by delivering the notice or papers to the address of the attorney or party of record, as designated on the court papers.

Ch. 468 (AB 559) Peace. Dentists: professional reporting.

Existing law requires that various boards that license certain health care professionals, including dentists, each create and maintain a central file of all persons who hold a license from the board. Under existing law, each board's central file is required to contain prescribed information about each licensee, including, among other things, any judgment, settlement, or arbitration award requiring certain licensees or insurers to pay any amount of damages in excess of specified amounts for claims alleging negligence of those licensees. Existing law requires insurers providing professional liability insurance, or licensees who are uninsured, to report this information to the appropriate board. Under existing law, the reportable amount of damages awarded in any settlement or arbitration for physicians and surgeons is awards over $30,000, for marriage, family, and child counselors, awards over $10,000, and for dentists and other licensees, awards over $3,000.

This bill would revise the reporting requirement for insurers who provide professional liability insurance to dentists to instead require reporting of settlements or arbitration awards over $10,000 instead of $3,000.

Ch. 469 (AB 1579) Polanco. Child custody: child abuse victim.

(1) Existing law specifies procedures under which a social worker in a county welfare department is authorized, while acting within the scope of his or her regular duties, as specified, to take into and maintain temporary custody of, without a warrant, a minor. The social worker is directed to consider, before taking a minor into custody, whether any reasonable services are available, and whether a referral to public assistance would eliminate the need to take custody.

This bill would provide that, in addition to those factors, a social worker shall consider whether a nonoffending caretaker can provide for and protect the child from abuse and neglect and whether the alleged perpetrator voluntarily agrees to withdraw from the residence, and is likely to remain withdrawn from that residence. Because this would impose additional duties on local officials, it would create a state-mandated local program.

(2) Existing law directs the court in a dependency proceeding to make a determination on the record as to whether reasonable efforts were made to prevent or eliminate the need for removal of the minor from his or her home.

This bill would require that those reasonable efforts must incorporate the considerations specified in (1).

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that no reimbursement is required by this act for a specified reason; however, if the Commission on State Mandates determines that this bill contains

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 470 (AB 1811) McDonald. Workers' compensation: arbitration.

Existing law with respect to workers' compensation requires certain disputes to be submitted for arbitration, including disputes involving permanent disability, as specified, where the presiding workers' compensation judge determines that the case will not be set for hearing within a certain number of days from the date of the filing of the application for adjudication.

This bill would change that provision to refer to the date of the filing of the declaration of readiness.

Ch. 471 (AB 2715) Frazee. Child day care facilities.

Existing law requires the State Department of Social Services, prior to granting a license to any family day care home, to check child abuse and neglect complaint records of the child protective services agency of the county in which the applicant has resided for the 2 years preceding the application. In addition, existing law requires the department, prior to granting a license to any individual to care for children in either a family day care home or a day care center, to check for, and investigate, reports from the Child Abuse Registry.

This bill would require the department to do so prior to otherwise approving this care or prior to otherwise approving specified individuals to reside, provide care, or otherwise have frequent or routine contact with children in a child day care facility.

Existing law requires the department to implement these provisions for records maintained by all counties.

This bill would authorize the department, prior to granting a license to, or otherwise approving, a family day care home, to check the child abuse and neglect complaint records of counties that have automated records. On and after January 1, 1996, this bill would require the department, prior to licensing, or otherwise approving, a family day care home, to check the records of all counties.

Ch. 472 (AB 2725) Rainey. Public administrators: costs and fees for services.

(1) Existing law provides that a court, on its own motion or on request of certain specified persons, may appoint a guardian ad litem in any probate proceeding, as specified, to represent the interests of certain specified persons.

This bill would prohibit the appointment of a public guardian as a guardian ad litem in a probate proceeding, as specified, unless the court finds that no other qualified person is willing to act as a guardian ad litem.

(2) Existing law provides for the creation and validity of trusts, as specified, and provides for the appointment of trustees and for the filling of vacant trusteeships, as specified. Existing law provides that where a vacant trusteeship is not filled by the trust instrument or a trust company, as specified, a court may appoint a trustee to fill the vacancy, on petition of any interested person or any person named as trustee in the trust instrument.

This bill would prohibit the appointment of a public guardian as a trustee of any trust pursuant to the above provision, unless the court finds, as specified, that no other person is willing to act as trustee.

(3) Existing law provides that the public guardian has a claim against the estate of the ward or conservatee for specified expenses, compensation, and a bond fee.

This bill would specify that the bond fee subject to such compensation is an annual bond fee.

Ch. 473 (AB 2950) Frazee. Fire protection: licensing.

Existing law requires any chemical manufacturing concern, or any flame-retardant application concern, or any concern marketing a flame-redardant fabric or material that desires to have its name appear on the approved list of chemicals, chemically treated fabrics, or flame-retardant applicator concerns to first make application to the State Fire

NOTE: Superior numbers appear as a separate section at the end of the digests.

Marshal and to pay a registration fee.

This bill would establish a definition of general applicator and limited applicator for these purposes and would specify the registration process and fee for limited applicators.

Existing law requires the State Fire Marshal to remove from the approved list the names of all flame-retardant applicator concerns that have not paid their renewal registration fee prior to May 1 of each year.

This bill would require the State Fire Marshal to remove from that approved list the names of all flame-retardant general applicator concerns that have not paid their renewal registration fee prior to May 1 of each year and would require the State Fire Marshal to remove from that approved list the names of all flame-retardant limited applicator concerns that have not paid their renewal registration fee prior to October 31 of each year.

Ch. 474 (AB 2956) V. Brown. Healing arts: counselors and social workers.

Existing law provides for the licensure and regulation of marriage, family, and child counselors, including educational psychologists, and of social workers, including clinical social workers, administered by the Board of Behavioral Science Examiners.

The existing licensure laws require that an applicant for a license as a marriage, family and child counselor, an educational psychologist, or a clinical social worker shall not have committed acts or crimes constituting grounds for denial of licensure pursuant to a prescribed section in existing law.

This bill would also require the board to refuse to issue a registration or license to any applicant for any of these licenses who has been convicted of any crime involving sexual abuse of children in the United States or who has been ordered to register as a mentally disordered sex offender or the equivalent in another state or territory.

This bill would provide the board with discretion to deny an application for licensure as a social worker, or suspend or revoke a social worker's license when the person's license was revoked or suspended, or other disciplinary action was taken against the individual under specified circumstances.

Ch. 475 (AB 2960) Frazee. State Fire Marshal: flame-retardant fabrics and materials.

Under existing law, the State Fire Marshal is required to establish minimum standards for the manufacture, sale, and application of flame-retardant chemicals and the sale of flame-retardant treated fabrics or materials used or intended for use in certain occupancies. The State Fire Marshal is further required to adopt an approved list and to remove from that list the name of any flame-retardant chemical, material, fabric, or application concern where the State Fire Marshal finds a failure to adequately treat a fabric or material to make it fire-resistant.

This bill would change the existing reference to fire-resistant in that provision to flame-retardant.

Ch. 476 (AB 2997) Conroy. Community colleges: classified employees.

(1) Existing law authorizes the governing boards of community college districts to establish the workday and workweek schedules of classified employees with the concurrence of the employee organization, or in the absence of an employee organization, the concurrence of the affected employee. Existing law specifies that overtime includes any time required to be worked in excess of 8 hours in any one day and in excess of 40 hours in any calendar week.

This bill would require the governing board of a community college district to pay the overtime rate for all hours worked in excess of the required workday or workweek, thereby imposing a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this

NOTE: Superior numbers appear as a separate section at the end of the digests.

bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 477 (AB 3077) Escutia. Workers' compensation: disability benefits.

Existing law provides a system of workers' compensation to compensate persons injured in the course and scope of employment. Employers are required to provide the health care that is reasonably required to cure or relieve the effects of an occupational injury, including apparatuses such as artificial members.

This bill would require employers to provide orthotic and prosthetic devices and services that are reasonably required, and would delete the reference to artificial members.

Ch. 478 (AB 3115) Pringle. Minors: juvenile court jurisdiction.

Existing law specifies the jurisdiction of the juvenile court over minors on the basis of criminal conduct.

Existing law provides, however, that in counties that so provide, the municipal or justice court has jurisdiction over minors who are alleged to have committed only a Vehicle Code infraction or a violation of a local ordinance relating to specified motor vehicle offenses. The municipal or justice court is required to use the procedures set forth in the juvenile court law in hearing cases involving minors who are at least 16 years of age and who are alleged to have committed certain of these Vehicle Code infractions.

This bill would provide that the latter provision shall apply only in counties which had not, by resolution of the board of supervisors, implemented this section prior to August 15, 1993. In counties which had implemented this section prior to August 15, 1993, the municipal or justice court would be permitted to use the procedures established by the Vehicle Code. These provisions would be operative until January 1, 1998, at which time existing law would be restored.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 479 (AB 3219) Connolly. Attorneys: fees: third-party notification: registration: mediation: small claims.

Existing law authorizes the Board of Governors of the State Bar to formulate and adopt rules and regulations to establish, and standards and guidelines to implement, an alternative dispute resolution discipline mediation program to resolve specified complaints against attorneys.

This bill would provide that those rules may authorize discipline mediation, as specified, to proceed under discipline mediation programs sponsored by local bar associations in this state and the bill would provide that those rules shall authorize the charging of reasonable administrative fees for specified purposes. The bill also would provide that the standards and guidelines may encompass those sponsored programs.

Under existing law, an attorney who contracts to represent a plaintiff on a contingency fee basis shall, at the time the contract is entered into, provide a duplicate copy of the contract, signed by both the attorney and the plaintiff, or his or her guardian or representative, to the plaintiff, or to the plaintiff's guardian or representative, as specified.

This bill would substitute the term client for the term plaintiff.

Under existing law, an attorney who contracts to represent a client on terms other than a contingency fee basis, in which it is reasonably foreseeable that total expense to a client, including attorney fees, will exceed $1,000 is required to use a written contract, as specified.

This bill would provide that, at the time the contract is entered into, the attorney shall provide a duplicate copy of the contract signed by both the attorney and the client to the client, as specified. Under existing law, the contract is required to include the hourly rate and other standard rates, fees, and charges applicable to the case.

This bill would instead require that the contract include any basis of compensation including, but not limited to, hourly rates, statutory fees or flat fees, and other standard rates, fees, and charges appliable to the case.

Under existing law, there is no requirement that upon the payment of $100 or more

NOTE: Superior numbers appear as a separate section at the end of the digests.

in settlement of any 3rd-party liability claim the insurer provide written notice to the claimant.

This bill would require this written notice if the claimant is a natural person and the payment is delivered to the claimant's lawyer or other representative by draft, check, or otherwise, as specified.

Under existing law, an applicant for registration as a law corporation shall supply to the State Bar all necessary and pertinent documents and information requested by the State Bar concerning the applicant's plan of operation, as specified.

This bill would provide that an applicant shall include with the application, for each shareholder of the corporation licensed in a foreign country but not in this state or in any other state, territory, or possession of the United States, a certificate from the authority in the foreign country currently having final jurisdiction over the practice of law verifying the shareholder's admission to practice and other specified information.

Under existing law, the Board of Governors of the State Bar is required to establish, maintain, and administer a system and procedure for the arbitration of disputes concerning fees, costs, or both, charged for professional services by members of the State Bar or by members of the bar of other jurisdictions.

This bill would enable the board to establish, maintain, and administer a system and procedure for mediation of these disputes that would be voluntary for both clients and attorneys and would provide that all discussions and offers of settlement of the mediation are confidential and may not be disclosed in any subsequent arbitration or other proceedings.

Under existing law, pursuant to rules adopted by the board of governors an attorney is required to forward a written notice to the client prior to or at the time of service of summons or claim in an action against the client for recovery of fees, costs, or both, including a statement of the client's right to arbitration. A client's right to arbitration is waived by the client's proceeding with an action or seeking affirmative relief.

This bill would provide that if the client waives this right to arbitration, the parties may stipulate to set aside the waiver and to proceed with arbitration.

Under existing law, the small claims court generally has jurisdiction for actions to recover money, if the amount of the demand does not exceed $5,000, to enforce payment of delinquent unsecured personal property taxes in an amount not to exceed $5,000, if the legality of the tax is not contested by the defendant, and to issue a writ of possession, as specified, if the amount of the demand does not exceed $5,000.

This bill would add to the jurisdiction of the small claims court the ability to confirm, correct, or vacate a fee arbitration award not exceeding $5,000 between an attorney and client that is binding or has become binding, or to conduct a hearing de novo between an attorney and client after nonbinding arbitration of a fee dispute involving no more than $5,000 in controversy, as specified.

Ch. 480 (AB 3232) Alpert. Tuberculosis.

Existing law contains various provisions for making health care available to persons who lack sufficient annual income to meet the costs of health care, including the incorporation of available federal grants to the state for medical assistance programs. Existing law requires certain levels of income and resources for persons to be eligible for these health assistance programs.

This bill would require the State Department of Health Services to exercise the option made available by the federal government to provide funds for medical assistance for eligible persons infected with tuberculosis. Because local government entities would be responsible for administering the eligibility requirements for medical assistance for persons infected with tuberculosis, this bill would impose a state-mandated local program.

This bill would authorize the department to adopt emergency regulations, in accordance with certain procedures, to implement its provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 481 (AB 3305) Takasugi. Income taxes: exclusions: crime hotline rewards.

The Personal Income Tax Law provides various exclusions from gross income that is subject to the tax imposed by that law.

This bill would provide under that law that gross income does not include any income which is received as a reward from a crime hotline, as defined, that is authorized by any governmental entity, except as specified.

This bill would take effect immediately as a tax levy.

Ch. 482 (AB 3319) Takasugi. Insurance: reports.

Under existing law, an insurer doing business in California, generally, is required to report on a calendar year basis for each class of insurance designated in the prior calendar year by the commissioner, both for policies issued or issued for delivery in California, and for policies issued or issued for delivery in the United States and its territories, specified information.

This bill would delete the requirements that the insurer report on (1) whether policies are written on a claim made or occurrence basis and whether there has been a change in the preceding 12 months, (2) specified information concerning liability insurance for municipalities, product liability insurance, liability insurance for businesses or nonprofit enterprises that are required to carry this insurance, by state law, news publishers' liability insurance, and errors and omissions (malpractice) insurance, and (3) commercial liability insurance, as defined by the Insurance Services Office, that is specifically excluded from any reinsurance treaty for reinsurance ceded or assumed.

Under existing law, the Department of Insurance is required to retain the information reported for 5 years.

This bill would reduce the number of years to 3 years.

Under existing law, an insurer that has been established for less than 3 years is not required to report this information.

This bill would also exclude from the reporting requirement those insurers that can demonstrate to the commissioner that their market share of the coverage for which the commissioner seeks information is less than 1%, as specified, and would authorize the commissioner to deny the exemption application in certain circumstances. It would authorize the commissioner to order an exempted insurer to report the required information upon request and in accordance with the provisions of this bill.

Ch. 483 (AB 3391) B. Friedman. Breast cancer: cigarette tax: breast cancer research.

The Cigarette and Tobacco Products Tax Law requires revenues from a specified increase in the cigarette tax rate to be deposited in the State Treasury to the credit of the Breast Cancer Fund for allocation to, among other things, the Breast Cancer Control Program within the State Department of Health Services. Existing law authorizes the department to appoint and consult with an advisory panel, composed of certain specified representatives. Existing law states the intent of the Legislature that breast cancer-related survivors and advocates and health care advocates compose at least ⅓ of the advisory panel.

This bill would provide that the Breast Cancer Fund shall consist of 2 accounts: the Breast Cancer Research Account and the Breast Cancer Control Account, with the revenues deposited in the fund to be divided equally between the 2 accounts. The bill would revise the statement of legislative intent to provide that health advocates for low-income women rather than health care advocates be included on the advisory panel. The bill would require the State Department of Health Services or any entity funded by the Breast Cancer Control Program to collect personal and medical information

NOTE: Superior numbers appear as a separate section at the end of the digests.

necessary to administer the program from any individual applying for services under the program, and would impose certain restrictions on the disclosure of that information. The bill would also require the State Department of Health Services to adopt regulations to implement this act, as specified.

Under existing law, the University of California is required to establish and administer the Breast Cancer Research Program, a comprehensive grant and contract program to support research efforts regarding breast cancer. The university is required to transmit a report to the Legislature by December 31, 1994, and annually thereafter, regarding the research program, as specified.

This bill would require the university to include in its first report an evaluation and recommendations concerning the desirability and feasibility of requiring for-profit grantees to compensate the state in the event that a grant made under the program results in the development of a profit-making product.

Ch. 484 (AB 3655) B. Friedman. Health care coverage: preexisting conditions.

Existing law provides that a health care service plan or a "health benefit plan," as defined, may exclude coverage of preexisting conditions only for specified periods of time. In calculating the time that they can exclude from coverage, the health care service plan or health benefit plan shall credit the period of prior qualifying coverage. Under current law, a person who has a lapse in coverage related to employment is entitled to have his or her prior qualifying coverage credited if he or she obtains new coverage within 90 days.

This bill would extend the period for securing new coverage to 180 days.

Ch. 485 (AB 3415) Woodruff. Student financial aid.

Existing state law establishes the California Loan Programs for eligible postsecondary students and their parents. Existing federal law establishes the Federal Family Education Loan Program, the purposes of which are to encourage states and nonprofit private institutions and organizations to establish adequate loan insurance programs for students, to provide a federal program of student loan insurance for students or lenders who do not have reasonable access to a state or private nonprofit program of student loan insurance, to pay a portion of the interest on loans to qualified students, and to guarantee a portion of each loan insured under a program of a state or a nonprofit private institution or organization.

This bill would make changes in the law governing the state guaranteed loan program to conform to the federal law and would authorize California to participate in the Federal Family Education Loan Program. The bill would require the Student Aid Commission to administer the Federal Family Education Loan Program in this state.

Ch. 486 (AB 3416) Weggeland. Employment: regulations.

(1) Existing law establishes requirements for water and toilet facilities in theaters and motion picture houses, and makes a violation of those requirements a misdemeanor.

This bill would repeal those requirements. The bill would require all employers to comply with standards adopted by the Occupational Safety and Health Standards Board relating to sanitary facilities.

(2) Existing law requires foundries and metal shops to maintain washbowl and toilet facilities for employees. Existing law also requires these facilities to be properly ventilated, imposes a misdemeanor penalty for violation of the washbowl and toilet requirements, and provides for prosecution of violations by the district attorney.

This bill would repeal the above ventilation requirement, the misdemeanor penalty, and the provision for prosecution of violations by the district attorney. The bill would require those foundries and metal shops to comply with standards adopted by the standards board relating to mechanical ventilation systems.

(3) Existing law prohibits a toilet facility in a factory, workshop, mercantile, or other establishment that is assigned to one sex from being used by a person of the other sex. This bill would delete that prohibition.

(4) Existing law requires a person using power machinery for a manufacturing purpose to maintain at all times a medical chest with specified contents.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would repeal that requirement and would instead require that all employers comply with standards adopted by the Occupational Safety and Health Standards Board relating to the ready availability of medical services and first aid.

Ch. 487 (AB 3493) Cortese. Bonds: surety insurers.

(1) Existing law requires prescribed documents to be submitted to a court or officer under the Bond and Undertaking Law if an objection is made to the sufficiency of an admitted surety insurer on a bond if the bond is required to be approved. Existing law requires one of these documents to be a financial statement of the assets and liabilities of the insurer.

This bill would revise the requirements for the financial statement. The bill would also delete existing express language relating to supersedure of other provisions of law and make a technical, nonsubstantive change to this provision.

(2) Existing law prohibits a state or local public agency from imposing further requirements on a surety than those specified in (1) above.

This bill would specifically define the public agencies to which this provision is applicable.

Ch. 488 (AB 3653) Epple. Crimes.

Existing law contains comprehensive provisions relating to the disposition of exhibits in criminal cases. Among other things, existing law requires the court to act no sooner than 60 days following the final determination of the criminal action or proceeding, to destroy or otherwise dispose of exhibits that are dangerous or deadly weapons, narcotic or poisonous drugs, explosives, or property which cannot be lawfully possessed.

This bill would provide that every person who knowingly possesses any tool or device that is seized and of a type used in the commission of a violation of specified provisions of the Vehicle Code relating to motor vehicle chop shops, shall be subject to having the tool or device deemed a nuisance, as specified. The bill also would provide that an evidentiary hearing shall be held upon conviction of the defendant at which the state shall prove that the property seized is of a type used in facilitating the commission of the crime of which the defendant was convicted, subject to the claim of the lawful owner that the illegal use of the property was without his or her knowledge or consent. The bill further provides that upon a determination that the property shall be declared a nuisance, the property shall be disposed of by sale to the public by the appropriate county agency, as specified, or shall be destroyed or otherwise disposed of pursuant to court order.

By adding new procedures for disposition of exhibits in criminal cases, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 489 (AB 3705) Committee on Public Employees, Retirement and Social Security. State Teachers' Retirement System: benefits.

Existing law authorizes school districts to establish deferred compensation plans for their employees.

The bill would authorize the State Teachers' Retirement System to develop one or more deferred compensation plans that an employer may choose to offer to its employees who are members of the system. The bill would establish the continuously appropriated Teachers' Deferred Compensation Fund.

The bill would continuously appropriate the moneys in the Teacher Tax-Sheltered Annuity Fund to the board for disbursement for the purposes of the previously provided

NOTE: Superior numbers appear as a separate section at the end of the digests.

tax-sheltered annuity plan.

Ch. 490 (AB 3736) Caldera. Personal property.

Existing law requires every secondhand dealer and coin dealer to retain for 30 days all tangible personal property reported, as specified, and to produce that property for inspection by any peace officer or employee designated by the chief of police or sheriff.

This bill would require that property subject to inspection and property held in pawn, which is stored off the business premises of the licensee to, upon request for inspection, be produced at the licensee's business premises within one business day of a request.

Existing law requires that every loan made by a pawnbroker for which goods are received in pledge as security shall be evidenced by a written contract, a copy of which shall be furnished to the borrower.

This bill, commencing July 1, 1995, would require that contract to indicate whether the item or items pledged are to be stored at the business premises of the pawnbroker. The bill would also require the posting of a sign indicating whether or not pawned items are insured.

Existing law provides that whenever a peace officer has probable cause to believe that property, except as specified, in the possession of a pawnbroker, secondhand dealer, or coin dealer is stolen, the peace officer may place a hold on the property not to exceed 90 days, as specified.

This bill would provide that any property held in pawn that is not subject to such a hold shall be returned to the pledger immediately upon redemption of the loan. If the property is stored off the business premises of the licensee, that property would be required to be returned within one business day of request for redemption of the loan.

A violation of these requirements would be an infraction or misdemeanor. The bill would thus impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 491 (AB 3778) Umberg. Charitable solicitations: annual report.

Existing law requires certain charities to annually provide to the Attorney General's Registry of Charitable Trusts specified information concerning contributions received and administrative expenses. Existing law requires the Attorney General to make available for public review at the registry, and in offices of the Attorney General, as specified, the documents provided by charities to the registry pursuant to this requirement.

This bill would require the Attorney General to annually publish a report that includes the information provided to the registry pursuant to the above provision. The report shall be made available to public main libraries in the state at no cost and to any person upon request and the payment of a reasonable fee to cover costs of publication and distribution.

Ch. 492 (AB 3802) Woodruff. Public health licensing: vital statistics: funds.

(1) Existing law provides for the licensure of clinical laboratories and certain clinical laboratory personnel administered by the State Department of Health Services. Under existing law, licensing fees collected by and paid to the department are deposited in the General Fund.

This bill would establish the Clinical Laboratory Improvement Fund, and would require the deposit of those licensing fees and other moneys received by the department into that fund to be expended to administer those licensing provisions, upon appropriation by the Legislature.

Under existing law, the fees charged for issuance or renewal of certain permits and licenses, including, among others, clinical laboratory licenses and clinical laboratory personnel licenses, are required to be adjusted annually, in accordance with prescribed methods.

This bill would revise the method applied to adjust the fee for clinical laboratory

NOTE: Superior numbers appear as a separate section at the end of the digests.

licenses and clinical laboratory personnel licenses.

(2) Existing law requires that the State Director of Health Services be the State Registrar of Vital Records. Under existing law, the State Vital Record Improvement Project Fund is established within the State Treasury for the deposit of certain fees collected by the State Registrar and local registrars. Under existing law, certain moneys collected by the State Registrar are required to be deposited in the General Fund.

This bill would create the Health Statistics Special Fund to consist of certain revenues from fees collected by the State Registrar, with specified exceptions that would be deposited in the General Fund. This bill would change the name of the State Vital Record Improvement Project Fund to the State Vital Record Improvement Account and place it within the Health Statistics Special Fund.

This bill would require that the State Registrar expend moneys in the fund for described purposes relating to collection and dissemination of vital statistics, upon appropriation by the Legislature.

This bill would require that these provisions become operative July 1, 1995.

Ch. 493 (AB 651) Connolly. Judgments.

(1) Existing law prohibits a party, a witness, or the court from commenting upon the grant or denial of a motion for summary adjudication, or upon the fact that a party did not seek to summarily adjudicate any issue when an objection is made to a motion for summary adjudication.

This bill would instead prohibit a party, a witness, or the court from commenting upon the grant or denial of a motion for summary adjudication to a jury in the trial of an action.

(2) Existing law permits a party to move for a judgment on the pleadings, provided that there is a material change in applicable case law or statute, regardless of whether the moving party has already demurred to the complaint or answer or did not demur to the complaint or answer.

This bill would instead permit a party who did not demur to the complaint or answer to move for a judgment on the pleadings without regard to whether there is a material change in applicable case law or statute. The bill would permit a moving party who has already demurred to the complaint or answer, as specified, to move for a judgment on the pleadings provided that there has been a material change in applicable case law or statute since the demurrer was overruled.

(3) Existing law provides that, where a trial court requires undertakings in order to stay a judgment on appeal, the undertaking shall be in the sum fixed by the court and shall be conditioned upon the performance of the judgment if it is affirmed or the appeal is withdrawn or dismissed.

This bill would make technical changes in that provision.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 494 (AB 768) Rainey. Inmate labor.

Existing law authorizes the Department of Corrections to cause state prisoners to be employed in rendering services needed by the state, or any political subdivision thereof, or for any state, county, district, municipal, school, or other public use, or for any public instruction of the state or of any political subdivision thereof, or for the federal government, or any department, agency, or corporation thereof, except for services provided by enterprises under the jurisdiction of the Prison Industry Authority.

This bill, in addition, would authorize the Department of Corrections to cause state prisoners to be employed in rendering emergency services for the preservation of life or property within the state, whether the property is owned by public entities or private citizens, when a county level state of emergency has been declared due to a natural disaster, as specified.

Ch. 495 (AB 806) Gotch. Child abuse: Children's Trust Fund.

Existing law provides that any federal funds provided for child abuse prevention challenge grants to provide matching funds to states that have established children's trust funds shall be allocated to the counties' children's trust funds in a specified manner.

This bill would specify that moneys received by a county children's trust fund from

NOTE: Superior numbers appear as a separate section at the end of the digests.

private voluntary contributions shall not be considered in the calculation of these allocations.

Ch. 496 (AB 1031) Aguiar. Escrow.

Existing law requires licensed escrow agents to annually submit to the Commissioner of Corporations an audit report containing audited financial statements covering the calendar year, as specified.

This bill would provide that upon completion of those reports and financial statements the independent accountant shall submit to the commissioner complete copies of the reports and statements at the same time that copies are submitted to the licensed escrow agent. It would also require the licensee to submit to the commissioner a specified written notice when the accountant reporting upon or certifying these reports and statements is other than the accountant reporting upon or certifying the licensee's most recent reports on financial statements, as specified.

Ch. 497 (AB 1269) Johnson. Workers' compensation: inmates.

Under existing law, persons injured in the course of employment are generally entitled to workers' compensation benefits.

Existing law provides that an inmate of a state penal or correctional institution, while engaged in assigned work, is an employee for purposes of workers' compensation benefits subject to various limitations, including provisions setting the amount of temporary and permanent disability indemnity benefits.

This bill would include within the definition of employee, inmates engaged in work or employment, as defined by regulation, or work performed under contract. It would also specify that persons holding power to revoke a trust as to shares of a private corporation or a general partnership are considered shareholders of the private corporation, or partners of the partnership, for the purposes of provisions defining the employment status of shareholders and partners under the workers' compensation laws.

Existing law provides that in determining temporary and permanent disability indemnity benefits for an inmate, the average weekly earnings shall be taken at not less than a specified minimum amount.

This bill would provide that in making the above determination, the average weekly earnings shall be taken at not more than the specified minimum amount.

The bill would generally provide that any employee who is an inmate, or his or her family on behalf of an inmate, is not entitled to benefits for psychiatric injuries. This bill would also provide that inmates entitled to vocational rehabilitation services are only entitled to direct placement services.

Existing law permits under specified circumstances an inmate applicant to choose an attorney from a panel of qualified workers' compensation attorneys and provides for payment of that attorney by the Department of Corrections.

This bill would instead provide that if the issues are complex or if the inmate applicant requests, the Department of Corrections shall furnish a list of qualified workers' compensation attorneys to permit the inmate applicant to choose an attorney to represent him or her before the appeals board.

The bill would make related changes.

Ch. 498 (AB 1281) Archie-Hudson. Building standards: fire safety.

(1) Existing law relating to building standards requires the State Fire Marshal to approve building standards relating to fire and safety. Building standards approved by the State Fire Marshal are submitted to the California Building Standards Commission for codification and official publication in the California Building Standards Code. Local agencies have the responsibility for enforcement of numerous provisions of the California Building Standards Code.

Existing law requires the State Fire Marshal to prepare and adopt regulations establishing minimum requirements for the prevention of fire and for the protection of life and property against fire and panic in certain buildings including, among others, theaters, dance halls, and movie theaters. Existing law makes any violation of these regulations punishable as a misdemeanor.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require the State Fire Marshal to, similarly, adopt regulations regarding motion picture or television production facilities. By expanding the definition of this existing crime, this bill would impose a state-mandated local program. Because these building standards would impose new duties on local enforcement agencies, the bill would constitute a state-mandated local program. The bill would provide that it does not limit the authority of a city, county, city and county, or special district to set stricter standards.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 499 (AB 1568) Solis. Sex offenses: sex with confined consenting adults.

Existing law prohibits sexual activity between certain individuals, such as incest.

This bill would prohibit, in addition, an employee or officer of a public entity, as defined, or an employee, officer, or agent of a private person or entity that provides a detention facility, as defined, or staff for a detention facility under contract with a public entity, from engaging in sexual activity with a consenting adult confined in a detention facility.

The bill also would provide that any violation of the above prohibition is a misdemeanor, and that any subsequent violation is a felony.

Because this bill would create a new crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 500 (AB 1718) Peace. Real estate.

Under existing law, it is unlawful for a real estate broker to employ an unlicensed person to perform acts for which a license is required, for an unlicensed person to perform specified acts for which a real estate license is required, and for a person to advertise as a real estate broker without being licensed.

This bill would authorize the Real Estate Commissioner to levy an administrative fine for employing or compensating an unlicensed person to solicit borrowers or lenders or negotiate real property loans, as specified. The fines would be credited to the continuously appropriated Recovery Account in the Real Estate Fund. These provisions would be repealed on January 1, 2000.

Ch. 501 (AB 1914) Polanco. Workers' compensation: insurance classification.

Existing law provides that the Insurance Commissioner shall approve or issue as adequate for all admitted workers' compensation insurers, a classification of risks and premium rates uniform as to all insurers affected. Existing law requires any insurer adopting a change in an employer's classification that results in an increased premium to notify that employer in writing.

This bill would require that notification within 30 days of adoption of the change. This bill would also provide that if a change in classification results in a decrease in an employer's premium rate, that decrease shall be effective as of the inception date of the policy, as specified, or the date the insurer and insured are notified by the designated rating organization that the erroneous classification assignment is under review. If a

NOTE: Superior numbers appear as a separate section at the end of the digests.

change in the classifications on a workers' compensation insurance policy results in an increased premium, that increase shall be effective as of the effective date of the erroneous classification assignment, if any of certain specified conditions occur, or, in absence of any one or more of those specified conditions, upon the date of publication of the revised classification assignment, unless specified otherwise.

Ch. 502 (AB 2140) Honeycutt. Social workers: juvenile court proceedings.

Existing law sets forth the duties of social workers with respect to juvenile court dependency proceedings, as specified.

This bill would provide that any party to a dependency proceeding may bring a motion before the juvenile court to have a social worker removed from the case, and that the juvenile court judge in the dependency proceeding shall grant the motion if a preponderance of evidence shows that a conflict of interest has occurred that would interfere with the social worker's ability to objectively carry out his or her duties, as specified.

Ch. 503 (AB 2217) Martinez. Elections: declaration of candidacy.

Existing law prescribes the form of a declaration of candidacy for office, which requires the candidate to affirm, among other things, that he or she meets the statutory and/or constitutional qualifications for the office sought.

This bill would require the candidate to affirm that he or she meets the statutory and constitutional qualifications for the office sought.

This bill would add an identical alternative provision to the Elections Code that would become operative only if this bill and SB 1547 are both chaptered, in which case a specified provision of this bill would not become operative.

Ch. 504 (AB 2519) Karnette. Public contracts: graffiti.

Existing law provides for mandatory contract provisions applicable to all contracts of a state or local public entity relating to the construction of any public work of improvement including provisions governing modification of contract terms for regulatory compliance, retention proceeds, hazardous waste discovery, construction delays, and unfair business practices.

This bill would declare the intent of the Legislature that a public entity may, with respect to a public works contract for a project, determined by the public entity to be vulnerable to graffiti and that will be awarded after January 1, 1996, include a provision that specifies requirements for antigraffiti technology in the plans and specifications for that project, establish a method to finance a graffiti abatement program, or establish a program to deter graffiti.

Ch. 505 (AB 2545) Honeycutt. Mojave Water Agency.

(1) The Mojave Water Agency Law creates the Mojave Water Agency and authorizes the agency to manage groundwater.

This bill would authorize the agency to apply for, and accept, grants to pay for the construction, operation, maintenance, or improvement of groundwater management facilities. The bill would grant prescribed authority to the agency for the purpose of implementing a specified court judgment. The bill would authorize the agency to impose certain fees or assessments, as prescribed, for the purpose of implementing that judgment or as the agency determines to be necessary. The bill would require the County of San Bernardino to collect unpaid fees or assessments, as specified, thereby imposing a state-mandated local program. The bill would define terms for purposes of that law.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 506 (AB 2605) Napolitano. Education: School Attendance Review Board: subpoena.

Under existing law, a county school attendance review board may be established in each county to propose and promote the use of alternatives to the juvenile court system for pupils with school attendance problems or school behavioral problems. Existing law provides that in every case in which a minor pupil has been referred to the board, the board may request the juvenile court to issue a subpoena requiring the production of pertinent or material written materials or the attendance of specified persons including the minor or the minor's parent or guardian for the purpose of making a proper disposition of the referral.

This bill would also authorize, except as specified, the board to issue the subpoena for the attendance of specified persons. The bill would provide that the enforcement of the subpoena is within the jurisdiction of the juvenile court.

Ch. 507 (AB 2647) Aguiar. Teachers retirement: membership.

The State Teachers' Retirement Law authorizes specified persons excluded from membership to elect membership in the system at anytime while employed in a substitute or part-time position that does not qualify for membership in the system.

This bill would include instructors in adult education who are excluded from membership within that election. The bill would require employing agencies to make refunds of overpaid contributions within specified time periods.

Ch. 508 (AB 2656) Areias. Beet leafhopper control.

(1) Existing law provides for a curly top virus control program administered by the Secretary of Food and Agriculture. Under existing law, there is a Curly Top Virus Control Board that is advisory to the secretary and that may make recommendations on all matters pertaining to beet leafhopper control. Existing law requires every producer or producer-handler of certain agricultural crops susceptible to curly top virus to pay to the secretary an assessment on all those crops sold or delivered to a handler or, in the case of a producer-handler, on those crops marketed by the producer-handler. Existing law divides the state into assessment districts for the purposes of the assessment. Under existing law, District I consists of Imperial County.

This bill would make any assessment that is imposed on the producer a personal debt of the producer, and every handler or producer-handler personally liable for the payment of the assessment. The bill would provide that any producer, handler, or producer-handler who fails to file a return or pay the assessment shall pay a penalty of 10% of the amount of the assessment determined to be due, and, in addition, pay 1.5% interest per month on the unpaid balance. The bill would also add Riverside County to District I.

(2) Existing law requires the secretary to annually appoint a chairperson of the Curly Top Virus Control Board. The term of office of each member of the board is 3 years.

This bill would delete the requirement that the secretary appoint a chairperson annually. The bill would also delete the 3-year term of office. The bill would require the secretary to provide the board with a written statement of reasons for his or her decision if the secretary does not accept a recommendation of the board.

(3) Existing law allows members of the Curly Top Virus Control Board per diem and mileage in accordance with rules of the State Board of Control for attendance at meetings and other board activities.

This bill would instead allow members of the board per diem and mileage in accordance with rules of the Department of Personnel Administration.

(4) The bill would also provide for an operation and research funding program, to be implemented if a favorable vote is given in a referendum. If a favorable vote is given, the bill would provide for the appointment of a board of 9 members, which would assume responsibility for administering the curly top virus control program, and the administration, enforcement, and research funding program. The bill would permit the board to impose an assessment on handlers or producers for the purpose of supporting its administration, enforcement, and research activities. The bill would appropriate funds in the Department of Food and Agriculture Fund derived from the curly top virus control program to the Department of Food and Agriculture for the purpose of conduct-

NOTE: Superior numbers appear as a separate section at the end of the digests.

ing the referendum, and any funds remaining in the Department of Food and Agriculture Fund from that source to the board. The bill would repeal both the provisions governing the curly top virus control program and the administration, enforcement, and research funding program on January 1, 2000, unless a later enacted statute deletes or extends that date.

Ch. 509 (AB 2676) Alpert. Exemplary damages: stalking.

Existing law establishes the tort of stalking, as specified, and provides that a person guilty of the tort of stalking may be held liable to the victim thereof in a civil action for general, special, and punitive damages, in addition to specified equitable remedies.

This bill would revise the elements of the tort of stalking and supply definitions for various terms used to describe that tort.

Ch. 510 (AB 2708) Richter. School operations.

Under existing law, the governing board of any school district may sell for cash any personal property if that property should be disposed of for the purpose of replacement. Existing regulations adopted by the State Department of Education provide that replacement is considered completed when the replaced schoolbus has been disposed of and the new schoolbus has been delivered to the school district. These regulations also provide that applications for replacement allowance shall be filed for the fiscal year in which the replacement has been completed, and if allowed, reimbursement will be made during the next fiscal year.

This bill would provide that in a school district with fewer than three schoolbuses, a schoolbus shall be considered disposed of for the purposes of replacement if the schoolbus is designated a temporary schoolbus, as defined. The bill would also provide that a temporary schoolbus is no longer eligible for replacement, as prescribed.

This bill would require that, for the 1995–96 fiscal year, the State Department of Education collect and rank schoolbus replacement applications for the 1995–96 and 1996–97 fiscal years. The bill would require the department to notify each school district of its rank and to use that rank for the allocation of any funds appropriated in the 1995–96 or 1996–97 fiscal year.

Commencing with the 1996–97 fiscal year and each year thereafter, the bill would require the department to request schoolbus replacement applications for the next fiscal year and would require the department to use those applications for the allocation of any funds to be appropriated for that fiscal year.

This bill would authorize districts receiving replacement funds to sell schoolbuses to other districts provided certain conditions are met, including that the schoolbus meets all applicable provisions of the Vehicle Code and specified regulations relating to motor vehicles. The bill would require that proceeds from the sale of a schoolbus to another school district be used for home-to-school transportation purposes.

Ch. 511 (AB 2748) Honeycutt. Death Valley Unified School District: apportionments.

Existing law requires the county superintendent of schools to make certain computations for each necessary small school of school districts with fewer than 2,501 units of average daily attendance. For each necessary small school that has an average daily attendance during the fiscal year of 26 or more and less than 51, as specified, and for which school at least 2 teachers were hired full time for more than ½ of the days schools were maintained, that calculation is $105,850.

This bill would require that calculation to be made for each necessary small school in the Death Valley Unified School District that has an average daily attendance of 21 or more and less than 51, as specified.

This bill would also contain a declaration of legislative intent.

This bill would make a legislative finding and declaration of unique circumstances in this regard.

Ch. 512 (AB 2757) Woodruff. Air pollution: ozone: transportal pollutants.

Existing law requires the State Air Resources Board to identify air basins, or subregions

NOTE: Superior numbers appear as a separate section at the end of the digests.

of air basins, in which transported air pollutants from upwind areas cause or contribute to a violation of the state ambient air quality standard for ozone and to identify the district of origin of the transported air pollutants. The state board is required to assess, in cooperation with air pollution control districts and air quality management districts, the relative contribution of upwind emissions to downwind ozone ambient pollutant levels, and to establish mitigation requirements commensurate with the level of contribution.

This bill would require the state board, in assessing that relative contribution, to determine, as specified, whether the contribution level is overwhelming, significant, inconsequential, or some combination thereof.

Ch. 513 (AB 2798) Bronshvag. Schoolbuses: wheelchairs.

(1) Under existing law, an entity providing special education is required to adopt policies for the programs and services it operates, consistent with certain agreements. These policies are required to include a description of how special education transportation is coordinated with regular home-to-school transportation and setting forth criteria for meeting the transportation needs of special education pupils.

This bill would require that the policy include procedures to ensure compatibility between mobile seating devices and the securement systems required by Federal Motor Vehicle Safety Standard No. 222 and to ensure that the schoolbus drivers are trained in the proper installation of mobile seating devices in the securement systems. By requiring the inclusion of additional policies regarding transportation of special education pupils, the bill would create a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 514 (AB 2808) Frazee. California Cut Flower Commission.

(1) Existing law provides for the California Cut Flower Commission. The activities of the commission are supported by annual assessments that are levied against producers based upon the gross dollar value of flowers grown and shipped by the producer. Existing law makes any assessment that is levied pursuant to these provisions a personal debt of every producer so assessed.

This bill would make the directors and officers of a corporation that fails to collect or pay the assessment individually liable for the failure.

(2) Under existing law, it is unlawful for any person to refuse to render a report, statement, or record required by the commission.

This bill would also make it unlawful to fail to render a report, statement, or record when requested by the commission. Since under existing law, a violation of this provision would be a misdemeanor, this bill would impose a state-mandated local program by creating a new crime. The bill would also require a court to issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has, among other things, failed or refused to submit records required by the commission.

(3) Existing law requires the Secretary of Food and Agriculture to appoint a committee of cut flower producers to oversee and manage the Kee Kitayama Research Foundation Account upon the suspension of the provisions governing the commission.

This bill would, instead, require the commission to appoint the committee to oversee and manage the Kee Kitayama Research Foundation Account in the event of suspension.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 515 (AB 2818) Johnson. Vehicles: driver's licenses.

(1) Existing law authorizes the Department of Motor Vehicles to issue a restricted class A driver's license for the operation of any two-axle vehicle weighing 4,000 pounds or more unladen when towing a trailer coach exceeding 10,000 pounds gross vehicle weight rating, or a fifth-wheel travel trailer exceeding 15,000 pounds gross vehicle weight rating, when the towing of the trailer is not for compensation. Existing law requires an applicant for the restricted license, upon application and every 2 years thereafter, to submit specified medical information in lieu of a required report of medical examination.

This bill would authorize the department to issue a restricted class A driver's license under the conditions described above for the operation of the two-axle vehicle when towing a recreational boat trailer not exceeding 15,000 pounds gross vehicle weight rating or gross vehicle weight, if specified conditions are met.

This provision would remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1997, deletes or extends that date.

(2) Existing law authorizes the department to issue a restricted class A driver's license for the operation of any two-axle vehicle weighing 4,000 pounds or more unladen when towing a livestock trailer not exceeding 15,000 pounds gross vehicle weight rating or gross vehicle weight, if all of specified conditions are met. Existing law makes a restricted class A driver's license issued pursuant to that provision invalid for the towing of a trailer over 10,000 pounds gross vehicle weight unless the trailer is attached to the towing vehicle with a fifth-wheel connection.

This bill would delete the provision that makes the restricted license invalid unless the trailer is attached to the towing vehicle with a fifth-wheel connection.

Ch. 516 (AB 2860) Frazee. Vehicles: alarm systems.

(1) Existing law requires vehicle theft alarm systems to be designed to be activated only when the vehicle is parked.

This bill would delete that requirement.

(2) Existing law makes it a misdemeanor for a person to possess or to use, as specified, a motor vehicle master key, as defined, with the intent to use it in the commission of an unlawful act.

This bill would make it a misdemeanor for a person to possess or to use, as specified, a code grabbing device, as defined, with the intent to use it in the commission of an unlawful act.

Because the bill would create a new crime, it would impose a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 517 (AB 2917) Speier. Children's nutrition: Summer Food Service Program.

(1) Existing law makes legislative findings and declarations regarding the provision of nutrition program services for children on a year-round basis. Existing law requires the State Board of Education and the Superintendent of Public Instruction to encourage and support schools and public agencies to participate in the federal Summer Food Service Program. Existing law also requires the State Department of Education to seek specified revisions in federal law relating to the Summer Food Service Program and to assist the federal government in preparing and distributing outreach materials and presentations on the program.

This bill would make legislative findings and declarations regarding the federal Summer Food Service Program. The bill would designate the State Department of Educa-

NOTE: Superior numbers appear as a separate section at the end of the digests.

tion as the state agency for purposes of the federal program. The bill would require the department to submit to the federal government a program management and administration plan and would require the department to manage and administer the program if it is approved.

(2) Existing law establishes the rate of reimbursement to child nutrition entities for school and child care and development program meals. Existing law requires each school district and county superintendent of schools to provide one nutritionally adequate free or reduced price meal each schoolday to needy children, as defined, and establishes a rate of reimbursement to child nutrition entities for those meals and to school food authorities that participate in a federal child nutrition program.

This bill would state that these provisions do not apply to meals provided under the Summer Food Service Program.

Ch. 518 (AB 2941) Pringle. Orange County Water District.

(1) The Orange County Water District Act creates the Orange County Water District and requires the president of the district to sign, and the general manager or secretary of the district to countersign, all contracts on behalf of the district.

This bill would revise those requirements by authorizing the board of directors of the district, by resolution, to provide otherwise.

(2) The act requires each director of the district to execute an official bond in the amount of $1,000 that is required to be approved by a judge of the Superior Court for the County of Orange and recorded in the office of the county recorder.

This bill would, instead, require each director to execute an official bond in an amount fixed by the board of directors that equals or exceeds $1,000, unless the district provides fidelity insurance, as prescribed, or other insurance approved by the board of directors.

(3) The act requires the governing body of the city comprising Divisions 8, 9, and 10 of the district to appoint a director, who serves at the pleasure of that governing body, to represent that division.

This bill would require those directors to serve 4-year terms and would authorize the appointing governing body to remove its director from the board of the district at any time and without cause, as prescribed. The bill would impose a state-mandated local program by imposing additional duties on the appointing governing bodies.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 519 (AB 3112) Aguiar. Local Agency Investment Fund.

Existing law establishes in the State Treasury the Local Agency Investment Fund to which a local agency, local governmental unit, or local governmental official, with the consent of the governing body of the agency, may remit money in its treasury that is not required for immediate needs for the purpose of investment to be held for a time determined by the local governmental unit.

This bill would specify that for these purposes, "local agency," "local governmental unit," and "local governmental official" includes a campus or other unit and an official, respectively, of the California State University who deposits moneys in funds as described in certain specified sections of the Education Code.

Ch. 520 (AB 3222) Jones. Garlic and Onion Dehydrator Advisory Committee: duties.

Existing law provides for a Garlic and Onion Dehydrator Advisory Committee that is advisory to the Secretary of Food and Agriculture with respect to garlic and onions for dehydrating purposes.

This bill would require the committee to additionally advise the secretary on the training and supervision of inspectors of deliveries of garlic and onions for dehydrating purposes. The bill would permit the secretary, at the request of the committee, to contract with a governmental agency or private entity to provide services determined

NOTE: Superior numbers appear as a separate section at the end of the digests.

by the secretary to be necessary to carry out the provisions governing garlic and onions for dehydrating purposes, but would require the secretary to be responsible for the enforcement of inspections and for the uniformity, accuracy, and integrity of the inspections. The bill would require that all expenses incurred in carrying out these provisions be paid from fees collected pursuant to the provisions governing garlic and onions for dehydrating purposes, which fees are continuously appropriated to the department to carry out those provisions. The bill would therefore make an appropriation by requiring continuously appropriated funds to be used for a new purpose.

Ch. 521 (AB 3223) Jones. Petroleum products: internal combustion fuels.

Existing law defines gasoline, motor fuel, motor vehicle fuel, automotive spark-ignition engine fuel, and compression-ignition engine fuel for purposes of the regulation of sales of petroleum products.

Existing law also requires the Department of Food and Agriculture to establish specifications for gasoline or automotive spark-ignition engine fuels, sets requirements for gasoline-methanol blends, gasoline-motor oil blends, and prohibits sales of those regulated petroleum products unless labeled, as specified.

This bill would redefine those terms, would define "gasoline-oxygenate blend" and "oxygenate" for those purposes, and would make conforming changes.

Ch. 522 (AB 3259) Bornstein. Insurance: excess funds investments.

Existing law permits a domestic incorporated insurer to invest excess funds in the purchase of, or loans upon, specified securities, subject to certain regulations and restrictions.

This bill would permit excess funds investments in investment pools and cash management pools, subject to specified conditions.

Ch. 523 (AB 3261) O'Connell. Oil and gas: pipelines: data base: study.

(1) Existing law establishes the Review Subcommittee of the State Interagency Oil Spill Committee with specified membership.

This bill would include, as a member of the review subcommittee, the State Fire Marshal.

(2) Under existing law, the Elder California Pipeline Safety Act of 1981, the State Fire Marshal exercises exclusive safety regulatory jurisdiction over intrastate pipelines used for the transportation of hazardous, highly volatile liquid substances. Existing law also requires the State Fire Marshal to conduct and prepare a risk assessment study dealing with intrastate and interstate pipelines located within a specified distance from any rail line. Under existing law, the definition of pipeline does not include, among other things, a pipeline for the transportation of crude oil that operates by gravity or at a stress level of 20% or less of the specified minimum yield strength of the pipe and pipeline for the transportation of petroleum in onshore gathering lines located in rural areas.

This bill would require the State Fire Marshal to establish and maintain a centralized data base containing specified information and data regarding the 2 above-described types of pipeline.

The bill would also require the State Fire Marshal to conduct a study of the fitness and safety of those pipelines and to investigate incentive options that would encourage pipeline replacement or improvements. The bill would require the State Fire Marshal to report his or her recommendations and findings to the Legislature by December 31, 1995.

This bill would provide that any costs incurred resulting from the provisions requiring the State Fire Marshal to establish the data base and conduct the study be funded from federal block grant funds, and would provide that these provisions are not operative until these federal block grant funds are received.

(3) Existing law requires the State Oil and Gas Supervisor to supervise the drilling, operation, maintenance, and abandonment of wells and oil production tanks and facilities.

This bill would additionally require the supervisor to supervise the operation, maintenance, and removal or abandonment of tanks and facilities attendant to oil and gas

NOTE: Superior numbers appear as a separate section at the end of the digests.

production, including pipelines not subject to regulation pursuant to the Elder California Pipeline Safety Act of 1981 that are within oil and gas fields.

Ch. 524 (AB 3304) Bates. Property taxation: revenue allocations: community services districts.

Existing property tax law requires, for purposes of determining property tax revenue allocations in each county for the 1993–94 fiscal year, that the amounts of property tax revenue deemed allocated in the prior fiscal year to special districts be reduced in accordance with certain formulas. It requires that the revenues not allocated to special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education.

This bill would, upon the request of a county, establish a limited exclusion from these reduction and transfer provisions with respect to a community services district within the requesting county that succeeds to the powers, properties, and service area of a police protection district upon that district's dissolution.

Ch. 525 (AB 3427) Committee on Natural Resources. Coastal resources: local coastal programs and port master plans: de minimis amendments.

(1) Existing law, the California Coastal Act of 1976, provides for the certification of local coastal programs and port master plans by the California Coastal Commission. The act requires amendments to a certified local coastal program or port master plan to be submitted to the commission for approval, and provides for a special procedure with regard to proposed amendments that are designated as minor in nature.

This bill would also specify a special procedure for the designation and approval of amendments to a local coastal program or port master plan that are de minimis, as specified.

(2) The act prescribes the grounds for an appeal to the commission of an action taken by a local government on a coastal development permit under the act, and provides that any action taken by a local government on a coastal development permit application shall become final after the 10th working day, unless an appeal is filed within that time.

This bill would require a local government taking an action on a coastal development permit to send notification of its final action by certified mail to the commission within 7 calendar days from the date of taking the action, and would specify that any such action shall become final after the 10th working day of the date of receipt by the commission of the local government's notice of final action.

Ch. 526 (AB 3432) O'Connell. Attorneys: lobbying.

Existing law provides for the regulation of lobbying activities of attorneys at the state level.

This bill would authorize a city, county, or city and county to require attorneys who qualify as lobbyists to register and disclose lobbying activities that are directed toward local agencies of those jurisdictions, to the same extent that nonattorney lobbyists must register and disclose. The bill would also provide that any prohibitions against activities by lobbyists enacted by a local jurisdiction would also apply to attorney lobbyists. The local jurisdictions may require the disclosure of specified information concerning a lobbyist, including information about the lobbyist and his or her firm, the lobbyist's clients, and gifts, payments, or campaign contributions to officials in the jurisdiction.

Ch. 527 (AB 3514) Costa. Property taxation: exemption: hand tools.

Existing provisions of the California Constitution authorize the Legislature to classify personal property for differential taxation or for exemption by means of a statute approved by ⅔ of the membership of each house.

Pursuant to this constitutional authorization, this bill would exempt from taxation those hand tools that are owned and supplied by an employee and are required as a condition of employment, in an amount not to exceed $20,000 of assessed value.

Section 2229 of the Revenue and Taxation Code provides that no new classification or exemption of property for purposes of ad valorem property taxation shall extend for

NOTE: Superior numbers appear as a separate section at the end of the digests.

more than 5 years or shall exempt more than 75% of the value thereof. That section also requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any such exemption or classification.

This bill would provide that the requirements of Section 2229 of the Revenue and Taxation Code do not apply to the property tax classification or exemption provided by the bill, and that no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy.

Ch. 528 (AB 3523) V. Brown. White Slough: conservation and development.

(1) Existing law, the White Slough Protection and Development Act, required the City of Vallejo and the County of Solano to jointly adopt by June 30, 1991, a White Slough Specific Area Plan consisting of specified elements.

This bill would revive that requirement for the city and the county to jointly adopt the plan by extending to January 1, 1996, the date on or before which the plan is required to be adopted.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 529 (AB 3592) Umberg. Crimes: intimidating a child.

Existing law provides that any person who explodes, ignites, or attempts to explode or ignite, any destructive device or explosive, or who commits arson, in or about, among other places, any health facility, as specified, is guilty of a felony and shall be punished by imprisonment for 3, 5, or 7 years, and a fine not exceeding $10,000.

This bill would provide that any person who intentionally harasses the child or ward of any other person because of that person's employment, is guilty of a misdemeanor.

This bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 530 (AB 3709) Mountjoy. Insurance: annual report.

Under existing law, an insurer who issues a policy of products liability insurance in this state is required to transmit specified information, based on its nationwide products liability insurance writings, to the Department of Insurance each year in the annual report of the insurer.

This bill would delete this requirement. This bill would also make specific certain cross-references in existing law.

Ch. 531 (SB 64) McCorquodale. Beverage container redemption: supermarket sites.
