SUISUN, CALIFORNIA, March 25, 1929.

Speaker, California Assembly, Sacramento, California.

DEAR MR. SPEAKER: I beg to be excused for a few days because of the death of my father.

ERNEST C. CROWLEY.

Upon request of the Speaker, Mr. Crowley was granted leave of absence in accordance with the request of the above communication.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Anderson:

*To His Excellency, C. C. Young,
Governor of the State of California,
and to the Legislature of the State of California.*

We, the undersigned, residents and taxpayers of the State of California, do hereby respectfully represent as follows:

That the State Highway Commission of California, according to information received by us, has sufficient funds and money with which to do all necessary work upon the State highways of the State of California; that there have been, during the year of 1928, a large number of unemployed free men in the State of California who would be greatly benefited by an opportunity for employment upon the State highways system of the State; that we are informed that the State Highway Commission has ample money and funds to its credit now to employ free labor upon its State highways, would greatly benefit residents of districts through which said highways traverse; that many of the residents of the State are opposed to the establishment of convict camps for work upon the State highways in the neighborhood or vicinity of their homes.

Therefore we respectfully but earnestly protest against the further employment of convict labor upon the California State highway system by the California State Highway Commission, and do hereby respectfully urge and petition that that certain act known as the "Convict Labor Act" enacted June 9, 1923, and as amended by that certain act of the Legislature of the State of California, chapter 653, Statutes of 1927, be repealed.

PHIL HEMSTED,
And 175 others.

By Mr. Speaker:

SAN GABRIEL, CALIFORNIA, March 21, 1929.

Members of State Legislature.

GENTLEMEN: As a member of the Juvenile Court Committee of San Gabriel Valley Council Parent-Teacher Association, I do most heartily endorse and ask the unqualified passage of Senate Bill No. 827, amendment to Juvenile Court Law.

Also:

SALINAS, CALIFORNIA, March 22, 1929.

Mr. Speaker of the House.

I, the undersigned, a member of the National Rifle Association of America, protest the passing of Senate Bill No. 135, as it affords a basis of protection to the criminal element of California.

Yours truly,

C. H. FAHLER.

Also:

LOS ANGELES, CALIFORNIA, March 21, 1929.

*To the members of State Legislature, State Capitol,
Sacramento, California.*

GENTLEMEN: I have studied portion of Senate Bill No. 827, introduced by Senator Frank C. Weller, especially with reference to the six amendments to the Juvenile Court Law. These, in my opinion, will be very beneficial and I heartily recommend the passage of this bill.

RALPH J. AREY,

By Mr. Deuel:

OBOVILLE, CALIFORNIA, March 23, 1929.

*Hon. Charles H. Deuel, State Capitol,
Sacramento, California.*

DEAR SIR: We, the undersigned citizens of the State of California, wish to call your attention to Senate Bill No. 135 by Mr. Baker, to amend the present California law relative to the sale, possession and carrying of firearms and other dangerous and deadly weapons.

Should this bill pass, we believe that it will work a great hardship on the law-abiding citizens of the State, inasmuch as it will deprive them of suitable weapons for the defense of their lives, homes and property. We also believe that the passage of this bill would be a great encouragement to the criminal element. Therefore, we respectfully request that you do all in your power to prevent the passage of this Senate Bill No. 135.

Very respectfully,

W. H. DORIS,
And 75 others.

Providing for the appointment of a committee on tax investigation.

WHEREAS, In view of the submission of the final report of the California Tax Commission and the commission's several recommendations contained therein, it appears necessary that a thorough study be made of said report and conclusive recommendations be made to the Legislature at its forty-ninth biennial session; and

WHEREAS, It is extremely important that opportunity be given the citizens and taxpayers of the State of California to express their wishes and opinions in regard to any or all proposed new methods of taxation; and

WHEREAS, To insure well considered, yet speedy, prompt action by the next Legislature on a comprehensive program of taxation, and

WHEREAS, Both the report and the executive message by which it was transmitted recommend that a careful study and investigation of this whole subject be made by the Legislature; and

WHEREAS, Irrespective of whether there may or may not be a continuance of a statutory tax commission, it is necessary to insure well considered yet speedy and prompt action by the next Legislature on a comprehensive program of taxation; therefore be it

Resolved by the Senate of the State of California, the Assembly concurring, That a committee of eight members, consisting of four members of the Assembly to be appointed by the Speaker of the Assembly, and four members of the Senate to be appointed by the President of the Senate, be appointed to make a supplementary study of the tax problems of the State and to recommend to the Legislature of the State of California at the forty-ninth session thereof a state-wide policy for local and general taxation; and, be it further

Resolved. That said committee shall proceed to organize by the election of one of its members as chairman and by the election of a secretary, and shall proceed with said investigation in such a manner as may be determined by said committee; and, be it further

Resolved. That said committee is hereby authorized to hold public hearings at any place in the State of California, at which hearings the people shall have the opportunity to present their views to the committee with reference to any suggested method of taxation; and, be it further

EXPLANATION OF VOTE.

The following explanation of vote was offered by Mr. Cloudsley:

In view of the fact that all parties have apparently agreed to favor the resolution, I do not desire to be an obstructionist, and therefore vote for the bill.

However, at this time, I wish to state that I feel that a most excellent survey has been made by the present Tax Commission and that the commission should be continued in office rather than a new legislative committee be appointed. We should avail ourselves of the experience and study of the Tax Commission. To name a new commission will be merely to traverse again the same work and study already completed and to cast aside the valuable services of those best equipped to carry on the tax study. It will further delay the adoption of a tax program and burden the State with another useless appropriation of \$60,000 for a study already concluded.

CLOUDSLEY.

RESOLUTION.

The following resolution was offered:

By Mr. Fry:

WHEREAS, The Assembly has heard with profound regret of the death of Mr. Crowley, the father of Assemblyman Ernest C. Crowley, a member of this House; and

WHEREAS, Each and every member of this House realizes the loss sustained by our fellow member in the passing of his father, thus depriving him of the loving companionship of a parent; therefore, be it

Resolved, That the members of the Assembly extend to Honorable Ernest C. Crowley their deepest sympathy in this hour of his great bereavement; and be it further

Resolved, That the Chief Clerk of the Assembly be and he is hereby authorized and directed to cause these resolutions to be suitably engrossed and transmitted to Assemblyman Crowley for expression to his family.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

OAKLAND, CALIFORNIA, March 25, 1929.

*Mr. Levey, Chairman Assembly,
Sacramento, California.*

It has come to the attention of the California Association of Secondary School Principals that the Bishop Fraternity Bill, Assembly Bill No. 36, is to be presented to the Assembly at an early date.

The secondary school principals of California courteously but strongly urge that the bill be defeated because:

The secondary principals of California have repeatedly gone on record against fraternities and sororities in our secondary schools.

That the sponsor plan proposed in the bill has been tried in California and discontinued because the results have been harmful to the best interests of the democratic principles of education.

That the preventive plan passed by our body last year is becoming effective;

That the National Education Association, the largest and most important educational administrative body in the world, has continuously opposed the establishment of fraternities and sororities in secondary schools and has summed up its objections in the following resolution:

That we condemn these secret organizations because they are subversive of the principles of democracy which should prevail in the public schools; because they are selfish and tend to narrow the minds and sympathies of the pupils; because they stir up strife and contention; because they are snobbish; because they dissipate energy and proper ambition, because they set wrong standards; because rewards are not based on merit but on fraternity vows, because they inculcate a feeling of self-sufficiency among the members; because secondary school boys are too young for club life; because they are expensive and foster habits of extravagance; because they bring politics into the legitimate organizations of the school; because they detract interest from study, and because all legitimate elements for good—social, moral and intellectual—which these societies claim to possess, can be better supplied to the pupils through the school at large in the form of literary societies and clubs now established in the schools.

The above was passed without a dissenting vote in the first business meeting of the convention.

HOMER MARTIN, President.

L. P. FARRIS, Secretary.

By Mr. Anderson:

*To His Excellency C. C. Young,
Governor of the State of California,
and to the Legislature of the State of California.*

We, the undersigned, residents and taxpayers of the State of California, do hereby respectfully represent as follows:

That the State Highway Commission of the State of California, according to information received by us, has sufficient funds and money with which to do all necessary work upon the State highways of the State of California; that there have been, during the year 1928, a large number of unemployed free men in the State of California who would be greatly benefited by an opportunity for employment upon the State highway system of the State; that we are informed that the State Highway Commission has ample money and funds to its credit now to employ free labor upon the State highways, that the employment of free labor upon the State highways would greatly benefit residents of districts through which said highways traverse; that many residents of the State are opposed to the establishment of convict camps for work upon the State highway in the neighborhood, or vicinity, of their homes.

Therefore, we respectfully but earnestly protest against the further employment of convict labor upon the California State highway system by the California State Highway Commission, and do hereby respectfully urge and petition that that certain act of the Legislature of the State of California, known as the "Convict Labor Act," enacted June 9, 1923, and as amended by that certain act of Legislature of the State of California, chapter 653, Statutes of 1927, be repealed.

MERLE W. ROBERTS,
And 90 others.

(4) Estates in expectancy which are contingent or defeasible and in which proceedings for the determination of the tax have not been taken or where the taxation thereof has been held in abeyance, shall be appraised at their full, undiminished value when the persons entitled thereto shall come into the beneficial enjoyment or possession thereof, without diminution for or on account of any valuation theretofore made of the particular estates for purposes of taxation, upon which said estates in expectancy may have been limited.

(5) Where an estate or interest can be divested by the act or omission of the legatee or devisee it shall be taxed as if there were no possibility of such divesting.

When an annuity on a life estate is terminated by the death of the annuitant or life tenant, and the tax upon such interest has not been fixed and determined, the value of said interest for

the purpose of taxation under this act shall be the amount of the annuity or income actually paid or payable to the annuitant or life tenant during the period for which such annuitant or life tenant was entitled to the annuity or was in possession of the life estate.

(7) Notwithstanding any provisions hereof whereby final determination of taxability of the transfer of property or interests therein or income therefrom, is or may be deferred until the happening of certain contingencies or conditions, the state controller may compromise, adjust and settle with the administrator, executor or trustee having charge of the estate or property in question, the taxability of the transfer of such property and of each and every interest therein, including the income therefrom, whether such interests be absolute or qualified, perpetual or limited, present or future, vested or contingent, or otherwise.

AMENDMENT NUMBER TWO.

On page 1, line 1, of the printed bill, after the words "Section 1.", strike out the balance of the bill and insert in lieu thereof the following:

"SECTION 1. A new section to be numbered 1238a is hereby added to the Code of Civil Procedure to read as follows:

1238a. (1) It is general, notorious and acknowledged in this state that the possibilities for land cultivation and for the successful prosecution of irrigation, mining, raising live stock, and other industries in this state are limited by the peculiar situation of the state formed by long valleys between mountain ranges traversing the state's length, and by the dryness of soil and climate; that because of these conditions prevailing in this state the general welfare requires that the water resources of the state be put to beneficial use to the fullest extent of which they are capable, and that the conservation of such waters is to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare; and that unless water supplies may be diverted from localities or purposes of less need to localities or purposes of greater need the growth and prosperity of the state will be retarded

(2) Because of the aforesaid conditions, it is necessary that any use of water by any person for the benefit of his own property alone, notwithstanding other persons do not participate directly in said use or benefit, be, and hereby is declared to be a public use for which, upon making compensation, established water conditions may be disturbed and easements may be condemned upon or over private land for ditches, canals, dams, reservoirs and other water works, conduits or structures, or for enlarging or otherwise changing the same.

(3) The party availing himself of this section must show to the satisfaction of the court that the success of said use can not be accomplished in any other practicable way or by any lesser disturbance, burden, or damage, such as by a shorter route or smaller structure or by enlarging existing works instead of making new ones or by any other practicable alternative; that the benefit of said success is not disproportionate to the burdens and inconveniences imposed upon the party or parties adversely affected, such as by having to make the conduit cross a disproportionate number of properties or by having to make the dam or reservoir cause a disproportionate flooding; and for any structure sought to be constructed under this section the party availing himself of this section must show that he has a sufficient water right. In passing upon the foregoing conditions the court shall exercise discretion so as to reconcile the encouragement of progress with the respect due to property rights.

(4) Except for damsites or reservoirs, the party acting under this section must not interfere with houses or with gardens, parks or other enclosures connected with houses.

(5) Where this section is invoked, a surcharge of twenty-five (25%) per cent shall be added in computing the compensation.

(6) Other persons may share in the use of property so taken, by themselves taking, against the previous taker, the like proceedings as above set forth, subject to the following exception. If the owner of land upon which a dam is built under this act has a water right in the source of supply upon which the dam is built, he may at any time without such proceedings demand the benefit of the dam for the enjoyment of his said water right upon contributing one-half the cost of establishing the dam. (unless the dam is in a deteriorated condition in which event the contribution on account of cost of establishment shall be reduced by the court to such amount as the court deems reasonable), and one-half the expense of maintenance thereof, and the whole cost of any changes of the dam necessitated by his participation in its use. Such participating party will not be entitled to compensation, and if any compensation has been paid him he must tender return thereof with his demand for participation."

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 26, 1929.

To the Assembly of the State of California.

Assembly Bill No. 524, amending section 84 of the Civil Code, is herewith returned without my approval.

This bill was designed to serve a very excellent purpose, but as worded is so brief that its intent and the manner in which it shall be carried out is not altogether clear, thus making possible unnecessary litigation.

I have conferred with the author of the bill, who agrees with me in this judgment, and who has already introduced another bill further expanding section 84 and making it conform to section 57 which follows. He has shown me this bill, which, in my opinion, so fully meets the objection to Bill No. 524 as to warrant the disapproval of this bill in favor of the later proposed measure.

Respectfully submitted.

C. C. YOUNG, Governor.

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, March 26, 1929.

*Edgar C. Levey, Presiding Officer,
State Assembly, Sacramento, California.*

The following resolution is self-explanatory:

WHEREAS, The people of the State of California, at the general election in November, 1926, adopted an amendment to the constitution of this State, numbered section 1a of article VI of the constitution of this State, creating a Judicial Council; and

WHEREAS, The Judicial Council in the short period of its existence has already accomplished great good in the administration of justice in this State, in expediting the trial of causes, in providing for uniformity of procedure, and in other respects; and

WHEREAS, There has been introduced in the Senate of the State of California a constitutional amendment known as Senate Constitutional Amendment No. 13, and in the Assembly a constitutional amendment known as Assembly Constitutional Amendment No. 20, both of which are designed to abolish the Judicial Council; and

WHEREAS, Such action would be highly inimical to the best interests of the people of the State of California, and would greatly retard the administration of justice; and

WHEREAS, Such criticisms as have been made of the work of the Judicial Council refer to administrative matters, which can be corrected without abolishing the council; now, therefore, be it

Resolved. By the trustees of the Los Angeles Bar Association, That this association is emphatically opposed to Senate Constitutional Amendment No. 13 and Assembly Constitutional Amendment No. 20, or any action by the Legislature which would have the effect of abolishing the Judicial Council of the State of California.

Resolved, further. That copies of this resolution be forwarded to the presiding officer of the State Senate and of the Assembly, and to all members of the delegation from Los Angeles County in each house.

*Mr. Edgar C. Levey, Speaker of the Assembly,
State Capitol, Sacramento, California.*

Dear Mr. Levey: Herewith copy of the resolutions and motions relating to legislative matters adopted by the Nineteenth Annual Convention of the County Supervisors Association of the State of California.

I have been requested to call your attention to resolution No. 9 endorsing Assembly Bill No. 117, which provides that State aid be granted to each needy adult blind person.

Yours very truly,

STANLEY ABEL, Secretary.

RESOLUTION NUMBER ONE.

WHEREAS, Senate Bill No. 714, now pending before the Legislature of the State of California, provides for the appointment by the Chief of the Division of Motor Vehicles, of superintendent and assistant superintendent of the traffic patrol, and of inspectors, captains, lieutenants, sergeants, and officers, the whole to constitute a division of peace officers to be known as the "California Highway Patrol," the same to be under the direction and control of the Chief of the Division of Motor Vehicles; and

WHEREAS, Said act further provides that the California Highway Patrol is to be financed by putting aside for such purpose from the motor vehicle fund all moneys received as operators' and chauffeurs' license fees and in addition thereto, not exceeding in any registration year 25 per cent of the said motor vehicle fund; and

WHEREAS, The counties will be directly charged for the maintenance of such "Patrol" by the cutting down of the receipts of the counties from the net receipts of said motor vehicle fund; and

WHEREAS, Said bill, if enacted, would remove the appointment of motor officers and fixing of the amount of their compensation from any control of the various counties, and would result in the counties paying the cost of patrolling State highways and assuming the cost of additional patrol officers for county highways; now, therefore, be it

Resolved, That in the opinion of the County Supervisors Association of the State of California, the passage of said bill would result in an unnecessary multiplication of motor officers and would increase the cost of highway patrol without any compensatory advantages, and that the bill should be defeated.

RESOLUTION NUMBER TWO.

WHEREAS, Under the present form of application blanks for registration certificates to operate a motor vehicle, it is not always clear as to the residence of the applicant; and

WHEREAS, It is provided by Assembly Bill No. 920, that an applicant for registration certificate must, in his application, designate the county of his residence, or the county in which the particular vehicle is used the major portion of the year; and

WHEREAS, This law if properly enforced, will remove the inequalities and uncertainties that are permitted under the present loose and indefinite method of showing actual residence or use; now, therefore, be it

Resolved, That the Supervisors Association of the State of California endorse said Assembly Bill No. 920, and urges its passage.

RESOLUTION NUMBER FOUR.

WHEREAS, Assembly Bill No. 642 (subdivision d) provides that all number plates be forwarded to and distributed by the assessor of the county in which the owner of each vehicle resides, and that a daily report of such distribution be furnished the department by the various assessors; and

WHEREAS, Such distribution and report by the assessors would enable each county to get upon its assessment rolls, all motor vehicles taxable in each county; now, therefore, be it

Resolved, That the County Supervisors Association of the State of California endorse said Assembly Bill No. 642.

RESOLUTION NUMBER FIVE.

WHEREAS, Senate Constitutional Amendment No. 16, introduced in the present Legislature, calls for submission to the people of the proposal for a \$20,000,000 bond issue for grade crossing separation, same to be voted upon at the general State election in November 1930;

WHEREAS, This bill introduces the principle of State aid to counties in that it provides that \$15,000,000 of the \$20,000,000 shall be distributed among the counties of the State to assist them in meeting the cost of grade crossing separation upon county highways; and

WHEREAS, With the great increase in motor traffic, grade crossings have become a deadly menace, with a continuous increase in accidents and a yearly death toll of more than 200 and a yearly list of injuries of more than 600; and

WHEREAS, A grade crossing on a county highway is fully as dangerous to State traffic as one upon a State highway, many of such crossings being far more hazardous and far more costly than those upon State highways; and

WHEREAS, Such crossing construction comprises a capital investment enduring a long period of time and is therefore legitimately an expense which the State can defray in part; therefore, be it

Resolved, That the State Supervisors Association in convention assembled does hereby endorse Senate Constitutional Amendment No. 16 and urges upon the members of both houses of the Legislature that they pass this act and submit the proposal to the voters of the State for their approval at the next November election.

RESOLUTION NUMBER SEVEN.

WHEREAS, It appears to the Supervisors Association of the State of California that the smaller counties of the State are badly handicapped by inadequate funds for county road purposes; and

WHEREAS, Said roads are used for business and recreational purposes by the people of the State to an equal or greater extent than the people of said counties; and

WHEREAS, Said smaller counties are entitled to assistance from the State at large; therefore, be it

Resolved, That in the apportionment of the motor vehicle tax monies to the counties of the State no county should receive less than a minimum sum of \$20,000 per annum from the Motor Vehicle Fuel fund and this association hereby endorses any legislation to effect the purposes of this resolution; be it further

Resolved, That a copy of this resolution be transmitted to the Governor and to each member of the Legislature.

RESOLUTION NUMBER NINE

WHEREAS, Assembly Bill No. 117 provides that State aid be granted to each needy adult blind person, not to exceed twenty-five (\$25.00) dollars per month, with a like sum to be contributed by the county. This aid to be given under certain conditions and to certain persons, as provided in the bill and under the direction of the board of supervisors; now, therefore, be it

Resolved, That the County Supervisors Association of the State of California endorse Assembly Bill No. 117 with the recommendation that it be passed by the Legislature.

RESOLUTION NUMBER ELEVEN.

WHEREAS, Assembly Bills Nos. 33, 81, 883 and 918 are before the State Legislature, each seeking to amend section 3817 of the Political Code of California, by reducing the penalties or interest, or both, charged for redemption of delinquent taxes; and

WHEREAS, The proposed reduction would cause an estimated annual loss of approximately \$700,000 of county revenue; and

WHEREAS, The present law has functioned satisfactorily for the past 32 years; and

WHEREAS, Penalties are necessary in order to encourage payment of taxes, and prevent excessive delinquency; and

WHEREAS, Steadily increasing tax delinquency indicates the present penalties are necessary and are not excessive; now, therefore, be it

Resolved, That we, the California State Association of County Supervisors, disapprove of any reduction in the present redemption penalties, and that the secretary mail copies of this resolution to the chairmen of the Committees on Revenue and Taxation of the Assembly and Senate, to the director of the State Department of Finance, and to the State Controller.

RESOLUTION NUMBER FIFTEEN.

WHEREAS, The growing cost of education in the public schools of California is attracting the attention of the taxpayers; and

WHEREAS, The greater share of the tax dollar now goes into the school funds; and

WHEREAS, School funds are the only form of public moneys which are not now publicly accounted for by publication in the State; and

WHEREAS, Publication of school expenses and budgets would serve not only as a safeguard and check against unwise expenditures but also as a protection to those who administer said funds; therefore, be it

Resolved, That we, the county supervisors of the State of California, in convention assembled, do approve and recommend a measure now before the State Legislature, known as Senate Bill No. 414, by Senator E. A. Mueller of El Cajon, calling for publication of the expenditures and budgets of each school district once annually, in the interests of sound public policy; and be it further

Resolved, That this resolution be spread upon the minutes of this convention and copies sent to both houses of the State Legislature and to the press.

RESOLUTION NUMBER SIXTEEN.

Resolved, That it be the sense of this association that Assembly Bill No. 71 be not approved; and be it further

Resolved, That each county here represented communicate with their respective Senators and Assemblymen regarding the actions of this convention pertaining to legislative matters now pending; and be it further

Resolved, That the secretary communicate the actions of this association to the proper legislative committees of the State Assembly and Senate having such bills in committee room.

Upon motion duly carried the association went on record as endorsing Subdivision No. 11 of Assembly Bill No. 269.

Upon recommendation of the Legislative Committee Assembly Bill No. 1080 was disapproved by the association.

Upon motion duly carried the association went on record as being opposed to Assembly Bill No. 869 and Assembly Bill No. 870.

I hereby certify that the foregoing resolutions and motions were adopted by the County Supervisors Association of California in the nineteenth annual convention assembled at Sacramento, March 13, 14 and 15, 1929.

*Hon Edgar C. Levy, Capitol Building,
Sacramento, California.*

DEAR SIR: We transmit included a copy of a resolution unanimously approved at the annual convention of the State Building Trades Council today, and ask respectfully that you give it careful consideration.

Organized labor is intensely interested in the prosperity of California, the California farmer as well as all others of our citizens.

A prosperous farm and farm community, following adequate markets and favorable prices, will provide better customers, and more of them, for the services our members have to offer, and will tend to keep at a minimum the surplus labor which always is a menace to our prosperity; and we feel the proper distribution of farm products will be facilitated and additional markets secured through the transportation advantages of ship-side cold storage and the added confidence developed by State certified quality in farm products.

"WHEREAS, The prosperity and well being of the building trades and of all mechanics is closely interwoven with that of the agricultural producer; and

WHEREAS, The deplorable condition of the "dirt" farmer has become an acute economic question; and

WHEREAS, Improved and direct marketing of farm products, without the manipulation of speculators and middlemen would vastly benefit both the dirt farmer and the ultimate consumer; and

WHEREAS, Organized labor is justified in cooperating for improved conditions for all workers, rural and urban; therefore, be it

Resolved, By the Twenty-ninth Annual Convention of the California State Building Trades Council, that it approves pending legislation looking toward the construction of a State-owned and operated ship-side cold storage plant on the San Francisco water front and a voluntary State seal of certification, or trade-mark, for California farm products as measures tending to foster and enlarge markets for agriculture."

May we respectfully ask your favorable consideration of such measures as will provide for the immediate construction of a State-owned ship-side precooling and cold storage plant at San Francisco and of Assembly Bill No. 410, which we feel will open and maintain markets not now enjoyed, for California farm products.

Respectfully yours,

F. C. MACDONALD, President.
M. F. CONNORS, Secretary-Treasurer.

By Mr. Noyes:

Be it Resolved, By the members of the bar of Yuba and Sutter counties, here assembled, that we oppose the proposed legislative action to submit to the voters at the next election a constitutional amendment repealing the constitutional amendment creating the Judicial Council

I, Edward B. Stanwood, Secretary of the Yuba-Sutter Bar Association, hereby certify that the above and foregoing resolution is a full, true and correct copy of a resolution duly passed and adopted at a meeting of said bar association held this twenty-sixth day of March, 1929, in the courtroom of the superior court, in the Yuba County court house, at Marysville, California; and that by further resolution a copy of said resolution was then and there ordered to be transmitted to the Senator representing said counties and a copy thereof to the Assemblymen representing said counties in the State Legislature.

EDWARD B. STANWOOD,
Secretary of Yuba-Sutter Bar Association.

WHEREAS, Proponents of Assembly Bill No. 650 admit damage on account of hydraulic mining, but argue that under new methods same conditions would not again prevail; and

WHEREAS, We believe the menace and damage would be even greater than formerly; and

WHEREAS, Under existing laws hydraulic mining may be resumed under public supervision and control; and

WHEREAS, We heartily endorse all the arguments advanced in opposition to the bill at the public hearing before the Ways and Means Committee on Monday, March 25. We do particularly at this time desire to emphasize the argument that if Assembly Bill No. 650 becomes law, the State and federal governments would be involved in such a way that the opponents of said measure would be forever denied the right of suit and injunction; now, therefore, be it

Resolved, That the Sutter County Farm Bureau board of directors, in regular session assembled, do hereby go on record as being opposed to said Assembly Bill No. 650 and that a copy of the resolution be sent to the Governor, the Director of Finance, Lieutenant Governor, Speaker of the Assembly and members of the Ways and Means Committee.

This is to certify that the above resolution was unanimously adopted at the meeting of this board held on Tuesday, March 26, 1929.

ESTAL BURCH,
Secretary, Sutter County Farm Bureau.

By Mr. Mixter:

It appearing to the Porterville Chamber of Commerce that an additional District Court of Appeal is necessary in California, and that it should be established at the city of Fresno, in accordance with the provisions of Assembly Bill No. 11, now pending in the State Legislature;

That the State of California is naturally and logically divided into 4 judicial districts, namely: the district embracing Sacramento and the northern counties, the district embracing the San Francisco Bay region, the district embracing the San Joaquin Valley, and the district embracing the territory south of the Tehachapi;

That in each of these districts, except the San Joaquin Valley district, there now is a District Court of Appeal;

That the San Joaquin Valley has a large population, a large area, and many important industries, and is rapidly increasing in population and industrial importance;

That by reason of the great distance of most parts of the San Joaquin Valley from a District Court of Appeal, and the serious inconvenience, loss of time and expense incurred in traveling to such Courts of Appeal, many meritorious appeals are abandoned;

That it is highly important that a District Court of Appeal be created in the San Joaquin Valley, to hold its regular sessions at Fresno; and

That the people of California at the last general election adopted an amendment to the California constitution, authorizing and empowering the Legislature to create such additional courts of appeal; now, therefore, be it

Resolved. That the Porterville Chamber of Commerce does hereby respectfully represent to the Governor and the Legislature of California:

That the proper administration of justice demands the creation of a District Court of Appeal in the San Joaquin Valley, to hold its regular sessions at Fresno; and

That this Chamber of Commerce does hereby respectfully urge the Legislature of California to adopt, and the Governor of California to sign, said Assembly Bill No. 11.

Adopted unanimously by the Porterville Chamber of Commerce, this fourteenth day of March, 1929.

ALBERT T. MARGO, President.

GLADYS CHADWICK, Secretary.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, March 26, 1929.

*Mr. Edgar C. Levey, Speaker of the House,
Sacramento, California.*

DEAR SIR: I believe a bill should be enacted during the present session of the Legislature increasing the annual salary of Commissioner of Corporations to \$18,000.

The present salary of \$500 a month is certainly inconsistent and unreasonable to the officer who occupies this highly responsible position.

The duties of the office of Commissioner of Corporations are more important than any other office in the State of California with the exception of the office of the Governor. This office requires a man with vast experience and capabilities. A man who is qualified to fill this office can make many times the present salary in private practice.

To secure and retain a man like the present Commissioner, Mr. Jack Friedlander, the State should pay an adequate salary.

Kindly let me hear from you.

Yours truly,

C. A. KLEINMAN.

*Hon. Edgar C. Levey, Member of the Assembly,
Elks Club, Sacramento, California.*

GREETINGS : At a meeting of the council of the city of Los Angeles, held March 22, 1929, the enclosed resolution was adopted.

Respectfully,

ROBT. DOMINGUEZ, City Clerk.

RESOLUTION.

WHEREAS, The Los Angeles Bar Association has adopted an amendment to the California statutory criminal law which will make confessions made to a peace officer, or anyone under his direction and control, by a person in custody, inadmissible in evidence; and

WHEREAS, That proposed change which is now before the Legislature, is designed to eliminate as much as possible the so-called third degree methods of police in forcing confessions from innocent as well as guilty persons in their custody; and

WHEREAS, This city council has repeatedly placed itself on record as being unanimously opposed to any and all phases of police brutality, and has, without result, sought the aid of the police commission and the chief of police of Los Angeles to punish officers accused of specific cases of brutality; now, therefore, be it

Resolved, That this council by the adoption hereof, places itself again on the side of those who are attempting to end brutality under guise of authority, and herewith petitions the representatives of Los Angeles in Sacramento to lend their assistance to the end that the proposed amendment be immediately placed in the laws of the State; and be it further

Resolved, That a copy of this resolution be transmitted to each member of the Legislature; to the constitutional law committee of the Los Angeles Bar Association; to the mayor, the police commission, and the chief of police of Los Angeles.

I hereby certify that the foregoing resolution was adopted by the council of the city of Los Angeles at its meeting held March 22, 1929.

LOS ANGELES, CALIFORNIA, March 24, 1929.

*Honorable Edgar C. Levey, Speaker of the House,
and Members of the General Assembly
of the State of California.*

The Los Angeles Forum, the oldest civic organization and largest in membership on the western coast, by unanimous vote wish to extend their thanks to your honorable body for the interest manifested in endorsing the Honorable Frederick M. Roberts, member of the Seventy-fourth District, for register of the treasury of the United States. Mr. Roberts' ten years of honest, fearless, and conscientious devotion to duty deserves the recognition that has been so enthusiastically sponsored by the honorable law-making department of the great State of California. The Forum prays and believes that the President, the Honorable Herbert Hoover, will consider the endorsement of your honorable body, and from the patriotic grateful angle will give it just consideration. Thanking you again for your interest in one whom the Los Angeles Forum deems a pleasure to have the opportunity of endorsing his legislative career, so clean, so clear, and his record as a good citizen is an outstanding example for all good citizens to be proud of.

Respectfully submitted by the president and secretary.

A. T. CHAPPLE.

By Mr. Anderson :

MARTINEZ, CALIFORNIA, March 27, 1929.

*Honorable Roscoe Anderson, Member of Assembly,
State Capitol, Sacramento, California.*

Am in favor of your bill for working of prisoners. That is the best way to make them an asset, otherwise they will always be a liability.

R. R. VEALE.

By Chief Clerk :

GLENDALE, CALIFORNIA, March 27, 1929.

*Clerk, State Legislature,
Sacramento, California.*

DEAR SIR : I understand that Senator Rochester has a bill before the Legislature to muzzle free speech over the radio.

I believe the Senator calls it "slander."

This letter is as a protest against the passage of the bill.

Respectfully,

O. C. BRADLEY.

Also:

All questions on any subject in which examination is required under this act shall be provided by the board of medical examiners upon the morning of the day upon which examination is given in such subject, and when it shall be shown that the secretary or any member of the board has in any manner given information in advance of or during examination to any applicant it shall be the duty of the governor to remove such person from the board of medical examiners, or from the office of secretary.

All certificates issued hereunder must state the extent and character of practice which is permitted thereunder and shall be in such form as shall be prescribed by the board.

SEC 5. Section 14 of "The state medical practice act," approved June 2, 1913, as amended, is hereby amended to read as follows:

Sec. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citation and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citation provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct, arising under this act, depositions of witnesses may be taken, the same as in civil cases and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him.

Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter provided or whenever a certificate has been procured by fraud or misrepresentation or issued by mistake or that the certificate upon which a reciprocity certificate has been issued was procured by fraud or misrepresentation or issued by mistake or the person holding such certificate is found to be practicing contrary to the provisions thereof and of this act, it shall be the duty of the board and the board shall have power to suspend the right of the holder of said certificate to practice for a period not exceeding one year or to place the holder of said certificate upon probation or suspend judgment in such cases or revoke his certificate, or take such other action in relation to the punishment of the holder of said certificate as in its discretion it may deem proper. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension, but, upon the expiration of the term of said suspension, he shall be reinstated by board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the State of California in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk of the counties in which the certificates of the person whose certificate has been revoked is recorded, and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "The holder of this certificate was on the _____ day of _____ suspended for _____" or, "The certificate was revoked on the _____ day of _____" as the case may be, giving the day, month and year of such revocation or length of suspension, as the case may be, in accordance with said certification to him by said secretary. AMENDMENT NUMBER TWO.

On page 1, line 1, of the printed resolution, strike out all of lines 1 to 20, inclusive, and insert in lieu thereof the following:

"WHEREAS, The encouragement and protection of the growth of agriculture products in the United States, and of the production of agriculture products, in interest of agriculture and as a measure of economic stability and defense, has been an important feature of our tariff policy; and

WHEREAS, A continuation of such policy is highly important from the standpoint of agriculture and as a defense against the dangers inherent in a condition of dependence on foreign supplies of agriculture products; and

WHEREAS, From the time the Philippine islands were ceded to the United States, by treaty of peace April 11, 1899, until the passage of the so-called Philippine act of March 8, 1902, sugar and other products of the Philippine islands entering our ports were assessed the same rate of duty as like products coming from other countries; and

WHEREAS, The act of March 8, 1902, provided that upon all articles the growth of the Philippine islands coming into the United States from such islands there should be levied, collected, and paid only seventy-five per cent of the rate of duty upon like articles imported from other countries, and

WHEREAS, The tariff act of August 5, 1909, the Payne-Aldrich act, provided that all articles, the growth or product of the Philippine islands, should be admitted into the United States free of duty, except rice and a specified amount of tobacco and cigars, and except in any fiscal year sugar in excess of three hundred thousand gross tons; and

WHEREAS, The fact that congress saw fit to levy the full rate of duty on Philippine products entering the United States from the time of the acquisition of the islands in 1899 until the passage of the act of 1902, and by the passage of the latter act continued to levy such duty to the extent of seventy-five per cent of the rates levied against other countries, is conclusive evidence that congress intended to protect American farmers from competition with cheaply produced products of Philippine soil; and

WHEREAS, There is now pending in congress an act for tariff revision; now therefore be it

Resolved by the Assembly and the Senate of the State of California, jointly, That we, the members of the Legislature of the State of California, urge and support congressional action and administrative leadership toward securing the benefits of tariff protection to all American farm producers, regardless of commodity, and also on those commodities that are competitors, but not necessarily produced in the United States, and for restoration of adequate tariffs on imports of agriculture products from the Philippine islands; and be it further

Resolved, That the chief clerk of the Assembly be and he is hereby directed to send copies of this resolution to the President of the United States and to each member of the senate and house of representatives of the United States"

STATE OF IOWA, HOUSE OF REPRESENTATIVES,
DES MOINES, March 26, 1929.

*Chief Clerk, House of Representatives,
Sacramento, California.*

MY DEAR SIR: I have the honor to transmit herewith, duly certified copy of House Concurrent Resolution No 7, which was adopted by the forty-third General Assembly of the state of Iowa.

Most respectfully yours,

A. C. GUSTAFSON.

HOUSE CONCURRENT RESOLUTION No. 7.

House Concurrent Resolution memorializing the President of the United States and the Congress to increase federal aid for road construction.

WHEREAS, The development of our state has made it increasingly apparent that the people of the state must have good roads, and

WHEREAS, The people of the state of Iowa at the last general election expressed themselves overwhelmingly in favor of an enlarged road construction program, and

WHEREAS, The road building program as outlined and contemplated in this state involves the improvement of many roads of an interstate nature, thus making the cooperation and assistance of the federal government a matter of vital importance, and

WHEREAS, The Congress of the United States has for many years been appropriating federal aid for road construction at the rate of seventy-five million dollars (\$75,000,000) per year, and

WHEREAS, In view of the rapidly increasing traffic on the interstate highways within this state, it is apparent that the building of roads in this state must be speeded up in order to adequately meet the needs of such interstate traffic, now, therefore, be it

Resolved, By the House of Representatives of the General Assembly of Iowa, the Senate concurring, That we hereby recommend to the President of the United States and to the Congress, that at the coming special session of Congress the annual federal aid road appropriation be increased from seventy-five million dollars (\$75,000,000) per year to not less than one hundred million dollars (\$100,000,000) per year. Be it further

Resolved, That on the passage of this resolution the Chief Clerk of the House shall certify a copy hereof to the President of the United States, to the President of the Senate, to the Speaker of the House of Representatives of the Congress of the United States, to the Chairman of the Committee on Roads of the Senate and to the Chairman of the Committee on Roads of the House of Representatives, and to each State Legislature now in session.

J. H. JOHNSON,
Speaker of the House.
ARCH W. MCFARLANE,
President of the Senate.

I hereby certify that this resolution was adopted March 25, 1929.

A. C. GUSTAFSON,
Chief Clerk of the House.

By Mr. Speaker:

LOS ANGELES, CALIFORNIA.

We, the undersigned, residents of Los Angeles County, State of California, request that you, as our representatives, vote for, and ask for a public hearing on, the bill to abolish the death penalty in the State of California, substituting life imprisonment.

We believe in the abolition of capital punishment for the following reasons:

Because it is not, and has never been, a deterrent of crime.

Because the eight states which have abolished the death penalty have lower homicide rates; higher rates of homicide conviction; cost the community less for

protracted trials, and are less likely to allow the guilty to go free, than states like California, which retain the death penalty.

Because capital punishment as an institution is a demoralizing advertisement of murder; and finally

Because capital punishment is irrevocable: there are proven cases of the execution of the innocent.

F. E. MITCHELL,
And 40 others.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 29, 1929.

To the Assembly of the State of California.

Assembly Bill No. 101 is herewith returned without my approval.

This is a bill for increasing the compensation for the probation officer in counties of the eleventh class. Notwithstanding the provisions for the desired increase, language is inserted at the end of the bill to the effect that it is hereby found and declared that no increase has taken place.

The author agrees with me that this language is ambiguous, to say the least, and creates a condition from which a statute should be free. He has accordingly introduced another bill as a substitute for Assembly Bill No. 101, and requests that the latter be vetoed.

I am advised that certain other bills now pending, designed to effect increases in compensation, also purport to deny the fact of an increase. The defect is one which should be corrected before enactment by the Legislature.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 29, 1929.

To the Assembly of the State of California.

Assembly Bill No. 341 is herewith returned without my approval.

The provision that the Attorney General shall approve titles to lands accepted by the State Board of Forestry for forest and water shed purposes was omitted in amending section 2 of the act referred to in the bill.

The Attorney General is very strongly of the opinion that this omission should not have been made, and advises me that, inasmuch as the machinery for passing upon these titles is already set up in his office, he believes that the elimination of this service on his part will only result in additional expense to the State without any due compensation therefor.

Accordingly the author of the bill agrees that my approval should be withheld, and that another bill should be introduced providing the new legislation desired, and at the same time retaining the provisions for service as at present on the part of the Attorney General.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 29, 1929.

To the Assembly of the State of California.

Assembly Bill No. 342 is herewith returned without my approval.

This bill proposes to transfer certain lands known as Mount Zion, in Amador County, from the jurisdiction of the Surveyor General to the Department of Natural Resources.

It develops that although the land in question has been listed to the State, the listing has not as yet been approved by the United States, and the State is therefore without jurisdiction over the same.

The author, Mr. Dillinger, was not aware of this fact when the bill was introduced, and agrees that my approval of the bill should be withheld.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 29, 1929.

To the Assembly of the State of California.

Assembly Bill No. 343 is herewith returned without my approval.

Both the Legislative Counsel and the Attorney General's office agree that there is some question as to the constitutionality of an act transferring school lands from the jurisdiction of the Surveyor General to the jurisdiction of some other department

of the State to be used for purposes other than that for which the lands were originally granted to the State by the federal government.

Where it is desired to transfer school lands for other uses, such transfer can be made by a special act carrying an appropriation to compensate the school land fund for the loss of such lands. This information was not available to Messrs. Ingels and Dillinger, the authors, at the time the bill was introduced, and both agree that under the circumstances the bill should be returned to you without my approval.

Respectfully submitted.

C. C. YOUNG, Governor.

COMMUNICATION.

The following communication was received, read, and ordered printed in the Journal:

By Mr. Speaker:

SACRAMENTO, CALIFORNIA, April 1, 1929.

*Speaker E. C. Levey, State Assembly,
Sacramento, California.*

DEAR SIR: During the month of January it was our pleasure to have as guests in a series of flights in our airplane "Standard of California" a number of the members of the State Assembly. Due to the inclement weather prevailing at that time, it was unfortunately necessary to discontinue the flights before all of the Assemblymen had had an opportunity of flying.

So many of these gentlemen expressed their disappointment that we have now arranged to resume these flights on Wednesday and Thursday, April 3 and 4. The flights will be held from Mather Field between the hours of 10 and 12 each morning and 2:30 and 4:30 each afternoon.

In order to accomplish the flights with as little delay as possible, might we ask that you be so kind as to request the Sergeant-at-Arms of the Assembly to ascertain from each member which day and approximately the hour as above indicated that would be most convenient for him to fly, in order that the personnel of the flights can as far as possible be booked in advance.

There are undoubtedly many members of the Assembly who flew with us on the previous flights who will desire to fly again, and we will be most happy to have them as our guests on this occasion. I might also add that the former invitation included the wives of the members of the Assembly, and the present flight is intended also to include them.

To accommodate those members of the Assembly who may not have their personal cars immediately available, we will arrange to have automobiles in front of the main entrance of the Capitol to leave one-half hour prior to the time set for the flights.

Yours very truly,

STANDARD OIL COMPANY OF CALIFORNIA.
H. B. FAIRCHILD, District Sales Manager.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

SAN FRANCISCO, CALIFORNIA, March 28, 1929

*Hon. Edgar C. Levey, Speaker of the Assembly,
Capitol, Sacramento, California.*

MY DEAR MR. LEVEY: Referring to the proposed amendment to abolish the Judicial Council:

I hope that it will not meet with your pleasure. The council has accomplished a very great deal in improving the administration of justice and removing the delays in court proceedings, of which there has been so much complaint. There is criticism, of course. Some of it may have some foundation, but the council has shown a disposition to cooperate with the bar in removing that criticism, and if any remedy is to be adopted to clear away the grounds for existing criticism it certainly is not to be found in the abolition of the council.

With kind regards, I remain

Yours very truly,

O. K. CUSHING

By Chief Clerk:

LOS ANGELES, CALIFORNIA.

To the Clerk of the Assembly.

Protest against any law prohibiting free speech
Sincerely yours,

ASSEMBLY CONCURRENT RESOLUTION No. 9.

Providing for the creation of a joint committee of the Senate and Assembly to investigate aviation conditions in the State of California and to the question of safety and prevention of accidents thereto; to prepare and make recommendations concerning changes in existing laws, and the enactment and enforcement of laws relating to the use and operation of aeroplanes, and to prepare and submit with supporting facts, ascertained, a report as to the advisability of the adoption of a uniform law regulating aviation and making appropriation to meet the expenses of said committee necessarily incurred in said work.

WHEREAS, There has been a great increase in the number of airplanes and aircrafts used and operated in the State of California within recent years; and

WHEREAS, The matter of regulation of aviation and aircraft at the present time presents peculiar and novel difficulties and problems because of the infancy of the aviation and aircraft industry, and the rapid growth of the same within the past few years, and the anticipated stupendous advance of the same within the next two years; and

WHEREAS, It is felt that so young and progressive an industry may be hampered and throttled by the enactment of legislation without serious and continued thought and study of the underlying condition governing its proper growth and expansion; and

WHEREAS, Public necessity and protection require the enactment of fair and proper legislation governing the same for the stability and growth of the industry as well as the protection of the public; now, therefore, be it

Resolved by the Assembly, the Senate concurring, That there is hereby created a joint committee of the Assembly and Senate to consist of three members of the Assembly to be appointed by the Speaker of the Assembly and three members of the Senate to be appointed by the President.

It will be the duty of the said committee to investigate the adequacy of the facilities for the enforcement of existing laws relating to the use and operation of aeroplanes, the advisability of establishing new laws relating to the safe operation of aeroplanes, and to make recommendations concerning the advisability of amendments to existing laws, if in the discretion of the committee is deemed necessary, and if the committee reports in favor of the adoption of any specified laws, it should include in its report or plan recommended, the measures which in its judgment should be enacted.

It shall also be the duty of said committee to study the advisability of adopting a uniform law or laws relating to the regulation and control of aviation and more particularly to the regulation of airports and aviation schools. In making this study the said committee shall carefully consider the laws and systems enacted in other states and countries and the effect that any such system would have in the State of California on account of any unusual conditions arising in this State. Said committee is to make its report to the Legislature at its next regular session.

The members of said committee shall receive no compensation for its services other than their official salaries but it shall be reimbursed for their actual expenses necessarily incurred hereunder not exceeding the amount hereinafter specified. Such committee is hereby authorized to employ competent clerical and other help to assist in the preparation and compiling of all data ascertained included by making of the final report. The said committee shall be provided with headquarters in the State building at San Francisco if such quarters are available, but if such quarters are not available such committee may procure such quarters in any other building in the city of San Francisco for its headquarters.

The expenses of such clerical or other help and for any other necessary expenses of the committee, shall be passed upon and fixed by the committee subject, however, that the total of the expenses and costs shall not exceed the amount hereinafter specified.

The expenses thus incurred by said committee under the authority hereof shall be payable out of the money heretofore or hereafter appropriated for the contingent expenses for the Senate and Assembly at this session of the Legislature, payable one-half from the contingent fund of the Senate, and one-half from the contingent fund of the Assembly, but not exceeding the sum of \$3,000 in all, the sum, or so much thereof as may be necessary is hereby set apart, reserved and appropriated out of said respective contingent fund for the purpose aforesaid to be disbursed from time to time by Controller's warrants to be drawn against said contingent funds upon the written orders of the chairman of said joint committee; and be it further

Resolved, That the said committee be instructed to have prepared its report not later than the thirty-first day of December, 1930, and that a copy of said report be not later than said date transmitted to the Governor of the State in order that he may make such comment thereon as he may deem appropriate to the Legislature at its next ensuing session.

SENATE JOINT RESOLUTION No. 7.

Relative to memorializing and petitioning the President of the United States and Congress to support congressional action and administrative leadership toward securing the benefits of tariff protection to all American farm producers, regardless of commodity, and petitioning for the restoration of adequate tariffs on imports of agriculture products from the Philippine Islands.

WHEREAS, The encouragement and protection of the growth of agriculture products in the United States, and of the production of agriculture products, in interest of agriculture and as a measure of economic stability and defense, has been an important feature of our tariff policy; and

WHEREAS, A continuation of such policy is highly important from the standpoint of agriculture and as a defense against the dangers inherent in a condition of dependence on foreign supplies of agriculture products; and

WHEREAS, From the time the Philippine Islands were ceded to the United States, by Treaty of Peace April 11, 1899, until the passage of the so-called Philippine Act of March 8, 1902, sugar and other products of the Philippine Islands entering our ports were assessed the same rate of duty as like products coming from other countries; and

WHEREAS, The act of March 8, 1902, provided that upon all articles the growth of the Philippine Islands coming into the United States from such islands there should be levied, collected, and paid only 75 per cent of the rate of duty upon like articles imported from other countries; and

WHEREAS, The Tariff Act of August 5, 1909, the Payne-Aldrich Act, provided that all articles, the growth or product of the Philippine Islands, should be admitted into the United States free of duty, except rice and a specified amount of tobacco and cigars, and except in any fiscal year sugar in excess of 300,000 gross tons; and

WHEREAS, The fact that Congress saw fit to levy the full rate of duty on Philippine products entering the United States from the time of the acquisition of the islands in 1899 until the passage of the act of 1902, and by the passage of the latter act continued to levy such duty to the extent of 75 per cent of the rates levied against other countries, is conclusive evidence that Congress intended to protect American farmers from competition with cheaply produced products of Philippine soil; and

WHEREAS, There is now pending in Congress an act for tariff revision; now therefore be it

Resolved by the Assembly and the Senate of the State of California, jointly, That we, the members of the Legislature of the State of California, urge and support congressional action and administrative leadership toward securing the benefits of tariff protection to all American farm producers, regardless of commodity, and also on those commodities that are competitors, but not necessarily produced in the United States, and for restoration of adequate tariffs on imports of agriculture products from the Philippine Islands; and be it further

Resolved, That the Chief Clerk of the Assembly be and he is hereby directed to send copies of this resolution to the President of the United States and to each member of the Senate and House of Representatives of the United States.

STATE OF NEVADA, DEPARTMENT OF STATE,
CARSON CITY, NEVADA.

SENATE JOINT RESOLUTION No. 8.

Respecting expenses incident to cooperation between state and federal commissions under the provisions of section 13 of the Interstate Commerce Act, as amended by the Transportation Act, 1920.

[Approved March 25, 1929]

WHEREAS, Congress has, by section 13 of the Interstate Commerce Act, as amended by Transportation Act, 1920, provided for cooperation between state and federal commissions, in the administration of the Interstate Commerce Act, upon invitation of the Interstate Commerce Commission; and

WHEREAS, Many cooperative cases are now pending, wherein, upon such invitation, state commissions are cooperating with the Interstate Commerce Commission; and

WHEREAS, Such cooperation has become necessary by reason of the extension of federal power, exercised through the Interstate Commerce Commission, over intrastate rates, which continue primarily subject to the jurisdiction of state authorities; and

WHEREAS, The purpose of such cooperation is to enable the Interstate Commerce Commission to exercise its enlarged power in conformity with the federal constitu-

tion, and in such manner that there shall be no conflict between interstate rates and properly constructed intrastate rates; and

WHEREAS, The services of state commissioners in cooperative proceedings are thus, in fact, rendered to enable the proper administration of federal law, and

WHEREAS, The hearing and disposition of proceedings under the cooperative plan make it necessary that each cooperating state commission shall be supplied with a copy of the transcript of evidence, and entail other substantial expenses upon cooperating commissions, which appropriations made for the uses of such state commissions in the performance of their duties within their respective states do not enable them to meet; and

WHEREAS, Such hearing and disposition of proceedings result in the avoidance of conflicting state and federal rate regulations, and of consequent litigation, and thus cause very great savings to the federal government, to the carriers, and to the public; therefore, be it

Resolved by the Senate and the Assembly of the state of Nevada. That provision should be made by Congress to meet the aforesaid costs, incident to cooperation between the state and federal commissions, by the appropriation of not less than \$100,000 per annum, to be available for use therefor through, and under the direction of, the Interstate Commerce Commission; and be it further

Resolved, That the attention of the President, the members of the appropriate committees of Congress, and the governors and the legislatures of the various states be directed to the indispensable need that such appropriation be provided to enable the satisfactory continuance of cooperation, as contemplated by federal law; and be it further

Resolved, That the secretary of state of the state of Nevada be and he is hereby directed to transmit a certified copy of this resolution to the President of the United States to each member of the house committees on appropriations and interstate and foreign commerce, respectively, and to each member of the senate committees on interstate commerce and finance, respectively, and to the governors and legislatures of each state of the nation.

Speaker of the Assembly.

V. M. HENDERSON,
Chief Clerk of the Assembly.

In witness whereof, I have hereunto set my hand and affixed the Great Seal of State, at my office in Carson City, Nevada, this twenty-eighth day of March, A. D 1929.

MOTION TO PRINT ADDRESS.

Motion unanimously adopted.

ADDRESS BY MR. HARVEY S. FIRESTONE.

When Governor Young sent me an invitation to come to Sacramento and have lunch with him I was not aware that I would have the privilege and honor of addressing you. I am not a public speaker, having devoted my time and energy to farming and business. I remained on the farm until I was 20 years old, when I left to enter business.

It is only natural that we feel that others do not realize or appreciate the importance of the occupation in which we are engaged, and therefore, I feel that the importance of business organization and management has not been fully recognized. It pleased me very much when a small college in Ohio, which is one of the few universities or colleges that has recognized business, created the degree of Doctor of Business Administration. I was not so much pleased that this degree was given to me as that business had been recognized, as have other lines of endeavor. I am sure you must appreciate that you are a part of the greatest business organization in all the world—the United States government—and you are a part of that business at a time when we are enjoying the greatest progress and prosperity of all time. This great progress and prosperity, however, brings many serious problems.

It has been my experience that prosperity for individuals, companies or governments is much more difficult to handle than adversity, as, in great prosperity, we lose our sense of proportion, become more selfish and want to do things with only one thought—that of self. I make this statement from my own experience in the Firestone Company during its growth and greatest progress in 1918, 1919 and 1920. When the depression came in the fall of 1920, we had 20,000 employees in Akron, of which 2000 were the office force. Each one of these 2000 office employees had to do something, and in order to keep busy they were writing letters and memorandums between themselves and the business was so systematized and complicated that no one, including myself, knew what it was all about. I have always been a great advocate of simplicity, but in this unusual prosperity I had lost this. However, the depression brought the awakening and I reduced that office force from 2000 to 350 and began to do things on the basis of simple fundamentals and to understand again what it was all about. I could go into many details of this readjustment of the Firestone business, but time will not permit.

The prosperity of our country is so great and our expansion is on such a scale that this one illustration of the condition which the Firestone Company got into under similar conditions occurred to me with the thought in mind that you who are responsible today for the great business of government should make every effort to keep this great business simple by eliminating the many unnecessary and useless laws of no fundamental value which have found their way into the channels of government and are now only serving to complicate the complex situation that we already have.

In this particularly prosperous period, with its attendant additional responsibilities, I feel that our country is exceedingly fortunate in having secured a man to head this great business of government whose education, training and experience not only in our country but in foreign countries, has given him qualifications never equaled by any other man who has held the great office of President of the United States—he is your adopted son, Herbert Hoover. We are a great producing country and can manufacture and produce on a more efficient basis than any other country, and we must find additional markets for our product, and I have said many times that there is no one who knows the foreign markets and the people better than Mr. Hoover. He is already setting standards, adopting principles and doing things that insure our continued prosperity and welfare, but I can not emphasize too strongly that he can not accomplish great things alone, and that he must have and is entitled to the most active support of the people. There are too many people today who feel that they have fulfilled their obligation in having had a part in placing at the head of our government a man like Herbert Hoover. As a matter of fact, their

real responsibility lies ahead in giving him their continued interest and support so that he may accomplish the things that they expect of him. I might say a word as to why I consider this nation is so outstandingly prosperous. Aside from the fact that the American people have greater ambition, energy and ability than other nationalities, there are two major reasons for our great prosperity, in my opinion, and those reasons are prohibition and highway transportation.

Before prohibition we did not have the same efficiency and the same prosperity and wellbeing of the thousands of people in our plants that we now have during prohibition. There can be no question in anyone's mind that this increased happiness and welfare of the worker far outweighs the violations by a few of the Volstead Act which we hope will become less and less. I am sure if the people will give real support to President Hoover and his administration, we will go far in the enforcement of our laws.

With regard to the relation between prosperity and highway transportation, I can cite no finer example than you have right here in California, and I congratulate you upon your progressive spirit and foresight in being among the first states to issue bonds and pass legislation for the development of good roads. In my opinion this is one of the outstanding reasons for your great progress and prosperity which has been unequaled in the past twenty-five years.

I will not attempt to tell you of the many ways in which I feel that highway transportation has helped in your progress and prosperity, but it has certainly hastened California coming to the forefront as a great manufacturing state. Your good roads and 2,000,000 automobiles are one of the main reasons for the Firestone Company building a manufacturing plant in California which now supplies eleven of the western states. I am glad to advise you that we have increased our capacity 50 per cent since stating last June and I hope it will be necessary to build a large addition to the plant next year.

Before establishing a plant in California we went into every condition and phase of the efficiency and economy of manufacturing in California, including your laws governing manufacturing institutions. We found all of these, with few exceptions, to be constructive and helpful.

Naturally I am deeply interested in and keep track in a general way of the laws affecting highway transportation. I am informed that you now have a bill before your House that is designated to regulate the kind of tires to be used on your highways. I am not prepared to say, and would not attempt to at this time without further study, whether this is a good law or an unnecessary law, but from experience in other states, it would be my impression that the good that will be accomplished will not offset the cost and expense if the law is enacted.

There are other states that are considering laws that affect rubber tires. Missouri now has a bill, copy of which was sent to me, which requires tire dealers to obtain a license to sell tires, the fee for which is from \$10 to \$300, depending upon the size of the city they are in.

It seems to me that such legislation creates additional governmental expense and a burden and complication for the people that is unnecessary, and should have no place before the Legislature. It is just these things, small in themselves, but far-reaching in effect that will tear down our prosperity.

In closing, you might be interested in a few words from me about rubber. Its importance to our country and our highway transportation is naturally of very great interest to me and in this connection I might say a word to you about the rubber legislation of the British government. In 1922 they passed a bill known as the Stevenson Restriction Act, restricting the production and exportation of rubber from the British colonies in order to artificially raise the price of rubber. I do not believe that any government has the moral right to restrict the production of a commodity of the soil so universally used by all the people as rubber, for the benefit of a few, and therefore I strenuously opposed this restriction, but was not successful in having it rescinded until six years later. During this restriction period rubber advanced from 17 cents a pound to \$1.23 a pound. If you will consider 20 cents a pound a fair price for rubber and then figure the price which this country paid for it during that six-year period, you will find we paid an excess of over \$600,000,000.

At the beginning of restriction, Great Britain controlled 85 per cent of the world's production of rubber, but when restriction was rescinded they controlled less than half. Therefore, in order to effect a temporary advantage they have forfeited control of one of their greatest assets. I am very seriously opposed to trying to make any line of business prosper by legislation and I regret very much that attempts are being made to legislate prosperity into different lines of business. I realize that we must pass laws and laws must be altered to meet changing conditions, but there can be no question that we are passing too many laws and are doing much harm and retarding our prosperity very materially by the number and complexity of the laws that we are passing, and I hope that for the sake of your great prosperity in California you will avoid that mistake.

COMMITTEE FROM SENATE.

Senators Breed, Slater and Wagy appeared before the bar of the Assembly and requested the honor of Mr. Harvey S. Firestone and his sons to visit the Senate.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 5, 1929.

To the Senate and Assembly of the State of California.

Assembly Bill No. 95 is approved by me except for an item specifically set forth, which is eliminated in accordance with the powers conferred on me by the provisions of sections 16 and 34 of article IV of the constitution, and which is objected to for the following reason:

I object to the item on page 13, under the heading, "Military and Veterans' Affairs," and reading as follows: "For construction of the national guard armory at Long Beach, one hundred fifty thousand dollars (\$150,000)." It so happens that there had already been introduced into the Legislature a special appropriation bill for the construction of a Long Beach armory, which bill is now on the Senate third reading file. This will obviate the necessity of a budget amendment such as is here proposed.

I feel that this special appropriation bill is the better method of dealing with this need, owing to the fact that, through haste or inadvertence, the procedure by which the item in question was introduced into the budget bill would obviously create an unsafe precedent. The fact that no opportunity was afforded the Executive or Finance Department of the government or the Ways and Means Committee of the Assembly, to consider the matter in relation to other budget necessities, would, if repeated in other and larger propositions, lead to unwise budget practices. This I have already stated to the author of the provision to which I am here objecting.

It is evident that savings will be made as the result of consolidations to be effected under the bills for reorganization of various State activities. These savings, however, will be accomplished within the budget itself, and reflected in unexpended balances at the close of the biennium. I therefore feel that I should not at this time make further changes in the budget appropriations passed by the Legislature, in anticipation of legislation not yet finally enacted.

Respectfully submitted.

C. C. YOUNG, Governor.

At twelve o'clock and twelve minutes p.m., on motion of Mr. Jones, the Speaker declared the Assembly adjourned this day until eleven o'clock a.m., Monday, April 8, 1929.

MOTION.

On motion of Mr. Williamson, the following communications relative to the above resolution were ordered printed in the Journal:

By Mr. Williamson:

SAN FRANCISCO, CALIFORNIA, April 6, 1929.

Mr. Ray Williamson, Assemblyman for the Twenty-sixth Assembly District, State Capitol, Sacramento, California.

DEAR SIR: The San Francisco County Council, Veterans of Foreign Wars of the United States, directs your attention to the attached duly authenticated copy of a letter received from the widow of the late Major General Frederick Funston.

As a San Franciscan you are, of course, keenly conscious of the service rendered to this city in April, 1906, by General Funston. You will recall that General Funston's body lay in state under a guard of honor in the rotunda of the city hall, following his death. You know, as does every San Franciscan, that in the corridor of the city hall, in a place of honor, there stands a pedestal bust of the late General Funston.

One of the major obligations of all members of the Veterans of Foreign Wars is to care for the widows of the men who have served their nation in time of war, and, because of that obligation, and in recognition of the services rendered to San Francisco in time of need by General Funston, we ask that you introduce in the Assembly at once a measure memorializing the Congress of the United States to increase the pension that this widow of a true soldier is now receiving.

Truly yours,

H. J. BOYD.

Commander, S. F. County Council, Veterans of Foreign Wars.

COPY OF LETTER.

Veterans of Foreign Wars, San Francisco.

GENTLEMEN: My husband served as Colonel of the Twentieth Kansas Regiment during the Spanish American War, and for bravery in action was promoted to Brigadier General of Volunteers. On the capture of Aguinaldo he was made Brigadier General, United States Army, at the time of his death he was Major General and in command of the United States forces on the Mexican border during 1915-16 and 17.

At the time of his death I had three children, aged respectively thirteen, eight, and two and a half. During my husband's service he accumulated no world wealth, and, through the efforts of the late Julius Kahn I was granted a pension of \$100 a month for self and three minor children. No doubt I would have been granted a larger sum if we had not been engaged in the World War.

It has been a severe struggle for me to educate the children and provide the necessaries of life and I find that the amount I am receiving is wholly inadequate for my support. For your information I will state that for some time past I have been employed and have found it necessary to meet my financial obligations.

My friends now urge me to petition Congress for an increase of pension and I would appreciate it greatly if you would interest yourself in my behalf, and have resolutions passed petitioning Congress to grant me an increase of pension. My friends believe this will be the best course to pursue due to the lapse of time since the death of my husband.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 8, 1929.

To the Assembly of the State of California.

Senate Bill No. 656 is herewith returned without my approval.

The purpose of the bill, as stated by its author is good, viz, to guarantee the faithful performance of their contract on the part of those engaging in the business of selling a form of burial insurance and issuing burial contracts or certificates therefor. However, it is very doubtful if the bill as now drawn accomplishes the purposes intended. There is no definition of "burial contracts or certificates" and the bill might possibly be held void for uncertainty.

On the other hand the present language is broad enough to include fraternal societies now providing funeral benefits for their members, which is not intended.

Assembly Bill No. 957 is an identical bill and can be easily amended to take care of these objections. Assemblyman Woolwine has agreed to amend his bill accordingly. For these reasons the Attorney General and the Legislative Counsel, as well as others who have studied the measure and commented thereon, including the author, Senator Rochester, agree that my approval should be withheld.

Respectfully submitted.

C. C. YOUNG, Governor.

By Mr. Speaker:

SAN FRANCISCO, CALIFORNIA, April 9, 1929.

*Mr. Edgar C. Levey, Speaker of the Assembly,
and to the Members of the Assembly, State Capitol Building,
Sacramento, California.*

Ladies and Gentlemen: We, the undersigned, representing the National and State Old Age Pension Commission of the Fraternal Order of Eagles, are pleased to take this opportunity of expressing to you the sincere appreciation of the members of our fraternity for the favorable action taken by your body on the "aid to the aged bill," No. 166, introduced by Assemblyman T. M. Wright. Our fraternity has for the past eight years been carrying on a campaign to secure the enactment of such legislation and we are indeed proud to see our own State become one of the pioneers in the enactment of this law and thereby extend to our worthy aged citizens the just and humane recognition which they are entitled to and which will bring to them a little more comfort and happiness in their declining days.

Since our campaign started, similar bills have been enacted into law through the sponsorship of our fraternity in nine states in this country and in three provinces in Canada, and it is our belief that at least three other states will enact the law this year.

Yours very truly,

WM. R. HAGERTY.
CHAS. J. CHENU.
WM. J. BYRNE.

By Mr Speaker:

RESOLUTION.

WHEREAS, The State of California has for many years pursued the policy of entrusting the municipalities along the shores of the Pacific Coast with full authority and jurisdiction over all public tidelands within the boundaries of such cities for the purposes of promoting commerce and navigation, and in accordance with this policy has heretofore from time to time conveyed to the city of Oakland all of the State tidelands excepting four small parcels of tide or submerged land located along the estuary of San Antonio including a certain area located at the foot of Pine street extended; and

It is now necessary for the further promotion of the port of Oakland, and to the public interest and convenience that the city commence the construction of a public wharf for the use of the garbage disposing boats and for other port purposes in said area below Pine street, and promptly prepare to remove the existing garbage wharf from the outer harbor in order to further the development of said harbor as a center for the handling of large shipments of dried and fresh fruits and other foodstuffs destined to and from foreign countries; and

It is proper and necessary that the State of California transfer to the city of Oakland jurisdiction of said area that it may be made fully available for such purposes and Assembly Bill No. 638 by Honorable Walter W. Feeley has been introduced in the Legislature and amended to provide for such transfer of the jurisdiction of such tide and submerged lands; now, therefore, be it

Resolved, That the Board of Port Commissioners on behalf of the city of Oakland hereby endorses the said Assembly Bill No. 638 and respectfully urges its passage by the honorable Assembly and Senate of the State of California; be it further

Resolved, That certified copies of this resolution be forwarded to the said legislative bodies and to each of the representatives of the people of the city of Oakland.

I certify that the foregoing is a full, true and correct copy of Resolution No. 1032 passed by the Board of Port Commissioners of the city of Oakland, California, on April 8, 1929.

Sec 10a The state water commission is hereby authorized and empowered to conduct investigations of streams, stream systems, lakes or other bodies of water or any portions of any streams, stream systems, lakes, or other bodies of water; to investigate either or both surface and underground water conditions, to collect records of diversion and use of water, to supervise distribution of water in accordance with agreements therefore; and to do all or any of such work either independently or in cooperation with one or more persons, firms, associations, corporations or other agencies, including county, state and federal agencies, and to prepare and may print, official reports or bulletins of such records collected or obtained by it under the provisions of this section.

SEC 2 Section 24 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec 24 In case suit is brought in the superior court for determination of rights to water or the use of water, the court may, in its discretion, order a reference to the state water commission, as referee, which reference may include any issue or issues, or all issues, involved in such suit.

Sec 3. Section 30 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows.

Sec 30 After the date fixed for the filing of proofs, no proofs shall be received or filed with the state water commission, *provided, however,* that the state water commission may, for cause shown, in its discretion, extend the time in which proofs may be filed.

SEC 4. Section 31 of said act, approved June 16 1913, as amended, is hereby amended to read as follows.

Sec 31. Any claimant of a right by appropriation of the water of any stream system upon whom no service of notice shall have been had of the pendency of proceedings for the determination of the rights by appropriation of the waters of said stream system, and who shall have had no actual knowledge or notice of the pendency of said proceedings, may at any time prior to the expiration of three months after the entry of the determination of the state water commission as provided in section 36 of this act, file a petition to intervene in said proceedings. Such petition shall be under oath and shall contain, among other things, all matters required by this act of claimants who have been duly served with notice of said proceedings, and also a statement that the intervenor had no actual knowledge or notice of the pendency of said proceedings. Upon the filing of said petition in intervention and upon payment to the state water commission of the fees which would have been due under the provisions of section 32 of this act had the proof of claim been filed in accordance with the notice provided in section 28 of this act, the petitioner shall be allowed to intervene and thereafter shall have all the rights and be subject to all the duties of the claimants who have been duly served.

SEC. 5. Section 32 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec. 32 Every person, firm, association or corporation filing one or more proofs of appropriation as in this act provided shall pay to the state water commission at the time of filing said proof or proofs, an initial filing fee in the sum of ten dollars. Not later than five days after receipt of such proof or proofs the state water commission shall notify the claimant by registered mail of the further amount of filing fee, if any, due under the provisions hereinafter set forth. Said further amount of filing fee due if any shall be paid to the state water commission within sixty days after date of filing said proof or proofs and any claimant receiving notice as herein provided of such further amount of fee due who shall fail to pay said fee within the time herein provided shall be barred and estopped from subsequently asserting any rights by appropriation to said water theretofore claimed by him on such stream system unless entitled to relief under the laws of this state, *provided,* that the proceedings in which said proof or proofs have been filed shall result in a decree by the superior court determining the rights on such stream system. The ten dollar initial filing fee shall be the minimum filing fee due from any claimant, but shall

constitute a credit to the extent of ten dollars in all cases where the filing fee due under the provisions hereinafter set forth is in excess of ten dollars, and in all such cases the further amount of filing fee due shall be the total computed filing fee less ten dollars. Every claimant shall pay to the state water commission on the basis of the statements in his proofs, a filing fee in the sum of ten dollars for the first cubic foot per second or fraction thereof claimed, in the sum of ten dollars for each cubic foot per second or fractional cubic foot per second claimed in excess of one cubic foot per second and up to and including ten cubic feet per second, in the sum of five dollars for each cubic foot per second or fractional cubic foot per second claimed in excess of ten cubic feet per second and up to and including one thousand cubic feet per second and in the sum of one dollar for each cubic foot per second or fractional cubic foot per second claimed in excess of one thousand cubic feet per second. The total amount of water claimed by any claimant shall be the basis upon which his filing fee is computed, regardless of the number of purposes for which said water may be used or the number of times said water may be re-used by said claimant. For the purpose of computing such filing fees, three hundred and fifty acre feet of water per annum claimed for storage shall be deemed the equivalent of one cubic foot per second, but in all cases where claimants submit proof or proofs covering both storage and direct flow rights, and where the storage is situated above the point or points of diversion of the direct flow rights and is used to supply the direct flow rights in part or in whole, the filing fees shall be computed either on the basis of the amount of water claimed for storage or on the basis of the amount of water claimed for direct flow rights, whichever amount is the greater, but the amount of water claimed for storage shall not be added to the amount of water claimed for direct flow rights for the purpose of computing the filing fees in such cases. In addition to the filing fee hereinabove provided on the basis of amount of water claimed, every claimant of a right by appropriation for the purpose of irrigation shall pay to the state water commission, a further filing fee in an amount bearing the proportion to the total cost incurred by the state water commission in executing surveys and preparing maps from the observations of such surveys, as provided in section 27 of this act, which the area being irrigated and which has been irrigated by said claimant, and for which water is claimed by him, bears to the total area being irrigated or which has been irrigated by all claimants, and for which water is claimed by them. At the time of, or as soon as practicable after the mailing of its order of determination as provided in section 36 of this act the state water commission shall compute the entire cost it has incurred in performing the duties prescribed in sections 26 to 36 of this act, both inclusive, and should the aggregate cost thereof exceed the total amount of money received from the claimants as filing fees with their submission of proofs, such excess cost shall be apportioned among all claimants in the proportions which the respective amounts of water allotted to the respective claimants in the order of determination bear to the total amount of water allotted to all claimants in said order of determination. Notice of the assessment of said additional charges shall be sent by registered mail to each claimant, such notice to include a statement of the total sum assessed and of the sum assessed to claimant addressed. All assessments remaining unpaid sixty days after the mailing of said notice shall bear interest at the rate of seven per cent per annum from the end of said sixty day period, and all assessments remaining unpaid at the time of entry of decree as provided in section 36 of this act shall be taxed as costs against the delinquent claimants and collected in the manner provided by law for the collection of judgments. All fees charged and collected under this section shall be paid, at least once each month, accompanied by a detailed statement thereof, into the cash revolving fund of the state water commission in the state treasury.

SEC. 6. Section 34 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec. 34. Should any claimant desire to contest any of the statements and proofs of claims filed with the state water commission by any other claimant to the waters of the stream system, he shall, within thirty (30) days after said evidence and proofs shall have been opened to public inspection, or within such further time as for good cause shown may be allowed by the state water commission upon application made prior to the expiration of said thirty (30) days, in writing, notify the state water commission, stating with reasonable certainty the grounds of the proposed contest, which statement shall be verified by the affidavit of the contestant, his agent or attorney. The statements or proofs of the person whose rights are contested and the verified statement of the contestant shall be deemed sufficient to constitute a proper cause for such contest. Said contestant shall also within said thirty (30) days send a copy of his contest by registered mail to the person whose rights are contested and file an affidavit of said service with the state water commission.

SEC. 7. Section 35 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec. 35. Within sixty (60) days after the receipt of the contest the state water commission shall notify by registered mail the contestant and the claimant whose rights are contested to appear before it at a time and place specified in said notice, and that at said time and place said contest will be heard; *provided*, that said time

shall not be less than fifteen (15) days nor more than sixty (60) days from the date of the mailing of the notice of the commission. The state water commission shall have power to adjourn hearings of contests from time to time upon reasonable notice to all parties in interest, and to issue subpoenas for and compel the attendance of witnesses to testify before it and to produce papers, books, maps, and other documents. The costs of taking testimony at a hearing shall be borne by the parties thereto as follows: Each party shall pay for the direct examination of his own witness and the cross-examination of opponent's witness and shall share equally for that part of the examination directed by the representative of the commission. One copy of the transcript of testimony taken at the hearing shall be furnished to the commission and the cost thereof borne equally by the parties.

SEC. 8. Section 36 of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec. 36. As soon as practicable after the hearing of contests, it shall be the duty of the state water commission to make, and cause to be entered of record in its office, an order determining and establishing the several rights by appropriation of the waters of said stream; *provided, however*, that within sixty (60) days after the entry of an order establishing water rights, the state water commission may, for good cause shown, reopen the proceedings and grant a rehearing. Such order and determination shall be prepared, and after certification by the state water commission, printed in the state printing office. A copy of said order of determination shall be sent by registered mail to each person who has filed proof of claim, and to each person who has become interested through intervention or as a contestant under the provisions of section 31 or section 34 of this act.

SEC. 9. Section 36c of said act, approved June 16, 1913, as amended, is hereby amended to read as follows:

Sec. 36c. For further information on any subject in controversy, the court may employ one or more qualified persons to investigate and report thereon under oath, subject to examination by any party in interest as to his competency to give expert testimony thereon. The court may take additional evidence on any issue and may, if necessary, refer the case for such further evidence to be taken by the state water commission as it may direct, and may require a further determination by it. After the hearing, the court shall enter a decree determining the right of all persons involved in such proceeding. Said decree shall in every case declare as to the water right by appropriation adjudged to each party, the extent, priority, amount, purpose of use, point of diversion, and place of use of said water; and as to water used for irrigation, such decree shall also declare the specific tracts of land to which it shall be appurtenant, together with such other conditions as may be necessary to define the right and its priority. Upon the hearing the court may assess and adjudge against any party such costs as it may deem just. Appeals from such decree may be taken to the supreme court by the state water commission or any party in interest, in the same manner and with the same effect as in civil cases. Such decree shall be final and shall be conclusive upon all claimants and rights lawfully embraced therein; *provided, however*, that the state water commission, or any claimant affected by such decree, may, at any time within three years from the entry thereof, apply to the court for a modification of said decree, in so far only as said decree fixed the duty of water, and upon the hearing of such motion the court may modify such decree increasing or decreasing the duty of water, consistent with good husbandry, and consistent with the principle that actual and beneficial use shall be the measure and limit of the right.

SEC. 10. Said act, approved June 16, 1913, as amended, is hereby amended by adding thereto a new section to be numbered 37g and to read as follows:

Sec 37g. The procedure hereinafter set forth for collecting and making available money for water master distribution is in lieu of that set forth in section 37f of this act. Whenever all the owners of rights to water or the use thereof within any water district, by agreement in writing, shall have formed and organized themselves into an association for the purpose of financing the distribution of the water to which they are entitled and shall have agreed therein as to the apportionment of said expense and the payment thereof and shall have filed with the state water commission a copy of such agreement duly certified and authenticated by the president and secretary of such association, the state water commission shall thereafter submit the statement provided for in section 37f of this act to such association on or before the first day of January of the year for which such statement is made and said statement shall apportion one-half the amount of the budget therein contained to said association and shall not include the estimated cost of publication thereof. A certified copy of said statement shall be transmitted by the state water commission to the state treasurer on or before said first day of January. Said association shall pay the total amount apportioned to it to the state treasurer who shall deposit said money into the state water master service fund to the credit of the account of such water district. The state water commission shall file with the state board of control on or before the first day of March of each year a certified copy of the water district statement herein provided for, and on receipt thereof the state board of control shall provide for the transfer of one-half the amount of the budget therein

contained from the general support funds of the state water commission to the state water master service fund to the credit of the water district for which said budget was prepared. All the provisions of section 37f of this act which are not in conflict with this section shall apply and in the event that such association does not pay the total amount apportioned to it to the state treasurer on or before the first Monday in February, the state water commission shall prepare the statement provided for in section 37f of this act and the provisions of said section 37f shall apply the same as in a case wherein no such association has been formed."

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Bernard:

SAN FRANCISCO, CALIFORNIA,
April 11, 1929.

*Van Bernard, Assembly Chamber,
Sacramento, California.*

Directors Prune and Apricot Association yesterday voted to oppose Senate Bill No. 397. Agricultural Advisory Board California Pear Growers Association also opposed. Believe bill will place department deeper in politics and promote small unrepresentative body of agricultural aristocratic politicians and prevent progress. California has hundreds of competing crops. Very few could have representation. Ralph Taylor now being informed cooperatives are by no means unanimous.

FRANK T. SWETT,
Director Prune and Apricot Association,
President California Pear Growers Association.
