SUTTER BASIN CHAMBER OF COMMERCE.

To the Hon. F. B. Vosco,
Assemblyman, Eighth District, State of California.

WHEREAS, You have framed and introduced a bill into the Legislature of the State of California, for the appropriation of $250,000 for the construction of a causeway or bridge over the Sutter By-pass at a point where the summer road of the Yuba City-Woodland cutoff crosses the Sutter By-pass; and

WHEREAS, Under present conditions this road is impassable across the by-pass for several months each year during the rainy and freshet season, due to water flowing through the Sutter By-pass and the muddy condition of the road; and

WHEREAS, This condition is of great inconvenience to the people of your district, and to all of the people who travel by automobile in this part of California; and

WHEREAS, It is of particular inconvenience to the people of the Sutter Basin, forming a barrier between that wealthy and rapidly growing territory and the rest of Sutter County; and

WHEREAS, The summer traffic over the Yuba City-Woodland cutoff has proven beyond a doubt that this proposed bridge is a necessity, and this cutoff is destined to become one of the busiest crossroads in northern California; and

WHEREAS, The proposed bridge would bring northern California points approximately twenty-five miles nearer to San Francisco and the bay region and the coast districts; and

WHEREAS, The county of Sutter and the county of Yolo have formed a Bi-county Highway Association and are forming plans for the paving of approximately twelve miles of unpaved road on this Yuba City-Woodland cutoff; and

WHEREAS, The proposed bridge would be the connecting link on this important highway and would be of great benefit and value to the people of California and particularly to the people of the Sutter Basin district; be it there

Resolved, That the Sutter Basin Chamber of Commerce is wholeheartedly and enthusiastically in favor of your bill for appropriation to build this bridge, and hereby insures you and your colleagues its undivided support.

(Signed) SUTTER BASIN CHAMBER OF COMMERCE
By GEORGE C. ROANTREE, Secretary.

Also:

SUTTER COUNTY BOARD OF SUPERVISORS

Resolution favoring adoption of Assembly Bill No. 1175:

WHEREAS, The Sutter By-pass was constructed under State supervision, to relieve the Sacramento River of flood waters, as a flood protection for all the counties along the Sacramento River, both north and south of Sutter County It is of equal benefit to Glenn, Butte, Colusa, Sacramento, Yuba and Yolo counties, as it is to Sutter County Not alone is it of equal benefit to these other counties, but it serves them, without any of the inconveniences that are suffered by Sutter County, by virtue of its location; and

WHEREAS, The Sutter By-pass is a strip about a mile wide made by two parallel levees which run diagonally across Sutter County from the northwest to the southeast corners It is capable of carrying off seven times more water than the Sacramento River: and

WHEREAS, It is not and never was a natural waterway and might just as well have been constructed through Colusa County on the west side of the Sacramento River as through Sutter County, and

WHEREAS, This fact was pointed out in the suit brought by the people of Sutter County to prevent, along with other damages, the severing of five roads across the county by the construction of the by-pass. The State fought the case and the Supreme Court ruled against Sutter County, and

WHEREAS, In the winter months when the by-pass is carrying flood waters from the Sacramento River, the southwestern portion of Sutter County (about two-fifths of the total area of the county) is practically isolated from the rest of the county; and

WHEREAS, In order for this isolated section of the county to reach Yuba City, the county seat, or in fact any portion of the county east of the by-pass, under these conditions, it is necessary to travel either south to Sacramento and then north to Marysville, a distance of about one hundred miles, or to travel north to Meridian (over a road that is frequently impassable to machines in wet weather) and then east to Yuba City by the unfinished Tahoe-Ukiah highway, a distance of about fifty miles; and

WHEREAS, The distance between Yuba City, the county seat of Sutter County, and Woodland, the county seat of Yolo County, while only forty miles during the dry months is increased to eighty-two miles during the winter months, and

WHEREAS, The people of Sutter County feel that their county is forced to bear this hardship, not alone as a protection to themselves, but as an equal protection to Glenn, Butte, Colusa, Sacramento, Yuba and Yolo counties, and for this reason they are deserving of outside aid in building the causeway over the by-pass connecting the severed portions of their county; and

WHEREAS, Aside from the merits of the case as stated above, the Woodland-Yuba City highway through Sutter County, as shown by the attached map, will be of great benefit to the touring public, especially those traveling from points north of Yuba City to points south of Davis; and

WHEREAS, The causeway will shorten the distance between these points by twenty and one-half miles as compared to the east side highway route through Sacramento, Roseville and Marysville, and seventeen miles as compared to the Garden Highway route through Sacramento, Nicolaus and Yuba City; and

WHEREAS, The Sutter By-pass causeway will relieve, in a considerable measure, the congestion on the Yolo causeway, which, we understand, is becoming a serious problem and

WHEREAS, The route served by this proposed Sutter By-pass causeway is paved with the exception of a stretch of seven miles south of the by-pass, and four and one-half miles north of the by-pass, a total of eleven and one-half miles; and

WHEREAS, This route will be popular for tourists is attested to by the fact that it is now used considerably during the spring, summer and fall months. A check made at Marysville showed that more than fifty per cent of the inquiries made by tourists are made in reference to this route to San Francisco via the Woodland-Yuba City cutoff; and

WHEREAS, There is a bill before the Legislature entitled Assembly Bill No. 1175 asking for an appropriation to build a causeway over said by-pass; now, therefore, be it

Resolved by this board, That said Assembly Bill No. 1175 be passed and said appropriation to build said causeway be made

Passed and adopted by the supervisors of Sutter County on March 8, 1927, by the following vote:

Ayes—F. H. Graves, E. E. Reeves, J. C. Ahlf, J. B. Heiken, Geo H. Trevathan.

By Mr. West:

THE CHURCH FEDERATION OF SACRAMENTO
Y. M. C. A. BUILDING

SACRAMENTO, CALIFORNIA, April 8, 1927.

For a number of years it has been the custom of the Sacramento churches to hold noon-day Lenten services for the four days preceding Good Friday. It is no slight thing, in this intensely materialistic age amid the bustle of our commercial, industrial, social and recreational life that numbers of people pause for meditation and prayer at midday in the heart of the city.

The West Coast Theater Company has extended the courtesy of the Senator Theater, its organ and organist for religious observances April 11th to 14th, from twelve to twelve forty-five o'clock p.m. Each day there will be an organ recital of fifteen minutes at noon, Allen Field at the organ.

Speakers as follows: Bishop Patrick Keane, Monday; Rev. Watson Brown, Tuesday; Bishop Wm. H. Moreland, Wednesday; Dr Frank K. Baker, Thursday.

It is our pleasure to extend to each of you an invitation to attend these as well as the Good Friday services held at the new Pioneer Memorial Congregational Church from twelve to three o'clock p.m. The Episcopalians and Catholics worship in their own cathedrals on Friday.

Very sincerely,

SACRAMENTO CHURCH FEDERATION.
(MRS.) M. F. HARBAUGH, Secretary.

A resolution to propose to the people of the State of California an amendment to the constitution of the State of California by amending section 22 of article IV, relating to the expenditure of public money in State aid.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California, at its forty-seventh regular session commencing on the third day of January, 1927, two-thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California that section 22 of article IV of the constitution of this State be amended to read as follows:

Sec. 22. No money shall be drawn from the treasury but in consequence of appropriation made by law, and upon warrants duly drawn thereon by the Controller; and no money shall ever be appropriated or drawn from the State treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State as a State institution, nor shall any grant or donation of property ever be made thereto by the State; *provided*, that notwithstanding anything contained in this or any other section of the constitution, the Legislature shall have the power to grant aid to the institutions conducted for the support and maintenance of minor orphans, or half-orphans,

or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions; *provided, further*, that the Legislature shall have the power to grant aid to needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions; *provided, further*, that the State shall have at any time the right to inquire into the management of such institutions; *provided, further*, that whenever any county, or city and county, or city, or town, shall provide for the support of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances, or needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions; such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church, or other control. An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the Legislature; *provided, however*, that for the purpose of raising $5,000,000, to be used in establishing, maintaining, and supporting in the city and county of San Francisco, State of California, an exposition in commemoration of the completion of the Panama Canal, to be known as the Panama-Pacific International Exposition, the State Board of Equalization shall, for the fiscal year beginning July 1, 1911, and for each fiscal year thereafter, to and including the fiscal year beginning July 1, 1914, fix, establish, and levy such an ad valorem rate of taxation, as when levied upon all the taxable property in the State, after making due allowance for delinquency, shall produce for each of such fiscal years a sum of $1,250,000. The said taxes shall be levied, assessed, and collected upon every kind and character of property in the State of California not exempt from taxation under the law, and subject to taxation on the first day of July, 1910, and in the same manner, and by the same method, as other State taxes were levied, assessed, and collected under the law, as the same existed on the first day of July, 1910. The State Board of Equalization shall each year, at the time it determines the amount of revenue required for other State purposes, determine, fix, and include the rate of tax necessary to raise the revenue herein provided for.

There is hereby created in the State treasury a fund to be known as the Panama-Pacific International Exposition fund, and all moneys collected pursuant to this provision, after deducting the proportionate share of the expense for the collection of the same, shall be paid into the State treasury, and credited to such fund. All moneys so paid into such fund are hereby appropriated, without reference to fiscal years, for the use, establishment, maintenance and support of said Panama-Pacific International Exposition. No tax, license fee, or charge of any kind or character shall ever be levied or assessed or charged against any property of said Panama-Pacific International Exposition, or against any property used as exhibit therein, while being used or exhibited in connection therewith.

There is hereby created a commission to be known as the Panama-Pacific International Exposition Commission of the State of California, which shall consist of the Governor of said State and four other members to be appointed by the Governor, by and with the advice and consent of the Senate of said State. The Governor shall have the power to fill all vacancies occurring at any time in said commission. The members of said commission shall receive no compensation and shall hold office until such exposition shall have been closed and its affairs settled. Said four members of said commission shall be selected from different sections of the State, and the appointment thereof shall be made by the Governor of the State during the month of February, 1911. The commission hereby created shall have the exclusive charge and control of all moneys paid into the Panama-Pacific International Exposition fund; *and provided, further, that the Legislature shall pass all laws necessary to carry* out the provisions of this act, including the times and the manner in which and the terms and conditions upon which moneys shall be drawn from the State treasury by said commission; where contracts and vouchers shall be filed; to whom and how often reports shall be made; what disposition shall be made of any sum left unexpended or received from the sale of any property or buildings purchased or constructed by said commission for the use of said exposition, or of any disposition of any building or improvement constructed by said commission out of said fund, and to provide for the transfer to the general fund of the State of California, of any portion of said Panama-Pacific International Exposition fund unused.

The commission herein created is authorized and directed to make such proper contract with the Panama-Pacific International Exposition Company, a corporation organized under the laws of the State of California on the twenty-second day of March, 1910, as will entitle the State of California to share proportionately with the contributors to the said Panama-Pacific International Exposition in the returns from the holding of said exposition at the city and county of San Francisco.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 11, 1927.

To the Assembly of the State of California.

Assembly Bill No. 6 is herewith returned without my approval.

Although the enrolled bill comprises thirty-nine pages, the only effect of this legislation is to change the names by which certain city officials are designated in cities of the fifth and sixth classes.

In making this change, numerous sections of the Municipal Corporation Act are affected. This bill conflicts with six other bills proposing substantial changes in some of the same sections of that act, some of these bills having already passed both houses. I am this day signing Assembly Bill No. 589, by the same author, which contains an amendment to section 852*a*, which amendment conflicts with changes in that section made by Assembly Bill No. 6.

If the cities of the fifth and sixth class desire to change the names of these officials, I am advised that this could be very easily accomplished without interfering with other legislation proposed at the same session. A single section might be added stating that these officials named in the various sections should be hereafter known and designated by different names or titles.

In order to avoid the enactment of conflicting legislation, I am therefore withholding approval of this bill.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 11, 1927.

To the Assembly of the State of California.

Assembly Bill No. 956 is herewith returned without my approval.

This bill seeks to amend an act approved May 22, 1925, providing for the gathering of data concerning teachers. It is designed to change certain administrative details.

The amendment would be practically meaningless, as certain of the original dates were erroneously re-enacted. Under section 1, it is required that certain acts be done "during the month of November, 1925." Under section 4, it is required that lists be filed "on or before December 31, 1925."

For the foregoing reasons, approval is withheld on this bill.

Respectfully submitted.

C. C. YOUNG, Governor.

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Speaker:

SAN FRANCISCO LABOR COUNCIL,
SAN FRANCISCO, April 11, 1927.

The Honorable Members of
The California Legislature,
Sacramento, California

Pursuant to resolution adopted by the representatives of more than fifty thousand working men and women affiliated to this council, the undersigned most sincerely appeal to you to adopt Assembly Bill No. 177 designed to alleviate some of the most serious grievances under which our people now suffer through the overbearing greed and selfishness of combinations of capital permitted to function without the least legal restraints by past State legislatures.

Assembly Bill No. 177, by Mr McDonough, relates to contracts of employment (yellow dog contracts) containing provisions against affiliating with a labor organization or employers' association, as the case may be, and declaring such contracts void. It was drafted in consultation with the foremost legal authorities of the country, such as Dean Roscoe Pound and Professor Francis Bowes Sayre of Harvard, and Professors Chamberlin and Oliphant of Columbia University. Every court decision affecting any feature of the bill has been carefully considered, and we inclose copy of opinion of the attorney general of Ohio, Edward C. Turner, as to the constitutionality of an identical bill now pending before the Ohio legislature. No court has yet had a chance to consider such a bill, wherefore it is unfair to urge the unconstitutionality of such a bill, so highly sponsored.

We respectfully urge that you vote for the passage of this important measure, to the end that this State declare its public policy on a measure that would contribute to the establishment of some degree of equality and industrial justice.

Expressing the hope that you will see the wisdom of placing this measure on the statute books of our beloved State, we are

Very respectfully,

W. P. STANTON, President.

JNO. A. O'CONNELL, Secretary.

EXPLANATION OF VOTE

The following explanation of vote was received and ordered printed in the Journal:

Mr. Speaker and Members of the Assembly

In explaining my vote against this Fresno County Government Bill, I will say that the salaries paid to the officers of Fresno County are among the most extravagant in the State. As an instance, each member of our board of supervisors receives a salary of $400 per month, which is one hundred per cent greater than the supervisors of San Francisco, and while our supervisors have a four-year term and only have to campaign in a district, those in San Francisco have a two-year term and must make a county-wide campaign for election.

A report from the Department of Finance shows that general taxation has increased in the last two years from $1.60 to about $1.80 on the hundred dollars. If any county encourages high salaries, it is reflected upon all taxes and the time soon comes when like officials from other counties will also demand higher salaries. These extravagances must be checked or taxation will soon become unbearable.

S. L. HEISINGER.

COMMUNICATION.

The following communication was received, read, and ordered printed in the Journal:
By Mr. Rochester:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL,
April 12, 1927.

Honorable George W. Rochester,
Chairman, Assembly Committee on County Government,
Assembly Chamber, Building

DEAR MR. ROCHESTER: A number of inquiries have been made in respect to the recent decision of Arnold vs. Sullenger, 73 C. C. 359, in relation to compensation of county surveyors.

This decision held invalid and inoperative the provisions of section 4044 of the Political Code, purporting to authorize the board of supervisors of each county to fix the compensation of the county surveyor.

The result is that in each county in and for which the compensation of the surveyor is not prescribed by the provisions of the county government act, the surveyor must serve without pay until new legislation on the subject shall have been enacted. The surveyors in twenty counties are thus affected. In the remaining counties his compensation is prescribed either by the provisions of the county government act or by charter.

The counties thus affected are the following: Amador, Calaveras, Del Norte, El Dorado, Glenn, Inyo, Lake, Lassen, Marin, Mariposa, Mendocino, Merced, Modoc, Mono, Nevada, Plumas, San Benito, Sierra, Trinity, and Tuolumne. For these counties the county government acts should be amended or supplemental acts adopted, prescribing the compensation.

It seems appropriate also to call attention to the fact that in a number of county government bills now pending, provisions have been incorporated for the purpose of prescribing the compensation of the official reporter of the superior court. This can not be done under the constitution. The reporter is not a county officer. His com-

pensation is a subject which is not germane to a county government bill nor may the counties of the State be classified for the purpose of fixing his compensation (Pratt vs. Browne, 135 Cal. 649.)

Very truly yours,

FRED B. WOOD, Legislative Counsel.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 27

A resolution to propose to the people of the State of California an amendment to the constitution of said State by adding two new sections thereto to be known as and numbered sections 3 and 4 of article XIV thereof, relating to water rights.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its regular session commencing on the third day of January, 1927, two-thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California that two new sections to be known as and numbered sections 3 and 4, be added to article XIV of the constitution of this State and to read as follows:

First—There is hereby added to article XIV a new section, to be numbered 3, and to read as follows:

Sec. 3. It is hereby declared that because of the conditions prevailing in this State the general welfare requires that the water resources of the State be put to beneficial use to the fullest extent of which they are capable, and that the waste or wasteful use or wasteful method of use of water be prevented, and that the conservation of such waters is to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare. The right to water or to the use or flow of water in or from any natural stream or water course in this State is and shall be limited to such water as shall be reasonably required for the beneficial use to be served, and such right does not and shall not extend to the waste or wasteful use or wasteful method of use or wasteful method

of diversion of water. Riparian rights in a stream or watercourse attach to, but to no more than so much of the flow thereof as may be required or used consistently with this section, for the purposes for which such lands are, or may be made adaptable, in view of such reasonable and beneficial uses; *provided, however*, that nothing herein contained shall be construed as depriving any riparian owner of the reasonable use of water of the stream to which his land is riparian under reasonable methods of diversion and use, or of depriving any appropriator of water to which he is lawfully entitled. This section shall be self-executing, and the Legislature may also enact laws in the furtherance of the policy in this section contained

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

April 13, 1927.

To the Assembly of the State of California.

Assembly Bill No. 175 is herewith returned without my approval.

The bill begins by stating that no school superintendent shall engage in any vocation that prevents him from performing his official duties, and then goes on to say

that any superintendent who receives an annual salary of $2,400 or less may teach full time in the public schools.

The present provision permits a superintendent to engage in full-time teaching, providing his salary as superintendent is less than $1,500. This is probably necessary in some of our very smallest counties, which can afford only extremely low superintendent's salaries, since except for this provision no superintendent at all would be possible. It is an unfortunate condition, however, in any county, for it is obvious that a superintendent who gives full time to another position in the schoolroom can not adequately keep in touch with the schools of his county.

It is now proposed to raise this limit and to permit a superintendent receiving a salary of $2,400 to occupy also a full-time teaching position. There are six such counties in the State, having elementary schools ranging in number from 24 to 105. I can not help believing that these counties need the full time of their county superintendent. This is especially so at the present time, when there is a growing demand for closer supervision of rural schools.

I have conferred with State Superintendent Cooper regarding this bill and find that he entirely coincides with this opinion. We both agree, however, that it might be well to make such a change in the law as would permit a county superintendent of schools to teach in summer schools of colleges, universities, and the like, during the vacation period of the public schools. The present code section is unfortunate in its wording, in that it seemingly prevents this, and it is therefore suggested that in some other bill amendments might be offered to make this vacation teaching possible.

Respectfully submitted.

C. C. YOUNG, Governor.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 13, 1927.

To the Assembly of the State of California.

Assembly Bill No. 683 is herewith returned without my approval.

This is a special validating act relating only to Reclamation District No. 2047. It seeks according to the title to approve, confirm, and declare valid the creation of that particular district and all acts and proceedings of the district and of the trustees and officers thereof, and the proceedings relating to the inclusion of additional lands within the district, and further attempts to declare and define the exterior boundaries of said district.

From the legal standpoint and as a matter of policy, I believe that special validating acts should be avoided. If necessary at all, such legislation should be accomplished by acts which are general in their application. I am advised that this is required by article IV, section 25, subdivision 33 of our constitution. From the policy standpoint, I further believe it unwise to encumber our statute books with special acts purporting to validate each particular district which has been, or may be hereafter, formed under our laws.

I am this day signing Assembly Bill No. 863 and Assembly Bill No 865, which respectively validate reclamation and irrigation districts. These acts are general in their application and accomplish to a large degree the object sought by special validating acts.

The present bill seeks to go further than merely validating the creation and organization of the district. It attempts to validate all acts and proceedings of said district and of the trustees and officers thereof. I doubt the power of the Legislature to do this; but assuming that such power exists, I deem it unwise to approve legislation purporting to validate all such acts and proceedings without having made a most careful study of each of them.

This proposed legislation further attempts to validate the proceedings relating to the inclusion of additional lands within the district and sets forth a very lengthy description defining and declaring the boundaries of the district. I am advised that no independent investigation was made by the Legislature of the benefits to be derived by the lands included in this description, but that the bill merely purports to embody a description of the land which the board of supervisors found to be benefited. This land is presumed to have been included in said district by proceedings under the general laws relating to the formation of reclamation districts.

I am not inclined to favor that portion of this legislation purporting to establish the boundaries of this district. If these boundaries have already been fixed, as I am advised they have, through proceedings taken under the general law relating to this subject, then this legislative act is unnecessary for this purpose. If, however, this description includes land not regularly included in the district by appropriate proceedings, or on the other hand, excludes land already taken into the district by such proceedings, the result would be confusion and probable injustice.

In withholding approval of this bill, I desire to call the attention of the Legislature to the case of Miller and Lux vs. Board of Supervisors, 189 Cal. 254, in which decision the special validating act of the Madera Irrigation District (Statutes 1921, page 76) was declared invalid.

Respectfully submitted.

C. C. YOUNG, Governor.

All exhaust pipes carrying exhaust gases from the engine shall be directed parallel to the ground or slightly upward. It shall be unlawful to use a "muffler cutout" on any motor vehicle when within a business or residence district.

(*b*) From and after January 1, 1929, no person shall drive a motor vehicle upon a public highway when such motor vehicle is equipped with a "muffler cutout" capable of being operated by the driver or occupant thereof and from and after said date it shall be unlawful to use a "muffler cutout" on any motor vehicle upon any public highway. The provisions of this section prohibiting the use of muffler cutouts shall not apply to police or fire department vehicles.

(*c*) No vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent its contents from dropping, sifting, leaking or otherwise escaping therefrom

SEC. 25 Section 100 of said act is hereby amended to read as follows:

Sec. 100. Headlamps on motor vehicles.

(*a*) Every motor vehicle other than a motorcycle or farm tractor and except as otherwise provided herein, when upon any public highway during the times and under the conditions mentioned in section 99 hereof shall be equipped with two headlights, no more, and no less, of approximately equal candle power at the front of and on opposite sides of such vehicle. Such headlights shall be so attached to such motor vehicle that the centers thereof shall be not more than fifty-four inches above the level surface upon which the vehicle stands.

(*b*) The term "headlight" as used herein shall denote a light located upon the front or other portion of a vehicle, the rays of which are projected forward, other than a side light, a spot light or an auxiliary light.

(*c*) Motor vehicles may also be equipped with two sidelights but no more or less. The term "sidelights" shall include any lights upon a motor vehicle other than headlights, spotlights or auxiliary lights, the rays of which project forward. No electric lamps or bulbs shall be used in any sidelight which exceeds four candle power.

(*d*) The term "auxiliary light" shall denote any combination of reflector or lens and lamp bulb designed to illuminate the roadway close to the motor vehicle and used in connection with two approved headlights.

Motor vehicles may be equipped with one fixed or movable auxiliary light, and no more, mounted below the level of the centers of the headlamps and between or attached to the spring horns.

Auxiliary lights shall be submitted to the division of motor vehicles for test subject to the provisions of section 102*c* of this act. The division of motor vehicles shall issue an approval provided it is established by the testing agency that the device will not project a glaring or dazzling light to persons in front of such auxiliary light or fail to produce ample road light in front of and close to the motor vehicle with the beam depressed not less than six degrees below the level otherwise required in this section when the latter is used in connection with approved headlights.

(*e*) Every motor vehicle other than any roadroller, road machinery or farm tractor, having a body or load width in excess of eighty inches shall carry at the times and under the conditions mentioned in section 99 two clearance lamps on the left side of such vehicle, one located at the front and displaying a white light visible under normal atmospheric conditions from a distance of five hundred feet to the front of the vehicle, and the other located at the rear of the vehicle and displaying a green or red light visible under like conditions from a distance of five hundred feet to the rear of the vehicle but such lamps shall not display any excessive, glaring or dazzling light and when a motor vehicle is drawing a trailer or semitrailer the clearance lamps specified in this subsection shall be placed on the left side at the front and rear respectively of such train of vehicles.

SEC. 26. Section 101 of said act is hereby amended to read as follows:

Sec. 101.

Sec. 101. Construction, arrangement and adjustment of headlights. The headlights of motor vehicles shall be so constructed, arranged and adjusted that they will, at all times mentioned in section 99 and under normal atmospheric conditions, produce ample driving light for the use of the operator of such vehicle but will not project a glaring or dazzling light to persons approaching such lights or to persons whom such headlights may approach.

Headlights shall be presumed to comply with this section if they comply with the following requirements and limitations when the vehicle upon which they are affixed is fully loaded; such compliance shall be presumed if such headlights are affixed to such vehicle in the manner required by this act and are of a type, or are equipped with lenses, reflectors or control devices which have been found to meet

such requirements and limitations by the laboratory test provided in section 102 and when used in accordance with the instructions of the testing agency.

The light projected by such headlights shall be as follows:

1. In the median vertical plane parallel to the lamps on a level with the centers of the lamps, not less than one thousand eight hundred apparent candle power.

2. In the median vertical plane, one degree of arc below the level of the center of the lamps, not less than seven thousand two hundred apparent candle power and there shall not be less than seven thousand two hundred apparent candle power anywhere on the horizontal line through this point one degree to the left or to the right of this point.

3. In the median vertical plane, one degree of arc above the level of the center of the lamps not more than fifteen hundred, nor less than five hundred, apparent candle power.

4. Four degrees of arc to the left of the median vertical plane and one degree of arc above the level of the center of the lamps, not more than eight hundred apparent candle power.

5. One and one-half degrees of arc below the level of the center of the lamps and three degrees of arc to the left and to the right, respectively, of the median vertical plane, not less than five thousand apparent candle power nor less than this amount anywhere on the line connecting these two points.

6. Three degrees of arc below the level of the center of the lamps and six degrees of arc to the left and to the right, respectively, of the median vertical plane, not less than two thousand apparent candle power nor less than this amount anywhere on the line connecting these two points.

7. The maximum beam shall not exceed fifty thousand candle power nor shall the maximum intensity exist lower than two degrees of arc below the level of the lamps.

Provided, it shall be lawful, when the above requirements and limitations are otherwise complied with, to so construct or equip the headlights of motor vehicles as to permit that the beams of light projected therefrom be depressed downward not more than three degrees of arc below the level otherwise required under this section but without diminishing the amount of light projected from the lamp bulb when so depressed. When the division of motor vehicles shall determine that any such device when so operated during the times and under the conditions mentioned in section 99 will project a glaring or dazzling light to persons in front of such headlights or that such headlights when equipped or constructed with such device fail to produce ample driving light for the use of the driver of such vehicle, then the division shall refuse approval for the use thereof.

The chief of the division may refuse approval to any device which will be in actual use unsafe or impractical as to mechanical construction, or mounting on car; *provided*, that upon such refusal the chief of the division must furnish the applicant a detailed statement setting forth the reasons for such refusal.

Any motorcycle equipped with an acetylene headlight shall be deemed to have complied with the provisions of this act, anything to the contrary notwithstanding, when such motorcycle has one acetylene lamp at the front thereof, which shall be lighted at the times and under the conditions specified in section 99, and is fitted with a clear plane glass front, bright, six-inch spherical mirror and a standard acetylene one-half or five-eighths foot burner, and which must throw sufficient light ahead to make clearly visible all vehicles, persons or substantial objects upon the roadway within a distance of one hundred fifteen feet (115), but must not project a glaring or dazzling light to persons approaching such light or to persons whom such headlight may approach.

If the inclusion of this section is ever held to render any other provision of this act unconstitutional, then this section shall be regarded as stricken from this act so that the other provision may remain in force.

SEC. 28. Section 108 of said act is hereby amended to read as follows:

Sec. 108. Spotlights.

(*a*) The term "spotlight" as used herein shall denote any lamp on a motor vehicle, the rays of which are projected forward, except head lamps, side lamps and auxiliary lamps. Motor vehicles may be equipped with not to exceed two spotlights in addition to head lamps as required in this act. Spotlights shall not be used in substitution of head lamps.

(b) All spotlights used on motor vehicles shall be affixed to such vehicle in such a manner that the centers thereof shall be not less than thirty nor more than seventy-two inches above the level surface upon which the vehicle stands and shall be so constructed and arranged that no portion of the main substantially parallel beam of light when measured one hundred feet or more ahead of said lights shall rise or shall be capable of being raised from the front seat to more than thirty inches above the level surface of the highway upon which the vehicle stands directly ahead of such vehicle. (*b*) There is hereby appropriated out of such fund all moneys received as operators' and chauffeurs' license fees and duplicate operators' and chauffeurs' license fees and in addition thereto such portion of the remainder of such motor vehicle fund not exceeding in any registration year twenty-five per cent thereof as may be necessary for the maintenance of the division of motor vehicles to be expended by the division in carrying out the provisions of this act. There shall be deducted from the sums which the division is allowed to expend hereunder such amount as may be allowed to said division in each calendar year under budget appropriation by the state Legislature. The division may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate fifty thousand dollars, said sums so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the board of control and by the controller. The balance of said fund, after the expenditure of so much as may be permitted by this act for the support of the division of motor vehicles, shall be known as the "net receipts" and shall be devoted to the purposes and in the manner herein specified.

(*c*) One-half of such "net receipts" is hereby appropriated and shall be paid from the motor vehicle fund to the counties of this state in proportion to the number of vehicles registered in such counties as determined by the places of residence of the owners to whom the registration certificates are issued; *provided*, that there shall be deducted from the amount to be paid hereunder to any county all amounts that may have been expended under the provisions of this act during the preceding six months, or that may be reasonably necessary during the succeeding six months, to pay the compensation of state inspectors and traffic officers appointed to serve in such county. All amounts paid under this section to the counties shall be deposited in the road funds of the several counties receiving the same and shall be expended by such counties exclusively in the construction and maintenance of public roads, bridges and culverts in said counties respectively; *provided*, that the board of supervisors of any county may in its discretion expend any portion of such sums so received by such county in the construction, maintenance and repair of streets, bridges and culverts within those incorporated cities therein the legislative bodies of which by ordinance authorize such work of construction, maintenance and repair. The board of supervisors of any county, or city and county, which is empowered by law to expend money for the construction of public highways outside of its corporate limits, may expend any portion of the amounts paid to the said county, or city and county, and deposited in the special road improvement fund or other road fund thereof, as herein in this section directed, in and for the construction of public highways outside of its corporate limits; *provided, however*, that the construction thereof is authorized by ordinance of the board of supervisors of the county, or city and county, in which said highway is to be constructed. Where such authorization is given by ordinance, as herein provided, the board of supervisors of the county, or city and county desiring the said construction, may, through its own boards, officers or commissions expend the amounts herein authorized to be expended, or may, by ordinance of its board of supervisors, transfer said amounts to the account of the highway commission of the State of California and may by said ordinance specify and determine the route and type of construction of said highway, and the said amount thus transferred shall, if accepted by the said highway commission, be expended by said commission for the purpose specified and determined in said ordinance, and not otherwise.

(*d*) The board of supervisors of each county in the state shall establish a road fund in the county treasury for the receipt of such funds received, as hereinbefore provided, and shall also make an annual report to the state department of public works not later than three months after the close of the counties' fiscal year, upon forms to be provided by the state department of public works, showing the amount of moneys received from the motor vehicle fund during the preceding fiscal year and the disposition of said moneys, specifying in such detail as may be required by said department the roads, bridges and culverts constructed or maintained out of said moneys and the sums applied to the several items of such construction or maintenance.

(e) The state controller shall in the months of February and August of each year draw his warrants upon the motor vehicle fund in favor of the county treasurer of each county for the amount to which such county is entitled hereunder, except that the state controller shall not draw his warrant upon the motor vehicle fund in favor of the county treasurer of any county which has not established a road fund, as required hereunder, or which has failed, neglected or refused to file the report showing the amount of money heretofore received by such county from the motor vehicle fund and the disposition thereof, as hereinbefore required, until such county has established a road fund and shall make the reports herein required; *provided, however, that in cases where the actual domicile, residence or place of abode of an owner,* or part owner, of any motor vehicle, trailer or semitrailer is in a different county than the place which such owner has designated as his place of residence in his registration certificate, the county auditor of the county receiving such funds from the state as hereinabove provided shall draw his warrant in favor of the county containing the actual domicile, residence or place of abode of such owner, or part owner, in such sums as may properly be attributed to the latter county.

(f) All moneys remaining in the motor vehicle fund after the expenditures hereinbefore in this section authorized, together with all sums that have been heretofore or that may be hereafter appropriated by the Legislature for the same purpose, shall be paid into the state highway maintenance fund and shall be expended under the direction of the state department of public works for the maintenance, repair, widening, resurfacing and reconstruction of state roads and highways under the jurisdiction of said department and for the maintenance, repair, widening, resurfacing and reconstruction of roads and highways in state parks, subject to the approval of the official or officials charged by law with the management and control of such parks, such money to be so drawn from the motor vehicle fund for the purpose of such maintenance, repair, widening, resurfacing and reconstruction upon warrants executed by the state controller upon demands made by the state department of public works and allowed and audited by the state board of control.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
April 14, 1927

To the Assembly of the State of California.

Assembly Bill No. 202 is herewith returned without my approval.

This is a county government bill, but there is no reference in the body of the bill to the class of county to which the bill refers. This omission has been pointed out to the author who has requested that approval be withheld.

Respectfully submitted.

C. C. YOUNG, Governor

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 14, 1927.

To the Assembly of the State of California.

Assembly Bill No. 500 is approved by me except for two items specifically set forth which are reduced or eliminated in accordance with the powers conferred on me by the provisions of sections 16 and 34 of article IV of the constitution, and which are objected to for the following respective reasons

1. I object to the item on page 5 under the heading "Administrative" reading as follows "For support of Secretary of State two hundred thirty-seven thousand six hundred fifty dollars ($237,650)" and reduce the amount to two hundred twenty-two thousand six hundred fifty dollars ($222,650), for the reason that the measure recently passed by the Legislature repealing the Corporation License Tax Act makes possible this reduction in the expenses of the office of the Secretary of State, according to the opinion of that office.

2. I object to the item on page 10 reading "For support of California Highway Commission and State Highway Engineer, forty-one thousand six hundred dollars ($41,600), payable from highway maintenance fund" for the reason that in my opinion ample provision for such expenditures is included in the language of the item of appropriation on page 10 reading "For general administration of California Highway Commission, and maintenance and reconstruction of highways, twenty-seven million one hundred thousand dollars ($27,100,000), payable from highway maintenance fund." It was the intention at the time of my recent message to you suggesting amendments to the budget that this item be eliminated and a corresponding reduction in the budget was reported to you in that message.

It is evident that savings will be made as the result of consolidations to be effected under the bills for reorganization of various State departments. I am convinced, however, that these savings will be accomplished within the budget itself and reflected in unexpended balances to be restored to the general fund at the close of the biennium. I therefore feel that I should not at this time make further changes in the appropriations passed by the Legislature, in anticipation of legislation not yet finally enacted.

Respectfully submitted.

C. C. YOUNG, Governor.

ITEM NUMBER ONE

I object to the item on page 5 under the heading "Administrative" reading as follows: "For support of Secretary of State two hundred thirty-seven thousand six hundred fifty dollars ($237,650)" and reduce the amount to two hundred twenty-two thousand six hundred fifty dollars ($222,650), for the reason that the measure recently passed by the Legislature repealing the Corporation License Tax Act makes possible this reduction in the expenses of the office of the Secretary of State, according to the opinion of that office

The question being put: Shall item number one become a law notwithstanding the veto of the Governor?

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Adams, Anderson, D. P., Anderson, Roscoe J., Badham, Ball, Baum, Bernard, Bishop, Brock, Burns, Carter, Cloudman, Clowdsley, Coombs, Crawford, Crittenden, Davis, Deuel, Dillinger, Duval, Easley, Eddy, Feigenbaum, Finley, Fisher, Flynn, Foster, Fry, Gant, Hedges, Heisinger, Hornblower, Jacobson, Jewett, Jones, Keaton, Kelsey, Lenehan, Little, Lyons, McDonough, McPherson, Melville, Miller, Eleanor, Miller, James A., Mixter, Murphy, Nielsen, Noyes, Parkman, Patterson, Reindollar, Rochester, Roland, Scofield, Scudder, Sewell, Smith, Snyder, Spalding, Walters, Wemple, West, Wherrell, Williamson, Witter, Woodbridge, Wright, and Mr. Speaker—69.

ITEM NUMBER TWO.

I object to the item on page 10 reading "For support of California Highway Commission and State Highway Engineer, forty-one thousand six hundred dollars ($41,600), payable from highway maintenance fund" for the reason that in my opinion ample provision for such expenditures is included in the language of the item of appropriation on page 10 reading "For general administration of California Highway Commission, and maintenance and reconstruction of highways, twenty-seven million one hundred thousand dollars ($27,100,000), payable from highway

maintenance fund." It was the intention at the time of my recent message to you suggesting amendments to the budget that this item be eliminated and a corresponding reduction in the budget was reported to you in that message.

EXPLANATIONS OF VOTE.

The following explanations of vote were received and ordered printed in the Journal.

I am voting against Senate Bill No. 814, although I believe it is legislation sponsored by people endeavoring to reach an evil, but taking the wrong method. The bill is fanatical in its provisions and excessive in its penalties, and I hold the protection and security of the 99 per cent good citizens paramount to the law breaker. With the passage of this bill the 99 per cent of good citizens' civil liberties will be jeopardized.

I hold no brief for the bootlegger; I hate his unlawful trade; I despise his poisonous product, and no man within the hearing of my voice can say he ever saw me drink any of the foul stuff produced by an illicit still. I hope, some day, I will have the opportunity to aid in the absolute abolition of this viperous by-product of the beneficial and healthful prohibition and regulated liquor legislation.

This bill, however, will hurt and hinder the dry crusade, and prevent the enforcement of the Volstead Law, and its penalties prescribed by Congress, and adopted by California in the enactment of the Wright Act.

This Assembly, by voting down the search and seizure laws, voted against section 25 of the Volstead Law; voted against the supplementary Volstead Law passed by Congress and commonly known as the Willis-Campbell Act; voted against the fundamental constitutional inhibition for the protection of the most important civil liberty safeguard we Americans have and have had since the beginning of our country's history, viz, a citizen's right to be secure against illegal and unreasonable search and seizure in his home, as stated in article IV of the United States constitution and article I, section 19 of the California constitution.

The Volstead Law is the national law with the penalties prescribed by Congress and set forth in section 29 thereof. We adopted the penalties as a part of our State law. Now this bill makes a penalty which is more severe than in the Volstead Act.

According to my reasoning, and I am backed by Justice Field, late of the United States Supreme Court, and acknowledged by all to have been the most able jurist California has ever had, this bill is unconstitutional. It is unconstitutional because not due process, according to the definition of due process as set forth in the constitution and the cases and decisions of the United States Supreme Court interpreting that provision.

All the citizens of the United States are entitled to due process of law, as set forth in article V of the United States constitution. Also in article XIV of our nation's fundamental law all states are directed and ordered to see that no citizen of a state shall be denied due process of law.

What due process of law really means is defined in hundreds of cases of the Supreme Court. I will only cite a few leading ones that explain this fundamental right, and not attempt to explain them at this juncture. Twining vs. New Jersey, 211 U. S. 101; Allgeyer vs. Louisiana, 165 U. S. 589; Hallinger vs. Davis, 146 U. S. 320; Walker vs. Sauvinet, 92 U. S. 92; Hibben vs. Smith, 191 U. S. 325.

In Walker vs. Sauvinet, supra, the court said: "The power of the federal court over that law is to determine whether it is in conflict with the supreme law of the land." The "supreme law of the land" is the Eighteenth Amendment and the Volstead Law enforcing said amendment, in this instance. It is obvious that this bill is in conflict therewith. Therefore being in conflict it is not due process under the decisions.

Beside this the due process protection to citizens is given to citizens of California in article I, section 13 of our constitution, thereby doubly safeguarding this right of free born Americans.

The fine and penalty in this bill is excessive according to the reasoning of Justice Field. Article VIII of the United States constitution protects all citizens of the United States from excessive fines and punishments. Congress sets the fines and penalties of its laws, and the Supreme Court determines the reasonableness thereof. Congress has set the fines and penalties in the Volstead Law and the the Supreme Court has pronounced them reasonable. This bill endeavors to change the national law in one particular.

The Fourteenth Amendment of the United States constitution makes the excessive fine and penalty amendment apply to citizens of the states as well as of the United States. California has adopted the penalties of the Volstead Law, and now intends to enlarge them on one offense, which will be excessive to the national law and therefore unconstitutional, because against the Fourteenth Amendment and cases decided interpreting that amendment, as this law arose first from federal legislating power given to Congress.

Added to this the California constitution, in article I, section 6, has provided the **same protection and comity between the State and the United States as the Eighth and Fourteenth amendments of the United States constitution provide between the United States and the State.**

I refer to Justice Field's argument in O'Neil vs. Vermont to support my assertion and conclusion in declaring that Senate Bill No. 814, if carried to the highest court of the land, will be declared unconstitutional. The states that have similar laws have never carried the question to the Supreme Court up to the present time.

For the above reasons I am doing my duty as my conscience and meager knowledge **direct me by voting against this bill, and prophesying that when it becomes a law of our State it will be unenforceable and will injure what we all so desire, viz,** the enforcement of the Eighteenth Amendment.

GEORGE W. ROCHESTER.

Also:

It is not pleasant to me to vote on Senate Bill No. 814, because to my mind it prescribes cruel and unusual punishment, with a penalty out of harmony with the degree of the crime. On the other hand the present law is not effective. I would like to support a bill that carried a penalty in proportion to the crime. A law should be such as would receive the support of the public. I doubt if Senate Bill No. 814, if it becomes a law, will secure any greater respect for the law than the present legal remedies. But it is not possible to take any middle ground on this question as the amendments offered by myself in committee were voted down.

The choice then seems to be a vote for the bootlegger who unlawfully makes poison and impure liquor, or a vote for unusual punishment. With much dislike I vote for the latter.

ROSCOE J. ANDERSON.

MOTION TO RECONSIDER.

Mr. Hornblower moved that the consideration of his motion to reconsider the vote whereby Assembly Bill No. 117 was refused passage be continued until the next legislative day.

GRAND ARMY OF THE REPUBLIC,
LOS ANGELES, CALIFORNIA, April 13, 1927.

Speaker of the House, Legislature of the State of California, Sacramento, California.

DEAR SIR: We, the patriotic organizations, feel very keenly over the poor buildings at Yountville for those who are so unfortunate as to need to be there. Those buildings are all old and entirely unsafe, and we are anxious that every dollar than can be put into fireproof buildings for our comrades of that institution should be so used. It is only fair to the members of this Legislature to ask you to do all that is possible along that line, and it is unnecessary to tell you that the men there are very meritorious and should be protected from disaster, in which, if a fire came,

many of them would lose their lives. The responsibility is up to you and your administration, and we feel sure that you will do everything that you can for that work.

Thanking you in advance for anything you can or will do, and we certainly will appreciate it and we know the members of the Home will too.

Yours sincerely,

C. H. HASKINS,
Junior Vice Commander-in-Chief, G. A. R.

Nothing herein shall be construed to authorize the discontinuance and abandonment of the use of such park lands, or any change in the use thereof which will cause the reversion of such park lands to private ownership, or cause the forfeiture of the ownership thereof in fee by any municipal corporation, or as authorizing the discontinuance of the use of park lands acquired in any proceeding wherein a local assessment based on benefits was or shall be levied to provide funds for such acquisition.

SEC. 2. Whenever in the opinion of the legislative body of any municipal corporation the public interest or convenience shall require the discontinuance of the use of any such land as a public park, such legislative body may adopt a resolution declaring that public interest or convenience requires such discontinuance, and that such legislative body intends to call a special election to submit to the qualified electors of such municipal corporation the question of the discontinuance of the use of such land as a public park.

Such resolution shall contain an accurate description of the lands proposed to be discontinued in use as a public park which may be all or any portion of such land, and the name by which the park the use of which is so proposed to be abandoned and discontinued in whole or in part is commonly known, and shall fix a time and place not less than thirty (30) nor more than sixty (60) days after the adoption

In the event that such legislative body allows protests against the proposed discontinuance and abandonment of a portion of such park land but by a two-thirds vote of the members thereof overrules all protests against the proposed discontinuance and abandonment of all other portions of such park land, such legislative body shall have jurisdiction to adopt an ordinance calling a special election at a time to be therein fixed to submit to the qualified voters of such municipal corporation the proposition of the discontinuance and abandonment of the use of those portions of said park lands against which such legislative body, by a two-thirds vote of the members thereof, has overruled all protests.

SEC. 5. If at the special election called as herein provided, two-thirds of the qualified electors of such municipal corporation voting on the proposition of such discontinuance vote in favor thereof, the legislative body of such municipal corporation shall have jurisdiction to adopt an ordinance declaring that the use for park purposes of the land described in the ordinance calling such election shall be discontinued and abandoned.

In the event that two-thirds of the qualified electors of such municipal corporation voting on the proposition of such discontinuance do not vote in favor thereof, the legislative body of such municipal corporation shall not have jurisdiction to adopt a new resolution of intention to call a special election to submit the question of the discontinuance of the use of the land for park purposes described in said ordinance calling such election, until after the expiration of six (6) months from the date of said election.

SEC. 6. After such ordinance becomes effective, the land therein described shall be deemed to be held by such municipal corporation in fee without limitation or restriction as to use arising out of the dedication of the use of such land for park purposes, and may be sold, leased or otherwise disposed of as other property of such municipal corporation, held in its private capacity may be disposed of; *provided, however*, that in the event that such land shall have been acquired for park purposes by the expenditure of moneys derived from the sale of bonds authorized for park pur-

Moneys placed in any bond fund hereunder shall be subject to diversion to other use under the terms and limitations of any act of the Legislature providing for the diversion of money derived from the sale of bonds voted for a particular purpose to some other or different purpose.

EXPLANATION OF VOTE.

The following explanation of vote was received and ordered printed in the Journal:

Mr. Speaker and Members of the Assembly.

A few days ago the Fresno County Government Bill was before you, and it was revealed to you that the supervisors in Fresno County are by far the highest paid supervisors in the State, as compared with their responsibilities. You will recall that when my colleague feared he might lose the bill they attacked me on the ground that I was playing politics; you will also remember how he, in defense of the bill, quoted the stand of the grand jury for the bill.

Now on this judge bill they are asking for a thousand dollars per year increase for each judge, and I am calling to your attention the fact that even though that same grand jury, that was besieged, bombarded and lobbied for high salaries by what is generally known as the county court house ring, yet it refused to go on record for this increase as now asked for. It should now be plain to you, whether I who am trying to protect the unorganized mass of the common people who are without political leadership at home, or these my colleagues are playing politics. Is he not supporting the organized political machine in the onward march for high salaries? When he can quote the report of the grand jury to bolster up a bill he does so, but now I am wondering what course will be taken unless possibly an indorsement of a new grand jury might have been secured by that same political influence that is behind this whole high salary program.

S. L. HEISINGER.

EXPLANATION OF VOTE.

The following explanation of vote was received and ordered printed in the Journal:

To the Speaker and Members of the Assembly.

I have voted for Senate Bill No. 490, relative to the division of the State into legislative districts and defining and establishing such districts and to repeal all acts in conflict therewith, for the reason that it is the mandate of the constitution adopted by the people at the last general election, but I voted under protest stated by me to the members at the time of voting that I believe the constitutional provision is unfair in that it gives representation in the Senate without reference to population, or in other words, that the great mass of population in San Francisco, Los Angeles, Alameda and other counties, are deprived of representation in proportion to either population or the amount of taxes paid to the State for its support, and on the further

ground that I believe that the people, in voting for the constitutional provision under which this reapportionment is made, did not understand the effect of their vote.

EXPLANATION OF VOTE.

The following explanation of vote was received and ordered printed in the Journal:

This bill, No. 874, was introduced by me at the request of the horticultural commissioner, according to custom, at the first session. Knowing that certain approval must be forthcoming and amendments added, I made no effort to bring the measure before the county government committee until a few days ago. Then, to avoid undue delay, I asked that it be passed out to the floor of the Assembly. At that time the committee was told that the bill had never been brought before the grand jury and unless the objections were met in time, I would recommend a veto by the Governor.

Two (2) sets of amendments since have been made and the measure in its present form has general approval. In view of resolutions by the American Conservation Club of El Centro, I ask that this explanation of the procedure be printed in the Journal.

EXPLANATION OF MOTION TO RE-REFER.

The following explanation was read, and ordered printed in the Journal:

Mr. Speaker and Members of the Assembly.

The situation that has developed as to Assembly Bill No. 756 would seem not only to justify but to require a statement from me.

The bill was sent to me by parties interested in December, 1926, with request that I introduce it. I studied it for some time, concluding that it was a good measure and introduced it early in the legislative session. The bill was approved in committee but met with opposition on the floor of the Assembly. After careful review of the entire situation I am more strongly convinced than ever that the measure is sound and should be enacted into law.

The opposition to the bill is apparently due to an unjustified and regrettable sectional and factional misunderstanding. In Los Angeles County we have 52.4 per cent of women's club membership of the State. No opposition to this measure was expressed until it was branded as a Los Angeles proposal by reason of its sponsorship by a member of the legislative delegation from that section of the State. All

sections of our great State should be unified for the welfare of the commonwealth as a single entity. But I bow to what apparently is the inevitable and hope for a more auspicious time, when the provincial attitude may be outgrown and proposed legislation may be considered on its merits only, without regard to its source or its sponsorship.

Eighth—The district may incur an indebtedness and issue bonds therefor for the purpose of constructing such improvement as the public interest may require and the acquisition of lands necessary therefor. After the adoption of a resolution by the board of directors reciting such public interest or necessity, said board may call an election to be held within the district at which the question of the incurring of such indebtedness shall be submitted to the voters. Notice of such election shall be given by the publication thereof in at least one newspaper of general circulation published in each of the counties constituting the district for a period of three weeks and the first publication thereof shall be made at least thirty days prior to the day of such election. The notice shall state the date of the election, the purpose for which it is called, the amount of the indebtedness proposed to be incurred and a description of the proposed improvement to be made or lands proposed to be acquired, the maturity or maturities of the bonds to be issued, and the rate of interest thereon, which rate shall not be exceeded but may be decreased.

Copies of such notice shall be certified to the county clerk of the county of San Mateo and to the registrar of voters of the city and county of San Francisco, who shall designate the officers to conduct the election and the polling places within their respective counties and shall supply all the necessary election supplies necessary to conduct such election, the cost of which shall be a charge against the district. The proposition to be voted upon shall appear upon the ballots or voting machines so that each voter may vote in favor of or against the incurring of such indebtedness. The votes for or against shall be cast, registered, counted, tallied and returned to the said county clerk or registrar of voters, in manner and form as such votes are cast, registered, counted, tallied and returned as provided by law for the submission of propositions to the electors. The county clerk and registrar of voters shall certify the result of such election in their respective counties to the board of directors of the port district. If it appears that two-thirds of the votes cast were in favor of the incurring of the proposed indebtedness, then bonds of the district may be issued to the amount so authorized, and for the purpose stated in the notice of election. Thereafter the board of directors may issue bonds from time to time in such amounts as it may deem proper, and dispose of the same after advertising for ten days in a newspaper published in the district for bids for such purchase. The board of directors shall prescribe the form of the bonds, by whom signed, and specify the time and place of payment of principal and interest.

So far as possible the principal and interest shall be paid from the revenues of the district, but in the event that such revenues are not sufficient therefor a tax may be levied and collected sufficient to pay and in season to pay the interest and principal as the same becomes due. The board of directors shall apportion the amount to be raised by taxation between the two counties constituting the district in proportion to the value of the taxable property therein as the same appears upon the assessment books of said counties. The amount so apportioned shall be certified by the board of directors to the board of supervisors of each of said counties and it shall be the duty of each of said boards to levy a tax upon the taxable property of the county that will produce a sum equal to that apportioned to the county as aforesaid. Such tax shall be levied, computed and collected in the same manner as county or city and county taxes are levied, computed and collected, and the proceeds of such tax shall be subject to the orders of the board of directors of the district, but shall be used solely for the payment of principal and interest of the bonded debt incurred as herein provided.

COMMUNICATION.

The following communication was received, and ordered printed in the Journal.

By Mrs. Woodbridge:

SACRAMENTO, April 20, 1927.

To the Members of the Assembly of the State of California.

Many matters of importance have come before your honorable body in making laws for the humanitarian and educational benefit of the people of our great State.

In the years that have passed many good laws and good deeds have been done by the legislatures of our State; but as time goes on we can find many things yet undone. To reach our ideals and complete our program for the good of all the people, as far as it is possible to complete such a program, we have many things to learn that will be of benefit to us as time goes on for such measures that some day we must enact to fully realize our dreams, our hopes and the ideals which we all hope some day to see enacted for the benefit of us all.

No matter, gentlemen, how wise we may be, or how old in years we may get, we can always be enlightened on matters that will help us to accomplish the good which we all aspire to do.

Our hopes and dreams, our ideals are to bring to the masses of our State a happier and more contented life, for those who are in life work today. And, above all, to see a happier, more healthful life for the childhood of today. To bring their young lives into manhood and womanhood with contentment when they take our places as we pass over the bend of the old trail.

It has come to our attention that a real honest-to-God three-act drama is to be shown at the new Sacramento Auditorium Saturday night, April 23d. This play is called "R. U. R." (Rossum's Universal Robots). This drama will bring to us true thought, true reason, and will enlighten us on many subjects that will be of value to us as lawmakers in the future. "R. U. R." is a human play, played by human actors, and those of us in the Legislature who are here Saturday night will not waste their time if they attend this drama.

The play is under the auspices of the Dredge Engineers—men who in the years that have passed turned our fever-infested valleys into fertile fields; men who have spent their lives in helping to make our cities and the valley safe from the flood waters, that you and I may live in safety, in the cities and on the farms of this great State of ours.

We hope that every legislator that is in the city Saturday night, April 23d, will attend this drama, "R. U. R."

Request of

DREDGE ENGINEERS.

MOTION TO APPROVE JOURNALS.

Motion carried.

(5) The term "bond" shall mean an obligation authorized or required by or under this act executed in such form and for such a penal sum as may be required by a court, or the district attorney of the appropriate county.

Any act authorized to be done by the district attorney of the appropriate county may be performed by any assistant or agent designated by him for that purpose. Records required to be filed with the district attorney of the appropriate county may be filed with an assistant district attorney or other person designated by the district attorney to receive such records

SEC. 2. The sheriff of the several counties, his assistants, agents and inspectors and the law enforcing officers of each and every incorporated city or town within this state are hereby charged with the duty of prosecuting offenders hereunder, and such district attorneys, their assistants, agents and inspectors may swear out warrants before courts of competent jurisdiction authorized to use the same for the apprehension of such offenders, and the district attorneys of the several counties, their assistants or agents may conduct the prosecution at the committing trial for the purpose of having the offenders held for the action of a grand jury. Section 1014 of the revised statutes of the United States is hereby made applicable in the enforcement of this act. Officers mentioned in said section 1014 are authorized to use search warrants under the limitations provided in title 11 of the act approved June 15, 1917.

SEC. 3. No person shall on or after the date when the eighteenth amendment to the constitution of the United States goes into effect, manufacture, sell, barter, transport, import, export, deliver, furnish or possess any intoxicating liquor except as authorized in this act, and all the provisions of this act shall be liberally construed to the end that the use of intoxicating liquor as a beverage may be prevented.

Liquor for nonbeverage purposes and wine for sacramental purposes may be manufactured, purchased, sold, bartered, transported, imported, exported, delivered, furnished and possessed, but only as herein provided, and the district attorney of the appropriate county may, upon application, issue permits therefor; *provided*, that nothing in this act shall prohibit the purchase and sale of warehouse receipts covering distilled spirits on deposit in government bonded warehouses, and no special tax liability shall attach to the business of purchasing and selling such warehouse receipts.

SEC. 4. The articles enumerated in this section shall not, after having been manufactured and prepared for the market, be subject to the provisions of this act if they correspond with the following descriptions and limitations, namely:

(*a*) Denatured alcohol or denatured rum produced and used as provided by laws and regulations now or hereafter in force

No such manufacturer shall sell, use, or dispose of any liquor otherwise than as an ingredient of the articles authorized to be manufactured therefrom No more alcohol shall be used in the manufacture of any extract, sirup, or the articles named in paragraphs *b*, *c*, and *d* of this section which may be used for beverage purposes than the quantity necessary for extraction or solution of the elements contained therein and for the preservation of the article.

Any person who shall knowingly sell any of the articles mentioned in paragraphs (*a*), (*b*), (*c*) and (*d*) of this section for beverage purposes, or any extract or sirup for intoxicating beverage purposes, or who shall sell any of the same under circumstances from which the seller might reasonably deduce the intention of the purchaser to use them for such purposes, or shall sell any beverage containing one-half of one per centum or more, of alcohol by volume in which any extract, sirup, or other article is used as an ingredient, shall be subject to the penalties provided in section 29 of this act If the district attorney of the appropriate county shall find, after notice and hearing as provided for in section 5 of this act, that any person has sold any flavoring extract, sirup, or beverage in violation of this paragraph, he shall notify such person, and any known principal for whom the sale was made, to desist from selling such article; and it shall thereupon be unlawful for a period of one year thereafter for any person so notified to sell any such extract, sirup, or beverage without making an application for, giving a bond, and obtaining a permit so to do, which permit may be issued upon such conditions as the district attorney of the appropriate county may deem necessary to prevent such illegal sales, and in addition the district attorney of the appropriate county shall require a record and report of sales

SEC. 5. Whenever the district attorney of the appropriate county has reason to believe that any article mentioned in section 4 does not correspond with the descriptions and limitations therein provided, he shall cause an analysis of said article to be made, and if, upon such analysis, the district attorney of the appropriate county shall find that said article does not so correspond, he shall give not less than fifteen days' notice in writing to the person who is the manufacturer thereof to show cause why said article should not be dealt with as an intoxicating liquor such notice to be served personally or by registered mail, as the district attorney of the appropriate county may determine, and shall specify the time when, the place where, and the name of the agent or official before whom such person is required to appear.

If the manufacturer of said article fails to show to the satisfaction of the district attorney of the appropriate county that the article corresponds to the descriptions and limitations provided in section 4 hereof, his permit to manufacture and sell such article shall be revoked. The manufacturer may by appropriate proceeding in a court of equity have the action of the district attorney of the appropriate county reviewed, and the court may affirm, modify, or reverse the finding of the district attorney of the appropriate county as the facts and law of the case may warrant, and during the pendency of such proceedings may restrain the manufacture, sale, or other disposition of such article.

SEC. 6. No one shall manufacture, sell, purchase, transport, or prescribe any liquor without first obtaining a permit from the district attorney of the appropriate county so to do, except that a person may, without a permit, purchase and use liquor for medicinal purposes when prescribed by a physician as herein provided, and except that any person who in the opinion of the district attorney of the appropriate county is conducting a bona fide hospital or sanatorium engaged in the treatment of persons suffering from alcoholism, may, under such rules, regulations, and conditions as the district attorney of the appropriate county shall prescribe, purchase and use, in accordance with the methods in use in such institution, liquor, to be administered to the patients of such institution under the direction of a duly qualified physician employed by such institution.

All permits to manufacture, prescribe, sell, or transport liquor, may be issued for one year, and shall expire on the thirty-first day of December next succeeding the issuance thereof, *provided*, that the district attorney of the appropriate county may without formal application or new bond extend any permit granted under this act or laws now in force after August thirty-first in any year to December thirty-first of the succeeding year; *provided, further*, that permits to purchase liquor for the purpose of manufacturing or selling as provided in this act shall not be in force to exceed ninety days from the day of issuance. A permit to purchase liquor for any other purpose shall not be in force to exceed thirty days. Permits to purchase liquor shall specify the quantity and kind to be purchased and the purpose for which it is to be used. No permit shall be issued to any person who within one year prior to the application therefor or issuance thereof shall have violated the terms of any permit issued under this act or any law of the United States or of this state regulating traffic in liquor. No permit shall be issued to anyone to sell liquor at retail, unless the sale is to be made through a pharmacist designated in the permit and duly licensed under the laws of this state to compound and dispense medicine prescribed by a duly licensed physician. No one shall be given a permit to prescribe liquor unless he is a physician duly licensed to practice medicine and actively engaged in the practice of such profession. Every permit shall be in writing, dated when issued, and signed by the district attorney of the appropriate county or his authorized agent. It shall give the name and address of the person to whom it is issued and shall designate and limit the acts that are permitted and the time when and place where such acts may be performed. No permit shall be issued until a verified, written application shall have been made therefor, setting forth the qualification of the applicant and the purpose for which the liquor is to be used.

The district attorney of the appropriate county may prescribe the form of all permits and applications and the facts to be set forth therein. Before any permit is granted the district attorney of the appropriate county may require a bond in such form and amount as he may prescribe to insure compliance with the terms of the permit and the provisions of this act. In the event of the refusal by the district attorney of the appropriate county of any application for a permit, the applicant may have a review of his decision before a court of competent jurisdiction.

Nothing in this title shall be held to apply to the manufacture, sale, transportation, importation, possession, or distribution of wine for sacramental purposes, or like religious rites, except section 6 (save as the same requires a permit to purchase) and section 10 hereof, and the provisions of this act prescribing penalties for the violation of either of said sections. No person to whom a permit may be issued to manufacture, transport, import, or sell wines for sacramental purposes or like religious rites shall sell, barter, exchange or furnish any such to any person not a rabbi, minister of the gospel, priest, or an officer duly authorized for the purpose by any church or congregation, nor to any such except upon an application duly subscribed by him, which application, authenticated as regulations may prescribe, shall be filed and preserved by the seller. The head of any conference or diocese or other ecclesiastical jurisdiction may designate any rabbi, minister, or priest to supervise the manufacture of wine to be used for the purposes and rites in this section mentioned, and the person so designated may, in the discretion of the district attorney of the appropriate county be granted a permit to supervise such manufacture.

SEC. 7. No one but a physician holding a permit to prescribe liquor shall issue any prescription for liquor. And no physician shall prescribe liquor unless after careful physical examination of the person for whose use such prescription is sought, or if such examination is found impracticable, then upon the best information obtainable, he in good faith believes that the use of such liquor as a medicine by such person is necessary and will afford relief to him from some known ailment. Not more than a pint of spirituous liquor to be taken internally shall be prescribed for use by the same person within any period of ten days and no prescription shall be filled more than once. Any pharmacist filling a prescription shall at the time indorse upon it over his own signature the word "canceled," together with the date when the liquor was delivered, and then make the same a part of the record that he is required to keep as herein provided.

Every physician who issues a prescription for liquor shall keep a record, alphabetically arranged in a book prescribed by the district attorney of the appropriate county, which shall show the date of issue, amount prescribed, to whom issued, the purpose or ailment for which it is to be used and directions for use, stating the amount and frequency of the dose.

SEC. 8. The district attorney of the appropriate county shall cause to be printed blanks for the prescriptions herein required and he shall furnish the same, free of cost, to physicians holding permits to prescribe. The prescription blanks shall be printed in book form and shall be numbered consecutively from one to one hundred, and each book shall be given a number, and the stubs in each book shall carry the same numbers as and be copies of the prescriptions. The books containing such stubs shall be returned to the district attorney of the appropriate county when the prescription blanks have been used, or sooner, if directed by the district attorney of the appropriate county. All unused, mutilated, or defaced blanks shall be returned

with the book. No physician shall prescribe and no pharmacist shall fill any prescription for liquor except on blanks so provided, except in cases of emergency, in which event a record and report shall be made and kept as in other cases.

SEC. 9. If at any time there shall be filed with the district attorney of the appropriate county a complaint under oath setting forth facts showing, or if the district attorney of the appropriate county has reason to believe, that any person who has a permit is not in good faith conforming to the provisions of this act, or has violated the laws of the United States relating to intoxicating liquor, the district attorney of the appropriate county or his agent shall immediately issue an order citing such persons to appear before him on a day named not more than thirty and not less than fifteen days from the date of service upon such permittee of a copy of the citation, which citation shall be accompanied by a copy of such complaint, or in the event that the proceedings be initiated by the district attorney of the appropriate county with a statement of the facts constituting the violation charged, at which time a hearing shall be had unless continued for cause. Such hearing shall be held within the judicial district and within fifty miles of the place where the offense is alleged to have occurred, unless the parties agree on another place. If it be found that such person has been guilty of wilfully violating any such laws, as charged, or has not in good faith conformed to the provisions of this act, such permit shall be revoked, and no permit shall be granted to such person within one year thereafter Should the permit be revoked by the district attorney of the appropriate county, the permittee may have a review of his decision before a court of competent jurisdiction. During the pendency of such action such permit shall be temporarily revoked

SEC. 10. No person shall manufacture, purchase for sale, sell or transport any liquor without making at the time a permanent record thereof showing in detail the amount and kind of liquor manufactured, purchased, sold, or transported, together with the names and addresses of the persons to whom sold, in case of sale, and the consignor and consignee in case of transportation, and the time and place of such manufacture, sale, or transportation The district attorney of the appropriate county may prescribe the form of such record, which shall at all times be open to inspection as in this act provided.

SEC 11 All manufacturers and wholesale or retail druggists shall keep as a part of the records required of them a copy of all permits to purchase on which a sale of any liquor is made, and no manufacturer or wholesale druggist shall sell or otherwise dispose of any liquor except at wholesale and only to persons having permits to purchase in such quantities

SEC 12 All persons manufacturing liquor for sale under the provisions of this act shall securely and permanently attach to every container thereof, as the same is manufactured, a label stating name of manufacturer, kind and quantity of liquor contained therein, and the date of its manufacture, together with the number of the permit authorizing the manufacture thereof, and all persons possessing such liquor in wholesale quantities shall securely keep and maintain such label thereon, and all persons selling at wholesale shall attach to every package of liquor, when sold, a label setting forth the kind and quantity of liquor contained therein, by whom manufactured, the date of sale, and the person to whom sold; which label shall likewise be kept and maintained thereon until the liquor is used for the purpose for which such sale was authorized.

SEC 13. It shall be the duty of every carrier to make a record at the place of shipment of the receipt of any liquor transported, and he shall deliver liquor only to persons who present to the carrier a verified copy of a permit to purchase which shall be made a part of the carrier's permanent record at the office from which delivery is made.

The agent of the common carrier is hereby authorized to administer the oath to the consignee in verification of the copy of the permit presented, who, if not personally known to the agent, shall be identified before the delivery of the liquor to him. The name and address of the person identifying the consignee shall be included in the record

SEC 14 It shall be unlawful for a person to use or induce any carrier, or any agent or employee thereof, to carry or ship any package or receptacle containing liquor without notifying the carrier of the true nature and character of the shipment. No carrier shall transport nor shall any person receive liquor from a carrier unless there appears on the outside of the package containing such liquor the following information

Name and address of the consignor or seller, name and address of the consignee, kind and quantity of liquor contained therein, and number of the permit to purchase or ship the same, together with the name and address of the person using the permit.

SEC. 15 It shall be unlawful for any consignee to accept or receive any package containing any liquor upon which appears a statement known to him to be false, or for any carrier or other person to consign, ship, transport, or deliver any such package, knowing such statement to be false

SEC. 16 It shall be unlawful to give to any carrier or any officer, agent, or person acting or assuming to act for such carrier an order requiring the delivery to any

person of any liquor or package containing liquor consigned to, or purporting or claimed to be consigned to a person, when the purpose of the order is to enable any person not an actual bona fide consignee to obtain such liquor.

SEC. 17. It shall be unlawful to advertise anywhere, or by any means or method, liquor, or the manufacture, sale, keeping for sale or furnishing of the same, or where, how, from whom, or at what price the same may be obtained. No one shall permit any sign or billboard containing such advertisement to remain upon one's premises. But nothing herein shall prohibit manufacturers and wholesale druggists holding permits to sell liquor from furnishing price lists with description of liquor for sale, to persons permitted to purchase liquor, or from advertising alcohol in business publications or trade journals circulating generally among manufacturers of lawful alcoholic perfumes, toilet preparations, flavoring extracts, medicinal preparations, and like articles: *provided, however*, that nothing in this act shall apply to newspapers published in foreign countries when mailed into this state.

SEC. 18. It shall be unlawful to advertise, manufacture, sell, or possess for sale any utensil, contrivance, machine, preparation, compound, tablet, substance, formula, direction or recipe advertised, designed, or intended for use in the unlawful manufacture of intoxicating liquor.

SEC. 19. No person shall solicit or receive, nor knowingly permit his employee to solicit or receive, from any person any order for liquor or give any information of how liquor may be obtained in violation of this act.

SEC. 20. Any person who shall be injured in person, property, means of support, or otherwise by any intoxicated person, or by reason of the intoxication of any person, whether resulting in his death or not, shall have a right of action against any person who shall, by unlawfully selling to or unlawfully assisting in procuring liquor for such intoxicated person, have caused or contributed to such intoxication, and in any such action such person shall have the right to recover actual and exemplary damages. In case of the death of either party, the action or the right of action given by this section shall survive to or against his or her executor or administrator, and the amount so recovered by either wife or child shall be his or her sole and separate property. Such action may be brought in any court of competent jurisdiction. In any case where parents shall be entitled to such damages, either the father or mother may sue alone therefor, but recovery by one of such parties shall be a bar to suit brought by the other.

SEC. 21. Any room, house, building, boat, vehicle, structure, or place where intoxicating liquor is manufactured, sold, kept, or bartered in violation of this act, and all intoxicating liquor and property kept and used in maintaining the same, is hereby declared to be a common nuisance, and any person who maintains such a common nuisance shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than one thousand dollars or be imprisoned for not more than one year, or both. If a person has knowledge or reason to believe that his room, house, building, boat, vehicle, structure, or place is occupied or used for the manufacture or sale of liquor contrary to the provision of this act, and suffers the same to be so occupied or used such room, house, building, boat, vehicle, structure, or place shall be subject to a lien for and may be sold to pay all fines and costs assessed against the person guilty of such nuisance for such violation, and any such lien may be enforced by action in any court having jurisdiction.

SEC. 22. An action to enjoin any nuisance defined in this act may be brought in the name of the people of the State of California, by the district attorney of the appropriate county, or other prosecuting officer of the state, or any subdivision thereof, or by their deputies or assistants. Such action shall be brought and tried as an action in equity and may be brought in any court having jurisdiction to hear and determine equity cases. If it is made to appear by affidavits or otherwise, to the satisfaction of the court, that such nuisance exists, a temporary writ of injunction shall forthwith issue restraining the defendant from conducting or permitting the continuance of such nuisance until the conclusion of the trial. If a temporary injunction is prayed for, the court may issue an order restraining the defendant and all other persons from removing or in any way interfering with the liquor or fixtures, or other things used in connection with the violation of this act constituting such nuisance. No bond shall be required in instituting such proceedings. It shall not be necessary for the court to find the property involved was being unlawfully used as aforesaid at the time of the hearing, but on finding that the material allegations of the petition are true, the court shall order that no liquors shall be manufactured, sold, bartered, or stored in such room, house, building, boat, vehicle, structure, or place, or any part thereof. And upon judgment of the court ordering such nuisance to be abated, the court may order that the room, house, building, structure, boat, vehicle, or place shall not be occupied or used for one year thereafter; but the court may, in its discretion, permit it to be occupied or used if the owner, lessee, tenant, or occupant thereof shall give bond with sufficient surety, to be approved by the court making the order, in the penal and liquidated sum of not less than five hundred dollars nor more than one thousand dollars, payable to the State of California, and

conditioned that intoxicating liquor will not thereafter be manufactured, sold, bartered, kept, or otherwise disposed of therein or thereon, and that he will pay all fines, costs, and damages that may be assessed for any violation of this act upon said property.

SEC. 23. That any person who shall, with intent to effect a sale of liquor, by himself, his employee, servant, or agent, for himself or any person, company, or corporation, keep or carry around on his person, or in a vehicle, or other conveyance whatever, or leave in a place for another to secure, any liquor, or who shall travel to solicit, or solicit, or take, or accept orders for the sale, shipment, or delivery of liquor in violation of this act and is guilty of a nuisance and may be restrained by injunction, temporary and permanent, from doing or continuing to do any of said acts or things. In such proceedings it shall not be necessary to show any intention on the part of the accused to continue such violations if the action is brought within sixty days following any such violation of the law. For removing and selling property in enforcing this act the officers shall be entitled to charge and receive the same fee as the sheriff of the county would receive for levying upon and selling property under execution, and for closing the premises and keeping them closed a reasonable sum shall be allowed by the court. Any violation of this act, upon any leased premises by the lessee or occupant thereof shall, at the option of the lessor, work a forfeiture of the lease.

SEC. 24. In the case of the violation of any injunction, temporary or permanent, granted pursuant to the provisions of this act, or a judge thereof, may summarily try and punish the defendant. The proceedings for punishment for contempt shall be commenced by filing with the clerk of the court from which such injunction issued information under oath setting out the alleged facts constituting the violation, whereupon the court or judge shall forthwith cause a warrant to issue under which the defendant shall be arrested. The trial may be had upon affidavits, or either party may demand the production and oral examination of the witness. Any person found guilty of contempt under the provisions of this section shall be punished by a fine of not less than five hundred dollars nor more than one thousand dollars, or by imprisonment of not less than thirty days nor more than twelve months, or by both fine and imprisonment.

SEC. 25. It shall be unlawful to have or possess any liquor or property designed for the manufacture of liquor intended for use in violating this act or which has been so used, and no property rights shall exist in any such liquor or property. A search warrant may issue as provided in title XI of public law numbered twenty-four of the sixty-fifth congress, approved June 15, 1917, and such liquor, the containers thereof, and such property so seized shall be subject to such disposition as the court may make thereof. If it is found that such liquor or property was so unlawfully held or possessed, or had been so unlawfully used, the liquor, and all property designed for the unlawful manufacture of liquor, shall be destroyed, unless the court shall otherwise order. No search warrant shall issue to search any private dwelling occupied as such unless it is being used for the unlawful sale of intoxicating liquor, or unless it is in part used for some business purpose such as a store, shop, saloon, restaurant, hotel, or boarding house. The term "private dwelling" shall be construed to include the room or rooms used and occupied not transiently but solely as a residence in an apartment house, hotel, or boarding house. The property seized on any such warrant shall not be taken from the officer seizing the same on any writ of replevin or other like process.

SEC. 26. When the district attorney of the appropriate county, his assistants, inspectors, or any officer of the law shall discover any person in the act of transporting, in violation of the law, intoxicating liquors, in any wagon, buggy, automobile, water or air craft, or other vehicle, it shall be his duty to seize any and all intoxicating liquors found therein being transported contrary to law. Whenever intoxicating liquors transported or possessed illegally shall be seized by an officer he shall take possession of the vehicle and team or automobile boat, air or water craft, or any other conveyance, and shall arrest any person in charge thereof. Such officer shall at once proceed against the person arrested under the provisions of this act in any court having competent jurisdiction; but the said vehicle or conveyance shall be returned to the owner upon execution by him of a good and valid bond, with sufficient sureties, in a sum double the value of the property, which said bond shall be approved by said officer and shall be conditioned to return said property to the custody of said officer on the day of trial to abide the judgment of the court. The court upon conviction of the person so arrested shall order the liquor destroyed, and unless good cause to the contrary is shown by the owner, shall order a sale by public auction of the property seized, and the officer making the sale, after deducting the expenses of keeping the property, the fee for the seizure, and the cost of the sale, shall pay all liens according to their priorities, which are established, by intervention or otherwise at said hearing or in other proceeding brought for said purpose, as being bona fide and as having been created without the lienor having any notice that the carrying vehicle was being used or was to be used for illegal transportation of liquor, and shall pay the balance of the proceeds into the general fund of the State of California. All liens against property sold under the provisions of this section shall be transferred from the property to the proceeds of the

sale of the property. If, however, no one shall be found claiming the team, vehicle, water or air craft, or automobile, the taking of the same, with a description thereof, shall be advertised in some newspaper published in the city or county where taken or if there be no newspaper published in such city or county, in a newspaper having circulation in the county, once a week for two weeks and by handbills posted in three public places near the place of seizure, and if no claimant shall appear within ten days after the last publication of the advertisement, the property shall be sold and the proceeds, after deducting the expenses and costs, shall be paid into the general fund of the State of California.

SEC. 27. 2. Every person slaughtering cattle as a business shall do so in a designated slaughterhouse. Before beginning business he must procure from the director a license to carry on such business and execute a bond to the State of California, in the penal sum of one thousand dollars to be approved by the director, conditioned that such person shall not slaughter, sell or expose for sale any cattle or the meat thereof, without first being the owner thereof, or being authorized so to do by such owner, and that in case he shall slaughter any cattle without being the owner, or so authorized by the owner, he shall, in addition to all other statutory penalties, pay therefor double the value of such animal. All amounts recovered on said bonds shall be paid as follows: one-half to the owner of such animal and the remaining one-half to the cattle protection fund.

3. Said director shall grant to every applicant who complies with the provisions of this act a license to slaughter cattle, and sell the meat thereof for the unexpired portion of the current calendar year. Every applicant for such license shall pay to said director the following annual fee which shall be paid in advance: Applicants who slaughter less than ten head per month, five dollars per annum. Applicants who slaughter more than ten head and less than fifty head per month, ten dollars per annum. Applicants who slaughter more than fifty head, twenty-five dollars per annum. Upon failure of a licensee for a period of fifteen days to pay said fee, his license shall thereupon be forfeited and thereafter it shall be unlawful for him to slaughter cattle until a penalty of twenty-five dollars and fifty cents per day for every day the licensee slaughters cattle after the expiration of his license, is paid to the director and a new license issued.

6. The director may, after notice to the interested party and a hearing, revoke a license for a wilful violation of any of the provisions hereof, or for maintaining an insanitary slaughterhouse, unless such slaughterhouse shall be under the supervision of a meat inspection department of a city or county, or the United States department of agriculture, and a license so revoked shall not be reissued except upon the payment of a renewal fee of twenty-five dollars.

7. Every slaughterer of cattle shall keep on file in his office for ninety days after slaughter, the original bill of sale and the certificate of inspection of all cattle slaughtered by him.

8. Every peddler, or retailer of meats, purchasing the meat of any bovine animal, must enter in a book to be kept for that purpose and exhibit the same on demand, the name of the person from whom said meat was purchased or otherwise obtained, the date of said purchase, the quantity so purchased, and the time and place of the delivery thereof to him

No peddler, or retailer of meat, shall purchase the meat of a slaughtered bovine animal from any person not known to him to be licensed under the provisions of this act, or a regular wholesale dealer in meats with an established place of business.

9. No person not licensed as a slaughterer under this act shall give, sell, or deliver to any peddler of meats any part of the carcass of a bovine animal. This provision shall not apply to purchases from a regular wholesaler of meat having an established place of business.

10. Nothing in this act shall be so construed as to prohibit an owner of property, or a ranchman located on a definite property as a tenant, lessee or purchaser under contract, from slaughtering cattle in small numbers on said premises for his own consumption, and nothing herein shall be so construed as to prohibit such ranchmen from selling or giving away a portion of the meat thereof.

11. Any person actually engaged in the dairy business or engaged in the raising of cattle may slaughter upon his own premises, any calves under eight months of age, actually produced by him, upon annual notification to the director of agriculture of his intention to slaughter such calves, and filing with the office of the director of agriculture a monthly report giving the number of calves slaughtered per month.

12. Every licensed slaughterer shall at the end of each calendar month mail to the director a written report stating the total number of cattle inspected for marks and brands and slaughtered during the preceding month and showing in separate columns the number thereof that were: (a) calves under one year of age; (b) cows one year of age and over; (c) steers; (d) stags; (e) bulls; (f) number slaughtered on each date; (g) branded, and (h) unbranded cattle.

REPORT OF COLORADO RIVER COMMITTEE.

The following report of the Colorado River Committee, appointed according to the adoption of Assembly Joint Resolution No. 1, was ordered printed in the Journal:

REPORT OF CALIFORNIA–COLORADO RIVER COMMITTEE.

To the Honorable C. C. Young, Governor of the State of California, and to the Legislature of California, Sacramento, California.

On January 6, 1927, the Legislature adopted Assembly Joint Resolution No. 1. Under authority of said resolution there was appointed Arthur P. Davis of Oakland, California, James A. Anderson of Los Angeles, California, and Earl C. Pound of Brawley, California.

On January 14, 1927, the eighth Legislature of the State of Arizona adopted Senate Bill No. 9 (copy of bill attached hereto). Under this bill Governor Hunt appointed H. S. McCluskey, Thomas Maddock and John L. Gust.

Under legislative authority Governor Balzar appointed, for the State of Nevada, Charles P. Squires, Edward W. Clark and Dr. Roy W. Martin of Las Vegas; George W. Malone, Nevada State Engineer, of Reno, and Charles B. Henderson of Ely.

The California committee met in the Water and Power Building of the city of Los Angeles on January 19, 1927, and effected a temporary organization consisting of Earl C. Pound, Chairman, and James A. Anderson, Secretary.

At ten o'clock a.m. on the nineteenth day of January, the California committee met with representatives of Nevada and Arizona at the same place, the Arizona committee being represented by H. S. McCluskey and Thomas Maddock; and the State of Nevada being represented by Charles P. Squires, Edward W. Clark, Dr. Roy W. Martin and State Engineer George W. Malone.

Mr. C. P. Squires was elected Chairman and Mr. H. S. McCluskey was elected Secretary of the Tri-state Conference.

Since the opening date of this conference, meetings have been held in the Water and Power Building, Los Angeles, California, by the Tri-state Conference as follows: January 19th, 20th, 21st, 22d, 24th, 25th, and 26th, and February 7th, 8th, 9th, 10th, and 11th.

The California committee also met a number of times to confer with reference to matters under discussion by the Tri-state Conference.

On January 22d the California Legislature adopted Assembly Joint Resolution No. 9, under which authority Dr. S. S. M. Jennings of Coachella, California, President of the Coachella Water District, and Col. S. H. Finley of Santa Ana, California, Supervisor of Orange County, were added to the California committee.

On January 24, 1927, Col. Finley and Dr. Jennings joined the California committee, which was reorganized with Earl C. Pound, Chairman, and Col. S. H. Finley, Secretary.

Mr. John L. Gust of Arizona, and Charles B. Henderson of Nevada did not attend any of the Tri-state conferences.

At the opening conference, January 19, 1927, a verbal report of the tentative agreement reached by the California representatives, the Nevada representatives and a majority of the Arizona representatives at the previous Tri-state conferences, on the division of water, was given by Mr McCluskey and others who had served on the previous Tri-state conferences. The tentative agreement was as follows:

First—That all waters of the Nevada tributaries of the main Colorado River are allocated in perpetuity to Nevada.

Second—That all waters of the Arizona tributaries of the main Colorado River, estimated by the Arizona committee at more than five million acre-feet per annum, are allocated in perpetuity to Arizona, with the right to store the water in and divert from such tributaries but not otherwise.

Third—Nevada is allocated in perpetuity 200,000 acre-feet of water per annum from the main channel of the Colorado River.

Fourth—The entire balance of the waters of the main channel of the Colorado River, estimated at about nine million acre feet per annum are allocated in perpetuity in the ratio of one-third to Arizona and two-thirds to California, each of these two states to supply the Mexican allowance, if any, in proportion to its allocation from the main stream of the Colorado River.

Fifth—All water in the main channel of the Colorado River not put to beneficial use, or for the use of which works have not been actually constructed, shall, after the expiration of twenty-five years be open to appropriation or use by either state.

Sixth—That the Colorado River Compact shall be approved by the three states.

The said tentative agreement so far as Arizona is concerned is subject to satisfactory agreement concerning power.

Resting on this tentative agreement as to the division of water, the present Tri-state committee devoted most of its time to the discussion of Arizona's demand for revenue from all power development within that state or upon its boundaries. No agreement as to revenue from power, tentative or otherwise, has been reached, and the Arizona committee has refused to seriously consider any further or final agreement as to the division of water until an agreement has been reached as to the revenue that state will receive from power development and insists that Arizona must receive revenue even if the development is made by federal government funds.

The Legislature of Nevada on March 15, 1927, and the Legislature of Arizona on March 7, 1927, each passed an act authorizing the appointment of a permanent Colorado River Commission for such states. Copies of such acts are attached hereto.

This committee therefore recommends that provision be made for a permanent California-Colorado River Commission whose authority should be broad enough to do any and all things necessary to protect present and future rights of the State of California and its citizens in the Colorado River.

Respectfully submitted.

EARL C. POUND.
S. H. FINLEY.
ARTHUR P. DAVIS.
JAMES A. ANDERSON.
S. S. M. JENNINGS.

WHEREAS, The said committees representing the states of California and Nevada are now awaiting the pleasure of the state of Arizona with respect to such conferences; and

Be it Enacted by the Legislature of the State of Arizona:

BY HON. FRANK COOMBS OF THE ELEVENTH ASSEMBLY DISTRICT

It has been urged that Starr King is not known by the present generation and that his life's work was not associated with the activities of this State. It is true that he is not as well known as many of the public men who have passed away, and this is because his calling as a minister of the gospel was along those silent lines where men achieve great things without attracting attention. Men are often appreciated after their death rather than before.

There hangs upon the wall behind me a picture of the immortal ages. It is in the form and features of Abraham Lincoln. He holds in his hand the scroll of destiny, while upon his brow beams the light of the second inaugural and the Gettysburg address. It was said, "He belongs to the ages." No great monument would have been erected to his character at that particular time, but he has grown upon time, and now he is appreciated in every parliament of the world, and his sayings are echoed and re-echoed in all civilized lands.

There is a greater example than this. Christ lived in the solitudes of his own mind. He stood by the sea and cast the pearls of his thoughts upon the waves that they might be washed to different shores and written in the languages and spoken by the tongues of men. His name is not mentioned in Roman history nor was he known by the followers of the Proconsuls of the Roman Empire. It was only after he died, and a considerable time after he died, that his name was taken up by James and John and Matthew and Luke and Paul, and his deeds blazoned to the world. The Sermon on the Mount spoke for future ages. No monument of fame would have been erected to his memory at or near the time of his death.

And so, in a lesser degree, it is with Starr King. He worked not through public office, he achieved not through ambitions or political preferment, but by his unselfishness. He lifted men's souls to the higher plane and made them appreciate the great ideals of liberty. He worked under the arches of freedom and aroused in the hearts of men a love of liberty. His genius hovered around the halls of conventions. Everywhere in the State, up and down its shores, where the love of liberty could be moved, he left the impress of his character and of his thoughts upon constitutions and upon the thoughts of men.

But it is not my province here to speak of him. That was delegated to another, and in support of the resolution, I am to speak only of Padre Junipero Serra.

The mission system had its authority and inspiration from the papal bull of Alexander VI, dated May 3, 1403, when Spain was granted the exclusive right to establish missions in the lands about 300 miles west of the Azores.

Under the Spanish sovereignty, California was divided into Baja, or Lower California, and Alta, or Upper California, and in 1867 Spain established a mission in Lower California. Then followed a period of mission life in Lower California.

Prior to this and in about 1527 the experiment was had in Guatemala.

It was during these times that the missions found a lack of support from the home government and wealthy Spaniards responded to the cause, and what is known as the Pious Fund was created, which became noted in recent litigation.

In 1768 it became the dream of Don Jose de Galvez, the Governor of Baja, or Lower California, to introduce a system of government in Upper California, to conquer it, and upon this was the advent of Padre Junipero Serra.

Father Serra was born in the town of Petra, on the Island of Majorca and was educated at the convent of Palma where, at the age of 17, he became the teacher of philosophy. He was an enthusiast in the cause of religion and such was his learning and solemn eloquence that, had he sought, he would have become famed as one of the great churchmen of his age.

He landed in Vera Cruz in 1749 and in all humility walked to the City of Mexico and contracted ills which became chronic. He worked among the Indians in the mountain regions of Cerro Gordo and then among the Apaches of Mexico. He was then 53 years of age. Weighed down by fatigue and burdened by his sufferings, he started upon his mission to Upper California, over untrodden lands and by unfathomed seas, this new Galahad in quest of a Holy Grail.

Three purposes coordinated in these quests:

1. The mission, or the spread of religion in benighted lands.
2. The presidio, or the military expansion and extension of the Spanish empire.

3. The pueblo, or civil government.

Through the far famed ages, billowing high with human agitation, the first has been the great civilizing agency of mankind. It was the redemption of the human soul.

The second, the subjugation of empire.

The third, civil government.

It was both secular and spiritual.

Father Junipero Serra, with Portola, started northward upon the holy quest and arrived at San Diego on July 16, 1769, founded the first mission called the San Diego de Alcalo, in commemoration of the "Triumph of the Holy Cross, the victory of the Christians over the Moors."

Ships had sailed from Lower California with provisions and upon their failure to arrive at San Diego in time, the little band of crusaders were reduced to starvation, and together with the hostility of the Indians and the plague, they felt the pangs of want. He erected God's first altars upon these lands north of Lower California, in sight of the sea where the waves beat upon rock and shore and where, like a gleam of light, the white gull spread its pinions, and under the low roof of this first shelter the arches resounded to the chant of the pious and the praise of God.

Then followed mission after mission until on the thirty-first day of March, 1782, the ninth and last mission of Padre Serra was founded at San Buenaventura. Thus he laid the foundations of an empire, the beginning of that government which was to flourish for a time and to establish a civilization upon faith. Upon each of the missions floated wide the eternal symbol of devotion. Under the inspiration of this Christian life, and after his death, missions were established northward reaching San Francisco until nineteen were constructed south of the Golden Gate. It was in 1817 that the twentieth mission was established at San Rafael, the first north of the bay.

This was the last mission established by the old Kingdom of Spain, for the Mexican revolution in 1821 made a change of sovereignty and the Californias became a part of the Republic of Mexico.

On the fourth day of July, 1823, and under the sovereignty of Mexico, the last of the missions, called San Francisco de Solano, was founded at Sonoma, within a few yards of the spot where twenty-three years after the pioneers were to raise the Bear Flag in token of the freedom of a new race and the changing of an old regime

The missions brought a new architecture, the fusion of Persian, Syrian, Byzantine, Roman and Visigoth, blended into Moorish art

From San Diego on the July 16, 1769 to Sonoma on the July 4, 1823, a period of 54 years, beginning before our Republic was born and ending when it was an infant, flourished a civilization unique in the annals of mankind. Fra Junipero Serra reigned, not with a crown, but with a halo from 1769 to 1784 He redeemed a wilderness, made it safe and habitable; he redeemed the souls of men. He died August 28, 1784, at the age of 71 years and was laid away, not in columned sanctuary with a nation's tears—he would not have had it so—but under the old arches of Carmel, the mission he loved best, among the simple people he had taught, to be found and appreciated by another age.

In reviewing that old Spanish world one can not but feel the pulse of romanticism. I see, marshalling their hosts anew, the ghosts of dead renown Cortez, who flashed his sword in the halls of the Montezuma and summoned the proud chieftains to his call; Balboa, who stood under the flag of Spain and looked upon a southern, shimmering sea, and claimed it in the name of his king; De Soto, whose intrepid spirit fathomed the depth of the Mississippi and the stars that shone down upon the midnight burial upon the waters whose tides bore him to fame, and out of the wizardry of the quest comes the melody of Spanish song, faintly heard over mountain and stream and forest, whose echoes shall die only when the wave of the great river shall pay its last tribute to the sea.

I see over this land a realm wrested from the civilization of which I speak, but the new generations have not destroyed its legends, dim and shadowy now, yet reflecting the light of an ancient regime, which must ever be a part of California. If the mission life had not reigned up to 1823, it is doubtful if California had been held from the grasp of England or Russia It was ever a fight against Spain. If England or Russia had succeeded in the ambition for empire, California would not have become a part of the Union California was a successor of Spain and the kingdom that was handed over was built upon the fame of the old Padre

One of the monuments of this golden era was the King's Highway, from mission to mission, ending at Sonoma, where now it affords a modern highway for the traveler It may have been laid in prophecy of an age more glorious, when time would bring new modes of travel and new wants to man. He laid foundations still deeper in the devotions of religious life, a castle of strength for the future years.

The State of California, upon whose soil his achievements stand, owes to his memory the tribute of a monument to be consecrated to some spot in the Hall of Fame.

BY HON. PERCY WEST OF THE FIFTEENTH ASSEMBLY DISTRICT.

Thomas Starr King, commonly known as Starr King, one of those designated in the resolution and bill before us, whose statue shall be placed in the Statuary Hall in Washington, District of Columbia, was born in New York in the year 1824. He was known by the people of California in his lifetime as the "Saint of the Pacific." In his early life, he encountered great hardships in endeavoring to obtain an education. His father was a minister and like many ministers of that day, as well as of this, had to look forward to his reward Beyond rather than on this earth. His mother was a cultured woman and like a great many other prominent men, Starr King owes to his mother whatever culture and education he received. He could well have said, as Abraham Lincoln said, "All that I am or ever hope to be, I owe to my mother." He became a minister of the Unitarian Church in Boston, Massachusetts, where he preached for several years prior to his coming to California in April, 1860.

At this time, the dark clouds of the Civil War hung over this land and California, like a great many of the border states between the North and the South, was wavering as to whether it would join the Confederacy, or stay with the Union Most of the offices of any importance in the State were held by southern sympathizers and a great many of the people sympathized with the South as well as a number of the newspapers

I do not desire it to be inferred from my remarks that I in any way wish to cast any reflection upon those who sympathized with the cause of the South I believe that the sons of those who wore the gray realize that their fathers were mistaken in the principles for which they fought Whatever opinions contrary to the Union that were held by those of the South have all been obliterated and those who wore the khaki and olive during the recent World War were sons alike of those who wore the blue and those who wore the gray and they both shed their blood in France in the common cause of this Nation, thereby healing any breach that may have been occasioned by the Civil War.

Shortly after Starr King arrived in California, Abraham Lincoln received the nomination for the presidency and Starr King plunged into the fight and in a great measure assisted in the carrying of California for Lincoln. When Fort Sumter was fired upon and the terrible war broke out, feeling ran high in California for and against the Union. It was truly a "time which tried men's souls," and Starr King did more toward kindling the fires of patriotism among those who were wavering and strengthening those who favored the Union cause, by talking from pulpit, rostrum, and on the street corner, and by writing articles of a fervent, fearless and patriotic nature than anyone else in the State

The condition of the Union soldiers in California caused by insufficient clothing, food and medical supplies, was dreadful Disease broke out in all of the camps with insufficient facilities to properly and adequately care for it. With his usual tireless energy Starr King organized the Sanitary Commission. He, in reality, was the commission and due to his untiring efforts some million and a quarter of dollars was raised for this cause. He also turned his attention toward alleviating the sufferings of those who toiled for their livelihood and this at a time when it was not considered good form for ministers of the gospel to take any part in such activities

For four years Starr King gave of his time and strength toward all of these causes, with the result that when he was stricken with a disease, he easily fell prey to it in his weakened physical condition, dying in March, 1864. At his death, as a mark of distinction and of respect, all of the ships of all of the nations which were in San Francisco Bay placed their flags at half mast. He was buried in front of the old Unitarian Church of which he was pastor and later on when the new church was constructed on the southwest corner of Geary and Franklin Streets in San Francisco, his remains were reinterred in the yard of that church, the only person whose body was permitted to rest outside of a cemetery in the City of San Francisco. His burial place is a shrine to which thousands repair each year to pay their respects to the illustrious dead.

A giant tree in Mariposa grove of big trees has been named after him, as has one of the great domes of Yosemite Valley.

He was a great orator, writer and philosopher, endowed by nature with a magnetism and a quality of leadership which few people possess.

California owes it to his memory to recognize the great service which he rendered to it in those dark and troublesome days, and I know of no way in which we can more fittingly do so than by placing his statue in the Hall of Fame at Washington.

BY HON. CORA WOODBRIDGE OF THE NINTH ASSEMBLY DISTRICT.

I feel that I would be derelict in the performance of a sacred duty, and unfaithful to the organizations which I represent, if I did not for a moment raise my voice in support of these measures which are now before you.

I am a member of the Native Daughters of the Golden West, and I have been for many years connected with the California Federation of Women's Clubs

Both of these patriotic organizations have worked long and earnestly to help decide upon the names of those whose statues should be placed in the Hall of Fame.

When I mention to you the name of Doctor Mariana Bertola, past president of the Native Daughters of the Golden West and now president of the California

Federation of Women's Clubs, and that of Miss Grace S. Stoermer, also a past president of the Native Daughters of the Golden West, and now chairman of history and landmarks of the California Federation of Women's Clubs; also the name of Mrs. Florence Dodson Schoneman, descendant of the early Spanish nobility, who made history for California—when I mention the names of those noted women who have worked for several years with members of the Native Sons of the Golden West and other interested organizations, to select the names of those who should be so honored, I am sure you will be convinced that every consideration has been given to all the names proposed and I am happy that the two suggested are chief among those who represent the ideals of civilization for which this great State stands

I want to add my voice in earnest support of all that Mr West and Mr. Coombs have said in relation to Thomas Starr King and Father Junipero Serra

I have been very closely connected with the early history of this golden State, having been born in this county many years ago, and through my intimate association with one of the early pioneer ministers, I have heard from the lips of those who knew of the work and worth of Thomas Starr King in San Francisco for this State and this nation.

Mr. West did not mention that in Golden Gate Park in San Francisco the grateful and loyal citizens have erected a magnificent monument to the memory of Thomas Starr King. It seems that the dream and hope of California for lo these many years is about to be realized, and I am glad indeed to have a part in supporting those measures which will in time place in the Hall of Fame in Washington the statues of those illustrious dead, Father Junipero Serra and Thomas Starr King.

By W. R. LINDERSMITH, Assistant Secretary.

The question being put: Shall the Assembly concur in the following Senate amendments to Assembly Bill No. 1178?

AMENDMENT NUMBER ONE.

That the title of the printed bill be amended by striking out in line 8 thereof the word "three", and inserting in lieu thereof the word "four".

AMENDMENT NUMBER FOUR.

That on page 2 of the printed bill, the word "or", in line 7, and all of lines 8 and 9, be stricken out.

AMENDMENT NUMBER FIVE.

That on page 5 of the printed bill, in new paragraphs following line 9, there be added the following:

SEC. 7. A new section is hereby added to said act to be numbered section 14½, and to read as follows:

Sec. 14½. Any portion or portions of a county containing unincorporated territory, or containing the whole or any portion of one or more incorporated cities and contiguous unincorporated territory, and not included in a county irrigation district or a county waterworks district, may be added to any county waterworks district organized under the provisions of this act, at any time, in the manner herein prescribed.

The holder or holders of title, or evidence of title, to one-half or more of the lands sought to be added may file with the board of supervisors a petition in writing praying that said lands be added to the district. The county assessment roll of the county in which the lands sought to be added are situated, which assessment roll has been last equalized at the time the petition is filed, shall be conclusive evidence as to the holders of title, or evidence of title, to said lands.

The petition, which may consist of any number of separate instruments, shall set forth and describe the boundaries of the proposed addition, or additions, and pray that the lands within such boundaries be added to the district. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom the petition was signed, shall be sufficient evidence of the genuineness of the signature, or signatures, and the fact of place of residence of each petitioner.

Upon the filing of said petition, the board of supervisors shall set a time for the hearing thereof, which shall be not less than fifteen and not more than thirty days from the date the petition is filed. Notice of the filing of said petition shall be given by the clerk of said board by publishing at least once a week, for at least two weeks, in a newspaper printed, published and circulated in the county in which the district is situated, a notice that the petition has been filed, giving the time set for the hearing thereof, and that the petition, together with all written protests filed with

said clerk prior to the time set for said hearing, will be heard and passed upon at that time, and that all persons interested therein may then appear and be heard. Said notice shall also contain the text of the petition, but not more than five of the names attached thereto need be published, provided the number of the total of said names is stated.

At the time fixed for the hearing the board of supervisors shall hear the petition, together with such written protests as shall have been filed as herein provided, by or on behalf of the owners of taxable property situated within the district, or within the proposed addition thereto, and may adjourn such hearing from time to time, not exceeding four weeks in all.

No defect in the contents of the petition or in the notice, or publication of the notice, shall vitiate any proceedings thereon, provided such petition, or petitions, have a sufficient number of qualified signatures attached thereto.

At said hearing said board may make such changes in the proposed boundaries of the territory sought to be added as may be deemed advisable, but said board shall not modify said boundaries so as to exclude any territory which in its opinion will be benefited by being added to the district. Upon such hearing of said petition, said board shall find as to the sufficiency of said petition, and its decision thereon shall be final and conclusive.

At the expiration of the time at which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, then said board shall be deemed to have acquired jurisdiction to further proceed, and the board may grant the petition, in whole or in part, and shall fix the boundaries of the territory sought to be added, and shall, by resolution or ordinance after having acquired jurisdiction to proceed, provide for and order the holding of a special election in said district and in said proposed addition, to determine whether or not the territory in said proposed addition shall be added to the district. At such election the proposition to be submitted shall be "Shall the territory described in the resolution of the board of supervisors, adopted on the_____day of_____, 19___, be added to_____ county waterworks district No._____?" For the purposes of said election, said board shall in said resolution or ordinance establish one or more precincts within the boundaries of said county waterworks district, and one or more precincts within the boundaries of the territory sought to be added thereto, designate a polling place, and appoint one inspector, one judge and one clerk for each such precinct. In all particulars not recited in such resolution or ordinance such election shall be held as provided by law for holding general elections in such county. Such resolution or ordinance ordering the holding of said election shall, prior to the date set for said election, be published five times in a daily, or twice in a weekly or semiweekly newspaper of general circulation printed and published in such county and designated by said board for said purpose. No other notice of said election need be given. If at such election a majority of the votes cast in the district then existing and a majority of the votes cast in the territory sought to be added thereto are in favor of such addition, the board shall enter an order to that effect upon its minutes, declaring said territory added to the district, and from and after the date of such order, such territory shall be deemed added to and shall form a part of said district, subject to all the rights, privileges, powers and responsibilities set forth in this act and necessarily incident thereto.

If, in the judgment of the board of supervisors, it is deemed necessary, because of the lack of sufficient moneys in the funds of the district to provide adequate water, construct necessary plants and distributing systems, or properly serve the territory sought to be added, or for any other reason, to make the addition of the new territory conditional upon the voting and issuance of additional bonds, said board may in its resolution or ordinance granting the petition, or a part thereof, and calling an election upon the proposition of adding new territory to the district, order that said election shall be upon the joint proposition of adding new territory and of incurring an indebtedness by the issuance of bonds of the district as the same will exist if the new territory sought to be added is added thereto. Said ordinance or resolution shall state the purpose for which the proposed debt is to be incurred, the amount of the debt to be incurred, the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed forty years and the maximum rate of interest to be paid, which shall not exceed eight per cent per annum, payable semiannually. The proposition to be voted upon in such event shall be "Shall the territory described in the resolution of the board of supervisors adopted on the_____day of_____, 19____, be added to_____county waterworks district No._____, and shall said district, as the same will exist after the addition of said territory, incur a bonded indebtedness in the sum of_____ dollars ($_____) for the purpose of (stating the purposes for which the amount so raised is to be used)?" Notice of said election and all matters in connection with said election shall be given and conducted in the manner hereinbefore provided, where the proposition is to be upon the sole question of the adding of new territory. If at such election a majority of the votes cast in the district then existing and a majority of the votes cast in the territory sought to be added thereto are in favor of said proposition of adding new territory and of incurring such

bonded indebtedness, then the board of supervisors shall enter an order to that effect upon its minutes, declaring said new territory added to the district, and from and after the date of such order such territory shall be deemed added to and shall form a part of said district subject to all the rights, privileges, powers and responsibilities set forth in this act and necessarily incident thereto and said board shall thereupon be authorized and empowered to issue bonds of said district (as the same will exist after the addition of such new territory), for the amount voted upon at said election The provisions elsewhere in this act made for the form of bonds, issuance and sale of bonds, the levying and collecting of taxes for the payment thereof and of other matters relating to bonds of the district shall govern in the case of such bonds.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 21, 1927.

To the Assembly of the State of California.

Assembly Bill No. 555 is herewith returned without my approval.

This bill relates to the cancellation of warrants by the county auditor. The law now provides for cancellation in case such warrants have remained "uncalled for" for two years. The amendment proposes to change the words "uncalled for" to "outstanding".

If enacted into law this bill might result in the cancellation of warrants which remained outstanding through no fault of the holders of the warrants but due to lack of funds in the treasury to meet the obligations. This situation has been brought to the attention of the author who has requested that approval be withheld.

Respectfully submitted.

C. C. YOUNG, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
April 22, 1927.

To the Assembly of the State of California.

Assembly Bill No. 1184 is herewith returned without my approval.

The bill provides that "for the purpose of conducting primary elections the board of supervisors or election commissioners may consolidate any two or more of the regular election precincts established for state or county elections". If primary precincts were thus enlarged, it would naturally mean that the voter, especially in the country, must travel a longer distance to the polls and often vote in a place different from that to which he was accustomed at other elections. This could have no other effect than to discourage primary voting, though I am satisfied that it was not introduced with that idea in mind.

The author undoubtedly conceived the thought of combining these precincts for the same reason that they are occasionally combined for special elections, the theory being that a light vote does not justify the expense of regular election machinery. The bill was thus apparently introduced in the belief that the vote in primary elections is comparatively small, and that accordingly fewer precincts are needed at primaries than in general or final elections. This is, I imagine, a very common misconception, and may well be analyzed in the light of the last primary and general elections.

It is true that in the large cities and in some counties where the primary falls in the hot weather vacation period, the vote in the November election somewhat exceeds the primary vote. However, this is by no means the rule throughout the State. Out of the fifty-eight counties of the State, thirty-two last year actually cast a higher percentage of vote in the primaries than in the finals, while seven other counties cast within one per cent of as large a vote. In the very county represented by the author of this bill, for instance, 75¼ per cent of the total registration voted at the primaries, while only 68¼ per cent voted at the final election.

Moreover, this primary vote was a very large one. In each of seventeen counties over 80 per cent of the total registration voted at the primaries. In a number of counties there was better than an 85 per cent vote. On the other hand, in the final election only five counties cast better than an 80 per cent vote, while none approached 85 per cent. A vote averaging more than four out of every five registered voters, such as was polled in the primaries in nearly one-third of our counties, is a very remarkable showing, and indicates how strong a hold the direct primary has on the California voter.

In order to broaden the scope of our examination, I have made a list of forty-five counties which have the largest voting percentage both at primary and general elections. These counties together polled a primary vote almost exactly 75 per cent of their total combined registration. The same counties polled in the final election less than a 73 per cent vote. In a word, the majority of our counties—particularly our rural counties—pay even better attention to the primary than to the general election. The California primary has evidently come to stay.

Finally I would call attention to the fact that, by a constitutional amendment adopted last November, a majority of our judicial, school, and county officials will

undoubtedly hereafter be elected at the primaries, through receiving a majority of all votes cast, and their offices will not appear upon the final ballot at all. Thus it is apparent that, with a larger percentage of vote in most counties and more offices to be voted upon, there can be no valid reason for combining primary election precincts as provided in this measure.

Respectfully submitted.

C. C. YOUNG, Governor.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
April 22, 1927.

To the Assembly of the State of California.

Assembly Bill No. 1095 is herewith returned without my approval.

This is a special validating act relating only to Nevada Irrigation District. It seeks to declare valid all proceedings with respect to the organization and formation of that district and with respect to the subsequent enlargement thereof. I am advised that these proceedings have been passed upon by attorneys who are recognized authorities on this class of legal work, and I have no doubt that these proceedings were valid in all particulars. I might add that no suggestion has been made to me to the contrary.

However, I am advised by both the Attorney General and the Legislative Counsel that these special validating acts are themselves invalid and have been declared unconstitutional by our Supreme Court in the recent case of Miller & Lux vs. Board of Supervisors, 189 Cal. 254. That case involved a validating act relating to the Madera Irrigation District (Statutes 1921, page 76) which act was almost identical with the present bill.

Prior to the decision of the above mentioned case, the Legislature customarily passed a great number of special validating acts. Each session brought forth an increasing number of requests for such legislation. Since this decision was handed down declaring any attempted validation by the Legislature to be an idle gesture because violative of our constitution, but few special acts have been proposed. If, despite this decision, legislative validation is again commenced, each session will bring forth an increasing number of bills proposing to validate each particular district formed under our numerous laws for the formation of various types of districts.

The strongest arguments presented in favor of the special validating acts is that some believe that they might do some good and that they are in fact harmless. The Supreme Court has answered the first by declaring these special acts to be unconstitutional. As to the second argument, each such act may in itself be harmless, but the harm is found in establishing a precedent which will result in an increasing number of these acts each session, thereby needlessly occupying the time of the Legislature and filling our statute books with meaningless and unconstitutional legislation.

I am withholding approval of this special validating act solely for the reasons above set forth and not because there is any question in my mind concerning the validity of any proceeding in connection with this particular district. For similar reasons I have heretofore withheld approval of Assembly Bill No 683, a special validating act relating to Reclamation District No. 2047.

I have already signed Assembly Bill No. 865, a general validating act covering all irrigation districts including the Nevada Irrigation District.

Respectfully submitted.

C. C. YOUNG, Governor.

Assembly Concurrent Resolution No. 34 ordered transmitted to the Senate.

ASSEMBLY CONCURRENT RESOLUTION No. 34.

Relative to the state of conflict of the county of Inyo and the county of Los Angeles over the possession of water in Owens Valley.

WHEREAS, Agriculture is recognized as the true economic basis of the growth and prosperity of California; and

WHEREAS, The maintenance and development of agricultural communities is a prerequisite of the welfare of the people of this State; and

WHEREAS, There exists a state of conflict between two political subdivisions of this State, namely, the county of Inyo and the city of Los Angeles, over the use and possession of the water of the Owens River Valley; and

WHEREAS, It appears that the Bureau of Power and Light of the city of Los Angeles has adopted a policy of ruthless destruction of the farm and community life of the Owens River Valley which is rapidly changing a rich irrigated valley back to a desert waste; and

WHEREAS, This policy of ranch devastation is destroying the main economic support of several towns within this valley, and is bringing utter ruin upon hundreds of business firms and individuals, who are helpless against the circumstances which are crushing them, and without any recourse for obtaining proper compensation for their losses; and

WHEREAS, This policy is fraught with grave dangers and constitutes a menance to the peace and welfare of the entire State; now, therefore, be it

Resolved by the Assembly, the Senate concurring, That the Legislature by resolution herewith calls upon the Bureau of Power and Light of the city of Los Angeles

to restore the Owens River Valley to its former agricultural status existing up to the year 1923, when the city's present policy of ranch purchase and devastation was inaugurated, or, failing in this, to bring about a settlement of this controversy between the Bureau of Power and Light of the city of Los Angeles and the remaining property owners of the Owens River Valley including in this settlement proper compensation for damages done to business firms and individuals residing in the towns of Owens River Valley; and be it further

Resolved, That the Secretary of State is hereby directed to send a copy of this resolution to the mayor of the city of Los Angeles and the chairman of the Bureau of Light and Power of said city.

EXPLANATION OF VOTES.

The following explanation of votes was received and ordered printed in the Journal:

STATEMENT OF THE UNDERSIGNED IN EXPLANATION OF THEIR VOTES IN SUPPORT OF ASSEMBLY CONCURRENT RESOLUTION NUMBER THIRTY-FOUR.

We wholeheartedly support this resolution because we believe that the policy of the city of Los Angeles in the Owens River Valley in Inyo County, and the methods adopted by that city in carrying out that policy, are against the best interests of the State of California.

The city of Los Angeles, in an attempt to secure an additional water supply, has constructed an aqueduct from the city of Los Angeles to the lower portion of the Owens River Valley, which carries approximately 400 second-feet of water, which is drained from the mountains surrounding said valley and from the approximately 200,000 acres of land within said valley.

It has purchased approximately 80 per cent of the agricultural lands of Owens Valley which has heretofore been used largely for orchards, alfalfa and other farm crops. These lands purchased by said city in Owens Valley are being rapidly devastated of orchards, buildings and improvements heretofore enjoyed by the inhabitants of Owens Valley, which was settled first in the early sixties and which since that time has grown and has been developed by the use of several irrigation systems or ditches and within which has grown up six prosperous cities or towns.

That said lands, because of such devastation, are rapidly being returned to their former desert state. The water that was used for irrigation of the valley has been caused by said city to drain into its conduit and has been transferred to Los Angeles where a very large percentage of it is and has been used by said city in irrigating the farm lands of San Fernando Valley.

That said city has hired county officials of Inyo County to appraise the lands purchased by said city; that said city has also released at a nominal rental a small part of its lands to persons who care for them and conduct chicken ranches and other farming businesses in a limited way. The agents of the city have participated in the politics of said county and supported and opposed various candidates for county office in Inyo County. Said city has refused to assume any responsibility for the loss of business suffered by the towns of said valley resulting from the devastation of the lands surrounding the cities and towns of the valley.

Said valley contains the main taxable agricultural property of the county of Inyo, and 80 per cent of it already has been greatly impaired in value because of the ruinous practices of said city of Los Angeles. Said city has assumed more complete control over the lands of Owens Valley than had that valley been annexed to Los Angeles, except that it has never exercised such control in the interest of the county of Inyo. It has acted in many ways, apparently, in a proprietary rather than a municipal capacity.

We believe that if the city of Los Angeles had, in the beginning, purchased available dam sites and reservoir sites, and had also tapped the Mono Lake country, it could have constructed waterworks which would have supplied in the past years and in years to come sufficient water to have irrigated Owens Valley and still have supplied the needs of Los Angeles, and would not have necessitated the expenditure of twelve millions of dollars, more or less, in the purchase of lands in Owens Valley, and would not have damaged this exceptionally beautiful, fertile and prosperous valley.

We seriously condemn the unnecessary destruction of Owens Valley, which is evidenced by uprooted trees, demolished buildings, abandoned schools, etc.

We seriously criticise the attitude of Los Angeles toward the towns in Owens Valley which have been unnecessarily damaged and which are facing almost complete depopulation.

We deplore the policy of the city which abandons its municipal functions and enters into extensive activities of a private nature, to the ruination of another political subdivision, and admit surprise that such can be legally done, as hereinbefore set forth.

Above all we deplore the fact that a city of such magnitude would rely for its water supply upon a drainage system rather than the storing of water in reservoirs where it would remain constant, pure and certain in quantity

We condemn the precedent here established which recognizes the right of a large municipality to purchase almost unlimited areas in another and smaller political subdivision and to dominate and devastate such territory, which results in great embarrassment, damage to and almost complete disruption of the community life of the smaller political subdivision, without adequate compensation

What has happened to Inyo County, unless steps are taken to prevent a repetition of that invasion, may happen to other rural counties of the State

RECOMMENDATIONS.

We recognize the fact that it is the right and in fact the duty of Los Angeles to provide, lawfully, adequate municipal water supply for her needs. We therefore from the facts hereinbefore set forth, which we believe to be true, recommend as follows:

First—That the city of Los Angeles should forthwith proceed, by lawful purchase or condemnation, to obtain ample dam sites and reservoir lands and rights of way for necessary acqueducts and water rights sufficient to provide her necessary water from Mono Lake section and Long Valley Basin.

Second—That said city should at once dispose of all of her farm lands heretofore purchased as soon as practicable at a reasonable market price under their present devastated and arid condition.

Third—That said city should proceed forthwith to pay to the inhabitants of said cities and towns in said valley whatever damages they may have suffered or will suffer between now and the time of rehabilitation; and if said city shall not proceed forthwith to construct its own waterworks and obtain its own necessary water supply it should proceed at once to purchase all of the property, except personal property, in said cities and towns and pay also the reasonable damages for the goodwill of the businesses in said cities and towns.

Also said city should, if she does not construct her own waterworks as before suggested, forthwith purchase all of the remaining lands located in said valley.

Fourth—The necessary riparian and appropriatory rights of the lands in said Owens Valley should be left undisturbed.

Believing as we do that the resolution offered by Assemblyman Dan E. Williams, which resolution is known as Assembly Concurrent Resolution No. 34, sets forth the facts substantially as we have hereinbefore enumerated them, and also that his conclusions are substantially the same as ours, and also believing that this is one of the most serious problems confronting the State, and that therefore such resolution is, at this time, of unusual importance, we, the undersigned members of this Assembly, have given it our most sincere and earnest support We trust that his Excellency Hon. C. C. Young, Governor of California, will use his good offices to the end that the residents of Owens Valley may be compensated for the injuries suffered by them from the acts of the city of Los Angeles, and that peace, harmony and prosperity may again obtain in this most valuable section of California.
