(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1092 (AB 431) Moore. Motor vehicles: contract cancellation.

(1) Existing law requires specified disclosures to be contained in conditional sales contracts, which are defined to include certain contracts for the sale or bailment of a motor vehicle. Under existing law, a willful violation of these provisions is a misdemeanor.

This bill would require every conditional sales contract to contain a notice in bold type warning the prospective buyer that California law does not provide a "cooling off" or other cancellation period for vehicle sales, as specified. Because the bill would create a new crime, it would impose a state-mandated local program.

(2) The Vehicle Leasing Act requires every lease contract, as defined, to contain specified notices. A knowing and willful violation of these provisions is a misdemeanor.

This bill would require these lease contracts to contain a notice warning the prospective lessee that California law does not provide for a "cooling off" or other cancellation period for vehicle leases, as specified. Because the bill would create a new crime, it would impose a state-mandated local program.

(3) Existing law, with certain exceptions, requires every motor vehicle dealer licensed by the Department of Motor Vehicles to conspicuously display his or her license at his or her place of business, as specified, and also requires every such dealer who displays or offers one or more used vehicles for sale at retail to post a notice in a conspicuous place regarding the prospective purchaser's right to have the vehicle inspected at his or her own expense. Under existing law, a violation by a licensee of these provisions is a crime.

This bill would require every such dealer to conspicuously display a notice in each sales office and sales cubicle of the place of business where sale or lease transactions are discussed with prospective purchasers or lessees and where sale and lease contracts are regularly executed, as specified, warning that California law does not provide for a "cooling off" or other cancellation period for vehicle lease or purchase contracts. Because the bill would create a new crime, it would impose a state-mandated local program.

(4) The bill would make related changes.

(5) This bill would incorporate certain changes made by Chapter 101 of the Statutes of 1993.

(6) These provisions would become operative on July 1, 1994.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1093 (AB 780) Epple. Parking violation.

(1) Existing law permits a vehicle to be impounded or immobilized under specified conditions if, among other things, it is known to have been issued 5 or more notices of parking violation over a period of 5 or more days involving that vehicle.

This bill would delete the requirement that the notices of parking violation occur over a period of 5 or more days in order for the above to apply.

(2) Under existing law, the vehicles described in (1) are generally not released until, alternatively, the full amount of parking penalties have been deposited for all notices of parking violation issued for that vehicle and for all uncleared traffic violations of the registered owner or a notice to appear is issued, as described below.

This bill would additionally require the full amount of parking penalties for any vehicle registered to the registered owner of the impounded or immobilized vehicle be deposited prior to release of the vehicle. The bill would also delete the alternative procedure allowing the impounding or immobilizing law enforcement agency to issue a notice to appear for the offense charged, rather than requiring full payment of penal-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

ties or bail.

(3) Under existing law, a parking processing agency may cancel the notice of parking violation if the description of the vehicle on the notice of parking violation does not substantially match the corresponding information on the registration card for the vehicle.

This bill would additionally require the processing agency to be satisfied that the vehicle has not been incorrectly described due to the intentional switching of license plates. To the extent that certain local agencies perform the processing agency function, the bill would impose a state-mandated local program by increasing the duties of those agencies.

(4) Under existing law, any violation of any regulation governing the standing or parking of a vehicle under the Vehicle Code is subject to a civil penalty and procedure.

This bill would limit the violations to violations of regulations that are not misdemeanors, thereby imposing a state-mandated local program by requiring misdemeanor violations to be governed under the criminal justice system.

(5) Under existing law, if the person contesting a notice or parking violation is not satisfied with the processing agency's investigation the person may request an administrative review if the request is made within 15 days of the mailing of the results of the investigation.

This bill would require the request to be made within 10 days of the mailing of the results of the investigation, rather than 15 days of that mailing.

(6) Under existing law, if the notice of delinquent parking violation is filed with the Department of Motor Vehicles under specified procedure and the department returns the notice of delinquent parking violation by notice of noncollection, the processing agency may elect to take one of 2 courses of action.

This bill would delete this provision.

The bill would make other changes in the existing procedure for processing parking violations.

(7) Under existing law, the civil penalty for a failure to have a tab, sticker, or other device on a license plate is $60.

This bill would reduce the fine to $10 upon proof of the correction to the processing agency.

(8) This bill would incorporate additional changes proposed by AB 481 in Section 22651 of the Vehicle Code, as specified, which would become effective if both bills are enacted.

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1094 (AB 904) Sher. Surface mining.

(1) Existing law, the Surface Mining and Reclamation Act of 1975, exempts certain activities from its provisions, including excavations and grading conducted for farming and other specified activities.

This bill would also exempt from the act onsite excavation and earth moving activities which are an integral and necessary part of a construction project and which meet specified conditions and would exempt the operation of a plant site used for mineral processing which meets specified conditions.

(2) Under the act, the Surface Mining and Reclamation Account is created in the General Fund and the first $2,000,000 of moneys from mining activities on federal lands disbursed by the United States each fiscal year to the state pursuant to the Mineral Lands Leasing Act is deposited in the account if the amount disbursed is not less than $20,000,000.

This bill would create a state abandoned minerals and mineral materials mine reclamation program, to administer specified federal funds, and would, if specified federal legislation is enacted, delete the specified provisions of the act and instead create in the State Treasury, the Abandoned Mine Reclamation and Minerals Fund, which would be

NOTE: Superior numbers appear as a separate section at the end of the digests.

the depository for the specified federal funds. The money in the fund would be available, upon appropriation by the Legislature, as prescribed, for specified purposes and reflecting specified priorities. The bill would define "abandoned surface mined area" for one of those specified purposes.

Ch. 1095 (AB 1153) Costa. Department of Transportation: powers: state rail passenger program.

(1) Under existing law, the Department of Transportation has various specified powers regarding transportation planning, development, and operation, including the power to construct, acquire, or lease, and improve and operate, rail passenger terminals and related facilities that provide intermodal passenger services along specified corridors.

This bill would authorize the department to acquire, by purchase, lease, or eminent domain, any property necessary for the development and implementation of the state's rail passenger program and, under specified conditions, to contract with qualified individuals or firms for engineering, surveying, and related technical services in exercising this authority.

(2) Existing law authorizes the department to contract with the National Railroad Passenger Corporation (Amtrak) to provide an additional 4th train over the San Joaquin route between Bakersfield and Oakland.

This bill would, instead, authorize the department to contract with Amtrak to provide additional trains on that route.

(3) Existing law specifies priorities for the expenditure of funds from the State Highway Account in the State Transportation Fund. One of the authorized expenditures is for public mass transit guideways.

This bill would include intercity rail within that category of expenditure.

Ch. 1096 (AB 1183) Sher. Air pollution: mobile sources.

(1) Existing law establishes a regional Mobile Source Air Pollution Reduction Review Committee to develop a work program to fund projects, as specified. The review committee is required to establish a technical advisory committee with specified membership. Existing law limits work program funding to the implementation or monitoring of programs to reduce air pollution from motor vehicles, as specified.

This bill would limit work program funding to providing grants to fund projects for the exclusive purpose of reducing air pollution from motor vehicles, as specified.

The bill would require the membership of the technical advisory committee to include one or more air pollution control experts and a mechanical engineer. The bill would require the review committee to adopt and publish guidelines and procedures for the review of projects for funding.

The bill would require the guidelines to specify that work program funding shall be limited to projects that include prescribed matters and result in direct and tangible reductions in vehicular air pollution.

(2) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1097 (AB 1191) Aguiar. California State University.

(1) Existing law authorizes the Trustees of the California State University to perform various acts, without prior approval of any other state department or agency, necessary to carry out the purposes of the California State University including, among other things, transactions related to easements, rights-of-way, and the sale or exchange of personal property.

This bill would, additionally, authorize the trustees to lease real property for the use of the California State University and to procure telecommunications goods and services without the prior approval of any other state department or agency. The bill would require the trustees to grant to the Department of General Services, Division of Telecommunications, an opportunity to bid whenever the university solicits bids for telecommunications goods and services.

The bill would also require the trustees to include in the contract of conveyance for the sale of any real property a statement that if it is determined that the property contains a Native American burial ground, that fact shall be reported to the Legislature

NOTE: Superior numbers appear as a separate section at the end of the digests.

and the property may revert to the state if a statute is enacted requiring that reversion.

(2) Under existing law, all contracts entered into by any state agency for the hiring or purchase of a variety of goods and services, including equipment, supplies, textbooks, and repair or maintenance, are void unless approved by the Department of General Services. Existing law specifies that the foregoing provision does not apply to, among other things, any transaction entered into by the trustees involving an expenditure of less than $100,000.

This bill would, instead, make that provision inapplicable to any transaction entered into by the trustees.

Ch. 1098 (AB 1268) Martinez. Peace officers.

(1) Existing law provides that the home address, telephone number, occupation, precinct number, and prior registration information shown on the voter registration card for certain specified persons, including specified peace officers, is confidential if the person requests confidentiality of that information at the time of registration or reregistration and shall not be disclosed to any person, except as specified.

This bill would amend this provision of existing law by deleting references to specified peace officers and, instead, would refer to all peace officers as defined in the Penal Code. To the extent these changes would increase the responsibilities of local agencies as they relate to the confidentiality of voter registration information, the bill would impose a state-mandated local program.

(2) Existing law provides that no insurer shall, in issuing or renewing a private automobile insurance policy to, among others, a specified peace officer, with respect to his or her operation of a private motor vehicle, increase the premium on that policy for the reason that the insured or applicant for insurance has been involved in an accident while operating an authorized emergency vehicle, as specified, in the performance of his or her duty during the hours of his or her employment.

Existing law provides that, among others, no peace officer, as specified, shall be required to report any accident in which he or she is involved while operating an authorized emergency vehicle, as specified, in the performance of his or her duty during the hours of his or her employment, to any person who has issued that peace officer a private automobile insurance policy, as specified.

Existing law, however, also provides that any one of specified peace officers who have been involved in an accident shall submit to his or her private automobile insurer within 30 days of the accident his or her written declaration under penalty of perjury stating whether or not at the time of the accident he or she was operating an authorized emergency vehicle, as specified, in the performance of his or her duty during the hours of his or her employment.

Existing law provides that no insurer shall fail to renew any private automobile insurance policy of, among others, a specified peace officer, with respect to his or her operation of a private motor vehicle, for the reason that the insured has been involved in an accident while operating an authorized emergency vehicle, as specified, in the performance of his or her duty during the hours of his or her employment.

This bill would amend these provisions of existing law by deleting the references to specified peace officers and, instead, would refer to all peace officers as defined in the Penal Code.

(3) Existing law provides that every person who, in the immediate presence of a specified peace officer, draws or exhibits a firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, and who knows, or reasonably should know, that the victim is a peace officer engaged in the performance of his or her duties, and that peace officer is engaged in the performance of his or her duties is guilty of a felony, punishable as specified.

This bill would amend these provisions to provide, instead, that every person who, in the immediate presence of a specified peace officer, draws or exhibits a firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, and who knows, or reasonably should know, by the officer's uniformed appearance or other action of identification by the officer, that he or she is a peace officer engaged in the performance of his or her duties, and that peace officer is engaged in the performance of his or her duties is guilty

NOTE: Superior numbers appear as a separate section at the end of the digests.

of a felony, punishable as specified.

In addition, the bill would add Los Angeles County safety police, park rangers, Los Angeles city general services department security officers, housing authority patrol officers, and community college, school district, BART, harbor or port, transit, airport, and railroad peace officers, as specified, to these provisions. Because these changes would expand the scope of an existing crime, the bill would impose a state-mandated local program.

(4) Existing law provides that in family violence cases, as defined, specified peace officers who are at the scene of a family violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present.

This bill would add housing authority patrol officers, peace officers of the Department of Corrections and the Department of the Youth Authority, and correctional and medical facility employees, as specified, to these provisions as peace officers who may take temporary custody of those firearms or other deadly weapons.

(5) Existing law provides that the Commission on Peace Officer Standards and Training shall, among other things, implement courses of instruction for the training of law enforcement officers in the handling of domestic violence complaints.

This bill, in addition, would require the commission to implement courses of instruction for the training of housing authority patrol officers, as specified. The bill also would specify that the training for these peace officers shall be completed no later than January 1, 1995, thereby imposing a state-mandated local program by increasing the responsibilities of local agencies.

(6) (a) This bill would incorporate additional changes to Sections 557.6 and 669.5 of the Insurance Code proposed by AB 1518, to become operative only if this bill and AB 1518 are both enacted and become effective on or before January 1, 1994, and this bill is enacted last.

(b) This bill also would incorporate additional changes to Section 417 of the Penal Code proposed by AB 1179 to become operative only if this bill and AB 1179 are both enacted and become effective on or before January 1, 1994, and this bill is enacted last.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1099 (AB 1353) Cortese. Sportfishing licenses: reduced fee.

(1) Existing law, until January 1, 1994, provides for the issuance of lifetime sportfishing and sportsman's licenses for specified fees.

This bill would continue those existing laws beyond January 1, 1994, by deleting the repeal date. The bill would require the Department of Fish and Game to establish the fees for subsequent years in an amount not to exceed the adjustment based on the Implicit Price Deflator for State and Local Government Purchases of Goods and Services, as prescribed. Because a violation of those laws are crimes under existing law, the bill would impose a state-mandated local program by continuing the effect of those laws beyond January 1, 1994. The bill would also delete the repeal of provisions requiring, until January 1, 1994, that a portion of the revenue from the lifetime sportfishing and lifetime sportman's licenses be deposited in the Lifetime License Trust Account and that a portion be deposited in the Fish and Game Preservation Fund.

(2) Existing law authorizes the department to issue licenses, license stamps, punch cards, and license tags through authorized license agents. Existing law prohibits a license agent from collecting less from the license applicant than the fee prescribed in the Fish and Game Code or regulations adopted thereunder.

This bill would, instead, authorize a license agent to issue a punch card, license, license stamp, or license tag for any amount up to 10% less than the prescribed fees. The bill would require the license agent to remit the full amount of the prescribed fees for the punch cards, licenses, license stamps, or license tags issued.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(3) Existing law continuously appropriates the money in the Fish and Game Preservation Fund to the department to carry out the Fish and Game Code.

Because this bill would continue the existing requirement that a portion of the revenue from the sale of lifetime sportsfishing licenses and lifetime sportman's licenses be deposited in the fund after January 1, 1994, the bill would make an appropriation.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1100 (AB 1406) Morrow. Commercial fishing: abalone, logbooks, and leopard shark.

(1) Existing law, until January 1, 1994, establishes bag limits for the taking of abalone for commercial purposes and imposes an additional landing tax on abalone to fund the Abalone Resources Restoration and Enhancement Program. Existing law also prohibits the taking of black abalone within one mile of specified channel islands and along the mainland coast until January 1, 1994, and along the mainland coast thereafter.

This bill would extend the operation of those bag limits and additional landing tax to January 1, 1997. Because the revenue from the tax is deposited in the Fish and Game Preservation Fund, which is continuously appropriated to the Department of Fish and Game to carry out the Fish and Game Code, and because a portion of the tax is authorized to be used to administer that enhancement program, the bill would make an appropriation.

The bill also would prohibit the taking of black abalone for commercial purposes anywhere until January 1, 1997, and within one mile of the specified channel islands and along the mainland coast, except as authorized, thereafter.

(2) The bill would also establish a minimum length for leopard shark taken, possessed, sold, or purchased for commercial purposes.

(3) Because any violation of the requirements in the bill would be a crime under other existing provisions of law, the bill would impose a state-mandated local program by creating a new crime.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1101 (AB 1469) Speier. Marital dissolution: property rights.

(1) Existing law imposes certain specified fiduciary duties on the activities of a spouse affecting community property rights and liabilities from the date of separation until the date of distribution.

This bill would revise those duties and also make each spouse subject to the same fiduciary duty regarding activities affecting support rights.

(2) Existing law requires each party to a dissolution of marriage action, except by court order upon good cause or by stipulation of the parties, within 60 days of service of the petition for dissolution of marriage, to serve upon the other party a preliminary declaration of disclosure, executed under penalty of perjury. Existing law requires each party to also file and serve upon the other party a final declaration of disclosure and a current income and expense declaration, executed under penalty of perjury prior to entering into an agreement for resolution of property or support issues or at least 30 days before first assignment of a trial date. The declaration is required to set forth specified information regarding assets, liabilities, obligations, earnings, accumulations, and expenses of each party.

This bill would revise and recast these provisions, and would, among other things, make these provisions applicable to proceedings for nullification of marriage and legal separation, delete the exception to the requirement of a preliminary declaration of disclosure described above as to a court order upon good cause, delete authorization for

NOTE: Superior numbers appear as a separate section at the end of the digests.

parties to stipulate to waive the preliminary declaration of disclosure, specify that the final declaration of disclosure is not required in the case of a summary dissolution, require the final declaration of disclosure and current income and expense declaration to be filed at least 45 days before the first assigned trial date, require the Judicial Council to adopt appropriate forms and modify existing forms to effectuate the purposes of these provisions, and make other related and conforming changes.

(3) This bill would make changes to conform to the enactment of the Family Code.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1102 (AB 1473) Costa. Department of Water Resources: grants.

The California Safe Drinking Water Bond Law of 1988 permits bond proceeds in the California Safe Drinking Water Fund to be used for a grant program with grants provided, subject to specific approval of the Legislature, to prescribed entities.

This bill would make an appropriation by authorizing grants from the fund to specified entities for the purpose of financing projects and investigations to identify alternatives for system improvements. The bill would require the Department of Water Resources to determine eligibility for, and the amount of, the grants in accordance with the bond law.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1103 (AB 1559) Tucker. Horseracing: out-of-state wagers.

Existing law permits any racing association in this state to authorize betting systems located outside of this state to accept wagers on a race or races conducted by that association and to transmit live audiovisual signals of the race or races and their results to those betting systems.

This bill would permit any racing association in this state, with the approval of the California Horse Racing Board, to accept out-of-state wagers on a race or races conducted by that association and to transmit live audiovisual signals of the race or races to locations out of state. The bill would require that amounts deducted from wagers be distributed the same as amounts are distributed at live races.

Ch. 1104 (AB 1567) Hauser. Shrimp: vessel permits.

(1) Under existing law, persons taking fish for commercial purposes are required to be licensed as commercial fishermen by the Department of Fish and Game, the vessels are required to be registered with the department, and, for certain fisheries or the use of certain fishing gear, special permits are required.

Existing law also permits a person to use trawl nets of a design prescribed by the Fish and Game Commission to take shrimps or prawns under a permit issued by the department under regulations adopted by the commission. Existing law also prohibits possession or landing of California halibut or Pacific halibut when fishing under a trawl net permit.

This bill would, until January 1, 1997, limit the issuance of permits to take and land pink shrimp to persons who possessed a trawl net permit in any previous permit year. The bill would establish the fees for the permits to take and land pink shrimp at $285.

The bill would also provide that not more than 150 pounds of halibut may be incidentally possessed or landed when fishing for pink shrimp under a trawl net permit.

(2) Because a violation of the requirements for a permit would be a new crime under other existing provisions of law, the bill would impose a state-mandated local program.

(3) Because existing law would require the revenue from the permits to be deposited in the Fish and Game Preservation Fund, which is continuously appropriated to the department to carry out the Fish and Game Code, the bill would make an appropriation.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1105 (AB 1677) Hauser. Housing: California Disaster Housing Repair Fund: Mobile home park financing.

(1) Under existing law, the California Disaster Housing Repair Fund is continuously appropriated to the Department of Housing and Community Development for making deferred-payment loans to provide disaster relief for repair of housing damaged or destroyed as a result of natural disaster.

This bill would extensively revise this disaster program. By revising the purposes for which moneys in the continuously appropriated California Disaster Housing Repair Fund may be expended, the bill would make an appropriation.

(2) Existing law authorizes the California Housing Finance Agency to make loans to finance the development of a mobilehome park that either is cooperatively owned by, or consists of lots that will be rented by, persons and families of low and moderate income.

This bill would instead authorize the agency to make or purchase loans, including lease-purchase financing, to finance the acquisition, construction, or development, of mobilehome parks that either are cooperatively owned by, or consist of lots that would be purchased or rented primarily by, persons of low and moderate income.

This bill would authorize the agency to issue revenue bonds and to insure or guarantee loans for these purposes.

(3) Under existing law, $500,000 is appropriated from the Homeownership Assistance Fund to the Department of Housing and Community Development for disbursement to the California Housing Partnership Corporation, as specified. Existing law requires that the appropriate sum be fully repaid, on or before January 31, 1996, in accordance with a specified schedule.

This bill would authorize the repayment of the $500,000 appropriation by the provision of in-kind services providing assistance to the state or other governmental entities in California in housing element law compliance or by the provision of affordable housing, as approved by the Director of Housing and Community Development, as specified. Because the bill would delete provisions of existing law that require moneys to be repaid to the Homeownership Assistance Fund, the bill would make an appropriation.

(4) The bill would also amend and supplement the Budget Act of 1993 to appropriate $100,000 from the California Wildlife, Coastal, and Park Land Conservation Fund of 1998 to the department for specified work on the Marconi Conference Center State Historic Park.

Ch. 1106 (AB 1727) Polanco. State contracts: data processing and telecommunications.

(1) Existing law regulates the state's acquisition of electronic data processing and telecommunications goods and services. It requires the acquisition thereof to be conducted through competitive means, except as specified, under appropriate criteria and procedures maintained by the Department of Finance and the Department of General Services, and requires that contracts for these goods and services be awarded to the proposal that is the most cost-effective, as determined by the evaluation criteria contained in the solicitation document, and authorizes the selection of a vendor on other than cost alone.

This bill would specify that the terms "electronic data processing and telecommunications goods and services" include, reprographics and other electronic-driven commodities and would revise the evaluation criteria by replacing the term "cost-effective" with the term "value-effective" and define that term. This bill would also add procedures relating to the evaluation criteria required for proposals for contracts relating to the procurement of electronic data processing and telecommunications goods and services, including reprographics and other electronic-driven commodities, and systems development and systems implementation procurements.

This bill would also require the Department of General Services to annually negotiate with vendors any changes to the repetitively used terms and conditions in state's model contract relating to electronic data processing or telecommunications procurements, commencing December 31, 1994, and would create other requirements for the Department of General Services and bidders and proposers relating to changes in standard and

NOTE: Superior numbers appear as a separate section at the end of the digests.

negotiated contracts for these purposes. These changes would be required to be a matter of public record.

The bill would state the intent of the Legislature that agencies of the State of California be permitted to utilize methods of acquisition of goods and services that are compatible with their short- and long-term fiscal needs. To further this end the bill would permit state agencies to utilize multiple awards, as defined, in contracts relating to commodities and electronic data processing and telecommunications goods and services.

(2) Existing law requires the Directors of the Departments of General Services and Finance to maintain in the State Administration Manual policies and procedures governing the acquisition and disposal of electronic data processing and telecommunications goods and services and to submit these proposed policies and procedures to a state advisory committee, if one is established for these purposes, before adopting these policies and procedures.

This bill would eliminate the requirement relating to the submittal of the policies and procedures to the advisory committee, but would require those departments to solicit and consider the oral and written comments of potential vendors for state electronic data processing and telecommunications procurements, including reprographics and other electronic-driven commodities, before adopting or amending policies and procedures.

Ch. 1107 (AB 1766) Hannigan. Flood protection.

Existing law provides for state cooperation with the federal government in the construction of specified flood control projects.

This bill would adopt and authorize the project for flood protection on the Sacramento River for the City of West Sacramento, in accordance with prescribed recommendations, at an estimated cost to the state of the sum that may be appropriated by the Legislature for state participation, upon the recommendation and advice of the Department of Water Resources or the Reclamation Board. The bill would authorize the department or the board to pay 50% of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project. The bill would prescribe related matters.

Ch. 1108 (AB 1884) Sher. Power facilities.

(1) Existing law, the Warren-Alquist State Energy Resources Conservation and Development Act, requires the State Energy Resources Conservation and Development Commission to prepare a written decision after a public hearing on an application for a thermal powerplant or electric transmission line which includes, among other things, findings regarding the conformity of the proposed facility with a 12-year forecast of electric power demand. The act prohibits the commission from certifying any facility unless its findings regarding that conformity are in the affirmative.

This bill would, if the proposed facility is the result of either a specified Public Utilities Commission auction or a utility's competitive solicitation for new generation resources, as specified, require the commission to make an affirmative finding regarding the facility's conformity with the integrated assessment of need for new resource additions, as specified. The bill would make related changes.

(2) The act requires the commission to issue its final decision within 12 months after the filing of an application for a thermal powerplant which will employ cogeneration technology or for a solar thermal powerplant. The act limits those facilities to 300 megawatts unless the commission, by regulation, authorizes a greater capacity.

This bill would require the commission to also issue its final decision within that 12-month period for a thermal powerplant which is the result of a competitive solicitation or negotiation for new generation resources and will employ natural gas-fired technology. The bill would delete that 300 megawatt limitation.

The bill would require an application for certification of certain types of thermal powerplants to include information relating to alternative sites, except as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1109 (SB 103) Greene. Sales and use taxes.

The existing Sales and Use Tax Law makes it a misdemeanor for a person, and each officer or any corporation, to engage in business as a seller without a permit or after a permit has been suspended or revoked.

This bill would subject a permitholder who fails to surrender a permit upon transfer of a business to liability for any tax, interest, and penalty incurred by the transferee during the calendar quarter in which the business is transferred, and the 3 subsequent calendar quarters, if the permitholder has actual or constructive knowledge that the transferee is using the permit in any manner. It would provide that these liability provisions relating to seller's permits shall not apply in cases where, after the transfer of a business, 80% or more of the real or ultimate ownership, as defined, of the business transferred is held by the predecessor.

The existing Sales and Use Tax Law provides an exemption for the gross receipts from the sale of, and the storage, use, or other consumption in this state of, specified types of mobilehomes, commercial coaches, certain vehicles, vessels, and aircrafts, as provided, when the person selling the property is either the parent, grandparent, child, grandchild, or spouse, or the brother or sister, as provided, of the purchaser, and the person selling is not engaged in the business of selling the type of property for which the exemption is claimed.

This bill would additionally exempt those specified types of mobilehomes, commercial coaches, certain vehicles, vessels, and aircraft that are sold to a revocable trust in which the seller has an unrestricted power to revoke the trust and other specified conditions are met.

Existing law requires that certain determinations made under the Sales and Use Tax Law be mailed to a taxpayer within a specified period of time, except in the case where another specified notice has been or is given.

This bill would require, with certain exceptions, that a notice of determination issued pursuant to specified provisions be mailed to an individual who was a general partner, as shown on the State Board of Equalization's records, and who, prior to the period covered by the determination, withdrew from the partnership, causing a change in ownership, and failed to notify the State Board of Equalization, within 4 years after the last day of the calendar month following the quarterly period in which the ownership change occurred, as provided. The bill would further provide that such an individual shall not be liable for any unpaid, self-assessed partnership liability that becomes due at least 3 years after the last day of the calendar month following the quarterly period in which the change in ownership occurred.

The existing Sales and Use Tax Law authorizes the State Board of Equalization to require the operator of a swap meet, flea market, or other special event to obtain from a person desiring to be a seller at that event either evidence of a valid seller's permit or a written statement that the person is not offering for sale any items subject to tax.

This bill would clarify the types of evidence and statements the State Board of Equalization may require an event operator to obtain from persons desiring to be a seller at the event, and would authorize an event operator to obtain the driver's license numbers of those persons in complying with the board's evidentiary requirements.

The existing Sales and Use Tax Law requires that a sales and use tax return be filed with the board on or before the last day of the month following each quarterly period of 3 months for the preceding quarterly period.

This bill would require any paid preparer, as defined, of a sales and use tax return to provide certain personal and business information on that return and would subject a paid preparer to a fine of $50 for each failure to provide that information.

The existing Sales and Use Tax Law requires any person whose estimated tax liability thereunder exceeds $50,000 per month to make prepayments of tax upon written notice from the State Board of Equalization, and establishes specified penalties for failure to make those prepayments.

This bill would generally require any person who is relieved of the penalties for failure to timely make prepayments of sales and use taxes to pay interest at a rate set by a specified statute from the date on which the prepayment would have been due until the

NOTE: *Superior numbers appear as a separate section at the end of the digests.*

actual date of payment.

Counties and cities are authorized to impose local sales and use taxes in conformity with state sales and use taxes. Exemptions from state sales and use taxes enacted by the Legislature are incorporated into the local taxes.

Section 2230 of the Revenue and Taxation Code provides that the state will reimburse counties and cities for revenue losses caused by the enactment of sales and use tax exemptions.

This bill would provide that no appropriation is made and the state shall not reimburse local agencies for sales and use tax revenues lost by them pursuant to this bill.

Ch. 1110 (SB 342) Maddy. Horseracing.

(1) Existing law, until January 1, 1994, permits any county fair, district agricultural association fair, or citrus fruit fair in the County of Kern or Santa Barbara to operate a satellite wagering facility at its fairgrounds, under certain conditions, even though the fair is not licensed to conduct a racing meeting. Until January 1, 1994, existing law also permits a satellite wagering facility in the County of Kern, Fresno, Tulare, Santa Barbara, or Ventura to receive the audiovisual signal from the northern, central, or southern zone, or from more than one of these zones at the same time.

This bill would continue that existing law beyond January 1, 1994, by deleting that repeal date.

(2) Under existing law, all revenue distributed to the state as license fees from satellite wagering facilities is required to be deposited in the Fair and Exposition Fund and is continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

By extending the duration of the provisions described in (1) above, this bill would provide for the continued payment of license fees by the satellite wagering facilities for deposit in the fund, thereby making an appropriation. By extending the duration of these provisions, the bill would also authorize the continued imposition of a state tax for purposes of Article XIII A of the California Constitution.

Ch. 1111 (SB 651) Kopp. Bankruptcy: exemptions.

Existing law sets forth the exemptions available in bankruptcy, as specified.

This bill would provide that the homestead exemption is available regardless of whether there is a money judgment against the debtor or whether a money judgment is being enforced by execution sale or any other procedure. The bill would also state that it is declaratory of existing law, and specify the findings and declarations of the Legislature in this regard.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1112 (SB 688) McCorquodale. Milk.

(1) Existing law provides for stabilization and marketing plans pursuant to which the Director of Food and Agriculture establishes minimum prices to be paid by handlers to producers for market milk. Those plans may contain provisions that authorize any handler to pool the milk for producer payment purposes.

This bill would set forth the amount that each producer shall be paid for pool quota production and production in excess of pool quota between January 1, 1994, and January 1, 1995.

(2) Existing law permits a producer-handler to operate outside a milk pooling plan, and to deduct from its class 1 sales before being required to account to the plan its original quota and quota purchased prior to January 1, 1978, plus a daily deduction of 150 pounds milk fat and 375 pounds solids not fat if it has not sold production base and pool quota subsequent to February 9, 1977; or if it has sold production base and pool quota subsequent to February 9, 1977, it may only deduct its original pool quota, and quota purchased prior to January 1, 1978.

This bill would permit every producer-handler to deduct from its class 1 sales before being required to account to the plan its original quota and any quota subsequently purchased plus a daily deduction of 150 pounds milk fat and 375 pounds solids not fat without regard to whether it has sold production base and pool quota subsequent to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

February 9, 1977.

Ch. 1113 (SB 704) Committee on Revenue and Taxation. Taxation.

(1) Existing law permits the State Board of Equalization to require that specified persons file security with the board with regard to certain taxes, as specified, in the form of a bond or bonds.

This bill would additionally allow that security to be in the form of cash or insured deposits in banks or savings and loan institutions, as specified.

The existing Motor Vehicle Fuel License Tax Law provides that the board may not fix the total amount of security required under that law in excess of $500,000.

This bill would, instead, provide that the total amount of security that may be required under that law may not be in excess of $1,000,000.

(2) Existing law permits the Controller or the State Board of Equalization, as the case may be, by service of a notice of levy, to require all persons having in their possession credits or personal property belonging to specified individuals or entities that are liable under certain tax laws, to withhold from the credits of personal property the amount of any liability of those specified individuals or entities under those tax laws.

This bill would additionally provide that any person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

(3) Existing law provides that certain notices of a deficiency determination pursuant to specified taxes administered by the State Board of Equalization must be given within 3 years of the date the amount was required to be paid.

This bill would, instead, require that those notices of deficiency determination be given within 3 years of the date the amount was required to be paid, within 3 years of the date the report or return was due, or within 3 years after the report or return was filed, whichever period expires later.

(4) The existing Cigarette and Tobacco Products Tax Law imposes a specified tax on the distribution of cigarettes. Existing law also imposes a penalty of $50 for each carton of 200 cigarettes, or portion thereof, upon any person who knowingly possesses, keeps, stores, or retains for the purpose of sale, or sells, or offers to sell, any package of cigarettes to which there is not affixed a stamp or meter impression, as specified.

This bill would increase that penalty to $100 for each carton of 200 cigarettes, or portion thereof.

Existing law creates the Cigarette Tax Fund and the Cigarette and Tobacco Products Surtax Fund into which all amounts required to be paid to the state under the Cigarette and Tobacco Products Tax Law are to be deposited. Those funds are continuously appropriated for specified purposes.

This bill would require, with regard to the $100 penalty for each carton of 200 cigarettes, or portion thereof, that the court transmit 50% of the penalty assessed to the local prosecuting jurisdiction and 50% of the penalty assessed to the State Board of Equalization for transmittal to the Treasurer for deposit in the General Fund.

(5) The existing Alcoholic Beverage Tax Law imposes a penalty of $5 for failure to file a tax return within the time prescribed for filing the return.

This bill would increase that penalty to $50.

(6) This bill would make other technical, clarifying changes to taxes that are administered by the State Board of Equalization.

Ch. 1114 (SB 714) Bergeson. The California Special Supplemental Food Program for Women, Infants, and Children.

Existing law authorizes the State Department of Health Services to conduct a statewide program for providing nutritional food supplements to low-income pregnant women, low-income postpartum and lactating women, and certain low-income infants and children who have been determined to be at nutritional risk by a health professional based on criteria established by the department.

Existing law requires contracts for direct services by all departments within the Health and Welfare Agency to be executed in accordance with prescribed procedures.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, the review and approval of the contracts by the Department of General Services is required.

This bill would exempt direct service contracts for the California Special Supplemental Food Program for Women, Infants, and Children from review and approval by the Department of General Services.

This bill would authorize the department to establish a revolving fund for use in administering the program.

The bill would not become operative if AB 454 of the 1993–94 Regular Session is chaptered.

Ch. 1115 (SB 770) Maddy. Horseracing: license fees.

Existing law requires every thoroughbred association conducting a racing meeting to pay daily license fees based on its daily conventional and exotic parimutuel handle. The meetings with a total parimutuel handle of $250,000,000 or more are required to pay higher fees than those with less than that amount.

This bill would limit the higher fees for meetings with a total parimutuel handle of $250,000,000 or more to the amount of handle in excess of $250,000,000.

Ch. 1116 (SB 986) Petris. Veterans.

Existing law provides for farm and home purchase benefits for qualifying veterans under the Veterans' Farm and Home Purchase Act of 1974. The act requires purchasers to insure all building and permanent improvements purchased under the program.

This bill would, instead, require that properties be covered by insurance, and that insurance purchased by the Department of Veterans Affairs be guaranteed replacement cost coverage with limited building code upgrade. The bill would require insurance policies purchased by the department be obtained to insure and keep insured against fire and other hazards all buildings, fences, and other permanent improvements.

This bill would authorize the department to charge a premium to purchasers for the cost of this insurance, not to exceed the actual cost to the department for the coverage provided.

This bill would require the department, upon renewal, to assist the purchaser in determining the insurance level necessary to repair or replace the damaged or destroyed dwelling with like or equivalent construction, and in how best to purchase additional coverage, if desired.

This bill would require the department to annually send a disclosure notice to all purchasers of residential property insurance provided through the department, identifying the type of coverage, and disclosing prescribed information relating to insurance coverage.

Existing law requires that the procurement of insurance or official bonds by any state agency be subject to approval of the Department of General Services, except purchases by certain agencies, including, but not limited to, the purchase of insurance by the department.

This bill would delete the department from this exception.

Existing law permits persons to appeal any decision of the department to the California Veterans Board, permits the board to delegate the holding of a hearing to the legal officer, and requires holding of the hearing in the department office nearest to the appellant's home unless the appellant requests otherwise.

This bill would delete the authority for the board to delegate the holding of a hearing of appeals to the legal officer, and would, instead, provide that the hearings related to the Veterans' Farm and Home Purchase Act may be held by administrative law judges of the Office of Administrative Hearings pursuant to certain provisions of existing law relating to administrative adjudication. It would permit all other hearings of appeals to be delegated to the chief deputy director or deputy director of the department.

This bill would delete the requirement that the hearing be held in the department office nearest to the appellant's home in the case of hearings held by the administrative law judges, and would, instead, require that all reasonable efforts be made to hold these hearings at neutral locations, unless no facilities are available without incurring excessive costs, in which case this bill would permit holding the hearings at the department office

NOTE: Superior numbers appear as a separate section at the end of the digests.

nearest to the appellant's home.

Ch. 1117 (SB 1030) Thompson. Commercial fishing: licenses: landing taxes: nets.

(1) Under existing law, the Department of Fish and Game is required to issue commercial fish business licenses which authorize persons to engage in specified commercial fish businesses. That law requires the fee for those licenses to be paid annually but does not expressly specify the term of those licenses.

This bill would specify that the commercial fish business licenses are valid from January 1 to December 1, inclusive, or if issued after the beginning of that term, for the remainder thereof.

(2) Under existing law, fish receivers and certain commercial fishermen are required to pay landing taxes for all fish landed for commercial purposes at specified rates, including $0.0013 per pound for herring.

This bill would increase that rate to $0.0125 per pound for herring.

(3) Existing law authorizes the use of trawl nets and Chinese shrimp nets in marine and brackish waters inside of the Golden Gate Bridge to take shrimp, oriental gobies, longjaw mudsuckers, and staghorn sculpin only in accordance with regulations which the Fish and Game Commission may prescribe.

This bill would also authorize the use of those nets to take plainfin midshipmen in those waters.

(4) Because the revenue from fees is deposited in the Fish and Game Preservation Fund, which is continuously appropriated to the department to carry out the Fish and Game Code, the bill would make an appropriation.

Ch. 1118 (SB 1045) Maddy. Horseracing: out-of-state betting systems.

Existing law provides for the regulation of horseracing, including wagering at satellite facilities. Under existing law, racing associations in this state may authorize out-of-state betting systems to accept wagers on horseraces conducted by these associations, as prescribed.

Existing law requires a racing association that authorizes a betting system located outside this state to accept wagers on a race to pay a license fee equal to 10% of the total amount received by the association from the out-of-state betting system, unless the out-of-state betting system is a parimutuel betting system in which case the association is required to pay a license fee equal to 10% of the total amount received by the association or ½ of 1% of the handle, whichever is greater. However, a thoroughbred association that hosts the series of races known as the "Breeder's Cup" is not required to pay the state license fee.

This bill would reduce the state license fee to 8% of the total amount received by the association from the out-of-state betting system, without regard to whether the out-of-state betting system is a parimutuel betting system. The bill would also require, with respect to thoroughbred racing only, that 3% of the amount remaining after payment of the state license fee be deposited with the official registering agency for distribution to the horsemen.

Ch. 1119 (SB 1196) Kelley. Reclaimed water.

The Porter-Cologne Water Quality Control Act requires the California regional water quality board to prescribe waste discharge requirements. Existing law regulates the use of reclaimed water. Existing law provides that it is state policy to make adequately treated reclaimed water available to supplement existing surface and underground supplies and to assist in meeting future water requirements of the coastal zone, and, in statewide programs of financial assistance for water pollution or water quality control, to consider providing optimum water reclamation and use of reclaimed water.

This bill would provide that it is state policy to allow the discharge of reclaimed water in the coastal zone if the reclaimed water is available and authorized for industrial use, as specified. The bill would state that specified waste discharge requirements shall be adjusted to reflect a credit given to the discharger for waste present in the reclaimed water before reuse. The bill would also state that the credit shall be limited to the difference between the amount of waste present in the nonreclaimed water supply

NOTE: Superior numbers appear as a separate section at the end of the digests.

otherwise available to the industry and the amount of waste present in the reclaimed water.

The bill would provide that it is state policy that no enforcement action be taken against the discharger if the amount of waste in the discharge exceeds prescribed requirements because the amount of waste in the reclaimed water is in excess of that agreed to be furnished by the supplier to the discharger unless certain requirements are met. The bill would make legislative findings and declarations.

Ch. 1120 (SB 1237) Maddy. Horseracing: licenses: secretary.

(1) Under existing law, the California Horse Racing Board may appoint a secretary to be the board's executive officer.

This bill would provide for the appointment of a director to be the board's executive officer.

(2) Under existing law, no license to conduct a horserace meeting upon a track may be issued unless the track has been inspected and approved by the board.

This bill would instead provide that no license to conduct a horserace meeting upon a track may be issued unless the track has been inspected by the board within 30 days prior to the date of application for a license. This provision would become operative on January 1, 1995.

(3) Under existing law, the board may authorize an association or fair licensed to conduct a racing meeting to operate a satellite wagering facility for wagering on races conducted at its racetrack inclosure, subject to specified conditions, including the execution of an agreement approved by the board.

This bill would require the agreement to include any agreement respecting the payment of fees and charges by one party to the other in substitution of, or in addition or supplemental to, amounts distributed from the parimutuel pool pursuant to existing law.

(4) Existing law provides that an association may, but is not required to, accept the audiovisual signal of night harness, quarter horse, Appaloosa, or Arabian races.

This bill would provide that acceptance of the audiovisual signal may be on the terms and conditions that the parties may mutually agree upon.

(5) Existing law provides that if an association produces a signal of its program, the signal is required to be made available to certain satellite wagering facilities.

This bill would permit, rather than require, the association to make the signal available.

(6) Existing law permits a mule racing meeting, with wagering on the results, to be conducted by the 18th District Agricultural Association, which meeting may not exceed 10 races per day for not more than 4 days.

This bill would permit mule races to be conducted by any county fair, district agricultural association fair, or citrus fruit fair, which meeting may not exceed 10 races per day for more than 11 days. Under existing law, all revenue distributed to the state as license fees from mule racing is required to be deposited in the Fair and Exposition Fund and is continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes. The bill would, by increasing the number of permissible meetings, increase the amount of continuously appropriated license fees, thereby making an appropriation. The bill would also authorize the imposition of a state tax for purposes of Article XIII A of the California Constitution.

(7) This bill would also make technical, nonsubstantive changes in the Horse Racing Law.

Ch. 1121 (AB 63) Brulte. Bank and corporation taxes: alternative minimum tax.

The existing Bank and Corporation Tax Law imposes specified taxes, including an alternative minimum tax, as defined, in partial conformity with federal income tax laws. The alternative minimum tax is imposed on alternative minimum taxable income, which is comprised of income and specified items of tax preference, including, among other things, adjusted current earnings. The Bank and Corporation Tax Law provides that for purposes of conformity to federal income tax laws, adjusted current earnings shall be computed by, among other things, allowing a deduction for specified dividends declared

NOTE: Superior numbers appear as a separate section at the end of the digests.

from income under franchise, alternative minimum, or income taxes, specified insurance company dividends to a major corporate stockholder, specified qualifying dividends, and specified intercompany dividends.

This bill would provide, for specified periods and income years, that in computing adjusted current earnings for purposes of the alternative minimum tax, a special deduction, as provided, shall be allowed to credit unions with respect to income resulting from or arising out of specified business activities for or with the members thereof. It would also provide, in computing the alternative minimum tax, that credit unions be included within a special rule applicable to certain cooperatives with respect to each specified income year.

The existing Bank and Corporation Tax Law provides that in the case of certain associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members carried on by them or their agents, or when done on a nonprofit basis for or with nonmembers, shall be an allowable deduction.

This bill would provide that income resulting from or arising out of business activities for or with their members includes, but is not limited to, all income resulting from reciprocal transactions with member credit unions. This bill would also make certain legislative findings and declarations regarding the provisions of this bill.

This bill would provide that specified provisions shall become operative only if this bill and AB 35 are enacted and this bill is enacted after AB 35.

This bill would take effect immediately as a tax levy, but certain provisions would become operative as provided.

Ch. 1122 (AB 383) Lee. Occupational safety and health: lead-related construction work.

Existing law requires the State Department of Health Services to establish and maintain a program on occupational health and occupational disease prevention, including provision of technical assistance to the Department of Industrial Relations and other agencies in matters of occupational disease prevention and control.

This bill would establish within the State Department of Health Services a program to meet the requirements of certain federal hazard and safety laws, and would require the department, in consultation with the Department of Industrial Relations, to adopt regulations thereunder with respect to, among other things, workers who engage in lead-related construction work. It would require the department, not later than August 1, 1994, to adopt regulations establishing fees for the accreditation of training providers, the certification of individuals, and the licensing of entities engaged in lead-related occupations, as provided.

Existing law establishes both the Division of Occupational Safety and Health and the Occupational Safety and Health Standards Board within the Department of Industrial Relations. It authorizes the standards board to adopt, amend, and repeal occupational safety and health standards and orders and authorizes the division to enforce and administer those standards and orders.

This bill would define "lead-related construction work," and would require the Division of Occupational Safety and Health, on or before February 1, 1994, to propose to the Occupational Safety and Health Standards Board for its review and adoption, a standard, including certain specified requirements, that protects the health and safety of employees who engage in lead-related construction work. It would require the board to adopt the standard on or before December 31, 1994.

Ch. 1123 (AB 1476) Speier. School districts: compliance reviews: sex discrimination.

(1) Existing law requires an educational institution to provide assurance to the agency administering state financial assistance or state pupil financial aid, that each program or activity conducted by the educational institution is in compliance with provisions of state law prohibiting discrimination on the basis of sex, before receiving that financial assistance.

This bill would require the Superintendent of Public Instruction, within existing

NOTE: Superior numbers appear as a separate section at the end of the digests.

resources, to review and revise the policies and practices of programs within the State Department of Education that provide services to school districts in order to promote improved gender equity. The bill would also require the superintendent to make available specified data compiled by gender and ethnicity. The bill also would require the superintendent to request the United States Department of Education to amend a specified grant received pursuant to specified federal laws so that the money may be used for gender equity monitoring and assistance activities.

The bill would also specify that compliance with specified sex discrimination provisions shall be included in the annual Coordinated Compliance Review Manual provided to school districts by the superintendent. The bill would require the superintendent, when sufficient funds are appropriated, to annually review 20 school districts for compliance with sex discrimination laws and regulations. The requirement that school districts consider these subjects in response to the review manual would result in the imposition of a state-mandated local program.

(2) The bill would appropriate $80,000 to the superintendent to carry out the provisions of the bill.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1124 (AB 1561) Baca. Community colleges: financial aid.

(1) Existing law declares the intent of the Legislature to provide financial aid funds directly to low-income students who cannot pay the fees imposed at community colleges and for the purpose of defraying that fee for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program, or a dependent or surviving spouse of any member of the California National Guard who was killed, died of a disability, or is permanently disabled as a result of events while serving in the line of duty.

This bill would provide, instead, for the waiver of that fee under those circumstances. The bill would also include students with demonstrated financial need within the class of students eligible for that waiver and would also authorize the governing board to waive that fee for any student who demonstrates eligibility according to specified income standards established by the Board of Governors of the California Community Colleges. To the extent that increased duties would thereby be imposed on the governing boards of community college districts, the bill would impose a state-mandated local program.

(2) The bill would require the Board of Governors of the California Community Colleges to allocate funds appropriated for the Board Financial Aid Program pursuant to specified provisions of law relating to the community college enrollment fee.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(4) The bill would reappropriate 91% of the funds allocated for the Board Financial Aid Program by a specified item of the Budget Act of 1993 to another item in that Budget Act governing apportionments.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1125 (AB 1630) Nolan. Vehicle theft.

Existing law provides for the forfeiture of assets of any person convicted of engaging in a pattern of "criminal profiteering activity," as defined.

Prior to January 1, 1993, the definition of a "criminal profiteering activity" included activities involving the theft or taking of motor vehicles, trailers, vessels, or vehicles, as specified. These provisions were repealed on January 1, 1993.

This bill would add these latter provisions back into the existing definition of "criminal profiteering activity," thus providing for the forfeiture of assets of these persons. This provision would be repealed on January 1, 1997.

Existing law prohibits acts related to participation in any criminal street gang and specifies enhancements for offenses that are committed for the benefit of, at the direction of, or in association with any criminal street gang, as specified. For the purposes of these provisions, "criminal street gang" is defined as any ongoing organization, association, or group of 3 or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the offenses of assault with a deadly weapon or by means of force likely to produce great bodily injury, robbery, unlawful homicide, specified controlled substance offenses, shooting at an inhabited dwelling or occupied motor vehicle, arson, and intimidation of witnesses and victims, as specified.

This bill would add to the list of specified criminal offenses, for the purposes of these provisions pertaining to criminal street gangs, grand theft of any vehicle, trailer, or vessel. Because this bill would change the definition of a crime by expanding the scope of criminal street gang activity, it would impose a state-mandated local program.

Existing law specifies various penalties pertaining to auto theft which became operative January 1, 1993.

This bill would revise these provisions and make a clarifying change. This bill also would increase the penalties for these offenses involving auto theft in cases in which the defendant has been convicted previously of these offenses, as specified, by returning the penalties to what they were as of December 31, 1992, to remain operative only until January 1, 1997, and on that date these provisions would be repealed. This bill would increase the penalties for a crime, thereby imposing a state-mandated local program.

Existing law authorizes a probation officer to cause an affidavit to commence juvenile court proceedings to declare a person a ward of the juvenile court to be taken to the prosecuting attorney within 48 hours if it appears the minor has been referred to the probation officer based on certain listed criminal conduct under specified circumstances.

This bill, additionally, would apply this provision to instances where it appears to the probation officer that a minor was 14 years of age or older at the date of the offense and the offense is grand theft of a motor vehicle, trailer, or vessel, or special construction equipment, or is the unlawful driving or taking of a vehicle without consent.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1126 (AB 1777) O'Connell. Hazardous materials: fire protection.

(1) Existing law requires that any business which handles a hazardous material, except as specified, adopt a business plan for response to the release of hazardous materials and submit an annual inventory form specifying the hazardous materials handled above certain amounts to the local administering agency, as defined. A violation of the laws regulating hazardous materials is a crime.

Existing law requires the State Fire Marshal to prepare, adopt, and submit for approval to the State Building Standards Commission, building standards and other fire and life safety regulations establishing minimum standards for the storage and handling and use of hazardous materials, as defined in the Uniform Fire Code, as specified.

This bill would require the Office of Emergency Services, by January 1, 1995, in consultation with the administering agencies and the State Fire Marshal, to adopt by

NOTE: Superior numbers appear as a separate section at the end of the digests.

regulation, a single comprehensive addendum to the hazardous materials reporting form for businesses to submit to administering agencies for purposes of complying with the requirements of filing a hazardous materials inventory form and complying with certain requirements of the Uniform Fire Code with regard to the handling of hazardous materials. The bill would require a business filing an inventory form to also file the addendum with the administering agency, if required by the local fire chief, thereby imposing a state-mandated local program by creating a new crime.

The bill would require a business which is not required to file a hazardous materials inventory form but which is required by the local fire chief to comply with those requirements of the Uniform Fire Code to file the inventory form and the addendum with the local fire chief , if determined to be necessary by the local fire chief.

The bill would provide that any business which files the inventory form and the addendum is deemed to have met certain requirements of the Uniform Fire Code with regard to hazardous materials inventory statement requirements and that any business which establishes and maintains a business plan for emergency response to a release or a threatened release of a hazardous material is deemed to have met certain requirements of the Uniform Fire Code with regard to hazardous materials management plans. The bill would make legislative findings and declarations in that regard.

The bill would require the administering agency to be the sole enforcement agency for purposes of determining compliance with these requirements, except as specified, and would require the administering agency to forward information collected to local agencies within 15 days of receipt, thereby imposing a state-mandated local program by imposing new duties upon local agencies.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 1127 (AB 1899) Harvey. Kiwifruit: timber: winegrapes.

(1) Existing law defines kiwifruit as, among other things, a species Actinidia chinensis planch.

This bill would, instead, define kiwifruit as, among other things, a species Actinidia deliciosa.

(2) Existing law relating to the California Winegrape Growers Commission authorizes the commission to grant an exemption from, or refund of, the assessment for winegrapes grown by a producer under various circumstances.

This bill would revise certain of those circumstances.

(3) Existing law provides for the regulation of the marketing of forest products by the California Forest Products Commission. Existing law provides for the membership and qualifications of the members of the commission, including the producer member, who is required to be a producer, as defined, or an employee representing a producer.

This bill would, instead, require that member to be a producer or an authorized representative of a producer. The bill would also provide that a person in California who owns, controls, or is affiliated with any other person engaged in the selling or acquiring of timber in California in any marketing year is the producer of all timber sold or acquired by that person. Because a violation of the requirement that producers report and record specified information is a crime, the bill would impose a state-mandated local program.

The bill would also change the maximum number of 3-year terms that a member of the commission may serve from 2 to 3.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) The bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1128 (SB 460) Thompson. Community colleges: fees.

(1) Existing law requires the governing board of each community college district to charge a fee of $50 per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public or private postsecondary educational institution. Existing law also requires each governing board to grant an exemption from the payment of those fees to dislocated workers, displaced homemakers, and recipients of certain specified public benefits. Existing law requires that the governing boards charge those students $13 per semester unit, as specified.

This bill also would exempt from the $50 per semester unit fee, or the quarter unit equivalent, any student who is employed by, or who is a volunteer of, a public agency that provides police, corrections, fire protection, probation, emergency medical services, or emergency medical dispatch services, for any course taken for the purpose of fulfilling a state-mandated training requirement. The bill would require, instead, that those students pay the $13 per semester unit fee for those courses. The bill would thereby impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(3) The bill would not become operative unless Assembly Bill 39 is chaptered.

Ch. 1129 (SB 855) Greene. Sacramento Regional County Solid Waste Management District.

(1) Existing law, the California Integrated Waste Management Act of 1989, requires the preparation of countywide or regional agency integrated waste management plans that include source reduction and recycling elements and household hazardous waste elements prepared by each city, county, or regional agency. The act provides for local enforcement agencies. The California Integrated Waste Management Board may, under certain circumstances, act as a local enforcement agency.

This bill would enact the Sacramento Regional County Solid Waste Management District Act to create the Sacramento Regional County Solid Waste Management District on July 1, 1994, if specified conditions are met. The bill would authorize the district to manage solid waste within the district, as specified, and to operate as a regional agency subject to the act for purposes of meeting solid waste planning and diversion requirements of the act. The district governing board would be required to either designate a local enforcement agency or request the board to act as the enforcement agency pursuant to the act. The bill would impose a state-mandated local program by requiring the county and cities within Sacramento County to appoint members to the governing board of the district and by requiring the county to be the administering and lead agency for the district.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1130 (AB 1888) Sher. Environmental quality.

(1) Existing law, the California Environmental Quality Act, requires a lead agency, as defined, to prepare and certify an environmental impact report on a project which it intends to carry out or approve that may have a significant effect on the environment, as defined, or to adopt a negative declaration if it finds that the project will not have that effect either as proposed or as mitigated.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize a master environmental impact report to be prepared for specified projects which may, under specified circumstances, allow for limited review of subsequent projects described as being within the scope of the master environmental impact report. The bill would, under specified circumstances, permit a proposed mitigated negative declaration to be prepared for a proposed project where an initial study has identified potentially new or additional significant effects on the environment, as defined, that were not analyzed in the master environmental impact report.

The bill would permit a focused environmental impact report, as prescribed, to be utilized by a lead agency where it finds that the analysis in the master environmental impact report of cumulative impacts, growth-inducing impacts, and irreversible significant effects on the environment is adequate for the subsequent project. The bill would prescribe requirements for the use of a focused environmental impact report.

The bill would revise requirements for the contents of environmental impact reports, as specified.

(2) The bill would, if a draft environmental impact report, environmental impact report, focused environmental impact, or negative declaration is prepared under a contract to a public agency, require that the contract be executed within 45 days from the date on which an application requesting approval of the project is received and accepted as complete by the local agency. The bill would impose a state-mandated local program by imposing this and other duties on local lead agencies.

(3) The act requires the Office of Planning and Research to develop and prepare proposed guidelines for the implementation of the act and to review the guidelines at least every 2 years, requires the Secretary of the Resources Agency to certify and adopt the guidelines, and prescribes related matters.

This bill would require the secretary to certify and adopt guidelines and amendments thereto, at least once every 2 years. The bill would make various clarifying and technical changes in those provisions.

The bill would, by July 1, 1995, require the office to recommend proposed changes and the secretary to certify and adopt revisions to the guidelines to reflect the changes to the act made by the bill.

The bill would require the office, by March 1, 1994, to implement, utilizing existing resources, a public assistance and information program to ensure efficient and effective implementation of the act, as specified.

(4) The act establishes specified public review periods for environmental impact reports and negative declarations, and requires specified public notices to be posted in the office of the county clerk for 30 days.

This bill would apply that 30-day period only to environmental impact reports, would require those notices for negative declarations to be posted for 20 days, except as specified, and would require the county clerk to post certain notices within 24 hours of receipt. The bill would make a corresponding change, and would make other changes, relating to the public review process. By imposing these requirements on local agencies, the bill would impose a state-mandated local program.

(5) Under existing law, actions or proceedings brought to enforce compliance with the act are required to be given preference over other civil actions.

This bill would require the superior courts in all counties with a population of more than 200,000 to designate one or more judges to develop expertise in the act and related land use and environmental laws, thereby imposing a state-mandated local program.

(6) The act requires the lead agency to consult with responsible agencies and other public agencies prior to determining whether an environmental impact report or negative declaration is required, and requires the Office of Planning and Research to assist the lead agency in determining the responsible agencies.

This bill would, prior to that consultation, authorize an informal contact and would require consultation, as specified, upon the request of a potential applicant. The bill would require mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources to be limited to measures which mitigate impacts to resources that are subject to the statutory authority of, and definitions applicable to, that agency.

(7) The act provides that no environmental impact report or negative declaration is required for housing or neighborhood commercial construction if the project, among other specified conditions, is consistent with a specific plan.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would instead provide that no other environmental determination is required under those conditions, if the project is consistent with a specified regulatory document.

(8) The bill would make legislative findings and declarations.

(9) The bill would become operative only if SB 919 is enacted and takes effect.

(10) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1131 (SB 919) Dills. *Environmental quality.*

(1) Existing law, the California Environmental Quality Act, requires a lead agency, as defined, to prepare an environmental impact report on any project which it proposes to carry out or approve that may have a significant effect on the environment, with specified exemptions.

This bill would exempt from the act a discretionary decision by an air quality management district for a project consisting of the application of coatings within an existing facility at an automotive manufacturing plant if the district makes specified findings. The bill would impose a state-mandated local program by imposing new duties on local agencies with regard to determining the applicability of, and giving notice of, the exemption.

The bill would require an environmental impact report to be prepared if there is substantial evidence, as defined, in light of the whole record before the agency that the project may have a significant effect on the environment, and would prescribe related matters.

(2) The act prohibits a public agency from carrying out or approving a project for which an environmental impact report has been completed which identifies one or more significant effects on the environment unless the agency makes one or more of specified findings, which may include a finding that specific economic, social, or other considerations make infeasible the mitigation measures or alternatives identified in the environmental impact report.

This bill would include legal and technological considerations and provide that those considerations include considerations for the provision of employment opportunities for highly trained workers.

(3) The act requires the lead agency to determine whether a project may have a significant effect on the environment based on substantial evidence in the record, and requires a court, in an action or proceeding challenging an action of a public agency on the grounds of noncompliance with the act, to determine whether the action of the agency is supported by substantial evidence in light of the whole record. State guidelines adopted by the Secretary of the Resources Agency to implement the act require the preparation of an environmental impact report if it can be fairly argued on the basis of substantial evidence that the proposed project may have a significant effect on the environment.

This bill would require the lead agency to make its determination based on substantial evidence in light of the whole record, as specified.

The bill would require the court to make a specified finding before issuing an order requiring a public agency or real party in interest to suspend activity relating to a project in an action or proceeding under the act, as specified. The bill would prohibit the bringing of an action or proceeding under the act unless the alleged grounds for noncompliance with the act were presented to the public agency, and unless the person bringing the action or proceeding objected during the public comment period, or prior to the close of the public hearing on the project.

(4) Existing law prohibits a lead agency under the act, in establishing criteria for the completeness of an application for a development project, from requiring the informational equivalent of an environmental impact report as a prerequisite for completeness of the application.

This bill would also apply that prohibition to a responsible agency, and would prohibit the lead or responsible agency from otherwise requiring proof of compliance with the act as such a prerequisite. The bill would require a responsible agency, at the request of

NOTE: Superior numbers appear as a separate section at the end of the digests.

the applicant, to commence processing the permit application prior to final action by the lead agency, to the extent that necessary information is available, thereby imposing a state-mandated local program.

(5) The bill would require certain state agencies to perform an environmental analysis containing specified information at the time of adopting a specified rule or regulation, performance standard, or treatment requirement.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(7) The bill would become operative only if AB 1888 is enacted and takes effect.

Ch. 1132 (AB 39) Archie-Hudson. Student fees.

(1) Existing law generally provides for the imposition of student fees and tuition at the University of California, the Hastings College of the Law, the California State University, and the California Maritime Academy. Existing law requires the governing boards of those institutions to charge duplicate degree tuition, as defined, to any student who has earned a degree equivalent to or higher than the degree awarded by the program in which the student is enrolled, with specified exemptions. Under existing law, these provisions became operative at the commencement of the first regular academic semester, quarter, or term commencing on or after July 1, 1992.

This bill would revise the time of operation of those provisions to the commencement of the first regular academic semester, quarter, or term commencing on or after July 1, 1993. The bill also would require the governing boards of the institutions delineated above to charge duplicate degree tuition to any student who has earned a baccalaureate degree or postbaccalaureate degree and who is enrolled without a declared degree objective, with specified exemptions. The bill would define "degree" for purposes of the duplicate degree tuition provisions.

(2) Existing law exempts, among other persons, each enrollee in a first credential program for elementary or secondary school teachers from duplicate degree tuition at the University of California, the Hastings College of the Law, the California State University, and the California Maritime Academy.

This bill would, instead, exempt from duplicate degree tuition at those institutions a person who has earned an education credential or certificate who is an enrollee in a program leading to a nonadministrative credential or certificate that has been approved by the Commission on Teacher Credentialing.

(3) Existing law requires the governing board of each community college district to charge a fee of $50 per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public or private postsecondary educational institution.

This bill would specify that the private postsecondary educational institutions are those that are approved to operate by the Council for Private Postsecondary and Vocational Education, accredited by an agency recognized by the United States Department of Education, or operated pursuant to other specified provisions of existing law. The bill would also require that any student charged a fee pursuant to these provisions be exempt from other specified fees.

(4) Existing law also requires the governing board of each community college district to grant an exemption from the payment of the $50 fee per semester unit, or quarter unit equivalent, to dislocated workers, displaced homemakers, and recipients of certain specified public benefits. Existing law requires the governing board to charge students who are granted that exemption $10 per unit per semester, except as specified.

This bill would, in addition, grant an exemption to an enrollee in a course offered pursuant to a contract between the community college and a public or private entity if certain conditions are met and to a student who demonstrates financial need in excess of the amount of the fee, as specified.

The bill would require that, for the purposes of computing apportionments to community college districts, 98% of the revenues received by districts from charging a fee pursuant to these provisions be deemed to be local property tax revenue, as prescribed.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill also would require the Chancellor of the California Community Colleges to reduce the apportionments by up to 10% to any district that does not collect these fees.

To the extent that increased duties would be imposed on the governing boards of community college districts, the bill would impose a state-mandated local program.

(5) Existing law authorizes the governing boards of community college districts to require students to pay a fee in the total amount of not more than $10 for each semester, $7 for summer school, or $7 for each quarter for health supervision and services.

This bill, in addition, would authorize the governing boards of community college districts to require students to pay a fee in the total amount of not more than $7 for each intersession of at least 4 weeks for health supervision and services.

(6) Existing law prohibits any decreases in the 1992–93 fiscal year in credit full-time equivalent students (FTES) resulting from the implementation of duplicate degree tuition at the community colleges from resulting in any reduction in revenue for the 1993–94 fiscal year. Existing law requires that decreases in FTES in the 1992–93 fiscal year result in a revenue reduction over the 3-year period beginning with the 1994–95 fiscal year, except that community college districts are entitled to restore any reductions in apportionment revenue if there is a subsequent increase in FTES.

This bill would require that, for purposes of these provisions, any revenue loss associated with decreases in FTES be distributed on a district-by-district basis. The bill would prohibit district revenue loss from being distributed on a statewide average basis.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(8) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1133 (SB 429) Lewis. Insurance: assigned risk plan.

The existing California Automobile Assigned Risk Plan is required to contain, among other things, provisions showing the basis upon which premium charges are made, and the manner of payment thereof.

This bill would establish additional requirements as to the amount and determination of those premium charges.

Ch. 1134 (SB 558) Killea. Insurance.

Existing law, with a specified exception, allows credit in accounting and financial statements permitted by the Insurance Code with respect to reinsurance ceded to an alien reinsurer, subject to certain enumerated conditions. One such condition is where it has been demonstrated by any ceding insurer to the satisfaction of the Insurance Commissioner (for purposes of accreditation), that the alien reinsurer is a group of individual unincorporated underwriters, that meets certain conditions.

This bill would, instead, specify that the alien reinsurer be a group of insurers, including individual insurers.

Under existing law, an insurer may not transact insurance in this state without first being an admitted insurer. However, existing law permits insurance to be placed with a nonadmitted insurer by a surplus line broker under certain circumstances.

This bill would, contingent upon the chaptering of both SB 429 and AB 1021, additionally provide that a surplus line broker shall not solicit or place insurance with a nonadmitted insurer, which insurance covers private passenger automobiles, as defined, if the insurance contains the limit of coverage provided under the California Automobile Assigned Risk Plan, unless the surplus line broker, producing agent, broker, or insured has first submitted to the California Automobile Assigned Risk Plan a properly completed and executed application in accordance with the requirements of the plan for the coverage provided by the plan and the plan itself has determined that the application is ineligible for the limits of coverage applied for and so notifies the surplus line broker or insured in writing.

Existing law requires the Insurance Commissioner to make 2 reports concerning the

NOTE: Superior numbers appear as a separate section at the end of the digests.

motor vehicle insurance assigned risk plan. One report concerns the operations of the plan, and the other is a report based on information required to be filed by insurers.

This bill would provide for a single combined report, and would make related changes.

Ch. 1135 (AB 1021) Peace. Motor vehicle insurance: assigned risk.

Existing law requires a certificate of eligibility to accompany an application for coverage under the assigned risk plan. If the applicant meets the criteria for purchase of a good driver's discount policy, that certificate must be accompanied by a letter of refusal dated during the 60-day period preceding the application date showing that the applicant has been declined by an insurer admitted to write private passenger automobile liability insurance in this state. The certificate must be signed by the applicant under penalty of perjury to verify its accuracy, and is only required with applications for personal lines automobile insurance through the plan. The agent or broker is also required to sign the certificate indicating that he or she has reviewed it for completeness. However, if the need for insurance is immediate, the letter of refusal may be submitted to the plan within 30 days of submission of the certificate of eligibility.

This bill would delete the requirement that the certificate be accompanied by a letter of refusal, and instead would provide that the fact that an applicant has specified in the certificate of eligibility a particular insurer as having denied automobile insurance coverage shall not, by itself, be sufficient to sustain a finding that the insurer denied the applicant automobile insurance coverage in violation of specified requirements.

The bill would become operative only if SB 558 and SB 429 are also enacted.

Ch. 1136 (AB 1426) Burton. Open meetings of local government.

The Ralph M. Brown Act generally requires that the meetings of the legislative bodies of local agencies, as those terms are defined, be conducted openly, with specified exceptions. Among other things, the act provides for certain notice requirements concerning public meetings and makes it a misdemeanor for a member of a legislative body to attend a meeting where a violation occurs with knowledge of the fact that the meeting violates the act.

This bill would also define "member of a legislative body of a local agency" to include any person elected to serve as a member of a legislative body and who has not yet assumed the duties of office.

The Ralph M. Brown Act generally requires all meetings of the legislative body of a local agency to be open and public.

This bill would define "meeting," with exceptions, as any congregation of a majority of the members of a legislative body in the same time and place to hear, discuss, or deliberate upon any item within the subject matter jurisdiction of the legislative body or its local agency, and any use of direct communication, personal intermediaries, or technological devices employed by a majority of the members to develop a collective concurrence as to action to be taken on an item.

Existing law requires all meetings of the legislative body of a local agency shall be open and public with specified exceptions.

This bill would prohibit a legislative body from taking action by secret ballot.

The Ralph M. Brown Act permits recording of open and public meetings by any person.

This bill would make any recording made at the direction of a local agency subject to inspection pursuant to the California Public Records Act, as specified.

The bill would also provide that no legislative body shall prohibit or otherwise restrict the broadcast of its proceedings in the absence of a reasonable finding that the broadcast cannot be accomplished without disruption.

Under the Ralph M. Brown Act, meetings of the legislative body of a local agency need not be held within the boundaries of the territory over which the agency exercises jurisdiction. If an emergency makes the designated meeting place unsafe the presiding officer may designate a meeting place for the duration of the emergency.

This bill would require regular and special meetings to be held within the boundaries of the territory of the agency, with limited exceptions and with additional exceptions for the governing board of a school district, and would permit the presiding officer's

NOTE: Superior numbers appear as a separate section at the end of the digests.

designee to designate an emergency meeting place.

The Ralph M. Brown Act requires the posting of an agenda at least 72 hours before a regular meeting of a legislative body briefly describing each item of business and restricts action or discussion of the meeting to these items on the agenda, unless, by at least a ⅔ vote, as specified, the legislative body decides there is a need for action on a nonagenda item.

This bill would instead require the agenda to contain a brief general description of each item of business to be transacted or discussed, including items to be discussed in closed session and would permit members of a legislative body to respond to certain questions not relating to agenda items. This bill would make further restrictions on the discussion or action on nonagenda items.

The Ralph M. Brown Act requires the agenda for a regular meeting to provide an opportunity for members of the public to address the legislative body.

This bill would require the agenda for a special meeting at which action is proposed to be taken on an item to provide an opportunity for members of the public to address the legislative body prior to action on the item. The bill would further require the legislative body not to prohibit public criticism of the agency, as specified.

This bill would also prescribe disclosures of the nature of closed sessions according to a specified format.

The Ralph M. Brown Act authorizes closed sessions of a legislative body to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session would prejudice the position of the local agency in the litigation and describes the facts and circumstances that constitute pending litigation. Existing law states that this authority is the exclusive expression of the lawyer-client privilege for purposes of conducting closed sessions pursuant to the act. The act requires the legal counsel to prepare a memorandum concerning the reasons and legal authority for the closed session.

This bill would state that this authority for closed sessions for the legislative body to confer with or receive advice from its legal counsel does not limit or otherwise affect the lawyer-client privilege as it may apply to written or other communications outside meetings between the legislative body and its legal counsel. The bill would specify additional facts and circumstances for determining what is pending litigation. The bill would delete the memorandum requirement.

Under the Ralph M. Brown Act, closed sessions may be held for various reasons, including matters relating to employees, as defined.

This bill would revise the definition of employee to include an officer or independent contractor who functions as an officer or employee and to exclude any elected official, member of a legislative body, or other independent contractor and would require that, as a condition of holding a closed session on complaints against an employee, charges to consider disciplinary action, or to consider dismissal, the employee be given written notice of his or her right to a public session. The failure to give the notice would nullify any action taken in the closed session against the employee.

The Ralph M. Brown Act requires the legislative body to publicly report closed-session actions taken and roll call votes to appoint, employ, or dismiss a public employee.

This bill would instead require the legislative body to publicly report any action taken in closed session and the vote or abstention of every member present on real estate negotiations, litigation and pending litigation issues with specified exceptions, claims for various liability losses, various personnel actions, and certain collective bargaining matters. The bill would prohibit any action for injury to reputation, liberty, or other personal interest by an employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with these provisions. The bill would prescribe how the reports are to be made and would require a brief statement of the information to be posted, as specified, thereby imposing a state-mandated local program.

Under the Ralph M. Brown Act, agendas and writings distributed to members of the legislative body by persons connected with the body for discussion or consideration at a public meeting of the body are public records unless specifically exempt from public disclosure.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would specify that writings intended for distribution to members by any person in connection with a matter subject to discussion or consideration at a public meeting are public records, and would specify that writings intended for distribution prior to commencement of a public meeting are public records. The bill would require that writings that are made public records under this provision and are distributed during a public meeting shall be made available for public inspection at the meeting, or after the meeting, as specified.

The Ralph M. Brown Act requires the legislative body to state the general reason or reasons for holding any closed session prior to or after holding the closed session.

This bill would require the disclosure of the items to be discussed in the closed session prior to holding the closed session.

The Ralph M. Brown Act makes it a misdemeanor for a member of a legislative body to attend or participate in a meeting of the legislative body where action is taken in violation of the act with knowledge of the fact that the meeting is in violation of the act.

This bill would instead make it a misdemeanor if the member attends or participates with wrongful intent to deprive the public of information to which it is entitled under the act.

This bill, by enlarging the number of persons and bodies subject to the Ralph M. Brown Act and by revising the definition of a meeting elsewhere in the bill, would enlarge the scope of existing crimes and would create new crimes and would thereby impose a state-mandated local program.

The Ralph M. Brown Act permits any interested person to commence an action by mandamus or injunction to obtain a judicial determination that an action taken by a legislative body in violation of specified provisions of the act is null and void, unless any of specified conditions exist. However, a prior demand must first be made of the legislative body to cure or correct the alleged violation within 30 days from the date the action was taken.

This bill would expressly permit the district attorney or any interested person to commence an action as described and would also permit an action to determine the validity of any rule or action by the legislative body to limit the expression of its members or to compel the legislative body to tape record its closed sessions, as specified. The bill would also require the written demand to be made within 90 days if the alleged violation occurred in a closed meeting.

The bill would prohibit the conduct of meetings or functions in facilities inaccessible to disabled persons or that require members of the public to make a payment or purchase. The bill would provide that no notice, agenda, announcement, or report required by the act need identify any victim or alleged victim of tortious sexual conduct or child abuse, as specified.

Existing law expressly permits the board of directors of a hospital district and the board of trustees of a municipal hospital to hold closed sessions for specified purposes.

This bill would expressly permit the board of directors of a county hospital to hold closed sessions on reports of hospital medical audits or quality assurance committees and would permit an applicant or medical staff member whose staff privileges are the direct subject of a hearing to request a public hearing.

This bill would provide that its provisions shall be operative only if SB 36 and SB 1140 are chaptered and become operative.

This bill would provide that it shall become operative on April 1, 1994.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the cost of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1137 (SB 36) Kopp. Open meetings of local government.

The Ralph M. Brown Act generally requires that the meetings of the legislative bodies of local agencies, as those terms are defined, be conducted openly, with specified exceptions. Among other things, the act provides for certain notice requirements concerning public meetings and makes it a misdemeanor for a member of a legislative body to attend a meeting where a violation occurs with knowledge of the fact that the meeting violates the act.

This bill would also define "member of a legislative body of a local agency" to include any person elected to serve as a member of a legislative body and who has not yet assumed the duties of office.

The Ralph M. Brown Act generally requires all meetings of the legislative body of a local agency to be open and public.

This bill would define "meeting," with exceptions, as any congregation of a majority of the members of a legislative body in the same time and place to hear, discuss, or deliberate upon any item within the subject matter jurisdiction of the legislative body or its local agency, and any use of direct communication, personal intermediaries, or technological devices employed by a majority of the members to develop a collective concurrence as to action to be taken on an item.

Existing law requires all meetings of the legislative body of a local agency shall be open and public with specified exceptions.

This bill would prohibit a legislative body from taking action by secret ballot.

The Ralph M. Brown Act permits recording of open and public meetings by any person.

This bill would make any recording made at the direction of a local agency subject to inspection pursuant to the California Public Records Act, as specified.

The bill would also provide that no legislative body shall prohibit or otherwise restrict the broadcast of its proceedings in the absence of a reasonable finding that the broadcast cannot be accomplished without disruption.

Under the Ralph M. Brown Act, meetings of the legislative body of a local agency need not be held within the boundaries of the territory over which the agency exercises jurisdiction. If an emergency makes the designated meeting place unsafe the presiding officer may designate a meeting place for the duration of the emergency.

This bill would require regular and special meetings to be held within the boundaries of the territory of the agency, with limited exceptions and with additional exceptions for the governing board of a school district, and would permit the presiding officer's designee to designate an emergency meeting place.

The Ralph M. Brown Act requires the posting of an agenda at least 72 hours before a regular meeting of a legislative body briefly describing each item of business and restricts action or discussion of the meeting to these items on the agenda, unless, by at least a ⅔ vote, as specified, the legislative body decides there is a need for action on a nonagenda item.

This bill would instead require the agenda to contain a brief general description of each item of business to be transacted or discussed, including items to be discussed in closed session and would permit members of a legislative body to respond to certain questions not relating to agenda items. This bill would make further restrictions on the discussion or action on nonagenda items.

The Ralph M. Brown Act requires the agenda for a regular meeting to provide an opportunity for members of the public to address the legislative body.

This bill would require the agenda for a special meeting at which action is proposed to be taken on an item to provide an opportunity for members of the public to address the legislative body prior to action on the item. The bill would further require the legislative body not to prohibit public criticism of the agency, as specified.

This bill would also prescribe disclosures of the nature of closed sessions according to a specified format.

The Ralph M. Brown Act authorizes closed sessions of a legislative body to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

in open session would prejudice the position of the local agency in the litigation and describes the facts and circumstances that constitute pending litigation. Existing law states that this authority is the exclusive expression of the lawyer-client privilege for purposes of conducting closed sessions pursuant to the act. The act requires the legal counsel to prepare a memorandum concerning the reasons and legal authority for the closed session.

This bill would state that this authority for closed sessions for the legislative body to confer with or receive advice from its legal counsel does not limit or otherwise affect the lawyer-client privilege as it may apply to written or other communications outside meetings between the legislative body and its legal counsel. The bill would specify additional facts and circumstances for determining what is pending litigation. The bill would delete the memorandum requirement.

Under the Ralph M. Brown Act, closed sessions may be held for various reasons, including matters relating to employees, as defined.

This bill would revise the definition of employee to include an officer or independent contractor who functions as an officer or an employee and to exclude any elected official, member of a legislative body, or other independent contractor and would require that, as a condition of holding a closed session on complaints against an employee, charges to consider disciplinary action, or to consider dismissal, the employee be given written notice of his or her right to a public session. The failure to give the notice would nullify any action taken in the closed session against the employee.

The Ralph M. Brown Act requires the legislative body to publicly report closed session actions taken and roll call votes to appoint, employ, or dismiss a public employee.

This bill would instead require the legislative body to publicly report any action taken in closed session and the vote or abstention of every member present on real estate negotiations, litigation and pending litigation issues with specified exceptions, claims for various liability losses, various personnel actions, and certain collective bargaining matters. The bill would prohibit any action for injury to reputation, liberty, or other personal interest by an employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with these provisions. The bill would prescribe how the reports are to be made and would require a brief statement of the information to be posted, as specified, thereby imposing a state-mandated local program.

Under the Ralph M. Brown Act, agendas and writings distributed to members of the legislative body by persons connected with the body for discussion or consideration at a public meeting of the body are public records unless specifically exempt from public disclosure.

This bill would specify that writings intended for distribution to members by any person in connection with a matter subject to discussion or consideration at a public meeting are public records. The bill would require that writings that are made public records under this provision and are distributed during a public meeting shall be made available for public inspection at the meeting, or after the meeting, as specified.

The Ralph M. Brown Act requires the legislative body to state the general reason or reasons for holding any closed session prior to or after holding the closed session.

This bill would require the disclosure of the items to be discussed in the closed session prior to holding the closed session.

The Ralph M. Brown Act makes it a misdemeanor for a member of a legislative body to attend or participate in a meeting of the legislative body where action is taken in violation of the act with knowledge of the fact that the meeting is in violation of the act.

This bill would instead make it a misdemeanor if the member attends or participates with wrongful intent to deprive the public of information to which it is entitled under the act.

This bill, by enlarging the number of persons and bodies subject to the Ralph M. Brown Act and by revising the definition of a meeting elsewhere in the bill, would enlarge the scope of existing crimes and would create new crimes and would thereby impose a state-mandated local program.

The Ralph M. Brown Act permits any interested person to commence an action by mandamus or injunction to obtain a judicial determination that an action taken by a

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

legislative body in violation of specified provisions of the act is null and void, unless any of specified conditions exist. However, a prior demand must first be made of the legislative body to cure or correct the alleged violation within 30 days from the date the action was taken.

This bill would expressly permit the district attorney or any interested person to commence an action as described and would also permit an action to determine the validity of any rule or action by the legislative body to limit the expression of its members or to compel the legislative body to tape record its closed sessions, as specified. The bill would also require the written demand to be made within 90 days if the alleged violation occurred in a closed meeting.

The bill would prohibit the conduct of meetings or functions in facilities inaccessible to disabled persons or that require members of the public to make a payment or purchase. The bill would provide that no notice, agenda, announcement, or report required by the act need identify the victim or alleged victim of tortious sexual conduct or child abuse, as specified.

Existing law expressly permits the board of directors of a hospital district and the board of trustees of a municipal hospital to hold closed sessions for specified purposes.

This bill would expressly permit the board of directors of a county hospital to hold closed sessions on reports of hospital medical audits or quality assurance committees and would permit an applicant or medical staff member whose staff privileges are the direct subject of a hearing to request a public hearing.

This bill would provide that its provisions shall be operative only if SB 1140 and AB 1426 are chaptered and become operative.

This bill would provide that it shall become operative on April 1, 1994.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the cost of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1138 (SB 1140) Calderon. Open meetings of local government.

Existing law permits the taking of testimony at regularly scheduled school district governing board meetings on matters not on the agenda if no action is taken by the board on those matters at the same meeting.

This bill would permit action to be taken in specified circumstances.

An existing provision of law provides that the meetings of the city council shall be held within the corporate limits of the city at a place designated by ordinance and shall be public.

This bill would repeal that provision.

The Ralph M. Brown Act generally requires that the meetings of the legislative bodies of local agencies, as those terms are defined, be conducted openly, with specified exceptions. Among other things, the act makes certain notice requirements concerning public meetings and makes it a misdemeanor for a member of a legislative body to attend a meeting where a violation occurs with knowledge of the fact that the meeting violates the act.

Under existing law a legislative body of a local agency may require that a copy of the act be given to each member of the legislative body.

This bill would additionally permit the legislative body to require that a copy of the act be given to any person elected to serve as a member of the legislative body who has not yet assumed office.

Existing law defines local agency to include, among other things, all private nonprofit organizations receiving public money to be expended for public purposes pursuant to

NOTE: Superior numbers appear as a separate section at the end of the digests.

the federal Economic Opportunity Act of 1964, and nonprofit corporations created by one or more local agencies, as prescribed, to acquire, construct, reconstruct, maintain, or operate any public work project.

This bill would repeal those definitions of local agency.

Existing law defines "legislative body" as any commission, committee, or any board or commission thereof which is supported in whole or part by funds provided by that agency. Existing law also defines legislative body as including any advisory commission, advisory committee or advisory body of a local agency created by charter, ordinance, resolution, or by any similar formal action of a legislative body or member of a legislative body of a local agency.

This bill would revise that definition to include those commissions, committees, boards, and other subsidiary bodies thereof, whether permanent or temporary, created by charter, ordinance, resolution, or formal action of a legislative body, as specified.

This bill further defines "legislative body" with respect to lessees of certain hospitals.

Existing law permits a legislative body of a local agency to hold closed sessions with the local agency's designated representatives on specified employment matters.

This bill would define employee for purposes of that authorization.

Existing law prohibits a local agency from conducting any meeting in any facility that prohibits the admittance of citizens on the basis of race, religious creed, color, national origin, ancestry, or sex.

This bill would extend those proscriptions and prohibit meetings in facilities inaccessible to disabled persons or where members of the public may not be present without making a payment or purchase.

Existing law states that no closed session may be held by any legislative body of any local agency except as provided by the Ralph M. Brown Act with a specified exception.

This bill would make an exception where the Education Code permits closed sessions by school districts and community college districts.

This bill would provide that it shall become operative only if SB 36 and AB 1426 of the 1993–94 Regular Session of the Legislature are chaptered and become operative.

This bill would provide that it shall become operative on April 1, 1994.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1139 (SB 180) Hughes. Firearms: dealers.

Under existing law, a dealer in firearms is required to meet specified requirements to qualify as a licensee, including the requirement that the dealer's business be conducted only in the buildings designated in the license.

This bill would require a dealer to report the loss or theft of any firearm that is merchandise of the licensee, any firearm that the licensee takes possession of, as specified, or any firearm kept at the licensee's place of business, as defined, within 48 hours of discovery to the appropriate law enforcement agency, as specified.

This bill, except as specified, would require the dealer, in a city and county, or in the unincorporated area of a county with a population of 200,000 persons or more, as specified, or within a city with a population of 50,000 persons or more, as specified, to store all firearms kept in his or her licensed place of business, as defined, using one of several specified methods, including storing the firearms in a secure facility that is a part of, or that constitutes, the licensee's business premises, as defined. This bill, except as specified, would authorize the licensing authority in areas with a smaller population to impose the same requirements, as specified. A secure facility would be defined to mean a building that meets specified criteria. The failure to store the firearms in this manner would be grounds for the forfeiture of the dealer's license to sell firearms.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would also provide that upon written request from a licensee, the licensing authority may grant an exemption from compliance with the requirement that firearms be stored by using one of several specified methods, thereby imposing a state-mandated local program by requiring licensing authorities to receive and act upon requests for exemption.

For purposes of provisions prohibiting specified weapons, the bill would revise the definition of a multiburst trigger activator and define a "dirk" or "dagger," as specified.

This bill would also revise the Roberti-Roos Assault Weapons Control Act of 1989 with respect to bringing an assault weapon into this state.

This bill would incorporate additional changes in Section 12020 of the Penal Code proposed by AB 1266, to be operative only if AB 1266 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

This bill would incorporate additional changes in Section 12071 of the Penal Code proposed by AB 166 and AB 1648, to be operative only if all 3 bills, or a combination thereof, are enacted and become effective on or before January 1, 1994, and this bill is enacted last.

This bill would incorporate additional changes in Section 12285 of the Penal Code proposed by AB 2352, to be operative only if AB 2352 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

The bill also provides that the amendments to Sections 12020 and 12285 of the Penal Code proposed by this bill shall not become operative if SB 1128 is enacted, takes effect on January 1, 1994, and effects Section 12020 and 12285 of the Penal Code.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1140 (SB 231) Marks. Campaign statements: statements of economic interest: preelection statements.

Existing provisions of the Political Reform Act of 1974 require elected officers, candidates, and committees to file periodic campaign statements, and specifies the information to be submitted.

This bill would further require that a campaign statement filed by a committee, as defined by specific provisions of law, include information sufficient to identify the nature and interests of the filer, as specified.

Existing provisions of the act require public officers, as specified, to file statements of economic interest with their employing agency and requires that the statement be forwarded to a specified agency that is designated as the filing officer.

This bill would include the county treasurer in provisions requiring specified county officers to file statements of economic interest with the county clerk and the forwarding of the original to the Fair Political Practices Commission as the designated filing officer.

This bill would also include the city treasurer in provisions requiring specified city officers to file statements of economic interest with the city clerk and the forwarding of the original to the Fair Political Practices Commission as the designated filing officer.

By adding to the duties of county and city officers and local elections officials, this bill would impose a state-mandated local program.

Existing provisions of the act impose a fine of $10 per day for the filing of an original statement or report, or a copy of a statement or report, after the applicable deadline. The fine may not be waived by the filing officer if a second preelection campaign statement is not filed within 5 days after written notification of the filing requirement.

This bill would delete the reference to a "second preelection statement" and would instead refer to a campaign statement required to be filed 12 days before an election.

Existing provisions of the act require lobbyists and lobbying firms, as defined, to file

NOTE: Superior numbers appear as a separate section at the end of the digests.

periodic reports, as specified, and to disclose to specified beneficiaries information regarding any gifts to these beneficiaries which are listed within the periodic report.

This bill would provide that persons required to file periodic reports who send written or printed invitations to specified public officials include on the invitation a statement, as specified, indicating that acceptance of the invitation by a public official constitutes a reportable gift, except in cases where acceptance of the invitation would not constitute receipt of a reportable gift under the act.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on persons who violate the provisions of this bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000. This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, this bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

Ch. 1141 (SB 476) Mello. Criminal procedure: insanity.

Existing law provides that in the case of a person found not guilty by reason of insanity, the person may apply for release upon the ground that the sanity has been restored. Existing law also provides that the court shall hold a hearing to determine if the applicant would no longer be a danger to the health and safety of others, including himself or herself, if under supervision and treatment in the community, and that if the court finds that the applicant will not, the court shall order the applicant placed with an appropriate local mental health program, as specified, or placed on outpatient status under certain circumstances. The provisions relating to the placement of an applicant in an appropriate local mental health program are operative only until January 1, 1994, and as of that date are repealed.

The bill would provide, instead, that the court shall hold a hearing to determine whether the person applying for restoration would be a danger to the health and safety of others, due to mental defect, disease, or disorder, as specified, and would make conforming changes.

This bill also would extend the repeal date of this provision to January 1, 1995, thereby imposing a state-mandated local program, by extending the period additional duties are imposed upon local mental health programs.

This bill would delay the operative date of provisions alternative to the above provision, scheduled to become operative January 1, 1994, to January 1, 1995.

Existing law authorizes outpatient status to be granted for certain offenders committed to a state hospital or other treatment facility after, among other things, notice has been given to the victim or next of kin of the victim of the offense for which the person was committed if a request for notice has been filed with the court. Existing law also requires notice of any unattended day release of a committed person to the victim or next of kin at the inception of a program. These notice provisions are scheduled to be repealed on January 1, 1994.

This bill would extend the repeal of the notice provisions to January 1, 1995.

This bill would delay the operative date of provisions alternative to the above provisions, scheduled to become operative January 1, 1994, to January 1, 1995.

The California Constitution requires the state to reimburse local agencies and school

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1142 (SB 625) Johnston. Insurance taxes: gross premiums: nonadmitted insurers.

The California Constitution imposes an annual tax on each insurer doing business in this state at a rate of 2.35% of the amount of gross premiums, less return premiums. Existing law also imposes an annual tax on every surplus line broker of 3% of the gross premiums of his or her business, less 3% of return premiums, except as specified, with regard to insurance from nonadmitted insurers.

This bill would provide that a penalty of 25% of the amount unpaid be added to any part of a payment required that was not made within the time required due to fraud with regard to the tax on surplus line brokers.

Existing law permits any citizen of this state to effect insurance on his or her own property with any nonadmitted insurer.

This bill would impose, for gross premiums paid or to be paid on insurance contracts that take effect or are renewed on or after January 1, 1994, a tax on every person that effects insurance coverage on his or her own property of 3% of gross premiums, less 3% of returned premiums, except as specified, with regard to insurance obtained from nonadmitted insurers to indemnify against loss, damage, or liability, and that is not otherwise subject to any insurance tax imposed by this state. This bill would provide for payment of penalties and interest for any payment not made within the time required by law in connection with the tax imposed.

This bill would require that the Franchise Tax Board administer and enforce the tax imposed by this bill. The revenues from the tax imposed by this bill would be deposited in the State Treasury to the credit of the Insurance Tax Fund.

This bill would appropriate $391,000 from the General Fund to the Franchise Tax Board for implementation and administration of the bill's provisions.

This bill would take effect immediately as a tax levy.

Ch. 1143 (SB 771) Rosenthal. Surplus campaign funds.

Existing provisions of the Political Reform Act of 1974 prohibit the use of campaign funds for the purchase, lease, or refurbishment of any appliance or equipment where the lessee is, or legal title resides in, an elected officer, among others.

This bill would provide that, notwithstanding this provision, campaign funds may be used to pay or reimburse the state for the costs of installing and monitoring a security system in the home or office, or both, of a candidate or elected officer who has received threats to his or her physical safety under certain conditions.

Existing provisions of the act, as well as corresponding provisions of the Elections Code, limit the purposes for which surplus campaign funds may be used by an elected officer or former candidate for elective office.

Under the Elections Code, surplus campaign funds may be used for the repayment of personal or committee loans or other obligations if there is a reasonable relationship to a political, legislative, or governmental activity.

This bill would provide that for purposes of this provision, the payment or reimbursement to the state of the costs of installing and monitoring a security system in the home or office, or both, of a candidate or elected officer who has received threats to his or her physical safety shall be deemed to have a reasonable relationship to a political, legislative, or governmental activity under certain conditions.

Under the Political Reform Act of 1974, surplus campaign funds may be used for the payment of outstanding campaign debts or elected officer's expenses.

This bill would provide that for purposes of this provision, the payment or reimburse-

NOTE: Superior numbers appear as a separate section at the end of the digests.

ment to the state of the costs of installing and monitoring a security system in the home or office, or both, of a candidate or elected officer who has received threats to his or her physical safety shall be deemed to be an elected officer's expense under certain conditions.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these penalties on persons who violate the provisions of this bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a ⅔ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

Ch. 1144 (SB 857) Committee on Public Employment and Retirement. State Teachers' Retirement System: member benefits.

(1) Existing law provides for the calculation and payment of disability retirement and death benefits to, or on behalf of, members of the State Teachers' Retirement System, and the determination of the eligibility of members of the system for those benefits.

This bill would make various changes in the provisions relating to the duties of the system in calculating and making disability retirement and death benefit payments to members of the system, and the eligibility of members for those benefits.

(2) Existing law sets forth the conditions under which a governing board of a school district may grant a leave of absence to a certificated employee who has applied for a disability allowance.

This bill would, instead, make these provisions applicable to a certificated employee who has applied for disability benefits.

(3) Existing law requires the Board of Administration of the Public Employees' Retirement System to offer long-term care to active and retired members of PERS and any county retirement system of a county or district subject to the County Employees Retirement Law of 1937, their spouses, and their parents. The law also establishes a related trust fund, the Public Employees' Long-term Care Fund, which is continuously appropriated to the board to carry out the purposes of the long-term care provisions.

This bill would make that law also applicable to members and retirants of the State Teachers' Retirement System, their spouses, and their parents. This change would constitute an appropriation since it authorizes the expenditure of continuously appropriated funds for new beneficiaries.

This bill would incorporate additional changes in Section 1095 of the Unemployment Code, proposed by AB 1881, to be operative only if AB 1881 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

Ch. 1145 (SB 922) Calderon. Hazardous waste and substances: facilities fees: underground storage tanks.

(1) Existing law requires each person who disposes of hazardous waste, or who annually submits more than 500 pounds of hazardous waste for disposal in the state or outside of the state, or who submits hazardous waste for treatment at a location outside of the state, to pay a fee for disposal of hazardous waste to land to the State Board of Equalization for deposit in the Hazardous Substance Account (California Superfund) in the General Fund. A site operator is required to pay these fees directly to the State Board of Equalization, unless the person submitting the waste for disposal provides a specified manifest to the site operator. Existing law also requires these disposal fees to be deposited in the Hazardous Waste Control Account and authorizes the Department of Toxic Substances Control to expend the funds in the Hazardous Waste Control Account, upon

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

appropriation by the Legislature, to administer a hazardous waste control program and the Carpenter-Presley-Tanner Hazardous Substances Account Act and for transfer to the Hazardous Substance Account. A failure to pay the disposal fee is a crime.

Existing law exempts from this fee hazardous waste which results when a state or local agency removes or remedies a release of hazardous waste, and waste generated in connection with the removal of a tank containing hazardous waste on certain residential land. Existing law also exempts from that fee hazardous waste generated or disposed of by a household hazardous waste collection program or a program receiving hazardous wastes from small quantity commercial sources.

This bill would instead require the disposal fee to be paid by each person who disposes of hazardous waste or who annually submits more than 500 pounds of hazardous waste for disposal, including, but not limited to, for land treatment, and would require these disposal fees to be deposited in the Hazardous Waste Control Account. The bill would require that this fee be assessed at a rate of $12 per ton for non-RCRA hazardous waste, excluding asbestos, generated in a remedial action, a removal action, or a corrective action taken pursuant to the provisions regulating hazardous wastes, hazardous substances, or petroleum in underground storage tanks, or generated in any other cleanup, removal, or remediation of a hazardous substance, unless the hazardous waste is otherwise exempt, thereby imposing a state-mandated local program by creating a new crime.

The bill would instead exempt hazardous wastes generated or disposed of by a household hazardous waste collection facility operating pursuant to specified requirements, including hazardous waste received from conditionally exempt small quantity commercial generators.

(2) Existing law imposes specified fees upon hazardous waste generators and facilities, the revenues from which are deposited in the Hazardous Waste Control Account.

This bill would define terms, and revise the definitions of terms, for purposes of the facility fees, including with regard to the determination of the capacity of those facilities, to include the total capacity provided in specified documents, thereby imposing a state-mandated local program by creating a new crime. The bill would revise the method of paying the facility fees to delete the exemption with regard to the payment of the fees for certain reporting periods. The bill would instead require the facility to pay twice the applicable facility fee for an additional reporting period following the final reporting period in which the facility engaged in disposal. The bill would exempt additional disposal facilities from the facility fee and would provide a procedure for determining a facility's allowable capacity. The bill would prohibit the department from making a variance retroactive to earlier than one year after the date of the variance's submittal, or January 1, 1994, whichever is later, with regard to the facility fees. The bill would impose a maximum facility fee upon a disposal facility operator which is a government agency. The bill would deem any facility receiving a non-RCRA hazardous waste to be the generator of the waste, for purposes of the generator fee.

(3) Existing law requires the department to develop a permitting process for transportable hazardous waste treatment units for treating waste in accordance with specified requirements. Existing law requires operators of hazardous waste facilities to pay a fee to the State Board of Equalization, for deposit in the Hazardous Waste Control Account. A violation of the provisions regulating hazardous waste is a crime.

This bill would require the operator of a transportable hazardous waste treatment unit to pay the same annual fee as facilities authorized to operate pursuant to a permit-by-rule, thereby imposing a state-mandated local program by creating a new crime. The bill would exempt these operators from payment of the facility fee, except as specified.

(4) Existing law exempts the owner of a hazardous waste facility authorized by the department to operate pursuant to a permit-by-rule or operating under a grant of conditional authorization, or a facility exempt from hazardous waste facilities permitting requirements, from the facility fee for specified activities. Existing law specifies that the retroactive portion of that facility fee exemption does not apply to any facility which was authorized by the department to operate on or before June 1, 1991, for any fees paid or billed prior to January 1, 1993.

This bill would make conforming changes. The bill would additionally include in that

NOTE: Superior numbers appear as a separate section at the end of the digests.

exemption a facility exempted pursuant to other provisions and would instead provide that the retroactive portion of the facility fee exemption does not apply to any fees paid or billed prior to September 1, 1992.

The bill would exempt the operator of a hazardous waste facility authorized by the department to clean and recycle excavated underground storage tanks from the facility fee with regard to these activities conducted before January 1, 1994, and these activities conducted after that date, until the effective date of a specified regulation.

The bill would exclude a facility eligible to operate pursuant to a standardized permit from the facility fees from certain activities conducted before January 1, 1993, and would exempt a facility operating pursuant to such a permit from those fees for a period of time equal to the time when the facility paid these fees.

The bill would revise other requirements for the payment of facility fees.

(5) Existing law requires the State Board of Equalization to assess fees for an application for a hazardous waste facilities permit or for a permit modification.

This bill would specify the permit application fee for a standardized permit and would authorize the board to also assess a fee equal to the department's costs in reviewing and overseeing the corrective action program described in the permit application. The bill would revise the exemption from permit fees for household hazardous waste collection programs and would additionally exempt from those fees a variance issued to a public agency to conduct an agricultural waste collection program.

The bill would require any person producing or transporting extremely hazardous waste to pay an annual $200 fee.

(6) Existing law requires every generator of hazardous waste to pay a fee to the State Board of Equalization, for deposit in the Hazardous Waste Control Account. The base rate for the fee is set at $2,400 for the 1989–90 fiscal year.

This bill would increase the base rate to $3,110 and state that it is the base rate for the 1993 calendar year.

(7) Existing law requires, except as specified, the department to impose a fee not to exceed $12 for each California Uniform Hazardous Waste Manifest form used by any person in a calendar year or, in the case of persons using manifests solely for the transport of used oil in a calendar year, a total fee of $5,000. The fee is required to be deposited in the Hazardous Waste Control Account.

This bill would instead authorize the Governor to order the department to refund ¾ of the manifest fees paid during 1991 and would require the fee to be assessed, on and after the 1992 calendar year, on all manifests used in the calendar year ending before the start of the fiscal year. The bill would impose a manifest fee of $6 for wastes which are to be recycled and would subject any person using manifests for the transport of wastes to be recycled to the $5,000 limit for each identification number issued by the department or the Environmental Protection Agency. Since the bill would eliminate that exemption for transporters of used oil, the bill would impose a state-mandated local program, because the failure to pay those fees would be a crime pursuant to other provisions of law.

(8) Existing law requires the State Board of Equalization to assess specified fees upon a potentially responsible party for the costs incurred by the department to oversee removal and remedial actions, including a fee of $7,500 for a preliminary endangerment assessment.

This bill would delete all of these oversight fees, except that it would increase the preliminary endangerment assessment fee to $8,000.

(9) Existing law, the Hazardous Substances Tax Law, provides for the collection and administration of specified fees and taxes imposed in connection with hazardous waste control laws and the Carpenter-Presley-Tanner Hazardous Substance Account Act.

This bill would make conforming changes with regard to the deposit of fees in the Hazardous Waste Control Account.

The bill would allow the department to hold an informal conference to settle disputed fees, notwithstanding that law.

The bill would also require that specified fees paid to the state by the United States and its agencies and instrumentalities be deposited into the State Treasury to the credit

NOTE: Superior numbers appear as a separate section at the end of the digests.

of the Federal Receipts Account, which the bill would create as a subaccount of the Hazardous Waste Control Account. The bill would authorize the department to expend the funds in that account, upon appropriation by the Legislature, for those administrative purposes allowed by federal law.

(10) The bill would make a statement of legislative intent that since the bill would result in a net decrease in revenues to the Hazardous Waste Control Account, the bill would not impose a tax for purposes of Article XIII A of the California Constitution.

(11) The bill would declare legislative intent concerning the reduction or elimination by this bill of hazardous waste facility fees required to be paid under existing law.

(12) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1146 (AB 28) Margolin. Health insurance.

Existing law imposes various requirements on health care service plans, insurers, and others with respect to small employer coverage. Among other things, it prohibits the use of more than specified age categories.

This bill would specify that for the 65 and over age category, premiums may vary depending upon Medicare provisions.

This bill would revise various provisions of that law. It would revise provisions applicable to guaranteed associations, and related definitions.

Existing law authorizes a plan contract of a health care service plan, and a health benefit plan of a disability insurance company, nonprofit hospital service plan, or any other entity that writes, issues, or administers group health benefit plans, that covers the employees of small employers, to impose a waiting period, not to exceed 60 days, before coverage is issued.

This bill would require the plan, in determining whether a waiting period applies to any person, to credit the time the person was covered under qualifying prior coverage if certain conditions are met.

Existing law provides that participation requirements shall be uniform, except that a plan may vary participation requirements based on the size of the small employer group.

This bill would also permit variance based on whether the employer contributes 100% of the premium.

Existing law permits nonrenewal only for certain reasons.

This bill would permit nonrenewal for noncompliance with a plan's participation or contribution requirements.

Existing law establishes the Voluntary Alliance Uniting Employers Purchasing Program, as a health insurance purchasing program for small employers.

This bill would provide that an employer purchasing coverage through the program shall not be determined to be no longer eligible to participate in the program solely because the employer employs more than 50 eligible employees, provided the employer employs no more than 100 eligible employees.

The bill would provide that carriers are not required to offer coverage to a social health maintenance organization.

The bill would permit composite rates for all small employers, instead of small employers with 10 or more employees.

The bill would rename the Major Risk Medical Insurance Board the Managed Risk Medical Insurance Board.

The bill would make related changes.

Since a violation of provisions relating to health care service plans is a misdemeanor, the bill would impose a state-mandated local program by changing the definition of a crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

reason.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1147 (AB 1161) Quackenbush. Teacher credentialing: alternative certification program grants.

Under existing law, the Commission on Teacher Credentialing is required to establish professional standards, assessments, and examinations for entry into, and advancement in, the education profession, and to establish standards and procedures for the issuance and renewal of various types of credentials.

This bill would establish an alternative certification program, to address the shortage of qualified teachers in specified subject matters, of teachers who work with limited-English-proficient pupils, and of minority teachers. The program would offer incentive grants to public educational entities that provide a concentrated teaching credential program to persons with work experience or who already have a bachelor's degree. The bill would require the commission, with the assistance of specified persons, to establish criteria for selecting grant applicants to be funded and to award the grants, as specified. The bill would declare the intent of the Legislature that funding for purposes of the program be provided in the annual Budget Act.

Grant recipients would provide matching funds in an amount equal to 50% of the cost of the alternative certification program. Grant amounts would not be greater than the lesser of the remaining 50% of the cost of the alternative certification program or $1,500 per intern per year, except as specified.

Ch. 1148 (AB 1202) Hauser. Taxation.

Existing provisions of Article XIII A of the California Constitution limit ad valorem taxes on real property to 1% of its full cash value, which is defined as the assessor's valuation of the real property as shown on the 1975–76 tax bill under "full cash value," or thereafter the appraised value of real property when purchased, newly constructed, or a change of ownership has occurred.

This bill would provide that the terms "newly constructed" and "new construction" for purposes of these constitutional provisions do not include the construction, installation, removal, or modification of a portion or structural component of an existing building or structure on or after June 7, 1994, to the extent that it is done for the purpose of making the building more accessible to, or more usable by, a disabled person.

The bill would become operative only if ACA 8 is adopted.

Ch. 1149 (AB 1419) Baca. Guide dogs for the blind.

(1) Existing law authorizes the State Board of Guide Dogs for the Blind to authorize guide dog schools or instructors employed by those schools to provide home training in the use of guide dogs. Existing law also provides that the guide dog user, as a condition of receiving home training, shall have completed a formal in-residence training program within the previous 2 years from a school licensed to provide guide dog training.

This bill, instead, would require, as a condition of receiving home training, that the guide dog user have completed a formal in-residence training program from a school licensed by the board or from a school recognized by another state to provide guide dog training. The bill would provide for a specified waiver of this requirement.

(2) Existing law sets forth requirements for licensing instructors in giving training to blind persons, as specified.

This bill would require an instructor to provide proof of completion of not less than 8 hours of specified continuing education, as a condition of renewal of an instructor's license.

(3) Existing law prohibits any person from selling, giving, or furnishing any guide dog or seeing-eye dog to a blind person unless specified requirements are met, including the requirement that the dog has been spayed, when appropriate.

This bill, instead, would require that the dog has been neutered.

(4) Existing law provides that it is an unlawful denial of equal access to housing accommodations to refuse to rent or lease to individuals with disabilities and defines guide dog for that purpose.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise the definition of guide dog.

(5) Existing law makes it an infraction for any person to deny admittance to certain facilities to a blind person on the basis that the person is accompanied by a guide dog.

This bill would revise the definition of guide dog.

(6) Existing law generally regulates cruelty to animals, but does not expressly regulate harmful conduct directed toward guide dogs.

This bill would make it a misdemeanor for any person, with no legal justification, to intentionally interfere with the use of a guide dog by harassing or obstructing the guide dog user or his or her guide dog. By creating a new crime, the bill would impose a state-mandated local program.

(7) Existing law provides that a totally or partially blind person who is carrying a predominantly white cane or using a guide dog shall have the right-of-way and the driver of any vehicle who fails to yield the right-of-way is guilty of a misdemeanor.

This bill would alternatively provide for a fine of not less than $500 nor more than $1,000, or both fine and imprisonment, for that offense.

This bill would incorporate additional amendments to Section 54.1 of the Civil Code proposed by AB 551, contingent upon the prior enactment of that bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1150 (SB 1101) Calderon. Food facilities.

Existing law provides for the regulation of various types of food facilities, including vehicles, as defined, and satellite food distribution facilities, as defined, to ensure uniform health and sanitation standards for the protection of the public health. Existing law authorizes the sale of certain unpackaged foods from vehicles, as defined, if the storage, display, and dispensing methods are approved by the enforcement agency. Existing law also authorizes the local governing body to determine fees for permits and related services that are sufficient to cover the administration and enforcement of the provisions relating to food facilities.

This bill would include within the definition of a "satellite food distribution facility" a stand, kiosk, cart or other semi-permanent, remote, food-dispensing facility located within a defined and securable perimeter, including but not limited to, an amusement park, stadium, arena, or enclosed shopping mall that operates a food establishment, as defined, on the site.

This bill would permit satellite food distribution facilities located within these perimeters to hold, portion, dispense, prepare, and store certain foods under prescribed conditions, and would require the food establishment to provide certain support to the satellite food distribution facility. The bill would permit the moving and storing of the satellite food distribution facility located within the perimeter.

Existing law requires that a food facility at all times be constructed, equipped, maintained, and operated, so as to prevent the entrance and harborage of animals, birds, and vermin.

This bill would exempt satellite food distribution facilities located within these perimeters from this requirement if prescribed conditions designed to minimize this exposure are met.

This bill would require the enforcement officer to review and approve written procedures prior to issuance of any permit to a satellite food distribution facility or a vehicle located within these perimeters. By requiring this review, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1151 (AB 1436) Connolly. Minors: juvenile court jurisdiction: procedures.

Existing law specifies the jurisdiction of the juvenile court over minors on the basis of criminal conduct. However, under existing law, the municipal or justice court has jurisdiction over minors alleged to have committed a violation of the Vehicle Code classified as an infraction or a violation of a local ordinance involving the driving, parking, or operation of a motor vehicle, in counties that adopt this provision, except that specified cases may be referred to the juvenile court. Under existing law, all traffic cases involving minors are governed by the general law applicable to violations of the Vehicle Code.

This bill would instead provide that the municipal or justice court shall use the procedures set forth in the juvenile court law in hearing specified traffic cases where a minor between the ages of 16 and 18 has been issued a notice to appear. The bill would specify that, with respect to these specified traffic cases, whenever possible, or as required by the court, the parent or guardian shall appear with the minor and traffic matters involving minors may not be resolved by a bail forfeiture in lieu of a court appearance. The bill would provide that, in all traffic cases involving minors heard in the municipal or justice court pursuant to these provisions, the notice to appear shall serve as a petition, and any provisions of juvenile court law requiring that confidentiality be observed as to cases and proceedings, prohibiting or restricting the disclosure of juvenile court records, or restricting attendance by the public at juvenile court proceedings shall not apply.

Ch. 1152 (AB 1621) Burton. Health facilities.

Existing law requires the State Department of Health Services to notify a health facility of all deficiencies in its compliance with the law regulating health facilities and requires the health facility to agree with the department on a plan of correction that gives the health facility a reasonable time to correct the deficiencies.

This bill would authorize the department to order implementation of a plan of correction previously agreed upon by a general acute care hospital, acute psychiatric hospital, or special hospital and the department if the hospital fails to implement the plan within a reasonable time. The bill would authorize the department to order implementation of a plan of correction devised by the department if a general acute care hospital, acute psychiatric hospital, or special hospital fails to agree with the department on a plan of correction within a reasonable time and if the deficiency poses an immediate and substantial hazard to the health or safety of patients. The bill would, with specified exceptions, authorize the department to order reduction in the number of patients or closure of a unit, as prescribed, if any condition poses an immediate and substantial hazard to the health or safety of patients in a general acute care hospital, acute psychiatric hospital, or special hospital. The bill would provide for appeal of the orders.

The bill would, with specified exceptions, authorize the department to assess a civil penalty in an amount not to exceed $50 per patient affected by a deficiency if a general acute care hospital, acute psychiatric hospital, or special hospital fails to correct the deficiency within the time specified in a plan of correction, as prescribed.

The bill would state the intent of the Legislature that specified provisions of the bill shall not be construed to require the retrofitting of hospital buildings built before January 1, 1994, to meet seismic standards in effect on that date.

The bill would require a general acute care hospital, acute psychiatric hospital, and special hospital to post conspicuously a notice providing the telephone number of the department's regional licensing office where complaints regarding the facility may be reported, as prescribed. Since a violation of the law regulating health facilities is a misdemeanor, this bill would impose a state-mandated local program by changing the definition of a crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1153 (AB 1732) Brulte. Trade and commerce.

Under existing law the secretaries of state agencies serve on various boards, committees, and commissions.

This bill would provide for the Secretary of Trade and Commerce to serve on specified boards, committees, and commissions and would revise various statutes to include the Trade and Commerce Agency and the agency and office's secretary as the successor to the Department of Commerce and other specified agencies with respect to various specified duties.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1154 (AB 1834) Snyder. Health insurance: cancellation notification.

Existing law does not require health care service plans, disability insurers, and nonprofit hospital service plans to require group contractholders or policyholders to notify their subscribers or insureds of any notice of cancellation by the plan or insurer.

This bill would require those insurers and plans to do so and would also require those insurers and plans to provide written notice of cancellation to the group contractholders or policyholders.

This bill would also require the notice of cancellation to include information regarding the conversion rights of persons covered under the plan contract or group policy.

With respect to health care service plans, a willful violation of this provision would be a misdemeanor. The bill would thus impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1155 (AB 2007) Alpert. Regional park or open-space districts: San Diego County.

Under existing law, a regional park district, regional park and open-space district, or regional open-space district may generally only be formed upon presentation of a petition, among other things, signed by at least 5,000 residents, to the board of supervisors of the county containing the largest area within the proposed district. Upon receipt of the petition, the board of supervisors is required to hold a hearing, pass a resolution approving or denying the petition, and call an election, if the petition is approved, to approve or disapprove formation of the district and to elect district directors. Existing law authorizes the board of directors of a district to levy assessments.

This bill would permit proceedings for the formation of a regional park and open-space district or a regional open-space district in San Diego County to be initiated by resolution of the county board of supervisors adopted after a noticed hearing. The bill would specify the contents of the resolution, including a requirement to call an election, as prescribed. The bill would prescribe related powers and duties of the regional district, if formed, including requirements applicable to any assessment levied by the district. The bill would make related legislative findings and declarations.

Ch. 1156 (SB 541) Hart. Child support: uniform guideline.

(1) Existing law sets forth the statewide uniform guideline for determining child support orders.

This bill would revise this guideline, as specified, and would change the requirements as to findings and information to be stated by the court in determining the amount of child support to be ordered. The bill would revise the requirements for stipulated agreements for child support, and would make related changes.

(2) Under the statewide uniform guideline, a deduction for hardship may be made from a party's annual gross income, as specified. Under existing law, circumstances evidencing hardship include the minimum basic living expenses of natural or adopted children from other marriages or relationships who reside with the parent.

This bill would make technical and clarifying changes to that provision.

(3) This bill would also authorize the court, in any proceeding for modification of

NOTE: Superior numbers appear as a separate section at the end of the digests.

child support to conform to increased support levels called for in guidelines enacted by Chapter 46 of the Statutes of 1992, to order a 2-step phasein of the support amount for up to one year, provided it is ordering the amount calculated under the statewide uniform guideline and other specified conditions are met. The bill would require the court, in implementing these provisions, to include specific findings in writing. The bill would authorize the court to order the immediate payment of the full amount of support and the repayment of any reduction in child support under the bill if the obligor violates the phasein schedule or uses the period of the phasein of the support under the bill to intentionally lower the income available for payment of support.

(4) This bill would incorporate additional changes in Section 4057 of the Family Code, proposed by SB 145, to be operative only if SB 145 and this bill are both chaptered and become effective on January 1, 1994, and this bill is chaptered last.

(5) The bill would make related, technical changes.

Ch. 1157 (SB 1084) Calderon. Bays and estuaries.

(1) Existing law, which is to be repealed on January 1, 1994, requires the State Water Resources Control Board to impose annual fees applicable to all point and nonpoint dischargers who discharge into enclosed bays, estuaries, or any adjacent waters in the contiguous zone or the ocean, as defined. Existing law requires the state board, on or before January 1, 1993, to make a prescribed report to the Legislature.

This bill would extend that repeal date to January 1, 1998. The bill would prohibit the state board from imposing a fee on any agricultural nonpoint source discharger. The bill would extend the due date applicable to the report to January 1, 1996.

(2) Existing law requires each California regional water quality control board that has regulatory authority for any enclosed bay or estuary to develop, by January 1, 1992, for each such bay or estuary, a consolidated data base that identifies and describes all suspected toxic hot spots.

This bill would instead require those regional boards to develop, by January 30, 1994, a consolidated data base that identifies and describes all potential hot spots.

(3) Existing law requires the state board to adopt, by July 1, 1992, general criteria for the assessment and priority ranking of toxic hot spots.

This bill would extend that date to January 30, 1994.

(4) Existing law requires each regional board to complete and submit to the state board, by July 1, 1993, a toxic hot spots cleanup plan. Existing law requires the state board to submit to the Legislature, by January 1, 1994, a consolidated statewide toxic hot spots cleanup plan.

This bill would extend the due date applicable to the toxic hot spots cleanup plan to January 1, 1998, and the due date applicable to the consolidated statewide toxic hot spots cleanup plan to June 30, 1999.

(5) Existing law requires the state board to adopt sediment quality objectives for toxic pollutants.

This bill would require the state board to consider prescribed federal sediment criteria for toxic pollutants, and to take specified action, in connection with the adoption of sediment quality objectives.

The bill would require the state board to establish a prescribed advisory committee to assist the state board in carrying out specified water quality functions relating to bays and estuaries.

(6) The bill would require the state board, in consultation with the State Department of Health Services, to contract with an independent contractor to conduct a study to determine the adverse health effects of urban runoff on swimmers at urban beaches, as prescribed. The bill would make legislative findings and declarations.

Ch. 1158 (SB 1152) Committee on Health and Human Services. Adoption: fees.

Existing law requires the State Department of Social Services, or a licensed county adoption agency that has agreed to provide services specified in statutory provisions on independent adoptions, to investigate proposed independent adoptions.

This bill would require the petitioner for an independent adoption of a child to pay a fee of $500 for petitions filed from March 5, 1993, through June 30, 1993, and $1,250 on

NOTE: Superior numbers appear as a separate section at the end of the digests.

and after July 1, 1993, to the department or adoption agency, unless the adoption is interrupted, as specified. The bill would authorize the department or agency to waive or reduce the fee for economic hardship and detriment to the welfare of the adopted child. The bill would require the fees to be used to enhance funding for the state and county programs of independent adoptions, as specified. The bill would also provide that the above provisions are repealed on January 1, 1999.

Existing law provides that if a prospective adoptive parent is commissioned or enlisted in the military service, or auxiliary thereof, of the United States or any of its allies, or in the American Red Cross, so that it is impossible or impracticable to appear in court in person, the appearance may be made by counsel, as specified.

This bill would include within these provisions, prospective adoptive parents who are engaged in service on behalf of any governmental entity of the United States, or in recognized charitable or religious organizations.

Ch. 1159 (SB 314) McCorquodale. Energy resources.

(1) Existing law, known as the Mobilehomes-Manufactured Homes Act of 1980, generally regulates, among other things, standards for the construction and maintenance of mobilehomes and manufactured homes, as defined. Existing federal law, known as the Energy Policy Act of 1992, authorizes the Secretary of the United States Department of Housing and Urban Development to adopt regulations establishing thermal insulation and energy efficiency standards for manufactured housing, as defined. Federal law also provides that, if the Secretary of the United States Department of Housing and Urban Development has not, on or before October 24, 1993, adopted final regulations that establish these standards and that take effect before January 1, 1995, then states may establish specified energy efficiency standards for manufactured housing.

This bill would make specified findings and declarations of the Legislature with respect to energy efficiency standards for residential buildings.

The bill would require the Department of Housing and Community Development, in consultation with the Energy Resources Conservation and Development Commission, to develop and implement cost-effective energy efficiency standards, as specified, for manufactured housing, to take effect before January 1, 1995. The department would be required to enforce those standards. This provision would become operative only if the Secretary of the United States Department of Housing and Urban Development has not, on or before October 24, 1993, issued regulations establishing standards for that housing, and would be repealed if the secretary issues those regulations.

(2) Existing law requires the California Housing Finance Agency, cities, and counties, in specified instances, to give priority to processing construction loans or mortgage loans that incorporate innovative and energy efficient techniques to reduce costs. Existing federal law, the Energy Policy Act of 1992, requires the establishment of an energy efficient mortgage pilot program in 5 states.

This bill would require the State Energy Resources Conservation and Development Commission to develop and implement a pilot program to promote the use of energy efficient mortgages, as specified, and to report to the Governor and the Legislature regarding the pilot program.

(3) Existing law prescribes the duties and responsibilities of the Public Utilities Commission.

This bill would permit the Public Utilities Commission to authorize investor-owned gas and electric utilities to match specified grants provided to nonprofit agencies and local governments, and would limit the amount of matching funds to a statewide total of $300,000. The expenditures for those purposes would be recoverable in rates.

Because a violation of the orders, decisions, rules, or other requirements of the Public Utilities Commission is a misdemeanor, the bill would impose a state-mandated local program by creating a new crime.

(4) Existing law authorizes the Department of Motor Vehicles to issue special commemorative license plates to qualified applicants and personalized environmental license plates for additional fees, as specified.

This bill would authorize CALSTART, a nonprofit organization, to participate, with the approval of the department, in a special interest license plate program, to be known

NOTE: Superior numbers appear as a separate section at the end of the digests.

as the Rosenthal Blue Sky License Plate Program, and would require the department to issue special interest license plates containing the distinctive design or decal of CALSTART, to any person who applies for the plates through CALSTART, to be displayed in lieu of regular license plates. The bill would require CALSTART to collect and hold applications for the plates until it has received at least 5,000 applications, and then submit the applications along with the necessary fees to the department not later than November 1, 1996. The bill would require CALSTART to refund to all applicants any fees or deposits which have been collected if 5,000 applications have not been received by that date and to notify the department.

The bill would require the department to deduct its costs to develop and administer special interest license plate programs and would specify instances in which persons may retain a special interest license plate.

The bill would provide for the repeal of the program if the requisite number of applications are not received.

(5) Under existing law, funds in the Petroleum Violation Escrow Account, as defined in federal law, consisting of federal oil overcharge funds, have been disbursed to this state by the federal government and deposited in the Federal Trust Fund.

This bill would, to the extent permitted by federal law, appropriate $17,775,000 of those funds from the Federal Trust Fund to specified entities for specified purposes relating to energy resources.

(6) The bill would authorize the State Energy Resources Conservation and Development Commission, for the 1993–94 fiscal year only, to make prescribed grants from existing resources for specified projects. If sufficient resources are not available, up to a specified amount of the funds appropriated by (5) above would be appropriated for those grants.

(7) Existing law establishes the Katz Safe Schoolbus Clean Fuel Efficiency Demonstration Program, and declares the Legislature's intent to appropriate, for implementation of that program, ½ of each future disbursement of federal oil overcharge funds received by the state.

This bill would require that those funds that are available for appropriation in the 1993–94 fiscal year, be used, upon appropriation, in accordance with the Legislature's declared intent.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1160 (SB 887) Hughes. Public Employees' Retirement System: 1959 survivors allowances.

(1) The Public Employees' Retirement Law presently prescribes alternative 1959 survivor allowances for specified surviving relatives of members who are not covered by the social security system and die before retirement. Their application to members employed by contracting agencies is dependent upon contract amendment by the employing agency.

This bill would exclude from the 1959 survivor allowance provisions providing the lowest benefits, any member in the employ of an employer not subject to those provisions on January 1, 1994, and establish a new increased level of 1959 survivor allowances for state members which can be made applicable to local members by contract amendment by their employer.

(2) The existing law conditions eligibility of surviving spouses for 1959 survivor allowances upon his or her being married to the member prior to the occurrence of the injury or onset of the illness which resulted in death.

This bill would impose the alternative condition of the spouse having been continuously married to the member for at least one year prior to death.

(3) Existing law requires members whose employers provide the 1959 survivor benefits to elect that coverage within a specified period of eligibility.

This bill, in a provision which would be optional to contracting agencies, would

NOTE: Superior numbers appear as a separate section at the end of the digests.

authorize any local member whose employer provides 1959 survivor allowance coverage to elect, within a specified time period, that coverage upon payment of specified back and future contributions.

Ch. 1161 (SB 1136) Kelley. Medi-Cal: drugs.

Existing law sets forth the requirements pursuant to which the State Department of Health Services may include a new single-source drug on the list of contract drugs purchased under the Medi-Cal program. Among other things, manufacturers are required to request inclusion on the list within 12 months of federal approval for marketing of the drug, and the department is required to evaluate the request within 90 days of its receipt. In addition, the department must have concluded contracting for the therapeutic category in which the drug is included prior to federal approval of the drug. Existing law requires recommendations to be made on the inclusion of drugs on the list by the Medi-Cal Contract Drug Advisory Committee.

This bill would, instead, require manufacturers to request inclusion on the list within 18 months of federal approval, and require the department to submit the drug to the Medi-Cal Contract Drug Advisory Committee.

This bill would incorporate additional changes in Section 14105.39 of the Welfare and Institutions Code, proposed by this bill and SB 1180, to become operative only if SB 1180 and this bill are chaptered and become effective on or before January 1, 1994, and this bill is chaptered last.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1162 (AB 1830) Harvey. Medi-Cal: list of contract drugs.

Existing law provides for a list of contract drugs used under the Medi-Cal program, developed pursuant to contracts executed between the State Department of Health Services and manufacturers of drugs. In negotiating these contracts, the department is required, among other things, to base the equalization payment amount included in the contract on utilization data from the department's prescription drug paid claims tapes.

This bill would require that utilization data used to determine an equalization payment amount shall exclude data from health maintenance organizations, and from capitated plans that include a prescription drug benefit in the capitated rate, and that have negotiated contracts for rebates or discounts with manufacturers.

This bill would incorporate additional changes in Section 14105.33 of the Welfare and Institutions Code, proposed by AB 1705, SB 1180, and SB 1216, to be operative only if AB 1705, SB 1180, or SB 1216, or all three bills, and this bill are both chaptered and become effective January 1, 1994 and this bill is chaptered last.

Ch. 1163 (AB 1014) Sher. Pollution control financing: air pollution.

Under existing law, the California Pollution Control Financing Authority Act, the California Pollution Control Financing Authority administers a program to provide assistance to small businesses in the financing of pollution control facilities, as defined, subject to a limit of $1,000,000 for any single project. The act authorizes the authority to participate with the South Coast Air Quality Management District in providing financial assistance.

This bill would delete that $1,000,000 limit, and authorize the authority to participate with other air pollution control districts and air quality management districts in providing financial assistance.

Ch. 1164 (AB 1496) Peace. Economic development.

(1) Existing law contains various provisions for economic aid to businesses, including provisions for a small business loan program administered by the Superintendent of Banking.

This bill would repeal the existing small business loan program.

(2) The California Pollution Control Financing Authority Act establishes the California Pollution Control Financing Authority to provide financing assistance for pollution control facilities. Under the act, the authority is authorized to issue bonds for specified purposes and, in connection with that, to establish a small business assistance fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would establish a new Capital Access Loan Program for Small Businesses, to be administered by the authority. The authority would be authorized to contract with financial institutions, as defined, to participate in the program. The bill would require the authority to establish procedures under which financial institutions participating in the program may submit claims for reimbursement for losses incurred as a result of qualified loan defaults.

The bill would expand the uses to which the funds may be used.

Ch. 1165 (AB 709) Areias. Air pollution: fees: penalties.

(1) Existing law authorizes or requires air pollution control districts and air quality management districts to adopt various fees.

This bill would prohibit the districts from increasing any fees for authority to construct permits or permits to operate by more than 15% per year if the district has an annual budget of $1,000,000 or more, except the South Coast Air Quality Management District, or by more than 30% in other districts.

(2) Existing law provides that a violation of specified laws, orders, permits, rules, or regulations relating to air pollution is a misdemeanor, punishable by a fine not to exceed $1,000 or imprisonment not to exceed 6 months in the county jail, or both. Each day of the violation is a separate offense.

This bill would require those violations to be prosecuted only under provisions in the Health and Safety Code.

Ch. 1166 (AB 2288) Quackenbush. Air pollution: permits.

(1) Existing law authorizes an air pollution control district or air quality management district to establish a permit system, requires the district regulations to provide that a permit is valid only for a specified period, renewable upon the payment of specified fees, and limits to one year the time during which an order of the South Coast Air Quality Management District Board granting a permit shall be effective.

This bill would delete that one-year limit in the case of the south coast district, and, in the case of the districts generally, delete the provision for renewal on payment of specified fees, and require the expiration date of a permit to be extended upon completion of an annual review, except as specified.

(2) Existing law requires the air pollution control officer of a district to observe and enforce all orders, regulations, and rules prescribed by the district board.

This bill would require the officer to additionally observe and enforce permit conditions, thereby imposing a state-mandated local program.

(3) Existing law requires a permit system adopted by a district to prohibit the issuance of a permit unless the permitted article, machine, equipment, or contrivance will comply with prescribed orders, rules, regulations, and statutes.

This bill would authorize a district air pollution control officer to subject the issuance of a permit to compliance with an applicable implementation plan, and would subject the issuance of the permit to other specified requirements of federal law. The bill would impose additional requirements on the districts, and impose penalties for violations, relating to the federal law, thereby imposing a state-mandated local program by imposing new duties on the districts and creating new crimes.

(4) Existing law authorizes any person to apply for a variance from a specified statute or from rules and regulations of the district, but not from the requirement for a permit to build, erect, alter, or replace.

This bill would in the case of a Title V source, as defined, also prohibit the granting of a variance from the requirement for a permit to operate or use, and would authorize the issuance of a permit to operate or use for activities for which a variance has been granted, including an abatement order which has the effect of a variance.

(5) This bill would also make additional changes proposed by AB 2107, to be operative only if AB 2107 and this bill are both chaptered and become effective on January 1, 1994, and this bill is chaptered last.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 1167 (AB 155) Connolly. Firearms.

(1) Existing law requires the Attorney General to keep and properly file, among other forms and records, copies of applications for licenses to carry concealed firearms, as specified.

This bill would additionally require, among other things, that the Attorney General keep and properly file copies of licenses to carry concealed firearms that are actually issued, as specified, and information pertaining to revoked licenses.

(2) Existing law authorizes the sheriff or the chief or other head of a municipal police department to issue a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person, as specified.

This bill would provide that the license shall not be issued if the Department of Justice determines that the person is within a prohibited class, as specified. The bill would also require the revocation of the license by the local licensing authority if it is determined, as specified, that the person is in a prohibited class, as specified. By imposing additional duties on the local licensing authority, this bill would impose a state-mandated local program.

This bill would also specify that the licensee may apply to the licensing authority for an amendment to the license to, among other things, add or delete authority to carry a particular pistol, revolver, or other firearm capable of being concealed upon the person or change the restrictions or conditions on the license, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person. The bill would require a licensee to apply for an amended license when the licensee changes his or her address. The bill would require the licensee to notify the licensing authority in writing within 10 days of any change in the licensee's place of residence. The bill would also specify that the license may not be revoked solely because the licensee changes his or her residence to another county, as specified. Because the bill would provide that any person who files an application for amendments to a license knowing that statements contained therein are false, is guilty of a misdemeanor, the bill would create a new crime, thereby imposing a state-mandated local program.

Existing law provides that any person who knowingly makes a false statement on the application regarding, among other things, the denial or revocation of a license, is guilty of a felony.

This bill in addition would provide that any person who knowingly makes a false statement on the application regarding the denial of an amendment to a license, is guilty of a felony. Because the bill would create a new crime, it would impose a state-mandated local program.

(3) Under existing law, if a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person is issued, a record is required to be maintained in the office of the licensing authority and a copy filed with the Department of Justice.

This bill would repeal these provisions, and, instead, would provide that whenever there is the denial of a license or the denial of an amendment to a license or whenever there is the issuance, amendment, or revocation of a license, a record of that action shall be maintained in the office of the licensing authority and copies of that action shall be filed immediately by the issuing officer or authority with the Department of Justice. By imposing additional duties on the local licensing authority, this bill would create a state-mandated local program.

(4) Existing law authorizes the licensing authority, described in (2) above, of any city or county to charge a fee, not to exceed $3, for processing an application for a new license or a renewal of a license.

This bill also would authorize the licensing authority, as described, of any city or county to charge a fee, not to exceed $3, for processing an amended license.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedures for making that reimbursement.

This bill would provide that for certain costs no reimbursement is required by this act for a specified reason.

However, the bill would provide that if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1168 (AB 348) Cannella. PERS: administration.

(1) The existing Public Employees' Retirement Law requires contributions of members and retired members to be credited with interest at the current annual interest rate (which is defined as the interest rate fixed for purposes of crediting interest), except that that rate may be reduced in any fiscal year in which the net earnings rate does not exceed the current actuarial interest rate by 110 basis points, by an amount that is not more than 110 basis points less than the net earnings rate in order to provide purchasing power protection allowances from the supplemental account. However, for any member who withdraws his or her member contributions after June 30, 1991, the member contributions made after that date would be credited at the rate of 6% compounded annually and the interest amount that would have been otherwise credited on or after that date to the member's account is required to be transferred to the supplemental account to fund purchasing power protection allowances. The law requires that if the current net earnings rate exceeds the annual interest rate used to credit member and retired member accounts, in addition to the amount transferred to the supplemental account, the remaining amount shall be credited to employer accounts.

This bill would, instead, define "annual interest rate" as the net earnings rate reduced by 110 basis points for purposes of crediting interest, require the contributions of members to be credited with an interest crediting rate of 6% compounded annually, and require the retired member reserves to be credited at the lesser of the current actuarial interest rate or the current annual interest rate compounded at each June 30. This bill would require that, in the calculation of the refund of accumulated contributions of a member who dies on or after January 1, 1994, as part of the basic death benefit, the accumulated contributions be increased by a factor determined by the board that is based on the difference, at each June 30 subsequent to January 1, 1994, between the lesser of the current actuarial interest rate or the current annual interest rate and the 6% interest crediting rate on member contributions.

(2) The existing Public Employees' Retirement Law provides for the Governor to contract with a consulting actuary to serve as the actuary for PERS, subject to legislative confirmation, and confers various powers and duties upon the Governor's actuary.

This bill would specify that certain powers and duties of the Governor's actuary shall be performed by the Board of Administration.

(3) The Public Employees' Retirement Law includes and excludes from membership in the system, certain part-time, seasonal, limited-term, on-call, emergency, intermittent, substitute, and other irregularly employed employees.

This bill would revise, recast, reorganize, and clarify those provisions.

(4) This bill would also make technical and related changes.

Ch. 1169 (AB 440) Sher. Solid waste: emergency regulations.

(1) Existing law, the California Integrated Waste Management Act of 1989, requires a county to prepare a countywide integrated waste management plan and a regional agency to prepare a regional agency integrated waste management plan, consisting of specified elements, including source reduction and recycling elements and nondisposal facility elements, and requires the California Integrated Waste Management Board to review and approve or disapprove the plans. The act requires the board to adopt rules and regulations, as necessary, to carry out the act.

This bill would require the board to adopt emergency regulations governing the preparation and submission of city, county, and regional agency source reduction and recycling elements and nondisposal facility elements, and would prescribe related matters.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) The act authorizes a city or county to form a regional agency with another city or county for the purpose of complying with specified requirements of the act. The act provides that the regional agency, and not the cities or counties which are member agencies of the regional agency, are responsible for compliance with specified requirements of the act, if the cities or counties which form the regional agency are located in a rural area, as defined, with a combined population of 250,000 or less.

This bill would delete the requirement that the member agencies of such a regional agency be located in a rural area with a population of 250,000 or less, and would instead authorize the regional agency and not the member agencies of the regional agency to assume responsibility for compliance with specified requirements of the act if so specified in the agreement pursuant to which the regional agency is formed.

The bill would specify that a city, county, or regional agency may enter into a memorandum of understanding with another city, county, or regional planning agency, agency formed under a joint exercise of powers agreement, or district established to manage solid waste for the purpose of preparing and implementing source reduction and recycling elements, household hazardous waste elements, or a countywide or regional agency integrated waste management plan.

(3) The act authorizes the board to reduce specified solid waste diversion requirements of the act if a city or county, or a portion of a county, that consists of a desert and mountain region, demonstrates, and the board concurs, as specified, that the achievement of the diversion requirements is not feasible because of the small geographic size or low population density of the city or county and because of the small quantity of solid waste generated within the city or county.

This bill would make any reduction in diversion requirements granted by the board inapplicable to a city or county which is or becomes a member agency of a regional agency for the purpose of complying with those diversion requirements. The bill would delete that authorization regarding a portion of a county that consists of a desert and mountain region, and would, instead, authorize the board to grant the reduction in diversion requirements for a portion of the unincorporated part of a county of the 7th class, as defined by statute.

(4) The act requires each countywide or regional agency integrated waste management plan, and the elements thereof, to be reviewed, revised, and, if necessary, submitted to the board every 5 years, in accordance with a specified schedule.

This bill would authorize a city, county, or regional agency to amend its source reduction and recycling element or household hazardous waste element at any time to incorporate new or revised data, to give descriptions of new or revised source reduction, recycling, or composting programs, or to make other changes that are necessary to meet specified solid waste diversion requirements.

(5) The act requires that, if a city or county has less than 8 years of remaining disposal site capacity, the countywide integrated waste management plan be submitted to the board within 12 months, and requires that, if a city or county has 8 or more years of remaining disposal site capacity, the plan be submitted within 18 months, after the Office of Administrative Law formally approves regulations for the preparation of countywide siting elements and countywide integrated waste management plans. A regional agency integrated waste management plan is required to be submitted to the board within 18 months after the office formally approves those regulations.

This bill would require, notwithstanding those provisions, that any city, county, or regional agency with less than 8 years of remaining disposal site capacity, as defined, to submit its source reduction and recycling element and its nondisposal facility element to the board by April 30, 1994, that any city, county, or regional agency with 8 or more years, but less than 15 years of disposal site capacity, submit those elements to the board by August 31, 1994, and that any city, county, or regional agency with 15 or more years of disposal site capacity submit those elements to the board by December 31, 1994. The bill would require, upon submission of its source reduction and recycling element or by October 1, 1994, except as specified, each city, county, or regional agency to report to the board on its progress in achieving diversion requirements, thereby imposing a state-mandated program. The board would be required to report to the Governor and

NOTE: Superior numbers appear as a separate section at the end of the digests.

the Legislature by January 1, 1995, summarizing information from the city, or county, or regional agency reports describing city, county, regional agency, and statewide progress in meeting those diversion requirements.

(6) The act requires any person owning or operating a solid waste landfill, as defined, when applying to become an operator, to certify to the board and the local enforcement agency that the person has established a trust fund or equivalent financial arrangement acceptable to the board and will deposit annually into the fund or financial arrangement sufficient amounts to meet closure and postclosure maintenance costs, as specified. On and after the effective date of specified federal regulations, the owner or operator is required to submit to the board, with the person's closure plan and postclosure maintenance plan, evidence of financial ability to provide for those costs in an amount equal to the estimated cost of closure and 15 years of postclosure maintenance in accordance with the plan.

Until the effective date of those federal regulations, this bill would specify 15 years as the number of years for which an owner or operator is required to demonstrate financial ability for postclosure maintenance, and would make related changes for purposes of conforming with the federal Resource Conservation and Recovery Act of 1976.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(8) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1170 (AB 259) Hannigan. Auctioneers and auctions.

Existing law, the Auctioneer and Auction Licensing Act, provides an extensive scheme for the licensing and regulation of auctioneers and auctions in this state, under the jurisdiction of a California Auctioneer Commission.

This bill would repeal that act. This bill would require every auctioneer and auction company to maintain a surety bond in the amount of $20,000 with the Secretary of State, and would enact related provisions regulating that bond and relative to the conduct of business and specifying certain prohibited acts.

Violations of these provisions, as specified, would constitute new crimes and thus impose a state-mandated local program. The bill would direct fines collected for the violation of these new crimes to be paid to the county treasurer in the jurisdiction in which the fine is levied, to be used exclusively to the benefit of the district attorney of that county. By imposing new duties on county treasurers the bill would create a state-mandated local program.

Under existing law, it is a crime for any person to obtain any money or property from another, or to obtain the signature of another to any written instrument, the false making of which would be forgery, by means of any false or fraudulent sale of property or pretended property, by auction, or by any of the practices known as mock auctions. Under existing law, a person who violates this provision shall also forfeit any license he or she may hold as an auctioneer and is permanently disqualified from receiving a license to act as an auctioneer in this state.

This bill would instead provide for license disqualification for a period of 3 years.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

However, the bill also would provide that if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

This bill would take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1171 (AB 311) Honeycutt. Mojave Water Agency.

(1) The Mojave Water Agency Law creates the Mojave Water Agency and provides for the election of a member of the board of directors of the agency from each of the 7 divisions of the agency. That law designates the boundaries of those divisions and authorizes the board to adjust those boundaries in a prescribed manner.

This bill would repeal the provision relating to the designation of the boundaries of the divisions and would revise the provision relating to the adjustment of those boundaries. The bill would impose a state-mandated local program by imposing additional duties on the agency.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1172 (AB 344) Hauser. California Salmon Council and California Seafood Council.

(1) Existing law requires that the notice requesting nominations for members of the California Salmon Council be mailed to the Director of Food and Agriculture and that the director consider nominations that are postmarked not later than March 15.

This bill would require that the nominations for appointment to the council be postmarked not later than March 1 instead of March 15.

(2) Under existing law, the California Seafood Council develops, maintains, and expands the markets for seafood products that are harvested, processed, manufactured, sold, or distributed in this state for human consumption, and the use and consumption of seafood and seafood products in those markets. For those purposes, "fisheries" is defined to mean, among other things, all species of fish and shellfish harvested in ocean waters landed in California that are treated as a unit for purposes of research, development, promotion, and marketing, except, among others, all fish taken by use of trawl nets landed north of San Luis Obispo County.

This bill would redefine "fisheries" for the purpose of those provisions to delete the exception for all fish taken by use of trawl nets landed north of San Luis Obispo County and to add exceptions for all fish collected for scientific experiment or aquaria and all fish classified as groundfish taken by use of trawl nets.

(3) Under existing law, the California Seafood Council is composed of 11 voting members and 5 nonvoting members. The nonvoting members are appointed by the Director of Food and Agriculture to represent various entities.

This bill would increase the number of nonvoting members to 6, as specified.

(4) Under existing law, the California Seafood Council may exercise various powers delegated to it by the Director of Food and Agriculture.

This bill would include in those delegable powers the power to establish and regulate the permissive use of an official mark, as described.

(5) The bill would except promotion in markets outside the state from the prohibition on the California Seafood Council expending council funds for advertising brand name seafood products.

(6) The bill would authorize receivers or fishermen who handle a small volume of fish and shellfish, as specified, to file reports and submit fees quarterly. The bill would authorize the Director of Food and Agriculture and the Director of Fish and Game to enter into an interagency agreement on behalf of the California Seafood Council to provide names and addresses of commercial fish businesses selected annually by the Department of Fish and Game for fish landing tax examinations. The bill would declare that the listing of names and addresses is a confidential document.

(7) The bill would authorize the Director of Food and Agriculture to establish categories of voluntary contributions paid by sponsors, as defined.

(8) Existing law authorizes the California Seafood Council to develop guidelines for a "credit-back" program which authorizes the reimbursement of a percentage of individual contributions to the council, as specified. A review committee of the council is required to review and approve applications for the credit.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the review committee, upon acceptance of a statement of completion of a program, to direct the council to reimburse a percentage of the individual contributions, not to exceed 50%, at the end of the fiscal year for which the application and expenditure were made.

Ch. 1173 (AB 488) Pringle. State park system: maintenance and operation: sponsorship.

Under existing law, the Department of Parks and Recreation is directed to administer, protect, develop, and interpret the state park system for the use and enjoyment of the public. The state park system consists of specified units, including state beaches.

Existing law establishes the State Park Contingent Fund and requires that money derived from gifts, bequests, or county or municipal appropriations or donations be deposited in the fund and used for specified purposes relating to the state park system.

This bill would authorize the department to enter into an agreement to accept funds from any person, business entity, or organization for the maintenance or operation of a state beach or unit of the state park system that encompasses a beach, or of an area or facility of the state beach or other unit, on a nonprofit basis. The bill would require that any funds so received be deposited in a separate account in the State Park Contingent Fund.

The bill would also authorize the department to enter into such an agreement to accept services, as specified.

The bill would make a related statement of legislative intent.

The bill would authorize the Director of Parks and Recreation to authorize the erection of an appropriate sign in recognition of that sponsorship.

The bill would require those activities to be implemented as part of the department's Adopt-A-Beach program.

Ch. 1174 (AB 522) Hauser. White sharks.

(1) Existing law does not prohibit the taking of white sharks for commercial or recreational purposes.

This bill would, until January 1, 1999, prohibit the taking of white sharks for recreational purposes except under a permit issued by the Department of Fish and Game for scientific or educational purposes, as specified. The bill would also generally prohibit the taking of white shark for commercial purposes except that the bill would permit incidental taking by commercial fishing operations using certain types of nets and would prohibit severing the pelvic fin on those white sharks until after they are brought ashore. The bill would permit white shark taken incidentally and alive to be sold for scientific or live display purposes. The bill would prohibit the landing of any white shark killed or injured by any person in self-defense. Because a violation of the prohibition against taking white shark would be a crime under other provisions of existing law, the bill would impose a state-mandated local program by creating a new crime.

Under existing law, the Fish and Game Preservation Fund is continuously appropriated to the department to carry out the Fish and Game Code. Because this bill would impose new duties on the department, the bill would make an appropriation.

(2) Existing law authorizes the use of spears, harpoons, and bows and arrows to take all varieties of skates, rays, and sharks, except soupfin sharks.

This bill would also except white sharks from that authorization until January 1, 1999.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1175 (AB 565) Polanco. State government: procurement.

Under existing law the Director of General Services approves state purchase contracts.

This bill would require the director to conduct a feasibility study of an electronic system of on-line procurement and to submit a report to the Office of Information

NOTE: Superior numbers appear as a separate section at the end of the digests.

Technology, the Governor, and the Legislature on or before August 1, 1994. The bill would authorize state agencies to enter into contracts and make payments by electronic transmissions. The Department of General Services would be authorized to make the California State Contracts Register available through computer-accessed service.

Ch. 1176 (AB 770) Areias. Economic poisons: assessment.

(1) Existing law requires each registrant of an economic poison to pay an assessment to the Director of Pesticide Regulation for all sales of registered and labeled economic poisons for use in this state. Existing law permits sales invoices for economic poisons to show an amount that represents the assessment.

This bill would, additionally, require the pesticide dealer or pesticide broker to pay an assessment of 9 mills per dollar of sales for sales into or within this state of registered economic poisons labeled for agricultural use, and, until June 30, 1997, to pay an additional assessment of 12 mills per dollar of sales for all sales by the dealer or broker of its registered and labeled economic poisons for use in this state.

The bill would require the pesticide dealer or broker to report its sales quarterly to the director, and to maintain certain records relating to its sales.

The bill would also provide that assessments on poisons that are labeled for end use and sold for use in this state shall be paid by the registrant, except as specified.

The bill would also make it unlawful for any person, other than those specified, to sell or distribute economic poison products in this state unless the person is licensed as a pesticide broker. Since under existing law, a violation of this provision would be a misdemeanor, this bill would impose a state-mandated local program by creating a new crime. This bill would set the requirements for obtaining that license, including the fees therefor.

The bill would also prohibit any person from purchasing for use in this state a pesticide that is labeled for agricultural use except from a licensed pesticide dealer. Since under existing law, a violation of this provision would be a misdemeanor, this provision would also impose a state-mandated local program by creating a new crime.

The bill would also permit the director to levy a civil penalty against a person who violates the provisions relating to the payment of assessments.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1177 (AB 1150) Alpert. Commercial fishing vessels.

(1) Existing law prohibits the owner or operator of a licensed commercial passenger fishing vessel from permitting any person to fish from that boat or vessel unless the person has a valid sportfishing, sport ocean fishing, or sport ocean fin fishing license and any required license stamps.

This bill would require the Department of Fish and Game to report to the Legislature on or before March 1, 1995, its evaluation and recommendations on whether the operation of this provision should be continued.

Because existing law continuously appropriates the money in the Fish and Game Preservation Fund to the department to carry out its duties and because this bill would impose new duties on the department with respect to the preparation of that report, the bill would make an appropriation.

(2) Existing law establishes the period for the duration of commercial passenger fishing vessel licenses and the fee for them at $50, generally, until April 1, 1993, and $400 thereafter, except that the license fee for a vessel with a home port in the Klamath Management Zone, as defined, is $300 until March 31, 1996, and $400 thereafter.

This bill would, operative April 1, 1995, change the license fee generally to $200, except that the license fee for a vessel, the owner or operator of which has acquired a commercial fishing salmon stamp, would be $150 commencing April 1, 1995, and the license fee for vessels with a home port in the Klamath Management Zone, would be $300 until March 31, 1995, $100 until March 31, 1996, and $200 thereafter.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law also provides that persons obtaining a commercial passenger fishing vessel license receive a credit or reduction in the fee for that license equal to the fees paid by that person for commercial ocean fishing enhancement stamps to fish south of Point Arguello, for commercial salmon vessel permits, for gill net or trammel net permits, and for one commercial fishing salmon stamp.

This bill would repeal the provision for credit or fee reduction effective March 31, 1995.

Ch. 1178 (AB 1338) Bronshvag. Energy efficiency: schools.

Under existing law, the Public Utilities Commission is vested with regulatory authority over public utilities and other specified entities.

This bill would require public utilities to develop programs in cooperation with local school districts in reducing their electricity and gas bills through conservation and improvements in efficiency, and would permit utilities to offer to school districts on a priority basis, and permit school districts to utilize, any programs or incentives for commercial customers developed by the utility and approved by the commission, including rebates, loan programs, and incentives for the installation of efficient lighting, heating, or cooling systems.

The bill would also include publicly funded schools that include kindergarten through grade 12, or any portion of those grades within the Energy Efficiency Revenue Bond program with certain restrictions. The bill would require the State Energy Resources Conservation and Development Commission, in consultation with the Department of General Services to publish and transmit to the Legislature no later than December 31, 1994, a report on those activities.

Existing law authorizes the Public Works Board to acquire and engage in the construction of cogeneration equipment, alternative energy equipment, or conservation measures, and any combination thereof, and to enter into energy service contracts, at any structure, building, facility, site, or work used, owned, or acquired by a governmental entity.

This bill would require the Superintendent of Public Instruction to apportion state aid to a school district in the case of a capital outlay project to include the amount necessary to meet its energy service contract obligation. The bill would also specify a procedure for school districts to provide funding to meet energy service contract obligations out of annual state apportionments to those districts.

Since existing law makes any public utility that violates specified provisions regulating public utilities guilty of a misdemeanor, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1179 (AB 1504) Allen. Oil, gas, and geothermal resources.

(1) Under existing law, a person who acquires ownership or operation of an oil or gas well is required to notify the State Oil and Gas Supervisor or the district deputy, in writing. Acquisition of the well is not final until the operator provides specified information and a bond or deposit for any well that was covered by a previous owner's bond or deposit and which has been nonproductive for 5 years prior to the date of acquisition.

This bill would instead require that bond or deposit, whether or not the well was covered by a previous owner's bond or deposit. The bill would specify that the bond is not required in addition to another specified bond or fee requirement.

(2) Under existing law, any person who drills, redrills, deepens, or permanently alters the casing of a well located on submerged lands under ocean waters, is required to file a $250,000 blanket indemnity bond with the supervisor to cover the specified operations.

The bill would, with regard to wells operated on tide or submerged lands, require the supervisor to also determine and impose a reasonable additional amount of security to cover the cost of plugging and abandoning all of the operator's wells. The bill would

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

prohibit the supervisor from adjusting the amount of the security more than once every 3 years. The bill would require the security to remain in effect until all wells are plugged and abandoned, but the supervisor would be required to reduce the amount of the security to reflect reduced obligations. The bill would prohibit the supervisor from requiring that additional security if the state lease or other agreement that sets forth obligations or performance requirements under the lease provides security that is equal to, or greater than, the additional security plus all other liabilities. The bill would also provide for self-insurance of the security obligations, as specified.

(3) Under existing law, oil and gas well records filed with the Division of Oil, Gas, and Geothermal Resources are public records unless there are extenuating circumstances under which the records may be maintained as confidential information for a specified time. Under existing law, geothermal well records filed with the division may be maintained as confidential information for a specified time if the owner or operator requests it. The director may not approve an extension of the total applicable period of confidentiality without a public hearing.

This bill would require the director to approve a longer period of confidentiality after a 30-day public notice and comment period. The bill would require the director to initiate and conduct a public hearing if he or she receives a written complaint.

(4) Existing law required the supervisor to submit a report on abandoned wells by July 1, 1986.

This bill would delete that obsolete provision.

Ch. 1180 (AB 1520) Aguiar. Air pollution control programs.

(1) Under existing law, each air pollution control district and air quality management district is authorized to establish a permit system that requires, except as specified, that before any person builds, erects, alters, replaces, operates, or uses any article, machine, equipment, or other contrivance which may cause the issuance of air contaminants, the person obtain a permit from the air pollution control officer of the district. Existing law, the Air Pollution Permit Streamlining Act of 1992, requires every district to provide procedures for expedited permit review.

This bill would prescribe procedures that districts would be required to follow to expedite permits for projects required by law for the installation of air pollution control equipment. The bill would require districts with a population of more than 500,000 to implement specified additional permit streamlining measures. The imposition of those requirements on districts would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1181 (AB 1583) Richter. Willow Creek Valley Groundwater Management District.

(1) Under existing law, various local public agencies manage groundwater.

This bill would enact the Willow Creek Valley Groundwater Basin Act which would create the Willow Creek Valley Groundwater Management District to provide for groundwater management within prescribed boundaries. The bill would specify the powers and duties of the district and provide for the management and financing of the district. The bill would impose a state-mandated local program by imposing various duties upon the Board of Supervisors of Lassen County and other county officers.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1182 (AB 1986) Klehs. Railroad safety: schools.

Existing law authorizes the Department of Transportation to contract for the operation of rail passenger service on certain rail routes.

This bill would require the department to participate in the "Operation Lifesaver" railroad public safety awareness program, and to work with school officials to develop a program designed to enhance student awareness of the dangers of trespassing on railroad property. The bill would require the program to be implemented, initially, on the Capitol Corridor route. The bill would also require railroad warning signs to be provided by the department and to be posted by the department or the railroad, as specified, on or adjacent to railroad property within 1,000 feet of schools where upgrading of railroad lines has resulted in increased passenger train speeds, as specified.

Ch. 1183 (AB 2039) Farr. Equine: humane transport.

Existing law provides that whoever carries, or causes to be carried, in or upon any vehicle or otherwise, any domestic animal in a cruel or inhuman manner, or knowingly and willfully authorizes or permits it to be subjected to unnecessary torture, suffering, or cruelty of any kind, is guilty of a misdemeanor.

This bill would provide, in addition, that any person who transports an equine, as defined, in a vehicle to slaughter shall meet specified standards. The bill would provide that any person who violates the standards is guilty of a misdemeanor and is subject to a fine of $100 per equine being transported, and any person who violates the standards for a 2nd or subsequent time is guilty of a misdemeanor and shall be fined $500 per equine being transported. This bill would impose a state-mandated local program upon local governments by creating new crimes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1184 (AB 2061) Umberg. Hazardous materials: administering agency designation.

(1) Existing law, the Carpenter-Presley-Tanner Hazardous Substance Account Act, requires the Department of Toxic Substances Control or a California regional water quality control board to prepare or approve remedial action plans, which specify, among other things, removal and remedial actions selected for the cleanup of all hazardous substance release sites identified and categorized pursuant to a specified procedure.

This bill would establish within the California Environmental Protection Agency a Site Designation Committee and prescribe its membership. The bill would allow a responsible party for a hazardous materials release site to make one request to the committee to designate an administering agency to oversee a site investigation and remedial action at that hazardous materials release site, and would define terms in that regard. The bill would require the committee to take into account specified factors when designating the administering agency for a site and would require the committee to use specified criteria as guidelines for designating the administering agency. The bill would prohibit any administrative or judicial review of that designation. The bill would require the administering agency to supervise the site investigation and remedial action conducted by the responsible party and, upon determining that the site investigation and remedial action has been satisfactorily completed, to issue a certificate of completion to the responsible party. The bill would prohibit an agency from taking specified actions against a responsible party issued such a certificate, except as specified.

Since the bill would impose new duties upon local agencies which are designated administering agencies, the bill would impose a state-mandated local program.

(2) The act prohibits any person from releasing, or allowing or causing a release of, a hazardous substance into the environment that is not authorized or permitted pursuant to state law, and specifies penalties.

This bill would limit that prohibition to the release of a reportable quantity, as defined, of a hazardous substance and would require any person releasing a reportable quantity

NOTE: Superior numbers appear as a separate section at the end of the digests.

to make a written report to the Department of Toxic Substances Control, except as specified. The bill would make the owner of property on which a release of a reportable quantity has occurred, and any person who releases a reportable quantity, who fails to make the report, liable for a specified civil penalty and, if the violation results in, or significantly contributes to, an emergency, the costs of a county, city, or district emergency response.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1185 (AB 2108) Farr. Harbors: electrical power at marinas.

Existing law authorizes the operator of every privately owned marina or small craft harbor, or facilities in connection therewith, who is furnishing electrical power to slips or berths for use aboard any vessel, to provide facilities for submetering to measure the electrical power actually used by or aboard each vessel and to base charges for the power based on that use.

This bill would also make that provision applicable to publicly owned marinas or small craft harbors.

Ch. 1186 (AB 2283) Lee. Coastal and water resources: development: boating.

(1) The Budget Act of 1993 appropriates $2,000,000 from the Outer Continental Shelf Land Act Section 8(g) Revenue Fund to the State Coastal Conservancy for coastal resource enhancement subject to specified provisions.

This bill would amend the Budget Act of 1993 to make that appropriation for coastal resource development, rather than enhancement, thereby making an appropriation by changing the purpose of an appropriation.

(2) The Budget Act of 1993 appropriates funds for local assistance grants and loans from the Harbors and Watercraft Revolving Fund, including $50,000 for the Long Beach Marina, $200,000 for the Jack London Square Marina, $600,000 for the Sausalito Yacht Harbor, and $620,000 for private marina loans.

This bill would amend the Budget Act to increase the amounts for launching facility grants for the Long Beach Marina to $500,000, the Jack London Marina to $500,000, and the Sausalito Yacht Harbor to $1,200,000 and would include the following additional grants for launching facilities: $75,000 for Lake Casitas, $400,000 for Clearlake Oaks, $159,000 for floating restrooms, $295,000 for Morro Bay, $295,000 for Pier 54, $200,000 for ramp repairs and extensions, $50,000 for San Antonio Lake, $252,000 for Santa Clara Point, $206,000 for Ventura Harbor, and $41,000 for Woodson Bridge. The bill would additionally make small craft harbor loans of $1,000,000 for Pillar Point Harbor, $600,000 for Marina del Ray/Playa Vista, $500,000 for San Leandro Marina, $500,000 for Santa Cruz Harbor, and $200,000 for Woodley Island Marina. The bill would also increase the amount for private marina loans to $1,000,000.

(3) The Budget Act of 1993 appropriates $700,000 for capital outlay to the Department of Boating and Waterways from the Harbors and Watercraft Revolving Fund for minor projects.

This bill would increase that amount to $1,115,000 and would include $5,000 for project planning.

Ch. 1187 (SB 70) Greene. Local government finance.

Existing law with respect to the enforcement of judgments requires, for levy upon growing crops, timber, or minerals, including oil and gas, that the levying officer serve a copy of the writ and a notice of levy upon the occupant of the real property upon which the crops, timber, or minerals are located. It further requires the levying officer, where

NOTE: Superior numbers appear as a separate section at the end of the digests.

service as described above cannot be completed, to post the copy of the writ and the notice of levy in a conspicuous place on the relevant real property.

This bill would waive this posting requirement where levy is to be made upon minerals, not including oil or gas, and no dwelling is located upon the real property.

Existing law requires each salaried officer of a county or judicial district to collect those moneys and fees specified by law and to pay those amounts into the county treasury.

This bill would provide that no officer collecting those moneys or fees shall be required to accept coin in payment of those amounts.

Existing law requires a county treasurer to file and keep certificates of the auditor delivered to him or her when money is paid into the county treasury, but authorizes the treasurer to destroy a certificate that has been filed for more than 5 years when certain conditions are met as to the preservation of the certificate by other means.

This measure would expand a county treasurer's authorization to destroy a certificate of the auditor by eliminating the requirement that the certificate be filed for more than 5 years.

Existing law authorizes a county to issue and register warrants drawn on the county treasury, and to pay registered warrants upon receipt of necessary moneys into that treasury.

This bill would revise and recast those provisions and would additionally specify, among other things, new procedures for the registration of warrants and the determination of the rate of interest payable on those warrants. By imposing additional duties with respect to registered warrants, this bill would impose a state-mandated local program.

Existing property tax law establishes certain requirements with respect to the filing and processing of applications for the welfare and veterans' organization exemptions.

This bill would modify those requirements with respect to the submission of financial statements and the forwarding of eligibility findings to the assessor.

Existing property tax law provides for a partial welfare exemption for specified property, including certain property owned and operated by a veterans' organization, as described, if specified requirements are met.

This bill would clarify that certain provisions of a specified statute relating to that partial welfare exemption with respect to a veterans' organization shall be operative with respect to taxes levied for the 1989–90 fiscal year and each fiscal year thereafter.

Existing property tax law authorizes a tax collector, with respect to the sale of tax-defaulted property, to offer at a minimum bid to owners of contiguous parcels those tax-defaulted parcels that are rendered unusable by their size, location, or other conditions.

This bill would also authorize the tax collector to require that a defaulted unusable parcel be joined with a contiguous parcel as a condition of sale.

Existing property tax law sets 25% of market value, as defined, as the minimum sale price for tax-defaulted property.

This bill would instead set the total amount necessary to redeem the property, plus costs, as defined, as the minimum sale price for tax-defaulted property.

Existing property tax law authorizes a county auditor to cancel all or any portion of uncollected taxes or related amounts, where the tax collector satisfactorily shows that collection of the amount cannot be enforced and the district attorney consents in writing.

This bill would eliminate the requirement that the district attorney consent in writing.

Existing tax law authorizes a county to levy a transient occupancy tax.

This bill would authorize a county board of supervisors to adopt an ordinance or resolution establishing procedures for the collection of delinquent amounts of transient occupancy tax.

This bill would also make various clarifying or technical, nonsubstantive changes in certain tax statutes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims

NOTE: Superior numbers appear as a separate section at the end of the digests.

Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1188 (SB 148) Boatwright. Contractors: license fees.

Existing law specifies fees for contractors' licenses. Under existing law, moneys in the Contractors' License Fund are continuously appropriated.

This bill would increase specified application and renewal fees. Because this bill would increase the amount of moneys in the fund, it would constitute an appropriation.

The bill would express intent that the Contractors' State License Board designate at least 20% of increased revenue for enforcement of provisions relative to unlicensed activity, as specified.

The bill would appropriate $1,570,000 from the Contractors' License Fund in augmentation of a specified item of the Budget Act of 1993, to restore the unallocated reduction that was proposed in the 1994-95 Governor's Budget.

Ch. 1189 (SB 165) Marks. Elections: in-lieu petitions: special elections.

Existing law requires that a candidate for a party nomination for the Assembly or State Senate, a state constitutional office, or Insurance Commissioner at the direct primary election file a written and signed declaration of intention to become a candidate for his or her party's nomination to that office.

This bill would rename the document a statement of intention.

Existing law, until the enactment of SB 443 (Ch. 59, Stats., 1993), an urgency measure, authorized a candidate for elective office to submit a petition containing signatures in lieu of paying a filing fee, and to either submit a supplemental petition or pay a pro rata portion of the filing fee to cover any deficiency in signatures on the petition. SB 443 repealed this provision.

This bill would reenact this provision.

This bill would provide that if AB 1173 is chaptered and takes effect, any section of AB 1173 that adds Section 6555 to the Elections Code to reenact the authorization for in-lieu petitions shall prevail over a section by the same number added by this bill, and the section added by this bill shall not become operative.

Existing law requires that a special primary election to fill a vacancy in a legislative office be held on the 8th Tuesday or, if the 8th Tuesday is the day of a state holiday, the 9th Tuesday before the day of the special general election.

This bill would further require the special primary election to be held on the 9th Tuesday if, in addition, the 8th Tuesday is the day following a state holiday.

This bill, by changing the duties of local elections officials in connection with its provisions, would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1190 (SB 171) Beverly. Oil spills: prevention and response.

(1) Under existing law, the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, an oil spill response fee in an amount not exceeding 25¢ for each barrel of petroleum products or crude oil is imposed on specified persons during any period that the Oil Spill Response Trust Fund contains less than the designated amount, as set by

NOTE: Superior numbers appear as a separate section at the end of the digests.

the administrator for oil spill response, in consultation with the State Board of Equalization, unless the administrator for oil spill response finds that the assessment of a lesser fee will cause the fund to reach the designated amount within 4 months, but requires the fee to be not less than 25¢ during any period in which the state has borrowed money pursuant to specified provisions.

This bill would require the fee to be collected during any period that the administrator determines that either the amount in the fund is less than, or equal to, 95% of a specified amount, or additional moneys are required for specified purposes. The bill would require that, whenever the administrator, in consultation with the State Board of Equalization, estimates that the amount in the fund will reach the specified amount, and the money in the fund is not required for the specified purposes, the administrator shall direct the board to cease collecting the fee, unless the Treasurer has borrowed money pursuant to specified provisions, and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid.

The bill would require the administrator to authorize refunds of specified amounts under specified circumstances. The bill would make related and conforming changes.

The bill would authorize the administrator, for purposes of efficiency, safety, or implementation consistency, to provide for services to vessels, ports, and port users which are necessary to achieve mandated requirements, and to establish or authorize reimbursement for those services which do not exceed the reasonable costs incurred in implementing and administering the service.

The bill would require criminal misdemeanor violations under the act, actions to recover civil damages or penalties, and any action to compel the removal of oil or the restoration and rehabilitation of wildlife and wildlife habitat to be commenced within specified periods.

The bill would appropriate $1,000,000 from the Oil Spill Prevention and Administration Fund to the administrator for purposes of a loan, as prescribed, to the Marine Exchange of Los Angeles-Long Beach Harbor, Inc., to establish an interim Vessel Traffic Service system for the ports of Los Angeles and Long Beach pursuant to specified provisions.

The bill would make technical and related changes.

(2) The bill would authorize the Department of Fish and Game to transfer any estimated savings from a Budget Act of 1993 appropriation to the department from the Oil Spill Prevention and Administration Fund for local assistance, to a Budget Act of 1993 appropriation to the department from the fund for support of the department and to expend those savings to provide for an interagency agreement with the California Coastal Commission, to review oil spill contingency plans. By changing the purpose for which those funds may be expended, the bill would make an appropriation.

(3) The bill would incorporate additional changes in Sections 8670.48 and 8670.49 of the Government Code, proposed by SB 775, to be operative only if SB 775 and this bill are both chaptered and become effective on or before January 1, 1994, and this bill is chaptered last. These changes would become operative on the operative date of SB 775.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1191 (SB 236) Lockyer. Courts: small claims: unlawful detainer.

(1) Existing law requires each small claims court to make a reasonable effort to maintain and make available to the parties a list of interpreters for all needed languages, who are able and willing to aid parties either for no fee or for a reasonable fee.

This bill would require that if an interpreter is not available to aid a party in a small claims action, at the first hearing of the case the court shall postpone the hearing one time only to allow the party the opportunity to obtain an individual to assist the party, and would provide that any additional continuances are at the discretion of the court.

(2) Existing law establishes a pilot project in specified counties, which will be repealed on January 1, 1995, making court records in unlawful detainer cases unavailable to the public for a period of 30 days.

This bill would delete the repealer, extend the period of unavailability to 60 days, and extend these provisions to all counties. However, the bill would authorize the exemption of a municipal court from these provisions upon findings of fact, as specified, but would

NOTE: Superior numbers appear as a separate section at the end of the digests.

require a municipal court to review its exempt status every 12 months. The bill would specify that it does not apply to actions to terminate a mobilehome park tenancy. The bill would also declare the intent of the Legislature in this regard. The bill would impose a state-mandated local program by requiring new duties of local officials.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1192 (SB 238) Lockyer. San Francisco Bay pilots.

(1) Existing law provides for pension benefits for pilots, as defined, for the Bays of San Francisco, San Pablo, and Suisun based on service and the amount of funds available for pension benefits.

This bill would include inland pilots, as defined, in that pension benefit program.

(2) Existing law establishes a program for licensing of pilots by the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun. Existing law specifies the rates for pilotage, including an additional charge of 60.56 mills per high gross registered ton, augmented by an incremental rate of 0.78 additional mills for each pilot in excess of 60 pilots. Existing law also imposes a board operation surcharge of 7.5% of pilotage fees, to be deposited in the Board of Pilot Commissioners' Special Fund and used to support the board, and imposes an additional charge for pension benefits payable to a fiduciary agent, as specified. The fund is continuously appropriated for the payment of the compensation and expenses of the board, its officers and employees, and the pilot training programs.

This bill would provide that the rate of the additional pilotage charge is 60.70 mills per high gross registered ton and adjusted quarterly, as specified.

Ch. 1193 (SB 331) Mello. Local agencies: community facilities districts.

Existing law allows for the establishment of community facilities districts as a means of financing certain public facilities and services. A district may enter into an agreement with a public utility whereby the public utility provides services and the district conveys facilities to the utility. Under existing law, the conveyance agreement must provide for a refund to the district for the cost of the facilities.

This bill would include in the definition of "public utility" both public utilities regulated by the Public Utilities Commission, and municipal utilities. This bill would also provide that any refund to the district pursuant to a conveyance agreement would be determined in accordance with applicable public utilities rules or laws.

Existing law permits the legislative body of community facilities to make adjustments in ad valorem property taxes after making specified findings.

This bill would specify the procedures for terminating the property tax for specified capital facilities.

Existing law permits the legislative bodies of two or more local agencies to enter into a joint community facilities agreement or joint exercise of powers agreement to be exercised through a community facilities district.

This bill would revise that authority to permit participation of state or federal agencies and make other changes.

Existing law specifies the procedures for the conduct of elections in community facilities districts.

This bill would make revisions in provisions relating to ballot materials, thereby imposing a state-mandated local program.

Existing law requires that sellers of real property subject to a levy of special taxes for a community facilities district provide notice of that fact to buyers.

This bill would permit modification of the notices in a specified manner.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law permits the legislative body to sell bonds for a community facilities district only if it makes a prior determination that the value of real property subject to the special tax to pay debt service on the bonds exceeds by at least 3 times the principal amount of all outstanding bonds and the bonds to be sold.

This bill would require that the value of the subject property will be at least 3 times that principal amount and would make a conforming change.

Existing law requires the legislative body to report specified information to the California Debt Advisory Commission each year after the sale of any bonds.

This bill would specifically make that requirement, as specified, applicable for all bonds sold, including refunding bonds, and make the information a public record.

This bill would provide that proceedings to create or make changes in or issue bonds of a community facilities district prior to the effective date of this bill conducted pursuant to existing law and for which a special tax was or will be levied are considered to have been conducted as if this bill had been in effect when the proceedings commenced, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1194 (SB 376) Bergeson. Assessments.

Existing law requires that before adopting any new or increased general tax or any new or increased assessment, the legislative body of a city, county, or special district shall conduct at least one public meeting at which local officials must allow public testimony regarding the proposed new or increased general tax or new or increased assessment in addition to the noticed public hearing at which the legislative body proposes to enact or increase the general tax or assessment. Existing law specifies the form, frequency, and content of the notice of the public meeting that must be published.

This bill would revise and repeal existing law requirements relating to notice of assessments imposed under the laws relating to mosquito abatement or vector control districts and community services districts, and under the Improvement Act of 1911, the Pedestrian Mall Act of 1960, the Municipal Lighting Maintenance Act of 1927, the Landscaping and Lighting Act of 1972, and various other acts to conform with the above hearing and notice requirements. Imposing these requirements would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1195 (SB 405) Bergeson. Local agencies.

Existing law authorizes local agencies to utilize "native spoil" for utility excavation backfills.

This bill would authorize local agencies to specify that usage in their contracts.

Existing law permits, in general, a city, county, city and county, or other public agency to authorize the acceptance of a credit card for various payments. Existing law permits the acceptance of a credit card rendered by any city, county, or city and county but not by any other public agency.

This bill would permit the acceptance of a credit card for services rendered by any other public agency and the payment of any fee, charge, or tax due a city, county, city and county, or other public agency.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the State Clearinghouse within the Office of Planning and Research to distribute environmental plans with respect to certain developments. However, the provisions concerning the Capitol Area Development and the area around the Stanford and Heilbron Mansions require the State Clearinghouse to distribute plans.

This bill would change "plans" to "environmental documents" in those provisions.

Existing law, relating to the redevelopment of an area around the State Capitol, defines the project area to be redeveloped.

This bill would permit the Capitol Area Development Authority and the City of Sacramento to enlarge the project area pursuant to an agreement between those parties, as specified.

Existing law describes the official boundaries of all the counties in the state and also permits counties to adjust their mutual boundaries.

This bill would change the official boundary descriptions for Alameda, Los Angeles, Orange, and Riverside Counties to conform to recent changes in the boundaries of those counties.

Existing law lists the various officers of a county.

This bill would add public guardian to that list of county officers.

Existing law requires specified county officials to have their offices at the county seat.

This bill would authorize those offices to be outside the county seat under specified circumstances.

Existing law authorizes the consolidation of county offices and specifies various combinations of consolidated offices in counties of the 13th to 57th classes, inclusive.

This bill would additionally authorize, in these counties, and the county of the 58th class, Alpine County, the combination of tax collector/county clerk and treasurer and the combination of treasurer, tax collector, public administrator, and assessor.

Existing law authorizes the boards of supervisors of Los Angeles and San Bernardino Counties to enter into contracts with private enterprise to provide services that require special experience, education, training, or other capabilities that the county possesses and to charge fees for the services, subject to prescribed procedures and exceptions until January 1, 1997.

This bill would grant the same authority to Butte, Merced, Orange, and Ventura Counties.

Existing law generally permits the county board of supervisors to sell or lease for a term not exceeding 99 years any real property belonging to the county without a vote of the electors first being taken.

This bill would permit the Riverside County Board of Supervisors to transfer to the Riverside County Regional Park and Open Space District any real or personal property without a vote of electors first being taken.

Existing law permits a county board of supervisors to establish a procedure for the abatement of a nuisance. The procedure requires, among other things, that the owner of the parcel, or anyone known to be in possession of the parcel, be given notice of the abatement proceeding and an opportunity to appear before the board and be heard prior to abatement of the nuisance by the county. However, in counties with a population of 6,000,000 or more the board of supervisors may delegate the hearing to a designated hearing board.

This bill would permit this delegation of the hearing in counties with a population of 1,000,000 or more.

Existing law requires the county board of supervisors to adopt a final county budget no later than August 30 of each year.

Existing laws provide for county officers to manage fiscal affairs of other local agencies.

This bill would authorize the transfer of those duties to independent local agencies.

Existing law prohibits county treasurers from depositing money into the county treasury without a certificate issued by the county auditor.

This bill would permit the county auditor to establish alternate control procedures for the deposit of money by the county treasurers.

This bill would permit the board of supervisors, whenever the State Budget is enacted after July 1, to extend the date for adoption of the budget for a period not to exceed 60

NOTE: Superior numbers appear as a separate section at the end of the digests.

days from the date of the enactment of the State Budget or October 2, whichever is later, or 15 days beyond September 18 in specified circumstances.

Existing law permits the waiver of a requirement that all city ordinances be read in full at the time of introduction or passage by unanimous vote of all council members present.

This bill would permit that waiver by majority vote.

Existing law prohibits a city from spending more than 5% of its general fund for promotion or for advertising.

This bill would delete those restrictions.

Existing law specifies procedures for the imposition of development fees for school construction.

This bill would correct obsolete cross-references therein.

Existing law authorizes any city, county, or city and county to enter into contracts commonly known as "interest rate swap agreements" or "forward payment conversion agreements" only until January 1, 1996.

This bill would delete that termination date.

Existing law requires every local agency, as defined, to file with the county auditor of the county in which it conducts its principal business a copy of its annual budget within 60 days after the beginning of its fiscal year.

This bill would permit the county auditor to exempt local agencies from the requirement.

Existing law permits the local agency formation commission to make its approval of a change or organization or reorganization of local government entities subject to any of specified conditions. One condition is the continuation of any previously authorized charge, fee, assessment, or tax by the successor local agency.

This bill would revise that condition to be the extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory. The bill would require the clerk of the conducting authority of the change of organization or reorganization to mail notice to affected property owners subject to the extension of fees, charges, assessments, or taxes. The bill would also require territory that is being annexed to a city or county to pay existing taxes, benefit assessments, fees, or charges.

Existing law requires that prior to action by a legislative body to adopt or substantially amend a general plan, the planning agency shall refer the proposed action to specified entities, including any public water system with 3,000 or more connections. Existing law then requires that public water system to provide the planning agency with specified information.

This bill would relocate the latter requirement within the Government Code.

Existing law specifies that any employee of a city, county, or city and county who is subpoenaed in a civil lawsuit as a witness in a matter relating to his or her duties shall receive his or her normal salary or compensation and travel expenses while appearing and that the party at whose request the subpoena is issued shall reimburse the city, county, or city and county for those expenses.

This bill would make these provisions applicable to the employees of a local agency, as defined.

Existing law states that the creation of indebtedness by the Sacramento-Yolo Port District shall require prior authorization of a $\frac{5}{7}$ majority vote of the members of the port commission. Other provisions of law impose essentially the same requirement.

This bill would repeal this provision, but expressly provide that the issuance of revenue bonds requires a $\frac{5}{7}$ vote of the board of a riverport district and that the levy of specified assessments payable in 2 or more installments over a period of one year requires a $\frac{5}{7}$ vote of all members of the board.

Existing law prescribes the membership of county sanitation district boards.

This bill would require the Riverside County Board of Supervisors to be the board of directors of a new county sanitation district, thereby imposing state-mandated program costs on a local agency.

Existing law permits the board of directors of a sanitary district to authorize the

NOTE: Superior numbers appear as a separate section at the end of the digests.

district manager or other district employees to sign releases, receipts, and similar documents in the name of the district.

This bill would additionally permit the board to authorize those employees to sign contracts and warrants in the name of the district.

Existing law specifies that when a sanitary district consolidates with or annexes the territory of a district substantially identical to a sanitary district the number of members of the board of directors may be increased from 5 to 7.

This bill would provide that if the Capistrano Beach Sanitary District and the Dana Point Sanitary District consolidate the board of directors shall initially consist of 10 members who shall then determine whether the board shall consist of 5, 7, 9, or 11 members. The bill would specify that the local agency formation commission may designate the number and the method for selection of the members of the board of directors.

Existing law requires the board of directors of a fire protection district to publish a notice once a week for 2 successive weeks before it adopts its final budget.

This bill would change that notice requirement to one publication.

Existing law provides that whenever a request for payment from the state or a local entity pursuant to the terms of a contract for the construction of a public works project is properly filed and the validity of the claims is not disputed or has been settled or agreed upon payment shall include interest at the legal rate of 7% per year from the date of filing if payment has not been made by the 60th day after submission of the claim.

This bill would repeal that provision.

Existing law permits counties to delegate specified duties to purchasing agents.

This bill would authorize those agents to contract for work and materials for construction and repair costing not more than $6,500, without formal bidding.

Under existing law proposals to perform work for a public utility district shall be accompanied by a certificate of deposit or certified check of 10% of the amount of the bid. If the bidder to whom the contract is awarded fails or neglects to enter into the contract and file the required bond for 5 days after the award the district clerk shall draw the money due on the certificate of deposit or check and pay it into the treasury of the district.

This bill would repeal those provisions.

Existing law relating to public utility districts requires the clerk of the district to furnish blanks for all proposals, contracts, and bonds.

This bill would delete contracts from that requirement.

Existing law permits contractors to deposit money in escrow until the completion of a construction contract.

This bill would revise a cross-reference in that provision and make other technical, nonsubstantive changes.

The bill would authorize the formation of a regional open-space district to develop and operate parks in Riverside County.

Existing law requires the prior approval of a regional park district governing board before the county controller can pay the district's obligations.

This bill would permit the Board of Directors of the Riverside County Regional Park and Open-Space District to eliminate that requirement by resolution.

Existing law provides that no city shall be held liable for the failure to maintain any road until it has been accepted into the city street system by resolution of the governing body.

This bill would additionally permit a city officer designated by ordinance of the governing body to accept streets according to a specified procedure.

Existing law establishes the formulas for the apportionment of property tax revenues by the county auditor to jurisdictions within each county and provides for a specified reduction of revenues in the 1992–93 fiscal year for a special district, as defined, which excludes a multicounty district.

This bill would specify for those purposes that District 2 of the Alameda Contra Costa Transit District is a multicounty district.

Existing law relating to irrigation district boards of directors, requires directors to take office prior to the last Friday in December next following the general district election,

NOTE: Superior numbers appear as a separate section at the end of the digests.

and requires that directors' terms of office expire at noon on the last Friday in December following the next general district election after an order changing the number of divisions of the district.

This bill would change those references to the last Friday in December to the first Friday in December.

Existing law relating to irrigation districts, requires the directors to meet and organize as a board on the day on which the board holds its regular monthly meeting in January of the year succeeding the year in which a general election is held.

This bill would instead specify that the board shall meet and organize as a board on the day on which the board holds its first regular monthly meeting after the first Friday in December of the year in which a general district election is held.

The bill would authorize the Byron-Bethany Irrigation District to operate specified sewer and drainage systems.

Existing law specifies the procedures for the redivision of water conservation districts in Ventura County.

This bill would revise these procedures to permit the district to change the boundaries of its divisions on the basis of population.

Existing law permits water conservation districts to levy groundwater charges. Existing law requires the district to cause to be made annually an engineering investigation and report on groundwater conditions of the district. The district board is required to hold a hearing on the report and then may make a determination to levy a groundwater charge.

This bill would establish a procedure for the board to amend the report at any time during the year, to hold a hearing, and then modify the groundwater charge levied, as specified.

Existing law permits the Tehema County Board of Supervisors to designate certain lands in the City of Red Bluff for public uses according to a prescribed procedure and states that the lots shall be forever dedicated to that public use.

This bill would provide that the land is so dedicated until the Legislature determines that is no longer the best public use for certain property designated the Red Bluff Veterans Memorial Hall Property and that the Legislature designates the property for the construction of a new hall, as specified.

Existing law specifies the procedures for election and filling of vacancies of the governing board of the Amador County Water Agency.

This bill would revise those procedures to conform to the Uniform District Election Law.

Existing law specifies the circumstances in which the Santa Clara Valley Water District may impose groundwater charges and related penalties.

This bill would authorize the district to publish annual reports on specified dates and would permit the district to assess an administrative charge, in addition to interest and penalties, when any owner or operator of a water-producing facility fails to file a required water production statement.

Existing law authorizes the Colusa Basin Drainage District to levy a benefit assessment during its first 5 years to pay for its initial costs.

This bill would repeal that authority.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1196 (SB 462) Thompson. State park system: private sponsorship.

Under existing law, the Department of Parks and Recreation administers the state park system.

This bill would authorize the department to enter into an agreement to accept funds from any person, corporation or other business entity, or organization for the maintenance or operation, on a nonprofit basis, of a designated state park system unit or facility. The bill would authorize the department to enter into an agreement to accept services

NOTE: Superior numbers appear as a separate section at the end of the digests.

from any person, corporation or other business entity, or organization for the cleanup, repair, or enhancement of any designated state park system unit or facility. The bill would authorize the Director of Parks and Recreation to authorize the erection of an appropriate sign in recognition of the sponsorship. The bill would make related findings and declarations.

Ch. 1197 (SB 540) Marks. Pilots: training program: port infrastructure.

(1) Under existing law, the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun is required to adopt training standards and a training program for pilots, inland pilots, and pilot trainees. Existing law requires the board to adopt, by regulation, the licensing standards for pilots and to establish a pilot evaluation committee to conduct and supervise the pilot training program, and no pilot's license may be issued to any person who does not receive a certificate of completion of the training program.

This bill would require the board to adopt the training standards and the qualifications, standards, and rating criteria for candidates for the training program by regulation.

Because the training program is funded from the Board of Pilot Commissioners' Special Fund, which is continuously appropriated for various purposes, the bill would make an appropriation.

(2) Existing law requires all pilots issued original licenses after December 31, 1987, to have proper federal endorsements allowing them to pilot on the Bays of San Francisco, San Pablo, and Suisun including the Sacramento deep water ship channel and San Joaquin River.

This bill would require pilots originally issued licenses after that date to maintain, in addition to having, the federal endorsements.

(3) The bill would also require the board to establish an incident review committee composed of specified persons to investigate incidents or misconduct involving pilots or inland pilots, as specified, or other matters, as specified, to make reports relating to the incident, misconduct, or other matter to the board and to take certain actions relating to the incident, misconduct, or other matter investigated.

(4) Existing law authorizes 2 or more harbor agencies to create a joint powers entity for the purpose of establishing an infrastructure fund and financing port or harbor infrastructure.

This bill would also authorize the creation of a nonprofit public benefit corporation, as specified, for that purpose, and would limit the authority of that corporation to issue bonds, as specified.

Ch. 1198 (SB 581) Deddeh. Commercial insurance: rate changes.

Existing law limits an increase in premiums, reduction in limits, or change in the condition of coverage during a policy period, as specified, with respect to a policy of commercial insurance unless based upon certain reasons.

This bill would additionally provide as a reason, with respect to a change in the rate of a policy of professional liability insurance for a health care provider, an insurer's offer of renewal which notifies the policyholder that a rate change application is filed and pending before the Insurance Commissioner, when that rate change is subsequently approved. It would provide that the change shall not be retroactive.

Ch. 1199 (SB 608) Rosenthal. Coastal resources.

Existing law, the California Coastal Act of 1976, requires any person undertaking development in the coastal zone to obtain a coastal development permit in accordance with prescribed procedures. The act authorizes civil liability to be imposed on any person who performs or undertakes development that is in violation of the act or that is inconsistent with any previously issued coastal development permit, subject to specified maximum and minimum amounts, varying according to whether the violation is intentional and knowing.

This bill would, in addition, authorize civil liability to be imposed on any person who violates any provision of the act. The bill would make a distinction between a person

NOTE: Superior numbers appear as a separate section at the end of the digests.

who performs or undertakes development that is in violation of the act or that is inconsistent with any previously issued coastal development permit, as specified, and a person who violates the act in any other manner. The bill would not specify a minimum amount of civil liability for the latter.

The bill would authorize the commission to issue a cease and desist order to enforce the requirements of a certified local coastal program or port master plan under specified circumstances.

The bill would make violations of specified restoration orders subject to civil penalties of not more than $6,000 per day. The bill would authorize any person to maintain an action for declaratory and equitable relief to restrain any violation of a restoration order, as specified.

Ch. 1200 (SB 664) Craven. Property taxation: mobilehomes.

(1) Existing property tax law requires the reassessment of real property upon a change in ownership and specifies which transfers of real property constitute a change in ownership. Existing law provides that any transfer or transfers, on or after January 1, 1985, and before January 1, 1994, of rental spaces in a mobilehome park shall be excluded from a change in ownership, provided that at least 51% of the rental spaces are purchased by individual tenants renting their spaces prior to purchase and the individual tenants form, within one year after the first purchase of a rental space by an individual tenant, a resident organization, as defined, to operate and maintain the park.

This bill would extend the above-described exclusion to apply to transfers made before January 1, 2000.

(2) The existing Manufactured Home Property Tax Law provides for the taxation of mobilehomes, as defined, as personal property pursuant to requirements, definitions, and procedures similar to those applicable to the taxation of property generally. Existing law provides that the base year value for purposes of that law means the full cash value of a manufactured home on the date the manufactured home is purchased or changes ownership.

This bill would require, until January 1, 1999, that the assessor determine the base year value of a manufactured home, located in a resident-owned mobilehome park or a rental park in the process of being changed to resident ownership, that is converted to property taxation by the registered owner, as specified, so that the property taxes levied, as specified, are the same amount as the vehicle license fee that was imposed for the registration year in which the home was converted to property taxation.

(3) Section 2 of Article XIII of the California Constitution provides that the Legislature, by a ⅔ vote of each house, may classify personal property for differential taxation or exemption.

This bill would classify personal property for differential taxation, and thereby would require a ⅔ vote.

(4) Section 2229 of the Revenue and Taxation Code provides that no new classification or exemption of property for purposes of ad valorem property taxation shall extend for more than 5 years or shall exempt more than 75% of the value thereof. The section requires the Legislature to reimburse local agencies for certain property tax revenues lost as a result of the exemption.

This bill would provide that the requirements of Section 2229 of the Revenue and Taxation Code do not apply to the property tax exemption provided by the bill, and that no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy.

Ch. 1201 (SB 696) Roberti. Off-highway vehicle parks: Los Angeles County.

Existing law, the Off-Highway Motor Vehicle Recreation Act of 1988, provides for the making of grants from funds in the Off-Highway Vehicle Fund to cities, counties, and appropriate districts for the planning, acquisition, development, construction, maintenance, administration, operation, and conservation of trails, trailheads, areas, and other facilities for the use of off-highway motor vehicles.

This bill would declare legislative intent to appropriate, to the extent funds are avail-

NOTE: Superior numbers appear as a separate section at the end of the digests.

able, and subject to completion and certification of a master plan and environmental impact report, $2,000,000 in the Budget Act each fiscal year, commencing with the 1995–96 fiscal year and ending with the 2014–15 fiscal year, from the fund to the Division of Off-Highway Motor Vehicle Recreation of the Department of Parks and Recreation for a grant to the County of Los Angeles for the acquisition and development of land for an off-highway vehicle park, subject to specified limitations. The bill would permit those funds, including the proceeds of any state bond act hereafter approved by the voters for that purpose, to be expended for the payment of principal of, and interest on, certificates of participation or other indebtedness authorized to be issued for the purpose.

Ch. 1202 (SB 775) Watson. Oil spills: wildlife.

(1) Under existing law, the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, the administrator for oil spill response in the Department of Fish and Game is required to establish rescue and rehabilitation stations for sea otters, and other marine mammals affected by an oil spill in marine waters. Existing law requires the administrator to proceed to bid on the construction contract for the first rescue and rehabilitation station by January 1, 1994.

This bill would extend that date to July 1, 1994. The bill would require the administrator to establish regional oiled wildlife rescue and rehabilitation facilities in specified areas and would authorize the administrator to establish facilities in other coastal areas of the state. The bill would prescribe related powers and duties of the administrator.

The bill would specify that interest earnings for 3 years commencing on July 1, 1994, on funds deposited in the Oil Spill Response Trust Fund, as determined jointly by the Controller and the Director of Finance, shall be available, upon appropriation in the Budget Act, to establish rescue and rehabilitation stations for oiled wildlife.

(2) The act exempts from the State Contract Act and related provisions, and from specified provisions relating to disabled veterans participation, goals for professional bond services, and state contracts, specified contracts entered into by the administrator for oil spill response activities.

This bill would include in that exemption contracts to establish and initially equip wildlife rescue and rehabilitation stations.

(3) Under the act, a uniform oil spill response fee, as specified, is imposed during any period that the fund contains less than a designated amount, as prescribed, adjusted for inflation after January 1, 1991.

This bill would suspend the adjustment for inflation for 3 years commencing July 1, 1993, and would require the designated amount as of June 30, 1993, to remain the designated amount until adjusted for inflation on July 1, 1997.

(4) This bill would incorporate additional changes in Sections 8679.48 and 8670.49 of the Government Code, proposed by SB 171, to be operative only if SB 171 and this bill are both chaptered and become effective on or before January 1, 1994 and this bill is chaptered last.

Ch. 1203 (SB 796) Wright. Hazardous waste facilities permits: groundwater treatment.

Existing law requires specified facilities to operate under a hazardous waste facilities permit issued by the Department of Toxic Substances Control, except as specified.

This bill would exempt from hazardous waste facilities permit requirements a groundwater treatment facility if specified conditions are met concerning the facility's operation.

The bill would incorporate changes to Section 25201 of the Health and Safety Code proposed by this bill and SB 1091, which would take effect only if both bills are chaptered and this bill is chaptered last.

Ch. 1204 (SB 851) Lewis. Public agency contracts: telecommunications.

Existing law regulates the acquisition of telecommunications goods and services by various state and local agencies.

This bill would authorize state and local agencies to enter into specified payment and

NOTE: Superior numbers appear as a separate section at the end of the digests.

financing agreements for telecommunications services.

Ch. 1205 (SB 1003) Johnston. State employees' health care benefits.

Existing law authorizes, until June 30, 1995, a health benefit plan offered by the California Association of Highway Patrolmen to rebate funds to active employees enrolled in the employee organization's sponsored basic health care plan if the employees are not eligible to receive a specified type of increased state employer health benefit contribution.

This bill would delete the provisions restricting the rebate to active state employees and those not eligible for the increased employer contribution. It would also apply the provisions to supplement to Medicare plans, and would extend the rebate authorization indefinitely, by deleting the 1995 repeal date.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1206 (SB 1105) Leslie. State aid for local health administration: contracts.

Existing law requires the State Department of Health Services to allocate funds to local health departments that meet certain standards as established by the department. Under existing law, the board of supervisors of a county that is under a certain population size, and that meets certain other requirements, may contract with the department to organize and operate a local public health service in that county.

This bill would authorize those counties to contract with the department whereby the program that administers that contract agrees to assume responsibility for some or all of the administrative activities of some or all of specified public health programs. This bill would establish a procedure for entering into these contracts.

Existing law, operative until January 1, 1994, requires that certain counties eligible for organization and operation of local public health services by the department as of January 1, 1988, remain eligible for that organization and operation, notwithstanding an increase over the population limit.

This bill would make those provisions operative until January 1, 1998.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1207 (SB 1044) Kelley. Education: consumer and home economics.

Existing law requires the adopted course of study for grades 7 to 12, inclusive, to include the area of applied arts, including consumer and homemaking education. Existing law also requires the Superintendent of Public Instruction to coordinate the development of model curriculum standards for a vocational education course of study, as specified. Under existing law, school districts that receive specified supplemental grant funding are required to establish district policies and procedures to compare, as specified, the local curriculum, course content, and course sequence of vocational education programs in the district with the state model curriculum standards for vocational education.

This bill would require the superintendent, in addition, to inform county offices of education and school districts that maintain any of grades 6 to 12, inclusive, of the availability of the consumer and home economics education model performance standards and framework and to provide a copy of these performance standards and framework to each county office of education and school district that requests one.

Ch. 1208 (AB 547) Speier. Health coverage: osteoporosis: bone mass measurement technologies.

Existing law provides for licensure and regulation of health care service plans by the Commissioner of Corporations. Under existing law, willful violation of those provisions is a misdemeanor. Existing law also provides for the regulation of policies for disability insurance and nonprofit hospital service plans by the Insurance Commissioner.

Existing law requires that health care service plan contracts, nonprofit hospital service plan contracts, and disability insurance policies provide coverage for certain services and treatments.

This bill would state the findings and declarations of the Legislature with regard to osteoporosis. This bill would require that health care service plan contracts, nonprofit

NOTE: Superior numbers appear as a separate section at the end of the digests.

hospital service plan contracts, and with certain exceptions, disability insurance policies, that cover hospital, medical, or surgical expenses, issued, amended, delivered, or renewed in this state and certificates of group disability insurance issued, amended, delivered, or renewed in this state pursuant to a master group policy issued, amended, delivered, or renewed in another state on or after January 1, 1994, be deemed to provide coverage for osteoporosis services, that may include all FDA approved technologies, including bone mass measurement technologies as deemed to be medically appropriate.

By revising the provisions pertaining to health care service plans, this bill would create a new crime, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1209 (SB 590) Torres. Health insurance.

Existing law regulates various contracts of insurance, including health, life, and disability insurance policies, and health care service plans, and related entities.

This bill would enact the Health Insurance Access and Equity Act and would, among other things, do the following:

(1) The bill would prohibit the Commissioner of Corporations from approving any plan contract which does not conform to specified requirements. It would prohibit health care service plans from engaging in the practice of postclaims underwriting, as specified.

(2) The bill would provide that every policy or certificate of disability insurance marketed, issued, or delivered to a resident of this state regardless of the situs of the contract or master group policyholder shall be subject to the provisions of the Insurance Code, except as specified.

(3) This bill would require the Insurance Commissioner to develop and adopt standardized language for informed consent disclosure forms used by insurers when requiring HIV-related tests for applicants for life or disability income insurance.

(4) The bill would, with respect to standards and provisions in disability insurance policies, require policy questions relating to medical conditions to be clear and unambiguous, and application questions to be based on medical information that is reasonable and necessary for medical underwriting purposes. The bill would also shorten the time limits for certain defenses, as specified, limit an insurer's right to bar recovery for false application statements, as specified, and prohibit disability insurers from engaging in postclaims underwriting.

(5) This bill would expand the recordkeeping requirements of life and disability insurers pertaining to the rescission, termination, or unrenewal of a policy or contract.

(6) Existing law requires group plans and policies providing health coverage to provide a conversion benefit in the event coverage under the group plan terminates, except as specified.

This bill would make changes to existing law relating to conversion benefits.

(7) This bill would require all employers to provide employees an outline of coverage, and upon termination, notification of continuation, extension, and conversion rights.

Ch. 1210 (AB 1100) W. Brown. Health insurance.

Existing law regulates various contracts of insurance, including health, life, and disability insurance policies, and health care service plans, and related entities.

This bill would enact the Health Insurance Access and Equity Act and would, among other things, do the following:

(1) Existing law requires the licensure of health care service plans by the Department of Corporations.

The bill would prohibit the Commissioner of Corporations from approving any plan contract which does not conform to specified requirements.

(2) The bill would require plans to provide an actuarial basis for underwriting decisions upon the request of the commissioner. It would prohibit health care service plans

NOTE: Superior numbers appear as a separate section at the end of the digests.

from engaging in postclaim underwriting, as specified.

(3) It would provide that every policy or certificate of disability insurance marketed, issued, or delivered to a resident of this state regardless of the situs of the contract or master group policyholder shall be subject to the provisions of the Insurance Code, except as specified.

(4) It would require the Insurance Commissioner to develop and adopt standardized language for informed consent disclosure forms for applicants for life or disability income insurance who take an HIV-related test.

(5) The bill would, with respect to standards and provisions in disability insurance policies, require policy questions relating to medical conditions to be clear and unambiguous, and application questions to be based on medical information that is reasonable and necessary for medical underwriting purposes. The bill would also shorten the time limits for certain defenses, as specified, and prohibit disability insurers from engaging in postclaims underwriting.

(6) This bill would expand the recordkeeping requirements of life and disability insurers pertaining to the recision, termination, or nonrenewal of a policy or contract.

(7) Existing law requires group plans and policies providing health coverage to provide a conversion benefit in the event coverage under the group plan terminates, except as specified.

This bill would make other specified changes to existing law relating to conversion benefits.

(8) This bill would require all employers to provide employees an outline of coverage, and upon termination, notification of continuation, extension, and conversion rights.

Ch. 1211 (AB 291) Speier. Smoking in state buildings and state vehicles.

Existing law requires each state department to adopt a policy on smoking that addresses the rights of nonsmokers to a smoke-free environment in formal meetings, informal meetings, and work stations, and that allows for administration of the policy and for the resolution of conflicts regarding the policy.

This bill would repeal this requirement.

The bill would, commencing January 1, 1994, prohibit any state employee or member of the public from smoking a tobacco product inside a state-owned and state-occupied building or a state-leased and state-occupied building, as defined, or within 5 feet of the main exit or entrance to such a building, or in a passenger vehicle owned by the state.

The bill would permit the State Department of Health Services to develop guidelines for the contents and presentation of tobacco smoking control programs designed to assist an individual in either a self-help or group environment. The department would be authorized to distribute these guidelines to state agencies and to provide, upon request, a copy of the guidelines to any individual or group. The department would be permitted to charge a fee for providing a copy to an individual or group.

The bill would require, not later than January 31, 1994, and thereafter upon initial employment, each state agency, as defined, to inform its employees about the smoking prohibition, areas where smoking is permitted, and the availability of tobacco smoking control programs to be offered by the state agency. The imposition of this requirement on community colleges would create a state-mandated local program.

This bill would authorize an exposition and fair to accommodate the smoking public where it is economically feasible, provided state employees are not required to work in enclosed areas where the probability of exposure to secondhand smoke exists and the nonsmoking public is provided with a smoke-free environment in all enclosed buildings.

The bill would prohibit tobacco product advertising in any state-owned and state-occupied building.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made

NOTE: Superior numbers appear as a separate section at the end of the digests.

pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1212 (AB 323) Eastin. School libraries: funding.

Existing law requires the governing board of each school district to provide school library services for the pupils and teachers of the district by causing school libraries to be established and maintained.

This bill would establish the "California Public School Library Protection Act," under which the State Department of Education would be authorized to grant state funds to school districts to develop a school library improvement plan, to purchase core literature, other library materials and library media technology, as defined, and to replace outdated library materials. The bill would create the California Public School Library Protection Fund for this purpose, and declare that it is the intent of the Legislature that money in the fund be appropriated to the department by the Budget Act each fiscal year.

The bill would provide that the above provisions are repealed on January 1, 1999.

To the extent that the funds appropriated under this bill are allocated by the Superintendent of Public Instruction to school districts, for the purposes of the bill, those funds may be applied toward the minimum funding requirements for school districts imposed by Section 8 of Article XVI of the California Constitution.

This bill would appropriate not more than $50,000 from the California Public School Library Protection Fund, as specified, to the State Department of Education to fund the administrative costs of the act.

This bill would provide that it shall become operative only if SB 170 of the 1993–94 Regular Session is enacted and becomes effective on or before January 1, 1994.

Ch. 1213 (AB 477) Horcher. Animals: destined for slaughter: cruelty.

Existing law provides that whoever carries, or causes to be carried, in or upon any vehicle or otherwise, any domestic animal in a cruel or inhuman manner, or knowingly and willfully authorizes or permits it to be subjected to unnecessary torture, suffering, or cruelty of any kind, is guilty of a misdemeanor. Existing law also provides that every person that is engaged in the business of buying, selling, or transporting in intrastate commerce any disabled horse, mule, or other equine shall register with the Director of Food and Agriculture, as specified.

This bill would provide that, notwithstanding the latter provision above or any other provision of law, any person who sells, attempts to sell, loads, causes to be loaded, transports, or attempts to transport any live horse, mule, burro, or pony that is disabled, as defined, is guilty of a misdemeanor, punishable as specified, if the animal is intended to be sold, loaded, or transported for commercial slaughter out of the state. This bill would impose a state-mandated local program upon local governments because it would create a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1214 (AB 551) Snyder. Disabled persons.

(1) Under existing law, specified hearing-impaired participants in judicial proceedings and court-provided alternative dispute resolution are required to be provided with certain assistive devices, upon request.

This bill would impose a state-mandated local program by revising the requirements for this assistance and required notice thereof.

(2) The bill would change code references to the federal Architectural and Transportation Barriers Compliance Review Board to instead refer to the federal Access Board, and would make technical, clarifying changes.

(3) This bill would incorporate additional changes in Section 54.1 of the Civil Code proposed by AB 1419, to be operative only if AB 1419 and this bill are both chaptered

NOTE: Superior numbers appear as a separate section at the end of the digests.

and become effective January 1, 1994, and this bill is chaptered last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1215 (AB 623) T. Friedman. Residential care facilities for persons with chronic life-threatening illness: continuing care.

(1) Existing law provides for the licensure, by the State Department of Social Services, of residential care facilities for persons with chronic life-threatening illness who are 18 years of age or older. Existing law prohibits the operation of these residential care facilities for persons with chronic life-threatening illness without a license. Existing law provides that a violation of any of these provisions relating to residential care facilities for persons with chronic life-threatening illness, or willful violation of the related rules and regulations, is a misdemeanor.

Existing law defines "care and supervision" for purposes of these licensing provisions.

This bill would recast that definition, would, in addition, define "family unit," and would include an emancipated minor and a family unit among the persons who may be residents of those facilities.

This bill would require that if an administrator is responsible for more than 2 facilities, the facility manager shall meet certain qualifications established by the department. This bill would also require licensees to employ additional personnel as necessary to meet residents' needs and would require on-call personnel to be able to be on the facility premises within a specified time period.

This bill would require the department to designate at least one person in each region to be responsible for certain administrative duties relating to licensees, and to ensure that those persons receive periodic training relating to the human immunodeficiency virus (HIV).

(2) Existing law authorizes the director to waive the requirement of licensure for certain described facilities that provide limited services.

This bill would instead exempt those described facilities from licensure subject to certain conditions, and would permit a holder of a license to hold or obtain an additional license or a child day care facility license, if the services required by each license are provided at separate locations or distinctly separate sections of the building.

(3) Existing law requires applicants for licensure to attend a 2-day orientation given by the department.

This bill would instead require applicants to attend an orientation given by the department.

(4) Existing law authorizes any duly authorized officer, employee, or agent of the department to enter and inspect a licensed facility or applicant facility for specified purposes.

This bill would instead permit those persons to enter and inspect any place providing personal care, supervision, and services for the specified purposes.

This bill would change the definition of a crime, thereby imposing a state-mandated local program.

(5) Existing law provides for a pilot project to develop residential care for minors with human immunodeficiency virus (HIV) disease, and families in which one or more members have HIV disease.

This bill would repeal the provisions of law relating to the pilot project.

(6) Existing law establishes the Committee on Continuing Care Contracts of the State Social Services Advisory Board.

This bill would instead establish the committee in the State Department of Social Services, and would revise the membership of the committee. The bill would require

NOTE: Superior numbers appear as a separate section at the end of the digests.

members to be paid for attendance and for actual and necessary traveling expenses.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1216 (AB 693) Cannella. Local agencies: military base recovery.

Existing law prescribes various procedures for local governments to assist economic development.

This bill would enact the Local Military Base Recovery Area Act, which would authorize local agencies to propose to the Trade and Commerce Agency specific geographic areas to receive regulatory, tax, and other governmental program incentives to offset federal military base closures by being designated local agency military base recovery areas. The Trade and Commerce Agency would be authorized to designate not more than one area in a region, and would be required to submit a report to the Legislature on or before July 1, 1996, and every year thereafter.

The existing Personal Income Tax Law and Bank and Corporation Tax Law provide various credits against the taxes imposed by those laws, and provide various deductions in computing income that is subject to taxes under those laws.

This bill would provide, for each taxable or income year beginning on or after January 1, 1995, and before January 1, 2003, under either or both laws, among other things, a credit in an amount, not to exceed a specified limit, that is equal to the sales or use tax paid or incurred by a taxpayer engaged in a trade or business within a local agency military base recovery area (LAMBRA), as defined, in connection with the purchase of qualified property, as defined; a credit for certain wages paid or incurred by the employer during the taxable or income year to qualified disadvantaged individuals, as defined, or qualified displaced employees, as defined, who perform services in a LAMBRA; an election to treat the cost of specified property that is acquired by purchase for exclusive use in a trade or business conducted within a LAMBRA as an expense that is not chargeable to the capital account and deductible, as provided; and a net operating loss deduction, as provided, with respect to a taxpayer engaged in the conduct of a qualified business, as defined, within a LAMBRA.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1217 (AB 984) Hauser. Redevelopment: project area committees.

(1) Existing law relating to community redevelopment plans requires local agencies to publish notices regarding hearings on proposed redevelopment plans and proposed amendments to community redevelopment plans. Existing law requires these notices to be mailed to the last known assessee or owner of each parcel of land in the redevelopment area, as specified, by certified mail, return receipt requested.

This bill would also require local agencies to provide notice, as specified, to all residents and businesses within the project area at least 30 days prior to the hearing. The bill would require that notices sent pursuant to this provision be sent by first-class mail.

(2) Existing law requires the legislative body of a city or county to call upon the residents and existing community organizations in a redevelopment project area, within which a substantial number of low-income and moderate-income families are to be displaced by the development project, to form a project area committee. Existing law requires the legislative body to adopt a procedure, that includes the holding of at least one public meeting, for the formation of the committee.

This bill would require the establishment of a project area committee when a redevelopment plan contains authority for the agency to acquire by eminent domain property on which persons reside and where a substantial number of low-income persons or moderate-income persons, or both, reside within the project area. The bill would also require the establishment of a project area committee when the redevelopment plan contains one or more public projects that will displace a substantial number of low-income persons or moderate-income persons, or both. The bill would require the legislative body of the city or county to provide specified information at the public meeting

NOTE: Superior numbers appear as a separate section at the end of the digests.

or meetings held during the process of forming the committee. These provisions would be applicable only to a redevelopment plan that is adopted or amended on or after the effective date of the bill.

(3) This bill would provide that if a project area committee does not exist and the agency proposes to amend a redevelopment plan, the agency shall establish a committee under specified circumstances.

(4) Existing law provides for the allocation of funds by the legislative body of the city or county to the project area committee for specified purposes, including for the purpose of legal counsel.

This bill would make technical, nonsubstantive changes in this provision.

Ch. 1218 (AB 994) Tucker. State lottery.

(1) The California State Lottery Act of 1984 contains provisions relating to the administration and operation of the State Lottery. The act requires the California State Lottery Commission to promulgate rules and regulations specifying the types of lottery games to be conducted by the Lottery.

This bill would prohibit, notwithstanding the above requirement, changes from being made in the types of games or method of delivery of these games that incorporate technologies or mediums that did not exist, were not widely available, or were not commercially feasible at the time of the enactment of the act in 1984 unless certain conditions are met. This prohibition would not apply to technological changes implemented prior to the effective date of this act.

(2) The act also prohibits cash payment by lottery game retailers to the lottery for tickets or shares, and requires that all payments shall be in the form of a check, bank draft, electronic fund transfer, or other recorded financial instrument as determined by the Director of the California State Lottery.

This bill would permit the lottery to pay to lottery game retailers, by electronic fund transfer, subject to approval by the Controller's office, any credit balances that may result from lottery activities. The bill would also make various technical, nonsubstantive changes.

(3) As an initiative measure, the act provides that none of its provisions may be changed except to further its purpose by a bill passed by a ⅔ vote of each house of the Legislature and signed by the Governor.

This bill, which would declare that it furthers the purposes of the act, would therefore require a ⅔ vote.

(4) The bill, in addition, would declare that it would take effect immediately as an urgency statute.

Ch. 1219 (AB 1086) Campbell. Insurance: advisory organizations.

Existing law provides that all insurance policy or bond forms, or manuals of an advisory organization shall prior to being used by insurers be submitted in writing to the commissioner for his or her consideration and approval, together with any information the commissioner may reasonably require. The commissioner shall approve only those policy forms or bond forms, or manuals, that are found by him or her to contemplate activities and practices that are not unfair, unreasonable, or otherwise inconsistent with the provisions of the Insurance Code.

This bill would expressly include within the manuals of an advisory organization the following: policy writing rules; rating plans; classification codes and descriptions; territory codes and descriptions; and specified rules. The bill would make a technical clarifying change with respect to the lack of authorization for an advisory organization to set or establish rates.

Ch. 1220 (AB 1138) Knight. Accessibility standards: persons with disabilities.

(1) Existing law provides that all buildings, structures, sidewalks, curbs, and related facilities constructed by the use of state, county, or municipal funds, or the funds of any political subdivision of the state, shall be accessible to and usable by individuals with disabilities. Existing law requires the State Architect to adopt building standards and regulations related to this accessibility. Existing law also provides that certain buildings,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

structures, and facilities, leased, rented, contracted, sublet, or hired by specified governmental entities for periods in excess of 2 years, shall be made accessible to, and usable by, the physically handicapped. Under existing law, these buildings, structures, and facilities must conform to the building standards published in the State Building Standards Code relating to access, and other specified regulations, in effect as of the date the building permit is issued for the building, structure, or facility. Existing law requires that the buildings, structures, and facilities conform to specified American Standard Association Specifications, until applicable standards are published in the State Building Standards Code, and other regulations are adopted by the State Architect, relating to access.

This bill would replace the terms "individuals with disabilities" and "physically handicapped" with "persons with disabilities." The bill would require that buildings, structures, and other facilities constructed pursuant to existing law conform to defined standards relating to access as of the date of application for a building permit. The bill would also require the State Architect to develop, rather than adopt, standards and regulations relating to access.

(2) Existing law exempts from accessibility compliance requirements stories or mezzanines above or below the first story in multistoried buildings, if a ramp or elevator is not available to provide public access to those stories or mezzanines.

This bill would make other technical, nonsubstantive changes to that existing law.

(3) Existing law provides that all public accommodations constructed in this state shall conform to the above laws relating to access to public buildings by physically handicapped persons, except that in multistoried buildings, stories or mezzanines above the first story are exempt from specified requirements if a reasonable portion of all facilities and accommodations normally sought and used by the public in the building are accessible to and usable by the physically handicapped.

This bill would revise this provision to instead except specified types of privately funded multistory buildings from the requirement of accessibility by ramp or elevator above or below the first floor.

Ch. 1221 (AB 1350) Polanco. California Mexican American Veterans' Memorial Beautification and Enhancement Commission.

Existing law provides for the Veterans Memorial Commission, authorizes construction of a memorial to veterans generally on the State Capitol grounds, as defined, and authorizes the commission to establish a schedule for its design, construction, and dedication, and to oversee and receive contributions from private sources, among other things.

Existing law establishes the Veterans Memorial Account, a continuously appropriated account, in the General Fund and requires the deposit of all funds received by the commission under existing law in the account.

This bill would create the California Mexican American Veterans' Memorial Beautification and Enhancement Commission and would provide for its composition and duties. It would authorize the beautification and enhancement of an existing memorial on state grounds, as defined, and would authorize the commission to establish a schedule for its design, construction, and dedication; to solicit designs and devise a process for selection of the final design; and to monitor construction.

This bill would create the California Mexican American Veterans' Memorial Beautification and Enhancement Account in the General Fund, the funds in which would be continuously appropriated to the commission for purposes of beautification and enhancement of the memorial and for reimbursement of the Controller and Franchise Tax Board for related costs. This bill would require the deposit of all funds received by the commission and from private contributions through a checkoff on tax returns in the account. It would appropriate $25,000 from the General Fund to the commission as a loan to be repaid with interest out of the first contributions received by the commission.

This bill would require that the funding for the beautification and enhancement of the memorial be from private contributions and from a voluntary checkoff on tax returns. The commission would be prohibited from soliciting any construction funds until the veterans memorial has been constructed on State Capitol grounds under existing law. This bill would authorize taxpayers to designate a contribution to the

NOTE: Superior numbers appear as a separate section at the end of the digests.

account through a voluntary checkoff on their tax returns, and would require the Franchise Tax Board to revise the forms of the return to reflect this checkoff.

This bill would require the commission to notify the Governor and the Franchise Tax Board when the beautification and enhancement of the memorial is complete. This bill would repeal its provisions regarding the commission and the beautification and enhancement of the memorial on January 1 of the year following that notification. However, the bill would also provide that the tax checkoff provisions are repealed on January 1 of the fifth taxable year following that notification and are repealed for taxable years beginning on or after January 1 of the calendar year in which the Franchise Tax Board estimates by September 1 that the contributions made on returns filed in that calendar year will be less than $250,000.

Ch. 1222 (AB 1438) Caldera. Insurance taxation: credit.

Existing insurance tax law requires every insurer, as defined, doing business in this state, to annually pay a tax on gross premiums, as specified, at the rates and subject to the deductions provided by law. Except as otherwise provided, the rate of tax to be applied to the basis of the annual tax in respect to each year is 2.35%.

The existing Personal Income Tax Law and Bank and Corporation Tax Law allow taxpayers a credit against the taxes imposed by these laws for providing specified low-income housing, and require the California Tax Credit Allocation Committee to allocate the credit in accordance with specified criteria. Those laws provide that the maximum aggregate housing dollar amount that can be allocated or granted under both laws cannot exceed $35,000,000 per year, and a specified amount is required to be set aside for allocation to rural areas, as provided.

This bill would authorize the allowance of a low-income housing credit against the tax on the gross premiums of insurers. This bill would provide that the credit would be subject to the maximum credit allocation limitations contained in the Personal Income Tax Law and the Bank and Corporation Tax Law.

The bill would, under the Bank and Corporation Tax Law, allow a bank or corporation to elect to assign any portion of the credit to one or more affiliated banks or corporations, as defined.

This bill would take effect immediately as a tax levy.

Ch. 1223 (AB 1523) Areias. Income taxes: designations: California Firefighters' Memorial.

Under the existing Personal Income Tax Law, taxpayers are allowed to contribute amounts in excess of their tax liability for the support of specified funds.

This bill would additionally allow taxpayers to designate on their tax returns that a specified amount in excess of their tax liability be transferred to the California Firefighters' Memorial Fund, which would be created by this bill. It would require money in that fund, upon appropriation by the Legislature, to be allocated to the California Fire Foundation for the construction of a memorial to California firefighters on the grounds of the State Capitol, as specified.

The bill would require the Franchise Tax Board to revise the form of tax returns to provide for the designation and would allow, upon appropriation by the Legislature, the Franchise Tax Board and the Controller to receive a portion of the funds designated to cover costs incurred in collecting and administering the funds.

The bill would provide that these provisions shall remain in effect only until January 1, 1999, unless a later enacted statute enacted before January 1, 1999, deletes that date. However, the bill would also provide that these provisions are deleted for taxable years beginning on or after January 1 of the calendar year in which the Franchise Tax Board estimates by September 1 that the contributions made on returns filed in that calendar year will be less than $250,000.

Ch. 1224 (AB 1587) Katz. Los Angeles County: marshals.

Existing law sets forth the duties of the sheriff-marshal and constable with respect to the courts. Existing law contains provisions for the consolidation of court services.

This bill would authorize the Board of Supervisors of Los Angeles County to com-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

mence public hearings regarding the consolidation of court services in Los Angeles County no later than October 1, 1993, concurrent with an advisory election among the superior and municipal court judges of the county. The bill would also provide that the consolidation shall occur pursuant to the board's determination, and shall be concluded no later than July 1, 1994. The bill would also specify the method for the assignment of bailiffs and the employment of personnel of the marshal's office and the sheriff's office following consolidation.

Ch. 1225 (AB 1813) McDonald. Redevelopment agencies: small businesses.

Existing law, known as the Community Redevelopment Law, defines "redevelopment" and authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in those communities.

This bill would define "redevelopment" to include the provision of loan guarantees to a small business and the financing of a private or public small business incubator in specified cities. The bill would, until July 1, 1999, authorize a redevelopment agency with a project area located within the City of Healdsburg, Long Beach, Los Angeles, Oakland, or Signal Hill to provide assistance for establishment and maintenance of a small business incubator, as specified.

Ch. 1226 (AB 2015) Moore. Public utilities: integrated intermodal small package carriers.

Existing law requires persons or corporations that transport property on the highways for hire, and persons who transport passengers for compensation, with exceptions, to obtain certificates of public convenience and necessity or permits from the Public Utilities Commission. The commission is authorized to cancel, suspend, or revoke the certificate or permit for specified acts or failures to act by the person or corporation.

This bill would set forth procedures for the registration of integrated intermodal small package carriers, and remove these carriers from the requirements relating to common carriers and highway carriers. It would provide for the payment of registration, renewal, reinstatement and other specified fees.

The bill would require these fees to be deposited in the Transportation Rate Fund, which is continuously appropriated to the commission to augment its current appropriations for administration of specified motor carrier laws. The bill would, thereby, make an appropriation. Because existing law would make a violation of the commission's orders a misdemeanor, the bill would impose a state-mandated local program. In addition, a violation of the provisions of the bill would be punishable as an infraction, carrying a fine or imprisonment, as specified.

Ch. 1227 (AB 2375) Brulte. Insurance: Office of Insurance Commissioner.

Existing law, as added by Proposition 103, requires the Insurance Commissioner to be elected in the same time, place, and manner and for the same term as the Governor.

This bill would specify that the term of office for the commissioner shall not exceed 2 4-year terms, with this limitation being applicable only to terms beginning on or after January 1, 1995. It would authorize the commissioner to participate in the Legislators' Retirement System. It would also require legislative confirmation for any vacancy in office, as specified.

An amendment to Proposition 103 requires a ⅔ vote and may be made only in furtherance of its purposes.

Ch. 1228 (SB 170) Craven. Income taxes: designations: public school libraries.

Under the existing Personal Income Tax Law, taxpayers are allowed to contribute amounts in excess of their tax liability for the support of specified funds.

This bill would additionally allow taxpayers to designate on their tax returns that a specified amount in excess of their tax liability be transferred to the California Public School Library Protection Fund, which would be created by this bill. It would require money in that fund, upon appropriation by the Legislature, to be allocated to the State Department of Education to purchase books and library media technology through grants awarded to schools with a school library improvement plan, as specified, and to

NOTE: Superior numbers appear as a separate section at the end of the digests.

pay related administrative costs of the department.

The bill would require the Franchise Tax Board to revise the form of tax returns to provide for the designation and would allow, upon appropriation by the Legislature, the Franchise Tax Board and the Controller to receive a portion of the funds designated to cover costs incurred in collecting and administering the funds.

The bill would provide that these provisions shall remain in effect only until January 1, 1999, unless a later enacted statute enacted before January 1, 1999, deletes that date, in which event the provisions would be repealed with respect to taxable years beginning on or after January 1 of the calendar year in which the Franchise Tax Board estimates by September 1 that the contributions made on returns filed in that calendar year will be less than $250,000.

This bill would provide that it would be operative only if AB 323 of the 1993–94 Regular Session is enacted and becomes effective on or before January 1, 1994.

Ch. 1229 (AB 224) Speier. Domestic violence: protective orders.

Existing law authorizes a judge, commissioner, or referee designated to issue emergency protective orders to issue an ex parte emergency protective order when a police or sheriff's officer or a peace officer of the Department of Parks and Recreation asserts reasonable grounds to believe that a person is in immediate and present danger of domestic violence, as specified, and prescribes the duties of the requesting officer in this regard. Existing law also authorizes a designated judge, commissioner, or referee to issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, as specified, and prescribes the duties of the requesting officer in this regard. Under existing law, these orders expire within 2 court days.

This bill would authorize police and sheriff's officers, peace officers of the California Highway Patrol, the California State Police, the University of California Police Department, the California State University and College Police Departments, and the Department of Parks and Recreation, and specified housing authority patrol officers to request these orders. It would provide that these orders expire within 5 court days, but no later than 7 calendar days.

Existing law requires every law enforcement agency to develop, adopt, and implement written policies and standards for officers' response to domestic violence calls, as specified, to maintain a complete and systematic record of all protection orders with respect to domestic violence incidents, as specified, and to develop a system for recording all domestic violence-related calls for assistance made to the Department of Justice. Existing law defines "officer" for these purposes.

This bill would revise the definition of "officer" for these purposes, for consistency with the officers authorized to request emergency protective orders, as described above.

This bill would incorporate additional changes in Section 13700 of the Penal Code proposed by AB 2250, to be operative only if AB 2250 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

Ch. 1230 (AB 2250) Speier. Domestic violence.

Existing law requires every law enforcement agency to develop, adopt, and implement written policies and standards for officers' response to domestic violence calls, as specified, maintain a complete and systematic record of all protection orders with respect to domestic violence incidents, as specified, and develop a system for recording all domestic violence-related calls for assistance made to the Department of Justice. Existing law also requires each law enforcement agency to develop an incident report form that includes a domestic violence identification code, as specified.

This bill would require that domestic violence-related calls for assistance, for the purposes of these provisions, be supported with the written incident report form developed under the above provisions, identifying the domestic violence incident.

Existing law defines "domestic violence" for this purpose as abuse committed against an adult or a fully emancipated minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would redefine "domestic violence" for this purpose, as abuse committed against an adult or a fully emancipated minor who is a spouse, former spouse, specified cohabitant, or former cohabitant in the case of adults, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship, thereby imposing a state-mandated local program by expanding the scope of the duties of local law enforcement with regard to recording and providing written incident reports on domestic violence-related calls.

This bill would incorporate additional changes in Section 13700 of the Penal Code proposed by AB 224, to be operative only if AB 224 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1231 (AB 422) Archie-Hudson. Public social services: program guide.

Existing law requires the counties, under the supervision of the State Department of Social Services, to administer various social services programs for children and their families.

This bill would require the department to prepare a guide, that shall be updated annually, to all of these programs.

The bill would require the department to provide one master copy of this guide to each county department of social services office that serves children and families, and would permit the guide to be made available to members of the public for a fee that shall not exceed the cost of duplication and mailing.

Ch. 1232 (AB 598) Speier. Human remains: cremation.

Existing law requires the licensing of funeral directors, cemetery brokers, and crematories. Existing law also regulates the disposition of human remains, and the operation of cemeteries and crematories.

Existing law requires every cemetery authority operating a cemetery to pay annual regulatory charges fixed by the board plus an additional charge of 50¢ for each burial, entombment, inurnment, or cremation during the preceding calendar year.

This bill would change the additional fee per cremation to $1. By revising the amounts deposited into the Cemetery Fund, a continuously appropriated fund, this bill would make an appropriation.

Existing law requires the Cemetery Board to inspect the records and premises of any crematory licensed or holding a certificate of authority to operate a crematory. Existing law authorizes this inspection to be made during regular business hours and without prior notification of the inspection.

This bill would require that the board annually conduct a minimum of one unannounced inspection of each licensed crematory.

Existing law defines various terms relating to cremation and human remains.

This bill would revise certain definitions and define additional terms, and would make conforming changes.

Existing law makes it a crime to remove any human remains from the place they are interred, or from the place they are deposited while awaiting interment or cremation, with intent to sell or dissect those remains, and without authority of law or written permission.

This bill would provide that the removal of foreign materials, pacemakers, or prostheses by an employee of a licensed crematory prior to final processing is not within these definitions of crimes. This bill would require that any dental gold or silver, jewelry, or mementos removed be returned to the cremation container or urn unless otherwise

NOTE: Superior numbers appear as a separate section at the end of the digests.

directed by the person having the authority to control the disposition of remains.

Existing law also makes it a crime to remove dental gold or silver from human remains without the permission of the persons having the right to control those remains.

This bill would add jewelry and mementos to the items prohibited from being removed.

Existing law also provides that it is a felony to mutilate, disinter, or remove human remains without authority of law, except the removal of a relative or friend for reinterment.

This bill would revise this provision to apply only to willful conduct, and to instead except the removal of remains under authority of law and the performance of cremation.

By revising the definitions of these crimes, this bill would impose a state-mandated local program.

Existing law prohibits removal of cremated remains or charging for a cremation unless the cremated remains have been processed so they are suitable for inurnment, and authorizes a contract for cremation to include specific written authorization for the processing of the remains.

This bill would instead require that the remains be processed so they are suitable for placement in a cremated remains container, as defined, or an urn, as defined, and would require written notification regarding the processing of the remains to the person having the authority to control the remains.

Existing law prohibits certain types of commingling of the human remains of more than one person, and provides that violation of those provisions is a misdemeanor.

This bill would revise those provisions, and would make those provisions inapplicable to residue, as defined. This bill would also require that a prescribed written acknowledgement, on a form including specified information, be filed and retained for at least 5 years by the person who disposes of or inters the remains. By revising the definition of a crime, this bill would impose a state-mandated local program.

Existing law lists the person or persons who may, in a specified order of succession, control the disposition of the remains of a deceased person.

This bill would authorize the funeral director or cemetery authority to rely on the instructions given by a surviving child or children who make certain representations, in the absence of knowledge to the contrary. This bill would also give the funeral director or cemetery authority complete authority to control the disposition of the remains and proceed to recover the cost of the disposition in prescribed circumstances.

Existing law requires that any person signing an authorization for the interment of remains warrants the truthfulness of any fact set forth in the authorization, the identity of the person whose remains are to be interred, and his or her authority to order interment, and makes the person personally liable for all damage occasioned by the breach of that warranty.

This bill would make this requirement also applicable to authorizations for cremation.

Existing law requires that no action shall lie against any cemetery authority relating to cremated remains left in its possession for 5 years, unless a written contract has been entered into or permanent interment has been made.

This bill would decrease that time period to one year.

Existing law also requires that a funeral director shall not be liable in damages for cremated remains after they have been deposited with a cemetery.

This bill would instead provide that the funeral director shall not be liable for lawful disposition of the remains.

This bill would require that a crematory maintain on its premises an accurate record of all cremations, including specified information. The bill would require that the information be maintained for at least 10 years and be subject to inspection by the Cemetery Board. The bill would authorize the records to be kept by any method that can produce accurate reproduction of the original record. The bill would further require that a crematory maintain a system of identification of human remains throughout the process of cremation.

This bill would require that crematories knowingly cremate only human remains in specified containers, along with negligible amounts of chlorinated plastic pouches for

NOTE: Superior numbers appear as a separate section at the end of the digests.

disease control.

Under existing law, a crematory licensee is prohibited from conducting any cremations of human remains more than 72 hours after death unless the remains have been preserved by refrigeration or embalming. Existing law requires that cremated remains not removed for interment or burial at sea be disposed of within a reasonable time.

This bill would prohibit a crematory from accepting human remains unless certain requirements are met. This bill would prohibit a crematory from holding human remains prior to cremation for more than 24 hours unless specified storage conditions are met. This bill would require that cremated remains not disposed of within one year be interred.

This bill would require crematory operators to provide a written list of prices for various charges related to cremation, and to include a specified statement identifying the Cemetery Board as a source of further information.

This bill would also require that the crematory licensee provide specified instruction to all crematory personnel, and maintain a written plan of instruction for employees, and a record to document that employees received training. This bill would require that on or after March 1, 1994, any crematory that fails to produce a written plan or record of training shall have 15 days to produce a plan or training record for inspection, and shall have its license suspended for failure to produce that plan or training record.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1233 (AB 726) Moore. Telecommunications: customer services.

(1) Existing law provides that the Public Utilities Commission has no jurisdiction and control over the billing and collection practices of a telephone corporation for services rendered to or for an information service that contains harmful matter, as defined, through a specified prefix or access code, and that these are matters for contractual arrangement between the telephone corporation and the information provider, except that the commission may reassert jurisdiction and control over these matters, as specified.

Existing law directs the commission to report to the Legislature annually on any anticompetitive effects resulting from these provisions, any significant proposals made to the commission for further deregulation, and its recommendations concerning the effectiveness and continuing need for these provisions.

Existing law specifically permits the commission to investigate and consider, for purposes of establishing telephone rates, revenues and expenses related to any billing and collection services a telephone corporation may perform for an information provider.

Existing law generally regulates unfair trade practices, including within those provisions billing and collection practices, as specified.

The above provisions are scheduled to become inoperative on July 1, 1993, and to be repealed on January 1, 1994.

This bill would extend the date on which these provisions would be inoperative to July 1, 1995, and would repeal them on January 1, 1996. Since a violation of these provisions would be a misdemeanor under existing provisions of law, the bill would impose a state-mandated local program.

(2) Existing law empowers the Public Utilities Commission to regulate telecommunications services and rates of telephone corporations.

This bill would enact the Telecommunications Customer Service Act of 1993, which would require the commission to require telephone corporations to provide certain customer services to telecommunication customers, as specified. It would authorize the commission to require telephone corporations to provide additional customer services.

Because violations of orders, decisions, rules, or other requirements of the Public Utilities Commission are misdemeanors, this bill would impose a state-mandated local program by creating new crimes.

(3) The California Constitution requires the state to reimburse local agencies and

NOTE: Superior numbers appear as a separate section at the end of the digests.

school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1234 (AB 890) B. Friedman. Spousal abuse detection: psychologists, social workers, counselors: physicians and surgeons: nurses: clinics: hospitals.

(1) Existing law, known as the Medical Practice Act, provides for the licensure and regulation of physicians and surgeons administered by the Medical Board of California. Existing law requires the Division of Licensing of the board to consider including various subjects when determining continuing education requirements for physicians and surgeons.

This bill would add to the list of subjects to be considered for inclusion, a course providing training and guidelines on how to routinely screen for signs exhibited by abused spouses and partners.

(2) Existing law requires the board to periodically develop and disseminate information and educational material regarding the detection and treatment of child abuse and neglect and elder abuse and neglect.

This bill would require the board to periodically disseminate information and educational material regarding the detection and treatment of spousal or partner abuse.

(3) Existing law sets forth the required curriculum for applicants for licensure as a physician and surgeon.

This bill would add spousal or partner abuse detection and treatment to the subjects required to be included in the curriculum required for applicants. The bill would specify that this added requirement applies only to applicants who matriculate on or after September 1, 1994.

(4) Existing law, known as the Nursing Practice Act, provides for the licensure and regulation of nurses. Existing law requires applicants for licensure as nurses to have training in the detection and treatment of alcohol and chemical substance dependency.

This bill would also require applicants to have training in the detection and treatment of client abuse, including spousal or partner abuse.

Existing law requires continuing education for nurses as a condition of renewal of licensure. Standards for continuing education are determined by the Board of Registered Nursing.

This bill would require the board to encourage continuing education in spousal or partner abuse detection and treatment.

(5) Existing law requires an applicant for licensure as a psychologist to demonstrate his or her fulfillment of certain requirements to the Board of Psychology.

This bill would also require an applicant for licensure to demonstrate that the applicant has completed coursework in spousal or partner abuse assessment, detection, and intervention.

Existing law requires as a condition of renewal of a psychologist's license completion of specified continuing education.

This bill would permit courses in spousal or partner abuse assessment, detection, and intervention to satisfy a portion of the continuing education requirements.

(6) Existing law requires a doctor's or master's degree in specified subject areas for licensure as a marriage, family, or child counselor. Existing law requires that the curriculum for the degree contain coursework in alcoholism and other chemical substance dependency.

This bill would also require that a qualifying degree contain a course in spousal or partner abuse assessment, detection, and intervention.

This bill would further require the Board of Behavioral Science Examiners to encourage marriage, family, and child counselors to take continuing education classes in spousal or partner abuse detection and treatment.

(7) Existing law provides for the licensure of clinical social workers by the Board of Behavioral Science Examiners. Existing law provides certain requirements for licensure as a clinical social worker.

This bill would require as a component of an applicant's education, instruction and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

training in spousal or partner abuse assessment, detection, and intervention. This bill would require the board to encourage social workers to take continuing education classes in spousal or partner abuse assessment, detection, and intervention, contingent upon the enactment of SB 404, which would require continuing education of social workers.

(8) Existing law provides for regulation and licensure of clinics and health facilities.

This bill would require licensed clinics and certain health facilities to establish and adopt written policies and procedures by January 1, 1995, to screen patients for purposes of detecting spousal or partner abuse. Since violation of the law regulating clinics and health facilities is a misdemeanor under existing law, this bill would impose a state-mandated local program by changing the definition of a crime.

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1235 (AB 1624) Bowen. Legislature: legislative information: access by computer network.

Under existing law, all meetings of a house of the Legislature or a committee thereof are required to be open and public, unless specifically exempted, and any meeting that is required to be open and public, including specified closed sessions, may be held only after full and timely notice to the public as provided by the Joint Rules of the Assembly and Senate.

This bill would make a legislative finding that it is desirable to make information regarding matters pending before the Legislature and its proceedings available to the citizens of this state, irrespective of where they reside, in a timely manner and for the least possible cost.

This bill would require the Legislative Counsel, with the advice of the Assembly Committee on Rules and the Senate Committee on Rules, to make available to the public, by means of access by way of the largest nonproprietary, nonprofit cooperative public computer network, specified information concerning bills, the proceedings of the houses and committees of the Legislature, statutory enactments, and the California Constitution.

Ch. 1236 (SB 911) Calderon. County jails.

Existing law provides that the sheriff is in charge of and keeps the county jail and the prisoners in it.

This bill would except counties for which certain conditions exist as of July 1, 1993, from this provision, would additionally provide that the sheriff is the sole and exclusive authority to keep the county jail and the prisoners in it, except as specified, and would provide that no deputy sheriff shall be required to become a custodial or other officer involuntarily.

Existing law provides that custodial officers of specified counties are public officers, not peace officers.

This bill would specify that custodial officers of a county shall be employees of, and under the authority of, the sheriff, except in counties for which certain conditions exist as of July 1, 1993.

Ch. 1237 (AB 919) Speier. Health care referrals.

Existing law provides that, except as otherwise specified, the offer, delivery, receipt, or acceptance, by prescribed licensed health professionals of any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, irrespective of any membership, proprietary interest, or coownership in or with any person to whom these patients, clients, or customers are referred, is unlawful, punishable as a misdemeanor or felony. Existing law also provides that it is not unlawful for a person to refer a person to a laboratory, pharmacy,

NOTE: Superior numbers appear as a separate section at the end of the digests.

clinic, or health care facility, as defined, solely because the licensee has a proprietary interest or coownership in the facility.

This bill would provide that, notwithstanding any other provision of law, including the above-described provisions of law, it is a misdemeanor for a licensee, including a physician and surgeon, psychologist, optometrist, dentist, podiatrist, or chiropractor, to refer a person for laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging, as defined, goods or services if the licensee has a financial interest, as defined, with the person, or in the entity, that receives the referral.

The bill would provide that it is unlawful for a licensee to enter into certain arrangements or schemes, such as cross-referral arrangements. The bill would prohibit any claim for payment from being presented by an entity to any individual, 3rd-party payer, or other entity for a good or service furnished pursuant to a prohibited referral. The bill would prohibit an insurer, self-insurer, or other payer from paying a charge or lien for a good or service furnished pursuant to a prohibited referral. It would make violation of the provisions described in this paragraph a public offense.

This bill would also require a licensee who makes a nonprohibited referral to, or seeks consultation from, an organization in which the licensee has a financial interest to disclose the financial interest, in writing, at the time of the referral or request for consultation, with certain exceptions.

By creating new crimes, this bill would impose a state-mandated local program. The bill would also permit the Insurance Commissioner, Attorney General, or a district attorney to impose civil penalties for violation of the provisions of the bill and would provide for other disciplinary action.

The bill would exempt certain goods and services or arrangements from the above provisions.

The bill would provide that these provisions become operative on January 1, 1995, or later if certain federal legislation is enacted.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1238 (AB 891) Speier. Physicians and surgeons.

Existing law sets forth conditions of licensure for physicians and surgeons. Existing law provides that it is unlawful for certain healing arts licensees, including physicians and surgeons, to charge, bill, or otherwise solicit payment from a patient on behalf of an organization in which the licensee has a significant beneficial interest unless the licensee first discloses the interest in writing to the patient and advises the patient that the patient may choose any organization for the purpose of obtaining the services ordered or requested by the licensee.

This bill would require, commencing July 1, 1994, a physician and surgeon, at the time of license renewal, to report a financial interest, as described, of the physician and surgeon or immediate family, as described, in a health-related facility, as defined, to the Medical Board of California. The bill would require the report to be made on a form provided by the board. The bill would make the information so reported available to government agencies and public or private payers. The bill would authorize the board to impose sanctions against a licensee for failure to comply.

Ch. 1239 (SB 9) Lockyer. Civil procedure.

Existing law provides that a cause of action against a person arising from any act of that person in furtherance of the person's right of petition or free speech under the United States or California Constitution in connection with a public issue, as specified, shall be subject to a special motion to strike, unless the court, after considering the pleadings and supporting and opposing affidavits, determines that there is a probability that the plaintiff will prevail on the claim. This provision also states that if the court determines that the plaintiff has established a probability that he or she would prevail,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

neither that determination nor the fact of that determination would be admissible in evidence at any later stage of the case nor would it affect the burden or degree of proof. It requires the recovery of attorney's fees and costs by a prevailing defendant on a special motion to strike, and authorizes recovery of attorney's fees and costs by a prevailing plaintiff if the court finds that the motion was frivolous or solely intended to cause unnecessary delay. These provisions do not apply to any action brought in the name of the people of the State of California by certain state and local prosecutors, and require all discovery proceedings to be stayed upon the filing of a notice of this special motion, except as specified.

This bill would make recovery of attorney's fees and costs by a prevailing plaintiff under this provision mandatory rather than permissive if the motion to strike was frivolous or solely intended to cause unnecessary delay.

The bill would also require the Judicial Council to report to the Legislature on or before January 1, 1998, regarding these motions, as specified.

Ch. 1240 (AB 1277) Archie-Hudson. Paternity.

Under existing law, the State Department of Social Services is required to conduct and report on prescribed pilot projects for establishing paternity by voluntary declarations of the parents. These pilot projects are required to be established in one hospital, which agrees to participate, in each of 3 counties. Under these pilot projects, paternity may be contested within 2 years, as specified.

This bill would delete these provisions and instead enact similar provisions applicable on and after January 1, 1995, to all counties and all hospitals, clinics, or other places of birth. By requiring local registrars to accept these declarations for filing, the bill would impose a state-mandated local program. Under the bill, paternity may be contested within 3 years, as specified. The bill would require each district attorney to pay $10 to a hospital, clinic, or other place of live birth for each declaration so filed, as specified, thereby imposing a state-mandated local program. The bill would exempt health care providers from liability for negligence relative to the information provided or filing the declaration with the appropriate agency. The bill would require the State Department of Social Services, in consultation with prescribed entities, to develop informational pamphlets and material to assist providers and parents. The bill would require the department to make available, without charge, training materials and the paternity declaration form to hospitals and other places of live birth. The bill would require the department to complete training in the program by October 31, 1994. The bill would require the department to adopt implementing regulations and would require the Judicial Council, in consultation with prescribed persons and entities, to develop certain forms and procedures necessary to implement provisions respecting rebuttal of the paternity established by the bill.

The bill would provide that hospitals in specified counties, along with any other hospitals which choose to participate and obtain the concurrence of the department, may participate in the pilot projects authorized by existing law, as described above, until January 1, 1995. The bill would require the department to report to the Legislature by December 31, 1994, on these pilot projects.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1241 (SB 147) Johnston. Workers' compensation.

(1) Existing law provides that the Cal-OSHA Targeted Inspection and Consultation Fund shall consist of any money from the General Fund or Federal Trust Fund appropriated for purposes relating to the Cal-OSHA targeted inspection program, assessments

NOTE: Superior numbers appear as a separate section at the end of the digests.

made on certain insured employers, and fees collected for certifying occupational safety and health loss control consultation services provided by workers' compensation insurers.

This bill would, instead, provide that the Cal-OSHA Targeted Inspection and Consultation Fund shall consist of any money appropriated for purposes relating to the Cal-OSHA targeted inspection program, assessments made on certain insured employers, and fees collected for certifying occupational safety and health loss control consultation services provided by workers' compensation insurers.

(2) Under existing law, there is within the Division of Workers' Compensation of the Department of Industrial Relations the Office of Benefit Assistance and Enforcement, which is authorized to conduct audits of insurers, enforce civil penalties for violations by these insurers, provide information and assistance and claims mediation services, and monitor benefit delivery. There is also within the division the Office of Benefit Determination, which is authorized to review and approve specified vocational rehabilitation plans and to evaluate permanent disability.

This bill would eliminate those offices and would provide that the administrative director of the division shall assume the duties of the offices. The bill would also make conforming changes.

(3) Existing law provides that the money in the Uninsured Employers Fund is continuously appropriated without regard to fiscal years for the purposes of providing workers' compensation benefits. Existing law also provides that after July 1, 1993, except as specified, no money in any fund which by any statute other than a Budget Act is continuously appropriated without regard to fiscal years may be encumbered unless the Legislature specifies that the moneys in the fund are appropriated for encumbrance.

This bill would provide that notwithstanding this limitation, the money in the Uninsured Employers Fund is continuously appropriated.

(4) This bill would provide for the transfer of $4,000,000 from the General Fund to the Cal-OSHA Targeted Inspection and Consultation Fund as a loan for specified purposes relating to the Cal-OSHA targeted inspection program, the Cal-OSHA targeted consultation program, and certifying loss control consultation services. It would require that the amount of the loan, plus interest at the same rate of interest as that earned by moneys in the Pooled Money Investment Account during the term of the loan, be repaid to the General Fund by June 30, 1995, from specified assessments levied upon certain insured employers.

This bill would appropriate $4,000,000 from the Cal-OSHA Targeted Inspection and Consultation Fund to the Department of Industrial Relations for the Cal-OSHA targeted inspection program, for the Cal-OSHA targeted consultation program, for certifying loss control consultation services of workers' compensation insurers pursuant to a specified provision, and for matters related to the implementation of the 1993 workers' compensation reforms.

Ch. 1242 (SB 223) Lockyer. Workers' compensation.

Existing law, including provisions enacted in the 1993 portion of the 1993–94 Regular Session, contains various provisions relating to workers' compensation.

This bill would make numerous revisions in the provisions enacted in the 1993 portion of the 1993-94 Regular Session and related provisions. Among other things it would do the following:

Existing law permits the cancellation of a workers' compensation insurance policy only for specified reasons, including the failure to make payments and the failure to report payroll.

This bill would specify that the failure to make a payment is for the payment of workers' compensation insurance premium, and would permit cancellation for failure to report a previous payroll or to pay any additional premium due as a result of a payroll audit. The bill would make related changes.

Existing law permits the Director of Industrial Relations to collect fees to cover costs for certifying an insurer's loss control services.

This bill would also permit a fee for receiving and reviewing an annual health and safety loss control plan.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, on January 1, 1995, new rate provisions would regulate workers' compensation insurance. Among other things, the commissioner is authorized by existing law to designate a rating organization as his or her statistical agent.

This bill would require that designation. The bill would also authorize various actions to be taken before January 1, 1995, to implement the provisions that will become operative.

Existing law prohibits certain referrals by physicians.

This bill would revise the definition of "office of a physician" applicable to that prohibition. It would also permit referrals where there is no alternative provider of the services within 25 miles or 40 minutes, eliminating the requirement that the practice be outside a metropolitan statistical area. The bill would also specify that the prohibition does not alter, limit, or expand a physician's ability to deliver in-office goods or services.

The bill would specify that costs of an employer of supervising vocational rehabilitation services shall not be counted against the cap for vocational rehabilitation.

The bill would make various revisions relating to medical-legal evaluations. It would also revise provisions relating to contracts for health care services to be rendered to employees under the workers' compensation laws, specifically with regard to selection of the organization by employees and selection of a personal physician, and limitations on payments to an employee's provider of health care services.

The bill would revise provisions relating to circumstances in which an employee may obtain a 2nd vocational rehabilitation plan.

Existing law requires the administrative director to adopt and revise an official medical fee schedule, and requires the schedule to include services for health care facilities by January 1, 1996.

This bill would change that date to January 1, 1995.

The bill would also make numerous technical and related changes.

The bill would appropriate $7,500,000 from the Workers' Compensation Fraud Account in the Insurance Fund in augmentation of a specified item of the Budget Act of 1993, for support of the Department of Insurance for the purposes of enhanced workers' compensation fraud investigation efforts of the department, and an additional $7,500,000 from the Workers' Compensation Fraud Account in the Insurance Fund in augmentation of a specified item of the Budget Act of 1993, for the purpose of distribution to district attorneys to enhance investigation and prosecution of workers' compensation insurance fraud cases.

Ch. 1243 (SB 16) Killea. California Constitution Revision Commission.

(1) The California Constitution authorizes the Legislature to propose revisions to that document. Existing law creates in state government the California Law Revision Commission to examine the common law and statutes of the state and judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms to the Governor and the Legislature.

This bill would create the California Constitution Revision Commission, prescribe its membership, and specify its powers and duties. The measure would require the commission to submit a report to the Governor and the Legislature no later than August 1, 1995, that sets forth its findings with respect to the formulation and enactment of a state budget and recommendations for the improvement of that process. The commission would also be required to report on specified issues relating to the structure of state governance.

(2) The provisions relating to the commission would become inoperative on July 1, 1996, and would be repealed as of January 1, 1997.

(3) The bill would also appropriate $200,000 for the 1993–94 fiscal year to the commission to carry out its duties and responsibilities.

(4) The bill, in addition, would declare that it is to take effect immediately as an urgency statute.

Ch. 1244 (SB 126) Lockyer. Driving under the influence: probation.

(1) Existing law requires each county, through the county alcohol program administrator, to determine its ability to establish, through public or private resources, a pro-

NOTE: Superior numbers appear as a separate section at the end of the digests.

gram of alcohol or drug education and counseling services, that is self-supporting through fees collected from program participants. The program is required to be of at least 3 months' duration and total at least 30 hours of direct education and counseling services, that is to be authorized by each county and licensed by, and operated under general regulations established by, the Department of Alcohol and Drug Programs.

This bill would place provisions relating to the specified alcohol and drug education and counseling programs in the Health and Safety Code, rather than the Vehicle Code, and would delete and modify obsolete references pertaining to those provisions.

(2) Existing law requires the Department of Motor Vehicles to suspend immediately the driver's license of any person if the person was driving a motor vehicle when the person had 0.08% or more, by weight, of alcohol in his or her blood. The department is required to conduct a hearing to determine specified facts relating to the license suspension and to reinstate the driver's license immediately if the person is acquitted of criminal charges relating to the determination of the specified facts found in the hearing.

This bill would, in addition, require the department to give the person a second administrative hearing if the person is not prosecuted based on a district attorney's determination that there is a lack of evidence in the case. The hearing officer in the second hearing would be required to consider the failure to prosecute.

The bill would clarify related provisions of existing law.

(3) Existing law requires a court to impose, on a person convicted of certain driving offenses, specified conditions of probation, one of which may be the imposition of specified restrictions on the person's privilege to operate a motor vehicle, if the person provides proof of financial responsibility.

This bill would require the court, when electing to impose such a restriction, to order that the restriction commence on the date of the reinstatement by the department of the person's privilege to operate a motor vehicle. If a suspension of the driving privilege was imposed pursuant to specified provisions, the bill would require the court to advise the person of specified matters.

(4) Existing law requires a court to prohibit a person convicted of specified violations of law relating to driving a vehicle while under the influence of any alcoholic beverage or drug, or under the combined influence of both, from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, except as specified.

This bill would require a person whose driving privilege has been restricted as specified above to arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The bill would require the installer to notify the court or probation officer if the person fails to return for recalibration or if the device indicates that the person has attempted to bypass or tamper with the device or has attempted to start the vehicle while intoxicated.

(5) This bill would incorporate additional changes in Sections 13353.2, 13557, and 23158.2 of the Vehicle Code, proposed by SB 689, to be operative only if both bills are enacted and become effective on or before January 1, 1994, and this bill is enacted last.

Ch. 1245 (SB 282) Morgan. Mental health: treatment of minors.

(1) Existing law provides for the treatment of seriously emotionally disturbed children in various settings, including community treatment facilities licensed by the State Department of Social Services pursuant to standards established by regulation by the State Department of Mental Health.

This bill would require the State Department of Social Services to adopt licensing regulations, and the State Department of Mental Health to adopt program standard regulations, to include specified provisions, no later than December 31, 1994. It would specify that program certification by the State Department of Mental Health would be a condition to licensure by the State Department of Social Services.

(2) Existing law provides for the involuntary treatment of minors for 72 hours in a

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

health facility designated by the county and approved by the State Department of Mental Health. Existing law further requires that every effort be made to obtain the consent of a minor's parent or legal guardian prior to further treatment and placement of the minor.

This bill would also authorize 72-hour placement of minors in a community treatment facility. It would authorize the further treatment and placement of a minor in a community treatment facility under specified circumstances.

This bill would require the State Department of Mental Health to limit the total number of beds in community treatment facilities to 400 statewide.

This bill would also make a technical, nonsubstantive change in these provisions.

(3) Existing law defines 24-hour treatment services for the purposes of community mental health services programs, as treatment provided in specified types of facilities and programs.

This bill would include treatment provided in a community treatment facility within this definition.

(4) The bill would require the Director of Mental Health and the Director of Social Services to seek federal approval for the expenditure of federal funds for treatment, and residential care, respectively, in a community treatment facility.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1246 (SB 527) Presley. Landscaping and lighting: assessments: maintenance: graffiti.

Under the Landscaping and Lighting Act of 1972, local agencies whose annual taxes are carried on the county assessment roll and collected by a county, may form an assessment district and levy benefit assessments on real property within the district for the purpose of financing the acquisition, installation, construction, and maintenance of specified public improvements.

This bill would define "maintain" and "maintenance," for purposes of the act, to specifically include cleaning, sandblasting, and painting of improvements to remove or cover graffiti.

Ch. 1247 (SB 649) Leslie. Insurance audit.

Existing law authorizes the Department of Insurance to impose various fees, including various fees based upon the cost of performing regulatory functions.

This bill would require the Bureau of State Audits, on or before April 1, 1994, to publish an audit of the Department of Insurance to determine if certain rates, fees, or charges are based upon the actual costs of the Department of Insurance. The bill would provide that the report would be a public record.

Ch. 1248 (SB 905) Maddy. Insurance: agent's and broker's fees.

Existing law prohibits any insurer that makes refunds pursuant to premium reduction requirements added by Proposition 103, from requiring insurance agents or brokers to refund to the insurer any portion of their commissions which the insurer claimed, and the Insurance Commissioner allowed, as an expense in determining the insurer's actual return. Existing law specifies that the above prohibition does not affect policyholder refunds payable after a decision in a rate-of-return hearing.

This bill would instead provide that in determining the amount of an insurer's rollback obligation, each insurer shall be given full credit for all premium taxes, commissions, and brokerage expenses that the insurer actually paid during the rollback period. It would also provide that no insurer shall be required or permitted to seek reimbursement from the state of any premium taxes paid on premiums earned during the rollback period or reimbursement from any employee or 3rd-party contractor of an insurer of any compensation paid to them for services rendered during the rollback period.

This bill would state legislative findings and would declare that it is to take effect immediately as an urgency statute.

Ch. 1249 (SB 934) Kopp. Works of improvement: waiver of claims.

Under existing law relating to works of improvement, neither the owner nor the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

original contractor may waive, affect, or impair the claims and liens of other persons except by their written consent, and any term of the contract to that effect is null and void. However, a waiver and release is binding and effective to release the owner, construction lender, and surety on a payment bond from claims and liens if it follows substantially one of the forms provided by existing law, and if it is signed by the claimant, and in the case of a conditional release, if there is evidence of payment to the claimant.

Under existing law, the forms for a conditional or unconditional waiver and release upon a progress payment provide for a pro tanto release of any mechanic's lien, stop notice, or bond right with respect to the progress payment. Under existing law, these releases expressly do not cover retention or items furnished after the date of the release.

This bill would revise the forms described above for a conditional and an unconditional waiver and release upon progress payment. These revised forms would delete the provision that the release is pro tanto and would specify that the release does not cover retentions retained before or after the release date or specified extras or contract rights, including rights based upon a rescission, abandonment, or breach of the contract.

Ch. 1250 (AB 206) Allen. Ecological reserves.

(1) Existing law requires the Fish and Game Commission to establish 4 new ecological reserves in ocean waters along the mainland coast by January 1, 1994, and to restrict the use of these ecological reserves to scientific research relating to the management and enhancement of marine resources.

This bill would specify that the scientific research relating to the management and enhancement of marine resources includes, but is not limited to, those activities as they relate to sportfishing and commercial fishing.

The bill would also state that recreational uses, as specified, are not in conflict with the above requirements.

The bill would require the commission to hold public hearings prior to establishing the reserves.

(2) Existing law continuously appropriates the Fish and Game Preservation Fund to the commission to carry out its duties.

Because this bill would impose new duties on the commission, it would make an appropriation.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1251 (SB 464) McCorquodale. Riparian lands: Stanislaus, Tuolumne, Merced, and San Joaquin Rivers.

(1) Bond acts have been adopted by the voters to finance programs to, among other things, protect open space and habitat and provide recreational facilities.

An existing bond act, the California Wildlife, Coastal, Park Land Conservation Act, was adopted as an initiative measure by the voters on June 7, 1988, as Proposition 70, and may generally be amended by the Legislature by a ⅔ vote if the change is consistent with the purposes of the bond act.

The bond act makes the sum of $81,300,000 available to the Wildlife Conservation Board for expenditure for grants to local agencies, less administrative costs, including $2,000,000 for the acquisition of wetlands, riparian habitat, vernal pools, and immediately adjacent natural uplands in the vicinity of the Stanislaus, Tuolumne, Merced, and San Joaquin Rivers and their tributaries in designated counties.

This bill would specify that those acquisitions are for open-space, habitat protection, or riparian restoration.

(2) The bill would appropriate specified unexpended balances available to the Wildlife Conservation Board under the bond act to the board for expenditure for those purposes without regard to fiscal year.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1252 (SB 1078) Watson. Public social services.

(1) Existing law requires the Director of Social Services to implement the Consolidated Eligibility Determination Project within the Aid to Families with Dependent Children (AFDC) program and the Food Stamp Program, and specifies procedures the

NOTE: Superior numbers appear as a separate section at the end of the digests.

director shall follow in requesting federal waivers for the project.

This bill would revise those procedural requirements.

(2) Existing law authorizes recipients of AFDC assistance to retain savings of up to $5,000 without loss of eligibility for benefits.

This bill would include interest on those savings within the scope of that exemption.

(3) Existing law provides for an Alternative Assistance Program for the provision of certain benefits to persons who are eligible for AFDC assistance, and specifies that a family whose eligibility for the program terminates due to employment or increased earnings shall, to the extent federal financial participation is possible, be eligible for transitional child care.

This bill would, instead, make transitional child care available to the extent federal financial participation is available.

(4) Existing law requires that, as a condition of receiving aid under the AFDC program, that nonexempt persons shall register for manpower services, training, and employment.

This bill would revise the standards for an exemption from that requirement.

(5) Existing law provides for the provision of employment and training services to AFDC recipients, through the Greater Avenues for Independence (GAIN) program, which is administered by each county welfare department in a manner consistent with regulations adopted by the State Department of Social Services and pursuant to a plan and other factors.

Existing law provides that the state share of the nonfederal costs of the GAIN program shall be 70% of the actual nonfederal expenditures for that program, or the amount appropriated by the Legislature, whichever is less.

This bill would require the state to pay 100% of the actual nonfederal expenditures once a county has met certain requirements.

(6) Existing law exempts persons from participating in elements of the GAIN program in specified circumstances.

This bill would revise those circumstances.

(7) Existing law prescribes sanctions to be applied against persons required to participate in the GAIN program, but who fail to comply with program conditions without good cause.

This bill would modify provisions relating to the imposition of sanctions in cases where the sanctioned parent's spouse or the family's second parent chooses to participate to avoid the noncomplying parent's sanction.

(8) Existing law contains provisions that become operative on the date that, and only if, specified federal approval is obtained, but not sooner than January 1, 1994, relating to teenage parents, known as the Cal-Learn Program. The Cal-Learn Program would be applicable to custodial parents and pregnant women under 19 years of age. It would revise various provisions relating to the delivery of services under the program. It would also provide for a supplement to, or a reduction in, a participant's aid grant based on his or her performance in school.

This bill would make changes in Cal-Learn Program provisions relating to exemptions from required participation, good cause for not reducing a participant's aid grant when his or her performance in school would otherwise require a reduction, and the provision of services to Cal-Learn recipients.

(9) Existing law requires the State Department of Social Services and the State Department of Education to coordinate their efforts and claim federal financial participation under federal law for the provision of specified child care and development services to families eligible for assistance under the AFDC program. State funds made available pursuant to these provisions are required to be expended for, among other things, expanded child care and development services to families receiving AFDC benefits.

This bill would require that these services be expanded in a specified order of priority.

(10) By imposing additional GAIN and Cal-Learn Program requirements upon each county, the bill would impose a state-mandated local program.

(11) Existing law provides for the In-Home Supportive Services (IHSS) program,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

under which, either through employment by the recipient, or by or through contract by the county, qualified aged, blind, and disabled persons receive services enabling them to remain in their own homes. Counties are responsible for the administration of the IHSS program.

Existing law authorizes counties to contract with nonprofit consortiums or to establish public authorities in the implementation of the IHSS program.

This bill would revise the scope of authority and responsibilities of the state, counties, public authorities, and nonprofit consortiums with respect to the provision of IHSS services.

(12) This bill would appropriate $879,000 from the General Fund to the State Department of Social Services to conduct demonstration projects to test a variety of administrative alternatives for the Aid to Families with Dependent Children program and the Food Stamp Program and implement the Cal-Learn Program, the California Alternative Assistance Program, and the supplemental child care payment.

(13) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1253 (AB 897) Costa. Crimes: child abuse.

Existing law provides that any person who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any child to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any child, willfully causes or permits that child to be placed in such a situation that its person or health is endangered, is punishable by imprisonment in a county jail not exceeding one year, or in a state prison for 2, 4, or 6 years.

This bill, in addition, would provide that, except as specified, any person convicted under this provision who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any child to suffer, or inflicts thereon unjustifiable physical pain or injury that results in death, or having the care or custody of any child, under circumstances likely to produce great bodily harm or death, willfully causes or permits that child to be injured or harmed, and that injury or harm results in death, shall receive a 4-year enhancement in addition to the sentence provided for that conviction.

Ch. 1254 (SB 936) McCorquodale. State wetlands.

(1) Existing provisions of the Keene-Nejedly California Wetlands Preservation Act require the Department of Parks and Recreation and the Department of Fish and Game to prepare a wetlands priority plan and authorize the departments to acquire interests in wetlands and to enter into operating agreements with cities, counties, and districts for the management and control of wetlands or interests in wetlands acquired under that act.

This bill would enact the Sacramento-San Joaquin Valley Wetlands Mitigation Bank Act of 1993.

The bill would authorize, until January 1, 2010, the Department of Fish and Game to qualify wetland mitigation bank sites, as defined, in the Sacramento-San Joaquin Valley, to create wetlands in areas where wetlands are removed or filled, or where there are discharges into wetlands, under specified federal permits. The bill would authorize the department to credit wetlands created in a bank site for wetlands lost in a qualifying urban area, as defined, through actions by a federal permittee, and would provide for payments by that federal permittee to the operator of the created wetlands under a specified procedure. The bill would require an owner of a bank site, if it is a public entity, to annually pay to the county in which the property is located an amount equal to

NOTE: Superior numbers appear as a separate section at the end of the digests.

property taxes, as specified, and to pay specified assessments. The bill would require the department to report to the Legislature on or before February 1, 1996, and once annually thereafter, with a description and evaluation of each mitigation bank site approved under the bill.

(2) Existing law continuously appropriates the money in the Fish and Game Preservation Fund to the department and the Fish and Game Commission to carry out their duties under the Fish and Game Code.

Because this bill would impose additional duties on the department and the commission with regard to mitigation bank sites and bank creation zones, thereby making the money in the fund available for a new purpose, the bill would make an appropriation.

Ch. 1255 (AB 342) Boland. Pupils: expulsions.

(1) Existing law authorizes a county board of education to enroll in community schools pupils who have been expelled from a school while attending either continuing classes, opportunity classes, or alternative classes.

Existing law authorizes the superintendent or principal of a school to expel a pupil that he or she has determined has committed the following acts while on school grounds, while going to or coming from schools, during the lunch period, or during, while going to, or coming from, a school sponsored activity: (A) caused, attempted to cause, or threatened to cause, physical injury to another person; (B) possessed, sold, or furnished any firearm, knife, or explosive, or other dangerous object, as specified; (C) possessed, used, sold, offered, arranged, or negotiated to sell, or furnished any controlled substance, alcoholic beverage or intoxicant of any kind, as specified; and (D) committed or attempted to commit robbery or extortion.

This bill would, in addition, authorize a county board of education to enroll any pupil in a community school who is expelled from a school district because the pupil has committed one or more of those acts under those circumstances.

(2) Existing law requires the principal or the superintendent of schools to recommend a pupil's expulsion for specified acts, unless the principal or superintendent finds, and so reports in writing to the governing board, that expulsion is inappropriate, due to the particular circumstance, as specified. Under existing law, acts requiring a recommendation of expulsion include possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds, and the unlawful sale of any controlled substance, as specified, except for the 1st offense for the sale of not more than one ounce of marijuana, as specified.

This bill would instead require the principal or superintendent of schools to immediately suspend a pupil found in possession of a firearm, knife of no reasonable use to the pupil, or explosive at school or at a school activity off school grounds and to recommend that pupil's expulsion to the governing board of the school district. The bill would also require the governing board to expel that pupil or, as an alternative, refer that pupil to an alternative education program, on the confirmation of, among other things, knowing possession of the firearm, knife, or explosive without reasonable cause. This bill, by imposing new duties on schools related to suspension and expulsion of pupils, would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1256 (SB 1198) Hart. Pupils: expulsion.

(1) Existing law authorizes a county board of education to establish and maintain one or more community schools that may enroll specified pupils, among whom are those

NOTE: Superior numbers appear as a separate section at the end of the digests.

expelled from a school where they attended continuation, opportunity, or alternative classes.

This bill would authorize the county board of education also to enroll pupils who have been expelled for being found in possession of a firearm at school or at a school activity off school grounds.

(2) Existing law requires the principal or the superintendent of schools to recommend a pupil's expulsion for specified acts, including possession of a firearm at school or at a school activity off school grounds, unless the principal or superintendent finds that expulsion is inappropriate due to the particular circumstance, as specified, and so reports in writing to the governing board.

This bill would instead require the principal or superintendent of schools to immediately suspend a pupil found in possession of a firearm at school or at a school activity off school grounds. The bill would also require the governing board of a school district, on confirmation that the pupil was in knowing possession of the firearm and that a school district employee verifies the pupil's possession of the firearm, to expel the pupil. The bill would expressly authorize the governing board to request that the expelled pupil be enrolled in the county community school for a specified period of time. The bill would also declare the intent of the Legislature that the governing board make that request to enroll that pupil in a community school. By imposing new duties on schools related to suspension and expulsion of pupils, the bill would create a state-mandated local program.

(3) This bill would incorporate certain changes in Section 1981 of the Education Code proposed by SB 1130 to become operative only if SB 1130 and this bill are chaptered and become effective January 1, 1994, and this bill is chaptered last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

Ch. 1257 (SB 1130) Roberti. School crimes.

(1) Existing law requires the principal or superintendent of schools to recommend a pupil's expulsion if the pupil causes serious physical injury to another person, except in self-defense, possesses any designated dangerous object, sells any designated controlled substance, or commits robbery or extortion, as specified.

This bill would authorize a county board of education to enroll those pupils in community schools. Levels of apportionment for pupils otherwise enrolled in community schools would apply to these pupils, as specified.

(2) Existing law requires the governing board of a school district that receives a request from an individual who has been expelled from another district for an act described in (1) to enroll in a school in that district, to hold a hearing to determine whether that pupil poses a continuing threat to the pupils or employees of the school district. If a pupil has been expelled for any of the acts described in (1), the parent or guardian, or emancipated pupil, is required to notify the receiving school district of his or her status with the previous school district. The governing board of the receiving school district may deny enrollment to that pupil under certain circumstances.

This bill would make those provisions inapplicable to pupils that have been expelled for any of the acts described in (1), and would make those provisions applicable to pupils who have been expelled for other reasons. The bill would prohibit any pupil expelled from school for any of the acts described in (1) from transferring to a school other than a county community school or a juvenile court school, as defined, during the period of expulsion. The bill would authorize a school district to allow a pupil expelled for any of the acts described in (1) to enroll in that school district after the period of expulsion, after a determination is made, as specified, that the pupil does not pose a danger to other

NOTE: Superior numbers appear as a separate section at the end of the digests.

pupils or to employees of the school district, and only if the pupil has established legal residence in that district or is enrolled pursuant to an interdistrict agreement.

(3) Under existing law, a school district is required to inform the teacher of every pupil who has caused, or who has attempted to cause, serious bodily injury, as defined, to another person. A school district is not liable for failure to comply with that requirement if it can demonstrate that it made a good faith effort to notify the teacher.

This bill would require a school district to inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of several specified acts that subject the pupil to suspension or expulsion. The bill would exempt the officer or employee from civil or criminal liability for providing that information, unless it is proven that the information was knowingly false or made with a reckless disregard for the truth or falsity of it. An officer or employee of a school district who knowingly fails to provide that information would be guilty of a misdemeanor, punishable by confinement in the county jail, or a fine, or both.

(4) Existing law makes an assault or battery committed against a school employee, as defined, in retaliation for an act performed in the course of his or her duties, whether on or off campus, during the schoolday or at any other time, where the person committing the offense knows or reasonably should know the victim is a school employee, a misdemeanor, punishable by imprisonment in a county jail not exceeding one year, or by a fine not exceeding $2,000, or by both the fine and imprisonment.

This bill would provide, in addition, that it is a violation of this provision if the school employee is engaged in the performance of his or her duties under the above circumstances.

(5) This bill would incorporate additional changes in Section 1981 of the Education Code, proposed by AB 342, or SB 1198, or both, to become operative only if AB 342, or SB 1198, or both, and this bill are chaptered and become effective on or before January 1, 1994, and this bill is chaptered last.

(6) Because this bill would create a crime and would change the definition of a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1258 (AB 1488) Gotch. Beverage containers: redemption.

Under the California Beverage Container Recycling and Litter Reduction Act, administered by the Department of Conservation, every beverage container sold or offered for sale in this state is required to have a specified minimum refund value, for deposit in the California Beverage Container Recycling Fund. The fund is continuously appropriated to the department to pay, among other things, handling fees to supermarket sites, until January 1, 1996.

The act defines the term "low population density zone" for purposes of the act.

The act requires the department to submit a report to the Legislature, by March 1, 1991, regarding the effectiveness of convenience zones and certified recycling centers in encouraging recycling and the advisability of revising the act's requirements regarding convenience zones and certified recycling centers.

The act requires the department to establish reporting periods for the reporting of redemption and recycling rates, to determine specified information for each reporting period, and to issue reports on its determinations within 70 days of the end of each reporting period.

The act requires the department to adopt guidelines and methods for the payment of handling fees to supermarket sites to provide an incentive for the redemption of empty beverage containers, and prescribes requirements for these guidelines.

This bill would delete the definition of low-population density zone. The bill would delete the report requirement and other obsolete provisions.

The bill would include within the reports for periods commencing January 1, 1993, the amount of handling fees paid to certified recycling centers and the amount of handling

NOTE: Superior numbers appear as a separate section at the end of the digests.

fees each convenience zone has received.

The bill would revise the requirements for the guidelines and methods regarding the payment of handling fees to supermarket sites, thereby making an appropriation by changing the eligibility requirements for receiving the fees.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1259 (AB 1467) Sher. Beverage containers: processing fees.

(1) The California Beverage Container Recycling and Litter Reduction Act defines "nonaluminum beverage container," for purposes of the act, as a beverage container which consists of one or more metals, but which is not an aluminum beverage container and defines "bimetal container" as meaning a beverage container which consists of one or more metals and which is composed primarily of steel. The act requires distributors who sell beverages in beverage containers, including nonaluminum beverage containers, to report specified information to the Department of Conservation. A violation of the act is a crime and the penalties for a violation of the act are deposited in the California Beverage Container Recycling Fund, a continuously appropriated fund.

This bill would repeal the definition of "nonaluminum beverage container." The bill would require distributors of bimetal containers to report specified information to the department, thereby imposing a state-mandated local program by creating a new crime, and thereby making an appropriation, since the penalties for a violation of these requirements would be deposited in the fund. The bill would make conforming changes.

(2) Under the act, the department is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers. In determining the processing fee, the department is required to calculate the actual recycling costs for recycling centers and processors. Existing law requires the department, until January 1, 1996, to submit to the Governor and the Legislature, as part of the annual report required to be submitted by the department, a summary of the fluctuations of costs and scrap values necessitating the recalculation of the processing fee, but requires the department, after that date, to submit a report to the Chairperson of the Assembly Natural Resources Committee and the Chairperson of the Senate Natural Resources and Wildlife Committee 60 days prior to the annual calculation of the processing fee.

This bill would delete obsolete provisions and would make clarifying changes in those provisions with regard to calculating the scrap value for glass beverage containers. The bill would also make the reporting requirement concerning the calculation of the processing fee after January 1, 1996, identical to the reporting requirement prior to that date.

(3) The act requires the department to make one-time payments for the 1992–93 fiscal year, limited to a total of $2,000,000, to operators of curbside programs for each container collected and properly reported to the department by processors.

This bill would require the department to make payments for each of the 1993–94 and 1994–95 fiscal years from the California Beverage Container Recycling Fund to local agencies with curbside programs for each container collected and properly reported to the department by processors, limited to a total of $1,000,000 per fiscal year, subject to the availability of funds, as specified.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1260 (AB 1803) Pringle. Beverage containers: payments.

(1) Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires a distributor of certain beverage containers to pay a redemption payment to the Department of Conservation, for each beverage container, as defined, sold or transferred, other than a refillable beverage container, less ½ of 1% of the distributor's administrative costs, within 40 days of any sale, as specified, for deposit in the California Beverage Container Recycling Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The act requires a distributor of beer and other malt beverages to make that redemption payment according to a specified schedule until January 1, 1988, and not later than the first day of the second month following the sale or transfer for each successive month.

This bill would delete obsolete dates in those provisions.

(2) The act requires a distributor of beverage containers to submit a report to the department on the number of beverage containers sold for each month and requires those reports to be submitted in accordance with the schedule when the redemption payments are required to be paid to the department.

This bill would allow a distributor, upon the approval of the department, to make a single annual payment of redemption payments, if the distributor's projected redemption payment for a calendar year totals less than $10,000. The bill would allow a distributor who elects to make that annual payment, upon the approval of the department, to submit the reports annually to the department.

(3) Under the act, the department is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers for each beverage container sold or transferred to a dealer. The fee is required to be paid within 40 days of the sale, except as specified, and the revenues are deposited in the fund.

This bill would also allow a beverage manufacturer, upon the approval of the department, to make a single annual payment of processing fees, if the beverage manufacturer's projected processing fees for a calendar year total less than $1,000.

The bill would require an annual payment of redemption payments or processing fees to be paid on or before February 1 for every beverage container sold or transferred in the previous calendar year.

Ch. 1261 (SB 401) Lockyer. Alternative dispute resolution: mediation.

Existing law requires specified civil matters in which the amount in controversy does not exceed $50,000 to be referred for judicial arbitration in superior courts with 10 or more judges. Existing law authorizes other superior courts and municipal courts to provide for this judicial arbitration by local court rule.

This bill would require all courts in Los Angeles County, and authorize other courts, to implement a prescribed program of mediation of specified civil matters, where the amount in controversy does not exceed $50,000. In courts providing judicial arbitration, the bill would authorize an alternative referral for mediation under the bill. The bill would require the Judicial Council to adopt prescribed rules for mediation and to submit a report to the Legislature on alternative dispute resolution programs by January 1, 1998. The above provisions of the bill would be repealed without further action of the Legislature on January 1, 1999. By requiring the mediation program in Los Angeles County, the bill would impose a state-mandated local program.

The bill would revise existing law specifying what aspects of mediation are excluded from evidence and would also exclude these matters from discovery.

Under existing provisions of the Trial Court Delay Reduction Act, delay reduction rules are required to preclude referral to arbitration before the elapse of 210 days following the filing of the complaint, excluding a specified stipulated continuance not exceeding 30 days.

This bill would authorize making a referral to arbitration or mediation at any status conference, but would provide that arbitration may not commence until the above specified 210-day rule is complied with. It would exclude referrals to mediation pursuant to the provisions added by this bill from the above 210-day rule, as specified. These provisions of the bill would be repealed without further action of the Legislature on January 1, 1999, at which time existing law would be restored.

Under existing law, with certain exceptions, petitions for the enforcement of arbitration agreements are required to be filed in the superior court.

This bill would, with certain exceptions, give municipal and justice courts jurisdiction to enforce arbitration agreements where the arbitration award is, or would otherwise be, within the jurisdiction of the municipal or justice court.

This bill would incorporate additional changes in Section 86 of the Code of Civil

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Procedure, proposed by A.B. 1272, to be operative only if A.B. 1272 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1262 (AB 1272) Connolly. Attorneys: arbitration of fees.

Existing law requires the Board of Governors of the State Bar to establish a system for the arbitration of disputes concerning fees and costs charged by attorneys, which is administered by the State Bar. Existing law, except as to an action filed in small claims court, requires an attorney to forward a written notice, as specified, to a client at the time of service of summons in an action against the client for recovery of fees or costs.

This bill would eliminate the exception for actions filed in small claims court. This bill would provide for a procedure to enforce an unpaid arbitration award that has become final, as specified, by requiring the State Bar to place the attorney on involuntary inactive status until the award is paid and would impose on that attorney administrative penalties and costs, or both, as specified.

Existing law provides for binding arbitration upon agreement of the parties in the case of a dispute over attorneys' fees. In the absence of an agreement, either party is entitled to a trial after arbitration in a court of appropriate jurisdiction.

This bill would permit a municipal or justice court to conduct a trial pursuant to an action for declaratory relief, after a nonbinding arbitration where the amount in controversy is $25,000 or less, or to confirm, correct, or vacate a fee arbitration award, as specified, where the arbitration award is $25,000 or less. This bill would permit a small claims court to confirm, correct, or vacate a fee arbitration award not exceeding $5,000, as specified, or to conduct a hearing de novo after nonbinding arbitration of a fee dispute involving no more than $5,000.

Existing law provides that certain actions for declaratory relief may be brought in specified circumstances as an original action in superior court or by a cross-complaint in a pending action in superior, municipal, or justice court.

This bill would instead permit an action for declaratory relief to be brought as an original action or in a cross-complaint in superior court, or in a municipal or justice court.

The bill would also incorporate further changes to Section 86 of the Code of Civil Procedure proposed by SB 401, contingent upon its prior enactment.

Ch. 1263 (AB 936) Rainey. Locksmiths.

Existing law refers to the "Bureau of Collection and Investigative Services."

This bill would change those references to the "Bureau of Security and Investigative Services."

Existing law requires an individual to obtain a permit from the Bureau of Collection and Investigative Services in order to lawfully perform his or her trade as a locksmith, as specified.

This bill would repeal those provisions and would reenact, reorganize, and revise those provisions. The bill, among other things, would require a locksmith, including an individual, company, association, partnership, or corporation, to be licensed, and would require an employee of a locksmith to be registered, as specified.

Existing provisions of the Business and Professions Code continuously appropriate the moneys in the Private Investigator Fund. Because this bill would increase the amount of moneys in the fund and make the moneys available for a new purpose, it would constitute an appropriation.

The bill would impose a state-mandated local program by creating new crimes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1264 (SB 574) Boatwright. Department of Consumer Affairs.

Existing law establishes the Department of Consumer Affairs. Under existing law, there are various professional and vocational boards and similar entities in the department with responsibilities for the licensure and discipline of various licensed professions and vocations.

This bill would, among other things, do all of the following:

(1) Revise certain experience requirements and renewal periods with respect to repossession agencies and repossessors.

(1.1) Revise certain revenue and fee provisions relative to psychiatric technicians.

(1.2) Increase the required amount of a contractor's bond and a qualifying individual's bond, and make related changes, as specified.

(1.3) Provide that engaging in a business as an unlicensed private investigator or private patrol operator is an infraction under specified circumstances.

(2) Remove from licensure and regulation protection dog operators.

(3) Remove various conditions upon licensure of alarm company operators, and revise provisions relating to the operation of alarm companies, as specified.

(4) Consolidate the list of electronic items under the term "electronic set" with respect to the jurisdiction of the Bureau of Electronic and Appliance Repair.

(5) Delete certain references to the Bureau of Automotive Repair Advisory Board.

(6) Delete the category of "tax interviewer" from registration of tax preparer provisions.

(7) Eliminate the Tax Preparer Advisory Committee.

(8) Increase certain license renewal delinquency fee amounts, revise certain financial provisions, and increase certain fine amounts for home furnishings' licensees, as specified.

(8.5) Increase the license fees for certain home furnishings' licensees, as specified, and provide a fee for licensure as a retail furniture and bedding dealer.

(9) Eliminate licensure and regulation of medical provider consultants.

(10) The bill would also make conforming, clarifying, and related changes. It would specify certain penalty provisions including the penalty of perjury. The bill would thus impose a state-mandated local program by expanding the scope of an existing crime.

(11) Under existing law, the small claims court has jurisdiction over a defendant guarantor who is required to respond based upon the default, actions, or omissions of another, only if the demand does not exceed $1,500.

This bill would increase that limit to $2,500.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1265 (SB 798) Rosenthal. Electronic and appliance repair: service contractors.

Existing law known as the Electronic and Appliance Repair Dealer Registration Law requires a service dealer, as defined, to register with the Bureau of Electronic and Appliance Repair, as specified.

This bill would require the registration of service contractors, as defined, and would prohibit a service contract seller, as defined, from issuing, selling, or offering for sale a service contract unless he or she (1) discloses certain financial information, (2) obtains a service contract reimbursement insurance policy, (3) sells service contracts which are administered by a service contract administrator, as defined, who has obtained service contract reimbursement insurance, or (4) maintains a specified funded escrow account. The bill would also prohibit a service contract administrator from administering service contracts unless he or she has obtained a service contract reimbursement insurance policy. Among other things, this bill would require the filing of the form of a service contract issued by a service contractor prior to its use and would authorize the Director of Consumer Affairs to invalidate the registration of a service contractor for specified reasons and to investigate complaints against a service contractor. The bill would require a service contractor to pay various registration and renewal fees, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires a service dealer to pay a specified fee for each place of business operated in this state.

This bill would require a service dealer or a service contractor who does not operate a place of business in this state, but who engages in the electronic repair industry, the appliance repair industry, or sells, issues, or administers service contracts in this state, to hold a valid registration and to pay required registration fees.

Existing law permits the sale of a service contract to a buyer, except as specified, in addition to or in lieu of an express warranty if the contract fully discloses the terms, conditions, and exclusions of the contract and the contract contains specified information.

This bill would require the contract to include a statement identifying the person who is financially and legally obligated to perform the services specified in the service contract, including the name and address of that person.

The bill would set forth grounds for various citations and administrative fines, as specified.

The bill would also add, as an exception to the disclosure provisions of the California Public Records Act, specified financial data contained in applications for registration or registration renewal as a service contractor or financial data regarding funded escrow accounts for service contracts.

Various provisions of the bill would be operative only until January 1, 1998, as specified.

Existing law provides that any violation of the Electronic and Appliance Repair Dealer Registration Law is a misdemeanor.

This bill would impose a state-mandated local program by creating new crimes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1266 (SB 756) Kelley. Private investigators.

Existing law provides for various fees for persons licensed by the Bureau of Collection and Investigative Services as private investigators, private patrol operators, and related capacities.

This bill would increase those fees, except as specified. It would make additional changes on January 1, 1995 and January 1, 1998.

The bill would appropriate $1,411,000 as an augmentation to a specified item of the Budget Act of 1993 from the Private Investigator Fund.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1267 (SB 916) Presley. Medical quality: reporting: disciplinary actions: hearings.

(1) Existing law establishes a Medical Board of California to administer and enforce provisions relating to licensure and regulation of physicians and surgeons. Existing law requires that the board consist of 3 divisions of specified composition. Under existing law, the 3 divisions are the Division of Allied Health Professions, the Division of Licensing, and the Division of Medical Quality. Under existing law, the Division of Medical Quality of the Medical Board of California is responsible for the administration and hearing of disciplinary actions against physicians and surgeons.

This bill would, commencing July 1, 1994, eliminate the Division of Allied Health Professions, and would require the board to establish a Committee on Allied Health Professions. This bill would also, commencing January 1, 1994, revise the composition of the Division of Medical Quality, and revise the duties of the division relating to disciplinary actions against physicians and surgeons.

This bill would make conforming changes transferring certain responsibilities of the Division of Allied Health Professions relating to psychoanalysts, optometrists, and registered dispensing opticians, and perfusionists to the Division of Licensing.

This bill would require the State Auditor to perform an audit of the disciplinary system, regarding specified information, and to send a report on the audit to the Chairp-

NOTE: Superior numbers appear as a separate section at the end of the digests.

ersons of the Senate Business and Professions Committee and the Assembly Health Committee on or before March 1, 1995.

(2) This bill would authorize the Director of Consumer Affairs to audit and review complaints, and certain actions relating to discipline by the Medical Board of California, the allied health boards, and the California Board of Podiatric Medicine, and to make recommendations for changes to the system to the appropriate board, the Legislature, or both.

(3) Existing law establishes the California Board of Podiatric Medicine to administer and enforce provisions relating to licensure and regulation of doctors of podiatric medicine, and to conduct hearings of disciplinary actions against doctors of podiatric medicine.

This bill would revise the duties of the Board of Podiatric Medicine relating to these disciplinary actions.

(4) Existing law also establishes medical quality review committees that may hear and decide disciplinary matters against licensees.

This bill would repeal the provisions that establish medical quality review committees, eliminating the authority of the medical quality review committees to hear and decide disciplinary matters.

(5) Under existing law, disciplinary matters against licensees may be heard by the Division of Medical Quality, a medical quality review committee, or the applicable licensing board, in accordance with the Administrative Procedure Act, or by an administrative law judge in the Office of Administrative Hearings pursuant to the Administrative Procedure Act.

Existing law requires the Director of the Office of Administrative Hearings to designate a list of administrative law judges with demonstrated knowledge or experience conducting hearings against licensees of the Medical Board of California, as prescribed.

This bill would revise the structure for, and procedures applicable to, hearings of disciplinary matters and the issuance of interim orders to suspend a license, including the standard governing the granting of certain interim orders. This bill would revise the procedure for appeals of final decisions for the period commencing January 1, 1995, until January 1, 1999. This bill would require the Medical Board of California to report, on or before April 1, 1999, to certain committees of the Legislature, the Office of Administrative Hearings, and the Director of Consumer Affairs, regarding these revised procedures.

This bill would repeal the requirement that the Director of the Office of Administrative Hearings designate certain administrative law judges, and would instead establish the Medical Quality Hearing Panel with the Office of Administrative Hearings, of specified composition, for the purpose of hearing and deciding disciplinary matters against certain licensees in accordance with procedures established by the bill and the Administrative Procedure Act.

This bill would require that the decisions of the panel, and any reviewing court's decisions, be published in a medical discipline reporter to be funded by the Contingent Fund of the Medical Board of California. By revising the purposes for which the money in the contingent fund, a continuously appropriated fund, may be spent, this bill would make an appropriation.

This bill would provide for the repeal of certain of these provisions on January 1, 1997.

(6) Existing law also provides for a Health Quality Enforcement Section within the office of the Attorney General.

This bill would authorize the Division of Medical Quality or the Health Quality Enforcement Section to establish panels of experts and a system of volunteer physicians and others to provide assistance with certain disciplinary functions.

(7) Existing law requires that various boards that license certain health care professionals, including physicians and surgeons, each create and maintain a central file of all persons who hold a license from that board. Under existing law, the central files are to include specific information from various sources that are required to report information to the boards. Under existing law, information in the central files that is not a public record under any other provision of law is confidential with certain exceptions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise the reporting requirements and provisions relating to the confidentiality of the information in the central files, and would, commencing July 1, 1995, require the disclosure of certain information to the public unless the Medical Board of California and the Board of Podiatric Medicine adopt regulations relating to disclosure of that information prior to July 1, 1995.

Existing law requires the clerk of a court rendering certain judgments against certain health care professional licensees to report the entry of judgment to the licensing board or agency. Existing law also requires the district attorney or other prosecuting agency to notify the appropriate licensing board of any filings against a licensee charging a felony, and requires the clerk of the court in which a licensee is convicted of a crime to transmit a certified copy of the record of conviction to the applicable board.

By imposing new duties on county clerks, district attorneys, city attorneys, or other prosecuting agencies, this bill would impose a state-mandated local program.

(8) Existing law provides for a biennial renewal fee of $500 for physicians and surgeons, podiatrists, drugless practitioners, and midwives. Existing law provides for the deposit of these fees in the Contingent Fund of the Medical Board of California. Under existing law, the Contingent Fund of the Medical Board of California is continuously appropriated to the board for specified purposes.

This bill would increase that fee to $600. By increasing the amount of the fees to be deposited in the fund, this bill would make an appropriation. This bill would make this increase inoperative if any funds are transferred from the Contingent Fund of the Medical Board to the General Fund in the 1993–94 fiscal year, and in that event would restore the fee to $500.

This bill would require the board to prepare an itemized report regarding the use of the revenues received due to this fee increase, and to submit it to the certain committees of the Legislature by March 1, 1995.

(9) Existing law provides that the willful, unauthorized violation of a professional confidence by a physician and surgeon or doctor of podiatric medicine constitutes unprofessional conduct. Under existing law, protections of privileged communications between a patient and those licensees do not apply for purposes of investigations and disciplinary proceedings against licensees. Under existing law, the licensing board's and the Senior Assistant Attorney General of the Health Quality Enforcement Section's authority to examine patient records in the office of a licensee is limited to records of patients who have complained to the applicable board.

This bill would authorize the Attorney General, his or her investigative agents, and investigators and representatives of the Medical Board of California and the Board of Podiatric Medicine to inquire into alleged violations of the Medical Practice Act, and to inspect and copy documents relevant to investigations with certain limitations in accordance with certain procedures. This bill would require copies of these documents to be provided by the licensee within 15 days of receipt of a request and a written authorization for release of the records, and would make it unprofessional conduct to fail to provide the documents within that time.

This bill would also impose a civil penalty of $1,000 per day for each day after the 15th day of failure to provide requested documents, or for each day after a subpoena requires records to be produced, on licensees who fail to produce the subpoenaed records.

This bill would also require the boards and the Attorney General to return any original documents received pursuant to these provisions within 7 calendar days.

(10) Existing law provides that it is a misdemeanor and unprofessional conduct for a licensee to be intoxicated to an extent that his or her ability to practice medicine safely is impaired while in actual attendance on patients.

This bill would repeal that provision, and would instead prohibit a licensee under the jurisdiction of the Medical Board of California from practicing medicine while under the influence of any narcotic drug or alcohol to such an extent that his or her ability to practice medicine safely is impaired. The bill would provide that violation of this requirement is unprofessional conduct and a misdemeanor.

By changing the definition of a crime, this bill would impose a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(11) Existing law provides that a physician may be ordered to undergo a professional competency examination under certain circumstances, and sets forth a procedure to be followed to impose that requirement.

This bill would reduce the amount of time within which a licensee may file an opposition to the petition to require the examination. This bill would also provide that the results of the examination may be admissible and shall be considered relevant in subsequent disciplinary proceedings.

(12) This bill would authorize the Division of Medical Quality to issue a public letter of reprimand by stipulation or settlement with the affected physician and surgeon after conducting an investigation or inspection, in lieu of filing or prosecuting a formal accusation, subject to certain procedures. The bill would authorize the division to disclose letters of reprimand to an inquiring member of the public.

(13) Existing law authorizes the prosecution of certain crimes, relating to violation of requirements to be registered, licensed, or certified to engage in certain businesses, as infractions subject to specified procedures and fines.

This bill would add certain crimes relating to requirements of licensure as a physician and surgeon to those that may be prosecuted as infractions, thereby imposing a state-mandated local program.

(14) Existing law prohibits an action based upon a health care provider's professional negligence from being commenced unless the defendant has been given at least 90 days' prior notice of the intention to commence the action.

This bill would also prohibit the commencing of an action unless the required 90-day notice is sent to the Medical Board of California at the same time as it is sent to the defendant.

(15) This bill would require complainants against licensees who are subject to formal disciplinary proceedings administered by the Medical Quality Hearing Panel to be notified of the actions proposed to be taken against the licensee. This bill would require the complainant to be afforded the opportunity to provide a statement to the deputy attorney general assigned to the case, and would specify when, and for what purposes, these comments may be considered by the Division of Medical Quality.

(16) This bill would require any medical or podiatric society, licensed health facility, or state agency that receives complaints or other information about licensees from the public, to inform the complainant that the boards are the only authorities that may discipline licensees, and to provide the complainant with the address and toll-free telephone number of the applicable board. This bill would provide that certain immunities from liability apply to complaints or information provided to the boards.

(17) This bill would require that, in the event that the California Medical Association prevails in its complaint for injunction and other relief with respect to the transfer of principal and interest from the Contingent Fund of the Medical Board of California to the General Fund, all moneys returned to the Contingent Fund of the Medical Board of California shall be used to offset the license fee increase authorized by certain provisions of this bill.

(18) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, for certain costs, no reimbursement is required by this act for specified reasons.

Moreover, this bill would provide that, if the Commission on State Mandates determines that this bill contains other costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(19) This bill would incorporate additional changes in Section 146 of the Business and Professions Code, proposed by AB 1807, or SB 574, or both, to become operative only if AB 1807 or SB 574, or both, and this bill are chaptered and become effective on or before January 1, 1994, and this bill is chaptered last.

(20) This bill would incorporate additional changes in Section 2590 of the Business and Professions Code, proposed by AB 1832, to be operative only if AB 1832 and this bill

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

are both chaptered and become effective on or before January 1, 1994, and this bill is chaptered last.

Ch. 1268 (SB 984) Greene. Repossession of vehicles: fees.

(1) Existing law requires persons repossessing vehicles to notify local law enforcement authorities.

This bill would make it an infraction not to comply with the notice requirement, thereby imposing state-mandated costs on local agencies by creating a new crime. The bill would also require the debtor to pay a $15 fee to law enforcement authorities for costs of the notice, before the debtor may redeem the vehicle.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required for a specified reason.

Ch. 1269 (AB 1972) Horcher. Repossessors.

(1) Existing law regulates repossessors under the Repossessors Act, which establishes the Bureau of Collection and Investigative Services. Existing law provides that any person who knowingly engages a nonexempt unlicensed repossession agency after being notified by the bureau in writing of that agency's unlicensed status is guilty of a misdemeanor and punishable, as specified.

This bill would delete the requirement of having been notified by the bureau in writing of the agency's unlicensed status. Because the bill would expand the definition of a crime, it would impose a state-mandated local program.

(2) Existing law lists various prohibited acts and provides for the imposition of penalties, including the assessment of administrative fines or the suspension or revocation of licenses, for those acts.

This bill would revise the list of prohibited acts by employees of repossession agencies to include failing to report a violent act involving the employee to the licensee or the licensee's qualified certificate holder within 24 hours. The bill would also make other conforming changes.

The bill would require any licensee and other specified individuals, including immediate family members, to dispose of any financial interest in any repossession agency within a specified time period after revocation of the license. The bill would also prohibit those individuals from acquiring any interest in a repossession agency during a period of suspension or revocation of the license.

(2.5) Existing law specifies requirements for an applicant for a qualification certificate.

This bill would make a technical change in that provision.

(3) Existing law also requires that licensees under the act follow certain administrative procedures, including making an inventory of personal property not covered by a security agreement, contained in or on the secured personal property at the time it is recovered.

This bill would require that the inventory include an itemization of removal charges that will be made by the repossession agency.

(4) Existing law limits charges that may be imposed by personal property brokers and consumer finance lenders, but provides that, for that purpose, charges do not include actual fees not exceeding $250 paid in connection with the repossession of a motor vehicle to licensed repossession agencies.

This bill would increase the fee limit from $250 to $300.

(5) Existing law provides that when possession is taken of a vehicle by or on behalf of a legal owner under the terms of a security or lease agreement, the person taking possession shall notify the police or sheriff.

This bill would require the debtor to pay the sheriff or police a fee of $15 for the receipt and filing of the report of repossession, and would prohibit the release of the vehicle to the debtor until the debtor provides proof of payment or pays the fee and an administrative fee to the person in possession. It would provide for a fine if the person in possession fails to transmit the fee to the sheriff or police.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(6) Existing law provides for the processing of fingerprints by the Department of Justice.

This bill would make the processing of fingerprints of applicants for licenses, certificates, or registrations under this act a priority before those of most applicants.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1270 (SB 947) Bergeson. Criminal records: photographs.

Existing law requires the Department of Justice to maintain state summary criminal history information, which is defined to mean the master record of information compiled by the Attorney General pertaining to the identification and criminal history of any person, such as name, date of birth, and fingerprints.

This bill would additionally include photographs within this definition. The bill would make other related changes.

The bill would also require the Attorney General to perform a feasibility study of automated systems for storing and communicating law enforcement related photographs on or before January 1, 1995, with a report on the study to the Legislature on or before January 1, 1996.

The bill would further provide that the study and the report shall be funded from moneys appropriated by the Legislature in the Budget Act of 1994 or from existing resources of the Department of Justice other than fees collected for furnishing state summary criminal history information, as specified.

The bill would also contain a declaration of legislative intent.

Ch. 1271 (AB 266) Archie-Hudson. Teacher training.

(1) Existing law establishes the California Summer Science and Technology Academy as a statewide program to identify public high school pupils with high academic potential in mathematics, science, and technology, with an emphasis on females and minority members, to participate in university-based research programs. Existing law also establishes the Mathematics, Engineering, and Science Achievement (MESA) program to increase the number of underrepresented students who graduate from a college or university with the academic skills needed to gain employment in engineering, mathematics, and science-related jobs.

This bill would establish, until January 1, 2001, the Science, Mathematics, and Technology Teacher Pipeline Program to identify, support, and assist elementary, secondary, and postsecondary students with potential to become teachers of science, mathematics, or technology, particularly those from underrepresented groups. The program would be administered by the California Postsecondary Education Commission which would apportion funds for the support of project centers that offer a program with specified components and would be operated by a consortium including a school district or county office of education, one or more community colleges, and an institution of postsecondary education that operates a program of teacher preparation. The commission would be required to report to the Legislature, not later than January 1, 1999, on the program.

(2) The bill would provide that otherwise eligible summer school hours of attendance in the program shall be eligible for summer school apportionments.

(3) The bill would, until January 1, 2001, include program participants in a loan assumption payment program for postsecondary students in a teacher preparation program.

(4) The bill would appropriate $125,000 to the commission for grants under the program.

Ch. 1272 (AB 393) Cortese. Supercomputer center: Silicon Valley.

Existing law had provided that it is the intent of the Legislature to provide funding for a study regarding the development and operation of an additional supercomputer center, in coordination with the Technology Center of Silicon Valley and the San Diego

NOTE: Superior numbers appear as a separate section at the end of the digests.

Supercomputer Center, and other specified purposes. These provisions became inoperative on June 30, 1992.

This bill states legislative intent that $2,000,000 be appropriated by the annual Budget Act to the Trade and Commerce Agency during the 1994–95, 1995–96, and 1996–97 fiscal years for the purpose of establishing an additional supercomputer center in the Silicon Valley, in coordination with the San Diego Supercomputer Center.

The bill would become operative on July 1, 1994.

Ch. 1273 (AB 579) Baca. Small business development corporations.

Existing law provides for the establishment of small business development corporations to promote the economic development of small businesses by making available capital, general management assistance, and other resources.

This bill would appropriate $76,000 from the General Fund to the Trade and Commerce Agency to contract with the California Southern Small Business Development Corporation for the establishment of a Small Business Development Corporation Expansion Center in the Inland Empire (San Bernardino and Riverside Counties), to serve San Bernardino and Riverside Counties.

Ch. 1274 (AB 1289) Moore. Public utilities: telecommunications services.

Under existing law, the Public Utilities Commission is vested with regulatory authority over public utilities.

This bill would make a legislative finding and declaration that a policy for telecommunications in California is to promote economic growth, job creation, and the substantial social benefits that will result from the rapid implementation of advanced information and communications technologies by assuring adequate long-term investment in the necessary infrastructure.

This bill would also require the commission to open a proceeding or proceedings to, or as part of existing proceedings, consider ways to ensure that advanced telecommunications services are made available as ubiquitously and economically as possible to California's citizens, institutions, and businesses. It would set forth specified goals and issues to be addressed by the commission over a one-year period, and would require the commission to issue a report or order, or reports or orders, providing for specific action in regard to these issues. The bill would state that it is the commission's goal to issue its report or order, or reports or orders, by January 1, 1995.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1275 (AB 1370) Ferguson. Unemployment insurance: domestic agencies.

Existing law exempts from the definition of "employment," for purposes of provisions relating to unemployment insurance and disability insurance compensation, domestic service in a private home, except for domestic service performed for an employing unit or a person who paid in cash remuneration of $1,000 or more to individuals employed in the domestic service in any calendar quarter in the calendar year or the preceding calendar year.

This bill would also exempt from the definition of "employment" for purposes of provisions relating to unemployment insurance and disability insurance compensation, work performed by a domestic worker for whom an employment agency, as defined, procures, offers, refers, provides, or attempts to provide domestic work in a private home, if that agency operates in accordance with specified provisions.

This bill would make certain declarations of legislative intent and would require the Employment Development Department to, on or before January 1, 1994, with respect to the period of time ending on or before January 1, 1994, abate any pending audit or investigation or any unpaid assessment that is not final pursuant to a specified provision on or before January 1, 1994, that was based on any determination concerning the relationship between an employment agency and a domestic worker, except as provided. It would further require that any audit, investigation, or assessment that is initiated or levied on or after January 1, 1994, be conducted in accordance with specified factors, and examine those employment relationships only as they exist on or after January 1, 1994.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1276 (AB 2072) Knight. Public utilities: enterprise zones: military bases.

Existing law permits the Public Utilities Commission to provide incentives for the benefit of industries or business entities located within the boundaries of enterprise zones or economic incentive areas in accordance with specified provisions of law.

The bill would permit the commission to allow public utilities to provide utility service at whatever discounted rate is available in enterprise zones to facilities, as defined, that are located on federal military bases that are scheduled to be closed.

The provisions of the bill would be repealed on January 1, 1999.

Ch. 1277 (AB 2244) Polanco. Housing: discriminatory practices.

Existing law authorizes the management of a mobilehome park to require that a prospective purchaser comply with any rule or regulation limiting residency to adults, as provided.

This bill would, instead, authorize the management of a mobilehome park to require that a prospective purchaser comply with any rule or regulation limiting residency based on age requirements for housing for older persons, as provided.

Existing law authorizes the ownership or management of a mobilehome park to require the purchaser of a mobilehome that will remain in the subdivision, cooperative, or condominium for mobilehomes, to comply with any rule or regulation limiting residence therein to adults only.

This bill would, instead, authorize the ownership or management to require the purchaser of a mobilehome to comply with any rule or regulation limiting residence therein based on age requirements for housing for older persons, as provided.

The existing California Fair Employment and Housing Act (FEHA) makes it unlawful to discriminate against any person in any housing accommodation on the basis of race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability. It permits the Department of Fair Employment and Housing to engage in affirmative actions to prevent and provide for effective remedies against housing discrimination.

This bill would additionally make it unlawful to discriminate through various land use practices and regulations, as specified, or to coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of that person having exercised or enjoyed or encouraged any other person in the exercise or enjoyment of, any right granted or protected by specified provisions prohibiting housing discrimination, and would prescribe the methods by which proof of a violation of certain of these provisions may be established. It would provide that any state law that purports to require or permit any action that would be an unlawful practice under provisions prohibiting unlawful housing discrimination shall to that extent be invalid.

The bill would provide that specified prohibitions against unlawful housing practices under the FEHA based on familial status shall not apply to housing for older persons, as defined.

Under existing law, discrimination includes, but is not limited to, a failure to design and construct a covered multifamily dwelling in a specified manner. Existing law provides that regulations adopting building standards necessary to implement, interpret, or make specific these provisions are required to be developed by the Office of the State Architect for public housing and by the Department of Housing and Community Development for all other residential occupancies, as specified.

This bill would provide that federal standards shall apply instead of any state regulations adopted as provided above if the federal standards provide greater protection to persons with disabilities, as specified.

Existing law requires the Department of Fair Employment and Housing, upon the filing of a complaint, to serve notice upon the complainant of the time limits, rights of the parties, and choice of forums under the law.

The bill would additionally require the department, if it issues an accusation alleging an unfair housing practice, to provide a complainant with a written explanation that if an accusation is issued, the complainant may only be able to recover damages for emotional distress or other intangible injuries through a civil action filed under a specified statute. It would provide that all agreements reached in settlement of any housing discrimination complaint filed pursuant to these provisions shall be agreements between

NOTE: Superior numbers appear as a separate section at the end of the digests.

the complainant and the respondent and shall be subject to approval by the department.

Existing law requires the Director of Fair Employment and Housing to cause to be issued a written accusation in the name of the department alleging an unfair housing practice within 100 days after the filing of a complaint, if it is possible to do so, and requires the respondent to answer the charges at an administrative hearing or civil trial as elected by the parties pursuant to a specified statute.

This bill would require the director to cause to be issued a written accusation pursuant to these provisions within 100 days after the filing of a complaint, unless it is impracticable to do so. It would additionally authorize any aggrieved person to intervene as a matter of right in any proceeding related to the accusation, and any appeal or other judicial review of that proceeding.

Existing law requires the Fair Employment and Housing Commission to hold hearings on accusations related to housing discrimination that are issued pursuant to a specified provision in the same manner and with the same powers provided in provisions relating to employment discrimination, as provided.

This bill would require the commission to hold hearings on accusations related to housing discrimination issued pursuant to a specified provision in the same manner and with the same powers provided in provisions relating to employment discrimination, but would provide that where provisions governing housing discrimination provide greater rights and remedies to an aggrieved person than do provisions relating to employment discrimination, the provisions governing housing discrimination shall prevail.

This bill would prohibit the department from dismissing a complaint or an accusation unless the complainant withdraws the complaint or the department determines after a thorough investigation that, based on the facts, there is no reasonable cause to believe that an unlawful housing practice has occurred or is about to occur.

This bill would authorize any party aggrieved by the commission's final order for relief in an action alleging a discriminatory housing practice to obtain a review of that order by a writ of mandamus, and would authorize the superior court reviewing the commission's final order to award specified types of relief.

Existing law provides that any relief granted based on a court's finding that a discriminatory housing practice has occurred or is about to occur shall not affect any contract, sale, encumbrance, or lease consummated before the granting of the relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the department, or a civil action under these provisions.

This bill would eliminate these provisions relating to the effect of any relief granted in a civil action.

Existing law provides that nothing contained in the FEHA shall be construed, in any manner or way, to limit or restrict the application of specified civil rights laws.

This bill would provide that nothing contained in the FEHA shall be construed, in any manner or way, to limit or restrict the application of specified civil rights laws, unless those provisions provide less protection to the enumerated classes of persons covered by the FEHA, or to affect the enforcement of state and local public nuisance laws.

This bill would also make certain declarations of legislative intent with respect to the application of the bill to the secondary mortgage market and unlawful housing practices.

Ch. 1278 (AB 2342) Peace. Community care facilities.

Under existing law, the California Community Care Facilities Act, the State Department of Social Services licenses community care facilities, including adult day care facilities and adult day support centers, as defined, that provide nonmedical residential care.

Existing law requires the department to charge an annual fee in prescribed amounts depending on bed capacity for the issuance or renewal of a license or special permit for a community care facility or for processing any application therefor.

This bill would decrease these annual fees, as prescribed, for adult day care facilities and adult day support centers depending on bed capacity and would delete the fee for processing an application for a license or special permit for those facilities with a bed capacity of not more than 15 beds.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1279 (AB 2371) Hauser. Districts: directors: property tax revenues.

(1) Existing law requires the appointment of the directors of a resource conservation district by division.

This bill would make a clarifying change regarding the appointment of those directors to fill a vacancy.

(2) Existing property tax law provides, for the 1992–93 fiscal year, for specified percentage reductions in the amount of property tax revenues allocated to cities and special districts for the purpose of transferring the amount of the reductions to school districts, county offices of education, and community college districts.

This bill would exempt from the total annual revenue base used for these percentage reductions (1) one-time revenues of special districts, (2) enterprise activity revenues of special districts, and (3) specified revenues of resource conservation districts received from the state or from gifts or grants. By requiring local officials to modify property tax revenue allocations made for the 1992–93 fiscal year, this bill would impose a state-mandated local program. The bill would also make technical, clarifying changes to those provisions.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(4) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1280 (SB 350) Killea. Midwifery: licensure.

(1) Existing law provides for the certification of nurse-midwives by the Board of Registered Nursing, and the certification of midwives by the Division of Allied Health Professions of the Medical Board of California.

This bill would repeal those provisions related to the certification of midwives by the division and would enact the Licensed Midwifery Practice Act of 1993.

The bill would specify the requirements for licensure as a midwife and the authority of a midwife with respect to the scope of the practice of midwifery.

The bill would require the Division of Licensing of the Medical Board of California to issue a license to practice midwifery to all applicants who meet certain requirements and who pay a prescribed fee.

The bill would provide for the expiration and renewal of licenses and would authorize the board to suspend or revoke a license for certain reasons.

The bill would require all fees prescribed by the act to be deposited into the Licensed Midwifery Fund, which would be established by the bill and, upon appropriation, would be available to the board for the purposes of the act.

The bill would provide that any person who violates the act is guilty of a misdemeanor, thereby imposing a state-mandated local program by creating a new crime.

(2) Existing law provides for the regulation of policies of disability insurance and nonprofit hospital service plans, and requires those plans and policies issued, amended, or renewed after January 1, 1992, to offer coverage and direct reimbursement for perinatal services provided by certified nurse-midwives and nurse practitioners.

This bill would, in addition, require every policy of disability insurance issued, amended, or renewed on or after January 1, 1994, that offers coverage for perinatal services, to contain a provision for direct reimbursement to licensed midwives for perinatal services. It would also require reasonable consideration, as defined, to be given to licensed midwives by disability insurers contracting for services at alternative rates.

The bill would appropriate $70,000 from the General Fund as a loan to the Licensed Midwifery Fund for the purposes of this act.

(3) Existing law provides for the Medi-Cal program, pursuant to which medical benefits are provided to public assistance recipients and certain other persons with low

NOTE: Superior numbers appear as a separate section at the end of the digests.

income. Under existing law, nurse-midwifery services are covered under the Medi-Cal program.

This bill would require that midwifery services provided by a licensed midwife also be covered to the extent federal financial participation is available.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1281 (SB 600) Rosenthal. Telecommunications: task force.

Under existing law, the Public Utilities Commission is vested with regulatory authority over public utilities.

This bill would state findings and declarations with respect to the need to establish a telecommunications task force for the benefit of public schools, libraries, and other institutions, as specified. The bill would require the commission to establish a task force on telecommunications network infrastructure to study specified issues and report to the Legislature by December 31, 1994. These provisions of the bill would be repealed on January 1, 1995, unless a later enacted statute, enacted before January 1, 1995, deletes or extends that date.

Ch. 1282 (SB 626) Roberti. License taxes and fees: exemptions: nonprofit organizations.

Existing law authorizes counties and cities to impose business license taxes and fees.

This bill would provide that no business license fee or tax measured by income or gross receipts and levied under those authorizations, whether by a charter or general law jurisdiction, shall apply to any nonprofit organization that is exempted from taxation by certain state or federal statutes, or the successor of either, or to the clergy of any religious organization that is exempt from federal income tax under a certain federal statute or a succeeding statute. This bill would also establish a similar prohibition, applicable to charter cities and counties, with respect to business license taxes and fees levied by local agencies generally.

This bill would not become operative unless SCA 15 of the 1993–94 Regular Session is approved by the voters, and in that event, would become operative on the same day as that measure.

Ch. 1283 (SB 1092) Killea. Solid and hazardous wastes and substances.

(1) Existing law requires any person generating a hazardous waste to provide the person who will transport the hazardous waste with an applicable manifest which is completed as required by the Department of Toxic Substances Control. Existing law requires any person generating a hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, outside the state, to complete a standard manifest, or the recipient state's manifest, and to sign and attach, as specified, a one page out-of-state manifest cover form.

This bill would delete the requirement that a one page out-of-state manifest cover form be signed and attached. The bill would require the generator to submit a copy of its own form of manifest, if used, to the department, as specified.

(2) Existing law requires that proceedings for the denial, suspension, or revocation of a permit, registration, or certificate under the hazardous waste control program be conducted in accordance with specified procedures governing administrative adjudication.

This bill would instead require only proceedings for the suspension or revocation of a permit, registration, or certificate be conducted pursuant to those provisions and would instead require that proceedings to determine whether to grant, issue, modify, or deny a permit, registration, or certificate be conducted in accordance with the regulations adopted by the department.

(3) Existing law, the Carpenter-Presley-Tanner Hazardous Substance Account Act,

NOTE: Superior numbers appear as a separate section at the end of the digests.

requires the department or a California regional water quality control board to prepare or approve remedial action plans, which specify, among other things, removal and remedial actions selected for the cleanup of all hazardous substance release sites identified and categorized pursuant to a specified procedure. A remedial action plan is not required to be prepared if a certain action is taken at the site, the total cost of the removal action is less than $400,000, and the department makes a specified determination.

This bill would additionally provide that the remedial action plan is not required for a site if the site is listed on a specified list of sites under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980.

(4) Under this act, a potentially responsible party named in the final remedial action plan is required to seek judicial review of the final remedial action plan by filing a petition for writ of mandate within 30 days after the final remedial action plan is issued by the department and any other person who has a right to seek judicial review is required to do so within one year after the final plan is issued. The court is required to uphold the remedial action plan if the plan is based upon substantial evidence, as specified.

This bill would specify procedures for the review of response actions under the act and would allow the court to award damages based only on certain findings in proceedings to review those plans.

(5) The act requires a person who stores, treats, or disposes of hazardous substances to furnish specified information to any officer or employee of the department or representative of the department, or person designated by the director.

This bill would revise those provisions to instead authorize such an officer, employee, or designee to require any potentially responsible party, or a person who has acquired certain information in the course of a contractual relationship with such a party, to furnish information or documents relating to specified matters and would allow the officer, employee, or designee to enter at reasonable times certain establishments, if there is a reasonable basis to believe there may be a release or a threatened release of a hazardous substance and only for specified purposes relating to the taking of response actions or the enforcement of the act.

(6) The act provides for the recovery of costs incurred and payable from the Hazardous Waste Control Account or from the Hazardous Substance Cleanup Fund for remedial and removal actions to hazardous substance release sites.

This bill would make changes concerning the enforcement of the act.

(7) Existing law, the California Integrated Waste Management Act of 1989, authorizes the enforcement agency, when issuing or reviewing any solid waste facilities permit or in connection with any action authorized by the act, to investigate specified operations by any person. In the investigation, the enforcement agency may require any person who is, or proposes to become, an operator of specified solid waste facilities, to furnish certain information to the enforcement agency.

This bill would specify that the information requested be nonprivileged and would additionally authorize the enforcement agency to require any person that it believes may have information concerning a suspected violation of the act to furnish that information to the enforcement agency.

Ch. 1284 (SB 1093) Killea. Hazardous materials.

Existing law establishes in the office of the Governor the Office of Emergency Services with specified powers and duties.

This bill would require the Office of Emergency Services to establish a statewide plan for the delivery of hazardous material mutual aid between public entities as defined.

Ch. 1285 (AB 107) Tucker. Alcoholic beverages.

Existing law permits the transfer of off-sale general alcoholic beverage licenses from one county to another subject to various restrictions on the number of licenses that may be issued in a county, and subject to a requirement that a $6,000 fee be paid.

This bill would permit the transfer of any off-sale general license issued prior to April 29, 1992, and located within certain census tracts in Los Angeles County to another

NOTE: Superior numbers appear as a separate section at the end of the digests.

county without regard to those limitations, and would provide that the transfer fee is $100.

Ch. 1286 (SB 494) Kelley. Open-space and recreational lands.

(1) Under existing law, the Coachella Valley Mountains Conservancy is authorized to acquire and hold, in open space, mountainous lands surrounding the Coachella Valley. That law was revised by Chapter 676 of the Statutes of 1992 to change the membership of the governing board of the conservancy, prescribe related matters, and authorize the conservancy to adopt regulations, a violation of which would be a misdemeanor. However, those changes were to become operative only upon the condition that specified funding was provided in a state general obligation bond in 1992. That condition did not occur.

This bill would make those changes operative on January 1, 1994, thereby imposing a state-mandated local program by creating new crimes.

(2) The membership of the governing board of the conservancy, as revised by Chapter 676 of the Statutes of 1992, has 21 voting members and includes the President of the University of California.

This bill would instead require the inclusion of a specified vice president of the university.

(3) The membership of the governing board also includes the mayor or a member of the city council of various cities, including Coachella and Indio.

This bill would delete those members representing Coachella and Indio, thereby reducing the membership to 19 voting members. The bill would also exclude the Cities of Coachella and Indio from the territory of the conservancy.

(4) Existing law requires 11 members of the governing board to constitute a quorum and to approve any action affecting title to real property.

This bill would reduce the number required for a quorum and for approving those actions to 10, and would require that approval instead with respect to any action relating to the acquisition of an interest in real property.

(5) Existing law requires a ⅘ vote of the governing board of the conservancy or a ⅔ vote of the electors residing in the conservancy to dispose of any mountainous lands.

This bill would authorize a majority of the voting members of the governing board to transfer any mountainous lands to another public agency or a nonprofit organization, as specified.

(6) Existing law authorizes the Department of Motor Vehicles to issue special interest license plates.

This bill would authorize the department, as specified, to issue special interest license plates that bear a design relating to the Coachella Valley and the surrounding mountain ranges. The bill would prescribe the fees to be paid for the issuance, renewal, transfer, and substitution of the plates, and would require those fees to be deposited ½ in the Coachella Valley Mountains Conservancy Account, which the bill would create in the California Environmental License Plate Fund, for expenditure, upon appropriation, by the conservancy, and ½ in that fund.

(7) This bill would require the Department of Transportation, not later than January 1, 1994, to either transfer or lease a specified parcel of land in Yolo County to the Department of Fish and Game, or enter into a cooperative project agreement with state and federal agencies concerning that parcel.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1287 (SB 741) Rogers. Surface mining operations.

(1) Under existing law, the owner or other specified person in charge of a mining operation, defined to have the same meaning as a surface mining operation under the Surface Mining and Reclamation Act of 1975, is required to report annually to the Director of Conservation on specified matters, including the total production for each

NOTE: Superior numbers appear as a separate section at the end of the digests.

mineral commodity produced during the previous year. Under existing law, the State Mining and Geology Board is required to impose, by regulation, an annual reporting fee on each active or idle mining operation. Under existing law, the lead agency, defined as the agency which has the responsibility, as specified, for approving a surface mining operation, may impose a fee to cover its costs in implementing the act and the reporting provisions.

This bill would include as a mining operation for purposes of collecting those fees, one or more mines operated by a single operator or mining company on one or more sites if the mineral production does not exceed specified amounts.

(2) Existing law limits to $1,132,000 the total revenue which may be generated by annual reporting fees. Existing law requires the board to adjust the fees annually to conform to the limit.

This bill would delete the requirement for that annual adjustment of the fees, and instead provide that the limit may be less than the specified amount.

Ch. 1288 (SB 779) Leslie. Department of Fish and Game.

(1) Existing law makes all employees of the Department of Fish and Game, who are designated by the Director of Fish and Game as deputized law enforcement officers, peace officers.

This bill would declare that the status of a person as an employee, agent, or licensee of the department does not confer any special right or privilege to knowingly enter private land without the consent of the property owner, a search warrant, or an inspection warrant, except as specified.

The bill would also require the department, if it conducts a survey or evaluation on private land that results in the preparation of a document or report, to provide, upon request, either a copy of the document or report or a written explanation of the department's legal authority for denying the request. The bill would authorize the department to charge a fee for each copy, not to exceed the direct cost of duplication.

The bill would, on or before January 1, 1995, require the department to develop a statewide policy for processing specified complaints, to designate official fish and game indicia, as specified, and to prohibit any departmental personnel, except as specified, from wearing any of those indicia. Because other provisions of existing law would make a violation of this prohibition a crime, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1289 (SB 367) Kopp. Open meetings.

Existing law requires the Regents of the University of California to hold meetings that are open to the public and to give notice prior to those meetings. Existing law requires this notice to be given by means of a notice hand delivered or mailed to any newspaper of general circulation, or any television or radio station, so that notice may be published or broadcast at least 72 hours before the time of the meeting.

This bill would require that notice be delivered or mailed to each newspaper of general circulation and television or radio station that has requested notice in writing.

Existing law requires each state body, as defined, to give specified notice of its meetings, including a specified agenda; however, no action may be taken by the state body at the same meeting on matters brought before the body by members of the public.

This bill would require that the state body shall provide an opportunity for members of the public to directly address the state body on each agenda item before or during the state body's discussion or consideration of the items, with specified exceptions and subject to reasonable regulations of the state body.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 1290 (SB 504) Hayden. Regents of the University of California: meetings.

Existing law authorizes the Regents of the University of California to conduct closed sessions when meeting to consider or discuss, among other things, matters concerning the appointment, employment, performance, compensation, or dismissal of university officers or employees, excluding individual regents other than the president of the university.

This bill would prohibit the consideration of compensation for the principal officers of the regents and the officers of the university from including action by the regents on compensation proposals and would require that that action be in open session. The bill would specify that compensation for the principal officers of the regents and the officers of the university includes salary, benefits, perquisites, certain severance payments, retirement benefits, or any other form of compensation.

The bill also would express the intent of the Legislature that no proposal relating to the salary, benefits, perquisites, severance payments, or retirement benefits, or any other form of compensation paid to an officer of the university, as defined, shall become effective unless certain conditions are met.

This bill would incorporate additional changes in Section 92032 of the Education Code, proposed by SB 367, to be operative only if SB 367 and this bill are both chaptered and become effective January 1, 1994, and this bill is chaptered last.

Ch. 1291 (AB 2367) Polanco. Department of Motor Vehicles: confidential records.

Existing law requires the Department of Motor Vehicles to maintain confidential the records of home addresses of specified public officials and employees and their spouses and children. Among those afforded such confidentiality are employees of a city police department or county sheriff's office, and nonsworn personnel in local juvenile halls, camps, ranches and homes.

This bill would make the confidentiality provisions applicable to those latter employees only if they submit agency verification that, in the normal course of their employment, they control or supervise inmates or are required to have a prisoner in their care or custody. The bill would add members of a city council, city attorneys, attorneys employed by city attorneys, and members of a board of supervisors, and federal prosecutors and criminal investigators and National Park Service Rangers working in this state to the list of individuals whose records are confidential.

Ch. 1292 (SB 274) Committee on Transportation. Transportation: records: vehicles: highways.

(1) The Outdoor Advertising Act defines the term "primary highway" to mean any highway, other than an interstate highway, at any time officially designated as part of the federal-aid primary system by the Director of Transportation and approved by the appropriate authority of the federal government.

This bill would change that definition to include any highway, other than an interstate highway, designated as part of the federal-aid primary system in existence on June 1, 1991, and any highway that is not in that system but which is in the National Highway System.

(2) Existing law provides for a specified fee on motor vehicles registered in an air pollution control district or air quality management district, as specified, to implement the California Clean Air Act. Those fee revenues are required to be allocated, among other allocations, to the Bay Area Air Quality Management District to implement specified transportation control projects and programs.

This bill would add to those listed projects and programs, the implementation of an automotive buyback scrappage program.

(3) Existing law defines a "motorized quadricycle" as a four-wheeled device designed to carry not more than 2 persons, including the driver, and having either an electric motor or a motor with an automatic transmission developing less than 2 gross brake horsepower and capable of propelling the device at a maximum speed of not more than 30 miles per hour on level ground, to be utilized only by a person who by reason of physical disability is otherwise unable to move about as a pedestrian or by a senior citizen, as defined.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would define a "motorized tricycle" as a three-wheeled device having all of the attributes specified above.

(4) Under existing law, the home address of specified persons, including any attorney employed by the Department of Justice, a district attorney, a public defender, or an employee of a city police department or sheriff's department appearing in any records of the Department of Motor Vehicles is confidential and may not be disclosed except as specified. Existing law requires that the home address be withheld from public inspection for 3 years following termination of office or employment.

This bill would also make those provisions applicable to the home addresses of city attorneys and attorneys employed by city attorneys and employees of the Department of the California Highway Patrol.

(5) Existing law requires persons to hold or possess driver's licenses under specified conditions.

This bill would specify that these requirements apply to valid driver's licenses.

(6) Existing law prohibits a person from driving a motor vehicle at any time when that person's driving privilege is suspended or revoked pursuant to law and that person has knowledge of the suspension or revocation. Existing law provides added prison enhancements and fines when the current violation occurred within specific time periods of previous violations of specified provisions.

This bill would include previous violations of driving when the privilege to drive has been revoked or suspended for specified reasons within the listings of previous violations. Because the enhanced imprisonments may result in additional imprisonments in county jail, the bill would impose a state-mandated local program.

(7) Existing law authorizes the Department of Motor Vehicles to establish procedures for the issuance and renewal of distinguishing disabled person placards, as described.

This bill would require the department, prior to the end of each year, as defined, for the most current 3 years available, to compare its records of disability placards issued against the records of the Bureau of Vital Statistics, and to withhold any renewal notices that otherwise would have been sent, for any placard holders identified as deceased.

(8) Existing law authorizes the department to cancel or revoke a disabled person placard issued pursuant to existing law in any of specified conditions.

This bill would add to the list of specified conditions by authorizing the department to cancel or revoke a disabled person placard when the department determines that the owner of the placard is deceased.

(9) Existing law prohibits a person from refusing or evading or attempting to evade the payment of tolls or other charges.

This bill would specify that this prohibition applies on any vehicular crossing or toll highway and would include as prima facie evidence of a violation of this provision for any person to enter upon any vehicular crossing without, among other things, an Automatic Vehicle Identification account with a balance sufficient to pay any tolls due.

(10) Existing law prohibits a person from renting a motor vehicle to another unless the person to whom the vehicle is rented is licensed to drive pursuant to the Vehicle Code or pursuant to the laws of the state or country of that person's residence.

This bill would exempt a blind or disabled person from that prohibition, if specified conditions are met at the time of rental.

(11) Existing law requires that an application for the original or renewal registration of a vehicle of a type required to be registered under the Vehicle Code be made by the owner to the Department of Motor Vehicles upon a specified form furnished by the department.

This bill would require that any application for a registration transaction filed with the department during the 30 days immediately preceding the date of expiration of registration of a vehicle be accompanied by the full renewal fees for the ensuing registration year in addition to any other fees that are due and payable.

(12) Existing law requires motorized quadricycles, as defined, to comply with specified requirements in existing law relating to motor driven cycles, as defined.

This bill would repeal that provision.

(13) The bill would make other technical and clarifying changes in existing law.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(14) This bill would incorporate additional changes in Section 1808.4 of the Vehicle Code, proposed by AB 2367, to become operative if both bills are enacted and become effective on or before January 1, 1994, and this bill is enacted after AB 2367.

(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1293 (AB 355) Aguiar. Air pollution: districts: transportation.

(1) Existing law provides for the collection of registration fees on motor vehicles, including a $2 fee, which may be increased to $4, which may be imposed by an air pollution control district or an air quality management district, including the Bay Area Air Quality Management District and the South Coast Air Quality Management District, except the Sacramento Metropolitan Air Quality Management District, and used to reduce air pollution from motor vehicles, as specified, including, in the bay district, the implementation and enforcement of local ridesharing and employer-based trip reduction ordinances and programs.

Under existing law, the districts are classified as being in attainment or nonattainment with state ambient air quality standards, and nonattainment districts are classified as having "moderate," "serious," "severe," or "extreme" air pollution. Districts having "severe" air pollution are required to include prescribed control measures in an attainment plan.

This bill would, from July 1, 1994, until January 1, 1999, prohibit those districts classified as having severe air pollution, and the bay district and the south coast district, which require a school district to submit a trip reduction plan, from enforcing collection of any fee that those districts impose upon the school district upon submission of the plan or for review of the plan. The bill would require, instead, that a district recover that amount from those vehicle registration fees. By imposing new duties on those districts with regard to the use of those fee revenues, the bill would impose a state-mandated local program.

The bill would provide, for purposes of the allocation of fee revenues in the bay district, that the implementation of local ridesharing and employer-based trip reduction ordinances and programs includes district review of employer-based trip reduction plans submitted by a school district.

(2) This bill would incorporate additional changes in Section 44241 of the Health and Safety Code, as proposed by SB 198, to be operative only if this bill and SB 198 are both enacted and become effective on or before January 1, 1994, and this bill is enacted last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1294 (AB 1904) W. Brown. Building standards: potentially hazardous buildings.

Existing law requires local jurisdictions to adopt programs to mitigate potentially hazardous buildings, as specified.

This bill would make technical nonsubstantive changes to that law.

This bill would state that it is to take effect immediately as an urgency statute.

Ch. 1295 (AB 599) Speier. Special education: seriously emotionally disturbed pupils: San Mateo County pilot program.

(1) Existing law authorizes the Superintendent of Public Instruction to conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education to establish programs in public schools for individuals with exceptional needs who currently are placed in nonpublic, nonsectarian schools, as specified. Existing law requires the superintendent to select, for those

NOTE: Superior numbers appear as a separate section at the end of the digests.

purposes, not more than 10 school districts or county offices of education, with not more than 200 pupils participating in the statewide pilot program at any given time.

Under existing law, these provisions are to be repealed as of September 1, 1996.

This bill would change the maximum number of school districts or county offices that may participate to 11, and the number of pupils that may participate to 220. In addition, the bill would require the superintendent to conduct a pilot program in San Mateo County and in Contra Costa County for the 1994, 1995, and 1996 calendar years to establish new public school programs that maintain an effective mainstreaming education program that is appropriate to each pupil's needs, as specified, to avoid placing certain special education pupils in a nonpublic school setting. The bill would require the superintendent to evaluate the pilot programs pursuant to specified criteria. The bill would make conforming changes, and would extend the repeal date to January 1, 1998.

(2) This bill would incorporate additional changes in Section 56728.7 of the Education Code, proposed by AB 369, to be operative only if AB 369 and this bill are both chaptered and this bill becomes effective on January 1, 1994, and AB 369 becomes effective on or before January 1, 1994, and this bill is chaptered last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1296 (AB 369) O'Connell. Education.

(1) Existing law authorizes the county committee on school district organization in any school or community college district, except in districts governed by a board of education provided for in the charter of a city, or city and county, to initiate proposals to establish or abolish trustee areas, to rearrange boundaries of those areas, to increase or decrease the number of members of the governing board, and to adopt alternative methods of electing governing board members, as specified. Existing law requires the county committee on school district organization to call and conduct at least one hearing on the proposal and to approve or disapprove the proposal. Approved proposals to establish trustee areas or to increase or decrease the number of members of the governing board are presented to the electors of the district. Existing law requires a proposal to establish trustee areas, to increase or decrease the number of members of the governing board, or to adopt alternative methods of electing governing board members to be presented to the electors of the district if the proposal petition is signed by at least 10% of the voters in a school district.

This bill would authorize the county committee on school district organization to call and conduct at least one public hearing on any of those proposals before the proposal is presented to the electors if the proposal petition is signed by at least 10% of the voters in a school district.

(1.5) Existing law requires the Superintendent of Public Instruction to adopt rules and regulations regarding child care and development programs.

This bill would specify that, with regard to specified child care and development programs, if these regulations conflict with federal regulations, the federal regulations shall apply, unless a waiver of the federal regulations is authorized.

(2) Existing law specifies the order of priority for families who seek to receive state or federally subsidized child development services.

This bill would provide that a family that no longer meets the income, eligibility, or need criteria of a particular program may continue to receive child development services if the contractor transfers the family's enrollment to another program for which the family is eligible, as specified.

(3) Existing law authorizes the governing board of any community college district to establish and maintain a child development center on each community college campus and establishes certain priorities for attendance at the child development centers.

This bill would make a technical change to those provisions relating to priorities for attendance at the child development centers.

(4) Existing law requires the State Department of Education to adopt rules and

NOTE: Superior numbers appear as a separate section at the end of the digests.

regulations necessary for the administration of the At Risk Child Care Program.

This bill would provide that until these rules and regulations are adopted, child care and development contractors that receive funding through this program shall adhere to other specified regulations.

(5) Existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976, makes various provisions for the funding of the construction of school facilities, and sets forth priorities for the approval of project funding for new construction.

This bill would make a technical change to a provision setting forth priorities for the approval of project funding.

(6) Existing law authorizes the governing board to initiate and carry on any program or activity that is not in conflict with or inconsistent with, or preempted by, any law, and that is not in conflict with the purposes for which school districts are established. Existing law also provides for the reorganization of school districts and requires that certain procedures be followed in any reorganization.

This bill would expressly authorize the governing board of a high school district to enter into a contract with the governing board of any of its feeder elementary school districts to provide instruction at the schools of the high school district to all or a portion of the pupils enrolled in the 6th grade in the contracting elementary school district. The bill would require that for the purposes of computing allowances and apportionments the contracting elementary school continue to report average daily attendance for those 6th grade pupils. The bill would require that elementary school district to transfer any funds allocated to the elementary school district based upon the average daily attendance reported for those 6th grade pupils to the contracting high school district.

(7) Existing law authorizes certain school districts, including the Pacific Unified School District, to operate schools on a 4-day school week through the 1992–93 school year.

This bill would repeal that authorization and reauthorize the Pacific Unified School District and authorize the Leggett Valley Unified School District to operate schools on a 4-day school week, as specified.

This bill would make a legislative finding and declaration of unique circumstances in this regard.

(8) Existing law requires the State Department of Education to submit to the Legislature an evaluation of an experimental program for the operation of schools on a 4-day school week, as specified, within 6 months after the termination of the program.

This bill would delete this requirement.

(9) Existing law requires a school district to secure the services of an actuary enrolled under subtitle C of Title III of the federal Employee Retirement Income Security Act of 1974 to provide actuarial evaluations of the future annual costs of specified health and welfare benefits prior to funding those benefits.

This bill would require these evaluations to be provided instead by an actuary who is a member of the American Academy of Actuaries.

(10) Existing law requires each county superintendent of schools to provide for an audit of all funds under his or her jurisdiction and control and requires school districts to make the necessary information available to the county superintendent of schools, as specified. Existing law requires the State Department of Education to report to the Joint Legislative Audit Committee (a) on the number and nature of audit exceptions and estimated amount of funds involved in the exceptions, (b) a list of school districts and county superintendent of schools that failed to file their audits, and (c) the actions taken by the department to eliminate audit exceptions.

This bill would instead only require the department to report on the actions taken by the department to eliminate audit exceptions.

(11) Existing law requires the Superintendent of Public Instruction to develop specified guidelines for individualized education program teams to use during their annual reviews that specify when special education transportation services are required. Existing law specifically exempts these guidelines from the requirements of the Administrative Procedure Act.

This bill would require the superintendent to disseminate the guidelines. The bill

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

would require the guidelines to be exemplary in nature and nonprescriptive. The bill would require the guidelines to be developed in accordance with a section of the Education Code instead of exempting them from the Administrative Procedure Act.

(12) Existing law requires the county superintendent of schools to increase or decrease, as appropriate, the total revenue limit computed for school districts or county offices of education, as specified, by the amount of the increased or decreased employer contributions to the Public Employees' Retirement System, and sets forth a method for calculating that increase or decrease.

This bill would repeal those provisions. The bill would instead set forth a revised formula for making the calculation for the increase or decrease to the total revenue limit that would only apply to the 1993–94 fiscal year.

(13) Existing law authorizes school districts and community college districts to adopt a merit system of employment for classified employees and requires the governing board of the school district or community college district to appoint members to the personnel commission established to administer that merit system. Existing law provides that a governing board of a school district may, as specified, increase the membership of the personnel commission from 3 to 5 members.

This bill would authorize a governing board also to decrease the membership of the personnel commission from 5 to 3 members.

(13.5) Existing law defines the total days of attendance of a pupil at schools and classes maintained by a school district or county superintendent of schools as the days that school was actually taught for not less than the minimum schooldays during the fiscal year less the sum of his or her absences. Absence due to illness, quarantine, certain health-related appointments, the funeral of an immediate family member, and jury duty are excused and are excluded from the sum of absences subtracted from a pupil's attendance.

This bill would require, for the purpose of reporting pupil attendance for any purpose to an agency of the federal government, that those excused absences be subtracted from a pupil's total days of attendance during the fiscal year.

(14) Existing law provides that the kindergarten schoolday in an early primary program may exceed 4 hours, exclusive of recesses, provided specified conditions are met.

This bill would make a conforming change in a related provision of law.

(15) Under existing law, a pupil is deemed to have complied with the residency requirements for school attendance in a school district under specified circumstances, including that the pupil's parent or legal guardian has established the residence of the pupil in a home properly licensed as required by law. Existing law requires the person maintaining the home to provide evidence that a current license is in effect or that a license is not required by law.

This bill would permit the person maintaining the home, as an alternative to that evidence, to provide evidence that he or she is among a class of relatives of the pupil that is exempted in law or regulations from the requirement of licensure with regard to that pupil.

(16) Existing law exempts certain persons from compulsory attendance in continuing education classes, including, among other persons, those persons who have had an equal amount of education in a private school.

This bill would make a technical change to that provision.

(17) Existing law establishes a 12-member Child Nutrition Advisory Council that includes a senior class high school pupil as a member. It specifies the terms of the initial appointments and specifies that subsequent appointments are for 2-year terms.

This bill would permit the State Board of Education to appoint a pupil in grades 9, 10, 11, or 12, inclusive, as the pupil representative. The bill would specify that the term of all members is 3 years, except the pupil representative who would serve a one-year term.

(18) Existing law authorizes school districts and county offices of education to offer independent study and requires a school district or county office of education to adopt specified written policies that include specified information to be eligible for apportionments for independent study.

This bill would provide that apportionment credit may be claimed only to the extent

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of the time value of pupil work products, as specified.

(19) Existing law authorizes a school district to pay wages to persons receiving training through work experience or work study education and specifies that no payments may be to or for private employers.

This bill would delete the specification that no payment be to or for private employers.

(20) Under existing law, school districts and schools that participate in school-based program coordination are required to develop a school plan that includes the proposed expenditures of specified funds. Existing law requires a school district or school that chooses to include special education program funds in its school plan to comply with specified requirements relating to special education programs, except that resource specialist program services and designated instruction and services may be provided to pupils who do not have exceptional needs, as specified.

This bill would include within the exception team teaching for special day class services for learning disabled pupils.

(21) Existing law states the intent of the Legislature that special education programs may provide early educational opportunities to children younger than 3 years of age, as specified, and to their parents and that specified protections be afforded to any child younger than 4 years and 9 months who is potentially eligible for special education. Existing law which is currently inoperative states the intent of the Legislature that these protections be afforded to any child younger than 5 years who is potentially eligible for special education.

This bill would state the intent of the Legislature that special education programs be required to provide these opportunities to children younger than 3 years of age, as specified, and to their parents, and would lower the age of the children who are potentially eligible for special education and who would be afforded these protections to 3 years.

(22) Existing law requires that contracts or individual service agreements for nonpublic, nonsectarian schools or agencies that provide special education services meet specified requirements. The contracts or individual service agreements are not required to include special education transportation through use of equipment owned or leased by a school district, special education local plan area, or county office for pupils enrolled in nonpublic, nonsectarian schools or agencies, unless a waiver containing certain information is obtained.

This bill would eliminate the provisions relating to the waiver.

(23) Existing law requires that certain requirements be followed when identifying individuals with exceptional needs between the ages of 3 and 5 years.

This bill would repeal that provision and would set forth revised criteria for identifying individuals with exceptional needs between the ages of three and five years.

(24) Existing law relating to special education defines individuals with exceptional needs as handicapped children as specified in certain federal statutes.

This bill would revise this definition to instead refer to children with disabilities as defined in the federal Individuals with Disabilities Education Act and would make conforming changes.

(25) Existing law requires that each individual with exceptional needs receive special educational instruction and related services as described in the individual's individualized education program.

This bill would define the phrase "individualized education program" as "individualized family service plan," as specified, when an individualized education program pertains to individuals with exceptional needs younger than 3 years of age. This bill would also make conforming changes.

(26) Existing law defines a "licensed children's institution" for purposes of providing appropriate programs to individuals with exceptional needs residing in licensed children's institutions.

This bill would exclude from this definition a juvenile court school, juvenile hall, juvenile home, day center, juvenile ranch, or juvenile camp administered pursuant to specified law, a county community school program, special education programs for individuals with exceptional needs who have been adjudicated by the juvenile court for

NOTE: Superior numbers appear as a separate section at the end of the digests.

placement in a juvenile hall, juvenile home, day center, juvenile ranch, or juvenile camp or for individuals with exceptional needs placed in a county community school, or any other state agency.

(27) Existing law requires a local plan for the education of individuals with exceptional needs prepared by a school district, county office of education, or special education local plan area to contain specified information.

This bill would require a local plan also to contain a description of the process to meet the requirements of the California Early Intervention Services Act, thereby imposing a state-mandated local program.

(28) Existing law requires each school district, special education local plan area, or county office of education to provide for the identification and assessment of an individual's exceptional needs and the planning of an instructional program to meet the assessed needs. Existing law also requires each school district, special education local plan area, or county office of education to maintain procedures for conducting, as specified, reviews of all individualized education programs. Existing law provides for the reassessment of a pupil's educational needs, as specified.

This bill would require the identification, assessment, evaluation, instructional planning, review, and reassessment procedures for individuals with exceptional needs who are younger than 3 years of age to be provided pursuant to specified state and federal law.

(29) Existing law requires specified early education programs to include specified home-based and group services.

This bill would require those programs to be provided in accordance with specified state and federal law.

(30) Existing law requires special education facilities serving children in special education programs for individuals with exceptional needs between the ages of 3 and 5 years, inclusive, to meet specified building standards and exempts them from complying with specified sections of the Health and Safety Code.

This bill would apply these provisions to facilities operated by local educational agencies and also to facilities that serve children in early education programs for individuals with exceptional needs younger than 3 years of age.

(31) Existing law requires specified state agencies to develop written interagency agreements that include fiscal responsibilities for the provision of special education and related services to individuals with exceptional needs.

This bill would permit these agencies to adopt joint regulations as an alternative to developing written interagency agreements.

(32) Existing law provides for procedural safeguards, including due process hearings, for the resolution of complaints regarding alleged violations of the Individuals with Disabilities Education Act and requires the public education agency to advise, as prescribed, parents who request due process hearing of the availability of free or low-cost legal services within the geographical area.

This bill would relieve the public education agency of the obligation to advise parents of the availability of these services.

(33) Existing law places various responsibilities on the Superintendent of Public Instruction with respect to special education.

This bill would require the superintendent during the 1993–94 fiscal year to review the current funding formulas for special education and related services provided to individuals with exceptional needs between the ages of birth and 5 years of age, to determine whether funding is distributed on an equitable basis and in a manner that does not provide an incentive to categorize those individuals under any one particular disability label. The superintendent would be required to make recommendations on revisions to the funding formula to the Legislature upon completion of the review.

(33.1) This bill would also make certain technical changes to various provisions of the Education Code.

(33.5) Existing law appropriates $2,984,000 from the General Fund to the Superintendent of Public Instruction in augmentation of a specified item of the Budget Act of 1991 and specifies that the appropriation fully satisfies the minimum funding guarantee

NOTE: Superior numbers appear as a separate section at the end of the digests.

under subdivision (b) of Section 8 of Article XVI of the California Constitution for the 1988–89 fiscal year, and that it is deemed to be an appropriation for that fiscal year, as specified.

This bill would, under certain circumstances, appropriate a portion of that amount to specified items of the Budget Act of 1987 and the Budget Act of 1988, and would thereby constitute an appropriation.

(34) This bill would incorporate additional changes in Section 8263 of the Education Code, proposed by SB 700, to be operative only if SB 700 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last. These changes would become operative on the effective date of SB 700.

(35) This bill would incorporate additional changes in Section 48204 of the Education Code, proposed by SB 592, to be operative only if SB 592 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and SB 592 becomes effective on January 1, 1994, and this bill is chaptered last. These changes would become operative on the effective date of SB 592.

(36) This bill would incorporate additional changes in Section 48980 of the Education Code, proposed by AB 1310, to be operative only if AB 1310 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last. These changes would become operative on the effective date of AB 1310. This bill also incorporates changes in that section, proposed by AB 1114 (Ch. 161, Stats. 93), to become operative on January 1, 1994, the effective date of AB 1114.

(37) This bill would incorporate additional changes in Section 56001 of the Education Code, proposed by AB 1836, to be operative only if AB 1836 and this bill are chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(38) This bill would incorporate additional changes in Section 56365 of the Education Code, proposed by AB 2355, to be operative only if AB 2355 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(39) This bill would incorporate additional changes in Section 56366 of the Education Code, proposed by AB 2355, to be operative only if AB 2355 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(40) This bill would incorporate additional changes in Section 56366.1 of the Education Code, proposed by AB 2355, to be operative only if AB 2355 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(41) This bill would incorporate additional changes in Section 56722 of the Education Code, proposed by AB 1558, to be operative only if AB 1558 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(42) This bill would incorporate additional changes in Section 56728.7 of the Education Code, proposed by AB 599, to be operative only if AB 599 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(43) This bill would incorporate additional changes in Section 56740 of the Education Code, proposed by AB 2355, to be operative only if AB 2355 and this bill are both chaptered and this bill becomes effective on or before January 1, 1994, and this bill is chaptered last.

(44) This bill would incorporate changes in Section 88066 of the Education Code, proposed by AB 1271 (Ch. 112, Stats. 93) to become operative on January 1, 1994, the effective date of AB 1271.

(45) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

(46) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1297 (SB 53) Russell. PERS: administration.

The Public Employees' Retirement Law defines the terms "compensation" and "compensation earnable" for purposes of determining required contributions and benefits.

This bill would recast and redefine the terms "compensation" and "compensation earnable" and various other terms and would define various other related terms. This bill would revise compensation reporting requirements.

This bill would require, when a member concurrently renders service in two or more permanent full-time positions, reporting to the system of the positions with the highest payrate or base pay.

This bill would provide that the final compensation for purposes of determining benefits accruing to future elected or appointed officers from future service in the office, shall be based on the highest average annual compensation earnable by the member during the period of state service for the employer in each elective or appointed office. This bill would provide that where that elective or appointed service is a consideration in the computation of any benefit, the member may have more than one final compensation.

This bill would increase the period of limitation on action by the board from 3 years to 10 years in the case of benefit payments made as a result of fraudulent reports for compensation.

This bill would require any employer that fails to enroll an eligible employee into membership to pay all arrears costs for member contributions and related administrative costs of $500.

This bill would specify that assistant city attorneys are not excluded from membership in the system.

This bill would prospectively exclude from membership, elected or appointed officers of specified local public agencies who serve on public commissions, boards, councils, or similar administrative bodies, would prospectively remove city attorneys and assistant city attorneys from the definition of "elective officer," and would make related changes.

This bill would require certain employers that elect to pay all or a portion of the members' contributions to extend that benefit to all members in a group or class of employment. This bill would also authorize those electing employers, under specified conditions, to elect to stop paying those members' contributions during the applicable final compensation period for the member and provide, instead, a related increase in the members' payrate and require the employers to make related increased employer contributions.

This bill would require that the certification by employers of accumulated unused sick leave only report those days of unused sick leave that were accrued by the member during the normal course of his or her employment but shall not report any additional days of sick leave reported for the purpose of increasing the member's retirement benefit. Those reports would be subject to audit and retirement benefits could be adjusted when improper reporting is found.

This bill would also repeal the authorization of contracting agencies to employ retired members in limited duration positions requiring specialized skills, to fill a temporary vacancy, but would permit the employment of retired members in a position vacant because of a leave of absence, or of limited duration and requiring specified skills, or in an emergency.

This bill would make other related and technical changes.

This bill would become operative on July 1, 1994.

Ch. 1298 (AB 1618) V. Brown. California Maritime Academy.

(1) Existing law establishes within the State Department of Education a state nautical school known as the California Maritime Academy to provide instruction on the nautical

NOTE: Superior numbers appear as a separate section at the end of the digests.

sciences, marine engineering, and related fields. Under existing law, the academy is administered by a board of governors.

This bill would repeal the provisions governing the California Maritime Academy and would establish the academy as a specialized institution that is part of the California State University, operative July 1, 1995.

The bill would express the intent of the Legislature that the California Maritime Academy become a campus of the California State University system and would state that the inclusion of the California Maritime Academy within the California State University system is vital to the academy's long-term financial security and stability.

The bill would require that the academy be administered and governed by the Trustees of the California State University. The bill would require the trustees to establish a Board of Visitors to the California Maritime Academy.

The bill would require the trustees to determine eligibility for admission and continued enrollment at the academy and to establish appropriate miscellaneous fees for the academy for purposes unique to the academy. The bill would authorize the trustees to provide for the payment of tuition and fees charged students by installments payable at intervals determined by the trustees.

The bill would encourage the trustees to develop programs designed to increase the sharing and lending of facilities among the academy and the other campuses of the California State University and to allow the exchange of students and instructors, as specified.

The bill would authorize the chief fiscal officer of the academy to deposit into and maintain in certain trust accounts specified funds received in connection with the academy.

The bill would authorize the trustees to withdraw, out of any appropriation made for the support of the California State University, a sum or sums necessary to be used by the academy to provide for the payment of expenses of any training cruise.

The bill would require the trustees to take all necessary steps to acquire the maximum amount of federal funds from all available sources for the academy.

(2) Under existing law, the teaching staff of schools under the jurisdiction of the State Department of Education are subject to the Ralph C. Dills Act, which requires the state employer to meet and confer with the employee organization selected as the exclusive representative of an appropriate unit on all matters within the scope of representation.

This bill would include employees of the academy within the Higher Education Employer-Employee Relations Act. The bill would require that meeting and conferring begin at least 60 days prior to the expiration of memoranda of understanding, or May 1, if earlier, of any year in which a memorandum will expire, or May 1, if there is no existing memorandum of understanding.

The bill would authorize the trustees to suspend or modify any provision of a memorandum of understanding that jeopardizes federal funding, as specified. The bill would require that any memorandum of understanding that is in effect at the time the employer-employee relations of the academy is transferred from the Ralph C. Dills Act to the Higher Education Employer-Employee Relations Act remain in effect until the end of the term of the memorandum of understanding, upon extension of the existing contracts, or until superseded by a new memorandum of understanding. The bill also would specify that, if agreement is reached to extend existing applicable memoranda of understanding, any decisions, agreements, or settlements made by the California State University in the administration of the memoranda of understanding relative to employees of the California Maritime Academy shall not be binding upon, or considered as precedent required to be followed by, the Department of Personnel Administration.

The bill would require that any employee of the academy who does not transfer with the academy to the California State University system be eligible for all job placement provisions available pursuant to specified provisions of existing law. The bill also would provide that any employee who does not transfer with the academy to the California State University system prior to July 1, 1995, is subject to state civil service layoff and reemployment provisions and provisions of applicable memoranda of understanding. The bill would require any employee who does not intend to transfer with the academy

NOTE: Superior numbers appear as a separate section at the end of the digests.

to the California State University system prior to July 1, 1995, to file a statement, on or before December 30, 1994, in the form as the Director of the Department of Personnel Administration shall prescribe, rejecting employment with California State University. The bill would authorize employees of the academy to petition the Public Employment Relations Board, after January 1, 1994, to effect a bargaining unit modification, as specified. The bill would provide for an alternative procedure if no modification is effected.

Ch. 1299 (SB 149) Boatwright. Penalties: Vehicle Code: amnesty program.

Existing law authorizes any county to operate an amnesty program for delinquent fines and bail imposed for infraction or misdemeanor violations of the Vehicle Code, except parking and other specified violations, for which a fine or bail was delinquent on or before April 1, 1991.

This bill would allow any person in a participating county who owes a fine or bail which has been delinquent for 6 months or more, as of the first date of the amnesty program, to pay a scheduled amount to the municipal or justice court. The bill would make the program available in any county which has not operated an amnesty program since May 1, 1992. These provisions would remain in effect only until January 1, 1997, and as of that date would be repealed, unless a later enacted statute, which was enacted before January 1, 1997, deletes or extends that date.

Ch. 1300 (SB 408) Craven. Public officers and employees: payroll deductions.

Existing law requires the Controller to administer state employee payroll deductions.

The bill would authorize the Controller to purchase annuity contracts for permanent employees of specified state departments and make related changes.

Ch. 1301 (SB 445) Craven. Public improvements: assessments for natural habitats.

Under existing law, assessment districts may be formed for various purposes.

This bill would authorize the formation of habitat maintenance assessment districts by a county or city, to provide for the financing of long-term maintenance of natural habitat over a period of not more than 30 years pursuant to a specified plan approved by the owner of the land to be improved and by the Department of Fish and Game.

The bill would also include, among those authorized improvements, the acquisition, construction, or rehabilitation of facilities needed to create, restore, enhance, or maintain natural habitat, and would provide for related matters. The bill would provide that, with respect to an assessment to finance the improvement or maintenance of natural habitat, any lot or parcel is presumed to benefit from the natural habitat if either the past or proposed development or use of that parcel has adversely affected the habitat area or the flora and fauna which the habitat is intended to protect, or will do so, or the lot or parcel otherwise benefits from the maintenance or improvement of the habitat area or the flora or fauna that the natural habitat is intended to protect, or both. The extent to which a parcel benefits from the natural habitat is required to be based on the degree to which the past or proposed use of the parcel has adversely affected the habitat area or the flora or fauna which the natural habitat is intended to protect, or will do so.

Ch. 1302 (SB 535) Marks. Elections.

Existing law prohibits a school district from permitting access to pupil records to any person without written parental consent or under judicial order, except as specified.

This bill would permit a school district to release information from pupil records to the county elections official for the purpose of identifying students eligible to register to vote, and for conducting programs to offer students an opportunity to register to vote. It would prohibit the information from being used for any other purpose or given or transferred to any other person or agency.

Existing law includes various provisions regarding the printing, distribution, and maintenance of affidavits of registration and voter registration cards, as defined.

This bill would require that only the affidavits provided by the Secretary of State to county elections officials be used to register voters. It would prohibit the alteration, defacement, or change of a voter registration card, and the marking, stamping or com-

NOTE: Superior numbers appear as a separate section at the end of the digests.

pletion of the affidavit portion of the registration card, except as specified.

Existing law requires each county elections official, in accordance with a specified schedule, to send to the Secretary of State a summary statement of the number of voters in the county, as specified. Each county elections official who uses data processing equipment to store the information set forth in the affidavit of registration is required to send one copy of the magnetic tape file with the required information.

This bill would impose a state-mandated local program by requiring each county that uses data processing equipment to store the information set forth in the affidavit of registration to send the Secretary of State one copy of the magnetic tape file with information requested by the Secretary of State. It would authorize the Secretary of State to adopt regulations specifying the context and format of that information.

Existing law requires the county clerk to preserve all uncanceled affidavits of registration.

This bill would authorize the county elections official, in lieu of maintaining the uncanceled affidavits of registration, to microfilm, record on optical disk, or record on another electronic medium that does not permit changes to the electronic document, as specified, the affidavits of registration, following the first general election after the date of registration. It would permit uncanceled affidavits of registration transferred in this manner to be disposed of by the county elections official. It would require that any medium utilized by the county elections official for the transfer of the affidavits meet specified minimum standards and guidelines. It would provide that a duplicate copy of an affidavit of registration shall be deemed an original.

Existing law requires that each absent voter ballot that is delivered to a voter be accompanied by a ballot pamphlet of the kind the voter would have otherwise received and, if the voter receives a ballot pamphlet under these provisions, sending an additional copy of the pamphlet is not necessary.

This bill would instead provide that each absent voter ballot that is delivered to a voter shall be accompanied by a ballot pamphlet, unless the voter has already been provided a ballot pamphlet.

Existing law requires the Governor, in the case of a vacancy in a congressional or legislative office, to issue a proclamation, within 14 calendar days of the vacancy, calling a special election. It requires that the proclamation be sent to the board of supervisors of the affected counties and that a notice of the election be published, as specified. It requires the local agency governing body to issue a proclamation calling the election and to publish that proclamation, as specified.

This bill would repeal the requirements that a notice of the election called by the Governor be published, and that the local governing body publish a notice of its proclamation.

Existing law requires the local publication of various election-related notices, including notice of a statewide election, an election on a county initiative measure, qualification of a presidential candidate for the presidential primary ballot, offices to be voted on at the direct primary election, and a certified list of candidates to be voted on at the direct primary.

This bill would repeal these and related provisions.

Existing law requires that the state convention of the American Independent Party meet biennially, at 10 a.m., at Sacramento, on the last Saturday in August next following the direct primary election, and requires that the party's State Central Committee convene on the following Sunday.

This bill would repeal these requirements, and would authorize the committee to designate the location for the state convention, to take place on a Saturday following the direct primary election, no later than August 15. It would require the committee to convene at the same location, on the following Sunday, and to notify the Secretary of State of the dates and location of the convention and meeting, as specified.

Existing law requires the county clerk to compute the number of members of the State Central Committee of the American Independent Party allotted to each assembly or supervisorial district, as specified.

This bill would repeal these requirements, and would instead require the Secretary

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of State to compute the number of members of central committees to be elected in each county and to mail a certificate to that effect to specified individuals.

Existing law requires the local elections official to mail sample ballots to the voters of the jurisdiction not more than 40 nor less than 10 days before the election.

This bill would require the sample ballots to be sent not more than 40 nor less than 21 days before the election.

Existing law requires that the names of candidates for each office appearing on the ballot be printed in accordance with the results of a randomized alphabet drawing, as specified, and that the names of the candidates be rotated among districts in which the candidates are to be voted on, as specified. Existing law also requires the county clerk to conduct a drawing, as specified, to produce a randomized ballot, as defined, for the offices of State Senator and Member of the Assembly.

This bill would impose a state-mandated local program by requiring that if the office is that of Justice of the California Supreme Court or of a court of appeal, the candidates' names be arranged in accordance with the randomized alphabet drawing, but the names of the candidates shall not be rotated among the applicable districts. The bill would also make technical, nonsubstantive changes to existing law.

Existing law specifies the content and form of ballots used at elections. It requires that ballots have different tint or color for each of the political parties participating in a primary election, and requires the nonpartisan ballot to have a different color from all the others, or a white color if all the other ballots are colored. Existing law also specifies that, in the case of candidates for Justice of the Supreme Court and courts of appeal, there shall be a specified ballot heading for each candidate, and beneath the heading, a printed question whether the candidate named shall be elected to the office for the term "prescribed by law."

This bill would repeal the provision relating to the tint or color of the ballot, and would instead require that the ballots of each political party be designed so that each ballot may be easily and clearly distinguished and not confused as a ballot of any other political party. It would change the question relating to the term of office for candidates for Justice of the Supreme Court or courts of appeal to include a reference to the expiration of the term.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1303 (SB 648) Leslie. Vehicles: special interest license plates.

(1) Existing law requires the Department of Motor Vehicles to issue special interest license plates containing a distinctive design or decal of a participating organization, to any person, to be displayed in lieu of regular license plates. Existing law also requires each organization that applies to the department for participation in the program to collect and hold applications for the plates until it has received at least 5,000 applications, and to submit the applications along with the necessary fees, to the department within one calendar year following enactment of the specific enabling legislation. Existing law requires an organization to return to all applicants any fees or deposits that have been collected if 5,000 applications have not been received within one calendar year.

This bill would, as an alternative to returning the applicant's application and fees or deposits following the one-calendar year period, allow the organization to contact the department to indicate its intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 5,000 applications.

(2) Existing law provides for the issuance of special interest license plates under the Gene Chappie Heritage Network Act of 1992 (effective January 1, 1993) with the Department of Parks and Recreation as the designated participating organization. Existing law provides that a participating organization shall have one calendar year to receive the required 5,000 applications following enactment of the specific legislation enabling the organization to participate in the special interest license plate program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would instead provide that, if, after one calendar year following the receipt of the 1st application for the special interest license plate under the Gene Chappie Heritage Network Act of 1992, 5,000 applications have not be received, the Department of Parks and Recreation shall refund to all applicants any fees or deposits that have been collected.

(3) Existing law authorizes the Department of Motor Vehicles to issue environmental license plates, among other special license plates, to applicants for specified additional fees.

The bill would require the department, in consultation with the California Tahoe Conservancy, to design and make available for issuance special environmental design license plates with a full-plate graphic design, as specified. The bill would require an applicant for these plates to pay, in addition to regular registration or renewal fees, specified additional fees for the issuance, renewal, transfer, or substitute replacement, as the case may be, of these special environmental design license plates. These fees, less the administrative costs of the department under these provisions would be deposited in the Lake Tahoe Conservancy Account, which the bill would create in the California Environmental License Plate Fund, for allocation, upon appropriation by the Legislature, to the conservancy for preservation and restoration projects in the Lake Tahoe area and for establishing and improving trails, pathways, and public access for nonmotorized traffic in that area.

The bill would authorize, for additional fees, the issuance of the special license plates as environmental license plates with the full-plate graphic design. These additional fees would be deposited in the Environmental License Plate Fund.

(4) This bill would require the Department of Motor Vehicles to undertake a study to determine whether the issuance of the special license plates resulted in a decreased demand for the issuance of environmental license plates, as defined. The bill would require the department to report the results of that study to the Legislature on or before January 1, 1996.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1304 (AB 941) Nolan. Vehicles: special license plates.

Under existing law, the Department of Motor Vehicles issues, for additional fees, environmental and other special license plates.

This bill would authorize special license plates to be issued to firefighters who meet prescribed requirements, subject to certain fees and conditions as specified. The bill would require that the fees collected prior to January 1, 1996, be deposited, after deducting the costs incurred by the department, in the California Firefighters' Memorial Fund, as specified, and that the fees collected on and after that date be deposited, after deducting the costs incurred by the department, in the California Fire and Arson Training Fund, as specified.

For environmental license plates, with the special firefighter personal vehicle license plates and distinctive design or decal, additional fees would be imposed, which would be deposited in the California Environmental License Plate Fund.

Ch. 1305 (AB 239) Goldsmith. License plates: special firefighter personal vehicle license plates.

Under existing law, the Department of Motor Vehicles, for additional fees, issues special license plates.

This bill would additionally require the department to issue special firefighter personal vehicle license plates. The bill would impose additional fees, as specified, for their issuance, renewal, replacement, and transfer. For environmental license plates, with the special firefighter personal vehicle license plates and distinctive design or decal, additional fees would be imposed, which would be deposited in the California Environmental License Plate Fund.

The bill would require the money derived from the license plate fees described above, except the money derived from the environmental license plate fees, to be deposited, after deducting the costs incurred by the department, in the California Fire and Arson Training Fund, as specified. The money deposited in the fund pursuant to this provision

NOTE: Superior numbers appear as a separate section at the end of the digests.

would be available, upon appropriation by the Legislature, to the Controller for allocation to the State Fire Marshal for the purposes of providing training and education for employees of state and local fire suppression agencies, as developed by regulations of the State Fire Marshal. The bill would also require the Auditor General, or the successor to the Auditor General, to audit the funds, as specified, and would require the Department of Motor Vehicles to undertake a specified study and, upon the request of one or more members of the Legislature, to report to the Legislature, as specified.

Ch. 1306 (AB 1315) Sher. Environmental technologies.

Existing law prescribes the powers and duties of the California Environmental Protection Agency, and the powers and duties of the Trade and Commerce Agency.

This bill would require the California Environmental Protection Agency, on or before March 1, 1994, to establish an environmental technologies clearinghouse and would require the agency to report annually to the Legislature on the status of the California Environmental Technology Program through the Environmental Report of the Governor, as specified. The bill would require the Trade and Commerce Agency, on or before March 1, 1994, to disseminate environmental technology information at each trade office of the state.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1307 (AB 1335) Gotch. Local agency reorganization.

Existing law, the Cortese-Knox Local Government Reorganization Act of 1985, establishes in each county a local agency formation commission with specified powers and duties with respect to the review and adoption of local agency changes of organizations and reorganizations, as defined.

Existing law prohibits a county board of supervisors from initiating proceedings to extend services through county service areas without commission approval if the commission, in approving establishment of the county service area, conditioned its approval, as specified.

This bill would, with specified exceptions, prohibit a city or district from providing new or extended services outside its jurisdiction without prior written approval of the commission. This bill would permit the commission to authorize a city or district to provide new or extended services outside its jurisdiction but within its sphere of influence in anticipation of a later change of organization.

Existing law defines sphere of influence for purposes of local agency change of organization and reorganization as a plan of the commission for the probable ultimate physical boundaries and service area of a local agency

This bill would delete the word "ultimate" from that definition.

Existing law establishes the powers and duties of the commission.

This bill would permit the commission, effective July 1, 1994, to initiate proposals for consolidation of districts, or dissolution, merger or establishment of subsidiary districts, as specified.

Existing law requires the appointment of one public member, or more in specified circumstances, to the commission and permits the appointment of an alternate public member.

This bill would specify that no person appointed as a public member or alternate public member shall be an officer or employee of the county or any city or district with territory in the county, except that present members may complete their terms.

Existing law requires the commission, when a majority of independent special districts within a county has adopted a resolution proposing representation of special districts on the commission, to vote to approve or disapprove special district representation. If the commission approves the proposal, it is required to adopt a resolution of intention referring the proposal to a special district advisory committee for a hearing and other proceedings. Existing law prohibits the commission from approving a proposal for incorporation until it has considered any other change of organization which conflicts with the incorporation proposal and which was submitted to the commission within 30 days of the submission of the incorporation proposal.

This bill would also prohibit the commission from approving a proposal for consolida-

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

tion of districts, dissolution, merger, or establishment of a subsidiary district, or a reorganization that includes any of these changes of organization until it has considered any other change of organization which conflicts with any of these proposals that was submitted to the commission within 60 days of the submission of the incorporation proposal.

This bill would require the commission to adopt the resolution of intention without a vote when the resolution of a majority of independent special districts is received.

Under existing law, with respect to specified changes of organization or reorganization, the commission may dispense with various procedures when certain conditions are present.

This bill would permit the commission to waive conducting authority proceedings entirely if the subject area is uninhabited, all the owners of land within the affected territory have given written consent to the change of organization or reorganization, and all affected agencies that will gain territory have consented to the waiver.

Under existing law, the commission shall authorize the board of supervisors to order the consolidation or reorganization of districts when the legislative bodies of 2 or more local agencies adopt substantially similar resolutions of applications making proposals for the consolidation or reorganization.

This bill would require the commission to authorize the conducting authority to order the consolidation of districts, dissolution, merger, or establishment of a subsidiary district, or a reorganization, including any of those changes of organization without an election, as specified.

Existing law requires the commission to adopt a resolution making determinations approving or disapproving a proposal, the plan of reorganization, or any alternative plan of reorganization not later than 35 days after the conclusion of the hearing. Existing law also imposes specified requirements on the resolution making determinations adopted by the commission.

This bill would require the commission to make certain determinations for specified proposals it initiates.

Existing law provides that the commission shall review and approve or disapprove proposals for changes of organization or reorganization.

This bill would require the conducting authority, with respect to any proposal initiated by the commission, to hold a public hearing in the affected territory and to order the change of organization or reorganization subject to confirmation by the voters if the conducting authority makes specified findings.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

DIGESTS OF RESOLUTIONS AND PROPOSED CONSTITUTIONAL AMENDMENTS ADOPTED IN 1993

1993–94 REGULAR SESSION

RESOLUTION CHAPTERS

Res. Ch. 1 (ACR 1) Burton. Legislative Counsel of California.
This measure designates Bion M. Gregory as the Legislative Counsel of California.

Res. Ch. 2 (SJR 2) Thompson. United States Base Closure Commission.
This measure would memorialize the President to appoint, on or before January 25, 1993, new members to the Base Closure Commission who represent California and ensure that California is adequately represented on the Base Closure Commission.

Res. Ch. 3 (ACR 2) Lee. Commission on African-American Males.
This measure would establish the 21-member Commission on African-American Males, to be appointed and composed of Members of the Assembly and Senate and professionals in specified fields.
The measure would set forth the duties of the commission, including a requirement that the commission report its findings and policy recommendations to the Legislature on January 31, 1994, and annually thereafter.
The measure would provide for the termination of the commission on January 31, 1995.

Res. Ch. 4 (ACR 18) Lee. Black History Month.
This measure would proclaim the month of February 1993 as Black History Month.

Res. Ch. 5 (AJR 13) Bowen. Los Angeles Air Force Base: closure.
This measure would memorialize the President and Congress of the United States to keep Los Angeles Air Force Base off the list of planned base closures for 1993 and 1995.

Res. Ch. 6 (AJR 15) Weggeland. March Air Force Base.
This measure would declare the month of March 1993 to be "March Air Force Base Month" and would appeal to the President of the United States and the Defense Base Closure and Realignment Commission to retain March Air Force Base as a fully operational active duty military base.

Res. Ch. 7 (AJR 23) McDonald. California military bases: closure.
This measure would urgently request the President of the United States to review and revise the Department of Defense list of proposed military base closures to ensure that recommendations concerning California are in agreement with the administration's stated goal of reviving the state's economy. The measure would urge the President to reconsider base closures in states that have an unemployment rate of 9% or higher and would request the President to delay official release of the proposed base closure list for 30 days beyond March 15, 1993.

Res. Ch. 8 (AJR 2) Conroy. Operation Restore Hope.
This measure would recognize and honor former President George Bush, the men and women of our Armed Forces, the allies of the United States, and each participating Californian for their humanitarian mission, known as Operation Restore Hope, in Somalia.

Res. Ch. 9 (SCR 5) Kelley. Ramona Pageant.
This measure would designate the Ramona Pageant as the California State Outdoor Play.

Res. Ch. 10 (SJR 9) Marks. California military bases.
This measure would memorialize the President of the United States and the United States Secretary of Defense to postpone closure of any additional California military bases until the full impact of the economic upheaval can be assessed.

Res. Ch. 11 (AJR 8) Ferguson. Aliens: federal funding.
Under existing law, aliens are eligible for various health, social, educational, and other programs.
This measure would memorialize the President and Congress of the United States to

assume responsibility for $1.5 billion of the cost impact of its immigration and refugee policy on California's taxpayers and treasury.

Res. Ch. 12 (ACR 32) Goldsmith. Mediation Week.
This resolution designates the week of March 21 through 27, 1993, as Mediation Week.

Res. Ch. 13 (ACR 13) Murray. Adult Education Week.
Existing law provides for the establishment of various adult education programs in the public schools.
This measure would proclaim the week of March 21 through 27, 1993, as Adult Education Week.

Res. Ch. 14 (SCR 3) Hart. Mathematics and Science Education Month.
This measure would proclaim each April, until and including April of the year 2000, as Mathematics and Science Education Month.

Res. Ch. 15 (ACR 26) Brulte. California Missing Children's Week.
This measure would declare the Legislature's support of policies on behalf of missing children, would condemn crimes against children, and would establish the week of April 11, 1993, through April 17, 1993, as California Missing Children's Week.

Res. Ch. 16 (SCR 2) Greene. Joint Committee on School Facilities.
This measure would extend the authority for the Joint Committee on School Facilities, with specified duties. The measure would authorize the Senate Committee on Rules to make money available from the Senate Operating Fund as necessary for the expenses of the committee, as specified. The committee would be required to present its budget to the Senate Committee on Rules for review and comment, as specified.
The measure would require the committee to report to the Legislature at the end of each legislative session on its activities and recommendations for improvements in the school facilities system. The measure would authorize the committee to act until January 31, 1995, at which time the committee's existence would terminate.

Res. Ch. 17 (AJR 5) Katz. 1990 Census.
This measure would memorialize the Secretary of Commerce to reverse the decision of the Director of the Census not to adjust the 1990 census, and to direct the Bureau of the Census to adjust the intercensal population estimates consistent with the Post Enumeration Survey data, as specified.

Res. Ch. 18 (ACR 15) Katz. California Holocaust Memorial Week.
This measure would designate the week of April 18 through April 25, 1993, as California Holocaust Memorial Week, and would urge Californians to observe these days of remembrance for the victims of the Holocaust in an appropriate manner.

Res. Ch. 19 (ACR 17) Horcher. Southeast Asia Genocide Remembrance Week.
This measure would proclaim April 25 through May 1, 1993, as Southeast Asia Genocide Remembrance Week.

Res. Ch. 20 (ACR 36) Connolly. Civilian Conservation Corps.
This measure would declare the week of April 18, 1993, to April 24, 1993, inclusive, as Civilian Conservation Corps Week in tribute to those who have served in that organization.

Res. Ch. 21 (ACR 38) Alpert. National Girls Initiative: 1993 Take Our Daughters To Work Day.
This measure would proclaim April 28, 1993, as Take Our Daughters To Work Day.

Res. Ch. 22 (ACR 39) Aguiar. Blue Ribbon Week.
This measure would designate the week of May 2 through May 8, 1993, as Blue Ribbon Week, and would urge all citizens to observe these days of recognition and support for all peace officers and law enforcement agencies by wearing or displaying a blue ribbon.

Res. Ch. 23 (AJR 28) Speier. Republic of Armenia.
This measure would memorialize the President and the Congress of the United States to take steps to cause Azerbaijan to cease its blockade of the Republic of Armenia.

Res. Ch. 24 (ACR 5) Areias. Earthquake preparedness.
This measure would proclaim the month of April of every year as California Earthquake Preparedness Month and would urge all Californians to engage in appropriate earthquake safety-related activities.

Res. Ch. 25 (ACR 43) Areias. Child abuse prevention month.
This measure would proclaim April of 1993 as Child Abuse Prevention Month and would encourage citizens of the state to support child abuse prevention activities in schools and communities.

Res. Ch. 26 (ACR 44) Speier. California Small Business Week.
This measure would request the Governor to proclaim the week of May 9, 1993, through May 15, 1993, as California Small Business Week, in conjunction with national Small Business Week.

Res. Ch. 27 (ACR 11) Margolin. Warsaw Ghetto Uprising.
This measure would commemorate the 50th anniversary of the Warsaw Ghetto Uprising, and acknowledge the suffering and courage of the Warsaw Ghetto population.

Res. Ch. 28 (SJR 3) Petris. Universal health care.
This measure would urge the President and Congress of the United States to evaluate and author proposals for universal health care based on prescribed criteria.

Res. Ch. 29 (ACR 51) Knowles. California Public Lands Week.
This measure would declare the week of May 9, 1993, to May 15, 1993, as California Public Lands Week in recognition of the many benefits which California citizens derive from the use and enjoyment of federally owned public lands in the state.

Res. Ch. 30 (SJR 14) Ayala. Alameda Naval Air Station.
This measure would request that the Senate Armed Services Committee and the House Armed Services Committee of Congress each hold a hearing on the subject of the military viability of closing the Alameda Naval Air Station and constructing a new facility in Everett, Washington.

Res. Ch. 31 (SCR 4) Committee on Judiciary. California Law Revision Commission.
Existing law requires the California Law Revision Commission to file a report at each regular session of the Legislature containing a calendar of topics selected by it for study, including a list of studies in progress and a list of topics intended for future consideration, and, after the filing of the commission's first report, its studies are confined to topics set forth in the calendar contained in its last preceding report which are thereafter approved for its study, or referred to it for study, by concurrent resolution of the Legislature.
This measure would give legislative approval to the commission to continue its study of numerous, specified topics that the Legislature has previously authorized or directed the commission to study and would refer to the commission new topics for study relative to the Uniform Unincorporated Nonprofit Association Act, unfair competition, shareholder's derivative actions, and the liability of corporate directors.

Res. Ch. 32 (SJR 7) Thompson. Housing: mortgage revenue bonds: low-income housing.
This measure would memorialize the Congress of the United States to permanently reinstate the authorization of the issuance of tax-exempt mortgage revenue bonds to finance mortgages for low-income and moderate-income first-time homebuyers and the use of federal low-income housing tax credits to stimulate the production of rental housing with units affordable to lower income families and individuals.

Res. Ch. 33 (AJR 27) Quackenbush. Military base closure: hazardous substance contamination.

This measure would request the Congress of the United States, prior to the closure of any military facility in California, to provide a consistent and reliable source to finance the cleanup of any hazardous substance contamination at the site and to finance the Environmental Baseline Survey which is necessary to determine responsible and sound future land use for the site.

Res. Ch. 34 (SJR 10) Committee on Transportation. Vehicle inspection and maintenance.

Existing law establishes a vehicle inspection and maintenance program. The Environmental Protection Agency has adopted a rule imposing various additional requirements relative to the conduct of that program.

This measure would memorialize the President and the Environmental Protection Agency to give the state increased flexibility in assessing the effectiveness of its current inspection and maintenance program, redesigning the program, and meeting new federal performance standards for vehicle emission reduction. The measure would request the agency and the Federal Highway Administration to delay the imposition of fiscal sanctions on California during the Legislature's consideration of revisions to the inspection and maintenance program. The measure would request the agency to not impose a specified discount factor on the potential effectiveness of enhancements and design elements in the California program.

Res. Ch. 35 (ACR 3) Costa. Citizen's Commission on Ballot Initiatives.

This measure would extend the termination date for the Citizen's Commission on Ballot Initiatives to January 1, 1994.

Res. Ch. 36 (ACR 27) Isenberg. Smoking: legislative buildings.

This measure would prohibit the smoking of tobacco products at any time inside any building owned, leased, or occupied by the Legislature, as specified.

Res. Ch. 37 (AJR 22) McDonald. Long Beach Naval Base: closure.

This measure would memorialize the President and the Congress of the United States to provide for the continued operation of the Long Beach Naval Base.

Res. Ch. 38 (AJR 42) Honeycutt. Marine Corps. Logistics Base at Barstow.

This measure would recommend to the President, Congress, and the Base Realignment and Closure Commission that the Marine Corps Logistics Base at Barstow remain in operation due to its operational and strategic necessity to the United States Marine Corps, the United States Army, and the United States Navy.

Res. Ch. 39 (ACR 28) McDonald. State Tourism Month.

This measure would proclaim the month of July 1993 as State Tourism Month.

Res. Ch. 40 (ACR 42) Speier. National Federation of Independent Business Week.

This measure would designate the week of June 27, 1993, as National Federation of Independent Business Week.

Res. Ch. 41 (SCA 1) Committee on Budget and Fiscal Review. Sales and use taxes.

The California Constitution imposes various taxes and authorizes the imposition of other taxes, but prohibits the imposition of any sales or use tax on the sale of, or the storage, use, or other consumption of, food products for human consumption, as specified.

This measure would impose a tax on the sale of, or the storage, use, or other consumption of, tangible personal property in this state at a rate of ½% beginning January 1, 1994. The measure would provide that the Sales and Use Tax Law applies to the sales and use taxes imposed by this measure, as specified. The measure would also require that the revenue derived from that tax be transferred to the Local Public Safety Fund for allocation by the Legislature, as prescribed by statute, to counties in which specified

action is taken, as specified, for use exclusively for public safety services of local agencies.

Res. Ch. 42 (SCA 9) Roberti. Income taxation: renter's credit.

The California Constitution provides that taxes on or measured by income may be imposed on persons, corporations, or other entities as prescribed by law. The Personal Income Tax Law authorizes a credit against the taxes imposed by that law for qualified renters. For taxable years through 1996, the maximum amounts of the credit are $120 for married couples filing joint returns, heads of household, and surviving spouses, and $60 for other individuals, and a renter's credit amount is based on the amount of his or her adjusted gross income. For taxable years 1996 and later, these maximum amounts are authorized without regard to a renter's adjusted gross income.

This measure would require, for purposes of state personal income taxation for taxable years beginning on or after January 1, 1995, that qualified renters, as defined, be allowed a credit in an amount not less than $120 for married couples filing joint returns, heads of household, and surviving spouses, and in an amount not less than $60 for other individuals. It would authorize the Legislature to amend existing credit statutes, and to amend or add other statutes, as may be necessary to implement this credit. It would also authorize the Legislature, by a statute approved by ⅔ of the membership of each house, to disallow for one or more taxable years the refund of any credit balance in excess of net tax, and, by a statute approved by a majority of the membership of each house, to increase the amounts of this credit in the same proportion.

Res. Ch. 43 (SCR 1) Roberti. Joint Rules.

This measure adopts the Joint Rules of the Senate and the Assembly for the 1993–94 Regular Session.

Res. Ch. 44 (SJR 15) Thompson. Mare Island Naval Shipyard: closure.

This measure would memorialize the President of the United States to return for reconsideration or reject recommendations from the Base Closure Commission that the Mare Island Naval Shipyard be closed.

Res. Ch. 45 (AJR 39) Campbell. Steel imports: exemption for USS-POSCO.

This measure would memorialize the U. S. International Trade Commission to issue a finding of "no injury" to the domestic steel industry by virtue of the steel supplied by POSCO to USS-POSCO of Pittsburg, California, with regard to any final antidumping order in the case of hot-rolled carbon steel flat products imported from the Republic of Korea.

Res. Ch. 46 (SCR 18) Dills. Disabled veterans: contract participation.

This measure would request and encourage all counties, cities, and cities and counties to enact ordinances and implement policies promoting the participation of service-disabled veteran business enterprises in construction contracts and contracts for the procurement of goods and services entered into by the counties, cities, or cities and counties.

Res. Ch. 47 (SCR 9) McCorquodale. Central Valley wetlands.

This measure would encourage and support the efforts of the Grasslands Resource Conservation District to develop the Grasslands Environmental Education Center in the Grassland Wetlands of Merced County and would urge the Department of Fish and Game to assist the district. The measure would urge the Department of Fish and Game and the State Department of Education to identify or seek funds, as specified. The measure would also urge the Department of Parks and Recreation and the State Department of Education to initiate the development of an interagency memorandum of agreement with state, local, private, and federal agencies to cooperatively support educational programs in the Grassland Wetlands.

Res. Ch. 48 (SCR 11) Rosenthal. Telephone corporations.

This measure would encourage local telephone companies that operate in California and receive an opportunity to earn a fair profit resulting from a rate of return established by the Public Utilities Commission to maintain and stimulate a greater permanent labor force in California. The measure would memorialize the Public Utilities Commission, when determining the levels for rate of return for local exchange carriers in California, when determining further regulatory changes which might impact competition of these

corporations in the state, and when considering any mergers, divestitures, or significant changes in ownership or control of these corporations, to also consider the impact on the state's workforce and any potential job loss resulting from those decisions.

Res. Ch. 49 (SCR 21) Thompson. California Small Brewers Week.

This measure would designate the week commencing July 12, 1993, as California Small Brewers Week.

Res. Ch. 50 (SJR 17) Calderon. Cesar Chavez Day.

This measure would memorialize the President and the Congress of the United States to annually proclaim March 31 as a national public holiday known as "Cesar Chavez Day."

Res. Ch. 51 (ACR 7) Knowles. El Dorado County Vietnam Veterans Bridge.

This measure would designate a specified bridge on State Highway Route 50 in El Dorado County as the Vietnam Veterans Bridge.

The measure would also request the Department of Transportation to determine the cost for appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 52 (ACR 10) Burton. Victims of domestic violence.

This bill would request the Governor to direct the Board of Prison Terms (1) to identify and investigate the cases of battered women serving sentences in state prison who file petitions for clemency and of all other persons convicted of murder, attempted murder, manslaughter, attempted voluntary manslaughter, assault with a firearm, or assault with a deadly weapon or instrument or by means of force likely to produce great bodily injury, when those convictions were for acts alleged by the defendant to be related to domestic violence victimization, and (2) to report to the Governor regarding the findings of that investigation and any recommendations for pardons or commutations related to these cases. The measure also would request the Governor to use the authority granted to him by the California Constitution to make decisions regarding pardons or commutations within 6 months after receiving those findings and recommendations.

Res. Ch. 53 (ACR 6) Cortese. Investment of state funds.

This measure would direct the Treasurer, in cooperation with specified state agencies, to investigate the advantage of investing state financial resources within the state. The measure would direct the Treasurer, in conjunction with specified state agencies, to develop standards and guidelines for investing state funds in areas that would provide an economic stimulus. The measure would direct the Treasurer to investigate the failure of lower interest rates to improve the economy in the state.

Res. Ch. 54 (ACR 47) Alpert. Neighborhood Watch Month.

This measure would designate the month of August 1993, as Neighborhood Watch Month.

Res. Ch. 55 (ACR 20) Aguiar. Chino Valley Freeway.

This measure would designate the portion of State Highway Route 71 from the Riverside County line to the intersection with Interstate Highway Route 10 the Chino Valley Freeway.

The measure would also direct the Department of Transportation to determine the cost of appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 56 (SCR 6) Kopp. Transportation: intercity high-speed rail network.

This measure would request the Department of Transportation, under the direction of the Intercity High-Speed Rail Commission, which the measure would request the

Governor to establish, to prepare a 20-year high-speed intercity ground transportation plan, as specified, for implementation beginning in the year 2000.

Res. Ch. 57 (SCR 17) Kelley. Water reclamation.

This measure would request the Department of Water Resources, in consultation with other appropriate agencies, to provide suggestions that will help the state meet or exceed the statewide water recycling goals of the Water Recycling Act of 1991, and to report the results of that study to specified committees of the Legislature on or before July 1, 1994.

Res. Ch. 58 (SJR 11) Bergeson. Tax refund liability.

This measure would memorialize the President and Congress of the United States to either eliminate or substantially reduce the financial liability of the State of California and local governments within California resulting from a specified court decision dealing with the levy of sales and use taxes on sales of personal property to the United States government.

Res. Ch. 59 (ACR 25) Statham. Volunteer firefighters.

This measure would commend volunteer firefighters for their efforts and would urge the community college system to continue to play an integral role in the training of volunteer firefighters.

Res. Ch. 60 (ACR 41) Cannella. Enoch Christoffersen Memorial Rest Area.

This measure would designate a specified highway rest area on State Highway Route 99 south of Turlock as the Enoch Christoffersen Memorial Rest Area.

The measure would also direct the Department of Transportation to determine the cost of appropriate plaques and markers showing that special designation, and to erect the plaques and markers upon receiving donations from nonstate sources covering that cost.

Res. Ch. 61 (AJR 4) Conroy. Medi-Cal recipients: veterans' benefits.

Existing federal law establishes the medicaid program, which provides each state with partial funding for health care services. California's medicaid program is known as the Medi-Cal program. The Medi-Cal program provides various health care services, including nursing home services.

Existing federal law, effective until September 30, 1997, limits the amount of veterans benefits receivable by veterans or widows thereof who are receiving medicaid-funded nursing home services.

This measure would memorialize the President and Congress of the United States to terminate these pension benefit limitation provisions on September 30, 1993.

Res. Ch. 62 (AJR 31) Baca. Norton Air Force Base.

This measure would memorialize the President and Congress to provide a grant of $4.95 million to San Bernardino Valley College for the refurbishing and construction of a facility for its aeronautics program at Norton Air Force Base.

Res. Ch. 63 (AJR 41) Hauser. Native American burial grounds.

This measure would memorialize the President and the Congress to provide a minimum of 2 sites on federally owned land in this state, meeting prescribed criteria, to accommodate the burial and reburial of Native Americans.

Res. Ch. 64 (SCR 23) Alquist. Supplemental Report on the 1993 Budget Bill.

This measure would declare that the Supplemental Report on the 1993 Budget Bill reflects the intent of both houses of the Legislature in adopting the Budget Act of 1993. The measure would also declare that the report shall be interpreted as the intent of the Legislature by the various agencies of state government affected by the statements contained in the report. The measure would require the Legislative Analyst to transmit copies of the appropriate parts of the report to the agencies to which the report is directed.

Res. Ch. 65 (SCR 15) Thompson. B.T. Collins Building.

This measure would direct the Department of Veterans Affairs and the Department of General Services, upon receiving donations from nonstate sources covering the cost thereof, to establish a bench and plaque adjacent to the California Vietnam Veterans Memorial in Capitol Park in memory of B.T. Collins.

Res. Ch. 66 (ACR 64) Horcher. Juan "John" Thome: Caltrans Diamond Bar Maintenance Station.

This measure would dedicate the Caltrans Diamond Bar maintenance station in Los Angeles County in honor and memory of Juan "John" Thome. The measure would request the Department of Transportation to determine the cost for appropriate plaques and markers showing the special dedication, and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers.

Res. Ch. 67 (SCA 15) Roberti. Taxation: nonprofit organizations.

Existing provisions of the California Constitution generally authorize the imposition, with respect to individuals and legal entities, of taxes on or measured by income. Existing statutory law authorizes local agencies to impose business license taxes or fees.

This measure would provide that a nonprofit organization, exempted from taxation by certain state or federal statutes or the successor of either, is exempt from any business license tax or fee that is levied by a local agency and is measured by income or gross receipts.

Res. Ch. 68 (SCR 12) Torres. Public Employees' Retirement System: military service credit.

This measure would request the Public Employees' Retirement System to update its existing study of according service credit to state members for prior military service, to make recommendations on providing meaningful military service credit at a reasonable cost, and to report thereon by July 1, 1994, and to make the updated study available to the Legislature, upon request.

Res. Ch. 69 (SCR 14) Torres. Task Force on Multicultural Education and Research.

This measure would support the establishment of a multicultural education and research organization in Los Angeles County to unify divided communities and build multicultural consensus concerning public issues.

Res. Ch. 70 (SJR 8) Mello. Controlled substances: cannabis/marijuana.

This measure would memorialize the President and the Congress of the United States to enact appropriate legislation to permit cannabis/marijuana to be prescribed by licensed physicians and to ensure a safe and affordable supply of cannabis/marijuana for medical use.

Res. Ch. 71 (SJR 22) Presley. Aircraft carrier Midway.

This measure would request the President, the Congress, and the Department of Defense to support the efforts of the citizens of the State of California and the County of San Diego to acquire the U.S. Navy aircraft carrier Midway for a regional museum, educational, and entertainment complex.

Res. Ch. 72 (SJR 24) Thompson. Proposed veterans hospital.

This measure would memorialize the Secretary of the Department of Veterans Affairs and the Congress of the United States to approve funding for the construction of the Veterans Administration Hospital at the Travis Air Force Base.

Res. Ch. 73 (ACR 19) Statham. Historic U.S. Highway 99.

This measure would state that the remaining portions of former U.S. Highway 99 are recognized for their historic significance and importance in the development of the state. The measure would request the Department of Transportation, upon application by an interested local agency or private group, to identify any section of former U.S. Highway 99 that is still a publicly maintained highway but is not designated as having

formerly been U.S. Highway 99 and to designate that section as "historic U.S. Highway 99." The measure would request the department to determine the cost of appropriate highway markers or signs showing that special designation and, upon receiving donations from nonstate sources concerning that cost, to erect appropriate highway markers or signs on the portions of former U.S. Highway 99 that are part of the state highway system.

Res. Ch. 74 (ACR 21) Gotch. Ted Williams Freeway.

This measure would designate a specified segment of State Highway Route 56 as Ted Williams Freeway.

The measure would also request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from private sources covering that cost, to erect those signs.

Res. Ch. 75 (ACR 22) Farr. Eric Seastrand Memorial Highway.

This measure would designate the portion of State Highway Route 46 between the cities of Paso Robles and Cambria the Eric Seastrand Memorial Highway.

The measure would also direct the Department of Transportation to determine the cost of appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 76 (ACR 24) Richter. Historical landmark: Elisha Stephens.

This measure would request the Department of Transportation to grant to the Nevada County Historical Landmarks Commission an encroachment permit authorizing a historical plaque dedicated to Elisha Stephens to be placed within the right-of-way of Interstate Highway Route 80 at the Donner Lake Overlook area, west of the agricultural inspection station near the Town of Truckee.

Res. Ch. 77 (ACR 34) O'Connell. Terminally ill.

This measure would request the Medical Board of California to conduct and complete a survey of existing medical school curriculum to determine whether medical students receive adequate training in, and whether physicians and surgeons understand, pain management and palliative care techniques for the terminally ill. It would also request the board to make recommendations to the Legislature on necessary modifications in the medical school curriculum.

Res. Ch. 78 (ACR 48) Cannella. Merit awards.

This measure would make additional merit awards to certain state employees whose proposals have resulted in annual savings and net revenue gain to the State of California, as specified.

Res. Ch. 79 (AJR 14) Bowen. Surplus airport revenues.

This measure would memorialize the President and the Congress to review specified provisions of the Airport and Airway Improvement Act of 1982 to provide, either nationally or specifically from airports owned by the City of Los Angeles and the City and County of San Francisco, that the local agency with jurisdiction may determine airport surplus revenues to be unnecessary for the administrative, operational, capital improvement, and maintenance needs of an airport in any given budgeting period, and may make those revenues available to meet other legitimate airport-related needs of the local jurisdiction.

Res. Ch. 80 (AJR 32) Bornstein. Solid waste: taxation.

This measure would urge that the federal definition of solid waste facilities for purposes of tax treatment be modified to allow facilities utilizing recovered materials to be eligible for tax-exempt financing.

Res. Ch. 81 (SCR 13) Rogers. Pearl Harbor Survivors Memorial Highway.

This measure would designate the portion of State Highway Route 99 between the City of Tulare and the City of Fresno as the Pearl Harbor Survivors Memorial Highway.

The measure would also direct the Department of Transportation to determine the cost of appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 82 (SCR 24) Roberti. Italian-American History Month.

This measure proclaims October as Italian-American History Month.

Res. Ch. 83 (SJR 20) Kelley. Pest containment and quarantine facilities.

This measure would memorialize the Congress and the President of the United States to support the construction of modern, state-of-the-art, alternative pest management containment and quarantine facilities in California, and provide cost-shared funds for laboratories and support facilities at the Davis and Riverside campuses of the University of California to accelerate and support research on biological and other natural controls for the whitefly and other pests, and for bioengineering, genetically altered organisms, and other promising biotechnology for environmentally compatible pest management strategies, as specified.

Res. Ch. 84 (ACR 33) Polanco. Public Procurement Advisory Committee.

This measure would revise the membership and objectives of the Public Procurement Advisory Committee and provide that it shall terminate on January 1, 1995.

Res. Ch. 85 (ACR 61) Umberg. Pollution Prevention Week.

This measure designates October 4 to October 10, 1993, as Pollution Prevention Week.

Res. Ch. 86 (ACR 65) Karnette. San Pedro.

This measure would officially recognize the important role played by San Pedro in the history of the state and would encourage members of the Legislature and their staff to inform citizens about the role played by San Pedro and other historic areas in California.

Res. Ch. 87 (AJR 3) McDonald. United States: statehood: Washington, D.C.

This measure would memorialize the President and the Congress of the United States to extend statehood to Washington, D.C.

Res. Ch. 88 (AJR 35) Katz. Transportation: speed limits.

This measure would request the Congress of the United States to authorize the states to implement speed limits of up to 65 miles per hour on any highway or freeway where that speed limit would be appropriate, prudent, and safe, as determined by each state.

Res. Ch. 89 (ACR 30) Moore. Multicultural Awareness Month.

This measure would declare the month of October as Multicultural Awareness Month.

Res. Ch. 90 (ACR 53) Karnette. Renaissance Program.

This measure would declare the Legislature's recognition of the success of the Renaissance Program in participating schools across the country, and would encourage more schools in California to adopt the program. The measure would resolve that copies of this resolution be sent to school districts in the state by those Members of the Assembly and Senate who wish to do so.

Res. Ch. 91 (AJR 29) Honeycutt. The National Training Center: land acquisition project.

This measure would memorialize the Base Realignment and Closure Commission, the President, and the Congress of the United States to support and endorse the Silurian Valley plan as the most progressive effort to meet the objective of providing for the national defense while maintaining high standards of environmental stewardship.

Res. Ch. 92 (ACA 8) Hauser. Property tax exemptions.

Existing provisions of Article XIII A of the California Constitution limit ad valorem taxes on real property to 1% of its full cash value, which is defined as the assessor's valuation of the real property as shown on the 1975–76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change of ownership has occurred.

This measure would authorize the Legislature to provide that "newly constructed" does not include the construction, installation, removal, or modification on or after the effective date of the measure of any portion or structural component of an existing building or structure in order to make it more accessible to, or usable by, a disabled person.

Res. Ch. 93 (SCA 4) Thompson. Property taxation: new construction: water conservation equipment.

Existing provisions of the California Constitution generally limit ad valorem property taxes on real property to 1% of the full cash value of that property. For purposes of the foregoing limitation, "full cash value" is defined as the value of the real property as shown on the 1975–76 tax bill or, thereafter, its appraised value when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. Existing provisions exclude certain constructions of, or additions to, real property from the term "newly constructed."

This measure would additionally exclude from the term "newly constructed" that portion of any improvement made to real property that consists of the installation of water conservation equipment, as defined by the Legislature, for agricultural use.

Res. Ch. 94 (SCR 19) Rogers. Military airspace.

This measure would express the declaration of the Legislature that it is desirable that the aeronautical uses of the restricted airspace that surrounds Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, be specifically protected.

Res. Ch. 95 (SCR 25) Hurtt. California Rehabilitation Week.

This measure would declare September 19 through 25, 1993, California Rehabilitation Week.

Res. Ch. 96 (SCR 26) Lockyer. California Law Revision Commission.

Existing law requires the California Law Revision Commission to file a report at each regular session of the Legislature containing a calendar of topics selected by it for study, including a list of studies in progress and a list of topics intended for future consideration, and, after the filing of the commission's first report, its studies are confined to topics set forth in the calendar contained in its last preceding report which are thereafter approved for its study, or referred to it for study, by concurrent resolution of the Legislature.

This measure would give legislative approval to the commission to study a proposed constitutional amendment relating to the unification of the trial courts, to continue its study of numerous, specified topics that the Legislature has previously authorized or directed the commission to study, and would refer to the commission new topics for study relative to the Uniform Unincorporated Nonprofit Association Act, unfair competition, shareholder's derivative actions, and the liability of corporate directors.

Res. Ch. 97 (SCR 27) Ayala. Renaissance Month.

This measure would proclaim November as Renaissance Month.

Res. Ch. 98 (SJR 18) Presley. Sustainable development: environmental quality.

This measure would encourage cooperative international, national, and statewide efforts to promote sustainable development, as described, and resolve that the state expeditiously develop and implement a sustainable development plan. The measure would invite the United Nations and the United States government to establish a center

in the state to promote research on sustainable development, to include the headquarters for the Commission on Sustainable Development to oversee the implementation of the National Environmental Strategies included in the Agenda 21 Charter adopted in June 1992 by the international community at the United Nations Conference on the Environment and Development in Rio de Janeiro, Brazil.

Res. Ch. 99 (SJR 21) Mello. Long-term care.

This measure would memorialize the President and the Congress to incorporate long-term care as an essential part of health care reform legislation and to enact the legislation in 1993.

Res. Ch. 100 (SJR 25) Wyman. Americans captured or missing during the Vietnam War, the Korean Conflict, and World War II.

This measure would memorialize the President and Congress of the United States to demand that the government of Vietnam provide the fullest possible accounting of each and every American prisoner of war or missing in action, and to refuse to normalize relations with Vietnam until the accounting is provided, and that the United States seek a full accounting of P.O.W.s and M.I.A.s from World War II and the Korean Conflict.

Res. Ch. 101 (SJR 27) Thompson. Mare Island Naval Shipyard: Defense Finance and Accounting Service center.

This measure would memorialize the President and Congress of the United States and the Secretary of the Department of Defense to designate the Mare Island Naval Shipyard as a location for a Defense Finance and Accounting Service center.

Res. Ch. 102 (ACR 9) Epple. Red Ribbon Week.

This measure would proclaim October 23 through October 31, 1993, as "Red Ribbon Week," and would encourage Californians to help build drug-free communities and to participate in drug prevention activities, as specified.

Res. Ch. 103 (ACR 56) Eastin. Consolidation of the Education Code.

This measure would request the Legislative Counsel to consolidate the Education Code without substantive change and to submit a proposed draft to the Legislature on or before January 1, 1995.

Res. Ch. 104 (ACR 57) Eastin. California Materials Exchange Program.

This measure would commend the California Integrated Waste Management Board for establishing the California Materials Exchange Program.

Res. Ch. 105 (ACR 59) Eastin. Warren West Memorial Bridge.

This measure would designate the South Alviso Overhead bridge on State Highway Route 237 in the City of San Jose the Warren West Memorial Bridge.

The measure would also direct the Department of Transportation to determine the cost of appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 106 (ACR 66) T. Friedman. California COASTWEEKS and Adopt-a-Beach Coastal Cleanup Day.

This measure would proclaim September 18 through October 11, 1993, as California COASTWEEKS, and would proclaim October 2, 1993, as Adopt-a-Beach Coastal Cleanup Day.

Res. Ch. 107 (ACR 67) Margolin. Labor education programs.

This measure would commemorate labor studies programs at various universities and colleges for their unique contribution to California's economy.

Res. Ch. 108 (ACR 68) Alpert. Breast cancer awareness.

This measure would designate the month of October as Breast Cancer Awareness Month. It would also designate October 19 as Breast Exam and Mammography Aware-

ness Day.

Res. Ch. 109 (ACR 69) Conroy. Mission Viejo and the U.S. Men's National Soccer Team.

This measure would congratulate the City of Mission Viejo for its successful efforts to become the headquarters of the U.S. Men's National Soccer Team during a two-year training period in preparation for the World Cup competition.

Res. Ch. 110 (ACR 71) Allen. Ecological reserves.

This measure would request the Fish and Game Commission to conduct public hearings prior to establishing 4 ecological reserves required to be established by the California Constitution, and to restrict the use of the ecological reserves to scientific research relating to the management and enhancement of marine resources, including, but not limited to, scientific research as it relates to sportfishing and commercial fishing. The measure would also declare that certain recreational uses of the ecological reserves are not in conflict with a constitutional requirement that the use of the ecological reserves be restricted to scientific research relating to the management and enhancement of marine resources.

Res. Ch. 111 (ACR 72) Klehs. David S. Karp Memorial Overcrossing.

This measure would designate Overcrossing No. 33-583 on Interstate Route 880 in San Leandro as the David S. Karp Overcrossing. The measure would request the Department of Transportation to determine the cost of erecting appropriate plaques and markers showing that designation and to erect the plaques and markers upon receiving donations from nonstate sources to cover that cost.

Res. Ch. 112 (ACR 73) Hauser. Homeless Awareness Month.

This measure would declare November 1993 Homeless Awareness Month.

Res. Ch. 113 (ACR 74) Statham. Ray E. Johnson Expressway.

This measure would designate a specified segment of State Highway Route 99 as the Ray E. Johnson Expressway.

The measure would also request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 114 (AJR 1) Speier. Equal Rights Amendment.

This measure memorializes the President and Congress of the United States to propose the adoption of the Equal Rights Amendment to the United States Constitution.

Res. Ch. 115 (AJR 10) Bronshvag. War atrocities in the former Yugoslavia.

This measure would memorialize the President and Congress of the United States to condemn, in the strongest possible terms, war atrocities relating to the systematic use of rape and other sexual abuse by the military.

Res. Ch. 116 (AJR 38) Pringle. Unfunded federal mandates.

This measure memorializes the President and the Congress of the United States to support federal legislation which would ensure that the federal government would pay the total amount of direct costs incurred by state and local governments in complying with requirements imposed under future federal statutes or regulations.

Res. Ch. 117 (AJR 47) Solis. Water quality: groundwater.

This measure would memorialize the President and Congress of the United States to enact H.R. 2853, relating to improving the quality of groundwater in the San Gabriel Basin.

Res. Ch. 118 (AJR 50) Epple. Federal mandates.

This measure would request all Senators and Representatives from California in the Congress of the United States to annually appear before a joint session of the California Legislature to discuss problems related to unfunded federal mandates as well as to

discuss new burdens that have been imposed by the federal government on the state.

Res. Ch. 119 (ACR 46) Vasconcellos. California Frontier Opportunities.

This measure would encourage and request that the Governor consider the implementation of proposals called California Frontier Opportunities, as specified, generated by the Assembly Democratic Economic Prosperity Team for the purpose of promoting California's economic recovery.

Res. Ch. 120 (AJR 36) Bornstein. Pest containment and quarantine facilities.

This measure would memorialize the Congress and the President of the United States to support the construction of modern, state-of-the-art, alternative pest management containment and quarantine facilities in California, and provide cost shared funds for laboratories and support facilities at the Davis and Riverside campuses of the University of California to accelerate and support research on biological and other natural controls for the whitefly and other pests and for biological control, bioengineering, genetically altered organisms, and other promising biotechnology applications for environmentally compatible pest management strategies, as specified.

Res. Ch. 121 (AJR 48) Morrow. Juaneno Band of Mission Indians, Acjachemen Nation.

This measure memorializes the President and Congress of the United States to declare the Juaneno Band of Mission Indians, Acjachemen Nation, to be the aboriginal tribe of Orange County.

Res. Ch. 122 (AJR 53) Baca. Norton Air Force Base: Defense Finance and Accounting Service center.

This measure would memorialize the President and Congress of the United States and the Secretary of the Department of Defense to designate the Norton Air Force Base as a location for a Defense Finance and Accounting Service center.

Res. Ch. 123 (SJR 26) Presley. Community development financial institutions.

This measure would request Congress to pass the Community Development Banking and Financial Institutions Act of 1993, as specified.

1993 DIGEST CHAPTERS SUPERIOR NUMBERS

1 I am reducing the $280,000 appropriation contained in Section 1 of Senate Bill 164 by $150,000 to $130,000.

This bill would appropriate $280,000 from the Sexual Habitual Offender Fund to the Department of Justice to implement the Serious Habitual Offender Program. However, at this time, the Department of Justice only needs $130,000 for the remainder of the 1992–93 fiscal year. Resources to maintain the program beyond the current fiscal year have been proposed in the 1993–94 budget.

With this reduction, I hereby approve Senate Bill 164.

PETE WILSON, Governor

2 I object to the following appropriations contained in Senate Bill 80.

Item 0250-001-001—For support of Judiciary. I delete Provision 2.

I am deleting Provision 2 because it improperly limits the authority of the Judiciary to internally allocate and reallocate funds. The Judicial Branch will require maximum flexibility in order to fulfill its constitutional mandate and to manage anticipated increases in caseload in the face of the reduced appropriation that has been granted.

The Judiciary, as an independent branch of government, has the power and duty to utilize appropriated resources in order to fulfill its constitutional functions and to manage its own affairs. Provision 2 would render the Judiciary unable to do so and thus is inconsistent with the constitutional separation of powers provision concerning Judicial Branch authority.

Item 0690-011-254—For transfer by the Controller from the Street and Highway Account, Natural Disaster Assistance Fund (Account No. 254) to the Public Facilities and Local Agency Disaster Response Account, Natural Disaster Assistance Fund (Account No. 251). I delete this item.

I am deleting this item to conform with the action taken in Item 0690-101-251 and Item 0690-101-254.

Item 0690-101-001—For local assistance, Office of Emergency Services. I delete Provisions 1 and 2.

I am deleting Provisions 1 and 2 of this item which authorize the use of monies in the Public Facilities and Local Agency Disaster Response Account, Natural Disaster Assistance Fund as appropriated in Item 0690-101-251 and in the Street and Highway Account, Natural Disaster Assistance Fund as appropriated in Item 0690-101-254 for any disaster and allows transfers between the two items. These accounts contain a mixture of funds derived from the quarter-cent sales tax dedicated to recovery from the Loma Prieta Earthquake and amounts transferred from the General Fund. These provisions were added by the Legislature to permit funds from the quarter-cent sales tax which are deposited in the Disaster Relief Fund to be used for disasters other than the Loma Prieta Earthquake.

I am deleting these provisions because the disbursement of Disaster Relief Fund revenues for any purpose other than the payment of claims resulting from the Loma Prieta Earthquake is prohibited by existing statute. Additionally, the quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of the damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

I recognize that this action will necessitate a transfer from the Special Fund for Economic Uncertainties pursuant to Government Code Section 8690.4 subdivision (e) to cover the State's share of disaster costs for disasters other than the Loma Prieta Earthquake in the 1993–94 fiscal year.

Item 0690-101-251—For local assistance, Office of Emergency Services. I delete this item.

The funds in the Public Facilities and Local Agency Disaster Response Account are continuously appropriated pursuant to Government Code Section 8690.2. It is necessary to retain this continuous appropriation feature to enable the provisions of Government Code Section 8690.4 to operate as needed to provide funds for local governments' disaster-related costs as quickly as possible during and after an emergency.

Item 0690-101-254—For local assistance, Office of Emergency Services. I delete this item.

The funds in the Street and Highway Account, Natural Disaster Assistance Fund are continuously appropriated pursuant to Government Code Section 8690.2. It is necessary to retain this continuous appropriation feature to enable the provisions of Government Code Section 8690.4 to operate as needed to provide funds for local governments' disaster-related costs as quickly as possible during and after an emergency.

Item 0695-001-372—For transfer by the Controller from the reserve of the Disaster Relief Fund to the General Fund. I delete this item.

I am deleting this item because the disbursement of Disaster Relief Fund revenues for any purpose other than the payment of claims resulting from the Loma Prieta Earthquake is prohibited by existing statute. Additionally, the quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

Item 0820-001-001—For support of Department of Justice. I revise this item by deleting Provision 5.

I am deleting Provision 5 which would have required the redirection of $1 million General Fund to expedite fingerprint clearances processed by the department's fee supported applicant Fingerprint Program. This language would infringe upon the ability of the department and the Executive Branch to effectively manage limited General Fund resources. As an alternative, I have sustained a $2.5 million legislative augmentation from the Fingerprint Fee Account to reduce the turnaround time for clearance of fingerprint applications.

Item 0820-011-001—For support of the Department of Justice. I delete this item.

This item is unnecessary since Item 6110-002-001 provides sufficient authority for the transfer of resources from the Department of Education to the Department of Justice for the costs related to the state's defense in the *ABC Unified School District v. State of California.*

Item 0860-001-001—For support of Board of Equalization. I reduce this item from $155,639,000 to $154,739,000 by reducing:

(b) 300000 - Operating Expenses and Equipment from $62,082,000 to $61,182,000.

The Board of Equalization has indicated a reduction of $2,683,000 can be made to its budget with no adverse impact on its programs or revenue generating activities. The Legislature reduced only $1,783,000 and retained $900,000 and 15 positions for the Property Tax Program. Therefore, I am reducing the budget by $900,000 and 15 positions to capture the full amount of identified savings. I am reducing operating expenses and equipment because the funds for these positions were inadvertently added to the operating expense and equipment budget.

Item 0890-001-001—For support of Secretary of State. I delete Provision 1.

I am deleting Provision 1 because it prohibits the Secretary of State from scheduling any portion of the unallocated General Fund reduction from the support for the Political Reform Division. Given the magnitude of the reduction in this item and the nondiscretionary nature of the programs supported by the General Fund, this provision infringes upon the Secretary of State's ability to manage the fiscal resources provided by the Legislature.

Item 1140-002-326—For support of Athletic Commission. I delete Provision 2.

This provision would require the Director of the Department of Consumer Affairs to authorize a loan from the Vehicle Inspection and Repair Fund to the Athletic Commission Fund for fiscal year 1992-93 through 1995-96, inclusive, to provide the Commission sufficient revenue to fund a $191,000 legislative augmentation to this item. I understand the augmentation is consistent with the Commission's historical spending level and I am supportive of allowing the Athletic Commission to increase expenditures to a level necessary to adequately regulate boxing and martial arts. Therefore, I am sustaining the augmentation in order to allow the Commission to expend at that level if appropriate legislation with support of the fee payers is passed which generates sufficient revenue.

However, Provision 2 of this item does not take into consideration the Commission's ability to repay the loan and would allow a level of expenditure that the Commission may not be able to support through its own revenues. This could result in a gift of funds from the Vehicle Inspection and Repair Fund to the Athletic Commission Fund which is not consistent with the laws creating these funds. The language is mandatory and provides for no review by the Department of Finance, unlike the loan authority contained in Section 14.00. The provisions of Section 14.00 are sufficient if the Commission requires a loan.

Item 1920-011-001—For transfer by the Controller to the Teachers' Retirement Fund from the General Fund. I delete this item and Provision 1.

This item provides a capped General Fund transfer for the Elder Full Funding Program. Any increase in the amount of General Fund needed, based on the statutory formula, would require an appropriation in legislation separate from the Budget Act. This requirement for separate legislation could potentially result in the program being underfunded. In *CTA v. Cory,* the Third District Court of Appeal established that in-lieu appropriations that underfund pension programs with vested benefits, which would otherwise be funded by continuous appropriation, constitute an unconstitutional violation of contract. Consequently, it is necessary to delete this Budget Act transfer item and retain the continuous appropriation for the General Fund transfer for this program.

Item 1920-012-001—For transfer by the Controller to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund from the General Fund. I delete this item and Provision 1.

This item provides a capped General Fund transfer for the Purchasing Power Program. Any increase in the amount of General Fund needed, based on the statutory formula, would require an appropriation in legislation separate from the Budget Act. This requirement for separate legislation could potentially result in the program being underfunded. Existing statutes obligate the State to repay the Teachers' Retirement Fund for prior advances made for this program. Failure to fund this program consistent with the statutory continuous appropriation could result in a claim to fulfill this obligation. Consequently, it is necessary to delete this Budget Act transfer item and retain the continuous appropriation for the General Fund transfer for this program.

Item 1970-301-036—For capital outlay, Veterans' Home of California, Department of Veterans Affairs. I delete Provision 1.

Chapter 557, Statutes of 1992 authorized the Department of Veterans Affairs to construct and establish a second veterans' home to be located in Southern California. It was the intent of this statute to commit the State's matching share of the project cost in a timely fashion to ensure federal funding for construction of this needed second veterans' home.

I am deleting Provision 1 because it would delay construction of this second veterans' home which will lead to the loss of the $20 million State Veterans Home Grant already provided by the United States Department of Veterans Affairs.

Item 2100-011-081—For support of the Department of Alcoholic Beverage Control Board. I delete this item and Provision 1.

I am deleting the $4,500,000 transfer from the Alcoholic Beverage Control Fund to the General Fund proposed by the Legislature. This transfer would leave the department with insufficient reserves to meet emergencies or contingencies which might occur during the fiscal year. Also, Chapter 900, Statutes of 1992, requires the department to transfer revenues from specified fees to the General Fund annually. For the 1993–94 fiscal year, the transfer pursuant to that legislation is estimated to be $13,046,000. The remaining reserves should be retained to meet program needs.

I am deleting Provision 1 to conform to this action.

Item 2140-001-136—For support of Department of State Banking. I reduce this item from $15,164,000 to $15,163,000 by reducing:

(a) 10-Licensing and Supervision of Banks and Trust Companies from $14,631,000 to $14,630,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee, and to the respective fiscal and policy committees of the Legislature, on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2180-001-067—For support of Department Corporations. I reduce this item from $28,115,000 to $28,114,000 by reducing:

(b) 20-Lender-Fiduciary Program from $11,427,000 to $11,426,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect the savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2240-001-001—For support of Department of Housing and Community Development. I delete Provision 1.

I am deleting Provision 1 which requires the department to allocate $328,000 to the Rural Development Assistance Program (RDAP) from its 1993–94 General Fund support appropriation. This program was eliminated as a result of reductions pursuant to Section 3.90 of the 1992 Budget Act. Although I recognize the past effectiveness of this program in bringing economic development and housing resources to rural areas of the state, the program is not legislatively mandated and the department made the reduction only after careful consideration of all other available options. I have also been advised that recent revisions to the federally funded Community Development Block Grant and Home Investment Partnerships Act (HOME) programs will provide funding for technical assistance activities in areas previously served by RDAP. Since the department's appropriation was reduced by this Act, restoration of RDAP would likely require elimination of other legislatively mandated housing programs for which no alternative funding is available.

Item 2240-101-001—For local assistance, Department of Housing and Community Development. I delete Provision 1.

I am deleting Provision 1 which states that no farm worker housing center shall be closed as a result of budgetary reductions unless and until the department raises rents at farm worker centers to approximately the same level as charged by the Farmers'

Home Administration (FmHA). This provision is unnecessarily restrictive and would impair the ability of the department to manage and administer the operations of its Office of Migrant Service (OMS) Centers in the most efficient manner possible. The Administration is committed to reviewing all opportunities to implement appropriate rent increases in the OMS Centers. However, such increases need to be considered on a case-by-case basis so as to not unduly or unfairly charge those individuals living at the centers. Therefore, this provision interferes with the Administration's ability to manage this program by restricting its management flexibility during these times of unprecedented fiscal constraints.

Item 2290-011-217—For transfer by the Controller from the reserve of the Insurance Fund to the General Fund. I delete this item.

I am deleting this item because the combination of the $6,985,000 transfer and the transfer of any reserves in excess of the proposed $956,000 cap on the Insurance Fund balance would not leave a sufficient operating reserve for the Department of Insurance, especially since the department's revenue collections fluctuate a great deal throughout the year. Additionally, retention of a prudent reserve will reduce the need for the Insurance Commissioner to increase license fees in order to maintain the funding necessary to cover expenditures authorized for departmental support and local assistance in the 1993–94 fiscal year.

Item 2320-001-317—For support of Department of Real Estate. I reduce this item from $25,552,000 to $25,551,000 by reducing:

(b) 20-Regulatory and Recovery from $15,191,000 to $15,190,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2340-001-337—For support of Office of Savings and Loan. I reduce this item from $450,000 to $449,000 by reducing:

(b) 300000-Operating Expenses and Equipment from $220,000 to $219,000,

and by deleting Provisions 1 and 2.

I am deleting Provision 1 which requires the Department of Corporations to provide funding from the Corporation Fund for expenses that exceed the amount appropriated to the Office of Savings and Loan. It is inappropriate to utilize Corporation Fund revenues, which are paid to the Department of Corporations for the purpose of funding the department's licensing and regulatory functions, to fund the Office of Savings and Loan. This administrative action is unnecessary. Funds appropriated for the administration of the Office of Savings and Loan should be adequate.

I am deleting Provision 2 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 2 of this item.

Item 2600-001-046—For support of California Transportation Commission. I revise this item by deleting Provision 1.

I am deleting Provision 1 which would prohibit the Commission from using any

funds appropriated in this item for out-of-state travel expenses and would limit in-state travel to no more than $55,000. This language constitutes an infringement on the separation of powers by limiting Executive Branch authority to effectively administer State Government.

Item 2660-001-042—For support of Department of Transportation. I revise this item by deleting Provisions 5 and 6.

I am deleting Provision 5 in order to correct a technical drafting error. This provision was deleted by the Conference Committee on the budget, but inadvertently included in the final budget bill.

I am deleting Provision 6, which would provide the Department the authority to provide a grant of $250,000 to San Jose State University for support of the International Institute for Surface Transportation Policy Studies (IISTPS). This grant request should be submitted for consideration through the normal budget development process so that it may be reviewed and evaluated in the context of competing needs for available funds.

Item 2660-125-042—For local assistance, Department of Transportation (Proposition 111). I reduce this item from $278,267,000 to $257,267,000 by reducing:

(c) 30-Mass Transportation from $93,767,000 to $72,767,000,

I am reducing this item by $21 million to correct a technical error in which Article XIX guideway funding, contained in subdivision (c) of this item, was inadvertently augmented by $21 million from the Transportation Planning and Development Account. This correction will maintain the Article XIX guideway funding and Transit Capital Outlay funding and provide the full $130 million Transportation Planning and Development Account backfill for the State Highway Account as contemplated by the Administration and the Legislature in the final budget agreement.

Item 2920-001-001—For support of California Trade and Commerce Agency. I reduce this item from $20,118,000 to $20,117,000 by reducing:

(a) 10-Economic Development from $7,992,000 to $7,991,000,

and by deleting Provisions 2, 3, and 4,

and by reducing Program 40 to reflect a technical correction;

(e) 40-Contracts, Grants, and Loans from $2,077,500 to $1,077,500.

I am deleting Provision 2, which states legislative intent that any reductions made to the appropriation in this item shall not be applied to the World Trade Commission program.

This language would interfere with the flexibility of the Administration to administer its programs and allocate reductions among programs on a priority basis. The Trade and Commerce Agency should be provided the opportunity to allocate reductions in a way that will maintain the highest priority programs and address the economic development needs of the state.

I am reducing this item by $1,000 and deleting Provision 3, which would require the Trade and Commerce Agency to develop a program to provide technical, financial, marketing, and management assistance to minority-owned, women-owned and disabled veteran-owned businesses to assist these businesses in competing for contracts, grants and projects.

The need expressed in this provision is currently being met and there is no need to establish a new program. The Trade and Commerce Agency currently offers numerous programs to these businesses through its Economic Development Programs and, in addition, the Office of Small Business provides this type of assistance to these businesses through the Small Business Development Centers, the Business Environmental Assistance Centers, and the Small Business Development Corporations. Therefore, this language is unnecessary.

I am reducing this item by $1,000 to reflect the savings that will be achieved based on vetoing language contained in Provision 3.

I am deleting Provision 4, which would prohibit the expenditure of $290,000 for the Small Business Loan Guarantee Program by the Trade and Commerce Agency if

legislation to revise the program is not enacted. This language is an infringement on the separation of powers in that it interferes with the ability of the Executive Branch to administer its programs.

Item 2920-101-001—For local assistance, California Trade and Commerce Agency. I revise this item by deleting Provisions 4, 6, 7 and 8.

I am deleting Provision 4 which specifies that any reductions to the appropriation made by this item shall not be applied to the World Trade Commission program. I am taking this action to conform to my action on Item 2920-001-001, Provision 2.

I am deleting Provision 6 which would require the Trade and Commerce Agency to develop a program to provide technical, financial, marketing, and management assistance to minority-owned, women-owned and disabled veteran- owned businesses to assist these businesses in competing for contracts, grants and projects. I am taking this action to conform to my action in Item 2920-001-001, Provision 3.

I am deleting Provisions 7 and 8. Provision 7 would specify that $2.5 million of funds budgeted for the Strategic Technology Program shall only be available for defense base reuse, and can be used as state match for federal funds that can be used for base reuse.

Provision 8 would specify that $2 million of the funds budgeted for the Strategic Technology Program shall only be available upon enactment of AB 2222 of the 1993 Legislative session, and shall only be available for the purposes of the bill.

These provisions inappropriately limit the flexibility of the Trade and Commerce Agency by restricting the use of funds relating to defense industry conversion.

I recently issued an executive order establishing the Defense Industry Conversion and Technology Assessment Council. This is an interagency task force to guide the Administration's response to Federal defense conversion policies. The Council has identified $65 million in total state resources to match Federal Technology Reinvestment Projects funding. While providing assistance for the transition and reuse of closed bases is a high Administration priority, the language in Provision 7 would inappropriately limit the Administration's flexibility to provide matching grants for high value, technology-related jobs.

I object to Provision 8 because it is inappropriate to tie the budget to legislation which has not been enacted, however, my administration will continue to work with the Legislature and the Congressional delegation to develop a uniform California position on State and Federal defense conversion policies.

Item 3360-001-465—For support of State Energy Resources Conservation and Development Commission. I am making technical adjustments to this item by reducing:

(c) Special Items of Expense from $47,529,000 to $30,575,000,
  (3) Energy Conservation Assistance Loans from $6,844,000 to $4,470,000, and eliminating,
  (4) Geysers Effluent Pipeline Project $2,000,000,
(e) Amount payable from State Energy Conservation Assistance Account (Item 3360-001-033) from −$7,000,000 to −$4,626,000, and
(p) Amount payable from Local Government Geothermal Resources Revolving Subaccount (Item 3360-001-497) from −$2,108,000 to −$108,000,

and by deleting Provision 1 and revising Provision 3.

I am reducing these schedules to accurately reflect the intended action of the Legislature. These reductions do not reduce the total appropriation for this item.

I am deleting Provision 1 to conform to the action I have taken above.

I am revising Provision 3 to accurately reflect the intended action of the Legislature.

"3. Notwithstanding any other provision of law, the funds appropriated in Categories *y* (c) (2) ~~and (e) (10)~~ may be used by the commission to provide grants, loans, or repayable research contracts. When the commission evaluates proposals, a high-point scoring method may be used in lieu of lowest cost. Repayment terms shall be determined by the commission."

Item 3360-001-497—For support of State Energy Resources Conservation and Development Commission. I am making a technical adjustment by reducing this item from $208,000 to $108,000.

I am reducing this item to conform to the actions taken in Item 3360-001-465.

Item 3480-001-035—For support of Department of Conservation. I revise this item by deleting Provision 1.

I am deleting Provision 1 because the language is unnecessarily restrictive. It specifies that the remaining amount of $480,000 in the Mineral Land Classification Project, after the $660,000 Surface Mining and Reclamation Account (SMARA) funds reduction in lieu of a General Fund reduction, would be used for this project only. By making specific reductions of $660,000 to the Mineral Land Classification Project and restricting the use of the remaining funds, this provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources.

Item 3540-101-235—For local assistance, Department of Forestry and Fire Protection. I delete this item.

I am deleting the $72,000 legislative augmentation to provide four remote automated weather stations for the East Bay Regional Park District. This project has not been reviewed and evaluated in the context of competing needs for this fund source.

Item 3600-001-200—For support of Department of Fish and Game. I reduce this item from $73,888,000 to $73,887,000 by reducing:

(a) 10-Enforcement of Laws and Regulations from $29,729,000 to $29,728,000, and deleting Provisions 4.5, 6 and 7.

I am deleting Provision 4.5, which restricts expenditures for legal services to the amount scheduled in the Legal Services Program, prohibits the transfer of funds into the Legal Services Program, and prohibits the expenditure of funds for the salaries of a Chief Counsel or other in-house legal counsel. This provision constitutes an infringement on the separation of powers provision concerning Executive Branch authority and interferes with the ability of the Department to manage its programs.

I am deleting Provision 6, which provides for the reduction of $4,819,000 if AB 899, or other legislation, is enacted to repeal authority to collect filing fees. Should such legislation be enacted, the Department of Fish and Game would need to reduce expenditures to reflect the actual reduction in revenue, which may not be the amount projected at this time. This provision is inappropriate since it would infringe on the Administration's ability to administer State programs.

I am deleting Provision 7, which provides that funds appropriated by this item may be expended only if the Department of Fish and Game works with county district attorneys to develop a plan to enhance funding to support prosecution by district attorneys of Fish and Game Code violations and to report to the Legislature on the status of the plan by December 31, 1993. I believe this Provision interferes with the Administration's ability to manage its programs and would invariably result in increased costs to the state. I am deleting $1,000 to reflect savings that will be achieved based upon the deletion of this provision.

Item 3600-002-200—For support of Department of Fish and Game. I revise this item by deleting Provision 2.

I am deleting Provision 2, which limits the expenditure of funds for support of the Natural Communities Conservation Planning Act program after January 1, 1994, unless the Director of Finance makes specified certifications by December 1, 1993. This provision is inappropriate because the time frame for the certifications is unrealistic and it would infringe on the Administration's ability to administer State programs. More importantly, most of the certifications required have been addressed by the federal listing of the California Gnatcatcher and the work of the State's Scientific Review Panel. Furthermore, it would be more appropriate for the Director of the Department of Fish and Game, rather than the Director of Finance, to submit such a report. Therefore, I am directing the Department of Fish and Game to provide

a progress report in meeting the specified goals to the Legislature by December 1, 1993.

Item 3600-301-320—For capital outlay, Department of Fish and Game. I delete Provision 1.

I am deleting Provision 1 of this item because it may unnecessarily delay the construction of the Oiled Wildlife Rescue and Rehabilitation Station which could result in cost increases to the project.

Item 3640-001-140—For support of Wildlife Conservation Board. I reduce this item from $522,000 to $272,000.

I am deleting the $250,000 legislative augmentation for the Suisun Resources Conservation District. This project has not been reviewed or evaluated in the context of competing needs for Environmental License Plate Funds.

Item 3640-001-235—For support of Wildlife Conservation Board. I delete this item.

I am deleting this item to accurately reflect the intended action of the Legislature. This appropriation is unnecessary because the funds appropriated in this item duplicate funds appropriated in Item 3640-001-140 for the same purpose. I delete this item to eliminate that duplication.

Item 3640-001-447—For support of Wildlife Conservation Board. I revise this item by reducing:

(a) 10-Wildlife Conservation Board from $2,437,000 to $2,187,000,

(c) Amount payable from the California Environmental License Plate Fund (Item 3640-001-140) from −$522,000 to −$272,000,

and by deleting Provision 1.

I am revising this item to conform to actions taken in Item 3640-001-140.

Item 3680-001-516—For support of Department of Boating and Waterways. I reduce this item from $5,431,000 to $5,430,000 by reducing:

(d) 40.01-Administration from $999,000 to $998,000,

and by deleting Provision 1.

I am deleting Provision 1 which provides that the second half-year of expenditure authority for the department would not be available until the department submitted a consolidation feasibility report to the Legislature, as specified, by December 1, 1993. This provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources. Additionally, the issue of reorganizing the Department of Boating and Waterways has been previously considered and the determination made that its functions are appropriately placed in the current organizational structure. I am reducing $1,000 from this item to reflect savings that will be achieved based on the deletion of this provision.

Item 3680-011-516—For transfer to the General Fund, Department of Boating and Waterways. I reduce this item from ($33,024,000) to ($26,141,000), and revise Provision 1.

I am deleting the $6,883,000 legislative augmentation which increases the transfer of Harbors and Watercraft Revolving Fund to the General Fund at the expense of reductions to local assistance and capital outlay projects. The recreational boaters of California have already contributed their fair share towards solving the General Fund's revenue shortfall by the $26,141,000 transfer from the Harbors and Watercraft Revolving Fund transfer to the General Fund proposed in my budget plan and retained in this item.

I am revising Provision 1 to conform to this action.

"1. Of the amount transferred in the 1993–94 fiscal year from the Motor Vehicle Fuel Account, Transportation Tax Fund to the Harbors and Watercraft Revolving Fund pursuant to Section 8352.4 of the Revenue and Taxation Code, the Controller shall transfer ~~$33,024,000~~ *$26,141,000* to the General Fund."

Item 3790-011-235—For support of Department of Parks and Recreation. I reduce this item from $2,468,000 to $2,369,000.

I am reducing this item by $99,000. Because revenues from this fund source are now expected to be lower than originally anticipated, this reduction is being made to ensure the financing of other priority appropriations from the Public Resources Account, Cigarette and Tobacco Products Surtax Fund and to ensure the maintenance of a prudent reserve in that fund.

Item 3790-101-235—For local assistance, Department of Parks and Recreation. I delete this item.

I am deleting the $1,425,000 legislative augmentation for several local assistance grants because there are insufficient funds available in the Public Resources Account, Cigarette and Tobacco Products Surtax Fund to pay for these projects. The Legislature has overappropriated this fund source. Consequently, it is necessary to delete the augmentations proposed in this item so that the financing of originally proposed high priority appropriations can be ensured while maintaining a prudent reserve in the fund.

Item 3790-301-140—For capital outlay, Department of Parks and Recreation. I reduce this item from $1,999,000 to $499,000 by reducing:

(2) 90.BC.400-New Brighton SB: Porter-Sesnon Property-Acquisition, ($1,500,000), and by deleting Provision 1.

I am deleting the legislative augmentation of $1,500,000 for the New Brighton SB: Porter-Sesnon Property-Acquisition. While I support this acquisition, there are insufficient monies in the California Environmental License Plate Fund to finance other high priority expenditures and maintain a prudent reserve in the fund. I understand legislation will be introduced to replace the appropriation in this item with an appropriation of $1,500,000 from Park Bond funds.

I am deleting Provision 1 to conform to this action.

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I delete Provision 2.

Schedule (5) provides $500,000 for the Department to acquire park property that may be available through an opportunity purchase. Provision 2 would specify that these funds be used to acquire Burdell Island ($130,000) and Mt. Barney Island ($70,000).

I am deleting Provision 2 because projects should be submitted for consideration during the normal budget development process so they may be reviewed and evaluated in the context of competing needs for available fund sources.

Item 3790-301-786—For capital outlay, Department of Parks and Recreation. I reduce this item from $3,056,000 to $2,956,000 by deleting:

(12) 90.5X.205-Marconi Conference Center-Minor Projects ($100,000)

I am deleting the $100,000 legislative augmentation for the Marconi Conference Center from the California Wildlife, Coastal, and Park Land Fund of 1988. This project should be submitted for consideration during the normal budget development process so it may be reviewed and evaluated in the context of competing needs for available fund sources.

Item 3860-001-001—For support of Department of Water Resources. I am revising this item by reducing:

(a) 10-Continuing Formulation of the California Water Plan from $17,690,000 to $17,316,000, and

(p) Amount payable from the Renewable Resources Investment Fund (Item 3860-001-940) from −$2,548,000 to −$2,174,000.

I am revising this item to conform to the action taken in Item 3860-001-940.

Item 3860-001-940—For support of Department of Water Resources. I reduce this item from $2,548,000 to $2,174,000.

I am reducing this item by $374,000 to provide revised funding for programs and activities related to the Water Conservation Program. This revision is necessitated by

a reduction in revenues from the Geothermal Resources Development Account which provides revenues to the Renewable Resources Investment Fund.

Item 3860-011-144—For transfer of $6,000,000 to the General Fund from the California Water Fund. I delete this item.

I am deleting this transfer from the California Water Fund because there is not an adequate reserve to fund the proposed transfer and to retain it would necessitate reductions to other high priority programs.

Item 3940-001-001—For support of State Water Resources Control Board. I revise this item by reducing:

(a) 10-Water Quality from $220,426,000 to $219,926,000,

(j) Amount payable from the Bay Protection and Toxic Cleanup Fund (Item 3940-001-282) from −$4,520,000 to −$4,020,000,

and by deleting Provision 3.

I am deleting the $500,000 legislative augmentation to conduct an epidemiological study to determine the health effects of urban runoff on swimmers at urban beaches. This study has not been reviewed and evaluated in the context of competing needs for funds from this source.

I am deleting Provision 3 which provides that the second half-year of expenditure authority for the Board would not be available until the Board had complied with Provision 2 of this item. This provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources.

Item 3940-001-282—For support of State Water Resources Control Board. I reduce this item from $4,520,000 to $4,020,000 and delete Provision 1.

I am reducing this item by $500,000 to conform to the action I have taken in Item 3940-001-001.

I am deleting Provision 1 to conform to this action.

Item 4130-001-632—For support of Health and Welfare Agency Data Center. I delete Provision 3.

This provision restricts client agencies from determining the appropriate source of funding when considering participation in the pilot program and creates an undue hardship upon the Health and Welfare Agency Data Center to account for the Info/California pilot project apart from existing data services. The language also limits the content of data applications which could deter cities, counties and special districts from participating in the Info/California pilot project. Info/California can result in cost savings by reducing salary costs and providing a more efficient method of delivering State and local services to the people of California. In this year of reduced resources, client agencies will require maximum flexibility in order to fulfill their mandates and manage increasing workload.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs. I delete Provision 4.

Provision 4 would require the Department of Alcohol and Drug Programs to subvene to counties, pursuant to its existing subvention formula, any unexpended funds from Item 4200-101-001, Budget Act of 1992. Traditional practice is to revert any General Fund subvened to counties but not spent in the year for which it was intended. Given the current constraints on the General Fund, this practice must be continued with regard to savings from the 1992–93 fiscal year. However, I concur with the agreement which has been reached to statutorily expand the net negotiated amount pilot project statewide. This project will enable counties to retain unspent General Fund for approved program services beginning in 1993–94.

Item 4200-101-890—For local assistance, Department of Alcohol and Drug Programs. I delete Provisions 4 and 5.

Provision 4 would require the Department of Alcohol and Drug Programs to subvene to counties, pursuant to its existing subvention formula, any unexpended funds from Item 4200-101-890, Budget Act of 1992. The provision would create ineq-

uities among counties by precluding the Department from returning unspent funds to the county of origin. Additionally, it is inconsistent with the agreement reached that would statutorily expand the net negotiated amount pilot project and allow counties to retain unexpended funds for Alcohol and Drug Programs until the following year.

Provision 5 would require that the Department of Alcohol and Drug Programs reach agreement on the methodology for any program reductions with county and association program executives. This provision is likely to result in uncertainty and delays regarding the amount of the allocations to be provided to drug and alcohol treatment and prevention programs. This could, in turn, have a negative impact on client services. This provision unduly restricts the Department's ability to allocate funds. Notwithstanding this deletion, the Department will continue to work with the counties and interested providers on any allocation changes.

Item 4260-101-001—For local assistance, Department of Health Services. I reduce this item from $5,532,058,000 to $5,531,617,000 by reducing:

(a) 20.10.030-Benefits (Medical Care and Services) from $12,926,131,000 to $12,925,249,000, and

(e) Amount payable from the Federal Trust Fund (Item 4260-101-890) from −$8,087,651,000 to −$8,087,210,000.

I am reducing this Item by $441,000 and taking a corresponding action in Item 4260-101-890 by reducing $441,000 in federal funds to conform to my action taken in Item 4300-003-001 to delete the legislative augmentation for health benefits for Department of Developmental Services contracted janitorial employees.

Item 4260-101-890—For local assistance, Department of Health Services. I reduce this item from $8,087,651,000 to $8,087,210,000.

I am deleting the $441,000 legislative augmentation for health benefits for Department of Developmental Services contracted janitorial employees to correspond to my action on this issue in Item 4260-101-001.

Item 4260-111-001—For local assistance, Department of Health Services. I reduce this item from $254,859,000 to $253,058,000 by reducing:

(e) 10.30.060-AIDS from $70,014,000 to $70,013,000,

(f) 20.30-County Health Services from $27,404,000 to $25,604,000,

and by revising Provision 1(c).

I am reducing this item by $1,000 for the AIDS program due to language added by the Legislature which would have required the Office of AIDS to fund two projects which otherwise would not be eligible for funding because applications were not submitted for these projects. This action would take funding away from other meritorious projects which competed for resources through the appropriate available mechanism as well as from other higher priority projects of a statewide nature.

I am revising Provision 1(c) to conform to this action.

"1. (c) The Office of AIDS shall fund a media campaign, augment technical assistance, or fund the State Department of Education for a school-based AIDS education program only after funding is provided at the minimum level to (1) all proposals submitted in response to the Education and Prevention Request for Proposal by applicants that either (i) received a passing score, met other performance criteria, and received a notice of intent to award or (ii) received a passing score, met performance criteria, and were contractors during the 1992-93 fiscal year~~, and (2) all projects that operated a school based AIDS education pilot, were contractors during the 1992-93 fiscal year and met performance criteria.~~"

I am deleting the legislative augmentation of $1,800,000 which would increase the funding made available for the County Medical Services Program. Due to limited state resources, this action is necessary to protect vital programs. Even with this reduction, the County Medical Services Program will receive $20.2 million from the

General Fund. These resources, in conjunction with other state and local resources, should provide funding for necessary services while the State and counties continue to address long-term restructuring of the overall program.

Item 4300-003-001—For support of Department of Developmental Services, for Developmental Centers. I reduce this item from $14,877,000 to $14,809,000 by reducing:

(a) 20-Developmental Centers Program from $558,489,000 to $557,539,000, and

(b) Reimbursements from −$538,646,000 to −$537,764,000.

I am deleting the $950,000 legislative augmentation ($68,000 General Fund and $882,000 reimbursements) which was intended to fund health benefits for janitorial staff at the Developmental Centers. Contract janitorial staff have been employed at the Developmental Centers since January 1987. Since that time, contracts for these services have been awarded in accordance with existing State contract guidelines and policies which place responsibility for the provision of health benefits with the contractor. In view of these facts, and the ongoing fiscal crisis facing the State, I cannot approve this augmentation.

Item 5100-492—Reappropriation, Employment Development Department. I delete Provision 1 of this item.

I am deleting Provision 1 which provides for an allocation of $2,600,000 to fund the Industry Education Council of California's "Los Angeles Job Journal Employment Network" Program. While the objective of this program is admirable, this language would limit the use of funds already allocated and necessary to support training and employment services in connection with economic recovery from the civil unrest in the Los Angeles area. This provision restricts my authority to prepare a budget and administer programs in a manner which reflects spending priorities that have been jointly developed with the Los Angeles community. If additional funding becomes available, this proposal from the Council should be considered along with other proposals based on the merits of each and the needs of the community.

Item 5240-101-001—For local assistance, Department of Corrections. I reduce this item from $29,037,000 to $29,036,000 by reducing:

(b) 31-Community Correctional Program from $19,598,000 to $19,597,000,

and by revising Provision 1.

I am reducing this item by $1,000 and revising Provision 1(d) which would allow an exemption to the $59 per day cap on parolee detention costs for those local jurisdictions for which court orders produce detention costs above this level and would thereby increase expenditures from this item by at least $1,000. It would be administratively difficult to determine the actual amounts of such court mandated costs and would effectively hold counties partially harmless from the effects of lawsuits regarding jail management and conditions of confinement. This cap is intended as a fiscal incentive to counties to expedite the movement of prison bound inmates from expensive jail cells to less expensive state prison confinement. It would not be cost-effective to reimburse local jail costs at a daily rate which significantly exceeds the cost of housing an inmate in state prison.

"d. To reimburse counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code. Claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred. Claims filed by local jurisdictions may not include booking fees, may not recover detention costs in excess of $59 per day, and shall be limited to the detention costs for those days on which parolees are held subject only to a Department of Corrections request pursuant to subdivision (b) of Section 4016.5 of the Penal Code. ~~The Department of Corrections may reimburse a local jurisdiction at a higher daily detention cost rate, if that higher rate is based on a court order against the local government and results in daily operating expenses exceeding $59.~~ Expenditures shall be charged to either the fiscal year in which the claim is received by the Department of Corrections

or the fiscal year in which the warrant is issued."

Item 5240-303-746—For capital outlay, Department of Corrections. I delete Schedules one through nine and Provision 4 of this item.

I am deleting the capital outlay project Schedule to allow for a single capital outlay appropriation for the preliminary plans, working drawings, and construction phases to construct an electrified perimeter fence system at the following institutions: California Correctional Center, Susanville; California Correctional Institution, Level III, Tehachapi; California Correctional Institution, maximum A & B, Tehachapi; California State Prison, New Folsom; California Institution for Men, Chino; California State Prison, Solano; Richard J. Donovan Correctional Facility at Rock Mountain; Avenal State; and Chuckawalla Valley State Prison. As initially proposed, this project was sufficiently defined as a Capital Outlay Project for the nine institutions. Consequently, the site specific Schedule would unnecessarily restrict the department's ability to manage and construct this project in the manner in which it was proposed. In addition, it could result in increased project costs as well as jeopardize operational savings, based on the deactivation of guard towers, once this system is operational.

I am also deleting Provision 4 to conform to this action. However, consistent with the Legislature's intent, encumbrance of construction funding for the nine projects in this item will not proceed until the electrified fencing project at the Calipatria State Prison has been activated and the guard tower positions have been deactivated.

Item 5440-001-001—For support of the Board of Prison Terms. I reduce this item from $3,363,000 to $3,362,000 and delete Provision 1.

I am reducing this item by $1,000 and deleting Provision 1 because this language requires the Board to implement a new and unbudgeted program to notify each undocumented felon in State prison that he or she may be eligible to return to their country of origin and to encourage such felons to apply for such transfer, a process which will cost at least $1,000. However, because I support all efforts to reduce State costs for undocumented felons, I am also directing the Board of Prison Terms to assist the Department of Corrections in its efforts to obtain federal reimbursements for these costs and to facilitate the return of undocumented felons to serve their sentences in their home country.

Item 5460-001-001—For support of the Department of the Youth Authority. I reduce this item from $282,188,000 to $282,187,000 by reducing:

(b) 30-Parole Services from $38,545,000 to $38,544,000,

and by deleting Provisions 2, 3 and 5.

I am deleting Provision 2 which would require the Department of the Youth Authority to reinstate inspections of local juvenile detention facilities. My action is consistent with the agreement made with the Legislature for the 1992 Budget Act and with the legislation, Chapter 695 Statutes of 1992, which replaced the inspection process with a self-certification process which should be given a reasonable time to function so that its effectiveness can be evaluated.

Provision 3 would require the Department of the Youth Authority to contract with a private provider to identify alternative placement plans for up to 50 wards who would otherwise be committed to its facilities. Alternative placements for juvenile offenders are now addressed by the county probation departments and are considered by the courts prior to committing offenders to the Department. This provision would therefore impinge upon the authority of the courts to make such commitment decisions and lacks a statutory basis.

I am reducing this item by $1,000 and deleting Provision 5 which would require the Department of the Youth Authority to identify options that will result in the continued operation of county juvenile probation camps and ranches, an administrative process which is estimated to cost at least $1,000. The Department of the Youth Authority maintains an ongoing dialogue with representatives of local law enforcement, juvenile probation and juvenile courts on placement options for juvenile offenders which makes this language unnecessary. The need for a formal report to

the Legislature is further mitigated by the provision of an additional $33,000,000 for county juvenile camps and ranches in Item 5460-101-001 which I have agreed to sustain.

Item 6110-001-001—For support of Department of Education. I delete Provision 13.

I am deleting Provision 13 which would specify that no funds shall be made available to the State Board of Education if any Department of Education positions are transferred or otherwise assigned or redirected to the Board, other than those positions that were assigned to the Board in 1992–93.

This language could inappropriately prevent the Board from performing its constitutionally-mandated activities.

Item 6110-001-890—For support of Department of Education. I delete Provision 8.

I am deleting Provision 8 to conform to the action I have taken in Item 6110-001-001.

Item 6110-161-001—For local assistance, Department of Education (Proposition 98), Program 10.60—Special Education Programs for Exceptional Children. I revise Provision 12.

Provision 12 specifies that $17,556,000 is to be expended for special education entitlements and shall not be applied toward program growth units. This augmentation was necessary to fund the statutory entitlement for special education and was based on prior year entitlement increases. I am reducing the specified amount in this provision to $16,417,000 because increases in budget year property taxes allocated to special education programs reduces the amount of General Fund necessary for this program. This language change conforms to dollar changes already reflected in the appropriation total.

"12. Of the funds appropriated in this item, ~~$17,556,000~~ *$16,417,000* shall be expended to fund special education entitlements for the 1993–94 fiscal year at the level at which those entitlements were calculated for each recipient for the 1992-93 fiscal year. This expenditure shall not be applied to fund program growth between the 1992–93 fiscal year and the 1993–94 fiscal year."

Item 6110-161-890--For local assistance, Department of Education, payable from the Federal Trust Fund, Program 10.60—Special Education Programs for Exceptional Children. I revise Provision 11.

Provision 11 would allow no more than $16,684,932 of PL 94-142 funds be expended for the federal special education preschool program. Current statute requires that this program be terminated if not fully funded through federal sources. By using PL 94-142 supplemental grant increases to fund a portion of this program, California has been able to continue to provide the necessary services to disabled preschool children. The language added by the Legislature could jeopardize the State's ability to dedicate the amount of funding needed to continue this preschool program for disabled children.

"11. ~~No more than $16,684,932 of the federal funds made available under Public Law 94-142 shall be expended for purposes of the special education Preschool Program.~~ The Department of Education shall develop a proposal to ensure that Preschool Program expenditures do not exceed the amount of funding made available in this item, and, no later than January 1, 1994, shall submit to the Joint Legislative Budget Committee a report describing that proposal."

Item 6110-166-890—For local assistance, Department of Education. I delete Provision 4.

I am deleting Provision 4 which would require local educational agencies in receipt of specified federal vocational education funds to expend the funds for vocational education services for disabled pupils. While I am interested in ensuring that the vocational education needs of disabled pupils are met, the sponsors who requested that the Legislature add this language have since recognized that this requirement is

not in conformance with the State plan for vocational education and could generate a federal audit exception. A federal audit exception could result in the loss of some or all of these federal funds. Therefore, the sponsors have indicated that this language is not needed, and that they have arrived at an administrative solution to this issue.

Item 6440-301-791—For capital outlay, University of California. I delete this item and Provision 1.

I am deleting funding for the environmental impact report of the proposed "Tenth Campus" since the U.C. Regents have indicated they will not be pursuing the addition of this new campus in the immediate future.

I am deleting Provision 1 to conform to this action.

Item 6610-001-001—For support of the California State University. I revise Provision 1 and delete Provision 5.

I am revising Provision 1 which would require the California State University to notify the Legislature at least 30 days prior to any action increasing compensation. I believe this language is unduly restrictive and could hamper the ability of the California State University Trustees to manage their affairs in the most effective manner possible. Flexibility is especially important in this time of fiscal constraints.

"1. The appropriations in this item are exempt from Section 31.00 of this act, except as provided by the applicable sections of the Government Code referred to in Section 31.00. ~~If the California State University elects to expend funds appropriated in this item for increases in salary ranges or any other employee compensation purpose in the 1993-94 fiscal year, the university shall provide written notification, at least 30 days prior to implementation of that decision, to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or within any lesser time as determined by the Chairperson of the Joint Legislative Budget Committee or his or her designee. This written notification shall describe in detail the proposed increases in salary ranges or other employee compensation proposed to be funded and the associated cost, and shall indicate whether that action will result in the requirement of additional funding for the 1994-95 fiscal year. If additional funding will be required for this purpose for the 1994-95 fiscal year, the written notification shall include an estimate of the amount of that funding and the university's intended source for that funding.~~"

I am deleting Provision 5. This provision would restrict the flexibility of the Trustees to effectively and most efficiently administer the funding appropriated to the California State University.

Item 6870-301-705—For capital outlay, Board of Governors of the California Community Colleges. I delete Provision 1.

I am deleting Provision 1 which relates to the Grossmont-Cuyamaca Campus Entrance project because it would unnecessarily delay the construction of this project.

Item 6870-301-791—For capital outlay, Board of Governors of the California Community Colleges. I am allowing the funding for these equipment requests to stand because of extraordinary circumstances, particularly those related to the availability of job-training opportunities in the Rebuild LA area. Nonetheless, I have serious concerns about the policy implications of this decision and do not wish for anyone to think otherwise. The state's policy has been that funding for replacement equipment not directly related to capital outlay projects should be provided by the support budgets of the institutions, rather than the state.

Although I am allowing these projects to retain funding, I do not intend to support similar requests in the future.

Item 7980-001-001—For support of the Student Aid Commission. I reduce this item from $3,169,000 to $3,094,000 by reducing:

(a) 15-Financial Aid Grants Program from $3,230,000 to $3,155,000, and by deleting Provision 1.

I am deleting the legislative augmentation of $75,000 and 1.5 personnel years, which would provide funding for six months of administrative expenses for the proposed California Work-Study and Community Services Program. While the goal of the proposed program is worthwhile, it would be more appropriate to include funds for administrative expenses in the pending legislation that would establish the California Work-Study and Community Service program.

I am deleting Provision 1 to conform to this action.

Item 8100-011-241—For transfer from the Local Public Prosecutors and Public Defenders Training Fund to the General Fund. I delete this item.

I am deleting this item, which would transfer $142,000 from the Local Public Prosecutors and Public Defenders Training Fund to the General Fund, because such a transfer would unnecessarily intrude on the ability of the Office of Criminal Justice Planning to properly manage this training fund. This amount represents a reasonable and minimum prudent reserve.

Item 8100-490--Reappropriation, Office of Criminal Justice Planning. I delete this Item.

Gang activity inflicts great pain and suffering upon California's communities. The costs in terms of lost lives, increased crime, and wasted opportunity for our youth is staggering. In Los Angeles County alone, it is estimated that there are over 100,000 active gang members.

It is critical that the State assist local communities to develop innovative solutions that support and encourage alternatives to gangs for our youth. The Office of Criminal Justice Planning (OCJP) has undertaken a new effort to fund anti-gang suppression activities statewide. It is my belief that a primary focus of our efforts must be Los Angeles County, where the gang problem is most severe.

Accordingly, I support the goals of Hope in Youth to provide alternatives to youth who wish to leave gangs through strengthening and empowering families and community in Los Angeles. However, I am concerned that the Conference Committee chose to provide funds to Hope in Youth at the expense of worthwhile proposals submitted to OCJP by other needy communities.

Therefore, I am deleting this item with the following instructions. I have directed the OCJP to award $400,000 of these funds in the 1992–93 fiscal year to the Hope in Youth Campaign. I have also directed the OCJP to allocate the remaining $2.0 million consistent with the original plan developed jointly by the Administration and members of the Legislature to promote drug-free environments through joint school and law enforcement community revitalization efforts. Further, I am willing to sign separate legislation that provides $1.6 million in additional state support to Hope in Youth beyond this initial $400,000 appropriation.

Item 8350-001-913—For support of Department of Industrial Relations. I reduce this item from $884,000 to $883,000, and delete Provision 3.

I am deleting Provision 3 which would require the Department to provide funding within its existing resources for the operation and maintenance of a permanent automated data base to assist the Targeted Industries Partnership Program (TIPP) in its investigative and enforcement activities. I am reducing this item by $1,000 to reflect the minimum costs necessary to begin to meet this requirement. The proposed data base could cost as much as the entire amount budgeted for TIPP. Therefore, compliance with this language could preclude the Department from conducting enforcement and investigative activities. The automation proposal should be thoroughly reviewed through the Feasibility Study Report process by the Department of Finance to evaluate both its fiscal and program implications and to determine the most appropriate automation approach.

Item 8660-001-412—For support of Public Utilities Commission. I delete Provision 1.

This provision would require the Public Utilities Commission to prepare, without resources, an audit of the unfunded rail safety program (Fund 461) by December 1, 1993.

I am deleting Provision 1 because the Public Utilities Commission would have no resources to prepare the audit or to implement the audit recommendations.

Item 8730-001-001—For support of Commission on State Finance. I reduce this item from $710,000 to $178,000 by reducing:

(a) 10-Commission on State Finance from $710,000 to $178,000.

I am substantially reducing funding for this Commission with the intent that the Commission phase out its operations by the end of the first quarter of this fiscal year. This action is consistent with efforts to downsize state government and eliminate boards and commissions which duplicate the functions of other state agencies. I am leaving $178,000 in this item, however, so that the Commission can liquidate any obligations incurred during the phase-out of the Commission.

Item 8885-111-001—For local assistance, Commission on State Mandates (Proposition 98). I reduce this item from $136,214,000 to $130,579,000 by deleting:

(10) 61.00.089.477-Proficiency in Basic Skills ($5,635,000),

and by deleting Provision 5.

I am deleting schedule (10) and reducing the item by $5,635,000 as a technical correction in order to conform with the Legislature's action in Senate Bill 399 of repealing the "Proficiency in Basic Skills" mandate by deleting the funding for that mandate in this item. I understand that it was legislative intent to delete funding in this budget item consistent with its action to repeal the mandate but that the $5,635,000 was inadvertently printed in error in the budget bill.

I am deleting Provision 5 which would prohibit any of the funds appropriated in Schedule (11) of this item to reimburse school districts for their costs of mandated collective-bargaining activities under the Rodda Act from being used by any district with an average daily attendance of 20,000 or more to contract for professional or legal consultant services in the areas of negotiations, mediation, or impasse procedures.

I am deleting this provision because it would unduly restrict a school or community college district's authority to consider operational alternatives which may prove to be beneficial and less costly to them and, ultimately, to the State. This restriction is inconsistent with current law which allows each district to choose how it will conduct labor negotiations. I am not aware of any analysis which indicates that obtaining these services under contract is less effective or more expensive than obtaining them in some other manner.

Item 8940-001-001—For support of Military Department. I delete Provision 3.

I am deleting Provision 3 which would suspend the temperature requirements to operate the Temporary Emergency Shelter program. This program is operated under the executive authority of the Administration, and therefore does not require legislative authority to change temperature requirements.

Item 9896-011-164—For transfer to the General Fund. I reduce this item from ($10,032,000) to ($9,782,000).

I am reducing the transfer to the General Fund in order to maintain a prudent reserve of $250,000 to address any augmentations that may arise from the capital outlay projects funded from the Outer Continental Shelf Lands Act Section 8(g).

SEC. 6.10—Related to maintenance funding. I delete this Control Section.

This section would require that funds included in any appropriation in this Act that are to be expended to maintain state facilities or infrastructure shall not be used for any other purpose.

I am deleting the section because it would limit flexibility and options in managing operations at a time when departments are being asked to manage within reduced fiscal resources.

SEC. 9.10—Related to the Supplemental Report of the Committee on Conference

on the Budget Bill. I delete this Control Section.

I am deleting this section because to do otherwise would imply that I concur with the contents of this report. It is unreasonable to expect State agencies to respond to special requests during a year when budget reductions severely impact their ability to perform required statutory duties.

SEC. 11.50—Transfers pursuant to Section 6217 of the Public Resources Code.

I am revising Section 11.50 by reducing the amount of Tidelands Oil Revenue to be allocated to the General Fund from $54,217,000 to $51,000,000, as follows:

(d) Notwithstanding any other provision of law, the sum of ~~fifty-four million two hundred seventeen thousand dollars ($54,217,000)~~ fifty-one million dollars ($51,000,000) shall be allocated to the General Fund for the 1993–94 fiscal year from tidelands oil revenue otherwise subject to Section 6217 of the Public Resources Code.

This reduction will provide for a prudent reserve to meet any unanticipated cost increases for capital outlay projects funded from this fund source in the current and budget years.

SEC. 12.32—Proposition 98. I revise this Control Section by deleting subsections (e) and (g).

I am deleting the language in subsection (e) which would defer the 1993–94 loan repayment for the Perris Union High School District. Due to a feeder elementary district's unification, Perris Union saw a decline in average daily attendance (ADA) and requested assistance from the State for the 1991–92 fiscal year. The 1991 Budget Act provided such assistance in the form of an artificial increase to the district's ADA for that year, with a reduction to ADA, as a loan repayment, over the subsequent five years. It is my understanding that the district's financial plan provides for a 1993–94 loan repayment while maintaining a balanced budget. Based on such evidence, and a commitment by the district to the initial agreement, I believe that the repayment schedule should be followed.

I am deleting the language in subsection (g) that would provide a permanent necessary small school augmentation for the Hemet Unified School District. Previous legislation provided such an augmentation for the Hamilton School in that district for fiscal years 1991–92 through 1993–94 only. The district's size would preclude it from receiving this additional revenue otherwise. In keeping with the provisions of the original legislation, and in view of the size of Hemet Unified, placing it well over the necessary small school eligibility threshold, the district should manage its budget based on the regular per pupil base revenue limit, as is the case for other districts of similar size.

SEC. 13.81—Related to transfer to the General Fund of the unencumbered balances of specified funds as of June 30, 1994. I revise this Control Section by deleting the following Schedules:

(1) 251—Public Facilities and Local Agency Disaster Response ($969,000),

(2) 254—Street and Highway Account (NDAF) ($1,044,000).

The funds in the Public Facilities and Local Agency Response Account and the Street and Highway Account, Natural Disaster Assistance Fund, by June 30, 1994 will consist entirely of money derived from the Disaster Relief Fund. The Disaster Relief Fund contains the proceeds of the quarter cent sales tax which is dedicated to recovery from the Loma Prieta Earthquake. The quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

SEC. 21.50—Related to AIM funding redirected to the Child Health and Disability Prevention Program (CHDP). I delete this Control Section.

I am deleting this Control Section because it would transfer $4,000,000 from the Access for Infants and Mothers (AIM) program administered by the Major Risk Medical Insurance Board to the Child Health and Disability Prevention Program administered by the Department of Health Services. The AIM program has demonstrated its value by providing subsidized health insurance for lower income pregnant

women and their infants, thus improving the health outcomes for those infants. Since the AIM program opened for enrollment in January, 1992, over 10,000 women and 4,500 infants have been enrolled. This redirection of AIM funding would jeopardize the program's ability to expand enrollment. My veto has the potential to cause a General Fund deficiency in the CHDP program, and that possibility will be assessed as caseload estimates are reviewed this Fall.

SEC. 31.50—Related to the elimination of General Fund positions vacant from July 1, 1992 to March 15, 1993. I delete this Control Section.

I am deleting this section as there could be legal consequences if a department made a hiring commitment, or subsequent to March 15, 1993, filled one of the positions. Further, existing statute already provides for elimination of positions which are continuously vacant for the last nine months of a fiscal year.

With the above deletions, revisions and reductions, I hereby approve Senate Bill 80.

PETE WILSON, Governor

3 I am reducing the non-Proposition 98 General Fund appropriation contained in Section 1(a) 1 of Senate Bill No. 543 by a net amount of $112,768,000 to reflect more recent estimates of need.

Reductions can be made for the following six programs:

The Health Services' deficiency for utilization of Medi-Cal benefits is lower than originally estimated by $60,580,000.

Funding requirements for social services SSI/SSP program deficiency is lower than originally estimated by $33,886,000.

The deficiency of $19,000,000 for the Renters' Tax Relief Program is no longer necessary.

The Correction's deficiency for custody and support staff can be reduced by $5,115,000.

The Health Services deficiency of $1,665,000 for Family Health Programs is no longer necessary.

The Social Services' deficiency for the Community Care Licensing program can be lowered by $49,000.

I have offset a portion of the above reductions by the following increased needs:

An additional $6,071,000 is needed for the Board of Equalization to fund a shortfall in reimbursements from local government.

An additional $1,033,000 is needed for the Military Department for funding civil disturbance preparation costs.

An additional $423,000 is needed for the Department of Rehabilitation's Support Employment Programs.

With these net reductions of $112,768,000, I approve Senate Bill No. 543.

PETE WILSON, Governor

4 I am deleting the $2,511,000 from the General Fund appropriation contained in Section 4 of Assembly Bill No. 2097.

This bill will extend statutory authority for the state to settle tax matter disputes from June 30, 1993 to June 30, 1994.

I am signing this bill because it is part of the budget solution; however, Section 4 is unnecessary because funding for this purpose was previously appropriated in Chapter 75, (Assembly Bill 102), Statutes of 1993.

With the above deletion, I hereby approve Assembly Bill No. 2097.

PETE WILSON, Governor

5 Senate Bill 76 appropriates funding to pay claims approved by the Board of Control.

I believe that one of the claims included is inappropriate and I am therefore reducing the total appropriated amount from $2,380,263.63 to $2,378,480.01.

I am reducing the General Fund appropriation from the Department of Health Services 1993 Budget by $1,783.62 to conform to my veto of claim number G260565. The Department of Health Services reports that the claimant could have avoided incurring these costs by verifying the types of health benefits available to her with the appropriate personnel rather than relying on the erroneous information provided by an unqualified fellow employee.

With this reduction, I approve Senate Bill 76.

PETE WILSON, Governor

6 I am deleting the $300,000 appropriation from the Teacher's Retirement Fund contained in Senate Bill No. 698.

While it is appropriate to give school districts and community colleges the opportunity to preserve the retirement benefits of their teachers in these difficult fiscal times, the $300,000 appropriation is not justifiable.

The bill provides for participating school districts and community colleges to pay the administrative costs of the program and at the same time appropriates $300,000 from the Teachers' Retirement Fund for this same purpose.

With this deletion, I approve Senate Bill No. 698.

PETE WILSON, Governor

7 I am deleting the $100,000 appropriation from the Teachers' Retirement Fund contained in Assembly Bill No. 447.

This bill would create a new service program for inactive members of the State Teachers' Retirement Fund (STRS) and would relieve STRS from issuing annual statements of account to both active and inactive members for which STRS does not have an address.

I understand that STRS has sufficient administrative flexibility to fund the costs related to this bill from within its existing resources.

With this deletion, I approve Assembly Bill No. 447.

PETE WILSON, Governor

enterprise zones. See ENTERPRISE ZONES.
historic zones, 831
hospital districts: division into zones, 815
los angeles revitalization zone, 18, 879
ordinances, zoning: cities and counties: multifamily dwellings, 969
solid waste: recycling market development zones, 733

STATUTORY RECORD

1989–1993

STATUTORY RECORD

1989–1993

Abbreviations for Effects

Ad	=Added
Ad (RN)	=Added by Renumbering
Am	=Amended
Art.	=Article
Ch.	=Chapter
Div.	=Division
Inc. Ref.	=Incorrect Reference
Pt.	=Part
R	=Repealed
Am & RN	=Amended and Renumbered
S	=Supplemented (See below)
Sec.	=Section
Stats.	=Statutes
*	=Urgency
GRP.	=Governor's Reorganization Plan

Abbreviation for Resolution Chapters is an "R" followed by the Resolution Chapter number in the Chapter column.

SUPPLEMENTS

CODIFIED SECTIONS	"S" denotes a placeholder for superior notes. This is not the latest amended form.
STATS OTHER THAN CODES	If the "S" has a superior note attached it is a placeholder for the superior note reference to an effect on a new or existing law. If the "S" does not have a superior note attached it is a reference to a budget augmentation, reappropriation, or reversion.
BUDGET	A reference to an augmentation, reappropriation, or reversion. This is not the latest amended form.

NOTE: Superior numbers appear as a separate section at the end of the Statutory Record.

1989–1993 Superior Numbers

* Effective immediately.
GRP Governor's Reorganization Plan No. 1 of 1991.
1 Article shall remain in effect until 365th day following receipt by Legislature of last report to be submitted pursuant to H&SC Sec. 1339.34, and on that date is repealed.
2 Applicable in computation of taxes for taxable years beginning on or after January 1, 1988.
3 Contingent effect.
4 Operative March 7, 1989.
5 Repeal operative June 30, 1991.
6 Operative May 1, 1989.
7 Operative July 1, 1989.
8 Operative May 3, 1989.
9 Operative July 5, 1989.
10 Operative until October 1, 1990.
11 Repeal operative January 1, 1991.
12 Repeal operative December 1, 1990.
13 Repeal deleted by amendment.
14 Repeal operative July 1, 1992.
15 Repeal operative July 1, 1993.
16 Operative January 1, 1993.
17 Operative September 1, 1989.
18 Section shall not be operative in any county until board of supervisors, by resolution adopted by a majority vote, makes this section operative in that county.
19 Repeal operative January 1, 1993.
20 Operative January 1, 1991.
21 Effective until January 1, 1991.
22 Not operative.
23 Operative because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
24 Operative on the July 1 following the date on which the act takes effect.
25 Repeal inoperative because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
26 Operative July 1, 1990, because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
27 Not operative because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
28 Approved by voters at June 5, 1990 election, Proposition 108.
29 Rejected by voters at November 3, 1992, election, Proposition 156.
30 Effective upon adoption by voters of Passenger Rail and Clean Air Bond Act of 1994 at November 8, 1994, general election.
31 Operative June 30, 1993.
32 Effective July 1 next following the date on which measure is approved by the electors.
33 Operative August 1, 1990, because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
34 Operative June 6, 1990, because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
35 Operative July 1, 1994, because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
36 Repeal operative January 1, 1995.
37 Operative because SCA 1 (Stats. 1989, Res. Ch. 66) was adopted June 5, 1990, as Proposition 111.
38 Operative July 1, 1990.
39 Subdivisions (a), (c), (d), and (e) of this section shall remain operative until July 1, 1990. Subdivision (b) of this section becomes operative on July 1, 1990.
40 Repeal operative January 1, 2000.

41 Repeal operative January 1, 1994.
42 Operative January 1, 1994.
43 Repeal operative January 1, 1992.
44 Repeal operative June 30, 1992.
45 Inoperative June 30, 1994.
46 Repeal operative July 1, 1996.
47 Operative July 10, 1989.
48 Operative until June 30, 1993.
49 Repeal operative January 1, 1994.
50 Inoperative June 30, 1991.
51 Repeal operative January 1, 1997.
52 Operative January 1, 1990.
53 Repeal operative January 1, 1990.
54 Operative July 1, 1991.
55 Repeal deleted by amendment.
56 Effective until January 1, 1991.
57 Termination date repealed.
58 Repeal operative July 1, 1990.
59 Inoperative October 1, 1992.
60 Operative until July 1, 1993.
61 Repeal operative June 30, 1993.
62 Subdivisions (a) to (d), inclusive, shall only become operative if federal funds are available to the department for the purposes specified in this section, as determined by the department.
63 Operative January 1, 1992.
64 Repeal operative January 1, 1994.
65 Effective August 27, 1992.
66 Inoperative July 1, 1990.
67 Any section of any act enacted by the Legislature during the 1989 calendar year, which takes effect on or before January 1, 1990, which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act.
68 Operative August 15, 1990.
69 Inoperative July 1, 1991.
70 Repeal operative January 1, 1996.
71 Inoperative July 1, 1995.
72 Subdivision (b) operative until January 1, 1992.
73 Any section of any act enacted by the Legislature during the 1989 calendar year, which takes effect on or before January 1, 1990, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
74 Operative June 1, 1990.
75 Inoperative July 1, 1993.
76 Inoperative June 30, 1995.
77 Repeal operative June 30, 1990.
78 Operative July 1, 1996.
79 Operative January 1, 1997.
80 Operative September 22, 1989.
81 Repeal operative December 31, 1992.
82 Not operative.
83 Inoperative June 30, 1993.
84 Operative July 1, 1990.
85 Repeal operative December 1, 1994.

86 Inoperative August 1, 1994.
87 Repeal operative December 1, 1992.
88 Operative on 1st day of the 1st calendar quarter commencing more than 90 days after the effective date.
89 Operative only in San Diego County and upon adoption by Board of Supervisors of resolution implementing provisions of act solely at county cost.
90 Repeal operative September 28, 1991.
91 Subdivisions (d), (e), (f), and (g) effective only until September 30, 1990, and as of that date shall become inoperative.
92 Subdivision (b) shall remain operative only until January 1, 1993.
93 Repeal operative January 2, 1996.
94 Operative January 1, 1996.
95 Subdivision (d) shall become operative January 1, 1991, and shall become inoperative on January 1, 1994.
96 Inoperative July 1, 1992.
97 Operative 30 days following court approval of a specified consent decree, but in no event earlier than July 1, 1990.
98 Effective on or after December 1, 1990, for as long as Sec. 42 of the Internal Revenue Code, pertaining to low-income housing credits, remains in effect.
99 Subdivision (d) shall become inoperative January 1, 1993.
100 Inoperative date not applicable.
101 CCP 708.730 (d) inoperative January 1, 1994.
102 CCP 708.780 (c) inoperative January 1, 1994.
103 Inoperative if moneys are not transferred to the fund pursuant to Section 51659 for the purposes defined in Section 51950.
104 Repeal operative August 31, 1992.
105 Operative January 1, 1991.
106 In effect only until January 1, 1991, or until effective date of rules and regulations adopted by State Board of Forestry pursuant to SB 1566, 1989–90, whichever date occurs first, and as of that date is repealed.
107 Operative until January 1, 1993.
108 Operative until July 1, 1991.
109 Subd. (d) adopted June 30, 1990, and effective July 1, 1990. Subd. (e) adopted June 30, 1991, and effective July 1, 1991.
110 Repeal operative July 1, 1991.
111 Repeal operative January 1, 2005.
112 If electors do not approve the imposition of the special tax provided for by Ch. 5 (commencing Sec. 35170), PRC, this division is repealed as of the date county certifies election results and authority is abolished on that date.
113 Operative until January 1, 1990.
114 This section shall become operative only upon the receipt by the Secretary of State of the notice specified in subdivision (g) of Sec. 13353, as added by Sec. 4 of SB 1623 of the 1989–90 Regular Session.
115 Repealed upon amendment of California Constitution to authorize imposition or increase of property taxes to pay interest and redemption charges on bonded indebtedness incurred by school districts for acquisition of real property or construction, reconstruction, or rehabilitation of school facilities.
116 Section shall take effect only if bill of 1989–90 Reg. Sess., which increases maximum weekly benefit amount for workers' compensation temporary disability indemnity, is chaptered and takes effect on or before January 1, 1990.
117 Operative January 1, 1995.
118 Provisions reenacting section after its repeal pursuant to Gov. C., Sec. 9611 have been deleted by amendment.
119 Subdivision (d) inoperative July 1, 1990.
120 Subdivision (e) operative July 1, 1990.
121 Operative March 2, 1992.
122 Subdivision (d) inoperative January 1, 1994.
123 Repeal operative August 28, 1996.
124 Operative August 28, 1996.

125 Upon repeal, section as it existed prior to enactment of this temporary provision shall have the same force and effect as if this temporary provision had not been enacted.
126 Operative on January 1, 1991, or 60 days after the initial set of regulations adopted pursuant to H & SC Sections 1011 and 1012 becomes effective, whichever is later.
127 Repeal operative August 31, 1995.
128 Effective for 1990–91, 1991–92, 1992–93, 1993–94, and 1994–95 school years.
129 Repeal operative April 1, 1990.
130 Operative April 1, 1990.
131 Subdivision (f) shall become operative on January 1, 1991, and shall become inoperative on January 1, 1992.
132 Subdivision (g) shall become operative on January 1, 1992.
133 Repeal operative January 1, 1998.
134 Retroactive to June 1, 1988.
135 Inoperative July 1, 1991, or on date Ed C Section 84750 is implemented by board of governors in accordance with Section 70, Chapter 973, Statutes of 1988, whichever is later.
136 Article shall not be repealed and shall remain in effect on January 1, 1998.
137 Effective only until certification to Secretary of State that construction project on Route 80 in Contra Costa County to convert existing shoulder to additional traffic lanes is complete and as of the date of that certification is repealed.
138 Chapter operative only if, and at the time that, federal funds are made available.
139 Operative only if funds are specifically appropriated for purposes of section.
140 Operative December 31, 1992.
141 Subdivision (c) inoperative January 1, 1992.
142 Not operative in calendar years in which contribution rates Schedules E and F in UIC Section 977 are in effect, or in calendar years to which the emergency solvency surcharge provided in Section UIC 977.5 is in effect.
143 Repeal operative one year from date section becomes effective or when California Supreme Court decision on appellate court case of 1st Street Books v. Marin Community College District (208 Cal. App. 3d 1275, review granted 6-22-89 (S009983)) becomes final, whichever occurs last.
144 Effective until July 1, 1991, or until chancellor's office of California Community Colleges has concluded processing of credentials.
145 Operative June 30, 1990.
146 Repeal operative December 31, 1993.
147 Repealed one year after its effective date.
148 Repeal operative December 1, 1996.
149 This section shall become operative only upon the receipt by the Secretary of State of the notice specified in subdivision (g) of Sec. 13353, as added by Sec. 4 of Senate Bill 1623 of the 1989–90 Regular Session.
150 Inoperative June 30, 1994.
151 Repeal operative December 31, 1990.
152 Subdivision (c) shall become inoperative January 1, 1992.
153 Operative because Board of Supervisors of Los Angeles County adopted a resolution making the act applicable to that county.
154 Applicable to property taxes levied for 1996–97 fiscal year and fiscal years thereafter.
155 Subds. (j) and (k) operative only if, and at the time that, federal funds are made available for purposes of those subdivisions.
156 Effective only when approved by voters.
157 Repeal operative December 31, 1994.
158 Inoperative June 30, 1996.
159 Inoperative June 30, 1999.
160 Operative January 1, 2000.
161 Operative December 3, 1990.
162 Subdivisions (c) and (d) shall not become operative until Board of Supervisors has taken the actions required by subdivision (a) of Section 31510.2.
163 Operative December 31, 1993.

164 Operative only to extent funds are appropriated for this purpose in Budget Act.
165 Operative only to extent federal medicaid financial participation is made available pursuant to Subchapter XIX (Sec. 1396 et seq.), Title 42, USC.
166 Operative only to the extent funds are made available in annual Budget Act.
167 Inoperative September 30, 1995.
168 Article repealed three years after operative date.
169 Repealed upon receipt of notice by Secretary of State of determination by director that federal regulations adopted pursuant to Commercial Motor Vehicle Safety Act of 1986 (49 U.S.C. Sec. 2701 et seq.), do not require the state to suspend a person's commercial driver's license if that person refuses to submit to testing of his or her blood for the concentration of alcohol therein.
170 Subdivisions (a) to (k), inclusive, shall become operative on the date the Tucker Health Insurance Act of 1989 becomes operative.
171 Not operative unless Title XIX, federal Social Security Act, is amended to authorize consideration of state community property laws for Medi-Cal eligibility purposes, or federal government authorizes state to apply community property laws in making determination.
172 Subdivision (f) inoperative if federal government amends Title XIX, federal Social Security Act, to allow state community property laws to be considered for Medi-Cal eligibility purposes, or federal government authorizes state to apply community property laws in making determination.
173 Operative until Title XIX, federal Social Security Act, is amended to authorize consideration of state community property law in determining Medi-Cal eligibility, or federal government authorizes state to apply community property laws in making determination.
175 If both this bill and SB 1260 are enacted and this bill is enacted last, this bill does not prevail over SB 1260 and the provisions of both bills shall become operative in a single, unified Division 30 (commencing with Section 40000) of the Public Resources Code.
176 Repeal operative December 1, 1993.
177 Repeal operative December 1, 1991.
178 Applicable to taxable years beginning after December 31, 1989.
179 Applicable to taxable years beginning on or after January 1, 1987.
180 Applicable only to claims for property tax assistance for the 1989–90 fiscal year and fiscal years thereafter.
181 Certain subdivisions operative upon adoption of resolution by Board of Supervisors.
182 Paragraphs (3) and (4) of subdivision (a) operative January 1, 1991, and inoperative January 1, 1994.
183 Operative only to extent full federal financial participation is available.
184 Inoperative July 1, 1996.
185 Subd. (c) inoperative January 1, 1994.
186 Operative on the first day of the first calendar quarter commencing more than 90 days after the State Energy Resources Conservation and Development Commission has made the determination specified in Section 43804.3 of the Health and Safety Code and reported its determination to the State Board of Equalization.
187 Section shall become operative upon receipt by Secretary of State of the notice specified in subdivision (g) of Sec. 13353, as added by Sec. 19 of SB 1119, 1989–90 Reg. Sess.
188 Section shall become operative on January 1, 1992, and shall remain operative until the director determines that federal regulations adopted pursuant to the Commercial Motor Vehicle Safety Act of 1986 (49 U.S.C. Sec. 2701 et seq.) contained in Sec. 383.51 or 391.15 of Title 49 of the Code of Federal Regulations do not require the state to prohibit operation of commercial vehicles when the operator has a concentration of alcohol in his or her blood of 0.04 percent by weight or more.
189 Operative only upon the receipt by the Secretary of State of the notice specified in subdivision (f) of Section 23152, as added by Section 25 of SB 1119, 1989–90 Reg. Sess.

190 Operative only upon receipt by the Secretary of State of the notice specified in subdivision (e) of Sec. 23155, as added by Sec. 35 of SB 1119, 1989–90 Reg. Sess.
191 Operative July 31, 1990.
192 Operative date repealed.
193 Operative until July 1, 1990.
194 Operative until January 1, 1992.
195 Operative January 1, 1991, or upon effective date of rules and regulations adopted by State Board of Forestry pursuant to Sec. 13 of chapter, whichever date occurs earlier.
196 Subdivision (a) shall become operative on December 1, 1989, and shall become inoperative on January 1, 1991.
197 Repeal operative June 1, 1990.
198 Inoperative June 1, 1990.
199 Repeal operative January 1, 1999.
200 Effective upon adoption by voters of New Prison Construction Bond Act of 1990 at June 5, 1990 direct primary election.
201 Effective upon adoption by voters of Higher Education Facilities Bond Act of June 1990.
202 Repeal by Sections 3.1, 3.2, 3.3, 3.4, and 3.6 of Stats. 1989, Ch. 1307, operative January 1, 1991.
203 Repeal operative June 30, 1995.
204 Operative upon adoption by the people of the 1990 School Facilities Bond Act.
205 Operative upon adoption by the people of the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990.
206 Any section of any act enacted by the Legislature during the 1990 calendar year, which takes effect on or before January 1, 1991, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, amended, renumbered, and added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
207 Operative October 4, 1989.
208 This section shall not apply until January 1, 1993, re Members of Legislature whose current term of office on January 1, 1991, began in December 1988.
209 Section inoperative five years from date specified by Department of Transportation pursuant to subd. (b), and as of January 1 next following that date is repealed, unless a later enacted statute, which becomes effective on or before that January 1, deletes or extends that date.
210 Operative if Los Angeles County Transportation Commission, Orange County Transportation Commission, Riverside County Transportation Commission, and San Bernardino County Transportation Commission, each adopt a resolution making this article applicable to it. Operative date shall be date upon which the latest of those resolutions is adopted.
211 Repeal operative September 1, 1995.
212 Operative October 1, 1991.
213 Operative on date report required by Section 5 of Chapter is submitted to Legislature.
214 Inoperative July 1, 1994.
215 Operative July 1, 2020.
216 Operative only if, and on the date that, Section 2787 is repealed.
217 Inoperative June 30, 2020.
218 Operative January 1, 2021.
219 Subdivision (a) shall not become operative if, prior to June 6, 1990, Section 33216 of the Public Resources Code has been amended to extend the operative effect of that Division 23 to at least July 1, 1995.
220 Operative June 30, 1992.
222 Act operative 30 days after effective date.

223 Para. (3) of subd. (b) operative January 1, 1991.
224 Subpara. (C) of para. (5) of subd. (c) operative January 1, 1991.
225 Para. (2) of subd. (a) operative January 1, 1991.
226 Inoperative January 1, 1995, if commission has not secured by that date one or more sources of revenue authorized by Gov. C. Section 26172.2.
227 Effective, operative, and termination provisions specified in F&AC Sections 78000–78005 of added chapter.
228 Not operative in any county until the time that the board of supervisors shall, by resolution adopted by majority vote, make the provisions of this section applicable in the county.
229 Supersedes Ch. 10 (Sec. 3500 et seq.) of Div. 4, Title 1 of Government Code if there is any conflict between this section and that chapter, but in all other situations that chapter governs.
230 Repealed as of July 1, 1993, or date Board of Supervisors of Shasta County notifies Secretary of State that a redevelopment agency has been found by City of Anderson, whichever is earlier.
231 Inoperative January 1, 1991.
232 Operative only to extent funds available to Office of Criminal Justice Planning are reallocated for purpose of section.
233 Any section of any act enacted by the Legislature during the 1990 calendar year, which takes effect on or before January 1, 1991, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act.
234 Subdivision (d) operative only so long as one-year suspension of driving privilege for a second or subsequent driving under influence of alcohol occurrence or offense, with no restricted or hardship licenses permitted, is required by Sec. 408 or 410 of Title 23, USC.
235 Effective upon approval by electors at special election to be consolidated with Nov. 6, 1990, general election.
236 Inoperative date deleted by amendment.
237 Repeal operative September 1, 1991.
238 Repeal language in Sec. 12, Stats. 1989, Ch. 1239, impliedly superseded by Sec. 43 of this chapter.
239 Operative June 30, 1991.
240 Repeal operative June 30, 1996.
241 Operative June 30, 1996.
242 Operative only if "Safe Streets Act of 1990" initiative is approved by voters at November 6, 1990, general election.
243 Unless otherwise specifically provided in this act, the provisions of this act shall apply in the computation of taxes for taxable and income years beginning on and after January 1, 1990, even if the initiative entitled "The Comprehensive Crime Reduction and Drug Control Act of 1990" is approved by voters at the November 6, 1990, general election.
244 Chapter shall not become operative until Director of Department of Food and Agriculture finds specified conditions have occurred regarding referendum voting.
245 Amendments made by this act shall only affect coverage with respect to use of any motor vehicle that is limited to contingent liability arising out of use of nonowned motor vehicles offered, issued, or delivered on or after January 1, 1991, and shall not affect coverages that were in force prior to that date, including coverage in force prior to that date that is renewed.
246 Section shall remain in effect only until operative date of rules of court incorporating guidelines specified in Civ.C. Sec. 4720.1, and as of that date is repealed unless a later enacted statute, enacted before that date, deletes or extends that date.

247 Operative on operative date of rules of court incorporating the guidelines specified in Civ.C. Sec. 4720.1, and shall remain in effect only until January 1, 1993, and as of that date is repealed unless a later enacted statute, enacted before that date, deletes or extends that date.
248 This section shall apply to, and be operative for, audits of income years beginning on or after January 1, 1988.
249 Repeal operative June 1, 1993.
250 Repealed as of two years (730 days) following the date specified pursuant to subdivision (e) of Section 70 of Chapter 973 of the Statutes of 1988.
251 Amendments made to paragraph (2) of subdivision (a) of Chapter 1270, Statutes 1989, shall become operative only after specified federal regulations are adopted.
252 Inoperative July 1, 1997.
253 Operative until January 1, 1995, or until operative date of specified amendments to PRC Sec. 40401.
254 Repeal operative August 31, 1996.
255 Operative July 1, 1988.
256 Repeal operative September 1, 1992.
257 Operative July 1, 1997.
258 Not operative until such time as Board of Supervisors of Ventura County shall, by majority vote, adopt a resolution making this section applicable.
259 Operative until Director of Transportation determines that the federal combined road plan demonstration program is no longer in effect. The director shall submit a notice of determination under this section to the Secretary of State, and this chapter shall be repealed on January 1 next following the receipt of that notice by the Secretary of State.
260 Repeal operative July 1, 1994.
261 Subdivision (c) operative January 1, 1991.
262 Repeal operative July 1, 1995.
263 Operative July 1, 1995.
264 Applicable in the computation of taxes for years beginning on or after first day of calendar year in which this act becomes effective provided the effective date is more than 90 days prior to last day of calendar year. If effective date is 90 days or less prior to last day of calendar year, the provisions of this act shall apply in computation of taxes for years beginning on or after first day of calendar year following effective date.
266 If Budget Act of 1990 fails to include annual adjustment in trial court funding block grants required by Section 77201 of the Government Code, this section shall become operative only upon effective date of an appropriation which provides funding for that annual adjustment.
267 Operative only during period standards for video display terminal use meets or exceeds requirements of this section as specified.
268 Not operative unless Budget Act of 1991 contains appropriation providing support.
269 Section shall not become operative if any bill chaptered during the 1990 portion of the 1989–90 Regular Session amends Section 53066.1 of the Government Code to make that section operative on and after January 1, 1991.
271 Operative January 1, 1999.
272 Subdivisions (c) and (d) shall not be implemented unless Director of Employment Development determines that this section is approved by United States Department of Labor.
273 Repeal operative December 31, 1991.
274 Repeal operative January 1, 1996, or upon repeal of the Stewart B. McKinney Homeless Assistance Act of 1987.
275 Effective until January 1, 1994.
276 Inoperative September 30, 1996.
277 Operative only if report required in Section 42552, Public Resources Code, contains an affirmative finding regarding feasibility of producing recyclable telephone directories as specified.
278 Repeal operative two years following date specified in subdivision (e) of Section 70 of Chapter 973 of Statutes of 1988.

279 Repeal operative December 31, 1995.
280 Inoperative one year from the date of the report specified in subdivision (b), and, as of the January 1 following the inoperative date, is repealed, unless a later enacted statute, which becomes effective on or before the January 1 following the inoperative date, deletes or extends the dates on which it becomes inoperative and is repealed.
281 Not operative until plan required by PUC Section 130052.3 has been transmitted to specified governmental entities, or until December 1, 1991, whichever is earlier.
282 Retroactive effect.
283 This section shall remain in effect only until such date as any state general obligation bond measure submitted to the voters of this state for their ratification, which measure includes within its purposes the funding of school facilities construction, fails to receive that ratification, and as of that date is repealed.
284 Operative July 1, 1992.
285 Not operative unless and until private funds are obtained to carry out provisions.
286 Operative March 1, 1991.
287 Inoperative on effective date of specified amendments or appellate court decision re Section 415, Internal Revenue Code.
288 Operative January 1, 1998.
289 Inoperative June 30, 1992.
290 Operative until July 1, 1998.
291 Operative January 1, 1999.
292 Operative October 15, 1990.
293 Operative October 1, 1990.
294 Operative December 1, 1990.
295 Repeal of termination date operative January 1, 1992.
296 Operative date that court decision becomes final holding unconstitutional any provision of subdivision (c) or (d) or the application thereof to any person.
297 Not operative until effective date of ordinance of Board of Supervisors approving consolidation and reorganization of municipal court.
298 Operative until operative date of Art. 3 (commencing with Section 73390) of Ch. 10 of Title 8 of the Government Code.
299 Operative upon consolidation by Board of Supervisors of Madera County of Chowchilla Judicial District, Borden Judicial District, and Madera Judicial District into single judicial district to be known as Madera-Chowchilla Judicial District.
300 Subdivision (f), paragraph (1), shall become operative July 1, 1991.
301 Subdivision (f), paragraph (2), shall become operative January 1, 1992.
302 Subdivision (f) shall become inoperative January 1, 1992.
303 Effective only to extent federal financial participation is available as set forth in Section 14106.6, Welfare and Institutions Code.
304 Effective until effective date of regulations adopted to implement H & SC Section 25878 or until January 1, 1993, whichever date is earlier; and on date regulations become effective or January 1, 1993, whichever is earlier, this section is repealed.
305 Operative only if Department of Consumer Affairs determines sufficient funding is available as specified.
306 Operative December 1, 1995.
307 Inoperative July 1, 1997.
308 Operative if legislation is enacted in 1990 portion of 1989–90 Regular Session authorizing the Department of Fish and Game to levy increased fees and taxes on commercial fishing industry as specified.
309 Operative October 1, 1990, or date of approval by Secretary of the Department of Health and Human Services of California's Job Opportunity and Basic Skills program and supportive services state plan preprints, whichever is later.
310 Operative 30 days after effective date.
311 Operative for any account referred for out-of-state collection via an agreement entered into pursuant to Section 18837 or 26254 of the Revenue and Taxation Code.

312 The amendments made to paragraph (2) of subdivision (a) by Chapter 1270 of Statutes of 1989 shall become operative only after federal regulations are adopted which permit physician's assistants and nurse practitioners to complete the physicals described in that paragraph.
313 Subdivision (b) shall become operative January 1, 1991.
314 Repeal operative January 1, 2001.
315 Subd. (c) shall become operative on January 1, 1992, and shall become inoperative on January 1, 1993.
316 Subd. (d) shall become operative on January 1, 1993.
317 This chapter shall become inoperative if the Governor determines that there is established in the state government a separate agency or Department of Youth with responsibility for the coordination of services to children.
318 Operative July 1, 1998.
319 Operative only during fiscal years when funds have been appropriated in annual Budget Act.
320 Repealed upon publication of the fact of the receipt of the final report and evaluation in the Daily Journal of each house.
321 Operative December 31, 1999.
322 Inoperative July 1, 1994.
323 Not operative unless funds for purposes of this section are specifically appropriated by Legislature.
324 Effective July 1, 1992.
325 The Transitional Housing Rental Deposit Guarantee Demonstration Program established by this chapter shall be repealed July 1, 1993.
327 Subdivision (e) inoperative January 1, 1992.
328 Provisions of this act applicable after August 1, 1991.
329 Inoperative if Director of Transportation (1) finds and determines that each local agency involved in an impasse, as determined by county transportation authority, has entered into a freeway agreement pursuant to Section 100.2 by October 1, 1990, and (2) submits notice of that finding and determination to Secretary of State.
330 Subdivision (c) shall become operative January 1, 1992.
332 Section as added by Stats. 1990, Ch. 453, effective immediately and operative October 1, 1990; section as amended by this act, effective immediately and operative October 15, 1990.
333 Operative on first day of first month commencing more than 90 days after effective date of act.
334 Operative July 1, 1991, except shall not be operative in any fiscal year unless funds allocated in that fiscal year to family planning by State Department of Health Services are greater than funds allocated to family planning by department for the 1990–91 fiscal year, as determined annually in the Budget Act, or if funds specifically targeted for this purpose become available, as determined by the State Director of Health Services.
335 Sections 4 to 9, inclusive, of this act shall become operative on January 9, 1991, but shall not apply during a term of office of any judge if that term of office is in effect on that date.
336 Section shall not become operative until at least one other state participates in joint Liaison program.
337 Operative August 1, 1991, if funds are appropriated therefor in 1991–92 Budget Act.
338 Operative July 1, 1991, only if not less than five million dollars ($5,000,000) is appropriated in the 1991–92 fiscal year to fund the first year of the program and shall remain operative only if not less than five million dollars ($5,000,000) is appropriated in each subsequent fiscal year.
339 Operative on and after the date the Board of Administration of the Public Employees' Retirement System has adopted the provisions of Chapter 463 of the Statutes of 1990.
340 Operative July 1, 1992, unless specified provisions occur.
341 Operative April 1, 1993.

343 Operative September 18, 1990.
344 Any section of any act enacted by the Legislature during the 1990 calendar year, which takes effect on or before January 1, 1991, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
345 Inoperative July 1, 1998.
346 Inoperative January 1, 1994.
347 Operative upon appropriation of funds for administration thereof in Budget Act of 1991.
349 Not operative unless federal financial participation becomes available and unless the Budget Act of 1991 contains an appropriation providing support therefor, and, in that event, shall become operative on the effective date of the Budget Act of 1991.
351 Inoperative April 1, 1992.
352 Subdivision (b) inoperative from January 1, 1989, until December 31, 1991.
353 Effective January 1, 1992.
354 Operative April 1, 1991.
355 Notwithstanding Section 9605 of the Government Code, any section of any act enacted by the Legislature during the 1990 calendar year, which takes effect on or before January 1, 1991, which is enacted before this act, and which amends, amends and renumbers, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall, until the operative date of this act, prevail over this act. Therefore, any section of any other act which amends, amends and renumbers, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act and which was enacted prior to this act shall remain operative only until the operative date of this act, at which time pursuant to Section 9605 of the Government Code, the sections of this act shall prevail over those sections.
356 Prior to July 1, 1992, the Board of Barber Examiners and the Board of Cosmetology shall conduct joint public hearings for the purpose of developing and recommending regulations for adoption by the board.
357 Operative in a county or city upon adoption of an ordinance to that effect by board of supervisors or city council.
358 Operative date of rules of court incorporating guidelines specified in Section 4720.1, Civil Code.
359 Repeal operative date of rules of court incorporating guidelines specified in Section 4720.1, Civil Code.
360 Para. (3) of subd. (*l*) operative only until January 1, 1993.
361 Amendments made by this act shall be effective for all claims with an effective date of January 1, 1991, or after.
362 Inoperative April 1, 1991.
363 If both this bill and SB 2647 are chaptered and this bill is chaptered last, this bill does not prevail over SB 2647, and the provisions of both bills shall become operative in a single, unified Chapter 4 (commencing with Section 4351) of Division 2 of the Public Utilities Code.
364 New construction performed on replacement dwelling subsequent to transfer of base-year value to that dwelling shall only apply with respect to replacement dwelling purchased or newly constructed on or after January 1, 1991.
365 Inoperative January 1, 1995.
366 Rejected by voters at November 6, 1990, election, Proposition 141.
367 Approved by voters at November 6, 1990, election, Proposition 142.
368 Operative July 1, 2000.
369 Provisions shall not become effective unless approved by Legislature in annual Budget Act.

370 Applicable in the computation of taxes for taxable or income years beginning on or after January 1, 1989.
371 Operative August 1, 1991.
372 Operative May 10, 1991.
373 Santa Cruz Metropolitan Transit District is exempt from provisions of this section until July 1, 1993.
374 Calculations of relative funding entitlements for 1990–91 and 1991–92 fiscal years shall be performed as if Sections 1 to 3, inclusive, of this act had not been enacted.
375 This section shall be operative only in the event that the estimated statewide cost of reimbursement exceeds one million dollars ($1,000,000) per year.
376 Effective July 1, 1992.
377 Operative July 1, 1994.
378 Effective until June 30, 1994.
379 Operation with respect fo 1990–91 fiscal year and prior fiscal years and shall not be operative for 1991–92 fiscal year and fiscal years thereafter.
380 Section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it is repealed; or until date upon which director informs Legislature that the new data system is established pursuant to Section 5610, whichever is later, unless provisions of the section are required by the federal government as a condition of funding for the Short-Doyle Medi-Cal program.
381 Calculations of relative funding entitlements for 1990–91 and 1991–92 fiscal years shall be performed as if Sections 2 to 4, inclusive, of this act had not been enacted.
382 Any emergency regulations issued under the authority of B&PC Section 11313.5, shall remain in effect until Dec. 31, 1992.
383 Repeal operative January 1, 1992, except if federal law requires the repeal of the Lancaster-Montoya Appraisal Act on a date prior to that January 1, 1992, section shall become operative on that earlier date.
384 Operative only during 1991–92 fiscal year.
386 Operative first day of month following month in which Department of Motor Vehicles is notified by Department of Finance of specified final judicial determinations by California Supreme Court or any California court of appeal.
387 Inoperative first day of month following month in which Department of Motor Vehicles is notified by Department of Finance of specified final judicial determinations by California Supreme Court or any California court of appeal.
388 Repeal operative July 15, 1991.
389 This section shall cease to be operative July 1, 1993, unless certain conditions are met.
390 Rejected by voters at Nov. 6, 1990, election, Proposition 143.
391 Rejected by voters at Nov. 6, 1990, election, Proposition 144.
392 Rejected by voters at Nov. 6, 1990, election, Proposition 145.
393 Approved by voters at Nov. 6, 1990, election, Proposition 146.
394 Rejected by voters at Nov. 6, 1990, election, Proposition 147.
395 Rejected by voters at Nov. 6, 1990, election, Proposition 148.
396 Rejected by voters at Nov. 6, 1990, election, Proposition 149.
397 Rejected by voters at Nov. 6, 1990, election, Proposition 150.
398 Rejected by voters at Nov. 6, 1990, election, Proposition 151.
400 Operative July 15, 1991.
401 Operative until July 1, 1992.
403 Operative August 1, 1991, except for paragraph (1) of subdivision (a) of Section 11450, which shall not be operative from August 1, 1991, to August 31, 1991.
404 Section shall cease to be operative on first day of first month of calendar quarter following notification to Board of Equalization by Dept. of Finance of final judicial determination by Cal. Supreme Court or any Cal. court of appeal that revenues collected pursuant to this section and R&TC Sec. 6201.2 that are deposited in the Local Revenue Fund are either "General Fund proceeds of taxes appropriated pursuant to Art. XIII B of the Cal. Const." or "allocated local proceeds of taxes."

405 Subd. (a) inoperative July 1, 1993, unless either of following applies: (1) if amount in Special Fund for Economic Uncertainties, as projected for June 30, 1993, is in excess of $1.5 billion, not including amount of revenue expected for 1992–93 fiscal year, as specified, then subd. (a) inoperative July 1, 1992; (2) if amount in fund is in excess of $1.5 billion, not including amount of revenue expected for last 6 months of 1992–93 fiscal year, as specified, then subd. (a) inoperative Jan. 1, 1993.
406 Section inoperative July 1, 1993, unless either of following applies: (1) if amount in Special Fund for Economic Uncertainties, as projected for June 30, 1993, is in excess of $1.5 billion, not including amount of revenue expected for 1992–93 fiscal year, as specified, then section inoperative July 1, 1992; (2) if amount in fund is in excess of $1.5 billion, not including amount of revenue expected for last 6 months of 1992–93 fiscal year, as specified, section inoperative Jan. 1, 1993.
407 Section operative August 1, 1991.
408 Delayed operative date deleted by amendment.
409 Section operative only if bond act is approved by voters at June 2, 1992, primary election that contains funds which may be used for this purpose.
411 Operative and inoperative provisions specified in Sec. 6051.4, R&TC, as added by Stats. 1991, Ch. 117.
412 Subd. (c) inoperative January 1, 1994.
413 Operative and inoperative provisions specified in Sec. 6201.4, R&TC, as added by Stats. 1991, Ch. 117.
414 Repeal operative May 30, 1992.
415 Repeal operative December 1, 1998. However, any unused credit may continue to be carried forward, as specified.
416 Applicable to taxable years beginning on and after January 1, 1991, and before January 1, 1996.
417 Operative December 1, 1996.
418 Applicable to any taxable year beginning on and after January 1, 1996.
419 Amendments made to Sec. 23456(d)(2), R&TC by Stats. 1991, Ch. 117, shall apply to income years beginning on or after January 1, 1990.
420 Amended by Governor's Reorganization Plan No. 1 of 1991; effective July 17, 1991.
421 Added by Governor's Reorganization Plan No. 1 of 1991; effective July 17, 1991.
422 Applicable for income years beginning on or after January 1, 1990.
423 Subd. (a) applicable for income years beginning on or after January 1, 1990.
424 Inoperative five years after effective date.
425 Repeal operative September 1, 1996.
426 Operative June 30, 1994.
427 Operative August 18, 1991.
428 Operative August 1, 1992.
429 Operative only if, for 1991–92 fiscal year, community college districts are granted relief, in whole or in part, from obligation to make expenditures during 1991–92 fiscal year pursuant to contracts with the Public Employees' Retirement System.
430 Repeal operative January 1, 1993, or on the date that subd. (a) of Section 6051.5 and subd. (a) of Sec. 6201.5 R&TC cease to be operative, whichever is later.
431 Operative if any provision of subd. (d) or (e) of Vehicle Code Section 11205, as added by Section 4 of Chapter 411 of the Statutes of 1991, or the application thereof to any person, is held to be unconstitutional.
432 Operative six months afer the date this chapter becomes operative.
433 Repeal operative January 30, 1993.
434 Operative July 1, 1992.
435 Not operative unless Budget Act of 1992 contains appropriation of funds for the purposes of the act.
436 Subd. (c) inoperative July 1, 1996.
437 Operative only with respect to funds appropriated for this part for fiscal years through and including the 1990–91 fiscal year.
438 Section 1 of this act is applicable only to Santa Barbara County.
439 Inoperative December 31, 1995.
440 Operative July 1, 1993, except as otherwise specified.

441 Repeal operative January 1, 1995, or operative date of amendments to Sec. 40401, PRC, whichever occurs first, requiring appointment of member to California Integrated Waste Management Board, as specified.
442 Inoperative March 1, 1994.
443 Operative March 1, 1994.
444 Inoperative October 1, 1996.
445 Operative July 1, 1993.
446 Approved by voters at June 5, 1990, election, Proposition 120.
447 Inoperative during any fiscal year in which either State Department of Education or Department of Justice delivers to Assembly Chief Clerk and to the Secretary of the Senate a written statement indicating the agency does not have sufficient funding to perform its duties under this chapter for that fiscal year. After section becomes inoperative, it shall only again become operative after the Department of Education or Department of Justice delivers to Assembly Chief Clerk and to the Secretary of the Senate a written statement indicating the agency has sufficient funding to perform its duties under this chapter.
448 Approved by voters at June 5, 1990, election, Prop. 123.
449 Approved by voters at June 5, 1990, election, Prop. 121.
450 Approved by voters at June 5, 1990, election, Prop. 122.
451 Inoperative upon termination of contractual provisions relating to optimized waterflood program for Long Beach Unit.
452 Approved by voters at June 5, 1990, election, Prop. 107.
455 Article shall not become operative in any county unless and until it is adopted by resolution of the county board of supervisors.
456 Subd. (a) and (b) operative until January 1, 1994.
457 Operative only if and when federal standards for special design of cigarette lighters for purpose stated in this section are not in effect.
458 Section shall be operative without regard to taxable years and shall be operative with respect to any actions specified in R&TC Sections 18434 and 18570 that are required or permitted to be taken on or after August 2, 1990.
459 Not operative until State Fire Marshal adopts standards pursuant to Sec. 14942 and shall be operative only when those regulations are in effect as provided in HSC Sec. 14942, subd. (a).
460 Not operative. If formed district ceases to exist, Secs. 2 to 8, inclusive, of this act shall become operative on that date.
462 Any section of any act enacted by Legislature during 1991 calendar year, which takes effect on or before January 1, 1992, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
466 In the event of conflict between this chapter and the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, this chapter shall prevail.
468 Subdivisions (b) and (d) operative until June 30, 1992.
469 Paragraphs (3), (4), (5), (6), (7), (8), (9), and (10) of subdivision (g) operative until July 1, 1992.
470 Operative first day of first month after effective date of act.
472 Effective until January 1, 1997, and as of that date is repealed, unless a later enacted statute which is enacted before January 1, 1997, deletes or extends that date. If that date is not deleted or extended, then, on or after January 1, 1997, Section 7471, as added by Section 5 of Chapter 1320 of Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.
474 Repeal operative December 1, 1995.
476 Operative only until regulations are adopted implementing the administrator certification program pursuant to H&SC Sec. 1569.616.

479 Operative upon regulations being adopted by the State Department of Social Services to implement the administrator certification program as provided for in this section.
480 Applicable in computation of taxes for taxable or income years beginning on or after January 1, 1991.
481 Repeal operative January 1, 1997. If repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by Sept. 1 that contributions described in this article made on returns filed in that calendar year will be less than $250,000, or specified adjusted amount, as applicable, then this article is repealed with respect to taxable years beginning on and after Jan. 1 of that calendar year.
482 Subd. (d) inoperative January 1, 1997.
483 Section shall cease to be operative if the Director of Health Services determines (1) California's application for federal funds under the community supported living arrangements medicaid state plan option is not accepted; (2) California's application for renewal of funding for community supported living arrangements is not accepted during the course of the grant; (3) federal funding for community supported living arrangements ceases to be available; or (4) California determines that it no longer chooses to participate in the community supported living arrangements medicaid state plan option.
485 Approved by voters at June 2, 1992, election, Prop. 152.
486 Operative only if State Lands Commission executes on behalf of the state the contract referred to in subd. (a), Sec. 1, of this act.
487 Section shall apply only in a county of the second class, as defined by Sections 28020 and 28022 of the Government Code, as amended by Chapter 1204 of the Statutes of 1971.
488 Inoperative September 30, 1992.
489 Operative 91 days after the sine die adjournment of the 1991–92 First Extraordinary Session, notwithstanding the January 1, 1992, operative date in the act.
490 Inoperative January 1, 1996.
491 Subdivision (b) operative only until January 1, 1995.
492 Operative only if funds appropriated for purposes of this chapter from Item 6110-196-890, Sec. 2, Budget Act of 1991, are incorproated into and approved as part of the state plan that is required pursuant to Sec. 658 (E) (a) of federal Child Care Block Grant Act of 1990 (Sec. 5082, P.L.101-508).
493 Inoperative June 30, 1997.
494 Subd. (b) inoperative July 1, 1996.
495 Inoperative June 30, 1997. Repeal operative January 1, 1998, as specified. Upon repeal of article Gov.C. Sec. 74194 and Sec. 74195 shall be operative.
496 Delayed operative contingency deleted by amendment.
497 Not operative unless and until Dept. of Finance or Legislature authorizes augmentation of operating budget of Board of Administration of PERS to include three additional permanent, full-time positions to make possible the specified level of service.
498 Operative March 1, 1992.
499 Repeal operative June 30, 1997.
500 Approved by voters at June 2, 1992, election, Prop. 153.
501 Operative only if the U.S. Supreme Court, in its decision in the Nordlinger v. Hahn case, determines that any portion of Cal. Const. Art. XIII A, Sec. 2, is invalid, and shall, in that event, absent a shorter period specified by the Legislature by statute, be operative for only two years from the date of that decision.
502 Not operative until operative date of school district reorganization described in Sec. 1 of act.
503 Operative June 1, 1992.
504 Repeal operative Dec. 31, 1994, unless later enacted statute which is chaptered on or before Sept. 30, 1994, deletes or extends the date.
505 Subdivision (c) shall only remain in effect until the Los Angeles County Metropolitan Transportation Authority has, following a public hearing, adopted a formula for the allocation of funds, as specified.

506 Applicable to all small business disaster loan guarantee programs implemented on or after April 28, 1992.
507 Operative June 30, 1995.
508 For taxable years beginning on or after January 1, 1991, the provisions of RTC Sec. 17207, in addition to the losses specified within that section, shall apply to any loss sustained as a result of the Oakland/Berkeley Fire of 1991 or any other related casualty.
509 For income years beginning on or after January 1, 1991, the provisions of RTC Sec. 24347.5, in addition to the losses specified within that section, shall apply to any loss sustained as a result of the Oakland/Berkeley Fire of 1991 or any other related casualty.
510 Approved by voters at November 3, 1992, election, Prop. 155.
511 Any section of any act enacted by the Legislature during the 1992 calendar year, which takes effect on or before January 1, 1993, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted before or after this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
512 Effective January 1, 1986.
513 Subdivision (e) inoperative January 1, 1997.
514 Any section of any act enacted by the Legislature during the 1992 calendar year, which takes effect on or before January 1, 1993, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section repealed by this act, shall prevail over this act, whether that act is chaptered before or after this act.
515 Adopted by voters at June 5, 1990, election, Prop. 114.
516 Provisions of paragraphs (2) and (3) of subdivision (a) shall remain in effect until January 1, 1996.
517 Inoperative March 31, 1993.
518 Chapter 162 prevails over Chapter 427 with regard to this section.
520 Section shall not be operative in any county until board of supervisors and board of retirement, by resolution adopted by a majority vote, make this section operative in the county.
521 Inoperative April 1, 1993.
522 Inoperative June 1, 1995.
524 Subd. (m) operative July 1, 1990.
525 Subd. (m) inoperative July 1, 1995
526 Inoperative April 10, 1998.
527 Section has no force or effect on or after January 1, 1995.
528 In effect until Director of Transportation determines that apportionments of all federal aid for secondary highways have been expended. Upon making determination, director shall submit notice to that effect to Secretary of State. Repealed on January 1 following receipt of notice by Secretary of State.
529 In effect until Director of Transportation determines that apportionments of all federal aid for urban systems have been expended. Upon making determination, director shall submit notice to that effect to Secretary of State. Repealed on January 1 following receipt of notice by Secretary of State.
530 This chapter shall not become operative with respect to the governing board of the Santa Clara County Open-Space Authority until funding is provided for activities of the authority under this chapter.
531 Operative on the later of July 1, 1993, or the date the Controller approves standards specified in Sec. 2 of this chapter relating to property tax payment by electronic fund transfer.
532 Amendments to subdivision (g), relating to veteran's organizations, shall be operative with respect to taxes levied for the 1989–90 fiscal year and fiscal years thereafter.

536 Repeal operative January 1 following 2-year period commencing upon designated certification by Director of Industrial Relations.
537 Operative from lien date in 1983 to and including lien date in 2002, after which section shall become inoperative.
539 Operative January 1, 2003.
542 Operative at commencement of the first academic semester, quarter, or term commencing on or after July 1, 1992.
544 Notwithstanding Sec. 2, Stats. 1990, Ch. 1660, BPC 651(h)(5)(B) shall become operative July 1, 1993.
545 Repeal operative June 30, 1998.
546 Repeal operative January 1, 2007.
547 Operative January 1, 2007.
548 Operative July 1, 1995.
549 Operative only if the Department of Toxic Substances Control adopts regulations defining "Class I violations."
552 Operative only if a funding source is identified by Superintendent of Public Instruction for the purposes of section on or before January 1, 1995.
553 Repeal operative January 1, 1995, unless tax-increment moneys have, prior to that date, been received by specified joint powers agency, in which case date of repeal shall be extended until time that joint powers agency shall expend these funds in accordance with this section.
556 Subdivision (b) shall apply to the assessment, computation, and collection of taxes for the fiscal year beginning on July 1, 1992, and thereafter.
557 Applicable for income years beginning on or after January 1, 1992.
558 Operative beginning first regular academic semester, quarter, or term commencing after January 1, 1993.
559 Subd. (a) operative in first fiscal year in which, as estimated pursuant to Section 24 of this act, amount in paragraph (1) equals or exceeds amount in paragraph (2).
560 Not operative prior to fiscal year immediately following fiscal year in which occurred the reduction and partial loan discharge described in subd. (a), Sec. 22.
561 Subd. (b) operative in event appellate court determines Section 41204.5, Ed. C., as added by Sec. 4 of this act, or any portion of Sections 18 to 20, inclusive, of this act, is unconstitutional, unenforceable, or otherwise invalid.
562 Paragraph 4 operative if, pursuant to this subdivision, subd. (b), Sec. 8, Article XVI, Cal. Const., excepting subparagraph (B) of paragraph (3), subd. (b), Sec. 8, is suspended for 1992–93 fiscal year because appellate court of this state determines any portion of Sections 18 to 20 of this act is unconstitutional, unenforceable, or otherwise invalid.
563 Not operative until Director of California Grape Rootstock Improvement Commission finds, in a referendum vote conducted by the director that at least 40% of the total number of grape rootstock nurseries from the list established by the director pursuant to Art. 5 (commencing with Section 74770), Ch. 12.6, Div. 22, F & A C, have participated and that 1) 65% of the nurseries that voted in the referendum voted in favor of this chapter, and the nurseries so voting marketed a majority of the total quantity of grape rootstock in the preceding marketing year by all of the nurseries that voted in favor of this chapter, or 2) a majority of the grape rootstock nurseries that voted in the referendum voted in favor of this chapter, and the nurseries so voting marketed 65% or more of the total quantity of grape rootstock in the preceding marketing year by all of the nurseries that voted in the referendum.
564 Inoperative June 1, 1993.
565 Operative April 1, 1995.
566 Operative March 31, 1996.
568 Repeal operative April 1, 1995.
569 Section shall be operative to the extent that the superintendent determines that funds are available pursuant to Section 52616.19 to implement the section on or after July 1, 1993.
570 Subdivision (c) inoperative January 1, 1995.

571 Effective only until Legislature receives the results of the department study pursuant to H&SC Sec. 1520.65 or January 1, 1994, whichever is earlier, and as of that date is repealed unless a later enacted statute, which is enacted before this date of repeal, deletes or extends that date.
574 Operative July 1, 1997.
575 Operative only for the 1992–93 fiscal year.
576 Operative upon certification by the Director of the Office of Statewide Health Planning and Development that sufficient private funds have been made available from private sources to implement this chapter.
577 Operative during each fiscal year only if the Student Aid Commission certifies that sufficient private funds have been donated to the Minority Health Professions Education Fund for that particular fiscal year for all costs related to implementation of this article.
578 Inoperative July 1, 2003.
579 Act shall become operative on date Secretary for Environmental Protection is advised by City of San Diego of completion of study being conducted by the Failure Analysis Associates on the February 1992 sewage spill in San Diego.
580 Repeal operative January 1, 2004.
581 Repeal operative June 30, 1994.
582 Supersedes and operative in place of H & S C Sec. 33682 as ad by SB 617, 1991–92 Regular Session.
583 Supersedes and operative in place of P R C Sec. 6010 as added by SB 617, 1991–92 Regular Session.
584 Supersedes and operative in place of R & T C Sec. 97.03 as added by SB 617, 1991–92 Regular Session.
585 Operative September 1, 1993.
587 Not operative until the Director of Motor Vehicles and the Director of Social Services determine that the total annual receipts from the "Have a Heart, Be a Star, Help Our Kids" license plates, established pursuant to Article 8.4 (commencing with Section 5072) of Chapter 1 of Division 3 of the Vehicle Code is sufficient to cover one or more of the priorities outlined in subdivision (d) of Section 18285 of the Welfare and Institutions Code.
588 Inoperative on the effective date of the regulations specified in Section 25158.4, H & S C, and repealed as of the following January 1.
589 Section shall not become operative until date of approval by the United States Secretary of Health and Human Services deems it necessary to implement provisions of section.
590 Subdivisions (c) to (j), inclusive, shall remain operative only until June 30, 1994.
591 Section shall not be operative unless Secretary of United States Department of Agriculture approves necessary waivers for centralized state issuance system.
592 Effective from July 1, 1993, until June 30, 1994.
594 Operative April 1, 1993, or when regulations are adopted pursuant to subd. (d) UIC Sec. 1088.5, whichever is sooner.
595 No force or effect on or after January 1, 1994.
596 Operative October 1, 1992.
599 Repeal operative January 1, 2003.
600 Section already repealed by statute.
602 Section shall become operative when the Budget Act of 1992 (Ch. 587) is enacted, and shall take precedence over contrary provisions set forth in Item 4260-490 of that Budget Act regardless of the order of chaptering.
605 Operative only if the Advisory Board on Private Security Services is abolished and Sections 7516, 7516.1, 7516.2, and 7516.3 of B & P C are repealed during the 1991–92 Regular Session.
606 Inoperative March 1, 1996.
608 Operative March 1, 1993.
609 Paragraph (2) operative only until July 1, 1993.
610 Repeal operative December 1, 1998.

611 Amendments to this section shall have no effect if federal government disapproves the citation system specified in the Long-Term Care Health, Safety and Security Act of 1973 as amended by this act as both a specified or alternate remedy under Sec. 1919(h) of the federal Social Security Act.
612 Inoperative on and after January 1, 1996, unless the Department of Toxic Substances Control submits regulations to the Office of Administrative Law by that date pursuant to subd. (e), Sec. 25200.3, H & S C.
615 Not operative prior to the 1993–94 fiscal year.
616 If voters do not approve imposition of the retail transactions and use tax at the election conducted pursuant to Gov C Sec 68059.7, this title shall be repealed as of the date that the county certifies the election results to the Secretary of State.
618 In the event the federal exemption provided in USC Title 19, Sec. 1309, relating to supplies for certain vessels and aircraft, is repealed, this section is repealed as of that date.
620 Subd. (c) shall cease to be operative on January 1, 1998. However, any unused net operating loss may continue to be carried over to following years as provided in this subdivision until the net operating loss has been used.
622 Operative upon adoption by the Board of Supervisors of Riverside County of a resolution consolidating the Riverside and Corona Judicial Districts, finding there are sufficient funds therefor, and agreeing to assume any and all additional costs that may result therefrom.
623 Not operative if appropriation from State Highway Account to the Department of Transportation specified in Section 7 of chapter does not become operative.
624 Not operative unless and until a parcel of land, to be dedicated for the construction of a high school, is transferred pursuant to a written agreement between the City of Industry and the Pomona Unified School District, and a copy of this agreement is filed with the Secretary of State.
625 Subd. (j) operative until January 1, 1994.
626 Para. (a)(2) operative until January 1, 1994.
627 Subd. (b) operative until January 1, 1994.
628 Operative July 1, 1993.
629 Para. (a)(12) operative until January 1, 1994.
630 Para. (b)(8) operative until January 1, 1994.
631 Repealed because ACA 6 (Stats. 1992, Res. Ch. 135) was rejected by voters.
632 Effective December 1, 1992.
633 Effective January 1, 1993.
634 Section operative January 1, 1994.
635 Section operative June 30, 1991.
636 Para. (e)(2) shall become inoperative if federal Department of Defense Finance and Accounting Service Center is not located upon premises known as Norton Air Force Base in San Bernardino County and shall also become inoperative on Feb. 1, 1994, if that facility has not been awarded to that site before that date.
637 Operative only in Norton Air Force Base in San Bernardino County is selected as the site for a federal Defense Finance and Accounting Services facility on or before December 31, 1993.
638 Operative beginning with first regular academic semester, quarter, or term commencing after January 1, 1993.
639 Subd. (c) repealed as of December 1, 1998. However, any unused credit may continue to be carried forward, as specified.
640 Applicable to taxable years ending on or after December 31, 1983.
641 Operative January 1, 1997, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 2 (commencing with Sec. 18711), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

642 Operative January 1, 1997, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 3 (commencing with Sec. 18721), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

643 Operative January 1, 1997, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 4 (commencing with Sec. 18731), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

644 Operative January 1, 1997, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 5 (commencing with Sec. 18741), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

645 Operative January 1, 1997, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 6 (commencing with Sec. 18761), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

646 Operative January 1, 1998, unless later enacted statute, which is enacted before January 1, 1997, deletes that date. If the repeal date has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 8 (commencing with Sec. 18791), made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

647 Supersedes UIC Section 13101.

648 Repeal operative July 1, 1995.

649 Subdivision (b) shall be operative in the event that any appellate court of this state determines that any of Sections 9, 36, 37, 38, 43, 48, or 49 of this act are unconstitutional, unenforceable, or otherwise invalid.

650 Subdivision (b) inoperative July 1, 1994.

651 Operative until July 1, 1995.

652 Not operative during 1993–94 fiscal year.

653 This section supersedes any other provisions of the California Constitution that are in conflict with the provisions of this section, including, but not limited to, Section 9 of Article II.

654 Inoperative July 1, 2004.

655 Repeal operative January 1, 2005.

656 Operative only if legislation adding Gov C 15399.50 to create the Department of Permit Assistance is enacted and becomes operative on or before January 1, 1994.

657 Operative only during time that Article 3.5 (commencing with Sec. 11331) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code is not operative.

658 Operative on date that, and only if, Director of Social Services has executed a declaration stating that appropriate federal waivers permitting funding pursuant to Part A (commencing with Sec. 601) of Subchapter IV of Chapter 7 of Title 42 of the United States Codes have been obtained, but not sooner than January 1, 1994. Operative only so long as waivers are effective and federal financial participation is available.

659 Subd. (h), para. (2) shall become inoperative July 1, 1995.
660 If disproportionate share payments are not increased to level necessary to yield an additional $50 million net to the General Fund revenue by January 1, 1994, subd. (d), para. (2), subpara. (B) shall become operative on that date, subpara. (A) shall become inoperative, and subpara. (B) shall be applied retroactively to July 1, 1993.
661 If disproportionate share payments are not increased to level necessary to yield an additional $50 million net to the General Fund revenue by January 1, 1994, subd. (f), para. (4), subpara. (B) shall become operative on that date, subpara. (A) shall become inoperative, and subpara. (B) shall be applied retroactively to July 1, 1993.
662 Subdivision (b) inoperative July 1, 1993, operative July 1, 1994.
663 Applies to taxable years beginning on or after January 1, 1995.
665 Subd. (b) shall have no application or effect on and after January 1, 1997.
667 Applicable to taxable years beginning on and after January 1, 1991, and before January 1, 1993, and on and after January 1, 1995, and before January 1, 1996.
668 Inoperative for taxable years beginning on and after January 1, 1993, and before January 1, 1995.
669 Operative until December 31, 1993.
670 Any section of any act enacted by the Legislature during the 1993 calendar year, which takes effect on or before January 1, 1994, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
671 Repealed upon certification of Director of Finance, in writing, to the Secretary of State that all mortgages made, and all debts incurred, pursuant to Part 6 (commencing with Section 52500) of the Health and Safety Code on or before the date of the approval of the California Housing and Jobs Investment Bond Act (Part 6.1 (commencing with Section 52534)) of the Health and Safety Code by the California electorate, have been extinguished.
672 Operative and inoperative provisions relating to act specified in Sec. 28 of chapter.
673 Not operative because the Proposition 173, California Housing and Job Investment Bond Act, was rejected by voters November 2, 1993.
674 Inoperative if moneys are not transferred to the California Housing Insurance Fund pursuant to H & S C Section 51685.5 for the purposes defined in Section 51680.
675 Repeal operative January 1 following receipt of notice of initial adjustment of the boundaries of the first, second, third, fourth, fifth, sixth, and seventh division by the Board of Directors of the Orange County Water District pursuant to Section 1.2 (as added by Sec. 3, Stats. 1993, Ch. 213) of the Orange County Water District Act (Ch. 924, Stats. 1993).
676 Operative upon the receipt by the Secretary of State of the notice specified in Section 1 (as amended by Sec. 1, Stats. 1993, Ch. 213) of the Orange County Water District Act (Ch. 924, Stats. 1993).
677 Inoperative July 1, 1999.
678 Section not operative prior to June 30, 1993.
679 Inoperative July 1, 2000.
680 Licensing requirements set forth within this article are hereby suspended and shall be inoperative upon the effective date of Section 1 of Chapter 255 of the Statutes of 1993.
681 Effective until Article 3 (commencing with Section 5730) of Chapter 3.7 of Division 3 of the Business and Professions Code is repealed or until a state agency or commission is designated to permit or enforce those provisions.
682 Operative August 1, 1994, but shall not be implemented unless the Legislature appropriates money to the Department of Corporations for costs related to the department's initial duties in authorizing workers' compensation health care provider organizations.

683 Operative January 1, 2001.
684 Para. (5) and (6) of subd. (a) shall become operative January 1, 1994.
685 Applicable only to a county of the first class, as defined by Sec. 28020 of the Gov C, as amended by Chapter 1204 of the Statutes of 1971, and Sec. 28022 of the Gov C, as amended by Chapter 43 of the Statutes of 1961.
686 Any section of any act enacted by the Legislature during the 1993 calendar year, which takes effect on or before January 1, 1994, and which amends, amends and renumbers, repeals and adds, or repeals this section, shall prevail over the amendment of that section by this act, whether that act is chaptered before or after this act.
687 Subdivision (e) inoperative July 1, 1996.
688 Not operative unless the California National Guard notifies the Department of Personnel Administration that the conversion of all fire protection personnel employed at the Armed Forces Reserve Center in Los Alamitos to state civil service is complete.
689 This act shall not become operative unless and until the Interstate Commerce Commission has adopted and made effective final regulations embodying standards set forth in the Interstate Surface Transportation Efficiency Act of 1991 (49 U.S.C., Sec. 11506).
690 Operative on the date that both the office of the marshal serving the Santa Barbara Municipal Court and the office of the marshal serving the Lompoc Municipal Court become vacant.
694 Upon repeal, section as it existed prior to enactment of this temporary provision shall have the same force and effect as if this temporary provision had not been enacted.
691 Effective until January 1, 1997.
692 Section shall not be operative until the board of supervisors in a county of the first class, by resolution adopted by a majority vote, makes section operative with respect to any employee who becomes a member after effective date of resolution.
694 Upon repeal, section as it existed prior to enactment of this temporary provision shall have the same force and effect as if this temporary provision had not been enacted.
697 Subdivision (i) operative on and after July 1, 1994.
698 Operative March 31, 1995.
699 Repeal operative March 31, 1995.
700 Repeal operative July 1, 1999.
702 Inoperative if Director of Transportation receives notice of determination by National Highway Traffic Safety Administration that implementation of that provision would subject California to a transfer of funds pursuant to Sec. 153, Title 23, United States Code.
705 Operative January 1, 1997, or upon receipt by the Secretary of State from the Director of Transportation of the notice of determination by the National Highway Traffic Safety Administration that implementation of Section 400, as amended by Section 2 of the act that enacted this section during the 1993–94 Regular Session of the Legislature, would subject California to a transfer of funds pursuant to Section 153 of Title 23 of the United States Code, whichever occurs first.
706 Repeal operative December 31, 1997, unless repealed on an earlier date pursuant to Sec. 28 of this act.
707 Operative on January 1, 1998, unless operative on an earlier date pursuant to Sec. 28 of this act.
708 Operative only if the State Energy Resources Conservation and Development Commission receives, on or before February 28, 1994, not less than a total of two hundred twenty thousand dollars ($220,000) in nonstate funds consisting of contributions shared among electric utilities, lighting manufacturers, and other private sources, together with any federal funds received for the purpose.

709 Repeal operative January 1, 1998, unless repealed earlier pursuant to subdivision (c) of Government Code Section 95003 which states that Government Code Title 14 shall remain in effect only until the state terminates its participation in Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) and notifies the Secretary of the Senate of the termination, and as of that later date is repealed.

710 Operative January 1, 1998 unless repealed earlier pursuant to subdivision (c) of Government Code Section 95003 which states that Government Code Title 14 shall remain in effect only until the state terminates its participation in Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) and notifies the Secretary of the Senate of the termination, and as of that later date is repealed.

711 Effective July 1, 1994.

712 Operative January 1, 2004.

714 Operative February 14, 1994.

715 Inoperative February 14, 1994.

718 Inoperative July 1, 2001.

719 Repeal operative January 1, 2002.

722 Applicable in computation of taxes for each taxable year beginning on or after January 1, 1993.

723 Applicable in computation of taxes for each income year beginning on or after January 1, 1993.

724 Repeal operative January 1, 1999. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Pt. 10.2, Ch. 3, Art. 10 (Sec. 18811 et seq.) made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c), RTC Sec. 18816, as may be applicable, then this article is repealed with respect to taxable years beginning on and after January 1 of that calendar year.

726 Operative upon effective date of any federal legislation which is enacted requiring payment of royalty on production of locatable minerals, produced from any mining claim located or converted on federal lands in this state, excluding royalties paid on oil, gas, and geothermal lease activities, and not already subject to disposition under any of the following: (1) the Mineral Lands Leasing Act (30 U.S.C. Sec. 191), (2) the Geothermal Steam Act of 1970 (30 U.S.C. Sec. 100), (3) the Materials Act of 1947 (30 U.S.C. Sec. 601), (4) the Mineral Leasing Act for Acquired Lands (30 U.S.C. Sec. 351).

727 Operative only if Senate Constitutional Amendment 4 of the 1993–94 Regular Session is approved by the voters and becomes operative, and in that event, operative on the same date as that measure.

728 Operative and inoperative provisions relating to act specified in Sections 77501–77505 of the Food and Agricultural Code, as added by this act.

729 Inoperative April 1, 1997.

730 Operative April 1, 1997.

731 In effect only until six months following execution of declaration, that shall be retained by director, stating State Department of Social Services has secured permanent stable federal funding source to support family preservation services, and as of that date shall be repealed. If director does not execute declaration prior to January 1, 1997, this section shall become inoperative on July 1, 1997, and as of January 1, 1998, is repealed.

732 Any section of any act enacted in 1993 at 1993–94 Regular Session of Legislature that amends, adds, or repeals any section of State Teachers' Retirement Law (Part 13 (commencing with Sec. 22000), Ed. C.) and that is chaptered either before or after this act is chaptered shall prevail over this act.

734 Section effective as long as Section 42 of Internal Revenue Code remains in effect.

735 Applicable only to income years beginning on or after January 1, 1993.

736 Inoperative August 1, 1999.

738 After notification to Legislature and Secretary of State that completion of Calif. Department of Transportation Project Number 11-RIV-86, P.M. R22.0, 179800 has occurred, this section shall remain in effect only until July 1 after the then current fiscal year has elapsed, and as of that date this section is repealed.
739 Inoperative April 1, 1995.
741 Inoperative when the Governor determines that there is no longer any need for a representative for the purposes of this section.
743 Repeal operative December 1, 2003.
745 Inoperative June 30, 1998.
746 Provisions of this Section as added by this Ch. shall prevail over the provisions of Stats. 1993, Ch. 56.
747 Repealed on January 1, 1996, or date State Department of Health Services commences implementation, after adoption of regulations and receipt of necessary federal approvals, of pediatric service continuum described in Section 4 of act that added this section to Welfare and Institutions Code, whichever is earlier.
748 Inoperative January 1, 1995, if the county and the requisite number of cities within the county have not voted to form the Ventura County Waste Management Authority, as specified.
749 Subdivisions (a) and (b) operative until January 1, 2000.
750 Operative April 1, 1994.
756 Prevails over any section of AB 1519 that adds Section 33681.6 to the Health and Safety Code.
757 Prevails over any section of AB 1519 that adds Section 33682.1 to the Health and Safety Code.
759 Inoperative date for subdivision (c) deleted by amendment.
760 Section shall become operative January 1, 1995, or the operative date of any federal legislation, as specified, that is enacted prior to January 1, 1995, whichever operative date is later.
761 Subd. (b), (c), and (d) shall become inoperative on January 1, 1995.
762 Inoperative on date regulations adopted pursuant to this section re foster family home licensing are filed with the Secretary of State.
763 Not operative because ACA 6 (Stats. 1992, Res. Ch. 135) was rejected by voters.
764 Subdivision (a) inoperative June 30, 1997.
765 Subdivision (b) inoperative June 30, 1997.
767 Applicable to the 1993–94 fiscal year unless otherwise specified.
768 Effective only until date the Family Code, as added by Chapter 162 of the Statutes of 1992, becomes operative, and on that date is repealed.
771 Repeal operative on effective date of repeal of Welfare and Institutions Code Sec. 14105.33.
772 Repeal operative January 1 of the year following notification of the Governor and the Franchise Tax Board of the completion of the beautification and enhancement of an existing veterans memorial on state capitol grounds.
773 Operative for income years beginning on or after January 1, 1993.
774 Repeal operative January 1 of the fifth taxable year following the notification of the Franchise Tax Board, as specified. If, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
775 Applicable to taxable and income years beginning on or after January 1, 1987.
776 Operative at commencement of first regular academic semester, quarter, or term commencing on or after July 1, 1993.
778 Inoperative July 1, 1994, if Sacramento Regional County Solid Waste Management District is not formed in accordance with subd. (a), Sec. 60020, PRC.
780 Operative only if Secretary of United States Department of Housing and Urban Development does not issue, on or before October 24, 1993, final regulations that establish thermal insulation and energy efficiency standards for manufactured housing that take effect before January 2, 1995.

781 Inoperative upon receipt of specified information re environmental Blue Sky license plate applications by Secretary of State.

782 Section shall remain in effect until July 1, 1995. If Division of Medical Quality and Board of Podiatric Medicine each adopt regulations, regarding disclosure of information received pursuant to this section to inquiring members of public, by July 1, 1995, this section shall remain in effect after July 1, 1995. If Division of Medical Quality and Board of Podiatric Medicine do not adopt those regulations, this section shall become inoperative July 1, 1995, and as of January 1, 1996, is repealed.

783 Operative July 1, 1995, if board and Board of Podiatric Medicine do not adopt regulations regarding disclosure of information received pursuant to this section to inquiring members of public by July 1, 1995.

784 Except as provided in subdivision (b), this section shall remain in effect until July 1, 1995. If Division of Medical Quality and Board of Podiatric Medicine each adopt regulations in accordance with this section by July 1, 1995, this section shall remain in effect after July 1, 1995. If Division of Medical Quality and Board of Podiatric Medicine do not adopt those regulations, this section shall become inoperative on July 1, 1995, and as of January 1, 1996, is repealed.

785 Operative July 1, 1995, only if board and Board of Podiatric Medicine do not adopt regulations regarding disclosure of information described in subd. (a) to inquiring members of public by July 1, 1995.

787 Operative April 1, 1994.

788 If funds are transferred pursuant to Budget Act of 1993, or other legislation from Contingent Fund of Medical Board of California to General Fund in 1993–94 fiscal year, section, as amended by Sec. 33 of bill shall be repealed on date of transfer or January 1, 1994, whichever is later.

789 If funds are transferred pursuant to Budget Act of 1993, or other legislation from Contingent Fund of Medical Board of California to General Fund in 1993–94 fiscal year, section, as added by Sec. 33.5 of bill, shall not become operative.

790 Operative for each taxable year beginning on or after January 1, 1993.

792 Subdivision (j) inoperative January 1, 1997.

793 Paragraph (12) of subdivision (a) shall remain operative until January 1, 1997.

794 Subd. (g) inoperative January 1, 1994.

795 Operative because ACA 6 (Stats. 1992, Res. Ch. 135) was rejected by voters.

796 Operative for the 1993–94 fiscal year.

797 Inoperative on date regulations adopted pursuant to Section 1521.6 of the Health and Safety Code re foster family home licensing are filed with the Secretary of State.

798 Repeal operative January 1, 1999, unless a later enacted statute, which is enacted before January 1, 1999, deletes that date. If, in any calendar year the Franchise Tax Board estimates by Sept. 1 that contributions described in RTC Div. 2, Pt. 10, Ch. 17, Art. 6.9 (commencing with Sec. 18518) made on returns filed in that calendar year will be less than $250,000, or the adjusted amount, as specified, then this article is repealed with respect to taxable years beginning on and after January 1 of that calendar year.

799 Effective until January 1, 1998.

800 This section shall cease to be operative on January 1, 2001, or on January 1 of the earliest year thereafter, if the total employment in this state, as determined by the Employment Development Department on the preceding January 1, does not exceed by 100,000 jobs the total employment in this state on January 1, 1994, and as of that date is repealed.

801 Applicable to taxable and income years beginning on or after January 1, 1993.

802 Applicable in computation of taxes for income years beginning on or after January 1, 1994.

803 Inoperative on date public transit fares in City and County of San Francisco are increased.

804 Operative January 1 next following date that public transit fares in City and County of San Francisco are increased.

805 Operative October 1, 1993.

806 Not effective if Ch. 1145, Stats. 1993, prohibits a facility from being subject to a facility fee for treatment, storage, or disposal, if that activity took place before July 1, 1986, and if the fee for the activity was not paid prior to January 1, 1994.
807 Operative until January 1, 1994.
808 Operative upon repeal of Title 14 (commencing with Sec. 95000) of the Government Code as added by Sec. 2 of Ch.
809 Not operative unless SCA 15 of 1993–94 Reg. Sess. is approved by voters, and, in that event, shall become operative on same date as that measure.
810 Operative only if ACA 8 of 1993–94 Reg. Sess. is adopted by voters.
820 Operative only if substantial land acquisition funding available for allocation to the Coachella Valley Mountains Conservancy is provided in a state general obligation bond act that is submitted to the voters at a statewide election in 1992.
822 Operative because SCA 33 (Stats. 1990, Res. Ch. 57) was adopted November 6, 1990, as Proposition 127.
823 Not operative because Proposition 129 of the November 6, 1990, general election was rejected by the voters.
824 Not operative because Proposition 147 of the November 6, 1990, general election was rejected by the voters.
825 Operative because SCA 32 (Stats. 1989, Res. Ch. 167) was adopted June 5, 1990, as Proposition 112.

COUNTY, CITY, AND CITY AND COUNTY CHARTERS AND CHARTER AMENDMENTS

as transmitted by the Secretary of State for inclusion in the official statutes in accordance with Section 3, Article XI, of the California Constitution as amended by vote of electors on November 5, 1974.

CHARTER AMENDMENTS—1993

Charter Chapter Number	City—County	Date of Election	Date of Filing
1	City of Stockton	Nov. 3, 1992	Jan. 13, 1993
2	City of Fresno	March 2, 1993	April 5, 1993
3	County of Alameda	Nov. 3, 1992	Jan. 13, 1993
4	City of Eureka	Nov. 5, 1991	Feb. 3, 1993
5	City of Redondo Beach	March 2, 1993	March 29, 1993
6	City of Los Angeles	April 20, 1993	May 7, 1993
7	City of Fresno	Nov. 8, 1988	May 10, 1993

Charter Chapter 1—City of Stockton

Amendments to the Charter of the City of Stockton

[Filed with the Secretary of State January 13, 1993.]

ARTICLE IV is repealed and added and shall read as follows:

ARTICLE IV
THE CITY COUNCIL

SEC. 1.

The City Council shall be the governing body of the municipality. All powers of the City shall be vested in the Council subject to the provisions of this Charter, the Constitution of the State of California and the Constitution of the United States. The Council may establish the method or methods by which any of such powers may be exercised.

SEC. 2.

The Council shall call and hold regular and special meetings in such manner and at such time and place within the City of Stockton as it may prescribe.

SEC. 3.

All legislative sessions of the Council, whether regular or special, shall be open to the public except for sessions closed to the public as permitted by law. The public shall have access to the minutes and records of sessions open to the public at all reasonable times in accordance with applicable law.

SEC. 4.

A majority of the members of the Council shall constitute a quorum for the transaction of business. Every member when present, must vote upon all propositions.

SEC. 5.

The Council shall select the City Manager, City Attorney, City Clerk, and such other positions as may be provided for elsewhere in this Charter and such other employees to or for its own body as may be deemed necessary. All appointees chosen by the Council shall serve under such terms and conditions as may be designated by the Council.

SEC. 6.

The Council or any committee thereof duly authorized by the Council to do so, may investigate the financial transactions, and the official acts and conduct of any office or department of the City government. In conducting such investigations, the Council or any committee thereof shall have the authority to subpoena witnesses, administer oaths and require the production of evidence. Subpoenas may be issued in the name of the City and be attested by the City Clerk. Disobedience of any such subpoena or order shall be deemed contempt and shall be punishable as provided by the general laws of this state.

SEC. 7.

The Council shall be the judge of the election and qualifications of its members. Except as otherwise provided in this Charter, the Council shall determine its rules of procedure. It may punish or expel any member for violation of its rules.

SEC. 8.

Neither the Council nor any of its members or committees shall influence or attempt to influence either directly or indirectly the appointment of any person to office or employment by any of its direct appointees, or in any manner interfere with or prevent those appointees from exercising independent full judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry, the Council and its members shall deal with the administrative service solely through its own direct appointees, and neither the Council nor any member thereof shall give orders to any of the subordinates of those appointees, either publicly or privately.

ARTICLE V, Sections 1 through 12 are added and shall read as follows:

ARTICLE V

SEC. 1.

The Council shall act only by ordinance, by resolution, or by motion. The individual vote of each member of the Council shall be entered in the minutes of the Council, except that where a vote is unanimous, it may be so recorded. All ordinances and resolutions shall be signed by the Mayor and attested by the City Clerk.

SEC. 2.

Every proposed ordinance shall be in writing in the form required for adoption. Each ordinance shall contain a title which shall state in general terms the subject or subjects contained in the ordinance.

SEC. 3.

Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matters to be omitted by inclusion in brackets or by strikeout type and shall indicate new matters by underscoring or by italics.

SEC. 4.

No ordinance or resolution shall become effective without receiving the affirmative votes of a majority of the members of the Council, except as otherwise specifically provided in this Charter.

Commencing on January 1, 1989, every provision of this charter that required, prior to adoption of this section, a vote or approval of at least six of the members of the Council shall after such date require a vote or approval of at least two-thirds of the members of the Council.

SEC. 5.

In addition to other acts required by law or by specific provision of this Charter to be done by ordinance, those acts of the City Council shall be by ordinance which:

(a) Adopt a municipal code or establish or abolish any City department;

(b) Establish a rule or regulation for violation of which a fine or other penalty can be imposed;

(c) Establish procedures for the adoption of fees;

(d) Levy a tax or regulate the rate charged for its services by a public utility;

(e) Establish or change zoning designations; and

(f) Amend or repeal any ordinance previously adopted.

Acts other than those referred to in the preceding sentence may be done by ordinance, resolution, or motion.

SEC. 6.

A public hearing shall be held by the Council before taking final action on any ordinance, resolution or motion establishing any tax, assessment, or fee schedule.

SEC. 7.

Except as otherwise provided in this Charter, and with the exception of ordinances which take effect immediately upon adoption as hereinafter referred to in this Article, no ordinance shall take effect unless the title of the ordinance is published as hereinafter provided in this Section.

The title of an ordinance shall be deemed to have been "published," as said term is used in this Section if such title is printed in a newspaper of general circulation in the City at least once before its effective date. No part of any ordinance or proposed ordinance, other than its title, need be published.

Ordinances which take effect immediately upon adoption as provided in this Charter shall be published once by title within ten (10) days after their adoption.

SEC. 8.

Except as otherwise provided in this Charter, no ordinance passed by the Council shall go into effect before thirty (30) days after the time of its final passage.

SEC. 9.

The preceding Section 8 shall not apply to (1) ordinances establishing taxes, assessments, or fee schedules; (2) ordinances in proceedings under the general laws of the State for street work or improvements, or in any case where the procedure must be or is under such laws; or (3) ordinances for the immediate preservation of the public peace, health, or safety, which contain a statement of urgency and are passed by a vote of two-thirds (2/3) of the members of the Council.

SEC. 10.

The Council may cause ordinances to be codified and reproduced in book, pamphlet, looseleaf, or other format for the use of the City, its officers and the public.

SEC. 11.

Prior to any action by the City Council for the lease or sale of City's real property, notice shall be published in the official newspaper of the City

at least ten (10) days before such action is taken. In the case of leases of City's real property, said notice shall contain the name of the lessee, the term of the lease, the amount of the rental and a general description of the property to be leased. The authorizing resolution shall state explicitly the terms and conditions of the proposed lease; provided, that no lease of City's real property shall be for a longer period than fifty-five (55) years. In the case of the sale of City's real property, notice shall state explicitly the terms and conditions of the proposed sale as well as the names of the parties to the transaction, the amount of the sale, and a general description of the property. The authorizing resolution shall state or incorporate by reference the terms and conditions of the proposed transaction as well as a legal description of such property.

SEC. 12.

Except as otherwise provided by this article, the Council may proceed in any manner permitted or required by law.

ARTICLE XII, Section 7 is added and shall read as follows:

ARTICLE XII
IMPARTIAL AND BINDING ARBITRATION FOR FIRE DEPARTMENT EMPLOYEE DISPUTES

SECTION 7.

(a) Declaration of Policy. It is hereby declared to be the policy of the City of Stockton that strikes by firefighters are not in the public interest and should be prohibited, and that a method should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes.

(b) Prohibition Against Strikes. If any firefighter employed by the City of Stockton wilfully engages in a strike against the City, said employee shall be dismissed from his or her employment and may not be reinstated or returned to City employment except as a new employee. No officer, board, council or commission shall have the power to grant amnesty to any employee charged with engaging in a strike against the City.

(c) Obligation to Negotiate in Good Faith. The City, through its duly authorized representatives, shall negotiate in good faith with recognized fire department employee organizations on all matters relating to the wages, hours, and other terms and conditions of City employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of an [sic] negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and a recognized employee organization for the fire department or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department employees shall be altered, eliminated or changed.

(d) Impasse Resolution Procedures.

[(1)] All disputes or controversies pertaining to wages, hours or terms and conditions of employment which remain unresolved after good faith negotiations between the City and a fire department employee organization shall be submitted to a three-member Board of Arbitrators upon the declaration of an impasse by the City or by the recognized employee organization involved in the dispute.

[(2)] Representatives designated by the City and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the Board of Arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the Arbitration Board shall be selected by agreement between the City and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and Chairperson of the Arbitration Board.

[(3)] Any arbitration proceeding convened pursuant to this Article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The Arbitration Board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The Arbitration Board, in the exercise of its discretion, may meet privately with the parties and mediate or mede-arb issues in dispute. The Arbitration Board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

[(4)] In the event no agreement is reached prior to the conclusion of the arbitration hearings, the Arbitration Board shall direct each of the parties to submit, within such time limit as the Arbitration Board may establish, a last offer of settlement on each of the remaining issues in dispute. The Arbitration Board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to the following: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employ-

ment of employees performing similar services; and the financial condition of the City of Stockton and its ability to meet the costs of the decision of the Arbitration Board.

[(5)] After reaching a decision, the Arbitration Board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the Arbitration Board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the Arbitration Board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the Arbitration Board, as it may be modified or amended by the parties, shall be publicly disclosed and shall be binding on the parties. The City and the employee organization shall take whatever action is necessary to carry out and effectuate the arbitration award. No other actions by the City Council or by the electorate to confirm or approve the decision of the Arbitration Board shall be permitted or required.

[(6)] The expenses of any arbitration proceeding convened pursuant to this Article, including the fee for the services of the chairperson of the Arbitration Board and the costs of preparation of the transcript of the proceeding shall be borne equally by the parties. All other expenses which the parties may incur individually are to be borne by the party incurring such expenses.

ARTICLE XII, Section 8 is added and shall read as follows:

ARTICLE XII

SEC. 8.

No arbitration decision under this Article may be enforced nor may any additional financial costs be imposed on the taxpayers of the City as a result of any such arbitration decision without approval of the voters in a citywide election. Notwithstanding any other provision of this Article, no wages, benefits, or expenses relating to terms and conditions of employment shall be paid by the City pursuant to any arbitration decision under this Article unless and until additional revenues and appropriations therefor have been approved in a Citywide election by a majority vote or any such greater voting percentage as may be required by any applicable provision of the California Constitution and/or state statutes. The City Council shall not be required to call an election under this section more than once in any calendar year and may consolidate any such election with elections held for other purposes.

ARTICLE XIV is repealed in its entirety.

Certified to be a true copy by Frances Hong, City Clerk.

Date of Municipal Election: November 3, 1992.

Charter Chapter 2—City of Fresno

Amendments to the Charter of the City of Fresno

[Filed with the Secretary of State April 5, 1993.]

Section 809 is amended as follows:

SECTION 809. SALARIES AND WAGES.

Compensation of officers and employees of the city except where this Charter provides that no salary shall be paid, shall be fixed by the Council as it may from time to time determine; provided further, that city employees shall be paid not less than the prevailing wage paid in private employment in the City of Fresno in the job or position in which said employees work and the city shall not require its employees to work longer hours for the same wage than workers in private employment in said city work for such wage in like employment.

Section 303 is amended as follows:

SECTION 303. TERMS OF OFFICE.

Except as otherwise provided in this article, the terms of elective offices shall be four years. Incumbents shall hold office until their successors are elected and qualified.

In 1981 and every fourth year thereafter, the offices of Councilmembers designated as Number Two, Number Four and Number Six and the office of Mayor shall be filled at the general municipal election held in May, or at such other time as provided by this Charter. In 1983 and every fourth year thereafter, the offices of Councilmembers designated as Number One, Number Three and Number Five shall be filled at the general municipal election held in May, or at such other time as provided by this Charter.

No person elected to the Council for two successive terms shall again be eligible to hold that same office until one full term has intervened. This limitation applies to any combination of two successive terms as Mayor, Councilmember, or Mayor and Councilmember. This limitation applies to terms to which persons have been elected or appointed after May, 1985.

Section 309 is added to read as follows:

SECTION 309. OFF-YEAR CONTRIBUTIONS PROHIBITION.

No mayoral candidate, Council candidate, or any committee controlled by such person shall solicit or accept any contribution in support of such candidate's election prior to the date fixed by law for the filing of nomination papers with respect to such election, or following the year in which such election is held.

Section 1404 is added to read as follows:

SECTION 1404. BALLOT MEASURES.

Any measure submitted to the voters at a municipal election shall be worded so that a "yes" vote indicates approval of the measure proposed and a "no" vote indicates disapproval.

Certified to be a true copy by Karen Humphrey, Mayor, and Jacqueline L. Ryle, City Clerk.

Date of Municipal Election: March 2, 1993.

Charter Chapter 3—County of Alameda

Amendment to the Charter of the County of Alameda

[Filed with the Secretary of State January 13, 1993.]

Section 20 is amended to read as follows:

Section 20. Whenever a vacancy occurs in an elective County office, other than a member of the Board of Supervisors, or Board of Education, or the office of Superintendent of Schools, the Board of Supervisors shall fill such vacancy, and the appointee shall hold office until the election and qualification of his successor. In such case there shall be elected at the next general election an officer to fill such vacancy for the unexpired term, unless such term expires on the first Monday after the first day of January succeeding said election. A vacancy on the County Board of Education or in the office of Superintendent of Schools shall be filled at the time and in the manner and for the term now or hereafter provided by general law.

Certified to be a true copy by Edward R. Campbell, President of the Board of Supervisors, and William Mehrwein, Clerk of the Board of Supervisors.

Date of Special Election: November 3, 1992.

Charter Chapter 4—City of Eureka

Amendments to the Charter of the City of Eureka

[Filed with the Secretary of State February 3, 1993.]

Section 307 of Article III is amended to read as follows:

SECTION 307. RULES: CENSURE AND EXPULSION OF COUNCIL MEMBERS: SUBPOENAS

The Council shall establish rules for its proceedings. It shall have power to censure its members for disorderly conduct, committed in its presence, and may expel any member upon conviction of a felony by an affirmative vote of three (3) of its members. It shall have the power to issue subpoenas to compel the attendance of witnesses, and production of all papers relating to any business before the Council, and disobedience of such subpoena or the refusal to testify before the Council shall constitute a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable.

Section 605 of Article VI is amended to read as follows:

SECTION 605. INTERFERENCE WITH CITY MANAGER

No member of the Council shall by suggestion or otherwise attempt to influence or coerce the City Manager for personal gain, nor shall any member of the Council discuss directly or indirectly or attempt to exact any promise from any candidate for City Manager concerning appointments to city offices or employment. Except for the purpose of inquiry, Council members shall deal with the administrative service for which the City Manager is responsible solely through the City Manager, and not through subordinates of the City Manager, and neither the Council nor any member thereof shall give orders to any subordinate of the City Manager, either publicly or privately. A violation of the provisions of this Section by any member of the Council shall constitute a misdemeanor for which the offending member may be charged in any court of competent jurisdiction, and if found guilty the sentence imposed shall include removal from office. No prohibition herein contained shall be construed to mean that any member of the Council shall in any respect be prohibited from office. No prohibition herein contained shall be construed to mean that any member of the Council shall in any respect be prohibited from informing the City Manager as to any fact with the Council member's knowledge which might be of value in assisting the City Manager to appoint or employ qualified persons, or to discharge any unqualified person.

Section 608 of Article VI is amended to read as follows:

SECTION 608. CITY ATTORNEY

There is hereby created the office of City Attorney, who shall be the chief legal advisor and prosecutor of the City. The City Attorney shall be appointed by and serve at the pleasure of the Council and shall have been at the time of appointment admitted to practice and engage in the practice of law in the State of California and must be a citizen of the United States. The City Attorney shall advise all officers and agencies of the City on legal matters referred to the City Attorney, shall draft such ordinances, resolutions, contracts and other legal documents as directed by the City Council or requested by the City Manager, shall prosecute violations of City ordinances and shall act as counsel in behalf of the City or any of its officers or agencies in litigation involving any of them in their official capacity. The City Attorney shall administer the office of City Attorney subject to policies prescribed by the Council. The Council may empower the City Attorney, at the request of the City Attorney, to employ special legal counsel, appraisers, engineers and other technical and expert services necessary for the handling of any pending or proposed litigation, proceeding or other legal matter. The City Attorney shall approve, as to form, all official and other bonds given to or for the benefit of said City, and no contract shall become enforceable as against said City without the endorsement thereon of the City Attorney's approval thereof.

When the City Council determines that City Attorney is unable or unwilling to perform the duties of his office the City Council shall appoint some other qualified attorney to temporarily act in his place when in the judgment of the Council, the interests of the City require it.

Section 809 of Article VIII is amended to read as follows:

SECTION 809. ABSENCE FROM CITY; OR CONVICTION OF FELONY

If any non-elected officer of the City shall absent himself therefrom for more than thirty days, consecutively, without the permission of the Council, or be convicted of a felony his office shall be and become vacant, and such vacancy shall be filled, as in this Charter provided.

Section 1202 of Article XII, subsection (h) is added to read as follows:

SECTION 1202. DEFINITIONS

Unless the provisions or the context otherwise requires, as used in this Charter:

(a) "Shall" is mandatory and "may" is permissive.

(b) "City" is the City of Eureka and "department", "board", "commission", "committee", "agency", "officer", or "employee" is a department, board, commission, committee, agency, officer or employee, as the case may be, of the City of Eureka.

(c) "County" is the County of Humboldt.

(d) "State" is the State of California.

(e) "Council" is the City Council of the City of Eureka.

(f) "Mayor" is the Mayor of the City of Eureka.

(g) "Member", "Member of the Council", or "Council Member" means any one of the five members of the Council.

(h) "He" or "His" whenever the male gender is used it shall refer to persons of either gender.

Section 1205 of Article XII is added to read as follows:

SECTION 1205. REVOLVING DOOR PROHIBITION

No officer appointed by the City Council or elected City official shall appear before the City and attempt to influence either appointed or elected City officials on any matter of policy or administration as a paid or compensated representative of or consultant to a private entity for a period of twelve (12) months after leaving office.

Certified to be a true copy by Nancy Flemming, Mayor, and Naomi Abbott, City Clerk.

Date of Municipal Election: November 5, 1991.

Charter Chapter 5—City of Redondo Beach

Amendments to the Charter of the City of Redondo Beach

[Filed with the Secretary of State March 29, 1993.]

ARTICLE XVI

Sec. 16. District Name

The Department of Education of the City of Redondo Beach shall have jurisdiction over the public schools, kindergarten through twelfth grade, within the said City of Redondo Beach, as the same now exists, or may hereafter be changed and exist, provided by law, and within such territory that is now, or may hereafter be annexed hereto for school purposes, and shall be known as the Redondo Beach Unified School District.

Sec. 16.1. Board Members

The government and control of the public schools shall be vested in the Board of Education, consisting of five (5) members. No person shall be eligible to hold the office of member of the Board of Education unless he shall have been a resident of the territory included in the Redondo Beach Unified School District for at least thirty (30) days immediately preceding the date of filing his declaration of candidacy. They shall be elected at large by the qualified voters of the district and shall serve for a four (4) year term, without compensation, except necessary expenses when acting as designated representative of the Board of Education as provided in the Education Code of the State of California.

Sec. 16.3. Elections

The election of members of the Board of Education shall be held in the Redondo Beach Unified School District on the first Tuesday after the first Monday in March of each succeeding odd-numbered year to fill the offices of members whose terms expire on March 31st next succeeding the election. Each person elected at a regular biennial governing board member election shall hold office for a term of four years from April 1st next succeeding his election. Board of Education elections shall be consolidated with General Municipal Elections.

Sec. 16.4. DELETE SECTION 16.4. Absentee Voters

Sec. 16.6. Adjustment. Initial Term

The members of the Board of Education of the Redondo Beach Unified School District elected at the election held on November 3, 1992 shall serve the following initial terms of office: The three members receiving the highest votes at said election shall serve through March 31, 1997, and the remaining members shall serve through March 31, 1995. Thereafter, all members shall serve four year terms as provided in this Charter.

Certified to be a true copy by John L. Oliver, City Clerk.

Date of Election: March 2, 1993.

Charter Chapter 6—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State May 7, 1993.]

Article II of the Charter of the City of Los Angeles is hereby amended to read by adding Section 7.5 to the Charter of the City of Los Angeles to read as follows:

Sec. 7.5. No person may serve more than two terms of office as Mayor. No person may serve more than two terms of office as City Attorney. No person may serve more than two terms of office as Controller. No person may serve more than two terms of office as member of the City Council. These limitations on the number of terms of office shall apply only to terms of office which begin on or after July 1, 1993. These limitations on the number of terms of office shall not apply to any unexpired term to which a person is elected or appointed if the remainder of the term is less than one-half of the full term of office.

Article XVII of the Charter of the City of Los Angeles is hereby amended by amending Subdivisions (3) through (6) of Subsection (B) of Section 181.1 and Subdivisions (3) through (6) of Subsection (B) of Section 190.111 as follows:

Subdivisions (3) through (6) of Subsection (B) of Section 181.1 of the Los Angeles City Charter are hereby amended as follows:

(3) The Chief may recall a retired member to active duty: (a) only in or to a vacant position in the rank held by him at the effective date of his original retirement; (b) for not to exceed 90 days in any one calendar year; and (c) the salary, benefits and other terms and conditions of employment of any such recalled member shall be as provided under Paragraphs (5) and (6) of Subsection (B) herein.

(4) Recall of retired members of the Police Department may be approved for a period in excess of 90 days but not for more than 12 consecutive months, without loss of pension, in which case the salary, benefits and other terms and conditions of employment for such recalled police officers shall be established by ordinance.

(5) A retired member, if he were to be recalled to active duty, thereafter shall be known as a "recalled member" and, as such:

(a) His recall to active duty shall be a privilege only and the Chief may terminate his service at any time;

(b) His pension shall be paid during the period of his recall to active duty;

(c) He shall be paid (I) the salary provided for his rank and (II) the longevity pay or merit pay provided for his aggregate years of service prior to the effective date of his original retirement;

(d) He shall have no deductions made for pension purposes, pursuant to Section 186 1/2, from his salary and longevity pay or merit pay; and

(e) He, his widow, his minor child or children or his dependent parent or parents never shall be entitled to any pension benefits provided by this Article or Article XVIII by reason of his service as a recalled member.

(6) The provisions of this Article hereafter shall be construed and applied, as to a recalled member, his widow, his minor child or children and his dependent parent or parents, in accordance with respectively applicable provisions of Paragraph (5) of this subsection of this section.

Subdivisions (3) through (6) of Subsection (B) of Section 190.111 of the Los Angeles City Charter are hereby amended as follows:

(3) The Chief may recall a retired member to active duty: (a) only in or to a vacant position in the rank held by him at the effective date of his original retirement; (b) for not to exceed 90 days in any one calendar year; and (c) the salary, benefits and other terms and conditions of employment of any such recalled member shall be as provided under Paragraphs (5) and (6) of Subsection (B) herein.

(4) Recall of retired members of the Police Department may be approved for a period in excess of 90 days but not for more than 12 consecutive months, without loss of pension, in which case the salary, benefits and other terms and conditions of employment for such recalled police officers shall be established by ordinance.

(5) A retired member, if he were to be recalled to active duty, thereafter shall be known as a "recalled member" and, as such:

(a) His recall to active duty shall be a privilege only and the Chief may terminate his service at any time;

(b) His pension shall be paid during the period of his recall to active duty;

(c) He shall be paid (I) the salary provided for his rank and (II) the longevity pay or merit pay provided for his aggregate years of service prior to the effective date of his original retirement;

(d) He shall have no deductions made for pension purposes, pursuant to Section 190.10, from his salary and longevity pay or merit pay; and

(e) He, his surviving spouse, his minor child or children or dependent child or children or his dependent parent or parents never shall be entitled to any pension benefits provided by this Article or Article XVII by reason of his service as a recalled member.

(6) The provisions of this Article hereafter shall be construed and applied, as to a recalled member, his surviving spouse, his minor child or children or dependent child or children and his dependent parent or parents, in accordance with respectively applicable provisions of Paragraph (5) of this subsection of this section.

Article VI of the Charter of the City of Los Angeles is hereby amended by amending Subsections (b) and (C) of Section 70 of the Charter of the City of Los Angeles as follows:

(b) Animal Regulation
Personnel
Fire
Police

Said departments shall each be under the control and management of a board of five commissioners.

(c) Building and Safety
City Planning
Municipal Arts
Public Utilities and Transportation
Social Service
Traffic

Said departments shall each be under the control and management of a general manager.

Each of these departments shall have a board of commissioners to exercise the powers and perform the duties provided for in this Charter.

Certified to be a true copy by John Ferraro, President, Los Angeles City Council, and Elias Martinez, City Clerk.

Date of Election: April 20, 1993.

Charter Chapter 7—City of Fresno

Amendment to the Charter of the City of Fresno

[Filed with the Secretary of State May 10, 1993.]

Section 1208(b) is amended as follows:

SECTION 1208(b). All bids shall be accompanied by either a certified, or cashier's check, an irrevocable letter of credit, or a bidder's bond executed by a corporate surety authorized to engage in such business in California, made payable to the City. Such security shall be in an amount not less than that specified in the notice inviting bids or in the specifications referred to therein, or if no amount be so specified, then in an amount not less than ten percent of the aggregate amount of the bid. If the successful bidder neglects or refuses to enter into the contract within the time specified in the notice inviting bids or specifications referred to therein, the amount of the bidder's security may be declared forfeited to the City and may be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted and the amount thereof collected and paid into such fund.

Certified to be a true copy by Karen Humphrey, Mayor, and Jacqueline L. Ryle, City Clerk.

Date of General Municipal Election: November 8, 1988.

Charter Chapter 8—City of Grass Valley

Amendments to the Charter of the City of Grass Valley

[Filed with the Secretary of State May 14, 1993.]

Article I of the Grass Valley City Charter is amended to read as follows:

ARTICLE I
NAME OF CITY
RIGHTS, LIABILITIES, AND DEFINITIONS

Section 1. Name of City.

The municipal corporation now existing and known as the City of Grass Valley, shall remain and continue a body politic and corporate as at present in fact and in law by the name of the City of Grass Valley, and by such name shall have perpetual succession.

Section 2. Rights & Liabilities.

The City of Grass Valley shall remain vested with and continue to have, hold and enjoy, all property, rights and rights of action of every nature and description, now pertaining to said municipality, and is hereby declared to be the successor of the same. It shall be subject to all the liabilities that now exist against this municipality.

Section 3. Definitions.

Whenever in this charter the word "city" occurs, it means the City of Grass Valley; and every department, board or officer, and whenever mentioned, means a department, board or officer, as the case may be, of the City of Grass Valley. Whenever in this charter the word "council" occurs, it means the city council of the City of Grass Valley. Whenever in this charter, the word "state" occurs, it means the State of California. Whenever the term "general laws" is used herein, it means general laws of this state. The masculine gender includes the feminine.

Article II of the Grass Valley City Charter is amended to read as follows:

ARTICLE II
BOUNDARIES

The boundaries of the City of Grass Valley shall continue as now established until changed in the manner authorized by law.

Article III of the Grass Valley City Charter shall be unchanged.

Article IV of the Grass Valley City Charter is amended to read as follows:

ARTICLE IV
FORM OF GOVERNMENT

Section 1. Council—Administrator. Established.

The municipal government established by this charter shall be known as the "Council-Administrator" form of government.

Section 2. City Administrator. Selection and Qualifications.

There shall be a city administrator who shall be the chief administrative officer of the city. The council shall appoint the person it believes to be best qualified on the basis of executive and administrative qualifications, with specific reference to experience in, and knowledge of, accepted practice in respect to the duties of the office as set forth in this charter.

Section 3. City Administrator. Appointment, Removal, Powers and Duties.

The appointment, removal, compensation, powers and duties of the city administrator shall be established by ordinance of the city council.

Article V of the Grass Valley City Charter is amended to read as follows:

ARTICLE V
LEGISLATIVE DEPARTMENT

Section 1. Legislative Powers.

The legislative power of the City of Grass Valley shall be vested in the people through the initiative and referendum and the council.

Section 2. General Powers.

Subject to the provisions and restrictions in this charter contained and the valid delegation by this charter of any powers to any person, officer, board or committee, which delegation of power, if any, shall control, the council shall have the power, in the name of the city to do and perform all acts and things appropriate to a municipal corporation and the general welfare of its inhabitants and which are not specifically forbidden by the Constitution of the State of California, of which now or hereafter it would be competent for this charter to specifically enumerate. No enumeration or specific statement herein of any particular powers shall be held to be exclusive of, or a limitation of, the foregoing general grant of powers.

Section 3. Legislative Department.

The legislative body of the City of Grass Valley shall consist of five persons, elected at large and to be known as the council.

Section 4. Eligibility for Office.

No person shall be eligible for election to, or to hold, any elective office of said city unless he shall have been a resident and a registered voter thereof of territory legally annexed thereto at the time nomination papers are issued to the candidate or at the time of his appointment to fill a vacancy therein.

Section 5. Election of City Council.

Councilmembers shall be elected at large at the general municipal election, to be held the first Tuesday after the first Monday of each November in even-numbered years. The members of the council shall hold office for four (4) years from and after seven p.m. of the day of the first regular meeting of council in December following the election and until their successors are elected and qualified. The terms of office of councilmembers (2) elected at the May 7, 1991 general municipal election shall be until a successor is elected or appointed and qualified following the November 8, 1994 general municipal election.

The terms of office of the councilmembers (3) elected at the May 4, 1993 general municipal election shall be until a successor is elected or appointed and qualified following the November 5, 1996 general municipal election.

If two or more persons are elected by the same number of votes, the terms of each shall be decided by lot.

Article VI of the Grass Valley City Charter is amended to read as follows:

ARTICLE VI
THE COUNCIL, POWERS AND DUTIES

Section 1. Meetings.

The city council shall hold regular meetings monthly at times fixed by ordinance or resolution. It may adjourn any regular or adjourned meeting to a date specified in the order of adjournment. When so adjourned, the adjourned meeting is a regular meeting for all purposes.

Section 2. Place of Meetings.

Meetings of the council shall be held at a place designated by ordinance, resolution or order of the council. Meetings held outside the corporate limits of the city shall be limited to discussion of and/or action on those matters actually necessitating the meeting. Meetings shall be public.

Section 3. Quorum.

A majority of the council constitutes a quorum for transaction of business. Less than a majority may adjourn from time to time and compel attendance of absent members in the manner and under the penalties prescribed by ordinance or resolution. No act of the council, however, shall be valid unless a majority of all of the elected members concur therein.

Section 4. Mayor—Vice Mayor.

(a) Election by Council.

The council shall, at its first regular meeting in December succeeding its election, elect from its members an officer of the city to have the title of mayor, who shall preside at meetings of the council and shall be recognized as head of the city government for all ceremonial purposes and by the governor for purposes of military law, but shall have no regular administrative duties. The council shall also elect a vice mayor who shall act as mayor during the absence or disability of the mayor, and, if a vacancy shall occur, shall become mayor for the completion of the unexpired term. The mayor and the vice mayor shall be elected for the term of two (2) years. The terms of office for the mayor and vice mayor elected following the May 4, 1993, general municipal election shall be until their successors are elected by council at its first regular meeting in December following the November 8, 1994, general municipal election.

(b) Powers and Duties.

The mayor shall be the representative of the city. In the name and on behalf of the city he shall sign all legal instruments and documents to

which the city is a party except where otherwise provided herein or by general law, ordinance or resolution of the council.

The mayor may make or second any motion and may vote and present and discuss any matter as a member of the council.

Section 5. Judge of Qualifications of Members.

The city council is judge of the qualifications of its members and of election returns. It shall determine contested elections of city officers.

Section 6. Rules of Conduct.

The council shall determine its own rules of procedure, and may punish its members or other persons present at any meeting, for disorderly conduct.

Section 7. Records.

The council shall cause a correct record of its proceedings to be kept. The votes shall be recorded and entered therein.

Section 8. Vacancies.

Any member of the council who is absent from all regular meetings thereof for sixty (60) days consecutively from the last regular meeting without permission of the council, shall forfeit his office. Any vacancy occurring in the council shall be filled by a person appointed by a majority vote of the council. Said person appointed shall serve during the unexpired term and until the successor is elected and qualified. If, for any reason the seats of a majority of the council shall become vacant, the city clerk shall call a special election to fill the vacancies for the unexpired portions of the term, which election shall be conducted as hereinafter provided for at the general municipal election.

Section 9. Compensation.

The city council may determine the annual compensation of the mayor, vice mayor and the councilmembers by ordinance, but no ordinance increasing such compensation shall become effective until the date of commencement of the terms of councilmembers elected at the next regular election. Compensation for councilmembers shall be no greater than the maximum amount and as may be from time to time changed in accordance with the provisions of the Government Code relating to compensation of councilmembers in general law cities of comparable size.

The mayor, vice mayor and councilmembers shall receive their actual and necessary expenses incurred in performance of their duties of office.

Section 10. Legislation.

The council shall act in legislative matters by ordinance or resolution only. Other action of the council, unless herein otherwise provided may be taken by resolution, motion or order.

Article VII of the Grass Valley City Charter is amended to read as follows:

ARTICLE VII
ORDINANCES

Section 1. Enacting Clause and Adoption.

The enacting clause of every ordinance passed by the council shall be: "Be it ordained by the council of the City of Grass Valley." The enacting clause of every ordinance initiated by the People shall be: "Be it ordained by the people of the City of Grass Valley." At least five (5) days must elapse between the introduction and the final passage of any ordinance; provided, that amendments germane to the subject of any proposed ordinance may be made when it is brought up for final passage; provided, any ordinance declared by the council to be necessary as an emergency measure for preserving the public peace, health or safety and containing the reason for its urgency, may be introduced and passed at one and the same meeting, regular or special, and if passed by a four-fifths (4/5) vote, shall become effective immediately. A final vote on any other ordinance or any vote on any appropriation must be taken only at a regular, adjourned regular or special meeting. Every ordinance must be signed by the mayor, attested by the clerk and published once in the official newspaper.

Section 2. Effective Date of Ordinances.

Except as otherwise provided in this charter, every ordinance shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance or measure. No ordinances or measures passed by the council granting any franchise or privilege shall go into effect in less than thirty days from its final passage. But ordinances declared by the council to be necessary as emergency measures, as hereinbefore provided, ordinances ordering or otherwise relating to elections, ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments and ordinances providing for tax levies or appropriations for the usual current expense of the city or the rate of tax to be levied may go into effect at the will of the council.

Section 3. Amendments.

No ordinance shall be amended by reference to its title, but the sections or sub-sections thereof to be amended shall be reenacted at length as amended; and any amendment passed contrary to the provisions of this section shall be void.

Section 4. Codification.

Any or all properly enacted and unrepealed ordinances of the city may be compiled, consolidated, revised, and indexed, including such restatements and substantive changes as are necessary for clarity, in a comprehensive ordinance code, and such code may be adopted by reference by the passage of an ordinance for such purpose. Such code need not be published in the manner required for other ordinances, but not less that three (3) copies thereof shall be filed for use and examination by the public in the office of the city clerk prior to the adoption thereof.

Ordinances codified shall be repealed as of the effective date of the code. Subsequent amendments to sections of the code shall be enacted in the same manner as herein required for the amendment of ordinances generally.

Detailed regulations pertaining to subjects which require extensive regulations, after having been arranged as comprehensive codes, may be adopted by reference.

Article VIII of the Grass Valley City Charter is amended to read as follows:

ARTICLE VIII
ADMINISTRATION

Section 1. Administrative Officers, Boards, Departments and Commissions.

There shall be the following officers, boards, departments and commissions, who shall perform the duties assigned to them by this charter or by ordinances or resolutions: director of public works, city engineer, city planner, planning commission, police department, city clerk, city treasurer, city attorney, building inspector, fire department, and such other officers, boards, departments or commissions as may be hereafter established by ordinance.

Except as otherwise provided in this charter all officers and their assistants, deputies, clerks and employees shall be appointed by the city council and shall hold office or position at its pleasure. The compensation of all officers and employees shall be fixed by the council.

Section 2. Consolidation of Offices.

More than one office and the powers and duties thereof may be consolidated under a single office by ordinance or resolution of the council. Additional powers, functions, and duties may be assigned by ordinance or resolution to any office, board, department or commission hereby established.

The council may abolish or change any office established by ordinance or resolution, and may prescribe, distribute, and consolidate the functions and duties of officers so established.

Notwithstanding the foregoing the city council may transfer or consolidate functions of the city government to or with appropriate functions of the state or county government as permitted by law, and in case of such transfer or consolidation, the provisions of this charter providing for the function of the city government so transferred or consolidated, shall be deemed suspended during the continuance of such transfer or consolidation, to the extent that such suspension is made necessary or convenient and is set forth in the ordinance establishing such transfer or consolidation. Any such transfer or consolidation may be repealed by ordinance.

Section 3. Department Rules.

Each department head shall have power to prescribe and enforce reasonable rules and regulations not inconsistent with this charter or

ordinances of the city, or general laws of the state, for the conduct of the employees of the department of which he is in charge, for the distribution and transaction of its business and for records and property under his control.

Section 4. Official Bonds.

The council shall determine by ordinance or resolution which officers shall give bonds for the faithful performance of their official duties and fix the amount of such bonds. Such officers, before entering upon their duties, shall execute bonds to the city in the penal sum required, which bonds shall include other offices of which they may be ex-officio incumbents. Said bonds shall be approved by the council and filed with the city clerk. That of the city clerk shall be filed with the mayor. The premium of such bonds shall be paid by the city.

Section 5. Oath of Office.

Each officer or member of a board, department or commission shall take the constitutional oath of office and subscribe thereto before entering upon his official duties. Such oaths shall be filed with the clerk. The oath of the city clerk shall be filed with the mayor.

Section 6. Director of Public Works.

There shall be a department of public works, the head of which shall be the director of public works. He shall have charge of streets, water, lighting and sewer systems of the city; and shall exercise such other powers or perform such other duties as may be imposed by the council by ordinance or resolution.

Section 7. City Engineer.

The city engineer shall be the custodian of, and responsible for, all maps, plans, profiles, field notes and other records and memoranda belonging to the city, pertaining to his office and the work thereof, all of which he shall keep in proper order and condition with full indices thereof. He shall turn the same over to his successor upon relinquishing his office, who shall give him duplicate receipts therefor, one of which he shall file with the city clerk.

All maps, plans, profiles, field notes, estimates and other memoranda of surveys and other professional work in behalf of the city, made or done by him or under his direction or control during his term of office shall be the property of the city, and shall be kept in the city vaults. He shall perform all engineering work and surveying in prosecuting public improvements in or for the city, and in relation to public streets, lanes, alleys, ways, places and real property of the city, and shall possess such other powers and perform such additional duties not in conflict with this charter, as may be prescribed by ordinance or resolution or the general laws of the state.

Section 8. Building Inspector.

The building inspector shall supervise and be responsible for the inspection and regulation of building construction and alteration, and enforce all ordinances and laws pertaining thereto; he shall supervise and

be responsible for the inspection and regulation of plumbing, electrical, heating and cooling installations and enforce all ordinances and laws pertaining thereto.

Section 9. Police Department.

There shall be a police department, the head of which shall be the chief of police. As such head, he shall have power and be required to:

a) Preserve the public peace,

b) Execute and return all process issued to him by legal authority,

c) Exercise all the powers that are now or may hereafter be conferred upon sheriffs and other peace officers by the laws of the state,

d) Exercise such other powers and perform such other duties as may be imposed by the council by ordinance or resolution.

Section 10. Fire Department.

a) Organization.

The fire department of the City of Grass Valley shall consist of a fire chief, a first assistant fire chief, a second assistant fire chief, a rescue squad captain, a board of fire delegates and such other officers as may be deemed necessary, and such companies of volunteer firemen as now composes same or may be hereafter admitted. Such fire department and companies of volunteer firemen shall elect their own officers.

b) Board of Fire Delegates.

The fire department shall be governed by the board of fire delegates which shall be composed as herein provided. Each and every company shall at its regular meeting in December of each year, elect three (3) of its members, who shall constitute the board of fire delegates, who shall qualify themselves by taking an oath or affirmation to well and truly perform the duties of the office of a delegate; they shall meet in January to organize by the election of a president, vice-president, secretary and treasurer. Said officers shall be styled as the president, vice-president, secretary and treasurer of the Grass Valley Fire Department.

The board of fire delegates shall have the power to make all laws and regulations for the government of the fire department provided that they do not conflict with the charter or ordinances of the city. All laws and regulations made by them shall be binding upon every company and every member of the department and any engineer, officer, company or member of the department who shall violate any of said laws or regulations shall be tried and dealt with by the board as they may see proper in their judgment and their decision shall be final.

The city council shall have the power to suspend or remove for cause, by a four-fifths (4/5) vote any officer or member of the fire department only upon recommendation to the council for such suspension or removal after a hearing before a board called upon notice by the city council and composed as follows: One delegate member from each fire company to be appointed by the president of the board of fire delegates and an equal number of councilmen to be appointed by the mayor. These members shall in turn appoint an equal number of disinterested electors of the city. Said board shall convene as soon as it is appointed and shall hold the

hearing for which it was convened within five (5) days thereafter. Notice of the time and place of hearing shall be given to all interested parties at least three (3) days before the time for said hearing. Upon the conclusion of said hearing, said board shall make its recommendation to the city council forthwith. The accused person may waive any hearing before said board at any time before the same is appointed and convened.

c) Fire Chief.

The chief of the fire department shall:

1) Inquire into, and keep a record of the cause of every fire occurring in the city.

2) Have exclusive control of the workings of the fire department during a conflagration or fire and he shall have supreme authority over the territory involved therein, and all persons in the immediate vicinity of the fire during such time, including policemen, shall be subject to his orders.

3) Aid in the enforcement of all fire ordinances.

4) Examine buildings being erected.

5) Report violations of fire prevention and extinguishment ordinances when directed by the proper authorities and institute proceedings therefor.

6) Have general control, management and direction of all apparatus and equipment of the fire department.

7) Perform such other duties imposed upon him by the board of fire delegates, city ordinances or such general laws as the city council shall agree to accept by ordinance or resolution.

Section 11. City Clerk.

The city clerk shall be required to and shall have the power to:

a) Attend all meetings of the city council and be responsible for the recording and maintaining of a full and true record of all the proceedings of the council in books that shall bear appropriate titles and be devoted to such purposes.

b) Maintain separate books, in which a record shall be recorded respectively of all ordinances and resolutions, with the certificate of the clerk annexed to each thereof stating the same to be the original or a correct copy and as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this charter.

c) Maintain separate books, in which a record shall be made of all written contracts and official bonds.

d) Keep all aforementioned books properly indexed and open to public inspection when not in actual use.

e) Be the custodian of the seal of the city.

f) Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the city, certify copies of official records; and

g) Have charge of all city elections.

h) Exercise such other powers or perform such other duties as may be imposed by the council by ordinance or resolution.

Section 12. Independent Audit.

The city council shall employ for a stipulated compensation, every two (2) years at least, a certified public accountant who shall examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and all such other officers, employees or departments as the city council may direct. Such accountant shall have unlimited privilege of investigation and the right to examine under oath or otherwise all officers or employees of the city and all such officers or employees shall give all required assistance and information to such accountant and submit to him for examination such books and papers of his office as may be requested, and failure to do so shall be deemed and held to be a forfeiture and abandonment of his office.

Section 13. City Treasurer.

a) The city treasurer shall receive and safely keep all money coming into his hands as treasurer.

b) He shall comply with all laws governing the deposit and securing of public funds and the handling of trust funds in his possession.

c) He shall pay out money only on warrants signed by legally designated persons.

d) Regularly, at least once each month, the city treasurer shall submit to the city administrator a written report and accounting of all receipts, disbursements, and fund balances. He shall file a copy with the legislative body.

Section 14. City Attorney.

a) The city attorney shall have been admitted and qualified to practice before the Supreme Court of the State of California for at least three (3) years next preceding his appointment. The city attorney shall be legal advisor of the council, and all other city officials, boards and departments, and when requested in writing for a legal opinion by any city official or the head of any department of the city concerning city business, his opinion must be in writing. He shall prosecute all violations of city ordinances and shall draft all ordinances, resolutions, contracts and other legal documents and instruments required by the council.

b) Approvals of Bonds and Contracts.

He shall approve, as to form, all official and other bonds given for the benefit of said City, and all contracts with said city, and no contract shall become enforceable as against said city without the endorsement thereon of such approval.

c) Attendance at Council Meetings.

He shall perform such other legal services as the council may direct and shall attend all meetings of the council unless excused therefrom by three (3) members or by the mayor.

d) Inability to Act.

When from any cause the city attorney is unable to perform the duties of his office he may, with the consent of the council, appoint some other

qualified attorney temporarily to act in his place, and whenever, in the judgment of the council, the interests of the city require it, it may employ assistant counsel.

e) Records.

The city attorney shall deliver all books, records, documents, and personal property of every description, owned by the city to his successor in office and the city shall provide a means of safeguarding the same.

f) Additional Powers and Duties.

He shall possess such other powers, and perform such additional duties, not in conflict with this charter, as may be prescribed by ordinance or resolution or imposed upon the chief legal officer of municipalities by law.

Section 15. Planning Commission.

a) There shall be a city planning commission consisting of five (5) persons to be appointed by the city council to serve for a term of four (4) years. The powers, duties, qualifications, removal and compensation, if any, of the commission shall be established by ordinance.

Article IX of the Grass Valley City Charter shall remain unchanged.

Article X of the Grass Valley City Charter is amended to read as follows:

ARTICLE X
FINANCES

Section 1. Fiscal Administration.

Expenditures and Indebtedness: No money shall be expended and no indebtedness shall be incurred on behalf of the city, for any purpose, unless and until the same shall have been authorized by ordinance, resolution or order of the council, or in case of bonds, by vote of the people.

Section 2. Fiscal Year.

The fiscal year of the city government shall begin on the first day of July of each year and end on the 30th day of June of the following year, unless the council shall provide otherwise by ordinance or resolution.

Section 3. Budgets.

Not later than the first day of the last month of the fiscal year, the city administrator shall submit to the council a proposed budget for all of the offices, departments, and agencies, to be known as the General Budget. Said budget shall include estimates of the revenues and expenditures of each city department, office, or agency, for the ensuing year.

After reviewing the proposed budget and making such revisions as it may deem advisable, the council shall determine the time for the holding of a public hearing thereon and shall cause to be published a notice thereof not less than ten days prior to said hearing, by at least one insertion in the official newspaper.

Copies of the proposed budget shall be available for inspection by the public in the office of the city clerk at least ten (10) days prior to said hearing.

At the time so advertised, or at any time to which such public hearing shall from time to time be adjourned, the council shall hold a public hearing on the proposed budget.

After the conclusion of the public hearing the council shall further consider the proposed budget and make any revisions thereof that it may deem advisable, and before the first day of the succeeding fiscal year, it shall adopt the budget with revisions, if any, by the affirmative votes of at least four (4) members. Upon final adoption of the budget it shall be in effect for the ensuing fiscal year. A certified copy thereof shall be filed in the office of the city clerk where it shall be available for inspection. The budget so certified shall be reproduced and copies made available for the use of departments, officers, and agencies of the city.

Section 4. Appropriations.

From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the several departments, offices and agencies for the respective objects and purposes therein named.

All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered or set aside for capital outlay.

At any meeting after the adoption of the budget, the council may amend or supplement the budget by motion adopted by the affirmative votes of at least four (4) members so as to authorize the transfer of unused balances appropriated for one purpose to another purpose, or to appropriate available revenue not included in the budget.

Section 5. Tax Procedure.

The procedure for the assessment, levy and collection of taxes may be prescribed by ordinance of the council; and in the absence of such an ordinance the procedure applicable thereto shall be that prescribed by the general laws of the state.

Section 6. Revenue Bonds.

The council shall have power to issue revenue bonds for the purpose and by the procedures now or hereafter authorized by the general laws of the State of California, including the issuance of refunding revenue bonds.

Section 7. Limit of Bonded Indebtedness.

The bonded debt of the city shall at no time exceed a total of fifteen (15%) percent of the assessed valuation of all property taxable for city purposes; provided, however, that bonds issued for the acquisition, extension, betterment or maintenance of municipally owned public utilities shall not be considered in fixing such limitation.

Article XI of the Grass Valley City Charter is amended to read as follows:

ARTICLE XI
ELECTIONS

Section 1. General Municipal Elections.

General municipal elections for the election of officers and for such other purposes as the council may prescribe shall be held in the city on the first Tuesday after the first Monday in November of even-numbered years except as otherwise provided by ordinance of the city council to be concurrent with State General Election.

Section 2. Special Municipal Elections.

Other municipal elections shall be known as special municipal elections and may be called from time to time by the council.

Section 3. Procedure for Nominations and Elections.

Unless otherwise provided by ordinance, hereafter enacted, all nominations and elections shall be governed in accordance with the provisions for the holding of elections in general law cities of the State of California, insofar as the same are not in conflict with this chapter.

Section 4. Initiative, Referendum and Recall.

There are hereby reserved to the electors of the city the powers of the initiative and referendum and of the recall of municipal elective officers. The provisions of the Elections Code of the State of California, as the same now exists or may hereafter be amended governing the initiative and referendum and of the recall of municipal officers, shall apply to the use thereof in the city so far as such provisions of the Elections Code are not in conflict with this charter.

Article XII of the Grass Valley City Charter is amended to read as follows:

ARTICLE XII
FRANCHISES

Section 1. Granting of Franchises.

The council may grant a franchise to any person, partnership, corporation, or other legal entity capable of exercising the privilege conferred, whether operating under an existing franchise or not, and may prescribe the terms, conditions, and limitations of such grant, including the compensation to be paid in the city therefor. The council may prescribe by ordinance or resolution the method or procedure for granting franchises, together with additional terms and conditions for making such grants. In the absence of such provision the method provided by the general laws of the state shall apply.

Section 2. Procedure for Granting Franchises.

Before granting any franchise, the city council shall adopt a resolution declaring its intention to grant same and stating the name of the proposed grantee, the character of the proposed franchise, and the terms and conditions upon which it is proposed to be granted. Such resolution

shall fix and set forth the day, hour, and place when and where any person having an interest in or objecting to the granting of such franchise may appear before the council and be heard thereon. Said resolution shall be published at least once, not less than ten days prior to said hearing, in the official newspaper. After hearing all persons desiring to be heard, the council may by ordinance deny or grant the franchise on the terms and conditions specified in the resolution. No ordinance granting a franchise shall be adopted as an emergency ordinance.

Section 3. Term of Franchise.

No franchise shall be granted for a longer period than twenty-five years, unless there be reserved to the city the right to take over at any time the works, plant, and property constructed under the grant at their physical valuation and without compensation for franchise or good will.

Section 4. Eminent Domain.

No franchise grant shall in any way, or to any extent, impair or affect the right of the city to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing therein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the city's right of eminent domain with respect to any public utility.

Article XV of the Grass Valley City Charter is renumbered and amended to read as follows:

ARTICLE XIII
CONTRACTS AND CENTRALIZED PURCHASING

Section 1. Contracts.

All contracts shall be drawn under the supervision of the city attorney. All contracts must be in writing, executed in the name of the city, by an officer or officers authorized to sign the same, and must be countersigned by the city clerk who shall number and register the same in a book kept for that purpose.

Section 2. Provisions in All Contracts.

a) Progressive Payment of Contracts. Any contract may provide for progressive payments if in the ordinance or resolution authorizing or ordering the work, permission is given for such payment. But no progressive payments can be provided for or made at any time which, with prior payments, if there have been such, shall exceed in amount at any time ninety (90%) percent of the contract price before the completion and acceptance of the work.

b) Contracts on Public Works. Except as hereinafter provided, every contract involving an expenditure of more than Twenty Five Thousand Dollars ($25,000.00) or in a lesser amount as may be established by ordinance for the construction or improvement of public buildings, works, streets, drains, sewers, utilities, parks and playgrounds shall be let to the lowest responsible bidder after notice by publication in the official newspaper by one or more insertions, the first of which shall be at least ten (10) days before the time for opening bids.

The Council may reject any and all bids presented and may readvertise in its discretion.

The Council, without advertising for bids, or after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, the work in question may be performed better or more economically by the city with its own employees and after the adoption of a resolution to this effect by at least four (4) affirmative votes it may proceed to have said work done in the manner stated, without further observance of the provisions of this subsection. Such contracts likewise may be let without advertising for bids, if such work shall be deemed by the Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by motion passed by at least four (4) affirmative votes and containing a declaration of the facts constituting such urgency. And provided further, that the respective city departments shall do the ordinary work in making repairs and maintenance with its regular city employees without calling for bids for the doing of said work or the purchase of supplies, material or equipment but the doing of said work shall be subject to the provisions of this charter on purchase of materials, supplies and equipment.

c) Competitive Bidding. All purchases or contracts for supplies, materials or equipment involving an expenditure of more than Twenty Five Thousand Dollars ($25,000.00) or in a lesser amount as may be established by ordinance shall be let to the lowest responsible bidder after notice by publication in the official newspaper by one or more insertions, the first of which shall be at least ten (10) days before the time for opening bids, provided, however, the Council, without advertising for bids or after rejecting bids or if no bids are received, may declare and determine that in its opinion the supplies, materials or equipment may be purchased more economically by the city and after the adoption of a resolution to this effect by at least four (4) affirmative votes it may proceed to purchase such supplies, materials or equipment without further observance of the provisions by passage of a resolution, authorizing same by four (4) affirmative votes it may proceed to purchase such supplies, materials or equipment without further observance of the provisions of this subsection. The council may by passage of a resolution, authorizing same by four (4) affirmative votes of the members thereof, authorize the purchase of supplies, materials or equipment without advertising for bids if such purchase shall be deemed by the council to be of urgent necessity for the preservation of life, health, or property.

Section 3. Centralized Purchasing.

The city council shall establish a centralized purchasing system for all city departments, offices and agencies. The city administrator or his designee shall recommend and the council shall consider and adopt all ordinances, rules and regulations governing the contract for purchasing, storing, distribution or disposal of all supplies, materials and equipment required by any department, office or agency of the city government.

Article XVI of the Grass Valley City Charter is renumbered and amended to read as follows:

ARTICLE XIV
MISCELLANEOUS

Section 1. General Laws.

All general laws of the State applicable to municipal corporations, now or hereafter enacted and which are not in conflict with the provisions of this charter or with ordinances, or resolutions adopted in pursuance of this charter, shall be applicable to the city when such general laws are accepted by the city council by ordinance or resolution.

Section 2. Continuity of Rights and Liabilities.

All vested rights of the city shall continue and shall not in any manner be affected by the adoption of this charter, nor shall any right, liability, pending suit or prosecution, either in behalf of or against the city, be affected by the adoption of this charter, unless otherwise herein expressly provided. All contracts entered into by the city for its benefit prior to the taking effect of this charter shall be continued and perfected hereunder. Public improvements for which legislative steps shall have been taken under laws in force at the time this Charter takes effect, may be carried to completion in accordance with the provisions of such laws.

Section 3. Invalidity.

If any section or part of a section of this Charter proves to be invalid, it shall not be held to invalidate or impair the validity of any other section or part of a section, unless it clearly appears that such other section or part of a section is dependent for its operation upon the section or part of a section so held invalid.

Section 4. Discrimination.

No person in the service of the City of Grass Valley or seeking admission thereto, shall be discriminated against because of his or her political or religious opinions or affiliations, or on account of race, color, national origin, ancestry, sex, or other protected classes.

Section 5. Personal Interest in Contracts.

City councilmembers or other city officials and city employees shall not be interested in any contract made by them in their official capacity, or by any body of which they are members. Nor shall such persons be purchasers at any sale, or vendors at any purchase, made by them in their official capacity. Nor shall such persons receive any gratuity or advantage from any contract or persons furnishing labor or material for the same.

Any willful violation of this section is a misdemeanor and grounds for removal from office.

Section 6. Forfeiture of Office.

a) Forfeiture of Office For Fraud. Every officer who shall willfully approve, allow or pay any demand on the treasury not authorized by law, shall be liable to the city individually and on his official bond, for the

amount of the demand so approved, allowed, or paid, and shall forfeit such office and be forever disbarred and disqualified from holding any position in the service of the city.

b) Forfeiture of Office for Other Causes. An elective office becomes vacant when the incumbent thereof is adjudged insane, convicted of a felony, or of an offense involving a violation of his official duties, or ceases to be a resident of the city, or neglects to qualify within the time prescribed by the provisions of this charter or ordinance.

Section 7. Public Records.

City books and records shall be open to inspection as provided by the general laws of the state.

Section 8. Existing Ordinances.

All ordinances and resolutions in force at the time this Charter takes effect, and not inconsistent therewith, shall continue in full force until amended or repealed.

Section 9. Amendment of Charter.

This Charter may be amended in accordance with the provisions of Section 8, Article XI, of the Constitution of the State of California, or any amendment thereof or provision substituted therefor. Amendments to this charter shall be approved by a majority of the voters of the city at an election as set by state law, but shall be framed and proposed with the full text of the amendment by (1) ordinance of the city council; (2) a report as prepared by a duly elected charter commission as created pursuant to state law; or (3) by initiative by the voters of the city.

Section 10. Property.

All property of the city, both real and personal, may be acquired, purchased, leased, sold, or exchanged in the same manner as is provided for the acquisition, purchase, lease, sale, or exchange of public property by the laws of the State of California for general law cities as the same now exists or may hereafter be amended.

Section 11. Violations of Charter or Ordinances.

The violation of any provision of this charter or any ordinances of the city shall be deemed a misdemeanor unless by ordinance it is made an infraction. Such violation may be prosecuted in the name of the People of the State of California or redressed by civil action. The maximum fine or penalty for a misdemeanor or infraction shall be the same as established by the general laws, unless a contrary intention is expressed in the ordinance.

Article XVII of the Grass Valley City Charter is renumbered and amended to read as follows:

ARTICLE XV
SUCCESSION IN GOVERNMENT

Section 1. Continuation of Present Officers.

Until the election or appointment and induction into office of the officers and employees in this charter provided for, the present officers and employees shall without interruption, continue to perform the duties

of their respective offices and employments for the compensation provided by existing ordinances or laws.

Section 2. Effective Date of Charter.

If these charter amendments are approved by the State Legislature, they shall take effect when the concurrent resolution of the Legislature approving these charter amendments is filed with the Secretary of State.

Certified to be a true copy by Dan Miller, Mayor, and Gene Haroldsen, City Clerk.

Date of Municipal Election: May 4, 1993.

Charter Chapter 9—County of San Diego

Amendment to the Charter of the County of San Diego

[Filed with the Secretary of State June 2, 1993.]

Section 805 is added to read as follows:

Section 805: Limitation on Charter Amendments Imposing Mandatory Costs.

(a) Notwithstanding any other provision of this Charter, except as provided in subdivision (c) of this section, any amendment to the Charter of the County of San Diego taking effect on or after November 3, 1992 imposing any mandatory service, duty or cost on the County shall be effective only if such amendment is accompanied at the same time by a new, specific and legally available source of revenue to fully fund all costs created by such amendment for each and every year.

(b) In the event full funding of any amendment is not provided as required by subdivision (a), the mandate shall be void and unenforceable.

(c) The restrictions provided in subdivision (a) shall not apply to any amendment to the Charter of the County of San Diego which is approved by a two-thirds vote of the qualified electors of the County of San Diego.

(d) If any section, part, clause or phrase of this amendment is for any reason held invalid or unconstitutional, the remaining portion shall not be affected but shall remain in full force and effect.

(e) It is the intent of the voters that the provisions of this section shall apply to any proposed amendment to the Charter of the County of San Diego submitted to the voters at the election to be held on November 3, 1992 or thereafter.

Certified to be a true copy by Brian P. Bilbray, Chairman of the Board of Supervisors, and Thomas J. Pastuszka, Clerk of the Board of Supervisors.

Date of Municipal Election: November 3, 1992.

Charter Chapter 10—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State June 24, 1993.]

Article I of the Charter of the City of Los Angeles is hereby amended to read as follows:

Subsection (5) of Section 3 of the Los Angeles City Charter is amended as follows:

(5) No discrimination in the amount of license tax shall be made between persons engaged in the same business, other than by proportioning the tax to the amount of business done, except that the City Council by ordinance may provide for license tax exemptions and decreases to promote City economic development under the following circumstances. Any incentives shall be limited to predefined areas of the City, such as redevelopment areas, enterprise zones, employment and economic incentive areas, or revitalization zones, where other Federal, State, or local economic incentive areas have been established by the City Council. In addition, any business tax exemptions or reductions shall require the adoption of an ordinance by the City Council specifying the amount of the exemption or reduction; the period of time for which the exemption or reduction will be allowed; the specific business tax classification, or classifications, which will be eligible for the exemption or reduction; and the geographical boundaries within which the exemption or reduction will be applicable.

Articles XVIII and XXXIV of the Charter of the City of Los Angeles are hereby amended to read as follows:

Section 1. Paragraph eight of Section 190.07 of the Los Angeles City Charter is hereby amended to read:

Fifty percent of those assets of the funds invested in equity-type securities may be invested in common stocks, preferred stocks, convertible preferred stocks, and convertible bonds and debentures, irrespective of whether the common stock of the respective corporation is eligible for investment under the terms of the preceding paragraph.

Section 2. Paragraph fifteen of Section 504 of the Los Angeles City Charter is hereby amended to read:

Fifty percent of those assets of the fund invested in equity-type securities may be invested in common stocks, preferred stocks, convertible preferred stocks, and convertible bonds and debentures, irrespective of whether the common stock of the respective issuing corporation is eligible for investment under the terms of the preceding paragraph.

Certified to be a true copy by Marvin Braude, President Pro Tempore, City Council, and Nancy Russell, City Clerk.

Date of Election: June 8, 1993.

Charter Chapter 11—County of San Mateo

Amendments to the Charter of the County of San Mateo

[Filed with the Secretary of State June 24, 1993.]

That Section 402 of Article IV of the Charter of the County of San Mateo be amended to read as follows:

402. Assessor-County Clerk-Recorder. The Assessor-County Clerk-Recorder shall be elected.

The Board of Supervisors, at any time by ordinance, may transfer all the non-court related County Clerk duties as authorized by general law.

That Section 405, of Article IV of the Charter of the County of San Mateo be repealed.

Certified to be a true copy by Richard L. Silver, Clerk of the Board of Supervisors.

Date of Special Election: June 8, 1993.

Charter Chapter 12—City of Fresno

Amendments to the Charter of the City of Fresno

[Filed with the Secretary of State May 19, 1993.]

The title of Article II is amended as follows:

POWERS AND FORM OF GOVERNMENT

Section 203 is added to read as follows:

Section 203. CONTINUANCE OF LAWS. All lawful ordinances, resolutions, rules and regulations or portions thereof now in force and not in conflict or inconsistent herewith are continued in force until they have been duly repealed, amended, changed or superseded by proper authority.

Section 204 is added to read as follows:

Section 204. FORM OF GOVERNMENT. The government provided by this Charter shall be known as the Mayor-Council form of government.

Section 300 is amended as follows:

Section 300. ENUMERATION. The elective officers of the City shall be a Mayor and seven Councilmembers. The Council shall consist of seven Councilmembers, each of whom shall have the right to vote on all matters coming before the Council.

Section 302 is amended as follows:

Section 302. DESIGNATION OF COUNCILMEMBERS FOR ELECTION. As to the Councilmembers there shall be deemed to be seven separate offices to be filled, one of which shall be designated as Councilmember Number One, another as Councilmember Number Two,

another as Councilmember Number Three, another as Councilmember Number Four, another as Councilmember Number Five, another as Councilmember Number Six, and another as Councilmember Number Seven. No candidate shall file for more than one elective office. Such designation shall be used on all nomination papers, certificates of election and all election papers referring to the office.

Section 303 is amended as follows:

Section 303. TERM OF OFFICE.

(a) Except as otherwise provided in this Charter, the terms of elective offices shall be four years.

(b) In 1981 and every fourth year thereafter, the offices of Councilmembers designated as Number Two, Number Four and Number Six and the office of Mayor shall be filled at the general municipal election held in May, or at such other time as provided by this Charter. In 1983 and every fourth year thereafter, the offices of Councilmembers designated as Number One, Number Three and Number Five shall be filled at the general municipal election held in May, or at such other time as provided by this Charter.

(c) Beginning in 1995, each elected officer shall take office on the first Tuesday following the first Monday in January of the odd-numbered year following his or her election to office except in the case of special elections in which the person elected shall take office upon the certification of election results. Incumbents shall hold office until their successors are elected and qualified.

(d) Councilmembers designated as Number l, Number 3, and Number 5 elected to office in 1991 shall serve in office until the first Tuesday following the first Monday in January of 1995.

(e) Councilmembers designated as Number l, Number 3, and Number 5 elected to office in 1994 shall commence their terms in office on the first Tuesday following the first Monday in January 1995.

(f) Councilmembers designated as Number 2, Number 4, and Number 6 and the Mayor elected to office in 1993 shall serve in office until the first Tuesday following the first Monday in January of 1997.

(g) Councilmembers designated Number 2, Number 4, and Number 6 and the Mayor elected to office in 1996 shall commence their terms in office on the first Tuesday following the first Monday in January 1997.

(h) The initial term for Councilmember designated as Number 7 shall commence on the first Tuesday following the first Monday in January 1997 and end on the first Tuesday following the first Monday in January 1999. Thereafter, the term of Councilmember designated as Number 7 shall commence and end at the same time as the terms of Councilmembers designated as Numbers 1, 3, and 5.

Section 305 is amended as follows:

Section 305. VACANCIES.

(a) An elective office becomes vacant when the incumbent thereof dies, resigns, is removed from office under recall proceedings, is adjudged insane, is convicted of a felony or of an offense involving a violation of his

or her official duties, ceases to be a resident of the City or the district corresponding in number to the office to which he or she was elected, neglects to qualify within the time prescribed by the provisions of this Charter, is absent from the State without leave for more than sixty consecutive days, or fails to attend the meetings of the body of which he or she is a member for a like period without being excused therefrom by such body.

(b) The Council shall declare the existence of any vacancy except a 'vacancy caused by death or resignation. Such declaration shall be a final determination of the existence of the vacancy unless a court review is sought within thirty days after such declaration.

(c) A resignation is effective when received by the City Clerk unless a different time is stated in the resignation.

(d) A vacancy in an elected office shall be filled as follows:

(1) A vacancy in the office of a Councilmember may be filled by appointment by the Council if:

(i) the Council declares the existence of the vacancy or the incumbent dies or resigns in the final year of a term, and

(ii) the appointment is made within thirty days after the Council declares the existence of the vacancy or the incumbent dies or resigns.

(2) Any vacancy in the office of a Councilmember not filled pursuant to paragraph (1) shall be filled by a special election to be held not sooner than ninety days after the Council calls such election nor later than the next regular election date after the expiration of such ninety days.

(3) In the event of a vacancy in the office of Mayor, the Council shall appoint the Mayor Pro Tempore as Mayor for the period of time from the date of appointment to the date the newly elected Mayor assumes office and the Council shall call a special election for filling the vacancy, which election shall be called within thirty days after such vacancy occurs, provided that if such vacancy occurs within one hundred twenty days, but not less than eighty-eight days from the date of a municipal primary nominating election at which the office of Mayor would regularly be filled, the City Council shall not cause a special election to be held to fill the vacancy but said vacancy shall be filled as part of the regular election process. If elected by a specially called election pursuant to this subsection 305(d), the Mayor so elected shall serve for the remainder of the unexpired term of the Mayor whose vacation of the office has caused the special election to be held.

(e) Any person appointed or elected to fill a vacancy shall serve for the remainder of any unexpired term and until his or her successor qualifies. If a person appointed to fill a vacancy is a candidate for the same office which he or she then holds, the designation under the candidate's name on the ballot may be the words "appointed incumbent" or may be words designating the profession, vocation, or occupation of the candidate.

(f) If the Council fails either to fill a vacancy by appointment or to call a special election within thirty days after the incumbent dies, or his or her resignation is effective, or the declaration of the existence of the vacancy

becomes final, the salary or other compensation of each member of the Council shall cease until the Council calls such special election.

(g) At any special election called to fill a council or mayoral vacancy, the candidate receiving the majority of votes cast shall succeed to the vacated office for the unexpired term upon certification of the election results. If no candidate receives a majority of votes cast, Council shall call another special election within thirty days of the certification of the election results and the two candidates receiving the most votes shall be placed on that special election ballot.

Section 400 is amended as follows:

Section 400. POWERS AND DUTIES. The executive power of the City shall be vested in the office of Mayor. The Mayor shall have the power to veto legislative and budgetary actions of Council pursuant to and in accordance with the provisions of this Charter. The Mayor shall be the Chief Executive Officer of the City, responsible for providing leadership and taking issues to the people and marshalling public interest in and support for municipal activity. The Mayor shall be responsible to the People of Fresno for the proper and efficient administration of all affairs of the City.

In addition to these general responsibilities, the Mayor shall have the following specific duties:

(a) The Mayor shall execute and enforce all laws and ordinances and policies of the City.

(b) The Mayor shall have sole authority to appoint and remove the Chief Administrative Officer.

(c) The Mayor shall exercise control over the Chief Administrative Officer.

(d) The Mayor shall prepare or cause to be prepared the proposed annual City budget, and shall submit the same to the Council for its deliberation and approval.

(e) The Mayor shall have the power of veto in all legislative matters which must be passed by the City Council, except as provided in this Charter.

(f) The Mayor shall have power of veto in all actions of Council relating to the budget, including line item budgetary veto authority over all programs and budgetary units. This authority includes the ability to reduce or eliminate the fiscal year funding to any program or budget unit.

(g) The Mayor shall not directly supervise any City department.

(h) The Mayor shall provide the liaison between the Administrative Service and the Council, fostering a sense of cohesion among Councilmembers and educating the public about the needs and prospects of the City.

(i) The Mayor shall provide community leadership and actively promote economic development to broaden and strengthen the commercial and employment base of the City.

(j) The Mayor shall recommend to the Council such measures and ordinances as he or she may deem necessary or expedient and to make such other recommendations to the Council concerning the affairs of the City as the Mayor finds desirable.

(k) The Mayor shall investigate those affairs of the City under the Mayor's supervision.

Section 401 is amended as follows:

Section 401. MAYOR PRO TEMPORE. The President of the Council shall serve as Mayor Pro Tempore. In addition to his or her regular duties as Councilmember, the Mayor Pro Tempore shall perform the duties of the Mayor during the Mayor's absence except, however, the Mayor Pro Tempore shall not have veto authority in the absence of the Mayor. If the Mayor Pro Tempore is appointed Mayor pursuant to subsection 305(d) (2) of this Charter, he or she shall exercise all of the powers of the office of Mayor until a successor is elected and qualified.

Section 500 is amended as follows:

Section 500. POWERS VESTED IN THE COUNCIL. All powers herein granted to and vested in the City of Fresno shall, except as herein otherwise provided, be exercised by a Council to be designated the Council of the City of Fresno. Said Council shall be the governing body of the City and, subject to the express limitations of this Charter, shall be vested with all powers of legislation in municipal affairs adequate to a complete system of local government consistent with the Constitution of the State. Each Councilmember shall have the right to appoint and remove his or her own Council Assistant.

Section 501 is added to read as follows:

Section 501. President of the Council. Commencing in 1997 on the first Tuesday after the first Monday in January, the Council shall elect a President of the Council from among its members to serve for a one-year term. The President of the Council shall be the presiding officer of the Council. In addition, upon vacancy in the office of the Mayor, the office of Mayor shall be filled by the President of the Council as provided in Article III of this Charter. In the event of a vacancy in the office of President of the Council or in the event the President is required to fill the office of Mayor, the Council shall select an Acting President who shall serve until the previously elected President returns to office or that Councilmember's term expires.

Section 600 is amended as follows:

Section 600. ENACTMENT OF ORDINANCES. Legislative action, including the establishment of a fine or other penalty or the grant of a franchise, shall be taken by the Council only by means of an ordinance, as follows:

(a) Each ordinance shall be introduced in writing, and its enacting clause shall be substantially as follows: "The Council of the City of Fresno does ordain as follows:".

(b) No ordinance shall be adopted by the Council on the day of its introduction, or on the day it is altered after introduction, nor within five days thereafter, except as follows:

(1) An ordinance which takes effect upon final passage;

(2) An ordinance changing the land use zoning district of property, or adopting, amending, or repealing a specific plan or a redevelopment plan, when the adoption of such ordinance has been the subject of a noticed public hearing by the Council;

(3) An alteration necessary only to correct a typographical or clerical error.

(c) No ordinance, except an emergency ordinance, shall be adopted at any time other than a regular or adjourned regular meeting.

(d) Upon the demand of a member of the Council at the time of the adoption of an ordinance, it shall be read in full, unless the reading thereof is waived by the Council.

(e) No ordinance changing the land use zoning district of property shall be adopted in conflict with any specific plan adopted by ordinance.

Section 603 is amended as follows:

Section 603. EMERGENCY ORDINANCES. Any ordinance declared by the Council to be necessary as an emergency measure for preserving the public peace, health or safety, and containing a statement of the reasons for its urgency, may be introduced, adopted, and become effective at one and the same meeting if passed by at least five affirmative votes.

Section 605 is amended as follows:

Section 605. VETO OF CITY COUNCIL ACTIONS BY MAYOR.

(a) The Mayor shall have veto power over all legislative acts of Council, whether such actions be taken by ordinance, resolution, or otherwise. The Mayor's veto power shall not extend to administrative decisions or quasi-judicial decisions of Council. The veto power shall be afforded the Mayor irrespective of any super-majority vote by Council, except that the veto power shall not extend to override votes taken pursuant to Section 609 of this Charter.

(b) For purposes of this Charter Section 605, legislative acts shall include amendments to the Fresno Municipal Code; adoption of general plans, community plans and specific plans; grants of franchise; establishment of fines, penalties, or regulations; tax levies; annexation of property; exemption of property from taxation; ordinances required by state law in matters wherein state law preempts local law; actions calling an election or otherwise relating to an election; resolutions and actions relating to eminent domain; adoption of budget; amendment of budget; fixing of compensation of officers and employees; position authorizations; establishment of fees; issuance of bonds; and all matters subject to the power of initiative and referendum.

(c) Notwithstanding, subsections 605(a) and (b), the Mayor's veto power shall not extend to:

(l) emergency ordinances;

(2) certain land use decisions including: the amendment of specific plans, community plans, and general plans; rezonings; conditional use permits or other special use permits approved by Council after consideration by the Planning Commission; or

(3) any other land use action, other than text amendments to the Fresno Municipal Code, and whether legislative or quasi-judicial in nature, in which the matter has been considered at a public hearing before the City Council and Planning Commission.

(d) Each proposed resolution or ordinance voted on by the Council that is not approved by the Council and each ordinance or resolution adopted by the Council shall, within forty-eight hours of such action, be transmitted to the Mayor by the City Clerk, with appropriate notation of the action of the Council thereon. All ordinances, resolutions, or other actions of Council subject to power of the Mayor's veto shall be acted upon by the Mayor within ten days of receiving the Clerk's transmittal by Council.

The Mayor shall either approve each ordinance, resolution or other action adopted by Council subject to power of the Mayor's veto adopted by the Council by signing and returning same to the City Clerk within the required time limits, or shall veto any ordinance, resolution or other action adopted by Council and shall return each such ordinance, resolution or action to the City Clerk with his or her written objections within the required time limit. Failure to make such return within the required time limit shall constitute approval and such ordinance, resolution, or action shall take effect without the Mayor's signed approval. The City Clerk shall note such fact on the official copy of such ordinance, resolution or action.

Any proposed ordinance, resolution or other action subject to power of the Mayor's veto which is voted on by the Council that is not approved by the Council shall be reconsidered by the Council on the written request of the Mayor, stating his or her reasons therefor, filed with the City Clerk by the Mayor within ten days after the Council's action on such resolution or ordinance. The Council shall reconsider such measure at its convenience, but not later than thirty days after the filing of the Mayor's request therefor.

Section 609 is added to read as follows:

Section 609. ENACTMENT OVER VETO. The Council may reconsider any ordinance, resolution, or other action subject to the Mayor's veto, which has been vetoed by the Mayor and if, after such reconsideration, five members of the Council shall vote in favor of passage thereof, it shall become effective notwithstanding the Mayor's veto. If more than five votes are required for the adoption or approval of any resolution, ordinance or other action by the provisions of this Charter or other superseding law, such larger vote shall be required to overcome the veto of the Mayor. If such vetoed ordinance, resolution, or other action is not passed over the Mayor's veto within thirty days of such veto, the resolution, ordinance, or other action shall be deemed disapproved.

Section 610 is added to read as follows:

Section 610. EFFECTIVE DATE OF ORDINANCES. An ordinance adopted by the Council shall become effective thirty days from and after the date of its final passage, except the following, which shall take effect on the date of final passage:

(a) An ordinance calling or otherwise relating to an election;

(b) An ordinance declaring the amount of money necessary to be raised by taxation, or fixing the rate of taxation, or levying the annual tax upon property;

(c) An emergency ordinance adopted in the manner provided in this Charter;

(d) An ordinance annexing areas to the city; or

(e) An ordinance providing for a tax levy or an appropriation for the usual current expenses and outlays of the City.

The date of final passage shall be deemed the date of approval by Mayor pursuant to Charter Section 605. In those cases, where the Mayor does not have veto power, the date of final passage shall be deemed the date of Council adoption.

If an ordinance becomes law when the time for approval or veto by Mayor has expired and no action has been taken, the date of expiration of that time shall be deemed the date of its final passage. If an ordinance is adopted by Council pursuant to a veto override vote, the date of Council's override vote shall be deemed the date of final passage.

Section 702 is amended as follows:

Section 702. APPOINTMENT AND REMOVAL. The Chief Administrative Officer shall be appointed by the Mayor. Such appointment must be made within ninety days after the first election held under this Charter and within ninety days after any subsequent vacancy occurs in the office. The Chief Administrative Officer may be removed from office by the Mayor.

Section 703 is amended as follows:

Section 703. RESIGNATION. Before resigning his or her position, it shall be the duty of the Chief Administrative Officer to give the Mayor at least thirty days' notice in writing of his or her intention to resign, stating the reasons therefor.

Section 704 is amended as follows:

Section 704. COMPENSATION. The Chief Administrative Officer shall be paid a salary commensurate with his or her responsibilities as Chief Administrative Officer of the City which salary shall be established by Council resolution. In the event of his or her removal from office, the Chief Administrative Officer shall be paid his or her salary through thirty days following the date of his or her removal.

Section 705 is amended as follows:

Section 705. POWERS AND DUTIES. The Chief Administrative Officer shall work under the direct supervision of the Mayor. He or she shall be responsible to the Mayor for the proper administration of all

affairs of the City not otherwise assigned in this Charter. He or she shall have the power and be required to:

(a) Exercise control over all departments, offices and agencies under his or her jurisdiction;

(b) Advise the Mayor concerning the creation, organization, conduct, operation, alteration, or abolition of the various departments, offices and agencies of the city government;

(c) Appoint, and he or she may suspend or remove, subject to the Civil Service System provisions of this Charter, all department heads and officers of the City except elective officers and officers the power of whose appointment is vested by this Charter in the Council, provided, however, that the appointment, removal and suspension of the Controller shall be subject to the approval of the Council; approve or disapprove all proposed appointments and removals of deputies, assistants and subordinate employees by department heads or officers except those officers whose appointment is vested by this Charter in the Council or Mayor, and such appointments and removals by such department heads or officers shall be subject to his or her approval;

(d) Administer the budget after adoption;

(e) Establish such financial and accounting records and procedures as will reflect the current financial status of all municipal activities;

(f) Establish a central purchasing system for all city offices, departments and agencies;

(g) Keep the Mayor advised of the financial affairs and conditions and future needs of the City and make recommendations to the Mayor concerning the administration of city affairs;

(h) Prepare and submit to the Mayor reports in answer to requests for information made to him or her by the Mayor;

(i) Perform such other duties as may be prescribed by this Charter or required of him or her by the Mayor, not inconsistent with this Charter;

(j) Attend all meetings of the Council, unless excused therefrom by the Mayor.

Section 707 is repealed.

Section 800 is amended as follows:

Section 800. OFFICERS TO BE APPOINTED BY THE COUNCIL. There shall be a City Attorney and a City Clerk who shall be appointed by and serve at the pleasure of the Council, but who may be removed only by a majority vote of the entire Council.

Section 1000 is amended as follows:

Section 1000. UNCLASSIFIED AND CLASSIFIED SERVICE. The Administrative Service of the City shall be divided into Unclassified and Classified Service:

(a) The Unclassified Service shall be comprised of the following officers, employees, and positions:

(l) The Chief Administrative Officer, his or her deputies, if any, the City Clerk, the City Attorney, his or her deputies, if any, Council Assistants and all management employees serving in a class which

contains one or more positions at the division head level and above, including the heads of all departments created by the Council;

(2) Positions in any class or grade created for special or temporary purposes for a period of not longer than one year within any two consecutive fiscal years;

(3) Persons employed to render professional scientific, technical, or expert services of any occasional or exceptional character;

(4) Part-time employees paid on an hourly or per diem basis.

Section 1202 is amended as follows:

Section 1202. ANNUAL BUDGET. PREPARATION BY CHIEF ADMINISTRATIVE OFFICER. At such date as the Mayor shall determine, each department head shall furnish to the Mayor through the Chief Administrative Officer estimates of revenue and expenditures for his or her department, detailed in such manner as may be prescribed by the Mayor. In preparing the proposed budget, the Mayor shall review the estimates, hold conferences thereon with the Chief Administrative Officer and respective department heads and may revise the estimates as he or she may deem advisable.

Section 1203 is amended as follows:

Section 1203. BUDGET. SUBMISSION TO COUNCIL. At least thirty days prior to the beginning of each fiscal year, the Mayor shall submit to the Council the proposed budget as prepared by him or her. The Council may review the proposed budget and make such revisions as it may deem advisable. At the time he or she submits the proposed budget to the Council the Mayor shall determine, and shall advise the Council of, the time for the holding of a public hearing thereon, and shall cause notice to be given of the time and place of such hearing, not less than ten days prior to the time fixed therefor, by publication of such notice at least once in a newspaper of general circulation in the City. Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to the hearing.

Section 1400 is amended as follows:

Section 1400. DIRECT PRIMARY AND GENERAL MUNICIPAL ELECTIONS.

(a) Beginning in 1994, direct primary elections for the nomination of candidates to be voted for at the ensuing general municipal election and for such other purposes as the Council may prescribe shall be held in the City on the first Tuesday after the first Monday in June in each even-numbered year. If any candidate for a particular office receives a majority of all votes cast for a particular office, that candidate shall be declared elected and no general municipal election shall be held for that office.

(b) Beginning in 1994, general municipal elections for the election of officers and for such other purposes as the Council may prescribe shall be held in the City on the first Tuesday after the first Monday in November in each even-numbered year. Notwithstanding subsections 1400(a) and (b), the Council may by ordinance or resolution provide for such

elections to be held within thirty-one days of either of such dates for the purpose of consolidation with any election to be conducted in the County of Fresno, State of California.

Section 1500(f) is amended as follows:

(f) A "Councilmember" means any one of the seven members of the Council.

Section 1500(g) is repealed.

Section 1503 is added to read as follows:

Section 1503. IMPLEMENTATION OF COUNCIL-MAYOR FORM OF GOVERNMENT. The Mayor-Council form of government shall become operative on the first Tuesday after the first Monday in January, 1997.

The Council shall redraw the current Council office boundaries no later than June 30, 1995, to add a Council office designated as Councilmember Number 7. This office shall be filled for an initial two-year term at either the direct Primary or General Municipal Election of 1996, taking office on the first Tuesday after the first Monday in January, 1997. Thereafter, terms for the office of Councilmember Number 7 shall be for four-year terms.

Section 1504 is added to read as follows:

Section 1504. EXPANSION OF COUNCIL MEMBERSHIP.

(a) At such time as the population of the City of Fresno reaches 540,000, the Council shall add two Council offices to the Council designated as Councilmember Number 8 and Councilmember Number 9. For making a determination as to whether the 540,000 population figure has been reached, the City shall utilize census data from the Demographic Research Unit of the State Department of Finance issued annually on May 1st or a similarly reliable source of population figures in the event the Demographic Research Unit no longer provides such information. Within 180 days of receipt of validated population figures evidencing this population total, the Council shall redraw the Council district boundaries, after a duly noticed public hearing, to reflect the two additional Council seats.

(b) The two seats shall be initially filled in the next regular municipal election held in which City offices are filled. Both Councilmember seats 8 and 9 shall be filled at said next regular municipal election. Thereafter, Councilmember seat number 8 shall be filled in the same electoral cycle as even-numbered Council seats and Councilmember seat number 9 shall be filled in the same electoral cycle as odd-numbered Council seats. Depending on when the election cycle for filling Councilmember seat numbers 8 and 9 falls, the initial term for one of the two seats shall be a two-year term.

(c) At such time as Councilmembers designated as Councilmember Number 8 and Councilmember Number 9 are installed in office the following provisions shall be deemed changed:

(1) All provisions in this Charter for a requirement of an "affirmative vote of at least four members of the Council" or any similar language

requiring four votes shall be deemed changed to require "affirmative vote of at least five members of the Council."

(2) All provisions in this Charter for a requirement of an "affirmative vote of at least five members of the Council" or any similar language requiring five votes shall be deemed changed to require "an affirmative vote of at least six members of the Council."

Section 1505 is added to read as follows:

Section 1505. OPERATIVE DATE OF CHARTER AMENDMENTS. The provisions of the various amendments to the Charter adopted in the May 4, 1993, ballot shall become effective as provided by law but shall be operative in accordance with the following rules which are intended to provide a smooth and efficient transition from the present municipal election cycle to an election cycle whereby municipal elections are consolidated with statewide elections held in June and November of even-numbered years and from the present Council-Manager form of government to a strong Mayor form of government to be known as Mayor-Council form of government:

(a) The amendments of Sections 303 and 1400 of the Charter as set forth in the resolution submitting the ballot measure to the voters shall be operative on and after January 1, 1994; until that date Sections 303 and 1400 as they existed on May 3, 1993, shall remain in full force and effect; on and after January 1, 1994, Sections 303 and 1400 as they existed on May 3, 1993, shall be deemed repealed, of no further force and effect and superseded by said amended sections as approved on May 4, 1993.

(b) The amendment of Sections 203, 204, 300, 302, 305, 400, 401, 500, 501, 600, 603, 605, 609, 610, 702, 703, 704, 705, 1000, 1202, 1203, 1500 of the Charter as set forth in the resolution submitting the ballot measure to the voters shall be operative on and after the first Tuesday after the first Monday in January, 1997; until that date said sections as they existed on May 3, 1993, shall remain in full force and effect; on and after January 1, 1997, said sections as they existed on May 3, 1993, shall be deemed repealed, of no further force and effect and superseded by said amended sections as approved on May 4, 1993.

(c) Sections 609 and 610, as added to the Charter, and the repeal of Section 707 and subsection 1500(g) as set forth in the ballot measure approved by the voters on May 4, 1993, shall be operative only on and after the first Tuesday after the first Monday in January, 1997.

(d) All other amendments to the Charter adopted by the voters on May 4, 1993, shall be deemed operative on their effective date as provided by law or by their operative language.

Certified to be a true copy by Karen Humphrey, Mayor, and Jacqueline L. Ryle, City Clerk.

Date of General Municipal Election: April 27, 1993.

Charter Chapter 13—City of Merced

Amendments to the Charter of the City of Merced

[Filed with the Secretary of State August 12, 1993.]

Section 400 of Article IV is amended to read as follows:

Section 400. Number and term.

The city council shall consist of a mayor and six councilmembers elected from the city at large at the times and in the manner provided in this Charter. The mayor shall serve for a term of two (2) years and councilmembers for a term of four (4) years and until their respective successors are elected and qualified, provided, however, that no such member shall be eligible to serve more than two (2) terms as mayor and two (2) terms as councilmember.

Section 404 of Article IV is amended to read as follows:

Section 404. Presiding officer—Mayor.

(a) The mayor shall have a voice and vote in all proceedings of the city council. He shall be the official head of the city for all ceremonial purposes. He shall perform such other duties as may be prescribed by this charter or as may be imposed by the city council consistent with his office.

(b) The city council shall also designate one of its members as mayor pro tempore who shall serve in such capacity at the pleasure of the city council. The mayor pro tempore shall perform the duties of the mayor during his absence or disability.

Certified to be a true copy by James G. Marshall, City Clerk, and Dorothy C. Penner, Deputy City Clerk.

Date of Municipal Election: November 3, 1992.

Charter Chapter 14—City of Long Beach

Amendments to the Charter of the City of Long Beach

[Filed with the Secretary of State August 23, 1993.]

The Charter of the City of Long Beach is amended by adding Section 214 which reads, along with voter-approved related matters, as follows:

"THE LONG BEACH TERM LIMITATIONS
AND BALLOT ACCESS ACT OF 1992"

Section One. Title. This act shall be known and may be cited as "The Long Beach Term Limitations and Ballot Access Act of 1992."

Section Two. Findings and Declarations. The citizens of the City of Long Beach hereby find and declare as follows:

(a) Extended incumbency discourages a broad cross section of qualified citizens from seeking elected office. Long term incumbents with

financial support from special interests financially overwhelm non-incumbent candidates and reduce competitive, democratic elections.

(b) Extended incumbency prevents a vigorous and self-renewing City Council and Office of Mayor.

Section Three. Purpose and Intent. The citizens of the City of Long Beach declare their purpose and intent in enacting this legislation to be as follows:

(a) To promote, protect and defend the compelling interests of our citizens in those values identified by the California Supreme Court in affirming term limits for the Governor of California and both the State Senate and the Assembly as provided in Proposition 140.

(b) To promote, protect and defend the compelling interests of our citizens in preserving the integrity of the ballot while also preserving the ability to stand for and hold elective office and vote for the candidate of their choice through a write-in campaign.

Section Four. Term Limitations on ballot access by candidates for City Council and Mayor.

Section 214 is added to Article II of the Charter of the City of Long Beach to read as follows:

Section 214: Term Limitations on Ballot Access by Candidates for City Council and Mayor.

(a) Notwithstanding any other previously enacted provision of law or of this Charter, the City Clerk, or other election official authorized by law, shall not accept or verify the signatures on any nomination paper for any person, nor shall he or she certify or place on the list of certified candidates, nor print or cause to be printed on any ballot, ballot pamphlet, sample ballot or ballot label, the name of any person who either:

(1) Is elected to two full terms as a member of the City Council after November 3, 1992 and thereafter seeks to become a candidate for City Council, or

(2) Is serving a full unexpired term as a member of the City Council on November 3, 1992 or other date upon which this act becomes law and is subsequently elected to a second full term as a member of the City Council and thereafter seeks to become a candidate for City Council, or

(3) Is elected to two full terms as Mayor after November 3, 1992 and thereafter seeks to become a candidate for Mayor, or

(4) Is serving a full unexpired term as Mayor on November 3, 1992 or other date upon which this act becomes law and is subsequently elected to a second full term as Mayor and thereafter seeks to become a candidate for Mayor.

(b) Write-In Candidacies. Nothing in this article shall be construed as prohibiting any qualified voter of this City from casting a ballot for any person by writing the name of that person on the ballot, or from having such ballot counted or tabulated, nor shall any provision of this article be construed as prohibiting any person from standing or campaigning for any elective office by means of a write-in campaign.

(c) Construction. Nothing in this article shall be construed as preventing or prohibiting the name of any person from appearing on the ballot at any direct primary or general election unless that person is specifically prohibited from doing so by the provisions of Section 214(a) of this Article, and to that end Section 214(a) shall be strictly construed. This act shall be liberally construed to accomplish its purposes.

Section Five. Effective Date. This act shall become effective on the date of approval by the voters or as soon thereafter as provided by law.

Section Six. Conflicting Initiatives. In the event that this measure and another measure or measures addressing the subject of term limits and ballot access shall appear on the ballot with this act, the provision of said measures shall be deemed to be in conflict. If this measure shall receive the greater number of affirmative votes, the provisions of this measure shall take effect in their entirety and the provisions of said other measure or measures shall be null and void. If said other measure or measures shall receive the greater number of affirmative votes, the provisions of this measure shall take effect to the extent permitted by applicable law.

Section Seven. Severability. If any provision of this measure or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this measure which can be given effect without the invalid provision or application and to this end, the provisions of the measure are severable.

That the foregoing is a full, true and correct copy of the proposed amendment to the Charter of the City of Long Beach, and related matters, ratified by the electors of the City as aforesaid, on file in the office of the City Clerk of the City of Long Beach.

Certified to be a true copy by Ernie Kell, Mayor, and Shelba Powell, City Clerk.

Date of Municipal Election: November 3, 1992.

Charter Chapter 15—City of Bakersfield

Amendment to the Charter of the City of Bakersfield

[Filed with the Secretary of State August 23, 1993.]

Article VII, Section 67 of the Charter of the City of Bakersfield is amended to read as follows:

ARTICLE VII.

Elections.

Date of General Municipal Election.

Section 67. A general municipal election for the election of members of the Council, and for such other purposes as the Council may prescribe, shall be held in the City of Bakersfield on the first Tuesday after the first

Monday in November of each even-numbered year, except as otherwise provided by ordinance of the Council. The person having the highest number of votes given for each office shall be elected. The elected members of the Council shall hold office until their successors are elected or appointed and qualified.

Certified to be a true copy by Carol Williams, City Clerk.
Date of Election: November 3, 1992.

Charter Chapter 16—County of Santa Clara

Amendment to the Charter of the County of Santa Clara

[Filed with the Secretary of State August 19, 1993.]

AMENDMENT OF SECTION 503
OF THE CHARTER OF THE
COUNTY OF SANTA CLARA

Section 503. The members of the county board of education are elected for the terms and in the manner provided by general law. The county superintendent of schools is appointed by the county board of education for a term not to exceed four (4) years. The county board of education may suspend or remove the county superintendent of schools as provided by contract between the county board of education and the county superintendent.

Certified to be a true copy by Ron Gonzales, Chairperson, Board of Supervisors, and Phyllis Perez, Clerk, Board of Supervisors.
Date of Election: November 6, 1990.

Charter Chapter 17—City of Santa Ana

Amendment to the Charter of the City of Santa Ana

[Filed with the Secretary of State September 27, 1993.]

Section 400 is amended to read as follows:

Sec. 400. Number, selection and terms of members.

The city council shall consist of seven (7) members elected at the times and in the matter [manner] provided in this charter, each of whom, except for the mayor, shall serve a term of four (4) years. The term of each member shall begin following such election, at the first regularly scheduled meeting of the city council following certification of election results, and each shall serve except as otherwise provided for in this charter, until his or her successor is elected and qualified. Each office of councilmember shall be a separate office and, except for the mayor, one

(1) of such offices shall be assigned to each of the wards of the city. Candidates for each office of councilmember other than the mayor shall be nominated from such ward by the electors of such ward and candidates for mayor shall be nominated by electors of the city, but all councilmembers shall be elected by the vote of the electors of the city at large.

Section 402 is amended to read as follows:

Sec. 402. Compensation of members.

Each member of the city council shall receive as compensation for his or her services as such a monthly salary in the sum of one hundred and twenty-five dollars ($125.00). The member elected to fill the office of mayor shall receive the additional amount of seventy-five dollars ($75.00) for each month said member shall fill the office of mayor. Further, each member of the city council shall receive reimbursement for required travel and other expenses while on official business of the city as authorized and approved by the city council.

Absence of a member of the city council from all regular and special meetings of the city council during any calendar month shall render him or her ineligible to receive the monthly salary for such a calendar month unless by permission of the city council expressed in its official minutes.

Section 405 is amended to read as follows:

Sec. 405. Mayor pro tem.

In the first meeting of the city council following any general or special election at which members of the city council are elected, the city council shall elect a mayor pro tem who shall act as mayor during the absence from the city or disability of the mayor, or during any vacancy in the office of mayor until otherwise filled in accordance with section 403.

Section 406 is amended to read as follows:

Sec. 406. Council judge of elections and qualifications of members.

The city council shall be the judge of the election and qualifications of its members as defined in section 401 of this charter and shall meet on the first regularly scheduled meeting after election returns are certified for any municipal election at which members of the city council are elected, declare the results thereof, and install elected members, if any.

Certified to be a true copy by Daniel H. Young, Mayor, and Janice C. Guy, Clerk of the Council.

Date of Municipal Election: November 8, 1988.

Charter Chapter 18—City of Santa Ana

Amendment to the Charter of the City of Santa Ana

[Filed with the Secretary of State September 27, 1993.]

Section 425 is added, to read as follows:

Section 425. Disqualification due to campaign contributions.

A councilmember shall not participate in, nor use his or her official position to influence, a decision of the city council if it is reasonably foreseeable that the decision will have a material financial effect, apart from its effect on the public generally or a significant portion thereof, on a recent major campaign contributor. As used herein, "recent major campaign contributor" means a person who has made campaign contributions totalling $250 or more to the councilmember or to any campaign committee controlled by the councilmember in the twelve-month period immediately preceding the date of the decision. The mayor is a councilmember for purposes of this section.

Section 901.1 is added, to read as follows:

Sec. 901.1. Prohibition against serving as treasurer for campaign committee.

If any member of an appointive board or commission shall become the treasurer of a campaign committee which receives contributions for any candidate for mayor or councilmember, his or her office shall become vacant and shall be so declared by the city council.

Sections 1206, 1207, and 1208 are added, to read as follows:

Sec. 1206. Campaign contribution limitation.

No person shall make, and no candidate for mayor or city council or campaign treasurer shall solicit or accept, any contribution or loan which would cause the total amount contributed or loaned by that person to that candidate, including contributions or loans to all committees controlled by that candidate, to exceed one thousand dollars ($1,000) in any election cycle; provided, however, that the city council may, by ordinance, adjust such limit to reflect changes in the consumer price index; and provided further that nothing herein shall apply to a candidate's contribution of his or her personal funds to his or her own campaign contribution account. As used herein, "election cycle" means the period of time between the date of an election to the office of mayor or councilmember and the date of the next election to the same office.

Sec. 1207. Campaign committees and bank accounts.

A candidate for the office of mayor or city council shall have no more than one campaign committee and one campaign contribution account out of which all expenditures for the purpose of seeking such office shall be made. The campaign contribution account shall be established and maintained as set forth in Section 85201 of the Government Code.

Sec. 1208. Enforcement.

(a) Any person who knowingly or willfully violates sections 1206 or 1207 of this charter is guilty of a misdemeanor.

(b) Any resident of the city may bring an action, at any time during an election period or thereafter, in a court of competent jurisdiction to enjoin actual or threatened violations of, or to compel compliance with, or to obtain a judicial declaration regarding compliance with, section 1206 or 1207.

(c) The city attorney may maintain, in the name of the city, or a resident of the city may maintain, in his or her own name, a civil action

to recover from a candidate or a committee controlled by a candidate any contributions received by such candidate or committee in excess of the contribution limitations established by section 1206. Any money recovered in any such action shall be deposited in the City's general fund.

Certified to be a true copy by Daniel H. Young, Mayor, and Janice C. Guy, Clerk of the Council.

Date of Municipal Election: November 3, 1992.

Charter Chapter 19—City of Santa Barbara

Amendments to the Charter of the City of Santa Barbara

[Filed with the Secretary of State November 29, 1993.]

Section 500. City Council. Terms.

The elective officers of the City shall consist of a City Council of seven (7) members, including the Mayor, all to be elected from the City at large at the times and in the manner provided in this Charter and who shall serve for terms of four (4) years and until their respective successors qualify.

The Mayor and members of the City Council in office at the time this Charter amendment takes effect shall continue in office until their successors are elected and qualified. Three (3) members of the City Council shall be elected at the General Municipal Election to be held in April, 1969 (to succeed the members whose terms expire in 1969), and each fourth year thereafter. Three (3) members of the City Council shall be elected at the General Municipal Election to be held April, 1971 (to succeed the members whose terms expire in 1971), and each fourth year thereafter. The Mayor shall be elected as Mayor, separate and apart from the other members of the City Council, at the General Municipal Election held in April, 1969, and each fourth year thereafter.

The term of the Mayor and each member of the City Council shall commence on the day of the first Council meeting in the month of January following the receipt of certification of election results. Ties in voting among candidates for office shall be settled by the casting of lots.

Section 814. Architectural Board of Review. Powers and Duties.

There shall be an Architectural Board of Review composed of nine (9) members. At least two (2) members of such Board shall be licensed architects, and at least three (3) other members shall possess professional experience in related fields, including but not limited to, landscape architecture, building design, structural engineering or industrial design. Four (4) members shall constitute a quorum, one (1) of which shall be an architect. The Board shall have the power and duty to:

(a) Review and approve, conditionally approve or disapprove all applications for a building permit for the erection or exterior alteration of any type, nature or kind of building, structure or sign that may be

specified by ordinance as requiring such action within any area, district or zone of the City, except for those applications subject to review by the Historic Landmarks Commission. Any application for a building permit, except for those applications subject to review by the Historic Landmarks Commission, for the erection or exterior alteration of any such type, nature or kind of building, structure or sign within any such area, district or zone shall be referred to said Board before issuance, together with plans, elevations and site plans therefor. Any applicant may appeal in writing to the City Council from any action or decision of the Architectural Board of Review, whereupon the City Council may approve, conditionally approve or disapprove such application and the decision of the City Council shall be final. No such building permit shall be issued except in accordance with the approval of the Architectural Board of Review, or on appeal of the City Council. The City Council shall, by ordinance consistent with this Charter, implement the provisions of this section.

Section 817. Historic Landmarks Commission. Powers and Duties.

There shall be an Historic Landmarks Commission consisting of nine (9) members. Commission members shall have demonstrated knowledge of the history and architecture of the City of Santa Barbara. Notwithstanding Section 802 of this Charter, up to four (4) members of the Commission need not be electors of the City, and may be non-residents. At least two (2) members shall be licensed architects, one (1) member shall be a professional architectural historian, and one (1) member shall be a licensed landscape architect. In addition, there shall be one or more members who may not qualify for the above categories and who shall represent the public at large.

The Historic Landmarks Commission shall have the power and duty to:

(a) Recommend to the City Council that certain structures, natural features, sites or areas having historic, architectural, archaeological, cultural or aesthetic significance be designated as a Landmark;

(b) Designate certain structures or objects having historic, architectural, archaeological, cultural or aesthetic significance as Structures of Merit;

(c) Review and approve, disapprove, or approve with conditions, plans for exterior alteration, demolition, relocation, moving, or construction of or on (1) any structures or real property within El Pueblo Viejo Landmark District, (2) any structures or real property within any designated Landmark District, (3) any additional property authorized by action of the City Council; (4) a designated Landmark. The area described in Section 22.22.100 of the Santa Barbara Municipal Code as it exists at the time of this amendment shall comprise El Pueblo Viejo Landmark District. Its boundaries may be expanded by the City Council through the adoption of appropriate ordinances. Any applicant may appeal in writing to the City Council from any action or decision of the Historic Landmarks Commission, whereupon the City Council may approve, conditionally approve or disapprove such application and the

decision of the City Council shall be final. Any structure, natural feature, site or area owned or leased by any public entity shall not be subject to the provisions of this Section with the exception of those owned or leased by the City unless the City Council determines in its discretion that such review is unnecessary;

(d) Perform such other functions or duties, not inconsistent with this Charter, as may be prescribed by ordinance.

Certified to be a true copy by Hal Conklin, Mayor, and Lily Rossi, Chief Deputy City Clerk.

Date of Election: November 2, 1993.

Charter Chapter 20—City and County of San Francisco

Amendments to the Charter of the City and County of San Francisco

[Filed with the Secretary of State December 6, 1993.]

Charter Article II, Chapter 2—City and County of San Francisco.

Section 2.200 is amended to read as follows:

2.200. Meetings.

At 12:00 o'clock noon on the eighth day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the City Hall, and thereafter regular meetings shall be held as fixed by resolution.

The meetings of the board shall be held in the City Hall, provided that, in case of emergency, the board, by resolution, may designate some other appropriate place as its temporary meeting place.

Notice of any special meeting shall be published at least 24 hours in advance of such special meeting.

The board of supervisors, by motion, may schedule special meetings of the board in locations in San Francisco other than in City Hall. Notice of special meetings being convened outside of City Hall shall be published and posted in City Hall at least 30 days in advance of such special meetings. Motions to schedule special meetings of the board in locations in San Francisco other than in City Hall shall first be introduced and referred to a committee of the board for hearing and consideration.

The board of supervisors, by motion, may authorize a committee of the board of supervisors to schedule a special meeting of the committee of the board in a location in San Francisco other than in City Hall. Notice of special committee meetings being convened outside of City Hall shall be published and posted in City Hall at least 30 days in advance of such special meetings. Motions to schedule special meetings of the committees

of the board in locations in San Francisco other than in City Hall shall first be introduced and referred to a committee of the board for hearing and consideration.

Charter Article III, Chapter 1—City and County of San Francisco.

Section 3.100-2 is amended to read as follows:

3.100-2. Meet and Confer Authority.

Subject to this charter and consistent with state law, the mayor through the human resources director or his/her designee and in consultation with the board of supervisors shall be responsible for meeting and conferring with employees or their recognized employee organizations regarding salaries, working condition benefits and other terms and conditions of employment to be embodied in memoranda of understanding. The human resources director shall assume day to day administration of all labor relations responsibilities previously vested in the mayor or board of supervisors. This section shall not modify the methodology for setting wages, hours, benefits and other terms and conditions of employment set forth in sections 8.401, 8.403, 8.404, 8.405, 8.407, 8.407-1, 8.409, and 8.590-1 to 8.590.7 of this charter, nor does this transfer diminish in any way the managerial power over city affairs vested in the mayor by this charter.

The human resources director shall submit proposed memoranda of understanding including, where applicable, schedules of compensation, benefits and working conditions to the mayor who upon approval shall forward the proposed memoranda of understanding to the board of supervisors for determination by a majority vote. The board of supervisors shall have the power to accept or reject such memoranda of understanding. It shall be the duty of the board of supervisors, upon approval of any such memoranda of understanding to enact appropriate ordinances authorizing payment of any compensation or benefits or other terms and conditions of employment so approved.

Nothing in this section shall supersede the dates specified in charter sections 8.401, 8.403, 8.404, 8.407, 8.407-1, 8.409, and 8.590-1 to 8.590-7 except that the board of supervisors by motion may extend for up to thirty days the date for final adoption of ordinances approving salary and benefits pursuant to those sections. Should the board of supervisors reject any memorandum of understanding and/or schedule of compensation and benefits, the board of supervisors shall by motion simultaneously extend by sixty days the date for final adoption of ordinances approving salary, benefits, and/or working conditions pursuant to those sections.

Section 3.103 is amended to read as follows:

3.103. Employee Relations Office.

The human resources director shall:

1. Represent the City and County of San Francisco and/or its departments in the implementation of those provisions of Title I, Division 4, Chapter 10 of the Government Code applicable to the City and County of San Francisco, subject to the mayor's authority under charter section 3.100-2;

2. Coordinate the meet and confer process between the City and County of San Francisco, its employees, and/or their designated representatives;

3. Negotiate and administer memoranda of understanding;

4. Perform related duties necessary to administer the employee relations functions of the City and County of San Francisco.

Notwithstanding charter section 2.304, or any other provision of this charter, any amendments to the Employee Relations Ordinance implementing this charter amendment shall become effective immediately upon adoption.

Charter Article III, Chapter 4—City and County of San Francisco.

Section 3.401 is amended to read as follows:

3.401. City Attorney.

(a) The city attorney shall be an elective officer. He or she shall furnish an official bond in the sum of $10,000. He or she shall appoint, and at his or her pleasure may remove, all assistants and employees of his or her office. He or she shall devote his or her entire time and attention to the duties of his or her office. He or she must, at the time of his or her election, be an elector of the city and county; qualified to practice in all the courts of the state, and he or she must have been so qualified for at least 10 years next preceding his or her election.

The city attorney must represent the city and county in all actions and proceedings in which it may be legally interested, or, for or against the city and county, or, any officer of the city and county in any action or proceeding, when directed to do so by the supervisors, except where a cause of action exists in favor of the city and county against said officer. Whenever any cause of action exists in favor of the city and county, the city attorney shall commence the same when within his or her knowledge or when directed so to do by the supervisors. He or she shall give his or her advice or opinion in writing to any officer, board or commission of the city and county when requested. Except as otherwise provided in this charter, he or she shall not settle or dismiss any litigation for or against the city and county, unless, upon his or her written recommendation, he or she is ordered so to do by ordinance.

The city attorney shall prepare, or approve as to form, all ordinances before they are enacted by the supervisors. He or she shall approve, by endorsement in writing, the form of all official or other bonds required by this charter or by ordinance before the same are submitted to the proper commission, board or office for final approval, and no such bonds shall be finally approved without such approval as to form by the city attorney. Except as otherwise in this charter provided, he or she shall prepare in writing the draft or form of all contracts before the same are executed on behalf of the city and county. He or she shall examine and approve the title of all real property to be acquired by the city and county.

He or she shall keep on file in his or her office copies of all written communications and opinions, also all papers, briefs and transcripts used in matters wherein he or she appears; and books of record and registers

of all actions or proceedings in his or her charge in which the city and county or any officer or board thereof, is a party or is interested.

(b) The duties of the city attorney in connection with the bureau of delinquent revenue collection shall be transferred to and performed by the attorney for said bureau who shall be subject to the civil service provisions of this charter.

(c) There is established in the office of the city attorney a bureau of claims investigation and administration which shall have the responsibility of investigating, evaluating and processing for the several boards, commissions and departments all claims for money or damages made upon the city and county pursuant to Section 7.703 of this charter or the general law of the State of California. Claim investigation functions of the police department in existence on June 4, 1986, shall continue as an adjunct to the bureau established under this section. Claims functions of the public transportation commission and the public utilities commission shall remain under those commissions unless transferred to the bureau of claims investigation and administration by ordinance of the board of supervisors.

Notwithstanding any other provision of this charter, the bureau shall also have the power to investigate events and occurrences giving rise to potential civil liability against the city and county and adjust and settle demands, within dollar limits to be established by ordinance, prior to their presentment as claims. There shall be established by ordinance a revolving fund to satisfy such demands adjusted prior to their presentment as claims. The bureau shall be responsible for the investigation of all claims and the analysis of city policies and practices upon which the bureau shall report and advise the several departments.

The city attorney shall appoint a chief of the bureau who shall serve at his or her pleasure. The chief of the bureau may appoint, subject to confirmation by the city attorney, investigators who shall serve at the pleasure of the chief; provided, however, that any person who has civil service status to the position of civil claims investigator or any equivalent classification on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

Charter Article III, Chapter 5—City and County of San Francisco.

Section 3.503 is added to read as follows: (Formerly Section 3.700)

3.503. Powers and Duties of County Officers.

Each county officer shall have all the powers conferred and shall discharge all the duties imposed by general laws upon said officer of a county or a city and county of this state, and shall have such other powers and duties as in this charter specifically provided.

Section 3.504 is added to read as follows: (Formerly Section 3.701)

3.504. Powers of Hearing and Inquiry.

The mayor, the chief administrative officer, the controller, or any board or commission appointed by the mayor relative solely to the affairs under its control, may require such periodic or special reports of

departmental costs, operation and expenditures, examine the books, papers, records and accounts of, and inquiring into matters affecting the conduct of any department or office of the city and county, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the chief of police to designate a police officer to serve subpoenas. Any person refusing to obey such subpoena and other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances.

Section 3.521 is amended to read as follows:

3.521. Commission; Composition.

The city planning commission shall consist of seven members, five of whom shall be appointed by the mayor. The chief administrative officer and the director of public transportation, or their designated deputies, shall be members ex-officio. The terms of appointive members of the commission shall expire one each at 12:00 o'clock noon on the 15th day of January in the years 1949, 1950, and 1951, and two at said time in the year 1948. Thereafter, the term of each appointive member shall be four years. Present appointees shall continue in office without change of incumbency for the existing terms thereof. The mayor shall fill all vacancies in office of appointive members of the commission occurring either during or at the expiration of terms. Ex-officio members of the commission shall serve as such without compensation. The compensation of appointive members of said commission shall be $15 for each meeting of the commission actually attended by said members, provided that the aggregate amount paid all the members shall not exceed $5,000 per year.

Section 3.538 is amended to read as follows:

3.538. Traffic Regulation.

The traffic function of the police department shall be under the jurisdiction of the chief of police, who shall have powers and duties relating to street traffic, subject to laws relating thereto as follows:

(a) to regulate all street traffic by means of police officers and the emergency use of temporary signs or devices;

(b) to promote traffic safety education and to receive and give prompt attention to complaints in relation to street traffic and to refer all complaints relating to or arising from street design or from traffic devices, or the absence thereof, to the department of public works;

(c) to collect and compile traffic accident data, copies whereof shall be furnished to the department of parking and traffic;

(d) to cooperate and advise for the best performance of these functions, with the department of public works, the public transportation commission, the fire department, the department of city planning, the board of supervisors, the department of parking and traffic and other departments and agencies of the city and county and state as may be necessary; and

(e) to review all proposed plans relating to street traffic control devices which are received from the department of parking and traffic and to make such recommendations to that department as may be deemed necessary for the proper regulation of street traffic within 15 days after receipt of said plans from the department of parking and traffic, pursuant to Section 3.510 of this charter.

The powers and duties of the chief of police with respect to traffic functions hereinabove stated shall not modify to any extent the powers and duties of any department or office, but shall be, first for the purpose of assisting the chief of police in his or her regulation of traffic, and, second, for the purpose of recommendation only, to other departments or offices upon matters within their jurisdiction, but affecting to any extent the regulation of traffic.

Section 3.543 is amended to read as follows:

3.543. Deputy Chiefs and Other Executives.

Subject to the provisions of Section 3.501 of the charter governing the appointment and removal of non-civil service officers, assistants and employees, and without competitive examination, the chief of the fire department shall have the power to appoint and to remove, at his or her pleasure, from among the members of the department having the rank of assistant chief of the department or battalion chief, two deputy chiefs of department and a secretary to the chief of the department.

Section 3.591 is amended to read as follows:

3.591. Powers and Duties.

The public utilities commission shall have charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the city and county, excepting airports and public transportation, for the purpose of supplying any public utility service to the city and county and its inhabitants, to territory outside the limits of the city and county, and to the inhabitants thereof.

The commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions from the public funds under its jurisdiction; provided that in each such case it shall secure the recommendation of the manager of utilities, which shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed by the manager that such alternatives exist.

The commission shall also have power to enter into contract for the furnishing of heat, light and power for municipal purposes, and to supervise the performance and check the monthly bills under such contract. The commission shall provide adequate electric power to the municipal railway for its prudent use in providing transit services and related activities.

The commission shall have full power and authority to enter into such arrangements and agreements as it shall deem proper for the joint use with any other person, firm or corporation owning or having jurisdiction over poles, conduits, towers, stations, aqueducts, and reservoirs for the operation of any of the utilities under its jurisdiction.

The commission shall observe all city and county ordinances and the regulations of the department of public works relative to utility openings, structures and poles in streets and other public places, as well as all ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all such matters the said commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

The commission shall have charge of all valuation work relative or incidental to purchase proceedings initiated by the city and county for the acquisition of any public utility.

Section 3.592 is amended to read as follows:

3.592. Utility Departments and Bureaus.

The San Francisco water department, the Hetch Hetchy project until the completion thereof when it shall be merged with the water department, or until any time prior to completion that the public utilities commission shall, with the approval of the board of supervisors by a two-thirds vote, declare the project merged with the water department and any other public utility hereafter acquired exclusive of airports or air transportation facilities or the municipal railway or public transportation facilities, shall each be designated as a department under the public utilities commission, and, in addition, the public utilities commission may create a bureau of engineering and such other bureaus as it may deem necessary for the handling of matters that do not pertain exclusively to any one department.

The Hetch Hetchy project shall not be deemed completed until a specific finding of completion thereof has been made by the public utilities commission and approved by the board of supervisors by a two-thirds vote of all members.

The salaries and general expenses of the commission or bureaus thereof not chargeable to a specific department shall be apportioned fairly among the departments under the control of the public utilities commission in such manner as the commission may deem appropriate, and such apportionment shall be shown as expenses of such department.

Section 3.595 is deleted in its entirety.

Section 3.596 is amended to read as follows:

3.596. Utility Accounting.

Subject to the provisions of Section 3.301, the public utilities commission shall maintain separate accounts for each utility in such manner as to exhibit exact and complete financial results of ownership, management and operation; the actual cost of each utility; all costs of maintenance,

extension and improvement; all operating expenses of every description; the general expenses of the commission and bureaus thereof apportioned to each such utility; the amount paid or set aside for depreciation, insurance, interest and sinking fund; and estimates of the amount of taxes that would be chargeable against such property and the revenue thereof if privately owned and operated. All accounts shall be maintained in accordance with forms and requirements for public utilities engaged in like character of service, in so far as these shall be applicable to publicly owned and operated utilities.

Section 3.598 is amended to read as follows:

3.598. Utility Rates.

The public utilities commission shall have power to fix, change and adjust rates, charges or fares for the furnishing of service by any utility under its jurisdiction, and to collect by appropriate means all amounts due for said service, and to discontinue service to delinquent consumers and to settle and adjust claims arising out of the operation of any said utilities.

Rates may be fixed at varying scales for different classes of service or consumers. The commission may provide for the rendition of utility service outside the limits of the city and county and the rates to be charged therefor which may include proportionate compensation for interest during the construction of the utility rendering such service.

Before adopting or revising any schedule of rates or fares, the commission shall publish in the official newspaper of the city and county for five days notice of its intention so to do and shall fix a time for a public hearing or hearings thereon, which shall be not less than 10 days after the last publication of said notice, and at which any resident may present his or her objection to or views on the proposed schedule of rates, fares or charges.

Rates for each utility shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges, or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval, and, except as in this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules or rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within 30 days, the schedule shall thereupon become effective.

Section 3.620 is amended to read as follows:

3.620. Board of Trustees; Composition.

(a) The California Palace of the Legion of Honor and the M. H. de Young Memorial Museum shall comprise the department designated as the Fine Arts Museums of San Francisco, or such other title as may be chosen by not less than two-thirds of the trustees of the Fine Arts Museums.

(b) The management, superintendent and operation thereof, and the land set aside therefor, shall be vested in a Board of Trustees consisting of not more than 62 trustees, of which the mayor and the president of the recreation and park commission shall be ex-officio members.

(1) The initial Board of Trustees shall consist of the members of the Board of Trustees as constituted on November 2, 1993. Existing trustees shall serve the remainder of his or her term existing on November 2, 1993 and, thereafter, each trustee shall be elected for a term of three years. The trustees shall serve with a rotating membership. All vacancies in the Board of Trustees, howsoever occurring, shall be filled by the vote of a majority of the trustees.

(2) The Board of Trustees may elect officers from among its members.

(3) On a vote of the majority of trustees, the number of trustees may be increased or decreased from time to time as needed, provided that the number of trustees shall not be more than 62, and provided further that a vote to decrease the number of trustees shall not affect the power or tenure of any incumbent trustees.

(4) None of the trustees shall receive any compensation for his or her services. A majority of the trustees shall be residents of the city and county. In selecting trustees to serve on the Board of Trustees, the Board of Trustees shall give due consideration to nominees who are broadly representative of the diverse communities of the city and county and knowledgeable in the fields of art and culture, as demonstrated by their experience, training, interest or philanthropic activity therein.

(c) The Board of Trustees shall meet for its purposes at least four times annually.

(d) Notwithstanding anything to the contrary in this Charter, a quorum of the Board of Trustees shall consist of one-third (1/3) of the number of trustees in office at the time.

(e) Notwithstanding anything to the contrary in this Charter, a majority or two-thirds vote of the Board of Trustees shall mean a majority or two-thirds of the number of trustees present at the meeting at which the vote is taken.

(f) The Board of Trustees may adopt and amend bylaws providing for the conduct of its affairs and the distribution and performance of its business. Such bylaws may provide, without limitation, for (i) meeting schedules, (ii) the appointment of trustees emeritus, honorary trustees and officers; (iii) the appointment of an executive committee consisting of not less than 7 trustees and for its authority to act on behalf of the

whole Board, (iv) such other committees as the Board of Trustees may deem desirable, and (v) terms and qualifications for employees.

Section 3.621 is amended to read as follows:

3.621. Functions; Powers and Duties.

Subject to the budget and fiscal provisions of this Charter, it shall be the authority, function and purpose of the Board of Trustees to:

(a) Have exclusive charge of the California Palace of the Legion of Honor and the M. H. de Young Memorial Museum, the lands set aside therefor, and their affairs, including authority to designate the days and hours during which they shall be open and the charges, if any, to be made for admittance thereto, and of all real and personal property belonging to the Museums, or which may be acquired by loan, purchase, gift, devise, bequest or otherwise;

(b) Notwithstanding anything to the contrary in this Charter, have exclusive authority to accept all gifts, devises and bequests to the Fine Arts Museums, including gifts, devises or bequests which are monetary, personal property or real property;

(c) Insure any loan exhibits and enter any agreements to loan or borrow exhibits, including, without limitation, the ability to agree to indemnification and binding arbitration for purposes of insuring such exhibits without action of the Board of Supervisors so long as such agreements entail no expense for the City and County of San Francisco beyond ordinary insurance expenses;

(d) Maintain or enter into an agreement with a non-profit or other legal entity for the purposes of developing or operating the Museums and/or maintaining or developing a fund for the acquisition of works of art;

(e) Maintain, repair or reconstruct existing buildings and construct new buildings and to make and enter into contracts relating thereto. The Recreation and Park Commission shall maintain and care for the grounds of the Museums, and shall furnish the monies for the necessary repair and embellishment of the grounds and unoccupied parts.

Section 3.622 is amended to read as follows:

3.622. Director and Other Employees.

The Board of Trustees may appoint and remove at its pleasure a director and an executive secretary and such other executive and administrative positions as may be necessary. Such employees shall not be subject to any City-imposed residency requirements. The director shall appoint such other assistants and employees as may be necessary, who shall be subject to the civil service provisions of this Charter. Notwithstanding any other provision of this Charter, the Board of Trustees may accept and utilize or authorize contributions to supplement or pay for the salaries and/or other benefits of any city and county employees in order to establish salaries and/or benefits which are competitive; provided, however, that for city and county retirement system purposes, only compensation established pursuant to the applicable salary provisions of this Charter shall be considered.

Section 3.623 is amended to read as follows:

3.623. Accounts and Reports.

The Fine Arts Museums shall keep a full account of all property, money, receipts and expenditures, and a record of all Board of Trustees proceedings.

Section 3.624 is amended to read as follows:

3.624. Compliance With Terms of Existing Donations.

The Board of Trustees is directed to administer and control the Fine Arts Museums of San Francisco consistent with the terms of the existing donations to the California Palace of the Legion of Honor and the M. H. de Young Memorial Museum and accepted by the city and county.

Section 3.661 is amended to read as follows:

3.661. General Powers and Duties.

(a) The civil service commission shall adopt rules to carry out the civil service merit system provisions of this charter and, except as otherwise provided in this charter, such rules shall govern applications; examinations; eligibility; duration of eligible lists; certification of eligibles; appointments; promotions; transfers; resignations; lay-offs or reduction in force, both permanent and temporary, due to lack of work or funds, retrenchment, or completion of work; the filling of positions, temporary, seasonal and permanent; classification; approval of payrolls; and such other matters as are not in conflict with this charter. Changes to the rules may be proposed by any member of the civil service commission or the human resources director and approved or rejected by the civil service commission. The commission may, upon one week's notice, make changes in the rules, which changes shall thereupon be printed, and be in force; provided that no such changes in rules shall affect a case pending before the commission.

The commissioners shall have power to institute and prosecute legal proceedings for violations of any of the civil service merit system or human resources department provisions of this charter.

(b) The civil service commission shall establish an inspection service for the purpose of investigating the conduct of and action of appointees in all positions and of securing records of service for promotion and other purposes. All departments shall cooperate with the commission in making its investigations and any person hindering the commission or its agents shall be subject to suspension.

(c) The civil service commission shall by rule establish procedures to review and resolve allegations of discrimination on the basis of race, religion, sex, national origin, ethnicity, age, disability, political affiliation, sexual orientation, gender identity, ancestry, marital status, color, medical condition or other non-merit factors or otherwise prohibited nepotism or favoritism appealed to it pursuant to section 3.661 (f). The determination reached under civil service commission procedures shall be final and shall forthwith be enforced by every employee and officer.

(d) The civil service commission shall have the power to inquire into the operation of the civil service merit system of the city and county to

ensure compliance with merit principles and rules established by the civil service commission. After such inquiry, the commission may direct the human resources director, as established pursuant to section 3.663, to take such action as the commission believes necessary to carry out the civil service provisions of this charter. In any hearing conducted by the civil service commission or by any hearing officer it appoints pursuant to this section, the commission or the hearing officer shall have the power to subpoena and require the attendance of witnesses and the production of records.

(e) The civil service commission may require periodic reports from the human resources director in a manner and form which it shall prescribe.

(f) The civil service commission may hear appeals from an action of the human resources director in accordance with its rules including but not limited to:

1. Allegations of discrimination. Notwithstanding any other provisions of this charter except the fiscal provisions hereof, the decision of the civil service commission regarding allegations of discrimination shall forthwith be enforced by every officer and employee;

2. Allegations of fraud; and

3. Allegations of conflict of interest, pursuant to section 8.105.

(g) No action by the human resources director which is the subject of any appeal shall be stayed during the appeal process except by a majority vote of the civil service commission.

In accordance with section 3.500, the commission shall have the power and it shall be its duty to appoint an executive assistant to be the administrative head of the affairs under its control who shall serve at its pleasure; provided, however, that any person who has civil service status to the position of assistant secretary to the civil service commission on the effective date of this section as amended shall continue to have civil service status in the position of executive assistant under the civil service provisions of this charter. The executive assistant shall periodically report to the commission on operation of the civil service merit system.

Section 3.662 is added to read as follows:

3.662. Department of Human Resources.

Notwithstanding any other provision of this charter there is hereby established a department of human resources which shall consist of a human resources director and such employees as may be necessary to carry out the functions and duties of said department. Any employee who was a permanent civil service appointee and whose job function is placed under the department of human resources shall be continued without loss in civil service rights as though said job function had not, by amendment to this charter, been placed under the jurisdiction of the department of human resources.

Pursuant to and in accordance with the policies, rules and procedures of the civil service commission governing the merit system, the department of human resources shall be the personnel department for the city

and county and shall determine appointments on the basis of merit and fitness as shown by appropriate tests and except as specifically set forth in this charter shall perform all duties and functions previously performed by the civil service commission including but not limited to authority to recruit, select, certify, appoint, train, evaluate, promote career development, classify positions, administer salaries, administer employee discipline, discharge and other related personnel activities in order to maintain an effective and responsive work force. With the exception of sections 3.500, 3.660, 3.661, 8.105, 8.107, 8.300 (4) (5), 8.300 (6), 8.320-1, 8.325, 8.327, the third and sixth sentences of section 8.329, 8.333, 8.341, 8.346, 8.350 (c), the last sentence of section 8.351, 8.360, 8.361, 8.363, the last sentence of sub-section h of section 8.400, all but the last three words in the first sentence of the third paragraph of section 8.401, sections 8.403, 8.404, 8.405, 8.406, 8.407 and 8.409-3, wherever the words "civil service commission" or "commission" appear in the personnel provisions of this charter, they shall be replaced by the words "department of human resources", "department", "human resources director" or "director" as the context permits. The words "general manager, personnel" and "secretary of the civil service commission" shall be replaced by the words "human resources director."

The department of human resources shall be responsible for coordination of all state, local and federal health and safety mandates, programs and requirements relating to employees including but not limited to industrial hygiene programs, health and safety programs, OSHA compliance, and return to work programs. Department heads shall coordinate such activities of employees under their jurisdiction with the human resources director.

Notwithstanding any other provision of this charter, the department of human resources shall, upon adoption of an implementing ordinance by the board of supervisors, be responsible for policy, management and administration of the worker's compensation program and shall review and determine all applications for disability leave. All programs and staff relating to worker's compensation may be transferred by ordinance to the human resources department no earlier than July 1, 1994.

Subject to Section 3.100-2 hereof, the department of human resources shall be responsible for management and administration of all labor relations of the city and county. All programs and staff relating to labor relations shall be transferred to the human resources department no later than July 1, 1994.

The department of human resources shall be responsible for management and administration of all health services of employees. All programs, staff and authority relating to the management and administration of health services shall be transferred to the human resources department no later than October 1, 1995.

The mayor shall not dictate, suggest or interfere with the merit system activities of the civil service commission or human resources department. Administrative matters shall be dealt with only in the matter provided by

this charter, and any dictation, suggestion or interference herein prohibited shall constitute official misconduct; provided that nothing herein contained shall restrict the power of hearing and inquiry as provided in this charter.

In adopting this charter amendment, the voters direct the mayor and board of supervisors to adopt legislation effectuating the transfer of all functions and responsibilities to the human resources department as provided herein. It is the intention of the voters that the retirement board and health service board shall continue to exercise administrative powers and responsibilities which are delegated to them by the current Charter until the board of supervisors adopts an ordinance formally declaring that the functions and responsibilities have been transferred.

The clerk of the board of supervisors, after consultation with the city attorney, is hereby directed to conform the language of the charter as herein amended when next the charter is submitted for republication.

Section 3.663 is added to read as follows:

3.663. Human Resources Director.

(a) A human resources director shall be selected by the mayor from candidates nominated by the civil service commission and confirmed by vote of the board of supervisors. The human resources director shall possess not less than 10 years professional experience in personnel, human resources management, labor or employee relations at least 5 years of which must be in federal, state or local governmental personnel management and such other qualifications as determined by the civil service commission. The human resources director shall be appointed by and serve at the pleasure of the mayor provided that, notwithstanding charter section 8.107, the mayor's removal of the human resources director may be rejected by a four-fifths vote of the civil service commission. Failure of the commission to act within 30 days shall be deemed approval of the mayor's action. The nominee of the mayor may be appointed acting human resources director pending confirmation. The person so appointed shall, before taking office, make under oath and file in the office of the county clerk the following declaration: "I am opposed to appointments to the public service as a reward for political activity and will execute the office of human resources director in the spirit of this declaration."

(b) The current General Manager, Personnel of the civil service commission on the effective date of this charter amendment shall immediately be appointed human resources director which appointment shall be effective until July 1, 1996.

(c) The human resources director shall have full power to administer the affairs of the department. He or she shall have all powers of a department head pursuant to Charter section 3.501 and may appoint a director of employee relations, a health services administrator, an executive assistant and one confidential secretary each of whom shall be exempt from the civil service provisions of the charter to assist in the administration and management of the functions of the department.

(d) The human resources director shall review and resolve allegations of discrimination on the basis of race, religion, sex, national origin, ethnicity, age, disability, political affiliation, sexual orientation, ancestry, marital status, color, medical condition or other non-merit factors. Notwithstanding any other provisions of this charter except the fiscal provisions hereof, the decision of the human resources director shall forthwith be enforced by every employee and officer, unless the decision is appealed to the civil service commission in accordance with section 3.661.

(e) The human resources director shall investigate all employee complaints concerning job related conduct of City and County employees and shall promptly report to the source of the complaint.

(f) The human resources director shall promote effective and efficient management through personnel programs that encourage high productivity, job satisfaction and exemplary performance.

(g) The human resources director shall provide a procedure for resolution of employee disputes which shall be consistent with other provisions of this charter and shall be utilized by all department heads and appointing officers in the absence of an applicable grievance procedure in a binding labor agreement.

(h) Consistent with the foregoing and other applicable provisions of this charter, the human resources director may delegate to the various appointing officers appropriate personnel responsibilities, and shall consult with appointing officers with respect to civil service commission rules affecting their operations.

(i) The human resources director shall establish a system of job classification. The decision of the human resources director regarding classification matters shall be final unless appealed to the civil service commission; provided however that nothing herein shall be construed to alter the scope of bargaining set forth in charter sections 8.400, 8.401, 8.403, 8.404, 8.405, 8.407, 8.407-1, 8.409 et seq., and 8.590-1 et seq. 8.409-3.

(j) The allocation or reallocation of a position shall not adversely affect the civil service rights of an occupant regularly holding such position. No person shall hold a position outside of the classification to which he or she has been appointed, provided that every employee of any department or office shall discharge any of the duties pertaining to such department or office to which his or her department head may temporarily assign him or her.

The clerk of the board of supervisors, after consultation with the city attorney, is hereby directed to conform the language of the charter as herein amended when next the charter is submitted for republication.

Section 3.670 is amended to read as follows:

3.670. Board Composition.

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund

commissioners. The retirement board shall consist of one member of the board of supervisors, to be appointed by the president of the board of supervisors, three members to be appointed by the mayor, and three members elected by the active members and retired persons of the retirement system from among their number. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management; and shall be appointed by the mayor from among three persons whose names shall have been submitted by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce. There shall not be, at any one time, more than one retired person nor more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the member of the board of supervisors, shall be five years. The term of office for the member of the board of supervisors shall be for one year, or until the member is no longer serving on the board of supervisors, if the departure from the board occurs prior to the termination of the one year term. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

Section 3.681 is amended to read as follows:

3.681. Powers and Duties.

In addition to the powers and duties provided in Chapter Four of Article 8, the health service board shall have power and it shall be its duty:

(a) to establish and maintain detailed historical costs for medical care, hospital care;

(b) to review such costs annually;

(c) to apply benefits without special favor or privilege;

(d) to put said plans into effect through the human resources department; and to contract therefor and use the funds of the system;

(e) to make rules, regulations and policies for the administration of business of the health service system, the granting of exemptions and the admission to the system of persons who are hereby made members thereof, and such other officers and employees as may voluntarily become members of the system with the approval of the health service board; and

(f) to receive, consider, and, within 60 days after receipt, act upon any matter pertaining to the administration, operation or conduct of the health service system submitted to it in writing by any member of the system or any person who has contracted to render medical care to the members of the system.

Section 3.682 is amended to read as follows:

3.682. Medical Director or Executive Officer.

The health service board may appoint a full-time or part-time medical director who shall be a doctor of medicine with the experience in administering health plans or in comparable work. He or she shall hold office at its pleasure. The medical director shall be responsible to the health service board as a board, but not to any individual member or committee thereof. The human resources director shall appoint a full-time administrator with experience in administering health plans or in comparable work, who shall hold office at his or her pleasure. The health service board and each committee of the board shall confine its activities to policy matters and to matters coming before it as an appeal board. The health service board shall prepare its rules, regulations and policies so that they are clear, definite and complete and so that they can be readily administered by the human resources department.

Section 3.699-6 is added to read as follows:

3.699-6. Ethics Commission.

An ethics commission is hereby established. The ethics commission shall consist of five members. The mayor, the board of supervisors, the city attorney, the district attorney and the controller each shall appoint one member of the commission. The member appointed by the mayor shall have a background in public information and public meetings. The member appointed by the city attorney shall have a background in law as it relates to governmental ethics. The member appointed by the controller shall have a background in campaign finance. The members appointed by the district attorney and board of supervisors shall be broadly representative of the general public.

The term of each commissioner shall be four years; provided that the first five commissioners to be appointed to take office upon the effective date of this charter section shall by lot classify their terms so that the term of one commissioner shall expire at 12:00 o'clock noon on each of the first, second and third anniversaries of such date, respectively; and the terms of the remaining two commissioners shall expire at 12:00 o'clock noon on the fourth anniversary of said effective date; and, on the expiration of these and successive terms of office, the appointments shall be made for four year terms. The initial appointments shall be made no later than 90 days after the effective date of this section. In the event a vacancy occurs, the officer who appointed the member vacating the office shall appoint a qualified person to complete the remainder of the term. Members of the commission shall serve without compensation. Members of the commission shall be officers of the city and county. A commissioner may be removed only for misconduct pursuant to charter section 8.107.

No person may serve more than one term as a member of the ethics commission, provided that persons appointed to less than four year terms shall be eligible to be appointed to one additional four year term. During his or her tenure, neither a member of the commission nor its executive director may hold any other public office or any employment with the city or any city officer, participate in or contribute to a campaign involving a candidate for city office or a city ballot measure or a city

official seeking any elective office, employ or be employed by, or receive any gift or other compensation from, a person required to register as a lobbyist under the city's lobbyist ordinance, or a person who employs someone required to register as a lobbyist under the city's lobbyist ordinance.

Section 3.699-7 is added to read as follows:

3.699-7. Executive Director.

The commission shall appoint an executive director who shall serve at the pleasure of the commission and shall not be subject to the civil service provisions of the charter. The executive director shall have a background in campaign finance, public information and public meetings and the law as it relates to governmental ethics. The executive director shall be the chief executive of the department and shall have all the powers provided for department heads as set forth in section 3.501 of the charter. The commission shall have the power to appoint auditors and investigators, who shall serve at the commission's pleasure. Subject to the civil service provisions of this charter, the executive director shall have the power to appoint and remove other employees. No appointment made pursuant to this section shall become effective until July 1, 1994.

Section 3.699-8 is added to read as follows:

3.699-8. Power of Subpoena.

The commission may subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records or other items material to the performance of the commission's duties or exercise of its powers.

Section 3.699-9 is added to read as follows:

3.699-9. Rules and Regulations.

The commission may adopt, amend and rescind rules and regulations consistent with and related to carrying out the purposes and provisions of this charter and ordinances related to campaign finance, conflicts of interest, lobbying and governmental ethics and to govern procedures of the commission. In addition, the commission may adopt rules and regulations related to carrying out the purposes and provisions of ordinances related to open meetings and public records. The commission shall transmit to the board of supervisors rules and regulations adopted by the commission within 24 hours of their adoption. A rule or regulation adopted by the commission shall become effective 60 days after the date of its adoption unless before the expiration of this 60 day period two-thirds of all the members of the board of supervisors votes to veto the rule or regulation.

Section 699-10 is added to read as follows:

3.699-10. Administration and Implementation.

The Commission shall have responsibility for the impartial and effective administration and implementation of the provisions of this charter, statutes and ordinances concerning campaign finance, lobbying, conflicts of interest and governmental ethics.

Section 3.699-11 is added to read as follows:

3.699-11. Duties.

The ethics commission shall have the following duties and responsibilities:

1. To administer the provisions of the San Francisco Municipal Elections Campaign Contribution Control Ordinance, and Proposition F, adopted by voters at the June 1986 election, which appears as Appendix K to this charter or any successors to these ordinances.

2. To receive documents required to be filed pursuant to, and to otherwise administer, the provisions of the city's lobbyist registration ordinance.

3. To act as the filing officer and to otherwise receive documents in any instance where the clerk of the board of supervisors, the registrar of voters and, with respect to members of the boards and commissions, department heads would otherwise be authorized to do so pursuant to Chapters 4 and 7 of the California Political Reform Act of 1974 (Government Code sections 81000, et seq.), as amended.

4. To audit campaign statements and other relevant documents and investigate alleged violations of state law, this charter and city ordinances relating to campaign finance, governmental ethics and conflicts of interest and to report the findings to the district attorney, city attorney and other appropriate enforcement authorities. Commission investigation of alleged violations of state law shall be conducted only after the commission has provided to the district attorney and city attorney the information set forth in Section 3.699-12 and the district attorney and city attorney notify the commission that no investigation will be pursued.

5. To provide assistance to agencies, public officials and candidates in administering the provisions of this charter and other laws relating to campaign finance, conflicts of interest and governmental ethics.

6. To make recommendations to the mayor and the board of supervisors concerning (a) campaign finance reform, (b) adoption of and revisions to city ordinances laws related to conflict of interest and lobbying laws and governmental ethics and (c) the submission to the voters of charter amendments relating to campaign finance, conflicts of interest and governmental ethics. The commission shall report to the board of supervisors and mayor annually concerning the effectiveness of such laws. The commission shall transmit its first set of recommendations to the board of supervisors and mayor no later than July 1, 1995.

7. To maintain a whistleblower hot line and administer the provisions of the city's improper government activities ordinance.

8. To annually adjust any limitation and disclosure thresholds imposed by city law to reflect any increases or decreases in the Consumer Price Index. Such adjustments shall be rounded off to the nearest hundred dollars for the limitations on contributions.

9. To assist departments in developing and maintaining their conflict of interest codes as required by state law.

10. To advocate understanding of the charter and city ordinances related to campaign finance, conflicts of interest, lobbying, governmental ethics and open meetings and public records, and the roles of elected and other public officials, city institutions and the city electoral process.

11. To have full charge and control of its office, to be responsible for its proper administration, subject to the budgetary and fiscal provisions of the charter.

12. To prescribe forms for reports, statements, notices and other documents required by this charter or by ordinances now in effect or hereafter adopted relating to campaign finance, conflicts of interest, lobbying and governmental ethics.

13. To prepare and publish manuals and instructions setting forth methods of bookkeeping, preservation of records to facilitate compliance with and enforcement of the laws relating to campaign finance, conflicts of interest, lobbying and governmental ethics, and explaining applicable duties of persons and committees.

14. To develop an educational program, including but not limited to the following components:

(a) Seminars, when deemed appropriate, to familiarize newly elected and appointed officers and employees, candidates for elective office and their campaign treasurers, and lobbyists with city, state and federal ethics laws and the importance of ethics to the public's confidence in municipal government.

(b) Annual seminars for top-level officials, including elected officers and commissioners, to reinforce the importance of compliance with, and to inform them of any changes in, the law relating to conflicts of interest, lobbying, governmental ethics and open meetings and public records.

(c) A manual which will include summaries, in simple, non-technical language, of ethics laws and reporting requirements applicable to city officers and employees, instructions for completing required forms, questions and answers regarding common problems and situations, and information regarding sources of assistance in resolving questions. The manual shall be updated when necessary to reflect changes in applicable city, state and federal laws governing the ethical conduct of city employees.

(d) A manual which will include summaries, in simple, non-technical language, of city ordinances related to open meetings and public records, questions and answers regarding common problems and situations, and information regarding sources of assistance in resolving questions. The manual shall be updated when necessary to reflect changes in applicable city ordinances related to open meetings and public records.

Section 3.699-12 is added to read as follows:

3.699-12. Requests for and Issuances of Opinions; Advice.

(a) Any person may request the commission to issue a written opinion with respect to that person's duties under provisions of this charter or any ordinance relating to campaign finance, conflicts of interest, lobbying or governmental ethics. The commission shall, within 21 days, transmit its

proposed opinion to the city attorney and district attorney, provided that the commission, or its executive director, can extend this time for good cause. Within ten working days of receipt of the proposed opinion, the city attorney and district attorney shall advise the commission whether they concur in the proposed opinion. If either the city attorney or district attorney do not concur with the proposed opinion, he or she shall inform the commission in writing concerning the basis for disagreement. No person who acts in good faith on an opinion issued by the commission and concurred in by the city attorney and district attorney shall be subject to criminal or civil penalties for so acting, provided that the material facts are as stated in the opinion request. The commission's opinions shall be public records and may from time to time be published.

(b) The commission may authorize its staff to issue informal oral advice to any person with respect to that person's duties under provisions of this charter or any ordinance relating to campaign finance, conflicts of interest, lobbying or governmental ethics. Reliance on such oral advice shall not be a defense in any enforcement proceeding.

(c) Subject to the civil service provisions of this charter, the commission may employ individuals who have graduated from a state accredited law school for the purpose of assisting the commission prepare opinions and providing advice under this section. These employees shall have no authority to provide advice to or represent the city and county or any of its officers or employees.

(d) Nothing in this section shall be construed to prevent city and county officers and employees from seeking advice from the city attorney concerning conflict of interest and governmental ethics laws.

Section 3.699-13 is added to read as follows:

3.699-13. Investigations and Enforcement Proceedings.

The commission shall conduct investigations in accordance with this subdivision of alleged violations of this charter and city ordinances relating to campaign finance, lobbying, conflicts of interest and governmental ethics.

(a) Investigations.

If the commission, upon the receipt of a sworn complaint of any person or its own initiative, has reason to believe that a violation of this charter or city ordinances relating to campaign finance, lobbying, conflicts of interest or governmental ethics has occurred, the commission immediately shall forward the complaint or information in its possession regarding the alleged violation to the district attorney and city attorney. Within ten working days, after receipt of the complaint or information, the district attorney and city attorney shall inform the commission in writing regarding whether the district attorney or city attorney has initiated or intends to pursue an investigation of the matter. Until such time as the district attorney and city attorney inform the commission that no investigation will be undertaken, the commission shall refrain from conducting any investigation or otherwise pursuing the matter.

If the district attorney and city attorney notify the commission that they do not intend to pursue an investigation, and the commission, upon the sworn complaint or on its own initiative, determines that there is sufficient cause to conduct an investigation, it shall investigate alleged violations of this charter or city ordinances relating to campaign finance, lobbying, conflicts of interest and governmental ethics. A complaint filed with the commission shall be investigated only if it identifies the specific alleged violations which form the basis for the complaint and the commission determines that the complaint contains sufficient facts to warrant an investigation.

Within 14 days after receiving notification that neither the district attorney nor city attorney intends to pursue an investigation, the commission shall notify in writing the person who made the complaint of the action, if any, the commission has taken or plans to take on the complaint, together with the reasons for such action or non-action. If no decision has been made within 14 days, the person who made the complaint shall be notified of the reasons for the delay and shall subsequently receive notification as provided above.

The investigation shall be conducted in a confidential manner. Records of any investigation shall be considered confidential information to the extent permitted by state law. Any member or employee of the commission or other person who, prior to a determination concerning probable cause, discloses information about any preliminary investigation, except as necessary to conduct the investigation, shall be deemed guilty of official misconduct. The unauthorized release of confidential information shall be sufficient grounds for the termination of the employee or removal of the commissioner responsible for such release.

(b) Findings of Probable Cause.

No finding of probable cause to believe that a provision of this charter or city ordinances relating to campaign finance, lobbying, conflicts of interest or governmental ethics has been violated shall be made by the commission unless, at least 21 days prior to the commission's consideration of the alleged violation, the person alleged to have committed the violation is notified of the alleged violation by service of process or registered mail with return receipt requested, is provided with a summary of the evidence, and is informed of his or her right to be present in person and to be represented by counsel at any proceeding of the commission held for the purpose of considering whether probable cause exists for believing the person committed the violation. Notice to the alleged violator shall be deemed made on the date of service, the date the registered mail receipt is signed, or, if the registered mail receipt is not signed, the date returned by the post office. A proceeding held for the purpose of considering probable cause shall be private to the extent permitted by state law unless the alleged violator files with the commission a written request that the proceeding be public.

(c) Administrative Orders and Penalties.

(i) When the commission determines there is probable cause for believing a provision of this charter or city ordinance has been violated, it may hold a public hearing to determine if such a violation has occurred. When the commission determines on the basis of substantial evidence presented at the hearing that a violation has occurred, it shall issue an order which may require the violator to:

(1) Cease and desist the violation;

(2) File any reports, statements or other documents or information required by law; and/or

(3) Pay a monetary penalty to the general fund of the city of up to five thousand dollars ($5,000) for each violation or three times the amount which the person failed to report properly or unlawfully contributed, expended, gave or received, whichever is greater. Penalties that are assessed but uncollected after 60 days shall be referred to the bureau of delinquent revenues for collection.

In addition, with respect to city officers other than those identified in Section 8.107 of this charter, when the commission determines on the basis of substantial evidence presented at the hearing that a violation has occurred, the commission may recommend to the appointing officer that the officer be removed from office.

When the commission determines that no violation has occurred, it shall publish a declaration so stating.

(d) In addition to any other penalty that may be imposed by law, any person who violates any provision of this charter or of a city ordinance relating to campaign finance, lobbying, conflicts of interest or governmental ethics, or who causes any other person to violate any such provision, or who aids and abets any other person in such violation, shall be liable under the provisions of this section.

Section 3.699-14 is added to read as follows:

3.699-14. Commission Funding.

The ethics commission may impose fees related to the administration and enforcement of ordinances and provisions of this charter related to campaign finance, lobbying and governmental ethics. The fees shall become effective 30 days after their approval by the commission unless the board of supervisors, by a vote of two-thirds of all of its members, disapproves the fees within this 30 day period.

The commission shall not expend any funds prior to July 1, 1994.

Section 3.699-15 is added to read as follows:

3.699-15. Legal Advisor.

The city attorney shall be the legal advisor of the commission. If the city attorney determines in writing that he or she cannot, consistent with the rules of professional conduct, provide advice sought by the commission, the city attorney may authorize the commission to retain outside counsel to advise the commission.

Section 3.699-16 is added to read as follows:

3.699-16. Transfer of Position.

Upon the effective date of this section, the civil service commission immediately shall conduct a study to classify a position and determine the proper salary for the ethics commission employee who will be primarily responsible for administering and enforcing the city's Improper Government Activities Ordinance. Effective July 1, 1994, the mayor and board of supervisors shall transfer from the mayor's office to the ethics commission one position. This transfer will be effected as follows. The mayor and board of supervisors will adopt an ordinance eliminating one position in the mayor's office. The position eliminated shall be the position with the salary that most closely approximates the salary determined by the civil service commission for the employee who will be primarily responsible for administering and enforcing the city's Improper Government Activities Ordinance. At the same time, the mayor and board of supervisors shall adopt an ordinance creating and funding the position of the ethics commission employee who will be primarily responsible for administering and enforcing the city's Improper Government Activities Ordinance.

Section 3.700 is added to read as follows: [The text formerly in this Section was renumbered and is now Section 3.503.]

3.700. Establishment.

Recognizing that the provision of efficient, safe and economical public transportation is essential to the welfare of the inhabitants of the city and county as well as to others who use the municipal railway and other municipal transit, there is hereby established a department of public transportation which shall consist of a public transportation commission, a director of public transportation and such employees as may be necessary to carry out the functions and duties of said department.

Effective July 1, 1994, the board of supervisors shall have the power by ordinance to abolish the parking and traffic commission and transfer the functions of the department of parking and traffic into the public transportation commission. Thereafter, the Department of Transportation shall be comprised of a bureau of public transit and a bureau of parking and traffic.

Section 3.701 is added to read as follows: [The text formerly in this Section was renumbered and is now Section 3.504.]

3.701. Public Transportation Commission; Composition.

The public transportation commission shall consist of five members who shall be appointed by the mayor for a term of four years; provided that the respective terms of office of those first appointed shall be as follows: two for two years, two for three years, and one for four years from the effective date of this section. Vacancies in the offices of the members, either during or at the expiration of term, shall be filled by the mayor. No less than three members of the commission shall possess knowledge of, or professional experience, in the field of public transportation. No less than two members of the commission shall be regular riders of the City's

public transportation system, and shall continue to be regular riders during their terms as commissioners. The compensation of each commissioner shall be $100 per month.

Effective upon the abolishment of the parking and traffic commission pursuant to Section 3.700 hereof, two additional members shall be appointed by the mayor to the public transportation commission for a term of four years, provided that the respective terms of office of those first appointed shall be one for two years and one for four years.

Section 3.702 is added to read as follows:

3.702. Director; Other Executives.

The public transportation commission shall appoint a director of public transportation who shall hold office at its pleasure. The commission may also appoint a secretary, which appointment shall not be subject to the civil service provisions of this charter.

The director of public transportation shall be the chief executive and the appointing officer of the department of public transportation. Subject to the approval of the commission, the director shall have the power to appoint and to remove up to four deputy directors, who shall be exempt from the civil service provisions of this charter.

Effective with the merger of the functions of parking and traffic pursuant to Section 3.700 hereof, the director of public transportation shall be the chief executive and the appointing officer of the bureau of public transit and the director of parking and traffic shall be the chief executive and appointing officer of the bureau of parking and traffic.

Section 3.703 is added to read as follows:

3.703. Powers and Duties.

The public transportation commission shall manage and control the department of public transportation, which department shall have responsibility for all public transportation functions of the City and County of San Francisco, other than the port and airports, except where the authority or duty to discharge those functions is placed in another official or agency by this charter or by state law. The commission shall have charge of the construction, management, operational planning, supervision, maintenance, extension, operation and control of all equipment, facilities and properties used, owned, acquired, leased or constructed by the city and county for the purpose of supplying public transportation service to the city and county and to territory outside the city and county, other than the port and airports.

The commission shall locate and determine the character and type of all construction and additions, betterments and extensions to facilities and properties under its control used for transportation purposes, and shall determine the policy for such construction or the making of such additions, betterments and extensions from the public funds under its jurisdiction; provided, that in each case the commission shall secure the recommendation of the director of public transportation, which shall include analyses of cost, service and estimated revenue of all proposed alternatives determined feasible by said director.

The public transportation commission shall succeed to and have all powers and duties with respect to the management and control of the San Francisco municipal railway previously vested in the public utilities commission. All rights, claims, actions, orders, obligations, proceedings and contracts relating to the San Francisco municipal railway under the public utilities commission existing prior to the date of these amendments shall not be affected by the adoption thereof, and all such rights, claims, actions, orders, obligations, proceedings and contracts shall hereafter be under the jurisdiction of the public transportation commission.

The commission shall have full power and authority to enter into such arrangements as it shall deem proper for the joint use with any other public agency, person, firm or corporation, owning or having jurisdiction over wires, poles, conduits, towers, stations, tunnels and tracks. It may make such arrangements as it shall deem proper for the exchange of transfer privileges with any other transportation system or systems which shall tend toward the betterment of transportation service.

The Commission shall observe all city and county ordinances and regulations of the department of public works relative to street openings, structures and poles in streets and other public places, barricades, construction lights, refilling excavations and replacing and maintaining street pavement and shall provide the appropriate departments with the necessary traffic planning data for the proper implementation of any plans for street modification work and the installation of traffic devices.

The commission shall have the power to settle and adjust claims arising out of the operation of the department.

Section 3.704 is added to read as follows:

3.704. Legal Advisor.

Upon the recommendation of the director of public transportation and the approval of the commission, the city attorney, as the legal advisor of the commission, may compromise, settle or dismiss any litigation or proceedings which may be pending for or on behalf of or against said commission relative to any matter or property under the commission's jurisdiction. The commission shall have authority, subject to the approval of the mayor, to appoint special counsel for temporary purposes. The compensation of all such attorneys shall be paid by the commission from the revenue of the department.

Section 3.705 is added to read as follows:

3.705. Setting Fares.

The public transportation commission shall have power to fix, change and adjust rates, charges and fares for the city and county's public transportation system. Rates may be fixed at varying scales for different classes of service. The commission may provide for the provision of transportation service outside the limits of the city and county and the rates to be charged for such service. Before adopting or revising any schedule of rates, charges and fares, the commission shall publish in an official newspaper of the city and county for five days notice of its intention so to do and shall fix a time for a public hearing or hearings

thereon, which shall be not less than fifteen days after the last publication of said notice, and at which any person may present his or her objection to or views on the proposed schedule of rates, fares or charges.

All changes in rates, fares or charges as proposed by the commission shall be submitted by the commission to the board of supervisors for approval, and it shall require a majority vote of the board of supervisors to reject or modify the rate changes as proposed by the commission. If rejected without modification, such proposed changes in rates, fares or charges shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective.

Section 3.706 is added to read as follows:

3.706. Municipal Railway Lines.

(a) The department of public transportation shall maintain and operate cable car lines as follows:

(1) A line commencing at Powell and Market Streets; thence along Powell Street to Jackson Street; thence along Jackson Street to Mason Street; thence along Mason Street to Columbus Avenue; thence along Columbus Avenue to Taylor Street; thence along Taylor Street to a terminal at Bay Street; returning from Bay and Taylor Streets along Taylor Street to Columbus Avenue; thence along Columbus Avenue to Mason Street; thence along Mason Street to Washington Street; thence along Washington Street to Powell Street; and thence along Powell Street to Market Street, the point of commencement.

(2) A line commencing at Powell and Market Streets; thence along Powell Street to Jackson Street; thence along Jackson Street to Hyde Street; thence along Hyde Street to a terminal at Beach, returning from Beach and Hyde Streets along Hyde Street to Washington Street; thence along Washington Street to Powell Street; thence along Powell Street to Market Street, the point of commencement.

(3) A line commencing at Market and California; thence along California Street to a terminal at Van Ness Avenue; returning from Van Ness Avenue along California Street to Market Street, the point of commencement.

To fully effectuate the intent of this subsection respecting the cable car lines designated in 1, 2 and 3 above, the public transportation commission shall maintain and operate said lines at the normal levels of scheduling and service in effect on July 1, 1971; provided, however, that nothing herein contained shall prevent the commission from increasing at any time the said levels of scheduling and service. The provisions of this subsection shall control over any inconsistent provision elsewhere in this section.

(b) Except for routine operating schedule changes, no line of street railway, bus line, trolley bus line or cable car line, or any portion thereof, which is now or will be owned by the City and County of San Francisco and is now or will be operated by the public transportation commission, shall be abandoned nor shall the service be discontinued thereon except

upon recommendation by the commission in writing to the board of supervisors. The recommendation of the commission shall be acted upon by the board of supervisors within 30 days from the receipt of such recommendation. The board of supervisors shall hold a public hearing on such recommendation. If the recommendation is disapproved by a majority vote of the board of supervisors, the recommendation shall not become effective and such services shall be continued. If the recommendation is not disapproved by the board, the recommendation shall become effective forthwith. Failure of the board of supervisors to act on the recommendation within 30 days shall be deemed as the approval of the recommendation. Notwithstanding the above, the public transportation commission, without reference or recommendation to the board of supervisors, may abandon or discontinue service on any line of street railway, bus line, trolley bus line, or cable car line, or any portion thereof, which has been in operation for less than one year next immediately preceding such order of abandonment or discontinuance.

Section 3.707 is added to read as follows:

3.707. Dedicated Revenues.

It is the policy of the City and County of San Francisco to use parking-related revenues, where available, to support public transit. To the extent allowed by law, there is hereby set aside from the general revenues of the city and county for the operations and capital improvements of the department of public transportation for each fiscal year an amount equivalent to the city and county's share of revenues realized from:

(1) parking meters, except those amounts to be credited to the off-street parking fund as provided in Traffic Code section 213 and those amounts collected from parking meters operated by the recreation and park department and the port commission;

(2) city-owned off-street parking facilities, including facilities leased to private owners and non-profit corporations, except those amounts to be credited to the off-street parking fund or otherwise dedicated as provided in Traffic Code section 213 and except those amounts generated from any parking on or below any land or facilities under the jurisdiction of the recreation and park department;

(3) fines, forfeited bail, or penalties for parking violations, except those amounts to be credited to the courthouse construction fund as provided in Administrative Code section 10.117-35; and,

(4) the tax on occupation of parking spaces, except for the amounts attributable to any surcharges imposed since 1978 and except for the amounts set aside for senior citizens' programs as provided in section 615 of Part III of the Municipal Code.

In determining the amounts to be credited to the off-street parking fund as set forth in subparagraphs (1) and (2) above, sufficient revenues shall be credited to such fund to ensure adequate funding for the purposes for which such fund was created, including without limitation the following: capital outlays for the acquisition of property, construction, completion, and leasing of public parking lots, storage space, garages,

structures, and other off-street parking facilities; maintenance and operation of such parking facilities; public works improvements that increase the supply of on-street parking; engineering and construction of on-street parking bays in parking meter districts in neighborhood commercial districts; installation and maintenance of on- and off-street parking meters; and the administration of the parking programs of the city and county.

The treasurer shall set aside and maintain said amounts, together with any interest earned thereon, in a special fund, and any amounts unspent or uncommitted at the end of any fiscal year shall be carried forward to the next fiscal year and, subject to the budgetary and fiscal limitations of the Charter, shall be appropriated then or thereafter for the purposes specified in this section.

To the extent allowed by law, the board of supervisors may, by ordinance, dedicate additional revenues to the department of public transportation from sources including, but not limited to, gas taxes, motor vehicle licensing taxes or other available motor vehicle-related revenue sources.

Charter Article VI, Chapter 2-City and County of San Francisco Section 6.200 is amended to read as follows:

6.200. Preparation and Submission of Budget Estimates.

The budget estimate for every department and office of the city and county, whether under an elective or an appointive officer or a board or commission, and separately for each utility under the control of the public utilities commission, shall be filed by the executive of such department with, and shall be acted upon by, such board or commission. All budget estimates shall be compiled in such detail as shall be required on uniform blanks furnished by the controller. The public utilities commission, the public transportation commission and the board of education must hold public hearings on their respective budget proposals. Each such elective and appointive officer, board or commission shall file with the controller for checking as to form and completeness two copies of the budget estimate as approved, annually upon a date that the board of supervisors shall fix by ordinance.

The chief administrative officer shall obtain in ample time to pass thereon budget estimates from the heads of departments or offices subject to his or her control, and, after adjusting or revising the same he or she shall transmit such budget estimates to the controller, upon a date that the board of supervisors shall fix by ordinance.

The controller shall check such estimates and shall, upon his or her request, be furnished with any additional data or information. Not later than a date that the board of supervisors shall fix by ordinance, he or she shall consolidate such budget estimates and transmit the same to the mayor.

He or she shall at the same time transmit to the mayor a summary and recapitulation of such budget estimates, segregated by separate departments or offices and units thereof, or by purposes for non-departmental

expenditures, and arranged according to classification of objects of expenditure, as required by the controller, to show the amount of proposed expenditures and estimated revenues in comparison with the current and previous fiscal year's expenditures and revenues.

He or she shall submit at the same time (1) statements showing revenues and other receipts, including the estimated unencumbered surplus in any item or fund at the beginning of the ensuing fiscal year, segregated according to specific or general purposes to which such revenues or receipts are legally applicable, for the last complete fiscal year and for the first six months of the current fiscal year, with estimates thereof for the last six months of the current fiscal year, together with estimates of such revenues and receipts for the ensuing fiscal year; (2) statements of the amounts required for interest on, and sinking fund or redemption of, each outstanding bond issue, and for tax judgments, and other fixed charges, together with estimates of interest required on bonds proposed to be sold during the ensuing fiscal year, and statements of the city's authorized debt, and judgments outstanding at the time the budget estimates are submitted.

Section 6.205 is amended to read as follows:

6.205. Powers and Duties of the Board of Supervisors.

On or before June 30th of each year the board of supervisors shall, except for equipment and capital improvements, enact an interim appropriation ordinance and an annual salary ordinance in accordance with a procedure set forth by ordinance, provided, however, that the interim appropriation ordinance and annual salary ordinance so enacted shall reflect the rates of compensation established by Section 8.401 of this charter, and not later than August 25th of each year and shall amend said ordinances pursuant to Sections 8.404 and 8.405 of this charter.

The board of supervisors shall fix the date or dates, not less than 10 days after receipt from the mayor, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance. The board of supervisors may, by a two-thirds vote of all members thereof, shorten, extend or otherwise modify the time fixed in this section or in Sections 6.200, 6.202, 6.203 or 6.206 of this charter for the performance of any act by any officer, board or commission.

The board of supervisors may decrease or reject any item contained in the proposed budget, and may without reference or amendment to the detail schedule of positions and compensations, decrease any total amount for personal services contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements, but shall do so only after such items have first been referred to the department of city planning

and a report has been rendered thereon regarding conformity with the master plan. It shall be the duty of the department of city planning to render its reports in writing within 30 days after said referral. Failure of the department of city planning to render any such report in such time shall be deemed equivalent to a report.

The budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the board of supervisors.

In the event the mayor and the public transportation commission or public utilities commission shall propose a budget for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate and to appropriate the funds necessary to provide for the deficiency.

Such budget of expenditures in excess of estimated revenues may be approved to provide for and include proposed expenditures for the acquisition of Municipal Railway revenue vehicles and related structures, facilities, machinery and other equipment reasonably necessary for upkeep and maintenance of said vehicles. Proposed expenditures for other additions, betterments, extensions or other capital costs shall not exceed $.0075 on each $100 valuation of property assessed in and subject to taxation by the city and county, provided that whenever tax support is required for additions, betterments, extensions or other capital costs, other than for Municipal Railway revenue vehicles and related structures, facilities, machinery and other equipment reasonably necessary for upkeep and maintenance of said vehicles, the total provisions for such purposes shall not exceed an amount equivalent to $.0075 on each $100 valuation of property subject to taxation by the city and county and provided further that proposed expenditures for additions, betterments, extensions or other capital costs in excess thereof, except for Municipal Railway revenue vehicles and related structures, facilities, machinery and other equipment reasonably necessary for upkeep and maintenance of said vehicles, shall require financing by authorization and sale of bonds. This section shall have precedence over Section 6.407(a) of this charter and any other section deemed in conflict herewith.

After public hearing, and not earlier than the 15th day of July, nor later than the first of August of each year the board of supervisors shall adopt the proposed budget as submitted or as amended and shall adopt the annual appropriation ordinance accordingly, which shall supersede the interim appropriation ordinance.

Charter Article VI, Chapter 3-City and County of San Francisco

Section 6.304 is amended to read as follows:

6.304. Disbursements in Advance of Revenues.

The board of supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of Section 6.306 of this charter. Said fund shall be used exclusively:

(1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year, and

(2) for paying that portion of the authorized expenses of the city and county for any fiscal year, which, as certified to said board by the controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the treasurer, upon the recommendation of the controller, is authorized to transfer monies to the cash reserve from any idle funds then held by the treasurer in the pooled funds of the city and county which are legally available for such a purpose, except a pension fund. The Treasurer and the Controller shall set the terms and conditions of the transfer, taking into account the requirements and nature of the fund from which the transfer was made. All monies transferred pursuant to this Section shall accrue interest at not less than the then current rate of interest earned by the treasurer on the pooled funds of the city and county. Any transfer of a temporarily idle balance made as hereinabove authorized shall be repaid within one year of said transfer. Such transfers shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the year in which said transfer is made, and such transfer shall be repaid solely from the proceeds of revenues which accrued during the year in which said loan or transfer was made; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected. In no event shall the controller or the treasurer cause any transfer of monies pursuant to the Section 6.304 if said transfer would be inconsistent with the terms and conditions of any outstanding bonded indebtedness of the city and county, including any of its boards or commissions.

The board of supervisors shall have the power to borrow money by the issuance of tax anticipation notes, temporary notes, commercial paper, or any other short-term debt instruments in the manner provided by the statute of the State of California or pursuant to ordinance of the board of supervisors.

Charter Article VI, Chapter 4-City and County of San Francisco

Section 6.407 is amended to read as follows:

6.407. Utility Revenues and Expenditures.

(a) Receipts from each utility operated by the public utilities commission, shall be paid into the city and county treasury and maintained in a

separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz:

(1) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(2) for repairs and maintenance;

(3) for reconstruction and replacements as hereinafter described;

(4) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions;

(5) for extensions and improvements; and,

(6) for a surplus fund.

(b) The salaries and general expenses of the commission or bureaus thereof not chargeable to a specific department shall be apportioned fairly among the departments under the control of the public utilities commission in such manner as the commission may deem appropriate, and such apportionment shall be shown as expenses of such department.

(c) For the purpose of computing net income, the public utilities commission, on the basis of an appraisal of the estimated life and the then current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation for each utility. During the fiscal year 1937–1938 and at least every five years thereafter, the commission shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal, redetermine the amount of the reasonable annual depreciation for each utility.

(d) For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to be appropriated annually to provide for said reconstruction and replacements.

(1) If, at the end of any fiscal year, the controller certifies that excess surplus funds of a utility exist, then such excess surplus funds may be transferred by the board of supervisors to the general fund of the city and county, and shall be deposited by the commission with the treasurer to the credit of such general fund. For the purposes of this subsection (e) (l), excess surplus funds shall exist if the utility has unappropriated, unencumbered funds in excess of 25% of the total expenditures of such utility in the previous fiscal year for costs of operation, repair and maintenance.

(2) If, as part of the budgeting process, the controller estimates that there will exist, at the end of the budget year, excess surplus funds of a utility, the board of supervisors may budget such excess as revenue to the

general fund for that budget year. During the budget year the commission shall deposit with the treasurer a pro rata portion of the then estimated excess surplus funds no less frequently than quarterly. For the purposes of this subsection (e)(2), excess surplus funds shall exist if the utility has unappropriated, unencumbered funds in excess of 25% of the total expenditures of such utility in the previous fiscal year for costs of operation, repair and maintenance.

(3) At any time, the commission may, with concurrence of two-thirds of the board of supervisors, authorize the transfer of any portion of a utility's surplus funds to the general fund upon making all of the following findings of fact and judgment:

(A) That a surplus exists or is projected to exist after meeting the requirements of section 6.407,

(B) That there is no unfunded operating or capital program that by its lack of funding could jeopardize health, safety, water supply or power production,

(C) That there is no reasonably foreseeable operating contingency that cannot be funded without general fund subsidy, and

(D) That such a transfer of funds in all other respects reflects prudent utility practice. The commission shall make such findings having received reports from the manager of utilities and at a public hearing which shall have received no less than 30 days public notice.

(f) The provisions of subsection (e) above shall not be applied in a manner that would be inconsistent with the provisions of any outstanding or future indentures, resolutions, contracts or other agreements of the city and county relating to bonded indebtedness issued in connection with the utility, or with any applicable state or federal laws.

Section 6.407-1 is amended to read as follows:

6.407-1. Water Department Revenue Fund.

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to Section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the "Water Department Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempted from Section 6.407(a).

(b) Monies in the Water Department Revenue Fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority:

(1) the payment of operation and maintenance expenses for such utility and related facilities;

(2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission;

(3) the payment of principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission;

(4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes;

(5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance or resolution duly adopted and approved;

(6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to Section 6.407(e).

Section 6.407-2 is amended to read as follows:

6.407-2. Hetch Hetchy Revenue Fund.

(a) Subject to the budget and fiscal provisions of this charter, whenever revenue bonds issued by the public utilities commission pursuant to Section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the "Hetch Hetchy Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from Section 6.407(a).

(b) Monies in the Hetch Hetchy Revenue Fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority:

(1) the payment of operation and maintenance expenses for such utility and related facilities;

(2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission;

(3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities owned, operated or controlled by the commission;

(4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for Hetch Hetchy purposes;

(5) reconstruction and replacement as determined by the commission or as required by any Hetch Hetchy revenue bond ordinance or resolution duly adopted and approved;

(6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to Section 6.407(e).

Charter Article VII, Chapter 1-City and County of San Francisco

Section 7.100 is amended to read as follows:

7.100. Material, Supplies, Equipment and Services.

The purchaser of supplies shall purchase all materials, supplies and equipment of every kind and nature and enter into agreements for all contractual services required by the several departments and offices of the city and county, except as in this section otherwise provided. Purchases of books, magazines and periodicals for the library departments, works of art for museums and other articles or things of unusual character as to the purchasing thereof, may, on the recommendation of a department head and the approval of the purchaser, be purchased directly by said department head.

Purchases of materials, supplies and equipment involving the expenditure of less than five thousand dollars ($5,000) may, on the recommendation of the department head in charge thereof and the approval of the Purchaser, be purchased directly by the department head. Beginning with fiscal year 1996–97, the Board of Supervisors shall be authorized to increase or decrease by ordinance the dollar amount of purchases of materials, supplies and equipment which may, on the recommendation of the department head and approval of the Purchaser, be purchased directly by the department head.

Purchases for construction operations, or for any operations conducted outside the boundaries of the city and county may, on the recommendation of the department head in charge thereof, and the approval of the purchaser of supplies, be made by the department head. All such purchases made by officials of departments other than the purchasing department shall be made in accordance with regulations established by the purchaser of supplies. The purchaser of supplies shall have authority to exchange used materials, supplies, and equipment to the advantage of

the city and county, advertise for bids, and to sell personal property belonging to the city and county on the recommendation of a department head that such articles are unfit for use.

All purchases in excess of twenty-five hundred dollars ($2,500) shall be by written contract. Beginning with fiscal year 1996–97, the Board of Supervisors shall be authorized to increase or decrease by ordinance the dollar amount of purchases which shall be made by written contract. Any other provision of this section notwithstanding, on the recommendation of the department head, in case of an emergency actually existing, the purchaser of supplies, with the approval of the chief administrative officer, may make such purchases in the open market on the basis of informal bids. At least three bids or quotations shall be secured on open market purchases. All contracts and purchase orders in excess of fifty thousand dollars ($50,000) for materials, supplies or equipment and all agreements for contractual services in excess of fifty thousand dollars ($50,000) shall require the signature of the chief administrative officer in addition to the signature of the purchaser of supplies. Beginning with fiscal year 1987–8, the board of supervisors shall be authorized to increase or decrease by ordinance the dollar amount of contracts requiring approval of the chief administrative officer under this section. The purchaser of supplies shall not enter into any contract or issue any purchase order unless the controller shall certify thereon that sufficient unencumbered balances are available in the proper fund to meet the payments under such purchase order or contract as these become due.

The purchaser of supplies shall establish specifications and tests to cover all recurring purchases of material, supplies and equipment. He shall, as far as is practicable, standardize materials, supplies and equipment according to the use to which they are to be put, when two or more types, brands or kinds are specified or requested by individual departments.

Purchases of equipment shall be made in accordance with specifications furnished by the department requiring such equipment in case the use of such equipment is peculiar to such department. For patented or proprietary articles sold by brand name, the purchaser may require each department requisitioning same by such brand name, to furnish specifications of the article requisitioned and may advertise for bids on the basis of such specifications, under conditions permitting manufacturers of or dealers in other articles made and sold for the same purpose, to bid on such specifications or on the specifications of their own product. If the purchaser of supplies recommends the acceptance of the lowest or best bid, stating his reasons in writing therefor, and if the department head concerned recommends the acceptance of any other bid on such proprietary articles, stating his reasons in writing therefor, the award shall be determined by the controller.

The purchaser of supplies shall require departments to make adequate inspection of all purchases, and shall make such other inspections as he deems necessary. He shall develop standards for determining when

articles or services which may be below standards, specifications or samples furnished should be rejected.

He shall have charge of central storerooms and warehouses of the city and county. He shall also have charge of a central garage and shop for the repair of city and county equipment. All garages and shops heretofore maintained by departments for the construction, maintenance, and repair of departmental supplies and equipment, and the personnel assigned thereto, excepting the shop and personnel for fire alarm, police telegraph and traffic signal manufacture and repair operated by the department of electricity, are hereby transferred to said central garage and shop. He shall have authority to require the transfer of surplus property in any department to stores or to other departments.

Section 7.103 is amended to read as follows:

7.103. Requisition, Contract and Payment.

All purchase orders and contracts shall be based on written requisition, or, for materials or supplies in common use in the various departments, on the purchaser's records of average use by all departments. Purchase orders and contracts for materials, supplies and equipment in excess of fifty thousand dollars ($50,000) must be approved by the chief administrative officer. Beginning with fiscal year 1987–88, the board of supervisors shall be authorized to increase or decrease by ordinance the dollar amount of contracts requiring approval of the chief administrative officer under this section. The purchaser of supplies and controller shall establish procedures to approve all bills and vouchers for materials, supplies and equipment and contractual services. All approvals required pursuant to such procedures must be obtained before the controller shall draw and approve warrants therefor. All contracts for the purchase of materials, supplies and equipment involving the expenditure of fifty thousand dollars ($50,000) or more shall be made after inviting sealed bids by publication. All sealed bids received shall be kept on file. When an award of contract is made, notice that the same has been made shall be given by one publication, and any interested person may examine the bids and records at the purchaser's office.

The purchaser of supplies shall by rules and regulations, approved by the chief administrative officer and the controller, designate and authorize appropriate personnel within the purchasing department to exercise the purchaser's signature powers for purchase orders and contracts approved as provided in this charter.

Charter Article VIII, Chapter 1-City and County of San Francisco.

Section 8.100 is amended to read as follows:

8.100. Qualifications.

(a) No person shall be a candidate for any elective office nor shall be appointed as a member of any board, commission or advisory body of any kind established by this charter or legislative act of the United States of America, the State of California or this board of supervisors, unless he or she is a resident of the city and county and an elector thereof at the time that nomination papers are issued to the candidate or at the time of the

person's appointment, unless he or she is a retirement system member or health system member elected under charter section 3.670 or 3.680, or unless otherwise specifically provided in this charter, and every elected officer and member of any board, commission or advisory body of any kind shall continue to be a resident of the city and county during incumbency of office, and upon ceasing to be such resident, shall be removed from office. Notwithstanding any other provision of this charter, residency shall not be required for persons appointed to, or serving on, the following boards and commissions: the board of trustees of the San Francisco War Memorial, the board of trustees of the Golden Gate Museums of San Francisco, the Asian Art Commission, and the San Francisco Film and Video Arts Commission.

Notwithstanding this requirement, in the case of boards, commissions or advisory bodies established by legislative act, the residency requirement may be waived by the appointing officer, or entity upon a finding that the board, commission or body requires the appointment of a person with specific experience, skills or qualifications and after exercising due diligence, an eligible and willing appointee residing within the city and county could not be located.

(b) Except for those offices and positions and officers and employees specifically provided for in this section and other sections of the charter, the residential qualifications and requirements for all officers and employees and all offices and positions in the city and county service shall be as provided by ordinance of the board of supervisors.

Section 8.105 is amended to read as follows:

8.105. Conflict of Interest and Other Prohibited Practices.

(a) No officer or employee of the city and county shall become directly or indirectly interested in any contract, franchise, right privilege or sale or lease of property awarded, entered into or authorized by him or her in his or her capacity as an officer or employee, or by an officer or employee under his or her supervision and control, or by a board or commission of which he or she is a member, unless same is devolved upon him or her by law. An officer or employee with such an interest, however acquired, shall become divested of said interest within 60 days or shall resign said office or employment.

(b) No officer or employee shall give or promise any money or other valuable thing in consideration of his or her nomination, appointment, or election to any city and county office or employment or accept, other than lawful political campaign contributions, any gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him or her.

(c) No officer or employee shall make, participate in making or in any way attempt to use his or her office or employment to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest, as defined by California Government Code Section 87103.

(d) No officer or employee of the city and county shall wilfully or knowingly disclose any privileged information concerning property, government, or affairs of the city and county, unless a duty to do so is imposed upon said person by law, nor shall that person use any privileged information obtained by him or her by virtue of his or her office or employment to advance the financial or other private interest of himself or herself or others.

(e) No person who has served as an officer or employee of the city and county shall within a period of two years after termination of such service or employment appear before the board or agency of the city and county of which he or she was a member in order to represent any private interest, provided, however, that said officer or employee may appear before said board for the purpose of representing himself or herself.

(f) No officer or employee of the city and county shall receive, directly or indirectly, any compensation, reward or gift from any source except compensation from the City and County of San Francisco, or any other governmental agency to which he or she has been duly appointed for any service, advice, assistance or other matter related to the governmental processes of the city and county, except for fees for speeches or published writing.

(g) The ethics commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officers and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to effectuate the purposes and intent of this section. Such rules and regulations may provide for restrictions against activities, employments and enterprises other than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or integrity of the city and county. Rules and regulations previously adopted or approved by the civil service pursuant to this section shall remain in effect until amended by the ethics commission.

The civil service commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officers and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to provide for the efficiency of the city and county civil service.

(h) An officer or employee shall not be deemed to be interested in any transaction described in Subsections (a) or (c) above if he or she has only a remote interest in the transaction and if the fact of such interest is disclosed and noted in the official records of the board, commission or

department and thereafter the board, commission or department authorizes, approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest or by his or her immediate superior unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

(l) As used in this article "remote interest" means:

(A) That of a nonsalaried officer of a nonprofit corporation:

(B) That of an employee or agent of the party involved in the transaction, if such party has 10 or more other employees and if the officer or employee was an employee or agent of said party for at least three years prior to his or her initially accepting his or her office or employment.

For the purposes of this subsection, time of employment with the party by the officer or employee shall be counted in computing the three-year period specified in this subsection even though such party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such party.

(C) That of a parent in the earnings of his or her minor child for personal services;

(D) That of a landlord or tenant of the transacting party;

(E) That of an attorney of the transacting party;

(F) That of a supplier of goods or services when such goods or services had been supplied to the transacting party by the officer or employee for at least five years prior to his or her election or appointment to office or employment.

(G) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the transaction has the relationship of borrower or depositor, debtor or creditor.

(2) The provisions of this subsection shall not be applicable to any officer or employee interested in a transaction who influences or attempts to influence another officer or employee to enter into the transaction.

(i) An officer or employee shall not be deemed to be interested in a transaction pursuant to Subsections (a) and (c) above if his or her interest is:

(l) The ownership of less than three percent of the shares of a corporation for profit, provided the total annual income to him or her from dividends, including the value of stock dividends, from the corporation does not exceed five percent of his or her total annual income, and any other payments made to him or her by the corporation do not exceed five percent of his or her total annual income;

(2) That of an officer or employee in being reimbursed for his or her actual and necessary expenses incurred in the performance of official duty;

(3) That of a recipient of public services generally provided by the board, commission or department of which he or she is a member or employee, on the same terms and conditions as if he or she were not a member or employee of the board, commission or department.

(4) That of a landlord or tenant of the transacting party if such party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial or other public district of this state or an adjoining state unless the subject matter of such transaction is the property in which such officer or employee has such interest as landlord or tenant in which event his or her interest shall be deemed a remote interest within the meaning and subject to the provisions of Subsection (g).

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he or she serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(6) That of a spouse of an officer or employee in his or her spouse's employment or officeholding if his or her spouse's employment or officeholding has existed for at least one year prior to his or her election or appointment.

(7) That of a nonsalaried member of a nonprofit corporation, provided that such interest is disclosed at the time of the first consideration of the transaction and provided further that such interest is noted in its official records.

(8) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his or her sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of a borrower or depositor, debtor or creditor.

(j) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his or her own character or conduct, his or her right as a member, or his or her

appointment to any office, position, or employment, wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actual or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason for the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(k) The city attorney, the district attorney of the City and County of San Francisco or any resident or group of residents of the City and County of San Francisco may bring a suit in the superior court to compel compliance with the provisions of this section.

(l) The provisions of Section 8.105 shall not apply to any member serving as a representative of any profession, trade, business, union or association on any board, commission or other body heretofore or hereafter created by an ordinance of the City and County of San Francisco which requires that the membership consists in whole or in part of representatives of specific professions, trades, businesses, unions or associations. Conflicts of interest and prohibited practices of such members and the penalties therefor shall be as prescribed by the ordinance creating such board, commission or other body or by an amendment thereto.

(m) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and, upon a final judgment of conviction of same, shall be removed from office or in the alternative shall be subject to a penalty of not more than one year in jail and/or fine of not more than $10,000, as well as removal.

(n) Every contract made in violation of any of the provisions of Section 8.105 may be avoided at the insistence of any party except the officer or employee interested therein. No such contract may be avoided because of the interest of an officer or employee therein unless such contract is made in the official capacity of such officer or employee, or by a board or body of which he or she is a member.

Section 8.107 is amended to read as follows:

8.107. Suspension and Removal.

Any elective officer, and any member of the civil service commission, health commission, ethics commission or public utilities commission or school board may be suspended by the mayor and removed by the board

of supervisors for official misconduct, and the mayor shall appoint a qualified person to discharge the duties of the office during the period of suspension. On such suspension, the mayor shall immediately notify the ethics commission and supervisors thereof in writing and the cause therefor, and shall present written charges against such suspended officer to the ethics commission and board of supervisors at or prior to their next regular meetings following such suspension, and shall immediately furnish copy of same to such officer, who shall have the right to appear with counsel before the ethics commission in his or her defense. Hearing by the ethics commission shall be held not less than five days after the filing of written charges. After the hearing, the ethics commission shall transmit the full record of the hearing to the board of supervisors with a recommendation as to whether the charges should be sustained. If, after reviewing the complete record, the charges are deemed to be sustained by not less than a three-fourths vote of all members of the board, the suspended officer shall be removed from office; if not so sustained, or if not acted on by the board of supervisors within 30 days after the receipt of the record from the ethics commission, the suspended officer shall thereby be reinstated.

The mayor must immediately remove from office any elective official convicted of a crime involving moral turpitude, and failure of the mayor so to act shall constitute official misconduct on his or her part.

Any appointee of the mayor, exclusive of civil service, health, recreation and park, and public utilities commissioners, and members of the school board, may be removed by the mayor. Any nominee or appointee of the mayor whose appointment is subject to confirmation by the board of supervisors, except the chief administrative officer and the controller, as in this charter otherwise provided, may be removed by a majority of such board and with the concurrence of the mayor. In each case, written notice shall be given or transmitted to such appointee of such removal, the date of effectiveness thereof, and the reasons therefor, a copy of which notice shall be printed at length in the journal of proceedings of the board of supervisors, together with such reply in writing as such official may make. Any appointee of the mayor or the board of supervisors guilty of official misconduct or convicted of crime involving moral turpitude must be removed by the mayor or the board of supervisors, as the case may be, and failure of the mayor or any supervisor to take such action shall constitute official misconduct on their part.

Charter Article VIII, Chapter 3-City and County of San Francisco Section 8.346 is amended to read as follows:

8.346. Disciplinary Action Against Striking Employees Other Than Members of Police and Fire Department.

The people of the city and county of San Francisco hereby find that the instigation of or participation in, strikes against said city and county by any officer or employee of said city and county constitutes a serious threat to the lives, property, and welfare of the citizens of said city and county and hereby declare as follows:

(a) As used in this section the word "strike" shall mean the willful failure to report for duty, the willful absence from one's position, any concerted stoppage or slowdown of work, any concerted interruption of operations or services by employees, or the willful abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment, for the purpose of inducing, influencing, or coercing a change in the conditions of employment; provided, however, that nothing contained in this section shall be construed to limit, impair, or affect the right of any municipal employee to express or communicate a view, grievance, complaint, or opinion on any matter related to the conditions or compensation of municipal employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of employment.

(b) No person holding a position by appointment or employment under the civil service provisions of this charter, exclusive of uniformed members of the police and fire departments as provided under Section 8.345 of this charter, which persons are hereinafter referred to as municipal employees, shall strike, nor shall any municipal employee cause, instigate, or afford leadership to a strike against the city and county of San Francisco. For the purposes of this section, any municipal employee who willfully fails to report for duty, is willfully absent from his or her position, willfully engages in a work stoppage or slowdown, willfully interrupts city operations or services, or in any way willfully abstains in whole or in part from the full, faithful, and proper performance of the duties of his or her employment because such municipal employee is "honoring" a strike by other municipal employees, shall be deemed to be on strike.

(c) No person exercising any authority, supervision, or direction over any municipal employee shall have the power to authorize, approve, or consent to a strike by any one or more municipal employees, and such person shall not authorize, approve, or consent to such strike. No officer, board, commission or committee of the city and county of San Francisco shall have the power to grant amnesty to any person who has violated any of the provisions of this section, and such officer or bodies shall not grant amnesty to any person who has violated any of the provisions of this section.

(d) Notwithstanding any other provision of law, a person violating any of the provisions of this section may subsequent to such violation be appointed or reappointed, employed or re-employed as a municipal employee of the city and county of San Francisco, but only on the following conditions:

(1) such person shall be appointed or reappointed, employed or re-employed as a new appointee or employee, who is appointed or employed in accordance with all charter provisions, ordinances, rules or regulations of said city and county in effect for new employees at the time of appointment, reappointment, employment or re-employment;

(2) the compensation of such person shall not be increased by virtue of any previous employment with said city and county.

(e) In the event of a strike, or if the mayor with the concurrence of a majority of the board of supervisors determines that a strike is imminent, a special committee shall convene forthwith, which special committee shall consist of the presidents of the airports commission, civil service commission, fire commission, police commission, public transportation commission and public utilities commission. The president of the civil service commission shall serve as chairman of the special committee. Notwithstanding any other provision of law, it shall be the duty of the special committee to dismiss in accordance with the provisions of this section any municipal employee found to be in violation of any provisions of this section. Any person may file with the special committee written charges against a municipal employee or employees in violation of any of the provisions of this section and the special committee shall receive and investigate, without undue delay, and where necessary take appropriate actions regarding any such written charge(s), and forthwith inform that person of its findings and action, or proposed action thereon.

In the event of a strike or determination of imminent strike as specified above, each appointing officer shall deliver each day no later than 12:00 o'clock noon to the chairman of the special committee a record of the absence of each employee under his or her authority for the prior day and a written report describing incidents of and the participant(s) in violations of this section wherever the identity of the participant(s) is known to him or her and the participant(s) is (are) under his or her authority.

In addition each appointing officer shall provide to the special committee, whenever it has been convened under authority of law, any other information determined by the special committee to be necessary for the discharge of its duties. The failure of an appointing officer to discharge any of the duties imposed upon him or her by this section shall be official misconduct.

(f) An employee charged by the special committee with a violation of this section shall be notified of the time and place of the hearing on the charges and of the nature of the charges against him or her. Said employee shall be given such other information as is required by due process. Said employee shall respond to said charges by a sworn affidavit, signed by him or her, and by such other information and documentation and in such a manner as is prescribed by the special committee. An employee failing to provide the responses required by this section or in any way failing to comply with the procedural time limitations and information requirements imposed by the special committee shall be immediately suspended and shall not be entitled to a hearing until he or she has fully complied with the aforementioned requirements.

If the special committee, after a hearing, determines that the charges against the employee are supported by the preponderance of the evidence submitted, said special committee shall dismiss the employee

involved and said employee shall not be reinstated or returned to city and county service except as specified in Subsection (d). A dismissal or suspension invoked pursuant to the provisions of this section shall not be appealable to the civil service commission.

(g) The special committee shall discharge its duties in a timely manner while preserving the due process rights of employees with the objective of obtaining immediate sanctions against striking employees. The willful failure of any member of this special committee faithfully and fully to discharge his or her duties in a timely manner and to accord absolute priority to the performance of those duties shall be deemed official misconduct.

In the event the special committee determines that it shall be unable to comply with constitutional due process requirements that a timely hearing be provided or that it shall be unable to comply with its obligations fully and in a timely manner to investigate and hear all violations of this section, then the special committee may, subject to the budget and fiscal provisions of the charter, engage the administrative and clerical personnel, investigators, and one or more hearing officers to conduct hearings thereunder. In conducting hearings, the hearing officers shall have the same powers of inquiry and disposition as the special committee.

(h) In order to provide for the effective operation of this section in the event of a strike or determination of imminent strike, the president of the civil service commission, not later than 30 days after this section becomes effective, shall convene the special committee which shall adopt rules, regulations, and procedures for the investigation, hearing and disposition of all violations of this section.

(i) In order to bring the provisions of this section to the attention of any person who may be affected thereby, each municipal employee on the effective date of this section, exclusive of members of the uniformed forces of the police and fire departments as provided in Section 8.345 hereof, and each person appointed or employed as a municipal employee pursuant to the civil service provisions of this charter, exclusive of persons appointed to the entrance positions in the uniformed forces of the police and fire departments as provided in Section 8.345 hereof, on or after the effective date of this section shall be furnished a copy of this section and shall acknowledge such receipt in writing. The signed, written receipt shall be filed in the office of the civil service commission and maintained therein for the term of his or her employment with the City and County of San Francisco.

(j) The provisions of Sections 3.100 and 3.100-1, relating to the emergency powers of the mayor, shall not be applicable to the provisions of this section.

(k) If any clause, sentence, paragraph, subsection, or part of this section shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence,

paragraph, subsection, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Charter Article VIII, Chapter 4-City and County of San Francisco

Section 8.420 is amended to read as follows:

8.420. Establishment of and Membership in Health Service System.

A health service system is hereby established. Said system shall be administered by the human resources department subject to the approval of the health service board. The members of the system shall consist of all permanent employees, which shall include officers of the city and county, of the San Francisco Unified School District, and of the Parking Authority of the City and County of San Francisco and such other employees as may be determined by ordinance, subject to such conditions and qualifications as the board of supervisors may impose, and such employees as may be determined by collective bargaining agreement. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayers in the practice of religion shall be exempt from the system upon filing annually with the human resources department an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The human resources department shall have the power to exempt any person whose compensation exceeds the amount deemed sufficient for self coverage and any person who otherwise has provided for adequate medical care. Any claim or request for exemption denied by the human resources department may be appealed to the health services board.

Charter Article IX-City and County of San Francisco

Section 9.100-2 is deleted in its entirety.

Section 9.103 is amended to read as follows:

9.103. Municipal Elections.

On Tuesday after the first Monday in November in 1931 and every second year thereafter, there shall be held in the city and county an election to be known as the general municipal election, at which the electors of the city and county shall choose such officers or qualify such candidates as are required by this charter to be elected or qualified at that time.

In the event that a runoff election is required to be held pursuant to the provisions of Section 9.100-1 of this charter, on the second Tuesday in December in each year in which such a runoff election is required to be held as aforesaid, there shall be held an election to be known as the municipal runoff election at which the electors of the city and county shall elect such officers as are required by this charter to be elected at that time. Only those officers for which a runoff election is required to be held shall be voted on at any such municipal runoff election, and no other office or measure shall be voted on at said election.

Special municipal elections shall be called by the registrar when required by this charter on the filing of appropriate initiative, referendum or recall petitions, as provided by this charter, and may be called by

the supervisors for bond issues, declarations of policy or for the voting on candidates for city and county offices not subject to election at general municipal elections or municipal runoff elections.

All provisions of the general laws of this state, including penal laws, respecting the registration of voters, initiative, referendum and recall petitions, nominations, candidate ballot designations, the location of candidates' names on the ballot, write-in candidates, elections, canvass of returns and all matters pertinent to any and all of these, shall be applicable to the city and county except as otherwise provided by this charter or by ordinance adopted by the board of supervisors as authorized by this charter relative to any rights, powers or duties of the city and county or its officers. When not prohibited by general law, the supervisors by ordinance may provide that the publication of precincts and polling places shall be by posting only.

Section 9.103-1 is added to read as follows:

9.103-1. Charter Review.

Rather than a blueprint for effective municipal government, the 61 year old document has evolved into a 300 page tangle of bureaucratic provisions that prevents the city's managers from being held accountable and results in wasted human and financial resources.

The voters of the City and County of San Francisco direct that a thorough and complete review of the present charter be undertaken for the purpose of restructuring our municipal government to make it cost-effective and responsive to the people. The mayor, board of supervisors, represented by a member designated by the board, and the chief administrative officer are charged to be responsible for the timely implementation of this mandate and are directed to submit to the board of supervisors pursuant to state law amendments necessary to further reform and revise the charter, to be placed on the November 1994 general election ballot.

Section 9.104 is amended to read as follows:

9.104. Nomination of Elective Officers.

The name of a candidate for an elective office shall be printed upon the ballot when the nomination shall have been made in the following manner: The candidate, not more than 113 days and no later than 88 days before the municipal election in November, shall file with the registrar a declaration of his or her candidacy, in the form prescribed by the registrar for all candidates, including statements of his or her qualifications not to exceed 100 words, subscribed by him or her before the registrar. The registrar or his or her authorized deputy shall forthwith certify to the said subscription and its date and retain and file the declaration. At the same time the candidate files his or her declaration of candidacy, the candidate shall file with the registrar, on forms furnished by him or her, not less than 20 nor more than 30 sponsors, who are electors qualified to vote at the said municipal election and who shall sign and certify under the penalty of perjury to the qualifications of said candidate. The candidate shall pay to the registrar at the time of filing his

or her declaration of candidacy and sponsors certificates a sum equal to two percent (2%) of the current annual salary for the office for which he or she is a candidate. In lieu of such filing fee, a candidate may submit to the registrar signatures of voters registered in San Francisco as provided in the general laws of this state.

In the event the registrar shall refuse to file such declaration of candidacy, petition in lieu of filing or certificate of a sponsor thereof, he or she shall forthwith designate in writing on the declaration, petition or certificate the defect thereof, or other reason for refusing to file the same, and shall return the same to party tendering it. No defect in any declaration, petition or certificate presented to the registrar shall prevent the filing of another declaration, petition or certificate within the period allowed for presenting the declaration, petition or certificate. The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he or she is a candidate, provided that a candidate whose nomination has been completed, may, not less than 66 days before a municipal election, withdraw as a candidate by filing with the registrar his or her withdrawal, naming the office; such withdrawal must be signed and sworn to by the person withdrawing.

The name of every municipal candidate who has been nominated for an office to be elected throughout the city and county as hereinbefore provided shall be placed on the ballot in accordance with the general laws of the state under the heading of the office for which said candidate has been nominated in the following manner: the name of the candidate highest on the list of candidates for any particular office shall be printed first on the ballot under the proper heading for said office in the lowest numbered assembly district in the city and county. Thereafter, in each succeeding assembly district the name of the candidate appearing first for said office in the last preceding assembly district shall be placed last and the order of the names of the other candidates for said office shall remain unchanged.

In the event that the number of candidates in any group shall exceed the number of assembly districts in the city and county then the total number of candidates in such group shall be divided by the number of assembly districts and the quotient of said division, if an integral number, or, if it be a fractional number, then the next highest integral number shall be the number of candidates to be taken from the beginning of the list of said candidates and placed at the end of said list of candidates in each succeeding assembly district.

Immediately under the name of each candidate and not separated therefrom by any line may appear, at the option of the candidate, one of the following designations:

(a) Words designating the city, county, district or state office which the candidate then holds. Such designations shall not include a party affiliation of the candidate.

(b) If the candidate be a candidate for the same office which he or she then holds, and only in that event, the word "incumbent."

(c) The profession, vocation or occupation of the candidate in not more than nine words.

In all cases words so used shall be printed in eight-point roman boldface capitals and lower-case type.

No incumbent shall have any further preference in the location of his or her name on said ballot unless the same is permitted by this section.

The registrar shall preserve in his or her office, for a period of two years, all candidates' declarations, petitions and all sponsors certificates filed in accordance with this section.

Section 9.108 is amended to read as follows:

9.108. Initiative, Referendum, and Recall.

(a) The registered voters shall have power to propose by petition, and to adopt or to reject at the polls, any ordinance, act or other measure which is within the power conferred upon the board of supervisors to enact, or any legislative act which is within the power conferred upon any other board, commission or officer to adopt, or any amendment to the charter. Such ordinance, act, charter amendment or other measure may be so proposed by filing with the registrar a petition setting forth said measure in full, signed by registered voters of the city and county as many in number as the percentages hereinafter required of the entire vote for all candidates for the office of mayor cast at the last preceding regular municipal election.

Any declaration of policy may be submitted to the electors in the manner provided for the submission of ordinances; and when approved by a majority of the qualified electors voting on said declaration, it shall thereupon be the duty of the board of supervisors to enact an ordinance or ordinances to carry such policies or principles into effect, subject to the referendum provisions of this charter.

Any ordinance which the supervisors are empowered to pass may be submitted to the electors by a majority of the board at a general or primary election or at a special election called for the purpose, said election to be held not less than ninety days from the date of the call. Any such ordinance may be proposed by one-third of the supervisors, or by the mayor, and when so proposed shall be submitted to the electors at the next succeeding general election. Any ordinance which the supervisors are empowered to pass relating to conflicts of interest, campaign finance, lobbying or governmental ethics may be submitted to the electors at the next succeeding general election by the ethics commission by a four-fifths vote of all of its members. No ordinance passed by the supervisors granting any public utility franchise or privilege, shall go into effect until the expiration of 60 days from the date it becomes final. At the end of such 60 days such ordinance shall be in force and effect, unless within such period there shall be filed with the registrar a petition signed by registered voters equal in number to five percent of the entire vote cast for mayor at the last preceding regular municipal election, requesting

that such ordinance be submitted to the electors. In case such petition is filed, such ordinance shall not go into effect until approved by a majority of the voters voting thereon at a general or special election.

If, before the time any other ordinance involving legislative matters becomes effective, there shall be filed with the board of supervisors a petition signed by qualified electors of the city and county equal in number to at least 10 percentum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which the office of mayor was voted upon, protesting against the passage of such ordinance the same shall be suspended from going into operation, and it shall be the duty of the board of supervisors to reconsider such ordinance, and if the same be not entirely repealed, said board shall submit the ordinance to the vote of said electors either at the next general or primary election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless and until a majority of the qualified electors voting thereon shall vote in favor thereof. The provisions of Sections 9.109 and 9.110 of the charter shall apply to and govern the verification and certification of such petition.

Annual budget and appropriation ordinances, supplemental appropriation ordinances, the annual salary ordinance, or ordinances amending the same, the ordinances levying taxes, any ordinance appropriating money from the emergency reserve fund, ordinances authorizing the city attorney to compromise litigation, and ordinances necessary to enable the mayor to carry out any of the powers vested in him or her in the case of a public emergency as defined in Section 3.100 of the charter, ordinances enacted pursuant to Section 8.410 of the charter, as well as ordinances relative to purely administrative matters, shall not be subject to referendum.

Any elective official, the chief administrative officer, the controller or any member of the board of education, the ethics commission, or public utilities commission may be recalled by the electors. The procedure to effect such recall shall be as follows: A petition demanding the recall from office of the person sought to be recalled shall be filed with the registrar. Said petition shall contain a statement of the grounds on which the recall is sought. Any insufficiency of form or substance in such statement shall in no way affect the validity of the election and proceedings held thereunder. No recall petition shall be filed against any officer until he or she has held his or her office for at least six months.

(b) In the event the representative of the board of supervisors and the representatives of recognized employee organizations do not reach an agreement through the meet-and-confer process on matters contained in the annual salary standardization ordinance by March 15 of any year, the board shall adopt a schedule of compensation which reflects current prevailing rates for the classifications covered by Section 8.401 of the charter.

In any year when an agreement on matters contained in the salary standardization ordinance has not been achieved, the civil service

commission shall prepare, prior to April 1, a schedule of compensation and administrative provisions which reflect additional rates that would be payable and working conditions, based upon the last demands made by the recognized employee organization(s) which participated in the meet-and-confer process.

Said schedule shall be transmitted to the registrar of voters for submission to the electors of the city and county at a general election or a special election called for the purpose, and said special election shall be held no less than 90 days from the date of the call. No such schedule shall be withdrawn after it has been received by the registrar of voters. At said election, the ballot shall contain the following two alternatives:

(1) Approval of the schedule of compensation based upon the employee organizations last demands.

(2) Disapproval of the schedule of compensation based upon the employee organizations last demands.

If a majority of the valid votes cast in the election favor paying the additional rates set forth in the schedule of compensation based upon the last demands of the recognized employee organizations which engaged in the meet-and-confer process, it shall be the duty of the board of supervisors to amend the salary standardization ordinance to reflect said increased rates and the same shall be in lieu of said annual compensation and, notwithstanding any other provisions of this charter to the contrary, said rates shall become effective and be payable as if adopted prior to April 1, of any year.

The provisions of Sections 3.100 and 3.100-1, relating to the emergency powers of the mayor, shall not be applicable to the provisions of Subsection (b) of this section.

Section 9.109 is amended to read as follows:

9.109. Petitions.

The filing, verification and certification of initiative, referendum and recall petitions shall be in accordance with general law, and rules and regulations of the registrar of voters relative to details not covered by general law, except as otherwise provided by this charter. Any signer to a petition may withdraw his or her name from the same by filing with the registrar of voters a verified revocation of his or her signature before the filing of the petition. No signature can be revoked after the petition has been filed. Unless and until it be proven otherwise by official investigation by the registrar, it shall be presumed that the petition filed conforms to all legal requirements and contains the signatures of the requisite number of registered voters, and after an election based thereon, the sufficiency of such petition shall not be questioned.

Section 9.110 is amended to read as follows:

9.110. Special Election Fund.

The board of supervisors shall maintain a fund of not less than $50,000 to be known as the special fund, to be used exclusively for defraying the costs of verifying petitions and other expenses of all special elections, including recall elections. In the event of the expenditure of any of said

fund, the board of supervisors in the next succeeding annual budget shall appropriate a sum sufficient to reimburse said special election fund.

Section 9.111 is amended to read as follows:

9.111. Time of Election.

If the petition accompanying a proposed initiative measure, or declaration of policy, to be signed by registered voters equal in number to 10 percent of the entire vote cast for mayor at the last preceding general municipal election, or if the petition accompanying a proposed recall be signed by registered voters equal in number to 10 percent of the registered voters of the City and County of San Francisco at the time of the filing of the notice of intention to circulate the recall petition and contains a request that said measure, policy or recall be submitted forthwith to a vote of the electorate at a special election, then the registrar shall, upon certification of the sufficiency of the petition, forthwith call a special election, which shall be held at a date not less than 105 nor more than 120 days from the date of calling the same, at which said measure or policy, without alteration, or said recall shall be submitted to a vote of the electorate, unless within 105 days of a general or primary election, in which event it shall be submitted at such general or primary election.

If the petition accompanying a proposed initiative measure or declaration of policy be signed by registered voters equal in number to five percent but less than 10 percent of the said entire vote, then such measure or measures, without alteration, shall be submitted by the registrar to a vote of the electorate at the next general state or municipal election that shall occur at any time after 105 days from the date of the certificate of sufficiency attached to the petition accompanying such measure unless the board of supervisors, by ordinance, direct that the measure or policy be voted on at a special election prior thereto.

Section 9.113 is amended to read as follows:

9.113. Form of Ballot-Majority Vote.

The ballots used when voting upon any proposed measure, referendum, policy, recall or confirmation shall contain a general statement thereof, followed by the words "Yes" and "No," so arranged that the voter may indicate his or her choice upon the ballot. If a majority of the qualified electors voting on said proposed measure, referendum, policy, recall or confirmation shall vote in favor thereof, it shall go into effect 10 days after the declaration of the official count. The general statement or question provided for in this section shall be prepared by the city attorney and shall consist of not over thirty words.

If the official proposed to be removed at any recall election shall, as the result of said election, be recalled, the mayor shall appoint his or her successor for the unexpired term and the officer so recalled shall be ineligible to hold any city and county office for two years.

Section 9.114 is amended to read as follows:

9.114. Competing and Conflicting Measures-Repeal.

When two or more proposed measures are of the same general purpose, the registrar shall so declare. If there is a conflict between two or more such measures adopted at the same election, then the measure receiving the highest affirmative vote shall prevail. In case two or more measures are tied for the highest vote, they shall be resubmitted at the next ensuing general election.

No initiative, ordinance or measure or declaration of policy approved by the electorate under the provision of this charter shall be subject to veto, or be amended or repealed except by vote of the electorate, unless such ordinance or measure shall otherwise provide.

Certified to be a true copy by Angela Alioto, President, Board of Supervisors, and John Taylor, City Clerk.

Date of Election: November 2, 1993.

Charter Chapter 21—City of Downey

Amendments to the Charter of the City of Downey

[Filed with the Secretary of State December 8, 1993.]

Article V, Section 515 is amended to read as follows:

Section 515. Ordinances. Violation. Penalty. The City Council shall by ordinance determine whether a violation of any ordinance of the City or a provision of the Downey Municipal Code shall constitute a misdemeanor or an infraction and shall be punishable as provided in the State Government Code for violation of ordinances of general law cities, as it now exists or hereafter may be amended, or may be redressed by civil action.

Article XIII, Section 1307 is added to read as follows:

Section 1307. Statement of Candidate Qualifications. Any candidate for an elective City office may prepare a statement of qualifications in accordance with the restrictions set forth in Section 10012 of the State Elections Code, as the same now exists or hereafter may be amended or succeeded, and subject to the following additional restriction: A statement of qualifications shall be limited to a recitation of the candidate's own personal background and qualifications and shall not in any way make reference to other candidates or to other candidate's qualifications, character or activities. The City Clerk shall not cause to be printed or circulated any candidate's statement of qualifications which the City Clerk determines is not so limited or which includes any such references.

Article V, Section 500.1 is added to read as follows:

Section 500.1. Limitation of Term.

(a) Notwithstanding any other previously enacted provision of law or of this Charter, the City Clerk, or other election official authorized by

law, shall not accept or verify the signatures on any nomination paper for any person, nor shall he or she certify or place on the list of certified candidates, nor print or cause to be printed on any ballot, ballot pamphlet, sample ballot or ballot label, the name of any person who either:

(1) Has been elected to two full terms as a member of the City Council and thereafter seeks to become a candidate for City Council, or

(2) A full term for purposes of this Charter Amendment is 50% or more of the term as defined in the City Charter.

It is the intent of the Charter Amendment that this Amendment shall be retroactive.

Certified to be a true copy by Robert S. Brazelton, Mayor, and Judith E. McDonnell, City Clerk.

Date of Special Municipal Election: November 2, 1993.

Charter Chapter 22—City of Roseville

Amendments to the Charter of the City of Roseville

[Filed with the Secretary of State December 22, 1993.]

Section 2.02 of Article II is amended to read as follows:

Section 2.02. Elective Officers.

The electors of the City shall elect a council of five (5) members, at large, for a four (4) year term of office. The council shall constitute the legislative and governing body of the city and shall have authority, except as otherwise provided in this charter, to exercise all powers of the city, and to adopt such ordinances and resolutions as may be proper in the exercise thereof. Two (2) and three (3) councilmembers shall be elected alternately at the General Municipal Election each even-numbered year. No councilmember shall serve more than two (2) consecutive four (4)-year terms, commencing as of a date subsequent to April 9, 1974.

Councilmembers whose term of office would otherwise have terminated in November, 1995 or 1997, shall have their term of office terminate in November, 1996 or 1998, respectively. Any such term shall be considered a full term of office for purposes of the two (2)-term limitation of this section. Provided, however, that notwithstanding any other provision of this charter to the contrary, at the first meeting of the City Council held in November 1995, the City Council shall choose one of its members to serve as mayor and one of its members to serve as mayor pro tempore until their successors assume office following the general municipal election in 1996.

Section 2.03 of Article II is amended to read as follows:

Section 2.03. Assumption of Office by, Meeting of Council, and Seating of Mayor and Mayor Pro Tempore.

The council shall assume office, subject to the qualifying provisions of this charter, from and after twelve o'clock noon on the second Monday next succeeding the day of their election. The council shall hold its first meeting at that time. The councilmember who received the highest number of votes in the latest election shall be seated as mayor pro tempore. The mayor pro tempore's term of office shall commence upon his or her assumption of office and continue until the election, qualification and assumption of office of his or her successor following the next general municipal election. Upon the termination of a councilmember's term of office as mayor pro tempore, he or she shall be seated as mayor. The mayor's term of office shall commence upon his or her assumption of office and continue until the assumption of his or her successor following the next general municipal election.

Provided, however, that following the first general municipal election which occurs subsequent to the adoption of this section, a councilmember who did not receive the highest number of votes at the election (whether or not elected at said election or prior thereto) shall be chosen as mayor by the city council upon a roll-call vote of the council. That person's term of office as mayor shall commence upon the assumption of office and shall continue until the assumption of office of his or her successor following the next general municipal election.

Section 6.01 of Article VI is amended to read as follows:

Section 6.01. General and Special Municipal Elections.

General municipal elections for the election of officers and for such other purposes as the council may prescribe, shall be held in the city on the date specified by the Elections Code of the State of California for State-wide general elections (Elections Code Section 2550). Such general municipal elections shall be conducted in each even-numbered year. All other municipal elections that may be held by authority of this charter, or of general law, or by ordinance, shall be known as special municipal elections.

Certified to be a true copy by Mel Hamel, Mayor, and Helen Florance, City Clerk.

Date of Election: November 2, 1993.

Charter Chapter 23—City of Sunnyvale

Amendment to the Charter of the City of Sunnyvale

[Filed with the Secretary of State December 23, 1993.]

Section 1007 of Article X is amended to read as follows:

Section 1007. Personnel Board. There shall be a Personnel Board consisting of five members to be appointed by the City Council. To be eligible for appointment, each appointee shall neither hold public office or employment nor be a candidate for any other public office or position and shall not be an officer of any local, state, or national partisan political club or organization, nor be a former City employee.

The members of the Personnel Board shall be selected and appointed in the following manner: three of the members shall be appointed by the City Council directly. Two of the members shall be appointed by the City Council from a list of five persons to be nominated by election of the employees in the Classified Service.

The successor of any member of the Board shall be appointed in the same manner as such member was appointed.

The term of each member in office when this section becomes effective shall end on June 30, 1968.

All persons appointed shall be registered voters of the City and shall maintain their principal place of residence within the City at the time of their appointment. If at any time during their term any member of the board shall cease to be an elector of the City or shall cease to maintain their principal place of residence within the City, then such person shall become ineligible to continue to serve as a member of the board and said position shall be declared vacant by the City Council.

Certified to be a true copy by Patricia Castillo, Mayor, and Thomas F. Lewcock, City Clerk.

Date of Municipal Election: November 2, 1993.

Charter Chapter 24—City of Mountain View

Amendments to the Charter of the City of Mountain View

[Filed with the Secretary of State December 24, 1993.]

Section 500 of Article V is amended to read as follows:

Sec. 500. Term of office.

Except as otherwise provided in this section, the members of the council shall hold office for a term of four (4) years from and after the first meeting in January following their election and continuing until their respective successors qualify.

Ties among candidates for any office shall be settled by the drawing of lots.

No person shall be eligible to serve as a member of the city council for more than two successive four-year elective terms. Any person appointed or elected to the city council to fill an unexpired term of not more than two years in length shall, however, be eligible to serve two successive four-year elective terms upon the expiration of the unexpired term for which that person was appointed or elected.

Section 520 of Article V is amended to read as follows:

Sec. 520. Violation of ordinances; penalty.

A violation of any ordinance of the city shall constitute a misdemeanor, unless the violation of such ordinance is designated as an infraction, and may be prosecuted in the name of the People of the State of California or may be redressed by civil action. The maximum fine or penalty for any misdemeanor shall be the sum of five hundred dollars, or a term of imprisonment for a period not exceeding six months, or both such fine and imprisonment. The penalty for any infraction shall be a maximum fine of the sum of one hundred dollars for the first violation, two hundred fifty dollars for a second violation, and five hundred dollars for a third or any subsequent violations within a twelve-month period. After the third violation within a thirty-six-month period, the violation may be charged as a misdemeanor. The council may provide by ordinance that persons imprisoned in the city jail for violation of law or ordinance may be compelled to labor on public works.

Section 600 of Article VI is amended to read as follows:

Sec. 600. Appointment; qualifications; removal; ineligibility of councilmembers.

There shall be a city manager who shall be the chief administrative officer of the city. The city manager shall be appointed for an indefinite term by the council and shall serve at the pleasure of the council, provided that the city manager shall not be removed from office except by the affirmative votes of at least five members of the council. The city manager shall be chosen on the basis of the person's executive and administrative qualifications, with special reference to actual experience in, or knowledge of, accepted practice in respect to the duties of office as hereinafter set forth.

No councilmember shall be eligible for appointment to the office of city manager during the term for which that councilmember shall have been elected nor within two years thereafter.

Section 1110 of Article XI is amended to read as follows:

Sec. 1110. Actions against the city.

All claims and actions for money or damages against the city or any commission, board, officer, or employee thereof shall be governed by the California Tort Claims Act, commencing with Title 1, Division 3.6, Section 810 of the Government Code.

Section 1300 of Article XIII is amended to read as follows:

Sec. 1300. General municipal elections.

General municipal elections for the election of officers and for such other purposes as the council may prescribe, shall be held in said city on

the first Tuesday after the first Monday in November of each even numbered year, commencing with the year 1994.

Certified to be a true copy by Dena K. Bonnell, Mayor, and Katherine B. Koliopoulos, City Clerk.

Date of Municipal Election: November 2, 1993.

Charter Chapter 25—City of San Rafael

Amendment to the Charter of the City of San Rafael

[Filed with Secretary of State December 29, 1993.]

ARTICLE VII—THE COUNCIL, Section 7, ORDINANCES, RESOLUTIONS AND MOTIONS, is amended to read as follows:

(6) (a)

(6) (b) The publication of ordinances requirements of subdivision (a) may be satisfied alternatively in accordance with the general laws of the State of California in effect at the time the ordinance is enacted as set forth in Government Code Section 36933(c).

ARTICLE XIII PUBLIC WORKS AND CONTRACTS is amended by amending Sections 3 and 3.1 as follows:

Section 3—PURCHASES AND CONTRACTS: The City Manager or an officer authorized by the City Manager shall purchase or contract for equipment, materials, supplies and public works required by the City in the manner prescribed by Ordinance.

Section 3.1— BIDS AND AWARDS: The Council shall establish annually by Ordinance at a public hearing the conditions and procedures for any purchase or contract, and establish advertising and bidding requirements.

Certified to be a true copy by Albert J. Boro, Mayor, and Jeanne M. Leoncini, City Clerk.

Date of Municipal Election: November 2, 1993.

Charter Chapter 26—City of Watsonville

Amendments to the Charter of the City of Watsonville

[Filed with the Secretary of State January 12, 1992.]

Section 402. Term of Office. Except as otherwise provided in this Section, Council Members shall hold office for a term of four (4) years from and after the second Tuesday following their election and continuing until their respective successors qualify. If, at any municipal election for members of the Council, there shall be no choice between candidates

within a district by reason of two (2) or more candidates have received an equal number of votes, then the Council shall proceed to determine the election of such candidates by lot. No Council Member shall be eligible for re-election for two (2) years after the expiration of the second consecutive full term for which such person was elected, except that any incumbent Council Member in office on the Tuesday following adoption of this amendment is eligible to serve one additional term before the two term limit shall apply.

Section 1300. General Municipal Elections. A general municipal election shall be held on the first Tuesday following the first Monday in November of each even numbered year, commencing with the year 1994, for the election of officers and for such other purposes as the Council may prescribe.

Certified to be a true copy by Oscar A. Rios, Mayor, and Lorraine Washington, City Clerk.

Date of Municipal Election: November 3, 1992.

Charter Chapter 27—County of Fresno

Amendments to the Charter of the County of Fresno

[Filed with the Secretary of State February 2, 1993.]

Section 4 is amended to read as follows:

SECTION 4. The County of Fresno shall have a Board of Supervisors consisting of five members. Each member must be an elector of the district which he represents, must reside therein during his incumbency, must have been such elector therein for at least thirty (30) days immediately preceding the date of filing nominating papers or equivalent declaration of candidacy for the primary election at which he is a candidate, and shall be elected by the voters of such district. Supervisors shall be nominated and elected at the time and in the manner for the terms now or hereafter provided by general law.

Section 8 is amended to read as follows:

SECTION 8. Whenever a vacancy occurs in the Board of Supervisors, it shall be filed as follows:

(a) In the event such vacancy occurs in the final year of a term, it may be filled by the unanimous vote of the remaining members, provided there are at least three remaining members, and if they fail for a period of twenty-nine (29) days following the occurrence of such vacancy to make such an appointment, the Governor shall fill the vacancy.

(b) In the event such vacancy occurs other than in the final year of a term, the Board of Supervisors shall, without delay, call a special election to fill such vacancy to be held not less than seventy-five nor more than ninety days after the call, provided, however, if an election date as provided in Section 2504 of the Elections Code or similar state law falls

not less than seventy-five nor more than one hundred twenty days after the call, such special election shall be consolidated with such election.

The person appointed or elected to fill such vacancy shall serve for the remaining unexpired term and until the election and qualification of his successor. A person appointed or elected must be a qualified elector of the district in which the vacancy occurs, must have been a resident of the territory therein for at least thirty (30) days immediately preceding the appointment, or immediately preceding the date of filing nominating papers or equivalent declaration of candidacy for the election for which he is a candidate, and must reside therein during his incumbency.

Certified to be a true copy by A. Vernon Conrad, Chairman of the Board of Supervisors, and Sharon Greenwood, Clerk to the Board of Supervisors.

Date of Municipal Election: November 3, 1992.
