

GENERAL INDEX TO SUBJECTS OF ASSEMBLY BILLS, ETC.

Bills amending codes are indexed by subject under each code, and also in their proper alphabetical places in the general index. In addition, following this General Index are the four Code Amendment Indexes of both Assembly and Senate which give the different sections in numerical order and the number of each bill referring to each section. Resolutions and Constitutional Amendments are indexed in the main index; but separate indexes are also given at the end of this index.

This index was compiled and corrected under the direction of B. O. Boothby, Chief Clerk, and your attention is directed to the cross-indexing which will facilitate to a great extent in locating the number of any bill introduced.

NOTE—Wherever an asterisk (*) appears after the number of bill, it indicates that the bill has been signed by the Governor, and where it appears after C. R., J. R., or C. A., it indicates that the Resolution or Amendment was adopted by the Legislature.

† Indicates that the bill was vetoed and pocketed by the Governor. The action on all other bills is given in the body of the text of the bill in this Final Calendar of Legislative Business.

Chart—Showing Possible Movements of a Bill from Introduction in Assembly to Governor (same relative movements if introduced in Senate)

Prepared by L. B. MALLORY, Chief Clerk of the Assembly, 1911 1913 1915 Sessions

A BILL—Introduced—Numbered—Referred to proper committee by Speaker—1st Reading

THE STATE LIBRARY AS THE LEGISLATIVE REFERENCE BUREAU.

Members are reminded that the Legislative Reference Librarian of the State Library is at their service. Aid will be given in connection with any question.

The main entrance to the library is on the ground floor of the Capitol building.

THE LEGISLATIVE COUNSEL BUREAU.

This bureau was organized in 1914 under the authority of chapter 322 of the laws of 1913. It is, in effect, an instrumentality of the Legislature. Its business is to prepare or assist in the preparation or amendment of legislative bills and to "give such consideration to and service concerning any bill before the Legislature which circumstances will permit, and which is in any way requested by the Governor of the State or the Senate or the Assembly, or any committee of the Legislature having such bills before it for consideration." This, of course, includes investigations and examinations as to constitutionality, etc. The chief of the bureau also acts as aid to legislative committees and it is his duty to "advise, as occasion may arise, as to needed revision of the statutes." The bureau, whose chief is Mr. Arthur P. Will, is located in room 51, second floor of the Capitol.

Legislative Expenditures

CALIFORNIA LEGISLATURE

Showing the Various Items of Expense and Daily Average; Also General Average Expense for the Last Fifteen Sessions, Beginning with the Session of 1889 and Including the Session of 1917

PREPARED BY

L. B. MALLORY, Chief Clerk of the Assembly, Sessions of 1911, 1913, 1915
AND
B. O. BOOTHBY, Chief Clerk of the Assembly, Session of 1917

The following is a brief reference to the accompanying chart, for the purpose of explanation:

It is interesting to note that although the number of proposed laws have greatly increased, the proportion approved remains about the same.

Since and including the session of 1909 the Constitution provides that the compensation of each Senator and Assemblyman shall be \$1,000.00 for the session, no matter how long. Prior to 1909, a legislator received only \$8 00 per day for a period of sixty (60) days, or a total of \$480.00.

Up to 1909 there was no limit on the amount of money spent for attaches. At the session of 1907 a constitutional amendment was submitted to and ratified by the people, limiting this expenditure to \$500.00 per day for each house.

In considering the items "Salaries of officers and attaches" and "Contingent expenses" of either house, the two items should be taken together, for prior to the session of 1909 the funds were not separated, the contingent expense fund being drawn upon for pay of attaches and employees as well as contingent expense.

While the compensation of the one hundred and twenty (120) members of the Legislature has been increased from \$480.00 to \$1,000.00, beginning with the 1909 session, or a total increase of \$62,000.00, and while an additional expense of what is known as the bifurcated or divided session has been added, the average daily expense for each of the last four sessions has been even less than for former sessions.

All supplies are now purchased under competitive bids, through the office of the State Purchasing Agent.

The item of Legislative printing is not included, it being impossible to segregate it prior to 1913. The Department of State Printing is, however, economically and expeditiously handled, the later years showing greater economy and efficiency.
