LEGISLATIVE COUNSEL'S DIGEST

State government reorganization. state employees.

Under existing law the State Personnel Board administers the state civil service, with the State Board of Control, the Department of General Services, and the Department of Finance responsible for administering various limited aspects of civil service employment.

This bill would create the Department of Personnel Administration to administer the non-merit aspects of state employment for non-elected employees in the executive branch of government, employees of the California Maritime Academy, and employees of the Legislative Counsel Bureau, and to act as the Governor's representative in higher education employer-employee relations. A Division of Labor Relations in the department would also be created.

Various functions presently performed by the State Personnel Board would be administered by the department, including, among others, salary determination, working hours, vacations, sick leave, absences, training, performance reports, layoff, and grievances. The State Personnel Board would retain the authority to administer the merit system as required by the California Constitution.

Various limited functions presently performed by the State Board of Control, the Department of General Services, and the Department of Finance relating to employee entitlements for employees covered by the bill would be administered by the department, including, among others, per diem and travel expenses, relocation expenses, clothing and equipment allowances, deferred compensation plans, merit awards, and salary adjustments. These agencies would retain their functions for all state officers and employees not covered by the bill.

This bill would provide for the transfer to the Department of Personnel Administration of the employees, records, property, and funds of the State Personnel Board, the State Board of Control, the Department of General Services, and the Department of Finance which are engaged in the performance of the functions transferred to the Department of Personnel Administration.

This bill would be effective at the start of the first payroll period immediately following the pending decision of the California Supreme Court regarding the constitutionality of the State Employer-Employee Relations Act, and would provide that if lower court decisions which found the act unconstitutional are affirmed, the provisions of this bill directly affected by the court's decision shall not become operative.

This bill would enact the California Community Services Block Grant Program to be administered by the office which would assume the responsibility for implementing the federal Community Services Block Grant, including the community action programs, migrant and seasonal farmworker programs, American Indian programs, and training, technical assistance, and special support programs.

The bill would establish an allocation formula for the allocation of federal and other funds and would thus be an appropriation bill.

(2) Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

This bill would provide that no appropriation is made by this act for the purpose of making reimbursement pursuant to the constitutional mandate or Section 2231 or 2234, but would recognize that local agencies and school districts may pursue their other available remedies to seek reimbursement for these costs. It would also require that, to the extent that such funds are available, any valid claims for reimbursement of costs incurred as a result of a mandate imposed by this act first be reimbursed using Community Services Block Grant funds.

(3) The provisions of this bill would be repealed January 1, 1988, or when the Director of Finance finds that the federal Community Services Block Grant funding to the state has been terminated and files a report of that finding with each house of the Legislature, whichever is earlier, unless a later enacted statute, which is chaptered before the earlier of the two dates, deletes or extends such date

(4) The bill would take effect immediately as an urgency statute.

Preprint A.B. No. 14—Norman Waters.

An act to amend Section 1153 of the Labor Code, relating to agricultural labor relations.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 14, as proposed, N. Waters. Agricultural labor relations.

Existing agricultural labor relations law makes it an unfair labor practice for an agricultural employer, or for a labor organization to cause or attempt to cause an employer, to encourage or discourage "membership" in any labor organization by discrimination in regard to the hiring, tenure, or any term or condition of employment, but does permit an agricultural employer to make an agreement with a labor organization requiring, as a condition of employment, "membership" in the labor organization within a specified time period, if the labor organization is the exclusive representative of the employees in the appropriate unit covered by the agreement. Existing law also makes it an unfair labor practice for a labor organization to discriminate against an employee with respect to whom "membership" in the organization has been denied or terminated for reasons other than failure to satisfy specified "membership" requirements. For these purposes, "membership" in a labor organization means the satisfaction of all reasonable terms and conditions usually applicable to other members in good standing and membership may not be denied or terminated except in compliance with a constitution or bylaws containing certain substantive and procedural rights.

This bill would change the requirements for "membership" in a labor organization and in so doing would provide that an agricultural employer shall not justify discrimination against an employee, which would otherwise constitute an unfair labor practice, for nonmembership in a labor organization if the employer has reasonable grounds for believing either that membership was not available to the employee on the same terms and conditions generally applicable to other members or that membership was denied or terminated for reasons other than failure of the employee to tender uniformly required periodic dues and initiation fees. These changes would also be applicable to labor organizations.

PREPRINT ASSEMBLY CONSTITUTIONAL AMENDMENTS—1981–82 SESSION

Preprint A.C.A. No. 1—Bane.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending Section 19 of Article IV thereof, relating to a state lottery.

LEGISLATIVE COUNSEL'S DIGEST

Preprint ACA 1, as proposed, Bane. State lottery.

The California Constitution presently provides that the Legislature has no power to authorize lotteries and shall prohibit the sale of lottery tickets in the state. However, the Legislature is authorized to allow cities and counties to provide for bingo games, but only for charitable purposes.

This measure would also permit the Legislature to provide for a state-operated lottery in which 50% of the net proceeds are allocated for the benefit of public education and 50% for programs which benefit senior citizens.

Vote: ⅔. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
