Every person licensed to practice dentistry in this state within six months prior to the passage of this act whose license is not at the time of such passage registered under the provisions of the law under which the same was issued shall register the same as herein provided within six (6) months after this act becomes effective. Said person need not personally register before the county clerk but may make the said affidavit before any officer authorized by law to administer oaths, and which affidavit together with the other information and license, or the certified copy therefor as afore provided, shall be forwarded to the said county clerk, who shall act in the same manner as if the party was personally present. The

county clerk shall preserve such affidavits in a bound volume and shall issue to every licentiate duly registering and making such affidavit, a certificate of registration in his county, which shall include a transcript of the registration. Such transcript and license may be offered as primary evidence in all courts of the facts therein stated. Any county clerk who knowingly shall make or suffer to be made upon the register of dentists kept in his office any entry other than that provided for in this act, shall be liable to a penalty of fifty dollars, to be recovered by and paid to the said board of dental examiners in a suit in any court having jurisdiction. Any failure, neglect or refusal on the part of any person holding such license to register the same with the clerk of said county as above directed for a period of six months after the issuance thereof shall *ipso facto* work a forfeiture of his or her license, and it shall not be restored except upon the written application and payment to said board of twenty-five dollars. [Approved May 22 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. Section one thousand five hundred and forty-three of the Political Code of the State of California is hereby amended to read as follows:

Duties of  
superintendent  
of  
schools.

1543. It is the duty of the superintendent of schools of each county:

*First*—To superintend the schools of his county.

Apportion-  
ment of  
school  
moneys.

*Second*—*a.* To apportion the school moneys to each school district as provided in section one thousand eight hundred and fifty-eight of this code, at least four times a year. For this purpose he may require of the county auditor a report of the amount of all school moneys on hand to the credit of the several school funds of the county not already apportioned; and it is hereby made the duty of the auditor to furnish such report when so required; and whenever an excess of money has accumulated to the credit of a school district beyond a reasonable amount necessary to maintain a school for eight months in such district for the year, the superintendent of schools shall place said excess of money to the credit of the unapportioned school funds of the county, and shall apportion the same as other school funds are apportioned.

Procedure if  
attendance  
is five or less

*b.* If in any school district there has been an average daily attendance of only five or a number of pupils less than five during the whole school year, the superintendent shall, after giving due notice to all parties interested by sending notices by registered mail to each of the trustees, or, by causing notices to be posted in three public places in the district, one of which shall be at the door of the schoolhouse, for not less than ten days, report the fact to the board of supervisors at their first meeting in August. The board of supervisors shall investigate the matter, and, if in its judgment it would be better to temporarily suspend the school district they shall immediately so suspend it. If the board of supervisors find that there are other school facilities or that there is no reasonable chance to re-establish the district they shall declare the district lapsed, and shall attach the territory thereof to one or more of the adjoining districts in such manner as may be by them considered most convenient for the residence of said lapsed district.

Re-establish-  
ment of  
suspended  
school.

*c.* At the meeting of the board of supervisors in the months of July, August, or September, the board of supervisors may re-establish a suspended school district upon proper showing of the people or board of school trustees of the district that

there are eight or more pupils of the district ready to attend school.

*d.* After a district has been suspended, the county superintendent shall at the time of making the apportionment of school moneys as provided in section one thousand eight hundred fifty-eight of the Political Code, set aside for such suspended district, the sum of five hundred and fifty dollars. This amount, with any unexpended balance to the credit of the district, shall be held for the use of the suspended district, in case it should be re-established, and so much of it as may be needed to keep the property of the suspended district insured may be expended by the trustees in the same manner as if the district were not suspended. But no subsequent apportionment shall be made to a suspended district, until it is re-established as provided in subdivision three of this section.

Money set aside for suspended district

*e.* Trustees shall be elected or appointed in suspended districts just as if they were not suspended.

*f.* The superintendent may at any time in the month of July of any year give notice as provided in subdivision two of this section, to any suspended district which has not maintained school during the year past, and at the first meeting of the board of supervisors in August ask that such district be declared lapsed.

Lapsing of suspended district

*g.* A suspended district may be merged with one or more adjoining districts whenever a petition signed by the majority of heads of families residing in each of said districts shall be presented to the board of supervisors. Such petition must be filed with the county superintendent and by him presented to the board of supervisors with such suggestions as he thinks best.

Merging

*h.* When any district has been declared lapsed, the board of supervisors shall sell or otherwise dispose of the property thereto belonging, and shall place the proceeds of such sale to the credit of the district. Thereupon the superintendent shall determine all outstanding indebtedness of said lapsed district, and shall draw his requisition upon the county auditor in payment thereof. Any balance of moneys remaining to the credit of said lapsed district after all indebtedness has been paid shall be transferred by the superintendent to the credit of the district into which the said lapsed district has been merged. If the lapsed district has been attached to more than one of the adjoining districts, the superintendent must apportion the moneys remaining to the credit of the lapsed district to the several districts pro rata according to the average daily attendance in the respective districts as shown by the teacher's report for the preceding school year. Should there not be sufficient funds to the credit of the lapsed district to liquidate all of the outstanding indebtedness thereof, the superintendent shall draw his requisition upon the county auditor pro rata for the several claims.

*The people of the State of California do enact as follows:*

Weeds may be declared public nuisance.

SEC. 2. Whenever any such weeds are growing upon any street or sidewalk or private property the legislative body of any municipality may, by resolution, declare the same to be a public nuisance. Said resolution shall refer to the street by the name under which it is commonly known, and describe the property upon which or in front of which said nuisance exists by giving the lot and block number of the same according to the official map, or the assessment map of such municipality used for describing property on tax bills; and no other description of said property shall be required. Any number of streets, sidewalks or parcels of private property, may be included in one and the same resolution. Resolution.

SEC. 3. After the passage of said resolution, the street superintendent shall cause to be conspicuously posted in front of the property on which or in front of which such nuisance exists, at not more than one hundred feet in distance apart, but not less than three in all, notices headed "notice to destroy weeds," such heading to be in words not less than one inch in height and substantially in the following form: Notice posted

Reference is hereby made to said resolution for further particulars.

All property owners having any objections to the proposed removal of such weeds are hereby notified to attend a meeting of the (name of the legislative body) of said (city or town) to be held (give date), when their objections will be heard and given due consideration.

SEC. 4. At the time stated in the notices, the legislative body of the municipality shall hear and consider all objections or protests, if any, to the proposed removal of weeds, and may continue the hearing from time to time. Upon the conclusion of said hearing the legislative body, by motion or resolution shall allow or overrule any or all objections, whereupon the legislative body shall be deemed to have acquired jurisdiction to proceed and perform the work of removal, and the decision of the legislative body on the matter shall be deemed final and conclusive.

Order to

SEC. 5. After final action has been taken by the legislative body on the disposition of any protests or objections, or in case no protests or objections have been received, the legislative body of the municipality, by motion or resolution, shall order the street superintendent to abate said nuisance by having the weeds referred to removed, and he and his assistants or deputies are hereby expressly authorized to enter upon private property for that purpose. The street superintendent shall keep an account of the cost of abating such nuisance in front of or on each separate lot or parcel of land where the work is done by him or his deputies, and shall render an itemized report in writing to the legislative body of the municipality showing the cost of removing such weeds on each separate lot, or in front thereof, or both; *provided*, that before said report is submitted to said legislative body, copy of the same shall be posted for at least three days prior thereto on or near the chamber door of said legislative body, together with a notice of the time when said report shall be submitted to the legislative body for confirmation.

Costs to  
constitute  
special  
assessments.

SEC. 7. At the time fixed for receiving and considering said report, the legislative body shall hear the same, together with any objections which may be raised by any of the property owners liable to be assessed for the work of abating said nuisance and thereupon make such modifications in the report as they deem necessary, after which by motion or resolution said report shall be confirmed. The amounts of the cost for abating such

nuisance in front of or upon the various parcels of land mentioned in said report shall constitute special assessments against the respective parcels of land and as thus made and confirmed shall constitute a lien on said property for the amount of such assessments, respectively. After confirmation of said report, a copy shall be turned over to the assessor and the tax collector of such municipality, whereupon it shall be the duty of said officers to add the amounts of the respective assessments to the next regular bills for taxes levied against the said respective lots and parcels of land for municipal purposes, and thereafter said amounts shall be collected at the same time and in the same manner as ordinary municipal taxes are collected, and shall be subject to the same penalties and the same procedure under foreclosure and sale in case of delinquency as provided for ordinary municipal taxes.

1239 The board of election, in determining the place of residence of any person, must be governed by the following rules, as far as they are applicable:

Rules for determining place of residence

1. That place must be considered and held to be the residence of a person in which his habitation is fixed, and to which, whenever he is absent, he has the intention of returning;

2. A person must not be held to have gained or lost residence by reason of his presence or absence from a place while employed in the service of the United States, or of this state, nor while engaged in navigation, nor while a student at any institution of learning, nor while kept in an almshouse, asylum, or prison;

3. A person must not be considered to have lost his residence who leaves his home to go into another state, or precinct in this state, for temporary purposes merely, with the intention of returning;

4. A person must not be considered to have gained a residence in any precinct into which he comes for temporary purposes merely, without the intention of making such precinct his home. Any person registered in one precinct, and removing therefrom to another precinct in the same county within thirty days of an election, shall be deemed to be a resident of the precinct from which he so removed until after such election;

[Approved May 27, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. A public utility district may be incorporated and managed as herein provided, and may exercise the powers herein expressly granted. Such a district may include municipalities only, or both incorporated and unincorporated territory, but no municipal corporations shall be divided in the formation of such a district.

Two or more  
municipal-  
ities may

SEC. 2. Two or more municipalities may join in the formation of such a district. When any two or more municipalities desire to organize such a public utility district, as herein provided for, the legislative body of each such municipal corporation, at a regular meeting of such body, shall pass an ordinance declaring that the public interest requires the incorporation by such municipality, jointly with the other municipality or municipalities, naming the same, of a public utility district under this act, comprising its territory with that of

the other or others, and stating the name of the proposed district, which shall include the words "public utility district." Such ordinance shall also provide for the submission of the proposition by the council or other legislative body of the city to the qualified electors thereof at a special municipal election.

SEC. 3. Whenever the people of two or more municipal corporations shall desire to organize such a public utility district, and shall present a petition, signed by qualified electors of each such municipality severally and respectively equal in number to fifteen per centum of all the votes cast within each such municipal corporation for all the candidates for governor at the last preceding general election, at which a governor was elected, to the city council or other legislative body of their respective municipalities, it shall be the duty of the clerk of the city council or other legislative body of each such municipality to immediately proceed to examine and verify the signatures to such petition and to certify the result of such examination to such city council or other legislative body.

Nothing herein contained shall be so construed as to prevent such board of supervisors from responding to such petition by proceeding to pass at any regular meeting an ordinance declaring that the public interest requires the incorporation by such unincorporated territory jointly with other like territory and with municipalities, naming and describing the same, of a public utility district under this act, comprising such unincorporated territory with that of said cities and other unincorporated territory, if any, and stating the name of the proposed district, which shall include the words "public utility district." Such ordinance, if enacted, shall provide for the submission of the proposition by such board of supervisors to the electors of such unincorporated territory at a special election.

Every petition for the formation of a public utility district shall set forth the boundaries of the proposed district, and the names of the municipalities included therein, and the name of the proposed district, which shall include the words "public utility district." If such proposed district includes only municipalities, it shall be sufficient to state the names thereof without further setting forth the boundaries of the district. Every such petition shall also contain a prayer that a public utility district comprising all of the proposed territory, or such portions thereof as are designated in the petitions as essential to its formation as hereinabove provided, be incorporated under the provisions of this act. Such appointments shall be made upon written application of not less than five (5) nor more than ten (10) qualified electors of any territorial unit or units of the proposed district, or of the district formed hereunder, as the case may be. The said application shall set forth that the signers desire the appointment of the person whose name and address is given therein to be a verification deputy for the purpose of taking the oaths of signers of petitions (or certificates) in the matter of -----.

revenues

When the cost of such public utility or utilities, or any of them, can be paid out of the revenues of the district derived from the operation of its public utilities, in addition to the other necessary expenses of the district, the board of directors shall, as soon after the filing of the plans and estimates of the cost thereof as it may deem for the best interests of the district, enter into such negotiations and contracts as may be necessary for the acquisition, construction or completion of the same; *provided, however,* that in such case the ordinance declaring

the determination of the board of directors to acquire, construct or complete such utility or utilities, and published as hereinabove provided, shall state the proposed cost of such acquisition, construction or completion, and the proposed method and manner of payment therefor; *and provided, further*, that no such ordinance, in case it involves the expenditure of more than one hundred thousand dollars, shall become effective before thirty days from and after its final passage.

If, however, the cost of such public utilities, or any of them, shall so far exceed the revenues of the district derived from the operation of its public utilities, in addition to the other necessary expenses of the district, as to render it necessary to incur a district bonded indebtedness therefor, the board of directors shall, at a regular meeting held within sixty days after the filing of the plans and estimates of cost thereof, by ordinance, as hereinafter in subdivision six of this section provided, submit the proposition or propositions to the electors of the district at a general district election or at a special district election called for the purpose. Such propositions shall specify the amount of bonded indebtedness necessary for the acquisition, construction or completion of the public utility or utilities therein named, and the rate of interest thereon, and the board of directors shall submit to the electors the question or questions whether such bonded indebtedness shall be incurred. The affirmative vote of at least two-thirds of the electors voting at such election upon the proposition or propositions shall be necessary to warrant the issuance of district bonds for the acquisition, construction, or completion of such public utilities, or any of them.

If cost exceeds revenue.

(6) Whenever under the provisions of section thirty-six of this act, of which this subdivision is a part, a special election is called for the purpose of submitting to the electors a proposition or propositions for the incurring of a bonded indebtedness, the board of directors shall pass an ordinance calling such election.

At such special election all propositions formulated under the provisions of this section may be submitted to the electors of the district, but no question other than such propositions shall be submitted at such special election.

The ordinance calling such election shall set forth the purposes for which it is called, the estimated cost of each utility proposed for acquisition, construction or completion by the district, the proposed method and manner of payment thereof, and shall fix a day on which such special election shall be held, the manner of holding such election, and the manner of voting for or against each proposition thereat submitted to the electors; and if it shall be necessary to incur a district indebtedness for any utility or utilities therein proposed, the ordinance shall specify the objects and purposes for which such indebtedness is proposed to be incurred, and that bonds of the district shall issue for the payment of the cost of such

Any such bonds shall have the same force, value, and use as bonds issued by a municipality of this state.

The proceeds from the sale of bonds shall be placed in the treasury to the credit of the proper fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issue until such objects are fully accomplished; after which, if any surplus remains, such surplus may be transferred to the general fund; except that if such surplus exceeds the sum of five thousand dollars, then such surplus and the whole thereof shall be transferred to the appropriate fund or funds to pay interest and maintain the sinking fund, or provide for the retirement of the bonded indebtedness in connection with which such surplus remains.

Proceeds from sale

SECTION 1. Section five hundred and eighty-five of the Code of Civil Procedure of the State of California is hereby amended to read as follows:

Judgment if  
defendant  
fails to  
answer.

585 Judgment may be had, if the defendant fails to answer the complaint, as follows:

1. In an action arising upon contract for the recovery of money or damages only, if the defendant has been personally served and no answer has been filed with the clerk of the court within the time specified in the summons, or such further time as may have been granted, the clerk, upon application of the plaintiff, must enter the default of the defendant, and immediately thereafter enter judgment for the amount demanded in the complaint, including the costs, against the defendant, or against one or more of several defendants, in the cases provided for in section four hundred and fourteen.

2. In other actions, if the defendant has been personally served and no answer has been filed with the clerk of the court within the time specified in the summons, or such further time as may have been granted, the clerk must enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment, or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved, by a reference as above provided.

3. In all actions where the service of the summons was by publication, the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer has been filed, apply for judgment; and the court must thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident of the state, must require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to any one for his use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he is entitled to recover; *provided*, that, in all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription, and in all cases where the plaintiff bases his claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering such judgment; *provided, further, however*, that in actions involving merely the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will or succession but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

Enforcement	It shall be the duty of the department of health of incorporated towns, incorporated cities and cities and counties to enforce all the provisions of this act; <i>provided, however</i> , that incorporated towns, incorporated cities, cities and counties in the State of California shall have and are hereby given authority to designate and charge by ordinance, any other department than the department of health with the enforcement of this act or any portion thereof; <i>provided</i> , that the department of health of incorporated towns, incorporated cities and cities and counties shall always have supervision over and shall enforce the provisions of this act relating to sanitation, ventilation and health in all tenement buildings not in course of actual construction or alteration, and shall issue the permit hereinafter mentioned, entitled "Permit of occupancy upon completion of construction." In the event that an incorporated town, incorporated city or city and county shall by municipal ordinance designate another and different department than the department of health to enforce the provisions of this act or any of them which by

the provisions of this act may by such ordinance be transferred to the control of another department than the department of health all powers not so transferred shall be and remain in the department of health; *provided, however*, that the commission of immigration and housing of California shall enforce the provisions of this act which do not deal with actual construction of tenement houses in all incorporated towns, incorporated cities, cities and counties in the State of California whenever said commission finds or discovers a violation or violations of the provisions of this act and notifies the local department of health in writing of such violation, or violations, and said local department of health does not, within thirty days thereafter, enforce this act in the instances specified in said written notice; *provided, however*, that the said commission of immigration and housing of California shall enforce the act only in the instances specified in said written notice.

Sec. 2. For the purpose of this act certain words and phrases are defined as follows: Definitions

A tenement house is any house or building, or portion thereof, of more than one story, which is designed, built, rented, leased, let or hired out, to be occupied or is occupied as the home or residence of four families or more living independently of each other, and doing their cooking upon the premises, or by three families so living and cooking, and having a common right in the halls, stairways, yards, water-closets, or some or any of them. "Tenement house"

*Provided*, that a building of not more than two stories in height, which is designed, built, rented, leased, let or hired out, to be occupied or is occupied as the home or residence of not more than four families living independently of each other, and so constructed that each section is arranged to be occupied as the home or residence of a separate family and each section having an entirely independent and separate entrance and stairway from the street or from an outside vestibule on the level of the first floor of said building and with no room, hall, bath room, water-closet, kitchen or other convenience used in common by two or more families occupying said building, shall not come within the definition of a tenement house contained in this act.

An "apartment" in a tenement house is a room or a suite of rooms which is occupied, or is intended or designed to be occupied as a family domicile. "Apartment"

A "yard" is an open, unoccupied space on the same lot with a tenement house, situated in the rear of said tenement house; *provided*, that in case of a corner lot the yard may be placed in the rear of either frontage. "Yard."

A "court" is an open, unoccupied space, other than a yard, on the same lot with a tenement house. A court not extending to the street or yard is an inner court. A court extending to the street or yard and bounded on three sides by a tenement house on the same lot is an outer court. If it extends to the "Court"

street it is a street court. If it extends to the yard it is a yard court. If it extends from the street to the yard it is a street-to-yard court. A court bounded on one side and both ends by a tenement house and on the remaining side by a lot line is a "lot-line" court.

A "court" bounded on one side and one end by a tenement house and on the remaining side by lot line and the remaining end open to the street or yard is a lot line outer court.

"Shaft." A "shaft" includes exterior and interior shafts, whether for air, light, elevator, dumbwaiter, or any other purpose. A vent shaft is one used solely to ventilate or light a water-closet compartment or bathroom.

"Public hall." A "public hall" is a hall, corridor or passageway not within an apartment.

"Private hall." A "private hall" is a hall, passageway, corridor or vestibule within an apartment.

"Stair hall." A "stair hall" includes the stairs, stair landings and those portions of the public halls through which it is necessary to pass in going between the entrance hall and roof.

"Basement." A "basement" is a story partly below the level of the curb, the ceiling of which is not less than seven feet above the curb level.

"Cellar." A "cellar" is any story partly or wholly below the level of the curb, the ceiling of which is less than seven feet above the curb level.

"Fireproof tenement house." A fireproof tenement house is one the walls of which are constructed of brick, stone, iron or other incombustible material, and in which there are no wooden beams or lintels, and in which the floors, roofs, stair halls and public halls are built entirely of brick, stone, iron, or other hard incombustible material, and in which no woodwork or other inflammable material is used in any of the partitions, furrings or ceilings. But this definition shall not be construed as prohibiting elsewhere than in the stair halls or entrance halls, the use of wooden flooring on top of the fireproof floors or the use of wooden sleepers, nor as prohibiting wooden handrails, and hardwood treads.

"Wooden tenement." A "wooden tenement" is a tenement of which the exterior walls or a portion thereof are of wood. Wooden buildings covered with metal, plaster, terra cotta, or veneered with masonry are wooden structures.

Length and width. For the purpose of this act the greatest horizontal linear dimension of any building shall be its length and the next greatest horizontal linear dimension its width.

Height. The height of buildings shall be measured from the curb level at the center of the main front of the building to the top of the highest point of the roof beams in case of flat roofs, and for high-pitched roofs the average height of the gable shall be taken as the highest point of the building.

For a building erected upon a street corner, the measurements shall be taken from the curb level opposite the center of either front.

When the ground upon which the walls of a structure are built is above the street level, the average level for the ground adjoining the walls may be taken instead of the curb level for the height of such structure.

Sec. 3. A building not erected for use as a tenement house, if hereafter altered or converted to such use, shall thereupon become subject to all of the provisions of this act affecting tenement houses hereafter erected. Buildings altered subject to act

Sec. 4. No tenement house shall at any time be altered so as to be in violation of any provision of this act. If any tenement house or any part thereof be erected, altered or occupied contrary to law, such tenement house shall be deemed an unlawful structure, and the department of health or the department charged with the enforcement of this act may cause such building to be vacated, and such building shall not again be occupied until it or its occupation, as the case may be, has been made to conform with the law. Unlawful structures.

Sec. 5. No tenement house hereafter erected shall occupy more than ninety per cent of a corner lot or more than seventy-five per cent of any other lot, except as otherwise provided in this act; *provided*, that the space occupied by open iron fire escapes erected and constructed according to law shall not be deemed a part of the lot occupied, but that the space occupied by fireproof stairs, and by vent shafts thirty-two square feet or less in area, shall be considered as part of the lot occupied. For the purposes of this section the measurements may be taken at the level of the second tier of beams (the second floor level), except where rooms on the ground floor are to be used for sleeping apartments. Area of lot covered

Sec. 6. By corner lot is meant a lot situated at the junction of two streets, or of a street and public alley or other public thoroughfare or public park, not less than sixteen feet in width. Any portion of the width of such lot distant more than fifty feet from such junction shall not be regarded as part of a corner lot, but shall be subject to the provisions of this act respecting other than corner lots. Where, in any corner lot, the two frontages are of unequal length, either street frontage may be taken as the width of the lot. Street frontage alone and not alley frontage shall be considered in determining such lesser frontage. Corner lot

Sec. 7. The height of no tenement house hereafter erected shall by more than one-half exceed the width of the widest street upon which it stands. Limit of height

Sec. 8. Behind every tenement house hereafter erected, there shall be a yard extending across the entire width of the lot and at every point open from the ground to the sky, unobstructed, except that open iron fire escapes may project not over four feet from the rear line of the house. The depth of said yard, measured from the extreme rear wall of the house toward the rear line of the lot, shall be as provided in the following sections. Yard behind each house.

Depth of  
yard, lot not  
on corner.

Sec. 9. Except upon a corner lot, as provided in section ten, or upon a lot running through from street to street or street to public alley, or public park as provided in section eleven, the depth of the yard behind every tenement house hereafter erected sixty feet in height shall not be less than twelve feet in every part. Said yard shall be increased in depth two feet for every additional twelve feet in height of the building or fraction thereof, and may be decreased in depth one foot for every twelve feet in height of the building less than sixty feet; but it shall never be less than ten feet in depth in every part.

In the event that two tenement houses or a tenement house and another structure of more than one story in height are constructed or erected upon the same lot, then and in that event the full yard space as set forth in this section shall be provided for each of such buildings. In no case shall two buildings of more than one story in height abut upon the yard of a width as herein provided for a single tenement house.

To determine the depth of yard as described in this section, the measurement shall be taken of the rear wall of such tenement house abutting on said yard and from the top of such wall to the level of the floor of the yard at such rear wall.

Depth of  
yard, lot on  
corner.

Sec. 10. The depth of the yard behind every tenement house hereafter erected upon a corner lot shall be not less than ten feet in every part and at every point open and unobstructed from the level of the second tier of beams (the second floor level); *provided*, that where any such lot is less than one hundred feet in depth the depth of the yard be not less than ten per centum of the greatest depth of such lot, but shall never be less than five feet in every part, nor less than the minimum width of an outer court on the lot line as prescribed by this act. If rooms on the ground floor are used as sleeping apartments the yard shall be taken from the ground up. When a corner lot is more than fifty feet in width, the yard for that portion in excess of fifty feet shall conform to the provisions of section nine of this act.

One-half of  
alley  
included.

Sec. 11. Whenever a tenement house is hereafter erected upon a lot which runs through from one street to another street or public alley or public park and said lot is not more than one hundred and fifty feet in depth one-half of the width of the street or alley upon which the yard abuts may be included in the depth of the yard required by sections nine and ten, but said one-half not to exceed in width the depth of the yard for such lot provided in sections nine and ten; *provided*, that on such lot no tenement house hereafter erected shall occupy more than ninety per centum of a corner lot, or more than seventy-five per centum of any other lot.

One-half the width of the rear street or public alley or public park, immediately behind said lot, may be included in the portion of lot that is left uncovered in computing the percentage; *provided*, that whenever said one-half the width of said rear street, or public alley or public park equals or exceeds the

depth of yard required in section ten, if the lot be a corner lot, or in section nine, if the lot be not a corner lot, only such portion of such street, or public alley or public park may be included in computing the percentage to be left uncovered as will equal the depth of yard required for said lot.

When one-half the width of such rear street, or public alley or public park is less than the depth of the yard required for such lot by the provisions of sections nine and ten it may be included in computing the percentage of the lot to remain uncovered.

If a lot is surrounded upon its four sides by streets or streets and public alleys twenty feet or more wide or public parks over twenty-four feet wide, the provisions relating to yards in sections eight, nine, ten and eleven need not be complied with; *provided*, that the tenement house to be constructed on such lot does not occupy more than seventy-five per centum of the lot and contains an outer court at least eighty feet deep and of a width twice as great as the depth prescribed for yards in section nine, and open to one of the surrounding streets, public alleys, or public parks; *provided*, that said outer court shall not be required to be of a depth which shall leave less than fifty feet between the rear line of said court and the line of said lot immediately behind said court.

Sec. 12. No court or vent shaft of a tenement house hereafter erected shall be covered by a roof or skylight, but every such vent shaft or court shall be at every point open from at least two feet above the floor of the lowest apartment abutting upon such vent shaft or court to the sky, unobstructed, except that open iron fire escapes, as required by law, or by ordinances or regulations of incorporated towns, incorporated cities or cities and counties, may project into the court, but not more than four feet from the wall of the house. All courts in tenement houses hereafter erected shall conform to the requirements of the following sections.

Except that recesses may be built on the street or yard or a court, provided the depth of same is no greater than the width and that their area be not counted in computing the area of the court.

Sec. 13. The outer courts of all tenement houses hereafter erected shall have not less than the following minimum widths nor more than the following maximum lengths:

Building	Least width	Maximum length

The length of outer courts shall not be more than the maximum lengths given in the above table unless six inches be added to the minimum widths for each additional five feet or fraction thereof in length. The lot-line outer courts and street-to-yard courts shall have the same minimum width as outer courts but are not governed by the provision in this section regarding maximum lengths.

The commission may, in its discretion, order the amount of such claim as fixed and allowed by it paid directly to the person entitled, either in a lump sum or in installments.

Recovery  
from  
immediate  
employer.

(b) The person entitled to such compensation shall have the right to recover the same directly from his immediate employer, and in addition thereto the right to enforce in his own name, in the manner provided by this act, the liability for compensation imposed upon other persons by this section, either by making such other persons parties to the original application or by filing a separate application; *provided, however*, that payment in whole or in part of such compensation by either the immediate employer or other person shall, to the extent of such payment, be a bar to recovery against the other by any person entitled to such compensation.

Recovery  
from person  
primarily  
responsible

(c) When any person, other than the immediate employer, shall have paid any compensation for which he would not have been liable independently of this section, he shall, unless he caused the injury, be entitled to recover the full amount so paid from the person primarily liable therefor.

(d) The liability imposed by this section upon such principal, general contractor and intermediate contractor shall be subject to the following limitations: Limitation of liability of principal.

(1) Such liability shall exist only in cases where the injury occurred on or in or about the premises on which the principal, general contractor or intermediate contractor has undertaken to execute or to have executed any work, or when such premises or work are otherwise under his control or management.

(2) Such liability shall not exist in the event that the immediate employer, or other person primarily liable for the compensation shall, previous to the suffering of such injury, have taken out, and maintained in full force and effect, compensation insurance with any insurance carrier, covering his full liability for compensation to the injured person or his dependents.

(3) The commission may, in its discretion, order that execution against the principal, general contractor and any intermediate contractor, be stayed until execution against the immediate employer shall be returned unsatisfied.

SEC. 15. Section thirty-two of said workmen's compensation, insurance and safety act, approved May 26, 1913, is hereby amended to read as follows:

Sec. 32. (a) No contract, rule or regulation shall exempt the employer from liability for the compensation fixed by this act, but nothing in this act contained shall be construed as impairing the right of the parties interested to settle, subject to the provisions herein contained, any liability which may be claimed to exist under this act on account of such injury or death, or as conferring upon the dependents of any injured employee any interest which such employee may not divert by such settlement or for which he, or his estate, shall, in the event of such settlement by him, be accountable to such dependents or any of them. No exemption by contract.

(b) The compensation herein provided shall be the measure of the responsibility which the employer has assumed for injuries or death that may occur to employees in his employment when subject to the provisions of this act, and no release of liability or settlement agreement shall be valid unless it provides for the payment of full compensation in accordance with the provisions of this act or unless it shall be approved by the commission. Measure of responsibility.

(c) A copy of any such release or settlement agreement signed by both parties shall forthwith be filed with the commission. When such release or settlement agreement is filed with the commission and approved by it, the commission may of its own motion, or on the application of either party, without notice, enter its award based upon such release or settlement agreement. Release to be filed with commission

In case of death there shall also be stated in such release or settlement agreement the date of death, the name of the widow, if any, the names and ages of all children, if any, and the names of all other dependents, if any, and whether such dependents be total or partial, and the amount paid or to be paid as a death benefit and to whom such payment is to be made.

SEC. 16. Section thirty-three of said workmen's compensation, insurance and safety act, approved May 26, 1913, is hereby amended to read as follows:

Commission  
may  
commute  
compensa-  
tion to  
lump sum.

Sec. 33. (a) At the time of making its award or at any time thereafter the commission on its own motion, either with or without notice, or upon application of either party with due notice to the other, may in its discretion, commute the compensation payable under this act to a lump sum, if it appears that such commutation is necessary for the protection of the person entitled thereto, or for the best interest of either party, or that it will avoid undue expense or hardship to either party, or that the employer has sold or otherwise disposed of the greater part of his assets, or is about to do so, or that the employer is not a resident of this state, and the commission may order such compensation paid forthwith or at some future time.

Rules  
governing  
commuta-  
tion

(b) The amount of the commuted payment shall be determined in accordance with the following provisions:

(1) If the injury causes temporary disability, the commission shall estimate the probable duration thereof and the probable amount of the temporary disability indemnity payable therefor in accordance with the provisions of section fifteen hereof and shall fix the lump sum payment at such amount so determined.

(2) If the injury causes permanent disability or death, the commission shall fix the total amount of the permanent disability indemnity or death benefit payable therefor in accordance with the provisions of said section fifteen and shall estimate the present value thereof, assuming interest at the rate of six per cent per annum, disregarding the probability of the beneficiary's death in all cases except where the percentage of permanent disability is such as to entitle the beneficiary to a life pension, and then taking into consideration the probability of the beneficiary's death only in estimating the present value of such life pension.

Payment  
direct or  
deposit in  
trust

(c) The commission in its discretion may order the lump sum payment, determined as hereinbefore provided, paid directly to the injured employee or to his dependents, or deposited with any savings bank or trust company authorized to transact business in this state, that will agree to accept the

same as a deposit bearing interest at not less than four per cent per annum, or the commission may order the same deposited with the state compensation insurance fund. Any such amount so deposited, together with all interest thereon, shall thereafter be held in trust for the injured employee, or in the event of his death, for his dependents, who shall have no further recourse against the employer. Payments from said fund, when so deposited, shall be made by the trustee only in the same amounts and at the same times as fixed by the order of the commission and until said fund and interest thereon shall be exhausted. In the appointment of the trustee preference shall be given, in the discretion of the commission, to the choice of the injured employee or his dependents. Upon the making of such payment, the employer shall present to the commission a proper receipt evidencing the same, executed either by the injured employee or his dependents, or by the trustee, and the commission shall thereupon issue its certificate in proper form evidencing the same, and such certificate, upon filing with the clerk of the superior court in which any judgment upon an award may have been entered, shall operate as a satisfaction of said award and shall fully discharge the employer from any further liability on account thereof.

Payments from trust fund.

SEC. 17. Section thirty-four of said workmen's compensation, insurance and safety act, approved May 26, 1913, is hereby amended to read as follows:

Mutual insurance companies not affected

(b) Liability for compensation shall not be reduced or affected by any insurance, contribution, or other benefit whatsoever due to or received by the person entitled to such compensation, except as otherwise provided by this act, and the person so entitled shall, irrespective of any insurance or other contract, except as otherwise provided in this act, have the right to recover such compensation directly from the employer, and in addition thereto, the right to enforce in his own name, in the manner provided in this act, either by making the insurance carrier a party to the original application or by filing a separate application, the liability of any insurance carrier, which may, in whole or in part, have insured against liability

for such compensation; *provided, however*, that payment in whole or in part of such compensation by either the employer or the insurance company shall, to the extent thereof, be a bar to recovery against the other of the amount so paid; *and provided, further*, that as between the employer and the insurance company, payment by either directly to the employee, or to the person entitled to compensation, shall be subject to the conditions of the insurance contract between them.

Insurance carrier liable to employee

(c) Every contract insuring against liability for compensation, or insurance policy evidencing the same, must contain a clause to the effect that the insurance carrier shall be directly and primarily liable to the employee and, in the event of his death, to his dependents, to pay the compensation, if any, for which the employer is liable; that, as between the employee and the insurance carrier, the notice to or knowledge of the occurrence of the injury on the part of the employer shall be deemed notice or knowledge, as the case may be, on the part of the insurance carrier; that jurisdiction of the employer shall, for the purpose of this act, be jurisdiction of the insurance carrier and that the insurance carrier shall in all things be bound by and subject to the orders, findings, decisions or awards rendered against the employer under the provisions of this act.

Employee has first lien on amount due employer

(d) Such policy must also provide that the employee shall have a first lien upon any amount which shall become owing on account of such policy to the employer from the insurance carrier and that in case of the legal incapacity or inability of the employer to receive the said amount and pay it over to the employee or his dependents, the said insurance carrier may and shall pay the same directly to the said employee or his dependents, thereby discharging to the extent of such payment the obligations of the employer to the employee, and such policy shall not contain any provisions relieving the insurance carrier from payment when the employer becomes insolvent or is discharged in bankruptcy, or otherwise, during the period that the policy is in operation or the compensation remains owing.

Insurance carrier may relieve employer of liability.

(e) 1. If the employer shall be insured against liability for compensation with any insurance carrier, and if after the suffering of any injury such insurance carrier shall serve or cause to be served upon any person claiming compensation against such employer a notice that it has assumed and agreed to pay the compensation, if any, for which the employer is liable, and shall file a copy of such notice with the commission, such employer shall thereupon be relieved from liability for compensation to such claimant and the insurance carrier shall, without notice, be substituted in place of the employer in any proceeding theretofore or thereafter instituted by such person to recover such compensation, and the employer shall be dismissed therefrom. Such proceeding shall not abate on account of such substitution but shall be continued against such insurance carrier.

2. If at the time of the suffering of an injury for which compensation is claimed, or may be claimed, the employer shall be insured against liability for the full amount of compensation payable, or that may become payable, the employer may serve or cause to be served upon any person claiming compensation on account of the suffering of such injury and upon the insurance carrier a notice that the insurance carrier has in its policy contract or otherwise, assumed and agreed to pay the compensation, if any, for which the employer is liable, and may file a copy of such notice with the commission. If it shall hereafter appear to the satisfaction of the commission that the insurance carrier has, through the issuance of its contract of insurance or otherwise, assumed such liability for compensation, such employer shall thereupon be relieved from liability for compensation to such claimant and the insurance carrier shall, after notice, be substituted in place of the employer in any proceeding theretofore or thereafter instituted by such person to recover such compensation, and the employer shall be dismissed therefrom. Such proceeding shall not abate on account of such substitution, but shall be continued against such insurance carrier.

Notice of employer of insurance carrier's liability

(f) Where any employer is insured against liability for compensation with any insurance carrier and such insurance carrier shall have paid any compensation for which the employer was liable, or shall have assumed the liability of the employer therefor, it shall be subrogated to all rights and duties of the employer and may enforce any such rights in its own name.

In lieu of or in addition to such opinions, appraisements and reports, the superintendent of banks may, if he deems proper, have any or all such matters passed upon and certified to him by attorneys, appraisers or accountants of his own selection at the expense of the applicant. #### CHAPTER 613.

*An act in relation to the act of congress known as the Carey act, and all acts amendatory thereof and supplemental thereto, and giving authority to a commission in the investigation, selection, reclamation, control and disposal of all lands granted the state under the provisions thereof.*

[Approved June 4, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

State  
accepts  
conditions  
under act of  
Aug 18,  
1894

SECTION 1. The State of California hereby accepts the conditions of section four of an act of congress entitled, "An act making appropriation for sundry civil expenses of the government for the fiscal year ending June 30, 1894, and for other purposes," approved August 18, 1894, together with all the grants of land to the state under the provisions of the

aforesaid act The selection, reclamation and disposal of said land shall be vested in a commission which shall consist of the secretary of the department of natural resources, whenever such officer shall be appointed and until such appointment is made, one of the members of the state water commission to be named by said commission, the state engineer and the surveyor general and which commission shall hereafter be designated the "Carey act commission." The secretary of agriculture whenever such officer shall be appointed, and until such appointment, the dean of the college of agriculture of the University of California, and the president of the state water commission shall act as an advisory board to the said Carey act commission.

Carey act  
commission

SEC. 2. The commission shall elect from among its members, a president and a secretary. The president of the commission shall preside at all meetings of the commission and shall have authority to call special meetings of the commission and he shall do so when requested by any one of the other members.

President

The secretary of the commission shall execute the will of the commission in all matters relating to this act. He shall have the custody of the records of the commission and shall receive and file all proposals for the construction of irrigation works to reclaim lands selected under the provisions of this act. The surveyor general shall be register of all lands which may be selected and shall keep for public inspection maps or plats on a scale not less than two inches to the mile of all lands selected, receive entries of settlers on these lands and hear or receive the final proof of their reclamation and do any and all work required by the commission in carrying out the provisions of this act, relating to the disposal of such lands. He shall have authority to administer oaths, whenever necessary, in the performance of the duties of register.

Secretary.

SEC. 3 Whenever it shall appear to the board of supervisors of any county that it would be advisable to reclaim by irrigation, under the provisions of this act, any desert public land, situated within such county, such board may by appropriate resolution, petition the state engineer to make such an investigation as would determine the feasibility of such reclamation. Whereupon the state engineer shall make or cause to be made an investigation of such lands, and if it should be the opinion of the state engineer that it is feasible to reclaim by irrigation such lands, he shall report the fact to the commission, and, thereupon the commission shall direct the state engineer to make, when necessary, such further investigations as would determine the location and description of the lands, which may be thus reclaimed. The commission may make application to the United States department of the interior upon behalf of the State of California for the temporary withdrawal of such land, pending a more complete investigation and survey preliminary to the filing of the maps and plats and application for segregation.

SEC. 4. As soon as such temporary withdrawal of land shall have been made by the secretary of the interior, it shall be the duty of the state engineer to make an investigation of the water supply and make such surveys as will determine the feasibility of irrigating such lands and the approximate cost of the same. If it should appear from such investigation and surveys that the irrigation of the lands would not be feasible, the state engineer shall so report to the commission and it shall then be the duty of the commission to so notify the department of the interior, in order that such lands may be restored to the public domain, but, if the commission shall be satisfied that there is an adequate supply of water for the irrigation of such lands and that the construction of works for the irrigation of such lands is entirely feasible and the commission should decide that the state would be benefited through the irrigation and settlement of such lands, the commission shall direct the state engineer to make such additional investigations and surveys and prepare such plans as may be necessary to determine the cost of such works as would be needed to irrigate such lands and the commission may then enter into a contract on behalf of the State of California, with the United States, for the construction of such works as may be necessary for the proper irrigation of such land in pursuance of the act of congress known as the Carey act, and the rules and regulations of the department of the interior relating thereto: *provided, however,* that such project shall have first been approved by the state engineer, and by both members of the advisory board.

Report of  
water  
commission

SEC. 5. Before finally deciding as to the feasibility of irrigating lands under this act, the commission shall request the state water commission to report, in writing, their opinion as to whether or not an adequate supply of unappropriated water is available for the irrigation of such lands. It shall be the duty of the state water commission to make such report and recommendations in writing. At the same time and in the same manner the secretary of agriculture or the dean of the college of agriculture, as may be, shall be requested to report his opinion in relation to the land of such project as to its character and fertility, and as to soil or drainage problems then existing or which may follow the irrigation of the lands, and if it should be his opinion that the value of such land, or any portion of such land, after irrigation would not fully justify the estimated cost of such irrigation, the commission shall not enter into a contract for the irrigation of any of the lands which may be adversely reported upon. All such written reports and advice shall be furnished to the commission free of charge.

SEC. 6. Whenever a contract shall have been entered into by the commission with the United States department of the interior for the irrigation of desert public lands under the provisions of this act, the lands of such project shall be designated by the commission and be known as the -----

(name to be given) ----- state irrigation district, and the commission shall have the power and it shall be its duty to provide for the construction of the necessary works for the irrigation of such lands, to manage and conduct the business affairs of such district, to make and execute all necessary contracts of employment and appoint such agents, officers and employees as may be required and prescribe their duties. The commission and its agents and employees shall have the right to enter upon any land, to make surveys and locate the necessary irrigation works and the line for any canal or canals and the necessary branches for the same on any lands which may be deemed best for such location. Such commission shall also have the right to acquire by purchase, lease, contract, condemnation or other legal means all lands and waters and water rights and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal or canals and works, including canals and works constructed and being constructed by private owners, lands for reservoirs for the storage of needful waters and all necessary appurtenances and also, where necessary or convenient to said ends, to acquire and hold the stock of other corporations owning waters, canals, waterworks, franchises, concessions or rights. Such commission may also construct the necessary dams, reservoirs and works for the collection and distribution of water for said district and do any and every lawful act necessary to be done that sufficient water may be furnished to all of the lands of such district for irrigation and domestic purposes. The said commission is hereby authorized and empowered to take conveyances, leases, contracts or other assurances for all property acquired by it under the provisions of this act in the name of the state in behalf of such state irrigation district to and for the uses and purposes herein expressed and to institute and maintain any and all actions and proceedings, suits at law or in equity necessary or proper, in order to fully carry out the provisions of this act or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this act or acquired in pursuance thereof. And in all courts, actions, suits or proceedings the said commission may sue, appear and defend, in person or by attorneys and in the name of the state in behalf of such state irrigation district. It shall be the duty of said commission to establish equitable by-laws, rules and regulations for the distribution and use of water for the lands of such district, and for the administration and disposal of the lands of such district, which must be printed in convenient form for distribution. Said commission shall have power, generally, to perform all such acts as shall be necessary to fully carry out the purposes of this act.

SEC. 7. Whenever it shall appear to the commission that the irrigation of public land of a proposed state irrigation district under the provisions of this act would be feasible and that an adequate supply of water exists and is available for the purpose, it shall be the duty of the commission to appropriate in the name of the State of California for such state

irrigation district an amount of unappropriated water as may be available and necessary for the irrigation of such land, such appropriation to be made in pursuance of the provisions of the water commission act and acts amendatory thereof, and the rules and regulations of the state water commission; but no fees shall be paid to the state water commission for any services which may be rendered by such commission in connection with any permit or license which may be granted under any such appropriation; but such charge as may be provided by law for the diversion of water for irrigation shall be paid to such state water commission as soon as any of the water thus appropriated shall be diverted for use upon the land of any district and for the quantity of water thus diverted

Raising  
additional  
money

SEC 8 For the purpose of constructing necessary irrigation canals and works and acquiring the necessary property and rights therefor and for the purpose of acquiring waters, water rights and other property necessary for the purposes of a state irrigation district and otherwise carrying out the provisions of this act, the commission may as soon after a contract has been entered into with the United States for the irrigation of the lands of a district and also whenever thereafter the construction fund has been exhausted by expenditures herein authorized therefor and it is necessary to raise additional money for such purposes, estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary for such purposes or any of them said commission shall cause such surveys, examinations, drawings and plans to be made of a district as shall furnish the proper basis for an estimate of the cost of irrigating the lands of such district. All such surveys, examinations, drawings, plans and the estimate of cost based thereon shall be made by or under the direction of the state engineer and shall be certified by him and a report of such irrigation plans shall be prepared by him which report shall contain a description of the lands to be irrigated, the works to be constructed and shall also state his conclusions as to the supply of water available for the use of the district. The estimated cost of a project under this act shall include in addition to the cost of the works proposed and the purchase of land and other rights of way needed for their construction and for the use of such district, the estimated discounts or cost of credit which it would be necessary to establish; interest during the period of construction; overhead and other carrying charges and reasonable contractor's profit commensurate with the risks involved; and the total estimate thus obtained shall be the estimated reasonable expense of irrigation or the "irrigation charge" against the lands to be irrigated. After receiving such report the commission, if it shall be convinced and shall declare by resolution that the supply of water available for the use of the district is sufficient for all purposes and that the said project is in all other respects feasible, shall make an order determining the amount of bonds that should be issued in order to

raise the amount of money needed for the purpose or purposes for which said bonds are desired; and, said bonds may be issued as provided by this act and when so issued shall constitute a lien or liens against the lands of a district to be thus reclaimed as contemplated by the act of congress, approved June 11, 1896, (29 Stats. 413-434) and shall be valid on and against the separate legal subdivisions of land thus reclaimed and irrigated, for the actual cost and necessary expense of reclamation and reasonable interest thereon from the date of reclamation until disposed of to actual settlers; and, after the reclamation and settlement of any lands thus reclaimed such bonds shall remain a lien against such lands and shall be superior and prior to any other lien which may be created until paid, and the commission is hereby authorized to issue bonds under such lien to be secured by the same and may, from time to time, as provided in section 9 of this act, sell said bonds, the proceeds to be used only for the reclamation of such lands, such total issue of bonds to have a par value not to exceed the total estimated irrigation charge against the lands of such district.

SEC. 9 The commission may sell such bonds, from time to time, and in such quantities as may be necessary and most advantageous to raise money for the construction of such canals and works, the acquisition of property and rights, or the acquisition of any water or water rights or otherwise to fully carry out the objects and purposes of this act. Before making any such sale, the commission shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes and notice of the sale to be given by publication thereof, for at least three weeks, in some newspaper published in the county in which the district is situated and in any other newspaper at its discretion. The notice shall state that sealed proposals will be received by the commission at their office for the purchase of bonds till the day and hour named in the resolution. At the time appointed the commission shall open the proposals and award the purchase of the bonds or any portion or portions thereof to the highest bidder or bidders, *provided, however,* that they may reject any or all bids.

SEC 10. In case the money raised by the sale of bonds issued be insufficient or in case the bonds be not available for the completion of the plan of canal and works adopted and the acquisition of the necessary property, waters and water rights therefor and additional bonds be not voted, it shall be the duty of the commission to provide for the completion of said plan and the acquisition of such necessary property, waters and water rights by levy of assessments therefor on or before the first Monday in August in each year, and the commission shall levy an assessment against all the land included in a district which may be subject to assessment to raise the annual interest on the outstanding bonds of such district;

and, in any year in which any bond shall fall due it must increase such assessment to an amount sufficient to raise a sum sufficient to pay the principal of the outstanding bonds as they mature and pay the cost of operating and maintaining the canal system of the district; also sufficient to pay in full all sums due or that shall become due from the district before the time of levying the next annual assessment on account of rentals or charges for lands, water, or water rights acquired by said district under lease or contract; also sufficient to pay in full the amount of any other contract or obligation of the district which shall have been reduced to judgment; *provided, also*, that the commission shall have authority to charge a toll or rental for the delivery of water in an amount sufficient to pay the cost of operating and maintaining the canal system; or, such expense may be met by both assessment and tolls in such proportion as the commission might decide would be most advantageous to the land owners of such district.

Series of  
bonds.

SEC. 11. All bonds issued under the provisions of this act shall be payable in gold coin of the United States in twenty series, as follows, to wit:

At the expiration of twenty-one years from the date of any issue of the said bonds, two per centum of the whole amount of such issue, at the expiration of twenty-two years from said date two per centum of the whole amount of such issue; at the expiration of twenty-three years from said date, three per centum of the whole amount of such issue; at the expiration of twenty-four years from said date three per centum of the whole amount of such issue; at the expiration of twenty-five years from said date four per centum of the whole amount of such issue; at the expiration of twenty-six years from said date four per centum of the whole amount of such issue; at the expiration of twenty-seven years from said date, four per centum of the whole amount of such issue; at the expiration of twenty-eight years from said date four per centum of the whole amount of such issue; at the expiration of twenty-nine years from said date, five per centum of the whole amount of such issue; at the expiration of thirty years from said date, five per centum of the whole amount of such issue; at the expiration of thirty-one years from said date, five per centum of the whole amount of such issue, at the expiration of thirty-two years from said date five per centum of the whole amount of such issue; at the expiration of thirty-three years from said date six per centum of the whole amount of such issue; at the expiration of thirty-four years from said date six per centum of the whole amount of such issue, at the expiration of thirty-five years from said date six per centum of the whole amount of such issue, at the expiration of thirty-six years from said date six per centum of the whole amount of such issue; at the expiration of thirty-seven years from said date, seven per centum of the whole amount of said issue; at the expiration of thirty-eight years from said date seven per centum of the whole amount of such issue; at the expiration of thirty-nine

While the foregoing several enumerated percentages are of the entire amount of the bond issue, each bond must be made payable at a given time for its entire amount and not for a percentage. The date of the issue of any bond authorized under this act shall be deemed to be the apparent date of issue of the said bonds appearing upon the face thereof, which date shall be subsequent to the date of the resolution of the commission authorizing the issue of the said bonds and prior to the date of actual delivery of said bonds to the purchaser thereof. Said bonds shall bear interest at a rate to be determined by the commission, but not exceeding six per cent per annum, payable semi-annually on the first day of January and the first day of July of each year. The secretary shall keep a record of the bonds sold, their number, the date of sale, the price received and the name of the purchaser. The provision of this section defining what shall constitute the date of issue of bonds shall apply to any and all bonds issued in pursuance of this act.

SEC. 12. Upon the presentation of the coupons due on bonds issued against the land of any said irrigation district to the state treasurer he shall pay the same from the bond fund of such district. Whenever such fund shall amount to the sum of \$10,000 in excess of an amount sufficient to meet the interest coupons due, the commission may direct the treasurer to pay such an amount of such bonds due as the money in said fund will redeem at the lowest value at which they may be offered for liquidation after advertising in the manner hereinbefore provided for the sale of bonds, for sealed proposals for the redemption of such bonds. Said proposals shall be opened by the commission in open meeting at a time to be named in the notice and the lowest bid for said bonds must be accepted; *provided*, that no bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the holders of said bonds shall desire to have the same redeemed as herein provided for said money shall be invested by the state treasurer under

Bids on  
construction  
of works

SEC. 15. When the commission shall have made an estimate of the cost of a project, it shall invite bids or proposals for the construction of the necessary works by publication, for a period of six weeks in not more than six newspapers of weekly issue as in the opinion of such commission would be most likely to bring the matter to the attention of persons best able to undertake the construction of the works proposed. Such notice shall contain a brief description of the works proposed, the volume and kind of material to be moved, the kind of structures to be built, and the total estimated cost of the project and the place or places where plans, estimates and specifications can be inspected. Such bids or proposals shall be received by the commission on the day and hour stated in the publication and such commission shall thereupon examine all such bids or proposals as may be submitted and shall accept the proposal of the lowest and most responsible bidder,

provided the price at which it is proposed such work would be constructed is not greater than the total estimated cost of such project as prepared by such commission or such commission may reject any or all of such bids. If the price submitted for the construction of such works should be greater than the total estimated cost prepared by the commission, the commission shall arrange for a public hearing and may summon witnesses to testify as to the reasonableness of any price or terms which may have been submitted or may receive other proposals and the commission may, after a careful consideration of all evidence which may be submitted and representations that may be made at such hearing, accept a proposal for a price greater than the estimated cost of the project prepared by such commission. Each bid or proposal that may be submitted shall be accompanied by a certified check made payable to the commission, equal in amount to two per cent of the estimated cost of such project, which check shall be forfeited to such commission if the individual, firm, association or corporation submitting such bid or proposal shall, after its acceptance by the commission, refuse to enter into a contract with the commission for the construction of the works of such project as provided by the general terms of such proposal and such commission shall deposit with the state treasurer the amount thus forfeited and the state treasurer shall place the same to the credit of the bond guarantee fund created under the provisions of section 38 of this act; *provided, further,* that no proposal for the construction of irrigation work shall be accepted until the commission shall have satisfied itself that the individual, firm, association or corporation submitting the same is financially able to carry the undertaking to completion within the time specified and under the terms provided and for the amount agreed to in such proposal

Financial standing of successful bidder

Sec. 16. The individual, firm, association or corporation, whose proposal for the construction of the works of any irrigation project to be constructed under the provisions of this act has been accepted by the commission shall, within a period of thirty days from the date of such acceptance be prepared to enter into a contract with such commission for the construction of such works in accordance with the plans, specifications and terms upon which the acceptance of such proposal is based, such contract to be accompanied by a satisfactory bond on the part of the proposed contractor for the construction of such works, which bond shall be in a penal sum equal to fifteen per cent of the estimated cost of the works and shall be conditioned for the faithful performance of the provisions of the contract with the State of California, but the commission shall have the authority to extend the time of entering into such agreement, but such time shall not be extended more than ninety days from the date of the acceptance of such proposal. The plans, specifications and terms upon which the accepted proposal is based, shall be made a part of the contract; the time for the completion of the works shall also be stated, which

shall not be more than five years from the date of the acceptance of the proposal; but, in the case of works of great magnitude the commission shall have authority to extend the time for completion not exceeding two years. All contracts shall state that work shall begin within three months from the date of the contract and that such work shall be prosecuted diligently and continuously and at a rate commensurate with the magnitude of the undertaking and which would, at all times, insure its completion by the time agreed to in such contract; *provided, further*, that if there shall be an interruption of work on any of the controlling features of such project, as may be determined by the state engineer, caused by flood, storms, or other natural causes, the commission may grant an extension equal to such delay. All work to be done under the provisions of this act shall be in pursuance of plans and specifications to be prepared by the state engineer and all such work shall be under his supervision and shall be completed to his satisfaction. A failure to complete the works within the time required by the contract or an extension thereof as herein provided shall forfeit to the state all rights under the same.

SEC. 17. Upon the failure of any parties having a contract with the state for the construction of irrigation works to begin the same within the time specified by the contract or to complete the same within the time or in accordance with the specifications of the contract to the satisfaction of the commission, it shall be the duty of the commission to give such parties written notice of such failure and if after a period of thirty days from the sending of such notice, they shall fail to proceed with the work or to conform to the specifications of their contract with the state, the bond and contract of such parties and all work that may have been performed under such contract and all the material entering therein or which may be delivered or the works constructed or to be constructed thereunder shall be at once and thereby forfeited to the state; and it shall be the duty of the commission at once to so declare and give notice once each week for a period of four weeks in some newspaper in general circulation in the county or counties in which the work is situated and in one newspaper at the state capital, in like manner and for a like period of the forfeiture of such contract and that upon a fixed day, proposals will be received at the office of the commission for the completion of such contract and the time for receiving said proposals shall be at least sixty days subsequent to the issuing of the last notice of forfeiture. And the commission shall have authority to accept a proposal for such completion and may enter into a contract for the same as in the case of an original proposal; and if by reason of a failure or forfeiture under a contract or for any other cause the total cost of a project should exceed the original estimated irrigation charge, the commission shall have the authority to make such equitable distribution or addition of any such excess or increased cost to any or all of the farm units of such district as, in the judgment of such commission may be

deemed just and such adjusted or increased irrigation charge shall, thereafter, be the basis for all assessments against such farm units as contemplated by the provisions of this act.

SEC. 18. The contract for the construction of works of a district shall provide that payments shall be made to the contractor only as lands are open to entry from time to time and there shall be due and payable at such times only such amounts as would equal the total irrigation charge against such land as shall have been provided with means of irrigation.

SEC. 19. As soon as the estimated irrigation charge shall have been determined, it shall be the duty of the state engineer to make a classification of the lands of such district, dividing it into farm units and noting the location and area of the irrigable and non-irrigable land of each of such farm units, which may be of varying size, but none of such farm units shall be greater than one hundred sixty acres or less than twenty acres and he shall charge the irrigation charge or cost of the project against such farm units in the proportion of the benefits which it is estimated would be derived by each of such farm units from the construction of such works; and the amount thus charged against any farm unit, or the proportion which such charge bears to the total cost of such project, shall be the basis of assessment during the period of construction and when construction is completed and the irrigation charge is finally adjusted shall be and remain the basis of all assessments which may thereafter be made against such farm units under the lien that may be created against any or all of the lands of such project in pursuance of the provisions of this act, and of the act of congress approved June 11, 1896. water district for any of the purposes herein specified, said board shall make an estimate of the amount required for such purposes and cause an assessment to be levied upon the lands within said water district for such amount. For the purpose of making any such assessment the board shall appoint an assessor who shall be a disinterested person, and shall have no interest in any real estate within the water districts for which he may be appointed, and before entering upon his duties said assessor shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessor must assess upon the lands, within said water district, the said sum so estimated by the board and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditure of said sums specified in the said estimate of the board, said assessor shall make a separate list of the lands so assessed in each county where any of said land is situated, which list shall contain a description of the tracts of land assessed in such county, by legal subdivisions, or other boundaries or references sufficient to identify the same; the name of the owner, if known, or if unknown, that fact and the amount of the charge assessed against each tract. No mistake in the name of the owner, or supposed owner, of any real estate shall invalidate the assessment. Said lists, when completed, shall be filed with the secretary of the board and said secretary shall forward to the county treasurer of each county in which any lands in said district are situated, a copy of the assessment list for such county, and the same shall be open for inspection by the public for at least thirty days. The board shall appoint a time and place, not less than thirty days after said list has been filed with the said treasurer, when and where it will meet in such county for the purpose of hearing objections to said assessment, and notice of such hearing shall be published for two weeks in some newspaper published in said county. At any time before the date of such hearing any person interested in any real estate upon which any charge has been assessed may file in the office of the secretary of the board written objections to such assessment, stating the grounds of such objections, which said statement shall be verified by the affidavit of such person or some other person who is familiar with the facts. At such hearing the board shall hear such evidence as may be offered touching the correctness of such assessment or the manner of its apportionment, and may modify or amend the same, and may re-apportion all or any part of the entire assessment. No assessment shall be increased without notice to the owner of the land upon which such increase is to be made. action or defense shall ever be maintained attacking the said assessment in any respect. The board, upon ten days notice to the person filing said objections shall meet and after such order has been made by the board in any county, said assessment list shall be certified by the secretary of the board to be correct, and such assessment shall thereafter constitute a lien upon the lands so assessed and shall impart notice to all subsequent purchasers or membrancers, or other persons acquiring any interest in or lien upon said land, and all unpaid assessments shall bear interest at the rate of two per cent per annum, and shall be paid to the county treasurer in separate installments of such amounts, and at such time, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct. If any such installment shall remain unpaid at the expiration of thirty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon, and ten per cent of the amount of said installment and interest shall be added thereto. Immediately after the said installment has become delinquent, the board must publish a notice at least once a week for three weeks in some newspaper, of general circulation published in the county, where the land is situated, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed, or a statement that it is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the percentage that has been added as above provided, and a notice that the property assessed will be sold on a date therein stated, in front of the court house of said county, to pay said installment with accrued interest and the percentage hereinbefore mentioned. At the time stated in said notice or such other time to which said sale may have been postponed, the board must cause said property to be sold to the highest bidder for gold coin of the United States. Out of the proceeds of said sale, the board must pay the amount of said installment with accrued interest thereon, and the percentage herein provided, to the county treasurer of such county, and the board must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The sale may be postponed from time to time by a written notice posted at the place of sale. If no bid is made for said property equal to the amount of said installment, accrued interest and percentage, the board shall become the purchaser, and the said property must be struck off to the board for the amount of said installment, accrued interest and penalty. A certificate of such sale shall be executed by the president of the board to the purchaser, or to the board, if the property shall have been struck off to the board, and said certificate of sale shall be recorded in the office of the county recorder of

the county in which the land is situated. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer the amount for which said property was sold, and interest on the said sum at the rate of ten per cent per annum from the date of said sale. If no redemption shall be made within said one year, the purchaser, or the board, if said property shall have been sold to the board, shall be entitled to a deed executed by the president of said board. The effect of such deed shall be to convey said property subject to all liens and incumbrances, for state, county and municipal taxes, assessments previously levied by statutory authority and the unpaid balance of assessments made in said water district, which said balance must be called in and collected in the same manner as other assessments; *provided*, that where property shall have been deeded to the board and shall not have been sold, the same shall not be offered for sale for subsequent installments of assessments, so long as the board shall remain the owner of said property, but the board may sell said property at any time at public auction after notice given for the same period and in the same manner as herein provided for sale for delinquent installments, but not for a sum less than all delinquent unpaid installments with accrued interest, and the deed executed in pursuance of such sale shall convey said property subject to state, county and other municipal taxes, assessments levied or assessed by statutory authority and the installments of said assessments of said water district, which have not been called in, which balance must be called in and collected in the same manner as other assessments. All money collected upon sales, or otherwise, in each water district, shall be paid to the county treasurer of the county in which the land is situated, and said money, together with all other money, collected by the treasurer of the county in which the land is situated, and said money, together with all other money collected by the treasurer or by the board, shall be deposited in the state treasury to the credit of said water district in a fund which is hereby created and known as the

In case there are not sufficient funds for such purpose, the state treasurer shall endorse on such warrants the date of presentation and register the same, and thereafter such warrants shall bear interest at the rate of seven per cent per annum, and must be paid in the order of their registration. Such warrants shall be considered as contracts in writing for the payment of money by said district, and the period prescribed for the commencement of an action upon said warrants is four years from the date thereof. The board may extend

the period for payment of any warrant for an additional period of four years upon application of the owner of such warrant. Whenever there is sufficient money in the treasury, applicable to the payment of any outstanding warrants of the district, the state treasurer shall give notice that there is money in the treasury to pay certain warrants, giving their numbers in the order of their registration; said notice shall be published for ten days in one newspaper published in the county in which the greater portion of such district is situated. After the last publication of said notice the warrants therein mentioned shall cease to bear interest. In all cases in which an assessment shall be levied upon the lands embraced within a water district, if, for any reason, any tract or tracts of land shall not have been legally charged with said assessment, then such tract or tracts of land shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by said land from the purposes for which said former assessment was levied bears to the whole amount of said former assessment; or a subsequent re-assessment of such tract or tracts of land may be made separately for the purpose of charging said land with its proper proportion of the said assessment. The compensation of assessors shall be fixed and allowed by the board. Assessments in accordance with the provisions of this act may be levied and assessed upon lands in each water district benefited, for the purpose of refunding money advanced by the state or federal government for the construction of the works herein specified. Such money so advanced to bear interest at such rate as may be agreed to by the board.

Said election shall be held in the manner provided in section 6 of this act, and each owner of real estate shall be entitled to cast one vote for each one dollar (\$1.00) of valuation of real estate owned by him in the district, as shown by the last assessment roll of the county in which said district is situated. If a majority of said votes shall be in favor of the issuance of bonds the board shall direct that bonds of said district shall be issued in an amount not exceeding the amount of such assessment or the part of such assessment remaining unpaid. The board shall cause bonds in the amount stated in the said order to be executed. Said bonds shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars; they shall be signed by the president of the said board and attested by the state controller and shall be numbered consecutively as sold and bear date at the time of their execution and shall bear interest at a rate to be fixed by the board, with coupons attached, payable at such dates as may be fixed by the board. If said coupons shall not be paid when presented on account of no funds, the treasurer shall endorse upon such coupons "not paid for want of funds" and thereafter the amount due on such coupons shall bear interest at the rate of six per cent per annum. The coupons for interest shall be numbered the same as the bonds and attested by the facsimile signature of the state controller.

The principal of said bonds shall be payable at the office of the state treasurer at such times as the board may direct, which time must be expressed in said bonds but not less than five per centum of the whole amount of bonds issued according to their consecutive numbers, shall be paid within ten years from the date of their issue and no less than five per centum thereof each succeeding year thereafter until all are paid. All bonds must be made payable either on the first day of July or the first day of January. If any bond shall not be presented for payment when the same becomes due it shall cease to draw interest, but if presented at such time and not paid for want of funds, the said treasurer shall so endorse it and thereafter such bond shall bear interest until paid at said rate of six per centum per annum until funds shall have been provided for its payment. Said bonds shall be substantially in the following form:

Every protest must contain a description of the property in which each signer thereof is interested and set forth the nature of his interest therein and must be accompanied by the affidavit of one of the signers thereof that each signature thereto is the genuine signature of the person whose name is thereto subscribed, and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Every such petition shall be verified by the oath of the petitioner or his agent. After considering the petitions filed as herein provided, and after hearing the petitioners who may appear, and after viewing the location of the proposed improvement and the property affected thereby, said commission shall proceed to determine the amount of damages, if any, which will be sustained by each such petitioner because of the proposed improvement. Any property owner who fails to file any such petition shall be deemed to have waived his right to a hearing with respect to any damages to any property owned by him, and to object to the amount of such damages as fixed by said commission.

SEC 5. Section twenty-three of said act is hereby amended to read as follows:

Sec. 23. Interest

said bonds are to extend exceeds ten years, one-tenth part of the principal sum thereof shall be payable by coupon on the second day of January of each of the last ten years of said period. The interest on said bonds shall be payable semi-annually by coupon on the second day of January and July respectively, of each year, at the rate of not to exceed ten per cent per annum on all sums unpaid, until the whole of said principal and interest is paid. Whenever it shall have been determined, as provided in section twenty-three of this act, that serial bonds shall be issued to represent assessments amounting to twenty-five dollars, or over, the superintendent of streets shall, forthwith after the full expiration of thirty days from the date of the first publication of the notice of the recording of the assessment roll, or forthwith after the full expiration of thirty days from the recording of a re-assessment in the event that such be made, and after all previous payments have been credited on such re-assessment, make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over upon any assessment or diagram number.

Sec. 25. Upon receiving the list of assessments mentioned in the preceding section, the city treasurer shall thereupon make out and sign a separate bond representing upon each lot

or parcel of land upon said list the total amount of the assessments, or re-assessments, as the case may be, as thereon shown. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map. Said bond shall be substantially in the following form:

bond the amount then unpaid on the principal sum thereof, and all interest thereon which has accrued and is unpaid, together with the semiannual installment of interest which will next become due thereafter, and in addition thereto, interest for one year at the rate specified in the bond upon the unpaid amount of the principal. Whenever a deposition or complaint shall be filed in any court other than a superior court, charging a person with a crime and it shall be suggested or shall appear to the judge, justice or recorder before whom such person is brought that the person charged was at the date the offense is alleged to have been committed under the age of eighteen years, said judge, justice or recorder, shall immediately suspend all proceedings against such person on said charge and examine into the age of such person, and if, from such examination, it shall appear to the satisfaction of said judge, justice or recorder, that such person was at the date the offense is alleged to have been committed under the age of eighteen years, he shall forthwith certify to the juvenile court of his county (a) that said person (naming him) is charged with such crime (briefly stating its nature); (b) that said person appears to be under the age of eighteen years, giving date of birth when known, and (c) that proceedings have been suspended against such person on such charge by reason of his age, with the date of such suspension; and immediately thereupon all proceedings against the said person on said charge shall be suspended until said juvenile court shall issue its mandate, as hereinafter provided, directing the court before which said charge was made to proceed with the examination into or trial thereof, and the court so suspending its proceedings shall forthwith cause such person to be taken before the juvenile court of the county for consideration and proceedings under this act. To such certification said judge, justice or recorder, or the clerk of said court shall attach a certified copy of said original deposition or complaint, and when such person shall be brought before the judge of the juvenile court, said judge shall direct the probation officer to file a petition as provided in section three of this act, except that said petition need not be verified; and said probation officer shall forthwith comply with such directions. Pending such hearing said judge may admit said person to bail or otherwise provide for his temporary custody in any manner provided herein for the care of a ward of the juvenile court. The proceedings thereafter shall be the same as in the case of a verified petition; *provided, however*, that if said judge of the juvenile court shall after such investigation decide that the person was at the time said offense was alleged to have been committed of the age of eighteen years or more, such determination shall be conclusive and he shall immediately issue his mandate directing the court before which such charge is pending to proceed therewith, and upon receipt of such mandate said court shall proceed with the examination or trial of said charge as though no suspension thereof had taken place; except that if said judge of the juvenile court shall find that the person so charged is under the age of twenty-one years, and a fit subject for consideration under the provisions of

this act, he may make such order or orders hereunder as he may deem best in relation to such person: but if such judge shall at any time conclude that such person is not a fit subject for further consideration under this act, he may sit as a committing magistrate and hold a preliminary examination if such person is charged with a felony, or he may remand such person to the court in which said person is charged with said offense for further proceedings on said charge, and upon receipt of the mandate of said juvenile court, or the judge thereof, the court before which said charge is then pending shall be vested with full authority to proceed with the examination or trial thereof

Statutes of limitations suspended

All statutes of limitations relating to the charge so pending against such person shall be suspended as to said person and charge from the issuance by said judge, justice or recorder of his certificate heretofore provided for until said juvenile court, or judge thereof, shall issue its mandate remanding such person for further proceedings as aforesaid; and all statutes of limitation relating to any charge, made in any court, against any person under the age of twenty-one years, shall be suspended as to such charge and person whenever, and as long as, such person is before the juvenile court for consideration under the provisions of this act, or is detained by virtue of any commitment issued hereunder and unrevoked; but if said person shall be discharged by the juvenile court as reformed, such order of discharge shall constitute a bar to any further proceedings in any court against said person upon said charge.

Persons under twenty-one charged with felony

SEC 7. Whenever any person over the age of eighteen years and under the age of twenty-one years is accused of a felony or misdemeanor by indictment or information therefor in the superior court of the county wherein the crime was committed, the judge may in his discretion, with the consent of the accused, or upon his request, arrest said proceeding at the time of arraignment or at any time previous to the impanelment of a jury, except where the crime charged is a capital offense, or any attempt to commit a capital offense, and may proceed to investigate the charge against the defendant, and all the facts and circumstances necessary to determine the proper disposition to be made of said person, and shall determine whether such person shall be dealt with as a ward of the juvenile court under the provisions of this act. If the court is satisfied upon such investigation that said person should be declared a ward of the juvenile court and should be dealt with under this act, it may make such order or orders as herein provided for the disposition of such wards. If such person thereafter proves not to be amenable to the discipline of the state school to which he may be committed, and the trustees thereof shall determine that said person should be committed to a state penitentiary, such person shall be returned to the committing court, and thereafter proceedings shall be had upon the indictment or information commencing at the point at which proceedings were arrested; and said person shall be tried

for the offense alleged in the information, and if convicted shall be sent to the penitentiary for such time as the court may determine or otherwise dealt with in accordance with the law for dealing with persons convicted of a felony. If no request is made by the defendant for proceedings under this statute, or if the defendant desires trial by jury, or if the judge declines to consent to the application of the defendant for proceedings under this statute, said cause shall proceed in the ordinary manner up to the verdict of guilty or not guilty, as the case may be.

If said person is convicted, the court may thereafter receive such evidence as may be offered, touching the question as to whether or not said person should be dealt with as a ward of the juvenile court in the manner hereinbefore provided in the case of the application and consent of the accused before trial, and may make such order of probation or commitment to said state schools, and may from time to time modify said probation orders, as is herein provided in the case of persons adjudged wards of the juvenile court. If such person during the period of his commitment to said state institution, proves to be incorrigible or not amenable to the discipline of such institution, and it shall be deemed advisable in the judgment of the trustees of such institution that said person be sent to a state prison, then said person shall be returned to the superior court in which the verdict was rendered, for sentence, and thereupon the court shall pronounce judgment.

SEC. 8. When any person alleged to come within the provisions of any of subdivisions one to thirteen inclusive of section one of this act shall be adjudged by said court or judge to come within the terms of any of said subdivisions, and adjudged to be a ward of the juvenile court, the court may make an order committing said person for such time as the court may deem fit, but not beyond the time when such ward of the juvenile court shall reach the age of twenty-one years, either (a) to the home and care of some reputable person of good moral character, or (b) to the care of some association, society or corporation embracing within its objects the purpose of caring for or obtaining homes for such persons, willing and able to receive and care for said ward, or (c) to the care of the probation officer, to be boarded out or placed in some suitable family home, in case provision is made by voluntary contribution, or otherwise, for the payment of the board of said ward until suitable provision may be made for said ward in a home without such payment, said ward to be subject to the supervision of the probation officer and the further order of the court; or (d) on probation to the care of the probation officer, said ward to remain in the home of said ward, or in any other fit home in which the court may order the probation officer to place said ward, subject to the visitation of the probation officer, said ward to report to the probation officer as often as may be required, and to be subject to be returned to the court for further proceedings whenever such action may

Court may  
admonish  
and dismiss

When any person alleged to come within the provisions of any of subdivisions one to thirteen inclusive of section one of this act shall be found by said court to come within said provisions, said court may at its discretion admonish said person and dismiss said petition.

No person under the age of fourteen years at the time of the commission of any offense with which he may be charged shall ever be sent to a state prison unless he has first been committed to the Whittier State School, or the Preston School of Industry, and has there proved to be incorrigible or not amenable to the discipline of said school. No ward shall be committed to said state schools unless the judge of said court shall be fully satisfied that the mental and physical condition and qualifications of said ward are such as to render it probable that such ward will be benefited by the reformatory educational discipline of such schools.

History of

Accompanying the commitment papers, the court must send to the superintendent of the state institution to which said person is committed a summary of all the facts in the possession of the court, covering the history of the ward committed, including a statement of the mental and physical condition of said ward.

SEC. 9. Any order made by the court in case of any person subject to the jurisdiction of the court under the provisions of any of subdivisions one to thirteen inclusive of section one of this act may at any time be changed, modified or set aside as to the judge may seem meet and proper; *provided, however*, that nothing in this act contained shall be deemed to interfere with the system of parole and discharge that is

SEC. 9a. No order of court or modification thereof shall be made in any juvenile court proceedings concerning any ward of the juvenile court either in chambers, or otherwise, without notice of the application therefor having first been given by the judge or the clerk of said court to the probation officer.

Notice to probation officer.

SEC. 9b. No ward of the juvenile court as defined in this act shall be taken from the custody of his parent or legal guardian, without the consent of such parent or guardian unless the court shall find such parent or guardian to be incapable of providing or to have failed or neglected to provide proper maintenance, training and education for said person; or unless said person has been tried on probation in said custody and has failed to reform, or unless said person has been convicted of crime by a jury, or unless the court shall find that the welfare of said person requires that his custody be taken from said parent or guardian.

Taking ward from parent.

SEC. 10. Should it develop, either at the time of their presentation, or after having become an inmate thereof, that any person, who has been committed to either of such institutions is an improper person to be there retained or so incorrigible or so incapable of reformation under the discipline of the school to which such person may be committed as to render his or her retention detrimental to the interests of the school, the superintendent may, with the approval of the board of trustees of such institution, return such person to the committing court. And in the event of such return, the transportation of such person shall be made in the same manner, and the compensation therefor, if any, shall be paid as is provided for in the execution of an order of commitment to such institution.

SEC. 11 Any order providing for the care and custody of a ward of the juvenile court may provide that the expense of support and maintenance of said ward shall be paid by the parent, parents, guardian of said ward or other person liable therefor, after citation thereto, or from the earnings, property or estate of said ward, and in such case shall state the amount to be so paid. If it is found, however, that the parent, parents, guardian of said ward, or other person liable therefor, are unable to pay or that the earnings, property, or estate, of said ward is insufficient to pay the whole expense of support and maintenance of said ward, the court may, direct such additional amount as may be necessary for the maintenance and support of said ward to be paid from the county treasury of the county for the support and maintenance of said ward, the amount so ordered to be paid from the treasury of said county not to exceed, in the case of any one ward, the sum of eleven dollars in any one month. The judge of the juvenile court may provide that the amount, or any part of the amount, so paid by parents, parent, guardian or other person liable therefor or from the earnings, property or estate of said ward, shall be paid to the probation officer, to be by him paid as the court shall direct, first, to reimburse the person, association or institution that under court order is caring for and maintaining said ward and after such reimbursement to reimburse the county. For such purpose said probation officer shall keep suitable books and accounts and shall give and keep suitable receipts and vouchers, and if such funds shall be by said probation officer kept in a bank, said bank shall be designated by the judge of said court. The auditor of said county annually in the month of January shall audit such books and accounts and shall make a report thereon

*An act to authorize municipal corporations with the consent of original dedicators to abandon parks and sell and convey the land embraced therein, and reinvest the proceeds from the sale thereof in the purchase of other public grounds.*

[Approved May 27, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

Parks may be sold.

SECTION 1. Whenever a plat or map of a townsite has been recorded in the office of the county recorder of any county, purporting to dedicate to the use of the public any tract of land lying within said townsite, as a park, and thereafter the territory embraced within said townsite has been incorporated into a municipal corporation, and the board of trustees of said municipal corporation find that said tract of land is not appropriate, convenient, or necessary for park purposes, said board of trustees may, with the consent of the original dedicator, abandon and discontinue such park, and may sell and convey the land, and devote the proceeds from the sale thereof to the purchase of other public grounds.

Purchase of other lands.

SEC. 2. Before abandoning or discontinuing any such park, the board of trustees must have first acquired an option to purchase other lands of at least equal area. They then shall adopt a resolution of intention, describing the park to be abandoned or discontinued, and the property to be acquired from the proceeds of the sale thereof, and fixing the time when the board of trustees will meet to take final action thereon, which time must be at least thirty days after the adoption of said resolution.

Resolution published

SEC. 3. Said resolution shall be published once a week for at least three successive weeks prior to the day fixed therein for the meeting of the board of trustees, in a newspaper of general circulation published in said municipal corporation; and if no newspaper is published in said municipal corporation, then in any newspaper published in the county to be designated by said board of trustees. Should the reversioner, remainderman, or the owners of a majority of the lots abutting on said park object in writing to the abandonment or discontinuance thereof, or should the board

of trustees sustain the objections made then, the proceedings therefor shall stop, but may be commenced again any time after six months, by the adoption of a new resolution of intention.

SEC. 5. In the event that neither the reversioner, remainderman, nor the owners of a majority of the lots abutting on said park object in writing to the abandonment thereof, and the other objections urged be overruled, the board of trustees shall be deemed to have acquired jurisdiction to order that the park be abandoned and discontinued.

SEC. 6. Having acquired jurisdiction as provided in the preceding sections, the board of trustees may order said park abandoned and discontinued, and unless no damage will result therefrom and no assessment is necessary, shall appoint three appraisers to assess the damages to the abutting property owners. SEC. 7. Said appraisers shall proceed with all diligence to ascertain and determine the extent of damages which will result to each lot or tract of land abutting upon the said park from the abandonment and discontinuance thereof, and file a written report of their findings with the board of trustees.

SEC. 8. Upon filing the said report, the city clerk shall give notice of such filing and fix the time and place at which said report will be considered by the board of trustees. At the time fixed for the hearing of said report, or at such other time as the hearing may be adjourned to, the board of trustees shall pass upon said report, together with any objections that shall be made thereto, and may confirm, correct or modify the same.

SEC. 9. Upon the adoption of said report, either as filed by the appraisers or as corrected and modified by the board of trustees, warrants shall be drawn in favor of the various lot owners to whom damages have been allowed in the amount specified in said report, which said warrants shall be payable out of the fund to be derived from the sale of said park lands.

SEC. 10. The board of trustees shall have power to employ such assistance, legal or otherwise, as they may deem necessary, to sell said land for the best advantage to the city, and pay such compensation therefor as they may fix.

SEC. 11. The board of trustees may order said land sold *en masse* or in lots or parcels, as may be most advantageous to the city; and they shall determine when and at what price said land or any part thereof shall be sold; and when authorized by a majority vote of the board of said trustees, the

to electors

SEC. 4. The question whether any municipal corporation shall retain its powers of control respecting one or more classes of public utilities may be submitted to the qualified electors of

such municipal corporation, as provided in this act, either at a general municipal election or at a special election held therein. Such a question may be so submitted, either in pursuance of an ordinance of intention adopted by a vote of three-fifths of all the members of the legislative body of such municipal corporation, declaring that the public interest requires the submission of, and that it is the intention of such legislative body to submit such question to a vote of the qualified electors of such municipal corporation, or in pursuance of a petition of qualified electors of such municipal corporation, as hereinafter provided. Such ordinance of intention or such petition, as the case may be, shall contain the propositions proposed to be so submitted, as set forth in section 6 of this act. Such petition shall be signed by qualified electors of such municipal corporation, equal in number to ten per centum of such qualified electors, computed upon the total number of votes cast in such municipal corporation for all candidates for governor at the last preceding general election prior to the filing of such petition at which a governor was elected. Such petition may consist of separate papers; *provided*, that if any paper consists of more than one sheet, it shall be securely fastened together at the top. The signatures need not all be appended to one sheet of paper. Each such paper shall have attached thereto, at the bottom of the last sheet thereof, the affidavit of a qualified elector of such municipal corporation, stating that all of the signatures on each sheet thereof were made in his presence, and that to the best of his knowledge and belief each signature is a genuine signature of the person whose name purports to be thereto subscribed. Such petition shall be filed with the clerk of the legislative body of such municipal corporation. Within ten days from the date of the filing of such petition, said clerk shall examine the petition and ascertain from the record of the registration of the electors of the city and county, or of the county in which such municipal corporation is situated, whether the petition is signed by the requisite number of the qualified electors of such municipal corporation; and if requested by said clerk, the said legislative body of said municipal corporation shall authorize him to employ persons specially to assist him in the work of examining such petition and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result of such examination. If from such examination, said clerk shall find that said petition is signed by the requisite number of qualified electors, he shall certify that the same is sufficient; but if, from such examination, he shall find that said petition is not signed by such requisite number of qualified electors, he shall certify to the number of qualified electors signing such petition and to the number of qualified electors required to make such petition sufficient. If, by the certificate of said clerk, the petition is shown to be insufficient, it may be amended by filing a supplemental

Examination  
of petition

petition within ten days from the date of such certificate. Said clerk shall, within ten days from the filing of such supplemental petition, make like examination of the same and certify to the result of such examination as hereinbefore provided. If the certificate of the clerk shall show any such petition, or any such petition together with a supplemental petition, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the clerk, such petition, or such petition together with a supplemental petition, is shown to be sufficient, the clerk shall forthwith present the same to the legislative body of such municipal corporation. The sufficiency or insufficiency of such petition shall not be subject to review by such legislative body. After the election held in pursuance of such petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned. In any city and county having a board of election commissioners and a registrar of voters, the clerk of the legislative body thereof shall immediately upon the filing of any petition with him, transmit the same to such board of election commissioners, who shall forthwith deliver such petition to said registrar of voters, who shall perform all the duties herein required to be performed in other municipal corporations by the clerk of the legislative body thereof, respecting the examination and certification of such petition. Such registrar of voters shall, upon making his certificate, forthwith return said petition to said clerk, who shall thereupon present such petition and the certificate thereto attached to the legislative body of such municipal corporation as hereinbefore in this section provided.

SEC. 5. Upon the adoption of such ordinance of intention, or the presentation as aforesaid of such petition, as provided in section four of this act, the legislative body of such municipal corporation shall, by ordinance, order the holding of a special election for the purpose of submitting to the qualified electors of such municipal corporation the propositions set forth in such ordinance of intention or in such petition, as the case may be, or such legislative body shall, by ordinance, order the submission of such propositions at a general municipal election, as hereinafter provided. Such special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance of intention provided for in section four of this act, or the presentation of such petition to said legislative body; *provided*, that if a general municipal election shall occur in said municipal corporation not less than twenty days nor more than sixty days after the adoption of said ordinance of intention or the presentation of said petition to said legislative body, said propositions may be submitted at such general municipal election, in the same manner as other propositions are required by law to be submitted at general municipal elections in such

municipal corporation. Every special election held in any municipal corporation under the provisions of this act, shall be called by the legislative body thereof, by ordinance, which shall specify the propositions to be submitted at such election and the date thereof, and, where provision is not otherwise made by law, shall establish the election precincts therefor and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance shall, prior to such election, be published five times in a daily newspaper printed and published in such municipal corporation, or twice in a weekly newspaper printed and published therein, if there be no such daily newspaper; *provided*, that if no such daily or weekly newspaper be printed and published in such municipal corporation, the clerk of said legislative body shall post a copy of said ordinance in three public places in such municipal corporation at least ten days prior to such election.

SEC. 7. If the propositions specified in section six of this act shall have been submitted at a special election in any municipal corporation, then the legislative body or other body or board charged with the duty of canvassing the returns and declaring the result of elections in such municipal corporation, shall meet at their usual place of meeting on the first Monday after such election to canvass the returns and declare the result thereof. Immediately upon the completion of such canvass, or upon the completion of the canvass of the returns of any general municipal election at which such propositions shall have been submitted, such legislative body or other body or board charged with said duty shall make an order declaring the result of the election upon such propositions and shall cause the same to be entered upon its minutes, which order shall show the total number of votes cast upon each such proposition, and the number of votes cast respectively in favor of and against each such proposition. If it shall appear from the result of such election, as so declared, that a majority of the qualified electors of such municipal corporation voting on any proposition submitted, as provided in section five of this act, shall have voted to retain the powers of control of such municipal corporation respecting any particular class of public utility, such municipal corporation shall be deemed to have elected to retain such powers of control respecting such class of public utility, and such powers shall be exercised by such municipal corporation until the same may be surrendered as hereinafter provided; and if it shall appear from the result of such election, as so declared, that a majority of such qualified electors so voting on any such proposition shall have voted not to retain such powers respecting any class of public utility, such municipal corporation shall be deemed to have elected not to retain such powers of control respecting such class of public utility, and such power of control shall thereafter vest in and be exercised by the railroad commission as provided by law. Immediately upon the entry of the order declaring the result of the election as to such proposition, the clerk of the legislative body or the registrar of voters of any municipal corporation having a board of election commissioners and a registrar of voters, shall make copies, in duplicate, of such order, and shall attach to each such copy his

The ballots to be used at such election shall have printed thereon, in addition to the other matters required by law, separate propositions as to each class of public utilities as to which such municipal corporation may retain its powers of control and as to which it may be desired to vote. As to each of such classes of public utilities, and in addition to the other matters required by law to be printed thereon, a proposition shall be printed on the ballot to be used at such election in substantially the following form: "Shall ----- (name of municipal corporation) surrender its powers of control over ----- (here insert class of public utility) to the railroad commission?" Opposite each such proposition to be voted upon, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. One special election in 12 months.

SEC. 9. The holding of a special election or elections, or the submission of propositions at any general municipal election, under any of the provisions of this act, shall not be construed to preclude the holding of a subsequent special election or elections or the subsequent submission of propositions at a general municipal election or elections, on the question of the retention or surrender by a municipal corporation of its powers of control respecting any class or classes of public utilities, as in this act provided; *provided*, that not more than one such special election shall be held within any period of twelve months.

[Approved June 8, 1915 In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. Sec. 2. The term of office of state superintendent of weights and measures shall be four years, or until his successor shall have been appointed and qualified, but he shall

always be subject to removal at the pleasure of the governor. The salary of state superintendent of weights and measures shall be thirty-six hundred dollars per annum, payable in the same manner as other state officers are paid. Before entering upon his duties he shall execute a bond to the state in the sum of five thousand dollars conditioned upon the faithful performance of his duties.

SEC. 2. Section three of said act is hereby amended to read as follows:

Sec. 3. The state superintendent may appoint a deputy, <sup>Deputies</sup> who shall have the same powers as the state superintendent. Such deputy shall receive a salary of eighteen hundred dollars per annum, payable in the same manner as other state officers are paid. He shall be at all times subject to removal at the pleasure of the state superintendent. The state superintendent may also appoint additional deputies from time to time to serve as sealers of weights and measures at the request of counties, as provided in section sixteen of this act. Such deputies when actually employed shall be paid at the rate of one hundred and fifty dollars per month by the county engaging their services and not by the state. They also shall receive their actual traveling expenses from such county.

SEC. 3. Section six of said act is hereby amended to read as follows:

Sec. 6. The standards referred to in the preceding section <sup>Standards</sup> shall be kept by the state superintendent in a safe and suitable place in his office from which they shall not be removed except for repairs or certification. He shall maintain such standards in good order and shall submit them at least once in ten years to the national bureau of standards for certification. Upon demand the secretary of state shall deliver to the state superintendent all standards now under the control and in the possession of the secretary of state in his capacity of ex officio state sealer of weights and measures. The state superintendent shall thereupon submit such standards received from the secretary of state to the national bureau of standards for certification, and he shall replace such standards as are incorrect and purchase such additional standards as shall be necessary to complete and make up a complete standard of weights and measures as required by this act. He shall also purchase such apparatus as shall be found necessary to a proper prosecution of the work of the office. SEC. 4 Section twelve of said act is hereby amended to read as follows:

Sec 12. The state superintendent if he finds that any <sup>Sealers who neglect duty, etc.</sup> sealer of weights and measures appointed under the provisions of this act, or any sealer or deputy sealer appointed by

Upon receipt of such charge and accusation, it shall be the duty of the body, officer or board with whom the same have been filed to make an order setting the same for hearing at a time which shall be not less than ten nor more than twenty days from the date upon which such charge and accusation shall have been filed, and shall in such order fix the time and place for such hearing. A copy of such charge and accusation, together with a copy of such order, shall be served upon the accused at least seven days prior to the time fixed for such hearing; *provided*, that in the event he shall absent himself from his usual place of business, or office, such service may be made by depositing such copies in a conspicuous place therein or by leaving the same at the last known place of residence of the accused, within the time above limited. At such hearing the accused shall have the right to be represented by counsel, if he so desires, and to produce witnesses and documentary evidence in his defense. If, upon such hearing, he be found guilty of malfeasance in office, or adjudged to be incompetent to perform the duties of the office; the body, officer or board before whom such hearing is had must forthwith remove him from office. If he be found guilty of any of the other offenses herein enumerated he may be punished by removal, or by suspension without pay for a period not exceeding thirty days, as such body, board or officer may determine. The remedies provided in this section are cumulative merely, and shall not in any wise detract from the right of the appointing power to remove at will any such sealer or deputy sealer of weights and measures. It shall be unlawful for the state superintendent, his deputies, or any sealer of weights and measures to keep for sale, or offer or expose for sale, or to sell to any person, firm, or corporation, or dealer in goods, wares and merchandise, doing or intending to do business in the State of California any weighing or measuring instrument, or to be interested directly or indirectly in the sale of any weighing or measuring instrument.

The actual cost of such services shall be paid by the county in the same manner in which other claims against the county are paid. The amount to be paid shall be at the rate of one hundred and fifty dollars per month for the time such deputy superintendent is employed in such county in addition to the actual traveling expenses of such deputy made necessary by such appointment. The county shall also stand its proportionate share of the actual cost of the set of copies to be used in such county by such deputy, at the rate of one-twelfth of the cost thereof for every month such copies are employed therein during the first year of their use, and in that event such county may at any time pay the balance of the cost of such copies and become the owner thereof, or the county may pay rental to the state for the use of such copies at the rate of ten per cent per annum of the cost price thereof.

district. Said board shall enter in the minutes of the board a resolution to the effect that the execution of each such separate portion or project which they may determine upon is a public necessity. Each such particular portion or project shall be designated by the board in such resolution by name and number. All assessments, plans and funds intended for or connected with the execution of each particular portion or project shall be designated by such name and number and shall be kept separate and shall be used only for the purpose of carrying out such particular portion or project. For the purpose of making any such assessment the board shall appoint three assessors who shall be disinterested persons, and shall have no interest in any real estate within said drainage district, and each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessors shall be exempt from the provisions of the civil service laws of this state. Said assessors must assess upon the lands within said drainage district the said sums so levied by the board, and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditure of said sums of money. After said assessors have examined the plan or plans of the works contemplated and the estimates of the cost, they shall make a preliminary report to the reclamation board indicating the exterior boundaries of the lands that in their opinion will be benefited by the expenditures. The assessors shall then appoint a time and place in each county in which any of said lands are situated, when and where they will hear objections to the said report and also evidence concerning the manner in which said assessment should be apportioned. They shall give notice of such hearing in each of such counties by publication in a newspaper published in such county once a week for three weeks, the first publication to be not later than the twenty-first day before the day of hearing, which notice shall contain a general designation of the lands which will in their opinion be so benefited, as aforesaid, and shall refer to said preliminary report on file in the office of the reclamation board for such exterior boundaries. They shall exclude any land that will not be benefited by the expenditure of said sums and shall assess all lands that will be benefited thereby. Said assessors shall make a separate list of the lands so assessed in each county, which list shall contain a description of the tracts of land assessed by swamp land surveys, legal subdivisions, or other boundaries or references sufficient to identify the same, the name of the owner, if known, or if unknown, that fact, and the amount of the charge assessed against each tract. The name of the owner of land which is or is supposed to be property of the estate of a deceased person in course of administration may be stated as estate of (such person, naming him),

deceased. When there are two or more owners or supposed owners of any tract of land, partly known and partly unknown, the assessment may be to such known owner or owners by name and to other owners unknown. No mistake in the name of the owner, or supposed owner, of any real estate shall invalidate the assessment. In the assessment list for any county the assessors may make use of any abbreviation in common use in that county, without explanation thereof. The assessors may also in the assessment list for any county make use of other abbreviations, provided a schedule and explanation thereof with reasonable certainty shall, unless printed on each page of such assessment list, be prefixed to said assessment list and a reference thereto written, printed or stamped on each page of said assessment list whereon any such abbreviation is used. In case any land shall in the assessment list for any county be described in whole or in part by reference to a map, plat or survey, which map, plat or survey shall be on file or of record in any public office, it shall be sufficient in such description to designate such map, plat or survey by name, number or other designation sufficient to identify the same in a schedule of such maps, plats and surveys, which schedule shall be prefixed to said assessment list and shall set forth with reasonable certainty where each such map, plat or survey may be found, and shall be referred to by a reference written, printed or stamped on each page of said assessment list whereon such method of description is relied upon. The assessors appointed for any assessment may also prepare or cause to be prepared a map or maps of the whole or any part or parts of the lands to be assessed with sufficient detail to indicate thereon and identify the several tracts of land to be separately assessed or any of them, each of which such separate tracts shall be designated on such map or maps by a distinctive number. Each of such maps shall be inscribed and designated as "reclamation board assessment map No. ---," giving each map a distinctive number. Any such map may consist of any number of sheets attached together and designated as one map. Such map or maps when approved by the reclamation board, shall be certified by the secretary of said board as having been so approved, and shall be filed for record in the office of the county recorder of the county wherein the land indicated on such map or maps is situated. Thereupon and thereafter, for the purpose of said assessment, or of any future assessment levied by said reclamation board, the assessment list for any county may, for the description of any tract of land so indicated on any such map, refer to such map and to the number by which such tract is designated on such map, and such reference, if used for that purpose, shall be a sufficient description of such tract for the purposes of such assessment list, and for the purposes of the notice of delinquent sale, certificate of sale and deed in pursuance of such sale, and all other proceedings under this act based upon such assessment. No provision of any other statute of this

state relative to the filing or recording of maps in the office of the county recorder shall apply to the maps in this section referred to; *provided, however,* that the maps herein referred to shall have no legal effect for any purpose except for the convenient reference to and description of the tracts of land indicated thereon for the purposes of description of such tracts of land by reference thereto in the matter of assessments levied by the reclamation board and acts and proceedings based thereon as herein provided. No fee shall be charged by any such county recorder for the filing for record of such map as in this section provided. Said lists when completed shall be filed with the secretary of the board and said secretary shall forward to the county treasurer of each county in which any lands so assessed are situated, the assessment list for such county, and the same shall be open for inspection by the public for at least thirty days. The compensation of said assessors shall be fixed and allowed by the board. The reclamation board shall appoint a time and place not less than thirty days after said list has been filed with the county treasurer when and where it will meet in each county wherein any of the lands so assessed are situated for the purpose of hearing objections to said assessments, and notice of such hearing in each county shall be filed with the county treasurer and published once a week for two weeks in some newspaper published in such county. At any time before the date of such hearing any person interested in any land upon which any charge has been assessed, may file in the office of the reclamation board written objections to such assessment, stating the grounds of such objections, which said statement shall be verified by the affidavit of such person or some other person who is familiar with the facts. At such hearing the board shall hear such evidence as may be offered touching the correctness of such assessment or the manner of its apportionment, and may modify or amend the same, and may reapportion all or any part of the entire assessment. If said assessment shall be reapportioned, the board shall give two weeks notice as before and proceed to hear objections in each county affected, as before, and shall then reconsider said assessment and make an order approving said assessment as finally fixed; and the decision of said board shall be final, and thereafter said assessment list shall be conclusive evidence, except in the suit hereinafter provided, that the said assessment has been levied and apportioned according to law. Any person interested, as aforesaid, in any land upon which any charge has been so assessed, aggrieved by the decision of the board approving said assessment, may commence an action against the district in the superior court of the county in which said land or the greater part thereof is situated, to have said assessment upon such land modified or annulled. Such action must be commenced within thirty days after the reclamation board has approved such assessment and the assessment list for such county has been deposited in the

No objection to said assessment shall be considered by the court unless such objection shall have been made in writing to the reclamation board as hereinbefore prescribed, and, excepting in the action above mentioned, no action or defense shall ever be maintained attacking the said assessment in any respect. Whenever an assessment has been levied by the reclamation board upon lands in said district for general administrative expenses and other expenses not pertaining to any particular project, and the boundaries of said district have been or shall be extended so as to include lands other than the lands included within said district at the time such assessment was levied, the reclamation board shall make an estimate of the fair and equitable amount which should be contributed by the lands so included in the district by such change of boundaries for the purposes of such assessment previously levied by said board for general administrative expenses and other expenses not pertaining to any particular project, and shall levy and cause to be assessed, equalized and collected in the manner in this act provided an assessment to the amount of such estimate upon lands so included in the district by such change of boundaries, according to benefits in the manner in this act provided.

SEC. 11. Section fourteen of said act is hereby amended to read as follows:

Assessment  
becomes lien  
on land

Sec 14. After such hearing has been had by the board in any county, said assessment list shall be certified by the secretary of the board to be correct, and said list shall be deposited in the office of the county treasurer of said county, and such assessment shall thereafter constitute a lien upon the lands so assessed and shall impart notice to all subsequent purchasers or incumbrancers or other person acquiring any interest in or lien upon said land, and all unpaid assessments shall bear interest at the rate of seven per cent per annum from the time when the assessment list is so deposited in the office of the county treasurer, and shall be paid to the county treasurer in one or more installments of such amounts, and at such times, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct; if any such installment shall remain unpaid at the expiration of thirty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon to date of delinquency, and ten per cent of the amount of said installment and interest, and the sum of fifty cents upon each tract of land separately assessed to cover cost of publication of notice of sale, shall be added thereto, and collected for the use of the district: *provided*, that if an action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled in said action, may in the discretion of the board become delinquent thirty days after any judgment ren-

dered therein shall become final. After the said installment has become delinquent, the board shall publish a notice at least once a week for three weeks in some newspaper of general circulation published in the county where the land is situated, which notice shall contain a description of the property assessed as described in the assessment list or by other description sufficient to identify the same, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the penalty and cost of publication that has been added as above provided, and notice that the property assessed will be sold on a date therein stated, in front of the courthouse of said county, to pay said installment with accrued interest and the penalty and cost of publication hereinbefore specified. At the time stated in said notice, or such other time to which said sale may have been postponed, the board must cause said property to be sold to the highest bidder for gold coin of the United States. If not completed on the first day the sale may be continued from day to day and over Sundays and legal holidays until completed. The sale may be conducted by such person as the board may appoint for that purpose, whether a licensed auctioneer or not, and no license shall be required of such person for conducting such sale. Out of the proceeds of said sale the board must pay the amount of said installment with accrued interest thereon and the penalty and cost of publication herein provided for to the county treasurer of such county, and the board must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The board may postpone said sale from time to time by announcement at the time and place of sale and by a written notice posted at or near the place of sale which written notice shall be substantially as follows: The sale of property for delinquent assessments under (name and number of assessment) of the Sacramento and San Joaquin drainage district, which was fixed for (time and place of sale) has been postponed to (time to which postponed) at the same place. If no bid is made for said property equal to the amount of said installment, accrued interest and penalty and cost of publication, the district shall become the purchaser, and the said property must be struck off to the district for the amount of said installment, accrued interest and penalty and cost of publication. A certificate of such sale shall be executed by the president of the board to the purchaser, or to the district if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of the county in which the land is situated. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer the amount for which said property was sold, and interest on the said sum at the rate of ten per cent per annum from the date of said sale. If no redemption shall

be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by the president of said board. The effect of such deed shall be to convey said property free of all liens and incumbrances, excepting state, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment made by said drainage district, which said balance must be called in and collected in the same manner as other assessments; *provided*, that where property shall have been so deeded to the district and shall not have been sold, the same shall not be offered for sale for subsequent installments of the said or any assessment so long as the district shall remain the owner of said property, but the board may sell said property at any time at public auction after notice given for the same period and in the same manner as herein provided for sale for delinquent installments, but not for a sum less than all delinquent unpaid installments of all assessments thereon with accrued interest and penalties, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of all assessments of said drainage district, which balance must be called in and collected in the same manner as other assessments. The remaining portion not yet ordered paid by said board of the assessment upon any tract of land may be voluntarily paid in full, with the accrued interest thereon, at any time after the lien of such assessment has accrued, and if the total amount of the whole of such assessment on any tract shall be paid in full within thirty days after the first installment of such assessment has been by said board ordered paid, no interest shall be charged.

SEC. 12. Section fifteen of said act is hereby amended to read as follows:

Deposit of

collected

Sec. 15. All money collected upon sales or otherwise shall be paid to the county treasurer of the county in which the land is situated, and said money, together with all other money collected by the county treasurer shall, within one month after its receipt by the county treasurer, be by him deposited in the state treasury to the credit of said drainage district in a fund which is hereby created and known as the Sacramento and San Joaquin drainage district fund, specifying the name and number of the assessment from which such money was derived, and shall be paid out upon warrants of the state controller, and the controller is hereby directed to issue warrants upon said funds whenever drafts of the reclamation board shall be presented to him, and the state treasurer is hereby directed to pay such controller's warrants when there is sufficient money in the funds of said drainage district; *provided*, that all moneys collected from assessments shall be paid out only on warrants issued for works or other expenses covered by the assessment from which such money was derived, which

assessments must be numbered consecutively, to the end that all moneys raised by assessment upon any of the lands embraced in said drainage district, shall be expended only for works of reclamation or other expenses beneficial to the lands so assessed, and for the payment of warrants issued for the construction of the works and other expenses for which such assessment was levied, and each warrant must designate the name and number of the assessment from which it is to be paid. Drafts of the reclamation board may be presented to the controller and warrants drawn, as aforesaid, against the funds to be raised by an assessment as soon as the reclamation board has passed its order or resolution for the levy of such assessment and appointed the assessors therefor. In case there are not sufficient funds applicable thereto for the payment of such warrants when presented to the state treasurer he shall endorse on such warrants the date of presentation and register the same, and ~~thereafter~~ such warrants shall bear interest at the rate of seven per cent per annum, and must be paid in the order of their registration. Such warrants shall be considered as contracts in writing for the payment of money, and the period prescribed for the commencement of an action based upon said warrants, or connected therewith, is and shall be four years from the date of their issuance or renewal as hereinafter provided. Said warrants shall, at any time within four years after their issuance or renewal, be received in payment of any assessment for work or expenses for which such warrants were issued. The reclamation board may, at its option, at any time within four years after the date or previous renewal thereof, renew any warrant for an additional period of four years upon application of the owner or holder of such warrant, by an endorsement thereon of the fact and date of such renewal and notice thereof to the state treasurer and controller. Whenever there is sufficient money in the treasury applicable to the payment of any outstanding warrants of the district, the state treasurer shall give notice that there is money in the treasury to pay certain warrants, giving their numbers in the order of their registration; said notice shall be published for ten days in one newspaper published in the city of Stockton and one published in the city of Sacramento. After the last publication of said notice the warrants therein mentioned shall cease to bear interest. The reclamation board shall designate a paper in each of said cities which shall be the official papers of said district for the purpose of such publication. Whenever in the opinion of the reclamation board it shall appear that the total amount of any assessment previously levied and assessed and which has become a lien upon lands in said drainage district will be greater than required for the purposes for which such assessment was levied, the reclamation board may by resolution entered in its minutes release the lien of and abandon such assessment as to any part thereof not required as aforesaid and not previously ordered to be paid; and a copy of such resolution certified by the secretary of said board and attested with

The reclamation board may also in its discretion abandon further proceedings under any assessment at any time prior to the time when the lien of such assessment has accrued. In case of any change of county boundary lines, or creation of any new county, all acts and proceedings in this act provided for in the matter of or relating to or in pursuance of or founded upon any assessment upon lands affected by such change of county boundary lines, or creation of such new county, shall be done and conducted as if such lands were situated in the same county as at the time of appointment of the assessors to make such assessment.

Abandonment of proceedings under assessment.

SEC. 13. Section sixteen and one-half of said act is hereby amended to read as follows:

Sec. 16½. One of the first projects to be considered by said board shall be that portion of the plans of the California debris commission relating to the Sacramento river and Cache slough below the junction of Yolo basin by-pass and Cache slough known as the project to enlarge the outlet of the Sacramento river. In the estimate of the sum necessary for the project last named, the board shall also ascertain the amount of any expenditures that have heretofore been made by the State of California, any municipal corporation, reclamation district, and by any owner of lands within said drainage district, or by any of them, for the purpose of purchasing rights of way for the enlargement of the outlet of the Sacramento river and actually applied to said purpose, which said sums so expended shall be legal claims against said district upon execution by the claimant of a quitclaim deed of rights of way to the district, and shall be paid from the moneys arising from the assessment for the project in this section first above mentioned. The governor is hereby authorized to execute such quitclaim deed on behalf of the State of California; *provided, however*, that in cases where such rights of way or lands for use as such rights of way have already been conveyed to, or the title thereto has already been vested in, the United States for use in carrying out said project, the quitclaim deed from any claimant above referred to shall not be required.

SEC. 14 Section seventeen of said act is hereby amended to read as follows:

Sec. 17. It shall be the duty of the reclamation board to promote the construction, completion, maintenance and repair of levees along all rivers, streams, overflow channels and basins and by-passes where, in the opinion of the board, such levees are insufficient or necessary for the purpose of the plans for flood control to be carried out by said board under this act. Whenever any such levee is in the opinion of said board insufficient or necessary for the purpose aforesaid, the reclamation board shall give notice, by publication in the manner hereinafter provided, that such levee is insufficient or necessary, and that it is the intention of said board to construct, repair or complete such levee and pay the cost thereof out of an assessment levied or to be levied and assessed upon the lands within said drainage district directly or indirectly benefited by such levee. Such notice shall be signed in the name of the reclamation board by its president and secretary and shall be published once a week for three weeks in some newspaper published in the county wherein such levee or the greater part thereof is situated or is to be constructed, and the giving of such notice by publication shall be deemed completed on the twenty-first day after the first publication thereof. Any land owner or owners, and any reclamation district, drainage district, levee district, municipal corporation or other organization or association authorized by law to construct, repair or complete such levee shall have thirty days after completion of the giving of such notice by publication as aforesaid within which to apply to said reclamation board for leave to construct, repair or complete such levee, which application shall be in writing and signed by such applicants or their respective executors, administrators, guardians, trustees or duly constituted and authorized officers, and filed in the office of the reclamation board; and in case such application be filed within thirty days, as aforesaid, such applicants shall have sixty days after the filing of such application, or such further time as said reclamation board may by order entered in its minutes allow, within which to present to said reclamation board their plans and specifications for the construction, repair or completion of such levee, and obtain the approval by said board of such plans and specifications, and to commence the work. Each such application for leave to construct, repair or complete such levee shall designate the name and post office address of at least one and not more than three of the applicants signing the same as the person or persons to whom any notice or communication may be addressed by the reclamation board in the matter of such application. In case there shall be two or more such applications filed in the office of the reclamation board within said period of thirty days last above mentioned the reclamation board may determine which of such applications shall be recognized and may reject the others. the reclamation board and according to plans and specifications approved by said board, shall be considered as constructed or done with the permission of said board within the meaning of section eighteen of this act. If such application shall not be filed in the office of said reclamation board for permission to do such work, as aforesaid, within thirty days after completion of the giving of such notice by publication, or if such applicants shall fail to present to said board and obtain its approval of such plans and specifications and to commence the work as aforesaid, within said period of sixty days or such further time as the board may allow, or shall fail to complete such work with reasonable diligence after the same shall have been so commenced, the reclamation board shall thereupon be and is hereby empowered to proceed with the construction, repair or completion of such work, and to pay the cost thereof by assessment upon the lands within said drainage district directly or indirectly benefited by such levee according to such benefits, as in this act provided, which assessment may be either an assessment specially levied and assessed for that purpose, or any assessment levied and assessed by said board and applicable to the payment of such work. Notwithstanding anything in this section provided, if in the opinion of the reclamation board a case of emergency exists requiring immediate action to preserve life or property or to protect or preserve the safety of any such levee along any river, stream, overflow channel or basin or by-pass, the reclamation board may cause the necessary work to be done immediately for the protection or preservation of such levee, without giving the notice hereinbefore provided, and may pay the cost thereof, and any damage that may have been done by the performance of such work, by an assessment to be levied and assessed as above provided, or out of the funds of any assessment available for that purpose under the provisions of this act.

Sec. 18. Notwithstanding any provision in this act, any reclamation district, levee district, drainage district or municipal corporation, wholly or partly within the said Sacramento and San Joaquin drainage district, now or hereafter existing, shall have the right, with the permission of the reclamation board, to acquire by grant or eminent domain or otherwise, any right of way or other easement included in any of the plans for controlling the flood waters of the Sacramento and San Joaquin rivers or their tributaries to be carried out by said reclamation board as in this act provided, which right of way or other easement is or shall be required by the plans of such reclamation, levee, or drainage district or municipal corporation for the consummation of its purposes as authorized by law, and shall also have the right, with the permission of the reclamation board, to construct such levees, cuts, canals or gates as may be required to complete any by-pass forming part of said plans to be carried out by said board as aforesaid, or to

complete any part of any such by-pass which may in the judgment of said reclamation board be safely and economically constructed as a separate unit or portion thereof, and the title to any such right of way or other easement or levees, cuts, canals or gates shall be conveyed to the said drainage district upon compensation being made at the actual reasonable cost thereof.

If any reclamation district, levee district, drainage district, municipal corporation, private corporation, association, or person within said Sacramento and San Joaquin drainage district, with the consent of the reclamation board, has provided or left, or shall hereafter provide or leave, any land for a by-pass or waterway storage basin or sump for the purpose of complying with the plans to be carried out by said board as aforesaid, or for carrying out in whole or in part any of the plans or works adopted by it or shall hereafter, with the consent of the reclamation board, erect any levee or levees along said by-pass or waterway, storage basin or sump the said by-pass waterway, storage basin or sump and levees shall be considered as a part of the work to be done pursuant to the provisions of this act and proper compensation shall be made for the right of way or easement through, over and upon such by-pass, waterway, storage basin or sump and for the actual reasonable cost of construction of said levees, cuts, canals or gates. When such compensation shall have been made, such reclamation district, levee district, drainage district, municipal corporation, association, private corporation or person shall convey to the said Sacramento and San Joaquin drainage district a perpetual easement in, over and upon said by-pass, storage basin or sump and levees for all purposes necessary to accomplish the said plans to be carried out by said reclamation board as aforesaid.

for by-pass

In the event that any such reclamation district, levee district, drainage district, municipal corporation, private corporation, association, or person, shall, with the consent of the reclamation board, expend any sum of money in the acquisition of such right of way or other easement, or in the construction of such levees, cuts, canals or gates, and shall convey the same to the Sacramento and San Joaquin drainage district, or in the event that it, he or they has or have allowed, or shall allow, any land to be used for the purpose of a by-pass or waterway, storage basin or sump to comply with the plans to be carried out by said board as aforesaid, or shall, with the consent of said board, construct levees along any line of any such by-pass, or storage basin, and shall convey a perpetual easement therein to said Sacramento and San Joaquin drainage district, it, he or they shall have a claim against the said drainage district for the reasonable value or cost of such right of way or other easement or of such levees, cuts, canals or gates, and an assessment shall be levied upon the lands in said drainage district benefited thereby so that the same may be paid, or such cost may be

included as one of the items in any assessment that may be levied in the said drainage district.

Definition.

The words "with the permission of the reclamation board" or "with the consent of the reclamation board," as used in this section, shall be construed to mean and are hereby declared to mean the express permission or consent of said board in each particular case, evidenced by resolution or order entered in its minutes, and granted upon application of the particular district, corporation, association or person desiring to obtain benefit of the provisions of this section.

Maximum compensation.

Before granting its permission for the acquiring of any right of way or easement or for the construction of any of the levees or other works in this section mentioned, the reclamation board may require the applicant for such permission to furnish and submit to said board complete and detailed plans and specifications therefor and estimates of the cost thereof, and said board may in its order granting such permission designate a maximum limit of the amount of compensation to be so allowed therefor.

When ownership in fee may be deemed necessary.

In case the reclamation board shall determine that the ownership in fee of, instead of the right of way or easement over, any land required for use as a by-pass, or overflow channel or basin, or for any part of the works of flood control to be carried out by said board, is necessary, or that the absolute ownership by said Sacramento and San Joaquin drainage district of any levees, cuts, canals, gates or other flood control works is necessary, for the purposes of said district, then said board may require that such title in fee and absolute ownership shall be conveyed to said Sacramento and San Joaquin drainage district before any compensation shall be allowed therefor pursuant to any of the provisions of this section.

SEC. 16. A new section is hereby added to said act to be numbered section twenty and to read as follows:

Revolving fund.

Sec. 20. When and as soon as the sum of fifty thousand dollars has been collected and paid to the state treasurer as reimbursement of one-half of the appropriation for the use of the reclamation board made by section nineteen of said act hereby amended, or when and as soon as any part or parts of said sum shall be so repaid from time to time, if the same shall be so repaid in installments, the money so repaid to the state treasurer shall be and is hereby re-appropriated for the use of said reclamation board and may be used by said board as a continuing revolving fund in the manner hereinafter provided. The controller is hereby directed to draw warrants upon the state treasurer whenever drafts of the reclamation board therefor are presented to him, payable out of such revolving fund, and the state treasurer is hereby directed to pay said warrants. The said revolving fund may be used by said reclamation board from time to time for any purpose for which the funds of said board or of the Sacramento and San Joaquin drainage district, whether raised by assessment or otherwise provided, may be lawfully used. Whenever any assessment has been or

shall be levied or ordered by said board applicable to the payment of any expenses or charges so prepaid out of said revolving fund, and such proceedings shall have been taken in the matter of such assessment that it shall be lawful to draw warrants against the funds of such assessment as hereinbefore provided, the reclamation board shall make and present its draft to the controller and the controller shall draw his warrant upon the state treasurer upon the funds of such assessment for the amount of such expenses or charges so prepaid out of said revolving fund, which warrant shall be drawn in favor of the state treasurer. Such warrants may be registered and renewed and shall bear interest and be paid in the same manner as other warrants against the funds of such assessment, as hereinbefore provided, and when so paid the amount of such warrants and the interest thereon, if any, shall be by the state treasurer credited to said revolving fund and form a part thereof.

The reclamation board may from time to time draw such sum from the state treasury out of such revolving fund, not to exceed the sum of five thousand dollars, as shall be approved by the board of control, which sum may be drawn without the submission of estimates, receipts, vouchers or itemized statements, to be used as a special cash contingent fund out of which may be advanced any proper expenses or charges in and about the conduct of its business, requiring prompt payment in cash. All charges and expenses so advanced out of such cash contingent fund must be accounted for and proper vouchers therefor produced to the board of control, and when approved by the board of control the amount thereof shall be paid out of said revolving fund and returned to said cash contingent fund. Said special cash contingent fund must be accounted for by the said state reclamation board at any time upon demand by the controller or state board of control and refunded to the said revolving fund.

The order shall describe the boundaries as changed and shall also describe the entire boundaries of the district as they will be after the change thereof as aforesaid is made; and for that purpose the board may cause a survey to be made of such portions of such boundary as is deemed necessary; *provided, however,* that any public land of the United States of America adjoining the boundaries of any irrigation district may be included within the boundaries of any such irrigation district by order or resolution of the board of directors of such district without any petition being filed asking for such inclusion; *and provided, further,* that when additional land is included within any irrigation district and the board of directors of such district finds either that such inclusion without condition would work an injury to the land already in the district either by an impairment of water right or by requiring a greater expense for furnishing water to the lands proposed to be included, the board may prescribe conditions upon such inclusion of land, either by providing for priority of right to water or for the payment of an additional annual charge or such other conditions as may to the board seem just. If such inclusion is upon petition of property owners all such property owners must sign and acknowledge an agreement with the district, specifying such conditions and describing the land so to be included. Such agreement must be recorded in the office of the county recorder of the county in which such lands are situated, together with a certified copy of the order including such lands, and thereupon such lands shall become a part of such irrigation district subject to such conditions.

The resolution shall describe the exterior boundaries of the land which will be included within the boundaries of the district when changed, but before calling the election provided for in the next section, the board may require an undertaking, with sufficient sureties, from the petitioners that they will pay all of the cost of holding such election for the inclusion of such lands in case such inclusion should be denied.
