[Approved January 21, 1915. In effect immediately.]

*The people of the State of California do enact as follows:*

SECTION 1. The board of directors of irrigation districts having an area of more than five hundred thousand acres may expend such sums as may to them seem necessary for the protection of the canal system of such district or of lands within such districts from damage by flood and from the overflow of rivers and may contribute funds for that purpose to be expended by or jointly with the government of the United States of America, or other governments or persons benefited by the same protective work or works. The board of directors of any such irrigation district may also do all things necessary to insure such irrigation system and the lands within such district from any such damage by flood or overflow without first receiving a petition of land owners or freeholders for holding an election to authorize such expenditure.

SEC. 2. When the issuance of bonds of any such district has been authorized by vote of the electors of such district, for the purpose of protection against floods but have not been sold, the board of directors thereof may borrow for such purpose, at the rate of interest not exceeding seven per cent per annum, the amount of such authorized bond issue, but when such bonds have been sold, the amount borrowed under the provisions of this section must be repaid.

SEC. 3. In addition to the powers conferred by the last section, the board of directors of any such district shall have power to borrow for flood protection purposes, in any one year not to exceed two hundred thousand dollars at a rate of interest not greater than seven per cent per annum.

The board of directors of any such irrigation district shall within fifteen days after the close of its session as a board of equalization, levy an assessment sufficient to raise the annual interest on any outstanding bonds of such district and for any year in which any bonds shall fall due, must increase such assessment to an amount sufficient to raise a sum sufficient to pay the principal of the outstanding bonds as they mature, also, sufficient to pay in full all sums due or that shall become due from the district before the time for levying the next annual assessment, also, sufficient to pay in full, the amount of any other contract or obligation of the district due or to become due within the succeeding twelve months and such further sum as, with the other revenue of the district, will meet the estimated current expenses of the district including cost of flood prevention for the succeeding twelve months.

*How governed.*

SEC. 5. Except as herein provided, every such irrigation district shall be governed by the provisions of an act of the legislature of the State of California, entitled, "An act to provide for the organization and government of irrigation districts and to provide for the acquisition or construction thereby of works for the irrigation of lands embraced within such districts, and also to provide for the distribution of water for irrigation purposes," approved March 31, 1897, and the acts amendatory thereof.

*Urgency.*

SEC. 6. This act is hereby declared to be an urgency measure, within the meaning of section one, article four of the constitution of the State of California, and shall take effect immediately.

The facts constituting such urgency are as follows: One irrigation district which will be affected and governed by the provisions of this act, and which contains a population of over thirty thousand people, is in serious danger of loss of life, and of a vast amount of property, by reason of threatened overflow of the Colorado river. There is no other public body authorized to make the expenditures necessary to secure protection from such threatened overflow and the protective work necessary in order to be effective, must be commenced before this act would take effect without the enactment of this section. It is therefore necessary for the immediate preservation of public safety, that this act take effect immediately.

There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one and two-tenths per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the

accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county, and municipal, upon such shares of stock and upon the property of such bank, except county and municipal taxes on real estate and except as otherwise provided in the constitution of this state. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this section, except county and municipal taxes on real estate, and except as otherwise provided in the constitution of this state. All moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in this section. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this section, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and

[Approved April 20, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. Any portion of a municipality incorporated under the laws of this state may be formed into a municipal improvement district for the purpose of creating an indebtedness, to be represented by bonds of said district, the proceeds from the sale of which shall be used for the acquisition or construction therein of any public improvement work or public utility which such municipality is authorized by law to acquire or construct. Such districts shall be formed and such bonds

shall be issued and sold in the manner and under the proceedings hereinafter set forth.

SEC. 2. Whenever a petition signed by not less than ten per cent of the qualified electors residing in the territory which is proposed to be formed into a municipal improvement district, setting forth a general description of the improvement work or public utility to be acquired or constructed and a general description of the exterior boundaries of such proposed district, shall have been filed in the office of the clerk of the legislative body of said city, said legislative body may adopt an ordinance declaring its intention to call an election in said proposed district, or as the same may have been modified as herein provided, for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner and for the purpose set forth in said ordinance of intention. SEC. 4. Any person interested, objecting to the formation of said district, or to the extent of said district, or to the

proposed improvement, or work, or to the acquiring or construction of the proposed public utility, or to the inclusion of his property in said district, may file a written protest, setting forth such objection, with the clerk of the legislative body at or before the time set for the hearing of said petition. The clerk of said legislative body shall endorse on each such protest the date of its reception by him, and, at the time appointed for the hearing above provided for, shall present to said board all protests so filed with him. Said legislative body shall hear said protests at the time appointed or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. Said legislative body shall hear and pass upon such objections at the time appointed, or at any time to which the hearing thereof may be adjourned, and its decision thereon shall be final and conclusive. If such objections, or any of them, be sustained, no further proceedings pursuant to such objection shall be taken, but a new petition for the same or a similar purpose may be filed at any time after the expiration of six months from the date such protest was sustained.

Modification of boundaries

At the expiration of the time within which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, or at the expiration of the time within which objections to the modification of the boundaries of the district, in case such modification be proposed, may be filed, if none be filed, or if such objections be filed, and, after hearing, be overruled, as above provided, then said legislative body shall be deemed to have acquired jurisdiction to proceed further in accordance with the provisions of this act.

Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that a physical connection can reasonably be made between the lines of two or more telephone corporations or two or more telegraph corporations whose lines can be made to form a continuous line of communication, by the construction and maintenance of suitable connections for the transfer of messages or conversations, and that public convenience and necessity will be subserved thereby, or shall find that two or more telegraph or telephone corporations have failed to establish joint rates, tolls or charges for service by or over their said lines, and that joint rates, tolls or charges ought to be established, the commission may, by its order, require that such connection be made on the payment of such compensation, if any, as the commission may find to be just and reasonable, except where the purpose of such connection is primarily to secure the transmission of local messages or conversations between points within the same city and county, or city or town, and that conversations be transmitted and messages transferred over such connection under such rules and regulations as the commission may establish, and prescribe through lines and joint rates, tolls and charges to be made, and to be used, observed and in force in the future. If such telephone or telegraph corporations do not agree upon the division between them of the cost of such physical connection or connections or the division of the joint rates, tolls or charges established by the commission over such through lines, the commission shall have authority, after further hearing, to establish such division by supplemental order.

SEC. 41. Whenever the commission, after a hearing had upon its own motion or upon complaint of a public utility affected, shall find that public convenience and necessity require the use by one public utility of the conduits, subways, tracks, wires, poles, pipes or other equipment, or any part thereof, on, over, or under any street or highway, and belonging to another public utility, and that such use will not result in irreparable injury to the owner or other users of such conduits, subways, tracks, wires, poles, pipes or other equipment or in any substantial detriment to the service, and that such public utilities have failed to agree upon such use or the terms and conditions or compensation for the same, the commission may by order direct that such use be permitted, and prescribe a reasonable compensation and reasonable terms and conditions for the joint use. If such use be directed, the public utility to whom the use is permitted shall be liable to the owner or other users of such conduits, subways, tracks, wires, poles, pipes or other equipment for such damage as may result therefrom to the property of such owner or other users thereof, and the

commission shall have power to ascertain and direct the payment, prior to such use, of fair and just compensation for damage suffered, if any.

SEC. 42. The commission shall have power, after a hearing had upon its own motion or upon complaint, by general or special orders, rules or regulations, or otherwise, to require every public utility to construct, maintain and operate its line, plant, system, equipment, apparatus, tracks and premises in such manner as to promote and safeguard the health and safety of its employees, passengers, customers, and the public, and to this end to prescribe, among other things, the installation, use, maintenance and operation of appropriate safety or other devices or appliances, including interlocking and other protective devices at grade crossings or junctions and block or other systems of signalling, to establish uniform or other standards of construction and equipment, and to require the performance of any other act which the health or safety of its employees, passengers, customers or the public may demand.

Every public utility is hereby required to file with the commission, under such rules and regulations as the commission may prescribe, a report of each accident so occurring of such kinds or classes as the commission may from time to time designate.

Valuation of public utility property

Any county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or any other public corporation may, at any time, file with the commission a petition setting forth the intention of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation to acquire under eminent domain proceedings, or otherwise, any existing public utility and the lands, property and rights of any character, whatsoever, connected with such existing public utility, or any part or portion thereof. Said petition shall give a full and complete description of said public utility, lands, property and rights, or the parts or portions thereof, it is so intended to acquire, and may pray that the commission fix and determine the just compensation which shall be paid by such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation under the law, for said public utility and said lands, property and rights thereof, or the parts or portions thereof sought to be acquired. Or the legislative or other governing body of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation may file with the commission a petition setting forth its intention to initiate such

proceedings as may be required under the law governing such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation for the purpose of submitting to the voters of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, a proposition to acquire under eminent domain proceedings, or otherwise, any existing public utility and the lands, property and rights of any character whatsoever connected with such existing public utility, or any parts or portions thereof. Such petition shall give a full and complete description of the said public utility, lands, property, rights, or the parts or portions thereof concerning which it is so intended to initiate said proceedings as above described. Upon either of such petitions being filed, the commission shall proceed to fix and determine the just compensation that should be paid to the owner of such public utility and the lands, property and rights thereof, or any such parts or portions thereof, in the manner and in accordance with the provisions of section 70 of this act. In the case of the petition first above described, within sixty days after the commission shall have certified, in accordance with section 70, its findings as to the just compensation that should be so paid for such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must commence an action in a court of competent jurisdiction and in a manner in accordance with the provisions of law, to take under eminent domain proceedings said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided, unless the owner of such existing public utility, and the lands, property and rights thereof, or any such parts or portions thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, for the taking of said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70, before commencing such proceedings in eminent domain. city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation filed as above described, setting forth its intention to so initiate such proceedings for the purpose of so submitting a proposition to the voters of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation then within sixty days after the commission shall have certified, in accordance with section 70, its findings as to the just compensation that should be so paid for such existing public utility and the lands, property and rights thereof, or any such part or portion thereof, the said legislative or other governing body must so initiate such proceedings, unless there be obtained a writ of review from the supreme court of the State of California, in accordance with the provisions of section 70 hereof, and if said writ of review be so obtained the time for the initiation of such proceedings shall be extended to not more than sixty days beyond the final decision of the supreme court upon such writ of review. If the people of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall thereafter, as required by the law governing such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district, or other public corporation, vote in favor of any proposition to acquire under eminent domain proceedings, or otherwise, said public utility, or the lands, property and rights thereof, or any such parts or portions thereof, then the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall, within sixty days after the people have so declared in favor of such acquisition, commence an action in a court of competent jurisdiction, and in a manner in accordance with the provisions of law, to take under eminent domain proceedings said existing utility and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided, unless the owner of such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation for the taking of said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to

delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70 before commencing such proceedings in eminent domain; *provided, however*, that in any case where the law governing any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation permits such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation to commence and prosecute such proceedings in eminent domain prior to any such vote being had by the people, then the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation whose legislative or other governing body has so filed such petition with the commission, as above described, may, within sixty days after the commission shall have certified, in accordance with section 70, its findings as to the just compensation that should be so paid for such existing public utility, and the lands, property and rights thereof, or any such part or portion thereof, commence an action in a court of competent jurisdiction and in a manner and in accordance with the provisions of law, to take under eminent domain proceedings said existing public utility, and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided unless the owner of such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation for the taking of said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70 before commencing such proceedings in eminent domain.

When city  
must  
provide  
funds

Whenever the owner of such existing public utility and such lands, property and rights thereof, or any such parts or portions thereof, shall file such a stipulation, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must proceed with all due diligence to provide the necessary funds under the laws governing the providing of such funds, for paying to the

owner of such existing public utility and such lands, property and rights thereof or any such parts or portions thereof, the amount fixed by the commission as the just compensation to be paid. Upon such compensation being paid to the owner of said existing public utility or the lands, property and rights thereof, or any such parts or portions thereof, the owner thereof shall make and execute to the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation a deed of grant, bargain and sale conveying all of the right, title and interest such owner has in the existing public utility and lands, property and rights thereof, or any such parts or portions thereof whose value has been so fixed as herein provided. And in default of such deed the commission is hereby empowered to execute such deed, as the trustee of said public utility and lands, property and rights thereof, or any such parts or portions thereof. Should the owner of such existing public utility and the lands, property and rights thereof, or such parts or portions thereof, fail to file such a written stipulation as above, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must commence the action herein provided for within the time herein provided for. In such action the compensation fixed by the commission to be paid for such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall be deemed final and conclusive between the parties; and the court in which the action is pending, if it shall first decide that such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation has the right and power under the law to take the said existing public utility and the lands, property and rights thereof, or such parts or portions thereof, whose value has been so fixed as herein provided for, shall enter a decree in favor of the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation as provided by law, fixing the amount that shall be paid as the just compensation for the taking of such existing public utility and the lands, property and rights thereof, or any parts or portions thereof, as the amount fixed and determined by the commission. The judgment shall include a provision, in substance, that said judgment is subject to modification on account of any unreasonable depreciation or deterioration in value of the property taken, or on account of any loss which might be suffered by the owner of said public utility through his being required to properly take care of said property, as is hereinafter more fully provided for. If between the date of the filing of any such petition and the payment of the compensation to the owner of the

publie utility, the owner of the public utility shall permit the property taken to unreasonably depreciate or deteriorate in value. the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation may file with the commission a petition setting forth that fact, and praying that the commission determine and fix the amount of said unreasonable depreciation or deterioration. The commission shall thereupon order a copy of said petition to be served upon the owner of said public utility with an order to within ten days appear before said commission and show cause why there should not be deducted from the amount of compensation to be paid an amount sufficient to cover said depreciation or deterioration. The commission shall on the day so fixed, unless for good cause the hearing is continued, proceed to ascertain whether there has been any such depreciation or deterioration, and if so, what amount should be deducted therefor from the compensation to be paid. Hearings shall be had in the same manner as provided in section 70 of this act. The commission shall thereupon certify to the court any amount which may be determined upon that should be so deducted from the compensation, and the court shall thereupon modify its judgment in order to conform with said ascertainment by said commission. If between the time when the judgment in condemnation has become final and the time of the payment of the compensation the owner of the public utility shall, in order to preserve the property, be required to suffer a loss, the said owner may file a petition with the commission setting forth this fact, and praying that the commission determine and fix the amount of the loss which the owner has so suffered. The commission shall thereupon order a copy of said petition to be served upon the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation with an order to within ten days appear before said commission to show cause why there should not be paid, in addition to the amount of the judgment, an amount sufficient to compensate for the said loss. The commission shall on the day so fixed, unless for good cause the hearing is continued, proceed to ascertain whether there has been any such loss, and if so, how much. The hearing shall be conducted as provided in section 70 of this act. The commission shall thereupon certify to the court any amount of loss so determined upon, and the court shall thereupon modify its judgment in order to conform with said ascertainment by the commission. Said amount of loss which may be so required to be paid to the owner of said utility shall not be considered as compensation for the property taken, but shall be considered as damages awarded for the loss so sustained by the owner of the utility. And the filing of any such petition by the owner of the utility shall not act as a stay of the decree in condemnation, but upon the payment of the

The findings of the commission fixing the just compensation to be paid or the amount that should thus be deducted from the judgment on account of such unreasonable depreciation or deterioration, or that should thus be added to the judgment on account of said loss suffered, shall be subject to review by the supreme court of this state in the same manner and within the same time as other orders and decisions of the commission. Said writ of review may be issued at the instance of either the owner of the public utility or of the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation.

Review by  
supreme  
court.

Should a writ of review be obtained from the supreme court of the State of California in accordance with the provisions of section 70 hereof, the time for the filing of such suit in eminent domain by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall be extended to not more than sixty days beyond the final decision of the supreme court upon such writ of review; or, should said writ of review be obtained prior to the vote by the people of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation upon any such proposition, then said sixty days period to be extended to not longer than sixty days after such vote is had. If the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation or the legislative or other governing body thereof shall fail to file such suit or proceed diligently to enforce the rights herein conferred and in the manner herein set forth, then upon written petition from the owner of such existing public utility setting forth said fact, the commission shall cause a notice of not less than ten days to be given to said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation to appear before said commission and show cause why an order should not be made by said commission, finding that the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation has failed to diligently pursue its rights hereby conferred, and determining that the findings of the said commission theretofore made as to the just compensation that should be paid for the existing public utility and the lands, property and rights thereof or any such part or portion thereof, shall no longer be of any force or effect. And said notice shall include a copy of

said written petition so filed by said owner of such existing public utility. If the commission shall determine that said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation or the legislative or other governing body thereof has so failed to either file such suit or to proceed diligently to enforce the rights herein conferred and in the manner herein set forth, the commission shall make and enter such an order as so petitioned for by the owner of such existing public utility. Should the supreme court, upon a writ of review being obtained, decide that in any manner the commission has not lawfully pursued its power hereby conferred or conferred in this act, the supreme court shall make its findings and refer the matter back to the commission for correction or further action. Upon such writ coming down to the commission, it shall proceed, as in the first instance to correct its findings in the manner specified in the writ of review. Any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must pay at such times in such amounts as may be directed by said railroad commission any extra costs which it might be necessary for said railroad commission to incur in order to comply with the requirements of this section. And the court, upon rendering any judgment in eminent domain, as herein provided for, may include therein the allowance of such costs as between the parties as is provided for in the law of eminent domain of this state. The rights herein conferred upon any county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation or upon the legislative, or other governing body thereof, to so file with the commission a petition for the ascertainment of the just compensation that should be so paid for any such existing public utility and lands, property and rights thereof, or any such part or portion thereof, shall not be considered as an exclusive mode of procedure, but shall be considered as an alternative and cumulative procedure which may be followed by such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation or the legislative or other governing body thereof in addition to any other method of procedure provided for in law for the taking by said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation of any such public utility or lands, property and rights thereof, or any such part or portion thereof, under eminent domain proceedings, in accordance with the law of this state; and this act shall not be construed as repealing any law of this state providing for such eminent domain proceedings.

SEC. 48. The commission shall have power to establish a system of accounts to be kept by the public utilities subject to its jurisdiction, or to classify said public utilities and to establish a system of accounts for each class, and to prescribe the manner in which such accounts shall be kept. It may also in its discretion prescribe the forms of accounts, records and memoranda to be kept by such public utilities, including the accounts, records and memoranda of the movement of traffic as well as the receipts and expenditures of moneys, and any other forms, records and memoranda which in the judgment of the commission may be necessary to carry out any of the provisions of this act. The system of accounts established by the commission and the forms of accounts, records and memoranda prescribed by it shall not be inconsistent, in the case of corporations subject to the provisions of the act of congress entitled "An act to regulate commerce," approved February fourth, eighteen hundred and eighty-seven, and the acts amendatory thereof and supplementary thereto, with the systems and forms from time to time established for such corporations by the interstate commerce commission, but nothing herein contained shall affect the power of the commission to prescribe forms of accounts, records and memoranda covering information in addition to that required by the interstate commerce commission. The commission may, after hearing had upon its own motion or upon complaint, prescribe by order the accounts in which particular outlays and receipts shall be entered, charged or credited. Where the commission has prescribed the forms of accounts, records or memoranda to be kept by any public utility for any of its business, it shall thereafter be unlawful for such public utility to keep any accounts, records or memoranda for such business other than those so prescribed, or those prescribed by or under the authority of any other state or of the United States, excepting such accounts, records or memoranda as shall be explanatory of and supplemental to the accounts, records or memoranda prescribed by the commission.

SEC. 49. The commission shall have power, after hearing, to require any or all public utilities to carry a proper and adequate depreciation account in accordance with such rules, regulations and forms of account as the commission may prescribe. The commission may, from time to time, ascertain and determine and by order fix the proper and adequate rates of depreciation of the several classes of property of each public utility. Each public utility shall conform its depreciation accounts to the rates so ascertained, determined and fixed, and shall set aside the moneys so provided for out of earnings and carry the same in a depreciation fund and expend such fund only for such purposes and under such rules and regulations, both as to original expenditure and subsequent replacement as the commission may prescribe. The income from investments of moneys in such fund shall likewise be carried in such fund.

(b) No public utility of a class specified in subsection (a) hereof shall henceforth exercise any right or privilege under any franchise or permit hereafter granted, or under any franchise or permit heretofore granted but not heretofore actually exercised, or the exercise of which has been suspended for more than one year, without first having obtained from the commission a certificate that public convenience and necessity require the exercise of such right or privilege; *provided*, that when the commission shall find, after hearing, that a public utility has heretofore begun actual construction work and is prosecuting such work, in good faith, uninterruptedly and with reasonable diligence in proportion to the magnitude of the undertaking, under any franchise or permit heretofore granted but not heretofore actually exercised, such public utility may proceed, under such rules and regulations as the commission may prescribe, to the completion of such work, and may, after such completion, exercise such right or privilege; *and provided, further*, that this section shall not be construed to validate any right or privilege now invalid or hereafter becoming invalid under any law of this state.

Every applicant for a certificate shall file in the office of the commission such evidence as shall be required by the commission to show that such applicant has received the required consent, franchise or permit of the proper county, city

and county, municipal or other public authority. The commission shall have power, after hearing, to issue said certificate, as prayed for, or to refuse to issue the same, or to issue it for the construction of a portion only of the contemplated street railroad, line, plant or system, or extension thereof, or for the partial exercise only of said right or privilege, and may attach to the exercise of the rights granted by said certificate such terms and conditions, including provisions for the acquisition by the public of such franchise or permit and all rights acquired thereunder and all works constructed or maintained by authority thereof, as in its judgment the public convenience and necessity may require. If a public utility desires to exercise a right or privilege under a franchise or permit which it contemplates securing, but which has not as yet been granted to it, such public utility may apply to the commission for an order preliminary to the issue of the certificate. The commission may thereupon make an order declaring that it will thereafter, upon application, under such rules and regulations as it may prescribe, issue the desired certificate, upon such terms and conditions as it may designate, after the public utility has obtained the contemplated franchise or permit. Upon the presentation to the commission of evidence satisfactory to it that such franchise or permit has been secured by such public utility, the commission shall thereupon issue such certificate.

SEC. 65. In all collateral actions or proceedings, the orders and decisions of the commission which have become final shall be conclusive.

Rehearing.

SEC. 66. After any order or decision has been made by the commission, any party to the action or proceeding, or any stockholder or bondholder or other party pecuniarily interested in the public utility affected, may apply for a rehearing in respect to any matters determined in said action or proceeding and specified in the application for rehearing, and the commission may grant and hold such rehearing on said matters, if in its judgment sufficient reason therefor be made to appear. No cause of action arising out of any order or decision of the commission shall accrue in any court to any corporation or person unless such corporation or person shall have made, before the effective date of said order or decision, application to the commission for a rehearing. Such application shall set forth specifically the ground or grounds on which the applicant considers said decision or order to be unlawful. No corporation or person shall in any court urge or rely on any ground not so set forth in said application. Any application for a rehearing made within less than ten days before the effective date of the order as to which a rehearing is sought, and not granted within twenty days, may be taken by the party making the application to be denied, unless the effective date of the order is extended for the period of the pendency of the application. If any application for a rehearing be granted without a suspension of the order involved, the commission shall forthwith proceed to hear the matter with all despatch and shall determine the same within twenty days after final submission, and if such determination is not made within

said time, it may be taken by any party to the rehearing that the order involved is affirmed. An application for rehearing shall not excuse any corporation or person from complying with and obeying any order or decision, or any requirement of any order or decision of the commission theretofore made, or operate in any manner to stay or postpone the enforcement thereof, except in such cases and upon such terms as the commission may by order direct. If, after such rehearing and a consideration of all the facts, including those arising since the making of the order or decision, the commission shall be of the opinion that the original order or decision or any part thereof is in any respect unjust or unwarranted, or should be changed, the commission may abrogate, change or modify the same. An order or decision made after such rehearing abrogating, changing or modifying the original order or decision shall have the same force and effect as an original order or decision, but shall not affect any right or the enforcement of any right arising from or by virtue of the original order or decision unless so ordered by the commission.

SEC. 67. Within thirty days after the application for a rehearing is denied, or, if the application is granted, then within thirty days after the rendition of the decision on rehearing, the applicant may apply to the supreme court of this state for a writ of certiorari or review (hereinafter referred to as a writ of review) for the purpose of having the lawfulness of the original order or decision or the order or decision on rehearing inquired into and determined. Such writ shall be made returnable not later than thirty days after the date of the issuance thereof, and shall direct the commission to certify its record in the case to the court. On the return day, the cause shall be heard by the supreme court, unless for a good reason shown the same be continued. No new or additional evidence may be introduced in the supreme court, but the cause shall be heard on the record of the commission as certified to by it. The review shall not be extended further than to determine whether the commission has regularly pursued its authority, including a determination of whether the order or decision under review violates any right of the petitioner under the constitution of the United States or of the State of California. The findings and conclusions of the commission on questions of fact shall be final and shall not be subject to review; such questions of fact shall include ultimate facts and the findings and conclusions of the commission on reasonableness and discrimination. The commission and each party to the action or proceeding before the commission shall have the right to appear in the review proceeding. Upon the hearing the supreme court shall enter judgment either affirming or setting aside the order or decision of the commission. The provisions of the Code of Civil Procedure of this state relating to writs of review shall, so far as applicable and not in conflict with the provisions of this act, apply to proceedings instituted in the supreme court under the provisions of this section. court of this state (except the supreme court to the extent herein specified) shall have jurisdiction to review, reverse, correct or annul any order or decision of the commission or to suspend or delay the execution or operation thereof, or to enjoin, restrain or interfere with the commission in the performance of its official duties; *provided*, that the writ of mandamus shall lie from the supreme court to the commission in all proper cases.

Order not stayed.

SEC. 68. (a) The pendency of a writ of review shall not of itself stay or suspend the operation of the order or decision of the commission, but during the pendency of such writ, the supreme court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order or decision.

(b) No order so staying or suspending an order or decision of the commission shall be made by the supreme court otherwise than upon three days' notice and after hearing, and if the order or decision of the commission is suspended, the order suspending the same shall contain a specific finding based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage.

Suspending bond

(c) In case the order or decision of the commission is stayed or suspended, the order of the court shall not become effective until a suspending bond shall first have been executed and filed with, and approved by the commission (or approved, on review, by the supreme court), payable to the people of the State of California, and sufficient in amount and security to insure the prompt payment, by the party petitioning for the review, of all damages caused by the delay in the enforcement of the order or decision of the commission, and of all moneys which any person or corporation may be compelled to pay, pending the review proceedings, for transportation, transmission, product, commodity or service in excess of the charges fixed by the order or decision of the commission, in case said order or decision is sustained. The supreme court, in case it stays or suspends the order or decision of the commission in any matter affecting rates, fares, tolls, rentals, charges or classifications, shall also by order direct the public utility affected to pay into court, from time to time, there to be impounded until the final decision of the case, or into some bank or trust company paying interest on deposits, under such conditions as the court may prescribe, all sums of money which it may collect from any corporation or person in excess of the sum such corporation or person would have been compelled to pay if the order or decision of the commission had not been stayed or suspended.

Accounts showing excess of charges allowed by order

(d) In case the supreme court stays or suspends any order or decision lowering any rate, fare, toll, rental, charge or classification, the commission, upon the execution and approval of said suspending bond, shall forthwith require the public utility affected, under penalty of the immediate enforcement of the order or decision of the commission (pending the review and notwithstanding the suspending order), to keep such accounts.

The court may, from time to time, require said party petitioning for a review to give additional security on, or to increase the said suspending bond, whenever in the opinion of the court the same may be necessary to insure the prompt payment of said damages and said overcharges. Upon the final decision by the supreme court, all moneys which the public utility may have collected, pending the appeal in excess of those authorized by such final decision, together with interest, in case the court ordered the deposit of such moneys in a bank or trust company, shall be promptly paid to the corporations or persons entitled thereto, in such manner and through such methods of distribution as may be prescribed by the commission. If any such moneys shall not have been claimed by the corporations or persons entitled thereto within one year from the final decision of the supreme court, the commission shall cause notice to such corporations or persons to be given by publication, once a week for two successive weeks, in a newspaper of general circulation, printed and published in the city and county of San Francisco, and such other newspaper or newspapers as may be designated by the commission, said notice to state the names of the corporations or persons entitled to such moneys and the amount due each corporation or person. All moneys not claimed within three months after the publication of said notice shall be paid by the public utility, under the direction of the commission, into the state treasury for the benefit of the general fund.

The commission may from time to time cause further hearings and investigations to be had for the purpose of making revaluations or ascertaining the value of any betterments, improvements, additions or extensions made by any public utility subsequent to any prior hearing or investigation, and may examine into all matters which may change, modify or affect any finding of fact previously made, and may at such time make findings of fact supplementary to those theretofore made. Such hearings shall be had upon the same notice and be conducted in the same manner, and the findings so made shall have the same force and effect as is provided herein for such original notice, hearing and findings; *provided*, that such findings made at such supplemental hearings or investigations shall be considered in connection with and as a part of the original findings except in so far as such supplemental findings shall change or modify the findings made at the original hearing or investigation.

Said board must also issue a certificate to practice a system or mode of treating the sick or afflicted recognized by this act or any preceding practice act in the State of California to any applicant, without any examination, authorizing the holder thereof to practice a system or mode of treating the sick or afflicted in the State of California, upon payment of a registration fee of fifty dollars, upon the following terms and conditions and upon satisfactory proof thereof, viz: The applicant shall produce a certificate entitling him to practice a system or mode of treating the sick or afflicted, as provided in this act or any preceding practice act of the State of California, issued either by the medical examining board, or by any other board or officer authorized by the law to issue a certificate entitling such applicant to practice a system or mode of treating the sick or afflicted either in the District of Columbia or in any state or territory of the United States, or if such certificate shall have been lost, then a copy thereof, with proof satisfactory to the board of medical examiners of the State of California that the copy is a correct copy. The said board shall make such independent investigation of the character, ability and standing of the applicant as it may deem proper and necessary, and if it shall find after such investigation that said applicant has been a practicing physician and surgeon in any other state or territory or the District of Columbia, prior to August 1, 1901, and prior to said last named date has been duly licensed so to practice, and that his reputation as such physician and surgeon is good in the community in which he has so practiced medicine and surgery, and has been a resident of his last state of residence for a period of one year prior to date of filing his application in the State of California, they shall afford him an examination on a day suiting the convenience of the board not more than six months subsequent to the presentation of said application. SEC. 12. Section fourteen of the said act is hereby amended to read as follows:

Refusal of  
certificate  
for unpro-  
fessional  
conduct.

Sec. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citation and subpoenas

generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citations provided for herein. Upon the secretary certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter provided, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, or the person holding such certificate is found to be practicing contrary to the provisions thereof and of this act, it shall be the duty of said board either to suspend the right of the holder of said certificate to practice for a period not exceeding one year, or in its discretion to revoke his certificate. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the State of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may

Any person desiring to appeal from any judgment, order or decree of the superior court to the supreme court or any of the district courts of appeal, may, in lieu of preparing and settling a bill of exceptions pursuant to the provisions of section six hundred and fifty of this code, or for the purpose of presenting a record on appeal from any appealable judgment or order, or for the purpose of having reviewed any matter or order reviewable on appeal from final judgment, file with the clerk of the court from whose judgment, order or decree said appeal is taken, or to be taken, a notice stating that he desires or intends to appeal, or has appealed therefrom, and requesting that a transcript of the testimony offered or taken, evidence offered or received, and all rulings, instructions, acts or statements of the court, also all objections or exceptions of counsel, and all matters to which the same relate, be made up and prepared. SECTION 1. Section six hundred fifty of the Code of Civil Procedure is hereby amended to read as follows:

entry of judgment. if the action was tried without a jury, or if proceedings on motion for a new trial be pending, within ten days after notice of decision denying said motion, or other determination thereof, or such further time as the court in which the action is pending, or a judge thereof, may allow, prepare the draft of a bill, and serve the same, or a copy thereof, upon the adverse party. Such draft must contain all the exceptions and proceedings taken upon which the party relies, and may contain all matters reviewable on the same appeal whether occurring at the trial or on motion for a new trial. It may also contain a statement of any matters occurring upon the trial, in the presence of the court, showing any of the matters mentioned in subdivisions one and two of section six hundred fifty-seven of this code. Within ten days after such service the adverse party may propose amendments thereto, and serve the same or a copy thereof, upon the other party. The proposed bill and amendments must, within ten days thereafter be presented by the party seeking the settlement of the bill, to the judge who tried or heard the case, upon five days' notice to the adverse party, or be delivered to the clerk of the court for the judge. When received by the clerk he must immediately deliver them to the judge, if he is in the county; if he is absent from the county, and either party desires the paper to be forwarded to the judge, the clerk must, upon notice in writing of such party, immediately forward them by mail, or other safe channel; if not thus forwarded the clerk must deliver them to the judge immediately after his return to the county. When received from the clerk, the judge must designate the time at which he will settle the bill, and the clerk must immediately notify the parties of such designation. At the time designated the judge must settle the bill. The bill must thereupon be engrossed and presented to the judge to be certified, by the party presenting it, within ten days. If the action was tried before a referee, the proposed bill, with the amendments, if any, must be presented to such referee for settlement within ten days after service of the amendments, upon notice of five days to the adverse party, and thereupon the referee must settle the bill. If no amendments are served or if served are allowed, the proposed bill may be presented, with the amendments, if any, to the judge or referee, for settlement without notice to the adverse party.

It is the duty of the judge or referee, in settling the bill, to strike out of it all redundant and useless matter so that the exceptions and proceedings may be presented as briefly as possible. When settled, the bill must be signed by the judge or referee, with his certificate to the effect that the same is allowed, and must then be filed with the clerk.

No bill of exceptions, notice of appeal, or notice or paper, other than amendments to the pleadings or an amended pleading, need be served upon any party whose default has been duly entered, or who has not appeared in the action or proceeding.

The verification of signatures to nomination papers shall not be made by the candidate, or by any county clerk, or registrar of voters, or by any of the deputies in the office of such county clerk or registrar of voters, nor shall any such nomination papers be signed within one hundred feet of any place where registration of electors is being conducted.

A nomination paper verified as provided by this section shall be prima facie evidence that each signature thereto appended is genuine and that the person signing the same is a registered qualified elector, unless such signature is marked "not sufficient," as provided for in section 17 of this act.

If the candidate is proposed as a candidate for a congressional office, or the office of delegate to a national party convention, each section of his nomination paper shall contain the name of the political party whose nomination is sought;

Number of signatures required

1. If the candidate is proposed as the candidate of a political party for a congressional office, or the office of delegate to a national party convention, the nomination paper of such candidate must be signed by not less than one-half of one per cent nor more than two per cent of the vote polled for such party's candidate for United States senator, at the last preceding November election at which a United States senator was elected, in the state or in that political subdivision for which the candidate is proposed for nomination. Such party's candidate for United States senator may have been the candidate, either of the party alone, or of the party in conjunction with one or more other parties. But if such political party did not have any candidate for United States senator at such last preceding November election at which a United States senator was elected, the nomination paper must be signed by not less than one-half of one per cent nor more than two per cent of the total vote polled for all the candidates for United States senator, at such last preceding November election in the state or political subdivision for which the candidate is proposed for nomination.

2. If the candidate is proposed as a candidate for nomination for any office except a congressional office, or the office of delegate to a national party convention, he shall not be proposed as the candidate of any political party, and the nomination paper of such candidate must be signed by not less than one-half of one per cent nor more than two per cent of the vote polled by the candidate who was elected governor, at the last preceding election at which a governor was elected, in the state or political subdivision for which the candidate is proposed for nomination.

All nomination papers which by the provisions of this act are required to be filed in the office of the secretary of state shall be delivered for examination to the county clerk of the county in which the signatures to such nomination papers were obtained, at least forty days prior to the August primary election or the May presidential primary election. The county clerk shall thereupon examine the signatures upon such nomination papers and shall disregard and mark "not sufficient" any signature appearing on such nomination paper of a person who is not registered or whose signature upon the nomination paper is not in the same handwriting as the signature upon the affidavit of registration of such person on file in the office of the county clerk. Thereupon the county clerk shall attach to such nomination paper a certificate reciting that he has examined said nomination paper and stating as "sufficient" the number of names signed thereto which have not been marked "not sufficient" as hereinabove provided, and shall, within five days after the receipt by him of such nomination paper, forward it with such certificate attached, to the secretary of state, who shall receive and file the same. The delivery of a nomination paper to a county clerk shall entitle the candidate to have all signatures thereon found to be "sufficient" counted in determining the total number of signatures to be credited to such candidate as entitling him to a place on the primary ballot; and no default on the part of the county clerk, secretary of state, or other officer shall affect the right of any candidate to have all "sufficient" signatures considered in determining his right to have his name go upon the primary ballot. SEC. 18. Whenever the boundaries of any political subdivision of the state are legally changed, the vote polled by each party in each of the new political subdivisions for United States senator, and the vote polled in each of the new political subdivisions by the candidate who was elected governor, as provided in section 16, shall be determined as follows:

Change of boundaries, determination of vote.

1. If the change occurs wholly within any county, the county clerk of such county shall determine as nearly as possible the total of such vote for governor, and the total of each of such party votes for United States senator, in the new political subdivision, by totaling the vote polled for each of such officers in the precincts combined to form such new political subdivision.

In the case of primary elections for the nomination of candidates for city, city and county or municipal offices only, the order of precedence shall be determined by the legislative body of such city or municipality or by the board of election commissioners of any such city and county.

Grouping of  
candidates'

If any candidate is nominated to fill out a short term office as distinguished from another candidate on the same ballot nominated for a full term of the same office, the words "short term" or "full term," as the case may be, shall be printed below the title of such offices on the ballot, preceding the respective groups of names of candidates.

SEC. 28. The order in which the names of candidates for any office shall appear upon the primary election ballot to be used at any election held under the provisions of this act other than the May presidential primary election shall be determined as follows:

1. If the office is an office the candidates for which are to be voted on throughout the entire state, including United States senator in congress, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for the first assembly district; and thereafter for each succeeding assembly district, the name appearing first for each office in the last preceding district shall be placed last, the order of the other names remaining unchanged. If the office is that of representative in congress, or is an office the candidates for nomination to which are to be voted on in more than one county or city and county, but not throughout the entire state, except the office of state senator or assemblyman or congressional party committeeman, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be

In transmitting to each county clerk or registrar of voters the certified list of names of candidates as required by this act, the secretary of state shall certify and transmit the list of candidates for nomination to each office according to assembly districts, in the order of arrangement as determined by the above provisions, and in the case of each county or city and county containing more than one assembly district, he shall transmit separate lists for each assembly district. Except for the office of state senator or assemblyman, or congressional party committeeman, the order in which the names filed with the secretary of state shall appear upon the ballot, shall be for each assembly district the order as determined by the secretary of state in accordance with the above provisions, and as certified and transmitted by him to each county clerk or registrar of voters.

If there are more than five assembly districts in such county or city and county, the county clerk shall so arrange on the ballot the order of names of all candidates for such office that they shall appear in alphabetical order for that assembly district in such county, or city and county, which is lowest in numerical order, and thereafter for each succeeding assembly district in such county, or city and county, the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

3. If the office is that of state senator or assemblyman or congressional party committeeman, or any office except the office of representative in congress to be voted on wholly within any county or city and county, but not throughout such county or city or county, the names of all candidates for such office shall be placed upon the ballot in alphabetical order.

4. If the office is a municipal office in any city or town whose charter does not provide for the order in which names shall appear on the ballot, the names of candidates for such office shall be placed upon the ballot in alphabetical order.

SEC. 30. Each group of candidates to be voted on shall be preceded by the designation of the office for which the candidates seek nomination, and the words "Vote for one" or "Vote for two" or more according to the number to be elected to such office at the ensuing election. Such designation of the office to be nominated for and of the number of candidates to be nominated shall be printed in heavy faced gothic type, not smaller than ten-point. The word or words designating the office shall be printed flush with the left-hand margin and the words "Vote for one" or "Vote for two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the direction for voting shall be separated from the names of the candidates by a light line.

Printing names of candidates.

SEC. 31. The names of the candidates shall be printed on the ballot without indentation, in roman capital type not smaller than eight-point, between light lines or rules three-eighths of an inch apart. Under each group of names of candidates shall be printed as many blank spaces, defined by light lines or rules, three-eighths of an inch apart, as there are to be candidates nominated for such office. To the right of the names of the candidates shall be printed a light line or rule so as to form a voting square three-eighths of an inch square. Each group of names of candidates shall be separated from the succeeding group by one light and one heavy line or rule. Each series of groups shall be headed by the word "CONGRESSIONAL," "STATE," "LEGISLATIVE," "JUDICIAL," "SCHOOL," "COUNTY," or "MUNICIPAL" or other proper general classification, as the case may be, printed in heavy faced gothic capital type, not smaller than twelve-point. SEC. 32. At least twenty days before the August primary election or before the May presidential primary election each county clerk or registrar of voters in every county or city and county shall prepare sample ballots, placing thereon in the order provided by law, and under the appropriate title of each office, the names of all candidates for whom nomination papers with the requisite number of "sufficient" signatures have been duly filed with him, or have been certified to him by the secretary of state, to be voted for at the primary election in his county or city and county. Such sample ballots shall be printed on paper of a different color and texture from the paper to be used on the official ballot, and shall be mailed to each voter entitled to vote at such August primary election or May presidential primary election, as the case may be, not more than twenty nor less than seven days before the election. The county clerk, on or before the first day on which sample ballots are mailed to the voters, shall mail a copy to each candidate for whom nomination papers have been filed with him or whose name has been certified to him by the secretary of state, to the post office address as given in such nomination paper or certification, and he shall post a copy of each sample ballot in a conspicuous place in his office. Before such primary election the county clerk shall cause the official ballot to be printed as provided in section 26 of this act, and distributed in the same manner and in the same quantities as provided in sections 1198, 1199 and 1201 of the Political Code for the distribution of ballots for elections. In the case of primary elections for the nomination of candidates for city offices it shall be the duty of the city clerk, or such other officer charged by law with the duty of preparing and distributing the official ballots used at elections in such city or municipality, to prepare and mail the sample ballot and to prepare and distribute the official primary election ballots, and so far as applicable the provisions of this act shall apply to the nomination of all candidates for city offices.

or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives. No adjournment or intermission shall be taken except as provided in the case of general elections.

Election  
officers.

SEC. 34. The officers for primary elections shall be the same in number, and shall be appointed in the same manner, as provided by law for general elections, and such officers shall receive the same compensation for their services at primary elections as provided by law for general elections.

It shall be the duty of the proper officers to furnish the original affidavits of registration and indexes for use at primary elections, which shall show the names of all voters entitled to vote at such primary elections, and shall be numbered, for purposes of the primary election, in like manner as provided in section 1113 of the Political Code. And all the provisions of section 1096 of the Political Code, so far as they are consistent with the provisions of this act, are hereby made applicable to primary elections within the meaning of this act.

Challenge  
of voter.

SEC. 35. Any elector offering to vote at a primary election may be challenged by any elector of the city, city and county or county, upon either or all of the grounds specified in section 1230 of the Political Code, but his right to vote the congressional primary election ticket of the political party with which, on receiving his ballot, he declares his intention to affiliate, shall not be challenged on any ground or subjected to any tests other than those provided by the constitution and section 1230 of the Political Code of this state, except on the ground of his having previously declared his intention to affiliate with another political party at such primary election, such declaration having been expressed at the time of his signing the nomination paper of a candidate of such other party.

Qualified  
electors  
may vote.

SEC. 36. Any elector qualified to take part in any primary election, who has, at least thirty days before the day of such primary election, qualified by registration, as provided by section 1096 of the Political Code, shall be entitled to vote at such primary election, such right to vote being subject to challenge only as hereinabove provided; and on writing his name or having it written for him on the roster, as provided by law for general elections in this state, he shall likewise write or have written upon the roster the name of the political party with which he intends to affiliate in voting for candidates for congressional offices at the next ensuing November election. He shall then, in an audible tone of voice, declare to the election officer from whom he receives his ballot the name of such political party with which he intends to affiliate, and the clerk whose duty it is, according to law, to write opposite the name of the elector the number of the ticket given him, shall also write opposite

his name the name of said political party with which the elector declares it his intention to affiliate. At the August primary election, the election officer having charge of the ballots, before giving him his ballot, shall write with ink, or, with a stamp provided for the purpose, stamp the word "CANCELLED" across the names of candidates for congressional offices printed under the name of all the political parties except that with which the elector thus declares his intention to affiliate, and the elector shall be entitled to vote only for candidates for nomination to congressional offices printed or written in under the name of such party as is not thus marked "CANCELLED." If the voter does not express a desire to affiliate with any party, he need not write, or declare, or have written the name of any political party, and in such case the election officer shall write or stamp the word "CANCELLED" across the names of all candidates for nomination to congressional offices, and the elector shall not be entitled to vote for any such candidates. No one shall be entitled to vote at any primary election who has not been a resident of the state one year, of the county ninety days, and of the precinct thirty days, next preceding the day upon which such primary election is held. The voter shall be instructed by a member of the board as to the proper method of marking and folding his ballot, and he shall then retire to an unoccupied booth and without undue delay stamp the same with the rubber stamp there found. If he shall spoil or deface the ballot he shall at once return the same to the ballot clerk and receive another.

SEC. 37. The voter shall designate his choice on the ballot by stamping a cross (X) in the small square opposite the name of each candidate or group of candidates for whom he wishes to vote; or he may vote for a person whose name is not printed on the ballot by writing the name of such person in a blank space provided therefor, which name so written may or may not be followed by a cross stamped or otherwise made. If he shall stamp more names than there are candidates to be nominated for any office, or if for any reason it be impossible to determine his choice for any office, his ballot shall not be counted for such office, but the rest of his ballot, if properly stamped, shall be counted. No ballot shall be rejected for any technical error which does not render it impossible to determine the voter's choice, even though such ballot be somewhat soiled or defaced.

Designating  
choice.

SEC. 38. When a voter has stamped his ballot he shall fold it so that its face shall be concealed and only such printed designation as the law may require to appear on the back thereof shall be visible, and hand the same to the member of the board in charge of the ballot box. Such folded ballot shall be voted as ballots are voted at general elections and the name of the voter checked upon the affidavit of registration as having voted.

Folding

closing of  
polls and

SEC. 39. No adjournment or intermission whatever shall take place until the polls shall be closed and until all the votes cast at such polls shall be counted and the result publicly announced, but this shall not be deemed to prevent any temporary recess while taking meals or for the purpose of other necessary delay; *provided*, that no more than two members of the board shall at any time be absent from the polling place.

Canvass  
of votes

SEC. 40. As soon as the polls are finally closed the judges must immediately proceed to canvass the votes cast at such primary election. The canvass must be public, in the presence of bystanders, and must be continued without adjournment until completed and the result thereof declared. Except as hereinafter provided, the canvass shall be conducted, completed and returned as provided by sections 1211, 1253, 1254, 1255, 1256, 1257, 1258, 1259, 1260, 1261, 1262, 1263, 1264, 1264a, 1265, 1266, 1267, and 1268 of the Political Code of this state. The number of ballots agreeing or being made to agree with the number of names on the lists, as provided by section 1255 of the Political Code, the board must take the ballots from the box, count all the votes on all the ballots, and record the same on the tally lists provided for that purpose.

Canvass of  
returns

SEC. 41. The board of supervisors of each county, the board of election commissioners in any city and county, or, in the case of a city or municipal primary election, the officers charged by law with the duty of canvassing the vote at any city or municipal election in such political subdivision, shall meet at the usual place of such meeting, or at any other place permitted by law, at one o'clock in the afternoon of the first Thursday after each primary election to canvass the returns, or as soon thereafter as all the returns are in. When begun the canvass shall be continued until completed, which shall not be later than six o'clock in the afternoon of the sixteenth day following such primary election. The clerk of the board must, as soon as the result is declared, enter upon the records of such board a statement of such result, which statement shall contain the whole number of votes cast for each candidate of each political party for nomination for a congressional office, or for the office of delegate to a national party convention and also for each candidate for nomination for any other office. The clerk shall also make a duplicate statement in the same form, showing the votes cast for each candidate not voted for wholly within the limits of such county or city and county.

SEC. 42. The name of the person in each political party who receives at a primary election the highest number of votes for a congressional office shall be placed on the official ballot as the candidate of such political party for such office, except in the case of a candidate for congressional party committeeman, in which case such person shall be elected to the office. In the case of all other offices, except the office of delegate to a national party convention, the candidates equal in number to twice the number to be elected to such office (or less, if the total number of candidates is less than twice the number of offices to be filled) who receive the highest number of the votes cast on all the ballots of all the voters participating in the primary election for nomination to such office, shall be the candidates for such office at the ensuing election, and their names as such candidates shall be placed on the official ballot voted at the ensuing election; *provided, however*, that in case there is but one person to be elected at the November election to any office not a congressional office, any candidate who receives at the August primary election a majority of the total number of votes cast for all the candidates for such office shall be the only candidate for such office whose name shall be printed on the ballot at the ensuing election; *and provided, further*, that in case there are two or more persons to be elected at the November election to any office not a congressional office, and in case any candidates for such office receive at the August primary election the votes of a majority of all the voters participating in the primary election in the state or political subdivision in which said office is voted upon (such candidates being herein designated as "majority candidates"), said "majority candidates" shall, if their number is not less than the number of persons to be elected to such office, be the only candidates for such office whose names shall be printed on the ballot at the ensuing November election; and if the number of such "majority candidates" falls short of the number of persons to be elected to such office, the names of said "majority candidates" shall be printed on the ballot at the ensuing November election, together with such number of additional names only of such other candidates receiving the next highest number of votes for nomination to such office as may equal twice the number to be elected to such office less twice the number of "majority candidates" (or a smaller number, if the list of said other candidates is exhausted); *and provided, also*, that no person

whose name has been written in upon any ballot or ballots for any office at any primary election, shall have his name placed upon the ballot as a candidate for such office at the ensuing general election, unless at such primary election he shall have received for such office written-in votes equal in number to the minimum number of signatures which would have been required to be filed to have placed his name on the primary ballot as a candidate for nomination to such office, and unless he has paid the filing fee as required in subdivision 8 of section 21 of this act. But this provision shall not prevent a candidate not otherwise disqualified from becoming a candidate, under the provisions of section 1188 of the Political Code, for an office for which nominations may be made under said section 1188 as provided in subdivision 2 of section 6 of this act. It shall be the duty of the officers charged with the canvass of the returns of any primary election held under the provisions of this act in any county or municipality to cause to be issued official certificates of nomination to such candidates as have their nomination papers filed in accordance with the provisions of this act, and who shall be entitled to such certificates of nomination according to the provisions of this section. It shall be the duty of the secretary of state to issue official certificates of nomination to candidates nominated under the provisions of this act for representatives in congress, members of the state senate and assembly, members of the state board of equalization and officers voted for in more than one county; and to issue certificates of election to congressional party committeemen and to all persons elected at the May presidential primary election as delegates to their respective national party conventions. Not less than thirty days before the November election the secretary of state shall certify to the county clerks of each county within the state the name of every person entitled to receive votes within such county or city and county at said November election who has received the nomination as a candidate for public office, under and pursuant to the provisions of this act, and whose nomination is evidenced by the compilation and statement required to be made by said secretary of state and filed in his office, as provided in section 41 of this act. Such certificates shall in addition to the names of such nominees respectively, also show separately and respectively for each nominee for a congressional office or for the office of elector of president and vice president of the United States, the name of the political party which has nominated such person, and the designation of the office for which he is so nominated.

Organization

SEC 43. A congressional party committee may be organized by each political party, for the purpose of promulgating party platforms as to national issues, and of transacting such other business of the party as is not inconsistent with the provisions of this act, as follows:

1. The candidates of each political party who have received their party nomination for representatives in congress from the several congressional districts, and for United

States senator, if any, shall meet in separate party conferences at the state capitol on the second Saturday in September after the date on which any August primary election is held preliminary to the general November election. The members of each of these conferences shall proceed to name a congressional party committeeman for their party for each assembly district of the state which did not elect such congressional party committeeman at the primary election. Said members of each of these conferences shall also appoint a date, which shall be no more than fifteen days thereafter, and a meeting place, on which date and at which meeting place members of the new congressional party committee of their party shall meet in convention. Said members of each of these conferences shall be ex officio members of the congressional party committee of their party, and as such may participate with said committee in said convention. Said congressional party committee shall continue to act for their party until a new congressional party committee shall have been chosen; and, until the primary election to be held in August, 1916, each party shall be represented by its state central committee, as organized under the provisions of that direct primary law which was approved June 16, 1913.

2. At their convention the members of the congressional party committee may promulgate a party platform as to national party issues, and as such issues may affect the approaching congressional or presidential election. In each year of the general November election at which electors of president and vice president of the United States are to be chosen, they shall also nominate as the candidates of their party as many electors of president and vice president of the United States as the state is then entitled to, and it shall be the duty of the secretary of state to issue certificates of nomination to the electors so nominated, and to cause the names of such candidates for elector to be placed upon the ballot at the ensuing November election. Party platforms.

3. Each such congressional party committee shall choose its officers by ballot and each committee and its officers shall have the power usually exercised by the such committees and the officers thereof in so far as may be consistent with this act. It may select an executive committee, to which executive committee it may grant all or any portion of its powers and duties, including the naming, if desired, of auxiliary county committees. Officers.

SEC. 44. In case, as a result of any primary election held under the provisions of this act, a person has received a nomination to any elective office without first having filed nominating papers and having his name printed on the primary election ballot, he may not less than thirty days before the day of election cause his name to be withdrawn from nomination by filing in the office where he would have filed his nominating papers had he been a candidate for nomination, his Candidates who filed no papers may withdraw names.

request therefor in writing, signed by him and duly acknowledged, and no name so withdrawn shall be printed on the election ballot for the ensuing final election. The vacancy created by the withdrawal of such person as aforesaid shall not be filled. In the case of all other vacancies occurring after the holding of any primary election that candidate receiving at said primary election the highest vote among all the candidates for said office who have failed to receive a sufficient number of votes to get upon said ballot shall go upon said ballot to fill said vacancy; *provided, however*, that if the vacancy occurs in a case where, by reason of having received a majority vote at the primary election, only one person is entitled to have his name printed upon the ballot at the ensuing November election, the names of the two candidates receiving the next highest vote at the primary election (if there were such number) shall be placed upon the ballot for the November election.

cases.

Tie vote

SEC. 45. In case of a tie vote, if for an office to be voted for wholly within one county the county, city and county or city board charged by law with the duty of canvassing the vote at the election, as the case may be, shall forthwith summon the candidates who have received such tie votes to appear before such board, and such board in the presence of such candidates shall determine the tie by lot. In the case of a tie vote for an office to be voted for in more than one county, such tie shall be determined by lot by the secretary of state in the presence of the candidates or their legally appointed representatives. Such summons must in every case be mailed to the address of the candidate as it appears upon his affidavit of registration.

Correction  
of error or  
omission.

SEC. 46. Whenever it shall be made to appear by affidavit to the supreme court or district courts of appeal or superior court of the proper county that an error or omission has occurred, or is about to occur, in the placing of any name on an official primary election ballot, that any error has been or is about to be committed in printing such ballot, or that any wrongful act has been or is about to be done by any judge or clerk of a primary election, county clerk, registrar of voters, canvassing board or any member thereof, or other person charged with any duty concerning the primary election, or that any neglect of duty has occurred or is about to occur, such court shall order the officer or person charged with such error, wrong or neglect to forthwith correct the error, desist from the wrongful act or perform the duty, or forthwith show cause why he should not do so. Any person who shall fail to obey the order of such court shall be cited forthwith to show cause why he shall not be adjudged in contempt of court.

Contest of  
nomination.

SEC. 47. Any candidate at a primary election held under the provisions of this act, desiring to contest a nomination of another candidate for the same office, may, within four days after the completion of the official canvass, file an affidavit in the office of the clerk of the superior court of the county in which he desires to contest the vote returned from any precinct or precincts in such county, and thereupon have a recount of the ballots cast in any such precinct

or precincts, in accordance with the provisions of this section. Such affidavit must specify separately each precinct in which a recount is demanded, and the nature of the mistake, error, misconduct, or other cause why it is claimed that the returns from such precinct do not correctly state the vote as cast in such precinct, for the contestant and the contestee. The contestee must be made a party respondent, and so named in the affidavit. No personal service or other service than as herein provided need be made upon the contestee. Upon the filing of such affidavit the county clerk shall forthwith post in a conspicuous place in his office, upon a bulletin board to be prepared for that purpose, and to have upon it in conspicuous letters the words "Notice of primary election contests" a copy of the affidavit. Upon the filing of such affidavit and the posting of the same, the superior court of the county shall have jurisdiction of the subject matter and of the parties to such contest, and all candidates at any such primary election are permitted to be candidates under this act, only upon the condition that such jurisdiction for the purposes of the proceeding authorized by this section shall exist in the manner and under the conditions provided for by this section. The contestant on the date of filing such affidavit, must send by registered mail a copy thereof to the contestee in a sealed envelope, with postage prepaid, addressed to the contestee at the place of residence named in the affidavit of registration of such contestee, and shall make an affidavit of such mailing and file the same with the county clerk to become a part of the records of the contest. At any time within three days after the filing of the affidavit of the contestant to the effect that he has sent by registered mail a copy of the affidavit to the contestee, such contestee may file with the county clerk an affidavit in his own behalf, setting up his desire to have the votes counted in any precincts, designating them, in addition to the precincts designated in the affidavit of the contestant, and setting up his grounds therefor. On the trial of the contest all of the precincts named in the affidavits of the contestant and the contestee shall be considered, and a recount had with reference to all of said precincts; and the contestant shall have the same right to answer the affidavit of the contestee as is given to the contestee herein with reference to the affidavit of the contestant except that such answer must be filed not later than the first day of the trial of said contest. On the eighth day after the completion of the official canvass the county clerk shall present the affidavits of the contestant and the contestee and proof of posting, as aforesaid, to the judge of the superior court of the county, or any judge acting in his place, or the presiding judge of the superior court of a county or city and county, or any one acting in his stead, which judge shall, upon such presentation, forthwith designate the time and place where such contest shall proceed, and in counties or cities and counties where there are more than one superior judge, assign all the cases to one department

by the order of such court. Such order must so assign such case or cases, and fix such time and place for hearing, which time must not be less than one nor more than three days from the presentation of the matter to the court by the county clerk as herein provided. It shall be the duty of the contestee to appear either in person or by attorney, at the time and place so fixed, and to take notice of the order fixing such time and place from the records of the court, without service. No special appearance of the contestee for any purpose except as herein provided shall be permitted, and any appearance whatever of the contestee or any request of the court by the contestee or his attorney, shall be entered as a general appearance in the contest. No demurrer or objection can be taken by the parties in any other manner than by answer, and all the objections must be contained in the answer. The court if the contestee shall appear, must require the answer to be made within three days from the time and place as above provided, and if the contestee shall not appear shall note his default, and shall proceed to hear and determine the contest with all convenient speed. If the number of votes which are sought to be recounted, or the number of contests are such that the judge shall be of opinion that it will require additional judges to enable the contest or contests to be determined in time to print the ballots for the election, if there be only one judge for such county, he may obtain the service of any other superior judge, and the proceedings shall be the same as herein provided in counties where there is more than one superior court judge. If the proceeding is in a county or city and county where there is more than one superior court judge, the judge to whom the case or cases shall be assigned, shall notify the presiding judge forthwith, of the number of judges which he deems necessary to participate, in order to finish the contest or contests in time to print the ballots for the final election, and the said presiding judge shall forthwith designate as many judges as are necessary to such completion of such contest, by order in writing, and thereupon all of the judges so designated shall participate in the recount of such ballots and the giving of judgment in such contest or contests in the manner herein specified. The said judges so designated by said last mentioned order, including the judge to whom said contests were originally assigned, shall convene upon notice from the judge to whom such contest or contests were originally assigned, and agree upon the precincts which each one of such judges will recount, sitting separately, and thereupon such recount shall proceed before each such judge sitting separately, as to the precincts so arranged, in such manner that the recount shall be made in such precincts before each such judge as to all the contests pending, so that the ballots opened before one judge need not be opened before another judge or department, and the proceedings before such judge in making such recount as to the appointment of the clerk and persons necessary to be assistants of the court in making the same, shall be

the same as in contested elections, and the judge shall fix the pay or compensation for such persons, and require the payment each day in advance of the amount thereof, by the person who is proceeding with and requiring the recount of the precinct being recounted. When the recount shall have been completed in the manner herein required, if more than one judge has taken part therein, all the judges who took part shall assemble and make the decision of court, and if there be any differences of opinion, a majority of such judges shall finally determine all such questions, and give the decision or judgment of the court in such contest or contests, separately. Such decision or judgment of the court shall be final in every respect, and no appeal can be had therefrom. The judgment shall be served upon the county clerk or registrar of voters by delivery of a certified copy thereof, and may be enforced summarily in the manner provided in section forty-seven of this act, and if the contest proceeds in more than one county, and the nominee is to be certified by the secretary of state from the compilation of election returns in his office, then the judgment in each county in which a contest may be had shall show what, if any changes in the returns in the office of the secretary of state relating to such county or city and county, ought to be made, and all such judgments shall be served upon the secretary of state, by the delivery of a certified copy, and he shall make such changes in the record in his office as such judgment or judgments require, and conform his compilation and his certificate of nomination in accordance therewith. If the office contested is one to be voted upon in more than one county, the time within which such contest may be brought in any county involved shall begin to run at the time of the declaration of the official canvass by the board of supervisors of the county last making such declaration.

[Approved April 28, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1197 of the Political Code is hereby amended to read as follows:

One form  
of ballot.

1197. 1. There shall be provided at each polling place, at each election at which public officers are voted for, but one form of ballot for all the candidates for public office, and every ballot shall contain the names of all the candidates whose nominations for any office specified on the ballot have been duly made and not withdrawn, as provided by law, together with the title of the office arranged to conform as nearly as practicable to the plan hereinafter set forth.

list of  
officers.

2. The order in which the list of officers shall appear on the ballot shall, as to state offices and district offices, when the district includes more than one county, be determined by the secretary of state, and shall, as nearly as may be practicable, be the same for all counties. The order in which the list of county offices or district offices embracing one county or less, shall appear on the ballot, shall be determined by the county clerk.

Officers  
voted  
for  
throughout  
state.

(a) If the office is an office the candidates for which are to be voted on throughout the entire state, including United States senator in congress, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for the first assembly district; and thereafter, for each succeeding assembly district, the name appearing first for each office in the last preceding district shall be placed last, the order of the other names remaining unchanged; *provided, however*, that the names of candidates for the office of electors for president and vice president shall be arranged in groups as presented in the several certificates of nomination, and the secretary of state shall arrange such groups for the first assembly district in the alphabetical order of the names standing at the head of each of such groups as the first name therein; and, thereafter, for each succeeding assembly district, the group appearing first shall be placed last, the order of the other groups remaining unchanged; but the order of the names within each of the several groups shall remain the same as presented in the several certificates of nomination and shall remain the same for all assembly districts. A blank column one-half inch wide shall be left upon the ballot opposite each group of names of candidates for electors for president and vice president, and to the right of the column of voting squares for the individual names and separated from it by a light dotted line, which blank column shall contain a square in which may be stamped a cross

Lengthwise along this blank column shall be printed in heavy face type "A cross (X) stamped in this square shall be counted for each name of the group to the left" The line separating any group of names from any other group shall be heavier than any line separating the individual names in each group, and shall extend across the blank column provided for in this paragraph. Below the top line of this extension shall be printed in small heavy face type the words "Top of group," and above the bottom line of the extension, the words "End of group." If the office is that of representative in congress, or is an office the candidates for nomination to which are to be voted on in more than one county or city and county, but not throughout the entire state, except the office of state senator or assemblyman, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be voted on, and thereafter for each succeeding assembly district in which such candidates are to be voted on, the name appearing first for such office in the last preceding district shall be placed last, the order of the other names remaining unchanged. In certifying to each county clerk or registrar of voters the list of names as required in section 42 of the direct primary law the secretary of state shall certify and transmit the list of candidates for each office according to assembly districts in the order of arrangement as determined by the above provisions; and in case of each county or city and county containing more than one assembly district, he shall transmit separate lists for each assembly district. Except for the office of state senator or assemblyman, the order in which the names so certified shall appear upon the ballot, shall be for each assembly district the order as determined by the secretary of state in accordance with the above provisions, and as certified and transmitted by him to each county clerk or registrar of voters.

The attorney general shall provide and return to the secretary of state a ballot title or designation by which all such questions, propositions, proposed laws and constitutional amendments shall be designated upon the ballot; *provided, however*, any person who is interested in any question, proposition, proposed law or constitutional amendment, the petition as to which is being circulated for the purpose of having the same submitted under an initiative petition, as provided in section one of article IV of the constitution, to a vote of the electors, or any proposed constitutional amendment to be submitted to a vote of the electors, may, at any time prior to one hundred and thirty days before the election at which such question, proposition, proposed law or constitutional amendment is to be submitted to a vote of the electors, file a copy of said question, proposition, proposed law or proposed constitutional amendment with the secretary of state, together with a request that a ballot title be prepared for the same; such request shall be accompanied with the address of the person or association of persons proposing such measure. The secretary of state shall forthwith transmit a copy of said question, proposition, proposed law or constitutional amendment to the attorney general. Within ten days after the same is filed with him, said attorney general shall provide and return to the secretary of state a ballot title for said measure. The ballot title may be distinguished from the legislative or other title of the measure and shall express in not exceeding one hundred words, the purpose of the measure. In making such ballot title, the attorney general shall give a true and impartial statement of the purpose of

Immediately upon receipt of the ballot title as prepared by the attorney general, the secretary of state shall mail to any and all persons who may have requested the preparation of such ballot title, a notice addressed to such person or persons at the address accompanying such request, stating that the attorney general has made and returned such ballot title, which notice shall also contain a copy of the ballot title as prepared by the attorney general. Any person who is dissatisfied with the ballot title prepared by the attorney general for any such question, proposition, proposed law or constitutional amendment, may, after the same has been returned to the secretary of state as hereinbefore provided, and within ten days after said notice shall have been mailed by the secretary of state, as above provided, file in writing with the secretary of state his objections, who shall forthwith file a copy of such question, proposition, proposed law or constitutional amendment, together with the title thereof as so prepared by the attorney general and the said objections thereto, with the board of title commissioners, which board shall consist of the three justices of the district court of appeal of the State of California, in and for the third appellate district, who shall be ex officio title commissioners for the purposes of this act and which board is hereby created; said board shall fix a time at which any person may be heard either for or against the objection so made and shall notify all persons of the time so set and thereupon said board of title commissioners shall proceed to consider the said title prepared by the attorney general and the objections filed thereto, and shall prepare a title by which such question, proposition, proposed law or constitutional amendment shall be designated upon the ballot. Said title commissioners shall certify the said designation to the secretary of state within ten days after said written objections have been received by them. The determination by the said board of title commissioners shall be final and conclusive. Such questions, propositions, proposed law and constitutional amendments shall be designated on the ballot by the said ballot title certified to the secretary of state by the said attorney general, or in case a different title has been prepared, certified and filed by the said board of title commissioners, then such title shall be the title and designation by which any such question, proposition, proposed law or constitutional amendment shall be designated upon the ballot.

The word or words designating the office shall be printed flush with the left-hand margin and the words "Vote for one" or "Vote for two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the directions for voting shall be separated from the names of the candidates by a light line. The names of the candidates for such office shall be printed in eight point roman type (capitals) in proper order below the designation of the office, and, in the case of congressional offices or the office of elector of president and vice president, in the same line in which the name of the candidate is printed and at the right of the name, or immediately below the name if there shall not be sufficient space to the right thereof, shall be printed in eight point roman type (lower case) the designation of the political party or parties by or on behalf of which such candidate has been nominated. The name of the candidate, and the designation of the political party or parties by which he has been nominated shall be printed in a space one half inch in depth, and shall be defined by light horizontal ruled lines, with a blank space on the right thereof one-half inch square, which blank space (called the voting square) shall be made use of by the voter to designate, by stamping a cross (X) therein and after the name of the candidate, his choice of particular candidates.

candidates

5. The names of the candidates for an office shall not be separated from each other on the ballot by names of candidates for any other office, and the list of candidates for each office shall be separated from the list of candidates for other offices by a double rule above and below such list. Each series of the lists of candidates for the several offices shall be headed by the word "State," "Congressional," "Legislative," "County," or "Municipal" or other proper general classification, as the case may be, printed in heavy faced gothic capital type, not smaller than twelve point, each such word being separated from the names of the candidates beneath by a three-point line.

6. The left-hand side of each column of names on the ballot and also the right-hand side of each column of voting squares, shall be bordered by a broad printed line one-twelfth of an inch wide, and the edge of the ballot on the left-hand side thereof shall be trimmed off up to the first border or solid line on the left-hand side of the ballot, and on the right-hand side of the ballot shall be perforated along the border or solid line above described. The ballot shall be so printed as to give each voter a clear opportunity to designate by stamping a cross (X) in a blank enclosed space hereinbefore designated as the voting square, on the right of and after the name of each candidate whose name is printed on the ballot, his choice of particular

candidates, or his choice of each and all of a group of candidates as provided in subdivision 2 of this section. The ballot shall be printed on the same leaf with a stub and separated therefrom by a perforated line across the top of the ballot. On each ballot a perforated line shall extend from top to bottom, along the border or solid line hereinbefore described, one-half inch from the right-hand side of the ballot, and upon the half-inch strip thus formed there shall be no printing except the number of the ballot, which shall be upon the back of such strip in such position that it will appear on the outside when the ballot is folded. The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county. All ballots printed by county clerks or registrars of voters other than the separate ballots containing the names only of candidates for city and county offices, printed by the county clerks or registrars of voters of consolidated cities and counties, shall have printed on the back, below the stub and immediately at the left of the center of the ballot, in eighteen-point gothic capitals, the words "General ticket," and underneath the respective number of congressional, senatorial and assembly districts in which each ballot is to be voted; and all ballots printed by county clerks or registrars of voters of consolidated cities and counties containing the names of candidates for city and county offices, and also all ballots printed by the clerks, registrars of voters or secretary of a legislative body of any incorporated city or town, shall have printed in the same manner, on the back, the words "Municipal ticket." All municipal ballots shall be printed upon paper of a different tint from that of the general ballot.

7. All of the ballots of the same sort prepared by any county clerk or registrar of voters, or clerk or secretary of a legislative body, or other person having charge of the preparing of such ballots, for the same polling place, shall be precisely the same size, arrangement, quality and tint of paper, and kind of type, and shall be printed with black ink of the same tint, so that without the numbers on the stubs it shall be impossible to distinguish any one of the ballots from the other ballots of the same sort; and the names of all candidates printed upon the ballot shall be in type of the same size and character.

Ballots of same size, etc

8. If two or more officers are to be elected for the same office for different terms, the term for which each candidate for such office is nominated shall be printed on the ballot as a part of the title of the office. If at a general election an office is to be filled for a full term, and also for a vacancy in another term, the list of candidates for the full term shall be placed on the ballot under the designation of the office with the words "full term" printed immediately thereafter, and the list of candidates to fill the vacancy shall be placed on the ballot under the designation of the office with the words "short term" printed immediately thereafter.

9. Whenever any question, proposition or constitutional amendment is to be submitted to the vote of the electors, there shall be printed at the right of the last column of names of candidates, another column of sufficient width, with voting squares in which such question, proposition or constitutional amendment shall be designated, which designation shall consist of a statement prepared as hereinbefore provided for and opposite such question, proposition or constitutional amendment, to be voted on, in separate lines, the words "Yes" and "No" shall be printed. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the question, proposition or constitutional amendment; if he shall stamp a cross (X) after the printed word "No," his vote shall be counted against the adoption of the same.

Instructions  
to voters.

10 On the top of the face of the ballot, the following directions shall be printed:

INSTRUCTIONS TO VOTERS:

To vote for a candidate of your selection, stamp a cross (X) in the voting square next to the right of the name of such candidate. Where two or more candidates for the same office are to be elected, stamp a cross (X) after the name of all the candidates for that office for whom you desire to vote, not to exceed, however, the number of candidates who are to be elected. To vote on any question, proposition or constitutional amendment, stamp a cross (X) in the voting square after the word "Yes" or after the word "No." All marks, except the cross (X) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void. If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another. In elections when electors of president and vice president of the United States are to be chosen, there shall be placed upon the ballot in addition to the instructions to voters as above provided, an additional instruction as follows: To vote for all of a group of persons, stamp a cross (X) in the square opposite such group, this instruction appearing immediately before the words: "To vote for a person whose name is not on the ballot."

CHAPTER 137.

*An act to provide for the indication by the registered qualified electors of their choice for nomination by their respective political parties for president of the United States through the election of the delegates of said political parties to their respective national conventions, and to repeal an act approved December 24, 1911, known as the presidential primary act, and also to repeal all other acts or parts inconsistent with or in conflict with the provisions of this act.*

[Approved April 28, 1915. In effect August 8, 1915.]

*The people of the State of California do enact as follows:*

SECTION 1. On the first Tuesday in May of each year of the general November election at which electors of president and vice president of the United States are to be chosen, there shall be held a primary nominating election, to be known as the May presidential primary election, at which the registered qualified electors shall have opportunity, on separate party ballots provided for that purpose, to elect the delegates of their respective political parties to their respective national conventions for the nomination of their party candidates for president and vice president of the United States, thereby indicating the preference of said electors for their presidential nominee.

Presidential primary election.

SEC. 2. The chairman of the state central committee, or, after the year 1916, the chairman of the congressional party committee, of each of the political parties qualified to participate in the election provided for in this act shall notify the secretary of state on or before the first day of March of each year of the general November election at which electors of president and vice president of the United States are to be chosen, as to the number of delegates to represent the state in the next national convention of his said party. If said chairmen, or any of them, fail to file such notice, it shall be the duty of the secretary of state to ascertain the said number of delegates from the call for said national convention issued by the national committee of each party whose chairman has failed to notify him as aforesaid. The delegates who shall represent each political party at its national convention shall all be elected by the voters of the state at large. The secretary of state shall, on or before the tenth day of March of the year of the May presidential primary election, certify to the county clerk or registrar of voters of each county, or city and county, the number of delegates to be so elected by each of the political parties qualified to participate in the said election. Any political party shall be qualified to participate in the May presidential primary election which is qualified to participate in the August primary election according to the provisions of the "direct primary law."

Secretary of state to be notified of number of delegates.

Elected at large.

Parties qualified to participate.

Nomination.

parties shall be printed upon the ballots of their respective parties upon the filing of nomination papers substantially as provided in sections 11 to 21, inclusive, of the "direct primary law" as said direct primary law was enacted at the forty-first session of the legislature; *provided*, that, in the case of each party, nomination papers for candidates for delegates must be signed by the same number of electors as is required on the nomination paper of a candidate for United States senator; *and provided, also*, that whenever a candidate for delegate files a statement with the secretary of state, as hereinafter provided in this section, wherein as a delegate he enrolls himself with other delegates in expressing his preference for the same person as candidate for presidential nominee, there may be nominated by the same nomination paper the names of all such candidates for delegates who are included in such statement as have individually filed similar statements with the secretary of state. The form of nomination paper as set forth in section 13 of said direct primary law shall be changed for this purpose by substituting, in the appropriate place, for the name of a single candidate, as follows: "hereby nominate the following:

Form of nomination paper.

	Names	Residence City or Town	County	Number Congressional District.
1.	-----	-----	-----	-----
2.	-----	-----	-----	-----
3.	-----	-----	-----	-----

(to 26 names, or such other number as may be required)

as candidates for delegate to the ----- national party convention, to be voted for at the primary election to be held on the ----- day of May, 19----."

Verification deputies.

And by making such other changes in said form as may be necessary. The verification deputies to obtain signatures on the nomination paper for such group of candidates for delegates may be appointed, either according to the provisions of subdivision 1 of section 12 of said direct primary law, by said candidates for delegates joining together in the appointment of said deputies; or, according to the provisions of subdivision 2 of said section 12, by the "five registered qualified electors" appointing said deputies to obtain signatures for the nomination of all of said candidates whose names are grouped together on the same nomination papers; *provided, however*, that the number of such candidates for delegates shall not be greater than the total number of delegates to be elected by said party; *and provided, further*, that the names of such candidates thus grouped together shall be so selected that the smallest number of such candidates who shall reside in any one congressional district shall be no less than the integer of the quotient obtained by dividing the number of the names of such candidates appearing upon the same nomination paper by the total number of congressional districts of the state, and that the largest number of such candidates who shall reside in any one congressional district shall be no greater than twice said integer; and if not so selected said names shall not be grouped together on the ballot, but shall appear as individuals.

Grouping of candidates.

Candidates for delegate grouped together on the same nomination paper and selected as aforesaid shall be similarly grouped, in the same order of names, upon the ballots of their party; *provided*, that such group of candidates for delegate has the endorsement of that candidate for presidential nominee for whom the members of said group have filed a preference, or the endorsement of such a state political organization created in support of the candidacy of said presidential nominee as shall not be repudiated by him as lacking authority to make such endorsement; said endorsement, either of the candidate or of the organization supporting him, to be filed with the secretary of state. No candidates for delegate not thus endorsed shall have their names printed upon the ballot in a group, but such candidates must appear as individuals; *and further provided*, that the name of no candidate shall appear more than once on the ballot, and that any candidate whose nomination paper is filed in more than one group, or in the same group differently arranged, shall have his name printed on the ballot as a part of that group which has had first filed the endorsement as herein recited; *provided*, that one of the groups in which his name occurs has received such endorsement. Each candidate for election as delegate to his national party convention must file with the secretary of state not later than the time of filing of the nomination papers containing his name, an affidavit substantially as provided in section 11 of the "direct primary law," and may also include with his affidavit the following statement:

Endorsement of group by candidate for presidential nominee.

DELEGATE'S STATEMENT.

"I personally prefer ----- as nominee of my political party for president of the United States, and hereby declare to the voters of my party in the State of California that if elected as delegate to their national party convention, I shall, to the best of my judgment and ability, support said ----- as nominee of my party for president of the United States" (filling in the blanks by inserting his choice for such nominee). But the neglect or failure of any candidate to include any statement of preference for presidential nominee shall not be a valid ground on the part of the secretary of state for refusal to receive and file the nomination paper containing his name.

Additional statement

However, each candidate for delegate whose name is filed upon a nomination paper together with the names of other candidates, as hereinbefore in this section provided, in order to have his name printed upon the ballot in a group with such other names, must file such statement of preference, and shall add to it the following:

Statement of preference.

"And I hereby enroll myself in the expression of preference for said ----- for presidential nominee, as one of the following named candidates for delegate:

-----  
 -----  
 -----

Etc.

(the blanks immediately following the word "delegate" being filled in by the printed or typewritten names of all the candidates for delegate, including the signer, whose names appear upon the same nomination paper in accordance with the provisions of this section).

(Signed) -----"

Names of candidates in parallel columns.

SEC. 4. The names of the candidates for delegate of any political party shall be arranged upon the ballot of such party in parallel columns, the various candidates for delegate appearing in these columns under their preference for president according to the provisions of section 3 of this act. That group of candidates which shall first file its nomination paper with the secretary of state shall be entitled to the first or left hand column; the group which next files its nomination paper shall be entitled to the second column; and similarly for all other groups. The left hand column shall be headed in heavy face, ten point, gothic type, the following:

Headings.

"CANDIDATES PREFERRING -----"

(The blank being filled in by the name of that candidate for presidential nominee for whom the members of the group in said left hand column have expressed a preference.) The second column shall be similarly headed except that the name of the candidate shall be that preferred by the members of the group in said second column; and so on for as many columns as may have groups who have expressed a preference for presidential nominee.

To the right of the last column headed by the name of a candidate for presidential nominee shall be a column headed by the words "No preference," in heavy face, ten point, gothic type, in which column shall appear the names of all candidates for delegate who have expressed no preference for presidential nominee, or who have expressed a preference for a presidential nominee who has not endorsed said candidates, either personally, or through the state political organization created in support of his candidacy, as such endorsement is provided for in section 3 of this act. To the right of the last column shall be a column headed by the words "Blank column" in heavy face, ten point, gothic type, which column shall contain as many blank spaces as there are delegates to be elected by the political party concerned. In case that there are no names of candidates for delegate to be placed in a "No preference column," such "No preference column" shall be omitted from the ballot, and the "Blank column" as herein provided for shall be placed to the right of and contiguous to the last column headed by the surname of a candidate for presidential nominee.

Style of printing names.

The names of the various candidates for delegates shall be printed in eight point, roman capital type, under their respective preferences for presidential nominee or in the no preference column, as heretofore provided in this act. The names of each group on the ballot shall be numbered in heavy face,

eight point type. The order of names for each column upon the ballot shall be the same as the order in which such names were filed with the secretary of state; *provided*, that above the individual names in each column, if any, shall appear the group of names, if any, which has received the endorsement referred to in section 3 of this act.

A blank column one half inch wide shall be left upon the ballot opposite each group of names and to the right of the column of voting squares for the individual names and separated from it by a light dotted line, which blank column shall contain a square in which may be stamped a cross (X) which shall be counted as a vote for each and every name in the group opposite. Lengthwise along this blank column shall be printed "A cross (X) stamped in this square shall be counted for each name of the group to the left." The line separating any name from any other name not in a group or from any group of names shall be heavier than any line separating the individual names in such group, and shall extend across the blank column provided for in this paragraph. Below the top line of this extension shall be printed in small heavy face type the words "top of group," and above the bottom line of the extension, the words "end of group."

SEC. 5. The delegates to each national party convention elected at the May presidential primary election, shall, before leaving the state to attend the convention, meet together and select alternates to the convention. The number of alternates to be selected shall be no greater than one for each delegate, and each alternate must be selected from the congressional district of the delegate for whom he is an alternate; and the method of selection shall be as determined upon by the majority of the whole number of delegates who have been elected to the convention. The duties of an alternate shall be those usually appertaining to that position, and as prescribed by each party in the call for its national convention. The alternate of any such delegate as may be unable to attend the convention, shall attend the convention in his place, and shall otherwise discharge the duties of said delegate, but shall not vote in place of said delegate when said delegate is occupying his seat at the convention.

Alternate  
delegates.

SEC. 6. For purposes of the May presidential primary election only the new registration, beginning on January 1st of the year in which such May presidential primary election is held, shall be used. Any person registered in accordance with the provisions of this section and of section 1096 of the Political Code and who, on asking for his party ballot at the polls, writes, or has written, and declares his political affiliation in accordance with section 36 of the direct primary law, shall be qualified to vote at such election, and shall receive the ticket of that political party only with which he thus declares

Such question may be so submitted to the electors of such municipal corporation in the same manner as provided in section three of this act, and if it shall appear from the canvass of the returns of the election in such municipal corporation at which such question shall have been submitted, that a majority of the qualified electors thereof voting upon the question of such annexation are in favor thereof, like proceedings shall thereupon be taken, and with the same force and effect as provided in sections three and four of this act. The provisions of sections two, three and four of this act, so far as applicable, shall apply to annexation under the provisions of this section. From and after the date of the filing in the office of the secretary of state of a copy of the record of the canvass of the returns of the election in such new territory and of the election in such municipal corporation at which the question of the annexation of the same new territory was submitted under the provisions of this section, and entered upon the minutes of the legislative body of such municipal corporation, as hereinbefore in this act provided, together with a statement showing the dates of such elections in said new territory and in such municipal corporation, and the time and result of canvass of the returns of such elections, the annexation of such territory so proposed to be annexed and described therein, shall be deemed, and shall be, complete, and thenceforth such annexed territory shall be, to all intents and purposes a part of such municipal corporation, and the property within such annexed territory shall be taxed to pay the bonded indebtedness or liability of such corporation, specified in said notice, equally with the property within such municipal corporation as it existed prior to the filing of such petition.

When  
annexation

SEC. 3. Section six of said act is hereby amended to read as follows:

Sec. 6. Nothing in this act contained shall be construed to prevent the submission to the electors of any municipal corporation as separate propositions to be voted upon separately at one and the same election therein, of the questions of the annexation to any such municipal corporation of two or more bodies of outside territory, each of which is contiguous to such municipal corporation, or to one such body of outside territory that is contiguous. Whenever, upon proceedings had and taken and at elections called and held in accordance with the provisions of this act, the electors of each of two or more such bodies of outside territory have voted in favor of the annexation thereof to the same municipal corporation, the legislative body of such municipal corporation must submit to the electors thereof, as separate propositions, each to be voted upon separately and without regard to the others, the question whether each such bodies of new territory shall be annexed to, incorporated in and made a part of such municipal corporation. Such questions may be so submitted at the next general municipal election to be held in such municipal corporation, or they

may be so submitted prior to such general election, either at a special election called therein for that purpose, or at any other special election at which the submission of such questions is not prohibited by law. The notice of such election shall state, as separate propositions to be submitted at such election, the question of the annexation of each body of new territory, in the same manner as hereinbefore provided in the case of the notice of an election in such municipal corporation at which the question of the annexation of only one body of new territory thereto is submitted; and the question as to each such body of new territory, shall be printed upon the ballots to be used at such election and the same shall be voted upon, separately, in like manner as hereinbefore provided in the case of the submission of the question of the annexation of one body of such new territory. The provisions of section three of this act shall apply to such election in all respects the same as in the case of an election where only one such question is submitted; *provided, however*, that the annexation of any such body or bodies of new territory, upon the question or questions of the annexation of which a majority of the votes cast thereon at such election shall have been cast in favor thereof, shall not be affected or prejudiced in any manner, in the event that a majority of the votes cast at such election upon the question or questions of the annexation of any other body or bodies of new territory, shall have been cast against the annexation thereof, except that in the case of any such body of new territory which is not contiguous to said municipal corporation, but which is contiguous to one of said bodies of new territory that is contiguous to said municipal corporation, no majority vote in favor of such annexation of such body of new territory not contiguous to said municipal corporation shall be effective for any of the purposes of this act, unless also there shall have been cast at said election a majority vote in favor of the annexation of the said intervening body of new territory which is contiguous to said municipal corporation, and through which last named body of new territory contiguity with said municipal corporation is established by said body of new territory theretofore not contiguous with said municipal corporation.

Failure of one proposition does not affect others.

If it shall appear from the canvass of the returns of such election, that a majority of the qualified electors of such municipal corporation voting separately upon the question or questions of the annexation of any one or more bodies of new territory, except as last above provided in this section, are in favor thereof, such question or questions shall be deemed adopted, and the clerk or other officer performing the duties of clerk of the legislative body of such municipal corporation, shall forthwith make and certify, under the seal thereof, and transmit to the secretary of state, a copy of the record of the canvass of the returns of the election in each such body of new territory, at which the electors residing therein shall have voted in favor of the annexation thereof to such municipal

From and after the date of the filing of said document in the office of the secretary of state, the annexation of each body of new territory described therein, and so proposed to be annexed shall be deemed to be, and shall be complete, and thereafter each such body of annexed territory shall be, to all intents and purposes, a part of such municipal corporation, with the same force and effect as in the case of other annexations under this act.

that failed.

SEC. 4. Section seven of said act is hereby amended to read as follows:

Sec. 7. Whenever a petition for the annexation of any new territory to any municipal corporation has been received by the legislative body thereof, as in this act provided, no petition, filed under this or any other act, asking for the annexation, in whole or in part, of the territory described in such petition, to any other municipal corporation, shall be presented to the legislative body of such other municipal corporation, and the last mentioned legislative body shall not submit the question of the annexation of such territory or any part thereof to the electors of such other municipal corporation, until the question of the annexation thereof to the municipal corporation whose legislative body received the petition first in this section mentioned shall have been submitted to the electors residing in such territory, and a majority of electors voting upon such question in such territory, shall have voted against the annexation thereof to such municipal corporation, or, in the event that a majority of the electors in such territory voting therein shall have voted in favor of the annexation thereof to such municipal corporation, until the question of such annexation shall have been submitted to the electors of such municipal corporation, and a majority of the electors thereof voting upon such question, shall have voted against the annexation thereof to such municipal corporation. In the event any election authorized by this act is not called or held in the manner or within the time specified in this act, all proceedings relating to such consolidation shall be and become null and void.

Sec. 5. Whenever any two municipal corporations are proposed to be consolidated, under the provisions of this act, and either or both of such municipal corporations shall have theretofore incurred, or authorized the incurring of, any bonded indebtedness for the acquisition, construction or completion of any municipal improvement or improvements, the petition provided for in section two of this act may contain a request that the question to be submitted to the electors of the municipal corporation proposed to be consolidated shall be, whether such municipal corporations shall be consolidated, as hereinbefore in this act provided, and the property in such municipal corporations, shall after such consolidation, be subject to taxation at the same rate, to pay any of such bonded indebtedness specified in said petition; *provided, however,* that if such petition contains a request that the property in such municipal corporations be, after such consolidation, subject to taxation to pay all of the bonded indebtedness incurred or authorized of such municipal corporations, such bonded indebtedness and improvements for which such bonded indebtedness was incurred or authorized may be described in such petition and in all other proceedings hereunder as "the bonded indebtedness of ----- (insert the names of the municipal corporations)." without specifying the improvements. If such request be made in such petition, proceedings shall be had thereon and the question of such consolidation shall be submitted to the electors in such municipal corporation not having the greatest population, the same in all respects as upon a petition presented under the provisions of section two, excepting that the notice of election shall, in addition to the matters required by said section, distinctly state that it is proposed that the property in such municipal corporations shall be taxed at the same rate to pay such bonded indebtedness set forth in said petition. In the event any election authorized by this act is not called or held in the manner or within the time specified in this act, all proceedings relating to such consolidation shall be and become null and void. Sec 9 After adopting said plans and specifications as hereinabove set forth, and before executing a contract for the construction of the improvement contemplated to be done thereunder the board of supervisors shall direct the county surveyor to estimate the total cost of making the proposed improvements and performing such proposed work, which estimate shall include all expenses of every kind incurred or to be incurred, either directly or indirectly, in carrying out said work and improvements, and to assess the benefits thereof to the lands in said district and to assess damages and to do all things proper and necessary to carry out the provisions of this act All such charges and expenses of making such estimate and assessing such benefits and damages shall be deemed as expenses of said work or improvements and be a charge only upon the funds devoted to the particular work or improvement, as provided herein, and all claims and charges for such expenses shall be paid as are claims against the county and upon order of the board of supervisors and the claims shall be itemized in the same manner as claims against the county are itemized.

Said surveyor shall proceed to view the lands embraced within the boundaries of such drainage improvement district and may examine witnesses under oath Having viewed the lands to be taken and the improvements affected and considered the testimony presented, he shall proceed with all diligence to determine the value of the land and damage to improvements and property affected, and also the estimated amounts of the cost of the proposed work or improvement and the expenses incident thereto, and having determined the same shall proceed to assess the same to the lands within said district in proportion to the benefits to be derived from said work or improvement so far as said county surveyor can reasonably estimate the same, including in such estimate the real property of any railroad company within said district, if such there be.

To view lands, determine benefits, etc

In estimating the total cost and expenses of doing said work the county surveyor shall be governed by the amount deemed necessary by him to pay the principal and interest on bonds to be issued therefor as herein set forth and the incidental expenses to be incurred as herein authorized. Such estimate shall be based upon the lowest amount bid by the lowest responsible bidder at which a bidder will enter into a contract for doing the work as set forth in the specifications, together with an estimate of the incidental expenses to be incurred.

Estimate based on lowest bid

Said county surveyor, having made his assessment of the benefits and damages shall with all diligence make a written report thereof to the board of supervisors, and shall accompany said report with a plat of the district showing the proposed improvements to the lands assessed, showing the relative location of each block, lot or portion of lot, or other piece of land, and its dimensions so far as he can reasonably ascertain the

At such sale the municipality may be a bidder. In case there is no bid for said property equal to the unpaid balance of said assessment with accrued interest, and said additional twenty-five per cent of the total amount still unpaid, the municipality must buy said property for the amount of said unpaid balance of said assessment with accrued interest, and said additional twenty-five per cent of the total amount still unpaid and it is hereby made the duty of the tax collector of the municipality to bid said sum in such event on behalf of said municipality, and the amount thus bid on behalf of said municipality shall be transferred from the general or other appropriate fund to the local improvement fund of said district.

Every bid shall be accompanied by a certified check amounting to ten per cent of the bid, payable to the order of the presiding officer of the legislative body of the municipality, and the same shall be forfeited to the municipality in case the bidder depositing the same does not within ten days after written notice that the contract has been awarded to him, enter into a contract with the municipality for doing the work, the faithful performance of which shall be secured by a bond in such penal sum as the legislative body shall deem adequate, not exceeding the estimated cost of the work, and with sureties satisfactory to said body; and he shall also give a good and sufficient bond, in such sum as said body shall designate, not to exceed, however, the estimated cost of said work or improvement nor less than fifty per cent of the estimated cost, and approved by said body, which bond shall be made to inure to the benefit of any and all persons, companies and corporations who shall perform labor on, or furnish materials to be used in the performance of said work or improvement, and shall provide that if the contractor, company, or corporation to whom said contract was awarded fails to pay for any materials so furnished for said work or improvement, or for any work or labor done thereon of any kind, that the sureties will pay the same, to an amount not exceeding the sum specified in said bond. The presiding officer of the legislative body shall execute all written contracts under this act on behalf of the municipality. When such contract and bonds have been entered into, said check shall be returned to the successful bidder; the unsuccessful bidders shall receive their checks upon notice of rejection of their bids. SEC. 16 Section nineteen of said act is hereby amended to read as follows:

Payment of  
deficiency

Sec. 19. In case the first assessment levied shall prove insufficient to pay the contract price and the incidental expenses of the proceeding the municipality may order paid out of any money available in the municipal treasury the deficiency; or

the said legislative body may order the deficiency advanced from any available money in the treasury, and thereafter order an additional assessment levied and collected from the lots and lands within the district as hereinafter provided, or the legislative body may, by resolution, order the levy and collection of an additional assessment against said lots and lands, which shall include the additional incidental expenses of levying and collecting the same, and shall order an additional list, according to the red ink numbers given on the map as provided for in subdivision six of section four of this act prepared and filed, which assessment and list and the collection of said assessment shall follow the same course and proceedings as the original assessment and list as nearly as may be. In case of the advancement of any money from the available funds in the municipal treasury, the same shall be transferred to the proper fund under this act, and thereafter when the additional assessment is collected as heremabove provided, the same amount must be re-transferred to the fund from which it was borrowed.

SEC. 17. Section twenty of said act is hereby amended to read as follows:

Sec. 20. If at any time an assessment for any local improvement under the provisions of this act shall realize a larger sum than is necessary for such improvement, the excess shall be refunded upon warrants on the treasurer, authorized by the legislative body, pro rata, out of the special fund therefor, to the parties by whom it was paid; and, in the case of installment agreements such excess shall be credited on the unpaid installments, beginning with the one due at the latest date.

When there is a failure to receive any bid for doing the work contemplated under the provisions of this act; or when by reason of the abandonment of the work by the contractor before completion and a failure to procure a bidder to complete the work after such abandonment by the contractor; or when by reason of a change in the condition of the ground in, over or along which the improvement is contemplated or is in process of construction under the provisions hereof, caused by the action of the elements; or when for any other reason it becomes impossible or impracticable to construct or complete the improvement under the plans, profiles, cross section and specifications previously adopted by the legislative body in pursuance of proceedings had under this act; then, and in any of such events, said legislative body shall have the right to pass a resolution abandoning said work or improvement.

In the event said work is so abandoned by the municipality prior to letting a contract for the performance of such work, or before any work has been performed, then and in that event, all money raised by assessment for doing said work and in the hands of the treasurer for that purpose (after deducting the incidental expenses actually incurred under such proceedings) shall be refunded upon warrant on the treasurer, authorized by the legislative body, pro rata to the parties by whom it was

Abandonment by contractor

In the event said work is abandoned by the contractor during the process of construction, and subsequent to letting a contract therefor, and subsequent to the completion and acceptance by the legislative body of some portion of the work contemplated by said proceedings: then, before any pro rata payment of the funds collected for that purpose shall be made, or credits given on the said unpaid installments, a proper amount shall be deducted from said funds so collected in proportion to such collections, and a proper proportion of said installments shall remain uncanceled, sufficient to pay the proper proportion of the cost of the work already done and accepted by the legislative body, together with the incidental expenses actually incurred under the proceedings; and the balance shall be refunded pro rata to the parties paying the same, and credits given on the unpaid installments, in the same manner as hereinbefore provided; except, that there shall be only a pro rata payment made, or credit given on installment agreements to the owners of property assessed therefor, over and above any benefits which their said property shall have received from the portion of the improvement made and accepted, by reason of the work done prior to the said abandonment: *provided*, that the legislative body shall in the resolution declaring the proceedings abandoned, designate the amount and value of the benefit, if any, received from such partial performance of said contract, by each lot or parcel of land within the district which are not entitled to a full refund, which amounts so designated shall be withheld from refund or credit upon the installment agreements. The balance due on said installment agreements shall remain payable, together with interest, in the time and manner stated therein unless sooner paid and canceled as provided in section sixteen of this act; and none of the provisions of this section shall invalidate any of the proceedings under this act prior to the adoption of the resolution declaring the said proceedings abandoned, or invalidate any bonds which shall have been issued and sold under the provisions of this act, which bonds shall remain payable out of any funds to be collected from any unpaid assessment on lots or lands upon which installment agreements have been given. And the maturity of such bonds and interest may be advanced and the same paid and canceled as provided in section twenty-one of this act.

said tax collector shall make and certify to the legislative body of the municipality the total amount of all assessments unpaid and for which agreements and waivers have been executed. The said bonds and interest shall be payable exclusively from said local improvement fund, and neither the municipality nor any officer thereof shall be holden for payment otherwise of its principal or interest. *provided*, that if at the close of any fiscal year there shall not be sufficient money in any local improvement fund against which said bonds have been issued under the provisions of this act, over and above sufficient for the payment of interest on all unpaid bonds, it is hereby made the duty of the treasurer to pay out of the general fund of the municipality such bonds and interest due at such time as shall not have otherwise been paid. If at any time the treasurer pays any bond out of the general fund of the municipality under the provisions of this act, it is hereby made the duty of the treasurer to reimburse the general fund of the municipality from the moneys thereafter received by him, through proceedings following default in the payment of the installments as herein provided. Said bonds and interest accruing thereon shall be payable out of any moneys in said fund at the date of maturity, in order of presentation; and shall be secured by all agreements and liens provided for by this act. Treasurer  
may advance  
maturity.

The treasurer may advance the maturity of any bond and pay and cancel the same whenever there shall be surplus moneys in the said fund with which to pay same, by paying a bonus of an additional one-half year interest. He shall give notice of such redemption at least thirty days prior to the second day of January in any year. On said second day of January, if said bond has not been sooner surrendered, the treasurer shall set aside to the credit of the holder or owner of said bond the amount of principal and accrued interest then due on same, and said bond shall then be deemed to have matured, and interest shall thereafter cease to accrue on said bond. The amount so set aside shall on demand be paid the holder of said bond on surrender and cancellation of same.

SEC. 19. Section twenty-two of said act is hereby amended to read as follows:

Acceptance  
of work

SEC. 22. No part of the work shall be paid for until it has been accepted as fully completed according to the specifications in so far as it has been completed, by the legislative body. Whenever the contractor desires the work, or any part of it to be accepted, he must make a written application to that effect to the legislative body of the municipality. Upon such filing of such application for acceptance, the clerk of the municipality shall cause at least five days' notice to be given by posting along the line of the work asked to be accepted that at a certain time and place to be named in said notice, the legislative body of the municipality will hear and consider any objections to the acceptance of the work or part of the work, for the acceptance of which said contractor has petitioned, and only after such hearing shall any work be accepted. If upon such hearing, objections to the acceptance thereof are made, and are held by the legislative body to be good, said body must require the contractor to take the necessary steps to remedy any defects in the said work, and in the event of his failure so to do, within such time as the legislative body shall prescribe, or an extension thereof, the said body may re-let said portion of the work and charge the contractor the cost thereof, together with all expenses incident to said re-letting and doing said work, and shall retain the same out of any moneys due or to become due to him under the contract, and also hold him and his sureties responsible therefor

upon his bonds given. And upon such acceptance the work shall be paid for at the contract price in cash or by the delivery of bonds; *provided*, that not more than seventy-five per cent of the amount due shall be paid to the contractor upon a partial performance of the work, and the remainder shall be retained until the whole work is completed.

The work must be commenced and completed within such time as the said legislative body shall prescribe, which time may be extended by said body from time to time, by resolution; *provided*, that the time for the commencement of the work shall not be fixed at a date prior to the date for the sale of the bonds hereinbefore provided for.

Commence-  
ment and

If the contractor shall abandon the work, or shall fail to proceed with the same as rapidly as required by his contract, the said legislative body may re-let the contract for the work or any part of it and pay the costs and expenses of the same out of any funds due or to grow due to the contractor, or by the delivery of any bonds that may be due him, all incidental expenses due to the re-letting of said contract shall be paid by him, and he and his sureties shall be holden therefor for the same upon their or either of their bonds as well as any damage which may result from such neglect or abandonment.

At any time before the date of such hearing any person interested in any land upon which any charge has been assessed may file written objections to such assessment with said reclamation board stating the grounds of such objections, which said statement shall be verified by the affidavit of such person, or some other person who is familiar with the facts. At said hearing the said reclamation board shall hear such evidence as may be offered in support of said written objection, and may modify or amend the assessment in any particular, or make a re-apportionment of the entire assessment. If the amount of any assessment in said list shall be changed, the said reclamation board shall set a day for hearing objections to said assessment as changed, and

shall give notice thereof by publication for two weeks in a newspaper of general circulation published in the county of Yolo, and in a newspaper of general circulation published in the county of Colusa. At such hearing objections in writing may be made by any person interested, and the reclamation board shall proceed to hear the same in the same manner as upon the original hearing. If the amount of any assessment shall again be changed, the said reclamation board shall proceed as before to give notice and to hear objections thereto, and shall proceed in a similar manner until the amount of each assessment shall be finally fixed and approved. The said reclamation board shall then make an order approving said assessment, and shall endorse such order upon such assessment list, and the duplicate original thereof, which said order shall be signed by the chairman of said reclamation board and attested by the clerk or secretary thereof, and such decision of said reclamation board shall be final, and thereafter said original assessment list and duplicate original assessment list shall be conclusive evidence that the said assessment has been made and levied according to law. Immediately after the approval of said assessment, the original shall, by the said reclamation board, be deposited in the office of the county treasurer of Colusa county, and the duplicate original of said assessment list shall be deposited by said reclamation board in the office of the county treasurer of Yolo county.

Approval of assessment

SEC. 7. From and after the filing of the original list with the county treasurer of Colusa county, and from and after the filing of the duplicate original list with the county treasurer of Yolo county, the charges assessed upon any tract of land within each respective county shall constitute a lien thereon, and shall impart notice thereof to all persons. No subsequent act or conduct of the commissioners shall invalidate said assessment or lien, but such commissioners may be compelled by mandate or other proper proceeding to perform their duties, as required by law. The list thus prepared and filed must remain in the offices of the respective treasurers for thirty days from such filing, or longer if ordered by the board of levee commissioners, and during the time they so remain, any person may pay the amount of the charge assessed against any tract of land to the treasurer of the county in which such tract is situated, in gold coin of the United States, or in warrants of the district. At the end of thirty days the treasurers must return the lists to the board of commissioners of the district, and all unpaid assessments shall thereafter bear interest at the rate of seven per cent per annum, and shall be collected and paid in separate installments, of such amounts and at such time, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct; if any such installment shall remain unpaid at the expiration of thirty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon, and ten per cent of the amount of said installment and interest shall be added

thereto, and collected for the use of the district; *provided, further,* that the commissioners must on the first day of January of each year, order the collection of a sufficient amount of said assessment to pay all warrants that have been issued and outstanding for a period of two years or more, together with the interest on such warrants. Immediately after the said installment has become delinquent, the board of levee commissioners must publish a notice at least once each week for three weeks in some newspaper of general circulation published in the county or counties in which any land upon which such installment may be delinquent is situated, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed, or a statement that it is assessed to unknown owners, if such be the fact; the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the penalty that has been added as above provided, and a notice that the property assessed will be sold on a date therein stated, at such time and place in said district as the board of commissioners may in said notice designate, to pay said installment with accrued interest and the penalty hereinbefore specified. At the time stated in said notice, or such other time to which said sale may have been postponed, the commissioners must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the commissioners must pay the amount of said installment with the accrued interest thereon and the penalty herein provided for to the county treasurer of the county of Colusa who shall place the same in the proper funds of said district, and the commissioners must pay to the owner of said property any surplus remaining after such payment to said county treasurer. The commissioners may postpone said sale from time to time by a written notice posted at the place of sale. If no bid is made for said property equal to the amount of said installment, accrued interest and penalty, the district shall become the purchaser, and the said property must be struck off to the district for the amount of said installment, accrued interest and penalty. A certificate of such sale shall be executed by the commissioners of said levee district to the purchaser, or to the district, if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of the county in which the land sold is situated, or if situated in two counties, then in the office of the county recorder of each thereof. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying in gold coin or in warrants of said district, to the county treasurer of Colusa county the amount of said installment with the accrued interest and penalty, and interest on the said sums at the rate of two per cent per month from the date of said sale.

Need.

If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold

to the district, shall be entitled to a deed executed by said commissioners, and the effect of such deed shall be to convey said property free of all liens and incumbrances, excepting state, county and municipal taxes, and the liens of assessments now levied or which may hereafter be levied by any of the reclamation districts situate within said levee district, or by the Knights Landing Ridge drainage district, and the unpaid balance of said assessment of said levee district, if any, which said balance must be called in and collected in the same manner as other assessments; *provided*, that where said property shall have been deeded to the district and shall not have been sold by the commissioners, the same shall not be offered for sale for subsequent installments of said assessments so long as the district shall remain the owner of said property, but the commissioners may sell said property at any time at public auction after notice given for the same period and in the same manner as is herein provided for sales for delinquent installments, but not for a sum less than all delinquent unpaid installments with accrued interest and penalties, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances, except state, county and other municipal taxes, the lien of any assessments levied or which may hereafter be levied by any reclamation district within said levee district, or the Knights Landing Ridge drainage district, and the unpaid balance of said assessment.

In all cases where an assessment shall hereafter be levied for any purpose on the lands embraced within said levee district, if, for any reason, any tract or tracts of land shall not have been charged with said assessment, then such tract or tracts of land shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by said lands from the levee works, for which said former assessment was levied, bears to the whole amount of said former assessment: or a subsequent re-assessment of such tract or tracts of land may be made separately for the purpose of charging said land with its proper proportion of the costs of levee protection. Such re-assessment shall be made by assessors appointed by the reclamation board, as provided by this act, and must be made and approved in the same manner as other assessments. The assessors appointed by the reclamation board must make a list of the charges assessed against each tract of land; and, if there be any error or mistake in the description of the land or in the name of the owner, or if any land which should be assessed has been, or shall be, omitted from the list, or if there is any error or mistake in any other respect, the said assessors may amend or correct the same at any time before the filing of such list with the reclamation board as hereinbefore provided. Where payment is made in warrants of the district, legal interest must be computed thereon from the date thereof to the time of such payment, when said warrants must be surrendered to the county treasurer of the county of Colusa and by him canceled.

All moneys received from any source by the board of levee commissioners shall be paid by the said board, or the secretary thereof, into the county treasury of Colusa county, and be placed by the treasurer to the credit of the district, and paid out upon the warrants of the board of levee commissioners in the manner hereinbefore provided.

SEC. 8. The warrants drawn by the commissioners must be presented to the treasurer of the county of Colusa, and if they are not paid on presentation, such indorsement must be made thereon and they must be registered and bear interest from the date of such warrants at the rate of seven per cent per annum and shall be payable in the order of their registration. Such warrants are, and shall be, considered as contracts in writing for the payment of money, and the period prescribed for the commencement of an action based upon the said warrants, or connected therewith, is, and shall be, the term of four years from the date of their issuance. Any owner of land in the district may, at any time, pay any assessment thereon, or any part thereof, with warrants of the district. No warrant shall be paid or received on an assessment, except within four years after the date of its issuance. The board of levee commissioners and the county treasurer of Colusa county must cancel all warrants not paid within four years after the date of issuance; *provided*, that any warrant not paid or received on assessment within four years after date of the issuance may, before the expiration of such four years, upon the demand of the owner or holder, be extended for a like period of four years upon the presentation of the same to the board of commissioners of the district, such extension being indorsed thereon by the said board and a record thereof filed with the county treasurer of Colusa county. Said warrants may also thereafter be renewed from time to time in the same manner

In case an action or proceeding, based upon any warrant or connected therewith, be commenced within four years from the date of issuance of such warrant and final judgment be obtained in favor of the owner or holder thereof, such warrant shall be paid or received on assessment in like manner as if it had been paid or received on assessment before the expiration of said four years from the date of its issuance. In any proceedings for a writ of mandate to compel the board of levee commissioners to issue a warrant, if a controversy arises as to the amount that may be due to the plaintiff, the court must determine the same in the manner provided for determining controversies in other civil actions and shall cause a writ to issue for such sum as may be found to be due. At any time after the issuance of a warrant the holder or owner thereof with the consent of the board of levee commissioners may surrender the said warrant, and a new warrant for the face thereof and accrued interest thereon shall thereupon be issued to the owner or holder in the same manner as the original warrant. Whenever there shall be sufficient moneys in the county treasury of Colusa county to the credit of said levee district to pay any warrant or warrants which have been registered and drawing interest, the said county treasurer must give notice by a written notice posted in a conspicuous place in his office, stating therein that he is ready to pay such warrants. From and after the date of posting such notice, such warrants shall cease to draw interest.

All claims arising upon contracts, whether the same be due, not due, or contingent, and all claims for funeral expenses and expenses of the last sickness must be filed or presented within a time limited in the notice, and any claim not so filed or presented is barred forever; *provided, however*, that when it is made to appear by the affidavit of the claimant to the satisfaction of the court, or a judge thereof, that the claimant had no notice as provided in this chapter, by reason of being out of the state, it may be filed or presented at any time

Claims not filed are barred.

before a decree of distribution is entered. A brief description of every claim filed must be entered by the clerk in the register, showing the name of the claimant, the amount and character of the claim, the rate of interest, if any, and the date of filing.

SEC. 3 Section one thousand four hundred ninety-four of the Code of Civil Procedure is hereby amended to read as follows:

Claims  
must be  
sworn to.

1494. Every claim which is due, when filed with the clerk, or presented to the executor or administrator, must be supported by the affidavit of the claimant, or some one in his behalf, that the amount is justly due, that no payments have been made thereon which are not credited, and that there are no offsets to the same, to the knowledge of the affiant. If the claim be not due when filed or presented, or be contingent, the particulars of such claim must be stated. When the affidavit is made by a person other than the claimant, he must set forth in the affidavit the reason why it is not made by the claimant. The oath may be taken before any officer authorized to administer oaths. The executor or administrator may also require satisfactory vouchers or proofs to be produced in support of the claim. No greater rate of interest shall be allowed upon any claim after its approval by the administrator or executor and judge than is allowed on judgments obtained in the superior court.

SEC. 4 Section one thousand four hundred ninety-five of the Code of Civil Procedure is hereby amended to read as follows:

Judge's  
claim

1495. Any judge of a superior court may file or present a claim against the estate of a decedent pending before him, and if the executor or administrator allows the claim, said judge must in writing, designate some other judge of the superior court of the same or an adjoining county, who, upon the presentation of such claim to him, is vested with power to allow or reject it, and the judge filing or presenting such claim, in case of its rejection by the executor or administrator, or by such judge as shall have acted upon it, has the same right to sue in a proper court for its recovery as other persons have when their claims against an estate are rejected.

SEC. 5. Section one thousand four hundred ninety-six of the Code of Civil Procedure is hereby amended to read as follows:

Claims to  
be allowed  
or rejected

1496. When a claim, accompanied by the affidavit required in this chapter, has been filed with the clerk, the executor or administrator must allow or reject it, and his allowance or rejection thereof must be in writing and filed with the clerk. If the executor or administrator so allow the claim after filing, the clerk must, immediately after the filing of such allowance, present the claim, together with the allowance, to the judge, and must at the time of such presentation endorse on the claim the date thereof. The judge must endorse upon the claim so filed his allowance or rejection, with the date thereof. When a claim, accompanied by the affidavit required in this

chapter, is presented to the executor or administrator before filing, he must endorse thereon his allowance or rejection, with the day and date thereof. If he allow the claim so presented, it must be presented to the judge for his approval, who must in the same manner endorse upon it his allowance or rejection. and, if allowed, it must, within thirty days thereafter, be filed with the clerk. If, where a claim has been filed without presentation, the executor or administrator refuse or neglect to file such allowance or rejection for ten days after the claim has been filed, or if, where a claim has been presented before filing, the executor or administrator refuse or neglect to endorse such allowance or rejection for ten days after the claim has been presented to him, or if the judge refuse or neglect to endorse such allowance or rejection for ten days after the claim has been presented to him, such refusal or neglect may, at the option of the claimant, be deemed equivalent to a rejection on the tenth day; and if the presentation be made before filing by a notary, the certificate of such notary, under seal, shall be prima facie evidence of such presentation and the date thereof. If the claim be filed with the clerk, or presented to the executor or administrator, before the expiration of the time limited for the filing or presentation of claims, the same is filed or presented in time, though acted upon by the executor or administrator, and by the judge, after the expiration of such time. If the claim be payable in a particular kind of money or currency, it shall, if allowed, be payable only in such money or currency. Every claim allowed by the executor or administrator and approved by the judge shall be ranked among the acknowledged debts of the estate, to be paid in due course of administration. The dates of allowance of every such claim, together with the amount allowed, must be entered in the register by the clerk after the allowance thereof by the judge.

SEC. 6. Section one thousand four hundred ninety-seven of the Code of Civil Procedure is hereby amended to read as follows:

1497. If the claim be founded on a bond, bill, note, or any other instrument, the original need not be filed or presented, but a copy of such instrument with all endorsements must be attached to the statement of the claim and filed therewith, and the original instrument must be exhibited, if demanded by the executor or administrator or judge, unless it be lost or destroyed, in which case the claimant must accompany his claim when filed or presented by his affidavit, containing a copy or particular description of such instrument, and stating its loss or destruction. If the claim, or any part thereof, be secured by a mortgage or other lien which has been recorded in the office of recorder of the county in which the land affected by it lies, it shall be sufficient to describe the mortgage or lien, and refer to the date, volume, and page of its record. If, in any case, the claimant has left any original voucher in the hands of the executor or administrator, or suffered the same

Original  
instrument  
need not  
be filed with

to be filed with the clerk, he may withdraw the same, when a copy thereof has been already, or is then, attached to his claim.

SEC. 7. Section one thousand four hundred ninety-eight of the Code of Civil Procedure is hereby amended to read as follows:

Notice of  
rejection of  
claim.

1498. When a claim is rejected either by the executor or administrator, or a judge of the superior court, written notice of such rejection shall be given by the executor or administrator to the holder of such claim or to the person filing or presenting the same, and the holder must bring suit in the proper court against the executor or administrator within three months after the date of service of such notice if the claim be then due, or within two months after it becomes due, otherwise the claim shall be forever barred.

SEC. 8. Section one thousand four hundred ninety-nine of the Code of Civil Procedure is hereby amended to read as follows:

Claims  
barred by  
statute.

1499. No claim must be allowed by the executor or administrator, or by a judge of the superior court, which is barred by the statute of limitations. When a claim is presented to a judge for his allowance, he may, in his discretion, examine the claimant and others, on oath, and hear any legal evidence touching the validity of the claim. No claim against any estate, which has been filed and allowed, or presented and allowed, is affected by the statute of limitations, pending the proceedings for the settlement of the estate.

SEC. 9. Section one thousand five hundred of the Code of Civil Procedure is hereby amended to read as follows:

Actions on  
claims.

1500. No holder of any claim against an estate shall maintain any action thereon, unless the claim is first filed with the clerk, or presented to the executor or administrator, except in the following case: An action may be brought by any holder of a mortgage or lien to enforce the same against the property of the estate subject thereto, where all recourse against any other property of the estate is expressly waived in the complaint; but no counsel fees shall be recovered in such action unless such claim be so filed or presented.

SEC. 10. Section one thousand five hundred two of the Code of Civil Procedure is hereby amended to read as follows:

Action  
pending at  
decendent's  
death.

1502. If an action is pending against the decedent at the time of his death, the plaintiff must in like manner file his claim with the clerk, or present it to the executor or administrator for allowance or rejection, authenticated as required in other cases; and no recovery shall be had in the action unless proof be made of such filing or presentation.

SEC. 11. Section one thousand five hundred three of the Code of Civil Procedure is hereby amended to read as follows:

Allowance  
in part.

1503. Whenever the executor or administrator or the judge shall act upon any claim that may be filed with the clerk, or presented to the executor or administrator, and is willing to allow the same in part, he must state in his allowance

the amount he is willing to allow. If the creditor refuse to accept the amount allowed in satisfaction of his claim, he shall recover no costs in any action therefor brought against the executor or administrator, unless he recover a greater amount than that offered to be allowed.

SEC. 12. Section one thousand five hundred five of the Code of Civil Procedure is hereby amended to read as follows:

1505. A judgment against the decedent for the recovery of money must be filed with the clerk, or presented to the executor or administrator, like any other claim. If execution is actually levied upon any property of the decedent before his death, the same may be sold for the satisfaction thereof; and the officer making the sale must account to the executor or administrator for any surplus in his hands. A judgment creditor having a judgment which was rendered against the testator or intestate in his lifetime, may redeem any real estate of the decedent from any sale under foreclosure or execution, in like manner and with like effect as if the judgment debtor were still living.

Judgment  
against  
decedent.

SEC. 13. Section one thousand five hundred seven of the Code of Civil Procedure is hereby amended to read as follows:

1507. If the executor or administrator doubts the correctness of any claim presented to him or filed with the clerk, he may enter into an agreement in writing with the claimant to refer the matter in controversy to some disinterested person, to be approved by the superior court, or a judge thereof. Upon filing the agreement and approval of such court or judge, in the office of the clerk of the court for the county in which the letters testamentary or of administration were granted, the clerk must enter a minute of the order referring the matter in controversy to the person so selected, or, if the parties consent, a referee may be had in the court; and the report of the referee, if confirmed, establishes or rejects the claim the same as if it had been allowed or rejected by the executor or administrator and judge.

Disputed  
claim may  
be referred  
to referee.

SEC. 14. Section one thousand five hundred ten of the Code of Civil Procedure is hereby amended to read as follows:

1510. If the executor or administrator is a creditor of the decedent, his claim duly authenticated by affidavit shall be filed with the clerk, and must be presented by the clerk for allowance or rejection to the judge, who shall allow or reject it, and its allowance by the judge is sufficient evidence of its correctness, and it must be paid as other claims in due course of administration. If, however, the judge reject the claim, action thereon may be had against the estate by the claimant, and summons must be served upon the judge, who may appoint an attorney, at the expense of the estate, to defend the action. If the claimant recover no judgment, he must pay all costs, including defendant's reasonable attorneys fees, to be fixed by the court.

Executor's  
claim.

SEC. 15. Section one thousand five hundred twelve of the Code of Civil Procedure is hereby amended to read as follows:

Statement  
of claims  
against  
estate.

1512. At the same time at which he is required to return an inventory, the executor or administrator must also return a statement of all claims against the estate which have been filed with the clerk, or presented to the executor or administrator if so required by the court, or a judge thereof, and from time to time thereafter he must present a statement of claims subsequently so filed or presented, if so required by the court, or a judge thereof. In all such statements he must designate the names of the creditors, the nature of each claim, when it became due, or will become due, and whether it was allowed or rejected by him, or not yet acted upon.

SEC. 16. Section one thousand five hundred thirteen of the Code of Civil Procedure is hereby amended to read as follows:

Payment  
of debts  
bearing  
interest.

1513. If there be any debt of the decedent bearing interest, whether filed or not, or whether presented or not, the executor or administrator may, by order of the court, pay the amount then accumulated and unpaid, or any part thereof, at any time when there are sufficient funds properly applicable thereto, whether said claim be then due or not; and interest shall thereupon cease to accrue upon the amount so paid. This section does not apply to existing debts unless the creditor consent to accept the amount

SEC. 17. Section one thousand five hundred fourteen of the Code of Civil Procedure is hereby amended to read as follows:

When  
claimant  
can not be  
found

1514. Whenever any claim has been filed or presented and shall have been approved by the executor or administrator and by the judge, but the same has not been paid, and the estate is in all other respects ready to be closed, if it be made to appear to the satisfaction of the court or judge, by affidavit, or by testimony taken in open court, that the same can not be, and has not been, paid because the claimant can not be found, the court or judge shall make an order fixing the amount of said claim, with interest, if any, and directing the executor or administrator to deposit the amount with the county treasurer of the county in which the estate is being probated, who shall give a receipt for the same, and who shall be liable upon his official bond therefor. Such executor or administrator shall at once make the deposit in accordance with such order of court and shall forthwith proceed to close up and settle such estate. Upon the final settlement of his accounts, the receipt of such treasurer shall be received as a proper voucher for the payment of such claim, and shall have the same force and effect as if executed by such claimant. When the amount so deposited is not claimed within five years the court or judge, upon such showing by the affidavit of the county treasurer, must direct the same to be deposited in the state treasury for the benefit of such claimant, or his legal representative to be paid to him whenever, within five years after such deposit, proof to the satisfaction of the state controller and state treasurer is produced that he is entitled thereto. When so claimed,

After five  
years  
amount  
deposited  
in state  
treasury.

the evidence and the joint order of the controller and treasurer must be filed by the treasurer as his voucher, and the amount of the claim paid to the claimant, or his legal representative, on filing the proper receipt. If no one claims the amount, as herein provided, the claim devolves and escheats to the people of the State of California and shall be placed by the state treasurer to the credit of the school fund. This section shall be applicable to any and all estates now pending in which a decree of final discharge has not been granted.

SEC. 18. Section one thousand five hundred sixty-nine of the Code of Civil Procedure is hereby amended to read as follows:

1569. When any sale is made by an executor or administrator, pursuant to the provisions of this chapter, of lands subject to any mortgage or other lien, which is a valid claim against the estate of the decedent, and has been filed and allowed, or presented and allowed, the purchase-money must be applied, after paying the necessary expenses of the sale, first, to the payment and satisfaction of the mortgage or lien, and the residue, if any, in due course of administration. The application of the purchase-money to the satisfaction of the mortgage or lien must be made without delay; and the land is subject to such mortgage or lien until the purchase-money has been actually so applied. No claim against any estate, which has been filed and allowed, or presented and allowed, is affected by the statute of limitations, pending the proceedings for the settlement of the estate. The purchase-money, or so much thereof as may be sufficient to pay such mortgage or lien, with interest, and any lawful costs and charges thereon, may be paid into the court, to be received by the clerk thereof, whereupon the mortgage or lien upon the land must cease, and the purchase-money must be paid over by the clerk of the court without delay, in payment of the expenses of sale, and in satisfaction of the debt to secure which the mortgage or other lien was taken, and the surplus, if any, at once returned to the executor or administrator, unless for good cause shown, after notice to the executor or administrator, the court otherwise directs.

1628. Within thirty days after the expiration of the time mentioned in the notice to creditors within which claims must be filed or exhibited every executor or administrator must render a full account and report of his administration. If he fails to present his account the court or judge must compel the rendering of the account by attachments, and any person interested in the estate may apply for and obtain an attachment; but no attachment must issue unless a citation has been first issued, served and returned, requiring the executor or administrator to appear and show cause why an attachment should not issue. Section six of an act of the legislature of the State of California entitled, "An act to create a drainage district to be called Knight's Landing ridge drainage district; to promote drainage therein by the making of a cut through Knight's Landing ridge, and the construction of a canal leading therefrom; to provide for the election and appointment of officers of said drainage district; defining the powers, duties and compensation of such officers; and providing for levying and collecting assessments upon the lands within said drainage district; the issuance of bonds by said drainage district and testing the validity of the levy of such assessments and the issuance of such bonds." approved April 30, 1913, is hereby amended to read as follows:

Sec. 6. The said reclamation board shall upon receipt of plans and estimates, as above set forth, appoint three assessors, who shall be disinterested persons, and who shall have no interest in any real estate within said drainage district, and each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessors must assess upon the land within said drainage district the said sum so estimated by the board of drainage commissioners, and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditure of said sums of money. Said assessors shall make a separate list of the lands so assessed in each county, which list shall contain a description of the tracts of land assessed, by swamp land surveys, legal subdivisions, or other boundaries or references sufficient to identify the same; the name of the owner, if known or if unknown, that fact; the amount of the charge assessed against each tract. No mistake in the name of the owner or supposed owner, of any real estate shall invalidate the assessment. Said lists, when completed, shall be filed with the clerk of the board of supervisors of the county of Yolo, State of California. The said board of supervisors shall appoint a time when it will meet for the purpose of hearing objections to said assessment, and notice of such hearing shall be given by publication for four weeks in a newspaper of general circulation published in the county of Yolo, and in a newspaper of general circulation published in the county of Colusa. At any time before the date of such hearing any person interested in any land upon which any charge has been assessed may file written Assessors

objections to such assessments with the clerk of said board of supervisors stating the grounds of such objections, which said statement shall be verified by the affidavit of such person, or some other person who is familiar with the facts. At said hearing the said board of supervisors shall hear such evidence as may be offered in support of said written objection, and may modify or amend the assessment in any particular, or make a reapportionment of the entire assessment. If the amount of any assessment in said list shall be changed, the said board of supervisors shall set a day for hearing objections to said assessment as changed, and shall give notice thereof by publication for four weeks in a newspaper of general circulation published in the county of Yolo, and in a newspaper of general circulation published in the county of Colusa. At such hearing objections in writing may be made by any person interested, and the board of supervisors shall proceed to hear the same in the same manner as upon the original hearing. If the amount of any assessment shall again be changed, the said board of supervisors shall proceed as before to give notice and to hear objections thereto, and shall proceed in a similar manner until the amount of each assessment shall be finally fixed and approved. The said board of supervisors shall then make an order approving said assessment, and shall endorse such order upon such assessment list, which said endorsement shall be signed by the chairman of said board of supervisors and attested by the clerk thereof, and such decision of said board of supervisors shall be final, and thereafter said assessment list shall be conclusive evidence that the said assessment has been made and levied according to law, except in an action commenced, as hereinafter provided. Immediately after the approval of said assessment the order approving same shall, by the clerk of said board of supervisors, be deposited in the office of the county treasurer of Yolo county, and a copy of said assessment list and of the said order approving the same, endorsed thereon, shall be certified by the said clerk of the board of supervisors, and deposited by said clerk in the office of the treasurer of Colusa county. Any person aggrieved by the decision of the said board of supervisors may commence an action in the superior court of the county in which the greater part of said district is situated, to have said assessment corrected, modified or annulled. Such action must be commenced within thirty days after said assessment list has been filed in the office of the county treasurer of the county in which the land affected is situated. SEC 3 Section seven of an act of the legislature of the State of California entitled "An act to create a drainage district to be called Knight's Landing ridge drainage district; to promote drainage therein by the making of a cut through Knight's Landing ridge, and the construction of a canal lead-

ing therefrom; to provide for the election and appointment of officers of said drainage district; defining the powers, duties and compensation of such officers; and providing for levying and collecting assessments upon the lands within said drainage district; the issuance of bonds by said drainage district and testing the validity of the levy of such assessments and the issuance of such bonds," approved April 30, 1913, is hereby amended to read as follows:

Sec. 7. From and after the filing of the original list with the county treasurer of Yolo county, and from and after the filing of a certified copy of the list with the treasurer of Colusa county, the charges assessed upon any tract of land within each respective county shall constitute a lien thereon, and shall impart notice thereof to all persons. No subsequent act or conduct of the commissioners shall invalidate said assessment or lien, but such commissioners may be compelled by mandate or other proper proceeding to perform their duties, as required by law. The list thus prepared and filed must remain in the offices of the respective treasurers for thirty days from such filing, or longer if ordered by the board of drainage commissioners, and during the time they so remain, any person may pay the amount of the charge assessed against any tract of land to the treasurer of the county in which such tract is situated in gold coin of the United States, or in warrants of the district. All sums so paid must be placed by the said respective treasurers to the credit of the drainage district, and at the end of said thirty days, the said treasurer of Colusa county shall transmit to the said treasurer of Yolo county all moneys collected by him, and the latter shall place the same to the credit of said drainage district, and the same shall be paid out by said treasurer of Yolo county upon warrants issued by the board of commissioners of the drainage district. All warrants that may be paid upon assessments to the treasurer of said Colusa county, at the end of said thirty days, shall be endorsed by him as being received upon assessments, and shall be transmitted by him to the treasurer of the county of Yolo, and the latter shall cancel the same, and, likewise, all warrants that may have been paid to him upon the said assessments during the said period of thirty days. At the end of thirty days, unless otherwise ordered by the board of drainage commissioners, the treasurers must return the lists to the board of commissioners of the district, and all unpaid assessments shall thereafter bear interest at the rate of seven per cent per annum, and shall be collected and paid in separate installments, of such amounts and at such time, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct; if any such installment shall remain unpaid at the expiration of thirty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon, and ten per cent of the amount of said installment and interest shall be

added thereto, and collected for the use of the district; *provided, further*, that the commissioners must on the first day of January of each year, except when bonds shall have been issued on the assessment, order the collection of a sufficient amount of said assessment to pay all warrants that have been issued and outstanding for a period of two years or more, together with the interest on such warrants. Immediately after the said installment has become delinquent, the board of drainage commissioners must publish a notice at least once each week for three weeks in some newspaper of general circulation published in the county or counties in which any land upon which such installment may be delinquent is situated, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed, or a statement that it is assessed to unknown owners, if such be the fact; the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the penalty that has been added as above provided, and a notice that the property assessed will be sold on a date therein stated, at such place in said district as the board of commissioners may in said notice designate, to pay said installment with accrued interest and the penalty hereinbefore specified. At the time stated in said notice, or such other time to which said sale may have been postponed, the commissioners must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the commissioners must pay the amount of said installment with the accrued interest thereon and the penalty herein provided for to the county treasurer of the county of Yolo who shall place the same in the proper funds of said district, and the commissioners must pay to the owner of said property any surplus remaining after such payment to said county treasurer. The commissioners may postpone said sale from time to time by a written notice posted at the place of sale. If no bid is made for said property equal to the amount of said installment, accrued interest and penalty, the district shall become the purchaser, and the said property must be struck off to the district for the amount of said installment, accrued interest and penalty. A certificate of such sale shall be executed by the commissioners to the purchaser, or to the district, if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of the county in which the land sold is situated, or if situated in two counties, then in the office of the county recorder of each thereof. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer of Yolo county the amount of said installment with the accrued interest and penalty, and interest on the said sums at the rate of two per cent per month from the date of said sale.

Redemption

If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by said com-

missioners, and the effect of such deed shall be to convey said property free of all liens and incumbrances, excepting state, county and municipal taxes, and the liens of assessments now levied or which may hereafter be levied by any of the reclamation districts situate within said drainage district, and the unpaid balance of said assessment, which said balance must be called in and collected in the same manner as other assessments; *provided*, that where said property shall have been deceded to the district and shall not have been sold by the commissioners, the same shall not be offered for sale for subsequent installments of said assessments so long as the district shall remain the owner of said property, but the commissioners may sell said property at any time at public auction after notice given for the same period and in the same manner as is herein provided for sales for delinquent installments, but not for a sum less than all delinquent unpaid installments with accrued interest and penalties, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances, except state, county and other municipal taxes, the lien of any assessments levied or which may hereafter be levied by any reclamation district within said drainage district and the unpaid balance of said assessment.

In all cases where an assessment shall hereafter be levied for drainage purposes on the lands embraced within said drainage district, if, for any reason, any tract or tracts of land shall not have been charged with said assessment, then such tract or tracts of land shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by said lands from the drainage works, for which said former assessment was levied, bears to the whole amount of said former assessment; or a subsequent re-assessment of such tract or tracts of land may be made separately for the purpose of charging said land with its proper proportion of the costs of drainage. Such re-assessment shall be made by assessors appointed by the reclamation board, as provided by this act, and must be made and approved in the same manner as other assessments. The assessors appointed by the reclamation board must make a list of the charges assessed against each tract of land; and, if there be any error or mistake in the description of the land or in the name of the owner, or if any land which should be assessed has been, or shall be, omitted from the list, or if there is any error or mistake in any other respect, the said assessors may amend or correct the same at any time before the filing of such list with the clerk of the board of supervisors as hereinbefore provided. Where payment is made in warrants of the district, legal interest must be computed thereon from the date thereof to the time of such payment, when said warrants must be surrendered to the county treasurer of the county of Yolo and by him canceled.

may be called in, shall be paid to the secretary of said board of drainage commissioners, and the same and also all proceeds from any delinquent sale shall be paid into the county treasury of the county of Yolo, and be placed by the treasurer thereof to the credit of said district, and paid out upon warrants issued by the board of drainage commissioners; *provided, however*, if bonds of such district have been issued upon said assessment, then said treasurer shall set the same apart as a separate fund and for the purpose of paying the principal and interest of such bonds, and shall not pay any part of the moneys received from such assessments for any purpose other than the payment of the principal and interest of such bonds. At any time an assessment on any tract of land may be paid in full, notwithstanding the same has not been called in by the board of drainage commissioners.

treasury.

All moneys received from any source by the board of drainage commissioners shall be paid by the said board, or the secretary thereof, into the county treasury of Yolo county, and be placed by the treasurer to the credit of the district, and paid out upon the warrants of the board of drainage commissioners in the manner hereinbefore provided. That on the first Monday of each month the county treasurer of Colusa county shall transmit to the county treasurer of Yolo county all moneys that may be in his hands to the credit of Knight's Landing Ridge drainage district arising from any source, and, likewise, all warrants that may be delivered in payment of any assessment, and all such moneys shall thereupon be placed to the credit of said district by said county treasurer of Yolo county.

When the superintendent is unwilling to certify to the discharge of an unrecovered patient, upon request, and so certifies in writing, giving his reasons therefor, any superior judge of the county in which the hospital is situated may, upon such certificate, and an opportunity of a hearing thereon being accorded the superintendent, and upon other proofs as may be produced before him, direct, by order, the discharge of such patient, upon such security to the people of the state as he may require for the good behavior and maintenance of the patient. Such person, when discharged, shall be returned to the county from which he was committed at the expense of said county. When such person is a poor and indigent person he shall be delivered to the sheriff of the county who must take the necessary steps for the care of such person. When such person is a poor and indigent person he shall be cared for by such county as are other indigent poor. The clerk shall record the same in a book kept for that purpose and shall keep an index thereof. No fees shall be charged by the clerk for performing such duties. Such certified copy of such certificate and the record of the same shall have the same legal effect as the original, and if no guardian has been appointed for such person as provided by sections seventeen hundred and sixty-three and seventeen hundred and sixty-four of the Code of Civil Procedure, such certificate, duly certified copies thereof and such record thereof shall have the same legal force and effect as a judgment of restoration to capacity made under the provisions of section seventeen hundred and sixty-six of the Code of Civil Procedure. The term patient as used in this section shall be regarded as referring to and including inmates of the home for the feeble-minded.

Application  
to be  
declared  
sane.

Whenever any person duly adjudged to be insane has been duly committed to a state hospital for the insane under the provisions of any law of this state, and for whom no guardian has been appointed, and who is absent from the hospital to which he was committed or transferred under the order of commitment, on parole or leave of absence granted by the medical superintendent thereof, or who has been discharged therefrom as improved by said superintendent as provided by this section, is desirous of being declared sane and restored to legal capacity, said insane person or a relative or friend on his behalf may make application in writing to said medical superintendent to be declared sane. On receiving such application, said medical superintendent may make such examination of such person and require such proof as he may reasonably deem necessary to determine whether or not such person is sane. For the purpose of making such examination said superintendent may also require said person to present himself at the hospital for examination. If on making such examination and receiving such proofs as he deems reasonably necessary said medical superintendent shall be satisfied that said person is sane and has recovered his reason, said medical superintendent shall issue to said person his certificate that such person is sane and recovered and restored to reason. Notice of the hearing of said application shall be given in the manner directed by a judge of said court, to said medical superintendent, and to such relative or relatives of such insane person residing in the county as the judge may direct, who may have opportunity to appear and be heard on the hearing of said application. Such hearing shall be conducted as are civil cases, and on demand of the petitioner the question of the insanity of such person may be tried by a jury, as in civil cases. If on the hearing of said application the court is satisfied from the proofs produced or if a jury trial is had, and the jury shall render a verdict that such person is sane, the court shall by order adjudge such person to be sane. Said order shall be filed and recorded in the office of the county clerk and certified copies thereof shall be sent by said clerk and filed with the state commission in lunacy and also with the superintendent of the hospital from which said insane person was paroled, granted leave of absence or discharged as improved. If said matter is tried by a jury the cause against said insane person shall be represented by the district attorney of the county. From a decision of the court or verdict of the jury finding the said person insane an appeal may be taken as in civil cases. If three-fourths of the jury fail to declare said person sane, or the court or the jury shall find such person to be insane, said proceeding shall be dismissed and no new application to declare such person sane shall be made for six months thereafter.

Whenever any person who has been adjudged to be insane, who has not been committed to a state hospital for the insane, and who has no guardian, is desirous of being declared sane and restored to legal capacity, said insane person or a relative or friend on his behalf may, by petition duly verified, make application to a judge of the superior court where he resides to be declared sane; said judge shall fix a time for the hearing of said application, and he may, by order, direct that notice of said hearing be given in the manner and to such relative or relatives of said person residing in the county where such application is made, as the judge may direct, who shall have opportunity to appear and be heard at said hearing. Such hearing shall be conducted as are civil cases, and on demand by the petitioner may be tried before a jury as are civil cases. If on said hearing the decision of the court or the verdict of the jury is that such person is insane, an appeal may be taken to the supreme court as in civil cases. If the court shall decide or the jury shall render a verdict declaring said person to be sane, the court shall make an order declaring said person to be sane. If three-fourths of the jury fail to unite in a verdict, or the court or jury shall decide that such person is insane, such proceeding shall be dismissed, and no new application to have

Hearing in case of person who desires to be declared sane

such person declared sane shall be made for six months thereafter.

Bond covering costs.

Before any order is made or any proceedings are taken for a trial by jury, the person demanding the same shall make a deposit, or give a bond, to be approved by a judge of the superior court where proceedings are had for the payment of all costs of such trial, unless, in the opinion of said judge, the insane person in whose behalf said trial is demanded is a poor or indigent person.

The certificate of recovery by the medical superintendent, the order of the judge or the verdict of a jury and the order of the judge as in this section provided, shall have the same legal effect as a discharge as recovered, and shall be prima facie evidence of the sanity of such person.
