Confidential communications.

1881. There are particular relations in which it is the policy of the law to encourage confidence and to preserve it inviolate; therefore, a person can not be examined as a witness in the following cases:

Husband and wife.

1. A husband can not be examined for or against his wife without her consent; nor a wife for or against her husband, without his consent; nor can either, during the marriage or afterward, be, without the consent of the other, examined as to any communication made by one to the other during the marriage; but this exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other, or for a crime committed against another person by a husband or wife while engaged in committing and connected with the commission of a crime by one against the other; or in an action brought by husband or wife against another person for the alienation of the affections of either husband or wife or in an action for damages against another person for adultery committed by either husband or wife.

Attorney and client.

2. An attorney can not, without the consent of his client, be examined as to any communication made by the client to him, or his advice given thereon in the course of professional employment; nor can an attorney's secretary, stenographer, or clerk be examined, without the consent of his employer, concerning any fact the knowledge of which has been acquired in such capacity.

Confessor and confessant.

recover damages for personal injuries, such action shall be deemed to constitute a consent by the person bringing such action that any physician who has prescribed for or treated said person and whose testimony is material in said action shall testify; and provided further, that the bringing of an action, to recover for the death of a patient, by the executor of his will, or by the administrator of his estate, or by the surviving spouse of the deceased, or if there be no surviving spouse, by the children personally, or, if minors, by their guardian, shall constitute a consent by such executor, administrator, surviving spouse, or children or guardian, to the testimony of any physician who attended said deceased.

Public officer.

Urgency

SEC. 11. This act is hereby declared an urgency measure necessary for the preservation of the public peace, health and safety under the provisions of section 1 of Article IV of the Constitution of this State. A statement of the facts constituting such necessity is the following:

The moneys in the insurance fund in the State treasury are almost exhausted. The entire expense of supervision and regulation of insurance companies is paid out of said fund. Unless additional revenues are immediately made available for the replenishment of this fund, such supervision and regulation can not efficiently be continued, and a breakdown of this vital function of State administration is thereby threatened. This act, by increasing the revenues payable into such fund, will tend to avert such a threatened breakdown and will thereby enable the State to continue to efficiently supervise and regulate the insurance business therein. As a failure of such supervision and regulation to efficiently function might result in tremendous losses to the people of this State, it is therefore necessary to the immediate preservation of the public peace, health and safety that this act take effect immediately.

An act to add a new section to the Probate Code, to be numbered section 1501a, providing that wage claims of not exceeding two hundred dollars each for work done within ninety days shall be preferred in the administration of the estates of minors and insane and incompetent

persons, and paid promptly out of the first available assets of the estate as soon as their validity is established.

[Approved by the Governor May 25, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

New section.

SECTION 1. A new section is hereby added to the Probate Code, to be numbered section 1501a, to read as follows:

Certain wage claims preferred

1501a. Every guardian must promptly pay wage claims of not exceeding two hundred dollars to each claimant, for work done or services rendered for the ward within ninety days prior to the date the petition for the appointment of the guardian was filed, before the claim of any general creditor is paid. If there is insufficient money with which to pay all such labor claims in full the money available must be distributed among the claimants in proportion to the amount of their respective claims. If a guardian neglects or refuses to pay such preferred labor claims, as provided in this section the court shall order him to do so upon the informal application of any labor claimant or his assignee or representative. The guardian shall have the right to require sworn claims to be presented and shall have the right to refuse to pay any such preferred claim, either in whole or in part, if he has reasonable cause to believe that such claim is not valid but must pay any part thereof that is not disputed, without prejudice to the claimant's rights as to the balance of his claim, and withhold sufficient money to cover the disputed portion until the claimant in question has a reasonable opportunity to establish the validity of his claim by court action against the said guardian, either in his own name or through an assignee.

Refusal to pay.

When section not applicable

Nothing in this section contained shall be construed to require the payment of such preferred labor claims if the assets available are insufficient, in the opinion of the court, to provide for the reasonable current needs of the ward and the wife and/or minor children of the ward; provided, however, that all wages earned within thirty days prior to the date of the filing of the petition for the appointment of the guardian shall be paid out of the first available assets.

act, and to provide an appropriation therefor,' approved March 18, 1889, as amended," relating to infectious diseases of animals; to declare the urgency thereof and provide that this act shall take effect immediately.

[Approved by the Governor May 25, 1933. In effect immediately.]

The people of the State of California do enact as follows:

4a. Whenever any of the destructive infectious diseases of animals known as foot and mouth disease, rinderpest, surra, or contagious pleuropneumonia or any other infectious diseases of animals considered by the director to be detrimental to the welfare of the animal industry are discovered in the State of California it shall be the duty of the Director of Agriculture to take suitable measures to suppress the same promptly and to prevent the spread thereof; and for this purpose the said director is hereby empowered and it shall be his duty to ascertain, fix and proclaim the boundaries of a quarantine district or area wherein such disease exists or has existed and to establish, proclaim and maintain a quarantine of such district or area and of all animals therein, and to forbid, prevent or restrict the movement of all animals from or into such district or area or from place to place therein, during the existence of such quarantine. He is hereby further authorized and empowered, whenever in his judgment such action shall be necessary to make such quarantine effective, to regulate, restrict or restrain the movements of persons, vehicles, farm equipment, farm and dairy products and other materials from or into such quarantine district or area, or from place to place therein, during the existence of such quarantine; provided, however, that, under such precautions and safeguards as he shall deem proper, he may authorize the continuance of traffic over and along any roads or highways traversing such quarantined district or area and may impose as a condition thereto that no person or vehicle permitted to travel on any such road or highway shall depart from such road or highway while within such quarantined district or area. He is also hereby further authorized and empowered to order all animals within such quarantined district or area to be detained for purposes of examination or inspection at any place or places specified by him in such order, and to cause to be destroyed all animals which may be found therein affected with any such disease, and of all animals found therein which have been so exposed thereto as to be dangerous to themselves or other animals, and to require a proper disposal to be made of the hides and carcasses of all animals so destroyed. existed, and such other regulations as he may deem necessary to eradicate such disease and to prevent the dissemination thereof.

Damages

When, however, any animals or property are destroyed under the provisions of this section the owner thereof shall be paid for same an amount of money to be determined by appraisers hereinafter provided for; provided, however, that the payment for said animals or property by the State of California shall be conditioned on the government of the United States sharing equally in said payment. The value of such animals or property prior to their destruction shall be determined by an appraiser appointed by the Director of Agriculture who shall make the appraisement in cooperation with an appraiser appointed by the Chief of the Bureau of Animal Industry of the United States Department of Agriculture.

Urgency.

SEC. 2. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency:

There did appear in California early in March, 1933, a contagious disease affecting hogs, sufficiently serious as to require, after concurrence in decision with the Federal Bureau of Animal Industry, the slaughter of the infected animals in order to protect the welfare of the live stock industry of the State.

Because the particular disease is not specifically mentioned in the act cited in the title of this measure, it becomes necessary to require proper extension of authority in order that the animals may be slaughtered and the owners thereof properly indemnified in the event that such disease shall again appear. The urgency is necessary in order to govern the period between the effective date of this act and the time when the Agricultural Code, Chapter 25, Statutes of 1933, or amendments thereto, can become effective.

CHAPTER 556.

An act relating to and providing for a moratorium with respect to the requirement for the performance of prospecting work contained in certain State mineral permits other than those issued for prospecting for oil or gas, under the authority contained in Chapter 303, Statutes of California, 1921, as amended, and declaring the urgency thereof, to take effect immediately. Stats 1921, p. 404.

[Approved by the Governor May 25, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. A moratorium is hereby declared with respect to the requirement for the performance of prospecting work contained in certain State mineral permits other than those issued for prospecting for oil or gas, under the authority contained in Chapter 303, Statutes of California, 1921, as amended, effective on the date of the approval of this act and terminating upon the first day of January, 1935; provided, however, that this act shall not be construed as an extension of the period of any such State mineral permit heretofore issued or which may hereafter be issued. Moratorium on prospecting work. Stats 1921, p. 404.

SEC. 2. This act is hereby declared an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article Urgency

IV of the Constitution of the State of California, and as such it shall take effect immediately.

The facts constituting such necessity are as follows: Due to the existing economic crisis and proclamation of the President of the United States and recent legislation imposing restrictions upon withdrawal of funds from banks, it is, at present, impossible for permittees of said State mineral permits to obtain money with which to perform the required prospecting work. As a result, unless this act takes effect immediately, permittees will lose such State mineral permits, and thereby suffer losses on account of investments made in prospecting work. It is, therefore, necessary that this act go into effect immediately to curb the effects of the existing national crisis.

If a call of an installment of assessment has been made to pay the principal of any maturity of outstanding bonds and/or the interest on any outstanding bonds issued on such assessment, and thereafter the bonds of such maturity, or any thereof, have been refunded or otherwise canceled in the manner provided by law, and the payment of the principal of such maturity of such outstanding bonds, or any thereof, for which such call, in part or wholly, was levied to pay, is not required, then upon the exchange by the holder or holders of such outstanding bonds, or any thereof, for refunding bonds and/or the cancellation of such outstanding bonds, by reason of such refunding or as otherwise provided by law, the county treasurer shall forthwith give to each tract of land affected by such call and/or which has been previously sold to the county treasurer or trustee of the district for the payment of

a delinquency in such call of installment, a credit upon such call of installment levied upon the land involved in such call and/or sale at the ratio that the amount of the principal of the bonds exchanged and/or canceled, plus fifteen per cent thereof, bears to the total amount of such installment so called; and when such credit is given, payment of the balance of any such call of installment shall be deemed a full discharge of such call and any landowner, or any person who has the right of redemption, shall have the right to redeem from such sale, in accordance with the provisions of law now existing or which may be hereafter enacted, upon the payment to the county treasurer of the balance of such call of installment after such credit is given and the interest on such balance and the penalty now provided, or which may hereafter be provided by law, upon the balance of such delinquent installment. Any parcel of land bid in and purchased by a county treasurer as trustee of the district in the manner provided by law may be sold and conveyed by him, or his successor in office, in the manner and at the time provided by section 3480 of the Political Code to any person paying him the amount for which said parcel was bid in by said treasurer at delinquent sale less any credit given as herein provided and less the further sum of ten per cent of such credit with interest on the remaining balance at the rate of seven per cent per annum compounded yearly from the date of said delinquent sale.

Redemption.

Any landowner who has paid such call in full shall be credited, upon any subsequent call or calls of such assessment in an amount equal to that percentage of the call so paid that is equivalent to the ratio between the amount of the principal of the bonds exchanged and/or canceled, plus fifteen per cent thereof, and the total amount of such installment so called.

Extent of credit.

This section shall be applicable to all bonds which may be exchanged for refunding bonds, or otherwise canceled, either before or after the respective maturity dates of the bonds exchanged and/or canceled and to any sale for delinquency as to which the period of redemption has not expired and to all parcels of land heretofore or hereafter bid in and purchased by a county treasurer as trustee of the district in the manner provided by law as to which the period of redemption has expired and to all calls of installment of assessments heretofore or hereafter paid and in all such respects shall be both prospective and retroactive in its operation.

Applicability of section.

SEC. 2. This act is hereby declared to be an urgency measure within the meaning of section 1, Article IV, of the Constitution of the State of California, and it is deemed necessary for the immediate preservation of the public peace and safety that this law shall go into immediate effect.

Urgency.

The following is a statement of facts constituting such urgency: Due to the agricultural depression which has existed for the past several years, many landowners in reclamation districts in the State have been unable to meet their installments upon assessments with the result that their land has

been sold to the district. The heavy penalties necessary to be paid as now provided by law, and which continually increase, make it impossible for the landowners to redeem their land and thousands of landowners are now threatened with the loss of their land. If the land is not redeemed and it is deeded to the district, it then becomes nonassessable for district purposes, and the burden becomes all the heavier on the other landowners in the district, causing more delinquency and loss. Many reclamation districts have proceeded and are proceeding to refund their outstanding bonds. In such proceedings such outstanding bonds have been and will be deposited and exchanged for later maturing bonds issued and to be issued by said districts. Pursuant to law calls of installment of assessments have been made to meet the payment of such outstanding bonds exchanged and to be exchanged and otherwise canceled as provided by law. Said calls have become delinquent and have been and are being and will be enforced and collected in the manner provided by law. Owing to the said refunding proceedings heretofore had and now in process or which will hereafter be had the collection and the enforcement of the payment of the whole of said calls has been, is and will be unnecessary for the reason that the payment of the principal of said maturities of said outstanding bonds for which said calls were levied to pay is not and will not be required. The Legislature hereby declares that the welfare of the State requires that the landowners in these districts be not unnecessarily dispossessed of their land, and that the land be redeemed so as to thenceforth bear its just proportion of taxation.

CHAPTER 558.

At the time set for hearing protests or at the time to which the hearing of protests may be continued, the city council shall hear such protest or protests and pass upon the same and its decision thereupon shall be final and conclusive.

Order for improvement.

SEC. 6. If no written protest has been delivered to the city clerk up to the hour for hearing the protests provided in the resolution of intention or upon the overruling of any protest or protests filed, the city council may, by resolution, order such improvement and may direct the city engineer to make such improvement and to purchase the materials and employ the labor necessary therefor, and the city clerk shall deliver a copy of such order to the city engineer, who shall forthwith commence and proceed diligently with and complete such improvement without unnecessary delay and substantially in accordance with the specifications therefor.

Assessments.

SEC. 7. Upon the completion of the improvements, the city engineer shall compute the cost and incidental expenses thereof, exclusive of any and all costs of labor on the improvement, and shall assess such amount against the several parcels of property fronting or abutting on the street or parts of streets along such improvement. The amount of each assessment shall become a lien against the parcel of property of record so assessed as of the date of the filing with the city council of the petition for improvement of the street or parts of streets; provided that said lien shall be subject to the confirmation of said assessment by the city council, as hereinafter provided.

Liens.

Assessment roll.

SEC. 8. The city engineer shall prepare an assessment roll which shall briefly refer to the resolution of intention pursuant to which the improvements were made and shall show in detail the items of cost thereof, together with all incidental expenses; the name of each street improved; a description of each lot or parcel assessed; the amount of each assessment against each lot or portion of the lot so assessed; the name of the owner of each lot or portion thereof assessed as such ownership appears on the assessment roll of the city or as known to the city engineer, and the date of said assessment. There shall be appended to said assessment roll a certificate of the city engineer that said assessment roll shows in detail the item of costs and expenses of making such improvement. There shall be attached to said assessment roll a diagram delineating each street on which any work has been done, showing the relative location of each lot or portion thereof, the number to correspond with the number of the assessments. Said assessment roll shall also provide space to show the penalties for delinquency in the payment of the assessment and the date of payment. The said assessment shall be filed with the city clerk.

Notice of assessment.

SEC. 9. Said clerk shall then give notice of the filing of said assessment and of a time to be therein fixed by said clerk when all persons interested in the work done or in the assessment will be heard by the city council. Such notice shall be posted for not less than five days on or near the council chamber door and, in addition, to be published twice in a newspaper published in such city, if there be one, and if there be none, then in some newspaper published in the county in which such city is located. The first of such publications shall be not less than fifteen days before the time fixed for such hearing.

Such notices shall designate the property abutting on said improvement and belonging to

said owner by street number or some other description sufficient to enable the property owner to identify the property and a statement of the amount proposed to be assessed against such property. The city clerk shall, upon the completion of such mailing, file with the city council an affidavit setting forth the time and manner of the compliance with the above requirement for such mailing. The failure of the clerk to give such notice by mailing or of the person addressed to receive same shall not affect the jurisdiction of the council to proceed with the hearing noticed. Reference shall be made in said notices to the resolution of intention, the date of its passage, or a description of the work therein mentioned and no other description thereof shall be necessary.

Affidavit.

Protests.

SEC. 10. Thereupon, or at any time to which the matter may be adjourned, the city council may remedy or correct any error or informality in the proceedings and revise and correct any of the acts and determinations of said city engineer or any other officer of the city relating to said improvement, and may confirm, amend, set aside, alter, modify or correct said changes entered in said assessment roll in such manner as it shall deem just and equitable. The decision and determination of the city council in such matters shall be final and conclusive upon all persons entitled to object or protest under the provisions of this act.

Said notice shall also contain a statement that all assessments not paid before the expiration of said forty-five days will become delinquent and that from and after the date of such delinquency all assessments shall bear interest at the rate of 6 per cent per annum

for a period not to exceed twelve months, and upon the expiration of said twelve months following the date of delinquency, a penalty of ten per cent of the assessment will be imposed and added thereto.

Assessment notice.

SEC. 12. The city engineer shall immediately, upon publication of the notice required by section 11 hereof, mail, postage prepaid, to each property owner or reputed owners of property to be assessed for said improvement, at his last known address as the same appears on the assessment roll of said city or as known by the city engineer, a notice of the amount of his assessment, the date on which same will be delinquent, and the costs and penalties that will accrue in the event of nonpayment before delinquency.

Delinquencies.

SEC. 13. Upon the expiration of the said period of forty-five days, all assessments then unpaid shall become delinquent and the city engineer shall cause each such assessment to be marked "Delinquent" in said assessment roll and shall cause the costs and penalties as set forth in section 11 hereof to be added thereto and recorded in said assessment roll.

Record of moneys collected

SEC. 14. All moneys due and collected by the city engineer for such improvement shall be properly entered in a suitable record book as provided for in section 11 hereof and said moneys shall be turned over to the city treasury at the expiration of any month in which any collections have been made accompanied by a statement of credits as entered in said record book of the city engineer.

Penalties for delinquency.

SEC. 15. The city engineer shall, on the first day of July of each and every year, add a penalty of five per cent to the amount of each delinquent assessment unpaid on said date, provided such assessment has been delinquent and unpaid for a period of at least twelve months and has already had imposed and added thereto the costs and penalties prescribed in section 11 hereof; and thereupon he shall deliver to the city clerk who, in turn, shall deliver to the county assessor, the assessment roll, together with an abstract of the entries in said assessment roll herein provided to be kept. Such abstract shall show each and every delinquent assessment, together with the costs and penalties, the property affected and the amount charged there against.

Lien

The amount of such charges and penalties shall be a lien against the respective property charged therewith of the same character and effect and shall be collected in the same manner and at the same time as city taxes, between the fifteenth day of November of each and every year and the date upon which taxes become payable. Such charge or charges and penalties shall bear the same costs and penalties that delinquent taxes bear as provided by law.

Assumption of portion of cost.

SEC. 16. The city council may, by resolution, at the time the resolution of intention is adopted, assume the payment of a proportion of the cost of said improvement or all costs over and above a certain amount. The cost to the owners of property abutting on said street proposed to be improved,

shall in no event exceed ten per cent of the assessed valuation of said property, excluding improvements thereon, and any assessment levied to pay the cost of such improvement shall not exceed ten per cent of the assessed valuation of said property.

Stats 1931, p 1372

SEC. 17. Nothing contained in this act shall be construed to supersede, limit or change any of the provisions of the Special Assessment, Investigation, Limitation and Majority Protest Act of 1931.

No action or proceedings for the improvement of any street in any municipality shall be taken under the provisions of this act when there exists or is outstanding any assessment whatsoever for street improvement against the property abutting said street for which the improvement is proposed.

Constitutionality

SEC. 18. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Urgency

SEC. 19. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution and shall therefore go into immediate effect.

The facts constituting the necessity are as follows: Due to the widespread depression, many people are out of employment and unable to obtain work. By allowing street improvements, to be paid for by assessments, the work of street improvement can be begun more quickly and many jobs furnished to needy persons through the State. Therefore, it is necessary that this act go into immediate effect.

Life of act

SEC. 20 This act shall become ineffective and inoperative on and after May 1, 1934.

such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Urgency

SEC. 21. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall go into immediate effect. The following is a statement of the facts constituting such necessity:

It is necessary in the public interest to make provision for housing families of low income outside of thickly populated areas and to provide for the elimination of congested housing conditions which exist in certain areas of the State and which are a menace to the health, safety, morals, welfare and reasonable comfort to the citizens of the State. It is now impossible to provide such housing for families of low income, and to correct these unsanitary and congested conditions, it is essential that provision be made for the construction of new housing facilities in rural and suburban localities under proper supervision and in accord with proper standards of sanitation and safety and at a cost which will permit monthly rentals or sales prices which persons and families of low income can afford to pay.

The United States of America, through the Reconstruction Finance Corporation, has made funds available to corporations of the type to be formed under the provisions herein specified and provided. Since the building trades in the State of California are now dormant, it is of vital interest to the people of this State that corporations may be formed as provided in this act to take advantage of such proffered assistance to the end that such building trades be again revived and many thousands of people now unemployed be put to work. The funds now held by the Reconstruction Finance Corporation will be available, for a limited time only, to assist such corporations in the construction of their projects, and it is therefore necessary that this act take effect immediately.

SEC. 10. No contract shall be let by the Board of Public Building Reconstruction until the plans therefor have been approved by the Division of Architecture of the Department of Public Works and in the case of schools by the Division of Schoolhouse Planning of the State Department of Education.

Stats 1933, Ch 59

The provisions of chapter 59 of the Statutes of 1933 shall apply to all schoolhouses constructed under the provisions of this act to the extent that said chapter 59 of the Statutes of 1933 is not in conflict with, or inconsistent with, the provisions of this act.

Continuance of school district

SEC. 11. Every school district within which a public school building has been constructed or wholly or partially reconstructed by the Board of Public Building Reconstruction under an agreement entered into between the governing board

of the school district and the said Board of Public Building Reconstruction under the provisions of this act, shall, any law to the contrary notwithstanding, be continued in existence as it existed at the time of making such agreement, for the purpose of fulfilling such agreement.

Constitutionality.

SEC. 12. If any section, subsection, sentence, clause or phrase of this act, is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Urgency

SEC. 13. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution and shall therefore go into immediate effect.

The facts constituting the necessity are as follows: The earthquakes in certain counties of this State since January, 1933, wholly or partially destroyed a large number of school and other public buildings in the said counties, thus making impossible the proper housing of the schools and other public agencies in the areas affected. The agencies affected are unable to finance the cost of replacing or reconstructing the buildings wholly or partially destroyed. The buildings affected must be replaced and reconstructed in order that the education of the pupils and other public functions be not interrupted and this act provides the only means whereby this may be done.

There is now prevalent in the State of California a disease known as psittacosis (parrot fever), which disease is carried and spread by birds of the psittacine family (parrots). In order to effectively control the contraction and spread of this disease and thus properly safeguard the health of the people of this State, it is necessary that the transportation and sale of said birds be controlled and regulated by the proper State authority. To this end it is imperative that legislation be immediately adopted providing for the licensing and regulation of persons, firms, associations and corporations selling, trading, bartering or otherwise dealing in such birds.

Such bonds shall bear interest at not more than six per cent (6%) per annum, payable semiannually, and shall be payable at such times and place not exceeding fifty (50) years from their date as shall be prescribed in the ordinance or resolution providing for their issuance. Such ordinance or resolution shall also declare that a statutory lien shall exist upon the property so to be acquired or constructed, and include provisions whereby revenue is to be obtained or rates fixed for water to be collected prior to the payment of all of said bonds, and shall pledge the revenues derived from the waterworks system for the purpose of paying such bonds and interest thereon, which pledge shall definitely fix and determine the amount of revenues which shall be necessary to be set apart and applied to the payment of the principal of and interest on the bonds and the proportion of the balance of such revenues as income which are to be set aside as a proper and adequate depreciation or reserve account, and the remainder shall be set aside for the reasonable and proper maintenance and operation thereof. Except as otherwise provided herein, said election shall be held in accordance with the provisions of the general law.

Issuance of bonds

SEC. 5. Bonds herein provided for shall be issued in such amounts as may be necessary to provide sufficient funds to pay all costs of construction or acquisition, including engineering, legal and other expenses, together with interest during construction and to a date six months subsequent to the estimated date of completion, in no event exceeding a period in excess of five years.

Sale of bonds

All such bonds shall be sold or negotiated only through the Reconstruction Finance Corporation of the United States Government, or some other appropriate agency of said government, and in conducting negotiations for a loan from said Reconstruction Finance Corporation or other government agency, the legislative body of any political subdivision or public agency is hereby authorized to consent to such other or further conditions, not inconsistent with this act, for the operation and control of such water system and of the revenues derived therefrom as may be required by the United States Government or agency thereof, as conditions precedent to the purchase of said bonds.

Contents of bonds

Bonds issued under the provisions of this act are hereby declared to be negotiable instruments, and same shall be executed by the presiding officer and clerk or secretary of the political subdivision or public agency and be sealed with the corporate seal of the political subdivision or public agency, and in case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. Such bonds may be sold at not less than par and accrued interest and the proceeds derived therefrom shall be used exclusively for the purposes for which said bonds are issued.

SEC. 6. Bonds issued under the provisions of this statute shall be payable solely from the revenues derived from such waterworks system, and such bonds shall not in any event constitute an obligation of such political subdivision or public agency other than to pay the same out of the revenues pledged therefor, and shall not constitute directly or indirectly an indebtedness of such political subdivision or public agency within the meaning of the constitutional provisions or limitations, and it shall be plainly stated on the face of each bond that the same has been issued under the provisions of this act, and that it does not constitute an indebtedness of such political subdivision or public agency within any constitutional or statutory limitation. Payment from revenue.

The legislative body shall prescribe the form of the bonds, and provide that of the indebtedness represented thereby a part of the whole thereof shall be payable at a time and place to be designated in such bonds, together with the interest thereon, until the whole of said indebtedness shall have been paid; provided, the maturity date of the first bond or series of bonds so payable may be deferred for a period not exceeding five years from the date of such bonds.

The number of bonds to be paid each year need not be the same, and the legislative body may fix the maturities thereof, so that the number of bonds retired each year will, in the discretion of the governing body, be most equitable and just; provided, that in every case all of such bonds shall be completely retired and fully paid within fifty years from the date of their issuance. If any bonds are issued pursuant to this act, or any amendment thereof, it shall be a condition and a matter of contract, that said bonds and the interest thereon and all charges and expenses for maintenance or administration or otherwise arising out of the operation, maintenance and administration of any works constructed out of the proceeds of any bonds so issued, shall be paid exclusively out of the revenues arising from the operation of said district, and in no event shall any real or personal property, other than the operating property or physical works of the district, now or hereafter situated within said district ever be liable or taxed for any of said bonds or any of the expenses, costs or charges of said district, arising out of the operation, maintenance and administration of any works constructed out of the proceeds of said bonds so issued, and each bond shall contain as a condition thereof, this paragraph in full. Retirement of bonds.

SEC. 7. There shall be and there is hereby created a statutory lien upon the waterworks system so acquired or constructed from the proceeds of bonds hereby authorized to be issued, which shall exist in favor of the holder of said bonds and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such waterworks system shall remain subject to such statutory lien until payment in full of the principal and interest of said bonds. Any holder of bonds issued under the provisions of this act Statutory lien on waterworks system.

or of any coupons representing interest accrued thereon, may, either at law or in equity, enforce the statutory lien hereby conferred, and may, by proper suit, compel the performance of the duties of the officials of the issuing political subdivisions or public agency set forth in this act. If there be default in the payment of the principal of and/or interest upon any of said bonds, any court having jurisdiction in any proper action shall require the political subdivision or public agency to charge and collect rates sufficient to provide for the payment of said bonds and interest thereon, and for the payment of the operating expenses and to apply the income and revenues in conformity with this act and the ordinance or resolution providing for the issuance of such bonds and the court may in its discretion designate and appoint an elective or appointive officer of said political subdivision or public agency to carry out any orders which the court may make, as authorized herein.

Court action on default.

Revenue restrictions

SEC. 8. The estimated revenue from water fixed precedent to the issuance of bonds shall not be reduced until all of said bonds shall have been fully paid, and must, whenever necessary, be increased in amounts sufficient to provide for the payment of such bonds, both principal and interest, and to provide proper funds for the depreciation account and operation and maintenance charges, provided, however, that if there shall be accumulated in the treasury a surplus in any of the accounts over and above a sum sufficient to meet the annual redemption and interest payments of the current fiscal year together with the maintenance and operation costs including a reasonable depreciation reserve for the current and next succeeding fiscal year, said surplus may be used for the purchase or retirement of outstanding revenue bonds and for that purpose the legislative body is hereby authorized to purchase bonds not due in the open market at not more than the fair market value thereof; or said surplus may be used for the construction or enlargement or extensions to the hereinbefore specified waterworks system and maintain, repair and operate the same; or said surplus may be used for the reduction of the water rates for services rendered on the hereinbefore specified waterworks system or for any or all of the above specified purposes or uses as may be determined by the legislative body of the political subdivision or public agency.

Eminent domain

SEC. 9. For the purpose of acquiring any waterworks system under the provisions of this act, or for the purpose of acquiring any property necessary therefor, the political subdivision or public agency shall have the right of eminent domain as is provided by Title VII. of the Code of Civil Procedure of the State of California, as now or hereafter amended.

Procedure

SEC. 10. Whenever any political subdivision or public agency now or hereafter shall own and operate a waterworks system, whether constructed under the provisions of this act or not, and shall desire to construct improvements and betterments thereto, it may issue revenue bonds under the pro-

visions of this act to pay for same, and the procedure therefor, including the revenue to be obtained and/or the fixing of rates and the computation of the amount thereof, shall be the same as in this act provided for the issuance of bonds for acquisition or construction of a waterworks system in a political subdivision or public agency which has not theretofore owned and operated a waterworks system, provided, however, that in the ordinance or resolution declaring the intention to issue the bonds and providing details in connection therewith, the legislative body shall provide, find and declare in addition to the other requirements set out in this statute, the value of the then existing system and the value of the property proposed to be constructed, and the revenues derived from the entire system when the contemplated betterments and improvements are completed, shall be divided according to such values and so much of the revenue as is in proportion to the value of such betterments and improvements as against the value of the previous existing plant as so determined, shall be set aside and used solely and only for the purpose of paying the revenue bonds issued for such betterments, together with costs of the operation and the depreciation thereof, and such revenue shall be deemed to be income derived exclusively from such betterments and improvements.

Accounting system.

SEC. 11. Any political subdivision or public agency issuing revenue bonds under the provisions of this act shall install and maintain a proper system of accounts, showing the amount of revenue received and the application of the same, and such political subdivision or public agency shall at least once a year cause such accounts to be properly audited by a competent auditor and the report of such audit shall be open for inspection at all proper times to any taxpayer, water user or any holder of bonds issued under the provisions of this act, or any one acting for and on behalf of such taxpayer, water user or bondholder. The treasurer of such political subdivision or public agency shall be custodian of the funds derived from income received from waterworks systems constructed either in whole or in part under the provisions of this statute, and shall give proper bond for the faithful discharge of his duties as such custodian, which bond shall be fixed and approved by the legislative body of the political subdivision or public agency. All of the funds received as income from a waterworks system constructed in whole or in part under the provisions of this statute, and all funds, received from the sale of revenue bonds issued to construct such waterworks system, shall be kept separate and apart from the other funds of the political subdivision or public agency, and the treasurer shall maintain separate accounts in which shall be placed the interest and sinking or other retirement fund moneys and other account in which shall be placed the depreciation funds, and to provide for refunding outstanding certificates payable out of water revenue.

Funds.

Additional and alternative method for financing.

SEC. 12. This act shall, without reference to any other statute, be deemed full authority for the construction, acquisition, improvement, equipment, maintenance, operation and repair of the works herein provided for and for the issuance and sale of the bonds by this act authorized, and shall be construed as an additional and alternative method therefor and for the financing thereof, and no petition or election or other or further proceeding in respect to the construction or acquisition of the works or to the issuance or sale of bonds under this act and no publication of any resolution, ordinance, notice or proceeding relating to such construction or acquisition or to the issuance or sale of such bonds shall be required except such as are prescribed by this act, any provisions of other statutes of the State to the contrary notwithstanding: Provided, however, that all functions, powers and duties of the State Board of Health shall remain unaffected by this act.

Liberal construction of act.

SEC. 13. This act being necessary for the public health, safety and welfare, it shall be liberally construed to effectuate the purposes thereof.

Action to determine validity of bonds

SEC. 14. The legislative body of any political subdivision or public agency, as in this act provided, may at any time within sixty days from the date of the ordinance or resolution authorizing the issuance of any bonds hereunder or within sixty days from the date of the ratification of said ordinance or resolution at an election, held as in this act provided in section four (4) hereof cause to be brought in the name of the political subdivision or public agency an action in the superior court of the county in which said political subdivision or public agency or the greater portion thereof is located, to determine the validity of any such bonds. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some paper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. An act to amend sections 9 and 12 of and to add a new section to be numbered 9a to an act entitled "An act in relation to the control and eradication of bovine tuberculosis; to provide an appropriation for the purposes of this act; to prescribe penalties for violation of the provisions hereof, and to repeal certain acts therein specified," approved June 19, 1931, relating to bovine tuberculosis; to declare the urgency thereof and provide that this act shall take effect immediately. Stats 1931, p 2392. amended. See Stats 1933, Ch. 25.

[Approved by the Governor May 27, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Section 9 of the act cited in the title hereof is hereby amended to read as follows: Stats. 1931, p. 2392

Tuberculosis control areas.

Sec. 9. (a) The Department of Agriculture is hereby authorized and empowered to establish and maintain tuberculosis control areas within this State, wherein said department shall examine and tuberculin-test all dairy cattle, and, with the consent of the owner, certain beef cattle, as often as may be deemed necessary, in order to determine which animals are affected with tuberculosis for the purpose of bringing said disease of tuberculosis under control in the State of California. Any tuberculosis control area shall consist of an entire county or group of entire counties. Immediately after this act becomes effective, the Department of Agriculture shall establish and maintain tuberculosis control areas in all areas in which tuberculosis eradication areas were established under the Bovine Tuberculosis Law, chapter 47, Statutes of 1927.

Duty of cattle owners

(b) All owners, of cattle subject to examination and tuberculin testing, within a tuberculosis control area, shall, upon request of the Department of Agriculture or duly authorized agent thereof, provide necessary facilities for making tuberculin tests, and render such assistance as may be required.

Disposition of reactors.

(c) Any bovine animal, in a tuberculosis control area, reacting positively to a tuberculin test conducted by a representative of the Federal or State Department of Agriculture, or adjudged tuberculous upon physical examination by said representative, shall immediately be segregated from other bovine animals which are not reactors. Within thirty days after the appraisal of said reacting bovine animal, as provided for herein, it shall be slaughtered under the direction of the Department of Agriculture; and in consideration of the fact that the eradication of bovine tuberculosis is beneficial to public health and welfare, before said animal is slaughtered, its value shall be determined by appraisement by a representative of the said Department of agriculture or a representative of the Bureau of Animal Industry of the United States Department of Agriculture, and the owner or his agent. In case of failure to agree on the valuation, said reacting bovine animal shall be appraised by the Chief Appraiser of said Department of Agriculture or his representative. In either event, the value determined shall be final. Except as hereinafter provided, the State of California shall pay to the owner of any reacting bovine animal slaughtered under the provisions of this section one-third of the difference between the appraised value of such reacting bovine animal and the proceeds from the sale of the salvage, and the owner shall also receive the proceeds from the sale of the salvage, provided that in no case shall any payment by the State of California, hereunder, exceed thirty-five dollars ($35) for any grade animal or seventy dollars ($70) for any pure bred animal, and no payment shall be made unless the owner has complied with all the provisions of this act relating to tuberculosis control areas and the regulations promulgated by the Department of Agriculture for its enforcement.

Indemnity to owner of reactor.

(d) If at any time the Congress of the United States shall fail or refuse to make an appropriation to assist in the eradication of tuberculosis in cattle in California, or if at any time the Legislature of the State of California shall fail or refuse to make an appropriation for the eradication of tuberculosis and in payment for cattle destroyed under the provisions of this section, or if at any time an appropriation made by the Legislature of the State of California for such purposes shall become exhausted, the testing of cattle as provided for in this section shall be suspended until such time as money shall be available for payment for cattle slaughtered under the provisions of this section of this act. When funds fail

(e) No indemnity shall be paid to any person in any of the following cases: Restrictions on payment of indemnity

1. For any steer or grade bull determined to be a reactor.

2 For any bovine animal brought into a tuberculosis control area, which reacts to a tuberculin test applied within ninety days after arrival of said animal in such area, as provided for in this act, or which was brought into a tuberculosis control area, contrary to any provision of law or rules and regulations of the State or Federal Department of Agriculture.

3. For any reacting bovine animal until the premises, where said animal had been kept, have been cleaned and disinfected by the owner and in a manner approved by an agent of the State or Federal Department of Agriculture.

4. For any reacting bovine animal which has not been slaughtered within thirty days after such animal has been appraised as provided in this act.

5. For any reacting bovine animal owned by the United States, State of California, or any county, city, town or township, in the State of California.

No subsequent payment of indemnity shall be made to any person in any of the following cases: Subsequent payments.

1. Unless the provisions of this act have been fully complied with for each and every bovine animal added to his herd

2. Unless and until the premises are and have been maintained in a sanitary condition satisfactory to the State or Federal Department of Agriculture.

(f) The pedigree of any pure bred bovine animal shall be proved by a certificate of registry from the herd books where registered and said registration papers of any pure bred bovine animal slaughtered on account of tuberculosis and for which indemnity is paid shall be marked "canceled" by the Department of Agriculture. Proof of pedigree.

(g) Each claim against the State for payment in consideration for the slaughter of any reacting bovine animal shall be presented to the State Controller, audited and paid out of appropriations or funds available therefor, in accordance with law. Payment of claims

(h) Whenever the Department of Agriculture shall establish a tuberculosis control area, said department shall issue a

Proclamation establishing control area.

proclamation which shall designate the boundaries thereof; and said proclamation shall be published for three successive weeks in a newspaper of general circulation published in such area.

Stats 1931, p 2392.

SEC. 2. Section 12 of the act cited in the title hereof is hereby amended to read as follows:

Entry of cattle into tuberculosis control area.

Sec. 12. No cattle, except as otherwise provided, shall be permitted to enter any tuberculosis control area unless they are accompanied by a tuberculin test certificate, acceptable to the Department of Agriculture issued by a duly authorized veterinarian, showing said cattle to have negatively passed a tuberculin test applied within sixty days if entering from another State, or thirty days if from within the State, prior to the shipping, transporting, or moving of said cattle, and unless the entire herd or herds from which said animals originate are tuberculin tested and the number of animals reacting does not exceed ten per cent of the total number of the herd, and said cattle after arrival in a tuberculosis control area shall be held under supervision and tuberculin retested within ninety days by an agent of the State or Federal Department of Agriculture; provided, that cattle regularly tested and nonreacting in a tuberculosis control area and cattle from State and Federal accredited herds and modified accredited areas may be brought into a tuberculosis control area by permit from the Department of Agriculture; and provided, further, that cattle of beef breeds may be permitted to enter any tuberculosis control area, in accordance with the regulations of the Department of Agriculture; and, provided further, that in the case of cattle which have been brought into any tuberculosis control area to be sold at public or private sale, the place where the sale is made shall not be construed to be the final destination as defined in this act, but said cattle may be reshipped under permit of the Department of Agriculture, and the destination of such reshipment shall be considered to be the final destination. A copy of each tuberculin test certificate accompanying cattle, entering any tuberculosis control area, shall be forwarded to the Department of Agriculture on or before the date of shipment or movement, and the forms for such certificates, to be issued for cattle originating within the State, shall be obtained from the Department of Agriculture.

New section.

SEC. 3. A new section is hereby added to the act cited in the title hereof to be numbered 9a and to read as follows:

Withdrawal of territory from control area.

Sec. 9a. The Department of Agriculture may withdraw one or more counties from within a tuberculosis control area from such an area when the funds available for indemnity and administration are not sufficient to continue the work under the provisions of this act; provided, however, that whenever any county is withdrawn from a tuberculosis control area it shall become a provisional tuberculosis control area wherein no indemnity will be paid for reactors to the tuberculin test. In such provisional tuberculosis control area the

director shall tuberculin-test all cattle the owner or owners of which shall request in writing the tuberculin-testing of such cattle.

All reactors found in a provisional tuberculosis control area shall be removed from such area within thirty days after detection. Removal of reactors.

SEC. 4. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency: Urgency.

For the purpose of expediting the necessary testing and checking of cattle shipped into the State and entering tuberculosis control areas, and saving the expense incident to following up cattle after the thirty-day period, sections 9 and 12 in the act cited in the title hereof must be amended. These same amendments are being made in the Agricultural Code but can not become effective sufficiently soon therein to make possible a saving of several thousands of dollars in special retests under the provisions of the present act.

Also, there exists at the present time within California certain tuberculosis control areas established pursuant to the provisions of the act cited in the title hereof, which areas, in consequence of the reduction in funds available for this work, must be correspondingly reduced. The provisions of the Bovine Tuberculosis Law are mandatory with reference to indemnification for slaughtered reactors when these are encountered through inspection and test in an established tuberculosis control area. It is vital to the welfare of the State that areas be withdrawn when the work can not be continued in order not to interfere with less drastic tuberculosis suppressive measures under authority of other laws. It therefore becomes imperative that an authority be given to the Department of Agriculture such as is contained within the proposed new section and to govern conditions requiring this emergency legislation until such time as the provisions of the Agricultural Code, chapter 25, Statutes of 1933, or acts amendatory thereof, become effective.

CHAPTER 611.

An act to amend section 2322x53 of the Political Code, relating to the office of the agricultural commissioner in counties of the fifty-third class.

[This bill having remained with the Governor ten days (Sundays excepted), and the Legislature being in session, it has become a law this twenty-seventh day of May, A D. 1933. FRANK C. JORDAN, Secretary of State.]

[In effect August 21, 1933]

The people of the State of California do enact as follows:

Stats 1931, p 208

SECTION 1. Section 2322x53 of the Political Code is hereby amended to read as follows:

Del Norte County Agricultural commissioner

SEC. 5. Section 3817a of the Political Code is hereby amended to read as follows: Stats 1931, p. 986.

3817a. Redemption of property sold for taxes

Extension of redemption period

Payments to be credited.

The county auditor shall, upon request, issue his certificate in triplicate showing the amounts necessary to be paid as hereinabove provided, one copy of said certificate shall be delivered to the person making such payment and upon payment being made a receipt shall be indorsed upon said certificate by the county treasurer evidencing payments as compensation for the use and occupancy of said real estate and to be applied as a credit if, when and as redemption is made, as in this subdivision hereinafter provided. The county treasurer shall deposit all payments so made to the same fund in which moneys received upon redemption are deposited.

Effect of payments.

Such payments shall not be deemed a redemption of such real estate nor affect the right, title, or interest in the State thereto, but shall postpone, for the period or periods aforesaid, the time when said real estate shall be deeded to or may be disposed of by the State and the moneys so paid shall be deemed and considered as compensation for the use and occupancy of said real estate; provided, however, that if redemption shall thereafter be made pursuant to the provisions of section 3817 of the Political Code, the amounts so paid to extend said periods of redemption and to postpone the sale provided for by section 3771a of this code and the execution of the deed provided for in section 3785 of this code, together with interest thereon at the rate of seven per cent per annum computed from the dates of said respective payments to the date of redemption, shall be credited on the amounts to be paid for such redemption.

Urgency.

SEC. 6. This act is hereby declared an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of this State, and shall therefore take effect immediately. The facts constituting such necessity are as follows:

By reason of the present economic crisis many persons are unable to pay taxes on property. Large revenues will be lost to the State and the political subdivisions thereof and a large amount of taxable property will be removed from the assessment rolls unless immediate relief is given. In order to afford this relief, and to relieve the already overburdened taxpayer, it is necessary that this act take effect immediately.

CHAPTER 613.

An act relating to the redemption and sale of property sold to a county treasurer, as trustee of a reclamation district, for delinquent assessments and installments thereof, and relating to the voting of lands owned by the county treasurer, as trustee of a reclamation district, and by a reclamation district, and for the redemption of lands by a holder of a bond issued upon said assessments.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Redemption of land sold for delinquent reclamation district assessments

SECTION 1. In all cases where land has, prior to the effective date of this act, been sold to a county treasurer, as trustee of a reclamation district, or to a reclamation district, for any delinquent reclamation assessment or installment thereof, and where a county treasurer, as trustee of a reclamation district, still holds the certificate of sale, or where the said county treasurer, as trustee of the district, or a reclamation district, has taken a deed for the land at any time prior to three years before the effective date of this act, and still holds title to said lands, such county treasurer or reclamation district shall not sell said land at public or private sale, or otherwise, to any person or corporation other than any person who could have redeemed said land during the period of redemption, for a period of two years next succeeding the effective date of this act.

Net rental applied toward redemption

SEC. 2. During said period of two years from the effective date of this act, all rentals or moneys received from all lands leased or operated by the board of trustees of a reclamation district shall be forthwith paid to the county treasurer, as trustee of a reclamation district, less the actual and reasonable costs incident and necessary to operating and leasing of said lands, and shall be applied by such county treasurer on account of the payment of all delinquent and unpaid installments of assessments levied and assessed against the particular tract of land from which the income is received, and accrued interest thereon; and during said period of two years from the effective date of this act, any person who was entitled to redeem said lands may purchase said lands at a private sale from the county treasurer or the reclamation district for the amount of all the delinquent and unpaid installments of assessment then owing upon said lands, less the amount of all penalties accrued as of the effective date of this act, but including all penalties hereafter accruing, together with interest upon said amount at the rate of seven per cent (7%) per annum from the date of the respective sales to the date of such purchase, and also less the amount credited upon said delinquent installments and interest received from all rentals, rents and receipts from the renting and operation of

said land, as hereinabove provided, which said purchase price may be paid in cash or in matured bonds or coupons thereof of said district issued upon said assessment, and upon the payment of such purchase price, the said county treasurer shall execute to such purchaser upon such sale a deed conveying said property free of encumbrances except the unpaid and uncalled balance of said assessment, and any other assessment of said district.

Accounting to former landowner.

SEC. 3. Within sixty days after the receipt by the county treasurer of the entire annual rental upon any lands so owned by the treasurer as trustee for the district and leased by the board of trustees of such district, said treasurer shall render to the former landowner an account or report of the amount of the rentals applied on account of the payment of such delinquent instalments of assessment, and the amount of the expenses and costs disbursed by the board of trustees from said rentals, and also the balance then unpaid upon such delinquencies, with interest thereon as herein provided, and said county treasurer shall mail forthwith such account or report to such landowner at such address as such landowner may have theretofore filed with the county treasurer.

Voting privileges.

SEC. 4. During said period of two years from the effective date of this act, the board of trustees of such reclamation district shall have and possess all the rights and privileges of voting the lands so held and owned by the treasurer, as trustee of such reclamation district, or held by said reclamation district, at all elections held during said period, to the same extent and effect as if said lands were in private ownership, and the board of trustees shall, at a regular or special meeting held at least one week in advance of the date of such election, by resolution duly and regularly adopted and entered in the minutes of said meeting, direct the president of the board of trustees, or the secretary of the board of trustees or of the district, or such other person as such board of trustees may direct by such resolution, to cast for and on behalf of said board of trustees, all votes that said board of trustees shall be entitled to vote, for the person or persons, or for or against the proposition or question for the purpose of which said election is held; provided, however, that in the event the lands so owned by the county treasurer, as trustee of the reclamation district, are not described upon or do not otherwise appear upon the next preceding assessment roll of the county in which said land is situate, then and in that event the number of votes to be voted by such lands so owned by the treasurer or the district shall be determined by the last preceding assessment roll of the county upon which said lands appear or are described. The certified copy of said assessment roll shall contain the certificate of the assessor of said county that there has been no change in the assessment valuations of lands within the reclamation district between the year in which said lands so appear upon the assessment roll and the date of said election, and in the event that there has been a uniform change in

Assessment roll

all lands within the district, said certificate shall show that fact, and the lands so owned by the treasurer or the district, as hereinabove provided, shall vote in accordance with the assessment valuations as affected by such uniform change in such valuations within the district.

Bondholder may redeem.

SEC. 5. In all cases when any lands have been sold to any person other than the treasurer, as trustee of a reclamation district, for any delinquent reclamation assessment or installment thereof, and the deed of the county treasurer has not yet issued to such purchaser, any holder of any bond issued upon the delinquent assessment may redeem any of such lands so purchased by such party, within the one-year period of redemption, by the payment of the redemption moneys provided in section 3480 of the Political Code of the State of California, subject, however, to the right and privilege of any person who may redeem said lands under the provisions of section 3480 of the Political Code of the State of California, to redeem said lands from such bondholder at any time before the expiration of the redemption period, but if no such redemption be made then upon the expiration of the period of redemption the bondholder shall be entitled to a deed from the county treasurer conveying said property free of all encumbrances except the unpaid balance of said assessment, and any other assessment of said district, and except also the right of the delinquent assessment payer to purchase said lands from such bondholder or his grantee at any time before the expiration of two years from the effective date of this act upon paying to said bondholder or his grantee the amount paid by such bondholder on his redemption, plus seven per cent interest on said sum from the date of said redemption to the date of such purchase, together with the amount of any other tax or assessment levied and called by any governmental authority or agency upon said property and paid by such bondholder or his grantee prior to the date of such purchase, plus seven per cent interest thereon from the date of payment to the date of such purchase. To effect such purchase the former landowner shall deposit the aggregate of such amounts with the county treasurer of the principal county wherein said reclamation district is situate, and record within said two years period in the office of the county recorder of the county wherein the purchased lands are situate a notice, duly acknowledged by such former landowner or his agent, that he has paid said sums for said purposes unto said county treasurer, together with the date thereof. Upon receipt of such deposit the county treasurer shall upon demand pay the same over to the bondholder who has made such redemption, or to his grantee of said lands.

Deed from county treasurer.

Application of act

SEC. 6. This act shall also be applicable to all irrigation, drainage and levee districts whose boundaries to any extent overlap or encroach upon or within the boundaries of a reclamation district, but only as to the lands lying within the boundaries of such reclamation district, and this act shall

remain in effect only until the expiration of two years from the effective date of this act, and it is not intended to repeal or modify any provisions of the Political Code of the State of California, or any act creating a reclamation district, except as to the matters hereinabove set forth, and for the period of two years hereinabove provided.

Urgency

SEC. 7. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and shall therefore go into effect immediately.

The facts constituting such necessity are as follows:

Due to the agricultural depression which has existed for the past several years, many landowners in reclamation districts in the State have been unable to meet their installments upon assessments, with the result that their land has been sold to the district. The heavy penalties necessary to be paid as now provided by law, and which continually increase, make it impossible for the landowners to redeem their land, and thousands of landowners are now threatened with the loss of their land. If the land is not redeemed and it is deeded to the district, it then becomes nonassessable for district purposes, and the burden becomes all the heavier on the other landowners in the district, causing more delinquency and loss. The Legislature hereby declares that the welfare of the State requires that the landowners in these districts be not dispossessed of their land, and that the land be redeemed so as to thenceforth bear its just proportion of taxation.

CHAPTER 614.

An act to extend to the guarantors of the payment of public bonds any moratorium on the payment thereof or on assessments or taxes levied to pay the principal and interest due on bonds issued under any law of this State and declaring the urgency thereof.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Reduction of guarantor's liability

SECTION 1. Whenever any bonded indebtedness of the State, or any subdivision thereof or of municipality or public corporation or district shall, by operation of law or by the declaration, proclamation or order of any officer or of any court having jurisdiction to make such declaration, proclamation or order, be reduced in amount, or the interest thereon reduced, or the time for the payment thereof or of any tax or assessment levied to pay the same, the interest thereon or any portion of both or either of them, shall be extended or any other term or condition for the payment thereof altered, or

any of the public bodies hereinbefore mentioned shall default in the payment thereof, then the obligation or obligations of any and all persons, firms or corporations guaranteeing the payment thereof or the repurchase thereof or the payment or repurchase of any interest therein shall be reduced as to principal and interest, or either of them, extended as to the time of payment and altered as to any and all terms thereof in the same manner and to the same extent as the obligation or obligations of the issuing body and the tax or assessment payers, or either of them, are reduced, extended or altered or in the event of a default shall be extended for the period of the default but not to exceed three years after the commencement thereof.

Proportionate distribution.

SEC. 2. Such relief of guarantors shall be limited to the extent of defaults in principal and/or interest of the obligations guaranteed. If the guarantor or guarantors functions or function in the capacity of trustee or if the custody of the obligations (State, county, municipal or other public corporation or district bonds) is in the possession of a trustee, and administered by such trustee, he shall be required to distribute interest and principal in the proportion that each is received by him to the beneficiaries under such a trust.

Construction of act
Constitutionality

SEC. 3. This act, and all its portions, shall be liberally construed to the end that the purpose hereof may be made effective. If any section or sentence, clause or phrase of this act is held to be unconstitutional, the remainder of the act shall not be invalidated thereby, but shall remain in full force and effect.

Urgency.

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of facts constituting such urgency: The peace, safety and welfare of the citizens in all parts of this State are dependent upon immediate relief from assessments and taxes levied under authority of any law of this State. Because of the present economic crisis, the people of this State are utterly unable to pay such assessments. The same are generally becoming delinquent, resulting in the loss of their homes and other great suffering and to extend such a moratorium without also extending it to the guarantors of the bonds to be paid by such assessments or taxes would be grossly inequitable and would cause financial ruin to such guarantors.

CHAPTER 615.

An act to provide for the administration of funds of this State and of the United States Government made available for the relief of destitution caused by unemployment and making an appropriation for such purpose and declaring the urgency thereof.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Appropriation Emergency Relief Administrator

SECTION 1. The sum of two hundred thousand dollars ($200,000) is hereby appropriated to be expended in accordance with law during the eighty-fifth and eighty-sixth fiscal years by the Emergency Relief Administrator to pay the expense of administration of such moneys of the United States government and of this State as are made available for relief, through both State and local agencies, of destitution caused by unemployment.

Not more than one hundred thousand dollars ($100,000) of the moneys hereby appropriated shall be expended in any one fiscal year.

Assistants

SEC. 2. The Emergency Relief Administrator shall have power to employ such expert and technical assistants, exempt from civil service and clerical assistants, as he deems necessary for the purpose of such administration.

In the course of such administration, and in the supervision thereof, the Emergency Relief Administrator shall have the powers granted to the head of a department by the provisions of section 353 of the Political Code.

Urgency.

SEC. 3. This act is hereby declared an urgency measure necessary for the immediate preservation of the public peace, health and safety and under the provisions of section 1 of Article IV of the Constitution of this State shall take effect immediately.

The following is a statement of the facts constituting such necessity: Millions of dollars must necessarily be expended in the relief of destitution caused by unemployment in this State during the biennium beginning July 1, 1933. It is absolutely essential to the proper and orderly expenditure of such moneys that proper provision be made for the administration thereof. This is true with regard to the expenditure of moneys made available by the Federal government alone, and moneys to be expended by the State government can be administered through the same agency without additional cost to the State. The present funds available for such administration will soon be exhausted and it is therefore essential that the appropriation made by this act take effect immediately.

CHAPTER 616.

An act to add a new section to the School Code, to be numbered 5.94, relating to summer sessions conducted by State teachers colleges, to take effect immediately.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. A new section is hereby added to the School Code, to be numbered 5.94, and to read as follows: New section.

5.94. If and when provision has been made to provide funds, in the manner herein provided, for conducting summer session, any State teachers college may, with the approval of the Director of Education, annually conduct and maintain a summer session, and a uniform tuition fee shall be fixed by the Director of Education, which tuition fee shall be annually collected in such manner as the Director of Education may provide from each person enrolled in a summer session conducted by a State teachers college. All such tuition fees so collected shall be paid monthly into the State treasury to the credit of a fund to be known as "The State Teachers Colleges Summer Session Fund," which fund is hereby created, and from which shall be paid such part of the total cost of maintaining all the State teachers colleges as may be incurred by reason of conducting and maintaining summer sessions at any or all of the State teachers colleges. Summer sessions, State teachers colleges. "State Teachers Colleges Summer Session Fund" created.

The funds herein provided shall be in addition to any other funds which may be appropriated for the support of the State teachers colleges.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of section 1 of Article IV of the Constitution and shall therefore go into effect immediately. Urgency.

The facts constituting such necessity are as follows: The summer sessions of teachers colleges for the present year would normally be supported from the budgets of the colleges for the eighty-fifth fiscal year. Inasmuch as the present bill compels such summer sessions to be supported entirely from fees charged students enrolled therein, no funds will be available for the support of such summer sessions during the present calendar year unless this bill which makes such summer sessions self-supporting becomes effective prior to the opening of such summer sessions in June, 1933.

CHAPTER 617.

An act making an appropriation to meet a deficiency in the appropriation for legislative printing, binding, etc., declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Appropriation Legislative printing

SECTION 1. The sum of one hundred forty thousand dollars ($140,000) is hereby appropriated out of any moneys in the State treasury not otherwise appropriated to meet a deficiency in the appropriation for legislative printing, binding, etc. The sum herein appropriated shall be available for legislative printing, binding, etc., incurred in connection with the fiftieth session of the Legislature, or any special session.

Current expenses

SEC. 2. Inasmuch as this act provides an appropriation for the usual current expenses of the State it is hereby declared an urgency measure and shall under the provisions of section 1 of Article IV of the Constitution take effect immediately.

CHAPTER 618.

Penalty for delinquency

Provided, however, that when assessments are made payable in two installments as provided in section 41c hereof, the penalty to be added for delinquency on the first installment shall be ten per cent, and the penalty to be added to the second installment shall be five per cent. Said notice shall also state the time and place at which payment of assessments may be made.

Publication of notice

Said notice shall be published at least two times; to wit, once a week for two successive weeks, in a newspaper published in the county in which the office of the district is located, and if the district includes land in more than one county, then said notice shall be published as aforesaid in a newspaper in each county in which any portion of the district is situated. Failure to publish notice as aforesaid in any county other than that in which the office of the district is located shall not affect any assessment on land in a county in which notice was published as herein required. The collector must attend at the time and place specified in the notice to receive assessments, which must be paid in lawful money of the United States; he must mark the date of payment of any assessment in the assessment book, opposite the name of the person paying and give a receipt to such person, specifying the amount of the assessment and the amount paid, with the description of the property assessed. On the last Monday in December at six o'clock p.m. of each year, except as provided in section 41c hereof, all unpaid assessments are delinquent and thereafter the collector must collect thereon, for the use of the district, an addition of five per cent, or ten per cent on the first installment as otherwise provided in this section, of the amount thereof as a penalty for delinquency.

The collector may postpone the day of the sale from day to day, but the sale must be made within three weeks from the day fixed in the notice so published; provided, that if any sale is stayed by legal proceedings the time during which such sale is so stayed shall not be deemed a part of the time limited for making such sale. On the day fixed for the sale in the published notice thereof, or some subsequent day to which the collector may have postponed it, the whole amount of the property upon which the assessment remains unpaid shall, by the collector, be sold to the irrigation district within which such lands are situated, as the purchaser, and the collector shall make an entry "sold to the district" and shall be credited with the amount thereof in his settlement. SEC. 5. Section 45 of said act is hereby amended to read as follows:

Sec. 45. After the sale the collector shall make out in duplicate a certificate of sale for each lot, piece or tract of land separately assessed and sold, giving a description of the property sold and the amount paid therefor, and stating that it was sold for a delinquent assessment and when the purchaser will be entitled to a deed. The certificate must be signed by the collector, and one copy delivered to the district, and the other filed in the office of the county recorder of the county in which the property is situated. SEC. 6. Section 46 of said act is hereby amended to read as follows:

Record of property sold for assessment.

Sec. 46. The collector, before delivering any certificate, must in a book enter a description of the property sold, corresponding with the description in the certificate, the date of the sale, purchaser's name, and amount for which sold, regularly number the description on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection, without fee, during office hours, when not in actual use. On filing the certificate with such county recorder the lien of the assessments vests with the purchaser, and is only divested by the payment to him or to the collector for his use, of the purchase money, and a penalty of three-fourths of one per cent per month from the date of sale until redemption.

Urgency.

SEC. 7. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall go into effect immediately.

The following is a statement of the facts constituting such necessity: On account of the agricultural depression, many

property owners have been unable to pay their irrigation district assessments. Due to such delinquency, penalties have accrued and must be paid in order to redeem, and, since the existing penalties and interest are so high, redemptions are not being made. It is imperative that lands be redeemed so that they can be made to produce substantial revenues to maintain and operate the districts, and it is essential that property owners be allowed to redeem their property under less onerous conditions. This act will aid in accomplishing these necessary results and should go into effect immediately.

SEC. 2. Section 2 of chapter 267, Statutes of 1923, as amended, is hereby amended to read as follows: Stats 1931, p. 105

Sec. 2. Every distributor before April 1, 1931, and after this act becomes effective every person, firm, association or corporation before becoming a distributor shall make an application to the State Board of Equalization for a license authorizing such distributor, person, firm, association or corporation to engage in business as a distributor. Applications for such licenses must be made to the State Board of Equalization on forms to be prescribed, prepared and furnished by said board. It shall be unlawful from and after April 1, 1931, for any person, firm, association or corporation to be a distributor without first securing from the State Board of Equalization a license for which provision is made in this section. Before granting any license authorizing any person, firm, association or corporation to engage in business as a distributor, the State Board of Equalization must require such person, firm, association or corporation to file with said board, in such form as shall be prescribed by said board, a bond duly executed by such person, firm, association or corporation as principal and a corporation such as is mentioned in section 1056 of the Code of Civil Procedure of this State, as surety, payable to the people of the State of California, conditioned upon faithful performance of all the requirements of this act and expressly providing for the payment of all license taxes, penalties and other obligations of such person, firm, association or corporation arising out of this act. Distributor's license. Application Bond

The total amount of the bond or bonds required of any distributor shall be fixed by the State Board of Equalization and may be increased or reduced by said board at any time subject to the limitations herein provided. In fixing the total amount of the bond or bonds required of any distributor, the State Board of Equalization must require a bond or bonds equivalent in total amount to twice his estimated monthly license tax determined in such manner as said board may deem proper; provided, however, that, subject to such terms and conditions as the State Board of Equalization may pre- Amount of bond Weekly payments

scribe, any distributor may undertake to pay on each Tuesday the license tax accruing on all of his distributions of motor vehicle fuel during the week ending the Saturday next preceding, and, if any distributor shall so bind himself, said board shall fix his bond or bonds in a total amount equivalent to twice the license tax accruing on account of his estimated weekly distributions determined in such manner as said board may deem proper; and further provided that the total amount of the bond or bonds required of any distributor shall never be less than one thousand dollars nor more than one hundred thousand dollars. No recoveries on any bond or any execution of any new bond shall invalidate any bond and no revocation of any license shall affect the validity of any bond.

Validity of bond.

Deposit in lieu of bond

In lieu of any such bond or bonds in total amount as fixed hereunder, any distributor may deposit with the State Treasurer, under such terms and conditions as said board may prescribe, a like amount of lawful money of the United States, or bonds or other obligations of the United States, the State of California, or any county or city and county of this State, of an actual market value not less than the amount so fixed by said board. All licenses issued to distributors under this section shall be valid until revoked by the State Board of Equalization.

Monthly statement

Nothing in this section shall be construed as relieving any distributor of the duty of filing the sworn monthly statement required by section 6 of this act. The assessment of any distributor who makes weekly payments shall be shown on the assessment roll prepared under said section 6 in the same manner as the assessments of other distributors are shown thereon, and the Controller shall apply such payments to the credit of such distributor on the assessment roll for the month during which the distributions covered by such payments were made.

Default in weekly payment

Whenever any distributor undertaking to pay his license tax in weekly installments, as provided in this section, shall fail to pay the full amount thereof in accordance with the terms and conditions prescribed by the State Board of Equalization, his license may be revoked forthwith, unless he complies immediately with the requirement of this section relating to the filing of a bond or bonds equivalent in total amount to twice the estimated monthly license tax. In the event of nonpayment of any weekly installment of the license tax, or any part thereof, pursuant to the undertaking of any distributor, the full amount of the license tax accrued against such distributor shall become immediately due and payable and the Controller and the Attorney General shall proceed forthwith to collect the license tax due from such distributor in the manner prescribed by section 4 of this act with reference to delinquency in the payment of the monthly license tax. All provisions of said section 4 shall apply with full force and effect to collections required to be made under this section; provided, however, that the ten per cent penalty for delinquency for which provision is made under section 4

Penalty

hereof shall accrue only as provided in said section, and there shall be added to any weekly installment of license tax remaining unpaid at five o'clock in the afternoon of the Tuesday following the close of such week, a penalty of five per cent on account of such delinquency; the accrual of any such penalty of five per cent shall not in anywise affect the ten per cent penalty for delinquency imposed under section 4 hereof, but such ten per cent penalty shall not be computed upon any amount added to such weekly license tax as a penalty under this section.

Sale or transfer of business.

The license issued hereunder to any distributor shall not be transferable. Whenever a distributor ceases to engage in business as a distributor within the State of California by reason of the discontinuance, sale or transfer of such business, he shall give notice in writing thereof to the State Board of Equalization on or before the date of such discontinuance, sale or transfer. Such notice shall give the date of discontinuance and, in the event of a sale or transfer of the business, the date thereof and the name and address of the purchaser or transferee. All taxes and penalties under this act, not yet due and payable under other provisions hereof, shall become due and payable concurrently with such discontinuance, sale or transfer, and the distributor shall forthwith make a report and pay all such taxes and penalties, and shall surrender to the State Board of Equalization the license theretofore issued. Unless such notice shall have been given as hereinbefore provided, such purchaser or transferee shall be liable for all taxes and penalties under this act accrued against the vendor or transferor to the date of such sale or transfer, but only to the extent of the value of the property and business thereby acquired.

Producers' and brokers' license.

Every producer and every broker before April 1, 1931, and thereafter every person, firm, association or corporation before becoming a producer or broker shall register as such with the State Board of Equalization and make application for a license on forms to be prepared and furnished by the State Board of Equalization. Each such application shall be accompanied by a registration fee of ten dollars.

Upon the receipt of the application of any such producer or broker, accompanied by such license fee, the State Board of Equalization shall issue to every such applicant a license to engage in such business from the date of the issuance thereof, until and including the following December 31st, and on or before January 1st, of each and every year and before any such producer or broker shall engage in business, an application shall be filed and a license obtained for the calendar year. Any license so issued shall not be transferable and may be revoked by the State Board of Equalization as hereinafter provided. All registration fees collected under the provisions of this section shall be credited to the "Fuel tax enforcement fund" hereinafter created.

Sec. 3. A license tax is hereby imposed for the privilege of distributing, within the meaning of section 7 of this act, any motor vehicle fuel. Said license tax shall be according to or measured by the gallonage of motor vehicle fuel so distributed in this State and shall be at the rate of three cents for each gallon of such fuel refined, manufactured, produced, blended or compounded by such distributor in this State and so distributed by him in this State, or imported by such distributor into and so distributed by him in this State otherwise than in the original package or container in which such motor vehicle fuel was imported into this State, and for each gallon of motor vehicle fuel imported into this State and thereafter acquired by such distributor in the original package or container in which the same was imported and thereafter so distributed by such distributor otherwise than in the original package or container in which the same was imported into this State.

SEC. 4. Section 5 of chapter 267, Statutes of 1923, as amended, is hereby amended to read as follows:

Every distributor must take a physical inventory of the petroleum products on hand on the first day of every calendar month and must have the record of such inventory and of the other matters mentioned in this section, available at all times for the inspection of said board or its representatives. Upon demand of said board or its representatives every distributor must furnish a statement under oath reflecting the contents of any records to be kept under this section.

Producer's record.

Every producer must keep a true and accurate record in such form as the State Board of Equalization may prescribe of all manufacture and distribution of any petroleum product or products used in, or which may be used in, the blending, compounding or manufacturing of motor vehicle fuel, and every broker must likewise keep a true and accurate record of all purchases of motor vehicle fuel and such petroleum products in such manner as to disclose the vendor, the quantity purchased, the correct description of the commodity and the

means of transportation to said broker, as well as all of the sales of motor vehicle fuel and such petroleum products in such manner as to disclose the vendee, the quantity sold, the correct description of the commodity and the means of transportation from said broker to the vendee. All such records required by this section must be available at all times for the inspection of said board or its representatives, who may require a statement or statements under oath at such intervals as said board may determine, reflecting the contents thereof.

SEC. 5. Section 6 of Chapter 267, Statutes of 1923, as amended, is hereby amended to read as follows: Stats 1931, p. 105.

Sec. 6. Each distributor shall on or before the fifteenth day of May, 1931, and on or before the fifteenth day of each and every month thereafter, file on forms prescribed, prepared and furnished by the State Board of Equalization, a sworn statement showing the total number of gallons of motor vehicle fuel produced, refined, manufactured or compounded by such distributor within this State and sold during the preceding calendar month by such distributor within this State; the total number of gallons of motor vehicle fuel imported into this State by such distributor and sold or distributed within this State by such distributor during such month, when sold or distributed otherwise than in the original packages or containers in which imported into this State or used by such importer; also the number of gallons of such fuel acquired by him in the original package or container in which the same was imported into this State and thereafter sold, distributed or used by him; and such other information as the State Board of Equalization may require. If any distributor shall fail, neglect or refuse to file said report within the time prescribed by this section, the State Board of Equalization must note such failure, neglect, or refusal upon the tax roll hereinafter described, and must estimate the motor vehicle fuel distributions of said distributor, assessing the license tax thereon adding to said license tax a penalty of fifteen per cent thereof for failure, neglect or refusal to report, and said distributor shall be estopped from complaining of the amount of said estimate. Said penalty for failure to report shall not be in lieu of the penalty for delinquency prescribed by section 4 of this act, but the penalty for delinquency shall not apply to or be charged against the penalty for failure to report. The State Board of Equalization shall, on or before the twenty-second day of May, 1931, and on or before the twenty-second day of each calendar month thereafter, assess the license tax due hereunder, and prepare and complete an assessment roll showing the amount of the license tax assessed against each distributor, and immediately deliver said assessment roll to the State Controller.

Nothing in this act shall be construed as requiring the payment of the license tax herein specified upon more than one sale, distribution or transfer of the same motor vehicle fuel.

Stats 1931, p. 105.

SEC. 7. Section 10 of chapter 267, Statutes of 1923, as amended, is hereby amended to read as follows:

What sales exempt from tax

Sec. 10. The provisions of this act requiring the payment of license taxes shall not be held or construed to apply to motor vehicle fuel imported into this State in interstate or foreign commerce and intended to be sold in the original and unbroken tank cars or other original receptacles, containers or packages and so sold while the same are in interstate or foreign commerce, nor to any motor vehicle fuel exported from this State by the distributor or delivered by the distributor to any vessel clearing from a port of this State for a port outside of this State and actually exported from this State in such vessel, nor to any motor vehicle fuel sold to the government of the United States or any department thereof for official use of said government, but every distributor shall be required to report such exports and sales to the State Board of Equalization in such detail as that board may require, otherwise the exemption herein granted shall be null and void and all such fuel shall be considered distributed in this State subject fully to the provisions of this act.

Export certificates

In support of any exemption from license taxes claimed under this section on account of the exportation of motor vehicle fuel, every distributor must execute an export certificate in such form as shall be prescribed, prepared and furnished by the State Board of Equalization, containing a sworn statement, made by some person having actual knowledge of the fact of such exportation, that the motor vehicle fuel has been exported from the State of California, and giving such details with reference to such shipment as said board may require. All export certificates must be completed and on file in the office of the State Board of Equalization within forty-five days after the close of the calendar month in which the shipments to which they relate are made, and no certificate not completed and filed within such period shall be recognized for any purpose by the State of California or any

agency thereof. The State Board of Equalization may demand of any distributor such additional data as are deemed necessary by said board in support of any such certificate, and failure to supply such data will constitute a waiver of all right to exemption claimed by virtue of such certificate.

Sale to United States

Any claim for exemption based on a sale to the United States government or any department thereof may be made by the distributor at any time within six months from the date of sale by filing such claim in the office of the State Board of Equalization, but no claim made after the expiration of said period of six months shall be recognized for any purpose by the State or any agency thereof.

SEC. 8. Section 11 of chapter 267, Statutes of 1923, as amended, is hereby amended to read as follows:

Refunds

Sec. 11. Affidavit

The State Controller, upon the presentation of such an affidavit and such invoice or invoices shall cause to be paid to such claimant, from the license taxes collected in accordance with the provisions of this act, an amount equal to the license taxes collected hereunder on such motor vehicle fuel; provided, however, that the State Controller shall have the right if he so desires, in order to establish the validity of any claim, to examine the books and records of the claimant for such purpose and the failure upon the part of the claimant to accede to such demand shall constitute a waiver of all right to the refund claimed on the account of the transactions questioned. Such examination may be made either through employees of the office of the State Controller or of the office of the State Board of Equalization.

Application for refund

All such applications for refund based upon exportation of motor vehicle fuel from this State must be filed with the State Controller within forty-five days from the date of exportation; all other applications shall be filed within twelve months from the date of the purchase of such motor vehicle fuel. (d) To the counties of the State as hereinafter provided.

(e) To the State highway fund, as hereinafter provided.

(f) To pay the pro rata share of the overhead and general administrative expense of the State Controller and the State Board of Equalization attributable to duties imposed by this act or under the provisions of section 15 of Article XIII of the Constitution, and legislation enacted pursuant thereto. Such pro rata share shall be payable upon presentation of claim against any appropriation from the motor vehicle fuel fund for the support of the State Controller or the State Board of Equalization, as the case may be.

(g) To pay refunds as may be due on account of judgments for the return of license taxes illegally collected, as provided in section 16 of this act.

One-third of all moneys in said "Motor vehicle fuel fund" after the biennial appropriations to the State Controller and the State Board of Equalization have been deducted and the refunds herein provided for shall have been paid, shall be paid to the counties as hereinafter provided.

Apportionment to counties

Out of said appropriation, each county and city and county shall first be paid five thousand dollars for each quarter of a year. The balance remaining in said appropriation, after making said apportionment of five thousand dollars quarterly shall be apportioned to all of the counties and cities and counties of this State in the proportion that the registration of vehicles in each of such counties and cities and counties bears to the total number of vehicles registered in this State.

All such amounts so paid to the several counties shall be paid into a special road improvement fund. Such fund shall be expended by the county receiving it exclusively in the construction and maintenance of roads, bridges and culverts in each such county.

But the board of supervisors of any county may in its discretion expend any portion of such sums so received by

such county in the construction, maintenance and repair of streets, bridges and culverts within those incorporated cities therein the legislative bodies of which by ordinance or resolution authorize such work of construction, maintenance and repair. The board of supervisors of any county, or city and county is hereby empowered to expend any portion of the amounts paid to the said county, or city and county and deposited in the special road improvement fund or other road fund thereof, as herein in this section directed, in and for the construction of public highways outside of its corporate limits; provided, however, that the construction thereof is authorized by ordinance or resolution of the board of supervisors of the county, or city and county, in which said highway is to be constructed. Where such authorization is given, as herein provided, the board of supervisors of the county, or city and county desiring the said construction, may, through its own board, officers or commissions expend the amounts herein authorized to be expended, or may, by resolution of its board of supervisors, transfer said amounts to the account of the Highway Commission of the State of California or to the account of the Secretary of Agriculture of the United States, and may by said resolution specify and determine the route and type of construction of said highway, and the said amount thus transferred shall, if accepted by the said Highway Commission, or said Secretary of Agriculture, be expended for the purpose specified and determined in said resolution, and not otherwise.

Streets, etc., in incorporated cities.

Highways outside of county

In the event that any such county has not established such a road fund, its proportion of such fund shall be retained by the State until provision for such a road fund has been made, and it shall then be paid over to such county.

In the months of January, April, July and October of each year, the Controller shall ascertain the gross amounts received and the net receipts remaining after deducting the amounts withdrawn for the support of the Controller and the Board of Equalization and the payment of the refunds for which provision is made in section 11 of this act during the preceding three months, and thereupon the Controller shall draw his warrant upon the "Motor vehicle fuel fund" in favor of each county in the State for the amount to which each such county is entitled. The Controller shall not draw such warrant in favor of any county which shall not have established such a road fund as is herein required or which shall be delinquent in its annual report to the State Department of Public Works as hereinafter required.

Payment to counties

The board of supervisors of each county shall make an annual report to the State Department of Public Works not later than three months after the close of the county's fiscal year upon forms to be provided by such department, showing the amount of moneys received from the "Motor vehicle fuel fund" during the preceding fiscal year and the disposition of said moneys, giving such details as to the disposition of said

Annual report

moneys as may be required by said department. Whenever such report shall not have been duly filed in the manner and form herein provided for at or before the time herein specified, the State Controller shall not draw his warrant in favor of the treasurer of such county until such report has been filed.

"State highway fund"

All moneys in the "Motor vehicle fuel fund" other than those hereinbefore appropriated, are hereby appropriated to and shall by the State Treasurer be paid into the "State highway fund," which fund is hereby created, and shall be allocated and expended by the State Department of Public Works, Division of Highways for the acquisition of rights of way for, or the construction, maintenance, repair, widening, resurfacing, reconstruction or other improvement of State highways, and for the maintenance, repair, widening, resurfacing and reconstruction of roads and highways in State parks subject to the approval of the official or officials charged by law with the management and control of such parks and in the manner specified in that certain act entitled "An act to provide for the acquisition of rights of way for and the construction, maintenance and improvement of State highways, classifying the highways in the State system and allocating and directing the expenditure of funds for the construction, maintenance and improvement of State highways" passed at the forty-seventh session of the Legislature, as amended.

All money from said "State highway fund" shall be upon warrants drawn by the State Controller upon demands made by the Department of Public Works, Division of Highways, and allowed and audited as provided by the rules of the State Board of Control

An act to add a new section to the Penal Code to be numbered 653c-1, relating to the hours of labor on public works during the present emergency whether such work is done by contract or otherwise, providing penalties for violations of its provisions, and declaring the urgency thereof.

[Approved by the Governor May 29, 1933. In effect immediately.]

The people of the State of California do enact as follows:

New section

SECTION 1. A new section is hereby added to the Penal Code to be numbered 653c-1, and to read as follows:

Thirty hour week on public work.

653c-1. During the economic emergency existing when this section takes effect, the time of service of any laborer, workman, or mechanic employed upon any of the public works of the State of California, or of any municipal corporation, political subdivision or district thereof, or upon work done for or by the authority of said State, or of any municipal corporation or political subdivision or district thereof, and whether said work is done by contract or otherwise, is

hereby limited to thirty hours during any one calendar week, except that any laborer, workman or mechanic employed upon maintenance or repair work by the said State, or any municipal corporation or political subdivision or district thereof, may work not more than forty-four hours in any one calendar week, nor more than eight hours in any one calendar day.

During said emergency it shall be unlawful for any officer or agent of said State, municipal corporation, political subdivision or district thereof, or for any contractor or subcontractor doing work under contract upon any public works aforesaid, who employs, or who directs or controls the work of any laborer, workman, or mechanic, employed as herein aforesaid, to require or permit such laborer, workman, or mechanic, to labor more than thirty hours during any one calendar week, except in cases of extraordinary emergency, caused by fire, flood, or danger to life or property or except to work upon public military or naval defenses or works in time of war. Exceptions.

Within thirty days after any such employee is so permitted to work over thirty hours in any one calendar week owing to such an extraordinary emergency, the contractor doing the work, or his duly authorized agent, shall file a report, verified by his oath, with the officer or agent which awarded the contract, setting forth the nature of the said emergency. Such report shall contain the name of the said worker and the hours worked by him during said week. Failure to file the said report within the said time shall be prima facie evidence that no extraordinary emergency existed. Report of emergency.

Such contractor and each subcontractor shall also keep an accurate record showing the names and actual hours worked of all workers employed by him, in connection with the said public work, and such record shall be open at all reasonable hours to the inspection of the said officer or agent, or the deputies of agents thereof, and to the Chief of the Division of Labor Statistics and Law Enforcement of the Department of Industrial Relations, and his deputies or agents. Record of hours worked

Whenever any officer or agent of the State or of any municipal corporation, political subdivision, or district makes or awards, as such officer or agent, any contract, the execution of which involves or may involve the employment of any laborer, workman, or mechanic upon any public works or work herein mentioned, such officer or agent shall cause to be inserted therein a stipulation which shall provide that for every such person thus employed in the execution of said contract, whether such employment is by said contractor or by a subcontractor under him, the contractor to whom said contract is awarded shall forfeit as a penalty, to the State or the governmental unit in behalf of which the contract is made and awarded, the sum of ten dollars for each calendar day of each week during which such laborer, workman, or mechanic is required or permitted to labor more than thirty hours in violation of the provisions of this section. Stipulation in contract

Forfeiture of payments

It shall be the duty of such officer or agent to take cognizance of all violations of the provisions of this section which are committed in the course of the execution of said contract, and to report the same to the governmental officer or agent that is authorized, on behalf of the State or governmental unit which is party to the contract, to pay to the contractor moneys becoming due to him under said contract. Said officer or agent, when making payments of moneys thus due, shall withhold and retain therefrom, as in this section provided, all sums and amounts which shall have been forfeited pursuant to the said stipulation and the terms of this section, or shall withhold or retain the payment until paid said sums or amounts, as in this section provided. No sum shall be so withheld, retained or forfeited, except from the final payment, without a full investigation by either the Division of Labor Statistics and Law Enforcement of the State Department of Industrial Relations or by said awarding body. In all cases of contracts with assessment or improvement districts where the full payment is made in the form of a single warrant, or other evidence of full payment, after the completion and acceptance of the work, the awarding body shall accept from the contractor in cash a sum equal to, and in lieu of, any amount required to be withheld or retained under the provisions of this section. On receipt of said sum, the awarding body shall then release the final warrant or payment in full.

Payments to subcontractor.

It shall be lawful for any contractor to withhold from any subcontractor under him sufficient sums to cover the amount of any penalties withheld on behalf of the awarding body from the contractor, or paid by him to that body, on account of the subcontractor's failure to comply with the terms of this act. If payment has already been made to the subcontractor the contractor may recover from him the amount of the penalty or forfeiture in a civil action.

Penalty.

Any officer or agent of the State of California, or of any municipal corporation, political subdivision or district who violates or omits to comply with any of the provisions of this section, and any contractor or subcontractor, or agent or representative thereof, doing public work as aforesaid, who neglects to keep an accurate record of the names and actual hours worked by the workers employed by him, in connection with the said public work, or who refuses to allow access to such record at any reasonable hour to any person authorized under this section to inspect the record, is guilty of a misdemeanor, and punishable therefor by a fine not exceeding five hundred dollars, or by imprisonment for not exceeding six months, or by both such fine and imprisonment.

Applicability of section

With the exception of the operation of their irrigation or drainage systems, all work done for irrigation, utility, reclamation and improvement districts, and other districts of this type, as well as street, sewer or other improvement work done under the direction and supervision of the State, or of any municipal corporation, political subdivision or district thereof,

whether such municipal corporation or political subdivision operates under a freeholder's charter heretofore or hereafter approved or not, except work done directly by any public utility company pursuant to order of the Railroad Commission or other public authority, shall be subject to the provisions of this section.

Section not applicable

The provisions of this act shall not, however, apply to any work already contracted for or for which bids are now being invited or advertised or bids have already been received and consideration of which is pending at the time of the taking effect of this act or to any work to be subcontracted thereunder; and provided further, however, that the provisions of this act shall not apply to any work performed in any shop, plant, manufacturing establishment, mill, or other place of employment the product of which is to be incorporated in the public works, but shall only apply to men actually engaged in the construction of the public works at the job site.

Whereas, the universal application of the provisions of this section may as to certain projects or parts thereof be impracticable, it is further provided that as to such projects or parts thereof the provisions of this section shall not apply. It shall be the duty of the Director of the Department of Industrial Relations upon request to examine any project or part thereof and determine whether as to that project or part thereof, the application of the provisions of this section is impracticable.

Duration of the "present economic emergency."

For the purpose of this section the present economic emergency shall be deemed to now exist and to continue until:

(a) The Governor, at any time prior to July 1, 1935, and after such inquiry as to him seems proper, determines that the economic situation of the State is such that the said economic emergency no longer exists. Thereupon he shall by proclamation state that, in his opinion, said emergency no longer exists. Thereafter, beginning with the first day of the calendar month next ensuing after the issue of such proclamation, the time of service of any such laborer, workman, or mechanic upon any such work shall be as prescribed by section 653c of this code, and no limitation in this section as to the number of hours of such service in any calendar week shall be in force or effect.

(b) In case such proclamation does not issue prior to July 1, 1935, on and after that date it shall be deemed that the economic emergency no longer exists and thereon and thereafter such time of such service shall be governed as though such proclamation had issued.

(c) In the event of a final judgment of an appellate court of this State holding invalid the mode of determining the end of the economic emergency, as set forth in this section, this section shall cease to be effective on July 1, 1935.

Constitutionality.

(d) If any section, sentence, clause or part of this act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, sentence, clause, or part thereof, irrespective of the

fact that one or more sections, sentences, clauses, or parts be declared unconstitutional.

Urgency.

SEC. 2. This act is declared to be an urgency measure deemed necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and as such it shall take effect immediately.

The following is a statement of the facts constituting such necessity: According to the estimate of the State Unemployment Commission, the number of persons affected by unemployment in California is 1,589 000, which includes 700,000 unemployed and 889,000 dependents. As a result of this condition of joblessness, poverty, destitution, and pauperism have become a grave menace to the health, safety, morals, and welfare of the people of the State. Because hundreds of thousands of self-respecting citizens, able and willing to work, are unable to find employment to support themselves and their families, it is essential that a policy of work-spreading and a shorter work-week should be put into effect at once. The State, by adopting such a policy for the period of the present emergency, can furnish employment to many unemployed workers and can thereby give added impetus to the practice of work-spreading in private industry. This act constitutes one of the means of adopting such a policy and therefore should be adopted as an emergency measure.

CHAPTER 633.

The word or words designating the office shall be printed flush with the left-hand margin and the words "Vote for One" or "Vote for Two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the directions for voting shall be separated from the names of the candidates by a light line. The names of the candidates for such office shall be printed in eight-point roman type (capitals) in proper order below the designation of the office, and in the same line in which the name of the candidate is printed and at the right of the name, or immediately below the name if there shall not be sufficient space to the right thereof, shall be printed in eight-point roman type (lower case) the designation of the political party or parties by or on behalf of which such candidate has been nominated, the first political party so designated being the party with which such candidate was affiliated thirty-five days before the date of the primary election, as ascertained by the Secretary of State from the affidavit of registration of such candidate in the office of the county clerk in the county in which such candidate resides; provided, that when a candidate has been nominated by petition, the word "Independent," shall be printed to the right of his name, and provided also, that as to candidates for judicial offices, and school offices the designation of the political party or parties, or the word "Independent," if there be an independent candidate, shall be omitted. Names of candidates

5. The names of the candidates for an office shall not be separated from each other on the ballot by names of candidates for any other office, and the list of candidates for each office shall be separated from the lists of candidates for other offices by a double rule, above and below such list. Each series of the lists of candidates for the several offices shall be headed by the word "State," "Congressional," "Legislative," "County," or "Municipal" or other proper general classification, as the case may be, printed in heavy-faced gothic capital type, not smaller than twelve point, each such word being separated from the names of the candidates beneath by a three-point line.

Additional designations.

Immediately under the name of each candidate and not separated therefrom by any line may appear, at the option of the candidate, one of the following designations:

a. Words designating the city, county, district or State office which the candidate then holds.

b. If the candidate be a candidate for the same office which he then holds, the word "incumbent."

Borders.

6. The left-hand side of each column of names on the ballot, and also the right-hand side of each column of voting squares, shall be bordered by a broad printed line one-twelfth of an inch wide. The ballot shall be so printed as to give each voter a clear opportunity to designate, by stamping a cross (+) in a blank enclosed space hereinbefore designated as the voting square on the right of and after the name of each candidate whose name is printed on the ballot, his choice of particular candidates, or his choice of each and all of a group of candidates as provided in subdivision 2 of this section. The binding or stitching of each package of ballots shall be on the left side thereof. The ballot shall be printed on the same leaf with a stub not over one and one-half inches in width and separated therefrom by a perforated line from top to bottom, one-half inch to the left of the broad printed line along the left border of the ballot. Upon this stub shall be printed the number of the ballot only. On each ballot a perforated line shall extend across the top of the ballot one inch from the top thereof. The same number as appears on the stub shall be printed above said perforated line within two inches of the perforated line on the left-hand side of the ballot, and above this number shall be printed in parenthesis, in small type, as follows: (This number is to be torn off by inspector); and one-half inch to the right of this ballot number there shall be a short perforated line extended from the perforated line along the top of the ballot to the top edge of the ballot. Immediately above said perforated line shall be printed in black-face lower case type at least twelve point in size, and enclosed in a parenthesis, the following, ("Fold ballot to this perforated line, leaving top margin exposed)." Above this printed direction, and midway between it and the top edge of the ballot, shall be printed in black-face capital type at least twelve point in size, and, with the four middle words underlined or otherwise made prominent, the following: "MARK CROSSES (+) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL." The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county. All ballots printed by county clerks or registrars of voters other than the separate ballots containing the names only of candidates for city and county offices, printed by the county clerks or registrars of voters of consolidated cities and counties, shall have printed immediately

below the perforated line along the top of the ballot, and above the instructions to voters, the words in capital type at least twelve point in size the words "GENERAL TICKET," followed by the respective number of the congressional, senatorial, and assembly district in which the ballot is to be voted; and all ballots printed by county clerks or registrars of voters of consolidated cities and counties containing the names of city and county offices, and also all ballots printed by the clerk, registrar of voters, or secretary of a legislative body of any incorporated city or town, shall have printed in the same manner below the perforated line the words "MUNICIPAL TICKET." All municipal ballots shall be printed upon paper of a different tint from that of the general ballot.

Ballots of same size, color, etc.

7. All of the ballots of the same sort prepared by any county clerk or registrar of voters, or clerk or secretary of a legislative body, or other person having charge of the preparing of such ballots, for the same polling place, shall be precisely the same size, arrangement, quality and tint of paper, and kind of type, and shall be printed with black ink of the same tint, so that without the numbers on the stubs it shall be impossible to distinguish any one of the ballots from the other ballots of the same sort; and the names of all candidates printed upon the ballot shall be in type of the same size and character.

Term of office, when printed.

8. If two or more officers are to be elected for the same office for different terms, the terms for which each candidate for such office is nominated shall be printed on the ballot as a part of the title of the office. If at a general election an office is to be filled for a full term, and also for a vacancy in another term the list of candidates for the full term shall be placed on the ballot under the designation of the office with the words "Full Term" printed immediately thereafter, and the list of candidates to fill the vacancy shall be placed on the ballot under the designation of the office with the words "Short Term" printed immediately thereafter.

Propositions column

9. Whenever any question, proposition or constitutional amendment is to be submitted to the vote of the electors, there shall be printed at the right of the last column of names of candidates, another column, or columns of sufficient width, with voting squares, in which such question, proposition or constitutional amendment shall be designated, which designation shall consist of a statement prepared as herein provided for, and opposite such question, proposition or constitutional amendment to be voted on, in separate lines, the words "Yes" and "No" shall be printed. If an elector shall stamp a cross (+) in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the question, proposition or constitutional amendment; if he shall stamp a cross (+) after the printed word "No," his vote shall be counted against the adoption of the same.

10. On the top of the face of the ballot the following directions shall be printed:

INSTRUCTIONS TO VOTERS.

Instructions to voters.

Where two or more candidates for the same office are to be elected, stamp a cross (+) after the names of all the candidates for that office for whom you desire to vote, not to exceed, however, the number of candidates who are to be elected. To vote for a person not on the ballot, write the name of such person under the title of the office in the blank space left for that purpose.

To vote on any question, proposition or constitutional amendment, stamp a cross (+) in the voting square after the word "Yes" or after the word "No." All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

In elections when electors of President and Vice President of the United States are to be chosen, there shall be placed upon the ballot in addition to the instructions to voters as above provided, an additional instruction as follows: "To vote for all or a group of persons, stamp a cross (+) in the square opposite such group," this instruction appearing immediately before the words: "To vote for a person not on the ballot."

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

The people of the State of California do enact as follows:

SECTION 1. Section 2192 of the Political Code is hereby amended to read as follows:

Stats. 1929, p. 1466

2192. Whenever any parent, guardian, or other person charged with the support of an imbecile or feeble-minded person, or any idiot, or epileptic who is not insane, desires him to be admitted into the home for feeble-minded, he may petition the superior court of the county in which he resides, for an order admitting such person to such hospital; provided, that any probation officer or district attorney may petition said court for an order admitting such person to such hospital. Whenever such petition is filed by a probation officer or district attorney, the court shall require such notice of the hearing of said petition be given to any parent, guardian, or other person charged with the support of said imbecile, or feeble-minded person, or idiot, or epileptic mentioned in said petition, as the court may deem proper; providing, however, that in all cases the court shall require due notice of the hearing to be given to the alleged incompetent.

Commitment of incompetents other than insane persons

The judge must inquire into the condition or status of such person, and if he finds him to be an imbecile, feeble-minded person, idiot or epileptic, and that he has been a resident of the State for one year next preceding the presentation of the petition, such judge must make an order that he be received, maintained, and educated in such hospital, and on the presentation of such order the superintendent must receive him therein, if the hospital is not already full, or the fund avail-

able for its support exhausted; but the imbecile, feeble-minded person, idiot, or epileptic, need not be received if, in the judgment of the management of the hospital or the Department of Institutions, he is not a suitable subject for admission thereto. The judge must inquire into the financial condition of the parent, guardian, or other person charged with the support of any such person, and if he finds him able, in whole or in part, to pay his expenses at such hospital, he must make a further order requiring such parent, guardian, or other person charged with the support of such person to pay to the county at stated periods such sums as, in the opinion of the judge, are proper during such time as the person may remain in such hospital. This order may be enforced by such further orders as the judge deems necessary, and may be varied, altered, or revoked in his discretion.

Financial condition of parent or guardian

The judge shall designate some county officer, whose business it shall be to keep a record of such payments ordered to be made, to receive, receipt for, and record such payments made, to pay over such payments to the county treasurer, to see that the person or persons ordered to make such payments comply with such orders, and to report to the court any failure on the part of such person or persons to make such payments.

Peremptory discharges

The superintendent may, with the approval of the Department of Institutions, cause the peremptory discharge of any person who has been an inmate or patient for the period of one month. The county from which each child or other person is committed to such home shall pay the State the cost of the care of such child or other person, for the time such child or other person so committed remains an inmate of the hospital, at the monthly rate therefor fixed as hereinafter provided.

Cost of care of inmates

The cost of such care shall be determined and fixed monthly by the Department of Institutions, with the approval of the Department of Finance, but in no case shall it exceed the rate of forty dollars per month.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

New section

SECTION 1. A new section to be known as section 3a is hereby added to an act entitled "The County Improvement

Act of 1921," approved June 3, 1921, Statutes of 1921, page 1628, to read as follows:

Annexation of territory

Sec. 3a. The boundaries of any such maintenance district may be altered, and contiguous territory whether the same be within incorporated or unincorporated territory (provided that if municipal territory is sought to be annexed, consent thereto shall first be obtained from the legislative body of such municipality), may be annexed thereto in the following manner:

Hearing

The board of supervisors may by resolution fix a time and place for hearing upon the question of annexation of such territory to an existing maintenance district, said resolution describing the boundaries of such contiguous territory proposed to be annexed.

The date set for the hearing on such proposed annexation shall be at least three weeks from and after the date of the adoption of the resolution setting the hearing. The board of supervisors shall cause notice of the time, place and purpose of said hearing to be given by post card mailed to each owner of real property within the boundaries of the territory sought to be annexed and within the district to which such territory is proposed to be annexed, whose name and address appears on the last equalized tax roll The person directed by the board of supervisors to mail such post card notices shall file, upon the completion of the mailing of said post cards, an affidavit setting forth the time and manner of the compliance with this requirement. In addition, the board of supervisors shall cause copies of said resolution to be posted in three conspicuous places within the annexing territory and within the maintenance district to which such territory is proposed to be annexed.

At the time fixed for said hearing or to which it may be continued said board of supervisors shall hear and pass upon said proposal and any objections which may be filed to the inclusion of any property within the proposed annexation.

Ordinance fixing boundary.

Said board of supervisors shall have the power, by order entered upon its minutes, to determine that such territory or any part thereof will be benefited by annexation to said district and may order that the boundaries of said district be altered to include such benefited territory.

If the territory annexed to such maintenance district shall comprise a portion of a maintenance district theretofore formed under the provisions of this act, upon such annexation becoming complete by the adoption of the order of the board of supervisors as in this section provided, such territory shall thereupon be withdrawn from the maintenance district of which it theretofore formed a part; provided, however, that no withdrawal of territory under the provisions of this section shall become effective unless and until any outstanding contract of the maintenance district from which a portion is sought to be withdrawn has expired or such contract, with the consent of the parties thereto, has been modified or canceled so

as to relieve such maintenance district of further obligation to pay for future maintenance within the territory so withdrawn, and the funds remaining on hand upon the completion of such annexation shall have been apportioned between the maintenance district to which the territory was annexed and the maintenance district from which it was withdrawn. The division of such funds shall be prorated in the proportion that the assessed value of the real property of the territory so withdrawn bore to the total assessed value of the real property within the maintenance district prior to such withdrawal.

Existing district annexed.

If the territory annexed to such maintenance district shall comprise all of a maintenance district formed under the provisions of this act, upon such annexation becoming complete by the adoption of the order of the board of supervisors as in this section provided the theretofore existing maintenance district so annexed shall thereupon be dissolved; provided, however, that any funds of said maintenance district remaining on hand at the time of the annexation shall be transferred to the maintenance district to which such territory shall have been annexed and any contracts or obligations of said previously existing maintenance district shall become the obligations of the maintenance district to which it has been annexed.

New section.

SEC. 2. A new section is hereby added to said act, to be known as section 3b, and to read as follows:

Additional improvements in existing districts.

Sec. 3b. If after the formation of a maintenance district, as herein provided, additional improvements of the same type or nature be constructed within the boundaries of such district, the board of supervisors shall adopt a resolution declaring it is its intention that the cost of maintaining and operating such additional improvements shall be borne by the existing maintenance district and it shall fix a time and place for a hearing on such resolution, at which hearing any and all persons having any objections to the things proposed to be done may appear and be heard. Said resolution shall contain a statement of the estimated annual cost of maintaining and operating such additional improvements.

At the time of the hearing on said resolution, notice of which hearing shall be given to the persons within the existing maintenance district in the manner prescribed in section 3a hereof, the board of supervisors shall hear and pass upon any and all protests to the maintaining and operating of such additional improvements by said existing maintenance district and its decision shall be final and conclusive. At the conclusion of said hearing the board of supervisors may by order, entered upon its minutes, make the expenses of maintaining and operating such additional improvements a charge upon said existing maintenance district.

Hearing.

At the time appointed for such hearing, or at any time to which the same may be adjourned, the board of supervisors shall hear and pass upon the question of dissolution and all objections and protests and may grant or deny the same, and its decision thereon shall be final and conclusive. If the board of supervisors shall upon such hearing determine that the maintenance district shall be dissolved, the board of supervisors shall, by resolution, order the dissolution of said district and such district shall thereupon be dissolved; provided, however, that the maintenance and operation of the improvements of such district may be continued thereafter until the funds collected for the purpose of maintaining and operating the same have been expended for such purpose.

If less than the whole of such a district shall be included within one or more incorporated cities either by reason of annexation or by reason of incorporation proceedings, the district shall continue in existence and shall continue to function without being affected thereby unless the Disposition of property upon dissolution

same shall be dissolved as in this act provided, and the fact that a portion or portions of such district is so included within one or more incorporated cities shall not deprive the board of supervisors of the right to levy the special assessment tax herein provided upon the lands and improvements thereon in such district for the purpose of maintaining the improvements thereof.

2. In which he is interested as a holder or owner of any capital stock of a corporation, or of any bond, note or other security issued by a corporation;

3. When he is related to either party, or to an officer of a corporation, which is a party, or to an attorney, counsel, or agent of either party, by consanguinity or affinity within the third degree computed according to the rules of law; provided, however, that if the parties appearing in the action and not then in default, or the petitioner in any probate proceeding, or the executor, or administrator of the estate, or the guardian of the minor or incompetent person, or the commissioner, or the referee, or the attorney for any of the above named, or the party or his attorney in all other or special proceedings, shall sign and file in the action or matter, a stipulation in writing waiving the disqualification mentioned in this subdivision or in subdivisions two or four hereof, the judge or court may proceed with the trial or hearing and the performance of all other duties connected therewith with the same legal effect as if no such disqualification existed.

4. When, in the action or proceeding, or in any previous action or proceeding involving any of the same issues, he has been attorney or counsel for any party; or when he has given advice to any party upon any matter involved in the action or proceeding; or when he has been retained or employed as attorney or counsel for any party within two years prior to the commencement of the action or proceeding;

5. When it is made to appear probable that, by reason of bias or prejudice of such justice, judge, or justice of the peace a fair and impartial trial can not be had before him.

Judge or justice must declare his disqualification

Whenever a judge or justice shall have knowledge of any fact or facts, which, under the provisions of this section, disqualify him to sit or act as such in any action or proceeding pending before him, it shall be his duty to declare the same in open court and cause a memorandum thereof to be entered in the minutes or docket. It shall thereupon be the duty of the clerk, or the justice if there be no clerk, to transmit forthwith a copy of such memorandum to each party, or his attorney, who shall have appeared in such action or proceeding, except such party or parties as shall be present in person or by attorney when the declaration shall be made.

Transfer on request of party

In justices' courts when, before the trial, either party makes and files an affidavit that he believes that he can not have a fair and impartial trial before the justice before which the action is pending, by reason of the interest, prejudice or bias of the justice, the court may order the transfer of the action, and the provisions of section 398 of this code shall apply to such transfer.

Determination of judges disqualification

Whenever a judge of a court of record who shall be disqualified under the provisions of this section, to sit or act as such in any action or proceeding pending before him, neglects or fails to declare his disqualification in the manner hereinbefore provided, any party to such action or proceeding who has appeared therein may present to the court and file with the clerk a written statement objecting to the hearing of such matter or the trial of any issue of fact or law in such action or proceeding before such judge, and setting forth the fact or facts constituting the ground of the disqualification of such judge.

Within five days after the presentation and filing of any such statement, the judge alleged therein to be disqualified may file with the clerk his consent in writing that the action or proceeding be tried before another judge, or may file with the clerk his written answer admitting or denying any or all of the allegations contained in such statement and setting forth any additional fact or facts material or relevant to the question of his disqualification. The clerk shall forthwith transmit a copy of the judge's consent or answer to each party or his attorney who shall have appeared in such action or proceeding. Every such statement and every such answer shall be verified by oath in the manner prescribed by section 446 of this code for the verification of pleadings. The statement of a party objecting to the judge on the ground of his disqualification, shall be presented at the earliest practicable opportunity, after his appearance and discovery of the facts constituting the ground of the judge's disqualification, and in any event before the commencement of the hearing of any issue of fact in the action or proceeding before such judge.

No judge of a court of record, who shall deny his disqualification, shall hear or pass upon the question of his own disqualification; but in every such case, the question of the judge's disqualification shall be heard and determined by some other judge agreed upon by the parties who shall have appeared in the action or proceeding, or, in the event of their failing to agree, by a judge requested to act by the chairman of the judicial council, and, if the parties fail to agree upon a judge to determine the question of the disqualification, within five days after the expiration of the time allowed herein for the judge to answer, it shall be the duty of the clerk then to notify the chairman of the judicial council of that fact; and it shall be the duty of the chairman of the judicial council forthwith, upon receipt of notice from the

clerk, to request some other judge, not disqualified, to hear and determine the question.

If such judge admits his disqualification, or files his written consent that the action or proceeding be tried before another judge, or fails to file his answer within the five days herein allowed, or if it shall be determined after hearing that he is disqualified, the action or proceeding shall be heard and determined by another judge or justice not disqualified, who shall be agreed upon by the parties, or, in the event of their failing to agree, appointed by the chairman of the judicial council; provided, however, that when there are two or more judges of the same court, one of whom is disqualified, the action or proceeding may be transferred to a judge who is not disqualified.

A judge who is disqualified may, notwithstanding his disqualification, request another judge, who has been agreed upon by the parties, to sit and act in his place.

If, however, the parties to the action shall sign and file a stipulation, agreeing upon some other judge or justice to sit or act in place of the judge or justice disqualified under the provisions of this subdivision, the judge or justice agreed upon shall be called by the judge or justice so disqualified to hear and try such action or proceeding; provided, that nothing herein contained shall be construed as preventing the judge of the superior court of such county, or of the municipal court of such city, from issuing a temporary injunction or restraining order, which shall, if granted, remain in force until vacated or modified by the judge designated as herein provided.

Nothing in this section contained shall affect a party's right to a change of the place of trial in the cases provided for in Title IV, Part II of this code.

C C P 1872

SEC. 4. Section 393 of the Code of Civil Procedure is hereby amended to read as follows:

Venue

393. (1) Subject to the power of the court to transfer actions and proceedings as provided in this title, the county in which the cause, or some part thereof, arose, is the proper county for the trial of the following actions:

Recovery of penalty, etc

(a) For the recovery of a penalty or forfeiture imposed by statute; except, that when it is imposed for an offense committed on a lake, river, or other stream of water, situated in two or more counties, the action may be tried in any county bordering on such lake, river, or stream, and opposite to the place where the offense was committed;

Action against officer

(b) Against a public officer or person especially appointed to execute his duties, for an act done by him in virtue of his office; or against a person who, by his command or in his aid, does anything touching the duties of such officer.

Proper court

(2) The proper court for the trial of any such action, in the county hereinabove designated as the proper county, shall be determined as follows:

If there is a municipal or justices' court, having jurisdiction of the subject matter of the action, established in the city, city and county, town, or judicial township in which the cause, or some part thereof, arose, such court is the proper court for the trial of such action; otherwise, any court in such county, having jurisdiction of the subject matter of the action, is a proper court for the trial thereof. In the case of offenses committed on a lake, river, or stream, hereinabove mentioned, the court, having jurisdiction of the subject matter of the action, nearest to the place where such offense was committed, in any county mentioned in subdivision one of this section, is a proper court for the trial of the action.

Stats 1931, p 1948

SEC. 5. Section 394 of the Code of Civil Procedure is hereby amended to read as follows:

394. (1) An action or proceeding against a county, or city and county, may be tried in such county, or city and county,

unless such action or proceeding is brought by a county, or city and county, in which case it may be tried in any county, or city and county, not a party thereto. Whenever an action or proceeding is brought by a county, city and county, or city, against a resident of another county, city and county, or city, or a corporation doing business in the latter, the action or proceeding must be, on motion of either party, transferred for trial to a county, or city and county, other than the plaintiff, if the plaintiff is a county, or city and county, and other than that in which the plaintiff is situated, if the plaintiff is a city, and other than that in which the defendant resides, or is doing business, or is situated. Whenever an action or proceeding is brought against a county, city and county, or city, in any county, or city and county, other than the defendant, if the defendant is a county, or city and county, or, if the defendant is a city, other than that in which the defendant is situated, the action or proceeding must be, on motion of the said defendant, transferred for trial to a county, or city and county, other than that in which the plaintiff, or any of the plaintiffs, resides, or is doing business, or is situated, and other than the plaintiff county, or city and county, or county in which such plaintiff city is situated, and other than the defendant county, or city and county, or county in which such defendant city is situated; provided, however, that any action or proceeding against a city, county, or city and county for injury occurring therein, to person or property or person and property caused by the negligence or alleged negligence of such city, county, or city and county, or its agents or employees, shall be tried in such county, or city and county, or if a city is a defendant, in such city or in the county in which such city is situated. In any such action or proceeding, the parties thereto may, by stipulation in writing, or made in open court, and entered in the minutes, agree upon any county, or city and county, for the place of trial thereof. When the action or proceeding is one in which a jury is not of right, or in case a jury be waived, then in lieu of transferring the cause the court in the original county may request the chairman of the judicial council to assign a disinterested judge from a neutral county to hear said cause and all proceedings in connection therewith. When such action or proceeding is transferred to another county for trial, a witness required to respond to a subpoena for a hearing within the original county shall be compelled to attend hearings in the county to which the cause is transferred. If the demand for transfer be made by one party and the opposing party does not consent thereto the additional costs of the nonconsenting party occasioned by the transfer of the cause, including living and traveling expenses of said nonconsenting party and material witnesses, found by the court to be material, and called by such nonconsenting party, not to exceed five dollars per day each in excess of witness fees and mileage otherwise allowed by law, shall be assessed by the court hearing the cause against the party requesting the transfer. To the extent of

such excess, such costs shall be awarded to the nonconsenting party regardless of the outcome of the trial. This section shall apply to actions or proceedings now pending or hereafter brought.

(2) Any court in a county hereinabove designated as a proper county, which has jurisdiction of the subject matter of the action or proceeding, is a proper court for the trial thereof.

Stats. 1911, p 848.

SEC. 6. Section 395 of the Code of Civil Procedure is hereby amended to read as follows:

Venue in general

395. (1) In all other cases, except as in this section otherwise provided, and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants, or some of them, reside at the commencement of the action, is the proper county for the trial of the action. If the action be for injury to person, or to personal property, or for death from wrongful act, or negligence, either the county where the injury occurs, or where the injury causing death occurs, or the county in which the defendants, or some of them, reside at the commencement of the action, shall be a proper county for the trial of the action. When a defendant has contracted to perform an obligation in a particular county, and the demand, exclusive of interest, does not exceed three hundred dollars, either the county where such obligation is to be performed, or the county in which the defendant, or any such defendant, resides at the commencement of the action, shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the State, or, if residing in the State, and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and if the defendant is about to depart from the State, such action may be tried in any county where either of the parties reside, or where service is had. If any person is improperly joined as a defendant, or has been made a defendant solely for the purpose of having the action tried in the county, city and county, township, city or town where he resides, his residence must not be considered in determining the proper place for the trial of the action

Proper court

(2) The proper court for the trial of any such action in the county hereinabove designated as the proper county, shall be determined as follows:

If there is a municipal or justices' court, having jurisdiction of the subject matter of the action, established in the city, city and county, town or judicial township, in which the defendant, or any defendant, so resides, or in which the injury to person or to personal property, or the injury causing death, occurs, or, in the cases hereinabove mentioned, in which the obligation was contracted to be performed, such court is a proper court for the trial of such action; otherwise any court in such

county, having jurisdiction of the subject matter of the action, is a proper court for the trial thereof.

SEC. 7. Section 396 of the Code of Civil Procedure, as it existed on January 1, 1933, is hereby repealed and a new section numbered 396 is hereby added thereto, to read as follows: Repeal. New section

396. If an action or proceeding is commenced in a court which lacks jurisdiction of the subject matter thereof, as determined by the complaint, if there is a court of this State which has such jurisdiction, the action shall not be dismissed but shall, on the application of either party, or on the court's own motion, be transferred to a court having jurisdiction of the subject matter, which is by the provisions of this title, designated as a proper court for the trial thereof. Time to answer or otherwise plead in any such case, if summons be served prior to the filing of the action or proceeding in the court to which it is transferred, shall date from service upon the defendant of written notice of the filing of such action or proceeding in the court to which it is transferred. Case may be transferred for lack of jurisdiction.

If an action or proceeding is commenced in a court which has jurisdiction of the subject matter thereof as determined by the complaint, and it thereafter appears from the verified pleadings, or at the trial, that the determination of the action, or of a counterclaim arising out of the transaction set forth in the complaint as the foundation of the plaintiff's claim, or of a cross-complaint, will necessarily involve the determination of questions not within the jurisdiction of the court, in which the action is pending, the court, whenever such lack of jurisdiction appears, must suspend all further proceedings in the action or proceeding, and certify the pleadings (or if the pleadings be oral, a transcript of the same) to a court, having jurisdiction thereof, which is by the provisions of this title designated as a proper court for the trial thereof. Nothing herein shall be construed to require the superior court to transfer any such action or proceeding because the judgment to be rendered, as determined at the trial, is one which might have been rendered by a municipal or justices' court in the same county or city and county.

In any case where the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be remitted and the action may continue in the court where it is pending.

Upon the making of an order for such transfer, proceedings shall be had as provided in section 399 of this code, the costs and fees thereof, and of filing the case in the court to which transferred, to be paid by the plaintiff unless the court ordering the transfer shall otherwise direct

SEC. 8. A new section is hereby added to the Code of Civil Procedure, to be numbered 396a and to read as follows: New section

396a. In all actions and proceedings within the subject matter jurisdiction of justices' courts of Class B, whether commenced in a justices' or municipal court, plaintiff must state Venue in Class B justice courts

facts in the complaint, verified by his oath, or in an affidavit of the plaintiff, from which it can be determined which court is, under the provisions of this title, the proper court for the trial of such action or proceeding. When such affidavit is filed, a copy thereof must be served with the summons. Unless such complaint or affidavit be filed, no further proceedings shall be had in the action or proceeding, except to dismiss the same, unless defendant consents in the manner hereinafter provided to the keeping of the action or proceeding in the court where commenced. If it appears, from such complaint or affidavit, or otherwise, that the court in which such action or proceeding is commenced is not the proper court for the trial thereof, as determined by the provisions of this title, the court in which such action or proceeding is commenced, or a judge or justice thereof, shall, whenever such fact appears, transfer it to such proper court, on its own motion, or on motion of the defendant, unless the defendant consents in writing, or in open court (such consent in open court being entered in the minutes or docket of the court), to the keeping of the action or proceeding in the court where commenced. If such consent be given the action or proceeding may continue in the court where commenced. In any such case where the transfer of the action or proceeding is ordered under the provisions of this paragraph, if summons is served prior to the filing of such action or proceeding in the court to which it is transferred, the time to answer or otherwise plead shall date from service upon the defendant of written notice of such filing.

Affidavit.

Consent to jurisdiction

Transfer on motion.

When it appears from such complaint or affidavit of the plaintiff that the court in which such action or proceeding is commenced is a proper court for the trial thereof, all proper proceedings may be had, and the action or proceeding may be tried therein; provided however, that in such case a motion for a transfer of the action or proceeding may be made as in other cases, within the time, upon the grounds, and in the manner provided in this title, and if upon such motion it appears that such action or proceeding is not pending in the proper court, or should for other cause be transferred, the same shall be ordered transferred as provided in this title.

When any such action or proceeding is ordered transferred as herein provided, proceedings shall be had, and the costs and fees shall be paid, as provided in sections 398 and 399 of this code.

New section

SEC. 8a. A new section is hereby added to the Code of Civil Procedure, to be numbered 396b, and to read as follows:

Transfer of actions generally

396b. Except as otherwise provided in section 396a, if an action or proceeding is commenced in a court having jurisdiction of the subject-matter thereof, other than the court designated as the proper court for the trial thereof, under the provisions of this title, the action may, notwithstanding, be tried in the court where commenced, unless the defendant, at the time he answers or demurs, files with the clerk, or with

the justice if there be no clerk, an affidavit of merits and notice of motion for an order transferring the action or proceeding to the proper court, together with proof of service, upon the adverse party, of a copy of such papers. Upon the hearing of such motion the court shall, if it appears that the action or proceeding was not commenced in the proper court, order the same transferred to the proper court; provided, however, that the court, in an action for divorce or separate maintenance, may, prior to the determination of such motion, consider and determine a motion for counsel fees and costs, and make all necessary and proper orders in connection therewith; provided, further, that in any case, if an answer be filed, the court may consider opposition to the motion, if any, and may retain the action in the county where commenced if it appears that the convenience of witnesses or the ends of justice will thereby be promoted.

Stats 1907, p. 700

SEC. 9. Section 397 of the Code of Civil Procedure is hereby amended to read as follows:

Cases in which court may change place of trial

397. The court may, on motion, change the place of trial in the following cases:

1. When the court designated in the complaint is not the proper court;

2. When there is reason to believe that an impartial trial can not be had therein;

3. When the convenience of witnesses and the ends of justice would be promoted by the change;

4. When from any cause there is no judge of the court qualified to act.

Stats 1927, p 1403.

SEC. 10. Section 398 of the Code of Civil Procedure is hereby amended to read as follows:

Court to which action should be transferred.

398. If, for any cause, specified in subdivisions 2, 3 and 4 of section 397, the court orders the transfer of an action or proceeding, it must be transferred to a court having jurisdiction of the subject matter of the action which the parties may agree upon, by stipulation in writing, or made in open court and entered in the minutes or docket; or, if they do not so agree, then to the nearest or most accessible court, where the like objection or cause for making the order does not exist.

Transfer to proper court

If an action or proceeding is commenced in a court, other than one designated as a proper court for the trial thereof by the provisions of this title, and the same be ordered transferred for that reason, it must be transferred to any such proper court which the parties may agree upon by stipulation in writing, or made in open court and entered in the minutes or docket; if the parties do not so agree, then to any such proper court in the county in which the action or proceeding was commenced which the defendant may designate, or, if there be no such proper court in such county, to any such proper court, in a proper county, designated by the defendant; if the parties do not so agree, and the defendant does not so designate the court, as herein provided, or where the court orders the transfer of an action on its own motion as provided in this

title, to such proper court as the court in which the action or proceeding is pending may determine.

The designation of the court by the defendant, herein provided for, may be made in the notice of motion for change of venue or in open court, entered in the minutes or docket, at the time the order for transfer is made.

Stats 1909, p 1097.

SEC. 11. Section 399 of the Code of Civil Procedure is hereby amended to read as follows:

Transfer of records, etc.

399. When an order is made transferring an action or proceeding, the clerk, or the justice where there is no clerk, must upon payment of the costs and fees, transmit the pleadings and papers therein to the clerk (or to the justice where there is no clerk) of the court to which the same is transferred.

Costs.

When the transfer is sought on any ground specified in subdivisions 2, 3 and 4 of section 397 of this code, the costs and fees thereof, and of filing the papers in the court to which the transfer is ordered, shall be paid at the time the notice of motion is filed, by the party making the motion for such transfer. When the transfer is sought solely, or is ordered, because the action or proceeding was commenced in a court other than that designated as proper by the provisions of this title, such costs and fees must be paid by the plaintiff before such transfer is made; and if, in any such case, the defendant has paid such costs and fees at the time of filing his notice of motion, the same shall be repaid to him, upon the making of such order.

SEC. 27. A new section is hereby added to the Code of Civil Procedure, to be numbered section 437c and to read as follows:

437c. In superior courts and municipal courts when an answer is filed in an action to recover upon a debt or upon a

liquidated demand, including an action to enforce or foreclose a lien or mortgage, if it is claimed that there is no defense to the action, on motion of the plaintiff, after notice of the time and place thereof in writing served on the answering defendant at least ten days before such motion, supported by affidavit of any person or persons having knowledge of the facts, the answer may be stricken out and judgment may be entered, in the discretion of the court, unless the defendant, by affidavit or affidavits shall show such facts as may be deemed by the judge hearing the motion sufficient to entitle him to defend. A judgment so entered is an appealable judgment as in other cases.

Spurious answer may be stricken out

The affidavit or affidavits in support of the motion must contain facts sufficient to entitle plaintiff to a judgment in the action, and the facts stated therein shall be within the personal knowledge of the affiant, and shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto.

Affidavits for or against motion.

The affidavit or affidavits in opposition to said motion shall be made by the defendant, or by any other person having knowledge of the facts, and together shall set forth facts showing that the defendant has a good and substantial defense to the plaintiff's action (or to a portion thereof) upon the merits. The facts stated in each affidavit shall be within the personal knowledge of the affiant, shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto. When the party resisting the motion appears in a representative capacity, such as a trustee, guardian, executor, administrator, or receiver, then the affidavit in opposition by such representative may be made upon his information and belief.

If it appear that such defense applies only to a part of the plaintiff's claim, or that any part is admitted, the court shall, by order, so declare, and plaintiff's claim shall be deemed established as to so much thereof as such defense shall not apply to, or as is admitted, and the cause of action may be severed accordingly, and the action may proceed as to the remainder of such claim. No judgment shall be entered prior to the termination of such action but the judgment in such action shall, in addition to any matters determined in such action, award to plaintiff the amount of his claim so established by the proceedings herein provided for. A judgment entered under this section is an appealable judgment as in other cases.

SEC. 29. Section 446 of the Code of Civil Procedure is hereby amended to read as follows:

Certain pleadings to be verified

446. Every pleading (except in justices' courts of Class B when the pleadings are oral) must be subscribed by the party or his attorney. When the State, or any officer of the State, in his official capacity, is plaintiff, the answer must be verified, unless an admission of the truth of the complaint might subject the party to a criminal prosecution, or, unless an officer of the State, in his official capacity, is defendant. Except in justices' courts of Class B, when the complaint is verified, the answer must be verified. In all cases of a verification of a pleading, the affidavit of the party must state that the same is true of his own knowledge, except as to the matters which are therein stated on his information or belief, and as to those matters that he believes it to be true; and where a pleading is verified, it must be by the affidavit of a party, unless the parties are absent from the county where the attorney has his office, or from some cause unable to verify it, or the facts are within the knowledge of his attorney or other person verifying the same. When the pleading is verified by the attorney, or any other person except one of the parties, he must set forth in the affidavit the reasons why it is not made by one of the parties. When a corporation is a party, the verification may be made by any officer thereof. When the State, or any county thereof, or any officer of the State, or of any county thereof, in his official capacity is plaintiff, the complaint need not be verified.

The court may likewise, in its discretion, after notice to the adverse party, allow, upon such terms as may be just, an amendment to any pleading or proceeding in other particulars; and may upon like terms allow an answer to be made after the time limited by this Code. Pleadings may be amended

When it appears to the satisfaction of the court that such amendment renders it necessary, the court may postpone the trial, and may, when such postponement will by the amendment be rendered necessary, require, as a condition to the amendment, the payment to the adverse party of such costs as may be just. Continuance

The court may, upon such terms as may be just, relieve a party or his legal representative from a judgment, order, or other proceeding taken against him through his mistake, inadvertence, surprise or excusable neglect. Application for such relief must be accompanied by a copy of the answer or other pleading proposed to be filed therein, otherwise the application shall not be granted, and must be made within a reasonable time, in no case exceeding six months, after such judgment, order or proceeding was taken. Relief from judgment taken by mistake, etc

Whenever money is paid into or deposited in court, the same must be delivered to the clerk, or, if there be no clerk, to the justice, in person, or to such of the clerk's deputies as shall be specially authorized by his appointment in writing to receive the same. Such appointment must be filed with the county treasurer, who must exhibit it, and give to each person applying for the same a certified copy of the same. It shall be in force until a revocation in writing is filed with the county treasurer, who must thereupon write "revoked," in ink, across the face of the appointment. The justice, clerk, or such deputy clerk, must, unless otherwise directed by law, deposit such money with the county treasurer, to be held by him subject to the order of the court. The treasurer must keep each fund distinct, and open an account for each. For the safekeeping of the money deposited with him the treasurer is liable on his official bond.

SEC. 88. Section 581 of the Code of Civil Procedure is hereby amended to read as follows:

Dismissals and nonsuits

581. An action may be dismissed, or a judgment of nonsuit entered, in the following cases:

1. By the plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the justice where there is no clerk, at any time before the trial, upon payment of the costs of the clerk or justice; provided that a counterclaim has not been set up, or affirmative relief sought by the cross complaint or answer of the defendant. If a provisional remedy has been allowed, the undertaking shall upon such dismissal be delivered by the clerk or justice of the peace to the defendant who may have his action thereon.

2. By either party, upon the written consent of the other.

No dismissal mentioned in subdivisions one and two of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained, upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when, after a demurrer to the complaint has been sustained, the plaintiff fails to amend it within the time allowed by the court, and the defendant moves for such dismissal.

4. By the court, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. By the court upon motion of the defendant when upon the trial the plaintiff fails to prove a sufficient case.

The dismissals mentioned in subdivisions one and two hereof must be made by entry in the clerk's register or in the justice's docket, as the case may be, and are effective for all purposes when so entered.

The dismissals mentioned in subdivisions three, four, and five of this section must be made by order of the court entered upon the minutes thereof, or in the docket by the justice, as the case may be, and are effective for all purposes when so entered; but the clerk, in superior and municipal courts, must note such orders in his register of actions in the case.

SEC. 89. Section 581a of the Code of Civil Procedure is hereby amended to read as follows: Stats 1907, p. 711

581a. No action heretofore or hereafter commenced shall be further prosecuted, and no further proceedings shall be had therein, and all actions heretofore or hereafter commenced must be dismissed by the court in which the same shall have been commenced, on its own motion, or on motion of any party interested therein, whether named in the complaint as a party or not, unless summons shall have issued within one year, and all such actions must be in like manner dismissed, unless the summons shall be served and return thereon made within three years after the commencement of said action. But all such actions may be prosecuted, if appearance has been made by the defendant or defendants, within said three years in the same manner as if summons had been issued and served; provided, that, except in actions to partition or to recover possession of, or to enforce a lien upon, or to determine conflicting claims to, real or personal property, no dismissal shall be had under this section as to any defendant because of the failure to serve summons on him during his absence from the State, or while he has secreted himself within the State to prevent the service of summons on him. Dismissal on lack of prosecution

All actions, heretofore or hereafter commenced, must be dismissed by the court in which the same may be pending, on its own motion, or on the motion of any party interested therein, if summons has been served, and no answer has been filed, if plaintiff fails, or has failed, to have judgment entered within three years after service of summons.

SEC. 90. Section 581b of the Code of Civil Procedure is hereby amended to read as follows: Stats 1913, p 244

Transferred action to be dismissed unless fees and costs paid

shall be further prosecuted, and no further proceedings shall be had therein, until the fees and costs of the transfer thereof and of filing the papers in the court to which transferred have been paid, as provided in section 399 of this code; and all such actions heretofore or hereafter commenced must be dismissed by the court, on its own motion, or on the motion of any party interested therein, whether named in the complaint as a party or not, where the costs and fees of making up the transcript or papers or for transmission of the same to the clerk or justice of the court to which it is ordered transferred, or of filing the papers anew, have not been so paid for one year after the entry of the order for transfer.

SEC. 92. Section 585 of the Code of Civil Procedure is hereby amended to read as follows:

Default judgments.

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

1. In an action arising upon contract for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of said defendants have, been personally served and no answer or demurrer has been filed with the clerk or justice of the court within the time specified in the summons, or such further time as may have been granted, the clerk, or the justice, if there be no clerk, upon application of the plaintiff, and proof of such service of summons, must enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the amount demanded in the complaint, including the costs against said defendant, or defendants, or against one or more of said defendants.

2. In other actions, if the defendant has been personally served and no answer or demurrer has been filed with the clerk or justice of the court within the time specified in the summons, or such further time as may have been granted, the clerk, in courts having a clerk, must enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint; in courts which have no clerk, the court must hear the evidence offered by the plaintiff, and must render judgment in his favor for such sum (not exceeding the amount stated in the complaint), as appears by such evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment, or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved, by a reference as above provided.

3. In all actions where the service of the summons was by publication, the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer or demurrer has been filed, apply for judgment; and

the court must thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident of the State, must require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for his use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he is entitled to recover; provided that, in all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription, and in all cases where the plaintiff bases his claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering such judgment; provided further, however, that in actions involving merely the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will or succession but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

2. If the demurrer to the complaint is overruled, and the defendant fails to answer within the time allowed by the court;

3. If the demurrer to the answer is sustained and the defendant fails to amend the answer within the time allowed by the court.

SEC. 94. Section 594 of the Code of Civil Procedure is hereby amended to read as follows:

Proceedings for default

594. 1. In superior courts and municipal courts either party may bring an issue to trial or to a hearing, and, in the absence of the adverse party, unless the court, for good cause, otherwise direct, may proceed with his case, and take a dismissal of the action, or a verdict, or judgment, as the case may require; provided, however, if the issue to be tried is an issue of fact, proof must first be made to the satisfaction of the court that the adverse party has had five days notice of such trial.

2. In justices' courts if either party fails to appear at the time fixed for trial, the trial may proceed at the request of the adverse party. When all the parties served with process shall have appeared, or when some of them have appeared, and the default of the others has been entered, the

justice must fix the day for trial, whether the issue be one of law or fact, and the day so fixed for such trial shall be entered on the docket. Notice of the day so fixed for trial shall be given, as herein provided, to the parties to the action who have appeared. Such notice shall be in writing, signed by the justice, or by the clerk, if there be a clerk, and substantially in the following form

New section

SEC. 95. A new section is hereby added to the Code of Civil Procedure, to be numbered 594a and to read as follows:

Postponement of trial

594a The court may, of its own motion, postpone the trial, if at the time fixed for the trial the court is engaged in the trial of another action; or if, as provided in section 473 of this code, an amendment of the pleadings, or the allowance of time to make such amendment, or to plead, renders a postponement necessary.

Stats 1933, Ch 282

SEC. 96 Section 595 of the Code of Civil Procedure is hereby amended to read as follows:

Grounds for continuance

595. The trial of any action, irrespective of the date of the filing thereof or when it became at issue, or the hearing of any motion, demurrer, or other proceeding, shall be postponed when it appears to the court in which such action or proceeding is pending that either a party thereto, or any attorney of record therein, or a principal witness, is a member of the Legislature of this State and that the Legislature is in session or in recess, and such action or proceeding shall not, without the consent of the attorney of record therein, be brought on for trial or hearing before the expiration of thirty (30) days next following final adjournment of the Legislature.

A motion to postpone a trial on the ground of the absence of evidence can only be made upon affidavit showing the materiality of the evidence expected to be obtained, and that due diligence has been used to procure it. The court may require the moving party, where application is made on account of the absence of a material witness, to state upon affidavit the evidence which he expects to obtain; and if the adverse party thereupon admits that such evidence would be given, and that it be considered as actually given on the trial, or offered and overruled as improper, the trial must not be postponed.

In all cases, the court shall postpone a trial, or the hearing of any motion or demurrer, for a period not to exceed thirty days, when all attorneys of record of parties who have appeared in the action agree in writing to such postponement.

Actions involving mining claims

In actions involving the title to mining claims, or involving trespass for damage upon mining claims, if it be made to appear to the satisfaction of the court that, in order that justice may be done and the action fairly tried on its merits, it is necessary that further developments should be made, under ground or upon the surface of the mining claims involved in such action, the court shall grant the postponement of the trial of the action, giving the party a reasonable time in which to prepare for trial and to do said development work.

3. The parties may then respectively offer rebutting evidence only, unless the court, for good reason, in furtherance of justice, permit them to offer evidence upon their original case;

4. When the evidence is concluded, unless the case is submitted to the jury on either side or on both sides without argument, the plaintiff must commence and may conclude the argument;

Either party may require the jury to be polled, which is done by the court or clerk, or justice if there be no clerk, asking each juror if it is his verdict; if upon such inquiry or polling, more than one-fourth of the jurors disagree thereto, the jury must be sent out again, but if no such disagreement be expressed, the verdict is complete and the jury discharged from the case.

SEC. 114. Section 650 of the Code of Civil Procedure is hereby amended to read as follows:

Bill of exceptions

650. Where a trial shall have been had on a question of fact, and a party desires to have exceptions taken at such trial settled in a bill of exceptions, he may at any time thereafter, and within twenty (20) days after service upon him of written notice of entry of the judgment, or if proceedings on motion for a new trial be pending within ten (10) days after notice of the order denying said motion, or other determination thereof, or such further time as the court in which the action is pending or a judge thereof, may allow, prepare and file with the clerk of the court the draft of a bill.

Service

Proof must be made at the time of the filing of such draft, by affidavit or admission of service, that the adverse party has been served with a copy thereof, and of the date of such service.

Such draft must contain all the exceptions and proceedings taken upon which the party relies, and shall contain all matters reviewable on the same appeal, including those occurring at the trial and also on motion for a new trial.

It may also contain a statement of any matters occurring upon the trial in the presence of the court, showing any of the matters mentioned in subdivisions one and two of section 657 of this code.

Amendments

Within ten (10) days after such service the adverse party may propose amendments thereto, which must be filed with the clerk of the court within such ten (10) days. Proof must also be made at the time of the filing thereof, by affidavit or admission of service, that the adverse party has been served with a copy thereof.

Settling bill of exceptions

When received from the clerk, the judge must designate the time at which he will settle the bill, and the clerk must immediately notify the parties of the time so designated. At the time designated the judge must settle the bill, which must thereupon be engrossed. Within ten (10) days after the settlement the party who filed the bill must present it to the judge to be certified.

If the action was tried before a referee, the proposed bill, with the amendments, if any, must be presented to such referee for settlement in the same manner as if presented to the judge. The referee shall designate the time at which he will settle the bill, and settle the same, in the manner provided for settlement by the judge.

It is the duty of the judge, or referee, in settling the bill to strike out of it all redundant and useless matter so that the exceptions and proceedings may be presented as briefly as possible. When settled, the bill must be signed by the judge, or referee, with his certificate to the effect that the same is allowed, and must then be filed with the clerk.

No bill of exceptions, notice of appeal, or notice or paper, other than amendments to the pleadings or an amended pleading, need be served upon any party whose default has been duly entered, or who has not appeared in the action or proceeding.

Ten days' notice of such hearing must be given to all parties claiming an interest in the property, or their attorneys, which notice must specify that the hearing is for the purpose of determining title to the property in question. The court may continue the hearing beyond the said twenty-day period, but good cause must be shown for any such continuance. [Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Refunding bonds authorized

SECTION 1. The legislative body of any city or county or city and county of this State may, under and subject to the provisions of this act and with the consent of the electors of the district as hereinafter provided, fund or refund the outstanding bonds issued for any special assessment district the bonds of which are payable by assessments levied wholly or partly in accordance with the assessed value of lands. Proceedings under this act may be taken only if the indebtedness is refunded at a discount. The interest rate on the refunding bonds must have one or more interest payments less than the interest rate on the bonds to be refunded. The said legislative body may negotiate with the holders of bonds for such refunding and to aid in such refunding may appropriate moneys from the general fund, or any available fund of the city or county or city and county. Said legislative body may call an election under the provisions of this act and, in the event that the refunding of said indebtedness is authorized by the electors voting at such election, a reassessment shall be levied by said legislative body for the amount stated in the notice of election.

Reassessment for refunding

SEC. 2. Said legislative body shall, by resolution or ordinance, determine the total principal amount for which a reassessment shall be levied in the refunding proceeding and shall determine the term of any refunding bonds to be issued

Interest

to represent any of the assessments included in such reassessment and the rate of interest of such bonds. The rate of interest during the entire term of such bonds need not be the same, but different rates may be stated for one or more interest payments of such bonds If such different rates of interest are proposed, each rate and the time during which such rate shall be paid shall be designated in such resolution or ordinance. Said ordinance or resolution shall also order the submission of the proposition of refunding the said outstanding indebtedness of such district and the levying of a reassessment for such refunding in the total principal amount proposed, to be submitted to the qualified electors of such district at an election to be held for the purpose of voting upon such proposition and shall fix the time of holding said election and provide for notice to be given thereof.

Election Notice.

SEC. 3. Notice of such election shall be given by publication once a day for at least seven (7) days in some newspaper published at least six (6) days a week in such city or county or city and county, or once a week for two (2) weeks in some newspaper published less than six (6) days a week in such city or county or city and county, and one insertion each week for two succeeding weeks shall be sufficient publication in such newspaper published less than six (6) days per week. Such notice of election shall also be posted in three (3) public places within the district at least two (2) weeks prior to the election. The date of first publication and the date of posting must be at least fourteen (14) days prior to the date of holding such election. In cities in which no newspaper is published, posting as herein required shall be sufficient notice of such election. No notice of such election, other than that herein required, need be given. The notice of election shall state the total amount of the outstanding indebtedness to be refunded, and shall state the amount of the principal of bonds included therein, and the amount of interest due and unpaid included therein, the total principal amount of the reassessment proposed to be levied in such refunding proceedings, the term of the bonds to be issued to represent any unpaid reassessments, and the rate or rates of interest to be paid on said bonds. Said notice shall also state the date of such election, the hours between which the polls at such election will be open, the polling place or places within the district at which the election will be held, and the names of the election officers appointed to hold and conduct such election In all particulars not recited in such notice, the election shall be held as provided by law for the holding of elections in the city or county or city and county the legislative body of which ordered the holding of such election. Said notice of election shall also state the proposed amount of the public contribution to be made in refunding the outstanding bonds of such district, if any such contribution be provided. The proposition to be voted upon shall be stated in the notice of election and upon the ballot in substantially the following form:

Proposition to be voted on

Shall the outstanding indebtedness of _____ district of the _____ (city or county) of _____, in amount of _____ dollars ($_____), consisting of $_____ principal and $_____ due and unpaid interest, be refunded by levying a reassessment in the total principal amount of _____ dollars ($_____) therefor, as provided in the Refunding Special Assessment Bond Act of 1933, and by appropriation of $_____ by the _____ (city or county) of _____; refunding bonds will be issued to represent unpaid reassessments, such refunding bonds to bear interest at the rate of _____ per cent per annum?

Said notice shall be signed by the clerk of the legislative body conducting the refunding proceedings. Any qualified elector residing within the district in which the election is to be held may vote at such election. If a majority of the qualified electors voting at such election vote in favor of such proposition, then the legislative body which ordered the holding of such election shall have jurisdiction to proceed to levy a reassessment upon the lands within the district in the total principal amount stated in such proposition and to proceed with such reassessment and refunding as in this act provided. No defect or irregularity in the resolution or ordinance calling the election or in the notice of election or ballot and no failure to publish or post such notice of election as provided in this act shall invalidate the election if reasonable notice has actually been given and if the defect or omission does not actually mislead the voters authorized to vote at such election. In the event that there are no qualified electors in the district, the consent of the owners of a majority in area of the lands in the district, in writing, filed with the legislative body shall authorize such refunding. In the event that refunding is authorized by such filed consent of landowners, no election shall be called or held and the resolution or ordinance of the legislative body provided in section 2 hereof shall recite that in the event such refunding is authorized by the filed consent of the owners of the majority in area of the lands in the district, the legislative body will refund such indebtedness under the provisions of this act. Upon the filing of the written consent of the owners of a majority in area of the lands in the district, said legislative body shall have jurisdiction to proceed with the refunding of such indebtedness under the provisions of this act.

Which legislative body to control.

SEC. 4. The legislative body which shall conduct the refunding and reassessment proceeding shall be the legislative body which ordered the bonds of the particular district which are to be refunded issued; provided, however, that if the district for which the bonds are to be refunded lies entirely within a municipality then the refunding and reassessment proceedings shall be conducted by the legislative body of such municipality, and if the district for which the bonds are to be refunded lies entirely within unincorporated territory of a county the legislative body of such county shall conduct such refunding and reassessment proceedings. It is the intent of

this section that in all cases of incorporation of municipalities or annexation of territory to municipalities or consolidation of municipalities or exclusion of territory from municipalities or the dissolution of municipalities, the authority, powers, duties and obligations which would, under this act, have been vested in or imposed upon the legislative body which conducted the proceedings for the issuance of the bonds to be refunded, shall be and are vested in and shall be exercised by the legislative body which, by reason of such incorporation, annexation, consolidation, exclusion or dissolution, has jurisdiction at the time such refunding is begun over the territory of the assessment district. In any case in which the assessment district lies within two or more municipalities or partly within unincorporated territory of a county and partly within one or more municipalities, the legislative body which conducts the refunding proceedings shall obtain the consent of the legislative body or bodies of the other municipality or municipalities or county in which part of the district lies to the refunding of such bonds under this act. Such consent shall be expressed by resolution, a certified copy of which shall be filed with the legislative body which conducts the refunding proceedings prior to the date upon which the election mentioned in section 3 hereof is held.

"Engineer of work."

SEC. 5. If the refunding proceedings are to be conducted by the legislative body of a city, said legislative body shall direct the city engineer or some other competent person who shall be designated "Engineer of Work," to prepare a diagram of the property included within the district upon which the reassessment shall be levied. If the refunding proceedings are to be conducted by the legislative body of a county, said legislative body shall direct the county surveyor to prepare such diagram. If in the original proceedings for the formation of said district and the issuance of bonds thereof, any lots, pieces or parcels of land therein were excepted from the levy of the special assessment tax to pay the principal and interest of said bonds, said lots, pieces or parcels of land shall be shown upon said diagram but no reassessment shall be levied thereon. Said diagram shall show each lot, piece or parcel of land in said district and the dimensions of each said lot, piece or parcel of land. When said diagram is completed the county surveyor, if the legislative body of the county conducts the refunding proceedings, or the superintendent of streets or engineer of work, if the legislative body of the city conducts the refunding proceedings, shall proceed to make the reassessment as herein provided.

Amount of reassessment

SEC. 6. The total amount for which said reassessment shall be made shall not exceed the total principal amount of such reassessment as stated in the notice calling the election and in the proposition submitted upon the ballot but may be for a smaller amount. Said reassessment shall be made upon all such lots, pieces or parcels of land within the assessment district as are to be assessed under the original proceedings.

to pay the principal and interest of the bonds issued thereunder. The total amount to be reassessed shall be apportioned upon the said lots, pieces and parcels of land in the manner hereinafter set forth, to wit: Mode of assessment.

To the total principal sum of the reassessment as stated in the notice of election shall be added the total sum of all of the amounts paid into the interest and sinking fund of such district upon assessments levied upon any lot, piece, or parcel of land to raise funds to pay the principal and/or interest of the bonds of said district which are to be refunded. The total amount of the two sums shall be apportioned as an assessment upon all such lots, pieces, or parcels of land within the assessment district as are to be assessed under the original proceeding to pay the principal and interest on the bonds issued thereunder. The person making the reassessment shall proceed to estimate upon the lots, pieces or parcels of land within the assessment district and, subject to the reassessment under the terms of this act, the benefits arising from the acquisition or improvement, or acquisition and improvement, for which the bonds to be refunded were issued and to be received by each such lot, piece or parcel of land, and shall thereupon assess upon and against the said lands the total amount of the two sums hereinbefore in this section mentioned and in so doing shall assess the said total amount upon the several lots, pieces or parcels of land in said assessment district subject to said reassessment in the manner following, to wit:

Upon each lot, piece or parcel of land, respectively, in proportion to the estimated benefits received by each such lot, piece or parcel of land from the acquisition or improvement, or the acquisition and improvement, for which the bonds to be refunded were issued.

When said total amount has been assessed upon each of the lots, pieces or parcels of land to be reassessed there shall be deducted from the amount so assessed upon any lot, piece or parcel of land, any sum theretofore paid into the interest and sinking fund of the district upon an assessment levied upon any such lot, piece or parcel of land to pay the principal and interest on bonds of said district. In case any such lot, piece or parcel of land was a portion of a larger parcel of land for which a payment was made the portion of such payment to be deducted from the amount assessed against such smaller lot, piece or parcel of land shall be that proportion of such payment which the amount assessed against said smaller lot, piece or parcel of land bears to the total amount assessed against all of the parcels which comprised the said larger parcel of land. After all of the amounts of assessments paid have been deducted from the amounts assessed to each such lot, piece or parcel of land the amounts remaining assessed against each such lot, piece or parcel of land shall be termed reassessments and shall comprise the total reassessment and shall in total amount be the sum stated in the notice of election, or a smaller sum. Deductions of prior payments

Land subject to assessment.

SEC. 7. The lots, pieces and parcels of land upon which such reassessment shall be levied shall include all parcels of land in the assessment district upon which an assessment would be levied to pay the principal and interest of the bonds issued in the original proceedings, and shall include all public property in such district which may lawfully be assessed under the provisions of the act under which the bonds to be refunded were issued, provided such public property was not omitted from the assessment district or exempted from the assessment if therein.

Form of reassessment.

SEC. 8. Said reassessment need not be in particular form but shall briefly refer to the district for which said reassessment is to be made by its number or other suitable designation and shall contain a brief reference to the original proceedings in which the bonds to be refunded were issued, and shall show the total amount of such reassessment. Such reassessment shall also show the amount of each reassessment against each lot, piece or parcel of land and the description thereof, and shall have attached thereto a map, plat or diagram showing the location of each lot, piece or parcel of land in the district, and each such lot, piece or parcel of land shall be numbered to correspond with the numbers of the reassessments. Said reassessment shall be filed with the clerk of the legislative body which conducts the refunding proceedings.

Hearing Notice.

SEC. 9. When said reassessment has been filed with the clerk, the legislative body shall direct said clerk to give notice of the filing of said reassessment and of the time and place when and where all persons interested in any such reassessment will be heard by said legislative body. Said notice shall be in substantially the following form:

SEC. 11. Protests or objections to the said reassessment or to any of the reassessments upon the respective lots, pieces or parcels of land reassessed or to any action or determination in the making of said reassessment or in the proceedings for said reassessment and refunding, including objections to the amounts of the reassessments, or to the validity or legality of any of the proceedings for said reassessment and refunding must be made in writing and filed with the clerk of said legislative body at or before the time fixed for the hearing on said reassessment. Such protests or objections may be made by any person interested in the reassessment and refunding proceedings. Such protests or objections need not be in any particular form, but if protest against or objection to the regularity or legality of the proceedings for the reassessment or refunding is made, such protest must clearly set forth the particular alleged irregularities or invalidities. Any objection or protest upon any ground whatsoever not made at the time and in the manner hereinbefore provided shall be deemed to be waived voluntarily by any person who might have made such a protest or objection, and the proceedings for the said reassessment and refunding may not thereafter be attacked upon any ground not stated in an objection or protest so filed, and any landowner or any person otherwise interested in any lands within the said district or in the reassessment and refunding proceedings shall be estopped to attack the said reassessment and refunding proceedings upon any ground not stated in a protest filed by him in accordance with the provisions of this section. and conclusive. Said hearing may be adjourned from time to time by an order entered upon the minutes of the legislative body, provided that the hearing must be finally completed within sixty days from the date thereof stated in the published notice of hearing. At the said hearing said legislative body shall have power to revise, correct or modify the said reassessment in such manner as may be just and in accordance with the facts and so that the assessment may be apportioned according to benefits. Said reassessment may be confirmed as filed or as revised, corrected or modified. Confirmation of said reassessment shall be made by resolution of the legislative body entered upon its minutes and such resolution shall declare the findings of said legislative body. If no changes are made in any of the matters contained in said reassessment, it shall be sufficient in said resolution to declare that said reassessment is confirmed, but if any changes are made such changes shall be mentioned in said resolution of confirmation and said resolution shall declare that the said reassessment as revised, corrected or modified by the said changes is confirmed. Said legislative body shall also have power at said hearing to correct any of its previous actions, determinations, resolutions or orders and any of the proceedings for the reassessment and refunding. Any resolution confirming the said reassessment as filed, or as revised, corrected or modified, shall also determine that the reassessment and refunding proceedings have been regularly and legally taken. The findings and determinations of said legislative body upon all matters herein mentioned and upon all matters in connection with said reassessment and refunding proceedings shall be final and conclusive upon all persons and in all actions or proceedings as to all matters expressly found and determined and as to the regularity and sufficiency of the reassessment and refunding proceedings, and said resolution confirming the said reassessment shall be conclusive evidence that said reassessment and all proceedings prior thereto are valid and sufficient. No defect in the form of such reassessment and no omission, failure or neglect of, or action or determination of any officer, body or person in the reassessment and refunding proceedings and no error in the amounts to be reassessed upon any of the lots, pieces or parcels of land shall invalidate the said reassessment or any of the reassessments therein contained, and each of the reassessments in said reassessment shall become a lien upon the property upon which the same is levied, notwithstanding any error, defect or omission therein or in any of the proceedings therefor and notwithstanding that the proceedings for the making of said reassessment are not in full conformity with the requirements of this statute, and any action or determination necessary or convenient in the making of said reassessment or reassessment proceedings not expressly set forth in this statute is hereby authorized and the same when made shall be valid and sufficient.

Reassessment confirmed, modified, etc

Recording of reassessment

SEC. 12. If the refunding proceedings are conducted by the legislative body of a city, said reassessment as confirmed shall be recorded with the superintendent of streets of said city. If the refunding proceedings are conducted by the legislative body of a county, said reassessment as confirmed shall be recorded with the county surveyor of said county. When so recorded, the several amounts reassessed upon the lots, pieces or parcels of land in said reassessment shall be a lien thereon as of the date of such recordation. Such lien shall continue until said reassessment and all interest and penalties thereon are paid or until it is discharged of record. Such lien shall be subordinate to all special assessment liens imposed upon the same property prior to the date of such recordation, but the lien of said reassessment shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of such recordation.

Lien.

Foreclosure

Any foreclosure of said reassessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances, except general taxes and special assessment liens imposed upon the same property which are by the terms of this section expressly made superior to said reassessment lien. From and after the date of the said recording of said reassessment all persons shall be deemed to have notice of the contents thereof. The amounts assessed in said reassessment shall be payable to the said superintendent of streets or county surveyor with whom said reassessment is recorded, and said superintendent of streets or county surveyor is authorized to receive the amount due upon any reassessment and give a good and sufficient discharge therefor, provided a bond has not been issued to represent such reassessment.

Notice of recordation.

The officer with whom said reassessment is recorded shall give notice by publication for ten days in a daily newspaper of general circulation printed and published in the county in which the lands reassessed lie or by three successive insertions in a weekly newspaper of general circulation printed in such county that said reassessment has been recorded in his office and that all sums assessed therein became due and payable upon the recordation of said reassessment, stating the date of such recordation and that the payment of the said sums is to be made to him within thirty days after the date of such recordation. Said notice shall also contain a statement that for any reassessment not paid before the expiration of said thirty days, a bond will issue in the manner and form provided in this act and shall state the period over which said bond or bonds shall extend and the rate of interest which shall be payable thereon. Notice shall also be given by mailing a post card to the owner of each lot, piece or parcel of land reassessed according to the name and address appearing on the last equalized assessment roll for county taxes prior thereto or as known to the superintendent or surveyor; provided that a failure of the superintendent or surveyor to give such notice by mailing or of the person addressed to receive the same shall

not affect the validity of the proceedings or the validity of the lien of any reassessment or of any bond issued thereon. Upon payment of any reassessment, the superintendent of streets or the county surveyor with which the said reassessment is recorded shall mark upon the said reassessment note of the said payment and shall cancel the said reassessment, and upon request, said superintendent of streets or county surveyor shall also give a receipt to the person paying the said reassessment. Any reassessment upon public property shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such property, and said reassessment shall be an enforceable obligation against the owner of or the governing body controlling the said property. If for any reason there are no moneys available for the payment of said reassessment, then the board or officer whose duty it is to levy taxes for the said owner of said public property shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to pay said reassessment and the interest thereon from the date the reassessment is recorded at the rate to be stated in the refunding bonds, and when the moneys received from said tax levy are available, said reassessment and such interest thereon shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such land. Any reassessment upon public property not in use in the performance of a public function may be foreclosed in the manner provided in section 27 of the "Improvement Act of 1911" as amended; provided, however, that the notice to be given upon the tax bill need not be given or made and that such action may be brought at any time after thirty days after the recording of such reassessment, and in any such foreclosure action the said reassessment and diagram with proof of nonpayment shall be prima facie evidence of the right of plaintiff to recover in the action. Said action shall be brought in the name of the city or county the legislative body of which levied said reassessment upon the request of any person entitled to any portion of the moneys to be derived from said reassessment. The person requesting that said foreclosure action be brought must advance the plaintiff's costs and expenses thereof and said action may be brought by any competent attorney appointed by the legislative body which levied said reassessment. In any case in which the reassessment is levied by the legislative body of a county, the same shall be foreclosed as hereinbefore provided, except that the various officers designated in said section 27 shall be the corresponding county officers as designated in the County Improvement Act of 1921 as amended. No refunding bond shall issue against public property, and the list of unpaid reassessments to be filed with the treasurer shall not include any unpaid reassessment upon public property.

in the proceedings for said reassessment and refunding or to question the validity of or enjoin the collection of said reassessment or any reassessment therein or to enjoin the issuance of any bond or bonds to represent the same shall be maintained by any person unless such action or actions shall have been commenced within sixty days after the date of recording of said reassessment, and thereafter all persons shall be barred from any such action, suit or proceeding or any defense of the invalidity of said reassessment or any of the reassessments therein contained or any bonds issued thereon.

In any action, suit, or proceeding brought after said sixty days has expired, to enforce any reassessment or bond issued to represent said reassessment no person may urge, plead or prove the invalidity of any reassessment or bond issued to represent said reassessment and in any action to foreclose a bond issued hereunder, said bond shall be conclusive evidence of the regularity and validity of the reassessment proceedings and reassessment, and the bond.

Unpaid reassessments.

SEC. 14. After the full expiration of thirty days from the date of recording said reassessment, the superintendent of streets, if the reassessment was recorded with him, shall make and certify to the city treasurer a complete list (except for reassessments upon public property) of all reassessments therein unpaid. If the reassessment was recorded with the county surveyor said county surveyor shall make and certify to the county treasurer a complete list (except for reassessment upon public property) of all reassessments therein unpaid. The principal of each of said unpaid reassessments on said list shall thereafter become due and payable to the treasurer with whom said list is filed in equal annual payments on the fifteenth day of each November succeeding the recordation of the reassessment until fully paid. The number of said annual payments shall correspond to the number of serial payments provided to be made on the principal of the bonds issued to represent said unpaid reassessments. The interest on said unpaid reassessments shall be payable on each fifteenth day of May and November succeeding the recordation of such reassessments, the last interest payment coming due forty-five days before the last annual payment of the principal of the bonds issued to represent said unpaid reassessments. Said bonds and the interest thereon shall be paid at the office of the said treasurer, who shall keep a fund designated by the name of said bonds into which he shall place all sums paid him for the principal of said bonds and the interest thereon, together with all penalties thereon, and from which he shall disburse such sums upon the presentation of the interest and principal coupons, and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said treasurer shall keep a register in his office which shall show the series number, date, amount, rate of interest, payee and indorsees of each bond and the number and amount of each coupon of principal or interest paid by him, and shall cancel

and file each coupon so paid. An even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January every year after the fifteenth day of the next November following their date until the whole of said principal is paid.

Payment on bonds refunded.

SEC. 15. All moneys collected on the reassessments, and all refunding bonds shall be paid and delivered to the holders of the original bonds in such amounts and proportions as may be agreed upon between the legislative body and the bondholders or as may be provided by law; provided, however, that prior to said payment and delivery or concurrently therewith, said bondholders must deliver up the unpaid refunded bonds for cancellation, and same shall forthwith be canceled. In the event that all of the outstanding bonds are not exchanged for such refunding bonds, nevertheless if 75 per cent or more of the outstanding bonds are exchanged for refunding bonds, the legislative body shall have authority to issue such refunding bonds under the provisions of this act and to do and perform all acts necessary or convenient for the retirement or payment of the outstanding bonds not surrendered for exchange and cancellation. When the said payments are made and refunding bonds delivered, all unpaid special assessment taxes levied to pay principal and interest of the bonds refunded and all penalties and interest thereon shall be deemed canceled and annulled, and the clerk of the legislative body which conducted such refunding proceeding, shall notify the proper city officials or the proper county officials or both as the case may be that the bonds of said district have been refunded and that said special assessment taxes, penalties and interest are canceled and annulled, and such officials shall thereupon proceed to make the necessary entries, showing the cancellation thereof. In the event that said special assessment taxes, penalties and interest can not be canceled or annulled legally, then such taxes, penalties, and interest shall remain payable as provided by law and when collected, such portions thereof as may be used for the payment of principal and interest of bonds shall be applied to payment of principal and interest the refunding bond issued upon the particular parcel for which such tax, penalty, and interest is paid and shall to that extent diminish the amount of the reassessment upon said parcel.

Notice of payments due.

SEC. 16. The said treasurer shall, at least fifteen days before each respective fifteenth day of May and November until the said reassessments be paid in full, mail, postage, prepaid, to each owner of property described in said reassessment at his last known address as it appears upon the tax rolls of said city or county, as the case may be, a postal card notifying him of the amount due and the date when payment is due from him on said reassessment, and stating that said payment is subject to penalty if not paid on or prior to the due date of the coupons; provided that the failure of the said treasurer to mail said cards or the failure of the property owner to

receive the same shall in nowise affect the validity of any penalty or invalidate any act or proceeding. Should any payment of principal of said unpaid assessments or of interest thereon be not paid on the date upon which the coupon or coupons representing it are payable, the said treasurer shall, after the close of business on said due date, add to the amount of principal or interest so delinquent a penalty of five per cent of the total amount of such delinquency, and at the beginning of business on the first day of each succeeding month, until such delinquent payment and all penalties thereon be fully paid, he shall add an additional penalty of one per cent of the amount of such delinquency, and said treasurer shall collect such penalties with and as a part of such delinquent payments

Refunding bonds.

SEC. 17. The treasurer shall, upon the filing of said list of unpaid assessments, make out, sign and issue a separate bond representing upon each lot, piece or parcel of land upon the list the amount of the reassessment against the same as thereon shown. If said lot, piece or parcel of land is described upon said assessment and diagram by its number or block, or both, and is also designated by its number or block, or both, upon the official map of said municipality or upon any map on file in the office of the county recorder of the county in which said municipality is situated, or for which the legislative body conducting the reassessment proceedings is the board of supervisors, then it shall be in said bond a sufficient description of said lot, piece or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map. Each of said bonds shall bear interest at the rate or rates stated in the notice of election from the date of the recording of the reassessment until the said bond is fully paid, and coupons for the various payments of interest on each of said bonds to the date of the maturity of such bonds shall be attached to each such bond. Said bonds shall be substantially in the following form:

If the refunding bonds are issued by the county treasurer, the county treasurer shall certify the list herein required to the proper tax collector and the notice shall show that payment is to be made to the county treasurer. In case the assessment district is partly within one or more cities and partly within unincorporated territory of the county or partly within two or more cities, the city or the county treasurer, whichever issued the refunding bonds, shall certify such delinquent list to the county tax collector who shall cause the said notice to be given.

Alternative remedy

SEC. 20. In the event of the nonpayment of any installment of the interest or principal and by way of a separate, distinct and cumulative remedy, the holder of any refunding bond upon which any payment either upon the principal or of the interest has become delinquent may, at any time after three months after the date it is provided by law or ordinance or charter of the city, the treasurer of which issued the bond, that taxes are due, or in case the bond was issued by the county treasurer or taxes are collected by the county for the city, at any time after four months next succeeding the fourth Monday of September, following the date of delinquency of principal or interest and prior to the expiration of four years after the due date of the last installment upon any bond or of the last principal coupon attached thereto, file and maintain a suit to foreclose the lien of the bond and recover the amount due thereon; provided, however, that suit may be brought at any time following the expiration of thirty days after the service of personal demand for payment as herein provided upon the owner of the premises. Such demand shall be served in the manner provided by law for the making of personal service of summons; if suit be brought costs for the service thereof shall be allowed in an amount equivalent to the fees prescribed by law for the service of the summons. Said demand shall be in substantially the following form:

Demand for Payment of Street
Improvement Bond.

Form of demand

You are hereby notified that bond No. _____ series No. _____ for an improvement in the _____ (city or county) of _____ is delinquent. Unless the amount of the unpaid principal on said bond together with interest and penalties is paid to the _____ (city or county) treasurer on or before thirty days after the service on you of this demand, the date of such service being this _____ day of _____, 19___, the undersigned will institute suit to foreclose the lien of said bond in the manner prescribed by law.

The complaint in such suit shall be sufficient if a true copy of the bond be therein set forth and appropriate allegations be made therein regarding the payments made upon the principal and interest of such bond. If personal demand for payment be made as herein provided the complaint shall so allege. Such suit shall be brought in the superior court within whose jurisdiction the city is by which the said bond has been issued or the superior court of the county, the treasurer of which issued the bond, and in case the owner of the lot, piece or parcel of land covered by said bond can not with due diligence be found, the service of summons in such action may be had in the manner prescribed in the codes and laws of this State. The said bond, together with proof, either orally by the said treasurer of the said city or county or by a certificate signed by him showing the nonpayment of any of the principal or interest upon said bond, shall be prima facie evidence of the right of the plaintiff to recover in said action; provided, that if personal demand for payment be made proof of service of the demand as herein provided shall be required. The court in said suit shall have the power to adjudge and decree a lien against the lot or parcel of land covered by said bond and to cause said premises to be sold as in other cases of the sale of real estate by the process of said court to satisfy and discharge such bond and lien, and the amount of interest and penalties due shall be calculated in the same manner set forth in this act up to the date of the judgment. On appeal, the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold as is conferred on the court from which an appeal is taken. The court having jurisdiction of said cause shall also fix and allow a reasonable attorney's fee for the prosecution of said suit.

Court order

Costs.

The plaintiff in the suit may also recover the cost of any abstract or report of search of title procured in good faith, in order to determine ownership, such search to be by a reputable abstractor or title company, and such cost not to exceed five dollars per lot, and such abstract or report of search with affidavit of payment to be filed in the action.

Such premises, if sold, may be redeemed as in other cases. Such action shall be governed and regulated by the provisions hereof, and also, when not in conflict herewith, by the codes of this State.

A written notice of the pendency of any action for recovery on a bond shall be filed with the treasurer. After the filing of such notice the treasurer shall not receive any money on account of said bond and he shall have no authority to cancel the entries on said bond in his register or give a discharge of said bond without the written consent of the owner thereof until judgment has been rendered in such action or the same has been dismissed.

Notice of action.

Should suit be brought for recovery on any bond prior to the time provided herein, the plaintiff shall not recover in such suit and the defendant in such suit shall be entitled to

have and recover such attorney fees as the court may deem reasonable, in addition to all taxable costs.

Demand on treasurer to sell.

SEC. 21. Whenever payment either upon the principal, or of the interest, upon any bond issued under this act has not been or shall not be made when the same has become, or shall become due, and the holder of the bond demands in writing that the treasurer proceed to advertise and sell the lot or parcel of land described in said bond as being that upon which the assessment represented by said bond was levied, then said treasurer shall proceed as provided in the next section.

Duty of treasurer.

SEC. 22. The treasurer shall publish by two insertions in a newspaper of general circulation, published in the city in which said bond was issued, or if no newspaper is published in said city, then in some newspaper having general circulation therein, a notice which shall be substantially (filling in all blanks) as indicated following, to wit: In the matter of _____ district No. _____ of the _____ (city or county) of _____.

Now, therefore, I give notice that I will on the _____ day of _____, 193___, at the hour of _____ o'clock __m., of said day, sell at public auction the lot or parcel of land mentioned in said bond, or so much thereof as may be necessary at (here state the place of sale, which shall be at the office of said treasurer or at some public place in said city) unless the amount due on said bond and the accrued interest thereon together with the cost of the publication of this notice are paid; and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond, together with costs of publication. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described, to wit: (here set forth the description of the lot or parcel of land as contained in the bond). The amount due on said bond up to the date of this notice is as follows: Due on the principal thereof, $_____ dollars; due on account of interest, $_____ dollars (here set forth the interest calculated and compounded semiannually up to the day on which the notice is dated at the interest rate named in said bond upon the unpaid principal for the full period for which no interest has been paid); due on account of penalties, $_____dollars. In order to avoid this sale, payment of the total amount above named will be required, together with the cost of publications made before such payment and the additional interest accruing up to the date of payment.

In the event of sale, such sale will include interest in addition to the above total amount due accruing up to date of sale, the cost of publication of notice of sale, and one dollar for the issuing of certificate of sale. The ------ (here name newspaper) is designated as the newspaper in which this notice shall be published.

The day named in the notice shall not be less than fifteen (15) days from the date of the first publication of the notice.

If the bond was issued by the county treasurer of a county, the county treasurer shall publish the aforesaid notice in some newspaper of general circulation published in the county, and wherever the words "city treasurer" or "treasurer of the city" appear in said notice, such words shall be changed to "county treasurer" and "treasurer of the county," and wherever the word "city" appears in such notice, the word "county" shall be substituted therefor.

Affidavit of publication

SEC. 23. An affidavit of the publisher of the newspaper in which the notice was published, or of someone in behalf of said publisher, setting forth a copy of the publication and stating that the publication was made in the said newspaper on specified dates shall be filed with the city treasurer or the county treasurer, as the case may be, and shall be primary evidence of the due publication of the notice.

Sale

SEC. 24. The treasurer shall collect the sum of one dollar as hereinbefore mentioned for the issuance of the certificate of sale, which sum shall belong to, and be subject to the disposition of the city or county, as the case may be; any person interested in the lot or parcel of land described in the notice of sale may at any time prior to the sale, pay the whole amount of principal of said bond remaining unpaid, the interest thereon compounded semiannually up to the date of such payment, at the rate named in said bond upon such amount of said principal remaining unpaid for the whole period for which interest has not been paid, and all penalties which have accrued, together with the cost of the publication of the notice of sale; in such event the payment being made, the bond shall be canceled; but if such payment be not made, the sale shall be made as advertised; the lot or parcel described in the bond shall be sold to the purchaser who shall take the least amount of said lot or parcel and pay all of the sums specified in the notice of sale given by the treasurer. In the event that through error or otherwise the total amount for which said sale shall

be made is less than that which may be required by the provisions hereof, and the holder of the bond is the purchaser at the sale and elects to accept the certificate of sale hereinafter mentioned, or if he accepts from the treasurer such sum derived from said sale made to some other purchaser, then the fact that the sale may have been made for less than the amounts specified herein shall not affect or invalidate the sale, and such receipt of said certificate or said sum shall be a waiver on the part of the holder of said bond, and the said deficient amount of sale shall be the amount upon which redemption from the sale shall be calculated to all effects the same as if the sale had been made for the full amount authorized hereby.

Records of property.

SEC. 25. The treasurer, before delivering any certificate, must, in a book kept in his office for that purpose, enter the date, number, and series of the bond, a description of the land sold corresponding with the description of the certificate, the date of sale, purchaser's name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words: "Canceled by sale of the property," giving the date of such sale.

Redemption.

SEC. 26. Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the treasurer of the purchase money, including costs herein provided for, inclusive of moneys paid for taxes, street improvement assessments, or other tax or statutory lien or to redeem from sale as hereinafter specified, and the fee of the recorder for recording the certificate of sale, with interest thereon at the rate of one per cent per month from the date of sale; the treasurer shall issue for each sale an original and a duplicate certificate of sale reciting therein the date, number and series of the bond under which the sale was made, describing the land sold, and giving the date of sale, purchaser's name, amount paid, and the number of the certificate. He shall deliver the original certificate to the purchaser and shall record the duplicate in the office of the recorder of the county in which the land sold is situated. At any time after delivery to him by the treasurer of said certificate of purchase the legal holder thereof may pay any general taxes, street improvement assessments, or any other tax or statutory lien upon the property described in said certificate of purchase which may be prior to his or redeem said property from any sale made in collection or enforcement of such general taxes, foreclosing street improvement assessments or other tax or statutory lien and the treasurer, upon production by the holder of said certificate of purchase or the official receipt for the amounts so paid by him shall make an endorsement upon said certificate of purchase showing that said receipts have been so produced stating the nature of the lien paid, and the amount thereof

and he shall make a like entry upon the book as provided in section 25 of this act, and shall collect the amount thereof as a part of the amount represented by said certificate of purchase together with interest thereon at the same rate as provided in the certificate of purchase.

Time for redemption.

SEC. 27. A redemption of the property sold may be made by the owner of the property, or any party in interest, within twelve months from the date of purchase, or at any time prior to the application for a deed, as hereinafter provided; redemption must be made in lawful money of the United States, and when made to the treasurer he must mark the word "Redeemed," the date and by whom redeemed on the margin of the book where the entry of the certificate is made, and credit the amount paid to the purchaser named in the certificate, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of an assignment thereof, if any.

Final deed to property sold.

SEC. 28. If the property is not redeemed within the time allowed by section 27 hereof for its redemption, the treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said purchaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the city or county treasury, as the case may be, for the use of the city or county after payment has been made therefrom for the acknowledgment of said deed; provided, however, that the purchaser of the property, or his assignees, must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date, number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties and costs in this act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice hereinbefore required to be given has been given as herein required,

which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service of such notice and the making of said affidavit, which sum of fifty cents shall be paid by the redemptioner at the time and in the same manner as the other sums, costs and fees are paid.

Effect of deed.

SEC. 29. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for State, county and municipal taxes, and special assessments having priority thereover under the provisions of this act.

Action to test proceedings

SEC. 30. At any time within sixty days after the recording of the reassessment, any person interested in any of the bonds to be refunded or in any of the lands reassessed may bring an action in the superior court of the county the legislative body of which conducted the reassessment proceedings, or the county in which the city the legislative body of which conducted the reassessment proceedings lies, to determine the validity or invalidity of such reassessment. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Said summons shall contain a general description of the boundaries of the district of the lands upon which said reassessment is levied. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such reassessment or uphold the same. Such action shall be speedily tried and judgment rendered declaring such matter so contested either valid or invalid. Either party shall have the right to appeal to the Supreme Court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention.

The court hearing the said proceeding, in inquiring into the regularity, legality or correctness of such reassessment, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings pro-

vided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. After said reassessment has been recorded, it shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which conducted the reassessment proceedings shall be conclusive in the absence of actual fraud.

Effect of illegality.

If any reassessment or any refunding bond is held illegal or invalid in any action, suit or proceeding upon any ground which would apply to the entire reassessment or the entire issue of refunding bonds, then the unpaid bonds refunded, remain in full force and effect, and if said unpaid bonds have been canceled or destroyed, the treasurer of the city or county which conducted the invalid refunding or reassessment proceeding shall issue new bonds of the same tenor, force and effect as such canceled or destroyed unpaid bonds, and all of the provisions of the act under which the original bonds were issued (notwithstanding that said act may have been repealed in whole or part subsequent to the issuance of such bonds) relative to the payment of the bonds issued thereunder and the levy, collection and enforcement of taxes or special assessment taxes therefor shall apply to such unpaid bonds and to any bonds issued to replace such unpaid bonds. Until all unpaid bonds which might be refunded hereunder have been fully paid or have been legally refunded, it shall be and remain the duty of the legislative body empowered and directed to levy the special assessment taxes for the payment of such bonds to proceed under the provisions of the act under which said bonds were issued to levy the said special assessment taxes provided in said act in accordance with the provisions of said act.

Reassessment may cover more than one district.

SEC. 31. One reassessment may be levied under the provisions of this act to refund the indebtedness of two or more districts. Such reassessment shall be levied under the foregoing provisions of this act except as in this section modified. Said districts need not be formed under the same act, but if formed under any act under which assessments are levied wholly or partly in accordance with the assessed value of the lands, may refund their indebtedness in one reassessment proceeding hereunder. The total amount of the reassessment shall be fixed by the legislative body and stated in the notice of election. All resolutions, ordinances or notices provided for in this act shall be changed so as to indicate the districts included in the refunding proceedings. The entire area of all of the districts shall constitute one precinct for the purposes of such election and all qualified electors residing in such area shall be entitled to vote at such election. If a majority of the voters voting at such election vote in favor of said reassessment, the legislative body shall be authorized to proceed with said reassessment as in this act provided. The reassessment shall be spread over all lands subject to assess-

ment for the bonds refunded in the area comprising all of the districts. To the total sum of the reassessment shall be added the total sum of all assessments paid into the interest and sinking fund of any of the districts for the payment of principal and/or interest of any bonds of the same issue as the bonds to be refunded. The total amount thus ascertained shall be assessed against all of the lands in the area comprised by the districts in accordance with the benefits derived from the acquisitions or improvements or acquisitions and improvements to pay for which the said bonds to be refunded were issued. From the assessment thus made upon each lot, piece or parcel of land shall be deducted the amounts of such assessments levied upon such lot, piece or parcel of land to pay principal and/or interest of any bonds of the same issue as the bonds refunded as have been paid into the interest and sinking fund of any of said districts. The amounts remaining after such deductions have been made shall be and constitute the reassessments and the total amount of such reassessments shall be the total sum of the reassessment stated in the notice of election, or a smaller sum.

Effect of act.

SEC. 32. This act shall in no wise affect any other act or acts now existing or which may hereafter be passed covering the same subject matter, or apply to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds, and, when at the discretion of any legislative body proceedings are commenced under this act the provisions of this act only shall apply thereto.

Any city or county, or city and county is authorized to file a petition and take all proceedings required under any bankruptcy law or laws of the United States of America now or hereafter enacted, for any district, the bonds of which are authorized to be refunded under this act.

If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

CHAPTER 750.

An act to provide for the refunding of the indebtedness represented by bonds of special assessment districts formed under laws of the State of California where the bonds are payable from assessments levied in whole or in part in accordance with the assessed value of the lands in the district, to provide for the issue and sale or exchange of

refunding bonds and the retirement of unpaid bonds of such districts, to provide for the levy of assessments and reassessments for the payment of such refunding bonds, to enforce the liens of such assessments and reassessments and to provide for the proceedings to test the validity of such refunding and reassessment, and to provide for contributions of public funds to assist in such refunding.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Refunding bonds authorized

SECTION 1. The legislative body of any city or county or city and county of this State may, under and subject to the provisions of this act and with the consent of the electors of the district hereinafter provided, fund or refund the outstanding bonds issued for any special assessment district the bonds of which are payable by assessments levied wholly or partly in accordance with the assessed value of the lands in the district. Proceedings under this act may be taken only if the outstanding indebtedness is refunded at a discount. The interest rate on the refunding bonds may not exceed the interest rate upon the outstanding bonds to be refunded but must have one or more interest payments less than the interest rate on the outstanding bonds to be refunded. Said legislative body may negotiate with the holders of bonds for the refunding thereof and may assist in such refunding by the appropriation for the payment of outstanding bonds or interest thereon of moneys from the general fund or any available fund of the city or county or city and county. Said legislative body may call an election under the provisions of this act and in the event that the refunding of said indebtedness is authorized by the electors voting at such election, may issue refunding bonds as provided in this act.

Ordinance to refund.

SEC. 2. Said legislative body shall, by resolution or ordinance, determine the total principal amount for which refunding bonds shall be issued in the refunding proceeding, and shall determine the term such refunding bonds or any thereof shall run and the rate or rates of interest to be paid thereon. All bonds issued under the provisions of this act shall mature in not more than thirty years from the date of issue thereof. The earliest maturity of the principal of said bonds may be not more than five years from the date of issue thereof. The rate of interest during the entire term of such bonds need not be the same, but different rates may be stated for one or more interest payments of such bonds. If such different rates of interest are proposed, each rate and the time during which such rate shall be paid shall be stated in said resolution or ordinance. Said ordinance or resolution shall also order the submission of the proposition of refunding the outstanding indebtedness of such district to be submitted to the qualified electors of such district at an election to be held for the pur-

pose of voting on such proposition and shall fix the time of holding such election and provide for notice to be given thereof.

Notice of election

SEC. 3. Notice of such election shall be given by publication once a day for at least seven (7) days in some newspaper published at least six (6) days a week in such city or county or city and county or once a week for two (2) weeks in some newspaper published less than six (6) days a week in such city or county or city and county, and one insertion each week for two (2) succeeding weeks shall be sufficient publication in such newspaper published less than six (6) days a week. Such notice of election shall also be posted in three (3) public places within the district at least two (2) weeks prior to the election. The date of such first publication and the date of posting need not be the same but must be at least fourteen (14) days prior to the date of holding such election. In cities in which no newspaper is published, posting as herein required shall be sufficient notice of such election. No notice of such election other than that herein required need be given and the provisions of this act relating to the notice of election are exclusive and controlling. The notice of election shall state the total amount of the outstanding indebtedness to be refunded and shall state the amount of the principal of the bonds included therein and the amount of due and unpaid interest included therein as of the date the election is to be held, the total principal amount of the proposed refunding bonds, the term of such bonds and any thereof and the rate or rates of interest to be paid thereon. Said notice shall also state the date of such election, the hours between which the polls at such election will be open, the polling place or places within the district at which the election will be held and the names of the election officers appointed to hold and conduct such election. Said legislative body may establish one or more precincts for the purposes of such election. In all particulars not recited in such notice, the election shall be held as provided by law for the holding of elections in the city or county or city and county the legislative body of which ordered the holding of such election. Said notice of election shall also state the proposed amount of public contribution to be made in refunding the outstanding bonds of such district, if any such contribution be provided. The proposition to be voted upon shall be stated in the notice of election and upon the ballot in substantially the following form:

Shall the outstanding indebtedness of _____ district of the _____ (city or county) of _____, in amount of _____ dollars ($_____) consisting of $_____ principal and $_____ due and unpaid interest be refunded by the issuance of refunding bonds of such district in the total principal amount of _____ dollars ($_____) and by the appropriation of _____ dollars ($_____) by the _____ (city or county) of _____; such refunding bonds to bear interest at the rate of _____ per cent per annum?

Said notice shall be signed by the clerk of the legislative body conducting the refunding proceedings. Any qualified elector within the district in which the election is to be held may vote at such election. If a majority of qualified electors voting at such election vote in favor of such proposition, then the legislative body which ordered the holding of such election shall have jurisdiction to proceed with such refunding as in this act provided. No defect or irregularity in the resolution or ordinance calling the election or in the notice of election or ballot and no failure to publish or post such notice of election as provided in this act shall invalidate the election if reasonable notice thereof has been given and if the defect or omission does not actually mislead the voters authorized to vote at such election.

Which legislative body to control proceedings

SEC. 4. The legislative body which shall conduct the refunding proceeding shall be the legislative body which ordered the bonds of the particular district which are to be refunded issued; provided, however, that if the district for which the bonds are to be refunded lies entirely within a municipality, then the refunding proceedings shall be conducted by the legislative body of such municipality, and if the district for which the bonds are to be refunded lies entirely within unincorporated territory of a county, the legislative body of such county shall conduct such refunding proceedings. It is the intent of this section that in all cases of incorporation of municipalities or annexation of territory to municipalities or consolidation of municipalities or exclusion of territory from municipalities or the dissolution of municipalities, the authority, powers, duties and obligations which would under this act have been vested in or imposed upon the legislative body which conducted the proceedings for the issuance of bonds to be refunded, shall be and are vested in and shall be exercised by the legislative body which by reason of such incorporation, annexation, consolidation, exclusion or dissolution has jurisdiction at the time such refunding is begun over the territory of the assessment district. In any case in which the assessment district lies within two or more municipalities or partly within unincorporated territory of a county and partly within one or more municipalities, the legislative body which conducts the refunding proceedings shall obtain the consent of the legislative body or bodies of the other municipality or municipalities or county in which part of the district lies to the refunding of such bonds under this act. Such consent shall be expressed by resolution, a certified copy of which shall be filed with the legislative body which conducts the refunding proceedings prior to the date upon which the election mentioned in section 3 hereof is held.

Bonds.

SEC. 5. All bonds issued under this act shall be issued in such denominations as the legislative body of the city or county, as the case may be, may determine, except that no bonds shall be of less denomination than one hundred dollars ($100) nor of a greater denomination than one thousand dollars ($1000),

and shall be payable on the day and at the place or places fixed in such bonds and with interest at the rate specified in the bonds, which interest shall be payable semiannually. Said bonds shall be signed by the executive of the municipality or county, as the case may be, or by such other officer thereof as the legislative body of the city or county, as the case may be, shall by resolution adopted by a vote of two-thirds of all of its members authorize and designate for that purpose, and shall also be signed by the treasurer of the city or county and shall be countersigned by the clerk of the city or county. The coupons of said bonds shall be numbered consecutively and signed by the treasurer. In case any of such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds, such signatures or countersignatures shall, nevertheless, be valid and sufficient for all purposes the same as if they had remained in office until the delivery of the bonds.

Coupons

Form. The legislative body shall determine the form of such refunding bonds and shall fix the date of issue thereof. The date of issue of any refunding bond authorized under this act shall be deemed to be the apparent date of the said bond appearing on the face thereof.

Bonds may be exchanged. The legislative body may exchange such refunding bonds or any thereof for the bonds of the district which are to be refunded upon such terms and conditions and at such time or times as it may deem for the public interest. No refunding bonds shall be delivered to the holders of outstanding bonds, except upon the surrender of such outstanding bonds, for cancellation and upon the surrender of any of such outstanding bonds the same shall forthwith be canceled by the treasurer. In the event that all of the outstanding bonds are not exchanged for such refunding bonds, nevertheless if 75 per cent or more of the outstanding bonds are exchanged for refunding bonds, the legislative body shall have authority to issue such refunding bonds under the provisions of this act and to do and perform all acts necessary or convenient for the retirement or payment of the outstanding bonds not surrendered for exchange and cancellation. Any city or county, or city and county, is authorized to file a petition and take all proceedings required under any bankruptcy laws of the United States of America now or hereafter enacted for any district the bonds of which are authorized to be refunded under this act.

Irregularities in proceedings. Notwithstanding that the proceedings for the issuance of said refunding bonds may not be in full conformity with the requirements of this statute, the said refunding bonds, when issued, shall be valid and sufficient and any action or determination necessary or convenient in the proceedings for the issuance of said refunding bonds not expressly set forth in this statute is hereby authorized and the same, when made, shall be valid and sufficient.

SEC. 6. Refunding bonds issued hereunder shall be paid from funds raised by special assessments levied as herein provided. Special assessments to provide funds for the payment of such refunding bonds shall be levied at the same time and in the same manner and by the same persons as special assessments to provide funds to pay the bonds which are refunded would have been levied; and said special assessments shall be levied, collected and enforced in all respects in accordance with the laws (notwithstanding that the said laws may have been repealed in whole or in part) which provided for the special assessments to pay the principal and interest of the bonds which are refunded, except as herein otherwise expressly provided. The annual levy of assessment to pay the refunding bonds shall be sufficient to pay such principal and interest of said bonds as has become payable and for payment of which no special assessment has been levied, and to pay the principal and interest of bonds which will become payable before the proceeds of another tax levy can be made available for the payment of said principal and interest, and, in addition to such amounts for principal and interest, shall include five per cent of such amounts to provide for anticipated delinquencies. Assessment to pay bonds and interest

Any moneys raised by special assessments levied to provide funds for the payment of the bonds refunded may be used to pay principal or interest of such refunding bonds. After the principal and interest of all of said refunding bonds are fully paid, any moneys raised by special assessments levied for the payment of said refunding bonds shall be refunded to the owners of the lands upon which such special assessments were levied in proportion to the amounts of assessments levied upon such lands in the last levy made for the payment of said refunding bonds.

In case of delinquency in the payment of any assessment levied to provide funds to pay any refunding bonds issued hereunder, the lands assessed shall be sold for such assessment in the manner provided by the statute under which the bonds refunded were issued, except that the assessment sale shall be separate from the sale for general taxes, and the right of redemption from said assessment sale shall exist for a period of two years only. At the expiration of two years from the date of sale, whether such sale was made to a bidder at public sale or to the State by operation of law and declaration of the tax collector or in any other manner, the right of redemption shall cease. Delinquency

In the event the law or ordinance providing for the collection of taxes of a county or municipality provides for a sale to the State or to the municipality by operation of law and declaration of the tax collector and thereafter a sale at which public bidding is permitted, the two-year period above mentioned shall cease at the end of two years from the date of sale to the State or municipality by operation of law and declaration of the tax collector.

Foreclosure

As a further, additional and separate remedy which may be exercised at any time after delinquency and prior to the expiration of four years from the due date of the last maturing bond, in the event any assessment or installment thereof upon any parcel of land becomes delinquent, the legislative body of the city or county which issued the refunding bonds shall order said assessment to be foreclosed by suit brought in the superior court of the county in which the land lies. The court shall have the power to adjudge and decree a lien against the lot or parcel of land covered by the assessment for the amount of the judgment and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said court. Redemption from said sale may be made at any time within two years from the date of sale in the same manner as redemption from any sale of real estate by process of court. The cost shall be fixed and allowed by the court and shall include a reasonable attorney's fee, interest, penalties and other charges provided by law, and, when so fixed and allowed by the court, shall be included in the judgment. The foreclosure suit shall be governed and regulated by the provisions hereof and also, where not in conflict herewith, by the codes of this State. On appeal the Appellate Court shall have the same power to adjudge and decree a lien and order such premises to be sold on execution as is herein provided for the superior court.

Redemption

Complaint

Such foreclosure action shall be brought in the name of the city or county. The complaint may be brief and include substantially only the following allegations with reference to the assessment sought to be collected: That on a date stated the refunding bonds were ordered to be issued; that certain property, describing it, was assessed a stated amount in a certain year for the payment of the principal and interest of said bonds; that on a date stated the installment of assessment due was not paid and has not been paid, and that the city council or board of supervisors, as the case may be, has directed the action to foreclose. A certified copy of the entry in the assessment book showing the property assessed and the amount of the assessment shall be prima facie evidence of the validity of said assessment and of plaintiff's right to recover in the action.

Action to test validity of bonds

SEC. 7. At any time within sixty days after the date of issue of the refunding bonds any person interested in any of the bonds to be refunded, or in any of the lands reassessed, may bring an action in the superior court of the county in which the assessment district lies to determine the validity or invalidity of such refunding bonds. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceeding. Said summons shall

contain a general description of the boundaries of the district for which the refunded bonds are issued. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Any one interested may at any time before the expiration of said ten days appear and bring proper proceedings contesting the validity of such refunding bonds. Such action shall be speedily tried and judgment rendered declaring the bonds so contested either valid or invalid. Either party shall have the right to appeal to the Supreme Court at any time within thirty days after the rendition of such judgment. Such appeal must be heard and determined within three months from the time of taking same. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention.

The court hearing the said proceeding in inquiring into the regularity and legality of said refunding bonds must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to the proceeding herein provided. The costs of the legal proceeding provided in this section may be allowed and apportioned between the parties or taxed to the losing parties in the discretion of the court. After said refunding bonds have been ordered issued the validity thereof shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which directed the issuance of the refunding bonds shall be conclusive in the absence of actual fraud. In case no action is brought hereunder within the sixty-day period, thereafter all persons whatsoever shall be barred in any action, suit or proceeding from pleading, asserting or claiming that the said refunding bonds or any thereof are invalid or that any of the proceedings for the issuance of said bonds are invalid or defective in any respect.

Costs.

Sec. 8. If any refunding bond issued hereunder is held illegal or invalid in any action, suit or proceeding upon any ground which would apply to the entire issue of refunding bonds, then the unpaid bonds refunded remain in full force and effect, and if said unpaid bonds have been canceled or destroyed, the treasurer of the city or county which conducted the invalid refunding or reassessment proceeding shall issue new bonds of the same tenor, force and effect as such canceled or destroyed unpaid bonds. And all of the provisions of the act under which the original bonds were issued (notwithstanding that said act may have been repealed subsequent to the issuance of such bonds) relative to the payment of the bonds issued thereunder and the levy, collection and enforcement of taxes or special assessment taxes therefor shall apply

Effect of illegality

to such unpaid bonds and to any bonds issued to replace such unpaid bonds. Until all unpaid bonds which might be refunded hereunder have been fully paid or have been legally refunded, it shall be and remain the duty of the legislative body empowered and directed to levy the special assessment taxes for the payment of such bonds to proceed under the provisions of the act under which said bonds were issued to levy the said special assessment taxes provided in said act in accordance with the provisions of said act.

Effect of act.

SEC. 9. This act shall in nowise affect any other act or acts now existing or which may hereafter be passed covering the same subject matter, nor apply to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds, and, when in the discretion of any legislative body proceedings are commenced under this act, the provisions of this act only shall apply thereto. This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

CHAPTER 751.

An act to provide for the acquisition and cancellation of bonds heretofore issued under the provisions of that certain act of the Legislature of the State of California designated and known as the "Acquisition and Improvement Act of 1925," whether such bonds were issued under the provisions of said last named act as originally adopted or as same was amended; providing for the issuance and payment of assessment readjustment bonds to represent certain assessments for the cost of acquisition of such issued bonds, including all costs and incidental expenses of proceedings under this act for the issuance of such assessment readjustment bonds; providing a method for the payment of such assessment readjustment bonds; and providing a method for the redemption of lost or otherwise unobtainable bonds of the issue or issues to be acquired and canceled.

Stats. 1925, p. 849.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Cancellation of bonds authorized

SECTION 1. Whenever in the opinion of the legislative body which conducted any proceeding or proceedings under that certain act of the Legislature of the State of California

designated and known as the "Acquisition and Improvement Act of 1925," and pursuant to which proceeding or proceedings any bonds provided for in said act have been issued, the public interest, convenience or necessity require the acquisition and cancellation of any such bonds so issued, such legislative body is hereby authorized and empowered to order, under the provisions of this act, the acquisition and cancellation of any such bonds so issued; provided, however, that no proceeding may be taken under this act unless the total amount of the assessment readjustment bonds to be issued, as provided for in this act is less than the total principal amount of the bonds proposed to be acquired.

Said legislative body may appropriate funds from the general fund, or from any funds available to such legislative body for any or all of the purposes set forth in section 11 of this act.

Resolution of intention

SEC. 2. Before ordering the acquisition and cancellation of any such bonds, as hereinabove contemplated in section 1 of this act, such legislative body shall adopt a resolution declaring the intention of such legislative body so to do, which said resolution of intention shall contain a description of the boundaries of an assessment district to be created hereunder and which is to be assessed to pay the cost of acquisition of such issued bonds including all costs and incidental expenses of the proceedings under this act for the issuance of assessment readjustment bonds as herein contemplated. In the event any such resolution of intention declares or contemplates that the issued bonds of only one acquisition and improvement district are sought to be acquired and canceled hereunder, then the exterior boundaries of such district to be created hereunder shall be coterminous with the exterior boundaries of the assessment district against which such bonds were issued as fixed in the proceedings under said "Acquisition and Improvement Act of 1925" pursuant to which the same were issued. Issued bonds of more than one acquisition and improvement district may be acquired and canceled in a single proceeding under the provisions of this act, provided such acquisition and improvement districts are contiguous to or in any manner overlap each other. In the event any such resolution of intention declares or contemplates that issued bonds of more than one such acquisition and improvement district are sought to be acquired and canceled hereunder, then the exterior boundary line of the district to be created hereunder in such proceeding shall be coterminous with the exterior boundary line of the consolidated or composite district formed by the exterior boundary line of such contiguous districts or, in the case of overlapping districts, by superimposing such respective districts upon the other or others.

Boundaries of district.

Such resolution of intention shall also contain a reference to the proceeding or proceedings under which such bonds were issued with sufficient clarity to identify the same and shall indi-

cate for each district the amount of such bonds outstanding against the same upon the date of the adoption of such resolution of intention. Said resolution shall further state that it is proposed to issue bonds of the district to be created hereunder as contemplated in this act and shall specify the amount thereof and the term for which such bonds are to be issued and the rate of interest to be paid thereon which shall not exceed six per cent per annum. Said legislative body may also in said resolution of intention recite, in its discretion, the facts or circumstances upon which such body forms its opinion that the public interest, convenience or necessity require the acquisition and cancellation of such bonds and the creation of the district to be formed under this act for the purposes indicated. Said resolution shall contain also a notice of the day, hour and place when and where any and all persons having any objections to the proposed acquisition and cancellation of such issued bonds or to the creation of such district, or to the issuance of bonds against the same, hereunder, may appear before such legislative body and show cause why said proposed district should not be created, or such assessment readjustment bonds issued for the purpose of the acquisition and cancellation of such existing bonds and the payment of the costs and incidental expenses of the proceedings under such resolution of intention; said time shall be not less than fifteen nor more than sixty days from the date of the adoption of said resolution.

Objections and hearing

Description of district.

SEC. 3. Any assessment district proposed to be created under the provisions of this act may be described in the resolution of intention by stating the exterior boundaries thereof, or by giving a description thereof according to any official or recorded map or maps, or by referring to a plat or map, approved by such legislative body, which shall be on file in the office of the city, county, or city and county, officer whose office has been designated by the legislative body of the city, county, or city and county, conducting the proceedings hereunder, as the office in which same is to be so filed, at the time of passing the resolution of intention, which shall indicate by a boundary line the extent of the territory included in the proposed district, which said plat or map shall govern for all details as to the extent of said assessment district. The said district need not be described in any of the notices or resolutions provided for herein other than the resolution of intention.

Notice, publication, etc.

SEC. 4. Resolutions of intention adopted under the provisions of this act shall be published and notice of the passage and adoption thereof shall be given and posted in the same time, form and manner as is provided in that certain act of the Legislature of the State of California designated and referred to as the "Improvement Act of 1911," as amended, for resolutions of intention adopted under the provisions of said last mentioned act; provided, however, that the notices required to be posted under the provisions of said last mentioned act shall be headed "Notice of proposed acquisition and cancellation of certain outstanding bonds and of the creation of an assessment

district in connection therewith to pay the costs and expenses thereof and of the proceedings incident thereto." Said notices shall, in legible characters, state the fact of the passage of the resolution of intention, its date and briefly the purpose of the proceeding as indicated in such resolution of intention. Said notices shall contain also a statement of the day, hour and place when and where any and all persons having any objections to the proposed acquisition and cancellation of such issued bonds, or to the creation of such district, or to the issuance of bonds against the same, hereunder, may appear before such legislative body and show cause why said proposed district should not be created, or such assessment readjustment bonds issued for the purpose of acquisition and cancellation of such existing bonds and the payment of the costs and incidental expenses of the proceedings under such resolution of intention.

Protests.

SEC. 5. Written protests against the proposed acquisition and cancellation of such issued bonds, or against the creation of such proposed district, or against the issuance of bonds of such district, hereunder, for the purpose proposed, may be made and filed in the same manner and subject to the same terms and conditions as is provided for in the case of protests under said "Improvement Act of 1911" above referred to; provided, however, that any such protest or protests made by the owners of more than one-half of the area of the property to be assessed for the purposes recited in the resolution of intention, may not be overruled by any action of such legislative body, but such a protest or protests shall operate to bar any further proceedings under the provisions of this act for a period of three months from the date of the decision of such legislative body on said hearing. The legislative body may adjourn such hearings from time to time. If no protests or objections, in writing, have been delivered to the clerk of such legislative body up to the hour set for hearing, provided in section 5 hereof, or when a protest, other than a protest which is a bar hereunder, shall have been heard and denied, immediately thereupon the legislative body shall be deemed to have acquired, subject to the further provisions of this act, jurisdiction to order the issuance of bonds of such district up to the amount specified in the resolution of intention for the purpose of the acquisition and cancellation of such issued bonds and the payment of the costs and expenses incidental to the proceedings hereunder.

Notice to bond holders

SEC. 6. After such legislative body shall have acquired jurisdiction to proceed further under the provisions of this act, as hereinabove provided, said legislative body shall cause a notice to be published in the same newspaper in which the resolution of intention was published, if same still exists, otherwise in such newspaper as such legislative body may designate and which is located in the county, or city and county, in which such legislative body has jurisdiction, which said notice shall be headed (with the blanks appropriately filled in) substantially as follows: "Notice to holders of bonds

of acquisition and improvement district ------ No. ------ ------ and ------ of the ------ (political subdivision) California." Said notice shall briefly set forth the fact of the adoption of the resolution of intention hereunder, its date, and the purpose of the proceeding indicated in such resolution of intention and shall refer to said resolution for further particulars. Said notice shall further briefly state the amount and character of bonds which it is proposed to issue hereunder against the district described in such resolution and the rate of interest to be paid thereon. In said notice, such legislative body shall invite the holders of the issued bonds proposed to be acquired and canceled in such proceeding, to submit to such legislative body, in the event such bondholders desire so to do, a proposal or proposals setting forth the terms and conditions upon which such bondholders will deliver their respective bonds proposed to be acquired and canceled hereunder for cancellation in consideration of the delivery to such bondholders of assessment readjustment bonds to be issued against the district described in said resolution of intention, or in consideration of the payment to such bondholders of a sum or sums, in cash, to be specified in such proposal or proposals, or in consideration of the delivery and payment to such bondholders of any combination of such assessment readjustment bonds and cash as may be stated in such proposal or proposals. If, pursuant to such notice, there shall be filed with such legislative body, in writing, a proposal or proposals which provide for the surrender and cancellation, or redemption as herein provided, of all of the issued bonds referred to in the resolution of intention, such legislative body shall have authority to order such person as said legislative body may designate to make a diagram of the property within said assessment district created hereunder, affected or benefited by the proposed acquisition and cancellation of such issued bonds and to be assessed to pay the cost thereof and the expenses incidental thereto. Such diagram shall show each separate lot, piece or parcel of land, and the dimensions of each such lot, piece or parcel of land, within the limits of such assessment district. Such person, so designated by such legislative body to make such diagram, shall, upon the completion thereof, proceed to estimate upon the lands, lots or portions of lots within said assessment district as shown by said diagram, the benefits arising from the acquisition and cancellation of such issued bonds, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the cost of the acquisition and cancellation of such issued bonds and the costs and expenses incidental to the proceedings hereunder, and in so doing shall assess said total sum upon the several pieces, parcels, lots or portions of lots, and subdivisions of lands in said assessment district, benefited thereby, to wit: upon each, respectively, in proportion to the estimated benefits to be received

Terms and proceedings on cancellation reassessment, etc.

by each of said several lots, portions of lots, or subdivisions of land. The terms, lot, lots, lands, piece or parcel of land, wherever mentioned in this act, shall be deemed to have the same meaning as such terms have assigned in said "Improvement Act of 1911" above referred to. In estimating the benefits to be received by each such lot, portion of such lot, piece or subdivision of land, among other things, there shall be taken into consideration the following: the amount of issued bonds proposed to be acquired and canceled, the number of issues of such bonds if more than one, the amount or amounts which have been paid for any lot, piece or parcel of land upon assessments theretofore levied to pay the principal and interest of such issued bonds, and the delinquency in the payment of any such assessments so levied which may exist against any such lot, piece or subdivision of land. When such diagram and such assessment shall have been made, the same shall then be filed with the clerk of such legislative body. Such clerk shall then give notice of the filing of the same and of a time to be therein fixed by said clerk when all persons interested in the acquisition and cancellation of such issued bonds, or in the diagram or assessment, will be heard by such legislative body. Such notice shall also recite the fact of the filing of such proposal or proposals by such bondholders and shall briefly indicate the terms, conditions and basis thereof and shall refer to such resolution of intention and to such proposal or proposals of such bondholders and to such diagram and assessment so on file for further particulars with reference thereto. Such notice shall be posted for not less than five days on or near the door of the chamber in which such legislative body conducts its regular public meetings and in addition, shall be published twice in the newspaper in which the resolution of intention was published, if same still exists, otherwise in such newspaper as such legislative body may designate and which is located in the territory in which such legislative body has jurisdiction. Such notice shall also be given by mailing a copy of the same at least fifteen days prior to the time fixed for such hearing, to the owner of each lot, parcel or subdivision of land listed according to the name and address appearing on the last equalized assessment roll for city, county, or city and county taxes prior thereto, or as known to such clerk Such notice so to be mailed shall also designate the property within the assessment district belonging to said owner by street number or some other description sufficient to enable the property owner to identify the property and a statement of the amount proposed to be assessed against such property. Such clerk shall upon the completion of such mailing, file with such legislative body an affidavit setting forth the time and manner of the compliance with the above requirement for such mailing. The failure of such clerk to give such notice by mailing or of the person addressed to receive same shall not affect the jurisdiction of the legislative body to proceed with the hearing

prepared the same, shall, prior to the day fixed for the hearing upon such assessment, appeal to such legislative body by briefly stating, in writing the grounds of such appeal. Upon such appeal, such legislative body may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the person who made such diagram and assessment relative to said diagram or assessment; may confirm, amend, alter, modify or correct the assessment or diagram in such manner as to such legislative body shall seem just; and may instruct and direct the person who made such assessment and diagram to correct such assessment or diagram in any particular. All the decisions and determinations of such legislative body, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities which such legislative body might have avoided, or have remedied during the progress of the proceedings or which it can at that time remedy. No assessment or diagram, and no proceedings prior to the assessment, shall be held invalid by any court for any error, informality or other defect in the same, where the resolution of intention of the legislative body adopted thereunder has been actually published as herein provided. When no appeal is taken or when the orders and determinations of the legislative body upon appeal have been complied with, and such legislative body is satisfied with the correctness of the assessment, thereupon such legislative body shall forthwith confirm the proceedings and the assessment and the clerk of such legislative body shall attach thereto a certified copy of the order of such legislative body confirming the same and shall state in such certificate the date upon which such order

was so adopted. Provided, however, and notwithstanding anything contained in this act to the contrary, in the event any such appeal is or such appeals are made by the owners of more than one-half of the area of the property to be assessed for the purposes recited in the resolution of intention and such appeal or appeals further contain an express protest against the issuance of such assessment readjustment bonds and the taking of any further proceedings under the resolution of intention in said matter, then, but only in such event, shall such legislative body be deprived of jurisdiction to proceed further hereunder in such proceedings and no new resolution of intention with reference to the same matter, under the provisions of this act, may be adopted by such legislative body for a period of three months from the date of the

determination of such legislative body that such a majority appeal or protest, or appeals or protests have been filed.

Jurisdiction to issue bonds

SEC. 7. In the event no such majority protest or appeal constituting a bar to further proceedings under the provisions of this act has been filed and such legislative body shall have confirmed the assessment as originally filed, or as modified or corrected as herein provided, such legislative body shall be deemed to have acquired jurisdiction to proceed further in such proceedings under the provisions of this act and to issue assessment readjustment bonds in the manner and form hereinafter provided, to represent assessments for the cost of the acquisition and cancellation of such issued bonds and of the costs and expenses incidental to the proceedings. Such assessment readjustment bonds so to be issued, shall be serial bonds; shall be substantially in the form as the street improvement bonds provided for in said "Improvement Act of 1911" hereinabove referred to, with such appropriate changes in the wording of such bonds as may be necessary in order to make the same conform to the provisions and purposes of this act and of the proceedings taken hereunder and shall be payable to the person to whom they issue, or order; shall be for the term and bear interest at the rate specified in the resolution of intention and shall have annual coupons attached thereto payable in annual order on the second day of January of every year after the fifteenth day of the next November following the date of such bonds, until all are paid and each coupon shall be for an even annual proportion of the principal of the bond to which same is attached. They shall also have semi-annual interest coupons thereto attached as contemplated in the case of bonds issued under the provisions of said "Improvement Act of 1911" and payable in the same manner as contemplated in said last mentioned act. Said bonds shall be enforced; paid; may be redeemed or canceled; shall be subject to the same penalties; and shall in all other particulars and respects, so far as possible, be issued and conform to the requirements as is provided in the case of bonds issued under the provisions of said "Improvement Act of 1911," as amended. The determination of said legislative body as to the form and content of said bonds shall be final and conclusive.

Form of bonds

Cancellation or exchange of bonds

SEC. 8. Such legislative body, having acquired jurisdiction as hereinabove set forth, shall thereupon notify the holders of the issued bonds to be acquired and canceled under such proceedings, whose proposal or proposals are on file, of the fact of the final confirmation of such assessment and that such legislative body is prepared to proceed further with the acquisition and cancellation of such issued bonds and with the issuance and exchange or sale, as the case may be, of such assessment readjustment bonds and the payment of any cash consideration or amounts to be paid under the terms, provisions and conditions of such proposal or proposals. Such legislative body shall thereupon proceed to consummate, and

it is hereby empowered and authorized to consummate, the transaction of exchange, payment, or exchange and payment, as the case may be, as contemplated in such proposal or proposals of such bondholders; provided that such legislative body is able to acquire for cancellation, or provide for the full redemption of, according to their terms, all of such issued bonds proposed to be acquired and canceled under the resolution of intention. In the event it is impossible to acquire for cancellation all of such issued bonds, by reason of the loss of any of the same, or for any other reason whatsoever, such legislative body shall, upon receipt of information to that effect, notify the holder or holders of issued bonds whose proposal or proposals were filed, of such fact, whereupon it shall be permissible for such bondholders, at their option, or for any other person or persons desiring so to do, to deposit with such legislative body, cash, lawful money of the United States of America, sufficient in amount to provide for the payment and redemption, in full, of such lost or otherwise unobtainable bonds, both principal and interest, as same mature, according to their respective terms and tenor. In the event such deposit be so made and the transaction of exchange, payment, or exchange and payment be consummated as contemplated in such proceedings, such legislative body shall, and it is hereby authorized and empowered so to do, cause such deposit to be transmitted to and deposited with the treasurer of the political subdivision represented by such legislative body, which said treasurer shall, and he is hereby empowered, authorized and required so to do, make all payments of principal and interest thereafter maturing on any such issued bonds for the payment and redemption of which such deposit was made, such payments to be made as such bonds mature and installments of interest thereon become payable according to the terms and tenor thereof.

Acquired bonds to be canceled

SEC. 9. Such legislative body, upon the acquisition of such issued bonds for cancellation, and receipt of the deposit hereinabove provided for in the case of lost or otherwise unobtainable bonds, shall, and it is hereby authorized and empowered so to do, make an order for the cancellation of, and shall cause to be canceled, all such issued bonds so acquired and at the same time shall make a further order for the cancellation of all unpaid special assessment taxes levied to pay principal and interest of the issued bonds referred to in the resolution of intention and all penalties and interest thereon.

Unpaid assessments, etc., canceled

Upon the making of such order, all such issued bonds, referred to in the resolution of intention, (excepting only such thereof for the payment of which a deposit shall have been made as herein provided) and all unpaid special assessment taxes levied to pay principal and interest on such issued bonds and all penalties and interest thereon shall be deemed to be, and shall be, canceled and annulled and the clerk of such legislative body shall notify the proper officials of the city, or of the county, or of the city and county, or any or all of such proper officials,

as the case may be, that such issued bonds and all unpaid special assessment taxes levied to pay principal and interest of the same and all penalties and interest thereon have been canceled and annulled and such proper officials shall thereupon proceed to make the necessary entries showing the cancellation thereof. Said diagram and assessment shall thereupon be recorded in the office of such official of the political subdivision over which such legislative body has jurisdiction as such legislative body may, by resolution, so designate, which said official so designated shall endorse thereon the date of such recording. When so recorded the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, and such lien shall so continue until it be discharged of record. Such lien shall be subordinate to all special assessment liens previously imposed upon the same property, but it shall have priority over all special assessment liens which may thereafter be created against the said property; and from and after the date of said recording of any assessment and diagram, all persons shall be deemed to have notice of the contents thereof. It shall be the duty of the officer in whose office such assessment and diagram is recorded, to perform the same duties and acts with reference to such assessment and diagram and the respective assessments set forth therein, as are required of the superintendent of streets with reference to assessments and diagrams and the respective assessments set forth therein in similar cases under the provisions of said "Improvement Act of 1911," and the tax collector and the treasurer of the city, county, or city and county, as the case may be, of the political subdivision over which such legislative body has jurisdiction, shall perform respectively the same respective acts and functions with reference to diagrams and assessments made under the provisions of this act and with reference to assessment readjustment bonds issued hereunder as are required of tax collectors and treasurers, respectively, under the provisions of said "Improvement Act of 1911" with reference to assessments and diagrams made and bonds issued under the provisions of said last mentioned act.

Such legislative body shall further have the right, and it is hereby authorized and empowered, to likewise receive contributions of any sum or sums or amount or amounts of money in cash, to be applied on and used and expended in connection with the costs and expenses of any proceedings and of the preparation of any assessment and diagram hereunder. Such last mentioned contributions shall be used for the payment of such costs and expenses exclusively and the balance, if any, of any such contribution or contributions remaining, after the payment of such costs and expenses, may be refunded pro rata by such legislative body to the person or persons who contributed the same. Nothing herein contained, however, shall be construed as preventing such legislative body from paying the costs and expenses of any proceedings hereunder, in whole or in part, from any fund, funds or money over which such legislative body has jurisdiction and control and which are legally applicable to the payment of costs and expenses of proceedings under the General Laws of the State of California.

Treasurer

SEC. 2. Section 23 of said act, as amended, is hereby amended to read as follows:

Stats 1923, p 1067

Sec. 23. Elections on Sale of Bonds for Less Than Par and on Approval of Plan for Payment or Compromise. If the board of trustees of this district deems it desirable that said board shall be authorized to sell said bonds for less than the par value thereof, the board may call a special election to submit to the qualified voters of the district such proposition. Such election shall be held, and notice shall be given in the same manner as is provided herein in the case of special elections to authorize the issuance of bonds; or the board may submit such a proposal to the voters at any special election called for the purpose of authorizing the issuance of bonds, but in such event the notice of election shall specify that such proposal shall be submitted. If, however, the proposal to sell bonds at less than par is submitted at a subsequent or special election, such election shall be held and notice thereof shall be given in the same manner as is provided herein in the case of special elections to authorize the issuance of bonds. In any event the proposal shall be stated in substantially the following form "Shall the board of trustees of the Palo Verde Irrigation District be authorized to sell bonds of the district for less than the par value thereof?," followed by the words "Yes" and "No." If at least a majority of the legal votes cast at such election are for "Yes" then the board of trustees may sell any bonds authorized by said district to be issued, to the highest responsible bidder or bidders, as provided in the foregoing section. If less than a majority of the legal votes cast shall be for "Yes" the result shall be entered of record.

Sale of bonds for less than par

Nothing in the foregoing provision shall prevent the board of trustees exercising the power conferred upon them by this

Exchange of bonds for property

act to exchange any bonds issued in pursuance of this act in the acquisition of the water rights, water system or stock of the Palo Verde Mutual Water Company, or any other properties to be acquired for the irrigation system of the district, but in no case shall any bonds of the district be exchanged on a basis of less than the par value and accrued interest of such bonds, nor for a price in excess of the price fixed by appraisement or determination of the value of such properties by the trustees as hereinbefore provided.

Destruction of unsold bonds

Whenever there remain in the possession of the district any bonds voted to be issued at an election held in said district more than three years prior thereto, which bonds have been executed but not sold and disposed of and the sale and disposal of such bonds shall be deemed by the board of trustees of such district to have become impossible or inexpedient, and that their destruction is desirable, it shall be lawful for said board of trustees to give public notice of its intention publicly to destroy such bonds by a notice published for four successive weeks in a newspaper published in Riverside County, California; and such notice shall specify the time and place of such intended destruction, and the reason alleged therefor, together with a general description of the character and amount of said bonds. It shall be lawful for said board at the time and place, and in accordance with the terms of said notice, publicly to destroy said bonds unless, at least three days prior to said time, written objections to such destruction shall be filed with the clerk of said district, signed by voters of said district representing a majority of the total votes in said district as shown by the last equalized assessment roll. No further or other issue of bonds in place of those thus destroyed shall be made by such district or its board of trustees unless again authorized by an election as provided by law.

Compromise, payment or refunding of bonds

If said irrigation district shall be in default in payment of any money due by reason of its bonds, warrants, or other evidences of indebtedness, and if a plan of compromise payment or satisfaction or funding or refunding any bonds, warrants or other evidences of indebtedness of said district shall have been approved by the board of trustees of said district, the board may call a special election to submit such plan to the qualified voters of the district. Such election shall be held, and notice shall be given in the same manner provided herein in the case of special elections to authorize the issuance of bonds; or the board may submit the plan to the voters at any election held by said district, but in such event the notice of election shall specify that such proposed plan shall be submitted at such election, and state that copies of such plan and of any agreements related thereto are available to voters at the office of the district; and at least four copies of such plan and of any agreements related thereto must be made available to voters of the district at all times during business hours from the time such notice is published until the time of such election. At the election, the proposal

shall be stated in substantially the following form: "Shall the board of trustees of the Palo Verde Irrigation District be authorized to carry into effect that plan heretofore approved by said board for the compromise payment, satisfaction, or funding or refunding of bonds, warrants or other evidences of indebtedness of said district" followed by the words "Yes" or "No." If at least sixty per cent of the legal votes cast at such election are "Yes," then the board of trustees shall be authorized and empowered to carry into effect said plan and to enter into and execute any and all contracts or agreements provided for in such plan so submitted, and shall be authorized and empowered to make and execute any deeds, conveyances, leases, options, mortgages, trust deeds and contracts of sale of any or all property, real, personal or mixed, owned by or thereafter acquired by said district, provided for in such plan so submitted. If less than sixty per cent of the legal votes cast shall be "Yes," the result shall be recorded, and the plan shall not be effective.

New section.

SEC. 3. A new section is hereby added to the Palo Verde Irrigation District Act, as amended, to be numbered 28½h, and to read as follows:

Payment of assessment with bonds and coupons

SEC. 28½h. Notwithstanding any of the other provisions of this act any owner of land within the district who is the holder of any matured bond or interest coupon issued by or assumed or agreed to be paid by the district, which bond or interest coupon remains unpaid by reason of insufficiency of money in the appropriate fund, is authorized to apply the credit represented by such unpaid bond or coupon as a medium of exchange in the payment of assessments levied against the lands of such person in the manner and to the extent hereinafter specified.

Credit memorandum

Upon presentation and surrender to the treasurer of Riverside County of such matured bonds or interest coupons, or both of them, the treasurer shall issue to the holder a memorandum in writing, in duplicate, indicating the amount of credit represented by such bonds or coupons which such holder is entitled to apply on such assessments, and indicating whether said bonds so surrendered were bonds issued by said district, or were issued by the Palo Verde Joint Levee District, or were issued by the Palo Verde Drainage District, or were issued by the Palo Verde Mutual Water Company.

The collector shall accept the credit memorandum in lieu of lawful money for that portion of the total assessment levied on the lands of the holder of such bonds or coupons equivalent to the amount of such assessment as was levied to pay the interest and maturing principal of the bonds of the issues so surrendered, together with penalties, interest and costs in case of delinquency. The balance of the assessment shall be paid in money. The collector shall endorse upon such credit memorandum the amount of credit applied on the assessment and the balance, if any, not so applied, and retain one copy of said memoranda to be used in settling his accounts with the secretary and said treasurer.

The said treasurer shall accept such credit memoranda, to the extent that the same have been applied upon such assessment, as the equivalent of money. Said treasurer shall thereupon cancel the bonds and coupons for which such credit was given if the entire amount of the credit memoranda has been applied to the payment of assessments and in the event that only a portion of the credit has been applied, then said treasurer shall endorse upon the face of such bond or coupon the fact that the same has been paid in part to the extent of the credit so applied and return the bond or coupon so endorsed to the holder. If no part of the credit represented by such memoranda is applied to the payment of assessments, as herein provided, the treasurer shall, upon surrender of the credit memoranda, cancel the same and deliver the bond or coupon to the owner.

Upon the written request of any owner so presenting such written credit memoranda to the collector, the credit represented by said memorandum and to be collected by said collector may be applied to any lands within said district, whether owned by said owner presenting said memorandum or not.

Stats 1931, p. 29

SEC. 4. Section 28n of said act, as amended, is hereby amended to read as follows:

Record of sales

Sec. 28n. The collector, before delivering any certificate, must in a book enter a description of the land sold corresponding with the description in the certificate, the date of the sale, regularly number the description on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection, without fee, during business hours, when not in actual use. On filing the certificate with such county recorder, the lien of the taxes vests with the district and is only divested by the payment to it of the aggregate of the taxes, penalties and costs, together with three-quarters of one per cent per month; provided, that partial redemption may be made in the manner specified in sections 28o and 28½o of this act.

Tax lien

Stats 1931, p 29.

SEC. 5. Section 28o of said act, as amended, is hereby amended to read as follows:

Redemption

Sec. 28o. A redemption of the property sold may be made by the owner, or any party in interest, within four years from the date of the sale, or at any time thereafter before a deed has been made and delivered. Redemption must be made in lawful money of the United States; provided, however, that when redemption of such property shall be made more than one year after the sale provided for in section 28*l* of this act, an owner of such land, who is the holder of any bond or accrued interest coupon or warrant or other evidence of indebtedness issued by or assumed or agreed to be paid by said district, is authorized to apply the credit represented by such bond, accrued interest coupon, warrant or other evidence of indebtedness, together with the accrued interest on any such obligations, as a medium of exchange in the redemption of

Payment with bonds and coupons

such property in the manner and to the extent hereinafter specified.

Upon presentation and surrender to the treasurer of Riverside County of any such bond or accrued interest coupon or warrant or other evidence of indebtedness, or any of them, the treasurer shall issue to the holder a memorandum in writing in duplicate indicating the amount of credit represented by such bonds or accrued interest coupons or warrants or other evidences of indebtedness, or any of them, and the accrued interest thereon, which such holder is entitled to apply on such redemption.

"Redemption credit memorandum"

The credit memorandum herein provided for shall be designated "Redemption Credit Memorandum," and each such memorandum shall have printed clearly on the face thereof the words "Redemption Credit Memorandum."

The collector shall accept such redemption credit memorandum in lieu of lawful money for the redemption of such property in the manner and to the extent herein provided; provided, however, that such redemption credit memorandum shall be accepted for redemption as herein provided only for such portion of the amount required to redeem as shall be equal to or represented by the amount of taxes and assessments, together with penalties and interest thereon, levied or assessed at least eighteen months prior to the date of such redemption. Any balance due on such redemption may be paid in whole or in part in lawful money, or by the credit memorandum provided for in section 28½h of this act. The collector shall endorse upon such Redemption Credit Memorandum the amount of credit applied on such redemption and the balance, if any, not so applied, and retain one copy of said memorandum to be used in settling his accounts with the secretary and said treasurer.

The said treasurer shall accept such Redemption Credit Memorandum to the extent that the same has been applied upon such redemption in accordance with the provisions of this section, as the equivalent of money. Said treasurer shall thereupon cancel the bonds and coupons, warrants and other evidences of indebtedness for which such credit was given if the entire amount of the Redemption Credit Memorandum has been applied to such redemption, and in the event that only a portion of the credit has been applied, then said treasurer shall endorse upon the face of such bonds, or coupons or warrants or other evidences of indebtedness, the fact that the same and/or the accrued interest thereon have been paid to the extent of the credit so applied and return the bond, coupon, warrant, or other evidence of indebtedness so endorsed to the holder. If no part of the credit represented by such memorandum is applied to the redemption of property as herein provided, the treasurer shall, upon surrender of such credit memorandum, cancel the same, and deliver the bonds or coupons or warrants or evidences of indebtedness to the owner.

On receiving the certificate of sale, the county recorder must file it and make an entry in a book similar to that

required of the collector. On presentation of the receipt of the collector of the total amount of the redemption money, the recorder must mark the word "redeemed," the date and by whom redeemed on the certificate and on the margin of the book where the entry of the certificate is made. If the property is not redeemed within the time herein provided, the collector, or his successor, must make to the district a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person redeemed the property during the time allowed by law for its redemption. The title acquired by the district may be conveyed by deed, executed and acknowledged by the president and secretary of the board of trustees, or said property may be sold on contract, with deferred payments, similarly executed and acknowledged; provided, that authority so to convey or contract must be conferred by resolution of the board, entered in its minutes, fixing the price and terms at which such sale or contract may be made, and for the purpose of making such sales or contracts the district may employ an agent or agents; and provided, further, that property sold to the district for delinquent taxes may be redeemed as herein provided at any time before the district has disposed of the same.

Deed to district.

Plan for compromise, etc.

When any plan for compromise, payment or satisfaction or funding or refunding of any bonds, warrants or other evidences of indebtedness of said district shall have been approved at an election as provided in section 23 of this act, and such plan shall provide therefor, property deeded to the district for delinquent taxes may be leased for a term not exceeding ten years and the district as a part of such lease, or otherwise, may give options to purchase such property. The rentals under any lease, and the purchase price in any such option agreement or in any contract of sale, may be made payable in bonds and/or coupons of the Palo Verde Drainage District, Palo Verde Irrigation District, Palo Verde Joint Levee District of Riverside and Imperial counties, California, and/or bonds and coupons heretofore issued by Palo Verde Mutual Water Company. If any sentence, clause or phrase of this section is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this section.

Constitutionality.

SEC. 4 If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

Urgency.

SEC. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1, Article IV of the Constitution of the State of California, and shall take effect immediately.

The facts constituting such urgency are as follows:

The Palo Verde Irrigation District and the farmers living in said Palo Verde Irrigation District are in dire distress

financially. The lands therein have become greatly in arrears in the payment of taxes, and consequently the bonds of the Palo Verde Irrigation District, of the Palo Verde Drainage District, and of the Palo Verde Joint Levee District of Riverside and Imperial counties, California, are and have been delinquent for a considerable period of time. The great bulk of the property within said district is subject to tax liens of various kinds for delinquent taxes and unless extraordinary means are provided for the returning of such lands to the tax rolls, it will be impossible to farm in said district, and the levee, drains and irrigation system can not be kept up or operated, and the great bulk of the property owned by the farmers of said district will be deeded to the district for delinquent assessments and will be lost to the farmers in July of 1933, and danger to life, health and property will shortly exist.

The amendments to said act herein contained are necessary to accomplish the clearing of the titles to said property, to secure the payment of taxes, tolls and charges, to permit the resident farmers to retain possession of their lands and to continue farming and thus prevent the abandonment of the district and the property therein, and to preserve the property of such district and of such farmers and thereby to prevent the destruction of life, health and property.

CHAPTER 754.

An act to conserve the agricultural wealth of the State of California, and to prevent economic waste in the marketing of agricultural crops produced in the State of California, and in that behalf creating an Agricultural Prorate Commission; providing for the appointment of members of said commission, fixing the term of office of the members of said commission; prescribing the powers, duties and authority of said commission and the members thereof; providing for the institution of proration programs with respect to agricultural crops; providing for the enforcement of such programs; providing penalties for violation of such programs; providing for the creation of funds for the purposes of said act and providing for the collection thereof; and making an appropriation therefor.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Legislative declaration

SECTION 1. The unreasonable waste of agricultural wealth occasioned by the harvesting, preparation for market and delivery to market of greater quantities of agricultural commodities than are reasonably necessary to supply the demands of the market is opposed to the public interest and

the difficulty inherent in any attempt by individuals to correlate within a reasonable degree the supply of any agricultural commodity to current consumptive demands is creating chaotic economic conditions in certain agricultural areas of the State of such severity as to imperil the ability of agricultural producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase and increasing the tax burdens of other citizens for the same purposes. In the interest of the public welfare and general prosperity of the State, the unnecessary and unreasonable waste of agricultural wealth, hereinafter referred to as "agricultural waste," involved in the harvesting and/or preparation for and delivery to market of agricultural commodities for which there exists only a limited consumer demand should be eliminated while at the same time preserving to all agricultural producers an equality of opportunity in the available markets.

Avoidance of limitation

Notwithstanding anything in this act contained, if the legislative body conducting the proceedings, after the report or reports provided for herein have been filed and considered and prior to the adoption of the ordinance or resolution of intention in the proceeding, shall find by a four-fifths vote of all members thereof entered upon its minutes that the proposed project is feasible and that the lands to be assessed will be able to carry the burden of such proposed assessment, the limitations on the amounts of assessments herein provided may be exceeded and dispensed with both with respect to the limitation named with reference to the district as a whole and as to the limitation respecting individual specific assessments. In the event of such finding by said legislative body as in this paragraph provided none of the limitations upon the amounts of assessments in this act provided shall thereafter apply to any assessment or assessment proceedings thereafter had or taken; provided, however, that if at the hearing to be held under the provisions of sections 5 and 7 of this act, protests in writing are filed as provided in section 7 of this act by the owners (as defined in the act under which the acquisition and/or improvement proceedings are to be taken) of a majority in area of the lands to be assessed, such limitations can not be exceeded. A finding and determination by such legislative body that the limitations on assessments herein provided may be exceeded or dispensed with shall when made be final and conclusive upon all persons in the absence of actual fraud.

Stats 1931, p. 1372

SEC. 8. Section 11 of said act is hereby amended to read as follows:

Ratio of assessed value to true value

Sec. 11. The true value of lands as said words are used in this act shall be determined as prescribed in this section. The State Board of Equalization shall biennially determine the average assessed value of property as assessed for taxation for general county purposes in each county and city and county in the State for each one hundred dollars of true value of such property as determined by said Board of Equalization in accordance with a uniform basis or standard. The determination of said Board of Equalization as to the ratio of assessed value to true value hereunder shall be final and conclusive. On or before the first Monday in December of each even numbered year, beginning with the year 1932, said Board of Equalization shall notify the county clerk of each county in the State and the city clerk of each incorporated municipality by mail of the ratio of assessed value to true value in such county or in the county in which such municipality is situated, as the case may be, and such ratio shall be used for the purposes of this act for the two years beginning on the first day of January following such notification.

Failure of said Board of Equalization to mail such notice or of any such clerk to receive such notice shall not affect the

validity of any proceeding, but the proper ratio as herein prescribed shall be ascertained from said Board of Equalization by the legislative body conducting any such proceeding and used therein.

True value

To determine the true value of property for the purpose of this act, the assessed value of such property as shown on the last equalized assessment roll of the county or city and county in which such property is situated shall be divided by the amount of assessed value for each one hundred dollars of true value in said county or city and county as fixed or hereafter determined by said Board of Equalization, and the quotient so obtained carried to two decimal places, shall be multiplied by one hundred, and the result expressed in dollars shall be the true value of such property for the purposes hereof, except as hereinafter provided.

True value in municipalities

If the legislative body of any municipality desires to use the taxation assessment rolls of such municipality as a basis for computing the true value of lands as herein defined, said legislative body shall establish a correction factor for such use in the manner following, to wit: Said legislative body shall determine the total assessed valuation for municipal purposes of all taxable lands in the municipality as the same is shown upon the last equalized taxation assessment roll of said municipality, and the corresponding total assessed valuation of said lands in said municipality for county purposes as the same is shown upon the last equalized taxation assessment roll of the county in which said municipality is situated. The total amount of said valuation for municipal purposes shall be divided by the total amount of said valuation for county purposes and the quotient, expressed in decimals to two places, shall represent said correction factor. The determination of said correction factor by the legislative body shall be final and conclusive upon all persons, except in the case of actual fraud.

If a correction factor is established as herein provided, the standard or ratio of true value as established by the said Board of Equalization for each hundred dollars of assessed value in the county within which the municipality is situated shall be multiplied by said correction factor and the product of such multiplication shall be used in calculating true values as herein provided, in lieu of the said standard or ratio established by the State Board of Equalization.

"Assessment roll" etc., defined

Wherever the term "assessment roll" or "taxation assessment roll" are used in this act, they shall be deemed to mean the taxation assessment roll of the county or city and county whose legislative body is conducting the proceedings hereunder or in the case of municipal proceedings said terms shall be deemed to mean the assessment roll of the county in which the municipality is located unless a correction factor is established as herein provided in which event said terms shall refer to the taxation assessment rolls of the municipality whose legislative body is conducting proceedings hereunder.

Stats 1931, p. 1372.

SEC. 9. Section 12 of said act is hereby amended to read as follows:

Preparation of report.

Sec. 12. The legislative body of a county may require the county surveyor to procure and prepare the required information and report, and the legislative body of a city may require the city engineer or the superintendent of streets to procure and prepare the required information and report. In lieu of such county surveyor, city engineer or superintendent of streets, the legislative body of the city or county may employ any competent person to procure and prepare such information and report. If the improvement and/or acquisition is made, all or any part of the cost of the proceedings taken under this act may be included in the incidental expenses of such acquisition and/or improvement as a part of the amount for which special assessments may be levied or bonds payable by special assessments issued under the special statute under which the acquisition and/or improvement is made.

Stats 1931, p. 1372.

SEC. 10. Section 14 of said act is hereby amended to as follows:

All objections to the form, contents, validity or sufficiency of the report filed under section 5 hereof and all objections to the form, contents, validity or sufficiency of the notice of hearing given under section 6 hereof must be made in writing filed with the clerk of the legislative body at or before the time fixed for the hearing on the report provided for herein, and if not so made at such time shall be waived and no objection thereto may be made thereafter except in case of actual fraud. Any such objections shall be heard and considered and at such hearing such report may be amended in accordance with the facts, and the hearing had upon such report as so amended.

Hearing.

All objections or protests of every kind and nature relating to the validity of the proceedings had under this act, and not otherwise provided for herein, must be made in writing and filed in the manner and not later than the time at which protests or objections may be filed for the hearing designated in the resolution or ordinance of intention, and any protest or objection relating to the validity of the proceedings had under this act not made at such time and in such manner shall be waived and may not thereafter be urged, pleaded or raised in any action or proceeding, and the adoption of a resolution or ordinance finally ordering the acquisition or improvement shall be conclusive evidence that the proceedings prior thereto under this act are valid and sufficient.

Time for suit, etc.

Any action, suit or proceeding of any kind or nature in which the validity of any of the proceedings taken under the provisions of this act is questioned or attacked must be commenced within sixty days after the date of the adoption of the resolution or ordinance finally ordering the acquisition and/or improvement, and in case such action is not brought within said sixty days, then thereafter all persons whatsoever shall be barred in any action, suit or proceeding from plead-

ing, asserting or claiming that any of the proceedings under this act were defective, faulty or invalid in any respect.

In case the wholesaler, jobber, manufacturer or other party making such guaranty to said dealer resides without this State and it appears from the certificate of the Chief of the State Laboratory that such article or articles were adulterated, mislabeled or misbranded, within the meaning of this act or the National Pure Food and Drugs Act, approved June 30, 1906, the district attorney must forthwith notify the Attorney General of the United States of such violation. indebtedness, and the mode of creating such indebtedness has been by the proposed issuance of bonds of such municipal improvement district, the power to issue such bonds and all the acts and proceedings of such municipality and of the officers thereof leading up to and including the issuance and sale of such bonds, if such bonds have heretofore been issued and sold, and all acts and proceedings heretofore taken by the municipality or any officials thereof, if such bonds have not been issued and sold, are hereby legalized, ratified, confirmed and declared valid to all intents and purposes and bonds heretofore issued and sold are declared to be and shall be in the actual form in which such bonds have been issued the legal and binding obligations of and against such district, and the bonds heretofore authorized to be issued which may hereafter be issued and sold are declared to be and shall be the legal and binding obligations of and against such district; and the full faith and credit of such district is hereby pledged for the prompt payment and redemption of the principal and interest of all of said bonds.

The taxes herein required to be levied and collected shall be in addition to all other taxes levied for municipal purposes and shall be collected at the same time and in the same manner as other municipal taxes are collected and be used for no other purpose than for the payment of said bonds and the accruing interest thereon.

SEC. 4. This act shall not operate to legalize any bonds which have been sold for less than par nor to legalize any bonds the issuance of which has not received the assent of two-thirds of the qualified electors of such municipal improvement district voting at an election held for the purpose of determining whether such indebtedness should be incurred nor to legalize any bonds which mature at a date more than forty years from the time of their issuance

If the tax or assessment sought to be extinguished is in excess of the face value of the bond, coupon, warrant, check or other evidence of indebtedness of such public body presented, the indebtedness shall be satisfied to the extent of the instrument presented, satisfaction to be applied in the following order: first to penalty, then to interest or coupons due, and then on account of principal. If the face value of the bond, coupon or warrant presented is in excess of the total indebtedness, then credit may be given without interest thereon for any such excess on account of any subsequent but then undue liability of the tax or assessment payer presenting the same; no money or other consideration except such credit shall be given for any such excess, and any such excess which is over and above the total present and future liability of the tax or assessment payer shall be canceled.

Valid, outstanding and unpaid bonds, coupons, checks, warrants and other written evidences of indebtedness not yet due may also be used in payment of any tax or assessment of the kind herein specified, provided that the public body to which such payment is made shall not accept nor be required to accept any such bonds if the acceptance thereof shall effect any impairment of the rights or obligations of the public

body issuing any such bond, coupon, check, warrant or other written evidence of indebtedness or of any holder thereof or of any person, firm or corporation owning any property subject to the lien, if any, of such bond, coupon, warrant, check or other evidence of indebtedness.

Construction of act

SEC. 4. If all or any portion of this act shall be finally determined by any court having jurisdiction so to do to be inapplicable under any of the terms of any assessment or improvement district act or other law, this shall not affect its applicability or validity as to any other act or bonds, coupons, warrants, checks or other written evidences of indebtedness issued thereunder.

Constitutionality.

SEC. 5. If any article, section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. CHAPTER 761.

An act to provide for the aid and relief of indigents.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Care of indigents a county charge.

SECTION 1. Every county and every city and county shall aid and relieve all able-bodied indigent persons and those indigents incapacitated by age, disease or accident, when such indigent persons are residents of the county, and are not supported and relieved by their relatives or friends or by public or private institutions. Work may be required of an able-bodied indigent as a condition of relief. Such work shall be created for the purpose of keeping the indigent from idleness and assisting in his rehabilitation and the preservation of his self-respect.

Kindred must support indigents.

SEC. 2. If any indigent has living within this State a spouse, parent or adult child, and such kindred or any of them, or any group of them have sufficient financial ability to support said indigent, such indigent shall not be eligible for aid under this act, except such emergency aid as may be extended hereunder pending a determination of responsibility for his support. Upon failure of such kindred to support the indigent, the county may extend aid and such kindred in the order above named and to the extent of such ability shall reimburse the county or city and county for support of such indigent by paying to such county or city and county the sums per month or per day fixed by the board of supervisors for such aid. In any case where such kindred are unable to pay the entire charge for such support, they shall reimburse the county to such an extent as may be determined under the provisions of this section.

The board of supervisors shall, in the case of aid granted by institutional care, fix a reasonable charge therefor, which shall be the measure of reimbursement to the county, and the existence of the order fixing the charge shall constitute prima facie evidence of its reasonableness.

Action against kindred

SEC. 3. Upon failure on the part of the kindred, referred to in section 2 hereof, to perform their duty to support the indigent, the board of supervisors shall request the district attorney of the county to proceed against such kindred in the order of their responsibility for support. Upon such request the district attorney shall promptly commence and prosecute proceedings for the ascertainment and enforcement of the liability and responsibility of the kindred.

Court proceedings

SEC. 4. Such proceedings shall be begun by filing in the name of the county a petition verified in the manner of a complaint praying that the responsibility and liability of the named kindred be ascertained, and that an order be made accordingly. The provisions of Titles I to IX, inclusive, of Part II of the Code of Civil Procedure shall apply to the proceedings in such action and the court shall therein determine the liability, if any, of each of the kindred for such support. The court shall, in such action, ascertain the financial ability of the defendants and each of them, and unless it finds that a defendant is unable to pay any sum for support, either because of lack of sufficient funds or because such payment would result in the probability of said defendant becoming at some future time a public charge, the court shall order each defendant to pay to the county or city and county a proper proportion, if any, of his liability for the support of the indigent. In no case where any one or more of the kindred has or have sufficient financial ability to support the indigent shall a relative beyond him or them in the order named in section 2 be ordered to pay any portion of the support. The order of the court shall specify that a given sum shall be payable monthly in advance to the board of supervisors or its designated social agency for the entire or partial maintenance of the defendant's

Court order.

indigent relative in accordance with the defendant's financial ability.

Enforcement of order

SEC. 5. In any case where a person so ordered to make such payments fails so to do, the court may by order require him to show cause for such failure and may otherwise enforce its order to make such payments by such order or orders as in its discretion it from time to time deems necessary, and such order or orders may be modified, altered or revoked at the discretion of the court.

Rules for granting support

SEC. 6. The board of supervisors of any county or city and county may establish its own policies with reference to the amount of property, if any, a person shall be permitted to have while receiving public assistance, to the end that in so far as it is possible an applicant for public relief shall be required to apply his own property to his support.

County has claim against property of indigent.

SEC. 7. In any case where a person for the support of whom public moneys have been expended acquires property, the county shall have a claim against such person to the amount of a reasonable charge for moneys so expended and such claim shall be enforced by action against such person by the district attorney of the county on request of the board of supervisors. In a proper case therefor the district attorney shall apply to the proper court for the appointment of a guardian of the person or estate, or both, of the indigent. The support out of public funds of such indigent shall be deemed a ground for sale or encumbering of his property under the provisions of section 1530 of the Probate Code.

Appointment of guardian

No fee shall be charged by any public officer for the filing of any such petition or for any official act done or necessary in the course thereof, except that a county employee acting as such a guardian shall be entitled to such costs therefor as will reimburse him in full for moneys advanced by him in such guardianship.

Where a county officer or employee is appointed and acts as such a guardian, the board of supervisors may by resolution order that expenses necessary in the conduct of the guardianship and any necessary premiums on the bond of the guardian shall be advanced by the county or city and county to such guardian, and such expenses shall be a charge against the county or city and county, but the county or city and county shall be reimbursed out of any funds or property of the estate of the ward.

Payment of support.

SEC. 8. From the proceeds of a sale or encumbrance of the property of such ward, or from such funds as may be collected from the property of the ward, there shall be paid to the county or city and county the expense of the support of the ward prior to collection, together with the subsequent expense of such support.

Security for payment of support.

SEC. 9. As a condition to the grant or continuation of aid to an indigent the board of supervisors may require as security for the moneys so expended that the applicant trans-

fer or grant to it such property or interest in property as the applicant may have, or such portion thereof or estate therein or lien thereon as the board may specify. Such property shall be managed by the board of supervisors and the net income thereof shall be applied to the reimbursement of the county for the aid granted and any surplus in excess of such reimbursement shall be paid to the indigent. In the case of any estate, interest, or lien in such property held by the board, or any right of management transferred thereto, the board shall have all the powers of an attorney in fact for the indigent as to such estate, interest, or lien and may sell, lease or transfer the same, defend and prosecute all suits concerning it, pay all just claims against it and be reimbursed out of the proceeds, and do all things necessary for the protection, preservation and management thereof. Any such estate, interest or lien shall be held by the board subject to the claim of the county for reimbursement for aid granted to the applicant or for moneys expended in its management, preservation or protection, and such reimbursement shall constitute a preferred claim against such estate, interest or lien.

Requirements for aid.

SEC. 10. (a) Subject to the provisions of this chapter, a person, in order to be entitled to aid, must be a resident of the State of California and of the county wherein application is made. In determining the place of residence for purposes of relief the following rules are to be observed:

Residence.

1. It is the place where one remains when not called elsewhere for labor or other special or temporary purpose, and to which he returns in seasons of repose.

2. The residence of the father, while he has legal custody of the minor, or in case he has not such legal custody, the residence of the mother while she remains unmarried and has the legal custody of the minor, is the residence of the unmarried minor child, and the residence of an orphan is that of the last deceased person who had his legal custody. The residence of a dependent child who has been declared free from the custody and control of his parent or parents, by order of the juvenile court, is not changed by change of the residence of the parent or parents.

3. The residence of the husband is the residence of the wife.

4. A person shall be deemed a resident of the State of California within the meaning of this act:

A. Who shall have lived continuously in the State for a period of three years with the intent to make it his home.

B. Who during the three-year period aforementioned shall not have received any public or private relief or support from friends, charitable organizations or relatives other than from legally responsible relatives; but the time spent in a public institution or on parole therefrom shall not be counted in determining the matter of residence in this or another State.

C. Who has not lost his residence by remaining away from this State for an uninterrupted period of one year, except in

the case of one called elsewhere for labor or other special or temporary purpose.

(b) A person who is a resident of California within the meaning of this act shall be deemed a lawful resident of the county wherein he applies for aid if he has resided therein continuously for one year immediately preceding his application for assistance. In case the applicant has no such residence, the county wherein he last resided continuously for one year immediately preceding his application shall be responsible for his support. In case the applicant has no such year's residence within three years preceding application, that county shall be responsible for his support wherein he was present for the longest time during the said three-year period. But the time spent in a public institution or on parole therefrom or in a private charitable institution shall not in any case be counted in determining the matter of county residence.

(c) Every county or city and county may give such emergency relief to dependent nonresidents as the respective boards of supervisors may deem necessary.

(d) A county may incur all necessary expenses in transporting a nonresident indigent to another State or county when information at hand reasonably tends to show that such person has a legal residence in such State or county, unless other funds are available for such purpose.

(e) Whenever the respective boards of supervisors deem it best for the welfare of a family or in the public interest that an indigent remain in a county not responsible for his support, the county responsible for the support of the indigent may agree to support such indigent in the county not so responsible; provided, however, that no such indigent may in this manner be deemed to have acquired a residence in said nonresponsible county. Such agreement shall be made by the responsible county with the nonresponsible county, and a record or copy thereof shall be sent to and filed in the office of the State Department of Social Welfare.

(f) In case of a dispute between counties as to the responsibility for an indigent, either county may submit the dispute to the State Department of Social Welfare. The decision of the department thereon shall be final.

Investigation of application.

SEC. 11. It shall be the duty of the board of supervisors of every county and every city and county as a whole, or by committee or by such person or society as it may authorize, to investigate every application for relief from the funds of such county or city and county, to supervise by periodic visitation every person receiving such relief, to devise ways and means for bringing persons unable to maintain themselves to self-support and to keep full and complete records of such investigation, supervision, relief and rehabilitation as shall be prescribed by the State Department of Social Welfare. Such records shall be confidential and shall not be open to examination or inspection except by a board or an officer of the State or the county charged with the supervision or direction

Records confidential

of such relief or with the control or expenditure of funds applicable to such relief or by the grand jury of such county; provided, however, that any citizen shall be entitled to demand and receive from the board, officer, committee, person or society having custody of such records a statement of the amount, character and value of the relief received by any person.

Penalty

SEC. 12. Every person, firm or corporation, or officers or agents thereof, bringing into or assisting in bringing into the State of California any indigent person as described in this act, who is not a resident of the State of California, knowing him to be an indigent person, shall be guilty of a misdemeanor.

Stats 1901, p. 636, repealed.

SEC. 13. An act entitled "An act to provide for the maintenance and support, in certain cases of indigent, incompetent and incapacitated persons (other than persons adjudged insane and confined within State hospitals), becoming a public charge upon the counties or cities and counties within the State of California, and for the payment thereof into a fund for the maintenance and support of such persons," approved March 23, 1901, is hereby repealed.

CHAPTER 763.

An act to amend sections 869, 925, and 1017 of the Penal Code, relating to the duties of official reporters.

[Approved by the Governor June 5, 1933 In effect August 21, 1933]

The people of the State of California do enact as follows:

Stats 1927, p. 1150

SECTION 1. Section 869 of the Penal Code is hereby amended to read as follows:

Testimony to be reported

869. The testimony of each witness in cases of homicide must be reduced to writing, as a deposition, by the magistrate, or under his direction, and in other cases upon the demand of the prosecuting attorney, or the defendant or his counsel. The magistrate before whom the examination is had may, in his discretion, order the testimony and proceedings to be taken down in shorthand in all examinations herein mentioned, and for that purpose he may appoint a shorthand reporter. The deposition or testimony of the witness must be authenticated in the following form:

Transcript authenticated

First—It must state the name of the witness, his place of residence, and his business or profession.

Second—It must contain the questions put to the witness and his answers thereto, each answer being distinctly read to him as it is taken down, and being corrected or added to until it conforms to what he declares is the truth, except in cases where the testimony is taken down in shorthand, the answer or answers of the witness need not be read to him.

Third—If a question put be objected to on either side and overruled, or the witness declines answering it, that fact, with the ground on which the question was overruled or the answer declined, must be stated.

Fourth—The deposition must be signed by the witness, or if he refuses to sign it, his reason for refusing must be stated in writing, as he gives it, except in cases where the deposition is taken down in shorthand, it need not be signed by the witness.

Fifth—The reporter shall, within ten days after the close of such examination, if the defendant be held to answer the charge, transcribe his said shorthand notes, making an original and as many copies thereof as there are defendants (other than fictitious defendants), regardless of the number of charges or fictitious defendants included in the same examination and certify and file both said original and copy with the county clerk of the county, or city and county, in which the defendant was examined. The reporter shall, before receiving any compensation as such reporter, file with the auditor of the county his affidavit setting forth that said transcriptions have been filed with said county clerk within the time herein provided for. The compensation of the reporter for any services rendered by him as such reporter in any court of this State shall be reduced one-half if the provisions of this section as to the time of filing said transcript have not been complied with by him.

Sixth—In every case in which a transcript is filed as provided in this section, the county clerk shall deliver the original of said transcript so filed with him to the district attorney immediately upon his receipt thereof and shall deliver a copy of said transcript to each defendant (other than a fictitious defendant) at least five days before trial or upon earlier demand by him without cost to him; provided, however, that if any defendant be held to answer to two or more charges upon the same examination and thereafter the district attorney shall file separate informations upon said several charges, the delivery to each such defendant of one copy of the transcript of said examination shall be a compliance with this section as to all of said informations.

Seventh—If said transcript is filed within the time hereinbefore provided for, the reporter shall be entitled to receive the compensation fixed and allowed by law to reporters in the superior courts of this State.

SEC. 2. Section 925 of the Penal Code is hereby amended to read as follows: Stats. 1929, p. 652.

925. The grand jury may, at all times, ask the advice of the court, or the judge thereof, or of the district attorney; but unless such advice is asked, the judge of the court must not be present during the sessions of the grand jury. The district attorney of the county may at all times appear before the grand jury for the purpose of giving information or advice relative to any matter cognizable by them, and may Grand jury. Who may be present

interrogate witnesses before them whenever he thinks it necessary; except that when a charge against or involving the district attorney, or assistant district attorney, or deputy district attorney, or any one employed by or connected with the office of the district attorney is being investigated by the grand jury, such district attorney, or assistant district attorney, or deputy district attorney, or either or any of them, shall not be allowed to be present before such grand jury when such charge is being investigated, in an official capacity but only as a witness, and he shall only be present while a witness and after his appearance as such witness must leave the place where the said grand jury is holding its session. The attorney general is empowered when requested so to do by the grand jury of any county or city and county, to employ special counsel and special investigators, whose duty it shall be to investigate and present the evidence in such investigation to the said grand jury of such county or city and county.

The services of such special counsel and special investigators shall be a county charge of such county or city and county.

Reporter

The grand jury, whenever criminal causes are being investigated before them, must appoint a competent stenographic reporter to be sworn and to report the testimony that may be given in such cases in short hand, and to transcribe the same in all cases where an indictment is returned. If an indictment has been found against a defendant, the said reporter shall, within ten days thereafter, unless the court for good cause shall make an order extending the time, which time shall not be extended more than twenty days, certify and file with the county clerk an original transcription of his shorthand notes and as many copies as there are defendants (other than fictitious defendants), regardless of the number of charges or fictitious defendants included in the same investigation. The county clerk shall deliver the original of said transcript so filed with him to the district attorney immediately upon his receipt thereof and shall deliver a copy of said transcript upon each such defendant or his attorney, provided, that if the copy of the testimony shall not be served as herein provided the court shall on motion of the defendant continue the trial to such time as may be necessary to secure to the defendant receipt of a copy of such testimony ten days before such trial. The county clerk shall not exhibit said transcript to any person other than the district attorney nor divulge any of the contents thereof until after the defendant is in custody. If several criminal charges be investigated against a defendant on one investigation and thereafter separate indictments are returned upon said several charges, the delivery to said defendant or his attorney of one copy of the transcript of said investigation shall be a compliance with this section as to all of said indictments.

Compensation of reporter

The reporter shall draw no salary or fees from the county for preparing said transcript in any case until all such tran-

scripts of testimony in said case so taken by him are written up and delivered. Before making the order for payment to the reporter as hereinafter set forth, the judge of the superior court shall require the reporter to show by affidavit or otherwise that he has written up and delivered all testimony taken by him, in accordance with this section. The services of such stenographic reporter shall constitute a charge against the county, and such stenographic reporter shall be compensated for reporting and transcribing at the same rates as prescribed in section 274, Code of Civil Procedure, to be paid out of the county treasury on a warrant of the county auditor when ordered by the judge of the superior court. No person other than those specified in this and the succeeding section is permitted to be present during the session of the grand jury except the members and witnesses actually under examination, and no person must be permitted to be present during the expression of their opinions, or giving their votes upon any matter before them. The grand jury or district attorney may require by subpena the attendance of any person before the grand jury as interpreter, and such interpreter may, while his services are necessary, be present at the examination of witnesses before the grand jury. The compensation for services of such interpreter constitutes a charge against the county, and shall be fixed by the grand jury, in an amount not to exceed ten dollars a day and paid out of the county treasury on a warrant of the county auditor upon an order of the judge of the superior court.

SEC. 3. Section 1017 of the Penal Code is hereby amended to read as follows: Stats 1927, p 1148

1017. Every plea must be oral, and entered upon the minutes of the court in substantially the following form, but shall not be taken down in shorthand by the official reporter unless so ordered by the court: Pleas

1. If the defendant plead guilty: "The defendant pleads that he is guilty of the offense charged"

2. If he plead not guilty: "The defendant pleads that he is not guilty of the offense charged."

3. If he plead a former conviction or acquittal: "The defendant pleads that he has already been convicted (or acquitted) of the offense charged, by the judgment of the court of ------ (naming it), rendered at ------ (naming the place), on the ------ day of ------."

4. If he plead once in jeopardy: "The defendant pleads that he has been once in jeopardy for the offense charged (specifying the time, place, and court)."

5. If he plead not guilty by reason of insanity: "The defendant pleads that he is not guilty of the offense charged because he was insane at the time that he is alleged to have committed the unlawful act."

CHAPTER 764.

Stats. 1895, p 115, amended

An act to amend section 1 of an act entitled "An act to provide for the disincorporation of municipal corporations of the sixth class," approved March 26, 1895, as amended, relating to the procedure necessary for such disincorporation.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Stats. 1899, p 13.

SECTION 1. Section 1 of the act cited in the title hereof is hereby amended to read as follows:

Disincorporation Procedure.

Section 1. A municipal corporation of the sixth class may disincorporate after proceedings had as required in this section.

The council, board of trustees, or other legislative body of such corporation shall, upon receiving a petition therefor, signed by not less than twenty per cent of the qualified electors thereof, as of the date of the last general State election, submit to the electors of such corporation the question whether such municipal corporation shall disincorporate.

Election.

Such question shall be submitted at a special election to be held for that purpose, and such legislative body shall give notice thereof by publication in a newspaper printed or published in such corporation, or if there is no newspaper published in said corporation, then in some newspaper published in the county in which said corporation is situated, for a period of thirty days prior to such election. Said notice shall state that the question of disincorporating said corporation will be submitted to the legal voters of the same at the time appointed for such election, and the electors shall be invited thereby to vote upon such proposition by placing upon their ballots the cross, as specified by law, after the words "For disincorporation," or "Against disincorporation." Such legislative body shall also designate in said notice the place or places at which the polls will be open in said municipal corporation; and shall also appoint and designate in such notice the names of the officers of election. The vote at said election shall be taken, canvassed, and returned in the same manner as in other municipal elections. Such legislative body shall meet on the Monday next succeeding the day of such election and proceed to canvass the votes cast thereat. If it is found by the canvass of said votes that less than a majority of the votes cast were in favor of disincorporation, such legislative body shall declare the petition for disincorporation denied, in which case no new election shall be held on the question of disincorporating the corporation involved in said petition and vote until after the expiration of two years from date of the election so held. In case it shall appear from said canvass that a majority of all the votes cast were in favor

of disincorporation, said legislative body shall, under their hands, make and file in their office, and cause to be entered upon their record of proceedings, an order that the petition for such disincorporation be granted, and declaring that such corporation be disincorporated; said order to take effect at the time hereinafter provided.

Duty of legislative body.

Said legislative body shall, in case said corporation is so disincorporated, forthwith cause their clerk, or other officer performing the duties of clerk, by an order entered in their minutes, to make and transmit to the Secretary of State and board of supervisors of the county in which said corporation is situated, a certified copy and abstract of the notice of election hereinbefore provided for, the whole number of electors voting for said disincorporation, and the number of electors voting against said disincorporation.

Thirty days from and after the holding of the election, in case a majority of the said votes were cast in favor of said disincorporation, said municipal corporation shall be thereafter disincorporated.

Indebtedness.

Said legislative body shall forthwith, after ascertaining by said canvass that said disincorporation has been carried, determine the amount of the indebtedness of said municipal corporation, the amount of money in the treasury thereof, and the amount of any tax levy made by said corporation unpaid or not due, and all other indebtedness due or coming due to said corporation, and within thirty days from the date of said election shall transmit a certified statement of said amount to the board of supervisors of the county in which said municipal corporation is situated; and the treasurer of said corporation shall, before the expiration of said thirty days, turn over to the treasurer of said county all moneys of said municipal corporation in his possession, and said county treasurer shall place said moneys in a special fund, to be drawn upon as hereinafter provided for. Upon the disincorporation of said municipal corporation, every public officer of said corporation shall immediately turn over to the board of supervisors of the county in which said corporation is situated all public property of every nature and description in their possession; provided, however, that all court records of the city court of the said municipal corporation shall be retained by the justice of the peace of the township, who shall have authority to execute and complete all unfinished business standing on the same.

Officers to turn over property

Nothing contained in this act shall be held to relieve said municipal corporation, or the territory included within it, from any liability for any debt contracted by such municipal corporation prior to its disincorporation. All warrants for said indebtedness shall be drawn by the board of supervisors of the county in which said municipal corporation is situated, on the fund hereinabove provided for in the county treasury. If, at the time of said disincorporation, a tax shall have been levied by said municipal corporation, and remains uncollected,

it shall be the duty of the tax collector of the county in which said municipal corporation was situated to collect said tax when due, and pay the same into the county treasury. All property upon which any municipal tax has been levied and the same has become delinquent, either before or after the date of such disincorporation, and all property sold for any tax levied by said municipal corporation, may be redeemed by any party interested, by the payment to the county treasurer, upon the estimates of the auditor, of the money that would have been necessary to redeem such property, had said city not disincorporated. All moneys paid into the county treasury under the provisions of this act shall be placed to the credit of the special fund hereinbefore provided for.

Tax levy if not sufficient money

If, at any time after the disincorporation of such municipal corporation, it should be found that there is not sufficient money in the treasury to the credit of the fund hereinabove provided for, with which to pay any indebtedness of said municipal corporation, the board of supervisors of said county shall have the power, and it shall be their duty to levy, and there shall be collected from the territory formerly included within said municipal corporation, a tax or taxes sufficient in amount to pay the said indebtedness of said municipal corporation, as the same shall become due; such tax or taxes, assessments, and collections, shall be made in the same manner and at the same time that other taxes of said county are levied and collected, and shall be an additional tax upon the property included within said territory for the payment of said debts. If, after payment of the debts of said municipal corporation, there shall remain any surplus in the hands of said county treasurer to the credit of the fund hereinbefore mentioned, the money so remaining shall be transferred to the school fund of the districts or district covered by said municipal corporation.

[Approved by the Governor June 5, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the act cited in the title hereof is hereby amended to read as follows:

Stats. 1927, p. 1562.

SEC. 2. (a) All money now or hereafter available under any law of this State for the acquisition of rights of way for, or the construction, maintenance, repair, widening, resurfacing, reconstruction or improvement of State highways or for the maintenance, repair, widening, resurfacing and reconstruction of roads and highways in State parks, other than money authorized by law to be deposited in the State highway general fund, shall be deposited in a "State highway fund," which fund is hereby created, and the moneys in said fund shall be allocated and expended as provided in this act. Said State highway fund is the successor to the State highway maintenance fund and the State highway construction fund, and all moneys in said funds shall, on the effective date of this act, be transferred to said State highway fund.

(b) The Department of Public Works is hereby authorized and directed to expend of all said money available each year in the State highway fund such proportion thereof as the California Highway Commission determines is necessary for:

Use of money.

(1) General administration purposes;

(2) For maintenance of all State highways, including all traversable highways on authorized State highway routes; and

(3) For the maintenance of highways in State parks.

(c) A traversable State highway shall be construed to mean any existing travelable road or highway between the termini of and approximately on the route of any authorized State highway.

(d) The term "maintenance" shall include the preservation and keeping of rights of way and each type of roadway, structure and facility in the safe and usable condition to which it has been improved or constructed but shall not include reconstruction or other improvement. Maintenance shall also include necessary provision for special safety conveniences and devices; general utility services such as roadside planting, also special or emergency maintenance or repair necessitated by accidents or by storms or other weather conditions, slides, settlements or other unusual or unexpected damage to a roadway, structure or facility. The Department of Public Works and the California Highway Commission shall be limited in expenditures for general administration and maintenance to an amount not exceeding the net revenue derived from one cent per gallon tax on motor vehicle fuel.

(e) All money in the State highway fund not expended for general administration purposes or for maintenance shall be expended for the purposes and in the manner hereinafter specified.

Stats 1927, p 1562

SEC. 2. Section 3 of said act is hereby amended to read as follows:

Allocation of money

Sec. 3. All money in the State highway fund, except such portions thereof as are expended for general administration purposes and for maintenance of State highways, including traversable State highways and highways in State parks, shall be allocated and expended as follows:

(a) One-half thereof shall be allocated to and expended upon primary State highways, and the annual expenditures thereof shall be made within each group of counties enumerated in section 4 of this act in amounts which shall bear the same proportion to the total amount so available during the current year as the number of miles of primary State highways within each group bears to the total number of miles of primary State highways; the remaining one-half of said amount so available shall be expended upon the secondary State highways in the State highway system, and the total annual expenditures thereof shall be made one-half thereof in each of the groups of counties enumerated in section 4 of this act; provided, that not to exceed four per cent of the money hereby allocated to the secondary highways in a particular group may be used and expended as State aid to joint highway districts within such group in accordance with the laws pertaining to the financing of highways within joint highway districts.

(b) In the event the California Highway Commission shall determine at any time that the money hereby allocated to the primary highways in either group of counties designated in this act is larger than necessary for the purpose of adequately meeting traffic requirements, then on the authorization of said commission, the Department of Public Works may expend not more than fifty per cent of the money so

allocated to the primary highways in such group of counties upon the secondary highways in such group of counties. Allocation of money

Provided further, that in the event the California Highway Commission shall determine at any time that the cost of constructing, reconstructing, widening or improving the primary highways in either group of counties designated in this act is greater than can be met by the money hereby allocated to such primary highways, then on the authorization of said commission, the Department of Public Works may expend not more than fifty per cent of the money hereby allocated to the secondary highways in such group of counties upon the primary highways in such group of counties.

(c) As a further flexible provision with respect to the expenditure of primary and secondary money it is further provided that the Department of Public Works in constructing, reconstructing, widening, improving or maintaining routes within municipalities, as hereinafter provided, within a particular group of counties designated in this act, may on the authorization of the California Highway Commission expend for said purposes money allocated to either the primary or secondary highways in such group of counties.

(d) Except as otherwise permitted hereunder, any annual or biennial balances remaining unexpended to the credit of any group of counties shall remain credited to the particular group of counties to which it is allocated as above set forth.

(e) In apportioning the expenditures of money as required by this act, there shall be excluded from the computations of moneys expended any sums contributed by any city, city and county, county, or from any other source, to pay a portion of the cost of constructing, reconstructing, widening or improving any State road or highway.

(f) The money hereinabove allocated to primary and secondary State highways, respectively, and the amounts available therefor each year shall be expended by the Department of Public Works in acquiring the necessary rights of way for and in constructing, reconstructing, widening or improving to standards justified by traffic requirements, and on the most direct and practicable routes as determined by the California Highway Commission, the primary and secondary State highways, respectively, in the State highway system and for the construction, maintenance and improvement of highways in State parks subject to the approval of the official or officials charged by law with the management and control of such parks.

(g) All the money hereby allocated to and available for expenditure upon primary State highways in county group No. 1 shall be subject to the appropriation made by Chapter 5, Statutes of 1933, and all the money hereby allocated to and available for expenditure upon either primary or secondary State highways in county group No. 1 shall be subject to the appropriation made by Chapter 9, Statutes of 1933.

Accounts

(h) The Department of Public Works shall set up and keep such accounts as may be necessary to show all expenditures from the State highway fund for the several purposes authorized and required by this act, and shall make and keep on file in the office of the Director of Public Works an annual statement showing all such expenditures from said fund.

(i) All money withdrawn from said "State highway fund" shall be upon warrants drawn by the State Controller upon demands made by the Department of Public Works, and audited as provided by law; provided, however, that the Department of Public Works may, without at the time furnishing vouchers and itemized statements, withdraw from the State highway fund a sum not to exceed five hundred thousand dollars. The sum or sums so withdrawn may be used as a revolving fund where cash advances are necessary.

Revolving fund.

Expenditures within cities.

(j) The Department of Public Works shall annually expend from the State highway fund an amount equal to one-quarter of one cent per gallon tax on motor vehicle fuel, after the proportionate payments therefrom into the "Fuel tax enforcement fund" and after the proportionate refunds shall have been made, within the incorporated cities and cities organized under freeholder charters, and any city and county in this State, for the purposes specified in this section and in section 5 of this act, and such expenditures shall be made within each such city or city and county within the State in the proportion that the total population in each city or city and county bears to the total population in all such cities in this State. For the purpose of this section the population in each city or city and county is declared to be that determined by the last preceding Federal census.

The expenditure of the money hereby allocated to each incorporated and charter city or city and county shall, in the discretion of the Department of Public Works, be made first for the acquisition of rights of way for, or the construction or maintenance or improvement of State highways or portions thereof within such city.

In the event that the amount of money allocated to any one incorporated or charter city or city and county is greater than is necessary to adequately maintain and improve to adequate standard all State highways within such city, then any surplus amount accruing to such city shall be expended for the acquisition of rights of way, or the construction, or maintenance or improvement of other streets of major importance within such city as may be agreed upon by the Department of Public Works and the legislative body of such city.

With respect to any expenditure within an incorporated or charter city or city and county herein authorized, the Department of Public Works may delegate any such expenditure to the legislative body of such city when and if said department is satisfied that such city is equipped to conduct such acquisition or construction or maintenance or improvement work in an efficient and economic manner.

The legislative body of any incorporated or charter city or city and county may authorize the accumulation of funds accruing to it over a period of years, or authorize the advancement of moneys to accrue to such city over a period of years to permit the accomplishment of a major project in its entirety. No such accumulation or advancement of funds shall be made without the approval of the Department of Public Works.

The legislative body of any incorporated or charter city or city and county may authorize the allocation and expenditure by the Department of Public Works of any money accruing to such city hereunder upon any State or other major street or highway outside the limits of such city. The provisions of this section shall be construed as a guaranty for the expenditure of not less than the amounts herein provided within each city or city and county, but shall not be deemed to prevent the expenditure of any larger amount by the Department of Public Works upon any State highways or portions thereof lying within an incorporated city or city organized under freeholder charters, or city and county in this State, as provided in section 5 of this act.

SEC. 3. Section 5 of said act is hereby amended to read as follows: Stats 1927, p 1562

Sec. 5. The California Highway Commission shall have jurisdiction and authority as provided in this section with respect to any State highway lying within any municipality as specifically described by law, also with respect to a State highway, the natural course of which runs or passes into or through any municipality or contiguous municipalities. Unless any such route or routes within a municipality is specifically described by law it shall be the duty of the highway commission to designate and to determine the location of connecting portions either through or around the municipality as the commission may determine will be of the greatest benefit to through traffic and the said commission shall determine such connecting portions with respect to all State highways, the natural course of which runs or passes into or through any municipality. Jurisdiction of Highway Commission

The Department of Public Works is hereby authorized to acquire the necessary land or rights of way by purchase, condemnation or donation for any said highway or the legislative body of the municipality may acquire the necessary land or rights of way by purchase, condemnation or donation and title to any said land or right of way may be taken in the name of the State or in the name of the municipality. Acquisition and construction.

The Department of Public Works is hereby authorized to construct, reconstruct, widen, otherwise improve or maintain any such highway within a municipality or upon the allocation of any funds by the California Highway Commission for any said purpose the director of the Department of Public Works may as he shall deem expedient enter into a cooperative agreement with such municipality for the performance of any such work by the State or by such municipality or for the division

of the cost thereof as between the State and such municipality. All work performed under the provisions of this section shall be approved by the Director of Public Works.

The Director of Public Works may delegate to any such municipality all or any part of the powers and jurisdiction vested by law in him or in the Department of Public Works over and in respect to all or any section of any such State highway within such municipality.

New section

SEC. 4. Said act is hereby amended by adding thereto a new section to be numbered 6, to read as follows:

Width of highways

Sec. 6. The minimum permissible width of right of way for all State highways shall be eighty feet, except as otherwise provided in section 2320 of the Political Code; and provided, further, that the Department of Public Works may maintain any traversable State highway having a lesser width of right of way but shall not expend any money thereon for construction, reconstruction or other major improvement, except for bridges or approaches thereto, until the width of right of way is at least eighty feet; and provided further, that the provisions of section 2620 of the Political Code in respect to State highways shall not apply to such highways within municipalities.

tions for the location of the lines, plants, or systems affected as to it may seem just and reasonable.

(b) No public utility of a class specified in subsection (a) hereof shall henceforth exercise any right or privilege under any franchise or permit hereafter granted, or under any franchise or permit heretofore granted but not heretofore actually exercised, or the exercise of which has been suspended for more than one year, without first having obtained from the commission a certificate that public convenience and necessity require the exercise of such right or privilege; provided, that when the commission shall find, after hearing, that a public utility has heretofore begun actual construction work and is prosecuting such work, in good faith, uninterruptedly and with reasonable diligence in proportion to the magnitude of the undertaking, under any franchise or permit heretofore granted but not heretofore actually exercised, such public utility may proceed, under such rules and regulations as the commission may prescribe, to the completion of such work, and may, after such completion, exercise such right or privilege; and provided further, that this section shall not be construed to validate any right or privilege now invalid or hereafter becoming invalid under any law of this State.

Hearing and order

The commission shall have power, after hearing, to issue said certificate, as prayed for, or to refuse to issue the same or to issue it for the construction of a portion only of the contemplated street railroad line, plant or system, or extension thereof, or for the partial exercise only of said right or privilege, and may attach to the exercise of the rights granted by said certificate such terms and conditions, including provisions for the acquisition by the public of such franchise or permit and all rights acquired thereunder and all works constructed or maintained by authority thereof, as in its judgment the public convenience and necessity may require. Any right, privilege, franchise or permit held, owned or obtained by any such person or corporation for the operation of vessels between points in this State may be sold, assigned, leased, transferred or inherited as other property, only upon authorization by the Railroad Commission, and the commission may at any time for a good cause suspend, and upon

notice to the grantee of any certificate or operative right and opportunity to be heard revoke, alter or amend any certificate or operative right issued or existing under the provisions of this subsection.

Purpose and effect of section.

(e) The Legislature hereby declares that the provisions of this section are being enacted under the State's reserved power over public utilities or corporations, or both, as the case may be, for the purpose of acting on the right of the grantee of a public utility franchise granted by a county, city and county or incorporated city or town, to exercise rights thereunder, and not for the purpose of acting on the right of any city and county or incorporated city or town to grant any such franchise. The Legislature hereby declares that the provisions of this section shall be and remain in full force and effect concurrently with the right of any city and county or incorporated city or town to grant franchises for public utilities upon the terms and conditions and in the manner prescribed by law

The Railroad Commission shall have power, with or without hearing, to issue such certificate, or to refuse to issue the same, or to issue it for the partial exercise only of the privilege sought, and may attach to its order granting such certificate such terms and conditions as, in its judgment, the public convenience and necessity require.
