Limitation on withdrawals.

Sec. 6.02. Limitation on Withdrawals. The term "matured withdrawal claims," as used in this article, shall include each and all of the following, to wit, (1) the value of all shares or investment certificates or parts thereof, in respect of which valid notices of intention to withdraw shall be on file, matured and unpaid, including notices of intention to withdraw by defaulting shareholders pursuant to section 3.05 of this act, as well as notices of withdrawal generally pursuant to section 6.01 of this act; (2) the value of all shares which shall have matured pursuant to section 3.03 of this act and which shall be unpaid; (3) the value of all investment certificates in respect of which the holders, pursuant to section 5.07 of this act but subject to section 6.02 of this act, shall be entitled to receive the redemption price, but which shall be unpaid; and (4) the value of all definite term investment certificates which shall have reached the expressed date of their maturity but which shall be unpaid.

Preferences

Regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be secondary and subsequent to the right of such association to pay, and to provide reasonable reserves for the payment of, the following: taxes, assessments, insurance and other sums necessary to protect and preserve its properties and its interest in properties (including those on the security of which it holds loans); principal and interest on borrowings by such association, otherwise than through the issuance of investment certificates; interest on investment certificates and dividends on shares; rent, compensation of officers, agents, salesmen and other employees, and other usual and ordinary operating expenses of such association; and commitments on its incomplete loans or investments; provided, however, that an association on notice or on a pro rata basis shall not pay any dividends on its stock or distribute any profits to its stockholders or make any loans or investments, except loans or investments pursuant to its obligations incurred before it became an association on notice; provided further, that an association which is on notice and not on a pro rata basis may with the prior consent of the commissioner, and an association which is neither on notice nor on a pro rata basis may without the necessity of obtaining the consent of the commissioner, in lieu of paying matured withdrawal claims, and regardless of the provisions of section 5.04 of this act, make or purchase loans or investments not exceeding the principal amount of moneys borrowed by such association from a Federal home loan bank or other similar Federal agency and not theretofore repaid; and provided further, that an association which is either on notice or on a pro rata basis may with the prior consent of the commissioner, and an association which is neither on notice nor on a pro rata basis may without the necessity of obtaining the consent of the commissioner, in lieu

Prohibition of dividend payments

of paying matured withdrawal claims, and regardless of the provisions of section 5.04 of this act, invest in stock issued by any Federal home loan bank or other similar Federal agency of which such association may be eligible to be a member. Moreover, regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be limited to payments from its cash on hand or in bank, proceeds from sale of investments and loans and other cash receipts of such association; and if the association is on notice or on a pro rata basis, shall be further limited to payments pursuant to the subsequent provisions of this section.

Payment of withdrawal claims when association on notice

If the sum of all matured withdrawal claims exceeds the amount available for that purpose, then, if the association is on notice but is not on a pro rata basis, payment of such matured withdrawal claims shall be made, to the extent of the funds from time to time available for that purpose, as follows:

First—To the payment of withdrawals in respect of investment certificates pursuant to section 6.01 of this act, to the payment of definite term investment certificates which have reached the date of their maturity and to withdrawals through payments following notice of modifications pursuant to section 5.07 of this act, without preference of one type of such withdrawal over the other, according to the priority in time of the maturity of the claims for such withdrawals, which in the case of withdrawals pursuant to said section 6.01 shall be deemed to be the time notice of intention of such withdrawal shall have matured, in the case of withdrawals through payment of definite term investment certificates shall be deemed to be the date of maturity of such certificates, and in the case of withdrawals through payments following notice of modifications pursuant to section 5.07 of this act shall be deemed to be the date of the expiration of the period of such notice of modifications; provided that as between the holders of certificates upon which the claim for withdrawal shall have matured at the same time, payment shall be made in the order of demand for or notice of such withdrawal, which in the case of definite term investment certificates shall be deemed to be the date of issuance thereof.

Second—To the payment of withdrawals in respect of shares pursuant to sections 3 05 and 6.01 of this act and withdrawals through payment of matured shares pursuant to section 3.03 of this act, without preference of one type of such withdrawal over the other, according to the priority in time of the maturity of the claims for such withdrawals, which in the case of withdrawals pursuant to said sections 3.05 and 6.01 shall be deemed to be the time notice of intention of such withdrawal shall have matured and in the case of withdrawals through payment of matured shares pursuant to said section 3.03 shall be deemed to be the time such shares shall be declared by the

board to be matured. In respect of shares so declared to be matured at the same time, then such payment shall be made in the order provided in the by-laws, or in the absence of such provision in the numerical order of issuance.

Exceptions

Notwithstanding anything to the contrary in this act, however, any association which is on notice but not on a pro rata basis may at its option pay in each month, with or without requiring notice of intention to withdraw, and regardless of the nonpayment of any or all matured withdrawal claims, not to exceed fifty dollars per person to any one or more of its shareholders or certificate holders; and withdrawals may be made at any time from pledged shares and investment certificates, whether or not the association is on notice or on a pro rata basis, and without notice, provided the full amounts of such withdrawals shall be used to pay the indebtedness for which such shares or investment certificates are pledged, or any part thereof; and provided further, that in the case of loans upon the mutual plan, such withdrawals without notice shall be permitted only at the option of the association unless the entire indebtedness shall be simultaneously paid.

Payment of withdrawal claims when association on pro rata basis.

If the sum of all matured withdrawal claims exceeds the amount available for that purpose, then, if the association is on a pro rata basis, payment of such matured withdrawal claims shall be made one in each period of three months, to the extent of the funds available for that purpose, as follows:

First—To all matured withdrawal claims in respect of investment certificates until all sums payable thereon are paid and, as between several holders thereof, pro rata according to the unpaid principal thereof at the time of each such payment.

Second—To all matured withdrawal claims in respect of shares until all sums payable thereon are paid and, as between the several holders thereof, pro rata according to the unpaid value thereof at the time of each such payment.

No association shall make any contract waiving in any manner any of the provisions of this section and, if any such contract shall be so made, such contract shall be void.

Effect of act on existing rights

Nothing contained in this act is intended or shall be construed to impair the obligations of any contract existing at the effective date of this act in respect of the withdrawal or other rights of the holders of shares or investment certificates then outstanding, and the withdrawal and other rights of such holders shall continue to be governed by the obligations of their respective contracts, regardless of the provisions of this act. The provisions of this act, however, shall govern the withdrawal and other rights of the holders of all shares and investment certificates hereafter issued and shall also govern, to the extent that the same do not impair the obligations of contracts existing at the effective date of this act, the withdrawal and other rights of holders of shares and investment certificates then outstanding.

SEC. 6. Section 15.17 of said act is hereby amended to read as follows:

Investments of borrowers' mutuals

Sec. 15.17. Investments Permitted. Any borrowers' mutual building and loan association may invest in or loan upon bonds of the United States, of the State of California, or of any county, municipality or school district of said State, or of any public utility corporation, or notes or bonds secured by mortgage or deed of trust, payment of which is guaranteed by a policy of mortgage insurance, or mortgage participation certificates, issued by a mortgage insurance company, in accordance with the provisions of chapter eight of article two of part four of division one of the Civil Code, and may also invest in bonds or securities certified by the superintendent of banks to be legal as investments for savings banks in accordance with the provisions of an act entitled "An act to define and regulate the business of banking," approved March 1, 1909, and acts amendatory thereof and supplemental thereto, and in stock issued by any Federal home loan bank or other similar Federal agency of which such association may be eligible to be a member, and in bonds, debentures and notes issued by any Federal home loan bank or other similar Federal agency.

Urgency

SEC. 7. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of article four of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of facts constituting such necessity: Numerous home owners in this State are in dire distress financially and are unable to obtain any loans whatever on the security of their homes and are faced with immediate loss of such homes unless they can obtain funds from a Federal home loan bank or other similar Federal agency through loans from such banks to building and loan associations.

Building and loan associations in this State will be unable hereafter to obtain advances from Federal home loan banks except as members thereof, and all advances heretofore made by any such banks to such associations which are not members of such banks must be liquidated at the close of this legislative session. Many building and loan associations are unable to make loans to home owners with money borrowed from a Federal home loan bank by reason of statutory provisions adopted in 1931. Unless such associations are enabled immediately to participate in the activities of the Federal home loan banks as members thereof and to loan to home owners the amounts so borrowed, the proper functioning of said banks as agencies for the relief of such home owners will be seriously impeded, and numerous homes will be lost to home owners, and the public peace, health and safety will be endangered and impaired.

[Approved by the Governor January 26, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Stats 1927, p 1066

SECTION 1. Section 2620 of the Political Code is hereby amended to read as follows:

Width of highways

2620. Width of Highways. The width of all public highways, except State highways, bridges, alleys, and lanes, and trails, shall be at least forty feet. The width of all State highways or all roads, avenues or ways under the control or supervision of the California Highway Commission, excepting bridges and the approaches thereto, shall be at least eighty feet. The width of all private highways and by-roads, except bridges, shall be at least twenty feet; provided, however, that nothing in this act shall be so construed as to increase or diminish the width of either kind of highways already established or used as such. Where it shall appear to the board of supervisors of any county that any one road which is of general utility and of public convenience and which constitutes the only or principal means of communication between one town or village with another town or village in the same county and it is determined by a two-thirds vote of such board of supervisors that the public convenience and necessity demands the acquisition and reconstruction of such road, the said board of supervisors may by resolution passed by two-thirds vote of such board of supervisors, determine to acquire and reconstruct such road and may thereafter proceed to acquire and reconstruct such road although said road may not be of the width of forty feet and said board of supervisors shall charge the cost thereof to the general county fund, the general road fund of the said county, or the district fund of the district or districts benefited, in such proportions as said board of supervisors shall deem just and equitable.

SEC. 3. The said toll bridge and the aproaches to it herein directed to be constructed shall be and constitute a primary State highway, and the said toll bridge and structures on the approaches thereto shall at all times during construction be insured against all risks to the full insurable value thereof, for the protection of the State of California and the Director of the Department of Public Works is hereby authorized and directed to obtain and carry or cause to be obtained and carried such insurance in such manner as he may deem advisable. No provision of law providing that State highways shall be free highways shall affect the power or duty of the California Toll Bridge Authority to fix the rates of toll for the use of such bridge or the power and duty of the Department of Public Works to collect the tolls so fixed by the California Toll Bridge Authority for the use of said bridge.

Maintenance of bridge and approaches.

SEC. 4. Upon the completion of the construction of said toll bridge and the approaches thereto, and as long as any of the

bonds which may be issued by the California Toll Bridge Authority for the construction of said toll bridge may be outstanding and thereafter, the Department of Public Works shall permanently maintain and operate the said toll bridge and approaches as such primary State highway in such a manner that the physical condition and operating efficiency thereof shall be of the highest character and shall cause the said toll bridge and structures on approaches to be at all times insured against all risks to the full insurable value thereof, the proceeds of such insurance to be applied to the restoration of the bridge and structures on approaches to the same good order, repair and condition as they were in prior to the damage, in so far as may be possible. The Department of Public Works shall at all times cause the said toll bridge and approaches thereto to comply with all lawful orders of the United States Secretary of War, the Chief of Engineers of the United States Army, and of any other governmental agency or authority having jurisdiction in the premises.

Federal regulations

SEC. 5. The cost of constructing the said approaches and of maintaining and operating the said toll bridge and approaches, including the cost of insurance thereon other than insurance against loss of tolls or other revenues therefrom, and the cost of complying with any order of any governmental agency or authority as provided in section 4 hereof shall be paid by the Department of Public Works out of funds made available to it for such purpose other than the proceeds of bonds which may be issued by the California Toll Bridge Authority for the construction of said toll bridge, and other than the tolls and revenues which may be received from the use and operation of said toll bridge, as long as any bonds or other obligations which may be issued by the California Toll Bridge Authority for the purpose of constructing said toll bridge are outstanding and unpaid. The Department of Public Works is hereby authorized and directed to make expenditures for the operation and maintenance of said bridge and approaches and for the cost of insurance thereof and the cost of complying with any order of any governmental agency or authority as provided in section 4 hereof from moneys accruing and to accrue in the State highway maintenance fund available for the widening, resurfacing and reconstruction of State highways for the group of counties designated as Group No. 1 in section 4 of that certain act of the Legislature classifying the highways of the State into primary and secondary highways, approved May 26, 1927, being chapter 794, Laws of 1927, or such costs of operation and maintenance may be paid from any other fund or funds which may hereafter be made available for such purposes.

SEC. 6. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, the unconstitutionality of such section, subsection, sentence, clause or phrase shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have

passed this act and each section, subsection, sentence, clause and phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Urgency

SEC. 7. This act is hereby declared to be an urgency measure within the meaning of section 1, Article IV of the Constitution of the State of California, and it is deemed necessary for the immediate preservation of the public peace, health and safety that this law shall go into immediate effect. The construction of a toll bridge and approaches thereto over the bay of San Francisco, from the City and County of San Francisco to the county of Alameda, and the efficient maintenance and operation of it by the State, are essential to complete and make effective the system of State highways. It is necessary for the preservation of the public peace, health and safety that greater facilities for travel and transportation across the bay of San Francisco be immediately afforded by the construction of such toll bridge and the approaches thereto; this act is necessary in order to enable and assure the immediate financing and construction of said toll bridge. There now exists unemployment in this State to such an extent that the public peace, health and safety are threatened and endangered. The immediate construction of the said toll bridge and the approaches thereto will do much to relieve the present unemployment situation, by furnishing employment for thousands of people. It is, therefore, essential that this act go into immediate effect, and the Legislature so determines that it shall become effective immediately.

Sec. 5. Whenever the Department of Public Works determines that it is advisable or necessary to acquire either through eminent domain proceedings or otherwise any existing privately owned toll bridge or bridges or other highway crossing and the approaches or other property, franchises or rights appurtenant thereto or when the Department of Public Works determines that it is for the best interest of the public highways in the State that a new toll bridge or bridges or other highway crossing be constructed and operated by the State, the director of said department shall submit its recommendation to that effect to the California Toll Bridge Authority, together with preliminary estimates of the cost of such acquisition or construction and an estimate of the amount required to be raised for such purpose by the issuance of revenue bonds, and a statement of the probable amount of money, property, materials or labor to be contributed from other sources in aid of such acquisition or construction. Sec 6. All revenue bonds authorized under the terms of this act may be issued and sold by the California Toll Bridge Authority from time to time and in such amounts as may be deemed necessary in the judgment of said authority to provide sufficient funds for the acquisition or construction of any such toll bridge or bridges or other highway crossings, and to pay

interest on outstanding bonds issued for the acquisition or construction of the same toll bridge or bridges or other highway crossing during the period of actual construction of any such toll bridge or bridges or other highway crossing, and for a period of six months thereafter, and the proceeds thereof are hereby made available for such purposes. The California Toll Bridge Authority shall determine the form, conditions and denominations of all such bonds, and shall determine the dates which the bonds so to be sold shall bear and the interest rate thereon, which shall not exceed six per cent per annum. It shall not be necessary that all bonds of the same authorized issue bear the same interest rate. Principal and interest of such bonds shall be payable at such place or places as may be fixed and determined by the California Toll Bridge Authority, and said bonds may contain provisions for registration thereof as to principal only, and as to both principal and interest. Said bonds shall be issued in coupon form with interest payable at such times as may be determined by the said California Toll Bridge Authority, and shall mature at such times and in such amounts as the said authority may prescribe. The California Toll Bridge Authority may provide for the retirement of said bonds at any time or times prior to their maturity, and in such manner and upon payment of such premiums as may be fixed and determined in the proceedings providing for the issuance of such bonds and referred to therein. All such bonds shall be signed by the Director of Public Works and countersigned by the Governor. The signatures of the Governor may be by facsimile. All interest coupons shall bear the facsimile signature of the Director of the Department of Public Works. In case any of such officers whose signature or countersignature appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until the delivery of the bonds.

Signing of bonds

Bonds authorized under this act may be sold below the par or face value thereof, such sale price, however, not to be less then that which will yield the purchaser six per cent per annum according to standard tables of bond values, and such sale price shall include the interest which has accrued thereon up to the date of delivery of said bonds. Successive issues of bonds within the limits of the original authorization for the issuance of bonds for the acquisition or construction of any particular toll bridge or bridges or other highway crossing shall have equal preference with respect to the redemption thereof and the payment of interest thereon; provided, however, the California Toll Bridge Authority may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the terms of this act shall be negotiable instruments under the law merchant. All bonds issued and sold under or by authority of this act shall be sold on sealed proposals to the highest

and best bidder after such advertising for bids as the California Toll Bridge Authority may deem proper; provided, however, said authority may reject any and all bids so submitted and may thereafter sell such bonds so advertised for sale at private sale under such terms and conditions as said authority may deem most advantageous to its own interests; provided, they are not sold at a price below that of the best bid which was rejected. The California Toll Bridge Authority may contract loans and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any of its departments, agencies or instrumentalities upon such conditions and terms as may be agreed to and such bonds shall be subject to all the provisions of this act except the requirement that bonds be first offered at public sale pursuant to advertisement.

Temporary or interim bonds, certificates, or receipts, of any denomination whatever and with or without coupons attached thereto, to be signed by the Director of Public Works, may be issued and delivered until the definitive bonds are executed and available for delivery.

The purchase price of all bonds issued hereunder shall be paid to the Treasurer of the State of California for the account of the California Toll Bridge Authority.

New section

SEC. 5. A new section to be numbered $6\frac{1}{2}$ is hereby added to said act to read as follows:

Additional bonds

Sec. $6\frac{1}{2}$. In the event a bond issue for the acquisition or construction of a toll bridge or bridges or other highway crossing shall be authorized and sold in whole or in part and the California Toll Bridge Authority and Director of the Department of Public Works deem it advisable and advantageous to enlarge or extend such toll bridge or bridges or other highway crossing or any of them or to change the structure or design thereof in order to afford new or greater facilities for any type or class of traffic, the said California Toll Bridge Authority may issue additional bonds for the purpose of enlarging or extending such toll bridge or bridges or other highway crossing or changing the structure or design thereof in order to afford such new or greater facilities, provided the surrender and cancellation of all outstanding bonds theretofore issued for the acquisition or construction of such toll bridge or bridges or other highway crossing as originally designed can be assured or obtained by call or by consent of the holders thereof. Such additional bonds shall not constitute a debt or obligation of the State of California but shall be bonds of the California Toll Bridge Authority of the same character and payable from the same funds as other bonds herein authorized; provided, however, that the pledge of the tolls and other revenues to be received from the operation of such toll bridge or bridges or other highway crossing to the payment of outstanding bonds shall not in any way be lessened, diminished or affected thereby.

Use of bonds

If the bonds issued for the acquisition or construction of such toll bridge or bridges or other highway crossing as originally

designed which may be then outstanding are at that time by their terms subject to immediate retirement before maturity at the option of the California Toll Bridge Authority, or if the holders consent to the retirement of such bonds, the said authority may include in the issue of bonds to be sold for the purpose of enlarging or extending said toll bridge or bridges or other highway crossing or changing the design thereof, an amount of bonds sufficient to produce funds with which to retire such outstanding bonds according to their terms; provided, however, that before any such bonds are delivered the California Toll Bridge Authority shall have first duly called the outstanding bonds for redemption in accordance with their terms and conditions or have obtained the consent of the holders thereof to the retirement of such outstanding bonds Out of the proceeds derived from the sale of such new bonds there shall be set aside an amount of money sufficient to retire such outstanding bonds as may be thereafter presented for payment. Bonds of the new authorized issue may be delivered in part in exchange for a like principal amount of outstanding bonds of the original issue if the holders of such outstanding bonds to be so exchanged consent thereto.

All provisions of this act shall apply with like force and effect to the issuance of any bonds of such new authorized issue. Nothing herein contained shall be deemed to authorize the issuance of additional bonds to rank on a parity with those of the original authorized issue or in any way affect the pledge of tolls and other revenues to the payment of bonds of the original issue while any such bonds may be outstanding.

SEC. 6. Section 7 of said act is hereby amended to read as follows:

Toll rates

Sec. 7. The California Toll Bridge Authority is hereby empowered to fix the rates of toll and other charges for all toll bridges or other toll highway crossings acquired or built under the terms of this act. Toll charges so fixed may be changed from time to time as conditions may warrant. The said authority in establishing toll charges shall give due consideration to the cost of operating and maintaining such toll bridge or bridges or other toll highway crossing including the cost of insurance and to the amount required annually to meet the redemption of bonds and interest payments thereon. The tolls and charges shall be at all times fixed at rates to yield annual revenue equal to annual operating and maintenance expenses including insurance costs and all redemption payments and interest charges of the bonds issued for any particular toll bridge or bridges or other toll highway crossing as the same fall due and the bond redemption and interest payments shall constitute a first direct and exclusive charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge or bridges or other highway crossing and such tolls and revenues together with the interest earned thereon shall constitute a trust fund for

the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid.

SEC. 7. Section 8 of said act is hereby amended to read as follows: Stats. 1929, p. 1489

Sec. 8. The Department of Public Works shall have full charge of the acquisition and construction of all such toll bridges and other toll highway crossings as may be authorized by the California Toll Bridge Authority, the operation and maintenance thereof and the collection of tolls thereon. The Director of the Department of Public Works shall proceed with the construction of such toll bridges and other highway crossings and the approaches thereto immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as possible. SEC. 8. Section 9 of said act is hereby amended to read as follows: Stats. 1931, p. 916

Sec. 9. When the Department of Public Works can not acquire any toll bridge or any toll highway crossing, or the real or personal property, franchises, rights, privileges or easements needed for bridge or highway crossing purposes or approaches thereto, by agreement with the owner or owners, it shall be lawful for the Department of Public Works, and said department is hereby authorized, to condemn and take in the name of the State of California, any such bridge or highway crossing, real estate, personal property, franchises, rights, privileges or easements deemed necessary for such bridge or highway crossing or approach thereto, under the provisions of the laws of this State relating to eminent domain proceedings. Said department shall not have power to commence any such proceedings in eminent domain unless and until the California Toll Bridge Authority shall first have passed a resolution declaring that public interest and necessity require the acquisition, construction or completion by the State acting through the said Department of Public Works of any such bridge or highway crossing, or the acquisition of any particular real estate, personal property, franchises, rights, privileges or easements, and that such bridge or highway crossing, real estate, personal property, franchises, rights, privileges or easements are necessary therefor. Such resolution shall be conclusive evidence (a) of the public necessity of such acquisition, construction or completion; (b) that such property and said franchises, rights, privileges or easements are necessary therefor; and, (c) that such proposed acquisition, construction or completion is planned or located in a manner which will be most compatible with the greatest public good and the least private injury. When it becomes necessary for the Department of Public Works to condemn any toll bridge or toll highway crossing, real estate, personal property, franchises, rights, privileges or easements used or to be used in connection with any such bridge or highway crossing, the Attorney General of the State shall represent the Department of Public Works, and Eminent domain

When the State or any department or governmental agency thereof acquires any existing toll bridge or the real or personal property used in connection therewith, said property and toll bridge shall continue to be subject to taxation by the county, city and county, political subdivision and municipal corporation wherein the same is located, and the State shall pay to the county or city and county granting the franchise for said bridge such amounts as may become due to such county or city and county for the franchise for the construction of such toll bridge.

SEC. 12. Section 13 of said act is hereby amended to read as follows:

Disposition of proceeds from sale of bonds

Sec. 13. The proceeds from the sale of all bonds authorized under the provisions of this act shall be paid to the State Treasurer for the credit of the California Toll Bridge Authority and be deposited as demand deposits forthwith in such depositary or depositaries as may be authorized by law to receive deposits of State funds to the credit of a fund to be designated as the acquisition and construction fund of the

particular toll bridge or bridges or other highway crossing for which such bonds were issued and sold, which fund shall at all times be kept segregated and set apart from all other funds. Such proceeds shall be paid out or disbursed solely for the acquisition or construction of such toll bridge or bridges or other highway crossing, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the California Toll Bridge Authority may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current acquisition or construction costs of the toll bridge or bridges or other highway crossing for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged shall be invested in bonds and obligations eligible for investment of surplus State moneys; provided the California Toll Bridge Authority may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the said authority and all officials having anything to do with such investment. Any surplus which may exist in said acquisition and construction fund shall be applied to the retirement of bonds issued for the acquisition or construction of such toll bridge or bridges or other highway crossing by purchase or call and in the event such bonds can not be purchased at a price satisfactory to the California Toll Bridge Authority and are not by their terms callable prior to maturity such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled.

Disposition of tolls

All tolls or other revenues received from the operation of any toll bridge or bridges or other highway crossing acquired or constructed with the proceeds of bonds issued and sold hereunder shall be paid over by the Department of Public Works at least monthly to the State Treasurer who shall deposit the same forthwith as demand deposits in such depositary or depositaries as may be authorized by law to receive deposits of State funds to the credit of a special fund to be

designated as the toll revenue fund of the particular toll bridge or bridges or other highway crossing producing such tolls or revenue, which fund shall at all times be kept segregated and set apart from all other funds.

From the money so deposited in each separate acquisition and construction fund as hereinabove provided, the State Treasurer shall transfer to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds sold and outstanding for the construction of such particular toll bridge or bridges or other highway crossing during the period of actual construction and during the period of six months immediately thereafter. The Treasurer shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in said bonds such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest payments and bond redemptions fall due for all bonds issued and sold for the construction or acquisition of the particular toll bridge or bridges or other highway crossing producing the tolls or revenues so deposited in said toll revenue fund. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge or other highway crossing shall be segregated and applied solely for the payment of such principal and interest.

Reserves. The proceedings authorizing the issuance of bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently mature and for the preservation and continuance of such reserve fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of said California Toll Bridge Authority.

The moneys remaining in each separate toll revenue fund after providing the amount required for interest and redemption of bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the acquisition, construction, operation and maintenance of such toll bridge or bridges or other highway crossing as the California Toll Bridge Authority may determine.

Payments. Warrants for payments to be made on account of such bonds shall be duly drawn by the State Controller upon request of the State Treasurer whenever the drawing of such warrants shall be required in order to make such payments.

Moneys required to meet the costs of acquisition or construction and all expenses and costs incidental to the acquisition or construction of any particular toll bridge or bridges or other highway crossing, or to meet the costs of operating, maintaining and repairing the same, shall be paid from the proper fund therefor upon demand of the Department of Public Works and after audit thereof in the manner provided by law and upon warrants drawn by the Controller.

All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

Place of deposit of funds

The California Toll Bridge Authority may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the acquisition and construction fund and the toll revenue fund and provide for the deposit of such moneys at such times and with such depositaries or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds; provided, however, that the depositaries and security so provided for or agreed upon shall be qualified and eligible in accordance with the requirements of law.

Payment of expenses

Notwithstanding anything contained in this act the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge or bridges or other highway crossings may be used to defray any expenses incurred by the California Toll Bridge Authority in connection with and incidental to the issuance and sale of bonds for the acquisition or construction of such toll bridge or bridges or other highway crossings, including expenses for the preparation of surveys and estimates and the making of inspections and examinations as may be required by the purchasers of such bonds; provided, however, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified.

All money collected on any indemnity

The California Toll Bridge Authority and the Department of Public Works shall keep full, complete and separate accounts for each toll bridge or other highway crossing, and annually shall prepare balance sheet and income and profit and loss statements showing the financial condition of each such toll bridge or other highway crossing, which statements shall be open to the inspection of holders of bonds issued by said authority at all reasonable times.

SEC. 17. A new section to be numbered $22\frac{3}{4}$ is hereby added to said act, to read as follows:

The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Urgency.

SEC. 19. This act is hereby declared to be an urgency measure within the meaning of section 1, Article IV of the Constitution of the State of California, and it is deemed necessary for the immediate preservation of the public peace, health and safety that this law shall go into immediate effect. The construction of a toll bridge and approaches thereto over the bay of San Francisco, from the City and County of San Francisco to the county of Alameda, and the efficient maintenance and operation of it by the State, are essential to complete and make effective the system of State highways. It is necessary for the preservation of the public peace, health and safety that greater facilities for travel and transportation across the bay of San Francisco be immediately afforded by the construction of such toll bridge and the approaches thereto; this act is necessary in order to enable and assure the immediate financing and construction of said toll bridge. There now exists unemployment in this State to such an extent that the public peace, health and safety are threatened and endangered. The immediate construction of the said toll bridge and the approaches thereto will do much to relieve the present unemployment situation, by furnishing employment for thousands of people. It is, therefore, essential that this act go into immediate effect, and the Legislature so determines that it shall become effective immediately.

CHAPTER 11.

An act relating to the use of facsimile signatures, declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Disbursing officers may use facsimile signature

SECTION 1. The State Controller or other State disbursing officer may secure and use a facsimile signature machine and sign or countersign all warrants or checks issued in pursuance of his duties by placing a facsimile signature thereon with such machine.

Forgery insurance

SEC. 2. The said State Controller may, or other State disbursing officer so using such machine may, with the approval of the State Board of Control, secure forgery insurance protecting such officer and all funds under his control or under the control of the State agency to which he is attached against all forgery resulting from or occasioned by the use of such machine, or which would not have occurred had such machine not have been so in use.

Premiums

SEC. 3. The premiums on all such forgery insurance shall be a proper charge against the moneys appropriated for the support or maintenance of the said officer so using such machine or for the support or maintenance of the State agency to which such officer is attached.

Urgency

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution. The facts constituting such necessity are as follows:

The State treasury is in a depleted condition and there is grave danger that the State will be compelled to register its warrants before the expiration of the eighty-fourth fiscal year. If such is the case, the methods and procedure now used by the State Controller to pay claims against the State will of necessity be changed, and the State Controller will be obliged to issue and sign a separate warrant for each claim against the State. Such signing would be a physical impossibility and it is therefore necessary that this act take effect immediately.

CHAPTER 12.

An act making an appropriation to pay the cost of printing the candidates' sponsors pamphlets for the 1932 primary election, declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Appropriation Sponsors pamphlets.

SECTION 1. The sum of forty-two thousand twenty-eight dollars and sixty-seven cents ($42,028.67) is hereby appropriated to the Secretary of State out of any money in the State treasury, not otherwise appropriated, to pay the cost of printing the candidates' sponsors pamphlets for the 1932 election.

Current expenses

SEC. 2. Inasmuch as this act provides an appropriation for the usual current expenses of the State, it is hereby declared an urgency measure and shall, under the provision of section 1 of Article IV of the Constitution, take effect immediately.

CHAPTER 13.

An act making an appropriation of forty thousand dollars ($40,000.00) to pay the cost and expense of providing, installing and equipping in the office of the State Controller all the necessary machines, appliances, files, furniture, fixtures and equipment for the preparation, printing, typing, stamping, drawing, copying, filing, safekeeping, preservation, mailing, delivering, registering and recording of individual warrants for all claims and demands against the State of California, for certain alterations and additions for office space for the State Controller for said machines, appliances, files, furniture and fixtures, for certain repairs and replacements thereto, and for salaries and compensation of certain officers and employees of the State Controller necessary for the preparation, printing, typing, stamping, drawing, copying, filing, safekeeping, preservation, mailing, delivering, registering and recording of such individual warrants, declaring the urgency of such appropriation, and providing that this act shall take effect immediately.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Appropriation Warrant equipment.

SECTION 1. The sum of forty thousand dollars ($40,000.00) is hereby appropriated out of any money in the State treasury, not otherwise appropriated, for payment of the cost and expense of providing and installing in the office of the State

Controller the necessary machines, appliances, files, furniture, fixtures and equipment for the preparation, printing, typing, stamping, drawing, copying, filing, safekeeping, preservation, mailing, delivering, registering and recording of indivdual warrants of the State Controller for all claims and demands of every kind and nature against the State of California, including those for salaries, wages or other compensation of officers, employees, agents or servants, as well as for payment of the cost and expense of alterations and additions necessary to provide office space for such machines, appliances, files, furniture and equipment, and for repairs and replacements thereto for the balance of the eighty-fourth fiscal year, and for the salaries and compensation of officers and employees of the State Controller necessary to do the work of such preparation, printing, typing, stamping, drawing, copying, filing, safekeeping, preserving, mailing, delivering, registering and recording of said individual warrants for the remainder of the eighty-fourth fiscal year.

Urgency.

SEC. 2. This act is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California. and shall therefore go into immediate effect. The facts constituting the necessity are as follows:

Owing to the present financial stringencies and uncertainties, it is imperative for the safety and preservation of State funds that all State moneys and funds be returned to, deposited in, and kept in the State treasury to be disbursed by and pursuant to individual warrants of the State Controller for each individual claim and demand against the State, including salaries and wages of officers and employees, and that the drawing of departmental warrants in favor of departments, divisions, boards, commissions and officers, as heretofore practiced. for disbursal by State departments, divisions, boards and commissions, through checks or drafts on banks wherein the funds represented by such departmental warrants are deposited, is unsafe and likely to cause the loss, in whole or in part, of such funds, and cause the State irreparable loss, injury and damage thereby. That without the said machines, appliances, files, furniture, fixtures, equipment, extra office space and extra officers and employees for which said appropriation is made, the Controller can not draw individual warrants for all the claims and demands against the State, since the number of such warrants per month will amount to upwards of $90,000, or thereabouts, making it impossible for the Controller with his present force of officers and employees and equipment to draw individual warrants for all claims and demands against the State.

CHAPTER 14.

An act to add section 664a to the Political Code, relating to the payment of State officers and employees, declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

New section.

SECTION 1. A new section is hereby added to the Political Code, to be numbered 664a and to read as follows:

Payment of State salaries

664a. All State officers and employees shall be paid the compensation due them for all services rendered during the month, on or before the fifteenth day of the next succeeding month. No State officer shall certify any pay roll to the State Controller unless all services listed thereon for which compensation is claimed have been actually rendered.

Urgency.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section one of Article IV of the Constitution and shall therefore take effect immediately. The facts constituting such necessity are as follows:

The State treasury is in a depleted condition and there is grave danger that the State will be compelled to register its warrants before the expiration of the eighty-fourth fiscal year. If such is the case, the methods and procedure now used by the State Controller to pay claims against the State will of necessity be changed and the State Controller will be obliged to issue a separate warrant for each claim against the State. This will greatly increase the work which must be performed by the State Controller. Under the existing procedure the Controller may issue a single warrant to an agency of the State, the payment of all officers and employees of said agency being made by the disbursing officer thereof. If the Controller is required to issue separate warrants for each claim against the State, such claims must be certified to him before drawing such warrant. It is necessary to allow the Controller fifteen days within which to perform this additional work.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. In all cases where the board of supervisors of any county or city and county in this State has deemed it necessary to incur an indebtedness in excess of the ordinary annual income and the revenue of such county or city and county, and has called an election for the purpose of submitting to the qualified electors of such county or city and county the proposition whether such indebtedness shall be incurred for any purposes for which the board of supervisors thereof are authorized to expend the funds of such county or city and county, and where not less than two-thirds of all the qualified electors voting on any such proposition shall have voted in favor of incurring such indebtedness, and authorized the issuance of bonds of such county or city and county for such purposes, the power of such county or city and county to issue bonds not exceeding the amount so authorized and all the acts and proceedings of such county or city and county leading up to and including the issuance and sale, or the proposed issuance and sale of bonds to such amount are hereby legalized, ratified, confirmed and declared valid to all intents and purposes; and all such bonds, sold either before or after the passage of this act for not less than their par value, are hereby legalized and declared to be legal and valid obligations of and against such county or city and county so issuing and selling the same, and the faith and credit of such county or city and county is hereby pledged for the prompt payment and redemption of the principal and interest of such bonds.

Tax for payment of bonds.

SEC. 2. The board of supervisors of such county or city and county, at the time of making the next general tax levy after

incurring the indebtedness of any such bonds, and annually thereafter until all of such bonds are paid or until there shall be a sum in the treasury of such county or city and county set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, must levy a tax for that year upon the taxable property of such county or city and county for the interest and redemption of such bonds, which shall be in addition to all other taxes, and such tax must not be less than sufficient to pay the interest on such bonds, and such portion of the principal, if any, as is to become due before the time for making the next general tax levy and in any event must be sufficient to raise annually for the first half of the term such bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term sufficient to pay such annual interest, and to provide annually a proportion of the principal of such bonds equal to a sum produced by taking the whole amount of such bonds outstanding and dividing it by the number of years such bonds then have to run. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for county or city and county purposes and shall be collected at the time and in the same manner as other county or city and county taxes are collected and be used for no other purpose than for the payment of said bonds and the accruing interest thereon.

What bonds not validated

SEC. 3. This act shall not operate to legalize any bonds of any county or city and county that have not, at the time of the passage of this act, received the affirmative vote of not less than two-thirds of the qualified electors of such county or city and county voting upon the proposition of incurring such indebtedness, or any bonds which have been sold for less than their par value, or any bonds which mature at a date more than forty years from the time of their issuance.

Urgency.

SEC. 4. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of the public peace, health or safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency: Certain counties or cities and counties of this State have taken proceedings to incur bonded indebtedness for proper county purposes, in which proceedings minor irregularities, not jurisdictional, have delayed or impaired the sale of such bonds and for that reason said counties or cities and counties are unable to secure, or have been delayed, or will be delayed in securing appropriate funds which are immediately necessary for the peace, safety and welfare of the citizens of the various counties and cities and counties of this State. The sale of such bonds and the procuring of funds therefor will enable such counties and cities and counties to afford employment to many people who are, at the present time, without means of support and who are a charge upon such counties or cities and counties.

When such irregularities are cured and obviated by this act, the sale of such bonds can be made promptly and necessary funds derived by such counties or cities and counties therefrom for the purpose of affording such employment and giving relief to the citizens of this State.

CHAPTER 18.

An act to legalize bonds heretofore issued and sold, or to be issued and sold, by municipalities where authority for such issuance has already been given by a vote of not less than two-thirds of the electors of such municipalities voting upon the question of incurring such indebtedness, and providing for a levy of taxes to pay the principal and interest of such bonds and declaring the urgency of said act.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Municipal bonds for indebtedness validated.

SECTION 1. In all cases where the legislative branch of any municipality in this State has deemed it necessary to incur an indebtedness in excess of the ordinary annual income and the revenue of such municipality, and has called an election for the purpose of submitting to the qualified electors of such municipality the question whether such indebtedness shall be incurred, and where at such election so held, after due notice thereof was given, for the time and in the manner prescribed by law, not less than two-thirds of all the qualified electors voting thereat shall have voted in favor of incurring such indebtedness, and the mode of creating such indebtedness has been by the proposed issuance of the bonds of such municipality, the power of such municipality to issue such bonds and all the acts and proceedings of such municipality leading up to and including the issuance and sale, or the proposed issuance and sale of such bonds are hereby legalized, ratified, confirmed and declared valid to all intents and purposes; and all such bonds, sold either before or after the passage of this act for not less than their par value, are hereby legalized and declared to be legal and valid obligations of and against such municipality so issuing and selling the same, and the faith and credit of such municipality is hereby pledged for the prompt payment and redemption of the principal and interest of said bonds.

Tax for payment of bonds.

SEC. 2. The legislative branch of such municipal corporation shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said municipal corporation set apart for that purpose sufficient to meet all sums coming due for the principal and interest on such bonds, a tax suffi-

cient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of bonds be made to begin more than one year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for municipal purposes and shall be collected at the time and in the same manner as other municipal taxes are collected and be used for no other purpose than for the payment of said bonds and the accruing interest thereon.

What bonds not validated.

SEC. 3. This act shall not operate to legalize any bonds of any municipality that have not, at the time of the passage of this act, been authorized by the vote of not less than two-thirds of the qualified electors of such municipality voting at any such election, or any bonds which have been sold for less than their par value, or any bonds which mature at a date more than forty years from the time of their issuance.

Urgency.

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of facts constituting such urgency: The peace, safety and welfare of the citizens of various cities in this State are dependent upon the immediate acquisition, construction and completion of adequate and safe bridges as a part of the public street systems of such cities, and upon obtaining an adequate supply of water for municipal and domestic use therein. Such cities, or some of them have heretofore taken proceedings to incur bonded indebtedness for the purpose of acquiring, constructing and completing bridges as a part of the public street system of such cities and for securing an adequate supply of water for municipal and domestic use therein; but by reason of minor irregularities in such proceedings, not jurisdictional, such bonds can not now be sold, and for that reason said cities are unable to secure funds with which to acquire, construct and complete such bridges and to secure such water supply. If, however, such irregularities are cured or obviated by this act, such bonds can be sold.

CHAPTER 19.

An act to validate bonds of school districts, high school districts and junior college districts of every kind and class,

and providing for the levy of a tax to pay the same, and declaring the urgency of said act.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

School district bonds validated.

SECTION 1. Where in any school district, high school district, or junior college district, of any kind or class, proceedings have been taken for the purpose of voting, issuing and selling bonds of such district for any purpose or purposes, all acts and proceedings of the officers of election and of the board of trustees, board of education, or other governing body of such district, and all acts and proceedings of the board of supervisors of the county within which such district is situated, leading up to and including the issuance of such bonds if they have been heretofore sold, and all such acts and proceedings heretofore had, although the bonds are not sold, are hereby legalized, ratified, confirmed and validated to all intents and purposes, and the power of such district and of the board of supervisors of the county in which such district is situated to issue such bonds is hereby ratified, confirmed and declared, and bonds heretofore sold are declared to be and shall be, in the form and manner in which such bonds have been actually issued and delivered, the legal and binding obligations of and against such district and bonds hereafter sold are declared to be and shall be legal and binding obligations of such district, and the full faith and credit of such district is hereby declared to be pledged for the prompt payment and redemption of the principal and interest of said bonds.

Tax for payment of bonds

SEC. 2. For the purpose of paying interest on such bonds as it becomes due and the principal thereof at maturity, the assessors, treasurers, boards of supervisors and other officers of the respective counties shall have the same powers and shall perform the same duties as are provided by law relative to the assessment, levy and collection of taxes and custody of funds for the payment of the principal and interest of bonds of school districts, high school districts and junior college districts of every kind and class, respectively.

What bonds not validated

SEC. 3. This act shall not operate to legalize any bonds which have been sold for less than par, nor legalize any bonds the issuance of which has not received the assent of two-thirds of the qualified electors of such district voting at an election held for the purpose of determining whether such indebtedness should be incurred, nor to legalize any bonds which mature more than forty years from the time of their issuance.

Urgency.

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency: Many school districts within the State of California are without sufficient money with

which to purchase school lots, for building or purchasing one or more school buildings or making alterations or additions to same or restoring or rebuilding school buildings damaged, injured or destroyed by fire or other public calamity, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, for improving school grounds, for liquidating any indebtedness already incurred for said purposes or refunding any valid outstanding indebtedness of such district evidenced by bonds or warrants thereof. Many school districts have within the last two years voted bonds for raising money for such purposes and the proceedings in many of such bond elections were irregular but complying with all the provisions of this act, and by reason of such minor irregularities and defects in such proceedings, not jurisdictional, such bonds can not now be sold. The population of many of these districts has increased so rapidly that the present school facilities of such districts are unable to meet the needs of the great increase of pupils in such districts and it is necessary and urgent that such bonds and the proceedings thereunder be validated at an early date in order that said school buildings, lots, equipment and facilities may be purchased or built before the opening of the next school year which in many instances would be impossible if this act did not go into effect immediately but was required to await until ninety days after adjournment of this Legislature.

CHAPTER 20.

An act to amend section 409 of the Political Code, relating to the fees to be collected by the Secretary of State, and declaring the urgency thereof.

The people of the State of California do enact as follows:

All fees collected by the Secretary of State must, at least once each week, be paid into the State treasury.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the State Constitution and as such shall take effect immediately. Urgency

The following is a statement of the facts constituting such urgency.

As the law now reads, there is danger that the law governing filing fees for corporations may be so interpreted as to allow such corporations to file their articles with the Secretary of State at disproportionately low fees or without fee, so as to seriously threaten the revenue of that office, and thereby to result in a consequent depletion of the general fund with-

out resulting benefit to the State. Since there is already a considerable existing depletion in that fund, it is of prime importance that, in order to help preserve the solvency of the State, that these sources of revenue of the State be preserved and therefore it is necessary that this act take effect immediately.

CHAPTER 21.

Stats. 1911, p. 1290, amended.

An act to add a new section to be numbered 27c to an act entitled "An act to provide for the incorporation and organization and management of municipal water districts and to provide for the acquisition or construction by said districts of water works, and for the acquisition of all property necessary therefor, and also to provide for the distribution and sale of water by said districts," approved May 1, 1911, relating to escheat of funds of dissolved water works, and providing that this act shall take effect immediately.

[Approved by the Governor February 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

New section

SECTION 1. A new section is added to the act cited in the title hereof to be numbered 27c, and to read as follows:

Transfer of surplus funds

Sec. 27c. Whenever, after the dissolution of a district, composed exclusively of the territory of a municipal corporation, under the provisions of this act, and the payment of the moneys thereof to the county treasurer, there remains any portion of such moneys in the hands of the supervisors after the lapse of a period of three years from and after the payment of all the debts of said district, such remaining portion shall be transferred to the general fund of the municipal corporation upon order of the superior court upon application of the district attorney of the county, as follows:

Procedure.

At any time after July 28, 1933, the legislative body of the municipal corporation may by resolution direct the attorney for such corporation to apply to the superior court for the transfer of said moneys to the general fund of the municipal corporation. Thereupon, the district attorney shall apply to said court for such transfer. Upon the hearing on such application, if it is made to appear to the satisfaction of the court or judge, by affidavit or by testimony taken in open court, (a) that such money has not been paid out but has been in the hands of the county treasurer for a period of three years; (b) that there is no proceeding pending to require the supervisors to appropriate said money or to pay it out prorata to any taxpayer entitled thereto, and (c) that the period of three years has passed since the payment of all the debt of the water district under the provisions of this act, the court shall order that such money be transferred to the general fund of the municipal

corporation, and thereafter be subject to expenditure for all purposes as a part of said general fund.

Payment to taxpayer

If, at the time the proceeding is brought, or while the proceeding is pending in the superior court, an action or proceeding is brought to require the payment of any part of such moneys to a taxpayer, the court may order that there be paid into the said general fund the excess of such money over the amount claimed on behalf of the taxpayer in the action, or proceeding brought to require the payment thereof to said taxpayer. Upon the determination of such other action or proceeding on behalf of the taxpayer, the court may order any portion of said funds over and above the amount, if any, paid to the taxpayer, to be transferred to the said general fund without further proceedings on the part of the legislative body of the corporation, county, or the attorney for the municipal corporation.

Effect

SEC. 2. This act shall not revive any claim against any such moneys paid over, or revive a right of action in favor of a taxpayer or other parties for the payment of such moneys when action on such claim is barred by operation of law at the time this act takes effect, nor shall this act be construed to extend the time during which any such action may be brought, or in any manner affect any defense to such action.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public peace and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall therefore take effect immediately.

The following is a statement of the facts constituting such necessity:

In the present period of economic stringency, it is imperative that provision be made for measures designed to extend relief to persons made destitute or distressed as the result of the peculiar economic conditions now prevalent. At the same time, it is vital that taxes be kept at as low a level as possible, in order not to impede unduly the processes of business and industry. This act, by making available to municipalities for expenditure for the purpose of such relief, funds in the county treasury not otherwise available, will tend to achieve both the above objects, and should therefore go into effect immediately.

CHAPTER 22.

Stats. 1929 p. 1489, amended

An act to repeal section 22 of and to add a new section to be numbered 22 to the "California Toll Bridge Authority Act," relating to the permanent revolving fund, to make an appropriation from the highway maintenance fund for

the permanent revolving fund, and to provide that this act shall take effect immediately.

[Approved by the Governor February 7, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Repeal

SECTION 1. Section 22 of the act cited in the title hereof is hereby repealed.

New section

SEC. 2. A new section to be numbered 22 is hereby added to said act:

Appropriation Revolving fund California Toll Bridge Authority

Sec. 22. The sum of fifty thousand dollars is hereby appropriated from the State highway maintenance fund available for the widening, resurfacing and reconstruction of State highways for the group of counties designated as Group No. 1 in section 4 of that certain act of the Legislature classifying the highways of the State into primary and secondary highways, approved May 26, 1927, being Chapter 794, Laws of 1927. Said appropriation is hereby made to provide a permanent revolving fund for the use and support of the California Toll Bridge Authority in carrying out the provisions of this act. As specific toll bridge acquisition and construction, or toll revenue funds become available, expenditures theretofore made by the California Toll Bridge Authority from the permanent revolving fund herein provided shall be returned to the permanent revolving fund by the Controller's warrant duly drawn for that purpose.

Fund abolished.

SEC. 3. The permanent revolving fund created in section 22 of chapter 763, Statutes of 1929, is hereby abolished and all moneys therein and accruing thereto on the date this act becomes effective shall be immediately transferred to the general fund in the State treasury.

Urgency

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution and shall therefore take effect immediately.

The facts constituting such necessity are as follows: The funds in the State treasury are greatly depleted and unless funds can be placed to the credit of the general fund of the State the functioning of the State government will be seriously hampered. The revenues of the State have fallen off due to the serious economic crisis now existing and this measure is necessary to augment the general fund in the State treasury and to permit the necessary functions of the State government to be carried out.

CHAPTER 23.

Stats 1931, p. 1064.

SEC. 5. Section 17 of said act is hereby amended to read as follows:

Tax for payment of bonds

Sec. 17. The board of trustees of such district shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy in which tax may be included a sum sufficient, in the judgment of the board of trustees, to take care of anticipated delinquencies; provided, however, that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, such tax shall be levied and collected at the time and in the manner aforesaid, annually each year, in an amount sufficient to pay the interest on said indebtedness as it

falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Property taxed

Such tax shall be levied solely upon the lands within the district including any land which is the operative property of any public utility and excluding any lands belonging to any county, municipality, or political subdivision within said district, or lands belonging to the State of California or the United States of America; provided, however, that nothing herein contained shall be deemed to exempt from assessment the lands of any political subdivision the corporate boundaries of which are wholly outside the boundaries of said district, and all such lands of any such political subdivision shall be subject to the taxes herein provided to be levied with the same force and effect as though such lands were held by private individuals.

Assessment.

The board of trustees may elect to avail itself of the assessment made by the assessor of the county of Sacramento and may take such assessment as the basis for district taxes and have its taxes collected by the county officials of such county; provided, the board of trustees shall declare its said election by resolution and file a certified copy of the same with the auditor of Sacramento County on or before the first day of August, and such board of trustees shall likewise file with such resolution a certified copy of the map or plat showing the zones and the percentages of the amount to be raised from each zone. Thereafter each year until otherwise provided by the board of trustees, all assessments shall be made and taxes collected for such district by the county assessor and tax collector, respectively, of said county of Sacramento. In such case, the auditor of such county must, on or before the second Monday of August of each year, transmit to the board of trustees of the district a statement in writing showing the total value of all property within the district, which value shall be ascertained from the assessment book of such county for that year as equalized and corrected by the board of supervisors of said county; and which said statement shall also show the total value of all property in each of the said zones respectively.

All land situated within said district and subject to assessment and/or taxation for district purposes, and not included

on said county rolls for taxation for county purposes, shall immediately upon the effective date of this act be placed upon and thereafter carried on said rolls, and the assessed valuation of said lands shall be determined and fixed by said county assessor and the amount of such assessed valuation corrected and equalized by said board of supervisors at the same time or times and in the same manner as the assessed valuation of other lands upon said assessment rolls are fixed, determined, corrected and equalized by said county officials.

Rate. In case the board of trustees shall so elect to avail itself of the assessment made by the assessor of the county of Sacramento, as hereinbefore provided, it shall, on or before the first week day in September, or if such week day falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars using as a basis the value of property as it is assessed by the county assessor and returned to the board of trustees of the district by the county auditor as hereinabove provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board of trustees of the district shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board of trustees must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

Disposition of proceeds from redemptions Whenever any land situate in said district has been sold for taxes and has been redeemed the money paid for such redemption shall be apportioned and paid by the county treasurer to the said district in the proportion which the tax due to said district bears to the total tax for which such property was sold.

Lien All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board of trustees has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for State and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

Compensation of county. The amount of compensation to be charged by and paid to the county for the performance of service, as in this section provided, for and on behalf of such district, shall be fixed by agreement between the board of supervisors of the county of Sacramento, and the board of trustees of the district; provided, however, that such compensation shall in no event exceed one-half of one per cent of all moneys collected for such district

as in this act provided. The amount so collected by such county shall be placed to the credit of the county salary fund.

Wherever in this act the word "tax" is used, such word shall not be deemed or construed as referring to a tax in the technical sense of that term but shall be deemed only to refer to such assessments of benefits as are provided for by section 8 of this act.

SEC. 6. Section 18b of said act is hereby amended to read as follows: Stats 1931, p 1064

Sec. 18b. In addition to the indebtedness hereinbefore authorized to be incurred by the district, the district shall have the right, subject to the approval of the State Department of Finance to incur indebtedness for organization purposes, preliminary engineering expenses and general incidental expenses as in this act provided in an additional amount not to exceed the sum of twenty thousand dollars. The sum of twenty thousand dollars, in addition to the sums heretofore appropriated, is hereby appropriated out of the funds of the State Treasury, not otherwise appropriated for the use of the board of trustees of said district in carrying out the provisions of this act and in defraying the expenses hereinabove in this section authorized. And the State Controller is hereby directed to draw warrants upon the State Treasurer payable out of said appropriation whenever drafts of said board of trustees duly approved by the State Department of Finance are presented to him, and the State Treasurer is hereby directed to pay said Controller's warrants. Further fiscal arrangements Appropriation

All of the moneys hereinbefore in this section appropriated, to wit, the sum of twenty thousand dollars together with the moneys heretofore appropriated in the year 1929, as provided by section 18a of this act, together with one-half of the moneys heretofore appropriated in the year 1927, as provided by section 18 of this act, shall be repaid to the State by the said district by means of a special tax levy on all property in said district. The amount so due the State shall be added to the assessment-roll of the county of Sacramento in the form of a special tax on all the property in said district, upon a certification from the State Department of Finance to the auditor of the county of Sacramento as to the amount so due the State by reason of any advances made by the State hereunder, which tax shall be collected by the tax collector of the county of Sacramento and paid over to the State by said county. Provided, however, that the board of trustees in their discretion may repay said money out of the proceeds of any bond issue of the district in lieu of such special assessment and the repayment of said sum in such manner is hereby ratified and validated, confirmed and approved.

SEC. 7. This act as hereby amended is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public peace and safety within the meaning of section 1, article four of the Constitution of the State of California and as such it shall take effect immediately. Urgency

The following is a statement of facts constituting such necessity: The immediate prosecution of the work contemplated by this act is necessary for the early correction of the flood conditions which are now a yearly occurrence on the Sacramento and American rivers and which constitute a grave menace to the lands within said American River Flood Control District, including the cities of Sacramento and North Sacramento and which should be obviated as speedily as possible in order that the lives and property of inhabitants thereof may be secure.

To secure these ends it is necessary that this act take effect immediately upon its passage.

This act shall take effect immediately.

CHAPTER 24.

Stats 1929, p 1489

Stats 1931, p 916.

[Approved by the Governor February 7, 1933. In effect immediately.]

The people of the State of California do enact as follows:

San Francisco Bay Bridge Additional tolls

SECTION 1. After all revenue bonds issued and sold by the California Toll Bridge Authority for the construction of a bridge across the bay of San Francisco from the City and County of San Francisco to the county of Alameda under the provisions of the California Toll Bridge Authority Act, approved June 10, 1929, chapter 763, and as amended, have been fully redeemed and paid and all bonds issued thereunder are retired, the said authority shall, and it is hereby so directed, continue to fix and collect tolls on said bridge until

Stats 1929, p 1489.

all moneys that may be appropriated by the State of California and expended from the State highway construction fund for the acquisition and construction of the highway approaches leading to and upon said bridge at both the Alameda County and San Francisco ends thereof, and also until all interest which may have accumulated on the sum of six hundred fifty thousand dollars ($650,000) heretofore appropriated for the use of the California Toll Bridge Authority by chapter 400, Laws of 1931, up to the time said authority makes reimbursement to the State of California of said sum of money from proceeds realized from the sale of revenue bonds, have been fully repaid to the State of California. All such reimbursements so made shall be credited to the said State highway construction fund, or to such fund for construction of State highways as may be hereafter created in place and stead of said construction fund, and to the portion of such fund from which the moneys used for such acquisition and construction purpose were appropriated and used. Such reimbursement shall be made from surplus net revenues realized from the operation of said toll bridge under the tolls so fixed and collected after all of said bond obligations have been fully redeemed and paid and all bonds issued therefor are retired, and as rapidly as such surplus revenues will permit. Stats 1931, p 916

SEC. 2. This act is hereby declared to be an urgency measure within the meaning of section 1, Article IV of the Constitution of the State of California, and it is deemed necessary for the immediate preservation of the public peace, health and safety that this law shall go into immediate effect. The construction of a toll bridge and approaches thereto over the bay of San Francisco, from the City and County of San Francisco to the county of Alameda, and the efficient maintenance and operation of it by the State, are essential to complete and make effective the system of State highways. It is necessary for the preservation of the public peace, health and safety that greater facilities for travel and transportation across the bay of San Francisco be immediately afforded by the construction of such toll bridge and the approaches thereto; this act is necessary, as one of a series of acts, in order to enable and assure the immediate financing and construction of said toll bridge. There now exists unemployment in this State to such an extent that the public peace, health and safety are threatened and endangered. The immediate construction of the said toll bridge and the approaches thereto will do much to relieve the present unemployment situation, by furnishing employment for thousands of people. It is, therefore, essential that this act go into immediate effect, and the Legislature so determines that it shall become effective immediately. Urgency.

It is unlawful to ship or move any used appliances unless there is furnished to the commissioner of the county of destination such proof as said commissioner may require that such appliances have not been exposed to infestation or infection by any pests, or that such appliances have been treated immediately prior to shipment in the manner designated by the director. The commissioner of the county of destination shall refuse entry to any such appliances until such proof shall have been furnished. Such appliances may be moved to a place designated by the commissioner for treatment under his supervision.

When, in the opinion of the director or commissioner, the plants or other things have been disinfected or cleaned so as to eradicate or control such pest, he shall release the same and issue the shipping permit. This shall in nowise affect the authority of the commissioner as set forth in sections 122 and 124.

Notice of infested premises.

129. The commissioner, whenever he deems it necessary, may enter and make an inspection of any premises, plant, conveyance, or thing in his jurisdiction, and if found infected or infested with any pest, he may in writing notify the record owner or person in charge or possession of said premises, plants, conveyances or things, that the same are infected or infested with said pest, and require such person to eradicate, destroy, or control, to the satisfaction of said commissioner, the said pests within a certain time to be specified in the notice.

Service.

130. Said notice may be served upon the record owner or person having charge or possession of such premises, plants, conveyances or things infected or infested with pests or upon the agents of either, in the same manner as a summons in a civil action if such person can be found within the county. The remedies hereinabove provided shall be in addition to the remedy by way of abatement provided in this chapter.

Abatement

136. Whenever such nuisance exists and notice thereof has been served as hereinbefore provided and such nuisance shall not have been abated within the time specified, the com-

missioner shall cause said nuisance to be abated by eradicating, controlling, or destroying said pests

137. The expense thereof shall be a county charge payable out of the general fund of the county. From the date of payment the amount thereof shall be a lien on the property from which said nuisance has been removed or abated in pursuance of this chapter excepting where the users of the water from an irrigation canal or ditch not subject to the control of any district or political subdivision, have received a notice to eradicate, destroy or control pests in or on such irrigation canal or ditch or the lateral banks thereof, and the nuisance therein mentioned has not been abated within the time specified in such notice, all sums so paid from the date of payment shall be liens upon the property served by the water from such canals and ditches. When there are two or more users of water from such canals or ditches, the liens shall be prorated in accordance with the acreage served. Notice of such lien shall be recorded within thirty days after the right thereto has accrued and a copy mailed to the person who appears of record to be the owner of any encumbrance on the property at the last known address of the encumbrancer, and if the address of the encumbrancer is unknown, that fact shall be stated in the copy so mailed and it shall be addressed to him at the county seat of the county wherein the property is situated. Such lien shall take precedence over and be paramount to all encumbrances upon the land or property, excepting only the lien of taxes, if a copy of the notice of eradication, control or destruction shall have been recorded and a copy shall have been mailed to the holder of any such encumbrance in the manner hereinbefore provided.

Notice of lien.

Upon the receipt of such statement by any commissioner, he shall distribute written or printed forms thereof to every person owning or having charge or possession of any premises or appliances within the county, where there is a probability of the presence of such pest. Such

a statement must be served with or be a part of the notice provided for and required to be served by sections 128 and 129.

(Amended by Ch. 723, Stats. 1933.)

[ORIGINAL SECTION.]

139. Upon the receipt of such statement by any commissioner, he shall distribute written or printed forms thereof to every person owning or having charge or possession of any premises or appliances within the county, where there is a probability of the presence of such pest. Such a statement must be served with or be a part of the notice provided for and required to be served by section 128.

Proceedings, generally

140. Abandoned crops a nuisance

141. Neglected or abandoned plants or crops which, because of the existence therein or thereon of pests, or because of other conditions, constitute a menace to the agriculture of the county, district, or vicinity, or which are host plants of or provide a favorable and likely harbor for pests are public nuisances and it is unlawful to maintain the same, and all remedies which are or may be given for the prevention or abatement of nuisances apply thereto.

Report to district attorney.

Whenever the commissioner of any county determines by inspection that there exists a condition which constitutes a nuisance under this section on any property or premises within his jurisdiction, he shall make a report of his inspection to the district attorney, setting forth a description of the property upon which the nuisance exists, naming the pest or pests or other conditions which in his opinion are dangerous to the agriculture of the county, district or vicinity, and, if in his judgment his findings justify, he shall state in such report that the removal or destruction of the neglected or abandoned plants or crops will provide the best means for the elimination of such menace to the agriculture of the county, district or vicinity.

Abatement

142. Whenever the district attorney receives from the commissioner such a report, he shall prepare from said report and from the findings therein a petition to the superior court of the county praying for an order to cause the removal or destruction of the neglected or abandoned plants or crops. The petition shall set forth a description of the property, the name of the owner or person in charge or possession thereof and the name of the pest, or other conditions which constitute a menace to the agriculture of the county, district or vicinity.

Procedure

143. Upon the filing of such petition by the district attorney, a citation shall be issued by the court requiring the owner or person in charge or possession of the property to appear at a time and place specified to show cause why such neglected or abandoned plants or crops should not be removed or destroyed. A copy of the petition, together with a copy of the citation, shall be served by the commissioner or by any person deputized by him for that purpose upon the owner, if he can be found within the county, and, if not found after due diligence, then upon the person in charge or possession of the property not less than ten days prior to the date specified in such citation. If the owner or person in charge or possession of the property can not after due diligence be found within the county, a copy of such petition and citation shall be served by posting in a conspicuous place upon the property. When any such citation is issued, said commissioner may record a copy thereof, and may cause a copy thereof to be mailed to the person who appears of record to be the owner of any encumbrance on said property, at the last known place of address of said encumbrancer.

Hearing, etc

144. On the day on which such citation is made returnable, the court shall hear the cause and the same shall have precedence of all matters excepting injunctions, older matters of the same character and matters otherwise given precedence by law. The court shall thereupon decide whether or not the neglected or abandoned plants or crops shall be destroyed or removed. If the court is satisfied that the conditions set forth in the petition exist on the property and that the removal or destruction of the neglected or abandoned plants or crops is necessary and essential for the welfare of the agriculture of the county, district or vicinity, it shall make an order ordering within a certain time, the removal or destruction of the neglected or abandoned plants or crops located upon the property described in such order, and such order shall be served by the commissioner, or by any person deputized by him for that purpose, upon the owner, if he can be found within the county, and, if not found after due diligence, then upon the person in charge or possession thereof. If the owner or person in charge or possession of the property can not after due diligence be found within the county, then such order shall be served by posting in a conspicuous place upon the property.

145. If the order of the superior court is not complied with within the time specified in the order, the commissioner shall cause the removal or destruction of the neglected or abandoned plants or crops mentioned in the order of the court. The commissioner shall keep an account of the cost of such removal or destruction and shall render an itemized report thereof to the board of supervisors, which cost shall be a county charge payable out of the general fund of the county.

Lien

146. Any and all sums so paid shall be, from the date of payment, a lien on the property from which said plants or crops have been removed or destroyed in pursuance of sec-

tion 145. Notice of such lien shall be recorded within thirty days after the right to the said lien has accrued, and a copy of said notice of lien shall be mailed to the person who appears of record to be the owner of any encumbrance on said property, at the last known place of residence of said encumbrancer, and if the place of residence of said encumbrancer is unknown, then that fact shall be stated in the copy so mailed, and it shall be addressed to the county seat of the county wherein said property is situated. Such lien shall take precedence over and be prior and superior to all encumbrances upon the land or property, excepting only the lien of taxes.

Penalties, sale.

147. If the sum secured by such lien is not repaid to the county within eighty days from the filing of the notice of lien, there shall then be added to the same and secured by such lien, a penalty of fifteen per cent An action to foreclose the lien shall be commenced within ninety days after the filing and recording of the notice of lien, which action shall be brought in the proper court by the district attorney of the county in the name and for the benefit of the county making such payment or payments, and when the property is sold, enough of the proceeds shall be paid into the county treasury to satisfy the lien and costs; and the overplus, if any, shall be paid to the owner of the property, if he is known, and if not, into the court for his use when ascertained.

Article 2. General Estray Provisions.

Custody of estrays

391. Any person finding any estray domestic animal or animals upon premises in his possession, or upon highways adjacent thereto, may seize the same and have a lien thereon for all expenses incurred in seizing, keeping and caring for said animal or animals. No person shall remove them from the possession of such lienholder or from the possession of the officer to whom they may have been delivered. In the counties of Trinity, Shasta, Siskiyou, Lassen, and Modoc by reason of the fact that they are devoted chiefly to grazing, any person finding at any time any estray domestic animal or animals upon premises to which he has the right of possession, shall not have the right to seize said domestic animal or animals, nor shall he have a lien thereon unless said premises are entirely enclosed with a good and substantial fence.

Any person seizing an estray animal or animals shall confine the same in a secure place, and within five days file with the county recorder or county poundkeeper of the county in which such estray is found, a notice containing a description of the animal or animals seized, the marks and brands, if any, the probable value of each animal, and a statement of the date and place where the same was seized and confined. The statement may contain a legal description of the place of confinement, and must contain the common name of the ranch upon which said place is located, together with its position relative to the nearest town, State highway, crossroads, school house or other well known local landmark. The county recorder or county poundkeeper shall receive for filing said notice the sum of fifty cents. If the value of said animal or animals together exceed ten dollars, the notice must also be published in a paper of general circulation within the county at least once a week for three successive weeks stating the time at which the animal or animals will be sold, as provided in section 396. If such lienholder knows the owner of said animal or the person having charge thereof, then, within five days after said animal is seized, he shall, in lieu of filing the notice, notify the owner of said animal, or the person having charge

thereof, which notice shall contain the same information as required in a notice to be filed, and no charge shall be made for preparing and serving this notice.

Expenses

393. Within thirty days from the date of the filing of the notice specified in section 392, any person claiming such estray animal or animals shall appear and demand from the lienholder the possession thereof, and shall, at the same time, pay the lienholder all expenses incurred by reason of seizing, keeping and caring for such animal or animals, and upon receiving such expenses the lienholder shall immediately deliver to the party claiming such animal or animals the possession thereof.

Such expenses shall be estimated as follows:

In such action the lienholder may set forth his expenses and they, together with accruing expenses to the time of the entry of the judgment, shall be determined by the court.

Tender Sufficiency

395. If at the trial the court finds that the tender was sufficient, the court shall award the possession of the animal or animals to the plaintiff, the award to become effective concurrently with the deposit in court by the plaintiff for the benefit of the defendant of the amount of the tender, subtracting therefrom the amount of the plaintiff's costs of suit.

If the court finds that the tender was not sufficient, the court shall award the possession of the animal or animals to the plaintiff, the award to become effective concurrently with the deposit in court by the plaintiff for the benefit of the defendant of the sum of the following items:

(a) The amount for which the tender should have been made.

(b) The expenses accruing to the defendant for the keeping and care of the animal or animals from the date of the tender to the date of the deposit in court.

(c) The costs of suit of the defendant.

In the event that plaintiff fails to deposit the necessary amount within ten days of the award of the court, the award becomes ineffective for any purpose In any such action, it is incumbent on plaintiff to establish his right to the possession of the animal or animals.

Sale of animals

396. If no person appears and claims the animal or animals taken up within thirty days after the filing of the notice hereinbefore mentioned or if a person does appear and claims the animal or animals seized within thirty days after the filing of the notice above referred to, but fails to pay to the lienholder the expenses as provided in section 393 or fails to commence and prosecute with diligence an action for the recovery of the possession of such estray animal or animals within the time required by section 394; or if the award in said action is ineffective; then the lienholder shall, in writing, notify a justice of the peace of the township or county in which said animal or animals are held, that he has complied with all the provisions of this article, that one of the foregoing conditions exists and that such animal or animals are held by him subject to sale. The justice of the peace shall immediately proceed to sell or cause to be sold such animal or animals at public sale, in conformity with the law concerning sales on execution, and shall be entitled to the same fees as are provided by law for sales under execution.

Proceeds of sale

397. Out of the money realized from the sale of estrays, the constable or other officer shall first retain his fees; he shall then pay to the taker-up his expenses estimated as provided in section 393, or so much thereof as the funds in his hands will permit, and the surplus, if any, he shall pay to the county treasurer to be held by him for the owner of the estray or estrays for which it was received in payment. If any person shall, within one year thereafter, prove, to the satisfaction of the board of supervisors of the county in which the sale was made, that he is entitled to the sum so held by the county treasurer, or any part thereof, the board shall order such sum to be paid to him; if not so proven within one year, the same becomes a part of the common school fund of said county.

Acts continued in force.

401. The act entitled "An act concerning lawful fences, and animals trespassing upon lawfully enclosed land," passed

March 30, 1850, and an act entitled "An act concerning lawful fences in the counties of San Bernardino, Colusa, Shasta, Tehama and Placer," approved April 18, 1859, in so far as the provisions of each of said acts apply to or affect the counties of Trinity, Shasta, and Siskiyou, are expressly continued in force, except as to swine or hogs, which may be taken up in said counties when said swine or hogs estray or trespass on lands of others. The provisions of this article apply to swine or hogs in said counties, but in all other respects the acts named in this section are continued in full force in said counties, it being determined that the conditions prevailing in said counties of Trinity, Shasta, and Siskiyou demand the continued application of said statutes in said counties.

Any sale not in conformity with the provisions of this article shall be null and void.

A statement, design or device is false or misleading, when the fresh or dried fruit, nut or vegetable, or container to which it apparently or actually refers, does not conform in every respect to such statement.

(l) A "bulk lot" or "bulk load" of any fresh or dried fruit, nut or vegetable is any one group of specimens of such product which is not in a container and which is set apart or is separate from any other group or groups.

(a) "Container" means any box, crate, lug, chest, basket, carton, barrel, keg, drum, sack, or other receptacle.

(b) "Subcontainer" means any container when being used within another container.

(c) "Closed container" means any container the contents of which are hidden or partially hidden from view by a cover or wrapping of any kind.

(d) "Pack," "packing," or "packed" means the regular compact arrangement of all or part of the fruit or vegetables in any container or subcontainer.

(e) "Deceptive pack" means any container or subcontainer which has in the outer layer or any exposed surface, fruits, nuts or vegetables which are in quality, size, condition, or in any other respect so superior to those in the interior of the container or subcontainer or the unexposed portion as to materially misrepresent the contents. Such pack is deceptive even though the fruits, nuts or vegetables in the container are virtually uniform in size when the outer or exposed surface is composed of products whose size is not an accurate representation of the variation of size of the products in the entire container.

(f) "Deceptive arrangement" or "deceptive display" of fresh or dried fruits, nuts or vegetables means any bulk lot or load, arrangement or display of such products which has in the exposed surface, fresh or dried fruits, nuts or vegetables which are so superior in quality, size, condition, or in any other respect so superior to those which are concealed, or the unexposed portion, as to materially misrepresent any part of the bulk lot or load.

(g) "Fruits, nuts, or vegetables" means the food product of any tree, vine or plant.

(h) "Mature," except when otherwise specifically defined, means having reached that stage of ripeness which will insure the proper completion of the ripening process after the removal of the product from the tree, plant or vine.

(i) "Overripe" means having reached an advanced state of maturity which causes the product to be undesirable or unedible in a fresh state.

(j) "By-product" means any product commercially processed or manufactured from fruits, nuts, or vegetables, or their juices.

(k) "Mislabe" means the placing or presence of any false or misleading statement, design, or device, upon any container, or upon the label or lining of any such container, or upon the wrapper of any fresh or dried fruit, nut or vegetable or upon any placard used in connection therewith and having reference to such fresh or dried fruits, nuts or vegetables. A statement, design or device is false and misleading, when the fresh or dried fruit, nut or vegetable, or container to which it apparently or actually refers, does not conform in every respect to such statement.

(l) A "bulk lot" or "bulk load" of any fresh or dried fruit, nut or vegetable is any one group of specimens of such product which is not in a container and which is set apart or is separate from any other group or groups.

(m) A "placard" is any sign, label, or designation other than an oral designation used in connection with any fresh or dried fruit, nut or vegetable as a description or identification thereof.

(n) "Cross section" means the section of the fruit or vegetable taken at a right angle to a straight line drawn from the stem end to the distal end thereof.

Enforcement.

782. The director and the commissioners of each county of the State, their deputies and inspectors, under the supervision and control of the director shall enforce this chapter.

The refusal of any officer authorized under this chapter to carry out the orders and directions of the director in the enforcement of this chapter is neglect of duty.

Sampling methods

The director may prescribe methods of selecting samples of lots or containers of fruits, nuts and vegetables, which shall be reasonably calculated to produce by such sampling fair representations of the entire lots or containers sampled; establish and issue official color charts depicting the color standards and requirements established in this chapter; and make such other rules and regulations as are necessary to secure uniformity in the enforcement of this chapter.

Any sample taken under the provisions of this chapter shall be prima facie evidence, in any court in this State, of the true condition of the entire lot in the examination of which said sample was taken.

(Amended by Ch. 184, Stats. 1933.)

[ORIGINAL SECTION.]

782. The director and the commissioners of each county of the State, their deputies and inspectors, under the supervision and control of the director shall enforce this chapter. The refusal of any officer authorized under this chapter to carry out the orders and directions of the director in the enforcement of this chapter is neglect of duty. The director may make rules and regulations to secure uniformity in the enforcement of this chapter.

Inspection

783. All enforcing officers may enter and inspect any place or conveyance within the county or district over which they have jurisdiction, where any fresh or dried fruits, nuts or vegetables are produced, stored, packed, delivered for shipment, loaded, shipped, being transported, or sold, and inspect all such fresh or dried fruits, nuts and vegetables and the containers thereof and equipment found in any such places or conveyances and take for inspection, such representative samples of the produce and such containers, as may be necessary to determine whether or not this chapter has been violated.

All enforcing officers shall cause the prosecution of any person whom they know or have reason to believe to be guilty of violating any of the provisions of this chapter. Any enforcing officer may, while enforcing the provisions of this chapter, seize and hold as evidence all or any part of any pack, load, bulk lot, consignment or shipment of fresh or dried fruits, nuts or vegetables packed, delivered for shipment, loaded, shipped, or being transported, or sold in violation of this chapter, or any container of such product, as may in his judgment be necessary to secure the conviction of the party he knows or believes has violated or is violating any of the provisions of this chapter.

Seizure of illegally packed goods

784. All fruits, nuts and vegetables when being packed or placed in any container, or after packing, or when delivered for shipment, loaded, shipped, or being transported or sold in bulk or in any container or sub-container, shall conform to the provisions of this chapter.

Packed goods must conform to provisions of chapter

Public nuisance

785. Any fruits, nuts or vegetables, packed, stored, delivered for shipment, loaded, shipped, or being transported or sold in violation of any of the provisions of this chapter and their containers, are public nuisances, and shall not be moved from the place where they may be, except under the specific direction of a proper enforcing officer. If, after notice of such violation is given to the packer or owner of such fruits, nuts or vegetables, such packer or owner refuses, or fails within twenty-four hours, to recondition or re-mark the same so as to comply with all requirements of this chapter, such fruits, nuts or vegetables and their containers may be seized by the director or any enforcing officer and by order of the justice's, municipal or superior court of the county, city, or township within which the same may be, shall be condemned and destroyed, or released upon such conditions as the court, in its discretion, may impose to insure that they will not be packed, delivered for shipment shipped, transported, or sold in violation of this chapter.

Seizure

Arrest and trial

786. Whenever any person is arrested for the transportation of fruits, nuts or vegetables in violation of this chapter, unless he demands the right to an immediate appearance before a magistrate, the arresting officer shall, upon production of satisfactory evidence of the identity of the person arrested, take his name and address, the number of his motor vehicle and such other information as may be necessary, and notify him in writing to appear at a time and place to be specified in such notice, such time to be at least five days after such arrest and such place to be before a magistrate of the township in which the offense with which the arrested person is charged is alleged to have been committed, or upon the demand of the person arrested, before a magistrate of the township in which is located the county seat of the county in which such offense is alleged to have been committed, whereupon such officer shall, upon the giving by such person of his written promise to appear at such time and place, forthwith release him from custody. However, in any county in which there is established a municipal court at the county seat thereof, the notice referred to herein may specify the appearance of the person arrested before any magistrate in the county.

Whenever any such person refuses to give his written promise to appear or demands an immediate appearance before a magistrate, he shall be taken forthwith before a magistrate of the township in which the offense with which he is charged is alleged to have been committed. He shall then be entitled to at least five days continuance of his case in which to prepare to plead or to prepare for trial unless he waives such time in writing or in open court and gives his written promise to appear at such time and place as the court may fix for his further appearance or, if he refuses to give such promise, upon such bail as the court may fix and he shall thereupon be released from custody.

Any person who wilfully violates his promise given in accordance with this section is guilty of a misdemeanor regard-

less of the disposition of the charge upon which he was originally arrested. A promise to appear may be complied with by an appearance by counsel.

Markings

787. When any markings are used on any container of any fruits, nuts, and vegetables to describe the contents thereof, such markings must be plainly and conspicuously marked, stamped, stenciled, printed, labeled or branded on such container. If the marking is on a placard the placard must be placed or posted in such a position that there is no doubt as to the product it is to identify.

Deceptive pack, mislabeled goods, etc.

788. It is unlawful to prepare, deliver for shipment, load, ship, transport, or sell a deceptive pack, bulk lot, bulk load, load, arrangement or display of fresh or dried fruits, nuts or vegetables, or to mislabel any container or the label or lining of any container, or the wrapper of any fruits, nuts or vegetables, or any fruit, nut or vegetable, or any placard used in connection therewith having reference to such fresh or dried fruits, nuts or vegetables. The repeated use of any container or subcontainer of fruits, nuts or vegetables, bearing any markings, or any designations of brand, quality or grade is unlawful unless all such markings which do not properly and accurately apply to the products repacked or replaced therein, are first completely removed, erased or obliterated. Nothing in this chapter shall be construed to conflict with any California or Federal laws or regulations regarding net weight or other markings on containers or subcontainers. Unless otherwise provided, whenever any fruits, nuts or vegetables are packed in layers, there shall be approximately the same numerical count in each layer throughout a container or subcontainer having straight sides. All fruits, nuts and vegetables, when packed, must be so tightly packed that they will not move in the container.

Carrier may refuse shipment

789. Any person, forwarding company, or common carrier may decline to ship or transport any fruits, nuts or vegetables when notified by any enforcing officer of this chapter, that such products are found to be delivered for shipment in violation of this chapter, and any such person, forwarding company, or common carrier may reserve the right, in any receipt, bill of lading or other writing given to the consignor thereof, to reject for shipment and to return to such consignor or hold at the expense and risk of the latter all fruits, nuts or vegetables, which upon inspection are found to be delivered for shipment in violation of this chapter.

Standards established

790. There are hereby established standards for fruits, nuts and vegetables which shall include apricots, avocados, berries, cherries, citrus fruits, dates, grapes, peaches, pears, oriental persimmons, plums and fresh prunes, "wonderful" pomegranates, quinces, walnuts, artichokes, asparagus, cantaloupes, carrots, cauliflower, head lettuce, melons, onions, peas, potatoes, sweet potatoes, tomatoes and apples.

(Amended by Ch. 332, Stats. 1933.)

[ORIGINAL SECTION.]

790. There are hereby established standards for fruits, nuts and vegetables which shall include apricots, avocados, berries, cherries, citrus fruits, dates, grapes, peaches, pears, oriental persimmons, plums and fresh prunes, "wonderful" pomegranates, quinces, walnuts, artichokes, cantaloupes, carrots, cauliflower, head lettuce, melons, onions, peas, potatoes, sweet potatoes, tomatoes and apples.

Apricots

791. Fresh apricots shall be mature but not overripe; free from insect injury which has penetrated or damaged the flesh, and from mold, brown rot, and decay, and serious damage caused by cuts, bruises, cracks, shot hole fungus, growth cracks, scab, hail, or other causes. With the exception of shot hole fungus, damage to any one apricot is not serious unless it causes a waste of ten per cent, by weight, of the individual apricot. Damage to any one apricot caused by shot hole fungus is not serious unless the spots cover an aggregate area of more than one-half of an inch in diameter. Not more than ten per cent, by count, of the apricots in any one container or bulk lot may be below these requirements but not to exceed one-half of this tolerance shall be allowed for any one cause. Packed apricots may vary in size between the fruits in any one container, not more than one-fourth of an inch in diameter, when measured through the widest portion of cross section.

Avocados.

792. Avocados shall be mature and free from decay, free from serious damage due to insect injury, overripeness, rancidity, cuts, bruises, growth cracks, freezing, sunburn, disease, or other causes. Damage to any one avocado is not serious unless it causes a waste of fifteen per cent by weight of the individual avocado

Not more than five per cent, by count, of the avocados in any one container or bulk lot may be below these requirements. Packed avocados shall be virtually uniform in size. Avocados shall not be considered mature when the edible portion shows an oil content of less than eight per cent by weight.

(Amended by Ch. 89, Stats. 1933.)

[ORIGINAL SECTION.]

792. Avocados shall be mature but not overripe or rancid; free from insect injury which has penetrated or damaged the flesh, and from mold, and decay; and serious damage due to cuts, bruises, growth cracks, freezing, sunburn, disease, or other causes. Damage to any one avocado is not serious unless it causes a waste of twenty per cent by weight of the individual avocado.

Not more than five per cent, by count, of the avocados in any one container or bulk lot may be below these requirements. Packed avocados shall be virtually uniform in size. Avocados shall not be considered mature when the edible portion shows an oil content of less than eight per cent by weight.

Strawberries

793. Strawberries, red and black cap raspberries, blackberries, dewberries, and loganberries shall be mature but not overripe, free from insect injury which has penetrated or damaged the flesh, and from mold, decay, and damage due to sun, frost, bruises, disease, or other causes.

Not more than ten per cent, by weight, of the berries in any one container or bulk lot, may be below these requirements,

but not to exceed one-half of this tolerance shall be allowed for any one cause.

Any strawberry which has two-thirds of the surface showing a pink or red color, shall be considered mature.

All strawberries shall be in the dry pint basket, containing an interior capacity of approximately thirty-three and six-tenths cubic inches. All other berries shall be in the dry pint basket or in the dry one-half pint basket containing an interior capacity of approximately sixteen and eight-tenths cubic inches.

Cherries

794. Cherries shall be mature but not overripe, free from insect injury or bird pecks which have penetrated or damaged the flesh, unsealed skin breaks, mold, brown rot, decay, and serious damage due to sunburn, growth cracks or splits, wrinkling, shriveling, sponginess, abnormal softening, rain, or other causes. Damage to any one cherry is not serious unless it causes a waste of ten per cent by weight of the individual cherry.

Not more than ten per cent, by count, of the cherries in any one container or bulk lot, may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed cherries shall be virtually uniform in size, which means that the average size of the cherries used in the fill shall not be smaller than would pack one row more in each direction than the cherries in the packed face. Bunched faced or drop faced cherries shall not be considered packed.

Citrus fruits

795. Citrus fruits shall be mature and free from decay; free from serious damage due to freezing, drying at the stem or blossom end (resulting from causes other than freezing), splits, bruises, or punctures, and in addition lemons shall be free from serious damage due to sunburn and internal decline. Packed citrus fruit shall be virtually uniform in size. Damage by drying at the stem or blossom end of all citrus fruits (resulting from causes other than freezing), and by internal decline or drying due to sunburn of lemons, is not serious unless twenty per cent or more of the pulp shows staining, drying or desiccation. Damage from freezing to any one fruit is not serious unless (a) it causes a drying or desiccation in twenty per cent or more of the exposed pulp as shown on a transverse cut through the center or (b) it causes, before the drying process develops, a water-soaked appearance, or evidence of previous water soaking, or the presence of crystals or crystalline deposit, on the two surface membranes of each of two or more segments as shown on the separation of two or more segments of a section, which section shall not be less than one inch or more than one and one-half inches in thickness, obtained from the central portion of the fruit by cutting off a portion of each end—such evidence of freezing injury to show for the entire length but not necessarily the entire area of the surface membranes.

Freezing damage

The percentage of serious damage to citrus fruits in containers, or in bulk, may be established by inspection of a representative sample which shall consist of not less than one-hundred fruits. Damage caused by splits, bruises, or punctures in any citrus fruit is not serious if the injury is well healed and free from mold or decay. Damage other than drying, caused by sunburn to lemons, is not serious unless it affects the edible portion of the fruit.

With the exception of serious damage caused by freezing, not more than ten per cent, by count, of the citrus fruit in any one container or bulk lot may be below these requirements, but with the exception of serious damage by sunburn and internal decline of lemons, or by drying at the stem or blossom end of all citrus fruits (resulting from causes other than freezing), not to exceed one-half of this tolerance shall be allowed for any one cause. In the case of serious damage by freezing injury, when the determination of serious freezing damage is based on a water-soaked appearance, or evidence of previous water soaking, or the presence of crystals or crystalline deposit, on the surface membranes of the segments, as herein defined, and before the drying process develops, not more than fifteen per cent, by count, of the citrus fruit in any one container or bulk lot may be below these requirements. After the drying process develops and the determination of serious freezing damage is based on a transverse cut, as herein defined, not more than fifteen per cent, by count, of the citrus fruit in any one container or bulk lot may be below these requirements, but not to exceed one-third of this tolerance shall be allowed for citrus fruits which show a drying or desiccation in forty per cent or more of the exposed pulp, as shown on a transverse cut through the center. The total tolerance for a combination of defects shall not exceed the tolerance permitted for any one cause by more than five per cent, by count.

No lot of citrus fruit failing to conform to the requirements because of serious damage caused by freezing injury may be mixed or blended with other lots of citrus fruit which conforms to these requirements, resulting in the concealment of inferior fruit, thereby reducing the percentage of defective fruits in the seriously damaged lots to within the tolerance which is permitted for errors in grading only.

Any packed, wrapped citrus fruit which has been in storage or after being shipped fails to meet the requirements of this standard only by reason of brown rot, blue mold, or green mold which has occurred after packing, shall not be held for violation of the provisions of this chapter on account of such deterioration.

Containers

Closed containers of unpacked citrus fruit and all containers of packed citrus fruit shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the citrus fruit or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location

of such packer; the number and average diameter of the citrus fruit in the container, or the cubical content of the container; and in the case of oranges, the name of the variety, if known, and when not known the words "unknown variety" or "seedlings."

Oranges, grapefruit and tangerines when packed shall be in standard containers numbers 31 or 33, and lemons when packed shall be in standard containers numbers 35, 36, 37 and 38. Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular size container."

(Amended by Ch. 285, Stats. 1933.)

[ORIGINAL SECTION.]

795. Citrus fruits shall be mature, free from decay, and free from serious damage due to freezing, drying at the stem or blossom end (resulting from causes other than freezing), splits, bruises, or punctures. Damage by drying at the stem or blossom end, resulting from causes other than freezing, is not serious unless twenty per cent or more of the pulp shows a marked drying or desiccation. Damage from freezing to any one fruit is not serious unless it causes a drying or desiccation in twenty per cent or more of the exposed pulp as shown on a transverse cut through the center, or unless it causes before the drying process develops a water soaked appearance or evidence of previous water soaking, or unless it causes the presence of crystals or crystalline deposit, on the two surface membranes of each of two or more segments, as shown on the separation of two or more segments of a section, which shall be not less than one inch or more than one and one-half inches in thickness, obtained from the central portion of the fruit by cutting off a portion of each end—the evidence of freezing injury to show for the entire length but not necessarily the entire area of the surface membranes.

The percentage of serious damage to citrus fruits in containers, or in bulk, may be established by inspection of a representative sample which shall consist of not less than one hundred fruits. Damage caused by splits, bruises, or punctures in any citrus fruits is not serious if the injury is well healed and free from mold or decay.

With the exception of serious damage caused by freezing or drying at the stem or blossom end resulting from causes other than freezing, not more than ten per cent, by count, of the citrus fruit in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause. In the case of serious damage by freezing injury or by drying at the stem or blossom end resulting from causes other than freezing, not more than fifteen per cent by count of the citrus fruit in any one container or bulk lot may be below these requirements.

Any packed, wrapped citrus fruit which has been in storage or shipped by rail and which fails to meet the requirements of this standard only by reason of brown rot, blue mold, or green mold which has occurred after packing, shall not be held for violation of the provisions of this chapter on account of such deterioration.

Oranges.

796. Oranges, except bloods, tangerines and mandarins, shall not be considered mature unless the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of eight parts to every part of acid contained in the juice (the acidity of the juice to be calculated as citric acid without water of crystallization), and unless, before picking, they have attained at least twenty-five per cent of characteristic color. In view of differences in

climatic and other growing conditions prevailing north of the Tehachapi Mountains in California which results in some navel oranges grown in certain districts of that area having at maturity a lower ratio of soluble solids to acid than matured navel oranges grown in the area south of the Tehachapi Mountains, navel oranges produced in the area north of the Tehachapi Mountains which are at least seventy per cent colored at the time of picking shall be considered mature if the juice contains soluble solids as determined by a Brix scale hydrometer, equal to or in excess of six and one-half parts to every part of acid contained in the juice. No oranges may be accelerated in color unless the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of eight parts to every part of acid contained in the juice (the acidity of the juice to be calculated as citric acid without water of crystallization).

"Twenty-five per cent of characteristic color" in the case of oranges is defined as that color designated by the Munsell color notation as hue one and fourteen one-hundredths green-yellow, value five and twenty-three one-hundredths chroma four and three-tenths (1.14GY5.23/4.3), and "seventy per cent colored" as hue three yellow, value six, chroma five (3Y6/5). Oranges shall be considered as having exceeded twenty-five or seventy per cent color if the average hue of the surface of each fruit is numerically less than one and fourteen-hundredths green-yellow or three yellow respectively, regardless of the other components of the color.

(Amended by Ch. 285, Stats. 1933.)

[ORIGINAL SECTION.]

796. Oranges shall not be considered mature unless the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of eight parts to every part of acid contained in the juice, (the acidity of the juice to be calculated as citric acid without water of crystallization) and unless they have attained at least twenty-five per cent of characteristic color before picking. Oranges shall be considered as having exceeded twenty-five or seventy per cent color if the average hue of the surface of each fruit is numerically less than one and fourteen-hundredths green-yellow or three yellow respectively, regardless of the other components of the color.

Grapefruit.

797. Grapefruit shall not be considered mature unless the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of five and one-half parts to

every part of acid contained in the juice (the acidity of the juice to be calculated as citric acid without water of crystallization), and unless, before picking, they have attained at least twenty-five per cent of characteristic color. Grapefruit which are at least seventy per cent colored at the time of picking shall be considered mature if the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of five parts to every part of acid contained in the juice. No grapefruit may be accelerated in color unless the juice contains soluble solids, as determined by a Brix scale hydrometer, equal to or in excess of five and one-half parts to every part of acid contained in the juice (the acidity of the juice to be calculated as citric acid without water of crystallization). In view of differences in climatic conditions prevailing south and east of San Gorgonio Pass, which results in the grapefruit grown in that area having, at maturity, a higher percentage of soluble solids to acid than the mature grapefruit grown in the area north and west of said San Gorgonio Pass, grapefruit produced in the area south and east of San Gorgonio Pass shall not be considered mature unless the juice contains soluble solids equal to or in excess of six parts to every part of acid contained in the juice (the acidity of the juice to be calculated as citric acid without water of crystallization), and has attained, before picking, at least twenty-five per cent of characteristic yellow color. In the event that the maturity standard fixed for that area south and east of San Gorgonio Pass should be declared void it is the intent of the Legislature that the other maturity standards prescribed in this section shall prevail. Grapefruit produced outside of this State under climatic conditions similar to those prevailing in the area south and east of San Gorgonio Pass and offered for sale in this State shall meet the same maturity standard as those prescribed for grapefruit produced south and east of said San Gorgonio Pass.

"Twenty-five per cent characteristic yellow color" in the case of grapefruit is defined as that color designated by the Munsell color notation as hue three and three one-hundredths green-yellow, value five and sixty-one one-hundredths, chroma, four and nine-tenths (3.03 GY 5 61/4.9), and "seventy per cent colored" as hue seven yellow, value seven, chroma six (7Y7/6). Grapefruit shall be considered as having exceeded twenty-five or seventy per cent color if the average hue of the surface of each fruit is numerically less than three and three one-hundredths green-yellow and seven yellow, respectively, regardless of the other components of the color.

(Amended by Ch. 285, Stats. 1933.)

Grapefruit shall be considered as having exceeded twenty-five or seventy per cent color if the average hue of the surface of each fruit is numerically less than three and three-hundredths green-yellow and seven yellow, respectively, regardless of the other components of the color.

Dates.

798. Dates and date by-products shall be free from mold, decay, worms, insect injury, insect debris or frass, fermentation, sourness and bird pecks causing injury to the flesh.

Not more than five per cent, by count, or in the case of dates packed in blocks, by weight, of the dates in any one container or bulk lot may be below these requirements but not to exceed one-half of this tolerance shall be allowed for any one cause, except that no part of this tolerance shall be allowed for the presence of live insects.

All containers and subcontainers of dates or date by-products shall bear upon them in plain sight on the outside thereof the net weight, and in letters not less than one-half of an inch in height, the name of the State or the foreign country where the dates were produced, directly preceded by the words "grown in" in like size type. All dates displayed for sale in bulk shall bear upon them in plain sight on the outside thereof, or upon a placard so placed as to have reference to such dates, in letters not less than one-half of an inch in height, the name of the State or the foreign country where the dates were produced, directly preceded by the words "grown in" in like size type. All containers or subcontainers of dates which have been subjected to a hot water or steam process treatment must be plainly marked on the outside thereof in letters not less than one-half of an inch in height with the words "hydrated

dates" or "steamed dates." In the case of any containers or subcontainers of contents of not more than three pounds net weight, these markings shall be in letters of not less than one-eighth of an inch in height.

Dates which are being delivered to any person in the State for the purpose of grading, packing or reconditioning, or which are being held in storage for such purposes, are exempt from the provisions of this section.

(Amended by Ch. 183, Stats. 1933.)

[ORIGINAL SECTION.]

798. Dates shall be free from mold, decay, worms, fermentation, and sourness

Not more than ten per cent, by count, of the dates in any one container or bulk lot may be below these requirements.

All containers and subcontainers of dates or date by-products shall bear upon them in plain sight on the outside thereof the net weight, and in letters not less than one-half of an inch in height, the name of the State or the foreign country where the dates were produced, directly preceded by the words "grown in" in like size type In the case of any containers or subcontainers of contents of not more than three pounds net weight, this marking may be in letters of not less than one-eighth of an inch in height.

Grapes

799. There are two standards for grapes. All grapes of the varieties in group A shall be considered table grapes and all other varieties juice grapes. Grapes of all varieties must at least meet the standard for juice grapes.

Table grapes.

800. Table grapes shall consist of bunches of grapes which are mature, and free from serious damage, caused by any of the following defects: mildew and insect injury which has penetrated or damaged the flesh of the berry, and from mold, decay, severe freezing injury, raisined berries, sunburned or dried berries and waterberry or redberry. Damage to any one bunch is not serious unless more than five per cent, by count, of the berries on any one bunch are affected by one or more of the above defects.

Not more than ten per cent by weight, of the bunches in any one container or bulk lot may be below these requirements.

If the grapes meet the requirements of the standard for table grapes the containers of such grapes may be marked with the term "table grade" or "table grapes."

Juice grapes.

801. Juice grapes shall be mature and free from mold, decay, waterberry, redberry and severe freezing injury.

Not more than fifteen per cent, by weight, of the berries in any one container or bulk lot may be below these requirements.

Any grapes which fail to meet the standard for juice grapes may be disposed of only as provided in section 830, but a grower of grapes may sell part or all of his crop, which fails to meet the standard for juice grapes, to a purchaser for the sole and express purpose of being used by such purchaser for the manufacture of a by-product in the State. Each such sale shall be made only under written permit of an enforcing officer of this chapter, who may require from the grower or purchaser of such grapes such proof as he deems necessary that they will be used only as herein provided.

802. As applied to grapes:

Definitions.

(a) "Mature" means that each bunch of the varieties classified above in group A shall test not less than seventeen per

cent soluble solids in juice, as determined by the Balling or Brix scale hydrometer; however, in view of differences in climatic conditions prevailing north and west of San Gorgonio Pass, which results in the Thompson Seedless and Malaga varieties of grapes grown in that area having, at maturity, a higher percentage of soluble solids than mature grapes of these varieties grown in the area south and east of San Gorgonio Pass, Thompson Seedless and Malaga grapes produced in the area north and west of San Gorgonio Pass shall so test not less than eighteen per cent; however, the varieties Emperor, Gros Colman, Bleu Grau, Drodelabi, Fresno Beauty, Servian Blue, Pierce Isabella, Pierce, Isabella Regia, California Concord, Concord, Olivette Blanche, Ladyfinger, Rish Baba, Khandahar, Dattier de Beyrouth, Red Malaga, Khalili, Persian 23, Dizmar and Ribier shall test not less than sixteen per cent. "Mature" in the case of all other varieties shall mean that the average or composite test of all the grapes in any container or bulk lot shall be not less than seventeen per cent soluble solids in juice, as determined by the Balling or Brix scale hydrometer; however, white varieties of the Muscat type shall test not less than eighteen per cent and the variety Burger shall test not less than sixteen per cent. Definitions

In the event that the maturity standard fixed for the Thompson Seedless and Malaga varieties of grapes produced in that area northwest of the San Gorgonio Pass should be declared void, it is the intent of the Legislature that the other maturity standards prescribed in this section shall prevail.

Any varieties included in group A may be placed in the standard for juice grapes and other varieties may be placed in the standard established for table grapes, but regardless of standard, any varieties included in group A shall always be tested for maturity on a bunch unit basis and all other varieties on an average or composite test of all the grapes in the container or bulk lot.

(b) "Waterberry" means a disease characterized by a watery, soft or flabby condition of the berries. Such affected berries are low in sugar content, have tender skins and are very easily crushed.

(c) "Redberry" means a condition closely resembling waterberry generally found in black varieties. Such grapes show a red or brownish red color in addition to the general characteristics of waterberry.

(d) "Raisined berries" means grape berries which are fully cured, resembling raisins, which do not contain sufficient juice to drop from the berry under ordinary pressure between thumb and finger.

(e) "Sunburned or dried berries" means grapes which show complete drying out from any cause, of part or all of any individual berries.

(f) "Severe freezing injury" means damage affecting the pulp of the berries.

(Amended by Ch. 944, Stats. 1933.)

[ORIGINAL SECTION.]

802. As applied to grapes:

(a) "Mature," means that each bunch of the varieties classified above in group A shall test not less than seventeen per cent soluble solids in juice, as determined by the Balling or Brix scale hydrometer, however, the varieties Emperor, Gros Colman, Bleu Grau, Drodelabi, Fresno Beauty, Servian Blue, Prince Isabella, Pierce, Isabella Regia, California Concord, Concord, Olivette Blanche, Lady Finger, Rish Baba, Khandahar, Dattier de Beyrouth, Red Malaga, Khalili, Persian 23 (Dizmar) and Ribier shall test not less than sixteen per cent. "Mature" in the case of all other varieties shall mean that the average or composite test of all the grapes in any container or bulk lot shall be not less than seventeen per cent soluble solids in juice, as determined by the Balling or Brix scale hydrometer; however, white varieties of the Muscat type shall test not less than eighteen per cent and the variety Burger shall test not less than sixteen per cent.

Any varieties included in group A may be placed in the standard for juice grapes and other varieties may be placed in the standard established for table grapes but regardless of standard, any varieties included in group A shall always be tested for maturity on a bunch unit basis and all other varieties on an average or composite test of all the grapes in the container or bulk lot.

(b) "Waterberry" means a disease characterized by a watery, soft or flabby condition of the berries. Such affected berries are low in sugar content, have tender skins and are very easily crushed.

(c) "Redberry" means a condition closely resembling waterberry generally found in black varieties. Such grapes show a red or brownish red color in addition to the general characteristics of waterberry.

(d) "Raisined berries" means grape berries which are fully cured, resembling raisins, which do not contain sufficient juice to drop from the berry under ordinary pressure between thumb and finger.

(e) "Sunburned or dried berries" means grapes which show complete drying out from any cause, of part or all of any individual berries.

(f) "Severe freezing injury" means damage affecting the pulp of the berries.

Peaches

803. Fresh peaches shall be mature but not overripe; free from insect injury which has penetrated or damaged the flesh, split pits which are open at the stem end, and from mold, brown rot, and decay, and free from serious damage, due to cuts or skin breaks, growth cracks, bruises, scab, rust, blight, disease, hail, or other causes. Damage to any one peach is not serious unless it causes a waste of ten per cent, by weight, of the individual peach.

Not more than ten per cent, by count, of the peaches in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed peaches shall not vary in size between the fruits, in any one container, more than three-eighths of an inch in diameter, when measured through the widest portion of the cross section.

Pears

804. Fresh pears shall be mature but not overripe, free from codlin moth larvae, mold, decay, black end, unsealed cuts, and skin breaks; and free from serious damage, due to hail, scab or other diseases, hard end, bruises, limb rubs, frost, codlin moth larvae or other insects.

Damage to any one pear is not serious when it is caused by:

(a) Scab, unless the spots cover an aggregate area of more than one-half of an inch in diameter.

(b) Hail damage, unless it affects an aggregate area of more than one-half inch in diameter or is more than one-fourth of an inch in depth.

(c) Codlin moth larvae, unless it causes unhealed stings or holes, however superficial, well healed codlin moth stings are not serious.

(d) Thrip mark, blister mite or other superficial blemishes caused by insects, unless more than ten per cent of the surface of the fruit is affected or they cause a depression of more than one-fourth of an inch in depth.

(e) Other diseases, limb rubs, frost, bruises, or hard end, unless such defects cause a waste of more than ten per cent, by weight, of the individual pear.

Not more than ten per cent, by count, of the pears in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause. Pears which fail to meet these requirements only because of serious damage caused by hail, shall be considered as complying with this standard, if the container in which they are packed or placed is plainly marked, on the outside of one end thereof, in letters not less than one-half inch in height, with the words "hail marked."

Packed pears shall not vary in size between the fruits, in any one container, more than three-eighths of an inch in diameter, when measured through the widest portion of cross section.

Bartlett pears shall not be considered mature unless at the time of picking the average pressure test of not less than ten representative pears of the lot does not exceed twenty-three pounds. However, pears which at the time of picking show a yellowish green color, as indicated by the color chart prepared by the department, shall be considered mature regardless of the pressure test. The pressure test shall be determined by means of a fruit pressure tester measuring in pounds the force required to push a rounded plunger five-sixteenths of an inch in diameter into the flesh of the fruit to a depth of five-sixteenths of an inch, after the skin from the areas tested, but little of the underlying flesh, has been removed. Two such determinations are to be made on each specimen selected as a sample and the average of all individual readings from the sample shall be considered as the pressure test of the lot. Pressure test readings shall be made on opposite sides, and approximately at the widest portion of the cross section of the fruit at right angles to the core. Sunburned or very highly colored areas shall be avoided in making pressure tests.

Persimmons

805. Oriental persimmons shall be mature but not overripe, shall be free from mold, and decay; and free from serious damage, due to cuts, bruises, breaking of the skin, growth cracks, hail, or other causes. Damage to any one persimmon is not serious unless it causes a waste of ten per cent, by weight, of the individual persimmon.

Not more than ten per cent, by count, of the oriental persimmons in any one container or bulk lot, may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

Packed oriental persimmons shall not vary in any one container more than one-half of one inch in diameter, when measured through the widest portion of the cross-section.

No oriental persimmon shall be considered mature unless at the time of picking at least seventy-five per cent of the surface has attained an orange or reddish color and the remaining per cent of the surface has attained a yellowish green color.

(Amended by Ch. 218, Stats. 1933.)

[ORIGINAL SECTION.]

805. Oriental persimmons shall be mature but not overripe, shall be free from mold, and decay; and free from serious damage, due to cuts, bruises, breaking of the skin, growth cracks, hail, or other causes. Damage to any one persimmon is not serious unless it causes a waste of ten per cent. by weight, of the individual persimmon.

Not more than ten per cent, by count, of the oriental persimmons in any one container or bulk lot, may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

Packed oriental persimmons shall not vary in any one container more than one-half of one inch in diameter, when measured through the widest portion of the cross section.

No oriental persimmon shall be considered mature unless the entire surface has attained an orange or reddish color.

Plums and fresh prunes.

806. Plums and fresh prunes shall be mature but not overripe, shall be free from insect injury which has penetrated or damaged the flesh, and from unsealed skin breaks or cuts, mold, brown rot, decay, and free from serious damage due to cuts, bruises, growth cracks, sunburn, hail, or other causes. Damage to any one plum or fresh prune is not serious unless it causes a waste of ten per cent, by weight, of the individual plum or fresh prune.

Not more than ten per cent, by count, of the plums or fresh prunes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

Packed plums and fresh prunes shall not vary in size between the fruits, in any one container, more than one-fourth of an inch in diameter when measured through the widest portion of cross section.

Pomegranates.

807. "Wonderful" pomegranates shall be mature, free from rot, and decay; and free from serious damage, due to sunburn, growth cracks, cuts or bruises, or other causes. Damage to any one "Wonderful" pomegranate, except damage caused by sunburn, is not serious unless it causes a waste of ten per cent, by weight, of the fruit. Damage caused by sunburn is not serious unless twenty per cent of the seed arils of the fruit fail to show the characteristic reddish color of normal matured fruit.

Not more than ten per cent, by count, of the "Wonderful" pomegranates in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed "Wonderful" pomegranates shall not vary in any one container more than one-half of an inch in diameter, when measured through the widest portion of the cross section.

A "Wonderful" pomegranate shall not be considered mature unless the juice is at least as dark in color as the shade of red shown by the Lovibond tintometer scale, red twenty plus yellow one, when measured in a one-fourth inch cell, in addition to which the juice shall contain not to exceed one and eighty-five one-hundredths per cent of acid.

Quinces

808. Quinces shall be mature but not overripe, shall be free from insect injury which has penetrated or damaged the flesh, and from mold, and decay, and free from serious damage, due to cuts or skin breaks, bruises, cracks, scab, disease, hail, or other causes. Damage to any one quince is not serious unless it causes a waste of ten per cent, by weight, of the individual quince.

Not more than ten per cent, by count, of the quinces in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed quinces shall not vary in size in any one container more than one-half of an inch in diameter when measured through the widest portion of the cross section.

Walnuts.

809. Walnuts shall be free from blanks, insect larvae, insect injury which has penetrated or damaged the meat of the nut, free from kernels which are rancid or affected by green or yellow mold; and free from serious damage due to white mold, gray mold, shriveling, or other causes. Damage to the kernel of any one walnut, when resulting from white mold, gray mold, or other causes except shriveling, is not serious unless such defects cover more than twenty-five per cent of the surface of the kernel of a particular nut. Damage caused to the meat of any walnut by shriveling is not serious unless more than twenty-five per cent of the kernel of the nut is shriveled so that the meat is leathery, tough, unpalatable or decidedly shrunken.

Not more than twenty per cent by count, of the walnuts in any one container or bulk lot may be below these requirements but not to exceed one-half of this tolerance shall be allowed for walnuts affected by insect injury or showing the presence of insect larvae.

All containers of walnuts shall bear upon them in plain sight and in plain letters, not less than one and one-half inches in height on the outside thereof, the name of the State or of the foreign country where the nuts were produced.

(Amended by Ch. 88, Stats. 1933.)

[ORIGINAL SECTION.]

809. Walnuts shall be mature, free from blanks, insect larvae, insect injury which has penetrated or damaged the meat of the nut, free from kernels which are rancid or affected by green mold; and free from serious damage due to white mold, gray mold, shriveling, or other causes. Damage to the kernel of any one walnut, when resulting from white mold, gray mold, or other causes except shriveling, is not serious unless such defects cover more than twenty-five per cent of the surface of the kernel of a particular nut. Damage caused to the meat of any walnut by shriveling is not serious unless more than twenty-five per cent of the kernel of the nut is shriveled so that the meat is leathery, tough, unpalatable or decidedly shrunken.

Not more than twenty per cent by count, of the walnuts in any one container or bulk lot may be below these requirements.

All containers of walnuts shall bear upon them in plain sight and in plain letters, not less than one and one-half inches in height on the outside thereof, the name of the State or of the foreign country where the nuts were produced.

Artichokes.

810. Globe artichokes shall be free from mold, decay, and insect injury or insect larvae; and free from serious damage due to freezing or other causes. Damage to any one artichoke from freezing is not serious unless the heart of the artichoke or that portion of the stem extending one and one-half inches or less, below the bottom of the artichoke, is discolored due to this cause. Damage from other causes is not serious unless it causes a waste of ten per cent, by weight, of the edible portion of the artichoke.

Not more than ten per cent, by count, of the Globe artichokes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Globe artichokes, when packed, shall not vary in size, in any one container, more than three-fourths of an inch in diameter when measured through the widest portion of cross section.

Asparagus

810.5. Fresh asparagus shall not be wilted, or crushed (except such injuries as are necessarily caused in proper sorting or packing); stalks shall not have badly broken, badly spreading or badly seeded tips and shall be free from decay and from damage caused by dirt, disease, insects, mechanical injury or other causes. Stalks of asparagus, when bunch packed, shall not be badly crooked. "Damage" means any injury from the causes mentioned which materially affects the quality.

Not more than ten per cent, by count, of the asparagus stalks in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause. Asparagus which fails to meet these requirements only because of being "badly crooked" shall be considered as complying with this standard if the container in which it is packed is plainly marked on the outside of the end bearing other markings required by this section, in letters not less than one-half inch in height, with the word "crooks."

In view of differences in climatic and other natural conditions prevailing south and east of San Gorgonio Pass, which

causes fresh asparagus grown in that area to be satisfactory in quality only if a large portion of the stalk is green or colored as compared to asparagus grown in the area north and west of the San Gorgonio Pass, stalks of asparagus produced in the area south and east of San Gorgonio Pass shall have not more than two inches of white on the butt, except that not more than twenty per cent of the stalks in any bunch, or when not packed in bunches, twenty per cent of the stalks in any container, may have not to exceed two and one-half inches of white.

Bunches of asparagus classified according to the following designated size grades shall contain the number of stalks indicated in each classification and shall weigh not less than two pounds net when packed, except that bunches smaller than two pounds net when packed, with a proportionately less number of stalks per bunch, may be so classified if the container is conspicuously marked, on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, with the number of bunches and the minimum weight per bunch. Not less than twelve bunches of asparagus so classified may be packed in standard container number 51.

Colossal, not more than fourteen stalks to a bunch.

Jumbo, fifteen to twenty stalks to a bunch.

Extra select, twenty-one to twenty-eight stalks to a bunch.

Select, twenty-nine to forty-two stalks to a bunch.

Extra fancy, forty-three to sixty-seven stalks to a bunch.

Fancy, sixty-eight to one hundred stalks to a bunch.

"Crooks" when packed in bunches shall have no more than sixty-seven stalks to a bunch.

The number of stalks of asparagus packed in bunches shall not vary more than ten per cent from the count of the grade classification as marked, except that ten per cent. by count, of the bunches in any one container may exceed this tolerance.

Containers.

All containers of asparagus packed in bunches shall bear upon them in plain sight and in plain letters on one outside end, the name of the person who first packed or authorized the packing of the asparagus, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer, the net weight, and in letters not less than one-half inch in height, the grade classification as herein established, except that crates of bunch packed asparagus which is badly crooked and so marked with the designation "crooks" need not bear any other grade classification; and in the case of bunches smaller than two pounds, with the number of bunches and minimum weight per bunch. When bunches of different grades are packed in one container, the markings on each container shall clearly show the number of bunches of each grade.

If ninety per cent, by count, of the stalks of asparagus in any container have less than fifty per cent of the length of

the stalk white, the containers may be marked with the term "green."

Asparagus packed in bunches shall be in standard container number 51. Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half of an inch in height with the words "irregular container."

(Added by Ch. 332, Stats. 1933.)

Cantaloupes.

811. Cantaloupes shall be mature but not overripe, not poorly netted, and free from mold, decay, and insect injury which has penetrated or damaged the edible portion of the cantaloupe; and free from serious damage, due to bruises, sunburn, growth cracks, cuts, sponginess, flabbiness, wilting, or other causes. Damage to any one cantaloupe is not serious unless it affects the edible portion of the individual cantaloupe.

Not more than ten per cent, by count, of the cantaloupes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Cantaloupes when packed shall be virtually uniform in size and there shall be the same numerical count of uniformly sized cantaloupes in each layer throughout the container.

"Mature" in the case of cantaloupes means that the appearance of the outside indicates maturity and the arils which surround the seed during the development of maturity have been absorbed and, in addition, that the juice of the edible portion shall contain not less than eight per cent soluble solids as determined by the Balling or Brix scale hydrometer. In view of differences in climatic and other natural conditions prevailing south and east of San Gorgonio Pass, which result in the cantaloupes grown in that area having, at maturity, a higher percentage of soluble solids than the mature cantaloupes grown in the area north and west of San Gorgonio Pass, mature in the case of cantaloupes produced in the area south and east of San Gorgonio Pass, means, in addition to the maturity requirements herein specified, that the juice of the edible portion shall contain not less than nine per cent soluble solids, as determined by the Balling or Brix scale hydrometer.

All closed containers of packed cantaloupes shall bear upon them in plain sight and in plain letters on one outside end, the name of the person who first packed or authorized the packing of the cantaloupes, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer. All containers of cantaloupes in which the pack does not conform to the standard pack provisions for cantaloupes in section 829 shall be conspicuously marked in letters not less than one-half inch in height "irregular pack."

(Amended by Ch. 182, Stats. 1933.)

[ORIGINAL SECTION.]

811. Cantaloupes shall be mature but not overripe, not poorly netted, and free from mold, decay, and insect injury which has penetrated or damaged the edible portion of the cantaloupe; and free from serious damage, due to bruises, sunburn, growth cracks, cuts, sponginess, flabbiness, wilting, or other causes. Damage to any one cantaloupe is not serious unless it affects the edible portion of the individual cantaloupe.

Not more than ten per cent, by count, of the cantaloupes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Cantaloupes when packed shall be virtually uniform in size and there shall be the same numerical count of uniformly sized cantaloupes in each layer throughout the container.

"Mature" in the case of cantaloupes means that the appearance of the outside indicates maturity and the arils which surround the seed during the development of maturity have been absorbed and, in addition, that the juice of the edible portion shall contain not less than eight per cent soluble solids as determined by the Balling or Brix scale hydrometer.

Carrots.

812. Carrots shall be free from decay and insect injury which has penetrated or damaged the flesh; and free from serious damage due to growth cracks, doubles, disease, green discoloration, or other causes. Damage to any one carrot is not serious unless it causes a waste of twenty per cent, by weight, of the individual carrot.

Not more than five per cent by weight, of the carrots in any one container or bulk lot may be below these requirements.

Cauliflower and broccoli.

813. Cauliflower and broccoli shall be free from rots and worm or other insect injury which has penetrated or damaged the curd; and free from serious damage due to freezing, sunburn, or other causes. Damage to the head of any one cauliflower or broccoli is not serious unless it causes a waste of twenty per cent of the edible portion of the individual cauliflower or broccoli. Not more than five per cent, by count, of the heads in any one lot of containers or bulk lot may be below these requirements but no container or bulk lot of less than ten heads shall have more than twenty per cent, by count, of the heads which are below these requirements.

Cauliflower and broccoli when packed in any container, shall be properly trimmed. Properly trimmed means that the number of jacket leaves shall be limited to those necessary to protect the head.

Head lettuce

814. Head lettuce shall not be leafy without head formation and shall be free from slime, decay or rot affecting leaves within the head, internal insect injury, and free from seed stems which have so developed that they are apparent upon external examination; and free from serious damage caused by bursting, tip burn or freezing. Damage caused by bursting is not serious unless the head is burst open or is materially misshapen from this cause. Damage caused by freezing or tip burn is not serious unless it affects any portion of the head inside of the six outer head leaves.

Not more than ten per cent, by count, of the heads of lettuce in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

Head lettuce, when packed, shall not vary in size in any one container more than ten per cent of heads which would pack a size, larger or smaller, than the size marked, and they shall be tightly packed so that it is not possible without damaging or injuring the lettuce, to place additional heads in any of the layers of heads in the container.

All closed containers of packed lettuce shall bear upon them in plain sight and in plain letters on one outside end, the name of the person who first packed or authorized the packing of the lettuce, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer, and in figures not less than one-half inch in height the exact number of heads contained therein; provided that in the case of ten per cent of the crates in any lots the contents may vary not more than three heads from the count as marked.

Head lettuce shall be in standard container number 45A and 45B. Other size containers may be used if conspicuously and indelibly marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters and number not less than one-half of an inch in height with the inside width in inches directly preceded by the word "width" and the inside length in inches, directly preceded by the word "length."

(Amended by Ch. 180, Stats. 1933.)

[ORIGINAL SECTION.]

814. Head lettuce shall not be leafy without head formation and shall be free from slime, decay or rot affecting leaves within the head, internal insect injury, and free from seed stems which have so developed that they are apparent upon external examination; and free from serious damage caused by bursting or freezing. Damage caused by bursting is not serious unless the head is burst open or is materially misshapen from this cause. Damage caused by freezing is not serious unless it affects any portion of the head inside of the six outer head leaves.

Not more than ten per cent, by count, of the heads of lettuce in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

Head lettuce, when packed, shall not vary in size in any one container more than ten per cent of heads which would pack a size, larger or smaller, than the size marked, and they shall be tightly packed so that it is not possible without damaging or injuring the lettuce, to place additional heads in any of the layers of heads in the container.

Head lettuce packed in ice shall be in standard container number 45. Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters and numbers not less than one-half of an inch in height with the inside width in inches directly preceded by the word "width" and the inside length in inches, directly preceded by the word "length."

Melons

815. Persian melons, casabas, honeydew and honeyball melons and watermelons shall be mature but not overripe, shall be free from mold, decay, and insect injury which has penetrated or damaged the edible portion of the melon; and free from serious damage. due to growth cracks, cuts, bruises, sunburn, softness, or other causes. Damage to any one of the

melons mentioned herein is not serious unless it affects the edible portion of the melon.

Not more than ten per cent, by count, of the melons in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

"Mature" in the case of casabas, honeydew and honeyball melons, and watermelons means that the appearance from the outside indicates maturity and that the arils which surround the seeds have been absorbed and also, in the case of watermelons, that the flesh of the watermelons has not less than seventy-five per cent red color; in the case of honeyball melons that the juice of the edible portion shall contain not less than twelve per cent soluble solids as determined by the Balling or Brix scale hydrometer or that the fruit has been separated from the vine by a "full slip," which indicates actual maturity; and in the case of honeydew melons that the juice of the edible portion shall contain not less than ten per cent soluble solids as determined by the Balling or Brix scale hydrometer or that the fruit has been separated from the vine by a "full slip," which indicates actual maturity. In view of differences in climatic and other natural conditions prevailing south and east of San Gorgonio Pass, which result in the honeydew melons grown in that area having, at maturity, a higher percentage of soluble solids than the mature honeydew melons grown in the area north and west of San Gorgonio Pass, mature in the case of honeydew melons produced in the area south and east of San Gorgonio Pass means, in addition to the maturity requirements herein specified, that the juice of the edible portion shall contain not less than eleven per cent soluble solids as determined by the Balling or Brix scale hydrometer. A "full slip" means that the fruit has separated from the stem leaving a clean, natural scar, with no portion of the stem remaining attached, and no torn or broken skin on the fruit.

Melon containers

All closed containers of packed melons shall bear upon them in plain sight and in plain letters on one outside end, the name of the person who first packed or authorized the packing of the melons, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer.

(Amended by Ch. 181, Stats. 1933.)

[ORIGINAL SECTION]

815. Persian melons, casabas, honeydew melons and watermelons shall be mature but not overripe, shall be free from mold, decay, and insect injury which has penetrated or damaged the edible portion of the melon; and free from serious damage, due to growth cracks, cuts, bruises, sunburn, softness, or other causes. Damage to any one of the melons mentioned herein is not serious unless it affects the edible portion of the melon.

Not more than ten per cent, by count, of the melons in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance, shall be allowed for any one cause

"Mature" in the case of casabas, honeydew melons, and watermelons means that the appearance from the outside indicates maturity and that

the arils which surround the seeds have been absorbed and also, in the case of watermelons, that the flesh of the watermelons has not less than seventy-five per cent red color.

Onions

816. Onions shall be free from insect injury which has penetrated or damaged the edible portion of the onion and from mold and decay; and free from serious damage due to sun scald, heat, freezing, or other causes. Damage to any one onion is not serious unless it causes a waste of twenty per cent, by weight, of the individual onion.

Not more than five per cent, by weight, of the onions in any one container or bulk lot may be below these requirements.

Peas

817. Pods of peas shall not be poorly filled or over-mature; and shall be free from insect larvae and from serious damage due to insects, freezing, mildew, decay, or other causes.

Damage to any one pod is not serious unless twenty per cent or more of the peas in the pod are affected.

Not more than ten per cent of the pods in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Pods of peas are not "poorly filled" if one-half or more of the pod is filled with fairly well developed peas.

"Overmature" means that more than one-third of the surface of the pod is wrinkled, shriveled, or yellow.

Potatoes

818. Potatoes shall be free from mold, decay, soft and wet rots, black heart, and hollow heart; and free from serious damage due to insect injury, freezing, sun scald, dry rots, scab, growth cracks, sunburn, second growth, cuts, bruises, grass roots, nematodes, or other causes. Damage to any one potato is not serious unless it causes a waste of twenty per cent, by weight, of the individual potato.

Not more than five per cent, by weight, of the potatoes in any one container or bulk lot may be below these requirements.

Sweet potatoes.

819. Sweet potatoes shall be free from mold, decay, and soft and wet rots; and free from serious damage due to insect injury, bruises, growth cracks, or other disease, freezing, grass roots, or other causes. Damage to any one sweet potato is not serious unless it causes a waste of ten per cent, by weight, of the individual potato.

Not more than ten per cent, by weight, of the sweet potatoes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Tomatoes.

820. Tomatoes shall be mature but not overripe, shall be free from pin worm damage which has penetrated beyond the tissue making up the base of the core of the tomato, other insect injury which has penetrated or damaged the flesh, and from mold, decay, and wet or soft rots; and from serious damage due to freezing, blossom end rot, mosaic, alkali spot, sun scald, bruises, cat faces, growth cracks, or other causes. Damage to any one tomato is not serious unless it causes a waste of twenty per cent, by weight, of the individual tomato.

Not more than ten per cent, by weight, of the tomatoes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed and wrapped tomatoes shall not vary in size in any one container, more than one-half of an inch in diameter when measured through the widest portion of cross section.

Tomatoes when packed, in standard California lug boxes, shall have in the center and the bottom layer the same count, which, in case wide cleats are used, and such cleats interfere with the packing of the top layer, may not exceed one row more in length than the top layer, and if packed on edge, one row more in width than the top layer, but which shall not be less than the count in the top layer.

Apples

821. Apples shall conform to one of the following standards:

(a) The "Extra Fancy" grade consists of well grown, properly matured apples of one variety which are clean, hand picked, well colored, normally shaped for the locality where produced, free from decay, visible Baldwin spot, Jonathan spot, scale, internal breakdown, visible watercore, bruises (except such bruises as are necessarily caused in proper sorting or packing), broken skin, insect pests, limbrub, spray burn, sun scald, russeting except within the basin of the stem, drought spot, hail mark, frost injury, internal browning, apple scab and other diseases, insect bites, and other defects.

Apples of this grade shall be uniform in size and well packed in clean, standard boxes.

Not more than ten per cent, by count, of the apples in any container may be below the requirements of apples of this grade, but not to exceed one-half of this tolerance shall be allowed for any one cause.

(b) The "Fancy" grade consists of well grown, properly matured apples of one variety which are clean, hand picked, normally shaped for the locality where produced, free from decay, visible Baldwin spot, Jonathan spot, soft scald, internal breakdown, visible watercore, bruises (except such bruises as are necessarily caused in proper sorting or packing), broken skin, and insect pests; and free from appreciable damage caused by limbrub, spray burn, sun scald, russeting, drought spot, hail mark, frost injury, internal browning, apple scab, flyspeck fungus and other diseases, insect pests, sun spots, and other defects.

Apples of this grade shall be uniform in size and well packed in clean, standard boxes.

Not more than ten per cent, by count, of the apples in any container may be below the requirements of this grade, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

(c) The "Fancy Loose" grade shall conform in all respects to the fancy grade except that: the apples in this grade shall not be wrapped and shall be of a size that will not pass through

a ring two and one-fourth inches in diameter, and need not be packed, uniform in size, or in clean or standard boxes.

(d) The "C" grade consists of properly matured apples of one variety which are virtually clear, hand picked, free from decay, soft scald, internal breakdown, visible watercore, bruises (except such bruises as are necessarily caused in proper sorting or packing), broken skin, and insect pests; and free from serious damage caused by stem punctures, visible Baldwin spot, Jonathan spot, sun scald, spray burn, hail marks, frost injury, internal browning, apple scab, insect pests and blossom end cracks.

Apples of this grade shall be uniform in size and well packed in clean, standard boxes.

Not more than ten per cent, by count, of the apples in any one container, may be below the requirements of this grade, but not to exceed one-half of this tolerance shall be allowed for any one cause.

(e) The "C grade loose" shall conform in all respects to the C grade except that the apples in this grade shall not be wrapped, and need not be hand picked, packed, uniform in size or in clean or standard boxes.

(f) The combination fancy and C grade loose shall meet all requirements of C grade loose apples and shall include in each container not less than fifty per cent, by count, of apples meeting all requirements of the fancy loose grade. None of the apples of the grade combination fancy and C grade loose shall be of a size that will pass through a ring two and one-fourth inches in diameter.

Tolerances

Although the tolerances specified for the various standards necessarily are placed on a package basis, not more than one-fourth of the packages in any lot may be permitted to exceed the tolerance established by not more than one-half of the amount allowed. The entire lot shall average within the tolerance established. No container shall have more insect pests or decay than the amount specified in the tolerance established.

(Amended by Ch. 180, Stats. 1933.)

[ORIGINAL SECTION.]

821. Apples shall conform to one of the following standards:

Apples of this grade shall be uniform in size and well packed in clean, standard boxes.

Not more than ten per cent, by count, of the apples in any container may be below the requirements of this grade, but not to exceed one-half of this tolerance, shall be allowed for any one cause.

(c) The "Fancy Loose" grade shall conform in all respects to the fancy grade except that: the apples in this grade need not be wrapped and shall be of a size that will not pass through a ring two and one-fourth inches in diameter, and need not be packed, uniform in size, or in clean or standard boxes.

(d) The "C" grade consists of properly matured apples of one variety which are virtually clean, hand picked, free from decay, soft scald, internal breakdown, visible watercore, bruises (except such bruises as are necessarily caused in proper sorting or packing), broken skin, and insect pests; and free from serious damage caused by stem punctures, visible Baldwin spot, Jonathan spot, sun scald, spray burn, hail marks, frost injury, internal browning, apple scab, flyspeck fungus, sun spots, insect pests and blossom end cracks.

Apples of this grade shall be uniform in size and well packed in clean, standard boxes.

Not more than ten per cent, by count, of the apples in any one container, may be below the requirements of this grade, but not to exceed one-half of this tolerance shall be allowed for any one cause.

(e) The "C grade loose" shall conform in all respects to the C grade except that the apples in this grade shall not be wrapped, hand picked, packed, uniform in size or in clean or standard boxes.

(f) The combination fancy and C grade loose shall meet all requirements of C grade loose apples and shall include in each container not less than fifty per cent, by count, of apples meeting all requirements of the fancy loose grade None of the apples of the grade combination fancy and C grade loose shall be of a size that will pass through a ring two and one-fourth inches in diameter.

The entire lot shall average within the tolerance established. No container shall have more insect pests or decay than the amount specified in the tolerance established

Apple containers

822. All containers of apples shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the apples or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; name of variety, if known, and when not known the words "unknown variety"; the grade of the apples therein contained; the date when such apples were first packed, or if repacked, the date of repacking; and on each container of apples which has been held in cold storage for more than thirty days after being packed, a statement of the fact that the contents have been held in cold storage; the minimum net weight of the apples contained therein, or the cubical contents of the package, and in the case of wrapped packed apples the numerical count. A variation of five apples, more or less, than the number stated, shall be allowed. Open containers of apples which are not packed shall be required to show only the name and address of the person who first packed or authorized the packing of the apples, and the designation of grade.

All markings required by this article, except net weight, shall be plainly and conspicuously stamped, stenciled, printed, labeled or branded on one end of each box, lug or carton, and either on one side or the top cover of each basket, barrel or other container. The designation of grade shall be stated in letters of not less than one-half inch in height.

In lieu of the standard grade markings required by this section any container of apples may be marked with the name of the equivalent grade established for such apples in the United States standards for apples promulgated by the United States Department of Agriculture and approved by the director.

Wrapped apples

823. All wrapped apples shall be in one of the following containers: Standard apple box, depth inside, ten and one-half inches; width inside, eleven and one-half inches; length inside, eighteen inches. Half apple box, depth inside, five and one-fourth inches; width inside, eleven and one-half inches; length inside, eighteen inches. Packed or loose unwrapped apples may be in other size containers, and wrapped apples may be in containers smaller than the half apple box, if these are conspicuously marked, in letters not less than one-half inch in height, "irregular container." Such marking is not required on open containers of apples which are not packed.

Damage in storage

824. When any lot of apples has been inspected and passed by an enforcing officer of this chapter as conforming to the requirements of this code, and has thereafter been sold, and placed in cold storage or shipped to a purchaser, the person who was owner, packer, or shipper of the lot at the time of such inspection, shall not be prosecuted hereunder by reason of any failure of any of said fruit to conform to the provisions of this chapter as a result of deterioration subsequent to the original inspection. Any such stored lot of apples may be sold to a purchaser who must immediately recondition the apples upon their removal from storage so that they conform to the provisions of this chapter.

Apple defects

825. As to apples "appreciable damage" means any injury or defect which appreciably affects the appearance or quality of the apple. The following defects are not appreciable damage:

(a) Limbrubs which are not soft and which affect not to exceed an aggregate area of three-fourths inch in diameter.

(b) Sunscald and sprayburn where the normal color of the skin is but slightly changed, and there is no blistering or cracking of the skin, and no discoloration of the flesh.

(c) Russeting which is not excessively rough, and which does not appear on more than twenty-five per cent of the surface of any one apple in the aggregate, except in the case of Newtown Pippins, on which it does not appear on more than thirty-three per cent of the surface of any one apple in the aggregate.

(d) Drought spots where the surface of the apple is only slightly discolored and depressed.

(e) Hail marks where such marks do not exceed two in number on any one apple and the injury therefrom is superficial and the skin has not been broken.

(f) Frost injury which is not more than skin deep and affects an aggregate area not exceeding one-half of an inch in diameter.

(g) Internal browning which shows not more than a trace of discoloration in the flesh.

(h) Scab spots on any one apple which in the aggregate do not exceed one-fourth of one inch in diameter.

(i) Slight flyspeck fungus.

(j) Two well healed case bearer, codlin moth or aphid stings on an apple, neither of which may exceed one-eighth of an inch in diameter exclusive of any encircling green ring.

(k) Slight sunspots.

826. As to apples, "serious damage" means any injury or defect which seriously detracts from the appearance or quality of the apple. The following defects are not serious damage:

(a) Stem punctures, when affecting apples of the Newtown Pippin and Bellefleur varieties, if the punctures are slight and if such punctures affect less than fifty per cent, by count, of such apples in any one container or bulk lot. Stem punctures to any extent are serious when affecting any other variety of apples.

(b) Jonathan spot and/or Baldwin spot, when affecting apples of the Newtown Pippin and Bellefleur varieties if less than twenty-five per cent, by count, of such apples in any one container or bulk lot are affected by less than four spots of either or both of such defects. Jonathan spot and/or Baldwin spot in any extent are serious in all other varieties of apples.

(c) Sunscald and sprayburn, where there is no blistering or cracking of the skin or where the flesh is not seriously discolored or injured.

(d) Hail marks or frost injury, where such defects do not cover more than an aggregate area of one-tenth of the surface of the apple or materially deforms or disfigures the fruit.

(e) Internal browning, which can not be detected by external examination or pressure.

(f) Scab spots on any one apple which in the aggregate do not exceed one-half of one inch in diameter.

(g) Five well healed case bearer, codlin moth, or aphid stings on an apple, none of which may exceed one-eighth of an inch in diameter exclusive of any encircling green ring.

(h) Slight blossom end cracks.

827. As used with reference to apples in this chapter: Definitions

(a) "Hand picked" means apples which do not show evidence of having been on the ground.

(b) "Clean" means free from dust or dirt and free from visible spray residue.

(c) "Well packed" means packed in regular, compact, diagonal arrangement of all of the fruit in any container, the

fruit being compacted, at the time of packing, with sufficient solidity so that it will not move in the container when lidded, the top and bottom of the box, when lidded, having a bulge of not less than one-half inch, and, where wrappers are used, all of the apples in the box being properly wrapped, with the exception of the bottom layer, which may be flagged.

(d) "Flagged" means incompletely covered by the use of wrappers which are not closed.

(e) "Uniform in size" means in boxes containing one hundred twenty-five apples, or less, a variation of not more than one-half of one inch in diameter, when measured through the widest portion of the cross section between the fruits in any one container; in boxes containing one hundred thirty-eight apples, or more, a variation of not more than three-eighths of one inch when so measured.

(f) "Cross section" means that section of the apple taken at a right angle to a straight line drawn from the stem end to the blossom end thereof.

(g) "Properly matured" means that the apples to which it refers, at the time they were taken or fell from the tree, had reached that stage of development necessary to insure the proper completion of the ripening process. Apples of the varieties Alexander, Red Astrachan, White Astrachan, Beitigheimer, White Winter Pearmain, Greening, and Fall Pippin need not be properly matured in order to meet the requirements of any grade except extra fancy.

(h) "Insect pests" include San Jose scale, codlin moth and other insects or the larvae, nymphs or pupae thereof, and any apple which has been infested with codlin moth and bears evidence of such infestation, with the exception of superficial, well healed codlin moth stings.

Standard containers

828. There are hereby established permissive standard containers and standard packs for the fruits, nuts and vegetables mentioned in section 829, when being packed or placed in any container, or after packing, or when delivered for shipment, loaded, shipped, being transported, or sold in any container. The words "standard" or "standard container" shall not be placed on any container unless such container conforms to the requirements specified for the standard containers of such fruit, nut or vegetable. When the fruit, nut or vegetable is packed in a standard container and in conformity to the standard pack established in this section for such product, and then only, may the container be marked with the words "standard pack" or "standard container and pack."

The following are the numbers, names and dimensions of the standard containers referred to:

1. Standard basket, approximately eight inches square on top, six and one-half inches square on bottom and four inches deep, inside measurements.

2. Standard four quart climax basket with following dimensions: length of bottom piece, twelve inches; width of bottom piece, four and one-half inches; thickness of bottom

piece, three-eighths of an inch; height of basket, four and eleven-sixteenths inches, outside measurements; top of basket, length fourteen inches, width six and one-fourth inches, outside measurements. Basket to have cover six and one-fourth inches by fourteen inches, when cover is used. Standard containers

3. Standard berry baskets: (a) Dry pint containing an interior capacity of approximately thirty-three and six-tenths cubic inches. (b) Dry one-half pint containing an interior capacity of approximately sixteen and eight-tenths cubic inches.

The removal shall be voted upon at the next regu-

lar or special meeting of the association and, by a vote of a majority of the members, the association may remove the officer or director and fill the vacancy. The director or officer, against whom such charges have been brought, shall be informed in writing of the charges previous to the meeting and shall have an opportunity at the meeting to be heard in person or by counsel and to present witnesses; and the person or persons bringing the charges against him shall have the same opportunity.

In case the by-laws provide for election of directors by districts with primary elections in each district, then the petition for removal of a director must be signed by twenty per cent of the members residing in the district from which he was elected. The board of directors must call a special meeting of the members residing in that district to consider the removal of the director; and by a vote of the majority of the members of that district, the director in question shall be removed from office.

Marketing contracts

1208. The association and its members may make and execute marketing contracts, requiring the members to sell, for any period of time, not over fifteen years, all or any specified part of their products or specified commodities exclusively to or through the association, or any facilities to be created by the association. If they contract a sale to the association, it shall be conclusively held that title to the products passes absolutely and unreservedly, except for recorded liens, to the association upon delivery; or at any other specified time if expressly and definitely agreed in the said contract. The contract may provide that the association may sell or resell the products delivered by its members, with or without taking title thereto; and pay over to its members, the resale price, after deducting all necessary selling, overhead and other costs and expenses, including interest on preferred stock, not exceeding eight per cent per annum, and reserves for retiring the stock, if any; and other proper reserves; and interest not exceeding eight per cent per annum upon common stock.

Damages for breach

1209. The by-laws or the marketing contract may fix, as liquidated damages, specific sums to be paid by the member or stockholder to the association upon the breach by him of any provision of the marketing contract regarding the sale or delivery or withholding of products; and may further provide that the member will pay all costs, premiums for bonds, expenses and fees, in case any action is brought upon the contract by the association; and any such provisions shall be valid and enforceable in the courts of this State; and such clauses providing for liquidated damages shall be enforceable as such and shall not be regarded as penalties.

Injunction

1210. In the event of any such breach or threatened breach of such marketing contract by a member, the association shall be entitled to an injunction to prevent the further breach of the contract and to a decree of specific performance thereof. Pending the adjudication of such an action and upon filing

a verified complaint showing the breach or threatened breach, and upon filing a sufficient bond, the association shall be entitled to a temporary restraining order and preliminary injunction against the member.

Landowner presumed to control disposal of product.

1211. In any action upon such marketing agreements, it shall be conclusively presumed that a landowner or landlord or lessor is able to control the delivery of products produced on his land by tenants or others, whose tenancy or possession or work on such land or the terms of whose tenancy or possession or labor thereon were created or changed after execution by the landowner or landlord or lessor, of such a marketing agreement; and in such actions, the foregoing remedies for nondelivery or breach shall lie and be enforceable against such landowner, landlord or lessor.

Purchase by exchange of stock.

1212. Whenever an association, organized hereunder with preferred shares of stock, shall purchase the stock or any property, or any interest in any property of any person, it may discharge the obligations so incurred, wholly or in part, by exchanging for the acquired interest, shares of its preferred stock to an amount which at par value would equal the fair market value of the stock or interest so purchased, as determined by the board of directors. In that case the transfer to the association of the stock or interest purchased shall be equivalent to payment in cash for the shares of stock issued.

Effect on existing laws.

1213. Any provisions of law which are in conflict with this chapter shall not be construed as applying to the associations herein provided for.

Any exemptions under any and all existing laws applying to agricultural products in the possession or under the control of the individual producer, shall apply similarly and completely to such products delivered by its farmer members, in the possession or under the control of the association.

Use of "cooperative"

1214. No person, firm, corporation or association, hereafter organized or doing business in this State, shall be entitled to use the word "cooperative" as part of its corporate name or other business name or title for producers' cooperative marketing activities, unless it has complied with the provisions of this chapter.

Association as member in another association

1215. An association may organize, form, operate, own, control, have an interest in, own stock of, or be a member of any other corporation or corporations, with or without capital stock and engaged in preserving, drying, processing, canning, packing, storing, handling, shipping, utilizing, manufacturing, marketing or selling of the products handled by the association, or the by-products thereof.

If such corporations are warehousing corporations, they may issue legal warehouse receipts to the association against the commodities delivered by it, or to any other person and such legal warehouse receipts shall be considered as adequate collateral to the extent of the usual and current value of the commodity represented thereby. In case such warehouse is licensed or licensed and bonded under the laws of this State or

the United States, its warehouse receipt delivered to the association on commodities of the association or its members, or delivered by the association or its members, shall not be challenged or discriminated against because of ownership or control, wholly or in part, by the association.

Any two or more corporations organized hereunder may be merged into one such constituent corporation or consolidated into a new corporation, such merger or consolidation to be made in the manner prescribed by the general laws of the State covering domestic corporations.

Contracts.

1216. Any association may, upon resolution adopted by its board of directors, enter into all necessary and proper contracts and agreements and make all necessary and proper stipulations, agreements and contracts and arrangements with any other cooperative or other corporation, association or associations, formed in this or in any other State, for the cooperative and more economical carrying on of its business or any part or parts thereof. Any two or more associations may, by agreement between them, unite in employing and using or may separately employ and use the same personnel, methods, means and agencies for carrying on and conducting their respective business.

Associations previously organized

1217. Any corporation or association organized under previously existing statutes for the purpose of cooperatively marketing products as defined in this chapter shall be deemed organized and existing under and by virtue of the terms of this chapter, and all of the provisions of the terms of this chapter, and any of the restrictions and benefits thereof shall apply in all of their terms to such corporation. The repeal of any acts under which such corporation or association has been incorporated shall not dissolve such corporation or association, but such corporation or association shall continue in existence as if organized under the provisions of this chapter.

Corporations brought under chapter

1217.5. Any corporation organized or existing pursuant to provisions other than those of Title XXIII of Part IV of division one of the Civil Code, may be brought under the provisions of this chapter by amending its articles of incorporation in the manner prescribed by the General Corporation Laws to conform to the provisions of this chapter, and whenever any corporation shall have amended its articles of incorporation to conform to the provisions of this chapter, it shall be deemed to be then organized and existing under and entitled to the benefit of and subject to the provisions of this chapter for all purposes and as fully as though originally organized hereunder. Articles of incorporation shall be deemed to conform to the provisions of this chapter within the meaning of the foregoing whenever (a) it is provided or declared therein, in substance, regardless of form, that the corporation is organized and exists as a nonprofit cooperative corporation for the purposes provided for in or permitted by the provisions of this chapter, or one or more of said purposes; or (b) it clearly appears therefrom that the corporation

desires to be subject to, and to be organized, exist and function under and pursuant to the provisions of this chapter. Whenever amended articles conform, as aforesaid, provisions therein that appeared in the original articles or some previous amended articles, shall be deemed ineffective if and to the extent the same are inapplicable to or inconsistent with the provisions of this chapter.

The provisions of this section shall be construed and applied as retrospective as well as prospective, and may be availed of by a corporation regardless of time of incorporation, whether prior or subsequent to the adoption of this section, and shall apply to amendments to articles of incorporation whether made prior or subsequent to the adoption of this section, and all amendments made prior to the adoption of this section shall be effective and valid to the same extent as though made subsequent to the adoption of this section.

(Added by Ch. 193, Stats. 1933.)

Corporations not in restraint of trade

1218. Any association organized hereunder shall be deemed not to be a conspiracy nor a combination in restraint of trade nor an illegal monopoly; nor an attempt to lessen competition or to fix prices arbitrarily or to create a combination or pool in violation of any law of this State; and the marketing contracts and agreements between the association and its members and any agreements authorized in this chapter shall be considered not to be illegal nor in restraint of trade nor contrary to the provisions of any statute enacted against pooling or combinations.

Law applicable

1219. The general corporation laws of this State and all powers and rights thereunder, shall apply to the associations organized hereunder, except where such provisions are in conflict with or inconsistent with the express provisions of this chapter.

Not subject to corporate securities act

1220. No corporation organized or existing under or by virtue of the terms and provisions of this chapter shall be subject in any manner to the terms of the corporate securities act of the State as approved May 18, 1917, or as amended, and any and all corporations organized under and by virtue of the terms of this chapter may and shall issue their membership certificates or stock or other securities as provided herein without the necessity of any permit from the commissioner of corporations.

Contracts enforceable

1221. A contract entered into by a member or stockholder of a nonprofit cooperative association or corporation, providing for the delivery to such association or corporation of products produced or acquired by the member or stockholder, may be specifically enforced by the association or corporation to secure the delivery to it of such products, any provisions contained in the Civil Code to the contrary notwithstanding.

CHAPTER 5. AGRICULTURAL WAREHOUSES.

Definitions

1231. As used in this chapter:

(a) "Warehouse" means every elevator, building, structure, or other protected enclosure within the State, in which any agricultural product is or may be stored.

(b) "Product" means cotton, wool, hay, fertilizer, grain products, grains, tobacco, rice, beans and flaxseed, or any by-product thereof, and other agricultural products customarily handled in warehouses.

(c) "Fungible product" means grain, rice, beans or other products handled in bulk and does not include these products when handled in sacks.

(d) "Warehouseman" means a person lawfully engaged in the business of storing products.

(e) "Receipt" means a warehouse receipt.

Powers of director

1232. The director is authorized:

(a) To investigate the storage, warehousing, classifying according to grade and otherwise, weighing and certification of products.

(b) Upon application to him by any person applying for license to conduct a warehouse under this chapter, to inspect such warehouse or cause it to be inspected.

(c) At any time, with or without application to him, to inspect or cause to be inspected all warehouses licensed under this chapter.

(d) To determine whether warehouses for which licenses are applied for or have been issued under this chapter are suitable for the proper storage of products.

(e) To classify warehouses licensed or applying for a license in accordance with their ownership, location, surroundings, capacity, conditions, and other qualities, and as to the kinds of licenses issued or that may be issued for them pursuant to this chapter.

(f) To prescribe, within the limitations of this chapter, the duties of the warehousemen conducting warehouses licensed under this chapter with respect to their care of and responsibility for products stored therein.

License

1233. The director may, upon application to him, issue to any warehouseman a license for the conduct of a warehouse or warehouses in accordance with this chapter and such rules and regulations as may be made hereunder. Each such warehouse shall be suitable for the proper storage of the particular product or products for which a license is applied for, and each warehouseman shall agree, as a condition to the granting of the license, to comply with and abide by all the terms of this chapter and the rules and regulations prescribed hereunder.

1234. Each license issued under this chapter shall terminate as therein provided or in accordance with the terms of this chapter and the regulations thereunder, and may from time to time be modified or extended by a written instrument.

Bond.

1235. Each warehouseman applying for a license to conduct a warehouse in accordance with this chapter shall, as a condition to the granting thereof, execute and file with the director a bond to the State to secure the faithful performance of his obligations as a warehouseman under the laws of the State and the rules and regulations prescribed under this chapter, and of such additional obligations as a warehouseman as may be assumed by him under contracts with the respective depositors of products in such warehouse. Said bond shall be in such form and amount, and shall contain such terms and conditions as the director may prescribe. Whenever the director determines that a bond approved by him is, or for any cause has become, insufficient, he may require an additional bond or bonds to be given by the warehouseman concerned, conforming with the requirements of this section, and unless the same is given within the time fixed by a written demand therefor the license of such warehouseman may be suspended or revoked.

1236. Any person injured by the breach of any obligation to secure which a bond is given, under the provisions of this chapter, may sue on the bond in his own name in any court of competent jurisdiction to recover the damages he may have sustained by such breach.

Bonded warehouse.

1237. Upon the filing with and approval by the director of a bond, for the conduct of a warehouse, such warehouse shall be designated as "California bonded" hereunder; but no warehouse shall be designated as bonded under this chapter, and no name or description conveying the impression that it is so bonded, shall be used until a bond such as provided for in this chapter has been filed with and approved by the director, nor unless the license issued under this chapter for the conduct of such warehouse remains unsuspended and unrevoked.

Publicly owned warehouse

1238. The director may issue a license to any person to accept the custody of products and to store the same in a warehouse or warehouses owned, operated, or leased by the State or any municipality, upon condition that such person agree to comply with and abide by the terms of this chapter and the rules and regulations prescribed hereunder. Each person so licensed shall issue receipts for the products placed in his custody, and shall give bond, in accordance with the provisions of this chapter, and the rules and regulations affecting warehousemen licensed under this chapter, and shall otherwise be subject to this chapter and such rules and regulations to the same extent as is provided for warehousemen licensed hereunder.

Fees.

1239. The director shall collect a reasonable fee for every examination or inspection of a warehouse when such examination or inspection is made upon the application of a warehouseman and an annual fee based upon the capacity of the warehouse and the character of the commodity or commodities stored therein for each license or renewal thereof issued to a warehouseman, which fee shall be based upon the following schedule:

Grain and hay warehouses, 1¢ per ton, with a minimum of $25.00 and a maximum of $100.00;

Cannery warehouses, 50¢ per 1000 cases, with a minimum of $50.00 and a maximum of $200.00;

Dried fruit warehouses, 2¢ per ton, with a minimum of $50 00 and a maximum of $200.00;

Miscellaneous agricultural warehouses other than those listed, $25.00.

All such fees shall be reported monthly by the director to the State Controller and such fees shall be deposited monthly in the State treasury to the credit of the Department of Agriculture fund. There is hereby appropriated, out of any moneys in the State treasury not otherwise appropriated, the sum of ten thousand dollars, which shall be placed to the credit of the Department of Agriculture fund and used to carry out the provisions of this chapter until such time as the revenue derived from collected fees shall be sufficient to pay the costs thereof. After July 1, 1934, five per centum of the collected fees shall be paid quarterly into the general fund of the State treasury until such time as an amount equivalent to that herein appropriated has been repaid.

(Amended by Ch. 730, Stats. 1933.)

[ORIGINAL SECTION.]

1239. The director shall collect a reasonable fee for every examination or inspection of a warehouse when such examination or inspection is made upon the application of a warehouseman, and a fee of not exceeding two dollars per annum for each license or renewal thereof issued to a warehouseman. All such fees shall be reported monthly by the director to the State Controller and such fees shall be deposited monthly in the State treasury to the credit of the general fund.

License to classify products

1240. The director may, upon presentation of satisfactory proof of competency, issue to any person a license to classify any product or products, stored or to be stored in a warehouse licensed under this chapter, according to grade or otherwise and to certificate the grade or other class thereof, or to weigh the same and certificate the weight thereof, or both to classify and weigh the same and to certificate the grade or other class and the weight thereof, upon condition that such person agrees to comply with and abide by the terms of this chapter and of the rules and regulations prescribed hereunder.

1241. Any license issued to any person to classify or to weigh any product under this chapter may be suspended or revoked by the director whenever he is satisfied, after opportunity afforded to the licensee concerned for a hearing, that such licensee has failed to classify or to weigh any agricultural product correctly.

Products to be stored

1242. Every warehouseman conducting a licensed warehouse shall receive for storage therein, so far as its capacity permits, any product of the kind customarily stored therein by him which may be tendered to him in a suitable condition for warehousing in the usual manner in the ordinary and usual

course of business, without making any discrimination between persons desiring to avail themselves of warehouse facilities.

1243. Any person who deposits products for storage in a licensed warehouse deposits the same subject to the terms of this chapter and the rules and regulations prescribed hereunder.

Fungible products

1244. All fungible products stored in intrastate commerce in a warehouse licensed under this chapter shall, except when the identity thereof is preserved, be inspected and graded by a person duly licensed to grade the same.

(Amended by Ch. 723, Stats. 1933.)

[ORIGINAL SECTION]

1244. All fungible products stored in intrastate commerce in a warehouse licensed under this chapter shall be inspected and graded by a person duly licensed to grade the same.

Products kept separate.

1245. Every warehouseman conducting a licensed warehouse shall keep the products therein of one depositor so far separate from products of other depositors, and from other products of the same depositor for which a separate receipt has been issued, as to permit at all times the identification and redelivery of products deposited; but if authorized by agreement or by custom, a warehouseman may mingle fungible products with other products of the same kind and grade. He is severally liable to each depositor for the care and redelivery of his share of such mass to the same extent and under the same circumstances as if the products had been kept separate. He shall not mix fungible products of different grades, except upon written order of the owner or his agent and the surrender of the warehouse receipts.

Receipts.

1246. For all products stored for intrastate, interstate or foreign commerce, in a licensed warehouse original receipts shall be issued by the warehouseman conducting the same, but no receipts shall be issued for products not actually stored in the warehouse at the time of the issuance thereof.

(Amended by Ch. 723, Stats. 1933.)

[ORIGINAL SECTION]

1246. For all products stored for State, interstate or foreign commerce, in a licensed warehouse original receipts shall be issued by the warehouseman conducting the same, but no receipts shall be issued for products not actually stored in the warehouse at the time of the issuance thereof.

Form of receipt.

1247. Every receipt issued for products stored in a warehouse shall embody within its written or printed terms:

(a) The location of the warehouse in which the products are stored.

(b) The date of issue of the receipt.

(c) The consecutive number of the receipt.

(d) A statement whether the products received will be delivered to the bearer, to a specified person, or to a specified person or his order.

(e) The rate of storage charges.

(f) A description of the products received, showing the quantity, or, in case of products customarily put up in bales or packages, the marks, numbers, or other means of identification and the weight of such bales or packages.

(g) The grade or other class of the products received and the standard or description in accordance with which such classification has been made. Such grade or other class shall be stated according to the standard of the State applicable to such products as the same may be fixed and promulgated under authority of law. Until official standards of the State for any product or products have been fixed and promulgated, the grade or other class thereof may be stated in accordance with any recognized standard or in accordance with such rules and regulations not inconsistent herewith as may be prescribed by the director.

(h) A statement that the receipt is issued subject to this chapter and the rules and regulations prescribed thereunder.

(i) The fact of ownership of the products by the warehouseman, solely, jointly, or in common with others, if such is the fact.

(j) A statement of the amount of advances made and of liabilities incurred for which the warehouseman claims a lien. If the precise amount of such advances made or of such liabilities incurred is at the time of the issue of the receipt unknown to the warehouseman or his agent who issues it, a statement of the fact that advances have been made or liabilities incurred and the purpose thereof is sufficient.

(k) Such other terms and conditions within the limitations of this chapter as may be required by the director.

(l) The signature of the warehouseman, or his authorized agent. Unless otherwise required by law, if a statement of the grade is not requested by the depositor of other than fungible products, a receipt omitting compliance with subdivision (g) of this section may be issued, without reference on the receipt as to why the grade of the product has been omitted therefrom.

Standards

1248. The director, from time to time, may establish and promulgate standards for products by which their quality or value may be judged or determined. Federal standards for grain established under authority of the United States Grain Standards Act shall be followed as closely as possible by the director.

Only one receipt at one time outstanding

1249. While an original receipt is outstanding and uncanceled by the warehouseman issuing the same no other or further receipt shall be issued for the product covered thereby or for any part thereof, except that in the case of a lost or destroyed receipt a new receipt, upon the same terms and subject to the same conditions and bearing on its face the number and date of the receipt in lieu of which it is issued, may be issued upon compliance with the statutes of the State.

Delivery by warehouseman

1250. A warehouseman conducting a warehouse shall, without unnecessary delay, in the absence of some lawful excuse, deliver the products stored therein upon a demand made either by the holder of a receipt for such products or by the depositor thereof if such demand is accompanied by offers to: (a) satisfy the warehouseman's lien, (b) surrender the receipt, if negotiable, with indorsements necessary for the negotiation thereof, and (c) sign, when the products are delivered, an acknowledgment that they have been delivered.

Receipt canceled.

1251. Each receipt returned to a warehouseman shall be plainly canceled on its face by him upon the delivery by him of the products for which the receipt was issued.

Records

1252. Every warehouseman conducting a warehouse shall safely keep complete and correct records of all products stored therein and withdrawn therefrom, all warehouse receipts issued by him, and the receipts returned to and canceled by him. He shall report to the director concerning such warehouse and the condition, contents, operation, and business thereof in such form and at such times as the director may require.

Examination

1253. The director may examine any product stored in any warehouse. Whenever, after opportunity for hearing is given to the warehouseman, it is determined that he is not performing fully the duties imposed on him by this chapter and the rules and regulations made hereunder, the director may publish his findings.

License revoked

1254. The director may, after opportunity for hearing has been afforded to the licensee concerned, suspend or revoke any license issued under this chapter, for any violation of or failure to comply with any provisions of this chapter or of the rules and regulations made hereunder or upon the ground that unreasonable or exorbitant charges have been made for services rendered. Pending investigation, the director, whenever he deems necessary, may suspend a license temporarily without hearing.

Powers of director

1255. The director from time to time may publish the results of any investigations made under section 1232, and he shall distribute to interested parties a list of the names and addresses of persons and warehouses licensed under this chapter and lists of all licenses terminated under this chapter and the causes therefor.

1256. The director may examine all books, records, papers, and accounts of licensed warehouses and of the warehousemen conducting such warehouses relating thereto.

1257. The director shall from time to time make such rules and regulations as he may deem necessary for the efficient execution of the provisions of this chapter.

Penalties

1258. Every person who forges, alters, counterfeits, simulates, falsely represents, or, without proper authority, uses any license issued by the director under this chapter, or violates any provision of section 1237, or issues or utters a false or fraudulent receipt or certificate, is guilty of a felony.

CHAPTER 5a. GRAIN WAREHOUSE INSPECTION

(Heading added by Ch. 1038, Stats. 1933.)

1260. As used in this chapter:

Definitions

(a) "Warehouse" means every elevator, building, structure, or other protected enclosure within the State, in which any grain is or is to be regularly stored for the public.

(b) "Grain" means any cereal grain customarily handled in warehouses, either in bulk or sacks.

(c) "Warehouseman" means a person lawfully engaged in the business of storing grain for compensation.

(d) "Receipt" means a warehouse receipt.

(Added by Ch. 1038, Stats. 1933.)

Powers of director

1260.1. For the purpose of controlling insect pests of grain in public warehouses, the director is authorized:

(a) To investigate and regulate the storage and warehousing of grain.

(b) At any time, with or without application to him, and in order to determine its condition to examine or cause to be examined any warehouse or any grain stored in any warehouse.

(c) When the extent of the infestation is such as to be a menace to other grain, to order the treatment of an infested warehouse or the disposal of infested grain therein.

(d) To prescribe, within the limitations of this chapter, the duties of warehousemen with respect to the care of grain stored in their warehouses.

(e) To enforce such rules and regulations hereunder as are necessary.

(Added by Ch. 1038, Stats. 1933.)

Registration.

Fee.

1260.15. It shall be unlawful to operate, conduct or maintain a public warehouse for grain storage without having registered such warehouse with the director. Such warehouseman shall pay a registration fee of ten dollars ($10) for each warehouse each year, but in no case shall the total of registration fees for one warehouseman exceed one hundred fifty dollars ($150) in any one fiscal year. If a warehouse is licensed and bonded under the provisions of chapter 5 of Division VI of the Agricultural Code, the registration fee for such warehouse shall be waived. Each such licensee and warehouseman who registers one or more warehouses shall file with the director the address to which notices under this chapter shall be mailed and notices mailed to such address shall be conclusively presumed to have been received.

(Added by Ch. 1038, Stats. 1933.)

Monthly report.

1260.2. The director at least once each month shall report to the State Controller the total amount of moneys collected for fees, penalties, judgments or otherwise, and at the same time shall pay into the State treasury the entire amount of such moneys, which shall be credited to the Department of Agriculture fund and expended in carrying out the provisions of this chapter.

(Added by Ch. 1038, Stats. 1933.)

Inspection by director

1260.25. At least once each year the director shall make or cause to be made an inspection of each warehouse registered under the provisions of this chapter for the purpose of determining the extent, if any, of insect infestations existing in each warehouse or in any of the grain stored therein. A written record of the results of all such inspections shall be kept in the department and shall be available to all interested parties upon application.

(Added by Ch. 1038, Stats. 1933.)

Public nuisance

1260.3. Every lot of grain stored in any warehouse, and every warehouse, infested with insect pests of stored grain to such a degree as to constitute a menace to any uninfested grain that is or may be stored therewith or therein is hereby declared to be a public nuisance and the director is hereby empowered to cause the abatement of every such nuisance found upon inspection made or caused to be made by him. Upon the finding of such infestation in any warehouse the director, in writing, shall notify the warehouseman that said warehouse or the contents thereof is a public nuisance in accordance with the provisions of this section. Such notification may be made by mail to his filed address and shall require him to abate or cause to be abated such nuisance within the time specified in the notice.

(Added by Ch. 1038, Stats. 1933.)

Inspection by warehouseman

1260.35. Every warehouseman who registers a warehouse under this chapter and with whom grain has been stored shall make monthly inspections of the grain stored therein, and upon any finding of insect infestation in any such lot of grain he shall give a written notice to the person on whose account the goods are held, and to any other person known by the warehouseman to claim an interest in the goods. Such notice shall be given by delivery in person or by registered letter addressed to the last known place of business or abode of the person to be notified.

(Added by Ch. 1038, Stats. 1933.)

Notices

1260.4. The director, in notifying any warehouseman that any lot of grain stored in his warehouse constitutes a public nuisance, shall supply such warehouseman with an additional copy of the notice. Within three (3) days after receipt of the additional copy, the warehouseman shall deliver in the manner and to the person or persons specified in section 1260.35 of this chapter such copy accompanied by a statement requiring said owner or owners to abate such nuisance either by removal of the grain or by authorizing its treatment by the warehouseman whereby the nuisance shall be abated within the time specified by the director in the notice; provided, that in the event of a failure on the part of the warehouseman to give the notice required by section 1260.35 of this chapter, such warehouseman shall be liable for the cost of such treatment as the director may require if such infestation was previously known to the warehouseman or by due diligence would have been known to him.

(Added by Ch. 1038, Stats. 1933.)

Abatement of nuisance

1260.45. If any warehouseman shall fail before the end of the time specified in the notice from the director to abate or cause to be abated the nuisance therein specified, the director shall notify the district attorney of the county in which the nuisance exists and upon receipt of such notice such district attorney shall forthwith bring an action in the name of the people of the State of California against the warehouseman and the owner of infested grain to abate said nuisance.

(Added by Ch. 1038, Stats. 1933.)

1260.5. Any warehouseman who, after receipt of notice to abate such nuisance, fails to abate it within the time specified in the notice, and accepts for storage, without notice of such nuisance to the storer or his delivering agent as soon as practical, any grain in the warehouse which or the contents of which is a public nuisance under the provisions of this chapter, shall be liable to any storer of said grain for any and all damages occasioned by subsequent infestation of grain so stored from such nuisance.

(Added by Ch. 1038, Stats. 1933.)

Removal of infestation

1260.55. In any case in which a lot of grain has been declared to be a nuisance and has been required to be abated, the director shall also require the warehouseman to eliminate or control any infestation of the premises resulting from or in the infestation of the grain.

(Added by Ch. 1038, Stats. 1933.)

Duty of owner

1260.6. Within the number of days specified in the notice, after notification as provided in section 1260.4 of this chapter, the owner of any lot of infested grain specified therein shall either remove the grain from the warehouse mentioned in the copy of notice and statement or shall cause the same to be treated so as to abate the nuisance. If such owner shall fail to remove said grain, or shall fail to cause its treatment or to authorize the warehouseman to treat the same, the warehouseman may treat the grain or may sell said grain at public sale without further notice, or, if it can not be sold, the warehouseman may make such other disposition of it as is possible and shall incur no liability by reason of any such disposition. Except in those cases in which the warehouseman is liable for the cost of treatment to abate the nuisance, such cost shall be a lien against the grain.

(Added by Ch. 1038, Stats. 1933.)

Proceeds of sale

1260.65. From the proceeds of such sale the warehouseman shall satisfy his lien, including the reasonable charge of notice, advertisement, and sale. The balance, if any, of such proceeds shall be held by the warehouseman, and delivered to the person to whom he would have been bound to deliver or justified in delivering the goods.

(Added by Ch. 1038, Stats. 1933.)

Treatment of grain

1260.7. In case the owner authorizes the warehouseman to treat the infested grain, the warehouseman shall proceed with

such treatment as shall be prescribed by the director. The cost of such treatment shall become a lien against such grain.

[Original Section.]

1272 The money returns, if any, collections, or damages received by said produce dealer from said persons for and on behalf of consignor or consignors of farm products by reason of said overcharges, damages, or deterioration shall forthwith be paid to the consignor of farm products, less charges for collection thereof in accordance with the schedule of charges filed under section 1216. A copy of record and account of sales of farm products together with remittances in full of the amount realized by such sales, less the agreed commission and other charges, shall be delivered to the consignor upon the consummation of the sale together with all moneys received in payment for any consignment of farm products, less the agreed commission and other charges, within ten days after receipt of said moneys by said dealers, unless otherwise agreed in writing. In the account the names and addresses of the purchasers need not be given.

Every produce dealer shall retain a copy of all records including sales tags, account sales, and other records covering each transaction, for a period of one year from the date thereof, which copy shall at all times be available for, and open to, the confidential inspection of the director and the consignor, or authorized representative of either. In the event

of any dispute or disagreement between a consignor and a produce dealer arising at the time of delivery as to condition, quality, grade, pack, quantity or weight of any lot, shipment or consignment of farm products, the department shall furnish upon the payment of a reasonable fee therefor by the requesting party a certificate establishing the condition, quality, grade, pack, quantity or weight of such lot, shipment or consignment. Such certificate shall be prima facie evidence in all courts of this State as to the recitals thereof. The burden of proof shall be upon the produce dealer to prove the correctness of his accounting as to any transaction which may be questioned.

Fraud
Sale at less than current price.

1272.5. Any sale of farm products made by a produce dealer for less than the current market price to any person with whom he has any financial connection, directly or indirectly, as owner of its corporate stock, as copartner, or otherwise, or any sale out of which said produce dealer receives, directly or indirectly, any portion of the purchase price, other than the commission allowed in section 1266, shall be prima facie evidence of fraud within the meaning of this chapter.

(Added by Ch. 715, Stats. 1933.)

NOTE.—See also following section bearing same number.

Same

1272.5. Any sale of farm products made by a commission merchant for less than the current market price to any person with whom he has any financial connection, directly or indirectly as owner of its corporate stock, as copartner, or otherwise, or any sale out of which said commission merchant receives, directly or indirectly, any portion of the purchase price, other than the commission allowed in section 1266, shall be prima facie evidence of fraud within the meaning of this chapter.

(Added by Ch. 778, Stats. 1933.)

NOTE.—See also preceding section bearing same number.

Penalties

1273. Any person is guilty of a misdemeanor and is punishable by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year or by both who assumes or attemps to act as a commission merchant, dealer, broker or agent without a license, or who, being a commission merchant:

(a) Imposes false charges for handling or services in connection with farm products.

(b) Fails to account promptly, correctly, fully and properly and to make settlement therefor as herein provided.

(c) Intentionally makes false or misleading statement or statements as to market conditions.

(d) Makes fictitious sales or is guilty of collusion to defraud the producer.

(e) Directly or indirectly purchases for his own account, goods received by him upon consignment without prior authority from the consignor, or fails promptly to notify the consignor of such purchases, if any, on his own account. This clause does not prevent any commission merchant from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold,

if such commission merchant forthwith enters such transaction on his account of sales.

(f) Intentionally makes false statement or statements as to the grade, condition, markings, quality or quantity of goods shipped or packed in any manner.

(g) Fails to comply in every respect herewith. Civil suits and criminal prosecutions arising by virtue of any of the provisions of this chapter may be commenced and tried in either the county where the products were received by the commission merchant, or within the county in which the principal place of business of such commission merchant is located, or within the county in which the violation of this chapter occurred.

CHAPTER 7. DECIDUOUS FRUIT DEALERS.

1281. As used in this chapter: Definitions

(a) "Deciduous fruit" means all deciduous fruits, including grapes and dates.

(b) "Cash buyer" means every person:

(1) Who has a regular business address in California and who has registered the same in the office of the director.

(2) Who, if his permanent business address is located outside of California, has also registered such business address in the office of the director.

(3) Who furnishes in writing to each grower with whom he does business his regular California business address.

(4) Who represents himself as a "cash buyer."

(5) Who purchases any deciduous fruits in California from the grower or producer thereof for the purposes of resale.

(6) Who agrees by his contract of purchase to pay the purchase price upon demand following delivery.

(7) Who within forty-eight hours (Sundays and legal holidays excepted) after demand has been made by said grower upon him pays or remits to said grower the full purchase price of all or any delivered portion of said deciduous fruits either in lawful money of the United States or by bank check of said buyer certified by the bank upon which it is drawn, or by a cashier's check of a bank in California, payment of which can not be stopped. Demand for the purchase price must be made upon the cash buyer in writing and the mailing of a registered letter making such demand, addressed to said buyer at his said California business address, shall be conclusive evidence that demand was made upon the mailing of said letter.

(c) "Consignment shipper" means every person who:

(1) Represents himself as a "consignment shipper."

(2) Contracts with the grower of deciduous fruits for the marketing thereof for the sole account and risk of said grower and who pays to said grower the net proceeds derived from said sale.

(3) Does not, either in writing or verbally guarantee any price to said grower for his deciduous fruits, but a consignment shipper may, at his option, by a written contract with the grower recite that said shipper has an order for any deciduous fruits of the variety covered by the contract at a named price and that said shipper agrees to use said grower's fruit to fill such order.

(d) "Dealer" includes every person other than a cash buyer or consignment shipper who attempts to make money on any deciduous fruit by dealing with the grower thereof.

Exemptions

1282. This chapter does not apply to any "cash buyer" except to such a person who fails to make payment as required by paragraph (b) of section 1281; nor to any "consignment shipper" except in so far as any consignment transaction involves a written or verbal price guarantee or involves a verbal contract of the person soliciting deciduous fruits that he has an order for said deciduous fruits at a named price and that he desires said grower's products to fill such order; nor does this chapter apply to any deciduous fruit consumed fresh in this State, or dried, canned, preserved or concentrated in this State, and the purchase of any deciduous fruit from the grower for the purpose of any such use is hereby declared to be beyond the application of this chapter provided said deciduous fruit is actually so used.

Cash buyer becomes dealer, when

1283. Whenever any person, although claiming to be a cash buyer, either (1) causes a grower to part with the control of all or any portion of his deciduous fruits by any means of proposed payment other than that specified in paragraph (b) of section 1231, or (2) causes a grower to

part with the control of all or any portion of his deciduous fruits by means of any contract under which the grower has waived the right to demand the purchase price as and when he parts with said control, then in either of said events said person is not a cash buyer but is a dealer within the meaning of this chapter. Whenever any person although claiming to be a consignment shipper either (1) causes the grower to part with control of a portion or all of his deciduous fruits under any agreement by which the price thereof is guaranteed to said grower either verbally or in writing, or (2) causes a grower to part with control of a portion or all of his deciduous fruit by any representation that said person has an order at a named price for deciduous fruit of the variety produced by said grower and that said grower's fruit is desired to fill said order, then in either of said events the said person is not a consignment shipper but is a dealer within the meaning of this chapter, notwithstanding the fact that the grower, because of said representation, is induced to, and does, enter into a consignment contract with said person in which no mention is made of said guaranteed price or of said order; and in all cases where any person represents to the grower either verbally or in writing that he holds or will get a cash deposit to support an order for deciduous fruit and by means of such representation causes a grower to part with control of a portion or all of his deciduous fruit, then such person shall upon the removal of said deciduous fruits from the grower's control be liable to said grower for the amount of said deposit less said person's legal charges. In the event any litigation is instituted by the person making said deposit to compel the return or release of said deposits then a consignment shipper may hold said deposit until the litigation is determined.

Consignment shipper becomes dealer, when

1284. It is unlawful for any person to engage in the business of a dealer in the State unless and until he has fully complied with the provisions of this chapter.

1285. Any person desiring to engage in the business of a dealer in the State shall file in the office of the director an application for a license executed under oath upon a form provided therefor by the director, which application shall set forth the following information:

License application.

(a) The name and business address of the applicant.

(b) Whether applicant is an individual, exchange, partnership, association, a group of persons, or a corporation, and if a corporation in what State organized and where its principal place of business is located; and if incorporated in any State or country other than California, the address of its office in California, together with the name and address of a person in California upon whom service of legal process can be made in suits against the applicant brought in California.

(c) How long the applicant has been engaged in business as a dealer in the State of California.

(d) Whether or not the applicant has made settlement in full with the growers of deciduous fruit handled by the applicant in either one of the two immediately preceding calendar years and if such settlement has not been made, the name and address of each grower that the applicant has not settled with.

(e) Whether or not the applicant has been in control of, or conducted the operations of, any organization which has been previously engaged in handling deciduous fruits, as a dealer, in a manner set forth in this chapter, and whether the applicant in such previous capacity has made settlement with all growers within the State.

(f) The names and addresses of three persons, including at least one bank, all within the State, to whom inquiries concerning the applicant may be made.

(g) A statement of the approximate number of tons of deciduous fruits that the applicant expects to deal with during the next twelve months, detailing the number of tons of each kind of deciduous fruit included within the total.

(h) Such additional and different information concerning applicant or his business as the director deems advisable in order to determine whether the applicant is qualified to engage in said business.

Fee.

1286. For filing such application, the applicant must pay a fee of twenty-five dollars.

Examination of applicant

1287. The director shall examine such application and cause an investigation to be made of said applicant and his business, business rating, character and reputation. If from such examination and investigation the director determines that the applicant is not properly qualified to engage in business as a dealer, he shall refuse to grant a license and deny the application, and notify the applicant of his decision. Any applicant whose application is denied by the director may, within ten days after the mailing of said notice of rejection, petition the director for a hearing and thereupon the director shall afford applicant an opportunity for a hearing on a date not less than ten nor more than twenty days after the receipt of said petition. All persons and growers to whom the applicant is indebted or any and all persons who may have objected to the licensing of applicant shall be given at least ten days' notice of said hearing by mail. Said hearing shall be informal and the director shall hear any and all evidence which may be offered or adduced either for or against said applicant, in the matter of his business, business rating, character and reputation. After hearing all of said evidence, the director shall make his findings of fact on which he may again deny the said application or grant the same as he finds the facts to be, and the findings of fact so made by the director shall be conclusive.

Hearing.

Bond.

1288. Before any license is granted by the director, the applicant therefor must deliver to the director a good and sufficient surety bond executed by the applicant as principal and by a surety company qualified and authorized to do busi-

ness in this State as surety, in the amount of five dollars for each ton of deciduous fruits that the said applicant intends to deal with during the next twelve months as set forth in his application, up to and including one thousand tons and in addition the sum of one dollar per ton for each ton in excess of one thousand tons, but no bond shall be less than five thousand dollars in amount. Said bond shall be in the form approved by the director and shall be conditioned upon compliance with the provisions of this chapter and upon faithful compliance with the conditions of all contracts, verbal or written, made by the dealer with growers of deciduous fruit relative thereto and upon applicant's accounting for the proceeds of any fruit contracted for in accordance with the terms of the contracts with growers. Said bond shall be to the State in favor of every person with whom applicant deals in the marketing of deciduous fruits. Every such bond shall continue in force and effect until notice of the termination thereof is given by registered mail to the director and every such bond shall set forth such fact. Any person claiming to be injured or damaged by any act of said dealer, or the director on behalf of all growers contracting with the said dealer may maintain an action on said bond against the dealer and the surety named in said bond, or either of them, and any judgment against the dealer or surety in any such action shall include costs.

Schedule of charges

1289. If the applicant deals with deciduous fruit by guaranteeing a grower a minimum price, but at the same time handled the fruit for the account of the grower, said applicant shall file with the director before the issuance of a license a schedule of applicant's maximum and minimum commissions and other charges for service in connection with said deciduous fruit handled on account of or as agent for growers.

Issuance of license

1290. When an applicant for a license has met all of the requirements therefor, the director shall issue and deliver to the applicant a license which will authorize the applicant, and none other, to engage in businses as a dealer for a year from the date thereof. Said license is not assignable and shall become void upon any assignment or transfer. Each dealer shall notify the director whenever he intends to handle a greater or less number of tons than specified in the dealer's original application and thereupon the bond of said dealer shall be increased or decreased, as the case may be, in the same manner as the original bond was fixed, and no dealer shall handle any greater number of tons of deciduous fruit than provided for in dealer's bond on file.

Enforcement

1291. For the purpose of enforcing the provisions of this chapter, the director upon his own motion may, or upon a verified complaint against any dealer, or any person assuming or attempting to act as such, must make any investigations he deems necessary, and he shall have at all times free and unimpeded access to all buildings, yards, warehouses, storage and transportation or any other facilities or places in which any

deciduous fruits are kept, stored, handled or transported. He shall have full authority to administer oaths and take testimony hereunder, to issue subpenas requiring the attendance of witnesses before him, together with all books, memoranda, papers and other documents, articles or instruments; to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation, and all parties disobeying the orders or subpenas of said director shall be guilty of contempt and shall be certified to the superior court of the State, which court shall punish any such contempt. Copies of records, inspection certificates, certified reports and all papers on file in the office of the director shall be prima facie evidence of the matters therein contained.

Investigations.

1292. The director, upon his own motion or upon the receipt of a verified complaint, shall investigate:

(a) Any transaction involving the solicitation, receipt, sale or attempted sale, of any deciduous fruit, by any person or persons assuming to act as a dealer.

(b) Any alleged failure to account and settle for deciduous fruit as required in this chapter.

(c) The making of alleged false statements concerning the condition and quality of deciduous fruit received or placed in storage or in transit by dealer.

(d) The alleged solicitation of growers' fruit by the making of false or misleading statements as to market conditions.

(e) Any alleged deceptive, fraudulent or dishonest act with respect to such fruit, or any violation hereof. In furtherance of such investigations or inspections, the director, or any authorized representative, may examine that portion of the ledger, books, accounts, memoranda, documents, scales, measures and other articles and things used in connection with the business of said dealer relating to the transactions involved. If the director, upon investigation, shall have reason to believe that any dealer is not acting in accordance with the provisions of this chapter, or has been guilty of any of the matters and things described in this section, he shall have personal service made on said dealer or mail by registered mail a complaint against said dealer, and in the event dealer fails to make informal adjustment or settlement of the charges set forth therein, to the satisfaction of the director, the director shall give notice of the time and place of a formal hearing thereon. Notice of any hearing shall be given at least ten days prior thereto and said hearing shall be held in any city or town in which the dealer has an office, or in any city or town in or near which the transaction complained of is alleged to have occurred. At the time and place appointed for such hearing, the director shall hear all parties and their evidence and thereupon the director shall dismiss the charges or suspend the license of said dealer for a specified period or revoke the same or make such other appropriate order as may be deemed just and proper; any order shall specify the effective date thereof and any order other than one

suspending or revoking a license shall automatically suspend such license until said order is complied with.

Appeal

1293. Any action of the director with reference to the granting of, or the refusal to grant, or to renew any license, or with reference to the revocation or suspension of any license granted under the provisions of this chapter, may be reviewed by any court of competent jurisdiction.

Record of dealers

1294. Every dealer shall promptly make and keep a correct record showing in detail the following with reference to the handling, sale or storage (in transit or otherwise) of said fruit:

(a) The name and address of the growers.

(b) The date fruit is received and the amount thereof.

(c) The condition of such fruit upon receipt by the dealer.

(d) Date of sale for the account of the grower if a minimum price guarantee is provided for.

(e) The price for which sold if a minimum price is guaranteed to growers.

(f) An itemized statement of the charges to be paid by the grower in connection with any sale involving a minimum price guarantee to growers.

(g) A detailed statement of all claims made by growers against the dealer, a copy of each, when received, to be certified to and filed with the director.

(h) A copy of the record and account of sales of fruit, the possession of which is obtained by dealer on a contract involving a minimum price guarantee, shall be delivered to the grower upon the consummation of the sale, together with all moneys received by dealer in payment for such transaction made upon account of the grower, less the agreed commission and other charges, and said payment and accounting must be made by said dealer to the grower within ten days after said dealer receives the money in payment of said fruit.

Settlement of contracts

1295. All deciduous fruit, except that obtained and handled by a dealer solely on a consignment basis without any price guarantee, shall be settled for by every dealer on the basis of the grade or quality that is referred to in the contract, whether written or oral, pursuant to which dealer obtained possession or control of such fruit, unless said fruit is inspected by a State or by a State and Federal inspector in the State and found to be of a different grade or quality than that referred to in said contract, but in lieu of such an inspection any dealer and grower may, in writing only, agree that the grade or quality of any lot of deciduous fruit was different from that referred to in said contract. If a contract between a dealer and a grower does not specify a date for settlement, then the dealer shall settle therefor within thirty days from the delivery of the fruit into the dealer's control, and the dealer shall then account to and pay over to said grower the full amounts called for by the contract, including any minimum price guaranteed by said dealer. For any failure by a dealer to settle with a grower in the manner provided

for above regardless of the terms of the contract made by dealer with said grower, the director may suspend or revoke the license of said dealer in the manner provided for in this act and on account thereof the director may refuse to grant a license to an applicant therefor.

Penalties.

1296. Any person who acts as a dealer as defined in this chapter without a license or having a license wilfully violates any provision of this chapter; or any person who represents himself as a "cash buyer" but who is not a cash buyer as defined in this chapter; or any person who represents himself as a "consignment shipper" but who is not a consignment shipper as defined in this chapter; or any cash buyer as defined in this chapter who wilfully refuses to make payment for deciduous fruits as and when required by this chapter, is guilty of a felony, and, upon conviction thereof shall be punished by a fine of not to exceed five thousand dollars, or by confinement in the State prison for not more than one year, or by both. Civil suits and criminal prosecutions arising by virtue of any of the provisions of this chapter may be commenced and tried in the county where the said deciduous fruit was received by the dealer, or in the county in which the principal place of business of such dealer is located within the State of California, or within the county in which the violations of this chapter occurred.

Licensees under Ch 6

1297. The requirements for licensing and bonding of dealers in deciduous fruits, prescribed by this chapter, are in addition to all of the requirements and provisions of Chapter 6 of this division of this code, except that any person required by Chapter 6 to give a bond, may have said bond so drawn that it will also apply to the first one thousand tons of deciduous fruits that he may during the same time handle as a dealer under this chapter, and in such a case the additional bond required of him under this chapter shall be computed upon the tonnage in excess of said one thousand tons.

Disposal of fees

1298. All license fees collected under the provisions of this article shall be paid by the director into the State treasury monthly to the credit of the general fund of the State.

An act to amend section 3669c of the Political Code, relating to taxation for State purposes and declaring that this act shall take effect immediately.

[Approved by the Governor March 4, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Stats. 1931, p 1302.

SECTION 1. Section 3669c of the Political Code is hereby amended to read as follows:

Suspension of corporate powers on failure to pay taxes

3669c. 1. Within ten days after the first Monday in February, the Controller shall send by mail to the last known address of any company whose taxes are delinquent a notice of the amount of said taxes, penalties and costs, and that if the said taxes, penalties, and costs are not paid on or before the Saturday preceding the first Monday in March next thereafter at six o'clock p.m. of said day, the corporate powers, rights and privileges of such delinquent company, if it be a domestic corporation, will be at that time suspended and thereafter incapable of exercise, and that if the delinquent company be a foreign corporation it will thereupon forfeit its right to do intrastate business in this State. If the taxes, penalties, and costs are not paid within the time specified in said notice, the Controller shall, on said Saturday preceding the first Monday in March at six o'clock p.m. of said day, mark on the record of assessments for State taxes opposite the assessment of the delinquent corporation the words "corporate powers suspended," if the delinquent corporation be a domestic corporation, and thereupon said corporate powers shall be suspended and incapable of exercise until restored as hereinafter provided; and if the delinquent corporation be a foreign corpo-

ration, the Controller shall mark on the record of assessments for State taxes opposite the assessment of such delinquent corporation the words "right to do intrastate business forfeited" and thereupon said right to do such business shall be so forfeited. He shall at once report to the Secretary of State the name and number of charter of each corporation whose corporate powers have been suspended or right to do business has been forfeited for nonpayment of taxes.

List sent to recorder

On on before the first Monday in April of each year the Controller shall make a list of all corporations subject to the tax imposed under sections 3664a, 3664b, 3664c, and 3664d of this code and which have failed to pay the same and transmit a certified copy thereof to each county clerk and county recorder in this State. Said county clerks and county recorders shall file such certified copies in their respective offices in such manner that the same shall be preserved in the form of a permanent record of such office and easily identified by and available to the public. Said copies so certified by the Controller and filed as herein provided shall in the case of each corporation state whether such corporation is a domestic or foreign corporation and specify the penalty which each corporation has incurred for failure to pay the tax imposed by this act. Such certified copies so filed with either of said county officers, or any copy thereof certified by the Controller shall be received in evidence in any court in lieu of the original record on file with the Controller and shall be prima facie evidence of the truth of all statements contained therein.

When corporate powers suspended

2. After six o'clock p.m. of the Saturday preceding the first Monday in March in any year, the corporate rights, privileges and powers of every domestic corporation which has failed to pay said tax and money penalty shall, from and after said hour of said day, be suspended, and incapable of being exercised for any purpose or in any manner, except to defend any action brought in any court against such corporation, until said tax with all accrued penalties, and all taxes and charges due the State under the Corporation License Act are paid as hereinafter provided. The right and privilege of every foreign corporation to transact intrastate business in this State shall, for failure to pay said tax and money penalty, be forfeited at said hour of said day, and the Controller shall make a record of such forfeiture. In the case of foreign corporations such forfeiture may be relieved and the corporation's privilege to transact intrastate business in this State restored in the manner hereinafter provided. After said hour of said day and until such taxes, penalties and charges are paid, every person who attempts or purports to exercise any of the rights, privileges or powers of any delinquent corporation, or, who transacts or attempts to transact any intrastate business in this State in behalf of any forfeited foreign corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the

Penalty for exercising suspended powers

county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business was had or occurred. Every contract made in violation of this section is hereby declared to be void.

Special provisions for 1933.

Notwithstanding any other provision of this section the date of suspension or forfeiture of corporate rights, privileges or powers under this section in the year 1933 shall be at six o'clock p.m. of the Saturday preceding the first Monday in April, and the date of preparation and transmission of the lists provided for in subdivision one hereof in the year 1933 shall be between the first Monday in April and the first Monday in May.

Restoration of powers.

3. All corporate powers, rights and privileges suspended or forfeited may be revived and restored to full force and effect by the payment of all accrued taxes and penalties due to the State under sections 3664a, 3664b, 3664c, and 3664d of this code and also, in addition thereto, a sum of money equal to the tax last assessed under the provisions of said sections of this code, for each year succeeding the year in which such tax was levied, and to the time of such revivor. "Year" within the meaning of the preceding sentence is hereby defined as the period between the first Monday in March of any calendar year and the first Monday in March of the following calendar year. In addition to the payment of the amounts above provided for, such reviving corporation shall pay to the Secretary of State that proportion of the license tax specified in section 3 of any act known as the "corporation license act," as now in force or as hereafter amended, which the unexpired number of months of the calendar year in which such revivor or reinstatement occurs (including the month in which such revivor or reinstatement occurs) bears to the entire year. Upon payment of all such taxes and penalties the State Controller shall issue a certificate under his seal evidencing such payment and restoration, which certificate when recorded in the office of any county recorder shall constitute a release of all existing liens for such taxes upon the property of such corporation. Each county recorder shall keep an index of all such Controller's certificates recorded by him. Upon presentation of such Controller's certificate of revivor to any county clerk said officer shall make a record thereof in his office in a book kept for such purpose. The records so made by said county clerk shall be prima facie evidence of the restoration to such corporation of all previously suspended or forfeited rights, powers and privileges unless it appears from the records in the office of such county clerk or of the Secretary of State that subsequent to the date of such certificate of revivor the powers of said corporation have been suspended or its right to do intrastate business forfeited.

Certificate of restoration

Collection of delinquent taxes

4. The Controller may, on or before the thirtieth day of April next following said delinquency and suspension or forfeiture, bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, to collect any delinquent taxes, together with any penalties, or costs, which have not been paid in accordance with the provisions of this code and appearing delinquent upon the record of assessments for State taxes hereinbefore mentioned, and such actions shall be tried in the county of Sacramento unless the court, with the consent of the Attorney General, order a change of place of trial.

Duty of Attorney General

The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required.

Service of summons

In the case of companies whose right to do business has been forfeited or corporate powers suspended, service of summons may be made upon the persons provided for by law to be served as agents or officers of any of such companies and such persons shall be deemed to be the agents of such companies for all purposes necessary in order to prosecute such action. In the case of corporations whose powers have been suspended, the persons constituting the board of directors thereof shall have the power and right to defend such action. Payment of the taxes and penalties, or amount of the judgment recovered in such action must be made to the State Treasurer. In such actions the record of assessments for State taxes, or a copy of so much thereof as is applicable in said action, duly certified by the Controller, or by the secretary of the State Board of Equalization, showing unpaid taxes against any company, person or association assessed by the State Board of Equalization, is prima facie evidence of the assessment upon the property and franchises, the delinquency, the amount of the taxes, penalties, and costs due and unpaid to the State, and that the company, person, or association is indebted to the people of the State of California in the amount of taxes and penalties therein appearing unpaid, and that all the forms of law in relation to the assessment and levy of such taxes have been complied with.

Evidence of unpaid taxes

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1, Article IV of the Constitution and shall, therefore, take effect immediately. The facts constituting such necessity are as follows: Due to present economic conditions and more particularly to the fact that it has been necessary for most of the banks in the State to close for a limited period of time, it has become impossible for many corporations to comply with the requirements of the section amended by this act, and as a result unless this act takes effect immediately corporate

powers, rights and franchises of such corporations will be suspended or forfeited. The suspension or forfeiture of such corporate rights, powers and privileges would result in the loss to the State of a considerable portion of the revenue due from such corporations and in the cessation of many businesses that are of vital concern to the welfare of the State. It is therefore imperative that such suspension or forfeiture be prevented, and that this act take effect immediately.

CHAPTER 27.

An act to amend section 3.90 of the School Code, relating to days upon which the public schools shall close, and declaring the urgency thereof.

[Approved by the Governor March 4, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Sch. C., p 110

SECTION 1. Section 3.90 of the School Code is hereby amended to read as follows:

Holidays

3.90. The public schools of this State shall, unless otherwise provided, close on Saturday, Sunday, the first day of January, the thirtieth day of May, the fourth day of July, the ninth day of September, the eleventh day of November, the twenty-fifth day of December, and on every day appointed by the President of the United States or the Governor of this State for a public fast, thanksgiving or holiday; provided, that the Governor in appointing any day for a holiday may provide whether or not the public schools shall close on such holiday.

Urgency.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety, within the meaning of section 1 of article four of the Constitution, and shall therefore go into immediate effect.

The facts constituting the necessity are as follows: The public schools having been closed by the proclamation of the Governor declaring the second, third and fourth days of March, 1933, public holidays, by reason of the existing provisions of School Code section 3.90, and it being possible that other public holidays may be proclaimed by the Governor, the public schools are therefore unable to perform their function of educating and providing for the welfare of the youth of this State, and it is necessary that the public schools be permitted to discharge their functions during any holiday appointed by the Governor when in the judgment of the Governor the public schools should not be closed.

CHAPTER 28.

An act to amend section 10 of the Political Code, relating to holidays, to take effect immediately.

[Approved by the Governor March 6, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Section 10 of the Political Code is hereby amended to read as follows: Stats. 1927, p. 1648. See Stats. 1933, Ch. 407.

Sec. 10. Holidays within the meaning of this code, are every Sunday, the first of January, twelfth day of February, to be known as Lincoln Day, twenty-second day of February, thirtieth day of May, fourth day of July, ninth day of September, first Monday in September, twelfth day of October to be known as "Columbus Day," twenty-fifth day of December, eleventh day of November, known as "Armistice Day," every day on which an election is held throughout the State, and every day appointed by the President of the United States or by the Governor of this State for a public fast, thanksgiving or general or special holiday, except that on any day appointed by the Governor as a special holiday all public offices and courts and all public schools, of or under this State or any city, county, city and county, township, district or political subdivision thereof, shall be open for transaction of business as on days which are not holidays. Holidays.

If the first day of January, twelfth day of February, twenty-second day of February, the thirtieth day of May, the fourth day of July, the ninth day of September, the twelfth day of October, the eleventh day of November or the twenty-fifth day of December falls upon a Sunday, the Monday following is a holiday.

Every Saturday from twelve o'clock noon until twelve o'clock midnight is a holiday as regards the transaction of business in the public offices of this State, and also in political divisions thereof where laws, ordinances or charters provide that public offices shall be closed on holidays; provided, this shall not be construed to prevent or invalidate the issuance, filing, service, execution or recording of any legal process or written instrument whatever on such Saturday afternoon; and provided further, that the public schools of this State shall close on Saturday, Sunday, the first day of January, the thirtieth day of May, the fourth day of July, the ninth day of September, eleventh day of November, the twenty-fifth day of December, and on every day appointed by the President of the United States or the Governor of this State for a public fast, thanksgiving or general holiday; provided still further, that the governing board of any junior college may provide for the maintenance of classes on Saturday. Said public schools shall continue in session on all other legal holidays and shall hold proper exercises commemorating the day.

Boards of school trustees and city boards of education shall have power to declare a holiday in the public schools under their jurisdiction when good reason exists therefor.

All public offices of the State and all State institutions, including the State University and all public schools in the State shall be closed on the ninth day of September of each year, known as "Admission Day." All public offices of the State and all State institutions, except the State University, shall be closed on the eleventh day of November of each year, known as "Armistice Day."

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution and shall, therefore, go into immediate effect.

The facts constituting the necessity are as follows: Present economic conditions demand that legislation be enacted to empower the Governor to immediately declare such holidays as he may deem necessary to relieve business from such economic conditions as threaten our financial structure, and to provide by legislation that such holidays shall not impede or imperil the proper functioning of our schools and public offices and courts.

CHAPTER 29.

From the date this act takes effect until sixty days thereafter, no sale on execution or under power of sale contained in any mortgage or deed of trust or by direction of court in an action for the recovery of a debt or the enforcement of a right secured by mortgage or other lien, shall be made of the dwelling house in which the owner resides or of any of the necessary outbuildings, or of the land upon which situated and necessary for the convenient use thereof, or of land used by the owner in farming or ranch operations conducted by him or under his immediate supervision, or of any interest therein or in either thereof. "Owner" as used herein includes the debtor, mortgagor or trustor or his successor in interest in respect to such dwelling house, outbuildings or land. Any such sale held contrary to the provisions of this act, or any deed given or executed pursuant to any such sale, is void. Certain sales under mortgages and trust deeds prohibited

SEC. 2. Notwithstanding any provision of law or any obligation or agreement affected by the provisions of this act, the period of time during which proceedings must be instituted or a sale had on execution or under power contained in any mortgage or deed of trust or by direction of court in an action for the recovery of a debt or the enforcement of a right secured by mortgage or other lien is hereby extended for sixty days, and Time extended.

any such sale heretofore set for a date which occurs during the period of time mentioned in section 1 of this act may legally and effectually be postponed to a date subsequent to the expiration of said period of time. The owner has not the right to waive any of the provisions or benefits of this act. Any such waiver by or for the owner is wholly null, void and ineffectual, whether executed heretofore or hereafter or before or after the event.

Urgency.

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution, and shall therefore take effect immediately. The facts constituting such necessity are as follows:

Due to the existing economic crises and the proclamation of the President of the United States restricting the withdrawal of funds from the banks of the nation, it is impossible for home owners to obtain money with which to pay the obligations mentioned in this act. As a result, unless this act takes immediate effect obligors will lose their farms, dwelling houses, outbuildings and the land on which they are situated and many people will be homeless.

It is therefore necessary that this act go into effect immediately to curb the effects of the existing national crises.

SECTION 1. Section 5.04 of an act entitled "An act to define building and loan associations and to regulate them and their organization, business, operation, merger, consolidation and liquidation, and (without limiting the generality of the foregoing) also to do the following: to define and regulate the agents, salesmen and collectors of such associations, and to regulate their officers, directors and employees; to define, authorize and regulate the issuance of, shares, stock and investment certificates of such associations, and to prescribe the rights, remedies and liabilities of holders thereof, and to make such investment certificates legal investments for certain purposes; to prescribe the rights, powers, remedies, duties and liabilities of such associations and the rights and remedies of their creditors; to regulate the investments, loans and borrowings of such associations, and their accounts, reports, audits, statements and advertising; to create and continue the office of Building and Loan Commissioner, provide for and define the rights, powers, remedies and duties of the commissioner and his assistants and employees; to provide penalties for offenses by such associations, their directors, officers, agents, salesmen, collectors and employees and by other persons and corporations; and to repeal title sixteen of part four of division one of the Civil Code, chapter 354 of the Statutes of 1911 and acts amendatory thereof and supplemental thereto; chapter 133 of the Statutes of 1927, and all other acts and parts of acts inconsistent herewith," approved May 5, 1931, is hereby repealed. Stats 1931, p 483

SEC. 2. Section 6.02 of said act is hereby amended to read as follows for the emergency period as hereafter in said section 6.02 defined: Stats 1933, Ch 4. See Stats 1933, Ch 431

Sec. 6.02. Limitation on Withdrawals. The term "matured withdrawal claims," as used in this article, shall include each Limitations on withdrawals

and all of the following, to wit, (1) the value of all shares or investment certificates or parts thereof, in respect of which valid notices of intention to withdraw shall be on file, matured and unpaid, including notices of intention to withdraw by defaulting shareholders pursuant to section 3.05 of this act, as well as notices of withdrawal generally pursuant to section 6.01 of this act; (2) the value of all shares which shall have matured pursuant to section 3.03 of this act and which shall be unpaid; (3) the value of all investment certificates in respect of which the holders, pursuant to section 5.07 of this act but subject to section 6.02 of this act, shall be entitled to receive the redemption price, but which shall be unpaid; and (4) the value of all definite term investment certificates which shall have reached the expressed date of their maturity but which shall be unpaid.

Preferences

Regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be secondary and subsequent to the right of such association to pay, and to provide reasonable reserves for the payment of, the following: taxes, assessments, insurance, repairs, alterations and other sums necessary to protect and preserve or to furnish or equip its properties and its interest in properties (including those on the security of which it holds loans); principal and interest on borrowings by such association, otherwise than through the issuance of investment certificates; interest on investment certificates and dividends on shares; rent, compensation of officers, agents, salesmen and other employees, and other usual and ordinary operating expenses of such association; and commitments on its incomplete loans or investments; provided, however, that an association on notice or on a pro rata basis shall not pay any dividends on its stock or distribute any profits to its stockholders or make any loans or investments, except loans or investments pursuant to its obligations incurred before it became an association on notice, and except loans expressly permitted by section 9.01 of this act; provided further, that an association on notice and not on a pro rata basis may with the prior consent of the commissioner, and an association not on notice and not on a pro rata basis may without the necessity of obtaining the consent of the commissioner, in lieu of paying matured withdrawal claims, make or purchase loans or investments not exceeding the principal amount of moneys borrowed by such association from a Federal home loan bank, or other similar Federal agency, and not theretofore repaid; and provided further, that an association which is either on notice or on a pro rata basis may with the prior consent of the commissioner, and an association which is neither on notice nor on a pro rata basis may without the necessity of obtaining the consent of the commissioner, in lieu of paying matured withdrawal claims, invest in stock issued by any Federal home loan bank or other Federal agency of

which such association may be eligible to be a member. Moreover, regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be limited to payments from its cash on hand or in bank, proceeds from sale of investments and loans and other cash receipts of such association; and shall be further limited to payments pursuant to the subsequent provisions of this section. The cash, proceeds and other receipts aforesaid which shall remain after deducting therefrom all payments, reserves, loans and investments above-mentioned in this paragraph, are hereafter in this section 6.02 called the "available funds." "Available funds"

The term "free money," as hereafter used in this section 6.02, is hereby defined as that part of the available funds which may be used at the option of the association to pay any or all withdrawals without requiring notice of intention to withdraw or before the maturity of a notice of intention to withdraw and regardless of the nonpayment of any or all matured withdrawal claims, or to pay any or all definite term investment certificates before the expressed date of maturity subject to such adjustment of interest, if any, as may be provided in such certificates, or for the purpose of making loans or investments, or for any other purpose not prohibited by law. "Free money"

If the association is neither on notice nor on a pro rata basis, and if there are no matured withdrawal claims (excepting claims for the payment of which funds have been set aside by the association) then all of the available funds shall be free money.

If there are matured withdrawal claims (for the payment of any of which funds have not been set aside by the association), then not to exceed twenty-five per cent of the available funds shall be free money (but in such case no part of such free money shall be used to pay dividends on stock or be distributed as profits to stockholders), and all the remainder shall be applied to the payment of withdrawals. The commissioner is hereby authorized, in the case of any or all associations, to reduce the amount of such free money from twenty-five per cent of the available funds to such smaller per cent of the available funds as he may from time to time prescribe, and in such case all the remainder shall be applied to the payment of withdrawals. Whether or not the commissioner shall have reduced such amount of free money such remainder of the available funds shall be applied (regardless of whether or not the association is on notice or on a pro rata basis) at such times as the commissioner shall prescribe to the payment of matured withdrawal claims as follows: Reduction of free money

First: To all matured withdrawal claims in respect of investment certificates until all sums payable thereon are paid and, as between several holders thereof, pro rata according Payment of matured withdrawal claims

to the unpaid principal thereof at the time of each such payment.

Second: To all matured withdrawal claims in respect of shares until all sums payable thereon are paid and, as between the several holders thereof, pro rata according to the unpaid value thereof at the time of each such payment.

Except ons. Notwithstanding anything to the contrary in this act, however, any association (whether or not it is on notice or on a pro rata basis) may at its option pay in each month, with or without requiring notice of intention to withdraw, and regardless of the nonpayment of any or all matured withdrawal claims, to any one or more of its shareholders or certificate holders, not to exceed whichever of the two following amounts shall be the greater (1) twenty-five dollars per person, or (2) one per cent of the value of such person's shares or investment certificates (in addition to any free money which may be applied to the payment of withdrawals); and withdrawals may be made at any time from pledged shares and investment certificates, whether or not the association is on notice or on a pro rata basis, and without notice; provided, the full amounts of such withdrawals shall be used to pay the indebtedness for which such shares or investment certificates are pledged, or any part thereof; and provided further, that in the case of loans upon the mutual plan, such withdrawals without notice shall be permitted only at the option of the association unless the entire indebtedness shall be simultaneously paid.

Free money surplus If in any accounting period an association has not used as free money the full amounts which such association is permitted by this section 6.02 to use for such purposes, then (unless the commissioner shall otherwise order in the case of such association) the amounts not so used shall be available to the association in any subsequent period for such purpose until such amounts shall have been so used, in addition to the amounts which would otherwise be available for such purpose in such subsequent period.

No association shall make any contract waiving in any manner any of the provisions of this section and, if any such contract shall be so made, such contract shall be void.

Effect The provisions of this act shall govern, during the existence of the emergency period as hereinafter defined and only during such period, the withdrawal and other rights of the holders of all shares and investment certificates whether heretofore or hereafter issued, and whether or not withdrawal claims shall have heretofore been filed or shall have heretofore matured.

Emergency period The term "emergency period" as used in this section 6.02 shall mean the period commencing with the effective date of this section 6.02 as amended and ending September 1, 1935; provided, however, that said emergency period may be terminated at any time prior to September 1, 1935, by order of the commissioner.

SEC. 3. Section 6.03 of said act is hereby amended to read as follows: Stats 1931, p. 483. See Stats 1933, Ch. 431.

Sec. 6.03. Withdrawals Without Notice or Before Maturity. No association shall agree in advance to pay withdrawals without requiring notice of intention to withdraw or before the maturity of a notice of intention to withdraw. Except as otherwise provided in this act in respect of shares and investment certificates pledged to the association issuing the same and except as otherwise so provided in respect of free money or payments in each month not to exceed the amount per person permitted by section 6.02 of this act to any one or more shareholders or certificate holders, no association having matured withdrawal claims (for the payment of any of which funds have not been set aside by the association) shall pay any withdrawals except upon matured notice of intention to withdraw, nor allow the withdrawal of any definite term investment certificate before the expressed date of its maturity; provided, however, that an association on a pro rata basis shall pay withdrawals of definite term investment certificates after the maturity of notices of intention to withdraw subject to the same conditions as investment certificates of other classes. Any agreement contrary to the provisions of this section shall be void. Advance payment of withdrawals.

SEC. 4. Section 6.06 of said act is hereby amended to read as follows: Stats 1931, p. 483.

Sec. 6.06. Payments Entitled to Preference. In the event of the liquidation or dissolution of any association, then notwithstanding anything to the contrary in section 13.16 of this act or elsewhere in this act, all sums heretofore or hereafter paid in to such association on investment certificates or shares while such association shall have been on a pro rata basis and all sums which shall hereafter be paid in to such association on investment certificates or shares prior to the expiration of the emergency period as hereinafter in this section 6.06 defined, shall be repaid in full before any payments shall be made to other certificate holders or other creditors or other shareholders, or to stockholders, unless after the receipt of such money and prior to the liquidation or dissolution of such association, there shall have been a period of six consecutive months within which such association shall have had no matured withdrawal claims (except claims for the payment of which funds shall have been set aside by the association). An association which has issued and outstanding both shares and investment certificates shall not accept any money on account of free shares if such money might be entitled to a preference under the provisions of this section 6.06. No association shall accept any money on account of investment certificates or shares, except investment certificates and shares pledged to such association in connection with loans secured by real property, if such money might be entitled to Preferred payments. The term "emergency period" as used in this section 6.06 shall mean the period commencing with the effective date of this section 6.06 as amended and ending September 1, 1935; provided, however, that said emergency period may be terminated at any time prior to September 1, 1935, by order of the commissioner.

Sec. 6.07. Acceptance of Investment Certificates or Shares in Payment for Loans or Property. Any association may at its option, with the prior approval of the commissioner and subject to such rules and regulations as he may from time to time prescribe, but no association shall be obligated to, accept its own outstanding investment certificates, and any association not issuing investment certificates may at its option, with the prior approval of the commissioner and subject to such rules and regulations as he may from time to time prescribe, but no association shall be obligated to, accept its own outstanding shares, in partial or full payment for property sold by such association or in partial or full payment of loans; provided, however, notwithstanding anything to the contrary herein contained that, subject to such reasonable rules and regulations as the commissioner may from time to time prescribe, any person who, on the date this section 6.06 as amended takes effect, is the record owner of any outstanding investment certificate of any association may, at his option, apply or set off the value of such investment certificate or any part thereof to the payment, in whole or in part, of any loan held by the association issuing such investment certificate, if such loan was originally made to, or prior to the effective date of this section 6 06 as amended was endorsed or guaranteed by, such certificate holder or is secured by property, record or registered title to which is, on the effective date of this section 6.06 as amended, vested in such certificate holder. The provisions of this section shall apply to any association, regardless of whether or not it is on notice or on a pro rata basis, and regardless of the nonpayment of any or all matured withdrawal claims, but shall not apply to any association the property, business and assets of which shall be in the possession of the commissioner.

SEC. 6. Section 8.07 of said act is hereby amended to read as follows:

Attachment

Sec. 8.07. Attachment. In the case of any attachment levied upon any shares or investment certificates of any association or upon any debts owing by any association, the copy of writ and notice must be left, if such association maintains branches, with the manager or any other officer of such association at the office or branch thereof at which such shares or investment certificates were issued or such debt incurred if such office or branch is still being maintained, and otherwise

at the principal office of such association; and no attachment not served as aforesaid shall be effective as to any share or investment certificate issued by any such association or as to any debt owing by any such association if such share or certificate was issued or such debt incurred at an office or branch thereof not so served. No attachment or execution shall be issued against any association or its property in any suit, action or proceeding arising out of the claim of any shareholder or certificate holder to withdraw before final judgment that such shareholder or certificate holder is presently entitled to payment of such withdrawal.

SEC. 7. A new section, numbered 8.09, is hereby added to said act to read as follows: Stats 1931, p 483

Sec. 8.09. Regulation of Interest and Dividends. Notwithstanding anything to the contrary contained in this act or in any investment certificate or certificate evidencing shares or in any agreement or elsewhere, no association shall hereafter at any time pay, credit, declare or allow any interest or dividends in excess of the rate of four per cent per year in respect of interest or dividends which shall accrue or be earned during the emergency period (but only during such period) as hereinafter in this section 8.09 defined, upon investment certificates or shares, whether heretofore or hereafter issued and whether or not withdrawal claims shall have heretofore been filed or shall have heretofore matured. The commissioner is hereby authorized, however, during such emergency period, in the case of any or all associations, to increase such rate to a rate not in excess of five per cent per year, or to decrease such rate or to postpone the time for the payment of such interest or dividends, or any part thereof, or to decrease such rate and to postpone such time of payment, if he shall determine that such increase is reasonably justified in the interest of the certificate holders or shareholders, or is in the public interest, or that such decrease or postponement, or decrease and postponement, is reasonably necessary for the protection of the investment in such association of its certificate holders or shareholders, or is in the public interest; provided, however, that in the event the authority granted the commissioner by this section 8.09 to increase or decrease such rate or to postpone such time of payment shall be held invalid, then it is hereby declared to be the intention of the Legislature that the invalidity of such authority shall not affect the validity of the remaining portions of this section; provided further, that in no case shall the commissioner increase or decrease such rate or postpone such time of payment unless he shall have caused a notice of such intended action to be published, at least five days before such intended action is taken, in a newspaper of general circulation published in the county or city and county in which such association's principal office in this State is located; and provided further, that such association or any of its certificate holders or shareholders aggrieved by the action of the commissioner may at

Definitions

Solely for the purpose of this section, and notwithstanding anything to the contrary in this act contained, the term "investment certificate" as used in this section 8.09 shall be deemed to include any instrument issued to its savers by a borrowers' mutual building and loan association as defined in section 15.01 of this act, and the term "association" as used in this section 8.09 shall be deemed to include a borrowers' mutual building and loan association as defined in section 15.01 of this act. Notwithstanding anything to the contrary herein contained, the commissioner may in his discretion permit any association which has neither stock nor investment certificates issued or outstanding to pay, credit, declare or allow during said emergency period, a dividend on its shares in excess of said maximum yearly rate of four per cent. Notwithstanding the respective rates of interest and dividends prescribed by this section 8.09, or by the commissioner pursuant to this section 8.09, interest on unpaid interest or dividends on unpaid dividends may be paid, credited, declared, allowed, demanded, charged or collected at a like rate.

Any agreement contrary to any of the provisions of this section shall be void.

Net profits

If, during said emergency period, any association shall make any net profits after dividends on shares, computed in accordance with accounting practices prescribed or approved

by the commissioner, the total amount of such net profits after dividends on shares shall be set aside as a loss reserve which shall be available at all times to meet any losses whether arising from loans or otherwise, and no part of such loss reserve may be used to pay dividends on stock.

Notwithstanding anything to the contrary in this act, any association, without limitation or restriction, may renew, extend the time of payment of, or rewrite any loan heretofore made, and may make additional advances or loans for the purpose of preserving the security of any loan or of protecting the property securing any loan and may make any such renewal, extension, advance, or loan, as aforesaid, to the borrower or any successor in interest in the property securing the loan, and may make loans on property sold by an association or extend credit thereon for the purpose of facilitating the sale of such property. Any association may sell, convey, lease, exchange, improve, repair, mortgage, convey in trust, pledge or encumber any real or personal property purchased or acquired by it in the manner authorized or permitted by this section; provided, however, that except with the consent of the commissioner, no association shall mortgage, convey in trust, pledge, or encumber any property owned by it and used primarily as the principal office or branch of such association; and provided further that, except with the consent of the commissioner, no association shall (a) exchange any real property owned by it for any property other than investments expressly permitted by section 9.02 of this act, or real property, nor (b) mortgage, convey in trust or encumber any real property owned by it nor (c) assume the payment of any mortgage or deed of trust upon any real property received by it in any such exchange. SEC. 10. If any section, subsection, paragraph, sentence, clause, phrase or other part of this act is for any reason held to be unconstitutional, such decision shall not affect the Constitutionality

validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, paragraph, sentence, clause, phrase or other part thereof irrespective of the fact that any one or more of the sections, subsections, paragraphs, sentences, clauses, phrases or other parts thereof be declared unconstitutional.

Police power

SEC. 11. The Legislature hereby declares that this act is enacted in the exercise of the police powers of this State in view of the existing emergency.

Urgency

SEC. 12. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity: There exist throughout the United States economic conditions which have engendered financial disturbances requiring the immediate enactment of legislation which shall be immediately effective protecting investors in building and loan associations subject to the laws of this State. It is essential to the preservation of the public peace, health and safety that building and loan associations in this State be permitted to pay withdrawals proportionately, after payment of small sums which will alleviate distress; that they be no longer required to maintain cash funds or liquid funds; that new moneys hereafter invested in such associations shall receive preference upon liquidation or dissolution; that restrictions on minimum amount of withdrawals be eliminated and that associations be permitted to accept investment certificates or shares in payment for loans or property; that associations be protected against premature or unjustified attachments and executions; that dividends and interest be regulated in order that the capital investment of certificate holders and shareholders shall not be impaired and that the solvency of such associations may be maintained; and that necessary changes be made as to investments and loans and as to acquisition, disposition and encumbrance of property. Unless such associations are immediately regulated by the provisions of this act great distress will be suffered by several hundred thousand investors in such associations. It is essential to the immediate preservation of the public peace, health and safety that each and all of the sections, subsections, paragraphs, sentences, clauses, phrases or other portions of this act be enacted and be immediately effective.

Stats 1909, p 87, amended

An act to add sections 135b, 135c, 135d, 135e and 135f to the "Bank Act" defining and regulating the business of bank-

SECTION 1. Five new sections to be numbered sections 135b, 135c, 135d, 135e and 135f are hereby added to the Bank Act to read as follows: New section

Sec. 135b. In order to provide for the safer and more effective operation of the banks of this State, to preserve for the people of this State the full benefits to be derived from national legislation and to relieve the banks of this State from undue pressure in times of financial stress which might arise from lack of uniformity in their operations with those of the national banking system and the Federal Reserve System. Bank regulations Federal-State cooperation.

(a) During any emergency period prescribed by the President of the United States, by proclamation or otherwise, each State bank shall conform to any order or orders of the Superintendent of Banks, directed to any such bank, with relation to the regulation or regulations, limitation or limitations, restriction or restrictions, which are applicable thereto, prescribed by the Secretary of the Treasury or the Comptroller of the Currency or the Federal Reserve Board regulating or governing the operation of any bank which may be a member of the Federal Reserve System.

(b) During any emergency period prescribed by the Governor of this State, by proclamation or otherwise, no bank organized under the laws of this State shall transact any banking business except to such extent and subject to such regulation or regulations, limitation or limitations, restriction or restrictions directed to any such bank as may be prescribed by the Superintendent of Banks and as are made effective by the Secretary of the Treasury or the Comptroller of the Currency or the Federal Reserve Board with relation to the operation of banks which are members of the Federal Reserve System.

Sec. 135c. Whenever he shall deem it necessary in order to conserve the assets of any bank for the benefit of the depositors and other creditors thereof, the Superintendent of Banks may appoint a conservator for such bank and require of him such bond and security as the Superintendent of Banks deems proper. During the time that such conservator remains in possession of such bank the rights of all parties with respect thereto, subject to the other provisions of this section, shall be the same as if the Superintendent of Banks had taken such bank into possession for purposes of liquidation. All expenses of any such conservatorship shall be paid out of the assets of such bank and shall be a lien thereon, which shall be prior to any other lien provided by this act or otherwise. The conservator shall receive as salary an amount no greater than paid by the Superintendent of Banks to his special deputies in charge of the liquidation of State banks.

Examination of banks

(1) The Superintendent of Banks shall cause to be made such examination of the affairs of any bank for which he has appointed a conservator as shall be necessary to inform him as to the financial condition of such bank and the examiner shall make a report thereon to the Superintendent of Banks at the earliest practicable date.

Termination of conservatorship

(2) If the Superintendent of Banks becomes satisfied that it may safely be done and that it would be in the public interest, he may, in his discretion, terminate the conservatorship and permit such bank to resume the transaction of its business, subject to such terms, conditions, restrictions and limitations as he may prescribe.

[Approved by the Governor April 3, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Limitation on withdrawals.

SECTION 1. Whenever it shall appear to the Insurance Commissioner of the State of California that, by reason of the existence of extraordinary economic and financial conditions throughout the State or the United States, such action is necessary for the protection of the interests of the policy holders of life insurance companies doing business in this State, and that such action is in the public interest, the said commissioner may order simultaneously all such companies forthwith to uniformly limit the payment by such companies and the withdrawal by the policyholders thereof or any other persons of any moneys in excess of one hundred dollars to each policyholder on account of any loans on or surrenders of any policies, or dividends to policyholders of such companies; provided that during any period of limitation prescribed by said commissioner hereunder no dividend to stockholders of any such

companies shall be paid. Nothing herein contained shall be construed to permit the commissioner to limit or prevent the payment of any claims for death, disability, matured endowment or annuity, nor the making of a loan or payment of a cash surrender value in any amount where the proceeds of such loan or surrender value are applied to pay premiums or any other policy obligation to the same company. Such order shall become effective upon the receipt thereof by each company, and shall continue in effect for a period of sixty days unless previously rescinded or modified by said commissioner; provided that if it appears necessary to said commissioner, he may extend said limitation for further successive periods not to exceed sixty days each. Exceptions

SEC. 2. The Insurance Commissioner is hereby authorized and empowered to prescribe such rules and regulations as he may deem necessary to carry out the provisions of this act, which shall supersede all existing rules, regulations and laws inconsistent therewith. Nothing herein contained shall be construed to limit the powers of said commissioner pursuant to any laws now in effect. Rules.

SEC. 3. Any order of the Insurance Commissioner made in pursuance of this act shall be a complete defense to any action brought after the effective date of such order against any life insurance company on account of or by reason of its observance of or compliance with said commissioner's order. Effect of orders.

SEC 4. The term, "life insurance companies," as used in this act, shall be construed to include all companies, corporations, associations, and fraternal benefit societies transacting any life insurance business in this State. Definition.

SEC. 5. This act shall become ineffective at twelve o'clock noon on August 31, 1935. Expiration of act

SEC. 6. If any portion of this act is invalid the Legislature hereby declares that had it known of the invalidity of the portion at the time of this enactment it would have passed the remainder of this act without the invalid portion, and it is the intention of the Legislature that the remainder of this act operate in the event of the invalidity of any portion of this act. Constitutionality

SEC. 7. This act is hereby declared to be an urgency measure, within the meaning of section 1 of Article IV of the Constitution, necessary for the immediate preservation of the public peace, health and safety, and shall take effect immediately. The facts constituting such necessity are that there exist throughout the United States economic conditions which have engendered financial disturbances requiring the immediate enactment of effective legislation protecting life insurance companies and their policyholders; that measures generally similar to this act have been recently enacted, by reason of such conditions, in many other States; that regulations and orders promulgated by State Insurance Commissioners under those enactments will seriously prejudice life insurance companies doing business in this State unless they are similarly regu- Urgency

lated and their policyholders similarly protected; and that it is also essential to the preservation of the public peace, health and safety that life insurance companies be afforded reasonable opportunity for the orderly payment of moneys due their policyholders, and that this act will aid materially in accomplishing that result.

[Approved by the Governor April 8, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Stats 1909, p 87.

Section 29 of an act entitled "An act to define and regulate the business of banking," approved March 1, 1909, as amended,

designated the "Bank Act," relating to the definition and regulation of the business of banking is hereby amended so as to read as follows:

Sec. 29. Every corporation created under the laws of this State, doing a banking business therein, and which has no capital stock, may elect to have a capital stock, and may, in the manner which may be provided by law or in its by-laws not in conflict with law, issue certificates of stock therefor; provided, however, that notwithstanding its election to have a capital stock and the creation thereof, said corporation shall maintain an aggregate of paid-up capital, together with surplus, in an amount equal to or in excess of the requirements now or hereafter prescribed by section 19 of this act, or any other law of this State, to be in lieu of the amount of reserve fund theretofore required of a corporation without a capital stock pursuant to section 19 of this act or any other law of this State. Before such change is made, a majority of the members of such corporation present at a meeting called for the purpose of considering the proposition whether it is best to have a capital stock, its amount, the number of shares into which it shall be divided and the par value of each share, must vote in favor of having a capital stock, and fix the amount thereof, the number of shares into which it shall be divided and the par value of each share and may prescribe any additional details in respect of said capital stock as shall not be contrary either to law or its by-laws. Said corporation may at said meeting adopt a code of by-laws for the future government of the corporation. Notice of the time and place of holding such meeting, and its object, must be given by the president of such corporation by mailing notice of such meeting to each member of such corporation at his last known post-office address at least ten days prior to the day fixed for such meeting, and by publication in some newspaper printed and published in the county, or city and county, in which the principal place of business or the principal office of the corporation is situated, at least once a week for three successive weeks prior to the holding of the meeting. A copy of the proceedings of this meeting, giving the number of persons present, the votes taken, the notice calling the meeting, the proof of its mailing, the proof of its publication, the amount of capital actually subscribed and by whom, all duly certified by the president and secretary of the corporation, must be filed in the office of the Secretary of State and a certified copy of said copy must be filed in the office of the clerk of the county or city and county in which the principal place of business or principal office of said corporation is situated. Thenceforth said corporation shall have a capital stock in the amount, divided into the number of shares with the par value of each share, all as fixed at said meeting and such corporation shall be possessed of all the rights and powers, and shall be subject to all the obligations, restrictions and limitations, as may be provided by law.

CHAPTER 59.

An act relating to the safety of design and construction of public school buildings, providing for regulation, inspection and supervision of the construction, reconstruction or alteration of or addition to public school buildings, and for the inspection of existing school buildings, defining the powers and duties of the State Division of Architecture in respect thereto, providing for the collection and disposition of fees, prescribing penalties for violation thereof and declaring the urgency of the act, to take effect immediately.

[Approved by the Governor April 10, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Construction of schools.

SECTION 1. The Division of Architecture of the State Department of Public Works is hereby vested with authority under the police power of the State and directed to supervise the construction of any new school building or, if the estimated cost exceed one thousand dollars, the reconstruction or alteration of or addition to any school building, for the protection of life and property as hereinafter provided.

The term "school building" as herein used means and includes any building used or designed to be used for elementary or secondary school or junior college purposes and constructed, reconstructed, altered or added to, by the State or by any county, city, city and county, or other political subdivision or by any school or junior college district of any kind or character whatsoever within the State.

Division of Architecture to approve plans

SEC. 2. For such purposes it is the duty of the Division of Architecture to pass upon and approve or reject all plans for such school buildings or for the construction, reconstruction, or alteration thereof or addition thereto. To enable it to do so, all district boards of trustees, city boards of education and other appropriate school authorities before adopting any such plans for a school building must submit the same to the Division of Architecture for approval, and are hereby authorized and directed to pay the fees hereinafter in this section prescribed. Before letting any contract or contracts for any such construction, reconstruction or alteration of or addition to any school building, the written approval of such plans, as to safety of design and construction, by the Division of Architecture, must be first had and

obtained. In each case the application for approval of such plans must be accompanied by the plans and full, complete and accurate specifications, and structural design computations, and estimates of cost, which must comply in every respect with any and all requirements therefor prescribed by the Division of Architecture. The application shall also be accompanied by a filing fee based on the estimated cost and according to the following schedule: For the first two hundred fifty thousand dollars, a fee of one-half of one per cent of the estimated cost and for all costs in excess of two hundred fifty thousand dollars a fee of one-fourth of one per cent, the minimum fee in any case to be fifty dollars. If the actual cost exceeds the estimated cost by more than ten per cent a further fee shall be paid to the Division of Architecture. Such further fee shall be one-half of one per cent of the amount by which the actual cost exceeds the amount of the estimated cost. All such fees shall be paid into the State treasury and credited to the Division of Architecture public building fund, which fund is hereby created, and are hereby made available without regard to fiscal years for the use of the Division of Architecture, subject to approval of the Department of Finance, in carrying out the provisions of this act. All such plans, specifications and estimates must be prepared by a certified architect holding a valid license under the State act regulating the practice of architecture or by a structural engineer holding a valid certificate to use the title structural engineer under the law regulating the practice of civil engineering and the supervision of the work of construction, reconstruction, alteration or addition shall be under the responsible charge of such an architect or structural engineer.

Filing fees

SEC. 3. No contract for the construction, reconstruction or alteration of or addition to any school building, made or executed by the district board of trustees, city board of education or other public board, body or officer otherwise vested with authority to make or execute such a contract, shall be valid, nor shall any public moneys be paid for any work done under such a contract or for any labor or materials furnished in constructing, reconstructing or altering any such building or making any such addition thereto, unless such plans, specifications and estimates comply in every particular with the applicable provisions of this act and the applicable requirements therefor prescribed by the Division of Architecture and the approval thereof in writing has first been had and obtained from said division.

Invalid contracts

SEC. 4. From time to time, as the work of construction, reconstruction, alteration or addition progresses and as frequently and at such intervals as the Division of Architecture shall require, the certified architect or structural engineer in charge of the work and the inspector on the work and the contractor shall each make to the Division of Architecture a report, duly verified by him, upon a form or forms prescribed by the division, showing, of his own personal knowledge, that

Reports

the work during the period covered by the report has been performed and materials used and installed, in every particular, in accordance with and in conformity to the duly approved plans and specifications therefor, setting forth therein such detailed statements of fact as shall be required by the Division of Architecture.

Rules

SEC. 5. The Division of Architecture is hereby granted full power and authority from time to time to make all such rules and regulations as to it may seem necessary, proper or suitable effectually to carry out the provisions of this act.

Penalty

SEC. 6. Any person who violates any of the foregoing provisions of this act or makes any false statement in any verified report or affidavit required hereby or hereunder, is guilty of a felony.

Inspection.

SEC. 7. The State Division of Architecture has full power and authority and it shall be its duty to make such inspection of such school buildings and of such work of construction, reconstruction, alteration or addition as in its judgment may be necessary or proper for the enforcement of the provisions of this act and the protection of the safety of the pupils, the teachers and the public, and the school district, county, city, city and county or other political subdivision within the jurisdiction of which any school building is constructed, reconstructed, altered or added to, must provide for and require competent, adequate and continuous inspection during construction by an inspector satisfactory to the architect and/or structural engineer and the Division of Architecture, and under the direction of and responsible to the architect and/or structural engineer, for any and all such buildings and for any and all such work of construction, reconstruction, alteration or additions

Inspection Existing buildings

SEC. 8. Upon request of the board of trustees of any school district or at least ten per cent of the parents having pupils enrolled in said school district as certified to by the county superintendent of schools, the Division of Architecture shall make an examination and report on the structural condition of any public school building, subject to the payment of the actual expenses incurred by said Division of Architecture, provided that payment of such expenses may be waived by the Division of Architecture on recommendation of the State Superintendent of Public Instruction when it appears to the latter that the financial condition of the school district in which such public school building is located is not such as to permit of the payment of such expenses.

Urgency

SEC. 9. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution and shall therefore go into immediate effect.

The facts constituting the necessity are as follows: The series of earthquakes occurring in the southern portion of the State has caused great loss of life and damage to property.

The public school buildings, constructed at public expense, were among the most seriously damaged buildings. Much of this loss and damage could have been avoided if the buildings and other structures had been properly constructed. The school buildings which will be erected, constructed and reconstructed to replace the buildings damaged or destroyed by the earthquakes should be so constructed as to resist, in so far as is possible, future earthquakes. These buildings will be erected, constructed and reconstructed at once and accordingly it is necessary that this act go into immediate effect in order that the lives and property of the people will be protected.

CHAPTER 60.

An act to amend "The California Districts Securities Commission Act" approved June 19, 1931, by repealing section 11 thereof and adding a new section 11 thereto, providing that defaulting irrigation districts under certain circumstances shall be subject to said section and shall be under the control of The California Districts Securities Commission to the extent and for the time set forth; providing for the levy, and the manner of levy, of the annual assessment of such defaulting districts in an amount it will be reasonably possible for the lands to pay without exceeding a delinquency of fifteen per cent and for the allocation of the proceeds of said annual assessment, notwithstanding any other provisions of law governing said districts; providing that said section shall remain in operation only until November 1, 1935, unless sooner repealed; and declaring same an emergency measure enacted under the police power.

Stats 1931 p 2263, amended

[Approved by the Governor April 11, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

SECTION 1. Section 11 of "The California Districts Securities Commission Act" is hereby repealed and a new section 11 is hereby added thereto to read as follows:

Repeal New section.

Sec. 11. Whenever any district has levied the annual assessment required by the California Irrigation District Act or any acts amendatory thereof or supplemental thereto and when the money derived from said assessment, together with any other revenue allocated to payment of bond interest and principal, is insufficient to meet the bond interest or principal when due and said district defaults on its bond principal or interest, or both to the extent of not less than twenty per cent (20%) of the amount due, said defaulting district shall be subject to this section and shall be under the control and direction of the commission to the extent herein

Defaulting irrigation districts

provided. Thereafter it shall continue subject to this section and to such control and direction during the effective period of this section unless and until the amount raised by its annual assessment as hereinafter provided, together with other revenue derived from any source and allocated to bond service or other outstanding obligations, shall sooner be sufficient to meet and pay off all matured and uncanceled or unrefunded obligations of such district, bonded or otherwise, in which event it shall cease to be subject to this section and such control and direction shall terminate so long as said district does not again default as aforesaid. Upon receipt of written notice from any such district or any creditor thereof, the California Districts Securities Commission shall make such an investigation of the affairs of the district at the expense of the district as it may deem proper and for which funds are available in order to inform itself as to the financial affairs of the district and its lands, and to enable it to carry out the provisions of this section intelligently.

Amount of assessments

The board of directors of any such defaulting district, in levying the annual assessment of the district, may, notwithstanding section 39 of the California Irrigation District Act or any other provision of law governing such district, levy only for such total amount as in their judgment by a finding of fact, approved by the Districts Securities Commission it will be reasonably possible for the lands in said district, taken as a whole to pay without exceeding a delinquency of fifteen per cent. In determining the amount it is possible for the lands to pay, at the time of each annual assessment, the board of directors shall consider the productivity of lands in the district, crops growing and to be grown during the year, market conditions as well as they can be forecast, the cost of producing and marketing crops, and obligations of the land respecting taxes and public liens. Out of the money derived from such annual assessment the board of directors of the district may set aside such sum as, in the judgment of said board, and approved by the commission, may be necessary, in addition to other revenue allocable to that purpose, for the operation and maintenance of said district and its works for the ensuing year. The balance of said money derived from such annual assessment shall be prorated to bond interest, bond principal and to other outstanding obligations of the district in the proportion that the total amount due on each of said items shall bear to the said balance.

Expiration of act

This section shall remain in effect only until the first day of November, 1935, unless sooner repealed. The Legislature expressly declares that this section is intended to be applicable to all bonds, obligations and assessments of districts which have defaulted to the extent hereinbefore set forth, and the Legislature expressly declares that it applies to all bonds now or hereafter issued and outstanding, including bonds issued before this law was enacted. Nothing in this section contained, how-

ever, shall be deemed to extinguish or cancel any obligation due from any district, and whenever the annual assessment, levied as hereinbefore provided, leaves matured bond principal or interest, or other matured obligations, unpaid, said unpaid balance shall continue as a district obligation until paid or refunded in accordance with law. Obligations not canceled

SEC. 2. The Legislature hereby declares that a public emergency and social problem of grave character now exists which requires the foregoing enactment of section 11 under the exercise of the police power of the State and in order to conserve the public welfare. Emergency police power measure.

The following is a statement of facts constituting the emergency:

Due to the existing agricultural depression, many districts in the State have been unable to raise sufficient revenue to meet the annual obligations of their bonded indebtedness notwithstanding that they have levied the annual assessment in all respects as provided by section 39 of the California Irrigation District Act and notwithstanding that they have included an estimated delinquency of fifteen per cent as required by section 60 of said act. The situation is rapidly getting worse, both as to amounts of money in default and number of districts involved. Assessments and their delinquencies have proved uncollectible and the lands remain, subject to such delinquencies, unredeemed. Under present conditions, land deeded to districts after the period of redemption has expired, is in most instances unmarketable, nor can it be made to produce any substantial revenue. As a result of the foregoing, the burden of each succeeding annual assessment is falling upon a progressively lessening body of lands which in turn is forced to default in greater and greater quantities with the result that unless such process of pyramiding delinquencies is checked at once all lands in defaulting districts will soon be deeded to said districts for nonpayment of assessments and it will be impossible for said districts to resell the same. No appreciable sum can, under such conditions, be collected to meet district bonds or other obligations and the fiscal machinery devised for their payment will break down. There will necessarily follow an utter collapse of such districts and their obligations representing a substantial part of the wealth and productivity of the State. The property within such district will be left unoccupied and unproductive and there will be a complete destruction of values in the cities and other territory within, or tributary to, such districts and in the bonds of the districts themselves.

The Legislature hereby declares that the welfare of the State, the solvency of its banking institutions and the interests of the property owners and bondholders alike, require that the foregoing process of wholesale forced liquidation be stopped immediately, and for such temporary period as will permit ordinary economic processes to rehabilitate themselves and enable districts and bondholders to work out refinancing plans now under

consideration before all values within the districts have been destroyed.

SECTION 1. Section 12 of the Direct Primary Law is hereby amended to read as follows: Stats 1931, p. 2272

Sec. 12. 1. All voting at primary elections within the meaning of this act shall be by ballot. A separate official ballot for each political party shall be printed and provided for use at each voting precinct; but all such party ballots must be alike in the designation of candidates for judicial, school, county, and township offices. The ballots must have a different tint or color for each of the political parties participating in the primary election. There shall also be printed and provided a nonpartisan ballot of a different tint and color from all the others (or white, if all the others are colored), which shall contain only, but in like manner, all the candidates for judicial, school, county, and township offices to be voted for at the primary election; and one of the nonpartisan ballots shall, at the primary election, be furnished to each registered qualified elector who is not registered as intending to affiliate with any one of the political parties participating in said primary election; but to any elector registered as intending to affiliate with any political party participating in the primary there shall be furnished, not a nonpartisan ballot, but a ballot of the political party with which said elector is registered as intending to affiliate. It shall be the duty of the county clerk of each county or of the registrar of voters in any city and county to provide such printed official ballots to be used at any August primary election for the nomination of candidates to be voted for in such county or city and county at the ensuing November election and at any May presidential primary election. It shall be the duty of the city clerk or secretary of the legislative body of any municipality to provide such printed official ballots for any primary election other than the August primary election or the May presidential primary election. Such official ballots to be used at any primary election shall be printed on official paper, furnished by the Secretary of State, in the manner provided by section 1196 of the Political Code,

and in the form hereinafter provided. The names of all candidates for the respective offices for whom the prescribed nomination papers have been duly filed shall be printed thereon.

Designations.

Immediately under the name of each candidate and not separated therefrom by any line may appear, at the option of the candidate, one of the following designations:

a. Words designating the city, county, district or State office which the candidate then holds.

b. If the candidate be a candidate for the same office which he then holds, the word "incumbent."

c. The word designating the profession, vocation or occupation of the candidate. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of such candidate; provided, however, the word "incumbent" shall be used only under subsection (b) herein. Such designation shall remain the same for all purposes of both primary and general election, unless canceled by the candidate.

In all cases words so used shall be printed in eight point roman boldface capitals and lower case type.

Dimensions.

2. Official primary election ballots used at any primary election for the nomination of candidates to be voted for at any presidential or general State election, except as provided in subdivision five of this section, shall be as long as the herein prescribed captions, headings, party designations, directions to voters and lists of names of candidates, properly subdivided according to the several offices to be nominated for, may require; and no official primary election ballots shall be less than six and one-half inches wide.

Printing.

3. Across the top of the ballot shall be printed in heavy-faced gothic capital type, not smaller than forty-eight point, the words: "Official primary election ballot"; providing, that on a nonpartisan ballot said words may be printed in gothic capital type not smaller than twenty-four point. Beneath this heading shall be printed in heavy-faced gothic capital type, not smaller than twenty-four point, the party designation if it be a party ballot; or, in the case of a ballot containing the names of no candidates except candidates for a judicial, school, county, or township office, the words "Nonpartisan ballot." Beneath the party designation or the words "Nonpartisan ballot," as the case may be, insert the respective number of the congressional, senatorial, or assembly district in which the ballot is to be voted, in black-faced type, as large as the width of the ballot shall make possible. In the case of official primary election ballots to be used at any primary election held for the nomination of candidates other than those to be voted for at a presidential or a general State election, and on which, in accordance with the provisions of this act, the names of candidates may be printed in a single column or in two parallel columns, as the case may be, the words "Official primary election ballot" shall be printed thereon in heavy-faced gothic capital type, not smaller than twenty-four point. The party or nonpartisan designation shall be printed in

heavy-faced gothic capital type, not smaller than eighteen point. The instructions to voters shall be printed in ten point gothic type.

Instructions to voters

4. At least three-eighths of an inch below the district designation shall be printed in ten point gothic type, double leaded, the following instructions to voters: "To vote for a person whose name appears on the ballot, stamp a cross (+) in the square at the right of the name of the person for whom you desire to vote. To vote for a person whose name is not printed on the ballot, write his name in the blank space provided for that purpose."

Candidates' names.

5. The instructions to voters shall be separated from the lists of candidates and the designation of the several officers to be nominated for by one light and one heavy line of rule. The names of the candidates and the respective offices shall, except as may be hereinafter otherwise provided, be printed on the ballot in four or more parallel columns, each two and one-half inches wide. The number of such parallel columns shall be exactly divisible by two, and such parallel columns shall be equally divided on the ballot for party and nonpartisan tickets by a solid black line, extending down from the printed lines separating the instructions to voters from the list of names of candidates to the bottom margin of the ballot. In the case of a primary election for the nomination of candidates to be voted for at a presidential or general State election, the order of precedence shall be as follows, that is to say: In the column to the left, under the heading State shall be printed the groups of names of candidates for State offices, except judicial and school offices, and for members of the State Board of Equalization. In the second column, under the heading Congressional shall be printed the groups of names for United States Senator in Congress, if any, and for Representative in Congress. Next, under the heading Legislative shall be printed the groups of names for State Senator, if any, for member of Assembly, and for election as delegate to the State convention from a "hold-over senatorial district," if any. Finally under the heading County Committee shall be printed the names of the candidates for election to membership in the county central committee of the party. In the case of primary elections where State officers are not to be nominated, at the left of the solid black dividing line there may be only one column. In the parallel columns to the right of the solid black dividing line shall be printed the groups of names of candidates for nomination to judicial, school, county, and township offices in the following order: Under the heading Judicial shall be printed all the names of candidates for judicial offices, in the order of Chief Justice Supreme Court, associate justices Supreme Court, judge of District Court of Appeal, judge of superior court and justice of the peace. The nonpartisan ballot provided for in subdivision one of this section shall be identical as to offices and names of candidates with that portion of the party ballot which is printed to the right of the solid black dividing line hereinabove described. The tally sheets furnished to election officers shall have the names of offices and candidates arranged in the order in which said names of offices and candidates are printed on the ballots according to the provisions of this section and subdivision. In the case of primary elections for the nomination of candidates for city, city and county or municipal offices only, the groups of names of candidates may be printed in two parallel columns and the order of precedence shall be determined by the legislative body of such city or municipality or by the board of election commissioners of any such city and county.

If the office is that of Representative in Congress, or is an office the candidates for nomination to which are to be voted on in more than one county or city and county, but not throughout the entire State, except the office of State Senator or Assemblyman, the Secretary of State shall arrange the names of all candidates for such office in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be voted on; and thereafter for such succeeding assembly district in which such candidates are to be voted on, the name appearing first for such office in the last preceding district shall be placed last, the order of the other names remaining unchanged. In transmitting to each

Except for the office of State Senator or Assemblyman, the order in which the names filed with the Secretary of State shall appear upon the ballot, shall be for each assembly district the order as determined by the Secretary of State in accordance with the above provisions, and as certified and transmitted by him to each county clerk or registrar of voters.

(b) If the office is an office to be voted on throughout, but wholly within, one county or city and county, except the office of Representative in Congress or State Senator or Assemblyman, the county clerk of such county or the registrar of voters of such city and county, shall arrange the names of all candidates for such office in alphabetical order for the first supervisorial district; and thereafter for each supervisorial district, the name appearing first for each such office in the last preceding supervisorial district shall be placed last, the order of the other names remaining unchanged; provided, there are no more than five assembly districts in such county, or city and county. If there are more than five assembly districts in such county, or city and county, the county clerk or registrar of voters shall so arrange on the ballot the order of names of all candidates for such office that they shall appear in alphabetical order for that assembly district in such county, or city and county, which is lowest in numerical order, and thereafter for each succeeding assembly district in such county, or city and county, the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

Office of State Senator etc

(c) If the office is that of State Senator or Assemblyman, or delegate to the State convention from a "hold-over senatorial district," or member of a county central committee, or any office except the office of Representative in Congress to be voted on wholly within any county or city and county but not throughout such county or city and county, the names of all candidates for such office shall be placed upon the ballot in alphabetical order.

Municipal offices.

(d) If the office is a municipal office in any city or town whose charter does not provide for the order in which names shall appear on the ballot, the names of candidates for such office shall be placed upon the ballot in alphabetical order.

Order of publishing names

8. In publishing the names and addresses of all candidates for whom nomination papers have been filed, as required in section 10 of this act, the county clerk or registrar of voters shall publish the names in the order in which they will appear upon the ballot; provided, that in counties or cities and coun-

ties containing more than one assembly district the order of names of candidates shall be that of the assembly district in such county or city and county which is lowest in numerical order.

Designation of office and direction for voting.

9. Each group of candidates to be voted on shall be preceded by the designation of the office for which the candidates seek nomination, and the words "vote for one" or "vote for two" or more according to the number to be elected to such office at the ensuing election. Such designation of the office to be nominated for and of the number of candidates to be nominated shall be printed in heavy-faced gothic type, not smaller than ten point. The word or words designating the office shall be printed flush with the left-hand margin and the words "vote for one" or "vote for two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the direction for voting shall be separated from the names of the candidates by a light line.

Printing names of candidates: Style

10. The names of the candidates shall be printed on the ballot without indentation, in roman capital type not smaller than eight point, between light lines or rules three-eighths of an inch apart. Under each group of names of candidates shall be printed as many blank spaces, defined by light lines or rules, three-eighths of an inch apart, as there are to be candidates nominated for such office. To the right of the names of the candidates shall be printed a light line or rule so as to form a voting square three-eighths of an inch square. Each group of names of candidates shall be separated from the succeeding group by one light and one heavy line or rule. Each series of groups shall be headed by the word "State," "congressional," "legislative," "county and township" or "municipal" or other proper general classification, as the case may be, printed in heavy-faced gothic capital type, not smaller than twelve point. The ballots shall be printed on the same leaf with a stub not over one and one-half inches in width, and separated therefrom by a perforated line from top to bottom, one-half inch to the left of the broad printed line along the left border of the ballot. Upon this stub shall be printed the number of the ballot only. On each ballot a perforated line shall extend across the top of the ballot one inch from the top thereof. The same number as appears on the stub shall be printed above such perforated line within two inches of the perforated line on the left side of the ballot, and above this number shall be printed in parentheses in small type as follows: "(This number to be torn off by inspector)"; and one-half inch to the right of this ballot number there shall be a short perforated line extending from

An act to amend section 5 of an act entitled "An act authorizing the incurring of indebtedness by cities, towns, and municipal corporations for municipal improvements, and regulating the acquisition, construction, or completion thereof" which became a law under constitutional provision without the Governor's approval (February 25, 1901), relating to the issuance of municipal improvement bonds; and declaring the urgency of this act and that this act shall take effect immediately.

[Approved by Governor April 11, 1933 In effect immediately.]

The people of the State of California do enact as follows:

Stats 1929, p 696

SECTION 1. Section 5 of the act cited in the title hereof is hereby amended to read as follows:

Issue of bonds

Sec. 5. Subject to the provisions of this act, the legislative body of the municipality shall prescribe the form of the bonds to be issued hereunder, and of the interest coupons appertaining thereto. An issue of bonds is hereby defined to be the aggregate principal amount of all of the bonds authorized to be issued in accordance with a proposal submitted to and approved by the electors of the municipality in conformity with the provisions of this act, but no indebtedness shall be deemed to have been contracted within the meaning of this act until bonds shall have been sold and delivered and then only to the extent of the principal amount of bonds so sold and

delivered. The legislative body of the municipality issuing the bonds shall fix the date of the bonds and may, in its discretion, divide the aggregate principal amount of any authorized issue into two or more divisions or series and fix different dates for the bonds of each separate division or series. In the event any authorized issue is divided into two or more divisions or series, the bonds of each division or series may be made payable at such time or times as may be fixed by the legislative body of the municipality separate and distinct from the time or times of payment of bonds of any other division or series of the same issue; provided that the maturity or maturities of each separate division or series shall in each separate case comply with the provisions of this act. Each issue of bonds, or in the event such issue is divided into two or more divisions or series, then each such division or series as the case may be issued under the provisions of this act shall be payable substantially in the following manner: a part to be determined by the legislative body of the municipality, which shall be not less than one-fortieth part of the whole amount of such indebtedness evidenced by each issue or each series or division of such issue, as the case may be, shall be paid each and every year on a day and date, and at a place or places to be fixed by the legislative body of the municipality issuing the bonds and designated in such bonds, together with the interest on all sums unpaid at such date; provided, however, that, in case of bonds issued for the acquisition, construction or completion of waterworks or light or power works or plants, or any other authorized revenue-producing public works, plant, utility or property, the legislative body of the municipality may, in its discretion, determine and fix a date for the earliest maturity of the principal of such issue, or of each separate division or series thereof, not more than ten years from the date of such issue, or separately in the case of each separate series or division of such issue not more than ten years from the date of each such division or series, respectively, but, in this event, the whole amount of such indebtedness evidenced by such issue, or if such issue has been divided into two or more divisions or series, then the separate amount of the indebtedness evidenced by each of such divisions or series must be made payable in equal annual parts in not to exceed forty years from the time of contracting the indebtedness evidenced by such issue or from the time of contracting the indebtedness evidenced by each separate series or division of such issue if such issue has been divided into two or more divisions or series. The bonds shall be issued in such denominations as the legislative body of the municipality may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars, and shall be payable on the day and at the place or places fixed in such bonds, and with interest at the rate specified in the bonds, which rate shall not be in excess of six per cent per annum,

and shall be payable semiannually, and said bonds shall be signed by the executive of the municipality, or by such other officer thereof as the council, board of trustees, or other legislative body of the municipality shall, by resolution adopted by a two-thirds vote of all its members, authorize and designate for that purpose; and also signed by the treasurer thereof, and shall be countersigned by the clerk, or one or more of his deputies. The coupons of said bonds shall be numbered consecutively and signed by the treasurer. All such signatures and countersignatures excepting that of the clerk, or his deputies, may be printed, lithographed, or engraved. In case any of such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until the delivery of the bonds.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The facts constituting such urgency are as follows: Certain municipalities in this State have heretofore authorized the issuance of bonds for the purpose of providing pure water for the use of such cities and their inhabitants. The proceeds of the sale of such bonds will be devoted to necessary construction which will afford immediate relief to many persons in this State now unemployed and who are without funds to support themselves and are likely to become a charge upon this State and the public authorities thereof. The issuance and sale of all of such bonds at this time would render an increased burden upon the taxpayers but said bonds may be issued in series or divisions from time to time as funds are needed, and if this act is made effective immediately, such bonds can and will be so issued in such series as to make possible such construction, provide employment and furnish pure water to municipalities.

At such hearing the applicant shall be entitled to introduce evidence to show that construction of such fishway is not necessary or is not practicable, taking into consideration the height of the dam and the amount of water available. If, after such hearing, the commission finds that the construction of such fishway is necessary and practicable it shall, within five days after such hearing, notify the applicant to that effect. Such fishway must be completed by the owners of the dam to the satisfaction of the commission within the time specified.

During the minimum flow of water in any river or stream, permission may be granted by the commission to the owner of any dam to allow sufficient water to pass through a culvert, waste gate, or over or around the dam, to keep in good condition any fish that may be planted or exist below the dam when, in the judgment of the commission, it is impracticable or detrimental to the owner to pass the water through the fishway.

If the existence of a nuisance is established in an action, as provided herein, an order of abatement shall be entered as part of the judgment in the case, which order shall direct the closing, for twelve months, of the building or place where such nuisance was maintained, and, during such time, said building or place shall be and remain in the custody of the court.

Article 6. State Fish Exchange.

1120. As used in this article:

(a) "Director" means Director of the Department of Agriculture.

(b) "Retail Dealer," "peddler," or "huckster," means a person engaged in selling fresh food fish directly to the consumer.

(c) "Wholesale dealer" means a person engaged in selling fresh food fish to a person other than the consumer.

(d) "Fish buyer" or "fish broker" means a person engaged in buying or selling fresh food fish for an owner or consignee, or who, without an established place of business, buys fish from market fishermen for the purpose of reselling to a person other than the consumer.

(e) "Market fisherman" means a person engaged in catching fish which are sold or intended to be sold.

1121. All fish found in the possession of a person within this State are presumed to have been taken under the jurisdiction of the State.

1122. To carry out the provisions of this article, the "State Fish Exchange," as a division of the State Department of Agriculture, is continued in existence. The executive officer thereof shall execute an official bond in the sum of ten thousand dollars. The employees of the State Fish Exchange have all the powers and authority of peace officers for the purpose of enforcing this article.

1123. The State Fish Exchange shall have a seal bearing the inscription "State Fish Exchange, State of California, seal," which seal shall be affixed to all instruments, including licenses, issued under the provisions of this article.

1124. Nothing in this article except the provisions of section 1125:

(a) Applies to fish bought or sold for canning, curing or packing.

(b) Requires the payment of license fees by canners, curers, or packers of fish.

(c) Applies to fish caught by other than market fishermen.

(d) Applies to fish sold directly by fishermen to private consumers.

(e) Applies to fish caught in waters privately owned within the State.

(f) Applies to crustaceans or mollusks.

1125. It is unlawful for any one to destroy, or cause or permit to be destroyed, any food fish in excess of fifty pounds within twenty-four hours, or to divert, or cause or permit to be diverted, any food fish to any use other than human consumption, without the written consent of the director. Consent to such destruction or diversion shall be given only when such destruction or diversion is not for the purpose of influencing prices, and reasonable efforts have been made to induce consumption of such fish by the public. Nothing in this section applies to the use of food fish by fishermen as bait in the customary manner, or to food fish in the possession of canners, curers or packers, which are not suitable for their use, and which in consequence are destroyed or diverted to use other than human consumption.

1126. Every person, other than market fishermen, engaged in buying and selling fish for consumption in its fresh condition, shall pay to the State an annual license fee, as follows:

(a) Retail dealers, dealing exclusively in fish, crustaceans and mollusks, ten dollars.

(b) Retail dealers, handling fish other than mollusks and crustaceans, in connection with a retail business owned by them, and all peddlers and hucksters, five dollars.

(c) Fish brokers and fish buyers, fifty dollars.

(d) Fishermen's organizations selling the catch of their members, or agents selling the catch of such fishermen's organizations, fifty dollars.

(e) Salesmen or agents representing wholesale fish dealers located outside the State, fifty dollars.

(f) Wholesale fish dealers, on the basis of their annual gross receipts from the sale of fresh food fish, including their sales at branch houses, as follows:

1. When such receipts are:

(i) Not in excess of fifty thousand dollars, fifty dollars.

(ii) In excess of fifty thousand dollars and not in excess of one hundred thousand dollars, seventy-five dollars.

(iii) In excess of one hundred thousand dollars and not in excess of two hundred thousand dollars, one hundred dollars.

(iv) In excess of two hundred thousand dollars and not in excess of four hundred thousand dollars, one hundred fifty dollars.

(v) In excess of four hundred thousand dollars and not in excess of six hundred thousand dollars, two hundred dollars.

(vi) In excess of six hundred thousand dollars, two hundred fifty dollars.

2. For each branch house of wholesale dealers who operate more than one wholesale establishment, five dollars.

1127. All licenses provided for in this article must be paid for in advance, and shall cover an annual period terminating June 30 following the date of issue. A proportionate charge shall be made, according to the number of months covered, for licenses issued for a portion of the annual period; but the fee shall not be less than one-half of the annual fee, except for licenses issued to wholesale dealers. A separate license is required for each place of business, except that the sale of fish from a vehicle by the holder of an exclusive retail fish dealer's license does not require a peddler's license. A person doing both a wholesale and retail business shall take out both a wholesale and a retail license unless his total receipts amount to less than ten thousand dollars per annum. Any person doing a wholesale and retail business and having total receipts of less than ten thousand dollars per annum shall be considered a retail dealer dealing exclusively in fish, crustaceans and mollusks.

1128. Fees payable by wholesale dealers shall be based on the applicant's sworn statement as to his gross receipts from the sale of food fish sold for human consumption in its fresh condition, using the preceding year as a basis. If the applicant did no wholesale business during said preceding year, a license shall be issued upon payment of a fee of fifty dollars and the execution of a bond by the applicant to the director, guaranteeing the payment of such additional amount as will make the total payable on his actual business during such period equal to the license fee. If the amount of actual sales of any wholesale dealer for any annual period for which he has paid license fees in advance is greater than the amount on which such license fee was based, he shall, at the end of such period, pay to the State such additional amount as would be due on the basis of actual sales. If the amount of actual sales for any annual period is less than the amount on which the license fee was based, the wholesale dealer shall, at the end thereof, be credited with the difference between the license fee paid in advance and the fee that would have been due on the basis of actual sales. Such credit shall be made only on further license fees that may be payable by such wholesale dealer.

1129. All licenses provided for in this article shall be issued by the State Fish Exchange upon a written application accompanied by the proper fee, together with satisfactory assurance that the State and local rules and regulations as to equipment and sanitary conditions have been complied with.

1130. Any license may be assigned by the holder thereof, and transferred upon payment of a transfer fee of five dollars to the State Fish Exchange. When a license is assigned, it shall be returned to the State Fish Exchange for transfer, and a new license shall be issued in lieu thereof for the unexpired term. The assignment is invalid until such transfer is made.

1131. When a license issued under the provisions of this article is lost or accidentally destroyed, a duplicate license shall be issued by the State Fish Exchange upon payment of a fee of five dollars. Every license shall be conspicuously displayed in the place of business for which it is issued, or upon request must be shown by any licensee having no established place of business.

1132. Five per cent of the money collected under the provisions of this article must be paid into the general fund, and the remainder into the Department of Agriculture fund. All money so paid into the Department of Agriculture fund shall be used only for the purpose of carrying out the provisions of this article, including the payment of premiums on official bonds herein provided for.

1133. Any surplus over and above the expenditures of the State Fish Exchange shall be expended by said exchange, under the direction of the director, in educational and publicity campaigns for the purpose of increasing the consumption of fresh food fish, and of enabling the public to obtain fish at reasonable prices.

1134. The director has power:

(a) To regulate and control the business of buying and selling and otherwise disposing of all fresh food fish caught in the waters of this State.

(b) To open and conduct where, when, and for such length of time as he deems it advisable, State markets for the buying and selling of fresh food fish, and to rent, lease or purchase plants and equipment necessary for the same, and to use so much of the funds placed at the disposal of the State Market Director by the State Market Commission Act as may be required in establishing and conducting said markets.

(c) To do and perform any and all things, whether herein specifically designated or in addition thereto, which are necessary or convenient in the exercise of any power, authority or jurisdiction conferred under this article.

(d) To establish maximum prices for fresh food fish in any particular locality:

(1) To be paid to those engaged in catching such fish for sale.

(2) To be paid to those engaged in the wholesale fish business.

(3) To be charged to the consumer by retail fish dealers, peddlers or hucksters.

Said prices shall be such as will allow, in the judgment of the director, a reasonable compensation or profit to those engaged in the catching or selling of such fish.

1135 To charge more for fresh food fish in a particular locality than the maximum prices established therefor under the provisions of this article is, after receipt of notice of such maximum prices, sufficient ground for the suspension or revocation by the Director of Agriculture, in his discretion, of any license issued under this article

1136. If a supply of fresh food fish reaches any market, which supply in the judgment of the director is excessive or abnormal.

(a) The director shall make every endeavor to induce its consumption by the public.

(b) Market fishermen and wholesale fish dealers who find themselves possessed of an excessive supply shall notify the director. Failure to give such notice shall, in the discretion of the director, be sufficient grounds for the suspension of any license issued under the provisions of this article, for a period not exceeding 30 days.

(c) The director may use the moneys collected under the provisions of this article in purchasing any part or all of an excess of fresh food fish over the amount that can be sold through ordinary channels, and place the same in cold storage, and resell the same at such time and at such price as he deems proper.

1137. The director may require from any person engaged in marketing fish a written statement of the amount and species of fish caught, on hand, and sold by said person. Failure to furnish such statement on demand shall, in the discretion of the director, be sufficient grounds for the suspension of any license issued under the provisions of this article, for a period not exceeding thirty days.

1138. The director shall establish and enforce rules and regulations necessary for the proper carrying out of the provisions of this article, and shall print and distribute the same, without charge, to all persons applying therefor. Violation of any such rule or regulation is sufficient ground for the suspension, by the director, for not exceeding thirty days, of any license issued under this article.

1139. The director, in his discretion, upon proof of any violation of this code, as evidenced by a conviction in a court of competent jurisdiction, may revoke or suspend any license issued under this article. No license may be suspended or revoked before the licensee has been notified and given an opportunity for a hearing.

1140. All prosecutions or suits brought under this article must be commenced within six months from the time the offense was committed or liability incurred.

Closing of areas to hunting

1156. The Director of the Department may, with the consent of the Governor, upon recommendation of the commission, close to hunting any area newly stocked by the commission with game birds or mammals, or any area where, in the judgment of the director, added protection for game birds or mammals is needed, for such time as the director may designate, or until such time as new legislation thereon enacted by the Legislature may become effective.

Concurrently with such filing, a verified copy of such report, together with a copy of all appraisements filed therewith, shall be sent by said company to the Superintendent of Banks.

None of the provisions of this act shall apply to or in, nor to taxes or payment of taxes of any consolidated city and county operating under a freeholder charter adopted under the provisions of section 8 of Article XI of the State Constitution, which charter prohibits the drawing of any warrant against any fund of the city and county in which there is an insufficient unencumbered balance for the payment thereof. Provided, the legislative body of any such consolidated city and county shall by resolution provide for the payment of the tax mentioned herein in installments, the first of which said installments shall not exceed fifty per cent of the said tax, and the last of which said installments shall be payable not later than June 20, 1933, and the penalties now provided by law for the nonpayment of a second installment of taxes shall attach to each such installment for the nonpayment thereof. This congested condition endangers the public peace and safety as it is conducive to prison breaks and to the spread of disease. The removal of the female prisoners to the California Institution for Women as provided by this act, would relieve this condition and would make available additional space to give proper care and hospitalization to the prisoners remaining at San Quentin.

The lien created by the

provisions of this act shall be paramount to all private liens or encumbrances whatever.

The Controller must also immediately transmit notice of such delinquency to the Attorney General who shall at once proceed to collect all sums due to the State from any such manufacturer hereunder by bringing suit against the necessary parties to effect forfeiture of the bond or bonds of the manufacturer, reducing any deficiency to judgment against the manufacturer.

Said permit shall not authorize "off sale" privileges or transactions nor shall it authorize "on sale" privileges at any fixed place of business such as a hotel, restaurant, eating house or station. The issuance of said permit shall preclude and supersede the levy, requirement or assessment of any license or permit by any county, city and county, or municipal corporation for all or any of the privileges conferred by the "on sale" permit authorized by this section.

Additional security.

SEC. 5. If in any case or at any time the security deposited with such treasurer is not deemed satisfactory by such treasurer, he may require such additional security as may be satisfactory to him. Such security, or any part thereof, may be withdrawn or released on the written consent of such treasurer, and the attorney of the county, city and county, city, town, municipality or other public or municipal corporation; provided, that a sufficient amount of said notes or bonds or, when permissible, surety bonds of sufficient penalties, to secure said deposits shall always be kept in the treasury, and in the event that any said bank or banks of deposit shall fail to pay such deposits, or any part thereof, on the demand of the treasurer then it shall be the duty of such treasurer to forthwith recover upon or convert said notes or bonds into money and to disburse the same according to law. [Approved by the Governor April 28, 1933. In effect August 21, 1933.]

The people of the State of California do enact as follows:

Stats 1929, p. 707.

SECTION 1. Section 14 of the "Reclamation Board Act" approved December 24, 1911, as amended, is hereby amended to read as follows:

Assessment lien on land.

Sec. 14. After the Reclamation Board has held the hearings in each county pursuant to section 13 of this act and the

assessment lists have been made to conform with its decision, said lists shall be certified by the secretary of the board to be correct, and shall thereupon be filed in the offices of the county treasurers, respectively, of the several counties in which are situated any of the lands assessed thereby. Each such county treasurer shall endorse thereon the date and time to the hour and minute when the same was so filed in his office; and thereafter from that time such assessment shall constitute a lien upon the lands so assessed in such county, and shall impart notice to all subsequent purchasers or incumbrancers or any person acquiring any interest in or lien upon said lands. The assessment shall then be paid to the respective county treasurers in one or more installments of such amounts, and at such times, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct.

When payable.

At any time within thirty days after said assessment list has been so filed in the office of the county treasurer as provided above, the whole amount of such assessment upon any tract of land therein separately assessed may be paid in cash to the county treasurer and thereupon the county treasurer shall issue his receipt therefor and shall endorse the fact and date of such payment upon the assessment list, and thereupon the lien of such assessment upon such tract of land shall cease. No interest shall be charged on any assessment paid in full within this thirty-day period. All assessments not paid in full within said period of thirty days shall bear interest at the rate of seven per cent per annum from and after the time when the assessment list is filed in the office of the county treasurer for collection. The remaining portion not yet ordered paid by said board of the assessment upon any tract of land may be voluntarily paid in full, with the accrued interest thereon, at any time after the lien of such assessment has accrued.

Delinquent installments.

If any installment shall remain unpaid at the expiration of thirty days from the date of the board order calling said installment, then said installment shall become delinquent, together with accrued interest thereon to date of delinquency. When any such installment shall become delinquent, a penalty of ten per cent of the amount of such installment plus interest, shall be added thereto and collected for the use of the district; provided, that if any action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled in said action, may, in the discretion of the board, become delinquent thirty days after any judgment rendered therein shall become final. From date of delinquency until time of delinquent sale, such unpaid installment, together with added interest and penalty, shall bear interest at the rate of seven per cent per annum.

Notice of delinquency and sale.

After the said installment has become delinquent, the board, when it shall deem it advisable, shall publish in each county

where such delinquencies exist, at least two times, to wit: once a week for two weeks successively in some newspaper of general circulation published in the said county, a list in one notice of all said delinquencies in such county which notice shall contain a description of the property assessed as described in the assessment list by reference number as set forth in said assessment list or by other descriptions sufficient to identify the same, the name of the owner to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, interest and penalty as above provided, and a further notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said county at a specified day and hour, to pay said installment with accrued interest and the penalty, together with its proportion of the total cost of publication of said notice of sale.

Sale.

At the time and place stated in said notice, or such other time to which said sale may have been postponed, the county treasurer shall sell each parcel of land described in said notice to the highest bidder for gold coin of the United States unless prior thereto he shall have received payment in full of said delinquent installment, interest, penalty and cost of publication. If not completed on the first day the sale may be continued from day to day and over Sundays and legal holidays until completed. No license shall be required of the county treasurer for conducting such sale. No bid for any parcel shall be accepted which is less than the aggregate sum then due for said installment thereon, together with accrued interest, penalty and cost of publication. If no bid is made for any parcel at such delinquent sale which is equal to the total amount then due thereon, the county treasurer shall bid in and sell said parcel to the said Sacramento and San Joaquin Drainage District for the amount of said delinquent installment or installments, together with accrued interest, penalty and cost of publication.

Certificate of sale.

The county treasurer shall execute to each purchaser at such delinquent sale including said drainage district, a certificate of such sale which certificate of sale shall be recorded by said purchaser in the county recorder's office of said county. Out of the proceeds of said sales the county treasurer shall transmit to the State Treasurer the total amount then due on the property so sold as shown in said notice, and shall pay to the owner of said property any surplus remaining after such payment to the State Treasurer. The county treasurer shall, when directed by the reclamation board, postpone the said delinquent sale from time to time for not less than ten nor more than thirty days by a written notice posted at or near the place of sale, which written notice shall be substantially as follows: The sale of property for delinquent assessment under (name and number of assessment) of the Sacramento and San Joaquin Drainage District, which was fixed for (time and place of sale) has been postponed to (time to which postponed) at the same place.

Redemption. Any person interested in any tract of land sold at such delinquent sale may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purchaser a sum equal to the purchase price stated in the certificate of sale with interest thereon at the rate of twelve per cent per annum from the date of sale to the date of such redemption, together with the amount remaining due and unpaid of any installment upon any assessment on said land under the Reclamation Board Act, with the penalty prescribed above for such other delinquencies. If no redemption shall be made within one year the reclamation board upon demand and the surrender of such certificate of purchase and the delivery of a certificate of the county treasurer that no redemption has been made within such year from date of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances except State, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of said or any assessment made by said drainage district, which said balance must be called in and collected in the same manner as other assessments, except that no parcel sold and conveyed to the Sacramento and San Joaquin Drainage District shall thereafter, until redeemed or until sold and disposed of by the reclamation board, be subject to sale by the treasurer for subsequent installments of the said or any assessment as in this act provided.

Deed.

Sale of land bid in by district. Each deed by the reclamation board purporting to be executed under this act shall be prima facie evidence of the truth of the matters therein recited and of ownership by grantee of the lands therein described. All deeds herein required to be executed by the reclamation board may be executed by the president and secretary thereof on behalf of said board. Any parcel of land bid in and purchased by the Sacramento and San Joaquin Drainage District at such delinquent sale shall be held in trust for the assessment under which the same was sold and may be sold and conveyed by said reclamation board or their successors in office at any time after the expiration of said redemption period of one year at public or private sale and with or without notice, to any person paying not less than the amount for which said parcel was bid in by said county treasurer at such delinquent sale for said drainage district, with interest thereon at the rate of twelve per cent per annum compounded yearly from the date of such delinquent sale, and also the amount of all subsequent installments or other assessments then delinquent, with accrued interest and penalties thereon.

Payment for the land so purchased shall be made in gold coin of the United States, and the reclamation board shall execute a deed to such purchaser at such sale conveying said property, free of all encumbrances except State, county and

other municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of all assessments of said drainage district, which balance must be called in and collected in the same manner as other assessments. If any lands so held by said drainage district remain unsold then the reclamation board shall sell all such lands so held by said drainage district at public auction to the highest bidder for cash, upon two weeks published notice substantially in the manner provided for notice upon above delinquent sales, and shall execute to the purchaser a conveyance, which deed shall convey title to the land as above prescribed. The proceeds of such sale shall be deposited with the State Treasurer to the credit of the assessment under which the property became delinquent:

Expenses.

No county or public officer shall charge or receive any fee for any of the services required to be performed by him under the provisions of this act; but any reasonable and necessary expense actually incurred by any officer in carrying out any of the provisions of this act relating in any manner to the collection or enforcement of any assessment, shall be paid out of the funds of said drainage district applicable thereto.

Stats 1921, p. 1353.

SEC. 2. Section 36 of said act is hereby amended to read as follows:

Reapportionment of assessment.

Stats 1919, p 1092.

Sec. 36. Whenever any tract of land upon which an assessment shall have been made, including assessments which have been bonded under and pursuant to the provisions of chapter 520, Statutes of 1919, approved May 27, 1919, as amended, shall be subdivided into smaller parcels, the reclamation board shall at any time, after the list shall have been certified by the secretary of the board to be correct and deposited as provided in this act, have power to and shall reapportion the assessment or assessments upon such tract, including assessments or portions thereof which have become delinquent together with the delinquencies thereon including penalties and interest, in such manner as will charge each of said smaller parcels with a just proportion of assessment or assessments made upon said tract so subdivided and with a just proportion of said delinquencies.

Delinquencies

Assessments and delinquencies thereon on tracts of land which have become delinquent and which have been sold for delinquency pursuant to the provisions of section 14 of this act and/or of sections 45, 46, 47, 48, 49 and 50 of chapter 520, Statutes of 1919, approved May 27, 1919, as amended, and which have been subdivided, shall be reapportioned in the same manner and with the same effect as if such tract had not been so sold.

Application for reapportionment.

Whenever as application shall be made to the reclamation board for such reapportionment, the reclamation board shall reapportion the assessment upon such tract or tracts in such manner as in their judgment will charge each of said smaller tracts with a just proportion of the assessment made upon said tract so subdivided, and with a just proportion of said delinquencies, but before such reapportionment shall become final,

Notice of hearing.

the reclamation board shall appoint a time when it will meet for the purpose of hearing objections to such reapportionment, and notice of such hearing shall be given by publication for two weeks in some newspaper of general circulation published in the county in which such land or some portion thereof is situated. Such notice need not describe the lands with particularity, but it shall be sufficient to describe the tract or tracts of land subdivided as a tract or tracts assessed to the owner or owners giving his name or other names upon the assessment list. As many tracts may be embraced in one application as applicant is the owner of, or interested in.

Hearing

At the time appointed, or such other time to which the hearing may be postponed, or which may be appointed by the reclamation board, the board shall hear any objections that may be made to such reapportionment and shall approve, or modify, or alter such reapportionment in such manner as in their judgment will charge each of said smaller parcels with a just proportion of the assessment made upon the tract so subdivided and shall enter an order on its minutes accordingly.

Filing new assessment

When such reapportionment shall have been made by the reclamation board, it shall deposit, in the office of the county treasurer of the county in which such land is situated, a list or lists of the charges assessed against each of said parcels, and said lists, after such filing with the county treasurer of said county, shall have the same effect as an original assessment. The filing of such lists shall be conclusive evidence that the requisite notice has been given, and that all acts required to be done before the filing of such lists have been duly done and performed, and the decision of the reclamation board shall be final and conclusive.

The expenses of publication and such other expenses as the reclamation board may order shall be borne and paid by the applicant.

When act effective. SEC. 22. This act shall take effect upon the adoption by the people of the State of California of an amendment to the Constitution of the State of California approving, adopting, legalizing, ratifying, validating and making fully and completely effective this act.

Reimbursement of State from motor vehicle fuel fund SEC. 23. The officer or officers charged with the duty of ordering the making of payments and of making payments out of the motor vehicle fuel fund, or out of the fund into which the moneys now paid into the motor vehicle fuel fund are paid during the years hereinafter referred to, to the county treasuries as provided in the act creating the motor vehicle fuel fund and any other act providing that moneys be transferred or paid into that fund, shall in each year between the years 1938 to 1947, both inclusive, withhold from said pay-

SEC. 24. Inasmuch as the State is to be reimbursed for loans made hereunder out of the motor vehicle fuel fund, and the payments from said fund are normally made to the counties, no loan under this act shall be made to any city unless the board of supervisors of the county in which the city is located by ordinance consent to said loan, and this shall be the case so long as and to such extent as the city does not provide for reimbursement of the county in the amount so withheld for said loan.

SEC. 25. The payments withheld from the counties under the provisions of this act shall constitute, pro tanto, payments of the loans by the State under the provisions of this act.

Alternative manner of reimbursement.

SEC. 26. Any county or municipality may, at the time of applying for or securing a loan under the provisions of this act, provide other means satisfactory to the Unemployment Relief Finance Committee, State Emergency Relief Commission and Emergency Relief Administrator, for the payment of said loan. In such case, said commission, together with said administrator, and said committee, shall by resolution state the means to be adopted for such repayment, and that they consent thereto. In such case no payments out of the said motor vehicle fuel fund or other fund into which are paid moneys now paid into the motor vehicle fuel fund shall be withheld from any county, as above provided, except as stated by the resolutions of the commission together with the administrator and of said committee.

Short title.

SEC. 27. This act may be known and cited as the "Unemployment Relief Bond Act of 1933" and shall take effect upon the adoption by the people of an amendment to the Constitution of the State of California expressly validating the provisions thereof.

CHAPTER 208.

An act relating to the operation of motor vehicles used in unemployment cooperative relief work, and declaring the urgency thereof and that this act shall go into immediate effect.

[Approved by the Governor May 1, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Registration of motor vehicles used for cooperative relief.

SECTION 1. (a) The Department of Motor Vehicles may, during the registration years of 1933 and 1934, issue a permit for any motor vehicle used exclusively in unemployment cooperative relief work by any cooperative association operating without profit, dues, or the payment of any salaries in the distribution by means of barter of goods, wares and merchandise from one region to another, which permit shall allow the operation of any such motor vehicle while so used without the payment of the registration fees required under the California Vehicle Act. Not more than six hundred permits may be issued under the provisions of this act.

(b) Every application for permit hereunder must be accompanied by an affidavit duly verified by the owner of the motor vehicle for which permit is requested, which affidavit shall set forth such facts as will enable the Department of Motor Vehicles to determine if such vehicle is entitled to be operated under such permit without payment of the registration fees therefor. Any person who makes a false statement in the affidavit required by this act is guilty of a misdemeanor.

Urgency.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and as such shall go into immediate effect. The following is a statement of facts constituting such necessity:

There are throughout the State of California a great number of unemployed and destitute people. Many persons and agencies have made available for the relief of such unemployed and destitute persons divers goods, wares and merchandise. It is necessary for the proper distribution of such goods, wares and merchandise that transportation facilities be furnished. Many persons own or possess motor vehicles, motor trucks, trailers and semi-trailers available for the solicitation or transportation of such goods, wares and merchandise but such persons are financially unable to pay the required fees for the registration of such vehicles and the prompt and efficient distribution of the same and immediate unemployment relief will be impossible if this act does not go into immediate effect.

CHAPTER 209.

An act to amend sections 8, 14 and 19 of chapter thirteen, Statutes of 1929, entitled "An act to carry into effect the provisions of section 16 of article thirteen of the Constitution of the State of California, relating to bank and corporation taxes," relating to taxes upon banks and corporations, and providing that this act shall take effect immediately.

Stats 1929, p. 19, amended.

[Approved by the Governor May 1, 1933. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of an act entitled "An act to carry into effect the provisions of section 16 of article thirteen of the Constitution of the State of California, relating to bank and corporation taxes," approved March 1, 1929, is hereby amended to read as follows:

Stats. 1931, p. 60.

Sec. 8. In computing "net income" the following deductions shall be allowed:

Deductions allowed.

(a) All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on business, including a reasonable allowance for salaries or other compensation for personal services actually rendered, and rentals or other payments required to be made as a condition to the continued use or possession for business purposes of property to which the taxpayer has not taken or is not taking title or in which it has no equity.

Expenses.

(b) All interest paid or accrued during the taxable year on indebtedness.

Interest.

(c) Taxes or licenses paid or accrued during the taxable year, other than taxes paid to the State under this act or under subdivision (d) of section 14 of Article XIII of the Constitution of this State, and other than taxes on or according to or measured by income or profits paid or accrued within the taxable year imposed by the authority of (1) the government of the United States or any foreign country, (2) any State, Territory, county, city and county, school district, municipality, or other taxing subdivision of any State or Territory, and other than taxes assessed against local benefits of a kind tending to increase the value of the property assessed, but this shall not exclude the allowance as a deduction of so much of said taxes assessed against local benefits as is properly allocable to maintenance or interest charges; provided, however, that the deduction of personal property taxes shall be subject to the provisions of section 26 hereof.

Taxes.

(d) Losses sustained during the taxable year and not compensated for by insurance or otherwise, except that such losses may, with the consent of the Franchise Tax Commissioner, hereinafter designated "commissioner," be accounted for as of a different period. In the case of any loss claimed to have been

Uncompensated losses.

sustained in any sale or other disposition of shares of stock or securities where it appears that within thirty days before or after the date of such sale or other disposition, the taxpayer has acquired (otherwise than by bequest or inheritance) or has entered into a contract or option to acquire substantially identical property and the property so acquired is held by the taxpayer for any period after such sale or other disposition, no deduction for the loss shall be allowed unless the claim is made by a taxpayer, a dealer in stocks or securities, and with respect to a transaction made in the ordinary course of its business. If such acquisition or the contract or option to acquire is to the extent of part only of substantially identical property, then only a proportionate part of the loss shall be disallowed. Upon the subsequent sale or disposition of shares of stock or securities, in respect of which a loss has been disallowed, the basis for measuring gain or loss in the case of the property so acquired shall be the basis in the case of the stock or securities so sold or disposed of, except that if the repurchase price was in excess of the sale price such basis shall be increased in the amount of the difference, or if the repurchase price was less than the sale price such basis shall be decreased in the amount of the difference.

Bad debts.

(e) Debts ascertained to be worthless and charged off within the taxable year, or, in the discretion of the commissioner, a reasonable addition to a reserve for bad debts. When satisfied that a debt is recoverable in part only, the commissioner may allow such debt to be charged off in part.

Depreciation.

(f) Exhaustion, wear and tear and obsolescence of property to be allowed upon the basis provided in sections 113 and 114 of that certain act of the Congress of the United States known as the "Revenue Act of 1932," which are for the purposes of this subsection hereby referred to and incorporated with the same force and effect as though fully set forth herein.

Depletion.

(g) In the case of mines, oil and gas wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements according to the peculiar conditions in each instance, such reasonable allowance in all cases to be made under the rules and regulations to be prescribed by the commissioner.

In the case of leases the deduction shall be equitably apportioned between the lessor and the lessee.

Computation of depletion.

The basis upon which depletion is to be allowed in respect of any property and the amount of depletion allowable shall be as provided in sections 113 and 114 of the said Revenue Act of 1932, which are, for the purposes of this subsection, hereby referred to and incorporated with the same force and effect as though fully set forth herein.

Dividends from income of intrastate business.

(h) Dividends received during the taxable year from a bank or corporation doing business in this State declared from income arising out of business done in this State; but if the income out of which the dividends are declared is derived

from business done within and without this State, then so much of the dividends shall be allowed as a deduction as the amount of the income from business done within this State bears to the total business done. The provisions of this subsection shall not apply to dividends received from corporations not taxable under article thirteen of the Constitution of this State.

The burden shall be on the taxpayer to show that the amount of dividends claimed as a deduction has been received from income arising out of business done in this State.

Return paid by mutual building and loan associations.

(i) In the case of a building and loan association, organized and operating wholly or partly on a mutual plan, the return paid or credited on or apportioned to the withdrawable shares of such association, but not exceeding the return such shares would receive computed at the average rate paid by all such associations in this State, or by such associations in a particular locality, as the Building and Loan Commissioner of this State may determine, on money borrowed or obtained through the issue during the taxable year of the association of all classes of notes and investment certificates not evidencing any proprietary interest in the association, such rate to be determined by the Building and Loan Commissioner and certified by him to the Franchise Tax Commissioner on or before the first day of March of each year.

Interest paid by mutual savings banks.

(j) In the case of a mutual savings bank, the entire amount of interest paid to depositors possessing no proprietary interest in the institution or in its surplus, and interest on their deposits to members possessing a proprietary interest in the institution or in its surplus at a rate determined by the State Superintendent of Banks to be the going rate of interest upon savings deposits in the State during the preceding calendar year, such rate to be certified by him to the commissioner on or before the first day of March of each year.

Income of farmers' cooperatives

(k) In the case of farmers, fruit growers, or like associations organized and operated in whole or in part on a cooperative or a mutual basis, (a) for the purpose of marketing the products of members or other producers, and turning back to them the proceeds of sales, less the necessary marketing expenses, which may include reasonable reserves, on the basis of either the quantity or the value of the products furnished by them, or (b) for the purpose of purchasing, or producing, supplies and equipment for the use of members or other persons, and turning over such supplies and equipment to them at actual cost, plus necessary expenses, all income resulting from or arising out of such business activities for or with their members carried on by them or by their agents; or when done on a nonprofit basis for or with nonmembers.

(l) In the case of other associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members, or with nonmembers, done on a nonprofit basis.

If any deduction provided for in this section is finally adjudged discriminatory against a national banking association contrary to section 5219 of the Revised Statutes of the United States, or is for any reason finally adjudged invalid, in that event the tax of the favored taxpayer shall be recomputed by the Tax Commissioner for the taxable year in question, as of the time of allowance of the deduction, by disallowing the deduction, and any difference between the amount of the tax as recomputed and the amount of the tax as originally computed shall be subject to the provisions hereof relating to original computations.

Stats. 1931, p. 60.

SEC. 2. Section 14 of said act is hereby amended to read as follows:

Allocation of income or deductions among affiliated banks and corporations.

Sec. 14. In the case of two or more corporations or banks or of one or more banks and one or more corporations owned or controlled directly or indirectly by the same interests, the commissioner is authorized to distribute, apportion, or allocate gross income or deductions between or among such corporations or banks, if he determines that such distribution, apportionment, or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of such corporations or banks.

An affiliated group of banks or an affiliated group of corporations shall, subject to the provisions of this section, have the privilege of making a consolidated return for any taxable year in lieu of separate returns. In the case of a bank or corporation which is a member of the affiliated group for a fractional part of the year the consolidated return shall include the income of such bank or corporation for such part of the year as it is a member of the affiliated group. As used in this section an affiliated group means two or more banks or two or more corporations connected through stock ownership, in the case of a bank, with a common parent bank, or in the case of a corporation with a common parent corporation, if at least ninety-five per centum of the stock of each of the banks or corporations, except the common parent bank or corporation, is owned directly by one or more of the other banks or corporations, as the case may be, and the common parent bank or corporation owns directly at least ninety-five per centum of the stock of at least one of the other banks or corporations as the case may be. As used in this section the term "stock" does not include nonvoting stock which is limited and preferred as to dividends.

Computation of tax on consolidated return

If a consolidated return is made subject to the provisions of this section the tax imposed under this act shall be computed as a unit upon the consolidated net income of the group except as hereinafter provided. The parent corporation and each subsidiary, a member of the group during any part of a consolidated period shall be severally liable for the tax (including any deficiency in respect thereof) computed upon the consolidated net income of the group. If a subsidiary by reason of a bona fide sale of stock for fair value has ceased

to be a member of the affiliated group its liability shall remain unchanged, except that if such cessation occurred prior to the date upon which any such deficiency is assessed, such deficiency, in the case of such former subsidiary, shall be reduced to an amount equal to such part as may be allocable to it upon the basis of the consolidated net income properly assignable to it. In no case, however, shall any demand for the payment of any deficiency be made, or any proceeding in court for the collection thereof be begun against such former subsidiary prior to the determination by the commissioner that the amount of the deficiency can not be collected from the parent corporation and the corporations (if any) remaining members of the affiliated group.

Where a member of an affiliated group filing a consolidated return is a bank or corporation commencing to do business in this State for the first time after the effective date of this act, its tax for its first and second taxable years shall be computed without regard to this section but in accordance with the provisions of section 13 of this act. The tax of the remaining members of the group for the year succeeding the year in which such bank or corporation commenced to do business shall be computed as if such bank or corporation were not a member of the affiliated group.

Commissioner to prescribe regulations.

The commissioner shall prescribe such regulations as he may deem necessary in order that the tax liability of an affiliated group of corporations making a consolidated return and of each corporation in the group during, before and after the period of affiliation, may be determined, assessed, collected, and adjusted in such manner as clearly to reflect the income and to prevent avoidance of tax liability.

Stats 1929, p. 19.

SEC. 3. Section 19 of said act is hereby amended to read as follows:

Computation of profit or loss from disposition of property.

Sec. 19. For the purpose of ascertaining the gain derived or loss sustained from the sale or other disposition of property, real, personal or mixed, the basis shall be determined in accordance with the provisions of section 113 of the Federal Revenue Act of 1932 which are hereby referred to and incorporated for the purpose of this section with the same force and effect as though fully set forth herein.

(a) Except as otherwise provided in this section the gain from the sale or other disposition of property shall be the excess of the amount realized therefrom over the basis herein provided and the loss shall be the excess of such basis over the amount realized.

(b) In computing the amount of gain or loss under subsection (a) proper adjustment shall be made for any expenditure, receipt, loss or other item properly chargeable to capital account.

(c) The amount realized from the sale or other disposition of property shall be the sum of any money received plus the fair market price or value of the property (other than money) received.

(d) In the case of a sale or exchange, the extent to which the gain or loss determined under this section shall be recognized shall be determined under the provisions of section 20.

(e) Nothing in this section shall be construed to prevent (in the case of property sold under contract providing for payments in installments) the inclusion in gross income of that portion of any installment payment representing gain or profit in the year in which such payment is received.

Liquidation of corporation.

(f) Amounts distributed in complete liquidation of a corporation shall be treated as in full payment in exchange for the stock, and amounts distributed in partial liquidation of a corporation shall be treated as in part or full payment in exchange for the stock.

The gain or loss to the distributee resulting from such exchange shall be determined under this section but shall be recognized only to the extent provided in section 20.

Other distribution by corporation.

(g) If any distribution (not in partial or complete liquidation) made by a corporation to its shareholders is not out of earnings or profits, then the amount of such distribution shall be applied against and reduce the basis of the stock and if in excess of such basis, such excess shall be included in gross income in the same manner as a gain from the sale or exchange of property. The provisions of this subsection shall also apply to distributions from depletion reserves based on discovery value of mines.

Extension of time to file tax returns

SEC. 4. A general extension of time of two months, in the case of returns for the taxable year ended December 31, 1932, required by said act to be filed by March 15, 1933, and of one month, in the case of returns for the taxable year ended January 31, 1933, required to be filed by April 15, 1933, is hereby granted. No interest shall be assessed or collected by reason of such extension.

Constitutionality.

SEC. 5. If any section, subsection, clause, sentence or phrase of this act which is reasonably separable from the remaining portions of this act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed the remaining portions of this act irrespective of the fact that any such section, subsection, clause, sentence or phrase of this act be declared unconstitutional.

Tax levy.

SEC. 6. This act, inasmuch as it provides for tax levies for the usual current expenses of the State, shall, under the provisions of section 1 of Article IV of the Constitution, take effect immediately, and shall be applied in the computation of taxes accruing subsequent to December 31, 1932.

CHAPTER 210.

Stats 1929, p 19, amended.

"An act to carry into effect the provisions of section 16 of article thirteen of the Constitution of the State of California, relating to bank and corporation taxes," relating to taxes upon banks and corporations, and providing that this act shall take effect immediately.

[Approved by the Governor May 1, 1933. In effect immediately.]

The people of the State of California do enact as follows:

Every financial, mercantile, manufacturing and business corporation doing business within the limits of this State, of the classes referred to in subdivision 2 (a) of section 16 of article thirteen of the Constitution of this State, shall annually pay to the State, for the privilege of exercising its corporate franchises within this State, a tax according to or measured by its net income, to be computed, in the manner hereinafter provided, at the rate of four per centum upon the basis of its net income for the next preceding fiscal or calendar year.

Corporations taxable under act.

Each such corporation shall be entitled to an offset against said franchise tax, in the manner hereinafter provided, in the amount of taxes paid upon its real and personal property to any county, city and county, city, town, or other political subdivision of the State, but the total offset shall not exceed seventy-five per centum of the said franchise tax, and in no case shall the taxpayer be entitled to offset more than ten per centum of its said real property taxes.

Offsets.

In any event, each such corporation shall pay annually to the State, for the said privilege, a minimum tax of twenty-five dollars.

Minimum tax.

Every corporation subject to be taxed pursuant to subdivision (d) of section 14 of article thirteen of the Constitution of this State, and not otherwise taxed in pursuance of this section, shall pay annually to the State a tax of twenty-five dollars in lieu of the tax on its general corporate franchise under the provisions of said subdivision (d).

The provisions of this section shall not apply to any corporation organized for religious, charitable, social, fraternal or civic purposes if its organization or activities result in no financial or pecuniary gain or profit to the stockholders or members thereof.

Exempt corporations.

Any corporation organized to hold the stock or bonds of any other corporation or corporations, and not trading in such stock or bonds or other securities held, and engaging in no other activities than the receipt and disbursement of dividends from such stock or interest from such bonds, shall not be considered a financial, mercantile, manufacturing or business cor-

poration or a corporation doing business in this State for the purposes of this act.

Accrual date.

Taxes under this section and under section 1 and 2 of this act shall accrue on the first day after the close of the "taxable year," as defined in section 11 hereof.

Tax computation when different statutes applicable

The tax on any bank or corporation for a period beginning in one calendar year (hereinafter in this section called "first calendar year") and ending in the following calendar year (hereinafter in this section called "second calendar year") where the law applicable to the computation of taxes for calendar year banks or corporations for the second calendar year is different from the law applicable to computation of taxes for calendar year banks or corporations for the first calendar year, shall be the sum of: (1) the same proportion of a tax for the entire period, determined under the law applicable to the first calendar year and at the rates for such year, which the portion of such period falling within the first year is of the entire period; and (2) the same proportion of a tax for the entire period, determined under the law applicable to the second calendar year and at the rates for such year, which the portion of such period falling within the second calendar year is of the entire period.

Refund of excess tax.

Any tax that has been paid under the law applicable to the first calendar year if in excess of the tax imposed by this section shall be refunded or credited to the bank or corporation as provided in section 27. Any tax in addition to that paid under the law applicable to the first calendar year made necessary by this section shall be immediately due and payable upon notice and demand from the commissioner.

Stats 1931, p. 2225

SEC. 3. Section 6 of said act is hereby amended to read as follows:

"Gross income"

Sec. 6. The term "gross income," as herein used, includes gains, profits and income derived from the business, of whatever kind and in whatever form paid; gains, profits or income from dealings in real or personal property; gains, profits or income received as compensation for services, as interest, rents, commissions, brokerage or other fees, or otherwise received in carrying on such business; all interest received from Federal,

State, municipal or other bonds, and, except as hereinafter otherwise provided, all dividends received on stocks. The term gross income does not include the following items which shall be exempt from taxation under this act:

Exemptions.

(a) Amounts received under life insurance policies and contracts paid by reason of the death of the insured but if such amounts are held by the insurer under an agreement to pay interest thereon, the interest payments shall be included in gross income.

(b) Amounts received (other than amounts paid by reason of the death of the insured) under life insurance, endowment or annuity contracts, either during the term or at maturity or upon surrender of the contract, equal to the total amount of premiums paid thereon. In the case of a transfer for a valuable consideration by assignment or otherwise, of a life insurance, endowment or annuity contract or any interest therein, only the actual value of such consideration and the amount of the premiums and other sums subsequently paid by the transferee shall be excluded from gross income under paragraph (a) of this section.

Stats 1929, p. 19.

SEC. 4. Section 12 of said act is hereby amended to read as follows:

Computation of net income.

Sec. 12. The net income shall be computed upon the basis of the taxpayer's annual accounting period, fiscal year or calendar year as the case may be, in accordance with the method of accounting regularly employed in keeping the books of such taxpayer; but if no such method of accounting has been so employed, or if the method employed does not clearly reflect the income, the computation shall be made in accordance with such method as in the opinion of said commissioner does clearly reflect the income. If the taxpayer's annual accounting period is other than a fiscal year, or if the taxpayer has no annual accounting period or does not keep books, the net income shall be computed on the basis of the calendar year.

Computation when accounting period changed.

If a taxpayer changes his accounting period from fiscal year to calendar year, from calendar year to fiscal year, or from one fiscal year to another, the net income, shall with the approval of the commissioner, be computed on the basis of such new accounting period subject to the following provisions:

(a) If a taxpayer, with the approval of the commissioner, changes the basis of computing net income from fiscal year to calendar year, a separate return shall be made for the period between the close of the last fiscal year for which return was made and the following December 31. If the change is

from calendar year to fiscal year, a separate return shall be made for the period between the close of the last calendar year for which return was made and the date designated as the beginning of the fiscal year. If the change is from one fiscal year to another fiscal year a separate return shall be made for the period between the close of the former fiscal year and the date designated as the beginning of the new fiscal year.

(b) Where a separate return is made under paragraph (a) on account of a change in the accounting period then the income shall be computed on the basis of the period for which separate return is made. The due date of the separate return for such period is the fifteenth day of the third month following the close of that period.

(c) If a separate return is made under paragraph (a) on account of a change in the accounting period, the net income, computed on the basis of the period for which separate return is made, shall be placed on an annual basis by multiplying the amount thereof by twelve and dividing by the number of months included in the period for which separate return is made. The commissioner shall compute the amount of a tax on the income placed on such annual basis, and shall allow the offset provided for in section 26 from such tax. The tax due under this section (which shall not be subject to offset) shall be such part of the tax (less the offset allowed) computed on such annual basis as the number of months in such period is of twelve months.

Stats. 1931, p 64. See Stats. 1933, Ch. 303.

SEC. 5. Section 13 of said act is hereby amended to read as follows:

Annual return.

Sec. 13. Every bank and corporation shall, within two months and fifteen days after the close of its taxable year, transmit to the commissioner a return in a form prescribed by him, specifying, for the taxable year, all such facts as he may by rule, or otherwise, require in order to carry out the provisions of this act.

Tax when commencing business.

A bank which locates or commences to do business within the limits of this State, and a corporation which commences to do business in this State, after the effective date of this act, shall thereupon prepay the minimum tax hereunder, which prepayment must be made before the bank or corporation files with the Secretary of State its articles of incorporation or duly certified copy thereof as the case may be. Upon the filing of its return within two months and fifteen days after the close of its first taxable year its tax for that year shall be adjusted upon the basis of the net income received during that taxable year, a credit being allowed for the prepayment of the minimum tax. Said return shall also, in accordance with sections 23 to 26 inclusive, be the basis for the tax of said bank or corporation for its second taxable year, if its first taxable year is a period of twelve months. In every case in which the first taxable year of a bank or corporation constitutes a period of

less than twelve months, said bank or corporation shall pay as a prepayment of the tax for its second taxable year an amount equal to the tax (after the offset allowance has been computed) for its first taxable year, the same to be due and payable at the same times and in the same manner as if that amount were the entire amount of its tax (after the offset allowance has been computed) for that year; and upon the filing of its tax return within two months and fifteen days after the close of its second taxable year it shall pay a tax for said year based upon its net income received during that year, allowing a credit for the prepayment; but in no event shall the tax for the second taxable year be less than the amount of the prepayment for that year, and said return for its second taxable year shall also, in accordance with section 23 to 26 inclusive be the basis for the tax of said bank or corporation for its third taxable year. This paragraph shall not apply to a bank or corporation which commences to do business in this State, pursuant to a reorganization or pursuant to a consolidation of two or more banks or corporations.

Tax when reorganization commencing business.

Where a bank or corporation commences to do business in this State pursuant to a reorganization of a bank or corporation, it shall pay no tax for its first taxable year, but its tax for its second taxable year shall be computed upon the basis of its net income for its first taxable year and the net income of the reorganized bank or corporation for the months of the taxable year prior to the reorganization. Every such bank or corporation in its return filed for its first taxable year shall specify all such facts with respect to the reorganized bank or corporation for the months of the taxable year prior to the reorganization as the commissioner may require in order to carry out the provisions of this paragraph. The term "reorganization" as herein used shall include (1) a transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor or its stockholders or both are in control of the corporation to which the assets are transferred; or (2) a recapitalization; or (3) a mere change in identity, form or place of organization however effected.

"Reorganization" defined.

Tax when consolidation commencing business.

Where a bank or corporation commences to do business in this State pursuant to a consolidation of two or more banks or corporations, it shall pay no tax for its first taxable year but its tax for its second taxable year shall be computed upon the basis of its net income for its first taxable year and the net income of the consolidated banks or corporations for the months of their taxable years prior to the consolidation. Every such bank or corporation in its return filed for its first taxable year shall specify all such facts with respect to the consolidated banks or corporations for the months of their taxable years prior to the consolidation as the commissioner may require in order to carry out the provisions of this paragraph.

Tax when merger.

Where a bank or corporation or two or more banks or corporations merge with another bank or corporation, the tax of the

surviving bank or corporation for its taxable year succeeding its taxable year in which the merger occurs shall be computed upon the basis of its net income for its preceding taxable year and the net income of the merged banks or corporations for the months of their taxable years prior to the merger. Every such surviving bank or corporation in its return for its taxable year in which the merger occurs, shall specify all such facts with respect to the merged banks or corporations for the months of their taxable years prior to the merger as the commissioner may require in order to carry out the provisions of this paragraph.

Rate of tax applicable.

Wherever it is provided in this section that the tax on any bank or corporation shall be measured in part by any of the net income of a reorganized, consolidated, or merged bank or corporation, the same rate of tax shall apply to such income as would have applied to such income had the reorganization, consolidation, or merger not occurred, and had the reorganized, consolidated, or merged bank or corporation continued doing business in this State.

Offsets.

The tax for the second taxable year of a bank or corporation doing business in this State pursuant to a reorganization or consolidation, and the tax of a surviving bank or corporation, in the case of a merger, for its first taxable year succeeding the merger, shall, in addition to any other offset allowed by this act, be subject to offset in the amount of real and personal property taxes paid by the reorganized, consolidated, or merged banks or corporations upon their property to any county, city and county, city, town or other political subdivision of the State during the taxable year in which the reorganization, consolidation or merger occurred; provided, however, that the offset herein provided for shall be allowed subject to the conditions and limitations set forth in sections 4 and 26 of this act.

Tax when dissolving or withdrawing from business.

Any bank or corporation which is dissolved and any foreign corporation which withdraws from the State during any year shall pay a tax hereunder only for the months of its fiscal year which precede such dissolution or withdrawal, according to or measured by such proportionate part of the net income of the preceding taxable year as the number of months of the year prior to such dissolution or withdrawal bears to the entire preceding taxable year; provided, however, that in the case of any bank or corporation which is dissolved, or which withdraws from the State during any year, the offset from the tax for the months prior to such dissolution or withdrawal shall not exceed that proportion of the offset computed under section 26 which the number of said months prior to such dissolution or withdrawal bears to the number of months of the preceding taxable year; and provided, further, that the taxes levied under this act shall not be subject to abatement or refund because of the cessation of business or corporate existence of any bank or corporation pursuant to a reorganization, consolidation, or merger. In any event, each

such corporation shall pay a minimum tax not subject to offset of twenty-five dollars for such period.

Tax when discontinuing business.

When a bank or corporation discontinues doing business within the State during any fiscal or calendar year as the case may be, and does not dissolve or withdraw from the State, during that year and does not resume doing business during the succeeding fiscal or calendar year, its tax for the year in which it resumes doing business shall be computed upon the basis of the net income for the year in which it discontinued doing business. One-half the amount of the additional tax shall be due and payable at the time the bank or corporation resumes doing business, and the balance shall be due and payable within six months of the time the bank or corporation resumes doing business. All the provisions of this act relating to delinquent taxes shall be applicable to such additional tax if it is not paid on or before its due date

Accrual of tax liability.

The tax liability imposed under this act shall attach whether a bank or corporation has a taxable year of twelve months or of less duration.
