In effect immediately

[Approved by Governor April 17, 1941. Filed with Secretary of State April 17, 1941.]

The people of the State of California do enact as follows:

New section

SECTION 1. A new section, numbered 2924d, is hereby added to the Civil Code, to read as follows:

Reinstatement of deed of trust or mortgage

Expiration of order extending time

2924d. In any case where an order has been entered under or pursuant to Chapter 7 or Chapter 348, Statutes of 1935, or Chapter 5, Statutes of 1937, or Chapter 167, Statutes of 1937, or Chapter 86, Statutes of 1939, extending payments, postponing sale, extending the right of redemption or postponing a forfeiture or termination under a chattel mortgage, mortgage, deed of trust, contract of purchase of real property or contract of purchase of chattels attached to real property, and the term of such postponement or extension expires or is terminated by the terms of such order or any modification or alteration thereof, or by operation of law, the trustor, mortgagor or contract purchaser or the successor in interest of them in the property may, prior to the expiration or termination date of such order, pay to the party entitled thereto the entire

amount then due under the terms of such deed of trust, mortgage, chattel mortgage or contract to purchase, and the obligation secured thereby, including costs and expenses actually incurred in the enforcement thereof and trustee's and attorney's fees actually incurred under the terms thereof, other than such portion of principal or purchase price as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and the deed of trust, mortgage, chattel mortgage or contract of purchase shall be reinstated and shall be and remain in force and effect, the same as if no acceleration had occurred, except as otherwise provided in the statutes hereinbefore cited.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution, and shall therefore take effect immediately.

The facts constituting the necessity are as follows:

The severe economic depression which has long existed throughout the State, and which inspired the enactment of the statutes cited in Section 1 of this act, still continues and many citizens have not yet reached normal earning powers and are still unable to pay the principal sum of their debts. As a result of the expiration of the time limits fixed in the orders mentioned in Section 1 of this act they are being called upon to pay off the principal sums on their obligations, accelerated by the defaults occurring prior to the entry of such orders. Being unable to meet such payments they are being deprived of their properties through foreclosures, forfeitures and terminations. The dangers in the situation are such as to threaten the maintenance of law and order, and to lead to the pauperization of many persons who have hitherto constituted an important part of the self-supporting and economically independent people of the State. This act will enable them to reinstate their obligations and thus the dangers mentioned will be avoided.

The facts constituting such necessity are as follows:

CHAPTER 158

An act to amend Section 1 of an act entitled "An act to authorize and control the deposit in banks of money belonging to or in the custody of the State and to repeal all acts or parts of acts in conflict with this act," approved April 12, 1923, relating to deposits of money belonging to or in the custody of the State, declaring the urgency hereof, to take effect immediately. Stats 1923, p 21, amended

[Approved by Governor April 19, 1941. Filed with Secretary of State April 19, 1941.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the act cited in the title hereof is hereby amended to read as follows: Stats 1937, p 446

Section 1. All moneys under the control of the State Treasurer belonging to or in the custody of the State, shall, Deposit of State funds in approved banks

so far as possible, be deposited by the State Treasurer to the credit of the State in such State or National bank or banks in the State as the Treasurer, with the approval of the Governor and State Controller, shall select for the safe-keeping of such deposits; and any sum so deposited shall be deemed to be in the State Treasury; provided, that the bank or banks in which such money is deposited shall furnish security as hereinafter provided; and provided further, that such deposits shall not exceed the paid-up capital exclusive of surplus of any depositary bank; provided, however, during unusual periods of revenue receipts the State Treasurer may deposit money in active accounts in excess of the capital of any bank but not in excess of its capital and surplus. However, the State Treasurer shall first deposit such moneys in the amount of the paid-up capital of any bank making application for all or any part thereof and shall only deposit in excess thereof as herein provided, when such applications have been satisfied. Such depositary shall handle, collect and pay all checks, drafts and other exchange in the same manner and under the same conditions as checks, drafts, and other exchange of other depositors are handled, collected, and paid. The Treasurer is hereby authorized, under such conditions as he with the approval of the Governor, may fix, to deposit moneys in any bank or banks outside this State, necessary for the payment of the principal or interest of bonds, made payable outside of this State, at the place or places at which the same are payable. Anything in this act to the contrary, notwithstanding, no security shall be required in case of such part of such deposits as are insured under the provisions of any law of the United States.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California and as such shall take effect immediately. The following is a statement of the facts constituting such necessity:

The present time is a period during which unusually high revenues are being received by the State of California. Under the provisions of the act cited in the title hereof, the State Treasurer may not deposit State funds in banks in excess of the paid-up capital exclusive of surplus of any depositary bank. Large banks throughout the State already have deposits of State funds up to the amount of their capital, and in consequence large sums of State money remain undeposited. By the adoption of this act, the State Treasurer would be permitted to increase these deposits in active accounts in excess of the paid-up capital, but not in excess of the capital and surplus of depositary banks. It is, therefore, necessary that this act take immediate effect in order that large sums of money may be so deposited.

CHAPTER 159

An act to add Section 86.2 to the State Civil Service Act, relating to an oath for civil service employees, and declaring the urgency hereof, to take effect immediately.

Stats. 1937, p. 2085, amended

[Approved by Governor April 19, 1941. Filed with Secretary of State April 19, 1941.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. A new section is hereby added to the State Civil Service Act, to be numbered 86.2 and to read as follows:

New section

Sec. 86.2. Every person shall within 30 days of the date of his appointment to a permanent position in the State civil service take and subscribe the following oath:

Oath for civil service employees

"I do solemnly swear (or affirm, as the case may be), that I will support the Constitution of the United States and the Constitution of the State of California, and that I will faithfully discharge the duties of the office of_____ (insert classification title), according to the best of my ability."

Every person appointed to a permanent position in the State civil service, prior to the effective date hereof and who is performing the duties of such position, shall within 30 days of said date take and subscribe the oath hereinabove provided. All such persons who take, subscribe and file such oath within the time herein provided shall be conclusively presumed to have been and to be legally holding their positions as far as this or any other law is concerned requiring that such person take and/or subscribe and/or file an oath.

Time of taking oath

The failure of any person, required to take and subscribe said oath within the times provided in this section, shall be a cause for dismissal by the board in accordance with the procedure provided in Section 173.

Every appointing power shall immediately, after the effective date of this act, notify all the employees under his jurisdiction of the provisions of this act, and shall also notify every new employee immediately following his appointment of said provisions.

The oath herein required shall be filed with the board within 30 days of the date when such oath is taken and subscribed. The board shall prepare and furnish printed forms of said oath.

Penalty

The oath herein required may be taken by any employee before his appointing power or before any person authorized in writing by such appointing power, which authorization shall be filed with the board, or may be taken before any other person authorized by law to administer oaths. No fee shall be charged by any person before whom the oath herein provided may be taken and subscribed.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the

Urgency

public peace, health and safety within the meaning of Section 1 of Article IV of the State Constitution and shall therefor go into immediate effect. The statement of the facts constituting such necessity is as follows:

The law has not heretofore required, and it has not been the practice of, State civil service employees to take the customary and time honored oath to support the Constitution of the United States and of the State of California. Such an oath should be taken by all State employees regardless of civil service, and especially at the present time when every effort should be made to expose and eliminate any State employee, if there be any, who would not swear or affirm to uphold the Constitution of this country and State. With this country engaged at this moment in a gigantic National Defense Program, it becomes important that the responsibility of public employees be recorded. It is necessary accordingly that the provisions of this act take effect at once.

CHAPTER 160

A member who is also a member of the California Highway Patrol and who has completed 20 years of continuous State Highway Patrol service credited under this act and attained the age of 50 or more years shall be retired upon his written application to the board.

Such additional pension shall be the same percentage of his final compensation, regardless of his age at retirement, for each year of highway patrol service rendered by him prior to January 1, 1932, as the contributions of the member and the State are calculated to provide upon retirement for service at 60 years of age or upon completion of 20 years of service at an age higher than 60 years or upon retirement with less than 20 years of service at age 65, for each year of such service after said date. Additional pension Highway Patrol

CHAPTER 161

An act to amend Sections 3101, 3105 and 3110 of the Revenue and Taxation Code, relating to property taxation and to the registration of vessels to enforce the payment of property taxes, to take effect immediately. Stats 1939, p 1274, amended

[Approved by Governor April 21, 1941. Filed with Secretary of State April 21, 1941.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 3101 of the Revenue and Taxation Code is hereby amended to read as follows: Stats 1939, p 1319

Urgency

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV, of the Constitution of the State of California, and shall take effect immediately.

The following is a statement of facts constituting such necessity:

The complex procedure for the taxation of property unfolds from the first Monday in March, on which date taxes become a lien on property for the ensuing fiscal year. Also, the Revenue and Taxation Code, which consolidates and revises the law relating to taxation and the raising of revenue, became effective on February 1, 1941. It is imperative that this act take effect immediately in order that the orderly process of property taxation may not be obstructed by this act's going into effect long after the lien date. Also, it is essential that the provisions of this act take effect as soon after the effective date of the Revenue and Taxation Code as is possible in order that the transition from operating under the existing provisions of law to acting under the Revenue and Taxation Code may be accomplished with a minimum of confusion and with the greatest possible continuity of action. For this act not to go into effect immediately would result in needless uncertainty and unnecessary litigation possibly terminating in the loss or delayed collection of large amounts of property taxes.

(c) As an advancement.

(d) By a revocable trust created before or after the taking effect of this act.

When such person, institution or corporation becomes beneficially entitled in possession or expectancy to any property or the income therefrom by any such transfer, whether made before or after the passage of this act.

In all transfers inter vivos the value of the property transferred shall be taken as of the date of death of the transferor and with the rates and exemptions then in effect.

Contemplation of death

(4) The words "contemplation of death," as used in this act, shall be taken to include that expectancy of death which actuates the mind of a person on the execution of his will, and in nowise shall said words be limited and restricted to that expectancy of death which actuates the mind of a person making a gift causa mortis; and it is hereby declared to be the intent and purpose of this act to tax any and all transfers which are made in lieu of or to avoid the passing of property transferred by testate or intestate laws.

Property held in joint names

(5) Whenever property, real or personal, is held in the joint names of two or more persons, or is deposited in banks or other institutions or depositaries in the joint names of two or more persons and payable to either or the survivor, upon the death of one of such persons, the right of the surviving

joint tenant or joint tenants, person or persons to the immediate ownership or possession and enjoyment of such property shall be deemed a transfer taxable under the provisions of this act in the same manner as though the whole property to which such transfer relates belonged absolutely to the deceased joint tenant or joint depositor and had been devised or bequeathed to the surviving joint tenant or joint tenants, person or persons, by such deceased joint tenant or joint depositor by will, excepting therefrom such part thereof as may be proved by the surviving joint tenant or joint tenants to have originally belonged to him or them and never to have belonged to the decedent.

Charitable beneficiary

(6) As used in this subdivision, "charitable beneficiary" means a transferee to whom a transfer is exempt from tax pursuant to the provisions of subsection (b) of Subdivision (1) of Section 6 of this act.

Power of appointment

Whenever any person or corporation shall be given a general or limited power of appointment by virtue of any disposition of property made before or after 5 p.m. of June 25, 1935, such gift of power of appointment shall, under the provisions of this act, including Subdivision (10) of this section, be deemed a taxable transfer made from the donor of said power to the donee thereof at the date of the donor's death, except that:

(a) Where the donor of a power of appointment died prior to 5 p.m. of June 25, 1935, and the power is exercised thereafter, the exercise of said power of appointment shall be deemed a transfer taxable as provided in Subdivision (6) of Section 2 of the Inheritance Tax Act of 1921, as amended in 1929.

Stats 1929, p 1836

(b) If at the date of the donor's death a power of appointment is irrevocably limited, in whole or in part, to be exercised in favor of a charitable beneficiary, then to the extent that it is so limited the gift thereof shall not be deemed to be a taxable transfer from the donor to the donee thereof.

(c) In the case of a gift of a general or limited power of appointment, if before the tax on the transfer of the power has been finally determined the donee irrevocably exercises, or obligates himself to exercise, the power, in whole or in part, in favor of a charitable beneficiary, then to the extent that the power is so exercised, or obliged to be exercised, the gift of the power shall not be deemed to be a taxable transfer from the donor to the donee thereof.

(d) If a gift of a general or limited power of appointment is taxed under this subdivision as a transfer from the donor to the donee, and thereafter the donee irrevocably exercises, or obligates himself to exercise, the power, in whole or in part, in favor of a charitable beneficiary, then to the extent that the power is so exercised, or obliged to be exercised, the court which originally fixed the tax, on satisfactory proof to

it, pursuant to an application after notice to the State Controller made within six months after execution of the document exercising the power, or obligating the donee to exercise the power, in favor of the charitable beneficiary, shall modify its original order fixing the tax by a new order which shall eliminate as a taxable transfer the gift of the power to the extent that the power is exercised, or obliged to be exercised, in favor of a charitable beneficiary. After the making of such order a refund shall be allowable as prescribed in Subdivision (3) of Section 11, within the time limitations therein specified.

(e) If a gift of a general or limited power of appointment is taxed under this subdivision as a transfer from the donor to the donee, and thereafter, as the result of the nonexercise of the power, in whole or in part, the whole or any part of the property subject to the power passes to a charitable beneficiary, the court which originally fixed the tax, on satisfactory proof to it, pursuant to an application after notice to the State Controller made within six months after the passing of the property to the charitable beneficiary, shall modify its original order fixing tax by a new order which shall eliminate as a taxable transfer the gift of the power to the extent the property subject thereto passes to the charitable beneficiary on the nonexercise of the power. After the making of such order a refund shall be allowable as prescribed in Subdivision (3) of Section 11, within the time limitations therein specified.

(f) If prior to the death of the donor of a power of appointment, (1) the donee thereof shall have died or shall have irrevocably waived and relinquished the power, or (2) the donor shall have revoked the power, the gift of the power shall not be deemed to be a taxable transfer from the donor to the donee thereof.

Bequests or devises to executors or trustees

(7) Whenever a decedent appoints or names one or more executors or trustees, and makes a bequest or devise of property to them in lieu of commissions or allowances, which otherwise would be liable to said tax, or appoints them his residuary legatees or devisees, and said bequest, devise or residuary legacies or devises exceeds the executor's commission provided in Section 901 of the Probate Code, or a reasonable compensation to be fixed by the court for the trustee, such excess over and above the exemptions herein provided for shall be liable to said tax.

Insurance policies

(9) The proceeds of all life or accident insurance policies payable on account of the death of the insured shall be subject to the tax herein imposed, as follows:

(a) The proceeds of all of such policies now in force or hereafter issued payable to the estate, executor or administrator or personal representative of the insured.

(b) The proceeds of all such policies hereafter issued payable to named beneficiaries.

(c) The proceeds of all such policies now in force payable to named beneficiaries in which the insured has the right to

change the beneficiary or under which he has cash surrender right.

(d) The aggregate proceeds of all policies designated in paragraphs (b) and (c) of this subdivision, up to and including a total of fifty thousand dollars ($50,000), shall not be subject to the provisions of this act. Said fifty thousand dollar ($50,000) exemption shall be prorated among all beneficiaries under such policies in proportion to the amount of such insurance payable to each of them, and shall be in addition to all other exemptions provided for in this act.

Tax on aggregate market value

(10) When more than one transfer within the meaning of any of the preceding subdivisions of this section has been made, either before or after the passage of this act, by a decedent to one person, the tax shall be imposed upon the aggregate market value of all of the property so transferred to such person in the same manner and to the same extent as if all of the property so transferred were actually transferred by one transfer made at the date of the transferor's death and with the value, rates and exemptions as of that date.

Deductions from appraised value

(11) In determining the market value of the property transferred, the following deductions, if obligations of the decedent or his estate, except as otherwise indicated in this subsection, and paid by the estate or transferee, and no others, shall be made from the appraised value thereof:

(a) Debts of decedent owing at the date of death;

(b) Expenses of funeral and last illness, including the funeral and last illness expenses of a deceased wife whether or not she is survived by a husband financially well able to pay such expenses;

(c) All State, county, and municipal taxes and assessments which are a lien against said property at the date of death;

(d) The ordinary expenses of administration, including the ordinary fees allowed executors and administrators and the ordinary fees of their attorneys under the provisions of Sections 901 and 910 of the Probate Code of California, computed on the value of the estate at the date of decedent's death;

(e) The amount due or paid the Government of the United States as a Federal inheritance or estate tax; provided, however, that the amount of such tax allowable herein as a deduction shall be limited to a computation thereof (commencing at the primary rates) made by the acting State Inheritance Tax Appraiser upon his own valuations of that portion of such property only, the transfer of which is taxable under the provisions of this act, by applying to such valuations the exemptions and rates of the Federal inheritance or estate tax in force at the date of decedent's death;

Limitation

(f) This subdivision (11) is intended as a limitation on deductions, and it is not its purpose to allow as a deduction anything that does not actually reduce the amount of the inheritance or transfer.

(12) Where the tax imposed by this act is of a lesser amount than the maximum credit of the Federal estate tax allowed by the Federal Estate Tax Law because of said tax herein imposed, then the tax provided for by this act shall be increased so that the amount of tax due this State shall be the maximum amount of the credit allowed under said Federal Estate Tax Law. Said additional tax shall be paid out of the same funds as any other ordinary charge against the estate. Additional tax

Where no tax is imposed by this act because of the exemptions herein, or for any other reason, and a tax is due the United States under the Federal Estate Tax Law, then a tax shall be due this State equal to the maximum amount of the credit allowed under said Federal Estate Tax Law.

Should the amount of tax in this act increased by this section be afterwards found to be more than the maximum credit allowed under the Federal Estate Tax Law, then any excess over and above the said maximum credit shall be refunded as is provided in Subdivision 4 of Section 11 of this act. Said application for refund must be made within six months after said maximum credit has been determined by the Federal Government.

SEC. 2. This act, inasmuch as it provides for a tax levy for the usual current expenses of the State, shall, under the provisions of Section 1 of Article IV of the Constitution, take effect immediately. Tax levy

An emergency exists in the United States and the State of California in providing adequate armies and facilities of defense. An emergency exists in the United States and the State of California in providing adequate armies and facilities of defense. National Guard units are being called into the Federal service. Thereupon the arresting officer shall forthwith release the person arrested from custody.

The defendant may, prior to the date upon which he promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant shall not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may in his discretion order that no further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the city or county treasury, as the case may be.

(f) No warrant shall issue on such charge for the arrest of a person who has given such written promise to appear in court, unless and until he has violated such promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

CHAPTER 204

An act relating to the relief of debtors and guarantors; permitting postponement of sales under certain chattel mortgages, mortgages, deeds of trust, or contracts of purchase of real property, or chattels attached to real property, or postponement of forfeitures and terminations under such contracts of purchase, or extensions of periods for redemption, or reduction of moneys to be paid on redemption; regulating the appointment of receivers in certain cases; declaring the urgency hereof, and providing that it shall take effect immediately. "Chattle Mortgage, Mortgage, and Trust Deed Moratorium Act of 1941"

[Approved by Governor April 29, 1941. Filed with Secretary of State April 29, 1941.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. A large proportion of the real property in this State is held subject to mortgage or deed of trust or under Legislative finding of facts

contract of purchase, and many owners and purchasers thereof are finding it extremely difficult or impossible, because of past economic conditions from which recovery has not been complete to meet their obligations and to retain their property.

Prices for farm products are still low and unemployment in industry and business is still so widespread, that farmers and wage earners, and those who do business with them, are not yet as a class receiving a normal income.

The value to the State of a large body of owners of land is inestimable, as such owners have a vital interest in the State and its welfare, and participate in governmental affairs to such an extent and in such a way that they constitute an essential factor in the political and economic life of the State.

If steps are not taken immediately to permit additional delay of sales under certain chattel mortgages, mortgages, deeds of trust, and contracts of purchase, and forfeitures and terminations under contracts of purchase a large number of owners of real and personal property will be forced to abandon their interests in their property and the benefits of past moratoria will be completely lost

An emergency therefore exists, and it is necessary to provide for the permitting of delays of sales under certain chattel mortgages, mortgages, deeds of trust, and contracts of purchase, or of forfeitures and terminations under contracts of purchase.

In permitting such delays the greatest care must be taken to prevent an economic result contrary to the purpose of moratoria legislation. Undue restrictions upon, and extended postponements of, the remedies of owners of certain chattel mortgages, mortgages, deeds of trust and contracts of purchase must, of necessity, result both in a material lessening of the loan value of the property of the State and of the value to the property owners of their equity over and above encumbrances, and also in the inability of property owners to refinance their obligations on favorable terms. Such results can not but impair the financial stability and prevent the financial rehabilitation of property owners of the State, and must eventually precipitate an unduly large number of foreclosures, sales and forfeitures. The conflicting economic principles involved in moratoria legislation and the inestimable value to the State, not only of a large body of landowners but also of the existence of sound property values, requires at this time a statement of the policy of this Legislature to be that relief by moratoria legislation should be extended only in those cases where the value of the security will not be seriously jeopardized.

With these considerations in view, the following provisions are intended to permit such delays and such safeguards to the interests of creditors affected thereby as are required by the present emergency.

Petition to postpone mortgage, etc., sale

SEC. 2. At any time within 90 days from and after the recording of notice of default under Section 2924 of the Civil Code, but not later than June 1, 1943, the trustor under any deed of trust upon real property, or upon chattels attached to

real property, or the mortgagor under any mortgage upon real property, or upon chattels attached to real property, conferring the power of sale, may file a petition in the superior court of the county in which such real property, or chattels attached to real property, or the major portion thereof, is situated, praying for an order postponing the sale of such property under the power of sale conferred by such deed of trust of such mortgage.

Service of petition

SEC. 3. A copy of such petition shall be served upon the trustee and the beneficiary under such deed of trust, or upon the mortgagee under such mortgage, as the case may be, in the manner provided by law for the service of summons in a civil action.

Notice of pendency

A notice of pendency of such petition shall immediately be recorded in each county in which any of such property is situated, and on the day of such recordation a copy thereof shall be mailed, postage prepaid, from a post office within this State, addressed to such trustee and beneficiary, or such mortgagee, as the case may be, at their respective places of residence, if known to petitioner, if not, then at the county seat of the county, or at the city and county, where the proceeding is pending.

Contents

Such notice of pendency shall state the name of the petitioner, the nature of the petition, and the book and page of the records of the county recorder in which the mortgage or deed of trust is recorded.

Hearing

SEC. 4. Upon application of the petitioner, after service of such petition, or upon application of any other interested party after the filing of the petition, a hearing shall be had thereon within 20 days after such application, upon such notice as the court shall reasonably prescribe; provided, however, that the court, if it finds equitable grounds therefor, may postpone such hearing for not to exceed 10 days.

Postponement of sale

After the filing of such petition and the recording and mailing of the notice of the pendency thereof, as provided in Sections 2 and 3 of this act, no sale under the power of sale conferred by such deed of trust or such mortgage shall be held until the court makes its order in the matter, but nothing herein contained shall prevent such sale at any time after July 1, 1943.

Order of postponement

SEC. 5. Upon such hearing the court may make its order, if it finds equitable grounds for relief, and finds that the security will not be unreasonably jeopardized thereby, ordering that such sale shall not be held until after such date as the court considers just and equitable, but in no event shall such date be beyond July 1, 1943, or may make its order dismissing such proceedings.

Reasonable income, etc., value

If the court orders the sale postponed it shall determine the reasonable value of the income from such property, or if the property has no income, then the reasonable rental value of such property, or if the property is unimproved, a reasonable sum to be paid by the trustor or mortgagor as determined by

the court, and by such order shall require the trustor or mortgagor to pay all or at least a reasonable part of such income, rental value, or sum so determined by the court, in or toward the payment of taxes, insurance, interest, or principal of the indebtedness at such times and in such manner as are determined to be just and equitable under the circumstances.

Maintenance and repair

SEC. 6. The court must include in such order provisions requiring maintenance and repair by the trustor or mortgagor, regulating the disposition of any income from the property and such other provisions as it deems just and equitable for the protection of the security, but in no event shall the court order the payment by the trustor or mortgagor of a lesser sum than necessary to pay (a) current taxes, (b) all delinquent taxes, except that such taxes may be paid in installments as may be provided by law, and (c) any insurance premiums required to be paid by the debtor under the contract between the parties.

Petition to extend redemption period

SEC. 7. When any mortgage or deed of trust upon real property, or upon chattels attached to real property, has been foreclosed, and the property covered thereby has been sold in whole or in part under decree of foreclosure, and the period of redemption has not yet expired, the mortgagor or trustor thereof, having the right of redemption, may at any time not later than June 1, 1943, file a petition in the superior court of the county in which the property so sold or the major portion thereof is situated, praying for an order extending such period of redemption.

Service of petition

SEC. 8. A copy of such petition shall be served upon the purchaser of such property at the foreclosure sale, or, if there has been a redemption, upon the last redemptioner, in the manner provided by law for the service of summons in a civil action.

Notice of pendency

A notice of pendency of such petition shall immediately be recorded in each county in which any of such property is situated, and, on the day of such recordation, a copy thereof shall be mailed, postage prepaid, from a post office within this State, addressed to such purchaser or last redemptioner, as the case may be, at his place of residence, if known to petitioner, if not, then at the county seat of the county, or at the city and county, where the proceeding is pending.

Contents

Such notice of pendency shall state the name of the petitioner, the nature of the petition, and the book and page of the records of the county recorder in which the mortgage or deed of trust is recorded.

Hearing

SEC. 9. Upon application of the petitioner after service of such petition, or upon application of any other interested party, after the filing of the petition, a hearing shall be had thereon within 20 days after such application, upon such notice as the court shall reasonably prescribe; provided, however, that the court, if it finds equitable grounds therefor, may postpone such hearing for not to exceed 10 days.

Upon the filing of such petition and the recording and mailing of the notice of pendency thereof as provided in Sections 7 and 8 of this act, the period of redemption, if such period would sooner terminate, shall be extended until 10 days after the court makes its order in the matter, but in no event beyond July 1, 1943. Extension of period

SEC. 10. Upon such hearing the court may make its order, if it finds equitable grounds for relief and finds that the security will not be unreasonably jeopardized thereby, extending such period of redemption for such additional time as the court considers just and equitable, but in no event beyond July 1, 1943, or may make its order dismissing such proceeding. Order of extension

If the court by its order extends the period of redemption, it shall determine the reasonable value of the income from such property, or if the property has no income, then the reasonable rental value of such property, or if the property is unimproved, a reasonable sum to be paid by the trustor or mortgagor as determined by the court. Reasonable income, etc., value

The court shall require the trustor or mortgagor to pay all or at least a reasonable part of such income, rental value, or sum so determined by the court, in or toward the payment of taxes upon such property, the cost of insurance and the sums to which the purchaser of such property at such foreclosure sale, or the last redemptioner, as the case may be, is entitled under the provisions of Section 707 of the Code of Civil Procedure, at such times and in such manner determined to be just and equitable under the circumstances.

SEC. 11. The court must include in such order provisions requiring maintenance and repair by the trustor or mortgagor, regulating the disposition of any income from the property, and such other provisions as it deems just and equitable for the protection of the interest and security of the purchaser or last redemptioner, as the case may be. Maintenance and repair

In no event shall the court order the payment by the trustor or mortgagor of a lesser sum than the greater of (1) the amount of such reasonable value of the income, or such reasonable rental value, or such reasonable sum so determined by the court, or (2) a sum sufficient to pay (a) current taxes, (b) all delinquent taxes, except that such taxes may be paid in installments as provided by law, and (c) a sum reasonably necessary for fire and other insurance upon any improvement upon such property.

SEC. 12. Any sums paid to a purchaser or redemptioner pursuant to Sections 10 or 11 of this act shall be a credit upon the redemption money to be paid as provided in Section 707 of the Code of Civil Procedure; but in the event no redemption is made, the same shall belong to such purchaser or redemptioner. Credit upon redemption money

SEC. 13. Nothing in this act shall be construed as abridging or limiting the statutory right of redemption provided in Sections 701, 702, 703, 704, 705, 706 and 707 of the Code Scope of act

of Civil Procedure, or as shortening the period of redemption as therein provided, or as altering the mode or procedure for redemption as therein provided.

Fixing date of sale

SEC. 14. In any decree rendered, prior to July 1, 1942, foreclosing a mortgage or deed of trust upon real property, the court may provide that the sale of the property shall not be held until on or after such date as the court considers just and equitable, but in no event later than July 1, 1942. If the court provides in such decree that the sale shall not be held until on or after such date as it shall fix, it shall determine the reasonable value of the income from such property, or if the property has no income, then the reasonable rental value of such property, or if the property is unimproved, a reasonable sum to be paid by the trustor or mortgagor as determined by the court, and shall require the trustor or mortgagor to pay all or at least a reasonable part of such income, rental value, or sum so determined by the court, in or toward the payment of taxes, insurance, interest, or principal of the indebtedness at such times and in such manner determined to be just and equitable under the circumstances. The court may include in such order provisions requiring maintenance and repair, regulating the disposition of any income from the property, and such other provisions as it deems just and equitable for the protection of the security.

Petition to postpone purchase foreclosure sale

SEC. 15. The purchaser of any real property, or of chattels attached to real property, under any contract of purchase may, at any time prior to the foreclosure, termination, or forfeiture of his interest under such contract, but not later than June 1, 1943, file a petition in the superior court of the county in which such property, or the major portion thereof, is situated for an order postponing to a date not later than July 1, 1943, the foreclosure, termination, or forfeiture of his interest thereunder.

Service of petition

A copy of such petition shall be served upon the vendor, and notice of pendency of such petition shall be recorded and mailed, and a hearing shall be held thereon within the time, after the notice, and in the manner provided in Sections 3, 4, 5 and 6 of this act in respect to petitions relating to sales under the power of sale conferred by deeds of trust and mortgages.

Hearing

After such hearing the court, if it shall determine that it is equitable and just so to do and that the security will not be unreasonably jeopardized thereby, may make its order postponing to a date not later than July 1, 1943, the foreclosure, termination or forfeiture of the petitioners' interest under such contract of purchase on substantially the same terms and conditions as those prescribed in Sections 5 and 6 of this act, or the court may make its order dismissing such proceeding.

Order modifying previous order postponing sale.

SEC. 16. Upon the petition of any interested party at any time or from time to time prior to the date to which any postponement or extension pursuant to this or any of the foregoing sections, or pursuant to Chapter 7 or Chapter 348, Statutes of 1935, or by virtue of the provisions of Chapter 5, Statutes of 1937, or Chapter 167, Statutes of 1937, or Chapter 86, Statutes of 1939, or any other provision of law, was made, or prior to the time that a sale may be held under any decree or order rendered pursuant to this act, the court, upon hearing after such notice to the other interested parties as it shall reasonably prescribe, may make an order altering or supplementing or extending any previous order or decree of the postponement of sale therein provided rendered in the matter pursuant to this or any of the foregoing sections, or pursuant to Chapter 7 or Chapter 348, Statutes of 1935, or by virtue of the provisions of Chapter 5, Statutes of 1937, or Chapter 167, Statutes of 1937, or Chapter 86, Statutes of 1939, or any other provision of law, upon the presentation of evidence showing that the provisions of such order or decree should be altered or supplemented or extended to make them just and equitable and that such extension will not unreasonably jeopardize the security; provided, however, that the court by such order shall not require the payment of lesser sums than are under this act required to be paid, nor extend any periods of postponement or extension beyond the limits in this act prescribed.

Waste or default.

SEC. 17. If the trustor, mortgagor or purchaser under a contract of purchase commits waste or defaults in any payment or act required by order or decree of court, the court, unless good excuse therefor is shown, shall order that the sale, foreclosure, termination or forfeiture postponed by its order or decree proceed as provided by law, or that the period of redemption extended by its order or decree shall expire on the making of its order or within the time provided by law, whichever shall last occur, and that the moneys to be paid on redemption, if theretofore reduced, be increased to the extent of such previous reduction, if it finds after hearing upon such notice to the original petitioner or his attorney as it prescribes, that there has been such waste or such default, unless good excuse therefor is shown, amounting to a material breach of the order or decree of postponement or extension.

SEC. 18. No suit or action shall be commenced against the guarantor of any note secured by a mortgage or deed of trust upon real property, or upon chattels attached to real property, in any case while, pursuant to the provisions of this act, no sale may be made under any power of sale contained in such mortgage or deed of trust or while no sale may be made under the final decree of foreclosure rendered in an action to foreclose such mortgage.

SEC. 19. No sale shall be made under any decree of foreclosure of, or under any power of sale contained in, any chattel mortgage (a) upon any personal property located in and used in connection with the operation of any building located

upon real property, or (b) upon any personal property (excluding personal property under lease contract and excluding live stock) which is used in connection with the customary operation of agricultural real property, sale of which real property under any mortgage, deed of trust, or contract of purchase, is postponed by the filing of a petition and the recording of notice thereof under the provisions of this act, until on or after such date as a sale of such real property is lawfully held under such mortgage, deed of trust, or contract of purchase, when such chattel mortgage was given as additional security for an obligation also secured by a deed of trust, mortgage, or contract of purchase, on such real property.

Statute of limitations

SEC. 20. Whenever the time within which an action may be commenced upon any obligation founded upon a written instrument secured by chattel mortgage, mortgage, deed of trust or contract of purchase, or founded upon any guarantee of such obligation or any contract of suretyship therefor or any indorsement of such instrument, would expire by virtue of Section 337 of the Code of Civil Procedure, or by virtue of the provisions of Chapter 1, Statutes of Extra Session of 1934, or by virtue of the provisions of Chapter 7 or Chapter 348, Statutes of 1935, or by virtue of the provisions of Chapter 5, Statutes of 1937, or Chapter 167, Statutes of 1937, Chapter 86, Statutes of 1939, or any other provision of law, during the period commencing with the effective date of this act and ending on July 1, 1943, such time is hereby extended so as not to expire until the first day of October, 1943.

SEC. 23. Nothing contained in this act shall preclude any trustor under a deed of trust or any mortgagor of chattels or any mortgagor under a mortgage or any purchaser under a contract for the purchase of real property, or chattels attached to real property, from executing and delivering at any time a deed to his beneficiary, mortgagee or vendor, or the purchaser at any foreclosure sale or a redemptioner, as the case may be, and the execution and delivery of any such deed by any such trustor, mortgagor or purchaser shall constitute a waiver of the benefit of all the provisions of this act. The failure on the part of any trustor, mortgagor or purchaser to file a petition within the times specified in this act, shall be deemed a waiver of the benefit of the provisions of this act.

Effect of sale

SEC. 24. Any sale of property under a chattel mortgage, or of real property, or of chattels attached to real property, under a deed of trust, mortgage, or chattel mortgage, made in violation of this act shall be voidable, except as against a bona fide purchaser or encumbrancer for value, at the instance of the record owner of such real or personal property at the time of such sale; provided, that any action to avoid such sale or any deed executed pursuant thereto must be brought within one year of the date of such sale.

Filing fees

SEC. 25. There shall be no filing fees for the filing of any document with the county clerk under the provisions of this act.

Appointment of receiver

SEC. 26. Until July 1, 1943, no receiver shall be appointed at the instance of the mortgagee of any mortgage or the trustee or beneficiary of any deed of trust, with respect to real property or chattels attached to real property subject to mortgage or deed of trust, except in a suit or action for the foreclosure of such mortgage or deed of trust or for the enforcement of the covenants, or any thereof, contained in such mortgage or deed of trust, or in a proceeding ancillary to any such suit or action, or until after recording notice of default.

Constitutionality

SEC. 27. If any section, clause or part of this act, or the application thereof to any person or circumstance, is finally determined by the courts to be unconstitutional, such section, clause or part shall no longer be effective or such application shall no longer control, but all other sections, clauses or parts or the application thereof to other persons and circumstances shall continue in full force and effect; it being the intent of the Legislature to make this act as effective as possible to relieve debtors in the manner herein provided.

Confirmation of compromise

SEC. 28. Whenever any petition under this act is to be or is being heard by the court, the interested parties may submit

to the court, in writing, a composition of the indebtedness involved in the proceeding, or a compromise settlement of the proceeding, and the court shall have jurisdiction and may by its order confirm and approve such composition or settlement.

Construction

SEC. 29. Nothing contained herein shall be construed as affecting any rights which have accrued under Chapter 1, Statutes of the Extra Session of 1934, or shorten the time within which any action may be commenced.

SEC. 30. Nothing contained herein shall be construed as affecting any rights which have accrued under Chapter 7, Statutes of 1935, Chapter 348, Statutes of 1935, Chapter 5 or Chapter 167, Statutes of 1937, Chapter 86, Statutes of 1939, or shorten the time within which any action may be commenced, or affect any proceedings taken thereunder, and in so far as such proceedings have not been completed they may be continued under this act and subject to its provisions, and the court in any such proceeding shall have the same powers as though the petition therein had been filed under the provisions of this act.

Short title

SEC. 31. This act shall be known as the "Chattel Mortgage, Mortgage, and Trust Deed Moratorium Act of 1941."

Urgency

SEC. 32. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution, and shall therefore take effect immediately.

The facts constituting the necessity are as follows: A severe economic depression has long existed throughout the State and many citizens have not yet reached normal earning power and are still unable to pay the principal sum of their debts or to otherwise finance their obligations. As a result thereof, through foreclosure actions, they are being deprived of their property. This will impose severe hardships upon many persons who have hitherto constituted an important part of the self-supporting and economically independent people of the State. This act will provide a means for delaying such sales, foreclosures, terminations and forfeitures so as to permit landowners and land purchasers to find means of meeting their obligations, and at the same time will protect the interests of creditors. The dangers mentioned will thus be avoided.

when testing not less than 14 per cent, soluble solids in a composite sample of the juice from not less than 10 representative cherries as shown by a standard refractometer instrument.

All red and black varieties of cherries shall not be considered mature unless at the time of picking the entire surface has attained at least a solid light red color.

When cherries are packed in containers by the "face and fill" method the average size of the cherries used in the fill shall not be smaller than would pack one "row size" more than the cherries in the packed face; however, none of the cherries in the fill shall be of a size that would pack more than two sizes smaller, except that 5 per cent, by count, of the cherries in any one container may be below this minimum size requirement.

Cherries meeting all other requirements of this section shall in addition be free from doubles except that (1) a tolerance of 10 per cent, by count, shall be allowed for doubles with both halves well developed uniform in size and mature, and (2) a tolerance of 2½ per cent, by count, shall be allowed for doubles having one portion not well developed. However, any amount of such doubles shall be allowed if the container in which they are placed or packed is plainly and conspicuously marked on the outside end of the container, bearing other markings required by this section, with the designation "Exceeds tolerance for doubles" in letters at least three-eighths of an inch in height.

Containers

All containers of cherries shall bear upon them in plain sight and in plain letters on one outside end: The name of the person who first authorized the packing of the cherries or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; the name of the variety, if known, and when not known the words "unknown variety." When two or more varieties are placed in the same container they shall be marked "mixed varieties." All containers of row packed cherries shall be marked with the number of rows of cherries packed laterally across the end of the container, directly followed by the word "row" or "rows" or the letter "R" in like size letters. All closed containers of loose cherries shall be marked in numbers and letters at least three-eighths of an inch in height with (a) the row size of the cherries in the container followed by the term "row size" or (b) the "minimum diameter" of the cherries in the container expressed in inches or fractions thereof, followed by the term "inch minimum diameter" or "inches minimum diameter" or a proper abbreviation or variation of such designation.

(a) When containers of loose cherries are marked with a row size designation at least 50 per cent of the cherries in the container shall be of a size no smaller than the row size number marked; however, none of the cherries in such container shall be more than two row sizes smaller than that marked on the container, except that 5 per cent, by count, of the cherries

in any one container may be below this minimum size requirement. The row size number shall be deemed to be that number of cherries of uniform size whose aggregate width will equal $11\frac{1}{2}$ inches.

(b) When containers of loose cherries are marked with the minimum diameter of the cherries in the container none of the cherries in such container shall be smaller in diameter than the size marked on the container, except that 5 per cent, by count, of the cherries in any one container may be below the size marked. In addition the cherries in any container so marked with the minimum diameter, shall not vary in diameter between the fruits in the container, more than one-fourth of an inch. The "diameter" shall mean the diameter measured through the widest portion of the cross section of the cherry at a right angle to a straight line drawn from the stem end to the distal end thereof.

Compliance with the requirements of this section may be determined by the examination of a representative sample of the cherries in any container or bulk lot.

Cherries shall be in standard containers numbers 4, 10, 11, 12, 12A, 22C, 25 or 27.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular container."

Standard container number 15, the cherry box 3 inches in depth, $9\frac{3}{4}$ inches in width and $18\frac{1}{8}$ inches in length, inside measurements, and the lug 4 inches in depth, $13\frac{1}{2}$ inches in width and $16\frac{1}{8}$ inches in length, inside measurements, shall be considered standard for cherries until January 1, 1942.

Urgency

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California and as such shall take effect immediately. The following is a statement of the facts constituting such necessity:

Improved quality, maturity and methods of packing of cherries required by this act are important factors to the welfare of the cherry industry. Abuses in this connection which have taken place during the past several years in this branch of the agricultural industry threaten to cause serious and unnecessary economic losses to the cherry growers of this State who follow proper and ethical practices. The cherry shipping season will start before this act would normally take effect and, therefore, in order to prevent great loss and economic hardship to a large number of people it is necessary that this act take immediate effect.

SEC. 2. Section 11c is hereby added to said act, to read as follows: New section

Sec. 11c. Whenever a municipal court is established in a city of the second and three-eighths class, the salaries of the judges, clerk, marshal, and other attaches, and the cost of all supplies, books, furniture and suitable quarters, except as hereinafter otherwise provided in this section, for carrying out their duties, including supplies and equipment for the preparation and maintenance of duplicate records of the court, or a division thereof when sessions are held at more than one place within the city wherein the court is established, shall be paid by the county in which the court is situated out of the municipal court fund, or, if there be no such fund, out of the county general fund. However, if such charges upon the county for maintaining the municipal court exceed the sum of twenty-five thousand dollars ($25,000) per annum, the city shall reimburse the county in the amount of such excess from such municipal court fines and forfeitures as by law would otherwise become the property of the city. The amount to be repaid may be deducted and retained for the account of the county by the county auditor, as often as may be practicable, and at least semiannually, from the amounts payable to the city pursuant to Section 1463 of the Penal Code. The amount to be repaid may be changed at any semiannual period by agreement between the governing bodies or authorized officers of the city and the county. Payment of expenses

He shall draw complaints for such misdemeanors, and shall prosecute all recognizances or bail bond forfeitures and all actions for the recovery of fines, penalties, and forfeitures arising or resulting from the commission of such offenses. In addition, he shall perform such other duties as may be prescribed by law.

CHAPTER 208

An act to amend Sections 4095 and 4101 of the Political Code, relating to the issuance, payment and cancellation of county warrants.

In effect immediately

[Approved by Governor May 3, 1941. Filed with Secretary of State May 3, 1941.]

The people of the State of California do enact as follows:

Stats 1919, p 309

SECTION 1. Section 4095 of the Political Code is hereby amended to read as follows:

Warrants to be numbered

4095. All warrants issued by the auditor during each fiscal year, commencing with the first of each fiscal year, must be numbered consecutively and the number, date, amount of each, and the name of the person to whom payable and the purpose for which drawn, must be stated thereon, and they must, at the time they are issued, be registered by him. Separate series of numbers may be used for the different kinds of warrants, such as pay roll warrants and general warrants drawn for miscellaneous supplies and expenses, and special warrants drawn on court orders, etc.

Cancellation

Any warrant not presented to the county treasurer within two years after it was issued shall be canceled. However, any warrant issued for the giving of aid to a needy aged person, to a needy child or to a needy blind person shall be canceled if not presented for payment within six months after the date of issuance.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the State Constitution, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity:

The Federal Social Security Act provides for quarterly payments to eligible States for use in aiding the needy aged, the needy blind and needy dependent children; such payments

being based in part on State reports of estimated needs filed at the commencement of each quarterly period, and in part on semiannual investigations and audits conducted by Federal agents. In the case of California, which is one of the States eligible for payments, serious administrative difficulties have been experienced in connection with these reports and audits for the reason that under the existing law warrants issued by county auditors for the extension of aid need not, and frequently are not, presented for payment within a period of six months after their issuance. Unless this situation is corrected there is danger of a withholding by the Federal Government of Social Security funds to which this State is justly entitled. This act provides the remedy and, if made to take effect at the earliest time possible, will ward off all possibility of such withholding.

SEC. 2. Section 4101 of the Political Code is hereby amended to read as follows: Stats 1919, p 339

4101. The treasurer must: Duties of county treasurer

1. Receive all moneys belonging to the county, and all other moneys by law directed to be paid to him, safely keep the same, and apply and pay them out, rendering the account thereof as required by law.

2. File and keep the certificates of the auditor delivered to him when moneys are paid into the treasury.

3. Keep an account of the receipt and expenditure of all such moneys, in books provided for the purpose, in which must be entered the amount, the time when, from whom, and on what account all moneys were received by him; the warrant number, the amount, time when, and on what account all disbursements were made by him.

4. So keep his books that the amount received and paid out on account of separate funds or specific appropriations are exhibited in separate and distinct accounts, and the whole receipts and expenditures shown in one general or cash account.

5. Enter no moneys received for the current year on his account with the county for the past fiscal year, until after his annual settlement for the past year has been made with the county auditor.

6. Disburse the county moneys and all other money placed in his custody by official authority only on county warrants issued by the county auditor, except on settlement with the State.

7. Disburse the moneys in the treasury on such warrants only when they are based on orders of the board of supervisors, or upon order of the superior court, or as otherwise provided by law, and in the payment of such warrants he may issue his order, check or draft drawn upon the proper funds that are on deposit in any bank.

CHAPTER 209

Stats 1939, p 482, amended

An act to add Section 10253.5 to the Health and Safety Code, relating to birth certificates of adopted children.

In effect September 13, 1941

[Approved by Governor May 3, 1941 Filed with Secretary of State May 3, 1941.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 10253.5 is hereby added to the Health and Safety Code, to read as follows:

Disposition of original birth certificate

10253.5. When a new birth certificate is issued in place of the original birth certificate of an adopted child, the State Registrar shall inform the local registrar and the county recorder whose records contain copies of the original certificate, and the local registrar and county recorder shall forward such copies to the State Registrar for filing with the original certificate, if it is practical for the local registrar or county recorder to do so. If it is impractical for the local registrar or county recorder to forward the copy to the State Registrar, the local registrar or county recorder shall effectually seal a cover over such copy in such a manner as not to deface or destroy such copy and forward a verified statement of his action to the State Registrar. Thereafter the information contained in such copy shall be only available to any person as provided in Section 10254.

CHAPTER 210

An act making an appropriation for the contingent expenses of the Senate, the act to take effect immediately.

In effect immediately

[Approved by the Governor May 3, 1941, with reduction hereunder noted. In effect immediately Filed with Secretary of State May 3, 1941.]

I object to the appropriation of $50,000 and hereby reduce the sum to $25,000. With this reduction I approve the bill.

My reasons for reducing the amount of said appropriation are as follows:

The total of the appropriation proposed to be made by this bill, together with other appropriations to the Senate Contingent Fund, far exceeds the total amount appropriated to the Senate Contingent Fund of previous regular sessions This total even exceeds the unusually large appropriations made for the previous regular legislative session to cover extremely large sums spent by numerous special Senate and joint legislative investigating committees This additional amount of $25,000 which I have approved I know is ample to cover all necessary expenditures from the Senate Contingent Fund It is inconceivable that the normal contingent expenses that could be incurred by the Senate during the remainder of this regular session could possibly exceed the sum of $10,000, even though the session were to last another 60 days If at a later date a still further appropriation to this fund should become necessary, I will willingly approve the same.

May 3, 1941

CULBERT L. OLSON
Governor of California

The people of the State of California do enact as follows:

Appropriation: Contingent expenses of Senate

SECTION 1. Out of any money in the State Treasury not otherwise appropriated, the sum of fifty thousand dollars ($50,000) is hereby appropriated for contingent expenses of

the Senate to be expended for such purposes and in such manner as the Senate shall by resolution direct. This appropriation shall be available without regard to fiscal year.

SEC. 2. Inasmuch as this act provides an appropriation for the usual current expenses of the State, it shall under the provisions of Section 1 of Article IV of the Constitution take effect immediately. Current expenses

CHAPTER 211

An act to add Section 20 to the California Unemployment Relief Act of 1935, relating to the support of persons in need of unemployment relief. Stats. 1935, p. 1850, amended

[Approved by Governor May 3, 1941. Filed with Secretary of State May 3, 1941.] In effect September 13, 1941

The people of the State of California do enact as follows:

SECTION 1. Section 20 is hereby added to the act referred to in the title, to read as follows: New section

Sec. 20. No person shall be denied relief under this act for the reason that he has a spouse, parent or adult child financially able to support him, when in fact such relatives are not providing him with a reasonable subsistence compatible with decency and health. Right to relief

If any person applying for or receiving relief under this act has a spouse, parent, or adult child financially able to contribute to his support, upon the failure of such relatives to support him, the Relief Administrator shall request the district attorney of the county in which the relatives reside to proceed against such relatives. Upon such request, the district attorney shall, on behalf of the State, maintain an action against such relatives or any of them in the county in which any of the defendants reside (i) to recover for the State such portions of the aid granted as the court finds such relative or relatives financially able to pay and (ii) to secure an order requiring such relative or relatives to pay to the State any sums which may become due in the future and for which the relative or relatives may be liable. Recovery from spouse, parent or adult child

The court making an order pursuant to this section shall have continuing jurisdiction to modify the order prospectively by increasing or decreasing the amount which any relative is to pay, in accordance with changing circumstances. The court may, at any time while it has jurisdiction of the action, and upon motion or upon its own motion, order new parties defendant to be brought in, and to that end may order amended and supplemental pleadings to be filed and summons thereon to be issued and served. Thereafter the court shall have jurisdiction to render judgment against or issue an order to such new parties and the court's jurisdiction over such new parties shall continue as heretofore provided in this section. Court order

Any money recovered shall be paid into the State Treasury to the credit of the Unemployment Relief Fund.

CHAPTER 212

An act making an appropriation for the contingent expenses of the Assembly for the Fifty-fourth Session of the Legislature including expenses of committees created at that session, and declaring that this act shall take effect immediately.

In effect immediately

[Approved by the Governor May 6, 1941, with reduction hereunder noted. In effect immediately. Filed with Secretary of State May 7, 1941.]

I object to the appropriation of $50,000 and hereby reduce the sum to $25,000. With this reduction I approve the bill.

My reasons for reducing the amount of said appropriation are as follows:

The total of the appropriation proposed to be made by this bill, together with the $45,000 already appropriated to the Assembly Contingent Fund, far exceeds the total amount appropriated to the Assembly Contingent Fund of previous regular sessions This total even exceeds the unusually large appropriations made for the previous regular Legislative session to cover extremely large sums spent by numerous special Assembly and joint legislative investigating committees. This additional amount of $25,000 which I have approved together with the amount remaining from previous appropriations, I know is ample to cover all necessary expenditures from the Assembly Contingent Fund It is inconceivable that the normal contingent expenses that could be incurred by the Assembly during the remainder of this regular session could possibly exceed the sum of $25,000 more than the amount now in the fund, even though the session were to last another 60 days If at a later date a still further appropriation to this fund should become necessary, I will willingly approve the same.

May 6, 1941

CULBERT L. OLSON
Governor of California

The people of the State of California do enact as follows:

Appropriation Contingent expenses of Assembly

SECTION 1. The sum of fifty thousand dollars ($50,000), or so much thereof as may be necessary, is hereby appropriated out of any money in the State Treasury not otherwise appropriated, for contingent expenses of the Assembly for the Fifty-fourth Session of the Legislature, including expenses of committees created at that session whether to meet and act during the constitutional recess or after final adjournment.

SEC. 2. This appropriation shall be available for the purposes for which it is appropriated without regard to fiscal years.

Current expenses

SEC. 3. Inasmuch as this act makes an appropriation for the usual current expenses of the State it shall, under the provisions of Section 1 of Article IV of the Constitution, take effect immediately.

CHAPTER 213

An act to add Sections 802.6 and 828.53 to, and to amend Sections 828.1, 828.45 and 829.15 of the Agricultural Code, relating to containers for grapes, declaring the urgency of this act, to take effect immediately.

Stats 1933, p. 60, amended

[Approved by Governor May 7, 1941. Filed with Secretary of State May 7, 1941.]

Containers designated as 37A, 37B, 37C, 37D, 37E, 37F and 37G shall be standard for grapes when used without cleats or with any one of the following defined cleats attached to the top of each end piece; however, no such container shall be less than $4\frac{7}{16}$ nor more than $6\frac{1}{16}$ inches in depth, including the depth of a cleat on each end.

1. Cleat $\frac{3}{8}$ inch depth and $1\frac{1}{16}$ inch width.
2. Cleat $\frac{1}{2}$ inch depth and $1\frac{1}{16}$ inch width.
3. Cleat $1\frac{1}{16}$ inch depth and $1\frac{1}{16}$ or $\frac{7}{8}$ or $1\frac{3}{8}$ inch width.
4. Cleat $\frac{7}{8}$ inch depth and $1\frac{1}{16}$ inch width.

Only the depth measurement of these cleats shall be used to increase the depth measurements of the container.

Containers designated as 5, 6, 7, 8, 9, 9A, 30A, 38H, 38I and 38J shall be standard for grapes when used with or without any style of cleat providing the sides of the container are not placed above the container head.

Container number 37G shall also be considered standard for grapes when each head piece is beveled across each bottom corner at an angle of 45 degrees, starting 2 inches from each

such corner, and is notched at the center of the base by a triangle with a base of 4 inches and an altitude of 2 inches and bottom slats are attached to each bevel and to each side of the notch, so as to affect the contour of the box.

Containers designated as 37D, 37F and 37G shall also be considered standard for grapes when constructed as display lugs defined herein and subject to the following restrictions. No other container shall be considered standard for grapes when so constructed.

Standard Display Lug: Container 37G when constructed as a "display lug" shall have a $5\frac{3}{4}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{2}$ inches in depth, and shall be used without a cleat or cleats; however, when a pad filler is placed in the bottom of the container a $\frac{3}{8}$ or $\frac{11}{16}$ inch cleat may be placed on each end of the container on top of the head in such a manner as to add $\frac{3}{8}$ or $\frac{11}{16}$ of an inch to the height of each end piece.

Special Display Lug: Container 37F when constructed as a "display lug" shall have a $5\frac{1}{2}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{4}$ inches in depth, and shall be used without a cleat or cleats.

The term "display lug" shall mean a lug with a two-piece or slotted head (with or without cleats) and sides consisting of two pieces, constructed in such a manner that when packed with grapes and lidded, an entire upper section of the lug, together with the lid, can readily be removed, thereby displaying the grapes.

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Urgency

Article IV of the Constitution of the State of California and as such shall take effect immediately. The following is a statement of the facts constituting such necessity:

Abuses involving the packing and shipment of grapes in numerous sizes and types of containers with extreme variations in contents, constitute a serious unfair trade practice and threaten to cause unnecessary losses to the grape growers in this State. A large part of the grape crop for the coming season will have been marketed and containers for the season will be ordered and a considerable quantity used before this act would normally take effect. Therefore in order to prevent great loss, distress and hardship to a large number of people, it is necessary that this act take immediate effect.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. Under existing provisions of law, funds allocated or apportioned to school districts by the Government of the United States of America or its agencies for, among other things, the

Furthermore, under existing provisions of law, certain of the funds allocated or apportioned by the State or its agencies may not be expended until the close of the school year in which such funds are received.

These conditions are detrimental to the program of National defense and the welfare of the pupils of the public schools and to correct such conditions this act should take effect immediately.

Automobile parking district Powers

SECTION 1. Any municipality or portion thereof may be formed into an improvement district for the providing of parking space for automobiles; for the laying out, opening, extending, widening, straightening, establishment, or change of grade,

in whole or in part, of public auto parks and public rights of way necessary or convenient therefor; for the condemnation of property, or of any interest therein, necessary or convenient for such purposes; for work in or upon public auto parks and public rights of way, including property over which possession and right of use has been obtained under the provisions of Section 14, of Article I, of the Constitution in such district; for the acquisition and construction of public improvements, works, and equipment necessary or convenient therefor; for the issuance, sale, and payment of bonds of such districts to meet the cost thereof; for the levy of assessments; and any such district may levy assessments and may receive, accept, and use aid for any or all such purposes from any municipality, county, State, or the Federal Government or any department thereof, and do all other things necessary or convenient for the providing of parking space for automobiles in such district as hereinafter provided, and otherwise to carry out the purposes of this act; and any municipality, county, or the State of California, or any department thereof, is authorized to contribute funds, lands, or equipment therefor.

Petition for formation of district

SEC. 2. Upon receipt of a petition verified by one or more persons and signed by property owners owning taxable land equal in assessed value to twenty-five per cent (25%) of the assessed value of all of the taxable land in a proposed improvement district as described in said petition, as shown by the county assessment roll of all lands in said district as last equalized prior to the filing of said petition, and describing generally the improvement requested and the estimated cost thereof, the legislative body of the municipality in which said proposed improvement district is located, may adopt a resolution declaring its intention to form an improvement district. Said resolution shall contain:

Contents of petition

1. The name of the improvement district proposed to be formed, which district shall bear the same name as the municipality conducting the proceedings, together with the number of such district, as_____ _____Improvement District No. _____.

2. A legal description of the boundaries of the proposed district, which may be described by reference to a boundary line on a map on file in the office of the city engineer of said city for public inspection.

3. A general nontechnical description of what is proposed to be done as an improvement in such district and referring to a sketch, map, or tentative general plan on file with the said city engineer of the said city, indicating what is proposed to be done. It shall not be necessary to indicate on such sketch, map, or plan the exact size, shape, or location of such proposed parking facilities, but it shall be sufficient to indicate in a general way the approximate number of square feet of parking space to be provided in each block, or other designated area, within said improvement district.

4. A general estimate of the total cost of everything proposed to be acquired, constructed, and done.

5. A general estimate of the annual cost of maintenance thereof after completion.

6. The estimated preliminary expense of preparing detailed plans and specifications, calling and holding any and all hearings for the formation of such district and the authorization of any bond issue proposed, and all incidental expenses in connection therewith.

7. The proportionate share of such preliminary and incidental expenses to be paid or furnished by such city, if any.

8. The date, hour, and place for hearing upon the proposed formation of such improvement district and the time within which and the place where any protests may be filed.

Filing petition

SEC. 3. A copy of said resolution of intention to form an improvement district, together with a copy of all maps, plans, or sketches referred to shall be filed with the clerk of the legislative body of such city, and said resolution shall be published by said clerk once in said city in a newspaper of general circulation published therein. In any city where no such newspaper is published, such resolution shall be posted for 10 days in three public places within the proposed improvement district.

Protests

SEC. 4. Any person interested, objecting to the formation of said improvement district or to the extent thereof or to the inclusion of his property therein, may file a written protest with the clerk of the legislative body of such city within thirty (30) days after the first publication or first posting of such resolution of intention. The clerk of said legislative body shall present to said legislative body all protests filed with him, and said legislative body shall hear and determine the same, and its decision thereon shall be final and conclusive; provided, however, that if the owners of real property having an assessed valuation, exclusive of improvements, equal to fifty per cent (50%) of the assessed valuation exclusive of improvements of the district as a whole, have protested the proposed district or improvement, then such protests shall be sustained and no further proceedings shall be had or taken pursuant to said petition, but a new petition for the same or a similar purpose may be filed at any time after the expiration of one (1) year from the date such protests were sustained. Said hearing may be continued from time to time at the discretion of the legislative body. At the conclusion of said hearing the legislative body of such municipality may make such changes in the boundaries of the proposed district within said city as it shall find to be advisable, or may, in its discretion, abandon such proceeding even though the protests have not been sufficient to require the abandonment of such proceedings, as hereinabove provided, nor shall any territory be included in such district which, in the judgment of such legislative body, will not be benefited by said proposed improvement in said district.

Hearing

Said legislative body shall not modify the boundaries of said proposed improvement district except after notice of its intention to do so is given by publishing once in said newspaper or by posting in three public places, as the case may be, describing the proposed modification and specifying a time for hearing objections to such modification, which time shall be at least ten (10) days after the first publication or posting of said notice. Written objection to said proposed modification may be filed with the clerk of said legislative body by any interested person as provided for protests in the first instance, at or before the time set for hearing the same; and said legislative body shall hear and pass upon such objections at the time appointed or at any time to which the hearing thereof may be continued, and its decisions thereon shall be final and conclusive. At the expiration of the time within which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, or at the expiration of the time within which objections to the modification of the boundaries of the district, in case such modification be proposed, may be filed, if none be filed, or if such objections be filed and, after hearing, be overruled, as above provided, then said legislative body shall be deemed to have acquired jurisdiction to proceed further in accordance with the provisions of this act. At the conclusion of all hearings held as hereinabove provided said legislative body of said city shall adopt a resolution declaring said improvement district to be formed and including the territory as originally described or as modified after said hearings.

Modification of boundaries

Resolution

SEC. 5. At any time after said legislative body shall have so acquired jurisdiction and approved the boundaries of the improvement district, it may adopt a resolution of intention to issue bonds of the said improvement district described in the resolution of intention to issue bonds, which description shall conform to the boundaries of the said district, as the same may have been approved as hereinabove provided, and may provide for the submission to the property owners thereof the proposition of incurring a debt by the issuing of bonds of such improvement district for the purposes set forth and enumerated in the original resolution of intention. The resolution of intention to issue said bonds shall also recite the objects and purposes for which said proposed indebtedness is to be incurred, the total estimated cost thereof, the estimated cost of all incidental expense in connection therewith; the amount of the principal of the indebtedness proposed to be incurred therefor, which principal of indebtedness shall not exceed twenty per cent (20%) of the assessed value of the taxable land in said district as shown by the county assessment roll of all the lands of such district as last equalized prior to the adoption of such resolution; the rate of interest to be paid on such indebtedness, which rate shall not be more than five per cent (5%) per annum, payable semiannually; the

Bonds

Resolution of intention

amount of any moneys or labor or equipment or material allocated to such district or for the use thereof by any city, county, State, or the Federal Government or any department thereof; provided, that the failure to secure any such allocation prior to the completion of proceedings hereunder shall not prevent the use of any such allocation of funds, labor, equipment, or material afterward obtained. Such resolution of intention to issue bonds shall also fix a date, hour, and place for the hearing of protests, which date shall be at least thirty (30) days and not more than sixty (60) days after the adoption of the resolution of intention to issue said bonds. Within ten (10) days after adoption of the said resolution of intention to issue bonds the clerk of said legislative body shall mail prepaid post cards, each with an addressed reply post card attached thereto with the return postage thereon guaranteed, giving notice of the proposed formation of such district, of the incurring of any indebtedness proposed to be incurred, and of the time and place for hearing protests thereon. Said card shall be mailed to each person to whom land in the proposed district is assessed on the last equalized county assessment roll at his address as shown upon such roll and to any person, whether owner in fee or having a lien upon, or legal, or equitable interest in any land within said proposed district, who has filed his name and address and a designation of the land in which he is interested with the said clerk.

Mailing notice of intention

The return post card as sent out shall be addressed to the clerk sending out the notice and shall have thereon a guarantee of the payment of the postage for the return thereof, and on the reverse side shall contain substantially the following:

"The undersigned is opposed to the formation of the _____Improvement District, Number_____, and to the incurring of indebtedness by the issuance of bonds of such district as proposed in the resolution of intention therefor, No._____.

(Signature)_____

"Write underneath a description or designation of property represented and interest therein_____

_____"

Objections

In the absence of fraud, no error or mistake in the sending of said notices, or any of them, and no failure on the part of anyone to receive the same shall affect the validity of any proceedings, but the clerk must sign an affidavit of mailing such notices and must include a list of the names and addresses of the persons to whom such notices were sent. If the owners of land equal in assessed value to one-half ($\frac{1}{2}$) of the total assessed value of all land in the proposed district return such cards to the clerk of the initiating legislative body indicating their objection to the formation of such district and the incurring of said indebtedness by the issuance of the bonds of said district, no further proceeding therefor shall be valid, except that a new resolution to form said district for such

improvement may be adopted after the expiration of one (1) year, as in the first instance, and the same proceedings shall be repeated as hereinabove provided.

At the expiration of the time within which protests may be filed, if an insufficient number of protests have been received to stop the proceedings, the said legislative body may adopt an ordinance providing for the issuance of bonds of the district described in the resolution of intention to issue bonds and for the purposes set forth in said resolution of intention.

Bonds Repayment

SEC. 6. Said legislative body shall, subject to the provisions of this act, prescribe the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable in the following manner:

A part, to be determined by said legislative body and which shall not be less than one-twentieth ($\frac{1}{20}$) part of the whole amount of such indebtedness, shall be payable each and every year, on a day and date and at a place to be fixed by said legislative body and designated in such bonds, together with the interest on all sums unpaid on such date, until the whole of said indebtedness shall have been paid; provided, however, that the said legislative body may in its discretion determine and fix a date for the earliest maturity of the principal of such bonds, not more than two (2) years from the date of the issue of such bonds, but in this event the whole amount of such indebtedness must be made payable in equal annual parts in not to exceed twenty (20) years from the time of contracting the same.

Same Form

The bonds shall be issued in such denomination as said legislative body may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and shall be payable on the day and at the place fixed in such bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of five (5) per centum per annum, and shall be paid semiannually; and said bonds shall be signed by the chairman of the said legislative body or by such other officer as the said legislative body shall, by resolution adopted by a two-thirds ($\frac{2}{3}$) vote of all of its members, authorize and designate for that purpose, and also signed by the treasurer of said city, and shall be countersigned by the clerk thereof. All signatures on the bonds, except that of the clerk, may be lithographed. The interest coupons on said bonds shall be numbered consecutively and signed by the said treasurer by his engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

Same Sale

SEC. 7. Said legislative body may issue and sell the bonds of such district, authorized as hereinabove provided, at not

less than par value, and the proceeds of the sale of such bonds shall be placed in the treasury of such municipality to the credit of the proper district fund and shall be applied exclusively to the purposes and objects mentioned in the said resolution of intention for the issuance of said bonds as aforesaid and to the incidental expense in connection therewith. Said bonds shall be sold only after notice of sale published once at least ten (10) days before the time for receiving bids, or after posting such notice for at least ten (10) days, calling for bids based upon a stated interest rate or upon a statement of a maximum interest rate with provision for the bidder to specify the exact interest rate; provided, that nothing herein contained shall prevent said or any municipality or county from purchasing said bonds.

Tax levy

SEC. 8. The said legislative body shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax each year upon the taxable land, exclusive of improvements, in such district sufficient to pay the interest on such bonds and such portion of the principal thereof as is to become due before the time when the proceeds from the next general tax levy becomes available; provided, however, that if the maturity of the indebtedness created by the issue of such bonds be made to begin more than one (1) year after the date of such issue, such tax shall be levied and collected, at the time and in the manner aforesaid, each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such tax shall be in addition to all other taxes levied for any other purposes and, when collected, shall be paid into the treasury of such city and be used for the payment of the principal and interest on such bonds, and for no other purpose. The principal and interest on such bonds shall be paid by the said treasurer in the manner provided by law for the payment of principal and interest on bonds of such city.

Construction contracts

SEC. 9. All contracts for the construction or completion of any public work or improvement, or for furnishing labor, materials, or supplies therefor as herein provided shall be let to the lowest responsible bidder. The legislative body of such city shall advertise as for the letting of contracts generally inviting sealed proposals for furnishing labor, materials, and supplies for the proposed improvement or work or portion thereof before any contract shall be made therefor. The said legislative body shall have the right to require such bonds as it may deem best from the successful bidder to insure the faithful performance of the contract and shall also have the right to reject any and all bids; provided, however, that nothing herein contained shall be construed as prohibiting the municipality itself from constructing or completing such works or improvements and employing the labor necessary therefor, without a contractor; and provided further, that in municipalities operating under a charter heretofore or hereafter framed

under the provisions of the Constitution of the State of California, all acts required to be performed subsequent to the sale of such bonds by this act, shall be done and performed by the proper body, board, officer, or commission of such municipality as is required or authorized by such charter to perform such acts; and in case such charter also prescribes the manner of letting and entering into contracts for the furnishing of labor, materials, or supplies for the constructing or completion of public works or improvements, the contracts therefor shall be let and entered into in conformity with such charter.

The provisions of an act entitled "An act to secure the payment of claims of persons employed by contractors upon public works and the claims of persons who furnish materials, supplies, teams, implements or machinery used or consumed by such contractors in the performance of such works and prescribing the duties of certain public officers with respect thereto," approved May 10, 1919, as now or hereafter amended, are hereby expressly made applicable to any work performed under the provisions of this act. Stats 1919, p 487

SEC. 10. Said municipality shall, by and through its proper officers, have full power and authority to expend the proceeds acquired from the sale of such bonds for the acquisition or construction of the improvement or work or purposes set forth in the resolution of intention to issue bonds, and shall also have full power and authority to acquire or construct such improvements or works, and such improvements or works so acquired or constructed shall be the property of such district. Acquisition and construction of improvements

SEC. 11. Whenever the legislative body which has formed a district hereunder shall by resolution declare that it is no longer necessary to expend the money raised by the sale of bonds of such district for the purpose for which said bonds were issued by reason of the fact that such purpose for which said bonds were issued has been accomplished by other means, or is no longer feasible, or if a surplus remains in said bond fund after the completion of such improvement for which said bonds were voted, the said legislative body shall by resolution order that said money be placed into a sinking fund for the purpose of paying the principal and interest of said bonds. Surplus funds

SEC. 12. This act shall not affect any other act or acts relating to the same or a similar subject, but it is intended to provide an alternative method of procedure governing the subject to which it relates. When proceeding under the provisions of this act, its provisions, and none other, need be followed. The said legislative body after the formation of such a district, instead of incurring an indebtedness of such district by issuing bonds of such district, may proceed in the manner hereinabove provided for a bond issue for the purpose of determining whether or not said legislative body shall levy an annual tax of not to exceed ten cents ($0 10) per one hundred dollars ($100) of assessed valuation on all of the land in Alternative method

Tax levy Improvements

such district for the objects and purposes hereinabove enumerated, in which case, all proceedings, notices, protests, and requirements shall be the same as hereinabove provided for and preliminary to the issuance of bonds of said district.

Same: Maintenance and operation

SEC. 13. After the formation of such district and the proper adoption of an ordinance ordering the incurring of indebtedness by the issuance of bonds or the making of an annual tax levy on the land in said district, as hereinabove in the last preceding section provided, the said legislative body, concurrently at the time of fixing the general tax levy and in the manner for such general tax levy provided, may levy and collect a tax each year upon the taxable land, exclusive of improvements, in such district, not to exceed five cents ($0.05) per one hundred dollars ($100) of assessed valuation as shown on the county assessment roll, to maintain, repair, equip, and operate any or all auto parks, parking places, improvements, works, and equipment theretofore authorized; and the said legislative body shall have full power and authority to do anything and everything necessary or convenient to accomplish the objects and purposes hereinabove referred to, or any portion thereof.

Definitions

SEC. 14. Whenever the terms "owner," "owners," "property owners," or "owners of land" are used in this act, such terms shall be deemed to refer to those, and to those only, who appear to be such upon the records of the recorder's office of the county in which the district is situated on the day before the day set for the filing of any petition or of any protest, as the case may be, referred to herein; and an executor or administrator shall be deemed representative of his decedent; and a trustee of an expressed trust in land, other than as security for the payment of money, of the land held in such trust; and a trustee in bankruptcy of the bankrupt; and a guardian of his ward. Such terms shall also include any person who holds a valid contract to purchase land, which fact must either be shown to be such upon the records in such recorder's office or the owner signing any protest must exhibit his contract to purchase; provided, however, that if both the owner of record and the contract purchaser shall present protests for the same land, only one protest shall be counted.

Form of objections

The objection of any owner may be made by the signature of his agent; provided, that there must be attached to the objection the affidavit of the agent that he is duly authorized to sign said objection. Every written objection must contain a description of the property in which each signer thereof is interested sufficient to identify it, and must set forth the nature of his interest therein, and if signed by more than one objector, must be accompanied by the affidavit of one of the signers thereto that each signature thereto is the genuine signature of the person whose name is thereto subscribed. No informal or technical insufficiency in the form of any protest shall invalidate such protest if such protest shall be sufficient to identify the property in which the signer is interested to

show that such protest is based upon a bond or bonds authorized hereby and to show that such signer is entitled to file such protest.

The provisions of this act shall be liberally construed to effect the purpose thereof, and no provision hereof shall be deemed or construed to prohibit the inclusion within the boundaries of any district formed under the provisions of this act of any territory which has heretofore or which may be hereafter included within any other district formed under the provisions of this act. This act and all proceedings hereunder shall be exempt from any and all provisions of the "Special Assessment Investigation, Limitation and Majority Protest Act of 1931." Stats 1931, p 1372

[Approved by Governor May 13, 1941 Filed with Secretary of State May 13, 1941]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Retail Sales Tax Act of 1933 is hereby amended to read as follows: Stats 1939, p 2170

Sec. 2. The following words, terms and phrases when used in this act have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning: Definitions

(a) "Person" includes any individual, firm, copartnership, joint adventure, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, syndicate, this State, any county, city and county, municipality, district or other political subdivision thereof, or any other group or combination acting as a unit, and the plural as well as the singular number.

Definitions (b) "Sale" means any transfer of title or possession, or both, exchange, barter, lease or rental, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property, for a consideration, or any withdrawal, except a withdrawal pursuant to a transaction in foreign or interstate commerce, of tangible personal property from the place at which such property is located for delivery to a point in this State for the purpose of the transfer of title or possession, or both, exchange, barter, lease or rental, conditional or otherwise, in any manner or by any means whatsoever, of such tangible personal property for a consideration, and includes the producing, fabricating, processing, printing or imprinting of tangible personal property for consumers who furnish either directly or indirectly the materials used in such producing, fabricating, processing, printing or imprinting, the furnishing and distributing of tangible personal property for a consideration by social clubs and fraternal organizations to their members or others, and the furnishing, preparing or serving for a consideration of food, meals or drinks. A transaction whereby the possession of property is transferred but the seller retains the title as security for the payment of the price shall be deemed a sale. A transfer for a consideration of the title or possession of tangible personal property which has been produced, fabricated or printed to the special order of the customer, or of any publication, shall likewise be deemed a sale.

(c) A "retail sale" or "sale at retail" means a sale to a consumer or to any person for any purpose other than for resale in the regular course of business in the form of tangible personal property, except that the expressions "transfer of possession," "lease," and "rental" as used in subdivision (b) of this section shall mean and include only such transactions as the board, upon investigation, finds to be in lieu of sales as defined in subdivision (b) of this section without the words "lease or rental."

The delivery in this State of tangible personal property by an owner or former owner thereof or by a factor if such delivery is to a consumer pursuant to a retail sale made by a retailer not engaged in business in this State, is a retail sale in this State by the person making such delivery and such person shall include the retail selling price of such property in his gross receipts.

(d) "Business" includes any activity engaged in by any person or caused to be engaged in by him with the object of gain, benefit or advantage, either direct or indirect.

(e) "Seller" includes every person engaged in the business of selling tangible personal property the gross receipts from the retail sale of which are required to be included in the measure of the tax imposed hereunder.

"Retailer" includes every person engaged in the business of making sales at retail or in the business of making retail sales at auction of tangible personal property owned by such

person or others; except that public or private schools, school districts, student organizations and parent-teacher associations serving meals exclusively to students and teachers, and employers or employee organizations serving meals exclusively to employees shall not be regarded as retailers of the meals served by them. When in the opinion of the board it is necessary for the efficient administration of this act to regard any salesmen, representatives, peddlers or canvassers as the agents of the dealers, distributors, supervisors or employers under whom they operate or from whom they obtain the tangible personal property sold by them, irrespective of whether they are making sales on their own behalf or on behalf of such dealers, distributors, supervisors or employers the board may so regard them and may regard the dealers, distributors, supervisors or employers as retailers for purposes of this act. Definitions

(f) "Gross receipts" means the total amount of the sale or lease or rental price, as the case may be, of the retail sales of retailers, including any services that are a part of such sales, valued in money, whether received in money or otherwise, including all receipts, cash, credits and property of any kind or nature, and also any amount for which credit is allowed by the seller to the purchaser, without any deduction therefrom on account of the cost of the property sold, except that in accordance with such rules and regulations as the board may prescribe, a deduction may be taken if the retailer has purchased property for some other purpose than resale, has reimbursed his vendor for tax which the vendor must pay to the State, or has paid the use tax with respect to such property, and has resold the property prior to making any use of such property other than retention, demonstration, or display while holding it for sale in the regular course of business, and without any deduction on account of the cost of the materials used, labor or service cost, interest paid, losses or any other expense whatsoever; provided, however, that cash discounts allowed and taken on sales shall not be included, and "gross receipts" shall not include the sale price of property returned by customers upon rescission of the contract of sale, when the full sale price thereof is refunded either in cash or by credit, nor shall "gross receipts" include the price received for labor or services used in installing or applying the property sold.

For the purpose of this act the total amount of the sale price above mentioned shall be deemed to be the amount received exclusive of the tax hereby imposed; provided, that the retailers shall establish to the satisfaction of the board that the tax imposed hereunder had been added to the sale price and not absorbed by the retailer.

(g) "Board" means the State Board of Equalization.

(h) "Tangible personal property" means personal property which may be seen, weighed, measured, felt, touched, or is in any other manner perceptible to the senses.

(i) "In this State" or "in the State" means within the exterior limits of the State of California and includes all territory within such limits owned by or ceded to the United States of America.

SEC. 4. Section 9 of the Retail Sales Tax Act of 1933 is hereby amended to read as follows:

Tax returns

Sec. 9. The tax levied hereunder shall be a direct obligation of the retailer and shall be due and payable quarterly on or before the fifteenth day of the month next succeeding each quarterly period, the first of such quarterly periods being the period commencing with August 1, 1933, and ending on the thirtieth day of September, 1933. Each seller shall on or before the fifteenth day of the month following the close of the first quarterly period as above defined, and on or before the fifteenth day of the month following each subsequent quarterly period of three months, make out a return for the preceding quarterly period in such form as may be prescribed by the board showing the gross receipts of the seller, the amount of the tax for the period covered by such return and such information as the board may deem necessary for the proper administration of this act. The seller shall deliver the return together with a remittance of the amount of the tax due to the office of the board. The board, if it deems it necessary in order to insure the payment or facilitate the collection of the tax imposed by this act, may require returns and payment of the tax to be made for quarterly periods other than calendar quarters, depending upon the location of the principal place of business of the seller, or for other than quarterly periods. Returns shall be signed by the seller or his duly authorized agent but need not be verified by oath.

The board may by regulation provide that the amount collected by the retailer from the consumer, in reimbursement of taxes imposed by this act, shall be displayed separately from the list, advertised in the premises, marked or other price on the sales check or other proof of sale.

SEC. 5. Section 11 of the Retail Sales Tax Act of 1933 is hereby amended to read as follows: Stats 1933, p 2603

The amount of the security shall be fixed by the board but shall not be greater than twice the person's estimated average tax for the period for which he files returns, determined in such manner as the board deems proper, or ten thousand dollars ($10,000), whichever amount is the lesser. The amount of the security may be increased or decreased by the board subject to the limitations herein provided. The security may be sold by the board at public sale if it becomes necessary so to do in order to recover any tax, interest or penalty due. Notice of such sale may be served upon the person who deposited such securities personally or by mail; if by mail, service shall be made in the manner prescribed by Section 1013 of the Code of Civil Procedure and addressed to the person at his address as the same appears in the records of the board. Upon any such sale, the surplus, if any, above the amounts due under this act shall be returned to the person who deposited the security. Deposit of security; Notice of sale

SEC. 6. Section 17 of the Retail Sales Tax Act of 1933 is hereby amended to read as follows: Stats 1939, p. 2175

Sec. 17. The burden of proving that a sale of tangible personal property is not a sale at retail shall be upon the person who makes it, unless such person takes from the purchaser a certificate to the effect that the property is purchased for resale. Such certificate relieves the seller from such burden only if taken in good faith from a person engaged in the business of selling tangible personal property and holding the permit provided for in Section 12 of this act and who, at the time of purchasing the tangible personal property, intends to sell it in the regular course of business or is unable to ascertain at the time of purchase whether such property will be sold or will be used for some other purpose. Such certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to such purchaser under this act, and shall indicate the general character of the tangible Resale certificate

personal property sold by such purchaser in the regular course of business. Such certificate shall be substantially in such form as the board may prescribe.

If a purchaser who gives such a certificate makes any use of such property other than retention, demonstration, or display while holding it for sale in the regular course of business, such use shall be deemed a retail sale by such purchaser as of the time such property is first used by him and the cost of such property to him shall be deemed the gross receipts from such retail sale. If the sole use of such property other than retention, demonstration or display in the regular course of business is the rental of the property while holding it for sale, the purchaser may elect to include in his gross receipts the amount of the rental charged rather than the cost of the property to him.

Presumption

For the purpose of the proper administration of this act and to prevent evasion of the tax hereby imposed it shall be presumed that all gross receipts are subject to the tax hereby imposed until the contrary is established.

Additional assessment

If the board is not satisfied with the return or returns of tax made by any retailer, it is hereby authorized and empowered to make one or more additional assessments of tax due from such retailer based upon the facts contained in the return or returns, or upon any information within its possession or that shall come into its possession. One or more additional assessments may be made of the amount of tax due for one or for more than one period.

Interest

The amount of tax so assessed shall bear interest at the rate of one-half of 1 per cent per month, or fraction thereof, from the fifteenth day after the close of the quarterly period for which the amount of such tax or any portion thereof should have been returned until the date of payment. In

Offsets

making an assessment hereunder the board may offset overpayments for a period or periods, together with interest on such overpayments, against underpayments for another period or periods, against penalties, and against the interest on such underpayments. Such interest on underpayments and overpayments shall be computed in the manner set forth

Penalties

in Sections 9½ and 23 hereof. If any part of the deficiency for which the additional assessment is imposed is due to negligence or intentional disregard of the act or authorized rules and regulations, a penalty of 10 per cent of the amount of the additional assessment shall be added thereto. If any part of the deficiency for which the additional assessment is imposed is due to fraud or an intent to evade the tax, a penalty of 25 per cent of the amount of the additional assessment

Notice

shall be added thereto. The board shall give to the retailer written notice of such additional assessment. Such notice may be served upon the retailer personally or by mail; if by mail, service shall be made in the manner prescribed by Section 1013 of the Code of Civil Procedure and addressed to the retailer at his address as the same appears in the records of the board.

SEC. 7. Section 18 of the Retail Sales Tax Act of 1933 is hereby amended to read as follows: Stats 1939, p 2177

Sec. 18. If a retailer fails to make a return as required by this act, the board shall make an estimate based upon any information in its possession or that may come into its possession, of the amount of the gross receipts of the delinquent for the period or periods in respect to which he failed to make a return, and upon the basis of said estimated amount compute and assess the tax payable by the delinquent, adding to the sum thus arrived at a penalty equal to 10 per cent thereof. One or more assessments may be made of the amount of tax due for one or for more than one period. The amount of tax so assessed shall bear interest at the rate of one-half of 1 per cent per month, or fraction thereof, from the fifteenth day after the close of the quarterly period for which the amount of such tax or any portion thereof should have been returned until the date of payment. In making an assessment hereunder the board may offset overpayments for a period or periods together with interest on such overpayments against underpayments for another period or periods, against penalties, and against the interest on such underpayments. Such interest on underpayments and overpayments shall be computed in the manner set forth in Sections 9½ and 23 hereof. Failure to make return. Penalty. Interest. Offsets.

If the failure of a retailer to file a return as required by this act was due to fraud or an intent to evade the tax, there shall be added to the tax a penalty equal to 25 per cent thereof in addition to the 10 per cent penalty for failure to file returns. Promptly thereafter the board shall give to the delinquent written notice of such estimate, tax and penalty, the notice to be served personally or by mail in the same manner as prescribed for service of notice by the provisions of Section 17 hereof. But the delinquent shall have the right to petition for reassessment of any such tax found, determined and declared by the board pursuant to and in accordance with the provisions of this section. Additional penalty. Notice.

The board shall have Hearing.

When order final

The county clerk immediately upon the filing of such certificate shall enter a judgment for the people of the State of California against the retailer in the amount of the tax, interest and penalty set forth in the certificate. The judgment may be filed by the county clerk in a loose-leaf book entitled "Special Judgments for State Retail Sales or Use Tax."

Abstract of judgment

An abstract of such judgment or a copy thereof may be recorded with the county recorder of any county and from the time of such recording, the amount of the taxes, interest and penalty therein set forth shall constitute a lien upon all the real property of the retailer in such county, owned by him or which he may afterwards and before the lien expires acquire, which lien shall have the force, effect and priority of a judgment lien and shall continue for five years from the date of the judgment so entered by the county clerk unless sooner released or otherwise discharged. The lien may, within five years from the date of the judgment or within five years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record in the office of the county recorder of any county an abstract or copy of the judgment and from the time of such filing the lien shall be extended to the real property in such county for five years unless sooner released or otherwise discharged. Execution shall issue upon such a judgment upon request of the board in the same manner as execution may issue upon other judgments and sales shall be held under such execution as prescribed in the Code of Civil Procedure. The lien may, within five years from the date of the filing of the certificate or within five years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to the real property in such county for five years unless sooner released or otherwise discharged.

Warrant

At any time within three years after the delinquency of any tax, interest, or penalty, or within five years after the filing of the certificate referred to in the third paragraph of this section a warrant may be issued by the board or its duly authorized representative for the collection of any tax, interest or penalty and for the enforcement of any lien, directed to any sheriff, marshal or constable; and shall have the same effect as a writ of execution. It may and shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of and sale pursuant to a writ of execution. The sheriff, marshal or constable shall receive upon the completion of his services pursuant to a warrant and the board is authorized to pay to him the same fees and commissions and expenses in connection with services pursuant to said warrant as are provided by law for similar services pursuant to a writ of execution; provided, that fees for publication in a newspaper shall be subject to approval by the board rather than by the court; said fees, commissions and expenses shall be an obligation of the retailer and may be collected from the retailer by virtue of the warrant or in any other manner provided in this act for the collection of a tax.

Final return on selling or quitting business

If any retailer liable for any tax, interest or penalty levied hereunder shall sell out his business or stock of goods or shall quit the business, he shall make a final return and payment within 15 days after the date of selling or quitting business. His successor, successors or assigns, if any, shall withhold sufficient of the purchase price to cover the amount of such taxes, interest or penalties accrued or due and unpaid until such time as the former owner shall produce a receipt from the board showing that they have been paid, or a certificate stating that no taxes, interest or penalties are due. If the purchaser of a business or stock of goods shall fail to withhold the purchase price as above provided, he shall be personally liable for the payment of the taxes, interest and penalties accrued and unpaid on account of the operation of the business by any former owner, owners or assignors to the extent of the purchase price, valued in money. Within 30 days after receiving a written request from the purchaser for a certificate, the board shall either issue the certificate or mail

notice to the purchaser at his address as it appears on the records of the board of the amount of the tax, interest, and penalties that must be paid as a condition of issuing the certificate. Failure of the board to mail the notice will release the purchaser from any further obligation to withhold purchase price as above provided.

Notice of delinquency

In the event that any retailer is delinquent in the payment of the tax herein provided for or in the event an assessment has been made against him which remains unpaid, the board may, not later than three years after the payment becomes delinquent give notice thereof by registered mail to all persons having in their possession, or under their control, any credits or other personal property belonging to such retailer, or owing any debts to such retailer at the time of receipt by them of such notice and thereafter any person so notified shall neither transfer nor make any other disposition of such credits, other personal property, or debts until the board shall have consented to a transfer or disposition, or until 20 days shall have elapsed from and after the receipt of such notice. All persons so notified must, within five days after receipt of such notice, advise the board of any and all such credits, other personal property or debts, in their possession, under their control or owing by them, as the case may be.

Procedure for collection of delinquent taxes

At any time within three years after any retailer is delinquent in the payment of the tax herein provided for, the board may proceed forthwith to collect the tax due from the retailer in the following manner: The board shall seize any property, real or personal, of the retailer not exempt from execution under the provisions of the Code of Civil Procedure, and thereafter sell at public auction such property so seized, or a sufficient portion thereof, to pay the tax due hereunder, together with any interest or penalties imposed hereby for such delinquency, and any and all costs that may have been incurred on account of such seizure and sale. Notice of such intended sale and the time and place thereof, shall be given to such delinquent retailer in writing at least 10 days before the date set for such sale by inclosing such notice in an envelope addressed to such retailer at his last known residence or place of business in this State, if any, and depositing the same in the United States mail, postage prepaid, and by publication for at least 10 days before the date set for such sale in a newspaper of general circulation published in the county or city and county in which the property seized is to be sold; provided, that if there be no newspaper of general circulation in such county or city and and county, then by the posting of such notice in three public places in such county or city and county 10 days prior to the date set for such sale. Sale of property

At any such sale, the property shall be sold by the board in accordance with law and said notice, and the board shall deliver to the purchaser a bill of sale for the personal property, and a deed for any real property so sold, and such bill of sale or deed shall vest the interest or title of the retailer in the purchaser. The unsold portion of any property so seized may be left at the place of sale at the risk of the retailer. If upon any such sale, the moneys so received shall exceed the amount of all taxes, interest, penalties and costs due the State from such retailer, any such excess shall be returned to the retailer, and his receipt therefor obtained; provided, however, that if any person having an interest or lien upon the property has filed with the board prior to any such sale notice of such interest or lien the board shall withhold any such excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If, for any reason, the receipt of such retailer shall not be available, the board shall deposit such excess moneys with the State Treasurer, as trustee for such owner, subject to the order of such retailer, his heirs, successors or assigns.

Disposition of excess proceeds

Remedies cumulative

It is expressly provided that the foregoing remedies of the State shall be cumulative and that no action taken by the board or Attorney General shall be construed to be an election on the part of the State or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

SEC. 17. Section 7 of the Use Tax Act of 1935 is hereby amended to read as follows:

Tax returns

Sec. 7. The tax imposed by this act shall be due and payable to the board quarterly on or before the fifteenth day of the month next succeeding each quarterly period during which the storage, use or other consumption of tangible personal property became taxable hereunder, the first of such quarterly periods being the period commencing with the first day of July, 1935, and ending on the thirtieth day of September, 1935. Every retailer maintaining a place of business in this State shall on or before the fifteenth day of the month following the close of the first quarterly period as above defined, and on or before the fifteenth day of the month following each subsequent quarterly period of three months, file with the board a return for the preceding quarterly period in such form as may be prescribed by the board showing the total sales price of the tangible personal property sold by the retailer, the storage, use or consumption of which became subject to the tax imposed by this act during the preceding

Returns by retailers

quarterly period, and such other information as the board may deem necessary for the proper administration of this act. The return shall be accompanied by a remittance of the amount of tax herein required to be collected by the retailer during the period covered by the return. The board, if it deems it necessary in order to insure and facilitate payment to the State of the amount of tax herein required to be collected by retailers, may require returns and payment of such amount of tax for quarterly periods other than calendar quarters, depending upon the location of the principal place of business of the retailer, or for other than quarterly periods. Returns shall be signed by the retailer or his duly authorized agent but need not be verified by oath.

Remittance of tax

Every person purchasing tangible personal property, the storage, use or other consumption of which is subject to the tax imposed by this act, and who has not paid the tax due with respect thereto to a retailer required or authorized hereunder to collect the tax, shall on or before the fifteenth day of the month following the close of the first quarterly period as above defined, and on or before the fifteenth day of the month following each subsequent quarterly period of three months, file with the board a return for the preceding quarterly period in such form as may be prescribed by the board showing the total sales price of the tangible personal property purchased by such person, the storage, use or other consumption of which became subject to the tax imposed by this act during the preceding quarterly period and with respect to which the tax was not paid to a retailer required or authorized hereunder to collect the tax, and such other information as the board may deem necessary for the proper administration of this act. The return shall be accompanied by a remittance of the amount of tax herein imposed and not paid to a retailer required or authorized hereunder to collect the tax during the period covered by the return. The board, if it deems it necessary in order to insure and facilitate payment to the State of the amount of such tax may require returns and payment for quarterly periods other than calendar quarters depending upon the location of the principal place of business of the purchaser, or for other than quarterly periods. Returns shall be signed by the person liable for the tax or his duly authorized agent but need not be verified by oath.

Returns by consumers

Remittance of tax

The board, if it deems it necessary to insure the collection of the tax imposed by this act, may provide by rule and regulation for the collection of said tax by the affixing and canceling of revenue stamps and may prescribe the form and method of such affixing and canceling.

Resale certificate

For the purpose of the proper administration of this act and to prevent evasion of the tax and the duty to collect the same herein imposed, it shall be presumed that tangible personal property sold by any person for delivery in this State is sold for storage, use or other consumption in this State

unless the person selling such property takes from the purchaser a certificate to the effect that the property is purchased for resale. Such certificate relieves the seller from such burden only if taken in good faith from a person engaged in the business of selling tangible personal property and holding the permit provided for by Section 12 of the California Retail Sales Tax Act of 1933, and who, at the time of purchasing the tangible personal property, intends to sell it in the regular course of business, or is unable to ascertain at the time of purchase whether such property will be sold or will be used for some other purpose. Such certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to such purchaser under the California Retail Sales Tax Act of 1933, and shall indicate the general character of the tangible personal property sold by such purchaser in the regular course of business. Such certificate shall be substantially in such form as the board may prescribe.

Stats 1939, p 2174

If a purchaser who gives such a certificate makes any storage or use of such property other than retention, demonstration, or display while holding it for sale in the regular course of business, such storage or use is taxable as of the time the property is first so stored or used. If the sole use of such property, other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, the purchaser may elect to pay the tax on such use measured by the amount of the rental charged rather than the sales price of the property to him.

Presumption

Disposition of excess proceeds

If upon any such sale, the moneys so received shall exceed the total of all amounts including interest, penalties and costs due the State, any such excess shall be returned to the retailer, or other person liable for the tax, and his receipt therefor obtained; provided, however, that if any person having an interest or lien upon the property, has filed with the board prior to any such sale notice of such interest or lien the board shall withhold any such excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If, for any reason, the receipt of such retailer or other person liable for the tax shall not be available, the board shall deposit such excess moneys with the State Treasurer, as trustee for such owner, subject to the order of such retailer or other person liable for the tax, his heirs, successors or assigns.

Remedies cumulative

It is expressly provided that the foregoing remedies of the State shall be cumulative and that no action taken by the board or Attorney General shall be construed to be an election on the part of the State or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

CHAPTER 248

Stats 1935, p 1123, amended

An act to amend Section 17 of the Alcoholic Beverage Control Act, relating to sale of intoxicating liquors, and to provide that this act shall go into effect immediately.

In effect immediately

[Approved by Governor May 13, 1941. Filed with Secretary of State May 13, 1941.]

The people of the State of California do enact as follows:

Stats 1937, p 2140

Premises near work of public or quasi public character

SECTION 1. Section 17 of the Alcoholic Beverage Control Act is hereby amended to read as follows:

Sec. 17. No license, other than an on-sale beer license, shall be issued to any applicant for any premises situated

more than one mile outside the limits of an incorporated city or town and within four miles of any camp or establishment of men numbering 25 or more, engaged upon or in connection with the construction, repair or operation of any work, improvement or utility of a public or quasi public character; provided, however, that nothing in this section shall be deemed to apply to the renewal of any licenses for any premises which have been established and licensed under this act at least six months prior to the establishment of such camp or establishment of men, and further that any such last mentioned licenses whether held by the original licensee to whom first issued or a subsequent holder thereof shall be subject to transfer as to person and premises, or either, in the same manner as any other license of the same type and character issued by the board.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into effect immediately. The facts constituting the necessity are as follows: Urgency

In several of the seasonal resort areas of the State which are located more than one mile outside the limit of incorporated cities or towns public works camps have become established. In such areas regularly going resort businesses of many years standing have been duly licensed for the sale of distilled spirits and wine for more than six months prior to the establishment of such public works camps. Nevertheless, under the present law when the owner of such a resort business dies or sells his business, or when a partner in a partnership operating such a business dies or drops out of the partnership, there can be no transfer of the licenses held by such owner or partnership. The law does not now permit new licenses, except on-sale beer licenses, to be issued in such areas after the camps are established. However, since the licenses for such businesses can not be transferred and are being rapidly eliminated by the death of present owners or by a partner's death or his going out of business there is an increasing tendency for unlicensed persons to carry on the business of making unlawful sales of alcoholic beverages. There is thereby created a police problem which is extremely detrimental to the public peace, health and safety.

CHAPTER 249

Stats 1935, p. 248, amended

An act to amend Section 2825 of the Streets and Highways Code, relating to special assessments and public improvements, including the preparation of reports on proposed improvements.

In effect September 13, 1941

[Approved by Governor May 13, 1941. Filed with Secretary of State May 13, 1941.]

The people of the State of California do enact as follows:

Stats 1941, p. 754

SECTION 1. Section 2825 of the Streets and Highways Code is hereby amended to read as follows:

Contents of report

2825. The report upon the proposed improvement or acquisition shall contain the following information:

(a) A map, plat or diagram showing the general nature, location and extent of the proposed improvement or acquisition and the lands to be assessed to pay any part of the cost thereof.

(b) The total estimated cost of the proposed improvement, stating separately the estimated cost of each class of construction proposed such as grading, paving, curbing, and the like, and including the incidental expenses of the proceedings, the total amount of which shall also be separately stated.

(c) The total estimated cost, including the incidental expenses of the proceedings, the total amount of which shall also be separately stated, of the proposed acquisition.

If the acquisition of property for more than one purpose is involved, and any such purpose will require the acquisition of property or rights in property for which compensation must be made, which property or rights would not be required if such purpose were omitted, the estimated cost of the property or rights acquired for such purpose shall be separately stated.

(d) The assessed value of each parcel of land to be specially assessed as shown on the last equalized assessment roll and the total assessed value of the lands.

If the assessed value of any such parcel of land is not separately shown upon the assessment roll, an estimated assessed value of such parcel shall be made by the county or city assessor, as the case may be, and such estimate shall for the purposes of this division be considered the assessed value of such parcel.

(e) The total assessed value of the improvements on all parcels, but not upon each parcel, of the lands to be assessed, as shown by the assessment roll.

(f) The total true value of the lands to be assessed calculated in accordance with the provisions of Part 8.

(g) The true value of each parcel of the lands to be assessed calculated in accordance with the provisions of Part 8.

(h) The amount, as near as may be determined, of the total principal sum of all unpaid special assessments and special assessments required or proposed to be levied under any completed or pending assessment proceedings, other than that contemplated in the instant proceedings, whether direct or ad valorem, upon each parcel of the lands proposed to be assessed, which, if the proceedings therefor were begun after this division became effective, would require an investigation and report under this division.

(i) The estimated amount of the assessment for the proposed acquisition or improvement to be levied upon each parcel of land to be assessed.

If the assessment is to be made in proportion to the assessed value of lands for the purpose of general taxation, then the total estimated cost of the acquisition or improvement less the amount, if any, proposed to be paid toward the cost of such improvement or acquisition from any source other than special assessment upon benefited property and the assessed value of the lands to be assessed as shown on said last equalized assessment roll shall be the basis for the computation of the assessment of each parcel. If the district is to be divided into zones, such proposed zones and the percentage to be assessed against each such zone shall be shown on the district map and such estimated assessment shall also be proportioned, as nearly as may be, according to such zones and percentages.

(j) The number of years within which the bonds, if any, to be issued shall mature, and the number of installments of the principal of such bonds, and the interest rate or maximum interest rate at which such bonds shall be issued if no definite interest rate is to be fixed until such bonds are sold.

Insufficient educational facilities result in the inadequate training of students or the turning away of students, both of which adversely affect the welfare of the State.

An act to add Section 6¼ to the California Nautical School Act, relating to the State Nautical School, declaring the urgency thereof, and providing that this act shall take effect immediately.

Such gifts, donations, bequests and devises may be made subject to such conditions or restrictions as the board of governors may deem advisable.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and shall therefore go into immediate effect. The following is a statement of the facts constituting such necessity:

The Federal Government has been compelled to order the California Maritime Academy from its present site. The academy has, therefore, no site at the present time and it is imperative that an adequate site and necessary buildings and improvements be immediately provided. It is therefore imperative that work on such buildings and improvements be started immediately before the training ship returns. The proposed new site is not entirely adequate as to size and contour and a gift of land adjacent to the proposed new site has been proposed in order to provide an adequate site. The nature of the plans for the use of the site is dependent upon whether the proposed gift will be accepted. There is now no provision of law which authorizes the acceptance of the proposed gift of land and it is therefore necessary that this act take effect immediately.

The provisions of this act will permit the continued use of the nets and will serve the public purpose of keeping valuable nets in operation and thereby increasing the available supply of fish for human consumption, thus materially adding to the food resources of the people of this State, and will further serve to prevent the impairment of earning power of the fishermen involved.

SEC. 2. This act is hereby declared to be an emergency measure necessary for the immediate preservation of public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall, therefore, go into immediate effect. A statement of the facts constituting such necessity is as follows: Urgency

Under the National Defense Program there is a substantial movement of troop trains between points within the State of California and between points within the State of California and without the State of California. It is necessary that the Army and Navy personnel and their equipment in such movements move in the same train and that the personnel move in passenger cars and the equipment move in freight cars. It is necessary that such personnel and equipment move with expedition and dispatch. Passenger cars are heated and otherwise serviced by the locomotive of the train of which they are a part. Freight cars are not equipped with facilities and through which the passenger cars behind freight cars can be heated and otherwise serviced from the locomotive. For such passenger cars to be properly heated and otherwise serviced, it is necessary, therefore, that they be placed in trains consisting of both freight and passenger cars, ahead of freight cars. The Army and Navy of the United States require that

the railroads move personnel and their equipment in one train. Otherwise, the movement of such personnel and equipment is delayed and results in seriously hampering the National Defense Program with resultant detriment to the public health, peace and safety of this State. Therefore, this act should go into immediate effect.

3606. If the tax deed or taxes for any year since the sale are determined to be invalid, the court shall order any necessary steps taken to correct any cause of invalidity other than a cause of invalidity which affects the amount of taxes due for the year of sale or any year since the sale. The same officials shall comply with this order as would have taken such steps in the first instance. Correction of errors

SEC. 2. Section 3602.5 is hereby added to the Revenue and Taxation Code, to read as follows: New section

The procedure for this invalidity redemption shall otherwise be the same as an ordinary redemption. The estimate of the amount to be paid shall, as to the years covered by the action, be based on the interlocutory decree of the court in the action.

Stats. 1939, p. 1332 SEC. 5. Section 3616 of the Revenue and Taxation Code is hereby repealed.

Urgency SEC. 8. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and as such shall take effect immediately. The facts constituting such necessity are as follows:

After the enactment of Sections 3859 to 3859.20, inclusive, of the Political Code and Sections 3591 to 3617 of the Revenue and Taxation Code, it was discovered that if proceedings to quiet the State's title were brought thereunder it might interfere with sales to cities and other governmental agencies under Sections 3897d and 3897.3 of the Political Code and under Sections 3791 to 3810 of the Revenue and Taxation Code and

might also interfere with sales by the State to private persons under Sections 3833 to 3836.2 of the Political Code and Sections 3691 to 3730 of the Revenue and Taxation Code. By reason of the large number of tax-deeded properties throughout the State of California it is essential that all means for the restoration to the active tax rolls be utilized to the fullest extent and that there should be no delay in conducting sales or bringing proceedings under any of such provisions and that sales and proceedings under each and all of the above mentioned sections be conducted simultaneously. The provisions of this act will eliminate any conflict between the above mentioned provisions and will permit the immediate institution of suits to quiet title under Sections 3591 to 3617 of the Revenue and Taxation Code. It is therefore imperative that this act take effect immediately.

CHAPTER 290

Effect of repeal SEC. 47. The repeal of any section of the Revenue and Taxation Code by this act includes the repeal of any amendment of such section made by the Tax Redemption Termination Act, and the repeal by this act of any section or chapter added to the Revenue and Taxation Code by the Tax Redemption Termination Act is hereby declared to repeal, nullify, and make ineffective the addition of such section or chapter to the Revenue and Taxation Code by the Tax Redemption Termination Act. Any section added to the Revenue and Taxation Code by this act which bears the same section number as a section added to the Revenue and Taxation Code by the Tax Redemption Termination Act, or the same section number as a section of the Revenue and Taxation Code amended by the Tax Redemption Termination Act, controls over the section added to or amended by the Tax Redemption Termination Act.

The repeal of any section of the Political Code by this act includes the repeal of any amendment of such section made by the Tax Redemption Termination Act, and the repeal by this act of any section or chapter added to the Political Code by the Tax Redemption Termination Act is hereby declared to repeal, nullify, and make ineffective the addition of such section or chapter to the Political Code by the Tax Redemption Termination Act. The addition of any section or chapter to, and the repeal of any section or chapter of, the Political Code by the Tax Redemption Termination Act, which section or chapter is not specifically referred to in this act, shall not in any way be affected by the provisions of this act.

Operative date SEC. 48. Except for the provisions of Sections 4.5 and 4.6, the provisions of Sections 1 to 47, inclusive, of this act are not operative until June 1, 1941, on and after which date they become and continue operative and applicable.

Urgency SEC. 49. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately.

The following is a statement of facts constituting such necessity:

The Tax Redemption Termination Act makes a fundamental change in the law of property taxation as administered

in this State. It will terminate the right of redemption both as to property deeded to the State for delinquent taxes prior to the effective date thereof as well as property deeded to the State for taxes subsequent thereto. After its enactment it was discovered that if its provisions as enacted were allowed to become effective without amendment, great suffering would befall the citizens of the State of California whose property has become tax delinquent through no fault of their own, due to the tremendous burden of assessments of assessment districts. These districts may now be refunded, and in this way the property may be expeditiously returned to the tax rolls. To allow the provisions of the Tax Redemption Termination Act to become effective in their present form will ultimately result in the losing of large amounts of taxes, interest, and penalties which would otherwise be recovered, in the hamstringing of the orderly processes of tax collection as well as imposing great hardship on the citizens of the State of California. The inevitable result would be the thwarting of the purposes of the Tax Redemption Termination Act by preventing the return of property to the tax rolls. It is therefore imperative that this act take effect immediately.

Constitutionality

SEC. 50. If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be not in immediate effect or unconstitutional, it is the express legislative intent that such decision shall not affect the immediate operation or validity of the remaining portions of this act.

The Legislature hereby expressly declares that it would have passed this act, and each section, subsection, subdivision, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared inoperative, unconstitutional or not in immediate effect.

The Legislature hereby expressly declares, in addition, that each section, subsection, subdivision, sentence, clause and phrase of this act which would have gone into immediate effect but for such decision, shall go into effect upon the ninety-first day after the final adjournment of the session of the Legislature at which this act was enacted.

There are specifically exempted from the provisions of this section the provisions of Sections 4 8 and 18 of this act, which sections add Sections 3511.3 and 3571.3, respectively, to the Revenue and Taxation Code. The Legislature hereby expressly declares that it is its intent not to terminate the right of redemption of property in distressed assessment districts, as defined, until after January 1, 1947, in order to permit refunding of such districts. If the exception of property in delinquent assessment districts from the provisions of Section 4.8 of this act, or from the provisions of Chapter 4.6 of Part 6, Division 1 of the Revenue and Taxation Code until after January 1, 1947, as provided in Section 18 of this act, is declared unconstitutional, then both entire sections shall be ineffective.

CHAPTER 291

Stats 1933, p 60, amended

An act to add Sections 802.3 and 802.4 to the Agricultural Code, relating to grapes, declaring the urgency thereof, and that this act take effect immediately.

In effect immediately

[Approved by Governor May 19, 1941 Filed with Secretary of State May 19, 1941.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 802.3 is hereby added to the Agricultural Code, to read as follows:

Statement on grape containers

802.3. All containers of grapes, shall bear upon them in plain sight and in plain letters on one outside end all of the following information:

(a) The name of the person who first authorized the packing of the grapes or the name under which he is engaged in business.

(b) A sufficiently explicit address to permit ready location of such person.

(c) The name of the variety of grapes, if known, and when not known, the words "unknown variety" or when two or more varieties are placed in the same container, the words "mixed varieties."

The provisions of this section do not apply to picking boxes which are not closed and which have a capacity of 50 pounds or more of grapes.

New section

SEC. 2. Section 802.4 is hereby added to said code, to read as follows:

"Girdled"

802.4. The term "girdled" or any designation implying that grapes have come from vines or members thereof which have been girdled shall not appear on any container of grapes unless it is a correct and true statement. "Girdled" or "girdling" means the removal of a ring of bark from entirely around the trunk or some member of the vine, during the early development of the grapes.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution of the State of California and as such shall take effect immediately. The following is a statement of the facts constituting such necessity:

Since the value of the Thompson seedless grapes in the markets of the United States is considerably more when such grapes have been girdled during the growing season, causing them to be of a more desirable quality, abuses in the mislabeling and sale of grapes as girdled which are not so girdled have taken

place during the past several years in this branch of the agricultural industry. In addition, grapes which are improperly labeled as to variety are offered in the various markets as varieties which oftentimes have a greater value. Both of these situations constitute unfair practices and threaten to cause serious and unnecessary losses to the grape growers of this State who follow ethical practices. The grape shipping season starts before this act would normally take effect and therefore, in order to prevent great loss, distress and hardship to a large number of people, it is necessary that this act take immediate effect.

CHAPTER 293

Stats 1939, p 1274, amended *An act to add Chapter 5.7, consisting of Sections 3618 to 3637, inclusive, to Part 6, of Division 1 of the Revenue and Taxation Code, relating to property taxation, including actions to contest the validity of tax deeds to the State and quieting title against tax deeds and the interests of taxing agencies and revenue districts, providing a procedure therefor, and the effect thereof, terminating the right of redemption, and declaring the urgency hereof, to take effect immediately.*

In effect immediately [Approved by Governor May 19, 1941. Filed with Secretary of State May 19, 1941.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.7, consisting of Sections 3618 to 3637, inclusive, is hereby added to Part 6, of Division 1 of the Revenue and Taxation Code, to read as follows:

New chapter CHAPTER 5.7. TAXPAYER'S ACTION TO CONTEST THE VALIDITY OF TAX DEED

"Taxes" 3618. As used in this chapter "taxes" means:

(a) All taxes and assessments which were a lien on the real property at the time of the sale of the property to the State for taxes.

(b) All other unpaid taxes of every description and special assessments collected on the roll which were a lien on the property for the year of sale and for each year since the sale, as shown on the delinquent lists for which the time of sale to the State is passed, or, if the property was not assessed for any year, which would be shown on such delinquent list if it had been assessed in that year. The amount of taxes for any year not assessed shall be based on the valuation required to be made by the assessor on redemption of unassessed property.

"Taxes" does not include any penalties, interest or costs.

"District attorney" 3619. As used in this chapter, "district attorney" includes county counsel, city attorney, and any other term by which the civil legal adviser of the county is known.

Contest of validity of tax deed 3620. The owner of any real property deeded to the State for taxes, or any other person who may redeem such property, may bring an action in the superior court of the county wherein the real property is located to contest the validity of the tax deed to the State.

Service, etc 3621. The State shall be made a party defendant in the action. Service may be made on the State by serving the State Controller, or a Deputy State Controller, or a district manager of tax-deeded lands All other taxing agencies or revenue districts claiming any interest in or lien on the property shall be served in the manner provided by law. The Attorney General, district attorneys and legal advisers of taxing agencies or revenue districts claiming any interest in or lien on such property are authorized to waive service and to make appearance in the action without prior service. Section 160 of this code shall not apply to actions under this chapter.

Joining parcels 3622. Any number of parcels of real estate located within the same city or revenue district may be joined in the action. If substantially the same defendants are involved in an action, any persons authorized to bring such action may be joined as plaintiffs although their interest in separate parcels is separate and distinct from other plaintiffs in the action. The interlocutory and final decree, as provided for in this chapter, may be entered separately as to separate parcels.

Complaint Contents 3623. The complaint in such action shall name as defendants all taxing agencies or revenue districts claiming any interest or lien on any of the real property therein described by virtue of taxes, or by virtue of a tax deed, and shall describe each parcel of real property affected.

Procedure 3624. Summons shall issue and all procedure in the action, except as in this chapter provided, shall be in accordance with the Code of Civil Procedure.

Default, stipulation, etc 3625. No decree quieting title to any real property shall be granted on default of any defendant but the court shall require proof of the facts alleged unless such facts be stipulated. The Attorney General, district attorney and legal advisers of all taxing agencies and revenue districts interested in the proceedings are expressly authorized to stipulate both as to facts and for entry of a judgment in accordance with the court's determination on such facts and as the court finds the law relevant thereto to be. The authority hereby granted includes authority on the part of the Attorney General, district attorney and legal adviser of any taxing agency or

revenue district interested in such proceeding to waive entry therein of express findings of fact and conclusions of law.

Determination of court

3626. On the trial of the action the court shall determine whether the tax deed or any taxes are for any reason invalid in whole or in part.

Right of redemption

3627. If the tax deed and the taxes are determined to be valid in all respects, the court shall enter its interlocutory decree quieting the title of the State under the tax deed. Within 90 days thereafter, if the right or privilege of redemption has not previously been terminated, redemption may be made with the usual penalties and costs. If redemption is not made within such period all further right or privilege of redemption shall thereupon cease and terminate. The final decree shall recite whether or not the property has been redeemed within the 90-day period, and if not so redeemed, shall provide that all right or privilege of redemption has been terminated.

Correction of error

3628. If the tax deed or taxes are determined to be invalid, the court shall order any necessary steps taken to correct any cause of invalidity other than a cause of invalidity which affects the amount of taxes. The same officials shall comply with this order as would have taken such steps in the first instance.

New publication of notice

3629. If a cause of invalidity is omission of or defect in publishing or sending any notice, the court shall order a notice published or sent in the manner originally required, stating the facts requiring the new notice and the time within which any party plaintiff shall do any acts dependent upon the notice.

New assessment

3630. If a cause of invalidity is in the assessment, computation, levy or any other proceeding which affects the amount of taxes, the court shall determine in its interlocutory decree the correct method of computing the taxes as if the assessment, computation, levy or other proceeding were valid.

Interlocutory decree

3631. After all necessary steps ordered by the court have been taken, the court shall render its interlocutory decree requiring the payment within six months after the interlocutory decree becomes a final judgment of the amount of taxes, computed as of the date of payment, without interest, penalties or costs thereon. The interlocutory decree shall declare that if payment is not made within such six months period a final decree shall be rendered quieting the State's title under the tax deed. This interlocutory decree is an appealable judgment. No costs shall be awarded to either party in any action under this chapter.

Payment of taxes

3632. Payment by any plaintiff in such action of the taxes determined in the interlocutory decree to be payable shall be made in accordance with the procedure set forth for a redemption.

Distribution of tax money

3633. Taxes so paid shall be distributed in the same manner as money received on redemption.

Final decree Taxes paid

3634. If the taxes are paid in accordance with the provisions of the interlocutory decree or if it is determined therein that no taxes are due, the court shall render its final decree so reciting, and declaring the tax sale and deed to be void, and ordering the proper entries to be made as in the case of a redemption. A final judgment may be entered as to any separate parcel.

Same Quieting title

3635. If the taxes are not paid within the time prescribed the court shall make its final decree quieting the title of the State. After the final decree has become a final judgment the tax sale and deed are conclusively presumed to be valid. In the event the taxes are not paid within the time prescribed, all right or privilege of redemption shall thereupon cease and terminate and the final decree entered therein shall so expressly provide.

Affecting other property

3636. It is expressly declared that the interlocutory decree and final decree entered in any such action shall not affect any property other than that referred to in such interlocutory or final decree, or afford any rights to persons other than the parties to such interlocutory or final decree, or those deriving title to property designated therein from such parties.

Time for commencing proceeding

3637. Any proceeding brought in accordance with the provisions of this chapter can only be commenced within one year after the date of execution of the tax deed, or within one year after the effective date of this chapter, whichever is later.

Constitutionality

SEC. 2. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof, even though any one or more sections, subsections, sentences, clauses or phrases be declared invalid or of postponed operation.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure, necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1, of Article IV, of the Constitution of the State of California, and shall take effect immediately.

Following is a statement of the facts constituting such necessity:

Numerous tax-levying bodies throughout this State have heretofore levied taxes for county, city and county, city,

school and district purposes, which levies have, directly or indirectly, been held to have been invalidly levied by decisions of the courts of the State of California. Many taxpayers are willing to pay these delinquent taxes and to redeem properties from tax sale if a quick and immediate remedy can be afforded for so doing. No such remedy now exists which has met with the approval of title companies and attorneys for public bodies. It is estimated that large amounts of delinquent taxes, necessary to the continued welfare of the fiscal systems of local governments, will be immediately paid upon the adoption of a quick and simple remedy by which such tax liabilities can be determined in an action brought by the taxpayer. It is essential that such remedy be adopted and become effective at the earliest possible time.

CHAPTER 294

Stats 1939, p 1274, amended

An act to amend Sections 3803 and 3804 of, and to add Sections 3793.5, 3793.6, 3807.5 and 3807.8 to, the Revenue and Taxation Code, relating to property taxation, including purchases from the State by taxing agencies and the division of the proceeds of the sales of such property, the allowing of deductions prior to division, termination of the right of redemption, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor May 19, 1941. Filed with Secretary of State May 19, 1941.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 3793.5 is hereby added to the Revenue and Taxation Code, to read as follows:

Pro rata division of proceeds

3793.5. The terms of any agreement under this chapter may include but are not limited to provisions for the pro rata division to all the taxing agencies entitled thereto, after deduction of the taxing agency's expenses of purchase and sale, of the proceeds of a sale of the property by the taxing agency. If provisions for the pro rata division of the proceeds of a sale of the property by the taxing agency are included in an agreement under this chapter, the agreement shall require the taxing agency to sell the property to a private purchaser within two years after the execution of the deed to the taxing agency, which period may be extended by resolution for a reasonable length of time by the board of supervisors.

In instances where the contracting taxing agency is one which collects its own taxes it shall be permitted to deduct its pro rata portion of the net proceeds of sale prior to the payment of such proceeds to the county for division among the other taxing agencies.

By "pro rata division" is meant the division of the net proceeds in the proportion that the total tax liens, exclusive of penalties, interest and costs, and inclusive of taxes for unassessed years, of each agency bears to the total tax liens of all agencies. "Pro rata division"

SEC 2. Section 3793.6 is hereby added to the Revenue and Taxation Code, to read as follows: New section

3793.6. "Taxing agency's expenses of purchase and sale" may include but is not limited to: "Expenses of purchase and sale"

(a) The cost of any publications and any expenses incidental to the purchase and sale by the taxing agency.

(b) The cost of a guaranty of title.

(c) The cost of proceedings to obtain a clear title to the property.

(d) Expenses incurred in the payment, compromise or other method of removal of any liens or adverse claims against the property.

The agreement may limit the deductible expenses in any manner mutually agreed to.

SEC. 3. Section 3803 of the Revenue and Taxation Code is hereby amended to read as follows: Stats 1939, p. 1344

3803. If all or any portion of the property is redeemed within 21 days after the first publication and the mailing of the notice of agreement or prior to the execution of a deed by the tax collector, the agreement is null as to the property redeemed. Redemption

SEC. 4. Section 3804 of the Revenue and Taxation Code is hereby amended to read as follows: Stats 1939, p 1344

3804. If any portion of the property is not so redeemed, the tax collector shall, without charge, execute to the purchaser a deed of the unredeemed property as to which either: Deed to purchaser

(a) The agreement provides that, even though no payment is made by the purchaser, the tax collector shall execute a deed to all or any portion of the property not redeemed within 21 days after the first publication and the mailing of the notice of agreement, or

(b) There has been paid the purchase price in compliance with the terms of the agreement.

SEC 5. Section 3807.5 is hereby added to the Revenue and Taxation Code, to read as follows: New section

3807.5. If the agreement contained provisions for the pro rata division of the proceeds of a sale of the property, and the property is not sold by the taxing agency within two years after the execution of the deed, and not within any extension Unsold property

of such period approved by the board of supervisors, the taxing agency shall execute a deed to the State reconveying to the State all the right, title and interest of the State in the property which such taxing agency obtained by the deed of the tax collector under the provision of this chapter. Thereafter, such property shall be held as tax-deeded property by the State.

The Controller shall provide uniform blanks on which such reconveyances shall be made. There shall be the same number of duplicates as is required for deeds to the State for taxes, and the same procedure shall be followed in recording such deeds as is provided by law for the recording of deeds to the State for taxes.

New section

SEC. 6. Section 3807.8 is hereby added to the Revenue and Taxation Code, to read as follows:

Notice to Land Classification Commission

3807.8. If provisions for the pro rata division of the proceeds of a sale of the property by the taxing agency are included in an agreement under this chapter, the following notices shall be transmitted to the Land Classification Commission:

(1) On execution of the deed to the taxing agency, notice of the execution of the deed shall be given by the tax collector.

(2) On resale of the property by the taxing agency, notice of such resale shall be given by the tax collector.

(3) On extension of the two-year period by the board of supervisors, notice of such extension shall be given by the clerk of the board.

(4) On reconveyance to the State by the taxing agency of all the right, title and interest of the State in the property which such taxing agency obtained by the deed of the tax collector, notice of such reconveyance shall be given by the tax collector.

Urgency

SEC. 7. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. The facts constituting the necessity are as follows:

Due to the widespread depression and consequent slump in real estate values, little or no development occurred for many years. As a result several hundred thousand parcels of property within this State have been deeded to the State for delinquent taxes and assessments and as a consequence are off the current tax rolls. With so much taxable property off the current tax rolls, it has narrowed the tax base and caused the rate on the property still on the rolls to be pyramided accordingly.

Much of this tax-deeded property lies within the corporate limits of cities. Therefore it is distinctly a municipal problem and one which the cities themselves have to meet. A large number of cities are working on programs to restore this property to the tax rolls and it is necessary for the successful completion of said programs that the cities have the right to sell tax-deeded property. Unless this bill goes into immediate effect much delay will be caused and the program of restoring the property to the rolls will be seriously jeopardized. Therefore revenue which is sorely needed for the operation and maintenance of civil government would not be received.

CHAPTER 295

An act to amend Section 6.224 of the School Code, relating to the sale of property of a school district.

[Approved by Governor May 19, 1941. Filed with Secretary of State May 19, 1941.] In effect September 13, 1941

The people of the State of California do enact as follows:

SECTION 1. Section 6.224 of the School Code is hereby amended to read as follows: Stats 1935, p 921

6.224. The governing board of any school district shall have power to, and may in its discretion, when calling for bids and letting contracts for constructing new school buildings, or repairing, altering, adding to or reconstruction of existing school buildings, or demolishing existing school buildings, require each bidder for the performance of said work to agree in his bid to purchase and to remove from the school grounds all old materials required by the specifications to be removed from any existing school building or buildings on the same school grounds and not required for school purposes and to state in his bid the amount which he will deduct from the price bid for the work as the purchase price of said old materials, and the board shall let said contract to the bidder whose net bid is the lowest after deducting the amount bid for the purchase of said old materials, provided said bidder is a responsible person. The people of the State of California do enact as follows:

SECTION 1. Section 3085 of the Elections Code is hereby repealed. Stats 1939, p 164

CHAPTER 297

Stats 1937, p 1898, amended

An act amending Sections 26 and 28 of the County Employees Retirement Act of 1937, relating to retirement, declaring the urgency thereof and that this act shall take effect immediately.

In effect immediately

[Approved by Governor May 19, 1941. Filed with Secretary of State May 19, 1941.]

The people of the State of California do enact as follows:

Stats 1937, p 1900

SECTION 1. Section 26 of the County Employees Retirement Act of 1937 is hereby amended to read as follows:

Definitions "Service"

Sec. 26. "Service" means uninterrupted employment of any person appointed or elected who is receiving compensation from the county or district for such service while he is a member of the retirement association, and also for that period of time covered by Section 43.5, except that a temporary layoff on account of illness or for purposes of economy, suspension or dismissal, each of the foregoing followed by reinstatement or reemployment within one year, a leave of absence followed by reinstatement or reemployment within one year after the termination of such leave of absence, a resignation to enter followed by entrance into the armed forces of the United States during war or National emergency proclaimed by the President or the Congress of the United States or entrance into such service under Act of Congress providing for peace-time induction or conscription followed by reemployment by the county within 90 days after the termination of such service during such war or emergency, shall not be considered as breaking the continuity of service.

Stats 1937, p 1900

SEC. 2. Section 28 of the County Employees Retirement Act of 1937 is hereby amended to read as follows:

"Prior service"

Sec. 28. Upon the adoption of a system by any county pursuant to this act, "prior service" shall mean employment of a member prior to the effective date of adoption for not less than 200 days in each calendar year while he received compensation from the county or district. Such employment includes days during which the member works, or is on a duly granted leave of absence, vacation, or sick leave. Credit for any fractional part of the first calendar year of service shall be allowed on a pro rata basis of days of actual service to the 200 days of required service.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Numerous employees from counties which have adopted the provisions of this act and who were members of the retirement associations set up pursuant thereto have now entered the

military, naval, or marine service of their country. If this act does not go into immediate effect many of these employees will have been in such military, naval, or marine service for more than one year upon the taking effect hereof and will thereby most unjustly be deprived of their retirement rights by reason of their response to their country's needs.

CHAPTER 298

In effect immediately

[Approved by Governor May 20, 1941. Filed with Secretary of State May 20, 1941.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 2.5 is hereby added to the California Unemployment Relief Act of 1935, to read as follows:

Revolving fund

Sec. 2.5. A revolving fund in the sum of one million two hundred fifty thousand dollars ($1,250,000) is hereby established for use by the Relief Administrator as a permanent

revolving fund where cash advances are necessary for the operation of any Federal stamp plan established for the distribution of food, commodities, goods, or other form of personal property.

Withdrawal may be made from the revolving fund without at the time furnishing vouchers and itemized statements therefor, but the Relief Administrator shall at any time on demand of the Controller account for any expenditures and substantiate them by vouchers and itemized statements.

The Relief Administrator, with the approval of the Department of Finance, may secure armored car service and provide means to safeguard the money and assets in the revolving fund from losses.

Appropriation

SEC. 2. Out of any money in the State Treasury not otherwise appropriated the sum of one million two hundred fifty thousand dollars ($1,250,000) is hereby appropriated for the revolving fund established by Section 2.5 of the California Unemployment Relief Act of 1935.

Transfers on books

SEC. 4. The Controller and the Relief Administrator may make the necessary transfers upon their books to accomplish the purposes of this act in order to avoid the unnecessary sale of registered General Fund warrants.

Urgency

SEC. 5 This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution, and as such shall take effect immediately. The facts constituting such a necessity are as follows:

The Federal Government has established a stamp plan for the distribution of food, goods, commodities and other forms of personal property to persons eligible for unemployment relief. Unless the revolving fund provided by this act and the money appropriated therefor, is made available immediately upon a permanent basis, it will not be possible for the State to continue the financing of the present Federal stamp

plan. This act, by taking effect immediately, will make money available for the continuance of complete, State-wide operations of the Federal stamp plan thereby reducing the cause of unrest throughout the State and removing dangers to the public peace, health and safety.

Article 2. The Platinum Group

Application of article 22120. The provisions of this article shall apply exclusively to the following metals and to the alloys of each:

Numerals

A manufacturer of an article may also mark on the article, in addition to the marks herein specifically required, numerals intended to identify the article or the design or pattern used in such article if such numerals do not appear or purport to be a part of the quality mark and are not calculated to mislead or deceive any person into believing that they are a part of the quality mark.

Percentages

22127. Wherever in this article provision is made for marking the number of parts or percentage of metals in any article such number or percentage shall refer to weight and not to volume, thickness or any other standard of measurement.

Application of quality marks

22128. No quality mark shall be applied to any article except in accordance with the following provisions of this section:

CHAPTER 317

An act to add Article 4.5, comprising Sections 6551 to 6558, inclusive, and Sections 6594 and 6600.5 to Chapter 6 of Division 3 of the Business and Professions Code, relative to minimum price schedules for barbers.

Stats 1937, p 1229, amended

[Approved by Governor May 19, 1941. Filed with Secretary of State May 20, 1941.]

In effect September 13, 1941

The people of the State of California do enact as follows:

Legislative declaration

SECTION 1. In enacting this statute the Legislature finds that unfair, unjust, destructive, demoralizing and uneconomic trade practices have been and are now being carried on in the operation of barber shops in the State of California, and that unfair competition exists between the individual barber shop owners and managers of this State to the extent that prices have been reduced by such unfair competition to the point where it is impossible for an average barber, although working regularly, to support and maintain reasonably safe and healthful barbering services to the public.

Such conditions constitute a menace to the health, welfare and reasonable comfort of the inhabitants of this State, and tend to the transmission of disease.

As the barber business affects the health, comfort and well-being of our citizens, and of the public which patronize the barbers of the State of California, in order to promote the public welfare, health and safety, and to prevent the transmission of disease, in view of the personal touch and contacts manifested and exercised in the barber business, and the need for well-nourished, strong and healthy persons to engage in the barber business, the barber profession is hereby declared to be a business affecting the public health, public interest and public safety.

In recent years social security, a ceiling for hours and a floor for wages, collective bargaining, prohibition against unfair trade practices including sales below cost, and validation of resale price maintenance agreements, together with many other reforms have been provided for many industries and businesses, resulting in an increased standard of living for persons engaged in them and a consequent raising of the standards of service of those industries and businesses to the public in terms of competency and sanitation.

These reforms do not generally apply to barbers. Barber shops are usually very small establishments, very often owned and operated entirely by one man. Barbers do not sell a trade-marked commodity; they are not in interstate commerce.

In order then, that the State may do its part in protecting the public and in insuring a nondiscriminatory application of the recent increased movement to achieve social progress, this statute is enacted.

New article SEC. 2. Article 4.5, consisting of Sections 6551 to 6558, is hereby added to Chapter 6 of Division 3 of the Business and Professions Code, to read as follows:

Article 4.5. Minimum Price Schedules

Rules and regulations 6552. The board may adopt and enforce all rules and orders necessary to carry out the provisions of this article. Every rule or order of the board shall be posted for public inspection in the main office of the board, and a certified copy thereof shall be filed in the office of the secretary of the board and made available for publication in the trade papers of barbers. Upon such posting, filing and publishing such rules shall be in effect and binding.

"Barber" 6552.5. As used in this article, "barber" means any registered barber actively engaged in the practice of barbering.

Exception 6552.7. This article and Section 6594 of this code shall not apply to barber services performed by barbers on railroad passenger trains, or to barber services performed by students in barber schools.

Inspection 6553.5. Any member of the board, or any employee of the board designated by the board for that purpose, may inspect all books, papers, records or documents in any place within the State, for the purpose of ascertaining facts to enable the board to administer this article.

Records 6554. The board may require the licensee to keep any of the following records:

(a) A record of all barber work performed, and the price therefor.

(b) A record of all the expenses incident to the operation of the barber shop.

(c) A record of the net profits of the barber shop from month to month.

(d) Any other records and information which the board may deem necessary for the proper enforcement of this act.

Report

6554.5. Each licensee under this chapter shall, upon the order of the board, make and file a verified report upon such forms as the board shall require, of records which the board requires to be kept under this article, together with such other information or facts as may be pertinent and material within the scope of the purpose and intent of this article. Such report shall cover a period of time specified by order of the board.

Practice and procedure

6555. The practice and procedure of the board with respect to any investigation by the board under this article shall be in accordance with rules adopted by the board. Such rules shall provide for a reasonable notice to all persons likely to be affected by orders to be made by the board after such investigation, for opportunity to be heard either in person or by counsel, and for opportunity to introduce testimony in their behalf at a public hearing to be held for that purpose.

Minimum price schedules

6556. The board may establish minimum price schedules for the various items of barber services for any city or county upon its own motion, or upon the filing of a petition with it, requesting a minimum price schedule for that city or county, signed by 75 per centum of the barbers in that city or county.

Investigation

6556.4. Upon receipt of a petition under this article, the board shall investigate and ascertain those minimum prices which will enable barbers in that city or county to furnish modern and healthful services, using modern appliances and equipment, so as to minimize the danger to public health and safety incident to such services.

Factors to be considered

6556.5. In establishing a minimum price schedule, the board shall consider all conditions affecting the practice of barbering in that city and county, and the relation of those conditions to the public health and safety.

Necessary costs

6556.6. In establishing a minimum price schedule, the board shall consider the necessary costs incurred in that city or county in maintaining a barber shop in a clean, healthful and sanitary condition.

Establishing schedule

6556 7. At the conclusion of an investigation therefor, the board may establish a reasonable and just minimum price schedule conforming to the requirements of this article.

Modification of schedule

6557. If the board, after investigation made either upon its own initiative or upon the complaint of 51 per cent of the barbers in the city or county for which the minimum price

schedule is established, determines that the minimum prices so established, or any of them, are insufficient properly to provide healthful services to the public and to maintain a sanitary barber shop, or that any minimum price set creates an undue hardship on barber shop owners and operators, the board may vary or refix the minimum price for any barber service in that city or county.

Injunction

6558. Any person who violates a minimum price schedule established by the board may be enjoined by a court of competent jurisdiction upon the petition of the board.

SEC. 4. Section 6600.5 is hereby added to the Business and Professions Code, to read as follows:

Separate violation

6600.5. Each day's violation of a minimum price schedule established by the board under this chapter constitutes a separate violation of this chapter.

Declaration of intent

SEC. 5. In enacting this act it is the intent of the Legislature that in so far as may be compatible with the protection of the public health, the board shall act only upon the petition provided for herein.

Procedure

Sec. 2. The procedure for organizing and creating a municipal utility district under the provisions of this act is as follows:

Resolution of intention of public agency

Resolutions shall first be passed by the legislative bodies of half or more of the public agencies designed to be included in the proposed district, declaring that in their opinion public interest or necessity demands the creation and maintenance of a municipal utility district to be known as "the (giving the name) municipal utility district." Said resolutions may state the kind of utility proposed to be first acquired, but failure to acquire such utility shall not affect the validity of the district. They shall describe the exterior boundaries of the proposed district; provided, that if it is intended to organize said district of public agencies only, then and in that case a statement of the names of such public agencies shall constitute a sufficient description of said district. Certified copies of said resolutions shall be presented to the board of supervisors of the county containing the largest number of registered electors within the proposed district requesting said board to call an election without delay for determining whether such district shall be created.

Petition by electors

Instead of said resolutions, a petition may be presented to the board of supervisors of said county signed by qualified electors within the boundaries of said district equal in number to at least 10 per cent of the total vote cast at the last general State election within the territory proposed to be included in said district. Said petition shall contain substantially the same declarations and statements required to be contained in the resolutions aforementioned, and declare that, in the opinion of the petitioners, public interest or necessity demands the creation and maintenance of a municipal utility district. Such petition may be on separate papers, but each paper shall contain the affidavit of the party who circulated it certifying that each name signed thereto is the true signature of the person whose name it purports to be. The clerk of the board of supervisors of said county shall compare the signatures with the affidavits of registration and certify to the sufficiency or insufficiency of such petition.

SEC. 4. Section 5 of said act is hereby amended to read as follows:

Division of district into wards

Sec. 5. Before calling said election the board of supervisors shall divide the proposed district into five wards or subdistricts, the boundaries of which shall be so drawn that each shall contain approximately an equal number of electors, as nearly as may be. The public agencies and any other territory included in the proposed district may be divided for the purpose of establishing the boundaries of said wards or subdistricts.

SEC. 5. Section 6 of said act is hereby amended to read as follows: Stats 1929, p 59

Sec. 6. Upon establishing the wards as aforestated, the board of supervisors of said county shall give notice of an election to be held within the proposed district for the purpose of determining whether the same shall be created and established, also for the purpose of electing directors if established. Said notice shall state the name of the proposed district, and describe the boundaries thereof; it shall also describe the boundaries of the wards or subdistricts provided for the purpose of electing directors. Said notice shall be published once a week for at least three weeks before the day of said election in a newspaper of general circulation published within the proposed district. In case no newspaper of general circulation is published within said proposed district, said notice shall be posted for at least three weeks in not less than three public places within said proposed district. Notice of election

The ballot for said election shall contain such instructions as are required by law to be printed thereon and in addition thereto there shall appear thereon the following: Ballot

Said ballots shall also contain the names of the persons nominated in each ward to serve as a member of the board of directors from such ward, showing separately each ward and its nominees. Any person may be nominated for the office of director upon written petition of 50 or more qualified electors of the ward or subdistrict in which such person resides.

Said election, including the nomination and election of directors and all matters pertaining thereto not otherwise provided for herein, shall be held and conducted and the result thereof ascertained, determined and declared in accordance with the general election laws of the State, as nearly as may be, and no person shall be entitled to vote at said election unless he or she be a qualified elector of the territory included in the proposed district. Said election may be held on the same day as any other State, county or city election and be consolidated therewith. General laws to govern

Said board of supervisors shall meet on Monday next succeeding the day of said election and canvass the votes cast thereat. Canvass of votes

They shall canvass the returns of each public agency and each parcel of unincorporated territory, if any, separately, and shall order and declare said district created and established of the public agencies and territory in which a majority of those who voted on the proposition voted in favor of the creation of said district; provided, however, that the total number of electors in such approving public agencies and

territory be not less than two-thirds the number of electors within the district as first proposed, according to the register used at said election.

Qualifications of director

No person shall be entitled to serve as a director unless he be a resident and elector of the district as finally determined, and any vacancies on the board of directors caused by the elimination of territory shall be filled by remaining directors, in which case ward lines may be disregarded in their appointment thereof. Said board of supervisors shall also canvass the returns of the election with respect to the persons voted for as directors, and shall declare the persons receiving the highest number of votes, for each ward, respectively, to be duly elected as directors of said district, providing they are residents and electors thereof as finally determined.

Declaration of result

The board of supervisors shall cause a certified copy of said order declaring the result of said election to be filed in the office of the Secretary of State, from and after which the establishment of said municipal utility district shall be deemed complete, and the persons elected as directors thereof shall enter immediately upon their official duties after qualifying according to law. In case a special election is held exclusively on the proposition of organizing such a district, the expenditure therefor shall be reimbursed to the county which called the election by means of a special tax on all the taxable property within the public agencies and unincorporated territory which was proposed to be included in the district, which tax shall be added to the next county tax bills by the proper officials of the counties involved, respectively.

Proceedings not invalidated by informalities

No informality in any proceeding or in the conduct of said election, not substantially affecting adversely the legal rights of any citizen, shall be held to invalidate the incorporation of any municipal utility district, and any proceedings wherein the validity of such incorporation is denied, shall be commenced within three months from the date of filing the aforesaid order with the Secretary of State, otherwise such incorporation and the legal existence of said municipal utility district shall be held to be valid and in every respect legal and incontestable.

Stats 1931, p 73

SEC. 6. Section 6a of said act is hereby amended to read as follows:

Annexation of public agency

Sec 6a. Any public agency not included within the boundaries of said utility district may be subsequently annexed thereto in the manner following:

Terms

upon the terms and conditions of such annexation, which agreement (among other things) may provide for the levy and collection of special taxes within the public agency to be annexed, in addition to the taxes elsewhere in this act provided for, the fixing of rates, rentals and charges differing from those fixed or existing elsewhere within the utility district, the incurring or assumption of indebtedness or the making of a payment or payments, or the transfer of property, real and personal, and other assets to said utility district by the public agency proposed to be annexed. The corporate boundaries of the public agency to be annexed need not be coterminous with any election precincts. Such agreement shall become effective and be binding upon the utility district and the public agency to be annexed when approved in the manner hereinafter set forth.

Approval by utility district

(a) Approval by municipal utility district: The board of directors of said utility district shall by ordinance setting forth such agreement at length declare its intention of causing the same to be executed by said utility district. Said ordinance, together with a notice fixing the time and place for hearing thereon, shall be published once in a newspaper of general circulation printed and published in said utility district. The time fixed for such hearing shall be not less than thirty (30) nor more than sixty (60) days from the date of the first publication of said ordinance. At such hearing any person interested may file written objections to the execution of said agreement with the board of directors of the utility district. Upon such hearing the board of directors of the utility district shall determine whether or not said agreement shall be carried into execution and shall hear and determine all objections thereto. Failure of any person interested in said utility district or in the matter of the proposed execution of said agreement to show cause in writing as aforesaid, shall be deemed and taken as an assent on his part to a change in the boundaries of the utility district and to the execution of such agreement. Any such hearing may be adjourned from time to time by the board of directors without further notice other than an order to be entered upon the minutes of the meeting fixing the time and place of such adjournment. In the event no protests are filed or the protests filed are overruled and denied by the board of directors such board shall thereupon, by resolution, finally approve said agreement and authorize its execution, which shall become effective when executed by the other party thereto, duly authorized in the manner hereinafter provided. When so executed by the utility district the same shall be dated and an executed copy thereof filed with the secretary of said utility district, and an executed copy shall also be filed with the secretary or clerk of the public agency to be annexed.

Approval by public agency

(b) Approval by public agency to be annexed: At any time after the board of directors of the utility district has finally

approved the agreement of annexation in the manner hereinabove set forth the legislative body of the public agency to be annexed shall cause an election to be held in said public agency to determine whether such public agency shall be annexed to said utility district upon the terms and conditions stated in said agreement. Notice of such election shall be published once a week for two weeks prior to the date fixed for said election, or posted at least two weeks in three public places in said public agency in the event no newspaper of general circulation is published therein. It shall not be necessary to set forth the terms and conditions of said agreement of annexation at length but the notice of said election shall state that a copy thereof is on file in the office of the secretary or clerk of the public agency proposed to be annexed, open to the inspection of all persons interested; provided, however, the legislative body of the public agency to be annexed may in its discretion set forth the terms and conditions of said agreement of annexation at length in said notice of election, but this requirement is not mandatory.

Said election, in all matters pertaining thereto not otherwise provided for herein, shall be held and conducted and the result thereof ascertained, determined and declared in accordance with the general election laws of the State so far as the same may be applicable.

Result

If upon a canvass of such election it shall be found that a majority of all votes cast at said election were cast in favor of the annexation said proposition and all of the terms and conditions of said agreement of annexation shall be deemed to have been carried and approved by the electors; provided, however, that if the terms and conditions of said agreement of annexation provide for the assumption of any indebtedness of said utility district by any city proposed to be annexed, said proposition of annexation shall not be deemed carried unless approved by the vote of two-thirds of all the voters voting at such election. If such proposition fails to carry the result thereof shall be entered upon the minutes of the governing body of such public agency. In the event said proposition

receives the vote of the requisite majority of electors hereinabove set forth the governing body of said public agency shall enter in its minutes an order declaring the result of such election and shall thereupon cause the agreement of annexation to be executed by its duly authorized officers. Upon receipt by said utility district of a certified copy of said agreement of annexation properly executed by the municipal utility district and the public agency proposed to be annexed thereto the board of directors of said utility district shall pass a resolution declaring said public agency annexed to said utility district, and shall cause a certified copy of said resolution to be filed with the Secretary of State of the State of California. From and after the date of filing of said resolution with the Secretary of State the annexation of said public agency to said municipal utility district shall be complete.

Legal existence continued

No such annexation or inclusion of any public agency to such utility district shall operate to dissolve or terminate the legal existence of the public agency so annexed, and such public agency shall, nevertheless, retain its corporate existence until otherwise dissolved pursuant to provisions of law now or hereafter enacted for that purpose.

Levy power of utility district board

From and after the date of such annexation the board of directors of the municipal utility district shall be authorized and directed to levy upon all of the property in such public agency so annexed such taxes, tolls or charges as may be necessary in order to provide funds for the payment of the indebtedness assumed by such public agency or otherwise necessary to comply with the terms and conditions of said annexation agreement, all in addition to the general district taxes authorized elsewhere in this act to be levied and collected.

SEC. 16. Section 15 of said act is hereby amended to read as follows: Stats. 1937, p. 1648

Sec. 15. Any district organized under this act may from time to time, as hereinafter provided, incur a bonded indebtedness to pay the cost of acquiring, constructing or completing the whole or any portion of any utility or works referred to in this act, or for acquiring any works, lands, structures, rights or other property necessary or convenient to carry out the objects, purposes or powers of such district. Bonded indebtedness

Whenever the board of directors of any such district shall, by resolution passed by vote of two-thirds of all its members, determine that the public interest or necessity demands the acquisition, construction or completion by the district of any public utility or utilities referred to in this act, or any part thereof, or any works, lands, structures, rights or other property necessary or convenient to carry out the objects, purposes or powers of such district, the cost of which will be too Resolution of intention

great to be paid out of the ordinary annual income and revenue of such district, it may at any subsequent meeting of said board of directors provide for the submission of the proposition of incurring a bonded debt for the purpose set forth in said resolution, to the qualified voters of such district, at any election held for that purpose; provided, that propositions for incurring indebtedness for more than one object or purpose may be submitted at the same election. The ordinance calling such election shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the utility, works, lands, structures, rights or other property proposed to be acquired, constructed or completed, the amount of the principal of the indebtedness to be incurred therefor, and the rate of interest to be paid on said indebtedness, and shall fix the date on which such election will be held, the manner of holding such election, and the voting for or against incurring such indebtedness, and in all particulars not recited in said ordinance, such election shall be held as provided by law for holding general elections in such district; provided, however, that if the rate of interest to be paid on such indebtedness shall not exceed 4½ per cent per annum, payable semiannually, the rate of interest need not be recited in said ordinance, but in its discretion the board of directors may recite in said ordinance a maximum rate of interest to be paid on such indebtedness, not exceeding 6 per cent per annum, payable semiannually, which rate, when so recited, shall not be exceeded in the issuance of bonds for such indebtedness.

Ordinance calling election

Said ordinance shall be published once a day for at least seven days in some newspaper published at least six days a week in such district, or once a week for two weeks in some newspaper published less than six days a week in such district; and one insertion each week for two succeeding weeks shall be a sufficient publication in such newspaper published less than six days per week In districts where no such newspaper is published, said ordinance shall be posted in three public places therein for two succeeding weeks. No other notice of such election need be given. It shall require the votes of two-thirds of all the voters voting at such election to authorize the issuance of the bonds herein provided; provided, however, should the proposition so submitted at such election fail to receive the requisite number of votes of the qualified voters voting at such election to incur the indebtedness for the purpose specified, the board of directors of such district shall have no power or authority within six months after such election to call or order another election for incurring any indebtedness for the acquisition, construction or completion of improvements or property substantially the same as voted upon at such prior election, unless a petition signed by at least 15 per cent of the qualified electors of such district computed upon the total number of votes cast therein for all candidates for Governor at the last preceding election at which a

Notice of election

Governor was elected be filed with the board of directors of such district, requesting that said proposition, or a proposition substantially the same, be submitted at an election to be called for the submission of such proposition and to be held in accordance with the provisions of this act. The bonds so authorized shall mature serially in amounts to be fixed by the board of directors; provided, that the payment of said bonds shall begin not later than 10 years from the date thereof and be completed in not more than 50 years from said date. Said bonds shall be issued in such denominations as the board of directors of the district determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and shall be payable on the day and at the place or places fixed in said bonds, and with interest at the rate specified therein, which interest shall be payable semiannually. The board of directors may provide for the call and redemption of any or all of said bonds on any interest payment date prior to their fixed maturity at not exceeding the par value thereof and accrued interest plus a premium of not exceeding 5 per cent upon the principal amount of said bonds, in which event a statement to that effect shall be set forth in the ordinance calling the election and the call price fixed by the board of directors shall be set forth on the face of the bond. Notice of such redemption shall be published once a week for three successive weeks in a newspaper of general circulation printed and published within the district or if there be no such newspaper printed and published within the district then the publication shall be made in a newspaper of general circulation printed and published within the county in which the said district or any part thereof is situated, the first publication of which shall be at least 30 days prior to the date fixed for such redemption. After the date fixed for such redemption, interest on said bonds thereafter shall cease. Said bonds shall be signed by the president of the board of directors of the district or by such officer thereof as the board of directors shall, by resolution adopted by a two-thirds vote of all its members, authorize and designate for that purpose. They shall also be signed by the treasurer thereof, and be countersigned by the secretary thereof. The coupons of said bonds shall be numbered consecutively and be signed by the treasurer by his lithographed or engraved signature. All such signatures and countersignatures, except that of the treasurer, on said bonds may be printed, lithographed or engraved. In case any of such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of said bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of the bonds. Said bonds may be issued and sold by the board of directors of the district as

they determine, but for not less than their par value. The proceeds of said bonds shall be placed in the district treasury to the credit of the proper fund, and shall be used exclusively for the objects or purposes for which said bonds were voted.

Debt limit

No municipal utility district shall incur an indebtedness for public works which shall in the aggregate exceed 20 per cent of the assessed value of all the real and personal property of such district; provided, however, any indebtedness which has been incurred for the construction and operation of a public utility, where the revenue from said utility for three years or more next preceding has been sufficient to pay the interest and principal due on any bonds issued for its construction or acquisition, in addition to the cost of operation and maintenance, shall not be counted and included in ascertaining the limit of indebtedness; provided further, that any indebtedness incurred for the construction or operation of a public utility within any special district created pursuant to the provisions of this act shall be excluded in ascertaining the aggregate indebtedness hereinabove specified.

Tax levy

The board of directors of such district shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds, and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of bonds be made to begin more than one year after the date of the issuance thereof, said tax shall be levied and collected at the time and in the manner aforesaid annually each year, sufficient to pay the interest on said indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for district purposes, and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Petitions instead of resolution

In lieu of a resolution passed as hereinbefore provided by its board of directors, proceedings for the issuance of bonds for the purposes in this section provided may be initiated by petition of the qualified electors of such district.

Whenever any petition or petitions, each signed by electors of the district equal in number to 15 per cent of the qualified electors of such district, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding election at which a Governor was elected, shall be presented to the board of directors of said district asking for the acquisition, construction or completion of the whole or any portion of any utility, or works referred to in this act, or for

acquiring any works, lands, structures, rights, or other property necessary or convenient to carry out the objects, purposes or powers of such district, and also asking that a bonded indebtedness be incurred to pay for the cost thereof, then it shall be the duty of the secretary of the district to immediately proceed to examine and verify the signatures of such petition or petitions, and to certify the result of such examination to the board of directors. If the required number of signatures be found to be genuine, the secretary shall transmit to the board of directors an authentic copy of such petition or petitions without the signatures thereto. Upon receiving the petition or petitions with the certificate of the secretary stating that it or they contain the required number of signatures, the board of directors shall formulate for submission to the electors of the district at a special election called for that purpose the proposition of incurring a bonded debt for the purposes set forth in said petition, and thereafter the said election and all things and proceedings with reference to the said bonds and the issuance thereof shall be conducted and performed in the same manner as if the proceedings had been initiated by resolution of the board of directors of said district as hereinbefore provided. In its discretion the board of directors may defer the calling of said election until the next general election to be held in the district in order that the same may be consolidated therewith.

Consolidation of election

Any election called for the submission of any question or proposition under the provisions of this section, may be held separately, or may be consolidated with any other election authorized by law at which the qualified voters of such district are entitled to vote; provided, however, that in the event any such election called pursuant to the provisions of this section is consolidated with any other election, the provisions of this section setting forth the procedure for the calling and holding of the election called pursuant to the provisions of this section, shall be complied with, except that the ordinance calling such election need not set forth the election precincts, polling places and officers of election, but may provide that the precincts, polling places and officers of election shall be the same as those set forth in the ordinance, notice or other proceedings calling the election with which the election called pursuant to the provisions of this section, is consolidated, and shall refer to such ordinance, notice or other proceeding by number and title, or by other definite description.

SEC. 17. Section 15a of said act is hereby amended to read as follows:

Bonds to cover interest

Sec. 15a. In lieu of the immediate levy of a tax to pay the interest or any part thereof on any bonded debt hereafter incurred in accordance with any provisions of this act the board of directors may in the estimate of the amount of money necessary to be raised by such bonds include a sum sufficient to pay interest on all of such

bonds or part thereof during the period of acquisition, construction or completion, and until revenues may be earned by the contemplated public utility or utilities, but for no period in excess of five years. Thereafter the board may use so much of the proceeds from the sale of the said bonds as may be necessary for the payment of such interest until the receipt of revenues, the amount used however not to exceed the sum so included by the board in its estimate for such purpose.

New section SEC. 18. Section 15d is hereby added to said act, to read as follows:

Special districts for sewage disposal Sec. 15d. One or more special districts for sewage disposal purposes may be created within the boundaries of a municipal utility district and within the boundaries of a single county, in the manner following:

Resolutions shall first be passed by the legislative bodies of half or more, but of not less than two, of the public agencies, all or any part of the area of which it is intended to include in the proposed special district, declaring that the public interest or necessity demands the creation of a special district for sewage disposal purposes and shall describe the boundaries of the same. The boundaries of the proposed special district may include territory outside any such public agency; provided, such territory is within the area of the municipal utility district. When the entire area of any public agency is to be included in such special district it may be described in said resolutions by name. Certified copies of said resolutions shall be filed with the secretary of said municipal utility district.

Instead of said resolutions, a petition may be filed with the secretary of said municipal utility district signed by qualified electors within the boundaries of a proposed special district, which boundaries shall include all or any part of two or more public agencies, equal in number to at least 10 per cent of the total vote cast at the last preceding general election within the territory proposed to be included in such special district, which said territory shall be described in said petition. A statement of the name of any public agency shall constitute a sufficient description of the territory thereof if the entire area of such agency is included. Such petition shall declare that the public interest or necessity demands the creation of such special district for sewage disposal purposes within such area of said municipal utility district described in said petition. Such petition may be on separate papers, but each paper shall contain the affidavit of the party who circulated same, certifying that each name signed thereto is the true signature of the person whose name it purports to be. The secretary of said municipal utility district shall compare the signatures with the affidavits of registration and certify to the sufficiency or insufficiency of such petition.

The board of directors of any municipal utility district on its own motion, and without any previous resolution or resolutions of any public agency included within such municipal

utility district, or without any petition therefor as hereinbefore provided, may initiate proceedings for the creation of any special district for sewage disposal purposes within the area of such municipal utility district by passing a resolution declaring that the public interest or necessity demands the creation of such special district for sewage disposal purposes, and in said resolution shall describe that portion of the area of said municipal utility district which it is proposed to include in such special district, which shall include all or any part of two or more public agencies. A public agency to be included may be described by name. No certified copy of such resolution need be filed with the secretary of such municipal utility district.

If no such newspaper is printed and published therein, then notice of such hearing shall be given by posting a notice thereof in three (3) public places within the boundaries of such municipal utility district at least one of which shall be within the boundaries of said proposed special district. In effect September 13, 1941

[Approved by Governor May 22, 1941. Filed with Secretary of State May 22, 1941.]

The people of the State of California do enact as follows:

Article 1. Organization of District

Short title

SECTION 1. This act shall be known and cited as the "Joint Municipal Sewage Disposal District Act."

Purposes of district

SEC. 2. A joint municipal sewage disposal district may be organized hereunder for the purpose of constructing a sewage disposal system, and may be composed of two or more municipalities, or any portion of two or more municipalities, or one or more municipalities and unincorporated territory, or any portion of one or more municipalities, and any portion of the unincorporated territory of a county; provided, however, that no such district shall be organized to include territory in more than one county. The territory of any municipality or county included in the district need not be contiguous. The joint municipal sewage disposal district when organized shall thereafter be governed, maintained and operated as herein provided, and shall have and exercise such powers as are herein expressly granted, together with such powers as are reasonably implied therefrom and necessary and proper to carry out the objects and purposes of such joint municipal sewage disposal district.

Ordinance proposing creation

SEC. 3. The legislative body of any municipality or of any county may initiate proceedings proposing the creation of a joint municipal sewage disposal district under the provisions of this act by the adoption of an ordinance reciting the following:

1. That public interest or necessity requires the creation of a joint municipal sewage disposal district for the treatment, purification or disposal of sewage and industrial wastes originating within the proposed district.

2. The name of the municipalities and county, the whole or any portion of the territory of which would be within the proposed district.

3. A description of the exterior boundaries of the proposed district.

4. A general description of a sewage disposal system proposed to be constructed.

5. The name of the proposed district.

6. The day, time and place when a public hearing will be held to hear objections to the adoption of the ordinance.

Transmission of copies

SEC. 4. Upon the final adoption of the ordinance initiating such proceeding the clerk of such municipality or county shall forthwith transmit a certified copy thereof to the legislative body of each municipality and each county named in the ordinance.

Action by other legislative bodies

SEC. 5. Upon receipt of a certified copy of the ordinance adopted as provided in this article, the legislative body of each municipality and the county named therein shall consider the advisability of creating and organizing a joint municipal sewage disposal district as proposed in said ordinance, and shall severally adopt an ordinance either rejecting or approving the proposal to create such district. The failure of any municipality or county named in such ordinance to finally adopt an ordinance approving such proposal within 90 days after receipt of the certified copy of the ordinance initiating such proceeding shall be conclusively deemed a rejection of such proposal.

Notice to initiating body

SEC. 6. The clerk of the legislative body of each municipality and the county adopting an ordinance approving or rejecting such proposal, shall forthwith upon such adoption transmit a certified copy of such ordinance of approval or rejection to the legislative body of the municipality or county initiating such proceeding.

Resolution of establishment

SEC. 7. If the legislative body initiating such proceeding shall receive a certified copy of an ordinance adopted by the legislative body of each municipality and the county mentioned in the ordinance initiating such proceeding approving the same, it shall adopt a resolution declaring the proposed joint municipal sewage disposal district created and established. In such resolution there shall be set forth the exterior boundaries of such joint municipal sewage disposal district exactly as the same is set forth in the ordinance initiating such proceeding, the name of each municipality and the county named in such ordinance, and the name of such district. A certified copy of the resolution creating and establishing the district shall be transmitted forthwith by the clerk of such legislative body to, and filed with, the Secretary of State of the State of California; thereupon the joint municipal sewage disposal district shall have and shall exercise all of the powers granted in this act and shall constitute a public corporation under the name set forth in such resolution.

Alternative procedure

SEC. 8. Instead of proceeding in the manner hereinabove provided, a joint municipal sewage disposal district may be created in the manner following:

The legislative body of any municipality proposing the creation of a district under the provisions of this act shall pass a resolution reciting the following:

1. That public interest or necessity requires the creation of a joint municipal sewage disposal district for the treatment, purification or disposal of sewage and industrial wastes originating within the proposed district.

2. The name of the municipalities and county, the whole or any portion of the territory of which would be within the proposed district.

3. A description of the exterior boundaries of the proposed district.

4. A general description of a sewage disposal system proposed to be constructed.

5. The name of the proposed district.

Filing copy of resolution

SEC. 9. A certified copy of said resolution shall be filed with the board of supervisors of the county within which the proposed district is to be created.

Petition instead of resolution

SEC. 10. Instead of the resolution mentioned in Section 8 a petition may be presented to the board of supervisors of the county signed by qualified electors within the boundaries of the proposed district, equal in number to at least 10 per cent of the total vote cast at the last general State election within the territory proposed to be included in the district, requesting such board of supervisors to call an election for determining whether a joint municipal sewage disposal district shall be created. Said petition shall contain substantially the same declarations and statements required to be in the resolution aforementioned, and declare that in the opinion of the petitioners public interest or necessity demands the creation and maintenance of a joint municipal sewage disposal district.

Such petition may be on separate papers but each paper shall contain the affidavit of the party who circulated it certifying that each name signed thereto is the true name of the person whose name it purports to be.

Comparison of signatures

SEC. 11. The county clerk of such county shall compare the signatures with the affidavit of registration and certify to the sufficiency or insufficiency of such petition. If said petition be insufficient the proponents thereof may have 60 days from and after the date of such certificate of the county clerk to file a supplemental petition, which shall likewise be compared by such county clerk, and he shall again certify to the sufficiency or insufficiency of such petition and supplemental petition.

Notice of hearing

Within sixty (60) days after receipt of a certified copy of said resolution of the initiating municipality or of the certificate of the county clerk that such petition, or petition and supplemental petition, contains the required number of signatures, the board of supervisors shall fix a time and place for a

hearing on the proposed creation of said district and publish notice thereof. Said notice shall be published once in a newspapers of general circulation. The time fixed for such hearing shall be not less than thirty (30) nor more than sixty (60) days from the date of the first publication of said notice, or of its posting, in the event of posting.

Hearing

SEC. 12. At or before said hearing, any person interested may file with the clerk of the board of supervisors written objections to the creation of said district or to the inclusion of his property therein. Upon such hearing, the said board of supervisors shall hear and determine all protests and objections. Any such hearing may be adjourned from time to time by the board of supervisors without further notice other than an order to be entered upon the minutes of its meeting fixing the time and place of such adjournment. In the event that no protests are filed, or the protests filed are overruled and denied by the board of supervisors, said board shall thereupon, by resolution, approve the creation of the district either as originally described, or may, with or without the filing of any protest or objection, and on its own motion, revise by reducing or enlarging the boundaries of said special district; provided, that said board of supervisors shall not approve the creation of a district containing territory not included in the initial proceedings for the formation of such district until notice of its intention to include such additional territory has been published or posted for the time and in the manner hereinbefore fixed for the hearing on the original matter, and a hearing is had pursuant to such notice.

Election on establishment

SEC. 13. At any time after the board of supervisors of said county has approved the creation of said district, said board shall call and give notice of an election to be held within the proposed joint municipal sewage disposal district for the purpose of determining whether the district shall be created and established. Said notice shall state the name of the proposed district and describe the boundaries thereof. Said notice shall be published at least once in a newspaper of general circulation.

The ballot for said election shall contain such instructions as are required by law to be printed thereon, and in addition thereto shall appear thereon the following:

SEC. 14. Said election and all matters pertaining thereto, not otherwise provided for herein, shall be held and conducted and the results thereof ascertained, determined and declared in accordance with the general election laws of the State as nearly as may be, and no person shall be entitled to vote at said election unless he or she be a qualified elector of the territory included in the proposed district. Said election may be held on the same day as any other State, county, municipal

or district election, and may be consolidated therewith in the manner provided by law.

Said board of supervisors shall meet on the Monday next succeeding the day of said election and canvass the votes cast thereat. They shall canvass the returns of each municipality and each parcel of unincorporated territory if any, separately, and shall by resolution order and declare said district created and established if in each municipality and if in each parcel of unincorporated territory a majority of those who voted on the proposition of creating said district voted in favor of the creation thereof.

Filing resolution with Secretary of State

SEC. 15. A certified copy of the resolution creating and establishing the district shall be transmitted forthwith by the clerk of the board of supervisors to, and filed with, the Secretary of State of the State of California; thereupon the joint municipal sewage disposal district shall have and exercise all of the powers granted in this act and shall constitute a public corporation under the name set forth in said resolution of said board of supervisors.

Article 4. General Obligation Bonds

Bonded debt

SEC. 51. Any district organized under this act may from time to time, as hereinafter provided, incur a bonded indebtedness to pay the cost of constructing the whole or any portion of a sewage disposal system.

Resolution of necessity

SEC. 52. Whenever the board of directors of any district shall, by resolution passed by vote of two-thirds of all its members, determine that the public interest or necessity demands the construction by the district of a sewage disposal system, the cost of which will be too great to be paid out of the ordinary annual income and revenue of such district, it may at any subsequent meeting of said board of directors provide for the submission of a proposition of incurring a bonded debt for the purpose set forth in said resolution, to the qualified voters of such district, at any election held for that purpose; provided, that propositions for incurring indebtedness for more than one object or purpose may be submitted at the same election.

Ordinance calling election

SEC. 53. The ordinance calling such election shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the sewage disposal system proposed to be constructed, the amount of the principal of the indebtedness to be incurred therefor, and the rate of interest to be paid on said indebtedness, and shall fix the date on which such election will be held, the manner of holding such election, and the voting for or against incurring such indebtedness, and in all particulars not recited in said ordinance, such election shall be held as provided in Article 3; provided, however, that if the rate of interest to be paid on such indebtedness shall not exceed 4½ per cent per annum, payable semiannually, the rate of interest need not be recited in said ordinance, but in its discretion the board of directors may recite in said ordinance a maximum rate of interest to be paid on such indebtedness, not exceeding 6 per cent per annum, payable semiannually, which rate, when so recited, shall not be exceeded in the issuance of bonds for such indebtedness.

Authorization of indebtedness

SEC. 54. No notice of such election need be given other than the adoption of the ordinance calling such election. It shall require the votes of two-thirds of all the voters voting at such election to authorize the issuance of the bonds herein provided; provided, however, should the proposition so submitted at such election fail to receive the requisite number of votes of the qualified voters voting at such election to incur the indebtedness for the object or purpose specified, the board shall have no power or authority within six months after such election to call or order another election for incurring any indebtedness for the construction of a sewage disposal system, substantially the same as voted upon at such prior election, unless a petition signed by at least 15 per cent of the qualified electors of such district computed upon the total number of votes cast therein for all candidates for Governor at the last preceding election at which a Governor was elected, be filed with the board of directors of such district, requesting that said proposition, or a proposition substantially the same, be submitted at an election to be called for the submission of such proposition and to be held in accordance with the provisions of this article.

Maturity and denomination of bonds

The coupons of said bonds shall be numbered consecutively and be signed by the treasurer by his lithographed or engraved signature. All such signatures and countersignatures, except that of the treasurer, on said bonds may be printed, lithographed or engraved. In case any officer whose signature or countersignature appears on the bonds or coupons shall cease to be such officer before the delivery of said bonds to the purchaser, such signature or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds. Said bonds may be issued and sold by the board of directors of the district as they determine, but for not less than their par value. The proceeds of said bonds shall be placed in the district treasury to the credit of the proper fund, and shall be used exclusively for the objects or purposes for which said bonds were voted.

Issue price

Debt limit

No joint municipal sewage disposal district shall incur an indebtedness under this article for a sewage disposal system which shall in the aggregate exceed 15 per cent of the assessed value of all the real and personal property of such district; provided, however, any indebtedness which has been incurred under this article for the construction of a sewage disposal system, where the revenue from said sewage disposal system for three years or more next preceding has been sufficient to pay the interest and principal due on any bonds issued for its construction, in addition to the cost of operation and maintenance, shall not be counted and included in ascertaining the limit of indebtedness.

Tax to meet bond obligations

SEC. 58. The board of directors at the time of fixing the general tax levy and in the manner for such general tax levy provided, shall levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds, and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of bonds be made to begin more than one year after the date of the issuance thereof, said tax shall be levied and collected at the time and in the manner aforesaid annually each year, sufficient to pay the interest on said indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for district purposes, and

shall be collected at the time and in the manner provided in this act, and taxes so collected shall be used for no other purposes than the payment of said bonds issued under this article and accruing interest.

SEC. 59. In lieu of a resolution passed by the board as hereinbefore provided, proceedings for the issuance of bonds may be initiated by petition of the qualified electors of the district.

Presentation to directors

SEC. 60. SEC. 61. If the required number of signatures be found to be genuine, the secretary shall transmit to the board an authentic copy of such petition or petitions without the signatures thereto. Upon receiving the petition or petitions with the certificate of the secretary stating that it or they contain the required number of signatures, the board shall formulate for submission to the electors of the district at a special election called for that purpose the proposition of incurring a bonded debt under this article for the objects and purposes set forth in said petition, and thereafter the said election and all things and proceedings with reference to the said bonds and the issuance thereof shall be conducted and performed in the same manner as if the proceedings has been initiated by resolution of the board as hereinbefore provided. In its discretion the board may defer the calling of said election until the next general election to be held in the district in order that the same may be consolidated therewith.

SEC. 62. Any election called for the submission of any proposition under the provisions of this article, may be held separately, or may be consolidated with any other election authorized by law at which the qualified voters of such district are entitled to vote; provided, however, that in the event any such election called pursuant to the provisions of this article is consolidated with any other election, the provisions of this article setting forth the procedure for the calling and holding of the election called pursuant to the provisions of this article, shall be complied with, except that the ordinance calling such election need not set forth the election precincts, polling places and officers of election, but may provide that the precincts, polling places and officers of election shall be the same as those set forth in the ordinance, notice or other proceedings calling the election with which the election called

pursuant to the provisions of this article, is consolidated, and shall refer to such ordinance, notice or other proceeding by number and title, or by other definite description.

Bonds as legal investments

SEC. 63. All bonds issued by the district under the provisions of this article shall be legal investment for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings and trust companies, and for the State School Fund, and for all sinking funds under the control of the State Treasurer, and whenever any moneys or funds may by law now or hereafter enacted be invested in, or loaned upon the security of, bonds of cities, cities and counties, counties, or school districts, in the State of California, such moneys or funds may be invested in, or loaned upon the security of the bonds of the said district; and whenever bonds of cities, cities and counties, counties, or school districts by any law now or hereafter enacted may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of the said district issued pursuant to this article may be so used. The bonds of the district issued pursuant to this article, to the same extent as bonds of any municipality, shall also be legal for use by any State or National bank or banks in the State as security for the deposit of funds of the State or of any county, city and county, city, municipality or other public or municipal corporation within the State.

Call and redemption

SEC. 64. (a) The board of directors may provide for the call and redemption of any or all of said bonds on any interest payment date prior to their fixed maturity at not exceeding the par value thereof and accrued interest plus a premium of not exceeding 5 per cent upon the principal amount of said bonds, in which event a statement to that effect shall be set forth in the ordinance calling the election and the call price fixed by the board of directors shall be set forth on the face of the bond.

(b) Notice of such redemption shall be published once a week for three successive weeks in a newspaper of general circulation, the first publication of which shall be at least 30 days prior to the date fixed for such redemption. The refunding bonds shall bear interest at a rate not exceeding the interest rate on the refunded bonds and shall mature serially in amounts to be fixed by the board; provided, that the payment of said bonds shall begin not later than one year from the date thereof and be completed in not more than 40 years from said date. Said bonds shall be issued in such denominations as the board

Notice of such redemption shall be published once in a newspaper of general circulation, the first publication of which shall be at least 30 days prior to the date fixed for such redemption. After the date fixed for such redemption, interest on said bonds thereafter shall cease.

(c) Said bonds shall be signed by the chairman of the board or by such officer thereof as the board shall by resolution adopted by a two-thirds vote of all its members authorize and designate for that purpose. They shall also be signed by the treasurer thereof and be countersigned by the secretary thereof. (h) The issuance of said refunding bonds shall not be construed as the incurring or increasing of an indebtedness within the meaning of the provisions of this article.

Thereafter the board may use so much of the proceeds from the sale of the said bonds as may be necessary for the payment of such interest until the receipt of revenues from the operation of the sewage disposal system for the construction of which such bonds were issued; however, the amount used for such interest shall not exceed the sum so included by the board in its estimate for such purpose.

Revenue bonds may be issued and sold by the board from time to time as it may determine, but for not less than the par value thereof, and the proceeds of such revenue bonds shall be placed in the treasury of the district and shall be applied exclusively to the purposes and objects mentioned in the ordinance calling the election; provided, however, that interest on such revenue bonds during the period of the construction of the sewage disposal system and for the first six months thereafter, but in no event for a period longer than five years after the sale of the revenue bonds, may be paid from the proceeds thereof. The board selling said revenue bonds or any part thereof must advertise for bids therefor by

publishing notice at least twice in a newspaper of general circulation, and the first publication of said notice shall be at least two weeks prior to the date upon which bids will be opened. If satisfactory bids are received, the revenue bonds offered for sale must be awarded to the highest bidder. If no bids are received or if the board determines the bids received are not satisfactory as to price or responsibility of the bidder, the board may reject all bids received, if any, and may either readvertise for bids or sell the revenue bonds at private sale. All revenue bonds issued under this article shall be negotiable instruments.

Tax exemptions

SEC. 80. Revenue bonds and the income therefrom shall at all times be exempt from taxation, except for transfer, inheritance, and estate taxes, and all sewage disposal systems, lands, works and improvements acquired or constructed under the provisions of this act shall at all times be free and exempt from taxation.

Rates and charges

SEC. 81. Rates and charges for services furnished by any sewage disposal system constructed hereunder shall be fixed before the issuance of the revenue bonds therefor, and such rates and charges may be greater or less than the rates and charges stated in the ordinance calling the election, and it is hereby declared that the list of rates and charges published in the ordinance calling the election is intended to be informative only and not to bind the board or restrict its power in thereafter fixing and establishing rates and charges

Same

SEC. 82. Rates and charges shall be payable as the board may determine, and shall be sufficient to provide for the expenses of administration, operation and maintenance of the sewage disposal system in good repair and working order, to provide for payment of the interest upon and the principal of all revenue bonds issued for the construction of such sewage disposal system, as and when the same become due and payable, and further, to provide a fund for contingencies; such contingent fund shall be at least 10 per cent of all other amounts required to be raised annually. Such rates and charges may be fixed and revised from time to time as the board shall determine so as to produce these amounts, and the board shall covenant and agree on the face of each revenue bond to fix and at all times to maintain such rates and charges for the use of, or for services furnished by, such sewage disposal system, as shall be sufficient to provide the sums required for the purposes described in this article.

Financial organization

SEC. 84 The board shall determine whether a sewage disposal system shall be operated upon a calendar, operating, or fiscal year basis, and the dates of the beginning and ending of the same, and shall provide that the gross annual revenue derived from the operation of each sewage disposal system be set aside into separate and special funds to be established and kept by the board as follows: There shall be set aside, first, a sum sufficient to pay the annual interest on the revenue bonds issued to construct such sewage disposal system,

as it becomes due, and said sum shall be paid into a special fund which may be called "interest fund," or otherwise appropriately designated; second, a sum sufficient to pay the maturing annual principal of such revenue bonds as it becomes due or to provide the annual portion of the sinking fund required to pay the principal of such revenue bonds promptly at maturity, and such sum shall be paid into a special fund which may be called "sinking fund," or otherwise appropriately designated; third, a sum sufficient to pay the reasonable yearly expenses of administration, operation and the costs or expenses for maintenance of such sewage disposal system as may be necessary that year to preserve such sewage disposal system in good repair and working order, and such sum shall be placed in a special fund which may be called "operation and maintenance fund," or otherwise appropriately designated; fourth, the remaining gross revenues shall go into a fund to be called "contingent or reserve fund," or otherwise appropriately designated, and such fund shall constitute a reserve to be used when necessary to pay principal or interest of the revenue bonds, issued for the construction of such sewage disposal system, or to pay any necessary expense of repair or maintenance. All revenues of every kind and nature derived from connections with, or the use or operation of, such sewage disposal system shall be deposited monthly in the appropriate funds in the order above designated, and the moneys in each fund shall be used solely for the purpose for which the said fund is established. All revenues received and all funds created therefrom shall be held by the district, in trust, separate and apart from all other funds of the district, and shall be used only for the purposes for which each of said respective funds was established.

Lien of bonds

SEC. 85. There is created, whenever any revenue bonds are issued under this article, a statutory first lien upon all of the revenues of any kind or nature of any sewage disposal system constructed from the proceeds of such revenue bonds, and upon all funds created pursuant to this article, for the benefit of such sewage disposal system. All revenue bonds of the same issue shall be equally and ratably secured without priority by reason of number, of date, of sale, of execution, or of delivery. Such statutory first lien is to and in favor of the holders of said revenue bonds and each of them and to and in favor of the holders of the coupons of said revenue bonds and each of them. The revenue of such sewage disposal system so constructed shall be and remain subject to said statutory lien until the payment in full of the principal of and interest upon said revenue bonds. The holder or holders of any of said revenue bonds or coupons may either, at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce said statutory lien upon the revenues of said sewage disposal system, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officials of the district which issued such

revenue bonds, including but not being limited to the fixing of sufficient rates and charges, the collection of revenues, the proper segregation of the revenues of the sewage disposal system, and the proper application thereof; provided, however, that said statutory lien upon said revenues shall not be construed to give any holder or owner of any revenue bond or coupon authority to compel the receivership or sale of such sewage disposal system, or any part thereof.

Free service prohibited

SEC. 86. The district shall not furnish free service to any person, or to any county, municipality, the United States of America, the State of California, or any other governmental agency, and each such governmental agency shall pay the rates and charges for the services of the district at the same schedule that such rates and charges are paid for by other persons.

Use of other income

SEC. 87. Nothing in this act shall be construed to prohibit the board from appropriating and using any part of its available income or revenues derived from any source other than from the operation of a sewage disposal system in paying any immediate expenses of operation or maintenance of any such sewage disposal system, but nothing in this act shall be construed to require such board so to do, and any money so used shall be repaid out of the first money available for that purpose.

Lien of rates and charges

SEC. 88. All rates and charges for service furnished by a sewage disposal system, and all penalties thereon, shall constitute a lien upon the house, building, place or other premises that are connected with a sewer, the contents of which are delivered into a sewage disposal system operated by the district (except that no such lien shall be created against any publicly owned property), and such lien shall continue until the rate and charge and all penalties thereon are fully paid or the property sold therefor. Such lien shall attach when the treasurer, whose duty it is to collect the rate and charge, records a list of unpaid rates and charges with the county recorder of the county in which such house, building, place or other premises are located, stating the amount of each rate and charge, a description of the property upon which the same is a lien, the name of the owner thereof as such name appears on the last equalized assessment roll, and the name of the district to which the same is payable.

Delinquent rates and charges

SEC. 89. A list of all rates and charges which have been delinquent three months or more shall be recorded at least every three months, but no delay or informality in recording the same shall invalidate the lien of any unpaid rate or charge. If the rate or charge is not paid when due, as provided by the board, a penalty of 25 per cent of the amount of the delinquent rates and charges shall be added thereto

Collection of rates and charges

SEC. 90. The following remedies are established for the collection of rates and charges and the penalties thereon:

First, an action may be brought in the name of the district in any court which has jurisdiction, against the person or

persons who occupied the property when the service was rendered, for the collection of the amount of the delinquent rates and charges and all penalties thereon. In such action a reasonable attorney's fee shall be awarded the plaintiff.

Second, an action may be brought in the name of the district in any court of competent jurisdiction to foreclose the lien of the rates and charges and all penalties thereon. In such action a reasonable attorney's fee shall be awarded the plaintiff.

Sale of property

Third, on June 2d and December 2d of each year (or if said date falls upon a Sunday or a holiday, then on the next business day thereafter), the treasurer of the district may sell all parcels of property on which the rates and charges have been delinquent for a period of more than six months at public sale to the person who offers to purchase the least quantity thereof and pay therefor all due and unpaid rates and charges which have been recorded, together with penalties thereon and fifty cents ($0.50) for the cost of publishing notice of sale. Notice of such sale shall be given by two publications thereof in a newspaper of general circulation, for at least 20 days before the date of sale, stating the time and place of sale, description of property to be sold and the amount which will be required to purchase same. If no person offers to purchase a parcel, it shall be struck off by the treasurer to the district. The treasurer shall make and keep in his office a record of all parcels sold, showing date of sale, name of purchaser and his address, description of property sold, and sale price. Redemption from the treasurer's sale or from foreclosure sale may be made within one year from date thereof. In case of redemption the purchaser shall be entitled to interest at the rate of 2 per cent per month from the date of sale. After the expiration of the period of redemption from the treasurer's sale the treasurer shall make a deed of the property sold to the purchaser. Such deed shall be conclusive evidence of the regularity of the sale and shall vest title in the purchaser free and clear of all encumbrances except taxes and assessments. Any action, suit or proceeding asserting the invalidity of the sale must be begun before the expiration of the period of redemption, and after the deed has been issued no defense that the sale is invalid may be asserted. At least 30 days before any action to foreclose the lien of any rate or charge is brought, and at least 30 days before any sale of property is made by the treasurer, he shall cause notice of the proposed action to foreclose on any parcel, or to sell any parcel, to be sent by registered mail to the owner of the property on which the unpaid rate or charge is a lien. No defect or informality in such notice shall invalidate the foreclosure or sale; provided, the notice is placed in the United States mail, postage prepaid, addressed to the owner of the property at his address, as the name and address of such owner appears on the last equalized assessment roll.

Fourth, the board may, by ordinance, establish additional remedies for collecting and enforcing rates and charges for sewage disposal service, and may change the remedies established by it from time to time, in order to facilitate the collection of such rates and charges.

The remedies for collecting and enforcing rates and charges herein set out are cumulative and may be pursued alternately, or any thereof may be used consecutively when the board so determines. If any one of said remedies is or may be invalid, all valid remedies shall remain effectual. Until the principal and interest of revenue bonds are fully paid, any holder of any revenue bond outstanding at any time may compel the use of any or all of the remedies herein provided.

Accounts when revenue bonds are issued

SEC. 91. (a) Any district issuing revenue bonds under the provisions of this article shall install, maintain and keep proper books of record and account for each sewage disposal system which shall be entirely separate from all other records and accounts of such district, and in which full and correct entries shall be made of all dealings and transactions relating to the properties, business and affairs of such sewage disposal system The engineer, not later than three months after the close of any calendar, operating or fiscal year (whichever may be determined by the board to be the yearly basis for the operation of the sewage disposal system), shall cause the records, accounts and affairs of each sewage disposal system to be audited by a competent auditor, who shall prepare a balance sheet and an income and surplus account showing, in reasonable detail, the financial condition of each sewage disposal system at the close of such year and the financial operations thereof during such year

(b) Said audit balance sheets and income and surplus accounts shall at all reasonable times during business hours be open to examination and inspection by any taxpayer, user of services furnished by the district, or any holder or owner of revenue bonds issued for the construction of any sewage disposal system, or anyone acting for or on behalf of such taxpayer, user of services or revenue bondholder.

(c) Upon request of the holders of 20 per cent or more of the principal of outstanding revenue bonds of any issue, the district shall cause all records, accounts and affairs relating in any wise to such sewage disposal system constructed from the proceeds of such issue of revenue bonds, to be audited by a competent certified public accountant and a copy of the audit so made shall be open for inspection at all times to any taxpayer, user of the services furnished by the district, or owner or holder of revenue bonds issued by the district or anyone acting for or on behalf of such taxpayer, user or revenue bondholder

Contracts for use of district facilities

SEC. 92 (a) Any district operating a sewage disposal system constructed from the proceeds of revenue bonds is hereby authorized to contract with any municipality or county and such municipality or county is hereby authorized to enter into contracts with the district for the use of the facilities of the district upon such terms and conditions as may be approved

by the respective contracting parties; provided, however, that no such contract shall be made for a period of more than 15 years or in violation of the provisions of the ordinance authorizing the issuance of revenue bonds for the construction of said sewage disposal system.

(b) Such municipality or county shall by ordinance have power to establish, change and adjust (so far as will not impair the rights of the revenue bondholders) rates and charges for the service rendered by the sewage disposal system against the owners of the houses, buildings, places and other premises served, in the manner hereinbefore provided for establishing, changing and adjusting rates and charges for the services rendered, and such rates and charges shall constitute a lien against the houses, buildings, places and other premises served and shall be collected by the proper officials of the municipality or county in the same manner as provided in this article for rates and charges made by the district.

(c) The necessary intercepting sewers for connecting the sewerage system of the municipality or county with the sewage disposal system of the district shall be constructed by the municipality or county, or by the district, upon such terms and conditions as may be set forth in said contract, and the cost, or that part of the cost thereof which is to be borne by the district, may be paid as a part of the cost of the sewage disposal system constructed, from the proceeds of revenue bonds issued therefor, unless otherwise provided by the ordinance of issuance of such revenue bonds. The income received by the district under any contract made under the authority of this section shall be deemed to be a part of the revenues of the sewage disposal system which renders the services contracted for, and shall be applied as herein provided.

Additional revenue bonds

SEC. 93. Nothing contained in this act shall prevent the issuance of additional revenue bonds of such district from time to time as such revenue bonds shall be authorized by an election held as provided in this article; provided, however, additional revenue bonds of any sewage disposal system shall be subordinate to revenue bonds issued prior thereto for the benefit of the same sewage disposal system in respect to the application of the revenues of such sewage disposal system, unless such additional revenue bonds issued under this article are by the ordinance of issuance of the prior revenue bonds expressly authorized, or unless the holders or owners of 75 per cent of the revenue bonds outstanding at the time such additional revenue bonds are to be issued agree that such additional revenue bonds may be issued, in which case the additional revenue bonds and the prior revenue bonds shall be paid from the revenues of the entire sewage disposal system and the original revenue bonds and the additional revenue bonds shall have a parity of lien upon the revenues of the sewage disposal system.

Same

SEC. 94. (a) Additional revenue bonds for additions to, enlargements of, or extensions and improvements of a sewage

disposal system, may be issued when authorized by vote as provided in this article for the issuance of the first issue of revenue bonds. The ordinance calling the election for such additional revenue bonds shall recite the objects and purposes for which the proposed revenue bonds are to be issued, the estimated cost of the proposed additions, enlargements, extensions or improvements, the estimated amount of the incidental expense in connection therewith, the amount of the principal of the revenue bonds to be issued therefor, and the rate of interest to be paid on such revenue bonds; provided, however, that in its discretion the board may recite in such ordinance the maximum rate of interest to be paid on said revenue bonds, which rate when so recited shall not be exceeded. The interest shall be payable semiannually and the maximum rate shall not exceed 6 per cent per annum.

(b) The ordinance shall fix the date on which the election shall be held, the manner of holding the same, and the manner of voting for or against the proposition and shall in all other respects be held as provided in Article 3. Said ordinance shall contain a statement that the revenue bonds to be issued shall be payable solely from revenues derived from the proposed additions, enlargements, extensions or improvements, and shall contain a list of the rates and charges for the different classes of users for the use of said additions, enlargements, extensions or improvements; provided, however, that if the holders or owners of 75 per cent of the revenue bonds outstanding at the time such additional revenue bonds are to be issued have agreed that such additional revenue bonds may be issued, then the ordinance shall contain a statement that the bonds to be issued shall be payable solely from revenues derived from the sewage disposal system, as added to, enlarged, extended or improved, and that the additional revenue bonds shall have a parity of lien with the outstanding revenue bonds upon the revenues of the sewage disposal system, as added to, enlarged, extended or improved.

Refunding of revenue bonds

SEC. 95. Any revenue bonds issued under this article may be refunded with revenue bonds of the district at any time; provided, that the holder or owners (exclusive of any county, city and county, municipality or public corporation holding or owning any of said bonds) of 75 or more of the principal amount of the revenue bonds outstanding at the time of such refunding assent thereto and agree to the terms upon which said refunding revenue bonds shall be issued. In the event such refunding is authorized with the consent of said 75 per cent or more of owners or holders, such refunding shall be upon the terms agreed upon in a contract with said 75 per cent of owners or holders, and all of the outstanding revenue bonds shall be subject to call at the price and upon the terms stated in the agreement with the assenting revenue bondholders, and all holders of outstanding revenue bonds, upon such call being made, shall exchange their revenue bonds for such refunding revenue bonds or for cash provided by the sale

of such refunding revenue bonds upon the terms and conditions set out in said agreement.

Same

SEC. 96. One issue of revenue bonds may be issued for the refunding of the revenue bonds of said district and for any additions to, enlargements, extensions or improvements of, a sewage disposal system; provided, such issuance is authorized by the agreement of the owners or holders of 75 per cent or more of the principal amount of the revenue bonds outstanding at the time of such refunding to the terms upon which said new revenue bonds shall be issued, but such revenue bonds shall not be authorized until a majority of all of the voters voting on the proposition of issuing the same shall vote in favor of issuing such revenue bonds. The ordinance calling the election shall recite the objects and purposes for which said proposed revenue bonds are to be issued, the amount of such revenue bonds to be issued, and the rate of interest to be paid thereon or a maximum rate, which rate shall not be exceeded in the issuance of such revenue bonds. The interest on all revenue bonds issued under this section shall be payable semiannually, and the maximum rate may not exceed 6 per cent per annum.

Purchase of revenue bonds with surplus funds

SEC. 97. Whenever there are surplus moneys in any of the funds of any sewage disposal system which in the opinion of the board, may be used for the purchase of outstanding revenue bonds, issued for the construction of, addition to, enlargement of, extension to, or improvement of, such sewage disposal system, the board is authorized to purchase any such outstanding revenue bonds at not more than the par value thereof. The board shall, by notice published once in a newspaper of general circulation, invite proposals for the sale of such outstanding revenue bonds to it and shall state the amount of funds available for the purchase thereof. All proposals shall be opened in public and the lowest offer may be accepted; provided, however, that the board may reject any or all proposals. In the event that the board rejects all proposals, it may thereafter purchase such revenue bonds at private sale but it shall not pay more at private purchase than the lowest price submitted at the public bidding. All such revenue bonds so purchased shall be immediately canceled by the treasurer.

Terms of revenue bonds

SEC. 98. Whenever any revenue bonds are to be issued under any of the provisions of this article, the board issuing the same may enter into indentures or agreements containing any or all of the following provisions, to wit: (a) providing for the amount, form, and maturities of the revenue bonds and coupons; (b) the terms and conditions upon which the revenue bonds shall be issued, sold, retired, or refunded; (c) providing minimum reserve requirements for such revenue bonds; (d) providing for the rates and charges to be made for all services and the conditions under which established rates and charges may be reduced or increased; and (e) providing that the amounts to be raised in each year by rates and charges

shall be not less than the amounts required for the payment of principal and interest of revenue bonds, amount needed for current administrative, operating and maintenance costs for that year, and such reserve requirements as may be specified therein. Such indentures or agreements may contain additional provisions for the protection of the holders of the revenue bonds to be issued, and may provide a method or methods by which such indenture or agreement may be amended, and refunding revenue bonds issued or additional revenue bonds issued, and may prescribe the percentage of the holders in principal amount of the revenue bonds issued pursuant thereto required to consent to the amendment of such indenture or agreement or the issuance of additional or refunding revenue bonds.

Validity of proceedings or bonds

SEC. 99. If any proceedings, or any revenue bonds issued under this article, are contested in any court, the court, in inquiring into the regularity, illegality or correctness of such proceedings or the validity of the issuance of such revenue bonds, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding, and any revenue bonds issued under any proceeding attempted to be taken under this article shall be conclusive evidence of the validity of such revenue bonds and of all proceedings for the issuance thereof.

Article 7. Use of Sewage Disposal System

Ordinance regulating sewage disposal system

SEC. 100. After the construction by the district of a sewage disposal system the board shall cause an ordinance to be passed, which ordinance shall set forth the following:

(a) A description of the area of the district which will be served by the sewage disposal system so constructed.

(b) A schedule of the proposed rates and charges.

(c) The date when the district proposes to commence the treatment, purification and disposal of sewage and industrial wastes originating in such area.

(d) The day, time and place where a public hearing will be held when objections to the adoption of such ordinance may be heard.

Hearing on ordinance

SEC. 101. All objections to the adoption of such ordinance shall be presented to the board in writing at least five days prior to such hearing, such written objections shall be definite and specific. The board may continue the hearing from time to time, and may make any change in, modification of, or addition to, the schedule of rates and charges; provided, however, that such ordinance before final adoption shall be republished at least once if any change, modification or addition is made thereto.

Effect of adoption

SEC. 102. Upon the final adoption of such ordinance the secretary of the board shall cause a certified copy thereof to be transmitted to the legislative body of each municipality and each county which is wholly or partially within the area

described in such ordinance, and thereafter no person, nor any municipality, nor any county, shall have any power or authority to treat, purify or dispose of, or cause or permit, any sewage or industrial wastes originating within the area described in said ordinance, to be treated, purified or disposed of in any manner, except by and through the sewage disposal system operated by the district.

Article 8. Annexation

Annexation to district

SEC. 103. A board of supervisors may propose the annexation of unincorporated territory, and the legislative body of any municipality may propose the annexation of territory comprising such municipality or any portion thereof, by the adoption of a resolution requesting the board to annex the territory described in such resolution. Such territory proposed to be annexed need not be contiguous to the district and need not be within the county within which the district was originally organized.

Terms of annexation

SEC. 104. Upon the receipt of a certified copy of a resolution proposing the annexation of any territory the board, if it determines that the annexation of such territory would facilitate the construction or operation of a sewage disposal system, or otherwise be advantageous to the district, shall determine, by resolution, the terms and conditions upon which such annexation may be made. Such terms and conditions, amongst other things, may provide for the payment of taxes within the territory to be annexed in addition to the taxes elsewhere in this act provided for; for the fixing of rates and charges differing from those fixed or existing elsewhere within the district; or for the incurring or assumption of indebtedness, or for the making of a payment or payments, or for the transfer of property, real and personal, and other assets to the district by the territory proposed to be annexed. A certified copy of the resolution fixing the terms and conditions upon which such annexation may be made shall be transmitted forthwith by the secretary of the district to the board of supervisors or the legislative body proposing such annexation.

Notice of annexation hearing

SEC. 105. If the legislative body proposing such annexation consents to said terms and conditions the board shall fix the time and place for hearing on the question of said annexation and provide for the giving of notice thereof.

Notice fixing the time and place for hearing on the question of the annexation of said territory to said district shall be published once in a newspaper of general circulation printed and published in said district. If no such newspaper is printed and published therein, the notice of such hearing shall be given by posting a notice thereof in three (3) public places within the boundaries of said district, at least one of which shall be within the boundaries of the territory proposed to be annexed. The time for such hearing shall be not less than thirty (30) nor more than sixty (60) days from the date of

the first publication of said notice, or its posting, in the event the same is posted.

Hearing on annexation

At or before said hearing any person interested may file with the clerk or secretary of said district written objections to the annexation of said territory to said district or to the inclusion of his property therein. Upon such hearing, the board of directors of the district shall hear and determine all protests and objections. Any such hearing may be adjourned from time to time by the board of directors without further notice other than an order to be entered upon the minutes of its meeting fixing the time and place of such adjournment. In the event that no protests are filed, or the protests filed are overruled and denied by the board of directors, said board shall thereupon, by resolution, declare such territory, or a portion thereof, annexed to said special district. From and after the date of the filing of said resolution with the secretary or clerk of said district the annexation of said territory, or portion thereof, to such district shall be deemed completed.

Consent of municipality

SEC. 106. No municipality or portion thereof shall be annexed to the district unless the legislative body thereof shall by resolution consent thereto.

Effect of annexation

SEC. 109. From and after the date of any annexation the board of directors of the district shall have full power and authority to do any and every act necessary or convenient to carry out and comply with the terms and conditions of such annexation, and thereafter to exercise within the annexed territory all powers vested in the district and the board by the provisions of this act.

Same

SEC. 110. An annexation under the provisions of this article shall not operate to dissolve or terminate the legal existence of any municipality or county, and such municipality or county shall nevertheless retain its corporate existence until otherwise dissolved pursuant to provisions of law now or hereafter enacted for that purpose.

Statute of limitations

SEC. 111. The validity of any procedure for the annexation of any territory to a district shall not be contested in any action or proceeding unless such action or proceeding shall have been brought within three months from and after the date of the completion of such proceeding.

Article 9. General Provisions

awarded to corporations in which such officer owns less than 1 per cent of the entire capital stock.

Powers of board

SEC. 113. All matters and things necessary for the proper administration of the affairs of the district which are not provided for in this act shall be provided for by the board.

Purchase of supplies

SEC. 114. In the purchase of all supplies and materials, when the expenditure required for the same shall exceed the sum of one thousand dollars ($1,000), the same shall be done by contract and be let to the lowest responsible bidder, after notice by publication in a newspaper of general circulation, said notice to be printed at least once, which publication shall be made at least five days before bids are received; provided, the board may reject any and all bids and readvertise in their discretion; provided further, that after rejecting bids the board may determine and declare by a resolution adopted by a four-fifths vote of all its members, that in its opinion the materials and supplies may be purchased at a lower price in the open market; after the adoption of such resolution, the board may proceed to purchase said supplies and materials in the open market without further observance of the provisions first above stated; provided further, that in case of any great public calamity, such as an extraordinary fire, flood, storm, epidemic or other disaster, the board may, by resolution passed by a four-fifths vote of all its members, declare and determine that public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property, whereupon it may proceed to expend money or enter into contracts involving the expenditure of any sum needed in such emergency.

Annual audit of accounts

SEC. 115. The board shall employ annually an expert who shall be a certified public accountant and who shall with all due diligence, examine and report upon the system of accounts kept by the district, all the contracts of whatsoever kind made and entered into by the board within the year immediately preceding, and the properties and investments of the district. Said expert shall in his report make such recommendations and suggestions as to him shall seem proper and required for the good of the district, and for the efficient and economical or advantageous management and operation of the district and of each sewage disposal system thereof; and he shall in his said report make such recommendations and suggestions as to the system of accounts kept, or in his judgment to be kept, the manner in which such accounts shall be kept, the form of accounts, records, including accounts, records, and memoranda of receipts and expenditures of money, and depreciation and sinking fund accounts, as in his judgment may be proper and necessary.

Constitutionality

SEC. 116. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it

would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Action to determine validity

SEC. 117. (a) The board, at any time within 60 days from and after the date of an election authorizing the issuance of any general, revenue or refunding bonds, may cause to be brought, in the name of the district an action in the superior court of the county in which said district or the greater portion thereof is located, to determine the validity of any such bonds. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in a paper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within 10 days after the full publication of such summons in the manner herein provided. Anyone interested, at any time before the expiration of said 10 days, may appear and by proper proceedings contest the validity of such bonds. Such action shall be speedily tried and judgment rendered declaring such bonds to be valid or invalid. Either party may have the right to appeal to the Supreme Court at any time within 30 days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. After the expiration of 90 days from the date of such election no action may be brought by any person to contest or question the validity of said bonds and proceedings thereto. If there be more than one action or proceeding involving the validity of any such bonds, they shall be consolidated and tried together. The court hearing any proceeding or action inquiring into the regularity, legality or correctness of the proceedings leading up to the issuance of bonds, or the validity of such bonds, shall disregard any error, irregularity, or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to all actions or proceedings herein provided for. The motion for a new trial of any such action or proceeding must be heard and determined within 10 days from and after the filing of the notice of intention. The costs on any proceeding or action herein provided for may be allowed and apportioned between the parties, or taxed to the losing party, in the discretion of the court.

(b) Notwithstanding any other provision contained in this section, the board may cause a refunding bond validation proceeding to be brought within 60 days from and after the date of the action of the board authorizing the issuance of such refunding bonds.

Dissolution of sewage disposal district

SEC. 118. Sec. 34a. If the board is dissatisfied with the return or returns filed or amount of excise tax paid to the State by any taxpayer, it is hereby authorized and empowered to compute and determine the amount to be paid based upon any information available to it. One or more additional determinations may be made hereunder of the amount of excise tax due for more than one month. The amount of excise tax so determined shall bear interest at the rate of one-half of 1 per cent per month, or fraction thereof, from the fifteenth day after the close of the month for which the amount of such excise tax, or any portion thereof, should have been reported until the date of payment. In making a determination hereunder, the board may offset overpayments for a month or months against underpayments for another month or months and against the interest and penalties on such underpayments. If any part of the deficiency for which a determination of an additional amount due is made is found to have been occasioned by negligence or intentional disregard of the act or rules and regulations thereunder, a penalty of 10 per cent of such amount shall be added, plus interest as above provided. If any part of the deficiency for which a determination of an additional amount due is made is found to be occasioned by fraud or an intent to evade the act or the rules and regulations thereunder, a penalty of 25 per cent of such amount shall be added, plus interest as above provided. The board shall give to the taxpayer written notice of its determination. Such notice may be served personally or by mail; if by mail, service shall be made in the manner prescribed by Section 1013 of the Code of Civil Procedure and addressed to the taxpayer at his address as the same appears in the records of the board.

New section

SEC. 23. Section 34b is hereby added to the act cited in the title hereof, to read as follows:

Determination in absence of return

Sec. 34b. If any taxpayer fails to make a return required to be made by this act, the board shall make an estimate, based upon any information available to it, for the month or months

with respect to which the taxpayer failed to make a return of all distilled spirits sold in this State by him and upon the basis of the estimate, compute and determine the amount required to be paid to the State, adding to the sum thus fixed a penalty equal to 5 per cent thereof. A determination may be made hereunder of the amount of excise tax due for more than one month. The amount of excise tax so determined shall bear interest at the rate of one-half of 1 per cent per month, or fraction thereof, from the fifteenth day after the close of the month for which the amount of such excise tax, or any portion thereof, should have been returned until the date of payment. In making a determination hereunder the board may offset overpayments for a month or months against underpayments for another month or months and against interest and penalties on such underpayments. If any part of the deficiency for which a determination is made is due to negligence or intentional disregard of the act or authorized rules and regulations, an additional penalty of 10 per cent of such amount shall be added thereto. If the neglect or refusal of a taxpayer to file a return as required by this act was due to fraud or an intent to evade the excise tax, there shall be added to the excise tax a penalty equal to 25 per cent thereof in addition to the 10 per cent penalty as above provided. Thereupon the board shall give to such taxpayer written notice of such estimate and determination, the notice to be served personally or by mail in the same manner as prescribed for service of notice by the provisions of Section 34a hereof.

New section

SEC. 24. Section 34c is hereby added to the act cited in the title hereof, to read as follows:

Jeopardy determination

Sec. 34c. If the board believes that the collection of any amount of excise tax imposed hereunder by Section 24 will be jeopardized by delay, it shall thereupon make a determination of the amount of excise tax due, noting that fact upon such determination and the amount of such excise tax shall be immediately due and payable. If the amount of the excise tax, interest and penalty specified in the jeopardy determination is not paid within 10 days after the service upon the taxpayer of notice of the determination, such determination becomes final, unless a petition for redetermination is filed within such 10 days, and the delinquency penalty and interest provided in Sections 27b and 34g hereof shall attach to the amount of excise tax specified therein. The taxpayer against whom a jeopardy determination is made hereunder may petition for the redetermination thereof; provided, however, that such petition for redetermination must be filed with the board within 10 days after the service upon the taxpayer of notice of the determination; and provided further, that the taxpayer must within said 10-day period deposit with the board such security as it may deem necessary to insure compliance with the provisions of this act. Such security may be sold by the board at public sale if it becomes necessary so to do in order to recover any

amount due hereunder. Notice of such sale may be served upon the person who deposited such security personally or by mail in the same manner as prescribed for service of notice by the provisions of Section 34a hereof. Upon any such sale, the surplus, if any, above the amount due hereunder shall be returned to the person who deposited the security.

New section

SEC. 25. Section 34d is hereby added to the act cited in the title hereof, to read as follows:

Redetermination

Sec. 34d. Any person from whom an amount is determined to be due under the provisions of Section 34a or 34b hereof or any person directly interested may petition for a redetermination thereof within 15 days after service upon such person of notice thereof. If a petition for redetermination is not filed within said 15-day period, the amount determined to be due becomes final at the expiration thereof. If a petition for redetermination is filed within said 15-day period, the board shall reconsider the amount determined to be due, and if such person has so requested in his petition, shall grant such person an oral hearing and shall give such person 10 days' notice of the time and place thereof. The board shall have power to continue the hearing from time to time as may be necessary.

The board may decrease or increase the amount of the determination. The amount of the determination may be increased, however, only if claim for such increase is asserted by the board at or before the hearing.

The order or decision of the board upon a petition for redetermination shall become final 15 days after service upon such person of notice thereof.

All amounts determined to be due by the board under the provisions of Section 34a or 34b hereof shall become due and payable at the time they become final and if not paid when due and payable there shall be added thereto a penalty of 10 per cent of the amount determined to be due.

Any notice required by this section shall be served personally or by mail in the same manner as prescribed for service of notice by the provisions of Section 34a hereof.

New section

SEC. 27. Section 34f is hereby added to the act cited in the title hereof, to read as follows:

SEC. 29. Section 34h is hereby added to the act cited in the title hereof, to read as follows: New section

Sec. 34h. With respect to excise taxes imposed by Section 24 of this act, if the board determines that any amount, penalty or interest has been paid more than once, or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due, and the person from whom it was collected, or by whom paid to the board, and if approved by the State Board of Control the excess amount collected or paid shall be credited on any amounts then due from such person under this act and the balance shall be refunded to such person, or his successors, administrators, or executors. No refund shall be allowed unless a claim therefor is filed with the State Board of Equalization within three years from the fifteenth day after the close of the monthly period for which the overpayment was made, or, with respect to determinations made under the provisions of Section 34a and 34b hereof within six months after such determinations become final, whichever period expires the later. No credit shall be allowed after the expiration of the period specified for filing claims for refund unless a claim for credit is filed with the board within such period. Every claim for refund or credit must be in writing and must state the specific grounds upon which the claim is founded. Refunds

Failure to file such claim within the time prescribed in this section shall constitute waiver of any and all demands against this State on account of overpayment hereunder. Within 30 days after disallowing any such claim in whole or in part the board shall serve notice of such action on the claimant, such service to be made as provided by Section 34a hereof.

Interest shall be computed, allowed and paid upon any overpayment of any amount of tax, at the rate of one-half of 1 per cent per month as follows:

(1) From the fifteenth day of the calendar month following the monthly period for which the overpayment was made but no refund or credit shall be made of any interest imposed upon the claimant with respect to the amount being refunded or credited.

(2) In the case of a refund, to the fifteenth day of the calendar month following the date upon which the claimant is notified by the board that a claim might be filed or that the claim has been certified to the State Board of Control, whichever date is the earlier.

(3) In the case of a credit, to the same date that interest is computed on the tax or amount against which the credit is applied.

Any refund or any portion thereof which is erroneously made and any credit or any portion thereof which is erroneously allowed, may be recovered in an action brought by the

Controller of the State in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California and such action shall be tried in the County of Sacramento unless the court with the consent of the Attorney General, orders a change of place of trial. The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals are applicable to the proceedings herein provided for.

In the event that any amount has been illegally determined, the board shall certify such fact to the State Board of Control and said board shall authorize the cancellation of such amount upon the records of the board.

If the board determines that any overpayment has been intentionally made or made by reason of carelessness, it shall not allow any interest thereon.

New section

Suits to enjoin, etc., collection

Sec. 34i. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax imposed by Section 24 sought to be collected, and no suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally assessed or collected unless a claim for refund or credit has been duly filed as provided in Section 34h hereof.

Claim for refund

Within 90 days after the mailing of the notice of the board's action upon such claim, the claimant may bring an action against the board on the grounds set forth in such claim in a court of competent jurisdiction in the County of Sacramento for the recovery of the whole or any part of the amount with respect to which such claim has been disallowed.

If the board fails to mail notice of action on any such claim within six months after the claim is filed the claimant may, prior to mailing notice of action on such claim by the board, consider the claim disallowed and bring an action against the board on the grounds set forth in such claim for the recovery of the whole or any part of the amount claimed as an overpayment. Failure to bring suit or action within the time specified shall constitute a waiver of any and all demands against this State on account of any alleged overpayments hereunder.

If in any such action judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any taxes due from the plaintiff under this act and the balance of the judgment shall be refunded to the plaintiff. In any such judgment, interest shall be allowed at the rate of 6 per cent per annum upon the amount found to have been illegally collected from the date of payment of such amount to the date of allowance of credit on account of such judgment or to a date preceding the date of the refund warrant by not more than 30 days, such date to be determined by the board.

In no case shall any judgment be rendered in favor of the plaintiff in any action brought against the board to recover any tax paid hereunder, when such action is brought by or in the name of an assignee of the taxpayer paying said tax, or by any person other than the person who has paid such tax.

Petition

(a) A petition may be filed with the secretary of the board of directors, signed by a majority in number of the holders of title, or evidence of title, to the lands proposed to be added, who shall hold title or evidence of title, to a majority in acreage of said lands, containing a description of said lands sufficient to identify the same and praying that said lands be added to the district. The time of hearing to be specified in said notice shall be that of the regular meeting of said board next after the expiration of the time for publication of said notice.

The secretary shall, within two days after first publication of said notice, send a copy thereof by mail to each person who has not signed the petition, to whom any lands proposed to be added to the district were assessed on the last equalized county assessment roll, at the address of such person appearing on said assessment roll. Irregularity or defect in mailing, or failure to mail such copies shall not in any manner impair nor invalidate the addition of such lands to the district. The petitioners shall advance to the secretary the cost of publication and mailing of such notice, and unless so advanced at the time of filing the petition, or provided by the board the secretary shall not publish nor mail the notice.

Hearing

(c) At the time of hearing specified in said notice, or other time to which the hearing shall be adjourned, the board of directors shall proceed to hear the petition and all written objections thereto and if said board shall find that said petition complies with the requirements of this act and that the addition to the district of the lands proposed to be added, or some portion thereof, is authorized by this act and will be for the best interest of the district, and of the lands to be added the board shall by ordinance declare that said lands, or said portion thereof, shall be added to the district. The ordinance shall contain a description of the lands added to the district, sufficient to identify the same.

Addition of public lands of the United States

(d) The board of directors may, without petition, except as may be required by the laws of the United States, by resolution propose the addition to the district of any public lands of the United States which might, if privately owned, be added on petition. The secretary of said board shall thereupon cause publication of notice stating such proposal and otherwise complying with subdivision (b) of this section and said board shall hold a hearing pursuant to said notice and if said board shall find that all requirements of this act and

of the laws of the United States have been complied with and that the addition of said lands, or some portion thereof is authorized by this act and will be for the best interest of the district and of the lands to be added, the board shall by ordinance describe said lands, or portion thereof and declare that said lands, or said portion thereof, shall be added to the district.

Effective date of ordinance

(e) If no petition for the holding of an election for the disapproval and veto by the electors of any ordinance adding lands to the district be filed within the period provided by law, after the adoption of such ordinance, then said ordinance shall be effective.

Each property owner, so qualified to vote, shall be entitled to cast one vote for each one hundred dollars ($100) of assessed valuation or fraction thereof, greater than fifty dollars ($50), as the same appears to have been assessed on

Voters

Voters the equalized county assessment roll last preceding the holding of the election. In determining the total number of votes any voter is entitled to cast, the total assessed value of all parcels owned by the voter shall be divided by 100, and the quotient shall determine the number of votes. Any property owner, whose property has an assessed valuation of fifty dollars ($50), or less, shall be entitled to one vote.

For the purpose of determining who is entitled to vote, and the number of votes each voter is entitled to cast, the board or boards of supervisors of the county or counties, in which the lands of any such proposed district, or any such district, or any part thereof, may be situate, shall cause to be prepared, certified, and furnished to the election board at each polling place in the district, at the cost or expense of the district, a true and correct copy of the next preceding equalized assessment roll or rolls of such county or counties as far as any such assessment roll may apply to any lands or improvements thereon, or interest therein, situate within such proposed district or such district.

Such certified assessment rolls shall be used by the election boards, at the election for which the same are furnished, in determining the number of votes each voter is entitled to cast.

Executors, administrators, special administrators and guardians may cast the vote of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to vote; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced by the voter.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to vote as being the person shown on the assessment roll or otherwise as entitled to vote. And, unless satisfactory evidence is furnished of the right to vote, the request to vote may be denied.

Where land is assessed to unknown owners, the production of a duly recorded or other transfer or conveyance, accompanied by a certificate of a searcher of title certifying that a search of the official records of the county since the date of the deed discloses no conveyance or transfer out from the grantee or transferee named in said instrument, shall entitle said grantee or transferee to vote.

Where property appears to be owned in common or jointly, or where letters of representatives of decedents, minors, or guardians are joint, any one of the owners or representatives may cast all votes which such joint owners or representatives are entitled to vote; provided, the party claiming the right to vote for all produces the written consent of his co-owners or representatives so to do, duly acknowledged by the consenting co-owners or representatives in the manner that deeds of real property are required to be acknowledged to entitle such

deeds to be recorded in the recorder's office of the county in which said property is situated. If such consent is not produced, then the number of votes shall be apportioned to each owner or representative claiming the right to vote, according to the proportionate ownership or representation shown on the assessment roll, if such proportion is shown. If such proportionate ownership or representation is not so shown, it shall be presumed that such ownership or right of representation is equal, and the voting right determined accordingly. Voters

Where property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to vote the same, and if assessed in the name of more than one trustee the voting right shall be determined in like manner as above provided with respect to co-owners.

The vote of any public or quasi public corporation, private corporation or unincorporated association, may be cast by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing, and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority, and shall be filed with the board of election. Any member of any partnership firm may vote in behalf of such firm.

All parties entitled to vote may have their votes cast by proxy, but no person shall vote by proxy unless authority to cast such vote shall be evidenced by an instrument in writing, duly acknowledged and certified in the same manner as grants of real property, and filed with the board of election. Proxies

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name, or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to cast the votes represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to vote, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county where said property is situate, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the property has been contracted to be sold, the vendee shall be entitled to cast the ballots, unless such property is assessed in the name of the vendor, in which event the vendor shall be entitled to cast the vote or votes represented thereby.

All instruments evidencing or supporting a claim of right to vote shall likewise be filed with the election board. If the proposal to create any such district shall not be approved, at any election held therefor upon the formation thereof, all such documents shall be delivered, for preservation, to the board of

supervisors of the county in which the proceedings for the formation of such district are being held. At all other elections, all such documents shall be delivered, for preservation, to the board of directors of the district.

Ballots

As each voter establishes his right to vote, and the number of votes to which he is entitled is determined, there shall be delivered to him as many ballots as he is entitled to votes, or, at his request, one ballot representing such votes, as next hereinafter provided. In order to simplify the voting, and avoid the necessity of a voter having a large number of votes, stamping numerous ballots, one member of the board of election, in the presence of the voter and other members, at the request of the voter, shall write upon the ballot or ballots, delivered to him, the number of votes which such voter is entitled to cast, and, after the voter has voted, it shall be then the duty of the election board to examine all ballots which said voter shall desire to cast, and see that they are the same ballots which were delivered to the voter, and correctly represent the number of votes such voter is entitled to cast, before the same shall be passed into the ballot box.

Tax levy

or taxes may by ordinance provide for the levy and collection of assessments or taxes for the creation of a fund for capital outlays. In making a levy for such purpose under this act such governing body shall not exceed the limitation upon its right to impose taxes as may be prescribed by the general laws of the State without the assent of two-thirds ($\frac{2}{3}$) of the qualified electors of such city, county, city and county, or district, voting at any general or special election at which such proposition may be submitted. If such city or county or city and county operates under a charter then only the limitations upon the levying of taxes imposed by the provisions of such charter shall apply.

Transfer of surplus funds

At any time after the creation of such a fund such governing body may transfer to such fund any unincumbered surplus funds remaining on hand in such city, county, city and county or district at the end of any fiscal year.

Disbursements

Whenever such fund is created in the manner aforesaid it shall remain inviolate for the making of any capital outlays and no moneys shall be disbursed therefrom excepting for such a purpose; provided, however, that the governing body may submit a proposition to the electors of such city, county, city and county, or district, to obtain the consent of such electors to the use of the moneys in said fund, or any portion thereof, for some other specific purpose. Such proposition may be submitted at any election. It shall require a two-thirds ($\frac{2}{3}$) vote of all of the voters voting at such election to authorize the expenditure of the moneys in said fund, or any portion thereof, for such other purpose as aforesaid.

"Capital outlays"

The term "capital outlays" shall not be construed to include the construction, acquisition, extensions of, or additions to, utilities, other than utilities for the furnishing of a water supply.

CHAPTER 342

An act to amend Section 1 of an act entitled "An act to authorize and control the deposit in banks of money belonging to or in the custody of any county, city and county, city, town, municipality or other public or municipal corporation within this State, and to repeal all acts or parts of acts in conflict with this act," approved April 28, 1933, relating to deposit of public moneys, to declare the urgency thereof, and to provide that this act shall take effect immediately.

Stats 1933, p. 642, amended

[Approved by Governor May 24, 1941. Filed with Secretary of State May 24, 1941.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the act referred to in the title hereof is hereby amended to read as follows:

Stats 1939, p. 1950

Section 1. All moneys belonging to or in the custody of any county, city and county, city, town, municipality or other public or municipal corporation within the State, including all moneys collected by, or paid to the treasurer of any county, city and county, city, town, municipality, or other public or municipal corporation within the State, or other official having authority to collect or receive the same, for the payment of principal, interest or penalties of bonds required by law, ordinance or resolution, to be paid to, or collected by, such treasurer or other official, shall, so far as possible, be deposited in such State or National bank or banks in the State as the treasurer of the county, city and county, city, town, municipality or other public or municipal corporation, as the case may be, or other official having the legal custody thereof, shall select for safekeeping of such deposits, and any sum so deposited shall be deemed to be in the treasury of such county, city and county, city, town, municipality or other public or municipal corporation; provided, that the bank or banks in which such money is deposited shall furnish security as hereinafter provided; and said bank or banks are hereby empowered so to do. Such depositary bank or banks shall be selected from those agreeing to pay the highest rate of interest, not less than 2 per centum per annum, for such deposits, as may be determined by bids to be submitted at such times and in such manner as the treasurer shall direct; provided, however, that until and including September 1, 1943, such treasurer may in the absence of a higher bid or bids deposit such moneys upon interest of not less than one-half of 1 per centum per annum on active deposits and one-half of 1 per centum per annum on inactive deposits; and provided further, that such deposit shall not exceed the paid-up capital, exclusive of reserve and surplus of any depositary bank. Any and all bids may be rejected by the treasurer and new bids asked for. The expenses of transportation of moneys to and from

such depositaries shall be borne by such depositaries and they shall handle, collect and pay all checks, drafts and other exchange without cost to such county, city and county, city, town, municipality or other public or municipal corporation. Such deposits, with interest thereon, shall be subject to withdrawal at any time upon the demand of the treasurer or other authorized official; provided, however, that all inactive deposits shall be subject to notice of at least 30 days for the payment thereof; and provided further, that the treasurer may, with the consent of the governing body of the county, city and county, city, town, municipality or other public or municipal corporation, deposit any part of such moneys for a definite term and may agree with any depositary bank or banks as to the period of time of any deposit or deposits, but no such agreement shall provide for the deposit of any of said moneys for a longer period than one year; and provided further, that such treasurer is hereby authorized, under such conditions as he, with the approval of the governing body of such county, city and county, city, town, municipality or other public or municipal corporation may fix, to deposit moneys in any bank, or banks within or without this State, necessary for the payment of the principal and interest of bonds at the place or places at which the same are payable, and the requirements of this act shall not apply to deposits for such purposes.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution, and shall, therefore, go into immediate effect. The facts constituting such necessity are as follows:

Unless this act becomes effective immediately, grave doubt may exist as to the validity of many millions of dollars of public funds which may be on deposit in banks on September 1, 1941, due to inability to effect deposits in compliance with the terms of the present law and unless this act is in effect on that date, treasurers of cities, counties, school districts, and other political subdivisions of this State may be compelled to withdraw from banks large sums of public money then on deposit at interest, and either hold the same in currency in their offices or deposit the same without interest. It is necessary that the withdrawal of such an amount of currency from circulation at one time, and the loss of interest thereon, be prevented, and that the radical and objectionable changes in the handling of public financial transactions that would immediately ensue as an inevitable consequence of such withdrawal and holding of currency be obviated, and that the means of deriving revenue from the deposit of such public funds be impeded as little as possible.

CHAPTER 343

An act to amend Section 16f of the Bank Act, relating to adverse claims to bank deposits and the contents of safe deposit boxes standing in the name of one other than the claimant and to add two new sections, Sections 539a and 682a to the Code of Civil Procedure, relating to the attachment of and the levy of execution upon bank accounts and the contents of safe deposit boxes standing in the name of one other than the defendant or judgment debtor.

Stats 1909, p 87, amended

[Approved by Governor May 24, 1941 Filed with Secretary of State May 24, 1941.]

In effect September 13, 1941

The people of the State of California do enact as follows:

SECTION 1. Section 16f of the Bank Act is hereby amended to read as follows:

Stats 1933, p 1177

Adverse claims to deposit

Sec. 16f. Notice to a bank or trust company organized under the laws of, or doing business in, this State, or to any other corporation conducting a safe deposit business, in this State, of an adverse claim to a deposit standing on its books to the credit of any person, firm or corporation, or to any property in a safe deposit vault or box maintained by such bank, trust company or safe deposit corporation and rented to any person, firm or corporation may be disregarded until and unless such adverse claimant shall either (a) procure a restraining order, injunction, or other appropriate order against said bank, trust company, or a safe deposit corporation from a court of competent jurisdiction in an action wherein such adverse claimant and all persons, firms or corporations in whose name such credit stands or in whose name such safe deposit vault or box is rented are made parties and are served with such restraining order, injunction or other order, or (b) execute to such bank, trust company or safe deposit corporation a bond in form and with a surety or sureties acceptable to such bank, trust company or safe deposit corporation, indemnifying it and also all persons, firms or corporations in whose name such credit stands or such safe deposit vault or box is rented from any and all liability, loss, damage, costs and expenses, for or on account of the payment of such adverse claim or for or on account of the giving to such adverse claimant of access to such safe deposit vault or box, or for the dishonor of the check or other order of the person, firm or corporation in whose name such credit stands or for or on account of the refusal by such bank, trust company or safe deposit corporation to permit access to such safe deposit vault or box by the renter thereof. Unless the restraining order, injunction or other appropriate order hereinabove mentioned is obtained or the bond hereinabove described is given, then notwithstanding such notice, such bank, trust company, or safe deposit corporation may honor the checks or other orders

of or permit access to and the removal of property by the person, firm or corporation in whose name such credit stands or such safe deposit vault or box is rented, without any liability on the part of such bank, trust company or safe deposit corporation. The bond hereinabove described shall be in an amount not less than the amount claimed by such adverse claimant and need not be in an amount in excess of twice the amount claimed by such adverse claimant. In lieu of the bond described above such adverse claimant may deliver to the bank, trust company or safe deposit corporation his affidavit stating that of his own knowledge the person, firm or corporation in whose name such credit stands or such safe deposit vault or box is rented is a fiduciary for such claimant and that said fiduciary is about to misappropriate such credit or the contents or a part of the contents of such safe deposit vault or box and stating the facts upon which the claim of a fiduciary relationship is based; and in such case the bank, trust company or safe deposit corporation, without any liability on its part, and without any responsibility for the sufficiency or the truth of the facts so stated, may refuse payment of such credit and may refuse to give access to such safe deposit vault or box or to permit the removal of any property therefrom until the adverse claim thereto is finally adjudicated or the bank, trust company or safe deposit corporation is indemnified to its satisfaction by either party to the controversy. The provisions of this section shall be applicable to any credit standing in the name of and to any safe deposit vault or box rented by a person, firm or corporation in his or its name without any qualifying or descriptive term or in his or its name with some qualifying or descriptive term as "agent," "trustee" or other word or phrase indicating that such person, firm or corporation might not be the true or beneficial owner of such credit or the renter of such safe deposit vault or box.

New section SEC. 2. Section 539a is hereby added to the Code of Civil Procedure, to read as follows:

Attachment—Bank account Sec. 539a. Upon delivery to it of the aforesaid bond such bank, trust company, or safe deposit corporation shall comply with the writ of attachment and shall not be liable to any person by reason of such compliance or by reason of the nonpayment of any check or other order for the payment of money drawn against the account or other credit so attached and presented while the attachment is in force or by reason of the removal, pursuant to the levy, of any of the contents of such safe deposit vault or box or by reason of the refusal of such bank, trust company, or safe deposit corporation to permit access to such safe deposit vault or box by the renter thereof. The bond described above shall be executed by the plaintiff or plaintiffs with two or more sufficient sureties. Under the present provisions of the California Real Estate Act persons licensed to engage in the business, act in the capacity of, advertise or assume to act as real estate brokers or real estate salesmen, who have been or will be called into the Military Service of the United States in the present emergency, will forfeit their licenses and suffer loss of their business. It is essential that a change be made before the renewal license period begins in order to avoid such harsh results which appear to be inevitable under the present law.

Disobedience to subpena

How punished

1991. Disobedience to a subpena, or a refusal to be sworn, or to answer as a witness, or to subscribe an affidavit or deposition when required, may be punished as a contempt by the court issuing the subpena.

Report of disobedience

When the subpena, in any such case, requires the attendance of the witness before an officer or commissioner out of

court, it is the duty of such officer or commissioner to report any such disobedience or refusal to be sworn or to answer a question or to subscribe an affidavit or deposition when required, to the court issuing the subpena. The witness must not be punished for any refusal to be sworn or to answer a question or to subscribe an affidavit or deposition, unless, after a hearing upon notice, the court orders him to be sworn, or to so answer or subscribe and then only for disobedience to such order.

Order to perform

Any judge, justice, or other officer mentioned in Subdivision 3 of Section 1986, may report any such disobedience or refusal to be sworn or to answer a question or to subscribe an affidavit or deposition when required to the superior court of the county in which such attendance was required; and such court thereupon has power, upon notice, to order the witness to perform the omitted act, and any refusal or neglect to comply with such order may be punished as a contempt of such court.

Alternative procedure Notice of intention to report

In lieu of the reporting of such refusal as hereinabove provided, the party seeking to obtain the deposition or to have the deposition or affidavit signed, at the time of such refusal may request the officer or commissioner aforesaid to notify the witness that at a time stated, not less than five days nor more than 20 days from the date of such refusal, he will report the refusal of said witness to the court and that the said party will, at said time, or as soon thereafter as he may be heard, apply to the court for an order directing the witness to be sworn, or to answer as a witness, or subscribe said deposition or affidavit, as the case may be, and that the witness is required to attend said session of said court.

Record entry of notice

The officer or commissioner shall enter in the record of the proceedings an exact transcription of the request made of him that he notify the witness that the party will apply for an order directing the witness to be sworn or to answer as a witness or subscribe the deposition or affidavit, and of his notice to the witness, and such transcription shall be attached to his report to the court of the refusal of the witness. Such report shall be filed by the officer with the clerk of the court issuing the subpena, and said witness shall attend said session of said court, and for failure or refusal to do so may be punished for contempt.

Order to perform

At the time so specified by the said officer, or at such subsequent time to which the court may have continued the matter, if the officer has theretofore filed a report showing the refusal of said witness, the court shall hear the matter, and without further notice to the witness, may order the witness to be sworn or to answer as a witness or subscribe the deposition or affidavit, as the case may be, and may in such order specify the time and place at which compliance be made or to which the taking of the deposition is continued. Thereafter if the witness refuses to comply with such order he may be punished for contempt.

The people of the State of California do enact as follows:

Stats 1935, p 1623

SECTION 1. Section 781 of the Agricultural Code is hereby amended to read as follows:

Definitions

(f) "Deceptive arrangement" or "deceptive display" of fresh or dried fruits, nuts or vegetables means any bulk lot or load, arrangement or display of such products which has in the exposed surface, fresh or dried fruits, nuts or vegetables which are so superior in quality, size, condition, or in any other respect so superior to those which are concealed, or the unexposed portion, as to materially misrepresent any part of the bulk lot or load. Definitions

(g) "Fruits, nuts, or vegetables" means the food product of any tree, vine or plant.

(j) "By-product" means any product commercially processed, preserved or manufactured from fruits, nuts or vegetables, except fresh citrus fruit juices, with or without the addition of other ingredients.

(k) "Processing," "preserving," or "manufacturing" includes canning, preserving, fermenting, which materially alters the flavor, keeping quality, or any other property, and extracting of juices or other substances, and making of any substantial change of form, but does not include refrigeration at temperatures above the freezing point nor any other treatment which merely retards or accelerates the natural processes of ripening or decomposition.

(*l*) "Agent" includes broker, commission merchant, auctioneer, solicitor, seller on consignment, and any other person acting upon the actual or implied authority of another.

In the alternative, a board of law library trustees may appropriate from such surplus funds in excess of ten thousand dollars ($10,000), so much as in the discretion of said board may be necessary to obtain adequate quarters for the law library in any building hereafter erected by the board of supervisors of the county in which the law library is maintained. The moneys so appropriated shall not be more than the proportion of the total cost of such building which the space allotted to the law library bears to the total usable space in the building. All moneys on hand in the law library fund of such county shall be by the same ordinance transferred to the school fund of such county, and the office of member of the board of law library trustees of such law library shall be abolished. After such an ordinance takes effect, the county clerk of such county shall not collect the fees and costs provided for the law library.

CHAPTER 454

An act to amend Sections 396 and 439 of the Code of Civil Procedure, relating to transfer of cases.

In effect September 13, 1941

[Approved by Governor May 30, 1941 Filed with Secretary of State May 30, 1941]

The people of the State of California do enact as follows:

Stats 1935, p 1947

SECTION 1. Section 396 of the Code of Civil Procedure is hereby amended to read as follows:

Transfer of action for lack of jurisdiction

396. If an action or proceeding is commenced in a court which lacks jurisdiction of the subject matter thereof, as determined by the complaint or petition, if there is a court of this State which has such jurisdiction, the action or proceeding shall not be dismissed (except as provided in Section 581b, and as provided in Subdivision 1 of Section 581 of this code) but shall, on the application of either party, or on the court's own motion, be transferred to a court having jurisdiction of the subject matter which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof, and it shall thereupon be entered and prosecuted in the court to which it is transferred as if it had been commenced therein, all prior proceedings being saved. In any such case, if summons is served prior to the filing of the action or proceeding in the court to which it is transferred, as to any defendant, so served, who has not appeared in the action or proceeding, the time to answer or otherwise plead shall date from service upon such defendant of written notice of the filing of such action or proceeding in the court to which it is transferred.

If an action or proceeding is commenced in or transferred to a court which has jurisdiction of the subject matter thereof

as determined by the complaint or petition, and it thereafter appears from the verified pleadings, or at the trial, or hearing, that the determination of the action or proceeding, or of a counterclaim, or of a cross-complaint, will necessarily involve the determination of questions not within the jurisdiction of the court, in which the action or proceeding is pending, the court, whenever such lack of jurisdiction appears, must suspend all further proceedings therein and transfer the action or proceeding and certify the pleadings (or if the pleadings be oral, a transcript of the same), and all papers and proceedings therein, to a court having jurisdiction thereof which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof.

An action or proceeding which is transferred under the provisions of this section shall be deemed to have been commenced at the time the complaint or petition was filed in the court from which it was originally transferred.

Nothing herein shall be construed to preclude or affect the right to amend the pleadings as provided in this code.

Nothing herein shall be construed to require the superior court to transfer any action or proceeding because the judgment to be rendered, as determined at the trial or hearing, is one which might have been rendered by a municipal or justices' court in the same county or city and county.

In any case where the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be remitted and the action may continue in the court where it is pending.

Upon the making of an order for such transfer, proceedings shall be had as provided in Section 399 of this code, the costs and fees thereof, and of filing the case in the court to which transferred, to be paid by the plaintiff unless the court ordering the transfer shall otherwise direct.

SEC. 2. Section 439 of the Code of Civil Procedure is hereby amended to read as follows: Stats 1933, p. 1940

439. If the defendant omits to set up a counterclaim upon a cause arising out of the transaction set forth in the complaint as the foundation of the plaintiff's claim, neither he nor his assignee can afterwards maintain an action against the plaintiff therefor. Failure to assert counterclaim

CHAPTER 455

An act to amend Section 164 of the Civil Code, relating to property acquired after marriage.

In effect September 13, 1941

[Approved by Governor May 30, 1941. Filed with Secretary of State May 30, 1941.]

The people of the State of California do enact as follows:

Stats 1935, p 1912

SECTION 1. Section 164 of the Civil Code is hereby amended to read as follows:

Property acquired after marriage

164. All other property acquired after marriage by either husband or wife, or both, including real property situated in this State and personal property wherever situated, heretofore or hereafter acquired while domiciled elsewhere, which would not have been the separate property of either if acquired while domiciled in this State, is community property; but whenever any real or personal property, or any interest therein or encumbrance thereon, is acquired by a married woman by an instrument in writing, the presumption is that the same is her separate property, and if acquired by such married woman and any other person the presumption is that she takes the part acquired by her, as tenant in common, unless a different intention is expressed in the instrument; except, that when any of such property is acquired by husband and wife by an instrument in which they are described as husband and wife, unless a different intention is expressed in the instrument, the presumption is that such property is the community property of said husband and wife. The presumptions in this section mentioned are conclusive in favor of any person dealing in good faith and for a valuable consideration with such married woman or her legal representatives or successors in interest, and regardless of any change in her marital status after acquisition of said property.

Presumptions

Limitation of actions

In cases where a married woman has conveyed, or shall hereafter convey, real property which she acquired prior to May 19, 1889, the husband, or his heirs or assigns, of such married woman, shall be barred from commencing or maintaining any action to show that said real property was community property, or to recover said real property from and after one year from the filing for record in the recorder's office of such conveyances, respectively.

CHAPTER 456

An act to add Section 4986.2 to the Revenue and Taxation Code, relating to property taxation and the cancellation of taxes, to take effect immediately.

Stats 1937, p 1229, amended

[Approved by Governor May 29, 1941. Filed with Secretary of State May 30, 1941.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 4986.2 is hereby added to the Revenue and Taxation Code, to read as follows:

New section

4986.2. All or any portion of uncollected city taxes, penalties or costs may be canceled on any of the grounds specified in Section 4986. If the city taxes are collected by the county, the procedure outlined in Section 4986 for the cancellation of taxes, penalties or costs shall be followed, except that the consent of the city attorney, in lieu of the consent of the district attorney, is necessary before cancellation. If the taxes are collected by the city, the taxes, penalties, or costs shall be cancelled by the officer having custody of the records thereof on order of the governing body of the city, with the written consent of the city attorney.

Cancellation of city taxes

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately.

Urgency

The following is a statement of facts constituting such necessity:

The complex procedure for the taxation of property unfolds from the first Monday in March, on which date taxes become a lien on property for the ensuing fiscal year. Also, the Revenue and Taxation Code, which consolidates and revises the law relating to taxation and the raising of revenue, takes effect on February 1, 1941. It is imperative that this act take effect immediately in order that the orderly process of property taxation may not be obstructed by this act's going into effect subsequent to the lien date. Also it is essential that the provisions of this act take effect no later than the effective date of the Revenue and Taxation Code in order that the transition from operating under the existing provisions of law to acting under the Revenue and Taxation Code may be accomplished with a minimum of confusion and with the greatest possible continuity of action. For this act not to go into effect immediately would result in needless uncertainty and unnecessary litigation, together with the delay of essential governmental activities due to the inability to cancel taxes on property acquired by a governmental entity after the lien date.

CHAPTER 457

Stats 1939, p 49, amended

An act to amend Section 2837 of the Elections Code, relating to county central committees.

In effect September 13, 1941

[Approved by Governor May 30, 1941. Filed with Secretary of State May 30, 1941.]

The people of the State of California do enact as follows:

Stats 1939, p. 156

SECTION 1. Section 2837 of the Elections Code is hereby amended to read as follows:

Membership of county central committee. —Less than 5 Assembly districts

2837. In all counties containing less than five Assembly districts the county central committee shall be elected by supervisor districts, and the number to be elected from any supervisor district shall be determined as follows: There shall be taken the number of votes cast in the supervisor district at the last gubernatorial election for that party's candidate for Governor, or, if the party had no candidate for Governor, for the candidate of the party voted on throughout the State who received the greatest number of votes and who was the candidate of that party alone. This number shall be divided by one-twentieth of the number of votes cast in that county for Governor or, where the party had no candidate for Governor, for the candidate mentioned above. The integer next larger than the quotient obtained by such division shall constitute the number of members of the county central committee to be elected by that party in that supervisor district.

The county central committees in counties containing less than five Assembly districts shall be composed of not less than 21 members. If the procedure outlined in the preceding paragraph would result in less than 21 members being elected for any county central committee, the number of votes cast for that party's candidate in each supervisor district shall be divided by an amount sufficiently smaller than one-twentieth of the votes cast for Governor in that county as to give a membership in the county central committee equal to or the nearest amount which is greater than 21 members.

CHAPTER 458

Stats 1897, p 254, amended

An act to amend Section 23 of, and to add Section 23 5 to the California Irrigation District Act, relating to irrigation district elections.

In effect September 13, 1941

[Approved by Governor May 30, 1941 Filed with Secretary of State May 30, 1941.]

The people of the State of California do enact as follows:

Stats 1897, p 261

SECTION 1. Section 23 of the act cited in the title hereof is hereby amended to read as follows:

Voting, and counting of votes

Sec. 23. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls

remain open, and shall be conducted, and the canvass at the polls made, except as otherwise herein provided as nearly as practicable in accordance with the provisions of the Elections Code pertaining to general elections. As soon as all the votes are counted, a certificate shall be drawn up on or attached to at least one of the tally lists designating the number of votes each one voted for has received and the office to fill which he was voted for. The certificate shall be signed by the clerk, judge, and the inspector. During the counting thereof the voted ballots shall be strung upon a cord or thread by the inspector in the order in which they are entered upon the tally lists by the clerks. The voted ballots shall then be sealed in an envelope, and the envelope, said certificate with the roster of voters, tally lists, and the marked copy of index to voters if it is used, shall be sealed in an envelope by the inspector in the presence of the judge and clerk, and indorsed "Election returns of (naming the precinct) precinct," and be directed to the secretary of the board of directors, and shall be immediately delivered by the inspector, or by some safe and responsible carrier designated by said inspector, to said secretary. The envelopes containing the ballots shall be kept unopened for at least six months; and if any voter by affidavit filed with the board shows facts sufficient reasonably to justify the belief that the vote of any precinct has not been correctly counted to the extent that a recount would change the result of the election, he may appear on the day appointed for the board of directors to open and canvass the returns, and demand a recount of the vote of the precinct that is so claimed to have been incorrectly counted.

SEC. 2. Section 23.5 is hereby added to the act cited in the title hereof, to read as follows:

Sec. 23.5. No informalities in the conduct of the election or any matters related to it, including the form of ballot used, shall invalidate the election if fairly conducted.

CHAPTER 459

An act to amend the Palo Verde Irrigation District Act, approved June 21, 1923, as amended, by adding thereto new Sections 21.1 and 21.2, relating to allocation of proceeds of contracts or other sources of payment to the payment of bonds and 21.3, relating to redemption of bonds and declaring the urgency thereof, to take effect immediately.

Stats 1923, p 1067, amended

[Approved by Governor May 29, 1941 Filed with Secretary of State May 30, 1941.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. A new section is hereby added to the act cited in the title hereof, to be numbered 21 1 and to read as follows:

New section

Sec. 21.1. The board of trustees may by resolution allocate any proceeds of any existing or proposed contract or

Payment of bonds

contracts or source or sources of payment, or any portion thereof, other than taxes or assessments, designated by the board, to the payment of the principal, or interest, or both, of any bonds or issue or issues of bonds of the district, original or refunding, outstanding or to be issued, or any portion of such principal, or interest, or both, designated by the board. After such allocation and until the payment or retirement of the bonds for the benefit of which such allocation was made, such proceeds so allocated shall be applied solely to the payment of the obligation specified in the resolution. Any such allocation shall be irrevocable until all of the designated principal, or interest, or both, has been paid or retired. Any such proceeds of the district may by resolution of said board be irrevocably allocated to any reserve fund established to pay the interest or principal, or both, of any bonds. If the board, with the approval of the California Districts Securities Commission, provides that the principal, or interest, or both, of any bonds, or any portion thereof, hereafter issued shall be payable solely from such designated proceeds other than taxes or assessments, then the district shall not be held for payment otherwise. Any bonds of the district, original or refunding, may be made payable as to both principal and interest, in whole or in part, from any such proceeds designated by the board or said bonds may be made payable from taxes or assessments as in this act provided and such proceeds may be allocated to the payment of such principal and interest, or portion thereof, as additional security therefor. The board may also, with the approval of said commission, designate any bank or trust company as its agent for the purpose of making payment of principal, or interest, or both, of any bonds of the district, or for receiving any such proceeds, other than taxes or assessments, so allocated for payment of bonds and applying such revenue to such payment, as designated and may from time to time with the consent of said commission, substitute another bank or trust company as such agent in place of a bank or trust company so designated or substituted.

Irrevocable allocation

Designation of agent

New section

SEC. 2. A new section is hereby added to said act, as amended, to be numbered 21 2 and to read as follows:

Prohibition: Tax levy

Sec. 21 2. If any such proceeds other than taxes or assessments shall be allocated to the payment of bonds and the board of trustees, with the approval of the California Districts Securities Commission, shall provide that such bonds shall be payable solely from such allocated proceeds, then no provision of law relative to estimate for, or levy of, taxes or assessments for payment of such bonds shall apply and no taxes or assessments shall be levied therefor. In such event a brief statement of the proceeds allocated and the purpose of the allocation, and that no taxes or assessments shall be levied to pay such bonds, shall be set forth in such bonds, and if applicable to interest, in the coupons therefor.

SEC. 3. A new section is hereby added to said act, as amended, to be numbered 21.3 and to read as follows: New section

After the date fixed for such redemption, if the district shall have provided funds available for the payment of the principal and interest of the bonds so called, interest on such bonds shall thereafter cease. Call of bonds

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution of the State of California and shall take effect immediately. The following is a statement of the facts constituting such urgency: Palo Verde Irrigation District has under consideration the issuance of bonds for power purposes under conditions which are now favorable but are likely not to be so at the time this act would regularly take effect. This act contains remedial provisions which are necessary and advisable in aid of such bond issue and unless this act takes effect immediately it is likely to be impossible or impracticable to issue such bonds or enter upon such power project. The people of the State of California do enact as follows:

SECTION 1. Section 26 of the Palo Verde Irrigation District Act, as amended, is hereby amended to read as follows: Stats 1931, p 35

Sec. 26. The board of trustees of the district shall each year, on or before the first Monday after the eighteenth day Annual budget

of August, and at such other times as they may deem advisable, cause to be prepared a detailed statement showing separately the estimated amounts of money that will be required before the collection of taxes for the next ensuing year to pay the following:

1. The maintenance, repair and operation of the levees of the district.

2. Maintenance, repair and operation of the drainage and reclamation system of the district.

6. Any other sums needed for the operation and maintenance of the district and for carrying into effect the purposes of this act for the next ensuing year.

The board of trustees, in making said detailed statement, shall deduct from the amount estimated as required in connection with each subdivision hereof except Subdivisions 3 and 4 the estimated amount, if any, which will be raised and available for said purposes from water tolls or charges made by said district, and they may deduct from the amount estimated as required in connection with Subdivisions 3 and 4 the amount, if any, which is then on hand and available for said two purposes and not needed for maintenance or operation and which has been raised from water tolls or charges.

Stats 1931, p 1890

SEC. 2. Section 28 of said act, as amended, is hereby amended to read as follows:

Annual tax levy

Sec. 28. On or before the first Monday after the eighteenth day of August of each year the board of trustees, taking as a basis the detailed statement required in Section 26 of this act and the valuation of the lands and improvements thereon within the district in accordance with the district assessment roll, must levy a tax sufficient to raise the amount set forth in said detailed statement, which tax shall be levied as follows:

1. A separate rate shall be fixed for raising the amount necessary for the maintenance, repair and operation of the levees constructed by Palo Verde Joint Levee District of Riverside and Imperial counties, California, which said rate shall be levied upon and in accordance with the assessed value of the lands and improvements within the boundaries of said levee district.

2. A separate rate shall be fixed for raising the amount necessary for the maintenance, repair and operation of the drainage and reclamation system of the district, which said rate shall be levied upon and in accordance with the assessed value of all lands within the district.

3. A separate rate shall be fixed for raising the amount necessary to meet the principal and accruing interest on the original bonds of this district, which said rate shall be levied

upon and in accordance with the assessed value of all lands and improvements thereon within the district.

4. A separate rate shall be fixed for raising the amount necessary to meet the principal and accruing interest on the refunding bonds of the district, which rate shall be levied upon and in accordance with the assessed value of all lands within the district, exclusive of improvements.

5. A separate rate shall be fixed for raising the amount necessary to maintain, repair and operate the irrigation system of the district, which said rate shall be levied upon and in accordance with the assessed value of all lands within the district.

6. A separate rate shall be fixed for raising all other amounts set forth in said detailed statement required in Section 26 of this act, as amended, which said rate shall be levied upon and in accordance with the assessed value of all lands and improvements thereon within the district.

Notwithstanding any other provision of this act, it shall be mandatory for the board of trustees to make the tax levy each year for said rates numbered 3 and 4 of this section in accordance with the estimates made as to the requirements under said rates under the provision of Section 26 of this act, as amended.

Funds of district

There shall be two funds of said district kept by the county treasurer: The bond and interest fund and the general fund. Moneys collected from the levies for the principal and accruing interest on the bonds of the district shall be placed in the appropriate fund and used only for said purposes. All other moneys collected from the other levies shall be placed in the general fund.

All properties acquired by this district after its organization and all construction work and improvements in the way of providing, maintaining and operating protection work or reclamation work in the entire district shall be deemed to be and are hereby declared to be for the benefit of all lands and improvements within the district and the cost thereof shall be apportioned and raised by taxation uniformly over the entire district in accordance with the assessed value of the real estate and improvements thereon within the district, but all construction work and improvements in the way of maintaining and operating the irrigation system in the entire district shall be deemed to be and are hereby declared to be for the benefit of all lands (excluding improvements) within the district and the cost thereof shall be apportioned and raised by taxation uniformly over the entire district in accordance with the assessed valuation of the lands (excluding improvements) within the district.

Determination of rate of taxation

In ascertaining the above mentioned rates of taxation, 15 per cent shall be deducted for anticipated delinquencies from the aggregate value of the property to be levied on in respect to each separate rate, as shown by the assessment roll of the district, and then the sum necessary to be raised shall be

divided by the remainder of the proper aggregate assessed value. The secretary of the board must forthwith compute and enter in a separate column of the assessment roll the respective sums in dollars and cents to be paid on the respective properties therein enumerated.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution of the State of California and shall take effect immediately. The following is a statement of the facts constituting such urgency:

Within the next 90 days Palo Verde Irrigation District will complete the refinancing of bond issues heretofore made by the district and by its predecessors Palo Verde Joint Levee District of Riverside and Imperial counties, California, and Palo Verde Drainage District and a refunding bond issue will be made by the district in favor of Reconstruction Finance Corporation. Before such refunding bonds are issued the provisions of Section 26 and 28 of the act governing estimate for and levy of the district's annual taxes should be revised to eliminate requirements for principal and interest of bonds issued by such predecessor districts and to provide for estimate for and levy of taxes for such refunding bonds. Unless this act goes into effect immediately, it would not have legal effect until the retirement of the refunding bond issue, approximately 30 years hence.

If at any time it is desired that additional lands be included in said improvement district, a petition for such inclusion signed by the owners of such lands to be included and by two-thirds in number of the holders of title or evidence of title of lands in said improvement district, may be filed with the board of directors of said irrigation district, and the same proceedings had as upon the original petition for the organization of said improvement district. Said petition shall describe the boundaries of said improvement district as enlarged by such inclusions, and give the names and addresses of the owners of said lands in substantially the same manner as in said original petition. Should the assessments levied upon said lands in such improvement district be insufficient to pay in full the cost of such improvements or to pay the warrants issued for said improvements, an additional and supplemental assessment shall be made and levied upon all of said lands sufficient to pay said cost or said warrants in full, and the procedure followed in making such additional and supplemental levy of assessment shall be substantially the same as the levy of the original assessment, but without the necessity of a petition. If the proceeds from any assessment levied for acquisition and construction purposes shall exceed the final amount necessary for such purposes, the excess may either be held in a special fund to be used for the maintenance and operation of the works of said improvement district, or transferred to the general fund of the irrigation district to be used as the board deems proper for the benefit of the land in the improvement district. Additional assessments

At any time prior to the incurring of any indebtedness or upon the full payment of all indebtedness of such improvement district, a petition signed and acknowledged by not less than the number of the holders of title, or evidence of title to the tracts of land constituting such improvement district required to organize such improvement district, may be filed with the board of directors of such irrigation district requesting that such improvement district be dissolved. A hearing shall be had in the same manner and after the same notice as is required for the organization of such improvement district, and the board of directors may, after such hearing, order such improvement district dissolved, which order shall

be recorded in the same manner as the order organizing such improvement district.

Upon a change or resubdivision upon the assessment book of the irrigation district of any parcel of land within such improvement district, the board of directors, upon a petition of the owner or owners of such parcel of land so changed or resubdivided, may reapportion the improvement district assessment upon such parcel of land, and the order of such reapportionment shall be recorded in the same manner as the order levying the original assessment.

1269. The director may refuse to grant a license and may revoke or suspend any license, as the case may require, when after a hearing as herein provided, he is satisfied of the existence of any of the following facts, the existence of which is hereby declared to be a violation of this chapter: Revocation of licenses. Grounds

(a) That fraudulent charges or returns have been made by the applicant, or licensee, for the handling, sale or storage of, or for rendering of any service in connection with the handling, sale or storage of any farm products.

(b) That the applicant, or licensee, has failed or refused to render a true account of sales, or to make a settlement thereon, or to pay for farm products received, within the time and in the manner required by this chapter.

(c) That the applicant, or licensee, has made any false statement as to the condition, quality or quantity of farm products received, handled, sold or stored by him.

(d) That the applicant, or licensee, directly or indirectly, has purchased for his, or its own account farm products received by him upon consignment without prior authority from consignor together with price fixed by consignor or without promptly notifying the consignor of such purchase. This shall not prevent any commission merchant from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold, if such commission merchant shall forthwith enter such transaction on his account of sales.

(e) That the applicant, or licensee, has intentionally made any false or misleading statement as to the conditions of the market for any farm products.

(f) That the applicant, or licensee, has made fictitious sales or has been guilty of collusion to defraud the producer.

(g) That a commission merchant to whom any consignment is made has reconsigned such consignment to another commission merchant and has received, collected, or charged by such means more than one commission for making the sale therefor for the consignor, unless by consent of such consignor.

(h) That the licensee was intentionally guilty of fraud or deception in the procurement of such license.

(i) That the licensee or applicant has failed or refused to file with the director a schedule of his charges for services in connection with produce handled on account of or as an agent of another; that the applicant, or licensee has indulged in any unfair practice.

(j) That the licensee has rejected, without reasonable cause, or has refused to accept, without reasonable cause, any farm product bought or contracted to be bought from a producer by such licensee.

(k) That the licensee has otherwise violated any provision of this chapter.

(*l*) That the licensee has knowingly employed an agent, as defined in this chapter, without causing said agent to comply with the licensing requirements of this chapter applicable to agents.

Previous violation by the applicant or by any person connected with him or it of any of the provisions of this chapter shall be good and sufficient ground for denial of a license.

The director, after a hearing, may refuse to grant a license and may revoke or suspend any license as the case may require, when he is satisfied that the licensee has become bankrupt or insolvent, and is thereby unable to pay producer-creditors of the licensee, or producers with whom the licensee has executory or executed contracts for the purchase of farm products.

Facts to be determined

First: The proposed new boundary or boundaries as set forth and shown on the map attached to the petition on file with the board of supervisors.

Second: Whether the proposed new boundary line or lines passes within five (5) miles of any county seat of the counties

affected, and whether or not the proposed new boundary line or lines have been moved a greater distance than five (5) miles from the original location of the boundary line or lines as it existed before the petitions for change of boundary line was filed, and whether the territory proposed to be transferred as a result of the proposed change, alteration and re-formation of the existing boundary line exceeds 5 per cent of the county from which it is taken.

Findings

SEC. 15. If each of the board of supervisors determine that the proposed alteration of boundary lines by the proposed transfer of territory will not reduce the population of the county affected by more than 3 per cent and that the area proposed to be transferred as a result of the proposed change, alteration and re-formation of the existing boundary line does not exceed 5 per cent of the county from which it is taken and that no line of the territory proposed to be transferred passes within five miles of the county seat of any county affected, and that the petition contains the genuine signatures of at least 25 of the qualified electors residing within the county to which the proposed transfer is to be made, and that the petitions contain the genuine signatures of at least 25 of the qualified electors residing within the county from which the territory is proposed to be transferred, and the written consent of at least 50 per cent of all the landowners owning land within the territory which will be transferred, then the board of supervisors of the county from which territory is proposed to be transferred and the board of supervisors of the county to which said transfer of territory is proposed to be made may grant the prayer of each of the petitions so filed with them. If each of the board of supervisors grant the prayer of the petition, the proposed transfer shall be made in the manner hereinafter set forth; but if either of the boards of supervisors shall refuse to grant the prayer of the petition, no transfer shall be made.

Granting prayer of petition

Resolution declaring grant of petition

SEC. 16. If the prayer of the petition shall be granted by each of the boards of supervisors with which the petitions were filed, each of the boards of supervisors shall, by a resolution entered upon its minutes so declare.

When transfer deemed made

SEC. 17. After the expiration of 30 days from the passage of the resolutions each board of supervisors shall forthwith

cause a copy of its resolution duly certified, to be filed in the office of the Secretary of State and from and after the date of filing of the later of the resolutions the territory shall be deemed fully transferred.

Apportionment of indebtedness

SEC. 18. Upon the completion of the transfer of territory, the board of supervisors of the county from which the territory is transferred shall ascertain the indebtedness of the county from which territory was taken, as the same existed at the time the transfer became effective, and also the total value of all property at that time belonging to the county. It shall also ascertain the assessed value of all property in the county, according to the last completed assessment, and also the assessed value, under the same assessment, of all property within the territory transferred. It shall then find the difference between the amount of the indebtedness and the value of the property belonging to the county at the time the transfer became effective, and if such indebtedness exceeds the value of the property belonging to the county, the county to which the territory was transferred shall pay to the county from which the territory was transferred a due proportion thereof, to be determined as follows: As the assessed value of the property in the county is to the assessed value of the property in the territory transferred, so is the amount of excess to be paid by the county to which the territory is transferred.

Certification of indebtedness

SEC. 19. The board of supervisors of the county from which the territory is transferred shall certify forthwith to the board of supervisors of the county to which the territory is transferred the amount constituting the due proportion of the excess.

Payment

Payment shall be made in not more than three equal annual payments from a fund raised by a tax levied upon the county to which the property was transferred.

Mutual transfers

SEC. 20. In the event that alterations of boundaries shall result in mutual transfers of territory from one county to another, only the difference between the amounts due shall be paid.

Filing statement of boundary change for tax purposes

SEC. 21. Whenever county boundaries are altered pursuant to the provisions hereof it shall be the duty of the boards of supervisors of the counties whose boundaries are altered to file or cause to be filed before the first of February with the State Board of Equalization and with the assessors of such counties a statement setting forth the legal description of the boundaries as the same have been altered, together with a map or plat indicating such boundaries. The alteration of boundaries shall not be effective for purposes of assessment or taxation unless the statement, together with a map or plat herein required, is filed with the county assessors and with the State Board of Equalization on or before the first of February of the year in which the assessments or taxes are to be levied.

The grand jury or district attorney may require by subpena the attendance of any person before the grand jury as interpreter, and such interpreter may, while his services are necessary, be present at the examination of witnesses before the grand jury. The compensation for services of such interpreter constitutes a charge against the county, and shall be fixed by the grand jury, in an amount not to exceed ten dollars ($10) a day and paid out of the county treasury on a warrant of the county auditor upon an order of the judge of the superior court.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure within the meaning of Section 1 of Article IV of the Constitution of the State of California and shall therefore take effect immediately. The following is the statement of the facts constituting such necessity:

Chapter 23 of the Statutes of 1941 requires applications for renewal of licenses to be filed prior to June 1, 1941. Due to Memorial Day holiday, and the proclamation of the Governor proclaiming May 31, 1941, a holiday, it is undecided as to whether the last day to file applications for renewal of licenses is May 29 or June 2, 1941. Due to this uncertainty, and a misunderstanding on the part of many agents, brokers, and solicitors that it was possible to file prior to June 3, 1941, many of such agents, brokers, and solicitors have failed to file their applications for renewal of their licenses, and will be unable to do so until June 2, 1941. It is therefore essential that this bill go into effect immediately in order that the last day for filing applications for the renewal of licenses may be clarified and the imposition of penalties prevented.

"Vendor" 17025. "Vendor" includes any person who performs work upon, renovates, alters or improves any personal property belonging to another person.

"Cost" 17026. "Cost" as applied to production includes the cost of raw materials, labor and all overhead expenses of the producer.

"Cost" as applied to distribution means the invoice or replacement cost, whichever is lower, of the article or product to the distributor and vendor, plus the cost of doing business by the distributor and vendor.

Proof of cost 17027. In establishing the cost of a given article or product to the distributor and vendor, the invoice cost of the article or product purchased at a forced, bankrupt, closeout sale, or other sale outside of the ordinary channels of trade may not be used as a basis for justifying a price lower than one based upon the replacement cost as of the date of the sale of the article or product replaced through the ordinary channels of trade, unless the article or product is kept separate from goods purchased in the ordinary channels of trade and unless the article or product is advertised and sold as merchandise purchased at a forced, bankrupt, closeout sale, or by means other than through the ordinary channels of trade.

Such advertising shall state the conditions under which the goods were purchased, and the quantity of the merchandise to be sold or offered for sale.

"Ordinary channels of trade"

17028. "Ordinary channels of trade" means those ordinary, regular and daily transactions in the mercantile trade whereby title to an article or product, in no way damaged or deteriorated, is transferred from one person to another.

"Ordinary channels of trade" does not include sales of bankrupt stocks, closeout goods, dents, sales of goods bought from a business or merchant retiring from business, fire sales and sales of damaged or deteriorated goods, which damage or deterioration results from any cause whatsoever. This listing is not all inclusive but as example only.

"Cost of doing business"

17029. "Cost of doing business" or "overhead expense" means all costs of doing business incurred in the conduct of the business and shall include without limitation the following items of expense: labor (including salaries of executives and officers), rent, interest on borrowed capital, depreciation, selling cost, maintenance of equipment, delivery costs, credit losses, all types of licenses, taxes, insurance and advertising.

"Loss leader"

17030. "Loss leader" means any article or product sold at less than cost:

(a) Where the purpose is to induce, promote or encourage the purchase of other merchandise; or

(b) Where the effect is a tendency or capacity to mislead or deceive purchasers or prospective purchasers; or

(c) Where the effect is to divert trade from or otherwise injure competitors.

"Locality discrimination"

17031. Locality discrimination means a discrimination between different sections, communities or cities or portions thereof, or between different locations in such sections, communities, cities or portions thereof in this State, by selling or furnishing an article or product, at a lower price in one section, community or city, or any portion thereof, or in one location in such section, community, or city or any portion thereof, than in another.

Article 3. Offenses Against the Chapter

Locality discrimination prohibited

17040. It is unlawful for any person engaged in the production, manufacture, distribution or sale of any article or product of general use or consumption, with intent to destroy the competition of any regular established dealer in such article or product, or to prevent the competition of any person who in good faith, intends and attempts to become such dealer, to create locality discriminations.

Nothing in this section prohibits the meeting in good faith of a competitive price.

Exception

17041. Nothing in this chapter prohibits locality discriminations which make allowances for differences, if any, in the grade, quality or quantity when based and justified in the cost of manufacture, sale or delivery, or the actual cost of transportation from the point of production, if a raw product or commodity, or from the point of manufacture if a manufactured product or commodity, or from the point of shipment to the point of destination.

Same

17042. Nothing in this chapter prohibits any of the following:

(a) A selection of customers.

(b) A functional classification by any person of any customer as broker, jobber, wholesaler or retailer.

(c) A differential in price for any article or product as between any customers in different functional classifications.

Sales prohibited

17043. It is unlawful for any person engaged in business within this State to sell any article or product at less than the cost thereof to such vendor, or to give away any article or product, for the purpose of injuring competitors or destroying competition.

Same

17044. The practice of using any article or product as a "loss leader" is included among the prohibitions of this chapter.

Rebates

17045. The secret payment or allowance of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and where such payment or allowance tends to destroy competition, is unlawful.

Coercion

17046. It is unlawful for any person to use any threat, intimidation, or boycott, to effectuate any violation of this chapter.

Solicitation

17047. It is unlawful for any manufacturer, wholesaler, distributor, jobber, contractor, broker, retailer, or other vendor, or any agent of any such person, to solicit any violation of this chapter.

Collusion

17048. It is unlawful for any manufacturer, wholesaler, distributor, jobber, contractor, broker, retailer, or other vendor, or any agent of any such person, jointly to participate or collude with any other such person in the violation of this chapter.

17049. The prohibitions of this chapter against locality discrimination and sales below cost embrace any scheme of special rebates, collateral contracts or any device of any nature

whereby such discrimination or sale below cost is in substance or fact effected in violation of the spirit and intent of this chapter.

Exceptions

17050. The prohibitions of this chapter against locality discriminations, sales below cost, and loss leaders do not apply to any sale made:

(a) In closing out in good faith the owner's stock or any part thereof for the purpose of discontinuing his trade in any such article or product and in the case of the sale of seasonal goods or to the bona fide sale of perishable goods to prevent loss to the vendor by spoilage or depreciation; provided, notice is given to the public thereof.

(b) When the goods are damaged or deteriorated in quality, and notice is given to the public thereof.

(c) By an officer acting under the orders of any court.

(d) In an endeavor made in good faith to meet the legal prices of a competitor selling the same article or product, in the same locality or trade area and in the ordinary channels of trade.

(e) In an endeavor made in good faith by a manufacturer, selling an article or product of his own manufacture, in a transaction and sale to a wholesaler or retailer for resale to meet the legal prices of a competitor selling the same or a similar or comparable article or product, in the same locality or trade area and in the ordinary channels of trade.

The notice required to be given under this section shall not be sufficient unless the subject of such sales is kept separate from other stocks and clearly and legibly marked with the reason for such sales, and any advertisement of such goods must indicate the same facts and the number of items to be sold.

Illegal contracts

17051. Any contract, express or implied, made by any person, firm, or corporation in violation of this chapter is an illegal contract and no recovery thereon shall be had.

Article 4. Civil Liability

Injunction

17070. Any person or trade association may bring an action to enjoin and restrain any violation of this chapter and, in addition thereto, for the recovery of damages.

Proof

17071. In all actions brought under this chapter proof of one or more acts of selling or giving away any article or product below cost or at discriminatory prices, together with proof of the injurious effect of such acts, is presumptive evidence of the purpose or intent to injure competitors or destroy competition.

17072. Where a particular trade or industry, of which a person complained against is a member, has an established cost

Cost survey survey for the locality and vicinity in which the offense is committed, that cost survey is competent evidence to be used in proving the costs of such person.

Overall cost 17073. Proof of average overall cost of doing business for any particular inventory period when added to the cost of production of each article or product, as to a producer, or invoice or replacement cost, whichever is lower, of each article or product, as to a distributor, is presumptive evidence of cost of each such article or product involved in any action brought under this chapter.

Tariffs 17074. Proof of transportation tariffs when fixed and approved by the Railroad Commission of the State of California is presumptive evidence of delivery cost.

Wage scale 17075. In any action where it is alleged and shown that the person complained against is selling below his cost of doing business, and such person is including labor at less than the prevailing wage scale in the trade in which such person is engaged for the locality or vicinity in which he is doing business, evidence of such prevailing wage scale shall be admissible to prove the intent or purpose of such person to violate this chapter.

Free services 17076. In any action brought under this chapter, where persons are employed or performing services for any person or in the conduct of the business wherein such person is charged with a violation of this chapter, and are so employed or performing such services without compensation or at a wage lower than that prevailing at the time and place of the service for the particular services performed, such services shall be charged as an expense of the business in which rendered and at the rate of the wage for the services rendered prevailing at the time of the service at the place where rendered.

Raw material 17077. In any action or prosecution for sales below cost in violation of this chapter, if the defendant acquires his raw materials for a consideration not wholly or definitely computable in money, the cost of the raw materials shall be presumed to be the prevailing market price for similar raw materials in the ordinary channels of trade in the locality or vicinity in which such raw materials were acquired, at the time of the acquisition.

Temporary order 17078. If it appears to the court upon any application for a temporary restraining order, or upon the hearing of any order to show cause why a preliminary injunction should not be issued, or upon the hearing of any motion for a preliminary injunction, or if the court shall find, in any such action, that

any defendant therein is violating, or has violated, this chapter, then the court shall enjoin the defendant from doing all acts which are prohibited by the section, or sections, of which any provision thereof is being violated, or has been violated, by the defendant.

Further restraint

17079. The court may, in its discretion, include in any injunction against a violation of this chapter such other restraint as it may deem expedient in order to deter the defendant from, and insure against, his committing a future violation of this chapter.

All articles

17080. Any injunction against a violation of this chapter, whether interim or final, shall cover every article or product and not merely the particular article or product involved in the action.

Bond

17081. It is not necessary for the plaintiff, in any action under this chapter, to provide or file any undertaking or bond for the issuance of any interim or final injunction.

Damages

17082. In any action under this chapter, it is not necessary to allege or prove actual damages or the threat thereof, or actual injury or the threat thereof, to the plaintiff. But, in addition to injunctive relief, any plaintiff in any such action is entitled to recover the amount of the actual damages, if any, sustained by the plaintiff, as well as the actual damages, if any, sustained by any person who has assigned to the plaintiff his claim for damages resulting from a violation of this chapter.

Depositions

17083. The testimony of any witness in any action brought under this chapter may be taken by deposition even though the case is not one specified in Section 2021 of the Code of Civil Procedure, but otherwise the provisions of Part 4, Title 3, Chapter 3 of the Code of Civil Procedure are applicable to the witness, his testimony and deposition.

In addition, the books and records of any party, or of any such witness, may be subpenaed into court and introduced into evidence, or introduced, by reference, into evidence, and may be required to be produced at the taking of the deposition of any party or of any such witness and there inquired into.

Inspection

17084. Any party to any action brought under this chapter may, upon notice, apply to the court in which the action is pending, or to any judge thereof, for an order requiring any other party to give to the applicant, within a specified time, an inspection and copy, or permission to take a copy, of entries of accounts in any book, or of any documents, papers, or memoranda in such party's possession or under his control containing evidence relating to the merits of any such action or any defense therein.

If a compliance with the order is refused, the court shall exclude the entries of accounts in any such book, or any such document, paper, or memorandum from being given in evidence by the other party, or if wanted as evidence by the applicant the court shall presume them to be as the applicant alleges.

Reference 17085. If, at any time while any action for a violation of this chapter is pending, it appears to the court that an extensive examination of books, papers, records, or documents is or may become material or relevant to the issues in the action, the court may, in its discretion, upon the application of any party to the action, or upon its own motion, order a reference to be had in the manner and form provided in Part 2, Title 8, Chapter 6 of the Code of Civil Procedure.

Immunity 17086. No information obtained under any provision of this article, or under Part 4, Title 6, Chapter 2 of the Code of Civil Procedure, may be used against any such party, or any such witness, as a basis for a misdemeanor or felony prosecution in any court of this State.

Article 5. Liability of Agents

Agents 17095. Any person, who, either as director, officer or agent of any firm or corporation or as agent of any person, violating the provisions of this chapter, assists or aids, directly or indirectly, in such violation is responsible therefor equally with the person, firm or corporation for which he acts.

Intent 17096. In any injunction proceeding against any person as officer, director or agent, it is sufficient to allege and prove the unlawful intent of the person, firm or corporation for which he acts.

Article 6. Penal Provisions

Penalty 17100. Any person, whether as principal, agent, officer or director, for himself, or for another person, or for any firm or corporation, or any corporation, who or which violates this chapter is guilty of a misdemeanor for each single violation and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) or by imprisonment not exceeding six months or by both such fine and imprisonment, in the discretion of the court.

Intent 17101. In the prosecution of any person as officer, director or agent, it is sufficient to allege and prove the unlawful intent of the person, firm or corporation for which he acts.

Article 1. Leasing of Submerged Lands to Adjoining Tideland Owners

Application to lease adjoining lands

6601. Any person or corporation owning in fee any lands in this State which were surveyed and sold as tidelands prior to August 2, 1921, may make written application to the commission that adjoining lands owned by the State or inuring to it by virtue of its sovereignty which have not been sold, leased or otherwise disposed of, or contracted to be sold, leased or otherwise disposed of, lying below ordinary low water mark and submerged by salt tidal waters, be leased pursuant to this article. The application shall be verified by the applicant, or if it is a corporation, by an officer thereof, and shall set forth all of the following:

Contents

(a) The name and address of the applicant.

(b) A description of the tidelands owned by the applicant, the nature and extent of the applicant's interest therein, and

a reference to the patent or other source of the applicant's title thereto.

(c) A description by surveyed subdivisions (not less in any case than one-quarter section) of the submerged lands which the applicant desires to lease.

(d) A statement of the term (which shall not exceed 35 years from the date of the lease) for which a lease is desired by the applicant.

(e) Such other facts as will show that the lands are not excluded from lease by the provisions of Section 6602.

Map

6602. The applicant shall file with the application, in addition to the certified plat hereinafter required, a map or plat showing the submerged lands which the applicant desires to lease, the lands adjacent owned by the applicant, the depths of water on the submerged lands at low tide as shown, and so far as shown, by the most recent map thereof issued by authority of the United States, and the location of such harbor lines or pierhead lines as have been established by authority of the United States.

Limitations on leases

6603. No lands shall be leased under this article which are submerged to a depth of more than seven feet at ordinary low tide or which are located as follows:

(a) Within one mile of the State Prison at San Quentin.

(b) Within the City and County of San Francisco or within five miles of the corporate limits thereof.

(c) Within the City of Oakland, or the City of Los Angeles, or within five miles of the corporate limits of either city.

(d) Within any other incorporated city or town, or within two miles of the corporate limits thereof.

(e) Within the jurisdiction of any harbor commission created by or existing under any statute of this State.

(f) Which lie beyond (that is outside of) any harbor line or pierhead line established by authority of the United States.

Only such lands shall be leased under this article as lie adjacent to the lands surveyed and sold as tidelands already owned by the applicant, and which together with such lands constitute a united tract or area. Not more than 5,000 acres of such lands shall be leased to any one person or corporation at any one time.

Application for survey

6604. Any person or corporation desiring to make application that there be leased pursuant to this article, any submerged lands which have not been sectionized by authority of the United States, shall apply to the surveyor or engineer of the county in which the whole or the greater portion of such lands is situated to have the lands surveyed. The county surveyor or engineer shall thereupon, at the expense of the applicant, make a survey thereof, under instructions from the commission, and make and certify a plat of the survey, which shall be filed with the application for the lease of

the lands. If the county surveyor or engineer fails to make the survey and furnish to the applicant a certified plat thereof within 90 days after application therefor, the commission shall upon request of the applicant designate another person to make the survey and to make and certify the plat. A survey made and plat certified by the person so designated shall have the same force and effect as if made by a county surveyor or engineer. All surveys made pursuant to this section shall conform as nearly as practicable to the system adopted by the United States for the survey of public lands and wherever practicable shall connect with a United States survey.

Approval or rejection

6605. Within 30 days after the filing of any application under this article, the commission shall determine whether the whole of, or what part of, the submerged lands specified in the application may be leased under this article and shall indorse on the application its approval thereof with respect to all such lands (describing them) which may be so leased and its rejection thereof as to all other submerged lands described in the application.

Annual rental and term

6606. Whenever any application is so approved with respect to any submerged lands described in it, the commission shall forthwith fix the annual rental per acre therefor and shall prepare in duplicate a lease of the lands from the State to the applicant and his successors or assigns. The lease shall be dated as of the date of the approval of the application and shall be for the term from and after its date specified in the application, but in no case exceeding 35 years.

Terms

6607. Each such lease shall by its terms provide:

(a) That the lessee or his successors or assigns shall pay annually in advance, as rental, to the State Treasurer for the General Fund the amount per acre fixed by the commission for the area of submerged lands leased thereby, the first of such payments to be made on or before the delivery of the lease and the other installments of rental to be payable annually, during the continuance in force of the lease, upon or before the expiration of each successive year from and after its date.

(b) That if any such annual installment of rental is not paid within 30 days after it has become due and payable, the State acting through the commission may at its option, by written notice addressed to the lessee and delivered at his address as set forth in the application (or if the lessee or his successors or assigns has specified another address by a notice filed with the commission, then at such other address) cancel the lease and terminate all future rights thereunder.

(c) That in consideration of the rental payable under the lease, the lessee or his successors or assigns may, during the continuance in force of the lease, by dredging or otherwise, alter the surface conformation of the leased lands and remove

therefrom any earth or other materials of any kind contained therein and for any purpose use or redeposit any such materials on any portion of the leased lands or elsewhere except that no such use shall be made of any of the leased lands as will prevent the ebb and flow of tidal waters thereover or substantially lessen the depth of water thereon.

(d) That there is reserved from the operation of the lease, and that the lease is subject to, the public right and easement to use the waters over the leased lands for navigation and fishing.

Execution

6608. The lease when so prepared shall be forthwith signed in duplicate in the name and on behalf of the State by the Governor, attested by the Secretary of State, sealed with the Great Seal of the State, and countersigned by the commission. Thereupon the commission shall forthwith give notice by registered mail to the applicant at his or its address as stated in the application that the lease is ready at the office of the commission for execution by and delivery to the applicant. Within 30 days after the mailing of the notice the applicant shall sign the lease in duplicate as lessee and pay to the State Treasurer for the General Fund the installment of rental which by the terms of the lease is to be paid on or before its delivery. Upon the issuance by the treasurer to the applicant and the filing with the commission of a certificate of such payment, the commission shall deliver one of the duplicates of the lease to the applicant and shall file the other duplicate thereof in its office. The lease shall thereupon be in force and effect.

Failure to sign lease

6609. If the applicant fails to sign the lease in duplicate or make the initial payment of rental within the time specified in Section 6608, the applicant shall be deemed to have waived all right to obtain the lease upon the application theretofore filed, and a lease of any submerged lands covered by the application shall not thereafter be made except upon another application for lease being filed and approved pursuant hereto.

Declaration of purpose

6610. The leasing of submerged lands under this article is hereby determined and declared to be in aid of commerce and navigation.

(a) The lessee or his successors shall pay annually in advance, as rental, to the commission for the General Fund, the amount per acre fixed by the commission for the area of salt marsh or tidelands leased thereby, the first of such payments to be made not more than 15 days after the delivery of the lease, and the other installments of rental to be payable annually during the continuance in force of the lease, upon or before the expiration of each successive year from and after its date.

(b) If any such annual installment of rental is not paid within 15 days after it becomes due and payable, the State, acting through the commission, may, at its option, by written notice addressed to the lessee and delivered at his address as set forth in the application (or, if the lessee or his successors have specified another address by a notice filed with the commission, then at such other address) cancel the lease and terminate all future rights thereunder.

(c) The lease shall be canceled and all future rights of the lessee thereunder shall terminate if and when the State constructs upon the leased lands any canal or basin located and established thereon pursuant to the said act approved April 1, 1870, and exhibited on the official map prepared pursuant to said act.

Execution of lease and payment of rent

6658. Whenever any lease is delivered to an applicant by the commission the lessee shall within 15 days thereafter, execute and return the lease to the commission and make payment of the first annual rental. The commission shall receive the money and give a receipt therefor. All subsequent annual payments of rental shall be paid to the commission in like manner within 15 days after they become due. Action on application

6705. 6706. The commission shall forthwith appraise the lands and determine a reasonable annual rental per acre for the lands as unimproved, or as improved by the State, in the

determination of which rental the commission shall be controlled and guided by the values or rentals of lands of like character and similarly situated. The commission shall then prepare in duplicate a lease of the lands from the State to the applicant and his successors or assigns. (c) Any alien person entitled thereto by virtue of any treaty between the United States and the nation or country of which the alien person is a citizen or subject.

6802. Any interest held in violation of this chapter shall be forfeited to the State by appropriate proceedings for that purpose brought by the State in the superior court for the county in which the property or some part thereof is located, except that any ownership or interest forbidden in this chapter which is acquired by descent, will, judgment, or decree may be held for two years and not longer after its acquisition. Forfeiture

6803. The commission, in issuing any lease under this chapter, may reserve to the State the right to lease, sell, or otherwise dispose of the surface of the lands embraced within the lease, in so far as the surface is not required by the lessee. If such a reservation is to be made, however, it shall be so determined before the offering of the lease. Reservation of surface

6804. A lease or permit issued under this chapter may be assigned, transferred or sublet, with the consent of the commission, to any person, association of persons, or corporation, Transfer of lease

who at the time of the proposed assignment, transfer, or sublease, possesses the qualifications provided in this chapter. A lease shall contain provisions to enable the lessee to quitclaim all or any part of the State land covered by the lease and thereby to be released proportionately from drilling obligations or other obligations with respect to the land so quitclaimed or relinquished.

Cancellation of lease

6805. The commission shall reserve and may exercise the authority to cancel any prospecting permit or lease upon failure of the permittee or lessee (after 30 days' written notice and demand for performance) to exercise due diligence and care in the prosecution of the prospecting or development work or the production work in accordance with the terms and conditions of the permit or lease. The commission shall insert in every permit or lease issued under this chapter appropriate provisions for its cancellation by the commission in accordance with the provisions of this section.

Joint use of easements

6806. Any permit or lease under this chapter shall reserve to the commission the right to allow, upon such terms as the commission may determine to be just, the joint or several use of such easements or rights of way, including easements in tunnels, upon, through, or in the lands leased or permitted, as may be necessary or appropriate for the working of such lands or of other lands containing the deposits described in this chapter.

Acquisition of real property

6807. The commission, in the name of the State, may purchase or receive by donation or lease any right of way or easement in real property, or any real property in fee simple, necessary or proper for sites for drilling operations, storage of oil, dehydration plants, absorption plants, or other operations necessary or proper under this chapter.

Acquisition of easements

6808. The commission, if it deems such action for the best interests of the State, may condemn, acquire, and possess in the name of the State any right of way or easement, including surface rights, for any operation authorized or contemplated under this chapter, that may be necessary for the development and production of oil and gas from State-owned land and for their removal, transportation, storage, and sale. The commission may, for such purposes, in the name of the people of the State, institute condemnation proceedings pursuant to Section 14 of Article I of the Constitution and the Code of Civil Procedure relating to eminent domain. The acquisition of such interests is hereby declared a public use.

Resolution of necessity

Prior to the institution of such condemnation proceedings, the commission shall adopt a resolution declaring that the public interest and necessity require the acquisition of such interest in lands for the purpose of performance of the duties vested in the commission by this chapter and that the interest

in the lands described in the resolution is necessary therefor. The resolution shall be conclusive evidence:

(a) Of the public necessity of such proposed public use.

(b) That such property is necessary therefor.

(c) That such proposed public use is planned or located in the manner which is most compatible with the greatest public good and the least private injury.

Use by lessees

6809. Any interests in lands, or lands in fee simple, acquired by the commission by purchase, donation, lease, condemnation, or otherwise, may be made available to any lessee of the State for the purposes contained in this chapter and upon such terms and conditions as may be determined by the commission.

Acquisition of improvements

6810. The provisions of this chapter authorizing the commission to acquire interests in real property include the acquisition of structures and improvements situated on lands sold by the State subject to the reservations provided herein. Such structures and improvements shall be acquired, however, only upon the written request of a lessee under this chapter to whom the State has granted the right to extract the oil and gas or other minerals from such lands, and only upon the agreement by the lessee to reimburse the State for the cost and expense of such acquisition and the deposit by the lessee with the commission of such security as it may require.

Withdrawal of offer to receive bids

6811. The commission may, prior to the receipt of any bid for a lease under this chapter, withdraw any offer to receive bids therefor, and it may reject all bids therefor filed pursuant to invitation of the commission. At any time before the awarding of a lease thereon, all or any portion of a tract proposed to be leased may be withdrawn by the commission and eliminated from the proposal.

Lease of surface or subsurface rights

6812. Whenever by the terms of this chapter the commission may grant a lease of State lands, the commission may make and execute an easement of surface or subsurface rights, or both, in lieu thereof and upon the same terms and conditions and subject to the same limitations and prohibitions as are provided for a lease of such lands.

Agreements with respect to oil and gas

6813. For the purpose of this chapter, the commission may enter into agreements with any person, association of persons, corporation, city, or county, or any of them, claiming the oil and gas in lands adversely to the State of California, which agreements may:

(a) Establish the respective interests of the parties to the agreement in the oil and gas underlying such land.

(b) Establish the boundary line between lands claimed by the State and other parties to the agreement in those cases in

which oil or gas is known to exist in such lands or in the vicinity thereof.

(c) Fix the amount of damages for past or future production of oil and gas from wells drilled under color of title on or into land claimed by the State.

Quieting title to oil and gas in place

6814. The commission, in the name of the people of the State, may bring action to determine the title to oil and gas in land against persons, associations of persons, and corporations claiming the oil and gas adversely and to recover damages for oil and gas removed therefrom. Any person, association of persons, corporation, or city not a party to such a suit and claiming the oil or gas in the land, or any part thereof, may intervene in such an action and have his rights adjudicated. The State hereby consents to be sued by any person, association of persons, corporation, or city for the purpose of quieting title to the right to oil or gas, or both, in any land, claimed by the State and by such person, association of persons, corporation, or city. Any other person, association of persons, corporation, or city not made a party to such an action but claiming any interest in the oil or gas may intervene in such suit.

All such actions shall be brought and tried in the county where the land or some part thereof is situated.

Agreements to compensate State

6815. Whenever it appears to the commission that wells drilled upon private lands are draining or may drain oil or gas from lands owned by the State, the commission may enter into agreements with the owners or operators of such wells for the payment of compensation to the State for such drainage, in lieu of drilling offset wells upon such State lands.

Appropriation of moneys

See also Stats 1941, p. 3219

6816. All moneys and remittances received by the State pursuant to this chapter shall be deposited in the State Treasury to the credit of the State Lands Act Fund, which fund is continued in existence. The moneys in the fund are hereby appropriated as follows:

School fund

(a) There shall first be transferred to the School Fund all rents, bonuses, royalties, and profits accruing from the use of State school land.

Use by commission

(b) The remainder of the moneys shall be used by the commission, with the approval of the Director of Finance and the consent of the Governor, to carry out the provisions of this chapter, including the acquisition of real property or interests therein, the purchase of materials and supplies, and the conducting of operations by the State as provided herein, the payment by the State of such sums as may be provided pursuant to agreements or contracts authorized herein, the payment of the necessary expenses of the commission, and the payment of refunds.

General Fund

(c) Seventy per cent of the remaining balance shall be transferred to the General Fund on order of the commission,

and 30 per cent thereof shall be transferred to the State Park Maintenance and Acquisition Fund, which fund is continued in existence, to be expended in the manner hereafter provided by law. State Park Maintenance and Acquisition Fund

Article 2. Provisions Relating to Oil and Gas Leases Generally

6826. Permits for prospecting for oil and gas deposits reserved to the State shall not be issued. Permits for prospecting for minerals, other than oil and gas, reserved to the State shall be issued only pursuant to Article 5 of this chapter. Prospecting permits

6827. Leases for the extraction and removal of oil and gas deposits may be made by the commission to the highest qualified bidder, as provided in this chapter. Such a lease shall be for a term of 20 years, with the option in the lessee to continue the term of the lease as to all wells drilling or producing at the expiration of the original term thereof for so long as oil or gas is produced therefrom. Oil and gas leases. See also Stats. 1941, p. 3121

In addition to the royalty provided therein, each bid and each lease shall also provide for an annual rental payment in advance of such sum as the commission shall specify, which rental shall be credited against the royalties, if any, as they accrue for that year.

6828. All leases of lands containing oil or gas made or issued under this chapter shall be subject to the condition that the lessee will use all reasonable precautions to prevent waste of oil or gas developed in the land, or the entrance of water through wells drilled to the oil-bearing strata, to the destruction or injury of the oil deposits. All leases shall further provide that the lessee therein shall comply with all valid laws of the United States and of the State of California and with all valid ordinances of cities and counties applicable to the lessee's operations, including, without limitation by reason of the specification thereof, the lessee's compliance with Division 3 of this code. Conditions

6829. Every oil and gas lease executed under this chapter shall include the following: Terms

(a) Such terms, conditions, and provisions as will protect the interests of the State with reference to securing the payment to the State of the proper amount or value of production.

(b) Such terms, conditions and provisions as will protect the interests of the State with reference to the spacing of wells for the purpose of properly offsetting the drainage of oil and gas from State lands by wells drilled and operated on and within privately owned lands; diligence on the part of the lessee in drilling wells to the oil sands and requirements as to depth of such wells for the purpose of reaching the oil sands and producing oil and gas therefrom in commercial quantities.

(c) Provisions specifying methods of operation and standard requirements for carrying on operations in proper and workmanlike manner; the prevention of waste; the protection of the safety and health of workmen; and the liability of the lessee for personal injuries and property damage.

(d) Security for faithful performance by the lessee, including reasonable provisions for the forfeiture of the lease for violation of any of its covenants or of any of the provisions of this chapter by the lessee, and the requirement that the lessee shall, at the time of execution of the lease, furnish and thereafter maintain a good and sufficient bond in such sum as may be specified by the commission, in favor of the State, guaranteeing faithful performance by the lessee of the terms, covenants, and conditions of the lease and of the provisions of this chapter.

(e) Such other covenants, conditions, requirements, and reservations as may be deemed advisable by the commission in effecting the purpose of this chapter and not inconsistent with any of its provisions.

Reservations

6830. The lease shall contain a reservation to the commission of the right to restrict by appropriate rules and regulations the spacing of wells and the rate of drilling and production of such wells so as to prevent the waste of oil and gas and promote the maximum economic recovery of oil and gas from, and the conservation of reservoir energy in, each zone or separate underground source of supply of oil or gas covered in whole or in part by leases issued under this chapter. The commission shall issue rules and regulations which may be amended from time to time to effectuate the purpose of this section, and in connection therewith shall restrict the rate of production from any such zone or separate underground source of supply to that provided by Federal or State laws or rules or regulations thereunder, or by any reasonable conservation or curtailment plan ordered by the commission or agreed to by a majority of the total production from any such zone or separate underground source of supply.

Rights of way

6831. Rights of way through all State lands may be granted to any lessee by the commission under such regulations as to survey, location, application, and use as may be prescribed by the commission.

Cooperative development

6832. For the purpose of more properly conserving the natural resources of any single oil or gas pool or field, lessees hereunder and their representatives may unite with each other jointly or separately, or jointly or separately with others owning or operating lands not belonging to the State, in collectively adopting and operating under a cooperative or unit plan of development or operation of the pool or field, whenever it is determined by the commission to be necessary or advisable in the public interest. The commission may,

with the consent of the holders of leases involved, establish, alter, change, and revoke any drilling and production requirements of such leases, and may make such regulations with reference to such leases, with like consent on the part of the lessees, in connection with the institution and operation of any such cooperative or unit plan, as the commission deems necessary or proper to secure the proper protection of the interests of the State.

Approval of development contracts

6833. The commission, upon such conditions as the commission shall prescribe, may approve operating, drilling or development contracts made by one or more lessees holding oil or gas leases on State lands with one or more persons, associations, or corporations, whenever in the discretion of the commission the conservation of natural products or the public convenience and necessity require it, or the interests of the State may be best subserved thereby.

Notice of intention to lease

6834. Whenever the commission determines that lands shall be leased as provided in Articles 3 and 4 of this chapter and when the form of lease therefor has been prepared by the commission, the commission shall give notice of intention to lease such lands. The notice shall be published for a period of five consecutive days in a newspaper of general circulation in the county in which the lands or the greater portion thereof are situated and shall state the time (which shall not be less than 14 days after the last date of publication of the notice) and place for receiving and opening bids, a description of the lands, either as a tract or by parcels, and that the form of lease for the purpose of bidding may be procured at the designated office of the commission.

Bid and deposit
See also Stats. 1941, p. 3121

6835. Each bid (which shall be in the form of a lease prepared in accordance with this chapter) for an oil and gas lease shall be accompanied by a certified or cashier's check of a responsible bank in California payable to the State Treasurer in an amount to be fixed by the commission, which sum shall be deposited as evidence of good faith and except in the case of the successful bidder shall be returned to the bidder. Upon the execution of the lease the amount shall be applied upon the annual rental for the first year and the balance, if any, shall be returned to the lessee. If the successful bidder fails or refuses to execute the lease within 15 days after the award thereof, the amount of the check shall be forfeited to the State.

Award of lease

6836. At the time and place specified in the notice, the commission shall publicly open the sealed bids and shall award the lease for each parcel to the highest qualified bidder, unless in the opinion of the commission, the acceptance of the highest bid for any parcel or parcels is not for the best interests of the State, in which event the commission may reject the bids for

such parcel or parcels. Thereupon new bids may be called for and the parcel or parcels for which the bids were rejected may be leased as herein provided.

Article 3. Oil and Gas Leases on Lands Other Than Tide and Submerged Lands

Oil and gas leases

6851. Lands owned by the State, or lands in which the oil and gas deposits are reserved to the State, other than tide and submerged lands, may be leased for the production of oil and gas in accordance with the provisions of this article and of this chapter in so far as not in conflict with the provisions of this article.

Offer for lease

6852. Whenever it appears to the commission that any such lands probably contain commercially valuable deposits of oil or gas and that it is for the best interests of the State to lease such lands for the production of oil or gas therefrom, the commission shall then offer such lands for lease.

Parcels

6853. The commission may divide the lands within the tract proposed to be leased into parcels of convenient size and shape and shall prepare a form of lease therefor.

Lands dedicated to public use

6854. Lands, other than tide or submerged lands, belonging to the State and dedicated to a public use may be leased by the commission for the production of oil and gas in accordance with the provisions of this article and of this chapter in so far as not in conflict with this article.

Article 4. Oil and Gas Leases on Tide and Submerged Lands and Beds of Navigable Rivers and Lakes

Tideland, etc., oil and gas leases

6871. Tide and submerged lands may be leased by the commission for the extraction of oil and gas in accordance with the provisions of this article and of this chapter in so far as not in conflict with the provisions of this article. No political subdivision of the State or any city or county or any official of either or any of them shall grant or issue any lease, license, easement, privilege, or permit vesting authority in any person to take or extract oil or gas from tide or submerged lands whether filled or unfilled of which the State is the owner or from which the State has the right to extract oil or gas, or both.

Authority to lease
See also Stats. 1941, p. 3121

6872. Whenever it appears to the commission that oil or gas deposits are known or believed to be contained in any such lands and may be or are being drained by means of wells upon adjacent lands not owned by the State, the commission shall thereupon be authorized and empowered to lease any such lands, either as a tract or in parcels of such size and shape as the commission shall determine, for the production of oil and gas therefrom.

Terms

6873. The commission shall prepare a form of lease which shall contain, in addition to other provisions deemed desirable and necessary by the commission, appropriate provisions contained in this chapter and the following:

(a) Each well drilled pursuant to the terms of the lease shall be drilled only upon filled lands or shall be slant drilled from an upland or littoral drill site to and into the subsurface of the tide or submerged lands covered by the lease. The derricks, machinery, and any and all other surface structures, equipment, and appliances shall be located only upon filled lands or upon the littoral lands or uplands, and all surface operations shall be conducted therefrom.

(b) Pollution and contamination of the ocean and tidelands and all impairment of and interference with bathing, fishing or navigation in the waters of the ocean or any bay or inlet thereof is prohibited, and no oil, tar, residuary product of oil or any refuse of any kind from any well or works shall be permitted to be deposited on or pass into the waters of the ocean or any bay or inlet thereof.

Necessary sites and rights of way

6874. In any notice of intention to lease tide or submerged lands, the commission may include a requirement that each prospective bidder, as a condition precedent to the consideration of his bid and in addition to the other qualifications required by this chapter, shall present evidence satisfactory to the commission of his present ability to furnish all necessary sites and rights of way for all operations contemplated under the provisions of the proposed lease. In such event the commission shall reject the bids of all bidders who fail to qualify as provided by this section.

Compensation to cities and counties

6875. If the Legislature has transferred to any city or county the administration of the trust, whether or not limited, under which tide or submerged lands are held by the State, the commission, pursuant to this chapter, may enter into agreements upon behalf of the State to compensate any such city or county for the use of surface drilling and operating sites upon such lands from the royalty or revenue to be derived by the State from oil and gas taken from such lands by lessees of the State.

Any such compensation shall include an amount sufficient reasonably to compensate any such city or county for any damage to or interference with the use or uses to which the surface of such lands are being or may be utilized by or upon behalf of such city or county. The consideration to the State in any such agreement shall include the right to a lessee of the State to carry on all operations on any such tidelands necessary to accomplish the purposes of this chapter and such terms and conditions as shall be determined by the commission to be in the interests of the State.

The consideration to the State in any such agreement shall also include a compromise, settlement and release of

any and all claims and rights which such city or county has or may have against the State arising out of or in connection with the extraction and removal of oil and gas from such lands.

All money paid to any city or county under this section shall be used by it solely in furtherance of the trust under which the administration of tide and submerged lands has been transferred to such city or county and for the purposes expressed in the act so transferring administration of such lands.

Suits to enjoin drilling

6876. Should it appear to the commission that any person, association of persons, or corporation, has drilled, or is making preparation to drill, wells upon or into tide or submerged lands for the extraction of oil or gas therefrom, whether or not such person, association of persons, or corporation may be acting under purported authority, the commission shall cause an action to be instituted in the name of and upon behalf of the State in a court of appropriate jurisdiction, to enjoin the occupancy and operations upon or in such lands and to demand compensation for injury and damage, if any, to such lands; except that, should the drilling operations be conducted upon or in lands which have been filled and if such operations have been commenced prior to March 24, 1938, the commission, if it appears to be in the interests of the State, may, upon behalf of the State, issue a lease to any such person, association of persons, or corporation in accordance with the provisions of this chapter in so far as applicable, and upon a royalty basis, retrospective and prospective, which appears reasonable and just in the circumstances to the lessee and the State.

Riverbed, etc., oil and gas leases

6877. The beds of navigable rivers and lakes belonging to the State may be leased by the commission for the production of oil and gas, subject to the same limitations and conditions as are imposed upon tide and submerged lands by this article, and in accordance with the provisions of this chapter in so far as not in conflict with this article.

Grants to cities, etc

6878. Nothing in this chapter limits the effect of any grant of tide or submerged lands made prior to June 11, 1938, to any city, county or other political subdivision, nor in any manner to prejudice whatever claim the State, on the one hand, or such city, county or political subdivision, on the other, may have in or to the right to extract or authorize the extraction of oil or gas or other minerals underlying such lands.

Article 5. Minerals Other Than Oil and Gas

Mineral prospecting permits

6890. Prospecting permits and leases for the extraction and removal of minerals other than oil and gas from lands

belonging to the State, other than tide or submerged lands, may be issued as provided in this article and in this chapter in so far as not in conflict with this article.

Issuance

6891. The commission shall issue a prospecting permit, under such rules and regulations as it may prescribe, for lands which are not known mineral lands to any qualified applicant, upon the payment to the commission of one dollar ($1) per acre for each acre in area embraced within the boundaries of the lands described in the permit. No permit shall be issued for any lands which have been classified by the commission prior to such application as containing commercially valuable mineral deposits. Upon receipt of an application for a permit, the commission shall determine whether the lands described therein are known mineral lands. If it determines that the lands are known mineral lands, it shall thereupon so classify them and shall reject the application for a prospecting permit.

Rights granted

A prospecting permit shall give to the permittee the exclusive right for a period not exceeding two years to prospect for minerals other than oil and gas upon not to exceed 160 acres of land wherein such mineral deposits belong to the State.

Extension of term

The commission may, in its discretion, extend the term of any permit for a period not exceeding one year, but the term of any such permit, including extensions, shall be limited to a total three years.

Posting notice of application

6892. If the applicant erects upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and posts written notice on or near the monument, stating that an application for a permit will be made within 30 days after the date of posting the notice, giving the name of the applicant, the date of the notice, and such a general description of the land to be covered by the permit by reference to courses and distances from the monument or from such other natural objects or permanent monuments, or both, as will reasonably identify the land, stating the amount thereof in acres, and if the applicant records a copy of the notice, within two days after the posting thereof, in the county recorder's office of the county in which the land is situated, he shall be entitled to a preferential right over others to a permit for the land so identified for a period of 30 days following such marking and posting.

Preferential rights of owner

6893. In case of an application for a permit or lease covering mineral deposits reserved to the State in lands sold by the State subject to such reservation by anyone other than the owner of such lands, the owner shall have six months within which to file an application for a permit or lease, but if the owner fails to comply with the requirements of this chapter

and the rules and regulations made in pursuance hereof, his preferential rights shall thereupon cease and terminate, and the original applicant shall be permitted to proceed with his application.

Notice of grant of permit

6894. The applicant shall, within 90 days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monuments, so that the boundaries can be readily traced upon the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby.

Lease of mineral lands

6895. Upon establishing to the satisfaction of the commission that commercially valuable deposits of minerals have been discovered within the limits of any permit, the permittee shall be entitled to a lease for not more than 40 acres of the land embraced in the prospecting permit, if there be that number of acres within the permit. The area selected by the permittee shall be in compact form, and if surveyed shall be described by the legal subdivisions of the public land surveys; if unsurveyed, the area shall be surveyed by the commission at the expense of the applicant for the lease, in accordance with rules and regulations to be prescribed by the commission, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys. The lease shall be upon a royalty, as specified by the commission in the permit, and the annual payment in advance of a rental of one dollar ($1) per acre, the rental paid for any one year to be credited against the royalties as they accrue for that year.

Royalty to State

6896. Until the permittee applies for a lease as to that portion of the area described in the permit herein provided, he shall pay to the State 20 per cent of the gross value of the minerals secured by him from the lands embraced within his permit and sold or otherwise disposed of or held by him for sale or other disposition.

Bids for mineral leases

6897. All deposits of minerals, other than oil and gas, in lands belonging to the State which have been classified by the commission as lands containing commercially valuable mineral deposits and all deposits of such minerals within lands embraced within a prospecting permit and not subject to preferential lease to the permittee, may be leased by the commission to the highest responsible bidder by competitive bidding, under general regulations, to qualified applicants, in areas not exceeding 80 acres and in tracts which shall not exceed in length 2½ times the width, in such form as the commission deems to be to the best interest of the State. In addition to the royalty provided therein, each bid and each lease shall also provide for an annual rental payment in

advance of such sum as the commission shall specify, which rental shall be credited against the royalties, if any, as they accrue for that year.

Term

6898. Leases under this article shall be for terms of 20 years with the preferential right in the lessee to renew the lease for successive periods of 10 years upon such reasonable terms and conditions as may be prescribed by the commission.

Additional conditions

6899. The commission shall prescribe such additional terms, covenants and conditions, consistent with the provisions of this chapter, of permits and leases issued under this article as will in its opinion effectually protect the interests of the State in the mineral deposits reserved to it by this chapter.

Article 6. Extraction of Sodium Chloride From Specified Lands

Salt extraction

6926. Notwithstanding any other provision of this chapter, the right to extract sodium chloride, contained in any lands belonging to the State, or which may become the property of the State, situate in any of the townships described in Section 6931, which may be necessary or convenient for use in conditioning a public water supply owned, controlled, or operated by any metropolitan water district of the State, may be sold at a reasonable price or royalty, or both, to be fixed by the commission and conveyed to any such metropolitan water district.

Metropolitan water district

Term

6927. The terms so fixed shall be operative for 20 years from the date of the grant. Upon the expiration of such 20-year period and each succeeding period of 20 years the commission or other duly constituted authority, may prescribe for each ensuing period of 20 years a different royalty rate or rates to be paid as a condition of the continued exercise of the grant.

Rights of purchaser

6928. The purchaser shall acquire no right to sell any such sodium chloride, but may extract it solely for public use in carrying out the public functions herein specified.

Application by metropolitan water district

6929 Any metropolitan water district may apply to the commission to purchase the right to extract sodium chloride from any such State lands. The application shall describe the lands and the proposed use to be made of the sodium chloride to be extracted therefrom, and shall be accompanied by a map or plat showing the location of the lands.

Patent

6930. If the sale is made, the right to extract from the lands, such sodium chloride as is found by the commission to be necessary or convenient for the purposes herein specified,

together with the right to occupy and use so much of the land and to employ such methods as may be necessary or convenient for extracting and processing the sodium chloride, shall be conveyed to the applicant by patent. The patent shall provide for reversion to the State of any rights so patented in the event that any sodium chloride so extracted is sold by the patentee or used for any purpose other than the performance by the patentee of the functions herein specified.

Lands to which applicable

6931. The provisions of this article shall apply only to lands belonging to the State, or which may become the property of the State, situate in one or more of the following townships, all of which are of the San Bernardino Base and Meridian: T. 5 N., in R. 11 E.; T. 1 N., 4 N. and 5 N., in R. 12 E.; T. 3 N. and 4 N., in R. 13 E.; T. 2 N. and 3 N., in R. 15 E.; and T. 2 N., in R. 17 E.

Termination

6932. Any right granted under this article to extract sodium chloride from State lands shall terminate upon the expiration of 99 years from the date of the issuance of the patent unless sooner terminated as herein otherwise provided.

CHAPTER 4. EXTRACTION OF MINERALS FROM CERTAIN WATERS AND LANDS

Extraction of minerals from waters

6961. Minerals contained in the waters of any stream or lake in this State shall not be extracted from such waters except upon charges, terms and conditions prescribed by law. No person, firm, corporation or association shall gain the right to extract or cause to be extracted minerals from such waters by user, custom, prescription, appropriation, littoral rights, riparian rights, or in any manner other than by lease from or express permission of the State as prescribed by law.

Lands withdrawn from sale

6962. All of the lands embraced within the original meander lines of streams and lakes belonging to the State, the waters of which contain minerals in commercial quantities, and all such lands which may hereafter inure to the State by virtue of its sovereignty, excepting such lands as have heretofore been contracted to be sold, are withdrawn from selection and sale.

Prohibitions
See also Stats. 1941, p 3122

6963. No person, firm or corporation shall take water from such streams or lakes containing minerals and extract the minerals from such waters, except under the terms and conditions of this chapter; and no person, firm or corporation may lease any land herein referred to and extract therefrom minerals deposited therein or thereon, except under the terms and conditions of this chapter.

Statement of minerals extracted
See also Stats 1941 p 3122

6964. Every person, firm or corporation taking any minerals from the waters of any such stream or lakes or from any such lands, shall file, on or before the last Monday in January

of each year, with the State Controller a written statement, duly verified, showing in tons of 2,000 pounds, the amount of mineral so taken and sold by such person, firm or corporation during the year ending December 31st last preceding. A copy of the statement shall also be filed with the Department of Finance. Any such person, firm or corporation neglecting or refusing to furnish such statement shall forfeit all rights to take waters of any such stream or lake or minerals from such lands. Any person who, either on behalf of himself or any firm or corporation, verifies any such statement which is untrue in any material part is guilty of a misdemeanor.

Examination of mineral extractors

6978. Any lessee hereunder may abandon and surrender a lease at the expiration of any calendar year by filing with the county assessor of the county in which is situated the lands described in the lease, and with the commission and the State Controller, notices of abandonment or surrender. The notices shall be filed at least 60 days before the expiration of the calendar year. 7051. The boards of supervisors may, in their respective counties, under such limitations and restrictions as are prescribed by law, lease for the production of oil, gas and other hydrocarbons or for the mining of any other minerals whatsoever, any land owned by the county where such lands contain, in the judgment of the supervisors, oil, gas and other hydrocarbons, or other minerals in commercial quantities. The resolution shall describe the property proposed to be leased in such manner as to identify it, specify the minimum rental and term for which it will be leased, and fix a time not less than three weeks thereafter and place for a public meeting of said supervisors, at which meeting sealed proposals to lease will be received and considered. The resolution shall, before the date of such meeting, be published once a week for three successive weeks in one or more newspapers of general circulation in the county where the property is situated.

Opening of bids

7053. At the time and place fixed in the resolution for the meeting, all sealed proposals which have been received shall in public session be opened, examined, and recorded by the board, and the property may be leased to the highest responsible bidder in the judgment of the board. Stats. 1939, p 2339

SEC. 3. Section 1300.4 of the Agricultural Code is hereby amended to read as follows:

Revocation or suspension of licenses

1300.4. The director, after hearing upon a verified complaint signed and filed with the director by any interested person, may revoke or suspend the license of any licensee, as the case may require, when he is satisfied that any such licensee has violated any provision of this chapter.

Order to show cause

Either at the time of serving the verified complaint referred to herein, or after hearing and decision as above described, the director may thereupon and in the premises issue to and serve upon said person or respondent, an order directing said person or respondent to show cause why the license of said person or respondent should not be suspended or revoked for the violation charged or specified in the decision.

Service

Where the order to show cause is heard separately from the case or hearing set forth in the verified complaint, a copy of the said order to show cause, together with notice of the time and place of hearing upon said order, shall be served personally or by mail upon said person or respondent. Said order shall refer to an attached copy of a verified complaint, or

to such other notice, affidavit or official document, in such a way as generally to advise and inform the respondent of the charge or violation upon which said order is based and pursuant to which it is issued. Such service shall be made at least 10 days before said hearing, which shall be held in the city or town in which is situated the business location of the respondent, or in which the transaction or violation complained of is said or charged to have occurred, or in the county seat of the county in which the transaction or violation complained of is said or charged to have occurred, or at the nearest office of the State Department of Agriculture, at the discretion of the director.

Hearing

At the time and place appointed for such hearing the director or his agents shall hear the matter set forth in the order, and the showing of the licensee in the premises, and shall enter in the office of the director at Sacramento an order and decision specifying the facts, dismissing the order to show cause, or directing the suspension or revocation of the license held by the licensee, or making such other conditional or probationary orders as may be proper. A copy of said order and decision shall be furnished to the licensee.

Failure to pay in accordance with contract

Failure or refusal of a processor to make payment for farm products within the time specified for such payment in the contract of sale and purchase between the producer and the processor, and in accordance with the terms of said contract, is hereby declared to be a violation, when determined by the director in the manner in this chapter described, shall be good and sufficient ground for the refusal, suspension or revocation of license, whether or not such determination of the director is accompanied with an order directing payment or reparation as provided in Section 1300.3 hereof.

Payment when time not set

Every processor must pay for farm products delivered to him or it at the time and in the manner specified in the contract with the producer, but if no time is set by such contract, or at the time of said delivery, then within 30 days of the delivery or taking possession of such farm products.

Shortening time set for hearing

Whenever the director is satisfied, either by investigation or after hearing, that a processor is insolvent and unable to pay the producer-creditors or producers with whom the processor has executory or executed contracts for the processing and handling of farm products, and is further satisfied that to permit the processor to continue to purchase and receive further shipments or deliveries of farm products would be likely to cause serious and irreparable loss to said producer-creditors, or producers with whom the said processor has said contracts, then the director within his discretion may thereupon and forthwith shorten the time herein provided for hearing upon an order to show cause why the license of said processor should not be forthwith suspended or revoked; provided, however, that the time of notice of said hearing shall in no event be less than 24 hours, and shall within that period call a hearing, at which the processor proceeded against shall

be ordered to show cause why his or its license should not be suspended, or revoked, or continued under such conditions and provisions, if any, as the director may consider just and proper and for the protection of the best interests of the producer-creditors involved. Said hearing, in the case of such emergency, may be called upon written notice, said notice to be served personally or by mail on the processor involved, and may be held at the nearest office of the director or at such place as may be most convenient in the discretion of the director, for the attendance of all parties involved.

Grounds for denial or revocation of license

Fraud or misrepresentation in making any application shall ipso facto work a revocation or refusal of any license granted or applied for hereunder. Previous violation of record of any provisions of this chapter by the applicant or by any person owning any substantial interest in or acting in a proprietary capacity in the business of said applicant, or charged with the management of said business, shall be good and sufficient grounds for denial of license.

New section

SEC. 4. A new section, to be numbered 1300.4a, is hereby added to the Agricultural Code, to read as follows:

Same

1300.4a. The director may refuse to grant a license and may revoke or suspend any license, as the case may require, when after a hearing as herein provided he is satisfied of the existence of any of the following facts, the existence of which is hereby declared to be a violation of this chapter:

(a) That the applicant, or licensee, has failed or refused to pay for farm products at the time and in the manner specified in the contract with the producer, or as otherwise in this chapter provided;

(b) That the applicant, or licensee, has rejected, without reasonable cause, or has refused to accept, without reasonable cause, any farm product bought or contracted to be bought from a producer by such applicant or licensee;

(c) That the licensee has knowingly employed an agent, as defined in this chapter, without causing said agent to comply with the licensing requirements of this chapter applicable to agents;

(d) That the licensee has otherwise violated any provision of this chapter.
